The featured singers will be the Crusaders Quartet from Savannah, Tenn. and the Singing Echoes of Marietta.

Construction Begins

A \$109,000 expansion of service for Booneville telephone customers was announced today by South Central Bell who said work started during July on a \$54,000 rear addition to the building on Hotel Street and when the work is completed, additional telephone switching equipment costing \$55,000 will be installed.

The overall project is scheduled to be completed early in the second quarter of 1974 and the additional equipment is needed to take care of increased calling by present customers and requests for service by new customers.

According to Chairman of the Mississippi Public Service Commission D. W. Snyder, this expansion program is indicative of the development taking place in Booneville and the area of Prentiss County served from the exchange. "The need for

more phones and additional switching equipment is due to the area's growth and the fact that present customers are making more calls and talking longer."

"Building plans and specifications were prepared by our Engineering Department, local manager Bill Hardin said, "and the construction work will be done by W. A. Dukes. Employees of Western Electric will install the equipment which will add enough capacity to this office to meet growth forecast until late 1976."

Hardin also said that, during July, the company started work on a \$51,000 cable job to provide more service to the northeastern service area of the Booneville exchange. "The equipment we will install in our Booneville exchange includes switching capacity needed to serve this cable project as well as growth throughout the area."

Green Light Given To Marietta Springs

It was revealed here this week that the long-dreamed Marietta Springs will be a reality.

Officials of the City of Marietta and other state, federal, and local agencies indicated that the funds for the springs will probably be made available now.

For several years the citizens of Marietta Springs have sought help and support for the restoration of the once popular Springs along with the development of other recreational facilities. The original plans called for an overall investment of almost

\$300,000 provided funds requested from all sources were made available.

Due to severe reverses in overrun cost of several existing recreational development projects throughout the State plus a sharp cut back in available funds made it necessary to cancel or reduce the scope and size of several proposed recreation sites. Marietta Springs was one such proposal cancelled in order to meet current obligations of the several projects that were in various degrees of completion.

Some weeks ago Governor Waller visited the site of

the springs and the area under previous consideration with a view of determining the feasibility of reviving the project by seeking a coordinated effort of local, county, District, State and Federal Assistance.

Following Governor Waller's visit a meeting was held at the proposed park site which included Ross Pharr, Supervisor, Prentiss County, Senator Charles E. McCoy, Representative Martha Carole White, Roy C. Adams, Executive Director, Tombigbee River Valley (CONTINUED TO PAGE 5)

Oakley, Tigrett Take Wins In Club Tournaments

Booneville was certainly the place for golfers a week ago as the country club held two golf tournaments.

First, on Sunday, August 5, the men's golf tournament came to a climax. Then, the following Tuesday, ladies from around the area tied off for the first annual Ladies Invitational Golf Tournament.

George S. Oakley fired a 71 in the final round to take the championship flight in the men's tourney. Coming in second place was Dr. James S. Long, with a 76. Oakley had a 222 total for the 54 holes, while Long struck 231. In the ladies' division, Mrs. Evelyn Tigrett of Booneville took the laurels with an 84. Reba Henson of Winchester,

Tenn., formerly of Booneville, came in second with an 86.

Flight winners in the men's division with the final round and the total score are listed below:

\$182,000 Nutrition Program Awarded

A \$182,000 Nutrition program was awarded here in ceremonies Friday.

Officials of the Council on Aging reported that the contract has been awarded to the Northeast Miss. Special Services, Inc. The program will provide meals for about 265 older people.

Mr. Charles Jobe, Chairman of Northeast Mississippi Area-wide Task Force on Aging announced that his group had voted approval of the nutrition plans developed by the Area-wide Senior Citizens Project staff under the directorship of Pat Nelson.

Nelson reviewed the plans with the Task Force reminding them that this would be the first in the state to be approved and implemented. Ms. Juanita Wimberly, who has been selected as project director, indicated that sites have been established to begin the nutrition program and said other services will be rendered and activities will be provided at each site.

The Northeast Mississippi

Special Services, Inc., a non-profit company also supplies services for the Title IV-A Child Development program. This company is under the directorship of J. V. Moore of Booneville.

"Specific sites are in the final readying stages," said Mr. Nelson, "and contact is now being made with the initial target groups."

The program is part of the National Nutrition Program for the Elderly recently announced by Governor Waller at a press conference where H. L. Kerr, State Aging Director revealed that Mississippi's award amounted to just over \$1 million and would serve some 2,200 older people.

School Writers Needed...

The arrival of the school year adds yet another feature to the Banner-Independent.

In its continued effort to present the people of the Prentiss County area with the best in a quality newspaper, the quality of the school columns comes to mind.

Correspondents in all the schools of the county are needed by this newspaper. Anyone interested in writing these columns are asked to contact the paper so the proper arrangements can be made.

The schools include Booneville High School, all the county schools, including Wheeler and Baldwin High School.

Miniature Golf Tourney Set

The Booneville City Park will have a 36 hole miniature Golf Tournament Monday, August 13-18. Ages 8-Adults can participate. There will be no charge and trophies will be awarded.

Gospel Singing Saturday Night

The Booneville Breakfast Civitan Club is sponsoring a gospel singing at the Northeast Miss. Jr. College gymnasium this coming Saturday.

Club officials said the singing will begin at 8 p.m. and will feature The Inspirations from Bryson City, N. C., The Hinsons from Madisonville, Ky., the Marksmen Q., and the Heismen Q., both of Corinth.

Tickets for the event are \$3 for adults and \$1.50 for children on advanced sales. These tickets may be purchased from any member of the Breakfast Civitan Club or inquiries may be made at either of the two banks in Booneville.

It was also noted that tickets at the gate will be \$3.50 and \$2.00.

A pick-up will also be given away at the singing.

Concessions will be available throughout the singing by the Civitan Club.

East Pleasant Ridge Singing

The East Pleasant Ridge Baptist Church will have a singing Saturday night.

Officials of the church said the Revelations will be there at 7:30 p.m.

Second Quarter Begins At Northeast As Doors Open For 26th Session

When students flock here August 20 for school it'll be the beginning of the 26th session at Northeast Miss. Jr. College.

The Junior College, in its second quarter of operation, begins with approximately 100 faculty members, as compared with 16 at its inception. The first enrollment was 417, with the anticipated 1400 or more for the fall semester this year.

Northeast was established to provide higher education for young men and women who qualify for admission and who can maintain the high scholastic standards which characterize an institution of higher learning. Students are also given many opportunities for developing leadership through the various activities on the campus.

A multi-purpose building, the first building constructed on the campus and used for a classes building for many years, was renovated last

year and provides for campus club meetings, Student Government Association, activities, conference rooms, and a student lounge.

Northeast will offer 35 programs of study with approximately 244 courses. For the first time a course in German will be taught.

Northeast is making an effort to help alleviate the major un-met needs for health man-power by providing training in the areas of inhalation therapy technology, medical assistant, medical laboratory technology, and x-ray technology which will be included for the fall semester, along with other health programs as the need arises.

These courses are housed in a newly completed Health Occupations Building, which is one of only two buildings of its kind in the Nation. These health programs initiated last year are in addition

to the associate degree and practical nursing programs.

In its second year, the Hotel-Motel Management course, designed to prepare men and women for work in supervisory positions in the Hospitality industry has shown great promise at Northeast.

Another innovation in the program of study at Northeast last year was the addition of upper-division level courses, junior and senior as well as graduate, offered in cooperation with the University of Mississippi.

Students at Northeast may avail themselves of financial assistance through Work-Study Programs, loans, grants, and scholarships.

Northeast President Harold T. White commented that "we plan to provide the best possible education to the young men and women who attend this school." He went further in saying that

"our curriculum is designed to give the student the best possible chance for advancement. We have greatly enlarged our facilities in an attempt to reach more students."

In 1969, the Northeast Mississippi Junior College Development Foundation, Inc., a non-profit corporation, was established to promote and support the educational performance at the college. The Development Foundation has qualified under United States Internal Revenue Department regulations for tax exempt status, thus making gifts deductible for income tax purposes.

Those who knew Northeast in the early days marvel at the progress and improvement in all phases of the college. Physically, the institution has grown from one building to many with another new facility, a Business Occupations Building, now under construction.

Northeast Flags Flying

The flags are flying in front of the Administration building at Northeast here as the 26th session will open to students very soon. The college has shown a tremendous growth since its inception here. (Banner-Independent Photo)

Filling An Impossible Dream

It has been long recognized that if our republic is to remain strong and secure, educational opportunity must be within the reach of all. The American ideal has been that the desire for education should be rewarded on the basis of ability and ambition, and not upon class, economic privilege, national origin or color.

However, many young people with a desire to go on to advanced or college study have found that economic factors often block further progress.

A giant step in the right direction was taken by Congress in 1972, when, as part of the Higher Education Act, provision was made for the establishment of a government sponsored private corporation, known as the "Student Loan Marketing Association" -- which has been dubbed "Sallie Mae."

The new corporation -- similar in concept to those in the fields of housing (Fannie Mae) and outer space (Comsat) -- is being financed by lending institutions such as banks, savings and educational institutions, through the sale of an initial 700,000 shares of common stock. The funds thus obtained, starting this Fall of 1973, will be available to lending institutions dealing in student loans.

