The first snow of the season brought shrieks of delight from the children as they, with the help of their parents, built numerous snowmen over the city. One of the most unique was the one at the home of Mrs. E. D. Maxwell, built by Martha Ann Hill, 9, and Randy Hill, 2, children of Mr. and Mrs. Harless Hill and Joe Eaton, 9, and Paul Eaton, 6, children of Mr. and Mrs. Hoyle Eaton. ## Special Election Feb. 2 On Bonds And First District JP

Qualified electors will go to the polls in all the precincts of the Prentiss County School District on Wednesday, February 2, in a special election to decide the question of issuing bonds of the school district in the amount of \$175,000.00 for making general repairs and purchasing equipment at the various attendance centers in the county school district.

Voters in the first supervisor's district of the county will also be voting for first district justice of the peace to fill the unexpired term of the late Baxter L. Anderson.

The Prentiss County Board of Supervisors called the special bond issue election after the Prentiss

County Board of Education had filed a resolution requesting the supervisors to issue and sell the bonds. This is in accordance with the law governing such issues.

Money from the bonds would be divided to use \$30,000 for making general repairs to existing buildings and purchasing equipment at the Booneville Attendance Center; and \$30,000 each for the attendance centers at Marietta, New Site and Jumptown; \$25,000 each at Thrasher and Wheeler; and \$5,000 at Hills Chapel.

There are nine candidates for the first district justice of the peace office. They are R. E. Bain, Mrs. Bobby Burress, Jr., O. R. Curtis,

Earl M. Dobbins, R. R. (Brown) Kennedy, Otha L. Maxwell, R. H. Sims, Woodrow Stennett, and D. D. Williams.

Circuit Clerk Roy Lowery said that voters must have their poll tax receipts for 1964 and 1965 and that they must bring their receipts with them to the polling place, since the 1965 poll tax may be paid up until the day before the election the records will not have been transferred to the poll books and copies of the 1965 receipts will not be available.

## Blue Devils To Meet Starkville

By TED RUBENSTEIN

Bouncing back from a 58-46 defeat at the hands of the Tupelo Golden Wave, Booneville's Blue Devils handled Jumptown with relative ease, 78-51. The Devils had their usual good night from the floor, hitting on 44% of all their shots. Most of their buckets were made from within ten feet of the goal.

For the Devils, Jerry Green led the scoring with 16, followed by Benny Stennett with 15. Terry Fraser and Bird Lindsey counted for 10 apiece, and Mark Lowery, who played only for two quarters, tallied 9. Davis scored 13 and Berryman 11 for the Cardinals.

Their game with New Albany having been postponed because of hazardous traveling conditions, the Booneville crew has only one encounter this week, that with Starkville, perennial contender for District I honors. The Devils will be set to avenge last year's overtime loss against the Yellowjackets at the local gym. Next week's action pits the BHS five against county champion New Site on February 1, and improving Kossuth on February 4, both home games.

## Lions Conference Is Success In Spite Of Weather Which Hampered Travel

The approximately 150 persons from throughout North Mississippi Lions Club District 30-A who braved inclement weather and hazardous driving conditions to attend the annual Mid-Winter conference here were rewarded with two fine talks in addition to the food and fellowship.

The Booneville Lions Club was host for the event held Saturday and Sunday, January 22, 23, at the Northeast Mississippi Junior College.

The Saturday night banquet speaker was M. C. Lewis, Jr., of Hot Springs, Ark., a director of Lions International, who spoke on "Living Your Beliefs." He was introduced by Dr. Lytle C. Fowler of Oxford, a past director of Lions International. Billy Bennett, Booneville club president, presided.

Mr. Lewis opened his talk by quoting a passage of scripture from Numbers, and told the group that throughout mankind symbols of various kinds have been in evidence.

"Our National flag is a symbol," Mr. Lewis said, "and as long as we display it we should keep ourselves aware of the ideals it represents, the sacrifices and hardships which were necessary to establish those ideals, and be willing to do our part in preserving them."

He said the same thing applies

to any organization to which we belong—we should be thoroughly acquainted with the principles of the organization and live them to the extent that a person will know what kind of organization it is by watching the daily lives of the people in it.

Mr. Lewis also told the group, "It is harder to live than to die. To die you have to do nothing, but it takes great effort to really live."

Speaker for the luncheon meeting Sunday was N. S. (Soggy) Sweat, Jr., of Corinth, circuit judge of the First Judicial District. He was introduced by George Owens of Pontotoc, deputy district governor.

Judge Sweat challenged the group as to what they would do during the transitional period through which we are living.

He said, "We are in a time of change. We are living in a different country from that in which our forefathers lived and died."

"We have had problems and will continue to have them, but most of them have worked out well in our entire district," Judge Sweat said, "and we'll continue to get along because our people will not listen to the fools and troublemakers on either side."

The judge said that there are also many items which will have

## 2,500 Registered Voters In County Who Have Not Paid 1965 Poll Tax

Approximately 2,500 persons who are registered in Prentiss County and would otherwise be eligible to vote, still have not paid their 1965 poll tax, Roy Lowery, circuit clerk and county registrar, said Wednesday afternoon.

