Proud Mom!

REFLECTIONS - What better present for a Mom on Mother's Day than to see her child graduate from high school! That's exactly what will happen for many local Moms this Sunday when all but one of the Prentiss County high schools hold their 1980 graduation. Here, Mrs. Jimmy (Ann) Shook helps her daughter Lisa, a Thrasher High School senior, try on her cap and gown in anticipation of the big day. (Photo by Ken Christian)

County Graduations Set For Sunday, Monday

Prentiss County seniors will bring to an end 12 years of difficult work Sunday and Monday when they take that final journey down the aisle for their diplomas.

Although it will signal the end of one phase of their lives, having the diploma in hand will open new doors to new experiences and opportunities—whether the graduate decides to continue his education or look for a job.

JUMPERTOWN

Graduation ceremonies for Jumpertown High School seniors will begin at 2 p.m. Sunday, May 11, in the high school gymnasium. No guest speaker has been scheduled; the students and faculty will present the program.

This year's valedictorian at Jumpertown is Danita Smith; Kent Geno is salutatorian; and Patricia Lauderdale is historian.

Twenty-six Jumpertown seniors are expected to graduate Sunday.

THRASHER

The Thrasher High School seniors will also have graduation ceremonies at 2 p.m. Sunday, May 11. As at Jumpertown, only students and faculty are scheduled to speak as part of the program.

Rhonda Nabers is this year's valedictorian at Thrasher and Jawonne Mullins is salutatorian.

Twenty-three seniors hope to receive their diplomas Sunday in the Thrasher High School gymnasium.

WHEELER

Graduation ceremonies for Wheeler High School seniors will begin at 3 p.m.

Sunday, May 11, in the school gymnasium. The Rev. Raymond Glover, pastor of the First Baptist Church of Verona, is the scheduled guest speaker for the occasion.

Valedictorians at Wheeler High School are Tracy Saylor and Bruce Johnson; salutatorians are Pam King and Lisa Johnson.

Twenty-five Wheeler seniors are expected to graduate in the ceremonies Sunday.

BOONEVILLE

Booneville High School's graduation ceremonies will begin at 4 p.m. Sunday, May 11, in the Bonner Arnold Coliseum at Northeast Junior College. There are 125 candidates for diplomas at that time.

No guest speaker is scheduled for the commencement ceremonies; only students and faculty are scheduled to speak.

Valedictorian at Booneville is Eugene Miller; salutatorian is Bo Burrell.

NEW SITE

New Site seniors will receive their diplomas in ceremonies beginning at 8 p.m. Monday, May 12, in the school gymnasium.

Thirty-three seniors will be candidates for diplomas at that time.

Students and faculty will present the program, as no guest speaker is scheduled.

Valedictorian and salutatorian for New Site High School had not been selected at press time.

At Friday Meeting In Jackson

Question Of Eligibility To Be Broached

By KEN CHRISTIAN
Editor

Troy Henderson, superintendent of the Booneville Municipal Separate School District, is scheduled to meet with executives of the Mississippi High School Activities Association Inc. in Jackson Friday, May 19.

The question to be discussed at that meeting is whether or not Prentiss County students who plan to attend Booneville city schools next year will be eligible to participate in sports, band and other organizations which come under the jurisdiction of the Activities Association.

Although these students will have attended school in Booneville city schools and could have participated in these activities there in the past, the recent formation of the separate school district

has caused them to become ineligible to participate next year—at least, as the situation currently stands.

According to the handbook of the Activities Association, in order to be eligible to participate in organizations governed by the Association, a student must attend school in the district in which his parents are "actual bona fide residents."

The separate school district will become effective July 1. At that time, the city of Booneville will make up one school district and the part of Prentiss County outside the Booneville city limits will be another school district.

Thus, students attending school in Booneville but living outside the city limits will no longer be attending school in the district in which their parents reside, and will therefore not be

eligible to participate in the activities governed by the Activities Association, as the rule now stands.

In the past, this caused no problem since both the city and the county were part of the same district—the Prentiss County School District.

Both the Prentiss County school board and the Booneville separate school district school board have

agreed to ask the Activities Association to grant a one-year waiver of this residency rule for those students who want to attend city schools next year.

The Prentiss County Concerned Parents' Education Committee has also mailed a letter to the Activities Association to be considered at the Friday meeting asking that the waiver be granted.

However, from past conversations with Dr. Woodrow Marsh, director of the High School Activities Association, there appears to be little possibility of such a waiver being granted.

In fact, Marsh told the Banner-Independent a few weeks ago that, during the December 1979 meeting of the executive committee of the Activities Association, (Continued on Page 3)

At Northeast Junior College

Mrs. Winter To Deliver Commencement Address

Mrs. William Winter, Mississippi's First Lady, will deliver the commencement address for the 32nd annual graduation ceremony at Northeast Mississippi Junior College. Some 267 candidates are expected to receive degrees and certificates.

Mrs. Elise Varner Winter is an active woman of the '80's. In addition to being the

wife of Gov. William Forrest Winter and the mother of three daughters, Mrs. Winter serves as president of the Junior College Inter Alumni Association, state campaign chairman of the Mississippi Easter Seal Society and a volunteer worker at the University Hospital, Jackson.

Mrs. Winter formerly served as president of the Board of Directors of the Mississippi Easter Seal Society, president of Chastain Junior High PTA, president of Murrah Senior High PTA and president of the official Mississippi Women's Club.

The graduation ceremony will be held at 8 p.m. Friday, May 9, in the Bonner Arnold

Coliseum. A reception for the graduates, their families and friends will be held in the Haney Union immediately following the graduation.

Boone Hill Festival Plans Are Underway

A committee of 12 local citizens held its second planning meeting Friday at the Bank of Mississippi to lay additional groundwork for what is expected to become an annual festival in Booneville.

The event is to be called the Boone Hill Festival and will be held Thurs., Fri., and Sat., August 7-9.

According to Keith Shackelford, chairman of the committee, the festival will consist of events designed to appeal to people with many varied interests.

"Only a few events are set at this time," Shackelford said, "but by the time we have our next meeting on May 19, we should have several commitments. We expect to have competitive events, arts and crafts displays, food and refreshments, and a variety of entertainment for all ages and all members of the family."

Shackelford said the committee hopes several events already planned for the summer months can be included in the festival.

"We plan to contact all local organizations within the next few days and get their help in sponsoring events," he continued. "We want everyone to be involved and help us make this something people will look forward to from year to year."

Coggins To Retire As School Principal

BALDWIN—Former Baldwin Mayor Bernard H. Coggins will retire at the end of this school year as principal of the Baldwin Middle School. His retirement comes after 35 years of service to his country, city and school.

In commemoration of his years of service, he will be honored with a special program in the Baldwin High School gymnasium Wednesday, May 14, at 1:30 p.m.

Organizers of the special program say that the date and time were chosen in order that more adults could

attend, since most Baldwin businesses close on Wednesday afternoon. The gym will seat approximately (Continued on Page 2)

Named To

Who's Who

The names of nine Booneville High School students will appear in the 1979-80 edition of Who's Who in Music it was recently announced. These students have been selected as being among the country's most outstanding high school music students.

Thad Mullins, Booneville band director, and the editors of the annual directory have included the names of these students based on their music ability, academic achievement, service to the community, leadership in extracurricular activities and future potential.

Next Week

Rabies Clinics To Be Held

The Prentiss County Health Department this week urged that all Prentiss Countians help control rabies by having their pets vaccinated.

It is a state law that all dogs over the age of six months must be vaccinated once a year, a Health Department spokesman stated.

For the benefit of the public and to comply with the state law, rabies clinics

will be held at various locations throughout the county next week.

Two rabies clinics will be held Monday, May 12, one at Thrasher school and the other at Wheeler school. Both clinics will be from 5 to 6 p.m.

Tuesday, May 13, clinics will be held from 5 to 6 p.m. at both Jumpertown school and Marietta school.

Thursday, May 15, a clinic will be held at the Blackland

Community Center. It will also be from 5 to 6 p.m.

A clinic will also be held from 5 to 6 p.m. Friday, May 16, at New Site school, and another will be held Saturday, May 17, at 2 p.m. at the Saltillo City Hall.

"Help control rabies by having your pets vaccinated," the spokesman for the health department asked of county residents.

VOLUNTEERS—Local volunteers assisting senior citizen programs of the local Area Agency on Aging, Northeast Mississippi Planning and Development District, were presented certificates of appreciation last week for their work with older Americans. Pictured are (from left) Mrs.

Dellie Russell, Mr. Herman Russell, Martin Bok, Mrs. Charlene Roberts, Mrs. Willie Pearl Vandevander, Mayor Charles Crabb, Mrs. Jessie Presley and Mrs. Virlie Mann. Not shown are Mrs. Theimer Rogers, Mr. and Mrs. Travis McCharen and Mrs. A.L. Morgan.

Older Americans' Month

Volunteers Make The Difference

Volunteer work is the most prevalent and perhaps the most popular outside-the-home activity of Americans 65 and over, according to the Office of Public Information, Administration on Aging.

Twenty percent of a nationwide sample of Americans 65 and over reported they do voluntary work on a regular basis, the office said.

A training program for local volunteers is offered in several categories. "We don't expect people to offer help without knowing what's going on," Hanley said.

John Hanley, director of the Area Agency on Aging, Northeast Mississippi Planning and Development District, said that in the six-county area of the District there are from 50 to 75 volunteers working with programs sponsored by the District. There are 12 or more such volunteers in Prentiss County, he said.

The volunteer work done by these Older Americans falls into seven basic categories—transportation, escort service for the handicapped, recreation (including arts and crafts), nutrition, information and referral, health and welfare, outreach and site aids.

Most of the local volunteers are site aids, Hanley said. They help distribute food at the program sites and also assist in the clean up operation.

