VOLUME SIXTY-SEVEN

BOONEVILLE, MISSISSIPPI, THURSDAY, NOVEMBER 5, 1964

NO. 32

CONSTRUCTION ON THE HOSPITAL ADDITION continues at a fine pace during the favorable weather this season. Groundbreaking ceremonies on the million dollar plus addition were held July 28th, and the addition will increase the capacity of the hospital from 80 to 114 beds. More efficient arrangement will enable the staff to perform duties even more efficiently.

City Board Discusses Zoning; Plans To Buy Patrol Car; Authorizes Audit

All members were present at the monthly meeting of the Mayor and Board of Aldermen on Tuesday night, November 3, at City Hall.

After opening the meeting with prayer, accounts were read and allowed.

The motion was made, seconded and adopted to request a 12 month extension for Jack Frost to continue as Street Superintendent. The request is to the Public Employees Retirement System of the State of Mississippi.

Mayor M. W. Smith read a letter

from the American Seating Company commending the Fire Department's efficient work in extinguishing a fire adjacent to their plant.

T. B. Harris, assistant superintendent, gave the water and gas utility report.

City Fathers had a full and complete discussion of the proposed Zoning Ordinance for the City of Booneville. They decided to have a special meeting this month with the Planning Commission before adoption.

The group authorized the General Audit for the fiscal year ending September 30th to be performed by CPA Charles Brown.

They also authorized the advertisement for bids for a new police patrol car.

A Real Treat . . .

Betty Eaton reported an unusual Halloween treat this week.

Seems the Jack Dubards, who bought the home formerly owned by the Hoyle Eatons on West Church, and in turn sold their home on Osborne Creek Road to the Eatons, had gourds growing around the dog pen.

Saturday night after running out of treats, Jack went out and picked 90 gourds and was surprised at the delight of the children as they received a large gourd for their "treat".

Accidents Tuesday Afternoon Result In Hospitalization Of Three Persons

Two separate yet related accidents Tuesday afternoon about 5:30 resulted in the hospitalization of three persons, Mr. John Ryan, Mrs. George Lauderdale and Mrs. Judy Michael.

A tractor with a cotton wagon attached, driven by Mr. Ryan on Highway 45 North, just south of Troy Moore's Store, was hit from the rear by a 1958 Ford driven by Mrs. Faye Poindexter of Michie, Tenn. Mr. Ryan was knocked off the tractor and is hospitalized in the local hospital. Mrs. Poindexter was examined at the local hospital and dismissed.

About 150 yards south of the above accident, Mrs. George Lauderdale, driving a 1962 Chevrolet, slowed down as she approached the scene. Behind her car in a 1964 Volkswagen, Mrs. Judy Michael likewise slowed down and her car was struck from the rear by Charles

Johnson of Tuscumbia, Ala., driving a 1957 Buick. Mrs. Michael's car struck that of Mrs. Lauderdale's. Mrs. Michael was taken to the Tupelo Hospital and placed in traction. Mrs. Lauderdale was hospitalized locally. Mr. Johnson was admitted to the local hospital and dismissed.

Patrolman Hubert McDaniel made the investigation.

Geo. Robert Mitchell Post 4877 To Have Open House Nov. 11

George Robert Mitchell, Veterans of Foreign Wars, Post No. 4877 will have open house on November 11 from 11 o'clock until 2 o'clock, at the Post Home, north of Booneville.

Everyone is invited to attend. There will be free stew for those who visit the Post. Support the Veterans by observing Veterans Day on November 11, 1964.

Cemetery Cleaning At Old Friendship

There will be a cemetery cleaning at Old Friendship Church, located three miles west of Bay Springs, Miss., Nov. 13. Everyone is urged to come and help.

Cancer Society Leaders Named

Dr. Wayne Lindsey has been named president of the Prentiss County American Cancer Society unit. He succeeds Wayne Hunter. His brother, Wade Lindsey, is vice-president. Mrs. Hoyt Nelson is secretary and Mrs. Clyde Carter is treasurer. They were recently appointed and will direct the cancer unit in Prentiss County.

Mrs. Addie Mae Campbell, field representative of Jackson, Miss., was in Booneville recently to discuss plans with the executive officers for the coming year.

Dr. Lindsey will at a very early date announce his chairmen. A memorial chairman will also be selected. Memorial funds may be sent to Wade Lindsey, vice-president, at the present time.

Veteran's Day Is November 11

Honor the dead by helping the living! The Buddy Poppy makes it possible for us to pay proper homage to the deceased veterans.

The Buddy Poppy is the real "workhorse" for many of the programs which traditionally constitute the reason for the existence of the V.F.W.

Funds received from the sale of the Buddy Poppies are used in establishing State Homes and Hospitals. Most of the Poppies assembled for the national organization are assembled at the Veteran's Facility at Grand Rapids, Mich. A small number is assembled at State Homes and Hospitals in New Jersey. All Buddy Poppies are assembled by veterans in V. A. State Homes and Hospitals.

A question frequently asked in good faith by many people is, "Why do Buddy Poppies cost so much?" The answer is: They do not cost much—but there is a tax on each Poppy which is to be used for the National Home and the National and Department Rehabilitation programs. The minimum cost is 25c, but more is appreciated.

Remember, this Veteran's Day, November 11—"Honor the dead by helping the living."

Buy your Buddy Poppies, Saturday, November 7!

Last Call To Get Name On Calendar

Those who have not gotten their name on the Birthday Calendar are asked to contact a member of the Booneville High School Band or a band parent by the end of this week.

Blue Devils Rout Aggies In Rematch; Close Season At Ripley Friday Night

The Booneville Blue Devils played half-heartedly for most of two periods of their rematch with Kossuth here Thursday night and led only 7-6 at halftime, but after the intermission they decided that as long as they were there they might as well play and went about the business of demolishing the Aggies.

Blue Devil reserves, most of whom had not previously seen any action in a varsity game, played the final minutes and added seven points in the 39-13 rout. Booneville won the regular season game September 25 by a 27-0 score.

The Blue Devils will close the season at Ripley Friday night. Kossuth got on the scoreboard first after recovering a fumbled pitchout at their own 40 to start a drive, with Elbert Suttlemeyer diving over from the two to score. The try for extra point was stopped.

Late in the second quarter Booneville held to take over on their 33 and drove for a touchdown to take the lead. Fullback Donald (Bony) Jones, seeing action for the first time in several weeks, ran for 12 and Mike Kemp for nine and three. Jones made four and Kemp five, then Jones got a first down at the Aggie 31. Terry Cartwright picked up four and the Blue Devils called time with 54 seconds left in the half. A Stan Pounds pass intended for Mike Cunningham went incomplete, then he hit D. T. Whitfield for a first at the 11 and threw to Bill Murphy for three more. Jones took a pitchout at left end to cover the final eight yards to score and Freddie Tollison made the extra point on a pitchout at the right side.

Shortly after play resumed in the

second half, Kemp recovered a fumble at the Kossuth 17 to set up the next Booneville tally. Tollison hit left guard twice for three and five and Kemp went through at right guard to score from the nine. Quarterback Kenneth Shackelford sneaked for the point.

Kossuth took the kickoff and racked up three successive first downs in moving from their 20 to the Booneville 31. A run netted two, a pass went incomplete and they were held for no gain on a line play. Then Tollison intercepted the fourth down pass at the Blue Devil 25 and scampered 75 yards down the right side to score. The point try was stopped, but it wasn't to matter.

The Aggies scored quickly to cut the margin after taking the kickoff at the 20 and returning to the 37. Suttlemeyer burst through center and was finally caught from behind and pushed out of bounds by Whitfield at the Booneville eight. Two line plays moved to the two, from where Davis scored. A plunge at left guard added the point and the score stood at 20-13.

Tommy Floyd returned the ensuing kick six yards to the 38 and Kemp hit right guard for first at midfield. Shackelford kept at left tackle for four and Tollison moved for a first at the 36. Kemp made five, John Hutchins three and Jones three for first at the 25. Cartwright picked up four and Jones drove hard for a first at the nine. Jim Hutchins took a pitchout and was caught for a loss of four before Jones scored from the 13 on a pitchout at right end. A pass from Shackelford intended for Murphy was incomplete on the point

try. The Aggies returned the kickoff from the 10 to the 33 and a pass interference call gave them a first at their 49. Then John Hutchins picked off a pass at midfield and outran the Aggies to score. Again the Shackelford to Murphy pass try was incomplete. 32-13.

Kossuth moved the kick back 19 yards to the 37. Two pass plays were broken up in which the quarterback lateraled to a halfback who threw, then a pass was good for a first at the Booneville 49. After an incomplete pass and a pickup of one at right end, Mike Cunningham intercepted at the 40 and ran back to the 44 to halt the drive.

