

CATCH BOBCAT—These men are shown at the Morris store in Blackland community with a bobcat which they trapped Sunday night in the west Prentiss County hills. From left are W. E. Hill, Pat Prather, Rob Jones and R. B. Hill. Others who had a part in the trapping were Jake Stone, Leonard Graham and Will Moore. They said something had been catching Will Moore's young goats and they thought it was probably a fox, so they set traps. The traps were checked Sunday and had not been bothered, but when they checked Monday the bobcat was in one of them. To cage the uncooperative critter, they ran a piece of strong wire through a length of steel pipe to form a loop which they slipped over its neck. The cat appears to be a young one and its weight was estimated at 18-20 pounds.

T. A. Cook, Sr. Has The Yard Of The Month

It wasn't surprising to anyone when the announcement was made by the Town and Country Garden Club that the yard of Mr. T. A. Cook, Sr., at his modified colonial home on Washington Street had been selected for the Yard-of-the-Month, for February.

It is indeed fascinating to see the lovely foundation planting of azaleas in the springtime, and just as much enjoyed to visit with the retired business man, who cares for them all. But the more we learn of Mr. Cook's varied interest and activities, the more the word "retired" is completely out of his life. He spends many pleasant and relaxing hours in his yard and garden.

The good design of his well ordered yard gives the practically newly developed home a more finished look and it is certainly one with individuality. Mr. Cook has a decisive hand, and a keen eye, which is in evidence in his yard. His taste whether in pulling weeds, staking fine tomatoes in his vegetable garden or matching colors, are continuously being applauded by many compliments on his ability as a landscape artist and gardener.

His limitless enthusiasm allows

Forum At PCEPA Building Tonight Will Be Of Interest To Every Person

Local clubs are sponsoring a Highway Department Forum and every person in this area is invited to attend the event which will be held tonight (Thursday) February 24th at the Prentiss County Electric Power Association building beginning at 7 o'clock.

Roy C. Adams, Northern District Highway Commissioner; W. E. Holmes, district administrative engineer; Fred H. Marett, Tupelo district engineer; Tom Davis, attorney for the highway district; P. E. Bates, Tupelo district agronomist and A. E. Long, horticulturist for

him to tackle with equal energy, such diversities as digging and planting, with his own taste as his guiding force.

A row of pine trees below the west terrace makes effective sunshades, and provides privacy screening. The deep green of the group planting of junipers on the crest of the side terraces at the front of the lawn contrast with the fresh light green of the grass.

The azaleas are especially beautiful at night, at the well-lighted entrance to the home giving after-dark charm while highlighting the background flowers, and the ground lighting seems to break up the dense shadows of the surrounding planting.

the Northern Highway District, will represent the Mississippi State Highway Department at the meeting.

Topics include Highway Beautification Act of 1965, Roadside Development, Conservation and Safety Through Engineering and Enforcement Education. A question and answer period will follow.

Mrs. W. V. Kemp of the Town and Country Garden Club and chairman for arranging the forum, said, "Each one of us is aware of the need for safety. Our highway traffic deaths and accidents have reached an all time high of more than 50,000. The time lost to traffic accidents is much greater than industrial business accidents. There isn't a business in the country that doesn't lose money because of traffic accident."

The desire to change an unwanted situation predominates among thinking people of civilized nations and the continued upsurge in accident fatalities brings to the mind of all of us the question, "What may we do to help displace the undesirable situation?" We may study and take whatever constructive action is indicated and which is in our power to correct. There is no substitute for knowledge, especially knowledge essential to the cause of "Safety First" always. Cancer and heart disease only rank accidents."

Mrs. Kemp said, "We invite you to come out and listen to the speaker on safety as well as the other fine speakers. Let's listen to their comments. We are all interested in the money that our state has for priority roads at this time. Your questions will be answered at this meeting, so please plan to attend."

Sponsoring clubs are: Town and Country Garden Club, Pilot Club, ell, Chief Engineer.

Dillard Light is manager of the local plant replacing Jack Beene.

In all there were more than 100 people in various divisions visiting the plant on guided tours Tuesday and Wednesday afternoon.

The very tight schedule of the sales meeting prevented the management personnel from visiting with the business and civic leaders of Booneville.

Mr. E. A. Morris, Blue Bell president, expressed his pleasure with the fine cooperation that has been shown Blue Bell people in all Mississippi locations.

Court Dockets Pared During Current Term

Circuit Judge N. S. Sweat, Jr., said Wednesday afternoon that the Prentiss County Circuit Court dockets will be in good shape following this term of court, which ends this week. He said, "This week's work will leave us with a very small state docket, and the civil docket is current."

The judge said that last Thursday on four charges of grand larceny Kenneth Newby entered pleas of guilty in all and the matter of imposing sentence was indefinitely deferred.

In the trial Monday of Lester Gilley on a charge of possession of beer a mistrial was declared when the jury was unable to agree on a verdict and reported to the court that they were deadlocked at 10 for conviction and two for acquittal. The case was ordered con-

N.E. Vo-Ag Dept. To Organize Additional Adult Evening Classes

Plans are being made to organize an additional adult class in welding through the Vocational Department at the Northeast Mississippi Junior College.

Since the demand for welding is so great, a class will be offered to begin Saturday, March 5.

The course will offer 153 hours of training in Oxygen-Acetylene, AC and DC Arc Welding, the inert gas process and the Micro-Wise process.

People interested in learning the welding process or interested in upgrading their present skill should report to the Northeast Junior College Industrial Education Building March 4 at 7 p.m. for orientation.

Play Underway In North Half AA Boys Tourney At NEMJC

Play opened here Wednesday night in the North Half Class AA boys basketball tournament being held at the Northeast Mississippi Junior College gymnasium through Saturday night.

Teams in the competition are Tupelo and Kossuth of District One; Bruce and Oxford of District Two; Leland and Clarksdale of District Three; and Noxubee County and Neshoba Central of District Four. Four of the teams will advance to the state playoffs in Jackson next week.

Two games are on tap for each

of the four nights of play and the consolation game and the championship tilt Saturday night will determine the positions of the four advancing teams for the first round

of play in Jackson next week. In Wednesday night's opener, Tupelo eliminated Neshoba Central by a score of 53-45. With a nine-point lead, Tupelo stalled the final

four minutes and used ten free shots as Neshoba fouled trying to get possession to maintain their margin. Kossuth handled Noxubee County 58 to 40 in the nightcap.

