Peoples Bank Building New Branch Office

Construction is underway on Highway 45 North of the Northgate Office of The Peoples Bank and Trust Company; the facility will cost approximately \$50,000 including equipment.

The modern new office will be constructed of old brick and will feature a drive-in window, night depository, safety deposit boxes, walk-in lobby and a conference room for public use.

The contractor is Booneville Lumber Company with concrete supplied by S & J Ready Mix.

The facility will be of great convenience for patrons of the bank.

Speed Track Construction Is Underway Here

Construction began Monday on the Booneville Speed Track, located 2 miles north of Booneville.

The track will be one quarter mile and the seating capacity for the events will be for 1500 people. There will be a parking area for 3,000 cars. The entrance will be on Highway 45 North and the exit by a different route.

Builders of the track are Douglas Jumper, James Franks and Luther Moore.

It is hoped that the track will be completed in time to have one or two races this fall.

Art Club Organized At Northeast JC

Newly elected officers of the Northeast Mississippi Junior College Art Club are Barbara Mauldin, Ripley, vice president; Roger Byrd, Iuka, president; and Brenda Yancey, Ripley, secretary-treasurer.

With Mr. Marty McLendon, chairman of the Northeast Department of Art as sponsor, the Art Club is one of the newest clubs on the campus.

The purpose of the club is to promote an interest in art.

The members will gain first hand experience in helping with the sets for the various productions to be given at Northeast.

A highlight of the year will be an art exhibit sponsored by the members of the Art Club.

Cub Scout Pack Meeting Tuesday

Cub Scout Pack No. 34 will have a pack meeting Tuesday night, September 27, at 7 o'clock at the First Methodist Church.

All Cub Scouts, their parents, prospective members and their parents are urged to attend this organizational meeting.

Marietta Beta Club To Have Car Wash

The Marietta Beta Club will sponsor a car wash at the D-X Service Station in Marietta on Friday and Saturday, September 23 and 24, beginning at 3:00 on Friday and 8:00 until 4:00 on Saturday.

Business Management Night Course Being Offered At Northeast This Fall

A business course titled "Higher Profits Through Better Management" will be offered by The Northeast Mississippi Junior College Distributive Education Division during the fall semester. The course, designed for owners and managers of small businesses, is sponsored by Small Business Administration, Distributive Education Service, State Department of Education.

The classes will be held in the Science Building Auditorium on the Northeast campus from 7:30-9:30 p.m. each Tuesday, September 27 - November 8.

This management program is designed to help owners and managers of businesses increase their understanding and abilities in management functions, to help assistant managers of businesses who are training to become owners and managers, and anyone who is interested in business management.

Through this training the business man will acquire a knowledge of a systematic approach to solving everyday problems and will have the opportunity to meet and share experiences with others in business. He will be introduced to sources of information available to those engaged in business, and will

have an opportunity to increase individual management skills that may be used as a tool to improve operations.

The following discussion areas will be covered: Managing to sell, success and failure factors in small businesses, records and credit in profitable management, financing short and long term needs, personnel management, developing good employees, effective advertising, and the why and what of book-keeping.

An official certificate will be awarded at the closing session.

Donald Locke, Supervisor, Division of Distributive Education at Northeast, said that applications may be secured for registration at local banks or at Northeast.

Weekend Revival At E. Booneville Baptist

Revival services begin at East Booneville Baptist Church Friday night, September 23rd, at 7:30 p.m. Dr. W. E. Greene of Memphis will be the visiting preacher.

Evening services begin at 7:30 each evening Friday through Sunday nights. Sunday morning services begin at the usual time.

3-Year-Old Found Talking To Rattles

What could have been a tragedy Monday afternoon turned out all right, but Mrs. Clyde Barnes of Route 1, Paden, says it is an experience she'll never forget and she hopes other parents and grandparents won't forget it either.

Mrs. Barnes was keeping her 3-year-old granddaughter, Marion Jean Sappington, and was letting her play in the front yard of the home. When two of her daughters came home from school and got off the bus, the granddaughter was standing there talking to a rattle snake.

Mildred Barnes had stepped over the snake and it coiled to strike when they noticed it, and Janice Quay Barnes grabbed a stick and killed the rattler, which had five rattles.

Mrs. Barnes said she had been careful not to let the baby out of the yard, but didn't think of any harm that could come to her there.

Singing At Oak Hill Church Friday Night

Everyone has a special invitation to attend the singing at Oak Hill Baptist Church Friday night, September 23. Several good singers are expected.

Arles Scott will be in charge.

Homecoming Friday At Booneville High; Gridders Play Kossuth Aggies

Blue Devils Lose At Okolona 20-6

The Booneville Blue Devil defense showed occasional signs of life in their game at Okolona Friday night, but it was too inconsistent, and a bad case of fumbleitis by the offense made its contribution as Booneville dropped a 20-6 decision to the Chieftains. The Blue Devils fumbled an even dozen times, one of which contributed the last Okolona touchdown.

Booneville received the opening kickoff and after picking up one first down, the offense stalled and punted to the Okolona 47. From there the Chieftains whittled out short but steady gains to score in 12 plays, then kicked the extra point.

With first half time running out, Booneville gambled on fourth down and lost, again giving Okolona possession at their own 47. A pass was good for eight, and after Marshall Dickerson and Larry Barron moved in to hit for a loss of two, another pass connected for the touchdown with 14 seconds left on the clock. The kick was good and Okolona had a 14-0 halftime lead.

Early in the fourth quarter, Booneville advanced to the Okolona nine, only to fumble the ball away. Two running plays by the Chieftains netted but four and they quickly kicked to the Booneville 48. From there quarterback Hal White hit Mark Lowery at the 25 and he went on in to score. The kick was wide.

The last Okolona score came a few plays later when Chieftain Ed Lewis scooped up a Booneville fumble at the 20 and ran it on in.

Associational W.M.U. Promotional Meeting

There will be an Associational W.M.U. Promotional Meeting at the Baldwin Baptist Church on September 29 at 7:30 p.m. for all W.M.U. Leadership, and other interested women.

Conferences will be held for the following officers and leaders: Presidents, Vice Presidents, and Secretary-Treasurers led by Mrs. Betty Mooneyhan; G.A.'s by Mrs. E. O. Roden; Y.W.A.'s by Mrs. Sara Pounds; Sunbeams by Mrs. E. F. Purvis; Mission Study by Mrs. Kermit Brann; Stewardship by Mrs. H. T. Curbow; Community Missions by Mrs. Richard Harber; Program by Mrs. Earle Greene; Prayer by Mrs. J. B. Wheeler; and Circle Chairman by Miss Sue Kimbrell.

Yard Open For Public To Visit

The Town and Country Garden Club observes a period of open gardens in their year's work. For the next month, beginning next Sunday, the yard of W. V. Kemp's will be open for your visit from 1:00 to 5:00 p.m.

No Increase In State Farm Rates

State Farm Insurance policyholders are not having their auto insurance rates increased in Mississippi, State Farm Agent, Dalton Wallis announced today. State Farm policyholders are not included among the Mississippi car owners whose rates are going up September 21 according to stories printed by newspapers throughout the State September 8.

State Farm files independently for its rates, in Mississippi he explained. The rate increase applies to companies represented by the National Bureau of Casualty Underwriters. Most of the rate increase was in the liability coverage with overall increases averaging about 11% but there was also some increases in comprehensive and collision coverages, according to releases from Jackson.

B.H.S. HOMECOMING COURT — Booneville High School Blue Devils will meet Kossuth Aggies Friday night for their homecoming game. Members of the Homecoming Court are left to right: Miss Elta Ellzey, Senior Maid; Miss Lorraine Grooms, Junior Maid; Miss Carolyn Ryan, Football Queen of 1966; Miss Nita Storey, Freshman Maid; and Miss Donna Cunningham, Sophomore Maid. The theme for Homecoming will be "Songs of the Southland", which will be climaxed at half-time.

Dish Supper For Scouts Tonight

Scout Troop No. 37 and their families will have a dish supper in the basement of the Methodist Church, Thursday night, (tonight).

All families are asked to be present at 6:15 so the meal can begin promptly at 6:30.

Attorney Sharp Speaks At Rotary

Attorney William L. Sharp of Corinth was guest speaker at Tuesday's meeting of the Rotary Club held in the Blue Room of Northeast Mississippi Junior College.

His topic was, "Let's Talk Mississippi", and he emphasized the many advantages that Mississippi offers industry and agriculture, especially emphasizing the "firsts" in Mississippi. Among the "firsts" are Prentiss County's corn production record of 304 bushels per acre by Lamar Ratliff, and the first sorghum mill in the United States owned by the county.

Attorney Sharp's talk was interesting, informative and well received by the group present.

Junior Bankers And NABAC Hold Meeting

M. Kenneth Pounds, Councilman of Group 1, Mississippi Junior Bankers Association, presided at a joint meeting of the Junior Bankers and NABAC members held Tuesday night at the Hotel Tupelo at which approximately 225 bankers in North Mississippi were present. Also appearing on the program was the NABAC president of the Northeast Chapter, Mr. John B. Young, Jr. of Bruce.

Attending from the Peoples Bank and Trust Company were: Marion Smith, Kenneth Pounds, Agnes Carter, Jeannie Smith, Louise Putt Marie Gullett, Ann Floyd, Betty Gardner, Ann Wigginton, Ethel Heard, Faye Dallison and Mary Alice Riddle.

