MISS BECKY GULLETT, 1966 'MISS HOSPITALITY'

## Miss Becky Gullett Is Selected As Booneville's 1966 'Miss Hospitality'

Miss Becky Gullett has been selected as Booneville's 'Miss Hospitality' for 1965-1966, following a meeting of civic club leaders Friday afternoon.

The 18-year-old beauty has auburn hair and blue eyes. At Northeast she represented her class as Homecoming Maid and is a member of the Wesley Foundation and Student Education Association.

She was chosen on the basis of personality, beauty, and background and one who would exemplify the true Southern Girl in the highest traditions.

## Papers Belonging To Slain Man Are Found Near Booneville Wed. Night

Sheriff Gerald Green has in his possession a will of William Edward Massengill and other belongings of his which were found by Marvin McKinney on a field road close to his home about 4 miles southeast of Booneville at 8:30 Wednesday night.

Green and Second District Constable Bonnie Knight apprehended James McArthur Armstrong, 23, about 4 o'clock Tuesday at a house about a half mile off Highway 45 and one mile south of the truck stop, the house of relatives. He confessed to them that he had beaten Mr. Massengill with a pipe.

Green and Second District Constable Bonnie Knight apprehended James McArthur Armstrong, 23, about 4 o'clock Tuesday at a house about a half mile off Highway 45 and one mile south of the truck stop, the house of relatives.

SHERIFF GERALD GREEN is shown with important papers found by Marvin McKinney belonging to William Edward Massengill. Among them was a will of Mr. Massengill's, whose estate is very valuable. Sheriff Green plans to turn the papers over to proper authorities in Corinth.

## Graduation Set For Booneville HS

The baccalaureate sermon at Booneville High School will be delivered Sunday, May 22 at 2:30 by Dr. James Wax of Memphis, in the school auditorium.

Graduation exercises will be held on Monday night, May 23rd, at 8 p.m. in the Northeast Mississippi Junior College Auditorium with addresses by the students.

Approximately 100 will graduate. Valedictorian is Harry Daws and salutatorian is Ted Rubenstein.

Pictures of all Prentiss County graduates will be published in next week's edition of the Banner-Independent.

## Booneville Masons To Confer Master Degree

On Monday night, May 23rd, Booneville Lodge No. 305, F. & A. M. will confer the Master Mason Degree. The meeting will commence at 7:30 and officers and members are urged to be present to assist in the degree work.

## Eastland To Speak Here

United States Senator James O. Eastland, Mississippi Senior Senator, will address a joint meeting of all Booneville Civic Clubs, civic leaders of the city and county and all interested persons on Tuesday night, May 24th, at 7:00 at the Northeast Mississippi Junior College Cafeteria.

Senator Eastland has been invited to make a report in some of the problems with which the people of Mississippi and the nation are being confronted at this time and discuss what lies ahead in the future.

Chairman of the powerful Judiciary Committee, he is in a key position to analyze world events and his talk is expected to be most authoritative.

Tickets for the dinner which will precede the speech are \$2.00 each, and are available through any of the civic club presidents, either bank and at the door.

## Prentiss Manufacturing Company Moves Into New Building Monday

Prentiss Manufacturing Company opened the doors to their modern new building Monday morning, the largest of many progressive steps made in their 18 years of operation.

On hand for the event were officers: L. L. Bethay, Chairman of the Board; James H. Bethay, President; Emmons Turner, Jr., First Vice-President; Nelson Baldwin, Second Vice-President and Betty Mae Bethay, Secretary and Treasurer. Also present were Vice-Mayor John H. Mahaffy, Kenneth Pounds, Vice-President The Peoples Bank and Trust Co., Plant Supervisors and office personnel, Photographer Jettie Nunley and representatives of the Banner-Independent.

The 225 x 80 foot building is a steel structure with a canyon blend brick and glass front. The attractive wide glass and double door entrance opens into a large well-lighted lobby area through which employees go into the different work areas. To the right of the

lobby are offices and receptionist window. The large main office and individual offices and lobby have fluorescent ceilings with recessed fluorescent lighting. Floors are vinyl tile. The office walls are finished in light shades with the exception of one long wall in the central office which is brick. Colorful chairs add to the new, modern look.

The building replaces two buildings which were razed in the fall to make room for it.

The large new sewing room is one of two which the company has and is referred to as Plant No. 1. Near the back of the new area is a snack bar. The former sewing room will now be used as a stock room.

New rest room facilities are attractive compartment type units. The ceramic tile is pink and white. Large mirrors over the lavatories are well lighted.

The plant now has 60,000 square feet of operating room and 20,000 square feet of warehouse room.

The plants are completely air-conditioned.

Prentiss Manufacturing Company opened in Booneville in January, 1948, at the old Sutherland Clinic Building with 35 machines and 70 employees.

The company now has 300 machines and 400 employees, with an annual payroll of \$1,400,000.00, making it a key part of the economy of the area.

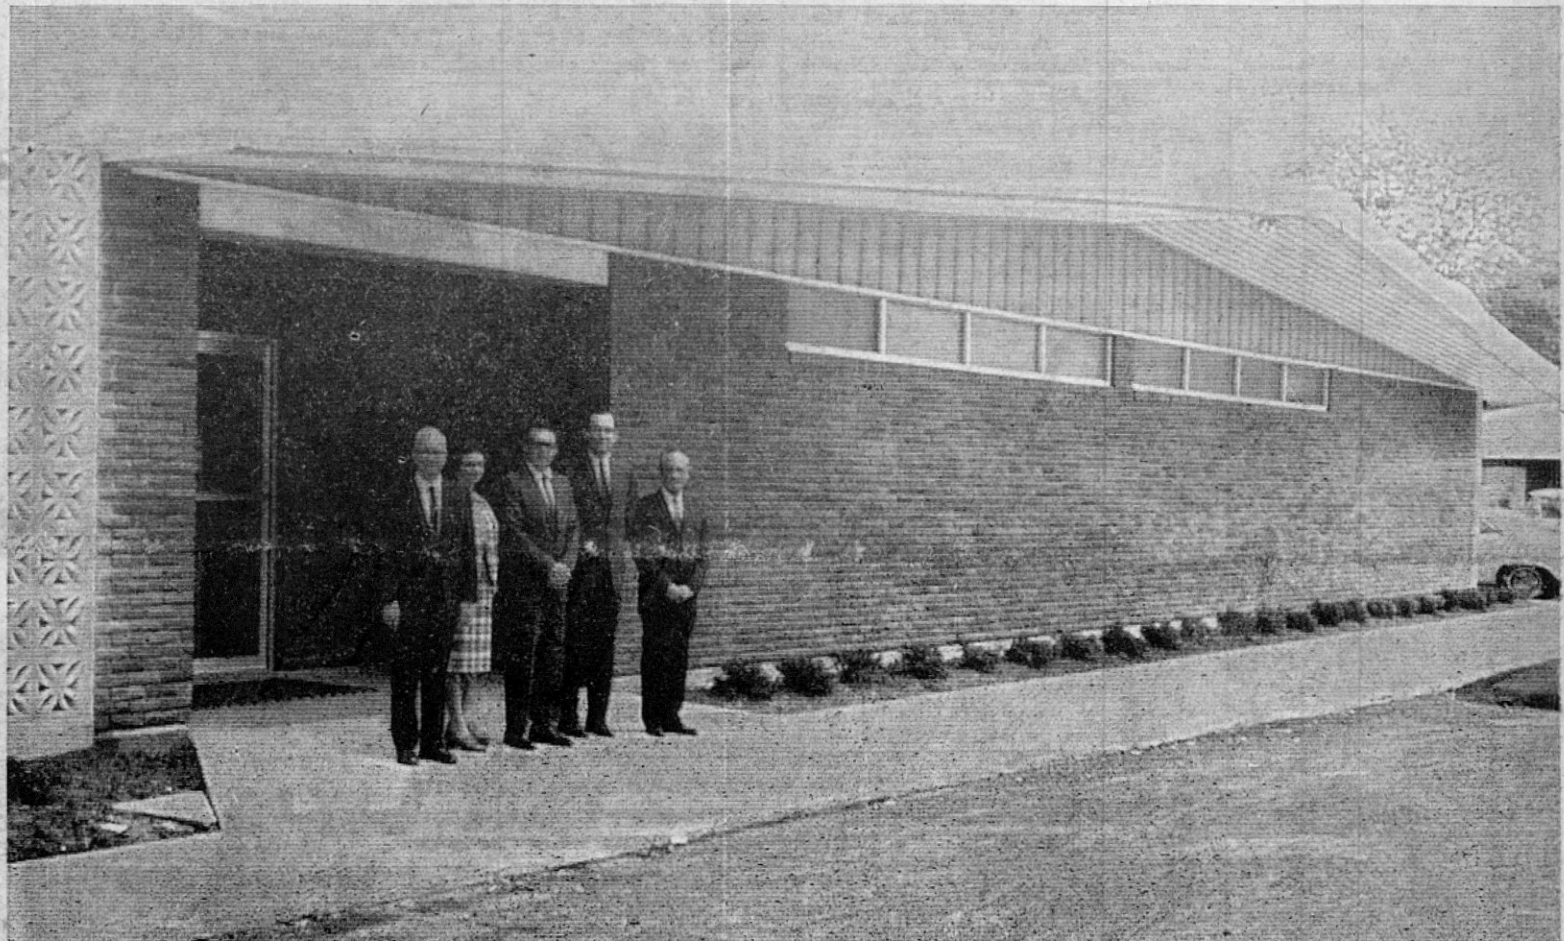

In July 1948 the company moved into a new building at the intersection of First and Adams and since that time has continually added to and modernized the buildings.

