Booneville Area Gets New Industry

M. S. Jordan Corp. To Start Production Within Two Weeks

Prentiss County Board of Supervisors signed a contract Wednesday morning with representatives of a Chicago manufacturing firm for locating in Booneville.

M. S. Jordan Corporation, manufacturers of pool tables, will take over the Lancer building north of Booneville. The industry will hire a total of 100 people, 95 men and five women.

Corporation officials state that the new industry will have a weekly payroll of about \$5,000. Jordan Corporation President Mike Davis, board chairman Jordan Litke, and vice-president in charge of production Cal Plecker have been in Booneville since Tuesday morning negotiating the contract and making plans for the move.

Mr. Litke stated that Booneville will be the home office of the corporation with warehouses in Chicago, Detroit, and Denver. The firm will cease operations in Chicago Friday and begin moving equipment and machinery into the Booneville plant Monday morning.

Work has already begun on the Lancer building, with a loading ramp to be added, wiring and other alterations to be done. Mr. Litke said that next Wednesday at 10 a.m., Jordan will begin accepting applications for employment.

He emphasized that the Booneville plant is not a subsidiary of any other firm and that complete manufacturing processes for the pool tables will be accomplished here. Mr. Litke also stated that the firm will try to buy most of its raw materials used in making these pool tables from within Mississippi.

Mayor Marion Smith stated, "We feel fortunate to have secured this new industry for our vacant building, and are especially happy because it will employ men."

Supervisory board president C. M. Gordon stated, "We are glad to get this new industry in Prentiss Coun-

ty. It will help our economy very much."

In his statement, Mr. Litke said, "We are extremely happy to be here and are very enthusiastic that we received such a warm welcome from the Board of Supervisors and the city. We are only sorry our op-

erations could not have been moved down a year sooner."

Cal Plecker will move with the plant to Booneville. Mr. Plecker is married and has three children, two daughters, ages 17 and 1½, and a son age 16.

Banks Largest Lenders To Miss. Farmers; Credit Needs Increasing

Mississippi banks were serving farmers with more credit and other financial services than any other group of lenders at the beginning of this year, according to Wallace Poole, President, Prentiss County Home Bank, who represents the Mississippi Bankers Association as Prentiss County agricultural key banker. During 1963, the state's banks maintained their leadership in agricultural credit services.

Based on the 23rd annual farm lending summary of the Agricultural Committee of The American Bankers Association, Mr. Poole reported that at the beginning of the year, Mississippi banks were helping farmers with \$115 million in loans, 12 per cent more than a year previous. This total included \$58 million in production loans and \$57 million in farm mortgages. At the same time, \$107 million in farm loans was held by life insurance companies; \$58 million by the Federal Land Banks; \$38 million by Production Credit Associations; and \$17 million in nonreal estate loans plus \$334 million in real estate loans by the Farmers Home Administration. About 51 per cent of the production credit extended by lending institutions to Mississippi farmers came from banks.

Mr. Poole said that "bankers in Mississippi are conscious of the large capital investments required in agriculture today and are making a concerted effort through improved lending programs to meet these changing credit demands of the state's farmers."

Prominent Beloved Citizen Dies

E. L. Robison, retired general industrial consultant of the Gulf, Mobile and Ohio railroad died Sunday evening at the Northeast Mississippi Hospital, Booneville, after a short illness.

Mr. Robison was nationally known and recognized as a factory location specialist. Having had years of experience, being widely traveled and having done extensive research in the industrial field, his opinions were regarded as unerring and valuable.

Mr. Robison's undominate energy, his alertness of vision and his fine personality made him an exceptionally able executive. Possessing a strong body and able mind, Mr. Robison in more than 50 years of service to the railroad leaves a valuable contribution to the industrial development of the South. Few men have done more to further the program of this section of the nation than has he.

A native of McKinney, Texas, he lived in St. Louis, Mo., for more than 50 years. After graduation from Sedalia, Missouri Business College, he was associated with Burroughs Adding Machine Company, with the Mobile and Ohio Railroad as marketing agent and general livestock specialist. He was at the time of his retirement general industrial commissioner of the Gulf, Mobile and Ohio Railroad.

Mr. Robison was an author of a number of treatises on industrial development as well as a number of learned works on the scripture and other subjects of great humanistic value. His store of knowledge of industrial development as well as other cultural subjects was rich and unlimited. He was indeed a rich contributor to any field of interest he entered.

Mr. Robison was married to Miss Augusta Bruner, who preceded him in death. He leaves his wife, Mrs. Christine Bettersworth Robison, long-time publisher of the first and most famous newspaper, The Booneville Banner; a daughter, Mrs. Marie O'Connor of St. Louis, and a son, E. B. Robison of Mancheste, New Hampshire; and a grandchild, Joseph O'Connor of St. Louis.

A host of business and professional associates as well as a host of personal friends throughout the nation mourn his passing. He was a man among men, a great contributing factor to the progress and development of the South. His achievement in the 86 years of his life were monumental.