These volunteers help the programs in more ways than one.

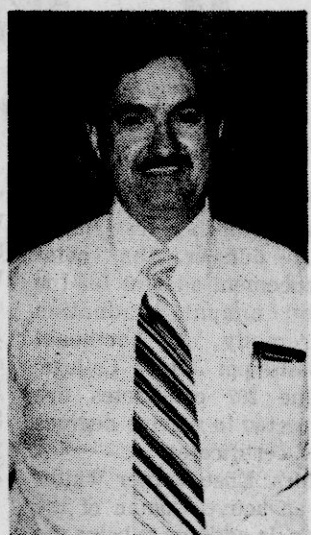

Each volunteer keeps track of the amount of time spent working on the program, Hanley said. Then, even though they do not receive any money, a salary is calculated at minimum wage for each of the volunteers.

Many of the grants for the local programs require that matching money be obtained locally to help fund the programs. The salaries calculated for the volunteers are applied as part of the matching funds, Hanley said.

In this fashion, about \$30,000 per year in matching funds is calculated from the time donated by the Older American volunteers, he said.

For Community Fund

Kickoff Breakfast Held Monday

FRANK RAINS

The Prentiss County Community Fund drive officially got underway Monday morning with a kickoff breakfast for the committee chairmen at Northeast Junior College.

Guest speaker for the event was Frank Rains, a scouting executive with the Yocona Council and a professional entertainer. Fund drive Chairman Mrs. Opal Anderson reported that, although this was the official kickoff for the drive, many of the volunteers have already been at work getting donations and commitments.

Rains, introduced by James Bethay, told the group they must be happy about their work and enthusiastic about getting the job done.

"Whether it be your job or your work in the community fund drive, you've got to get up every morning with enthusiasm, looking forward to enjoying the day and the work at hand," he said. "Prentiss Countians love each other, and they all welcome the opportunity of supporting the twelve agencies supported by your Community Fund."

They are returning the balloon and attached note to Scott who will win a prize if his balloon traveled the greatest distance.

Community Fund

Handicap Centers

Benefit From Donations

A certain percent of each dollar given to the Prentiss County Community Fund goes to support the Cerebral Palsy—Handicapped Persons Center and Regional Rehabilitation Center located in Tupelo. Prentiss County is one of the 11 counties served by the Center. At the present, 136 from this county go regularly for treatment.

The handicapped people of this area are able to receive such services as Physical Therapy, Occupational Therapy, Speech Pathology, Audiology, Vocational Rehabilitation for the Blind,

Social Services, Vocational Rehabilitation, Work Opportunity Resource Center, Adult Basic Education, Rehab Service and Training Station, Driver Education Program, Language Disorder Class, Pre-School Age, Learning Disabilities Class for Pre-School Age, and Vision and Hearing Screening.

"Please give liberally to the Prentiss County Community Fund," a spokesman for Community Fund said, "so that the handicapped people of our county may continue to avail themselves of these many services."

For 500,000 Mississippians

Food Stamp Delay Possible

Approximately 500,000 Mississippi food stamp recipients face a possible suspension or delay of June benefits unless the Congress acts to provide additional money to the U.S. Department of Agriculture's Food Stamp Program by May 15, according to Ellen T. Aregood, Public Information Specialist, State Department of Public Welfare.

The present funding crisis stems from the fact that the 1977 Congress placed a ceiling on food stamp expenditures for fiscal years 1978-1981. USDA cites unanticipated food price inflation as the major reason for food stamp costs ex-

ceeding the money allocated for the program. While Congress did act last year to raise the funding ceiling and provide additional money, it has not yet acted for the current fiscal year which lasts through September 30, 1980.

"It is conceivable that an order by USDA to suspend June benefits could be lifted within a short time if Congress acts after the May 15 deadline," Ms. Aregood said. "This action would result in a possible delay of June benefits; not a total suspension."

County food stamp offices throughout Mississippi will be open as usual. New applications will be accepted

and recertifications for participating households will be processed. "The State Department of Public Welfare encourages food stamp recipients not to call your local food stamp office for information

regarding June benefits," Ms. Aregood said. "Instead, listen to your local radio and television stations and read your local newspapers which will keep you informed as to the status of June food stamp benefits."

\$9.2 Million Set For Summer Jobs

JACKSON—More than \$9.2 million has been allocated to hire economically disadvantaged youth, between the ages of 14 and 21, throughout the state this summer, according to the Mississippi Employment Security Commission.

Question

(Continued from Page 1) the Booneville situation was discussed at length and it was decided to "stick to the rules and abide by the rules."

Marsh said the executive committee decided at that time this would be their best course of action since either side could possibly take the Association to court over the matter.

And that is just what the Concerned Parents' Education Committee have said they will do if the Activities Association does not grant the one-year waiver.

Members of the separate school district board have said that they hope an arrangement for a mass transfer of eligibility can be worked out without the necessity of a lawsuit.

Dr. Marsh has told the Banner-Independent in the past that, according to the rules in the handbook, the only way county students would be eligible to participate in these activities while attending city schools would be for all the students in a given area of the county to be transferred into the city district. However, any students in that area who wish to attend school at one of the county schools would then lose their eligibility at the county school.

A member of the Parents' Committee told the Banner-Independent Monday that the Committee's position on the matter has not changed and that a lawsuit will be filed if no other satisfactory solution can be reached.

The funds, which come from the U. S. Department of Labor under the Summer Youth Employment Program (SYEP), are being allocated to the state government and to local governments. Both serve as prime sponsors under the Comprehensive Employment and Training Act (CETA). Just less than \$37,000 of the funds were carried over by the prime sponsors from last summer's allocations.

SYEP participants are recruited from families receiving welfare or having a lower than average annual income. The Mississippi Employment Security Commission locates employment for the young workers. The youth work 10-week summer jobs in community service at minimum wage, currently \$3.10 an hour.

To apply for SYEP em-

ployment or to determine eligibility, young people should contact their nearest Job Service office.

Letter To The Editor

'Our Need Is Not Urgent'

Dear Editor,

"Everyone will now be mobilized, and all boys old enough to carry a spear will be sent to Addis Ababa."

"Married men will take their wives; those without wives will take any women without a husband. Women with small babies need not go. The blind, those who cannot walk, or for any reason cannot carry a spear are exempted. Anyone found at home after the receipt of this order will be hanged."

The above is Haile Selassie's mobilization order to the Ethiopians when Mussolini invaded that country in 1935.

Our need is not that urgent. But the President of the United States does want to register 19 and 20 year olds for the draft. A stand-by system to shorten the length of time a draftee could be called into military service in the event of a national crisis. The 13.3 million dollars has already been appropriated for such legislation. But wait, before our money is spent on another gainless venture, let us consider the move.

One of the purposes of the pre-registration proposal is to save time, some ninety or more days proponents of the bill insist. But there is conflicting evidence that proves that the amount of time saved would not be dramatic. Senator Mark O. Hatfield (R-Oregon) stated in an interview published in

U.S. News & World Report that the Selective Service says "That even today we can have the first person ready for basic training in 25 days--without any pre-registration procedure." So, what is the purpose of pre-registration? Is it a political move? A way of letting the Russians know that we are not taking this Afghan invasion as unresponsively as we did the 1956 Hungarian suppression and the 1968 Czechoslovakian invasion. Times have changed since then, but the Soviet technique has not. A show of strength is not a bad idea. A show of prudence is a better one though.

Militarily, we have over two million personnel on active duty with another 1.3 million in reserve. We have the most technologically advanced fighting force on the face of the Earth. We possess the nuclear capabilities to annihilate the human race several times over. We continue to be a nation with which there is no parallel.

There are those who maintain that the quality of personnel in the volunteer army is diminishing. That the intelligent sort of upper middle class individual is ignoring the service. The argument is that a disproportionate number of minorities are being used as "cannon fodder." That the only way to increase the quality of people in uniform

is to increase the overall quantity. I disagree. Why not spend our taxes on better wages and benefits for the armed forces rather than on conscription? And anyway, isn't the issue really just pre-registration? Seems some people would have us to be led. Didn't Lincoln say "Of the people, for the people, by the people." We are the leaders.

And there are still others who believe that the time saved (?) by pre-registration would be worth the expense and protest to have a list of men available for duty. Surely the bureaucratic machine is not naive enough to believe that, that Americans would scatter like quail during a time of national need. No, I do not think so. We are the same Americans who fought for independence in 1776. The same who fought without complaint through justifiable wars and with resentment through the last war that we lost. We can sense the righteousness of our duty. That duty lies within the safety and interests of the United States of America.

I believe pre-registration would be wasteful and useless. As for the draft, well I like the way Richard Nixon put it. "It does not work fairly--and given the facts of American life, it just can't."

Sincerely,
Johnny W. DuVall Jr.

Mississippi Economic Council

The People's Business

An Editorial

Problems relating to the beat system of road administration in Mississippi are not new. Numerous studies conducted by or for the State Legislature have pointed out that the current method of maintaining county roads in Mississippi does not provide a maximum return for invested tax dollars.

The studies, going back to 1932, reveal that the beat system--where each supervisor has his own labor force, equipment budget, and methods of building and maintaining county roads--is fertile ground for inefficiency and wasteful use of tax dollars.

A study conducted by the State Highway Department--"Financial Statistics for Highway Planning, 1977"--

shows that the costs-per-mile of maintaining county roads vary greatly from county to county. Even when comparing adjoining counties with similar geographical features, the costs vary as much as 200 percent.

A unit system of administering roads--centralized labor force, equipment, and budget, and methods of building and maintaining county roads--is available to every county government. But, only a few of the 82 counties have such a system in some form.

At a time when local governments need to get the most out of every tax dollar, county road administration has remained virtually unchanged over the past 100 years.

