October Circuit Court Term In Session; Knight Trial Is Scheduled For Today

The October term of Prentiss County Circuit Court convened Monday and Judge N. S. Sweat, Jr. set for trial Thursday, October 13, at 9 a.m. the case of Second District Constable Bonnie Knight on a charge of murder. He was indicted by the August Grand Jury in the July 10 death of James Michael of the Blackland community.

Constable Knight was released

under \$3,000 bond and allowed to keep his office of constable.

A special 75-man venire has been drawn and jurors for the trial will be picked from the regular panel for the week and the special panel.

During the first three days of the court term, 23 civil cases were disposed of through settlements and default judgements. Several

motions and hearings were acted upon by the court.

Eight state cases were settled by payment of fines and costs, and by issuance of writs of procedendo.

One state case was tried before a jury Wednesday and Charles Samples was found not guilty on a charge of carrying a concealed weapon.

Queen Of Forest Contest Date Set

The annual Queen of the Forest contest will be held at the Northeast Mississippi Junior College auditorium on October 25th, at 7:30 p.m. The contest will be sponsored by the local Business and Professional Womens Club, as it has been the past several years.

Those who would like to enter the contest or need to ask a any questions pertaining to the contest can see Mrs. Genie Smith or Mrs. Ann Floyd at the Peoples Bank and Trust Co.

The age groups for the contest are 3 to 6 years old for the Mopet Division, 13 to 15 years old for the Junior Contest, and 16 to 21 years old for the Senior Division.

A good program is being planned by the Business and Professional Womens Club members and they already have several contestants.

Advance tickets are on sale and can be purchased from any Business and Professional Women Club member.

Congressman Whitten Is Speaker At Water System Dedication Tuesday

Congressman Jamie L. Whitten Tuesday made a tour of Prentiss County communities which have secured loans for water systems, and was the principal speaker Tuesday morning for the dedication ceremonies of the recently completed Marietta Water System.

At the Marietta dedication Jack Dubard, Booneville attorney, served as master of ceremonies, Rev. John Millsaps, pastor of the Marietta Methodist Church, gave the invocation and Leslie Estes, president of the Marietta Water Association, welcomed the group.

T. B. Fatherree, state director for the Farmers Home Administration under which the loans were approved, introduced Howard Bertsch of Washington, D. C., National F.H.A. administrator, referring to him as "the outstanding administrator in the Federal government

Whitten, left, United States Representative from the Second Congressional District of Mississippi, was principal speaker at the formal dedication Tuesday of the recently completed Marietta Water System which was constructed with a Farmers Home Administration approved loan. Others taking part in the program were Howard Bertsch, National F.H.A. administrator of Washington; T. B. Fatherree, state F.H.A. director of Jackson; Leslie Estes, president of the Marietta Water Association; Rev. John Millsaps, pastor of the Marietta Methodist Church; and Jack Dubard, attorney for the water association.

Bodies Recovered From Deep Water

The bodies of two Negroes were recovered Sunday from their station wagon which overturned in Thrasher Bottoms in Prentiss County.

William Grayson of Grayson Funeral Home in Corinth said Mary Catherine McGaha, 38, of Rienzi, and William L. Sorrell, 38, of Kokomo, Ind., a former Rienzi resident, apparently drowned when their car crashed off a bridge on a gravel road in Prentiss County and went into about 20 feet of water.

Grayson said the accident apparently occurred sometime after midnight Saturday but was not discovered until about 6 a.m. Sunday. The bodies were recovered about 9 a.m.

Rites Today For C. C. (Pop) Collins

Mr. Clifton C. (Pop) Collins of Booneville was born August 25th, 1883 and passed away Tuesday at 7:20 p.m. in Caldwell Memorial Hospital in Baldwin following an extended illness.

Mr. Collins was the only child of George and Betty Blythe Collins. His father came from Tennessee and his mother was a native of Prentiss County.

"Pop" was the oldest male citizen born inside the city limits of Booneville. He married Mamie McCollum of Texas, who died in 1932. They had two daughters, Maxine (Mrs. Mose Allison of Tippecanoe, Miss.) and Maurine (Mrs. W. G. Perkerson of Tupelo). In 1934, "Pop" married Marie Peak, the daughter of T. J. and Lucy Montgomery Peak.

Mr. Collins was a member of the Church of Christ and a retired city mail carrier.

Funeral services will be conducted Thursday (today) at 10 a.m. in the chapel of McMillan Funeral Home with Rev. Earle Greene officiating. Burial will be in the Booneville Cemetery with McMillan Funeral Directors in charge.

He leaves his wife, Mrs. Marie Collins of Booneville; two daughters, Mrs. Mose Allison of Tippecanoe, Miss., and Mrs. W. G. Perkerson of Tupelo, Miss.; three grandchildren and eight great grandchildren.

Team Of Christian Athletes To Be At First Methodist

The Team of Christian Athletes will be at the First Methodist Church Sunday, October 16. These young men will meet first with the MYF at 5:30 p.m. and then speak to the Sunday night congregation at 7:00 p.m.

The team, all varsity athletes at Mississippi State University, include such stars as Herbie Biggs, Tom Abernathy (president of the group), and Justin Alfred (program chairman).

The youth of the community are especially invited to attend these services.

Open House Held Tuesday At Prentiss County Syrup Mill

Over 500 people, many from other counties, attended the formal opening of the Prentiss County Syrup mill Tuesday.

Luther Moore, Chairman of the Board of Directors of the Coopera-

tive Mill, welcomed the group and introduced the Manager, Bobby Sweeney, and other board members who are: R. L. Lindsey, Troy Scott, R. A. Foster and Henry Mobly.

SAMPLING THE PRODUCT — With the aid of hot, buttered biscuits T. B. Fatherree, left, state director of the Farmers Home Administration; and Howard Bertsch, National F.H.A. administrator, sample molasses made at the Prentiss County Syrup plant during open house Tuesday afternoon at the F.H.A. financed facility.

County Agent W. T. Smith discussed the organizing of the Cooperative Association, stating that the major objectives were to assist low income farmers, offer any farmer the opportunity of supplementing income by becoming a member of the Association and to supply syrup for the available markets. Mr. Smith pointed out that farmers in the program were grossing between \$25.00 to \$74.00 per acre on this year's crop.

W. M. Bost, Director of Mississippi Agricultural Extension Service, said, "This project is the result of a sound Extension educational program assisted by financing by the Farmers Home Administration with the assistance of other agricultural agencies in the county and local leadership."

Mr. Bost introduced Rep. Jamie Whitten who commended the group in the progress being made in agriculture and industry in the county.

Mr. T. B. Fatherree, State Director of the Farmers Home Administration, introduced Howard Bertsch, National Administrator of the Farmers Home Administration from Washington who said, "This program is a good example of what can be done to improve the economy of an area where leadership and credit plan and work together."

Lee Miller, Agricultural Extension Engineer from Miss. State University, discussed the design and layout of the mill, after which the group was given a guided tour through the mill.