Shackelford threw to Kemp for eight and Kossuth drew a 15-yard personal foul penalty on the play, giving Booneville a first at the Aggie 33, and the reserves took over. Mike Nabors made six at right end and Jerry Green passed to Whitfield for first at the 15 with 1:03 left. Green intended for David Bishop fell incomplete, then he hit Bishop for first at the four. Nabors took a pitchout at the right side and when he appeared to be running into trouble at the three, dived into the end zone for the tally with 42 seconds remaining. Jim Hutchins drove over at left guard for the point.

The over-eager Blue Devil reserve defense was called for pass interference on the first play after the kickoff, giving the Aggies a first down at the Booneville 45, but they stormed in to hit the quarterback for four loss and rushed hard to cause two more incomplections as the game ended.

Prentiss Joins Rest Of State Voting For Sen. Goldwater

Prentiss County voted as did the state of Mississippi for a Republican candidate in the General Election Tuesday, but Barry M. Goldwater carried few states except extreme Southern ones and President Lyndon B. Johnson was afforded a landslide victory.

The official results for Prentiss County showed 2,239 for Goldwater-Miller and 1,013 for Johnson-Humphrey.

Unofficial returns for the state showed 301,309 for Goldwater-Miller and 46,320 for Johnson-Humphrey electors.

In the 1960 General Election, Prentiss County did not go along with the majority of the counties

in the state which went for the unpledged electors. Locally, voters gave a substantial majority to the loyalist Democratic electors and the unpledged slate ran a poor third behind the Republican ticket.

John C. Stennis for the U. S. Senate and Thomas G. Abernethy for Representative in Congress were without opposition.

In the election of a member to the County Board of Education in the Third District, John H. Gardner polled 208 to 66 for F. L. King.

In the school board member election in the 4th District, Ray Johnson received 292 votes, R. H. Gooze, 282 and Grafton Farrar, 77. The man receiving the most votes, Mr. Johnson, was elected, even though he did not receive a majority of the entire votes cast.

Johnson carried only one precinct in the county — East Prentiss — where he received 45 votes to 28 for Goldwater.

Voting by precincts was as follows:

Local Banks Purchase \$35,000 In Bonds For New Welfare Office Bldg.

In a joint bid, the Prentiss County Home Bank and The Peoples Bank and Trust Company purchased bonds in the amount of \$35,000 for the purpose of constructing a building for the County Welfare Department.

The bonds were issued from the Board of Supervisors at an interest rate of 3.45%.

The United States government

will make a contribution to the project similar to rent in the amount of 42% of the cost. The government will make quarterly payments and these monies will be used to retire the bonds over a 10-year period.

Mr. Joseph Hill, head of the County Welfare Department, said no further plans had yet been made toward construction of the building.

Agriculture Census Questionnaires Being Mailed To Local Farmers

Questionnaires for the 1964 Census of Agriculture are now being mailed out to farmers of Prentiss County, County Agent W. T. Smith reported today.

The forms are expected to reach the farmers within a few days. This will allow farmers a period of time to consult their 1964 business records in order to answer questions on the forms before census enumerators begin calling on the farmers to collect the forms. Best estimates for the year will be sufficient to answer questions in cases where complete records for the year are not available, according to the county agent.

The visits by the enumerators will start on November (9), (16), (23) in this county, according to the county agent.

Enumerators will call on every farmer in the district under his or her supervision, the county agent explained. At the time of the call, the enumerator will help the farmer complete answers to any questions.

Art Exhibit Set For Nov. 17-22

The Booneville Woman's Club will sponsor an Art Show for local artists at the public library November 17 through 22.

The show will be directed by the Fine Arts Department of the club. The public is cordially invited to attend.

Arrests Reported By Police Department

Police Chief W. W. Stacy reported that the Booneville Police Department made 30 arrests over the past week end.

Fines totaling \$442.00 were assessed on charges of speeding, reckless driving and public drunkenness.

Northeast Tigers To Open Season On November 9

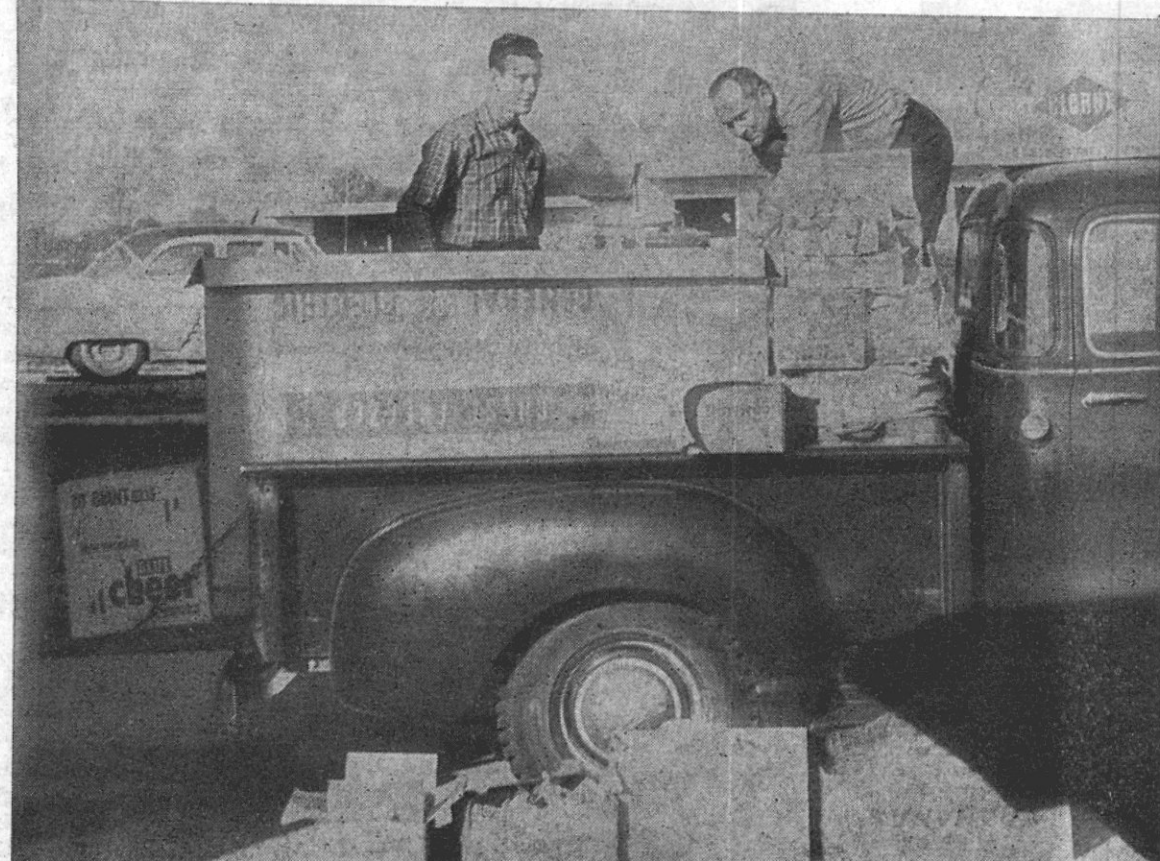

By DAVID SIMS

The 1964-65 Northeast Tiger basketball team boasts of 16 spirited men. This year's Tigers find last year's 27-6 record tough to follow in the rugged Junior College competition, but returnees to the team remember last year's one-point upset by Pearl River and have the determination to do better. Coach Bonner Arnold has signed some of the "shootingest" ball players ever to hit the Northeast floor. Among the freshmen are Sonny Faulkner, Ingomar; Stan McAnally, Tishomingo; Danny McClung, Tishomingo; Tommy Benson, East Union; Bobby Null, Kossuth; Fred Stennett, Booneville; Larry Jobe, Biggersville; Jim Morrison, West Union; Larry Morgan, Booneville, and Randall Downs, New Site.

The returnees are H. L. Richie and David Bolen, both of Booneville; Billy Young, a transfer from Itawamba Junior College; Larry Childers, Wheeler; Lamar Gatlin, Myrtle, and Walter Howell, Thrasher.

The 1964-65 schedule is as follows:

FOR SUNNYBROOK CHILDREN'S HOME at Jackson, Mississippi, members of the Booneville and area congregations of the Churches of Christ sent food and clothing. Several members contributed cash. The truck was heavily loaded with needed items for the children and shown loading the truck are William Floyd, left, and Jim Archer.

Just Scribbling

by

MRS. ED JOHNSON

I received the following letter from Mrs. Effie Green of New Site: "I read with interest the article from the Birmingham paper about the progressive town of Booneville. I have an idea that, with the cooperation of the people, we could add another feature."

I believe that if we specialized on a certain flower like the crepe myrtle we would make the county a place of beauty to be sought out by tourists. I enclose a page from the T. G. Hastings Seed Catalog showing their price on crepe myrtle shrubs to clubs and organizations.

This would be a long range project but if some of the clubs and organizations would make a collective order for these trees it would be a lovely way to commemorate the centennial of the closing of the War Between the States.