The Mississippi Economic Council believes that we can afford to continue practices which fail to produce a maximum return on the tax dollar. The Council believes that mandatory management of county roads under the unit system would mean more efficient use of tax dollars while improving administration and maintenance of county road programs.

But a mandatory county unit system will not come for at least another year. A bill requiring counties to adopt such a system died in committee during this session.

For now, the only method for changing the present system is public outcry which could be heard all the way to the ballot box.

Eyes On Mississippi

Taxpayers Are Footing Campaign

By BILL MINOR
Columnist

JACKSON, Miss.—Nothing about Cliff Finch seems to amaze Mississippians anymore, including his outlandish campaign for the presidency of the United States.

The question that almost every Mississippian asks these days is: where is he getting the money to run for president? The answer to that question may not be at all amusing, citizens.

What may come as a shock is that Mississippi taxpayers are apparently footing at least part of Finch's presidential bid.

It turns out that Finch, as the state's immediate past governor, is entitled to a \$10,000 open-end expense fund, supposedly to pay expenses of the former governor to "wind up his public obligations," answer correspondence left over from his tenure as governor, and close his files.

The money had been appropriated by the legislature last March under a 1972 state law, long before it was known that Finch would be involved in his own presidential campaign as soon as he left office.

The law gives him six months to spend the \$10,000 on such things as secretarial assistance and office supplies, but it is so loose that he can use the money almost for anything he wants.

Obviously Finch is making considerable use of the fund, because by last week he had already spent \$6,675 of it on such items as postage, installing a centrex telephone system, printing and the like. How much of that has been fed directly back into his presidential campaign is hard to tell, but sources have confirmed that at least some of it has gone to further his campaign.

For instance, Finch has been buying several hundred dollars worth of postage at a crack with state funds to mail out his presidential campaign literature around the country. The fact that he is no longer governor apparently doesn't seem to faze Finch in the least, because missives being mailed by him still carry "Executive Department, Jackson, Miss." on the envelopes, and he still uses the state seal on his letterheads.

All of this is, of course, quite disturbing to the newly installed William Winter Administration, but there is hardly anything they can do about it, certainly not until Finch's six-month post-administration period ends.

One thing the Winter people have discovered is that the state has no law prohibiting anybody, including Finch, from using a replica of the state seal, and there is no penalty for its use.

When Finch goes off campaigning in other states, his literature and the way he presents himself freely use the reference "Governor Cliff Finch," from Mississippi, apparently leaving the impression with those who don't know about the change of administrations in Mississippi that the yellow-maned Finch is still the top bird in the state.

For Mississippians, who have long been trying to shake off the image projected through their national spokesmen of electing only Claghorns and demagogues, the knowledge of Ole Cliff wandering around the land painting himself as their leader is indeed painful.

At least one group of Mississippians decided they weren't going to sit by while Finch carried on his presidential circus. That was his old law firm in Batesville, which walked out en masse a week or so ago.

There were all sorts of stories surrounding the break up of his law firm, including the suspicion it was a prelude to Finch being indicted by the federal grand jury which has been

will be more than glad to tell you who I am. Thank you.

Can't Believe...

"I can't believe the board members hired an assistant county superintendent. The school system has always been out of money. Where are they going to get the money to pay this man for his job?"

Where's Money

"I would like to know where the money comes from to pay the assistant county superintendent of education. If our county funds are so great that we have to look for a way to spend them, let's look at our roads and our schools that are falling apart. And if this money is coming from the educational fund, then I don't see how Mr. Cain and the Board of Education can sleep at night."

Refuse...

"I would like to say that we simply refuse to pay a high official to assist Lex Cain. He was elected county superintendent and his money is coming out of the taxpayers' pocket and that's all that needs to come out."

Why Now?

"If our school budget doesn't have the money for the children to have air-conditioning and heat in the summer and winter time, why does Lex Cain have to have an assistant here all of a sudden? I know that our children are burning up and the principal at our school will not turn the air-conditioning on. If you need my name to confirm that, I

Senate Report

By Bill May

Senator District 5

Itawamba, Prentiss and Tishomingo

The week of April 28th has been confined mostly to conference committee work. Basically, the only floor action has been limited to the conference committee reports. I explained last week the makeup of the conference committee and how it functions; therefore, I shall not deliberate on that point in this article.

There were a couple of bills passed last week which I meant to include in my article, but inadvertently omitted. These two particular bills were issues of concern by several people during my candidacy.

One bill pertains to the use tax paid on personal property purchased outside the State of Mississippi. The other bill concerns the annual issuance of automobile tags.

Under our present law, if a Mississippi resident purchases an automobile, truck or farm equipment, etc., in another state and utilizes a trade-in, that person would pay use tax on the total amount of the transaction. If that person, however, had purchased this item within the state that person would only pay use tax on the difference between the trade-in and the new product.

The bill which passed the Senate last week would eliminate this distinction between out-of-state and in-state purchases and would give the resident who purchases in another state the allowance of his trade-in value. An amendment was attached to this bill which made the effective date 1981.

The rationale behind this amendment by some of the Senate leaders was that this trade-in allowance would cost the state treasury approximately \$1 million, and since the state is operating on such a limited budget, they felt this amendment should be added to defer the enactment of this bill to 1981.

The other bill which I mentioned was to insure that when one purchases his automobile tag that one would get the full annual benefit from that purchase. There is a language problem in the present statute which could possibly penalize one who purchases his tag in the last two weeks of the month. This bill is to insure that every purchaser receives the full one-year license privilege.

Since we are approaching the end of my first legislative session, I would publicly like to acknowledge and compliment the cooperation and assistance that I have received from the representatives within my district. These men (Archie Cates of Mantachie, Tim Ford of Baldwin, Billy McCoy of Rienzi, and Mack Loyd Wadkins of Iuka) have been very helpful to me.

Legislative Report

By Billy McCoy

Representative District III

Prentiss And Alcorn Counties

I feel this is just another in a series of efforts to place an even greater tax burden on the homeowner and landowner. I have resisted each of these efforts and have supported amendments to remove them from the bills they are in.

The following remarks concerning this bill and amendment were made by me on the floor of the House of Representatives.

Last week a bill was passed that will place a limit on the amount of money the state will spend from its general fund on public school transportation.

About \$53 million is needed for school transportation in Mississippi. The bill placed a cap of \$34 million on the amount the state will spend and allows the counties to levy local taxes to make up the difference.

"Mr. Speaker, Lady and Gentlemen of the House. "We are dealing with a subject today--increased cost of school transportation--which has brought with it many hours of testimony in this year's Legislature. Testimony which has proven, beyond a shadow of a doubt, the devastating effect of inflation on pupil transportation--an item in our schools budget which has felt the ever climbing cost of energy more than any other single item. Testimony which has proven conclusively that transportation is completely underfinanced from both the state and local level.

"I appreciate the concern of so many in regard to this statewide problem and the thoughts behind this bill. However, I have basic problems when it comes to support of this bill.

"I do not see the need for the \$34 million cap. I do not see the need to say this is all the state is going to do from general funds--funds that come from every citizen in every corner of this state. To put a cap on a budget item that has experienced increased cost escalating over 15 percent per year and on some individual items as much as 35 percent per year does not seem to me to be the answer to a real problem.

"While I am ready, willing and insistent that the local school districts do more, I do not believe we can realistically expect them to make up the difference between a budget based on the \$34 million cap and a true needs budget in the neighborhood of \$53 million. "School districts have already cut heavily in other budget items directly affecting education in the classroom to pay for pupil transportation. These cuts will become even worse with the cap.

"In many counties, I would estimate a need of over seven to eight miles to even begin to meet the actual needs with the \$34 million cap.

"I am very conservative in my beliefs toward what government should do for the people, but I do believe in the essential services and that adequate transportation for our children to their respective schools is an essential service.

"I, for one, will be very slow to put a cap on expenditures for an essential service that benefits citizens down every road in this state who pay into the general fund. I will be slow to put a cap on a budget item so directly affected by energy cost that it must increase each year. I do not believe it to be realistic.

"I am of too short tenure in this Legislature to give advice to any one of you, but I have already looked at the affect of this bill on my school districts and, without this amendment, I do believe it to be not in their best interest."

Community members spent some very anxious hours over the condition of Miss Anita Sugars on Friday evening when she and a companion, Sue Grove, were involved in a serious car accident. Sue escaped with minor injuries and was later released from the Tupelo Medical Center where they were both carried following the accident.

Anita was reported in critical condition and was immediately carried to surgery. I am happy to report that her condition is greatly improved although she is still in a serious condition. I talked with her Monday morning and she stated that she would be going into surgery later that day but that she was optimistic and hopeful that all would be well. She solicits the prayers of all that are concerned and jokingly requested some decent food once the surgery is completed.

Our sincere prayers and hopes for a complete recovery is extended to her and all of the sick and shutin of the community at this time.

Funeral services were conducted for Mrs. Nora Fields on Saturday at the Spring Hill M.B. Church with the Rev. James L. Triplett officiating. Mrs. Field was a member of Spring Hill, faithful in attendance and actively involved until her illness and confinement at the Aletha Lodge Nursing Home. Her presence will be greatly missed by all of the community.

INTEGRITY

Integrity is one of the basic elements of character that determines the acceptance or rejection of an individual in any capacity, be it friendship, labor or leadership.

From this principle a deep feeling of love, trust, respect and admiration is generated from one person to another which brings about cooperation, unity and the stability which is so desperately sought within our organizations and establishments today.

All of us are endowed with talents, some greater than others, together with the qualities of character that distinguish one person from another and makes this talent unique and much more effective. Integrity is one of these qualities and it is a must in the person in the position of leadership.

This principle, when loosely guarded, can destroy in an instant the works that has taken a lifetime to accomplish. One selfish act or deed done by an individual possessed of this quality results in disappointment, distrust and dissolution. And this in turn brings about the lack of cooperation, disinterest and stability so greatly needed within our society today.

