## Kingsley, Williams Get New Jobs With Kellwood

Joe Kingsley, formerly plant manager for Stahl-Urban Company's Kellwood Plant in Booneville, has been given responsibility for setting up a Centralized Distribution Center in Booneville to handle Stahl-Urban Company's Sports Program.

The new Distribution Center will be housed in the Federal Compress Building and will employ 30 initially. The Center will

contain 46,000 square feet of space.

Jerry Talkington, Stahl-Urban Company's Division Production Manager, recently announced the promotion to William R. (Bill) Williams to the position of Plant Manager for the Kellwood Plant in Booneville, Mississippi. Mr. Williams was previously the Engineering Manager for the Outerwear Division in Brookhaven, Mississippi. Ini-

tially he joined Stahl-Urban in Ackerman, Mississippi in September of 1970 from a career with a national consulting firm.

A native of Neshoba County, Mr. Williams holds a Bachelor of Science Degree in Industrial Technology and a Master of Business Administration Degree from Mississippi State University.

While in college he was active in the Society for the Advancement of Management and the Industrial Education Club. He has spent 8 1/2 years in the Mississippi Air National Guard and is a Mason.

Mr. Williams is married to the former Susan Wallace of Vina, Alabama and they live at 225 Walker Avenue in Booneville.

Carl Bryant formerly Training Supervisor has recently been promoted to Assistant Plant Manager following the transfer of Frank Webster to the Stahl-Urban home office in Brookhaven.

The Stahl-Urban plant in Booneville is operated under the name Kellwood and has 138 employees at the present time.

### BY AREA RESIDENTS

## Endorsement Given To Route

Representatives of several cities, communities, and counties were on hand here Monday night for the Corridor Route Hearing.

The route received a unanimous endorsement from those present at Patterson Hall on the Northeast Miss. Jr. College Campus.

An overflow crowd of more than 200 packed Patterson Hall to let their wishes be known to the Highway Department and Commissioner Herschel Jumper.

Northeast Development Association President Stewart Vail of Booneville told the crowd it was some two years ago that the initial meeting of NEDA was held, from which grew the idea of forming a statewide group to aid in obtaining a statewide network of four-lane roads, HOPE (Highways Our Pressing Emergency).

Highway Commissioner Jumper said "our position is, and always has been, to solve these problems at the earliest possible date." This is a preliminary part of the work to be done. The funds from the 1972 program will not be available until July 1974 but if we can dispense with the meetings and red tape, then when that date approaches, we will be in a position to get on with the building of roads."

He said Highway 45 presently carries some 8,000 vehicles per day, and predicted that within 10-15 years that figure would exceed 15,000 which he said would necessitate building a "better, modern highway system."

Highway Department Director E. L. Boteler also told the crowd that the meeting was held primarily so that "we might counsel with you and see what you want...this is not a public hearing...We came here to listen and get from you your ideas on where you think the location should be. Later, there will be location hearings held and we hope that you will come back at

that time and see what we have done."

In speaking to those present at the meeting, Booneville Mayor Smith said that "We here in Booneville and Prentiss County feel like there just ought not to be but just one great big wide corridor right through the middle of Booneville."

He went further in saying that "I've just returned from a trip down through Mississippi, Alabama,

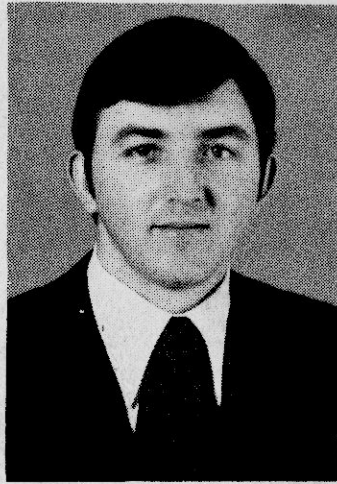

Georgia, and Florida - 15 or 1600 miles...and the worst congestion that we had was leaving Booneville at 6 o'clock in the morning and trying to get to Tupelo."

The mayor reported that the congestion was a large problem. "We are right here in an industrial section, and industry has got to have transportation," the Mayor indicated.

Letters and resolutions from others in the area were presented at the meeting.

RALPH 'BUDDY' SMITH

## Two Honored By Jaycees

Two Booneville men received recognition here Monday night by Booneville Jaycees.

Tommy Floyd was given the Distinguished Service Award and Ralph 'Buddy' Smith was given the Outstanding Young Farmer Award.

Floyd was the Bank of Mississippi's nominee. He was recently promoted

to Assistant Vice President at the local bank. The DSA winner is a member of the Administrative Board of his church, Pastor-Parrish Relations Committee, and Council on Ministries.

He is also the vice president of the Prentiss County Methodist Association, chairman of the Prentiss County Heart Association, a state officer in the Civitan International, and is listed in Outstanding Young Men of America.

Ralph 'Buddy' Smith was presented by the Booneville Jaycees. He was the winner of the DSA last year.

It was noted that "the purpose of the OYF project is to build better relations with the farmer by increasing the understanding of him, his life, and his problems."

## 2 County Men Killed In Seperate Accidents

Two Booneville men were killed this past weekend in separate auto accidents on Highway 45, according to Highway Patrol Officials. Officials said Harbert Timothy Kennedy, 26, of Booneville, Route one was

killed Friday night south of Corinth. Injured and driver of the Kennedy car was Larry Roberts of Booneville, Route 1. James Holland was the driver of the other vehicle.

It was noted that charges

are pending further investigations. The accident happened on Highway 45 just south of Corinth.

## Board Needs 'Young Blood'

This summer, the citizens of the City of Booneville will go to the polls to select a Mayor, members of the Board of Aldermen, and also Chief of Police.

To an extent, this is one of the greatest responsibilities ever placed on the shoulders of our citizens. For they are charged with the act of placing the men in these respective offices who will lead this city for the next four years.

And, to many who think as we do, these four years are really going to 'turn the tide' for the City of Hospitality. Booneville is now at the threshold of progress. If this progress is allowed to wain, it will surely fall . . . and the citizens here will suffer the consequences.

But, if this progress is allowed to proceed . . . the citizens will in fact enjoy their own right to this progress.

In talking at random to different members of the board of aldermen, and also to the Mayor, we have gathered that at least three board members WILL NOT seek re-election....

and the Mayor says that his formal statement will come at a later date.

We also understand that age brings wisdom...and this is definitely a very vital part of the nucleus of the board. But, we believe that, in order for this city to progress in the manner in which it should, some 'young blood' should be placed on this city governing board.

As of the writing of this editorial, no one has filed his (or her) papers for any of the offices. And we understand that it is normal for it to be late in the qualifying days for those Boonevilleites to qualify.

We are saying that, since it is very evident that an almost complete reshuffle in the board is 'in the air', we think that some young blood would add progressive ideas to the board's actions.

We are, by no means degrading the actions of the present Mayor and Board. We just think, that since an election is upcoming, now would be the time for such an action. WLI

## Opportunities Available

We have crossed the threshold of a new year. This new year, no doubt, holds many fresh opportunities, but these opportunities will only knock once. It was perhaps this solemn thought that led the Psalmist to write, "The days of our years are threescore years and ten; and if by reason of strength they be fourscore years, yet is their strength labor and sorrow; For it is soon cut off and we fly away---so teach us to number our days, that we may apply our hearts unto wisdom" (Psalm 90:10, 12).

Moses knew that his days were numbered. He knew that his life was brief. Moses therefore asked God for wisdom devote his time and energies to the things that count for eternity. Moses, in modern terms, wanted to reorder his priorities.

