

Masked-Men Rob Marietta Bank

The Message Went Out . . .

MARIETTA -- Three masked-men left here mid-morning Thursday after robbing the Marietta branch of the Farmers & Merchants Bank.

Bank officials said the three men, wearing ski masks on their heads, got away with some \$17,000.

Within minutes of the 10:25 robbery, this branch bank was swarming with Sheriff's department officials, Highway Patrolmen, City Police-men, and FBI agents.

Officials of the bank said three men entered the bank at approximately 10:25. Upon entering, one of the men forced Branch Manager Tommy Gamble and Teller Mrs. Carolyn Downs at gunpoint to lie down on the floor, face down. The other robber

proceeded to another employee of the bank, Mrs. Dora Moore was busy in an inner office of the bank with her back facing the front, and did not have knowledge of the other employees whereabouts.

After being forced to lie on the floor at gunpoint, Manager Tommy Gamble was then forced to open the vault, of which he did. After the robbers had gotten the money from the vault, they threatened the bank's employees that they were coming back. Officials said this was an apparent attempt on the robbers to keep the bank officials from getting up to call the law enforcement officials.

The men fled in a dark green 1969 Ford with a

black vinyl top. Booneville City Police reported that the automobile had been stolen from the parking lot of the Northeast Miss. Hospital Wednesday night.

An intense search was carried on by local, state, and federal officials for the robbers. Road blocks were set up within a 50 mile radius of the robbery site.

Friday afternoon late, the automobile in which the robbers fled, was found. Officials said the vehicle was found in a wooded thicket some 3-5 miles west of the bank off a rural road. The normal investigative procedure was performed when the automobile was found.

At presstime, the three gunmen were still at large.

Law Suit Against Sheriff Dismissed

All action was dismissed against Prentiss County Sheriff Roy Elder and two deputies in a \$300,000 law suit

in Federal Court in Aberdeen September 12.

It was noted that Federal District Judge William C.

Keady dismissed the charges and ordered that "the plaintiff shall take nothing from his action and the complaint as filed against the defendants, Roy Elder, Charles A. Moore, Farrell W. Brumley, and National General Insurance Company, be and the same is hereby

dismissed with prejudice."

The original suit stems from an incident June 4, 1972 when Leonard Allen Graham, a 31-year-old Blackland resident, was arrested for public drunk and subsequently charged with destroying public property and resisting arrest. Graham was apprehended along with Howard Mayo, also a resident of the Blackland area.

The brief charged that Sheriff Elder, Moore and Brumley "illegally and unlawfully arrested Plaintiff and beat him up unmercifully."

"Defendants were acting under color of state law at the time of the beating and pretended that plaintiff was guilty of some crime when in fact they knew that he was not guilty of any crime and they arrested him and took him into custody and beat him", the brief continues.

The suit sought \$150,000 in compensatory damages from all three defendants, for his "loss of wages, for physical pain and suffering, mental anguish, anxiety, and embarrassment and humiliation, and for the excruciating pain he suffered..."

In the pre-trial order, the plaintiff contends that "Defendant's law enforcement officers arrested him unlawfully and beat him up for no cause whatsoever, and also, turned the heater on in the car on

SCS Okays \$8.2 Million For Eligible Farmers

Eligible farmers in Prentiss County will get part of \$8.2 million which the Soil Conservation Service in Miss. has received.

SCS officials said the state has received the money to repair agricultural lands and projects damaged during the 1973 floods.

Many landowners may be eligible for financial and technical assistance to repair damaged conservation measures. The original work need not have been done with SCS technical assistance.

Landowners who feel they have flood damages which are now impairing streams or

property of other landowners should get in touch with Tony Thompson, District Conservationist, Soil Conservation Service, Booneville. According to Thompson, floods that caused over \$8 million dollars in damages to Mississippi agricultural lands and projects, caused about \$136,000 similar damages in this county. Surveys were made in this county to establish the need for federal assistance.

Thompson said damage to individual farms will not be eligible, unless the damage is affecting other farms or streams. In order to qualify, the job must correct off-site damages.

At the same time, Thompson emphasized that no new work will be eligible, unless it must be installed to alleviate hazard to life or property. This money must be utilized to repair and restore work already in place at the time of the floods.

The district conservationist said all work must be sponsored by a legally constituted body, such as a drainage district, a soil and water

conservation district, a soil and water conservation district, state agency, county board of supervisors, or other group.

In addition to providing technical and financial assistance with flood-damage repair work, the Soil Conservation Service will continue to provide technical assistance to farmers qualifying under the emergency conservation measures program administered by the Agricultural Stabilization and Conservation Service.

Better Keep Those Seat Belts

An uncommon uproar has engulfed the automotive industry, the government, insurance companies, various and sundry experts and the public in a far-reaching controversy over automobile safety devices.

Specifically, the U. S. Government's Department of Transportation has mandated that "passive restraint systems" -- or airbags -- be installed, in lieu of seat belts, in all automobiles beginning 1976. However, most manufacturers of cars declare that airbags will give motorists less protection than safety belts, and the American Automobile Association (the AAA) accuses the government of playing a "statistical shell game with human lives." On one issue there is no disagreement; the airbags will add substantially to the cost of a new car -- and the buyers will foot the bill.

Tests have raised serious questions as to whether the airbag, as against seatbelts, will provide the cure--all we were first led to believe. Recently, for example, the crash of an airbag equipped car resulted in the death of a seven-week-old infant. Anticipating the crash, the mother very sensibly slammed on the brakes. The child was thrown to the floor. Upon impact, the airbags "deployed normally," but, of course, it was too late. The baby died. There were no seat belts in the test car. How tragic it is that a baby should die in the course of the experiment.

Concerned motorists may very well ask, however; how much

more dangerous will it be if, as the Department of Transportation insists, all seat belts are replaced by airbags? The bags operate only in frontal crashes, and then only above the 20-24 miles an hour speed; they are of no value in side collisions, rollovers, rear-end crashes or multiple-impact accidents -- and most fatal automobile accidents are not head-on collisions. And there may be other problems. Recently an airbag exploded accidentally as a couple was driving along a road, injuring one of the occupants.

One major car manufacturer, in a study reported by the National Academy of Sciences, found that twice as many lives could be saved by lap and shoulder belts than by airbags. The American Safety Belt Council estimates between 10-15,000 people a year would be saved if all motorists used seat belts.

Millions of mothers put their children in the front seat while traveling. It would seem prudent that every one of them should be properly restrained; the young ones in approved child seats (or infant carriers) secured by lap belts; the older ones by safety belts. The same goes for every occupant. But people won't be able to use safety belts if they are removed and replaced by the questionable airbag. Calm reflection suggests that the AAA may be right; the government should not play games with people's lives.

Simple History Study Supplied

Where is your elementary-school-age youngster going to get his information on Mississippi for that report? He could use big brother's textbook, but will he understand the words and the maps?

The Mississippi Economic Council has made available to every elementary school librarian in the state a copy of its publication, MISSISSIPPI: A SUMMARY FOR YOUNG CITIZENS. This easy-to-read, easy-to-understand booklet combines illustration and fact to present the elementary school student with a simple study of Mississippi history--her land, people, climate, and geography.

The booklet also lists the historical sites, state parks, and national forests in the state. Mississippi governors, authors, and symbols--flower, tree, flag, seal, bird, and so forth--

are also prominently displayed in the booklet. The booklet, available from the Mississippi Economic Council, Box 1849, Jackson.

MARRIAGE**

TAKING A BATH

DEAR PROFESSOR WILLIAMS: Would you mention cleanliness in marriage? I know of marriages that have been made almost unbearable because of one or the other being just plain "offensive." I am certain I could not live with a "smelly" woman and certainly wouldn't expect one to be happy with me if I didn't care how I looked or smelled. Soap and water are still quite inexpensive. -- H R, Minneapolis

DEAR PROFESSOR WILLIAMS: My husband works as a laborer. He stands on his feet all night, works two shifts and only takes a bath every two weeks. I have begun to sleep with the children because he smells so terrible. He wants physical attention but his lack of cleanliness has completely turned me off. We read your column regularly and I would like for you to write on the advantages of taking a bath regularly. -- O.O., Vancouver, B.C.

PROFESSOR WILLIAMS: There are very few reasons why most persons can't bathe regularly today. Soap and water are relatively cheap and available. Bathing, at least daily, is a must; and, depending on the activity or type of work, and climate, more than once may be desired.

But, why would a person not bathe often? Some are from a home background where bathing is done only once or twice a week; this is "just the way" it has always been done. Others have never been taught the value of cleanliness including washing regularly and often. There are some who, for some physical ailment find it extremely difficult to bathe at all. There are those suffering from some type of skin disease which might prohibit bathing too often. Some can't afford soap required for frequent washing but these persons are quite rare.

One can become accustomed to his body odor over a period of time and is not aware of being offensive to others. This is very true if he doesn't bathe regularly and use deodorant. However, most of the just mentioned reasons can be overcome leaving a very small number who really can't bathe and keep clean. Many are just too lazy and negligent to care about daily cleanliness and good grooming.

We are living in a culture which emphasizes neatness and cleanliness. A guy or gal doesn't get many dates if he or she is unclean, unneat, and has some kind of body, mouth, or foot odor. One of the quickest ways to destroy a sex relationship in marriage is for one of the spouses to be careless in cleanliness and personal dress.

It is imperative that we bathe regularly, preferably at least daily if possible. Always change underclothing and socks after the bath. Use deodorant and foot powder regularly; have more than one pair of shoes so that the same pair isn't worn every day. By alternating footwear, foot odor is minimized. Also, brush the teeth and use mouthwash regularly. Never wear the same clothing two days in succession. Regardless of regularity in washing, if clothing isn't changed odor accumulates and the effect of bathing is offset.