Prentiss Manufacturing Company produces 300,000 dozen work and sport shirts annually with sales amounting to more than \$3,500,000. James H. Bethay, President, said, "We moved into the new facility at 7 o'clock this morning (Monday) and everything is moving smoothly. We're happy to have nicer facilities for our employees."

Mr. Bethay, reflecting on the growth of the company, attributed it to "untiring efforts and teamwork of every employee, one of the finest sales outlets in the world and the fact that in 18 years production has never been slowed down because of lack of work."

Thus another chapter of a big business - home grown, has been completed, and company officials were congratulated Monday for their efforts.

A telegram to President Bethay from Marion W. Smith, Mayor, who was attending a Bankers Convention in Biloxi, read: "All our citizens are proud of another progressive move by the progressive officials of your fine company. All our officials and citizens appreciate the splendid employment and fine payrolls that you afford. To you and your associates and all the employees we extend sincere congratulations for the fine community service that made this new addition possible. Long live and prosper the Prentiss Manufacturing Company."

The attractive new building of Prentiss Manufacturing Company is shown here with officials of the company who are, left to right, L. L. Bethay, Chairman of the Board; Betty Mae Bethay,

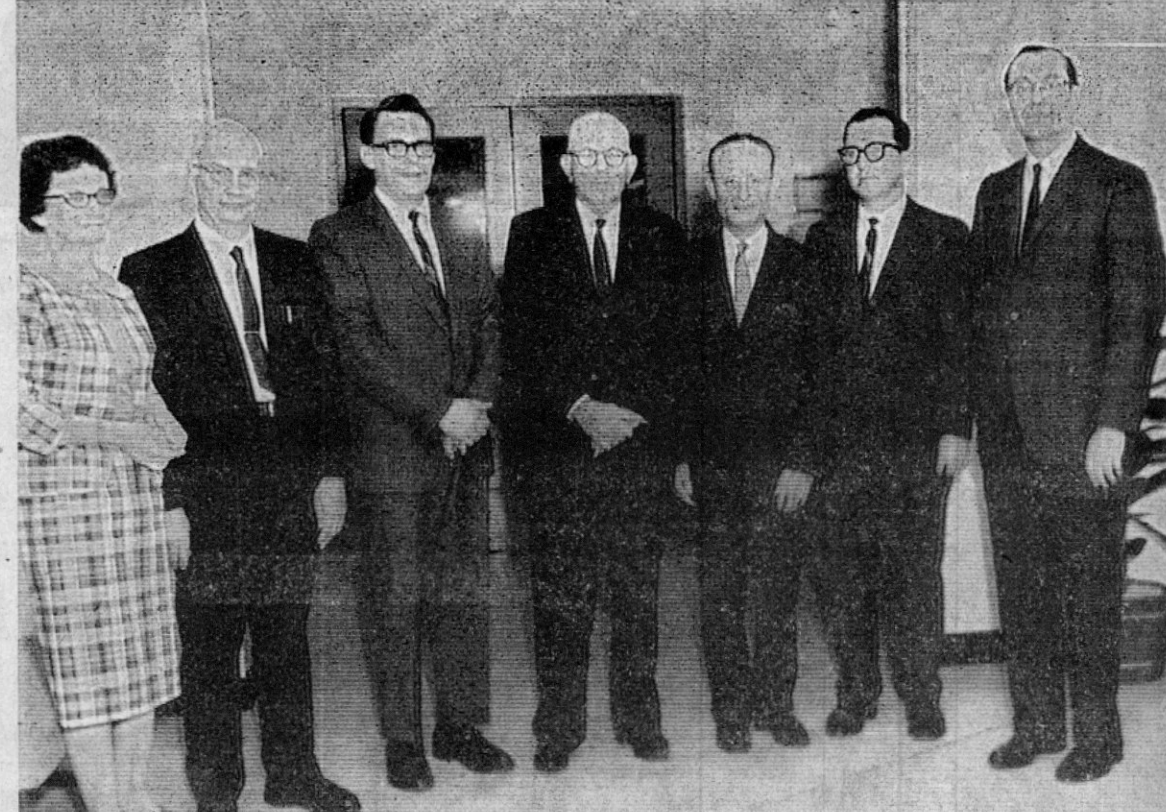

Secretary and Treasurer; James H. Bethay, President; Emmons Turner, Jr., First Vice-President and Nelson Baldwin, Second Vice-President.

## Community Fund Total Climbing

Entering the third week of the Community Fund Drive, Campaign Chairman John Walden said that results show the drive is progressing very well and that after two weeks of campaigning, "we are reaching the \$15,000 mark with several industries still not reporting." The goal is \$25,000. He said the different categories are working hard and showing good results.

"Coming into the latter stages, we still have great support and great effort behind the fund, but we are going to intensify our efforts. There are still some categories not reporting at this time," he stated.

There will be a meeting Friday, May 20th at 5 p.m. of all chairmen and workers at the Prentiss County Electric Power Association Building.

Shown in the lobby of the new Prentiss Manufacturing Company are, left to right, Betty Mae Bethay, L. L. Bethay, James H. Bethay, Vice-Mayor John H. Mahaffy, Kenneth Pounds of the Peoples Bank and Trust Co. and Emmons Turner, Jr. Other pictures elsewhere in this issue.

## May 31 Medicare Sign-Up Deadline

May 31, 1966 is the last day anyone, age 65 or over on March 1, 1966, may sign up for Medicare.

Hugh Tigrett, Social Security District Manager, said today. He explained that if a person already 65 does not file an application by May 31, 1966, he cannot receive any benefits under the medical insurance for at least two years.

The next opportunity to sign up will be October-December of 1967, and medical insurance under social security will not begin until July 1, 1968.

Mr. Tigrett stated there are still a few people in Prentiss County who have not signed up for Medicare. He emphasized no one should delay filing an application. If a person is not able to meet the representative in Booneville, someone should come in for him. The Social Security Representative will also visit anyone in their home if it is necessary.

The Representative is in Booneville each Monday morning from 9:00 a.m. until 12:00 noon at the City Hall to offer assistance to anyone having questions about social security or wanting to file a claim for social security benefits.

The data processing equipment will be housed in the present business department located in the Administration Building.

## Final CQT Test Set For June 24

Colonel James L. Davis, State Director of Selective Service for Mississippi, advises that National Headquarters has announced the fourth and final test in the current series of the Selective Service College Qualification Test will be administered on June 24, 1966.

Applications for the test can be obtained at any Selective Service local board. Applications must be postmarked no later than June 1, 1966.

Some registrants were late applying for the first series and may wish to register for the fourth examination. Others who did not apply earlier but who wish to take the test now may also register. Another group is comprised of students who were required to travel excessive distances to take the first series, either because they completed their applications incorrectly or because of errors in assignment.

To be eligible to take the Selective Service Qualification Test, an applicant on the testing date (1) must be a Selective Service registrant who intends to request occupational deferment as a college student and (2) must not previously have taken the test. Colonel Davis emphasized that if the registrant has already taken the test he will not be allowed to take it again.

The examination will be administered at about 1200 locations throughout the United States, Puerto Rico, the Canal Zone and the District of Columbia.

According to a report from Science Research Associates, the Chicago educational publisher administering the tests, more than 800,000 registrations for the first three tests have been processed. In the 11 years between 1951-1963, the Selective Service College Qualification Test was given to only slightly more than 600,000 students.

Colonel Davis further stated that complete instructions for applying for the test will be given the student by the local board when he receives his application card.

The flag flies over the capitol 24 hours a day.

## Data Processing Program At NE To Begin In Fall

Through the joint efforts of the Board of Trustees of The Northeast Mississippi Junior College and the Vocational Division of the State Department of Education, Northeast will implement a program of Business Data Processing beginning the fall term of the 1966-67 session.

Curriculum content for the two-year terminal program is in the process of being developed and will be released at a later date.

Following is a list of equipment to be installed for the program: an accounting machine, a sorter, five printing card punch machines, a collator, and a verifier.

The curriculum requirements and the equipment presently being purchased will involve the student in a learning process up to the computer. Northeast officials are optimistic about securing a computer by the time the student is ready for this phase of training.

The data processing equipment will be housed in the present bus-

## Booneville Eastern Star Members Attend Corinth School Of Instruction May 10

The District 24 School of Instruction for the Order of the Eastern Star was held at the Masonic Temple in Corinth Tuesday, May 10, with the following members from Prentiss Chapter No. 12, in attendance, Mr. and Mrs. Voyd Holley, Mrs. Minor Swinney, Mr. and Mrs. Gene Mabry, Mrs. Ludie May Whisenant, Mrs. Alma Pardue, Mrs. Anna Bolton and J. M. Putt. Mrs. Hilda Meeks of Jackson, Worthy Grand Matron of the Grand O.E.S. Chapter of Mississippi, and Bill Blain of Mt. Olive, Worthy Grand Patron, supervised the school.

There were representatives from the eight chapters present to participate in the school.

Mayor John D. Mercier welcomed the group and Mrs. O. D. Jackson of New Albany, State Associate Grand Matron of O.E.S., gave the response. The invocation was given by the Reverend P. A. Michel, pastor of the First Baptist Church of Corinth.

A banquet was held at 6 o'clock at the Southern Motel after which Mrs. Meeks and Mr. Blain made their official visit to the 24th Dis-

trict at 7:30, when they were honored.

## Improvement At Hut Noted

Improvement and beautification of the Hut is a continuing project and Mrs. Don Bigsby, chairman, states that recently the following have made contribution:

Harold Robertson, labor for new sidewalk; S and J Ready Mix, donated cement; Mrs. LeCroy, cotton mulch for shrubbery; Goodwin Nursery, prepared shrubbery and donated shrubbery; each Scout Troop gave \$5.00 toward the purchase of shrubbery; William H. saw, donated shrubbery; Prentiss County Coop, grass seed and fertilizer; Stewart Vail, new sign for building, and the city helped haul dirt for front.

