## Work To Resume On The Airport

Plans are underway for Worsham Brothers of Corinth to resume excavation operations on the Booneville-Baldwyn Airport.

They are expected to move two crews of dirt moving equipment, that is, 4 or 5 motor scrapers, to the airport job on August 22nd, and expect to complete the work within 2 1/2 to 3 weeks.

If plans proceed according to schedule, the base work will be completed and the project ready for paving in early 1967.

The electrical, fencing and other incidental items can be done during the winter and the only items to be done in the spring will be the paving and grassing.

## Civil Defense Unit Will Be Organized Here

Mr. Vernon Hammons of Jackson, Mississippi, Assistant Director of the State Civil Defense, will meet with a joint session of the Prentiss County Board of Supervisors and the Mayor and Board of Aldermen in the City Hall at Booneville at 7 o'clock, Thursday night (tonight) August 18th.

Mr. Hammons will present the necessary information for the organization of an active Civil Defense Unit for Booneville and Prentiss County.

## Registration For Evening Classes At NEMJC August 25

Carolyn is the daughter of Mr. and Mrs. Travis Brasel of Booneville.

## Two-Year Data Processing Program At Northeast Is Valuable Addition

The student with a yen for business who enrolls in September at Northeast Mississippi Junior College will discover a valuable addition of data-processing equipment to the business department.

Through the joint efforts of the Northeast Board of Trustees and the Vocational Division of the State Department of Education, the program in Electronic Data Processing Technology has been made possible for the students of Northeast.

During the two-year program in data processing, the student will learn to program and operate all the equipment, which includes an accounting machine, a card sorter, a verifier, a card key punch machine, a collator that merges and compares sets of data, and a reproducing punch.

The curriculum requirements and the newly acquired data-processing equipment will involve the student in a learning process up to the computer. Northeast President Harold T. White stated that the college is optimistic about securing a computer by the time the student is ready for that phase of training.

The data-processing curriculum will include Principles of Computing Machines; Applied Data Processing; System, Design, and Development; and Computer Programming Concepts. Students who enroll in the program will also be required to take several basic college courses.

John Tomlinson of Kossuth will be the instructor in data processing. Mr. Tomlinson, along with business instructors O. C. Robinson and David White, attended a Data Processing School sponsored by the International Business Machines Corporation at Hinds Junior College during the summer.

The annual meeting of the members of the Prentiss County Electric Power Association will be held on Friday, August 26th, at 10:00 o'clock.

The following members have qualified as candidates for Directors and their names will appear on the official ballot: Joe W. Duckworth and Percy T. White, first district; J. M. Green and Russell B. Hill, second district; G. B. Grisham and Hollis R. Smith, third district; J. Mack Goodwin and W. A. Gray, fourth district; Edwin Brown and Dramon Williams, fifth district; Paul C. Ellzey, J. H. Gardner and L. H. (Tate) Oakley, county at large.

One hundred members present in person shall constitute a quorum for transacting of business at the meeting of the members.

Any person, firm, corporation or body politic who owns a membership in the cooperative and such membership is active and in good standing at the close of business

hours on August 5th shall be entitled to one and only one vote regardless of the number of memberships owned. Memberships in the name of a person may be voted only by the person owning such membership.

Voting will be held in the PCEPA building in Booneville or Baldwin on June 23, 1966, your Electric Power Association announced a rate reduction to all members. This new rate reduced electric bills an average of 10.2 per cent and will save the members an estimated one-half million dollars during the next five years. Only two other Electric Power Associations in the entire TVA area, and possibly in the nation, provide members with electricity at a rate as low as this rate adopted by the association.

"During this (1961-1966) five year period, the depreciated value of the Electric Plant has increased some three quarters of a million dollars, while the cash on hand has increased approximately \$300,000.00. The total assets of your Association now total \$3,132,000.00 an increase of more than a million one hundred thousand dollars in the last five years. We owe REA \$283,456.00 as of June, 1966."

J. W. Abernethy, manager, states "On June 23, 1966, your Electric Power Association announced a rate reduction to all members. This new rate reduced electric bills an average of 10.2 per cent and will save the members an estimated one-half million dollars during the next five years. Only two other Electric Power Associations in the entire TVA area, and possibly in the nation, provide members with electricity at a rate as low as this rate adopted by the association."

## Further Developments Announced On Community Water Systems In County

The Farmers Home Administration this week announced final approval of a loan of \$160,000 to the Jumpertown Water Association for the construction of a community water system. H. C. Smart, association president, was advised Wednesday by phone from Senator James Eastland's office in Washington.

The loan will finance the construction of a deep well, storage tank, pipe lines and meters to serve 480 people in the Jumpertown area.

George Lauderdale, president of the Thrasher Water Association, was also advised in a telegram from Representative Thomas G. Abernethy that the FHA has approved a loan of \$174,000 to that association in Prentiss County for a deep well, storage tank and distribution lines to serve 700.

The Mississippi Public Service Commission stamped its approval on a Certificate of Public Convenience and Necessity for the Wheeler-Franktown Water Association, Inc. to begin construction, when ready, on a \$166,000 water association for Prentiss County.

