### Marietta Gospel Singing

There will be a gospel singing at East Marietta Baptist Church Saturday, December 1 beginning at 6:30.

Featured singers are the Thompson Family of Memphis and the Singing Echoes of Marietta.

## Radiothon Sunday

The annual Regional Rehabilitation Center and Cerebral Palsy Handicapped Persons Center fund raising campaign will be held this coming Sunday.

The campaign is designed to aid the handicapped people of this area.

John A. Rasberry, executive director, pointed out that \$25,000 is the goal set for this year. He noted that the basis for the \$25,000 is that this is the amount necessary to be raised from this area to pay the salaries of staff and other operational cost of the Center that serves the handicapped people, young and old alike.

Some 97 patients have received 1,039 services through the Rehabilitation Center in Tupelo.

The program can be heard locally through WBIP in Booneville.

The Prentiss County Community Fund has taken over the responsibility of raising the Prentiss County goal of \$3200 for this year. However, it was noted if anyone is not giving to the Community Fund and wishes to share in this great program

you may do so by sending your contribution to the County Chairman, Mrs. E. O. Roden, P. O. Box 494, Booneville, or call Radio Station WBIP, Tel. no. 7218-5301 Sunday. This should be done between the hours of 1:00 P.M. and a member of the Booneville Jaycees or Booneville Jayettes will gladly pick up your gift.

### Landscaping Action

Dr. Wallace Gordon, left, Extension Service Horticulturist, was on hand here last week in a landscaping clinic. Shown with Dr. Gordon are Theresa and Tommy Floyd at their home here. The effects of the clinic were very successful.

## Purvis Tells Highway Stand

Lee County Senator Perrin Purvis made it clear here Tuesday his stand on construction of highways leading to Jackson.

Purvis, speaking to the Booneville Rotary Club, stated that he would resist any move by the legislature to give priority for road construction to those highways leading to Jackson.

The Senator is a member of the Joint Legislative Highway Study Committee.

Purvis' remarks followed the controversy raised when Rep. Bill Gibson of Bruce pre-filed a bill calling for first priority for disbursement of highway construction funds to be given to "highways originating in or going to the seat of government of the State . . ."

The bill also states "last priority in the disbursement of highway construction funds shall be given to highways going towards cities or points outside the State . . ."

Purvis said here Tuesday that several strong organizations around Jackson have expressed the idea that the roads around Jackson should be built first.

He told the group one can now leave Jackson in five directions "on a modern, high-speed, divided four-lane highway. If they get State Highway 25 coming out of there and Highway 49 coming out of there, that means you can go seven different ways to and from Jackson before we can get to Memphis."

"It was the persistence of Northeast Mississippi

(HOPE) that was principally responsible for the \$600 million 1972 highway program," he asserted, "and I have no intention of this section of the state being put at the bottom of the priority list."

He said the Joint Legislative Highway Study Committee has not studied the proposition yet, "I just brought it up to them"

## 'Mail Early Week' Signed

A "Mail Early Week" Proclamation was signed this week by mayors of the towns in Prentiss County.

The proclamation is calling on the citizens to cooperate in an effort to assure to prompt delivery of Christmas mail this year.

The proclamation is as follows: WHEREAS, the dedicated postal employees of county Post Offices, together with postal employees all over the nation, are striving once again this year to effect the timely delivery of billions of greeting cards, gifts and other holiday mail pieces;

WHEREAS, this public service is performed very often at great personal sacrifice in assuring delivery and preventing disappointment at the Holiday season;

WHEREAS, the Postal Employees of the county have long been among our most respected public servants and finest neighbors; now therefore,

We call upon all residents of Prentiss County to observe December 2, 1973 this week, we call upon the citizens of this county to deposit their holiday mail early and often; to take special pains to insure full and correct addresses on all mail, complete with ZIP Code; to package securely and, insofar as possible, to make use of post offices during those periods of mid-morning and mid-afternoon when they are least likely to be crowded.

Signed,  
Mayors of Prentiss  
County Towns

## 3 Men Charged In Burglaries

Three Prentiss County men are in the Alcorn County jail charged with the burglary of three Alcorn County homes, according to Sheriff Ralph Lambert.

Tucker Manus, 24, William "Frosty" Manus, 30 and Dickey Manus, all of Booneville were arrested by Prentiss County authorities after warrants were issued by the Alcorn County Sheriff's Department.

Deputy Ralph Lancaster, who conducted an investigation into the burglaries, said the Prentiss County Sheriff's Department had been working very closely on the case for about five weeks.

Lancaster said the Prentiss

County authorities had been "extremely helpful in solving the burglaries of the Walter Springer and Jerry Springer homes in the Hiltown community and the Gilbert Sherard home at Kossuth.

According to Lancaster, about \$5,000 in merchandise taken from the homes was recovered, including color television sets, guns, a 750 Honda motorcycle, and a Honda Mini Trail.

Lancaster said several items taken in Union County burglaries were also recovered from the three men.

A hearing will be set later this week according to the Sheriff's department.

## Four-Day School Week 'A Possibility'

The possibility of a four-day school week was mentioned here this week in an effort to combat the energy crisis. Prentiss County Superintendent of Education Lex Cain said the four-day school week "is a possibility". Cain went further in saying that he really didn't foresee this, "but it can happen."

The Superintendent said that "state law compels us to have 175 days of school, and we have allotted 180." It was noted that the months of January and February are the coldest as far as the heating is concerned. If the four-day school is put in force, it will probably be during these two months. "By doing this, we will only have eight days to make up, and this will pretty well tide us over," Mr. Cain said.

Cain said that the county's fuel allocation for operating the busses has been cut 5 percent from the allocation of last year. "We now use some 500 gallons of fuel per day to operate the busses, and every effort is being made to use this fuel wisely," the superintendent said.

In connection with this, it was noted that all school busses will be cut out in this fuel-conservation measure. Also, some of those children who are currently picked up "from their homes will be asked to walk to the road to the busses. This, of course will be dealt with on the individual basis."

The gas for some of the athletic trips of the county schools will have to be bought from service stations, it was mentioned.

Officials said that routes are scheduled to be cut at the present time, "but we are studying this now."

The Christmas holidays will begin one day earlier than originally planned, officials said.

They will begin Thursday, December 20, and school will resume on Monday, January 7th, making a 17 day holiday.

Officials said that all thermostats in the schools have been changed to 68 degrees. "Schools are putting different measures to work in order to conserve energy," the Superintendent said.

Most citizens of the area were happy to see the cooler weather move in as compared with the stormy conditions that were experienced the first of the week.

The over-cast conditions prevailed in the area the first days of the week as the temperatures began to rise and the barometric pressure fell. The area was almost continuous

## 25 Years After... Growth Is Tremendous

It has been twenty-five years from its beginning . . . and now some 1,700 students darken the hallways here.

That's the Northeast Mississippi Junior College in Booneville. The junior college opened its doors in 1948 to some 100 students. And now, some 1,700 students are engaged in a higher education program that is unique in its own right.

For the Booneville-based college has tripled its physical plant in the last ten years. Northeast, like the rest of Mississippi's public junior college system, has emerged from the step-child roll in the state's higher education institutions to become "the" success story of the past quarter century.

With enrollment booming, capital improvements at an all-time high and course offerings expanding almost by the semester, Northeast has established itself as an innovator and precedent-setter among community colleges in the state.

Boasting a wide range of pre-professional courses, a comprehensive vocational trades curriculum, an active evening division, and an expanding program of campus-centered student activities, Northeast in recent years has become far more than a day-student school for its 1700 students.

With an increasing number of resident students filling its plush new dormitories, student life at Northeast increasingly resembles that of Mississippi's senior colleges and universities.

What does this growth mean for the image of the school? President Harold White is more than enthusiastic.

White, whose leadership has sparked much of NMJC's growth said, "We want Northeast to be a com-

Cain also said the school system is sure to get plenty of LP gas up to Christmas, but it is not known about the natural gas.

## Conference Round Robin Abolished

The round robin football schedule was abolished by Tombigbee Conference school administrators in a meeting the past Monday.

In the same action, the officials adopted a seven-game rotating program for the next two years.

James Anderson of Okolona, conference president, said he felt the new setup would enable the 10-member group to remain intact, heading off several hinted withdrawals.

"We think we have something now that everybody can live with," Anderson said. "I think all of us understand each other's problems better and we are moving in the right direction."

The 1974 football championship will be decided on a percentage basis. If the first and second place teams haven't played during the regular season a playoff will result.

This new formula for scheduling allows teams finishing six through 10 in 1974 to scratch two of the top five teams for the next two years.

Last-place Nettleton had first choice at scratching and so on in the reverse order of finish. After a school drew two scratches, the door was closed and other

schools had to include them on the schedule.

After the two-year span, administrators will follow the same formula except that those who scratched schools for the first two years couldn't scratch them for the next two.

Ripley High School will continue to play a round robin, plus New Albany of the Little Ten Conference.

Anderson noted that a number of schools would have to find new opponents and that teams could mutually move a date within the new setup.

All conference schools will end the season on the same Friday. Safford and Okolona were able to advance their late date to mid-season.

There was some informal talk of expansion, with the possibility of Iuka becoming associated with the group at a later date.

A conference spokesman said that his move was a sort of stopgap arrangement, that there was growing interest in a setup based on enrollment classification.

Nettleton, Okolona, Baldwin, Kossuth and Safford had scratch rights this time around.

Fulton, Booneville, Houston, Ripley and Shannon finished as the top five.

prehensive school, offering everything a student could want in a college education -- not only academically, but in terms of extra-curricular activities as well.

"The day when a junior college could be a haven for slightly below average, economically deprived students not able to attend senior college is a thing of the past. We want to meet the needs of all our students, but we also want to be an institution stressing academic excellence and comprehensive student activities as well."

