BHS Students Named To 1980 Lions Band

Two members of the Booneville High School Marching Blue Devil Band have been named to the 1980 Mississippi Lions All-State Band, according to Tom Franchillo director-manager of the band.

Fraschillo and the Council of Governors of the Lions of Mississippi, who jointly made the announcement, said that the band will compete next July in the International Convention to be held in Chicago.

Tommy Keenum, son of Mr. and Mrs. Thomas Keenum of Booneville, has been named drum major for the 1980 Lions Band, as well as being named to the band for his ability on the alto saxophone.

Kerry Cleveland, son of Mr. and Mrs. Webster Cleveland of Booneville, was named honorable mention in the tryouts for french horn.

The 127 member Lions Band, along with alternates and honorable mention students, was selected during try-outs held in January at Brandon, Miss. Over 650 students auditioned, representing 100 communities and schools.

The students who auditioned were judged by band directors selected from over the state.

A week of intensive training will begin on June 22 when band members and staff are scheduled to meet at Delta State University in Cleveland. A special public concert will be presented on Sunday, June 29, at Walter Sillers Auditorium at Delta State.

On Monday, June 30, the band will leave for Chicago where they will compete in the International Parade on Wednesday and will also be presented in a special "Lobby Show" - a tribute to Lionism.

This will make the 30th year for the Mississippi Lions All-State Band to appear in competition. During that time, they have been selected first place winners in the competition ten times, six times in the past nine years.

State Has Highest Gas Prices

Mississippi's average price for a gallon of full-service premium gasoline, \$1.273, was the highest reported in the nation, according to the American Automobile Association's February Fuel Gauge Survey.

The prices of other grades of fuel in the state were among the highest nationwide.

For the second straight month, gasoline prices in the state have risen dramatically, as reflected by an average increase of 7.3 cents per gallon in just four weeks. Motorists in Mississippi are paying approximately 48 cents a gallon more this year than last year at this time.

The average cost of a gallon of gasoline in Mississippi is \$1.245. The biggest increase was 8.3 cents in self service unleaded and premium unleaded.

Availability statistics gathered by AAA indicate that fuel supplies will be good throughout February, with only a few areas showing high percentages of station closings at nights and on weekends.

Stations contacted in Mississippi by the American Automobile Association report that 10 percent will be open 24 hours; 72 percent will be closed by 8 p.m. on weekdays; 65 percent will be closed by 6 p.m. on Saturdays, and 71 percent will not open on Sundays.

Only one percent of the stations were limiting sales of gasoline and seven percent reported being out of at least one grade of gas.

A comparison of prices in Mississippi by the AAA shows that the average price of Regular gas at full-service stations increased 7.2 percent from \$1.139 per gallon in January to \$1.211 in February; Premium in-

creased 8.1 percent (Jan. \$1.192; Feb. \$1.273); No Lead increased 7.4 percent (Jan., \$1.172; Feb. \$1.246); and Premium No Lead increased 5.0 percent (Jan., \$1.24; Feb., \$1.29).

At self-service stations, the average increase in the price of Regular gas was 7.4 percent (Jan. \$1.107; Feb. \$1.181); Premium increased 7.1 percent (Jan. \$1.177; Feb. \$1.248); No Lead increased 8.2 percent (Jan. \$1.147; Feb., \$1.23); Premium No Lead increased 8.3 percent (Jan., \$1.20; Feb., \$1.283).

The overall average price of gas increased 6.0 percent at full-service stations from an average price of \$1.186 per gallon in January to \$1.255 in February.

The overall average price of gas at self-service stations increased 7.7 percent from the January price of \$1.158 per gallon to \$1.235 per gallon in February.

County Agrees To Two-Year Release, But Not All School Problems Solved

By KENNETH CHRISTIAN
Editor

Members of the Booneville Municipal Separate School District's Board of Trustees and members of the Prentiss County School District's Board of Education met twice last week in attempts to iron out problems faced by the two school systems in the coming school year.

In a complete about-face from their previously stated position, the Prentiss County School Board tentatively agreed to a two-year voluntary release of those students who are now attending Booneville city schools and would like to continue doing so.

However, the county school board said that they will not release any tax money to the city.

This means that the tax money being paid by the parents of a student who lives in the county will go to the county schools, even if the student attends schools in the city.

Many, including several members of the Prentiss County Concerned Parents Education Committee which was formed by local parents for the purpose of working toward a solution to the school problems, have expressed the belief that the tax money paid by a students' parents should follow that student into the school system in which he is enrolled.

If the county school board does not release the tax money to follow the students, it will then become necessary for those county students who want to attend city schools to pay tuition to the city school system.

It is not known at this time exactly what amount of tuition will be required if the

tax money is not released, but estimates ranging from \$30 per student to over \$150 per student have been made, depending on the exact terms of the arrangement the city school board makes with the county school board.

One major inconsistency has arisen from the

meetings of the two school boards.

Prentiss County Superintendent of Education Lex Cain said last week that the city school board had agreed that, at the end of the two-year transition period in which the county has agreed to release the students, the city schools will no longer

accept students not living in the city, except for hardship cases, such as handicapped students.

Cain confirmed this statement to the *Banner-Independent* Tuesday, saying that the agreement by the city board was in the minutes of the meeting. However, members of the

city board have denied making such an agreement and held a meeting Sunday afternoon with several members of the Concerned Parents Education Committee to explain their position on this point of contention.

February Grand Jury Returns Indictments, Report

The Grand Jury for the February Term of the Prentiss County Circuit Court met last week, returning 9 criminal indictments.

The Grand Jury met for two days and heard 24 witnesses in returning the indictments. They also examined the Prentiss County Courthouse and the Prentiss County Jail and made a report on their conditions.

At least seven of the nine indictments returned were on charges of burglary and larceny, or grand larceny.

Like previous Grand Juries, the present one found many inadequacies in both the county courthouse and the county jail.

However, the Grand Jury did note that improvements are presently being made to the county jail. The complete renovation which is currently underway at the county sheriff's office and jail is being funded by a \$16,000 grant from the Law Enforcement Assistance Agency.

According to the Grand Jury's report, the jail, as

well as the courthouse, needs a good basic cleaning. However, in the case of the jail, the report said that the work which is currently underway makes any type of work there extremely difficult.

Specifically, the report said that several discarded food boxes were observed cluttering the cell area. It also noted that there were

several broken windows in the cells, causing uncomfortably low temperatures in the entire cell area.

As had the previous Grand Jury, the current one recommended that fire extinguishers be installed in appropriate areas throughout the building.

The report also said that the office part of the jail was

found to be clean and in good order.

In its recommendations concerning the courthouse, the Grand Jury, as had the previous one, said that the ladies' restroom should be modernized and mirrors installed. The mens restroom should be completely remodeled and all of the equipment replaced.

To Stop Thefts

Sheriff Asks For Legislation

At the request of Sheriff John McCauley two bills have been introduced in the Mississippi State Legislature aimed at what the sheriff calls an epidemic of thievery in Prentiss County.

The first bill would make it a felony to alter or mutilate identification numbers on a motor vehicle or farm implement. The second would shift the burden from a presumption of innocence to a presumption of guilt for receiving stolen property.

The bill would make being in possession of stolen property a "rebuttable presumption of guilt," the sheriff explained.

"Illinois has had a similar law on the books for five years," McCauley said. "If it works there, it should work just as well here."

"Anyone should be suspicious," he said, "if somebody offers to sell them a diamond ring for \$50. They should pretty much know it is stolen property."

McCauley said he expects

to get help from state investigators in curbing a rash of thefts in the county. He said many people are afraid to leave their homes untended long enough to go to church.

"This has got to stop," McCauley said. "The people of Prentiss County have got to feel secure in their homes."

The two bills were introduced in the Legislature by Rep. Tim Ford of Baldwyn, but McCauley said Rep. Billy McCoy has also assured him of his full support for the legislation.

Two Arrested In Break-In

Chief Deputy Joe Shackelford said Tuesday that the Prentiss County Sheriff's Department has arrested two county youths in connection with the Monday afternoon break-in of a local residence.

Deputy Shackelford said that Keith Hargett, 18, of Route 1, Thrasher, and a 17-year-old minor were arrested in connection with the break-in at the home of Earnestine McCoy on South Lake Street, just outside the city limits.

Shackelford said that the break-in occurred at approximately 3:30 Monday afternoon. Mrs. McCoy's daughter, Vickie, was at home at the time of the break-in, he said.

Entry into the home was made through a rear bedroom window, the deputy said, while Miss McCoy was in the front of the house talking to her sister-in-law on the telephone.

Shackelford said that Miss McCoy told her sister-in-law that someone was breaking into the house. Her sister-in-law told her to throw down the phone and run to a neighbor's house, which she did.

The would-be burglars were apparently attempting to make off with a stereo when they realized that they were not alone in the house. They fled leaving everything

behind except for some tapes and cassettes, the deputy said.

Deputy Shackelford said that witnesses saw two suspects leaving the house and recognized one of them.

The witnesses were able to give Deputy Shackelford the name of one of the suspects, a minor, and Shackelford arrested him at his home.

Shackelford said that this youth then identified Hargett. The deputy arrested Hargett at a trailer belonging to another girl, he said.

Shackelford said that none

of the tapes or cassettes that were taken have been recovered at this time.

Shackelford said Wednesday morning that Justice Court Judge Leon Lauderdale had set bond for Hargett at \$30,000. A preliminary hearing has been set for Saturday morning, he said, to determine whether or not Hargett will be bound over to the Grand Jury.

A juvenile hearing was scheduled for Wednesday morning for the 17-year-old youth arrested in the incident.

Police Department Makes 66 Arrests

Chief W.W. Stacy said Tuesday that the Booneville Police Department made 66 arrests during the week of Feb. 9-18. As a result of those arrests, 72 charges were filed.

The police chief said that the following charges were made:

conditions.

The report noted that some repair and painting has been done to the restrooms, but indicated that more is needed.

In other areas in the courthouse, the Grand Jury said that more storage space is needed for offices, especially for the Tax Assessor-Collector and for the Chancery Clerk.

The jury said that, although all electrical equipment is said to meet the standards of the electrical engineer, there appears to be hazardous wiring throughout the building. The use of individual space heaters was said to have compounded the unsafe

that a study to determine the feasibility of the complete renovation of the Prentiss County courthouse has been undertaken by the Board of Supervisors, as recommended by the previous Grand Jury.

The cost of such a renovation project would be one to one and one-half million dollars, the report said, and no source of funds for this work is presently available.

