Mrs. Franks Easter Seal Chairman

Mrs. Marjorie Franks has been named Chairman of the 1973 Prentiss County Easter Seal Society. Mrs. Franks will head up the annual Campaign beginning March 1, and continuing through April 22, Easter Sunday. The Campaign involves a mail approach with Easter Seals to residents supplemented by local business campaigns and special events. The purpose of the Campaign is to secure the greatest percentage of income which the Society operates its major service program. The Easter Seal Society is a voluntary agency which has taken leadership in providing help for the handicapped for over 50 years. Contributions received from the general public provide such services as

medical diagnoses, physical occupational and speech therapy, special education, purchase of appliances, loan of equipment and other care and treatment. The Easter Seal Society differs from many other volunteer health agencies in that the greatest majority of money raised in each county in Mississippi goes for direct services in that county with only a small percentage going to the national program of research. Mrs. Franks is a member of Wheeler Baptist Church, Teacher of Adult Ladies Sunday School Class, and Counselor Young Peoples Training Union. She is also President of Business and Professional Women's Club. She is married to J. D. Franks and they have four children.

\$100,000 Program

This construction will soon be the sanctuary of the First Free Will Baptist Church of Booneville. Construction is projected to be completed by July 1. The facility will seat around 400 persons. (Banner-Independent Photo)

City Church In \$100,000 Program

The First Free Will Baptist Church here is in the last phase of a \$100,000 building program. Officials of the church commented that the three-phase building program was begun in 1962. The sanctuary, the last part of the three-phase program, is estimated at \$60,000. The modern sanctuary is 50x80 and has a seating capacity of some 350 to 400 persons. Construction on the building began some two weeks ago. According to Rev. Luher D. Gibson, pastor of the church, the building is projected to be completed by

ROTC Program Okayed

On February 22, the President of Northeast Junior College, Mr. Harold T. White, met with University of Mississippi Chancellor Porter L. Fortune, Jr., for the purpose of signing an agreement making the Senior Division Army ROTC program a part of the curriculum at Northeast, as approved by the Northeast Board of Trustees. Basically, the cross-enrollment states in part that the Military Science Department, University of Mississippi, will provide on-campus instruction at Northeast Junior College. Further, it is agreed that all academic credit received from the ROTC courses is transferable to any of the five Mississippi colleges and universities offering Army ROTC.

The agreement states that all transportation and instructor cost will be borne by the Department of the Army and the University of Mississippi. The Junior Colleges are required to furnish adequate classroom, storage, and drill facilities. The agreement will mutually benefit all parties concerned. From a junior college standpoint, it offers another dimension for its students which was not possible before. When implemented, it will permit a junior college graduate to continue in the Army ROTC Program upon entering one of the five institutions in Mississippi offering ROTC. As an advanced course ROTC student, he will receive \$100 a month. This payment will continue during the student's junior and senior years.

Traveling Art Show Set Here Next Week

In cooperation with the Mississippi Art Association and the Mississippi Arts Commission, the Booneville Junior Auxiliary (Provisional) invites the public to participate in a traveling art exhibition at Hones Hall, Northeast Mississippi Junior College, March 20 through 23.

W. RAY PARISH

The Travel Lecture Exhibition Program is designed to provide an opportunity for children and adults in Mississippi to view and study original works of art. It will feature works by internationally recognized artists as well as outstanding Mississippi artists.

The traveling show consists of 25 to 30 works of art selected from the MAA's collection by its Educational Director, W. Ray Parish, Jr. who will accompany the exhibit. The works, chosen to present a spectrum of media, styles and techniques, will be open to the public in Hines Hall from 8:30 a.m. to 11:00 a.m. and from 1:30 p.m. until 4:00 p.m. Tuesday through Thursday March 20 through March 22 and from 8:30 a.m. through 11:00 a.m. on Friday March 23. Special showings may be arranged at hours other than these by calling the Junior Auxiliary at 728-7320. There is no charge.

BY CITY OFFICIALS

Street Bids Let Here

An almost \$50,000 city street improvement program has been started here, officials said Tuesday. It was noted that bids were let here by the Mayor and Board of Aldermen in which Horton Brothers of Corinth was the low bidder. Horton bid \$41,594.70 for the improvement program. Other bidders in the city program were C. and F. Contracting Co. of Tupelo, \$42,749.25, and Pavewrite Asphalt Co., New Albany, \$44,162.25.

The work entails the repairing and resurfacing of two main streets in the city plus some work on parts of others. It was noted that Old Highway 45 - Monroe Street will be included in this program. The work will begin "somewhere in the neighborhood" of the Booneville Builders and continue to the intersection of U. S. Highway 45 just north of the Junior College.

The other street included in the program is First Street. The improvements on this street will begin at the red light near the Methodist and Baptist Churches and run to Prentiss Manufacturing Co. where it will then go up that street to U. S. 45 again. Mayor Smith commented that the improvements "will begin as soon as possible." "We have been advised that the construction firm will be here Thursday, March 15, if weather permits," the Mayor related.

Parts of other streets in the city will be repaired also. The improvements will include repairing and resurfacing with hot mix asphalt. Also, S & J of Booneville was the low bidder on some

8,000 square feet of sidewalk improvements for the residential section of the city. This work will entail the repairing of existing sidewalks. The amount of the contract was "in the neighborhood of \$5,000."

Officials of Prentiss Manufacturing Co. met with the board at its regular monthly meeting. The company was seeking help from the city with utilities in an area in which no utilities are now available.

The board agreed to employ an engineering firm to prepare a report on the feasibility of placing utilities in an area just north of the present industrial park.

An official of Prentiss told the board that the company plans to build a 75,000 square foot building on some land that the company just recently purchased.

Gaston Water Assn. Officers

The Gaston Water Association held its annual meeting the past Monday night. Water officials said the meeting was held at 7 p.m. in the Gaston Baptist Church fellowship hall.

Among the business for the evening was the adoption of the budget and election of officers and directors. Officers elected were John Stutts, president, Charles Calvert, vice president, W. G. Dowdy, secretary-treasurer, and directors John Green, L.C. McCutchen, and Thomas Carter.

Couple Qualify

A couple of city residents have filed their qualifying papers at the City Clerk's office here, officials said.

It was noted that J. W. Timbes, and P. H. Windham have qualified both for alderman. In addition to this City Clerk said that Fred Houston had withdrawn from the race of Chief of Police.

With this withdrawal, the total seeking city offices here is 15.

GOV. WALLER

Waller To Speak Here

Miss. Governor Bill Waller will be the guest speaker for a dinner meeting of the Pilot and B & PW Clubs here March 3. Club officials said the Governor will speak at the 7:30 p.m. dinner meeting on the Northeast Miss. Junior College Campus. Mrs. Robbie McDaniel, president of the Pilot Club, will welcome the guests and Mrs. Marjorie Franks, president, B & PW Club, will give the response. Among the special guests will be the husbands of the members of the clubs.

Markers Go Up

New street markers went up in the city the past week as workmen put the finishing touches on this one. It is located at the corner of Smith and E. Church Streets. Along with the family name, admiring the new sign are, left, Kenneth Smith, Mayor Marion Smith, Ralph Smith, Nolan Wheeler, Building Inspector, and Junior Smith. (Banner-Independent Photo)

LETTER TO EDITOR:
Answer to Dannie Odle question?
Should I be Baptized over?Dear Mr. Odle:
My - My Ain't it a shame that Christ wasn't Baptized right?

"Or", was he re-Baptized? If he was it's not in the Bible. Now Mr. Odle if you care to read Matt. 3:16 it says and Jesus, when he was Baptized went straight way out of the water! And, lo, the heavens were opened unto him, and he saw the Spirit of God descending like a dove, and lighting upon him:

Now Mr. Odle it was John the Baptist who Baptized Jesus Christ. But I guess it was the wrong way to here you tell it.

But did the Heavens open up when you were Baptized? In 1 Cor. 12:13 it says By one Spirit are we all Baptized into one Body, whether we be Jews or Gentiles, whether we be Bond or Free and have been all made drink into one Spirit.

What does this mean? We have been Baptized into Christ. Or did you know that?

Your so good in the Book of Acts you forgot: this one read it you might like it Acts 2:41.

Read these books in the Bible on Knowledge and Discretion, Luke 6:39, 2 Cor. 11-12-13, Gal. 2:2.

Read these on Truthfulness 2 Cor. 1:18, 2 Cor. 4-1-2, 2

Cor. 13:8, 1 Thess. 2-1-2 and 5.

You need to preach and write on this for a while.

From the way your article reads you don't believe there's a God? All you talk about is Paul! Well your in poor shape. But since your going by the Encyclopedia, it is hard to tell what you believe. And talking about experience? It is nice to take a long trip but isn't it good to come home. Now read Matt. 28:19, I am still waiting for an answer.

Little Red Riding Hood

Once upon a time, in an impacted area, there dwelt a minor child called Little Red Riding Hood. One day her liberated mother asked her to take a basket of food stamps to her ailing grandmother who lived in an urban development.

It happened that a wolf smoking pot on the front steps overheard the conversation. He decided to take a short cut to grandmother's pad and get the trading stamps for himself to help support his habit. The wolf killed the grandmother, then dressed in her granny gown and jumped into bed to await the little girl.

When she arrived he made several nasty suggestions he had found in his High School English Book, "Catcher in the Rye" and then tried to attack her. The frightened child screamed. A woodcutter cat working nearby, who had been employed by the Urban Developers to remove all weeds in the neighborhood known as "trees," heard her cries and rushed to the rescue. With his trusty axe he felled the wolf, thereby saving Red Riding Hood's virginity, if not her life. All the people hurried to the scene of the attempted crime and proclaimed the woodcutter a hero.

But at the inquest, several facts emerged: (1) The wolf had never been advised of his rights. (2) The woodcutter had made

no warning swings before striking the blow. (3) The Civil Liberties Union declared that although the act of eating grandmother was in poor taste, the wolf was only doing his thing, and thus did not deserve to die. (4) The New Left contended that the killing of the grandmother should be considered self defense since she was over 30 and in any event the whole thing couldn't be taken seriously because the wolf was trying to make love, not war.