White stressed the importance of Northeast's appeal to students from the non-rural areas of the five counties it serves. He said the increasing sophistication of high school graduates de-

manded that Northeast look closely at new trends and ideas in higher education, keeping the college in line with the offerings of senior colleges.

White noted the importance of Northeast to the economic and industrial growth of the area stating, "The impact of the college on the industrial development of Northeast Mississippi has been profound."

"Our vocational education programs have provided thousands of trained personnel for area industries and created an employment situation which has helped attract major industries."

White also noted the contribution of the college in pre-professional training. "Through the years Northeast has provided educational opportunity for many persons who are now teachers, doctors, attorneys, and engineers in Northeast Mississippi."

"Many of them have told us that without the affordable education we offered they would not have been able to begin or complete college."

With this growing sophistication and expansion of services, what gives Northeast its uniqueness?

White commented that, "Northeast is still completely oriented toward the individual student. We have not lost the personal, individual approach to higher education as have many large senior colleges in the state."

"We feel a strong commitment to the community, that is, the Northeast Mississippi area, and its people. We believe that Northeast has a definite role to play in the destiny of the area it serves."

White commented, "The only reason we exist is for our students and the Northeast area."

## 4-H Meeting Tonight

The Senior 4-H Club Awards Program will be held tonight (Thursday) at the Wagon Wheel Restaurant here.

Officials said the program meeting will begin at 7 p.m. It had been originally scheduled for the Community Center.

The achievement programs are the highlight of the 4-H year. The purpose of the meeting is to honor 4-Hers who have made worthy accomplishments during the 1973 club year. Each 4-H'er attending is to receive awards or honors for his accomplishments and achievements in 4-H.

## Understanding County Unit

Can anyone oppose more efficient use of tax dollars, improved accounting procedures, better control of expenditures, and improved services from local government? Certainly most cannot oppose these obviously virtuous characteristics of government at any level--national, state, or local.

Some, however, oppose the creation of a system of government that lends itself to these maxims of economy and efficiency.

The Mississippi Economic Council--longtime advocate of a more efficient form of county government--believes opposition to the unit system of county management is due largely to a lack of understanding.

Opponents of county government reform may not understand that the proposal for county unit is a proposal for a system of sound management for county government.

County unit would enable Boards of Supervisors to function as policy-making bodies like a board of directors for a corporation.

County development and planning would, under county unit, be coordinated by the Board as policymaker with day-to-day duties of road maintenance and construction delegated to a manager. Purchasing would be centralized to offer more controls, better purchasing advantages, and improved accounting.

This system of county government could easily be applied to each county in Mississippi. Just as the republican form of

democracy is applicable to each level of government--national, state, and local; and just as basic principles of management are applicable to the operation of a business whether it be on Wall Street or Main Street... the county unit system of government is applicable to all Mississippi counties.

## 1200 Still Missing

Many Americans are unaware that more than 1200 U.S. citizens are still "missing" in the aftermath of the Vietnam war, and that the fate of these men has gone unexplained.

When the Paris Agreement was signed and almost 600 American prisoners of war were returned home, the entire country rejoiced. But in the emotional excitement of watching the men rejoin their families, most of us failed to realize that those who were coming home constituted less than one-third of all the U.S. prisoners of war and missing in action for whose safe return we have so fervently prayed.

Some of the men who did not return (more than 50) were known to have been captured by the enemy. Many of the other "missing" disappeared under circumstances that strongly indicate they fell into enemy hands. But there has been no new information about their fate.

When the communists handed our Government lists of the POWs to be repatriated, they also gave us names of 60 Americans who "died in captivity" and whose bodies were to be exhumed and sent home. But none has been returned.

Yet, Washington has been strangely silent about the neglected repatriation of these dead, about the fate of the men previously classified as POWs, and about the hundreds of others "missing" men who did not come home.

If we are to have true "peace with honor," our Government must be prodded into speaking out for these men. The United States must strongly and publicly insist that all of the American missing be accounted for, that any who are still alive be returned, and that the bodies of our dead be sent home for honorable burial.

We must not forget, and we must not allow the world to forget, that more than 1200 American prisoners of war and missing in action are still unaccounted for.

## New Gun Control Laws

The issue of "guncontrol" continues to be a matter of widespread dispute.

On the one side, there are those who maintain that all firearms should be confiscated by the government and that private citizens should not have the right to bear arms. On the other side are those who see grave dangers if such laws were to be passed.

In 1970, Police Chief Jerry V. Wilson of Washington, D. C. directed a survey to learn the results of all criminal cases brought before the courts in the Capital City involving violation of the D. C. "Code 22-3204," a law which prohibits the carrying of handguns and other dangerous weapons outside one's home or place of business. The study revealed that of all the persons convicted of that offense, only one of the three received a prison sentence. Criminals who had been arrested, brought to justice, found guilty, were then let loose by lenient courts to rob again.

It doesn't make sense that we should pass more laws if the courts are not going to enforce the ones we now have. The National Rifle Association recommends that present laws be strengthened to require mandatory penalties for the possession of a firearm in the commission of a crime, and to strictly prohibit possession of firearms by convicted felons, drug addicts, habitual drunkards, fugitives from justice, and juvenile delinquents.

This would mean that if a criminal used a gun in a robbery, a holdup, or any other felony, the penalty would be automatic imprisonment with no ifs, ands, or buts.

Generally there is nothing wrong with taking a finesse, however, there are times when it may not be prudent to do so as illustrated in today's offering. Using valuable cards for transportation early in the play sometimes backfires and may cause declarer to lose control of the hand.

Declarer observed that he could score ten tricks even if the spade finesse lost, four spades, three clubs, two diamonds and a heart. What he did not observe was that he could also lose four tricks and since there are not fourteen tricks in any pack I

have ever played with, something had to go amiss and it did.

South crossed to dummy with a diamond to the ace and finessed the spade losing to West's king who now cashed a high heart and exited with a diamond to dummy's king. Declarer pulled the remaining trumps and when he drove out the ace of clubs the defense cashed the high diamond trick, one in each suit. You can't take ten if you lose four.

The error was made in using a diamond honor to enter dummy for the trump finesse. It provided the defense with the opportunity to establish a diamond trick which they should not get. When South counted ten tricks on the losing finesse, he must simply abandon that play and graciously concede a trump trick to the king before proceeding further. Let's assume at trick two he led the ace of trumps followed by a small one to the ten. West will win, take his heart and get out with a diamond. Now South can pull the trump and safely dislodge the top club while still retaining the high diamond. The fourth club now provides a parking space for the losing diamond.

There is no defense that will beat this four spade contract, but there was an offense that could beat it, and South found it.

## Pause For Power

## Jesus Christ...Two ...Yet One

"Great is the mystery of godliness, God manifest in the flesh" (1 Timothy 3:16). The Bible, in this terse statement, underscores the supremely critical event in human history -- the incarnation of Jesus Christ.

And there are three basic facts that can be affirmed of Jesus Christ in his incarnate state. First, Jesus Christ is truly man; He had a complete human nature. Second, Jesus Christ is truly God; He had a perfect divine nature. Third, Jesus Christ was but one Person. The same Person who said, "I thirst," also said, "Before Abraham was, I am."

The union of two perfect natures in one person is known in theology as the hypostatic (personal) union. Therefore, when we speak of the hypostatic union in reference to Jesus Christ, we mean the union of two perfect natures, divine and human, in one Person.

Now this truth is set forth in many places in the Bible. For example, the Bible says in Romans 1:3,4: "The Gospel ... concerning his Son Jesus Christ our Lord, who was made of the seed of David according to the flesh; and declared the Son of God with power, according to the spirit of holiness, by the resurrection from the dead." Now, there are two verbs used in these verses concerning the coming of Christ to this earth. Jesus Christ was made, or born, of the seed of David, according to the flesh. That is, Jesus was a real man, a man of flesh. And yet, Jesus Christ was declared, or demonstrated, the Son of God by the resurrection from the dead. Jesus Christ was also truly God. Here then are two verbs: Jesus Christ was made, and Jesus Christ was declared. These two verbs speak of his humanity and his deity. If you understand these two verbs, you will have the Christ of the Bible. But, if you do not believe these two verbs, you are in danger of having what Paul elsewhere called another Jesus and another Gospel.

Again, the Bible says, "Unto us a child is born, unto us a Son is given; and the government shall be upon his shoulder" (Isaiah 9:6). Here we have once again the truth of the two natures of Jesus Christ united in one person. Jesus Christ is a child born, that is, He is a perfect man. Jesus is also the Son given, that is, He is also perfect God. At the same time He is but one Person, for Isaiah 9:6 says, "And the government shall be upon his shoulder." Jesus Christ, though He is both the child born and the Son given, is but one Person, for the Bible says, "the government shall be upon his (not, their) shoulder."

Orthodoxy, therefore, has always held that Jesus Christ was fully God and perfect man, and that these two natures were united in one person. And this conviction has been the faith of historic Christianity as expressed in all her creeds.

And this is not simply a theological trifle. There is a supremely important reason for which we insist so tenaciously on this truth of the hypostatic union. We do so because Jesus Christ can qualify as our Savior only because He is both God and man. The death of Jesus Christ is the act of the one undivided person, yet it is brought about by the cooperation of both natures. On the one hand, Jesus Christ, in order to redeem sinners, must be a true man, for the Bible says, "Without the shedding of blood there is no remission of sins" (Hebrews 9:22). On the other hand, Jesus must be truly God, for it is the infinite dignity of His Person that gives infinite value to His death. It is the true humanity of Jesus that enabled him to shed his blood and to die for sinners. It is the perfect deity of Jesus Christ that gives infinite value to that death. The death of Jesus Christ is an atonement of infinite value simply because it was effected by an infinite person, the God-man, Christ Jesus.

To sum up: because Jesus was a man, He could die. Be-

cause Jesus Christ is God, his death possesses infinite value. The Bible therefore says that Jesus Christ "... is the Savior of all men, specially of those that believe" (1 Timothy 4:10).

