## Everyone Is Urged To Help Elderly Enroll In Medicare

"We are asking everyone to help the elderly enroll in the Medicare Program before the March 31 deadline," Hugh Tigrett, Social Security District Manager, announced today. "Members of the family, neighbors, and friends can render a valuable service to older persons by asking them if they have enrolled in the Medicare Program and if they haven't, by helping them get in touch with the Social Security Office now before it is too late," he added.

Time will run out on March 31 for enrollment in Medicare for those who were 65 years old or older on January 1 this year.

Medicare is a two part program of hospital insurance and supplemental medical insurance. An application must be filed with Social Security for either or both types of insurance. Almost everyone 65 or older can qualify even if they have never worked under Social Security, according to Mr. Tigrett. Hospital insurance under Medicare is free beginning July 1. Medical insurance costs \$3.00 per month (plus \$3.00 paid by the government) beginning July 1.

If a person who was 65 or over on January 1 this year does not enroll in the medical insurance program by March 31 he will not get another chance to enroll for two years and he will have to pay more than \$3.00 per month when he does enroll.

Mr. Tigrett said the Social Security Office in Tupelo will be open on Saturday mornings during the month of March for the convenience of people who work or for any other reason cannot contact the office during the regular work week.

## New Portable Classrooms Are Arriving Here

County Supt. of Education Mrs. W. M. Murphy states that 10 new portable units of two classrooms each are arriving for use in the county to supplement existing facilities.

The units are available under the Title I, Federal Elementary and Secondary Act.

The first unit will be used at Wheeler. Others to receive units are: Wick Anderson, 2, Marietta, 1, Booneville Elementary, 2, Thrasher, 2, New Site, 1, and Jumper-town, 1.

Built by Magnolia Mobile Homes at Vicksburg, Miss., the units are similar to mobile homes and are being pulled to the various sites.

## 14 From County On Honor Lists At Miss. State

STATE COLLEGE, Miss.—Some 1,367 Mississippi State University students have earned distinction as president's list or dean's list scholars for their fall semester academic records.

There are 487 students on the president's list, which requires a quality point average of 2.5 or better of a possible 3.0. The dean's list—requiring 2.0 to 2.5—includes 889 others.

All of the students were honored at recent Scholarship Day activities which included a military review, a reception and a convocation featuring an address by Dr. O. C. Aderhold, president of the University of Georgia. The activities were sponsored by Phi Kappa Phi scholastic honor fraternity.

Students from Prentiss County on the honor rolls include: Dean's List: Flora C. Calley of New Site; James W. Jones, Brenda D. McComb, John F. Milton, James T. Mitchell, Mickey R. Murphy, Robert F. Oakley, Linda K. Perry,

## NEMJC Tigers To Begin Baseball Action With Exhibition Game Tue.

The Tiger baseballers of Northeast Mississippi Junior College will get into action on Tuesday, March 22, in an exhibition game against Itawamba Junior College at the City Park field here.

They will open the regular season here with Clarke College of Newton Thursday, March 24. The Tigers now have 15 regular season games scheduled and may add one or two more, said Coach Kenneth Robbins who is in his first year here.

Coach Robbins said Wednesday afternoon, "We haven't been able to get in as much work as we needed because of the weather, but prospects seem pretty promising. It

looks like we will have some good competition for every position on the team with several boys who can go at about any position."

Listed on the mound staff are Mike Conner and Dave Harrington of Ripley and Ben Brewster of Corinth. Coach Robbins said that Brewster and Conner will probably be starting pitchers, and that the pitching should be adequate.

Battling for the regular job behind the plate are Milt Koon of Myrtle, John McGaughy of Ripley and Ed Coleman of Corinth.

First base hopefuls include Richard Goodwin of Ingomar, D. T. Whitfield of Booneville and Don Swinney of Jumbertown. Danny McClung of Tishomingo is at second, with Marion Stanford of New Albany at third and Herb Haynes of Ingomar at short.

Outfielders are Charles Jeter of Ingomar, Andre Dodd of Corinth and Travis Beard of New Albany.

Northeast operates at a disadvantage in Mississippi Junior College baseball competition. No baseball scholarships are permitted under the league rules, so athletic aid here can be offered only to 15 or 16 boys under the basketball program. All of the other schools in the league also have football and can offer athletic aid to from 60 to 65 boys.

## Youth Corps Program Revived

The Neighborhood Youth Corps, which was recently granted \$661,000 for the operation of an Out-of-School Program in 11 counties in North Mississippi, with the home office in Corinth, announced today that applications will be taken from interested parties.

The program, which will provide job training for enrollees, is designed primarily to help school drop-outs increase their ability to pursue suitable occupations. All drop-outs will work 30 hours per week at one dollar and twenty-five cents per hour. There will be six hours compulsory functional education per week without pay for continued youth corps enrollment. There is also a possibility that enrollees may be placed in vocational education classes in instances where there are openings. The necessary qualifications for youth corps enrollment are, (1) to have dropped from school before January 1, 1966; (2) to be between the ages of 16 and 21; (3) to have an annual income of less than \$3,000. Enrollees who have previously been employed in Neighborhood Youth Programs may qualify.

To apply, all drop-outs should go to the Neighborhood Youth Corps office which is located at the Old Welfare Bldg., in Booneville. The NYC official will arrange an interview with the employment service agent who handles applicants for this particular work program. The agent will be in the Booneville office on Thursday, March 17, 1966, at 8:00 A.M.

All public officials or public agencies interested in using Neighborhood Youth Corps enrollees should contact the director of the NYC Program in this county.

## Building Construction For New Plant Expected Soon

Mr. and Mrs. Walter Ruff will be in Booneville March 26 to make final preparations for the beginning of construction of the building for South Central Plastics, Inc. S. & J. Builders have the construction contract.

They will also make plans for the construction of a home in the Wickwood Subdivision in the northwest section of the Booneville area.

Announcement that the new plant would be located here was made January 18 when Mr. Ruff and local officials signed the agreement.

The major operation of the firm will consist of injection molding of plastic components, such as piano and organ parts, along with injection molding of other secondary operations to be performed for complete finished plastic products.

The building will be completely air conditioned and will contain 12,000 square feet of manufacturing area of steel construction, and 3,600 square feet of office space, which will be of brick and glass. It will be located on a site west of the G. M. & O. Railroad and north of Brown Shoe Company plant.

The operation will be on a 24-hour a day basis, working up to an employment of about 100 when full production is reached. Mr. Ruff said that a good percentage of the employees will likely be women. Start of operations is expected to be about June 1.

South Central Plastics, Inc., is a newly chartered concern here. However, Mr. Ruff's firm is currently operating two other production plants in New York State. He will make Booneville his headquarters and the other plants will be operated as subsidiaries.

His associates in the firm are Arthur Frank of Buffalo, N. Y. and Ferdinand Ruff of West Falls, N. Y., who will continue to operate the present companies, R. & F. Mold Company and Thruway Molders, Inc., in those locations.

Miss Annie M. Tucker, Nursing Consultant to Board of Trustees, Institutions of Higher Learning, State of Mississippi, and Miss Fannie Bell Young, Executive Secretary of the Board of Nurses, Examination and Registration, visited the Northeast Mississippi Junior College campus on March 8-10.

The program for the annual evaluation for continuing accreditation of Nursing got underway on Tuesday, March 8 with the consultants meeting with the nursing faculty. Following the introductory conference, the group reviewed the curriculum, the aims, objectives and accomplishments of the Northeast Nursing Program.

On Wednesday, the consultants conferred with Northeast President

Harold T. White, and Dean Harmon Boggs. Following a luncheon in the Blue Room, the group held conferences with the freshman and sophomore nursing students.

On Thursday, the representatives gave a summary of the evaluation of the nursing department.

## Negro Wanted In Robbery-Beating Is Arrested Here Saturday Night

A 27-year-old Corinth Negro man wanted in connection with a March 8 robbery and beating of a Guy, Tenn., woman was captured at Booneville Saturday night and waived extradition. He was identified as George Crawford, and had been apprehended the night of the beating and robbery, but escaped.

He was taken to the Magnolia Hospital in Corinth where Mrs. C. F. Rinehart identified him as her assailant, after which he was taken to the McNairy County sheriff's office in Selmer, Tenn.

Mrs. Rinehart, about 60, was said to have improved some from the facial and head wounds received during the beating.

Corinth Police Chief Art Mur-

phy said Mrs. Rinehart told officers a Negro broke into her home, beat her up, took \$800 and fled in her 1961 Chevrolet.

Booneville officers apprehended Crawford at a residence in the Sunflower section Saturday night about 8 o'clock. He is charged with assault and battery and robbery of the woman and stealing and transporting her car from Tennessee to Prentiss County, Miss. The automobile was recovered here by the Booneville Police Department.

Officers said the arrest was made possible through extensive investigation and splendid cooperation between the Booneville, Corinth and Iuka police departments, the Highway Patrol, and the Prentiss County sheriff's department.