What has been said has to become habitual and automatic. Cleanliness should be accepted as essential and made a part of life as eating and other essential activities. One will find that many relationships will improve if personal grooming and cleanliness improve.

PAUSE FOR POWER

'I Believe . . . In The Resurrection Of The Body'

"I believe . . . in the resurrection of the body and in the life everlasting." Countless thousands of Christians each Sunday, reciting the Apostles' Creed, confess their faith in the resurrection. Indeed, the doctrine of the resurrection of the body has been written into all the historic creeds of Christendom.

But, what will be the nature of the resurrection body, and that clue is found in the biblical term, "firstfruits." The Bible says, "But now is Christ risen from the dead, and become the firstfruits of them that slept. For as in Adam Adam all died, even so in Christ shall all be made alive. But every man in his own order: Christ the firstfruits; afterward, they that are Christ's at his coming" (I Corinthians 15:21-24). In the early part of the harvest season an Israelite would bring to the temple a sheaf of grain and present it to the Lord. This sheaf of grain was called "firstfruits," and it served a double purpose. It was both a pledge and a pattern of the coming harvest. So the resurrection of Jesus Christ is both a pledge and a pattern of our resurrection. He is the firstfruits of them that slept.

Now, there are three things that we can say about the resurrection body of Jesus Christ.

First, the resurrection body of Christ was a real material body. That resurrection body of Christ could eat and drink, though it did not need to do so, and that body could be touched.

Secondly, the form of that resurrection body was the same form that Jesus had before he died. The disciples had no difficulty in recognizing Jesus Christ as their crucified, risen master. THEY EVEN SAW THE PRINTS OF THE NAILS IN HIS HANDS.

Yet, paradoxically, and here is the third fact, that resurrection body was a different body than the one that was laid in the grave. By a different body we mean that it was a glorified body. It was a body that was capable of passing through

the walls of a room. This was a miracle and we cannot explain it, but Jesus Christ actually entered a room when the doors were shut (John 20:19-24). Furthermore, Jesus Christ in His glorified body could be in one place at one moment, and then a few minutes later, He could be in another place, hundreds of miles away from the first place. This is simply laws of space and time. At His ascension Jesus Christ returned to the Father in heaven. Though we do not know where this third heaven is located, it is certainly beyond our present sidereal heaven. Yet light rays are only today reaching our earth planet from some stars in our sidereal universe and these light rays have been traveling for thousands of years. Light travels at the approximate speed of 186,000 miles per second. If Jesus Christ traveled as slow as the speed of light, He would not have yet reached the presence of His Father. He would still be traveling in space. But the resurrection body of Jesus Christ is not limited to the laws of space and it does not travel as slow as the speed of light. The resurrection body of Christ is a glorified body.

Now, since the Bible tells us that the resurrection body of believers will be like the resurrection body of Jesus Christ, we therefore have a clue to the nature of our own resurrection bodies. First, since the resurrection body of Christ was a material body, our resurrection bodies will be material bodies. Second, since the resurrection body of Christ possessed the same form, our resurrection bodies will possess the same form. But, third, since the resurrection body of Christ was a glorified body, our bodies will be glorified bodies. Our resurrection bodies will no longer be subject to the laws of space. Our present bodies are suited to this temporal life upon earth. Our resurrection bodies will be suited to that eternal life which will be ours forever in the presence of the eternal God.

The Bible therefore says, "Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that, when He shall appear, we shall be like Him; for we shall see Him as He is. And every man that hath this hope in Him purifieth himself, even as He is pure" (I John 3:1-3).

AUTO CARE EASY, FUNSAY

4-H GIRLS, AND BOYS TOO

Everyone knows that mechanical details of automobile care should be left to men. But along the way, someone forgot to tell the increasing number of girls in the 4-H automotive program.

As part of her work in the 4-H automotive program, Martha Lee, of Martinsville, Va., rebuilt a V-8 engine. Learning automotive maintenance from her father and older brother, the 1972 national winner, discovered that what can be difficult tasks for a man--changing a tire, battery, filter and mufflers--are really not difficult for her. For her efforts in the 4-H automotive program, Miss Lee received a \$700 scholarship from The Firestone Tire and Rubber Company, donor of awards in the 4-H automotive program.

Girls as well as boys, in the Cooperative Extension Service supervised program, learn about how an automobile works, and how it can be repaired. In addition, safe driving skills and habits are developed.

Donna Borrenpohl stressed safety in her 4-H automotive work. A resident of Okaville, Ill., Miss Borrenpohl worked with younger 4-H'ers in teaching them the importance of safe driving skills.

Her 4-H efforts earned her a \$700 scholarship as a national winner.

Working as individuals and in groups, youths in the 4-H automotive program sponsor driving skill clinics, seminars on how to repair autos, courses on defensive driving and help teach younger 4-H'ers proper respect and knowledge of automobile operation.

Firestone, program donor, provides incentives and recognition to boys and girls in the 4-H automotive program. Up to four medals of honor are awarded winners in each county, while the top winner in the program from each state receives an expense-paid trip to National 4-H Congress, in Chicago, Nov. 25-29.

During the annual 4-H event, eight national winners are announced by the National 4-H Service Committee. Each receives a \$700 scholarship courtesy of Firestone.

Also, certificates are awarded to 4-H groups having outstanding 4-H automotive program, and two attractive plaques are given to the best 4-H group or county automotive program in each state.

For more information on the 4-H automotive program contact the county extension office.

Senator Maxcy Surveying People

State Senator Joe Maxcy of Aberdeen is running a survey to determine the thoughts of the people in his district. Since Prentiss County falls in that district, this newspaper is printing the survey and encourages the county citizens to respond to the questionnaire.

Senator Maxcy's survey is as follows:

In an endeavor to find the thoughts of the general public in the 4th Senatorial District, I am conducting the following survey. Please take a few minutes of your time to seriously consider each of these questions, mark your answers and return to Senator Joe Maxcy, P. O. Box 24, Aberdeen, Mississippi.

What you think about each of these issues is important and can play a part in the development of legislation on each of these matters.

FERTILIZER SITUATION

Nitrogen and phosphate fertilizers are both in short supply so it will be a good idea if you can book your needs well in advance of the time you will need them.

Soil testing to determine lime, phosphate and potash needs will let you know which fields most need the fertilizer.

DAIRY NOTES

If you expect your fresh dairy cows to maintain high milk production, you are going to have to feed them properly. Give them all the forage they will eat and enough concentrate for top production. If the cow gets all the top quality forage she will eat, one pound of grain for each three pounds of milk should be about the correct amount of grain to feed.

Don't cut back on grain because of the price. Feed for top production and you should make the most money. With declining numbers of dairy cows, there should be an increasing demand for milk.

SOYBEAN HARVEST

Hill beans, our earliest maturing variety, will be ready for harvest late this month. Dare and Hood soybeans will be close behind in early October. Many of these fields have grown up in weeds that

will make combining almost impossible. In such cases, Paraquat may be used to dry and kill the weeds.

Do not use Paraquat until the soybeans are fully mature or yields may be drastically reduced. You may consider soybeans mature when about one half the leaves have fallen and rest are yellowed.

The amount to apply is one-half to one pint per acre with one quart of non-ionic surfactant added in 100 gallons of spray. Use enough volume to get good coverage and allow 10 to 14 days for maximum effectiveness. Paraquat is the only chemical labeled as a harvest aid for oil mill soybeans.

CHINCH BUG CONTROL

Chinch bugs are probably the worst lawn pest in the state. It seriously damages St. Augustine grass. Check your lawn each week for this pest. If you find chinch bugs present or their damage, treat the whole lawn evenly and thoroughly with an insecticide. For best results, wet the lawn thoroughly before applying insecticide. Sprinkle the lawn again with water after application. If chinch bugs infestations are heavy, retreat the lawn again in two weeks to kill newly hatched bugs.

Blue Devils Trip Bearcats 35-6 Game Friday Night

The Booneville Blue Devils kept their winning skein alive Friday night as they beat the Baldwin Bearcats.

The Devils whipped the Bearcats 35-6, but it wasn't an easy win. Both teams traded touchdowns all during the game, with the most during the first half.

The Bearcats drew first blood, but were just unable to keep anything going. Bob Hall scored on a five yard run to give the Bearcats the upper hand in the first few

minutes of the game. Quarterback Larry Nesler sneaked in from the one after that and Bill Ward converted for a 7-6 lead for the Devils in the first half.

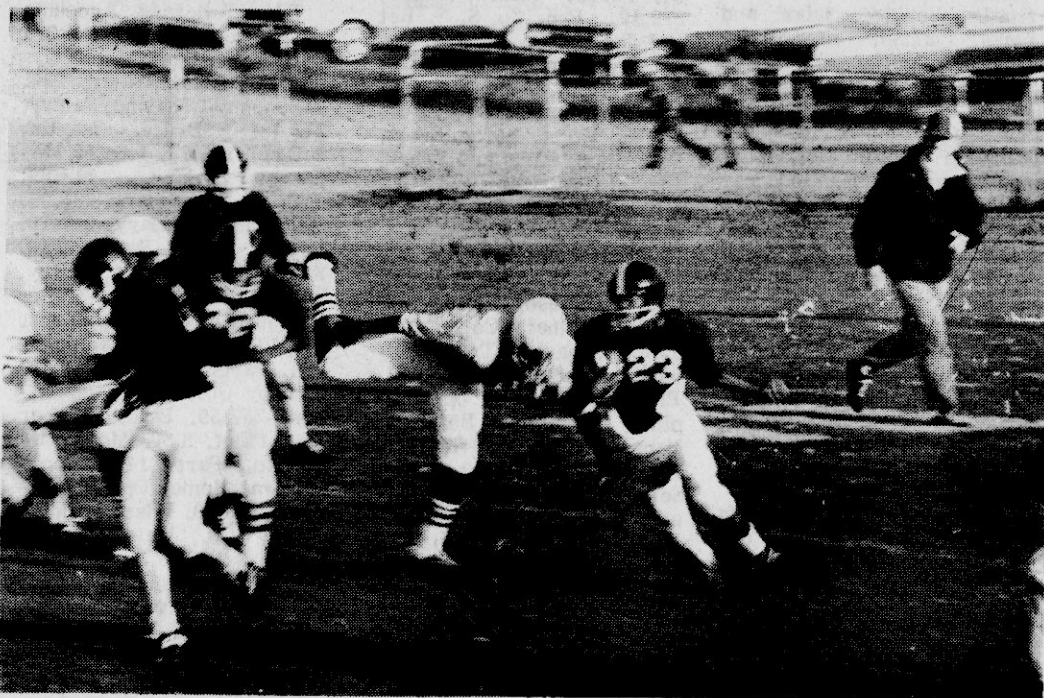

Bill Spain raced two yards in the third period and Dwight Hastings went two more to collect a pair of six-pointers. Nesler threw to Jim Christian for the two-pointer.