The Bible, fortunately, informs us of those values of life upon which God has stamped - Priority! Indeed, the Bible uses the ordinal, first, to indicate God's priorities. The first priority, infinitely important to an unbeliever, is the inside priority. Jesus Christ underscored this inside priority in these terms: "Thou blind Pharisee, cleanse first that which is within the cup and the platter, that the outside may be clean also" (Matthew 23:26).

By the words, cup and platter, Jesus Christ was referring figuratively to the soul, the inner man. External ceremonies, Jesus was saying, cannot cleanse the soul. Participation in religious ordinances can never cleanse the heart. Jesus Christ therefore said, "Cleanse first that which is within." Sin is so deep rooted that any attempt at mere reformation is utterly valueless. When the surgeon deals with a boil, he goes after the core. Sin has a core and it is found in the human heart. Man needs more than outward reformation. He needs regeneration. Jesus Christ therefore said, "Marvel not that I said unto thee, ye must be born again" (John 3:6).

The second priority, supremely significant to a believer, is the personal priority. The Bible underscores this priority in describing the Macedonian Christians: "And this they did, not as we hoped, but first gave their own selves to the Lord, and unto us by the will of God" (II Corinthians 8:5). The Macedonian Christians gave sacrificially to God's work; but before they gave their possessions, they first gave their lives to God. And this is the Biblical order: first myself, then my possessions. And if God's people would do first the one thing above all else He asks them to do, there would be no real financial problems in the Church. When we genuinely give ourselves first to God, then it will be easy to give Him all the other things. The Macedonian Christians first gave themselves to God. This is the divine order: first myself, then my possessions. The Bible says, "My son, give me thine heart" (Proverbs 23:26).

Finally, there is the goal priority, and this is the priority for the servants of Jesus Christ. The Lord Jesus Himself underscored this priority, "But seek ye first the Kingdom of God, and His righteousness; and all these things shall be added unto you" (Matthew 6:33). Here is a basic principle of the Christian life: things spiritual take precedence over things material. Jesus Christ is commanding us to place the things of God first in our lives. We are to fix our minds on external realities. We are to seek first the will of God. We are, first of all, to hunger and thirst after righteousness. We are to seek first the Kingdom of

God. To do this will be to increase our confidence in God; and to increase our confidence in God will reduce worry and anxiety about the material things of life. Now, the Lord Jesus Christ does not forbid our desiring and seeking temporal good; He does not forbid material gain; but Jesus Christ does tell us that material things must be secondary and subordinate to the spiritual and eternal verities of life. Jesus said, "Seek ye first the kingdom of God, and His righteousness; and all these things shall be added unto you."

Here then are God's priorities. And that man who translates these divine priorities unto practice will discover that God has for him a life of blessing and usefulness.

### Comments And Opinions

## 10 Million Coyotes Can't Be

In recent months you and I have watched the emergence of a new literary art form--the bumper sticker.

Some theorize that the fad derives from the phase-out of roadside billboards; others call it a reflection of every man's desire to make his opinions heard.

Except for those slogans relating to recent political campaigns, the one bumper sticker seen on the most cars by the most people in this one: "Eat lamb; 10 million coyotes can't be wrong."

That one is not funny. For animal lovers--for anybody of compassion--the shooting, trapping or poisoning of coyotes is akin to cruelty to a pet dog.

So it was not difficult for persons concerned about this Western states' practice to get the President of the United States to outlaw it. He ordered a halt to the poisoning of predators on federal land and in many Western states more than 70% of all grazing land is federal land.

Sheepmen, now, they see predator control from another point of view. To them it is a lesser evil and a lesser cruelty than to allow an overpopulation of coyotes to attack, disembowel and consume sheep and lambs.

Buck Howland, whose family has raised sheep for most of a hundred years in Idaho, says in 1971 he lost 40% of his purebred flock to coyotes and dogs, putting him altogether out of business.

Simplot Lovestock, Grandview, Idaho, reports it lost 4,000 ewes and lambs to coyotes during the past two years. A Simplot manager says, "We can't operate any more," and Simplot has been one of that state's largest sheep operations.

The natural ecological cycle which tends to maintain wildlife population was interrupted when the jack rabbit population was depleted. With that link in the chain missing, coyotes turned their carnivorous appetites toward livestock. Some environmentalists accuse sheepmen of exaggerating their losses to coyotes.

President Tobert Thomas of the Idaho Wildlife Federation says there has not been a thorough study of animal losses.

But the 2,000 member Idaho Wool Growers Assn. insists that the facts are in the figures: The number of sheep in Idaho next year, 600,000, will be the fewest in the history of that industry.

Life on earth, for man and beast, is perpetuated by four basic cycles--the nitrogen cycle, the carbon and oxygen cycle the mineral cycle and the energy cycle.

The regeneration of each is a function we'd expected would continue forever. We imagined that, our feet rooted in the earth and our heads in the sun, we were indestructible.

Only recently has it become apparent that we are suspended in space by a fragile web of interdependent threads. The broken ones are unmendable. The frayed ones may heal if we'll stop scratching off the scab.

## PAUSE FOR POWER

# The Heart Of Christianity

Suppose a man should ask you, will you give me the heart of Christianity in one sentence. Could you respond intelligently to his request?

Fortunately, Jesus Christ Himself summed up the essence of Christianity in seven simple monosyllabic words. These were part of the final words of Christ to His disciples on the eve of His crucifixion. Here is what Jesus said, "Ye in Me, and I in you" (John 14:20). Only seven words, and yet they sum up the heart of our Christian faith: "Ye in Me and I in you" (John 14:20).

These seven simple words define the heart of the Gospel because they provide God's prescription to the ravages of sin. Sin, the Bible informs us, is both a crime and a disease. Let me illustrate this point. Here is a man who begins to use dope, and using dope in a certain state, let us say, is a crime. This man is soon hooked on dope. He no longer can help himself though no one forced him to take dope. This man is now in double trouble. Taking dope in this certain state is a crime; and therefore, this man is guilty and subject to the penalty of the law. But, there is a second problem. This man is also hooked on dope. He cannot break the habit. Dope is now a disease with him. So this man is in double trouble. He is guilty of a crime and he is helplessly gripped by a destructive disease. Dope, for this man, is both a crime and a disease, and this man therefore needs a double remedy.

Now, let's take that illustration and apply it to sin. SIN is both a crime and a disease. Sin is a crime because sin is a violation of God's law. The Bible says, "Sin is the transgression of the law." And since sin is the transgression of God's law, sin renders man guilty, and man therefore needs to be saved from the guilt of sin and the wrath of God. The Bible therefore says, "The wages of sin is death." Spiritual death is the penal consequence of sin.

But, in the second place, sin is also a disease. Sin has corrupted man's life. Sin has gripped him with fearful habits. Sin exercises a tyrannical power over his life. Sin corrupts all the faculties of a man's personality. Sin therefore is a disease, and man therefore needs to be saved from the tyranny and pollution of sin. Man needs to be saved from the disease of sin.

The Bible therefore clearly teaches us that sin is both a crime and a disease; and as a sinner, I need a double remedy for sin, a remedy for sin as a crime, and a remedy for sin as a disease.

Now the good news of the Gospel is that God has a double remedy for sin's double trouble. And that double remedy God has provided includes justification and sanctification. Justification solves the problem of sin as a crime, Sanctification solves the problem of sin as a disease.

