Northeast JC Receives Allocation For College Work Study Program

The Northeast Mississippi Junior College will implement an off-campus phase of the College Work Study Program for the coming Summer.

The eligibility of students is based on several factors. He or she must be a high school graduate or a Northeast freshman who is planning to attend Northeast for the 66-67 school term. A student must show a definite need for work and must meet the low in-

come guidelines established by the Federal government.

Northeast has been appropriated \$87,265.11 to carry out the College Work Study Program for the Summer of 66. An extension of \$36,270 has been appropriated for the regular school term of 66-67.

Students engaged in the Northeast College Work Study Program will be working for public and non-profit organizations in the five county area, which supports the college. (Alcorn, Prentiss, Tippah, Tishomingo, and Union).

Loss Over \$10,000 In Theft At Jewelry Here Tue. Night

Burglars ransacked Goddard Jewelry Tuesday night and looted the place of \$10,691.45 in rings and watches alone.

The theft was discovered Wednesday morning when the owner, Mr. Smith Goddard, opened the jewelry store at 7:50. Mr. Goddard said he didn't have a "nickle's worth of insurance"; it's the only thing he does not have well insured. The rest of his stock has not been inventoried yet, so the full extent of the loss could not be determined.

The burglar or burglars broke into the well-lighted store by prying open the back door of an ad-

jacent store and cutting a hole in the wall. The hole measured 2 1/2 feet by 14 inches. The adjoining store, "The Fun Shop" has been closed for two weeks due to illness of the operator.

The thieves pried open the bathroom door possibly looking for something in which to put the merchandise. The contents of a garbage can had been emptied on the floor and the can evidently used to carry out some of the merchandise since it was found on the outside of the building. A Bulova watch was also found on the ground near the garbage can.

Stock stolen included Bulova, Elgin, Wyler and Caravelle watches, including diamond watches, Princess rings, wedding bands, dinner rings, birthstone rings, etc. The cash register wasn't bothered.

Investigating are the City Police, Prentiss County Sheriff, Highway Patrol and Special Investigator Sam Allen. A fingerprint expert was also on the case.

A \$250.00 reward is being offered for information leading to the arrest and conviction of the burglars. Mr. Goddard said any information given would be kept confidential.

Opened in 1958, the business has been in its present location on College Street only since January 12. Prior to that it had been located on First Street.

Smith Goddard, owner of Goddard Jewelry, points to an empty showcase from which burglars took jewelry Thursday night. Known loss is \$10,691.45 with the complete stock still to be inventoried.

Mississippi Legion To Lead National Convention Parade

Commander Roland Marble announced today that The American Legion of Mississippi had won the Number One position in the National Legion Convention Parade of States, and that Miss. Mississippi, and first Alternate Miss America, Patsy Puckett would lead the Nation at the head of the Mississippi delegation as this greatest of all parades moves up Pennsylvania Avenue in Washington, D. C., next August 29th.

The Legion of Mississippi led the other forty-nine states by some six percentage points following the deadline May 3rd. The runner-up states were South Carolina, Hawaii, and Arkansas.

Parade positions are awarded the states on the basis of the greatest percentage of increase in membership for the current year over the state's previous four-year average membership. Mississippi reported a total of 27,850 members on May 3rd for a percentage of 109.22 to take the number one position.

One-Third Of United Fund Quota Is Reached During First Week

The Prentiss County United Fund campaign, which got underway following a kickoff breakfast last Friday, May 6, is progressing nicely, according to general drive chairman, John Walden. Mr. Walden said, "However, we need to pick up our efforts to see that we reach the goal as soon as possible."

Mr. Walden said that the kickoff breakfast was "sensational" as over 35 workers turned out to get the campaign off to a good start. The workers left the breakfast and went out to begin the general solicitation of funds, and are currently working the industries, businesses, professional groups, property owners, and other general classifications.

To date, only about \$8,500 of the \$25,000 quota has been reported, but reports are not in for a good many of the workers. Industries which have reported are Master-Son, Blue Bell, Prentiss Manufacturing Company and Brown Shoe

Natchez Trace DAR Chapter Hears Talk On NEMJC Progress By President White

The members of Natchez Trace Chapter, Daughters of the American Revolution were charmingly welcomed on Thursday afternoon by Mrs. Lewis Earl Perry, Mrs. John Lorick, Mrs. Joseph Curlee and Dr. Mary Summers, hostesses for the meeting, in the Perry home on Washington Street.

In the spacious living room of this lovely home the warmth and gentle charm of Early American motifs handed down from ancestral lines, enhanced the beauty of the setting. A stately doorway arrangement of white amaryllis lilies with a touch of vibrant red, coordinated completely with the hospitality theme.

A composition of iris from the Perry garden was displayed artistically on a cut crystal fluted cake stand. The table in the dining room reflected the hostess' creativity by special touches of her own, that added a fresh look and an imaginative contrast to the handsome antique furnishing, as a background.

Mrs. Paul Dobins, regent, opened the meeting with the ritual and Pledge of Allegiance to the Flag. During the attention to routine business, Mrs. Clarence Chase and Mrs. Harry Jones reported on activities in behalf of the Jacinto Court House restoration movement. Mrs. Chase stated that recent important legislative steps have been made concerning the project.

Mrs. Harry Jones, treasurer, gave a report of the success of the "Music Man" production, while thanking Mr. and Mrs. Milton Waters for their generosity and courtesy and their fine cooperation with the chapter. Mrs. Kenneth Lindsey is American Heritage Chairman and Mrs. W. W. Cunningham is Chairman of American Music.

Mrs. W. Cleveland, Jr., was elected to the membership. A brief social period followed, when a delightful dessert plate as served with fruit punch.

Mrs. O. C. Robinsin introduced

guest speaker, Mr. Harold T. White, president of Northeast Junior College.

Mr. White expressed gratitude for the privilege of speaking to the organization.