Funeral services were conducted Tuesday afternoon in the chapel of McMillan Funeral Home with Bro. J. A. Thornton and Bro. W. L. Wallace officiating. Interment was in the Booneville Cemetery.

NOTICE

Elder R. J. Townsend will preach at Mount Pleasant Church Sunday night, August 9, at 7:30. Everyone is invited.

REV. JIMMY JONES

RONNY STEPHENS

Rev. Jimmy Jones To Lead Revival At First Methodist

The public is invited to attend the Youth-Led Revival at the First Methodist Church which begins on Sunday, August 9 and continues through Thursday, August 13. Rev. Jimmy Jones, pastor at Southaven, Miss., will be the guest evangelist, and Ronny Stephens of Booneville will lead the singing.

Rev. Jones, son of Rev. and Mrs. W. M. Jones, lived in Booneville when his father was pastor of the First Methodist Church. Ronny, son of Mrs. Tom Stephens of Booneville, is a recent graduate of Mississippi State University and is planning to attend Emory University in Atlanta, Ga., this fall. Organist will be Tony Franks of Baldwin.

Services will begin each morning at 7:00 a.m. with coffee and donuts being served beforehand starting at 6:30 a.m. in the basement of the church. Evening services will begin at 7:30 p.m.

The pastor and members of the church cordially invite everyone to attend the revival.

Sheriff's Officers Make Raid In First District

In a continuing drive to stamp out bootlegging in Prentiss County, sheriff's officers raided an establishment in the first district Sunday night and found a quantity of beer, whiskey and vodka, according to Sheriff Gerald Green.

Sheriff Green said that Deputy Nonan Chaffin and Jailor Phil Windham went with him to a site about two miles north of Booneville in the first district and found D. O. Robinson in possession of six cases of beer and a number of bottles of whiskey and vodka.

Robinson pleaded guilty before a justice of the peace to a charge of illegal possession and paid a fine of \$244.

WBIP To Increase Power To 1000 Watts

R. J. (Piggy) Bonds, manager of Radio Station WBIP announced today that the station has applied for an increase in power to 1,000 watts. The station is presently licensed to operate with a power of 250 watts.

Mr. Bonds stated that the extra power will add an additional 730 square miles to its protected coverage area as well as providing a stronger, clearer signal to override man-made or nature-created static interference.

Upon approval of the power increase and installation of a new transmitter, WBIP will serve approximately 76 per cent more listeners than at present. The additional coverage will enable the station to render a better service to the Northeast area.

Grand Jury Indicts Eaton, Robinson For Murder

Prentiss County grand jury returned murder indictments against two local men Tuesday, the second day of the August term of Circuit Court.

Charles Eaton and Kenneth Robinson, both of Prentiss County, were arraigned before Circuit Judge N. S. Sweat, Jr., and charged with murder in the shooting death of Louis Ferguson, 61-year-old Memphis bootlegger. Ferguson died of bullet wounds about a month ago on Charles Eaton's property about two miles north of Baldwin.

The state docket also lists three other charges against Eaton—driving while intoxicated, possession of whiskey, and selling whiskey. Robinson is also charged in four other cases on the state docket—improper tag, public drunkenness, possession of whiskey, and contributing to the delinquency of a minor.

The grand jury returned a total of eight true bills. Those arraigned before Judge Sweat before court was recessed on Tuesday, include James Taylor, Negro, charged with burglary and larceny; and Robert V. Ford, two counts of incest. Ford was ordered sent to the state mental hospital at Whitfield for pretrial examination.

Wade Lambert, charged with grand larceny, failed to appear for arraignment. Judge Sweat ordered Lambert's \$1,000 bond forfeited. Robert Thorn, charged with burglary, and breaking and entering, also failed to appear and forfeited \$5,000 bond.

The grand jury report included recommendations for a permanent grand jury room, and stated that its inspection of the County Jail

and local manufacturing plants showed these facilities to be in good condition.

The complete grand jury report will not be available at press time but will be published in its entirety next week.

Court was recessed Tuesday afternoon, to reconvene Friday morning. Judge Sweat ordered the criminal cases to trial Monday morning.

District Attorney Jack Doty and County Attorney James Godwin will prosecute for the state.

Grand jury members are Earl Cochran, foreman, Cecil Hester, Clyde Beasley, R. L. Tucker, L. B. Rutherford, Daniel Koon, John Barrett, Billy J. Copeland, Joe Wayne Garner, Jack Martin, S. M. Johnson, Carl Yarber, Hazel Nix, Robert Johnson, J. R. Thomas, R. E. Dodds, and Wilburn K. White.

O. G. Carmichael Is Found Dead

Olive Grady Carmichael, 43, of Booneville, a disabled veteran of World War II, was found dead on Tuesday afternoon beside the tracks of the GM & O Railroad, about three miles south of Booneville.

Investigating officers surmised that he had been struck by a northbound train about 6:00 a.m. Tuesday. The body was discovered by a trainman about 4:00 p.m. and reported to a City Hall employee in Booneville, who notified officers.

