FOR CITY OFFICES

Eight Qualify

Politics are beginning to warm up in the city this week with the qualifying of several town folk.

It seems that possibly everyone was waiting for Mayor Marion Smith's decision...and when it rained, it poured.

For eight city residents have qualified with City Clerk Ovid Robertson to run for various offices here. Charles Steen, vice mayor of the city, has qualified for the office of Mayor along with Billy Hester.

In the race for Alderman at large, Billy Sartain, Leland Barnett, Wade Lambert, and incumbent Charles Crabb. The Chief of Police's race

also received two entrants. Incumbent W. W. Stacy filed his papers, while Fred Houston also put his name on the line.

These are the first to qualify for the elective offices of the city. Alder-

men run at large and, when elected "draw a name out of a hat" for commissioner jobs in the city.

Delivery Of Cookies Begins Here

Delivery and direct sale of Girl Scout cookies will begin this week according to Mrs. W. B. White, Neighborhood Cookie Chairman.

Cookies ordered earlier this month will be delivered to Booneville anywhere from the 12th to the 15th, and local delivery and direct sales of extra cookies will continue through March 17.

Please support this worthwhile program and help 4,000 Girl Scouts celebrate a note-burning ceremony at Camp Tik-a-wi-tha Open House this spring.

Baggett Charged In Shooting

A Prentiss County man was in the county jail at press time Wednesday charged with the attempted murder of another.

According to county Sheriff Roy Elder, Joe Baggett, 65, of the Jumptown Community is being charged with the attempted murder of Leon Owens, 52. Owens is currently in the Northeast Mississippi Hospital in Tupelo suffering from a gunshot wound.

He was found Wednesday February 7 about 8:30 p.m. "on the side of the road" near the Alcorn County line. Sheriff's officers said that a passer-by saw Owens on the Jumptown-Hatchie Road.

Baggett was awaiting bond set at \$2,000 at presstime Wednesday. Owens had been shot "presumably with a 32 calibre pistol", officials said.

A preliminary hearing will be held in the Third District Justice of the Peace Court before Judge G. A. English.

Owens was transferred from the Northeast Miss. Hospital in Booneville by a Jones ambulance.

It was noted that Owens had been shot in the back of his right shoulder. The same source said he had been in the company of two other men Wednesday afternoon and that they were hauling cord wood.

Owens was discovered on the side of a road four miles from his home by his nephew, Roy Gene Walters.

CHARLES STEEN

Steen Puts Hat In Ring For Mayor

Charles Steen this week authorizes the Banner-Independent to announce his candidacy for Mayor of the City of Booneville.

Mr. Steen, currently serving as vice-mayor, has served his city as alderman for the past 12 years.

In his announcement, he said "after serving as your alderman for the past 12 years and due to the retirement of Mayor Smith I would like to take this opportunity to make my formal announcement for the office of Mayor of Booneville."

He went further insaying that "you know me and my qualifications as I have lived among you for the past 23 years. I will appreciate your vote and influence in the forthcoming election."

Mr. Steen is a Deacon of the First Baptist Church of Booneville. He is married to the former Betty McMillan and the couple have five children. He is originally from Yazoo City.

AT NORTHEAST

Solid Waste Seminar Set

A Solid Waste Seminar will be held at the Northeast Mississippi Junior College, February 23 from 9 A.M. to 3:15 P.M.

This seminar is sponsored by the Northeast Mississippi Planning and Development District with jurisdiction in Alcorn, Benton, Marshall, Prentiss, Tippah, and Tishomingo counties. The meeting will be held in the new Health Occupation Building auditorium.

Harold T. White, President of Northeast Mississippi Junior College will welcome guests and speakers.

The agenda will include

Federal, State, and Regional authorities on solid waste management. This seminar will afford local officials an opportunity to learn for themselves the Environmental Protection Agency's position on solid waste management. Participants will be given the opportunity to ask questions and talk with the visiting speakers.

All local officials who have responsibilities for solid waste disposal are urged to attend. Mr. Gatha Jumper, Director of Northeast Mississippi Planning and Development District cordially invites the public to attend.

Dillingham Promoted

Fidelity Federal Savings and Loan Association announces the promotion of Bruce Dillingham, Jr. to the position of Vice President.

In making the announcement, J. Hal Anderson sited the outstanding progress Mr. Dillingham has made in establishing the Mobile Savings Office in Booneville and four other Northeast Mississippi cities. The mobile branch operation was begun in November of 1971 and at that time there were only four such operations in the United States.

Bruce was an outstanding defensive halfback with

the Ole Miss Rebels in the mid-60's and after a brief stay with the New Orleans Saints he coached High school football in Cleveland and later in Corinth. He is married to the former Sallie Rinehart Davis of Corinth and they reside at 1610 Fillmore in Corinth.

Mr. Anderson further stated, "In making this promotion, Fidelity Federal feels that the knowledge Bruce has of the savings and loan business will help our Association grow and continue to provide the services to our customers."

White Calls Bill, Equalize Board 'Snake With Mustache'

At least one county representative voice strong opposition to the equalization of members of the Board of Trustees for Northeast Miss. Jr. College here.

Representative Martha Carole White voice strong opposition to a bill which, if approved, will equalize the members of the board in each of the five counties. At present, Prentiss County has six members of the 15-member board while the other four counties have two each and an at-large member.

The bill, however, was heavily approved by the Mississippi House Tuesday. It was indicated that the

bill was held on a motion to reconsider however, delaying Senate action.

Another area representative, A. C. 'Butch' Lambert of Tupelo, strongly opposed the bill. It was guided to passage by Rep. Lonnie Smith of Poplarville of the House Education Committee. All other representatives in the NEMJC district favored the bill.

Merrill Cartwright president of the board of trustees of Northeast Miss. Jr. College commented that he was "for whatever is best for the college." Harold T. White president, was not available for comment at presstime. Smith said that Northeast

was established through legislative appropriation and did not originate, as did most other junior colleges, with agricultural high schools in the home counties of the junior college. The land was donated by the Prentiss County Fair Association.

During the floor flight, Mrs. White told the House, "don't fool yourself. It is going to be your junior college next. That rat you have been reading about running around the Capitol has a new pet and it is a snake. That is this bill."

Mrs. White branded the proposal "political" and stated, "I'll go just one step further and call this a snake

with a mustache."

She said there is no need for the House "to be self-righteous and say that we're going to straighten out the problems of this (junior college) district," and called for defeat of the measure.

(Rep. Edgar Stephens of New Albany later said, "There has been a whole lot more talk than there has been information on this bill. This is the only district where the home county did not make a substantial contribution when it was formed."

He said opponents of the measure are overlooking a present law "which says that if a junior college board of trustees wishes to do so, it

may provide that each county in the district may have equal representation."

"What this bill does is to set up three members from each county," Stephens said, and told the House that the NEMJC Board of Trustees has adopted a resolution unanimously calling for equal representation for each county.

Mrs. White injected that the resolution was adopted in 1971 and since then she said there has been a change in Prentiss County members on the Board.

Stephens replied that if Prentiss County wants to change its political makeup on the Board, "that should not affect my county."

He cited figures showing Union County contributing almost twice as much per student with half the student load as Prentiss County, but added, "I'm not asking for more representation for my county. This is something the Board of Trustees asked be done."

Opposing the bill, Lambert told the House Itawamba Junior College "will be next. If you equalize the trustees at Northeast then IJC is going to be next. I want you to let them run their own school up there, I'm telling you and I'm begging you not to fool with this thing."