Mike Spoon fired to Willie Tynes for a 22-yard score in

the final period and Nesler flagged Matt Vassar with a 30-yarder for another. Ward converted to finish the scoring.

Booneville is unbeaten in two starts and Baldwin is winless in the same number of outings.

The Blue Devils meet Okolona here Friday night, while the Bearcats travel to Ripley for an encounter there.

Tigers Snap Losing Streak

The Northeast Miss. Jr. College Tigers won their first game of the new season here Saturday night.

The Tigers squeaked out a 20-19 victory over the Southwest footballers.

Northeast was ahead 2-13 at the intermission after Neely's touchdowns and a three-yard pass from Rick Ewen to James Walker.

Southwest quarterback Sonny Roberts plunged one yard in the first period for a touchdown and Butch Williams added the pat. Roberts

scored in the third period on a 31-yard run and passed 28 yards to David Lockwood for another score in the final period, but Williams' conversions failed both times.

Williams tried a 24-yard field goal with 18 seconds remaining, but it was wide.

This victory snapped a two-game losing span for the Tigers and enabled them to emerge from the cellar.

The Tigers head for winless LJC in the Saturday night scheduling.

No invitations are being sent but all friends and relatives are invited to attend the wedding and reception afterwards.

IRS Issues Ruling

JACKSON, Miss.—The Internal Revenue Service has issued a ruling recognizing the tax-exempt status of a Mississippi private school that has announced a racially non-discriminatory policy in admission of students to all activities of the school, an IRS spokesman said today.

The school is the Trinity Christian Training Institute in Bay St. Louis, Mississippi.

The ruling has been issued under the statement of position announced by the IRS on July 10, 1970, concerning the tax-exempt status of private schools. In that statement the IRS concluded that it could no longer legally justify recognizing exempt status to private schools that practice racial discrimination. Nor can it allow gifts to such schools to be treated as charitable deductions for income tax purposes. The IRS position is applicable to all private schools throughout the United States.

Trinity Christian Training Institute has publicized its racially non-discriminatory policy in local newspapers.

Where a school has publicly announced a racially non-discriminatory policy the spokesman explained that for purposes of issuing a ruling the IRS will assume

that such a policy has been adopted and will be maintained in good faith. This is in accord with normal IRS procedures in processing requests for rulings based on future activities.

The IRS maintains a vigorous program of auditing tax-exempt organizations. Examinations of private schools will take into account any complaints from the public or information from other sources that would indicate non-compliance with assurances made by the school to the IRS. If an examination indicates that a school has not administered its non-discriminatory policy in good faith, the tax-exempt status of the school will be challenged.

Scout Meetings

All boys in the 3rd, 4th, and 5th grades are invited to join the Cub Scouts.

Two meetings will be held on Tuesday night, September 25, 1973, at 7:30 p.m.; one at the First Methodist Church and the other at the Beckley Chapel CME Church in Sunflower.

Parents need to attend with their boys. Principles of Cub Scouting will be discussed.

Preventing Losses

The grain or beans left behind a combine on the ground are not profitable to a farmer, according to Mr. Kenneth Geno, agriculture teacher at The Prentiss County Vo-Tech School. Mr. Geno further indicates that through proper adjustment, the loss of grain can be cut to a minimum. To make the needed adjustments it is necessary to determine the cause of grain loss.

Grain is usually lost at the cutter bar (or header) or through unthreshed heads of grain which pass through the combine. In order to determine the source of loss, the combine should be operated a few feet in the field. If grain is found on the ground, its location in relationship to the combine should be determined. If it is in front of the combine the loss is due to natural shattering. Grain found under or after the combine may be due to cutter bar loss. Cutter bar loss may be caused by operating the combine too fast or slow, improper reel adjustment or speed, dull cutter knives, bent or missing guards, or incorrect knife register and alignment of the cutter bar. Sometimes improper speed and position of the feeding auger or retractable fingers cause grain losses.

The presence of unthreshed grain or whole bean pods behind a combine may be due to improper cylinder speed or concave adjustment. Losses, clear grain discharged by a combine may indicate a need for checking the straw walker or area along the fan.

Additional information on the proper adjustment of combines can be obtained from Mr. Kenneth Geno at Prentiss County Vo-Tech School, or any other Vo-Ag. Teacher in the County.

Golden Wedding Anniversary

Mr. and Mrs. Frank Cole celebrated their Golden Wedding Anniversary July 8. Their children hosted the occasion.

50th Anniversary Celebrated Here

On Sunday, July 8th 1973, Mr. and Mrs. Frank Cole celebrated their Golden Wedding Anniversary with open house.

Hosting the celebration were their children Mrs. Marie Burns, Mrs. Mary Young, Mr. Lee Cole, and Mrs. Edith Foster.

After registering, guests were served refreshments in the dining room. The table was covered with a white lace cloth and held an arrangement of yellow roses with yellow candles.

The three-tiered cake was decorated with yellow spun-sugar roses and topped with

a bride and groom. Punch was served from a gold punch bowl.

A host of friends and relatives came to congratulate Mr. and Mrs. Cole. The couple received many lovely gifts.

NORTHEAST NOTES

McCall Selected

NASHVILLE, Tenn.--Radio personality, Tom McCall, whose program is heard on KBUY in Ft. Worth, Texas, has been selected to membership in Opryland "Mr. DJ USA" Hall of Fame.

The honor places McCall in a small circle of American broadcasters whose names and the call letters of their stations hang in the Hall of Fame located in the permanent radio broadcasting facility in the family entertainment park here.

"Opryland U. S. A. is 'The Home of American Music' and," says General Manager, Mike Downs, "it's unthinkable to honor American music without also honoring the men who play music for America. The country's DJs give us the gift of music 24 hours a day and we felt that the best among them -- like McCall -- should be singled out for special honor."

The DJ came to Nashville to accept the honor and while here originated a show from the Opryland radio facility which was broadcast over KBUY from 1 to 4 p.m. on Saturday, September 1.

Opryland U. S. A. is a development on The National Life and Accident Insurance Company, an affiliate of NLT Corporation (NYSE and MSE).

Baldwyn High School opened its doors to students on Friday, August 24. Students went only a half day on Friday and the following week.

Band practice began on Wednesday, August 22. Mrs. Anne P. Scott, the band director, said that the band was much improved over last year at this time. Drum major Beth Tapp led a fine show last Friday night at Baldwyn. Majorettes Tammy Caver, Joan Caldwell, and Jennifer Jones put on a real fine halftime act along with flag girls Theresa Stone, Pansey Anderson, Shirley Bowdry, Quoinetta Watts, Paula Meek, Candy Dobbs and rifle corps Shelia Roman, Janet Caldwell, Sharon Franklin, and Joan McBrayer.

The officers are: Terry Lytal, president; Quoinetta Watts, secretary; Mitch Caver, assistant secretary; Joan Caldwell, reporter. The band is really doing a great job, so let's all support them.

B.H.S. cheerleaders for the 1973-74 season are: Holly Coggins, captain; Connie McKay, Sharon Lowe, Vanessa Beene, Karen Bishop, and Kathy Dillard. We've worked with a lot of determination and spirit to support the Cats, and we hope that all our fans will do the same.

There are four new additions to the Baldwyn High School faculty this year. They are: Miss Jeanett Seales, English; Mr. James Williams, assistant coach and American history; Mr. Hubert Tucker, head football coach and general math; Mrs. Hubert Tucker, drug education counselor. Along

with the new faculty members, we have fourteen new students that we would like to welcome.

All who went to Fulton on September 7 saw the Bearcats play a fine game although they were defeated 32 to 14. Baldwyn has not only a very dedicated team, but also some very spirited fans. The Cats hosted Booneville Friday night and were defeated.

This week the Cats go on the road to Ripley. The Cats have shown much effort, a desire to win, and team spirit this year. They deserve the best support we can give them, so come and support them Friday night. Don't be a slacker; be a backer. Boost the Bearcats!

Miss Eileen Anderson, Dale Gault Wed In Church

Miss Eileen Anderson became the bride of Dale Gault in a candlelight ceremony August 18 in the Balton Baptist Church. Parents of the couple are Mr. and Mrs. S. J. Anderson and Mr. and Mrs. J. B. Gault.

Rev. Wayne Burks officiated at the double ring ceremony and nuptial music was presented by Miss Kathy Gates, organist, and Mr. James Anderson, vocalist.

A brass arch candelabrum holding white tapers centered the altar flanked by jade foliage and palm tress accented with baskets of white chrysanthemums, gladioli and daisies. An arrangement of white summer flowers accented the vestibule.

