## Christmas Parade Scheduled For Thursday, December 4

The 1980 Booneville Christmas Parade has been scheduled for Thursday afternoon, Dec. 4, according to Lanier Thompson, Intercivic Club Council president. The parade is sponsored each year by the Intercivic Club, the city and the Uptown Merchants Association.

This year's parade will begin at 6 p.m., with the floats to line up at 5:15 in the Prentiss Manufacturing Company parking lot.

Floats for the parade will be divided into five classifications—church fl-

oats, youth floats, school floats, commercial floats and civic floats.

The deadline for notification to enter a float in the parade is Nov. 15. Anyone wishing to enter a float should call one of the following numbers after 5 p.m.—church and youth floats, 728-4033; school floats, 728-8530; commercial floats, 728-3437; or civic floats, 728-6890.

As in years past, in conjunction with the parade, a prize will be given for the best decorated uptown windows.

One change from the past is that this year only the Christmas Queen will be allowed to ride on a car in the parade. Other participants must be on floats.

Thompson pointed out that with a large number of participants riding on cars in the parade, the honor of being chosen Christmas Queen is diminished.

## Long Range Plan Approved For County School System

By KEN CHRISTIAN  
Editor

The Prentiss County Board of Education has been notified that a long range plan of construction and renovation which was submitted to the State Educational Finance Commission (EFC) in Jackson earlier this month has been approved.

County School Superintendent Lex Cain said Monday that the plan approved by the EFC was submitted during the first week of October to be

considered at the commission's regular monthly meeting on Oct. 20. All such proposals must be submitted at least 10 days prior to the meeting, he said.

"The objective of the long range plan," Cain said, "is to provide equal facilities for each student in the school district."

The county's long range plan sets up a list of priorities for construction and renovation of school buildings in the county system.

Taking top priority is the

construction of two new high schools, one located at least five miles east of Booneville and the other at least five miles west of Booneville. For the present, these schools are being called East Prentiss High School and West Prentiss High School.

The location of these two schools will depend on the availability of land, Cain said. "The board wants as central a location as possible," he added.

Of second priority on the long range plan is the

renovation of Jumpertown, Thrasher and Wheeler schools.

Once these schools have been renovated at least to the level of Hill's Chapel and Marietta schools, the plan calls for additions to be made to Hill's Chapel and Marietta, mainly to replace the portable classrooms at those schools with permanent structures.

Under the new plan, all present high schools in the county system—with the exception of New Site High School—will be converted to

attendance centers for grades 1-8. The present New Site School will be closed under this plan, but county school officials pointed out the new East Prentiss High School could be located in the vicinity of the old school.

Superintendent Cain said that there is not enough land available to build the new school on the present New Site location.

The county has nine acres of land at New Site, he said, but the EFC requires that there be 15 acres of land plus

## Three Injured Tuesday Night In Sunflower Shooting

A triple shooting in the Sunflower Community Tuesday night left two men in serious condition in the Tupelo hospital, Booneville Police Chief W.W. Stacy said Wednesday morning.

Another man was injured slightly while attempting to stop the argument.

Chief Stacy said that Tommy Pannell, approximately 30, and William "Junebug" Chandler, in his late teens, apparently got into an argument over some hubcaps stolen several months ago. Each of the two

had a gun, Stacy said.

As a result of the argument, Pannell was shot once in the stomach and Chandler was hit in the left side of the chest. Both were taken to the Northeast Mississippi Hospital for treatment and then transferred to the North Mississippi Medical Center in Tupelo, the police chief said.

When the shooting started, another man who was present and attempted to stop the fight was also injured. Robert Miller, late

20's, was treated and dismissed at the Northeast Mississippi Hospital for a minor wound to his hand. A bullet just grazed him, Stacy said.

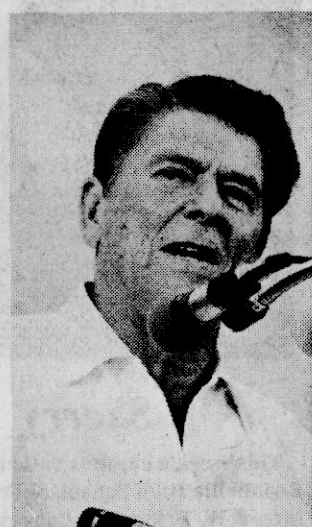

Both of the men transferred to the Tupelo Hospital are in serious condition, the police chief said.

No charges have been filed at this time, he said, but the investigation is still underway.

The shooting occurred at the Sunflower Community home of a robbery crew.

## Local Candidates Also On Ballot

## Presidential Election To Be Held Tuesday

RONALD REAGAN

Prentiss Countians will take to the polls Tuesday to cast their votes in the election for President of the United States.

Traditionally this section of the state has voted for the Democratic candidate in such elections, but this year's race is apparently a toss-up going into the election, with both the Democrats and Republicans showing strong support in the county.

In addition to Democrat Jimmy Carter and Republican Ronald Reagan, with their running mates Walter Mondale and George Bush, there will be four

independent candidates for President listed on Tuesday's ballot—John Anderson, Deirdre Griswold and running mate Larry Holmes, Ed Clark and running mate David Koch, and Andrew Pulley and running mate Matilde Zimmermann.

Candidates for the First District House of Representatives' post are incumbent Democrat Jamie Whitten and challenger Republican T.K. Moffett.

In the election for Third District Supreme Court Judge, Position No. 3, Democrat Armis E. Hawkins is facing

independent candidate Jack N. Tucker.

For the post of First District Circuit Court Judge, Place Two, Democrat Thomas J. Gardner III is unopposed.

All of the candidates listed above will be included on every ballot in the county. However, in the races for Prentiss County School Board members from districts One and Two and Election Commissioners from all five districts, only those candidates running for a position in a particular district will be listed on the ballot in that district.

In other words, the two candidates for the school board position from the First District—Larry Joe Cosby and L.T. Huddleston—will not be listed on the

JIMMY CARTER

ballot given to voters in the other districts.

There will also be two

## Cautiousness Urged On Halloween

Booneville Police Chief W.W. Stacy cautions all trick-or-treaters to be cautious on Halloween night, and urges all drivers to be on the lookout for small children.

"Stay on the sidewalks where they are available and be sure to have an adult with you," Stacy urges the younger trick-or-treaters.

He is also asking that all trick-or-treaters finish their rounds and head home by 10 or 10:30 p.m.

It is also a good idea not to eat any of the treats until after returning home so that a parent or older brother or sister can check them to see that they are all right, Stacy said.

## For FY 1980

## County FmHA Funds Total \$5½ Million

Prentiss County received \$5½ million during fiscal year 1980 in loans and grants from FmHA in support of farms, home improvement and community development in rural areas, according to Marion H. Mills, Prentiss County FmHA supervisor.

The agency's farm loan services, which supplement private credit available in rural areas, added \$3 million to Prentiss County resources for operation of farms during a year of emergency and commercial credit

shortage for many farmers, Mills said.

FmHA home loan programs accounted for \$3 million to build or improve 133 homes in town and countryside areas.

Mills said FmHA's improvement as a multi-purpose rural financial agency, servicing rural localities through county and district offices, has resulted in \$205 million a year more farm credit and community development in rural Mississippi in the past three years.

**ENERGY SAVINGS**—Sonny Martin (center), chairman of Northeast Mississippi Hospital's Energy Committee, and other hospital board members look over applications recently filed with the U.S. Department of Energy. DOE has approved a \$72,685 grant for the hospital to use in energy saving projects. Hospital board members are (from left) J.W. Henson, D.H. Prichard, Martin, Paul Flurry and Dr. Dwight Johnson.

# Energy Savings Grant To Save Money

By CARL BARKER  
Administrator  
Northeast Mississippi  
Hospital

Earlier in the year, because of the increasing cost of utilities, the hospital board of trustees intensified their efforts to explore methods of reducing energy usage.

With Sonny Martin, a board member since January 1976 who is a civil engineer serving as chairman of the Energy Committee, the trustees filed an application for federal assistance from the U.S. Department of Energy. The application for \$96,914 was designated as an energy conservation

measure.

Working with Wm. F. Horne and Co. LTD, the hospital's auditors, Martin discovered that the hospital qualified as a hardship case which entitled it to a 75 percent grant rather than the 50 percent that is normally approved. Moneywise, it meant that the hospital would receive \$72,685 rather than \$48,457.

In developing the application, the hospital used an energy audit of the hospital conducted by the Tennessee Valley Authority. Many areas of the 78,228 square foot facility have some of the same energy systems that were installed when the building was

originally built. The T.V.A. audit recommended changing or modifying many of the systems.

From "weatherstripping all doors and windows as required," which would cost an estimated \$164, to installing some new boilers and hot water heaters, which would cost an estimated \$45,000, the individual eight projects will take approximately 13 months to complete.

When completed, the project is estimated to save the hospital \$20,669 per year. It is estimated that the hospital will save 147,333 kilowatt hours per year in electrical energy and 51,389 per 100 cubic feet in gas

energy.

After the original application has been completed, John Tompkins, former administrator, delivered it to the Mississippi Department of Energy office in Jackson, Miss. Following their review along with that of other related agencies, DOE notified the hospital that some minor modifications were needed and had to be completed within 48 hours. Another visit to the Jackson office cleared up the questioned portions and the application was mailed to the Atlanta office of DOE.