In the address to the D.A.R.'s by Mr. White, he stated that the Northeast Mississippi Junior College was near the threshold of reality in regards to operational financial stability and this was a direct result of the Board of Trustees' efforts in conjunction with the Board of Supervisors and the Legislative Delegation of the junior college district.

In fact, the public officials in his opinion had been most considerate in meeting the financial needs of the college.

He further stated that the enrollment had continued to increase in number and the junior college is presently serving in excess of 70 per cent of the students of the five counties entering college and he felt that this trend of enrollment percentage would continue to increase.

During his talk, reference was made regarding the numerous physical improvements accomplished during the fiscal year — to include new transportation equipment, renovation to some of the present facilities, both interior and exterior, additional teaching aids. New curriculums have been added to include Vocational-Technical Education, finalizing of plans for a program of Distributive Education. And in addition to this salaries of all personnel were advanced.

In conclusion he stated that Northeast was adequately meeting the educational responsibility because of the dedicated and qualified faculty.

A pleasing speaker, his insightful review of the institution which he ably directs, was informative and highly impressive.

The chapter adjourned with the recital of the American Creed, in unison.

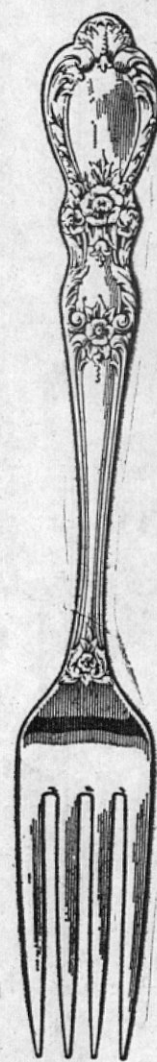

D.A.R. MEETING — Mrs. Paul Dobins, left, regent of the Natchez Trace Chapter, Daughters of the American Revolution and Mrs. Lewis Earl Perry, center, hostess, are shown extending a welcome to the guest speaker, Mr. Harold T. White, President of Northeast Miss. Junior College, who spoke to the members Thursday afternoon in the home of Mrs. Perry.

MRS. ED JOHNSON

Nature has taken a hand in the decorating scheme at the home of Mrs. Vernon Vandevander. Last year she had three climbing red rose bushes. This year she has two climbing red roses with a white rose bush in the center where the red one was. The blooms look like blackberry blooms - a cluster of small white ones - and it is most unusual.

Sometimes I've heard of this happening when a bush dies down and comes out below the graft, but surprisingly enough, she doesn't think it died last winter.

Freak plant growth is an ever amazing thing, and always interesting.

Speaking of roses, John Martin Morrow is bursting with pride over the large ones his wife has grown. They bought some special Rose Food this year and one of the roses measured 18 inches around. He had it on display in the Tax Assessors office . . . and I don't blame him.

Mr. Morrow also told me about a conversation he had with his niece's son, King Harris, 7, of Birmingham, Ala. who has always lived in the city where there are plenty of street lights. Mr. Morrow had to go to Frankstown one night while they were visiting here and the youngster asked to go. Enroute, he kept looking out the window and finally said, "When it gets dark in Mississippi, it REALLY gets dark."

A call from Mrs. Bess Wallis sent us hurrying up to the place Monday to see a young bird that appeared on the steps of the flower shop. She's fond of birds and watches them, but couldn't identify this one. We couldn't either, but she sent it home with us for the boys to take care of. From the encyclopedia we identified it as a Rose Breasted Grosbeak. It is a beautiful bird with a beak so thick it can crack cherry stones. It belongs to the finch family. It is seen throughout eastern North America and southern Canada in the summer. It spends the winter in South America. The male bird is a little smaller than a robin. It has a joyful song, like that of a robin. The farmers of Pennsylvania call this bird the potato-bug bird because it eats destructive potato bugs and other harmful insects.

Mrs. Wallis said we'd have to name it the Velda-Rose . . . not knowing Rose was part of its real name. Anyway, how in the world did it get here?

Brother Eugene Long of New Albany, formerly associated in education work here, accompanied the family of a guest to Aletha Lodge Monday and while there inquired about Dr. Anderson. He literally praised Dr. Anderson and all his accomplishments and said, "He had vision 50 years ahead of his time." That's a pretty good compliment in my book.

Mr. and Mrs. W. C. Graves of Ft. Lauderdale, Fla. dropped by the office last Wednesday. They are on a vacation trip visiting this area, especially Rienzi where they once lived. Mr. Graves was a mail carrier.

After his retirement and the tragic drowning of his son, Mr. Graves said he nearly lost his mind, but decided his son wouldn't want him to grieve so. He went out and got a job painting and he certainly doesn't look like he is in his 80's.

Mrs. Graves, who used to work at the Booneville Banner, is still interested in and works toward better laws and government.

I liked the remark they made: "We may wear out, but we won't rust out."

Mrs. G. T. Pharr, Jr., R. N. at Aletha Lodge, told one of the guests the other day, "You're pretty as a picture." The reply was, "There are all kinds of pictures."

It's late and I'll close with this item Mayor M. W. Smith told the 8th grade graduating class at Hill's Chapel.

This gentleman died and his wife went to the monument place and asked for one of the very nicest monuments. She told them to engrave on it the words, "Rest In Peace." But when his will was read, she found out that he had left nearly everything to another woman, so she went back and said she wanted to change the reading on the monument. When it was explained that it couldn't be changed, she thought a second and said, "Well add, 'Till We Meet Again.'"

Till next week

Rites Today For William Jobe

Services for Mr. William Franklin Jobe, who died at the Aletha Lodge Nursing Home Monday afternoon, will be held at 10:30 at the Bethel Methodist Church today, (Thursday).

The pastor, Bro. H. W. Lay, will conduct the services and burial will be in the Danville Cemetery with McPeters Funeral Home in charge. The body will rest at McPeters Funeral Home in Corinth until taken to the church at 9:30.