If you don't mind, call this to the attention of Mayor Smith. We would call it the "Lovely Crepe Myrtle County of Prentiss." In other sections of the state, they have "The Azalea Trail," etc., to attract tourists, so why not something for Prentiss County?"

Mrs. Green enclosed the page from the catalog showing that 500 shrubs could be purchased for \$200.00.

I think her idea is good. Several years ago the Pilot Club planted shrubbery along the highway, redwoods, etc. I recall at Baldwin we had a part in planting Chinese elm trees along the highway. Seems that the initial expense is not as great an obstacle in a project such as this as is the cultivation, watering and protection of the shrubbery or trees. However, if individuals would beautify their own lots with crepe myrtle in addition to seeing that public buildings and roads were planted, then a big headway could be made. Under the direction of Tate Oakley, the Booneville Country Club Golf Course has a large number of crepe myrtle shrubs, planted in the spring, which are coming along nicely. Anybody else interested?

Louis E. Robbins in a column in the Pontotoc Progress writes: He gives best who gives without pain at giving or expectation of joy for having given.

Give little thought to the mere fact of growing old but much thought to the purpose back of the privilege given us of growing old.

At this time, when attention is directed on our government, you might enjoy reading these quotations from famous statesmen:

"In all that the people can do well for themselves, Government ought not to interfere." —Abraham Lincoln

"Far and away the best prize that life offers is the choice to work hard at work worth doing." —Theodore Roosevelt

"Whatever makes men good Christians, makes them good citizens." —Daniel Webster

"A Bible and a newspaper in every home, a good school in every district—all studied and appreciated as they merit—are the principal support of virtue, morality and civil liberty." —Benjamin Franklin

The future is not particularly mysterious. Millions of young people are wondering today what they will amount to fifteen or twenty years from now. There is no great mystery about it. Those who cultivate their good qualities will see themselves develop into men who are respected by their families and by their neighbors.

All of us know young men of 18 to 22 years of whom we are certain that at 40 will be considered successful. Their personality, their bearing and their mental attitude indicate they will have no difficulty finding a place for themselves.

Sometimes it's hard for parents to help youngsters understand that their day-to-day attitude today will determine what they are tomorrow.

Take time to think—you can do more work with your head than you can with your feet.

A while back we received a letter from Dr. F. W. Wilson of 2524 Glenwood Drive, Port Arthur, Texas, who said, "I am seeking information on an ancestor of mine named John Owens who died in Prentiss County in the 1870's, probably about 1877. He was a rather unusual person in that he lived to be something over 114 years. He lived there from about 1843 until his death. I thought that you might have an obituary of him in your files and such might be of great help to me. (We couldn't find anything, so I thought we'd publish this letter and perhaps some of you readers could contact him). He reared two boys, Joseph B. Hancock, my great grandfather, and his brother, John B. Hancock, from the time that they were small boys until they married and left to serve in the Alabama Cavalry, CSA. They grew up there. My Joseph B. Hancock married Nancy Ann Rutherford about 1861, probably there."

Last month we received clippings from the newspaper in San Antonio, Texas, concerning the marriage of Miss Grace Marshall and George Maynard Green, and especially an heirloom quilt.

Miss Marshall is the granddaughter of former residents of Booneville, Mr. and Mrs. John Warren Marshall, also the great granddaughter of Mrs. Adelia Kendrick Marshall.

"In the early nineteenth century, the quilt was made by an aunt of Dr. Robert Thomas Marshall to be used on the night of his marriage to Cynthia Ann Hamilton in 1835 at Rockbridge, Va. The quilt remained with them until their son, Robert Edward Marshall, married Adelia Olivia Kendrick, Ripley, Miss., in 1878. Following tradition the quilt was passed on to their elder son, John Warren Kendrick Marshall in 1916 when he married Grace Mary Cochran, Booneville, Miss.

In 1939 it was again handed down, this time to James Warren Marshall, their first son, when he married Eva Mildred Widgery, Memphis. Since there was no male heir, the quilt was presented to their only child, Grace Allene. The quilt took the first premium at the State Fair in 1879 at Aberdeen, Miss., and in 1904 was awarded the blue ribbon at the St. Louis, Mo. Exposition, the first World's Fair to be held in this country."

The chrysanthemums are at their height of beauty now ... I especially admire those at the Jim Alexander home, sorta cream colored and yellow.

We are happy at the Aletha Lodge that my folks, Mr. and Mrs. E. C. Long, have returned from Maggie Valley, N. C., following a season there at their motel. They've had 14 years of experience in caring for elderly loved ones and we're all glad they're back.

Till next week,
Helen

Named Crew Leader For 1964 Census Of Agriculture

Horace Massey of Marietta, Miss., has been named a crew leader for the 1964 Census of Agriculture, Thomas W. McWhirter, director of the regional office of the U. S. Bureau of the Census at Atlanta, announced today. The new crew leader is one of about 1,825 persons throughout the U. S. to receive this appointment.

The new crew leader will supervise a team of census enumerators who will visit all farms and ranches in Prentiss County to collect official census questionnaires from farm operators. Enumeration of all farms in the county will take place in November and early December.

The census will be taken in the following way: Shortly after Nov. 5, the Bureau of the Census, an agency of the U. S. Department of Commerce, will mail census questionnaires to all rural boxholders. Those required to fill out the forms should do so and hold the questionnaires until a census enumerator comes to collect them. At that time the enumerator will help answer any questions that may have proved troublesome.

The crew leader is a key person in conducting a Census of Agriculture. He recruits and trains the enumerators, schedules their work, reviews the accuracy of completed forms, and conducts difficult interviews.

The Census of Agriculture is taken every five years in years ending in "4" and "9" to gather information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventories, and information on farm equipment and improvements and income and some production expenditures.

The information will be published starting in 1965 for counties, States, and the nation.

Mrs. Eliza Michael Celebrates 90th Birthday

One of life's happiest and most fulfilling experiences for Mrs. Eliza Michael, was the celebration of her 90th birthday at her home in the Dry Creek Community on Sunday, October 18. Receiving a heart-warming welcome, more than a hundred relatives and friends were present as a testimonial of appreciation, eloquently expressed with gifts, good wishes and congratulations.

"Aunt Eliza", as she is lovingly known, has lived in this section her entire life. With fidelity, energy, and courage and a spirit to uplift humanity, her name will echo down the corridors of time as a vibrant inspiration to her family and associates.

Possessing a mellow patience, and an advanced understanding she is a sage counselor to many. Looking at problems realistically, her judgment is sound and judicial, as she seeks to find what is right as her guiding principle.

"Aunt Eliza's" views are found to be forged in experience. They have weathered time and changes because they are always forward-looking. A forceful, intelligent and well-assured woman, she is able to make vital decisions for herself.

With her unbounded energy, she is still deeply involved in work for herself as well as for the benefit of others. To a remarkable degree she still retains her fresh spark of good humor. Her devotion to the duties of parenthood has contributed greatly to the affection her family has for her, as a veritable pillar of strength.

Attesting to her earnest Christian life as a member of the Methodist Church, she has an amazing knowledge of the Bible.

The beautifully adorned birthday cake was made by her granddaughter, Mrs. Milton Anderson. The crowning feature of the festive mood was the singing of the birthday song by her grandchildren. Dinner consisted of a wide variety of delicious food, served on the lawn picnic style, with the Rev. Huey Wood offering the invocation.

Tippah Hills were mured in greenery, alive with the magic of glowing colors and the arresting charm of autumn hues, as a background which was entrancingly close to nature.

All four of "Aunt Eliza's" children were present to honor their mother, Mrs. Frank Windham of Booneville, Mrs. James McCall of Dry Creek, Mr. Andrew Carpenter of McComb and Mrs. Ray Yates of Wellington, Kansas.

Truly, "Aunt Eliza" is distinctive in her years of service, and she is loved and honored by many.

Better Cotton Sought In Delta Research Work

STATE COLLEGE, Miss. — Research scientists are constantly at work seeking to improve cotton, Mississippi's major crop. A recent annual report from the Delta Branch Experiment Station at Stoneville lists some of the progress made in this direction during the past year.

MR. AND MRS. LARRY CROSBY

Crowe-Cosby Vows Exchanged

Miss Patsy Crowe and Larry Crosby exchanged their wedding vows at Tusculum Baptist Church on Sunday, October 25 at 3 p.m. Rev. Grady E. Guntharp performed the double ring ceremony.

The bride, given in marriage by her cousin, Jimmy Crowe, wore a white street length dress of lace over satin with scalloped neckline and pointed sleeves.

The matron of honor was Rommie Gaye Wilemon. She wore a yellow

glandless seed stocks in nine rain belt cottons has been completed. Selections of desirable types are being made and placed in the regional collection. Elimination of the pigment glands will improve the quality of cottonseed oil and the feeding value of meal.

A number of smooth leaf lines possessing extra fiber strength and good growing characteristics were evaluated for yield and fiber properties. Three of these lines are being increased for further evaluation.