Mrs. Claire Ross, Extension Home Economist, assisted by her daughter, Ann, and Mrs. Lila Young, Extension Secretary, served the group hot buttered biscuit and syrup.

Ralph G. (Buddy) Smith Seeks Star Farmer Of America Title

Tonight at 8:30, at the National F.F.A. Convention, at Kansas City, Missouri, Mississippi's first Regional Star Farmer will know if he is Star Farmer of America. Tonight at 8:30, Ralph G. (Buddy) Smith will know if a dream that had its beginning six years ago will come true.

Six years ago when that dream had its beginning, Buddy had tak-

en his first course in vocational agriculture at Booneville High School. His teacher, Merrill T. Cartwright, on making his first visit to the Smith's Double S Farm, looked the farm over, sized up the new FFA Greenhand, and said, "Buddy, you should be Star Farmer of America."

From that day on, there were stars in Buddy's eyes. He had lov-

ed the farm and all it meant since he had been big enough to follow his dad, Ralph R. Smith, around—wanting to do the things he couldn't do then, but learning nevertheless.

So, it was natural for a boy who loved the land to feel especially close to an organization that was for farm boys. And so with a glad heart, a beautiful dream, and a lot of cooperation from both his parents and his vo-ag teacher, Buddy began step by step to climb the FFA ladder to its highest attainment.

Young Ralph was Chapter Star Farmer and in that same year showed Hereford Cattle at the State Fair in Jackson, winning first place in both classes that he showed — both male and female — and a reserve grand champion of the entire show too.

He was named State Star Farmer and in that year he had two more first place winners in their own class plus the fact that the two females were Grand Champion and Reserve Grand Champion of the entire show. In the meantime, Buddy had spent all his spare time building up the farm. He had his school schedule arranged so that he could have all his classes in the mornings. Afternoons, he could be found only on

the farm — checking for new calves, mending fences, checking the thousands of pines for possible fire outbreak, working on equipment, repairing barns and other farm sheds. During the growing season, he was on a tractor — breaking land, harrowing, planting, cultivating, poisoning, and harvesting in the fall.

As Buddy grew older, more and more responsibility was thrust upon his shoulders because his Dad was principal at New Site High School and could not carry on alone. So it was that a partnership was formed. Buddy purchased a fifty-percent interest in the entire farming program — including all the equipment and livestock, but not the land. Since that partnership was formed, many changes and improvements have taken place on the farm. Yields have increased in cotton from 750 pounds to 900 pounds of lint cotton per acre; in soybeans from thirty to forty bushels per acre (Buddy was recognized statewide for this achievement); and corn production has gone up to 100 bushels from 75 bushels per acre. Cotton is picked with a big two-row cotton picker and soybeans harvested with the extra large size combine with pressurized cab. Their own Hy-Cycle does most of the poisoning and

much other needed equipment has been bought. The old barn has been renovated and a big machine shed built.

Buddy will complete his sophomore year at Northeast Mississippi Junior College the second semester. Farm duties will not permit him to go to college but one semester per year. Education will come a little later for him because of this, but a B. S. Degree in Agriculture is still in his plans.

Today, the FFA Greenhand is a young man with a wisdom and maturity beyond most his age. He married his high school sweetheart, Miss Josie Lester, and they have a lovely little daughter, Lori Sue. Boy Scouts in the New Site area realize the value of having such an outstanding young man as their Scout Leader. The Candler's Chapel Baptist Church recognizes the devotion that Buddy has had for many years for his Church; besides being teacher of the Young Adult Class, he has a sixteen year perfect attendance record.

Ralph G. (Buddy) Smith is almost twenty-one. At this young age, he already has the world in his hands and has touched the stars. Since that dream began six years ago, Buddy has slowly but surely realized many phases of it. And tonight, the Star Farmer of America will be named.

The hearings by the House Rules Committee on my bill, H. Res. 857, to investigate the Department of Education and its guidelines, begun three weeks ago and continuing, and the hearings on H.R. 17820, the Anti-Riot bill which I introduced, were impossible to obtain just a year ago. These hearings followed adoption of the Anti-Riot amendment to the so-called Civil Rights Bill in the House of Representatives by a vote of 328 to 25. Here I made the closing oral argument," he said.

Some Peanuts . . .

Many times people refer to something as being "just peanuts" to mean that it is insignificant, but this couldn't be the case with a bunch of whopper peanuts brought by the Banner-Independent office this week by Booneville Policeman Jess Chaffin.

He said they were Texas Jumbo variety and they would probably be jumbo even by Texas standards. One three-pea pod, and not necessarily the largest, measured three and a half inches in length and two and three-fourths inches around the center.

Injury-Ridden Blue Devils Drop Decision To Calhoun City, 32-13

The thin, blue squad of Booneville Blue Devil gridders, further weakened by illness and injuries, grabbed an early 13-point lead over Calhoun City here Friday night but were not able to withstand the superior force and numbers of the Wildcats and went down by a 32-13 score.

Three Booneville mainstays, Hal White, quarterback; Marshall Dickerson, tackle; and Stanley Horton, center, were not even in uniform for the encounter, and Freddie Tollison, one of the chief running threats, was hurt during the first half and saw very limited action thereafter, and David Moody, another stalwart in the forward wall, was also used sparingly after a first half injury. Mal White had been injured previously and was used in only three or four plays.

Tollison scored both the Blue Devil touchdowns and the extra point. He got the first on a 75-

yard punt return, and took a 13-yard pass from Don Guy for the other.

For the Wildcats, Roger Goodson scored on a 55-yard pass play and a 22-yard run. Quarterback John Baker scored on a 24-yard run and a one-yard plunge and Jim Dolar went 30 yards with an intercepted pass to score.

Friday night the Blue Devils travel to Nettleton to take on the Tigers, who will be smarting from a 47-0 licking by Fulton last week and seeking a comeback.

Wheeler Beauty Review Is Set For Tonight

The Wheeler Beauty Review will be held Thursday, October 13, at 7:30 p.m. in the school auditorium. The public is cordially invited.

Good Molasses For Morning Biscuits

About 30 Prentiss County Farmers have taken a giant step backwards — towards prosperity.

The step was born in the mind of Taylor Smith, county agent in Prentiss County, because so many farmers wanted to raise sorghum.

Mr. Smith also knew hundreds of people in the county who would like to buy good molasses for early morning biscuits.

Molasses making is a dying art because of the tremendous labor required on a small operation. The farmer simply could not afford the time to grow his cane, harvest it, make it into molasses, then operate a retail outlet to sell his product.

Mr. Smith suggested to the county agricultural council, which is composed of the county agent plus the heads of other government agricultural agencies, that they help the farmers form a cooperative.

The cooperative would take care of processing and retailing the molasses, thus reducing the amount of time spent by the farmer on one product. It would also provide a place where people could purchase a scarce item — pure sorghum molasses.

After many meetings and through the help of the Farmers Home Administration which supplied the loan, the Prentiss County Truck Crop Association was in business.

With an investment of \$40,000 they built a sorghum mill just north of Booneville. It will produce about 12,000 gallons of molasses this year and increase farmer income by about \$45,000.