However, the Grand Jury did report that limited funds are available in the current county budget for cleaning and repair of county buildings. It was recommended that as much of those funds as feasible be

County Agrees

(Continued from Page 1)

This inconsistency of agreement on the part of the two school boards prompted the Concerned Parents Committee to ask in writing for permission to meet with the Prentiss County School Board Wednesday afternoon Feb. 20, in the board's regularly scheduled weekly meeting. Superintendent Cain confirmed Wednesday morning that the meeting had been set for 3:45 Wednesday afternoon.

The results of that meeting was not known prior to publication of this week's paper, due to a noon Wednesday printing time for the Banner-Independent.

However, the parents were expected at that time to present the petitions that they have been circulating which ask for the release of their children from the county school system for a one-year period.

Charles Walden, chairman of the Concerned Parents Committee, said Tuesday that the Committee has a total of 410 students whose names have been placed on the petitions by their parents or guardians.

Walden indicated that the decision to present the petitions at this time was made to insure that, if the two school boards do not come to an agreeable solution, the parents will be in a position to take further action.

Walden also said that the parents wanted to make known to the school board their position on some of the other issues being discussed.

In other discussions between the two school boards last week, it was reported that the two boards have agreed to file a petition to the Mississippi High School Activities Association, asking for a waiver of a rule that a student attending school in a district outside of the district in which his parents reside cannot participate in extra-curricular activities.

If this waiver is not granted, county students attending city schools will not be able to participate in such activities as band, football, basketball and others.

The boards also discussed the hiring of principals and

teachers for the next school year. The county indicated it hopes to hire principals by Feb. 27 and teachers by March 19. The city school board said that it will announce its hiring plans soon.

However, neither school system will know how many teachers are needed until after the students have registered for the coming year, and registration cannot take place until some of the remaining problems are solved.

Superintendent Cain said that Blue Cross Insurance Company has assured the board members that employee's insurance will not be affected by the separation of the city schools from the county schools.

He also said that the board plans to ask the Attorney General for a ruling on the transfer of sick leave. Teachers are allowed five days of sick leave per year which can be built up from year to year to a maximum of 15 days.

State law says that sick leave is lost when a teacher transfers to another school district, Cain said, but he said the board is going to ask for an exception in this case.

Cain also said that, at the end of the two-year period in which the board agreed to release the students, everything is subject to renegotiation. He indicated that it was possible that the period of release could be extended beyond those two years if the county system was still in the process of making preparation for the students.

Cain said that the two school boards had also discussed the distribution of school buses and other personal property and how the Prentiss County Vocation Technical Center and the bus garage would be utilized, but said that no decision was made on these matters.

Cain also said that, during the two-year transition period in which the county has agreed to release students to attend the city schools, the county will provide transportation for those students, as required by law.

(Continued from Page 1)

utilized for better upkeep of the courthouse and urged that a separate budget item be provided in the next county budget specifically for courthouse maintenance, repair and renovation.

The Grand Jury recommended that the Board of Supervisors submit a progress report to the next Grand Jury detailing the steps taken toward improving the present conditions of the courthouse and its facilities.

I wonder about the snow and I don't
Hear a sound.

The snow is a very soft and white,
It has hardly any taste at all,
The snow on the ground is a very
Beautiful sight,
The snow lies still on the branches of
Trees, which stand so brave and tall.

As soon as February goes,
The winter snow will go too.
As the winter breeze blows,
I don't think I have anything else to
Say, but one more thing which is
I hope February is good to you.

Missionaries Make Rounds Despite Cold, Wet Weather

February may have been the coldest and wettest month so far this winter, but that hasn't stopped two young Mormon missionaries from doing their jobs in Prentiss County.

Elder Todd Goulding and Elder Bradley Buckmiller can both be seen riding through Booneville on their bicycles, even in the rain and cold, on their way to do their missionary work.

The appearance of two young men on bicycles in the city has almost become synonymous with the Mormon faith.

Both young men expressed their appreciation for the reception the people of Booneville have given them, saying that most people were very friendly and cordial toward them.

Mormon missionaries usually spend two to three months in any one area before moving on to another

location. However, a missionary can sometimes stay in one area as long as eight months.

Post 123 Opens Membership Drive

American Legion Post 123, Booneville, has begun their annual membership drive which will end with a birthday celebration on March 15, according to Post Commander Robert S. Jones.

Each honorably discharged veteran who served during any of the active duty periods from World War I to the present are eligible for membership and are urged to "join up and be counted for the good of all veterans and their dependents," Jones said.

Commander Jones said that he extends a personal welcome to all those eligible to join.

"Membership is the key factor to securing more and better benefits for the

Most of the time transfers of the missionaries is staggered, moving only one of the two in an area at a time. This insures that one of them knows a little something about the area and is able to help the new one learn his way around.

Elder Goulding and Elder Buckmiller said that if anyone has any questions about the Mormon faith, or would like to talk to them, they can be reached at 728-8248 before 9 a.m. or after 9 p.m.

disable, sick and unemployed," Jones said.

Jones also urged that any previous members who have not paid their 1980 dues should do so at their earliest convenience.

"If you have never been a member," he said, "then inquire concerning the Legion and its goals and become a member not only for the sake of others, but for your own sake and the sake of your family," he said.

Jones said that the Post's membership is doing well, but with additional members joining it would be even better.

The next scheduled meeting will be March 6 at 7 p.m. at the American Legion building.

BIBLE QUESTION BOX

QUESTION: Mr. Hogland, doesn't the Bible say that Adam's sin is imputed to all of us today?

WARD HOGLAND

ANSWER: It is true we will die physically because of Adam's sin (1 Cor. 15:22) But you must remember his sins were not imputed to us. I shall now give you scripture to show this cannot be so. 1. The son shall not bear the iniquity of the father Ezek. 18:20. 2. God made man upright Eccl. 7:29. 3. God is the father of our spirits Heb. 12:9. 4. God "Formed the spirit of man within him." Zech. 12:1. 5. The spirit shall return to God who gave it. Eccl. 12:7. 6. Man is the offspring of God. Acts 17:29. 7. Man must be converted, and become as little children to enter the Kingdom of heaven Matt. 18:3. 8. The Bible does not speak of "Inherited sin." Remember too, sin is a transgression of the law (1 Jno. 3:4) and little babies have not transgressed God's law.

Student Loans May Be Easier To Obtain This Fall

JACKSON—Obtaining federally insured student loans may be easier this fall because of a nonprofit corporation chartered in January which should increase the market for such loans.

The Mississippi Higher Education Assistance Corporation (MHEAC), formed at the request of the Board of Trustees of State Institutions of Higher Learning and the Mississippi Post-Secondary Education Financial Assistance Board, will provide a secondary market for student loans incurred under the Higher Education Act of 1965.

"The purpose of the corporation is to enlarge the loan market for students in Mississippi," said Carolyn Allen, financial aid officer for the Board of Trustees and secretary-treasurer of MHEAC. She said many banks, savings and loan associations and other lenders have stopped issuing federally insured student loans because they are not profitable.

The corporation will issue tax-exempt revenue bonds and use the proceeds to purchase loans. According to Ms. Allen, MHEAC could be operational by the 1980-81 academic year.

"Students attending out-of-state or in-state junior, senior, private, business colleges, etc., are eligible to apply for federally insured student loans, though guidelines set by the federal government must be met, and each lender has autonomy in deciding to lend money," Ms. Allen said.

Incorporators of MHEAC are Ms. Allen; Dr. Thomas G. Estes Jr., vice president of business affairs at the University of Southern Mississippi; J. Herman Hines of Jackson; Dr. E.E. Thrash, executive secretary and director of the Board of Trustees; J. Benjamin Woods, assistant director of the Mississippi Bankers Association; and Jack L. Woodward, dean of men and director of financial aid at Millsaps College. Hines is president and Woodward vice president of the corporation.

The corporation will have 16 members: four from senior colleges, four from junior colleges, two from private colleges, one from

post-secondary proprietary schools, one from the Student Body Presidents' Council, two from the Mississippi Savings & Loan League, and two from the Mississippi Bankers Association. Ms. Allen and Dr. Thrash will serve as ex officio members.

PAGEANT FINALIST—Lisa Hare of Booneville has been selected a finalist in the 1980 Miss Mississippi Teen-Ager Pageant to be held March 22 at MUW in Columbus. The Pageant is the State final to the National Miss Teen-Ager Pageant held in Atlanta, Ga. in August. Several prizes will be given to the winner of the pageant including a scholarship to MUW, an all expensed paid trip to the Nationals, a \$200 Savings Bond among other prizes. Lisa is a senior at Booneville High School and plans to attend college after graduation. (Photo by Lee Gentry.)

Legislative Report

By Billy McCoy

Representative District III
Prentiss And Alcorn Counties

Recently the House of Representatives Penitentiary Committee spent a very interesting two day visit to Parchman. We inspected most of the prison facilities and participated in a very informative session with the Acting Warden, Commissioner of Corrections, Department of Corrections Board, and other officials of the Department.

This one visit does not make me an expert on the vast responsibilities of the Department or of its main prison at Parchman, but I am now much better informed and more able to carry out my responsibilities as a member of the Penitentiary Committee.

The Department of Corrections has inmates in four types of prison facilities throughout the state with a current population of 3,440. The first is the Parchman unit which presently cares for 2,072 inmates. At Parchman, those inmates found to be beyond rehabilitation and dangerous to society are placed in maximum security.

All inmates are carefully guarded at Parchman, but those not in maximum security are enrolled in Educational or Vocational courses, or they are placed in a useful position of work in the prison industries or on buildings and grounds work details.

Inmates can be forced to either work or attend educational classes. If they refuse, they are placed in solitary confinement and all privileges are removed.

In the second type of facility, called Restitution Centers, inmates not convicted of violent, sex, or drug crimes may be housed. These inmates spend the night at the center and work during the day at a normal job.

From his job the inmate is allowed to keep money for his personal and family needs, but he must pay the state five dollars per day. He must also take a portion of his salary and make restitution to the victim of the crime for which he was convicted. This is becoming a popular program because of the victim restitution aspect.

There are at present only 75 inmates in restitution centers. In the future we may have 20 of these centers throughout the state.

The third type facility is called a Community Correctional Treatment Center. There are about 370 inmates in eight of these centers throughout the state. Inmates in these facilities must perform needed work for local government in the area. Road work for cities and counties is an example of a duty they may perform. They receive no pay for their work.

County jails represent the fourth type of facility in which state inmates are housed. At present there are 1,024 convicted felons serving time in county jails. Because of a federal court order, more new facilities are being built at Parchman to provide space for inmates. Over a period of years millions of dollars will be spent. Twenty-five million will be spent for inmate housing alone. It now costs about \$12,000 per inmate for housing.