Mr. Lowery said that the 1964 and 1965 poll tax receipts will be required for voting in the special

school bond election and the first district justice of the peace election to be held on Wednesday, February 2. He also added that voters must bring their receipts with them to the polling place because the 1965 poll tax may be paid until the day before election and the records will not have been transferred to the poll books. Therefore, copies of the 1965 receipts

will not be available.

The clerk also reminded voters that these receipts will be required in June of this year for the election of district attorney, and circuit and chancery judges.

The 1965 poll tax must also have been paid on time to be eligible to vote in the county and state election in 1967 unless it is repealed before that time, Mr. Lowery said.

## Postmaster Lindsey Is Speaker At Civitan Club

At the Thursday, January 20th meeting of the Civitan Club, Postmaster Kyle Lindsey presented the club with a very informative program. Mr. Lindsey explained in detail some of the policies and procedures they are operating under in our local post office. He explained the use of zip codes and how they will speed up mail deliveries if properly used. Another very interesting part of the program was examples of addresses encountered at the post office. After hearing these examples, everyone present could realize just how important it is to always address your mail properly.

Improvements in our postal system were discussed and everyone expressed their appreciation for the reserved parking spaces in front of post office and the postage machine recently installed. These and other patron conveniences are the results of Mr. Lindsey and his staff's work and they are to be commended.

Present at the meeting were: Civitans, Ben Jones and Glen Goodwin, whom we all welcome back to our club. Mr. Goodwin brought as his guest, Dr. Charles Johnson, one of our fine dentists.

## Why Split District One?

(Editor's note: The following article was written by one of our readers and will be of interest to you.)

When redistricting was being considered several years ago, District One was broken up from the fact the Delta counted "all" the people and wanted to stay together at that time, but today redistricting is up again and they are anxious to eliminate or give to us a number of their people. Thanks is given to Charlie McCoy, for his efforts in keeping District One as is. If there must be a change why not let it be in the other four as our district was the last to be split. The Delta has pushed us around as they have seen fit in the past but it is high time the people of Northeast Mississippi let your State Representatives and Senators know your feelings. Why would Prentiss County want to be served by a Congressman maybe from Bolivar County (Cleveland) down in the Delta rather than a man from Northeast Mississippi? Progress is being made in our county and since our district was split before, why not the split be in the other four?

A true picture was written by Kenneth Tolar in the Sunday paper dated 1-16-66—please read it. Quick House passage of a congressional redistricting proposal in the second week of the current biennial General Assembly—doesn't necessarily assure clearance as rapidly in the Senate.

At the same time approval in such a short time is in sharp contrast to the months it took earlier to get a redistricting bill on the statute books. The House action indicates legislators are determined to complete their work in a shorter period than a predicted four months.

It was evident considerable "leg" work was done in behalf of the bill sponsored by Representative Kenneth Williams of Clarksdale long before the legislature convened. Proponents maintained an air of confidence throughout that it would be accepted "as is" by the House. They had the votes to

get it to the floor over three other proposals and without a hearing for an airing of the positions and views of others.

"Old-guard" lines were shattered in its passage with members who have more or less stood together to chart the fate of legislation divided on the issue. It was a case of looking out for themselves and their districts rather than the old "one for all and all for one" method of legislating they have followed.

An issue proponents had hoped to keep "under wraps" to shelter the far-reaching aspects of the bill was opened up on the floor by two opponents. It was the obvious five-way split of the Negro population to minimize the influence at the polls. Although that was an obvious purpose in the realignment of the counties in the Williams bill proponents had sought to keep it from arising on the floor. They realized once it was brought into the open it would provide the arguments desired by those reportedly planning to challenge it before the United States Supreme Court.

However, the race issue is now out front and opponents of the Williams proposal have been given the ammunition they had hoped would be supplied from the floor to support their contentions the purpose was to devalue the Negro vote by absorbing it with white majorities in the proposed new districts.

It was Representative Thompson McClellan of West Point who charged that the bill was drawn so as to "devalue the vote of a certain segment of the population." He backed his assertion by showing that counties were placed with others they have never been connected—either judicially or by common interests.

Under the present setup, there are more Negroes in the Second District than there are whites. Most of the heavy Negro populated counties were linked with those having white majorities.

The most "glaring" connection is Washington County (Greenville) on the western border with Lauderdale County (Meridian) far across the state on the eastern border and other heavily white populated political subdivisions in the east-central sector.

Likewise, Lee County (Tupelo) in the heavy white populated northeastern sector and LeFlore County (Greenwood) and Sunflower County (Indianola) both with Ne-

gro majorities, are thrown together. Bolivar County (Cleveland) in the heavy Negro populated western Delta along the Mississippi River, is linked with almost all-white Tishomingo County (Iuka) on the northernmost border adjoining Alabama and Tennessee.

Senators opposed to the Williams redistricting alignment are ready to do battle. Thus far there has been no show as to whether the pressions contacts obviously made among representatives also included senators.