All of us are not equipped with both integrity and leadership ability, but for those who are, guard it well. The rewards to be gained from a life time of good works are much more important than a few minutes of earthly praise.

Those of us less endowed should not become weary in well doing, for it is promised that in due season we, too, shall reap if we faint not. Till Next Week...

BPW Club Hosts District Meet

The district meeting of Business and Professional Women's Clubs was hosted by the Booneville club Sunday, May 4. The luncheon was held in the Alumni Room of the Frank Haney Union at Northeast Junior College, with District Director Alloyce Pickett presiding.

The invocation was given by Patsy Keenum; the welcome by Carol Lowrey; and the response by Mary Irene Crowson, president of the Oxford club.

Mildred Wofford of Starkville, recording secretary of the Mississippi Federation of Business and Professional Women's Club was a special guest. She has been very active in the federation for

several years, serving as an officer on the local, district and state levels.

Other special guests included Eupal Dozier of Fulton, an attorney and past state president; and each past district director.

Miss Belinda Hester, vocalist, and Miss Bullard, accompanist, furnished the dinner music.

During the business session, special reports were given by the presidents of the four chapters in District VII—Carol Lowrey, Booneville; Janet Tubbs, Booneville; Mary Irene Crowson, Oxford; and Jean Ellis, Tupelo. Ms. Ellis, recently elected Mississippi's Young Career

Woman, gave a report on young career women.

Mildred Wofford installed the new officers for the district. The new officers are Janet Tubbs, Corinth, district director; Irene Crowson, Oxford, co-director; Martha Rushing, Tupelo, recording secretary; Margaret Pittman, Corinth, corresponding secretary; Patsy Keenum, Booneville,

treasurer; Judy Glenn, Corinth, public relations, and Trudy Tuckier, Corinth, parliamentarian.

Out-going director Alloyce Pickett concluded the meeting. Barbara Shackelford and Nancy Floyd presented the door prizes. The meeting was adjourned by Peggy Wroten reading the Collect.

The Corinth club will host the 1981 meeting.

The article I am using this week is from the book "Just for You," a special collection of inspiration verses by Helen Steiner Rice. Donny Keith gave me this book in 1967 for a birthday gift. This is especially for the mothers who read my column.

"A Mother's Love"

A mother's love is something that no one can explain,

It is made of deep devotion and of sacrifice and pain,

It is endless and unselfish and enduring come what may

For nothing can destroy it or take that love away...

It is patient and forgiving when all others are forsaking,

And it never fails or falters even though the heart is breaking..

It believes beyond believing when the world around condemns

And it glows with all the beauty of the rarest, brightest gems..

It is for beyond defining, it defies all explanation,

And it still remains a secret like the mysteries of creation..

A many splendored miricle man cannot understand

And another wondrous evidence of God's tender guiding hand.

AT CONVENTION—Attending the three-day Junior Auxillary convention which began yesterday in Biloxi are (from left) Peggy Vernon, Louise Coggins, Margaret Floyd, Elaine Hatfield, Sandy West and Dot Langston.

JA Members Attend National Convention

The 39th annual convention of the National Association of Junior Auxiliaries convened May 7 at the Biloxi-Hilton in Biloxi, Miss. The three-day meeting was attended by members from all 66 chapters from towns in Mississippi, Arkansas, Louisiana, and Tennessee.

Junior Auxiliary was established in Mississippi in 1941 by 100 women, and has grown to over 4,000 members who endeavor to become active and constructive participants in the communities in which they live and to assume responsible leadership in

meeting the problems of their communities.

"Greatness Allows no Limitations" was to be the theme for the convention. Among the guest speakers and those conducting workshops were Dr. Olon Ray, superintendent of the Biloxi Public Schools; William B. Barrett, executive director of the North Mississippi Industrial Development Association; Patsy Causey, Dean of Women at Southeastern Louisiana University; Jane Hiatt, scholar and writer, and Susan Hunt, Linda Griggs and Charleca Burgess, reading specialists.

There was also to be a seminar on early identification of speech, language, and hearing disorders, a filmstrip and program on child abuse, explanation of poison control for pre-schoolers, a lecture on employing the senior citizen, and other seminars and workshops.

Members of the Booneville Junior Auxiliary who planned to attend the convention were Mrs. Robert Floyd, Mrs. David West, Mrs. Richard Coggins, Mrs. Ben T. Smith, Mrs. Gary Cartwright, Mrs. James Vernon, and Mrs. Joe Ray Langston, and Mrs. William H. Hatfield.

Notes From The Library

By LEE DAVIS
Librarian

Two important dates bring opportunities or pleasure and rewarding experiences.

On Friday, May 23, Mrs. Ruby Brown of Tupelo, along with other members of

the Northeast Mississippi Genealogical Society, will bring genealogical tools and materials to the George E. Allen Library for an all-day work session. Of course, you may spend whatever amount of time you wish, but help and new sources will make a 9 to 5 day all too short for those who find this research fascinating.

Bring the information on your family history that you have—and a sack lunch, too. Advanced researchers may want to share past gleanings. Beginners will be guided in a planned course. Come to the Marion W. Smith Room at 9 a.m. and proceed at your own speed. The 1980 Summer Fun and reading program will begin June 5, and continue each Thursday throughout June from 10:30 - 11:30. We will remind young people of the hours regularly.

The theme around which activities are being planned is "Adventures in Space!" Miss Mary Ann Rodman, extension librarian of

Northeast Regional Library, will lead these sessions for those of ages 7-14 in "out-of-this-world" games, stories, and fun.

It will make your summer much more interesting. A special program will be arranged for those younger than seven. Reading registers will be kept and prizes awarded.

Plan Thursday mornings during June as library fun times.

We are sorry to report that "White Dove" is a patient in room 377, North Mississippi Medical Center. "Ole Blue's Mom" is also a patient in the Baldwin unit. Both are in serious condition.

"Little Red," had to visit the doctor again, but he's feeling better. "Butterbean Lady" and "Lady Termitte" are both sick also.

We hope everyone soon gets straightened out and able to be about again.

We've got to get the inside story on all these fisherman, especially "Hilltopper" and "Letterman." I believe they are like "Blue Surf," and "Pipepusher"—more sight-seeing than fishing.

If you've never been to Ripley on First Monday weekend trade days to see a little bit of everything you should go once, because that will probably do you. "Little Blue Wave" and I and some friends went over Sunday afternoon. It seems we walked 50 miles around through all the stuff and I don't think you could name anything that wasn't there.

Happy Birthday to "Queen," "G.Q.," "Lame Duck," "Mississippi Shorty," and "The Skunk." Hope each one of you have a great day and enjoy many, many more.

The "King," family have a little visitor named "Little King" who is going to be with them during the summer.

Saturday night, May 10, is our regular social at 6:30 at the Community Center. It will be pot luck and we will have as our guests the Singing Echoes from Marietta. Everyone bring an extra dish and lets enjoy some good singing and fellowship.

Remember Saturday night, May 24, the Sallito C.B. Club is sponsoring a gospel singing featuring The Heisman Quartet, The Landmarks Quartet and Buddy and Kay Bain.

Happy Mother's Day to all our mother's everywhere. We hope you have the greatest day ever. Remember your mother on this special day if you just say I Love You that speaks it all!

Until next week stay well, be happy, and attend the church of your choice.

Miss Carla Bonds and Miss Elizabeth Thurmond of Northeast Junior College, Booneville, were guests of Mark Garrett at the Rienzi Baptist Church Sunday morning. The young ladies brought a special message in song which was deeply appreciated.

Mr. and Mrs. Jerry Moore, Dana and Brandon Moore and Mr. and Mrs. Milton Bishop were in Baldwin Sunday to attend morning service at the Mission Church where their father the Rev. James H. Moore, serves as pastor.

Ken Nash was a recent guest of Miss Tammy Marshall of Kossuth. They were in Jackson, Tenn., for a reunion of the family.

Mrs. David Potts returned home Sunday from the North Mississippi Medical Center in Tupelo. She was given a delightful welcome home by family and friends.

Mr. and Mrs. Billy Crow were dinner guests Sunday of Mr. and Mrs. Larry Crow in Corinth and also visited with Mrs. Crow's mother, Mrs. Zack Parker, in the Care Inn.

Mrs. Charles Palmer

entertained Sunday night, April 20, following evening services at the Rienzi Baptist Church, for her husband, Charles Palmer, on his birthday. Those attending church were invited to the Fellowship Hall. Grace was given by Mr. Truman Smith. The pastor, Bro. Wiley Gann, led the group in singing "Happy Birthday, Perk."

Mrs. Palmer served a beautiful white cake decorated with yellow flowers, chips and dips, cookies, coffee and cold drinks. While the guest were enjoying fellowship, every one was busy wishing Charles many more special days.

A large number of our area people attended the Daniels Crusade in Booneville. Also a group of people from the Danville Church were at Union Baptist Church this week to hear a former pastor, Bro. Fred Jenkins of Kentucky, in a series of revival services.

Friends of Mr. Frank Eldridge join with his family, in the pleasure of having him home following a few days spent in the Northeast Miss. Hospital in Booneville.

Prentiss County Unemployment Drops In March

Unemployment in Prentiss County dropped one percent to 7.3 percent at mid-March, according to Charles Smith, Corinth Area Manager of the Mississippi State Employment Service.

The civilian labor force for the county climbed to 10,890, an increase of 140 from last month and an even more significant gain of 270 from one year ago. The number of Prentiss County residents employed was estimated to be 10,090, representing an increase of 230 and 160 over the month a year. The largest increases in employment were found in the Non-agricultural Wage and Salaried and Agricultural groups.