Attending from the Prentiss County Home Bank were Wallace Poole, Carroll Yarbey, J. W. Smith, Jr., Marjorie Franks, Annette Deaton, Billie Loveless, Lanette Wold, Elizabeth Davis, Vernell Arnold, Ellen Pate, Marjorie Chaffin, Nellie Wiseman, Beth Milton and Sue Howell.

sided and Mr. Stewart Vail introduced the speaker.

Psychiatric Training Fascinating For Student Nurses At NEMJC

A fascinating part of the training of the Northeast Mississippi Junior College school of nursing is psychiatric nursing.

With their instructor, Miss Christine Maxey, seventeen Northeast nursing students have returned from Florida State Hospital, Chattahoochee, Florida, following a period of eight weeks training in Psychiatric nursing.

Of particular interest to the nursing students was the work done in occupational therapy, with varied forms of crafts used in the program. Included in the articles which were presented to the students by patients were paintings and various textile crafts.

While in Chattahoochee, the students took an active part in church and civic activities. During their stay they found that Florida's recreational areas provided diversion from their duties.

NORTHEAST NURSING STUDENTS display some of the articles made by patients in occupational therapy at Florida State Hospital in Chattahoochee, Florida. From left to right, seated, are: Janice Owens, Booneville; Billie Meeks, Corinth; Standing, Sue Morris, Corinth; Kay Ratliff, Booneville; Angela Milligan, Iuka; Kay Gabbert, Scobey; and Ruth Carroll, Walhalla.

Homecoming Court To Be Presented

When the Booneville High School Blue Devils clash with the Kossuth Aggies on Friday night, it will be Homecoming Time again.

Homecoming Activities will be climaxed at half-time ceremonies. The theme for Homecoming is "Songs of the Southland" and five beautiful dreamers will represent the loveliest and most beautiful songs at Booneville High School.

Reigning as Football Queen of 1966 — and chosen by the Varsity football team — is Miss Carolyn Ryan, winsome beauty with brown hair and blue eyes. Carolyn is a senior, is secretary-treasurer of the student council, has been a member of the Beta Club, Science Club, Speech Club, F. H. A., Chorus, Spanish Club, Pep Club, Annual Staff, and student director of the Junior play. She is the daughter of Mr. and Mrs. E. J. Ryan.

Elected by and representing the senior class will be Miss Elta Ellzey, daughter of Dr. and Mrs. Paul Ellzey. One of the school's most popular, this pretty little lass with such winning ways has blue-green eyes and brown hair. Besides being a Pee Wee and Junior High Cheerleader, she has been a member of the Science, Speech, Pep and Spanish Clubs.

Blonde, petite and lovely, Miss Lorraine Grooms will serve as Junior Maid. She is the daughter of Mr. and Mrs. Robert L. Grooms, and is a member of the F. H. A. and Pep Club.

Sophomore Maid, Miss Donna Cunningham, is a blue eyed brunette of outstanding beauty. The daughter of Mr. and Mrs. C. E. Cunningham, she is a member of the Science Club, Pep Club and F. H. A.

The youngest of our Royal Court is a young lady with a beauty all her own — with greenish-brown eyes and brown hair — Miss Nita Storey, Freshman Maid. She is the daughter of Mr. and Mrs. R. H. Storey, and is a member of the Pep Club and F. H. A.

Escorts for the Royal Court will be seniors at Booneville High School. They are Mike Cunningham, Bill Godwin, Eddie Young, Dickie Smithner, Johnny Wright, J. V. Riddle, Don Crowe, Morris Smith, David Reece and Danny Green.

The Cheerleaders, who have an active part in Homecoming Activities, are Donna Cartwright, Sadie Price, Ann Gullett, Anita Counce, Beverly Dixon, Donna Green, Kay Finch, and Gloria Archer.

Preceding the Homecoming festivities at the ball game will be the Pep Rally and Annual Parade.

The Pep Rally will be at 2:30 in the high school auditorium with Student Council President, Sadie Lou Price, in charge. It will feature the Royal Homecoming Court, the senior cheerleaders, and the B. H. S. Band.

The Annual Homecoming Parade will be at 4:30 Friday afternoon. Mr. George McGreger's high school band, under the direction of Dr. Major Luther Livingston, and led by Majorettes Susan Steen, Marie Buchberger, Ann Marie Floyd, Sharon Baldwin, Susan Prichard, and Marsha Pounds will lead the parade. The Homecoming Court will be the feature float and many other cars and floats from high school classes and clubs as well as alumni will follow.

Live Stock Shows Underway

County 4-H fall livestock shows are being held this week at the 4-H show barn near the Booneville City Park. The horse show was held Monday night.

Beef cattle and hogs will be brought in on Friday morning. On Thursday afternoon, September 22, at 4 o'clock there will be a training session on showing dairy animals, at the show barn. Anyone interested in receiving additional instructions should attend.

The dairy cattle show will begin at 9 a.m. on Friday morning. On Thursday afternoon, September 22, at 4 o'clock there will be a training session on showing dairy animals, at the show barn. Anyone interested in receiving additional instructions should attend.

Rites Held Sunday For Mrs. Dan Hurst

Funeral services for Mrs. Dan Hurst of Rt. 4, Booneville were

conducted Sunday afternoon at Carolina Methodist Church with Rev. Huey Wood officiating. Burial was in the Carolina Cemetery with McMillan Funeral Directors in charge.

Mrs. Hurst passed away Friday at 4:35 p.m. at her home following an extended illness. She was a member of Carolina Methodist Church and was 76 years of age.

She leaves her husband, Dan Hurst; a son, Cecil Eaton of Rt. 3, Booneville; three daughters, Mrs. Mitchell Nicholson of Hunter, Ark., Mrs. Leslie Towery of Smithville, and Mrs. Claude Spencer of Booneville; two brothers, Cliff Michael and Ruben Michael of Booneville; three sisters, Mrs. Walker Green and Mrs. Henry Smart of Booneville and Mrs. Ruth Brooks of Arlington, Va.; eight grandchildren and 17 great grandchildren.

Pall bearers were her nephews, Carroll Windham, Von Meeks Michael, W. D. Michael, Warren Hurst, Jr., Mike Green and Howard Smart.

Among out-of-town friends and relatives attending the funeral were Mrs. Flake Humphrey of Selmer, Tenn., Mr. and Mrs. Von Meeks Michael of Smyrna, Ga., Mr. and Mrs. J. B. Darnell, Mr. and Mrs. T. O. Ham, Mr. and Mrs. Wilfred Spencer of Corinth, Mr. and Mrs. Jim Plunkett, Mr. and Mrs. H. C. Massingill, Mr. Billy Fields, of Amory, and Mrs. Woodie Coker of Smithville.

Wranglers King And Queen To Be Picked

The Rienzi School auditorium on the evening of October 1st will be the scene of the first crowning of Northeast Mississippi's King and Queen Wranglers.

The contest covers eight Northeast Mississippi counties, including Prentiss, Alcorn, Tippah, Lee, Tishomingo, Union, Pontotoc and Itawamba, and contestants from these counties are invited to enter or otherwise be present.

Five judges will select winners from two age groups. Ages 8-16 winners will receive five dollars each. Winners 17-60 will be awarded twenty dollars each, making a total of fifty dollars in prizes. There is no charge to enter the contest. Entries will be judged only on overall dress of western and wrangler style attire. It is not considered a beauty contest. Gents and ladies may enter, since both the king and queen are to be selected.

The program is sponsored by the Rienzi Lions Club and admission at the door will be only fifty cents to everyone, except children under 6, who will be admitted free.

The Rienzi Lions are eager to pay tribute to all Saddle Clubs in this part of the state, and this program will climax this riding season with the crowning of the King and Queen Wranglers. The many saddle clubs have provided folks of all ages with a clean sport, help keep our children off busy streets, and have helped business in general.

An added attraction will feature the well-known Joe Hamilton at the organ throughout the entire evening. The Lions agree that the musical styles of Joe Hamilton are alone worth the admission price.

Young People Are Challenged To Get All The Education Possible

By Senator John Stennis

In September, we always have that thought and feeling, "back to school." I think next to spiritual values, education of our youth is the most important subject before us. Through all this strife in our school system and the unfortunate compliance requirements that I have opposed, I have never lost sight of the fact that the major thing in a child's life, outside religious training, is formal training in school.

I challenge our teenagers and those in your twenties and thirties who are continuing your studies to make this the very best year you've ever had in school. Do your utmost to get the most out of it. Time is short and the demands are great. You need not doubt that we are living in an age of industry and technology. The needs for vocational training, scientists, and of course always the need for those versed in the arts and sciences are greater for your generation than ever before. Education and training will pay you great dividends and will provide the most lasting values of anything you do in life.

Most fortunately in Mississippi, as well as in surrounding states, this opportunity is open to every person who will try. We have a wonderful elementary school and high school system; we have fine junior colleges in Mississippi, and our senior colleges and universities are literally filled. I'd like to see the capacity of the senior and junior colleges doubled. Of the 150,000 persons of college age, only about 6,000 graduate each year from a four-year college.

We are living in a time of opportunity and a time of demand. Because I feel so strongly about this, I have taken the lead in support-

ing vocational and technical training to give every student a better opportunity. I have urged passage of bills regarding loans for individual students that they repay; loans for dormitories, and educational programs of that kind, because I know their need and their importance.

We have a marvelous corps of fine, dedicated teachers in our state, and I challenge every parent and the teachers, as well as the students. But I emphasize to our young people that after all the main part must come from the individual himself, and I warn you to beware of give-away programs or something for nothing, or ideas that you can get along without trying. That has never been true. It will not be true with you. Man has made his slow climb up the ladder of civilization through three major steps. One is, of course, spiritual values. The second is the education of the mind and the training of the hand, and the third is by the will to work, a willingness to pay the price.

