Course At Northeast In Sales Training

A ten-hour Sales Training Course for Christmas Extras will be held at the Northeast Mississippi Junior College November 28 - December 2, from 7:30 to 9:30 p.m.

The course, made possible by the Division of Distributive Education of The Northeast Mississippi Junior College, is open to anyone 16 years of age or older who is interested in learning the knowledge and skills needed to be an effective retail store employee during the Christmas Season. It is designed to provide the retail stores of the area with better qualified personnel that work only during the Christmas shopping season.

Topics that will be covered will include: how to prepare for the interview; source of employment information; learning store policies; serving the customer; maintaining good customer relations; the basic steps of making a sale; and other appropriate topics.

A minimum of ten students is required for the class. Interested persons may enroll in advance by contacting Don Locke at Northeast. Individuals are not required to enroll in advance, although it is preferred. They may enroll by being present at the first class meeting on Monday, November 28 at 7:30 p.m.

Upon completion of the course, for which a \$2.00 materials fee will be charged, all members who qualify will receive an official certificate. This certificate could possibly be helpful in obtaining work for the Christmas season if presented to the prospective employer.

Marietta Lodge To Meet Saturday

The Marietta Lodge No. 188 will meet Saturday night at 7 o'clock to elect officers for the coming year. Refreshments will be served. Members from other Lodges are invited to attend this meeting.

Randle Livingston,

Thousands Expected To Line Streets For Annual Christmas Parade Mon.

One of the biggest crowd drawing events of the year will be held on Monday night, November 28th, when the annual Christmas Parade takes place in Booneville.

The parade will begin promptly at 6:30 and all those having floats or a part in the parade must be lined up at 6 o'clock.

Mr. George McGregor reports

Shown at the Shoplifting Prevention Clinic held recently in Booneville are, seated, left to right: James N. Godwin, Prentiss County Attorney; and Hugh McElreath, private investigator from Oxford. Standing, left to right: Don Locke, Director of Distributive Education at The Northeast Mississippi Junior College; Mrs. Louise Moore, a Booneville businesswoman; and Stewart Vail, a Booneville businessman.

Shoplifting Prevention Clinic November 19 Is Well Attended

The Shoplifting Prevention Clinic held in Booneville November 19 was well received, with over 50 retailers and retail employees attending. The clinic was sponsored by The Northeast Mississippi Junior College, through the Department of Distributive Education, with Don Locke as director.

Mr. Hugh McElreath, private investigator of Oxford and former agent with the Federal Bureau of Investigation, spoke to the group. Mr. McElreath stated that shoplifters can be divided into four basic types. These include amateurs or the accidental or spur of the moment thieves; juveniles who steal for the thrill involved; kleptomaniacs, and the professional shoplifter. Mr. McElreath also said that prevention of shoplifting is possible only through courteous, alert sales personnel. Although a friendly "May I help you?" is just that to a customer, he said, "it means 'I am watching you' to the shoplifter."

Prentiss County Attorney James Godwin, speaking on the legal aspects of shoplifting, said offenses may be treated as felonies. At

though merchandise valued at less than \$25 is generally regarded as a misdemeanor, a third conviction automatically becomes a felony, regardless of the value of the merchandise.

Both speakers urged that, in cases of suspected or proven shoplifting, "You get your local law officials to handle the situation."

Miss Gloria Dixon On Dean's List

COLUMBUS, Miss.—Miss Gloria Dixon of Booneville was among the 77 students honored on Tuesday, Nov. 22, at Miss. State College for Women during the 11th annual Scholarship Recognition Day.

Miss Dixon, daughter of Dr. and Mrs. A. V. Dixon of 216 College, was among the 12 seniors on the Dean's List with an A average for her last full year of attendance at MSCW.

She is majoring in home economics.

Cucumber Production Meeting

Anyone interested in participating in an area cucumber production program is invited to attend a county-wide meeting Thursday night, December 1 at the Court-house in Booneville at 7 p.m.

We need a minimum of 100 to 150 acres in the county in 1967 as a start.

The Atkins Pickle Company of Atkins, Arkansas, has been operating in several counties in North Central Mississippi for the past two years and are anxious to expand their area to include five to seven more counties in this area next year.

This firm will give you a contract price and will pay you at the scales when you bring your cucumbers in. The harvest season will be during June and July when most farmers can use supplemental income.

A good acre of cucumbers will gross from \$150 to \$300 or more. The production cost is relatively small.

This project is especially good for small families of three to five people and also for older farmers who are partially retired.

This is an excellent opportunity to "pick up" some extra "cash" during the summer. If interested be sure and attend this meeting or come by the County Agent's Office.

Forked Oak Baptist Church To Have Revival Nov. 23-25

The Forked Oak Baptist Church will have a three-day revival beginning Wednesday, November 23 and continuing through November 25. Services begin at 6:30 p. m.

Bro. Alan Powers of Bald Knob, Arkansas will be doing the preaching. The public is invited.

Federal Grant Of \$237,900 To Lay Groundwork For Expansion Of City

Approval of a federal grant to the City of Booneville in the amount of \$237,900 for expansion of the water and sewer systems was announced Thursday afternoon, November 17, by Mayor Marion W. Smith at a called meeting of the Board of Aldermen, other city officials and news media representatives.

Mayor Smith had received notification in telegrams from Senator John Stennis and Congressman Jamie Whitten that the "Grant for the City of Booneville in the amount of \$237,900 had been approved for the construction and expansion of the water system for

water distribution lines, fire hydrants, pumping stations, 500,000 gallon water storage tank and a similar expansion of the sewer system to better serve the people of the City of Booneville and adjacent areas."

This grant will provide the basic financing for a project of approximately \$1 million on water and sewer service, laying the groundwork for the expansion of the city limits to make Booneville a city of 6,000 to 7,000 population.

The city had made application for a grant of \$240,000 for use in the project. Another grant of \$53,700 had previously been approved and is being held in reservation for water pollution control.

The Board of Mayor and Aldermen is currently investigating the most desirable method of financing the balance of the project. It is probable that revenue bonds may be issued for the purpose. Such bonds would be retired from increased revenues of the systems and would not require additional tax levy.

While discussing the possibility of expansion of the city limits, it

Kiwanis Club Elects Officers

The Booneville Kiwanis Club recently elected officers for 1967. Elected president was E. O. Roden, who served the club as president in 1953, C. L. Billingsley, vice-president and W. D. Kernell, secretary-treasurer.

Elected to serve as the board of directors for the new year are: R. G. Houston, George D. Martin, L. H. Oakley, C. F. Rowland and L. C. Wright.