An interesting fact is that it costs about \$20 per day to care for each inmate at Parchman, but only \$11 per day at a restitution center. This is due to the extra security needed at Parchman.

All guards in all facilities are civilians. The Federal courts stopped the practice of using inmates as guards. This was one reason for ending the Parchman farming operation. The state simply could not afford to hire overseas civilian guards to oversee an inmate population working in the fields.

I can report that all housing facilities at Parchman are clean and in a good state of repair, that all inmates are properly guarded, that all inmates are being properly housed and fed, and that the physical and mental well being of each inmate is cared for in a responsible manner. In fact, a new \$3.3 million hospital is ready for use.

We visited the maximum security unit where the most dangerous inmates are housed and where the gas

chamber is located. There are now twelve men on death row. The gas chamber has undergone extensive repairs and is ready for use.

Finally, despite many changes which have brought the penitentiary up to modern penal standards, it is by no means a place of idle luxury. It is what it should be—a confinement prison where criminals pay their debt to society.

One has only to look through the bars and into the eyes of a nineteen year old young man sentenced for a minimum of three years, to know that, for some, crime does not pay.

One has only to look through the bars into the cold, steel eyes of a hardened criminal, who is totally incorrigible, to know we must always have a Parchman.

This week was highlighted by a two-hour floor debate on H.B. 232 which would raise the ceiling on the maximum appropriation for Medicaid. This bill was also closely related to S.B. 2369 which called for a \$2 million deficit appropriation to the Medicaid Commission.

When H.B. 232, which increased the maximum ceiling of the Medicaid Commission from \$51 million to \$53 million annually, was called up on the Calendar, there was an amendment attached to this bill to further increase the ceiling to \$54,570,000. In an

What To Tax...

"On gas tax increases: It looks like instead of adding more taxes to the gasoline, the tax could be put on beer and whiskey. I know we need more money to spend on our highways. If it would be put on whiskey and then add \$5 fine to each person that was caught, we could have good highways. The drunks usually do more damage to our highways than the good Christian people that need gas to get to work to make a living. Thank You."

Thanks To Paper

"Banner-Independent, Just want to say thank you for this hot line. I think it is the nicest thing the paper has ever done. I have already paid my subscription for a year, but I feel like taking it ten more as long as you give the people a chance to say what they think. But I do think people should say it in a Christian manner and in a way that would point to no certain person. We appreciate the Banner-Independent doing this thing for us, and we say 'Thank you, Banner-Independent.'"

Board Members...

"To the person who thinks board members and trustees should have children in school: Most of them that don't have children in school, have grandchildren in school and are very much interested in their welfare and morals. I agree that it would be better if the parents took the job, but, try and get them to and you'll get every excuse in the book. Most of them are too busy doing things like hunting, fishing, going to ballgames, going to the backwaters and every other form of entertainment they can find."

Difference...

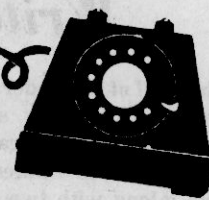

"To the person who called in the article on luncheon help getting paid for bad-weather days off the same as teachers, I would like to say that I'm all for everyone making all the money they can, but stop and consider the difference. Teachers spend four years paying to learn their jobs and then they pay the rest of their lives at \$110 per course just to keep their jobs and licenses renewed. In no other profession does a person keep paying so much just to earn so little."

Basketball...

"I would like to tell the Thrasher Rebel fans that complained about the referees at Booneville last week, should be reminded that last Thursday night against the New Site Royals, that they certainly had the help, especially from one of the referees. Wonder why New Site's Number 34 fouled out at the most crucial time of the game. Maybe the Rebels shouldn't brag but consider themselves lucky to have had the right calls at the right time. Thank you."

Good Sheriffs...

"We are proud we have the sheriff that we have—and we have had some good sheriffs in the past—but, he can't do anything alone. He's got to have the help and cooperation of the people. But first of all, he's got to have the help of the judges and those in the courthouse that try them after they carry them in. When the sheriff and the city officials carry them in and nothing is done about it and they are turned loose, that's why we've got crime and that's why we can't stop the stealing."

Hats Off...

"Hats are off to Mayor Charles Crabb and the city Board of Aldermen for immediate action taken concerning South Central Bell closing the telephone office in Booneville. Where were the Prentiss County Board of Supervisors during this episode? Seems they should be concerned about the sort of business being taken away from Prentiss County."

County Teams...

"Last Wednesday night at the District Tournament at Bialdwin, most of you so-called Prentiss County supporters supported and yelled for the Tremont girls against the Thrasher girls. Some of you even threw cups and paper out on the court at the Thrasher players. I hope that you all got a lot of satisfaction out of your lack of loyalty and support for one of your own county teams. The main reason you acted in this way is because you are jealous of Thrasher. If you have no more support for Thrasher or any other county team than this, you do not deserve to be a Prentiss Countian."

Phone Bills...

"I agree with the person in this week's Speaking Out on the phone bills. It is a shame that a fine company would move out and take a few jobs with them and deprive the citizens of this county and city of paying their bills in person. We are not only paying inflated prices, but we are also having to pay extra for money orders and things like that."

(Editor's note: As was reported in last week's Banner-Independent, South Central Bell has re-opened its night deposit box so that local residents can make their payments at the old phone company business office without having to mail them to the company. Payments may be placed in the night deposit box at any time. Bob Bartley, local manager of South Central Bell, said last week that the phone company will be finalizing arrangements soon with a local business to accept payments for the phone company.)

Black Legislator Has Earned Respect

By BILL MINOR
Columnist

JACKSON, Miss.—It was not very long ago that the only way a black person could get inside the chambers of the Mississippi Legislature was to be wearing a white coat and carrying a shoe-shine rag. That changed finally in 1968 when Robert Clark, a tall, somewhat timid school teacher from Ebenezer in Holmes County, walked into

the House of Representatives to take his seat along side 121 white lawmakers, the first black man elected to the Mississippi Legislature since 1888.

Clark's presence presented some ticklish situations for a legislative body which was notorious for its vehemence in condemning racial integration and praising segregation. First, there was the matter of where this black man would sit, and who would sit

next to him.

Although it was not done intentionally, at least so said the House leadership, Clark was given a seat on the end of the front aisle, closest to the door, which had a vacant desk next to it. So, technically, no member had to be his deskmate.

Then came the first time lawmakers were invited to a luncheon in a downtown Jackson hotel, one of those myriad receptions put on by the chamber of commerce or some organization to "break bread" with the new crop of legislators. The room, set with round tables, each seating eight, had pretty well filled up when the writer and another journalist arrived.

Sitting by himself at one of the round tables was Robert Clark, apart from his white colleagues. The two journalists sat down with

Clark, one on each side. Having broken the ice, some other lawmakers came and sat down at the table.

For most of his first session, Robert Clark sat meekly at his desk while the floor debate raged. But on a rainy evening in the spring when the House was in a boisterous night session, Clark rose to introduce an amendment to the bill under debate. His amendment was cut off by a familiar House maneuver, a motion invoking the previous question.

Hurt, Clark stalked from the chamber, out of the capitol building into the misty evening. The writer followed the crushed black man and finally overtook him in the parking lot as he was about to get into his car. As best he could, the writer tried to convince the black lawmaker that this was way

of the Mississippi House, to chop off almost endless amendments, and it was not aimed at him personally.

For 20 minutes, we talked in the rain, and he seemed to feel better. He would not chuck it all, as was his first intention.

That was a long time ago, 12 years to be exact. Today, it's quite a different story in the legislative career of Robert Clark.

Clark has moved up in the company. So much so, in fact, that he has now been taken into the Inner Circle of the House. Speaker Buddie Newman this session put Clark on the Rules Committee, probably the most powerful committee in the Mississippi Legislature. Last year, Clark had been given the chairmanship of the House Education Committee, and he has

This week was highlighted by a two-hour floor debate on H.B. 232 which would raise the ceiling on the maximum appropriation for Medicaid. This bill was also closely related to S.B. 2369 which called for a \$2 million deficit appropriation to the Medicaid Commission.

When H.B. 232, which increased the maximum ceiling of the Medicaid Commission from \$51 million to \$53 million annually, was called up on the Calendar, there was an amendment attached to this bill to further increase the ceiling to \$54,570,000. In an

attempt to explain my position on this particular bill, I would like to give a brief synopsis of the history of the Medicaid Commission.

This Commission was first appropriated in 1971 with \$6.8 million of state money. The Commission's appropriation steadily increased for the next six years to an annual budget in 1977 of \$32 million of state money. 1977 saw the lowest increase which has been attributed to a 50 cent co-pay program. From 1977 after the co-pay program was abolished, the Medicaid Commission once

again steadily increased to its now present rate of \$51 million annually.

Last year the Medicaid Commission came to the Legislature and asked for a \$2.5 million deficit appropriation. Once again, they have come to the Legislature asking for a \$2 million appropriation.