Now, Jesus Christ embraced both of these remedies in those seven simple words He spoke to His disciples, "Ye in Me, and I in you." Ye in Me--that is justification. "I in you"--that is sanctification. The first three words, "You in Me" relate to justification, and justification is the immediate act of God whereby He declares a believing sinner righteous. The second three words, "I in you," refer to sanctification, and sanctification is the lifelong process of God whereby He makes the believer righteous in his conduct. Justification changes the believer's standing before God, whereas sanctification changes the believer's conduct before men. Justification is instantaneous, sanctification is lifelong. Justification is always first; but if justification is genuine, it will always be followed by sanctification.

Here then is the heart of Christianity in seven simple words, "You in Me, and I in you." An elderly Christian, on the point of death, was asked the question, Are you ready to meet God? Are you really trusting Jesus Christ? Pointing to the Bible, this elderly Christian replied, "Jesus Christ in the Bible is good. Jesus Christ in Heaven is even

better. But Jesus Christ in my heart is best of all. And I am ready to meet God, because Jesus Christ lives in me."

The Bible says, "Christ in you, the hope of glory" (Colossians 1:27).

## NEWS FROM THE COUNTY AGENT

W. T. Smith

### SOYBEANS

The first order of business is to finish just as soon as possible getting the 1972 cotton and soybean crop harvested. Then get busy on the 1973 crop.

Smooth out the rutted fields as soon as you can. This is especially important on the heavy land that should not be worked late in the spring. It is going to take some disking and chiseling to fill in the ruts left by combines as well as to break up the compacted soil.

You cannot afford to wait until planting time to make sure of your seed supply. Make some arrangements immediately as there is an unusually short supply of seed beans not only in Mississippi, but throughout the Mid-South. The seed shortage is not expected to limit planting, but it will take more effort to find the desired amount of the varieties you want.

Avoid mixed varieties. There is a wide difference in maturity of some of the different varieties. For instance, a mixture of Hill and Bragg would represent a month's difference in maturity between the two. Unknown mixtures should be a last resort and there is no indication that the soybean seed situation is serious enough to warrant this. Cost of seed beans will be higher, but an investment in the best quality beans you can find is still the best approach.

SALVAGE OF ICE-DAMAGED TIMBER  
Don't be too hasty about cutting out ice-damaged

timber. The situation may not be as bad as it looks to you.

As a general rule, a tree will survive if it does not lose more than one half of its live top. This does not apply to trees that are suppressed and have less than 30 percent of their total height in live top before damage.

Check over your ice-damaged timber. If it appears that there will be enough trees left to make an adequate stand then remove the broken trees, trees that have more than one half their tops broken out, trees that are leaning more than 40 degrees and trees that are too crowded.

Remove the damaged trees from the stand just as soon as possible.

The damaged trees will not start deteriorating until warm weather in the spring, but a primary concern is insect damage. These damaged trees create ideal conditions for insect attack and should be gotten out just as quickly as you can do it.

### NUTRITION FOR TEENS

One way to help your teenager become a better and more active student is to guide him in establishing a nutritionally sound eating pattern. Many teenagers can be motivated to improve their nutrition. You do need to understand the things that are important to them, however, and how these relate to good nutrition.

For example, a teenager's friends are important. The snack he eats with them at the drive-in restaurant may make the difference between eating empty calories or getting the nutrients he needs. If leaders of a teenage group can be encouraged to choose nutritious snacks, the others may do the same.

Another important teenage characteristic is sociability. The teenager wants to be with others of his age group. Again, you may do well to encourage teenage leaders to serve tasty, but nutritious foods at parties. Appearance is very important to most teenagers. If you can convince a teenage that proper diet is a key to shiny hair, clear skin, good posture and correct weight, he may wish to improve his diet.

Teenagers admire others who are energetic and want to have plenty of energy themselves. But, they may not understand the connection between lack of energy and poor nutrition. Help them to see this relationship.

Popularity is a goal of many teenagers. The person they admire most is usually a member of the teen group such as an outstanding athlete. In all probability, this teenager had good health. Pointing this

out to your teenager might help him realize that good nutrition can help him to have the pep, energy and good looks he wants.

For a teen get-together jambalaya makes a delicious skillet meal. All you need to add to jambalaya for a tasty satisfying supper are crisp relishes, bread, beverage and a simple dessert. You can serve jambalaya right from the skillet or from a pretty serving bowl.

JAMBALAYA  
2 tablespoons butter or margarine  
1/2 cup diced onion  
1/4 cup diced green pepper  
1 pound ground beef  
1 can (1 lb. 12 oz.) tomatoes  
1 teaspoon salt  
1/2 teaspoon sugar  
1/4 teaspoon thyme  
1 small bay leaf  
1 1/3 cups packaged pre-cooked rice

Melt butter or margarine in the skillet, medium heat. Add onion, green pepper and ground beef. Cook stirring often, until meat is browned. If a large amount of fat cooks out, spoon off excess. Drain tomatoes, measuring juice. Add water to juice to make 1 1/2 cups. Add the liquid, tomatoes, salt, sugar, thyme and bay leaf to mixture in the skillet. Cover and simmer 5 minutes. Then stir in rice, cover and simmer 5 minutes longer. Discard bay leaf before serving.

Delicious variations: In place of ground beef, use 1 cup diced cooked ham or 1/2 cup of the ham and 1 pound cleaned shrimp. Cook just until ham is lightly browned and shrimp are pink. Then continue with recipe as for ground beef.

### Dangerous Grounds

Newspapers find themselves on dangerous grounds when they attempt to shape opinion by using their news columns by other than factual reporting.

In recent years fancy names for bias writing have come into vogue, "in depth," "profiles" etc. They are nothing more than a means of glossing over bad journalism. The late John Heiskell put the matter of reporting in a good perspective:

"The role of the newspapers is to print the news as fully as it can and to print it impartially. It can be as loud as it pleases in its editorial column in opposing the other side, but it should be absolutely factual in its news columns". We'll go Mr. Heiskell one better so far as editorial columns are concerned. Editors should not take unfair advantage by denying the opposition a voice in print.

That is why the Banner-Independent encourages letters to the Editor, but they must, we repeat, MUST be signed. All letters become the property of the Banner-Independent. The writers name will be withheld upon request.

## Landlords May Use New Form

JACKSON, - Landlords now may use a new Internal Revenue Service form to notify tenants of proposed rent increases or decreases, Richard J. Stakem, Jr., IRS District Director said today.

Mr. Stakem emphasized however, that use of the Form S-38 by a landlord does not mean that the IRS has approved his rent increase.

Under Economic Stabilizations, a landlord seeking to raise rent must send the tenant a detailed written notice at least 30 days before the

increase is due, Mr. Stakem said. Among the items that must be included in this notice are:

The base rent for the unit and how it was computed;

An itemization of increased costs and how they were prorated to the unit;

The time and place the tenant may inspect the landlord's documentation of the increase;

A statement on rent refunds;

A statement on the illegality of retaliatory evictions; and

The procedure a tenant

would follow in filing a complaint with the IRS.

Mr. Stakem said that IRS Form S-38 incorporates these and the other requirements of the rent notification regulations, and also furnishes a chart to help both landlords and tenants determine the base rent that applies to their case.

IRS Forms S-38 are available at any IRS office and free rent publications, S-3018, S-3019, S-3026 and S-3044, may be obtained by writing the IRS district office, 301 North Lamar Street, Jackson, Mississippi 39202.

## Notes from the state Capitol

By

Martha Carole White

State Representative

District 2

Week number four of the Mississippi Legislature saw the House of Representatives approve an income tax reduction plan designed to save taxpayers about 16 million dollars a year.