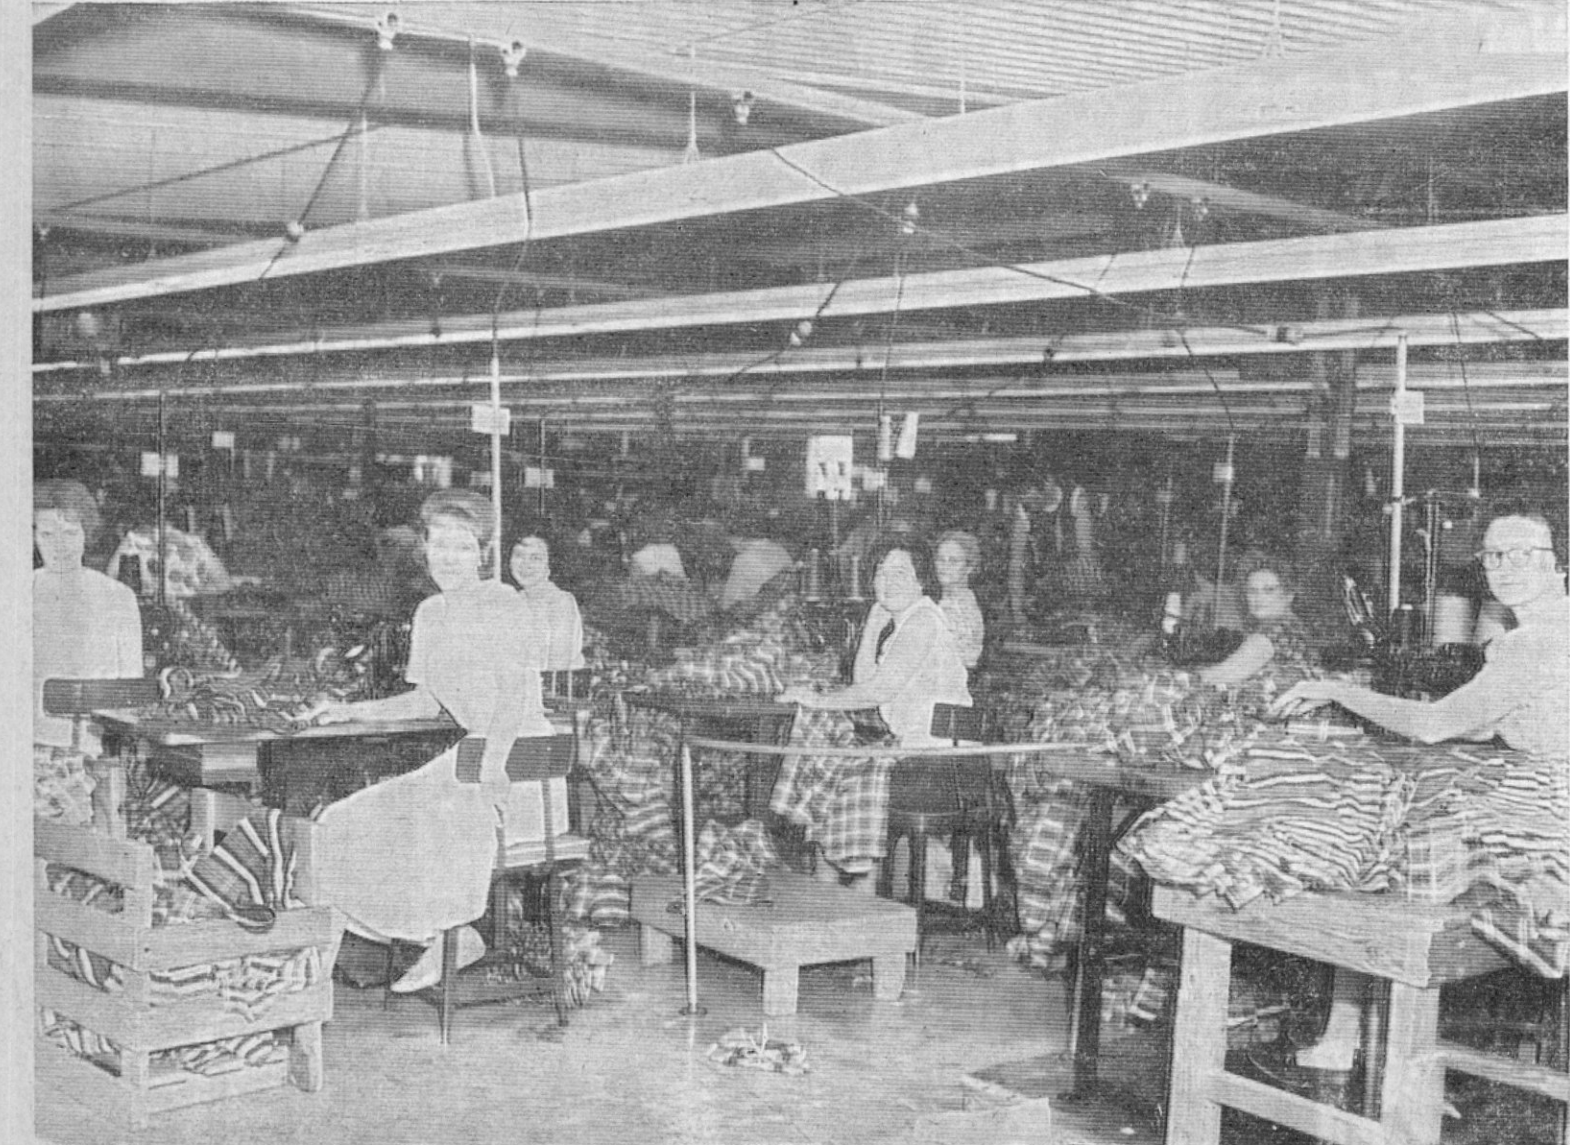

"Each person, who at any time has contributed to the Hut, is to be commended. It is a favorite gathering place for the youth and you help make this possible," said Mrs. Bigsby.

**WELCOME ALUMNI**—Northeast Mississippi Junior College President Harold T. White, standing, left, and Dean Harmon W. Boggs are welcoming a group to the recent alumni meeting held in the Northeast Cafeteria. Left to right are Mrs. Sally Kate Chase, retired Northeast faculty member; James Dean, State Senator, and Mrs. Dean, the former Miss Carolyn Phillips. Mr. and Mrs. Dean are both former Northeast students. Mrs. Chase and her former students enjoyed reminiscing about their days at Northeast.

Mrs. Jettie Nunley is shown receiving a copy of the Northeast yearbook, the TORCH, which was dedicated to her this year. James L. Rhodes, faculty advisor, is presenting the yearbook.

**'Torch' Yearbook Is Dedicated To Mrs. Nunley**

"Her years of service and aid to Northeast have gone unhonored, unnoticed, but for the many hours of work she has eagerly given to

the school, we lovingly dedicate this, the 1966 edition of the TORCH to Mrs. Jettie Nunley."

And, with the above tribute, this year's Northeast yearbook, "The Torch," is dedicated to Mrs. Nunley for her faithfulness to the students, to the faculty, and to the administration.

Since the founding of the college, she has served faithfully in the capacity of campus photographer.

Misses Phyllis Pounds, Annabel Prichard and Ebbie Finch, who are among the candidates for high school graduation at Booneville High School were honored Saturday at 2 p.m. with a Ch a t Party at the Town Motel. Hostess was Harriet Moore, assisted by her mother, Mrs. Ebby Moore. The dining table was beautifully decorated with an arrangement of red and white lilies and a miniature graduate. Place cards were silhouettes of graduates. In addition to seniors, there were 3 other guests, Paula Ellzey, Becky Gullett and Charlotte Oakley, all college students. Shown seated, left to right, are: Paula Ellzey, Kay Franks Cadle, Debbie Bennett, Kay Martin, Anabel Prichard, Ebbie Finch, Phyllis Pounds; standing, Amy Joe Stewart, Becky Gullett, Charlotte Oakley, Sylvia Maddon, Janice Gullett, Linda Martin, Linda Bennett, Margaret Ann Sartin, Gloria Rutherford, Marsha Elder, Sandra Carter, Mary Ann Storey and Nancy Duckworth. The honorees were presented lovely corsages. Cokes and party dainties were enjoyed.

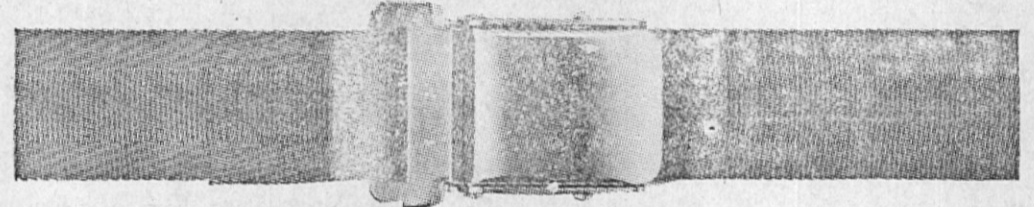

**Most accidents happen within 25 miles of home**

It's a fact. According to the National Safety Council, 4 out of 5 auto accidents happen within 25 miles of home. Happen during those local shopping trips, or while taking the children to school. Happen on the way to work . . . or the way home. So be smart. Always buckle your seat belt—every time you drive.

Remember, according to the National Safety Council, if everyone had seat belts and buckled them all the time, at least 5,000 lives could be saved each year and serious injuries reduced by one-third.

**Always buckle your seat belt**

With camera in hand, she may be seen walking across the campus to make a snapshot of a meeting of club officers or she may be seen making a photograph of something that she feels "will make a nice picture."