The Senate has always shown a more independent position than the House and it will likely show up when the redistricting issue shifts there.

It would develop that senators from the Fifth District in South Mississippi, which would lose only one county under the proposed bill may hold the balance of power in whatever bill is passed.

At any rate, it seems assured that the issue will be settled in conference—where much more time will be consumed before a plan is adopted.

Then, the question will arise: What about the courts? It's almost certain the biracial Freedom Democrat Party will make every effort to have the Federal Courts do the redistricting.

The Freedom Democrats, although they failed to unseat the incumbent United States representatives on grounds Negroes were barred from registering, have announced they will field candidates in the June election.

It's not entirely impossible to see the five representatives elected at large. A deadlock would bring that about.

## Max Carter Writes Letter From Vietnam

Mrs. Callie Bruce sent the following letter from the son of her neighbor, Mrs. R. O. Carter, at Wheeler. His name is Capt. George Max Carter and he is stationed in Vietnam. Mrs. Bruce said, "I think it is an interesting and worthwhile letter and asked permission to have it printed in your paper. Max was born and reared in this community. I think his friends would be glad to know where he is and what he is doing. His address is: Capt. George Max Carter, A0303288, HQ-MACV (J4) 96243, APO, San Francisco, California."

"Dear Mom,  
We are well into 1966 now. It hardly seems the holidays have passed. Christmas and New Year were always such happy times in my household.

I sure miss Barbara and the children. She wrote all about their reaction to their presents. Bless her heart, she writes every day and tells me about the children. That way, I don't miss a year of their development completely.

I hope the holidays weren't too lonely for you. Did you enjoy your gifts?

Several of the high officials of the Vietnamese Military and government wrote very nice letters of gratitude to the U. S. Service Men for being here in Vietnam at a time when we would all like to be with our families. Some were sent to each of us individually while others were printed in the paper. They were so sincere and so obviously from the heart that it made one glad that he could help such a war-torn country.

Pages of history are being written here, and the fate of the world hinges on the outcome of wars no bigger than this one right here. Every man owes it to his country, his family and even to himself to be a part of that history in whatever way he can best serve. So, don't worry about me. Be strong, be brave, and be proud. They say that we in the headquarters are hand picked. I think they weren't looking when I sneaked in. Anyway, I am not sorry I am here. It is a just cause. It is most important that we should be here. I miss the family terribly, but this I can live with for a short time.

We chose to fight communism before it reached our home land. The Vietnamese weren't quite so lucky. They are fighting for their very lives and the lives of their families. At least my family is safely back in the land of freedom. Thank God for that.

The hour is late. The working hours are long. I'll write more soon. Remember, don't worry about me. Love, Max."

## Our Leaf Of Autumn

(In memory of Richard Lee Senter who passed away on December 8, 1965.)

A leaf of Autumn has fallen from its appointed place and has been conceived by destiny, which is inescapable. Corners of the earth he travelled to save our heritage, winning many honorable deeds, bringing home with him love, and understanding for his country, his community, his family, and God. The Wife, Mother, the Father, knew of no anguish or hatred. He had no bitterness, always just to be free among families, nature, friends, and allowed time daily to reflect the Lord's teachings.

Sisters, Brothers, he understood their decisions, their wants, and their frustrations. Many times their major problems were illuminated by his simple suggestions. The Young-Child, the Young Adolescent, was his constant wonderment, concern, and enjoyment. The Young Adult was aware of his sharp wit, his fairness to mankind, his dedication to the laws of the land, and his work and devotion to Christianity.

Friends were his constant admirers. Passersby would soon be his admirers.

We are fortunate and comforted. Dear Lord, that he, also, was our husband, son, brother, friend, companion; and grant us time to comprehend and understand our many pleasant and unforgettable experiences with our leaf of Autumn.

Written by His Brother,

Bobby Senter

#### Corinth Eagle Squadron Civil Air Patrol To Present "Woman Miss Americana" Pageant

The Corinth Eagle Squadron C. A. P. is planning a "Miss Americana" Contest with all the contestants being MALE. They are to qualify in all three categories, talent, evening dress, and swim suits.

Nearing the close of the contest when all but the ten finalists remain to vie for first, second, and third places, questions will be drawn from a large bowl and they will answer these questions to the best of their ability for the audience and the judges.

Each industry, club, or business establishment in Corinth, Iuka, Selmer, Burnsville, Booneville, Walnut, Savannah, Tenn., and Tupelo are invited to submit an entrant. There is no entrance fee and no rehearsal. The sponsor only needs to select their contestant, have them ready with appropriate attire for the swim suit, evening gown, and talent with a sash displayed diagonally across the front identifying the sponsor.

Anyone desiring to place an entrant in the contest please call McClamrock's Studio in Corinth, telephone 286-2205 any day except Sunday or Monday, or just drop a card in the mail to Corinth Eagle Squadron C. A. P. — Box 454 — Corinth, Miss. The deadline for entrants in the contest is Feb. 12, 1966. The tentative scheduled date for the contest is March 25th. The early notice of this contest is for the sponsor to have adequate time to secure their entrants. Also so the contestant may have time to have their wardrobe fitted and practice their talent.