It was therefore decided that there was no valid basis for charges against the wolf because Little Red Riding Hood had not resisted his advances with sufficient vigor. The woodcutter was indicted for unaggravated assault with a deadly weapon and because his axe had not been registered.

One year from the date of the happening, the urban development was made a shrine for the victim of non-police brutality -- the wolf. All the government aid officials spoke at the

dedication. Red Riding Hood, in a most touching tribute, said that while she had at first been mistakenly grateful for the woodcutter's timely intervention, she realized in retrospect that he had over-reacted. As she knelt and placed a wreath in honor of the poor, underprivileged wolf, there was not a dry eye on the block.

Comments And Opinions

There's Reason Behind

Stennis' Shooting

The tragic shooting of Sen. John Stennis has to have a reason and a purpose. Maybe, maybe, the same members of Congress and the Supreme Court who have managed to live ivory tower lives aloof from street crime will feel less aloof now--will be less preoccupied with the rights of wrongdoers.

The congressional Big Three of the 1960s were: Lyndon B. Johnson, Everett Dirksen and Richard Russell, unequally yoked politically, but personally very close friends.

I remember L. B. J. was the first majority leader to get a telephone in his limousine.

An administration later, when Sen. Dirksen got his car phone, he waited in front of L.B.J.'s suburban house, followed him to work, telephoned him to say, "Lyndon, I'm calling you from my car."

Then Sen. Johnson, rarely outdone, replied, "Congratulations, Ev, but would you mind holding the line while I answer my private phone?"

I've always thought members of congress should have to ride a bus sometimes.

They junked to Europe and assorted exotic ports because they say they have to know about people, places and things about which they legislate.

All right, then ride a bus, Senator. Sen. William Proxmire (D-Wis.) runs to work. He recognizes that not everybody can.

But Sen. Proxmire is asking his Appropriations Committee to do away with chauffeur-driven limousines for the dozen government agencies which use them.

He says that in view of the other cutbacks necessitated by our financial squeeze, let's get bureaucrats off their limousine seats.

His reaction is at least partly partisan. The (ital) outs (unital) like to needle the (ital) ins (unital) for their spoils. But the question he raises is a valid one. Should you have to pay for officials in the renegotiation boards and lame-duck selective service and the National Science Foundation to ride around in chauffeured limousines?

And most significantly, congressional leaders--who need to know what it's like for us on the bus.

How are Congress' leaders ever going to give the proper degree of urgency to solving our cities' mass transit and/or crime problems if their experience is limited to being driven to work and guarded while there?

Maybe, for the senator or congressman who neglects to come home and find out what it's like for us ordinary folks--maybe the Stennis tragedy will help bring home to him.

PAUSE FOR POWER

Christopher Columbus, disheartened by his failure to secure support for his project, stopped at a convent not far from Grenada and asked for a drink of water. The monk who gave him a drink and heard his story was the man who intervened on his behalf with Queen Isabella; and out of that request for a glass of water came the discovery of America.

The world calls it "luck." The Bible calls it providence. The Bible declares that God not only created this universe, but that He constantly preserves and governs the universe that He has created. And this is providence. The Bible clearly affirms that God, by His own sovereign power, maintains in existence all things which He has created. For example, the Bible says, "Thou, even thou, art Lord alone; Thou hast made heaven, the heaven of heavens, with all their host, the earth, and all things that are there in, the seas, and all that is in them, and Thou preservest them all" (Nehemiah 9:6).

The Bible here underscores two great activities of God--creation and providence. Creation is an accomplished fact. Therefore, the Bible uses the past tense to describe the act of creation: "Thou hast made heaven, the heaven of heavens, with all their hosts." You have made heaven. God's creative work is finished. But, though God's creative work is finished, God's controlling and preserving activity is still going on. Therefore, the Bible uses the present tense to describe this activity. The Bible says, "Thou hast made heaven, the heaven of heavens, with all their hosts...and Thou preservest them all." You are preserving them. Here the present tense is used, because this work is still going on. Moment by moment, hour by hour, day by day, year after year, God is preserving and controlling this universe and carrying it on to a predetermined goal.

Now, one creed puts it this way: "God's works of providence are, His most holy, wise, and powerful preserving and governing all His creatures and all their actions." This comprehensive statement says that God's providence encompasses all and not merely some of the acts of God's creatures. Such a definition would include both big events and small trifles. And it would include both good things and evil things.

The Bible teaches precisely this doctrine in many places. For example, the Bible says, "Who is he that saith, and it cometh to pass, when the Lord commandeth it not?" (Lamentations 3:37). And the Bible also says, "Known unto God are all His works from the beginning of the world" (Acts 15:18). If known to God are all His deeds from the beginning, there is nothing not known to God. Nothing escapes God's purposes, not a single hair or a falling sparrow.

NEWS FROM THE COUNTY AGENT

W. T. Smith

SOYBEAN WEED CONTROL

The major weed control activity in soybeans for the next month or so will likely be the incorporation of Treflan or Planavin for control of grasses and some small seed broadleaf weeds. Cobex is also labeled for use on soybeans and is similar to Treflan and Planavin. Soybeans are more sensitive to injury from Cobex and growers are urged to take a cautious look at it this year.

Only Treflan has label clearance for the double (2X) rate for control of rhizome johnsongrass. This treatment was highly successful last year where growers determined the correct rate for the soil type and where adequate soil preparation and incorporation were accomplished.

If you have a serious johnsongrass problem it might pay you to use this 2X method for at least two years. This treatment is one of the best we now have for controlling johnsongrass in soybeans.

DAIRY NOTES

Every time you do not do a complete job of milking you lose two ways. You lose money and the residual milk remaining helps to dry off the cow just a little bit.

When the cow is mistreated

and not properly and completely stimulated she cannot give full cooperation and does not have a complete milk letdown. The most important part of milking is the thorough and complete stimulation of the cow before putting on the milking machine. You do not wash the udder just for sanitation. The massage that goes with the washing stimulates a full and complete milk letdown.

HOME GARDENING

March and April are big planting months for the home vegetable gardener. Don't get in too big a hurry about planting the warm season crops like snapbeans, lima beans, sweet corn, okra, tomatoes, squash and melons. Wait until the soil warms up. The lowest soil temperature for good germination of these vegetables is 60 degrees. Warmer would be better.

Transplants of tomatoes, peppers and eggplant will get a better start if you let the soil warm up before you set them. If you are using plants in peat pots, be sure to cover the peat pots completely with soil. Otherwise the peat pot will work like a wick and remove all the moisture from around the roots of the young plants.

HOME ECONOMIST'S NOTES

Claire T. Ross

EXTENSION HOME ECONOMIST

President Nixon signed into law December 10, 1971, a \$15.7 billion package of tax reductions. Among other things, it permits working parents to deduct up to \$4,800 a year for child care and increases the low income allowance for 1972.

Under the Revenue Act of 1971, single taxpayers, or married taxpayers in families where both parents work, can deduct as work-related expenses a maximum of \$4,800 a year or \$400 a month for in-home care of children under 15 years old or disabled dependents. For out-of-home care they can deduct a maximum of \$2,400 or \$200 a month for 1 child \$3,600 or \$300 a month for two children and \$4,800 or \$400 a month for three or more children.

Families with incomes over \$18,000 would lose \$1.00 in deductions for each \$2.00 earned up to \$27,600 over which the deduction is not permitted.

To claim the deduction you must file your return on Form 1040 and itemize

your deductions. Use Form 2441 to compute the child care deduction.

The bill also raises the low-income allowance from \$1,050 to \$1,300, applicable to 1972 income. The low-income allowance is designed to assure that the poor pay no income tax. A family of four with an income below \$4,800 a year would thus be entitled to the \$1,300 low-income allowance and \$3,000 in personal exemptions (750 multiplied by four) on its 1972 income tax return. CHILD CARE LICENSE

A reminder: According to state legislation, "any person or association, owning or operating an institution for day nursery or full-time care for one or more children under six, during the calendar year, shall procure annually from the State Board of Health a license to do so."

If you are affected by this or know someone who may be, it would be wise to ask your County Health Department for more information. I'm sure they will be happy to answer your questions.

Luck...Or Providence?

Neither you nor I would be here to study providence if providence had not brought us here, that is, if God had not done His will in this earth. How conscious we are of all the little details on which our lives to this point have turned. I do not know the trifles in your life, but I know the trifles in my own life. I can look back on what then seemed to be mere trifles, and I realize now that in the Providence of God, they were significant turning points which led me in a new direction. They may appear to be mere trifles, but they are all vital parts of God's providence.

And the conviction that God's providence embraces all events is the conviction that underlies the faith of all God's children. It was because Paul had a firm grip on God's providence that Paul could write, "We know that all things work together for good to them that love the Lord, to them that are the called according to His purpose" (Romans 8:28).

How wonderful then it is to know that the same Eye that observes the universe and marks the fall of the sparrow watches over us. The same Arm that sustains the world is ready to save any believing sinner. The same Hand that holds the helm of this universe is able to protect and provide for the believer.

No wonder William Cowper wrote,
God moves in a mysterious way
His wonders to perform:
He plants His footsteps in the sea,
And rides upon the storm.
Ye fearful saints, fresh courage take;
The clouds ye so much dread
Are big with mercy, and shall break
In blessing on your head.

BE A STAR CONSUMER
Each of us is a consumer. And so each of us has the responsibility to become "tops in buymanship." In accomplishing this goal 4-H'ers, and others, too, can be aided by accepting the following consumer responsibilities.

BE INFORMED

Make sure you know as much as possible about the product you want to buy. Read advertising in newspapers, magazines, and direct mail. Listen to product commercials on radio and TV. Read manufacturers' and retailers' literature, including catalogs. Check local stores to see the product, its features and benefits. Also in this age of consumerism, keep abreast of pending legislation and how it may affect you as a consumer.