But that is just a drop in the molasses bucket when compared to what will come. The facility will also be used as a retail outlet for vegetables and other farm-grown products.

"We expect this cooperative to mean at least a quarter of a million dollars in additional farm revenue within the next couple of years," said Mr. Smith.

"Naturally, it will be a big boost to our 1.5 by '75 program in Prentiss County," he added.

The 1.5 by '75 is designed by Mississippi Cooperative Extension Service to raise farm revenue to \$1.5 billion by 1975.

Many of the farmers in the cooperative, like Mr. R. A. Foster, say they will make more per acre from their sorghum than from their cotton.

According to Mr. Smith, most of the farmers have small operations, and thus their cotton allotment does not provide enough revenue for the family.

Mr. Foster had a cotton allotment of 10 acres this year, and planted the same amount in sorghum. "I guess we'll make more from the cane than from the cotton this year," said Mr. Foster.

He estimates that it will take 35 to 40 man hours of labor per acre to harvest the cane. It must first be stripped of all leaves, cut, stacked and then hauled to the mill and restacked.

Several machinery companies are working on equipment which will reduce the amount of hand labor needed in harvesting. However, at the present, it is a slow process.

At the mill, each farmer's cane is stacked separate. When Mr. Foster's cane starts through the mill, a hydrometer reading of the juice determines how many pounds of syrup his can will make out of every 100 pounds of juice.

These figures are converted to

gallons, and each farmer is paid by the gallon of syrup. So far the farmers are grossing from \$250 to \$450 per acre this year.

Mr. Smith says that the mill will have a yearly output of 100,000 gallons in the near future. When this is added to the revenue produced by the sale of truck crops — the farmers are really in business.

Spiritual Life Retreat Held At Lake Stephens

Methodist men and women from the hills of North Mississippi and the delta plains, including the group from the New Albany District, journeyed to Lake Stephens Methodist Camp, October 4-5, 1966 for the Spiritual Life Retreat sponsored by the Woman's Society of Christian Service for North Mississippi Conference. Mrs. S. D. Simpson, secretary of Spiritual Life Cultivation, was in charge.

In the quietness and beauty of Lake Stephens with fall colors Miss Virginia Thomas of the Southeastern Jurisdiction led the group into deep spiritual enrichment through study, meditation and prayer.

Each session offered directed meditation and prayer, dept Bible study in groups of two and sharing periods. Group singing and testimonies were added notes of inspiration with Holy Communion for the closing feature.

In summary for the retreat Miss Thomas pointed out suffering is the heart of Christian faith with "not my will but Thine be done" and courage that sent Jesus to the cross. She emphasized silence: "Be still and know that I am God," and two points for this is calming the physical and calming the mind for communion with God.

The group made the following pledge together with plans to send it throughout the conference:

From now through the Advent season I pledge: to keep quiet time some time between 5:00 a.m. and 9:00 a.m. each day for seeking God's will for me, in this day in which I live to avail myself of His love, peace and courage to do His will, in order that we may have that "peace which passeth all understanding"; to pray that peace may reign in the hearts of all men in all lands.

Mr. O. T. Holder Is Featured Speaker At Meeting Of UDC Wednesday Afternoon

A meeting of historic significance and charm of hospitality was the October program of the D. T. Beall Chapter, United Daughters of the Confederacy which was held in the home of Mrs. Clarence Chase with Mrs. Lillie Collum, associate hostess, on Wednesday afternoon.

The lovely Chase home was an appropriate setting, a link between the old and the new in a blend of fascinating interest.

Mrs. Lloyd Downs presided over the business period after a delightful dessert plate with coffee was served.

Dr. Mary Summers, an historian of unerring accuracy, gave an eloquent introduction while presenting Mr. O. T. Holder, an engaging speaker, who talked on "The Background For Restoration of the Old Jacinto Courthouse". The courthouse was completed in 1854.

Mr. Holder was reared in Corinth. He is a graduate of the University of Mississippi and he is now engaged in the insurance business in Corinth. Mr. Holder was formerly associated with the State Tax Commission and he worked as a special agent for the FBI in Omaha and New York. He returned to this area which he loves so much and the Holder family has done much to enrich the area.

Mr. Holder related how he became interested in the preservation of this landmark, when it was found that the building had been sold to a wrecker, who had started dismantling work. Immediately the building and grounds were bought from the Methodist Church by Dr. Joe Stevens of West Point and he was joined by Mr. Holder and Dr. and Mrs. Fayette Williams of Corinth in the formation of the Foundation for the Restoration of the Old Jacinto Courthouse, a non-profit organization. Mrs. Clarence Chase and J. L. Sims are members and others interested are Dr. Mary Summers, Senator Dean, Cecil Summers, Lee Rakestraw, Frank Simmons and others who have cooperated with the movement.

Architect Merlyn McCullar, a native of Corinth, who has been engaged in restoration work in Mobile and New Orleans, has been employed to draw preliminary plans. He states the building is an architectural gem, comparable to the best examples in Virginia of the period.

Mr. Holder dispensed general information on the progress of the greatly accelerated program. He gave a comprehensive coverage of basic and new information, concerning future plans and fund raising projects. In the rich and exciting history of the area, were interwoven the colorful careers of the great men associated with the period of the Courthouse as President Andrew Jackson, Gov. John M. Stone, Jefferson Davis, Col. Reynolds, and others with significant facts concerning their association.

A dedicated leader and with a love for old landmarks, Mr. Holder

with deep probe into all the aspects, he has gone into the work with thoroughness, characteristic enthusiasm, and action. He is an outspoken advocate who has explored many facets of the historical field and his viewpoint, which was

particularly interesting, generated much enthusiasm.

Mr. Holder spoke with appreciation and gratitude for the support and cooperation the movement had received in Alcorn, Prentiss and Tishomingo Counties.

was associated with the Mohican Social Club and served as student coach with the Harding Bisons his senior year.

The prospective bridegroom is the grandson of Mrs. Herbert Kennedy of Memphis, Tenn., and the late Mr. Kennedy, and the late Mr. and Mrs. B. E. McGee of Booneville.

The couple will be wed at 5 p.m. November 25 in the Lake Village Church of Christ.

Little Brown Singing To Be Held Sunday

The annual all day singing at Little Brown Church will be Sunday, October 16. Many good singers from Alabama and surrounding communities are expected to be present to help the local singers.

All persons interested in the cemetery will meet Saturday morning, October 15 to clean off the cemetery.

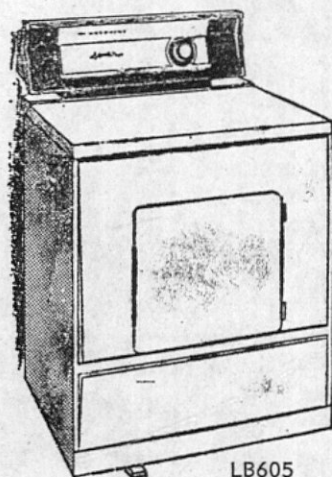

Everyone is invited to come and bring well filled baskets as a large crowd is expected. Vick Riddle and Bruce Lester will be in charge.