Also speaking for the bill was Rep. James Nunally of (CON'TD ON PAGE 15)

Public Opinion Does Job

The Mississippi Economic Council, the state's chamber of Commerce, echoes sentiments expressed by the Mississippi State Medical Association concerning the continuing high death rate on highways across the state.

The MEC believes, as does the MSMA, that the most effective way to end the senseless slaughter of hundreds of Mississippians on the streets and highways of our state is for a groundswell of public opinion—not unlike that which pushed a \$600 million highway program through the Legislature in 1972—to prod the lawmakers into action.

The MSMA cites five areas in which improvements could be made to slow the spiraling death rate on the highways: --Deal more effectively with the drunken driver. Although implementation of the implied consent law was a step in the right direction, a uniform system of penalties is needed. A penalty beyond the simple revoking of a license is needed.

--Revision of driver license laws. Rather than a system of automatic renewal of licenses, there should be periodic

reexamination for a driver's license.

--Traffic inspection blocks. The purpose of these is to check drivers in the state for, among other things, intoxication and invalid licenses.

--Improvements in motorcycle, motorbike regulations. Reasons are to insure qualifications of persons licensed to operate such vehicles, make sure the vehicle meets proper safety standards, and make sure that proper safety equipment is worn by driver and passenger alike.

--Need to teach a new respect for the law. The real "need" is to teach children, as well as to remind adults, that driving an automobile is a "privilege" as well as a "right."

These proposals could create some expense and inconvenience, but Mississippians can tolerate the expense and the inconvenience if the highways of the state are made safer and if hundreds of lives of fellow Mississippians are saved.

Salute To Higher Education

This week's (Feb. 11-17) salute to higher education in Mississippi provides another opportunity to explore some areas requiring serious attention as it pertains to financial support of the state's colleges and universities.

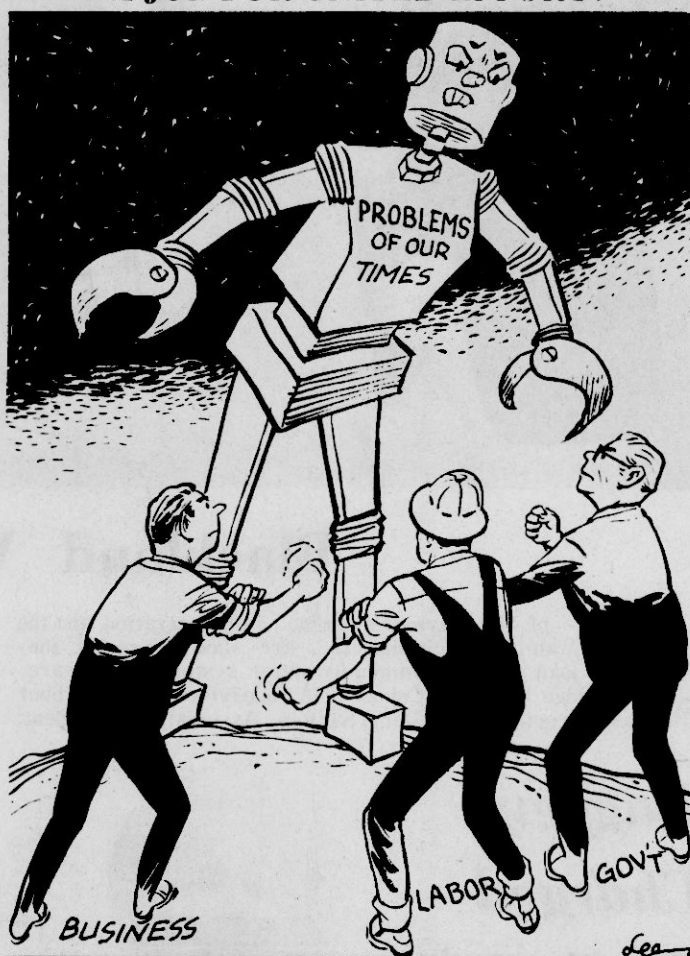

Higher education's request to the legislature for \$60.4 million in general support for the next fiscal year would, of course, improve our position. Even with this appropriation, however, Mississippi still would be behind other southern states.

The Inter-Alumni Council, an organization made up of concerned alumni representing the interests of the state's eight institutions of higher learning, has outlined what it feels are four important areas in which the state falls behind. It is the Council's hope that a full appropriation will be forthcoming so that this situation may be improved upon.

To begin, tax appropriations per full-time equivalent student in Mississippi are below those of eight neighboring states. The appropriation per student in Mississippi is \$1,159, while it climbs to \$1,584 in Louisiana and to \$2,022 in Kentucky. Only 7.1 percent of total state government expenditures is utilized for higher education, and again this is the least amount spent in comparison with the other southern states.

Attracting and holding outstanding faculty members has been a problem for the state. Average salaries in Mississippi remain well below the average for the 14-state southern region.

A JOB FOR UNITED EFFORT!

PAUSE FOR POWER

Posture Of A Christian

The posture of a man is sometimes indicative of character. We say of a man that he stands tall or walks lightly or sits straight.

Now the Bible has something supremely important to say about the postures of a Christian. And, strange as it may seem, the first is a sitting position. The Bible says "But God, who is rich in mercy, for his great love wherewith he loved us, even when we were dead in sins, hath quickened us together with Christ, (by grace ye are saved): and hath raised us up together, and made us sit together in heavenly places in Christ Jesus" (Ephesians 2:6-8). Here is the seated Christian.

The Bible informs us that, when Jesus Christ finished the work of redemption at the cross, he ascended into heaven and "sat down on the right hand of the majesty on high" (Hebrews 1:3). The Bible also declares, "And every priest standing daily ministering and offering often times the same sacrifices, which can never take away sins; but this man, after He had offered one sacrifice for sin forever, sat down on the right hand of God" (Hebrews 10:11, 12). Now, we are not to think of this merely in localized terms. At the cross Jesus Christ died for sins. He bore the punishment due sin. He finished the work of redemption. On the cross Jesus Christ himself cried out, "It is finished." When a man finishes his work, he can then sit down. The sitting down of Jesus Christ on the right hand of God signifies that Jesus completed his work of redemption. This is precisely what the Bible has in mind when it says, "When he had by himself purged our sins, he sat down on the right hand of the majesty on high" (Hebrews 1:3).

Now when a man by faith embraces Jesus Christ as Savior, God vitally unites that believer to Jesus Christ. As a branch, he is grafted into the heavenly vine. As a member of the Body of Christ, he has become a part of the household of God. The single phrase which the Bible uses to describe this wonderful fact is the term, "in Christ." For example, the Bible

says in 2 Corinthians 5:17: "If any man be in Christ, he is a new creation." And the Bible says in Romans 8:1: "There is therefore now no condemnation to them that are in Christ Jesus." Now this is precisely what the Bible means when it says that a believer is seated in the heavens in Christ Jesus. This simply means that a believer is vitally united to Jesus Christ.

If therefore you have trusted Christ as Savior, then you have been vitally united to Jesus Christ. You have been identified with Christ in his death, in his resurrection, in his ascension, and in his present session. And this is precisely what the Bible has in mind when it says that God has "raised us up together and made us sit together in heavenly places in Christ Jesus."

And since the believer is seated in Christ, that is, since he has been vitally united to Christ, the believer is therefore no longer under God's condemnation. The Bible says, "There is therefore now no condemnation to them that are in Christ Jesus (Romans 8:1). Jesus Christ is God's safety zone. When a man by faith is placed by the Holy Spirit into Christ, when he is identified with Jesus Christ, then he is safe forever from eternal judgment.