Installation of the club's new officers will be held in January at a ladies night banquet.

Over 240 people attended the Booneville F.F.A. Chapter's annual Parent-Son Banquet Friday night. Mr. Kenny Earl Gray, Public Relations Director for the Agricultural-Technical Program at the State Department of Education, was guest speaker. Shown left to right are: Miss Sadie Lou Price, F.F.A. Sweetheart; Jimmy Dale Downs, F.F.A. President; Mr. Kenny Earl Gray; and Mr. Merrill Cartwright, F.F.A. Advisor.

Buddy Smith Presented Legislative Resolution At Local FFA Banquet

The highlight at the Booneville F.F.A. Chapter's annual Parent-Son Banquet on Friday night was the presentation by Senator Jim Dean of a Legislative Resolution to Ralph G. (Buddy) Smith, commending him for his recent achievement as Regional Star Farmer of America. The legislature passed this resolution on Friday and was presented by both Senator Dean and Representative Charlie McCoy in appreciation of the outstanding way in which Buddy has brought recognition to our state.

Over 240 people attended the colorful harvest-time affair. In a pre-Thanksgiving spirit, decorations of fall leaves, turkeys, and yellow corn with yellow chrysanthemums and gladioli added gaiety to the occasion. The delicious food was supplied by the FFA mothers and served cafeteria style.

The FFA Officers—Jimmy Dale Downs, J. V. Riddle, Stanley Horton, Joe Rowland, Donny Whitehead, and Jamie Holley—opened the meeting with the FFA Opening Ceremony. James Huddleston, a chapter Greenhand, gave the welcome. Mr. W. C. Williams, a parent, responded. Roy Holley, 1965-66 chapter president, gave the invocation. Jimmy Dale Downs did a very capable job as toastmaster.

The Peoples Bank and Trust Company, represented by Mrs. Toy Smith, gave \$10.00 checks to Donny Whitehead as Chapter Star Farmer, Jamie Holley as Star Greenhand, J. V. Riddle for Livestock Production, and Tommy Wright for Farm Safety.

The Bank of Mississippi, represented by Mr. James W. Smith, Jr., gave checks for \$10.00 to James Huddleston for Soil and Water Conservation, Billy Garner for Farm Electrification, Danny Smith

for Farm Mechanics, and Jimmy Dale Downs for Public Speaking. Honorary Chapter Farmer Degrees were presented to Mr. R. G. Horton, Mr. Arthur Downs, Mr. J. B. Whitehead, and Mr. C. Rowland. Miss Sadie Lou Price was presented with a white corded sweetheart jacket by President Jimmy Dale Downs. Sadie joined the BHS Choral Group singing, "I'm In Love With A Boy In FFA."

The speaker of the evening was Mr. Kenny Earl Gray, Public Relations Director for the Agricultural-Technical Program at the State Department of Education. Gray stressed to the Future Farmers that it is necessary to their future to have parents who care, inner strength within themselves, and to always have God by their side. His talk was very inspirational.

SGA At Northeast To Sponsor Annual Beauty Pageant

The Student Government Association at The Northeast Mississippi Junior College will sponsor the annual beauty pageant to be held at 8:00 p.m. on December 9. Activities for the day include a reception for the judges and contestants at the Student Center Building from 1:15-3:05. Climaxing the day's activities, approximately 20 Northeast beauties will compete for the title of Most Beautiful in the college auditorium.

FALL APPLICATION OF TRELFAN

An extension of label clearance allows treflan to be applied in the fall. This is not recommended by either the experiment station or extension service as not enough research has been done.

The Delta Branch Experiment Station has had only one year's research. Elanco has two years' research.

Many questions remain to be answered. Among them is, "What will be the results in a wet year?" Interest is wide-spread in fall applied treflan as it is a general practice not to prepare buckshot and other tight soils in the fall. This allows weathering process to melt clods and settle seedbed. By applying herbicide in the fall, you conserve moisture next spring.

Label extension allows up to 1-1.4 pounds of active material (2-2 1/2 pints) to be used per acre. The material must be incorporated into the soil.

Fall application is not for soils that stay wet or are subject to frequent overflow. Where sheet erosion is a factor, you may lose some of the treflan. The manufacturer says, "Do not apply treflan to soils subject to prolonged periods of flooding or soils where rice was grown the preceding year."

Plan a strong weed control program to take care of all weed control.

FERTILIZATION

Lots of folks are wanting to know if it will pay to re-nitrate winter grazing crops now.

This is one you will have to decide yourself. If you need more grazing and can make a profit from it, then the answer is "Yes."

There will be some growth from winter grazing from now until real winter sets in, provided nitrogen is available. If nitrogen is not available, growth will stop and not start again until spring.

Dairymen who have limited winter grazing, and cattlemen who are carrying over light calves or steers during the winter should go ahead and apply nitrogen now.

Most nitrogen applied now and not completely used will be there for spring growth. Some will leach out, but the loss will not be enough to offset the profits you will make from the nitrogen.

FRUIT TREE PLANTING

Time to plant fruit and pecan trees is here. The best time to plant apple, peach, pear and pecan trees is during November, December and January.

Early winter planting gives the soil a chance to settle around the roots before spring growth starts. This gives the trees a better chance to survive. Planting early also gives you a better chance to

get the kinds and sizes of trees you want from the nursery.

WASHING SWEATERS

Yes, you can wash your sweaters, whether they are all man-made or woolen. It does take time and patience. All manmade fibers can be done at home, and many homemakers prefer to launder their woolen sweaters to having them drycleaned.

First, find the labels that came with the garment and follow any laundering instructions. If you can not find the instructions or none came with the garment, resolve to be a better shopper next time and buy a garment with instructions and keep them.

Some points to help you launder your sweaters in your washing machine are:

1. Draw the shape of the sweater on paper. Wrapping paper is good to use.
2. Pretreat any soiled area by gently rubbing with a light duty detergent. You may use cold water soap.
3. Use warm or cold water and add detergent. Some laundering specialists prefer cold water. Subtract amount used for pre-treating. Usually one-fourth to one-third cup is plenty.
4. Wash only one or two sweaters at the time, but be sure they do not fade. Fill machine to normal level.
5. Soak without agitation for 5 to 10 minutes.
6. Agitate about 2 minutes and let washer complete cycle. Water softener may be added to the rinse waters, and a fabric softener added.

7. Hand block wool sweaters to original size on a flat surface and let dry. Sweaters of manmade fibers may be dried in the dryer.

8. Dry sweaters of manmade fibers on regular fabric setting. Be sure to remove the sweaters before it is completely dry. Finish drying on a flat surface.

