Local Farm Income Over \$13 Million

Gains were made in nearly every section of the country. The Northeast, which was hit by heavy and continuous rains, was an exception.

The facts and figures, showing how local growers fared in relation to others, are contained in a survey released by the Standard Rate and Data Service.

It reports total receipts in Prentiss County from farm operations in the past year at \$13,308,000. Two years ago, when it made a similar survey, it listed the total at \$10,596,000. That was the gross amount, before deductions for opera-

Although farming and ranching have not been the most lucrative of occupations in recent years, Prentiss County's agricultural community has been making out better than most, it appears.

The majority of local farmers held their own last year and a number of them, especially those with well-equipped, commercial-size setups, ended up well ahead of the previous year.

Credit for it is attributed to record output, made possible by generally favorable weather conditions, by greater mechanization and by more intensive use of fertilizers and pesticides.

ting costs and taxes.

Included in it are the cash receipts from the sale of farm goods, together with government payments and income in kind, which is the value of products grown and consumed on the farm.

The increase, 25.6 percent, compares with a 16.7 percent rise in the United States and with 20.2 percent in the State of Mississippi.

According to the most recent figures from the Department of Agriculture, approximately 49 percent of the total received locally from the sale of farm products came from the

marketings of crops and 51 percent from livestock, poultry and dairy goods.

Although the past year was a big one for the American farmer in terms of gross income, it was also a record one for expenses. However, there was some net gain.

The Agriculture Department reports gross income at \$68.9 billion, an increase of \$9.2 billion over the prior year.

Production expenses rose in the same period to \$49.2 billion, which was \$4.7 billion above 1971. As a result, net farm income went up \$4.5 billion in the past year.

All signs point to a much bigger improvement in the current year.

UFO's Stir Interests As Sky-Lookers Ponder...

For several weeks now, the general public has been alarmed at the 'sightings' of UFO's... Unidentified Flying Objects.

Even before the current situation on the state's coast happened the past week, sky wanderers and just plain citizens have been noticing the sky even more at night. Weeks ago, reports filled the media that these 'UFO's' had been 'cited'.

To some people, these sightings in the 'far yonder' at night is just 'one of those things'. But to the two fishermen on the Miss. coast, and several Booneville citizens, 'seeing is believing'. For several local citizens claim they have actually seen unidentified flying objects. They say the objects were not airplanes, and carried no

sound with them. Some of the objects skirted around the sky with great speed, and some shone a white beam on the underneath.

Citizens here, and after listening to other reports, citizens in other parts of the state reported seeing these objects Monday night.

It was reported that the object, or objects, were in the western sky, and were releasing a white beam underneath.

"The beam would fade out, and then it would return again," an on-looker said. More than one of the objects were seen in the sky here Monday night.

Another was seen "about 2,000-3,000 feet high." This one was in the east and its colors changed from one to the other. Although the ob-

AGRICULTURAL INCOME

Could Hit \$2 Million

In addressing a large crowd at the Booneville Community Center here last Wednesday, Mississippi's Commissioner of Agriculture Jim Buck Ross made several predictions.

Ross, speaking in a People's Bank & Trust Co. sponsored event, said that "for the first time in the history of Mississippi, we are going to hit \$1,000,000 in cash income. This is not production income, but cash income."

He went further in saying that "if we get a dry harvest season, a late frost,

if cattle prices keep coming back, if too many of us haven't contracted our cotton, and more contracted on our beans at age 60, we could hit \$2 million in Miss. agricultural income."

Ross also said that five percent of the people in America grow things; 28 percent of our people make things, 68 percent do things; to and for each other, 36 percent make their living in agriculture and related fields, and 56 percent want to live in the rural areas. "So you see, this is big business," the speaker said.

The commissioner expressed his opinion that the cause of the "cotton thing" is the energy crisis. He further commented that "profit is not a dirty word."

In his address, he complimented county farmers who are buying farm bins and putting them up on their farms. Counting the three,

Editorial and Comment

The Demand For Evidence

The Mississippi Economic Council wonders, as do all wage earners and taxpayers, how you can get a 35 percent pay boost over seven years and still have less than you started with. The Tax Foundation Inc. says higher taxes and inflation are to blame.

A person beginning at \$10,000 a year in 1966 with \$3,500 in pay raises to \$13,500 in 1973 would have lost \$466 in purchasing power.

Here's where it goes. For a family of four, federal taxes

in seven years - - - from 1966 to 1973 - - - increased from \$945 to \$1,401; state taxes rose from \$73 to \$212; and Social Security has risen from \$277 to \$632. All this was despite a 35 percent pay increase. This does not include local taxes.

While taxes have reduced that \$3,500 pay increase to \$2,500, inflation in the last seven years has lessened the buying power of the dollar by 37 percent. In terms of 1966 dollars, today's take-home pay of \$11,255 equals only \$8,239 - - - or \$466 less than the take home pay of \$8,705 in 1966.

Per Capita Climbs

Mississippi's per capita income has reached a level of 70 percent of the national average, according to a report issued by the U. S. Department of Commerce.

The Mississippi Economic Council notes that the Commerce Department's revised report shows that per capita income in the state is \$3,137--or 70 percent of the United States' average of just over \$4,000.

For 1972 as a whole, total personal income in the nation rose nearly 9 percent. The rate of growth in Mississippi's total personal income was 13 percent, ranking the state sixth nationally in terms of income growth.

The income gains in the state were broadly based with farm income, manufacturing payrolls, and construction payrolls

all up sharply.

During the period from 1969-1972, the per capita income of Mississippians as a percent of the national average jumped 15 percent--from 55 percent in 1969 to the present 70 percent.

The Commerce Department report shows Mississippi having a high record of per capita growth during the three-year period, 1969-72. Growth in per capita income in the state totaled 32 percent in contrast to a gain of 21 percent nationally.

The MEC notes these figures show that the Mississippi economy had a very good year in 1972. What about this year? It can be even better IF . . . we continue to grow . . . and by accelerating this growth, we build a stronger economy, a stronger Mississippi.

Run For Freedom

Relay teams in major cities throughout the United States, as well as in many smaller towns, will take part in a dramatic "run" on Thursday, November 15, to focus attention on the plight of more than 1200 Americans still missing in the aftermath of the Vietnam War.

Team members will carry a U. S. Flag and the official POW-MIA flag of the National League of Families, the organization sponsoring the run. Both flags will be presented to majors, governors and other top officials in hundreds of cities across the nation; and the officials, in turn, will be asked to send telegrams to President Nixon and his top cabinet officers, asking for "strong new efforts to obtain a rapid and complete accounting of all of the missing men."

At the time of the signing of the Paris Agreement ending the Vietnam War in January, the North Vietnamese agreed to release all American and allied prisoners of war and to account for all the missing. Subsequently, about 600 Americans who had been held as POWs were released and returned to the United States. The North Vietnamese acknowledged that 60 additional U. S. citizens had died in captivity.

However, so far none of the bodies of the dead have been returned, and no accounting has been provided of the more than 1200 additional Americans listed as "missing in action," despite the clear evidence that many of these men were actually captured.

Photographs of the men, taken by the Communists after capture, were circulated for propaganda purposes and used by pro-Soviet fronts here in the United States.

Hopefully, the "run for freedom" on November 15 will focus attention upon the failure of the Communists to abide by their agreement, and will remind the politicians in Washington that there are a few things of importance besides Watergating.

BRIDGE for EVERYONE

James Kerry

There is a place in downtown Miami called Craig's where professional people meet every day for lunch, and the conversation goes with business in a busy metropolitan city. Generally everyone knows everyone; mostly attorneys, bankers, writers and some strangers who would like to crash the scene with this group. I was alone this particular day when I met a fellow bridge writer from Southern California and was invited to join him for lunch. Later, over coffee he related a most unusual bridge hand against which he defended unsuccessfully in a tournament out west. His worthy opponent was a gentleman in his eighties who had played rubber bridge all his life and this was his first duplicate endeavor.

Both vulnerable. West deals.

monds, almost an underbid considering his hand. West's rebid was two spades and now it was North's turn to show his approval by bidding three diamonds. East was through, and South showed his ace of clubs. Now West was also through as North showed the ace of hearts, whereupon South closed the auction with five diamonds. The defense was too stunned to even double, fortunately!

West opened with the king of hearts and declarer ducked in dummy! Now I ask you, would you have done that? West continued with the queen of hearts and declarer ducked again! But this time he trumped from the closed hand, drew the outstanding trumps ending in dummy and lead the queen of clubs which East did not cover, a proper play under the circumstances of distribution.

Declarer now had it all his own way because the well preserved ace of hearts was now cashed and South discarded his ace of clubs! The ten, nine and eight of clubs was now available for repeated ruffing finesse against East's king with a trump for reentry into dummy if and when needed.

Declarer made five diamonds, losing one heart and one spade. I did not believe it either until I set up the hand and played it out. Save your time. Take my word for it, it makes!

How do you spot a play like this at trick one or two as South did? It is not easy, however there is a clue. South cannot permit East to obtain the lead because the obvious shift to spades defeats the contract. This can only be accomplished by the club unblocking process as demonstrated by the declarer. A superb play you must agree.

SUCCESS in MARRIAGE

by Professor J. Kenneth Williams

Will Love Always Win?

DEAR PROFESSOR WILLIAMS: I've heard that if love is strong enough, it will win out over any differences the couple may have such as religion, unfaithfulness, and personality problems. Would you comment. -- J.H., Austin, Tex.

PROFESSOR WILLIAMS: This is not true. Love is a strong tie and should definitely be present in marriage. But, unless adjustments are made to situations which are constantly arising, as well as basic differences such as religion, personality, and many others, love will tend to fade.

One grows to love another based on a thorough knowledge and appreciation of that knowledge. By the same token, one can grow out of love because of a negative knowledge of the other. I can assure you if one spouse is continually unfaithful to the other, love will eventually die on the part of the faithful one. Love has to be constantly cultivated. It is not permanent unless worked at regularly by both spouses. It will not win out in spite of everything. Love gives the motivation to work out and adjust to differences and problems. But, unless these differences and problems are handled adequately, love will become less and the problems will become more.

DISGRUNTLED READER

DEAR PROFESSOR WILLIAMS: It seems that you are against everything teenagers are doing these days. We live in a different generation; things are different now. Don't be so "out of it." -- B.E., Lancaster, N.Y.

PROFESSOR WILLIAMS: I am against the abuse of drugs, the use of alcohol, and smoking, yes smoking. These are some of the things which are being used to commercially exploit teenagers today. I am against certain types of suggestive dances, excessive petting, indecent dress of both guys and girls, and sexual permissiveness.

However, on the other hand, from teaching daily on the college level for the past 10 years, I am well aware that this generation of young people is one of the most intelligent, most inquiring, and enlightened generation known to man I do, often, come out against certain behavior and advise accordingly, but each of my columns is based on sound sociological research. When I make statements such as, the less one goes to church, the greater is the likelihood of personal disorganization in his life, and, a person is definitely influenced by the type of persons with whom he associates, I am on safe ground because I can give documentation for these statements.

When I speak out against drugs, smoking, drinking, sexual promiscuity, bad companions, and other negative activities, it is to give the reader the benefit of the latest sociological research in these areas. Just because things are "different" today, doesn't make certain behavior any more constructive for a person. Participating in such behavior as mentioned is as damning today as it was yesterday and will be tomorrow.

I don't mean to give the impression that I'm against everything teenagers are doing today. Most young people are not involved in the things mentioned, but for those who are or who are tempted, I would hope, through this column, to make them think seriously about the consequences of such behavior.