Let me illustrate this truth. The early American pioneers who moved across the western plains discovered that the Indians had a unique method by which to save their villages from the great prairie fires. The Indians saved their villages from the great prairie fires by setting fire to the dry grass immediately adjoining the settlement. They burned out the grass surrounding their village by a small fire, before the great prairie fire could catch it and destroy everything. "The fire cannot come," the Indians reasoned, "where the fire has already fallen."

And that is why the Bible calls men to the cross of Jesus Christ. Judgment has already fallen there and can never come again. He who takes his stand at the cross is safe forever. He can never come into condemnation. He is passed from death unto life. He is at perfect peace in God's safety zone because he has been vitally united by the Holy Spirit to his Savior, Jesus Christ.

And this is the seated Christian!

SECRETARY BUTZ REDUCES SET-ASIDE REQUIREMENTS FOR 1973 FEED GRAIN PROGRAM

Set-aside requirements of the 1973 Feed Grain Program are being reduced in order to achieve larger corn and soybean crops and thereby meet an increase in domestic and export demand which has developed since the program was announced December 11, Secretary of Agriculture Earl L. Butz said today.

The required set aside for full compliance has been changed from 30 to 25 percent of a producer's feed grain base and for participants electing not to comply fully with the set-aside program, the required set aside has been changed from 15 to 0 percent.

If the participant sets aside an acreage equal to 25 percent of his base, the payment rate will be 32 cents per bushel for corn, 30 cents per bushel for grain sorghum and 26 cents per bushel for barley on one-half the feed grain base.

Through a combination of the set-aside payment and the 5-month (October - February) national average market price for the respective grains, participants who set aside 25 percent of their feed grain base will be guaranteed a national average return equal to 70 percent of parity on October 1, 1973.

This guarantee is based on production from one-half of their corn, grain sorghum, or barley bases. Supplemental payments, if any, to such farmers will be made as soon as possible after March 1, 1974, March 1, 1974.

Producers who elect not to set aside acreage but do not increase their feed grain acreage above 1972 will be eligible for a lower payment rate of 15 cents per bushel for corn, 14 cents per bushel for grain sorghum and 12 cents per bushel on barley on one-half the feed grain base. Such participants will receive this payment as soon as possible after July 1, 1973, but will not be eligible for any supplemental payment and will have no minimum guarantee. The participation requirements of maintaining the conserving base will remain.

These revised provisions of the 1973 Feed Grain Program are expected to

result in an acreage taken out of production of about 45 percent of last year's 37 million acres, the Secretary said. The revisions aim also at providing more income from market sources at less program costs to U.S. taxpayers.

Expected demand for corn and other crops has risen dramatically since mid-December, Secretary Butz said. He said animal units are increasing more than had been anticipated; a rising current year domestic disappearance will result in a lower 1973 feed grain carryin; and the 1973-74 domestic disappearance and export figures have been revised upwards.

Secretary Butz stressed he does not want the U. S. to be without adequate agricultural supplies for export when the demand is there.

The Secretary also announced that haying of conserving crops will be permitted on acreage set aside under the provisions of the 1973 Feed Grain and Wheat Programs.

The decision to permit haying of conserving crops as well as the earlier announced grazing was made in order to prevent or alleviate a shortage in the supply of livestock feed. The Department explained. The haying and grazing privilege will assist livestock producers in meeting increased consumer demand for meat products by making additional forage available to supplement feed supplies for the production of livestock. Previously, haying of set-aside was not permitted except under emergency conditions.

Participants electing to utilize set-aside acreages for haying and grazing must notify their county Agricultural Stabilization and Conservation Service (ASCS) Offices prior to haying or grazing and must agree that the 1973 conserving base for the farm shall not be less than the one established for 1972. A reduction of 30 percent will be made of the average feed grain payment rate per acre for full compliance. To participate in the 1973 Feed Grain Program farmers need to sign up at their local ASCS office during the February 5 through March 16, 1973 sign-up period.

Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q-- I would like to know who my husband has designated beneficiary of his government life insurance. Where may I obtain this information?

A-- This information can not be disclosed to anyone other than the insured or his duly appointed fiduciary during the insured's lifetime, unless authorized by the insured or his fiduciary.

Q-- Someone told me that I can apply for a home guarantee loan under the GI Bill even though I served during World War II. Is this true?

A-- Expiration dates on GI loan eligibility were removed in 1970. Also, the eligibility of World War II and Korean veterans was restored where their entitlement had expired. Eligibility for GI loans now runs until you have used it. You may obtain the necessary information and forms from your nearest VA office.

Q-- I've been denied a disability claim by my VA regional office. Do I have any further recourse?

A-- You may appeal any local decision to the Board of Veterans Appeal in Washington, D.C. You have the privilege of appearing

in person, with any witness of your choice, or you may request one of the major veterans service organizations to represent you before the board, at no cost to you.

NEWS FROM THE COUNTY AGENT

CORN WEED CONTROL

Atrazine and simazine continue to be the real corn weed control workhorses, but there are some other important herbicides that need to be considered for special situations.

Farmers who have both nutgrass and johnsongrass problems may wish to try the Sutan-atrazine mixture. When used in combination with fall plowing and disking this herbicide combination will greatly reduce these two weed problems.

Neither atrazine nor simazine do a good job of controlling broadleaf signalgrass or johnsongrass. Lasso should be used in this case. Lasso, an excellent grass and pigweed herbicide gives control of signalgrasses and seedling johnsongrass and does not normally leave harmful residues that damage crops planted the following fall or spring.

For a sound corn weed control program, determine what your weed problems are, check crop rotational requirements and evaluate the danger of drift inusing 2,4-D.

GET READY One of the first jobs needed in getting ready for planting our 1973 row crops is to smooth out rutted fields just as soon as possible. This is

especially true on heavy land that should not be worked late in the spring. It is going to take some chiseling and disking to help fill in the ruts and to break up compacted zones.

COTTON FERTILIZATION Fertilizer supplies may be limited later in the season, so buy now what you will need and get it on the land.

Check especially how much nitrogen is really needed to grow cotton on each field. It is far better to have cotton mature and open in late August and September and pick it than it is to have green, blooming cotton in October and not pick it. Too much nitrogen can create just this problem.

Meetings to discuss the impact of seed cotton handling aide --module builder, rick compactors and cotton caddies-- are scheduled at the courthouse in Marks February 27 at 1:30 p.m. and the Leflore County Educational Building on Highway 82 at 7 p.m. on February 27.

Representatives of Cotton Incorporated, the Extension agronomy department and ginners and producers who used one of these methods in 1972 will be on hand for the meetings.

All 4-H and other youth leaders will be particularly interested in the television series Inside/Out.

A series that engages the minds and feelings of eight-to-ten-year olds through the presentation of situations common to their own lives, INSIDE/OUT, is being broadcast over the stations of the Mississippi Educational Television Network. Each fifteen-minute lesson is being telecast three times weekly at 9:30 a.m. every Tuesday, at 7:00 p.m. every Wednesday, and at 1:15 p.m. every Thursday. The evening program will be followed by a discussion of the presentation.

INSIDE/OUT is based on two years of planning and development by leading health educators, learning specialists, and educational broadcasters.

The programs deal with social, emotional, and physical problems that have traditionally been the concerns of health educators. However the series takes an affective approach to the problems, showing that an open-minded understanding of human feelings is needed to balance knowledge of a more factual, or cognitive, kind. The evening program will be followed by a locally produced discussion of each INSIDE/OUT presented, as well as a discussion of the feelings and emotions which may affect

children. If you as a parent, or as a youth leader have a problem of understanding how to help your child, tune in to your local Educational Television station and let this program give you a keener awareness of those problems your child deals with daily.

