NORTHEAST JUNIOR COLLEGE Business Data Processing
Instructor John Tomlinson completes an eight-week data processing workshop at Hinds Junior College this week. The vocational-technical division of the Mississippi Department of Education and IBM have sponsored the training that has involved 11 instructors from six junior colleges. Data processing at Northeast is a two-year program designed to produce graduates capable of operating the very latest equipment in the business. The equipment was purchased through the state vo-tech program.

Northeast Instructor Participating In Data Processing Workshop

Large accounting and interpreter machines, well-qualified instructors, and starting salaries of some \$450 per month await the student who pursues a future in data processing at Northeast Junior College.

William Stewart, vocational-technical education supervisor of business and office occupations, made this observation this week after checking with Northeast data processing instructor who is participating in the eight-week workshop sponsored by IBM and the State Department of Education at Hinds Junior College.

Stewart pointed out that John Tomlinson has a good background in data processing and has diligently sought perfection in the latest technical applications of data processing equipment through this workshop.

The machines used in data processing instruction are capable of saving a business or industrial concern hundreds of man hours weekly. Students will learn to program and operate all the equipment which includes a card key punch machine, a card sorter, an accounting machine, an interpreter, a calculator that merges and compares sets of data, and a reproducing punch.

Stewart asserted, "The efficiency level of data processing graduates will be such that they can process the payroll, financial statements and other office work at a much faster rate than that required by conventional methods."

In addition to the excellent starting salaries made by graduates, incomes can climb as high as \$700 per month as they progress in their work.

Two Qualify For Alderman

A special election will be held at the City Hall on August 30th to fill the vacancy in the office of Alderman created by the death of Alderman John W. Mahaffy.

Only two have qualified so far. They are John Bell Young, Sr. and W. S. (Bill) Chittom.

The deadline for qualifying is August 24 and all candidates desiring to qualify must file a petition signed by at least 50 qualified electors of the City.

The annual revival will begin at the Wheeler Primitive Baptist Church Sunday, August 14, at 11 o'clock. Elder Bethea of Tifton, Ga., will be doing the preaching.

Services will begin each evening at 7:30. The public has a cordial invitation to attend.

County Local Option Liquor Election Is Set For August 30

The Prentiss County Board of Supervisors has set Tuesday, August 30th for an election to determine whether to legalize the sale of liquor.

The board was required to call the election following the presentation of a petition bearing the signatures of more than 1,500 qualified voters of the county, in accordance with the state's new local option alcoholic beverage control law passed earlier this year.

Thirty-four counties have voted on legalization and a number of other counties have set dates for voting. Of the thirty-four, twenty-nine voted in favor of legal control and five voted to stay dry. Alcorn County voted on Tuesday and the vote was 3,738 against coming out from under the dry law and 3,582 voted for legal control.

Voters in the liquor referendum must have been registered four months prior to the election. No poll tax payment are required in any election now.

A simple majority vote will decide whether liquor will be legally allowed in Prentiss County. The law provides for package sales and by-the-drink sales under strict rules.

The Alcoholic Beverage Control Division of the State Tax Commission is the state agency handling liquor within the state, and the agency will be the only wholesaler of liquor allowed in the state.

Approximately 145 Employed Under College Work-Study Program

Approximately 145 students from The Northeast Mississippi Junior College District are earning \$1.25 an hour for a forty-hour week, according to Mr. Hal Hughes, Director of Student Personnel at Northeast.

Working since June 1, the students are taking advantage of the College Work-Study Program made available by Title I Part C of the Economic Opportunity Act of 1964 as amended by the Higher Education Act of 1965. Northeast was appropriated \$67,265.11 to carry out the College Work-Study Program for the summer. An extension of \$36,270.00 has been appropriated for the regular school term of 1966-67.

In addition to those working at Northeast, students are employed by public organizations throughout the five-county district. All students employed under the program plan to attend Northeast for the 1966-67 session, stated Mr. Hughes.

NOTICE!

All children who will enter the first grade at Booneville Grammar School this term are asked to remain at home on Monday, August 22, and report to school on Tuesday, August 23, at 8 a.m. All other grades will report for school Monday, August 22.

Bloodmobile Quota Is Raised; Unit To Be At Methodist Church

The Bloodmobile will make its regular visit to Booneville Thursday (today) and will be in the ground level floor of the First Methodist Church from 12 noon until 6 p.m. to collect blood from donors.

The Booneville quota has been raised to 175 pints, an increase of 25 pints over the previous quota. Emmons Turner, Jr., county blood program chairman, pointed out that the quota raise was made necessary because of the desperate need for more blood for our fighting forces in Vietnam.

A package retailers permit cost \$1,800 with \$900 going to the state and \$900 to the city. An on-premise retailer's permit, except for clubs and common carriers, cost \$900 with half going to the state and half going to the city or county.

Under the local option for legal control of alcoholic beverages sales of liquor will be permitted only in incorporated municipalities, in qualified resort areas within such counties whether within the municipality or not.

More Than 180 Students Attend Orientation Sessions

More than 180 students have attended the Orientation sessions at The Northeast Mississippi Junior College during the summer months.

The Student Personnel Division at Northeast implemented the summer Orientation Program for the purpose of acquainting prospective students with important aspects of college life.

Assisting Director of Student Personnel Hal Hughes in the Orientation Program are Mrs. Martha Carol White; Mr. William Nelson; and Mr. W. C. Eaker.

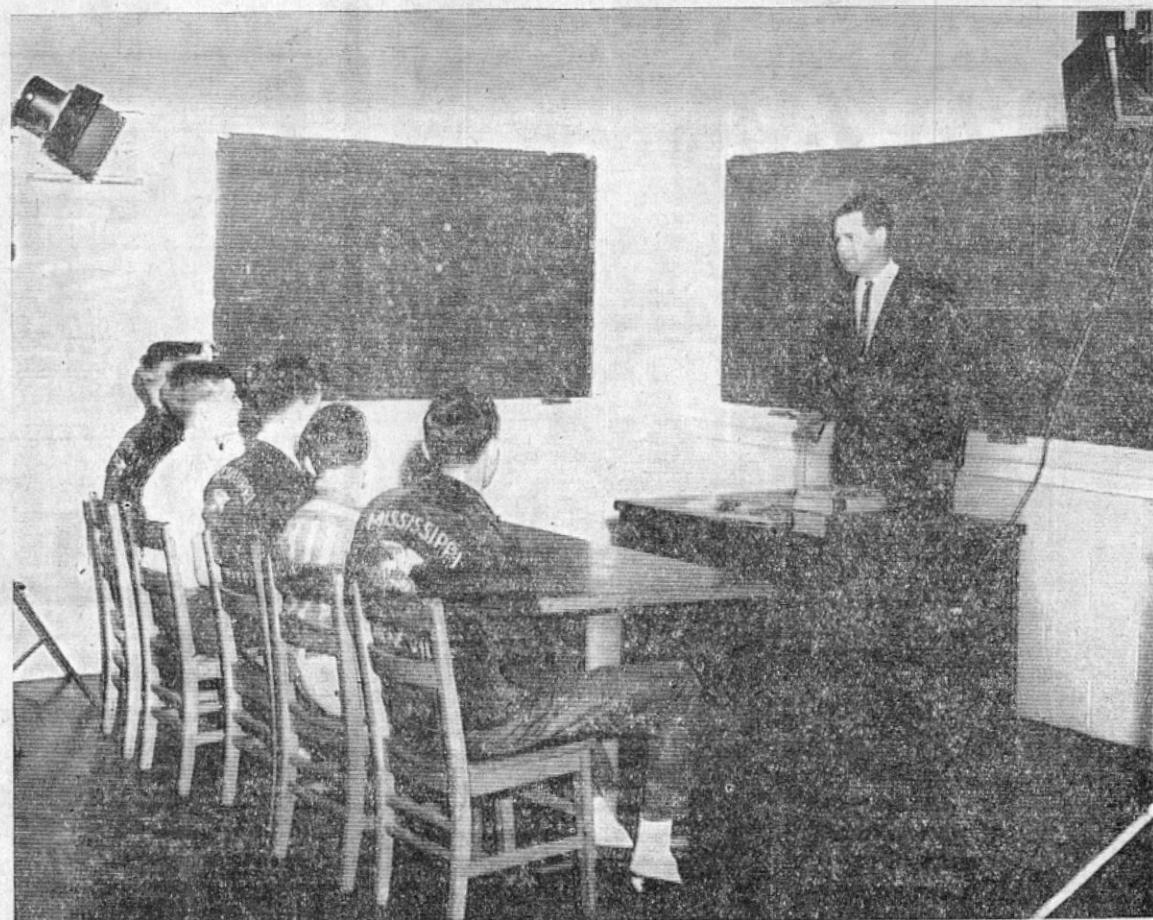

During the Orientation sessions, students have the opportunity to preview the course of study that they will be pursuing during the fall semester.