Principal provisions would Raise the personal exemption for married couples and heads of households from \$6000 to \$7000 and for single taxpayers from \$4000 to \$5000. Exempt retirement allowances, pensions, etc. paid under the Social Security and other retirement system; Put in a program of a \$500 exemption for each dependent.

This measure would be retroactive to January 1, 1973 and would relieve 65,465 taxpayers of having any state income tax obligations. Many others would feel some reduction in their income tax payments.

Meanwhile, Legislative reapportionment and Parchman penitentiary improvements dominated much of our time and attention.

The Federal courts have given us until February 10 to reapportion the state for legislative elections based on the 1970 census. The latest court order pointed to the counties of Harrison, Jackson and Hinds as the ones which needed the most adjustment. Our counties of Prentiss and Tishomingo were kept together in the plan approved by the House.

The House passed one penitentiary bill which prohibits officials there

from selling products at less than wholesale prices. It has been charged that "favored persons" have been able to buy food there at reduced priced. Other penitentiary bills of a more sweeping nature are expected to come from committees very soon. These measures will deal with inmate regrouping expanded vocational training, and additional security.

An interesting report given to the Legislature

recently concerning family income of the 82 counties placed Prentiss county as 21st and Tishomingo county as 32nd. Statewide median family income was given as \$6,071 per person.

Median family income in Prentiss County was given as \$5889, and Tishomingo county as \$5552. In comparison, the figure for Lee County was \$7083 and Tunica County as \$2885.

I appreciate your calls and letters. Having already had my turn with the flu this month, I hope to soon catch up with answering your requests and your letters.

Participants were Mrs. Le Baum Peeler, President Booneville Womens Club, Mrs. Merrill Cartwright, Mrs. S. C. Galloway, and Mrs. Webster Cleveland.

Briefly the touched on program was a report of the Presidents Task force on

Women's Rights and responsibilities. Some bylights of major federal laws and orders on sex discrimination was mentioned. Listeners were told a little about the Equal Rights Amendment, Alimony, and Child Support laws. A few highlights of Women's employment and education will tell of some interesting characteristics of women workers and the status of women in this country today.

## Blue Devils Drop Championship...

By Willie Izard Editor

When it comes to those 'narrow escapes', the Booneville Blue Devils know what it's all about.

But, unfortunately, they were on the wrong side of one this past weekend as they battled the Houston Hilltoppers to a 52-51 loss. The home team lost the ballgame in the last seconds of the game... although it was a hard fought game.

Houston won the game in the Tombigbee Conference Basketball Tourney, which was played in the Northeast gym.

Shannon's Raiderettes also won their part of the title.

The Raiderettes, in claiming their seventh consecutive title, came from behind to edge Houston's Topperettes 38-36.

Houston, participating in its first conference playoff, replaced Calhoun City atop the heap, the Wildcats having withdrawn from the lineup during the off-season.

Both ball games were decided in the final

seconds to climax nearly a week of single elimination action with 10 schools involved.

Ironically, Shannon led only once in its encounter with the Houston challenger, in the final three seconds when Jackie Ivy grabbed off a bad pass to put her mates ahead 38-36.

The Topperettes led by as many as 10 in the course of the game, including a 21-13 with two minutes left, but lost the ball on a foul which Shannon's Jeannie Lloyd eventually converted into a field goal cutting the score to a 36-35 with 54 seconds left.

A missed Houston field goal gave Shannon ball possession and then Lloyd knotted the count with 19 seconds remaining when she hit a free throw.

Houston bidding to salvage the affair, threw the ball away on its next possession and Ivy dropped in what proved the deciding points. A second Houston turnover gave the Raiderettes ball possession at the end.

Susie Mask and Lloyd got 15 each to pace the Raiderettes, as Melody Whit

had 14 and Karen Weaver 10.

Booneville and Houston battled on even terms through the first period, 10-10, but then the Toppers got things going and led 27-16 at halftime.

Big Jim Hearn led the Booneville charge in closing the gap and helping with the rebounding.

The Blue Devils chipped away at the lead and with two minutes left had cut the margin to 46-43.

Houston rallied briefly at this point and built the margin back to six as John Adair and John Crawford came through.

Adair put the game away for the Toppers at the 13 second mark when he hit the front end of the one and one for a 52-49 gap. Hearn got a layup after that for Booneville, but then time ran out.

Ricky Love led Houston with 22 points, while Adair got 13. Booneville's Hearn scored 16 and Turkey Taylor 12.

Houston led the Blue Devils 23 to 21 in field goals.

No sextet has ruled the roost as long as the

## Jumpertown, Piney Grove Even Out

Jumpertown and Piney Grove split a prep basketball two-game stand in Jumpertown Tuesday night.

Pine Grove's sextet notched a 39-33 score in the opener, while Jumpertown's Cardinals had a 51-47 verdict in the nightcap.

Sandy Burks got 18 to pace Pine Grove, while Robin Jackson scored 10 for Jumpertown. Teams were 17 all at halftime.

Jumpertown's Mike Downs got 17 and Joe Lindsey 15. W. C. Johnson poked in 12, Doug Harrell 17 and Jim Lawson 10 on the Pine Grove bid. Jumpertown led 33-20 at intermission.

CARAT WEIGHT

Once in a while, we still have a customer ask the question, "What is meant by CARAT WEIGHT of a diamond?"

The Carat Weight of a diamond is the size of the diamond. A carat is subdivided into 100 points; e. g., a quarter-carat diamond weighs 25 points, or 25/100 of a carat.

It is important for the owner to know the weight of his diamond but weight alone is no indication of the comparative values of different stones. It is much like comparing the value of pictures by their size. An exquisite Botticelli miniature is far more costly than the large canvas of a less talented artist. So is the fine one-carat diamond more costly than an inferior stone of the same or even greater weight.

If you take two stones equal in qualities of Color, Clarity, and Cut, the larger stone will be of greater value. All other factors being equal, a 50-point stone is worth more than two 25-point stones, a two-carat stone more than two one-carat stones of the same quality, etc.

In order to evaluate the Color, Clarity, Cutting and Carat weight of a diamond the jeweler needs several finely designed instruments that can help him accurately measure delicate nuances of quality. These instruments and the knowledge to use them is found at Way-Fil Jewelry in Booneville, and Tupelo.

The purpose of the OYF Project is to build better relations with the farmer by increasing our understanding of him, his life, and his problems.

## Freshman Team Coming Through For NEMJC

If Kenneth Lindsey were to toss a coin in the campus wishing well, his wish would be simple.

He'd wish for "experience."

Lindsey is operating his Tigers with an all-Freshman team. And in the league he's in, that takes courage.

Freshmen don't win many against super sophomores in junior college competition. But Lindsey's youngsters keep playing well enough to win. They have won 6 of their last 8 starts and Lindsey sees better things ahead.

"All we need is a lot of game experience," Lindsey says, "and that is what we have been getting. We shouldn't do anything but get better."

The team has moved to a 12-7 overall record. "Mistakes" have plagued the team, "but we're beginning to iron them out with experience," Lindsey adds.

The season at Northeast has not been without its glamour. Bryson "Tree" Davis is an unbelievable basketball player.

Not because he's 6'6" tall, but because when he walked on the Northeast Junior College court it was his first time to play basketball.

The "Iuka Tree" has become the starting center, averaging 17 points a game.

"When Tree has a bad night, we have a bad game," Lindsey says. "As long as he's getting the points we are doing all right."

Tree is a basketball phenomina. He shouldn't be so good, but he is.

Lindsey says his team has momentum, but he adds quickly "anyone can knock the props from under you."

