NE Basketball Practice Begins

With pigskin season just barely underway, the Northeast Tigers have begun their basketball practice.

Northeast Boys' Coach Ken Lindsey said this week that the Tigers "have started working a little, but we haven't begun full-scale practice yet."

The girls' part of the system... a new thing for the junior college... has also begun. Coach Millard Lothmore commented that about 20 Tigerettes are out for practice. They "have begun shooting at the goal in the afternoon." There's about 20 players out so far, officials say.

Northeast, of course, has fielded a boy's team for some time, but this year, under a new program established by the state association, girl's basketball has been renewed at the two-year institutions.

Lindsey has three full-time starters returning from last year's squad, but during the off-season the Tigers lost the service of two other starters of a year ago--Charles Ray McNeil and Bryson Davis--and finding replacements for them is the immediate objective.

The starters returning are 6-0 guard Mike Childers, 6-3 guard Ronnie Cunningham and 6-5 forward Allen Holditch. Two other soph--6-5 forward Dennis McGaha and 6-3 forward Pinky Pulliam--are also on hand.

Under another new ruling by the state association, the Tigers were able to sign two players from outside the state and Lindsey has accomplished that with 6-2 Eliza Barrett of Columbus, Ohio and 6-2 Tyrone Bryan of Savannah, Ga. in the fold.

Five freshmen from Northeast's five-county area within the state are on scholarship and trying for spots on the team. They include 5-11 Reggie Brown of Thrasher, 5-11 Fulton Alexander of Falkner, 6-3 Andy Chumbley of Belmont, 6-5 Freddie Copeland of Booneville and 6-0 Randy Crabb of New Site.

Three "walk-ons" are also in the pre-season drills, 6-0 Rickey Ford of Pine Grove 5-11 W. C. Johnson of Pine Grove and 5-11 Tommy Foshee of Alcorn Central. "Finding a center to replace Davis is probably the biggest job," Lindsey said. "We'll be working on that and on fundamentals when we get down to serious work."

Completing a schedule, not finding players, is the immediate objective of Lothmore.

"We've had about 20 girls from all over the area shooting a little each day," he said, "and from what I understand, we'll be able to carry only 12 to 15 on the roster."

At least one girl who made all-state in high school, Ingomar's Shirley Hall, is making a bid for the Tigerette roster. Lothmore says he has "about eight games lined up right now, but I hope we will be able to play at least 15 games during the season."

The Tigerettes' boss is excited about the renewal of the girls' program. "It should be an interesting brand of basketball," he said. "We'll play it just like the boys do--with five girls, who'll play on both ends of the court."

REP. WILBURN

SAYS WILBURN

County Not Ready For Unit System

Speaking on the County Unit System, Itawamba County Representative Jerry Wilburn delivered an address to the Tuesday meeting of the Booneville Rotary Club.

Wilburn, an ardent legislator, spoke to the group of men here Tuesday in the Northeast Miss. Jr. College Cafeteria.

In his address he pointed out several facts why "this county should not go the County Unit System. In the first place, the new system necessitates the hiring of a county engineer. This in itself is expensive."

He further commented that all purchasing is done through one agent, which makes it an easier job for the different supervisors to operate their specific districts.

The speaker also noted that the main reason some of the counties in the state are changing to the County Unit System is because they are wealthy enough. "Prentiss County cannot afford to operate under the County Unit System," Wilburn said.

It was noted that all the construction in the county is done entirely under an engineer. The Board meets and sets up the priorities... which roads are going to be constructed... and then the construction of those projects is done.

All the purchasing is done through the central purchasing agent, this includes supplies, all culverts, all bridge supplies, etc.

He went further in saying that once a road is constructed, from that time on, the Board maintains that road regardless of what Supervisor's district it is in. A construction crew does all the maintenance and maintains all the bridges in the county, regardless of whether they have been recently built or whether they are older bridges.

He commented that the individual Supervisor's are responsible for the maintenance of the gravel roads in his district.

In explaining the procedure of purchasing, Wilburn said that the central office does all the purchasing. When a supervisor needs a particular object, he notifies the central office, who in turn bills the district for the supplies. Wilburn represents Lee, Itawamba, and Monroe Counties.

Touching on other subjects,

he commented that the present highway program "was not the fault of the Highway Commissioners. The legislature should have passed a highway program 20 years ago."

The Itawamba County native is a member of the Appropriations Committee and is chairman of the Local and Private Committee. This committee is concerned with the local legislation pertaining to municipalities and governmental organizations.

Booneville, Baldwin

Game Friday Night

BALDWIN -- The fireworks begin here Friday night as the hometown Baldwin Bearcats host the inter-county rival Booneville Blue Devils.

The Bearcats, playing on homeground, are coming back from a loss at the hands of Fulton last week. The Blue Devils are coming into the game with a win, and have been picked to take the Tom-bigbee Conference this year.

Although most statistics on the teams can be thrown out the window when gametime comes, most people feel that this will be a pretty good game.

Coach Jim Drewry commented that "we made a lot of mistakes last week, and we feel that we've corrected most of them now. The game

with Baldwin is a type of game that whoever gets the breaks and can take advantage of them, will win the game."

Drewry said that Defensive Safety Dwight Hastings will be in playing condition, but he was doubtful about Grizzard.

Baldwin Coach Hubert Tucker explicitly commended the boys on the Bearcat team for the job "they did last week. We played a good game, and the youngsters proved that they have what it takes."

Tucker further commented that "the kids did an outstanding job to play Fulton as close a game as they did. We are very proud of them." He indicated that the team members worked well with each other.

Flower Show Monday

The Town and Country Garden Club will stage their annual flower show this coming Monday.

Club officials said the show will be held in the home of Mrs. Jim Alexander in Cherokee Park.

Hours open to the public are 5:30 p.m. until 8:00 p.m. Imaginative floral creations will portray this year's theme "THE AMERICAN WOMAN--

YOU'VE COME A LONG WAY, BABY".

There will also be a Junior Division and a Men's Division. Mrs. Ben Taylor Smith, Flower Show Chairman, states that the Booneville club won a National Award for their 1972 show and is trying for an award again this year. The ladies have been working enthusiastically to make this one of their best shows.

'Tweety-Boy' Talks And Sings...

Don't try to tell 10-year-old Marica Lynn Johnson that a parakeet can't talk and sing!