I believe those things have always been true, and they will continue to be true. The will to work includes self-support, and self-sustaining avenues of trade, education, and self-work and self-independence. That is the road to success and everyone has the chance to travel that road through education and training.

Dairymen Producing Manufacturing Milk

On July 1, 1966, Secretary of Agriculture Orville L. Freeman raised the support price of manufacturing milk to \$4.00 per hundred. The secretary made the increase in order to encourage more dairymen to stay in and expand their production of manufacturing milk.

Dairy farmers have been leaving the farm at an alarming rate. We have also witnessed the lowest number of dairy cows on farms since 1900. This small number of dairymen is a national trend. Wisconsin reports that they are losing fourteen dairymen each day.

In our state of Mississippi we had 11,165 manufacturing milk producers in June of 1961. Today, five years later, we have 4,838.

What about the future of dairying? The future of dairying looks very bright. The surplus milk and milk products is fast disappearing. Exports for dairy products are up. Manufacturing milk is in short supply, and the price is predicted to continue increasing. Yes, dairying offers a bright future for the man who will apply the latest practices and get in the dairy business to stay. It's true fewer and fewer dairymen will be milking cows; but the ones who stay and will make improvements, will receive a good income.

Last November 30, 1965, the Mississippi Cooperative Extension Service launched a program called "1.5 x '75." We have mentioned this program to you in the past and how it is intended to put more \$\$\$ in your pocket. Through this program, dairymen plan to increase their business from 57 million dollars to 91 million dollars by 1975. This will be done through increased efforts in four areas:

1. Improvement in breeding.
2. Improvement in feeding.
3. Improvement in management.
4. Recordkeeping.

FRESHWATER COCKTAIL?—A University of Mississippi professor has developed a "breed" of daffy ducks that get skunked on straight water! The professor is Dr. Iola T. McClurkin and she was shocked to witness her domestic Peking ducks waddle up to a puddle and wobble away, soundly polluted on a freshwater cocktail. Dr. McClurkin and student William R. Millard of West Point raised the ducks on salt water, creating in them what scientists call a "nose kidney." As a result the ducks are temporarily unable to handle the straight water. The discovery was a freak of Dr. McClurkin's research concerning cell regulation of osmosis.

Premium Payments For Doctor Bill Part Of Medicare Being Received

First premium payments for the doctor bill insurance part of medicare are being received on schedule, Hugh Tigrett, District Manager, Social Security Administration, announced today.

"It is encouraging," he noted, "that more than 9 out of 10 have already sent in their payments."

Tigrett explained that most of the elderly people who have signed up for the voluntary medical insurance part of medicare are having their premium payments deducted from their monthly social security, railroad, or civil service retirement cash benefits. Timely premium payments are therefore

made automatically for them. The remaining elderly people are billed directly by the Social Security Administration.

The response to the first premium notices has been gratifying, Tigrett said, but pointed out that those who have not yet sent in their premiums will lose their doctor bill insurance protection if they delay beyond September 30. Premium reminder notices that time is running out were mailed out last week notifying those who have not yet sent in their payments. Practically everyone 65 or over is eligible for basic hospital insurance under medicare, Tigrett said, financed out of social security tax contributions. The doctor bill insurance is financed out of the \$3 monthly premiums of those who are enrolled for this supplementary protection, and a matching \$3 for each person enrolled, paid out of general Federal revenues.

First premium notices were mailed out in June, the District Manager said, requesting a \$9 payment for the months of July, August, and September. Premium payments are due on the first day of each month of coverage. The protection is terminated if no payment has been made for three consecutive months, and the elderly person may not sign up again until the next open period, October 1 to December 31, 1967, with the protection not starting until July 1, 1968 — and at a 10 percent higher premium rate.

The District Manager urged any older people who are having difficulty making their doctor bill insurance premium payments, or who have questions, to get in touch with the Social Security Administration without delay.

"Arrangements can be made to pay premiums in monthly installments of \$3 each, instead of \$9 quarterly," Tigrett said. "The people in the Social Security Office will be glad to help them get their premium payments on record so that they will retain their protection." Anyone living in Prentiss County may contact the Social Security representative who visits the City Hall in Booneville each Monday morning.

VA Answers Vets Questions

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — I have a service-connected disability presently rated as 100 per cent. Are my children entitled to benefits under the War Orphans Educational Assistance Act?

A — Sons and daughters of living veterans with service-connected disabilities rated permanent and total in nature are entitled to Educational Assistance under the War Orphans Program.

Q — Will you please tell me if the 10 per cent deductible from the income of a nonservice-connected veteran is only for Social Security benefits, or does it include local, state and railroad benefits or pensions also?

A — Report the full amount of Social Security and pensions to the Veterans Administration and the VA will then make the 10 per cent allowance in Social Security payments or pension payments, such as state and railroad retirement benefits.

Q — I am 77 years old and receiving \$59 a month from Social Security pension with no other income of any kind. I lost a son in France, July 16, 1944. Could you please inform me as to whether I am eligible for a pension from the VA or not? If so, who do I contact?

A — You should contact the VA Regional Office, for an application to file for dependency and indemnity compensation as the dependent parent of a service-man killed in action.

Q — I am a female veteran and was denied disability pension benefits in Jan., 1964, due to excessive income because my husband's wages were \$5200 per year. Has there been any change in the law under which I could qualify now?

A — Yes, Effective Jan. 1, 1965, the spouse's income if consisting of wages only, is not considered as the veteran's income.

Q — Two years ago, I surrendered my right to monthly service-connected compensation payments in order that I might receive a greater monthly payment of disability pension for nonservice-connected disabilities. I now have an opportunity to return to work, but find that my income will bar me from receiving further pension payments. Will I be permitted to again receive service-connected compensation payments?

A — The VA did not consider your election to receive pension as a "surrender" of your right to compensation payments. You may again receive compensation payments effective as of the day following termination of nonservice pension payments to you.

Q — My service-connected disability of emphysema is rated at 60 per cent. I have been unable to work since 1959 because of this disability. How can I reopen my claim?

A — You should submit evidence of your unemployment. Veterans who are rated at least 60 per cent disabled for one disability may be increased to 100 per cent based on individual unemployment if the service-connected disability causes the unemployment.

Attend Funeral

Among the out-of-town relatives and friends attending the funeral of Mrs. Ruth Nunley Anderson last Tuesday afternoon were: Mr. Bill Andrews, Mr. and Mrs. Elmer Mahon, Mr. and Mrs. James Andrews and son, Mrs. Dorothy Brinkley and son all of Chicago, Ill., Ronnie Robinson of Memphis, Mrs. Florence Eastin, Mrs. Betty Yensen of Waukegan, Ill., Mr. and Mrs. Tommy Nunley of Collierville, Mr. and Mrs. Guy Tyra, Mrs. Jewell Mayo of Altus, Okla., Mr. and Mrs. Guy Green of Sheffield, Ala.

Pvt. Ned Nunley of Fort Dix, New Jersey; Mr. and Mrs. Melvin Orman, Mrs. Audrey Cagle of Memphis, Mr. A. A. Kemp, Mrs. Geraldine Russing of Corinth, Mr. and Mrs. Archie Kilpatrick of Guntown, Mr. and Mrs. Beal Smith of Wheeler, Mr. and Mrs. D. P. Nunley, Mrs. Ruby Nunley all of Corinth, Pvt. Alfred Owens of Fort Polk, La., Pvt. Charnel Owens of Fort Dix, New Jersey, Mrs. Nellie Mills of Tupelo, Mr. and Mrs. Joe Nunley of San Antonio, Texas.

Pray one for another. —(James 5:16)

When those near and dear to us are unhappy or unsuccessful, we may long to help them in every way we can. However, first we should pray for guidance and good judgment so that our help is as effective as we want it to be. Our prayers quicken the Spirit of Christ within them. Our prayers quicken in us the faith that Christ is guiding them in the way of their highest good.

Antique Show Opens Sept. 30 In Brookhaven

The Brookhaven Junior Auxiliary offers all antique-minded people a rare opportunity to see and purchase fine pieces of antique furniture and bric-a-brac during their "Antique Show and Country Store Sale". Dealers from several southern states will have on display their finest items. Other than their choice pieces of furniture, glass, china, etc. will be beautiful lamps, chandeliers, fans, and many other items that antique lovers are always seeking. Among the dealers entered in the show are Womack's Antiques, Baton Rouge, La., Cobwebs & Dust, Union Church, Miss., The Myrtles, St. Francisville, La., LaWhite's Antiques, Natchez, Miss., LaCombe's Antiques, Brookhaven, Miss., Russell's Antiques, Greenwood, Miss., and Neames' Antiques, Hammond, La.

An added feature of the show will be a special showing of a collection of old coins owned by Mr. Tullins Brady of Brookhaven, Miss.

The Antique Show will be Sept. 30 through Oct. 2 at the National Guard Armory on Highway 51 in Brookhaven, Miss. This event will be open from 10 a.m. till 8 p.m. on Fri. and Sat. and from 1 p.m. till 5 p.m. on Sun. Tickets, which will be available at the door, will be \$1.00, and door prizes will be given each day.

The Country Store, which will offer for sale items made by the Junior Auxiliary members, is already being plentifully stocked with a variety of handcrafted merchandise which will be as easily adaptable for personal use as for gifts. Available also each day will be a fresh supply of baked goods for the gourmet. The Country Store, in carrying out its theme, will offer not only country store prices but the gracious courtesy that was always extended in the now almost extinct country store.

