## AFTER 13 TERMS

# Mayor Smith Steps Down

There's one thing for certain... the Mayor's office of the City of Booneville will have a new occupant when the next administration takes over here.

Mayor Marion Smith of Booneville has decided to step down after some 13 terms in that capacity. Mayor Smith has held that office sporadically since 1933.

He went into office in 1932 for his first term, serving four years and then entered the U. S. Army in 1942. Then he returned to the city to serve as a member of the Board of Aldermen.

Continuously from 1950, he has been the executive officer of the City of Hospitality. In recollecting, the Mayor commented that his ego was well boosted four years ago when he defeated two strong opponents for the office.

Before he entered service, the length of term for the Mayor was two years, but when he returned it had been changed to four years.

In his announcement to step down from the high post here, Mayor Smith pledged his "whole-hearted support to the next administration. I will strongly support and help

them in any way possible."

His official announcement is as follows:

"TO THE CITIZENS OF BOONEVILLE"

Please let me thank you for the privilege of serving you for the past many years in the capacity of Mayor of our city. It has been a great honor for me and I am grateful to you for your support during these years.

Also, I want to take this opportunity to thank the many who have called and who have made personal visits, pledging their support and soliciting and urging me to offer for

re-election for one more term.

It is a most difficult decision because there is the desire on the one hand to continue to serve you in this capacity and on the other hand the desire and the need of giving more time and consideration to business obligations, my family and personal affairs.

You know that I love Booneville, the people of Booneville. You have been so kind, loyal and generous in your support throughout the years and I shall always remember and never forget these kindnesses.

Together I feel that we have made progress and have accomplished much but I realize that there is still much more to accomplish and it is my decision that it is time for others to take this responsibility and therefore I will not seek re-election this year.

I do want to take the opportunity to pledge my support to the new Mayor and to all the city and county officials as a private citizen toward the growth, progress and welfare of Booneville and Prentiss County."

## 'Beat The Big One...' Heart Fund Month Set

A goal of \$4,000 has been set for the 1973 fund drive of the Prentiss County Heart Association to reduce deaths from heart and blood vessel diseases.

According to Tommy Floyd, Heart Fund campaign chairman, these diseases kill more people than all other causes combined, afflicting one out of every eight Mississippians and causing 51 percent of all deaths in the state.

The Heart Fund drive will be conducted during February, which has been designated Heart Month by an Act of Congress. Theme of the 1973 campaign will be, "Beat the Big One--Heart Attack". The nation's number one killer, heart attack, will claim an

estimated 7,000 lives in Mississippi this year.

expected with continued research and information programs.

## Garbage Charge Dropped

The controversial business garbage pickup fee, which has been stammering this city for several months, was wiped out Tuesday night.

The Booneville Board of Aldermen voted to discontinue this charge for the pickup...and refund the money to those who have paid

for that service.

After a quite lengthy discussion of the pickup and the arguments pro and con, it was decided by the board to discontinue the charge for the pickup, because, as one member put it, "this fee is just a drop in the bucket to what the cost is."

Dear Mr. Editor:

Last year while the legislature was arguing the highway bill - Sen. Theodore Smith and Rep. Horace Brewer kept warning us that Highway 72 was not included in the highway program. Rep. Johnny Ross and Sen. McCoy and Sen. Maxcy kept saying that highway 72 was included in the program and that we had nothing to worry about.

I wondered which one of these groups was telling us the truth. I knew that both sides could not be right. Somebody had to be wrong. We know the truth now. Last week Sen. McCoy and Maxcy introduced a bill to add 72 to the highway program. If 72 was in the program when they told us it was then they are sure wasting their time in doing this now. The truth is they misled the people in this area. Now it could be that they were misled themselves.

Rep. Horace Brewer introduced a bill to include 72. I noticed that Rep. Ross and White of Booneville joined Brewer in this bill. When Rep. Brewer tried to amend the bill in 1972 Rep. White and Ross made a speech against that amendment. Now they join him in trying to pass a bill that would have done the same thing that his amendment would have done then. Rep.

Ross and Rep. White and Sen. McCoy and Sen. Maxcy may think they will fool us by this action which is too late but they won't. On Highway 72 we have memories like an elephant.

### Will Party Reform Self

A big question before the country now is, will the Democratic Party reform itself by coming back into the mainstream of American political life? That is to say, will the party purge itself of those radical elements who were so successful in pushing Senator George McGovern to the front, and inflicting a disaster upon the party? This is not an idle matter of little import to the nation. The political writers and analysts tell us that the matter was far from resolved at the December meeting of the Democratic National Committee in Washington. But it is of the utmost importance that one of our two great national parties not be controlled, remotely, partly or otherwise, by crypto-radical-

liberal persons. The rad-libs who were excluded from the Chicago Democratic Convention in 1968 were welcome to the Miami Democratic Convention in 1972, and their candidate was nominated. And it was this faction that millions of American voters rejected in the 1972 elections. One of the major reasons the United States has flourished among the great nations of the world is because we have enjoyed a strong, competitive, two party system. None of us, of whatever political persuasion, would like to see the Democrats so weakened by radical elements that the Republicans would become fat, lazy and complacent! Now is the time for all good Democrats to come to the aid of their country!