TANGY CHEESE ROLLS

Make a lengthwise cut in the top of each of 6 brown and serve rolls. Combine 1 tablespoon melted butter or margarine, 1 tablespoon mayonnaise or salad dressing and 1 tablespoon grated cheddar cheese. Insert 1 teaspoon cheese mixture into each cut. Bake in a greased shallow pan in a hot oven (400 degrees F) for 12 minutes. Serve immediately.

VA Answers Vets Questions

Q.—Are scholarships available from the Veterans Administration for children of veterans?

A.—Scholarships are not available through the VA. Children of veterans who died of a service-connected disability or children of veterans who are totally and permanently disabled because of a service-connected disability are eligible for educational counseling and assistance. Such children may attend college and receive \$139 monthly for full time attendance.

Q.—I am a Korean Conflict veteran and still in service. I already have \$10,000 in NSLI (National Servicemen's Life Insurance). Can I get any of the new group insurance?

A.—Yes. You are in the fortunate group that can get at a nominal fee up to \$20,000 in life insurance. You may, for \$2.00 a month get \$10,000 in Servicemen's Group Life Insurance in addition to your NSLI. Q.—I am the wife of a totally disabled veteran. Can I go to school under the new G.I. Bill?

A.—No provisions are made for a wife's education. You should check your Veterans Administration for all benefits available for dependents of those in your husband's condition.

Since 1961 the U. S. has sent \$1.5 billion to France.

Services Available For Family Planning

Family planning services are available in every county health department in the state, according to Dr. A. L. Gray, State Health Officer.

During the last fiscal year 12,953 individuals were admitted to clinics for family planning. In addition to counseling and health information, they were furnished birth control "pills" or intrauterine devices.

Dr. Gray said that the State Board of Health started developing a program of family planning some 20 years ago in recognition of a serious problem in Mississippi. However, due to a wide divergence in public opinion, the development was slow and unpublicized.

With the general acceptance of birth control measures and the availability of reliable oral contraceptive tablets, the public health program has been extensively expanded in the last few years. The use of "the pill" in health department clinics skyrocketed from 5,000 tablets in 1962 to 182,400 in 1963; to 888,800 in 1964; and to 1,553,490 in 1965.

For the mentally retarded, especially, the health department is making use of an intrauterine device that is the answer for cases with below-normal intelligence.

Since February, 1966, the State Board of Health has furnished the devices to the University Hospital. Already approximately 200 have been relayed to the hospital for insertion before patients leave with their newborn.

In the health department, family planning has been a service in the Maternal and Child Health program. Its approach has been on the basis of protecting the health of the mother, her existing children and any prospective additional children.

"Our program is based on the acknowledgement of the relationship between too large a family, too little income and neglected health, emotional instability, between over population and juvenile delinquency," said Dr. Gray.

The goal, said Dr. Gray, is "every child a wanted child."

Services are available to all health department maternal and child health patients. When patients come to the maternity clinics for pre-natal and post-natal examinations, health officers inform them of family planning services and counsel with them on the advantages of using the service. Routinely, public health nurses counsel and instruct on family planning as they see patients in the clinic or the home.

In addition to being offered to health department patients, family planning services are also available to anyone referred by a private physician, the welfare department or other agency.

Dr. Gray says that as far as the health department is concerned, services in birth control are

on a "volunteer basis," for the health department has no authority to coerce.

"At every opportunity, health officers and nurses inform the patients, both privately and in groups of the importance of family planning and how to follow-through on the service to secure the maximum benefits."

Requests for the service continue to increase as time goes on, he reports.

While the present health department program does reach the unwed mother, Dr. Gray holds that the big problem of illegitimacy in Mississippi must be approached through legislation and education.

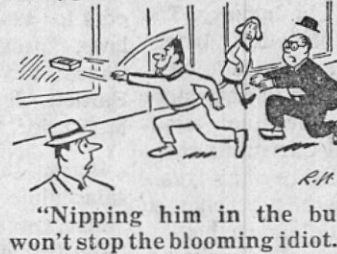

"Illegitimacy, with its potential state-threatening proportion, is much more than a public health problem. To adequately attack it calls for a multi-faceted program devised by leaders from education, welfare, health, law and religion," said Dr. Gray.

"Deep and cancerous as it is in our state, illegitimacy can't be outlawed by legislation. For so many for too long, sexual promiscuity has been a way of life. Not until conditions that foster it are corrected and a moral consciousness is developed in our youth, can we hope to see a change," predicted Dr. Gray.

Thanksgiving - A Great Tradition

It has been said that nothing is so constant as change. Bulldozers and earth movers give evidence of this every day. And yet, a few traditions and principles will very likely be with us as long as there is a United States, and as long as we enjoy freedom under representative government. A typically American tradition is Thanksgiving. This year to be observed November 24—a day of quiet when the family foregoes the privacy of home to give thanks and to partake of that fine and symbol of Thanksgiving—a roast turkey.

Once again, it will be a sober day for many who have members of their families in the Armed

Forces. And it will be a sad day for more than a few who must endure an empty space at the table that will never be filled. For these, the tragedy of war has exacted the ultimate price. While it may be small comfort, they should be assured that they have the deepest sympathy of all the good people of our country. On Thanksgiving, there should be no other kind. And, while we think of Thanksgiving in terms of family gatherings, it should not be forgotten that giving thanks with due humility is a matter for the individual. In that moment, we are alone with our thoughts. They should be worthy of a great day and a great tradition.

BACKYARD BLESSINGS

For some days now the wild geese have been winging south. Many people are heading toward sunny Florida or other warm climates for the winter. Across the ages man has sought climates and water fountains for health and for comfort. We've now concluded, however, that neither mineral water, temperate climate nor atmosphere have too much to do with longevity, vim, vigor or vitality. All of these conveniences and comforts we can have right here at home and at much less expense. Air conditioning, artificial heat and irrigation can pretty well take care of both animal and vegetable as well. If we are lacking the essential food the swift airplane can transport it to us in a matter of hours, even minutes. Almost every blessing we want or need can be found "in the back yard" or brought to it.

FAITHFUL FLOSSIE

Flossie, a large-sized fox terrier, was Grandmother's guard by day and by night. Although a bit older than young Towser, they shared equal protective responsibility. Flossie had had a little more early training in protecting the chickens, ducks, guineas and turkeys and entered the very strongest protest against any ravenous wolf that attempted to cross the twelve-rail fence enclosing the main yard. The sheep had to be put into the yard and sometimes even the large cellar at times for their safety.