Mr. Jobe was 92 years old and a member of the Bethel Methodist Church. A native of Alcorn County, he was a retired lumberman. Following retirement he bought a farm three miles north of Rienzi where he lived until the death of his wife, Mrs. Alice Jobe, on May 19, 1964. They were an esteemed couple in the community.

He entered the Lodge in June, 1934, where his kind and wonderful disposition and outlook on life endeared him to employees as well as others making their home there.

Mr. Jobe was especially fond of a niece, Mrs. Lewis Earl Perry, who cared for his needs for a number of years.

He leaves one sister, Mrs. Mary Edge of Booneville; one brother, Joseph M. Jobe, Sr. of Jonesboro, La. and 3 nephews and 9 nieces.

Local Business

They said it couldn't happen again in 1966, but it is happening. After last year's records sales in automobiles, it seemed improbable to some "experts" that the market would still be wide open in 1966.

But the major auto manufacturers have already taken a new look at expected sales figures, and have revamped their production schedules toward another record year.

The sales of automobiles, America's largest trade activity, is a general index to the health of the national economy. The present trend, then, portends an exceptional year of activity at all levels of trade.

The expanding trade is engendered largely by product improvement and persistent and brilliant advertising.

Automobiles of 1966 are better, safer, and more varied in design than those of 1965. So people with money to buy are giving up a good product for a better product.

The large grocery store operates on a net profit of 2 percent. The low margin of profit is made possible only by very rapid turn-over of goods.

The store must sell products quickly or it will take rapid losses in spoilage and storage costs. Thus every effort is made by the grocer to eliminate chance in selling.

Some gamble is involved every time a new product is introduced to a store. But new products must be introduced, or any retailer is quickly left behind in competition for a consumer who is always looking for something better.

A large brokerage firm studying the demand for new products has found that 15 top selling grocery items were not even available to the public eight years ago.

The great problem of the retailer who wishes to sell goods at the lowest possible price through volume marketing is selection and promotion of new products. The problem has been solved by careful testing and intensive advertising.

Few people realize that the public plays a critical role in the selection of goods which eventually reach the grocer's shelves. For each new product offered on a national level at least ten products have been rejected in limited test markets.

The manufacturer knows that newspapers will sell a trial product or package if it can be sold at all. He uses newspapers to promote the new product in a few locations. If the public accepts the product after the limited tests, national distribution is effected. And again newspaper advertising is used to eliminate gamble in selling and to keep the price low.

For more than 1,000 years Chinese have been trying to gain control of South Viet Nam, but resistance to invasion has been strong.

Woman's Society 'Day On Campus' Is Held May 4th

Local presidents and secretaries of Campus Ministry, district and conference officers of the Woman's Society of Christian Service with a comparative representation from the New Albany District gathered in from the four corners of North Mississippi Conference, May 4, 1966, for the "Day on Campus" at the Ole Miss Wesley Foundation Center, Oxford, Miss.

Sponsored by the Ole Miss Wesley Foundation in cooperation with the Wesley Foundations in North Mississippi and the conference secretary of Campus Ministry, Mrs. R. E. Wesson of West Point, for the Woman's Society, with James L. Jones, director of the Ole Miss Foundation, in charge, the purpose of the "Day on Campus" was to acquaint the leaders of the Woman's Society of Christian Service with the campus ministry of state colleges by giving an on-the-ground study of the work.

Grass root conditions and endeavors were brought out in the panel discussions of the college foundation directors at the Oxford-University Youth Center, bringing out the need for meeting the needs of the college student in varied situations rather than emphasis on buildings, and displayed a spirit of cooperation between the Catholic, Presbyterian and Methodist workers.

The devotion for personal enrichment given by Mrs. Andy Peacock of Oxford and discussion by the Delta State group gave a proper introduction for the day's study as did the tour of Ole Miss Wesley Foundation. Comprehensive duties of the secretary of Campus Ministry in the local society were ably given by Mrs. Joe Bailey of Coffeeville, Mississippi.

Campus ministry was the central discussion for the noon hour and types of approach were suggested in the special blessing for the noon meal, the introduction game on reading books and the music of the two singers from California and Florida. The closing feature gave a summary-picture of the day's program.

Highway Department Awards Presented

Service awards were presented to thirty-nine employees of the Mississippi State Highway Department's 15 county Tupelo Highway District recently by Northern District Highway Commissioner Roy C. Adams at the district office in Tupelo.

Those receiving awards included: Prentiss County — L. H. Kilpatrick (5 year award); J. D. Trolinger (10 year award); G. T. Clauch (10 year award); P. W. Windham (10 year award) and C. M. Malone (15 year award).

Commissioner Adams said that these service awards were presented to department personnel in appreciation of their service to the schools owned and operated by the Southern Baptist Convention, New Orleans Seminary was founded in 1917. The 49 year old seminary has an enrollment of 771 students from 28 states and eight overseas nations. The school's 4,000 alumni serve in every state and more than 50 foreign countries.

Try To Introduce New Fish In State

On April thirtieth of this year, the Mississippi Game and Fish Commission transported 150,000 Rock Fish larvae from the hatchery at Monk's Corner, South Carolina to the U. S. Fish and Wildlife Service Hatchery at Tupelo, Mississippi. This is the second attempt to rear this species to fingerling size in Mississippi. The first attempt failed in 1965, when Fisheries technicians were unable to get the tiny larvae to feed.

This year the larvae were held in tanks until they were observed feeding. Then they were released into a rearing pond.

It will be four or five months before the success of this trial can be determined.

This species of bass can attain a size of 50-100 pounds and feed mainly on shad. Fisheries technicians believe it will be the best natural shad control yet devised for large reservoirs.

Bauman, Tupelo Division Manager of Blue Bell, Inc. announced last week that Mr. Billy Glover, Personnel Manager, has been named Manager of Personnel Relations for all of Blue Bell's plants in Georgia, Alabama, Mississippi and Oklahoma. He has been assigned to the Central Personnel Department in Greensboro, North Carolina but will continue to live and work from offices in Tupelo.