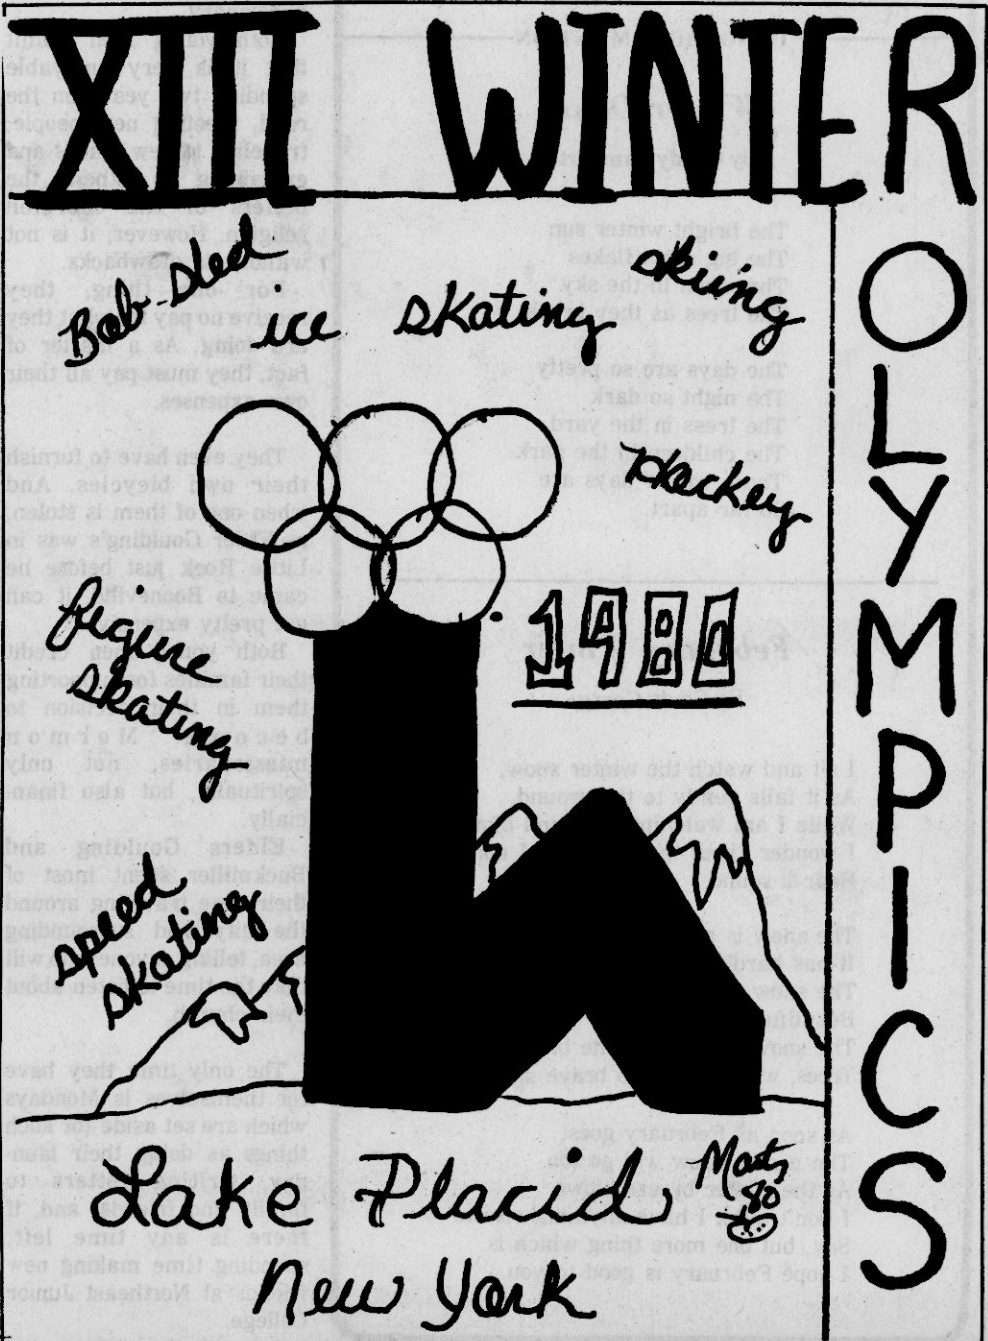

As I have said earlier, this has become one of the fastest growing, if not the fastest growing agency, in state government. It has come time for the Legislature to take a stand on this matter.

As Legislators we must insure the welfare of our sick and elderly, but at the same time, we must also realize the impact that this particular amount of budget spending is having on other state agencies.

With the state budget being tighter this year than most years previously, the Legislature must be practical and fair in its appropriate spending.

According to the Budget Commission's report, the various state agencies and state programs, as well as state employees and school teachers, can possibly expect around a 7 percent pay increase. It does not seem fair to me that we limit other agencies to 7 percent and let Medicaid get by with a 20 percent raise. That, in fact, is why I feel the amendment to this bill was so vital.

Jacqueline Walden Weds John O. Cunningham, Jr.

On December 29th, the Martin Hill Free Will Baptist Church was the setting for the candlelight ceremony uniting Jacqueline Walden and John O. Cunningham Jr. in marriage.

Jacqueline is the daughter of Mr. and Mrs. Charles Walden of Booneville. John is the son of Mr. and Mrs. John O. Cunningham Sr. of Baldwin.

The bride, given in marriage by her father, was lovely in an original gown by George Mauror.

The magnificent long gown of silk organza featured a Queen Anne neckline. The bodice was adorned with beaded alencon lace and crystal appliques. Bands of lace appliques fell from an empire waist to a scalloped hemline which formed a Cathedral train enhanced by scattered lace appliques.

The long tapered sleeves of English net and lace appliques were accented by tiny covered buttons. Attached to the lace caplet headpiece was a cathedral length mantilla veil of silk illusion.

The scalloped border was formed of Alencon lace and brands of appliques.

The bride's bouquet was designed of pink sweetheart roses, maroon and pink miniature carnations and gypsophila. Cascading from the bouquet was pink ribbon strands tied in love knots which held the bride's mother's wedding ring.

Maid of honor was Miss Debbie Walden, sister of the bride. Serving as bridesmaid was Miss Connie Murphy.

Their dresses, fashioned of pink chiffon over satin, featured a blouson top and split sleeves. Each carried a bouquet of pink and maroon carnations and gypsophila.

Little Miss Molly Crow, cousin of the bride, was flowergirl. Her floor length

dress of ivory organza over satin featured a hooped skirt.

The waistline was accented by pink and burgandy ribbons. She carried a wicker basket from which she scattered rose petals.

Master Deric Murphy, cousin of the bride, was ring bearer. He wore a burgundy tuxedo like the groomsmen.

John O. Cunningham Sr. father of the groom, served as best man. Usher-groomsmen were Britt Corbett of Baldwin and Joe Thomas of Nashville.

Mark Walden, brother of the bride, also assisted as usher. The male attendants were attired in burgundy tuxedos.

Guests were registered in the church foyer by Mrs. Tammy Ryan, sister of the groom, who also presented wedding scrolls containing a personal message from the bride and groom. Directing the wedding was Mrs. Tommy Walden.

Wedding music was presented by Mrs. Dyann Hammon of Booneville, organist. Soloist was Mrs. Glenda Wheeler of Booneville accompanied by Mr. Doug Holland at the piano.

Mrs. Wheeler sang "There is Love" and "Whither Thou Goest." During the ceremony, the wedding Prayer was beautifully sung by the bride as the couple knelt at the prayer bench.

The beautifully decorated altar was centered with a fifteen light brass candelabra holding pink tapers and interwoven with greenery. On either side was a nine light crescent-shaped brass candelabra and brass flower stands featuring pink gladioli, pink carnations, frosty carnations, miniature maroon and pink carnations with gypsophila and greenery.

Completing the altar setting was the prayer

bench, featuring the bride's ivory lace covered bible, and the unity candle. Accenting the windows of the church were hurricane lamps holding pink tapers and surrounded by ivy.

The bride's mother wore a formal length pleated blue dress with formal matching overcoat. The mother of the groom wore a tiered formal length dress of beige.

Both wore corsages of pink carnations centered with a red rose. Mrs. O.O. Cunningham, grandmother of the groom, wore a light blue floral dress accented with a corsage of pink carnations.

The reception area was artfully decorated featuring the color scheme of the wedding and flowers of the holiday season. Forming the background, on either side of the room, were pedestals holding red and white poinsettias.

The bride's table was overlaid with an ivory lace floor length cloth. The beautiful four tiered wedding cake was enhanced with live arrangements of pink and maroon carnations.

At the opposite end of the table was an arrangement featuring glowing pink tapers, pink carnations and poinsettia. Maroon and pink mints and nuts completed the table setting. Mrs. Cheryl Carter and Miss Harriet Perry presided at this table.

The groom's table was also overlaid with an ivory floor length lace cloth. The chocolate groom's cake was topped by glazed fruits and was served by Miss Kim Jones.

Miss Rhonda King presided at the silver coffee service. Assorted trays of hors d'oeuvres were also compliments for the groom's table.

Accenting the table was an arrangement of poinsettia blossoms and pink carnations in a silver ice bucket.

Serving as hostess for the reception were Wanda Crow, Cathy Chase, Terrye Murphy, Freda Whitley, Bobbie Jones, Vera Murphy, Brenda Crabb and Peggy Griffin.

Tea girls were Tracy Davenport, Cindy Evans, Gena Griffin and Darlene Crabb. Rice girls were Courtney Ryan, Melissa Crabb, Jennifer Echols, April Echols and Rai Ann Crabb.

Punch was served from a silver punch bowl by Miss Rebecca Perry.

Following the reception the couple left for a honeymoon in San Francisco. Calif. For traveling, the bride was lovely in an ivory textured polyester dress accented by a corsage of pink sweetheart roses.

The bride and groom are presently at home in Cleveland, Miss., where both are enrolled at Delta State University.

On the eve of the wedding, Mr. and Mrs. John O. Cunningham Sr. honored the members of the wedding party and special guests with a rehearsal dinner at their home. John and Jackie chose this occasion to present their attendants with gifts.

On December 21, the bride-elect was honored with a miscellaneous shower in the home of Mrs. Vera Murphy. Hostesses were Misses Connie Murphy, Harriett Perry, Rebecca Perry and Brenda Wilemon.

On December 22, Mrs. Peggy Griffin and Mrs. Vadie Hill honored the bride with a miscellaneous shower at the home of Mrs. Griffin.

A tea honoring the new Mrs. Cunningham was given on January 19 in the Fellowship Hall of the First Baptist Church in Baldwin. Hostesses for the occasion were Dot Corbett, Helen Gentry, Virginia Thomas, Betty Jo Dobbs, Lunelle Miller, Roberta McKay, Beckie Roberts, Shirley Dickerson and Marion Baxter.

The young people of the Rienzi Baptist church enjoyed a Sweetheart banquet in the Fellowship Hall Wednesday night following mid-week service. Ronald Meeks of Corinth was guest speaker. The favorite foods of teenagers were served.

The Hall was beautiful in the valentine decorations which were done by Mrs. Cecil Weatherbee, Mrs. Melvin Johnsey, Jr., and Mrs. Charles Palmer.

Mr. and Mrs. Buddy Robinson and children, Mr. and Mrs. Joy Skelton, Mr. and Mrs. Hayden Skelton and Mr. and Mrs. James Roy Marecle were in Pontotoc Sunday for the wedding Sunday afternoon of Miss Vicky Bullock and Mr. Ricky Skelton.

Several of our townspeople continues to be on the list of those who are not well. Among these are Mrs. E.M. Furtick; Mr. and Mrs. Melvin Johnsey, Sr.; Mr. Charles ("Perk") Palmer and Mrs. Claud Morgan. Get well wishes go out to all these nice people.

Woman's Club Meets

The February monthly meeting of the Booneville Woman's Club was hosted by Mrs. Joe Childers, Mrs. Merril Cartwright, Mrs. Charles Potts and Mrs. Mabel Hill, Feb. 14, at 3:15 p.m. in the Marion Smith Meeting Room of the library.

A crystal bowl filled with red carnations graced the speaker's table which was covered with red linen and overlaid with an ecru cloth of superb heirloom crochet. Festive St. Valentine's Day refreshments were served to the 29 members who attended.