There will be three beautiful trophies given to the top three winners.

Proceeds from this event will go toward finishing the Civil Air Patrol Headquarters building which is located adjacent to Roscoe Turner Field.

Upon the decision of submitting an entrant we would like to know the name, talent to be presented etc. We would also like to know where we may contact the person in order that we may fill HIM in on other details that may develop.

Judges will be Editors of Newspapers in the area. Individual members of the squadron plan to tape record and make movies of the

ects. Other factors in scoring included attendance at various council meetings, special interest meetings, and district and state meetings.

Mrs. Claire T. Ross is Home Economist for Prentiss County.

Cooperation would greatly be appreciated from Industries, Clubs, and all Merchants. More will be heard about the pageant as the plans progress.

#### Woodrow Stennett Appeals To The People

Friends, I wish you to consider me as a successor to the late Justice, Baxter L. Anderson. Time and my responsibility at the Booneville Junior High School make it impossible for me to see each of you personally, so I am taking this method of earnestly soliciting your vote.

Most of you have known me all my life. I was born and reared in the First District of Prentiss County. As a young man, after my experience in the service, I resolved

to come back home to live the rest of my natural life among the best and most generous people in the world.

You have lived up to my highest expectations. Having married here, my good wife and I have found work to earn our livelihood and rear our two sons in the healthy association with you as friends and neighbors. You have been with us in sickness and shared with us the pleasures of our lives.

As a child I played with many of you, as a young man I went to the service of our country with you, and as a man I have worked with

you. I have been equally diligent in trying to do each phase of my tasks with the best of my ability.

If elected your Justice of the Peace, I shall be ever mindful that he who sits in the seat of justice owes his fellow man, himself, and his God a debt. I shall, to the best of my ability, try to pay this obligation by rendering fair, honest decisions based upon the facts in the case and in the light of the law of the land. I shall endeavor to let reason sit by my side, to let justice govern my decisions, and eliminate prejudice and personal feelings from my decisions.

Again I ask for your vote when you go to the polls on February 2, 1966. I shall appreciate more than anything else your confidence in me. I promise each of you that I will make a fair, unprejudiced Justice of the Peace, so that when this term is over, you can say with my wife and sons, "Woodrow did not let us, his family, friends and neighbors, down."

I need your help.  
Yours very truly,

# THE CHURCH FOR ALL...

## ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The world is filled with the sound of many drums.

Drums of militarism stir man to war and conquest. Drums of conformity invite him to keep step with low standards and false values. Drums of greed lure him into the killing pace of selfish getting and gaining.

But a different drum sounds, too. It beats in the rhythm of law and love and rings with the sound of eternal truths. It beckons man to integrity and true self-fulfillment; it calls him to the path of duty and to the way of service. The different drum is God's.

A man must choose which drum he will listen for and follow. Many years ago, Henry David Thoreau wrote: "If a man does not keep pace with his companions, perhaps it is because he hears a different drummer."

God's house is one place where you will hear the "Different Drummer." Worship there this Sunday with your family.

## COUNTY AGENT NOTES

TAYLOR SMITH, County Agent

## TREATING FOR CATTLE LICE

Always read the label closely before buying or using any insecticide.

Here are some DO NOTs to observe when treating with recommended materials:

Do not apply dieldrin more often than once a week or dioxathion (delnav) or ronnel more often than once every two weeks.

Do not dip calves less than three months old in lindane, delnav or corral.

Do not use malathion on calves less than a month old. Do not apply sevin more often than once every four days; nor ruelene more often than every 28 days.

Do not spray animals with corral in conjunction with oral drenches or other medications, such as phenothiazine.

Do not use oil sprays for treating cattle for lice control. Do not use lindane on milking cows or on emaciated animals.

Check the label closely for restrictions on length of time between application of insecticides.

## and slaughter of beef cattle!

## INCREASE PROFITS

Use of the best seed varieties, ample fertilizer and lime and good weed control are prime steps in increasing farm profits from any crop.

Right now is a good time to study recommendations on varieties and fertilizer. Select the variety that shows the most promise for your farm. Then buy or book needed seed now. Often when you wait until you have the seed, the supply will be exhausted and you will have to settle for a second or third grade choice.

## FARMERS INCOME TAX

Several changes have been made recently in income tax provisions that apply to farmers. These could result in savings to you!

These changes include: a new optional 20 per cent depreciation allowance in the year of purchase and regular depreciation is allowed. It is on the cost of personal property usable for at least six years.

A net operating loss in 1965 can be carried back to 1962 and carried forward five years. Deductions for land clearing expenses can be counted as ordinary expense. Casualty losses on business property not covered by insurance can be treated as an ordinary loss deduction.

Self-employed persons may deduct limited amounts paid to a retirement plan for their benefit in taxable years after December 31, 1962.