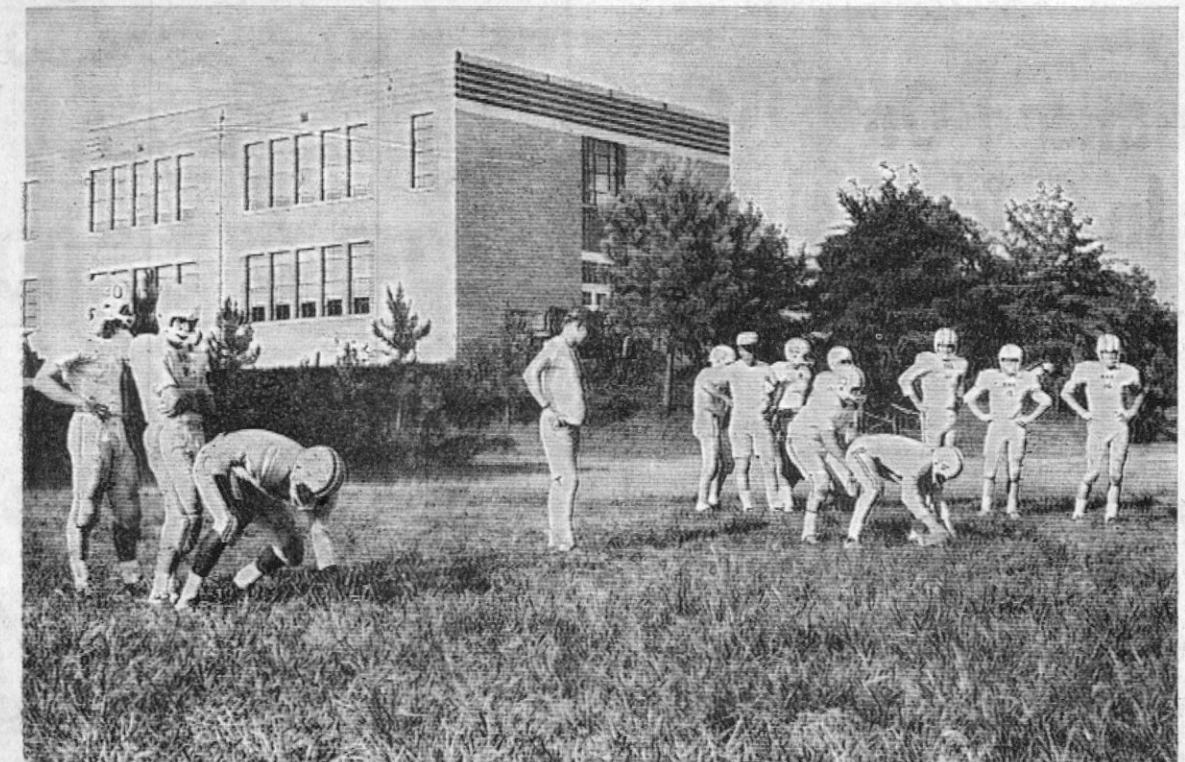

In approving the system, Public Service Commission Chairman, D. W. Snyder of Eupora, stated that at present 174 families will receive a modern water supply. There are approximately 227 resident and small commercial customers in this community and all will be offered service. In addition, there are 15 potential customers in the outer limits of the certificated area. This system is so designed to accommodate in excess of 300 customers, upon completion, without any plant addition.

The basic design consists of one well, capable of yielding 120 gallons of water per minute. One 75,000 gallon, elevated storage tank will supply water to more than 65,000 feet of water main lines. These lines vary in size from 2 to 8 inches.

The system will provide fire protection starting with 14 fire plugs strategically located throughout the system.

Officers of the association are: Willie T. Moore, President; Arvil W. Smith, Secretary; James W. Franks, A. E. McCoy, and Truman L. Huddleston, Directors. Donald Franks is the association Attorney and T. O. Mabry, Jr. is the Engineer.

Final approval of a \$207,000 loan to the Big W Water Association for a community system was announced last week.

### Miss Brenda Bruce Lester Becomes Bride Of Joseph Danny McClung In Ceremony Aug. 13

In a setting of candlelight and simplicity, Miss Brenda Bruce Lester and Joseph Danny McClung were united in marriage Saturday, August 13, at 7:00 p.m. The Rev. W. R. Richerson, pastor of the First Methodist Church, officiated. Miss Martha George of Booneville presented an impressive selection of soft music during the ceremony. The Rev. Huey Wood, soloist, sang "Whither Thou Goest" and "The Wedding Prayer," while the bride and groom knelt at the altar.

Miss Bonnie Breedlove of Booneville served as maid of honor. Her floor-length dress was of pink organza and lace. She carried a single hot pink gladiolus and wore a head band of pink velvet.

Mitzi Young of Bruce, Miss., niece of the bride, served as flower girl. She wore a floor-length tiered dress of pink cotton and carried a basket of pink rose petals. Her head band was of pink velvet.

The bride entered on the arm of her father, wearing a white satin floor-length gown. The gown, created by the bride's mother, featured a round neckline with lace medallions and pearls covering the bodice. The long pointed sleeves closed

with four miniature buttons. Her train, fell from the waist line in double pleats. The shoulder-length veil was held in place by a crown of lilies of the valley and pearls.

Mike Anderson of Baldwin served as best man. Ring bearer was Bob Dawson of Booneville. Ushers were Buddy Smith of Marietta, Johnny Young of Bruce, brother-in-law of the bride, Bootsie Nulley of Tishomingo and Jerry Medley of Memphis, cousins of the groom. The pink candles standing in pewter candelabra among baskets of pink and white gladioli and lilies were lighted by Buddy Smith and Jerry Medley.

For her daughter's wedding, Mrs. Lester wore a beige two-piece linen and lace dress with beige accessories.

Mrs. McClung was attired in a pink palisades three-piece suit of linen. Her accessories were black patent. Each mother wore a white carnation corsage.

While the wedding party formed a receiving line in the foyer of the church, Misses Dorothy Carol and Bertha Elizabeth Moore, Debbie Cole and Patti Young passed rice bags among the guests.

As her going away costume, the

## Miss Devonn Stanford Becomes Bride Of Arthur Southern At Ripley, Tenn., July 17

Miss Devonn Stanford became the bride of Arthur Southern in a lovely church ceremony on July 17 at the Scenic Hill Baptist Church in Ripley, Tenn. The church pastor officiated in the lovely double-ring ceremony before a background of lighted candles and a gladiola arrangement.

The bride was given in marriage by her brother. She wore a dress of bridal satin with a train overlain with lace. Her bridal bouquet was an arch from which cascaded streams of ribbon tied in love knots. Her matron of honor was Dean Ott, while the bridesmaids were Aileen Highland and Judy Highland. Serving as best man was Jim Stevenson and ushers were Douglas Downer and Charles Ricketts.

The bride's mother wore a light blue silk dress with white accessories, while the groom's mother was attired in a navy blue silk dress with white accessories also.

The reception was held in the home of Mrs. Dorothy Dean Scott, sister of the bride.

The bride, the former Miss Devonn Stanford, is the daughter of

Mrs. Mary Frances Stanford and the late Mr. Stanford of Memphis, Tenn. Mr. Southern is the son of Mr. and Mrs. D. P. Southern of Booneville, Miss.

After a short wedding trip the couple is making their home in Memphis, Tenn.

## NOTICE

As elders of the Booneville church of Christ we wish to express ourselves on the forth-coming liquor election. We have never been in favor of the use of alcoholic beverages in any fashion. We recognize that drinking such intoxicants is contrary to all Bible teaching. Anything that can be rightly done to help keep anyone from drinking such liquor we are willing to do. We believe that one way to deter such drink is to keep it illegal. For this reason we expect to vote AGAINST liquor on August 30th. We ask that you vote against legal liquor.

MR. AND MRS. GARY CHITTON

## Miss Peggy Jean Downs And Gary Chittom Exchange Vows At Carolina Church Aug. 4

Miss Peggy Jean Downs and Gary Lynn Chittom of Booneville exchanged wedding vows August 4 in the Carolina Methodist Church.

The Rev. Huey Wood officiated and music was provided by Jerry McCombs, pianist, and Mrs. Evelyn McCombs, vocalist.

The bride is the daughter of Mr. and Mrs. Edward Downs of Booneville and the groom is the son of Mr. and Mrs. William S. Chittom, also of Booneville.

The bride's dress was fashioned of white brocade interwoven with golden threads. It was of empire design with a rounded neckline. The raised waistline was accented by a bow of matching material. Her veil of illusion was attached to a pearl

## Jumpertown 4-H Club Meets

On Thursday, August 4, the Jumpertown 4-H Club met in the home of Mrs. W. R. Sweeney.