Through its government charter, Sallie Mae is authorized

to purchase, service, sell or otherwise deal in such student loans. A distinguished board of Directors consisting of 21 members representing financial institutions, educational institutions, and the general public is headed by Edward A. McCabe, partner in the Washington-Chicago law firm of Hamel, Park, McCabe and Saunders.

The way it works; students, wishing to borrow money to finance their education, apply at existing sources -- such as their college lending program, local bank, or whatever. The lender processes the application and can immediately disburse the funds to the student. The loan can either be retained, sold to Sallie Mae, or presented to Sallie Mae as collateral for additional student lending purposes, with the whole process backed by the full faith and credit of the U. S. Government.

The end result, explains HEW Secretary Caspar W. Weinberger, is that "a substantial flow of new funds could be created."

"Sallie Mae" is a bona-fide investment in America's future. It will open the way for thousands of qualified students to achieve what would otherwise be an impossible dream.

Importance Of 'Growing Up'

DEAR PROFESSOR WILLIAMS: Would you discuss the importance of just "growing up" after marriage?

PROFESSOR WILLIAMS: In the beginning, let me state that one should be "grown up" before he gets married. To wait until the wedding day and then expect to instantly mature enough to handle money, be ready to have and rear children, to know the proper place and use of sex in life, to control one's temper and to generally conduct one's self as a somewhat mature adult is to say that the wedding instantly changes Cinderella into a princess or a pauper into a prince.

No one is perfect, but when preparing for marriage one should have reached a fairly high degree of maturity in attitude toward those areas of social interaction just mentioned. The best suggestion I can give young couples who feel they're in love and ready for marriage is to encourage each to date long enough to know something about the other. Also, talk to a minister, close friend, or counselor so you may be familiar with some of the problems that will most likely come

Counce's Corner

By Thomas E. Counce, Jr.

The days of cheap food, silo bursting with surplus are over. Even vast expansion of food output can't solve the problem soon. Domestic & world demand is just too great for the U. S. to ignore.

How did we get into this mess after 30 years of surpluses? Simple. We worked too hard to get rid of all that excess food, all but gave it away for decades, and paid farmers to grow less. Result: The surpluses disappeared just when the U. S. had to rely on food as a major export commodity & a key tool of foreign policy.

On top of that, domestic shortages appeared when the world at large is plagued by disastrous harvests and real hunger. India needs foreign help to stave off a mass starvation threat. Drought & famine reap a grim harvest of death in Central Africa. Both areas will get some U. S. help, draining our own reserves.

Russia and China have already lined up to buy grain & cotton, perhaps other farm products. U. S. export restraints on soybeans cannot be long maintained. Japan and Europe depend on shipments. In turn, the U. S. must negotiate new trade & money arrangements, can't afford to lose food as a bargaining chip and cash earner.

Skyrocketing domestic food consumption adds to the pressure. Americans now eat 117 pounds of beef annually, 73 pounds of pork; and nearly as much chicken (51 lbs) as they did beef back in '40. That diet is just too rich, can't be maintained at current prices.

Nor will bumper harvests in years ahead help all that much. U. S. crops have been mortgaged to the hilt to help foreign policy. Some price relief is possible if the government accepts the idea of subsidizing the consumer while keeping farm price levels high. The concept is a novel one, but getting some attention in Wash.

Expanded production may bring some relief by the late '70s. Future trade negotiations could see the U. S. hike export prices to the developed world, or barter food for oil and raw materials. But short-term, the U. S. dinner table will groan a little less.

SUCCESS in MARRIAGE

by Professor J. Kenneth Williams

up in marriage and have some idea how to face them.

DEAR PROFESSOR WILLIAMS: Would you please discuss the different types of marriage which have occurred throughout history?

Professor Williams: Marriage has taken different forms over the centuries and among different societies. Let's list and describe each type:

1) MONOGAMY, where one male is married to one female at a time. This has always been the most popular type of marriage and is the type in our culture.

2) POLYGYNY, where one male is married to two or more females at a time. The Mormons of the last century practiced this type.

3) POLYANDRY, where one female is married to two or more males at a time. This type of marriage existed among certain island cultures. Incidentally, both polygyny and polyandry are referred to as polygamy.

4) GROUP MARRIAGE, which refers to marriage between a group of males and a group of females. This is a very primitive type of arrangement and usually involves two groups which share certain similar characteristics such as age, interests, social bearing, and wealth. This type has been found in Australia and Africa.

One of the most shocking things to me when I took marriage and the family in college was to find out that our form of marriage is not the only type.

PAUSE FOR POWER

Debit...And Credit

There are, essentially, only three ultimate problems of life that confront man. And since the dawn of human history men have wrestled with these same three problems -- the problem of guilt, the problem of the perversity of human nature, and the problem of the fear of death.

Strange as it may seem, these three ultimate problems are all raised in the Bible; and, as a matter of fact, all three are put in the form of questions. The first, the problem of guilt, was raised in Job 25:4. "How then can man be justified with God? Or how can he be clean that is born of a woman?" The second, the problem of the perversity of human nature, was raised by the apostle Paul in Romans 7:24: "Oh, wretched man that I am! Who shall deliver me from the body of this death?" And the third, the problem of death, was also raised in the book of Job: "If a man die, shall he live again?" (Job 14:14).

Now, the glory of our Christian faith is that it meets man at the point of his deepest need. The infinite glory of our Savior, Jesus Christ, is that He, and He alone, has mastered for mankind these three ultimate problems of life.

The first of these ultimate problems, and one that is so wide-spread today, is the problem of guilt. Objectively, guilt is the liability to punishment: "The wages of sin is death" (Romans 6:23). Subjectively, guilt is the unshakable sense of wrong doing. David, in graphic language, described the terrible burden of guilt which he himself carried: "When I kept silence, my bones waxed old through my roaring all the day long. For day and night thy hand was heavy upon me: my moisture is turned into the drought of summer" (Psalm 32:3,4).

And the book of Job puts it this way: "How then can man be justified with God? Or how can he be clean that is born of a woman?" (Job 25:5,6). To put Job's question in blunt terms, How can a man be right with God? Where can a man find freedom from the terrible burden of guilt? How can a man get rid of that unshakable sense of wrong doing? Now, the answer to this ultimate problem is found in the Biblical doctrine of justification. The Bible says, "Therefore being justified by God, we have peace with God through our Lord Jesus Christ" (Romans 5:1).

But, what is justification? Quite simply, justification is the act of God whereby, on the ground of the death of Christ, God forgives us our sins and imputes to us the righteousness of Jesus Christ. There are therefore two aspects to justification. To put it another way, justification is both subtraction and addition. Justification is both the forgiveness of sins and the imputation of God's righteousness.

Now, the Bible underscores this two fold aspect of justification: "Even as David also describeth the blessedness of man, unto whom God imputeth righteousness without works, saying, blessed are they whose iniquities are forgiven, and whose sins are covered. Blessed is the man to whom the Lord will not impute sin."

Notice those two phrases. "God imputes righteousness without works." That is justification's addition. "The Lord will not impute sin." That is justification's subtraction.

Now, if you put these two phrases together, you will have the two aspects of justification. When God saves a man, God erases the debit of sin from his ledger in heaven, and He credits to the believer's account the perfect righteousness of

Jesus Christ. Justification, therefore, is heaven's mathematics, both subtraction and addition.

First, there is divine subtraction. When God, for Jesus' sake, forgives us, He wipes the slate clean. God subtracts our sins from the debit side of the ledger. God removes our sins forever, for the Bible says, "As far as the east is from the west, so far hath he removed our transgressions from us" (Psalm 103:12).

But, justification is also addition. God not only removes sin; he also imputes righteousness. In the hour of conversion God credits to the believer the righteousness of Jesus Christ. The Bible says, "Even as David describeth the blessedness of the man, unto whom God imputeth righteousness without works." To impute means to lay something to someone's charge and to treat him accordingly. God lays the righteousness of Jesus Christ to the account of the believing sinner and him accordingly.

Here, then, is God's answer to the ultimate problem of guilt, that unshakable sense of wrong doing that haunts every man. God's answer is justification. When a man receives Christ to the account of the believing sinner and treats him accordingly.

Here, then, is God's answer to the ultimate problem of guilt, that unshakable sense of wrong doing that haunts every man. God's answer is justification. When a man receives Christ as Savior, God graciously forgives him his sins and gives to him the righteousness of Jesus Christ. And when God graciously forgives him his sins and gives to him the righteousness of Jesus Christ. And when God does this for a man in the hour of conversion, the terrible burden of sin rolls away, and the believing sinner is liberated from the tormenting sense of his guilt.

VA Questions And Answers

VETERANS ADMINISTRATION, Information Service, 1100 Commerce Street, Dallas, Texas 75202, Telephone 214 749-3850.

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q -- As a service disabled veteran, I have Veterans Administration Mortgage Life Insurance coverage on my specially adapted home. How long will this coverage last?

A -- Until the mortgage has been paid off, the home is sold, or until you

reach age 70 unless you die earlier.

Q -- If a veteran with a non service connected disability dies in a private hospital, will the Veterans Administration pay transportation costs to place of burial?

A -- No. VA is allowed to provide this benefit only if the veteran died while being treated in a VA hospital or while being treated at VA expense.

Q -- Are World War II veterans eligible for Veterans Administration pensions at age 65?