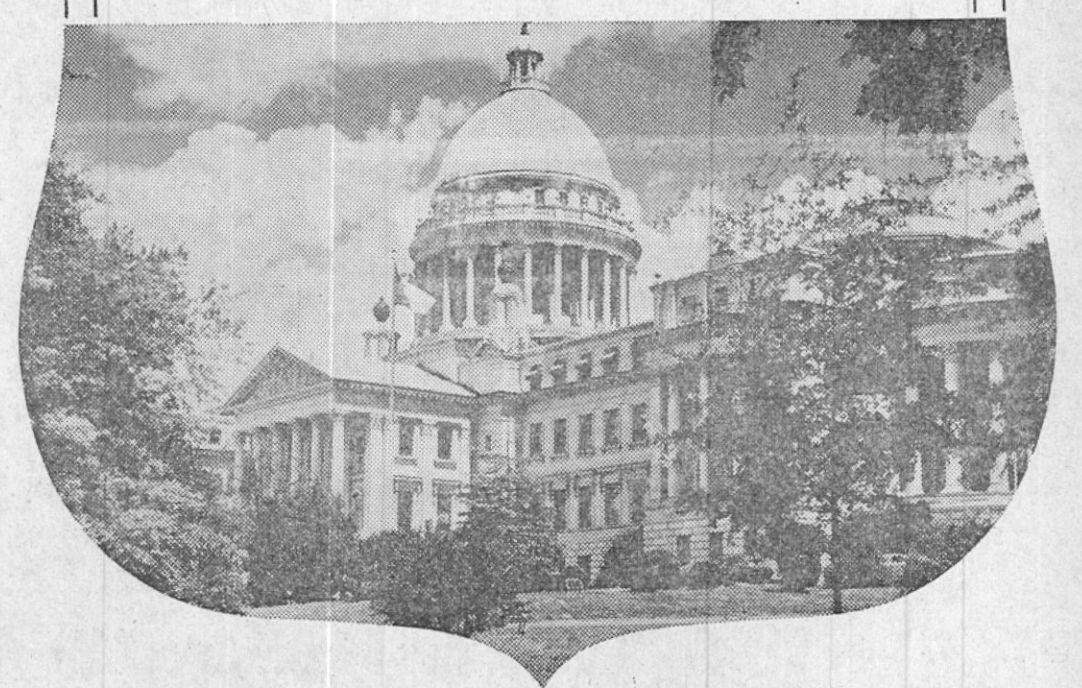

Mr. Glover is a native of Baldwin and has held various positions with Blue Bell there and in Tupelo, including Tupelo Plant Manager. He resides on Maynard Drive with his wife, Marie, and two children. He has been active in many civic affairs and is President-elect of the Luncheon Civitan Club.

He is being replaced in his former capacity by Mr. Jim Nelson, who came to Blue Bell from Continental Baking Company of Memphis in 1965.

Mr. Nelson is a native of Arkansas and resides in the Madison Arms Apartments with his wife, Jane.

He will be responsible for Personnel Relations in Tupelo, Baldwin, Booneville, and Ripley.

Prentiss County Saddle Club Has Rodeo Sat. Night

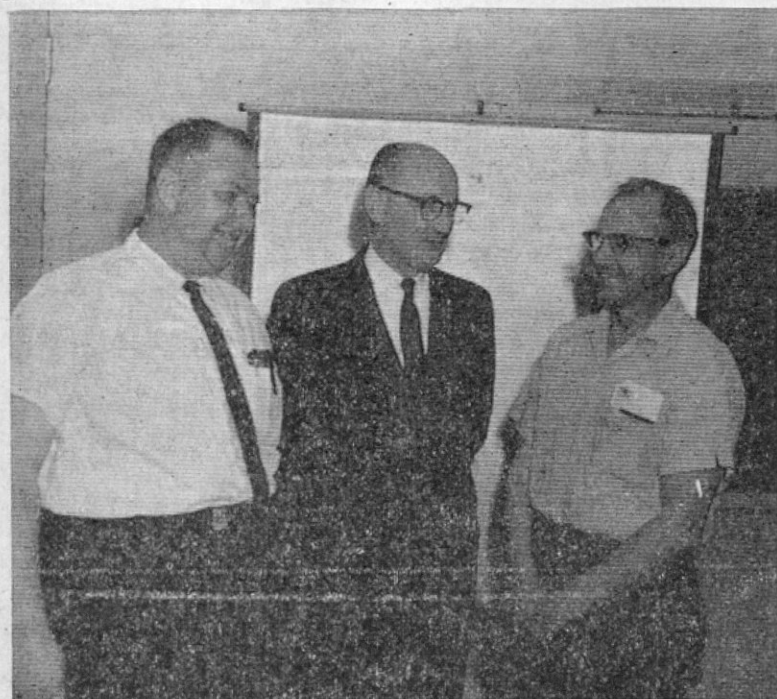

The Rodeo last Saturday night, sponsored by The Prentiss County Saddle Club brought riders and spectators from miles around.

There were 56 entered in competition, 27 entries from out of town. The stock producers were Temp Chapman from Ripley, Verell Wilhite from Kossuth, and Jerry Floyd from Booneville.

Pick-up men for the bronc and bull riders were Royce McDaniels from Tupelo, and Kenneth Wilhite from Kossuth.

The clowns play a big part in helping out the bull riders. They were Johnny Davis and Joe Ruthford, both of Booneville. Judging the bronc and bull riding were Malone Cartwright and Arthur Downs, both of Booneville.

To start the show off, Joe's Shoe Store in Corinth sponsored a Pleasure Horse class and presented trophy buckles to the following: Sad-

ENGINEERING CLUB — Mr. J. E. Thomas, center, Director of Gulf Coast Technical Institution (Division of College of Engineering of Mississippi State University) was guest speaker for the Northeast Mississippi Junior College Engineering Club. Shown with him are Mr. Hubert Pearson, left, chairman of Northeast Mississippi Junior College Engineering Department and right, Mr. H. H. Daws, Chairman of the Department of Natural Science.