The bride, escorted to the altar by her father, wore a formal gown of white nylon organza enhanced with white Venice lace and pearls designed with a fitted bodice featuring a high neckline and long bishop sleeves. The waistline was accented with white satin ribbon and a panel of Venice lace adorned the front of the gown. The chapel-length veil fell from a crown of organza and Venice lace

accented with seed pearls. Her only jewelry was a necklace, gift from the bridegroom. The bride carried a cascading bouquet of feathered carnations and roses centered with an orchid.

Attending her sister as maid of honor was Miss Bobbie Anderson. Bridesmaids were Miss Peggy Gault, Mrs. James Anderson and Miss Marilanna Brown. The attendants wore green dotted swiss with a fitted bodice featuring high necklines and long Bishop sleeves. The waistline was accented with green velvet ribbon. The attendants carried nosegays of summer flowers.

J. B. Gault attended his son as best man. Groomsman were Larry Cromeans, Peter Fulper and James Anderson.

Mrs. Anderson chose for her daughter's wedding an orchid lace princess gown. The mother of the bridegroom selected an original gown of pink polyester. Both mothers wore white orchid corsages.

Mrs. J. B. Ross, grandmother of the bride chose a blue knit gown accented with

white carnation corsage.

The reception was held in the fellowship hall of the church. The bride's table draped with an Army-Navy cloth of linen and lace held the three-tiered cake accented with roses and topped with miniature bride and bridegroom. A silver branched candelabrum holding white tapers and an arrangement of natural foliage and summer flowers centered the table. Green punch was served from a silver punch bowl.

For traveling, to the coast, the bride chose a pants ensemble of navy blue. She wore a white orchid from her bouquet. The couple will make their home in Starkville.

Mr. and Mrs. J. B. Gault entertained the wedding party with a rehearsal dinner in the beautiful decorated private dining room at the Bonanza on the eve of the wedding.

Miss Anderson was entertained with a brunch on the day of the wedding by her aunts, Mrs. James Ross and Mrs. Robert Ross in the Crown room of Kings Inn.

PFI Now Working At Vo-Tech

The agriculture department at Prentiss County Vo-Tech is participating in a new statewide agricultural mechanics program known as "Operation PFI," according to an announcement made today by Kenneth Geno. Mr. Geno is Adult Technician at Prentiss County Vo-Tech. Operation PFI focuses on Protecting Farmers' Investments in farm machinery and is conducted by the Vocational Division, Mississippi State Department of Education.

The purpose of Operation PFI is to promote instruction in the maintenance of farm machinery. More than 700 million dollars are invested in farm machinery in the State. In Prentiss County the amount invested is \$8,058,032 dollars. With this much money tied up in farm machinery, instruction in protecting the machinery is definitely needed.

There are several ways in which the local agriculture department will be involved in Operation PFI. The most important is providing instruction in repairing, painting and otherwise maintaining

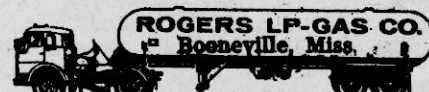

farm equipment. Other areas of activity in Operation PFI include promoting the proper maintenance of machinery, competing for awards with agriculture departments throughout the State, and selecting a Miss Farm Machinery Queen.

Additional information about Operation PFI may be obtained by contacting Mr. Geno at Prentiss County Vo-Tech School. Additional news re-

leased will be made in the months ahead on Operation PFI and the importance of proper farm machinery maintenance.

"LITTLE WHITE LIES"

In our endeavor to build a reputation as an ethical jeweler, we are very careful that all our personnel describe our merchandise as accurately as possible. Nothing disturbs me more than to have a customer complain that merchandise bought in our store had been misrepresented. Of course it is far more serious when the customer fails to tell us and talks about it to others.

So often the jeweler, and any other retailer for that matter, will simply pass the information on to the customer which was given him by the wholesaler, thinking the information was correct concerning the merchandise.

Unfortunately, the wholesaler can be wrong too. Even though no one, the manufacturer, the wholesaler nor the retailer, intend to misrepresent, the customers who purchase the jewelry receive something other than what is described to them.

This is fraud. There is no excuse for fraud. It matters not that the fraud is the result of improper information passed on by the wholesaler, or is perpetrated with intent by a jeweler, the result is the same: the customer does not get the merchandise described to him.

We may not always be correct, but we are working continuously to educate ourselves in order to help you know the truth about the merchandise you purchase from us.

MISS HILL

Hill, Whatley Engagement Told

Mr. and Mrs. Maurice Logan Hill announce the engagement of their daughter, Martha Ruth, to Mr. William Wayne Whatley of Columbus, Georgia.

Grandparents of the bride-elect are the late Mr. and Mrs. James Robert Hill and the late Mr. and Mrs. William Luther Caver.

Miss Hill, a graduate of Booneville High School, received her BS degree in home economics from Mississippi State College for Women. She served as president to Phi Tau Chi, the D'Belle Social Club and the college Home Economics Club, and was also an officer of Phi Upsilon Omicron. While in Columbus, Georgia, she has been employed as chairman of the home economics departments at Rothschild Junior High and Kendrick High School as a district home economist for the Georgia Power Company. She is presently a residential sales representative for the Power Company and is active in

American Women in Radio and Television and Women in Construction.

The prospective bridegroom is the son of Mrs. Clarence Dansey Whatley and the late Mr. Whatley of Dothan, Alabama.

Mr. Whatley graduated from Dothan High School and received a BS degree in pharmacy from Auburn University where he was a member of the student senate and an officer of Phi Delta Chi fraternity. He was formerly president of Tiger Bus Company, Incorporated, at Auburn, Alabama, and is a pharmacist in Columbus, Georgia.

The wedding will be solemnized on October 27, 1973, at eleven o'clock in the morning at Saint Luke Methodist Church, Columbus, Georgia. Dr. Jason Shirah, the bride's pastor, will officiate. Immediately following the ceremony Mr. and Mrs. Hill will entertain at a wedding breakfast.

MSBA Sets Workshop Dates

The Mississippi School Boards Association has scheduled six board policy workshops in the state between October 8 and 16.

Attending the night sessions in six Mississippi cities will be school board members and school superintendents from 150 school districts. The Workshops have been designed to provide those in attendance with practical suggestions for writing school board policy, compiling existing policy, updating obsolete manuals and differentiating board policy from administrative rules.

The Workshops will be led by Jim Luce of the Educational Policy Service. The EPS assists school districts through its numerous publications, by conducting workshop sessions and on a contract basis with individual school districts.

"We feel that Mississippi public school boards of trustees and boards of education will find the six workshops to be very valuable to them in their efforts to update their manuals. The school district policy manual is basically an outline of the way a school district operates," commented MSBA Executive Director John Hartman. "It is a real privilege for MSBA to be able to sponsor these meetings. We are very fortunate to have the services of the Educational Policy Service brought so close to our people."

Workshops are scheduled for: October 8 - Meridian - Junior College Auditorium, October 9 - Jackson - LeFleur's Convention Center, October 10 - Clarksville - Educational Services Building, October 11 - Tupelo - Ramada Inn, October 15 - Biloxi - High School Library, October 16 - Hattiesburg - William Carey College (Wilks Dining Hall).

MISS SHELIA PANNELL

Pannell, Pharr Engagement Told

Mr. and Mrs. James Mitchell Pannell of St. Louis, Missouri, are announcing the forthcoming engagement and marriage of their daughter Miss Shelia Pannell to Mr. Hoyle Pharr son of Mr. and Mrs. Hershel Pharr of Marietta.

Miss Pannell's grandparents are Mrs. Pauline Pannell and the late Mr. Leslie R. Pannell of Marietta and Mr. and Mrs. J. D. Smith of Marietta.

Mr. Pharr's grandparents are Mr. and Mrs. Vardeman Pharr of Marietta and the late Mr. and Mrs. Gulmar

Sparks.

The bride is a graduate of Oakhaven High School in Memphis, Tennessee. The groom is a graduate of New Site High School. He is presently stationed in Jacksonville, N. C., serving with the Marines.

The wedding will be solemnized on September 22 at 7:30 p.m. at the East Marietta Baptist Church. No invitations are being sent out but all relatives and friends are invited to come. A reception will follow the ceremony.

If all passenger car occupants used safety belts at all times, nearly 10,000 lives would be saved each year, says the National Safety Council.

Second Clean-Up Campaign

To Committee to Keep Mississippi Beautiful is promoting a second statewide Clean-Up - Paint-Up drive in an effort to further improve the beauty and cleanliness of the Magnolia State.

The week of October 8-13 has been designated as Clean - Up - Paint - Up Mississippi Week.

"So much was accomplished during the Spring Clean-Up - Paint-Up program during the week of April 23-28, we feel at this time that all litter and unsightly junk can be removed from our landscape during the second drive October 8-13th," says Commissioner Jim Buck Ross, Department of Agriculture and Commerce.

Ross, who is chairman of the Clean-Up - Paint-Up subcommittee, said, "We hope every Mississippian will join in this second effort, and that the litter problem will have been solved at the close of our October 8-13 drive."

Mississippi has much natural beauty which everyone is interested in preserving, but beauty and litter are not compatible.

This massive effort has the backing of Governor Bill Waller, state departments, city governments, youth groups, schools, Mississippi National Guard, garden clubs, and the Highway Patrol, as well as civic clubs, and individuals over the entire state.

Organizations have been set up on a city and county-wide basis to coordinate the efforts of all groups. Everyone is urged to do his or her part in helping KEEP MISSISSIPPI BEAUTIFUL AND CLEAN.

MR. AND MRS. THOMAS GREER

Katherine Tays, Ray Greer Wed

First United Methodist Church in Booneville was the setting for the July wedding of Miss Katherine Sophronia Tays and Thomas Ray Greer. The parents of the couple are Mrs. Herbert E. Tays of Booneville and the late Mr. Tays and Mr. and Mrs. John T. Greer of Senath, Missouri.