Several anxious weeks passed without any word. Then on Tuesday, Oct. 7,

1980, the office of Congressman Whitten's office called and notified the hospital that DOE had approved the application and that the hospital would receive the \$72,685 requested. A few days later, the official papers were received and reviewed by the Board at their last regular meeting.

Martin's work, commended by the whole board, is an example of how the trustees at N.E.M.H. are working towards keeping costs of healthcare to the citizens of Prentiss County as low as possible while providing the highest quality of patient care available.

## Long Range Plan

an extra acre for every 100 students expected to be enrolled. The county is expecting approximately 450 students to attend East Prentiss High School, so at least 20 acres would be needed for the new school, "and they would love for us to have 30," Cain said.

Superintendent Cain said the county school board worked closely with Dr. Frank Lovell Jr., executive secretary of the EFC, in developing the long range plan. All but one member of the local school board voted to adopt the plan before it was submitted, with that one member abstaining.

Before any of the proposed construction can take place,

the county will have to pass a school bond issue.

The EFC pays the county a rate of \$15 per square foot for construction and the county must pass a school bond issue to match that figure, Cain said. Any other county school funds that are available can also go on the construction, he said.

Cain said the county could call for the school bond vote as early as before school is out next spring, possibly in February, March or April of 1981.

Before calling for the vote, the county must find land for the two schools, get an estimate on the cost for the land, and have an architect

determine a rough idea of the cost of the project.

Cain also said that before calling for the vote, he wants to be able to tell county residents exactly how much the bond issue will increase their taxes. "We want to keep people abreast of what's going on," he said.

Cain said construction on the two new buildings could begin less than six months after the school bond issue passes, possibly within two to three months after it passes.

The two proposed high schools will be approximately equal in size, with West Prentiss expected

to have an enrollment of about 495 students, about 45 more than East Prentiss. Each of the schools is planned with a library, gymnasium, band hall, shop and cafeteria.

After the building and renovation program is completed, the county school system anticipates an average daily attendance (ADA) of about 3,184 students. There are a little over 2,900 ADA students now, Cain said.

Superintendent Cain also said that Dr. Lovell recommended that, after implementation of this plan, no student releases be

granted to county students wishing to attend city schools. However, Cain indicated that some releases would probably be made, but they would be made under different guidelines that what are currently being used.

The adoption of the new plan also brings up the possibility of more programs for the county school system.

"We are already laying

the ground work for football, band and music programs," Cain said. "The people of the county are very much interested in these programs."

Some principals in the county system have already taken surveys among the students on band and football, he said.

Although he has not talked to the school board about it, Cain said he would "love to hire a couple of band

directors and let them go from school to school." He said the system could not afford to hire one at each school at this time.

Superintendent Cain said that a group from Thrasher is planning to meet with the school board Thursday (today) concerning a band

program.

He pointed out that the county schools would have to build up to any of these programs. However, he indicated that if there is enough interest, some of the county schools could start football programs in the lower grades next year.

## Rally Held Saturday On Courthouse Lawn

Approximately 65 blacks participated in a rally on the Prentiss County Courthouse lawn Saturday afternoon to protest the fact that former Booneville school teacher Eddie Jumper was not hired by the Booneville city school system this year.

Jumper is one of several teachers who were employed in Booneville schools last year that were not hired when the new Booneville Municipal Separate School District took over operation of the city schools. Jumper reportedly is the only black teacher who has not received employment of some type from some school system.

It was also reported this week that Jumper has filed a complaint with the Equal Employment Opportunity Commission and that, under standard procedure, the commission has notified the Booneville School System that they will investigate the complaint.

Jumper had previously filed a complaint with the Department of Health and Human Services' Office of Civil Rights, claiming racial discrimination against the Booneville School System.

The 34-year-old Jumper taught science and math at Anderson Junior High School for four years.

WASHINGTON, D.C.—United States Congressman Jamie Whitten from the 1st District of Mississippi was endorsed for re-election today by ACA (Americans for Constitutional Action). The non-partisan National organization, headquartered here, said it was endorsing Congressman Whitten because of his consistent voting record for constitutional principles.

Mrs. Charlene Baker Craycraft, Chairman of ACA stated, "Jamie Whitten is best judged by his performance during the 20 terms in which he has served in the House. His legislative record gives factual evidence of his valuable and unselfish service to our Nation."

Americans for Constitutional Action (ACA) periodically rates all Members of Congress on issues which are of major National importance and adherence to constitutional principles. ACA's Chairman stated, "If every Member of Congress voted as Congressman Whitten, there would be little or no Federal debt, inflation would not be a problem, our National military strength would not be in question, and Americans would be paying lower taxes."

Mrs. Craycraft cited Congressman Whitten's voting record as outstanding. "He puts the interest of the United States first and works continually for the preservation of constitutional government."

The endorsement of ACA brings to the Congressman the support of highly distinguished citizens, Democrats, Republicans and Independents, who are Members of ACA's Board of Trustees.

QUESTION: Mr. Hogland, My question is rather long but I wanted to see what you would say. I have a clipping from a paper where Billy Graham answers a question, and I wanted to see if you agree with him. The question was: "I have heard the argument that John the Baptist was a Baptist. Will you tell me if he was, and if so, where do you find it in the scriptures?—I.V. Mr. Graham said: "John was called 'The Baptist' because he baptized in water. I do not think many Baptist would say that he was the first member of the Baptist church. The Baptist as a distinct denomination date from the time of the reformation in the 16th century. The first Baptist church in America was founded in Providence, R.I. in 1639 by Roger Williams." Now Mr. Hogland, do you agree with Billy Graham on this question.

Tri-County Oktoberfest Held Friday

About 250 senior citizens from Prentiss, Alcorn and Tishomingo counties attended the First Annual Tri-County Oktoberfest held Friday, Oct. 24, at the Jacinto Senior Citizens Center.

Mrs. Elise Winter, wife of the Governor of Mississippi, was the guest speaker for the event which was sponsored by the Northeast Mississippi Planning and Development District's Council on Aging in conjunction with the Mississippi Department of Public Welfare's Title XX Day Care Centers for the Elderly.

Bubby and Kay Bain were also on hand to entertain. In addition to the Jacinto center, senior citizens from the Rock of Ages Day Care Center for the Elderly (located at Tishomingo State Park), the Marietta Senior Citizens Center and the Booneville Senior Citizens Center attended the event.

John Hanley, director of the local Council on Aging, said the event is expected to become an annual affair.

In addition to the entertainment and food at the festival, the senior citizens had several displays to view. The Northeast Mississippi Junior College's Division of Continuing Education, Music Department and Art Department all had displays at the center.

Extension Home Economists from all three counties were also on hand - Mrs. Claire T. Ross from Prentiss, Mrs. Jennine Martin from Alcorn, and Mrs. Nelly Horton from Tishomingo.

Ron Walker with the Cooperative Extension Service's Energy Division was on hand, as were Barbara Pike of the Northeast Mississippi Community Action Agency, Barbara Shackelford of the Timber Hills Mental Health Center, Lillian Hicks of the Tennessee Valley Authority, and others from these agencies.

C.P. Rinehart, director of the Jacinto Senior Citizens Center and Mayor of Jacinto, was on hand to welcome everyone.

Gasoline Prices  
Decrease In State

Gasoline prices in Louisiana and Mississippi showed a decrease for the second month in a row, according to the American Automobile Association's October Fuel Gauge Survey.

The average cost of a gallon of gas in Louisiana is \$1.216, a drop of .2 cents since last month. Mississippi's average of \$1.311 per gallon reflects a drop of .6 cents since September.

Availability in both states

remained good, with a more-than-adequate supply of fuel being reported by stations participating in the monthly survey. No stations checked were limiting sales and none were out of any grade of fuel.

The average diesel fuel price in Louisiana is \$1.038, an increase of .8 cents over last month. In Mississippi diesel was selling at \$1.179, an increase of .4 cents a gallon.

TOLERANCE OR TRUTH?

Fervent pleas are being heard for religious tolerance and the "Spirit of Christ." Yet, those who are pleading for more tolerance and a deeper understanding bitterly denounce those who strive to contend earnestly for "the faith which was once for all time delivered to the saints," Jude 3. They want all to be gentle and tolerant toward false teaching and false teachers but they show resentment toward those who insist on following a "thus saith the Lord." They are intolerant toward any one who seeks to hold to the line of demarcation between truth and error.

Where truth and error are in conflict how much tolerance is permitted? How much tolerance will these who cry for tolerance, and being accepted as they are, accept when it comes to products or manufactured items they purchase? How much tolerance will they allow in the filling of drug prescriptions? How much will the hunter permit on the sight of his shotgun or rifle? How much tolerance can be, or should be, accepted when it comes to the surgeon's work on a heart by-pass if he is doing it on you or one of your's? Such pretended humility, love and tolerance wears thin when beggars for tolerance become intolerant toward one who insists on adhering to the divine standard.