WATERWAY SUPPORTERS TESTIFY — Supporters of the Tennessee-Tombigbee Waterway testified before the House and Senate Appropriations Subcommittee Wednesday and Thursday, May 4 and 5, seeking construction funds for the 281 million dollar canal that will connect the Tennessee River with the Gulf of Mexico. Shown here immediately following testimony before the House Subcommittee are, left to right, Tennessee-Tombigbee Waterway Development Authority Chairman, State Representative Rankin Fite, Congressman Bob Jones (D-Alabama), Congressman Tom Abernethy (D-Mississippi), Congressman Mike Kirwan (D-Ohio), Tennessee-Tombigbee Administrator Glover Wilkins, Congressman John Blatnik (D-Minnesota), Congressman Jack Edwards (R-Alabama) and Congressman Armistead Selden (D-Alabama). Mr. Kirwan is the chairman of the House Subcommittee and is a strong supporter of Tennessee-Tombigbee. Congressman Jamie Whitten (D-Mississippi) who is the second ranking member of the powerful House Subcommittee, was conducting hearings for Chairman while this photograph was being taken. Congressman Whitten presided over the Tennessee-Tombigbee hearings before the House along with Chairman Kirwan. Mr. Whitten gave a strong oral presentation before his colleagues in support of the waterway.

The winners in the Rodeo events were: Bull Riding — 1st. Jerry Bolden Holly Springs; 2nd. Jim Wilhite, Kossuth; 3rd. Jerry Davis, Booneville.

Calf-Roping — 1st. Royce McDaniels, Tupelo; 2nd. Dale Darwin, Corinth; 3rd. Lawton Purvis, Tupelo.

Prone Riding — 1st. James Hall, New Albany; 2nd. Jerry Davis, Booneville; 3rd. Larry Joyner, Holly Springs.

Junior Bull Riding — 1st. Tommy Davis, Booneville; 2nd. place tie between Barry Moore and Gary Bridges, both of Booneville; 3rd. Bob Donovan, Blackland.

Barrel Racing — 1st. Charles Lyons, Holly Springs; 2nd. place tie between Dwight Skelton of Holly Springs and Bobby Mitchell of Corinth.

The next big event for the Saddle Club will be the Trail Ride on the 28th and 29th of May. The route is being planned and will be discussed at the next monthly meeting on May 12 at 7:00 at the Pisgah School.

The Corinth Saddle Club is sponsoring a trophy Horse Show at their arena next Saturday night. All Prentiss County Club members are urged to participate and help support this club.

We want to thank all of those

who help to make this Rodeo a success. We are learning a lot about the problems and hope you stick with us as we learn to solve them.

Don't forget the meeting Thursday night and don't miss the Horse Show at the Corinth Saddle Club Arena.

Non-Highway Gas Tax May Be Credited On Income Tax

Most Mississippi taxpayers who use gasoline for non-highway purposes will no longer be required to file claims for refund of their gasoline taxes. Instead, they may claim the amount as a credit on their income tax returns, the Internal Revenue Service advised taxpayers today.

In general, a credit may be claimed for 2c or the 4c a gallon Federal gas tax paid on motor fuels used other than as a fuel in registered highway vehicles.

Transit systems furnishing scheduled common carrier public passenger land transportation service along regular routes may also claim such a credit for gasoline used in transit vehicles, within certain limitations.

Under the Excise Tax Reduction Act of 1965, credit against income tax for two cents of the tax on gasoline used after June 30, 1965, is claimed on the first income tax return for the first taxable year beginning after June 30, 1965.

This means that a calendar year taxpayer will first claim the credit on his 1966 return for gasoline used from June 30, 1965, through December 31, 1966. But if a refund of \$1,000 or more is payable during any of the first three quarters of the taxable year, a claim for refund may be filed for each quarter. Gasoline qualifies for credit purposes if it is used for cleaning tools, machinery, etc., or is used to operate motorboats, aircraft, fork-lift trucks, bulldozers, earth movers, etc.

The same is true for gasoline used in a highway vehicle if at the time of such use, it is not registered under the laws of any state, the District of Columbia, or any foreign country, and is not required to be registered under laws of the state in which it is operated or located.

This might include gasoline used in autos and trucks operating off the highway in connection with construction, mining, or timber projects. Farmers are entitled to claim credit on gasoline used on a farm for farming purposes.

Information on this subject may be obtained from your local Internal Revenue Office.

Pontotoc Herd Producing Milk At Record Level

STATE COLLEGE, MISS.—The Pontotoc Branch Experiment Station dairy herd is setting new records for milk production in the state. From March 1965 through February 1966, this herd averaged 15,430 pounds of milk and 564 pounds of butterfat per cow. Dairy Herd Improvement Association annual records are computed from September to September, but association officials say this is the first time that a rolling herd average for a 12-month period has exceeded 15,000 pounds.

B. C. Hurt, Jr., superintendent of the Pontotoc Station, says the Holstein herd descended from 17 grade heifers which were purchased in 1955. For a number of years the research herd was used in a study of producing milk for the manufacturing plants in the state. Mr. Hurt has recently published a five-year record of costs and returns for the period during 1959 to 1964. During this period the herd was composed of both Jerseys and Holsteins.

Throughout the five-year study period preceding the new record, the herd averaged 9,636 pounds of milk per cow per year. Exclusive

\$334 per cow and \$3.50 per hundredweight. Yearly cattle sales averaged \$2,788 and the inventory was increased \$550 per year.

Returns to labor and capital averaged \$4,988 for the herd, \$129 per cow and \$1.35 per pound of milk. During this time the average num-

ber of cows milked was 38.6.