### Bedtime Story...

Today, here's a bedtime story. I got this off the Teletype from Pecos, Texas, police department. I can't take the credit; but I am willing to plead guilty to being an accessory. Once upon a time there lived a little girl called Red Riding Hood. One day her mother asked her to take a basket of fruit to her grandmother who had been ill and who lived alone in a cottage in the forest. It happened that day that a wolf was lurking in nearby bushes, overheard the conversation and decided to take a shortcut to Grandmother's house and intercept the basketful of goodies for himself. The wolf arrived first, killed the grandmother and ate her. The wolf then dressed himself in Grandmother's nightgown and jumped into bed to await the arrival of Little Red Riding Hood. When she arrived, the wolf made overtures to the girl, tried to grab her. The terrified child ran, screaming, from the cottage. A woodcutter working nearby heard the cries, rushed to the rescue, killed the wolf with his ax. Red Riding Hood was saved. Townspeople, when they learned of the rescue, converged on the scene and proclaimed the woodcutter a hero. Now--the rest of the story: At the inquest, certain facts emerged. 1--The wolf, prior to his execution, had not been before striking the fatal blow. 3-- At the inquest, self-invited representatives of the Civil Liberties Union stressed the point that, although the act of killing and eating Grandma may have been in bad taste, actually the wolf was merely "doing his thing" and thus did not deserve the death penalty. Further, the ACLU lawyers contended that killing the

grandmother could be construed as self-defense, inasmuch as the wolf's intent was to "make love, not war" and it can be reasonable assumed that the grandmother resisted overtly and might, given the opportunity, have killed him. Based on these considerations the coroner concluded that there was no valid legal basis for charges against the wolf and that, in fact, the woodcutter was guilty of aggravated assault with a deadly weapon. And the woodcutter was so indicted, arrested, arraigned, convicted, sentenced: 20 years. The Wednesday night following the sentencing the woodcutter's cottage was burned to the ground. One year from the date of the "Incident at Grandma's" her cottage was dedicated as a shrine for the wolf who had bled and died there. Village officials spoke at the dedication. Red Riding Hood, herself, gave the most touching tribute.

WE'VE BEEN IN A WAR FOR A NUMBER OF YEARS, A WAR THAT WE WERE NOT PERMITTED TO WIN. WHILE THE BATTLE WAS FOUGHT A LONG WAY FROM HOME, THOSE OF US WHO REMAINED HERE WERE VERY LITTLE INCONVENIENCED ABOUT IT. THERE WAS NO FOOD RATIONING; WE COULD BUY ALL THE GAS WE WANTED; TRANSPORTATION WAS NOT RESTRICTED. IT WASN'T LIKE OTHER WARS OF THE PAST, EXCEPT THOSE BOYS WHO DIED OVER THERE GAVE THEIR LIVES AS DID THOSE IN THE REVOLUTION, THE CIVIL WAR, AND OTHER WARS IN WHICH WE ENGAGED IN THE PAST, FOR THEIR COUNTRY, YOU AND ME. THOSE WHO LIVED AN HAVE COME HOME AND ARE COMING HOME DID NOT ASK TO GO, BUT THEY FELT IT THEIR DUTY TO GIVE THEIR ALL IF NECESSARY. THEY WERE IN A LAND NOT TOO FRIENDLY TO THEM. THEY HAD INCONVENIENCES - HOT WEATHER, HUMIDITY, HOSTILE BULLETS, PEOPLE WHO WERE FRIENDLY TO THEM IN THE DAY TIME AND HOSTILE AT NIGHT; AND, WORST OF ALL, DOPE-PEDDLERS, AND MANY LIVES SACRIFICED. PRENTISS COUNTY MEN, REGARDLESS OF AGE, WERE THERE AND PERFORMED GALLANTLY. OUR MEN AND WOMEN HAVE NEVER FAILED WHEN CALLED ON TO DO THEIR PATRIOTIC DUTY, AND HAVE ALWAYS RESPONDED IN A MILITARY WAY. ## PAUSE FOR POWER Anxiety...And God's Prescription

God's prescription for worry is found in Philipians 4:6,7: "Be careful for nothing; but in everything by prayer and supplication with thanksgiving let your requests be made known unto God. And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus." Observe first the command: "Be careful for nothing." Now we must erase a natural misconception from these words. When the Authorized Version of our Bible, known also as the King James Version, was translated in 1611, the words, "be careful," conveyed exactly the idea of the Greek. But words change in meaning over the years. The truth is, the meaning of this word which the translators rendered "careful" is distraction or anxiety. Such anxiety tends to draw the mind away from God. It distracts the Christian from his spiritual privileges and responsibilities. What the apostle Paul is saying is this, "In regard to nothing have distracting anxiety." More briefly, the Bible is saying, "Worry about nothing." The Christians at Philippi, like the majority of Christians in all ages, were most of them poor, struggling hard for daily bread. They were exposed, as all of us are, to disease and pain and sorrow. They were liable, like ourselves, to be at times misjudged and misrepresented. And, living as they did among a heathen population they were exposed to forms of persecution of which we know very little. Now Paul says, "Let none of these things move you. Let none of them cause you anxiety of soul. In short, worry about nothing!" Surely there are very few of us who do not know exactly what the Bible is here talking about. All of us know by experience how worry and anxiety sap our spiritual energies, and diminish our enjoyment of the Lord of His Word. Worry enfeebls our whole spiritual life. So Paul says, if you desire to live a life of spiritual power and usefulness, let nothing cause you distracting anxiety. But, it is one thing to command such a state of mind, and it is quite another to furnish adequate motive power for attaining this equanimity of spirit. The Bible, however,

also provides us with the secret to this motive power, and it does so in the next statement. At the same time that the Bible says, "Be careful for nothing," it also says, "In every thing, by prayer and supplication, with thanksgiving, let your requests be known unto God." In brief, the Bible says, "Worry about nothing, pray about everything." The secret to overcoming worry is prayer. The Lord Jesus said the same thing, "Men ought always to pray, and not to faint (Luke 18:1). Here again the Bible enforces the same truth, "In every thing, by prayer and supplication, with thanksgiving, let your requests be made known unto God." Observe finally the promise which the Lord gives to us in this passage. If I worry about nothing and pray about everything, then here is God's promise to me: "The peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus." With believing prayer comes the peace of God. The peace of God is that calmness of spirit which God is able to give the believer amidst the most adverse circumstances. Such peace, the Bible says, shall keep our hearts and minds through Christ Jesus. This word "keep" is a military term. It speaks of a city under a seige, and of the garrison that marched around the city to protect it from its foes. The garrison of soldiers protected the city against the besiegers. Now life is surrounded by foes, each seeking to gain an entrance into the castle of the soul. Temptations, fears, alarms -- all are at the gates, waiting for admission. But within the soul, peace stands as a sleepless sentinel, guarding the soul against its adversaries, and the interior life is thus secure. When the peace of God reigns within then no outside foe can secure admission. Here then is a great promise for Christians who live in a Let us therefore take to heart and believe this promise of God "Worry about nothing; Pray about everything. And the peace of God will guard your hearts from anxiety through Jesus Christ."