COMMUNICATE INTELLIGENTLY

By being well informed about your intended purchase you can ask sales persons intelligent questions and generally receive more adequate information. Be sure to evaluate all you have learned about the product to determine if it meets your needs at a price you can afford.

DEAL WITH RELIABLE RETAILERS

Buy from those you trust and who stand behind what they sell. Buy appliances from stores which have competent people to install them and servicemen who are readily available to maintain normal upkeep and make repairs. If you have any questions concerning the firm, check with your Better Business Bureau before making any commitment to buy.

DO COMPARATIVE SHOPPING

Compare different brand names and also compare

the models or product lines on which the manufacturer or retailer has placed his label. Learn what features and expected benefits each offers in relation to its competition. Check prices differences among reliable dealers and stores. Don't buy by tradition or habit alone, be selective.

EVALUATE QUALITY

Nearly every manufacturer offers several product lines with different features and price. As a consumer you must select the one that best fits into your short-or-long-range plans. To do this learn what you can and cannot expect in the way of service from the different lines.

READ, READ, READ

Read labels, read hangtags, read operator's manuals. Read before you buy. Read before you use.

Read and you will avoid such embarrassing situations as: A self-cleaning oven doing its "thing", but with left-overs from the meal before still in the oven... so the kitchen fills with smoke.

A "dry clean only" dress that is ruined because someone tries to dye it in a washing machine.

By all means read and keep those instruction books handy.

GET ALL GUARANTEES AND WARRANTIES IN WRITING

Read and understand them. Ask sales people questions. Check to see if you are protected should your purchase fail to function properly even though you follow directions.

Remember you can learn to be a Star Consumer" by enrolling in the 4-H Home Management Project. For more information about 4-H, contact your local county Extension office.

Can a psychiatrist help normal people? . . . The answer is a resounding "yes." It comes from Jack Weinberg, M.D., clinical director of the Illinois Psychiatric Institute and professor of psychiatry at the University of Illinois Medical School. According to Dr. Weinberg, you don't have to be mentally ill, or even neurotic, to benefit from psychiatric advice, any more than you have to be at death's door to benefit from an annual physical checkup. In fact, he says the healthier you are the easier it is for a professional to help you work your way free of troublesome hangups.

Take the case of Susan, a young suburban wife and mother of three small children, whose husband not only travels often but frequently works nights and weekends. Susan felt isolated, friendless, and imprisoned in thankless domestic routine. She lay sleepless at night, wept uncontrollably and was convinced that her "entrapment" had made her a "nervous wreck."

Susan finally went to a psychiatrist, sure that she was mentally ill. They talked for a little over an hour and Susan's problems were well on their way to being solved. She began to organize her work and her time and now was able to get out of the house more often.

Sometimes, says Dr. Weinberg, all the process requires is a patient ear; a person with a problem needs the feeling that somebody is willing to listen. It needn't take months or years and involve tremendous expense--just a little time. In fact, psychiatrists can cite numerous instances in which basically healthy people--individuals who have long managed to live stable lives without giving in to crises--have actually gained strength and improved their lives by brief therapeutic help.

"There is no doubt in my mind," says Dr. Weinberg, "that it would do tremendous good if people would come in before there is a crisis; if they felt the freedom to do it and if society sanctioned the idea that there are places that you can go for help. Even if you are told when you get there that you shouldn't have therapy, it is a help."

It's like knocking out an infection with antibiotics before it gets out of hand.

THREE BILLION WILLS

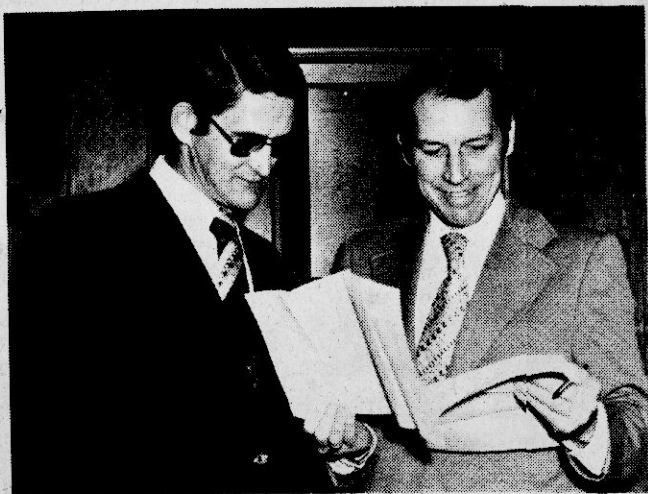

As long as man remained obedient to the will of God, his Maker, all was well with him. His life was perfectly balanced because it was centered in God. As soon as he listened to Satan, however, and set his will against God's, all began to go wrong. His life was now off center and out of balance. It was no longer subject to one central Will. Alienated from God, man now reaped the fruits of his rebellion, not only in his banishment from Paradise, but in the self-will of his offspring.

Of the first two children born into the world, one bludgeoned the other to death and this was but the beginning. Whereas God had originally created man in His own "image" and "likeness" (Gen. 1:26,27) we read later that Adam begat Seth "in his own likeness, after his image" (Gen. 5:3).

And so parents down through the ages have begotten children

like themselves, with fallen natures and wills of their own, until today we have some three billion wills operating in the world instead of the one, central will of God.

This does not mean, however, that God has abdicated, or that the future of the world is now subject to the wills of three billion fallen creatures. Nor was God forced to formulate new plans because of the fall of man. Far from it, for despite man's rebellion -- even through it -- God has been carrying out His plan and every true believer rejoices that God "worketh all things after the counsel of His own will" (Eph. 1:11). While He does not rule directly in the affairs of men, He very definitely overrules, and as a result "all things work together for good to them that love God, to them who are the called according to His purpose" (Rom. 8:28).

Man Of Year

Lieutenant Governor William Winter offers congratulations to State Senator Joe Maxcy, of Aberdeen, for his recent selection by the Aberdeen Jaycees as 1972 Man of the Year. Maxcy, who represents the counties of Itawamba, Monroe, Prentiss, and Tishomingo in the Mississippi Senate, is chairman of the Senate State Library Committee, vice chairman of the Ports and Industries Committee and a member of five other key Senate committees.

Drewry Speaks To Civitans

The Booneville Civitan Breakfast Club was honored by James W. Drewry, Booneville High School Football Coach, as guest speaker at its 6:30 A.M. meeting on March 8.

Coach Drewry was very optimistic about next year's team and encouraged everyone to come out and support the young men who play football. Spring training is in process and the public is invited.

Everyone was reminded to attend the spring game on Thursday the 15th.

Summer youth activities were also outlined and the adults were charged to contribute to the development of the future men of the community.

In addition to the program President Steve Rial appointed Rev. Bill Dowdy as Chaplain of the Club.

The Club was pleased to welcome as guest Rev. James McCollum of Winfield, Ala. and Tommy Floyd of Booneville. The club also welcomed as a new member Terry Carr of Booneville.

Hand, Foot, Clutch System Replacement Called For

The old hand or foot clutch systems for gearing in and out of agricultural production need to be replaced by an automatic system authorized by Congress which will respond quicker to marketplace changes.

This, essentially, is what the nation's largest farm organization called for this week before the Senate Agriculture Committee which is holding hearings relative to a national agricultural program for the future.

The gearing up and gearing down operation has been like a spectre on the farm front since the advent of mechanical mastery over production. Demands for agricultural production have varied greatly

over the years to meet wartime demands and fluctuating domestic and foreign market situations. Adjustment to fit these demands has often been an expensive and difficult exercise that has not been economically sound. Thus it becomes increasingly important, the Farm Bureau leader said, that Congress provide legis-

lative guidelines that will determine when the program is to be "geared in" and when it is to be "geared out."

Noting recent improvements in demand for farm products, Arant said, "We are the closest we have been for many years to a market oriented system, and the market continues to work well. If the factors responsible for our present situation were to change radically, our presently expanding markets could become saturated and over supplied in a year or two."

To meet such a situation, the Mississippi Federation president said legislation temporarily extending the Agricultural Act of 1970 should empower the Secretary of Agriculture to put an acreage set-aside program into operation to help adjust production to effective mar-

ket demand. He advocated shifting the set-aside program to a cropland basis. "Most farmers believe that base acreages and base allotments, which currently are used to determine set-aside requirements and the distribution of payments, are badly out of date," he declared.

"More importantly, historic bases restrict a farmer's freedom to adjust to changing conditions in a market-oriented agriculture. We recommend that the set-aside be redesigned to take out of production a percentage of the cooperators' cropland, as determined by the Secretary of Agriculture under guidelines prescribed by the Congress, instead of a percentage of a historic base acreage."

"Under the program we are proposing, government payments would be performance payments, based on

agriculture's need for adjustment and the individual farmer's contribution to that adjustment through participation in the set-aside," Arant explained.

"We recognize," he added, "that the payments now being made under the Agricultural Act of 1970 are designed to supplement farm income as well as compensate farmers for contributing to the set-aside. We believe the transition to a program of basing payments solely on adjustment performance

should be made over a period of years. In the case of cotton, application of the principle of paying only for adjustment may require some interim adaptations to take account of the economic conditions peculiar to this commodity."

The new shifting system would benefit all national interests when market demands fall below farmers' capacity to produce at reasonable prices.

Welfare Department

Issues \$9 Million

During the month of February, the State Department of Public Welfare issued \$8,957,154 to 156,845 persons through its needy aged, blind, disabled and dependent children assistant programs. Each person who receives a welfare check is eligible for Medicaid. An additional 5,821 persons were determined eligible for Medicaid benefits only. This group includes needy caretakers, etc. They do not receive a welfare check.

J. B. Hill, director of Prentiss County Department of Public Welfare, reports 1,538 checks were issued to Prentiss countians through the four public assistance

programs; 43 applications requesting assistance were filed and 22 new public assistance cases were approved. The report shows 55 persons eligible for Medicaid only.

A total of 88,679 was spent overall for public assistance. Of this amount \$59,941 went to 1,036 persons in the old age assistance category; \$1,606 to 23 legally blind persons; \$16,526 to 248 permanently and totally disabled persons. In the aid to dependent children category, 231 checks were issued for 571 children in the ADC grants. A total of 10,606 went to ADC families.