Because the sixth grader at Thrasher High School has living proof that this can happen. Young Marica has a regular parakeet named 'Tweety-Boy', and he can sing and talk.

Marica, the daughter of Mr. and Mrs. Eber Johnson, purchased the rare bird in a pet shop in Tupelo. At the time of purchase the bird was only two months old, and now more than seven months later, the smart-winged bird can talk freely using some 83 words.

Marica's mother, Mrs. Shirley Johnson, has per-

formed most of the teaching skills to the bird. She says that the bird began talking after one and one-half months. It also whistled 'Bob White' and 'Chip Fell Out of The White Oak' for its first sayings.

Although the bird has a cage in which it sleeps at night, it usually just "flies around freely during the day." The Johnsons, however, have to take special precaution in

order to keep the intelligent bird from flying out of the house when doors are opened. Mrs. Johnson notes that the

bird likes to stay in the kitchen window and around the bathroom curtain.

The lady says that the bird "takes pleasure in biting the rollers in my hair. He just bites the rollers and talks away."

Another peculiarity of the bird is the fact that when the family sits down to a meal, the bird tries to eat on the table. At this point, it was noted, the bird is taken to its cage.

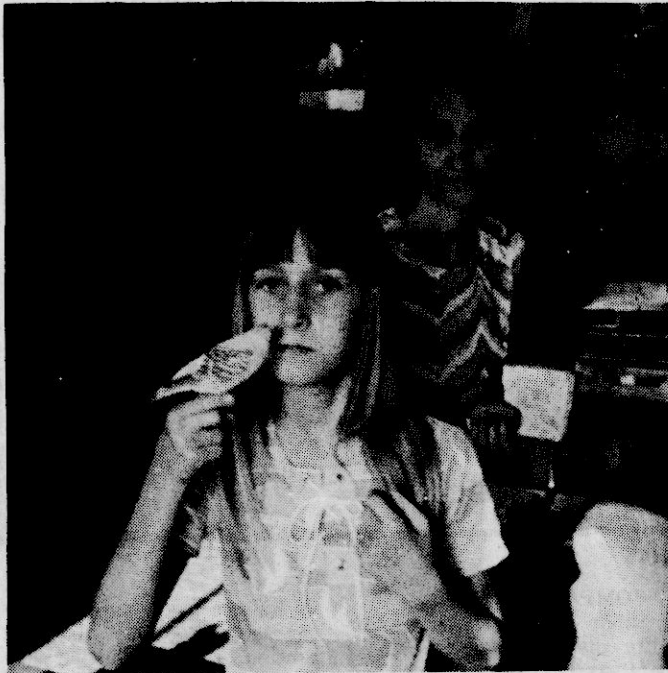

The bird's a rarity... for Mrs. Johnson has written to several magazines, etc., pertaining to the bird. Correspondence from the publi-

cations tells the lady that the birds are known to talk... but not as freely and quickly as does 'Tweety-Boy'.

The Johnsons have a son, Michael, 16.

Mrs. Johnson says that she has been repaid many times for the initial expenditure of \$6.98 plus the 45 miles in travel to purchase the bird. This is not the first parakeet the Johnsons have had, but it is the first that has talked and sang as freely as does 'Tweety-Boy'.

The lady commented that the bird just "sits in my hair most of the time. I talk to it as if I were talking to a person."

'TWEETY-BOY' PERFORMS

Spradling Explains Solid Waste Problems

Stanley J. Spradling, Assistant Engineer with the Miss. State Board of Health, was the recent speaker for the Booneville Civitan Club.

Spradling, who is well-versed in the problems of governments in the solid waste situation, directed his remarks concerning this problem.

He commented that "Prentiss County has solid waste problems, as do all of the counties in Miss. He noted that some of the counties are solving their problems by entering into county-wide solid waste management systems."

Most of these have included the participation of the municipal and county governments working together. The Mississippi State Board of Health feels that the county-

wide solid waste system is the most practical and economically feasible, he indicated.

The Mississippi Air and Water Pollution Control Commission, in recent months, has ordered cities to cease burning since these dumps were contributing to air pollution. Also, several dumps have been closed due to the fact that they were causing surface water pollution.

The City of Booneville has the most serious problem in Prentiss County. Its solid waste is generated in a concentrated area and is deposited in one disposal site which has been an open burning dump. Baldwin also had the same problems as Booneville until it was taken into the Lee County system. The Baldwin dump was

closed to all on September 1.

The Mississippi State Board of Health recommends that a sanitary landfill be used as the means of disposal that would replace the burning dump. The landfill is operated, in most cases, as a joint operation between the city and county governments.

When municipal dumps are closed, rural people of the county are forced to deposit their waste in dumps out of the corporate limits. The Board of Supervisors is then responsible for furnishing the county people with a means of disposal. In the county-wide system, the supervisors have provided a means of storage and collection, in addition to disposal for the rural areas.

What About MERIT

MERIT is the Mississippi Economic Council's comprehensive program for county development. The program is applicable to all 82 counties in Mississippi.

Fifty-three counties are presently using MERIT to score themselves and earn awards in the 10 major areas of government operations--beautification, county finance, education, fire protection, health and sanitation, law enforcement, long-range planning, public libraries, public works, and recreation. MERIT, termed one of the "most comprehensive development programs offered in the nation" by the U. S. Chamber of Commerce, provides standards in each of the categories. Once

these standards are attained, the county receives a MERIT award.

As counties begin to survey their resources and begin studies to improve county management, MERIT is available to assist.

MERIT categories include standards designed to aid a county in making its government more economical and efficient. MERIT is the bridge between what a county has and what it could have.

In times when local officials are trying to find a guide in determining where improvements need to be made, why not MERIT?

Is Agnew Right?

Vice President Spiro T. Agnew has a right to be outraged by what he has accurately termed the "vicious and illegal practice" of individuals within the U. S. Department of Justice in Baltimore who are maliciously "leaking" secret information concerning alleged criminal activity to the public.

Every American has reason to be equally alarmed. If such malicious practice is allowed to continue, then no one in this Republic is safe. All can be accused by nameless and faceless informers, without the right of trial by jury, without the right to be heard, without the protection of law. There is no defense against that kind of government. You can be destroyed; your reputation, your business, your job, your security, your future; all can be wiped out. The crimes now being committed by the faceless informers within the

office of the U. S. Attorney George Beall far exceeds the enormity of any crime committed by the Watergate telephone tappers.