Students who are undecided as to their academic majors may select aptitude, achievement, or interest tests to help them select the proper field of study.

Many college terms are defined including semester hours, quality points, probation, etc.

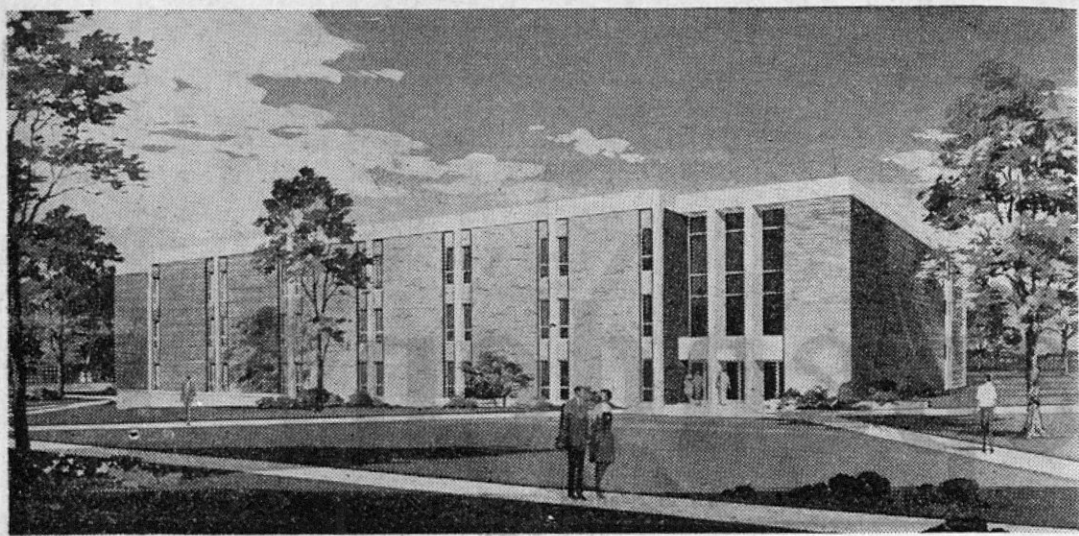

GETTING SET TO SHOOT — Mrs. Josie Smith and her husband, Ralph (Buddy) Smith, Southern Regional Star Farmer, look on as the camera equipment is set up Wednesday night to shoot a scene in a film concerning Buddy and his family and their farming operation. Mr. C. L. Venard, center, of Peoria, Illinois handles the technical supervision and the camera, while Mrs. Venard is in charge of the script. Mr. Charlie Mostoller, right, is an agricultural teacher from Pennsylvania, who accompanied and assisted Mr. and Mrs. Venard.

THIS IS THE SCENE — The film scene made Wednesday night at the Booneville High School agriculture building depicts Merrill Cartwright, BHS vocational agriculture instructor and Buddy's F.F.A. advisor over the years, lecturing to a group of students.

MR. AND MRS. A. L. HOLLAND

Mr. and Mrs. A. L. Holland Celebrate Golden Wedding Anniversary Sunday

Mr. and Mrs. A. L. Holland of Thrasher Community were honored on their Golden Wedding Anniversary Sunday, August 7 from 2:00 p.m. to 5:00 p.m. with Open House at the home of Mr. and Mrs. Cecil Grimes.

The children, Mr. and Mrs. C. W. Hicks, Mr. and Mrs. W. A. Holland, Mr. and Mrs. Cecil Grimes, Mr. and Mrs. Selby McCoy and Rudolph Holland were host to the many friends and relatives, who called to offer congratulations and good wishes. Mr. and Mrs. W. H. Matherly, daughter of the honored couple, of Wenatchee, Washington were unable to attend.

The guests were registered by Mrs. W. A. Holland.

Miss Drue Holland, granddaughter of the couple, along with Miss Ann Vanstory presided at the gold covered table overlaid with lace. The table held a crystal punch bowl filled with orange colored punch, the three-tiered cake topped with a miniature bride and groom and the numeral 50 in gold. The gold pom-poms and candle arrangement completed the table decorations.

Yellow carnations, gladioli, and potted mums were used for floral arrangements throughout the home.

Love... is not provoked... but rejoiceth with the truth. —(I Cor. 13:4-6)

If working conditions appear strained, a peaceful, soothing word from us may give others assurance. Regardless how irritated or unreasonable someone may appear, we must remember that love is not provoked. Instead of feeling hurt or angry we will bless them into the Father's care and keeping. Let's rejoice in His love.

The problem is how to grow old gracefully when it's all concentrated in the spot that prohibits it.

That New Driver's License

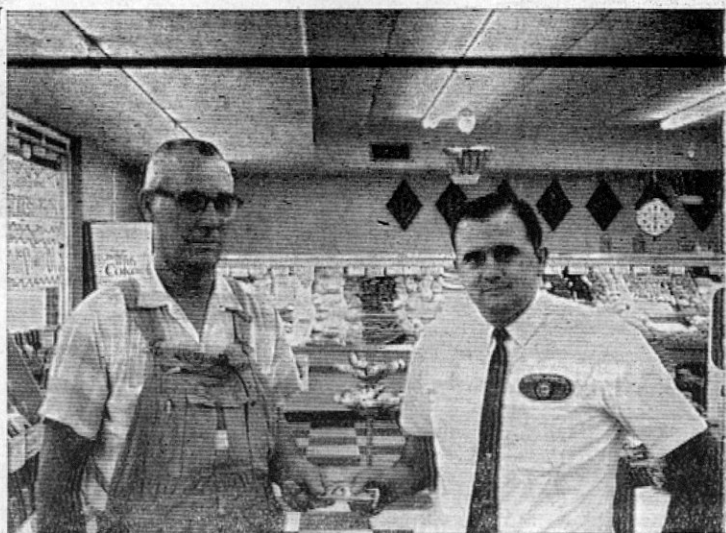

In case you hadn't noticed, a lot of the drivers we meet these days look very, very young. And we suppose reactions vary a great deal, among older motorists, when one of those "fledglings" disrupts the orderly (?) flow of traffic with an unexpected maneuver or a stalled engine.

"Fledglings" we call them, because we see many similarities between the young motorists who appear in such numbers shortly after school lets out, and the many young birds which are learning the fly at about the same time. Do not most parents have the same anxieties when their youngster first takes to the road as do momma bird and poppa bird when their fledgling first tries his wings? (Except in the case of cowbirds, which leave the care and training of their offspring to others.) Then there's the matter of cats. With young birds, it's the kind of cats that will pounce upon them and kill them. In the case of young drivers, it's the kind of "cats" which lure them into driving habits and situations where they are likely to kill themselves.