## NEWS FROM THE COUNTY AGENT

W. T. Smith

FEED GRAIN PRODUCTION

This is the year that you may profit by increasing corn production, particularly if the supply of soybean planting seed is as short as is anticipated. If you are going to plant corn, select a good hybrid that does well in your area. If faced with stunt or maize dwarf mosaic virus in corn, select a variety that has resistance to these diseases. To make top yields, you must plant early. There is just no substitute for early planting. Plant an adequate number of seed to get a good stand. Today's hybrids must have high plant populations for high yields. You will need 15,000 to 16,000 plants per acre to make 80 to 100 bushels of grain. In order to get an adequate stand, you need to plant 15 to 20 percent more seed than you want plants per acre. Higher plant populations and higher yields demand higher rates of fertilizer. Soil test to determine your needs. Use a good herbicide to control weeds and grasses. AATrex is excellent. If nutgrass is a problem, use a Sutan-AATrex mixture. If signal grass is a problem Lasso is recommended. DAIRY NOTES Fresh, clean ice-free

water is the cheapest feed you can give your dairy cows. When cows drink more water, they eat more forage and give more milk. Cows particularly like to drink water immediately after milking, so if you do not have water available for them at the barn after milking, it will pay you to provide it. meetings The annual meeting of the Mississippi Cattlemen's Association will be held at the Coliseum in Jackson, February 12-13. The Mississippi Pork Producers' Association will meet at the Heidelberg Hotel in Jackson, February 14. FOOD PRICES Sure food costs are high, but so are personal incomes! Even with the "high prices" prevailing today, the average family only spends 16 percent of its income on food. This is the lowest percentage in history and is by far lower than that of any other country in the world. SOYBEAN SEED Do not be stampeded into buying the kind of soybean planting seed that you do not want. Avoid uncleaned or improperly processed seed. These may give you a weed problem that will take years to get rid of. Mixed varieties of soybean planting seed are not recommended. There is too much variation in maturity dates for this to be feasible.

## HOME ECONOMIST'S NOTES

Claire T. Ross

EXTENSION HOME ECONOMIST

PLAN CHILD'S BEDROOM TO "GROW" WITH CHILD Children seem to outgrow everything -- even their bedrooms. Clothing can be replaced, but a room is something else. Carefully planned, it can grow with the child and involve few major changes. A youngster's bedroom is like a home within a home. It's a place for more than sleeping. Playing, studying, day dreaming, listening to records, munching on snacks and talking with friends are all a part of the bedroom scene during the growing years. A major criterion for creative decorating is adjustability. At all ages and stages, a child's room should be sized for his needs with furnishings at the right height to develop good habits of neatness, cleanliness and grooming. Properly chosen accessories -- a toy and book shelves, rods and pegs for clothing, a mirror for those initial efforts at grooming -- can be placed low to serve the toddler and be adjusted upward as he adds inches. Be sure to include a good-sized bulletin board for showing off artistic efforts. And make the savable-- pictures and mementos become dear to an older child. Stackable furniture is a good choice. Pieces can be added as the child and his collections grow. Brightly enamel-painted and top-coated with polyurethane the furniture will be cheerful, scuff and stain resistant and suds wearable. There also is furniture that features tough, washable laminated, plastic surfaces. Flooring should not be overlooked in planning. Because children of all ages spend much time on the floor, playing, studying and visiting, floor coverings should be warm and attractive. Easy washing, no-iron fabrics are best for window treatments, bed coverings and pillows. While furniture and flooring are simple and suitable for years, fabrics can take on the decorative job of creating room personality at various age stages. The new durable and scrubbable carpetings are worth considering. Vinyl in combination with washable scatter rugs is a good choice. Whatever the final scene, some prethought with an eye to growth possibilities, easy upkeep and activities the room will serve, is likely to result in greater satisfaction for both you and the children. \*\*\*\* DATES TO REMEMBER February 14, 1973: Stitchery session in the Conference room of the Northgate Branch Bank of the Peoples Bank and Trust Company. This meeting starts at 9:00 a.m. February 14, 1973: Special Interest Stitchery sessions at the Home of Mrs. B. G. Burns in Baldwin. This meeting starts at 1:30 p.m. Call Mrs. Burns for details.

### YOUR MONEY

By Bruce Dillingham

Probably the most significant development in our lives in this century is the automobile. It has made us a society on the move, a people going places in a hurry. We need a car to go to work, a station wagon for shopping or family vacationing, possibly a camper for communing with the great outdoors.

Too often the need for transportation keeps us in debt. The car, or cars, become a burden, not just a pleasure. The old car always gives out at just the wrong time. And we develop new needs as time goes by.

With our lives keyed permanently to the automobile, it just makes common sense not to be "at its mercy" financially. And that's where car savings come in--that is, a program of savings that lets you call the time about what and when you'll buy.

A "car fund" can enable you to handle those costly breakdowns when they occur, get a better buy when you find a bargain in a car--and save substantially on the interest in big car payments. Take charge of your "charger". Start your "Car Fund" savings program with us now, and earn our current annual interest rate of 5% with safety.