These and other changes are noted in a free tax guide for farmers available at our office. Get yours today.

## William A. Yates Is Elected To Angus Ass'n.

William A. Yates, Booneville, has been elected to membership in the American Angus Association at St. Joseph, Mo., announces Glen Bratcher, secretary.

There were 470 memberships issued to breeders of registered Aberdeen-Angus in the United States during the past month.

## COTTON RESEARCH

Mississippi has a special interest in expanded research and promotion to obtain greater sales and more uses for cotton. Public and private projects toward this end need greatest support. Scientists are developing a new cotton bag for better protection of flour, corn meal and other cereals from insects during shipping and storage. Cotton is an important factor in our economy so we must take advantage of every opportunity to make this industry more competitive and prosperous.

# THE NEWS FROM— PHARRTOWN

MISS VICTORIA PHARR

Winter has finally arrived and the ground is covered with a beautiful carpet of white. The scenery is lovely to behold. Most people are enjoying it even though they dread the mud and bad roads brought about by the melting snow.

Our community was saddened last week by the death of three senior citizens, Mr. W. A. Thornton, Mr. W. W. Finch, and Mr. John Williams. Mr. Thornton lived the major portion of his life here. Mr. Finch was a former teacher here and married Miss Lula Gann, a native daughter. Mr. Williams was a teacher and road supervisor and had the love and respect of everyone around. Our sympathy goes out to their respective families.

Visitors in the home of the W. W. Gann family last week were Mr. and Mrs. Earl Harris of Marietta, and Mrs. J. T. Smith and sons of Memphis. Mrs. Verde Hall accompanied the Smiths back to Memphis for a few weeks visit.

Mr. and Mrs. Bluford Miller of Booneville were visitors at church here Sunday and dinner guests of Mr. and Mrs. Euell Thornton. Other church visitors were Mr. and Mrs. Larry Michael of Memphis and James Whitney of Marietta. James was a weekend guest of James Thornton.

Mr. and Mrs. Billy Cagle of Tupelo visited the Edman McCuskeys, Sunday.

Mr. and Mrs. Fred McCreary of Marietta visited Mrs. Elizabeth McCreary, Wallace and Lester, Sunday.

Mrs. Mattie Wright spent Sunday with Mrs. O. X. Franks, Victoria and Ollie.

Those attending the funeral of Mr. Thornton from this place were Mr. and Mrs. Earl Williams, Mrs. Lundy Moreland, Mr. and Mrs. Colus Thornton, Euell Thornton, and Betty Neblett; "Space Your Heart for Me" by Phyllis Garrett, Kay Rutherford, Beverly Langley and Debbie McCoy.

Escorts for the event were Dennis McCoy, "Most Handsome" and Larry James, "Mr. Wheeler High School." Ushers were Wanda Samples, Ann Gamble, Margaret Lindsey, W. C. Swinney, and Freddy Brasel.

The beauties will be featured in the school yearbook, "The Eagle."

Too many people think the greatest labor saving device is a fellow named George.

BRENDA SIMS, left, Northeast Mississippi Junior College sophomore of Booneville, shows Jane Parker, sophomore of Baldwin, a prized possession, a book containing biographies and pictures of outstanding authors. Brenda finds that reading about the authors and seeing their portraits make their works much more fascinating.

### Brenda Sims Attends College Despite Injury

Brenda Sims, daughter of Mr. and Mrs. J. E. Sims of Booneville, because of bruises to internal organs and a severe break of her Mississippi Junior College, is an example of one who is determined

to receive an education. In spite of the fact that she has had to use crutches for several months and will have to continue using crutches for sometime, Brenda intends to complete her education.

Brenda was injured in an automobile accident on March 19, 1965. Because of bruises to internal organs and a multiple break of her right leg, she remained in the hospital for 4½ months. The following

### International Headquarter Slides Shown At Pilot Club Meeting Thursday Evening

The Pilot Club of Booneville had its regular program meeting at the Town Motel Restaurant Thursday evening, January 20. The Extension Committee under the direction of Chairman, Mrs. D. H. Prichard had charge of the program. Other members of the committee are Miss Vessie Ferrell, Mrs. James

Stanley, Long, Mrs. Dewey Martin and Mrs. Clifford Long. The banquet tables were decorated with displays of bricks and carpentry tools signifying the building and extending of Pilot. President, Mrs. Clifford Kizer presided. Mrs. James Stanley Long gave the invocation. The club was delighted with the showing of colored slides—with explanations and comments—of Pilot International Headquarters new building. The occasion for the picture taking was

September, she returned to school on crutches with her leg in a cast. Surgery on her leg during Thanksgiving Holidays made the third operation since the wreck. She will have skin graft in June and should be out of the cast by September, 1966.

At Northeast, Brenda is an English major, a wisely chosen field because of her intensive zest for reading. When Brenda enrolled in a class in English Literature, she was asked to give her early impressions of literature. She stated that at an early age she became aware of the value of reading, for said Brenda, "I can't ever remember not being surrounded by good books." She states that she always keeps at least nine or ten books on hand so that she may select her reading material, but above all, so that she won't be without something good to read.