A -- VA pensions (not compensation) are based on need. If at age 65 a single veteran's income does not exceed \$2,600 a year, or \$3,800 for a veteran with dependents, a pension may be granted.

NEWS FROM THE COUNTY AGENT

W. T. Smith

SOYBEAN INSECTS

Watch your soybeans for insects during August. Through blooming, soybeans can withstand up to 35 percent defoliation. As pods begin to form and fill, a 20 percent or greater loss of foliage will reduce yields.

Pod-feeding insects usually are more harmful to soybean yields. From mid-August on, keep a close watch for bollworms, especially on late maturing varieties. If you find one bollworm per foot of row--poison. Stinkbugs can also be very damaging to seed pods. Here again, you should poison if you find one stinkbug per foot of row.

COTTON LAYBY

Not all cotton will need layby weed control. Weedy fields, poor stands and somewhat wet-natured fields may need layby treatment. Both Karmex and Lorox are recommended.

Karmex is more economical and more persistent, but has the least post emergence activity. Lorox will knock down vegetation better and will persist for a shorter period of time. Lorox is recommended where soybeans will be planted the following year.

FORAGES

With the high price of protein supplement, forages seem to be the most economical source of protein for cattle. Harvesting at the right state of growth and good fertilization are two most important factors affecting

ing the protein content of forage.

Let cattle graze pastures closely and clip all excess forage for hay. It will also pay off to give pastures an additional application of nitrogen fertilizer.

LIME

On most Mississippi farms, lime is the most needed investment. Lime vendors and suppliers are making special efforts to see that there is an adequate lime supply on hand this fall.

Liming pastures now will free lime trucks for use on row cropland in the fall following harvest.

FOREST INSECTS

The southern pine beetle is the most dangerous and the most dreaded insect enemy of southern pines. It attacks trees of pulpwood and sawlog size. It kills trees quickly by girdling. It also induces a blue stain that degrades the lumber that can be salvaged from killed trees.

This insect generally first attacks weakened and damaged trees and may later spread to other trees, sometimes over large acreages.

The best control for southern pine beetles is to prevent its attack. Pine stands should be kept as healthy as possible. Stands should be thinned regularly to prevent crowding. Infested trees should be salvaged as soon as possible after attack. Large unused branches and sections of the trunk should be piled and either burned or removed from the vicinity of other trees.

BRIDGE for EVERYONE

James Kerry

Looking at eight top tricks plus an opening bid on his left declarer was not pleased with West's choice of a trump opening lead against his four heart contract.

Normally declarer would attempt to ruff two diamonds in the dummy, however West choice of a trump opening precluded that approach forcing South to uncover a different line of play for ten tricks. First of all he must not surrender the lead until further information is uncovered.

West deals.
Both vulnerable.

THE BIDDING:
South West North East
— 1 ♦ Dble. Pass
1 ♥ Pass 3 ♥ Pass
4 ♥ Pass Pass Pass
Opening lead: Eight of hearts.

South won the opening lead in his hand with the king of hearts and gave up the idea of ruffing diamonds. The seven of clubs put dummy in and a small club was ruffed in the closed hand. Dummy was

reentered with the ace of spades as West followed with the nine and a second club ruffed by South. Another spade to the king provided a third club ruff in the closed hand as both defenders followed suit.

At this point with seven tricks in pocket and two top trumps remaining, declarer must find one more winner. West's play of the nine and then the five on South's two spade leads to dummy indicating a doubleton was the clue to trick number ten. Declarer decided West must be holding five diamonds and perhaps one of the outstanding trumps. With this distribution in mind, South drew the remaining trumps ending in dummy having discarded his last spade on the jack of trumps. He now lead a small diamond from dummy, covered East's seven with the eight, thereby end-played West in the suit he opened. The forced return into declarer's protected king of diamonds brought home the bacon.

Declarer's approach to win this contract was well conceived and the only avenue to success after the opening trump lead. Any attempt to ruff diamonds will now fail and so will the contract. South must find West with five diamonds and doubletons in both major suits to bring it off. When West followed to four clubs the jig was up, and even though he did not defeat the hand, he deserves our compliments on his most imaginative opening lead, for as you will observe any other choice would have made declarer's work much easier.

Feeding Time For Americans

Americans have been trying to feed the world for four generations. Now it's feeding time for Americans.

Japanese love grapefruit. They don't grow it but they so enjoy eating it that they'll pay \$1.60 for one.

Nothing explains the so-called world food crisis more succinctly than that.

An increasingly affluent world wants to eat better. Millions who heretofore subsisted on dried fish and rice and/or beans now want steak and eggs--and grapefruit.

And if Japanese will pay \$20 a pound for beefsteak, they'll get it.

Americans will not go hungry, but we'll learn to live on fewer eggs and less beef and fish, less fresh fruit and vegetables and maybe no grapefruit.

Some blame American sale of grain to Russia. That's too easy.

There is now world competition for what our farmers grow. And the devalued Yankee dollar makes it possible for them to buy more for less, while you have to pay more--for less. And you'll pay still more under Phase 4. But farmers, unable to buy feed, were slaughtering dairy cattle and layer hens and hog breeding stock. They were curtailing production which needed expanding.

Theoretically, at least, if you and I are willing for a while pay higher food prices, thus encouraging increased farm production, the supply thus increased will cause food prices to go down again--someday.

But not all the way down; not ever again.

Our best bet for maintaining reasonable balance and fair

prices is for agricultural production to increase "world-wide."

With most arable acres under the plow now and most pastureland populated, U. S. farmers can't get more than one calf per cow, can't further increase soybean production per acre, can't squeeze from one hen more than three eggs per week.

We are stuck with what we've got, and the appetite of the world is bidding against you for it.

At considerable jeopardy to our balance-of-payment deficit, President Nixon has limited the export of some farm products and increased the tariffs on others.

But even with a 40% duty, Japanese still want our grapefruit!

Now, enter the United Nations Food and Agriculture organization with a plan for a "world food bank." Nations, with localized food shortages, could draw food from this "world food bank."

We've been down that road. For a third of a century, we WERE the world food bank.

Now it's feeding time for Americans.

Let these desk-farmers of the FAO concentrate whatever talents they have on development of new food sources--wetting the deserts and farming the oceans and the ocean bottom.

But as is, fewer than half of America's families are getting a nutritionally-balanced diet. Let's practice a little enlightened self-interest--"selfishness," if you will--before more of our own babies go hungry.

Northeast Adds Girls' Basketball, Tennis

A new series of athletic programs will unfold here as the Northeast Miss. Jr. College school year begins later this month.

Officials of the school commented that the two-year institution will add girls' basketball and tennis to their athletic program. President Harold White said that the school "will soon have four of the best lighted courts that can be made on our campus."

The addition of the girls' basketball is a direct result of a new ruling by the State Junior College Association which allows the state's two-year institutions to begin competing again in girls' basketball.

Northeast President Harold T. White, himself a former girls' basketball coach, said that the school "plans to field a team this fall." "I think this is one of the best moves our association has ever made athletically," White said, "and we at Northeast plan to take full advantage of the situation."

The president said that Millard Lothenore, a physical education instructor at NEJC for several years, will guide the program in its revival. "He (Lothenore) has agreed to help us," said White. "He is a former coach and I'm sure he'll do a good job in this respect."

White sees the Tigerettes playing a full schedule. "We plan to play at least 15 games this fall, including games against junior colleges and some against senior colleges," the president noted.

Several member-institutions of the state junior college association have indicated they will field a distaff squad this fall, White said. They include East Central, East Mississippi, Southwest, Copiah-Lincoln, Meridian, Holmes, Northwest and Gulf Coast.

"I have always been in favor of this type of program," White said. "I coached the team when I was at Perkinson. The girls involved get a lot of enjoyment out of the game and it in turn provides a fine recreational outlet for them."

Asked if the girls would play the same night as the boys' team and against a girls' team from the same school the Tigerettes are playing, White answered that "it wouldn't be necessary, but we might could arrange it like that."

White feels, like many other people, that girls in the Northeast Mississippi neighborhood should be able to play somewhere after they have finished high school.

"There are some might good girl basketball players in this area," he said, "and I certainly am in favor of them being able to play once they get out of high school."

The president said that under the plans outlined by the state association, girls from anywhere can play at Northeast or any other state junior college for that matter.

"There are no scholarships involved here," said White. "It is strictly a voluntary program. I am under the impression that players here will not have to live in our five-county recruiting area. As long as they are eligible students they can play."

The girls' brand of ball, which will be played under the existing Mississippi prep rules, will be an asset in other areas outside of pure recreation, according to White.

"I think it will be a real crowd stimulator," he said. "It's a highly-entertaining game and people in this area like to watch them play."

The tennis program, with head basketball Coach Ken Lindsey handling the coaching chores.

Several of the JC's around the state compete in tennis now. The addition of the net program will give NEJC athletes four

sports in which they can compete, the others being football, basketball and baseball.

IN PRENTISS COUNTY

Median Educational Level Said To Be 9.7 Years Old

The 1970 Census states that the median educational level for adults 25 years old or older in Prentiss County is 9.7 years.

This means that half of all adults interviewed in the county for the Census had completed more than 9.7 years of school. The other half

had completed less than 9.7 years.