Investigating officers were Sheriff Gerald Green, Deputy Sheriff J. B. Whitehead, Highway Patrolman Hubert McDaniel, Police Chief W. W. Stacy, and others.

Mr. Carmichael was identified by personal papers found lying near the body. A McMillan ambulance picked up the body, which later was transferred to the R. L. Nance Funeral Home in Ripley, where Mr. Carmichael formerly resided.

Mr. Carmichael was a bachelor and a Baptist.

Services were held at 3:30 p.m. Wednesday in Nance Funeral Home with the Rev. E. P. Baldwin officiating. Burial was in the Ripley cemetery.

He leaves his mother, Mrs. M. C. Carmichael of Booneville; a brother, Eugene Carmichael of Opa Locka, Fla.; and a sister, Mrs. Bobby Tidwell of Booneville.

GROUND BREAKING—Mayor Marion Smith, left, was speaker at the groundbreaking exercises held Tuesday at the American Seating Company for the addition of a carving studio and display chapel. Assisting with the groundbreaking is Mr. Frank Lawyer, plant manager, while Gloria Dixon, Booneville's Miss Hospitality, looks on.

Groundbreaking Ceremonies For New Addition To American Seating Held Tues.

Groundbreaking ceremonies for a new addition to American Seating Corporation's plant were held on Tuesday afternoon. The addition will house a carving studio to provide studio space for Mr. Bob Helum, Master Carver, and a display chapel to be used for displaying the company's products.

The addition is slated to be completed by October 1, according to Frank Lawyer, plant superintendent, and will contain about 3,000 square feet of floor space. Cost of the new structure is estimated at \$20,000 not including equipment and furnishings. The building will feature full height glass panels ac-

cented by exterior walls of Tishomingo stone.

The building was designed by D. E. Way, Chief Architectural Engineer for American Seating and S. J. Builders of Booneville have been awarded the contract.

Mr. Lawyer stated that the compelling reason for American Seating Corporation coming to Booneville was because of the people here, and of a desire to serve the people.

Following the ground-breaking activities, open house was held and guided tours of the plant were arranged by plant personnel.

Where Your Tax Money Goes

Congressman Abele of Ohio has looked into some of the more unusual federal appropriations of our tax money. As recounted by the Associated Taxpayers of Idaho, here are a few:

\$15,200 for a study of society and demography in ancient Babylonia.

\$36,800 to look into the social behavior of ants. \$2,000 to look into the behavior pattern of barren-ground caribou.

\$20,000 to try to learn about communication signals in birds.

\$13,700 to study the social structure in Madagascar.

\$65,400 to examine the behavior and ecology of the wandering albatross.

These studies are of specialized value. But it is difficult to see how they are the responsibility of the federal government. They represent the sort of thing that is, and should be, undertaken by universities, foundations and the various private research centers.

The amounts involved, it will be argued, are small. But a total of all the extra-curricular activities, so to speak, that the government now supports would reach a mighty impressive figure. Economical government can be achieved only if every nonessential expenditure is eliminated — whether the sum involved be \$10,000 or \$10 million and whether the project involves a power plant or the social behavior of ants!

100 Years Ago—

Farragut Attacks, Captures Mobile Bay

By LON K. SAVAGE

It was 100 years ago this week that Admiral David Glasgow Farragut became an American legend with his statement: "Damn the torpedoes! Full speed ahead!"

It occurred in the Battle of Mobile Bay, in which Farragut attacked across a mine-filled bay, conquered four forts on land, three gunboats in the bay and defeated the Confederacy's strongest sea vessel, the ironclad "Tennessee."

Farragut launched his attack on August 5 with a fleet of seven wooden warships and four monitors, heavily armored gunboats with revolving turrets. His plan: to run from the Gulf into the bay through a three-mile wide channel, under the guns of Fort Gaines on his left and the more powerful Fort Morgan on his right. Across the channel were mines — called torpedoes in those days — and inside the bay awaited the gunboats and the "Tennessee."

Fort Rake Ships
Meanwhile, the two forts were raking the ships. On the Hartford, a signal officer wrote that "shot after shot came through the side, mowing down the men, deluging the decks with blood and scattering fragments of humanity."

At the same time, the "Tecumseh," one of the monitors, struck a mine, careened to one side and sank almost immediately, taking 93

of her 114 crewmen to the bottom. By 7:30, the other ships had passed the forts and were in the bay, beyond reach of the forts' guns. Now, they set upon the gunboats and made short shrift of them, capturing one, destroying another and sending the third fleeing across the bay to Mobile.

But the battle was not won. The ironclad "Tennessee" now headed into the Federal fleet with its power to destroy every ship. Farragut, his guns being almost useless, ordered his ships to ram the monster. One wooden ship did ram the "Tennessee" and pulled back ahead, but still the Brooklyn delayed.

Exasperated, Farragut ordered his own ship to pass the "Brooklyn" and take the lead. As the "Hartford," with Farragut lashed to the rigging above so that he could watch the battle, passed the "Brooklyn," the latter signaled that there were torpedoes ahead. It was then, according to the story, that Farragut spat out his command: "Damn the torpedoes! Full speed ahead!"