The following officers were elected: Eddie Alexander, president; Frankie Eaton, vice-president; Carol Wallis, secretary; Joyce Sweeney, treasurer; Kathy Eaton, reporter; Renate Strickland and Sharon Sweeney, devotional and song leaders; and John Wayne Eaton, parliamentarian.

After a discussion of the business, the club participated in a number of games, and refreshments were served by Mrs. Sweeney and Mrs. Bud Eaton.

The next meeting will be held Thursday, September 1, at 7:00 p. m. in the home of Mrs. John Eaton.

## NOTICE TO BIDDERS

The Board of Trustees of Northeast Mississippi Hospital will receive bids at the office of the Administrator until 2:00 p. m. August 29, 1966, to furnish and install a 75 ton reciprocating water-cooled cold generator.

Specifications are on file at the office of the Administrator and a copy may be secured by request. The bidder will be responsible for personally inspecting the location to determine all installation requirements, such as electrical connections, water connections, access to area, space available and shut down time permitted, etc.

Alternate: Bid same as above less allowance for old equipment. The Board reserves the right to reject any and all bids ordered this 17th day of August, 1966.

## HOME OWNERS!

Here Are Some Questions We Think You Should Consider Before Cold Weather.

- ? Should you insulate NOW for greater comfort and fuel saving this winter?
- ? Should you get that new roof NOW before the hard winter storms begin?
- ? Should you paint NOW to give your home greatest protection this winter?
- ? Should you add that needed room NOW before winter makes building difficult?
- ? Should you call on us right NOW for advice and any help you may need?

MRS. ED JOHNSON

Mrs. Paul Spencer brought a Booneville Banner of September 7, 1923 by the newspaper office this week. We have the files of the Independent since it began in the early 20's, but our files for the Banner do not begin until the 40's, so we enjoyed seeing this one.

The front page carried mostly advertising with a half-page ad for Phillips-Rinehart-Tays Co. announcing their new fall millinery and stating that Mrs. Alice Cunningham "would take pleasure in serving you". Also in the issue was a page ad for Gray and Company, The Real Cash Store.

The paper was found in a home formerly belonging to Mr. T. J. Wynne.

The "locals" boosted the Boy Scouts, asking for aid by attending a show they were staging.

Others read: "Miss Kate Miller of Baldwin has accepted a position in the sales department of Abe Rubel & Co. in Corinth"; "Bashful admirer, when you don't know what to say, send your photograph" and "If you owe The Banner anything, drop around and pay it or send your check. It takes a little money to keep the wheels in this establishment greased." "Muse and Pounds are making prices on goods that appeal even to people who do not need them."

Still more: "A good way to help your friends is to stop working them." "When your digestion is poor, tell your wife how beautiful she is. She will be more careful" and "If we all thought alike, life would become so tame we would soon cease to think."

Kenneth Pounds, who recently spent a few days vacationing in Mazatlan, Mexico, received a letter from the U. S. Department of the Interior, Woods Hole Oceanographic Institution of Tiburon, California saying, "Thank you very much for assisting in our conservation efforts by tagging and releasing the fish you recently caught. We will keep you informed of all development in this program." Mr. Pounds said he and his brother-in-law caught 14 fish, tagged 13 and turned them loose, and kept only 1. It will be interesting to know where the fish turn up next.

"Please Don't Hurt My Little Girl" is getting to be published almost as much as "Yes, Virginia, There Is A Santa Claus," but with school starting Monday, I wanted you to read it again.

"Dear Driver: On Monday, August 29th, our daughter Brenda who is six years old starts to school. She will wear a dark blue dress with a white collar. She will have on black shoes with colorful anklets. Her older brother will probably run ahead for an early trip to school and our younger children will wave goodbye as she starts off to the hall of learning."

"Last night we talked about school . . . you know, all those tremendously vital important things, and then she went to bed . . . She's asleep now . . . with 'Princess Elizabeth' (that's her doll) cuddled in her right arm. You guys wouldn't hurt her would you? You see . . . I'm her Daddy. When her doll is broken or her finger is cut or her head gets hurt, I can fix it . . . But when she starts to school . . . crosses the streets, then she's in your hands."

"She's a sweet girl and I'm proud of her. She can run like a deer and dart about like a chipmunk. She likes to ride horses and swim and hike with me. But I can't be with her all the time . . . I have to work to pay for her clothes and education. So please help me look out for her . . . Please Drive Carefully . . . Please Drive Slowly . . . Please drive so carefully past schools and intersections . . . And Please remember that children do run from behind parked cars. Be Careful . . . Please help take care of my little girl!"

"We are always complaining that our days are few, and acting as though there would be no end to them." Anon

"There is only one way to get ready for immortality, and that is to love this life, and live it as bravely and cheerfully and faithfully as we can." -Anon

It's 8 o'clock, press night, and all the things I had thought about, this past week, to write about, have hidden themselves in my brain . . . would you believe "head".

Till next week

Helen

### HOW TO FIND A GOOD LEADER

Elections are coming up soon and we have more to come for the next twelve months. Men and women will differ on the selection of officers and upon the issues of the day. When we lay aside all prejudice and do our best for what we think is right, we don't often make mistakes.

We read a story from one of Russell H. Conwell's books that sets forth some of the qualifications for a public official worth consideration. The story goes that many years ago in one of the smaller countries the ruler who had served so well for fifty years died. He had been such a wonderful ruler that the people wanted him to be succeeded by some of his relatives. But when the truth was known, he had no living relatives. The people were desperate. Finally they called the astrologers together for consultation. After much deliberation the learned men advised that if a man could be found that the animals would follow, the sun would serve, the wind would obey and that mankind loved, he could ascend the throne and all would be well.

Different men were sent out in different directions. One man went far up into the mountains. As night descended he approached a little cabin and came face to face with the man who lived in the lonely place. He asked if the owner would take him in for the night and he was kindly received. After supper the traveler was given a little bed next to the wall. In the deep of the night he was awakened by the howl of the wolves, the roar of the lion, the growl of the bear and the shrill cry of the hyena. Terrified the guest called out to his host. "Don't be afraid," answered the host, "The animals are sick and in a common cause they are coming to me for help." As he talked he opened the door and the animals followed the woodsman to the far side of the house. He picked up a big armful of herbs and carried it to the yard. The animals followed him and ate heartily. In a little while they were relieved and went their way.

When the traveler got up for breakfast the sun was shining brightly but there was no fire to cook the meal. The woodsman removed a piece of bark which covered a little prism and the sun focused on the small pile of kindling. Soon there was a crackle and the blaze came up. Then the host asked his friend to take the horn and go out to the little river and bring water for the meal. The waves were too rough and he could get no water and went back and reported his difficulty. "Come with me and we'll teach the waves a lesson," he said, and walked toward the river. The woodsman poured a little oil on the water; soon it smoothed out and without difficulty he dipped a hornful of water.

After the morning meal the kind host turned to his unknown friend, "You may stay here if you like or go along with me. I have to go up into the mountain. The people down in the valley will soon be starving for water and I must scratch some dirt from around the boulder that I succeeded in getting to fall across the stream a few years ago. This keeps water behind a little dam." "Do the people know about this," asked the messenger of the mission. "Yes, I went down into the valley once and they fell upon my neck and carried me upon their shoulders. This was embarrassing to me and I have not been back."