At a minute's notice she is always ready to make the pictures of a banquet, a basketball game, or a drama production. Whether she comes to the campus once or five times in one day as has been known to happen, she comes cheerfully and eagerly with one thought in mind — to preserve for the students of Northeast pictures that will bring back the pleasant memories of their years at Northeast.

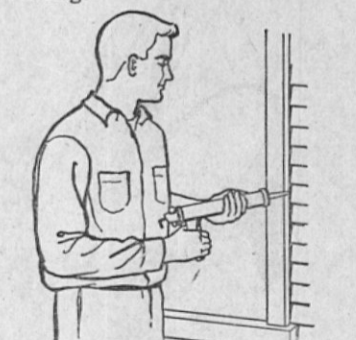

**CALLKING**

By Paul Harper  
Home & Farm Specialist  
Thor Center for Better Living

Callking merely means sealing to the handyman. This substance has dozens of uses around and inside a home. It's main function, however, is to seal out wind, cold and insects.

Callking comes in many forms but the most desirable according to our experts at the Thor Center is the cartridge type callking gun. This is a large tube with a plunger on one end and a nozzle on the other. Using disposable cartridges of callking compound, it enables you to pinpoint and fill cracks or openings which need sealing.

Even the best constructed homes are eventually faced with cracks and loose window and door frames. These should be callking to preserve the heat of the home and the general comfort of every one in it.

Here are likely places to look for callking jobs before colder weather sets in:

- Window Frames
- Door Frames
- Masonry Cracks
- Foundations
- Inside Basement Windows
- Old Callking
- Pipes and Ducts where they enter walls.
- Dryer Exhausts
- Outside Stairs

Putting callking around these areas of the home will help to make your house warmer and even cleaner.

Pick yourself a warm day. Get yourself a callking gun and go to work. Seal all cracks and openings completely. Allow the callk to fill the space, rather than just covering it.

The time you spend in callking will be repaid many times over in fuel savings, comfort and cleanliness.

**Thor Tip** — Buy a bulk-type callk gun at the start and save money in the future by using the less expensive bulk callk instead of disposable cartridges.

(Address handyman problems to Thor Center for Better Living, Aurora, Illinois 60507.)

The Town and Country Garden Club met at the home of Mrs. Joe Carter on Tuesday, May 17, with 20 members present. Danish rolls and coffee were served by the hostesses, Mrs. Dave H. Prichard, Mrs. Myrl Walden and Mrs. Joe Carter.

Artistic flower arrangements for this month's meeting were furnished by Mrs. W. V. Kemp and Mrs. Bobby Burress, Sr. Plans for the flower show were discussed.

A highlight of the meeting was the installation of the new officers conducted by Mrs. Henry Mize. The new officers are: President, Mrs. Joe Carter; First Vice President, Mrs. Bobby Burress, Jr.; Second Vice President, Mrs. Webster Cleveland, Jr.; Corresponding Secretary, Mrs. Douglas Way; Recording Secretary, Mrs. Kermit Jones, Jr.; Treasurer, Mrs. Donald Bigsby; Historian, Mrs. Dave H. Prichard; Parliamentarian, Mrs. Myrl Walden.

The outgoing President, Mrs. Alan Norton, was presented a lovely flower container from the club as a token of appreciation for her services.

**SEEKING SOLUTIONS TO WORLD PROBLEMS** — Chemical engineering students at the University of Mississippi are currently seeking solutions to some of the world's most difficult problems. Dr. Frank Anderson (second from right), associate dean of the Ole Miss School of Engineering and professor of chemical engineering, directs these students in seeking solutions to such complex problems as how to feed the world's millions of people and how to produce life-supporting oxygen and water on the moon. Students here who are among those enrolled in the class, which is conducted under "simulated industrial conditions," are (from left) Kenneth Hale of New Albany, Danny Roy of Corinth, Ronnie Roberts of Pascagoula, Hal Perry of Memphis, and James McLaughlin of Oxford.

### News About The Prentiss County Saddle Club

We were glad to see the Prentiss County Club so well represented at the Corinth Saddle Club Trophy Show Saturday night. Some of the trophies were won by members of our club. We want to congratulate them, and the Corinth Club on having a good show.

We failed to mention in last week's article that the H. & L. Garage on Highway 30 E., Booneville, sponsored the Quarter Horse Class at the Rodeo on May 7.

The Prentiss County Saddle Club is sponsoring a trail ride on May 28 and 29. The route and other information will be in the paper next week.

Riders were taking advantage of the weather Sunday, and quite a crowd gathered at the arena. The regular show with ribbon presentations was executed. Winners of the various classes were: Shetland Pony — 1st. Mike Downs; 2nd. Jackie Perrigo; 3rd. Sammy Green. Ladies Saddle Horse — 1st. Brenda Lambert; 2nd. Janie Brackeen; 3rd. Bonnie Johnson. Men's Saddle Horse — 1st. Hoyte Davis; 2nd. Roy Morgan; 3rd. E. J. Donahue. Men's Quarter Horse — 1st. Jimmy Downs; 2nd. Wayne Burnett; 3rd. George Bishop. Barrel Race — 1st. Wayne Burnett; 2nd. Roger Farris; 3rd. William Jacob. Judges for the event were Jim Wardlow and Sam Ed Strange.

We had quite a few visitors Sunday. We want to welcome you and invite you back again.

There will be riding every Sunday at the arena, come on out and be a part of it.

### Two Local Men Arrested In Connection With Goddard Jewelry Robbery And Briggs Tobacco Company Robbery In Corinth

Hannon Ray Miller and Forest Lee Chittom were arrested Monday and charged in connection with the burglary of Goddard Jewelry Store. Hundreds of watches and rings, valued at over \$10,000 and not insured, were recovered but will be held by local authorities until criminal court in the August term.

Sheriff Gerald Green said other arrests were expected to be made, but officers were called off the case Tuesday to help seek the murderer of William Ed Massengill.

Miller waived preliminary hearing and was bound over to the Grand Jury in August after posting a \$10,000 bond.

Chittom was also bound over to the grand jury under a \$1,000 bond.

The jewelry was taken on Tuesday night, May 10th when burglars broke into the well-lighted store by prying open the back door of an adjacent store and cutting a hole in the wall.

Miller and Chittom were turned over to Alcorn County authorities in connection with burglaries at Briggs Tobacco Company which was robbed of \$817.00 on December 29th and between \$8,000 and \$10,000 on January 26th.

In the January burglary the safe, containing the firm's funds and a private coin collection, was taken from the Briggs Tobacco Company building and brought to east of Booneville where it was pried open.

Miller was bound over to the Grand Jury after his bond was set for \$12,500.

A cooperative effort of several

police agencies in the state was responsible for the arrests.

**NEW OFFICERS**—The Booneville Woman's Club installed new officers at their regular meeting Thursday afternoon at the Town Motel. Left to right are Mrs. Webster Cleveland, Jr., president; Mrs. Emmons Turner, Jr., vice president; Mrs. Henry Mize, treasurer; Mrs. S. C. Galloway, historian; Mrs. Taylor Smith, parliamentarian; Mrs. Stewart Vail, recording secretary; and Mrs. Jack Dubard, corresponding secretary.

**New Officers Are Installed At May Meeting Of Woman's Club Thursday**

A meeting of unusual interest and significance was held Thursday afternoon, when Mrs. John Henry Price, Mrs. W. B. White, and Mrs. Robert Buchberger were charming hostesses for the May meeting of the Woman's Club in the private dining room of the Town Motel.

The shell-pink Dr. Van Vleet roses combined with the dark green foliage in a lovely container created an exquisite centerpiece for the speakers table. At the adjoining table, purple iris in a contemporary design with recurring colors among them in a delicate blend, was a study in harmony.

Guests were refreshed at the social period with tall sparkling glasses of frosted sherbet in pastel colors.

The president, Mrs. W. Cleveland, Jr., opened the meeting with the Club Collect led by Mrs. John Mahaffy.

After the important announcements were made and routine business, Mrs. S. C. Galloway directed the program. A highlight on the agenda was the club's history of the past year by the historian, Mrs. Kimble Bolen. From well-kept records, Mrs. Bolen in a con-

cise and impressive summary, reviewed the organization activities spanning each phase of the departmental work. The coverage of achievements, honors and awards, renewed a spirit of pride, which will inspire the organization to its continued best efforts.

Mrs. Galloway, with her usual gracious manner, installed the new slate of officers as follows: President, Mrs. W. Cleveland, Jr.; Vice President, Mrs. Emmons Turner, Jr.; Treasurer, Mrs. Henry Mize; Historian, Mrs. S. C. Galloway; Parliamentarian, Mrs. W. Taylor Smith; Recording Secretary, Mrs. Stewart Vail; and Corresponding Secretary, Mrs. Jack Dubard.

It was announced the club had won two state honors, for the best district report on Fine Arts, Mrs. B. G. Horton, Chairman, and the best district Club report in the state, by the local president, Mrs. W. Cleveland, Jr.

For final adjournment for the summer months, the meeting was closed with "Blest Be The Tie That Binds."

**VOTE ON COTTON ALLOTMENT TRANSFERS UNDER WAY**

Cotton growers were reminded today that the period May 16 through May 25 is the time for voting on whether a cotton farmer may sell or lease his farm's cotton allotment and so transfer it for use on another farm outside the county (but within the State). A "yes" vote by at least two-thirds of the county's cotton farmers who vote in the referendum will permit such transfers to be made for the next three crops, 1967-69.

A grower is eligible to vote in the referendum if he produces upland cotton in the county. Ballots have been mailed to all known cotton producers, and any cotton producer who did not receive one by mail is urged to get in touch immediately with the ASCS county office.

The ballot may be mailed in or brought to the county office at any time within the voting period, but the ballot must be in the county office by the close of business on Wednesday, May 25. A ballot will not be counted if it is in an envelope which is postmarked May 25 but not delivered to the county office before the deadline.