State Reaches Goal In 7 Years....

MISSISSIPPI STATE, Ms. — The report that Mississippi agriculture has reached in only seven years its 10-year goal of farm production valued at \$1.5 billion a year features a bright economic outlook for the future.

"Along with encouraging farmers to more quickly apply new technology, the 1.5 by '75 program has each year pointed out current opportunities, particularly in new or expanding farm enterprises," said Dr. W. M. Post, director of the Mississippi Cooperative Extension Service.

In 1965, the Extension Service developed the 1.5 by '75 state program for agricultural progress. This program has been the guide for the continuous educational efforts in agriculture by county agents and others. Many other agencies and organizations have actively supported 1.5 by '75.

Highlights of the outlook report follow: Beef cattle and calves, at a record \$286 million farm value in 1972, accounted for the greatest economic impact during the first seven years of 1.5 by '75. Mississippi cattlemen can double their income in a few years through the combination of a 95 percent calf crop and 500 pound weaning weight and 1 million more brood cows.

Prices received by Mississippi beef producers should increase again in 1973, but probably not as much as the \$7 per hundredweight gain over 1971 that made 1972 calf prices average \$42.90 per hundred weight. It is estimated that consumers will need one-third more beef by 1980 than they used in 1970.

Pork producers received a badly-needed 45 percent increase in prices in 1972 over 1971. Prices this year should about match the 1972 average of \$26.40 per hundredweight although some slight decline could occur.

Cotton, with an estimated 1972 value of \$423 million from more than 2 million bales harvested from 1.6 million acres, strengthened its position considerably. Total production and prices this year may not quite match those of 1972, since a larger carryover is expected. The allotment eligible for government payments is down 13 percent this year and there is no set aside.

Soybean prices should average as high or higher than the \$3.55 per bushel that Mississippi farmers received in 1972. Some increase in soybean acreage is expected. With good management and better weather than in 1972, the yield may well be higher than the 21 bushels per acre state average of last year.

Timber owners may not find the demand for sawlogs quite as strong this year as in 1972, due to fewer new housing starts. The outlook remains bright, however. Pulpwood use

should continue to increase. Nurseries producing shrubs and flowers should continue to experience a strong demand for their products. Much sound expansion is taking place in this business.

Commercial catfish production should continue to increase this year, although not as rapidly as in 1972. Prices for 1973 could average slightly above the 35 cents per pound received by producers in 1972.

Vegetable production, which accounted for a \$5 million gain in the value of horticultural crops in 1972, should remain good in 1973. Newer opportunities in some areas include pimiento peppers and greenhouse tomatoes. Mechanization is in-

creasingly being applied to cabbages, cucumbers and Irish potatoes.

New pecan and peach orchards are being established.

Broiler prices and production should increase again this year. Egg production will probably continue downward, but prices should average higher. The \$202 million combined value of broilers and eggs in the state in 1972 marked the third year out of the past four that such values exceeded \$200 million.

Milk prices received by Mississippi dairymen will probably increase again this year. Dairy cow numbers are declining faster however, than the production per cow is increasing.

Rice production, which reached an all-time high value of \$16.7 million last year in Mississippi, should be larger this year because of a 10 percent increase in acreage allotment. This expected larger production will probably cause prices to decline.

Wheat prices should be higher than in 1972.

Corn production for grain in Mississippi hit a record yield of 45 bushels, coupled with the continued decline in acreage to a record low, in 1972. Prices received by farmers this year should average as high or higher than the \$1.45 per bushel received in 1972. The long-time decline in corn acreage could be reversed this year.

Congressmen Relate Their Own Story

Seventeen members of Congress discuss their personal struggles to success and their ideals in the Spring,

1973 edition of "Teachers Guides to Television," published by the Television In-

formation Office in New York. "To my knowledge no comparably revealing and informative picture of the composite American legislator has been made available to the public to my knowledge," according to Roy Danish, director. "These important

public servants have cooperated in the production of an educational aid which will prove invaluable to the teacher trying to interest students in the human side of politics."

FOR ROUNDBALLERS

Lindsey's On Road Again

Northeast Mississippi Junior College basketball Coach Ken Lindsey plans to sign seven five-county youngsters to scholarships in the weeks ahead.

"We have already talked to the youngsters we would like to have in our program," Lindsey said, "and we will start signing shortly."

Lindsey is in search of some folks with speed to handle guard chores and to replace a center.

Northeast posted a 17-11 mark this past season, competing in both the state and regional playoff tournaments at the end of the season.

"Our starting lineup will return intact," he said, "but we are hoping to establish some bench strength as we look ahead."

Ray McNeil of Myrtle and Allen Holditch of Ripley are expected along with Bryson Davis of Iuka. Ronnie Cunningham of New Site and Mike Childers of West Union also return.

Lindsey usually throws practice sessions open to anyone who wants to tryout for the squad next fall prior to the start of the season.

Almost 90 per cent of the cars on American roads are equipped with seatbelts. It is estimated that less than 40 per cent are used.

Northeast will sign prospects from Alcorn, Tiptah, Tishomingo, Union and Prentiss Counties.

Noted Economist Urges Federal Spending Curb

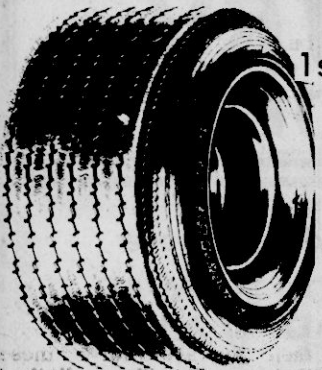

Dr. Raymond J. Saulnier, former chairman of the Council of Economic Advisers and professor of economics in Barnard College, says that, "Although foreseeable devel-

opments do not justify the conclusion that a tax increase is inevitable in 1974, an increase could be made inevitable by a failure to exercise spending restraint."

In an address to the Tax

Foundation, Dr. Saulnier added, that, without such restraint, a situation could develop in which "no palatable policy option" would be open to the government, and a tax increase would be indicated.

Aid Available

For Development

JACKSON, Miss --Businessmen and organizations in Booneville involved in economic development activities will find a useful tool in "Catalog of Audiovisual Materials Available on Loan."

Recently published by Mississippi Research and Development Center, the 19 page publication lists films, slides, and filmstrips available for use by Mississippi businesses, industries, communities, and approved organizations. No fee is charged for using the materials.

"This catalog represents one of many services available from the R & D Center for the specific purpose of speeding Mississippi's economic growth," said Dr. Kenneth C. Wagner, director of the Center.

"In this instance," he commented, "the audiovisual materials are made available to provide Mississippi's business and industrial community with the information needed to help solve problems, thereby contributing to their growth."

"The collection also includes materials selected because of the value they have for communities seeking to improve their ability to compete for new payrolls and organizations involved in various ways in economic development activities," he said.

Containing information about the kinds of materials available and about the Center's lending policy, the booklet features broad subject arrangement and gives alphabetical title and series indexes.

Available are films, slides, and filmstrips about community planning, management, manpower, merchandising, office organization and productivity, supervisory training, and technology.

Anyone who wants a copy of the catalog should contact Public Information Office, Mississippi Research and Development Center, Post Office Drawer 2470, Jackson, Mississippi 39205, telephone (601) 982-6466.

This I Believe

By Pastor Dannie Odle
First United Pentecostal Church

The Trinity Or One God? Should a person believe in the trinity as stated by religious groups today? The answer is NO! Where in the Bible do you find the word Trinity. This is a man made word and does not describe God. The belief in the trinity is to believe that there are 3 distinct persons, God the father, God the son and God the holy ghost. Now this just cannot be, and can be proven by the scriptures. In Isaiah 44:8 God asked "Is there a God beside me? Yea there is no God; I know not any." That should settle it forever but notice further in the 6th verse "I am the first and I am the last; and besides me there is no God." Surely if there were two or three Gods such as the belief of the trinity, don't you think that God would know them. To have 3 persons in the Godhead you would have to deny John 4:24 "God is a spirit" and Jesus told his disciples that a spirit hath not flesh and bones so it could not be a person. The Holy Ghost is not a person, it is the spirit of God in the form of the comforter to us today which Jesus promised he would send. The only person of God you will see is in the body of Jesus. Read in Coll. 2:9 "For in him dwelleth all the fulness of the Godhead bodily."

Don't accept tradition or what has been passed down to you, take the Bible and let it be the sole authority for your belief. There is only one God and Jesus is his name. I believe in God as the father of creation, the Son in redemption and the Holy Ghost is comforter but as the scripture says in 1 John 5:7 - "and these three are one." Just ask someone to try and explain the trinity or three persons and they will end up telling you it is a mystery. There is no trinity composed of three persons but there is only one God. You may believe this but if you attend a church which believes in the trinity then you are with those that accept three distinct persons and this just cannot be. Search the scriptures there is only one God and Jesus is his name.

1972 Wage Controls Slowed Pay Raises

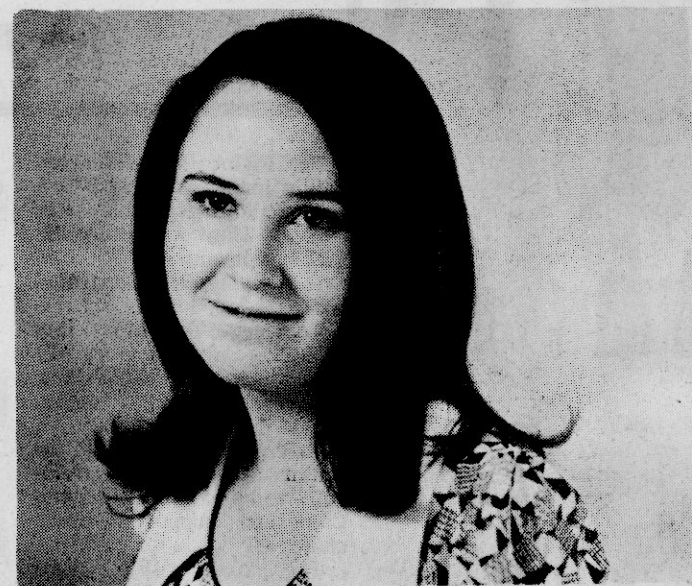

With wage controls in effect during 1972, first year pay increases in negotiated union contracts fell significantly below 1970 levels.