Concessions will be served by the

ON THE LOCAL SCENE

Mrs. J. B. Davis' friends will be glad to know she is improving at her home after undergoing surgery recently at the Baptist Hospital in Memphis.

Mrs. H. C. Fugitt, whose birthday was Saturday, enjoyed a birthday dinner on Sunday. Those present for the occasion were Mr. and Mrs.

Junior Auxiliary throughout the show. Lunches of chicken spaghetti and sandwich plates will be available along with Cokes, coffee, and homemade pies and cakes.

This Antique Show is truly an event worth traveling hundreds of miles for, and a cordial invitation to attend is extended. All proceeds from the show will be used for the benefit of the Brookhaven Junior Auxiliary's many worthwhile projects.

Orville Fugitt and children of Tupelo, Mr. and Mrs. Billy Bonds and children and Mr. and Mrs. Donald Kelly and Mike of Booneville. Others visiting during the afternoon were Mr. and Mrs. Earl Smith and Mr. and Mrs. Blume Green of Tishomingo.

NATIONAL 4-H WEEK

National 4-H Week will be observed throughout the country from September 24 through October 1. Recognition will be given to the achievements of nearly 2.25 million boys and girls who participate in the activities of some 96,000 4-H clubs. Organized for young people between the ages of 9-19 in cities, towns, suburbs and rural areas, 4-H clubs carry on a wide variety of educational projects in civic and community service, in farming, home-making and personal improvement. The goal of developing good citizenship is foremost in

all 4-H programs. This goal is emphasized by the national 4-H engleed which stands for the pledge: "My Head to clearer thinking, My Heart to greater loyalty, My Hands to larger service, My Health to better living, for my club, my community and my country."

By this pledge, millions of young boys and girls have developed character, talents and skills which today make them better citizens. National 4-H Week deserves the support, cooperation and respect of every citizen.

Our Trip To Alaska

By: Stella Hoogerhyde

We had a very enjoyable visit with my niece and family in Anchorage, Alaska recently. Lt. Col. and Mrs. L. D. Wilde, Jr. Mrs. Wilde was Elaine Owens, daughter of Mr. and Mrs. Yonny Owens of Valparaiso, Indiana.

After loading our camper with enough food, warm clothes, camera and fishing gear to last for several days, we climbed aboard to begin our journey to try our luck at silver salmon fishing. The sun was bright and the days were warm, but when we reached the first stream we decided we must do our hip boots and look like true fishermen. It turned out that the fish were "bumpies" or pink salmon and not as good to eat as the "silver" or "red" or "king salmon". So we enjoyed ourselves by catching these and releasing them.

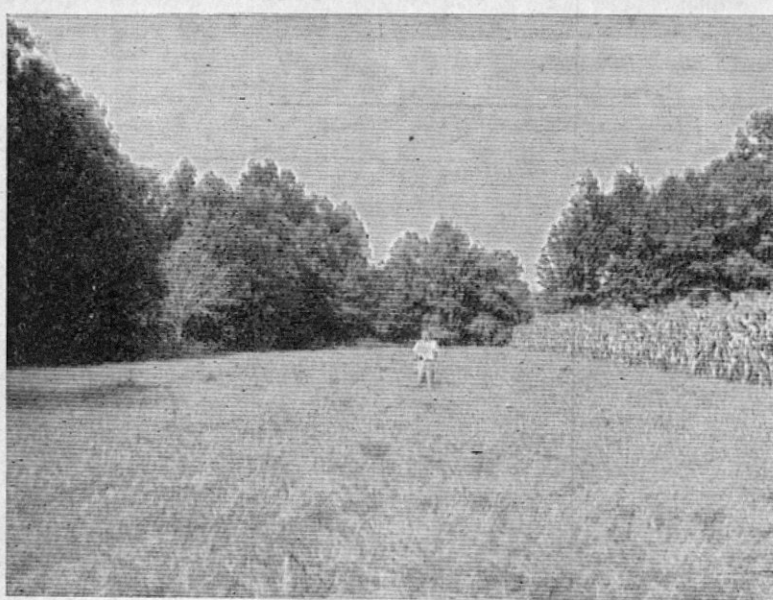

We felt we had practiced with them and were ready for better fishing, so we continued our trip to the mouth of Montana Creek and the Big Susitna River.

The first day we caught one beautiful 9 pound silver and ate it for supper. It was delicious and we were sure another day would bring us many more. The next day we caught 5 silvers and the next day 5 more.

We decided it was time to return to Anchorage, get more ice, freeze our fish, clean ourselves up a bit and get a good night's sleep before starting our two days jaunt to the Silver Salmon Derby held annually at Seward, Alaska. John and Larry sat in the cab of the 3/4 ton pickup, while Elaine and I climbed up in the large double bed over the cab so we could get the best view possible.

The weather was cloudy and rainy, but we already had five of the nicest sunny days that apparently Alaska only gives out sparingly which are very highly cherished by all Alaskans.

Our view was some what hindered by the weather but it could not stop us from seeing the beautiful

COASTAL BERMUDA — Amos Melton of the Hill's Chapel community is shown in a field of Coastal Bermuda which was sprigged on May 24, 1966. The stand is pure and is now approximately 18 inches tall. This hybrid grass, if handled properly, can mean a lot to livestock growers. Mr. Melton will get one cutting of hay from this stand this year and then three to four cuttings a year thereafter, depending on the season.

Chugach Range of mountains to the left and Turnagain Arm of the Cook Inlet, to the right.

The highway was paved but quite wavy with bumps caused by permafrost in the ground underneath, and we bounced happily along, until we reached the Portage area where 20 miles of road is under construction, due to the March 27, 1964 earthquake damage.

Portage was a little town of approximately 350 people, which was literally washed away. The ground dropped in this area and twice daily the tides roll in to cover everything with water. The roads had long wide fissures in them and were flooded daily. Road construction has been continuous, but very slow because of the need to allow the road to be used to allow people to get to the Kenai Peninsula which in turn helped the small community economy and also offered access to the best fishing and recreation areas fairly close for those out doormen from Anchorage.

We turned on a side road to go see the Portage Glacier which is an awesome delight. As the deep blue hunk of ice break loose from the glacier itself, they settle in a glacial lake until they melt and go the way of other glacier fed streams of water.

In this area it is quite natural and to be expected for the winds to blow up to 100 miles an hour. Although I don't know exactly what the speed of the wind was that day, we certainly felt that it was strong enough to turn our camper over, so we moved over to a partial protection of the lodge and drank our hot cocoa before resuming our trip.

As we finally got thru the road construction area and came to the paved area again, we lost sight of the Turnagain Arm mud flats and now we saw mountains on both sides of us with fresh fallen snow in their peaks. The sight was really beautiful with the lower parts of the mountains colored with the yellow green of birch trees and the dark green of the spruce sprinkled with purple fireweed and red cranberries.

We passed thru Johnson's Pass and then a small community called Moose Pass before reaching lower and upper Summit Lakes to the left of us. These were large still lakes in which you can see the reflection of the mountains and clouds and where fishermen try their skill catching golden finned trout. Still further we came to the beautiful 35 mile long Kenai Lake which is loaded with dolly varden, rainbow and silver salmon.

As we entered Seward we saw the new \$18,000,000 railroad terminal and small boat harbor just completed under the supervision of the U. S. Army Corps of Engineers after the complete destruction caused by the seismic wave after the 1964 earthquake.

We entered the parking area of the new small boat basin, which was flooded with hundreds of cars, trailers, campers, tents, and boat carriers which belonged to the fishermen who had come to pit their skills against one another in catching the heaviest silver salmon in beautiful Resurrection Bay for the big annual Salmon Derby. Up to that point the heaviest fish weighed 17 lbs. 15 1/2 ozs. and everyone was trying for at least an 18 lbs.

We spent the night, stayed with all the other campers, but the next morning, it was still raining, we decided to return to Anchorage.

We will remember both the good and rainy weather of this great and wonderful last frontier that is so dear to the hearts of Elaine, Larry and their teen-age boys.

Rites Today For Ellis E. Peak

Funeral services for Ellis E. Peak of Michigan City, Indiana will

be conducted Thursday (today) at 2 p.m. at Liberty Methodist Church with Bro. W. E. Sharp officiating. Burial will be in the adjoining cemetery with Jones Funeral Directors in charge.

Mr. Peak passed away Sunday morning in Michigan City following an illness of five months. He was a member of the Baptist Church, a mechanic and 46 years of age.

He leaves his wife, Mrs. Vister

Wissett Peake; two sons, Jimmy and Johnny Peak of the home; six daughters, Annette, Robbie, Linda and Ann Peak of the home; Mrs. Pegg, Austin and Mrs. Patsy Virland of Michigan City, Ind.; two brothers, Edward Peak of Michigan City, Ind. and Oscar Peak of Greensburg, N. C.; four sisters, and four grandchildren.

Pall bearers will be Dean Kirkland, Phil Windham, Clyde Shook, Gene Johnson, Son Winfield and Ralph Hare.

NEW... AND WONDERFUL! COLORMASTER MACHINE

Marie Sharp Roberts, Operator, is shown with Eunice Fugitt and new machine.

TONING OR TINTING 5 MINUTES
RETOUCHING 10 MINUTES
FIRST TIME BLEACH 30 MINUTES

Einstein has helped make it possible for you to be a blonde in 30 minutes. This is no science fiction, but a discovery made by Helene Curtis.

The result: a new color accelerating machine just introduced which cuts 80% from the bleaching and color processing time necessary to be a blonde, or to effect any other dramatic color change.