The messenger thought, "Here is a man that the animals followed, the sun has served, the wind obeyed and whom mankind surely loves." Returning to the palace, he made his report. The wise woodsman was called to the throne and again all was well in the little

country.

### BLESSED WITH COLLEGES

President Harold Fisher of Blue Mountain College is scheduled to speak to the Booneville Rotary Club next Tuesday, August 23. In conviction, decision and activity he has the power to move on. President Fisher is moving upward and onward with Blue Mountain College and it seems that there are more applications almost than rooms. Blue Mountain College was founded by General Mark Perrin Lowrey in 1873. In 1973 it will be one hundred years old. We are fortunate to have this good college near Booneville and to have right here our own Northeast Mississippi Junior College. Both colleges can work together to good advantage. Our college is headed by a Harold-Harold White. Both men seem to have a lot of fine traits in common.

### WATER PROGRESS

The water projects seem to be getting well under way now out at Cross Roads, the Big V and Thrasher. Available water out through the country marks a big step in the progress of our area. Rural free delivery marked probably the first big progressive step in the county. So many felt this would surely "bust the country", but later it proved to be good economy to have just a few men to carry the mail out rather than have every man come to town for his mail. The telephone was the next great blessing and now electricity goes to every home in the county. We cannot estimate the blessings of these facilities. Booneville's wonderful water supply has been of great value and will mean even more in the future. Imagine the expense and the lives that could have been saved from typhoid fever only a few years back had we had the good water we are now enjoying. Good water is the finest drink known to man; it quenches thirst and helps to give life more abundantly. We should count our blessings and be exceedingly happy. Don't be a pessimist and pour ice water on progress. Even if you do, progress will soon melt the ice and keep moving!

### WHAT ABOUT FLU SHOTS?

The indications are that 1966-67 influenza may not be quite so bad, but vaccination after September 1st is recommended for the chronically ill and aging.

### WHAT ARE THE GIRLS MADE OF?

The average stay in the hospital from July 1963 to June 1964 was 9.9 days for men and 7.4 days for women, according to a recent health report. Yet women live longer. Whether it is because they stay out of the hospital longer or are just made out of better material, we don't know!

### ACCORDING TO THE FACTS

Thirty years ago the typical addict was a Southerner over forty years old. The drug was morphine. Now, it seems, the addict is about twenty years old or below and there are more of them in the northern section of the country. Now the drug he takes is heroin.

### MORE NURSES

It looks like now we will soon have a nursing school for practical nurses, L.P.N.'s up at the Northeast Junior College. We need both types of nurses, for a while anyway. Let us make both of them the very best.

### DO MOSQUITOES LIKE YOU?

In the war zone we understand that our soldiers have to fight more than the human enemy; they have to fight disease, too, and malaria gives a lot of trouble in the Far East. It lowers vitality and causes sickness and death. Not too many years ago malaria carried by the mosquito gave plenty of trouble right here in Mississippi and in Prentiss County. Now malaria is almost completely controlled and largely by controlling the mosquito.

When we were health officer in Prentiss County we knew where every community of mosquitoes was located. Dr. C. C. Bass, born and raised here and who served as Dean of Tulane Medical School, did a wonderful piece of work in tracing the malaria plasmodium through the mosquito and showed its behavior in the human being. He was a master on treatment and prevention of malaria. With the help of Mayor Marion Smith, and our state and national boards of health, we all exterminated the mosquito in Booneville. Ditches were paved with concrete at the bottom and the people joined together in a clean-up drive.

There are supposed to be 2500 different species of mosquitoes in the world. The little household mosquito does most of the damage. The female anopholes mosquito that bites from sundown to sunrise is the one that is ravenous for human blood. She needs it to develop her young. The mosquito does not travel far and her lifespan is short.

The little pest has a liking for some people more than others. She likes the person dressed in dark clothes—black or dark red—the active person who sweats and the one who uses plenty of perfume.

### MISSISSIPPI AGAINST DISEASE

There was a time when we had many cases of pellagra in Mississippi each year, but now they are almost none. The cause and treatment of this disease was discovered in the main here in our state. We are indebted largely to Dr. Goldberger for this work. His experiments were carried out at Parchman in the Delta. Some of the inmates agreed to be used for the purpose of study. First they were fed cornbread, molasses and fat back for a certain length of time. Soon they developed the disease, pellagra. Then they were given a diet of lean meat, milk, vegetables, salmon, etc. It took them only a short while to recover. This discovery was a distinction and honor to medical progress in Mississippi.

### CONGRATULATIONS!

The Lloyd Hollands celebrated their fiftieth wedding anniversary just recently. We deeply appreciated their kind invitation. We have known them quite a while and they are very fine citizens. They have a fine family and have been valuable builders in Prentiss County.

"Judge not that ye be not judged, for with what judgment you judge, ye shall also be judged." —Matthew.

"Humility is the true cure for many a needless heartache."

## Hospitality Is Appreciated

The following letter was addressed to the Chamber of Commerce, Booneville, Mississippi.

"Gentlemen, Toward the end of June my family and I were on a tour of the country. Upon entering your city, we were stopped there, and were very warmly greeted by a group of ladies representing Booneville. I take this opportunity to write to you because of the fact we had a great deal of apprehension about entering Mississippi as a result of adverse publicity. However, the friendly way in which we were accepted by the ladies, and throughout the rest of Mississippi, quickly relieved us of any anxiety. We felt very grateful toward the ladies, and have told the story of their greeting us many times.

It would be greatly appreciated by me, if in some way, these ladies could be reached and our gratitude and good wishes expressed to them.

Very truly yours,

## Banks Largest Lenders To Farmers; Study Shows Credit Needs Rising

Mississippi banks were serving farmers with more credit and other financial services than any other lenders at the beginning of this year, according to Wallace Poole, President, Prentiss County Home Bank, who represents the Mississippi Bankers Association as Prentiss County Agricultural Key Banker. During 1965, the state's banks maintained their leadership in agricultural credit services.

Based on the 25th annual farm lending summary of the Agricultural Committee of The American Bankers Association, Mr. Poole reported that at the beginning of 1966, Mississippi banks were helping farmers with \$156 million in loans, 12 per cent more than a year previous. This total included \$76 million in production loans and \$80 million in farm mortgages. At the same time, \$150 million in farm loans was held by life insurance companies; \$72 million by the Federal Land Banks; \$46 million by Production Credit Associations; and \$17 million in nonreal estate loans.

plus \$42 million in real estate loans by the Farmers Home Administration. About 55 per cent of the production credit extended by lending institutions to Mississippi farmers came from banks.

Mr. Poole said that "bankers in Mississippi are conscious of the large capital investments required in agriculture today and are making a concerted effort through improved lending programs to meet these changing credit demands of the state's farmers."