A complete tabulation of wage increases has been published by the Bureau of National Affairs, Inc., Washington, D.C.

The 1972 survey indicates that the all-industries median

wage gain was 25.5 cents per hour for the first year of the contract. The comparable 1971 median was 39.8 cents per hour. The most pronounced decrease was in the

construction industry increases where the 1971 median was 68.1 cents per hour and the 1972 median increase was 38.3 cents per hour.

MR. AND MRS. ALEX BLASSINGAME

Alex Blassingame's Celebrate Anniversary

Adding much gaiety and beauty to the holiday season was the celebration of Mr. and Mrs. Alex Blassingame's Golden Wedding Anniversary on Christmas Eve.

Open house was held in their home at 103 Ninth Street between the hours of 2:00 and 4:00 p.m.

As the doorbell chimed with greetings from a host of

friends and relatives, they were received in the living room by the couples two sons, Jack of Booneville and Jimmy of Coldwater. Each guest took time to congratulate the honored couple enjoying the natural wit of "Pappy Alex" and noting the beauty of the 50 year bride dressed in a formal length white wool dress with gold accent buttons down the front. She wore a matching sleeveless floral coat and a gold mum corsage.

The lighted Christmas tree in the living room yulitde table arrangements and lighted candles throughout the receiving area added an extra glow to this special day.

Guests were registered by Mrs. Mary McVey, sister of Mrs. Blassingame. The register book was open on an antique oak secretary and flanked by the lighted anniversary candle.

Mrs. Mary W. Storey, the couple's only daughter, wearing a formal burgundy plaid dress, ushered guests down into the dining room where granddaughters Mary Ann Rambeau and Cathy Ross served. The dining table draped in a hand embroidered linen cloth was centered with an arrangement of gold mums with the numerals "50"

Gold tapers in candleabras flanked either side. The beautiful 3-tiered wedding cake had bright golden flowers clustered around the columns and was topped with a miniature bride and groom.

Punch was ladeled from

a crystal punch bowl by another granddaughter Cheryl Storey.

Daughters-in-law Mrs. Jack Blassingame, wearing a black and formal hostess gown, and Mrs. Myrtle Blassingame gowned in a white and gray wool, displayed the lovely gifts with the assistance of granddaughters Patsy Adams and Anita Presely. Little Misses Jackie Blassingame and Glenn Storey dressed in their formal dresses floated among the guests as tea girls.

Alex and Lois Green Blassingame were united in marriage December 24, 1922, at the home of Claude Crawford, by the late Rev. Bud Satisfied. They have 3 children, 16 grandchildren and 7 great grandchildren.

Their parents are the late Mr. and Mrs. William Scott Blassingame and Mr. and Mrs. John W. Green, pioneer citizens of the Jumpertown Community.

Alex and Lois are active members of the Jumpertown United Methodist Church.

A host of friends and relatives gave them many useful gifts and selections from their chosen china pattern.

(*Use higher rate. See Lasso label for complete details).

Lasso herbicide on your soybeans can mean fewer grasses and broadleaf weeds competing with your soybeans . . . less weed competition can mean more soybeans, healthier soybeans. And at today's healthier soybean prices, bigger yields contribute significantly to profits. So get out of your soybean crop all you put into it. Put Lasso on your soybeans. As with all agricultural products, read the label carefully before using.

PAST SATURDAY NIGHT

Father-Daughter Banquet Held Here

Girl Scouts of Booneville Neighborhood, Prairie Council, entertained their fathers at their annual Father-Daughter Banquet on Saturday evening, March 10, at the Community Center.

Some troop table decorations carried out the theme of the troop's part on the program (patriotic, international friendship, troop activities, etc.), while others used spring flowers which blended beautifully with the Girl Scout colors of green and yellow. The over-all scene was a very pretty setting to which fathers escorted their daughters.

The theme of the banquet was "Girl Scouts in Action". Cadette Troop 25 began the activities by presenting the flag ceremony. This was followed by grace, which was sung by all Girl Scouts. Senior Troop 172 was in charge of the program. Cissy Galloway gave the welcome which was responded to by R. J. Bonds. Mary Vollrath introduced the guests, troop leaders, and troop committee members who assisted the leaders with serving.

Norma Kay Young introduced Brownie Troop 34 by telling of the activities the troop has participated in this year. The girls then presented "Brownies Through All Seasons," followed by an action song.

Susan Koon introduced Brownie Troop 118 by telling of their year's activities, and these Brownies then sang 5 songs, each of which is appropriate for a certain occasion. Susan also introduced Junior Troop 21 by relating their varied activities. These girls then told the story of "The Star Bangled Banner" and how it came to be written. They asked the entire group to join them in singing the first stanza.

Sandy Morris introduced Junior Troop 171 with a resume of their year's activities. These girls then explained what the Juliette

Low World Friendship Fund is and its many uses. They then took up the money which each troop had brought for this fund.

Lisa Brown told of the year's activities of Cadette Troop 25. Lisa Prichard and Debbie Russell gave highlights of the year for Senior Troop 172. Annise Pounds reminded girls to wear their uniforms to church on Sunday. The meeting was adjourned with everyone's joining in the singing of "Night-time Taps".

As each troop was introduced, mention was made of their cookie sales. In Brownie Troop 34 the girls who sold 50 or more boxes of cookies and will receive a Cookie Patch are: Tara Eaton, Suzanne Eaton, Laura Jackson, and Karen Morgan. In Brownie Troop 118 the girls who will receive a patch are Betty Carter, and Tana Shouse. All twenty of the girls in

Junior Troop 21 sold 50 or more boxes, and each girl will receive a Cookie Patch. The total sale of this troop was 1190 boxes of cookies. Junior Troop 171 had 3 girls who sold 100 or more

boxes. They are: Candy Cleveland, Belinda Hester and Greta Morgan. Girls of Cadette Troop 25 who will receive a Cookie Patch are: Cynthia Myska, Lorri Karns, Liz Goodwin, Debbie Walden and Cathy Rogers.

Leaders and Assistant Leaders are: Brownie Troop 34: Leader - Mrs. Billy Eaton; Assistant leader - Mrs. Thomas Counce; troop committee members - Mrs. Petrillo Maddox, Mrs. Dorothy Jackson, Mrs. Audrene Rudkin, Brownie Troop 118 - Leader - Mrs. Bob Rogers; Assistant leader - Mrs. Hugh Boswell Junior Troop 21 - Leader Mrs. Billy Whisenant; assistant leader, Mrs. Charles Gullett; troop committee members - Mrs. Avo Montgomery, Mrs. Corinne Mitchell, Mrs. Donnie Goddard. Junior Troop 171: Leader - Mrs.

Webster Cleveland; assistant leader - Mrs. Bob Grisham. Cadette Troop 25: Co-leaders - Mrs. Charles Brown, Mrs. James H. Cox, Jr.; assistant leader - Mrs. S. C. Galloway. Senior Troop 172: Advisers Miss Wanda Bullard, Mrs. Jimmy Reed.

Refreshments

These young scouts seem to be 'having a ball' as they line up for refreshments. The occasion was the father-daughter banquet held in the city's community center here the past week. Ladies in the troops are shown in the photo.

Engagement Of Miss Gray To Kerry Saylor

Mrs. Noel N. Gray of Iuka and the late Noel Gray announce the engagement and forthcoming marriage of her daughter, Linda Elizabeth to Kerry Lanning Saylor son of Mr. and Mrs. Archie Saylor of the Blackland Community.

Miss Gray is the granddaughter of the late Mr. and Mrs. N. N. Gray of Iuka and the late Mr. and Mrs. George W. Glover. Miss Gray is a graduate of Iuka High School. She attended Northeast Miss. Junior College. She is a Junior at Miss. State

University Majoring in Elementary Education.

Mr. Saylor is the grandson of the late Mr. and Mrs. B. T. Moore and the late Mr. and Mrs. Toy Saylor of Booneville. Mr. Saylor is a graduate of Wheeler High School.

Northeast Miss. Junior College and is now enrolled as a Junior at Miss. State University, Starkville. The wedding will be solemnized on April 1 at 7 p.m. at the Camp Ground United Methodist Church in Iuka.

All friends and relatives are cordially invited to attend.

Welcome Wagon

The Welcome Wagon this week lists the newcomers to the city. They are Mr. and Mrs. Paul Gibbs with three

children, Mr. and Mrs. Paul Smith, and Mr. and Mrs. John Christmond with four children.

Miss Barnes Retires

On June 1, 1942 Miss Bessie Barnes, RN, began work at the old Northeast Mississippi Hospital.

On December 14, 1949 when the new hospital was completed, Miss Barnes was supervisor over the surgery department. She has been supervisor in the surgery department throughout the years and has done an

outstanding job in upgrading this department. She enjoyed this area of nursing, which is one of the most important functions in the hospital.

On Thursday, March 1st, the hospital honored Miss Barnes with a retirement tea. Members of the Medical Staff and employees of the hospital came by to extend their grateful thanks for the years of service she has given to the hospital, and to wish her the very best of luck.

A plaque was presented to Miss Barnes as a token of appreciation for her many years of faithful and dedicated service. This presentation was made by Mrs. Hazel Nabers, Personnel Director.

Hospital Retiree

Miss Bessie Barnes, RN, right, is shown receiving a plaque for service at the Northeast Miss. Hospital here. Mrs. Hazel Nabers, Personnel Director, left, presented the plaque.