"Insta-ray" bulbs in the new ColorMaster machine literally wipe hours off the clocks in salons, as patrons need wait only 30 minutes for a first time bleach, 10 minutes for retouching and five minutes for toning or tinting.

It is so quick and comfortable, you are seldom conscious anything dramatic is taking place on your hair until you see the lovely results.

The machine also makes it possible for the hairdresser to control the action of the bleach more accurately so she can achieve the exact lightness she wants and get uniform color every time. Color accelerating is a boon to the busy homemaker or career woman who always wants to look her best, but can't afford hours of waiting for beauty to happen.

Local Business

By S. S. TALBERT
Chairman, Dept. of Journalism
University of Mississippi

"A prospect does not normally buy the best value he can afford. He must be sold on the idea of choosing the best..."

This is the opinion of a real estate man who has sold thousands of homes.

"The family looking for a new home usually wants something just slightly better than the house they are leaving. They feel a little guilt and unsure about choosing something a great deal better, even though the price may be practically the same."

Salesmen of items ranging from shoes to automobiles have noted the same tendency on the part of buyers to lag behind their means.

It is difficult to sell a fine pair of shoes to a customer who is accustomed to destroying a pair of cheap shoes every few months. Yet, over a period of a year the good shoes would be far less expensive, more comfortable, and more attractive.

"Consumer lag" is especially evident among newly affluent shoppers. Since a large portion of the American public is newly affluent, the problem of helping the consumer to distinguish between value and mere price has become a major function of retail advertising.

It is not easy to convince a new public it is good economics to spend more for quality. The benefits may be long range, intangible, or technical in nature.

The medium used for selling the idea of quality must be one which provides for unlimited presentation of facts, factual comparisons, and sound logic. It must be one in which the public has proven faith.

Because of the local newspaper is such a medium, the builders of new and better homes depend on newspaper advertising as the major means of informing and locating new prospects.

Fall Round-Up Of Shows September 24

The Fall Round-Up of shows will be presented by the Prentiss County Saddle Club on September 24, 1966, with 15 classes in which one may participate.

The entry booths will be open at 6 p.m. and the show will begin at 7 p.m. with Ponies and Halter classes the first on schedule.

The colts will be shown with their mothers in the Halter Class; this means that suckling colts only will be permitted in this class. If a horse is shown in the Walking Horse Class, it will not be permitted in any Saddle Horse Pleasure Class, or vice versa. The classes are arranged so that each rider may be given a break between events, if he is entered in more than one class.

This show will be sponsored by the Prentiss County Saddle Club, although merchants have expressed the desire to donate money. Any donations are appreciated and will be used to better the club.

We of the club hope to have much repair work done on the arena before show time. All who would like to help with this project, contact some official of the club and find out what nights they plan to work.

It is also hoped that there will be many participants in this Fall Round-Up of Shows. Those entering will be charged \$1 for each event entered. Admission also will be only \$1 for adults and \$.50 for children.

News From Frankstown Mission

Imperfections are the reason we had an announcement in the paper a few days ago that we were willing, or deeding, Mission property to Blue Mountain College.

We remember that we had offered Baptists this property before, but they had no setup whereby they could handle it.

Respectfully and Sincerely,
J. M. Franks

BEAUTY AND FRAGRANCE

For beauty and fragrance the rose stands at the top, equaled by none, unless it be the carnation. Booneville could be very outstanding for its roses, but we must learn the art and put out the energy required to produce the very best plants. We recently noted in the yard of Mr. and Mrs. W. L. Gullett some of the most beautiful roses we have seen in a long time. There seemed to be many different varieties and colors, too. Nothing activates culture and hospitality more than a lovely rose garden. Every home should have a garden of roses, even if it is very small, and Booneville could distinguish itself across the nation with its rose gardens. Of course, the city would need an expert teacher. We understand that Miss Mable Cunningham is well-versed in the production of choice roses. We understand that she was called on to give some help and advice when W. L. Gullett began to produce the beautiful garden in his yard. Mrs. Kemp not only does a fine job selling good fresh groceries, but she, too, is a lover of beautiful gardens and beautiful roses — and proves it with her own. Let us think on the garden, especially the rose garden, as a thing of beauty and inspiration, and congratulate the Gulletts and all in our community who have already worked to make theirs lovely.

VALUABLE CITIZENS ALREADY MISSED

The passing of MR. GUY ADAIR was a great loss to Booneville and Prentiss County. His contribution through the sweet potato and the tomato plant was a great service. People came to him for tomato plants as far off as Memphis. His plants had to be just right, and he put in them value received. Reason and kindness was in his very make-up and his plan was to help everyone and hinder none. Guy Adair was a quiet, hard-working, valuable citizen. One of the biggest services he rendered was in getting the Baptist County Missionary Program under way. We owe to him a big credit for the county mission home we now have. He never failed his church out at Gaston and he never failed any good cause. Much credit is due his fine wife, Jessie Maxwell Adair. It was so good to be a friend to this man and to feel the inspiration that came from his every day life.

MRS. DAN HURST, after a long but patient illness, passed on last week. Her praises were not extensively sung, we are sure, but across the years we knew her quite well. She did her part in the march of life as best she could and maintained a faith that carried her through troubles and hardships. She could always see a streak of gold behind the clouds; her heart was always full of gratitude and her loyalty knew no bounds.

The passing of MISS CLARA WOOD brought the deepest grief to every person at our hospital. In her going the hospital family sustained a great loss and not only the hospital but the town and county as well. To the service of sick people she was deeply dedicated and duty-bound. She was dedicated to one and all as a helping friend as though by hoops of steel. Known for her dependability, thorough in her work, full of knowledge, wisdom and justice, Miss Wood made reason and love a part of her daily being. We called her SAMMIE because she could trace her ancestry back to the great Sam Houston. Her service and her personality are already missed.

CITIZENSHIP IN ACTION

Dr. W. W. Strange now lives out a little distance on N. W. 400 Four Highway West. He has rendered good general practice in medicine, but he also rendered another valuable service to the people of this county. Dr. Strange has once again given attention to his white-faced cows and is building good pastures for them. His first love was the Jersey cow and he brought some of the very best-blooded to this county. Now he has brought in some fine white-face animals. He has one fine Jersey milk cow, just to look at mostly. Dr. Strange is improving and re-building his land, furnishing it with quality stock. This makes a fine addition to our county. We think the Bible may give some credit for this type of citizenship.

ANOTHER MISSISSIPPIAN MAKES HISTORY

On last Friday night Leontyne Price, a Negro woman born in Laurel, Mississippi, was the chosen soprano to open the new \$46 million Metropolitan Opera House at Lincoln Center in New York City. In doing so she made a date in operatic history. For her this event was an opportunity "to express myself through a gift that God saw fit to lend me... and to speak for my people by having been chosen on artistic merit." Prior to this colorful opening night the singer took a year from her regular schedule to prepare.

THE PROBLEM OF BEING OVERWEIGHT

It is estimated that 21 million women in the United States and 14 million men are at least twenty pounds overweight. The reduction of

weight is a major problem with many people. Their sheer anchor for solving the problem is to use an artificial sweetener instead of sugar, to do without something to eat one or two meals a day and then take on a favorite banana split with about a thousand calories. Anyone who has raised and picked cotton knows that the more pounds you put in, the bigger the bale. The reduction of weight and successful maintenance of lower poundage should be gradual and consistent. It is much better and safer to eat about the same amount at about the same time three times a day. A good protein breakfast helps. Protein keeps the hunger pains down longer. The habit of sleeping until the last minute and dashing to the office without breakfast, then grabbing a doughnut at the ten o'clock break is not conducive to a good vigorous body. It takes a lot of steady discipline to reduce your weight and then to keep it down. The Bible, in eating as well as other habits, advises temperance at all times.

COMMON CREATOR

The Rev. C. Z. Holland of Clinton, Mississippi, preached at the First Baptist Church last Sunday. His message was eloquent and inspirational. Representing Mississippi College he championed the cause of Bible teaching in the affairs of men and nations. He pointed out the value of science and the great need for spiritual assets as well.

There was a time when many people thought that science and the Bible did not harmonize, but that day has passed. Science is coming to be the very strongest friend to the Bible. Of course, the Creator of the universe also created the laws of science. We need to know more about the truths of science to be more secure in freedom. Spiritual assets are important both in war and in peace. Louis Pasteur, perhaps the greatest scientist this world has known, saw no conflict between science and religion. What little man knows compared to the vast knowledge yet to be learned may be compared with the minuteness of the grain of sand beside the vast hulk of the mountain. We need to learn more science and to practice more pure and undefiled religion.

Be not weary in well doing, for in due season you shall reap if you faint not. So many people do not keep on keeping on long enough; some do not start early enough.

HOWLING FOR SORGHUM

The sorghum mill is now in action; the molasses is very good. The folks are howling for it, even coming from Memphis. It bids fair to become a fine income for Prentiss County and may put us on the map across the country — the sorghum and the pigs. We appreciate the fertile brain and ingenuity of our County Agent, Taylor Smith.

"The great hope of society is individual character".

HOLD FAST TO RIENZI

Don't give up on Rienzi. It will yet be a big boost to itself and a help to Booneville and Corinth.

COMING

Don't give up on the White Way from Booneville to Corinth. It is steadily on its way.

TALK MISSISSIPPI

The Economic Council is urging people to talk Mississippi. This is good advice. We have one of the best states in the Union and we should talk it.