After graduation from Northeast, Brenda plans to complete her college work at Memphis State. She hopes to work at Redstone Arsenal for awhile so that she can work on a Masters Degree in English.

And, wherever Brenda is, she will be surrounded by good reading material. She agrees with the great Victorian writer, Matthew Arnold, who said that culture is "to know the best that has been thought and said in the world."

of the official Open House and Dedication of the attractive and functional building in Macon, Ga., in May, 1965. The slides showed exterior views with beautiful features such as the leaded glass doors at the front and side entrances and the various views of the separate rooms and the lovely decors from the Founders' Room, to the president's office, and even to the mailing department, collecting and printing departments, and a huge fireproof vault. This portion of the program was closed with Mrs. Clifford Long's presentation of the inspiring Code of Ethics.

Mrs. James Tigrett, Chairman of the Education and International Relations Committee presented special guest, Miss Judy Murphy, Wheeler, to the club. Miss Murphy, scholarship girl at Northeast Miss. Junior College, was showered with gifts from Booneville Pilots showing their love and appreciation for her and her endeavors.

After a short business session the meeting was adjourned.

### Interest Rates Remain Unchanged

NEW ORLEANS, La.—John L. Ryan, President of The Federal Land Bank of New Orleans, has announced that, for the time being, interest rates on land bank loans will continue to be 5½ per cent.

Ryan said that the bank is dedicated to providing farmers with long term funds at the lowest rate consistent with sound operations. That while the bank obtains its funds from the public sale of bonds, and the cost of money con-

tinues to rise, the bank will for the present time absorb these higher operating costs.

The Federal Land Bank of New Orleans serves farmers in Alabama, Mississippi, and Louisiana through 49 Federal land bank associations.

### Tom Haggai To Speak At Scouters Recognition Banquet In Tupelo

A well-known "businessman's preacher" and radio commentator, for whose work a national foundation has been formed, will deliver the featured address at the Scouters Recognition Banquet February 17, 1966 in Tupelo at the Fairgrounds Community Center.

The speaker is Dr. Thomas Stephens Haggai of High Point, North Carolina, who for the last five years has averaged a speech a day before business, civic, educational and religious groups throughout the United States as well as internationally.

B. G. Horton is ticket chairman for Prentiss County.

Dr. Haggai is equally well-known for his syndicated radio program, "Values for Living," which is broadcast daily from coast to coast.

Only 35 years old and thus a rela-

he accompanied the family to the Open House celebration in honor of their uncle W. R. Pharr's 95th birthday held at the home of Mr. and Mrs. Booker Nanney in the Ozark Community.

### Legionnaires To Meet

All Legionnaires are reminded that Regular Meeting of Levi B. Morton Post 123 will be held in the Post Home on Front Street, Booneville, Miss., Tuesday night, Feb. 1, at 7:00.

"Our membership is coming along fine and the chances of the Mississippi Department of the American Legion leading the National Legion Parade in Washington, D. C., this year is very good at this time," says Commander W. E. White of the Local Post.

You are urged to pay your dues and attend meetings regularly as our help is needed in securing for our fighting men all benefits that can be possibly obtained. "You had help, now do your share that others may be helped," says Commander White.

By the Commander,  
W. E. White

ness and professional leaders in 1963 established a national non-profit foundation which is called to Tom Haggai and Associates Foundation, to further his activities especially his addresses to universities, colleges, and high schools.

These men, representing many different church denominations and some in different fields of business, that the nation could use more of Dr. Haggai's pragmatic doctrine to inspire vitality in our system of enterprise and spiritual dedication to our national direction.

When the Foundation was formed on his behalf Mr. Haggai resigned as pastor of a prosperous Baptist Church in High Point in order to become, in effect, a "minister-at-large" — thus leaving his pulpit and serving the entire United States as his parish.

GENTLEMEN!

My Christmas was made quite a bit happier & "Slimmer" By purchasing bestform girdle & bra featured in this Ad, which Mr. Sherman Recommended so strongly to improve my appearance.

The Bestform Girdle is the most comfortable, and does so much more to trim my waistline than any other Girdle I have ever worn. My body movements, such as bending & stooping can be achieved with "The Greatest of Ease." When I come back to my original position there are no sags, wrinkles nor out of shape features, which I did have with other product after excessive use and abuse. My Bra is the "Greatest", It has such realistic features which other Bra's did not have. The side band doesn't pinch or squeeze. This Bra caresses me gently and does so much for me, That I often wonder if I have a Bra on.

### Mrs. Bobby Burrell Jr. Seeks JP Office

I wish to take this opportunity to ask the voters of the First District to consider me for the office of Justice of Peace in the election next week.

First I wish to express my appreciation to you who have encouraged me in this race and who are giving me your support. Without your help it would be difficult for me since I am the only woman seeking the office and I have eight opponents.

I know that I can administer the duties of the office as well as anyone and feel that being a woman will not handicap me in any way. It is an office that any person, who has the intelligence and the desire to do a good job, can handle in a fair and efficient manner.