FIDELITY FEDERAL THE MOBILE UNIT WILL BE IN BOONEVILLE EACH WEDNESDAY, FROM 9 A.M. UNTIL 3 P.M. AT OUR LOCATION ON CHURCH STREET.

## Three Nights A Week... For Both Fun And Work

Monday, Tuesday and Thursday night at the Prentiss County Vo-Tech School are both fun and work times. And learning can be fun! Proof of this is evidenced by the happy look on the faces of the 130 students who are taking Typewriting, Bookkeeping, Office Machines, Shorthand, and the real fun course, The Receptionist. The Receptionist Class, a ten-meeting course, seeks to present the true picture of the modern office receptionist, whether she works for business, government, or the professions. The viewpoint that anyone can qualify is outmoded, for the occupant of the front desk is called upon to meet more challenge and to fulfill more responsibilities than ever before, and there is a growing demand for competent, well-trained personnel. Since the recep-

tionist or secretary spends the major portion of her time working with people, special emphasis is placed on the subject of human relations. Realizing these things, the Peoples Bank and Trust Company of Booneville has begun a new program for their employees. As a special encouragement, they are underwriting employee's lab fees at the Prentiss County Vo-Tech School for taking this course. Thirteen employees -- secretaries, bookkeepers, tellers, even an assistant vice president -- are taking advantage of this program. These women feel that this course will help them to be more poised and a more gracious hostess; they feel it will help them to realize that their potential growth involves more than an interested response to what is going on around them.

Marion W. Smith, Manager of the Peoples Bank Booneville Branch, expressed appreciation to the Prentiss County Vo-Tech school for making such courses available. Merrill T. Cartwright, Director of the School and Lex Cain, County Superintendent of Education, expressed their gratitude to the Peoples Bank for their cooperation. It is such cooperation between vocational education and business that will be significant aids in training women who wish to enter or reenter the world of work in a business or professional office. Instructors in the Business and Office Department are Mrs. Willie Frances Guy, Head of the Department, Miss Dorothy Cole, and Mrs. Laura W. Cartwright.

The Reverend Smith is the son of Mr. and Mrs. Athel Smith of Booneville. Dr. W. Levon Moore, pastor of First Baptist Church, Pontotoc, officiated.

Mrs. W. Levon Moore Church organist, provided a program of nuptial music, and Mr. Randy Wood was the soloist.

The church was beautifully decorated with red poinsettias and frosted Christmas greenery surrounding the candleabras.

The bride, given in marriage by her father, wore an empire line gown of peau, overlaid with silk organza. The bodice, scalloped neckline, full sleeve and skirt were outlined with scalloped chantilly lace and clusters of pearls. Her chapel mantilla of illusion was attached to a fitted headpiece of lace. The bride's bouquet of stephanotis blossoms and gypsophila, centered with a white orchid, overlaid her Bride's Bible. The bouquet held two roses also, one for the mothers of the bride and groom respectively.

The bride's only item of jewelry was a diamond lavalier necklace belonging to her grandmother, Mrs. C. P. Shannon. Mrs. Shannon wore this lavalier in 1912 at her own wedding.

Miss Paula Shannon, sister of the bride, served as maid of honor, and Mrs. Pete Raiteri, another sister, was the matron of honor. Miss Betty Smith and Mrs. Garvin Spearman, sisters of the groom, and Misses Cathy Ray and Neita Knight served as bridesmaids.

The bridesmaids wore floor-length dresses of a

jade green chiffon with white flocked flowers over jade green peau de soie. Their headpieces were white fur accented by a green bow, and they carried white fur muffs centered with a large red antherium.

Mr. Athel Smith, father of the groom, served as the best man. Duffy Wigle of Vicksburg, Bolling Kelly of Yazoo City, the Reverend Larry Garner of Iuka, the Reverend Jimmy Gore of Shannon, and Steve Williams of Rosedale, cousin of the groom, served as groomsmen. Serving as ringbearer was Jeff Smith, brother of the groom.

Mrs. Shannon wore a street-length dress of coral chiffon over peau de soie with a floral bodice and long full sleeves offset by a white orchid. Mrs. Smith wore a street-length powder blue knit suit offset by a white orchid. Mrs. C. P. Shannon, grandmother of the bride, wore a navy blue

suit offset by a white orchid. Immediately following the wedding, Dr. and Mrs. Shannon entertained guests in the fellowship hall of the church. Upon entering the fellowship hall, guests were introduced to the receiving line headed by Mrs. Jack Turner, an aunt of the bride. Mrs. Belinda Thompson registered the guests at a table covered with green taffeta and white lace. The table held a memory candle and a rice tree with dainty bags of rice hanging from the tree.

White Christmas trees and cathedral tapers flanked the bride's table. The table was draped in green taffeta and covered with white lace, caught up at the corners and center with green velvet bows. The table held a four-tiered wedding cake decorated with white roses and green leaves. In the center of the cake, between the

columns, was a traditional lighted bride-and-groom. The top of the cake was centered with a cross bearing two interlocked wedding bands. The table held two silver candelabra with holly entwined, and held white tapers.

Punch was served from a table draped in green with white lace caught up with green bows. The table held a crystal punch bowl flanked with an arrangement of holly and a silver candelabra holding white candles.

The groom's table covered in green and draped with brown net, was caught at each end with net bows. The table held a tiered chocolate cake decorated with sugared grapes.

Serving the bride's cake were Mrs. Ben Yandell, Jr. and Mrs. C. R. Shannon, aunts of the bride. Serving the groom's cake were Mrs. Jean Wood and Mrs. Scott Black, Jr. Serving the punch

were Misses Millicent and Sally Shannon, cousins of the bride.