Prentiss County Unemployment Drops In March

Unemployment in Prentiss County dropped one percent to 7.3 percent at mid-March, according to Charles Smith, Corinth Area Manager of the Mississippi State Employment Service.

The civilian labor force for the county climbed to 10,890, an increase of 140 from last month and an even more significant gain of 270 from one year ago. The number of Prentiss County residents employed was estimated to be 10,090, representing an increase of 230 and 160 over the month a year. The largest increases in employment were found in the Non-agricultural Wage and Salaried and Agricultural groups.

Mother's Day Phone Call Is A Tradition

A phone call to "mom" on Mother's Day has long been an American tradition and according to South Central Bell, the long distance calls placed on Mother's Day is second only to Christmas among the year's special telephoning days.

Americans will average more than 25,000 long distance calls a minute on

Sunday, May 11, when much of the nation calls up to say "Happy Mother's Day."

"In all, we expect that approximately 37 million long distance calls will be made throughout the country on Mother's Day, compared to 33.6 million on Mother's Day last year," said Bob Bartley, South Central Bell Manager. On a

typical Sunday, the nation's telephone network handles approximately 25 million long distance calls.

Long distance calling on a typical day is heaviest between metropolitan areas, but the pattern of calling

shifts on Mother's Day when people call from their homes in the suburbs, small towns and rural areas. Another

difference is that Mother's Day conversations are usually longer than those on an average business day.

Bartley suggests several tips for getting calls through faster and easier this Sunday.

"On Mother's Day, calling volume is lightest in the early morning and before 5 p.m.," Bartley said. "So call early in the day for faster service. Also, it's more

economical to call before 5 p.m. on Sundays."

Bartley said "One-Plus" calls—those dialed direct by the customer without operator assistance—will also save the caller time and money.

"We're going to do everything we can to assure that all Mother's Day calls are completed as quickly and efficiently as possible," Bartley said.

Winter Saving Money

JACKSON—Gov. William Winter said last week he hopes to save the people of Mississippi millions of tax dollars through reduction of administrative costs in the office of Federal-State Programs.

Winter earlier announced a reduction in the number of personnel which will result in a substantial savings in

salaries alone. Of 391 positions allocated to the program in January, it is projected that by July 1 only 292 will be filled. The 25 percent reduction in employees was achieved by not filling many personnel slots and through resignations and terminations.

"We have found that many of the positions within the program were duplications and of great expense to the taxpayers of this state," Winter said in announcing the reduction. "By eliminating these positions through effective management, we will be able to spend money on such programs as meals for the aging, handicapped services, and job training." Winter said money will be spent on "people oriented services."

A division of the Federal-State organization is the centralized Department of Administration, which was organized to reduce overlap and duplication among agencies. Many administrative functions such as accounting, personnel, purchasing, and public information were combined into one agency.

Federal-State Programs is a composite of fifteen state-operated agencies funded largely with state money.

SWEETHEART—Ronja Gaye Eaton, daughter of Mr. and Mrs. James B. Eaton, competed in the Mississippi State Sweetheart beauty pageant March 22. She was a winner and received a trophy.

Tour Of British Isles Is Announced

The Northeast Mississippi Junior College's annual travel-study tour of England, Scotland and Wales will be May 15 through June 5, according to Mary Robinson, chairman of the English department.

The trip is open to anyone, with some spaces still available, she said.

Tour members will fly from Memphis to Atlanta,

where they will leave on a non-stop flight for London. The tour begins with several days in London.

Mrs. Robinson said the group will visit West-

minster Abbey, Pickadilly Circus, the British Museum and the Tower of London.

Group members can expect to see the changing of the guard at Buckingham Palace, Stratford, the lake district, Stonehenge, Ayr, Bath, Canterbury, several towns in Scotland and several places in Wales.

Tour participants have the option of receiving three hours of college credit. For information about the cost, call Mrs. Robinson toll free at 728-7759, ext. 267.

She said those interested in the trip should contact her as soon as possible.

DR. JIM DAVIS SPECIALIZING
IN SPINE AND NERVE REHABILITATION

In Memory of Marine Eaton

Mother I wanted to write a tribute to you
To let you know how much I love you.
I'm so proud to be a daughter of yours
And I'm sorry if I caused you any trouble over the years.

The house is so lonely without you around,
But in every room your memory can be found.
Oh, those many nights you had to walk all night long

Only to get a little rest at the crack of dawn.
I remember the happy times, too
And some of the things we used to do.
Like the day you threw a stick at that old horse.
Boy, did we get a good laugh out of that, of course.

Early Saturday morning on December 15, 1979
God came to take all your pain away, for it was your time.

It's so hard for the loved ones left behind to understand,
But somehow we must accept it as God's plan.

Mother, I miss you most at night, when we'd lay down & talk about the good and bad things and you would always tell me to keep my chin up.

The last words we would say was I Love. Now we can't say them in person but as I pray at night I thank God for the mother I had for 58 years. Also that all my family will put their lives in the center of God's will so that we can see you in Heaven.

This Mother's Day will be so sad for me
For you won't be around to share it with me
But my precious memories of you will overflow
And as time goes by they will forever grow.

So Mother in all the years to come,
We'll always love you
Your husband, four daughters, and one son.

News From Your ASCS

By C.E. CALVERT
County Executive Director

Pre-Measure and Be
Sure, ASCS Says

Deficiency Payments
Scheduled For
Sorghum Growers

Prentiss County farmers who participated in the feed grain set-aside program last year received deficiency payments on their 1979 sorghum crop. We began issuing checks around April 4, 1980, to approximately five sorghum growers in the county.

ASCS makes deficiency payments to program participants when the average price received by farmers during the first five months of the marketing year falls below the government-established target price for that crop. The per bushel payment rate is the difference between the target price and the higher of either the loan rate for the commodity or the average price received by farmers.

The deficiency payment rate is 13 cents per bushel for eligible 1979 sorghum acreage. The target price was \$2.34 per bushel, and the national average market

price was \$2.21 per bushel. The program allocation factor for each grain is 100 percent. Therefore, eligible farmers will receive deficiency payments on their total sorghum acreage.

The allocation factor is determined by dividing the crop's national program acreage (15.9 million acres) by the number of harvested acres.

Farmers will not receive deficiency payments for corn because the \$2.37 per bushel average market price for the crop exceeded the \$2.20 per bushel corn target price.

To avoid unnecessary worry about the loss of 1980 farm program benefits, the Agricultural Stabilization and Conservation Service (ASCS) recommends that farmers request pre-measurement of their acreages before planting. This service is offered to assure farmers that they are in compliance with program

regulations, and that their acreage reports are accurate.

For a fee of \$10.65 for the first 5 acres, plus \$1.50 per acre over 5 to 10 acres plus \$1.25 per acre from 11 to 25 acres plus 95 cents per acre for all over 25 acres, ASCS will guarantee field sizes and help farmers plan which fields to plant to various crops.

The service consists of measuring, staking and referencing fields. Farmers

are required to plant within the stakes that are placed when ASCS measures the land to report their crop acreages to the office when planting is completed. To be eligible for 1980 program benefits, these reports must be accurate.

To request pre-measurement, farmers may call or visit the local ASCS office at 105 College Street, Booneville, 38829, telephone number 728-3541.

Less Rain Expected In May

MISSISSIPPI STATE—Southern Mississippi counties may receive more rain than usual in May, but northern counties will experience drier conditions, according to the Mississippi Weather Outlook distributed by the Mississippi Cooperative Extension Service.

Rainfall during April was heavy in most of the state, with many southern farms receiving more than 10 inches, report

agrometeorologists at the Mid-South Farm Weather Service in Stoneville who prepare the forecasts. However, rainfall usually slackens in May. Between three and five inches are expected.

Temperatures should average near to below normal, predict the weather specialists.

Field works and planting progress should not be delayed. Temperatures in May are normally warm

enough to dry soils quickly after showers. Soil temperatures should be warm enough to produce good germination.

Cattlemen can expect good growth on pastures. Producers should study three- to five-day forecasts to insure a good quality first hay cutting.

Poultrymen should have favorable weather for flocks. Chances for heat stress increase toward the end of the month.

Marietta Holds Awards Night

Marietta School held their Annual Sports Awards Banquet April 26 and a host of athletes received awards for their accomplishments during the 1979-80 sports season.

Some of the top awards were given to Mark Barnes and Duane Snyder in boys basketball and Melissa Whitley and Michelle Young in girls basketball.

Joey Hughes won the coveted "Raider" Award given for leadership, athletic ability, academic achievement and overall character.

Willie Bender, assistant football coach at Baldwin and basketball official, served as guest speaker and coach Rickey Howell said he felt like this year's banquet was one of the best ever.

Shane Earns

Top Honors

JACKSON—Shane Langston, son of Mr. and Mrs. Joe Ray Langston of Booneville, was recently selected at Most Valuable Player and Permanent Team Captain of the 1979-80 Millsaps Tennis Team.

Langston, a former Booneville resident, has been one of the top young tennis performers in the Mid-South for the past several years.

The Booneville native has been on a scholarship with Millsaps for the past few years and has been noted as one of the fast rising amateurs on the circuits today.

Shane was honored as Most Valuable at the annual Millsaps All-Sports Award Banquet held at the College.

Marietta Wins

V-Ball Tourney

Marietta's seventh and eighth grade teams took first place honors Monday April 28th in the Annual Marietta Volleyball Tournament held in the Marietta Gym.

Marietta's seventh grade chargers defeated Baldwin for their first place honors while the eighth grade chargers dropped Rienzi in the match.

The Tournament is an annual round robin affair.

Top North Pole Vaulter

Hand Set For State Meet

TUPELO—Booneville's Ryan Hand charged a successful title defense here Saturday and claimed a first place spot in the North Half pole vaulting event to advance to the State Finals scheduled Saturday in Jackson.