L. Riley, Newhebron, Miss. president of the Miss. Federation of Women's Clubs.

In high school student art division, a painting by Louann Hurst, BHS sophomore, received a blue ribbon, and a painting by Vicki Moreland, BHS Junior, received a third place award. In Club-woman art, a painting by Mrs. Marvin Smitherman received a third place ribbon. In Senior Citizen Art, a painting by Dr. John E. Price received a red ribbon. Louann Hurst's painting and Jane Woodruff's poster will be entered in the MFWC competition at state convention in Tupelo April 23.

In the cotton style show Mrs. L. W. Peeler received first place on the dress which she modeled in the Buy-manship Division. Mrs. W. B. White received first place for the dress which she modeled and which she had fashioned herself. The style show was held during the luncheon hour at the Holiday Inn.

Mr. Howard Duvall, President of the Oxford Chamber of Commerce, welcomed the convention to Oxford and gave a brief history of Oxford and Faulkner Country.

Mrs. Angus Gullett of Decatur, Ga. was a recent guest of her sister, Mrs. Dorothy Gullett and Mrs. Vivian Cunningham.

Guest of Mr. and Mrs. Leslie Miller last weekend were Mr. and Mrs. J. R. Kingsley of Tupelo.

Mr. Leslie Adair and Miss Syble Adair of Memphis came Sunday for few days visit with Mrs. Prentiss Rogers, Mrs. Claud Adair and Mr. and Mrs. Terry Dandridge.

Mr. and Mrs. Ervin Campbell of Florence, Ala. were the guest of Mr. and Mrs. Lee Campbell last Thursday.

Mr. and Mrs. Joe Cochran and little son, Jay, of New Albany were recent weekend guest of Mr. and Mrs. Harold Cochran. I also enjoyed a visit from them.

Mr. and Mrs. Jim Gibbons and daughter Mincey and son Mark of Memphis visited the Eugene Moody's last week. They attended the funeral of Mrs. Gibbons and Mrs. Moody's uncle, Mr. R. C. Crabb.

Miss Judy Windham of Atlanta visited her parents Mr. and Mrs. Hubert Hare and Miss Vivian recently.

Mr. and Mrs. Leslie Miller Mr. and Mrs. R. J. Wilkinson and Mrs. Lee Campbell visited Mrs. Fannie Miller in Belmont last Tuesday.

Mrs. Roy Green was happy to have Mr. and Mrs. Bill Jones of Jackson and their daughter and husband Mr. and Mrs. Richard Lewis of Miss. State for a visit over the weekend.

Mr. and Mrs. Ovid Robertson spent the weekend in Jackson visiting Mr. and Mrs. Harold Robertson and Billy Robertson.

Mr. and Mrs. Stanley Herren of Columbus and Bill Gullett of Miss. State were here for the weekend visiting their parents Mr. and Mrs. William L. Gullett, Jr.

Mrs. Eva Garner has returned home after a two months visit with her daughter and family Mr.

and Mrs. Robert Green and David in Stone Mountain, Ga. While there they enjoyed seeing the Ringling Bros. Barnum Bally circus.

Mrs. Mary Oakley was delighted to have one of her former music pupils Ronnie Phillips of Wheeler visit her Sunday afternoon.

Dr. Samuel Telden Wells age 97 died at his home Tuesday March 6th in Nashville, Tenn. He was a retired Medical Doctor having been a physician in World War I. He also served many years on the Staff at Miss. State Hospital and East Miss Hospital. Funeral services were held at Nashville followed by graveside services at 10:00 a.m. Friday in the Pleasant Ridge Cemetery near New Albany Miss. with United Funeral Service of New Albany in charge. His wife, Mrs. Susan Smith Wells preceded him in death in 1970. He leaves a daughter, Miss Hiesie Kate Wells of Nashville, Tenn.

Mrs. Marjorie Waters accompanied by Miss Bess Bartlett and Mrs. Mary Tackett of Booneville attended their cousins funeral.

Mr. and Mrs. Terry Dandridge were happy to have their niece and family, Mr. and Mrs. Charlie Davis and Steve and grandson, Kenny of Monticello, Ark. for a short visit Sunday.

David and George Cox are all excited over their new baby Shetland pony. They each have a pony and love to ride and help get the cows in with the pony. I just wish all children could have a pony. My boys really enjoyed theirs when they were growing up.

Mr. and Mrs. Ted Foster of Florence, Ala. were visitors in the home of Mr. and Mrs. Terry Dandridge Sunday. They also visited the Storey's in the Pisgah community.

Mrs. Tom Storey is Mr. Foster's aunt.

Mr. and Mrs. Joe McAdams of Chicago while in route home from a fishing trip in Fla. stopped in Booneville last week for a visit with Mrs. McAdams aunts Mrs. Ann Spain and Mrs. Dora Moore. She is the daughter of the late Mrs. Maud Miller.

Mrs. John Keilam visited her sister and family, Mr. and Mrs. Billy Johnson and Windy, and her niece and husbands Mr. and Mrs. David Pain in Hattiesburg last week.

Mr. and Mrs. Marion Guy Young of McComb and their friends Mr. and Mrs. Lonnie Mosley of Jackson were weekend guest of Mrs. Marion E. Young.

Mr. and Mrs. Eddie Rambeau of Oxford were here for the weekend visiting their parents Mrs. Hershel Jumper and Mr. and Mrs. Harold Storey.

Mr. and Mrs. Fred Rogers have returned home after a visit with Mr. and Mrs. Raymond Parker and family in Atlanta, Ga. They report that Shirley is doing fine.

Stanley Furr is home from Millsaps College for the spring holidays with his parents, Rev. and Mrs. E. S. Furr and Anna.

Sunday luncheon guest of Mrs. Mary Oakley and Mrs. Marjorie Waters were Miss Kate Wells of Nashville, Tenn. Mrs. Leon Bryant of Fulton, Miss. Bess Bartlett, Mrs. Mary Tackett and Dr. J. M. Carpenter all of Booneville.

Irene Parker told me she saw something taking place on her way home from Atlanta last week. Cotton pickers in the field picking cotton and all along people putting out their spring gardens. Guess you would call it the signs of the times.

"I thank Mrs. Oren Hare for this poem by James J. Metcalf and will let you enjoy it too.

"To all fisherman on earth"... I say this prayer today.

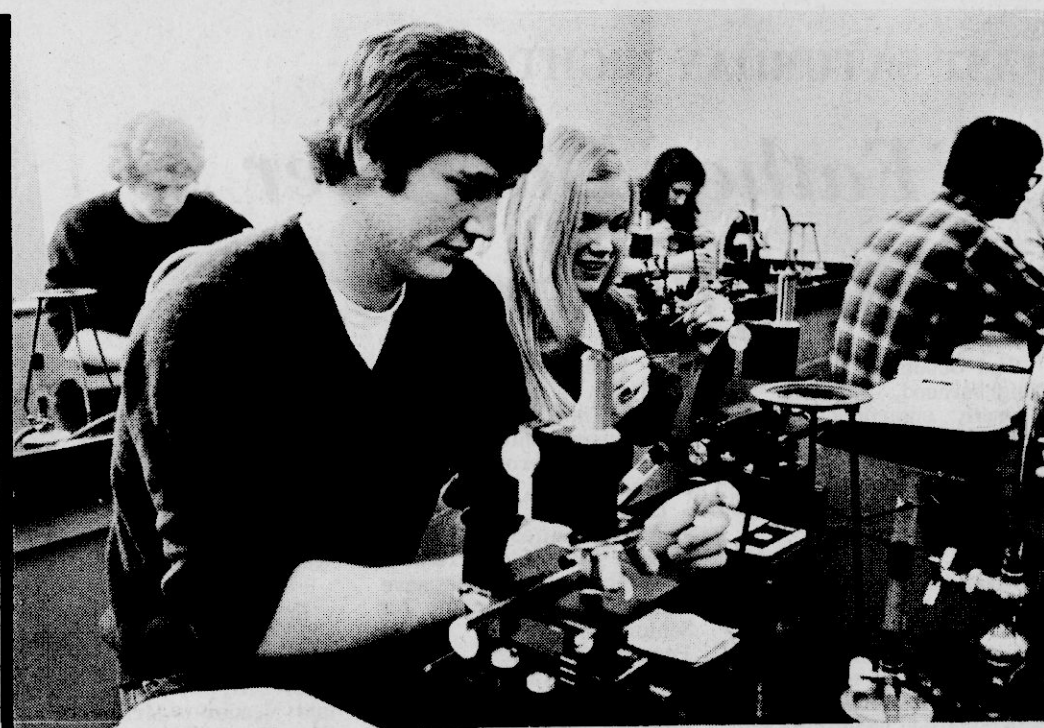

Be generous to them Oh Lord - And keep them on their way.

As once you talked to Peter, And, he cast his humble net, so may their daily catch become as great as it can get.

But also in my prayers I ask, this miracle again that they not only search the sea, But try to fish for men,

To fish for souls to do your will, and spread your Gospel true as your Disciples on this earth, to praise and honor you.

I pray that every fisherman wherever they may be will turn their thoughts to you and to the Sea of Galilee."

Mrs. Tidwell Retires From Hospital Here

Mrs. Eleanor Tidwell, RN, is retiring from Northeast Mississippi Hospital after 22 years of loyal and faithful service.

Mrs. Tidwell started working at Northeast Hospital on February 13, 1951, as staff nurse and retired March 3, 1973. Throughout the years she has done an excellent job as staff nurse and has contributed tremendously to patient care and the development of

the nursing department. As a small token of appreciation, and as a remembrance of N.E.M.H., a coffee was given in her honor in the hospital dining room. At this time a plaque was presented to Mrs. Tidwell by the Administrator, Ralph R. Smith.

The medical staff and employees at N.E.M.H. extend their very best wishes to Mrs. Tidwell on her retirement.

GRAY'S

Notes from the state Capitol Wheeler Betas Meet

By
Martha Carole White
State Representative

District 2

As an enthusiastic welcome as has ever been given to a guest of the Legislature was given to Mississippian Maj. Thomas Collins, who was recently released after seven years in a North Vietnam prison camp. He spoke briefly to the House and Senate separately last week, and received two standing ovations.