THE MOTOR CYCLE AGE

The motor cycle age, the Bike, has come upon us. Just what gave birth to this mode of travel so rapidly we do not know. Whether it is a rapid and more economical way of travel, strictly for pleasure, or to demonstrate a special form of bravery, is anybody's answer. But we do know that death on the highways is our greatest drain on human society. Accidental deaths on the roadways of the nation are taking manpower at its height—the over-all average is about 45 to 50 years of age. The Bike era takes them at a younger age and statistics bear this out. Safety rules and regulations seem to have been put into action in a more effective way, but still too many young people are perishing, too many are being crippled for life. The saddlehorse age has also come back. This is a fine form of exercise and much less dangerous and destructive than the Bike as a form of sportsmanship. We must stop, think, take stock, and decide where we are going and for what reason—AND if the conveyance we're riding is worth the risk involved.

WONDERFUL EXAMPLE

There is much to be observed about the character of a person in his final illness. Mrs. Kizzie Smith manifested patience, courage, deep and abiding faith, kindness and consideration to everyone. It was good to have the inspiration of her friendship.

GOING UP!

The elevator for Soybeans is going to be a big asset to Booneville. We're fortunate and happy to have it. Mr. Grady seemed to be a real pusher in securing this facility and we are very grateful to him for his services.

GOOD CITIZEN TO BE MISSED

The death of Mr. Marvin McCuiston brought sadness and deep regret to all the people of Booneville. For many years he and Mrs. McCuiston have helped to boost and build our town. They have operated a high class picture show and have always tried to secure pictures that would upgrade the town. Dedicated to their business, they have also been dedicated citizens, anxious to do their part. We offer our deepest sympathy to Mrs. McCuiston, the sons and all the family.

TERRIFIC HAZARD

The rain is checking off, the leaves soon will begin to fall and fire hazards will be on the increase. Forest fires do tremendous damage every year. Most of our counties have fire towers; these cost little compared with the value they render. Forest fires have cremated so many tender little green and beautiful trees which otherwise would grow and become useful and valuable from an economical standpoint. The careless smoker causes many destructive fires, and unfortunately, some people are cruel enough to set fires deliberately to valuable woodlands. Of course the state has a place for a man of this type. Let every one do his best to prevent forest fires. Let us aid beauty and promote economical security.

UNSEEN WOUNDS

The Good Samaritan on the Jericho Road taught us valuable lessons and set a wonderful example. Any man in trouble, wounded and suffering is our neighbor. Physical cuts and bruises do not cause all the suffering nor all the human wounds. Heartaches, mental distress, the loss of hope, constitute wounds that need special care. Many long for the cup of cool kindness that we might give. And not all troubles happen on the Jericho Road. They happen in the home, as we walk with our fellowman in the street, and across the counter in the store. We cannot be good citizens of Booneville unless we have the spirit of the Good Samaritan in the truest sense. We know a man and his wife who make somebody happy nearly every day. They have a nice car and some time to spare, and they use it to take people to visit their friends, to church or perhaps on a needed business trip—all on their own gasoline. These are noble deeds, activated by kind hearts. MR. AND MRS. LEONARD DOWNS deserve a lot of credit for just this type of deed. After all, "kind hearts are more than coronets and simple faith than Norman blood."

COLUMBUS DAY

In 1492 Columbus sailed the ocean blue. The day the New World was discovered has been assigned to October 12. This marked a great day for Columbus and his crew and a great day for the world and all of its people. It marked a great day for human freedom, for justice and for growth and development. Just think how long the great new world had been hid away so well. It was a great day in the plan of the God of Creation. Surely no other man had as much courage and vision to see so far as did Columbus, and we feel that God must surely have been with him and had a plan of progress for many people. Try to encompass the progress the people of this new world with the help of the Lord have made within these five hundred years. The divine principles are largely responsible for this magic human development. We need to be grateful to Columbus and to the Creator. There are worlds yet to be discovered if we could see through the eyes of the Divine and follow His routing.

Dr. Aubrey V. Beacham, of Magnolia, has been appointed by Gov. Paul Johnson to replace Hon. Earle Evans of Canton; who has been in charge of the alcoholic beverage control division of the Tax Commission. Mr. Evans will be kept on the control division. We feel quite sure that no better man in Mississippi could have been found than Dr. A. V. Beacham. The Beacham family has always been outstanding in integrity and good citizenship. He is a member of the Mississippi Commission on Hospital Care, has owned his own hospital in Magnolia, and is a past president of the State Hospital Association.

Mr. Booker Gullett of Blue Mountain died just a few days ago. Many of us recall a number of the Gulletts. Dove and Reece were ministers of the Baptist faith, Jim of the Methodist as we can recall. They did not go very high in education, but they did worlds of good in the ministry. Their hearts and souls were full of the religious spirit. They had a lot of power when it came to getting men to make a decision for the Lord. In the beyond they will have a lot of credit for the good they did in this section of the state.

Tuesday was a big day at the Rotary Club. Visitors came from far and near, even from Washington, D. C. Hon. Jamie Whitten was the main speaker. He is a candidate for re-election to Congress from the First District. In him we have a very able man. He is a fair and broad-minded man.

Mrs. W. V. Kemp Receives Yard-Of-The-Month Award

Mrs. W. V. Kemp is the recipient of the Yard-of-the-Month Award presented by the Town and Country Garden Club.

This award is "one among many", which Mrs. Kemp's cultivation of flowers and artistry in arranging, has won for her.

You are invited, during the month of October, to view and visit Annie Lee's yard, which has been designated as an open garden by the Town and Country Garden Club, a member of the Mississippi Federation of Garden Clubs.

Mrs. Kemp refers to her flowerers as a "Garden of Love," since many of them have come from friends, such as Mrs. J. C. Stanley, who has given her iris and daffodils. Red amarillis lilies are from her late cousin, John William Cartwright and much of the shrubbery is from her daughter, Mrs. Richard King of Decatur, Miss., who remembers Mrs. Kemp with shrubbery on "Mother's Day" each year.

Many others have contributed to the garden and Mrs. Kemp says that as she watches the flowers grow and bloom, she lovingly remembers who gave them to her.

Teachers Urged To Join Organization

The Department of Classroom Teachers of the Mississippi Education Association of Prentiss County are encouraging all teachers to join the organization.

The building representatives for each school are the following: Miss Linda Goodwin, Booneville High School; Mrs. Herbert Clayton, Booneville Grammar School; Mrs. Fred Houston, Booneville Junior High; Miss Verlon Garrett, Hill's Chapel; Mrs. Madine Lambert, Jumpertown School; Mrs. O. M. a r Jones, Marietta School; Mrs. Eddie White, New Site School; Mrs. Percy White, Thrasher School; and Mrs. Clifford Kizer, Wheeler School.

Prentiss County is in District 1 of the organization along with the following counties: Alcorn, Tishomingo, Lee, Itawamba, Monroe, Oktibbeha, Lowndes and Noxubee. Mrs. Mildred McReynolds, Starkville, is District Chairman.