## VA Questions And Answers

Q - Are WW II veterans eligible for pensions? I'm 65, and my wife and I need more than the \$3,000 annual income we now live on. I served in WW II, but wasn't wounded.

A - Any 65-year old veteran who served a minimum of 90 days and received an other than dishonorable discharge is considered permanently and totally disabled for pension purposes. As a married man with your income, you could be eligible for \$69 per month pension at current rates.

Q - When a veteran who dies of service connected causes is buried in a private cemetery, will the Veterans Administration pay the \$150 plot allowance in addition to the \$800 allowance for funeral expenses?

A - No. The \$800 payment is for all funeral costs, including a burial plot. However, if death occurs in a VA facility, an additional amount is payable to transport the deceased to place of burial.

Q - Is it true that veterans no longer have to apply for certificates of eligibility for education and training benefits? I hear that the Veterans Administration mails them to veterans so that they no longer have to apply in person. Because I didn't apply when I got out two years ago, will VA send mine through the mail?

A - The new system is keyed to the list of discharges now being furnished by the Department of Defense. Because you were discharged before the automatic system was established, it will be necessary for you to file application for your benefits at the local VA office.

### Extension 4-H Youth Agent

TOWARD BETTER CITIZENS

You, as a parent, teacher or youth leader, realize the importance of helping youth become good citizens. The same goal is one of the primary objectives of 4-H.

Citizenship is a broad term. Educators list different areas which boys and girls can develop qualities "for satisfying and useful living in a democracy." One such area is self-understanding. Consider these qualities of self-understanding:

- Gain a healthy and realistic self-concept; have self-esteem, including an understanding of one's own capabilities and limitations.

- Aspire to levels of achievement in keeping with individual development, interests, and aptitudes in order to develop one's own potential to its fullest.

- Use realistic self-evaluation in terms of one's own potential.

- Understand one's role in the home and family, society, and the world at large.
- Develop self-reliance.
- Have serenity in the face of changes, such as those, caused by mobility.
- Learn discipline, character and responsibility.

These qualities of self-

understanding can be developed when youth are involved in wholesome activities. Self-understanding can be developed in 4-H "learn by doing" activities.

H-H-H-H NATIONAL 4-H CONGRESS

This week marks National 4-H Congress in Chicago--traditionally one of the top youth events in the nation. Sixteen hundred 4-H delegates from every state, plus Puerto Rico and Canada are attending, representing over five and one-

half million youth served by 4-H. Forty 4-H'ers will represent the 190,000 youth served by 4-H in Mississippi. The theme for the 1973 Congress is "4-H Gets It All Together." Youth want to live in peace

with their fellow man. 4-H participation helps them touch each other's lives. It brings youth of all ages, creeds and environments together through constructive activity. During National 4-H Congress, Prominent leaders from government, education, and business are meeting with the delegates sharing with them the knowledge and experience that will aid in finding new ways and new solutions to some of the problems our society faces.

### CROSS BRED PIGS

One of the reasons often given for using crossbreeding in commercial pork production is that crossbred sows, on the average, raise bigger litters than straight-bred sows.

A recent Oklahoma study shows that crossbred pigs have a greater survival rate than purebreds. In this study, 26 purebred litters of the Duroc, Hampshire or Yorkshire breeds were compared with 59 crossbred litters representing all possible two-way crosses of these three breeds.

At 42 days of age, the average number of pigs per litter was 6.1 for purebred and 7.4 for crossbred. The average litter weight was 144 pounds for purebred and 177 pounds for crossbred. The data also indicated that there was more advantage in using a boar of another breed on purebred Duroc or Hampshire gilts than on Yorkshire gilts. SOYBEAN FERTILIZATION

Soybean growers should arrange in advance for their fertilizer needs. Soybeans respond best to residual fertilizer so now is an ideal time to apply the amount needed.

Take care to provide the correct ratio of phosphate and potash. Soybeans remove less phosphate than corn and often a 0-1-2 or 0-1-3 ratio is more appropriate than the standard 0-1-1. Rates may vary as

much as 40 to 90 pounds for each nutrient. The only way to know for certain is to soil test.

LIME NEEDS

Soybean yields in 1974 could be increased by three to five bushels to the acre on over half the acreage simply by adding the needed amount of lime. On one out of four acres, the yield increase would be more like seven to ten bushels due to the extremely acid condition of the soil. Now is an ideal time to apply needed lime. Brown Rot on Peaches

The fungus that causes brown rot disease on peaches overwinters in twig cankers and on mummified fruits that lie on the ground or hang on trees.

A good clean up may alleviate the brown rot problem. Remove all mummified fruit from the trees and the ground under the trees. Bury the mummies at least a foot deep and burn diseased twigs that bore diseased fruit.

TAKE CARE OF SEED

Periodic aeration on cool, dry days will help keep seed cool and moisture levels down. Bulk-stored cottonseed needs to be checked regularly for hotspots until you are sure that no heating is going to occur. For safe storage, seed temperatures should be kept at 45 to 50 degrees F. and the moisture content at 12 percent or less.

stantly under a Tornado Watch from Monday through late Tuesday night.

And, in the wake of the stormy conditions, Prentiss County received a fair share of rains during the time. Flash-flood warnings were posted twice Tuesday as the storm centers moved in and out of the area.

Extensive damage was not experienced in the immediate area, although some was reported. Tuesday morning early, funnel clouds were reported in the Baldwin area, but apparently did not touch down there. Also, high winds struck the area during the period.

Constant contact was kept between the Booneville-Prentiss County Civil Defense, and weather officials in other parts of the state.

An official of the city said that in the event a tornado is cited near the city, the citizens here will be warned by Police Cars patrolling the area with the use of their sirens. Also, it was noted, that appropriate steps would be taken to alert county citizens.

deceased veterans are running 800 a day and are expected to top 200,000 by the end of fiscal year 1974, Merlyn J. Cook, Veterans Administration Assistant Center Director for the Regional Office, today reported.

Cook noted 325,000 veterans died during fiscal year 1973, leaving the veteran population at 29,073,000 as the fiscal year ended in June. There were 29,118,000 living veterans in August.

Effective September 1, Public Law 93-43 (June 18, 1973) transferred the headstone and memorial marker programs from the Army to VA, along with jurisdiction of the national cemetery system.

A headstone or grave marker is available for any deceased veteran who received an other than dishonorable discharge. The benefit is not available to members of the veteran's family buried in private cemeteries.

Memorial markers may be

obtained to commemorate any member of the armed forces who died in service, and whose remains were not recovered and identified, or who was buried at sea. These memorials may be erected in private cemeteries

in plots provided by applicants, or in memorial sections of national cemeteries. Close relatives, friends or associates seeking burial benefits for deceased veterans may apply at the Jackson VA Center.

Inflation hasn't changed the price of ashes.

But it has changed the price of your home. For example, if you bought a \$20,000 home in 1968—today it's worth about \$27,000. Don't be left with a costly pile of ashes. See me about a State Farm Homeowners Policy that will cover your home for all it's worth... and keep it that way with automatic Inflation Coverage.

DIAMONDS AS AN INVESTMENT

Elsewhere in this paper is a list of diamonds now available for your investment consideration.

Why, You may ask, is a diamond a good investment? Over the years diamonds have been a controlled commodity with the De Beers Corp. controlling the supply and therefore controlling the price of diamonds by stockpiling production. Now, however, with world economy such that people in all countries can afford diamonds, the stockpile is gone and production is coming direct from the mines to the cutter, consumer.

The Japanese people are a good example of a recent affluent nation who are able to buy diamonds and anything else that money will buy. It is said that some Japanese buyers are coming to the U.S. buying diamonds and taking them back to Japan and selling at a good profit.

Large diamonds are being sold and purchased as an investment very much like stocks and bonds. The seller takes on a "brokerage fee" and not the enormous profit sometimes thought, making diamonds very negotiable. The very nature of the diamond makes it portable and easy to move about in case of necessity.

Check the list of diamonds elsewhere in this paper under the name of Way-Fil Jewelry and see if you are interested in making an investment.

## Booneville, Kossuth Take Turkey Tourney

Booneville's Blue Devils and Kossuth's Aggie girls found trophies in the finals of the Wheeler Turkey Tournament Saturday night.

This is Booneville's third straight year to win the tourney.

To get off to a good start, in Wednesday night's opening results: New Site's Royals stamped Thrasher's Rebels 68-55, after a 39-20 half-time advantage. Danny Mayo and Eddie Moreland had 22 each, while Benny Taylor had 14 for New Site. Thrasher's Leon Ernest had 27 for Thrasher.

Shannon tamed Ripley's Tigers 47-43 after a 27-27 match at the half. Charles Storey sacked up 20 for the Tigers, while Shannon's Mike Scott also had 20.

Then Wheeler knocked Kossuth out 84-60 after a 39-31 intermission lead. L. C. McGaha had 29 points, Johnny Kennedy had 16, Bill Woodruff and Dennis Holland had 11 each for Wheeler. Kossuth's James Turner had 27 points, while Tom Lindsey followed with 14.

Thursday Night Baldwyn took Jumpertown out by a score of 58-50, after a 29-

25 lead at the half. Doug Richardson had 14, Willie Coleman 13 and Bobby Hall 11 for Baldwyn. Joe Lindsey and Ronnie Basden had

14 each, while Jeff Treece got 11 for Jumpertown. Next it was Booneville over Shannon by a 65-51 score, after a Booneville lead of 31-24 at the half. Mitch Johnson got 25, Jimmy Taylor 12 and Donald Dodds 15 for the Big Blue. Larry Givham had 18 for the Red Raiders.

In semi-final action Wheeler out-done Baldwyn by a score of 64-57 after a 32-22 Wheeler lead at the half. Dennis Holland tucked in 22, Johnny Kennedy and

Bill Wooduff 12 each, while L. C. McGaha followed with 14 for the Eagles. Baldwyn's Willie Coleman sacked 26, and Bobby Hall 23.