Consider the following: God was very intolerant toward the unrighteous before the flood, Genesis 6. He was intolerant toward the homosexuals of Sodom, Genesis 19. He was intolerant toward Nadab and Abihu, Leviticus 10. Jesus was intolerant, John 12:48; Matthew 21:12. Jesus was intolerant in his promise to build just one church, Matthew 16:18; Matthew 15:13. The plan of Salvation is intolerant. The doctrine of faith does not tolerate unbelief. The doctrine of repentance does not tolerate impenitence. The doctrine of confessing Christ as the Son of God does not tolerate the denying of his Sonship. Jesus was intolerant in his statement on baptism, Mark 16:16. "He that believeth and is baptized shall be saved." This is not a denial of the role of Christ's blood, God's grace, and faith in salvation.

Now, how tolerant can we afford to be about things that pertain to the soul?

### A Plus For Small Business

Fighting the federal government can be an expensive, time consuming process. But a new law passed by Congress would encourage businesses to stand up for their rights and discourage government actions which are not substantially justified.

The Equal Access to Justice Bill, now awaiting Presidential signature, authorizes courts to award attorneys' fees and other legal expenses to a firm that prevails in court or regulatory proceedings whether brought by or against the government.

In the past, many businesses and individuals have had little recourse but compliance when served with unwarranted fines or compliance orders by a federal agency. This law will allow legal expense reimbursement if the court rules against the government.

The Mississippi Economic Council believes that this business legislation is necessary to relieve Mississippians of unwarranted and unjustified federal agency rulings and the Council encourages use of this new "attorney's fees" bill when enacted into law.

The President has until Oct. 22 to act on this measure and Capitol Hill observers project that he will sign it into law.

#### Stand Up And Be Counted

By ALICE E. CHASE

We're lucky to be living  
In a land where we are free  
To form our own opinions  
And express them openly.

Since we needn't fear reprisals  
We can dare to criticize  
And gripe about a lot of things  
We might not otherwise.

We can voice dissatisfaction  
When our taxes escalate...  
Bemoan the cost of living  
And our economic state.

Indeed, Nobody would deny  
These rights are ours to be  
Cherished as a basic part  
Of our democracy.

But don't forget complaints alone  
Won't get us very far,  
No matter how we phrase them  
Or how justified they are.

We have to take an active part  
And serve our country's needs.  
By backing up our rhetoric  
With sound, constructive deeds.

Like sharing in our government  
The democratic way  
and voting our convictions  
on each election day.

And as we pull each lever down  
We can be sure that we,  
Have helped the precepts stay alive  
That made this country free!!

### By Antique Constitution

## Governor's Powers Are Restricted

By BILL MINOR  
Columnist  
JACKSON, Miss.—Mississippi keeps riding along with its "horse and buggy" 1980 state constitution, significantly while all of the surrounding states have either adopted new constitutions in the past several years, or, in the case of one, is about to adopt a new constitution.

Louisiana, Tennessee and Alabama have all held constitutional conventions and drafted modern state constitutions in the past four years, and Arkansas has completed the drafting of a new document over the past two years and has it up for ratification by the voters on Nov. 4.

Like Mississippi's 1890 constitution, Arkansas' constitution had come out of the post-Reconstruction era following the Civil War. Now, if Arkansans put their approval on the new document, as they are expected to do, it will mean Mississippi will be left with the only constitution written under the angry shadow of the post-Civil War era in the South.

Many are wondering if Gov. William Winter, who had been an advocate of a constitutional convention back in the 1950's when the issue was last raised by a Mississippi governor, will make a fight for a new constitution to replace the state's 1890 document.

It had been Gov. J.P. Coleman, when he launched a monumental (and losing) battle for a constitutional convention in 1957, who pegged the label "horse and buggy" on the existing Mississippi constitution, calling it a barrier to the state's economic progress.

Since Coleman's effort back 23 years ago, no governor in Mississippi has been willing to take the political risks or stake the administration prestige on constitutional revision. But much of that time, the state was making a vain effort to defend the old segregationist provisions in the 1890 document, plus some nailed into the constitution in the late 1950's and early 1960's.

Now the state's constitution has been riddled so much by decisions of the

United States Supreme Court and Civil Rights Acts of the Congress that it looks like a piece of Swiss cheese. Many serious students of the law say the state constitution contains so many invalid provisions, you have to play eeny-meeny-miny-mo to decide what is still valid.

The parts of the Mississippi constitution which have not been brought into conflict with federal

the governor. While the governor in Mississippi is expected to control his administration, he has very few constitutional powers to exercise that control.

One provision of the old 1890 Mississippi Constitution that has come into focus recently is section 112 which requires all property to be taxed uniformly based on its value statewide. Now many citizens are afraid that the enforcement of that

person shall be denied equal protection of the laws "on account of race, gender, national origin or other ground."

It also recognizes some of the great issues of the present day, among them the environment, and freedom of information, which were unheard of in the times when Arkansas and Mississippi wrote their previous constitutions.

Winter, whom many supported for years as the state's best hope for long-overdue governmental reform, steered around the issue of a new constitution during his successful campaign for governor last year, apparently because it had been a major plank in the platform of Republican candidate Gil Carmichael.

Should Winter seek to revive the battle which his political mentor, J.P. Coleman, fought and lost years ago, it will become the greatest test of his administration, for the barriers still manned by the Old Guard in the legislature are as high as they ever were.

court or Congressional acts are the ones which largely have hog-tied state government for many years, inhibiting the power of the executive branch to provide effective administration, while also keeping the legislative branch operating under obsolete procedures.

Mississippi's governor is handed a cabinet which is chosen by the voters and not by him, and practically all members of his cabinet may succeed themselves, but not

provision based on a recent State Supreme Court ruling is going to put all property, whether residential, agricultural, business and industrial on the same footing.

Significantly, both the new Alabama constitution and the new Arkansas constitution spell out classifications and ratios of taxing different types of property.

The new constitution proposed in Arkansas, interestingly, contains its own Equal Rights Amendment for women as well as for blacks, guaranteeing that no

## New Newsprint Mill Now Underway

By ED BALKE  
Mississippi Farm Bureau Federation

Following bright feasibility studies of converting Mississippi pulpwood into the huge rolls of paper on which newspapers are printed, a group of pioneering businessmen and timberowners are putting final touches on a proposal that will convert some 180,000 cords of state produced timber annually into newsprint.

The mill will be located in the north central part of the state where there is over an estimated one million acres of commercial pine forests within a 65 mile radius of the proposed mill site. The new enterprise is a joint venture of over a dozen major newspapers in the South, an experienced newsprint manufacturing firm with headquarters in Canada, and a Mississippi forestland owners cooperative.

The three partners will each represent the main

functions of the enterprise—pulpwood production, conversion of wood into paper, and sale of the product which for a number of years has been in short demand throughout the world.

Owen Cooper, Yazoo City industrialist who is playing a major role in organizing the new Mississippi industry, made no attempt to rein in his unbridled enthusiasm for the development in an interview last week. He said each of the three equal partner groups will provide one-third of the total \$65 million capitalization for the mill.

The retired executive vice president of the highly successful Mississippi Chemical Corporation and other successful corporations, said the equity raising program among farmers will be philosophically similar to that of over 30 years ago when farmers invested in the nitrogen manufacturing

plant to assure their fertilizer needs at undreamed of savings and returns.

He said benefits to forestland owners will be similarly attractive since the mill will immediately remove the present disparity of prices paid for pulpwood in different parts of the state since the mill will purchase at the prevailing average state price. A \$3 to \$4 per cord increase in pulpwood prices is expected over current prices which range between \$9.17 per cord in north Mississippi and \$11.21 in the southern end of the state.

But even more importantly in long term benefits, the marketing program of the mill will bring about improved forest management practices with the attainable goal of doubling present pulpwood production per acre. Further, the program will assist in providing a market for poles, sawtimber, veneer bolts, crossies, and other

forest products. The plant's location in the Batesville or Grenada area will further provide a boiler fuel market for cull hardwood and other forest scrap material.

Still the stronger market demand and prices for forestland owners do not compare with the investment profits—one third of which will accrue to the landowners and will be paid to them on the basis of their cordage production for the mill.

Cooper said the mill is now approaching a legal entity status and the forestowners are a bonafide agricultural cooperative. The new firm is now beginning a campaign to secure an option contract from forestland owners of 500,000 cords of pine pulpwood to be cut and delivered to the mill during the period of July 1, 1983, through June 30, 1986. These commitments are expected to be secured within the next three to five months. Committees are now

active, Cooper said, in all of the counties within a 65 mile radius of the mill working to secure options on both existing timberlands and potential ones which may be planted under the Forestry Incentives program of the federal government. About 22,000 landowners are expected in the sign-up.

Mississippi currently has about 16½ million acres in forests with privately owned lands comprising some 75 percent of that total.

To be eligible for the mill program Cooper said any landowner must have a minimum of 20 acres and would have to have 100 cords of pulpwood in order for it to be commercially harvested. Lesser amounts would have to be harvested by the landowners themselves.

Farmers or other landowners interested in the newsprint mill program are urged to get application forms by writing: Paper Mill, P.O. Box 1065, Grenada, MS 38901, or call 226-1190.

## CONSUMER REPORT

Office of Bill Allain, Attorney General

#### Buying A New Car

With the new 1981 cars on display prospective car owners should make sure they know and like everything about a car before buying it. Too often new car shoppers act on impulse and regret their decision later. A customer should try on a new car just as he would try on a pair of shoes.

Here are some tips to consider before buying a car:

-Comparison shop by looking at one or two comparatively equipped models at three or more dealers. Bargain aggressively at each.