Officiating ministers were the Reverend Tom Rayburn and the Reverend J. S. Hathom. A program of nuptial music was presented by Mrs. Mary Gault Nabers, organist, and Mrs. Mary Nabers Gibson, soloist.

The bride was given in marriage by her brother, Benny Tays of Carlisle, Pennsylvania. She designed and created her A-line gown of candlelight crepe featuring a raised bodice inset with a Victorian neckline and bishop

sleeves accented with lace. Her face was framed by an illusion mantilla of Alencon lace. The bride carried a bouquet of white roses and baby's breath with satin streamers.

Attending her sisters as matron of honor was Mrs. Kenneth Lindsey of Booneville. Bridesmaids were Mrs. Ed Griffin, sister of the bride, and Mrs. Fred Setser of Prestonsburg, Kentucky.

The attendants wore gowns of blue and green pastel plaid featuring belted empire waists and bodices with white eyelet overlays. They carried single long-stemmed white roses and wore white garden hats with mint green streamers.

John David Raines of Senath, Missouri, served as best man. Groomsman were Errol Hendrix and T. J. Pugh, both of Memphis.

The reception was held following the ceremony in the fellowship hall of the church. Misses Mauvelene and Eunice Fugitt, aunts of the bride, welcomed the guests and Mrs. Dalton Garner presided at the guest register. Others assisting were Mrs. Thomas H. Comer, Sr., Mrs. Guy Robertson, Miss Earline Woods, Misses Debbie and Kenelle Lindsey, Mrs. William J. Young, and Mrs. Bobby Lowrey, all of Booneville, Miss.

Martha Nabers of Knoxville, Tennessee, Miss Linda Krebs and Miss Sara Helen Lowe, of Memphis, Tennessee. Following a wedding trip to the Ozarks, Mr. and Mrs. Greer are now at home at 3161 Tulip Poplar Drive in Memphis, Tennessee.

1974 Chevrolet

A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

Caprice Classic. Introducing an elegant motor car, just asking to be enjoyed. Outside: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Hydra-matic transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

Vega GT. This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, nicer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

Malibu Classic. A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting. That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic—and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.

Camaro. The way it looks is the way it goes. Quick, sleek and nimble. With a low, wide stance, responsive steering. And comfort that's rare in a car that handles so well. Plus classic new styling, and plushness from the cut-pile carpeting up.

50th Wedding Anniversary

Mr. and Mrs. Tommy Johnson will celebrate their fiftieth wedding anniversary Sunday Sept. 23. You are invited to attend the reception which will be held from 2 until 4 p.m. in the home of their daughter Mr. and Mrs. Travis McCarter in the Hopewell Community. The children and grandchildren and their spouses will host the occasion.

The highest per capita income area in the nation is Arlington County, Va., a Washington suburb, according to the 1970 census. Average

annual income of citizens, most of whom work for the federal government, is \$5,446.

Yates' Celebrate 50th Wedding Anniversary

In honor of their Golden Wedding Anniversary, Mr. and Mrs. Ernest Yates of the Jumpertown Community, were entertained and warmly greeted by many friends and relatives.

The lovely event took place in their home on Sunday afternoon, August 5, 1973, between two and five o'clock.

Guests were greeted by the honored couples' two daughters, Mrs. Howser Hughey and Mrs. Duane Murley, who opened the treasured anniversary gifts and displayed them for viewing.

The guest register table was covered with a lovely gold cloth and held the Family Bible beside the guest book, a gold candle, flowers and doves. Assisting at the guest book were Mrs. Edward Yates and Mrs. Donnie Lauderdale.

The refreshment table was a vision of loveliness adorned with a white lace cloth over gold. The table held a silver punch bowl with gold-lined cups, white napkins with gold engraving and gold mums in a silver candelabra. The three-tiered Anniversary cake was accented by a miniature man and woman surrounded by gold wedding band bracelets marking their 50th Anniversary. The cake was also adorned with gold daisies. In addition to the punch and cake, guests were served

assorted nuts and mints on crystal plates.

To help make the afternoon more pleasant for the honored couple their grandchildren assisted with greeting the guests and serving refreshments. The grandchildren are: Mike Yates, Tonya Yates, Danny Yates, Mrs. Gale Yates, Jr., Mrs. Tunnie Gann, Miss Peggy Hughey, Miss Anita Murley, Mrs. Terry Barkley, and little Miss Melissa Murley.

Miss Melissa Murley, lovely flowers, wedding bells, and doves were gracefully arranged at focal points throughout the home.

Injured Vets Having Trouble

Veterans with artificial limbs or other prosthetic devices that might trigger airport electronic screening devices will be given special consideration at airports upon presentation of identification cards issued by the Veterans Administration.

Donald E. Johnson, Administrator of Veterans Affairs, requested special FAA consideration for disabled veterans following several incidents of delayed departures caused when airport security devices were tripped by artificial limbs, braces and even imbedded shrapnel.

The problem was stated this way by a business executive in a letter to his Congressman:

"I am a wounded World War II veteran. I have shrapnel in my chest as the result of those wounds. Since the magnetic inspection procedures have been instituted at all airports, I think I have met every sheriff at every airport I have been to. I fly a lot and this has become a great source of embarrassment."

In a letter to FAA, Administrator Johnson pointed out-- "...we are not requesting that veterans be exempt from your strict security screening processes. Rather, we are requesting that when veterans with identification cards plan air travel, they would notify the carrier in advance of flight time and report at a specified time for processing prior to boarding."

In his concurrence, James Murphy, Director of Transportation Safety, pointed out that airport security measures must apply to everyone without exception, adding that special instructions had been given to airline security personnel to take care of the handicapped in a "tactful, effective and considerate manner."

Amputee patients can be cleared generally with walk-through or hand held detection devices, while those with prosthetic devices or in wheel chairs may require a simple "pat down" consent search.

FAA offered these suggestions to handicapped veterans for further expediting the screening process:

Call the airline in advance requesting special handling or a private screening, if desired.

Arrive at the airport early. This will give security personnel sufficient time to make the security screening checks required by law.

Identify himself. FAA suggests that handicapped veterans use the Veterans Administration's "Prosthetic Service Card," VA Form 10-2501 and/or present a letter from the VA or his personal physician that indicates that the individual has shrapnel or surgically implanted metal devices in his body which might trigger the screening detectors.

Cooperate fully. In many cases, the "pat down" consent search may be the fastest means of clearing a handicapped person and it is suggested for some of the handicapped air travelers.

Enrollment Increases

A 14 per cent increase in fiscal year 1973 pushed GI Bill school enrollments past 2.1 million to the highest level in 22 years, reported Merlyn J. Cook, Assistant Center Director for Regional Office at Jackson VA Center.

Included among the 2.1 million veterans who trained under the GI Bill in fiscal year 1973 were 1.2 million in college, 756,000 in other schools, and 189,000 who took apprenticeship or other on-job training.

Cook commented that increased enrollments had been expected, and "reflect, in part, efforts of many veterans discharged prior to enactment of current benefits to make use of them before the eight-year May 31, 1974, expiration date."

It was explained, however, that these same veterans have until August 30, 1975, to complete on-the-job training, farm cooperative, flight, and apprenticeship programs, because these programs did not become available until October 1967.

VA has paid \$27.1 billion to educate or train 14.3 million veterans and servicemen since World War II. A breakdown reveals \$14.5 billion went to 7.8 million World War II veterans, \$4.5 billion to 2.4 million Korean Conflict veterans, and \$8.1 billion to 4.1 million Post Korean Conflict veterans (service after Jan. 31, 1955, including Vietnam Era veterans.)

The agency currently pays \$220 monthly GI Bill benefits to eligible single veterans who train fulltime, with higher allowances to those with dependents.

One Year Old

Stephanie Paige West was one July 8th. Parents are Mr. and Mrs. David West, Grandparents are Mrs. Roy West of Booneville and the late Roy West and Mr. and Mrs. Neville Welkins of Granada, Miss.

Myra Barron, Kenneth Taylor Announce Plans

Mr. and Mrs. J. R. Barron of Booneville announce the forthcoming marriage of their daughter Myra Kaye, to Kenneth L. Taylor, son of Mr. and Mrs. Mathel Taylor of Booneville.

The bride-elect is the granddaughter of Mr. and Mrs. G. E. Hancock of Ridenzi, and Mr. and Mrs. J. C. Barron of Booneville.

The prospective groom is the grandson of Mr. and Mrs. R. P. Holloway of Cherry Valley, Arkansas and Mrs. James E. Taylor and the late Mr. James E. Taylor of Booneville.

Miss Barron is a 1969 graduate of Booneville High School where she was salutatorian of her class. She received her Associate of Arts degree from Northeast Mississippi Junior College where she was listed in Who's Who Among Students in American Junior Colleges. While there she was president of the Compass Club, vice-president of the Society of Student Scientists, and secretary of Phi Beta Lambda. She received her Bachelor of Business Administration degree from the University of Mississippi in May. While attending Ole Miss, she was president of Phi Beta Lambda, listed in Who's Who in Phi Beta Lambda in Mississippi, a member of Phi Gamma Nu, and a Dean's List scholar. She is presently employed at the Peoples Bank and Trust Company.

Mr. Taylor graduated from Marietta High School in 1968 where he was senior class president and a member of the basketball team. He received his Associate of Arts degree from Northeast Junior College where he was secretary of the Agriculture Club. He received his Bachelor of Science degree in Agriculture Economics in December 1972 from Mississippi State University where he was a member of Sigma Phi Epsilon social fraternity.

The wedding will be solemnized October 20 at 6:00 p.m. at the Church of Christ in Booneville. No invitations are being sent locally, but all friends and relatives are invited to attend

the ceremony and the reception immediately following.