One night soon after dark there was a powerful commotion at the yard gate. Lep and Leed roared into the thick woods. Young Towser opened up occasionally but mostly he concentrated on keeping up with Flossie. Down Turkey Pen Valley they yelped, then crossed over into Devil's Hollow, a thicket known for miles around. Lep and Leed scored three barks for a few times, then came silence. George blew his horn to call the dogs. All came in promptly but Flossie. He was not to be found. Grandmother was worried and she stayed up to keep mush and bread warm on the big three by seven foot hearth and laid a soft blanket nearby in case Flossie came in wet and cold. For a solid week she read her New Testament until late in the night and later her sleep was not good. After twelve on the seventh night she heard Flossie lapping water from the big rock trough in the back yard. Quickly rising, she called to the dog, but when he came she could not believe what she saw. Pitifully poor, the hair was rubbed bare from his back and hip and sores covered a large portion of his body. For more than a week Grandmother spent a good part of her time nursing the good dog back to normal. Where he had spent the week imprisoned none would ever know. Some thought he might have been pinned in a hollow log and after days of starvation became thin enough to squirm his way free. The old rock that holds five gallons of water was kept in the back yard for many years to feed and water the dogs and the cats, the chickens, the ducks, the turkeys and the guineas. We look at this same rock every few days and are reminded of the courage, the devotion to the Bible and the good citizenship that existed in those days gone by.

DRIVE TO THE MONEY

The Peoples Bank and Trust Company celebrated the opening of its Drive-In Branch Bank last Friday, November 18th. The attractive new building is located on the east side of Highway 45 near the Junior College. The celebration was well attended, showing the popularity of this bank. The Booneville Banking Company constructed the building in which the main Peoples Bank is now located. J. B. Sanders, an able and fine, progressive citizen, was its president; then for a number of years Mr. Seth Pounds was in charge. He made a reputation as an able, safe banker and a great local citizen. Now Mayor Marion Smith and Kenneth Pounds look after the local bank and are doing a fine job of it. The parent bank in Tupelo, headed by Mr. C. C. Eason, has cooperated with the people of Booneville and Prentiss County, making it possible to make liberal loans toward building the town in every way. Our people have been well served in the past and hold a large quantity of stock in the bank.

THANKSGIVING

For each new morning, with its light,
Father, we thank Thee,
For rest and shelter of the night,
Father, we thank Thee,
For health and food, for love and friends,
For everything Thy goodness sends,
Father, in heaven, we thank Thee.

Eastern Stars Extend Thanks

The Officers and members of the local chapter of The Order of the Eastern Star extend their appreciation to all who supported their ESTARL Benefit Supper last Saturday night. It was well attended and the proceeds will greatly assist boys and girls entering church related vocations.

Appreciation is also extended to all who furnished and prepared food, those who assisted in serving the meal, those who sold tickets and to all who supported the

project in any way. The cause is a worthy one and all who contributed in any way to its success can feel justly proud of a good deed well done.

The regular monthly meeting will be held at 7:30 Friday night, November 25th. Officers and members are requested to take note and attend, if possible. Visitors from other chapters are always welcome.

Local Business

By E. S. TALBERT
Chairman, Dept. of Journalism
University of Mississippi

This year Christmas advertising began in August in some cities.

Many individuals, like the late Eleanor Roosevelt, start shopping for next Christmas in January. The last frantic week of activity before Christmas is a fading tradition.

The head of a large variety store has predicted the eventual elimination of a special Christmas shopping sale. He believes that year-around gift-giving has become so extensive that retailers cannot afford to concentrate gift advertising in any one season.

"Probably the first outlet for surplus income is gift buying. In a prosperous society that means every occasion becomes a small Christmas. Birthdays, anniversaries, and other holidays have become major occasions for gift giving."

"It has been greatly stimulated by travel. Whenever a person visits or returns home he carries gifts. Airports have become a major outlet for variety items," he said.

The problem of the consumer, the executive commented, is more a matter of choice than cost. "The buyer looks for something unique, something special. Nothing can be more time consuming than the search for just the right thing for a certain person."

Apparently, a great latent market exists which has scarcely been tapped by many retailers who could be serving the consumer and gaining new business. It is a market which cannot be fully served without extensive advertising.

If the gift-seeker does not know what he wants, he is wide open to suggestion. The appropriate gift for a child may range from abacus to zither. Only advertising can tell the giver where he can find such gifts.

Student Scientists Hold Annual Luncheon

The Northeast Mississippi Junior College Society of Student Scientists held its annual luncheon meeting November 15, in the Department of Home Economics with the freshman foods class preparing and serving the meal.

The decorations and meal were in keeping with the Thanksgiving season.

When the meal was finished, Mr. Daws, Chairman of the Science Department, called Mrs. Dicus and the girls to the dining room and complimented them on their work of preparing and serving the meal. Mr. Daws stated that, "As always it was a job well done." The Society then gave a unified hand of applause to Mrs. Dicus and the foods class.

Shown at the Society of Student Scientists Luncheon held at The Northeast Mississippi Junior College are from left to right: June Johnson, New Albany; David Greenhaw, Wheeler; Dwight Jeffries, Booneville; William Roberts, Corinth; Allen Hale, New Albany; Frank Wiseman, Tiptonville; Marion Palmer, Booneville; Mr. W. D. Clifton, instructor in Physical Science; Northeast President Harold T. White; Miss Reba Williamson, instructor in Chemistry; Dr. Robert Scott, Chairman of the University of Mississippi Department of Chemistry; William Dallison, Northeast Instructor in Chemistry; H. H. Daws, Chairman, Northeast Department of Science; John Hurych, New Albany, president, Society of Student Scientists; Miss Mary Hobson, instructor in Biology; Carol Lowery, Booneville; Gloria Rutherford, Booneville; Pat Coffey, Myrtle; Delores Barnes, Iuka; Bunney McNeely, Iuka; and Teresa Glover, Corinth.

Mrs. William H. Preston Presents Program For Thursday Study Club

Mrs. William H. Preston presented a beautiful heart-warming Christmas story at the Thursday Study Club on Thursday afternoon. The meeting was held in the private dining room of the Northeast Mississippi Junior College with Mrs. Baxter Johnson, the charming hostess.

During the business period conducted by the president, Miss Mabel Cunningham, the slate of officers for 1967 was announced as follows, president, Mrs. Clarence Chase; vice-president, Mrs. W. T. Barnett, Jr.; treasurer, Mrs. John M. Curlee.

Before the program a delicious salad plate with coffee was served. Mrs. Preston selected the story, "The Gift of the Magi" by O. Henry from a collection, edited by Eric Posselt. Here for the first time, the masterpieces of twenty-three different nations were brought together justifying the proud title "The World's Greatest Christmas Stories."