The vote will not affect the transfer of upland cotton allotments by sale or lease from one farm to another within the same county, and it will not affect transfers across county lines from one farm to another owned or controlled by the same person. Both of these kinds of transfers are already provided by law.

If more than a third of the growers voting in the referendum vote "no," sales and leases of cotton allotments outside the county may not be made for the 1967 upland cotton crop, and another referendum on the question will be held next year.

**PRICE SUPPORT MATURITY DATES SET FOR 1966 CROPS**

Further improvements are being made in the operation of the price support commodity loan program which should tend to encourage redemptions of loans and thereby reduce program costs.

Most recent changes — effective in 1967 for 1966 crops — are the elimination of advance applications for price support loans and the establishment of later loan matur-

ity dates for some crops. Instead of having to apply for a commodity loan by a certain deadline, farmers in the future will be able to obtain a loan on an eligible crop up until one month before the applicable loan maturity date. Commodities not placed under loan may be purchased by the Commodity Credit Corporation upon timely notification by the producer to his ASCS county office.

The maturity dates for 1966-crop corn, soybeans, and rice are unchanged from those for the 1965 crops, but for other crops the dates range from one to four months later. This will give producers maximum opportunity to take advantage of seasonal price increases.

The 1967 loan availability closing dates and the maturity dates for 1966-crop commodities placed under price support are as follows, with the first date after each commodity being the Loan Availability Closing date and the second the Maturity Date:

- Corn, June 30, 1967, July 31, 1967.
- Grain Sorghum, June 30, 1967, July 31, 1967.

**A SALUTE TO ... PRENTISS MANUFACTURING COMPANY**

**EMPLOYING MORE THAN 400 PRENTISS COUNTY PEOPLE**

**PAYING YEARLY OVER \$1,400,000 TO PRENTISS COUNTY PEOPLE**

**THE STORY OF PRENTISS BIG BUSINESS — HOME - GROWN**

Putting over \$1,400,000 a year in payroll dollars into the pockets of its employees, Prentiss Manufacturing Company plays a key part in the welfare of all parts of Prentiss County.

Prentiss Manufacturing Company started production in Booneville on January 2, 1948 at the Sutherland Clinic Building. The 35 machines and 70 employees were located on the second and third floors of the building, turning out chambray work shirts.

Facilities in the building were so cramped and inadequate for that type operation that the bundles of cloth from which the shirts were made had to be opened on the street and carried to the cutting room in smaller units.

The company moved its operation into a new building at the intersection of First and Adams streets in July, 1948. In 1949 a warehouse was added next door and the following year a quonset type building was added for the expanded cutting department.

In 1951 the firm opened the Shannon Manufacturing Company in Shannon, Miss. In February, 1954, after Booneville officials had talked with Prentiss Manufacturing officials concerning the possibility of expanding the local operation, the entire Shannon Manufacturing Company was moved to Booneville — located in a new building along side the Prentiss structures.

In 1962 The Shannon Manufacturing Co. was liquidated and the Prentiss Manufacturing Company purchased all machinery and began operating the entire plant under the name of Prentiss Manufacturing Company.

In 1964 a new building to house the cutting department was added to Prentiss Manufacturing Company.

Now in 1966 a complete new, modern, building has been added. Two old buildings were torn down to make room for the new facility. It contains all offices, a reception area and a new sewing room. The plant has been air-conditioned throughout.

The firm produces 300,000 dozen work and sport shirts annually with sales amounting to more than \$3,500,000. The products are sold in every state in the union, Canada, Alaska and the Latin American Countries.

James H. Bethay, president, credits the firm's phenomenal growth to "what we think is the finest sales outlet in the world, together with untiring efforts and teamwork of every employee." Also, the fact that production in Booneville has never been slowed down once in the 18 years of local operation because of lack of work.

In addition to Mr. Bethay, officers of the company are Mr. L. L. Bethay, Chairman of the Board, Mr. Emmons Turner, Jr. first vice president in charge of factory production; Mr. Nelson Baldwin, second vice president and plant superintendent and Betty Mae Bethay, secretary and treasurer.

Supervisors are, Plant No. 1, TreCIA Carlwright, Mary E. Johnson, Winona Hurt, Zera Duggar and Hattie Downs. Of Plant No. 2, Vivian White, Betty Jo Downs, Ocella Michael and Betty Tigrett. Roy Kiddy is Cutting Room Foreman. Frank Bethay is Shipping Room Foreman.

Office secretaries are Julius Lee Morris, Patrilla Maddox, Moann Hughes, Frances Ware and Geraldine Dunn. Bill Sellers Jr. is assistant to Mr. Turner.

Prentiss gives their employees such benefits as a Christmas gift, \$1,000 in life insurance, Blue Cross hospitalization at a low fee, two weeks of vacation and a retirement plan for key personnel.

### Vocational - Technical Programs Prepare for Immediate Employment

The Northeast Mississippi Junior College's Vocational-Technical programs are designed to prepare the student for immediate employment upon successful completion of the prescribed programs and to broaden the educational opportunities for the youth and adults of this area who, upon completion of the course of study, are capable of effectively performing the skills in which they have been trained. Within one or two academic years the curriculum, which includes regular vocational or in-school-day program and technical training, applicable to skills and which contribute to the well-rounded development of the individual, may be completed.

Regular courses included in the program are Automotive Mechanics which instructs a student in all phases of the automobile such as the engine, transmission, rear

ends, ignition, etc.; Metal Fabrication which deals with need of the metal industry in the five-county area; and Industrial Electricity which instructs students in 440 circuits and the three phase electrical motors.

This is a new program which seeks to meet paramount needs as they have been interpreted by Mississippi Industry.

The growth of industry in Mississippi and the South emphasizes the opportunities for employment in these fields.

### Winter Forage Crops Compared In Parasite Test

State College, Miss.— Livestock men concerned over which winter forage crop is likely to cause a greater problem with internal parasites in their cattle can find assurance in a recently reported Experiment Station test.

Research men found no difference in the worm burdens of steers grazing on oats, wheat, rye, or ryegrass, alone or in combination of the crops. The tests were at three locations in the state and extended over a five-year period.

R. A. Knight, USDA parasitologist working cooperatively with the Mississippi Agricultural Experiment Station, compared three winter forage crop combinations at State College and was project leader for the statewide tests.

At the Brown Loam Branch Experiment Station near Raymond, Superintendent E. G. Morrison tested ryegrass alone and in combina-

tion with oats, rye and wheat. The South Mississippi Branch Experiment Station test near Poplarville involved oats and ryegrass and was under the direction of C. L. Blount, former agronomist at the branch station.

When steers randomly selected from each of the plots were slaughtered, examination revealed no significant difference in worm counts that could be related to the type of winter forage grazed. The number of worms from all steers was relatively low, Mr. Knight said.

A more complete report of the tests, including details from each of the three locations, has been published in the May issue of Mississippi Farm Research. It may be obtained on request from the Agricultural Experiment Station at State College, Miss.

"Everyone wants to get counted before his number's up," Marie Phelps, Harrisburg (Oregon) Bulletin.