These programs were designed for the eight to ten year old, but they will also be of great value to parents and volunteer 4-H and other youth leaders in developing a greater awareness of the problems children face in their everyday life.

School Communications

In Corinth, Rienzi, Booneville any city, effective administration of public systems closely knit into the community welfare.

At best it is a job of considerable magnitude and complexities. No longer are schools cracker barrel grocery businesses. A large percentage of tax dollars must go to support our education systems.

And that is as it should be.

But we are straying from our intended point. School officials, by and large, are well in control of their responsibilities and operation of the classroom.

Schools, parents, students should not be exempted from a need for communication. Although a large share of the day is spent within the confines of the classroom, effective education extends further--into the home.

Organizers of the Parent-Teachers organization long ago realized a need for cooperation between school and home. The idea has prevailed and with multiple benefits.

But in the busy workday we have an idea, time for parent-teacher relationship runs all too short.

There are numerous cases we are sure where mothers and fathers are not aware of their children's activities. A spirit of closer cooperation between parents and school could work to the benefit of education, regardless of educational level.

This idea is one which could be expanded. It would make for better communication and that would promote more effective education.

and the resiliency to survive. And the conspirators, held to no gain, began fussing among themselves. Until what's left of world communism is a shambles of divisiveness, contradiction and intramural conflict.

But what of this new wave of terrorism? Is it co-ordinated? Were the suicidal snipers atop that New Orleans hotel who shouted "Power to the people" as they killed people part of a larger conspiracy?

Louisiana's attorney general thinks so. Louisiana's attorney general, William Guste, says he is convinced "there is an underground, nationwide suicidal organization of terror, the purpose of which is to foment dissatisfaction, to bring race against race, black against white, young against old, thus to create internal national chaos."

He got a promise from U. S. Atty. Gen. Richard Kleindienst to employ "the full force of the Department of Justice to determine whether there is such a national group."

Well, there is evidence that recent New Orleans Violence is interrelated. Arson and shootings there the past two months do fit a pattern.

But mass killings during the past nine months have been worldwide. It was Japanese hired by Arabs who killed 25 and wounded 76 at that airport in Israel last May. At the September Olympics they were Palestinian guerrillas.

And stateside there appears to be no link between the sniper in the tower at the University of Texas and the butcher of student nurses in Chicago.

And the carnival of death by Manson cultists in California and the doctor who killed his family in Santa Cruz and the insane man who wiped out the Bentley family in Phoenix.

In June in Cherry Hill, N. J., it was a Pinkerton guard who shot at anybody, killed six, wounded six.

So if the recent rash of arson and murder in New Orleans is "organized," this other assorted madness appears unrelated--except--"the devil made 'em do it."

And when all our criminologists and psychologists and sociologists have done their best to relate, to explain, to justify what they call "antisocial behavior," maybe they'll listen to the still small voice which they've been so determined to talk down.

Rural Housing Loans Get Axe

WASHINGTON -- The Department of Agriculture announced that its rural housing credit program, administered through the Farmers Home Administration, will continue on an unsubsidized basis.

The Department said several Federally-subsidized loan and grant programs for rural housing will be subjected to an 18-month evaluation study, during which the processing of new applications will be temporarily discontinued. This is a part of a government-wide program, previously announced by Secretary George Romney, Department of Housing and Urban Development.

Farmers Home Administration (FHA) will confine its subsidized housing loan program this fiscal year to applications that have been certified for approval between July 1, 1972 and Jan. 8, 1973. Most construction under those approvals will occur during the coming spring building season.

Unsubsidized home ownership loans will continue to be made. It is estimated that there will be more than 100,000 housing loans for the fiscal year. The current interest rate on unsubsidized loan is 7 1/4 percent.

The Department said the suspension is subsidized housing will be in effect for 18 months to allow time for a comprehensive evaluation

of the programs. The study will seek to determine whether the programs in question are the most effective means available for providing benefits

PerryWalden On Awards Board

JACKSON--An all-star line-up of outstanding young athletes and citizens from each Mississippi county was announced by America's Foundation to select winners of the annual Spirit of America Athletic Awards. Perry Walden of Prentiss County is honored as a member of the Board of Awards as an outstanding young "Athlete, Citizen and Leader." He was elected to a 4-year term.

America's Foundation is made up of players, coaches and fans and gives annual awards to stand-out high school senior ball-players. It is headed by San Francisco 49ers quarterback Steve Spurrier, a Heisman Trophy Winner and former Florida All-American. Honorary Co-Chairman this year is Tommy Pharr, former Mississippi State Star and now playing for the Canadian Blue Bomber Pros.

Elected as new Trustees were Oby Easley of Port Gibson; Glenn Smith of Laurel; Walter Burns of Madison; Richard Barrett of Jackson; Larry Kinslow of Mize; and Gary Risher of Forest.

The Banquet of Champions was announced for March 6th in Jackson. The third annual event, which kicks off at 3:45 at Jackson City Hall is expected to attract sports fans from throughout Mississippi. Tickets must be reserved from Awards '73 Committee Box 3333, Jackson MS 39207 before Jan. 30th.

to low-income families, whether the programs provide benefits to persons other than low income borrowers, and whether the Government's role in the programs is an appropriate Federal role.

housing programs affected by the temporary discontinuance of new approvals are--

- Housing loans to low-income families that involve an interest subsidy. Subsidized interest rates to borrowers have ranged as low as one percent under the present program.

- Rental and cooperative housing loans.

- The farm labor housing program of grants plus loans at one percent interest.

The announcement specified that all applications in these categories that have been certified for approval prior to the suspension will be processed through to loan or grant

disbursement.

- Housing loans to families of low and moderate income that do not involve interest subsidies.

- Housing repair loans to low-income families (loan maximum \$3,500).

- Mutual self-help housing loans under the program whereby low-income families perform much of the labor in building their own homes.

- Grants to provide technical aid organizations that assist in organizing and carrying out self-help housing projects.

- Loans to nonprofit organizations for development of rural homestead areas.

Farmers Home Administration housing programs are administered in rural areas, including

the countryside and towns of up to 10,000 population, and serve people of low and moderate income who find no other housing credit available.

Miss Barwick Honored — Thrasher, Baldwin Stay On Top — During Open House

Miss Julie Barwick and her fiancée, Mr. Dicky Smithman, were honored prior to their wedding by Mr. and Mrs. Vernon Hull, Jr. when they entertained with an open house at their home in Greenwood.

Receiving with the hosts and honorees were Miss Mary Alice Shields and the bride-elect's mother, Mrs. J. K. Barwick. Miss Barwick was wearing a cranberry floor-length skirt with white blouse and her mother was wearing a floor-length dress of white brocade. Both wore corsages of red carnations.

The holiday theme was used throughout the reception rooms. The dining table was covered with a white net cloth, applied with a white cloth, applied with poinsettias and sequin candles and was centered with an arrangement of red carnations and red tapers in a silver candelabra.

The refreshment table in the playroom was covered with red linen, with a centerpiece of greenery and red hurricane lamps.

Assisting in serving during the appointed hours were Miss Betty Grantham, Mrs. Gene Barrett, Mrs. Curtis

Bowie, Mrs. T. L. Gordon and Mrs. Myrl McCormick. Also assisting were daughters of the hosts, Misses Susan, Jane and Barbara Hull.