Serving as floating hostesses were: Mrs. Edd Brown, Mrs. Billy Morrow, Mrs. George Higginbotham, Mrs. Ronnie Winter, Mrs. Hoyle Hester and Mrs. Dot Ray. Mrs. Edith Weatherly served as the bride's consultant. She planned and directed the beautiful reception.

Tea girls included Misses Debbie Jernigan, Joy Austin, Lucy Bowen, Anna McCullough, Rosalie McCullough, Pam Immon, Kim Morrow and Paula Whiteside. Miss Jamie Ball provided piano music for the reception.

Serving as rice girls were little Misses Jenna Sewell, Vickie Munn, Carol Stark, Harriet Hale, Angela Knight, Susie Whiteside, Michele Stokes, and Robin Wood.

For traveling, the bride wore a pink velvet street-length dress and match-

ing jacket, Angela Knight, Susie Whiteside, Michele Stokes, and Robin Wood.

For traveling, the bride wore a pink velvet street-length dress and matching jacket, offset by the white orchid from her bouquet.

Following a honeymoon trip to the Bahama Islands, the couple are at home in Pontotoc.

# 'A Trip Around The World'... That's The Prize S&J Won

"A Trip Around the World" for selling more than one million dollars in Gulf States Manufacturers' metal buildings was the prize, and Gulf States dealer S & J Steel Builders of Booneville has done just that.

Gulf States Sales Manager

Don Simmons has announced that the award winning dealer upon receipt of the news of qualifying for the trip asked that instead of one couple being sent on a first class vacation trip around the world that the dealership be allowed to send two couples on a

shorter trip.

For S & J President and Mrs. Doug Jumper and General Manager and Mrs. Tracy Armstrong it was off to Hawaii the day after Christmas for nine days in the tropical paradise.

The couples landed in Honolulu and were taken to their Waikiki hotel. Entertainment and sightseeing trips were planned, plus time for shopping before their journey to Kauai. Full days kept the couples busy and on they went to the islands of Maui and Kona so they would get a chance to see all the life styles of Hawaii.

In their travels Gulf States provided interesting side trips such as an island adventure helicopter ride into the beautiful interior of Kauai.

Simmons said one particular attraction awaiting Mrs. Jumper and Mrs. Armstrong in addition to the lei greeting was the presentation at the airport of "mad money" to use as the ladies pleased during their trip.

Win Trip

Gulf States Sales Manager Don Simmons, left, and Gulf States Regional Sales Manager Joe Carter, right, look on as Clayton Richardson, General Manager of Gulf States makes the official presentation of a trip to the Hawaiian Islands to S & J President Doug Jumper. Tracy Armstrong, S & J General Manager, center, is also a recipient of the trip. S & J Steel Builders received the award for selling more than one million dollars in Gulf States metal buildings.

## Make America A Better Place

WASHINGTON Rural communities don't stay the same. They get better or worse. Four key areas for helping make rural America a better place to live and work are people building, community facilities, environmental improvement and economic development.

You can rate your community -- "score" it --

on these four essential ingredients to development, says Will Erwin, Deputy Under Secretary of Agriculture for Rural Development.

People building includes such things as education, health services, cultural satisfaction, outreach to the disadvantaged and leadership. For instance, score your

community on the adequacy and availability to all of schools.

Community facilities include housing, transportation, utilities and public services. To score your community in housing, for example, consider all sectors in terms of living conditions -- crowding, sanitation, upkeep and appearance, availability and costs.

## Waller To Speak On Efficiency

MISSISSIPPI STATE, Ms.—Efficiency and top management, the keys to successful pork production, will be the themes of the 17th annual

Mississippi Pork Producers Conference scheduled for February 14 at the Hotel Heidelberg in Jackson. Glenn Heath, manager of

the New Light Swine Farm at Starkville, will discuss how efficient hog management has benefited his operation and how it can be used by other pork producers. W. L. Richmond, Extension Livestock specialist and executive secretary of the

Mississippi Pork Producers Association (MPPA), said that Heath's talk is designed to fit the small and large pork producers.

Raising the right kind of high quality hogs should be the goal of every pork producer if he intends to stay in the business. Ruben Edwards, a nationally-known hog breeder from Middletown, Mo., will discuss the kind of hogs that make his operation profitable.

The feeder pig business is one of the highlights of the pork industry in Mississippi. In 1972 the association sales reached a volume of \$1,400,000. John Cox, Yeager and Company, one of the largest feeder pig operations in the nation, will explain how his company succeeds in the feeder pig business.

W. M. McMullan, president of the MPPA, and Marvin Garner, executive secretary of the National Pork Producers Council, will explain how the funds collected through the voluntary check-off program are used to benefit the pork industry on the state and national levels.

A highlight of each year's conference is the selection of the Mississippi Pork Queen and the Master Pork Producers Banquet. The Pork Queen Contest will be held on the afternoon of the conference and the new queen will be crowned at the banquet.

Governor William Waller will be the featured speaker at the banquet.

## Notes from the state Capitol

By

Martha Carole White

State Representative

### District 2

The shock and concern over the shooting of Senator Stennis was evident in every corner of the Capitol last week. Every day as medical bulletins were read to the House members, absolute silence prevailed. Believe me, absolute silence in the House of Representatives is indeed a rarity!

During the week I had opportunity to inspect an area near Vicksburg where the Mississippi Power and Light Company is preparing to build a nuclear power plant close to the Mississippi River.

Intensive environmental studies are being conducted there, and anthropologists are uncovering, identifying, and preserving many Indian relics found in this historic area. The nuclear

power idea was of particular interest to me because we might reasonably expect such a plant to be erected in Tishomingo county in future years.