Thursday night Bruce will go against Clarksdale in the 7 o'clock opener and Oxford and Leland tangle at 8:15.

The consolation game Saturday night will begin at 7:30 and the time for the championship game is 8:45.

At New Albany in Class B boys North Half play Wednesday night, New Site trounced Cumberland 63 to 38.

Wheeler overcame the tremendous height advantage of Valden to win 52-41 in the North Half Class BB boys tourney at Water Valley.

The Marietta sextet will meet Maben at 7 o'clock Thursday night in North Half Class B girls play at Kosciusko.

B. G. Horton To Attend Meeting Of Administrators

B. G. Horton, Administrator of the Northeast Mississippi Hospital, will attend a meeting February 28 of the American College of Hospital Administrators in Jackson at the Northgate Restaurant. Mr. Horton is serving the organization as secretary of the Mississippi branch.

The featured speaker will be Roy E. Brown, one of the outstanding administrators and lecturers in the nation, who is a present director of the graduate program in Hospital Administration at Duke University, Durham, North Carolina.

Rev. Irwin Is New Pastor At Osborne And Crestwood

The new pastor of Osborne Creek Baptist Church and Crestwood Mission, the Rev. William Irwin, is a native of Union County and former pastor of the Abbeville Baptist Church.

Rev. Irwin, Mrs. Irwin and their two daughters, Cathy and Sandra will arrive on the 28th. They will reside at the Osborne Creek Church parsonage.

Thorntons Elected To Offices Of Freed-Hardeman

At the February 8th meeting of the Advisory Board of Freed-Hardeman College, Henderson, Tenn., J. A. Thornton was elected vice-chairman of the Board for the current year.

On the same date, Mrs. Thornton was elected vice-president of the International Organization of Freed-Hardeman Associates. The Associates is an organization of women, somewhat comparable to the P.T.A. organization.

HOME ECONOMIST'S NOTES

By CLAUDE T. ROSS, Extension Home Economist

FURNITURE — SOLID OR VENEER

The belief that furniture made from solid woods is always superior to that made of veneer is rather common, but is not true. Low, medium, and high-priced furniture is made of both veneered and solid wood.

available in stores today is made with veneered plywood construction. Through the use of veneers, manufacturers are able to turn out handsome pieces featuring beautiful figures, swirls and buris.

A veneer is a thin layer of carefully matched, expensive wood on a piece of strong plywood.

Plywood is made by gluing to-

gether, under heavy pressure, several thicknesses of wood with the grain of alternate layers running at right angles to each other. Three-ply, five-ply and seven-ply are most common.

Modern miracle adhesives and electronic presses insure against cracking or peeling and make the veneer of today the most durable of furniture woods.

Some advantages of plywood over solid lumber are:

*Its greater strength in every way.

*Its comparative freedom from warping, cracking and swelling.

*The ability to match grains in the face veneers and make many panels from one figured log.

*The lower cost when fine face veneers are used compared to solid lumber in fine woods.

*Its superiority in curves and shaped work, such as pianos, French Provincial curved drawer joints and modern molded shapes.

Some advantages of solid lumber over veneer are that furniture made from it:

*May be carved with a greater degree of fineness.

*Can be finished by sanding or planing when it becomes worn.

*Exposes the same kind of wood when any of the surface is chipped off.

Remember that on all plywood furniture you will find solid wood parts. The plywood is used for flat surfaces, the solid wood for legs, frames, stretchers, rails, corner posts and for sections that are carved.

TWO KINDS OF BREAD

Today we think of two kinds of bread or cereals when we consider the nutrient content.

One is ENRICHED bread or cereals that have specific amounts of nutrients added, as set by the Federal Food and Drug Administration. The nutrients included for enrichment are iron and three of the B-vitamins: thiamine, riboflavin and niacin.

FORTIFIED foods have one or more nutrients added that were not in the product originally. Examples are vitamin D added to bread and milk and vitamin A added to margarine.

The Extension Homemakers' leader training meeting will be held in the home economist's office on Tuesday, March 1, at 2 p.m. This is open to the general public, but all demonstration leaders are urged to attend.

HEALTH BOARD BOOSTS VACCINATION

The State Board of Health's current vaccination project ranks high in the nation. An expanded statewide immunization program got underway in June, 1963, to immunize all children under age 5 against diphtheria, whooping cough, tetanus and polio. It also aimed at the development of a maintenance program to immunize all newborns in the first year of life and any other susceptibles — whatever the age limit — as needed. A survey completed by February, 1964, indicated able to disease, the little fellows

Legionnaires To Meet

Members of Levi B. Morton Post 123, The American Legion, will meet in regular session at the Post Home on Front Street, Booneville, March 1, 1966 at seven o'clock.

Information is being received concerning the Cold War GI Bill by the County Service Officer and he will be present at this meeting. So, if you are an exserviceman that may be affected by this new bill, then come to the meeting and have this new law explained.

There has been some changes made recently in some of the old laws affecting veterans of all wars and you may have questions concerning these changes. Our meetings are open to all veterans, so, feel free to come by and express your opinions on veterans benefits and ask any questions that you would like to have answered. We don't have all the answers, but we feel that we can be of service to any veteran.

Commander White reports that the local membership is moving forward and that the Post has exceeded its quota. We have not, however, attained our goal for the year, but need only a few to do this and have a 100% Post Membership. Help us do this before May 1, 1966 and the State of Mississippi will have a much better chance of leading the Nation Legion Parade in Washington, D. C. this fall.

By the Commander, W. E. White

The Peoples Bank & Trust Com-
pany was host to the meeting.

One of the major objectives of
NABW is to advance the opportuni-
ties for women in banking, and to
bring together those engaged in
banking for the mutual betterment
of the individual and the banks
they represent. It is the only pro-
fessional organization devoted solely
to the interests of women bank
officers.

MRS. ED JOHNSON

Following a Scout troop court of honor, a young magician per-
formed some tricks, including pouring milk from a pitcher into a cone
of newspaper. As expected when the magician unrolled the news-
paper—no milk. A youngster yelled, "I told you—he used evaporated
milk."