## COUNTY AGENT NOTES

TAYLOR SMITH, County Agent

### COTTON PROGRAM

Lots of you have already decided which route to take on the new cotton program. But you must, prior to April 2, file with your local ASCS office your intended diversion for the 1966 crop year.

This is necessary to make you eligible for support payments on domestic allotment, diversion payments on acres diverted and loan payment on all cotton produced.

Just in case you have not decided on diversion rates or planting patterns, here is a hypothetical case:

### — 100 Acre Case —

An effective allotment of 100 acres, a projected yield of 600 lbs. an expected yield of 800 pounds and a cost of production of 17 cents a pound, or \$136 an acre.

On the domestic allotment of 65 acres, the grower will receive support payments of 600 x 942c x 65 acres or \$3,673.80 of support payments. Cotton net receipts will be 800 x 4c x 65 acres or \$2,080.

Receipts on the 12 1/2 percent that must be diverted (12 1/2 acres) will be 600 x 10.5c x 12 1/2 acres or \$787.50

diversion payments. For these two parts of the total allotment, returns will be the same regardless of the diversion rate chosen.

He has 22 1/2 acres that he can divert or plant. If diverted net re-

ceipts would be 600 x 10.5c x 22 1/2 less cost of following if in solid cotton, a net of \$1,282.50. If planted net receipts would be 800 x 22 1/2 acres less \$136 or \$720.00. Gain in favor of diversion, \$562.50!

Other factors to consider when making the decision include: reduced risk, placement of cotton on better land, prospect to increase projected yield which will raise government payments in future years.

### — 10-Acre Case —

For growers with 10 acres or less, payments on domestic allotment are figured the same as for the grower with a larger allotment. He will receive diversion payments of 10.5c x projected yield x acres in excess of domestic allotment. Then he can choose to divert or plant 3 1/2 acres. Using the same projected yields and expected yields and production costs, if cotton was planted on the full 10 acres, net returns would be \$29.82 less than if only 6 1/2 acres were planted.

### — Planting Patterns —

When it comes to planting patterns, the decision will depend on acres of land available per acre of cotton to be planted, quality of land and costs of producing cotton under various patterns.

2 x 4 or 4 x 4 skiprow planting should be considered at least to the extent needed to get diverted acres. In this case, you get diversion payments for the four row skip and at the same time you get increased yield. The choice of 2 x 4 or 4 x 4 will depend on the availability of good cotton land and equipment.

Growers should do all possible to increase or maintain yields. This includes not only use of skiprow but also planting cotton on only the best land and following all recommendations for increased cotton yields.

### RAISING DAIRY HEIFERS

Go all out to prevent calf losses. Here are some rules for growing good dairy heifers.

Provide a clean, dry maternity stall. Disinfect the naval of the calf and dry it off.

Make sure the new calf gets the first milk (colostrum) during the first three days of its life. Colostrum is high in proteins, vitamins and minerals. It also acts as a mild laxative.

Provide individual pens. Calves

## the new PATIO GAS GRILL

MAKES COOKOUTS ALL FUN  
...NO WORK!

Bring your patio up-to-date with the newest idea for fun-loving, hospitable families — the Patio Gas Grill. Now you're ready for a cookout at the drop of a hint — or the drop-in of a guest!

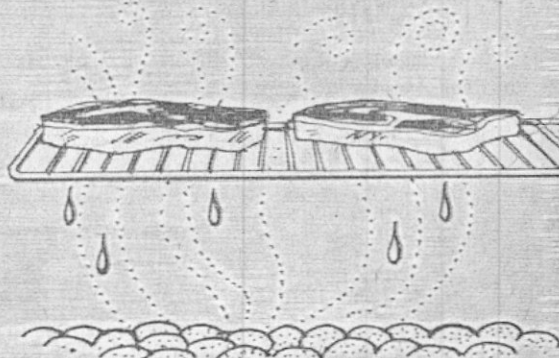

No old ashes to clean up, no charcoal to haul, no fire-starters needed, no waiting for coals to burn down to the right cooking temperature. The Patio Gas Grill lights instantly, adjusts instantly to the heat you want, uses clean ceramic briquets that eliminate all the "dirty work" of charcoal cooking.

And with this new grill you get all the true "charcoal flavor" that makes outdoor cooking so delicious. Surprised? Charcoal flavor without charcoal? Read on.

## HOW DO YOU GET "CHARCOAL FLAVOR" WITHOUT CHARCOAL?

### PROFESSIONAL CHEFS KNOW THE SECRET

They know that charcoal itself has neither odor nor flavor. (If you don't mind a little dirt, make the "sniff-test" and see for yourself.)

What we call "charcoal flavor" is really the result of meat fat and juices dripping on hot coals or briquets. As they are converted into smoke, the smoke rises with the heat and penetrates the meat or whatever else is cooking on the grill. This is the way the char-broiled steaks of famous restaurants are cooked. Now you can cook the same way with the same luscious results right on your own patio.

## Cub Scout Blue And Gold Banquet At Methodist Church Attended By 150

Cub Scout Pack 34 of Booneville held its Blue and Gold Banquet recently at the First Methodist Church.

Approximately 150 attended the annual event, an occasion when Cub Scouts enjoy fun and fellowship with their families and other guests.

Following the meal for which the Reverend J. L. Gore, Pastor of the

Freewill Baptist Church and Scoutmaster, gave the invocation, Mrs. Huey Wood with Mrs. Tom Garner at the piano, led the group in singing.

Bill White, Cubmaster of Pack 34 introduced Ken Smith, an Eagle Scout and recipient of the God and Country Award, who served as Master of Ceremonies. Welcoming the group was Reverend W. R.

Richerson, Pastor of the First Methodist Church, sponsor of Scouting; Mrs. Richerson also attended. Since Scouting is a "way of life" to Ken, he effectively paid tribute to those who had influenced him so greatly, especially his father, Ken Smith, former Cubmaster, and Scoutmaster, and his mother, a Den mother, for five years.

Special guests were Mr. Richard Milam, Corinth, Boy Scout Executive for Jacinto District, who presented the awards and Mr. and Mrs. Coltharp of New Albany. Mr. Coltharp entertained the group with a series of cartoon drawings. Other guests who have contributed much to Scouting were Scoutmaster Billy Barnett, and Mrs. Barnett Troup 34; and Scoutmaster Billy Cox and Mrs. Cox, Troup 37. Present also were Bro. and Mrs. J. A. Thornton, and Rev. and Mrs. Huey Wood.

Recognized also was the Pack Committee with W. L. Caver as chairman; Harold Pritchard and Charles Stanfill. Den mothers of

the following dens were introduced: Mrs. T. W. Muse, Den No. 1; Mrs. O. C. Robinson, Den No. 2; Mrs. Gene Davis, Den No. 4; Mrs. Wayne Hunter, Den No. 5; Mrs. Mamie Franks, Den No. 7; Mrs. Lester Crow, Den No. 9; and Mrs. Mose Johnson, Den No. 10.

The meeting was adjourned after the singing of God Bless America.

## Take A Pat On The Back . . . And A Step Forward

Mayor Clarence Witt of Ripley visited Booneville last week to discuss with Mayor M. W. Smith the steps in securing a Housing Project for Ripley.

Our genial mayor showed him the new housing project here, and around the city in general, including our fine junior college, the new addition to our hospital, our numerous industries, new residential areas and new businesses.

Mayor Witt was very complimentary of what has been accomplished here and his kind remarks were especially appreciated, coming from the mayor of our progressive neighbors of Ripley.

Much has been done, including the recent extension of the natural gas system. People from all over the state say good things about our city—one of the more prosperous cities in Mississippi from the standpoint of per capita income. During the past 10 to 12 years we have secured several new factories, we have an impressive and functional power association building, professional and business men have built a new medical clinic, dental clinic, shopping center, public health clinic, new Welfare offices, and numerous businesses have had additions and remodeling. The contract has been awarded for construction of the Booneville-Baldwyn Airport.

Booneville and Prentiss County have a good balance of agricultural and industrial income, with a high percentage of industrial jobs for the population. More revenue is received almost every year from cotton, dairying, poultry and egg production, soybeans, livestock and forestry products.

Our fine industries are American Seating Co., American Packing Co., Brown Shoe Co., Blue Bell, Inc., Prentiss Manufacturing Co., MasterSon, Inc., Kraft Foods, Marathon Cheese Corp., M. S. Jordan Corp., Quality Egg Co., and the last acquired, South Central Plastics, Inc.

So, city fathers, county board members, and citizens of Booneville and Prentiss County, take a pat on the back. It is well deserved.

But we must not be content to bask in the limelight. Let's turn around and continue to take forward steps. Plans for city zoning should be pushed toward completion and serious consideration needs to be given to extension of our city limits to permit room for further growth and to allow more of the fine business and professional people who have a direct interest in the city to have a voice in the city affairs. Continued encouragement should be given our area farmers to participate in pasture improvement programs, forestry programs, and the upgrading of their dairy herds and other livestock.