The Governor spoke to a joint assembly of the House and Senate last week, giving his ideas for the spending of our state revenue-sharing money. His priorities include a drug education program for teachers, the establishment of a dentistry school, and the development of a major tourist attraction.

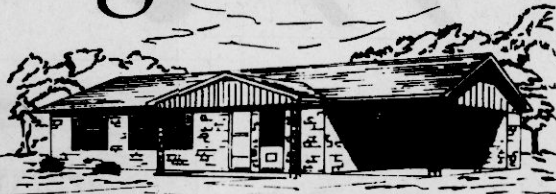

It is becoming more obvious every day that as we receive revenue-sharing money, some of our already established programs are being cut from federal funding. As a state, we receive \$500 million in

of particular interest to me might reasonably expect such a plant to be erected in Tishomingo county in future years.

Your response to my asking for your calls, letters and cards on items of interest has been just tremendous! So much, in fact, that I may have missed returning some of your calls. If I have, please call this to my attention, as I need to hear from you.

The Capitol number is 748-7321. Thank you so very much for your interest and support.

If you think owning this home is out of the question...

Friends of Mrs. Gwen Moore Owings will regret to hear of her husband's sudden death. Mr. Robert Owings was a three letter man at John Hopkins University, long time sports official and insurance man and was still active in the firm of Warfield-Dorsey at the time of his death he was 72. Mr. Owings officiated in countless football games during his years in Amateur Athletics. He served as a baseball coach at the Hopkins on a part-time basis for 14 years. After joining the Eastern Association of football officials in 1938 he officiated in many college games and was the electric clock operator at 7 Army-Navy games. Mrs. Owings will be remembered here as Gwen Moore who's mother Mrs. Jim Moore recently died there. The Owings have one daughter and a grandson. Mr. and Mrs. Wilfred Dean Spencer and boys of Birmingham Ala. were recent visitors of his parents Mr. and Mrs. Claude Spencer. Mr. and Mrs. Ghist Henry of Conway, Ark. were

visitors in the home of Mrs. Berta Barnes last week. Mr. and Mrs. J. E. Scott drove down to La Place La. last week for a delightful visit with Mr. and Mrs. N. H. Walden. Their other daughter Mrs. C. R. Willie and Mrs. Willie's daughter Mrs. John Billingsley and baby of El Paso Texas joined them for the day on Wednesday on their way to New Orleans where Mr. and Mrs. Billingsley will be making their home. On Thursday they drove down to New Orleans for the day. They also visited their granddaughter, Mr. and Mrs. Glen Freeman and month-old baby in La Place. They were happy to see their great granddaughter. They returned home and reported a most enjoyable trip. Mrs. Mae Smith returned home last week after a visit with Mr. and Mrs. Roy Hartley and Mr. and Mrs. James Luther Smith and family in Tuscaloosa, Ala. Mr. and Mrs. Charles Seagro and baby of Kossuth were visitors of her parents Mr. and Mrs. Claude

Spencer last week.

Mr. and Mrs. Herbert Spain of Grenada came up to spend the day Sunday with his mother Mrs. Troy Spain.

Well I had a nice note from Mr. and Mrs. Arthur Smart this week. They moved from here to Upland Calif. in 1937. They said they are enjoying our paper. Said they recognize so many names and pictures of people they knew. Thank you for writing. Mr. and Mrs. Smart, hope you will get to visit Booneville again. I was so sorry to hear that my dear friend Mrs. F. W. Duckworth had the misfortune to fall and fracture her hip. She was operated on Saturday and I know her many friends will be glad to hear she is doing fine. She is in room 861 Union East Baptist Hospital Memphis, Tenn.

Well I can tell you now if the weather stays as good as it is today (Tuesday) Mary, Madie and I will be gathering up our tackle and poles and heading for our favorite fishing holes. We can hardly wait. Anyway I've got to catch Eloie some fish, she can't go, bless her heart, but she sure likes to eat them.

Mrs. Mancel Morgan and Mrs. Vernon Hall went to Cleveland Monday to greet Master Michael Shane Martin. The proud parents are Mr. and Mrs. Rusty Martin. Mrs. Martin is the former Becky Ann Hall. The

# Furr, Stroupe Homemakers Of Tomorrow

## Davidson Speaks

Kenneth Reed, President of the Prentiss County Vo-Tech School's VICA Club, Mr. Howard Davidson of the Billingsley Chevrolet Company, and Mr. Ray Vuncannon, Automobile Mechanics Instructor at Prentiss County Vo-Tech, School.

Students named 1973 Betty Crocker Homemakers of Tomorrow at high schools here have been announced. Selected on the basis of scores in a written knowledge and attitude examination administered to seniors throughout the country last Dec. 5 were:

Booneville High School, Anna C. Furr; Jumpertown High School, Norma J. Stroupe. Each will receive a specially designed award from General Mills, sponsor of the annual Betty Crocker Search for American Homemakers of Tomorrow, and remains eligible for state and national honors.

The State Homemaker of Tomorrow, to be selected from all school winners in the state in judging centering on results of the Dec. 5 test, will receive a \$1,500 college scholarship.

A 20-volume reference work, "The Annals of America," will also be presented to the state winner's school by Encyclopaedia Britannica Educational Corporation. The second-ranking student in the state will receive a \$500 scholarship.

In late April, the 51 Betty Crocker Homemakers of Tomorrow representing every state and the District of Columbia -- each accompanied by a faculty adviser -- will gather in Washington, D. C., for an expense-paid educational tour of the capital city and

Colonial Williamsburg, Va. Personal observation and interviews during the tour will be added to state-level judging results in the selections, to be announced at a dinner in Williamsburg, of the 1973 Betty Crocker All - Ameri-

can Homemaker of Tomorrow and three runners-up. Scholarships of the four national winners will be increased to \$5,000, \$4,000, \$3,000 and \$2,000. Instituted in last year's Betty Crocker Search, a \$1,000 Nutrition Scholarship is also part of the program again this year. Recipient of this award will be the

participating student who plans a college major in nutrition or a related field, ranks among the highest in his or her state on the overall examination and, from those meeting these two criteria, achieved the top score on the exam's nutrition questions.