If you have a question you want answered, write Prof. J. Kenneth Williams, P.O. Box 1488, Pompano Beach, Fla. 33062, enclosing a stamped, self-addressed envelope

Pause For Power

The Confession Of His Friends

Faith, contrary to a common misconception, is not a blind leap in the dark. Faith in Jesus Christ is action based on the sufficiency of the evidence. And there is an immense body of evidence that supports the supernatural dignity of Jesus Christ.

There is, first of all, the internal evidence of the Bible itself. The Bible itself attributes to Jesus Christ titles and offices and attributes and worship that belong only to God Himself.

The second body of evidence that supports the deity of Jesus Christ is the witness of Jesus' friends, especially the apostles. The French have an old proverb, "No man is a hero to his own valet." They mean that, although a man may be a hero in the eyes of the general public, his close friends know what his real character is. Now, what was the opinion about Jesus that was held by his close friends, especially his apostles? These men lived with Jesus intimately for nearly three years, occupying the same house, traveling at times in the same little boat, sharing common needs, and enduring common ostracism. What then was their opinion of Jesus? Did they believe that Jesus was merely a man, or did they believe that Jesus Christ was more than a man? Did they believe that Jesus was truly God?

And, before we look at their testimony, may I remind you that these men had nothing to gain and everything to lose by their testimony. When the apostles witnessed to their faith in Jesus Christ as the incarnate God, they put their lives on the line. For example, look at Acts chapter 4. Peter and John had been called before the Sanhedrin and had been threatened with physical punishment. Peter replied to this threat by saying, "Whether it be right in the sight of God to hearken unto you more than unto God, judge ye. For we cannot but speak the things which we have seen and heard" (Acts 4:20).

The point I am making is simply this, these disciples had absolutely nothing to gain by their open and public confession of Jesus as God, whereas they had everything to lose, including their lives. And as a matter of fact, virtually all the apostles were martyred for their faith in Jesus Christ. James was murdered. Peter was crucified upside down. John was banished to the Isle of Patmos. Furthermore, these men were convinced monotheists. Now, what is their view of Jesus? What did these confirmed monotheists think of Jesus? Well, let us look at the testimony of two of these men--two of the most outspoken.

First, there is the confession of the Apostle John, the beloved disciple. He knew Jesus intimately. What then was the opinion of Jesus that John held? Well, the Apostle John wrote, "And we know that the Son of God has come, and has given us an understanding, that we may know Him that is true, and we are in Him that is true, even in his Son Jesus Christ. This is the true God, and eternal life" (1 John 5:20). Now John here calls Jesus by two titles. First, John calls him the Son of God, for John says, "the Son of God has come." That title in itself would indicate that John believed Jesus to be God. But John also calls Him something else, for John here writes, "that we are in Him that is true, even in his Son Jesus Christ. This is the true God." By the term, this is the true God, John is referring to Jesus Christ. John unequivocally here calls Jesus Christ, the TRUE GOD. Even a little child could understand from this passage that the Apostle affirmed that Jesus is God.

And then we have the testimony of the Apostle Thomas. Thomas traveled with Jesus for over two years. Furthermore, Thomas was a skeptic; he is often called, Doubting Thomas. When the disciples told Thomas that they had seen Jesus, Thomas said, "I will not believe it until I see him personally and touch him with my hands." But when the Apostle Thomas himself had seen Jesus Christ personally on that second Sunday after Jesus' resurrection, Thomas said to

Jesus, "My Lord and my God." Now, Thomas also was a confirmed monotheist. But without any hesitation, when confronted with the evidence, Thomas said to Jesus, "My Lord and my God." Thomas the monotheist called Jesus, God.

May I underscore, in conclusion, the supreme importance of this fact. Because Jesus Christ is God, then his death is of infinite atoning value. The Bible therefore says, "For there is one God, and one Mediator between God and man, the man Christ Jesus; who gave himself a ransom for all" (1 Timothy 2:5, 6).

VA Questions And Answers

Q. - I draw compensation from the Veterans Administration for a service connected disability suffered in Vietnam. Am I entitled to a \$150 annual clothing allowance?

A. - That depends upon the nature of your disability. If you wear one or more prosthetic or orthopedic appliances (including a wheelchair) which tend to wear out or tear your clothing, you are eligible. But you must apply to VA to get it.

Q. - I was honorably discharged from military service last month, and plan to buy a home with a GI loan from the Veteran Administration. Will my wife's income

help me qualify for the loan?

A. - Yes. VA since July 1973 has been giving full recognition to income of both veteran and spouse in determining ability to repay loans.

Q. - How many individuals trained under Veterans Administration education programs during fiscal year 1973?

A. - Enrollments in the agency's three programs reached 2.2 million, the highest level since World War II. Included were 2.1 million veterans and servicemen under the GI Bill, 29,600 under the vocational rehabilitation program, and 68,200 under the dependents' educational assistance program.

ASCS News

12 DAYS REMAIN FOR ASCS NOMINATIONS

Prentiss County farmers have only 12 more days to nominate candidates for Agricultural Stabilization and Conservation (ASC) community committeemen.

It's easy to do. Each candidate is nominated by a petition which has to be signed by at least three eligible voters. Each petition may name only one nominee. The petition may be on any sheet of paper. No special form is

required. Included in the petition must be a statement that the candidate will serve if elected. Eligible farmers may sign as many petitions as they wish.

So far no petitions have been filed at the ASCS county office, P. O. Box 305, Booneville, Mississippi. Closing date for nominations is October 29, 1973. Election date is December 3, 1973.

The three ASC committeemen elected by mail ballots for each ASC community will assist in administering ASCS FARM PROGRAMS.

Prentiss County farmers will also choose two alternates committeemen in the

election. Alternates serve if a community committeeman resigns, or can no longer serve in the position.

Most farmers are eligible to be ASC community committee candidates. Anyone under 70 years old, a resident of the county, and eligible to participate in ASCS programs may be nominated.

When nominations close on October 29, 1973, if six or more candidates have been nominated in each community, the petitions will be reviewed for validity. If fewer than six nominations have been made, each ASC community committee now in office will add the appropriate number of names before the slate is reviewed by the ASC county committee.

Anyone eligible for nomination otherwise cannot be declared ineligible because of race, color, creed, sex, or national origin.

Candidates who are eligible will receive a letter confirming this from the county ASCS committee. Any candidate ruled ineligible will be so notified and may appeal the decision to the county committee within 15 days of such notice.

HOME PRESERVED FOODS CUT COST, SAY 4-H'ERS

For many families, canning and freezing fresh fruits, vegetables and meats helps make their food budgets last longer. And they're finding that home preserved foods retain their freshness and nutritive value long after they're first stored.

Boys and girls enrolled in the national 4-H food preservation program are helping to spread the good word about home preserved foods. Sponsored for 45 years by Kerr Glass Manufacturing Corporation, young people in the program learn about safe and efficient methods of canning and freezing their favorite foods. 4-H'ers have found that home preserved foods supplement the amount of fruits, vegetables and meats in their daily diets. And the youths use the home preserved foods they've made as gifts and as meal ideas when unexpected guests drop in.

Preparing creative meals with preserved foods, and developing jams, jellies and relishes are also stressed in the program.

Encouraging 4-H'ers in the food preservation program with incentives and recognition is Kerr Glass Manufacturing Corporation. They provide up to four medals of honor to county winners and an expense-paid trip to National 4-H Congress in Chicago, Nov. 25-29, for a winner from each state.

Six national winners are announced during 4-H Congress, and each receives a \$700 scholarship from Kerr.

One 4-H'er in the program, found her family's food bill cut in half after she began to can and freeze food. Janet Harrington, of Tremont, Ill., prepared hundreds of dishes, using home preserved foods, which saved her family many trips to the store. A \$700 scholarship winner last year in the program, Miss Harrington believes that food preserved "just harvested, at its peak of ripeness, will always taste best."

Another 1972 4-H food preservation national winner was well prepared to help when two disasters struck her community. Karen Wedgeworth, of Laurel, Miss., served her home preserved foods to persons left homeless by the ravages of hurricane Camille and a railroad tank car explosion. Also, through her efforts, food preservation exhibits have been retained at the South Mississippi Fair.

"I know people still preserve food," says Miss Wedgeworth, "and I believe that the preservation of food is important to good health and happiness."

One of the oldest supporters of the 4-H program, Kerr provides additional support to the food preservation program through publications on canning and freezing food processing, and technical and public relations assistance.

For more information on the 4-H food preservation program contact the county extension office.

LININGS MUST BE LAUNDERABLE, TOO

Turning up the sewing machine for synthetic knits? Choose the right linings and interfacings for each garment.

Many knitted fabrics do not really need lining, but if you prefer it, select a lining material that also has washability and stretchability. There is now a nylon tricot for polyester knits. A lightweight woven or polyester nonwoven lining is suggested to give additional stability to suits and coats.

Interfacings "professionalize" detail areas such as collars and cuffs. Make sure that the interfacing to be used is completely washable and will not shrink more than the garment fabric itself. KNOW YOUR FURS - THE FAKE ONES, TOO

Some fake furs need to be pampered almost as much as the real thing.

So as you shop, study the label carefully so you know how to care for the garment.

Notice if the label says "washable", "machine washable", "dry-clean" or "clean using fur methods only." Some garments, especially those with an authentic fur look may need to be fur cleaned or dry-cleaned.

Also check the label for shrinkage information. Some fake furs may not have been treated for shrinkage between the making of the fabric and the making of the garment.

A lightweight woven or polyester nonwoven lining is suggested to give additional stability to suits and coats.

Interfacings "professionalize" detail areas such as collars and cuffs. Make sure that the interfacing to be used is completely washable and will not shrink more than the garment fabric itself. KNOW YOUR FURS - THE FAKE ONES, TOO

Some fake furs need to be pampered almost as much as the real thing.

So as you shop, study the label carefully so you know how to care for the garment.

Notice if the label says "washable", "machine washable", "dry-clean" or "clean using fur methods only." Some garments, especially those with an authentic fur look may need to be fur cleaned or dry-cleaned.

Also check the label for shrinkage information. Some fake furs may not have been treated for shrinkage between the making of the fabric and the making of the garment.

ment.

Then, even though the garment may carry a "washable" label, you have some responsibility in how that washing is done. The water should be warm, not hot. Use a mild soap or detergent.

The speed of agitation makes a difference, too. Rapid action of the water tends to cause clumping and matting of the fur.

If your washing machine has a slow speed or one indicated for "delicate" fibers, use this setting. Use a shorter washing cycle, too.

Line drying or laying the garment on a terry towel to dry will also help prevent matting the "fur". It may look shaggy and matted when it dries, but a gentle brushing or combing usually fluffs it out again.

IRONING BOARD COVERS NEED PERIODIC LAUNDERING

Cotton ironing board covers are popular and when treated with silicone or Teflon they become smoother and more scorch- and water-resistant. Certain synthetic fabrics have been specially developed to withstand temperatures up to 600 degrees. But no matter what type of ironing board cover you buy, keep it clean. Some may be wiped clean, others machine laundered, so check the manufacturer's instructions.

NEWS FROM SUNFLOWER

By Cecil Brandon, Jr.

The Spring Hill Missionary Baptist Church Youth Association is sponsoring a "Halloween Party" Halloween night at the B.T.A. building on Sunflower Street. The party will begin at 6:00 p.m. and end at 8:00 p.m. The Director of the association and all the members are asking that the entire community of witches, warlocks, goblins, goons and what-have-you come out for a fun filled night of merriment and trickery.

Mrs. Henrietta Bush, a long time resident of North Smith Street in Sunflower, is still enjoying an extended vacation in the Mid-West and Canada. Everyone is beginning to wonder if Mrs. Bush is coming back or if she has decided to remain on vacation indefinitely.