Ray McNeal of Myrtle a 6'5" forward-guard, is the leading scorer for Northeast. He's pumping in an average of 19 a night.

But it's the defense that has provided the Tiger's potency.

## Baldwyn Falls To Nettleton

Nettleton High School quintets turned back Baldwyn twice in Baldwyn Tuesday night.

Tigers Cubs had a 42-30 advantage in the opener with the Tigers checking the Bearcats 62 to 57 in the nightcap.

Fields got 12 for Nettleton in the opener and Keena Robbins made 10 for Baldwyn. Nettleton led 12-10 at halftime.

Nettleton's Leonard Springer counted 16, Micky Hawkins 17, Mike Denman 12 and Fred Word 11. Mike Presley scored 16, Randy Hood 14, Jim Baxter 13 and Randy Baxter 12. Nettleton led 28-25 at halftime.

## Miss Julia Kennedy Barwick, Marvin Smitherman Exchange Vows Dec. 27

TEHULA, Miss. -- The marriage of Miss Julia "Julie" Kennedy Barwick & Marvin Richard Smitherman, son of Mr. and Mrs. Marvin Jess Smitherman of Booneville, was solemnized in the Tehula Presbyterian Church the afternoon of December 27. The bride is the daughter of Mrs. Jack Kennedy Barwick and the late Jack Kennedy Barwick.

The officiating minister was Reverend Joey Pipa. Nuptial music was presented by Miss Ruth Barrett, organist, Miss Sara Emma McAllister, pianist and Mrs. George Shute, soloist.

Vows were pledged before a background of emerald and leatherleaf fern enhanced by candlelight. The bride carried a nosegay of roses and baby's breath. Her only jewelry was a diamond drop, gift of the groom. She wore her father's wedding band pinned to the sleeve of her dress.

Attending the bride as co-maids of honor were Miss Mary Gwin of Tehula and Miss Laine Flemming of Cruger. Bridesmaids were Miss Gene Dunn and Miss Susie Dunn of New Orleans, cousins of the bride.

The brides attendants wore identical gowns of ruby red velvet. The high rise bodice and high neckline were trimmed with ivory cluny lace. Long full sleeves were gathered to deep cuffs of matching lace. The softly gathered skirts were bordered with lace forming the hemlines. A tiny velvet ribbon drawn through the lace added beauty to the gowns. They carried tiered arrangements of rosebuds, miniature carnations and baby's breath on candlelight ribbon. They wore crowns of fresh miniature rose buds and net in their hair.

Serving the bride as flower girl was Miss Gwin Webb of New Orleans. Her gown and small crown was identical with that of the bridesmaid's and she carried a candlelight basket with velvet ribbons and filled with rose petals.

Attending the groom as best man was his father, Marvin Jesse Smitherman. Groomsmen were Walter Smitherman and Stanley Smitherman, brothers of the groom and Wayne Taylor all of Booneville.

Ushers were Paul Dunn of New Orleans, cousin of the bride and Dwight Weatherford of Red Bay, Alabama, cousin of the groom.

Mrs. Barwick chose for her daughter's wedding a dress designed of pink crepe with an overblouse of pink lace. The mother of the groom selected a dress of off white with a narrow band of fringe at the neck and on the sleeves. Both mothers wore orchid corsages. Mrs. W. M. Henry of Tehula and Mrs. W. B. Dunn, Sr. of Kilgore, Texas, were stand-in-grandmothers of the bride. They were dressed in blue with matching accessories. They wore cymbidium orchid corsages.

The reception was held at the home of the bride. The flower arrangements

throughout the house carried out the wedding theme of candlelight with red roses and baby's breath.

The bride's table covered with a cut-work and lace tablecloth was centered with a candleabra with an arrangement of roses, spider chrysanthemums and baby's breath. The four tiered cake held a bouquet of fresh flowers matching the one carried by the bride.

The cake was made by Mrs. Pate Johnson.

The desk of the bride's grandfather held the bride's book. There was an arrangement of flowers in an antique cutglass pitcher. Miss Pam Sangree of Pass Christian presided.

Tea girls were Misses Brenda Wade, Gail Spruill, Debbie Jones, Sharon Duke, Lyn Edwards

and Fonda Strong. Passing rice bags to the guests were Diana Parrish and Sara Lane Lyon.

For their wedding trip to Gatlinburg the bride chose a light blue wool suit with navy accessories. She wore a corsage of roses.

The couple will make their home in Athens, Georgia.

## Miss Rebecca Brown Becomes Bride Of Wayne Lambert December 24

MR. AND MRS. WAYNE LAMBERT

The marriage of Miss Rebecca (Becky) Brown and Johnny Wayne Lambert was solemnized in a three p.m. ceremony Sunday, December 24, 1972, at the Candler's Chapel Baptist Church with Rev. Mike Tyson officiating.

The bride is the daughter of Mrs. Maylene Brown, of New Site, Mississippi, and Mr. Enis Trenton Brown, of Memphis, Tennessee. The groom is the son of Mr. and Mrs. Melvin Millard Lambert, of Cairo, Mississippi.

Candles were lighted by Nathan and Daniel Brown, brothers of the bride. A program of nuptial music was presented by Mrs. Mike Tyson, pianist, and Mr. Ray Kirk, soloist. Mr. Kirk sang 'Laura's Theme' before the ceremony and 'The Lord's Prayer' as the couple were kneeling. Mrs. Larry Johnson, of Tupelo, Mississippi, and Mrs. Billy English, of Booneville, Mississippi, registered the wedding guests in the church foyer.

The bride given in marriage by her father designed and made her formal gown of white metallic bridal satin. It featured a queen style neckline with long puffed sleeves that gathered to wide cuffs. The cuffs were adorned with tiny pearl buttons. The skirt fell from a gentle fullness at the lifted bodice.

She wore a full length veil of illusion edged with lace that fell from a tiara of bridal illusion. She carried a cascade of dark pink sweetheart roses with a white orchid in the

center with flowing white satin ribbons tied in love knots attached to it.

Mrs. Marion L. Palmer of Monroe, Louisiana, was her sister's matron of honor. Bridesmaids were Miss Linda Gail Brown, of Booneville, Mississippi, cousin of the bride, Miss Patricia Paulette Lambert, of Cairo, Mississippi, sister of the groom, and Mrs. David Wayne Breedlove, of Booneville. The flower girls were Miss Kerri Alisha Brown, of Decatur, neice of the bride, and Miss Robin Marie Lambert, of Cairo, Miss. neice of the groom.

The attendants wore formal gowns of hot pink crepe featuring V-necklines covered with white sequel trim around the neck, the raised waist, and around the short sleeves. The gowns had A-line skirts. They carried bouquets of white mums decorated with white satin ribbons tied in love knots. The flower girls dresses were of the same color as the older attendants but were designed with raised bodice and gathered skirts. Tiny lace edged the round neckline and around the ruffles of the long puffed sleeves. A white velvet ribbon was tied around their waists. They carried baskets decorated with white satin bows and filled with

white rose petals. All attendants wore matching hot pink ribbons in their hair.

Hoyet Ronald Holder, of Cairo, Miss. served the groom as best man. Grooms-men were Enis Trenton Brown, Jr. of Sanford, North Carolina, Carroll Thomas Brown, of Huntsville, Ala. brothers of the bride, and Robert Charles Johnson of Cairo, Miss. The ring bearer was John Edward Jones, of Huntsville, Ala.

The bride's mother wore a baby blue knit dress, and the groom's mother wore a pink and white dress with a matching full length coat. The bride's maternal grandmother wore a dark blue knit dress and coat. Both mother's and grandmother wore white carnation corsages.