# GOD'S WORD for a NEW AGE

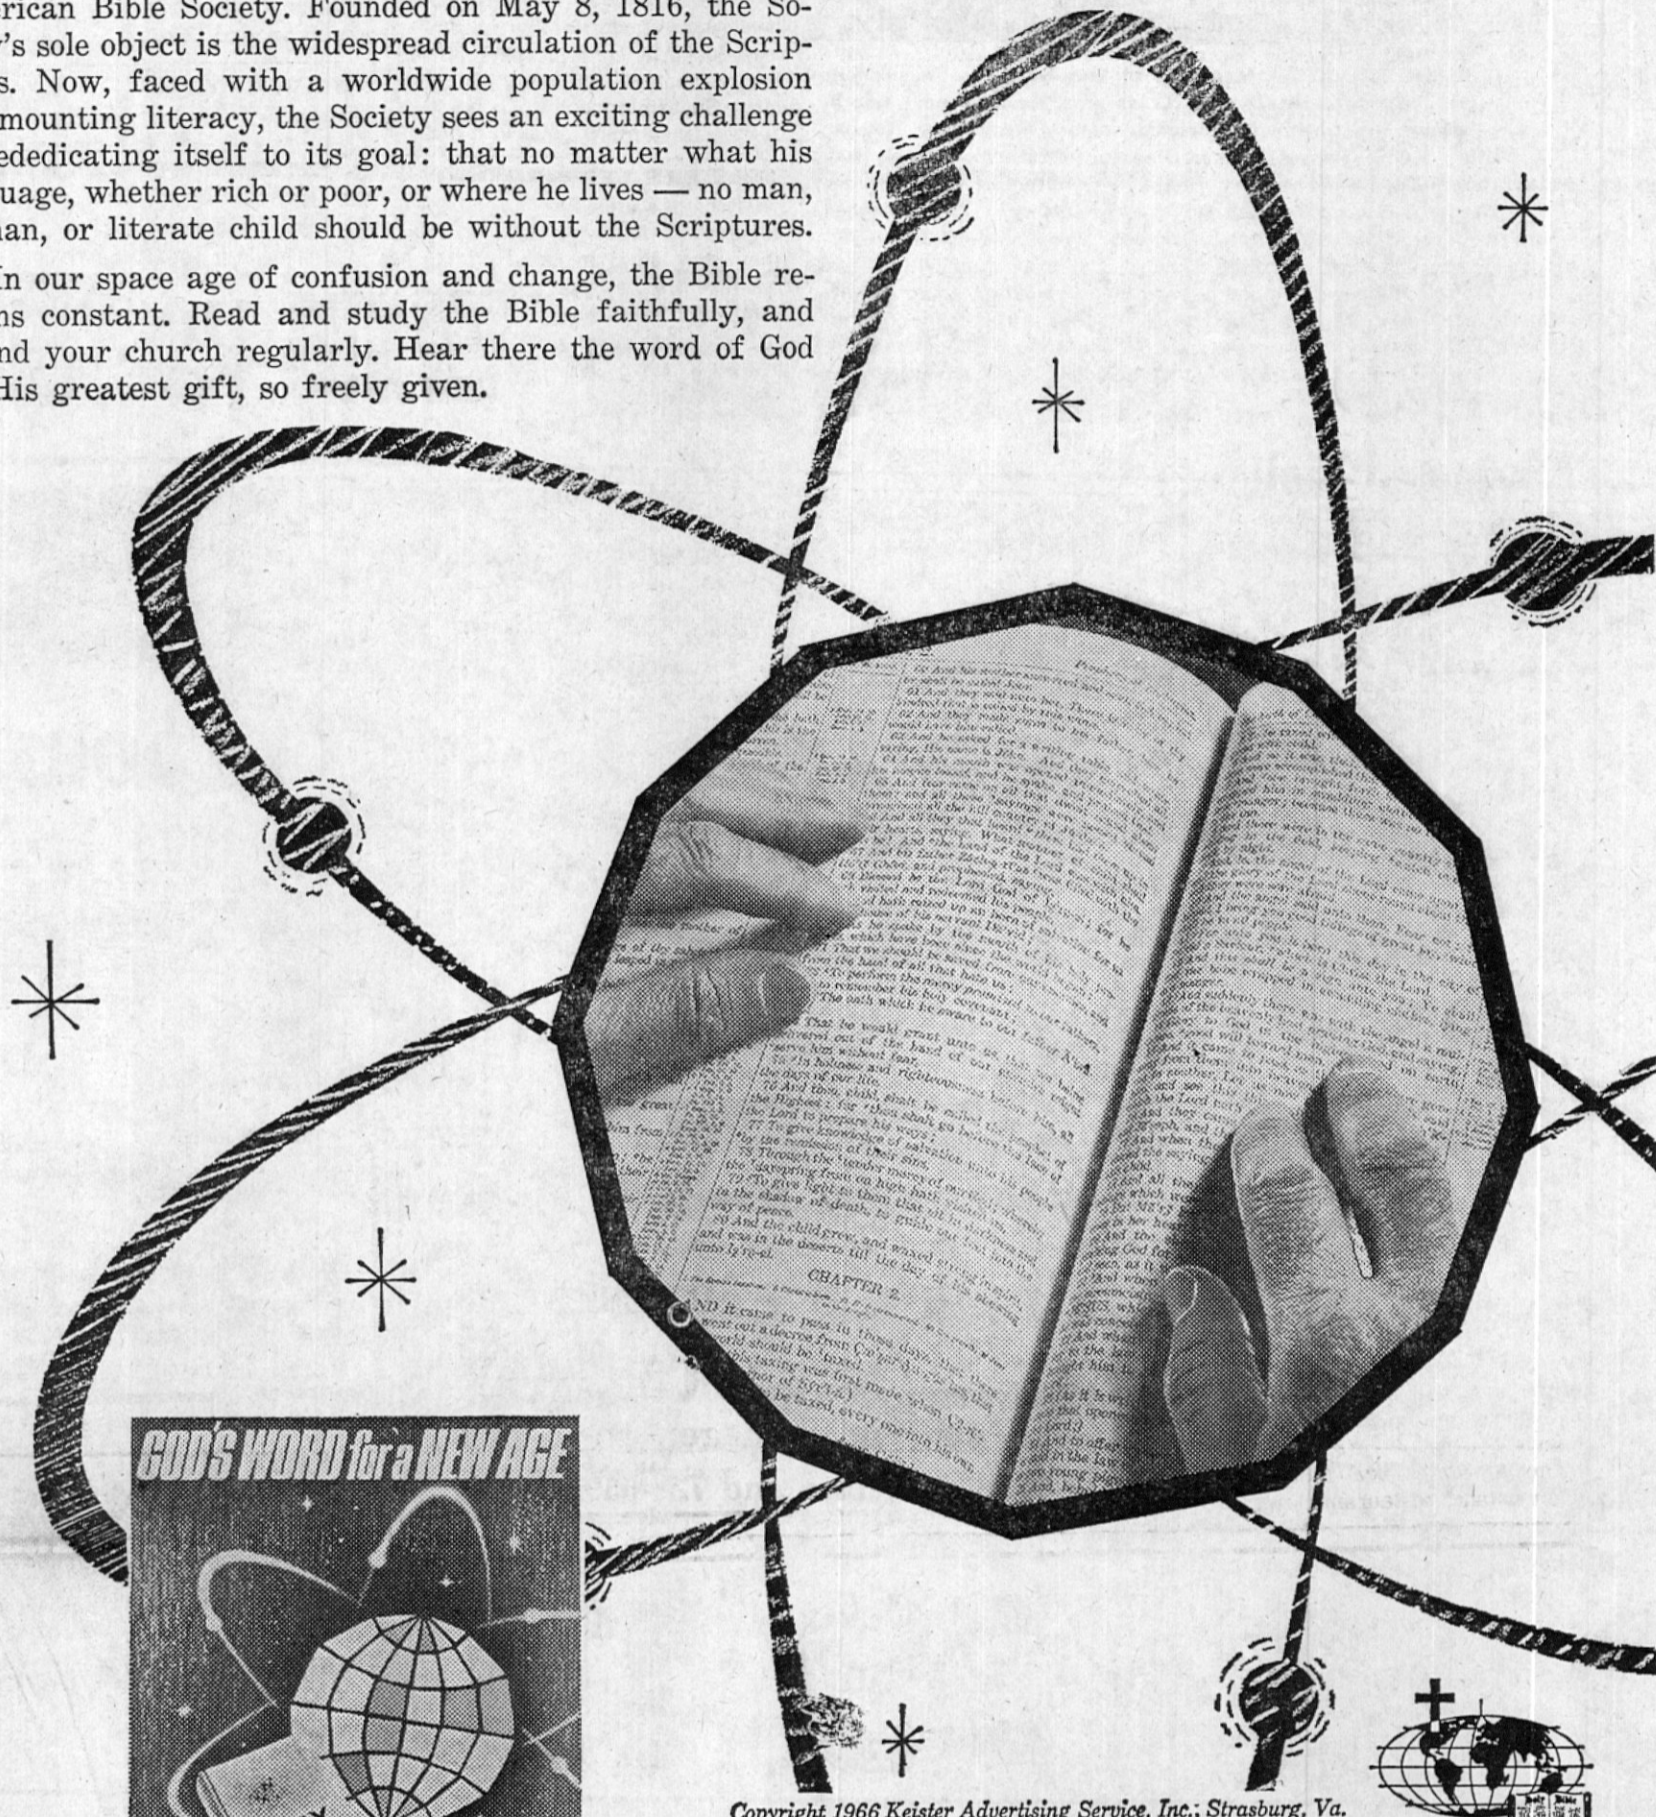

An old man in Australia holds his Bible with shaking hands. Painstakingly his pointing finger follows along a well-loved passage. In a village in Guatemala an Indian lad reads joyfully from a New Testament written in elementary Spanish. In a rural area of Japan a lively youth group discusses the Scriptures using Bibles printed in their mother tongue.

People like these, and thousands more in every corner of the earth, read Bibles today because of the work of the American Bible Society. Founded on May 8, 1816, the Society's sole object is the widespread circulation of the Scriptures. Now, faced with a worldwide population explosion and mounting literacy, the Society sees an exciting challenge in rededicating itself to its goal: that no matter what his language, whether rich or poor, or where he lives — no man, woman, or literate child should be without the Scriptures.

In our space age of confusion and change, the Bible remains constant. Read and study the Bible faithfully, and attend your church regularly. Hear there the word of God — His greatest gift, so freely given.

## THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# DUCKWORTH REXALL DRUGS

Proven cream makes wrinkles diminish or vanish in 2 weeks

With a substance new to cosmetics, named Genava, aging skin can start looking younger and younger—no older and older. After a two-week trial on a selected group of women, a noted dermatologist reports on the ingredients in Genava: "Disappearance of small wrinkles was accomplished in two-week period; even the very deepest wrinkles showed very great improvement." Dr. W. P. also comments, "the small superficial wrinkles responded dramatically." And he adds that the skin was "more translucent and smoother in appearance." These results are nothing short of amazing. And it took a new cosmetic compound to do it. Genava was developed by the trustworthy Nina Laboratory. Designed to be used twice daily—under make-up and overnight—it is absorbed instantly by the skin. Start using Genava today. In just two weeks your wrinkles will vanish or diminish greatly. Skin becomes more translucent, smoother. You will look gloriously younger! 1.65 oz. \$3.50; 4 oz. \$5.00. *nina's genava*

## Advanced Biology Class At NEMJC Makes Field Trip To Gulf Coast

The Northeast Mississippi Junior College Advanced Zoology class composed of students planning to specialize in biology or related sciences made a field trip recently to the Gulf Coast Research Laboratory at Ocean Springs. Although plans to visit Horn Island on a collecting expedition were thwarted by inclement weather, they were afforded the opportunity to do some troling. On the troling expedition over 2,500 sea animals of around 30 species were brought up for the group to study and investigate. Saturday morning they visited a slash pine woodland where pitcher plants and sundews grew in abundance.

waterski, or simply be in the outdoors. Scattered over the entire state, Mississippi's fourteen Wildlife Management Areas offer great, unspoiled stretches where small and big game enjoy the best of environments. On the big reservoirs in the state, one may pursue bass, bream, crappie, and catfish, and enjoy swimming beaches, bath houses, picnic areas, clean drinking water, camp grounds, fishing camps, group camping, boat launching ramps, boat rental, overnight cabins, restaurants, etc.