-Start shopping before you get to the showroom by reading consumer and auto magazines to compare prices and features.

-You will improve your chances for a good buy by shopping at the end of the month when dealers are trying to make their quota.

-Road test a car you are interested in.

-Don't put a down payment on a car unless you're sure you will buy it, because in some cases the

dealer can keep the down payment if you change your mind.

-If you want to trade in your present car, get a price on the new car before discussing the trade-in. Then bargain about the two cars separately.

-If you sign a buyers order make sure that your offer is accepted in writing by a representative of the company.

-Warranties must be available for you to look at before you buy so you can compare shop for best warranty.

After you have bought the car:

-If problems develop after you have taken the car home, don't wait for them to work themselves out. Take it back to the dealer immediately.

--Insist on itemized statements for all work done on your car, whether its under warranty or not. Keep the receipts as long as you own the car.

--Finally, be persistent about solving car problems. While your car is still under warranty try to get it in top notch condition. It may take persistence and patience, but a prime objective is to reach the end of the warranty period with a trouble-free car.

Consumers need to be alert and informed about consumer issues and problems in the marketplace. For additional information, contact your Attorney General, Bill Allain, Consumer Protection Division, P.O. Box 220, Jackson, Mississippi 39205, (601) 961-4244.

Got something you want to get off your chest? Something you want to praise someone about? Call the Banner-Independent's Speaking Out hotline at 728-6215 after 6 p.m. and you will have 30 seconds in which to voice your opinion. Selected comments will be printed on the editorial page. The Banner-Independent also welcomes letters to the editor. They must be signed with name, address and telephone number for verification. We will not print letters or phone calls which we consider to have libelous content.

### In Presidential Election

## State Vote Could Be Crucial

Both national political parties have announced that Mississippi is a key state in their efforts to elect the nation's chief executive. These announcements illustrate, once again, Mississippi's rising prominence in national affairs.

But as Mississippi becomes the site of increased attention from political candidates and party officials, the state's citizen need to reflect on their role at the ballot box.

Considering the emphasis both parties are placing on carrying a majority of the state's voters, it is ironic to

note that less than half of Mississippi's voting-age population participated in the last four presidential elections.

Considering the importance that voter participation has in continuing our democracy, it is ironic that the 1976 Presidential election attracted only 54 percent of the nation's voting-age population; two years later (a non-presidential year) only 35 percent voted.

If Mississippi is to continue to receive the attention and benefits which come from deciding national elections, Mississippians

must shoulder their political responsibilities and participate in the electoral process.

If the nation is to continue receiving the benefits of a free and democratic society, then Americans must remember the power afforded them by the right to vote and exercise that right.

The Mississippi Economic Council reminds citizens that quality of government at any level is determined by those who exercise the power of the ballot, and ME/C urges Mississippians to become involved November 4—Election Day.

### Extension Club Holds Meeting

The Thrasher Home Extension Club held their October meeting in the home of Mrs. J.W. Maness. A small group was present.

Mrs. E.R. Parker led the monthly devotional from Matthew 7:1-12. Afterwards there was a discussion of the scriptures: "Judge not that ye be not judged. Ask, seek, and knock...Whatsoever ye would that men should do to you, do ye even so to them," and others from the Sermon

on the Mount.

For the workshop, decorative spice braids were made by each member. Then a demonstration for making print boxes for decorations was given by Mrs. Maness.

A display of indoor-outdoor decorations made from natural materials was also shown and examined. These included a Christmas wreath of pine cones and unshelled pecans, a sage

grass broom and colorful dried flowers arrangement, a fall wreath with cheerful bows displayed, and a natural woven plate with popcorn, cotton and dried grasses.

Instructions for macrame Christmas decorations were presented to each in attendance and refreshments were served by the hostess.

The November program is scheduled to meet at the home of Mrs. Leland E. Deaton.

Visiting with the Merle Walden's over the weekend was their brother in law, Charles Braun of Biloxi.

A thought for the week: "Life is worth living."

Life is worth living Wherever you are, Deep down in a dungeon Or high on a star.

Life is worth living; It all has a plan When God knows you're

giving

The best that you can.

The saint and the sinner, The great and the small, We all are God's children And he loves us all.

So pray when you're happy And pray when you're blue,

For life is worth living When God lives with you. Copied.

## Sunflower News

By BETTYE BRANDON  
Correspondent

What happened to the Sunflower News?

These were great words to hear these past four days, and I hope that you were satisfied with the answer given. For those of you that wonder still, the absence of last week's article was the result of conflicting emotions arising from too much thought given to a present situation in the community, and the problems that this situation has caused.

I promised to never let you down again but I also promised to bring you the reader, an interesting and informative article of the areas activities that would add to your reading pleasure.

Your failure to contribute the usual information of religious, family and club functions was also to a great extent responsible for the article's absence. You make the news for the Sunflower article and without a report from you of your activities there can be no Sunflower News.

From the information that you did give to me, it appeared the greater interest was in the activities of this community's headache, but this does not make for interesting reading nor do I care to submit it for printing. You are to be commended for the stand that you have taken in this situation, but let us go a step further and stop talking about it, get ourselves together and get on with living, but continue to warn those who are unruly, comfort the feeble-minded, support the weak, and be patient toward all men.

See that none render evil for evil unto any man; but ever follow that which is good, both among yourselves and to all men. Rejoice evermore. Pray without ceasing. In everything give thanks: for this is the will of God in Christ Jesus concerning you. Quench not the spirit.

Despise not Prophecies. And last but not least, prove all things; hold fast that which is good. Abstain from all appearance of evil. (I Thess. 5:14-22)

Remember the Sunflower News depends on you. I am grateful to you for your support and humbly solicit your continued support in the future for a better article.

Although we are late in doing so, still, we wish to extend a warm and sincere welcome home to many McDonald who has recently returned from Kansas City, Mo., where she spent the summer visiting with relatives.

Robert Burriss was home over the past weekend from Nashville, Tenn., visiting here with his parents, Mr. and Mrs. John Burriss and other family members.

My sincere thanks and appreciation is extended to all of you, who by your thoughtfulness helped to make my one day of happiness last the entire week. Especially to Ms. Mary Glen Rutherford, Mrs. Charlene Strange, Mrs. Glenda Baldwin and Jo Morgan. You are all wonderful people. God bless you always.

A pre-Halloween carnival was held at the Eastside Community Center on Saturday evening, Oct. 25. Area youngsters had a wonderful time and the event was a great success. The carnival was sponsored by the Sunday School Workshop.

Pastor's Appreciation Day was observed at the Spring Hill M.B. Church on Sunday afternoon, Oct. 26. The Rev. Lewis Ragins appeared as the guest speaker and spoke from the subject, "The Servant of God and His Testimony." The message and the service was highly spiritual and enjoyed by all attending.

Sunday morning, Nov. 2, the Rev. Lewis Ragins will deliver the message for the morning worship services at the Macedonia M.B.

Church of Corinth. At 3 p.m. at the St. Mark M.B. Church, he will appear as the guest speaker for the Men's Day program to be held there. At 3 p.m. Sunday, Nov. 2, Mrs. Marsha Ragins will appear as guest speaker at the Oak Hill M.B. Church in their Annual Woman's Day program. The public is invited.

At 4 p.m. on Sunday, Nov. 2, the Rev. Earnest McCoy will show a film on the "Replica of Jerusalem" at the Spring Hill M.B. Church. This event is sponsored by the B.T.U. Mrs. Sally Gardner is the president. The public is invited.

Our prayers continue for the sick and the shutin of the community and hospital. Those in the hospital this week are Mrs. Mary Copeland, Mrs. Mary Shumpart, Mrs. Gennie Miller, Mr. Tyson Pierce and Roy Lee Grizzard. We hope that they are soon home again with family members.

Halloween trick or treaters will be on the move once again this Friday night. We all look forward to the visits from the little monsters. They usually appear the early part of the night and are most times accompanied by a parent and this is truly a fun time for everyone.

The headache comes later when the older ones are about. I wish to urge you to refrain from throwing eggs this year, willfully destroying property, making so much mess with toilet tissue and please respect and accept the code that governs your entry to a home.

If the porch light is not on, don't force the occupants of that home to answer your poundings anyway.

Be considerate this year and have a safe Halloween and keep it a fun time for everyone.

Thought for today: "Let us be the first to give a friendly sign, to nod first, smile first, speak first and if such a thing is necessary, forgive first."

Till next week...

## First Methodist To Hold Art, Music Festival

"Using God's Talents" has been chosen as the theme for this year's Festival of Art, Music and Religion at the First United Methodist Church in Booneville, Sunday, Nov. 2.

"A first in the history of the church, the festival is designed to allow all of the church members an opportunity to display their god-given talents," according to Dan Warmbrod, chairman of the event. "As a result of the enthusiastic participation we have encountered, I feel that we can expect to see this grow into an annual event," he added.

Activities for the day-long festival include presentations by the church choirs and church musicians during the morning worship service; an art exhibition, featuring the works of both children and adults, on display in the church fellowship hall; and, an organ recital by Edward Ludlow at 2 p.m., in the church sanctuary.