After the ceremony the bride's mother entertained with a reception in the church fellowship hall.

Serving the three tier wedding cake decorated with hot pink roses and greenery were Mrs. Enis Trenton Brown, Jr. of Sanford, North Carolina, Mrs.

Carroll Thomas Brown, of Huntsville, Ala. sisters-in-law of the bride, and Miss Phyllis Bama Crider, of Huntsville, Ala. Mrs. Gene Amerson, of Burnsville, Miss. and Mrs. Wayne

Holder, of Cicero, Ill, sisters' of the groom, served at the punch table. Serving as floating tea girls were Misses Dianne and Torey Taylor, of Russellville, Alabama, cousins of the bride.

Miss Lee Ann Jones, of Huntsville, Ala. served as the rice girls.

For the honeymoon the bride wore a hot pink dress with a floral bodice and long sleeves. She wore as her corsage the orchid from her bridal bouquet.

The couple is making their home in Huntsville, Alabama, where both are employed by B. & B. Sales Company, Inc.

In addition, Norma Jo remains eligible for state and national honors.

The State Homemaker of Tomorrow, to be chosen from all school winners in the state in judging centering on performance in the Dec. 5 test,

will receive a \$1,500 college scholarship. A 20-volume reference work, "The Annals of America," will also be presented to the state winner's school by Encyclopaedia Britannica Educational Corporation. The second-ranking student in the state will receive a \$500 scholarship.

In late April, the 51 Betty Crocker Homemakers of Tomorrow representing every state and the District of Columbia--each accompanied by a faculty adviser--will gather in Washington, D.C., for an expense-paid tour of the capital city and Colonial Williamsburg, Va. Culminating the tour will be announcement of the 1973 Betty Crocker All-American Homemaker of Tomorrow

MISS STROUPE

A total of 665,600 seniors were enrolled in this year's search, the first in which boys were eligible to participate. Since the program began in the 1954-55 school year, approximately nine million students have taken part and, with this year's grants, scholarship awards will exceed \$2 million.

# Engagement Of Miss Brasel Told

Mr. and Mrs. Chester E. (Newt) Brasel of Booneville announce the engagement and forthcoming marriage of their daughter, Helen Sue, to Mr. William Larry Isbell, son of Mr. and Mrs. Clyde Isbell of Rienzi.

The bride-elect is the granddaughter of Mr. and Mrs. Charlie W. McElroy and Mr. John H. Brasel of Booneville. She is a 1969 graduate of Booneville High School, where she was an honor student and a member of the Hall of Fame. She graduated from the Northeast Mississippi Junior College with honors and is presently employed as a Deputy Tax Assessor-Collector of Prentiss County.

The groom is the grandson of Mr. and Mrs. Jack Bishop of Rienzi and the late Mr. and Mrs. W. E. Isbell of Booneville. He graduated from Warren Township High School in Illinois in 1968 and at-

No invitations are being sent, but all friends and relatives are invited to attend.

## A Scarcity Of Women...

### Mormon Elders

Elder Donald C. Reid and Elder Leonard C. Martin are the representatives for the Booneville area. Elder Reid is twenty years old and his home is St. George, Utah. Elder Martin is also twenty years old and comes from Castro Valley, California. They like Booneville very much and are willing to share their message with the good people of this area. For further information call 728-4406 - Missionaries, or 728-6815 - Bishop Luther McKissack.

### Elders Work Hard...

There is a team of young missionaries that are working in your area right now. They represent the Church of Jesus Christ of Latter-Day Saints. These "servants of God" put in an average of ten hours of door to door work each day. To this you can add three hours of study and preparation. They need the time to study because there is no professional ministry in the church. They are just regular people except for one thing. They loved Jesus Christ enough to devote two years of their lives full time to His service.

Today over 16,000 other men and women are donating their time and money just to share a message about Jesus Christ with you. There is also an extensive lay ministry in the church. There are presently 102 different missions throughout the free world. They really enjoy talking to people and sharing their brief messages with anyone who will listen. These young men and

women are distressed by those who are "too busy for Christ." Is it too much of a sacrifice to give up today's T.V. program for a message about the Savior Jesus Christ.

These missionaries will accept invitations for home visits. They also have inexpensive copies of the Book of Mormon, which they loan or give to those interested. The Book of Mormon is not their Bible. They use the King James version of the Holy Bible. They will be glad to discuss it with you as they present their messages.

Most of their day is spent "in the field." So when you see two clean cut young men in suits and ties, or two young ladies dressed in conservative attire, it is probably the Mormon missionaries of your area. Due to this full-time service, the best time to contact them is before 9:30 a.m. and after 10:00 p.m. If no answer, call your nearest representative for information.

HATTIESBURG, Miss. -- A scarcity of women chemists exists in coeducational colleges and universities in the United States, according to a report from the Chemistry Department of the University of Southern Mississippi.

There are three women in the USM Chemistry Department, and interviews of the three indicate why they entered the field of chemistry.

The three are Mrs. Susan Frondorf, wife of a chemical engineer and graduate student from Hattiesburg; Miss Lynda Prather, graduate student from Jackson; and Dr. Angela O. Bedenbaugh, a research associate in the USM Chemistry Department.

Mrs. Frondorf has combined marriage with chemistry and holds a B. S. degree in chemistry from the University of Arizona. She formerly taught chemistry in the Houston (Tex.) public school system.

When asked why she decided to major in chemistry Mrs. Frondorf replied, "I enjoyed the subject in college and feel I would like to teach others about chemistry." When she completes her work at USM, she plans to teach at the junior college level.

Miss Prather completed the B.S. in chemistry at Millsaps College and "became so interested in biochemistry while taking a course at the Gulf Coast Research Laboratory as a senior that I decided to pursue graduate studies."

She presently works with Dr. Douglas C. McCain of the USM Chemistry Department studying a method of analyzing sea water to detect petroleum pollution.

"I get a feeling of accomplishment when I understand why a given phenomena is observed," Miss Prather said in explanation of her reason for becoming a chemist. After graduation at USM,

she plans to become involved in biochemical research in marine environments.

Dr. Bedenbaugh, who earned the B.S. degree from the University of Texas and the Ph.D. from the University of South Carolina, became interested in chemistry in the ninth grade "because every-

thing I had learned about chemistry was interesting and finding out about the makeup and reactions of matter was a challenge and seemed worthwhile. The aptitude and IQ tests I took in high school indicated that I had the qualifications to be a good chemist, and I wanted to be one."

## Rural Families Stay Closer

WASHINGTON -- Rural families will be able to stay closer together in the future because of the opportunities possible through rural development.

Rural development simply means "making rural America a better place to live and work," says William Erwin, Deputy Under Secretary of Agriculture for Rural Development. He adds, "A lot of people in rural areas are tired of watching their young people move away to cities to find work."

Thirty-four percent of the people surveyed in a poll said they would prefer to live in open country. Yet only 12 percent live there. This indicates that many men and women living in the city today would much rather be back in the country where they started, if only they could find a decent job. Some return even without one, so disillusioned are they with city life.

One rural community made special efforts to train its youth for "export"--for specific jobs available in surrounding cities. But even with such preparation, 25 out of 40 graduates of the program turned around and went back home.

"City life simply wasn't for them," said Mr. Irwin, who, on Jan. 4, was nominated by President Nixon to fill the new post of

Assistant Secretary of Agriculture for Rural Development.

One rural development effort local people can undertake is to try to create more jobs in their local areas. That way, young people don't have to leave.

The deputy under secretary has talked to thousands of rural people across the country about rural development. "When you talk about rural development in a little community, people often say 'we don't want those big city problems brought out here,'" he reports.