Mrs. Emmons Turner presided and the meeting opened with the Club Collect and the Pledge of Allegiance.

Mrs. Lee Davis, program director, introduced Mrs. Marvin Smitherman who reviewed the current nonfiction best seller, "The Brethren, Inside the Supreme Court," co-authored by Robert Woodward and Scott Armstrong.

Reports were heard during the business session from the Disaster Workshop, by Mrs. Don

Carpenter, and from the Very Special Arts Festival, by Mrs. Turner.

The club will support these worthy projects in every way possible.

Members selected the club nominee for the Outstanding Citizen of the Year to be submitted to the Junior Auxiliary for consideration.

Additional plans were announced concerning the District III Convention which will be held in Pontotoc on March 22.

Mrs. Carroll Yarber, Mrs. Clyde Carter and Mrs. Richard Coggin were elected to the nominating committee to secure officers for the coming year.

Happy Anniversary to "Buffalo" and "Lady Buffalo." Hope you have a great day and have many more wonderful years together.

All of us gals gotta get back on our diets after all that Valentine candy and now its girl scout cookies! Oh well, maybe they like us like we are.

"Upholstery Man," had a tumor taken off the back of his head last Monday. He's feeling better, but will take awhile for all nerves to heal back.

"Brass Monkey," came home Friday from the hospital. You sure better take care of yourself fellow. Hope we haven't missed anyone.

Hope everyone is feeling better and can enjoy this beautiful sunshine.

Six club members traveled to Columbus to attend the dance they had Saturday night. A good time was enjoyed by everyone. "Buffalo," won a trophy for the best male dancer. I

believe he and his better half had rather dance than eat.

Officers are really working to get together all things for our coffeebreak April 12 & 13. A dance will be held on Saturday night at the Westside Community Center and the Jamboree will be Sunday at Northeast Gymn.

A grocery basket will be given away on Saturday night and on Sunday Quilts will be given at the break plus that good ole green backs. Gifts will be given away all day on Sunday. We will give you future details next week after our Tuesday night business meeting.

Happy birthday to "Hippie" and "Little Bluejay." Hope both of you have a nice day and have many more to look forward too.

Congratulations to all the ball teams still in the runoffs. Hope all of you win and go to Jackson and let folks know we are on the map.

Until next week stay well, be happy and attend the church of your choice.

Let's start with the saying from Password Plus: "It's more important to know where you are going than to see how fast you can get there."

More people were in attendance on Tuesday night to hear Bro. Bill Huggins speaking on Establishing Bible Authority. The lessons are creating greater interest as time goes on.

Mr. and Mrs. Nonan Harris were absent on Sunday, Feb. 10. They were visiting relatives in Alabama and worshipped with the Colbert Heights Congregation.

Donnie Knowles suffered a back injury while on duty as an attendant at Baldwin Hospital.

Johnny Balletine was able to go home from the Baldwin Hospital after having pneumonia.

Rachel Stoop, daughter of Gay Weeks, is home from the Northeast Hospital.

Get-well wishes are extended to Donnie, Johnny, Rachael, Aunt Myrtle Harris, Bro. A.G. Tines, the Homer Harris family and to the mother of Roy Hare.

Mr. Earl Kennedy had a check-up Thursday of last week. His breathing was a little better but otherwise he wasn't doing well. Let's remember him and other shut-ins in our prayers, by visits and by making telephone calls.

The guest speaker on Feb. 10 was Bro. Steve Hentz who spoke to us on "Gratitude" and "Life After Death." He is living in Courtland, Miss., He, his wife Gay and their young daughters were

dinner guests of Mrs. Pauline Jones.

On Thursday night of last week the Freed-Hardeman Associates of Blackland had their monthly meeting in the home of Mrs. Virgie Harris. Betty Coats as president was in charge.

There's so much controversy in politics now that it may prove difficult to make decisions in our elections. Here's one thing I hope many people will do-write to the legislators in Washington and ask them not to support a bill requiring women to register or be drafted into the armed forces. Women do not have the strength or stamina to engage in combat by the side of men.

There's plenty that women can do to help without being armed. Let's pray that peace can be brought about and our young boys and men will not be sacrificed.

Here are names of people born on Valentine's Day. They are Mrs. Wallace Poole, Bud Coats, and Mrs. Nell Bonds. Belated birthday greetings to them.

We hope Pauline Jones had a happy birthday on Feb. 15. Also a special greeting to Mam-Ma Coats who was 84 years old on Feb. 19.

Mr. and Mrs. Arthur Barnes were very pleased to have some of their grandchildren visiting them on Sunday afternoon, Feb. 10. They were Mr. and Mrs. Terry Wheeler and Mr. and Mrs. Gary Davis from Baldwin.

Here's a beautiful thought which was given in the New Albany Informer: "Kindness is like snow, it makes pretty anything it covers."

Good Cover Reduces Soil Loss

By DAVID SUMMERS
Soil Conservationist

Although winter is still with us, spring is just around the corner. We may wonder if we will ever see green grass. But, with good planning now we can have plenty of grass in a few weeks.

Tall fescue, small grains and clovers will begin to grow rapidly when temperatures reach 50 to 60 degrees if the needed nitrogen is available.

If clover makes up 40 percent or more of the stand, nitrogen may not be needed. If no clover is involved in the stand you should apply 200 to 250 pounds of ammonium nitrate in late February or early March.

Where wheat is being used for a combination of grazing and grain production, cattle should be removed by March 1, and the needed nitrogen applied. Weeds will sometimes be a problem in grazed wheat.

If this is the case apply 2,4-D at the recommended date. If wild onions are a problem apply a combination of 2,4-D

and dicamba. Both of these herbicides must be applied before the wheat joints. Wheat usually joints in early March.

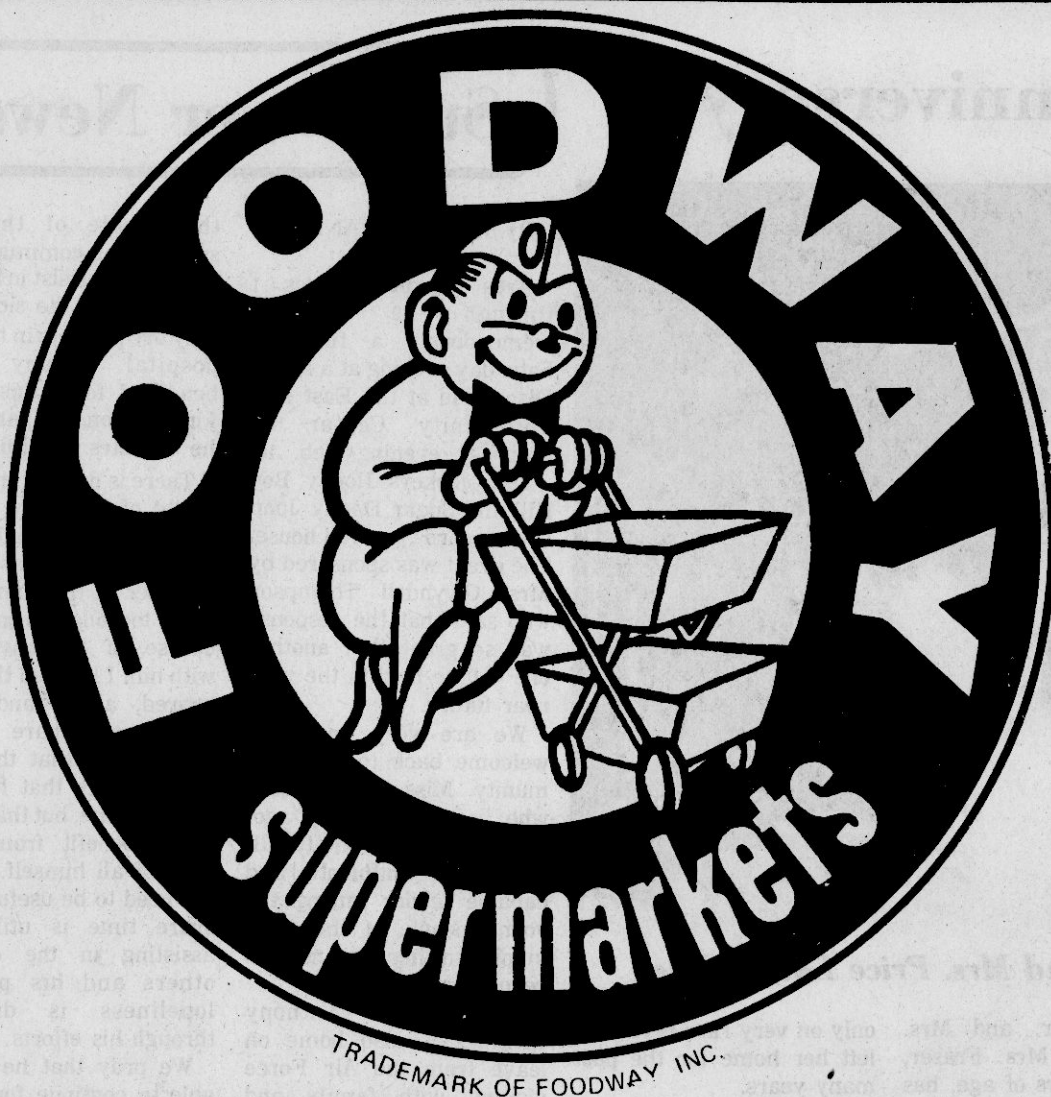

Remember, the best way to reduce soil loss is to keep a good cover on the ground. By good management of our winter forages and small grains we can produce good yields with little soil loss.

For more information contact the Soil Conservation Service at 728-3544 or come by our office in Booneville.

THOUGHT FOR THE WEEK
Keeping A Low Profile

The Lord.....saveth such as be of a contrite spirit Psalm 34:18

The National Weather Service advises that if you are ever caught out in the open during a severe lightning storm you should kneel down, bend forward, and put your hands on your knees. What you are doing is maintaining a low profile and at the same time keeping only a small area of your body in contact with the earth. So if lightning does strike nearby, there is less chance that your body will serve as a conductor.

We see a valuable spiritual lesson in this for the Christian. The best way to come through the storm of trial and adversity is to assume a lowly spiritual posture. This involves two things: First, we must humble ourselves before the Lord. Pride and rebellion tend to harden the heart and make us defensive. We may feel like reminding God that we don't

deserve to be treated so unfairly. Second, we should confess any sins that may be brought to mind by our trials. You see, the Heavenly Father wants us to be close to Him when our hearts are broken so that we can draw on His inexhaustible strength and healing love. And this is possible only as we eliminate whatever comes between us and Him.