The "compromise" bill dealing with interest rates charged by small loan companies became a reality during the week, as I predicted it would in the last column. The new bill lowered the interest rates did away with "flipping," or adding interest on interest, and provided for a rebate of unearned service charges. I voted for this bill and it passed the House unanimously.

I, along with others of the northeast Mississippi delegation, held out for this bill, which we thought would bring relief to the borrowing public, and at the same time be a bill the loan companies could live with.

I felt that the "flipping" and the rebate provisions were important issues, and so when it was clear that the bill cut "flipping" out and put the rebate in, I was able to vote "yes."

Other House actions last week: A bill to license and regulate the practice of chiropractic, which sets up a Board of Chiropractic Examiners and prevents certain kinds of advertising. A bill to increase salaries of highway patrolmen, radio dispatchers, inspectors and assistant inspectors. A bill for an increased appropriation for the restoration of the Governors mansion. Although I want the mansion restored and its beauty and historic value preserved, we are annually asked to appropriate money -- a million here and a million there -- for this project.

I am not convinced that we have been getting our money's worth. The Legislature is not regularly given

any estimates of cost and ideas of what construction is being planned. I voiced this opinion during debate, and the next morning I found that someone had put a complete preliminary study of the restoration project on my desk! So if any of you want to see it, you may! The Senate passed an education and teacher pay raise bill, similar to the one the House passed, but with increases, so a conference committee will be appointed to work on the differences and bring it back to us for final passage.

We will be finishing the business of the 1973 session by April 1, so if you need to contact us, call 948-7321, or write to us at the New Capitol Building, Jackson.

The first two women selected for training as FBI agents were sworn in during July 1972, and the first five women to become Special Agents in the U.S. Secret Service were appointed in December 1971.

News From Hillschapel

The Community was made sad by the sudden death of Mr. Homer Jacobs last week. He will be greatly missed. We extend sympathy to his family.

Mrs. Kate Riddle is home from the Tupelo hospital after having eye surgery a few days ago. We hope she continues to improve.

is in Tupelo hospital for test and xrays. Hope he will soon be well and will get some good reports from his test.

It seems that the flu bug is still around Mrs. Bell McAlmon is confined to her home with flu. Hope she soon is over with it.

Mr. and Mrs. Leo Clark and Mrs. Lucille Davis of Savannah, Tenn. were down Sunday. They were dinner guest of Mr. and Mrs. Joe Clark, then attended the funeral of Mr. W. A. Gray at Zion Rest.

Several in the community attended the funeral of Mr. W. A. Gray Sunday.

Mrs. Bell Wells has been on the sick list for sometime but we are glad to report she is better now.

Mrs. Audra Sappington of Booneville visited Mrs. Amanda Huddleston Saturday.

IN BREEDING HERDS

Superior Material Needed

TUPELO, Ms.--- Superior genetic material for use in breeding herds is needed to meet the demand of Mississippi's growing beef industry. In an effort to

help north Mississippi cattle producers upgrade their herds the Bank of Mississippi is sponsoring a bull lease program.

Under the bull lease program, the bank will purchase approximately ten superior bulls of various breeds, and these will be leased to cattlemen throughout the north Mississippi area for a six month period at a cost of \$100 to \$150, about ten percent of the purchase price.

"The bank has entered into this program to help more farmers enter the cattle business," explained Charles Twitty, of Lee County Cooperative Extension Service. "By having the bull lease program, both small and larger farmers and cattlemen can upgrade their herds by having access to top quality bulls."

J. C. Whitehead, president of the Bank of Mississippi, said that this is a service of the bank. He said that they were not getting into the cattle business, but helping the cattle industry.

According to Mr. Whitehead, the lease fee will allow the bank to recover most of its investment and expenses in buying and caring for the animals.

The bull selection committee will include Lee County agent Charles Twitty, Joe Baker, area Extension livestock specialist; Tucker Vaughn of Shannon; Billy Mattox, Mid-South Packers Comptroller and Rodney Adkisson vice president, Bank of Mississippi.

Twitty said that the selection committee with the assistance of local cattlemen will select bulls most desirable for breeding and the needs of area farmers.

In addition to leasing, any farmer who leases a bull can purchase the animal

by paying the remainder of the bank's investment in it.

"We hope cattlemen in this area will buy quality bulls, and in this way our program can serve more

people. The cattle industry is very important to north Mississippi and can be even more important. That's why the bank has entered into this bull leasing program," Mr. Whitehead added.

PENSACOLA, FLA.--Navy Ensign Freddy T. Smart, son of Mr. and Mrs. James H. Smart of Route 3, and husband of the former Miss Sandra Scott of Route 5, all of Booneville is presented his commissioning certificate by Captain R.E. Loux, left, upon graduation from the Aviation Officer Candidate School in Pensacola.

He now will proceed to the next phase of his training leading to his designation as a Naval Aviator or Flight Officer. His wife Sandra, parents, parents-in-law and nephew were present for the ceremonies.

He is a 1968 graduate of Jumpertown High School Booneville, Miss., and a 1972 graduate of Mississippi State University, State College, Miss.

In the year ending March 1971, single men constituted 43 percent of the new workers coming into the labor force, mostly because of the cutbacks in the military draft and the steady return of veterans.

WHO LIBERATED DIAMONDS?

Diamonds are not only for ever, but for everyone.

To the historical list of liberated ladies, like Joan of Arc and Lady Gadiwa, should be added the XV Century French beauty, Agnes Sorel.

It was an old unbroken law at the time of King Charles VII that no commoners and no women could wear diamonds. Then came Agnes Sorel. She was untitled and very much a woman. And she loved King Charles.

When Agnes became a permanent fixture in the King's court, nothing was too good for her. Her silken robes were lined with sable, her shoes were lined with rabbit fur. Her bodice was so decorated with gemstones that it was said to be "a showcase of jewels." Upon her lovely neck was placed the first diamond necklace ever made.

Agnes Sorel's fabulous jewels became part of the Royal jewels of France. She had opened the door, set the tradition of lovely gems for lovely ladies that has endured for over five hundred years. Most engaged young ladies prefer a diamond as a symbol of their betrothal, and small diamonds are very much in fashion.

Smart shoppers look for American Gem Society jewelers when making a diamond purchase, and your American Gem Society jeweler is Way-Fil Jewelry in Tupelo and Booneville.

Veterans Van

This red, white and blue National Assistance for Veterans Mobile van will be arriving in Booneville on March 23, to assist veterans with VA benefits and employment. Specially modified with offices for three counselors, the van is part of the Jackson VA Center's program to bring easy access to veterans benefits to veterans in their hometowns.

The Mississippi Employment Security Commission will provide the two-man Veterans Assistance team with daily job listings. The van will be parked at the Courthouse from 10 am to 5 p.m.

FOR SENIOR CITIZENS

Tuition Free Schooling

Northeast Mississippi Junior College President Harold T. White has announced that the Board of Trustees has approved a tuition free policy for senior citizens who wish to enroll in any one of the College programs.

The new policy will allow persons 65 years or older to enroll on a "space available" basis for either day or evening academic or vocational-technical programs without having to pay any tuition.

To become effective with the beginning of the fall semester, 1973, the policy will offer senior citizens the opportunity to return to the classroom thus providing a new quality of life for retired senior citizens.

Persons desiring more information should contact the Office of the Dean at The Northeast Mississippi Junior College.

New York City's huge Post Office employs more than 40,000 workers. Similar numbers are employed at Chicago and Los Angeles, which also serves as sorting points for other population centers.

U. S. population is now estimated at 209.7 million, up from 203.2 million in the 1970 census.

Retail Store Sells Senior Citizens' Work

Mr. W. O. (Pat) Nelson, District Director of the Council on Aging - Northeast Mississippi Planning and Development, announced today that a retail store is being opened in the state to sell articles made by Mississippi Senior Citizens to the general public. Items such as quilts, crocheted articles, wood carvings and needlework will be on display. In an effort to encourage our aged citizens to pursue an enjoyable hobby and at

the same time receive a financial profit, the Mississippi State Council on Aging has initiated this project. Any person, sixty years of age or over in the Northeast Mississippi Planning and Development District (Alcorn, Benton, Marshall, Prentiss, Tippah and Tishomingo Counties) who would be interested in displaying their work in this store may call the Council on Aging in Booneville, 728-6248 for further information.

SSS Changing To Stand-By

"Selective Service System in Mississippi is shifting to a stand-by operational role," announces James L. Davis, State Director. Selective Service System is undergoing an extensive program of collocation of local boards and reduction of personnel. Nationwide the System will operate from 925 sites, with an employee reduction from approximately 7300 to 4300. Reductions and relocations will be accomplished by December 15, 1973. First of these reductions and relocations in Mississippi will come June 30, Davis says, and personnel reductions will be made under established U. S. Civil Service regulations. In Mississippi, the state director points out that the number of employees will be reduced from 90 to 60. He emphasizes that normal attrition will be helpful in achieving this reduction. Davis says the number of Selective Service System Area Office sites in Mississippi after December 15 will be 21. These offices will be located in Corinth, Oxford, Senatobia, Clarksdale, Tupelo, Columbus, Starkville, Greenwood, Greenville, Yazoo City, Carthage, Meridian, Jackson, Vicksburg, Natchez, Brookhaven, Laurel, Hattiesburg, McComb, Gulfport and Pascagoula. All area offices will be open full-time during

normal working hours Monday through Friday of each week. In counties in which local board offices will no longer operate, Davis stresses that Selective Service System will appoint uncompensated registrars so that young men becoming 18 may continue to register in their home community. Local boards will continue to serve with jurisdiction as at present, says Davis, and meetings will continue to be held in the individual counties. Counties to be served from the Selective Service System Area (Offices are: Corinth, Alcorn, Benton, Prentiss, Tippah, and Tishomingo).

MR. AND MRS. ELTON SMITH

Smiths Will Celebrate Golden Wedding March 25

On Sunday, March 25, at the Candler's Chapel Baptist Church, Mr. and Mrs. Elton L. Smith of the Hill's Chapel Community will celebrate their Golden Wedding Anniversary.