Within three weeks, the forts had surrendered under a bombardment, and the Confederacy had lost its last Gulf port.

FALL ARMYWORMS

Armyworms have been found in the county. You are urged to keep a close check on pasture and forage crops.

Temporary grazing crops can be destroyed in a short time if the worms are not controlled. Dairymen are limited on materials to use. Sevin can be used and will give good results. Apply one and one-half pounds to 2 pounds of Sevin in 15 gallons of water per acre.

Mr. Woodruff

COTTON INSECTS

If you have a build-up of weevils or worms, apply three applications of poison on 4-day interval. Spider mites are increasing. Bidrin, Ethion and Trithion are the most effective poisons for red spider.

INTERNAL PARASITE CONTROL
A new drug, thiabendazole, has been cleared for use with cattle as a treatment for internal parasites.

This material appears to do a more thorough job than phenothiazine and is safer to use. It is less toxic.

The cost of thiabendazole is higher than phenothiazine but it is highly recommended by those who have tried it. To lower the cost of treatments and do a more thorough job, some veterinarians recommend that after using thiabendazole, the next treatment be with phenothiazine. The two drugs complement each other in that some parasites are less affected by one but more effected by the other.

In tests thiabendazole was fed to calves for 14 weeks at daily doses of 0.45 to 11.2 Gm/100 pounds. No evidence of toxicity was noted at 405 Gm/100 pounds or below.

In a second study the material was fed to calves in single doses of 18.2, 26.4 and 72.8 Gm/100 pounds. The only effect noted was a slight transient depression in feed consumption in animals receiving the larger dose.

Studies on the metabolism of thiabendazole have shown that doses of the drug as high as 5 Gm/100 pounds are rapidly absorbed and excreted. After 30 days no drug residues are found in the edible portions of the carcass.

This material is not recommended for use on dairy animals in production. Animals treated with thiabendazole should not be sold for slaughter within 30 days of last treatment.

AUGUST PASTURE MANAGEMENT

The first management practice for August is weed control. Either clip or spray during the month.

The next recommended job for the month is to change cows from pasture to pasture every 10 days or two weeks. This will help hold down overgrazing.

If you have more grass than you need, cut hay.

To get quality hay, cut it in the early stages of growth and bale as soon as it is dry enough. There may be a little less hay if it is cut early, but the quality will be higher.

MECHANICAL COTTON PICKING

Start getting ready now for mechanical cotton picking. The field should be as free from grass and weeds as possible.

Turnrows should be provided for mechanical pickers. They need a space 18 to 20 feet wide at the end of rows so as to turn around and enter the next set of rows at full

picking speed.

Clean turnrows are important. Disking and cultivation will get the job done, but scraping and clipping with a rotary mower will leave a firmer turning space. Some farmers use layby herbicides to treat turnrows as well as fields to keep down grass and weeds.

Local Business

By S. S. TALBOT
Chairman, Dept. of Journalism

Every newspaper does a great deal of selling for local merchants in the news and feature stories.

Information on new foods, styles, household appliances, real estate developments, and new automobiles is carried as news.

Nearly every community newspaper constantly, and in many ways, publicizes the advantage of the local trade center. Even stories about

recreational and cultural facilities in the community have an indirect effect on retail sales.

Of course, general selling done in the news columns is not sufficient to assure the use of a particular store by the consumer seeking benefits of a new or better product.

A news story may come from the local home demonstration agent, or, it may originate with the staff of the newspaper. It may deal with a new frozen food or it may be a picture story on the latest beach equipment at local swimming places.

Such stories are bonafide news. They deal with changes in tastes and customs. They anticipate public demand and to a great extent broaden demand for certain goods.

The stories pre-sell. But they do not pre-sell a particular brand or a particular store. Although they are an aid to active advertisers, they cannot and should not bring about final sales.

The alert local merchant makes use of the information included in special sections and special stories of his newspaper by using related advertising. When new trends are started it is advertising which fin-

ally determines which merchant will profit from changing demands.

Prentiss ASCS County News

By CHARLES E. CALVERT, Office Manager

1964 FEED GRAIN PAYMENTS TO BE MADE SOON

Payments will be made about September 1, 1964, in Prentiss County to farmers taking part in the 1964 feed grain program for corn and grain sorghum.

For feed grains, a part of the diversion payment was made in advance to producers at the time they signed their intention to participate in the program. This was done as a means of helping them to meet their production expenses. The feed grain payments soon to be made represent the balance of the diversion payments due and the total price support payments available to growers who took part in the 1964 program. Farmers are reminded that provisions of the 1964 program extend throughout the 1964 calendar year; receipt of the final program payments does not mean an end to the program. Farmers who diverted land from production under the feed grain program agreed to protect it and not harvest from it throughout the whole of 1964. Such diverted acreage may be grazed starting Nov. 1, 1964.

1964 COTTON PROGRAM PAYMENTS TO BE MADE

Payments under the 1964 domestic cotton allotment program will get underway in Prentiss County, August 10, 1964.