In the February issue of Mississippi Municipalities, a report of
January sales tax collections showed Booneville had \$10,336.37. Neigh-
boring cities had: Baldwin, \$3,995.69, Corinth, \$25,713.37, Aberdeen,
\$9,733.62, Fulton, \$6,513.27, Iuka, \$5,984.15 and Ripley \$4,565.42 (Ripley
collected on 1/2 of 1% instead of 1% as the others do.)

William Feather, editor of The Imperial Magazine made the fol-
lowing remark:

"Three of us had finished our luncheon and our thoughts were
idly roaming when a quiet man told us that he had made an observa-
tion many years ago which he considered the fundamental basis of
success. 'Human nature is so constructed that the vast majority of
men can proceed only so far against obstacles. The limit of average
endurance is a known quantity in every human activity. Success is
achieved by those who beat this limit by extremely small margins.
What most of us can't perceive is that an additional ounce of energy
at the final breaking point will distinguish us from thousands or mil-
lions of ordinary human beings. That is the reason why sports are
important. In athletics young men learn that victory usually is
achieved by an amazingly slight advantage—by a yard in a mile race.
We must also understand that life is just as competitive.'"

I'm indebted to Mrs. Edna Garner for the following:
Morbus Sabbaticus. The Disease. It's Symptoms; It's Cure.
Morbus Sabbaticus or Sunday sickness is a disease peculiar to
church members. 1. The symptoms vary, but it never interferes with
the appetite. 2. It never lasts more than twenty-four hours. 3. No
physician is ever called. 4. It always proves fatal in the end to the
soul. 5. It is becoming fearfully prevalent and is destroying thousands
every year.

The attack comes on suddenly every Sunday; no symptoms are
felt on Saturday night. The patient sleeps well and wakes feeling
well, eats a hearty breakfast, but about church time the attack comes
on and continues until services are over for the morning. Then the
patient feels easy and eats a hearty dinner. In the afternoon he feels
much better and is able to take a walk and read the Sunday papers.
He eats a hearty supper, but about church time, he has another attack
and stays at home. He wakes up Monday morning refreshed and
able to go to work, and does not have any symptoms of the disease
until the following Sunday. Remedy. "Be not deceived. God is not
mocked." Gal. 6:7.

Harvey White showed me the next item and I enjoyed reading
it—hope you will.

"What am I...?"
I am a little thing with a big meaning. I help everybody. I unlock
doors, open hearts, do away with prejudice, create friendship and good
will, inspire respect and confidence. Everybody loves me. I bore no
one. I violate no laws, I cost nothing. Many have praised me; none
have condemned me. I am pleasing to everybody. I am useful every
minute of the day. I am... courtesy.

VA Answers Vets Questions

Q.—I was discharged 3 months
ago after serving 3 years, all dur-
ing peacetime. I now require im-
mediate medical treatment for a
chronic condition which was in-
curred during my enlistment. May
I receive outpatient treatment or
hospitalization from the VA even
if I have not yet filed a claim for
disability benefits?

A.—Yes, but you should apply
immediately to establish the fact
that your condition was incurred
in service. The Veterans Admin-
istration can now authorize emer-
gency hospitalization and outpa-
tient medical treatment for such a
condition. You must apply to the
VA for such treatment within six
months from the date of your dis-
charge or release from service.

Q.—I am the widow of a World
War I veteran. I would like to know
if I am eligible for benefits from
the Veterans Administration.

A.—The widow of a World War
I veteran may be entitled to a non-
service-connected pension if her
income from all sources, including
Social Security payments, is less
than \$1800 per year without de-
pendents, or under \$3000 with de-
pendents. You can apply for this
nonservice-connected pension at
the nearest VA regional office im-
mediately.

"What a lovely cow," said the cute young miss from the city. "But
why doesn't it have any horns?"

"There can be many reasons," replied the farmer. "Some cows do
not have horns until later in life. Others have been removed while
still other breeds are born without them. This one does not have horns
because it is a horse."

Camellia (Cammie) Vandevander, four-year-old daughter of Mr. and Mrs. Vernon (Red) Vandevander, is shown with an attractively decorated play horse which she won on the Loony Zoo television program originating in Memphis at noon each day. Cammie drew a picture of a horse and sent it in—putting it in an envelope self without the family seeing the picture. She is holding an autographed picture of Trent Wood, who is the Master of Ceremonies of the program. Cammie has two brothers, Larry, 16, and Dwin, 16 months.

Northeast Miss. Historical Society Meets In Booneville

Forty-nine members and guests of the Northeast Miss. Historical Society met Thursday night, February 17, in the Northeast Miss. Jr. College cafeteria. After a brief period of fellowship, and a delightful meal, President Claude Gentry of Baldwin made a few welcoming remarks. He then introduced President and Mrs. Harold T. White of Northeast Miss. Jr. College. Mr. White welcomed the Society to Northeast and extended an invitation for future meetings.

Mr. Gentry turned the program over to Dr. Mary Summers of the Northeast History Dept. Dr. Summers presented to the Society the entertainer of the evening, Mr. William Highbaugh of the Northeast Music Department. After a brief talk on folk music, Mr. Highbaugh entertained the Society by singing a number of folk songs, accompanying himself on the zither.

At the conclusion of the program, the Society entered into a business session. Mr. Gentry thanked his officers, committees, and society members, who had made his year as the Society's first president a success. The financial statement was given by the secretary-treasurer, Mrs.

Frank Steele.

Officers for 1966 calendar year were elected as follows: President, R. Gerald Creely, Tupelo. Mr. Creely is an instructor of government at Itawamba Jr. College; Vice-President, Dr. Mary Summers, Booneville, Northeast History Dept.; and secretary-treasurer, Mrs. P. A. Sheffield, Fulton, an instructor of history at Itawamba Jr. College. Dr. James W. Webb, chairman Department of English, University of Miss., was elected to a three-year term as Director.

After a few remarks from the new president, the meeting adjourned. Tentative plans are for the next meeting to be held in New Albany on May 12.

Among those from Booneville attending the meeting were Mr. and Mrs. Harold T. White, Mr. William Highbaugh, Dr. Mary Summers, Col. Harry Jones, W. C. Eaker, Mr. and Mrs. Lee Rakestraw, Miss Mary Hobson, Miss Houston Speck, Mrs. Bill Moore, Mr. C. W. Bolton, Dr. and Mrs. Frank Steele and Miss Mary Bess Steele.