A large number of friends and relatives called during the afternoon and enjoyed this festive occasion with the honored couple.

Mickie Caver On Florida Honor List

A local student has been listed on the Honor List at the University of Florida. Officials of the college said Mickie Caver, a junior, has gained the College of Architecture and Fine Arts on the basis of the work of the past term.

The Dean's Honor List in the College of Architecture and Fine Arts includes the names of all students whose academic achievement has earned them a grade point average of 3.5 or better.

Thrasher's Rebels and Baldwin's Bearcats stayed ahead of the heap in early basketball tournament action around the area Tuesday night.

The Rebels won over West Union 86-70 in District One Class B action in Mooreville, while the Bearcats whipped Kossuth

72-59 in BB action in the Northeast gym. Wednesday (last night), Clay High met New Site in the Mooreville, and Houlika met Jumpertown at 8:15.

Thrasher's Reggie Brown continued his hot scoring by pumping in 37 points and he

had considerable help from Terry Hurd's 19, Leon Ernest's 18 and Max Lauderdale's 12 in the win over Beasley.

Chester Harris got 18, Tommy Hurd 18, Randy Sims 14 and Robert Cooperwood 10 for Beasley, which trailed at halftime

49-26. Mike Presley scored 14 points, Randy Hood 16, Mitch Kolheim 16, Woody Clark 14 and Randy Baxter 12 for Baldwin, while Stanley Nelms got 22, Ricky Stewart 14 and Danny Rogers 10 for Kossuth's Aggies. Baldwin led 31-30 at halftime.

Peggy Jones, Richard Lewis United

Miss Peggy Dare Jones and Richard Kent Lewis, son of Mr. and Mrs. Clovis W. Lewis, 1314 Adkins Blvd. Jackson, were united in marriage in an afternoon ceremony in Briarwood United Methodist Church. The bride is the daughter of Mr. and Mrs. William M. Jones, Jr., 5239 Wayland Drive, Jackson.

Officiating at the double ring ceremony was Rev. Thomas McCurley, Pastor of the church, assisted by the Rt. Rev. Msgr. Jeremiah Harnett, Pastor of St. Richards Catholic Church, Jackson.

The bride, given in marriage by her father, was attended by Miss Paula Wallis of Jackson who was maid of honor. The bride carried a white prayer book and lavender orchid.

Mark Halback of Jackson was best man.

An informal reception was held immediately after the ceremony in the home of Mrs. James R. Willis, sister of the bridegroom.

The couple will make their home in Starkville where both are students at Mississippi State University.

Miss Jones is the granddaughter of Mrs. Roy G. Greene of Booneville.

Farmers Asked To Attend Meetings

All farmers in Prentiss County are urged to attend at least one of the meetings scheduled throughout the county February 19 to February 27 inclusive to hear pesticide safety discussed.

Project Safeguard addresses itself to several key issues but primarily to making farmers aware of their responsibilities in insuring the proper use of pesticides.

DDT can no longer be used. It is being replaced by chemicals that are stronger and more dangerous. Their use will require extra caution on the part of everyone.

Safe use of pesticides is everyone's responsibility. As the ultimate user, however, you who buy and use them have the major responsibility for safe use. Your responsibility begins the day you buy a pesticide and continues until the empty

container has been disposed of properly.

Project Safeguard - Pesticide Safety is a cooperative effort sponsored by the U.S. Environmental Protection Agency and the U.S. Department of Agriculture in cooperation with many leading trade and service organizations.

Scheduled meetings are as follows:

Monday night, February 19 - 7 p.m. New Site School
Tuesday night, February 20 - 7 p.m. Wheeler School

"Every time the government shifts a little to the left, the decimal point in taxes and the national debt shifts to the right."

Wednesday night, February 21 7 p.m. Blackland Community Center

Thursday night, February 22 - 7 p.m. Jumpertown school

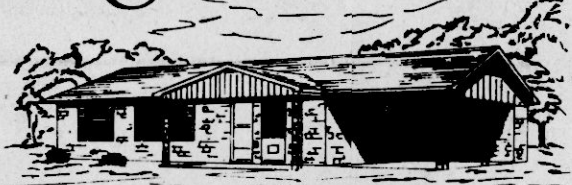

Friday night, February 23 - 7 p.m. Thrasher School
Monday night, February 26 - 7 p.m. Baldwin School Band Room

Tuesday night, February 27 7 p.m. Marietta School
All farmers are invited and farmers with 30 acres or less of cotton allotments are urged to attend.

Miss Kathy Wright Wed To Steve Williams

In an impressive candlelight ceremony, December 21, 1972 at 6:30 p.m. Miss Kathy Wright, daughter of Mr. and Mrs. Howell Wright, and Steve Williams, son of Mr. and Mrs. W. C. Williams were united in marriage at the New Lebanon Free Will Baptist Church. Rev. Luther Gibson performed the double ring ceremony.

Miss Glenda Allen registered the guests as they arrived. Preceding the entering of the bride party, Tommy Wright, brother of the bride, and Gerald Williams, brother of the groom, lit the candles and then rolled the white carpet down the aisle.

The bride, given in marriage by her father, wore an empire formal length gown of white tulle with an overlay of Venise Lace. Her veil of Venise Lace fell into a chapel length train. She carried a cascading bouquet of white orchids and red rose buds with streamers of love knots.

The nuptial music was furnished by Miss Jimmie Archer who sang "Whither Thou Goest" and "The Twelfth of Never". She was accompanied by Mrs. Peggy Yarbrough, cousin of the bride.

The vows were pledged before an altar of arched candelabras holding red tapers interspersed with greenery. After vows were exchanged, the "Unity

Notes from the state Capitol

By
Martha Carole White
State Representative
District 2

Increased committee activity was the order of each day last week, as committees sought to consider as many bills as possible before the deadline of this past Monday.

The Governor's annual prayer breakfast Tuesday attracted some of you from our area. This prayer session just happened to coincide with the news that the condition of Sen. Stennis had worsened. Speaking of Sen. Stennis, a Senate bill has been introduced that authorizes a reward of \$50,000 for information leading to the conviction of his attackers. Our legislative reapportionment of the House and Senate districts has been completed, signed by the Governor, and sent to the U.S. Attorney General for consideration. We have, under this plan, retained our same district, which gives us representation in the Legislature by two House members and two Senators.

All of Mississippi's election laws are under fire and must be submitted to the U.S. Attorney General for approval. This includes all county and city elections. It appears that kindergartens and no-fault insurance have died for this session.

A bill to license chiropractors has been passed in the Senate and sent to the House. The Governor's proposal to reorganize the Highway Commission received disapproval from the House Highway Committee. The committee expressed the position that the Highway Commission should remain elective rather than appointive, and answerable directly to the public.

As revenue-sharing money comes in, regular Federal programs continue to be cut. The formulas by which our state receives Federal grants is also changing due to the fact that per-capita income in Mississippi is getting higher and we are expected to assume a greater share of our debts. During the week I attended a briefing session on the Mississippi-Alabama project Superport. This involves a pipeline originating off the Gulf Coast and running up the

state through our area, supplying fuel for the energy crisis which exists even nationwide.

The second ice storm of this winter closed some schools and industries in the state because there is just not enough fuel to keep everything running during a stress period like that.

When you visit the Capitol I appreciate your letting me know that you are there. When you visit the sessions, I am always so proud to be able to introduce you in the House.

Remember -- should you want to call, the Capitol number is 948-7321.

YOUR MONEY By Bruce Dillingham

Probably the most significant development in our lives in this century is the automobile. It has made us a society on the move, a people going places in a hurry. We need a car to go to work, a station wagon for shopping or family vacationing, possibly a camper for communing with the great outdoors.