Our city streets and sidewalks are in need of a great deal of improvement, more parking should be provided in Booneville, a new city hall is badly needed, and renovation of the county court house should be at least in the planning stage. And, another road leading east of town is a long overdue need.

These are things that won't just happen if we sit around and wait. We must work for them, and if we want to keep up our good reputation as a progressive city, we need to start now!

## Cotton Acreage For Soybeans Is Urged By Rep. Abernethy

Representative Thomas G. Abernethy of Mississippi, a member of the House Committee on Agriculture, today urged "whatever authority and action that might be necessary" to clear the way for cultivation of soybeans on acreage retired from the production of cotton.

"The President has said that we need more soybeans for ourselves and to help feed the peoples of starving nations. Apparently, the beans are in critically short supply," the Mississippian said. He pointed out, "thousands of cotton farmers are willing and eager to produce soybeans on the acreage taken out of cotton, more than 300,000 acres alone in Mississippi. But they are denied this privilege, first, because of the 1965 cotton law and, second, because of discriminating regulations prepared by the Department of Agriculture."

Mr. Abernethy quoted from the President's February 10 "World War on Hunger" message, as follows:

"To meet these needs, I am today directing the Secretary of Agriculture to take action that will increase soybean production in 1966. The demand for soybeans has climbed each year since 1960. Despite record crops, we have virtually no reserve stocks. To assure adequate supplies at prices fair to farmers and consumers, the Secretary of Agriculture will use authority under the 1965 act to encourage production of soybeans on acreage formerly planted to feed grains."

"Why," the Mississippian inquired, "should the desired increase be limited to acreage formerly planted to feed grains? Why discriminate against farmers whose acreage has been planted to cotton? I am sure the President never intended such discrimination. He says we need the beans. So how could it make any difference with him what acreage they are produced from?"

Mr. Abernethy said that cotton farmers came forward and offered to cooperate, all they got from the Department was a statement that there was some kind of "gimmick" in the law that won't let them. With all deference, this just isn't quite accurate. The Department could, in my judgment, handle this by amending its regulations.

"If there is a 'gimmick' in the law, then I and several other Members of Congress have moved to eliminate it by the introduction of legislation. I hope our bills get broad and prompt support, especially from the President and Secretary of Agriculture, so that Congress may act in time for cotton farmers to make a solid contribution this year to domestic and world needs through production of soybeans."

The House Agriculture Committee will hold public hearings on the bills introduced by Mr. Abernethy and others on March 15 and 16.

## Miss Williamson Is Invited To Apply For Science Grant

The National Science Foundation of Washington, D. C., has notified Miss Reba Williamson, one of the science instructors at The Northeast Mississippi Junior College, that she is invited to apply for a supplement to an original \$2,000 grant issued for furtherance of her research with nickel demethylglyoxime.

The Foundation originally chose Miss Williamson as a recipient of the grant from a group of instructors participating in the college teacher's research program in 1963 at the University of Mississippi. Once a person has received an Academic Year Extension Award, he is rarely invited to apply for a supplemental grant. However, the Foundation feels that if Miss Williamson is allowed to continue her research for one or two years, she may then be able to secure support

## Saddle Club Parade And Grand Opening Set For Next Month

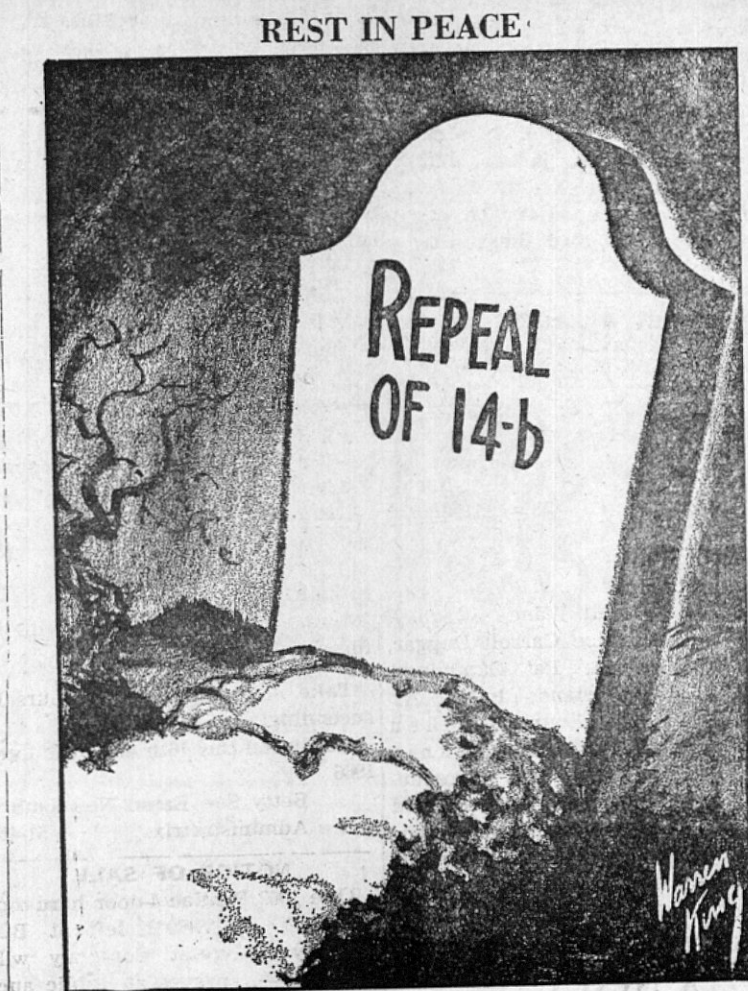

At the meetings held last Thursday and Monday nights, the Prentiss County Saddle Club made plans for opening the season. There is no better way to open any season than with a parade. This will take place April 3rd, weather permitting, starting from the city park. The Parade Marshalls, William Yates, T. A. Cook, Jr. and Martin Davis, will start lining up the participants at 1:30 and start off promptly at 2:00. The Prentiss County Club will lead the parade. All clubs are invited to join in. It is requested that each club leader report to the Marshalls so they may be assigned a position and group leader. The route is being planned by the Marshalls and City Police.

Also, if you plan to ride a Stallion in the parade, please see the Marshalls, the Stallions are being assigned to a special position.

The arena grounds will be open the following Sunday for pleasure riding. There will be no contests. All members are urged to come, as the plans are now being made for the Grand Opening to be held on April 17. Again we say weather permitting. If not, this will be postponed until the following Sunday.

Entertainment and refreshments will be provided by the club. We hope to have several contestants to participate in the following events: Shetland Ponies Ladies Pleasure; Men's Quarter Horses; Men's Saddle Horses; Ladies Quarter Horses; Sack Race; Calif Roping. Trophy buckles will be presented to First Place winners of each event. Ribbons will be presented to 2nd.

from a research agency. The supplementary grants will be for the amounts of \$1,000 to \$2,000 and they will be awarded to selected AYE award holders. If Miss Williamson is selected to receive the supplementary, the grant for further research on her project will be awarded to the college.

## Individual Rights Upheld

The right of individual states to outlaw compulsory unionism has been upheld for the third time in ninety days in the United States Senate through the spirited, dedicated leadership of Sen. Everett M. Dirksen, (R.-Ill.).

Even though the Administration and labor leadership gave the issue top priority rating, the campaign against Section 14(b)—the right-to-work provision—of the Taft-Hartley Act of 1947 was thwarted when the Senate refused to end the filibuster against the repeal bill.

Credit for defeat of the drive for repeal in a large measure, must be given to the many voices raised on this volatile issue. Through the press and other media, national leaders—both Democrats and Republicans—and even union members expressed their concern that repeal of 14(b) would be a great setback for the cause of individual liberty. The opponents of repeal were bolstered by a recent national fact-finding poll which found that the American public, by a 4% to 1 margin, believed that Section 14(b) of the National Labor Relations Act should be retained.

Now that the votes are in, and as Sen. Mike Mansfield (D-Mont.) commented after the last rebuff, "the bill would remain on the calendar, but would be carefully inscribed: R.I.P."

And may we add, let us hope that this interment be a final one. Even in the great American pastime—baseball, it's three strikes and you're out!

Music will be provided at intermissions by Wayne Michael and his band. If other bands wish to take part, they are more than welcome to do so.

The climax of the show will be a drawing for a Shetland Pony. See any officer of the club for information.

Equestrians, you have but two weeks to prepare your horses for the parade, three for the show, now is the time to get in shape.

## Local Business

By S. S. TALBERT  
Chairman, Dept. of Journalism  
University of Mississippi

"It is our conviction that month in and month out, the hometown newspaper still stands today as the basic medium for our dealers' advertising."

So states the advertising manager of one of the "Top Five" automobile companies. For this reason, he said, the company advertises with almost 2,000 dailies and 3,000 weeklies in a normal month.