I am well aware of the duties of the office and feel that my education and background and my willingness to work will enable me to do the job and make you a public officer of whom you can be proud. I hope to make the office one that will be respected by all the people of Prentiss County and not one that is the object of ridicule and distaste.

I will always fulfill my duties in such a manner that you can be proud you elected me.

## HOME ECONOMIST'S NOTES

By CLARE T. ROSS, Extension Home Economist

We have been hearing and reading much about Medicare, the Social Security Amendments of 1965 that provide two different kinds of health insurance for people 65 or older.

Provided for are HOSPITAL INSURANCE and MEDICAL INSURANCE. Hospital Insurance will pay most of the cost of hospital services and certain other post-hospital expenses. Medical insurance will help you pay much of the cost of doctors' services and certain other medical expenses.

To be eligible for this health insurance, you must enroll by March 31, 1966, if you were 65 or older on January 1, 1966. If you were 65 after January 1, 1966, check with your nearest Social Security office concerning enrollment, since the enrollment period varies according to birth dates.

Wherever you enroll, remember neither the medical nor the hospital insurance becomes available until July 1, 1966.

You will need to go to your social security office to qualify for this health insurance if you have worked under social security but have never applied for benefits or if you have never worked under social security. Get in touch with your social security office before March 31, 1966.

For more details to help you understand this program, ask for a copy of HEALTH INSURANCE FOR THE AGED at your social security office.

## KITCHEN AND HOME WORKSHOP PROGRAMS

If you are a Mississippi home-maker . . . If you are building a new home . . . If you are improving or remodeling your old home . . . You are eligible to enter the 1966 Kitchen or Home Workshop program.

You can obtain an official entry blank from your Extension Home Economist's office. Don't delay, the form will need to be returned and on file in this office by February 15, 1966.

Forms to report on your kitchen or home workshop project are available also from this office. They must be completed and returned by March 1, 1966. Any work completed after March 15, 1965, is eligible for this year's program and awards.

Awards will include certificates to each of two county winners, awards of small electrical appliances to eight district winners, and two sweepstakes awards.

## MEC Starts Special Membership Effort

Business and professional leaders in Prentiss County will be given the opportunity of affiliating with the Miss. Economic Council, the state chamber of commerce, and joining the organization's 3500 members who work for better government and community development in Mississippi.

L. L. Bethay of Booneville, a director of the MEC, has been named to direct a special membership effort for the Council. The announcement was made by Charles R. Cariness of Corinth, area chairman of the Council's membership committee.

The goal in new membership support in the area to the MEC is \$300.

"Since approximately 90% of the laws affecting our personal lives are state administered," Mr. Cariness said, "and since the whole structure of our business and private lives rests to an amazing extent upon the state, it is most important that we maintain a strong state chamber of commerce to work for wise state laws and efficient state administration. These help business."

The state chamber, organized in 1949 as the Mississippi Economic Council, is primarily engaged in the economic development of Mississippi through research, committee studies and legislative proposals.

The Merit Community Program is directed by the MEC.

"Every year over 400 volunteer committeemen are engaged in projects that make our state a better place to live and do business. The MEC has been responsible for many beneficial actions during the past 16 years that many people

## O. R. Curtiss Makes Public Statement

O. R. Curtiss says in making his candidacy for First District Justice of the Peace: If elected to this office to fill the unexpired term of your friend and mine, I will work day and night to do a good job for you.

I will be fair and honest to all men brought before me, and my friends I will be sober at all times. I will do everything possible to keep your Justice Office in order for your circuit court judge.

I will do everything in my power to stop this bad check writing and help you collect your bills.

My friends, remember if you vote for O. R. Curtiss, February 2, you are only hiring me to work for you as a public servant for a few months and if O. R. Curtiss does not serve you well then you can discharge him.

My friends, 24 years ago you and your government thought I served you well, you placed on me your Good Conduct Medal and the Purple Heart.

Your friends in Eastern and Central Europe thought O. R. Curtiss had finished a good job, they placed on me the Decoration and Citation of the Middle Eastern Theatre Ribbon with one silver star and one bronze star.

This I say to you my friends, 24 years from today, when your sons return from Vietnam, I will be an old man, then I will step aside and say, Boys my work is done, and I will be depending on you, and these boys I can trust.

My friends I need the job working for you. It would not cost you much to vote for me, and it would mean a heart full of love for you. I would work hard for you.

The little boys and girls who know me, would appreciate it so much.

If I do not see you and my friends ask you to help O. R. Curtiss on February 2, please do so take their words for it.

Your Justice door will be open at all times and I will know you everyday, and not just on election

# Prentiss ASCS County News

By CHARLES E. CALVERT, Office Manager

## FARM PROGRAM NOTICES MAILED TO FARMERS

Notices have been mailed to producers in Prentiss County listing farm allotments, base acreages, yields, and payment rates under the 1966 feed grain, and upland cotton program.