PIP To Aid With Cash Flow

The initials PIP will be of considerable interest to hospital executives on September 21.

Periodic Interim Payments (PIP) will be the subject of a conference to be conducted in Jackson on that date by the Mississippi Hospital Association and the Mississippi Chapter, Hospital Financial Management Association.

Principal instructor for the session will be Frank Quirion, assistant administrator of St. Dominic-Jackson Memorial Hospital. Assisting him will be Robert Quimby, fiscal officer for Mercy Regional Medical Center, Vicksburg.

According to William K. Ray, Clarksdale, MHA chairman, PIP will be explored as an alternate source of cash flow and working capital for hospitals participating in the federal Medicare and Medicaid programs. The

payment program is sponsored by the Social Security Administration and is intended to provide hospitals with a steady cash flow.

"Hospitals need cash on hand while federal program clients' bills are being processed, some of which takes months," stated Ray. Hospitals, with limited cash on hand because of the federal economic stabilization program, cannot afford to carry such a debt without having to go into the money market and make loans, Ray pointed out that this adds to the cost of patient services because of the interest that has to be paid on borrowed money.

Hospital executives cite this meeting as one of the many ways being tried in Mississippi to contain cost increases. Representation from throughout the MHA membership of 120 hospitals is anticipated.

MR. AND MRS. JOHN F. RYAN

Ryan's Honored, 25th Anniversary

Mr. and Mrs. John F. Ryan were honored on their 50th Wedding Anniversary Sunday, August 26, at the Community Center.

Mr. and Mrs. Ryan were married by the late Rev. Joe Woodruff on August 23, 1923, in Prentiss County.

Attending the Anniversary celebration were their four children, Mr. and Mrs. Her-

man Shook of Booneville, Mr. and Mrs. Roy Lee Ryan of Flint, Michigan, Mr. and Mrs. Charles W. Nix of West Memphis, Arkansas, Mr. and Mrs. Junior Ryan of Hammond, Indiana, twelve grandchildren and six great grandchildren.

Also attending were over one-hundred relatives and friends.

AGA Appliance Ratings

WASHINGTON, D. C., The American Gas Association (AGA) today called on the federal government to adopt a home appliance efficiency rating program which could result in conservation of America's natural resources.

Commenting on a Commerce Department proposal to effect energy conservation by creating a voluntary labeling program for major household appliances, A. G. A. cited two crucial points:

(1) That efficiency ratings be based on use of primary

energy for appliances performing the same function regardless of the energy used.

(2) That space heating, which utilizes approximately four times more energy in American homes than any other appliance, be included in the ratings program.

George H. Lawrence, Senior Vice President of the American Gas Association, commenting on the proposed program said, "If appliance efficiency ratings are to have any impact or meaning, they must use the primary fuel as the basis for measurement of efficiency."

Lawrence said the major loss of energy in electric power occurs in the generating step. He pointed out that using electricity to heat a home is a poor use of

our natural resources. Electric companies burn coal, oil and natural gas to generate about 82% of the nation's electricity. Approximately 28% of the energy available in the those natural resources is delivered to the home as usable energy, due to losses in generation and distribution.

"Natural gas, unlike electricity, is piped directly from the wellhead in gas fields to the home. As comparatively little energy is needed to move gas through the pipelines, 93% of the energy taken from the well is delivered to the home. It takes more

than twice as much of our natural resources to heat a home using electricity as compared with gas," Lawrence said.

Hospital Disaster Drill A Success On Wednesday ...

Dr. Bryom Will Speak Pilot Club

Dr. Harmon Byrom of Iuka, instructor of Law Enforcement and Sociology at The Northeast Mississippi Junior College, will be guest speaker for the Booneville Pilot Club tonight (Thursday) at the Town Motel Restaurant.

Mrs. Sue Honeycutt, chairman of the program, said that Dr. Byrom would speak on the subject, "The Law Enforcement Program and Opportunities at Northeast".

Dr. Byrom who came to Northeast five years ago is a native of Tennessee and has been a resident of Mississippi for twenty-five years. He has the LLB from Cumberland University and JD Degree from Samford University. Dr. Byrom was formerly in business for himself and was affiliated with the Third National Bank and Dun and Bradstreet of Nashville.

Other members of the Safety Committee are Miss Nancy White, co-chairman; Mrs. Anne Prichard who will give the invocation; Mrs. Rose Cobb; Mrs. Mary Gault Nabers; Mrs. Gaye Carr; Mrs. Ann Galt; and Mrs. Quay Michael.

Officials are shown here in different parts of the Northeast Mississippi Hospital here as they perform their duties during the disaster drill the past Wednesday. The drill, unannounced to those directly involved, was carried on without interruptions. Hospital officials said the drill was very successful.

and efficiently than ever before.

All counties that qualified for data processing assistance were provided this service by the motor vehicle comptroller data processing division, directed by Jerry L. Barber. Residents have until October 31 to buy their tags.

Motor vehicle comptroller data processing has pre-printed all license tag receipts for Prentiss County, including all tax computations.

Much credit is due to Tax Collector Roy Lowrey for his desire to make operations more efficient and to the county board of supervisors for providing the necessary information concerning millage rates in time for the required programming by motor vehicle's data processing division.

Comptroller Doxey Fisher stated that with the rapidly expanding population and increasing number of vehicle registrations each year the work load of the tax collector's office is tremendous.

This data processing service eliminates the burden of hand calculating tax information and produces much faster service to taxpayers when they purchase their license plates.

Law Suit --- (CONTINUED FROM PAGE 1)

a hot summer day while he was inside the car and punished him by keeping him inside the car."

It further states that "the Defendant, Roy Elder failed and refused to get a doctor for Plaintiff after he had been beaten up by Defendant's, Elder's deputies. Defendant's law enforcement officers also failed and refused to let him out of jail until the next day. That Defendants have a general scheme to beat up persons and to deprive them of their Constitutional Rights and also that the Plaintiff was seriously and permanently injured."

The defendant "denies that the arrest was unlawful and denies that the defendants beat up the Plaintiff and denies that they locked him in the automobile for the time alleged. They say on the other hand that there was a lawful arrest and that the Plaintiff was charged with public drunkenness, possession of beer, possession of whiskey and charged with resisting

and destroying public property."

It went on to say that "he paid a fine for these charges; and that he actually had whiskey and beer in his possession; and that the driver of the vehicle, a red International pickup, was also charged with driving under the influence of intoxicating liquor. That the officers made a lawful arrest in this case and deny that the Defendants have a general scheme in Prentiss County, to beat up all persons or most of the persons that they arrest and to generally deprive them of their rights."

The Pre-Trial Order notes that "defendants admit that Roy Elder failed and refused to admit relatives of Plaintiff to visit him on the occasion complained of and would not let him out of jail until the day."

The Booneville law firm of Comer and Comer represented the defendant, while Roy O. Parker of Tupelo represented the plaintiff.

Mr. and Mrs. John L. Rambo came from Jacksonville, Ala. to jointly celebrate his birthday with his mother Mrs. Print Rambo.

Mr. and Mrs. Lon Bryant of Fulton, Miss. and Dr. Z. M. Carpenter were Sunday guests of Mrs. Mary Oakley and Mrs. Milton Waters.

Mrs. Lois Hooper, Mr. Charles Hooper and Mr. Marshall Dowdy motored to Peoria, Ill. Friday night to visit Mrs. Hooper's ten-year-old grandson, Micky Dale Shouse who received brain injury when a car hit his bike while on his paper route. He is the son of Mr. and Mrs. James Shouse of Seneca, Ill. Jimmie Dale had surgery in the St. Francis Hospital in Peoria. He is showing improvement.

Mr. and Mrs. W. M. Murphy left V.I.A. plane from Memphis for San Diego, Calif. Monday to attend the 1974 International Truck showing. They won the trip for sales for the first six months of 1973. While there they will visit Tiarvania, Mexico and other places of interest. They will return home Thursday (today).

We are happy to report Mrs. Edna Garner returned home Friday from Biggersville where she has been visiting her sisters Mrs. Maud Green, Misses Monota and Ann Carpenter and her brother Mr. Roy Carpenter.

Mrs. Mary Oakley and Mrs. Marjorie Waters had as their guest last week Mr. and Mrs. Bruce Oakley of Pascagoula and Mr. and Mrs. Maurice Tuck of Great Falls, Mont.

Mrs. Ronald Whitehead of Ellisville, Miss., Mr. and Mrs. Robert Bryan of Meadville, Miss., Mr. and Mrs.

Dalton Garner and children Melania and Dalton Guy, Mr. and Mrs. Tate Oakley, Mrs. Annie Yates and Mrs. Eva Garner were dinner guest Sunday of Mr. and Mrs. Phillip Cole and Amy.

Mr. and Mrs. Bruce Lester were happy to have Mr. and Mrs. Joe Kee of Memphis come down and spend Saturday with them.

Mrs. Blanch Howell and Miss Ethel Sims had a happy surprise Sunday. Mrs. Alvie Sims of Memphis called them Sat. night and told them she would be down Sunday for the day and that there would be some one with her but it would be a surprise. She told them not to fix lunch as they would eat out. The surprise was their niece and husband, Mr. and Mrs. Frank Sasso of Houston, Texas. After lunch at the Jr. College they drove around and visited Mrs. Archie Lee Jennings. Blanch and Ethel reported they had a grand time together.

Mr. and Mrs. Rowdy Floyd celebrated their August birthdays, Sunday at their home with their children, Mr. and Mrs. Guy King and Linda of Memphis, Tennessee, Mrs. John M. Muse, John Howard, Jan, Fred and Max of Atlanta, Georgia; Mr. and Mrs. Billy Hamblin, Bill and Alecia of Tupelo; Mr. and Mrs. Jerry Floyd, Nancy and Mr. Max Floyd of Booneville. Also attending were Mrs. Floyd's aunt Mrs. Mae Wilson of Tupelo and her sister and husband, Mr. and Mrs. A. M. Phillips and Ronnie of Booneville.