Science Research Associates, Chicago, constructed and grades the written examination, and is responsible for all judging and selection of winners.

A total of 665,600 seniors were enrolled in this year's Search, the first in which boys were eligible to participate. Approximately nine million students have taken part in the program since its inception in 1954-55 school year,

and with this year's grants, total scholarship awards will exceed \$2 million.

Regarding the inclusion of boys in the program, General Mills said, "While, historically, the feminine homemaker has usually exerted the major influence in shaping the home, teamwork between husband and wife has long been the ideal. In today's changing society, that teamwork will undoubtedly become increasingly important during the years ahead. That is why high school seniors, boys as well as girls are now eligible to join the Betty Crocker Search with full opportunity to earn scholarships and, hopefully, gain the other educational benefits of participation."

At a recent meeting of the VICA Club at the Prentiss County Vo-Tech School Mr. Howard Davidson reminded the members that there is a real future for them in vocational education. He urged each student to think now about what they want to do with their lives, to decide on their future occupation, and to be ready when they enter the world of work.

Kenneth Reed, President of the VICA Club and a senior at Jumpertown High School, was in charge of the meeting and presented Mr. Davidson, who is co-owner and manager of Billingsley Chevrolet, Mr. Ray Vuncannon, Automobile Mechanics Instructor, is VICA Adviser.

## Scouting. It Knows No Limits

There are no city limits or county lines in Scouting. A boy is a boy, whether he comes from a big metropolis or a farming community. His interests may differ, but his high goals never vary—working to better the community or working at developing a personal skill. He will give his all to achieve good sportsmanship as well as to conservation. He is a realist who deals honestly with himself on all counts. Bright, alert and proud of what he stands for, the only limit he might strive for is the sky. We think he'll make it.

## Learning The Skills Of Living

In order to progress as a Scout, a boy is required to learn new skills—all of which help him to become a more competent human being as well as a better neighbor. A Scout must be tested on several new skills each time he moves up in rank. His options include exercises in Community Living and Conservation, Camping, Hiking, Citizenship, Swimming, First Aid, Family Living, Cooking, Communications, Physical Fitness and Environment. Distinct from merit badges, Skill Awards demand completion of several different projects in the particular field. Result: achievement!

## L.L. Bethay Honored With Retirement Party

Mr. L. L. Bethay was honored on Saturday at five-thirty o'clock at the Sheraton-Rex in Tupelo when the Officers of Prentiss Manufacturing Company entertained with a dinner in recognition of his retirement as Chairman of the Board of the Company.

Mr. James Bethay, President, welcomed the guests and introduced the Rev. J. C. Christian, Columbus, who gave the invocation. A delicious five course meal was enjoyed by the group.

After dinner Mr. Emmons Turner, Vice President, and friend and business Associate of forty years, acted as Master of Ceremonies. He recalled events in the life of Mr. Bethay from the time of his birth on August 2, 1902, in New Chapel Community, Itawamba County, until the present. After finishing Soul's Business College in New Orleans he was employed by I. L. Lyons and Company Wholesale Drug Firm. In 1926 he returned to Tupelo, Miss., and became associated with the Tupelo Garment Company, later to be known as Mid-South Manufacturing Company and served as Secretary-Treasurer of Mid-South Manufacturing Company until it sold to Blue Bell in 1947.

In December of 1947 he organized Prentiss Manufacturing Company in Booneville, Mississippi. He served as President of the Company and was Chairman of the Board until retirement.

His numerous activities include serving as Chairman of the Administrative Board, First United Methodist Church, Booneville, President of Brotherhood Bible Class for many years, Mississippi Methodist Foundation Director, member of Board of Church locations and buildings, Traceway Manor Board Trustee, and Member of Board of Directors of The Peoples Bank and Trust Company.

As they were introduced, the Master of Ceremonies related how their lives have touched that of Mr. Bethay. All of those attending expressed their esteem and appreciation to him. Among the guests was Mrs. Frankie Burney, his favorite high school teacher.

Mayor Marion W. Smith presented Mr. Bethay with a Plaque inscribed as follows: "To Longino L. Bethay From Grateful Citizens in Appreciation of his contribution. To the growth, welfare and economic well-being of the community. By: M. W. Smith, Mayor, Booneville Mississippi, February 3, 1973."

His youngest son, Mr. Ronnie Bethay, requested the Master of Ceremonies through a taped message to read a tribute to his father composed by himself. Other tributes were presented by Mr. Boyd Toben, Sr., of St. Louis, Missouri, and Rev. Huey Wood, Gaines Chapel Methodist Church, Corinth Miss. in the form of letters.

Every person present gave a most interesting personal tribute. The program was then turned back to the President, Mr. James H. Bethay, who paid a most touching tribute to his father, and presented to Mr. and Mrs. Bethay from the company an all expense paid trip to the Holy Land this spring.

Mr. Bethay expressed deep thanks and gratitude for such an unusual gesture from his associates and close friends for their many expressions of love and interest in him. All in all it was a wonderful night long to be remembered.

## Jumper Sharply Criticizes Waller's Highway Talk

Northern District Highway Commissioner Herschel Jumper responded to criticism by Governor Bill Waller here recently.

Jumper's remarks came on the heels of remarks by Waller that the Office of Highway Commissioner should be appointive rather than elective.