Has the United States Attorney joined in a conspiracy with the enemies of the present Administration in Washington to

destroy both the President and the Vice President? What reward has been promised or given by enemies of the Administration? Are these unfair and unfounded implications? No less unfair than the accusations which are at this moment being leaked from the office of the U. S. Attorney. And if U. S. Atty. Beall thinks that such implications and accusations are unkind, he has a quick and easy way to remedy the situation; stop the leaks.

BRIDGE for EVERYONE

James Kerry

The sacrifice bid is a subject rarely discussed by most bridge writers, probably because of the varied problems and risks in which the sacrificing player may become involved. When you stand to lose more points than the opponents will score by playing their contract, this is not the time to sacrifice; or if there is a good possibility of setting declarer, I can imagine nothing worse than after taking a jarring loss have your partner point out that the opponents' contract could not have been made anyway! The matter of vulnerability is very important too, and you generally don't sacrifice if vulnerable or against a non-vulnerable opponent.

East-West vulnerable.
North deals.

small heart to the ace reveals South's void to establish the proven finesse for the jack of trumps. Six hearts made, giving up one club at the end.

South holding 8 diamonds concluded from the bidding that his side had no defense against six hearts so it became a question of how many tricks he could afford to lose if he went down seven tricks not vulnerable for 1300 points it was better than losing 1430 to East-West. His main concern was what would be his partner's reaction to his bidding seven diamonds, the same suit with which East started the bidding. North of course, could do nothing but pass and pray. East promptly doubled.

West lead the heart five which South trumped. As expected, there was no quick entry to dummy so declarer resolved to play it from the closed hand. The ace of diamonds was cashed followed by the queen to East's king. East cashed a high spade and South trumped the second lead of that suit, cashed the jack of diamonds and got out with the king of clubs to East's ace. South was back in by ruffing a spade and conceding the high trump and one more club for down five, two diamonds, two clubs and a spade, for minus 900. Dummy's four clubs to the jack, ten and nine saved declarer two very valuable tricks.

Naturally the conversation was hot and heavy after the play was completed, North contending they could set six hearts by virtue of a club and heart trick, and South claiming they could not set it because North would lose his jack of hearts to a finesse once South's void was revealed.

Who was right? It all depends on how West plays trumps. If he foolishly lead the king from his hand and smothered East's ten, then he deserved to lose, and would be set. But we agree with South that this is most unlikely to happen because better than average bridge players who bid this well don't goof up makeable vulnerable small slams.

SUCCESS in MARRIAGE

by Professor J. Kenneth Williams

CAN'T KEEP A GIRL FRIEND

DEAR PROFESSOR WILLIAMS: For some reason, I can't keep a girl friend. I don't have much trouble getting a date but they turn me down after the second or third time. Are there some suggestions as to what might be wrong? - B L., Los Angeles

PROFESSOR WILLIAMS: There are many reasons why a person may not be able to keep dating the same person. Let's mention a few and see if any apply to you.

- 1-Talking too much about offensive subjects or bragging about yourself
- 2-Bad breath.
- 3-Body odor including foot odor because of not bathing regularly or not using deodorant or foot powder
- 4-Lack of taste in personal grooming such as type of dress, dandruff, uncombed hair.
- 5-Lack of manners such as not opening doors, not placing the chair at a restaurant
- 6-Failure to treat the girl like a lady. This is an unpardonable sin in dating. Always treat the girl as a lady whether she acts like one or not. Be kind, considerate, and respectful.
- 7-Not being able to carry a conversation or being able to initiate one when silence prevails.

These are some reasons. There are a couple of others we should mention. One involves certain basic values such as truth, honesty, attitude toward sex, toward religion, and types of entertainment. People differ in their definitions of truth. What one considers should be strict truthfulness and honesty, another may consider it more loosely. Sexual relations, to one person should be confined to marriage, to another it may depend on the situation. One may consider religion a very important part of his life; another may think of it lightly if at all. Some will consider only those types of entertainment which are free from unwholesome activity such as reference to sex, drugs, and alcohol; others may not see any harm in such entertainment. It could be that the person in this question is affected by one or more of the situations just mentioned. Also, there is the subject of personality. Depending on the type of personality one has will depend on his compatibility or lack of compatibility with certain persons. One who is very dominant may find that he will clash with others who have the same personality need.

As can readily be seen, there are many reasons why one may get a date but can't continue dating the same person. Take stock of yourself; be objective as possible; try to see yourself as others see you. Ask some of your close friends what may be wrong with you. If you have to, ask some of the girls who only gave you one or two dates what is wrong with you. Somebody, somewhere will give you a hint if you really want to find the answer.

PAUSE FOR POWER

The Biography Of A Christian

The biography of a Christian, as chronicled in the Bible, has three major chapters, and all three chapters are succinctly described in II Corinthians 5:1-4: "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, an house not made with hands, eternal in the heavens. For in this we groan, earnestly desiring to be clothed upon with our house which is from heaven; if so be that being clothed we shall not be found naked. For we that are in this tabernacle do groan, being burdened: not for that we would be unclothed, but clothed upon, that mortality might be swallowed up of life."

Observe the three chapters in a believer's biography. First, there is the "earthly house of this tabernacle." The earthly house of this tabernacle here refers to our present body. A tabernacle is a tent, and a tent is something temporary. And the earthly house of this tent, that is, our body, is temporary. Someday it will be dissolved, for the Bible says, "For we know that if our earthly house of this tent were dissolved," When the Bible says, "our earthly house of this tent will be dissolved," the Bible is speaking of death. Now this is the first chapter in the Christian's biography, the chapter of his present life, and it will be ended one day by death.

The second chapter of a believer's biography is entitled the "naked" stage. The Bible says, "If so be that being clothed we shall not be found naked." By the word, naked, the Bible refers to the soul without a body. This is sometimes called, the intermediate state. The soul is naked. Now, this is precisely the stage in which Paul and Peter, Augustine and Luther, John Wesley and John Calvin, are at the present time. At death they passed immediately into the presence of the Lord. They are now in heaven: "Absent from the body is to be present with the Lord. They are now from the body is to be present with the Lord." (II Corinthians

5:8). They are perfectly conscious and supremely happy. Their souls have been cleansed from all the vestiges of sin. But, though perfectly conscious in heaven and enjoying the presence of the Lord, they are, as the Bible describes it, "naked." The souls of believers who have died, though supremely happy in the presence of the Lord, are nevertheless "naked" without bodies.