Obviously, we can't avoid getting drenched in the driving rains of adversity. Indeed, sometimes we will be buffeted so severely by the fierce winds that we'll almost be swept off our feet. And with each blinding flash of lightning that threatens to destroy us, we may be strongly tempted to get up and run. But remember, keeping a low spiritual profile of humility and reliance upon God is the surest and safest way to weather the storm.

United Daughters Of Confederacy Meet

The members of the D.T. Beall Chapter, United Daughters of the Confederacy, were greeted by Mrs. Doug Holland and Mrs. Lon Stutts for the regular February meeting held in the home of Mrs. Holland.

Mrs. O.C. Robinson presided over the meeting with Mrs. Allie Miller Isbell directing the patriotic exercises.

Mrs. Richard Kemp delighted the group in her captivating manner in presenting a program on Major Henry Patrick Ronayne Cleburne. He came to the United States of America in December 1849.

He was from two distinguished families, one English and one Irish. Born in Cliburn, Ireland, he worked in his father's dispensary as a child and had hoped one day to become a doctor like his father. In this, he was disappointed, for he failed his premedical examinations. Brooding and disheartened over his failure he ran away and joined the British Army.

During his time with the Red Coats he saw the terrible results of class domination when British landlords took the food raised on their lands and left the renters to starve during the Irish famine. These bitter memories, the death of his father, and the recognition that he would never find a way to satisfy his own ambitions within the British Empire, turned him toward America.

He settled in Helena, Ark., managed and then bought an interest in a drug store there and in time became full owner. He was an industrious and scrupulously honest man, a good organizer, a loyal friend and a believer of religious faith.

He was a fierce defender of States Rights, but he was not concerned for the immediate condition of the Negro. He never owned a Negro. Apparently he did not consider slavery a profitable institution and had no desire to be embroiled in its problems.

He maintained, however, that unless the political and economic freedom of the South was sustained, all men, white or black, would become slaves to a central government dominated by a few as he had observed in Ireland.

He abhorred war but by the time hostilities opened between the North and the South, his popularity as a speaker, his training as a soldier, his knowledge of firearms, his character as a man and his persuasion as a Southerner brought him a captaincy in the Yell Rifles.

His organization and training of his troops, his bravery, and leadership in battle, brought him his appointment as Brigadier General after the fall of Fort Donelson. He was in more battles and went into every battle to win. The Cleburne Coat of Arms bears the latin motto which translated means "Forward, the Cleburnes do not know how to do anything else."

After many battles and harrowing experiences, Cleburne died a man who believed in God, believed in the cause for which he fought and maintained his beliefs with personal integrity.

Beneath the round window inscribed with the Cleburne Coat of Arms in the Parish church of Cliburn in Ireland, there is a tablet reading: "In memory of Major General Patrick Ronayne Cleburne, C.S. A. Born 17th March, 1828. Killed at the Battle of Franklin, Tenn., 30th November, 1864."

Library Notes

By LEE DAVIS
Librarian

February is a month of many historic happenings, from Revolutionary War battles, the first state ratification of the Articles of Confederation, by South Carolina to more recent events, and is a very appropriate time for this coming Saturday's "Super Patriots" program for young people.

Washington and Lincoln, with February birthdays, come to mind, but everyday people often show super patriotism, too. Come to the Marion W. Smith Room at 2 p.m. on the twenty-third to see what Mrs. Kathy Etheridge and her committee of Junior Auxiliary members have planned for your fun and interest.

A new exhibit also is drawing interest of patrons at the library.

Scenes from the paintings of Grandma Moses have been designed into plates produced by the Syracuse China Company, representing activities of village and country life during the varied seasons of New England during our country's early history.

Rest, Exercise, Good Food Help Make Your Body Healthy

By WANDA ROBINSON
4-H Program Assistant

WHY BE HEALTHY?

There's such a simple answer to this question—because it's so much more fun than not being healthy.

Good health is the basis of an enthusiastic outlook on life, for being alert, and full of pep for school, outside activities, and fun with your friends.

Start now, developing a sensible three-way combination of proper rest, exercise and good food habits.

REST

During your growing years, there are so many demands on your time! But remember your body needs attention, just the same as neighborhood and school activities. Rest and sufficient sleep are an important part of good growth, an attractive appearance and a pleasant disposition.

Nine precious hours each day sounds like a lot devoted to rest and sleep, but it is really a valuable investment in your future. If you find it difficult to get nine hours sleep each night, take an hour each afternoon to sit quietly. At the same time, you may be reading for school or 4-H assignments, but it provides some extra relaxation. You'll feel refreshed, find it easier to smile, and your dinner will taste better, too.

While you're thinking about rest, learn to form nighttime habits which help you relax. A warm bath, plenty of fresh air, and a tidy bedroom all prepare you to enjoy a good night's sleep.

EXERCISE

Exercise is an important part of everyone's good health. It develops good coordination, firms and tones muscles, and helps cultivate a normal appetite for food.

Learn to follow a sensible exercise program, though. Make it a regular, moderate one. Don't try to cram swimming, tennis and a long hike into one weekend, then overlook sports for the next month.

And take advantage of your high school physical education classes to learn some skills under the proper supervision of your instructors. That way, you'll develop an interest in several sports to continue through your lifetime.

EATING HABITS

Now each of us eats because he or she is hungry, yet there's another very important reason...making the body machine work efficiently. For good eating habits launch you into today's and tomorrow's activities.

Take a look at yourself. Do you have figure or skin problems? Are you often tired or cross? Do you lack the concentration that's often necessary to solve a school problem? Do you have more than your share of tooth decay?

Improper food can be partly responsible for these things. That is why nutrition and good food preparation habits are important.

To understand what good nutrition means you can start by learning a few basic facts about foods. There are foods to "GROW ON"...proteins...foods to "GO ON"...carbohydrates and fats...and foods to "GLOW ON"...minerals and vitamins!

4-H Program Aids Development

By J.W. ARCHER
Extension 4-H Youth Agent

4-H LEADERSHIP PROGRAM AIDS DEVELOPMENT

Because leadership development does not start at some magical age, the 4-H program aids in the learning process through the 4-H leadership program.

Youth-helping youth is not a new idea, it goes back to one-room school days when older students helped less capable or younger ones with study problems. In 4-H, the ideas are basically the same: Encourage learning in youth through older youth teaching younger ones.

You can offer resources that an adult cannot provide; youth can offer peer acceptance and friendship as a motivation tool.

Members under 12 years can be assigned to "big brothers" or "big sisters" to answer their 4-H questions, assist them with their projects and encourage participation in club and county events. The big brothers and sisters reinforce what they have already learned while learning leadership and human relations.

Youth leaders can help and guide in younger members' project responsibilities; with visual presentations, illustrated talks, project ways and judging; with club program assignments; with record bookkeeping; by encouraging the member to participate in club and county events. The leaders can help the club in recreation and or music community service and other interest areas.

4-H'ers can help members in their own clubs or look to a new 4-H club or new 4-H members and their families to offer help. They can conduct special training workshops or be a county project leader.

Squirrel Visits

District Tourney

An unknown squirrel made a rare appearance at the District 1 B Tournament at Baldwin last Wednesday night and thrilled the 1500 plus fans in attendance.

The squirrel (name unknown at this time) made his appearance onto the gym floor, stopped and watched the action, ran from one side of the court to the other and then made his exit.

Some fans thought he (or she) could possibly be a spy from who knows where but no official indication has been given.

Several fans waited around to get the squirrel's autograph but after it made it's exit, Rocky or what-ever it's name was, was no where to be seen.

The 1980 North Half Basketball Tournament is being held at the Baldwin Gym again this week and everyone is anxiously awaiting the squirrel's return.

Tigerettes Fall In

North Half Play

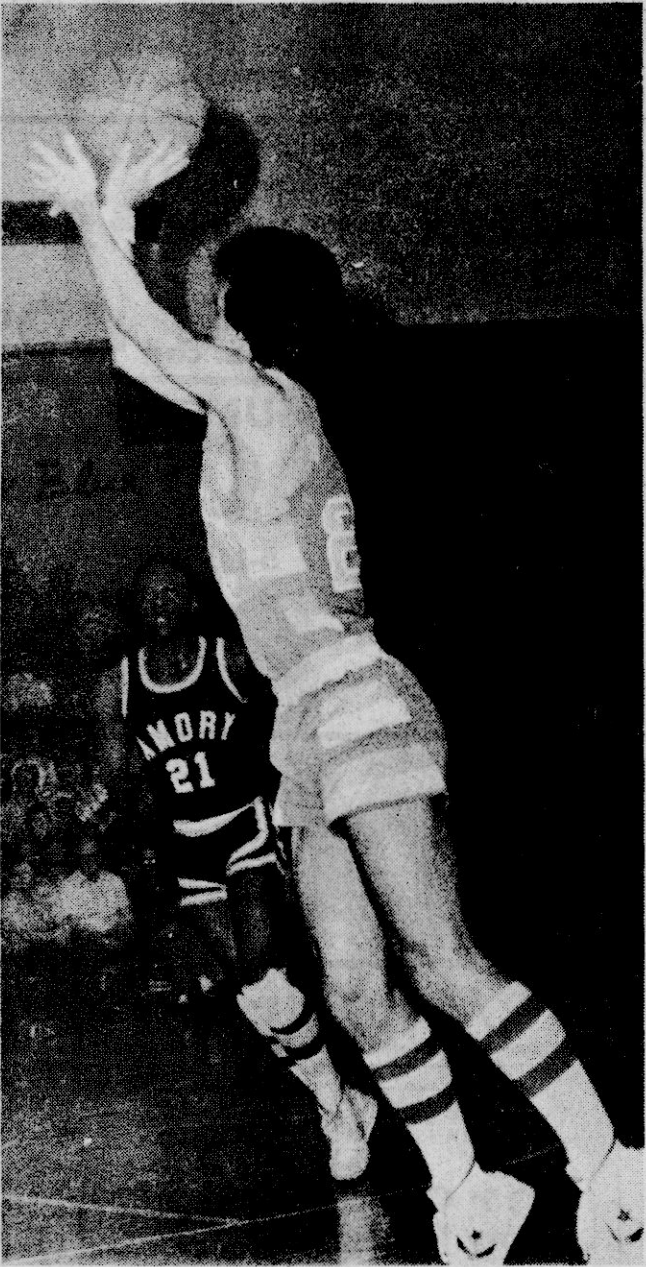

SCOOBA—Coach Millard Lothenore's Tigerettes dropped their opening round game in last week's Mississippi Junior College North Half Tournament.

The Lady Tigers, who ended the regular season with a fifth place finish in the North Mississippi Junior College Standings, fell to the hands of East Mississippi's Lionettes 62-56 at the Scooba Gym.