People who want to upgrade their educational level may take advantage of two programs now offering second chances to adults

over the state.

One program, Adult Basic Education, offers classes that teach adults to read, write, and do math on at least an eighth grade level. Over 450,000 Mississippians

age 25 or over, have less than an eighth grade education.

The other program is the General Educational Development Test (GED). By passing this test, adults age 18 or over—who have been out of school for at least a year,

or whose high school class has already graduated—can qualify for a certificate equal to a high school diploma.

Over 900,000 Mississippians, age 16 or over and out

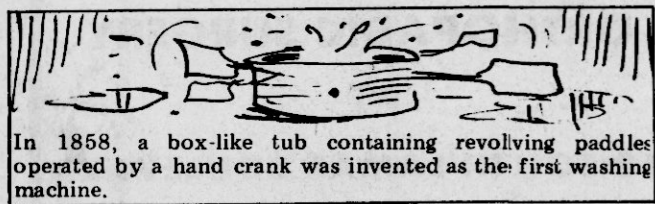

of school, do not have a high school diploma.

For more information about either of these programs, contact your local public schools or your nearest public junior college.

Or write: "Second Chance" -- Adult Education, State Department of Education, Box 771, Jackson, MS 39205.

Northeast Tennis

This newly constructed tennis court at Northeast Miss. Jr. College here reflects the broadmindedness and growth of the college and the area. The new court was constructed so as to enable the college to compete athletically with other schools. (Banner-Independent Photo)

Captain Camacho's Unit Gets Citation

ANGELES, Philippines-- Captain Joseph P. Camacho, son of Mr. and Mrs. Jose C. Camacho, 840 Morrison St., San Diego, is commander of a U. S. Air Force organization which has been honored with the Republic of Philippines Presidential Unit Citation. Captain Camacho commands a detachment of the 196st Communications Group of Clark AB, Philippines, shares in the award presented to the 196st for providing flood relief and recovery support to the Philippines government last July 21 to Aug. 15.

More than 100 inches of rain fell on regions of Luzon last July. Air Force units at Clark were cited for carrying out a mission, well-

organized humanitarian operation that included evacuation transport of medical teams and supplies to remote areas, and delivery of vital medical, food and other supplies to population centers.

The Captain will wear a distinctive service ribbon to mark his affiliation with the

Second, Fifth Grade Graduates Eligible

Boys who have just completed the second or fifth grades in school are now eligible to become Cub Scouts according to Alva Dalton, organization & Extension Chairman, Yocoma Council, Boy Scouts of America.

"Scouting is for all boys who have completed the fifth grade or who are 11 through 17 years of age," Mr. Dalton said. "The focus of the program is on rounding out a boy's physical and mental fitness through a vigorous program of activities. They meet once a week as a troop under the guidance of a Scoutmaster and are also members of a smaller

Cub Scouting is a family-centered program for boys who have completed the second grade or who are 8 through 10 years of age. They meet weekly as a den under the supervision of a den leader. Monthly, all the dens come together for a pack meeting led by a Cubmaster.

"There's a pack and troop near every boy in our council area," Mr. Dalton said, "or boys will know friends who are Cub Scouts or Scouts." Information about a neighborhood pack or troop is also available from our council service center, box 701, Tupelo, Miss.

"The Brighter Side"

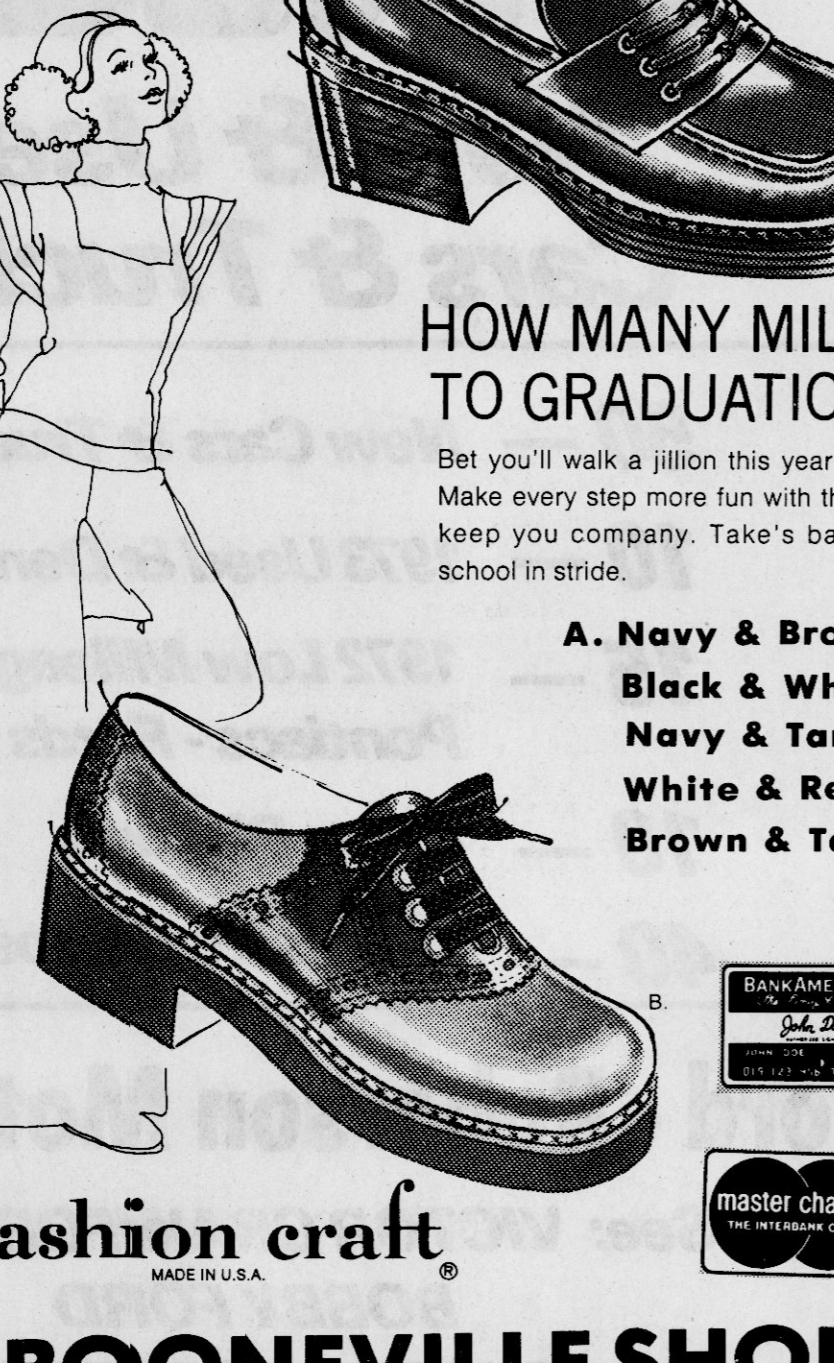

With Phase 4 going into effect this week and most prices increasing, it seems that the gold price is dropping a bit. This is good news in the Jewelry industry.

The gold price has not been directly related to the economy as has other items but more related to the money market and the devaluation of the dollar.

When the Government lifted the control on the price of gold at \$35.00 per ounce, it began to go up. In January 1972 we in the Jewelry Industry were paying \$42.00 per ounce of gold to make jewelry. A year and one-half later we were paying \$126.00 per ounce.

Today the price is down just a bit and the indication now is that gold will level off and stabilize and we will be able to make jewelry at present prices for the foreseeable future.

Dinner Honors Couple

Mr. and Mrs. Emmons Turner, Jr. entertained with a rehearsal dinner honoring their son, David E. Turner, III and his fiancée, Miss Joanne Pagano, on Friday evening, August 10th at the Holiday Inn in Philadelphia, Pennsylvania.

The delicious five course dinner was served in the Re-

gency D banquet room from a beautifully appointed table decorated with mixed summer flowers and pink candles in silver candelabra. The bride was lovely in a red and white polka dot long dress with white trim. Her corsage was of white carnations and sweet-heart roses.

After dinner the party moved to the unique revolving roof-top Empire Room to enjoy dancing.

ley Water Management District, and Glen Goodwin and Jimmy Moore, Prentiss County Members of the District Board of Directors; Rae Sanders, Director, Bureau of Outdoor Recreation, along with numerous individuals of the area.

Mr. Roy Adams and Mr. Sanders reviewed the past difficulties encountered in construction cost over-runs, current shortage of funds plus a growing list of requests for assistance in developing wholesome recreation sites and areas. The demand is great and the need is acute for quality outdoor recreation facilities in many cities, towns and communities throughout the State, "The financial crunch has us in a severe bind and many areas that need assistance will have to postpone or sharply reduce the size and scope of their outdoor recreation development plans," Mr. Sanders said.

Through the combined efforts of Governor Walker, the Bureau of Outdoor Recreation, Board Members of the Tombigbee River Valley Water Management District, Ross Pharr, and members of the Board of Supervisors of Prentiss County, together with other individuals, it now appears that Marietta Springs through funds made available will realize, after several years delay, the beginning of construction of a modified community park in the not too distant future.

Freeze Keeps IRS Busy

JACKSON, Miss. As the Price Freeze entered its last week, Internal Revenue Service officials reported on their activities in enforcing the Freeze and outlined plans for Phase IV.