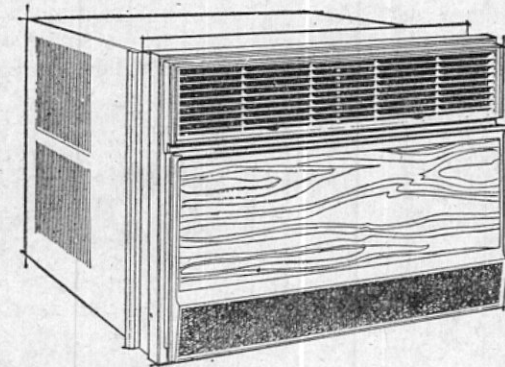

Mr. Hurt's report is published in detail in the May issue of Mississippi Farm Research, available on request from the Experiment Station at State College, Mississippi. After completion of the study on producing milk for manufacturing,

the dairy project was converted into a Grade A operation.

Only a remnant of a once sizeable population of the Aleutian Canada goose remains. A few are seen nesting on the Aleutian islands.

REAL ESTATE

HERE IT IS

The place you have been looking for. The dream come true. 50 acres with lovely brick home on Highway 4 West and only two miles from city limits. Excellent pasture land, 9-acre cotton allotment. House only three years old, brick veneer, 3 bedrooms, two baths, large living room, big combination den and kitchen, utility room, double carport, central air conditioning and heating. Orchard, grape arbor, barn, small tenant house, storm house, three stock ponds. I have had many calls for this size farm near town but the first one I have had to offer for sale. Walk out on the ridge to the rear of the house and you will see the most gorgeous view in Mississippi and now all of this can be yours.

 Mid-Week Bible Study, Wednesday—7:00 p.m.

How wonderful to see God through the eyes of a child. The wonder of bright blue eggs in a nest of twigs, the path of the wind through tossing treetops, moonlight dancing on a lake. All these are to him the fingerprints of God.

Too often we are caught up in a world of worry and concern. Worrying how to make ends meet, we forget to stop and see God in the world around us. Jesus said, "Whosoever shall not receive the Kingdom of God as a little child shall in no wise enter therein."

Your church offers you moments of worship and inspiration, so that you may see all things bright and beautiful and find for yourself the Kingdom of God as He reveals it daily through the beauty of His earth.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-

larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

HOME ECONOMIST'S NOTES

By CLAIRE T. ROSS, Extension Home Economist

A good time to plan your meals is when you are hungry. Get a pencil, some paper and write down your plans for daily food needs for your family.

As you plan your meals, work each day's menus as a unit. Don't worry about balancing each meal. It doesn't make a lot of difference when you eat what as long as you include the needed foods in your meals for the day and don't eat too much. If you or members of your family eat snacks between meals, plan them along with the meals.

Planning your meals for three days to a week in advance saves time and helps save on your grocery bill. It should also save time in preparing meals. Remember, meal planning is only a plan, not a binding contract. You can make changes at the last minute if it will help you and the meal.

The lower your food budget, the more important it is for you to spend time planning and preparing meals carefully. Time you spend making tasty, attractive dishes from low cost foods means saving money and pleasing your family's appetite. The cost of food is no indication of its nutritive value.

The age and activity of the members of your family will determine the kind and amount of food they need. As you make your meal plans introduce new and different foods occasionally, as well as serve family favorites. Liking a wide variety of foods is a health and social asset.

Keep Hair Clean

Did you know that hair picks up more dirt from the air in an hour than the rest of the body does in a day? Hair is also subject to a "rear attack" from perspiration and oils from the scalp. What better reasons to shampoo often? Furthermore, clean hair has more luster and is more manageable.

Store Only Ripe Tomatoes

Most tomatoes you find at your grocery store are picked at the "mature green" stage, shipped to the store and sold at a stage ranging from two to four days from full ripeness.

If you put these tomatoes in your refrigerator, they won't ripen any more as far as color and flavor are concerned. Putting them in the refrigerator does slow down softening. But, for better tasting and more colorful tomatoes, keep them out of the refrigerator until they are fully ripe.

Repot Pot Plants

Don't put off the job of repotting your pot plants. In the pots that should be slightly larger than the old container, put a new soil you have enriched with one-fourth pound commercial fertilizer to each bushel of soil mixture.

You can make a good potting soil of one part leaf mold, two parts garden loam, one part rotten manure and one part sand. Mix all materials thoroughly.

Roy Martin Day Set For May 14

Former band students and long-time associates of Roy M. Martin are planning to honor him with a banquet, concert, gifts and the establishment of band scholarships to be given each year to the outstanding student in the Lions' All-State Band. Martin has served as manager of this group for sixteen years.

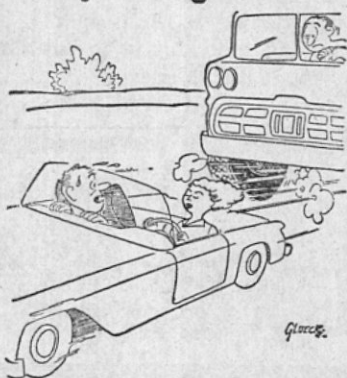

For more than thirty-five years Roy Martin has been one of the strongest influences for the recognition and training of bands and band members in the South. His friends are paying tribute to him because of his untiring efforts and accomplishments in behalf of instrumental music in the schools.

Honored guest and speaker at the banquet will be Dr. William D. Revelli of the University of Michigan. Toastmaster will be Everette Roberts, St. Petersburg, Florida. Both have been personal friends of Martin for many years.

The University of Southern Mississippi Band will give a special concert at 8 P.M. The band is under the direction of Dr. William J. Moody. Guest conductors will be Revelli and Martin. The concert will be open to the public.

Special Martin Certificates are to be issued to all directors who have won first division in concert at the State Band Festival. The date of the first honor is to be inscribed. This honor is to be retroactive.

S&H Ideabook New Edition Out

The 1966 edition of a perennial American household favorite—the S&H green Stamps Ideabook—is being introduced Thursday, May 12 at Sunflower No. 42 and other S&H merchants in Booneville.