Due to an early press time, results of last Tuesday's game were not available at press time.

Helen McDonald led the Tigerette scoring brigade with 14 points while teammate Martha Ashmore of Baldwin followed closely with 12.

Simmons netted 19 to take game scoring honors for East Mississippi while Fields followed with 15.

CHRIS SHOOTS—Booneville's Chris Williams uses one hand here for this jumper in action of the District A Tourney. Chris has been one of the top performers for the Devils this season.

Devilettes Finish Second

In District A Tourney

Ripley's Tigers and Pontotoc's Lady Warriors claimed first place honors here Saturday night in the finals of the Class A District Tournament held at Northeast Mississippi Junior College.

The Tigers took the boy's title with a 52-48 verdict over the Alcorn Central Golden Bears in one of the most thrilling games in District History while Pontotoc's Warriorettes, who owns claim to the District event, whipped Booneville's Lady Devils 39-34 for the girl's title.

The Devilettes gave the Warriorettes all they wanted through three and one half quarters but the squaws put it together in the final two frames to post the win.

Coach Rickey Ford's ladies showed everyone they were indeed one to reckon with. The Devilettes had a sluggish opening night on Wednesday but managed a win in double overtime over New Albany's Lady Bulldogs and then had an easy time of it on Thursday night with a 53-34 win over

Kossuth's Aggieettes.

The local girls will advance to Northhalf play, along with Saturday's District champions Pontotoc, to be held at Cleveland beginning Wednesday night.

In Saturday's finals action, Marilyn Pegues netted 17 points to take scoring honors for Pontotoc while Debbie Brooks counted 17 for the Lady Blue Devils.

Booneville's boys failed to advance to North Half competition by virtue of a 69-58 loss to Ripley's Tigers Friday night.

Skip Benson netted 25 points to lead the Ripley attack while Ricky Leach had 14 followed by Bill Groves and Chris Williams with 12 each.

Saturday's finals boys action was indeed a thriller from start to finish. Alcorn Central, who had won im semi final action Thursday to advance to Saturday's game, led throughout the entire contest until the midway mark in the fourth period.

Ripley took the lead with

Lady Bearcats Advance

Lions, Cardinalettes

Win District Crowns

Baldwin's Lady Bearcats dropped a 46-37 victory to Belmont's Cardinalettes here last Friday night in the finals of the District 1 Class BB Tournament held at the Iuka Gym.

The Lady Bearcats, the defending champions, dropped Biggersville, one of the favorites in the Tourney on Tuesday night and defeated Hatley on Thursday night to advance to Friday's final action.

In boys action, Biggersville's Lions, also favored in the tourney, defeated Hatley 45-42 in the finals of the District 1 B Championship.

In Friday's girls finals, Kim Coker netted 12 points to lead the Cardinalettes while Peggy Grice netted 12 followed by Ann McBrayer with 10 for the Lady Bearcats.

In boys action, Johnny Shields counted 19 points to take scoring honors for Biggersville while North Mississippi standout Maurice Stafford followed with 10.

Allen Johnson took scoring honors for Hatley with 12 points while Todd Gray

some three minutes left but again the Golden Bears tied the game. The lead changed hands three times in the final three minutes of play before Ripley took the win in the last minute of action.

The win for the Tigers was their first in who knows how many years while for Alcorn Central it was their first time to reach finals competition in as many years.

Central coach Gerald Caveness, however, owns a share of the District event. This year marked the fourth year in a row for his team to be in the finals. Booneville had won the past three titles.

All four teams that participated in Saturday's finals will advance to North Half Play starting Wednesday. The girls will play at Cleveland while the boys return to Northeast Junior College.

Wheeler Drops Thrasher In District B Finals

BALDWIN—Wheeler's Eagles, who for the past five weeks have played about as well as anyone in the entire North Mississippi area, claimed first place honors here last Saturday night with a 51-38 victory over defending champion Thrasher's Rebels in the finals of the Class B District Tournament held at the Baldwin Gym.

Hamilton's Lionesses reclaimed the girls' title with a 42-27 victory over Smithville in Saturday's opening game.

The Eagles, who had previously lost five regular season games to the Rebels,

were not to be denied in this tournament. Eagles coach Sam Richey, who has done an outstanding job with the Eagles, had the Rebels scouted to a tee and aided the Wheeler troop to their first District Title since 1974 when the Eagles won a 69-68 win over Tishomingo's Bulldogs.

The Eagles have played well all season but the Thrasher troop seemed to be a jinx over them. But with the marbles riding on it, coach Richey's squad fought off a late surge by the Rebels and posted the 13 point victory.

Kennedy Gamble led the

Wheeler scoring brigade with 16 points followed by Bubba Miller and Tim Kesler with 10 points each.

Thrasher's James Swinney took scoring honors for the Rebels with 20 points on the night.

Both the Eagles and Rebels advanced to Saturday's finals with Friday night semi-final wins. Wheeler dropped West Clay 53-50 while Thrasher downed Tremont's Eagles 59-52.

In Friday's action, Tim Kesler and Terry Ballard scored 12 points each for Wheeler while Ricky Washington netted 22 for

West Clay.

Darryl Hatfield netted 19 points to lead the Thrasher attack followed by Keith Bullard with 12 and George Leslie with 11. Tony Grady and Pat Williams counted 14 each for Tremont.

All four teams that played in Saturday's finals will compete in the North Half Tournament beginning Wednesday night through Saturday.

The two girls teams will advance to the North Half event in Grenada while the B Boys will remain at Baldwin High School.

BHS Spring Training Starts April 28th

Booneville High School head football coach Mac Curlee announced here Tuesday that spring football practice will tentatively start April 28th.

A delayed date has been set due to the current separate school situation where some players may not be eligible to play.

Curlee said the delayed date would hopefully see the situation at least partially cleared up.

Curlee also said this would give plenty of time for the

athletes to get into some kind of shape and the weather should be warmer also.

"Our athletes, some 39 right now, have been engaged in off-season workouts," Coach Curlee stated. "Several of the players have been running regularly and are lifting weights to stay in shape."

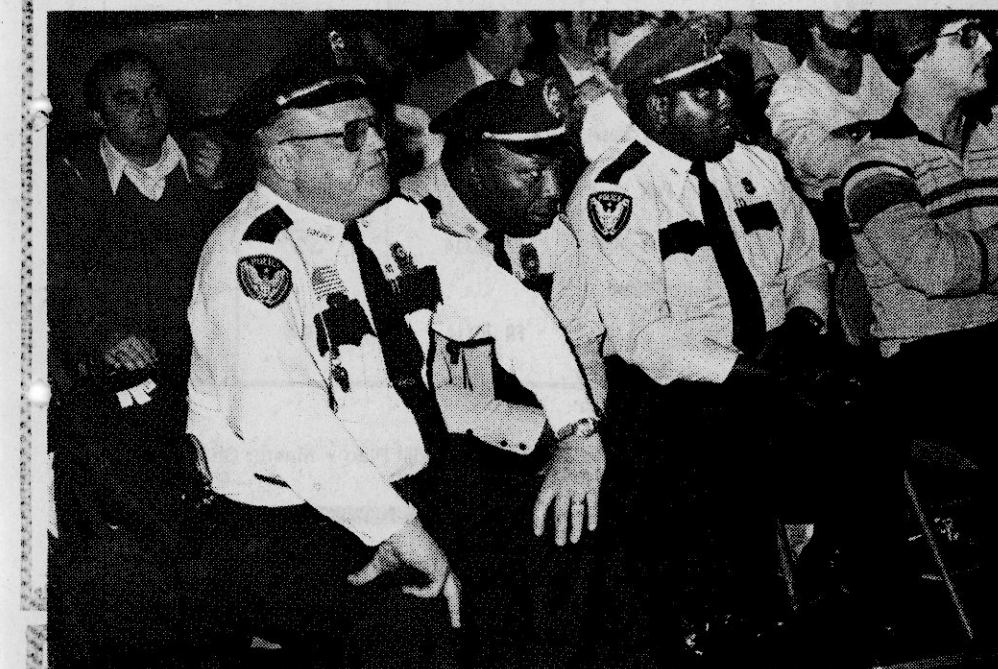

Spring practice will get underway April 28th and run through May 22 and Curlee said, by then, he hoped the athletes will have a clear eligibility through the

Mississippi Activities Association.

The current rule states that a pupil must attend school in the school district of which his or her parents are bona fide residents.

However, it is hoped that a waiver of this rule can be obtained.

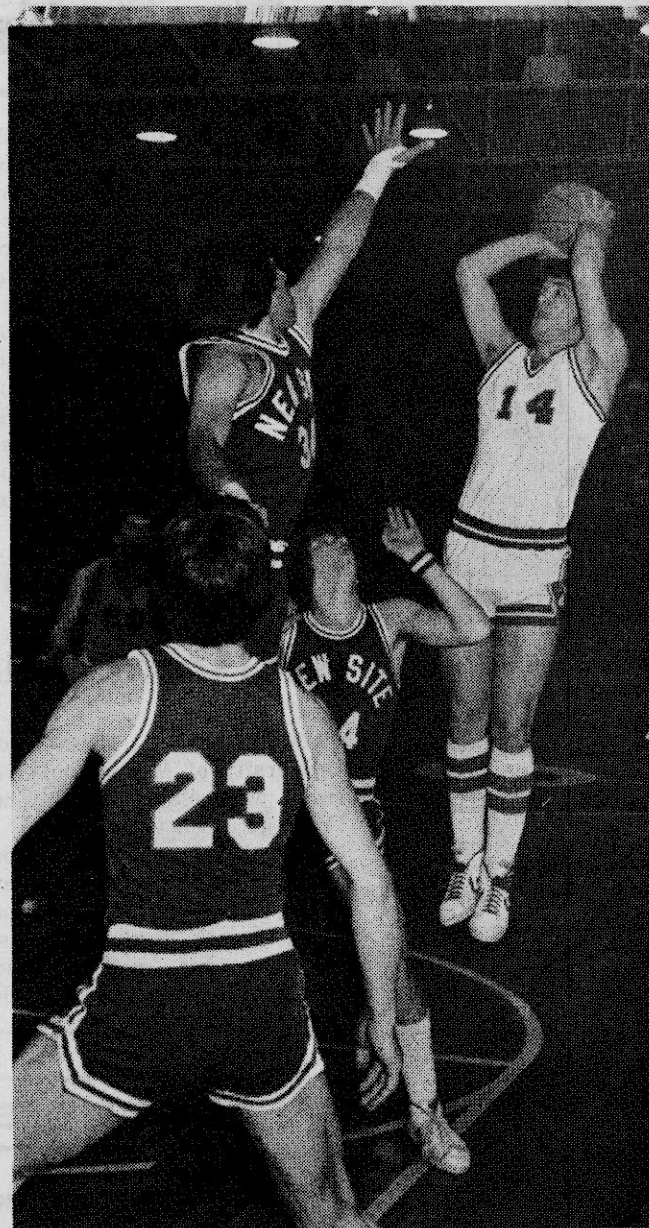

Coach Curlee said some 45 players were expected to participate in the 1980 spring drills and added that the squad may divide up into units and hold a Blue-Gold Game at the end of the drills.