IRS District Director, Richard J. Stakem, Jr., said today, "Since the Price Freeze was announced, we have answered more than 2300 inquiries from Mississippians with questions about the Freeze." Mr. Stakem added that 27 percent of the questions were about food and that 43 percent were on gasoline.

"During the Price Freeze," Mr. Stakem said, "IRS agents conducted 451 investi-

gations of alleged violations. In all of these cases, the sellers were either in compliance with Freeze regula-

tions of alleged violations. In all of these cases, the sellers were either in compliance with Freeze regula-

Julia Smith Receives USM Degree

A Booneville student was among some 1,026 students at the University of Southern Miss. to receive degrees Wednesday, August 15. School officials said Julia Dianne Smith received the Bachelor of Science degree from the state University. Dr. Gilbert Langdon, registrar, made the announcement.

Exercises for the candidates, representing one of the largest summer classes to date, were held in Reed Green Coliseum at 7:30 p.m. on the University campus.

Concerning Phase IV, Mr. Stakem reminded sellers and consumers that prices may be increased only to reflect increases in cost of merchandise. "A merchant may raise his prices only for the amount of increase he is charged. He may not increase prices to cover increases in his overhead -- such as wages, utilities, or rent, or to increase his profit margin."

Mr. Stakem asked for continued support of the Stabilization Program by both sellers and consumers. "If merchants have questions about Phase IV, they should call us. Likewise, if a consumer has questions, or if he believes he is being charged an illegal price, he should also call us. Our number in Jackson is 948-7821, outside of Jackson call toll free 1-800-222-8070."

OUR SENIOR CITIZENS

In this age of fast-paced living, too often we overlook some of our most treasured assets. For buried treasures are not always found in sunken galleons or in distant buried ruins, they often can be right under our nose! Sadly, this is the case of one of our most valuable assets . . . SENIOR CITIZENS!

Have we completely forgotten these lessons learned from our elders . . . that there is a time to work and a time to play — there is a time to laugh, a time to weep and a time to pray? And if we use our time wisely it will be good for our soul.

Yes, these are buried treasures of wisdom we can re-discover through a closer relationship with our senior citizens. Isn't it time we extend our gratitude?

OWNER: JOE CALDWELL CHURCH ST.

Janet Farrar, James Martin Wed In Church

In a candlelight ceremony at Hills Chapel Church of Christ in Booneville, James W. Martin and Janet Suzette Farrar were united in holy matrimony. Bro. Kenneth Orick officiated at the afternoon wedding on June 16th. Close friends and relatives were present for the ceremony.

MR. AND MRS. MARTIN

The bride given away by her father wore a floor-length empire style gown of white French satin peau de sole. The empire gown was accented by Venetian lace on the front and the bodice was Venetian lace featuring pearl buttons. The long full sleeves were silk organza and featured deep French cuffs with pearl buttons. The shoulder length veil of bridal net was attached to a tiara of pearls and white sequins. The bride carried a bouquet of white daisies and baby's breath.

The bride's maid of honor was Patricia Moore of DeKalb, Miss. The maid of honor wore a floor length empire style gown of peach organza with lavender and white flower print. The bodice was trimmed with lace and pearl buttons. The flower petal headpiece was of peach organza. The maid of honor carried a single peach gladiolus tied with lavender ribbon. The best man was R. W. Martin, father of the groom.

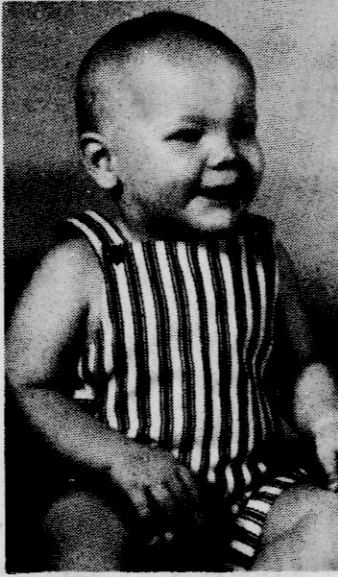

After the wedding, rice bags were given to the guests by sisters of the groom, Ellen Martin and Illora Martin. The bride and groom are now living in Pine Bluff, Arkansas where the groom is employed with International Paper Co. and the bride will be teaching in the Pine Bluff county schools system.

Computer Will Speed Vet Checks

A new Veterans Administration computer program to speed checks to G. I. Bill students is expected to become operational next month. In announcing the new "one stop" service, Merlyn D. Cook, Assistant Director for Regional Office in the Jackson VA Center, explained that when VA receives

separation papers (DD 214) from the military, VA computers will automatically generate a package of papers to veterans. These include an application for education or training and a form for schools to use to certify enrollment. Previously, each of these was a separate step for students or schools.

The package also will tell veterans their remaining G. I. Bill eligibility time, about counseling and tutorial services, how to apply for educational assistance, and about courses that may be selected for training.

He's One

On August 6, Glenn Edward Wenzel, son of Mr. and Mrs. Ronald E. Wenzel celebrated his first birthday in the home of his grandmother Mrs. Alvin E. Glenn, Sr.

He is also the grandson of Mr. and Mrs. Bud Wenzel of Foley, Alabama and great-grandson of Mrs. J. E. Wenzel of Foley.

Those honoring his birthday were Tammy Glenn, Christopher Glenn, Lavern Harris, Rodney Taylor, Douglas Taylor, Mr. and Mrs. Allen Presley, Sr. and Mr. and Mrs. Timothy Glenn, Mr. and Mrs. Alvin Glenn, Mrs. Douglas Taylor, and Mrs. J. W. Harris.

His birthday cake was a Merry-go-round of red, blue, yellow and white colors. He was presented many playful gifts.

Wimberly Holds Reunion

The descendants of the late Mr. and Mrs. J. R. Wimberly held a reunion at the J. P. Coleman State Park near Juka, on Sunday, August 5. Dinner was served picnic style.

Those attending were Mr. and Mrs. Alison Wimberly from Jonesboro, Ark.

Mrs. and Mrs. James Williams, Mr. and Mrs. Richmond Alexander, and Donna; Mr. and Mrs. James Lewis Williams, Marianne and Craig; Mr. and Mrs. A. D. Wright, Randle, Sandra and Tim; Mr. and Mrs. Billy Alexander, Judy and Gene; Mr. and Mrs. Larry Alexander, and James from Vardaman, Miss.

Couple Honored

Kenneth Morris Smith of Memphis, Tenn. and bride-elect Miss. Lynne Sanders of Booneville, Miss. were honored with a Patio Buffet supper on Saturday night, July 21, 1973, 7:30 p.m. in the home of Mr. and Mrs. Stewart Vail.

The buffet table was laid in the dining room. It was graced by a lovely floral arrangement of white lilies, yellow mums, baby's breath, and fern. Two white doves, signifying the union of Kenneth and Lynne complemented the centerpiece.

After serving themselves to a supper of Christa's Chicken, Tomato stuffed with potato salad, asparagus and English pea casserole, various relishes, nuts, mints, and rolls, the guests moved

to the patio. Tables with brightly colored cloths, centered by hurricane lamps, were set for four. A variety of sherberts with sauce. And cookies were passed.

During supper Van Robinson, at the piano, entertained the guests.

Mrs. Pascal Box led the group in various games. Most enjoyable was one pertaining to the identifying of great lovers.

A remembrance gift, a rolling pin, was presented to the honorees. Forty-six guests enjoyed the party for Kenneth and Lynne.

Co-hosts were: Mr. and Mrs. Pascal Box, Mrs. Myrtle Stephens, Mr. and Mrs. Guy Robertson, Mr. and Mrs. Lewis Perry, Dr. and Mrs. Walter Simpson, Mr. and Mrs. Henry Mize.

MISS MCKINNEY

McKinney, Chase Wedding Told

Mr. and Mrs. Ray McKinney of New Site announce the engagement of their daughter, Kara, to David G. Chase, son of Mrs. Bernice Chase and the late Lester Chase of Booneville.

Miss McKinney's grandparents are Mr. and Mrs. John H. Brown of Belmont and the late Mr. and Mrs. James T. McKinney of New Site. Mr. Chase is the grandson of the late Mr. and Mrs. Columbus Chase of Booneville and the late Mr. and Mrs. Gunstave Westphal of Michigan City, Indiana. The bride-elect is a 1973 graduate of New Site High School. She was a member of the Beta Club, F.H.A. and Library Club, captain of the cheerleaders team and elected by the faculty to the Hall of Fame. She is presently employed by the cosmetic division of J. C. Penney Company.

Mr. Chase is a 1970 graduate of Booneville High School. He was valedictorian of his senior class and was chosen to be in the Who's Who's Among American High School Students. Majoring in pre-medicine Mr. Chase attended Northeast Miss. Junior College. He was President of Phi Theta Kapp, President of the Society of Student Scientists, and elected to Who's Who's Among American Junior College Students. In 1972 he attended the University of Mississippi where he was a President's scholar. He is presently entering the University of Miss. Medical Center in Jackson.

The wedding will be solemnized at the East Prentiss Baptist Church in New Site, August 25, at 8 p.m. No invitation are being sent locally, but all friends and relatives are invited to attend the ceremony and reception to follow.