Hand, one of the top leapers in his respected event, cleared the bar with a jump of 12 feet Saturday to finish at the top of the heap in the Class A bracket at the North Half contest held at Tupelo's Noble stadium.

Winning the pole vaulting event is nothing new to this Booneville lad. Ryan, the son of Mr. and Mrs. Scott Hand of Booneville, claimed his fifth first place finish of the season Saturday in six overall meets this year.

It marks the second consecutive year for Hand to advance to the State Playoffs.

The Booneville leaper owns a number of records in the North Mississippi Area including the Tupelo Daily

Journal Relays with a 12'3" mark, set last year; Tombigbee record at 127 inches; and also a co-holding record of the Bulldog Relays this year at Aberdeen with a 11'6" mark. These are just a few of Ryan's accomplishments.

Ryan falls just a fourth of an inch off the State mark which stands at 12'7 1/4" although his 12'7" leap, set last year at the Bigbee meet, isn't registered as a state record because to set the

State mark a pole vaulter has to register his top mark in State competition.

Ryan says he plans to do his best to break the State record this year and adds that his main objective is to walk away from Jackson with the State Title both for his school and for his personal goals.

Ryan will make his bid on the 1980 State Track Championships this Saturday in Jackson beginning at 11:00.

1000 Runners Expected For Tupelo Gum Tree Run Saturday Morning

At press time some 1000 entrants have registered for the Annual Gum Tree Run scheduled for this Saturday at Tupelo.

Dr. Ann Gaddis of Northeast, one of the co-officials of the event, said they expected some 1000 men and women runners to compete in this year's event.

"We've had applicants coming in at an average of some 75 per day," Gaddis said. "Several of those are returnees from last year and the past while some are newcomers."

Several runners from both the Booneville area as well as The Northeast Mississippi Junior College are expected to participate

in this year's event.

Along with Miss Gaddis in helping with the judging this year will be Nancy and Ray Cozart along with Amanda Price. These runners will by-pass this year's event to help with the committees.

Runners from Booneville expected to show are, Keith Shackelford, William Arnold and Lori Comer. Students from Northeast expected to finish strong are, Roy Martin and Connie Pannell. These two have been noted runners in the past and are expected to make a fine showing in the Tupelo Run.

Steve Bolt and Paula Gaddis, winners of last year's run, will both be on hand again this year to defend their titles

Saturday's run is the Southern Regional 10K Championship for road running clubs of America.

The race will get underway Saturday at 9 a.m. at and run through a 6.2 mile course to the finish line. Officials for the run say the race should end sometime near 11:30 a.m.

A number of Tupelo residents will help with Saturday's run along with Miss Gaddis from Northeast who will be in charge of the finish line.

Ann said that with some 1000 runners in a race of this type it was sometimes difficult to time the winners at their respected time due to a rush of finishers near the 40-

50 minute range, however she said a great deal of work had been added on refining the recorders and added that everyone should receive an accurate time.

Plenty of refreshments will be served all during the race to accommodate the runners while emergency vehicles will also be on the scene in case of over heating.

Following the Race will be the Annual Gum Tree Festival scheduled on the Court House Square. This year's Festival is expected to be one of the best ever and a large crowd is expected.

For an exciting and enjoyable day, attend both the Gum Tree Run and the Gum Tree Festival in Tupelo this Saturday.

Drops 3 Setter To Oxford

Arnolds Place Well In State Meet

JACKSON—Booneville's Tracy and Kathy Arnold came very close to winning top laurels here last weekend but dropped their semi-final match to Oxford in three sets in the State Tennis Tournament held last Friday and Saturday in Jackson.

The Booneville duo played about as well as anyone could without winning all the marbles.

The local girls had three tie breakers in their mat-

ches and won all three.

Several observers who watched Kathy and Tracy perform said it was remarkable how the Booneville performers came back after being down a number of times.

They won their first two matches winning 7-6, 6-2 over Brookhaven and 7-6, 6-3 to Hattiesburg and then went three sets and lost to Oxford 7-6, 4-6, 6-4.

The Chargerette girls

went on to claim first place laurels in the state event.

The Arnolds, on the other hand, end the 1980 season

with a very respectable record losing only three matches all year (two to Corinth and 1 to Oxford)

while winning over five schools, New Albany; Tupelo, West Point, Houston and Corinth.

For LL Coaches

Injury Clinic Set At Tupelo

As more youngsters and adults participate in sports the possibility of injuries increases. Many of these injuries could be avoided or their severity lessened by alert coaching. North Mississippi Medical Center

is offering a free program for all area coaches from organized Little League and soccer, to church leagues and sand lot players.

The Sports Medicine Clinic will be held Thursday, May 15, at 7:30 p.m. at the Rockwell Youth Center. Featured speakers are Leroy Mullins, trainer at University of Mississippi, and Dr. Earl Whitwell, an orthopedic surgeon. The program is designed to help coaches recognize injuries in young athletes so further, more crippling injuries will not result.

The program is free and open to all interested coaches, however, pre-registration is requested. For reservations or further information concerning the Sports Medicine Clinic contact Arnold Wilson, Physical Therapy Department, North Mississippi Medical Center, 842-3632, extension 1708.

Little League Registration Continues

Booneville West Side Park Director Larry Cole announced here Tuesday that team formation for several phases of the Little League Program would be held this Saturday May 10 at the Little League Field beginning at 1 p.m.

Boys ages 10-12 will be divided into teams beginning at 1 p.m. while boys ages 7-9 will form teams at 2 p.m. and girls softball team ages 7-12 will be divided into teams Saturday at 3 p.m.

Anyone who hasn't pre registered may do so at 2 Saturday at the Booneville West Side City Park.

The local programs are currently in search for sponsors and when the season gets underway a number of rotation games will be set for the City program while some teams will play outside competition throughout the summer months.

The age 13-14 group has been formed and their season gets underway May 16. The local squads will play a 16 game regular schedule along with tournament action.

Remember, anyone who hasn't pre-registered for the Little League program may do so Saturday at the Booneville West Side Park.

Local Softball Association Sets Summer Program

The Booneville Men's and Women's Softball Association met Monday night, May 5, at the West-side Park for reorganization. The new director is Larry Cole of Ripley, MS.

Representing the men's teams are Hancel (Freck) Berryman, (P); Paul Sparks, (VP); and Don

Horn, Jimmy Johnson, and Gary Johnson serving as committee members-at-l-

arge. Women's teams are represented by Frankie Lauderdale, (P); Shelia Johnson, (VP); and Vickie English, Susan Lambert, and Becky Ward, committee members-at-large.

The adult league decided upon several rule changes. They are as follows:

(1) \$125 entry fee, with the league furnishing all game balls

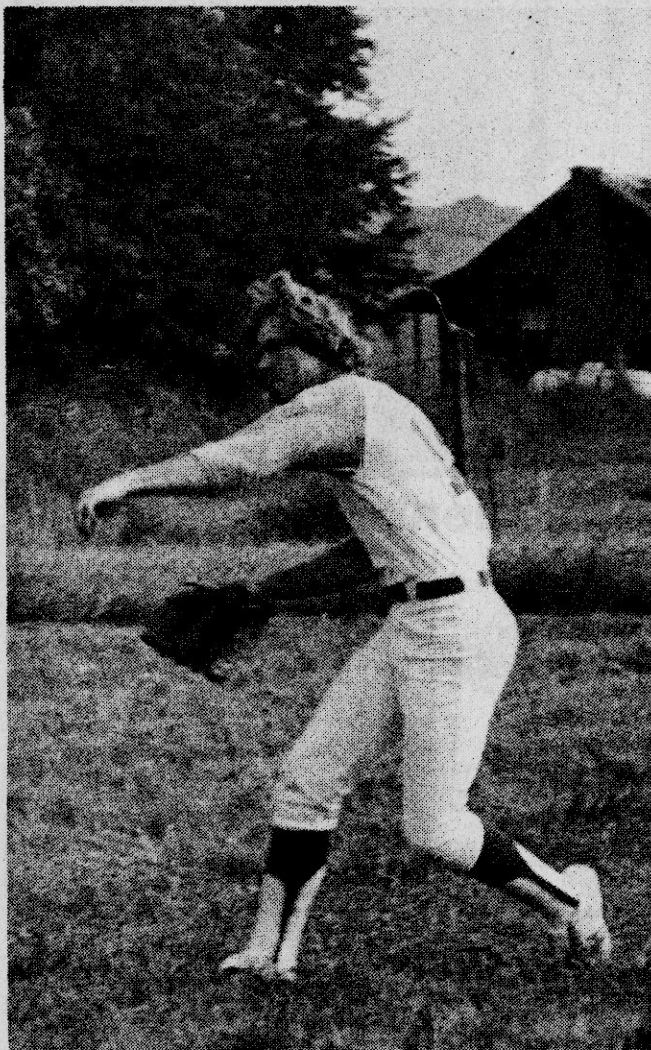

(2) \$15 forfeit fee to be

paid when the game is forfeited; three forfeits result in expulsion from the league

To enter the league, a team must make a \$125 entry payment to Larry Cole on May 19 at 7 p.m. in the Booneville West-side Park. No team may enter after May 19. Team rosters must be turned in by May 26.

The season is set to begin June 1. The tentative cut-off date is August 9. As of May

5, there are 10 men's teams: Michael's Plumbing, Johnny Johnson's Furn., Sell-Rite Furn., Schweiger, Booneville Paper, Woodmen of the World, Prentiss Manufacturing, Pizza Hut, Civitans, and Oak Hill. Eight women's teams are expected to enter: Blue Bell, Brown's Shoe, Author's Sporting Goods Store, Eaton's Furn., Johnny Johnson's Furn., Northeast Hospital, Sell-Rite Furn., and Schweiger.