"Hometown advertising, to me, is vitally important," he said. "Forty per cent of our advertising budget is spent in hometown areas. Without that 40 per cent of sales potential, we'd be out of business."

The automobile industry is but one of the many businesses which could not operate, at least in the same form, without the use of newspapers. All of the major automobile manufacturers utilize newspaper.

One local dealer said, "Without our newspaper service we'd be out of business in two weeks. By keeping car sales up, we don't have any left to depreciate on our hands. Our customers gain on it, too. We can afford to make less on each sale if we have a good business going."

Newspapers have remained the top local advertising medium for the automobile industry since the "mass produced" auto was conceived. Year after year, newspapers have played a major role in introducing new models and sustained the demand which has made the automobile industry the backbone of the American economy.

The desire created in a community for new products or new models stimulates trade which helps the medium, the public, the manufacturer, and the retailer.

## Just Scribbling

MRS. FD JOHNSON

To someone who didn't know, it must have been a curious sight; a few adult men had assembled on the edge of West Berlin, Germany, with children's balloons in their hands. It was no juvenile undertaking. One man had an instrument to measure wind velocity; another man manipulated gauges to check air currents and the speeds of ascent. Still another was an amateur weather forecaster.

They released the balloons and let them fly over the Berlin Wall. And they were carrying material telling the truth about communism to those behind the Iron Curtain.

These men are a dedicated band of freedom fighters, who for 15 years have infuriated the East German government. Up to now they have sent over 300 million leaflets, posters and handbills over the infamous wall, and each balloon seems to shout, "Go and fly a kite, Comrade!"

Sometimes we may think the United States is the only one fighting communism; so it is with interest and appreciation to hear about these men who have waged a psychological war for 15 years.

Can you name this vital ingredient? It is highly contagious. It banishes gloom and discouragement. Everybody needs it. Wicked men try to kill it. Wise men never hoard it. It can't be bought, not at any price, yet it is worth the whole world. And it is one of the most thoroughly necessary ingredients of life.

The answer is HOPE.

Farmer, plowing with one mule: "Giddap, Pete, Giddap, Barney! Giddap, Johnny."

Stranger: "How many names does that mule have?"  
Farmer: "Only one. His name is Pete, but he doesn't know his own strength; so I put blinders on the rascal, yell a lot of names at him, and he thinks two other mules are helping—"

Who brought a load of hay down Blackland Road about two weeks ago? Well, they also brought a chicken and Jane Caviness saw it fly down off the hay into the road.

It now spends the day, all by itself, in the lot back of the Jack Gardner home. But at night it comes to the same pine tree in their yard and Hazel (Mrs. Gardner) says, "It gets way, way up in that tree and roosts—sometimes with the wind swaying the limbs back and forth."

Poor chicken. It's destined to live a life alone unless someone has a flock of Rhode Island Reds and recently brought a load of hay to town . . . and will come get it.

On the other hand, everybody likes fried chicken.

Madam: "Marie, when you wait on the table tonight for my guests, please don't spill anything."

Maid: "Don't worry, ma'am. I never talk too much."

If the grass looks greener on the other side, it's probably because it's better cared for.

The Bible School teacher asked Johnny if he had studied his lesson. Johnny assured her he had, so when she asked him which parable he liked the best, he quickly replied: "I like the one where everybody loafs and fishes."

## Newcomer Is Complimented

A dozen or more convivial cohorts skittered down the highway that warm sunny Thursday morning last week to the enticing home of Mrs. J. C. Hoogerhyde for coffee complimenting Mrs. C. P. Close, newcomer to Booneville.

The hostess had picked the first of spring blooms to enhance the decor of an already charming living room. A votary of the crafts, the hostess' varied talents were evident all about the place, from useful enamels to wall plaques and colorful ornaments. While each guest sipped coffee and munched the hostess' own superb date-nut, chocolate, or sour cream cake from treasured china, they chattered easily with the charming honoree and one another, stretching the happy morning.

Mrs. Close's husband is a member of the American Seating Company staff and the Closers are at home in the former lawyer residence on Wildwood Drive.

The Captain of the "Ariadne" greets and welcomes Les McCullar as he embarks for a tour of Nassau and the Bahamas.

### Mr. Les McCullar Enjoys Vacation

Mr. Les McCullar, the personable G.M. & O. Agent, returned Monday from a three weeks vacation of unusual interest, which he enjoyed in Florida and the Bahamas.

Leaving on February 18th, he stopped over for a visit with Mrs. W. B. Doty, in Jacksonville Beach, Fla., and with his niece, Mrs. Martha J. Webb, near Silver Springs. From there, his itinerary included a stay in Tampa, St. Petersburg, Sarasota, Ft. Meyers, Tamiami, and the scenic beauty of the everglades, Miami, the beach and Pompano.

After seeing the places of note in these cities, Mr. McCullar embarked on the S.S. "Ariadne" for Nassau and a tour of the Bahamas. A special feature of this trip was a fabulous display of performing flamingoes trained and drilled by a native. This spectacular performance, most unique, is said to be the only exhibit of its kind in the world.

On board the ship, the passengers saw in passing Prince Philip of England, escorted by a British Warship.

In Key West, on the Conch train, a miniature railway system for tourist sight-seeing, Mr. McCullar

### Prentiss County Syrup Producing, Marketing Cooperative Discussed At Marietta RCDC Meeting Mar. 14

The Marietta RCDC meeting was opened March 14 with a prayer by Leslie Estes. The minutes of the last meeting were read by the secretary and approved by the club. The featured speaker for the night was Mr. Charles Young, who presented facts, figures and explanations of the Prentiss County Syrup Producing and Marketing Cooperative.

Mr. Young stated that the charter would permit other truck crops to be processed as the need arose.

He saw all of the section, with the engineer-guide constantly relating the full history, on the hour and a half tour.

In Cocoa Beach, an arrangement was made for a deep-sea fishing jaunt.

The Florida vacation was concluded with a visit in the home of Mr. and Mrs. Hamilton Mathis in Lake City.

Mr. McCullar said "what was most impressive about my entire visit, was the cordiality of the people."

He said that the possibilities for the production and sale of sorghum syrup are staggering. Mr. Young reports that enough acres have been pledged to insure the success of the project and that others may still get into the cooperative as charter members. It was pointed out that only members could be served by the plant this year.

Mr. Young stated that farmers would be paid \$2.00 a gallon at the time of harvest and additional payment when the sorghum is sold. It was also stated that 200 gallons per acre is a conservation estimation of what one acre can be expected to produce.

It is hoped by the Marietta Club

### Mutual Insurance Week Next Week

Malcolm Carter, owner of the Carter Mutual Insurance Agency, and John Vassar, owner of Vassar Insurance Agency, are announcing that the week of March 20-26 is being observed as Mutual Insurance Week throughout the Nation.

Benjamin Franklin organized the first Mutual company in 1752. The company was named, The Philadelphia Contributionship For The Insurance of Houses From Loss By Fire. It has grown from this hum-

that more Marietta farmers will get in this project and add another money crop to the community economy.

Both Mr. Estes and Mr. Young assured the group that the Marietta Water System is a reality. All of the preparations are completed and as soon as some red tape is cleared up, construction may begin.

During the fellowship period, soft drinks were served by the entertaining committee, of which Mrs. Grafton Burns is chairman.

WORK DAY—Members of the Blackland RCDC met Tuesday for a work day at the Community Center. Shown enjoying the delicious meal are left to right, Duke Houston, Timmy Rowland, Eugene Rowland, Dalton Garner, Ocie Tucker, and Archie Saylor. Twelve families were present for the work day. The regular meeting will be held Monday night at 7:30. Mrs. E. O. Roden will show slides of her trip to the Holy Land. Refreshments will be served.

### CARD OF THANKS—

We would like to express our heartfelt thanks for every consideration shown us during the illness and death of our beloved wife, mother, grandmother and sister, Mrs. C. C. Gann.

Words can never express our appreciation to the friends, neighbors, nurses and staff at the hospital, who were so faithful in their acts of kindness. We express our deepest thanks to all of those who sent flowers, especially do we

thank Dr. Galloway for the untiring hours he spent at her bedside and Bro. J. A. Thornton and Bro. G. T. Pharr, Jr. for their words of comfort that helped ease the pain of our sorrow and loss. May God's richest blessing be yours is our prayer.

C. C. Gann Mr. and Mrs. Ben Gann Mr. and Mrs. Charles Gann and children Mr. and Mrs. Harrell Floyd and children Allen G. Kizer. 51-1tc

### CARD OF THANKS—

I want to thank my dear friends who remembered me with a deluge of cards and letters after my accident. I wish I could answer everyone individually, but that is not

possible. Every lovely card and letter helped to make my days in the hospital less painful. I am home now in a wheel chair looking forward to the time that I will be walking again.