No event in the history of mankind has had a deeper and more lasting effect than the Nativity. In some stories the Advent has inspired devotion, deep spirituality, and sacrifice, yet all of them are retelling in essence in their own way the eternal story.

The story opens with a description of the plight of a young and devoted couple who had no means to buy gifts for each other. There were two possessions of the James Dillingham Youngs in which they both took a mighty pride. One was Jim's gold watch which had been his father's and his grandfather's. The other was Della's hair, which fell from her, rippling and shining like a cascade of brown waters. She had only \$1.87. Della sold her hair for \$20.00 and adding a dollar, bought a platinum fob chain to properly proclaim its value. Twenty one dollars they took from her and she hurried home with the 87 cents. Jim looked at her queerly, but not in anger, with a peculiar expression. She told him she had sold her

hair because she could not live through Christmas without buying him a gift.

Then she unwrapped his gift. There lay a set of beautiful pure tortoise shell combs with jeweled rims. She knew they were exquisite combs and she had wanted them for years, but the tresses they should have adorned were gone and he had sold his watch to buy the combs.

The Magi, wonderfully wise men, as we know invented the art of gift giving. Here was related the chronicle of two young people who most unwisely sacrificed the treasures of their home, but let it be said that of all who give gifts these two were the wisest. Of all who give and receive gifts, such as they are wisest. They are the Magi.

An accomplished reviewer with an appealing style, Mrs. Preston kept the group's close attention. The fictional characters took on a deeper meaning as we met them while the listeners became acquainted with two perfectly fascinating personalities. The human details were expertly told as the characters were brought to life.

The club appreciated Mrs. Preston's contributions as one of the club's best programs.

When we invite the powerful, loving action of God into our life, we can expect changes. We can expect movement and growth. When we are ready to become a part of a forward movement affirm this truth. Then throughout the day keep this invitation flowing out through positive thoughts, constructive works and orderly actions. Use this affirmation faithfully and open the door to the powerful loving action of God.

The First Thanksgiving Proclamation

"BY THE PRESIDENT of the United States of America.
"A proclamation.

"WHEREAS it is the duty of all nations to acknowledge the Providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly to implore His protection and favor; and,

"WHEREAS both Houses of Congress have by their joint committee requested me to recommend to the people of the United States a day of public Thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many signal favors of Almighty God, especially by affording them an opportunity to establish a form of government for their safety and happiness:

"Now, therefore, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious Being who is the beneficent author of all the good that was, that is, or that will be, that we may then all unite in rendering unto Him our sincere and humble thanks for His kind care and protection of the people of this country previous to their becoming a nation; for the signal and manifold mercies and favorable interpositions of His Providence, which we experienced in the course and confusion of the late war; for the great degree of tranquillity, union and plenty, which we have since enjoyed; for the peaceable and rational manner in which we have been enabled to establish constitutions of government for our safety and happiness, and particularly the national one now lately instituted; for the civil and religious liberty with which we are blessed and the means we have of acquiring and diffusing useful knowledge; and in general for all the great and various favors which He hath been pleased to confer upon us.

"And, also that we may then unite in most humbly offering our prayers and supplications to the Great Lord and Ruler of Nations, and beseech Him to pardon our national and other transgressions, to enable us all, whether in public or private stations, to perform our several and relative duties properly and punctually, to render our National Government a blessing to all the people by constantly being a government of wise, just and constitutional laws, discreetly and faithfully executed and obeyed, to protect and guide all sovereigns and nations (especially such as have shown kindness to us) and to bless them with good government, peace and concord. To promote the knowledge and practice of true religion and virtue, and the increase of science among them and us, and generally to grant unto all mankind such a degree of temporal prosperity as He alone knows to be best.

"Given under my hand at the City of New York the third day of October in the year of Our Lord 1789.

"G. Washington."

MR. AND MRS. C. R. WALDEN

Mr. and Mrs. C. R. Walden Celebrate Their 50th Anniversary With Open House Sunday

With impressive features of hospitality Mr. and Mrs. C. R. Walden commemorated their 50th Wedding Anniversary with "Open House" at their home Sunday afternoon from 2 to 4, in a setting of traditional charm.

Clinton Robert Walden, son of Mr. and Mrs. John Walden, on November 23, 1916, claimed for his bride, Esther, the beautiful daughter of Mr. and Mrs. Robert Massey.

The couple left in the afternoon in Mr. Walden's father's horse and buggy, which was the travel custom in those days for the selected place of ceremony, the Courthouse at Old Jacinto. In a path near the stately building they were met by Justice Elic McClanahan and here they plighted their troth. Sacred still to the couple the well-worn path is still there.

With that vitality and limitless interests which is so characteristic of them, they turned their talent to home making which has been rich and rewarding to them.

Four years after their marriage they built their home and grocery store near Martin Hill where they have continued to live. To perpetuate their dwelling, they have kept alive the home spirit throughout

these happy years. They have reigned with pride in their household while contributing loving and helpful services to their family and neighbors. Their genuine friendliness and understanding recognition have enhanced their efforts. They took something of their kindness, good will and intangible worth from themselves and gave it to others. Sharing with others was effective in the essential to win the regard as good neighbors and good citizens. From the devotion of this couple the Biblical promise, "I will be with thee, I will not fail thee, nor forsake thee" is daily reflected.

On August 30, 1929 the Booneville Independent honored Mr. Walden in their paper as their selection of "Who's Who In Prentiss County—And Why."

In the receiving rooms Fuji chrysanthemums and yellow carnations were silhouetted in all their golden loveliness, with dramatic emphasis. Flower arrangements in the home one of the most inherently beautiful forms of artistic expression, in a varying blend of yellow, predominated with gold, symbolized the significance of the occasion.

Mr. and Mrs. Walden cordially greeted the guests at the entrance to the living room. Mrs. Walden looked lovely wearing a Copenhagen blue crepe and an orchid corsage. Standing with them to add a welcome were their daughter, Mrs. Eddie Caveness, Jr. and their sons, Messrs. Carmon and J. D. Walden.

The registry, a round drum table, was covered with a yellow floor length cloth which was overlaid with net. In the center a single yellow carnation was tied with

Rapid Progress On TV Cable Service

The Booneville Video Company, Inc., is making rapid progress toward providing TV Cable service to Booneville. One hundred thousand feet of guy strand, on which the cable is to be attached, has been installed throughout the city.

The addition of the Cable to this guy strand will begin Monday, November 28, and will move at a rapid pace.