Eason, Kelley Wedding Told

Mr. and Mrs. W. L. Eason of Birmingham, Alabama, announce the recent marriage of their daughter Margaret Susan to Keith Alan Kelley, son of Mr. and Mrs. Lee Bakestraw of Booneville.

Mr. and Mrs. Kelley are at home in La Mesa, California, after a short wedding trip. They will be honored

at a reception in Birmingham on September 1.

Shouse Reunion Held

On July 22, 1973 relatives gathered at the home of Mrs. Hessie Shouse at 122 Cole Street to combine a reunion and a surprise birthday lunch, which was a few days early, for Mrs. Shouse.

The family entered belated with large tantalizing looking dishes of food, which was served after the group sang the traditional birthday song, and Mrs. Shouse was presented with a beautiful cake.

The house was over-run with children and grandchildren. Children of Mrs. Shouse included: Mr. and Mrs. Wilbur Shouse and family from Lucedale, Mr. and Mrs. James Shouse and family from Seneca, Ill., Mr. and Mrs. Howard Shouse and family, Mr. and Mrs. Boyce Hutcheson and family Mr. and Mrs. William Shouse and family all of Booneville, and grandchildren Mr. and Mrs. Quitman Ashcraft and great-grand daughter Melissa Ashcraft of Memphis, and sister Mrs. Edna Whittenton of Tupelo.

After a lovely lunch and a great family gathering, the group dispersed with hopes of assembling another day for such an occasion.

Miss Sanders Honored

Miss Lynne Sanders, Bride-elect of Kenneth M. Smith was inspiration of a bridesmaid luncheon at the ElCentro Restaurant, Holiday Inn, Oxford, on Friday, August 3, 1973.

Miss Becky Mauney hosted the noontime affair which all of Miss Sanders bridesmaids attended. Guest of honor for the occasion were Mrs. Kenneth Smith, mother of the groom and Mrs. W. L. Sanders Sr., mother of the bride.

The guests were served a salad plate consisting of tomato stuffed with tuna salad, deviled egg, pickles, and finger sandwiches, orange sherbert and ice tea. The table was centered with an arrangement of mixed summer flowers with tiny rosebuds. Place cards were tiny pots of dried flowers that matched the centerpiece. Each guest name was hand embroidered on a small flag arranged in the flowers. They were a gift from the hostess to each guest.

Miss Sanders presented gifts to the bridesmaids to show her appreciation for their participation in the wedding.

Guests for the luncheon included Mrs. Carey Sue Armstrong, Matron of honor, of Jackson, Miss Dian Whitfield, of Jackson, Miss Donna Sanders, sister of the bride, Miss Kim Rees of Hattiesburg, and Miss Amy Pharr of Booneville.

Salmon are like trees. Their age can be told by the number of rings on their scales.

MR. AND MRS. CALDWELL

Marilyn Huggins, Ricky Caldwell Wed

The Booneville Church of Christ was the mid-summer setting for the wedding of unusual beauty attracting widespread interest when Miss Marilyn Huggins became the bride of Ricky Caldwell, Friday evening, June 22.

The bride is the daughter of Mr. and Mrs. William Huggins, and the bridegroom is the son of Mr. and Mrs. Vance Caldwell.

William S. Huggins, minister of the Booneville Church of Christ and father of the bride, gave his daughter in marriage. He then concluded the impressive double ring ceremony.

Candlelight and white flowers formed the background for the wedding tableau. The altar was centered with a white wrought iron spiral candelabra holding white tapers which formed a wedding ring as the couple knelt on the white satin prayer bench. On either side were grecian urns placed on white columns holding a sunburst arrangement of white chrysanthemums and gladioli. Oriental Jade fern and trailing Boxwood lined the enclosed portions of the altar, which was resplendent with lighted tapers surrounded by love birds and formed an elegant background for candelabra holding white tapers.

Nuptial music was presented by a choral group. -The Bride-

Escorted to the altar by her father the lovely bride wore a formal gown of white chiffon fashioned in an empire silhouette. The molded bodice was of Re-embroidered Alecon lace designed with a victorian neckline and sheer bishop sleeves of chiffon over lace. The softly gathered skirt featured back fullness which swept into a chapel length train. Her English illusion cathedral veil was deeply bordered in alecon lace and full from an Organza camelot headpiece highlighted by matching lace appliques and pearls. She wore a single strain of pearls, a gift from the groom. For "Something Old" she wore a mother's Pearl ring which belonged to her grandmother. She carried a cascading bouquet of white roses, Stephanotis, white orchids and baby's breath accented with satin streamers of rainbow colors.

-Attendants- The Attendants wore formal length dresses of pink, yellow, and blue flocked nylon designed with a jeweled neckline, long sleeves with ruffles at the wrist and a semi-full skirt. They carried a white chrysanthemum outlined with Jade fern and tied with long streamers of satin in rainbow colors.

The maid of honor was Miss Loretta Huggins, sister of the bride. Bridesmaids were Mrs. Larry Morgan, sister of the Bridegroom, Miss Jayne Pierce, cousin of the bride, Miss Gail Huggins, sister of the bride; and Miss Jill Pierce, cousin of the bride served as junior bridesmaid. Miss Candy Huggins, cousin of the bride, was the flower girl.

Mr. Caldwell was attended by his brother Dean Caldwell as best man. Grooms-men and ushers were Larry Morgan, Jerry Tennison, Wayne Pierce, cousin of the

bride, Dan Huggins, brother of the bride served as junior groomsman; and Timmy Caldwell, nephew of the bridegroom, served as ring bearer. Ricky Downs and Mark Kingsley served as acolytes.

For her daughter's wedding Mrs. Huggins wore a long sleeved formal dress of pink lace knit. Mrs. Caldwell, mother of the bridegroom, was attired in a blue polyester crepe designed with long chiffon sleeves. Both mothers wore white orchid corsages.

Mrs. Vera Huggins paternal grandmother of the bride, selected a lavender knit dress, while the maternal grandmother of the bridegroom, Mrs. Z. T. Fortner, wore a blue crepe knit. They wore white carnation corsages.

-Reception- Mr. and Mrs. Huggins entertained with a wedding reception immediately following the ceremony.

The bride's table was covered with an antique white satin cloth draped with southern smilax and centered with a beautifully sculptured three-tiered wedding cake decorated with sugar spun roses. An arch on the top layer held a gold wedding cross under which stood a miniature bride and groom. White swans holding Lily-of-the-valley ornamented the bottom layer. Each layer was separated by small grecian columns. The cake was served by Mrs. Harold Pierce, Aunt of the bride, and Mrs. Leonard Beard, Aunt of the Groom.

On a companion table, fruit punch was ladled by Mrs. Dean Caldwell and Miss Jan Galloway.

The bridegroom's table was overlaid with a beige linen cloth. The two tiered chocolate cake was handsomely decorated with purple grapes and green leaves and was served by Miss Cindy Jones. Coffee was poured by Mrs. Mike Foy.