The action follows completion of acreage checking to determine whether the acreage is within the domestic allotment for individual farms. The final date for disposing of cotton acreage which is in excess of the domestic allotment is 15 days after mailing of the excess notice by the ASCS County Office.

The payments are authorized under the special cotton program made available by legislation enacted early in April. Growers who voluntarily reduced their upland cotton acreage to the farm's "domestic allotment" — which in most cases was about 67 per cent of the regular "effective" allotment — could thus qualify for payments of 3.5 cents a pound on the normal yield of the cotton acreage planted for harvest.

These payments were in addition to the average 30 cents per pound which is available through the regular price support loans. For 1964 upland cotton, the basic price support loan rate is 30 cents per pound.

for Middling 1-inch cotton at average location. The producer who chose the domestic allotment plan can obtain additional income by planting other crops on the allotted acres not used for cotton as long as he did not exceed the farm's feed grain base if the farm had an effective cotton allotment of more than 15 acres.

A third choice available to farmers in growing their 1964 upland cotton crop was to plant the farm's effective cotton allotment plus up to 5 per cent of the allotment acreage as "export market acreage," provided a bond was furnished assuring that the extra cotton would be exported without government aid. In this case, the 30-cent price support loan is available on all the cotton grown on the farm except that part which was credited to the export acreage.

Registration For Evening Classes At N.E. To Be Aug. 21

Registration for the Northeast Mississippi Junior College evening classes and Mississippi State University Extension Center classes for the fall semester will be held August 21 at 6:30 p.m. in Room 9 of the Science Building.

Courses will be offered in the following areas: Business, English, Education, Psychology, Health, Mathematics, Music, Biological Sciences, Social Science and Guidance.

Classes will begin the week of September 7-11. The Evening College affords educational opportunity for area people who are unable to attend regular day classes. Courses offered for credit are standard college courses taught by the regular faculty or qualified instructors selected for a specific course. Available, also, in Evening College are certain non-credit cultural and vocational courses.

Admission requirements for Evening College are the same as for students enrolled in the regular session.

Benefits paid out by all health insuring organizations to insured persons totaled \$7.8 billion in 1963.

1964-65 School Term At N.E.M.J.C. Gets Underway Sept. 3

The 1964-65 school term at the Northeast Mississippi Junior College will get underway on Thursday, September 3 with a two-day orientation period. All new students are to report to the campus on September 3 and 4 at 8:30 a.m. for the required orientation program. All prospective Northeast students who have not written the American College Test previously are requested to meet Saturday, September 5 at 8:30 a.m. in the Administration Building. This program is required of all new students.

On Monday, September 7, sophomores will register at 8:30 a.m. Freshmen (A-L) will register at 8:30 a.m. on Tuesday, September 8, and on Wednesday, September 9, freshmen (M-Z) will register at 8:30 a.m.

Classes will begin Thursday, September 10 at 8:30 a.m.

The Northeast Mississippi Junior College is accredited by the Southern Association of Colleges and Schools and the Mississippi State Accrediting Commission and is a member of the State Association of Colleges and the American Association of Junior Colleges. The Associate Degree Program in Nursing is accredited by the Southern Association of Colleges and Schools and by the Board of Trustees of Institutions of Higher Learning, State of Mississippi.

Post Office Has Modern Booth At World's Fair

Visitors to the New York World's Fair from Booneville have an unusual opportunity to see a post office of the future, Postmaster J. K. Lindsey said today.

A carefully-chosen group of 80 employees from New York area post offices man the facility which handles all the Fair's mail and some from the Flushing, New York area. The outside mail is used to keep the highly mechanized devices operating at "full tilt."

The post office handles approximately 250,000 pieces of mail each day.

Postcards to friends and relatives back home are a big item. About 30,000 are mailed from the Fair each day. One third of these are addressed to persons overseas.

Foreign visitors have no trouble understanding U. S. postal operations. The facility has staff members who speak 20 languages.

Postmaster Lindsey notes that residents of Booneville who attend the Fair and wish to try out their foreign language ability can either talk with the multi-lingual window clerks or listen to a tape recorded presentation in the post office lobby which features individual earphones for those who speak Japanese, French, German, Italian and Spanish.

New equipment on hand includes an experimental Pitney-Bowes Centrifit which spins envelopes rapidly around a wheel-like mechanism and places them on their longest side. They then move into a machine which cancels stamps and postmarks envelopes at a rate of 500 letters a minute.

Letters are sorted to go all over the world by machines which position the mail so that the addresses are visible to an operator who sits in front of a keyboard similar to that on a typewriter. By pressing the correct buttons, 100 letters a minute are automatically directed to bins for 50 different destinations.

A larger device, the Burroughs sorter, drops letters and cards into 131 different bins at a rate of 58 letters per minute for each of the 12 operators.

The work is surrounded by a ramp and gallery for visitors which is open from 11 a.m. to 6 p.m.