Ludlow, an associate professor of organ and church music at Blue Mountain College, received the Bachelor of Fine Arts degree from the University of Florida, and the Master of Music Degree from Drake University. A Fulbright Fellow at the University of Copenhagen, he holds membership in Phi Mu Alpha, Pi Kappa Lambda, Phi Kappa Phi and the American Guild of Organists.

Recital selections include "The Emperor's Fanfare," "See that ye love one another," "Prelude and Fugue in G Major," "American Folk Hymn," and "Te Deum."

Following the recital, there will be a reception in the church fellowship hall for Ludlow, at 3 p.m.

## Handicapped Woman Of Year To Be Honored

Final plans are being made for the Handicapped Professional Woman of the Year community awards and recognition program sponsored by the Pilot Club of Booneville.

Various civic clubs in Prentiss County are sponsoring candidates for the program.

The selection program will be held Sunday, Nov. 9, at 2 p.m. at the George E. Allen Library. The awards and recognitions program and dinner will be held Monday, Nov. 10, at 7 p.m. in the Hospitality Room of the Northeast Mississippi Junior College.

Mrs. William Winter is the scheduled guest speaker for the Monday night dinner.

For reservations to the dinner, call 728-3511 or 728-5534 by Oct. 31.

Seth Pounds Auditorium at Northeast Junior College. The program is to begin at 7 p.m.

Each year since 1958, the Junior Miss program has selected an outstanding high school senior girl from among thousands in hundreds of communities in all 50 states.

Local winners advance to state competition to determine the 50 candidates for the national title at the America's Junior Miss National Finals held in Mobile, Ala.

Some \$2 million in college scholarships, cash and other awards are made available to Junior Miss contestants from colleges, businesses and local, state and national sponsors.

"Judging at all levels

aims to determine the representative high school senior girl, the well-rounded individual with the personality, poise, promise, and perception to serve as an able spokesman for her generation," Miller said.

October, which hasn't been as beautiful as usual, will soon be gone. Perhaps the next month will vary too, and there won't be many dark gloomy days.

We were all so glad to learn that Charlene Church was improved. Today, Oct. 26, I was told that she had been released from the hospital. Let's pray that she can return to normal health.

Mam-ma Coats isn't any better; neither is Clyde Garner.

It appears that Aunt Myrtle is holding her own. If only she could rest better at night.

Mrs. Marie Lindley has been experiencing complications following her surgery. I called her as I hadn't heard in over a week to learn of her condition.

Rachel Horn, a relative of Mrs. Arthur Barnes, is seriously ill in room 201 of the local hospital.

Mrs. Gladys Kennedy was able to be at services today,

Oct. 25.

Get-well wishes go to Charlene, Mam-ma, Aunt Myrtle, Mrs. Lindley, Malone Cartwright and any others who are sick.

Sherman Estis felt better and was at worship services last Sunday.

Here's a quote from the Booneville Informer: "To make the world what it ought to be, we need fewer cranks and more self-starters."

Sean Polk is doing well—talking more and runs all about the yard trying to catch the cats. When it rains, he goes from room to room, moving everything in his reach.

These 12 rules for family were written long ago and found in a family Bible. They still fit today's problems.

- (1) Begin each day with prayer.
- (2) Work hard.
- (3) Love your family.
- (4) Make light of your troubles.
- (5) Follow the Golden

Rule.

(6) Read from the Bible every day.

(7) Show kindness.

(8) Read worthwhile books.

(9) Be clean and pure.

(10) Have charity in your heart.

(11) Be obedient and

respectful.

(12) End the day with prayer.

Sympathy goes to the relative of Mrs. Eunice Johnson, Mrs. Annie Fay Howell, Mr. Erskine Harp and those of Miss Cathy Dees who was killed in an automobile accident.

The Freed-Hardeman Associates of Blackland had a successful Bake Sale on Saturday, Oct. 25.

The officers of the group would like to thank all the Ladies of the Congregation for all their help, and request your continued support.

## Your Health Insurance NOW Covers Chiropractic Health Care...

Mississippi Insurance

Law Information

A Bill passed by the Mississippi legislature upheld by the insurance commissioner of the state of Mississippi, now makes the inclusion of Chiropractic care in all of Mississippi Issued Insurance policies mandatory.

No policy issued in the State of Mississippi can any longer draw distinction between a Medical Doctor and a Doctor of Chiropractic in the payment of claims.

The bill, House Bill 333, went into effect April 24, 1980. It is a historic and significant achievement, an acknowledgement of the rights of each individual to seek out the doctor and method of health care which he has found to be, in his own experience, most effective.

It is possible, however, that not all insurance companies or their agents are yet aware of the full implications of this bill. Your doctor will make every effort to expedite any claims you may have.

District Six FmHA Loans Total \$34 Million

During fiscal year 1980 District 6 received some \$34 million in loans and grants by the U.S. Department of Agriculture Farmers Home Administration (FmHA) supporting farms, home improvements and community development in rural areas, according to FmHA District Director Talmadge L. Finch.

The agency's farm loan services, which supplement private credit available in rural areas, added \$18 million to District 6 resources for operation of farms during a year of emergency and commercial credit shortage for many farmers, Finch said.

FmHA home loan programs accounted for \$13 million to build or improve 444 homes in town and countryside areas.

Loans and supplementary grants to improve rural community water, sewer, health, fire protections and other public facilities totaled \$2 million for 15 projects in District 6.

FmHA's service in guaranteeing commercial loans for business and industry that employ rural people accounted for \$1 million in the year ending Sept. 30.

**TO THE COUNTY VOTERS OF THE 1st DISTRICT**

MY NAME IS LARRY COSBY, AND I WOULD LIKE TO TAKE THIS OPPORTUNITY TO ASK FOR YOUR VOTE AND SUPPORT IN THE ELECTION FOR THE 1st DISTRICT SCHOOL BOARD. I HAVE NO OTHER REASON TO SEEK THIS POSITION EXCEPT I HAVE A DEEP INTEREST IN THE EDUCATION OF ALL CHILDREN AND THE PRENTISS COUNTY SCHOOLS. THE FACT THAT MY WIFE AND I BOTH FINISHED AT THRASHER AND MY CHILDREN HAVE ALWAYS ATTENDED SHOULD SHOW MY INTEREST AND CONCERN .

SO ON NOVEMBER 4, GO TO THE POLLS AND ELECT A YOUNG MAN WITH A SINCERE DESIRE TO SERVE.

# THOUGHT FOR THE WEEK: Twenty-five Ways To Build Up Your Church

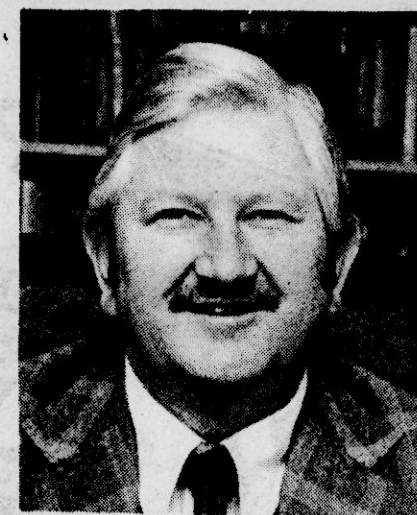

By Charles L. Potts

Ephesians 4:11-12: "And his gifts were that some should be apostles, some prophets, some evangelists, some pastors and teachers, for the equipment of the saints, for the work of ministry, for building up the body of Christ." (RSV)

I read once of a man who came to D.L. Moody and exclaimed, "Mr. Moody do you realize that you made seven grammatical errors in that sermon?" Mr. Moody responded, "Thank you sir, I'm doing the best I can for my Lord...are you doing your best?" Every Christian is in ministry. Our question is the same, "Are we, indeed, doing our best for our Lord?" Here are a few ideas on how we can "do our best."

- (1) Ignite the spiritual fires of your own soul.
- (2) Carefully study your Bible with the aid of good resource materials.
- (3) Remember you are the church: the place where you study and worship on Sunday is a building.
- (4) Support your church fellowship with regular attendance.
- (5) Frequently pray for your church leaders.
- (6) Look for ways to encourage your brothers and sisters in Christ.
- (7) Discover your own unique and best method of witnessing to others and do it often.
- (8) Give freely and generously of your time, talents, money, and prayers, remembering all that you have or ever hope to have belongs to God.
- (9) Believe in your church and speak highly of its accomplishments and possibilities.
- (10) Systematically invite people to attend study and worship with you on Sunday as well as on other occasions.

- (11) Don't spend a lot of time criticizing others for what your church is not doing. Do something yourself.
- (12) When you use your church building facilities, seek to leave it better than when you found it.
- (13) Frequently ask your church leaders what you can do for the church.
- (14) When you are prone to criticize your minister and others, remember that they are human and will make their fair share of mistakes.
- (15) Refuse to harbor hard feelings against anyone.
- (16) Attend church business meetings with a Christ-like spirit. Look for the good and constructive.
- (17) Get the facts about events, happenings, decisions, etc...before offering your advice on most subjects.
- (18) Lend enthusiastic support to new forms of worship, programming, and outreach.
- (19) Be an active member of a prayer and work group.
- (20) When your co-workers do something worthwhile, tell them about it.
- (21) When members sin, love them, forgive them, care for them, and let bygones be bygones.
- (22) Dare to dream creatively of what your church can become.
- (23) Pursue your prayer, work, study, etc. as if your church depended on you and you alone.
- (24) Remember that "a soft word turneth away wrath."
- (25) In all things ask yourself, "What would Jesus do?"