Mt. Pisgah Church To Have Singing

A singing will be held at the Mt. Pisgah Free Will Baptist Church Sunday, February 27, beginning at 1:30. Everyone has an invitation, especially sinners.

Floy Jacob Circle

The Floy Jacob Circle of First Baptist Church met Monday night, February 21st, in the lower auditorium of the church for the usual monthly meeting.

Mrs. Ann Kimble, President of WMU was in charge of the program, entitled "Teaching Missions in the Church." She stressed the fact that the Woman's Missionary Union with the Brotherhood, working together, can reach many people and accomplish the God given task of sharing the gospel to the whole wide world.

Several projects were discussed. Mrs. Coy Stutts explained to the group about the little nine-year-old girl the Circle had adopted at the Baptist Children's Village in Jackson. Each member will be sending articles of clothing etc. to this child throughout the year. Also plans were made for the Circle to be "hostess" to the next General WMU meeting March 7 at the home of Mrs. W. H. Anderson. Eleven members were present.

for this interesting meeting. Mrs. Mildred Browning and Mrs. Louree Jones, hostesses served delicious cherry pie topped with ice cream and coffee.

H. E. Club Meets With Mrs. Dewey Wallis

The Homemakers Extension Club met in the home of Mrs. Dewey Wallis Tuesday night, February 15 for their regular meeting. Six members were present.

The program included the scripture reading from Matthew 10:32-33, by Mrs. Wallis, the hostess. The members also filled out yearbooks and discussed the council and club goals for 1966.

The Home Demonstration Collect was given by Mrs. Vida English. Mrs. Wallis served the members coffee with assorted cookies and nuts.

The next club meeting will be held at Mrs. Frances Moore's on March 15. Mrs. C. D. Windham, Reporter

A Great Leader Still Leads

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

It has been said that a man is tallest when he is on his knees. The familiar picture of George Washington kneeling in prayer at Valley Forge reminds us that the "Father of our Country" was a man who walked close to God and who taught his soldiers to pray.

Washington recognized that human frailty is not a sign of weakness — that it is the first step toward finding the needed strength. To call upon God for the resources we lack is to supply our deepest want.

The example of our first President still points men to God. Just as George Washington found God's strength available, so do men in our time when they call upon Him in faith. Discover Him in your own life. Worship God in your church next Sunday.

Text Of The Talk Of Colonel Harry Jones To DAR, Thursday, Feb. 17th

Colonel Jones traced the history of the settlement of Northeast Mississippi and the organization of Old Tishomingo County until its authorization as a county by the Mississippi legislature in 1836. He then turned to the subject of the county seat and the building of its first courthouse. The early settlers naturally wanted their courthouse in the geographical center of the county which was found to be on the property of Armistead Barton who cheerfully donated sixty acres for a courthouse site and lots to be auctioned for the benefit of the treasury of the new county. Surveyors Benjamin Sanders, Samuel Reed and Sherod White located the courthouse square on Oct. 11, 1836. Caleb Lindsey received the contract to build the courthouse. He had a positive understanding that he would receive \$199.00 and there would be no "extras." Stephen Gibbs auctioned 53 lots for about \$10,000 which put the county in business.

The pioneers had a county, they had a county seat, and a courthouse under construction, but they didn't have a name for their anticipated great city. Among the names discussed was Cincinnati, but then it was decided to abandon this choice because of the rapidly growing Cincinnati on the banks of the Ohio. They quickly adopted the name JACINTO. This was most appropriate for it would honor their fellow pioneer friends who had pushed on westward and liberated Texas on April 23, the same year at the Battle of San Jacinto on the San Jacinto River under the leadership of Sam Houston. So directly we can say that the courthouse at Jacinto is a memorial to those Americans who added the Empire of Texas to our nation.

Colonel Jones pointed out that the review of the official records and an examination of the weather stained headmarkers throughout the county reads like a local telephone directory. Among the names one would find would be: A. B. Dilworth, Wright Bond, Peter G. Rives, James McMathews, A. M. Cowan, H. B. Mitchell, William B. Owens, Amis Curtis, John Reeves, Mathias B. Chick, John Fitch, James White, and many more.

By November 1836 one of the first public enterprises opened and it perhaps was not the least used, a Tavern which John Fitch paid \$75.00 for the privilege of operating. By 1849 W. H. Jones established a newspaper, "The Jacinto Reporter", and in 1850 a telegraph line through Jacinto brought the city perhaps Mississippi's second telegraph office. This advancement was too much for some of the early settlers to understand and that same year when nature did not bless them with sufficient rain, they took their axes to the telegraph poles.

By 1853 JACINTO had outgrown its old courthouse, and the proud county employed J. J. Blyth to con-

COL. HARRY JONES

struct a two story brick building 40 by 50 feet with 18 inch walls. The first floor would include four rooms under a 12 foot ceiling while the second floor would have a 13 foot ceiling and include the court room and two jury rooms. Mr. Blyth would receive \$6,798.00, no more, no less, and A. B. Dilworth, James and Wright Bonds would supervise the construction. The magnificent building was completed in 1854, and the county appropriated \$200 for gutters, \$25 for lightning rods and \$26.72 for a carpet for the court room. Tishomingo County proved that it was solvent for the last payment was made on the courthouse on October 10, 1854.

However, Jacinto was not destined to be a great city, for the age of technology produced the steam engine and the railroad, and Jacinto was by passed. The towns which sprang up on the railroads soon sapped her life blood, and after 1870 when Tishomingo county was divided into the present counties of Alcorn, Prentiss and Tishomingo, Jacinto courthouse went into decay. It became a chapel for Methodist of the area, and ultimately the courthouse and the courtsquare became the property of the Methodist Church.

About two and a half years ago the old courthouse which had been abandoned as a church was sold to a contractor who planned to demolish it and use the brick for another purpose. Fortunately these intentions became known, and a group of interested citizens decided that the once pride of the "State of Tishomingo" should be retained as a shrine to the memory of those who devoted so much to it. Accordingly, O. T. Holder and Dr. Fayette Williams of Corinth and Dr. Joe Stephens of West Point repurchased the building from the Iuka contractor (at a handsome profit to the contractor.) They applied for and received a charter from the state to establish it as a historic shrine. The State of Miss. authorized The Jacinto Foundation, Inc., to carry on this work. The foundation is a non-profit corporation with Dr. Stevens and Frank Simmons of Corinth serving as President, Vice-president and Secretary-Treasurer, respectively.