Giffie Allen Babb 930 S. W. 17th St. Ft. Lauderdale, Fla. 51-1tp

CARD OF THANKS— We wish to thank each and everyone who was so kind and thoughtful of us in our great sadness and loss of our dear father and brother. We especially thank those who sent flowers and brought food. Also Bro. Rinehart and Bro. Miller for their comforting words.

May God bless all of you. The William Gilley Family 51-1tp

## WHAT DOES HE SEE ?

What a birthday present! Young Dan can see all sorts of things with that telescope that are invisible to the naked eye. The sky, with its stars and its moon, seems so much closer.

Yet, there is still so much that remains unseen. The best instruments man can make are insignificant when measured against the scope and depth of God's universe.

That's where *faith* comes in. We know that there are other galaxies that can't be seen through even the most powerful of telescopes. And we know, too, that *faith*, though invisible, is the greatest power of all.

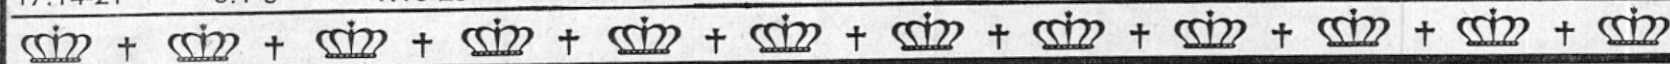

If *faith* is something that doesn't quite come across to you, the Church is the best place in the world to help you solve its mystery. If *faith* is already yours—what better way is there to reaffirm it than by going to church this Sunday?

### THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Highway Department Has Training Workshops For Technical Problems

The Mississippi State Highway Department has recently concluded a series of training workshops for department personnel which were designed to stress discussion of day-to-day technical problems that arise in the field, according to Northern District Highway Commissioner Roy C. Adams of Tupelo.

There were five workshops in the series and included such sub-

ject groups as earthwork and bases, concrete, structures, asphalt and the preparation of final estimates for construction items.

Commissioner Adams said that in the 31-county Northern Highway District the workshops were held at the district offices in Tupelo and Batesville. All of the meetings featured a round table type format with slides or demonstrations used to illustrate specific points of interest.

Panel leaders came from the district hosting each workshop with the over-all program arrangements being coordinated by W. C. Webb, State Training Officer, from the Highway Department's central office in Jackson.

Commissioner Adams added that workshops of this type are a valuable aid in enlightening personnel on the ever-changing methods of highway construction as well as providing an outlet for the exchanging of ideas.

## NOTICE OF SUBSTITUTE TRUSTEE'S SALE

WHEREAS, on July 18, 1961, James Glover and wife, Rachel Cox Glover, executed and delivered a Deed of Trust to Herb Swinney, Trustee for Joe Springfield, d/b/a Springfield Homes, beneficiary, upon certain lands in Prentiss County, Mississippi, therein and as herein-after described, to secure an indebtedness as therein mentioned, which Deed of Trust is of record in Trust Deed Book 64, Pages 561-563, of the records of trust deeds in the office of the Chancery Clerk of Prentiss County, Mississippi; and

WHEREAS, said Deed of Trust was assigned and transferred by Joe Springfield, d/b/a Springfield Homes to Confederate States Investment Company on August 26, 1961, which assignment is recorded in Trust Deed Book 65, at Page 171, of the records in the office of the Chancery Clerk of Prentiss County, Mississippi; and

WHEREAS, on August 29, 1961, Confederate States Investment Company, a Mississippi Corporation, assigned said Deed of Trust and indebtedness secured thereby to Confederate States Savings and Loan Association No. 4, Clarksdale, Mississippi, said assignment being of record in Deed of Trust Book 65, at Page 228, of the records of the Chancery Clerk of Prentiss County, Mississippi; and

WHEREAS, Confederate States Savings and Loan Association No. 4, Clarksdale, Mississippi, was merged with Confederate States Savings and Loan Association, Jackson, Mississippi, on June 15, 1963, said merger being recorded in the office of the Chancery Clerk, Hinds County, Mississippi, Book 31, Page 107, Confederate States Savings and Loan Association being the surviving corporation; and

WHEREAS, in accordance with the terms of said Deed of Trust

Confederate States Savings and Loan Association, as Assignee, did by instrument dated February 17, 1966, appoint Eugene Gifford as Substituted Trustee in the place of and as successor to the original Trustee in the aforesaid Deed of Trust, subject to the same duties, obligations and restrictions and vested with the same title, rights, and powers as were theretofore vested in the said original Trustee, said appointment of Substitute Trustee having been filed for record in the office of the Chancery Clerk of Prentiss County, Mississippi, in Power of Attorney and Substitution of Trustee Book 4, Pages 529-530, and

WHEREAS, default has been made and is now existing in the payment of a part of the indebtedness secured by the aforesaid Deed of Trust and the entire indebtedness now being due and payable, said Confederate States Savings and Loan Association having re-

quested foreclosure of said Deed of Trust, I, the undersigned, Eugene Gifford, as Substitute Trustee in the aforesaid Deed of Trust will on the 18th day of March, 1966, within legal hours, offer for sale and sell at public auction and outcry to the highest and best bidder for cash at the West door of the County Courthouse of Prentiss County, Mississippi, in Booneville, Mississippi, the following land lying and being situated in Prentiss County, Mississippi, and more particularly described as follows, to-wit:

Part of the South Half of the NE 1/4 of Section 19, Township 6 South, Range 6 East, described as follows:

Beginning at a point on the South boundary of said quarter 532 feet East of the southwest corner and run North 205 feet; thence East 182 feet to the West boundary of Public Road; thence South 46 degrees East with the West boundary of said road

60 feet; thence South 1 degree 30 minutes East along the West boundary of another public road entering the above road from the South 106 feet; thence West along the South boundary of said quarter 213 feet to the point of beginning. Containing 1 acre, and being the same land described in the aforesaid Deed of Trust.

I will convey only such title as is vested in me as Substitute Trustee in said Deed of Trust.

Witness my signature on this the 23 day of February, 1966.

### Pearl Caldwell Circle Meets

The Pearl Caldwell Circle of the First Baptist Church met Monday afternoon in the Fellowship Hall with Mrs. M. T. Pardue and Mrs. J. W. Holley as co-hostesses. The opening prayer was given by Mrs. John Curlee.

The Circle program, "Teaching Church Members To Participate In Missions," was directed by Mrs. Pardue, program chairman. Mrs. Tony Blythe gave the devotional from Rom. 12:1, then led in the Call to Prayer, for Missionaries having birthdays on that day.

Those taking part on discussions of "How can you participate in Missions" were Mrs. O. L. Maxwell, Mrs. A. V. Dixon, Mrs. J. W. Holley, and Mrs. N. W. Baldwin. Mrs. Pardue gave the closing meditation "Hark The Voice of Jesus Calling," followed by prayer.

All members of WMS will participate in the Home Mission Offering, with a goal of \$500.00.

The hostesses served ice box pie, banana bread and cheese tidbits with coffee.

### February Welfare Payments Are Up

Miss Evelyn Gandy, Commissioner of Public Welfare, said 115,961 payments in the amount of \$4,582,863 were made to recipients of the four programs in February of 1966.

This was an increase of \$15,745 from January. An average monthly grant of \$38.91 was made to 73,068 aged people; 2,513 blind people received monthly grants of \$45.84; there were 67,439 dependent children who received an average of \$10.65; and 19,827 permanently and totally disabled received \$45.72 as average grants.

Carole Glover of Iuka, will serve as president of the Northeast Mississippi Junior College Iota Zeta Chapter of Phi Theta Kappa for 1966. Other officers are vice-president Bunni McNeely, Secretary, Ruth Alexander, Treasurer, Susan Griffin, and Counsel Member, Sandra Clayton.

Carole, a home economics major is also serving as president of the Wesley Foundation and secretary-treasurer of the Student Government Association. She was the recipient of the Student Government Association scholarship and was a

finalist in the Miss Northeast Contest. Carole, a sophomore, plans to attend MSCW and has chosen the profession of home economist as her career.

Bunni McNeely, a freshman, is majoring in Industrial Engineering. Coming from Iuka, Bunni enjoys swimming, waterskiing, bowling, tennis, and sewing. At NEMJC she belongs to the Engineering Club and the Math Club. Bunni plans to obtain her degree from Mississippi State.

Shown at the first annual Phi Theta Kappa luncheon in the Northeast Mississippi Junior College are the officers of the society and Dean Harmon Boggs. From left to right are Susan Griffin, Baldwin, treasurer; Bunni McNeely, Iuka, vice-president; Carole Glover, Iuka, president; Ruth Alexander, Corinth, secretary; Sandra Clayton, New Albany, Council member; and Dean Boggs.

Mississippi State.

Ruth Alexander, who also serves as president of the Phi Beta Lambda received a Top Ten Plaque for her freshman year. She is majoring in Business Education and plans to get her degree from Mississippi State, where she will transfer in September. Outside of school, Ruth enjoys reading, sewing, and working with the GA's of her church.