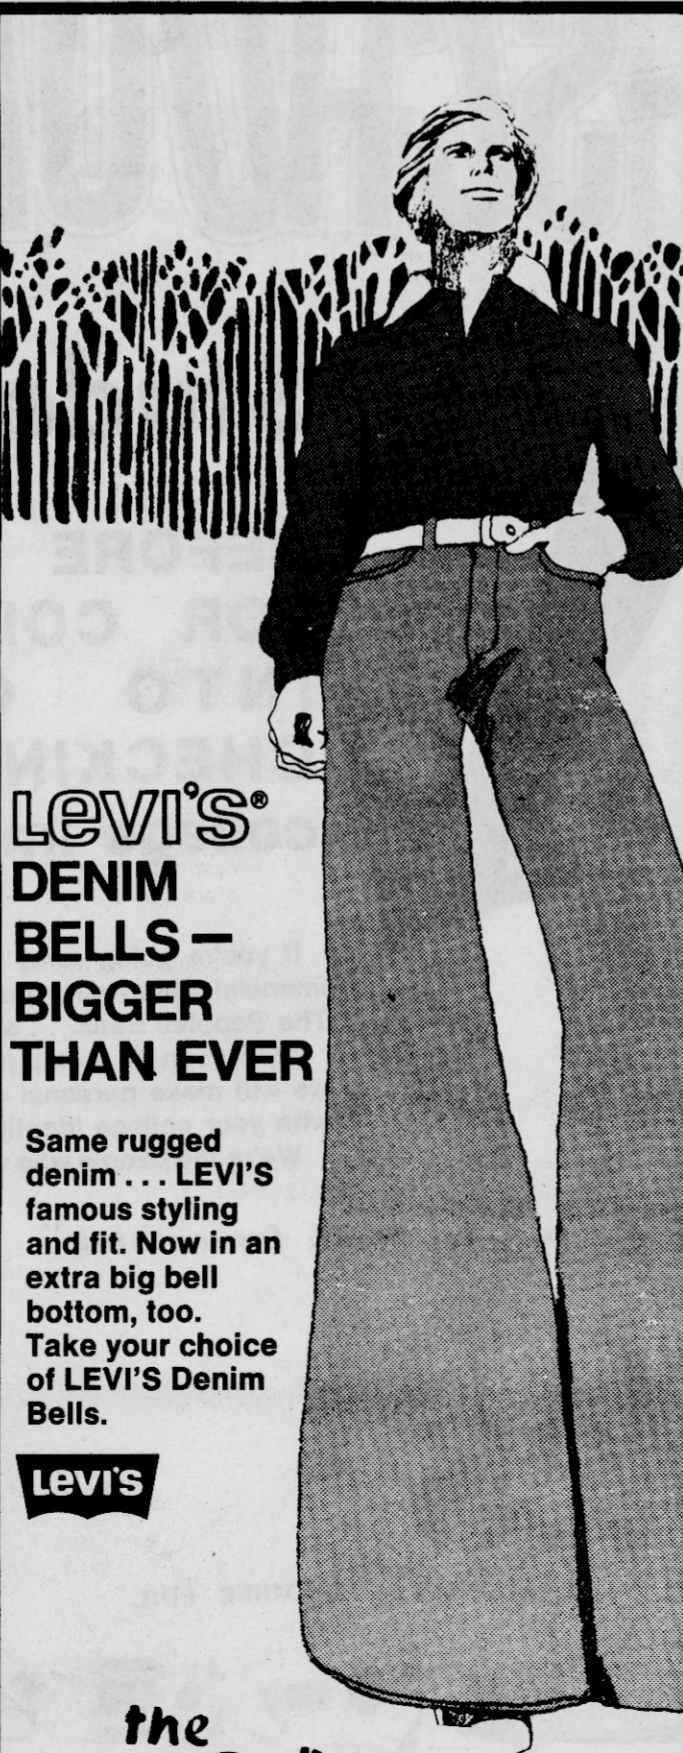

For traveling the bride wore an off-white costume with coral designs, and she wore the orchid from her bouquet. The couple are residing in Booneville.

-The Rehearsal Dinner- Mr. and Mrs. Vance Caldwell entertained with a three-course dinner at the wagon wheel cafeteria prior to the rehearsal on June 21.

The guest where seated at a u-shaped table covered with white linen. The tables were attractively decorated with artistic arrangements of yellow carnations, and place cards.

"They're nice enough people but ever since they bought an Imperial they've become somewhat pretentious."

MISS HUGGINS

Huggins, Wroten Engagement Told

Mr. and Mrs. William S. Huggins of Booneville announce the forthcoming marriage of their daughter, Anita Gail, to James Howard Wroten, son of Mr. and Mrs. Fred Wroten of the Hills Chapel Community.

Mr. Wroten attended New Hope and Glen Dale Schools and is presently employed as a line forman at American Packing Co. here in Booneville, he also preaches for the North Rienzi Church of Christ.

The wedding will be solemnized October 26, 1973 at 7:00 o'clock in the evening at the Booneville Church of Christ. A reception in the Church Fellowship area will follow the ceremony. Invitations are not being sent locally, but friends of the couple and families are cordially invited to attend.

Government people in Washington do listen to the people. They have the tapes to prove it.

A few years ago parents gave Junior five dollars with which to buy gas on a date. Today, we give him five in the hopes he can find some.

Grandparents of the Bride-elect are Mrs. Vera Huggins of Andalusia, Alabama and the late Mr. S. D. Huggins; and Mr. Bill Campbell of Troy, Alabama and the late Mrs. Maxie Campbell.

Miss Huggins attended Natchez Adams High School, Natchez, and also Freed-Hardeman College, Henderson, Tenn. She is presently employed with the Northeast Hospital and attending R N classes at Northeast Miss. Jr. College.

The prospective bridegroom is the grandson of the late Mr. and Mrs. John Burns and Mr. and Mrs. Gordon Wroten.

Ward Speaks To Lions

Billy Ward, head football coach at the NE Miss. Jr. College, spoke to the Booneville Lions Club at its weekly meeting.

Lion Buddy Wells is president of the club and Lions Herbert Summers presented the program. David Carnell, formerly of New Albany, was introduced as a new assistant coach at the College.

Coach Ward was very enthusiastic and confident about having a competitive football team and expects this coming season to be an exciting one. He discussed the new ruling which allows Junior Colleges to recruit out-of-state players and stated that Northeast was allowed seven boys under this program.

He added that this number should help round out his squad of local talent. He mentioned that his returning players from last season are bigger and better and that some of the best athletes in the State of Mississippi are right here at Northeast Jr. College. He said that all of the boys are eager and express a sincere desire to make this year a winning team. The initial game is to be played in Booneville at Tiger Stadium on Sept. 1, 1973 with Gulf Coast Junior College.

Buffet Dinner Given In Tupelo

On Friday evening, July 13th, Miss Judy Bethay and Mr. Jim Myers were honored with a buffet dinner at the Tupelo Country Club.

Hosts and hostesses for the occasion were Mr. and Mrs. James Bethay, Mr. and Mrs. Nelson Baldwin, Mr. and Mrs. Frank Bethay, Mrs. Cliff Michael, and Mr. and Mrs. Emmons Turner, Jr.

The honoree was lovely in a tulle dress of red and white polka dots with white trim. She was presented a corsage of white carnations.

The wedding motif was carried out with mixed summer flowers in pink and

white in silver bowls on the U-shaped dining table. Pink candles in silver holders complimented the floral arrangements.

A Rose of Sharon "tree" above a base of magnolia leaves and a sweetheart candle flanked with branched candelabra holding pink candles centered the buffet table.

Toasts to the bride and groom were given and Words of Wisdom as well as bridal traditions by many of the guests present. The happy young couple was presented a silver bud vase to commemorate the occasion.

Sonja Kaye Duncan was two years old August 3. She is the daughter of Mr. and Mrs. Johnny Duncan of Booneville and granddaughter of Mr. and Mrs. Clyde Beard of Booneville and Hollis Duncan and Helen Duncan of Rienzi.

Betty Jane Rodgers Eupora High was recently notified that she is to be featured in the Seventh Annual Edition of WHO'S WHO AMONG AMERICAN HIGH SCHOOL STUDENTS, 1972-73 the largest student award publication in the nation. Students from over 18,000 public, private, and parochial high schools throughout the country are recognized for their leadership in academics, athletics, activities or community service in the book. Less than 2% of the junior and senior class students nation-wide are awarded this recognition.

Betty is the daughter of Robert and Betty Bolt of Booneville. She is active in Library Club, Math Club, FBLA and various church functions and has also been elected as President of Region VIII SLAM. In addition to having her biography published in the book, Betty will also compete for one of ten \$1,000.00 scholarship awards funded by the publish-

ers and will be invited to participate in the firm's annual "Survey of High Achievers" later in the academic year.

Betty plans to attend Wood Jr. College in Mathiston Ms.

What Women Want?....

JACKSON -- Mississippi Women's Day on Aug. 25, the first ever planned in the state, will focus attention on women through the theme, "What Do Women Want Anyway?"

The occasion will commemorate the 53rd anniversary of the passage of the 19th Amendment giving women the right to vote.

Sponsored by five Jackson women's organizations, Women's Day will involve women and men from over the state in a Saturday of workshops and discussions on topics of interest to today's woman, attempting to answer "what do women want anyway."

The all-day symposium will convene at 9 a.m. at Holiday Inn Medical Center in Jackson, concluding at 4:30 p.m.

The history of the women's movement, women and psychology, politics and religion, the Equal Rights Amendment and sex stereotyping will be considered in consecutive workshops throughout the day.

A special presentation of the first Susan B. Anthony Award to the woman contributing most to women's rights during the past year will be a highlight of the noon luncheon, with the recipient presented a statue of Susan B. Anthony.

The five groups planning the day's events are National Organization for Women, American Association and Jackson Business and Professional Young Women's Christian Association and Jackson Business and Professional Women.

Speakers, from Mississippi and out of state, include Mrs. Gloria Minor of Jackson, on the history of the women's movement; Dr. Thomasina Blissard, Jackson psychiatrist, on women and psychology; Mrs. Jean Muirhead, Jackson attorney and former legislator, on women and psychology; Mrs. men and politics.

Also, Rev. Betty Blanton, Jacksonville, Fla., Presbyterian minister, on women and religion; Miss Euphie Dozier, Fulton attorney, on the Equal Rights Amendment, and Prof. Betsy St. Julian, Louisiana State University education professor, on sex stereotyping.

Mrs. Muirhead will also moderate an afternoon discussion session on the Equal Rights Amendment, including plans for promoting the ERA during the next legislative session.

Registration fees should be mailed to Beth Hoskins, 4068 Redwing, Jackson, Ms., 39216. Registration fee is \$2 with the cost of the optional buffet luncheon \$3. Name and address should be included with check and received no later than Aug. 23.

The \$2 registration fee only may be paid at the door. Organizers said they hope Women's Day will become an annual statewide event.

Loud 'Squeal' Device To Aid Auto Service

Each year, cars are being designed to give owners and servicemen more information about their operating condition and need for service.

Meters that measure speed and fuel supply, and lights that warn of trouble with oil pressure, generator, coolant temperature and brake system have been in use for some time.

But not all warnings will come from the usual dashboard mounted indicators. Components are being built with self-contained warning devices which indicate when wear has reached a predetermined limit.

One manufacturer, for example, is producing disc brakes that emit a loud squeal when the brake pad wears beyond safe limits.

In addition to the wear bars on today's tires that become visible when the tread has worn down to the limit of safety, one manufacturer has incorporated strips of white rubber with the bars so excessive wear shows up even more

prominently.