Twenty rain belt cotton varieties were screened for impermeable seed coats. Plants from two varieties produced seed that were high in germination percentage after weathering in the field for five months.

In a seed study, cotton seed were divided into six weight classes and it was found that stands improved as the weight of the seed increased.

A large collection of varieties and lines is maintained at the Delta Station for use in the cotton improvement program. Squares from 525 lines were supplied to USDA Boll Weevil Research Laboratory at State College for bioassay. Fifty-four Upland stocks and 53 Asiatic stocks were added to the Stoneville collection during the year and seed stocks from 468 lines were furnished to meet requests.

Dr. Walter Porter, superintendent of the Delta Branch Station, has summarized the year's work at the station. His report, which covers all phases of crop and livestock research, is published in the October issue of Mississippi Farm Research, available on request from the Experiment Station at State College or the Delta Station at Stoneville.

Mrs. Rebecca Whitley Receives Award

Mrs. Rebecca P. Whitley recently received a cash award for sustained superior performance. Presenting the award was Captain Clyde A. Williams, Commanding Officer of Naval Air Maintenance Training Group. Mrs. Whitley began her federal service in 1960 at the Naval Electronics Supply Office, Great Lakes, Ill., transferring to NAM-TRAGRU Headquarters, NAS, Memphis in 1962.

Rebecca is an inspiration to all who know her; born in Booneville, Mississippi, she contracted polio at the age of 8; this only slowed the young lady for a year. She returned to complete her education and was sponsored by the Corinth, Miss., Rehabilitation Center to attend the Northeast Miss. Jr. College.

In 1958, Rebecca entered into another phase of life. She met and married Jimmie Whitley, and soon became the mother of a fine son. They reside at 3868 Vagabond, Memphis, Tenn.

Rebecca serves as an excellent example to those who have a handicap. You can rise above your handicap with will and determination. She truly represents Sustained Superior Performance.

Rebecca is the daughter of Mr. and Mrs. Homer Parvin of Route 2, Rienzi, Miss.

CHAMPION TREE FARM STATE

Mississippi is still the nation's Champion Tree Farm State for the eighth consecutive year, with a total of more than 3,370 tree farms. These forests provide the raw materials from which Mississippi industries manufacture a wide variety of products for sale over the world.

Immediately following the wedding, a reception was held at the church.

Mrs. R. B. Burns presided at the bride's register.

The couple will make their home in Booneville, at 213 West Church Street.

VA Answers Vets Questions

Q.—My husband and I are receiving pension for two children of a deceased veteran who are living with us. Will the pension continue if we adopt the children?

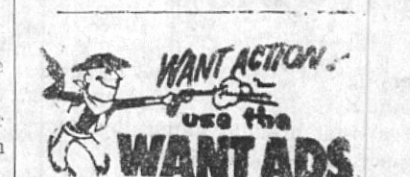

A.—Yes.

Q.—Is a peacetime veteran protected by re-employment rights?

A.—Yes, if he left other than a temporary job to enter service and if this service did not exceed four years. Usually he must apply to his former employer within 90 days after separation from active service. However, reservists and National Guardsmen who perform service of from three to six months must apply within 31 days of their release from active duty.

Q.—A principal beneficiary under a National Service Life Insurance policy elected to take the proceeds on a monthly installment plan, even though a lump sum settlement was available. He died before receiving all of the installments. Who receives the unpaid portion of the policy, the contingent beneficiary?

Q.—The remaining installments would not be paid to the contingent beneficiary. Where the principal beneficiary has the option of a lump sum payment and survives the insured, the rights of the contingent beneficiary are wiped out. The commuted value of the unpaid installments would be paid to the estate of the principal beneficiary.

Remember Our Veterans

A single day is all too short a time to properly honor the members of our armed forces for their noble defense of our country.

Yet, when a special day is set aside, we should make every effort to show our appreciation.

You are asked to support the Veterans by observing Veterans Day on Wednesday, November 11th. You are invited to attend Open House from 11 o'clock until 2 o'clock of the George Robert Mitchell Post, Veterans of Foreign Wars, Post No. 4877, at the Post home, north of Booneville.

You are also asked to "Honor the Dead by

Helping the Living." The Buddy Poppy makes it possible to establish State Home and Hospitals and all Buddy Poppies are assembled by Veterans in V. A. State Homes and Hospitals. The minimum cost is 25 cents and they will be on sale Saturday, November 7th. When you buy a poppy, why not also take time to say a kind word to the ones selling them?

Let us dedicate ourselves anew to day-in-day-out devotion to the ideals of freedom for which they fought so bravely and steadfastly to maintain. Let us resolve that the principles for which they fought shall forever be preserved and cherished.

Tennessee Prepares For Hood's Invasion

By LON K. SAVAGE

The state of Tennessee became a beehive of military activity 100 years ago this week as the Federal army prepared for a new campaign — an invasion of the state by Confederate Gen. John B. Hood.

For on October 26, Hood and his 35,000 veterans—who just days before had been in Georgia—suddenly appeared at Decatur in north-central Alabama. Five days later, they were at Tusculum, in north-west Alabama, busily crossing the Tennessee River to Florence, Ala., whence they could turn northward into Tennessee.

At the same time, Gen. Nathan Bedford Forrest, perhaps the Confederacy's greatest cavalry leader, was swooping in from the West toward Florence, ready to join Hood in his invasion of Tennessee. On the way, Forrest paused long

enough to capture two Federal gunboats and five transports — a feat that brought admiration from North and South alike.

It was becoming clear that Hood and Forrest meant business on this new campaign.

Sherman's Position

Back in northwest Georgia, Federal Gen. William Tecumseh Sherman still refused to give chase to Hood. Sherman believed—and time would prove him right—that Hood and Forrest could be handled by George H. Thomas, the "Rock of Chickamauga," who had been in Tennessee since early October.

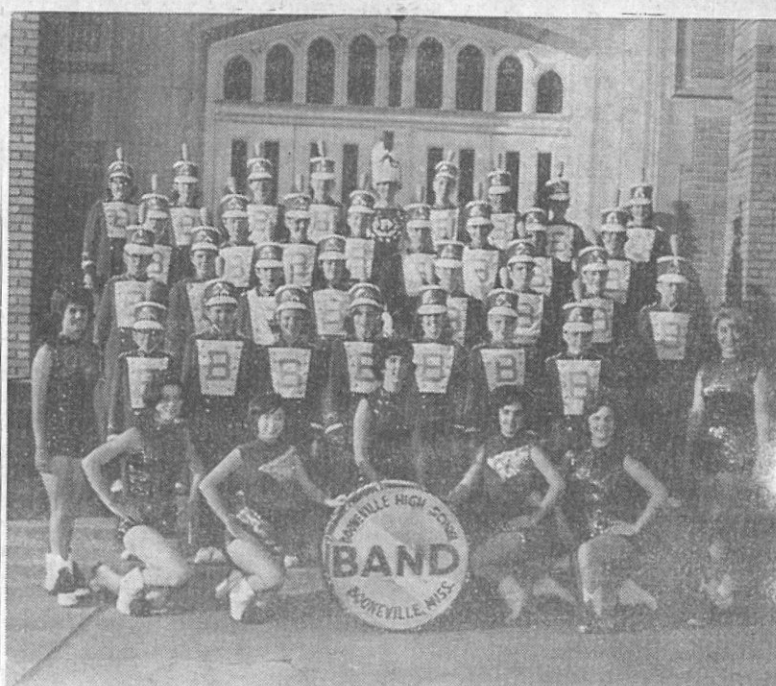

Sherman's heart was set on a "March to the Sea" across Georgia, to leave the state in ruin and to wipe out its ability to produce food or manufactured goods for the Confederacy.

Thomas Reinforced But just in case, Sherman decided to send Thomas reinforcements. A corps under Gen. David S. Stanley was sent into Tennessee. After it came 12,000 crack troops under Gen. J. M. Schofield. Gen. A. J. Smith, who had been operating in Missouri with two divisions, was sent into Tennessee to help.

Beyond that, Thomas had about 20,000 men at Nashville plus garrisons at Chattanooga, Bridgeport, Stevenson, Decatur, Murfreesboro, and Florence. All told, there soon would be about 70,000 Federals in Tennessee to fight off Hood's 35,000 and Forrest's 6,000 — and still more Federals were being drafted from the Midwest.

Up near Richmond, Va., Gen. Ulysses S. Grant—the man who commanded all the Union armies—was in close touch with the situation in Tennessee. After all arrangements had been made, he added up the Federal strength and was satisfied.

On November 2, Grant telegraphed Sherman in Georgia, saying he believed Thomas now could handle Forrest and Hood. Sherman, Grant said, could pursue his

Public Relations Notebook

By Neil Woodruff, Asst. Professor of Journalism, MSCW

Media which is used as public relations tools quite often find that they too have a constant and sometimes difficult job in order to insure a proper image of their organization before the public. Media which falls into this classification includes newspapers, radio, television, magazines and many others. Larger newspapers and television stations are today placing a great deal of emphasis upon this aspect of their operation.