But what are wings for except to fly? The desire of a newly-licensed driver to drive to nowhere and back is quite as normal as those first fluttering flights of a young bird back and forth between two bushes; and perhaps just as essential

to development of necessary skills. Also, that new license demands of its owner some manner of proof that he can really handle a car. The "cats" invite him to prove it by "laying rubber" every time he starts, whipping in and out of traffic, "double-clutching" just for the fun of it, and never failing to screech tires when stopping or rounding corners.

Probably one of the best assists to young drivers (and their parents) through those dangerous and trying first few months with the new license, is the National Safe Driving Auto Road-E-O. This nationwide series of local, state and national contests, begun in 1952, is co-sponsored annually by the U. S. Jaycees and Lincoln-Mercury dealers throughout the country. It emphasizes and rewards the development by teen-age drivers of the physical skills and mental attitudes which make for both good and responsible car handling. August 11 marks the end of this year's contest, with the national competition in Washington, D. C. Local contests for next year's Road-E-O begin in March, 1967. There's no better time than now for the current crop of new drivers to get acquainted with the rules and start practicing. This is, in truth, a competition in which every contestant can win.

JACKPOT WINNER — Joe F. Green, left, of Booneville, Route 3, was winner of the \$100.00 Jackpot at the Sunflower Food Store here Saturday. Leland Barnett, store manager, presents him with the money.

The French Riviera?

No, this is MISSISSIPPI

America's own Riviera is located right here in Mississippi on the beautiful Gulf Coast. Probably no other resort area in the nation offers such a vacation variety — beaches, fishing, golf, historical sites, scenic drives, luxury hotels, fine restaurants and amusement attractions.

Whether a family on vacation, or the most discriminating traveler, the Mississippi Gulf Coast offers fun and surprises for all.

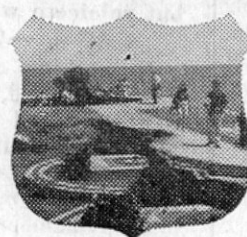

Visit America's Riviera first — here in Mississippi.

ROAM THE BEACHES
Miles of sparkling white beaches. Explore interesting offshore islands.

FUN FOR KIDS
Deer ranch, excursion train, amusement park, aquarium, frontier town, boat rides.

SIGHTS TO SEE
Historic Beauvoir, Ft. Massachusetts, Biloxi Lighthouse, museums, churches.

BLESSING OF SHRIMP FLEET
OUTBOARD JUBILEE, DEEP SEA FISHING, ROdeo, NUMEROUS REGATTAS, GOLF TOURNAMENTS.

Editorial Comments

By DR. W. H. ANDERSON

PREVENTION IS IMPERATIVE

Everything considered, Louis Pasteur of Paris, France, was the greatest scientist the world has ever known. He brought us a sure remedy for hydrophobia. Hydrophobia has to be prevented, not cured after it develops. Every person, every animal that develops hydrophobia surely dies with no exceptions.

We now have an anti-rabies treatment that will prevent every attack if given in the right way and in the right time. This disease is not necessary. The infected dog is the worst source and the fox, cat and the bat are known to be offenders. Most people love a dog and we must not blame the good animal for he is a true friend of man, loyal and devoted. Even a mad dog seldom bites his master. But the dog that is worth keeping is worth vaccinating. Eighty-five per cent will never have rabies if vaccinated. The dog that has to pillage for a living is the most likely victim and carrier, but the little house dog may be a source of danger too. The rabid fox is known to bite other animals.

If you have a dog, be kind to him, be considerate to your neighbor and have him vaccinated. Feed him well so that he will not have to roam the streets and increase the possibility of rabies.

If you or your child are bitten by a dog which you may or may not believe is rabid, use the following precautions. Even though you have the impulse to kill the dog, by all means do not do so. Enclose the dog, take special care of him for at least one week. Keep him away from other dogs and feed him well. If he is all right at the end of a week, you need not fear, but if he dies before that time you should have his head examined for Negri bodies or better, go ahead and give the anti-rabies treatment to the person bitten. This is the safest procedure.

Worthless dogs are a menace and a heavy expense in this country. Hungry children need the bread they eat. At one time dogs which were neither muzzled or vaccinated were ordered killed by the town health officer. For the love of others and the good of the town, we hope that every dog owner will have his dog vaccinated.

BRING ON THE SORGHUM

We are anxious to see how the sorghum crop turns out. It may turn out to be a very profitable one. Sorghum is a fine commodity, good for animals, including man. The flavor of sorghum molasses can't be surpassed.

ROADS — EVEN ON CREDIT

We have many advantages to offer men and industry interested in coming to Booneville. Our hospitality is valuable. But WE NEED MORE AND BETTER SCHOOLS AND ROADS. We do not have enough roads for the cars we have, and we are sadly behind on our road system in Northeast Mississippi. We are sure taxes are a bit short, but we also need to have some outside money to make up for our lack of funds. Poor roads in one section of the state may hurt the entire state. Of course our fine young men and women help make up for the shortage of money; they are really more valuable than dollars and cents. It is good economy to borrow money to build needed roads.

More than twenty years ago we predicted that we would have a white way between Booneville and Corinth some day, and we still say we will. The time may not now be too far in the future.

GO TO THE ANT

The time is near at hand to prepare your land for cover crops for the winter. Cows need to have winter grazing, especially milk cows. It is hard to have enough dry feed for a milk cow through the winter months. Experts tell us that one cow will eat about 150 pounds of grass per day if it is good grass. Prepare now to save enough hay, corn and silage to take care of her needs through the winter. Chances are that the milk check will not pay for the feed that the cow needs. Don't wait too late to sow your winter grazing crops!

The consumption of whiskey as a beverage is not compatible with the machine age in which we live.

MEASLES VICTORY

It is said that measles was known centuries before Christ. An Arabian doctor in 610 A.D. gave a clear description of the disease. Vaccines which have whipped many diseases and saved thousands of lives from smallpox, typhoid, diphtheria, tetanus and polio have been developed in recent years. Only 66 cases of polio were reported in the United States in the first half of 1966. It appears that the vaccine against measles is now on its way to victory. Twelve million have now been vaccinated with twelve million more to go. It is estimated that measles will be under control when four million more have received the vaccine.

Before we had the measles vaccine four or five hundred deaths were caused yearly by the disease. Ten per cent of all cases were likely to have serious complications — pneumonia, bronchitis, middle ear infection, encephalitis. This disease has taken human life, reduced efficiency and caused the loss of much time and expense. How grateful we should be for the wonderful victories in public health.

*In 1952 57,879 cases of polio were reported; in 1965, only 59 cases were reported.

LET'S GET UP TO DATE

We might as well begin to think about voting machines for our county. They would save a lot of time and will be more economical and efficient in the long run.

BOONEVILLE PRODUCT

We offer cordial congratulations and good wishes to Taylor Byrd Smith on his matrimonial accomplishment. Taylor Byrd is a smart boy and a good young man. We predict that he is going to make a mighty fine lawyer. Booneville feels proud of him.

RAIN WHEN NEEDED

Mr. and Mrs. W. L. Caver are just back from a trip out West where the farmers use irrigation for growing crops. W. L. is strong for this system for crops, gardens and pastures and thinks that even in Prentiss County we should begin at once. He thinks we should conserve the water that we lose every day, water from springs that come from under the hills. Then we should conserve every drop of water that hits the ground as far as is possible. Torrents of rain take a big part of our best soil to the ocean. We need this good soil and we need the moisture that goes with it to grow the crops. Conserving rainfall is the very best economy. We must work at finding a way to get enough moisture at the time it is needed. Perhaps when we get better acquainted with the moon we can arrange for it to give us rain when we need it. We are always glad to talk with W. L. Caver. He has a thinking mind and a progressive one. He's working on a proposition to conserve the energy of the cackling hen by touching her bill to an electric button when she has laid her egg so that the next hen can come on the nest.

Pasteur believed that science and religion walk hand in hand. He felt that faith in God is the supreme thing and that science is here to help that faith along.