The dining table was elegant in effect covered with an imported white cutwork cloth. The colors of the flowers were inspired by the golden theme. The soft glimmer of candles among the crystal and silver gave a special radiance. The centerpiece was a masterpiece of charm designed with golden Fuji mums and yellow carnations tied on an antique crystal cake stand, a family possession of intrinsic value.

The three-tiered cake sculptured in white was embossed at the sides with clusters of yellow roses. On the top of the cake was a golden heart bearing the numerals "50" which was interlaid in a filigree design.

Mrs. Carmon Walden served cake, mints and salted nuts. Punch was ladeled by Mrs. J. D. Walden. Cindy Caveness and Janet Walden served as tea girls.

Miss Paula Walden presided at the table in the guest room, where a handsome array of gifts were displayed in a setting with traditional flower arrangements adding a graceful note.

Many guests were present throughout the hours to extend their good wishes, adding to the numerous messages from in town and out of town friends, which they received during the eventful day.

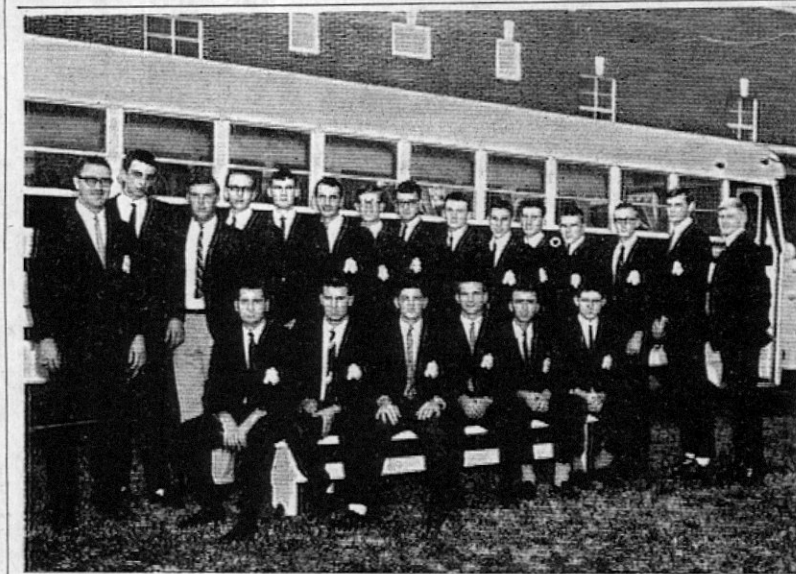

The 250 foot tower will be located west of the W. V. Kemp residence, and has already been received. The tower will be erected within the next few weeks, along with the amplifying equipment to be located in a building at the base of the tower.

Officials of the Video Company stated that the equipment is the latest and most modern equipment available for TV Cable service. Preliminary signal measurements made by helicopter show a strong and steady signal at the tower elevation. Channels 3, 5, 10 and 13 from Memphis, 7 from Jackson, Tennessee and 9 from Tupelo will be carried on the Cable. Every effort is being made to provide Booneville with perfect television reception.

The Booneville Video Company expects to begin connecting services prior to January 1, 1967 and proceed as rapidly as possible to connect every home and business in Booneville that desires this service.

When a man gives thanks he is recognizing how small a part he himself has contributed to this world's abundance.

When a man gives thanks he is expressing his affection for and his dependence on those who constantly share the experiences of his life.

When a man gives thanks he is laying aside his discontentments to rejoice in the more numerous and more meaningful satisfactions that have marked each passing day.

When a man gives thanks he is escaping from the webs of pride, greed and self-addition that could otherwise imprison his soul.

When a man gives thanks he is meeting God on God's own ground. For God is God! And we are His children.

When a man gives thanks he is discovering his greater need. For all that God has provided is but the threshold to all that God promises.

PILOT INTERNATIONAL PARTY — The home of Mrs. Carroll Yarber was the setting for the Booneville Pilot Club's annual International Party Thursday evening. Shown left to right are: Mrs. Carroll Yarber, Mrs. L. W. Peeler, Mrs. James Tigrett, Mrs. Norman Fulper, Mrs. Webster Cleveland, Jr., Mrs. Clifford Kizer, Mrs. L. Sutherland, Miss Sue Kimbrell, hostesses; Miss Carolyn Brasel, scholarship girl, and Mrs. Cliff Michael, club president.

Annual International Party Held By Pilot Club Thursday Night

The Booneville Pilot Club held its Annual International Party on Thursday evening, November 17. The setting for this anticipated event was the home of Mrs. Carroll Yarber.

The charming home of Mrs. Yarber was made more attractive with the colorful arrangements of chrysanthemums and fall foliage.

The members and guests were ushered into the dining room where the buffet table was overlaid with a harvest cloth of brown net, outlined with a deeper shade of brown felt and accented with a sequined cornucopia of colorful fruit. Silver candelabra held glowing candles which cast a mellow glow on bronze pompoms and the traditional seasonal motif.

The members served themselves from the well appointed buffet before finding their places at individual tables in the spacious den. Autumn flowers effectively arranged on the foreshore tables, together with a symbolic anchor which depicted the Pilot theme, added to the attractiveness.

Special guests of the club were Miss Linda Shu May Wong and Miss Pearl Miura, students at Blue Mountain College. Miss Wong is

from Hong Kong, and Miss Miura from Tokyo. They are 1966-67 recipients of Pilot Club Ruby Newhall Memorial Scholarships.

In her charming manner, Miss Wong told the club of her gratitude to Pilot International for her scholarship and told some of her plans for the future. She made every Pilot happy and proud by remarking, "I hope to start a Pilot Club in my home town because I have gained much from my contact with Pilots in America." She further stated that she hoped to promote better relations between China and America.

Miss Miura will graduate in May from Blue Mountain College where she is studying art and English. She plans to return to Tokyo to teach, hoping, she says, "to contribute to world peace somehow by using my knowledge acquired in America."

Miss Miura continued to hold the attention of the group as she related her experiences in America and especially in her discussion of her love for the South and Blue Mountain College.

Booneville Pilots feel that these students will be effective ambassadors for America when they return

to their homes.

Other guests for the evening were Mrs. Mary Whitehead, Blue Mountain College, and Miss Carolyn Brasel, the club's Northeast Mississippi Junior College scholarship girl.

Taking a bow for planning the event were Mrs. Clifford Kizer, chairman of the Educational and International Relations Committee, and committee members, Mrs. James Tigrett, Mrs. O. C. Robinson, Miss Sue Kimbrell, Mrs. L. Sutherland, Mrs. Webster Cleveland, Jr., Mrs. Carroll Yarber, Mrs. Norman Fulper, and Mrs. L. W. Peeler.