Susan Griffin, of Baldwin, is studying Biology with an emphasis on Medical Technology. Susan plans to transfer to Ole Miss next year and continue this interest. At home Susan enjoys reading, traveling, interior decorating, and painting. This versatile girl is serving as vice-president of the Science Club and belongs to the BSU and the Language Club.

Sandra Clayton of New Albany is a freshman secretarial science major. After graduation at Northeast, she hopes to find employment as a secretary. Her hobbies are sewing and playing the piano.

The purpose of Phi Theta Kappa is to promote scholarship, to develop character, and to cultivate fellowship among the students of both sexes of the junior colleges of the United States of America. The emblem of the society is an old-fashioned watch key embodying the Greek letters, Phi, Theta, and Kappa.

To be eligible for active membership, a student must possess the following qualifications: He must be of good moral character and possess recognized qualities of citizenship as judged by the faculty. At the time of election he must

JOINT MEETING—The B. & P. W. Club and the Pilot Club held their joint meeting Thursday evening at the Town Motel. Shown left to right are Mrs. H. A. Berry, guest speaker; Mrs. William H. Preston, B. & P. W. President and Mrs. Clifford Kizer, Pilot President.

Business And Professional Women's Club Entertains Pilot Club Thursday

The annual joint meeting of the B. & P. W. Club and the Pilot Club of Booneville was held last Thursday evening, March 10, at the Town Motel Restaurant with the B. & P. W. Club as host club. Mrs. William H. Preston, B. & P. W. President, welcomed the group and Mrs. Clifford Kizer, Pilot President, responded, expressing appreciation for the joint meeting. The invocation was given by Mrs. Vance Dixon. The lovely decorations were accompanied by Mrs. Thomas Keenum and Mrs. Luther Moore. Yellow flowers in profusion on the individual tables for four, speakers' table and buffet tables. Yellow candles added a glow of spring

Medicare Blanks Available At P.O.

Postmaster J. K. Lindsey, Booneville, announced today that application blanks for supplemental Medicare benefits are available at the Post Office.

The application blanks are being made available as the Social Security Administration seeks to contact 3.1 million senior citizens before a March 31 deadline imposed by the Medicare law.

President Johnson has proclaimed March as "National Medicare Enrollment Month." He urged all federal agencies and all citizens to

throughout the room.

Mrs. Preston introduced the speaker, Mrs. H. A. Berry. She is the wife of Mr. Berry, Manager of American Seating Company. The Berrys are the parents of three children. Mrs. Berry received her B. S. Degree from Michigan State University in Home Economics. Prior to her marriage she was Home Economist with Consumers Power Company in Grand Rapids, Michigan. Mrs. Berry presented a most informative program on art and antiques. She displayed pictures and brought out the point that a home is a place for hobbies and pictures are most important because they reflect individual personality. After Mrs. Berry explained and gave helpful hints on purchasing frames she displayed group arrangements on the wall.

Guests, Miss Linda Tyra, Mrs. Sybil Moore, Mrs. Ralph Stutts, and Mrs. Charles Close were introduced. Mrs. Betty Rose Lothmore was welcomed as a new member of B. & P. W. and Mrs. Norman Fulper as a new member of Pilot.

cooperate in enrolling senior citizens in the program.

Initially, some two and one-half million application blanks were distributed to nearly 34,000 main post offices throughout the fifty states. Additional forms are available as needed.

Through direct mailing and other means, the Social Security Administration has had contact with 16 of the 19.1 million citizens who will be 65 or over on July 1. Of the 16 million who replied, less than one million said they did not want to sign up for the supplemental program.

The supplemental program costs \$3 a month and provides doctor bill

and other benefits. Everyone 65 and over is eligible for the basic hospital benefits under Medicare.

A copy of the application blank is displayed on the lobby bulletin board of the Booneville Post Office.

Senior citizens who reached 65 before 1966 face a two year delay if they do not sign up by March 31. The application forms are pre-addressed to the Social Security Administration in Baltimore, Maryland.

OLD BEN SEZ...

"In 1752 when I organized the first insurance company in America—THE PHILADELPHIA CONTRIBUTIONSHIP FOR THE INSURANCE OF HOUSES FROM LOSS BY FIRE—it was because mutual insurance was a crackin' good idea, and so it is today.

In fact it does my old heart good to see how mutual insurance has prospered. Now, as then, funds not needed for the payments of losses are returned to the policyholders.

They've even improved on my model. Today most mutual companies are non-assessable — that means that while policyholders share in the profits, they are not financially liable for any losses.

And how the mutual insurance business has grown since I was out flying kites! Today there are thousands of mutual insurance companies; more than 100 have been in business over 100 years. Total assets amount to approximately six billion dollars. There are over 25 million policyholders. Looks as if mutual insurance on homes and industry has grown right along with this country of mine!"

## Engineering Day At Ole Miss Friday

UNIVERSITY, Miss.—High School and junior college students from throughout the state will be hosted by the University of Mississippi's School of Engineering this Friday, March 18, at the annual Ole Miss Engineering Day festivities.

Engineering Day at Ole Miss, traditionally reigned over by the Engineering Queen and her court, will feature contests for participants as well as exhibits from industry, governmental agencies and branches of the Armed Services.

Among the exhibits will be NASA's Space Science demonstration, Southern Bell's demonstration of the fabulous Laser, an actual space mobile from NASA, General Motors' elaborate motorama and additional exhibits from the Naval Research Laboratories.

A discussion of the future of the space program will be headed by a NASA official for the benefit of campus visitors. An exhibition of special, competitive student projects will also be one of the attractions.

BRIDAL TEA—Miss Nelda Harris, bride-elect of Joe Kingsley, was honored at a bridal tea Thursday afternoon. ## Miss Nelda Harris Honoree At Bridal Tea

Miss Nelda Harris, bride-elect of Joe Kingsley was honored at a bridal tea Thursday afternoon, March 10, between the hours of 4 and 6 p.m. in the home of Mrs. Thomas Keenum, on Highway 4 West.

The honoree, greeting the guests as they arrived, was attired in a pink crepe shift. A special guest, Mrs. Homer Harris, mother of the bride-elect, wore a blue and white jersey. Both wore white carnation gift corsages.

The beautiful new home was decorated throughout in the motif of green and white. Spring flowers added to the beauty of the decorations.

The guests enjoyed refreshments consisting of dainty sandwiches, cake, nuts, mints, and punch.

Hostesses for the event were Mrs. Keenum, Mrs. Feak Geno, Mrs.

Douglas Jumper, Mrs. Dayton Ward, and Mrs. Wallace Poole, who were in charge of the group of bridal games enjoyed by the guests.

## Walden-Mitchell Vows Announced

Approximately one hundred bank women were in attendance at the two-day meeting, which was presided over by Mrs. Nan L. McCluney, Vice-President of Truckers Exchange Bank at Crystal Springs, Miss.

Special guests were Mrs. Rubye M. Baldwin, Ass't. Vice-President and Trust Officer of Coahoma Bank & Trust Co., Clarksdale, Miss. Ruth Bryant of Federal Reserve Bank at Memphis and Miss Dorothy M. Harris, Ass't. Cashier, First National Bank of Wynne, Ark.

## William P. Mays Dinner-Show Guest Of Lion Oil Co.

TUPELO, Miss. — William P. Mays, Lion Oil distributor in the Booneville area, was an honored guest at a dinner-show held Wednesday night at the Natchez Trace Inn in Tupelo.

A talking "lion" led the traveling troop of nine actors and speakers representing Lion Oil Company.

Alabama on August 11, with the Rev. Mr. John Preston Simmons officiating.

Present for the ceremony were the parents of the couple.

The bride is in her senior year at Sullins College, Bristol, Virginia.

The bridegroom will complete his senior year at Mississippi State University this semester.

They plan to temporarily reside in Starkville.

The group, from El Dorado, Ark., presented a dramatization of the company's 1936 sales promotional and expansion plans for the mid-South area.

About 200 service station dealers and distributors from a wide area heard W. D. Harris, manager of merchandising, and E. H. Robinson, lube oil sales manager, describe recent product advancements made in Lion gasolines and motor oils.

Gary S. Clark, producer and director of the show (and manager of product promotions), explained a six-point advertising program to begin soon in the nine-state marketing area.

The traveling show is being presented during a two-week period before some 2,000 Lion dealers in ten mid-South cities from Nashville, Tenn., to Dallas, Texas.

There are about 2,500 species of lizards.

Iowa was the 29th state to join the union.

## We Refute The Basic Premises Of Those Advocating Legalized Liquor

The wets say, "The present laws cannot be enforced, so make that which is illegal legal and everything will be fine." Then, why not treat other laws being broken the same way? Just license theft, murder, etc., pay a tax and "control" theft and murder. Or, why not license the sale of narcotics without a prescription?