Mr. Woodruff

Media which is trying to perform objectively and fairly in any community is constantly conscious of their image as reflected to the public. And most will go to great lengths to correct or prevent a bad impression. Media today is considered pretty much in the monopoly category. One-ownership of

own plan to devastate Georgia. Sherman could march through Georgia while Hood marched through Tennessee.

Next Week: Lincoln Re-elected.

two or more media within one city is fairly common. But the door is always open for competition. The biggest drawback to the establishment of new media is a simple case of economics. It takes a fortune to make the move.

Because of the monopolistic or one-ownership trend of media, it becomes much more important, at least theoretically, that media be more conscious of their image in their community due to the reason that they do have control of news and entertainment outlets. This is why conscientious ownership will constantly strive to promote and maintain a high degree of responsibility toward its public.

The editor of a newspaper or magazine or the manager of a radio or television station has a social responsibility which requires that he possess a conscience, that he has the necessary authority to maintain high standards in presentations through his media and that he be allowed to hold the power, in his own right, of serving as a trustee of the public interest. The right to be in error must be included in the rights and responsibilities of free public presentations.

Sears retail stores are expected to spend more than seventy million dollars on newspaper advertisements during the current year. This represents a gain of five mil-

lion dollars over last year. Sears, the largest and most successful retail store in the world, has increased its newspaper advertising budget every year since World War II. The newspaper advertising budget of the Sears retail stores has doubled during the past 10 years.

Sears has a good reason for investing increasingly huge sums in newspaper advertising. Profits of the company have increased to correspond with each expansion. The experience of Sears with newspaper advertising is not unique. Retail stores throughout the United States have followed a similar pattern with success. The pattern is a simple one whether it is used by Sears or a small independent clothing store — the use of the local newspaper to describe in detail a large variety of goods which consumers are interested in buying at a particular time.

The reason why other retailers may follow the practice of Sears with confidence is because Sears, more than any other store in the world, is in a position to carefully check the results of its advertising investment. Not only is this check made on sales in local stores, but also with undisputed accuracy on the results of mail order advertisements.

Sears has little or no advantage over the locally owned independent stores in terms of price and service. Where it gains dominance in a market is through consistent use of the dominant retail advertising

NUTRITION SENSE AND NONSENSE

Almost everyone would like to be healthier, more energetic, or better looking than he thinks himself to be.

Almost everyone, too, realizes that the food he eats has something to do with his health. Many people have questions about this relationship between diet and health. Are modern foods not as

good for us as those people used to eat? Are our foods worthless because they were grown on certain soils or because much of the value was removed in processing? Do we need to supplement our diets in some way to be sure we are well fed? Is there some new special food that will reduce quickly without hunger? Is there some special diet plan that will be good for any ailment we have? Do some foods even contain poison?

There is a great deal being written today about nutrition which may not be dependable because its purpose is sales promotion instead of education. Many popular books on diet contain a little nutrition

sense, well mixed with a lot of nutrition nonsense. How can you tell when you are being misled by exaggerated claims or half-truths?

I would suggest that you check claims with reliable sources of information: your local Health Department, this Extension Service or your local physician.

It is natural to want relief from age and ailments, preferably without effort, and an appeal to this very ordinary human desire has often been extremely profitable, whether or not accompanying claims were well founded. New food fads crop up continually and their supporters devise new ways to take advantage of us. Our only protection is our own intelligent skepticism and resource to reliable sources of information.

Home demonstration members who are planning a new utility room really ought to enroll now in the Home Workshop Contest. Call the home agent's office for particulars. Deadline is Dec. 1.

From nutrition to just plain food (however, not so plain, at that)—Here is a recipe Mrs. Dewey Wallis of Jumptown sent in. She says it is delicious, and it surely sounds so.

Pineapple Cake
1 box yellow cake mix
4 whole eggs
1 cup water
½ cup Wesson Oil
Mix and bake at 350 degrees in two 9 or 10 inch layers. When done and removed from pan, split each layer, making four. Let cool.

Filling
2 cups sugar
3 whole eggs
1 No. 2 can crushed pineapple
2 tbs. flour
1 stick margarine

Mix and cook until thick. Let cool and spread between layers and on top and sides.

Filling variation: Sprinkle coconut on top and sides of cake after spreading on pineapple filling—or else use a can of pineapple-coconut mix instead of plain pineapple.

For those aluminum pans turned gray and discolored: Add from 1 teaspoon to 2 tablespoons of cream of tartar to one quart of water and boil.

The Home Demonstration Council cook books have been completely sold out. An order for additional copies has been made and should arrive before long. See a home demonstration member for your supply.

Mrs. Whisenant opened the program by giving information on The Cooperative Program. The Prayer Calendar was read by Mrs. Theota Barnett. Prayer for the missionaries was led by Miss Jessie Pressley.

Those taking part on the program were Sue Cole, Eloise Kendrick, Esther Bryant, Louise Winsett, Jessie Pressley, Mary Crabb and Hallie Rowan. The program was closed with prayer.

The hostess served a delicious cold plate with coffee and punch.

Franktown Mission News Report

To our many friends over North Mississippi, Greetings.

After working together for more than a year in perfect harmony, success, and love, we make this statement jointly: Brother Woodall having a call to a full-time church, and the opportunity to live in the house with his aged mother at Jamestown, La., and share the responsibilities with his mother, who is 76 years of age, and believing this is the Lord's call, even though he is needed at the Mission, we bow to the Lord's will and pray jointly for the continued success in all adventures where the Lord leads.

of 1962. No other state showed such a large jump. Ranking second was Louisiana, with 10.8 per cent. The nation as a whole gained 5.6 per cent. And Mississippi ranked 10th in gain for the calendar year 1963 (based upon preliminary estimates) over the calendar year 1962, jumping from \$2,888,000,000 in 1962 to an estimated \$3,096,000,000 in 1963. This was a gain of 7.2 per cent, compared to a gain of 5.5 per cent for the nation as a whole.

REVENGE PLANNED—

Powder-Puff Football Sat. Night

After two weeks of practice, the girls of Booneville High School will don their football equipment for the second annual girls gridiron battle Saturday night at 7 o'clock at the Northeast stadium. Defending their title of "Powder-Puff Champions," the senior girls are challenging grades eight through eleven.

Highlighting the game will be the presentation of an all-male Homecoming Court at halftime. David Moore, queen, will be crowned by Gold co-captain, Judy White. Sharing the spotlight with David will be Terry Cartwright, senior maid; Danny McCord, junior maid; Fred-

die Tollison, sophomore maid; Bill Caver, freshman maid, and Joe Rowland, eighth grade maid. Escorting the royal court will be the football girls. After the homecoming exercises, an all-male band and majorette line will perform.

Kenneth Shackelford, one of the Blue team coaches said, "We're going to team 'em up and get revenge from last year."

Richard Walden, one of the Gold team coaches, said, "Since we have a lot of returning players, I feel that the experience will help us win by a greater margin than last year."

Admission is only 50c for students and 75c for adults.

Reverend W. L. Wallace, Jr., Gives Inspiring Talk On The World's Greatest Prayers

The Thursday Study Club met Thursday afternoon with Mrs. Harrell Barnett hostess, in her home on Fourth Street. This meeting was truly spiritually rewarding to the membership.

With an eloquent introduction, Mrs. Joe N. Walden presented the speaker, the Reverend Mr. William L. Wallace, Jr., pastor of the First Methodist Church, who gave a masterful interpretation of his subject, "The World's Greatest Prayers."

As an introductory feature, Bro. Wallace gave two examples, "The Lord's Prayer"—the model prayer—and the prayer of "St. Francis of Assisi," citing these prayers contained all the basic elements of the various divisions of prayer. He explained that all great prayers out of every generation have contained certain elements in common, such as adoration; he illustrated this

from the 6th Chapter of Isaiah. "Our response to him is called by a name reserved for Him alone, adoration. It reaffirms that He comes first. This type of prayer nourishes a vivid sense of God's presence, and such admiration is fundamental to our nature. Worship through prayer becomes a living adoration of One worthy of our love," the speaker said.

"Thanksgiving," another element brought out, was defined as gratitude, that is the memory of the heart. Expressing thanks is one of the greatest ways to worship. "Christians stress Thanksgiving for the redemption of the world through Jesus Christ, but we thank God for other things. This type increases our joy, makes us more sensitive to the good things of life, enhances our appreciation and makes us more modest and gentle.

HOMECOMING COURT—At the BHS girls' football game Saturday night, the following will be presented at half-time activities: top, Bill Caver, freshman maid; left to right, Joe Rowland, eighth grade maid; Terry Cartwright, senior maid; David Moore, queen; Freddie Tollison, sophomore maid, and Danny McCord, junior maid. You are invited to attend the game at the Northeast Mississippi Junior College stadium at 7 o'clock for a full evening's entertainment.