The third chapter in a believer's biography is the eternal house stage. The Bible says, "We have a building of God, an house not made with hands, eternal in the heavens." The building of God, an house not made with hands, does not refer to some house or apartment in heaven. The building of God, the house not made with hands, is our resurrection body, and that new body will become ours at the resurrection. As the Apostles' Creed has it: "I believe...in the resurrection of the body and the life everlasting." This resurrection body is a body not made with hands, that is, we do not get it by human conception. It is a body eternal in the heavens, that is, it will be a real body that we will have for eternity and that will be suited for life in heaven.

To sum up, therefore, there are three chapters in a believer's biography--the present tent stage, the naked or intermediate stage, and the eternal house stage. Believers who have died are now in the second stage. They are perfectly conscious and are enjoying the presence of the Lord. They have been cleansed from all the defilements of sin. But they still await the day of their final redemption when they shall receive a new resurrection body (Romans 8:23). In a great triumphant passage the Bible describes this supremely important day, "Behold, I show you a mystery; we shall not

sleep, but we shall all be changed. In a moment, in the twinkling of an eye, at the last trump; for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed. For this corruptible must put on incorruption, and this mortal shall have put on immortality, then shall be brought to pass the saying that is written, Death is swallowed up in victory. O death, where is thy sting? O grave, where is thy victory? The sting of death is sin; and the strength of sin is the law. But thanks be unto God, which giveth us the victory through our Lord Jesus Christ" (I Corinthians 15:8).

STORING HOUSEHOLD PRODUCTS

Many products found in the kitchen make housework easier and quicker. But they can become dangerous when in the hands of children. With a little extra care and thought, you can reduce the risk of their reaching little, curious hands.

The most important step is to store all household products out of reach of children. Rearrange all wall cabinets so that only harmless pots and pans occupy the lower shelves, under counter, or under sink areas. Reserve upper cabinets or top most shelves for household products. Installing automatic latching or hidden door-catching devices will also discourage the "little ones." But don't forget, what worked with a 3 year-old may not work for a 4 year-old.

Check all products to see if the label bears a "caution" or "warning" label. If so, pay particular attention to its storage.

FIREPLACE SAFETY

Can't wait 'till the weather gets cool enough to start up the fireplace this fall? Well, if you can't wait on the weather, do wait 'till you're sure the fireplace is in safe operating condition.

Although the fireplace is a favorite gathering place in the fall and winter, it's also one of the prime causes of fire in the home. Most often these fires result from a lack of proper service, improper

construction, or improper maintenance.

Now is a good time to give your fireplace a careful once-over. Check the brick at the hearth and at the sides and back of the fireplace to make sure the mortar is tight. The tiles, masonry, and mortar joints should also be checked to make sure they are sound.

Don't forget to check the damper to see that it operates smoothly and freely. The smoke shelf needs a thorough cleaning of soot and loose mortar.

Most chimneys and flues should be cleaned once a year. If birds and animals have used your chimney to build nests, the nests can catch the smallest spark and start a fire. They may also plug the flue, blocking proper exhaust of toxic gases.

These measures plus the use of a sturdy fine mesh screen that completely covers the fireplace opening will help assure you of a fire that warms but doesn't burn.

Now is also a good time to check or have checked any other heating systems in your home.

NEWS FROM THE COUNTY AGENT

W. T. Smith

COMPACTED SOIL

Sandy loam, silt loam and silty clay loam soils compact easily from use of farm equipment. These soils should be subsoiled each year 12 to 20 inches deep. Subsoiling breaks up the compacted layer, improves water intake and deepens the effective root zone of plants.

The compacted layer can be shattered better when the soil is dry, normally in the fall.

Any soils that have been recently landformed should be subsoiled. Subsoiling should be the last trip over the field with equipment in the fall.

FALL FERTILIZATION. For many farmers, fall application of fertilizer is a good deal. This is particularly true on soils that are to be prepared in the fall. Phosphate and potash applied in the fall have given good results, but nitrogen should not be applied in the fall for spring use.

Some soils, however, do not lend themselves to fall fertilization. These include soils that are so steep that erosion is a problem, soils where frequent overflow is a problem and sandy soils where severe leaching of potash may occur.

WEED CONTROL

Reduce next year's johnsongrass problems by taking action now. Following harvest, alternate disking and chiseling will cut johnsongrass rhizomes into short pieces, making them more susceptible to drying and winter kill.

FALL PLOWING

Fall plowing on clay and mixed clay soils following harvest has lots of advantages. These include burying stalks and debris so that they will rot during the winter, leaving the soil in condition to mellow from freezing and thawing, and leaving the roots of perennial weeds exposed so that they will freeze. Fall plowing will also make it possible to get in fields earlier in the spring.

Fall plowing permits shallow preplant cultivation of rows for weed control which will help conserve needed moisture.

LIME

It won't be long before lime vendors will be swamped with requests to lime row crop land following harvest. By liming pastures now, you can help make more trucks available to spread lime on cropland following harvest. Lime is your "blue chip" investment. Get it on the land now instead of putting it off.

Armed with a camera, these young people are ready to share their thought, ideas and creativity with others. They also share their photographic skills with younger 4-H members in meetings and field trips.

Some youths, like Fred Gurley of Jefferson, Ga., are using their photo know-how to help people in their communities learn about 4-H and its activities.

Recognizing that his local newspaper didn't carry much information about 4-H events, he landed a job as a part-time photographer for the paper. With young Gurley taking pictures of local 4-H activities and his editor running them in the paper, both have become active 4-H communicators.

1974 UPLAND COTTON PROGRAM ANNOUNCEMENT

The Agriculture and Consumer Protection Act of 1973 provides for a four-year program for upland cotton, feed grain, and wheat. The major provisions of the upland cotton program for the 1974 crop were announced on August 27.