Postmaster Lindsey suggests that Prentiss County area visitors to the Fair express their comments on the operations by dropping a note addressed to the "Superintendent, World's Fair Post Office" through the modernistic mail slot. Postage is not necessary. If they wish, visitors may discuss their reactions with clerks at the post office building.

Market Hog Show And Sale Aug. 19-20 At State Fairgrounds

STATE COLLEGE, Miss. — The sixth annual Mississippi Market Hog Show and Sale will be held at the State Fairgrounds in Jackson, August 19-20, according to W. L. Richmond, swine specialist of the Cooperative Extension Service.

"The purpose of the event is to continue encouraging the upgrading of Mississippi produced market hogs," he stated.

Animals will be received, tagged and weighed in from 7 a.m. until noon on Wednesday. Beginning at 12:30 p.m. will be an on-foot exhibit of the carcass class entries and a carcass evaluation contest.

Thursday, animals will be graded and sorted beginning at 8 a.m. Champions will be placed at 1:00 p.m. An exhibition of carcass class hogs hanging on the rail is scheduled for 2 p.m.

The show is open to Mississippi hog producers, 4-H Club members and Future Farmers of America, Mr. Richmond said.

Competition will be open to pure bred and cross bred hogs, including barrows and gilts. Only barrows are eligible for the carcass class.

Only hogs weighing from 180 to 240 pounds are eligible to be entered.

All hogs entered in the show must sell and for slaughter purposes only, he added.

For more information on the event, Mr. Richmond suggests that local county agents be contacted.

The meeting was adjourned by the president, Danny Joe McAlpin. Elaine Baxter, Reporter

Wheeler FHA Elects Officers

The Wheeler FHA Chapter elected their new officers for the 1964-65 session. The officers are: President, Cheryl Malone; Vice-President, Joan Murphy; Sec.-Treasurer, Charlotte Holley; Historian, Kay Chapman, and Song Leader, Linda Outlaw.

The newly elected officers attended FHA Workshop at Tishomingo State Park July 30-31, accompanied by Mrs. Thomas McBride, the Wheeler FHA Advisor.

Harry Jones Is Kiwanis Speaker

Harry Jones, instructor at Northeast Mississippi Junior College, was guest speaker at the regular weekly meeting of the Kiwanis Club, Tuesday at the Town Motel.

Mr. Jones spoke on the population explosion of the U. S. and of the world. Pointing out the rapid increase in the past 50 years, he said today there are 193 million people in the United States and that this figure will double in the next 50 years. He also related that the population in Latin America is doubling every 25 years.

The talk was well presented and very informative. Dewey Martin, the club president, arranged the program and introduced the speaker.

NEW SITE FFA OFFICERS ELECTED FOR COMING YEAR

Week Of Study And Recreation For WSCS

Methodist women of the New Albany District and the North Mississippi Conference are making plans to share in the week of study and recreation, worship and fellowship, August 15-21, at Lake Stephens Methodist Camp, Oxford, Mississippi. Information and inspiration will be gained under the theme "That All May Have The Spirit Of His Love."

Approved studies led by outstanding leaders will highlight the mission study weekend, August 15-16, for the Wesleyan Service Guild unit and the School of Missions, August 17-21, for the Woman's Society of Christian Service. Clinics for a better understanding of the Woman's work will be held during the School of Missions and interesting platform programs with films, inspirational speakers and other presentations are being planned, including a fellowship sing the opening night.

Miss Gene E. Maxwell of the Woman's Division of the Methodist Church will teach the national missions study on "Spanish Americans." Mrs. J. H. Saenger, secretary of Student Work for the North Alabama Conference, will teach the World Mission Study, "The Church's Mission Among New Nations." Mrs. J. Boyd Tyrrell, president of the "Virginia Conference Woman's Society of Christian Service, will be the instructor for the Christian Social Relations course "The United States' Responsibility in a World of New Nations." Miss Ethelene Sampley of the Methodist Board of Education will head the Bible course which is open to all. The new additional study on Purpose and Program in a New Age will be under the direction of Mrs. Guy M. Hicks of the Louisiana Conference.

Misses Louise and Matilde Killingsworth and probably Miss Sue Robinson, missionaries; and Misses Bessie Conner, Edna Maupin and Olive Hicks, church and community workers, will serve as resource people for the School of Missions. Mrs. R. L. Long of Aberdeen is chairman and Mrs. W. P. Bailey of Nettleton is dean of the school.

Hospital Notes

Here is the visitors' suggestion for the week:

Peace and quiet contribute greatly to a patient's recovery. Please be as quiet as possible in the corridors and in the patient's room. You should talk and laugh in a restrained manner.

DON'T DROP OUT OF SCHOOL!

IF YOU DROP
YOUR EDUCATION,
YOUR JOB
OPPORTUNITIES
WILL DROP
OUT, TOO!

Today, more than ever before, a high school or junior college diploma is vital if a young man or woman wants a career. In fact, today it is difficult to obtain any job without completing the high school course. When a job is available to the non-graduate, it is often one which stops where it begins ... there is little chance for advancement. Look beyond the promise of an immediate salary — look to the future and don't drop out of school.