Get well wishes are in order for Mrs. Gennie Hines, Mr. Tom Burrell and Mrs. Beulah Leach who are all three patients in the North-east Mississippi Hospital. On behalf of the entire community, I wish you speedy recoveries all.

Spotlight this week on three young Black women: Miss Mary D. Ragins, Theresha Gardner and Marsha Thompson.

Miss Ragins, the daughter of Rev. and Mrs. Bill Ragins of Sunflower, was chosen as the Football Maid for the 1973 football season at the Booneville High School Homecoming Ceremonies. Mary is a senior at Booneville High and plans to pursue a nursing career at an accredited school of nursing at the end of her high school senior year. By the way, Miss Ragins and

the title she holds represent firsts in achievement for Booneville High and for the Black Community.

Miss Theresha Ann Gardner, also a senior at Booneville High, represents another first for Blacks and for Booneville High. The first black cheerleader to cheer for the school, Theresha is the daughter of Mr. and Mrs. Edgar Gardner of Sunflower. At the close of her senior year, Theresha plans to become an airline stewardess.

Miss Marsha Thompson, a graduate of Booneville High, is the last of this week's spotlight trio. Miss Thompson's achievement is a 1970 (semi-new) Buick Riviera. White on green in green with rallye wheels, semi-gangster walls and power everything. Confidentially, anyone wishing to get a close-up view of this "First" for the female Black Community contact Miss Thompson for an appointment.

The Spring Hill M. B. Church honored its Pastor, the Reverend Lewis McGee, this past Sunday with a Pastor's Appreciation Day. The Reverend James L. Triplett, of Sunflower, delivered the Appreciation Address.

Gary and Jackie, expecting a new addition to their family, have invested in a new car (73 Gran Torino) to insure that Jackie will be comfortable as they rush to the hospital in that fateful hour. Good luck!

Robert and Brenda, desiring the Volkswagen for a new house and a new car... shame, shame, shame.

And last but not least, Harry got a job. Bye, until next week.

From Hills Chapel

Friends of Mr. Gene Malone are sorry to know he is ill. He is a patient in the Belle Vista Division of the North Miss. Medical Center at Tupelo. He isn't improving very much. We hope he will soon be better.

Mr. Ray and Mrs. Mary Lou Hill of San Jose, California visited Mr. and Mrs. R. C. McCalmon Mon. night. Mrs. Glenda Bolton of Iuka was also a visitor of the McCalmons Mon. night.

Jimmy and Donnie Harris of Booneville were out Sat. night a while to see their parents Mr. and Mrs. Nigal Harris.

Mrs. Bill Fugitt and her mother Mrs. Mary Bolton flew over to Seattle, Wash. a few days ago to visit the William McCalmon family and other relatives.

Mrs. Lucile Phillips is on the sick list this week. She was missed at Church services Sun. Hope she will be well and out again soon.

Jeff Long was able to be at church Sun. Everyone was proud to see him and to know he is able to be back in school.

Mr. and Mrs. R. C. McCalmon went to Bolivar, Tenn. last Friday to attend the funeral of Mr. Turner. They were accompanied by Mrs. Dora Smith. Mr. Turner was a brother of Mrs. Smith and a first cousin of Mr. McCalmon.

Little Shelia Cole is sick and in the local hospital. We wish for her a speedy recovery.

Mr. and Mrs. Bardie Moore of Booneville visited Mr. and Mrs. Dewey Pounds one eve last week.

Mrs. Clifton Taylor of Ridenzi came down one day last week to see her sister Mrs.

Ides Rutherford.

Mr. and Mrs. Dexter Cunningham and Mrs. Hilda Gosuch spent Sunday afternoon with Mr. and Mrs. Nigal Harris.

Mrs. Alma Jackson is a patient in Baldwin Hospital. Hope she has a quick recovery.

Mrs. Henry Green and Bill of Belden and Mr. and Mrs. Dan Cole were visitors of Mr. and Mrs. David Riddle Sunday afternoon.

Mr. and Mrs. Jack Riddle of near Marietta visited Vernon Riddle and Martha Sun. afternoon. Mrs. Vienna McCreary and Mrs. Bill Scott visited them also.

We are all glad to know Mrs. Billy Moorman is home from Tupelo Hospital where she under went surgery last week. She was able to be back at church Sunday.

Mrs. Edwin Brown went to Tupelo Hospital Sat. and Sun. to be with her father Mr. Gene Malone who is a patient there.

Mr. and Mrs. Paul Pitman of Lindsey, California were here last week visiting relatives. They spent Sat. afternoon with Mr. and Mrs. Dewey Pounds. Mrs. Mattie McCreary of Booneville also spent Sat. afternoon with Mr. and Mrs. Pounds.

Mr. Oduie celebrated his 80th birthday Sat. Oct. 8. All of their children were in to see him with a surprise birthday dinner. Mr. Brown we hope you have many more of those birthdays.

Mr. Charlie Holley is still in the local hospital. He isn't improving very much. Mrs. Holley is staying with him at the hospital. We hope he will soon be able to be home again.

cotton, soybeans, and beef cattle — "we get over a billion dollars in income from the three."

In reference to beef cattle, he calculated that from 1950-73, we had a population gain of 58,585,000 people; and in the same period, cattle increased 44,027,000. This meant, there was 14,578,000 fewer cows than people during this time. Also, beef consumption increased from 63.4 percent to 115.5, almost doubling. "If beef cattle had doubled," the commissioner said, "there would now be 155,926,000 beef cows in the United States. Instead, there are 121,990,000 or 33 million head short."

Commissioner Ross said the "future is bright in Agriculture."

MEC Meetings Begin Oct. 22

The Mississippi Economic Council is expecting a large turnout for the series of statewide meetings on county unit that kicks off October 22 in Jackson.

MEC President J. C. Redd of Jackson said the response to the schedule of eight statewide meetings has been "tremendously encouraging and gratifying."

"We are greatly encouraged by the number of state and county officials, legislators, and others who have said they will be attending the meetings and participating in the program," Redd said. "We are most gratified in the interest that the people of Mississippi are taking in wanting to know about the unit system of county management."

"This indicates to us that people want an efficient, economical form of local government that provides a savings in tax dollars while offering the maximum in services to the county and community," the Jackson businessman said.

The unit program series opens in Jackson October 22 at the Convention Center of LeFleur's Restaurant located on Interstate 55 North.

Redd said the program will include discussions of proposed legislation by Reps. John Pearson of Rosedale and Hannon Miller of Greenville, MEC recommendations by MEC Vice President Joe Tatum of Hattiesburg and Mayor G. B. Beard of Forest, a visual presentation of unit operations in Yazoo County, and a panel to respond to questions about each of the subjects.

The MEC president said Yazoo County Board of Supervisors President L. M. Phillips of Holly Bluff and Board attorney Griffin Norquist of Yazoo City will participate on the panel, joined by the speakers in the program.

Redd said Pearson, chairman of the House County Affairs Committee, will speak at meetings in Jackson, Cleveland, Oxford, Hattiesburg, and Biloxi. Miller, a member of the County Affairs Committee, will present legislative proposals at the Starkville, Meridian, and Summit meetings.

Vice President Tatum will talk on the Council's recommendations during the first week of meetings—Jackson, Cleveland, Oxford, and Starkville—while Mayor Beard will speak at Meridian, Hattiesburg, Biloxi, and Summit.

Redd said all meetings begin at 2:00 p.m. There is no registration charge.

Other meetings dates and places are:

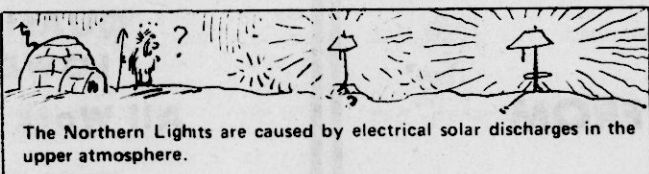

Tuesday, October 23—Zeigel Hall, Delta State College, Cleveland; Wednesday, October 24—Center for Continuing Education, University of Mississippi, Oxford; Thursday, October 25—Union Auditorium, Mississippi State University, Starkville; Monday, October 29—Holiday Inn South, Meridian; Tuesday, October 30—University Commons, University of Southern Mississippi, Hattiesburg; Wednesday, October 31—Gulf Room BCD, Sheraton-Biloxi, Biloxi; Thursday, November 1—Bryan Science Building, Southwest Mississippi Junior College, Summit.

esday, October 30—University Commons, University of Southern Mississippi, Hattiesburg; Wednesday, October 31—Gulf Room BCD, Sheraton-Biloxi, Biloxi; Thursday, November 1—Bryan Science Building, Southwest Mississippi Junior College, Summit.

How to choose good dining room furniture

MISSISSIPPI STATE — When buying dining or dinette furniture, buyers should consider not only comfort and beauty, but durability and ease of care as well.

According to Miss Sarah Fountain, Extension home furnishings specialist, a good dining chair is engineered for comfort. It lets your feet rest flat on the floor. The lower part of the chair back may be open, however, back support is needed just below the shoulder blades. A slightly-slanted chair back is better for you than a straight one.

"Beautiful dining furniture has good proportions. It should be made of materials which you enjoy touching," she noted. "Colors and patterns should be ones that you and

your family like and can live with for many years."

Dining furniture which is well-designed is good for activities besides eating.

NEWS FROM THE COUNTY AGENT

W. T. Smith

SUBSOILING COMPACTED SOILS

Many sandy loam to silty clay soils have compaction layers that must be shattered if they are to produce top yields next year. Subsoiling to a depth of 14 to 20 inches this fall is the best method of getting the job done.

Since the soil is usually drier in the fall, maximum shattering can be achieved. The subsoiling should be the last trip over the field with machinery.

Subsoiling will improve the water intake of the soil and increase the rooting depth of the plants. This will increase moisture and nutrient uptake of the plants. Less erosion will occur on sloping land if the subsoiler is run diagonally or perpendicular to the rows.

DOUBLE CROPPING
Lots of farmers plan to plant small grains following harvest of summer row crops. The best advice on this is to check the herbicide history of the land before doing so.

Where the recommended single rate of Treflan or Cobex was used, no problems should arise. The Treflan label suggests not planting small grains behind double rates. The Plamavin label forbids double cropping except for plants listed on the label. As a general rule, residues from spring treatments of the dinitro aniline type herbicide are low after 120 days.

Corn and cotton herbicide residues hold the greatest potential for damaging small grain. Planting small grain behind atrazine, simazine, cotoran, lanex, karmex, and dynex is hazardous.

Karmex, Lorox and Sencor have a waiting period of four months after preemergence or postemergence application. Cotoran has a waiting period of one year.

The Caparol label forbids using fall planted small grains for food or feed.
No problems should arise where small grains are planted following preplant applications of

Lasso, Amiben, Lorox, Dyanap, Faraquat or MSMA.

CATTLE LICE
Right now would be a good time to spray your cattle so that they can go into the winter free from lice. If you do a good job now, it may be that you would not have to spray again until spring.

Spraying now would also give further control of hornflies, which tend to build up in numbers at this season.

For details on chemicals to use and how and when to use them, contact this office.

PROPER INSULATION

Specialists for the Mississippi Cooperative Extension Service say that proper insulation really makes a difference on your heating bill. A six-inch ceiling insulation in a brick veneer house, even with no other insulation, can reduce heat loss by 25 percent. If storm doors and windows are combined with ceiling insulation, heat loss can be cut by as much as 40 percent.

Governor' Office News

Governor Bill Waller conferred with business and industrial leaders in Germany and Switzerland while on a business trip to Switzerland last week and called the trip highly successful.

Governor Waller was one of five U. S. Governors invited to join a ten-day trade tour of Switzerland as guests of the Swiss Government. The Governor made an additional visit to Germany to meet with key German industrialists while in Europe.