OUTFIELDER AT WORK—Booneville right fielder Randy Cobb fires one back into the infield here after fielding this grounder against Nettleton.

Cards Of Thanks

Due to serious illness The Chef Restaurant has been closed but now has reopened. We would like to thank each of you who called, visited, sent flowers, cards and for your prayers while in the hospital. We would like a special thanks awarded to Mr. Omer Jones. Come by and see us soon at 201 Market Street, next to the overhead bridge. We are open from 5:30 a.m. to 2:00 p.m. except Friday and Saturday nights.

Sincerely yours,
Mrs. Howard Shouse
and Family

SANFORD WESLEY DOWNS

Because his life has been a benediction to so many, this tribute to Wesley Downs, who died recently at age 84, is shared by scores whose lives were touched by this man's strong personality and Christian example.

Son of devout parents (Thomas Marion Downs and Eleanor F. Gullett) he came of sturdy north Mississippi pioneer stock, was educated at Mississippi Southern and the University of Mississippi, and became a well-known educator and Methodist minister. His wife of 54 years, Ocella Jones Downs, survives.

Wesley Downs taught modern education but was himself an exponent of the "old school." Each one of his students came to love God and country and to respect discipline; to accept today's opportunity as the hammer and chisel with which to fashion himself into the person he wanted to become; to count his blessings and to give thanks for the power to grow, to serve, and to discover the sublime life of the spirit; to align his own life with the good and true and to believe in life's enduring values.

Because of Wesley Downs' example and precept, many of today's preachers, teachers and church workers are in places of usefulness and leadership, their own meaningful lives passing on those tested and proved virtues that characterize the great of every age.

For Teacher Certification

Public Meetings Set

The State Board of Education has scheduled three public meetings on the use of the National Teacher Examinations for teacher certification in Mississippi. Meetings will be held in the Grenada High School auditorium in Grenada on Monday, May 12; in the Woolfolk Building auditorium in Jackson on Tuesday, May 13; and in the Blair High School auditorium in Hattiesburg on Thursday, May 15. Each meeting will begin at 7 p.m.

Since 1975, a qualifying score of 850 has been required for a teacher to become certified. Approximately 97 percent of those who take the National Teacher examinations score above 850. That score was set by the State Board of Education in response to a 1975 law which mandated a qualifying score.

A recent study of colleges that prepare teachers indicates that the National Teacher Examinations are valid for use in Mississippi. The study revealed that the examinations do test, to a very high degree, the subject matter taught in the state's teacher education programs.

Although no recom-

mendation for revising the score was made, the study did indicate that the current score is extremely low. The State Board of Education has the responsibility of studying the data and determining if the present score should be changed.

The public is invited to attend one of the open meetings and to comment on the use of a score on the National Teacher Examinations. Data collected at these meetings will be available to the State Board of Education as a part of their decision-making process.

UNLIMITED OPPORTUNITY
EARN \$10,000 to \$25,000 A YEAR
(and more)

Would you like to earn \$10,000 to \$25,000 a year (and more) with a growing National Marketing Organization. You can do it right here in beautiful North-east Mississippi. No overnight travel required. We offer a comprehensive training program. You will receive excellent fringe benefits. There is an opportunity for rapid advancement.

MILLION DOLLAR OPPORTUNITY

Many men in our organization have taken advantage of our million dollar opportunity. One such gentleman began just 15 years ago in 1965. He was only 29 years old, \$10,000 in debt, making \$91.00 a week grinding feed for farmers, and he and his wife were expecting their fourth child. January 1, 1980 his net worth is \$1,497,140. In recent years our top people have qualified for meetings in Miami Beach, Florida, Nassau, Bahama Islands, Europe, Acapulco, Canada, Hawaii, Spain, Africa, Switzerland, and the Caribbean.

COMPANY RANKS UPPER 5% NATIONALLY

This position allows you the opportunity to associate with a company that ranks in the upper 5 percent in the nation in it's field. A sales background and a college degree are desirable, but certainly not essential. Some of our people have Masters Degrees, several have College Degrees, many are High School Graduates. We have successful people under 25. Other successful people in our organization are grandparents. We have no particular requirements—we are looking for honest, hardworking men and women who feel they are a cut above average.

TAKE ONLY 5 MINUTES

Job security is very important in facing today's spiraling inflation. You owe it to yourself to investigate this position that offers a challenging, satisfying, and rewarding career, with opportunities for rapid promotions and no lay-offs.

We're more than the bank around the corner.. we're the people next door.

The Peoples Bank is more than a handy place to cash a check, or tend to your other banking business. Inside every office, you'll find people who really take an interest in helping you.

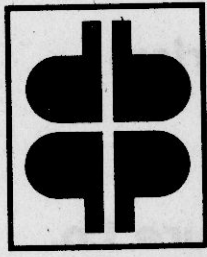

But Peoples people don't stop helping when they go home for the day. They're involved in making their community a better place to live and raise a family, not only

through providing financial services for you, but through active participation in the life of their community. You'll find our staff and officers working in civic projects, helping with church and school activities, and helping out wherever they can. Because in addition to being expert, professional bankers, they're good neighbors as well. And that helps

them be better bankers, because to really help people, you have to understand their needs and the needs of the community.

So the next time you visit your favorite office of The Peoples Bank, remember that the people you see there—

and the people who work "behind the scenes"—are not only helping you with your banking business, they're helping to make our city a better place to live. Because good neighbors make good bankers.

THOUGHT FOR THE WEEK

Are We Still Crying "Crucify Him"?

Nearly 2000 years ago an angry mob cried for the death of Christ. Desiring instead for a murderer to be released unto them. The very Son of God, a man of love and kindness. A man so gentle He would take time to bless the little children. One so full of concern for His fellow man He refused to send them away hungry. He had already broken unto them the Bread of Life and healed as many as had need of healing, yet, this man met the needs of His fellowmen by feeding 5,000 with just five loaves and two fishes. (Luke 9:13-17). Yet He was condemned by the people to be crucified. What kind of people would condemn a man to death and desire a murderer? How cruel and demented could those people have been?

Certainly we would not have been in the mob crying for Christ to be crucified. Surely we would not have been a part of that cruel murderous mob that cried, "Away with Him!" "Crucify Him!" We have more respect for Christ than that. We love Him enough to not be guilty of condemning Him to death even if we haven't claimed Him as our personal Saviour. Surely if we had been around there in those days we wouldn't have cried with the rest of the mob. Surely we wouldn't have denied Him. Surely we wouldn't...or would we?

Even in this day we are crying for a murderer to be released among us. In I Peter 5:8 we read, "Be sober, be vigilant; because your adversary the devil, as a roaring lion, walketh about, seeking whom he may devour." To devour in this passage means to destroy or kill. A

person who kills or destroys another is a murderer. Still you say we aren't calling for a murderer to be released among us. In Matt. 12:30 we find... "He that is not with me is against me and He that gathereth not with me scattereth abroad." Therefore if we aren't calling for Christ to be free to reign in our lives we must be calling for our adversary to have his way. What? You still say that you are not condemning Christ; that you are just staying sort of neutral; that just because you are still following after the things of the world you are not wishing Christ to be condemned... or are you? "...Know ye not that the friendship of the world is enmity with God? Whosoever therefore will be a friend of the world is the enemy of God." (James 4:4b). "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him. For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof; but he that doeth the will of God abideth forever." (I John 2:15-17).

Nearly 2000 years ago a crowd was heard in the streets of Jerusalem, "Away with Him!" "Crucify Him!" "Give us Barabas!" And yet today people all over the world are crying the same thing; "Away with Him!" "Crucify Him!" "Give us the world, give us its pleasures, give us our adversary, give us eternal death!"

Tenn-Tom Boosts Economy

State Tax Revenues Increase

COLUMBUS—Income and activity resulting from federal money spent constructing the Tennessee-Tombigbee Waterway in Mississippi is generating millions of dollars in tax revenues for the state, according to a study prepared by a Mississippi State University Economist.

Tax revenues received by the state of Mississippi from construction of the Tennessee-Tombigbee Waterway are conservatively estimated at almost \$120 million, the study shows. Dr. Robert L. Frnka, Associate Economist, Mississippi State University, said his study does not include county and local tax revenues and taxes paid to municipalities from Tenn-Tom construction.

Glover Wilkins, administrator of the Tennessee-Tombigbee Waterway Authority, pointed out that all the taxes resulting from waterway construction represent increases in the state's general fund after diversions with the exception of the excise tax on gasoline and oil.

Construction on the entire Tennessee-Tombigbee Waterway is almost halfway complete with the bulk of the work remaining in Mississippi.

Over \$800 million worth is under contract or completed in Mississippi, he said. A total of about \$1.3 billion in federal funds will be spent on waterway and related construction in the state, according to the study.

Total direct tax revenues generated from construction of the waterway and its bridges in Mississippi are estimated at \$80.2 million. The state is required by federal law to construct

bridges across the Tenn-Tom. Special legislation has enabled the state to receive about \$70 million in federal funds toward the cost of the 10 bridges, leaving about \$67 million to be financed by non-federal revenues.

The study points out that additional tax revenues will be generated because the impact of the initial expenditures of the waterway construction will reverberate through the local economy creating additional income in the surrounding area. The direct tax revenues are estimated at \$80.2 million and indirect revenues have an estimated value of \$39.4 million. This puts the total tax revenues going into the state fund at \$119.6 million.

Construction began on the 232 mile Tennessee-Tombigbee Waterway in 1972. The first 132 miles is now opened to limited

navigation allowing barge traffic from near Columbus south to the port of Mobile.

The waterway has been designated as a model demonstration project by the White House. At the announcement of the selection, Mississippi Governor William Winter said, "The Tenn-Tom Waterway is not just a waterway; it's a new way of life for Mississippians."

"Even though the waterway is still several years away from completion, it is already serving as a catalyst for economic development in one region," Tenn-Tom administrator Wilkins noted.