Mrs. Myrtle Massey, Mr. and Mrs. Norman Young, Norma Kay and Scotty, Mr. and Mrs. Donald Harris, and Mr. Tom Owen Massey attended

the Martin Reunion at Pickwick Park Sunday. Mrs. Massey's sisters, Mrs. Pearl Elkins of Fulton Kentucky and Mrs. H. F. Crafton of Savannah, Tennessee, were also present.

Mr. and Mrs. Walker D. Lewis of Sheffield, Alabama visited Mr. and Mrs. Robert C. Bolton and Charnelle Saturday afternoon.

Mrs. Willie Frances Guy and Mrs. W. E. Bryant went to visit Phil Guy who is a student at Lambuth College. They attended the Kappa Alpha Fraternity Pledge Ceremony in which Phil participated.

Mr. and Mrs. John L. Rambo came from Jacksonville, Ala. to jointly celebrate his birthday with his mother Mrs. Print Rambo.

I received a letter from Mrs. A. J. Smart, one of our readers of Upland, Cal. and she sent this to me along with other poems.

"A HAPPY HOME RECIPE,"
4 cups of love
2 cups of loyalty
3 cups of forgiveness
1 cup of friendship
5 spoons of hope
2 spoons of tenderness
4 quarts of faith
1 barrel of laughter

Take love and loyalty, mix it thoroughly with faith. Blend it with tenderness, kindness, kindness and understanding. Add friendship and hope, sprinkle abundantly with laughter. Bake it with sunshine. Serve daily with generous helpings.

SLEEPING BEAUTY

"Sleep," wrote Shakespeare in *Macbeth*, "knits up the ravell'd sleeve of care." It is, he continued, "the chief nourisher in life's feast."

Yet to millions of Americans who find it difficult to go to sleep as well as wake

Chrysler New Yorker. A totally new expression of an idea that has never changed. The idea: a car based on the philosophy of great engineering. The expression: this year's Chrysler New Yorker. New styling, new features and a continued heritage of uncompromising quality.

Chrysler Imperial. First in a new generation of luxury motor cars. Never have we had an Imperial like this. Totally redesigned, inside and out. Totally restyled inside and out. Without doubt, one of the finest, most luxurious Imperials ever.

Hometown Chrysler-Plymouth says: "Hey, have we got a show for you!"

Plymouth Duster. A lot of car for the money. Again. C'mon in, we'll show you why Duster is Chrysler Corporation's No. 1 compact.

Plymouth Fury. Plymouth tough is beautiful. This show's about our '74 Fury's tough stuff: the torsion-bar suspension. The Unibody. The regular-gas V-8. And the beautiful stuff: Fury's new styling. Come on in and see. This show's for you.

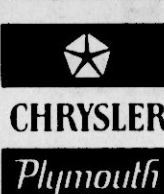

PAA/CIDA

Plymouth Satellite. We're out to win you over in '74. Come on in, we'll show you why Satellite's won over a quarter million new buyers in the last three years. We'll show you how quiet and beautiful a mid-size car can be. Hey, come on in.

Cards Of Thank

We want to express our appreciation to the many friends and relatives who stood by us in the extended illness and at the death of our loved one, Mrs. Gladys Pippin. Thank you for prayers, words of comfort flowers, phone calls, food, any deed of kindness you may have done. Thanks to Bro. Whitehead and Bro. Trennon, A special thanks to Dr. Cunningham the nurses and employees at the North-east Mississippi Hospital. We, also, thank McMillan Funeral Directors for their kind and efficient service. Elouise Pippin (husband) Sisters and Brothers 27-1tp

Words cannot express our appreciation to our friends and relatives who were so thoughtful during our sorrow due to the sudden death of our husband, son and brother, Terry Nicholson in a car accident September 4. We thank each one for your prayers, phone calls and all the beautiful flowers that were sent. May God bless each one is our prayer.

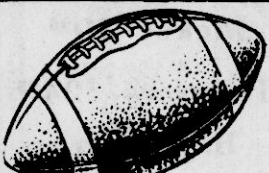

Mrs. Terry Nicholson, Mr. and Mrs. J. C. (Red) Nicholson, and Mr. and Mrs. Lowrey Nicholson Family.

Would like to thank the doctors and nurses on D-1 for every thing they did while I was in the hospital especially Dr. Preston for his wonderful work. Each of you for the flowers gifts, cards, calls, and visits.

May God Bless each of you is my prayer.

STATE AUDITOR RELATING TO AUDIT OF PRENTISS COUNTY, MISSISSIPPI COUNTY BOARD OF SUPERVISORS AND CHANCERY CLERK AND TO NEWS MEDIA IN CONNECTION WITH SYNOPSIS OF AUDIT REPORTS FOR FISCAL YEARS 1970 AND 1971. SENT TO NEWSPAPER FOR PUBLICATION, PURSUANT TO PROVISIONS OF MISSISSIPPI LAWS OF 1958

Although one may disagree with some of the conclusions reached and recommendations by the General Legislative Investigating Committee in its reports to the Legislature in 1970, 1971 and 1972 with regard to county expenditures for road and bridge maintenance and construction, and although it is easy to discover and point out weaknesses and defects in the study and analyses of these expenditures by Mr. A. Corkran, upon which the committee reports were based, the studies have served to refocus attention upon one of the major functions of county government, which in most counties occupies much of the time, effort and money expended by the board of supervisors.

The Prentiss County board of supervisors, which has complete jurisdiction over public roads, ferries and bridges of the county, gets 8% of the money for road and bridge maintenance from taxes paid on personal property and other taxes other than homesteads, which are exempt from road taxes up to an assessed valuation of \$5,000 and an area not to exceed 160 acres. This means that only a few homeowners in most counties pay any road tax on their home property. From 12% to 15% of the road and bridge money comes from auto road and bridge license taxes, which owners of automobiles and small pick-up and panel trucks pay as part of the cost of their automobile tags. All of the remaining cost of these taxes except \$2.75 which goes into the special support fund of the Mississippi Highway Safety Patrol, consists of property taxes, of which a small portion, usually about 9% goes into road funds, most of it going to support public schools and the general county government. These two types of taxes are collected by the county tax collector and, except for a 2-mill property tax which that office to the State Treasury, are retained in Prentiss County.

Motor truck and bus tags are issued by the State Motor Vehicle Comptroller, who may be routed to him through the county tax collector. The greater portion of these privilege taxes are returned to county governments of the state, and among them on the three bases of area, population and number of vehicles registered, in the proportion each county has of the totals of these items in the state as a whole. A smaller portion of the revenue from these privilege/licenses is used to pay for state highway construction or for redemption of bonds issued for these purposes and interest thereon. A still smaller portion is used to help pay the operating costs of the State Motor Vehicle Comptroller's office and state-wide organization. The amount to be divided among the counties of the state has been fixed by the act of 1972, which was part of the state highway financing program. The amount coming to each county government after 1972 will be determined when the county's proportionate share of the population and vehicles is determined, between 4% and 6% of the road and bridge revenue in the state. Prentiss County comes from this source.

One of the state tax on motor fuels also goes to counties, every county receiving at least \$190,000 each year, with counties having larger area and population receiving a greater part of the balance left in the counties' share of the state tax on motor fuels. There is not a great deal of difference among the counties in the dollars received from this source, however. In Prentiss County, this source supplies from 28% to 29% of the road and bridge revenue.

1

Another major state government contribution to county road funds is the reimbursement to the county of tax losses suffered as a result of homesteads and other property taxes for road and bridge purposes. This is paid out of the appropriation made each year out of the state's general fund by the Legislature. Due to certain penalty provisions in the statutes, intended to encourage better financial management by county government, very few counties, if any, receive full reimbursement for tax losses resulting from homestead exemptions. These losses chiefly from sales and use and income taxes collected by the county, are paid in part from a number of other types of taxes or other sources, such as taxes on tobacco products, beer and wine, stronger alcoholic beverages, and insurance premiums, corporation franchise taxes, inheritance taxes, and several other taxes yielding smaller amounts of revenue, as well as profits earned on time deposits and profits on wholesale sales of the county's alcoholic beverages. In Prentiss County, this payment from the state's general fund supplies from 4% to 5% of the road revenues.

Another source of money used by some boards of supervisors for road and bridge purposes is the county share of severance taxes collected by state and federal governments on oil and gas produced or timber harvested in the county. In Prentiss County, this accounted in 1970 and 1971 for none of the road revenues.

COMPARISONS OF ROAD AND BRIDGE FUNDS

The Federal Bureau of Public Roads, now a part of the Department of Transportation, collects each year a great variety of statistical information from the highway departments of the fifty states and tries to compile statistics which make some comparisons readily possible, although the statistics are not always placed too much reliance on the use of comparative statistics by different people for a number of different purposes.

From these statistics, however, it can be readily ascertained that expenditures for roads by counties and townships are high in Mississippi compared with those of most other states. In 1970, the latest year for which these statistics are available, Mississippi ranked 19th in the nation in the amount spent for these purposes and 5th among 12 Southeastern and Southern states stretching from Louisiana and Arkansas to Virginia. Only six states spent more per registered vehicle on such roads; nine spent more in proportion to their population; nineteen spent more per surface or linear mile of road, as shown by the inventory of county roads maintained by the state highway department. The local people who use these roads from day to day are in a better position to form an opinion as to how well they are maintained in Mississippi than the money spent on them than anyone visiting them only occasionally. If an office in the capital city or in an office on a university or

2

Prentiss County spent from its road and bridge funds an average of \$16,594 during the six year period from 1964 through 1969, according to a study of the information he obtained from the financial statements of the county records by the State Department of Audit during those years.