SCHOOL FOR NURSES

The Northeast Mississippi Junior College and the Northeast Mississippi Hospital are backing and promoting a fine two-year training school for nurses which gives an R.N. degree at the end of two years. This was the first school of its kind in the state; it is quite well known in the state and also across the nation. Either this year or next we feel quite sure that we will have half a dozen more schools in Mississippi patterned after ours.

We should be very proud of this school; it is already helping to alleviate the nursing shortage. This shortage is just beginning; there is a shortage of trained nurses across the nation.

Now our college is giving due consideration to beginning a training school for practical nurses or LPN's. The registered nurse is the nurse the nation so sorely needs, but more practical nurses can be used in the hospital situation. Many of these nurses are needed in the nursing homes. Under the direction of the registered nurse, they can be of untold value.

More and more beds are needed in our nursing homes. Booneville may be expected to draw practical nurses from the five junior college counties as well as the registered nurse. We do not want anything to interfere with the registered nursing school and the practical nursing school should not when handled in the right way. This practical nursing school we understand will be more or less under the direction of Mr. Hale Aust. He will look after it in the right way.

Don Locke Is New Supervisor At N.E.

Mr. Don Locke will serve as Supervisor for the Division of Distributive Education at The Northeast Mississippi Junior College, beginning with the fall semester.

Northeast President Harold T. White stated that Distributive Education is another new approach of offering curriculum selectivity and introducing a cooperative endeavor between The Northeast Mississippi Junior College and business in the five-county district.

The purpose of the program is to assist students who desire to enter the field concerned with the distribution of goods and services. The program is designed to provide students the opportunity to attend classes on a three-day ratio and be gainfully employed the remaining three days of the week. In this way a student has the opportunity to gain practical experience in the performance of his responsibilities.

Another very beneficial aspect of the Distributive Education Program will be short courses in Workshop for adults already engaged in the distribution of services. For example, workshops will be conducted in real estate, insurance, retail salesmanship, and other needs as indicated by the people of the college district.

Local Business

The value of advertising may be assessed in many ways.

One of the vital aims of advertising is to keep old customers.

The local retailer, as well as the national distributors, is much like a man on a treadmill. He must run to hold his own.

There is no such thing as a regular customer. No one is more fickle than the consumer with money in his pocketbook. He is addicted neither to habit nor loyalty. He is constantly in search for something better at lower cost.

Consider the story of a razor blade manufacturer which dominated the American market for years. The success of the company was built on a good product and consistently fine advertising.

Once the company cut advertising and old customers drifted away. Costly crash advertising restored the position of the company. However, competitors developed a better razor blade; and not even good advertising could stand for long against a better product.

Competition was again met — this time by the development of an obviously superior product which provided a sounder base for advertising.

Finally, the company was again threatened by imported stainless steel blades which could be sold

Mrs. David Jeter, Mrs. Cleve Pannell and Mrs. Edward Cornelious, all of Ripley.

through honest advertising as being superior to conventional steel blades which the dominant firm continued to promote. Once again product research and a renewed advertising effort combined to win back old customers while attracting new consumers.

The company developed a stainless steel blade which could honestly be advertised as the best on the market. Advertising dominance and a better product re-established the old position of the company.

In the American economy, the story is repeated over and over in various forms. The consumer rambles from grocery store to grocery store, from dress shop to dress shop, from service station to service station. Often he ends up where he began. However, his searching is not senseless. He is looking for the optimum investment for his money.

I can do all things in him that strengthened me. —(Phil. 4:13)

To meet the challenges of the day successfully the most important words to say are "we can." The success of the day depends not on circumstances but on attitude. Our attitude must be one of faith rather than fear. We can! These words can become a part of us—for through the power of God, we can!

Why all the fuss about Mississippi products?

Every time you buy a product made in Mississippi you help support a local manufacturer — who, in turn, helps support you with more taxes, better jobs, bigger payrolls

and local purchases. This keeps the State's economy moving and creates higher living standards for you and your family.

This month you'll see the green tag (or label) fastened to more than 2300 brand name Mississippi products. From candy to pickles to pool tables.

MR. AND MRS. ROBERT LEE SCOTT

Miss Linda Joyce Reed Becomes Bride Of Robert Lee Scott In Church Ceremony

Miss Linda Joyce Reed, daughter of Mr. and Mrs. Charlie Reed of Ripley, and Robert Lee Scott, son of Mr. and Mrs. Robert L. Scott, Sr. of Ripley, were married Thursday evening, August 4 at the Pine Hill Primitive Baptist Church in a candlelight ceremony. The Reverend Hassell Wallis officiated before a background of baskets of white gladioli interspersed with fern and candelabra holding lighted white tapers.

With Mrs. Jack Forbes at the organ, the following selections were rendered, "Because," "O Promise Me," and "The Wedding March."

The bride wore a dress of bridal satin featuring a white Chantilly lace jacket with sleeves tapering to a point at the wrists. From her circular headpiece fell a bouffant shoulder length veil of silk illusion. Her bridal bouquet was an orchid surrounded by stephanotis from which cascaded streamers of satin ribbon tied with love knots. Her only ornament was a single strand of pearls, a gift of the groom.

The matron of honor was Nyleen Hopkins while bridesmaids were

IN RE: THE MATTER OF CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF PRENTISS COUNTY THE QUESTION OF WHETHER OR NOT THE SALE, DISTRIBUTION AND POSSESSION OF ALCOHOLIC LIQUORS SHALL BE PERMITTED IN PRENTISS COUNTY, MISSISSIPPI, AS PROVIDED IN HOUSE BILL NO. 112 OF THE MISSISSIPPI LEGISLATURE, 1966.

Came on to be considered the petition of Guy Woods and other qualified electors of Prentiss County praying that an election be called and held for the purpose of determining whether or not the sale, distribution and possession of alcoholic liquors shall be permitted in Prentiss County as provided in House Bill No. 112 of the Acts of the Legislature of Mississippi, 1966; and,

The Board after carefully studying said petition finds and adjudicates the following:

1. A proper petition has been presented and filed with this board, said petition having been signed by more than fifteen hundred (1500) of the qualified electors of Prentiss County.

It is therefore ordered that pursuant to the provisions of Section 35 of said House Bill No. 112 an election is hereby ordered to be held and conducted for as may be possible in the same manner as is provided by law for the holding of general elections, and the ballots used in said election shall contain a brief statement of the proposition submitted and, on separate lines, the words "I vote FOR coming out from under the dry law in Prentiss County ()" or "I vote AGAINST coming out from under the dry law in Prentiss County ()" with appropriate boxes in which the voters may express their choices, and all qualified electors may vote by marking the ballot with a cross (x) or check (v) mark opposite the words of their choice.

Said local option election shall be held and conducted by the County Commissioners, and this board fixes the date for holding the local option election on the 30 day of August, 1966.

It is further ordered that the clerk of this board be and he is hereby directed to give notice of said local option election by publication in the Banner-Independent, a newspaper in Prentiss County and having a general circulation throughout said county, said notice to be published once each week for at least three consecutive weeks.

It is further ordered that the clerk of this board certify a copy of this order to the election Commissioners of Prentiss County.

It is further ordered that the election commissioners cause to be published notice of said local option election as provided by law. Said notice to be in substantially the following form:

NOTICE OF LOCAL OPTION ELECTION TO THE QUALIFIED ELECTORS OF PRENTISS COUNTY:

Pursuant to an order of the Board of Supervisors of Prentiss County, Mississippi adopted on the 5th day of August, 1966, notice is hereby given to the qualified electors of Prentiss County, that an election will be held at each voting precinct in Prentiss County, on the 30 day of August, 1966 for the purpose of determining whether or not the sale, distribution, and possession of alcoholic liquors shall be permitted in Prentiss County as provided in House Bill No. 112 of the Mississippi Legislature, 1966.