The increased use of credit by farmers, according to Mr. Poole, has been accompanied by a substantial gain in the total assets of farm families. Therefore, in the aggregate, the equity position of farmers, contrary to public opinion, is being maintained at a satisfactory level. Nationally, farm families have \$212 billion of their own funds invested in agriculture. This represents 84 per cent of the total capital requirements of farmers.

Mr. Poole stressed the impor-

### Miss Gaye Roden Is Honored With Coffee At Hurst Home On Thursday, August 11

Mrs. Joseph L. Hurst assisted by her small daughter, Louanne, entertained with a coffee at their home for Miss Gaye Roden, bride-elect of Emmett Carr, on August 11.

The tea table was covered in a handmade ecru cloth with a centerpiece composed of orange candles

and green and gold summer flowers. The antique round coffee table had a single rose to bring out the beauty of the hand-carved table.

Miss Gaye Roden was lovely in a floral pink and white trousseau frock with a white carnation corsage presented to her by the hostess. Mrs. Roden wore a cream-colored suit with pink accessories.

## Revival At Candler's Chapel Aug. 22-28

Bro. Malcolm Jones, pastor of the First Baptist Church of Houston, Mississippi, will be doing the preaching at the Candler's Chapel Baptist Church during their revival beginning August 22nd, through August 28th. Services will be held each day at 10:30 a.m. and 7:00 p.m.

## Two Hospitalized From Collision

Two vehicles were involved in a collision at the intersection of Third and Washington Streets this week. Involved were a 1965 Ford pickup truck driven by J. R. Buchanan, Jr., of Tishomingo and a truck driven by Virgil Raymond Thompson of 116 Dixie Circle, Albertville, Ala. A passenger in Mr. Buchanan's truck was J. W. Leatherwood. Mr. Buchanan was traveling north on Third Street and hit Mr. Thompson's truck, which was going west on Washington Street. Both vehicles were damaged, and Mr. Buchanan and Mr. Thompson were hospitalized.

## To Voters Of The City Of Booneville

Since I have been a resident of the city limits for the past twelve years, I feel that I know the ever-growing need of each and every voter of our city. If you feel I am qualified, go to the City Hall on August 30 and elect me your alderman. I will assure you now you will never be sorry, and I will forever be grateful to each and every one of you. If elected or defeated I will always be doing everything in my power to make our fine City of Booneville a better place in which to live.

# THE TIME OF JOY

THE CHURCH FOR ALL...  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

There's happiness and ice cream all over her face! It takes so little to delight a child, and we sometimes wish that we could be satisfied as easily.

As we grow older, we acquire expensive new possessions but tire of them. We try costly new entertainments until they bore us. Even though our lives are full of small pleasures... the fragrance of fresh-cut grass, the soothing sound of rain, the silent beauty of stars... we somehow aren't really aware of them any longer. Even life itself, the greatest gift we have, can seem bleak and fruitless. What can restore our awareness of the joy and privilege of being alive?

Jesus knew about this problem, and He had the answer for all who need it. He has promised life... more abundant life... to those who will follow Him. And He will help, every step of the way.

## VA Answers Vets Questions

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits

their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — May a veteran receive educational assistance allowance for a program of education pursued ex-

clusively by correspondence?

A — Yes. The educational assistance allowance will be computed on the basis of the established charge paid by non-veterans for the same course or courses. The allowance will be paid quarterly on a pro rata basis for the lessons completed by the veteran as certified by the school. Veterans should be cautioned not to enroll in a correspondence course before ascertaining whether or not the school and course are approved by the VA.

Q — What is the maximum amount a veteran may borrow on a VA guaranteed loan for the purchase of a home?

A — There is no maximum on the amount of a guaranteed loan. Direct loans made by the VA, however, may not exceed \$17,500.

Q — Does the new GI Bill provide any form of veterans' life insurance?

A — No. The Bill includes education, GI loan and hospital benefits, but there is no provision for Government life insurance.

## Local Business

By S. S. TALBERT  
Chairman, Dept. of Journalism  
University of Mississippi

General Motors is the largest business in the world in terms of sales volume and profits. The company also is the largest user of newspaper advertising among manufacturers.

Sears is the largest retail business in the world. It is also the largest user of retail newspaper advertising in the world.

The relationship of bigness and successful merchandising to the use of newspaper advertising is no coincidence. Sears and General Motors have grown big over the decades as the result of consistent appeal to the consumer on the local level.

Such great national companies have enormous facilities for testing the worth of their advertising efforts. They give every method of advertising a fair trial before investing millions of dollars. They continue to increase their newspaper advertising year after year.

Their sales have increased accordingly. The result is a constant reminder that all sales are local. No business grows so large that it can forget the individual consumer and the factors which cause him to make a final buying decision. Conversely, no company is so small it can overlook the process.

Q — Is service in Vietnam or the Dominican Republic a requirement for educational benefits under the new GI Bill?

A — No. It is not even required that you have served overseas. If you served anywhere for a period of more than 180 days, any part of which after January 31, 1955, you are eligible.

ses which lead to growth. Indeed the small local firm has more chance than giant national enterprises to profit from local newspaper advertising.

Newspaper advertising is more economical for the small local store than for the national firm.

Because of his specialized knowledge of the community, the local retailer should be able to do a better selling job with less space. And because people are truly interested in the success of a local firm, they will patronize it when advertising proves that the local store is competitive.

## Miss Brenda Lester Honored With Shower

A kitchen and breakfast room shower was on the agenda last Thursday for Miss Brenda Lester, bride elect of Danny McClung. The guest of honor was complimented at the party from 6:00 p.m. to 7:00 p.m.

Entertaining for her were Mrs. Margaret Ann Moore and Miss Elizabeth Davis at the colonial home of Mrs. Moore on Highway 45, south. The hostesses set the party scene with artistic excellence.

Greeting guests in an atmosphere of charm and individuality, the bride-to-be selected from her trousseau a slim brown silk sheath accented at the neckline with a white lace collar. Mrs. Moore chose a pale yellow sheath inlaid at the neckline with white trim. Miss Davis wore a pink brocade sheath in a delicate pastel hue. A special guest, Mrs. Bruce Lester, mother of the honoree, was attired in an avocado green pleated dress with a flattering neckline.

Delicate floral accents were placed to impress the rich rose up-

holstering of the antique furniture groupings in the living room, with the gleam of silver and pewter accessories to enliven a lovely theme. The over-mantel design was a pair of crystal vases clustered with tropicana rosebuds. Between these were Dresden figurines to enhance the effect.

A fruit design in a crystal epergne was featured on the piano as a centerpiece for two crystal lamps, ornate with prisms.

The registry table claimed interest lighted with a brass banquet lamp and adorned with a small

porcelain bowl graced with a single pink rose. On the buffet, an accessory for the silver service, was a nosegay of pink rosebuds in a silver container.

A round white linen cloth with a satiny patina was chosen for the dining table. Mrs. Eugenia Mason and Mrs. Hubert Brown presided here with charm, serving punch from a crystal bowl, wedding cookies, salted nuts, and party mints.