Governor Waller said, "These contacts are most promising for Mississippi's economic future. Foreign business leaders are expressing great interest in what Mississippi has to offer in terms of both raw materials to import, and a place for industrial investment."

Governor Waller was the only Southern Governor selected to make the Switzerland trip. The Mississippi Governor traveled with Montana Governor Thomas Judge, Connecticut Governor Thomas Meskill, New Jersey Governor William Cahill, and Rhode Island Governor Philip W. Noel on the mission which got underway October 5.

Governor Waller has stated that he feels this trip will lay the groundwork for possible future trade missions to Europe.

He and Mrs. Waller returned to Jackson October 15.

Governor Bill Waller returned from Europe this week to face an extremely busy schedule.

The Governor was in Washington Monday to meet with the Mississippi and Louisiana congressional delegations and NASA officials to urge that future NASA space programs fully utilize the Mississippi Test Facility in Hancock County and the Michoud facility east of New Orleans.

Also meeting with the officials in Washington were Lt. Governor William Winter, State Senators Martin Smith of Poplarville and Sanford Steckler of Biloxi, Circuit Judge Rubel Griffin of Bay St. Louis and many local officials from Mississippi and Louisiana.

On Wednesday the Governor participated in dedication ceremonies for Packard Electric Company in Clinton. Packard, a division of General Motors, announced the location of a major manufacturing facility in Mississippi several months ago. Current employment is now approximately 1200. Wednesday's dedication was for an expansion that doubles the plant size.

Dr. Robert L. Robinson, Director of the A & I Board announced this week that the First Annual Governor's Conference on Economic Development would be held November 13 and 14 at the Heidelberg Hotel in Jackson.

He said registration for the two-day event will begin at 9 a.m. with the kick-off luncheon at noon on Tuesday. Robinson said the Conference would feature outstanding national speakers in all areas of economic development along with individual seminar programs on all aspects and opportunities for economic development in Mississippi.

Robinson invited all interested local officials, Chamber of Commerce members, and development organizations to make plans now to attend the two-day event.

He stressed that the individual seminar sessions would be directed toward teaching local officials how to use the economic development

tools at their disposal.

An in-depth view of Mississippi's Gulf Coast seafood industry will be presented when "Bread Upon the Waters" is telecast at 7:30 p.m., Tuesday, October 23, over the Mississippi Educational Television Network.

Looking at the fishing industry first from a national viewpoint, the program points out that fisheries have remained the "orphan child" of American industry. The lack of government regulation is only one of the many facets of problems that contribute to the crisis facing the industry. Outmoded vessels, foreign incursion, lack of diversification and much more are seen as symptoms of the problem.

How the national problems affect Mississippi is observed in detail through filmed interviews with leaders in the Gulf Coast seafood industry with biologists, legislators, processors and fishermen.

Flu season is at hand once again, and the State Board of Health reminds the public to be prepared by getting properly immunized.

To be completely immunized against all types of flu, two shots are necessary this year.

Dr. Durward Blakey, Director of the Division of Preventable Disease Control, said the London Flu and the Hong Kong Flu are the types to be avoided.

In general, annual influenza vaccination is recommended for persons of all ages who

have such chronic conditions as heart disease, lung disease and diabetes. Older persons should definitely be considered for immunization.

The State Health Planning Advisory Council, an advisory body to the Division of Comprehensive Health Planning, has approved 21 applications for certification of the need for expenditures for hospital and nursing home construction, according to Dr. F. Lindsey Risher, executive Director of CHP.

All hospitals and nursing homes planning expansion must receive approval by the Advisory Council to Comprehensive Health Planning.

The process for approval begins with filing an application with the Division of Comprehensive Health Planning which performs preliminary screening of the application and referral to the Advisory Council. The Federal Certification of Need subcommittee of the Council reviews the application and recommends a course of action to the Council, which makes the final decision on each request.

The National Park Service has awarded a \$1,200 grant to the Department of History and Archives to locate the site of Fort Dearborn in Adams County. Jim Stone will direct the project to find the location of the territorial fort with the help of Bill Wright, Chief Project Researcher, and Sam Brookes, Project Archaeologist.

DRUG EDUCATION IN THE SCHOOLS

BY TED LEDBETTER
DRUG EDUCATION COORDINATOR
PRENTISS CO. DEPT. OF ED.

The week of October 21-27 has been set aside as National Drug Prevention week. I feel that this is the time of the year that we can take a long look at ourselves and answer personal questions of our own. Does Drug Abuse really concern me?

What can I possibly do to help prevent a major outbreak of drugs in my community? These and perhaps many other questions remain to be answered. If I can be of help to you with any problem or question concerning drugs, please feel free to contact me at 728-9408 or 728-4679 day or night. I represent YOU and Prentiss county.

DRUGS AREN'T FREE
Drugs cost money and so does drug abuse and education. Where does this money come from that we spend on drug abuse? Everytime you pick up reading material--newspapers or magazines--you read about our government spending billions of dollars every year to cope with the drug abuse problem.

This money must come from somewhere and from someone. From a government spending of \$65.7 million in 1969, to a record 729.4 million in 1973, you can readily see a spending that must come from somebody's revenue. This money comes from YOU. Therefore, drug abuse does concern you because the cost is a drain on your pocketbook. You don't have to be a drug abuser to be involved with drug abuse. As a citizen of the United States of America and a tax-

payer of this country and State, you bear the burden of the cost of the necessary programs involved with this problem.

You are also involved because you are affected by the abuser on your streets, in your neighborhood, your communities and in your country. You pay the price, Mr. Citizen. Maybe it will be through theft! The abuser takes no vacation. He must have his fix everyday. Many times this is acquired by stealing. The merchandise belongs to you. An average of 17 heroin addicts will steal over one million dollars of merchandise in a year. This merchandise belongs to you. Yes. Drug abuse does concern YOU and YOU pay the price. Drugs aren't free nor is drug abuse.

Bus Bumper System Receives 1973 Citation

A unique energy-absorbing bumper system developed for transit buses by The Firestone Tire & Rubber Company has been selected by "Industrial Research" magazine as one of the most significant new products of 1973.

The new bumper system, called *Help* (high energy-level pneumatic), will protect some of the new Transbus units being built under contract to the U.S. Department of Transportation.

The system also has been approved as standard optional equipment by all major bus manufacturers and it can be fitted to existing buses.

Blue Devils Lose Heart-Breaker 21-14

The Houston Hilltoppers handed the Booneville Blue Devils their second loss the past Friday night.

The Hilltoppers gave the visiting devils a defeat after a Homecoming defeat the week before.

John Crawford swept right up the heart of the Booneville defense for 16 yards midway through the fourth quarter Friday night to give the Hilltoppers a 21-14 im-

portant Tombigbee Conference victory over the stubborn Blue Devils.

Even with Crawford scoring his third touchdown of the night, the Blue Devils never gave up and Houston's defense had to hold off the charging Booneville club late in the game to pull out the victory.

The victory kept Houston alive in the Tombigbee championship race, while the loss virtually eliminated the Blue Devils, the pre-season favorites to take the crown.

Crawford, a senior quarterback reportedly being wooed by several colleges, scored all of the Houston points in this neighborhood outing with three TD's and a like number of extra

points. Booneville's scores came on runs of five and two yards, respectively, by running backs Charles Grizzard and Bill Spain and Bill Ward booted two extra points.

Houston never trailed, but the Hilltoppers were deadlocked 7-7 at halftime and had to rely on a stiff defense after Booneville tied again in the second half.

A fumble recovery in the first quarter paved the way for Houston's first score. Grizzard coughed it up for the Blue Devils at his 35 and Larry Taylor pounced on the loose ball with 4:39 to go in the period.

Seven plays later, Crawford turned to the right, then cut back into the middle for the first score. Fine running by halfbacks James Earnest, Barry Brooks and Ray Brown helped move the ball into position for the first six points.

The score stayed at that count until the second quarter when a Houston fumble set up Booneville's first score.

Crawford fumbled and Matthew Vassar, stuck-out on defense the whole night for the Devils, recovered at the Houston 35.

It took Booneville seven plays to get it in, with Grizzard taking a pitch-out from quarterback Larry Nesler for the final five yards at 8:04 before intermission. Sturdy running by Bill Spain greatly aided the Blue Devils march as he gained 26 yards in the drive.

Another Blue Devil early in the third quarter put Ho-

uston back in business when Ricky Allen crashed through to block a Nesler punt and teammate Mark Bray recovered for the Hilltoppers a th Booneville 37.

A face-masking penalty on Booneville moved it 15 yards closer, then Earnest broke through for 16 yards to the eight and another penalty took it four yards closer to the eight. On the next play, Crawford swept right end for his second score, converted and Houston had a 14-7 lead with 9:41 of the third quarter.

The 'Toppers and a chance to break it wide open just moments later when Houston recovered a fumble at the Booneville 35, but two plays into the series Crawford was intercepted by Blue Devil Randy Haynes.

Haynes' pilfering act put Booneville in business at its 15 and 15 plays later, mostly runs by Grizzard, Spain and Mike Snee, Booneville tied it when Spain plunged over from the two. Ward's kick knotted the score at 14-14 with 2:14 of the quarter.

The winning touchdown series by Houston was started at the Booneville 48 early in the final 12 minutes. Earnest ran for 18 yards and Brown for 17 in the drive to move the ball to the 15 and after Crawford lost a yard to straight through the middle for the clincher with 6:56 remaining.

Late in the game, Booneville marched to the Houston 18 on the arm of Nesler, but on 4th-and-4 there, the Hilltopper defense rose for the biggest time of the night and preserved the triumph.

Marietta Beagle Club Trial

The Marietta Beagle Club held its first field trial of the season Saturday, the 13th of October.

There was a very large crowd and some real fine hounds in the very rough competition.

The five hounds that were finally selected for the winners pack put on a real per-

formance, with the places finally decided as follows:

1st - Houston's Black, Lex Houston, owner, and Ralph Mitchell of Ponotoc, Miss., handler.

2nd - Kirkendall's Jack, owned and handled by J. W. Kirkendall, Dry Creek Community.

3rd - Sandy-Line Donna, owned and handled by Jimmy Sandlin of Suntuwn.

4th - Tills, Joe Billy, owned and handled by L. Q. Mathis of Booneville.

5th - Spuds Little Azax, owned by Marvin "Spud" Tolson of Booneville.

Judges were Freddy Lambert and Smith Ray McCreary.

Miss Alice Peeler Weds Byron Walton

A beautiful event of Wednesday evening 15th was the wedding of Miss Alice Peeler and Mr. Byron Walton at the First Methodist Church in the presence of a large assemblage, Rev. S. A. Brown saying the ceremony--the impressive ring service was used.

The church was elaborately decorated under the supervision of Mesdames W. L. Newhouse and L. Brown and all appointments were perfect. The altar and choir rail was effectively banked with palms, ferns and white flowers with graceful trappings of white tulle and ropes of milax.

The musical program was rendered by Prof. Enoch Walton, of Memphis, brother of the groom, and was very fine. He also played Lohngin's Bridal Chorus, Mendelssohn's Wedding March and assisted Miss Eunice Johnson in singing "As the Dawn." The ushers leading the bridal procession

were Messrs. Taylor Mahaffy, Louis Henry Peeler, Walton Peeler and Clayton Archer.

There were two little flower girls Misses Mozelle McMillan and Annie Hilbert Arnold. The garland bearers were Misses Mary Peeler, Mattie Walton Peeler and Mary McCauley, Juanita Patrick.

The bridesmaids were Misses Elizabeth Peeler, Bessie Harris, Marguerite McCauley, Christine Bettersworth, Vivian Sanders, Ruth Taylor. They were attended by the groomsmen Messrs. S. V. Crow, Richard Price, John R. Bettersworth, George Walton Peeler, John Peeler, George G. Peeler, Mr. J. C. Stanley, Jr., served as best man. Misses Eunice Peeler was maid of honor.