With this information, farmers will be able to determine whether they wish to participate in the programs and the extent of their participation. Program benefits include price support loans and pay-

ments and diversion payments.

Any producer who feels that the yield, feed grain base, rate, or conserving base shown on the notice he receives for his farm is incorrect or inequitable — as compared with like data determined for similar farms — may ask the county committee to reconsider the matter. Such requests should be made in writing and mailed or delivered to the county committee within 15 days from the mailing date shown on the notice.

To take part in the programs, the farm operator first files his intentions on a prescribed application form at the ASCS county office during the sign-up period. This period starts January 31, 1966, and will extend through April 1, 1966.

**Program Adjustment Provided For Certain 'Normal Conserving Bases'**  
An additional option now is available to certain participants in the various crop diversion programs so that the farm's "normal conserving base" may more nearly represent its 1964-65 cropping pattern.

As now provided, farmers who have made "substantial" changes in farming operations since the 1959-60 base period may request a tem-

porary reduction in their normal conserving bases for the current year.

Adjustments will be limited to a cropland-conserving acreage ratio considered fair and reasonable for the community as determined by the ASC county committee and approved by the State Committee. It will be conditioned upon the producer's certifying at the time adjustment is made that he will comply with all wheat and cotton allotments as well as any feed grain base.

Complete details concerning the optional adjustments are available at the ASCS county office, and requests for changes should be made prior to the sign-up for any

of the 1966-crop programs. Sign-ups for the feed grain and cotton programs start January 31, 1966 and will extend thru April 1, 1966.

"Conserving base acres are — in a general sense — all acres other than those devoted to growing row or grain crops. A conserving use for these acres is a condition of eligibility in the various diversion programs. This is in addition to the conservation use of program acres diverted from production of a particular commodity.

**Applications For New Grower Allotments And Feed Grain Bases**

Farmers in Prentiss County who are dependent on farming for a livelihood are reminded that new grower cotton, feed grain, and pea-

## Off-Farm Research Is Scheduled For Prentiss And Tippah

Prentiss and Tippah are two of 16 counties recently selected to participate in a comprehensive research project in off-farm agricultural occupations. The research is conducted by Mississippi State University and the vocational and

technical division of the state department of education.

The project is an educational effort to determine the expanded vocational training that is needed in the state's non-farm agricultural jobs.

Within the next six weeks an individual representing MSU will contact the agriculture related businesses in the area.

Dr. William L. Giles, vice president of Miss. State University, and Vocational and Technical Education Director A. P. Fatherree, are confident that occupational requirements to be described by the managers of the businesses surveyed will increase the efficiency level of the agricultural training offered

in vocational education. Business owners and managers' assistance is vital to the success of this educational study.

The other counties that are included in the research are, Holmes, Lauderdale, Copiah, Lawrence, Wilkinson, Pike, Pearl River, Green, Bolivar, Hinds, Chickasaw, Montgomery, Winston and Sharkey.

The male grouse annually lays claim to a territory where he courts females part of which is a ritual of flapping his wings in rapid rhythm against logs or rocks as a mating call. Once he establishes a territory he provides escape cover, nesting vegetation and other necessities of life.

## County Taxpayers To Ante \$3,151,000 Of Federal Budget

Mississippi taxpayers will be required to pay out approximately \$552,720,000 in Federal taxes as their share of the cost of the Federal spending budget of \$112.8 billion proposed by President Johnson for the Federal fiscal year beginning July 1, 1966.

The estimate was made Tuesday by the Mississippi Economic Council, the state chamber of commerce.

This estimate is based on a formula used by national economists calculating that Mississippi taxpayers bear 0.49 per cent of all Federal taxes.

Prentiss County taxpayers will be required to pay out approximately \$3,151,000 in Federal taxes in the fiscal year beginning July 1, 1966. This estimate is based on the minimum education foundation formula used to determine the relative economic strength of Mississippi Counties. Calculations relate that Prentiss County taxpayers bear 57 per cent of Mississippi Federal

## Work Proves Beneficial For Several Reasons

Part-time employment is gratifying to five young men who are enrolled as sophomores at the Northeast Mississippi Junior College.

Even though they spend several hours each day at some employment, they find time to study the courses included in their normal school load. They all agree that the fact that they're working to pay school expenses makes them more appreciative of their education.

Joe Rutherford, a business administration major, has worked part-time in a grocery store for several years. Joe states that he

enjoys his work, but sometimes he wishes he could just "loaf." Joe Duncan has worked at a hospital in Ripley since he was in the tenth grade. Joe, a business major, emphasizes the fact that when a student works for an education, he really appreciates it.

Danny Hanna worked part-time at a funeral home in Corinth during high school since one of his friends was employed there. Danny still finds time to work there, but says that he prefers engineering as his profession.

Leroy Strickland, who has completed a mortician's course is at present employed part-time in Corinth in order to study business administration at Northeast.

Tommy Vanstory works part-time as an upholsterer. He states that he finds he studies more than he did when he didn't work. Tommy says that learning to budget one's time is the secret. Tommy is also majoring in business.