"But when you say 'how about giving your sons and daughters a chance to stay home,' they get enthusiastic about development."

Figures bear out the importance of a greater variety of jobs to all rural people, farmers as well as nonfarmers. For instance, 62 percent of farmers make more money from off-farm work than they clear from their farm business.

In fact, more farmers, as well as their sons and daughters, are finding a job in local industry a good way to hold on to the rural way of life they like while enjoying incomes that come closer to matching city levels.

### Home Economist's Notes

"WALK THROUGH" YOUR HOUSE PLAN

If you've been searching through floor plans trying to find the ideal house to build, here's a suggestion. Take an imaginary walk through the house before you make up your mind that "this is it."

Figure out where the room pathways will lead. Do you have to cut across the living room to get from the front to the rest of the rooms?

Will the family have to trudge through the working area of your kitchen every time they come in the back door?

Being able to judge a floor plan before the house is built can save disappointments later on.

Being able to foresee family traffic patterns is one of the first ways to start judging.

Sizing up family activity areas is another. Will the noisy work area of the house interfere with living room relaxation? Will the sound of living room company keep the children from being able to sleep?

The relationship of one room to another deserves careful scrutiny too. Will it be easy to carry food from the kitchen to the dining area? Or the patio? Or the porch?

How accessible are the bathrooms to the bedrooms? If the plans look good that far, then it's worth taking a detailed look at each individual room.

PREVENT GLASS DOOR ACCIDENTS You may have an "unseen killer" in your home. Maybe you don't call it that, but the National Safety Council has given glass doors this label.

Accidents suffered by people who walk into glass doors continue to rise as more storm, patio and shower doors of glass are used in building and remodeling.

Follow these recommendations for preventing such accidents in your home:

Use safety glass in danger areas. You may want to replace glass in such doors with safety glass.

Use decoration on the glass of these doors. Decals, ornamental bars or grills make these doors highly visible.

Place a plant or piece of furniture in front of a glass wall or glass door not being used.

Mr. Palmer is the grandson of Mr. and Mrs. Sam Ed Strange of Rienzi and the late Mr. and Mrs. G. W. Palmer also of Rienzi.

No definite plans have been made for the wedding at present.

Royal News

By Paula Kennedy

The annual staff is working hard to meet that final deadline for the 1972-1973 Royalties. The annuals will arrive in early spring.

Last week the S. G. A. met and planned "clean-up day" which was last Wednesday. Each class cleaned a certain section of the school and "clean-up day" was a great success! This Monday was Flag Raising Day and Beta Initiation Day.

The Royals have really been on the go!! Last week they defeated Belmont twice and won at Thrasher Friday night. Good Luck Royals! Keep up the good work!

Bookmobile Schedule

The schedule for the Northeast Regional Library was released here this week.

It includes the following stops:

- Feb. 5 Monday: Marietta School, Burns Store, New Site School, Moore's Store, Wheeler School, Booneville Head Start, Mrs. Livingston
- Feb. 6 Tuesday: Pine Grove School, Blue Mountain School, Jumpertown School
- Feb. 7 Wednesday: Rienzi School, Thrasher School

# Blakey Says Watch Out For Spider

Dr. Durward L. Blakey, Director of the Preventable Disease Control Division State Board of Health, calls the attention of Mississippi residents to the possibility of coming in contact with the brown recluse spider.

"Normally a retiring, shy creature fond of dark, quiet places, it will, if handled or trapped anywhere, bite," said Dr. Blakey. He further stated that the United States Department of Agriculture has identified the brown recluse spider mostly in the south and

south central United States, but pointed out that single specimens have been found in areas as far apart as Arizona and Florida, California and New Jersey and Wyoming and Washington. According to the U.S.D.A., the natural home of the brown recluse spider is in sheltered places out of doors, such as under loose bark, boards, boxes, bricks or any piled, dry litter. But he also added that buildings that are dry, cluttered and contain insects for food are indoor areas likely to attract these spiders.

"Of particular concern are undisturbed areas in basements, attics and closets of private homes which may be used by the spider," he said. "Residents should shake all clothing left hanging in storage areas, such as those mentioned, before wearing."

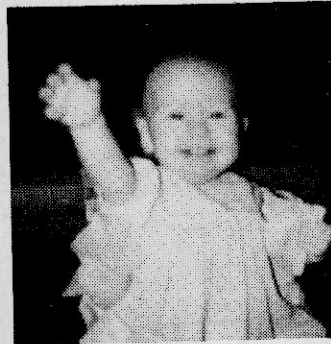

Dr. Blakey stated that mature brown recluse spiders have a body about 3/8" long with a legspan about the size of a half-dollar. Color varies from grey-brown to deep red-brown, and the spider has a dark, violin-shaped area on the

front half of its back. "Their webs are ill-shaped, small, usually in corners or angles," he said. The spider is not considered aggressive, but it will bite if cornered. The venom from its bite is especially dangerous to children, to the elderly and to any in poor physical condition. "As is the case with any insect or spider bite that appears serious, you should get the victim to a doctor for treatment, taking along the insect for identification, if possible," said State Health Officer Dr. Hugh B. Cottrell.

Probably the most significant development in our lives in this century is the automobile. It has made us a society on the move, a people going places in a hurry. We need a car to go to work, a station wagon for shopping or family vacationing, possibly a camper for communing with the great outdoors.

Too often the need for transportation keeps us in debt. The car, or cars, become a burden, not just a pleasure. The old car always gives out at just the wrong time. And we develop new needs as time goes by.

With our lives keyed permanently to the automobile, it just makes common sense not to be "at its mercy" financially. And that's where car savings come in--that is, a program of savings that lets you call the time about what and when you'll buy.

A "car fund" can enable you to handle those costly breakdowns when they occur, get a better buy when you find a bargain in a car--and save substantially on the interest in big car payments. Take

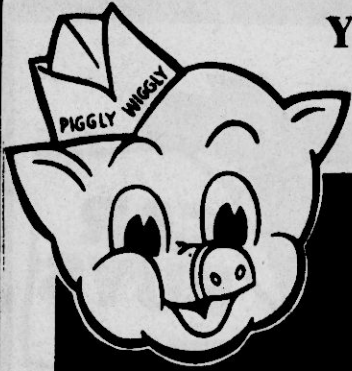

charge of your "charger". Start your "Car Fund" savings program with us now, and earn our current annual interest rate of 5% with safety.

Over \$171,000  
To Repair Lines

T. H. Bailey, South Central Bell district manager in Tupelo, said today that it would cost over \$171,000 to repair the damage to telephone facilities in his area as a result of the January 7 ice storm which knocked out almost 5,000 telephones throughout the district.

Most damage was done by falling trees and limbs which broke numerous wires to customers' homes and also damaged some cables. Many wires broke from the weight of the accumulated ice.

"Restoration work was slowed while the storm areas were cleared so our crews could safely enter," Bailey said, "but once we were able to enter the areas, work proceeded rapidly."

"I want to thank all our customers for their cooperation and understanding while we worked to repair the damaged telephones," Bailey said, "and especially for their patience when encountering temporary delays on calls immediately after the storm."

## Water Loan Given Okay

Mississippi Public Service Commission Chairman D.W. Snyder recently announced the Commission's approval to the Prentiss-Alcorn Water Association, Inc., to extend its present facilities to serve 90 new customers in Alcorn and Prentiss Counties at a cost of \$103,000 FHA financed.