"The prime motivation for it is to yield to God what is due Him for His own sake," he said.

Discussing "Confession," he said, "Everybody needs to feel that he can unburden himself in the presence of God, and a prayer of confession has healing power."

An important element, "Intercession" is where one prays for others, intercedes for someone else. A great test of the sincerity of prayers for intercession, it is thought, is one's willingness to do something about the things for which he prays.

Through "Petition," all of God's children are free to express their deepest desires to Him.

He closed with the element of "Dedication," quoting from Isaiah. He said that the voice of God asked who will go with me and I said, "Here am I, send me."

The Bible teaches that the effectual fervent prayer of a righteous man availeth much. This comes from James, the brother of Jesus.

While enlarging the different basic elements of prayer, he said the psychologist William James says that it is natural for all people to pray. He added, however, that prayers should get beyond the level of instinct.

The speaker brought a freshness of understanding with his conceptions of prayer, through uniting the qualities of his personality with the depth of his insight, enlarging on the range of prayer, a fortifying experience in learning the lessons of submissiveness and humility and the means of meeting the needs of life through prayer. Through the significant aspects of his creative thoughts, the speaker brought an impress to his earnestness. With the

tone of his influence, the force of his feeling with ready fluency, he introduced each of the various conditions on a deep reaching subject.

This program will serve to enhance the Scriptural lessons and admonitions in worship and further inspire devotion in individual and family life. Life takes on a new dimension in living out moments under God, for God and with God. This is the real object of prayer.

Appreciation was expressed by the members for his spiritual uplifting message, one of the best in the club's history.

Before the program, Mrs. Barnett served a seasonal party plate.

Mrs. J. C. Stanley was welcomed as a guest of the club.

State President Speaks Out On PTA Gambling

Below is the text of a letter relative to gambling and fund raising in PTA work. The local PTA participates in some of these things in violation of their own rulings. A photo-static copy of this letter is on hand and we will be happy to show it to anyone interested. We feel that local citizens should know the facts. We are interested in the good morals of our community and though we have spoken out on these issues, we do so only in the interest of that which is right and good. Please read carefully the letter below. It was written to an official of a PTA in Corinth, Mississippi.

Mrs. Henry Dodd
Route No. 2
Michie, Tennessee

Dear Mrs. Dodd:

Your letter was mailed to me from the state office. I am enclosing our pamphlet entitled "Raising and Using PTA Funds." In the Manual for 1964-65 is the policy statement concerning any kind of game of chance. This direct quote on page 96 of the current Manual "Gambling, raffling or any form of entertainment that may be detrimental to character building should never be undertaken by a PTA."

Although this statement does not name cake walks or Bingo, certainly they would come under this policy. In the pamphlet I enclose page 7, "asks this question in standards for money raising projects. Does it create good will for the PTA, or could it result in censure? The effects of projects in creating good or ill will toward the PTA is worth serious consideration."

I hope this will be of some value to your group in coming to a satisfactory solution to this problem.

If at any time we can be of help to your group, feel free to call on us.

Most cordially yours,
Mrs. B. J. Chain

"Squaring the Circle," a play in three acts by Valentine Kataev, will be presented by the College Players December 3-4 at 8:00 p.m. in the Northeast Mississippi Junior College auditorium.

The play, directed by John Faulkner, chairman, Northeast Department of Speech, is produced by special arrangement with Samuel French, Inc., of New York.

The cast includes Judy Holt, Corinth, as Tonya; Richard Owen, New Albany, as Boris; Sandy Curlee, Ripley, as Ludmilla; Kenneth Smith, Booneville, as Emilian; Jerry Wil-

mon, Burnsville, as Vasya; Danny Tyson, Corinth, as Abram; Albert Tidwell, Booneville, as Robinovitch; Howard Knight, Booneville, as Sasha; Gloria Vandiver, Baldwyn; Bassova; Gary Spencer, Walnut, as Nikonov; Barbara Henderson of Corinth as Martova; and Johnnie Wilbanks, Ripley, as Stchepkina.

"Squaring the Circle" is a hilarious comedy of young love under the trying conditions of extreme housing shortage in the new Russia. The serious-minded Vasya and his more frivolous friend, Abram, share a dilapidated room loaned to

Northeast Home Economics Students Attend Convention

Mrs. Guy Dicus, Chairman, Northeast Department of Home Economics, and 22 Home Economics majors are attending the annual Home Economics Convention being held this week (Nov. 6-7) in Jackson.

Mrs. Dicus who will speak at the luncheon on Friday has chosen the subject, "The Challenge of the Home Economist in the Junior College," in keeping with the overall theme of the convention, "Leadership Challenge."

Students attending the convention are Jan Rainey, Corinth; Linda Strachan, Kossuth; Frances Smith, Booneville; Sue McCoy, Booneville; Linda Brand, Corinth; Freida Crumm, Corinth; Lou Ann Dick, Rienzi; Evelyn Settle, Rienzi; Brenda Martindale, Walnut; Patsy Rinehart, Booneville; Peggy Downs, Booneville; Carole Glover, Iuka; Sarah Farrar, Marietta; Marie Gann, New Site; Carolyn Gardner, Booneville; Carolyn Huddleston, Booneville; Ruth Papasan, Myrtle; Susie Hopper, Tiplersville; Jo Ann Bond, New Albany; Marilyn Kilough, Corinth; Maye Buchanan, Walnut, and Margaret Quinn, Walnut.

them by the poet, Tonkonogov. Through allegedly "confirmed bachelors" both boys marry on the same day, unknown to each other. The room for two must now serve four, and to complicate the tragedy, the poet returns unexpectedly, too. Vasya's wife is a kittenish home-girl. Both are pretty in different ways. After the initial mix-ups and hysterics are cleared up, the two couples and their poetic headache settle down. A chalk-line across the floor, and presto! the room is turned into two "apartments."

When the second act opens, each "apartment" is a glaring reflection of its mistress. Ludmilla's side is filled with cushions, pictures, canaries and other capitalist comforts; and it is fragrant with hot cutlets. Tonya's half is Spartanly barren and devoid of food, cushions — and the kittenish Ludmilla. Ludmilla's husband revolts against the doo-dads and frivolity of his wife and looks yearningly into the Spartan half and at Tonya. In short, it becomes clear that all their hearts are on the wrong side of the chalkline. The highly-respected district organizer of the Bolshevik party, Novikov, surprises each of the boys, in turn, in the arms of the other boy's wife. He assumes that these are the married couples, thus further confusing the confusion.

In the final act the problem is adjusted. The poet, bewailing the failure of his "domestic paradise," is silenced. The house political leader, young Robinovitch, who blamed it all on the "bourgeois" canaries and cushions, is put in his place. The wise old Novikov shows them all that the tragedy is just

STATE'S 1965 COTTON ALLOTMENT SET

Mississippi farmers have been allotted 1,551,570 acres on which to grow their 1965 upland cotton crop under the national cotton program, Orville E. Bostick, Chairman of the Mississippi Agricultural Stabilization and Conservation State Committee, announced today. This represents the State's share of the 16-million-acre national allotment and of the 200,000-acre national acreage reserve announced by the Department of Agriculture on October 13.

At the same time, marketing quotas were proclaimed for the 1965 cotton crop, and December 15, 1964, was set as the date for a national referendum on the quotas.

The chairman explained that the comic—all that is needed is a couple of divorces and remarriages. The switch is happily accomplished!

State allotment will be apportioned among counties and the county allotments among farms according to provisions of the law. Notices of farm acreage allotments will be mailed to operators of cotton farms prior to the referendum.

Cotton growers voting in the December 15 referendum will determine whether marketing quotas will be operative for the 1965 crop of upland cotton. Approval by at least two-thirds of those voting is necessary in order to put the quotas into effect.

Mr. Bostick pointed out that the domestic allotment program, authorized by legislation enacted last spring, will be in effect for the 1965 upland cotton crop if marketing quotas are approved in the December 15 referendum. Under this program, a cotton farmer has the option of planting within his farm's effective allotment or the domestic allotment. (The effective allotment is the farm allotment after any release of reapportionment.) For those voluntarily reducing their acreage, growers may qualify for price support payments in addition to the regular price support loans. The domestic allotment program was in effect for the 1964 upland cotton crop.

The referendum this year, therefore, presents these alternatives to voters:

If marketing quotas are approved, marketing penalties will apply to any excess cotton of growers who exceed their farm's effective allotments, price support (at a level within 65 to 90 per cent of parity) will be available to growers who do not exceed their effective allotments, and additional price support payments will be made to growers who voluntarily reduce their cotton acreage to the farm's domestic allotment. (In general, the farm marketing quota—which a farmer may market free of penalty—is the production from the farm's effective acreage allotment.)

If quotas are not approved, the regular allotment program will remain in effect, and price support at 50 per cent of parity will be available to growers who do not exceed their effective allotments. Without quotas, the domestic allotment program providing additional price support payments would not be in effect.