The future plans for restoring Old Jacinto courthouse have not been completed, however, the foundation officials hope that enough interest in this project will generate sufficient contributions to get the work underway. The building is intact except windows missing and other damage that can be repaired, however, to return it to its original condition will require a considerable outlay of funds, some of which perhaps can be obtained from state and federal sources after local efforts are underway.

This most worthwhile project offers many opportunities, for the old Jacinto Courthouse could be and should be restored to its former magnificence and used as a museum to store artifacts of this area. It could serve as the major link for the continuity of history of Northeast Mississippi.

Interested persons may get in touch with officials of the Jacinto Foundation, Inc., by addressing inquiries to P.O. Box 1048, Corinth, Miss.

The record was cut by the Millionaire Record Co. in Memphis and is now available at Pate's TV and Appliance and will soon be available in other record shops. Mr. Norris, who lives 10 miles east of Booneville, has appeared with a band in Tishomingo a few years ago and was with The Hayloft Frolic over WCMA in Corinth. He has also played over stations in Birmingham, Florence, Sheffield, Ala. and schools and auditoriums throughout the country.

ORCHARD NOTES

Time is getting late for planting new fruit and nut trees, spraying with dormant spray for scale and pruning fruit trees and grape vines.

Fruit trees, pecan trees and grape vines should be planted before March 15. Anytime in March is fine for planting strawberries, boysenberries, blackberries and blueberries.

You are missing some good eating if you do not have some muscadine grapes, boysenberries, blueberries and figs. You can grow these without spraying and there is still time to plant this spring. We have a list of recommended varieties and sources of plants.

If you have not already sprayed peach, plum and apple trees this winter with oil emulsion, do so before the buds open.

COASTAL BERMUDA

The biggest enemies of newly set Coastal bermuda are weeds

and other grasses. So the best place to set Coastal is on cultivated land that is going to pasture, or on newly cleared land going into pasture.

When setting Coastal be sure to use 2-4-D or simazine as a pre-emergence chemical to control the grass and weeds that interfere with the Coastal. After Coastal is established and is properly fertilized it will take care of itself.

When fertilized right, Coastal will give more grazing and hay per acre than any other summer grass.

If you already have Coastal established on your farm, here are some management tips: Coastal and clover mixture — fertilize as soon as possible with phosphate and potash. A good high rate to use is 120 pounds of each per acre.

COASTAL WITHOUT CLOVER—go ahead and apply the needed phosphate and potash now and then in late April or early May start topdressing with nitrogen.

LIQUID VERSUS SOLID FERTILIZER

Here are some items to consider when deciding whether to use liq-

George McGreger Is Speaker For Pilots Meeting

The Booneville Pilot Club met Thursday evening, February 17 at the Town Motel Restaurant for its regular program meeting. The Patriotic Emblems Committee with Mrs. Hubert McDaniel as Chairman had charge of the program. Other members of the committee are Mrs. Guy Holley, Mrs. Thomas Comer, Mrs. Mary Gault Nabers, Mrs. Richard Kemp and Mrs. Fred Houston, Co-Chairmen.

The banquet tables were colorfully decorated carrying out the patriotic theme. The unique place cards were red and brown handled hatchets with a gold edge. The arrangement on the speaker's table was of red and white carnations interspersed with small American flags in a red, white and blue drum container. To further carry out the idea, Mrs. Mary Gault Nabers gave a stirring rendition of songs of a patriotic nature on the piano while the members and guests were arriving.

President, Mrs. Clifford Kizer, called the meeting to order. Mrs. Fred Houston gave the invocation. This was followed with the Pledge of Allegiance to the Flag, led by guest, Scout Jackie Martin. Guest, Mrs. Norman Fulper, was welcomed to the meeting.

Mrs. McDaniel introduced and welcomed Mr. George McGreger, stating that he is known both for his abilities and knowledge in the field of history as well as music. Mr. McGreger chose to tell of some little known and interesting facts of the War Between the States. He listed some of President Lincoln's "Comedy of Errors" stating that war in itself is never funny. He gave brief backgrounds of some of the political and military leaders of the time starting with President Lincoln's inheritance of Lt. Gen. Scott when he took office. He concluded his talk by the showing of slides with remarks of Pres. Lincoln, Generals Grant, Sherman, McDowell, McClellan, Burnside, Hooker, Meade, Jackson, Lee, and others.

Announcement was made regarding joint meeting March 10 with B & P.W. Club. After other announcements the group was adjourned with the repeating of the club motto, "True Course Ever."

"One nice thing about putting words on paper, you don't have to remember what you said... they stare at you when you goof." Bob Percy, The Danville (Ind.) Gazette.

"Except for bills and taxes, tomorrow could be forgotten." Duane C. Griggs, The New London (Iowa) Journal.

uid or solid fertilizers:

The cost of equal amounts of plant nutrients in each.

The cost of changing equipment if you are to buy liquid application equipment or already have solid fertilizer equipment.

Ease of handling and applying each and labor cost involved.

Efficiency of equipment to apply liquid or solid fertilizer as desired on your farm. Some liquid fertilizers do not contain sulfur. It may be that you need sulfur on your land and it is contained in most solid mixed fertilizers.

Woodrow Stennett Thanks The People

Friends, please permit me to express my deep appreciation to you for your loyal and patriotic support in the recent election. As the polls closed and the returns were given, I felt rich indeed, not rich in money, but rich in your friendship and esteem. To me this is a more valuable asset than money. My neighbors and long time friends certainly were loyal. I am grateful not only for your present favors but for the many kindnesses you have shown me in the past. I want to take this opportunity to thank each of you.

To my newly made friends, who came out on an unfavorable day to express by the ballot their confidence in me as a citizen, I want to extend my thanks. Many of you I have only recently come to know, but I am happy to find that many who before the election were mere acquaintances have become my friends. I value you as such that I do not have words to express the high esteem in which I hold each of you.

I feel indeed fortunate that the scope of my friendship is broad and that I can number among those who voted for me, people from all fields of endeavor in the district.

I want to assure my opponent, who was elected, of my full cooperation in the successful administration of this office.

It is only with the happiest thoughts and with the kindest feelings toward everyone that I shall remember this political experience.