The dresser in the master bedroom was touched with a lovely motif, a massed arrangement of

pink licories lilies in a pewter ankard. A smaller design was on the boudoir secretary.

The coffee table in the living room was heaped high with an array of useful and pretty gifts. Seated on the fireside bench, the opening of the gifts by the honoree was an enjoyable phase of the hospitality.

Mrs. Billy Burrell visited Mrs. Edwin Coleman in Corinth last week.

Mr. and Mrs. W. H. McCarley of Colbert, Okla., visited with Mr. and Mrs. C. B. Curlee of Rienzi and Mr. and Mrs. Joe Curlee of Booneville last week. Mr. McCarley is president of the First National Bank of Colbert and has farming interests there.

Mrs. Marvin Ervin and children of Charleston, South Carolina are here for a few weeks with her parents, Mr. and Mrs. B. J. Welch. Mr. and Mrs. Mickie Wood will

be in Jackson, Miss., this week end visiting friends.

Mrs. Huey Wood and Donald spent Monday night in Memphis with relatives and saw The Sound of Music.

Mr. and Mrs. Irwin Feldman proudly announce the birth of a daughter, Trudi Holly, born Friday, August 12, at 1:20 a.m. in the Northeast Mississippi Hospital. She weighed six pounds and four ounces. She has two other sisters, Jill, who will be six in November, and Stacy, who is two. Mr. Leeds Butler, grandfather, and Miss Sally

Butler of Portageville, Missouri, visited Mrs. Feldman and Trudi Friday.

Mrs. Dexter H. Eaton, Joe and Paul returned home Sunday night after a two weeks vacation in Alameda, Saskatchewan, Canada where they visited Mr. Eaton, who is there for three months training bird dogs.

Mr. and Mrs. D. L. Prather and family and Mr. and Mrs. Leland Prather and family of Memphis were Sunday guests of Mr. and Mrs. W. T. Waters.

## County's Farms Now Total 1,563, U. S. Census Says

A total of 1,563 farms was counted in Prentiss county during the 1964 Census of Agriculture, the U. S. Department of Commerce's Bureau of the Census reports.

### FACTORY TRAINED MECHANICS

**MILTON  
MOTOR  
CO.**

18-4fc

In the last previous Census of Agriculture (1959), the total counted in the county was 2,017 farms. The 1964 total is published in a preliminary report on the county just issued. The report also shows that average farm size in the county was 107.3 acres and that the average value of the county's farms (land and buildings) in 1964 was \$14,605.

Other important county statistics in the report are:

1. Value of all farm products sold by farms in the county in 1964, \$6,914,807; in 1959, \$4,999,122.
2. Value of all crops sold by county farms in 1964, \$4,636,476; in 1959, \$3,110,976.
3. Value of all livestock and livestock products sold by county farms in 1964, \$2,261,449; in 1959, \$1,888,146.

Information obtained for the first time in an agricultural census included the amount of income received by the county's farmers (\$16,882) from recreational services as well as data on the use of pest control chemicals in the county in 1964.

A Census of Agriculture is taken every 5 years in years ending in "4" and "9" to gather information on the nation's agricultural resources and production. The data are needed to make decisions affecting many segments of the U. S. economy. The 1964 farm census was the 18th in a series that began in 1840.

The preliminary report for the county contains more than 500 facts about agriculture in the county. Among additional facts it contains are the number of farms by size, type, and economic class; the number of farm operators by method of tenure, age, color, off-farm work, and number of school years completed; land in farms by use and by land-use practices; data on equipment and facilities; farm expenditures; number of hired workers; and number of farms reporting poultry and livestock production and those reporting crop production by acres and quantities as well as sales.

NOTE: Single copies are available for 10 cents from the Bureau of the Census, Washington, D. C. 20233 or from any field office of the Department of Commerce. These are located in major cities.

### NEMJC Instructor Attends Institute At Florida State

TALLAHASSEE, Fla. — The Southeastern Teacher Training Institute for Adult Basic Education is underway at Florida State University with teachers from six Southern states participating in a program aimed at a "mass attack on adult illiteracy."

This, said Sam Hand, director of continuing education, is the principal objective of nine institutes being held over the U. S. Trainees will be asked to return to their home states and train local teachers to work with the under-educated adult.

Florida's Department of Education is assisting in conducting the institute, which is supported by a grant of \$96,000 from the National University Extension Association in Washington to pay expenses of participants and instructors.

Those attending the Aug. 1 through 26 institute include Harry Jones of Northeast Mississippi Junior College.

Eleven million acres of state trust lands were recently opened to hunting and fishing in New Mexico.

The White House is built of iron, sandstone and marble.

AN ORDER OF THE BOARD OF SUPERVISORS OF PRENTISS COUNTY DECLARING ITS INTENTION TO MAKE A LEVY OF ONE-QUARTER OF ONE MILL ON ALL THE TAXABLE PROPERTY IN PRENTISS COUNTY FOR THE PURPOSE OF AIDING IN THE PURCHASE, ORGANIZATION, RESTORATION AND MAINTENANCE OF OLD TISHOMINGO COUNTY COURTHOUSE BUILDING.

BE IT RESOLVED by the Board of Supervisors of Prentiss County that, it is the intention of the board to, at the September 1966 meeting, levy a tax of one-quarter of one mill on all the taxable property of Prentiss County, for the purpose of aiding in the purchase, acquisition, restoration and maintenance of Old Tishomingo County Courthouse Building located at Jacinto, as an educational, historical and recreational center for the use of the residents of Alcorn, Prentiss and Tishomingo Counties, and to preserve for posterity the historic relics, of the area, in accordance with the provisions of Senate Bill No. 2286 of the Mississippi Legislature, 1966.

BE IT FURTHER RESOLVED, that if, 20 per cent of the qualified electors of Prentiss County protest, or files a petition against the levy

of such tax, then such tax will not be levied unless authorized by a three-fifths majority of the qualified electors of Prentiss County voting at an election to be called and held for that purpose.

Be it further resolved and ordered that the Clerk of this board give notice to the qualified electors of Prentiss County by causing this notice to be published once each week for three consecutive weeks in the Banner-Independent.

Ordered this the 3 day of August, 1966.

Let Lindsey's Laundry and Dry Cleaning help your youngsters put their best foot forward in clothes sparkling clean. Our personnel can meet your every clothing need. Laundry, dry cleaning or coin-operated laundry.

#### "Clothing Tip"

Don't try to rub a spot or stain from your summer silks warns the National Institute of Drycleaning. If you rub silk while it is damp, or even garments which contain silk, the surface fibers are easily broken or stretched. This raises fibers which should lie flat causing a different light reflection which looks like a discoloration.

When you spill something on garments containing silk, blot don't rub, advises the Institute. Then take it to your cleaner.

Call Lindsey's 728-5651. It costs so little to look your best.