## COUNTY AGENT NOTES

TAYLOR SMITH, County Agent

**DRIVER TEST**  
 A national drivers test will be shown on television Tuesday, May 24. Check your local listings for time and channels.

**COTTON REFERENDUM**  
 An important referendum is now underway at most of the county ASCS offices in Mississippi. It is to decide if a cotton producer during the next three years may sell or lease or so transfer his farm's cotton allotment for use on a farm in another county.

All cotton producers in counties involved may vote, and voting may be done in person or by mail. Ballots mailed must be received in the local ASCS county office by May 25. Check with your local ASCS office for more details.

**PASTURE FERTILIZATION**  
 Grass pastures look pretty good for a while following clovers. Then they slow down in growth. This is because the nitrogen gets low.

If you want top quality calves and high milk production from pastures, it will pay you to go on and nitrate now with 40 to 50 pounds per acre.

Nitrogen applied in May and early June will all be used by the grasses and little will be lost by leaching.

**CORN WEED CONTROL**  
 If you are one of those corn growers who used high fertilization at planting time and plan to side dress with additional nitrogen, it should pay you to protect your investment.

It would be a shame to let weeds and grass rob your corn plants of the fertilizer and water. While robbing the plants, you also get robbed. Robbed of profits!

We will be glad to give you latest and best weed control methods — from mechanical cultivation to chemicals.

On the return trip to Northeast a stop was made at the Harrison Experimental Forest.

**COTTON INSECT CONTROL**  
 It is not too soon to be making some plans for a sound cotton insect control program this year.

When planning your poisoning program take into consideration the type insecticide you will use. Read all directions and follow carefully all instructions and restrictions on use.

**HORNFLY CONTROL**  
 The fly season is here. Hornflies take weight from beef cattle and cut dairy production. They can be controlled by several different methods. Choose the one that fits your farm and use it.

**CATFISH GROWING**  
 Channel catfish for stocking purposes and the demand for edible size channel catfish for market and consumption has increased steadily. Any pond from ¼ acre up in size will produce some catfish for home use, either for fishing or harvesting for the home freezer, these ponds of ¼ acre up to two acres are sufficient. Either dug-type or levee ponds will work.

## Degree Candidates At Blue Mountain

Blue Mountain, Miss. — Blue Mountain College, E. Harold Fisher, President, announces plans for Commencement exercises which will be held on Sunday, May 29, closing the 93rd annual session of the historic institution, owned and sponsored by the Mississippi Baptist Convention.

Dr. W. C. Fields, Public Relations Secretary of the Executive Committee of the Southern Baptist Convention, will preach the commencement sermon at 11:00 a.m. in Lowrey Memorial Baptist Church and Dr. Chester E. Swor, nationally known lecturer, author and youth counselor, will deliver the baccalaureate address at 2:30 p.m. in Modena Lowrey Berry Auditorium.

Among members of the 1966 Senior Class who are applicants for Degrees are Glenda Moore and Ann Martin White of Booneville.

**WHAT A PIANO MEANS TO YOUR CHILDREN**

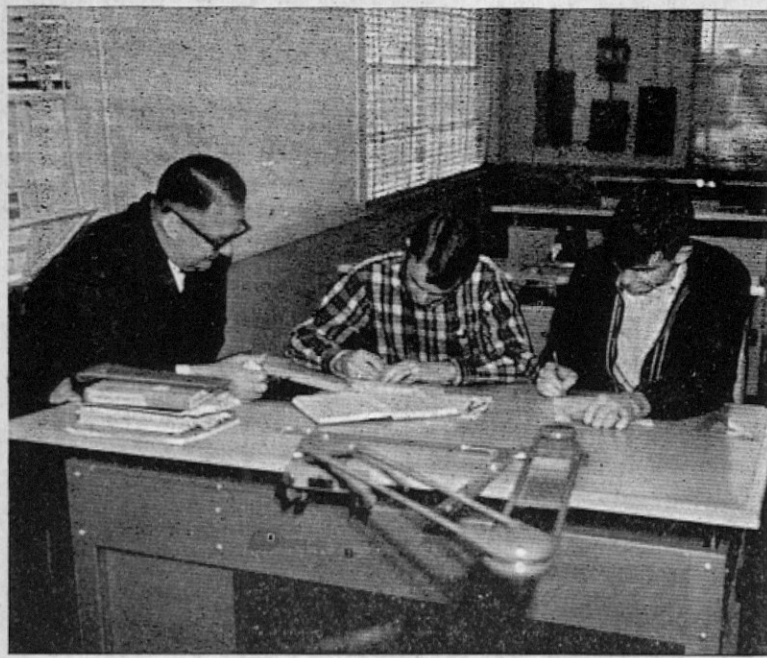

When a seven-year-old plays a simple piano composition, up to 60 different mental operations are required in a single second. Think of all the facilities that must be coordinated—ears, eyes, feet, fingers, mind. What other activity can match this training?

And besides providing mental stimulus during the formative years, the ability to play the piano is a lifetime gift that will bring endless hours of pleasure.

The expense of a piano has kept many parents from giving their children the benefits of music. But now the new **Melodigrand** student spinet puts a quality piano within the reach of every family. This price breakthrough by an established piano name, lets you open an enduring world of pleasure for your family.

Don't delay! For once your children are grown, they can never recapture this opportunity for achievement and development. Stop in today to learn how easy it is to own a **Melodigrand** piano.

ENGINEERING — From left to right are Mr. Hubert Pearson, Chairman of the Northeast Department of Engineering; William Flurry, Dennis; and Tony Honeycutt.

### Engineering Department Provides Good Pre-Engineering Curriculum

Engineering has played an important part in raising standards of living, in advancing frontiers of knowledge and in applying this knowledge in countless ways.

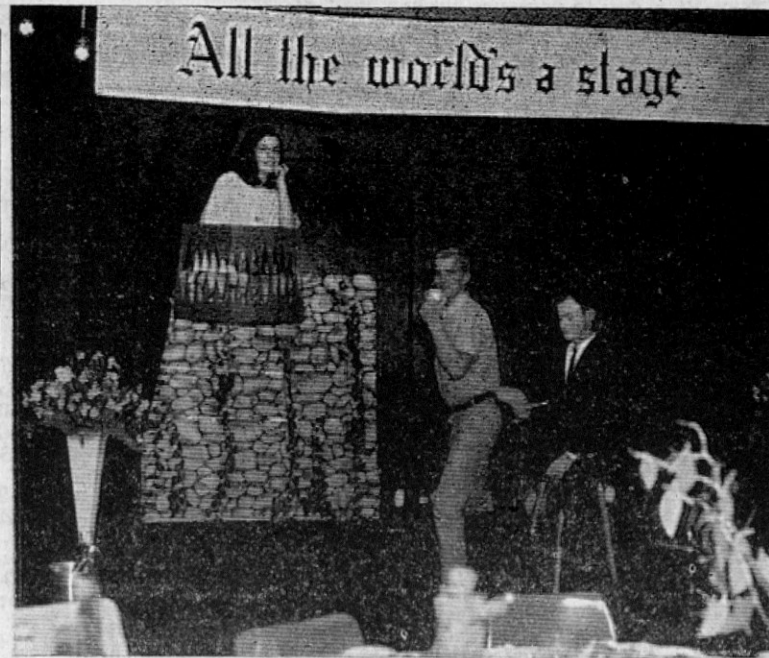

The Northeast Mississippi Junior College, realizing that for the person who receives a college education in engineering the immediate job prospects and future opportunities were never brighter. Realizing also that thousands of engineers are needed each year in new capacities and to replace those who retire, Northeast provides an excellent curriculum in engineering to meet the needs of the young men who aspire to become a part of the wonderful world of engineering.

Just as the scientist seeks to find reasons why a process works, the engineer applies this scientific knowledge to prove that it can work.

Having worked in the field of engineering both in the United States and South America, Mr. Hubert Pearson, Chairman of the Northeast Mississippi Junior College Department of Engineering says that there cannot be too much emphasis on the engineering sciences.

The courses included in the Pre-Engineering Curriculum are designed to meet the need of those who desire to enter the field of engineering — one of the largest professional occupations in this country.

Engineering Graphics 1, provides theory and practice in engineering drawing adequate enough to enable students to visualize and produce freehand and mechanical drawing as required for engineers. Engineering Graphics 11 deals with the theory of orthographic projec-

"A SAD TALE" — Presenting a skit entitled "A Sad Tale", a modern version of Shakespeare's Romeo and Juliet, are from left to right: Jane Clark as Juliet and Jerry Burnett, as Romeo, both of Corinth; and Gary Ballard as Narrator, of Booneville. The skit was presented to an audience of approximately 220, who attended the "Midsummer Night's Meal" given recently in the college cafeteria by the Northeast Literature students.

tions of point, line, and plane. Engineering 200 is the study of logarithms and logarithmic equations and practice in the use of slide rule.

The Engineering Club is composed of engineering students interested in all phases of engineering. The purpose of the organization is to stimulate interest in engineering and to encourage participation in school and other functions. A highlight of the year is the annual fishing trip to Coleman Park. Field trips for the year include a visit to the Columbus Army Base and the University of Mississippi.

Mickey Clayton of New Albany is president of the Engineering Club; Dorothy Dobbins, Corinth, is secretary; and Gary Williams, Corinth, treasurer; with Mr. Hubert Pearson as sponsor of the organization.

Mr. Pearson states, "Engineering is a very exacting and demanding course on the individual. The student can expect good employment upon completion of the course in engineering. With our nation's economy as such, there will never

be an over supply of good engineers for many years to come."

### Northeast Music Department Recital To Be Friday Night

The Music Department of Northeast Mississippi Junior College will present students in recital on Friday, May 20, at 7:30 p.m. in the college auditorium. Pianist, organists, vocalists, and the Madrigal Singers representing all the five supporting counties and one out-of-district will make up the program.