Booneville dropped New Site 45-39 in the nightcap after a 19-19 even up at the half. Edward Hearn and James Matthews had 10 apiece for Booneville, while New Site's Eddie Moreland poked in 14.

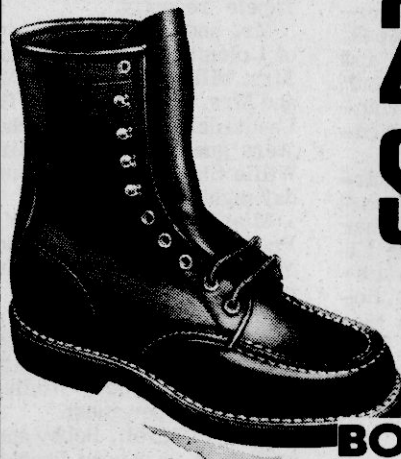

In the Finals Kossuth's

girls stopped Jumpertown's girls, after leading at the half by a 30-10 margin. Mary Lindsey got 17, Diane Wilbanks 12 and Melinda Bell 10 for Kossuth. Jumpertown's Darlene Geno got 5, Barbara Burks 8, Patricia

Davis 6, Beverly Saylor 4, Vicky English 2, and Debra Miller 2.

Booneville stopped Wheeler in the finals by a score of 87-77. Mitch Johnson rated 18, Jimmy Taylor 17, Randy Michaels 14, and

James Matthews 13 for the Blue Devils. L. C. McGaha fixed up 29, while Bill Woodruff followed with 20 for the Eagles. Booneville led 39-32 at halftime. Booneville and Wheeler will clash again tomorrow night.

### Celebrate 50 Years

Mr. and Mrs. Sam Johnson invite everyone to the celebration of their 50th wedding anniversary. The occasion will be held December 9 from 2-5 p.m. in the Booneville Community Center.

## Caution Urged For Parkway

Natchez Trace Parkway officials suggest that motorists exercise caution when driving on the Natchez Trace, especially during the hours of darkness.

The hazard of collision with the whitetail deer is apparent when studying the statistical records assembled from accident investigations. During calendar years 1971 and 1972, there were 84 vehicle-deer

accidents along the parkway with an estimated \$28,000 in property damage to vehicles. Investigations by park rangers reveal that many times this type of accident could have been avoided if the motorist had reduced his speed, especially in those zones where signs are posted warning of deer activity.

With the hunting season upon us, deer are on the move

and the danger of collision with these animals is greater. Any driver who becomes involved in a vehicle-deer collision on the parkway should report the accident to a park ranger by calling Tupelo Headquarters at 842-1572 or the nearest district office.

Please drive carefully and avoid unnecessary expense and inconvenience.

## Probable Rationing, Answer To Problem

FT. LAUDERDALE, Fla.—Probable rationing is the answer to our short-term energy problems, Gene Loveland, vice president commercial sales, Shell Oil Company, told the 44th Annual Property Tax Forum of the American Petroleum Institute here Tuesday.

Loveland explained because of supply problems caused by the Middle East conflict and the Arab embargoes on crude oil and refined products Shell studies indicate petroleum availability to the United States will be reduced by some two and a half million barrels per day because of what already has happened.

"Shell has enough crude oil in inventory or enroute to operate our refineries at capacity through this month. Beyond November we are not fully covered," he said.

Loveland added, "we do not anticipate that we can compensate for this shortage by purchased product. In fact, we expect that our supply of products refined in other countries from Middle East crude will be reduced by embargoes on shipments of crude oil to those countries."

Other than the real possibility of rationing, Loveland told the group that Shell is uncertain of the magnitude of the effect of the disruption caused by the Middle East conflict, but Shell feels that the disruptions make this winter's tight-supply situation even more critical.

"Even if the curtailments and embargoes by Middle East Oil producing countries are lifted immediately, the nation and the

world already has suffered a severe reduction in supply from what was anticipated in early October," Loveland said.

"The hard fact of it is that production already lost cannot be made up over the winter. Probably it never can be made up," he said.

Loveland explained that Shell studies made prior to the Middle East conflict concluded there would be only moderate heating oil shortages this winter, if three conditions were satisfied:

--If sufficient foreign crude oil was available to operate U. S. refineries at capacity; --If substantial quantities of refined products were available for import into the U. S. and; --If the nation had a normal winter.

"Production cutbacks and embargoes have altered this tenuous situation considerably," Loveland said.

Even before the Middle East was, Loveland said, this nation was heading for a serious energy problem. This problem was caused by spiraling demand for petroleum products, decreased domestic production of both crude oil and natural gas, environmental restrictions and the very real problem of the availability of imports.

Loveland suggested that we have to go beyond the President's November 7 energy message and take short-term steps such as continuing to maximize domestic refinery

production, eliminate all price controls and return to a free enterprise system, and make a commitment to energy conservation if we are to ease the immediate pinch.

Completion of the \$20 million facilities is scheduled for late 1974

## Farmers' Incomes On Rise

In less than two years worldwide consumer affluence and production shortfalls have thrust the entire U. S. food industry into a new and more important prominence.

USDA economists predict that farmers' incomes will rise from \$69 billion in 1972 to \$84 billion in 1973.

Because 19 million additional acres have been released by the USDA for production in 1974, on-the-farm income is expected to increase again next year. Total harvested acreage in 1974 will be approximately 330 million acres, the USDA says.

Consequently, farmers can no longer make do with old, worn equipment and supplies. They're out and buying, straining to the limit agribusiness' ability to supply them.

Unprecedented demand for farm equipment will cause a \$20 million expansion of the Massey-Ferguson Brantford, Ont. plant.

The Brantford plant supplies parts for MF assembly plants throughout North America.

John E. Mitchell, president of Massey-Ferguson, Inc. and executive vice president Americas, Massey-Ferguson, Inc. and executive vice president Americas, Massey-Ferguson, Limited, said the company will soon begin expansions and additions which will add approximately 325,000 sq. ft. to the Brantford plant, a 20 percent increase.

The major capital expenditure will primarily increase the manufacturing capacity of the company's line of large tractors, implements, and self-propelled combines.

"Our order backlog, especially in farm machinery, are at record high levels. Economic indicators show that demand for both farm machinery and our industrial and construction machinery products should continue strong into and through 1976," he said. "Our capacity increases will help us fill this demand."

## HAPPENINGS

### Around Booneville

#### By Mrs. Lila Fulghum

Phone 728-5983

Well the holidays are over, lots of visiting around and I'm sure lots of food consumed and big times had and before we realize Christmas will be here. I always have a let down feeling when my family leaves and I'm alone again.

Mr. and Mrs. Billy Cox, Steve, David, George and Mrs. Flora Rogers had Thanksgiving dinner with

Mr. and Mrs. Robert Marshall at their home in the Coleman Park area.

Miss Hazel Clayton of Memphis came Wednesday to join Mrs. Thelma Rogers and Mr. and Mrs. Herbert Clayton on Thursday to spend the holiday with Mr. and Mrs. Billy Hodges and children in Columbus.

Guest of Mrs. A. B. Schults and Mr. Otis Shinnault for the holiday were Mr. and Mrs. C. R. Shinnault and Mr. Jerry Shinnault of Mobile, Ala.

Mr. and Mrs. Clyde Jones and children Mike and Sandy spent the holiday with her parents Mr. and Mrs. W. T. Muphey in Wisconsin. Mr. and Mrs. Harold McGee of Gainesville, Fla. and Mr. and Mrs. J. E. McGee of Memphis were here for the holidays with Mr. and Mrs. L. H. Stutts. They visited around with other relatives and friends.

Mr. and Mrs. J. E. Scott were happy to have their grandson Mr. Robert Willey of El Paso Texas for a visit during the holiday. Also visiting the Scotts were Mr. and Mrs. Nolen Walden of La Plaine, La.

Mr. and Mrs. Jim Gibbons of Memphis and Mr. and Mrs. Eugene Moody enjoyed the holiday in Hattisburg with

the Moody's daughter DeLores and husband Frank Anderson, Brenda, David and Maria. They were joined by Mrs. Gibbons and Mrs. Moody's Sister Laverne and Buck Hardy their son Mr. and Mrs. Patrick Hardy, Mr. and Mrs. Mike Hardy and children Pat and Bryan of Jackson Miss. Seventeen members of the family enjoyed the delicious Thanksgiving dinner and a happy family reunion.

Mr. and Mrs. John Muse and children John Howard, Jan, Fred and Max were holiday guest of the R. J. Floyds and family and Mrs. C. E. Campbell and relatives.

Col. and Mrs. Robert L. Burgess and children Connie, Clare, Max, Robin and Scott of Columbia S. C. were here for the holiday with Mrs. Lucille Floyd and Mr. and Mrs. John H. Price. Mr. and Mrs. O. H. Gardner, Sandy, Dave and Lee of Shannon and Mrs. Floyd's sister Mrs. E. A. Waters of Baldwin joined them for Thanksgiving dinner.

Dinner guest of Mrs. Ebbie Moore on Thanksgiving day were Mr. and Mrs. T. W. Muse Greg and Meg of Tupelo, Mr. and Mrs.

Guy Muse, Mr. and Mrs. James Butler and Brett of Corinth, Mrs. C. E. Campbell, and Mr. Billy Bowen of Tupelo.

Rev. and Mrs. J. S. Hathorn and Hugh drove down to Louisville, Miss. to spend the holidays with their parents, Mr. and Mrs. H. K. Hathorn and Mr. and Mrs. Walter Pearson. Their daughters Linda Hathorn of Lexington, Miss. and Mr. and Mrs. Stanley Dillion of New Albany joined them there to visit their Grand-parents.

Mrs. Ralph Goodman spent Saturday and Sunday with her mother Mrs. H. E. Smith in Dyer, Tenn.