The gowns of the bridesmaids were white lace over green charmeuse with gold trimmings. Each carried a sheaf of white chrys-

anthemums. The pretty bride was escorted to the altar by her father, L. K. Peeler. She wore an exquisite bridal robe of white charmeuse with lace and pearl trimming. Her bouquet was of bride's roses with a shower of valley lillies.

A reception for the bridal party was given at the residence where a large number of gifts were on display.

The young couple are both popular members of society, and merited the many compliments and congratulations showered on them by their

host of friends. They left shortly for a trip north. The bride was attired for traveling in blue. They will be at home to their friends after October 23rd.

The out-of-town guests to the wedding were Mr. and Mrs. J. L. Arnold, Shannon; Mrs. Annie Walton and Prof. Enoch Walton, of Memphis; Miss Hallie Savery, Tupelo.

Christmas Bazaar Set November 8

A Holiday Harvest is coming to Booneville! Handmade gifts, Christmas decorations, toys, and a great variety of foods will fill the Community Center on November 8 from 3 to 6 p.m. when the Booneville Junior Auxiliary (Provisional) holds its SECOND ANNUAL CHRISTMAS BAZAAR.

Following the theme of Holiday Harvest, the 1973 Bazaar will offer quality items especially appropriate for the Thanksgiving and Christmas seasons as well as throughout the year.

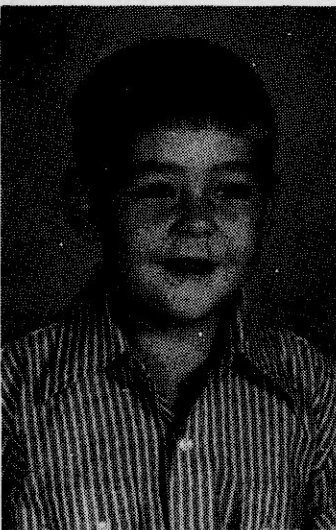

Shoppers who want a quick rest during the afternoon may sit at conveniently placed tables and refresh themselves with complimentary spiced tea which Junior Auxiliary members will be serving. A tasting table will provide modestly priced refreshments and samples of some of the foods for sale.

Bazaar Co-Chairmen Mrs. Neil Walden and Mrs. John David Price and their committee members feel that, with the support of Boonevillians, this year's Bazaar will be an even bigger success than last year's. Bazaar Committee members and their areas of responsibility are: Foods, Mrs. S. C. Galloway; Crafts, Mrs. Joe Duckworth; Christmas Decorations, Miss Nancy Brewer; and Staging, Mrs. C. M. Whitaker, Jr. Mrs. James Bethay is Finance Committee Chairman.

Junior Auxiliary members are depending upon their local friends to support this project. The Bazaar provides the Auxiliary with its only means of raising the money to fund its many service projects throughout the community. Such activities as volunteer aides to all 5 Special Education classes, the Senior Citizens Entertainment Program, the Pet Show, Play Hour at the Housing Project, Summer Art Lessons, the Children's Art Exhibit Contest, and the school Clothes Closets could not function without the proceeds from the annual Christmas Bazaar.

The Booneville Junior Auxiliary (Provisional) urges everyone to attend the Bazaar and promises that shoppers will be delighted with the variety and finished appearance of the crafts, gifts, and foods that will be displayed for sale.

Thursday, November 8, between 3 and 6 p.m. will be an exciting and rewarding time for anyone who enjoys shopping, browsing, or just being with people. The Community Center provides plenty of parking space for all who wish to support the Junior Auxiliary's service work by attending the Holiday Harvest.

NATIONAL DRUG ABUSE WEEK OCT. 21st-27th

Hooked? You might do yourself in! Spaced

out? Get off that cloud, man . . . it's not cloud

nine. Up and down? Get things together. Why?

Because drugs are a bummer. If they don't snuff

you out they'll make your life topsy-turvy — turn

you into a big nothing. It's like this . . . life and

drugs don't mix! Education, travel, good times

and a family can someday be yours when you

play it straight. Set up goals and work at achieve-

ment — it's the best way of life.

WE MUST STOP THE EPIDEMIC OF DRUG ABUSE BEFORE IT'S TOO LATE

Stamp Guidelines Tightened

JACKSON — With the food stamp program rapidly expanding, efforts are being intensified to make certain only eligible persons are receiving coupons, according to Max M. Cole, commissioner, State Department of Public Welfare.

Department staff having just returned from a Southeastern regional conference on quality control report that a concerted drive is being made throughout the nation to monitor the entire food stamp operation better.

"We will be using computers, cross-files and every other available resource," added Cole, "to keep a more watchful eye on the growing food stamp program that now pumps approximately \$9 million into Mississippi's economy each month."

Commissioner Cole explained that Mississippi is well underway in its quality control program. The department has a staff of nineteen well-trained reviewers that goes into the counties to check their operations.

"In addition to our efforts," he continued, "federal investigators then recheck our work."

The quality control program is designed not only to uncover fraud, he said, but it is also aimed at the detection and elimination of costly honest errors that can easily occur.

The food stamp program is administered in Mississippi by the U. S. Department of Agriculture's Food and Nutrition Service in cooperation with the State Department of Public Welfare.

Currently, Mississippi has seventy-three counties operating food stamp programs. In August 340,544 low-income people in Mississippi were issued \$9,090,526 in food stamps. Of this amount, \$6,050,413 was in bonus stamps.

DEVILS RAMBLINGS

By
Becky Budlowe

The Devils were unable to get on their winning streak when they went up against the Houston Hilltoppers last Friday night. The final score was Houston 21 and Booneville 14.

The B.H.S. Band brought home some high honors from Sheffield, Alabama, Saturday, October 13. They were rated EXCELLENT and put in Second place in Class C. The Band had a lot of supporters and would like to thank everyone who came.

Our annual, the "Spotlight", has gone on sale. It is \$6.50. There must be at least a \$1.00 down payment made before October 31 in order to purchase one.

The Devils will stay home tomorrow night to play the

Nettleton Tigers. The Devils need your support very much, so please come out and help get some Spirit into our mighty Devils!

Strange

Open House

Saturday

An open house will be held October 20 at the new home of Dr. and Mrs. W. W. Strange.

The Strange's live on Highway 4 west of Booneville. The open house will be from 1-5 p.m. All friends and relatives are invited.

Vets Better Check?

The Veterans Administration cautions veterans to check on availability of benefits before traveling or establishing residence abroad.

For example, a veteran with service connected disabilities, who is an American citizen, should carry with him overseas a statement of his service connected conditions issued by the VA office maintaining his medical record. If a need for medical care should arise, the statement, together with an application for medical benefits, should be presented to the American embassy or consular office in the country of travel or residence.

In an emergency, an eligible veteran is entitled to VA-paid hospitalization if he notifies the embassy or consular office within 72 hours after hospitalization. Notification of outpatient treatment must be made within 15 days. Only in the Philippines is care available for both veterans with service connected disabilities and non-service connected disabilities. Treatment is provided at the Veterans Memorial Hospital in Manila. There, as in the United States, veterans with non-service connected disabilities are eligible only on a space available basis and only if they are unable to defray expenses.

Retired servicemen are eligible for medical benefits from military hospital and clinics.

G.I. home loans are not available to veterans living in foreign countries -- but compensation and pension checks may be mailed to all overseas addresses except for certain "blocked" countries.

VA officials also advised veterans traveling in foreign countries to maintain state-side mailing addresses, where possible, to insure prompt receipt of checks.

Sermons We See

I'd rather see a sermon than hear one any day, I'd rather one should walk with me than merely show the way.

The eye's a better pupil and more willing than the ear; Fine counsel is confusing, but, example's always clear; And the best of all the preachers are the men who live their creeds, For to see the good in action is what everybody needs. I can soon learn how to do it: if you'll let me see it: done.

I can watch your hands in action, but your tongue too fast may run. And the lectures you deliver

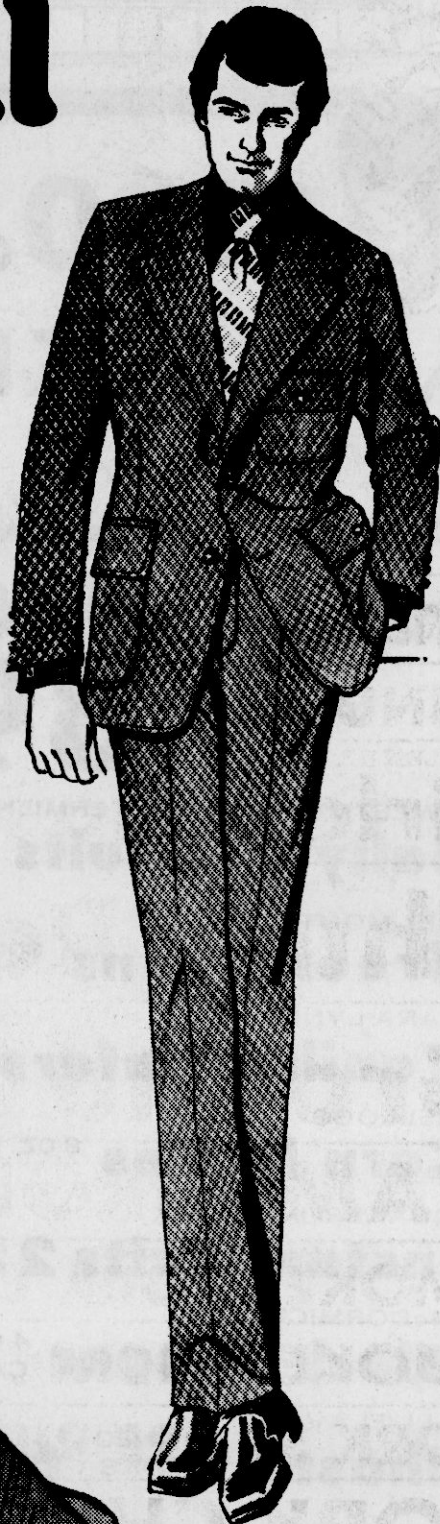

may be very wise and true; But I'd rather get my lesson by observing what you do. For I may misunderstand you and the high advice you give, But there's no misunderstanding how you act and how you live.

By Edgar A. Guest.

Pittman Explains MEC's Position

"Mississippi's Constitution of 1890 provides that the Board of Supervisors in each county 'shall have jurisdiction over roads, ferries and bridges, to be exercised in accordance with such regulations as the Legislature may prescribe...'", Bobb Pittman, general manager of the Mississippi Economic Council, told members of the Booneville Civitan Club recently.

Pittman continued by pointing out that the Constitution is silent with regard to the method to be used in administering the county road system. Neither the beat nor the unit system is mentioned, he said.

In his talk, Pittman explained that the MEC speaks for a broadly-based community of businessmen and civic leaders throughout the state. The Council, he said, is the state's Chamber of Commerce and is composed of some 3,200 volunteer members, who support the further development of Mississippi's natural and human resources and the state's continued economic growth, development and prosperity.

In discussing the county unit system, Pittman told the Civitans that although the beat system has become the traditional method of county road operations, the State Attorney General in 1972 rendered an opinion which stated the Constitution presupposed that each county would operate on the unit system.

Quoting from the opinion, Pittman said, "County unit was the accepted rule from the beginning. The Legislature, from time to time, provided exceptions to that rule in allowing the creation of separate road districts, "...

composed in whole, or in part, of one, or more than one, supervisor's district. ..."