Too often the need for transportation keeps us in debt. The car, or cars, become a burden, not just a pleasure. The old car always gives out at just the wrong time. And we develop new needs as time goes by.

With our lives keyed permanently to the automobile, it just makes common sense not to be "at its mercy" financially. And that's where car savings come in--that is, a program of savings that lets you call the time about what and when you'll buy.

A "car fund" can enable you to handle those costly breakdowns when they occur, get a better buy when you find a bargain in a car--and save substantially on the interest in big car payments. Take

charge of your "charger". Start your "Car Fund" savings program with us now, and earn our current annual interest rate of 5% with safety.

Cotton Style Show Highlights Meeting

Mrs. Inez Mahaffy was the charming narrator for the Cotton Style Show which highlighted the monthly meeting of The Booneville Woman's Club this past week.

Those participating in the style show in 100% cotton dresses made by the participants were Mrs. W. T. Barnett, Jr. Mrs. W. B. White, Mrs. Webster Cleveland, and Mrs. Merrill Cartwright. Mrs. Mahaffy showed two of her cotton creations as well as yardages of cotton material.

The program was a two-fold one--the Style Show plus an international affairs program by Mrs. Emmons Turner, Jr. and Mrs. John Henry Price. They had as a very special guest, Miss

Fabienne Daugrois, from France, a Rotary Exchange

Student at Northeast Mississippi Junior College. She talked to the group about the Exchange Program and commented that this program particularly promotes better understanding internationally.

A brief business session was held with Mrs. S. C. Galloway, Vice-President, in charge. The roll call and minutes were given by Mrs. Taylor Smith. Reports made by Mrs. W. T. Barnett, Mrs. Troy Moore, and Mrs. Jack Dubard. Mrs. Stewart Vail led the group in the club collect.

The meeting was held in the lovely home of Mrs.

Lewis Perry with Mrs. Robert McMillan and Miss Irene Bane as co-hostesses. They served a delicious cherry cheesecake with hot coffee.

Countians On DSC Dean's List

CLEVELAND, Miss. -- A total of 411 students at Delta State College earned academic honors during the recently completed Fall Semester, with 113 making the President's List and 298 the Dean's List.

To qualify for the President's List, a student must compile a grade average of 3.7 or better on 12 or more semester hours of work. Students named to the Dean's List are those with averages of 3.2 or better. The highest average attainable is 4.0.

Included among those making the Dean's List from Prentiss County are: Jerry Wayne Beasley, Ronny Lloyd Johnson, and Billy Hayden Ward, all of Booneville.

Taxpayers, Use Correct Label...

JACKSON, Mississippi -- Taxpayers should be sure to use the pre-addressed label on the tax package they receive in the mail, the Internal Revenue Service said today.

The IRS can quickly process income tax returns with labels, since the labels contain necessary identifying information, said Richard J. Stakem, Jr., District Director for Mississippi.

You can peel the label from the tax package and place it on your tax return.

If your name or address has changed, make the necessary corrections on the label and lightly strike through the wrong pre-printed information. If you have a refund due, this will help insure delivery of the check to the correct address.

Taxpayers should also be certain to enter their correct social security number on the label before they file their return.

The filing deadline for 1972 tax returns is April 16, 1973.

Teen Pageant Set

NATCHEZ--The first annual nationally sanctioned Miss U. S. Teen pageant for Mississippi will be staged in Natchez in the Eola Hotel, Friday through Sunday, April 20-22 according to the State Director, Mrs. Wanda Faust.

The contest will be open to all Mississippi girls between the ages of 13 through 18 (must not be 19 before Sept. 1, 1973) and complete details and official entry forms may be obtained by writing to Miss U. S. Teen Pageant P. O. Box 18, Natchez, Miss. 39120.

Mrs. Faust, who was

herself twice runnerup for Mississippi teenage pageant honors and then went on to win the Miss Dixie Teen title in 1971, pointed out that there will be no talent or swimsuit competition involved. "We are looking for a typical Mississippi girl to represent our state in the national finals at Lake Charles, La. in July," said Mrs. Faust. However, there will be a swimsuit contest but the result will have no bearing

on the pageant result. It is being arranged only at the suggestion of several prospective contestants.

'HAM' RADIO OPERATORS - -

In Case Of Disaster, They're Ready...

January 27-28 Amateur "Ham" Radio Operators of Booneville and Prentiss County participated in a Simulated Emergency Test conducted on a nationwide basis.

The purpose of this emergency communications test is to provide the local area with an emergency communications facility, in the event of a disaster that might damage or incapacitate normal communications facilities. The local Amateur Radio Emergency Corps is a group of amateur radio operators who have volunteered their time and radio stations to the end that Booneville and Prentiss County will never find itself without communications as a result of failure of telephone or power lines, and is a part of a nationwide organization known as the Amateur Radio Public Service Corps.

This year's test, as in previous years, emphasized cooperation with Red Cross chapters and civil defense agencies throughout the state and the nation. Mobility and versatility of the station units taking part in this exercise was graphically demonstrated.

The Booneville - Prentiss County Amateur Radio Emergency Corps operated a number of mobile and portable radio stations located at strategic points in our area. Higher powered and longer range stations operating as fixed stations supplied contacts with Emergency Operations Center in the Booneville City Hall was in operation to direct all operations. An alternate control station located in the home of Robert

Floyd, WA5JTB, was ready to take over if necessary. In this simulated emergency situation the local radio operators simulated a situation calling

for a tornado to strike our local area at 1:15 p.m. Saturday, January 27th. It was simulated that all power lines, radio antennas, and telephone service were destroyed at the City Hall, plus similar loss of power and all forms of communications throughout Booneville and Prentiss County.

Fifteen minutes after this

Col. Jones Speaks To UDC Meet

The members of D.T. Beall Chapter United Daughters of the Confederacy met at the Town Motel Club room on February 7th at 2:30 p.m. Mrs. J. L. Keeton and Mrs. Toy Smith were hostesses.

Mrs. Lon Stutts presided at the meeting and led the Chapter in The Pledge of Allegiance, Salute to the Confederate Flag and the ritual.

Dr. Mary Sumners introduced the guest speaker Col. Harry Jones, a member of the Social Science Dept. of Northeast Miss. Jr. College.

Col. Jones conducted an interesting and thought provoking discussion on current legislation before our National and State law making bodies followed by a lecture on Medicine, Medical Practices and Doctors during the War between the States.

A tasty dessert course was served during the social hour. Attractive and useful favors were given each member.

simulated disaster, at 1:30 p.m. Robert Floyd was operating from his fixed station in his home with his station being powered by an emergency power generator that is kept for just such an emergency. Other radio operators in the group began to operate as Mobile units from their cars to feed information to the fixed station for further relay to more distant points.

The local network through the fixed station, was tied in with the National Traffic System, a division of the Amateur Radio Public Service Corps, for swift communications with points throughout the nation.

At 2:00 P.M. 45 minutes after the simulated disaster, radio messages were sent by the local Red Cross Chapter to the Birmingham headquarters requesting relief units be alerted to

assist the area. William H. Prather, Civil Defense Director, utilized the emergency communications facility to dispatch messages to the State Civil Defense Headquarters in Jackson. Mayor Marion W. Smith dispatched messages to the governor and state Civil Defense offices requesting immediate assistance.

As proof of the effectiveness of the communications systems used by the local Amateur Radio Operators, all messages sent by Mayor Smith and Mr. Prather were received in Jackson, proper action taken in Jackson and reply messages received back here in Booneville within three hours from the time they were dispatched.