The price for the dinner meals was sent to MEALS FOR MILLIONS, an organization that provides food for poverty stricken people in overseas areas such as India. This has been an important project of the committee for several years.

"M" Night, Big Event At 1st Baptist Church

Prentiss County Baptists are planning to attend "M" Night, at First Baptist Church, Booneville, Monday night, November 28, at 7:30 p.m.

Rev. Lamar Boothe, Assoc. Director states that the program will be basically inspirational. The theme is, "Disciples Trained and Committed." (Titus 3:14 & Matt. 11:28-30)

Dr. Robert Hamblin, of Harrisburg Baptist Church, Tupelo, Miss., will be the feature speaker.

Come on over following the Christmas parade and join us at 7:30 p.m.

The Stewart Vails will be spending the Thanksgiving Holidays with Mrs. Claude Sanders, Mrs. Vail's mother, of Harpersville.

Mr. and Mrs. Gene Tays are happy to announce the birth of a new son, Terry Benjamin, born on November 19, and weighing 7 lbs. and 6 ozs. Mr. and Mrs. Tays have two other children, Christopher and Deana.

Mr. and Mrs. Roy B. Loveless, Mrs. Cliff Shirley, and Mr. Taylor Smith attended the annual Farm Bureau Meeting in Jackson, Miss., November 15 and 16.

THANKSGIVING

Family, Friends, Food and Fun
Gather 'round the Holiday Table

The traditional Thanksgiving turkey, carved by father and served in bountiful abundance with all the trimmings to all the family, is just one of the many high points of Thanksgiving Day.

Traditional, too, is the thoughtful pause to remember and to be especially grateful for the many blessings that increase day by day. We join with you and yours in offering a fervent "thank you" for the privilege of this day.

TAPIT Projects Offer Work In A Wide Variety Of Settings

The State Department of Public Welfare has 15 projects in Mississippi under the new Work Experience and Training Program. Only State Departments of Public Welfare are eligible to implement this program. These projects are operated by regular welfare workers. During this year Mississippi will have 8½ million dollars through Title V of the Economic Opportunity Act with which to fund these projects.

Operation TAPIT is made up of five counties, Tippah, Alcorn, Prentiss, Itawamba, and Tishomingo. These five counties have a grant of \$931,000 and are training approximately 390 persons.

The program is set up for unemployed parents with dependent children in the home. These people tell us that when they apply for a job the two questions asked are: "How much education do you have?" and "How much experience do you have?" This work experience and training (adult basic education) is the answer for these people who have not been able to get or hold a job.

Through working on actual jobs in various agencies of local and State government, participants are

helped to: (1) Develop or preserve good work habits. (2) Learn the value and dignity of work. (3) Gain experience to impress prospective employers. Work Experience projects are open to both men and women. The trainees are not paid a salary but are given a grant based on their needs by welfare standards.

Projects offer work of varying levels of skill and in many different settings, such as highways, hospitals, parks and playgrounds, schools, libraries, and welfare agencies. The Work Experience placement must serve a useful public purpose and yet not displace regular workers. Special employment counselors help participants locate permanent jobs as soon as they have gained marketable skills. Every trainee who has not finished high school has to attend basic education classes.

Miss Evelyn Gandy, head of the State Department of Public Welfare said, "I am convinced that his Work Experience Project is one of the most beneficial opportunities offered by the Office of Economic Opportunity. It will cause many people to take pride in their accomplishments and add to the overall productivity of the country."

In the five counties we have already had approximately 36 trainees to obtain non-project employment.

Now they will be able to make a decent living for their families. The general response from the trainees is that they are so glad to be able to take care of their families. Some of the welfare cases were closed, and others had the check reduced to a very small amount.

We believe that many more of our trainees will have successful terminations. We are gradually placing them in places where they will have permanent employment if

they prove to be dependable and efficient workers.

We have had 30 trainees at this hospital. In four months of training 3 were hired by the sponsoring agency, 3 obtained non-project employment and 2 of these had their Aid to Dependent Children cases closed. The remaining trainees are working out extremely well and will be trained in a field where it is expected they will be able to find full time employment.

The county Work Experience and Training Offices are taking a few applications. Any unemployed parent, preferably men with dependent children in the home, may apply.

Pictured above are 15 employees and 5 heads of departments at the Northeast Mississippi Hospital, Booneville, Mississippi, who are working under Operation TAPIT.

Set a watch, O Lord, before my mouth; keep the door of my lips.—(Psalms 141:3 A.V.)

We are often told that our actions speak louder than our words. However, this does not lessen the importance of our words. It is left to each of us to consider our words and thoughts. Our prayer might well be, "God, guard our thoughts that we may guard our tongues." And it is through prayer we ask God's help.

Prentiss ASCS County News

By CHARLES E. CALVERT, Office Manager

NEW ASC COMMUNITY COMMITTEES ELECTED

Results of the November 14, '66 election of ASC community committees for the communities of Prentiss County were announced today. The elections were held by mail and ballots were tabulated publicly by the incumbent ASC county committee on November 17, 1966 in the Prentiss ASCS County Office.

Farmers elected to the committees include: Community A - William Davis, Chairman, Charlie G. no, Vice-Chairman, Bradford McCord, Regular Member, Nelson Worley, First Alternate, and John Simmons, Second Alternate; Community B - Barnett Browning, Chairman, Athel Smith, Vice-Chairman, Eugene Rowland, Regular Member, Dean Saylor, First Alternate,

and Duane Rinehart, Second Alternate; Community C - Ellis Glover, Chairman, Joe Wayne Garner, Vice-Chairman, T. V. Strange, Regular Member, Guy W. Waters, First Alternate, and C. M. Chittom, Second Alternate; Community D - Troy Inman, Chairman, Mont Gardner, Vice-Chairman, C. C. Barren, Regular Member, Tommy Strange, First Alternate, and Thomas Deaton, Second Alternate; Community E - William G. Senter, Chairman, Lester Jackson, Vice-Chairman, E. G. Farrar, Regular Member, Grafton Huddleston, First Alternate, and Billy Joe Barnes, Second Alternate; Community F - Guy Jones, Chairman, Cecil D. Lambert, Vice-Chairman, C. G. Prince, Regular Member, Harding Burcham, First Alternate, and Clyde Beard, Second Alternate;

Community G - Lloyd Bullard, Chairman, J. L. Tidwell, Vice-Chairman, Earl Taylor, Regular Member, Joe Breedlove, First Alternate, and J. C. Huddleston, Second Alternate; Community H - Sylvester Crowe, Chairman, A. F. Johnson, Vice-Chairman, J. Q. Weaver, Regular Member, Claude Ashmore, First Alternate, and Marlis Thornton, Second Alternate.