Marketing quotas for the 1964 crop of upland cotton were approved by 94 per cent of the growers voting in a referendum in December 1963.

Secretary Calls Farmer "Most Efficient Producer"

The farmer does not deserve the surplus label he often is tarried with, Secretary of Agriculture Orville L. Freeman said recently. He deserves rather the label of America's most efficient and successful producer — providing life's basic necessities in abundance at low cost.

Besides keeping our own domestic pipelines full of food, the Secretary pointed out, the American farmer provides \$700 million worth of food for distribution to children and the needy in this country. He produces about \$4.5 billion worth of food for dollar export as well as \$1.6 billion worth of farm commodities to go overseas under Food for Peace.

And even with all this, U. S. agriculture is still operating under wraps. The farmer could produce at least 25 per cent more than he is doing — if this produce were needed.

4-H drivers

aim to curb teen-age accidents

Motor vehicle accidents are the leading cause of death among persons under 25. Young drivers have the highest accident and death rate of any other driver age group. These appalling statistics are the concern of 4-H boys and girls enrolled in the National 4-H Automotive program conducted by the Cooperative Extension Service.

The Firestone Tire & Rubber Company sponsors the program, providing awards, educational literature and other aids. Also lending support are the National 4-H Service Committee, the Automotive Safety Foundation and the National Safety Council.

Local club leaders working with the young people urge them to complete projects and re-enroll to obtain the benefits of the three-unit course. The first two units are designed for the pre-driver. The program attempts to develop acceptable driving attitudes and to teach fundamentals of car maintenance.

Firestone offers awards for county, state and national winners. A traveling trophy goes to the county having the most outstanding automotive project in the state.

This year's state winner will attend the National 4-H Club Congress, and will be eligible for a \$500 college scholarship.

'66 Seniors Should Register Now For Merit Scholarship

All 1966 graduates of Prentiss County Schools who wish to enter the 1965-66 National Merit Scholarship competition should register now at the school office, Mrs. W. M. Murphy, Superintendent, announced today.

The National Merit Scholarship Qualifying Test will be given at the Northeast Mississippi Junior College at 9 a.m., Tuesday, March 9 (or Saturday, March 13), 1965.

Students who will complete secondary school in 1966 and enter college in the same calendar year are eligible for scholarship consideration in the 1965-66 Merit Program. Merit Scholarships are four-year awards. The extent of a winner's financial need determines the amount of his stipend.

To receive consideration, the student must take the test when it is offered in his school. Participating students pay a \$1 fee. If the test is administered on a Saturday, the school may charge an additional fee up to \$1 for special administrative costs for testing on a non-school day. Any interested student who is unable to pay the fee should consult your local school principal.

A student's performance on the qualifying test also provides him with information that is useful in career planning or in selecting courses in high school and college, Mrs. Murphy stated.

After the test, each participating student receives a "Handbook for Merit Program Participants," prepared by Science Research Associates, the testing agency. The Handbook is designed to help students understand their individual test re-

Mrs. Clyde Jones, Chairman of the Prentiss County Chapter of the Mississippi Easter Seal Society, served as a member of the panel on fund raising at the state-wide meeting of the Mississippi Easter Seal Society held in Jackson on October 17. From left to right, are Mr. Sumner G. Whittier, Executive Director of the National Society for Crippled Children and Adults, Chicago; Mrs. Clyde Jones, Chairman of the Prentiss County Chapter of Mississippi Easter Seal Society, Booneville, and Mr. J. I. Rankin, Executive Director, Mississippi Easter Seal Society, Jackson.

Mrs. Clyde Jones Serves On Panel Of Mississippi Easter Seal Society Meeting

Mrs. Clyde Jones served as one of the panelists on fund raising at the state-wide meeting of the Easter Seal Society held in Jackson on October 17. She listed the different activities that they used during the 1964 campaign which enabled Prentiss County to raise nearly 6 cents per capita, which was the second highest in the state.

The Business & Professional Women's Club of Booneville have sponsored the Easter Seal campaigns during the past five years. The club has done an outstanding job in raising funds and helping the needy crippled children and adults of Prentiss County. This program retained more of the funds for local use than any other health agency.

Mrs. Dewey Martin Hostess To Senior Girl Scouts

Mrs. Dewey Martin welcomed Linda's Scout Troop on Tuesday night, November 3, when Susan Barron attended her first Scout meeting on her fifteenth birthday. Fifteen is the required age to become a Senior Scout.

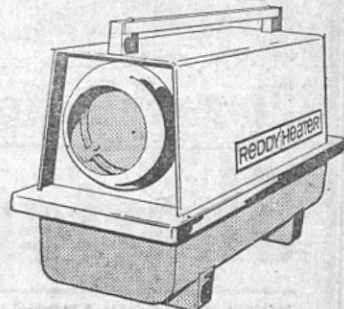

Each new Scout must learn the Girl Scout Promise and the Laws that Scouts try to live by. Marsha Elder, who had charge of the program, guided the group through a hilarious presentation of the laws in the form of charades for Susan. They ended in seriously considering each law and then took the law "A Girl Scout Is Thrifty" for special consideration. Here, they

Things That Matter

Not what we're receiving, but our giving
Of time, talents, and means as we're living.
Not possessions of fine houses, cars, or lands,
But a desire to use in service our minds, hearts, and hands.
Laying up for ourselves treasures in heaven above,
Being thoughtful, kind and an example to those we love;
Trying to live a little better each day,
Being a friend as we work, worship or play.
Realizing how short is life and so quickly it may end,
That the way we live will determine where we will spend.

had an interesting discussion on: Should a Teen-ager have a charge account? Answers from a cross-section of teen-agers all over the U.S.A. were studied and a majority seemed to feel that it is a healthier situation if a teen-ager waits until she has her own job. Although, there are exceptions to every rule. Some also felt that a charge account is never good, and that one should have the money in her pocket before she makes any purchase. All agreed that a charge account should not be abused.

Mrs. Martin served a delicious array of refreshments consisting of cokes, potato chips and fritos with dip, chocolate brownies and cookies.

The troop then settled back to watch a film on the Homecoming Football Parade in which many of them were featured and in which three of them were especially spotlighted in that they were maids in the Homecoming Court. The close-ups of senior maid, Ann Brown, junior maid, Linda Martin, and sophomore maid, Ann Gullett, were

run and re-run and thoroughly admired. Martha Kay Presley's portrayal of a football player, helmet and all, was very amusing. Sandra Pounds, Charlotte Oakley and Beverly Lowrey were the troop's contribution to majorettes. Judy White, who has since joined the majorette line, Ebbie Finch, and Gloria Rutherford were marching in the colorful band. Ann Brown is a regular in the band also. Donna Cartwright and Sadie Price of the troop were performing with the cheerleaders.

The close up views of two handsome school figures, Drum Major Charles Young and Student Council President, Bill Murphy brought the appropriate gasps of admiration from the group of girls.

Mrs. Martin's hospitality, Marsha's program and the film all made for a good evening. The troop expressed thanks to Mrs. Martin for having them.

Those who attended the meeting were Susan Barron, Ann Brown, Marsha Elder, Cathy Green, Ann Gullett, Linda Martin, Charlotte

Oakley, Shirley Oakley, Martha Rutherford, Judy White, Mrs. Presley, Annabel Prichard, Gloria White, Mrs. Martin and Genia Toy

Miss Gladys Marjorie Barnes And Kenneth George Halm Exchange Vows In Wisconsin

A wedding at St. George Catholic Church in Kenosha, Wisconsin, united Miss Gladys Marjorie Barnes and Kenneth George Halm last Saturday.

Rev. John Halm, uncle of the bridegroom, officiated at 11 a.m. for the daughter of Mr. and Mrs. James Barnes, 5603 34th Ave., Kenosha, Wis., and the son of Mr. and Mrs. Edward Halm, 1806 Washington Road, Kenosha, Wis.

The bride wore a satin sheath gown with a portrait neckline, long sleeves and a chapel train. A satin ring held her three-tiered veil. Her

flowers were white feathered carnations, snowdrift mums and a white orchid.

Attending the bride were Miss Diane Schroeder, maid of honor; Mrs. Gladys Carr, sister of the bride, and Miss Kathy Halm, sister of the bridegroom, bridesmaids. Mary Kay Schroeder was junior bridesmaid, and Brenda Halm and Shari Carr were flower girls.

All aides wore orchid chiffon floor length dresses with long sleeves, controlled skirts and wateau trains. Open ring headpieces held blusher veils. Each carried orchid pom-poms with an orchid center. The flower girls held baskets of feathered white carnations and orchid pom-poms.

Joseph Werwie was best man; Michael Schroeder and William Phalen, groomsmen; Patrick Knapp, Jr., and Dave Williams, ushers. Tommy Mahonske was ring bearer.

A reception for 350 guests was held at St. George Hall.