This edition marks the 70th anniversary of The Sperry and Hutchinson Company, nation's oldest and largest trading stamp firm. S&H was founded in 1896.

The 1966 edition, biggest the firm has ever published, contains 188 pages and some 2,000 items, according to Leland Barnett. There are 56 categories for stamp-savers to choose from, he revealed. Approximately 37 percent of the merchandise displayed is new this year.

Mr. Barnett said the 1966 Ideabook continues the trend, started a few years back, to provide a broader selection of leisure time items. As an example of this, he said that skiing and horesback riding equipment was being included for the first time.

Also new this year Mr. Barnett said were the teen-age bedroom sets and Spanish-style furniture. And among other new items, he listed were a sportscycle, automatic pet feeder, portable clothes dryer, electric manicure set, solid-body electric guitar, teflon-coated sole plate iron, and a battery operated carving knife.

S&H expects to distribute about 32 million catalogs this year, Mr. Barnett said.

SOYBEANS A TOP CROP

Soybean popularity is spreading especially fast in the South, and Mississippi is the nation's eighth largest soybean producer from the standpoint of acres. Last year, soybeans were planted on 1,459,000 acres. Last year, 32 million bushels were produced as compared with 24 million in 1964. Ours is also one of the largest soybean processing states with a capacity to crush 65,000 bushels a day in mills located at Clarksdale, Jackson, Marks, Greenwood, and Leland. The soybean is one of the most versatile farm crops, and requiring less cost and labor than many other profitable crops, has definitely come into its own as a money-maker for producers.

Georgia led the nation in production of broiler chickens last year for the 15th consecutive year. Arkansas was second.

Prentiss ASCS County News

By CHARLES E. CALVERT, Office Manager

MAY VOTE TO BE HELD ON COTTON ALLOTMENT TRANSFERS

Cotton farmers in Prentiss County will vote this month to decide whether they want to be able to sell or lease their cotton allotments outside the county. The referendum on the question will be conducted by mail during the period May 16 through May 25. Ballots may also be delivered by hand to the ASCS county office. The only question to be decided by the balloting in whether upland cotton allotments may be transferred during the next three years to other farms outside the county which are owned or controlled by someone else. Such transfers may be made by sale or by lease. In no case may transfers be made outside the State. An affirmative vote by at least two-thirds of the county's cotton farmers who vote will permit such transfers for the next three upland cotton crops, 1967-69.

A referendum on the same question was conducted last fall throughout the cotton belt, and growers in 349 counties at that time approved the allotment transfers. The vote this May will be held only in counties which disapproved such transfers in last fall's vote.

The upcoming vote by mail marks a first in program administration. Farmers previously have been able to vote by mail in annual ASCS committee elections, but the method has never before been used in a commodity program referendum. It is easy to vote by mail, and we hope all producers will vote. The vote should be fully representative of the wishes of cotton farmers in our county.

Copies of the ballot are being sent to all cotton producers of record in the county, together with information describing the program's purpose and operation. Any cotton producers who have a question about the referendum or about who is eligible to vote, is urged to get in touch with the ASCS county office.

1966 COTTON PROGRAM TO ELIMINATE MARKETING CARDS

There'll be an old familiar friend missing late this summer when cotton farmers start to take their crop to market. That friend (to

most farmers) is the cotton marketing card which the farmer had to carry with him and present to the buyer so a proper record could be made. The white card showed that the cotton was free of marketing quota penalties — grown within the farm acreage allotment, and the red one meant "overplanted cotton."

Orville E. Bostick, Chairman of the Mississippi Agricultural Stabilization and Conservation State Committee, said today that doing away with the cotton marketing cards for 1966 and succeeding crops will save thousands of dollars in administrative costs.

Cotton farmers traditionally have cooperated fully with the acreage-quota program, and "overplanted" farms through the years have been few and far between. Such penalties as had to be applied — on cotton from an average of about one farm per county — were collected without difficulty.

So a simpler method of operating the quota program has been developed, based on the experience of prior years. This calls for discontinuing the use of marketing cards as a means of identifying cotton for marketing quota purposes.

In brief, ASCS county offices in the future will maintain a list of overplanted farms within the county as well as farms from which the cotton is ineligible for a loan. Notices will be sent to operators and producers on such farms regarding the penalty due and the lien on the crop. Notices listing the names of producers and the farm numbers of overplanted farms will be furnished to surrounding county offices, cotton buyers, ginners, loan clerks, cooperatives and other first handlers of cotton, and to the New Orleans ASCS Commodity Office. Any marketing quota penalties due will be collected at the time cotton is first offered for sale in much the same way that the penalties are now collected.

Where the producer requests the disbursement of a cotton price support loan at a county office other than the office which maintains the program records for the farm on which the cotton was produced, he will be required to present a statement from the county office which

Men And Women Are Eligible To Enroll In Nursing Program At NE

(This is the twelfth in a series of sixteen articles featuring the academic departments of the Northeast Mississippi Junior College)

By Mary Robinson
BOONEVILLE, MISS., May 9 — Nursing is as old as life itself. In one form or another, nursing was practiced among the earliest of peoples.

Some years back the people of the Northeast Mississippi Junior College District became concerned about this age-old profession. Appropriate steps were taken to establish a Division of Nursing Education and to develop the first Associate Degree program in nursing within the State of Mississippi, and in 1957, the Northeast Department

has his farm record showing that (1) the producer and his cotton are eligible for a price support loan, (2) that the producer's name does not appear on the county office record as owing money to government, and (3) that the producer does not owe an installment on a farm storage facility or dryer. The new method will become effective for the 1966 and succeeding crops of both upland and extra long staple cotton.

which contribute to the well-rounded development of the individual, may be completed.

Included in the nursing curriculum are the courses, Fundamentals of Nursing, Maternal and Child Health, Nursing in Physical Illness, Relations in Nursing, and Psychiatric Nursing.