Lucy Smith Circle Hostess To Woman's Missionary Union

The Lucy Smith Circle was hostess to the Woman's Missionary Union of the First Baptist Church, which was held Monday night, August 3, at the church. Twenty members were present for the meeting. After Mrs. L. H. Stuts opened the meeting with prayer, Mrs. R. A. Kimbrell led the program on English — Language Churches Overseas.

Mrs. J. S. Bishop, Mrs. E. O. Roden, Mrs. Otha Maxwell and Mrs. R. A. Kimbrell discussed the English language churches in Iceland, Germany, France, Spain, Luxem-

bourg, Argentina, Guam and Japan. The study revealed that English-language churches overseas provide for the spiritual development of Christians and reach the unchurched. These English-language churches overseas are in need of experienced pastors and more and better buildings.

Mrs. John Mahaffy gave a report on the Sunbeams and World Friends. Mrs. Oswald Pounds gave a report on the works of the G.A.'s. Mrs. Kimbrell closed the meeting with prayer.

The Lucy Smith Circle served iced drinks and cookies.

Mr. and Mrs. Billy Davis visited Mr. and Mrs. Bill Davis and boys in Corinth, Sunday.

On The Local Scene ...

Mrs. G. P. Rogers and Mr. and Mrs. W. E. Cox, Jr., had as their guests last week Mr. and Mrs. B. H. Walker, Mary Louise and Roger from Augusta, Ga., and Mr. and Mrs. George Rogers, Rebecca and Julia from Greenville, Miss.

Friends regret to learn Mrs. U. H. Davis is a patient at Campbell's Clinic in Memphis suffering from a broken hip she sustained in a fall Saturday night.

Friends of Mrs. Anita Schoggen are sorry to know she is a patient in the Baptist Hospital in Memphis.

Special Swimming Instruction For Scouts Aug. 10-14

Special swimming instruction for Cub Scouts, Boy Scouts and Explorers will be conducted during the week of August 10-14, it was announced by Richard Milam, District Scout Executive. Instruction for non-swimmers, beginners and the swimming and life-saving merit badges will be offered. The instructors are highly trained in the "scout method" of the water program. The directors will be Jimmy Coggins and Bobby Shadburn and will be assisted by other Camp Yocona aquatic instructors. The cost is \$2.00 for the week.

Girl Scouts have also been invited to participate in the training.

Shoe Company, also in Booneville. An August wedding is being planned.

"This is a fine opportunity to get the best in the Scout Aquatic Program. I hope all Scouts in this area will take advantage of this program," stated Mr. Milam.

HOME AGENT NOTES

By CLAIRE T. ROSS

HOMEMAKERS' COMMEMORATIVE STAMP

It is interesting to know that a commemorative stamp is being issued, honoring the 50th anniversary of the passing of the Smith-Lever Act, and the Home Demonstration Club women. The Post Office De-

partment stated in part: "The home-makers' stamp will be issued to mark the 50th anniversary of the passage of the Smith-Lever Act, the legislation that opened the way to improved home life throughout all America by providing home economics experts to advise women on

better ways to feed and clothe their families." So states the Post Office Department.

"Under the Department of Agriculture Extension Service working in cooperation with the land-grant colleges, some 400 home demonstration agents, assisted by nearly 700,000 women who serve as local leaders, are aiding millions of women to become better homemakers."

The following is one of the many good recipes included in the recipe collection the Home Demonstration Council of Prentiss County is compiling:

Coconut Cream Pie

3 egg yolks
1/4 c sugar
1 1/2 c milk
1/2 c coconut
1 t vanilla
1 box coconut pie mix
Mix all ingredients except coconut. Cook over medium heat until mixture thickens. Add coconut. Pour into baked pie shell and top with meringue. Bake until meringue is golden brown.

This recipe is one of the favorites of Mrs. Bill Mathis of Wheeler. If you have not yet sent in your special and favorite recipe, do so. Send to HOME AGENT, Box 151, Booneville.

Executive Committee Of WSCS Meets

The Executive Committee of the Woman's Society of Christian Service for the New Albany District of the Methodist Church met Wednesday afternoon, July 29, at the home of the president, Mrs. W. R. Lampkin of Ripley, to make plans for the year. Mrs. J. G. Houston, Sr., of New Albany led the opening prayer.

Tentative plans and places for the District Workshop (September 22), Officers Training Days (October 8 and October 13), Day Apart (November 5), Subdistrict meetings (February 23, March 4 and March 9, 1965), Annual District Meeting (April 23, 1965) were set up by the group, and policies for attendance at the School of Missions, August 17-21, at Lake Stephens Methodist Camp were voted in.

The roll of societies was checked with two new and re-activated societies being added — Dumas and Friendship. Related materials were reviewed and lists of local officers were made by some of the members. The resignation of Mrs. Howard Hopkins as recording secretary was reported and Miss Melissa Grant was accepted to fill the place.