Mr. and Mrs. Aulta Thomason of Dyer Tenn. and Mr. and Mrs. Jeff Owens of Clinton, Ky. came Wednesday night to spend the holidays with Mr. and Mrs. Hershell. On Thanksgiving day they all drove to Horn Lake, Miss. to have dinner with Mr. and Mrs. Ronnie Thomason and children. Mr. and Mrs. Aulta Thomason returned here for the week end Mr. and Mrs. Hershell Thomason drove home Sunday after church.

We are sorry that Mrs.

Mary Cunningham had the misfortune to break her hand. Her daughter Lt. Col. Dillard Cunningham who is stationed at William Beaumont hospital in El Paso, Texas is with her. She will retire in April, 1974 after twenty four years of service.

Mrs. Raymond Spencer and Mrs. Oliver Downs joined Mrs. Tom Bailey and daughter Cris in Tupelo to drive to Jackson to spend the holiday weekend with Mrs. Laura England.

Mr. and Mrs. A. O. Pennington and Jeff, Mr. and Mrs. Clinton Buchanan and Girls and Mr. and Mrs. Jerry Pennington all of Memphis, TN. spent Thanksgiving day with Mrs. Pennington's parents. Mr. and Mrs. Melvin Robinson, Mr. and Mrs. Ed Arnold and Tony of Booneville were also present.

Mr. and Mrs. E. W. Martin Beverly and Pamela of Abilene Texas spent the Thanksgiving holidays with Mrs. Lois Prince and other relatives.

Mr. and Mrs. Bill Wales and family from Huntsville, Ala., visited Mrs. Ven Holley of Booneville. Other members of the Holley family were also in attendance.

Mr. and Mrs. James S. Green of Pieve University of Ind. came down to spend Thanksgiving Holidays with Mr. and Mrs. Sidney Green.

Mr. Green is the grandson of Mr. and Mrs. Sidney Green. Others joining the family for the holidays were Eddie Harding of Mississippi State, Mr. and Mrs. George E. Harding Jr. of Less, Ala. Mr.

and Mrs. James D. Green of Clinton Miss. Mr. and Mrs. John W. Green and Girls of

Clinton, Miss. and Mr. and Mrs. Ronnie Brurage and baby of Memphis, Tenn.

I feel like some one tried to call me this morning with more news but my telephone has been dead all morning; it would ring 2 rings and I would answer but nothing but noise. Sorry.

The Mystery He came and took me by the hand Up to a red rose tree, He kept his meaning to himself, but gave a rose to me. I did not pray him to lay bare

The mystery to me; Enough the rose was heaven to smell And His own face to see. -Ralph Hodgson

## Calvary WMS Group Meets

Mrs. R. C. Crabb was hostess to the "Angie Barnes Group" of WMU Monday night with eleven members attending.

Miss Jessie Presley, program chairman for the group directed a very informative program on "Oknawa."

Miss Presley emphasized the prayer needs of Oknawa, this was followed by prayers by Mrs. Berta Barnes, Mrs. Ola Geno and Mrs. Bill Clark.

Since Oknawa is open to the gospel, the "avenues of witness" was discussed and prayer was led by Mrs. Ruby Presley and Mrs. Mary Crabb.

The call of prayer was given in this manner. Two

slips of paper were given to each member, one with the missionary's name and place of service and the other one her own name. As the missionary's name was called the members were asked to link her name with that of the missionary she held. In this way prayers were linked with missionaries all over the world.

Mrs. Mary Crabb emphasized the Week of Prayer for Foreign Missions. Mrs. Dean Presley, Director held a short business session.

Mrs. Crabb served her guests a delicious plate with iced drinks.

The next meeting will be with Mrs. Mary Crabb.

## Preserve Garden Tools

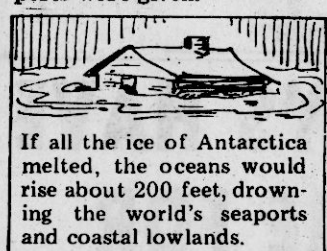

Now that the garden fever has subsided and there's less need for having garden tools close by, take steps to have them ready the next time they are needed.

Because Mississippi has a long growing season, garden tools don't get to rest as long as they might elsewhere. Make sure they get the proper care at times when they are no in use. Good garden tools deserve protection from the elements, advises J. T. Garrett, leader of Extension horticulture at Mississippi State University.

For the hip-pocket variety of garden tools, all that is usually necessary at seasons-end is cleaning and light application of oil to prevent corrosion. Before storing make sure cutting edges are sharp and all moving parts are well lubricated and properly adjusted. A "stitch in time" will save several headaches next garden season. Now is also a good time for painting

ing wooden parts. Garden tools such as hoes, rakes, wheelhoses and power tillers require attention. Cover metal parts with a light oil to prevent rust. Lubricate moving parts and review the operators manual for storage of power equipment. Thoroughly clean sprayers of corrosive chemicals and cover their surfaces with oil.

Check for excessively worn parts and order replacements now. Breakdowns next gardening season can be very expensive. Not having tools to do the job can cost a garden crop, if you don't plant, cultivate or spray on time.

If all the ice of Antarctica melted, the oceans would rise about 200 feet, drowning the world's seaports and coastal lowlands.

## Cindy Jones To Wed Dwight D. Pharr

Mr. and Mrs. Kermit V. Jones, Jr. of Booneville, Mississippi, announce the engagement and forthcoming marriage of their daughter, Cindy Carol, to Dwight Douglas Pharr, son of Mr. and Mrs. G. T. Pharr, Jr. of Booneville.

The bride-elect is the granddaughter of Mrs. Curtis Floyd and the late Mr. Floyd, and Mr. and Mrs. Vance

Jones, Sr., all of Booneville. The prospective bridegroom is the grandson of Mrs. Belle Pharr and the late Mr. Tom Pharr of Booneville, and Mrs. Lowery Scott and the late Mr. John D. Scott of Winnsboro, Louisiana.

The bride-elect is a 1973 honor graduate of Booneville High School, where she was listed in the Who's Who Among American High School

Students. Her senior year, she was selected the DAR Good Citizenship Girl of the Year. She is presently enrolled at the Northeast Mississippi Junior College, where she is majoring in Elementary Education.

The prospective bridegroom is a 1970 graduate of Booneville High School, where he was an honor student and was listed in the Who's Who Among American High School Students. He is a graduate of Northeast Mississippi Junior College, and is presently attending the University of Mississippi, where he is majoring in Pharmacy.

The wedding will be solemnized on December 31, 1973, at 7:00 p.m. at the home of the bride-elect.

## Trace Speed Limit Reduced To 50 MPH

Superintendent C. W. Ogle announced today that effective November 26, 1973, a 50 mph speed limit will be posted and enforced on the Natchez Trace Parkway.

The reduction in the speed limit, from 60 mph to 50 mph, is in compliance with directives from Ronald H. Walker, National Park Service Director, who has initiated a program to "implement to the fullest the President's call for energy reduction."

Driving at 50 mph will not only improve gas mileage, but will reduce the chance of serious injury in case of an automobile accident. Energy is not only in short supply, but the cost of operation is becoming more expensive. Our efforts to economize by more effective means will enable us to become part of the solution to the energy crisis.

The speed of vehicles traveling on the Natchez Trace Parkway is subject to radar control and motorists may expect continued use of such devices to assist park rangers in enforcing the maximum speed limit for greater traffic safety and conservation.

Superintendent Ogle stated that the reduced speed limit has been in force for Natchez Trace and other Federal employees since November 8, as directed by the President in his televised speech of November 7. Other energy conservation measures already in effect

for the parkway are reduced heating of buildings, elimination of unnecessary lighting and more efficient use of equipment and supplies.

While the lower speed limit is not official on the parkway until November 26,

have their employees make up the time lost by working an extra day some Saturday. Patching says that such an arrangement may be in violation of the Fair Labor Standards Act which covers 47 million workers. The Act provides payment of time and a half for hours over 40 worked in any work week.

## NORTHEAST NOTES

## Tammy Wynette, Music Ambassador

The "First Lady of Country Music," Mississippi-born Tammy Wynette, has been named 1973 National Christmas Seal Music Ambassador. It was announced today by Mr. M. E. "Buck" Greene, President, Mississippi Lung Association.

Miss Wynette, who is one of the most honored performers in country music, has provided a special recording of Christmas songs that is being distributed to radio stations throughout the U.S. as a public service by Columbia Records. The special recordings consist of "White Christmas" and "One Happy Christmas". It also includes appeals by Miss Wynette for support of the Christmas Seal Campaign's efforts against emphysema, chronic bronchitis and tuberculosis, as well as air pollution, one of the leading causes of lung disease.

The singer is from the Itawamba County community of Bounds X Roads, just north of Terment on Highway 23.

"Many people in our country today are without a song on their lips because of lung disease," Miss Wynette said. "I'm hoping that during the 1973 Christmas Seal Campaign everyone will use lots of Seals and answer their Christmas Seal letter with a generous contribution. That way they can give a reason for singing to many people who now have crippled lungs. It's truly a matter of life and

breath." Among the many musical honors Miss Wynette has won is the County Music Association of America's top female vocalist award. She also won two Grammy Awards, in 1967 and 1969, as best female vocalist, and was the first female country artist to win a gold record for her "Greatest Hits" album that grossed over one million dollars in sales. She has written or co-written several of her own hits and has recorded several successful albums with her husband, George Jones.

Miss Wynette's voice has been used for the soundtrack recording of two films, "Run, Angel, Run" and "Five Easy Pieces". She and her music were the subject of a scene in another recent film, "Norwood".

Born in Mississippi, Miss Wynette grew up in a musical family and began developing her musical talents at an early age. After appearances at talent shows and charity performances, she graduated to her own local radio show while still a teenager.

A new life opened for Miss Wynette when she went to New York to try to promote songs written by a friend. Instead, within a few weeks she had recorded her first single, "Apartment Number 9", which launched her career as a country favorite. Miss Wynette has been "at the top of charts" with singles and albums ever since.