## HOME ECONOMIST'S NOTES

By CLAUDE T. ROSS, Extension Home Economist

## To Freeze French Fried Potatoes

Pare and cut potatoes, lengthwise, into uniform strips about 3/8 inch thick. Rinse in cold water. Dry thoroughly. Fry in deep fat (parfried) until cooked but not browned (about 4 minutes). Take out of fat or oil, drain and cool to room temperature. Pack into cartons or other freezing containers. Seal and freeze. Store at zero degrees F.

The strips will maintain quality for 3 to 4 months. To serve you may thaw them and brown in fat. Or you may leave them unthawed and brown them on a cookie sheet in oven or broiler.

USDA home economists recommend that you freeze only french fries using home methods. Other

methods with Irish Potatoes do not give a desirable frozen product.

## Care of Permanent Press Garments

It takes some special care to eliminate the ironing of permanent press garments and to keep them in first class condition.

While you find the advantage of less ironing with proper handling, you will find also a disadvantage in that the clothes wear out faster.

You will find most of the garments labeled permanent press are made of a blend of cotton and a man-made fiber. Polyester fibers are used most often. These polyester fibers have an affinity for oils, but they do give up their other soils easier than cotton does.

Wash your permanent press arti-

## Fund Campaign For Old Ladies Home To Be Launched In Aug.

The Annual Fund Campaign for the Old Ladies Home of Jackson, Mississippi will be launched during August with the mailing of letters appealing for donations.

"The health and welfare of 95 old ladies depends on the success of the campaign," said Mrs. A. A. Madden, President of the Old Ladies Home Board, which is conducting the drive.

During 1965 she reported the executive committee worked within a budget of \$1200 per resident.

Most of the ladies are over 80 years of age and require medication. The non sectarian Home provides a place for Christian ladies from counties all over the state. Care is provided for many left homeless and without sufficient means of support.

The management of the Home is under control of a Board of Managers composed of ladies who serve without compensation.

Please be as generous as you can for this worthy cause and mail your contributions to Mrs. Dudley Phelps, Treasurer, 420 E. Fortification Street, Jackson, Mississippi 39202.

## NOTICE TO BIDDERS

The Board of Supervisors of Prentiss County will, on September 6, 1966 at 11 o'clock A.M., receive bids for the purpose of purchasing or the Second District:

Bluford Allen

Clerk of the Board.

cles often and wash them soon after wearing, since the oils are easier to remove if you don't let them set. Don't launder men's white sheets and pillow cases that might contain hair or body oils.

Pretreat oily soil with a liquid detergent or detergent paste before laundering. Turn clothes wrong side out to launder; this helps reduce pilling. Be sure you use the right amount of detergent. Use normal or slow agitation, and wash for a short time. A cool down rinse is desirable if you do not use a dryer. Fabric softener may help, too, even with a dryer.

Be sure you remove the clothes from the washer and from the dryer as soon as the cycle is completed. If you leave the garment in the dryer, you will find the garment is wrinkled. You can machine wash and line dry the garment, but you will need at least do touch up pressing. Dry on medium heat.

## 2 From Booneville Complete Marine Recruit Training

PARRIS ISLAND, S. C. (FHTNC) Marine Private Bernard H. Nunley, son of Mr. and Mrs. Bernard Nunley of 110 Lafayette St., and Private James E. Scott, son of Mr. and Mrs. Wesley Scott of 236 Adams St., of Booneville, Miss., were graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

Under the supervision of veteran noncommissioned officer Drill Instructors, they learned small arms marksmanship, bayonet fighting, and methods of self-protection. They also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

They will now undergo four weeks of individual combat training and four weeks of basic specialist training in their military job field before being assigned to a permanent unit.

## Guide For Year Sought By WSCS

Seeking to set forth a guide for the year, a newsletter and Standard of Achievement sheet have been sent to the local units of the Woman's Society of Christian Service in the New Albany District.

The letter sent out by Mrs. J. G. Houston, president, and Mrs. Emmons Turner, Jr., secretary of Membership Cultivation of the Methodist district, lists important dates to remember, directions and changes concerning the work of the Woman's Society in the district.

The purpose of the Achievement sheet is to serve as a guide in evaluating the work of the local society and to emphasize the program of the Woman's organization as an integral part of the total Church program.

The achievement sheet is divided into six general headings: Growth in Spiritual Power, Resources for Growth, Witness — Service — Out-

reach, Growth in Knowledge of Needs of the World, Funds, and General.

These headings with the sub-listings covers a study program for church-wide participation, a Self Study and monthly programs for the local societies; spiritual enrichment through the Day Apart, Call to Prayer and Self-Denial, World Day of Prayer, Fellowship of Intercession and Prayer Calendar; giving through pledges, special giving and supply askings; and sundry activities such as installation and pledge services, reporting, various meetings, use of the publications for the society . . .

Near the close of the year comes the final evaluation of the work of the local society. The achievement is to be checked and sent to the district secretary of Membership Cultivation two weeks before the district Annual Meeting. If the society attains 25 or more points, recognition will be given at that meeting.

## Miss Anna Marion Walker Dies Suddenly

Miss Anna Marion Walker, the youngest and the last survivor of the five gifted and accomplished daughters of the late Mr. and Mrs. Phillip Marion Walker, died July 31st following a sudden illness. The sisters preceding her in death were Mrs. A. C. Jones, Miss Grace Walker, Mrs. Jule Smith, and Miss Daisy Dora Walker, who contributed charm to the social and intellectual circles of Booneville for many years.

Her paternal and maternal grandparents were well established families of Booneville's earliest period.

Only those very close to Miss Anna and those who knew her best will ever know what she meant to her family and the community through her amiability, gentleness and her womanly worth.

The one word loyalty sums up her rich life. Loyalty to her ideals, to her church, her family, and friends and to any organization with which she was identified.

The warm regard in which she was held bespoke her integrity of character and the value placed upon her friendship by all who shared it.

She enjoyed the career of a truly remarkable woman.

"Tranquility and peace were hers;

And love and gentle thoughtfulness.

The memory of her slow smile

Our souls to deeper tenderness.

Although our lives were left apart,

Her spirit lives on in each loving heart."

## User Must Qualify To Buy Tax-Exempt Non-Highway Fuel

Jackson, Miss. — Under House Bill 60, recently enacted by the State Legislature, all diesel fuel and kerosene is presumed to be, and is taxed as, highway-use fuels at the rate of ten cents (10c) per gallon.

According to Walter D. May, Executive Director, Mississippi Petroleum Committee, the changes in the State's method of taxing diesel fuel and kerosene are significant and of immediate concern to tax-exempt users of these fuels. Persons expecting to purchase tax-exempt fuels after September 1, should write to the Motor Vehicle Comptroller, State Office Building, Jackson, Mississippi, for proper qualifying forms. A qualified exempt user, will be issued Exemption Certificates to be given distributors of Diesel Fuel and Kerosene at point of sale, thereby relieving nine cents (9c) of the ten cents (10c) tax.