Major program provisions are as follows: (A) The national base acreage allotment is 11,000,000 acres for 1974. (B) There are not set-aside requirements for 1974. (C) There are no conserving base requirements for 1974 through 1977. (D) There will be no preliminary payments. Any payment due will be made after January 1, 1975. (E) Any program payments to be made will be based on the target price of 38 cents per pound for 1974. If the average market price received by farmers during the 1974 calendar year is at or above 38 cents per pound, no deficiency payment will be made. However, if the average price is below 38 cents, the producers will receive a payment which will be the difference between 38 cents and the higher of the average market price or the loan level. (F) The planting of cotton is still required in order to be eligible for payment, except that the allotment acreage not planted because of drought, flood, or other natural disaster, or condition beyond the control of the producer is eligible for payment. (G) A farm may qualify for a special payment if any part of the allotment was prevented

from being planted or the farm does not produce two-thirds of the farm's expected production because of drought, flood, other natural disaster or conditions beyond the producer's control. (H) The 1973 Act limits the total payments to any one person under one or more of the annual programs for upland cotton, feed grains, and wheat to \$20,000. This limitation does not apply to loans; however, it does include both the deficiency and special payments. (I) A preliminary loan rate of 25.26 cents per pound, applicable to middling one-inch upland cotton (micronaire 3.5 through 4.9) net weight, at average location in the United States. The preliminary loan rate may be adjusted downward if world prices should decline. (J) The skip-row planting rules are unchanged from those in effect for 1971 through 1973 crops. (K) The method for establishing State, County, and farm allotments remains unchanged. The 90 percent planting provision and loss of allotment are the same as in the 1970 Act. (L) The provisions of the law relating to establishing the payment yield for the farm are the same as in the 1970 Act. (M) The new act authorizes transfers by lease, sale, or owner to nonallotment farms. (N) Producers may substitute any nonconserving crop (excluding marketing quota and sugar crops) to protect the allotment and may also protect the allotment with a conserving crop used for hay or for grazing.

Bearcats Bow To Fulton

The Baldwin Bearcats dropped their first game of the season Friday night. . . to the Conference champion Fulton Indians.

The Indians beat the Bearcats 32-14 on home ground.

Coach Hubert Tucker, his first year at the reign in Baldwin, commented that the players "played a good game. They performed very well, and I am proud of them."

Baldwin Tailback Al Phillips got the only Bearcat touchdown from the offensive line of scrimmage from two yards out. Defensive half-back Tony Harrelson raced 62 yards with an Indian interception.

The Indians rode the passing arm of quarterback Harold Miller, who threw for a pair of touchdowns and the back of running back Dale Stone who ran a pair of touchdowns.

Tailback Willie McKinney had a touchdown to account for the Indian scoring attack.

The Indians took advantage of an early break after recovering a fumble on the Tribe 35 and marched 65 yards in five plays to score. Miller hit end Ken Comer at midfield and two plays later McKinney dashed to the Bearcat 34.

On second and ten from the 34, Stone swept the left side and tight-roped the sideline to score with 2:38 remaining in the first period. The conversion by Mike Hill was good giving the Indians an early 7-0 lead.

Two plays series later, the Bearcats got a break recovering an Indian fumble in Tribe territory at the 35, as guard Don Rowan came up with the pigskin.

The Bearcats took nine plays to score. Quarterback Tony Bailey hit end Rusty Rutherford with a crucial third down pass to the Indian 23.

The 'Cats moved the ball on the ground to the five, where the Indians held for two downs, but the Bearcats got a break as the Tribe was penalized half-distance to the two yard line. Phillips took it in with 8:04 remaining in the second period. The conversion by Bailey tied the score at 7-7.

The Indians put the ball in play at the Tribe 40 after the kick-off went out of bounds and had the lead back in five plays as Miller hit end Joel Gray on a 27 yard post pattern touchdown. The conversion by Hill was good with 6:40 remaining.

The Indians needed 11 plays to score as Stone went seven yards to score.

Two plays series later after exchanges of punts the Indians took advantage of a short Bearcat punt which it put in play at the Tribe 39.

The Indians took nine plays to move 61 yards to score.

A pass to Gray from the Tribe 40 to the Bearcat eight was the key play of the drive.

Quarterback Miller with time running out, took the ball, attempted what looked like a broken-play quarterback sneak and threw to sophomore end Johnny Pounds for a score. The Conversion by Hill was no good and the score at half was 20-7.

The Indians received the opening kick-off of the second half and put the ball in play at the Tribe 25.

The Indians needed only four plays to cover the 75 yards with McKinney traveling the last 42 to score. The conversion by Hill was no good and the score was 26-7.

The Bearcats got its last touchdown with 2:38 remaining in the contest as Harrelson intercepted Miller and raced 62 yards to score.

The Indians received the ensuing kick-off and put the ball in play at its 25.

Blue Devils Trounce Tigers 30-6 Thursday Night

The pre-season choice Booneville Blue Devils cleared the first hurdle on their way to the championship here Thursday night.

The Devils ran over the Saltillo Tigers 30-6 in a rain-soaked ball game. Booneville started off rather slow, but got things going in the second half to enable them to whip the Tigers.

A dogged Tiger defense limited the Blue Devils to a lone touchdown and a 7-0 halftime edge before mistakes and a bigger Booneville ball club got together.

Quarter back Larry Nesler threw a pair of touchdown passes to pace the attack, as fullback Bill Spain and running back Dwight Hast-

ings got running tallies. Bill Ward kicked three extra points and a 27-yard field goal.

Nesler threw first to Spain and then to wingback Mike Steen for his point-making.

Saltillo tailback James Tolbert scored for the Tigers and in general provided much of the running punch throughout the ball game.

Booneville started marching after Saltillo failed to gain at the outset of the first period. But rugged defense, mistakes and penalties left the affair scoreless.

Nesler threw to Spain for the first touchdown on the

first play of the second period, climaxing a 54 yard drive in five plays. The pass covered 23 yards. A short kick gave the Devils field position.

Ward tried a couple of field goals in the first half, one of 20 yards and another of 35 without success.

A blocked punt opened the door for the second Booneville touchdown and the drive required three plays to cover 18 yards. Spain scored from 11 yards out.

An exchange of fumbles set up the next Booneville tally as Matt Vassar grabbed the loose ball at the Tiger

32. Nesler threw to Steen on the first play for a score. Saltillo lost on a fourth down gamble and Booneville

converted ball possession into Ward's field goal with 21 seconds left in the third period.

A fumble opened the door for the final Booneville tally, tackle Robert Miller claiming the free ball. Running

backs Jesse Pannell and Art Jumper reached the Saltillo 18 and Hastings turned the corner to score.