This cleaner is particularly designed for cleaning and deodorizing toilet bowls. It removes all foreign matter that might accumulate in the bowl when properly applied. To obtain the most satisfactory results, push as much water out of the bowl as possible, then use about 2 cups of the cleaner fluid. Take a commode brush and brush around the top rim and allow it to set overnight. Within one or two applications, this bowl will be as clean as it ever was. When cleaning out yellow or red stains in bathtubs or lavatories, apply with a sponge or rag but do not rub hard. As soon as the stain is removed, rinse with warm soda water. This is also good for cleaning ceramic tile floors, shower bases, or any type of concrete. When cleaning ceramic tile or bathroom floors, allow the fluid to clean about 5 minutes; then rinse with clear water. I have found it can clean any copper or brass things, but it is necessary to rinse well with soda water. If your aerator gets clogged on the kitchen sink faucet, pour enough of the closet bowl cleaner into a cup and allow it to set about 10 or 15 minutes. Rinse well and put it back on the faucet.

Pilot Club Program Is Discussion Of Community Service Projects

The Pilot Club of Booneville met for the September program on Thursday evening, September 15, at the Town Motel. The president, Mrs. Cliff Michael, presided.

Mrs. E. O. Roden, chairman of the Finance Committee, directed the program, which had to do with the projects sponsored by the club. As the invocation Mrs. Mike Gibson sang "The Lord's Prayer". The meditation, given in the form of literary quotes from individual members, served as an apt lead to the discussion of the community service rendered by the club.

Considering the major project of the organization, Mrs. Hoyt Nelson traced the history of the Dental Hygiene program, recalling that the State Board of Health offered dental help to the needy throughout the county if some local group would provide matching funds. From the time the Pilot Club accepted this responsibility it has had the wholehearted support of most of the local dentists.

Mrs. James Tigrett very ably reviewed the educational accomplishments resulting from the dream of Ruby Newhall, early International president. Through the Ruby Newhall Scholarship Fund, established after her death, students have been able to attend colleges and universities outside of their respective countries. A post graduate requirement is that the student availing herself of this aid must return to her homeland to make her contribution to her own country. Mrs. Tigrett called attention to the fact that through the efforts of this club, Linda Wong, a graduating student at Blue Mountain College, has for three years been the recipient of the Ruby Newhall scholarship.

Another particular interest of the club has been the Rehabilitation Center in Tupelo. Following Mrs. Roden's summary remarks about the cooperative efforts of the Pilot Club toward community service, Mrs. Gibson gave a beautiful rendition of "You Never Walk Alone".

Early autumn flowers effectively arranged on the foursome tables.

MRS. EMMIE OWENS
Mrs. Emmie Owens Celebrates Her 97th Birthday Sept. 12

Mrs. Emmie Owens celebrated her 97th birthday on September 12 with a birthday dinner and family reunion at the home of her son, Hansel Owens.

Picnic tables were placed on the lawn from which the guests filled their plates with delicious food. Approximately 75 people enjoyed the delightful occasion.

Those from out-of-state attending were Mr. David Owens of Algonquin, Ill., Mr. Joseph Owens of Elgin, Ill., Mr. Carmon Owens of Jonesboro, Ark., Mrs. Christine Passmore and family of Lake City, Ark., Mrs. Nadine Wagner and family of Trumann, Ark., Pvt. Charnel Owens on leave from Fort Bragg, N.C., and Pvt. Alfred Owens on leave from Fort Polk, La. Several friends and relatives in and around Booneville also attended.

Mrs. Hansel Owens, daughter-in-law, states that although Mrs. Owens' mind is not as keen as it once was she still loves the Lord and thinks every day is Sunday and everyone should be going to church. All those present hope they can enjoy more birthday celebrations with this grand lady.

Blackland RCDC Has Regular Meeting

The Blackland RCDC met Monday night, September 12, for its regular monthly meeting.

The program was opened with group singing "Onward Christian Soldiers" directed by Kerry Saylors. The Rev. Huey Wood gave the

devotional using Ephe. 1:3 as the basis for his remarks. Dalton Garner then introduced Mrs. Mabel Nelson from the Prentiss County Health Department, who made an interesting talk on "Our Changing World", making comparisons of good old days a year or present days.

A business discussion followed and it was decided that the next meeting would be a supper with sponsors and their families as special guests.

Dalton Garner then showed slides of many interesting places, including Abraham Lincoln's birthplace and the Hermitage. Other picturesque views were of the Smoky Mountains, Niagra Falls, and other parts of America. Two special songs by Danny Arnold, Kerry Saylors and Sue Tucker completed the program.

Refreshments consisting of cake, cookies, cold drinks, and coffee were served the large group that attended.

Booneville High In STAR Program

The Mississippi Economic Council, the State Chamber of Commerce, announced today that Booneville High School of Booneville, has joined in the MEC's Student-Teacher Achievement Recognition (STAR) Program. The announcement was made by Edward H. Karer of Laurel, chairman of the STAR Program. STAR is a project of the state chamber's Education Committee headed by Howard Lewis of Greenwood.

The STAR program emphasizes the importance of scholastic achievement and encourages greater efforts in this direction by Mississippi students. The program also honors the teaching profession.

To qualify for participation in the STAR Program, students must be regularly enrolled seniors in an accredited public or private Mississippi high school. They must take the American College Test (ACT) when it is given in October or December of their senior year.

In each high school the two qualified students who receive the highest grades on their test are eligible. From these two students, the one having the highest scholastic average during his or her first semester senior year shall be named the school's STAR Student and will receive the STAR Award.

Each STAR Student is asked to designate the qualified Mississippi teacher, regardless of grade taught,

'Singing Sheppards' To Present Concert

Rev. and Mrs. Charles Sheppard

Rev. and Mrs. Charles Sheppard of Wilmore, Kentucky, will present a program of sacred music at the Grace Methodist Church Thursday evening, Sept. 22, at 7:30 p.m. The Singing Sheppards are well known in sacred concert and evangelistic circles across the United States and Europe.

Mr. and Mrs. Sheppard are both graduates of Asbury College, Wilmore, Ky. Mr. Sheppard has studied at the American Conservatory

who in the STAR Student's opinion, made the greatest contribution to his or her scholastic achievement. To qualify, a STAR Teacher must be an active classroom teacher in either a public or private school in the school district of the STAR Student.

STAR Student and Teacher awards will be presented before a student assembly in the spring.

of Music, Chicago and taught on the music faculty of Chicago Evangelistic Institute. Mrs. Sheppard has studied at the University of Michigan, Ann Arbor and for a number of years headed the music department of Malone College in Canton, Ohio. The Sheppards have served as ministers of music in Methodist and Evangelical United Brethren Churches in Kentucky, Illinois and Florida.

It has been the privilege of the Sheppards to travel and sing in Europe in song evangelism, singing in Switzerland, Holland, Belgium, Germany, Austria, Spain, and the British Isles. While singing in Holland they were presented to the former Dutch Queen, Princess Wilhelmina. Spending a year traveling through Africa and the Middle East in missionary song evangelism was a most thrilling and blessed experience. Singing highlights of the journeys of the Sheppards has been a city-wide meeting in Capetown, South Africa; annual conferences in West Africa; a great tent campaign in Beirut, Lebanon; the annual Methodist Conference of Austria in Vienna; a Baptist Youth Conference in Rushlikon, Switzerland; Hungarian refugee camps in Austria; a great Ascension Day service in Bern, Switzerland.

This singing couple has filled sacred concert and song evangelism engagements in 36 states, 5 Canadian provinces and 17 foreign countries. More recently they finished a singing tour of the far west and the Canadian northwest.

The program of sacred music will be varied, including sacred classics, great hymns of the church, oratorio and gospel songs. A free will offering will be received for the couple. The public is cordially

Garden Club Meets In Prichard Home

The Town and Country Garden

Club met Tuesday at the home of Mrs. B. Prichard with Mrs. Kenneth Pounds as co-hostess. Coffee, tiny fried pies and pastries were enjoyed by the eighteen members present.

Mrs. R. B. Prichard warmly welcomed Mr. W. D. Clifton, instructor at Northeast Mississippi Junior College, who spoke to the club on landscape designs. He stated that in landscaping a plan must first be developed. Much valuable and worthwhile information was given on foundation plantings, lawns, borders and trees. He welcomed questions from club members.

The flower arrangement design for this month was the asymmetrical triangle. Mrs. Joe Carter, Mrs. W. V. Kemp, Mrs. Cliff Michael and Mrs. Kermit Jones, Jr., carried arrangements.

The Bible

Draw near to God, and He will draw near to you —(James 4:8)

We all need at least a brief period of silence each day to pull our thoughts together and to reflect on the deeper realities of life. Set aside at least a few minutes every day for reading, meditation and prayer. This practice deepens our inner life—without which external activity can easily become shallow and devoid of true meaning.

invited to attend this special service in the ministry of sacred song.

Sophs Entertain Freshman 'Sisters'

The Blue Room of the Northeast

Mississippi Junior College went Hawaiian for the party for the freshman student nurses given by their sophomore "Big Sisters" Thursday night, September 15. As the freshmen arrived, they were presented leis and greeted with the familiar "Aloha".

After being served mints, nuts, cupcakes, and Hawaiian punch, the freshmen gave impromptu skits with the assistance of props provided by the sophomores. Later the sophomores gave impersonations of various people they met during their summer in Florida.

Special guests were two of the

instructors in the Nursing Department, Miss Christine Maxcy and Miss Gloria Ross

Mr. and Mrs. J. P. Fraser Celebrate Golden Wedding Anniversary Sept. 11

Mr. and Mrs. J. P. Fraser of Rt. 1, Booneville celebrated their Golden Wedding anniversary with open house on Sunday, September 11.