Very truly yours,
Woodrow Stennett

REAL ESTATE

160 acres of prime woodland only 6 miles from Booneville and borders on good County road. This is not ordinary timberland, but has excellent stand of hardwood and a pine with much of it large enough to cut now. There is no better investment than land like this. \$55 per acre and cheap at the price. Don't wait until out of state buyers grab it.

55 acres with house and barn only 4 miles west of Booneville. Just a little over half mile from blacktop. Half mile frontage on good gravel road. Cotton allotment, excellent hay and pasture land. Farms this size are hard to find close to town. Priced to sell at \$750.

House for sale on Brewer Street. One of the nicest lots on Brewer Street. FHA insured loan for qualified buyers.

Three bedrooms, living room, dining room, kitchen, large den, bath, 20th Fifth Street (Foster Park). Very near High School. Quiet, attractive neighborhood. Appraised value \$10,500, selling price \$9750. Mighty little cash required for down payment and closing.

Two bedrooms, living room, dining room, kitchen-den combination, bath, large outside utility room. Electric, gas, or fire place heat. Brick veneer, lovely shade trees. 201 Smith St. A bargain at \$10,000. FHA appraised and insured loan with very small down payment. If you want a HOME don't pass this up.

Four bedrooms, living room, den, dining room, kitchen, breakfast room, utility room, another outside utility room, two baths. Large lot with beautiful shade trees. This is not a new house, but has had exceptional care and will likely last longer than a lot of new ones. Smith St.

Business Opportunity — A chance to buy an old profitable established business. Floral Shop with green houses, the Booneville Floral Co. If you don't mind work and have a green thumb, this can be a very profitable investment. Unlimited potential for building a real business. Two bedrooms, kitchen, bath, apartment upstairs over floral shop. Walk-out deal includes inventory, equipment, plants, etc. Buildings and land alone worth more than selling price. Terms to responsible person.

Blackland RCDC Holds Meeting

The Blackland RCDC met Monday night, February 21 at the Community Center with sixteen families represented. The meeting was called to order by the president, Dalton Garner.