Tolbert, the Tiger work-

horse, set up the lone touchdown with a pass interception which covered 33 yards to the Booneville 31. Tolbert scored from 11 yards out and Glenn Glidewell's kick was low.

Saltillo quarterback Bob Branyan completed a 15-yard pass to flanker Tim May for one big Tiger play and Tolbert gained 21 yards on one running play.

Booneville defenders shut off the Saltillo offense effectively most of the game, making use of a strength advantage up front.

Carolyn Green Becomes Bride Of Gary Martin

On August 17th Miss Carolyn Ann Green became the bride of Mr. Gary W. Martin. The bride is the daughter of Mrs. Modenia Green and the late Mr. Wallis Green and the groom is the son of Mr. and Mrs. Roy C. Martin, of Booneville.

The ceremony was solemnized at Booneville Church of Christ, with Bill Huggins officiating.

Given in marriage by her brother, Mr. Greddie Green of Memphis, Tennessee, the bride chose a formal gown of satin, embroidered with clusters of crystal beading, which applied over the fitted bodice, scalloped the sheer yoke and raised neckline, and extended over the shoulders to form the Victorian style sleeves. Her chapel train was applied and completed with antique lace and crystal. The bridal veil consisted of a single

tier of lace-edged illusion, caught and shirred to a raised lace-trimmed caplet. She carried a bridal bouquet of yellow roses with white and yellow lace. The bride wore the groom's gift, a natural pearl necklace.

Matron of honor was the bride's sister Mrs. Shirley Nickolson of Booneville. The flower girl was Miss Cammie Sweeney, daughter of Mr. and Mrs. Ronnie Sweeney of Booneville. The matron of honor and flower girl were identically attired in floor-length gowns, fashioned of yellow floral crape. Mrs. Nickolson wore a white million straw picture hat trimmed in yellow. She carried a bouquet of yellow daisies.

Best man was Cary Martin, brother of the groom from Jackson, Mississippi. Ushers and candlelighters were Mr. Kenneth Nickolson, Mr. Sammy Green and Mr.

Ronnie Fulghum, of Booneville. They wore white and black tuxedos. Brent Martin, son of Mr. and Mrs. Ronnie Martin of Raymond, Mississippi was the ring bearer. He carried a white satin pillow.

Mrs. Green selected a formal gown of pink crepe over-layered with illotembroidery. Her corsage was of yellow roses.

Mrs. Martin chose a formal gown of blue crepe over-layered with chiffon. She also wore a corsage of yellow roses. Honor guests were Mr. and Mrs. O. R. Martin, grandparents of the groom.

Reception
The reception was held in the fellowship hall of the church. Yellow summer flowers and gold candelabras formed the attire for the brides table, which held the three tiered pound cake, decorated with garlands and topped with porcelain flowers. Miss McElroy Becomes Bride Of Riley Morris

The First Baptist Church of Wyn was the setting for the 3:00 p.m. wedding of Miss Melanie McElroy, daughter of Mr. and Mrs. Bruce L. McElroy, to Riley Morris, son of Mr. and Mrs. James W. Morris, all of Baldwin. The Rev. Leo Barker officiated at the candle-light ceremony before a background of greenery and an arch entwined with greenery, southern smilax, and pink flowers. Two white Grecian urns on white pedestals holding pink mums, gladiolas, pink roses, pom poms, and baby's breath flanked the arch. Candelabras and spiral candelabras holding pink tapers were lighted by Larry Gentry and Steve Lampkin.

A program of wedding music was presented by Mrs. Clanton Sansom, organist, and Greg McGee, vocalist. Preceding the ceremony, Mr. McGee sang the "Wedding Song" and "I Love You Truly". Following a prayer at the close of the rituals, he beautifully rendered "The Wedding Prayer".

Given in marriage by her father, the bride was radiant in a gown of silk organza designed with an Empire bodice featuring a sheer yoke outlined with Peau d'Ange chantilly lace. The high accented neckline and long Bishop sleeves were of lace appliqued with pearls. The A-line skirt was accented with lace bands, extending the full length of the train. Her three tiered veil of illusion fell from a bandeau of chantilly lace encrusted in pearls. She

carried an old fashioned bouquet of pink rosebuds with streamers of pink velvet ribbon. Her jewelry, a gift from the bridegroom, was a white gold necklace, centered with a beautiful opal.

The bride's attendants wore floor length gowns of hot pink taffeta skirts with double ruffles at the hem line. Each bodice was made from imported knit with long sleeves. Double ruffles edged the sleeves and neckline. The contoured belts had bows centered in the back, which matched the bows on the garden hats that were the same shade of hot pink as the dresses. They carried old fashioned nosegays of mixed pink flowers. The bride's attendants were: Maid of honor, Miss Kim Caldwell; bridesmaids were Misses Janet and Joan Caldwell, Jo Annice Bobbs, Jennifer Jones, Jan McKay, all of Baldwin, and Mrs. Brad McElroy of Columbus. Junior bridesmaid was Rothann McGee, niece of the bride, and flower girl was Amy Gibson, niece of the groom. They wore identical pale pink satin peau d' sole dresses with hot pink velvet ribbon sashes. Rothann carried a miniature nosegay like the bridesmaids, and Amy carried a white wicker basket filled with flowers. Matt McGee, nephew of the bride, served as ring bearer.

Attending Mr. Morris as best man was Steve Pace. Groomsman and ushers were Chuck Gower, Larry Gentry, Tommy Johnson, David Ba-

rnies, Steve Lampkin, and Tim Benjamin. They wore black tuxedos with hot pink ruffled shirts the same shade as the bridesmaids dresses. Their boutonnieres were pink rosebuds.

Mrs. McElroy wore a pink crepe dress with long chiffon sleeves. The collar and cuffs were studded with beads and pearls. Mrs. Morris wore an aqua polyester and lace coat and dress ensemble. Both mothers wore white orchid corsages.

After a brief honeymoon, the young couple are at home in Atlanta where Mr. Morris is in school.