Election Commissioners, Prentiss County. Ordered in regular session on this 5th day of August, 1966. CHARLES M. GORDON, President of the Board of Supervisors.

Q and A YOUR SAVINGS BOND QUIZ

Question: How many Savings Bonds are still being held by citizens, dating back to the start of the Bond Program in 1941?

Answer: There is no accurate way of determining the actual number of such Bonds still being held. The dollar volume of Series E and H Bonds outstanding, however, to-

tals almost 50 billion dollars. Bonds redeemed during the same period totaled in excess of 100 billion dollars, those funds being used to serve the many needs of the Bond owners.

Superb Rice Dish

Rice Council Photo

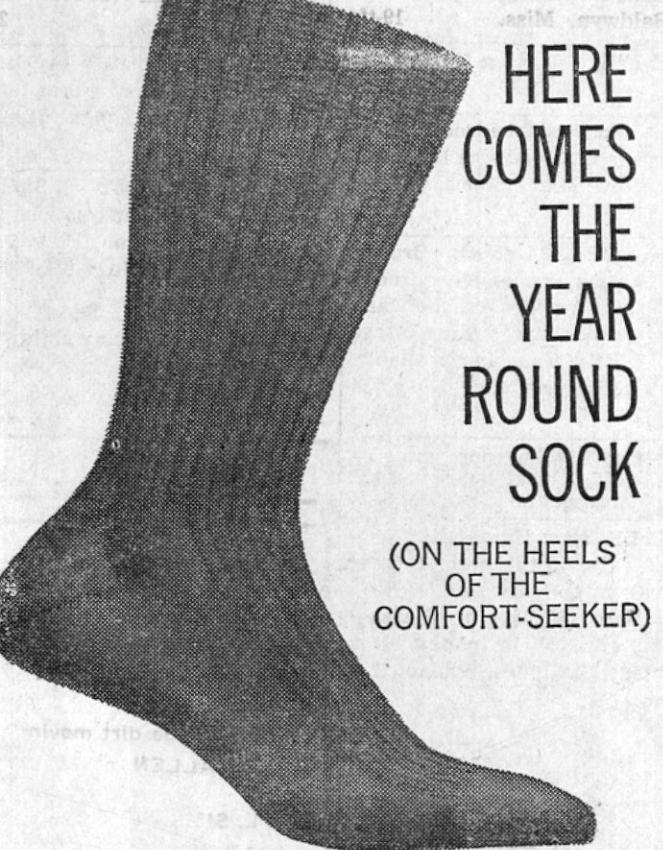

Zesty Green Rice is different. Men like it because of its abundance of flavor and the beautiful way it accompanies the entrees they prefer, the broiled and roasted meats, poultry and seafood. From the feminine viewpoint, the rice adds attraction and glamour as well as good taste to the menu, is easy to prepare, to serve and to eat, and never fails to win compliments for the hostess.

Zesty Green Rice consists of rice enriched with chicken flavor and topped with a masterfully-seasoned sour cream sauce. Note that the sauce is not heated before being spooned over the freshly-cooked hot rice. There's no need to heat it; the warmth of the rice does that while still retaining the most attractive appearance of the dish. And the washing of one saucepan is eliminated; welcome news these busy days.

Simply cooking the rice in chicken broth instead of water gives it its chicken-rich taste. That's one of the nice things about rice: in its mild-mannered way, it absorbs and enhances, never masks, the goodness of other ingredients added to it, so that it can be used as few other foods can. In this dish, it's the ideal base for the lavish sauce.

|---------------------------|-----------------------------|
| 3 cups chicken broth | 2 tablespoons anchovy paste |
| 1½ cups uncooked rice | 3 tablespoons tarragon wine |
| ¾ teaspoon salt | vinegar |
| 1 clove garlic, crushed | Coarsely-ground black |
| ½ cup chopped parsley | pepper |
| ¼ cup chopped green onion | 1½ cups sour cream |

Combine broth, rice, and salt in a 3-quart saucepan. Heat to boiling; stir once. Cover, reduce the heat and simmer for 14 minutes, or until liquid is absorbed. Blend garlic, parsley, green onion, anchovy paste, vinegar and pepper into sour cream. To serve, spoon sour cream mixture over cooked rice and serve as vegetable.

FINDING
GOD IN
NATURE

Down in Louisiana there's a spot which casts a spell of reverence upon my soul.

But what I have found along the bayou I have seen, too, in the awesome might of a granite peak, in the mystic wonder of a shadowy canyon. I have heard it in the restless symphony of the surf at night.

These, the shrines of nature, are God's hint of a spiritual meaning in life.

But, long ago, man responded to God's hint. The churches in which we worship and learn and serve—these are the workshops He inspired. Week by week, year by year, under the hand of the Master, lives are being fashioned to His blueprint . . . devoted to His purpose.

Yes, we can find God in nature! But the road of spiritual discovery only begins along the bayou. It goes on from there to our highest quest.

'NO WHEAT DIVERSION IN '67'

Wheat farmers were reminded today that no diversion program will be in effect for the 1967 wheat crop. Wheat program participants will be able to qualify for domestic marketing certificates and price support loans.

It is particularly important for farmers with small wheat allotments to remember that diversion payments are no longer available. Many of these farmers have been diverting all or a part of their wheat allotment acres for payment in recent years; however, no income can be derived from the wheat program in 1967 unless the crop is planted.

Wheat growers participating in the 1967 wheat program will again be guaranteed full parity on the part of their wheat crop which is allocated for domestic food use. For each participating farm, this will be the projected production on 40 percent of the wheat allotment.

The domestic marketing certificates, available on this "domestic" wheat, will be valued at the difference between full parity as of July 1, 1967, and the \$1.25 loan value announced for the 1967 crop. (The certificate value for the 1966 crop is \$1.32 per bushel.) The regular price support loan will be available on all the wheat produced on a participating farm (except extra wheat produced under the "excess wheat" option).

The increased national wheat allotment acreage for the 1967 crop is expected to increase wheat producer income by from \$75 million to \$100 million (because of increased marketings) in 1967. Complete details of the 1967 wheat program have not yet been determined or announced, but eligibility to participate in the program undoubtedly will include filing an application indicating performance intentions under the program.

The sign-up for the 1966 wheat program was held in the early months of 1966.

FARM PROGRAM PAYMENTS NOW BEING HELD

Farmers entitled to receive a payment in the cotton or feed grain program are urged to come by the ASCS office on the day designated on your notice. By designating a specific day for you to come by the

office we feel that we can give better service to every farmer in the county.

While in the office we hope you will give consideration to making an application for assistance in the Agricultural Conservation Program. Funds are available for those farms that have not already received assistance and will be on a limited basis for those already receiving assistance in 1966.

Rites Held Mon. For Truman Ray Green

Truman Ray Green of New Site passed away Saturday at 3:30 p.m. at his home after being in failing health several years. He was a farmer and World War II Veteran. He was 47.

Funeral services were conducted Monday afternoon at Little Brown Baptist Church. Burial was in the Allen Line Cemetery with McMillan Funeral Directors in charge.

He leaves his wife, Mrs. Christine Smith Green; his father, Mr. W. Austine Green of New Site; a son, Wade Green of New Site; a daughter, Miss Freda Green of New Site; and two brothers, Orville Green of New Site and Gaston Green of Rt. 6, Booneville.

Will Barrett Dies Sunday

Mr. Will Barrett of Rt. 6 Booneville passed away Sunday at 4:30 p.m. in the Northeast Mississippi Hospital after being in failing health several years. He was a member of the Piney Grove Baptist Church and a retired farmer. He was 85.

Mr. Barrett's survivors are Mrs. Rosie McCoy, of Altitude, Robert Barrett of Byhalia, Annie Reno of Memphis and Daisy Smith of Jumpertown. They were his nieces and nephews.