There are ten Districts in the state. Last year the membership of the ten districts totaled 4,588. District 1 membership totaled 369. Prentiss County membership 59.

Saturday, October 15, there will be a district meeting at Wood Junior College, Mathiston. A number of Prentiss County members plan to attend.

Ladies Luncheon At Country Club

An event of unusual interest was the October meeting of the Ladies Luncheon of the Booneville Country Club, which was held on Tuesday.

Mrs. H. F. Billingsley, Mrs. A. B. Schultz, Mrs. Stewart Vail, Mrs. Robert Cox, Mrs. Howard Davidson, Mrs. W. D. Kernell, Mrs. R. J. Bonds, Mrs. Clarke Brewer and Mrs. Douglas Miller, detailed the hospitality with accents of decoration in vibrant colors of the autumn as a keynote to a setting of unique

charm. In the foyer, two standing baskets of yellow chrysanthemums added a seasonal note of welcome. The fireplace in the lounge was animated with a stylized arrangement in a medley of warm colors to create an inviting atmosphere. A white linen table runner was centered with driftwood nested with three containers of black-eyed Susans and goldenrod, with simple grace for a modern setting.

The delightful menu in harmonizing colors featured chicken supreme on mounds of rice, carrot salad, relishes, hot rolls, and coffee and for dessert squares of chocolate cake topped with balls of orange sherbet.

Mrs. Harold Robertson was awarded the door prize, a tray in floral design.

Visitors in attendance were Mrs. Dillard Light, Mrs. Bobby Robertson and Mrs. T. L. Word.

Lorick Home In Rienzi Is Impressive Setting For Meeting Of Natchez Trace Chapter, DAR

The beautiful and historic home of Mrs. John Lorick in Rienzi with its rare antiques and Old South atmosphere was the impressive setting for the meeting of Natchez Trace Chapter, Daughters of the American Revolution on Thursday afternoon.

Hostesses were Mrs. Lorick, Mrs. Lewis Earl Perry, Mrs. Joseph Curlee, and Miss Bess Bartlett.

Mrs. Paul Dobbins, regent, opened the meeting with the Pledge of Allegiance to the Flag, followed by the ritual. Roll call was answered with an item concerning the State Shrine, Rosalie, in observance of "Rosalie Month."

A delicious dessert plate with coffee was served.

Mrs. Robert Cox, a charming and impressive speaker, introduced the speaker, W. Taylor Smith, a citizen who has a distinguished record of service. Mr. Smith spoke on Savings Bonds and their benefits.

Mr. Smith is a native of Lee County. He is a graduate of Mississippi State University, has served as Extension Agent 22 years in Pre-

Miss County. Mr. Smith is past-president of Mississippi County Agents Association, received Distinguished Service Award from National County Agents Association in 1956, selected as Outstanding County Agent in Mississippi by Miss. Pork Producers in 1964, nominated by Miss. Agricultural Extension Service for Superior Service Award in 1965. He assisted 4-H Club boy in making world record corn yield from one acre in 1955, organized the first feeder pig sale in Miss., organized first cooperative syrup mill in the nation as far as is known. He is a member of Epsilon Sigma Phi Honorary Extension Service fraternity, County U. S. Savings Bond chairman since 1945.

Mr. Smith spoke with intellectual authority on information concerning E and H Bonds and how to build your own retirement program with U. S. Savings Bonds and Savings Bonds for Education. He explained the dependable way to meet college costs and the many phases of information on Savings Bonds, which was heard with interest and appreciation by the group.

Public Welfare Payments Rise In September

Miss Evelyn Gandy, Commissioner of Public Welfare, said 118,190 payments in the amount of \$4,650,069 were made to recipients of the public assistance programs in September 1966.

This was an increase of \$4,768 from August. An average monthly grant of \$39.36 was made to 74,118 aged people; 2,454 blind people received average monthly grants of \$46.82; there were 68,592 dependent children who received an average of \$9.82; and 20,820 permanently and totally disabled received \$45.33 as average grants.

Private hospitals provided hospital care for 830 old age assistance recipients and 22 aid to the blind recipients. Cost of Hospital Care totaled \$34,802.27 of which \$32,835.55 was for old age assistance recipients and \$1,866.72 for aid to the blind recipients.

There were 864 children in foster boarding homes at a cost of \$39,640.35 paid from federal, state and local funds. Most of these children are dependent or neglected.

Peace Corps To Test On Oct. 8

Booneville area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 9 a.m. on Saturday, October 8, at Oxford Main Post Office.

The Peace Corps uses the Placement Test to determine how an applicant can be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. (If test scores indicate a limited language-learning ability, for example, the Peace Corps tries to place the applicant in an English-speaking country). The Placement Test requires no preparation and is non-competitive — an applicant can neither pass nor fail.

The application form, not the Placement Test is the most important factor in the selection of Volunteers. Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices or from the Peace Corps, Washington, D. C. 20525.

The Placement Test takes about an hour and a half.

OFFICERS of the Northeast Mississippi Junior College Student Education Association for the coming year are: front row, left to right; Vaun Smith, Booneville, reporter; Allen Herrington, New Albany, devotional leader. Standing, left to right; Judy Willard, New Albany, parliamentarian; Gwyn Ray, New Albany, secretary; Charlene Smith, Corinth, president; Linda Thomas, New Albany, vice-president; and Delores Barnes, Iuka, treasurer.

Student Education Association At Northeast For Prospective Teachers

The purpose of the Student Education Association at The Northeast Mississippi Junior College is for the development of prospective teachers for the public schools of the nation. With Mrs. Eva C. Eskridge as sponsor, the Student Education Association at Northeast is a local unit of the national organization.

The members of S.E.A. look forward to entertaining and informative meetings throughout the year. The meeting will feature

panel discussions and guest speakers from various colleges. A delegation from the local chapter will attend the Mississippi Education Association Convention in Jackson in the spring.

A highlight of the year is the party given for an underprivileged family at Christmas.

limestone soils.

In the laboratory, cores of soil cement are subjected to crushing tests and a wide range of weather conditions. In one test, cores stand in water one week, in a freezer the next week, and then dry for a week. This three-week process is repeated as long as the core will stand up under it.

"So far," Mr. Jones said, "it seems that almost any soil except clay may be used to make soil-cement. Clay shrinks when dry and swells when wet. In heavy clay areas it will be necessary to haul soils in for soil cement."

At the Black Belt Branch Experiment Station near Brooksville dairy cows have been using a soil-

cement lot for two years and it is still in good condition. Here the local Houston clay was unsatisfactory and Ora loam was hauled in.

Three types of soil are being used by beef cattle in feed lots at the North Mississippi Branch Station near Holly Springs. The cement was spread evenly over the disked surface of the soil. Then a rotary tiller mixed the soil and cement, and a harrow smoothed the surface. Water was then applied, the rotary tiller used again, and finally the area was rolled with a heavy roller.