RECEPTION

Immediately following the wedding, a reception was held in the fellowship hall of the church. Mr. Steve Caver entertained the guests with a medley of beautiful piano selections. Mrs. Jerry McGee, sister of the bride, greeted the guests at the entrance and they were registered by Mrs. Jimmy Gibson, sister of the groom, and Miss Pat McElroy, sister of the bride. The registry table was covered with white satin and lace, and centered with a memory candle, the base of which was encircled with greenery and pink flowers. A silver bowl held miniature scrolls, tied with hot pink ribbon, upon which the young couple had composed a poem to their guests, expressing their appreciation.

Guests were then directed to the bride's table which was overlaid with white satin and lace. Hand made pink satin roses cascaded down the table skirt. Centering the table was the four tiered white cake, decorated with pink buttercream roses with green leaves. The base cake was square with sugar love birds gracing each corner. The three top tiers were round, separated with grecian columns. The separations were filled with hand molded sugar bells and white satin bows. The top ornament was made of three white satin wedding bells with pink rosebuds and satin ribbon. Silver candelabras decorated with pink rosebuds, pom poms, and baby's breath, and holding pink tapers were on each side of the cake. A round companion table held the punch fountain. The bridesmaids bouquets surrounded the base of the fountain, and an arrangement of mixed fresh flowers graced the top. The cloths for the registry table, the bride's table, and the punch table, were hand made and exactly alike.

The groom's table was overlaid with an anercut work and embroidered linen cloth, imported from Hong Kong. The two tiered chocolate cake was crested with sugar frosted green grapes, and the base was encircled with the grapes. Triple gold candelabras holding ivory tapers and entwined with green grapes were on each end of the table. Both the bride's table and Groom's table had an arched candelabra with pink candles as a back ground. Green plants and ferns, and pink flower arrangements were used at vantage points throughout the hall. Serving at the bride's table were Mrs. J. B. Baker and Mrs. Edward Brown, and at the groom's table were Mrs. Johnny Davidson and Mrs. John Edmondson.

Placed on a white wrought iron table was a pink tree, decorated with pink bows and maline puffs, and topped with two white love birds. The

base was circled with ivy and roses. The branches held dainty white baskets filled with tiny rice bags and decorated with pink rosebuds. These were presented to the guests. A miniature tree of similar design was used on top of the piano.

Floating hostesses were Mesdames James Landrum, T. Charles Gower, Leland Roberts, C. W. McCarthy, Jimmie Cunningham, and James M. Jones. Tea girls were friends and classmates of the bride.

For traveling, the bride chose a three piece pink silk pants suit, and she wore a pink rosebud corsage from her bouquet.

REHEARSAL DINNER

The rehearsal dinner was held on Thursday evening at six o'clock, at the Country Inn, hosted by the groom's parents, Mr. and Mrs. James W. Morris. Centering the long table was a lovely arrangement of mixed pink flowers in a silver bowl, and flanked by silver triple candelabras holding pink candles.

A delicious three course dinner was served after which Mr. Morris presented his attendants with gifts.

Miss McElroy chose for this occasion, a floor length fall dress with a deep rust skirt. The bodice and long sleeves were of heavy ecru lace. Her corsage was deep gold daisy pompons, accented with green velvet leaves and matching rust ribbon.

Pre-nuptial events began on July 13 with a shower held in the Mt. Olive Baptist Church. On July 28th, a Tea Shower was held in the home of Mrs. James Mack Jones. Co-hostesses were Mesdames James Landrum, T. Charles Gower, Leland Roberts, Johnnie Arnold, C. W. McCarthy, Harmon Duncan, Jimmie Cunningham, Chubby Parker, Homer Heavener, and W. E. Caldwell. Over a 100 guests called between the appointed hours. On August 1st, a kitchen shower was held in the home of Miss Kim Caldwell honoring Miss McElroy. Assisting in enter-

taining were Janet and Joan Caldwell, Jennifer Jones, Becky Reynolds, and Mrs. Charles Reed. Guests were classmates and friends of the honoree. She received many useful gifts for her kitchen. On Thursday, August 16th, Mrs. Jerry McGee, Mrs. Jimmie Gibson, and Miss Pat McElroy honored Miss Melanie McElroy's attendants with a luncheon in the McGee Home. Miss McElroy presented gifts to the following attendants: Maid of honor, Miss Kim Caldwell, bridesmaids Janet and Joan Caldwell, Jennifer Jones, Jo Annice Bobbs, Jan McKay, Junior bridesmaid, Rothann McGee, and flower girl, Amy Gibson. Special guests for this occasion were the bride's mother, Mrs. Bruce McElroy, Mrs. James W. Morris, mother of the groom-elect, Mrs. J. C. Morris of Fullerton, California, sister of the groom's mother, and Mrs. Bobby Hamblin of Cape Girardeau, Missouri, sister-in-law of both Mrs. Morris.

Judy Bethay, James Myers Wed In Methodist Church

The First United Methodist Church was the scene of the wedding of Miss Judy Lynn

Myers, son of Mrs. Fred Myers of Corinth, and the late Mr. Myers, who were united in marriage Saturday evening, August 25, at 7:30 o'clock, in a candlelight ceremony of unusual beauty. The

Reverend J. S. Hathorn, pastor of the Booneville First United Methodist Church and the Reverend Huey Wood, pastor of Gaines Chapel United Methodist Church of Corinth, officiated in the double ring ceremony.

The guests were registered in the vestibule by Miss Frankie Bethay, cousin of the bride, from a table covered with candlelight lace edged with tiny wedding rings of pearls and ornated with a brass candelabra interspersed with varied shades of pink summer flowers. She also presented each guest with a miniature scroll tied with pink satin

ribbon inscribed with the names of the couple and containing a statement explaining the reverence and spiritual significance of the ceremony and personal thanks from the bride couple to the guests for attending their wedding.

The nuptial music was presented by Danny Beckwith of Corinth, organist, and Marty McLendon of Oral Roberts University, soloist, who sang "The Twelfth of Never", "My Tribute" and "The Wedding Prayer".

Larry Bethay and Eddie Hutchins served as acolytes.

Troths were pledged before an altar centered with a spreading arrangement of pink and white chrysanthemums, gladioli and carnations adorned with arched and spiral brass Renaissance candelabra holding candlelight tapers festooned with ropes of lush Boston fern, lily-of-the-valley, and smilax. Beneath were pedestals embedded with ferns and tied with satin ribbons which caught the gleam of the myriad of candles which cast a glow of beauty over the sanctuary. On the side of the prie-dieu where the bride and groom knelt during the prayer stood the trinity candles, also brass on a wrought iron base, which became the unity candle symbolizing the two personalities when they were used in the wedding ceremony. Preceding the recessional those present sang "The Doxology".