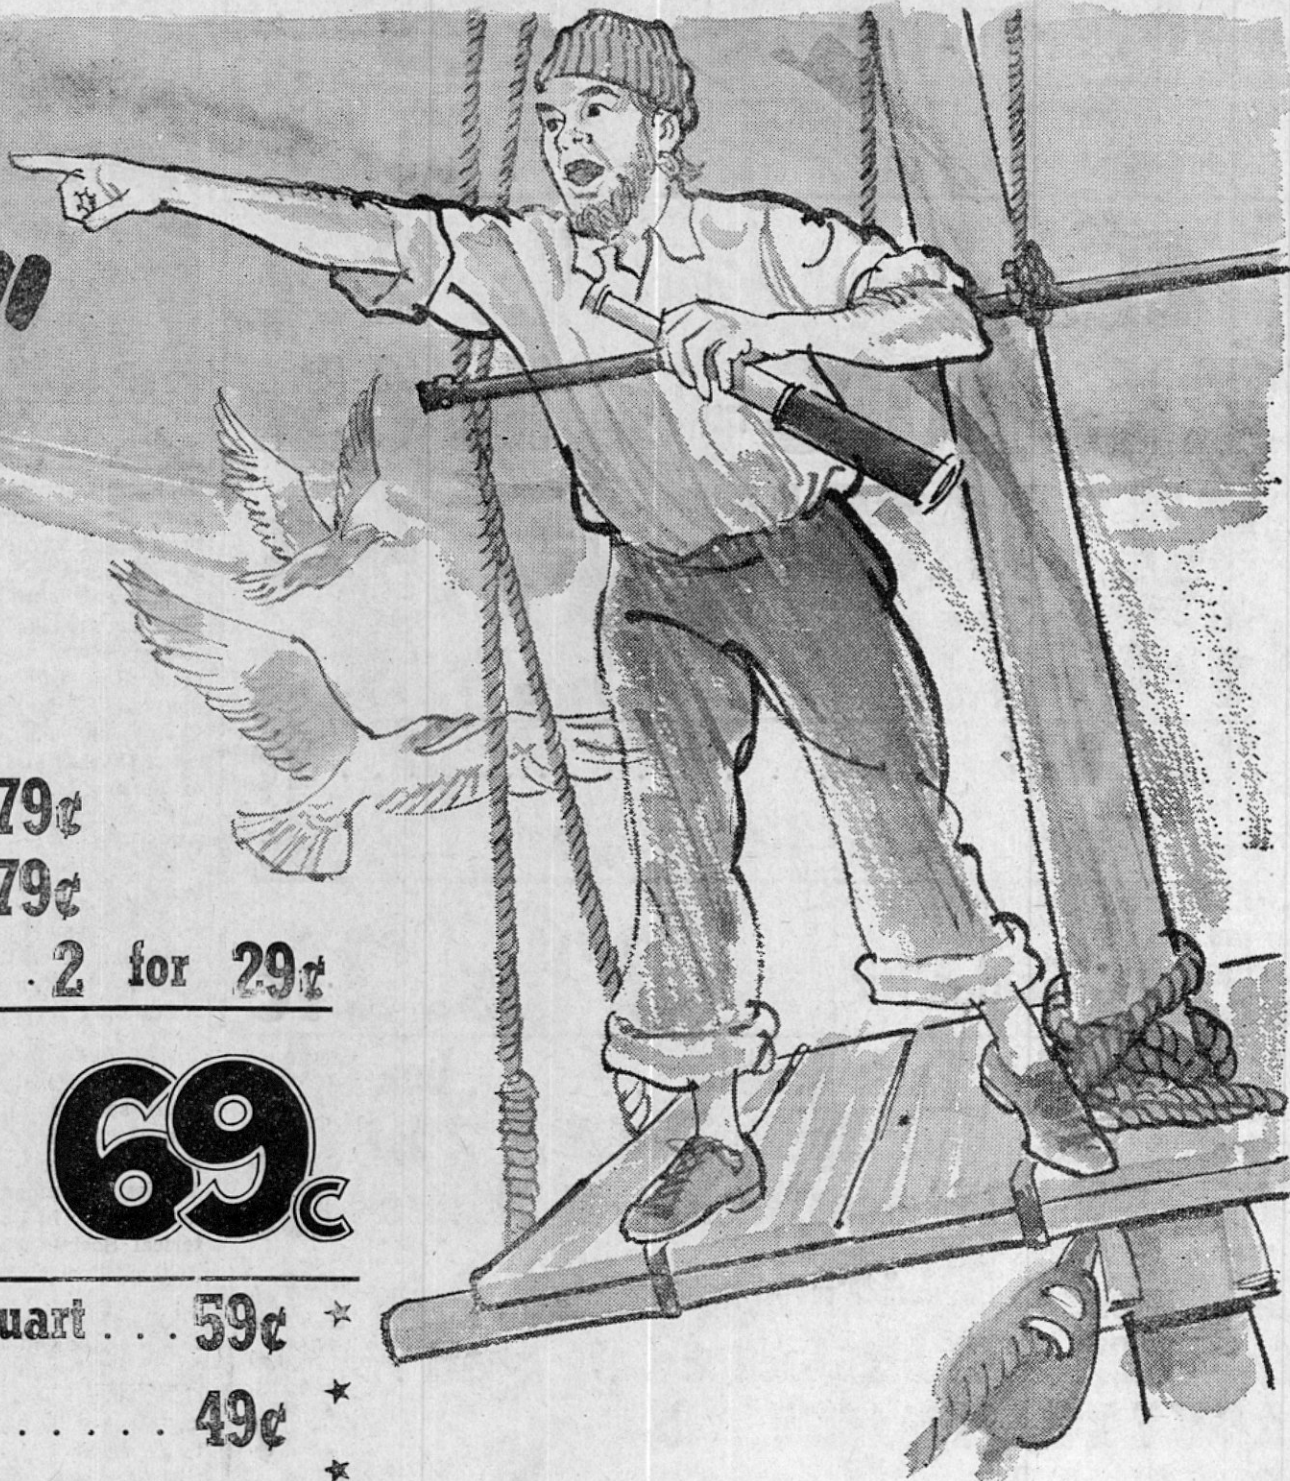

The opening song was the 4-H Song, directed by Sue Tucker and sung by approximately twenty 4-Hers, who organized the Blackland 4-H Club at this meeting. They were assisted by J. W. Archer and Dalton Garner.

Mr. Clifford Kizer, Vo-Ag teach-

er at Wheeler introduced Reverend David Greer, pastor of the Wheeler Methodist Church, who gave an inspiring devotional, using as his scripture a portion of the 15 chapter of John. A business discussion followed, with a work day planned for March 8, to repair and paint on the inside of the Community Center. The ladies of the community will prepare and serve lunch for the workers on that day. Mr. Kizer then showed the film "Scenic Mississippi", which was thoroughly enjoyed by all present. Refreshments were served at the close of the meeting.

Miss Nelda Diane Harris' Engagement To Joe Kingsley Is Announced

Miss Nelda Diane Harris

Mr. and Mrs. Homer Harris of Booneville announce the engagement and approaching marriage of their daughter, Nelda Diane, to Joe Kingsley of Booneville. Mr. Kingsley is the son of Mr. and Mrs. Guy Kingsley of Tupelo.

Miss Harris, who is employed at MasterSon, Inc., is the granddaughter of Mrs. J. B. Lipsey of Corinth and the late Mr. Jim Harris of Corinth and Mrs. Ethel Geno of Booneville.

Mr. Kingsley is manager of MasterSon, Inc.

Anthem. After the patriotic feature of the meeting, a dessert plate consisting of cherry pie ala mode, topped with creme de menthe, and coffee was served.

Miss Bess Bartlett, program director, graciously presented the guest speaker, Lt. Colonel Harry Jones, who is a member of the Social Science staff at Northeast Mississippi Junior College. He has membership in the Mississippi Historical Society and the Northeast Miss. Historical Society.

Col. Jones, spoke on the "Restoration of the Old Tishomingo Court House." Through diligent research, Col. Jones gave a wealth of factual knowledge concerning the history of this treasured landmark. Known with appreciation for his ability and talent as a speaker, his address was an impressive contribution to the organization historical objective. After a complete and authentic history, suggestions were made for the preservation of the building as a national shrine and museum for artifacts of the area.

Mrs. Lewis Earl Perry, National Defense Chairman, read an essay on "The Preservation of Our American Heritage," which was written by Glennis Gamble, who won 1st. place in the 1965, Navin History Award. Glennis is a graduate of Kate Duncan D.A.R. school. Minutes were read by Mrs. Jim Ward and Mrs. Harry Jones gave the

treasurer's report.

Mrs. Lee Rakestraw brought an appealing message from the President General, Mrs. Adele Sullivan who urged members to support the observance of American History month to help create a better understanding and appreciation of our Great American heritage. The message contained a fitting tribute to Abraham Lincoln, George Washington, and Susan B. Anthony.

Mrs. Marion Smitherman told the story of the famous and unique Cornog-Beardsley family quilt, which was made for a granddaughter to help her understand the part her ancestors had in the life of our country. The 42 squares included maps, old homes, family crests and the names of the ancestors who had fought in four wars. Mrs. Smitherman suggested that members consider the creation of a quilt of this design. At this time a rare collection of heirloom quilts were displayed by Mrs. J. W. Hollandsworth, Mrs. D. O. Riddle, Mrs. John Loric, Mrs. L. E. Perry and Mrs. J. E. Scott.

Delegates and alternates elected to Continental Congress, which will be held in Washington at the Mayflower Hotel April 18-22, were Mrs. L. E. Perry, Mrs. E. L. Robison, Miss Bess Bartlett, Dr. Mary Sumners, Mrs. W. C. Milner, De-

Read How Muntz Boosted Sales 485% With A Really Superior Product At A Lower Price!

We are very pleased to report that we sold more TV sets this last December than we used to sell in an entire year! Most of the increase has come in Color TV.

COLOR TV PERFECTED

Eleven years ago, Muntz made and we sold some of the 1st Color Television seen in the South. The experience gained since then has been a big factor in our success this year.

When the swing to Color TV hit, we were ready. We knew how to solve tough reception problems. Our factory had made good use of our 8-10 year head start in Color TV to work the bugs out of our circuitry. Service problems with color are running less than with black and white TV!

So Muntz' growing reputation for a superior color picture is not an accident, or dumb luck. It is the natural result of long experience and hard work.

A BIG BOUQUET FOR THE FACTORY

Muntz color comes from the factory picture perfect. We like to bet that we can take any set off the truck, open up the carton, plug it in and show a perfect color picture. We hardly ever lose.