Other components are being designed to make easier the mechanic's task of determining excessive wear. One car manufacturer is installing on 1973 model cars ball joints that have a small shoulder protruding from the ball joint face. As the ball joint wears, the shoulder recedes. When it becomes flush or below the face of the ball joint, it is time for replacement.

A parts supplier has developed a device that talks to the car owner, a voice synthesizer that operates as a service monitoring system. When the monitor detects a part that requires service, the voice device is activated and tells the car owner what is needed.

Another company has developed a mini computer that flashes a light to tell the driver when it's time for an oil change or a tune-up. The device is about the size of a cigarette package and keeps track of cranking time in starting the engine, running time of the engine and calendar time.

Bike Light Circles Will Alert Motorists

The after-dusk bike rider can now alert approaching vehicles with a new bicycle tire that "lights up" at night.

Firestone Tire & Rubber Co., Akron, Ohio is producing reflective sidewall tires which can be seen clearly up to 500 yards away. They are expected to make cycling

safer for the nation's 85 million bike riders.

"Those two big bright circles tell the driver immediately it's a bicycle," said Herman F. McDaniel general manager. "There is absolutely no doubt when the headlight beams hit the sidewall tire."

Women Drivers

Women drivers, are you interested in knowing what is going on when your car won't run? Would you be interested in a good trouble - shooting course in automobile mechanics with your needs in mind?

If so, be at the automobile Mechanics Department at the Prentiss County Vo-Tech School Monday Night at 6:30. This course is for you.

FAT REMOVAL

Try placing a sheet of wax paper on top of stews or soups before putting them in the refrigerator. Home economists at Mississippi State University say this will cause the fat which rises to the surface to stick to the paper. Once the liquid has cooled, simply peel off the paper and the fat will come with it.

NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 11th day of February, 1972, Mrs. Eva Essary Mask and husband, James Clyde Mask, executed a deed of trust to Earl Dobbins, Trustee, to secure an indebtedness therein mentioned to Paul Dobbins and wife, Mary R. Dobbins, beneficiary, which deed of trust is recorded in the office of the Chancery Clerk of Prentiss County, Mississippi, in Trust Deed Book 93 pages 422-423.

WHEREAS, default has been made in the payment of said indebtedness and the beneficiary has requested the trustee to foreclose the same according to law.

NOW, THEREFORE, notice is hereby given that I will on the 31st day of August, 1973, between the hours of 11 A.M. and 4 P.M., at the West door of the Court House in the City of Booneville, Prentiss County, Mississippi, sell at public outcry to the highest bidder for cash the land conveyed by said deed of trust and described therein as that tract of land lying in Prentiss County, Mississippi, to-wit:

The South half of Lot 16 of Dobbins Subdivision as shown in Plat Book 1, page 32, except 15 feet on West side reserved for a street, and described as follows: Begin at South-West corner of Northwest quarter of Section 14, Township 5, Range 7, East, and run North 30 feet to North line of Hatchie Street, thence East 385.6 feet to a steel pin, thence East 15 feet for a point of beginning, thence North 73 feet, thence East 85 feet, thence South 73 feet to North line of Hatchie Street thence West along Hatchie Street 85 feet to point of beginning.

Title to said property is believed to be good, but I will convey only such title as is vested in me as Trustee.

Published this the 9th day of August, 1973.
Earl Dobbins, Trustee

CARD OF THANKS

We the family of Hassel Leon Bennett want to give our deepest appreciation to everyone for every deed of kindness shown to us in the tragic loss of our dear son and brother.

Special thanks to Deaton Funeral Home for their fine service, to Mr. Noonan Deaton, Mr. O. E. Bostick, Mike Deaton and Kermit Long.

To Bro. Jack Maroon, Bro. John Stovall and our nephew and cousin Larry Curtis of Memphis, for their words of comfort.

To Mrs. Byrd Moore for the organ music that was rendered so efficiently to the Florist that labored so many hours to arrange so many beautiful flowers.

To everyone that sent flowers and each one that came to the funeral home and funeral. To the Pallbearers.

Thanks to everyone that sent food and for the ones that were so faithful serving and trying to comfort us in every way also to the rescue Squad for their help.

May Gods Richest Blessings be with each of you. Mr. and Mrs. A. D. (Bill) Bennett Rev. and Mrs. Donald E. Wildmon and children Mr. and Mrs. Kelly Bennet and Kelly Sue, Mr. and Mrs. Larry Durham and children.

Are you thinking of diversifying or going into a business of your own? Have you investigated the fast growing plastic industry. Call or write Ceta Manufacturing, 8208 77th Avenue North, Minneapolis, Minnesota 55445. 612-425-6300. 22-3tp

Overtones-
I heard a bird at break of day Sing from the au-tumn trees a song so mys-tical and calm, So full of certainties, No man, I think, could listen long Ex-cept upon his knees... Yet this was but a simple bird. Alone, among dead trees.
William Alexander Percy.

Baldwyn Hurler Likely

Coach Tack Grant indica-ted Tuesday that Dennis Ri-chardson, a righthander, will probably start on the mound for Lee County Thurs-day night in the open-ing round of the State Amer-ican Legion baseball tourn-a-ment in Greenville.

Richardson, who pitched Baldwin High to the Dis-trict One Class BB title in the prep season, accumulated an 8-2 record during the reg-ular season.

Lee County, entering its eight straight state tourney, piled up a 19-1 record to win the District One title this summer.

The locals clash with Dis-trict Five winner Gulfport at 5 p.m. Thursday in the event's opening game, while meets host Greenville at 8.

Another team from Jack-son will play in the affair, but the winner in the dis-trict there is still un-decided. At any rate, the Jackson entry drew a bye on opening night.

Grant says he's heard through the grapevine that Gulfport "is real strong de-fensively and seems to have good pitching."

Other pitchers Grant can go with in the tournament are Mose Ivy, Holland Jordan and Eddie Watson.

In addition to the hurlers, other Lee County team members are Ricky Scott, Mike Scott, Tim Smith, Billy DeBerry, Glen McCullough, Larry Steward, Butch Cock-rell, Buck Boatner, Mike Ir-win Chuck Herrington and George Rowland.

Grant, who is assisted by son Freddie in the coaching chores, said the Lee County team will be headquartered at the Holiday Inn in Gre-en-ville.

All action will take place on new Legion Field.

REMAKING JELLY
If you have homemade jel-lies that are too soft, try re-cooking some of the jelly to make it firmer. It is not always possible to re-make soft jellies so that the product will be satisfactory. However, soft jellies can sometimes be improved by re-cooking according to the following directions. It is best to re-cook only 4 to 6 cups at one time.

To remake with powdered pectin, begin by measuring the jelly to be re-cooked. For each quart of jelly measure 1/4 cup sugar, 1/4 cup wa-ter, and 4 teaspoons pow-dered pectin. Mix the pec-tin and water and bring to a boil, stirring constantly to prevent scorching. Add the jelly and sugar. Stir thor-oughly. Bring to a full rolling boil over high heat, stirring constantly. Boil mixture hard for 1 1/2 minute. Remove jelly from the heat, skim, pour into hot contain-ers and seal.

To remake with liquid pec-tin, heat one quart of jelly over high heat. When jelly begins to boil, quickly add 3/4 cup sugar, 2 tablespoons lemon juice and 2 table-spoons liquid pectin. Bring to a full rolling boil and stir constantly. Boil mix-ture hard for 1 minute. Re-move jelly from the heat, skim, pour into containers and seal.

To remake without added pectin, heat the jelly to boil-ing and boil a few minutes. Use the temperature, spoon or refrigerator test to de-termine how long to cook it.

For the temperature test, use a jelly, candy or deep-fat thermometer. Cook the jelly mixture to a tempera-ture of 8 degrees F. higher than the boiling point of wa-ter. Because the boiling point may change with dif-ferent atmospheric con-ditions, check the tempera-ture of boiling water with the thermometer before the jelly is re-cooked.

The spoon or sheet test is made by dipping a cool metal spoon in the boiling jelly mixture. Then raise it at least a foot above the kettle, out of the steam, and turn the spoon so the syrup

runs off the side. If the syrup forms two drops that flow together and fall off the spoon as one sheet, the jelly should be done. Although this test is widely used, it is not entirely dependable. The refrigerator test is made by pouring a small amount of boiling jelly on a cold plate. Then put it on the ice compartment of a refrigerator for a few mi-nutes. If the mixture gels, it should be done. During this test, the jelly mixture should be removed from the heat.

Leader Explains Meaning Of 4-H

MISSISSIPPI STATE, MISS. - Dr. C. W. Sapping-ton, Extension leader in 4-H youth development, said that one question that he is often asked is, "What is 4-H?" The following thoughts sum up Dr. Sappington's feelings on the subject and possibly will help you to understand the meaning of 4-H.

4-H is different things to different people. To the young person in the city, 4-H is the opportunity to explore elec-tricity, clothing, foods and many other subjects that relate to everyday living.

To the boy or girl in the country, 4-H is the opportu-nity to grow plants and animals, to study wildlife or to grow a garden. To all youth, 4-H is the opportunity to make friends, take trips and improve the community by carrying out meaningful projects.

For parents, 4-H is the op-portunity to work with chil-dren in a variety of areas which they themselves often find ex-citing and rewarding.

4-H is old and young people working together to make the home, the community, the church and the nation a better place to live.