Pittman further illustrated the MEC's position on the 32 counties of the state adopting the unit system by using the extreme success of the State Aid Program for the construction of county roads. In that program, said Pittman, the state followed the guidelines of the unit system, and the success of the program can be attributed to the unitized, professionally administered methods used.

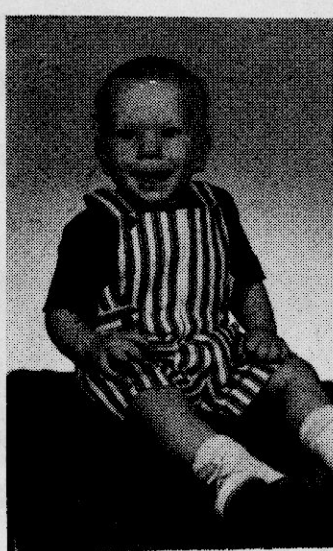

He told the Civitans that the MEC was interested in seeing the county road system operated with the taxpayers receiving more for their money. The unit system, he said, will result in a more efficient use of tax dollars.

Pittman said the unit system would not mean a more centralized government since the Board of Supervisors would still maintain control over construction operations. The county unit system, he said, simply means more coordinated planning for the entire county instead of piecemeal decision on the beat-by-beat basis.

"Instead of five pieces of identical road construction equipment," said Pittman, "the county might be able to get the job done with two or three."

Pittman urged the members to contact their elected officials and discuss the matter with them. At present, a Board of Supervisors may voluntarily adopt the county unit system.

It was Pittman's opinion that present legislation forcing the system upon the counties would pass in the next session of the Legislature.

One Year Old

Christopher Mark Glenn, son of Mr. and Mrs. Alvin E. Glenn, Jr. of Booneville, celebrated his first birthday with a party in his honor on September 1, 1973. Little friends who attended to help in the celebration were Christi Cole, Angie Crowson, Tammie Glenn, Lavana Green, Lee Ann Hodges, Jennifer Morgan, David and Lee Ann Sweeney, Amy Tyra, and Glenn Wenzel. Chris's grandparents, also present, are Mrs. Alvin E. Glenn, Sr. of Marietta and Mr. and Mrs. Henry Pounds of Booneville. He is the great-grandson of Mrs. S. L. Pharr of Booneville also.

Whitehead's Honored

Ronald Estes Whitehead, presently serving as Academic Dean at Jones County Junior College, Ellisville, received the degree of Doctor of Philosophy from the University of Southern Mississippi August 15.

A Multivariate Analysis of Determinants of Per Pupil Expenditure in Mississippi School Districts was the title of his dissertation.

In 1964 Dean Whitehead received the degree of M.Ed. from Mississippi State University. Two outstanding honors bestowed on Dean Whitehead are listings in Outstanding Educators of the South got 1971 and Outstanding Young Educators of America for 1972.

Dean Whitehead is married to the former Charlotte Ann Oakley of Booneville, who is now serving as Director of Speech and Hearing Department, Ellisville State School.

Mrs. Whitehead, daughter of Mr. and Mrs. Tate Oakley, is listed in Outstanding Young Women of America for 1972 and 1973.

While food costs have increased 47 per cent since 1952, the average worker has enjoyed pay raises of more than 140 per cent, according to the United States Department of Agriculture.

Happy Birthday, Ole Miss

The University of Mississippi, founded in 1848, is celebrating its 125th Anniversary this year. A specially designed logo (pictured above) denoted the anniversary observance by the state's oldest university. A special convocation will be held on campus on Tuesday Nov. 6 and a state-wide television that night at 6:30 and 7:00. In addition, the 125th Anniversary log, printed in school colors of red and blue, is being pictured across the state in special publications and on highway billboards.

Boll Weevil Can Be Eliminated

MISSISSIPPI STATE, Miss. --The country's billion dollar insect--the cotton boll weevil--can be eliminated, according to results of a recent two-year experiment.

And at the same time, the total insecticide load placed into the environment by American farmers can be lowered 30 to 40 per cent.

The pilot boll weevil eradication experiment involved 18,000 acres of cotton in 35 Mississippi counties, 7 Louisiana parishes, and 2 Alabama counties. In the test core area--about 1,800 acres of cotton in a 30 mile radius of Prentiss, Mississippi--final monitoring revealed no weevils. In the first buffer zone extending outward, where suppression measures were used to protect the core, weevil counts were negligible.

Fifteen Federal, State and cotton industry groups worked together in this \$5 million experiment.

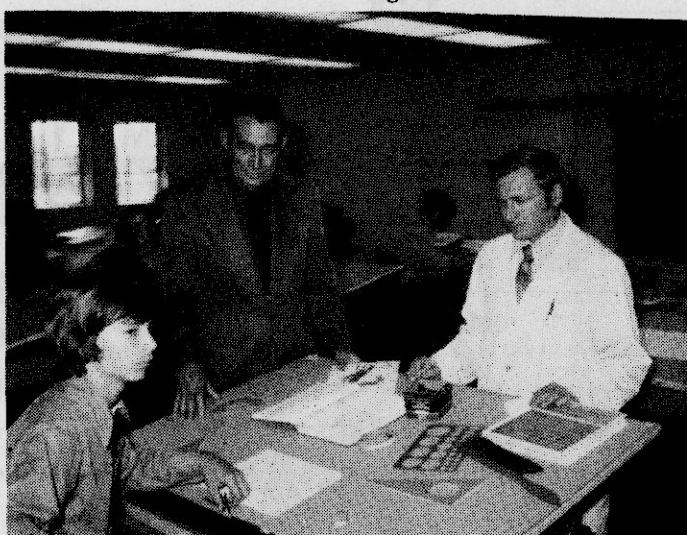

The Technical Guidance Committee for the project recently concluded that "it is possible to eliminate the boll weevil as an economic pest

in the United States by using techniques that are ecologically acceptable."

The cost of eradicating the boll weevil in the entire Cotton Belt will be expensive, but the economic and environmental benefits will far exceed the costs. The annual loss to the boll weevil is \$200 million plus an additional \$75 million for control measures.

"If the boll weevil can be eradicated in the area of Mississippi where the experiment was conducted, there's no reason it can't be eradicated anywhere in the United States," declared Dr. David Young, leader in entomology of the Mississippi Cooperative Extension Service. "This could be one of the greatest things that has ever happened in American agriculture."

"Think of the savings in production costs each year and the tremendous effect on the environment by not having to apply all the insecticides," Dr. Young pointed out.

Principal Visits

Donald Johnson, Principal at Booneville High School, is shown with Virgil Robinson, Instructor in the Industrial Drafting Department, one of their students, Marvin McCoy. Mr. Johnson works closely with all the teachers and staff at the Vo-Tech School since he has over 140 students in the facility.

Five Forestry Seminars Set

Five seminars on various facets of land use and forest management will be held during the 35th annual meeting of the Mississippi Forestry Association, "The Voice of Forestry," according to association president L. C. White, of Greenville.

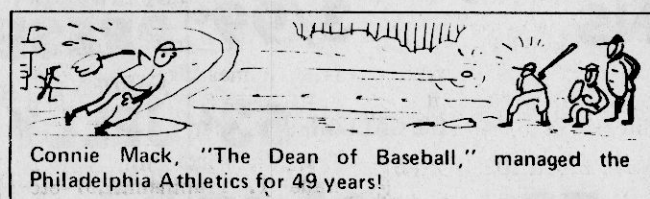

Making his first announcement regarding the format of the session, slated October

30-31 at the Heidelberg Hotel in Jackson, White said the five educational seminars "will be fine opportunities for us to update our knowledge on important forestry subjects."

White said the annual meeting will be attended by several hundred of the Mississippi Forestry Association's

1400 members, including timberland owners, forest pro-

ducts manufacturers and suppliers from across the state.

Lynn Sanders, Kenneth M. Smith Wed In Oxford

Miss Lynne Sanders, daughter of Mr. and Mrs. W. L. Sanders, became the bride of Kenneth M. Smith, son of Mr. and Mrs. Kenneth Smith in an impressive garden ceremony at Seay's Mansion House East in Oxford on Saturday afternoon, August 4.

The double ring ceremony was performed by Calvin Conn of Chattanooga, Tennessee, a personal friend of the bride and groom. Miss Sanders is the granddaughter of Mrs. Ardelia Kirkpatrick and the late Mr. Charlie Kirkpatrick of Chesapeake, West Virginia, and Mrs. Dora Sanders and the late Mr. Oscar Sanders of New Site.

Mr. Smith is the grandson of Mrs. Elizabeth Smith and the late Mr. W. L. Smith of Kossuth and the late Mr. and Mrs. Emerson Morris of Corinth.

Ebbing sunlight of the afternoon provided a soft, golden glow to the pastoral setting; arranged Grecian urns of flowers flanked the black wrought iron altar and merely set off the green frame of the grass and the peach tree which was directly behind the altar.

Preceding the wedding a program of nuptial music composed of contemporary love songs selected by the couple was presented by Mrs. Gaye Oakley Calhoun. Mr. Bruce Browning, formerly of Ecru, now of Pensacola, Florida, and David Cowart of Hattiesburg performed solos and duets interspersed within the ceremony.

The bride was escorted to her place beside the bridegroom by her brother, W. L. Sanders, Jr. During the ceremony, Brother Conn led the couple to her parents, to ask who gave her in marriage; her father, W. L. Sanders, Sr., responded that he and his wife did.

The bride chose an original bridal gown designed by Queenfit of New York of white silk organza having a bibyoke of Guipure lace. Bishop sleeves were inset with Guipure lace and ruffled at the wrists. An A-line skirt softly gathered at the waist was applied to the hemline with Guipure lace. The detachable train reflecting the appliques of Guipure lace cascaded into a chapel train. She wore an imported Belgian Brussels lace mantilla falling to finger-

tip length. She also wore an antique gold dinner ring belonging to a personal friend from her childhood, Ms. Mary A. Davis of Charleston, West Virginia. Her bouquet was of red sweetheart roses encircled with baby's breath and greenery.

A touch of tradition which joined together the old and the new aspects of the garden wedding was the beautiful ceremony written by the couple and the traditional wedding vows and the exchange of white gold wedding bands.

Attending her as matron of honor was Mrs. James A. Armstrong of Jackson. She wore an empire dress of pastel green organza over taffeta gathered at the waist by a deeper complimentary satin waistband and pert bow. The full-length gown had a self ruffled neckline with a self ruffle flowing in soft gathers at the waist. She carried one long stemmed red rose trimmed with ribbons matching her dress. The outfit was completed by a pastel green garden hat with illusion streamers flowing from the band. The bridesmaids were Donna Sanders, sister of the bride, Kin Rees of Hattiesburg, Diane Whitfield of Jackson, and Becky Mauney of Waynesboro. They wore dresses and hats identical to those of the matron of honor in the pastel colors of pink, lavender, yellow, and blue. Each of them also carried on long stemmed red rose with ribbons matching her dress.

Don Nester of Laurel attended Mr. Smith as best man. Groomsman were Vann Smith of Memphis, Tennessee, brother of the groom, David Earl Walter of Hillbrum, The Netherlands, cousin of the groom, John Alan Morris of Hattiesburg, and Mike Duboise of Hattiesburg. Head usher was Claude L. Fox, Jr. of Oxford.

Male attendants were attired in white brocade tuxedo coats and black trousers. Their ruffled shirts were pastels matching the colors of the bridesmaids' dresses.

For her daughter's wedding Mrs. Sanders chose a full-length gown of pink knit with matching accessories. Mrs. Smith selected a full-length gown of blue silk embroidered linen with matching accessories. The mothers wore cym-

bidium orchid corsages to complement their outfits.

At the conclusion of the ceremony, the couple knelt on a white satin pillow for prayer.