As long as there is profit in legal or illegal liquor traffic, there will be those who try to go around the law—any law. Bootlegging still flourishes in the "legal states." The wets say, "Let us get this revenue for the education of our children." We answer, "What revenue?" The facts reveal that the financial costs in increased crime and alcoholism in "legal states" far exceed the revenue from liquor.

The wets say, "It is not a moral question. If a man wants to drink he has that right. It doesn't hurt anybody but himself." But, when it gets into public health or safety, or value received for a dollar spent for a day's work, it becomes a moral question! When it gets into the realm of wrong influence over

a young person, it becomes a moral question!

The black-market tax is absurd and should be repealed. This has never been voted on by the people but by the legislators. If anyone has been hypocritical about this, it has been the legislators who voted it in. We advocate repeal of the black-market tax.

We deplore these hypocritical tactics of the wet forces and we appeal to all citizens concerned with the welfare of our people to vote AGAINST legalization of liquor.

## Field Of Home Economics Includes Many New And Interesting Courses

(This is the seventh in a series of sixteen articles featuring the academic departments at Northeast Miss. Junior College.)

By MARY ROBINSON

A vital part of the education of young women at the Northeast Mississippi Junior College is provided through the Home Economics Department.

One of the greatest challenges of teaching today is preparing today's girls for their roles as the Women of tomorrow," says Mrs. Marie Dicus, Head of the Home Economics Department at Northeast.

No longer is Home Economics

limited to the fields of cooking and sewing. In addition to teaching, there are several fields open to the major of home economics, including decorating and extension work. One of the newer fields is that of merchandising.

The Home Economics Curriculum includes courses designed to meet the requirements of these various fields. Food Study is a course involving the principles of food selection and food preparation. The course, Clothing Selection and Purchase, is designed to help students in their selection of clothing for themselves and the family members. Special emphasis is given to the clothing budget and personal wardrobe with garments being constructed in the laboratory.

Foods and Nutrition, a course which helps the student to understand the relationship of nutrition to personal and family health, gives special consideration to deficiency diseases, diets, and menu planning.

A popular course among the students is Meal Planning and Table Setting, a study in planning, preparing and serving nourishing, appetizing, and attractive meals for families of different income levels and food needs.

Contrary to the belief that Home Economics courses are for girls only, several young men are enrolled in the course, Human and Family Relations. This course is designed to provide background and understanding concerning the trends and problems of married life.

The Home Economics Club with Sue Anderson as president offers interesting and varied activities to its members. The statement has been made that the home economics students have the most fun of

any group on campus. Through the year, teas, luncheons, and style shows are given and students find that they do have fun while participating in the various activities.

The theme for this year's style show, to be held later in the spring will be "An Easter Parade." The home economics students will model suits, coats, sports clothes, and school clothes which they have made.

In November the Club members attend the Mississippi Home Economics Convention in Jackson. Rosemary Butler, Northeast freshman, is serving as the state secretary of the Mississippi Home Economics Association. Each year at Christmas the Club sends fruit baskets to local nursing homes.

The climax of the year's activities comes in May when the Home Economics girls spend a weekend at Chickasaw State Park in Tennessee. The students earn the money for the trip, plan the activities, and put into practice what they have learned in the food classes by preparing all of their meals.

At the close of the school year, the Club gives a scholarship to a sophomore major who plans to continue her education in Home Economics at a senior college.

"The man who goes through life looking for something soft, can only find it under his hat."

### Baptist Assoc. Hymn Singing And Music Study To Be Mar. 22

Prentiss County Association of Baptists will have music hymn singing and music study on March 22 at 7 p.m. at Gaston Baptist Church. Song leaders, pianists, and choir leaders are especially urged to attend as there will be special classes held for these. The closing part will be a giant choir composed of all the people.

Coal is used in making plastics.

#### EXTENSION CORDS

The story is told in power tool circles about the man who wanted to drill a hole in the side of his boat.

He took his electric drill and every extension cord he could find or the premises and ran a long line of these cords down to the water's edge. When just, sweet he was walking into the water, drill in hand and extension cords trailing behind.

This story may or may not be true but many handymen take equally foolish chances with electricity every day.

The extension cord is always a major source of trouble. The thin gauge cord used for allowing the lady of the house to put a lamp exactly where she wants it was not made to handle the load of a portable power tool.

Most quality power tools draw amperage which is too heavy for the typical flimsy home extension cord. In fact, the amperage a tool draws is one indication of its power. In tools manufactured for the home handyman the amperage and horsepower should both be considered when estimating the potential power of the tool.

Minimum gauge for a power tool extension cord should be 18. This will deliver enough electricity to the tool over a short distance to give you the full power of the tool and to give the motor enough "fuel" to operate without damaging itself.

For distances over 25 feet you'll have to drop down to a heavier gauge cord rated 16 or 14 or even 12. An extension cord dissipates power over long distances so you need a heavier gauge wire to make up for these losses.

Thor Tip — Two 50's do not make a hundred when it comes to extension cords. If you're using two fifties of 18 gauge and need a hundred feet, better make it a single cord one hundred feet long and 14 gauge.

### Rites Today For Thomas B. Moreland

Funeral services for Mr. Thomas B. Moreland of Rt. 1, Booneville will be conducted Thursday (today) at 3 p.m. in the chapel of McMillan Funeral Home with Bro. Dewey Wallis officiating. Burial will be in the Booneville Cemetery with McMillan Funeral Directors in charge.

Mr. Moreland died Wednesday at 12:30 p.m. in the Northeast Miss. Hospital following an illness of two weeks. He was a member of Thrasher Baptist Church and a retired farmer. He was 78.

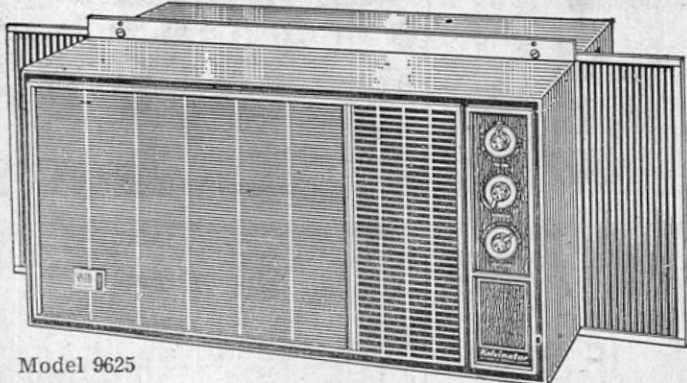

He leaves his wife, Mrs. Thomas B. Moreland; three daughters Mrs. Walter Nunley and Mrs. Joseph Hill of Booneville and Mrs. Dan Williams of Gulfport, Miss.; a brother, Earl Moreland of Memphis; two sisters, Mrs. B. E. Hopkins of Booneville and Mrs. Linnie Mae Holley of Oregon; three grandchildren and one great grandchild.

Robert Frost was born in San Francisco.

Governor Paul Johnson, third from left, recently presented state business leaders the charter to incorporate the new Mississippi Dairy Festival, an educational and promotional program to strengthen the state's \$120 million a year dairy industry. Pictured are, from the left, R. Baxter Wilson, president of the Mississippi Power & Light Company, who is president of the MDF; Clarence Lott, general manager, Southern Bell Telephone & Telegraph Co., vice-president; Governor Johnson, and Pat McMullin, Sr., chairman of the board, Deposit Guaranty National Bank, the MDF treasurer. Not pictured is W. M. Bost, director of the Cooperative Extension Service and secretary of the new non-profit corporation. The first annual Mississippi Dairy Festival will be June 24 and 25 in the Mississippi Coliseum at Jackson.

Take it home today and tonight you'll sleep cool, cool, cool!

## HOME ECONOMIST'S NOTES

By CLAIRE T. ROSS, Extension Home Economist

Whether you're Irish or not, maybe you'd like to surprise the children when they get home from school this afternoon with some Shamrock cookies in honor of St. Patrick's Day. The crisp green creations would be good, too, with coffee if friends drop in.

This recipe will make 90 2-inch shamrocks: Combine ½ cup shortening and ¼ cup sugar until light and fluffy. Add 1 egg and beat well. Blend in ¼ teaspoon peppermint extract and several drops of green food coloring. Add ¾ cups sifted enriched self-rising flour alternately with ¼ cup milk.

Chill dough. Roll out 1/8 inch thick. Cut out shamrocks with cookie cutter. Sprinkle with green sugar. Place on ungreased baking

sheet and bake in a preheated 400 degree oven 7 to 10 minutes.

**POISON PREVENTION WEEK**  
This coming Sunday, March 20, is the first day of National Poison Prevention Week. During this week why not make it a project to listen, learn and teach others to remove and prevent the dangers of accidental poisoning. Complete the project by putting into use those safe practices you learn!