The church pews were marked with a lighted candle placed in single tall brass candleholders entwined with smilax and tied with ivory satin ribbon.

THE BRIDE

The lovely petite bride was given in marriage by her father. She was attired in a gown of ivory silk peau de soie overlaid with ivory silk organza. Hand-clipped motifs of French corday lace embroidered with seed pearls were applied on the high-rise bodice and outlined the sheer V-shaped yoke, the bishop sleeves and the jewel neckline. The flared skirt was sprinkled with beaded lace which also scalloped the hemline. Her tubular, chapel train was gathered at the back under panels of lace and was also sprinkled and completed

with the pearls and lace. Her veil, of imported silk illusion, fell in two panels to her waist and was fastened to a raised headpiece with a triple bow. The headpiece was applied with stiffened lace flowerets highlighted with seed pearls and iridescents. Her only jewelry was her grandmother's ring. She carried a cascade bouquet of pink briar-cliff roses accented with gypsophila and stephanotis and softened with puffs of tulle from which streamers of ivory ribbon fell.

ATTENDANTS

The bride was attended by Miss Patti Perry as maid of honor. Serving as bridesmaids were Miss Carolyn Duncan, cousin of the bride, Miss Laura McGinnis, Greenwood, Mrs. Feak Geno, Jr., Brooksville, Florida, Mrs. Michael Johnson and Miss Sandra Goodman. They were identically attired in ivory, rose and moss floral print gowns of organza with rose underskirts. The V-necklines were trimmed with ruffled ivory clung lace which extended at the back to the lace trimmed flounced skirts. Moss green satin ribbons encircled the raised waists. They wore transparent braided picture hats banded with floral organza and lily-of-the-valley. They carried candlelight straw baskets holding tiny pale pink carnations with hot pink centers, gypsophila, and leatherleaf fern tied with flowing hot pink streamers. Little Miss Amanda Gearhart, niece of the bride of Cincinnati, Ohio, wore a miniature version of the gowns worn by the other feminine attendants was flower girl and carried a smaller basket of flowers.

The bride's bouquet and those carried by her attendants were designed and created by the mother of the bridegroom.

Mr. Myers was attended by his brother, Carey Myers, as best man. The Grooms-men were Frank Carlisle, Glenn Bennett, Bobby Sentell, Don Dalton, Ronnie Bethay, brother of the bride, Larry Bethay, nephew of the bride, and Eddie Hutchins.

Mrs. Bethay, mother of the bride, chose for her daughter's wedding a formal gown of moss green chiffon with fitted bodice, long sleeves and full skirt. The high collar, cuffs and belt were accented with matching satin. Her corsage was a green orchid.

Mrs. Myers, mother of the bridegroom, selected an original floor length gown of pink crepe designed with a fitted waist line and an accordion pleated skirt. The neckline was delicately traced with tiny pearls and crystals which climaxed into larger crystal prisms. She wore a pink orchid corsage.

RECEPTION

Immediately following the wedding the parents of the bride entertained with a reception on the patio of the church. The deep piled carpet of green grass and growing shrubs created a beautiful natural setting where the many guests were cordially greeted by Mr. and Mrs. James Bethay, brother and sister-in-law of the bride.

The bride's table was covered with candlelight chandelier lace over satin and centered with the beautifully sculptured all ivory three tiered wedding cake surrounded by pink flowers and fern. The anniversary tier was decorated with satin wedding bells outlined with pearls and caught with illusion and lily-of-the-valley. The bottom layer shaped as a four leaf clover was ornamented with spun sugar roses. On either side were giant hurricane lamps covered memory candles and encircled with arrangements of pink snapdragons, rose buds, and carnations laced with fern. Completing this setting were silver compotes holding pink and white wedding bells and wedding ring mints.

Mrs. W. V. Kemp cut the bride's cake assisted by Miss Becki Houston and Mrs. Bobby Lowry. Delicious hors d'oeuvres and canapes were placed on a companion table along with a silver punch fountain gleaming with iridescent lights. Mrs. Nelson Baldwin presided

over this table.

Punch was served from a silver punch bowl by Mrs. Tom Mackey and Mrs. Bob Gearhart, sisters of the bride.

The bridegroom's table overlaid with brown burlap edged and trimmed in metallic gold was centered with a three-tiered german chocolate cake topped with a miniature bridegroom holding a golf club and handsomely decorated with green grapes, tiny golf clubs and balls. Brass hurricane lamps were distinguishing accessories. Mrs. J. Cliff Michael, Miss Susan Gray of Corinth, and Miss Becky Vangant, cousin of the bridegroom of Holly Springs, served this cake.

Distributing pink satin roses holding rice were Robin Mackey, niece of the bride of Newark, Ohio, Pam Pearce and Patti Carlisle, both of Corinth. They wore formal length dresses of pink floral organza.

Assisting with the various phases of hospitality were Mr. and Mrs. Emmons Turner, Jr., Mr. and Mrs. Frank Bethay, and Mr. Nelson Baldwin.

Throughout the receiving hours a program of appropriate wedding music was presented by Danny Beckwith, pianist.

For travel the bride wore an exclusive three piece original navy and white checked pant suit with a long sleeved safari jacket complemented with a green orchid. After a wedding trip the couple will be at home at 24 North Montgomery Street, Memphis Tennessee.

The rehearsal dinner, given by Mrs. Fred Myers and Cary, was held in the home of Mrs. E. M. Cochran.

From a festive table on the porch, guests were served punch as they assembled.

The bridal tables were decorated with pink carnations and gypsophila, and centered with a miniature nosegay of edible sweets and ivy. The focal point was a bird cage holding lovebirds amid an array of carnations and roses

Cards Of Thank

Words cannot express our appreciation to our many friends and relatives who were so thoughtful during our sorrow due to the sudden death of our mother, Mrs. Earline Owens.

We would like to thank each one for your prayers, food, phone calls and all the beautiful flowers. We would also like to thank all the singers and a special thanks to Bro. Eulon Pruitt and Bro. Johnny Sherrill for the wonderful words of comfort. Also to Jones Funeral Home for being so nice.

May God stand by each of you as he has us is our prayer.