## Vo-Tech Students Seek Employment

Adult students at the Prentiss County Vo-Tech School have one and/or two things in mind -- finding employment and/or doing a better job of the employment already obtained or after its obtained.

Going where jobs are available is one way of getting to the source of things. Thus, a trip to the Northeast Mississippi hospital was made available on the last night of the class.

Mrs. Ebbie Moore, Assistant Administrator, Northeast Mississippi Hospital, explained to the Receptionist Class at the Prentiss County Vo-Tech School available positions and what is required of prospective employees. Mrs. Moore is a member of the Craft Committee for Vocational Education and as such, she is interested in these students as individuals as well as prospective employees.

## Neeley Aids North In All-Star Game

By Lee Gentry

Northeast's Bill Neeley scored one of the Norths 4 touchdowns to aid in the Norths 31 to 13 victory over the South in the annual Mississippi Junior college all star game in Tupelo Friday night.

Neeley scored his touchdown with only minutes left in the game after the South tried a fake punt which failed leaving the ball on the 17.

The North scored their first touchdown late in the first half on an 18 yard run giving them a 10 to 7 halftime lead.

The South scored their final touchdown late in the third quarter on a 10 yard touchdown pass to give the South a 13 to 10 lead after the extra point attempt was blocked.

The North then begin their scoring streak as the fourth quarter opened on a superb drive capped off by a 2 yard plunge by tailback Willie Dixon and the North led 17 to 13.

With 6:07 left in the game Dixon scored again on a 5 yard run to give the North a 24 to 13 lead.

### J'Town Jr. High Wins

Then with only two minutes left in the game Neeley scored his touchdown to give the North a 31 to 13 victory.

It took only one play from there as Neeley broke 2 tackles and scampered 17 yards for the score.

The South scored first with 10:17 left in the first quarter on a 2 yard run by Hines' Frank Boyd and the South led 7 to 0.

Mike Phillips of Holmes cut the lead to 7-3 with 14:14 left in the half with a 44 yard field goal.

"One of the most rewarding programs financed through Title I funds provided by the Elementary and Secondary Education Act is the Special Education Program."

These words came from Prentiss County Superintendent of Education Lex Cain is speaking of the ESEA-Title I funds. These are financed 100 percent federally.

This program is designed to help those children who have special adjustmental or learning difficulties. These special children follow developmental paths similar to other children, but their milestones uniformly lag behind those of other children.

The Prentiss County School System has ten Special Education Classes, and each is instructed by a teacher who has special qualifications and training required for this field.

The Special Education Supervisor for Prentiss County is James L. Triplett, who works with Nelson Ryan, County Coordinator for all Title I Programs.

These children are initially identified by the teachers' observation of performance in the regular classroom. Problems are then discussed by the teacher with the principal and counselor. The parent is often alerted to the child's difficulty,

and the guidance counselor gathers information both at school and in the home to see if the child should be referred for a

psychological evaluation.

After all tests have been administered and a complete study of the child's needs made, the student is then considered for entrance into a Special Education Class. In all cases, per-

mission of the parents must be obtained before placing a child in a Special Education Class. Parents of these children can help to speed up their progress if they have an optimistic, supportive attitude.

## Tigerettes Remain Unbeaten

By Lee Gentry

The Northeast Mississippi Junior College Tigerettes continue to roll as they won their third consecutive game last Thursday night by beating Northwest Junior College 63 to 46.

The Tigerettes win was an impressive one as they led the entire second half after trailing 26 to 22 at halftime. Scoring was slow during the first half as neither

team could charge an offensive attack.

In the second half the Tigerettes began to make their move as Shirley Hall got the hot hand as she began hitting consistently from 12 to 15 feet out and her scoring partner Marina Pearson also made some buckets to allow Northeast to pull away and win it big at the end.

Shirley Hall led the Tigerettes in scoring with 22

points followed by Marina Pearson with 9. Rene Sanders racked up 16 for the Rangerettes followed by Rita Stone with 12.

The Tigerettes continue to remain unbeaten as they have had three good performances in a row.

The girls play Blue Mountain, East Mississippi, and Northwest on the road before coming home to battle East Mississippi on Dec. 15.

## J'Town Trampled New Site

Last week New Site's Junior High basketballers

played the Jumpertown Cardinals.

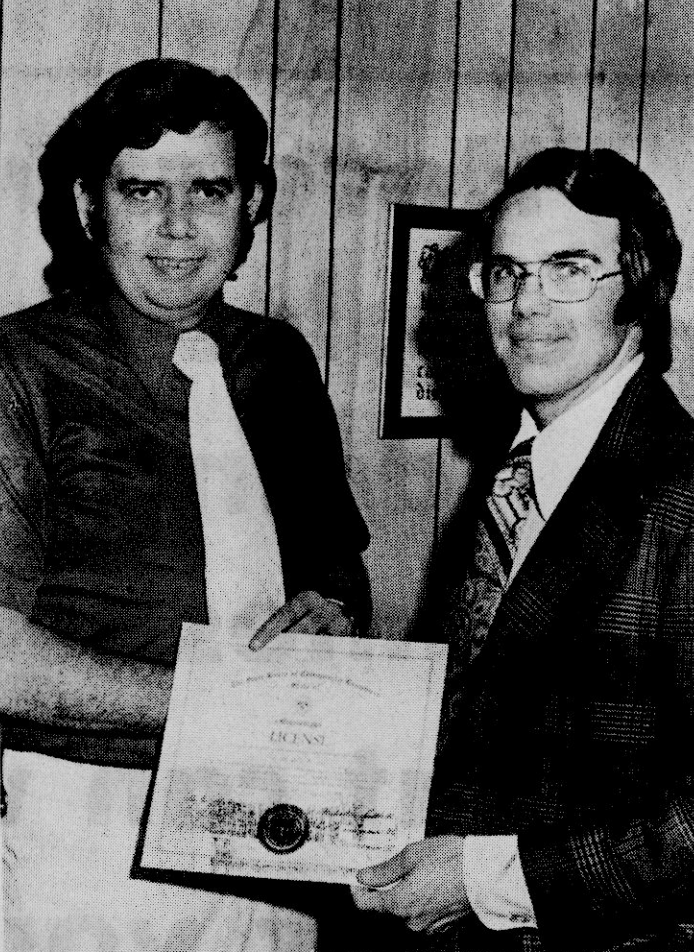

For New Site it was an unsuccessful visit, as they were defeated in two games.

In the Junior High "B" game Jumpertown trampled New Site by a score of 32-6; an uneven match. Tim

Cox was the leader in scoring with 8 big points.

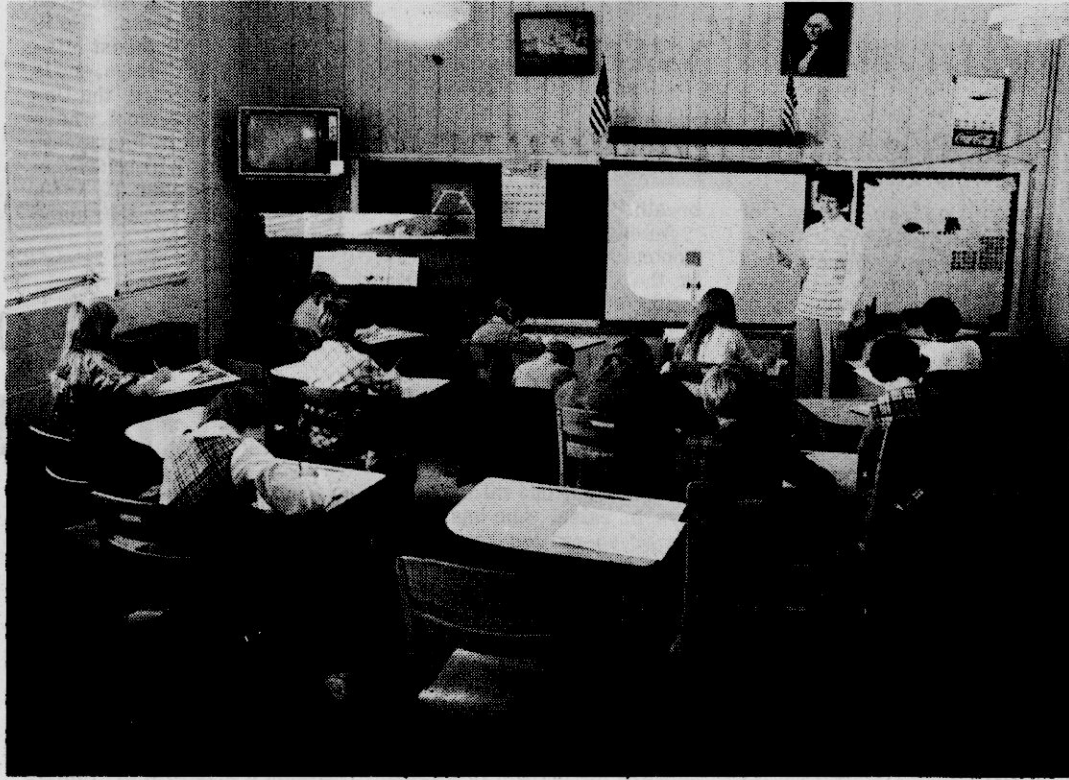

In the "A" game, Jumpertown again was too strong for New Site to handle; the score was 42-32.

Tarnt Tye was Jumpertown's scoring power with 21 points, while New Site's Ricky Jones hit 9 for New Site.

## FACTS YOU SHOULD KNOW WHEN SELECTING AND OPERATING YOUR ELECTRIC HEATING SYSTEM

ALL TYPES OF ENERGY ARE IN SHORT SUPPLY AND THE COST IS RISING, HERE ARE THINGS YOU CAN DO TO HELP CONSERVE FUEL AND SAVE DOLLARS.