Funeral services were conducted Tuesday afternoon at Piney Grove Baptist Church. Burial was in the adjoining cemetery with McMillan Funeral Directors in charge.

Inside the ear is a tiny membrane tube coiled like a snail shell and contains highly specialized cells which handle sound sensations. It is known as the cochlea. Thomas A. Edison was born at Milan, Ohio.

Prentiss County Saddle Club Elects Officers

The Prentiss County Saddle Club has come to the end of its first year. Many things have come to pass during this year. The club members and officers were mutual friends, some even strangers in the beginning. These people have been brought together in a closer bond, widening the realm of friendship. They have worked together to make a place of recreation suitable for all ages. Many hard hours of work have been put into this club to bring about the many hours of pleasure. Through the good will and wishes of our many friends, this club will be a place of pleasure for many years to come.

The end of the year brings about new officers. On July 31, the members of the club met at the club arena to hold this election. The new officers are president, W. E. Hatcher; vice-president, Garvin Green; chairman of the board, Coe Moore; members of the board, Martin Davis, Richard Tollison, Nip Lauderdale and James Moore; ringmas-

ter, William Yates; assistant ringmaster, Oscar Tice; secretary, Marcelle Davis; treasurer, Dorothy Hatcher; reporter, Doris Moore; assistant reporter, Cecelia Tollison.

A message from the officers who were re-elected: "We are glad you think our jobs were carried out to the point that you wanted us to stay in office. We will try to live up to your expectations." From the new officers, "Thank you for your confidence that we can do a good job. We will do the best of our abilities to be deserving of it."

This brings us up to the events of last Sunday. Our ribbon show winners were the following: Pony Class - 1st, Pam Davis; 2nd, Tim Berryhill; 3rd, Bob Burnitt. Quarter Horses - 1st, Randy Downs; 2nd, Glenda Davis; 3rd, Wayne Burnitt. Saddle Horses - 1st, Glenda Davis; 2nd, Doris Moore; 3rd, Bob Berryhill. There was barrel racing and pleasure riding after the classes. Everyone had a good time.

We are glad to see the Rienzi club doing so well. Many of our members have joined both clubs. This is our way of saying thank you for helping us when our club was organized. We hope to continue this "hands across the miles"

Thursday Study Club Has Luncheon July 28

One of the most anticipated events of the year is the covered dish luncheon sponsored annually by the Thursday Study Club in the home of Mrs. W. T. Barnett, Jr., which was held Thursday, July 28th.

"Beautiful for Situation" may well be applied to the home of Mr. and Mrs. Barnett on Highway 45 South. The site is on the crest of

a hill, with a commanding view of the country side. Trees, native and ornamented with their lustrous foliage, green in summer and rich red in the fall are decorative features in themselves. They are a valuable asset to the outdoor living room, patio and the lushly planted descending terraces.

The atmosphere captures many moods, from the coolness of morning dew on the upland site, to the warming glow of twilight over the city.

The group had the companionable pleasure of dining elegantly in the glass walled sun room, with the charming elements of the setting, well planned.

A refreshing touch of the old

south was given the contemporary party scene with soft, lacy entwined silhouettes of pink crepe myrtle in crystal containers, which centered the tables.

Grace was said by Mrs. Baxter Johnson. The mood was gala as guests chatted happily as they sampled the versions of classic cookery, a superb menu from starred recipes.

Mrs. Barnett, always charming, truly knows the secret of how to be an outstanding hostess.

The beautiful home and grounds are a favorite meeting place for Booneville's oldest cultural organization.

Miss Gaye Roden Entertained With A Recipe Party At Billingsley Home

Miss Betty Billingsley and Mrs. H. F. Billingsley entertained Miss Gaye Roden, bride-elect of Emmett Carr, with a recipe party at their home on Saturday, August 6. The living room was beautifully decorated in arrangements of summer flowers. The table was covered with a linen cutwork cloth over pink and a center piece of pink gladioli and pink candles completed the setting. Miss Roden was radiant in a dotted swiss shift and a red gladioli corsage, presented to her by the hostesses.

Miss Billingsley and Mrs. Billingsley served fruit punch, finger sandwiches, mixed nuts, mints and homemade cookies.

The guests were entertained with a bride's scramble, and they presented the honoree with recipes, an

Lewis Grocer Co. Plans Rebuilding

Indianola, Mississippi — Announcement is made by the Lewis Grocer Company of plans to begin immediate construction of an 80,000 square foot temporary dry goods at this year's convention.

warehouse near the present structure which was destroyed in a July 23rd fire.

Company President, Morris Lewis, Jr. disclosed, "this building will be built of metal on a concrete slab just east of the burned building. Steel and concrete materials, already available in the area, will permit rapid construction and permit full restoration of dry grocery services in a very short time."

"Offices, trucks, produce, and frozen food facilities of the company were not destroyed in the estimated 3 million dollar fire and these services are continuing as usual," Mr. Lewis points out.

"With the solution of the decision to build a temporary warehouse, we will now be able to turn our attention to permanent dry grocery warehousing and the plans for this construction will be announced in the near future," Mr. Lewis continued.

The president also announced that plans are continuing for the company's 7th annual convention to be held August 14-16 at the Broadwater Beach Hotel in Biloxi, Mississippi.

SHEEP NOTES

The sheep business looks good. Both short range and long range. Anyone who will do a good job with sheep will be rewarded financially. Lamb sales scheduled this fall include one at the Producers North Yards in Jackson October 17, and at the Tri-State Stockyards in Greenville October 18.

There is little money to be made in selling feeder lambs. If you have lambs that are not fat and can provide winter grazing and spring clover for them, they will surely make you money carried until spring and sold fat.

If you buy grazing lambs or use your own, both good money making propositions — shear them this summer and drench twice with a good dewormer 14 days apart.

Keep lambs free from parasites and put them on winter grazing when it is available. Shear them again 75 to 90 days before selling. This will improve them about one grade and cause them to gain around 10 extra pounds, provided they are free from parasites and on good grazing.

QUALITY COTTON

Quality cotton should pay off big this year, especially with the drastically reduced acreage. Right now is the time to finish plans for eliminating grassy bales of cotton. Last year Mississippi produced

110,363 grassy bales of cotton. Losses due to these cost Mississippi growers around \$1.3 million.

Clean turn-rows would stop a lot of the grassy bales. Turn-rows can be scraped, mown cultivated or sprayed with chemicals to get rid of the grass.

SOYBEAN INSECTS

When to apply insecticide to soybeans for insect control is a question worrying many growers. For leaf-feeding pests poisoning is recommended when 35 to 40 percent of the foliage is damaged.

On pod feeders, bollworms and green stink bugs, make an insect infestation count. When one green stink bug is found per foot of row, or one bollworm per three feet of row examined, it is time to poison.

PASTURE MANAGEMENT

The Number One management job on pastures at this season is to change cattle each week from pasture to pasture. This cuts down on overgrazing and makes for better late summer and fall pastures.

Farmers Reminded To Work School Children Outside Hours Only

Birmingham, Ala. — With the start of the school year, farmers are reminded that children under 16 may work only outside school hours. This is in accordance with the child labor provisions of the Fair Labor Standards Act.

"This law helps the migrant as well as the local child to get the education which is so essential in today's economy," Regional Director Sterling B. Williams of the Wage and Hour and Public Contracts Divisions, United States Department of Labor, said today. "A youngster's future success depends on the schooling he gets," he commented.

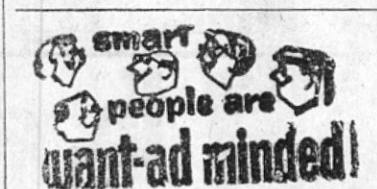

The need for continued vigilance is shown by the Divisions' findings that children who work on farms during school hours in violation of the Fair Labor Standards Act lag behind other children in their schooling. For instance, last year almost half of these young farm workers were in grades below the normal for their ages. At the age of 15, almost 7 out of 10 of the local youth and 9 out of 10 of the migrants were behind in school attainment.