WATCHES THE ACTION—Chief Windell Stacy, left, Bobby Jones and Sam McGee of the Booneville Police Department, watch the action here in the finals of the District 1 A Tournament held at Northeast.

ON THE MOVE—Booneville's Bill Groves sweeps around the Amory defense in last Wednesday's battle in the District A Tourney at Northeast. Teammate Ronnie Elam (33) looks on.

FIRE JUMPER—Thrasher's Keith Bullard (14) fires this jumper against the New Site Royals in last Thursday's action of the District 1 Tourney at Baldwin. New Site's Dennis Johnson (23) Eddie Roberts (34) and Anthony Webb (24) look on.

Little Tombigbee Tourney Underway

KOSSUTH—The 1979 Little Tombigbee Basketball Tournament got underway here Monday night in local action and will continue through the finals set for Saturday night.

Anderson Junior High School, representing Prentiss County, opened with action Monday night and took a four game stand over Ripley to advance to further competition.

Anderson's seventh grade girls won over the Ripley girls 19-15 while the seventh grade boys took a 36-9 decision. Anderson's eighth grade girls dropped the Ripley girls 26-22 and Anderson's eighth grade boys remained in the winning ways with a 35-20 victory over Ripley's Baby Tigers to complete a four game sweep for the night.

Vertie Taylor led the seventh grade girls scoring chart with 10 points on the night while Mike Johnson and Ben Leach took scoring honors for the seventh grade boys with 10 and nine points respectively.

Kushingue Sorrell earned the honors for the eighth grade girls with nine points on the night while Anderson teammate Kelly Scott added eight.

In eighth grade boys action, Carlos Hastings bucketed 10 points to lead the Anderson attack followed by Craig Brooks with eight.

The Anderson chargers will play again tonight when all four teams face the winners of the Iuka-Kossuth games.

Teams competing in this year's Little Tombigbee Tourney are, Ripley, Sattillo, Baldwin, Booneville, Kossuth, Alcorn, Central, and Iuka.

Booneville's seventh and eighth grade boys along with Baldwin's girls are the defending champions of the tourney.

Local Teams Eye State Tourney Sites

With State Tournament time just around the corner, four Prentiss County teams remain in contention for a trip to the Jackson Coliseum to compete in the 1980 State Tournament.

Odds look pretty good for at least one or more of our teams here in the county to make that big trip to Jackson.

Booneville's Lady Blue Devils, who plays Cleveland East Side tonight, has an equal chance as does the other girls team, Baldwin's Lady Bearcats, who are competing in the North Half event at South Pontotoc.

As far as our boys teams go, we have an even better chance to advance to the State event.

Thrasher's Rebels and Wheeler's Eagles, both with above average teams, are competing in the North Half event in Baldwin and according to their records, would have to be considered somewhat favorites in the respected B brackets.

Press Time today hampers us somewhat in reporting the opening rounds of the North Half event since both the Rebels and Eagles did indeed play Wednesday.

The Banner-Independent is published on Wednesday night but some residents

don't receive the paper until Thursday so the opening round games will be history.

Without having seen either of the Prentiss County teams opponents, I would have to go with our locals in this tournament.

All of our Prentiss teams have to win the opening game or, "it's back to the old drawing board," to quote an old cliché.

But should our teams get by the opening night jitters, then they stand an excellent chance of making the State Tournament.

Three of the four teams from the County were here last year and knows a little bit about the pressure that will be put on them.

Booneville's Lady Blue Devils, who holds one of the top records in the North, will need the fans support more than anyone because this is their first North Half Tournament in quite some time.

No one doubts the girls talent. Their record indicates just how good they really are. But they have to play above average to keep the pressure from building up on them.

As stated earlier, our Prentiss County teams (four in all) have an above average chance to advance to Jackson but they need our support.

If you're not covered by a retirement plan where you work, or if you're self-employed, the law allows you to set aside up to 15% of your income each year (up to a maximum of \$1,500, or \$1,750 if you have a non-working spouse).

The money you put into your I.R.A. is not subject to Federal taxes.

Talk to us soon about the advantages of an I.R.A. for you... and remember, the sooner you start your account, the less you'll owe Uncle Sam next year.

The News From Altitude

Mrs. Marie Burns and a group of ladies from the surrounding area made a trip to Batesville on Tuesday. The occasion was a special luncheon and award presentation honoring the President's Club Avon Representatives. Among the group were Mrs. Coy Stutts of Booneville, Violet Green of Wheeler, Essie Belue of Tishomingo, Jewel Wiginton of Belont, Jean Leatherwood, Sally Burcham, Zula Mask and Callie Ward all of Corinth. Myrtle Cole and Mary Young were luncheon guests of Lenora Slack in the New Hope area on Thursday. Mr. Noel Holder received a good report when he went for his medical check-up on Monday.

"Snow is the peanut butter of nature. It's crunchy, kids love it, and it sticks to the roof of your house." Mrs. Wilodene Horn had surgery Thursday at the hospital in Tupelo. She came home on Saturday and was reported doing well. Her daughters, Mary and Denise, stayed with their grandmother, Mrs. Elvia Moorman, while Mrs. Horn was in the hospital. Lenora Slack was an overnight visitor of Myrtle Cole on Saturday night. Mr. and Mrs. Lucion Puckett, Dionne, Mike and Jason were down from Iuka over the weekend to visit with Mr. and Mrs. Leroy Foster and Mr. and Mrs. Jim Foster and Susie. Mrs. Callie Chase was confined in the local hospital at the time of this writing. We send to her best wishes for a speedy recovery. Mr. and Mrs. Charles George of Pascagoula were

visiting with Mr. and Mrs. Billy Moorman over the weekend.

Visiting in the home of Mr. and Mrs. Carmon King on Sunday were their daughter, Mrs. Helen Harris and children Teresa and Crystal. Visiting with Mr. and Mrs. Leroy Foster on Monday night were Mr. and Mrs. Larry George and Desiree of Baldwin.

Friends and relatives are glad to have Mrs. Bertha Hare home from her stay in the hospital. Miss Gay Armstrong received a cut on her foot which required a few stitches while frolicking in the snow we had recently.

I'm sorry to report that a few cases of chicken pox and the mumps have been going around in our local school. That's one of the bad things about school. But it seems that these childhood diseases are just a part of life.

Mr. and Mrs. Mike Dunaway, Brock and Jennifer, and Mr. and Mrs. Ted Burns visited in Tupelo on Saturday night with Nelodene Wroten and Chris.

Mrs. Bernice Chase is glad to have her granddaughter, Tara, of Brandon spending the week with her while Tara's parents are vacationing in Aspen, Colorado.

Visiting with Bernice on Saturday were Dr. David Chase and Tara of Brandon. Mr. and Mrs. Dwain Johnson, Sherry and Gail, Mrs. Janeth Lambert, Shane and Bradley, Ryan Henderson, all of Booneville, and Mrs. Sharon McLaughlin, Tatia and Lora of Huntsville, Ala.

Timber Growers Tips

By JOHN STUART
County Forester

As Prentiss County Forester, I would like to pass along a few tips local timber growers might find profitable when making their next timber sale.

For the most part, timber harvests are few and far between, and it is important that the timber grower gets the greatest possible returns when he sells his crop. I would quickly point out that the greatest possible return doesn't altogether mean the most dollars. The "long run" must be considered if the best over all return is realized from the crop.

It's only natural that the tree farmer wants to get the highest immediate prices and the most dollars for his crop at harvest time. For, like any farmer, this is his pay-off for lots of hard work. But the timber grower must not let the present sale blind consideration of the future. To realize the greatest over-all from his sale, the grower must weave into its profits, utilization, future forest growth and environmental protection. In some cases, timber stand should be selectively marked for cutting; not indiscriminately "slaughtered." By selective thinning, the lower quality trees are cut first. This

provides more space and reduces the competition for the better trees to continue growing and increasing in value.

It is further advised that timber growers should offer their timber for sale on a bid basis. Logging standards should first be set. Then the seller should seek as many offers as possible for his stumpage by notifying all local buyers and companies that his timber is for sale. The seller should select the offer according to prices and agreed compliance with logging standards.

A contract should be written to spell out conditions of the sale. It should provide for protection against logging damages to fences, roads, soil, streams and remaining timber. The contract also should specify which trees are to be cut.

As County Forester, I would remind local timber growers that professional assistance in selling timber is made available to them through the local office located in the back left-hand side of the Bank of Commerce Building or by calling 728-6835.

Professional assistance in selecting the trees that should be sold and in drawing up a sale contract can make timber growing a more profitable business.

Time To Vote In
Beef Referendum

All beef producers registered to vote in the upcoming Beef Research and Information Order, will be able to vote Feb. 19 through Feb. 22, at the Prentiss County ASCS

Office. The program could become effective if at least 50 percent of those registered to vote in referendum vote and vote in favor of the order.

If the order is approved, a beef board composed of up to 68 beef producers would be appointed by the Secretary of Agriculture to administer the order. This board would collect assessments, and conduct a

beef research and information program.

Assessments would be made through a deduction by the buyer each time cattle are sold. Slaughters would collect and send assessments to the beef board at the time of slaughter.

The final assessments would include the accumulated total of assessments paid by all owners of the cattle. The assessment rate could not exceed two-tenths of one percent of the sale price of cattle for the first two years of the program.

At the two-tenths of one percent level, about \$40 million would be collected annually.

It is emphasized that Friday, Feb. 22, is the final day to vote in the referendum. Every beef producer is urged to give careful consideration to this matter and vote.

Cards Of Thanks

To everyone who helped in anyway during the extended illness and death of our beloved husband, father and grandfather, Alvia D. Johnson, consider this a personal message of gratitude for helping and sharing in our tie of need and in our sorrow.

An illness of this kind is hard to understand, but we pray that from this experience we will have a greater compassion for those in distress, and more Faith to do the will of our Heavenly Father.

The days ahead will be lonely, but with the comfort of sweet memories our loved one left behind, and the help of our Lord we will be able to go on. May God bless everyone of you is our prayer.