Chairman Snyder stated that the Commission first granted a certificate to the Prentiss-Alcorn Water System in May, 1972, and

at that time the system was serving 253 customers from one well and one 20,000 gallon elevated storage tank. These facilities will be adequate to furnish water to the additional customers. However, approximately 17 miles of new water mains will be required to interconnect the new area. Water association officials

testified before the Commission to the effect that all engineering work has been completed and that financial arrangements have been consummated. It is expected that the construction work will get underway in the near future. Officers of the association pictured left to right, are

Malcolm Sweeney, President; D. W. Snyder, MPSC Chairman; Ellis W. Finch, Attorney, Booneville; Donald Eubanks, Consulting Engineer, Booneville. Other officers not pictured are Archie Buchannon, Secretary Treasurer; Donald Green, Carl Tice, and J. C. Holley Directors.

## Training Courses Star Tonight, NE

A training course in Automotive Emission Control Devices will be taught February 1 and 2 at The Northeast Mississippi Junior College.

Classes which will begin at 7:30 p.m. in the Vocational Technical Automotive Mechanics Building will be taught by Frank Comer, a specialist in the field.

Sponsored by the Vocational and Technical Division of the State Department of Education, Manpower Development Training Association, the course is designed to up-date and sharpen skills of mechanics and others working with automobiles in

the latest techniques of servicing and testing emission control devices on today's automobiles.

The course, open to any mechanic who lives or works in Mississippi, is presented free of charge in cooperation with the major automobile manufacturers, the National Air Pollution Administration and the U. S. Office of Education.

Systems to be covered in the course are air injection system, engine modification dual diaphragm distributors, ported vacuum switches, evaporative systems, transmission control spark system, dist-o-vac system, combination emission control and transmission regulated spark.

## DEVILS RAMBLINGS

BY

Jane Barker

The basketball season is drawing to a close at BHS. Tuesday night is our last Home game and last game of the season.

Blue Devils play Saltillo at 6:30 and tomorrow night is our last away game at Tishomingo. Be there to support this great team!!!

Tuesday night we played Ripley Tigers in a home game. The Blue Devils lost to Houston by one point in the finals of the Tombigbee Conference Tournament. The BHS Tumbling Team performed at half-time twice in the Tournament.

Senior pictures arrived last Thursday. Juniors are still waiting for their pictures.

Last Tuesday club pictures for the annual were made. 35 BHS students will attend the Beta Club Convention this weekend at Jackson. Band is getting in practice for State contest to be held the first week in April.

I guess everyone is looking forward to 6 week tests which are coming up next week.

Till Next Week Go Devils Go Jane Barker

## District Tourney At Baldwin

Visiting in the home of Mr. and Mrs. L. B. Beene Sr. last Tuesday were Mr. and Mrs. Oscar Farrar from Baldwin. Their daughter Mrs. Royace Mink from Zion, Ill. and Mrs. L. G. Mobley from Centre, Ala. Mr. Farrar and Mrs. Mobley are brothers and sisters of Mrs. Beene.

Mrs. Ben Holly has returned home after being in Huntsville for two weeks with her daughter while a patient in the hospital.

Mr. and Mrs. Mike Crow and daughters have returned from Austin, Texas and are making their home on Monroe St.

Mr. and Mrs. L. B. Beene Jr. Dalphine, Carl and Marsha were up from Columbus Miss. for the weekend visiting in the home of Mr. and Mrs. L. B. Beene Sr.

Weekend guest of Mrs. H. W. Parker were Mr. and Mrs. Gene Gustafson and children Ruthie, Ginger Larry and William of Memphis.

Mr. and Mrs. Sam Gardner of Wheeler were up Saturday for a visit with Mrs. Eva Lou Nabers.

Mrs. Allie Miller Isbell is missed by her friends. She is a patient in Baldwin Hospital. We hope she will soon be recovered and home again.

Mayor and Mrs. Marion Smith returned home Saturday after a very enjoyable trip to Florida. They visited Mrs. Grace Green in Davenport. Mr. and Mrs. Tom Perry and boys in Moore Haven and enjoyed touring Disney World. We are glad they had such a nice trip and we are glad they are safely in Booneville.

Bill Gullett came up from Miss. State to spend the weekend with his parents Mr. and Mrs. William L. Gullett.

Mr. Hugh Hollandsworth arrived Saturday for a visit with Mrs. H. B. Sutherland and Mrs. J. W. Hollandsworth.

Mrs. P. H. Gardner of Shannon came up last Thursday to take her mother Mrs. Dave Floyd to her eye Doctor in Memphis. Glad to say Mrs. Floyd had a good report.

Mr. and Mrs. John Spain Jr. of Jackson Tenn. were weekend guest of Mrs. John Spain and Virginia.

On Saturday Jan 13, Mr. and Mrs. Emmons Turner joined Mr. and Mrs. Guy Mitchell and Mr. and Mrs. E. L. Joiner of Tupelo where they flew to Miami to embark on a two weeks Caribbean Cruise. They visited the West Indies, the Virgin Islands and other points of interest. Jane told me after the first two days the weather was fine and they had a wonderful time. Our Sunday School Class decided we would excuse Emmons this time for not getting home in time to teach our class Sunday.

Mr. and Mrs. Charlie Gardner of Jackson, Tenn.

were visitors of Mrs. Eva Lou Nabers Wednesday of Last week.

Mr. and Mrs. John Mac Curlee were up from Aberdeen for a visit with Mrs. John M. Curlee Sunday.

Mr. and Mrs. V. O. Bolton of Memphis were weekend guest of Mrs. J. A. Bolton.

Mr. and Mrs. Lawrence Stell visited Mrs. Carmon Walden Sunday at Baptist Hospital in Memphis. Let us remember Maggy in our Prayers.

Mr. and Mrs. Bill Gresham of Memphis came down Tuesday for several days visit with Mrs. Eva Lou Nabers.

Mr. and Mrs. Tommie Soots had as their visitor last week, Mrs. Kathleen Stone of Tupelo.

Mr. and Mrs. Billy Orvil Spain are happy to have their son Bill home after having knee surgery at Campbell's Clinic in Memphis. Bill is doing fine we are glad to report.

Mr. and Mrs. H. G. Ewell and Mr. and Mrs. L. H. Stutts were in Tupelo Monday. They visited Mrs. E. O. Roden who is a patient at North Miss. Medical Center. Mr. Stutts had a checkup and is doing fine.

Mrs. A. B. Schultz and Mr. Otis Shinnault will leave this weekend for Mobile where they visit Mr. and Mrs. C. R. Shinnault. They will visit their nephew, Otis Shinnault who is a patient in the Southeastern hospital at Daphn, Ala. Otis the son of Mr. and Mrs. C. R. Shinnault grew up in Booneville and many friends here will be sorry to hear of his illness. Please let us remember him in our Prayers.

Speak Softly To leave harsh words unspoken Which were inclined to say Will leave some heart unbroken And brighten someone's day.

harsh words unspoken Though they seem justified Will import faith and hope In one who's lost his pride. To leave harsh words unspoken May cause some feud to end And pave a path of peace Where friendships starts again. -Perry Tanksley -

### Electric Industry Predicts '73 Gain

Employment in the electrical manufacturing industry will increase by 200,000 persons in 1973, according to the President of the National Electrical Manufacturers Association (NEMA).

Bernard H. Falk, in reporting on a "Facts and Figures"

booklet issued by NEMA's Statistical Department, said industry forecasts show an increase in domestic employment from 2.2 million in 1972 to 2.4 million in 1973.

The total increase will be among production workers which are expected to rise from 1.5 million last year to a new record high of 1.7 million in 1973.