Williams pointed out that when state and federal child labor standards differ the higher standards apply.

"The local office of the Wage and Hour and Public Contracts Divisions in Room 675, Milner Building, 210 South Lamar Street, Jackson, Mississippi, will be happy to answer any questions about the Fair Labor Standards Act," Williams added.

SOYBEANS UNDER RESEARCH

With soybeans now occupying more land than cotton and acreage and value increasing every year, Mississippi agronomists are concentrating their research on this valuable crop. The big problem is production of higher per acre yields, which the scientists maintain are essential to larger profits.

3 From Booneville Are Candidates For Degrees At Ole Miss.

UNIVERSITY, Miss. — Three Booneville students are among the 544 candidates for degrees at the University of Mississippi commencement exercises to be held in the Ole Miss Coliseum on August 21. Dr. Felix C. Robb, Director of the Southern Association of Colleges and Schools, of Atlanta, will be the Commencement Speaker. Degrees will be awarded by Chancellor John D. Williams in exercises beginning at 2:30 p.m.

They are Charles Stewart Vail, Juris Doctor; Kenneth Bolton Floyd, Master of Education in Educational Administration; and Virginia Meriam Tays, Bachelor of Arts in Education in English.

GAME CROP NOW IN THE MAKING

Although no hunting seasons are open, this is the most important time of the year for hunters, whether they realize it or not. This is the game producing season; and its results will determine what kind of hunting success is enjoyed this fall and winter, and in some cases the following winter and spring and even longer. Rabbits are the most productive of our wild game species and get started early each year in replenishing their kind. The cottontail usually has four or five litters per year. Squirrels normally produce two litters here in Mississippi, and doves usually nest three times a year. Wild turkeys also produce only one brood a year like quail that raise only one brood a year. The whitetail deer produces only one or two fawns a year. The outlook for doves, rabbits, turkeys, and quail is fairly optimistic at the present time.

A SILVER ANNIVERSARY

The American Tree Farm program was begun twenty-five years ago in the state of Washington when a leading forest products industry dedicated 120,000 acres to growing repeated harvests of trees. Another milestone was reached in 1942 when Alabama became the first state to organize a formal statewide Tree Farm program. Arkansas, California and Oregon joined the American Tree Farm system that year, and there were 411 certified trees farms with 5,276,663 acres. Two years later, in 1944, Mississippi joined the Tree Farm program. Today the Magnolia State leads the Nation with 3,400 certified Tree Farms — the greatest number of any state.

TRUSTEE'S NOTICE OF SALE

WHEREAS, on the 12th day of February, 1966, there was executed by Tommy Lee Shields and wife, Rita Pat Shields, to the undersigned as Trustee for the benefit of B-T Mortgage Co., Inc., a certain deed of trust which is recorded in the office of the Chancery Clerk of Prentiss County at Booneville, Mississippi in Book No. 77 at Page 291 thereof, which deed of trust secured the payment of an indebtedness therein described; and

WHEREAS, default was made and still continues in the payment of said indebtedness as it fell due; and

WHEREAS, the undersigned was called upon to execute the trust therein contained, the owner of the indebtedness secured by said deed of trust having declared it due and payable, and to sell said property under the provisions of said deed of trust for the purpose of raising the sum so secured and unpaid, together with the expense of selling the same, including Trustee's and Attorneys' fees;

NOW, THEREFORE, I, the undersigned, Charles A. Carter, being the Trustee, do hereby give notice that on Friday, being the 12th day of August, 1966, between the hours of 11:00 o'clock A.M. and 4:00 o'clock P.M., I will proceed to sell at public outcry to the highest bidder for cash at the main front door of the Court House of Prentiss County, Mississippi, at Booneville, Mississippi, the following described land and property described in and covered by said deed of trust, lying and being in the County of Prentiss, State of Mississippi and being more particularly described as follows, to-wit:

Begin at an iron pin at the intersection of South boundary of Hatchie Street with the West boundary of the East Half of the Southwest Quarter of Section 15, Township 5, Range 7 and run South 190 feet to the point of beginning; thence run South 4 degrees 30 minutes East 88 feet; thence run North 84 degrees 30 minutes East for 97 1/2 feet; thence run North 4 degrees 30 minutes West for 88 feet; and thence run South 84 degrees 30 minutes West 97 1/2 feet to the point of beginning.

The undersigned believes that his title as such Trustee is good, but vested in him by the deed of trust aforesaid.

he will convey only such title as is WITNESS MY SIGNATURE, this the 12th day of July, 1966.

HOME ECONOMIST'S NOTES

By CLAIRE T. ROSS, Extension Home Economist

During these sandwich, salad and picnic days of late summer, see how you like this no mess, no fuss way to prepare a batch of hard-cooked eggs. It outlaws the difficulty of peeling fresh eggs, too. Grease a large casserole and break in eggs (to not more than 2 inches deep). Cover and set casserole in larger pan of boiling water. Bake in preheated 400-degree oven for 40 minutes or until eggs are done. Remove from oven and score eggs. They'll come out diced and ready to use.

Summer Vegetables We all enjoy the fresh garden vegetables of summertime, but by late summer we begin to look for new ways of serving them. See how you think your family would enjoy this new look and new taste in squash.

Squash Casserole Cook 2 pounds yellow squash in small amount of boiling salted water until just tender. Butter casserole and arrange squash in alternate layers with the sauce given below. Top with toasted bread crumbs and sprinkle with grated cheese. Bake in 350 degree F. oven for 10 to 15 minutes or until brown.

Sauce. Melt 2/3 stick margarine or butter in Sauce pan. Stir in 2 tablespoons flour smoothly; add 1 1/2 cups milk gradually. Cook, stirring constantly until sauce bubbles. Season with 1/8 teaspoon salt, 1/2 teaspoon sugar and 1 small onion, grated. Add 2 cups grated cheese and use immediately to make casserole.

Alco-Pren-Tish Girl Scout Camporee Held

On Friday, July 28, four Girl Scout troops from Booneville left for Tishomingo State Park for a Joint camporee with girls from all over Alcorn, Prentiss and Tishomingo counties.

A deluge of rain met Troop 140 and 171 upon arrival and drenched their bedrolls and supplies. Cadette Troop 140 led by Mrs. Milton Anderson and Junior Troop 171 led by Mrs. S. C. Galloway and Mrs. Edie Caviness voted to bring their things back to the Booneville Scout Hut.

Troop 192 led by Mrs. Don Bigsby and Mrs. Joe Richey had arrived earlier and were better set up when the rain came.

Senior Troop 161, who were staff for the camporee, got wet but had not yet unloaded bedrolls, etc., and so they managed to get comfortable. The rain did stop and the weather was cooled off, so the girls did get some good experience in how to live comfortably in the out-of-doors.

The drenching didn't dampen appetites and food never tasted better. Mr. and Mrs. Bill White and Bill accompanied the Seniors for the camporee. Mrs. Curlee Ross, assistant leader, and Mark Lowery helped them get set up and came back to transport them home.

On Friday night after supper until 10:30 p.m. the assembly was gathered together under the Pavilion for a program of songs, stunts, and music by part of Explorer Troop 26 from Iuka and their band leader, Mr. Cox.

Beverly Lowery and Judy White, former Senior Scouts, came up to lead the singing for this. Janice Gullett was master of ceremonies for the program. Judy closed the program with a fitting campfire poem and with group singing of "God Bless America," followed by "Taps" from the distance played by a Scout from the Iuka post.

Saturday morning the real competition started with contests between all the Juniors and Cadettes. They were tested for skill and knowledge in trees, knot tying, Morse code, first aid, compass, swimming and campsite. Part of Post 26 boys of Iuka came back Saturday and helped the Seniors from Booneville and Ripley in the judging.