The living room and dining room were decorated in the traditional gold theme, along with floral arrangements of white flowers and greenery. The table, overlaid with a white hand-crocheted tablecloth over gold, held the tiered cake, punch bowl and compotes of assorted candies and nuts. Mrs. Janice Wallace and Mrs. Elmo Gray presided at the refreshment table. Mrs. Hollis Waddle registered the guests.

Mr. and Mrs. Fraser received many gifts which were on display. A point of interest to the guests and a fond remembrance to Mr. and Mrs. Fraser, was a grandfather clock possessed by the couple for the fifty years of their married life.

Numerous friends and relatives attended, including Jeff Fraser, Downey, Calif.; Mr. and Mrs. George Scott, Austin, Texas; Mrs. Lenora Donoway, Roswell, New Mexico; Mr. and Mrs. Bill Oldham, Fort Worth, Texas; Mrs. Essie Brewer, Springtown, Texas; Fred Fraser and Mr. and Mrs. Floyd Griffin, Trumann, Ark.; Mr. and Mrs. C. H. Burns, Mrs. Aaron Rhone, Barbara and Tommy, and Mrs. Bessie Owen, Memphis; Dr. and Mrs. F. K. Tatum, Susan and Chris, Mr. and Mrs. Elmo Gray, Ricky and Cliff, Paul Rather and Jessie Lee Simmons, all of Tupelo; Mr. and Mrs. Claude Stoop and Mr. and Mrs. Fletcher Brumley of Corinth.

Children of the couple present included Mrs. Betty Winfield and family, Mrs. Virginia Crabb of Booneville, Miss Beatrice Fraser of Tupelo and Mrs. Charles Patten and family of Booneville.

A grandson, Jimmy Crabb, was

unable to attend due to serving with the Air Force in the Philippines.

Industrial News Review

Reid Derrick, president of Laclede Gas Company, reports that: "For over a century the (gas) industry's growth was steady but relatively unspectacular. Then, in the nineteen twenties, came the development of pipeline which could withstand the high pressure needed for long-distance transmission of gas. This made it possible for the first time to bring natural gas, generally found in remote regions, to the populous market areas of the country. Today, a vast network of transmission pipelines — enough to circle the earth more than eight times at the equator — crisscrosses the nation and supplies one third of all America's energy needs. And the gas industry has grown to become the sixth largest in the country."

Right to Work states are those in which state laws provide that unless they wish to do so, individuals need not join a union as a condition of employment. These states lead the nation in the creation of new jobs in business and industry, in wage improvement in industrial jobs and in producing new wealth and personal income. Among the top 15 states in actual wages paid industrial workers, six were Right to Work states. The top three states in the nation in rate of new jobs created by industry are Nevada, Arizona and Florida — all Right to Work states. Unemployment in Right to Work states is substantially below non-Right to Work states.

Nation's Agriculture says: "The worst fed American is the teen-age girl who skips or skimps on breakfast, consumes one fourth of her total calorie intake in poorly chosen snacks and doesn't drink enough milk or eat enough fruits and vegetables."

According to J. Edgar Hoover, director of the Federal Bureau of Investigation, "Red China and other Marxist nations (have saved) incalculable time and resources in their race to overcome the camp of freedom. Since 1949, when communist forces overran the Chinese mainland, Red China has poured tens of thousands of dollars into the American economy through purchases of nonclassified publications of myriad types and descriptions. During a recent 12-month period, one United States publisher alone shipped \$4,556 worth of technical books to a firm in Peking. To procure an American engineering index, the Chinese communists eagerly paid more than \$2,600; and a group of government research documents cost them \$464. Many other purchases of American publications, ranging from a few dollars into the thousands, have been

traced to the Red Chinese. . . . "In 1963", says the Petroleum Bulletin, "the petroleum industry spent some \$315 million on research. By 1970, according to current projections, the figure will soar to \$600 million. . . . Some of the research projects border on the fantastic — but we live in a fantastic age. For instance, among them are such things as homes built of fireproof plastics which would also be termite-resistant; clothes made from petrochemical fibers which would not wear out; petroleum-based growth inhibitors which, when applied to lawns, would make mowing only a once a year chore."

The Portland, Oregon, Traffic Safety Commission notes: "Vacationers tend to go too far and too fast for their own good. Quite often they keep going until they're tired and consequently not very alert. . . . you can deal with such situations defensively in your driving. Watch out for out-of-state licenses. . . . cars towing boats or trailers and confused drivers slowing down, possibly looking for landmarks. You might be able to help them. . . . and by defensive driving, you can definitely help yourself avoid an accident."

The U. S. Department of Agriculture, report to consumers declares: "You can put extra pennies — even dollars — in your pocket if you read the grocery ads and take advantage of the specials. Home economists at the Department recently went shopping to test this theory. They were able to save 25 per cent by shopping the ads of the stores in a single neighborhood."

STATE SHARING SOUTHERN GROWTH

Mississippi has an important role in the South's economic progress which has been setting new records for growth in key phases. Once called "the nation's number one economic problem," the South has made a comeback to out-pace the rest of the country. Industry is burgeoning in the South which is also enjoying a boom in education, culture, and recreation.

This South, on the rise, is losing much of its dependence on Northern capital and executive skills. Today, the states of the South are becoming a power in their own right. Southern banks are financing more and more of the South's growth and Southern schools are in the midst of a drive to produce the trained talent needed for the growth ahead.

An official of the Federal Reserve Bank in Atlanta describes the maturing South as diversifying and upgrading agriculture, expanding industries, and creating a better economy that is more stable and less vulnerable to serve fluctuations. The gap between the South and the rest of the nation has not been closed, but gains are striking.

Here in Mississippi, our industrial development has been substantial and well diversified. Last year was a big one for us. Many industrial gains are anticipated in the year ahead; but meanwhile, our vast agricultural resources are not being neglected. Diversified agriculture has made important advances and will continue to prosper.

As in the South's farming areas, the pattern is one of change. Cattle graze in fields where cotton was grown. Production of broilers, dairy products, fruits and vegetables is rising as agriculture diversifies. Banks are taking the lead in providing the capital for farm mechanization and turning it into a business rather than just a way of life.

Increasingly, the South is building home plants to process and package its own food products rather than export raw materials. Mississippi has an important role in this economic progress.

INSTRUCTING Northeast students in the use of the key punch machine is John Tomlinson, instructor in data-processing from Kossuth. Students from left to right are: Ruth Caudle, Corinth; Margaret Weeks, Corinth; Kay Bogue, West Union; Sandra Clayton, New Albany; and Barbara Stewart, New Albany.

Business Students At Northeast Work With Data Processing Equipment

Students at the Northeast Mississippi Junior College are fascinated with the data processing equipment in the Business Department.

Newly added equipment includes the Key Punch Machine, a Sorter, Printing Card Punch, Collator, Verifier, and an Accounting Machine. The data processing equipment will take the student up to the computer, and Northeast officials feel optimistic about securing a computer by the time the student is ready for that phase of training.

Through the cooperation of the State Division of Vocational-Technical Education with Mr. A. P. Fatheree as director, it has been possible for Northeast to add the data processing program for the current school year.

Introducing...

to the North Mississippi Banking Community,
a proud and timely new name...

Bank of Mississippi

(formerly The Bank of Tupelo and The Prentiss County Home Bank)

...a tangible reflection of the aggressive growth of North Mississippi, the new BANK OF MISSISSIPPI, with its main office in Tupelo and with seven other offices in convenient locations, is a newcomer in name only. In its background, as the Bank of Tupelo, is almost a century of sound and tested banking services, and its growth pattern was marked recently by its merger with the Prentiss County Home Bank of Booneville. This is an important step in a thoughtfully projected, long-range plan for expansion and progress

in North Mississippi.

Presently, all of its offices, including the new Booneville branch, offer finest facilities of data processing, new home financing, credit analysis, trust services, diversified savings and specialized checking account programs; and new, expanded services will continue to be added.

BANK OF MISSISSIPPI is in step with the changing face of Mississippi's economy and industrial growth, and is now pleased to

be able to offer the largest legal loan limit of any bank in North Mississippi, serving as a strong and helpful partner to our industrial community. Its combined assets are in excess of \$40,000,000. But equally as important as the advantages now offered by this merged banking strength is BANK OF MISSISSIPPI's backlog of sound financial judgement, neighborly warmth and understanding, which has been the tradition of all member banks for many years. This will continue to be our guideline for the future:

YOUR SAVINGS BOND QUIZ

Question: I own Savings Bonds purchased between 1947 and 1954. Are these bonds still earning interest and when will this interest stop?

Answer: Any Series E Savings Bonds ever purchased is still earning interest. Bonds purchased prior to May, 1949, have been granted

two 10-year extensions. Bonds purchased since then have been granted one 10-year extension. Interest will continue until the bonds are cashed or reach absolute maturity.

Question: What are the new limitations on holdings of Savings Bonds?

Answer: Under new regulations, the limitations on holdings of bonds issued during any one calendar year are \$20,000 (face value) for Series E Bonds and \$30,000 for H Bonds.

Question: Is any time of the year more advantageous than another

for cashing in Series E Bonds?

Answer: It should be on the anniversary date of the particular bond or at six-month intervals thereafter. E Bonds gain in value every six months. When held to maturity, they return a yield of 4.15 per cent, compounded semi-annually.

NOTICE OF THE QUALIFIED ELECTORS OF PRENTISS COUNTY

By virtue of an order adopted by the Board of Supervisors of Prentiss County, on the 8th day of September 1966, notice is hereby given of the boards intention to borrow the sum of FIFTEEN THOUSAND (\$15,000.00) DOLLARS, on October 7th, 1966 and to issue the notes of the County for the payment of said

loan, unless 20% of the qualified electors of Prentiss County protest or file a petition against the issuance of said notes.