A more complete report of this work is published in the October issue of Mississippi Farm Research, available on request from the Experiment Station at State College, Mississippi.

VA Answers Vets Questions

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — Where can I get a list of schools and colleges approved under the new G. I. Bill?

A — No such list is available. Schools are approved by state agencies. Best method is to contact the school of your choice.

Q — I have been on active duty in the Army since 1960. When I am discharged I will need a loan to re-establish my own business. Can I get a loan for this purpose under the new G. I. Bill?

A — No. Business loans are not included under the provisions of the new G. I. Bill.

Q — I am uncertain as to what I want to be, but I want to use the G. I. Educational Bill. Can I get help?

A — Yes, the Veterans Administration is counseling service available to assist you in selecting the most suitable training program.

A waxlike finish is now applied to airplane windshields causing rain drops to break up, thus providing pilots with improved visibility.

Rites Today For Marshall J. Grimes

Marshall Jack Grimes of Rt. 6, Booneville, passed away Tuesday about 7:30 a.m. in the Northeast Miss. Hospital, following an extended illness. He was a member of the Friendship Baptist Church and a retired farmer. He was 94.

Funeral services will be conducted Thursday (today) at 2:30 p.m. in the East Prentiss Baptist Church. Burial will be in the adjoining cemetery with McMillan Funeral Directors in charge.

He leaves two sons, Lawrence Grimes of Huntsville, Ala., and Jack Grimes of Booneville; four daughters, Mrs. G. W. Partain of Decatur, Ala., Mrs. Riley McCarter of Huntsville, Ala., Mrs. Mammie McCarter of Ozark, Ala., and Mrs. Vermilion Hopson of Huntsville, Ala.; two brothers, Tom Grimes of Town Creek, Ala.; a sister, Mrs. Idell Taylor of Tusculum, Ala.; 21 grandchildren and 31 great grandchildren.

Homecoming At Mt. Olive Sunday

Homecoming will be held at Mt. Olive Baptist Church, located on Highway 30, West of Frankstown, Sunday, Oct. 16. The morning program will begin at 10 o'clock and Rev. Hugh Conwill, a former pastor, will be guest speaker. There will also be an afternoon program and dinner will be served at the noon hour.

Everyone is invited to come and bring a well filled basket.

FHA Supervisors And Officials Make Tour Of Tommy Strange Farm

Twenty-four FHA County and Assistant County Supervisors plus administrative officials visited and toured the Tommy Strange farm in Prentiss County Tuesday, October 4. The group was shown how this farm is reaching the farm potential by Rapid Adjustment to Better Resource use. This farm was set up on this program in 1964 through the Cooperation of the Extension Service and T.V.A. Extension and Experiment Station economists assisted in linear programming and farm management plans on this farm. The program has been under the direction of County Agent, W. T. Smith.

Financing was made through the Farmers Home Administration. Administrative officials of the Farmers Home Administration stated that "this farm and farm progress could be attributed to adequate financing and sound farm practices and management". Leading the discussions were Dr. Rupert Johnston, leader in Extension economics, A. L. McLaughlin, assistant economist, Bob Williams, Assistant economist from Mississippi State University, Curtis Brummitt of T.V.A. and County Agent W. T. Smith.

Mrs. Sale Martin Reviews "The Source" At Thursday Study Club's Oct. Meeting

The October meeting of the Thursday Study Club, which is scheduled for the last Thursday in the month, met last Thursday in the private dining room of the Northeast Miss. Junior College with Mrs. E. L. Robison, hostess.

Miss Mabel Cunningham presided after a delightful dessert plate was served with coffee.

Mrs. Harrell Barnett introduced the program topic with an impressive and interesting sketch of the life of James Albert Mitchener, American novelist and journalist.

Through his athletic prowess at Swarthmore, he received numerous scholarships and traveling fellowships which permitted him to study in Europe. He attended nine universities in America and Europe. Extraordinarily lucky, he held scholarship uninterruptedly and he has been fortunately associated with gifted people. His "Tales of the South Pacific" was awarded the Pulitzer Prize for fiction in 1948.

Mrs. Sale Martin, a speaker of intellectual authority and a favorite reviewer, reviewed Mitchener's "The Source", a book of validity and strength. She told the story with deeply compassionate understanding. Critics say it is both a novel, a textbook and a history. The time element extends from 12,000 years ago to the present time.

The story is an introduction to the problems of Jerusalem. It opens with an archaeologist who digs information that heretofore has been known only by faith. Dealing with a history of the Israelites it describes the excavations and their findings of artifacts.

Mrs. Martin told how the author reconstructs the story of Makor, a fictitious place on the road from Akko to Damascus or from Lebanon to Jerusalem. The name Makor is an old Hebrew word meaning source and refers to a spring of water therein described to Schumacher

NOTICE OF SUBSTITUTE TRUSTEE'S SALE

By virtue of the authority vested in me as substitute trustee in the Trust Deed given to Schumacher Mortgage Company, Inc. by Travis D. King and wife, Mildred I. King, to secure an indebtedness

Mortgage Company, Inc., which deed of trust is dated October 30, 1964, and recorded in Land Trust Deed Book No. 73 at pages 378-381 in the Office of the Chancery Clerk of Prentiss County, Mississippi, which said trust deed was assigned to Amoskeag Savings Bank of Manchester, New Hampshire by Schumacher Mortgage Company, Inc., said assignment being filed in Land Trust Deed Book No. 74 at page 413 of the Land Records of Prentiss County, Mississippi, default having been made in the payment thereof, I will on Saturday, November 5, 1966, within legal hours at the West door of the Courthouse in Prentiss County, Mississippi, offer for sale and sell at public outcry to the highest and best bidder for cash the following described property described and conveyed in said deed of trust, to-wit:

Part of the Northwest Quarter of Section 16, Township 5 South, Range 7 East, Prentiss County, Mississippi, described as follows: Beginning at the Southwest corner of a lot deeded to Mrs. Ollie Maddox as recorded in Deed Book 64 at page 502, Chancery Clerk's Office, Prentiss County, Mississippi, said point being in the center line of S. Davis Street being situated 429 feet West, 324 feet North and N-12½ degrees E. 136 feet from the Southeast corner of the Northwest Quarter of said Section 16 and run East along the South boundary of said Lot 160 feet to the Southeast corner of said lot, thence South 72 degrees East 40 feet plus to the Northeast corner of a lot deeded to Ernest C. Murdock as recorded in Deed Book 72 at page 358, Chancery Clerk's Office, Prentiss

County, Mississippi, thence South 70 degrees West along the North boundary of said lot 160 feet to the Northwest corner of said Murdock Lot, thence North 36 degrees West along the center of South Davis Street 75 feet to

the point of beginning.

Title to the above property is believed to be good, but I will convey only such title as is vested in me as substitute trustee.

WITNESS My signature this the 12th day of October, 1966.

T. E. Pegram, Jr.,
Substitute Trustee, my

alone with her thoughts

Are they good company — her thoughts, that is?

For this is a time of her life when much can depend on the outcome of these moments when she is alone with her thoughts.