Advanced planning and coordination of the local

operations was under the direction and supervision of Robert Floyd, WA5JTB, the Booneville - Prentiss County Emergency Coordinator of the American Radio Relay League. Assistant Emergency Coordinator was Doctor Hugh P. Boswell, Jr., K5TJG, who is the Pathologist at Northeast

Mississippi Hospital in Booneville. Other Amateur Radio Operators participating in the exercise were Paul Harliss, WB5BUT, who is an electronics instructor at Northeast Miss. Junior College in Booneville. Joe Wiggs, K5DGL, was operating from Lake Mohawk, and Jim Boyd, W4CRU/5, who lives in Memphis was available to assist by operating a mobile station while visiting relatives here in Booneville over the weekend.

'Ham' mering Along

Robert Taylor, a Ham Radio Station operator here, is shown as he dispatches and receives

messages during an emergency session. The units can be used very effectively during a disaster.

VA Questions Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q-- How much of the money VA spends goes to Vietnam Era veterans?

A-- About one-fourth of the VA budget, currently \$12.4 billion, goes to direct payments such as compensation and G.I. Bill and for medical care for Vietnam veterans, who now make up about one-fifth of the living veteran population.

Q-- How many Vietnam veterans is VA hiring? How many have been hired "on the spot" by VA without having to process through the usual time-consuming procedures?

A-- More than half the men hired by VA for full-time paying jobs in recent months have been Vietnam Era veterans. More than 12,000 Vietnam Era veterans have been hired "on the spot" by VA under Veterans Readjustment Appointments since these were begun in April 1970.

Q-- I am amazed at the marvelous spirit of the VA hospital volunteers in my state and how much they do for sick and disabled veterans. Just how important does VA consider its volunteers? How much do they do for patients, nationwide?

A-- Volunteers are an essential link in VA medical care and rehabilitation, and VA considers itself blessed with the best voluntary service support in the nation. Volunteers from 440 organizations contribute almost 10 million hours per year to VA patients, plus a large volume of gifts for individual and in-hospital use. More such helping hands are needed! Those interested should contact the director of voluntary service at the nearest VA hospital.

Q-- If I purchase a mobile home with a VA guaranteed loan, just what does this guarantee?

A-- VA guarantees up to 30 percent of loans -- up to a maximum of \$10,000 for mobile homes and up to \$17,500 if the loan covers a lot as well as the mobile home. The guarantee usually permits eligible veterans and widows to arrange "no down payment" loans with private lending institutions.

Q-- To settle a disagreement in my family, can you tell me if many veterans participate in job and farm training programs under the G. I. Bill?

A -- In Fiscal Year 1972 (ending June 30) there were nearly 170,000 veterans in on-job training programs, which is 20,000 more than in FY 1971 and nine times the total in FY 1968.

Q-- What is the income limit governing entitlement to nonservice-connected disability and death pensions for veterans?

A -- The income limit to such pensions for a veteran or widow with no dependents is \$2,600, and \$3,800 for a veteran or widow with dependents.

ECONOMIST'S
NOTES

restore old trunk
into treasure chest

Old trunks are coming
out of hiding and finding
their spot as treasure
chests in today's houses.
Young ladies find they make
perfect "hope chests."

They make great conver-
sation pieces and fill the
need most of us have for
more storage space.

If you are lucky, you may
find an old trunk in your own
attic or stored in a relatives
home or barn. Or you may
find one at some auction or
estate sale.

No matter where you find
your old trunk, you'll probably
need to fix it up before you
can use it. So here are
some ideas:

The simplest way to
restore an old trunk is just
to clean it up. Prepare a
detergent and water
solution--but be sure to
test it out on an inconspic-
uous place before using it.
Allow the trunk to dry and
add a coat of paste wax.
For honest beauty, leave
trunk in the natural condi-
tion.

If your trunk has not
natural beauty, you might
try painting it with a flat
latex wall paint, then rub
lightly with gold gilt paint
to highlight the grain line.

Taxes Can Be Deducted

Jackson, Miss.--You can
deduct many kinds of state
and local taxes on your
Federal income tax return
if you itemize your deductions,
an IRS spokesman said today.

Deductible taxes include
real estate and personal
property taxes, state and
local income taxes, state and

local gasoline taxes and
general sales taxes. Taxes
and fees that are not
deductible include liquor
and cigarette taxes, most
auto license fees.

Mrs. Dodson had surgery last Friday and I'm glad to report she's doing nicely. I appreciate your concern and the calls about her. I'll try to reach each of you next week.

'Wizard Of Oz' Coming To Booneville March 9

THE WIZARD OF OZ, a musical adventure story, full of gaiety, fast - moving action, fun and fantasy is

coming to Booneville on Friday, March 9th, sponsored by the Pilot Club in cooperation with Lex Cain,

County Superintendent of Education, and performed by the world-famous Nicolo Marionettes.

Mrs. Howell Will Speak To Booneville P-TA

Mrs. Valerie Boyd Howell, an author from Ripley, will be the guest speaker for the Booneville Elementary School PTA's meeting Monday night.

The meeting will be held at 7 p.m. in the school's cafeteria. Each parent is asked to bring his or her favorite motto.

Mrs. Howell, a local author, has been selected to serve as a member of the state's citizens' committee for the sixteenth annual observance of National Library Week on April 8-14, 1973.

The general responsibility of this committee composed of thirty interested Mississippians will be to help encourage within the state a greater understanding of the appreciation for a continuing development of library facilities and the use of these facilities by more people.

Mrs. Howell has earned the distinction of being the most versatile writer in Mississippi - a title which she laughingly claims is most controversial and open for challenge. She also stresses that this does not by any means signify the best writer but just more different styles.

MRS. VALERIE BOYD HOWELL

A delightful adaptation of the American Classic by Frank Baum, the Nicolo studios in New York City, in producing this play for the marionette stage, have created a theatrical gem! All phases of this production, including hand-carved, specially animated marionettes, colorful costumes, elaborate settings, fantastic stage effects and a tuneful musical score was coordinated to produce a rich and entertaining experience for children.

Master - puppeteer Nicholas Coppola heads a staff of artisans who carved the marionettes. Under his inspired supervision, no detail was spared in bringing to life the brightness and enduring charm of these well-loved characters of the Baum classic.... "The Silly Strawman", the "Cowardly Lion", and the "Heartless Tin Man" and so many others. Well-known scenic designer, William Pitkin, fresh from a strong of Broadway successes has

brought his considerable talent to this theatre medium. He based his designs for this production on the illustrations in the original OZ book, which were done in the style of Art Nouveau.

Nicolo Marionettes is fortunate to have as musical director, Bruce Haack, noted composer, who wrote a bright and lively musical score to accompany the dancing marionettes. Mr. Haack's new recording, "Dance, Sing and Listen" was chosen the "Best Record for Children", by one of the leading New York magazines. His work is highly endorsed by the New York City Board of Education.

The children of Booneville will not want to miss this fantasy filled with fun and surprises. Be sure to get your tickets for WIZARD OF OZ coming to Booneville Friday, March 9th. Curtain time is 9:30 A.M. - 10:45 A.M. & 1:30 P.M. and the show will be given at Northeast Miss. Junior College. Other details will appear in a later paper.

PROSPECT

We are glad the church attendance here is improving. We hope it continues to grow.

Mrs. Maudie Holmes of Pratts was the Thursday dinner guest of Mr. and Mrs. Dudley Lindsey.