May said the imposition of the import tax on diesel fuel and kerosene changed the taxing structure by increasing the tax rate from eight cents (8c) per gallon to ten cents (10c) per gallon; removed the use-tax provision of applying the highway-use tax at point of sale; imposed an additional one-half cent (½c) per gallon tax on exempt users of diesel fuel and kerosene; prohibits the sale of diesel fuel and kerosene, as tax-exempt fuels, for agricultural, maritime, industrial or domestic purposes, unless and until the purchaser qualifies as an exempt user with the Motor Vehicle Comptroller. ## Roy Ellis McGee Receives Degree At Harding College

Roy Ellis McGee, son of Mr. and Mrs. Roy E. McGee of Route 3, Rienzi, was among 86 students receiving degrees from Harding College, Searcy, Ark., in summer commencement exercises August 12.

McGee, a physical education major, received the B. A. degree. He was a member of the intercollegiate football team for four years and last year served as a student coach. He was a member of Mohican social club.

## ON THE LOCAL SCENE

Mr. and Mrs. Ray Timbes of Jackson, Miss., spent the weekend in Booneville and Luka with relatives and friends.

## A SUSTAINED PATTERN OF GROWTH

A sustained pattern of growth is pushing Mississippi to the forefront in the field of economic development. For instance, during the past decade, total resources of Mississippi banks increased by more than \$1 billion, or over 107 per cent while the average increase for the nation was approximately 60 per cent. Last year, total deposits of all banks in the state exceeded \$2 billion, total loans exceeded \$1 billion, and total capital accounts passed the \$150 million mark.

The new vitality is reflected in mushrooming industrial development which has broken all previous records in the state during the past two years. More than \$385 million in new capital was invested in 275 new and expanded plants which created over 21,000 new job opportunities. Last year alone there were 155 new and expanded plants and over 12,000 new job opportunities.

State leaders view the recent economic progress as merely a beginning. Already, imaginative new programs are being initiated to enhance further development and growth. A community revitalization program has been inaugurated to guide the smaller towns and rural communities into activities which will put new pep into their economies and increase local employment.

There is a sharp contrast between the vibrant Mississippi of today and the Mississippi of yesterday when a one-crop economy spelled financial despair and frustration. The bustling business activity, coupled with diversification in agriculture, is providing spectacular new opportunities in Mississippi. The progress has not been accidental. It is the result of the combined and determined efforts of the business, civic, educational, governmental and religious leadership.

Mississippi and Mississippians are better organized, more knowledgeable and more determined to secure broad economic gains than at any point in our history.

effective date of the act is September 1, 1966.

IN RE: THE MATTER OF CALLING AN ELECTION FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF PRENTISS COUNTY THE QUESTION OF WHETHER OR NOT THE SALE, DISTRIBUTION AND POSSESSION OF ALCOHOLIC LIQUORS SHALL BE PERMITTED IN PRENTISS COUNTY, MISSISSIPPI, AS PROVIDED IN HOUSE BILL NO. 112 OF THE MISSISSIPPI LEGISLATURE, 1966

Came on to be considered the petition of Guy Woods and other qualified electors of Prentiss County praying that an election be called and held for the purpose of determining whether or not the sale, distribution and possession of alcoholic liquors shall be permitted in Prentiss County as provided in House Bill No. 112 of the Acts of the Legislature of Mississippi, 1966; and,

The Board after carefully studying said petition finds and adjudicates the following:

1. A proper petition has been presented and filed with this board, said petition having been signed by more than fifteen hundred (1500) of the qualified electors of Prentiss County.

It is therefore ordered that pursuant to the provisions of Section 35 of said House Bill No. 112 an election is hereby ordered to be held and conducted so far as may be possible in the same manner as is provided by law for the holding of general elections, and the ballots used in said election shall contain a brief statement of the proposition submitted and, on separate lines, the words "I vote FOR coming out from under the dry law in Prentiss County ( )", "I vote AGAINST coming out from under the dry law in Prentiss County ( )", with appropriate boxes in which the voters may express their choices, and all qualified electors may vote by marking the ballot with a cross (x) or check (v) mark opposite the words of their choice. Said local option election shall be held and conducted by the County election Commissioners, and this board fixes the date for holding the local option election on

the 30 day of August, 1966.

It is further ordered that the clerk of this board be and he is hereby directed to give notice of said local option election by publication in the Banner-Independent, a newspaper in Prentiss County and having a general circulation throughout said county, said notice to be published once each week for at least three consecutive weeks.

It is further ordered that the clerk of this board certify a copy of this order to the election Commissioners of Prentiss County.

It is further ordered that the

election commissioners cause to be published notice of said local option election as provided by law. Said notice to be in substantially the following form:

## NOTICE OF LOCAL OPTION ELECTION TO THE QUALIFIED ELECTORS OF PRENTISS COUNTY:

Pursuant to an order of the Board of Supervisors of Prentiss County, Mississippi adopted on the 5th day of August, 1966, notice is hereby given to the qualified electors of Prentiss County, that an election will be held at each voting precinct

in Prentiss County, on the 30 day of August, 1966 for the purpose of determining whether or not the sale, distribution, and possession of alcoholic liquors shall be permitted in Prentiss County as provided in House Bill No. 112 of the Mississippi Legislature, 1966.

Election Commissioners, Prentiss County. Ordered in regular session of this 5th day of August, 1966. CHARLES M. GORDON, President of the Board of Supervisors.

## COUNTY AGENT NOTES

D. W. TAYLOR SMITH, County Agent

## Get Good Clover Stands

The best permanent pastures have a balanced combination of grass and clover. One of our big problems is getting and keeping clover in the grass.

Here are some tips on getting good clover stands: Have a well prepared, clean seedbed. Use plen-

ty of phosphate and potash — at least 100 pounds per acre of each at establishment of clover. Seed soon after mid September. Use plenty of seed — at least three to five pounds per acre. The top varieties are Regal and Louisiana S-1. Be sure to inoculate seed.

Do not try to seed clover on un-

prepared seedbeds or without destroying most of the sod in established grass pastures.

## Cracked Eggs Cost Money

It is estimated that cracked and broken eggs cost American poultrymen around \$25 million a year. All of this loss cannot be avoided. But it can be reduced. Here are some tips:

1. Don't get in too big a hurry when gathering eggs.
2. Don't try to pick up too many eggs in one hand.
3. Don't fill the basket too full. Don't drop the basket or bang

it into a door or wall. Don't pack eggs in used cases that are worn out.

You might try gathering eggs in filler-flats rather than wire baskets. Some research has shown a 1.1 percent breakage in flats compared with 3.8 percent in wire baskets.

## Winter Grazing—

Make plans now for early planting of fall and winter grazing. First start preparing the land, then lime it.

Buy planting seed early to get

quality. Good ryegrass varieties are Gulf and Magnolia. These will give better growth and have less disease than the old variety, common or Italian ryegrass.

Be sure that any oat seed you buy are treated for leaf blotch. The cost of treatment is too low to run the risk of losing a complete stand after the oats start growing in the fall.

Lots of farmers like mixing oats, wheat and ryegrass for fall and winter grazing.

Greece must import coal.

Abraham Lincoln was offered the

job as Washington state's first governor but he declined.