Decisions will be made — irrevocable decisions.

Steps will be taken that cannot be retraced.

The happiness of those who love her hangs in the balance . . . as she tries to discover where her own happiness lies.

But her thoughts are projections of the lessons she has learned, the experiences she has had.

And high among these are the truths she learned in her church life, and the rich experiences she has known with Christian friends who grew up in religious homes.

Alone with her thoughts . . . this girl is in good company!

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

PFC Billie J. Arnold Serving In Vietnam

U. S. ARMY, VIETNAM—Army Private First Class Billie J. Arnold, 25, whose wife, Lucy, lives on Route 1, Booneville, just arrived in Vietnam with the main elements of the 4th Infantry Division.

One brigade of the division—4,000 strong—arrived ahead of the main body on Aug. 6. The unit was last stationed at Fort Lewis, Washington.

Arnold is a jeep driver in Troop C, 1st Reconnaissance Squadron, of the division's 10th Cavalry. He entered the Army in September 1965.

Former Thrasher Resident Dies In Portland, Ore.

Luther Horace Campbell, an employee of Leatherman Oil Company, Portland, Oregon, formerly of Thrasher, died Thursday afternoon Sept. 8, when an explosion and 3-alarm fire destroyed an oil reclaiming plant at 611 N. Argyle St., in Portland.

Mr. Campbell, 55, was the son of the late Mr. and Mrs. Luther Campbell of Thrasher. He was a nephew of Mrs. Birtie Livingston and Mrs. Birtie Campbell of Booneville and also has a number of cousins in and around Booneville.

Witnesses said the explosion occurred in a boiler area of the 100 by 150-ft. frame structure. The cause is under investigation by the Portland Fire Bureau. Two other persons working nearby escaped without injury.

The fire also destroyed a panel truck and a tank truck parked near the building. J. C. Perkins, 54,

co-owner of the plant, estimated the loss at more than \$75,000.

John Luke, 45, of Portland said he was working on a loading dock about 10 feet from the victim when the explosion occurred. Visibly shaken, Luke attempted to explain what happened:

"I was unloading oil barrels from the dock when I heard the explosion. Then the fire was all over."

"Campbell was on fire, but I was trapped and couldn't get to him. I had to go through a back door to get out. By the time I got outside, he had gotten across the street under his own power."

"His clothes were burned off and I went to him, but he never screamed or anything."

Luke said that a short time before the fatal blaze, Campbell had been talking about retiring. He had been employed by the firm about 18 years.

Fire Marshal J. H. Riopelle said the building was "almost gone" by the time firemen arrived and there

was no chance of saving it.

Mr. Campbell leaves his wife, Mrs. Gladys Hughes Campbell; a son, Robert Campbell and a daughter, Mrs. Martha Sue Jacobson, all of Portland, Oregon, and a brother, Robert Campbell of Vivian, La.

H. V. Shackelford Reports On Tour

Mr. H. V. Shackelford of Booneville is in Europe on an 18-day deluxe tour won by himself and sponsored by Union Bankers Insurance Company of Dallas, Texas. The following is the second of three reports of their trip to be received by this paper.

ASSISI, ITALY
OCTOBER 2, 1966

"This has been a very active and fascinating few days. Our brief visit to Monaco was delightful, and we would have liked to have been able to stay longer. Our beautiful Hotel de Paris was adjacent to Princess Grace and Prince Rainier's palace, which we toured the next morning. We were captivated by the famous gambling Casino, and all the richly dressed men and women there.

"From Monaco we travelled through Italy, stopping at Pisa for a look at the famous tower. You can be sure we stood on the side of the leaning away from! When the Tower was built, as each story sank, the builder tried to correct the angle by unbalancing the next story. The result is a seemingly haphazard concoction of wedges, thicker in some places than others!

"We drove on to Florence, a love-

ly city of red tile roofs, through which wanders the Arno River. We toured the palazzo and the piazza, and the tombs of Michelangelo and Machiavelli, which were most impressive. We all feel that we are going to have to do a lot of history studying when we return!

"The next day we set out for Rome, stopping at Assisi, the birthplace of St. Francis, for lunch. This is a quaint little town, built on a hillside, with a huge church of brown stone and red tile roof.

"Next week takes us into Rome and then north, and you shall hear from us."

Miss Caraly Moorhead Chosen For Jester's Club At MSCW

Miss Caraly Moorhead, daughter of Mr. and Mrs. Henry Mize, has been selected as an active pledge to the Jesters Club, MSCW.

Each year twelve juniors, chosen on the basis of leadership, character, contribution to MSCW, and qualities representative of club members, are selected for membership in Jesters.

The Stars and Stripes were flown for the first time in a battle at Ft. Stanwix, N. Y., according to some historians. The date was Aug. 1777.

Rules For Bicycle Safety

What do you do when you see a young bicyclist weaving in and out of heavy traffic on a busy street? Well, one safety-minded person called the State Board of Health. She asked that rules for bicycle safety be released to the public.

Here are the chief rules for bike riders, young and old. You might want to clip it for your own child or one in your neighborhood.

1. Avoid busy streets whenever you can.
 2. Keep your bicycle under control — no tricky steering, weaving or racing.
 3. Stay on the right side of the street, close to the curb. Move with traffic and watch for parked cars turning out or car doors opening suddenly.
 4. Travel in single file when riding with other bikes. Follow a full bike's length behind.
 5. Steer with both hands on the handle grips except to signal when turning, stopping or leaving the curb.
 6. Ride alone and no big bundles. Another person or a large package on your bike can block your vision and throw you off balance.
 7. Come to a dead stop at all stop signs, yield signs and red or amber traffic lights.
 8. Stop, look and listen before entering a street from a sidewalk, driveway or alley. Drivers may not see you.
 9. Use your own power. Hitching onto moving vehicles is against the law and in case of a sudden stop or swerve, off the bike you'd go.
 10. Do your riding in the daytime. If you must ride at night, wear something white and turn on your lights.
- The State Board of Health, as well as your county health department, has a good pamphlet on bike safety. It's free for the asking.

Ceremony To Honor Late Judge S. C. Mize

A special ceremony honoring the late Sidney C. Mize of Gulfport, former U. S. District Judge, will be held at the University of Mississippi School of Law in Oxford on Saturday, October 15.

The Mississippi Bar Foundation, Incorporated, a non-profit philanthropic and educational organization composed of Mississippi attorneys, is planning the ceremony. The service will start at 9:00 A. M. with John T. Armstrong, of Hazlehurst, president of the Mis-

issippi State Bar, officiating. The invocation will be delivered by the Right Reverend H. M. Morse of Oxford, Episcopal minister.

A welcome to the Ole Miss Law School will be extended by Dean Joshua M. Morse, III, followed by a resume of the Mississippi Bar Foundation to be delivered by N. W. Overstreet, Jr., of Jackson, former president of the Foundation and President-Elect of the Mississippi State Bar.