The student of nursing also receives clinical practice in North Mississippi Community Hospital, Tupelo; Northeast Mississippi Hospital, Booneville; and Florida State Hospital, Chattahoochee, Florida. Clinical practice may also be secured in clinics, physicians' offices, nurseries, industry, public health agencies, and schools as appropriate for learning experiences.

The organization, Student Nurses Association, is a member of the Mississippi Association of Student Nurses and the National Student Nurses Association.

The purposes of the organization, with membership limited to nursing majors, are to encourage growth of its members in citizenship and leadership, and to promote interest in the nursing profession. Carolyn Bishop, Booneville, serves as president; Faye Pierce, Cherokee, Alabama as 1st vice-president; Pat Huebschman, Ripley, as second vice-president; Anna Pharr, Booneville, as recording secretary; Kaye Ratliff, Booneville, as corresponding secretary; Billy Meeks, Corinth, as treasurer; and Libby Gross Iuka, as chairman of the Nomination Committee.

Upon graduation the student receives an Associate of Science in Nursing Degree and is eligible to write the licensing examinations given by the Nurses Board of Examination and Registration of Mississippi. The Registered Nurse (R.N.) license is received by the community.

Rites Held Sunday For D. W. Hopkins

Funeral services for Mr. Dewey Wister Hopkins of Booneville, Rt. 5 were conducted Sunday afternoon in the chapel of McMillan Funeral Home with Bro. Earle Greene and Bro. Billy Roby officiating. Burial was in the Booneville Cemetery with McMillan Funeral Directors in charge.

student upon successful completion of this examination.

The Northeast Department of Nursing is fully accredited by the Southern Association of Colleges and Schools and by the Board of Trustees of Institutions of Higher Learning, State of Mississippi. The Northeast Mississippi Junior College is fully accredited by the Southern Association of Colleges and Schools and the Mississippi State Accrediting Committee, and is a member of the State Association of Colleges and the American Association of Junior Colleges.

The nursing faculty are Mrs. Charles Parker, Chairman; Miss Christine Maxcy; and Mrs. Suzanne S. Meeks.

Northeast looks with pride to its nursing graduates, found involved throughout the junior college area in various aspects of health care. Some of these students have had additional preparation and are now functioning in areas such as Public Health Nursing, Anesthesiology, and Nursing Education. Others are functioning at the hospital bedside giving individualized care to you, your family, and your

COUNTY AGENT NOTES

HOME GARDENING

May is a big month in the home garden. You can plant all the summer, long-season vegetables and if you hurry, mustard, turnips and radish.

Keep a close watch for garden bugs. Get some mulching material and use it. This will help keep down weeds and grass and will conserve moisture.

Keep the garden producing at its peak. Harvest vegetables when they are at the proper stage of

maturity and make the harvest a thorough one. Leaving just a few cka pods or cucumbers will lower production of the plants.

Get your copy of the garden, fruit and flower guide from this office.

PEACE CORPS
The Peace Corps needs 1,000 agricultural volunteers this summer. The corps will send 500 volunteers to serve in famine-threatened India. If interested check by our office. The drive to recruit volunteers for work in agriculture will continue throughout the summer due to the increased commitment of volunteers to India.

PASTURE WEED CONTROL
A dollar's worth of chemical to the acre (2-4-D) will double pasture production on many summer pastures, especially if weeds have been taking over in the past. Bit-terweeds, goat weeds and cypress weeds are up and growing. If you do not get rid of them they are likely to take over the pasture during the summer and fall.

DAIRY NOTES
Not pleased with your total milk

production? Many dairymen are not! There are two ways to increase it:

First, work toward increasing the production per cow in your present herd. Average production per cow on DHIA in Mississippi is 2,461 pounds less than the average for the 11 southern states. If we can get our production just up to the average, we would be lots better off financially.

The other method of increasing total herd production is to add more cows. But before you do, ask yourself if you are doing a top job with your present herd. Many times a man doing a below average job with a small herd does a worse job with a larger herd.

Fishing boats now travel thousands of miles at sea because they are equipped to process and freeze the catch without returning to the home base.

Welfare Payments Down In April

Miss Evelyn Gandy, Commissioner of Public Welfare, said 116,792 payments in the amount of \$4,529,671 were made to recipients of the four programs in April 1966.

This was a decrease of \$70,531 from March. An average monthly grant of \$38.67 was made to 73,406 aged people; 2,485 blind people received average monthly grants of \$45.61; there were 68,337 dependent children who received an average of \$9.64; and 26,138 permanently and totally disabled received \$45.63 as average grants.

Private hospitals provided hospital care for 1,179 old age assistance recipients and 17 aid to the blind recipients. Cost of Hospital Care totaled \$158,606.60 of which \$156,238.94 was for old age assistance recipients and \$2,367.66 for aid to the blind recipients. Each recipient is eligible for a maximum of

20 hospital days each year.

There were 858 children in foster boarding homes at a cost of \$37,547.12 paid from federal, state and local funds. Most of these children are dependent or neglected.

SWEETPOTATO PLANT GROWERS LIST

A list of all Mississippi Certified Sweetpotato Plant Growers is prepared by the State Plant Board. This list will contain the names and addresses of the certified growers and will also give the varieties and bushels bedded for the production of plants. Certified sweetpotato plants are tied in bundles of 100 with official certificate tape which gives the grower's number and year of production. The sweetpotato tape this year has blue edges and is printed in blue ink. Sweetpotato plants which are not tied with official certificate tape and accompanied by a valid Mississippi sweetpotato tag giving

the name and address of grower, the number and variety of plants, are being sold illegally. Such boot-leg plants may be diseased and infect the soil so that potatoes cannot be profitably grown on it for

many years. Requests for the list of Certified Sweetpotato Plant Growers should be addressed to the State Plant Board at State College, Post Office Box 1538, to a limit of 90 days.

After the first 60 days of hospital confinement under medicare, the patient will pay \$10 a day up to a limit of 90 days.