The ASC community committee chairman, vice-chairman, and third regular member automatically become delegates to the county convention where farmers are elected to fill vacancies on the ASC county committee. The alternate committeemen become alternate delegates to the convention. The county convention will be held at the Prentiss County Electric Power Association Building, December 12, 1966 at 9 a.m. After the county committeemen are elected the delegates determine which of the regular committeemen will serve as the committee chairman and vice chairman for the coming year.

ASC county and community farmer-committees are in charge of local administration of such national programs as the Agricultural Conservation Program, the feed grain program, the voluntary wheat program, the upland cotton diversion program, the National Wool Program, acreage allotments and marketing quotas, commodity loans, and storage facility loans. Each year, local farmers earn thousands of dollars through participation in these farm-action programs.

1966 ACP

The Prentiss ASCS county office received an additional allocation of 1966 ACP funds. These funds will be made available on a first-come first-serve basis for lime, ponds, and ditches to those farmers who have not received cost-share assistance already under the 1966 program. In order to qualify for a purchase order, these practices will have to be completed on or before December 31, 1966. Anyone interested should contact the Prentiss ASCS County Office immediately and make application.

Two chimpanzees in the Prospect Park zoo in New York are named Tarzan and Jane.

4-H NEWS

By SANDRA S. HUSSEY

THE WAY YOU LOOK TO OTHERS

As 4-H members, you are on exhibit about 16 hours every day. You spend only a few minutes a day before the mirror, preferably your own. But for most of these 16 hours, other people are looking at you. To present a pleasing appearance, you must plan your wardrobe to meet your general type of activities.

Price is not the only key to dressing appropriately. More important is developing good taste and knowing good fashion. Taste and judgment spell the difference and can prevent wasting money in poor clothing investments.

In order to practice taste and judgement, you need to know the meaning of certain terms—style, fashion, and fad.

Style refers to the type, form, or outline of the garment. Fashion is the style that is "in." These usually recur every few years.

Fad is a fabric, color, or other specific clothing item which gains rapid and short-lived acceptance—sometimes a few weeks or maybe a season. Be cautious in buying fads so that you will not invest your money unwisely.

You do not need a lot of clothes to have an all-around wardrobe. Dressing right for all occasions will help you forget yourself and enjoy what you are doing.

4-H EMBLEM AND PLEDGE

The national 4-H emblem, adopted in 1927 is a four-leaf clover with a letter "H" on each leaf. Club colors are green and white. The white background on the 4-H flag symbolizes purity; the green of the emblem represents nature's most common color, and is also symbolic of youth, life and growth.

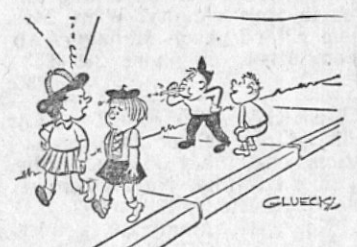

The national pledge is:

I pledge:
My Head to clearer thinking,
My Heart to greater loyalty,
My Hands to larger service,
My Health to better living, for my club, my community, and my country.

President Johnson said recently, "4-H's don't just carry candles as they say in their songs, they carry torches. Torches that burn so brightly everyone seems to forget about juvenile delinquency and begins thinking about juvenile delinquency."

With your help we can keep 4-H "big" — big enough for the "squares" and the "swingers" — big enough for the "city slickers" and their "country cousins" — big enough for those who have and those who have not — big enough for leaders and followers.

Won't you pledge your best efforts as parents and leaders in giving directions to Mississippi's most dynamic youth program—for all youth — 4-H.

"Who knows what evil lurks in the hearts of men!"

FT. MCLELLAN, Ala. (AHT-NC)—Private Marsha D. Holder, daughter of Mr. and Mrs. Hassell T. Holder, Rt. 6, Booneville, Miss., completed eight weeks of basic training at the Women's Army Corps Center, Ft. McClellan, Ala., Nov. 10. She received instruction in Army history and traditions, administrative procedures, military justice, first aid and field training.

Northeast Taking Applications For Nursing Program

The Northeast Mississippi Junior College in cooperation with the State Department of Education, Vocational Technical Division, is now accepting applications from individuals who are interested in enrolling in the Practical Nursing Program.

Northeast will begin its second class in Practical Nursing the last week in January.

In order to insure themselves of enrollment in the class, individuals are urged to begin processing their applications immediately.

For further information, contact P. Hale Aust, Supervisor, Vocational Technical Education, at Northeast.

Services Held Thurs. For Elmer Johnson

Mr. Elmer Johnson of Booneville passed away Wednesday, November 16 in the Northeast Mississippi Hospital after being in failing health about 3 months. He was a member of the Booneville Church of Christ and a retired farmer. He was 67.

Funeral services were conducted Thursday afternoon at Mt. Pleasant Church with Bro. J. A. Thornton officiating. Burial was in the adjoining cemetery with McMillan Funeral Directors in charge.

He leaves a step-son, J. T. Henderson of Booneville; two daughters, Miss Rebecca Johnson of Memphis and Mrs. Peggy Schildge of Mantina, Illinois; a brother, Edd Johnson of Iuka and four grandchildren.

BUY MISSISSIPPI PRODUCTS MONTH STIRRED INTEREST

Buy Mississippi Products Month went out like a lion, according to informal surveys of various Mississippi merchants. While no official sales figures are available and won't be for several months, merchants expressed surprise and delight with the selling activity stirred up by this month-long promotion. One store manager said people were more aware of what was going on this year, and many specifically asked for Mississippi merchandise. More than 100,000 green tags went on merchandise all over the state to spotlight Mississippi-made products. The promotion was spearheaded in 162 cities and towns by 744 campaign committeemen. Another 40,000 persons — including manufacturers, wholesalers, retailers and allied groups — helped disseminate the promotion.

Liberty 4-H Club Has Meeting

The Liberty 4-H Club met in the home of Miss Almada George, adult leader, on Saturday morning, November 19.

People are beginning to realize that Mississippi is no longer predominantly an agricultural state, but one which stands in the front ranks of manufacturing technology.

Mr. Jim Archer opened the meeting with prayer after which Miss George gave the devotion.

James White, club president, then presented a program on hogs and swine. Mr. Archer commented on the 4-H projects connected with this subject.

The five members present were served refreshments by Miss George.

Mrs. Jimmy White was also present at this meeting.