**GHOSTS AND GOBLINS**—A large number of little ghosts and goblins turned out for the first in a new series of Super Saturdays at the George E. Allen Library Saturday afternoon. The little spooks listened to Halloween music and stories, sang Halloween songs and cut out Jack-O-Lanterns

from orange-colored poster paper. Prizes were given to the youngsters with the best Halloween outfits. The next Super Saturday is scheduled for Nov. 22 and will have a Thanksgiving theme. Super Saturday is sponsored by the Booneville Junior Auxiliary in conjunction with the Allen Library.

## Mental Health Employees Attend Regional Meeting

Local mental health center employees and state legislators attended a regional meeting in Tupelo on Tuesday, Oct. 21, with state mental health officials. Services for troubled children and adolescents, continued support of regional mental health centers and an extensive personnel recruitment program are top priorities for the State Department of Mental Health, mental health Executive Director Jan Duker told the group.

Approximately 30 legislators and mental health personnel attended the Tupelo meeting which is one of nine such meetings being held across the state to inform legislators, mental health employees and mental health advocates on the current status of mental

health in Mississippi and plans for the department's 1981-82 budget request.

"The department is asking for \$1.8 million for the development of appropriate residential programs for the care of adolescents and children," Dr. Duker told the group. "These programs will provide care than can't be provided outside a 24-hour facility. Children shouldn't have to go to a state hospital for adults. They should be able to remain close to home so that family and community relationships can be maintained."

"We hope to contract with local mental health centers to provide services," she said.

The department has requested a \$80 million budget for 1981-82, a \$7 million increase over the 1980-81 budget. The state contributed \$50.9 million in 1980-81. They have been asked to increase the state's share to \$58.3 million in 1981-82.

Approximately \$6 million is spent maintaining the two state hospitals and five mental retardation residential facilities. About \$6 million goes to alcohol-drug treatment programs and to the 15 regional mental health centers.

Mental health officials have also requested funds to

match a possible federal grant for a manpower development grant. Evelyn Gandy, newly appointed Deputy for Human Resources Planning and Development is responsible for the manpower planning. Dr. Duker and other mental health officials urged continued support of the states 15 community mental health centers.

"Without our mental health centers, we'd be totally dependent on the two state hospitals," Dr. Duker said. "We must continue to have services available when people need them and where they need them."

"What happens to a person after getting out of a state hospital is just as important as what happens while he is hospitalized. The patient must have follow-up care in the community," she said.

Attending the meeting from Mental Health Region IV (Alcorn, Prentiss, Tishomingo and Tishomingo Counties) were State Representatives Mack Lloyd Watkins of Iuka and Tim Ford of Baldwyn

and State Senator Bill May, of Fulton, Region IV Mental Health Executive Director Paul Hunning and Region IV Board of Directors Brenda Moses, Corinth; Amy Moore, Booneville; Sarah Washburn, Blue Mountain; and Troy Holliday, Ripley; and Janice Cutshall, Iuka. Other mental health employees attending were Dr. Rex Haire, Corinth; Jerry Christian and Barbara Shackelford, Booneville; and Nadine Loveless and Wilda Medley, Iuka.

## 4H Club News

By  
**EDWARD L. MCWHIRTER**  
Extension 4-H  
Youth Agent

Four-H has come a long way since the time it was first founded. Part of the reason for the growth and success has been from the process of recognizing the efforts and hard work of youth in the 4-H projects.

On Nov. 25, the Prentiss County 4-H Awards Program will recognize outstanding 4-H youth in our county for the hard work and efforts.

We would like to invite everyone to attend this program and see what 4-H'ers are doing in our county.

### Dates of Livestock Ownership

These are the dates which a 4-H member must own and be in possession of a 4-H project: beef breeding, Nov. 15; steer, Sept. 1; hogs, Dec. 1; lambs, Nov. 1; and dairy, Dec. 1.

### Positive Mental Attitude Determines Life Success

Throughout human history the wisest man of the ages have given the same formulas for success. From ancient Hindu writing, "While man thinketh, that he is." Soloman said, "As a man thinketh in his heart, so he is."

We are, therefore, exactly what we want to be, for we are the product of the decisions we made in weeks, months, and years gone by.

Likewise, what we do today will determine what we do tomorrow. Your own positive mental attitude will help you determine 4-H a success.

Your actions determine your mental attitude. The key to taching a positive mental attitude lies in knowing that you have the power within you to change circumstances. The power to make something happen. You don't wait for something to happen, you change the conditions. If you decide what you're going to do, you'll change the way you feel.

Our emotions spring from our actions. When you get down, often it's because we aren't doing something constructive. Many people say, "I'm not feeling well today so I won't do anything." They let their emotions determine their actions instead of doing something which will make them feel better.

To start the day, pledge this to yourself each morning. "This is a brand new day. I have been given this day to use as I choose. I can waste it or I can use it for good."

What you do today is important because you are exchanging a day of your life for it. When tomorrow comes, today will be gone forever, leaving in its place what you have traded for it. Pledge to yourself that it shall be gain not loss, good not evil, success not failure so that you will not regret the price tha you paid for this day. Everyday the prices goes up because you have one less day to give.

Decide now to make it happen. Make it happen for 4-H.

## TO THE VOTERS OF THE SECOND DISTRICT OF PRENTISS COUNTY, MISSISSIPPI

A group of concerned citizens of the Second District of Prentiss County, Mississippi, wishes to announce the candidacy of George Martin Via for election to the office of Election Commissioner of the Second District.

George Martin Via has lived in the Second District for the past ten years and has been engaged in the practice of law in Booneville, Mississippi, for the past 1 1/2 years. It is felt that George Martin Via's legal education would greatly help him carry out the duties of this office, and would help achieve greater efficiency in the holding of elections in Prentiss County.

The Election Commissioners from each supervisor's district form the County Election Commission. This body has the duty to periodically revise the voter registration books to remove the names of those persons who have died, moved out of the County, or are no longer qualified to vote. Also, the Election Commission supervises the printing of ballots for county elections and supervises the election itself.

This office, even though not as significant as some, is important.

This office needs the energy and trust that we feel can be provided by George Martin Via. Let's help to improve the holding of elections and the registration of voters in Prentiss County. Vote for George Martin Via for Election Commissioner of the Second District of Prentiss County.

Thank You.

# Students Learn Western Lore

Such old favorites as Roy Rogers, the Lone Ranger, Annie Oakley, or any real or legendary cowboy or cowgirl would have felt right at home this past week in Title I classes at Booneville Middle School.

The fifth graders completed a week's study on Western Heritage and celebrated Western Day on Friday, Oct. 24. The entire week was filled with learning math (The rancher had to keep counts and records),

with learning new vocabulary, with learning about legendary and real western heroes of the past, with singing of cowboy songs, and with creative writing.

Fifth graders soon realized there is a little bit of the West in us all.

For example, Brad Sparks demonstrated the lasso. Brad even has his own brand on cattle as does his father and grandfather. Brad, as

well as Steven Phillips, participates in rodeos. Eric Morrow shared much of his knowledge about cattle.

The students left Title I classes looking forward to more "westernity" in their classrooms the next week.

John Morrow, who will hold the auction at the Halloween Carnival at the Booneville Elementary School, was to visit Mrs. Janiel Stutts' class to acquaint her group with the art of auctioneering. Mrs.

Barbara Harrington's room are to learn to lasso, to sing western songs, and to learn about the rodeo.

Mrs. Mary Hill's class will be completing exhibits that show the ranches of the Old West. They also have done a play and dressed western. Mrs. Edith Barron's class was to continue learning about music of the West.

Fifth graders not only know "How the West was Won," but are definitely won by western influence in the great land of ours!

I, William "Bill" Wimberley, wish at this time to officially announce my candidacy for the position of Prentiss County School Board member for the Second District, and to solicit your support and confidence.

I am the son of E.J. and Annie B. Wimberley of the Pisgah-Jumpertown area and am married to the former Nona Fleming. We have two children: Karen, age 16, and Michael, age 13. I am self-employed in the construction business. I am a graduate of Pisgah High School and attended Northeast Mississippi Junior College for two years. I attend Pisgah Methodist Church, where I teach the Young Adult class. I am a member of the United States Jaycees and have been active in projects for the betterment of my community.

Having two children in school, I am vitally aware of the importance of providing our children with the knowledge and skills necessary not only to function, but to excel in today's world. I have faith and confidence in the future of the Prentiss County School System and believe that the next six years are crucial in determining the quality of education your children and mine receive.

I will strive to work with the other County School Board members and Superintendent of Education for the betterment of our school system.

Again, I ask for your support and cooperation in my endeavors during the next six years.

# NE Tigers Roll On... Delta Latest Victim, 45-0

By LEE GENTRY  
Sports Editor

Scared to death...That's what Delta's Trojans were the last Thursday night. The troop from down Moorehead way looked to be terrified of the Nationally ranked Tigers and rightfully so as the Northeast monsters, ranked as one of the best teams in the nation and ranked first in the state, bumped, knocked and bruised the Trojans all over Tiger Stadium and turned them inside out to waltz to a 45-0 shutout.

The win gave the Tigers

the North Division Championship and assured them a hosting spot for the 1980 State Junior College Playoffs to begin November 15th at Tiger Stadium.