The above sum will be borrowed for the Common County Fund, and will be borrowed for the purpose of defraying the expenses of the county, and in anticipation of taxes to be collected for said fund from a special tax levy and in strict compliance with the provisions of Section 2926-13 of the Mississippi Code 1942.

WITNESS my signature this 8th day of September, 1966.

FEEDER PIG SALE

Our next area feeder pig sale will be held Thursday, October 13. We have changed our vaccination

schedule. From now on pigs will be vaccinated the day of the sale. If you have pigs to consign to this sale be sure you let us know not later than September 28. This system of vaccination will be helpful to all concerned if you, as a producer, will cooperate with other producers in getting your pigs consigned and getting them in early on sale day.

FOREST FIRES

Uncontrolled forest fires cost the Mississippi landowner at least a million dollars a year. This is an economic loss to the community of around \$7 million, when the dollar turn over is included.

Man causes a vast majority of the uncontrolled woods fires — a round 99.8 percent of them.

According to statistics 65 percent to 75 percent of the burned acreage in Mississippi is due to fires purposely set. Some of the reasons for setting these fires are: Possibly a grudge against the owner; a mistaken belief that fire improves grazing and that it is an effective

insect and rodent control.

Help prevent forest fires by using every precaution when doing any necessary burning on your own property. Let the public know that you consider your woods a crop — just like cotton or corn. Cooperate with the fire fighting crews by reporting any uncontrolled fire promptly.

SOD SEEDING

From October 1 to November 1 is an ideal time to plant winter cereals and legumes in permanent grass sods. Sod seeding will not provide fall and winter grazing, but gives real good early spring grazing.

Ideal places to sod seed are bermuda, dallis and bahia grass pastures that need a slight amount of renovation and additional fertilizer. Oats, wheat, ryegrass, wild winter peas and hairy vetch are good crops to sod seed. We will be glad to give you recommended seeding rates and needed fertilizer.

INSECT CONTROL, LIVESTOCK

Hornflies and other pests are still present in large numbers. These, if not controlled, take a big toll from our cattle. They cause loss of weight and a drop in milk production. They are not too hard to control.

Use of back-rubbers or self-dusting sacks do a good job. Keep the sacks loaded with the recommended dust insecticides and the back rubbers well saturated with the insecticide-oil mixture.

By keeping these well supplied with insecticide cattle tend to go into the winter relatively free from lice as well as free from the hornflies. We will give you recommended insecticides to use.

They are as follows: President, Johnny Hopkins; Vice - President, Kary Peters; Secretary, Brenda Moreland; Treasurer, Marilyn Harris; Reporter, Peggy Hoard; Sponsors, Mr. Horace DeVaughn and Mrs. Victor Farrar.

Peggy Hoard, Reporter

We may speak in the tongues of man or even of angels, but if we are without love we are merely sounding a gong or a clanging cymbal. We could have the gift of prophecy or be able to move mountains but if we have no love, we are nothing. And the greatest measure of our love should go to God.

Johnson of Golden.
Charles W. Gullett of Hattiesburg was here Saturday on business.

With the official announcement of this name change we wish to remind and reassure our customers and friends that our high standards of banking and service will not only continue but will be expanded to bring even more services to the citizens of North Mississippi. Now, as the largest bank in our area we will work even harder to maintain the position of leadership

our customers have made possible for us to attain.

We realize that many people will find it difficult to think of us in terms of our new name; and frankly, we'd be disappointed if we weren't remembered and referred to from time to time by our friends as the old Bank of Tupelo and the Prentiss County Home Bank.

HOME ECONOMIST'S NOTES

By CLAUDE T. ROSS, Extension Home Economist

A good time to plan your meals is when you are hungry. Get a pencil, some paper and write down your plans for daily food needs for your family.

As you plan your meals, work each day's menu as a unit. Don't worry about balancing each meal. It doesn't make a lot of difference when you eat what, as long as you include the needed foods in your meals for the day and don't eat too much. If you or members of your family eat snacks between meals, plan them along with the meals.

Planning your meals for three days to a week in advance saves time and helps save on your grocery bill. It should also save time in preparing meals. Remember, meal planning is only a plan, not

a binding contract. You can make changes at the last minute if it will help you and the meal. The lower your food budget, the more important it is for you to spend time planning and preparing meals carefully. Time you spend making tasty, attractive dishes from low cost foods mean saving money and pleasing your family's appetite. The cost of food is no indication of its nutritive value.

The age and activity of the members of your family will determine the kind and amount of food they need. As you make your meal plans introduce new and different foods occasionally, as well as serve family favorites. Liking a wide variety of foods is a health and social asset.

Italian Delight

1½ pounds ground beef
1 onion
2 cans cream of mushroom soup
1 can tomatoes
1 can whole kernel corn
1 pkg. cooked macaroni (elbow)
½ cup grated sharp cheese
Brown ground beef in ½ stick oleo, add small onion chopped. Combine mushroom soup, tomatoes, corn, macaroni and add to ground beef mixture. Pour in baking dish, top with grated cheese and bake in 350 degree oven for approximately 45 minutes.

Repot Pot Plants

Don't put off the job of repotting your pot plants. In the pots that should be slightly larger than the old container, put a new soil you have enriched with one-fourth lb. commercial fertilizer to each bushel of soil mixture.

You can make a good potting soil of one part leaf mold, two parts garden loam, one part rotten manure and one part sand. Mix all materials thoroughly.

Are You Candidate For Membership In The Coronary Club?

Do you qualify for membership in the Coronary Club? District 14 Heart Association volunteers will find out if they do at the Rex Plaza Motel, Tupelo, Tuesday, September 20, 7:30 p.m.

"Reduce your Risk of Heart Attack" will be the topic of discussion at the fall meeting of District 14 Heart Association. Dr. Eugene Murphey, Tupelo, will speak on "Can We Prevent Heart Attacks?" A discussion period, led by Mrs. Fannie Yawn of Fulton, will follow, on the best ways to bring this important message to people in the counties and communities in this area. The program will be concluded with a film preview, "Better Odds for a Longer Life". This film carries the pertinent message on what you can do to reduce your risk of heart attack and is available to groups upon request from the Mississippi Heart Association. Heart volunteers from Alcorn, Itawamba, Prentiss, Pontotoc, Lee and Tishomingo Counties are expected to attend. Mayor James L. Ballard, Tupelo, District 14 Heart Association Chairman, will preside.

NOTICE

To the people of Prentiss County and to the whole world, to solve the world's problems, let's all unite in prayer and pray to the one God, who is able to deliver us all.

BEAUTY'S BABY

One day, recently, the children and I stopped, on our way home, to pet Beauty and her baby. Beauty lives at Mr. Ryder's farm, not far from our home, and the coming of her colt has been a prime topic of conversations these past few weeks.

This particular day Carla's question about Starlight's Daddy and his whereabouts sparked a discussion with my threesome that ranged from God's plan for the birth and care of baby animals, on to people and their babies.

It was a rare and precious moment, such as parents and teachers treasure, when young minds reach out effortlessly for information and understanding.

As we drove home, I thanked God for the opportunity He had given me to share in this eager unfolding of my children's thoughts and ideas. I thanked Him, too, for His Church which has inspired my religious growth and thus helped me keep pace with the developing queries of my children.

The Church is the source of great understanding.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Many Activities Being Planned For National 4-H Club Week

State College, Miss. — Many local and state activities to inform the public about today's 4-H Club program in Mississippi are planned during National 4-H Week, September 24 through October 1, according to Gordon White, state 4-H Club leader of the Cooperative Extension Service.

"We'll stress particularly that 4-H offers valuable opportunities to all boys and girls wherever they live — to residents of towns and cities, as well as to farm and rural non-farm youths," he said.

Membership in 4-H gives the boy or girl practical "learning by doing" experiences not found elsewhere. It helps them to develop leadership, good character and other desirable personal qualities.

It helps in the choice of a career and in the discovery of hobbies and other interests of life-long value.

Many youths are not members of 4-H or any other organization, Mr. White pointed out. They need such experience for their full development, he added.

"We urgently need to find more men and women who are interested in serving their communities, state and nation by becoming volunteer 4-H adult leaders. This will make it possible to organize additional clubs for boys and girls who want to take part in 4-H," he said. "See your local Extension Service staff about what you can do."

Members of 4-H Clubs in Mississippi meet in their neighborhoods and communities. This gives them

VALEDICTORIANS who are enrolled at The Northeast Mississippi Junior College for the first semester are, standing left to right: James Luther Hardy, East Union; Harold Daws, Booneville; Glen Duckworth, Ingomar; Jerry McCombs, Jumptown; Carol Doss, Thrasher; and David Greenhaw, Wheeler. Seated: Jo Castleberry, Kossuth; Linda Zuber, Tishomingo; Peggy Frederick, Burnsville; Pat White, Tupelo; Susan Bartlett, Pine Grove; Ruby Rorie, Biggersville; Becky Wemble, Biggersville; and Lenita Phillips, Corinth. Kneeling: Dwayne Newman, Baldwin; Alan Gregory, Myrtle; and Wayne Alexander, Ingomar.

plenty of time for quality work combined with fun.

Present enrollment is about 35,000 boys and girls in 1,947 clubs guided by 3,000 volunteer adult leaders. Training these leaders and providing them with materials in every county are agents and home economists of the Cooperative Extension Service.

Mississippians will learn more about 4-H during the week via newspapers, radio, television, posters, exhibits, special meetings and in other ways.