RECEPTION

Walled terraced patios of the Mansion were the setting for the reception honoring the couple. The bride's table was covered with imported lace over pink taffeta. The focal point of the table was the four-tiered wedding cake which featured a bride and groom enclosed by a heart of lace. The cake was decorated with rosebuds, roses, and sweet pea blossoms and was accented by translucent columns, bells, and cherub fountains. Serving the wedding cake were Mrs. Don Crowe and Miss Myra Barron, both of Booneville.

Registering guests for the reception was Miss Amy Pharr of Booneville.

Presiding at the groom's table was Miss Ferrin Poland of Tupelo. The groom's table was centered with a chocolate cake decorated with mementos of his accomplishments.

Mrs. Raymond Scott of San Antonio, Texas, and Miss Susan Smith of Memphis, Tennessee, cousins of the groom, served punch from a silver bowl.

A rice tree made of driftwood stood near the serving area; the rice bags of red satin and green material were shaped like rosebuds. They were distributed by Miss Greta Ward of Marietta.

For her wedding trip to

New Orleans the bride chose a forest green knit dress trimmed with plaid collar and cuffs, complimented by a cymbidium corsage.

The bridegroom attended the University of Mississippi from 1966-68 and again in 1972, when he worked on his master's degree in business. The bride was graduated this year from the University of Mississippi and is attending graduate school at Memphis State University, working toward a master's degree in guidance and counseling.

The couple is residing in Memphis, Tennessee, where the bridegroom is general manager of operations and sales of Unican Corp.

Out-of-town guests were Mr. and Mrs. Don Nester of Laurel; Mr. and Mrs. Claude

L. Fox, Jr. of Oxford; Mr. Bruce Browning and Ms. Pam Romeo of Pensacola, Florida; Mr. and Mrs. John Alan Morris, Mrs. C. D. Gaston, Jr., Mr. David Cowart, Mr. Mike Duboise, and Miss Kim Rees, all of Hattiesburg; Mr. Vann Smith of Memphis, Tennessee; Mr. Calvin Conn of Chattanooga, Tennessee; Mr. and Mrs. James A. Armstrong and Diane Whitfield, all of Jackson; Miss Becky Mauney of Waynesboro, Mrs. Raymond Scott of San Antonio, Texas; Mr. and Mrs. Maurice Smith and Susan Smith, all of Memphis, Tennessee; Miss Ferrin Poland of Tupelo; Miss Mary A. Davis of Charleston, West Virginia; Miss Mabel Mullins of Chesapeake, West Virginia; Mr. and Mrs. Flavious Kidd, Charlotte and

Patricia of Winthrop Harbor, Illinois; Mr. and Mrs. F. Douglas Shields and Mr. and Mrs. Ernest C. Harland, all of Oxford; Mr. and Mrs. Claude Jones and Jackie of Birmingham, Alabama; Mr. and Mrs. Charles E. Smith of West Memphis, Arkansas; Mr. and Mrs. R. H. McHaffey of Columbus; Dr. and Mrs. Owen Duncan of Amory; Mr. and Mrs. James Jackson of Jonesboro, Arkansas; Miss Floy Smith of Kossuth; Mr. Craig Whiteside of Belleville, Illinois; and Miss Susan Sinclair of Nashville, Tennessee.

REHEARSAL DINNER
On the eve of the wedding, Mr. and Mrs. Kenneth Smith, parents of the bridegroom, entertained members of the wedding party with a dinner at the Mansion following the rehearsal.

Guests were greeted by the host and hostess in the beautiful floral garden of the Mansion and directed indoors to the private dining room where they were seated at a U-shaped table covered with white linen cloths and accented with floral arrangements.

Presiding at the head table were honored groom and his bride-to-be, Mrs. W. L. Sanders, Sr., mother of the bride, W. L. Sanders, Jr., brother of the bride, and the host and hostess.

For the occasion the bride-elect chose a full-length sundress of lavender and black satin. At this time the groom-elect presented engraved sterling silver letter openers to his attendants. Those attending the dinner included Mr. Bruce Browning

and Ms. Pam Romeo of Pensacola, Florida, Miss Becky Mauney of Waynesboro, Mr. David Cowart of Hattiesburg, Miss Diane Whitfield of Jackson, Mr. Vann Smith of Memphis, Tennessee, brother of the bridegroom, Mr. and Mrs. David Earl Walter of Hillbrum, The Netherlands, Mr. and Mrs. James A. Armstrong of Jackson, Miss Donna Sanders, sister of the bride, Mr. Mike Duboise, Miss Kim Rees, and Mr. and Mrs. John Alan Morris, all of Hattiesburg, Mr. and Mrs. Claude Fox, Jr. of Oxford, Mrs. Billy Calhoun of Oxford, and Mr. and Mrs. Don Nester of Laurel.

BRIDESMAID LUNCHEON

Miss Lynne Sanders was the inspiration of a bridesmaid luncheon at the El Centro Restaurant, Holiday Inn, in Oxford, Mississippi, on Friday, August 3. Miss Becky Mauney hosted the noontime affair which all of Miss Sanders' bridesmaids attended.

Guests of honor for the occasion were Mrs. Kenneth M. Smith, mother of the groom and Mrs. Walter L. Sanders mother of the bride.

The bride-to-be was attired in a red, white, and blue sundress for the occasion.

Guests were served whole tomatoes stuffed with tuna salad surrounded with lettuce and boiled egg slices, orange sherbet, and iced tea to drink.

The table was centered with an arrangement of mixed summer flowers with tiny rosebuds interspersed in the other flowers. Place cards for the occasion were tiny pots of dried flowers that matched the centerpiece.

Each guest's name was hand embroidered on a small flag arranged in the flowers. They were a gift from the hostess to each guest as a memento of the occasion.

Miss Sanders presented gifts to the bridesmaids to show her appreciation for their participation in the wedding. The gifts were silver hostess trays engraved with each girl's name and Miss Sanders and her husband-to-be Mr. Kenneth M. Smith's wedding date.

Miss Sanders opened wedding gifts from some of the attendants who had not been able to attend earlier pre-nuptial festivities.

Guests for the luncheon included Miss Donna Sanders, sister of the bride, Miss Diane Whitfield of Jackson, Mrs. Carey Sue Armstrong, matron of honor from Jackson, Miss Kim Rees of Hattiesburg, and Miss Amy Pharr of Booneville.

New Club Requires Joining by Accident

A new club has been formed, which everyone hopes that they will not be eligible to join, yet may appreciate the fact they are able to do so.

Irvin Industries Inc., of Greenwich, Conn. has inaugurated the "Cocoon Club" for people avoiding death or serious injury through the successful deployment of automotive air bags during auto accidents.

A new day is here. There's never been anything like it. & there probably won't be. It's LEISURAMA - a totally new concept in mobile home design. Just give the spaciousness, convenience & luxury of a 24-ft. wide home. Then remember how easily a standard 10 or 12 ft. wide home can be moved to a homesite. Now think of you-know-what! Because LEISURAMA is a new kind of home-a 10x54 ft. single unit that expands into a spacious 24 ft. wide by 54 home & expansion is easy because it's not a double wide. The happy result is more than 1100 sq. ft. of freedom including 3 large bedrooms, a den & 2 full baths. Gone forever are those small spaces that crowd other mobile homes.

'Benign Neglect', Lecture Subject

The United States "benign neglect" policy in Latin America will be the subject of the next "Milady Meet the Professor" series lecture in Corinth.

Dr. Max G. Manwaring, associate professor of political science, will speak at 9:30 a.m., Oct. 30, in the Conference room of the Corinth Public Library.

The lecture, entitled "Latin America: Benign Neglect is Not Enough," will include a history of U. S. policy in that area and rea-

ctions to it. Dr. Manwaring plans to use slides or movies to illustrate his talk. "I will present both sides of the issue and offer a conclusion that our policy in Latin America could be disastrous both to them and to us, since Latin America is a source of important raw materials."

The eight-part lecture series is sponsored by the Junior Auxiliary, the National Bank of Commerce and the MSU Division of Continuing Studies.

... about your **Social Security**

BY HUGH TIGRETT

At present, Mississippi has a public assistance program that makes monthly payments to people that are aged, blind and disabled. Beginning January 1, 1974, the Social Security Administration will assume the responsibility of making these payments. According to Hugh Tigrett, district manager of the Tupelo Social Security Office, The Federal supplemental security income program is responsible for this change. He went on to explain that this new program will provide a basic income for the aged, blind and disabled that have limited income and resources.

an automatic change requiring no contact with either the welfare or social security office. "Meanwhile," Tigrett said, "We are accepting applications for these benefits from anyone that thinks they can qualify." He stressed the importance of prompt action by anyone wishing to file an application or get information about these payments. The application for these payments can only go back to the first day of the month that it is filed.

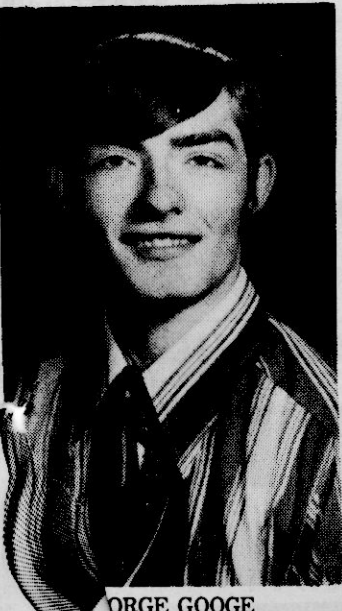

This represents quite a change since regular social security applications have a 12 months' retroactivity. "We are afraid that too many will wait until the last minute to file," Tigrett said. He went on to explain that if everyone waited until December, it would not be possible for everyone to complete a claim in time for the January check.

Googe In 'Who's Who'

George Morton Googe, a senior at Union University, Jackson, Tennessee, has been selected for membership in Who's Who in American Colleges and Universities.

He is the son of Mr. and Mrs. G. W. Googe, Jr., of 317 Arlington Avenue, Jackson, Tennessee, and the grandson of Mrs. Luna Morton and the late Charlie Morton of Booneville and

of the late Dr. and Mrs. G. W. Googe of Rienzi, Mississippi. George Morton is on the Dean's List, and a member of Alpha Chi, national scholarship fraternity; a member of Lambda Chi Alpha social fraternity, of which he is Ritualist; immediate past president of the Interfraternity Council; a member of the Union University Symphonic Band, and the Jackson Symphony Orchestra. He was the recipient of the CRC Freshman Chemistry Award, and will graduate with a Bachelor of Science degree in June, 1974.

YOUR LAWN

September Is Reseeding Time

Now is the time to turn over a new leaf for your lawn, to get to the root of your grass grievances and reseed before the issue becomes buried by winter.

The good gardener usually knows that September is the most favorable time for sowing seed. There is enough warmth for germination, yet the soil is cool enough for maximum root growth.

District Pharmacist Seminar In Tupelo

Tupelo, Miss.-- A District Seminar for area pharmacists will be held at Bonanza Steakhouse on October 23, here as part of a program to help Mississippi pharmacists remain up-to-date on latest development in the profession.

Guest speaker at the meeting in Tupelo, will be Dr. Larry Robertson, Topic of the talk will be "The Pro-

blems of Antibiotic-Resistant Microorganisms". Sponsoring the Seminar are the University of Mississippi School of Pharmacy, the Ole Miss Bureau of Pharmaceutical Services, and the Mississippi State Pharmaceutical Association.

Pharmacists from the 13 counties in District II are expected to attend the Seminar.

Dean Wallace L. Guess of the Ole Miss School of Pharmacy described the Seminar programs "an excellent means to the desirable end of continuing education in pharmacy."

"By registering and attending a Seminar in his district, each pharmacist is taking important step toward maintaining his store of pharmaceutical knowledge . . . and taking that step with a minimum amount of "inconvenience."