The hostess served delicious home-made cake and cokes during the break and the group enjoyed a tour of the lovely parsonage home. Those attending the executive committee meeting included Mrs. William Scott of Baldwin; Mrs. O. E. Tucker, Mrs. Emmons Turner, Jr., and Mrs. S. W. Downs of Booneville; Mrs. J. G. Houston, Sr., and Miss Melissa Grant of New Albany; Mrs. W. R. Lampkin, Mrs. E. S. Furr, and Miss Olive Ricks of Ripley.

Barnes Reunion Held At Marietta Springs Sunday, July 12th

On Sunday, July 12, the descendants of Mrs. Cal Barnes and the late Mr. Barnes met at the Marietta Springs for their annual family reunion.

Mr. Barnes was a beloved citizen of Marietta practically all his life, all of his children acquiring their education at the Marietta School. He is lovingly remembered as "Uncle Cal" by all who knew him.

A beautiful picnic dinner was spread at the noon hour and enjoyed by the many families present. Several were unable to attend due to working so far away; also some of the grandsons are in the service overseas.

Those present for the happy occasion were: Mrs. Cal Barnes, Mr. and Mrs. Z. T. Fortner, Mr. and Mrs. Vance Caldwell, Joyce and Rickey, Mr. and Mrs. Z. T. Fortner, Jr., Mr. and Mrs. Arthur Barnes and sons, James A. and Jerry Wayne, Mr. and Mrs. Clovis Geno and children, all of Booneville, Mr. and Mrs. Monroe Pace, Osceola, Ark., Mr. and Mrs. A. D. Hill and children, Jerry, Kenny and Gail Aurora, Ill., Mrs. Henry Nichols and children, Calvin, Jerry, Brenda and Gary, Marietta, Miss., Mr. and Mrs. Waldo Nichols and daughter of Fulton, Miss., Mr. and Mrs. Richard Nichols and children, Fulton, Miss., Mr. and Mrs. Jimmy Allred and children, Zion, Ill., Mr. and Mrs. Pounds Harris, Marietta, Mr. and Mrs. J. K. Barnes, Tremont, Miss., Mr. and Mrs. Lee Jackson and Melmeth, Florence, Ala., Mr. and Mrs. A. L. Jackson, Jr., Florence, Ala., Mr. and Mrs. "Pee Wee" Holt, Florence, Ala.;

Mrs. A. L. Galloway and Jan of Booneville, Mrs. Harold Galloway and Ginger, Bainbridge, Md., Mr. and Mrs. L. M. Johnson, Jr., of Booneville, Mr. and Mrs. Allen Barnes and children, Ronnie, Debbie and Lance, of Florence, Ala.

James M. Fugitt At Fort Hood, Tex.

FORT HOOD, Texas — Army PFC. James M. Fugitt, 23, son of Mrs. Ora L. Fugitt, Route 1, Marietta, Miss., was assigned to the 2nd Armored Division at Ft. Hood, Tex., July 18.

Fugitt, last assigned to the U.S. Army Garrison at Fort Hood, is now a driver in Company B, 1st Battalion of the division's 41st Infantry.

He entered the Army in March, 1963 and completed basic training at Fort Polk, La.

Fugitt worked for the Brown Shoe Company in Booneville before entering the Army.

Plant Bugs In Cotton

If you have cotton surrounded with soybeans, you can expect to have plant bug injury to small squares in terminal buds and tips of lateral limbs. Please examine the tiny squares on your cotton plants and if they are brown or flared, plant bugs have done their damage. Get on a schedule of 3 applications 4 to 5 days apart and set a bale of cotton within the next 3 weeks. Remember, one boll per linear foot of row means 1/12 of a bale of cotton. Ask your county agent.

change to new Lion Octane-Blended gasoline
5 grades - 5 prices
...blended exactly to fit your car

Most brands of gasolines give you only two grades—premium or regular. Many car owners waste money buying premium, with octane power their cars can't possibly use. Many others risk costly repairs by using regular in engines which demand gasoline with higher octane power.

This doesn't have to happen to you. Now you can buy exactly the right gasoline for your car—and save money in the bargain!

Change now to new Lion Octane-Blended Gasoline, blended in the pump, in five different octane ratings... at five different prices. The lower the octane rating that fits your car, the more you save... 1¢, 2¢, even 3¢ a gallon!

Ask your nearby Lion Dealer to show you the chart that tells how much you can save. Change to new Lion Octane-Blended Gasoline, and keep the change!

CARD OF THANKS
Words cannot express our deep feeling of gratitude to our friends and neighbors for their kind deeds and expressions of sympathy during the illness and death of our dear Husband and Father. We want to especially thank the doctors and staff of The Medical Clinic, the Nurses and entire staff of Northeast Mississippi Hospital, Bro. Jim Archer, and McMillan Funeral Home. And to all the others who sent food, flowers, or cards of sympathy and to those who came with words of kindness and sympathy or expressed their sympathy in any other way, we shall always be grateful. God's richest blessings on all of you is our prayer.
—The Family of Robert P. Wilson. 19-1tc