Northeast head coach and athletic director Bill Ward called the win a pressure release and said this takes some of the sting out of this Saturday's road battle at Northwest in Senatobia.

"It was great to win this game," Coach Ward said. "The men played well and tore the Delta defense apart."

Booneville's Buddy Hall played one of the best games

in his college career throwing two touchdowns passes and leading the Tigers to score after score in the 45 point rout.

Northeast started their scoring spree early in the opening period when the Tigers recovered a fumble at the Trojan 19 yard line. It didn't take long from there to put points on the board. Anthony Norman, the Nation's leading rusher, scored the first of his two touchdowns on a 19 yard sprint to give the Tigers their first score. Kenny Mathis added the first of his six extra points to give

Northeast a 7-0 lead.

"A good team takes advantage of it's breaks," remarks from Coach Ward and proven when after the Tigers' Robert Huff intercepted a Delta pass, Northeast tallied six more points in just four plays, Randy Cocran, ranked 4th Nationally in rushing, burst off right tackle from 5 yards out to paydirt with 2:35 left in the first quarter. Mathis' boot gave the Tigers a 14-0 lead.

Hall then went to work for the Tigers. The Booneville performer set up Nor-

theast's next score when he scampered some 60 yards in one of the most impressive runs of the year to give Northeast a first down inside the Delta 20.

This drive stalled however but Mathis upped the lead to 17-0 with a 23 yard field goal.

Delta just couldn't move the ball at all and gave the Tigers excellent field position at the midfield stripe with a poor punt.

Six plays later Hall cranked up his arm and fired a 12 yard touchdown spiral to tightend Marty Barnes. Mathis converted and with 7:28 left in the half the Tigers held a 24-0 lead and took it to the dressingroom at the intermission.

Northeast took up where they left off in the third period adding two more six pointers to up the count even more.

Hall added insult to injury when he, along with Kenny Bolden lit up the scoreboard again. Hall hit the Northeast receiver with a picture-perfect pass from 29 yards out for the score.

Going back to the lead paragraph in this story. "Scared to death," the next score came as a result of that. A bad snap from center turned the ball over giving the Tigers ball possession at the Delta 25 yard line. The Delta punter was so intimidated with the Northeast defense that he just froze when actually he had plenty of time to kick the ball away.

Well from the 25 it took only three plays to reach paydirt. Norman added his second TD of the night with a one yard plunge. Mathis split the uprights with the point after to up the lead to 38-0.

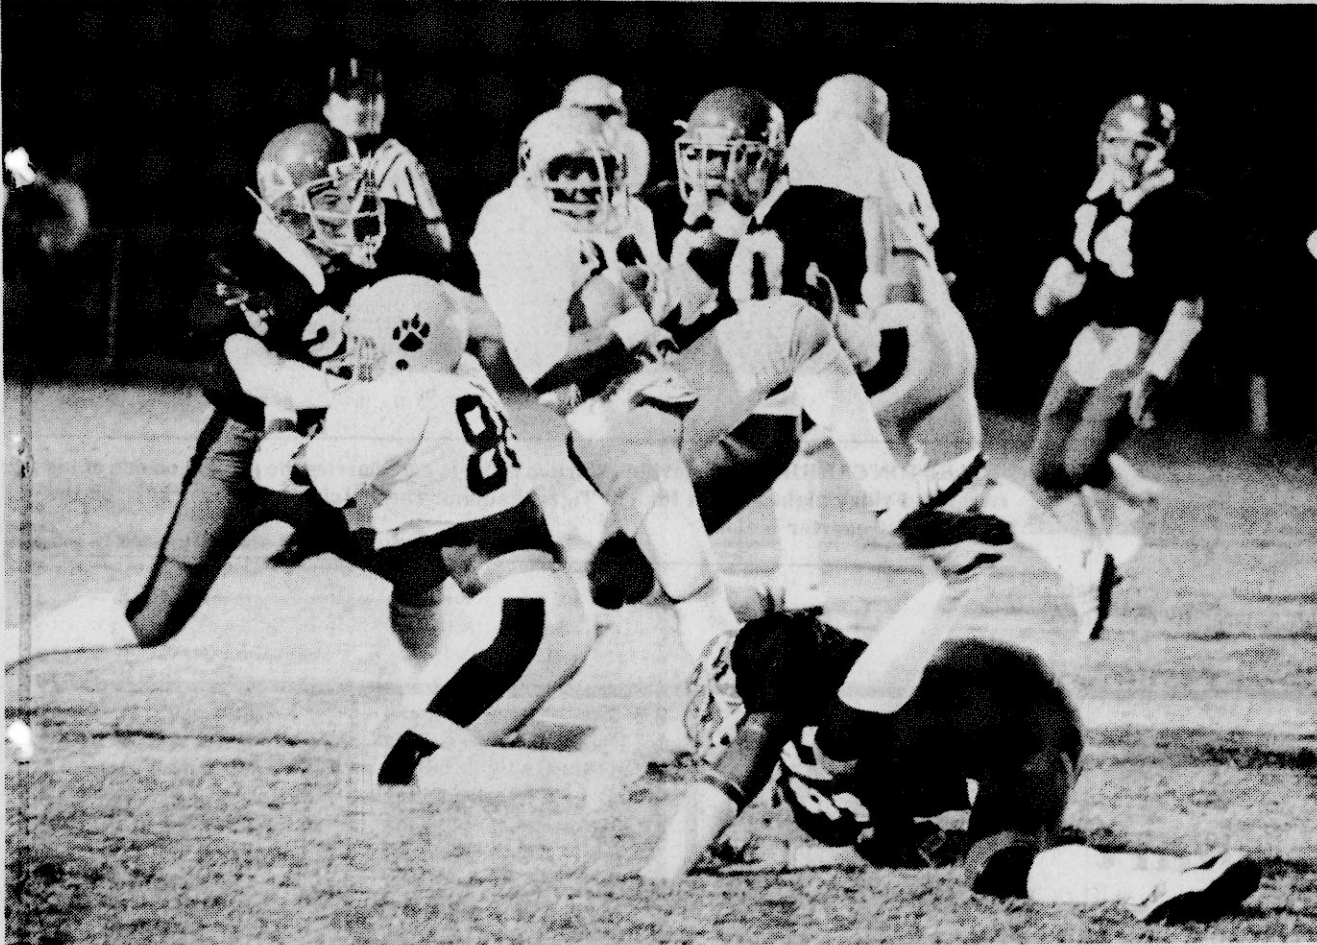

When you do about everything right what could be more appropriate than a flashy run to end the Tiger scoring. Well flashy it was Willie Spears, who after two consecutive weeks of long runs will be known as MR returnman, eluded three Deltaians and raced 75 yard to the endzone for the final points of the night to give the Tigers the 45-0 victory.

Coach Ward said after the game that Delta was indeed better than their performance on the field but went on to say that the Tigers were ready to play last Thursday's football game and added that it would have been hard for anyone to beat them.

Ward went on to say Northeast would be in for a fight Saturday night when they face Northwest at Senatobia. "We beat them pretty good over there last year and won't forget that."

HALL SCRAMBLE—Northeast quarterback Buddy Hall gets set to pass here in action against Delta. Hall threw two six pointers here last Thursday night to lead the Tigers to a 45-0 victory.

SHAKE RATTLE AND ROLL—Northeast's Anthony Norman (with ball) does a little dance here against Delta in

Thursday's battle at Tiger Stadium. Northeast won 45-0.

## Bigbee Recap

Both Saltillo's Tigers and Ripley's Tigers picked up easy wins this week to remain a top the Tombigbee League Football Standings.

Saltillo bombed Water Valley's Blue Devils 50-8 while Ripley got the best of Nettleton's Tigers 48-7.

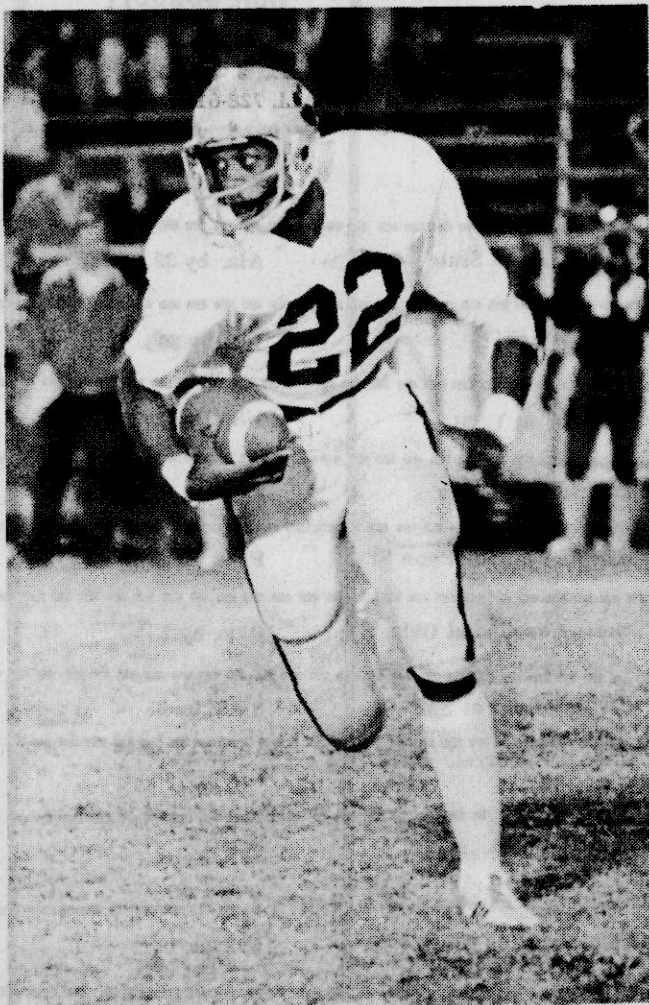

Both teams are undefeated in league play as well as the regular season and each has a tie that coming to each other.