Eugene Polk of Magee president of the State Association, also encouraged district pharmacists to attend the Seminar.

Counties in District II are Alcorn, Benton, Calhoun, Chickasaw, Itawamba, Lee, Marshall, Monroe, Pontotoc, Prentiss, Tippah, Tishomingo and Union.

AN ORDINANCE

There came on to be considered by the Board of Mayor and Aldermen of the City of Booneville, Mississippi, the following ordinance, to-wit:

AN ORDINANCE PROVIDING FOR THE VACCINATION AGAINST RABIES OF ALL DOGS WITHIN THE CORPORATE LIMITS OF THE CITY OF BOONEVILLE, MISSISSIPPI, DURING CERTAIN PERIODS AND UNDER CERTAIN CONDITIONS; AND AUTHORIZING THE IMPOUNDING AND DESTRUCTION OF DOGS UNDER CERTAIN CONDITIONS; AND PROVIDING PENALTIES FOR THE VIOLATION HEREOF, ALL AS PARTICULARLY HEREINAFTER SET FORTH.

BE IT ORDAINED by the Mayor and Board of Aldermen of the City of Booneville, Mississippi:

SECTION 1. That for the purpose of this ordinance, the following definitions shall apply when used herein:

(a) The word "dog" shall include both the male and female sex of the canine species.

(b) The word "owner" shall include any person, firm or corporation owning, possessing, harboring or keeping a dog.

(c) The words "at large" shall mean off the enclosed premises of the owner and not under the control of the owner or other persons by leash, cord, chain or other physical means of restraint sufficient in strength to control such dog.

(d) The word "City" shall mean the City of Booneville, Mississippi, and any and every place within the corporate limits of the City of Booneville, Mississippi.

SECTION 2. Every person in the City of Booneville, Mississippi, who owns or has in his or her possession or who keeps or harbors any dog within the corporate limits of said City, shall have and keep such dog inoculated (vaccinated) against rabies, as provided by the laws of the State of Mississippi, and as provided by the rules and regulations prescribed and promulgated by the Mississippi State Board of Health, and it shall be unlawful for any person to own, possess, keep or harbor any dog within the corporate limits of said City unless such dog has been so inoculated against rabies.

SECTION 3. It shall be unlawful for any person who owns or has in his or her possession or under his or her control or who keeps or harbors any such dog within the corporate limits of the City of Booneville, Mississippi, to cause or permit any such dog to be at large within said City unless and until such dog bears a suitable metal tag approved by the State Board of Health which may be braded to the collar or harness of such dog, which said tag shall have stamped thereon the serial number of vaccination and the year in which said dog was inoculated (vaccinated). The fact that any such dog fails at any time to bear such tag shall be prima facie evidence that the owner of such dog has failed to have such dog inoculated (vaccinated) against rabies as provided by law and as herein provided.

SECTION 4. No dog of dangerous, vicious, fierce or mischievous propensities or tendencies may be at large at any time within the corporate limits of said City and it shall be unlawful for the owner or other person having any such dog in his or her possession or under his or her control, or in any manner keeping or harboring any such dog within the corporate limits of said City to cause or permit any such dog to be at large in said City. If any dog bites or attempts to bite any person while such dog is at large, then such dog shall be conclusively presumed to be a dangerous dog and a dog of dangerous propensities and tendencies. If any dog attacks or attempts to attack any other dog or other animal while such dog is at large, then such dog shall be conclusively presumed to be a vicious dog and a dog having vicious propensities and tendencies. If any dog at large chases or otherwise attempts to catch a person, then such dog shall be conclusively presumed to be a fierce dog and to have fierce propensities and tendencies. If any dog at large overturns a securely covered garbage container, or trespasses upon the premises of any person other than the owner thereof, the such dog shall be conclusively presumed to be a mischievous dog and a dog of mischievous propensities and tendencies.

SECTION 5. If any dog is caused or permitted or is found to be at large within the corporate limits of said City in violation of any of the provisions of this ordinance, then such dog may be caught and impounded by any of the police officers of said City or by a person designated by the Chief of Police, and may be held and disposed of as herein provided. If any such dog is so impounded, the same shall be released to the owner thereof only in the event of the payment within three (3) days to the Chief of Police of the City of Booneville, Mississippi for the use and benefit of said City, the sum of Two Dollars (\$2.00) as a fee for catching or otherwise apprehending such dog, and the additional sum of Two Dollars (\$2.00) per day or portion thereof that such dog may be so impounded. If the owner of any such dog fails or refuses to so pay such fees within three (3) days from the time such dog is initially caught and impounded, then such dog may be destroyed. The payment of the fees herein provided, and the payment of any such fees shall not relieve any person from the penalties, herein prescribed for any violations of this ordinance. Before any impounded dog is so destroyed, the person charged with the primary duty of enforcing this ordinance, or the Chief of Police of said City, shall give three (3) days' notice of the fact that said dog has been so impounded by posting notice in three (3) public places in said City.

SECTION 6. No female dog in heat shall be permitted to be at large at any time and it shall be unlawful for the owner of any female dog in heat to cause or permit such dog to be at large at any time within the corporate limits of the said City.

SECTION 7. If any dog suffering with rabies or reasonably suspected of suffering with rabies is cause or permitted to be at large within the corporate limits of said City, such dog may be killed by any police officer of said City, without such officer having to catch or impound such dog.

SECTION 8. If any dangerous dog or dog having dangerous propensities and tendencies as herein defined is found at large as herein defined, the such dog may be killed by any police officer having to catch or impound such dog.

SECTION 9. If any dog within said City shall at any time have rabies, or shall be suspected by the County Health Officer or his representatives of having rabies, or shall have been exposed to rabies, such dog shall be safely confined and in all respects dealt with in accordance with the directions of the County Health Officer.

SECTION 10. The Chief of Police of said City shall designate one of the police officers of said City, or other suitable person who is charged with the primary duty and responsibility of enforcing the provisions of this ordinance, but any and all police officers of said City are fully authorized and empowered to enforce any and all the provisions hereof.

SECTION 11. The failure or refusal of any person to comply with any of the provisions of this ordinance, and the violation of any provision of this ordinance by any person shall constitute a misdemeanor; and any person guilty of any violation of any provision of this ordinance shall, on conviction thereof, be fined for the first offense in a sum not to exceed Five Dollars (\$5.00); and for the second offense in a sum not to exceed Twenty-Five Dollars (\$25.00); and for the third offense a sum not to exceed Fifty Dollars (\$50.00); and for any subsequent offense a sum not to exceed One Hundred Dollars (\$100.00).

SECTION 12. This ordinance has been considered section by section, provision by provision, and as a whole, and if any section or provision hereof shall be held unconstitutional or invalid for any reason, the remaining sections and provisions hereof shall be valid, it being hereby declared that all constitutional and valid provisions hereof would have been enacted after the exclusion of any section or provision which might be found to be unconstitutional or invalid.

SECTION 13. Any and all ordinances or parts of ordinances in conflict herewith or any part hereof are hereby expressly repealed.

SECTION 14. The City Clerk shall cause this ordinance to be published as soon as possible after the passage hereof. The Mayor and Board of Aldermen of the said City find and adjudge that numerous dogs are at large in the City of Booneville, Mississippi in violation of the laws of the State of Mississippi, and particularly in violation of Chapter 1, Title 25, Volume 5, Mississippi Code of 1942, as well as in violation of substantially all

of the provisions of this ordinance. The Mayor and Board of Aldermen of said City further find and adjudge that the public safety and health of the inhabitants of said City require that this ordinance become effective immediately upon its adoption, and for such reasons, this ordinance shall become and be effective immediately upon its adoption and approval.

The foregoing ordinance having been reduced to writing and read and considered section by section, provision by provision and as a whole, the same was fully introduced and a motion made for the adoption thereof, and a vote taken thereon with the following result:

FOR THE ORDINANCE: CHARLES E. CRABB, LELAND F. BARNETT, F. WADE LAMBERT, J. W. TIMBES, JACK E. ARNOLD, AGAINST THE ORDINANCE: NONE, ABSENT OR ABSTAINING: NONE, ADOPTED AND ORDERED this October 15, 1973. Charles Steen, Mayor

ATTEST: O. J. Robertson, Clerk

I, Ovid J. Robertson, the duly appointed, qualified and acting Clerk of the City of Booneville, Mississippi, and lawful custodian of the minutes of the meeting of the Board of Aldermen and the seal of said City, certify that the foregoing is a true and exact copy of an Ordinance passed by said Board of Aldermen at a meeting of said Board held on October 15, 1973, in the City Hall thereof. WITNESS MY SIGNATURE and official seal of office this 15th day of October, 1973.

/s/ Ovid J. Robertson, City Clerk

The said land will be sold as a whole and not in parcels as provided in the Decree of Sale aforesaid. The successful bidder will be required to deposit with me at the time of said sale a sum of money equal to ten percent (10%) of the amount of the bid, as security for the faithful performance of the bid on the part of the successful bidder, the said sum of money to be applied on the purchase

price, in the event of confirmation of sale.

The said sale will be made subject to confirmation by the Honorable Fred P. Wright, Chancellor of

said Court, who will hear the report of sale and application for confirmation thereof at the Regular November 1973 Term of Chancery Court of Prentiss County, Mississippi, commencing at 10:00 a.m. on November 26, 1973.

Mrs. Booth Speaks To Booneville Woman's Club

Mrs. Foster Booth, Jr. of Tupelo, Third Vice-President and director of Junior clubs of Mississippi Federation of Women's Clubs, was guest speaker for the meeting of the Booneville Woman's Club on Thursday afternoon, October 11, at the Turner home on Wildwood Drive. Hostesses were Mrs. Homer Parker, Mrs. Webster Cleveland and Mrs. Emmons Turner, Jr.

A tempting dessert plate with coffee was served during the social hour prior to the meeting.

Mrs. L. W. Peeler, president, called the meeting to order, and welcomed members and guests. Mrs. C. S. Sanders of Harpersville and Mrs. Foster Booth, Jr. of Tupelo. Mrs. Homer Parker led members in the collect, after which the business session was conducted.

Mrs. Stewart Vail, program director, introduced Mrs. Booth who spoke on General Federation of Women's Clubs, using a quizz, and presenting

Paper Waste Becomes A Recycled Asset

Paper mill waste is being transformed into a saleable product with a Broby smelter. It utilizes particulate matter and sulphur dioxide, and processes heavy liquor residue of pulpmaking to manufacture sodium carbonate and sodium sulphide.

The said sale has been ordered by said Court for a partition and division of the proceeds of sale among the parties in interest.

The title of said property is believed to be good, but I will sell and convey only such title as I hold as Special Commissioner. Signed, published and posted on this 15th day of October, 1973.

GENE GRAY, Special Commissioner

the many advantages and some of the accomplishments of General Federation and the member clubs. She also gave information on Junior Clubs. Both Mrs. Vail and Mrs. Peeler expressed appreciation to Mrs. Booth and presented her with a gift from the club.

Urges Retreat

KAMPALA, Uganda President Idi Amin cabled Israeli Defense Minister Moshe Dayan Friday urging a full Israeli retreat to save Israeli forces from annihilation in the Middle East war.

Amin, who also accused the U.S. 6th Fleet of delivering nuclear weapons to Israel, Amin said the Israelis have no motivating reason to fight while the "blessing of Allah are on the side of the Arabs."

Card Of Thanks

We would like to thank each and everyone for the flowers, cards, food and every deed of kindness shown to us during the death of our daughter and sister, Irene. A special thank you to the doctors and staff at Baldwin and Tupelo Hospital. May God richly bless each and everyone.

Mr. and Mrs. Alex Grooms, Brothers and Sisters