The exacting Quality Control system at the Muntz factory checks and tests every single part over and over. There are 97 separate inspections in all. As a result, we confidently guarantee every tube, transistor—every part including the picture tube for an entire year.

TV IS OUR BUSINESS

Having a superior product to sell is quite gratifying, because TV is our business. We sell it, we service it. It's our life's work and we are proud to do it well. We like to believe that each of our eighteen years of experience in this specialized business has taught us to do things a little better.

WHAT MUNTZ LOWER PRICES MEAN

If you've shopped for Color TV, you've noticed that, model for model, Muntz is \$150 to \$250 lower than the competition. Yet careful investigation will show that Muntz has all the features: 27,000 volts of picture power, automatic degaussing, rare earth phosphors, space-age solid copper circuitry, "Memory" color-lock fine tuning, 82 channel transistorized tuning, automatic chrome control, full power transformer, electronically separate components, fine furniture hand-crafted cabinetry, solid-state stereo systems... there's no skimping on the products.

The savings come from the way we sell. Factory direct shipments in carload lots save money. We do without expensive national advertising and television advertising. As specialists in TV, we do a lot of things more economically than our more diversified competition. And we work hard.

THANKS FOR YOUR HELP

You, our customers in Prentiss County and surrounding area, are our most effective advertising. You sent us more than half of our customers. We think this is an especially appropriate time to express our appreciation for your loyalty and patronage, and to wish for each and every one of you GOOD COLOR VIEWING!

The past regents of Natchez, Chapter Daughters of the American Revolution observed History Month with a luncheon at the Town Motel on the day of George Washington's birthday.

Miss Bess Bartlett presided at the program period, when facts pertaining to the life of our first president, were brought to light in a review of his life.

Miss Bartlett while giving excerpts from Elbert Hubbard's scrap book, quoted from Daniel Webster, who said "America has furnished to the world the character of Washington, and if our American institutions had done nothing else, that alone would have entitled them to the respect of mankind."

Mrs. J. B. Wheeler gave a review of the D.A.R. story, "In Washington", with views of Memorial Continental Hall pointing out the contributions the Washington family have made to emphasize and to share treasures of Early American life. In the museum and library those things are preserved perpetuated and maintained that are of value to the country historically, educationally, and patriotically.

A portrait of George Washington by Rembrandt Peale, the likeness of Martha Washington, which appeared on the stamp issued March 5, 1938 and a face mold of Washington after Antoine's Houdon's original life mask were shown.

Mrs. Frank Milton quoting from Washington's Farewell Address said, "Tis our true policy to steer clear of permanent alliances, with any portion of the foreign world. It is essential that public opinion should be enlightened."

Mrs. J. E. Scott spoke of the spirit of Christianity and brotherly love manifested in his life. Justice to man and faith in God are two of the most outstanding attributes of Washington and of his forbears. The religious attitude of his mother and his ancestors had its influence inspiring within him that valiant spirit which enabled him to carry the Starry Banner of liberty and freedom to the heights of success. Washington often knelt in prayer in the snow, at Valley Forge through his great concern for his soldiers.

Those present were Miss Bess Bartlett, Mrs. J. F. Milton, Jr., Mrs. J. B. Wheeler, Mrs. Lewis Earl Perry, Mrs. E. L. Robison, and Mrs. J. E. Scott.

New Interest Rate On Savings Bonds

United States Savings Bonds are now a more attractive investment than ever before. W. T. Smith, chairman of the Prentiss County Savings Bonds Committee, said today in commenting on the increase in interest on Series E and H Bonds to 4.15 per cent.

Mr. Smith pointed out that the new rate applies from December 1, 1965 to all Savings Bonds, old and new.

"That means," he said, "that between 30 and 40 million Americans who now hold more than 49 billion dollars worth of Series E and H Bonds will automatically increase their earnings."

"Now, more than ever, it is both practical and patriotic to buy and hold U. S. Savings Bonds."

Under the new rate, announced by President Johnson, Series E Bonds will return \$100 for each \$75 invested after a maturity period of seven years. The rate increase in the case of H Bonds, which are bought at face value, will be reflected by larger semi-annual interest payments.

"Considering the indestructibility feature of Savings Bonds and the absolute guarantee of principal and interest, this is the finest Savings Bonds package ever offered," Mr. Smith concluded.

Vehicle Inspection Deadline March 31

Motorists are urged to have their vehicles inspected as soon as possible to comply with Mississippi's Motor Vehicle Inspection Law.

Inspections started January 1 and will continue through March 31. Due to bad weather we are lagging in vehicle inspections.

Gen. T. B. Birdsong, Commissioner of Public Safety, states, "Time is running short before the March 31 deadline. Don't delay having your vehicle inspected. Do it today."

Items which will be checked to insure the safety of your vehicle are brakes, lights, steering, tires, windshield wipers, horn and glass.

There are 1200 public, privately-owned garages and repair shops located over the entire state authorized to make inspections. No one is very far from an inspection facility.

Go TODAY and have your vehicle inspected if you have not already done so. It could save your

Tax Benefits For Older Americans

Tax relief is available to many retired persons in Mississippi who are living on a fixed pension or annuity. It also is available to older people who have incurred costly medical bills. Those reminders came from the Internal Revenue Service today.

For those on a pension, the benefit may be through the "retirement income credit" provision of the Federal income tax laws. These

laws also allow persons over 65 to deduct 100% of their drug and medical expenses. On home sales, those 65 years of age may elect to exclude from their income part or all of the gain from the sale.

Documents 5018 and 5569, which furnish more detailed information on this subject, may be obtained by writing to the District Director, Internal Revenue Service.

For the guy who'd rather drive than fly: Chevelle SS 396

Chevelle SS 396 Sport Coupe with Body by Fisher, seat belts front and rear, one of eight features now standard for your added safety.

**POTENT
THE CHEVROLET
WAY**

This is about a Chevelle—a very special one—with a bulging hood, a black grille and red stripe nylon tires.

Start it up and you've tuned in on 396 cubic inches of Turbo-Jet V8.

Get it moving and suddenly you're a driver again. With gears to shift. A clutch to work. Even a set of gauges to read, if specified.

Now take a curve, surrounded by a machine that delights in crooked roads.

This, you see, is an SS 396. A Chevelle, yes. But what a Chevelle.