### SELECTING EQUIPMENT

SELECT THE SYSTEM THAT FITS YOUR NEEDS AND WILL BE MOST ECONOMICAL TO OPERATE. FOR EXAMPLE, A PROPERLY DESIGNED HEAT PUMP INSTALLATION WILL USE ONLY ABOUT HALF AS MUCH ELECTRICITY FOR HEAT-

ING AS AN ELECTRIC FURNACE. THE HEAT PUMP ALSO COOLS THE HOUSE IN SUMMER. ITS SLIGHTLY HIGHER INITIAL COST WILL BE OFF-SET BY LOWER ELECTRIC BILLS IN A SHORT TIME.

### INDIVIDUAL ROOM HEATERS

INDIVIDUAL ROOM HEATERS SUCH AS BASEBOARD AND WALL HEATERS ARE NEXT HIGHEST IN EFFICIENCY. THEY ALSO OFFER COMPLETE FLEXIBILITY BECAUSE INDIVIDUAL THERMOSTATS MAKE IT POSSIBLE TO VARY THE

TEMPERATURE FROM ROOM-TO-ROOM. HEAT IN SELDOM-USED ROOMS CAN BE TURNED DOWN OR OFF, ACHIEVING REAL SAVINGS IN ENERGY AND OPERATING COSTS.

### THE CENTRAL ELECTRIC FURNACE

THE CENTRAL ELECTRIC FURNACE IS THE MOST COSTLY TYPE OF ELECTRIC HEAT TO OPERATE. THE FURNACE USES HEATING ELEMENTS SIMILAR TO ROOM HEATERS. BUT LOSS OF HEAT THROUGH DUCT SYSTEMS PLUS POWER

REQUIRED TO OPERATE THE BLOWER CAN INCREASE THE ROOM CONTROL IS DIFFICULT. MOST DUCT SYSTEMS ARE SO DESIGNED THAT IT IS UNWISE TO CLOSE MORE THAN ONE OUTLET.

### HOW YOU MAY REDUCE OPERATING COST

1. REDUCE THERMOSTAT SETTINGS TO LOWEST COMFORT LEVEL.
2. REDUCE OR TURN OFF HEAT IN UNUSED ROOMS.
3. KEEP DOORS AND WINDOWS TIGHTLY CLOSED.
4. MAKE SURE WINDOWS AND DOORS ARE PROPERLY WEATHERSTRIPPED.
5. MAKE SURE YOUR HOUSE IS ADEQUATELY INSULATED. SIX INCHES OVER CEILINGS, 3 1/2 INCHES IN OUTSIDE WALLS, AND 2 INCHES UNDER FLOORS IS RECOMMENDED.
6. ADD STORM WINDOWS AND DOORS.

## ASCS News

Ballots in the 1973 Community Committee Election must be mailed or delivered to the Prentiss County ASCS office on or before December 3.

Any person who thinks he is eligible to vote as a land owner, tenant or sharecropper is encouraged to visit the county office if he has not already received a ballot, in order that he may participate in the election of 1974 community committeemen. Ballots have been mailed to all farmers of record with instructions on how to vote and also enclosed is an envelope requiring no postage for the return of the ballot to the Prentiss County ASCS Office. We encourage you to return your ballot and participate in this important phase of the committee system.

### MANDATORY ALLOCATION PROGRAM FOR MIDDLE DISTILLATE FUELS

In order to relieve unintended results under the mandatory allocation program for middle distillate fuels, it has been determined that pursuant to Section 12 of the Regulations for a period of 60 days effective immediately, suppliers shall give preference in the allocation of diesel fuels in the middle distillate range to the following purposes:

(1) For the operation of prime movers or power units necessary for the exploration, production, refining and distribution of fossil fuels which includes petroleum, natural gas and coal.

(2) For the operation of mobile and fixed farm and ranch equipment essential to the planting, growth, or harvesting of crops and livestock.

(3) For the operation of public mass transportation systems within metropolitan areas when certified as essential to the public welfare by the governor of the State to the administrator.

It is intended that the preference granted herein shall apply only to delivery of diesel fuels in the middle distillate range during the 60-day period and does not apply to orders placed on a supplier for delivery beyond the next 60 days. It is intended that quantities of such fuels delivered during the 60-day period will be assessed against their adjusted total annual allocation.

### COTTON PRODUCTION EVIDENCE

Cotton producers are encouraged to report their 1973 cotton production to the county ASCS office as soon as harvest is completed. A form for this purpose has been mailed to each farmer and additional forms are available upon request at the county

ASCS office. If production evidence is not presented a zero yield will be used for

1973 in computing a farm payment yield. The farm payment yield is important in future years because all payments will be based on the farm yield. One aspect of the 1973 Agricultural and Consumer Protection Act prescribes that a payment will be made to farmers if cotton sells for an average price of .38 cents per pound or less. It is recommended that bale weights on sale documents be used in support of the production since warehouse weights are normally higher than gin weights.

Australians are very thrifty. With a population of only 13 million, the country has 17.5 million personal savings accounts.

# ANOTHER BIG CUT IN PRICES

# Baldwyn Tourney Set

The Baldwyn Annual Tournament of Champions will be held in the Bearcat Gymnasium Wednesday, Thursday, Friday, and Saturday, December 5, 6, 7, and 8, 1973.

Participates and winners of this famous tournament usually rank high in the State Basketball Polls and usually advance to the State Playoffs and championship.

All four athletic classifications of schools in this area are entered including B, BB, A, and AA.

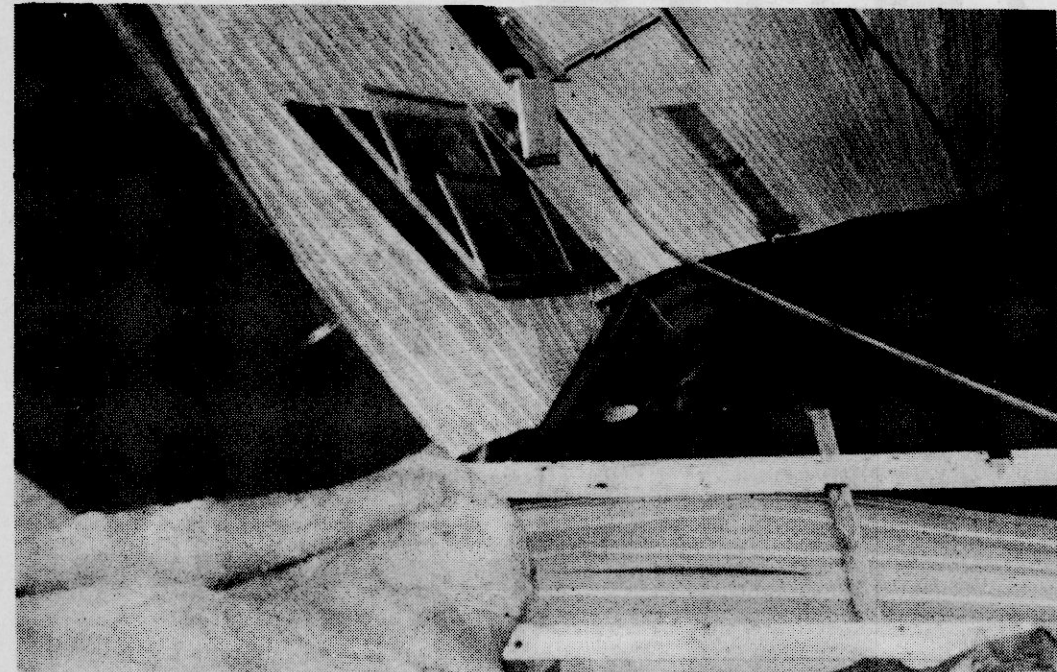

Teams participating include those from the Big Eight, and Tombigbee Conference as well as outstanding independents. These include Baldwin, Booneville, Corinth, Jumbertown, Nettleton, New Site, Tupelo, and Wheeler.

The officials are Adolph Davis and Lonnie Whitt from Houston and admission is \$1.00 for all fans.

There will be two games nightly with tipoff at 7 and 8:30 P.M.

A flyswatter once changed the history of Algeria. In 1827 the French consul was struck in the face with a flyswatter by the native Algerian ruler. France avenged this insult by seizing Algiers in 1830 and driving the Turks out.

Fifty million people now use credit cards.

## House Trailer Crushed

The mobile home of Mr. and Mrs. Doug Gilliland of the Farmington area lay in shambles following the tornado that struck the area early Monday morning. The mobile home was hurled around a house owned by Mr. and Mrs. Homer Hutson. The Hutson home sustained minor damage. Friends and relatives began helping the Gillilands salvage what was left of the home's furnishings yesterday.

## Fuel Shortages Causing Problems

Local fuel shortages are causing severe problems on several electric distribution systems in the Tennessee Valley region, according to reports to TVA from local system managers.

Homeowners in some areas who formerly heated their homes with gas, oil, or coal are now finding they cannot get the amounts of fuel they need. This has caused many people to switch to electric space heaters, which can produce three serious problems:

1. The increased electrical usage can strain transformers to the point of blow-out, throwing one or several homes into darkness without heat, light, or refrigeration.
2. Many homes not designed for electric heat are inadequately insulated, so heat escapes rapidly. This can cause the electric space heaters to run almost constantly, producing very high electric bills.
3. Space heaters require much more power than most plug-in home appliances. If wiring is not adequate to handle the added load, the circuit can overheat and create danger of fire.

TVA power specialists today warned consumers planning to buy or use electric space heaters to check first with the local power distribution system to make sure the transformer serving that home can handle the additional load.

Also, an electrician should be called to check the home fuse box and wiring for ample capacity. To avoid fire danger, consumers should never use a coin or other object behind a fuse, and never use a fuse or circuit breaker of higher amperage than the circuit calls for.

Anyone using electric space heating should do everything possible to provide adequate insulation, the power specialists recommend. Best is to install fiber-type insulation, weatherstrip outside doors, caulk around windows, and put up storm windows and doors.