The bride is employed at Korf's, the bridegroom at American Motors. After a wedding trip to northern Wisconsin they will reside at 3820 18th Avenue in Kenosha, Wisconsin.

Mrs. Halm will be remembered here as the granddaughter of the late Mr. and Mrs. Andrew Horn and Mrs. Margie Barnes and the late Mr. Daniel Barnes, all of Prentiss County.

COUNTY AGENT NOTES

By W. TAYLOR SMITH, County Agent

WINTERING DAIRY COWS

Dairymen need around 30 bales of good hay and four and a half tons of silage for each cow. This is based on feeding 10 pounds of hay and 60 pounds of silage a day.

If dairymen have only hay, they will need two and a fourth tons per cow; if he has only silage, he needs six and a half tons.

Generally dairy cows should be fed from stored feed November 1 until April 1, a 150-day feeding period.

Ever wonder why cows in the South do not generally average as high production as those in other sections of the Nation? The answer in many cases is "Hollow Belly!" Most Southern dairy cows just do not get enough feed to produce milk at the most profitable levels.

Grain mixtures should be fed according to individual cow production. To do this, records are needed.

CENSUS OF AGRICULTURE

Don't forget the Agricultural Census. Be sure to fill out your questionnaire as accurately as possible.

sible. All information on the Census questionnaire is confidential.

PESTICIDE SAFETY

Here are some safety rules for handling empty pesticide containers. First of all, an empty container is never completely empty! Some of the toxicant always sticks to the container. "Empty" containers can be real safety hazards.

Handle all "empty" containers as carefully as those that are full. Under no circumstances should a container be reused.

Completely empty the contents and bury any unused chemical at least 18 inches deep in an isolated area away from water supplies.

For glass containers, break and bury pieces at least 18 inches deep. For fiber and paper containers, burn the empty container completely and be sure to stay well away from the smoke.

For metal containers, clean with recommended methods; punch holes in the container; crush and bury at least 18 inches deep in an isolated area.

ORCHARD PLANTING

Fruit tree planting time is here again. The best time to plant peach, apple, pear and pecan trees is November through January. Early

Services For Mrs. Lee Burns Held Monday Morning

Funeral services for Mrs. Lee Burns of Booneville, Route 4 were conducted Monday morning at 11 a.m. in the chapel of McMillan Funeral Home with Bro. Holliday, Bro. Wilburn Sharp and Bro. Lige Cunningham officiating. Burial was in the Booneville Cemetery with McMillan Funeral Directors in charge.

Mrs. Burns passed away at 8:00 p.m. Saturday in the Northeast Mississippi Hospital following an illness of two years. She was a member of Fairview Baptist Church and 29 years of age.

She leaves her husband, Lee Burns of Booneville; her parents, Mr. and Mrs. J. C. Moore of Booneville; a son, Charles Edward Burns of Booneville; a brother, Billy Moore of Henderson, Texas, and a sister, Mrs. Opal McCoy, of Memphis, Tenn.

Services Held For Roger Q. Scott

Services for Roger Q. Scott of Pensacola, Fla., formerly of Baldwin, were held Sunday, October 25, in Pensacola. He was 70.

Mr. Scott formerly was a member of the executive board of Ole Miss, manager of the Mississippi Power Co., and, later, manager of Prentiss County Power Association for a number of years.

He moved 27 years ago to Pensacola where he was with Gulf Power Co. He was active in church work and was on the recreation board 20 years. He was a Methodist and Veteran of World War I. His parents were the late Mr. and Mrs. Sam Scott, of Baldwin, his father being city marshal for many years.

Mr. Scott leaves his wife, Mrs. Lucy Scott; two sons, Roger Q. Scott, Jr., of Pensacola and William Samuel Scott of Milton, Fla.; three daughters, Mrs. Frances Dale Harrell and Miss Nancy Scott of Pensacola, and Mrs. Lucy Crawford of Memphis; a sister, Miss Ruby Scott of Humboldt, Tenn.; and 10 grandchildren.

ELDER TOWNSEND TO PREACH AT MT. PLEASANT

Elder R. J. Townsend will fill his regular appointment at Mount Pleasant Church Sunday night, November 8 at 6:30. Everyone is invited.

winter planting is best so that soil will have a chance to settle around roots before growth starts in the spring.

Early planting also gives you a chance to get the best choice of varieties and sizes from the nursery.

We will be glad to give you a list of recommended varieties of fruit trees and instructions on planting.

THE NEWS FROM—
NEW SITE
By MRS. C. L. MCCREARY

Wedding bells have been ringing in our community the past week. On Friday night Connie McCreary and Jim McCoy were wed. Saturday night, Lena Mae Bailey and Ed Denson were married. We say congratulations to both couples.

Friends of Mr. Jim Moreland, who underwent surgery in the University Hospital at Jackson, Miss., Friday will be glad to know he is doing fine, and hopes to be home next week. Mrs. Jim Shelton, his granddaughter, has been with him since surgery. On Sunday, Mr. Shelton and Merle, Will Moreland and Bell Moody spent the day with him. If anyone would like to send a get-well card, his address is: Mr. Jim Moreland, University Hospital, Room 327, Jackson, Miss.

Specialist Locates In Booneville

Dr. William Hall Preston becomes Booneville's first specialist in obstetrics and gynecology as he opens offices at Anderson's Clinic and takes his place on the staff of Northeast Mississippi Hospital, to devote his training and surgical skills to this specialty.

Dr. Preston acquired a liberal arts education at Peabody College in Nashville and Baylor University in Waco, Texas, graduating from Baylor with the B.A. degree. Graduate and pre-med work at Peabody and Vanderbilt University preceded four years of medicine and an M.D. degree from the University of Tennessee.

In an interval of several months spent in Booneville, Dr. Preston was associated with Dr. Anderson at Anderson's Clinic. He then completed a year's internship at D. C. General Hospital, Washington, D. C., was again a short time in Booneville before accepting a three-year residency in obstetrics and gynecology at Vanderbilt University in Nashville, qualifying him for the Board of Obstetrics and Gynecology. Upon invitation of Dr. Robert Hingson, head of the Department of Anesthesiology, Western Reserve University, Cleveland, Ohio, Dr. Preston spent the past several months in that medical center studying the application of new surgical anesthesia techniques in obstetrics.

Dr. Preston is the husband of the former Jane Anderson, daughter of Dr. and Mrs. W. H. Anderson.

B. & P. W. Club To Have Annual Fall Board Meeting

Mrs. Rubye E. Laird, Gulfport, president of the Mississippi Federation of Business and Professional Women's Clubs, has issued the official call to the annual fall board meeting to be held at Travel Inn in Laurel on November 7 and 8.

Plans have been completed for the program. General theme for the convocation is "Build Membership — Plan Programs — Work Together." Registration will begin at 1:00 p.m., November 7, in the lobby with Mrs. Fedwa Rahaim of Laurel serving as chairman.

This meeting promises to be one of outstanding interest and it is expected that each club in the state will be represented.

Mrs. Laird urges all members of the Federation to attend this all important meeting of the organization and avail themselves an opportunity to participate in the activities and plans for the club year.

ON THE LOCAL SCENE

Rev. and Mrs. George Hammond of Memphis spent the week end with her mother, Mrs. Jewell Martin.

Mr. and Mrs. Ray Timbes spent the weekend with her parents, Mr. and Mrs. J. C. Wiley of Iuka.

Mr. and Mrs. Hubert McDaniel and Mr. and Mrs. Clyde Jones attended the Mississippi State-Alabama game at Jackson over the week end.

Mr. and Mrs. John Fraiser and Family. 32-tfc

SPORTSMEN'S CLUB TO MEET NOV. 16

The next Prentiss County Sportsmen's Club meeting will be held Monday night, Nov. 16, at Walden's Lake. This will be Ladies' Night and we always expect a large crowd on Ladies' Night.

We have a real good speaker for this meeting and we can expect a very down-to-earth constructive talk.

The hunting seasons are in full swing now, with the deer and duck seasons just around the corner. This is the time of year for sportsmen to dream and reflect on former hunts and experiences of days gone by and to plan for more exciting trips in the future.

When the Great Architect of the Universe molded the earth with His Divine Hand, He worked with a prejudiced eye when he came to shaping the land here in Prentiss County.

He gave everything the eye could appreciate in the form of landscape, such as hills, valleys, rolling plains and flatlands. In addition He streaked the area with numerous streams, so that we could have an abundance of water.

So, the next time you sportsmen get to dreaming and taking stock and to count your blessings, remember to say a prayer of thanksgiving for the land of plenty where the only thing lacking for the sportsman is the time to devote to his favorite sport of hunting and fishing.

Thank Him also for an area where there are squirrels fairly abundant, rabbits and quail plentiful, for game such as coon, mink, muskrats, beaver, fox, opossums over abundant and our deer herd on the increase from year to year.

And don't forget to thank Him for a far-sighted Game and Fish Commission which made all this possible with an assist from a sports-minded public and an All-Wise Creator.