The Booneville commissioner said "unfortunately, our Governor has a way of talking about things which he knows very little about. The Governor knows little about the operations of the Highway Department and is not qualified to speak intelligently about it. I think it is evident to the entire state that our present Governor is

interested only in enlarging his own personal power by taking away the right of the people of Mississippi to select their own officials. It is also quite obvious that our Governor has more than he can handle just trying to be Governor without trying to be Highway Commissioner, too."

He went on to say, "the Governor is complaining that he has no control over the Highway Department and that is exactly as it should be. We (the Commissioners) are not answerable to the Governor or any other single individual; instead,

## Whitehead Tells To Local Lions

A continued rise in national prosperity during 1973 with the nation's output of goods and services increasing by one hundred billion dollars or more was predicted before the Booneville Lions Thursday by J. C. Whitehead, Tupelo banker who is

president of the Mississippi Bankers Association and a vice-president of the American Bankers Association.

Mr. Whitehead said he also foresaw an increase in interest rates, predicting that by year's end the

prime rate in New York would be up perhaps three-fourths of one per cent. That rate plays a major role in setting the pattern for interest rates across the country.

Mr. Whitehead presented charts to the club showing that personal income in late 1972 reached an annual rate of a trillion dollars a year for the first time.

Personal income in Mississippi, he pointed out, has increased 113 per cent since 1960 while that in the rest of the nation rose only 77 per cent.

## Whitehead Tells To Local Lions

Because industry is now using its facilities at an average of 82 per cent of capacity rather than at the 74 per cent rate which prevailed in 1970. Mr.

Whitehead said that there is reason to expect increased investment in industrial buildings and equipment.

He presented to the club a chart of predictions by eight of the nation's leading economists indicating that

unemployment would drop to something under five per cent during 1973; that real

six and a half per cent in 1972; that inflation would run

somewhat less than they did in 1972; and that people

would spend a slightly higher per cent of their money with

something under three and one-half per cent; that

a corresponding reduction in their 1972 rate of savings slightly over eight per cent.

## Cards Of Thanks

We take this method of  
expressing the deep gratitude  
of our hearts to the many  
friends of our dear loved  
one for all the love, respect  
and honor shown him during  
his life. He was grateful  
and we are, for the many  
beautiful Get Well and  
Birthday cards he received;  
for phone calls, flowers, and  
many other expressions of  
concern and thoughtfulness.

We sincerely appreciate  
every word and deed of kind-  
ness to us since his passing.  
The many beautiful flowers,  
cards, letters, memorial gifts  
so much good food, and many  
other expressions of love to  
comfort and help us at this  
time we shall always  
remember with love and  
appreciation.

We want to especially  
thank Dr. Galloway for doing  
all that medical knowledge  
could do, Mr. Smith, the rest  
of the Hospital Staff, the  
wonderful nurses in C.C.U.  
D2 and all others who were  
so thoughtful. Our sincere  
thanks to every hospital  
employee for their kindness  
and consideration.

We thank our Ministers for  
their many visits, prayers,  
and words of encouragement  
to him and to us and their  
comforting words and deeds  
since his passing.

May God bless you all is  
our prayer.

In Christian love,  
The Family of Dr. S. L.  
Pharr 47-tfp

The Family of Harbert  
Timothy Kennedy wish to  
express their thanks and  
appreciation to McMillan  
Funeral Home and to Brother  
Clifford Rhinehart and friends  
and neighbors who were so  
helpful during our time of  
sorrow.

Judy Kennedy and Family 47-ltp

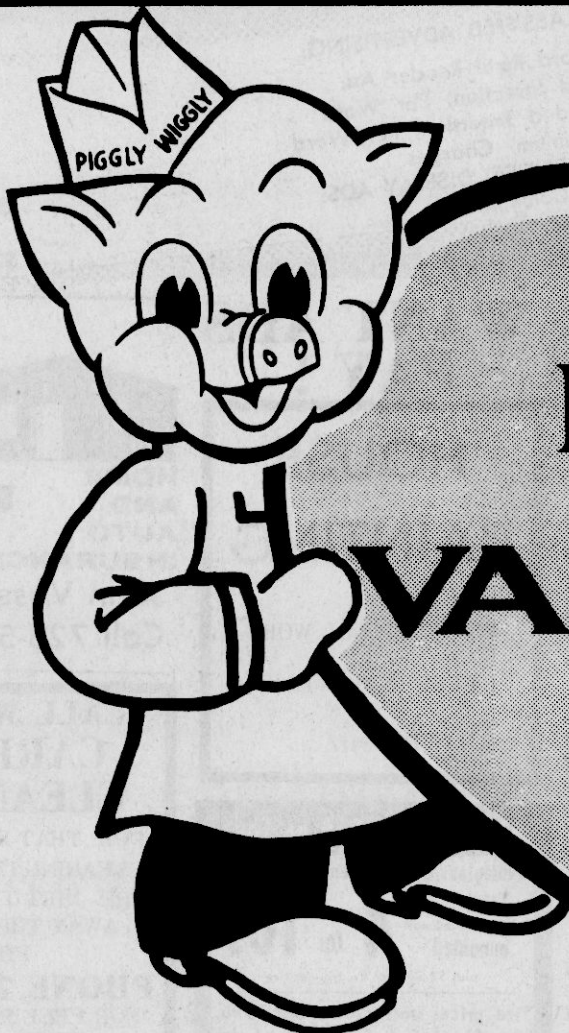

I wish to express my  
sincere thanks to everyone  
for their prayers, thoughts,  
flowers, cards gifts and visits  
during my stay in the hospital.  
Thanks again.  
J. W. (Bill) Massey 47-ltp

"LOVING MEMORIES"  
Your gentle face and  
patient smile  
With sadness we recall  
You had a kindly word  
for each  
And died beloved by all.  
We miss you now, our  
hearts are sore,  
As time goes by we  
miss you more.  
In memory of Wayne  
Rhear Feb. 6, 1967 47-ltp