The greatest heat loss is through the ceiling, and a full six-inch layer of fibrous insulation over the ceiling is the most valuable step in cutting heat losses. "Anyone using electric space heaters in uninsulated homes can expect extremely high electric bills," the experts say.

Clear plastic over windows also helps, plus stuffing or covering openings in walls or windows with any material that will block out cold air (so long as it does not create a fire hazard).

Local electric systems in areas where there are shortages of fuel for home heating also report that dealers are facing heavy demands for electric heaters as well as coal and wood stoves.

## REBEL SPIRIT

By Sharon Campbell

The members of the Hall of Fame for 1973-74 are: Conita McCoy, Linda Williams, Gwen Lambert and Charlie Rinehart. The Valuedictorian of the senior class will be Debra Church, the Salutatorian will be Kevin Sweeney.

The Beta Club is still busy selling candy so everyone buy some.

The Rebels traveled to Jumbertown Tuesday night. Tomorrow night they go to Houlika. Everyone come out and support the Rebels!

The Senior class still has a few boxes of place mats. If you would like to buy a box contact any senior. Show your "REBEL SPIRIT".

Private and public four-year colleges last year had 8.26 million students enrolled.

Attend Meet

Although it was a chilly November day Mary Hobson, President Ann Floyd, and District Director Mary B. Hester braved the cold and headed for Pascagoula early Saturday, November 10, for the fall board meeting of Business and Professional Women's clubs.

## DEVILS RAMBLINGS

Becky Budlowe

The Devils were kept busy last week but still stayed on top when they beat Thrasher, Tuesday night, November 20, with a score of 64-54. Then in the Turkey Tournament they beat Wheeler, New Site and Shammon. Our Basketball season is going great!

The B.H.S. Band will be busy practicing for the Christmas parades that they will be in this week. The first one will be the Booneville parade on Tuesday, November 27. The second will be the Baldwin parade on Thursday, November 29. They will play in two parades, one in the morning and one at night, at Tupelo, Friday, November 30. Because of this the band students will leave early Friday morning and miss that day of school. The last parade is in New Albany, December 3.

The proofs of the Senior and Junior pictures came in last week. We hope they all turned out good.

Our next basketball game is on Friday, November 30, against Wheeler at Wheeler. We know the Devils will keep on going strong because we want to go straight to the Top!

## THUS SAITH THE LORD

By James Wroten Minister, North Rienzi Church of Christ

The apostle Paul said in (Rom. 1:15) "So, as much as in me is, I am ready to preach the gospel to you that are at Rome also. (V.-16)" For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek." I am ready to preach the gospel also! Any time, an any place. The Lord gives this command in (Mk. 16:15) And I want to do his will.

The facts of the gospel are--death, burial, and resurrection of Jesus (1 Cor. 15:1-4) The apostle James, called it the engrafted word, which is able to save your soul. (Jas. 1:25) We will be lost, if we do not obey the gospel (2 Thess. 1:7-9). We are called through the gospel. (2 Thess. 2:14). We have hope through the gospel. (Rom. 1:16) and we can have eternal life through the gospel. (1 Jno. 5:11).

The purpose of the gospel is, 1- To save the lost. (Matt. 1:21) 2. To abolish death and bring life and immortality. (1 Cor. 15:22) 3. To prepare us for the judgment. (1 Pet. 4:17). Its demands, 1. That we come-- (Matt. 11:28-30). 2. That we go-- (Matt. 28:19) 3. That we preach-- (Matt. 10:7).

If you have not obeyed the gospel, you are without hope of eternal life, and without Christ in the world. And will stand condemned in the judgment. I love your souls! So why not obey Christ today before it is too late?

### Contribution Made

North Mississippi Savings and Loan Association officials are making a contribution of \$5,000 over a period of ten years to The Northeast Mississippi Junior College Development Foundation. President, Harold T. White; and Eugene B. Gifford, Booneville, Director of the Association. The ten-year program to provide \$45,000 for the support and development of the universities, senior colleges, and junior colleges located in the area served by the Association was initiated last year. The contribution of \$5,000.00 to Northeast over the ten-year period establishes the college as a part of the continuing program.

## Keeping Close Contact

According to State Forester Billy Gaddis, the Mississippi Forestry Commission is keeping in close contact with the Senator Stennis-sponsored Forestry Incentives Bill.

The Bill would provide financial (cost-share) assistance for forestry improvements on private forest land. At present, it has passed both houses of Congress as part of the Farm Bill and has been signed by the President. Gaddis pointed out that the Incentives Bill is only an enabling act and that no money has thus far been appropriated to finance it. Senator Stennis has expressed optimism that funding will be forthcoming at an early date.

According to the State Forester, funding legislation must be passed and several questions concerning the administration of the act must be resolved before any assistance can be made available to forest landowners. The Secretary of Agriculture

### Prather Honored

Mrs. Ernie S. Prather was recently selected as GULF Coast Lady of the Week in Gulfport.

She was first chosen as Gulf Coast Lady of the Day and later was the overall winner for the week. As Gulf Coast Lady of the Week, she received a lovely floral arrangement, dinner and theater tickets, and a family portrait completed in oil by In-ages South. The contest is sponsored by WROA Radio.

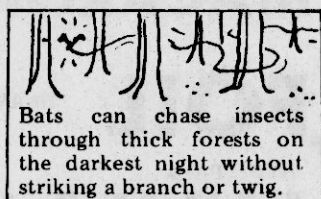

Mrs. Prather, a former resident of Booneville, now residing in Gulfport is a member of the Baptist Church and the Order of the Eastern Star.

### Library Folks Will Take Close Look

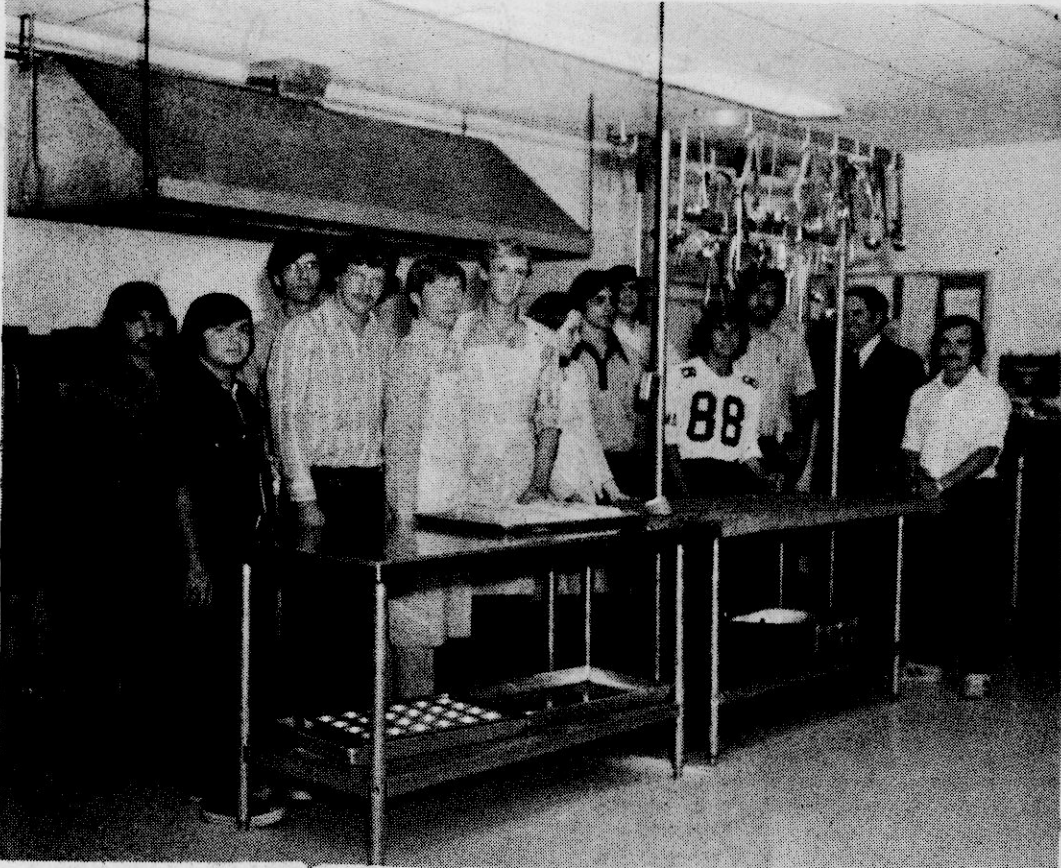

Some 70 public library administrators and trustees will take a close look at a wide range of library matters during a special workshop Dec. 4 and 5 in Jackson.

Sponsored by the Mississippi Library Commission, the two-day seminar will focus on public library service to the handicapped, a film cooperative, the state's library personnel grant program, legislative concerns and proposed statewide technical processing by the Library Commission.

Howard Langfitt of Jackson, National Library Week State Citizen's Chairman, will report on this year's NLW activities. On Tuesday evening, Mrs. Johanne Bryant of Jackson, MLC technical services head, will preside at a dinner session.

Bats can chase insects through thick forests on the darkest night without striking a branch or twig.

### Bake Day

For Hotel-Motel Management students at The Northeast Mississippi Junior College, it was bake day and the product was French bread. Shown displaying a sample of their bread are from left to right: Ken McAlphin, Johnny Bunch, Rickey Marecle, all from Corinth; Mike Gardner, Booneville; Hubbard

is responsible for working out the administrative and technical details. State Foresters and the U.S. Forest Service are working closely to cooperate in this matter.

State Forester Gaddis said he is maintaining constant contact with the Incentives Bill and will keep Forestry Commission field personnel

fully informed as to any progress made. He said that when the program is ready for action, information concerning it will be widely distributed.

Landowners who have questions regarding the Bill should contact their local County Forester.

STONE COOKING

Among American Indians, some baskets were lined with clay and used in cooking. These vessels were not placed directly over a fire. Contents were heated by dropping hot stones in the baskets.