From Alcorn County those participating in the program are Brenda Jaudon, Bill Taylor, Jerry Hight; Lee County, Dennis Basden; Prentiss County, Mrs. Loraine Copeland, Mrs. Betty Highbaugh, Charlotte Oakley, Dianne Freeman, and Elaine Kennedy; Tippah County, Bruce Smith; Tishomingo County, Fred Shearon, Glenda Broughton; Union County, Geraldine Wilson, Barbara Messer, Richard Gray and Joyce Beard.

The public is cordially invited to attend.

## HOME ECONOMIST'S NOTES

By CLAIRE T. ROSS, Extension Home Economist

Don't forget to watch and take part in the National Drivers Test on May 24 on national television. We are hearing a lot now about building safety features into our cars. We need also to build ourselves into the safest and most skillful drivers possible.

Mark the date Tuesday, May 24 on your calendar. Check our local TV guides for the time and channel.

### Clean Up, Fix Up

Don't put off any longer that clean up, fix up day you have been planning for your house and

grounds. Make it a day to remove and fix safety hazards in your house, yard, garage and other buildings.

Typical hazards that may be destined to cause an accident if not corrected may include a lot of less obvious and "little" things. A cracked ladder rung, an aspirin bottle on the dresser in a home with small children, a broken board on the porch floor, oily rags in the garage, closet or basement, an extra appliance plugged in the

kitchen wall outlet.

Fewer hazards mean fewer accident possibilities; fewer possibilities, fewer accidents.

### A Clean, Neat Closet

Maybe a part of your plans for your clean-up, fix-up about your room has been to clean and reorganize your closet. A well-organized closet is basic to a well-groomed wardrobe.

Take everything out of the closet. Scrub and clean it thoroughly. Maybe you will even want to either refinish it with washable paint or enamel in a color that contrasts with your room, or with washable wallpaper. Cover the shelves, and perhaps even the floor, with an adhesive-back washable plastic.

Now you are ready to hang garments in sizes and shapes that fit your needs - shorter for suits and blouses, extra long for house coats and formal gowns, and average length for dresses and coats. You may want to hang them in the proper length garment bags. Hang all clothes in one direction, with those you use daily nearest at hand.

Store clean folded sweaters in plastic envelopes or boxes, and arrange shoes in a shoe bag inside the closet door. A hanging storage bag with adjustable shelves is useful for hats, handbags and small accessories. Add a tie rack for belts, ties, and ribbons.

Take advantage of the many convenient closet gadgets on the market, such as washable plastic shoulder covers to protect delicate items, multiple blouse and skirt hangers and special racks for special accessories.

Add some original gimmicks like tying empty perfume bottles on ribbons and hanging so everything in the closet takes on a fragrance, or attaching peg board to one wall for extra hanging space.

### Itinerary

The Extension Homemakers' Council and Leader Training meeting will be held Tuesday, May 24. Time and place to be announced later.

### Mary Neal Richerson Is Recognized At Millsaps Honors Day

Jackson, Miss.— Mary Neal Richerson of Booneville was among the Millsaps College students recognized at Honors Day.

Medals and prizes for special achievement in scholarship and extracurricular activities were presented at Honors Day. Also recognized were students who have received grants for graduate study and those who have been accepted by graduate schools.

Miss Richerson received the Deutscher Verein Award for outstanding accomplishment in German. She was also recognized for winning a National Defense Education Act fellowship and for being named to Honorable Mention List by the Woodrow Wilson National Fellowship Foundation.

### PROPOSED AMENDMENT TO CONSTITUTION OF STATE OF MISSISSIPPI

#### Senate Concurrent Resolution No. 115

A CONCURRENT RESOLUTION PROPOSING AN AMENDMENT TO THE CONSTITUTION OF THE STATE OF MISSISSIPPI OF 1890 SO AS TO PROVIDE FOR THE PAYMENT OF THE EXPENSES OF CRIMINAL PROSECUTIONS BEFORE JUSTICES OF THE PEACE BY THE COUNTY IN WHICH SUCH PROSECUTIONS SHALL BE BEGUN.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI, TWO THIRDS (2/3) OF THE HOUSE OF REPRESENTATIVES AND THE SENATE CONCURRING THEREIN, That the following amendment to the Constitution of the State of Mississippi of 1890 be submitted to the qualified electors of the State of Mississippi for ratification or rejection in an election to be held on the first Tuesday after the first Monday in June, A.D., 1966, viz:

Amend Section 261 of the Constitution of the State of Mississippi of 1890 to read as follows:

"Section 261. The expenses of criminal prosecutions shall be borne by the county in which such prosecution shall be begun; and all fines and forfeitures shall be paid into the treasury of such county. Defendants, in cases of conviction, may be taxed with the costs."

BE IT FURTHER RESOLVED, That the Secretary of State is hereby directed to give the notice of election in the manner and for the time as provided by Section 273 of said Constitution, and a special election is hereby called and fixed to be held on the first Tuesday after the first Monday in June, A.D., 1966, for the purpose of submitting this and other amendments to the Constitution to the qualified electors of this state for approval or rejection; said election to be conducted and held as provided by law for state-wide general elections.

ADOPTED BY THE SENATE March 2, 1966

CARROLL GARTIN President of the Senate

ADOPTED BY THE HOUSE OF REPRESENTATIVES April 5, 1966

WALTER SILLERS Speaker of the House of Representatives

### New Regulations On Bond Holdings

W. Taylor Smith, county agent and chairman of the U.S. Savings Bonds volunteer committee for Prentiss County, today urged bond buyers to take advantage of the new higher annual limitations on holdings of E and H Bonds which have been announced by the Treasury Department. The new regulations provide that eligible purchasers may own up to \$20,000, maturity value, in Series E Bonds bought in any one calendar year, and \$30,000, face value, in H Bonds. Previous limits were \$10,000 and \$20,000 respectively.

Calling attention to the fact that the interest rate on Savings Bonds was recently increased to 4.15 per cent, Mr. Smith called the new purchase limit "an unusual opportunity" for both individual and institutional investors to become "larger shareholders in their country."

Under Treasury regulations, any resident of the United States, or citizens temporarily residing abroad may own Savings Bonds in a choice of registrations: single owner, co-owner, or beneficiary. Where bonds are purchased in the names of two individuals as co-owners, each may hold the maximum amount of either E or H Bonds, or both.

Bonds may also be owned by corporations, associations, public or private organizations, fiduciaries.

# LONG HOT SUMMER without GAS AIR CONDITIONING

Waiting until summer to plan for your air conditioning is like waiting until the horse is out, before locking the barn door. Now is the time to get the job started. Gas air conditioning is the most economical possible . . . it costs much less to operate . . . and the equipment needed lasts 4 to 5 times as long, and costs so much less to maintain. Come to us about your gas air conditioning and we will give you the facts and show you how much you can really save by going Modern. (The Booneville Municipal Gas System will refund you 20% of the retail cost of your air conditioning, not including duct work and installation.)

**Booneville-Corinth WSCS Sub-District Meeting Held Friday**

The spring meeting of the Booneville-Corinth Sub-District of the Woman's Society of Christian Service was held at the Booneville First Methodist Church in Booneville on Friday, May 13.

The theme of the meeting was "Whatever thy hand finds to do, do it with a will." Ecclesiastes 9:10.

Mrs. Emmons Turner, Jr. presided in the absence of Mrs. W. B. White president. Mrs. Walter Simpson of Booneville served as secretary.

After the opening thoughts a n d responsive reading, Mrs. W. R.

Richerson of Booneville, gave the meditation and prayer.

Four District officers, Mrs. W. C. Smallwood, Vice-President; Miss Melissa Grant, Recording Secretary and Publicity, both of New Albany; Mrs. S. W. Downs, Secretary of Supply, and Mrs. Emmons Turner, Secretary of Membership Cultivation, both of Booneville; took part in a period of promotion, discussion, questions and answers.

The other phases of the program were a skit, "How Healthy Is Your Woman's Society?" presented by the Jumpertown Society with Mrs. Bob Grisham, Miss Annie English and Mrs. James Moore taking part; a poem, "He Pointed His Finger At Me", given by Mrs. John Hillie

**GRADUATES** — Shown above is the graduating class of Mary Waldrop's Kindergarten. Seated left to right are Dorothy Carol Moore, Beth Eaker, Ann Grisham, Jamie Penny, Marla Ellzey, and Cindy Kellon. Standing left to right, Sally Berry, Lynette Rowland, Mark Prichard, Sammy Grisham, David Cox and Cathy Reece. Miss Mary Waldrop, teacher, is shown standing behind the group. Following graduation on Friday afternoon, May 27, the group will enjoy a picnic at the City Park.

**Art Chairman At NE Attends Festival**

Mr. Marty McLendon, Chairman of the Northeast Mississippi Junior College Art Department, recently attended the Mississippi Arts Festival in Jackson, Mississippi. The festival, presented art exhibits on the college, high school, and amateur level. On special exhibit was one of Bonard's paintings valued at \$66,000.

Each evening of the festival the guests were honored with a special program, including an opera and ballet, drama and fiesta, and a "pop" concert featuring Dinah Shore and the West Point Cadets Glee Club.

Mr. McLendon, having attended the festival twice, states, "The Festival shows how people in Mississippi are becoming more interested in the arts, and in my opinion is the state's greatest cultural aspect."

Green of Corinth and the closing meditation, "A Show of Hands" by Mrs. Wayne Hutchins of Booneville.

Rev. W. R. Richerson of Booneville, dismissed the group with a prayer and grace after which lunch and a period of fellowship was enjoyed.

"Today's housewife has a choice of about 8,000 food items. That's fine but if your wife is like mine she tries to put them all in the refrigerator at once." James H. Russell, The Belton (Texas) Journal.