If this amount represented a duplication, money repaying notes, which had been used to buy equipment which had been included in the expenditures of an earlier year. If one borrowed from a bank to buy equipment, he would be overstatement the amount of the notes as expenses, he would be overstatement the amount of this fact was overlooked in Mr. Corkran's study. For a single year, these note payments are part of the expenditures, but over the long term, purchase and repayment, the cost would be overstated if both equipment and note payments are included.

In fiscal 1970, total road and bridge fund expenditures in Prentiss County totalled \$598,441, including \$41,714 paid for new equipment, \$16,594 for equipment rental or lease and \$50,013 for notes issued earlier to secure cash for equipment purchases at that time. In fiscal 1971, the amount actually expended was \$641,031, including new equipment costing \$32,959, rental and lease of equipment for \$30,162, and payment of notes in the amount of \$50,302, issued earlier for the purpose of borrowing to buy equipment at that time. For each mile of rural road, the average amount spent by the county was approximately \$948 in 1970 and \$1,015 in 1971, as compared with the nation-wide average in 1970 of about \$795 per mile.

OTHER COUNTY GOVERNMENTAL FUNCTIONS

Although money expended from road and bridge funds always makes up a substantial part of the money expended under the direct control of the county board of supervisors in every county in Mississippi, many other vital county functions are also budgeted and financially controlled by the board. Most of the property taxes paid by property owners of the county other than those paid for public school operations are used for these purposes rather than for roads and bridges. In the 1970 fiscal year Prentiss County property owners financed these varied county functions with \$379,461, in round figures, and in 1971 the amount decreased to \$349,976. Perhaps the best measure of the money costs of county government is the per capita cost, but the truest measure is the service rendered to the citizens which is difficult to quantify and can probably best be judged by those citizens themselves, although some comparative dollar costs may help.

The per capita cost of certain categories of expenditures authorized by the board of supervisors of Prentiss County in 1970 and in 1971, in comparison with the average per capita cost of these categories in all counties combined in 1970, is shown on the schedule at the end of these comments. Some counties attempt to expand services to citizens from time to time and costs necessarily rise. Other counties have chosen to keep governmental costs down by providing only such services as are required by statute or by overwhelming public demand.

Mr. and Mrs. Cecil Lauderdale spent a week-end at home recently visiting friends and family.

Mr. and Mrs. Charlie Boren and Mrs. Lucy (Toad) Gray visited Mrs. Grays brother, Mr. Fletcher Whitaker, in Selmer, Tenn.

We are sorry to lose Mr. and Mrs. Lenard Huddleston from our Community. The Huddlestons have moved to Thrasher.

Mr. and Mrs. J. P. Fraser celebrated their 57th wedding anniversary on Sunday. Pat Patton and J. P. also celebrated their birthdays. Attending were: Miss Brenda Cole, Mrs. Virginia Davis, Joliet, Ill., Beatrice Fraser, Tupelo, Mr. Paul Rafter, Tupelo, Babe Winfield, Ken Patton, David Patton, Mr. and Mrs. Charles McGill and Kenny, Kathy and Carroll Winfield, Brenda Jackson, Mackie and Billy Barnes, Mr. and Mrs. Gene Fraser, Mr. and Mrs. Troy Fraser, Jackson Tenn, Helen and Everett Dunbar, Jackson Tenn. Mr. and Mrs. Alfred Robinson, Nashville, Tenn. Mr. and Mrs. Granville Huddleston, Mr. Clovis Traser, Mrs. Hazle Dallison, Mrs. Douglas Dallison, Mr. and Mrs. Joe Trull of Somerville, Tenn., Mr. and Mrs. Boots Stell and children, Miss Elaine Rutherford and Bobby Winfield.

Mr. and Mrs. Leon Lauderdale, Bill and Bobby Winfield attended the fair on Saturday night.

Brenda Jackson, Shelia Livingston, Lana Forster and Pam Cook spent the week-end with Kathy Winfield. The girls celebrated the ballgame victory over Baldwin.

Mr. Trice Coley, formerly from Thrasher, now of Memphis, visited with James H. Pippins. Trice and James Hoyle were school mates and long time friends.

Mr. Les Copeland of Ocoola, Ark. (formerly of Booneville) was buried at Asberry Church on Tuesday. Mr. Copeland was the brother-in-law of Mrs. Luther Church. Visiting with the Churches was Mrs. Lilly Hignite of Saitillo, Mississippi.

We were sorry to learn of Miss Daisy Gortney being in the Tupelo Hospital with a broken hip. Daisy lived in our community for years before going to the nursing home. We are sure she would appreciate a card from her former neighbors and old friends.

Mr. and Mrs. S. A. Thorn of Zion, Ill. and Mrs. Opal Stephens of Fulton were supper guest Griday night of Mr. and Mrs. Hollace Waddell. (Opal is Mr. Waddell's sister). We are sorry Mr. Oscar Waddell is still in the local hospital.

Mr. Vance Rampley is in the Veterans Hospital in Memphis. We hope both Mr. Waddell and Mr. Rampley will soon be better.

Mr. and Mrs. Lynn Hester and Baby Chris from West Memphis were guest of Mr. and Mrs. Carmen Breedlove.

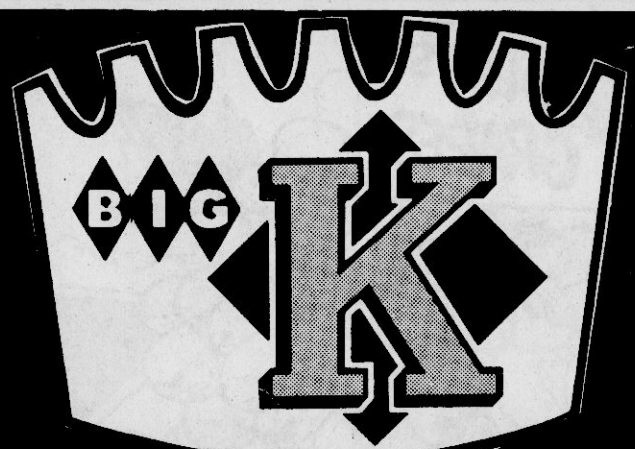

Mrs. Rosie Floyd visited a little while recently with Mrs. Rachel Mathis. Gayle Mathis of Biggersville also visited with his dad and Mrs. Mathis.

Mr. Jimmy Barron and Mr. Bob Winfield have been catching some really big fish lately.

Several people have responded to our request for clothes for a little boy and his mother. To these people we want to say a warm thank you.

We are glad to report that Mr. Keith Pike, Setulveda, California, has improved very much.

Mrs. Virginia Davis, Joliet, Ill., is visiting with her daughter, Mrs. June McGill and parents, Mr. and Mrs. J. P. Fraser.

Governor Bill Waller reports that he is receiving many favorable comments on the First Annual Governor's Conference on Education which ended in Jackson last week.

Waller predicted 1974 would be an "epic" year in education. He said he felt the Legislature would set standards for mandatory equipment in each school district and would lower the number of students in each classroom. The Governor also said the Legislature would work to bring about better utilization of 16th section lands in order to increase the amount of money available to local schools.

Issues discussed at the Conference included teacher-student relations, public kindergarten, required school attendance, special students, and comprehensive career education.

The Governor urged those at the Conference to contact their local representatives and to tell them about the educational needs in Mississippi.

The Governor said the Conference was one of many things his administration was doing to improve education in the State.

He also urged Mississippians to attend the hearings now being held across the State by the Governor's Public Education Study Committee.

The hearings began this week with forums held in Oxford and Tupelo on Tuesday and Wednesday.

Thursday, September 20, a public forum will be held at Cleveland High School.

Next week public forums will be held at Biloxi High School; Tuesday at the University of Southern Mississippi; Wednesday at the Woolfolk State Office Building in Jackson; and Thursday in Meridian Jr. College. All of the meetings will begin at 7:30 p.m.

Waller said the 1974 Legislature would consider many of the items brought up at the public meetings.

The Governor will attend the Southern Governor's Conference at Point Clear, Alabama, September 22-26.

The Southern Governors meet annually to discuss topics which directly affect their home states.

Governor Waller announced that the Mississippi Division of Law Enforcement Assistance has been selected by the Law Enforcement Assistance Administration in Washington, D.C., to administer a national program to assist volunteers in juvenile court programs.

This is the second program that Mississippi's Division of LEAA has been chosen to set up and administer.

Bill Grissett, acting DLEA Executive Director, said the initial \$70,192 grant would be used to fund a pilot project for the National Council of Juvenile Judges with headquarters located in Reno, Nevada. The grant will be used by the National Council of Juvenile Judges to set up a project to encourage and assist volunteers in juvenile court programs throughout the nation.

David B. Clark, senior DLEA court specialist, will coordinate the project with the Reno-based Council.

Mississippi's State Capitol Building was completed in 1903 at a cost of \$1,093,641. Sixteen kinds of marble were used in constructing the Capitol.

The eagle atop the dome is made of copper, coated with gold leaf. It stands eight feet high and the spread from wingtip to wingtip is 15 feet.

On the weekly radio program, "A Talk With the Governor," Governor Bill Waller said the Mississippi Highway Patrol was the best equipped State Patrol in the nation.

The Governor also said Mississippi will participate in the Fatal Accident Reduction Plan, (FAR), which will increase manpower on those highways which have high fatality and accident rates.

The Governor said that under this program there would be a patrolman every ten miles in some locations.

He reported that the use of radar units in cars and air surveillance will continue in an all-out effort to stem the rising tide of traffic fatalities.

Mississippi Highway Patrol statistics show the main causes of traffic crashes are as follows: failure to yield the right of way; following too close, improper passing; drunk driving; and excessive speed.

During 1972, 922 fatalities were reported as a result of 36,400 crashes, resulting in 9,262 injuries.