The state revenues generated by waterway construction are only a beginning of the revenues the state will receive from the economic development generated by the completed Tenn-Tom, Wilkins said.

NEW OFFICERS—The Northeast Mississippi Association of Educational Office Personnel met April 22 and elected officers for the 1980-81 Year. They are: (seated left to right) Janice Prather, first vice president; Marilyn Smith, immediate past president; Nina Benjamin, president.

(standing left to right) Lori Comer, second vice president; Patsy Barber, secretary-treasurer; Marsha Lewis, historian; and Pat Frederick, reporter. Officers will be installed at the Summer Workshop to be held in July.

Winter:

Mississippi Workers Are Industrious

JACKSON—Gov. William Winter, in office for less than three months, was the subject of a front-page feature article and interview in the April 14 issue of the "Atlanta Constitution."

"Constitution" national editor Burnis Morris, a Mississippi native, came to Jackson April 8 to interview the governor and discuss the future of the state under Winter's leadership.

The article featuring Winter was part of a monthly "Constitution", series of interviews conducted "with prominent national and international figures." President Anwar Sadat of Egypt is scheduled to be interviewed as part of this series.

In an introductory story which preceded the transcript of the interview,

Morris wrote of Winter: "...his new administration has generated excitement among those who expect him to restore the state's pride."

Asked by Morris why he persisted in his efforts to become governor, Winter said, "I think the governor has the opportunity of reshaping not only the way Mississippi is perceived by other people, but the way Mississippians think about themselves. A lot of that is not going to be achieved by passing bills or issuing executive orders," Winter told Morris. "It's what the people of Mississippi are willing to do for themselves. It involves individual effort."

"If I can inspire people to appreciate what they can

contribute on a day-to-day basis to help make this state a better place to live, I think that will be a very significant contribution."

On another subject, Winter told Morris the state must attract more and higher paying jobs.

"We don't have the old money that a lot of states have," Winter said. "We don't have great fortunes in this state capable of creating instant jobs. So we're having to rely more on other states in the injection of outside capital. Part of this lies in the salesmanship ability of the governor to attract good industrial business opportunities to the state."

Asked by Morris why the number of manufacturing jobs in Mississippi is in-

creasing faster than the national average, Winter said, "I think the productivity of the worker in Mississippi is far above the national average. I don't know that there is an objective way to prove that's true, but based on the testimony of a great number of industrialists who have moved here, the Mississippi worker is very industrious."

Winter told Morris he wants to move Mississippi into the mainstream of American life but "not lose some of those unique qualities that I think are part of Mississippi."

"What I would suggest is sorting out those things that are good and keeping them and discarding those elements that we ought to discard," he said.

TOPS IN THEIR CLASSES—Four Mississippi State University honor students were presented awards for achieving the highest academic averages in their respective classes. S.D. Lee Honors Professor Nancy Hargrove (2nd from left) of the English department made the presentations. The students with the highest quality point averages in their classes are sophomore marketing major Sherry Williams (left) of Booneville, and sophomore

computer science major Catherine Wohner (extreme right) of Canton, who had the same averages, senior microbiology major Stanley Cooley (middle, left) of Picayune, and junior zoology major Jean Carmichael (second from right) of Starkville. The S.D. Lee Honors Program, of which these students are participants, is designed to enrich the education of academically talented students through special seminars and projects.

For High School Students

Many Summer Camps Planned

UNIVERSITY—Several thousand students from elementary through high school ages will participate in camps or clinics designed to sharpen their skills in a variety of activities this summer at the University of Mississippi.

Two sports camps in football and baseball will be conducted by Ole Miss Football Coach Steve Sloan and Baseball Coach Jake Gibbs and their staffs for boys ages 10 through 1981 high school seniors. The two camps will be held June 1-5 and June 8-12.

Russell Blair, UM tennis coach, and his staff will conduct four tennis camps for boys and girls ages 9 through 1981 high school

seniors. The sessions will be June 1-6, June 8-13, June 15-20 and June 22-27.

Ole Miss Basketball Coach Bob Weltlich will coordinate activities for the 1980 Ole Miss Boys Basketball School, June 8-13, for boys from age 10 through 1981 high school seniors. He will be assisted by the Rebel basketball coaching staff and qualified high school and college coaches.

Girls from age 10 through 1981 high school seniors can attend the 1980 Lady Rebels Basketball Camps, June 15-20 and June 22-27. Lady Rebels Coach Van Chancellor will coordinate activities for the sessions.

The annual Summer Yearbook Clinic will be held

June 23-26 for yearbook editors and staff members from Mid-South high schools. The clinic includes four days of classes, lab sessions and seminars covering all facets of yearbook publication. The sessions are conducted by staff members of Taylor Publishing Co.

UM Golf Coach Ernest Ross will conduct a five-day golf camp for boys ages 10 through 1981 high school seniors. The camp will be June 24-28.

Auxiliary band units from throughout the Mid-South are expected to participate in the annual Mid-South Half Time and Time Out Clinic, June 29-July 3. Instruction will be offered for majorette

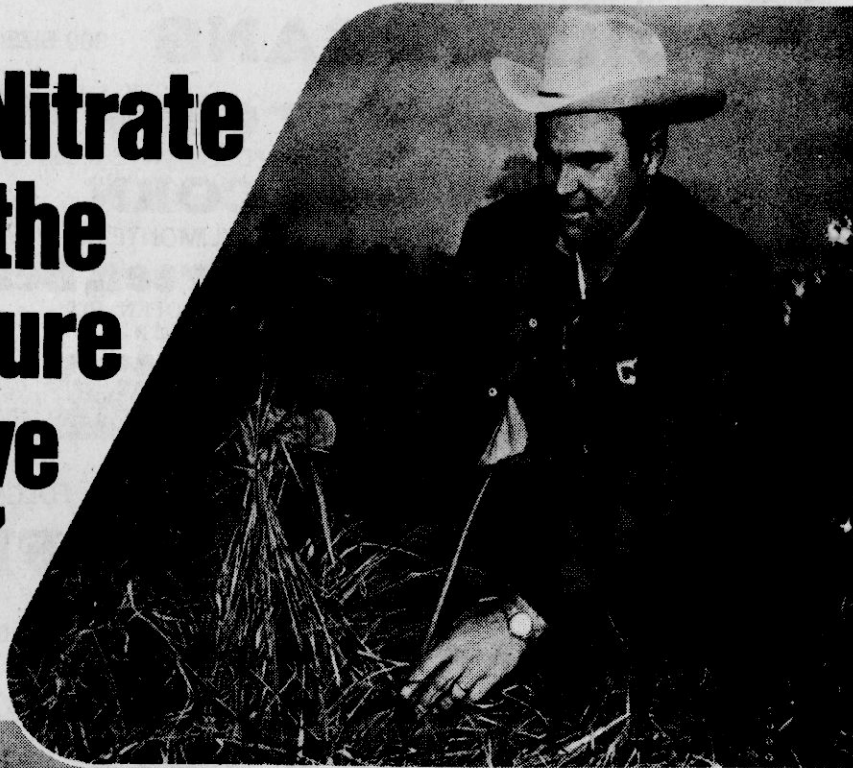

corps, individual baton twirlers, drum majors and majorettes, flag corps, rifle teams, dance units, and color guards.

Two Cheerleader Institutes will be conducted by the Universal Cheerleader Association under the direction of Jeff Webb for junior and senior high school cheerleader squads from around the country. Cheerleader Institute I is July 12-17, and Cheerleader Institute II is July 19-24.

Additional information on the Ole Miss camps and clinics is available from the Division of Continuing Education, the University of Mississippi, University, Miss. 38677, telephone (601) 232-7282.

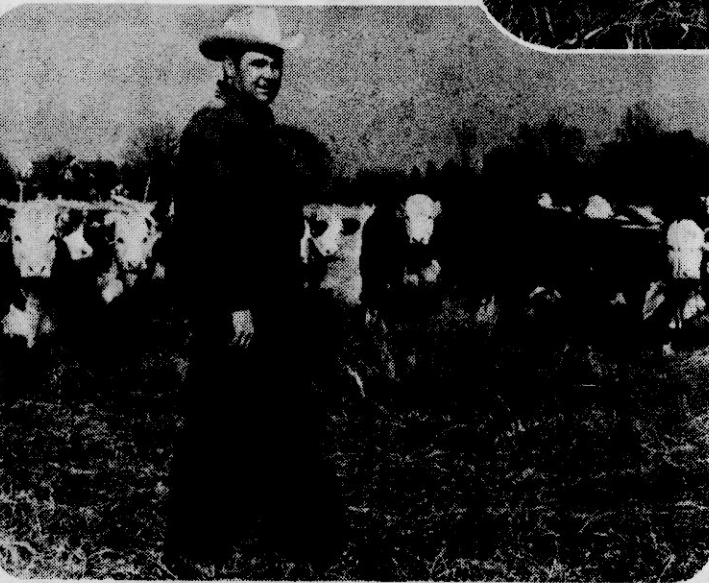

FESCUE GROWERS TALK ABOUT VIKING SHIP® CALCIUM NITRATE

“Calcium Nitrate gave me the best pasture growth I’ve ever had.”

B. B. Rhyne, Shelby, North Carolina

Mr. Rhyne farms 1000 acres with 600 acres in pasture grass. His first use of Calcium Nitrate was in 1973 on cotton, and he reports, "I was very happy with the results Calcium Nitrate produced on my cotton and wanted to see if the same kind of growth was possible on pasture grass. I applied 10-10-10 in the late spring of '77 and followed with Calcium Nitrate in late July. I used it after the severe drought period and my pasture made a fantastic recovery; it gave me the best results I've ever had. My fence posts are 36" high and the fescue grew to within 6" of the top."