Mr. and Mrs. Larry Brackeen of Meridian spent the weekend here with relatives.

Mr. Thomas Wilson and Gail Wilson of Booneville were Saturday guest of relatives here.

Mr. and Mrs. Walker Smith of Greenwood, Mississippi spent several days last week with his mother

Mrs. Syble Smith here.

Mrs. Harold Gann and children of Selmer, Tenn. spent the weekend with her parents, Mr. and Mrs. H. T. Wilson.

Jackson Citizens Council Doesn't Want Attendance Compulsory

Mississippi's legislators were urged by the Jackson Citizens Council today to defeat measures providing tuition-free, public kindergartens and requiring compulsory school attendance. In a resolution adopted

at its regular, monthly luncheon meeting in the Patio Club, the Council charged that the proposed legislation would provide for "enlargement and expansion of a public school system over

which the federal government has deprived local citizens of control." Mississippi's taxpayers, the Council said, would be forced to shoulder an "additional, unwarranted burden."

Charles H. Dean, Jr., architect, is president of the Jackson Citizens Council. Dr. Henry A. Carlock, a physics professor at Mississippi College, is vice president.

American Wildness

A. R. (Art) Dubs and daughters are shown running Oregon's primitive Rouge River in Zane Grey's country, featured in the movie.

'American Wilderness' To Be Shown In Booneville

"American Wilderness" is an absorbing, eye-filling, scenic, wildlife documentary the handwork of a 16 millimeter nature-outdoors man turned showman.

Arthur R. Dubs (rhymes with cubes) is a Medford, Ore., architect-contractor. He's come up with some of the best wildlife footage seen in recent years and mostly outside the realm of Disney and the other professional filmmakers.

The film is reported the result of six-years of stalking and trekking, the 115 minutes being culled from over 30,000 feet of 16mm, edited, scored, narrated and converted to 35mm. Film has been around commercially for some months, but there has been no film trade screening. It is distributed by Dubs' own organization. It follows the four-walls deal pattern of various wildlife of animal-hero releases of recent seasons, several having done well and nearly all purchased by "amateur" westerners.

There's a thin story

framework. Footage deals with hunting of greathorn sheep, roams the Mexican desert, Bighorn Mountains and also concerns the hunting of a giant polar bear. Film has comparatively little bang, bang. Emphasis is more on the preparation, the trek, camping and outdoor wonders.

Several action-filled sequences spell the beauty-roving camera, notably two wild rams butting each other senseless over an indifferent ewe, wild stallions tearing at each other, a bull elk rounding

up his harem of cows when danger is scented, steelheads on the hook, mule deer of eastern Oregon bounding over the mountainous terrain.

These are what the family trade comes to see, evidently, as the film is doing sock biz via the Dubs' plan of semisaturation in selected neighborhood indoor theatres in metropolitan, and some smaller, situations in the winter when home-viewing television commercials are used to drive them to the theatres.

White Calls

Ripley, who said the State Department of Education does not oppose the legislation. He also called attention to supporting resolutions from the Tippah, Alcorn Union and Tishomingo county boards of supervisors and boards of education.

Rep. John Ross of Corinth, one of the co-authors of the bill, told the House, "The reason the lady from

Prentiss County opposes it is because her county would have to give up three trustees. I can understand and appreciate her opposition but I don't believe you will hear her say that it is unfair that the board, should be equalized."

He took note of the accusations of "politics" and said the other four NEMJC counties "must go together in order to have equal representation. I can see the day coming when all these other four counties will withdraw support from the junior college because of lack of equal representation."

Rep. Richard Clark of Iuka, who represents both Prentiss and Tishomingo counties said, "Tishomingo County is for it and Prentiss County is not — as a representative I am for this bill."

Mrs. White was the only representative in the five-county Northeast Mississippi Junior College District opposing the bill on the roll call vote. All others in the district voted for it.

Other area representatives opposing it were Tommy Brooks of Tupelo, Mike Cooke of Tupelo, Devan Dallas of Pontotoc, Horace Harned of Starkville, Butch Lambert of Tupelo, Jerry Wilburn of Mantachie.

Other area representatives voting for the bill were Margaret Allen of Amory, Wyndell Carty of West Point, Bill Gibson of Bruce, Jack Gordon of Okolona, Edwin Perry of Oxford,

Speak Up For Booneville... It's Your Town

Several years ago, a group representing a large manufacturing company visited a small city in Kentucky, one about the size of Booneville.

The purpose The purpose of the visit was to determine if the community was a suitable site for a large, new manufacturing plant. After finding that plant site facilities, utilities, access roads, railroad lines, and other necessary physical ingredients were present, they decided to talk with the people on the street to determine their attitudes about their community.

Three persons, stopped at random along the sidewalks, made negative comments about the city. The industrialists decided that they had made a mistake in their initial judgment. Perhaps the community was not the fine one which they felt was ideal for their expansion. After all, the people who lived there should know the community best.

At lunch in a local restaurant one of the men commented, "This must be a pretty lousy town!"

A passing waitress slammed down a water glass and countered, "that's all you know about this town. It's a great town."

Then she let it be known in no uncertain terms how she and many others felt about that community. As a result the industrial prospectors took another look.

A few months later at the official ground speaking for the factory that would employ hundreds of people, an official of the company told the audience that one person deserved the credit for the new plant being located there. He said he wanted to give recognition to that person.

While the mayor, Chamber of Commerce officials, and other civic leaders adjusted their ties awaiting the announcements of each's own name, the official introduced the waitress and retold the story of the first visit by the industrial prospectors.

Far-fetched? Hardly. Booneville has many boosters. You don't have to look long to find them. But at the same time we—some of us—may be our own worst enemies.

We become distressed by the apparent slowness of promised projects and don't hesitate to express our frustrations to others. It's not true of all of us, but certainly of some of us.

In fact while some of us point up the failures, this community has a lot going for it today, and tomorrow and this new year appear brighter for Booneville than any other section of Mississippi.

From time to time we should really count our blessings. We live in an area of relatively pure air, and the excellent outdoor recreation facilities that go with it.

We have good, solid industry that provides residents with a stable economy, even when natural disaster strikes the agrarian society that once provided the near-total economic structure. Further industrial expansion is set for spring and more industrial jobs will come to Booneville.

We have an excellently equipped hospital, and general practitioners and specialists who have made this the health center of Northeast Mississippi.

In the downtown area we have merchants who are working constantly toward a revitalization program. Plans are being discussed to change the face of the downtown area, and merchants working with city officials are providing free parking areas.

In the center of the city, we have a modern City Hall that couples modern, efficient offices for an effective city management.

Out from the downtown area are the shopping centers that offer easy access to businesses that draw shoppers and other customers from a wide area of this section.

These are but a few of the positive features of Booneville, and they don't include our cultural programs, elementary and high schools, civic organizations....and our people.

People. When you get right down to it, that's what we're talking about.

No community is better than the people who live there. That's why Booneville is a wealthy city.

Booneville's people are still good neighbors, the kind that offer friendship and assistance, the kind that inspire friendship and assistance.

We make newcomers, feel welcome, but we don't forget old friends. When the town as a whole has needed a lift it has been our own people who have pitched in to get the job done.

Some communities may have physical things that we don't have, but they don't have our people.

We hope others agree with us when we say there are many many things we can say good about Booneville. This year, 1973, let's put whatever "bad" talk we have heard aside.

When we "Speak UP," we mean talk about the good things and don't talk the town down. Accentuate the positive, Booneville you're part of it....be proud of it. Speak UP for Booneville.