Mrs. Smith is the former Katie Amalie Barker, daughter of the late Mr. and Mrs. W. E. Barker. Mr. Smith is the son of the late Mr. and Mrs. Andrew Smith.

Elton and Amalie, as the Smiths are called by their friends, were married on March 17, 1923. For the first several years of their married life they lived on what was called "the old

Taylor farm" in the Burnt School House Community. In 1931 they purchased a farm in the Hill's Chapel Community and have lived there ever since.

During the early years of their married life, two sons were born. The first child, Richard Lee, was an invalid and died when he was fifteen years of age. The second, Charles, is now a Baptist Minister.

Mrs. Smith has been one of the best loved residents of the Hill's Chapel Community during the forty two years she has lived there. She is one of those persons

who has shown such kindness and consideration to others that few people have ever spoken ill of her. For several years she served as manager of the Hill's Chapel Elementary School luncheon.

Mr. Smith has made a mark for himself in the agricultural world and is considered one of the best farmers in the eastern part of Prentiss County. In 1931 he purchased the Old Grisham farm in the Hill's Chapel Community. Because this was during the heart of the depression many people predicted that the Smiths would never pay for the farm. But such people underestimated their willingness to sacrifice and to work hard. By 1937 they had paid off the farm. Their son, the Rev. Charles E. Smith, says of his father, "I have never known a harder working man than my father. Many a day I have seen him arise about 5:30 a.m. to the barn and milk six or eight cows, feed his stock, and then go to the field and work till noon. After a quick lunch he would go to his blacksmith shop and sharpen his plows. Then he would go back to the field and work until near dark. Then to complete his day he would repeat his morning chores at the barn and begin getting ready for the next days work."

Mr. and Mrs. Smith are long time active members of the Candler's Chapel Baptist Church. They have also been strong supporters of the Hill's Chapel Elementary School. For a number of years, Mr. Smith served as a Trustee of the school.

Rev. and Mrs. Charles E. Smith, hosts for the occasion invite all friends and relatives to attend the reception on Sunday

March 25, from 2 to 4 p.m. at the Candler's Chapel Baptist Church.

McMillan, Chairman Teenagers March

Danny Thomas has announced that Walter McMillan will serve as teen chairman for the 1973 "Ann Hill Memorial Teenagers March" in Prentiss County.

Billy Joe Young has also been appointed Adult Advisor. The drive, to benefit St. Jude Children's Research Hospital

is scheduled for March 18, 1973. Mr. Thomas is the founder of St. Jude Children's Research Hospital, which is the world's only institution devoted solely to Pediatric research into catastrophic diseases. St. Jude is recognized as the foremost Leukemia and pediatric cancer treatment center. The hos-

pital has an 80% cure rate for leukemia patients admitted since 1970, and is achieving similar success in solid tumor treatment. There have been 420 patients from Mississippi treated at St. Jude. During 1972, the Mississippi Methodist Youth fellowships raised \$30,000 to help support

the Hospital's life saving research programs. More than \$100,000 has been donated to St. Jude from various groups and individuals throughout the state. Such support enables St. Jude to provide its patients with the finest medical care available free of any charge to the patient's family.

This The Bible Teaches

By Bill Huggins, in response to "This I Believe" \$1,000.00 reward, page 8, the Banner-Independent, Thursday, March 1, 1973.

In the article referred to the author promises \$1,000.00 to any person producing Bible reference (Book, Chapter and Verse) where any New Testament Disciple, writer or Apostle was ever Baptized (or administered Baptism) "In the Name of the Father, and of the Son, and of the Holy Ghost."

PROOF: Jesus said, "Go ye therefore and teach all nations, Baptizing them in the name of the Father, and of the Son, and of the Holy Ghost...." Matt. 28:19 Now, did these men do what Jesus told them to do? We ask the author of the article mentioned above to tell us. If he says they did not he has charged them with disobedience. If he admits they did then honesty requires him to pay. Which one Pastor?

But the Author says, "Don't go the Gospels, the Church wasn't ever started yet, as this was still under the law and the dispensation of Grace was not yet started." This raises several questions for which the Pastor must surely have answers. (1) Is the above stated reasons for not going to the Gospels the best he has? If he thinks they are justifiable ones, would he tell us if he ever goes to the Gospels to substantiate anything he teaches; if so, why? (2) Does the Pastor teach the "Golden Rule" and that men are to live by it? Does the Sermon on the Mount apply today or since the Church began or in the Grace Dispensation? His answer to these and similar questions would be interesting.

Then, he doesn't want us to go to the Epistles but he cites (Col. 3:17) to tell us what he believes we should know. Does he have liberties with the Gospels and Epistles that those who disagree with him don't?

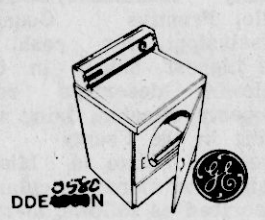

We also disagree with the statement: "Jesus told his Disciples to Baptism using the Name of the Father, etc." read (Matt. 28:19) and you'll not see the word "using". Incidentally, the man who wrote, "Don't go to the Gospels" couldn't end his article without doing what he said don't do. What Jesus is actually teaching is that men were, and are, to be Baptized in the Name of, or by the authority of, God The Father, Christ The Son and The Holy Ghost. The three authorize it or stamp their divine approval on it. Acts 2:38 and Acts 10:48 simply show that Jesus authorizes the act of Baptism. This is what "In the Name of" means.

We will agree with the closing admonition: "Make sure you were Baptized right and the right way is the Bible way. Lay aside tradition and accept the scriptures in all that you do."

A "Clean Up" campaign has been instituted in the City of Booneville. Spring is here and it offers many advantages for a clean-up effort that is badly needed. Litter has especially high visibility at this time of year, making it a good time to remove the accumulations that mar the beauty of our city. Litter hurts us every way - economically, from the stand-

Keep Our City Beautiful...Don't Litter!

point of health and safety, and aesthetically. It lowers property values, discourages tourism, and could drive away existing businesses and cause prospective replacements to look elsewhere. Every citizen should be concerned about litter because it makes all of us a little bit poorer. It costs U. S. taxpayers \$500 million annually for removal of litter from streets, parks, beaches and other public property. There is enough litter generated during one long holiday weekend in the U.S. to fill a line of trash trucks 43 miles long or cover a four lane highway all the way from Boston to Detroit, or fill a hole ten feet wide and 26 miles deep. Five times in every hour, an American home is destroyed or severely damaged by fire which started in rubbish or trash. not to mention the forest fires that destroy literally (we could say literally) millions of acres of valuable timber each year.

Water litter and road litter have been shown to be directly responsible for both boating and vehicular accidents involving personal injury as well as damage to property and facilities.

Most people are aware that littering is a serious problem. But they obviously do not see any important connection between throwing a cigarette wrapper or a can out of their car window and the overall problem. But, let's face it...litter begets litter. Littering is also a violation of the law in Booneville and Prentiss County. Some states and communities require violators to pick up litter from a stretch of highway, either in lieu of or in addition to a fine.

The Garden Club of Booneville is sponsoring this annual clean up and urge that each citizen take a good look around and "Pitch In", to help clean up the city. All litter, leaves, and etc. should be placed in a box or container at the curb or near the street where it can be picked up by the City Street Department. Limbs should be piled in an easily accessible location.

March is the month to embark on a litter prevention campaign. We can only do that by changing careless habits and attitudes which have developed over many years. Littering is a thoughtless habit, but not a hopeless one. "Kick" the

habit. Littering, even 'dumping' is very evident in some parts of the city. Such campaigns have been and are currently in progress in other cities and counties in the state.

There's no reason for the 'don't care' attitude of those who litter the streets and right-of-ways of our streets in Booneville.

If there wasn't a place to put this refuse....then the situation would be entirely different. But, the city currently has a garbage 'dump'.

We need to heed the suggestion from our local governmental officials in using litter bags for our litter.

Let's keep Booneville clean and beautiful....especially during this beautiful time of the year.

Miss Cole Honored With Shower

Miss Dorothy Cole, bride-elect of John Gambill was honored with a kitchen shower on March 10 at Chris-Cliff Farm, the gracious country home of the Merrill Cartwrights. Hostesses were Mrs. Willie Frances Guy, Mrs. Laura Cartwright, Mrs. Joyce Morgan, Mrs. Betty

Wells, and Miss Norma Lambert. Miss Cole wore a red and cream-colored fitted knit dress with beige accessories. She was presented with a carnation corsage decorated with kitchen utensils by the hostesses. Guests were greeted by Mrs. Cartwright and

presented to the honoree, her mother, Mrs. Sula Cole, and the groom's mother, Mrs. Martha Gambill. Individual iced cake squares, cocktail nuts, mints, and punch were served from a gold, net covered table graced with an arrangement of spring flowers. The Cartwrights

warm and hospitable home was enlivened by cheerful arrangements of jonquils and greenery in the den and living room. Guests enjoyed chatting with Dorothy and reviewing the pleasing display of lovely and useful gifts she received.

Collections for March of Dimes from Baldwin High School totaled \$202.15. The Betas collected \$702 for the Heart Fund.

Recent happenings at BHS include a new Coach for Football, Coach Hubert Tucker. This year girls are taking track.

Mr. and Mrs. Steve Clark Coach Larry McKay, Mr. Jimmy Baxter and Randy, Sammy McCreary, and Mr. and Mrs. Gideon Chism went to the Grand Slam in Jackson.

Congratulations to Tombigbee Conference basketball player, Mike Presley. Also winners were superior sales and six superior ensembles in the recent band clinic.

National Beta Week was March 4-10. To celebrate Betas sent a basket of fruit and some magazines to the Nursing Home. They also made cheer cards for the hospital and poster for the school bulletin board. Beta members wore their Beta pins throughout the week and an explanation of the Beta Club was given over the intercom. Betas served cake squares to the teachers as a special salute.

Wednesday morning at 9:00 the BHS students were entertained by a circus. Other recent events include a special math exam given Tuesday.