Troop 192 led by Mrs. Bigsby and Mrs. Richey were Grand Slam winners of the whole camporee. They scored 90 on trees, 100 on knots, 93 on Morse code, 110 on first aid, 825 on swimming, 75 on campsite, 50 on stunts, and 75 on compass. They placed first in swimming, second in campsite and third in stunts with a total of 1440 points. This troop is indebted to Vaun Smith, Jim Hutchins and Robert Bigsby for helping them to be ready for the event, especially the swimming.

The troop was also accompanied by Mr. Don Bigsby, Mr. Joe Richey, Jim Hutchins and Robert Bigsby. This group stayed over for another night of camping and on Sunday spent the day at Goat Island for boating and swimming.

Not to be out-done with the weather, Mrs. Galloway's and Mrs. Anderson's groups spread their ood together at the Booneville Scout Hut and had their own program of fun. They put on their stunts for each other and stayed well into the night. These girls were Juniors, Julie Davis, Vickie Ward, Cindy Jones, Vickie Jones, Debbie George, Connie George, Sharon Pippin, Annise Pounds, June Woodruff, Mitzi Windham, Lisa Brown, Genia Toy Martin, Cindy Caviness and Gale Galloway. Cadettes were Mickie Caver, Frances Oakley, Kathy Anderson, Jama Davis, Ann Woodruff, Carolyn Miller, Becky Young and Becky Houston.

The girls who took part in the Camporee were Seniors, Ann Ross, Sue Morton, Susan Steen, Janice Gullett, Jo Anne Tidwell, and former scouts Judy White and Beverly Lowery. Juniors were Trena Wasser, Debbie Green, Deborah Waters, Patty Bigsby, Evelyn LeRoy, Greta Buchberger, Diane Richey and Debbie Barnes.

Billy R. Galloway Receives Promotion

V CORPS, GERMANY (AHTNC) Billy R. Galloway, son of Mr. and Mrs. John N. Galloway, Route 2, Booneville, Miss., was promoted to Army specialist four, July 21, while serving with the 14th Armored Cavalry Regiment in Germany.

Specialist four is an enlisted rank equivalent to the rank of corporal. Spec. Galloway, a truck driver in Howitzer Battery of the 14th Armored Cavalry Regiment's 2d Reconnaissance Squadron near Bad Kissingen, entered on active duty in July 1964 and arrived overseas in December 1964.

Spec. Galloway is a 1961 graduate of Thaxton High School.

Vets Questions

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — I am service-connected for a disability, but am being treated in a VA Hospital for a non-service-connected ailment. Will my compensation be increased to 100 per cent during hospitalization?

A — Compensation is increased only if treatment is given for service-connected disabilities.

Q — My sole income is retirement annuities totaling \$3,108 per year. My wife has no income other than her salary. I am 72 years of age and have retired for disability. Am I eligible for VA pension based on my World War I service?

A — Your income would not be a bar to receiving pension from the VA, since it would amount to less than \$3,000 after making the 10 per cent deduction permitted from Social Security and other retirement annuities. None of your wife's income would be considered for VA

pension purposes since \$1200 or her total earnings, whichever is greater, is deducted from her total income by the VA in computing the amount available to the veteran.

Q — I receive disability compensation from the VA as a totally disabled veteran. I received an extra payment for my son until his 18th birthday. He is now 19 years old but is entering school to further his education. Am I entitled to increased compensation for him.

A — You are entitled to increased compensation provided your son is unmarried and in school. So long as he remains in school and unmarried, you will be entitled to benefits until his 23rd birthday. To secure this added payment, you should write the VA, giving your claim number and a full statement of the facts.

AN ORDER OF THE BOARD OF SUPERVISORS OF PRENTISS COUNTY DECLARING ITS INTENTION TO MAKE A LEVY OF ONE-QUARTER OF ONE MILL ON ALL THE TAXABLE PROPERTY IN PRENTISS COUNTY FOR THE PURPOSE OF AIDING IN THE PURCHASE, ORGANIZATION, RESTORATION AND MAINTENANCE OF OLD TISHOMINGO COUNTY COURTHOUSE BUILDING.

BE IT RESOLVED by the Board of Supervisors of Prentiss County that, it is the intention of the board to, at the September 1966 meeting, levy a tax of one-quarter of one mill on all the taxable property of Prentiss County, for the purpose of aiding in the purchasing, acquisition, restoration and maintenance of Old Tishomingo County Courthouse Building located at Jacinto, as an educational, historical and recreational center for the use of the residents of Alcorn, Prentiss and Tishomingo Counties, and to preserve for posterity the historic relics, of the area, in accordance with the provisions of Senate Bill No. 2286 of the Mississippi Legislature, 1966.

BE IT FURTHER RESOLVED, that if, 20 per cent of the qualified electors of Prentiss County protest or files a petition against the levy

of such tax, then such tax will not be levied unless authorized by a three-fifths majority of the qualified electors of Prentiss County voting at an election to be called and held for that purpose.

Be it further resolved and ordered that the Clerk of this board give notice to the qualified electors of

Prentiss County by causing this notice to be published once each week for three consecutive weeks in the Banner-Independent.

Ordered this the 3 day of August, 1966.

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

Juanita Pierce, who is in summer school at Mississippi State, and her roommate Pauline Mathews of Palestine, Ark., visited Miss Pierce's parents, Mr. and Mrs. Audie Pierce over the week end. They were joined later by a former roommate, Margaret Lusk of Rienzi. Mr. and Mrs. Pierce took the girls to Shiloh and Pickwick, and Miss Mathews remarked that she was fascinated by the friendliness of the people in Booneville and the surrounding area.

Fatality Rate Of Cycle Rides 5 Times Autos

With three motorcycle fatalities within a week in Mississippi, the State Board of Health calls for a hard look at the reason for the mounting casualties from motorcycles, scooters and such vehicles.

According to Dr. N. C. Knight, Sr., Accident Prevention Director,

the problem is nationwide and not just local. The number of 2-wheel motor vehicles on the U. S. roads has doubled in the last three years, with a corresponding increase in deaths.

The fatality rate for cycle riders and their "buddy" seat companions is five times that of automobile drivers and occupants.

Teenagers are most frequently involved in motorcycle accidents, according to recent studies.

The major cause of these accidents is attributed to the in-exper-

ience of new motorcycle owners, gear or none at all." In a cycle accident the rider is usually projected headfirst, like a missile, and the head receives the full force of impact.

As to necessary protective clothing, Dr. Knight cited the pro in cycling, who wears durable clothing, such as leathers, and a proper helmet and never has bare arms or legs.

"A properly designed helmet is essential for cycle safety," stated Dr. Knight, "yet we see many cyclists wearing inadequate head-

gear or none at all." In a cycle accident the rider is usually projected headfirst, like a missile, and the head receives the full force of impact.

Before any parent permits his offspring to have a 2-wheel motor vehicle, Dr. Knight thinks both the mother and father should con-

sider the hazards involved.

Yet some parents, he pointed out, are permitting their under-fifteen age children to have motorbikes and scooters, in spite of the fact the Mississippi law requires an operator's license for all such 2-wheel motor vehicles.

Pedestrians and children at play are not safe when irresponsible teenagers are allowed to go racing through our streets on motorcycles they are not skilled in handling, he noted.

"The increasing popularity of

small motorcycles is creating a serious health hazard in our communities," Dr. Knight stated.

It's a problem that becomes the concern of parents, law enforcement officers, safety officials, and even our legislators, according to the public health specialist.

When asked what courses could be taken to solve the problem and reduce unnecessary injury and death, Dr. Knight suggested five specific things:

1. Development of carefully supervised motorcycle driver training

2. Establishment of meaningful road tests;
3. Rigid inspection of vehicles;
4. Special licenses for qualified operators;
5. Use of crash helmets by both operators and riders.