So many of the cases of accidental poisoning involve children. Each year the figure runs to about 500,000 children who swallow medicines and household products that can seriously injure or even kill them. Over half of the products they swallow accidentally are medi-

STATE, FEDERAL OFFICIALS INSPECT "OPERATION HELP" FOOD—Miss Evelyn Gandy, Mississippi Commissioner of Public Welfare, and John Hughes of USDA's Consumer and Marketing Service in Atlanta, inspect "OPERATION HELP" food supplies at a central warehouse in Jackson. Mississippi is the first state in the South to have a USDA food assistance program in operation in every county. Seventy-six counties are distributing USDA donated foods to needy persons. Six others are taking part in USDA's food stamp program.

cines, with aspirins accounting for half of these accidents.

Other things that children may swallow are cleansers, kerosene, lighter fluid, furniture polishes and waxes, bowl and drain cleaners, pesticides, insecticides and disinfectants.

Look over your storage for these products. Are they safe from the exploring of children under five years of age? Ninety per cent of the 500,000 children involved in poisoning accidents are under five years of age. Remember, what they see they try to reach, and

what they reach they put in their mouths.

To prevent such accidents, check your home and be sure you keep any product that may be dangerous out of reach of children, store it in its original container, see that it is properly labeled and that it is used according to labeled directions. When you have finished with the product and its container, see that it is safely disposed of.

Extension Homemakers' Calendar Of Activities:  
Booneville EHC will meet Thursday, March 24, at 2 p.m. with Mrs. L. H. Stutts.

### Happenings Around The First Baptist Church, Booneville

First Baptist Church of Booneville is welcoming Mr. and Mrs. Jerry Harvey and their family. Mr. Harvey took over his official duties as Minister of Music, Education and Youth, on March 14th.

The church expressed appreciation to Mr. Sidney Green and Marshall Dickerson for the excellent work they did in the interim, while the church was out of a minister of music. Appreciative remarks were made by Mr. Kimble Bolen in honor of Mr. Green and at the evening services by Mr. H. H. Daws in honor of Marshall.

A love offering was given to each of them from the church. The pastor, Rev. Billy E. Roby expressed his personal gratitude for the loyalty and cooperation of both of these men.

### Row Direction Affects Yields In Cotton Test

STATE COLLEGE, Miss. — Row direction apparently affects cotton yields, according to research results reported by W. I. Spurgeon, agronomist at the Delta Branch Experiment Station at Stoneville, Miss.

In the skip-row cotton tests prior to 1962, it was observed that certain outside rows produced more than others. With east-west rows, the south outside row always produced more than the corresponding north row. As a result of these observations a test was conducted from 1962 to 1965 to measure the influence of row directions on yield in three planting systems.

Each year both skip-row systems (4 x 4 and 2 x 2) produced significantly more cotton than the solid planting. Three years of four the east-west rows of solid cotton produced more than the north-south rows. Two years of four the north-south rows of both 4 x 4 and 2 x 2 produced more cotton than corresponding east-west rows. In 1965 the east-west rows of both skip-row systems produced less than the north-south rows. It was observed, however, that the cotton loss from hurricane Betsy was greater on the north-south than on the east-west rows.

"The yield differential between outside rows seems to be associated at least to some extent, with the amount of light received by plants,"

Elizabeth Merritt Circle. On Wednesday night, a film was shown on Home Mission Work in Panama.

The week's emphasis on Home Missions was to help the church understand more about spiritual needs of people within the community and throughout the nation.

Clams burrow in sand or mud with a muscular foot.

Mr. Spurgeon said. "The foliage of solid planted cotton apparently received more light with rows in an east-west direction while in skip-row cotton the outside rows receive more light when rows are directed north and south."

"This study indicates that east-west rows are better for solid plantings and that north-south rows are better for skip-row cotton. However, surface drainage of the soil is the major factor to consider so far as row direction is concerned."

## Many Veterans Potentially Eligible For Benefits Under New GI Bill

Approximately 6,370 veterans in Mississippi's 1st Congressional District are potentially eligible for benefits and services under the new GI Bill just signed by President Johnson, Congressman Thomas G. Abernethy said today.

The new GI Bill provides education and training programs gener-

ally patterned after the highly successful GI Bill of World War II and the Korean Conflict. Rep. Abernethy was a strong supporter of the bill.

The Congressman pointed out that in the first year alone, over 800 veterans are expected to take advantage of the educational bene-

fits, according to statistics from the Veterans Administration. This educational provision is expected to provide the veterans in the district almost \$20,000 in direct benefits in that first year, according to Congressman Abernethy.

He said the educational provisions of the new bill go into effect June 1, 1966, giving the veteran ample time to plan his schooling program.

In addition to the educational benefits, the program is expected

to provide VA guaranteed loans totaling \$1,080,000 to some 79 veterans and direct loans totaling \$194,000 to 16 veterans in the first year.

The veterans covered under this Bill are also eligible for hospital benefits, and 1,010 patient days at a cost of more than \$26,000 are expected to be made available to applying veterans in the first year.

All veterans are eligible for educational and guaranteed home loan benefits who were on active duty more than 180 days after Jan- uary 31, 1955, and honorably dis-

charged, or who were discharged with less than 180 days service because of a service-incurred disability.

Under the education and training sections, monthly payments for full time training are—

\$100 for veterans with dependents.

\$125 for veterans with one dependent.

\$150 for veterans with more than one dependent.

ing on the basis of one month for each month spent in uniform. The veteran must complete his program of education within eight years after discharge.

The Congressman hailed the President's action and praised the meritorious way Congress acted in this urgent matter.

He noted the GI home loan provisions of the bill would increase activity in building and real estate activity throughout the country.

The formula for eligibility of the veteran to participate in the GI

home loan program is the same as that already in existence; that is, 10 years from the date of discharge, plus one year for each three months served. Entitlement shall not continue beyond the 20 years, nor shall it expire before 10 years.

Guaranteed or insured loan ceilings remain at \$7,500 while the top for direct loans, made where no private financing is readily available, has been increased from \$15,000 to \$17,500.

Medical and hospital care is av-

ailable on the same basis as for wartime veterans. Other benefits include burial benefits, employment assistance, and veterans' preference in Federal employment.

Applications for assistance under the provisions of this new law should be directed to the Veterans Administration Center, Jackson, Miss., after the effective date of June 1, 1966.

Under Leo Durocher the Dog- ers won a pennant in 1941.

## Engagement Announced Of Miss Carolyn Irene Wallis To James Luther Bonds

Mr. and Mrs. Isom Wallis are announcing the engagement and approaching marriage of their daughter, Carolyn Irene, to James Luther (Buddy) Jones, son of Mr. and Mrs. A. E. Jones of New Site. Miss Wallis is the granddaughter of the late Mr. and Mrs. S. C. Snell of Bethany and the late Mr. and Mrs. P. L. Wallis of Baldwin.

Mr. Jones is the grandson of the late Mr. and Mrs. D. V. Buchanan of Booneville and the late Mr. and Mrs. P. L. Wallis of Baldwin.

Mrs. Winn Jones of Booneville.

Miss Wallis is an honor graduate of East Union High School where she was a member of the FHA, Beta Club, and basketball team. She is presently employed as production clerk for Blue Bell, Inc., in Booneville.

Mr. Jones attended New Site High School and is affiliated with the Booneville National Guard Unit. He is employed by Master-Son, Inc., of Booneville.

The wedding will be solemnized at 6:30 p.m. on April 8 at the Mt. Olive Baptist Church. No invitations are being sent but all friends and relatives of the couple are invited to attend.

## Mrs. C. F. Close Is Complimented With Coffee

A delightful hospitality on the spring social calendar, was the coffee Wednesday morning given by Mrs. Paul Hallstedt at her lovely contemporary home in Horse Shoe Acres. The event was in special compliment to a charming new resident, Mrs. Charles F. Close.

Assisting in the gracious welcome to the guests in the spacious living-dining area were Mrs. Donald Bigsby and Mrs. John Hoogerhyde.

A handsome handmade linen centerpiece covered the coffee table which was elegantly appointed with crystal and silver. Spring was brought inside with a centerpiece of daffodils, in an antique container which gave interest to a composition from the early garden.

Guests were served a delicious array of party food, which added a decorative note to the table. Guests gathered in the den for a pleasant period of conversation, while enjoying the picturesque view of the landscape and patio from the glass window walls of this livable area.

## Zelma Foster Circle Meets

Seven members of the Zelma Foster Circle of Calvary Baptist Church WMS enjoyed an interesting meeting Monday night, in the home of Mrs. Buster Jackson.

"Leading Church Members to Participate in Missions" was the title of the program given by Mrs. Billy Whisenant, Mrs. Buster Jackson, Mrs. Charles Crabb, Mrs. Stanley Burns, Mrs. Lee Kendrick, Mrs. Charles Cole, and Mrs. Joe Cochran.

The group discussed ways that the WMU could include the entire family in mission study. They also discussed the Soul-Winning Visitation that is to be held on Monday night, March 21st. Both WMS Circles will participate in this Visitation.

The meeting was concluded with delicious refreshments served by Mrs. Jackson.