The ceremony will be climaxed by the presentation of text materials in the memory of Judge Mize to the Ole Miss Law Library. Also, a portrait of Judge Mize will be unveiled. This presentation will be handled by David Cottrell, Jr. of Gulfport, president of the Mississippi Bar Foundation.

The memorial for Judge Mize is being provided through special donations sent the Foundation by attorneys, according to Cottrell. The public is invited.

Mississippi has another national champion. A 15-year-old Benton County youth, Jackie Courson of Hickory Flat, was declared winner of the national corn production contest sponsored by the Funk Brothers Hybrid Seed Company. The youth produced 263.6 bushels on a single acre last year, to cop the title. — Released by Mississippi Economic Council.

A buffet dinner without chicken salad is as rare as a snowstorm in August.

If you can settle up your bills you can settle back at home.

NOTICE OF TRUSTEE'S SALE

I, Roy Lowrey, Trustee, under the provisions of and by virtue of the authority conferred upon me in a deed of trust made by Matilda Smith to John E. FOREST PRODUCTS WEEK

October 16-22 has been designated as National Forest Products Week. It is a time to call attention to the one-half billion dollars that the forest industry contributes to Mississippi's economy each year.

OCTOBER, COOPERATIVE MONTH

October has been set aside as the month to give special recognition to cooperatives. Cooperatives provide employment. They supply electric power. They contribute to-

ward orderly marketing. They are a vital part of Mississippi's economy.

RENOVATING OLD SODS

Many Mississippi pastures are sod bound. Old bermuda and bahia sods especially may need to be renovated to make them grow better next year and to get clover back in the pastures. RENOVATE using a spring-tooth harrow, heavy disk or sod seeder.

If plantings of ryegrass or cereal are made at the time of renova-

tion, the cost of renovation will be paid back in extra grazing.

CATTLE LICE

Cattle, heavily infested with lice don't make too much money. You don't have to give your profits to the lice—they can be controlled.

A big step toward control will be made if the cattle go into cool weath relatively free from lice. Keeping the back rubber or dusting sacks well charged with insecticide will help with this.

We can give you specific information on materials to use, when and how to use them for controlling cattle lice.

SOYBEAN HARVESTING

You only get paid for the soybeans you take to market. Why lose part of your crop by improper harvesting? Proper settings of the combine are vital. Some of the best information on this can be found in the operator's manual. It does not take many beans lost to cut your yields substantially. To lose a bushel per acre we only have to leave on the ground 36 to 40 beans per square yard. If you cut the soybeans high enough to leave five to six pods per foot of row, you also lose a bushel per acre. Some farmers each year leave as much as three to five bushels in the field. You can't afford this loss.

Lucy Smith Circle Meets With Mrs. Finch

The first meeting of the year for the Lucy Smith Circle of the First Baptist Church was held with Mrs. J. S. Finch in her home Monday afternoon.

The chairman, Mrs. Finch, opened the meeting with roll call. Mrs. John Curlee gave the devotional with special prayer for our missionaries.

A business session followed, after which Mrs. M. T. Pardue directed a most interesting program on Baptists in Appalachia. She was assisted by Mrs. W. H. Robertson, Mrs. J. A. Bolton, Mrs. J. W. Fugitt, Mrs. A. S. Green, Mrs. J. S. Mason, Mrs. Nelson Baldwin and Mrs. John Curlee.

The closing prayer was led by Mrs. Pardue. She prayed that people would become deeply concerned over conditions in Appalachia and that God would strengthen the workers of our Home Mission Board in their effort to reach these people.

After the program the hostess, assisted by Mrs. Troy Spain, served delicious chocolate fudge squares with hot spiced cider.

Fourteen members enjoyed the occasion.

Rites Held Sat. For Mrs. James D. Mitchell

Funeral services for Mrs. James D. Mitchell of Booneville were conducted Saturday afternoon in the chapel of McMillan Funeral Home with Bro. Larry Wood officiating. Burial was in the Booneville Cemetery with McMillan Funeral Directors in charge.

Mrs. Mitchell passed away Friday at 5 a.m. in the Aletha Lodge Nursing Home following an extended illness. She was a member of the Presbyterian Church and a housewife. She was 89.

She leaves a son, Arch Mitchell of Booneville; two daughters, Mrs. J. E. Cook of Purvis, Miss., and Mrs. N. J. Planagan of Gulfport, Miss.; 14 grandchildren and 11 great grandchildren.

HOME ECONOMIST'S NOTES

by CLARE T. ROSS, Extension Home Economist

Be just as careful in selecting washable accessories as you are in selecting washable fabrics for that dress, skirt, blouse or any other garment you are making. Be sure you are sewing in washability in the thread, lining, binding, fasteners, buttons you use.

Textured nylon thread is recommended for sewing synthetics. It is equally suitable for silks and wools as well as for wash, wear, stretch and knit fabrics. It is advisable to test stitching before you start and to back-stitch seams and darts. Be sure thread and yarns you use for embroidery and other decorations are fast-color.

Interfacing materials that are thoroughly washable, crease resistant and hold their shape come in different weights to be used for practically any type of facing, backing or stiffening. You may use crisp nylon net for very light stiffening. Nylon or orlon taffeta makes satisfactory washable linings.

Use good quality, fast-color tapes. Look for non-shrink seam binding.

Make sure all zippers, grippers, snaps, hooks, and eyes are labeled rust-proof. Be sure belt buckles and button forms to be covered are washable and rust-proof.

If you want to use wood, metal, leather, ivory, jeweled or colored pearl buttons, attach them with safety pins that have a "hump" for easy pinning. This makes it easy to remove them before washing the garment.

Careful Shopping for Frozen Foods

Recent visits to the grocery check out counter have made all of us conscious we must follow all the rules of economy in our food buying. To get the most for your money when you buy frozen foods:

1. Be sure the foods have been handled carefully. Buy frozen foods only when you know it has been handled and stored carefully at zero degrees or below. Be sure the frozen foods chest from which you take the packages is held at zero degrees and that foods are stacked below the "fill" line.

2. Buy only those frozen foods in perfect packages. Pass over those packages that have been punctured or unsealed and that are stained.

3. Make your frozen foods selections your last purchase. Put the frozen foods in an insulated bag and hurry it home to your freezer.

4. Don't buy packages with ice particles. The presence of ice particles may indicate that the package has been thawed and refrozen.

Sour Cream Dressing for Boiled Cabbage. Measure about one fourth cup of hot cabbage liquid into a saucepan. Add 1 cup of sour cream and one-half teaspoon salt and

heat. Pour over cabbage wedges at once. Sprinkle with finely chopped chives or parsley. Serve at once to be at its best.

Although India produces about eight million tons of raw sugar it is not enough to fill domestic requirements.

The island of Bermuda is a big underwater mountain rising some 10,000 feet from the ocean floor. It is now believed it was formed by a volcanic eruption perhaps 85 million years ago.

Tornadoes may strike at any time but statistics indicate they strike most frequently in the hours following the warmest part of a day.

Why the word infantry was applied to the foot soldier is not certain. The word comes from Latin

infans, meaning infant and one theory is that foot soldiers were often boys who attended the knights.