In other games last week, Iuka's Chieftans dropped Booneville's Blue Devils 10-7. Baldwin's Bearcats tripped Walnut's Wildcats

24-21. Kossuth's Aggies defeated Okolona's Chieftans 20-6 and Alcorn Central's Golden Bears won their first game of the season with a 42-0 shutout over Smithville.

## Stutts Leads Prog Chart

Ralph Stutts of Booneville took top honors last week on the prognosticating chart with eight correct predictions out of 12 games.

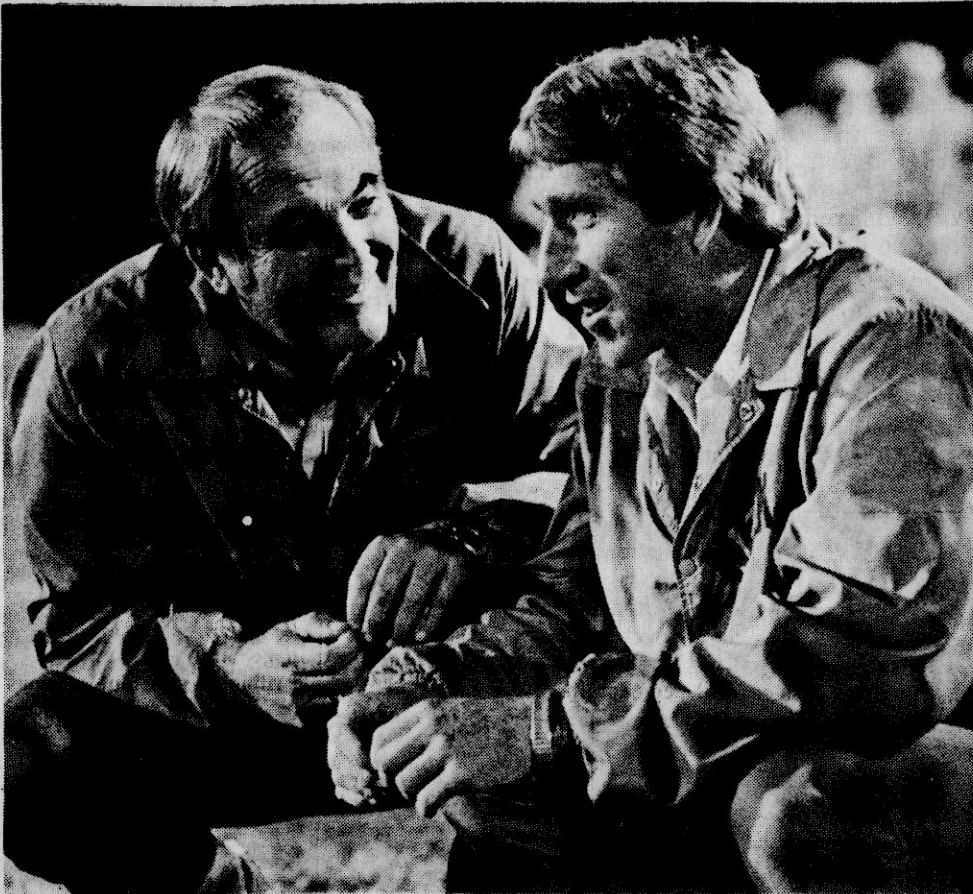

Both Fieldgoal Fred and The Sports Desk tied for second place with 7-12 correct predictions while John Ferrell and Manfred Saylor each had a 50 percent mark with 6-12.

And of course every picker picked Slippery Rock to win and Clarion State took a 6-0 win.

Better luck next week...

LANA YELLS—Northeast cheerleader Lana Coker looks happy here as she cheers the Tigers on to victory last Thursday night against Delta. Lana, cheerleader captain, is now in her second year as a Tiger cheerleader.

HAPPY COACHES—Can you tell who's winning? Well you certainly have a good indication here as Northeast head coach Bill Ward, left, and Coach Billy Southward seem happy as can be during Thursday night's 45-0 romp over Delta at Tiger Stadium.

## THE EASILY INSTALLED, ENERGY SAVING KING FIREPLACE INSERT.

Makes your fireplace an effective and dependable heating appliance!

With a King Fireplace Insert installed in your masonry fireplace, you'll have a heat source you can count on in all conditions...including power failures, brownouts, and fossil fuel shortages!

Since it requires no special pipes or flue work, installation is easy. Just lock open or remove your existing fireplace damper, slide the unit into the fireplace opening, attach the easy-slide-on surround panels, and you're ready to build a fire. For use as a fireplace, open or lift off the decorative, cast-iron doors. For efficient heating, close the doors and the insert becomes a heat circulator, drawing room air in through bottom louvers, heating it in a special chamber surrounding the firebox, and returning it to the room through top and side outlets.

Options include a blower to enhance heat distribution, firescreen, and special grate to permit coal as well as wood fueling.

Let us show you the King Fireplace Insert today.

Iuka Wins 10-7

# Late Fieldgoal Seals Blue Devil Coffin

Iuka's Chieftans, on a second half fieldgoal by Lance Berry, defeated Booneville's Blue Devils 10-7 before a somewhat small crowd at Northeast's Tiger Stadium here Friday night.

The Devils were riddled with mistakes throughout the contest and combine that with an aggressive Iuka attack designed to upset the favored Blue Devils and you have a Chieftan Victory.

Booneville head coach Mac Curlee stated before Friday's matchup that the men with the horns would indeed have to be ready to play or the Chieftans would win the game.

"We knew they'd be after us," Curlee said. When asked about the game plan before the Iuka contest, Curlee said, "We'll play against them like we will against anyone else, "They knew the hard luck we'd had this season and they were up for the game."

The Devils jumped out to an early lead against the Chieftans leading 7-0 which held until the intermission and from that point it looked as though the Devils had somewhat command of the game even though it was only a seven point lead.

Booneville's only score came in the first half when Carlton Calvert, usually known as a top knotch receiver, played in the different position of passer and promptly showed the

BHS fans that he could also throw the ball. The Devil senior who wears number 80

took a handoff from quarterback Greg Oakley and fired a 26 yard option pass to receiver

Larry M Mackin for the only score. The extra point followed and Booneville held an early 7-0 lead.

Iuka had something to say about this and came back in the final two frames to post the win. After the Chieftans moved the ball down to the Blue Devil two yard line.

Chieftan Jim James put the ball across the planks on a

sprint of right tackle and after Lance Berry's conversion Iuka knotted the game at 7 all.

Iuka came back after this with their final score to put

the game away. After having been given just about

all they got, the Chieftan's Lance Berry split the uprights with a 32 yard field goal to take the 10-7 Bigbee win.

Quarterback Greg Oakley moved the Devils on several occasions but when Booneville had good field

position, things went sour for the whole squad.

The loss dropped the Devils to 1-7 on the year with games left this Friday night at home against Okolona

and then again next week against Ripley.

**TIGHTEND REVERSE**—Booneville's Carlton Calvert (80) takes a handoff of Booneville quarterback Greg Oakley

on a tightend reverse. The play worked here as seconds later Calvert threw a 25 yard touchdown pass to end Larry Mackin for a touchdown.

**CARLTON CARRIES**—Booneville's Carlton Calvert (80) carries the pigskin on one of his runs last Friday night against Iuka at Tiger Stadium. These Iuka defenders chase on the play in first quarter action.

## Anderson Eighth Grade Wins Little 'Bigbee Crown

Anderson's eighth grade Blue Devils carted off the Little Bigbee football Championship Tuesday night with a 20-8 win over Iuka.

Rod Coggin scored three touchdowns to pace the win while Ben Leach had one

tally and two extra points.

The local 8th grade squad finished the season with a perfect 5-0 mark for the season. to win the top spot in the Little Bigbee.

**7th Grade Wins--**  
Booneville's seventh

grade chargers dropped Iuka 20-8 also on Tuesday night to end their season. Tim Crayton paced the Anderson attack with 3 touchdowns. The seventh grade chargers ended the 1980 season with a 2-3 overall record.

**PILEUP**—Booneville's Tony Brooks (bottom of pile) seems all tied up here against Iuka in Friday's battle. Shown arriving on the scene is Booneville Nelson Cole (74).

### Still 1St In Gridwire

## Tigers Move To 4th In National Poll

In a poll released Tuesday of this week the Northeast Mississippi Junior College Tigers have been ranked 4th in the nation by the National Junior College Athletic Association (NJCAA).

The Tigers moved up three spots having been ranked 7th last week.

The big reason for the jump was the Tigers 45-0 drubbing of Mississippi Delta last week.

#### Still 1st in Gridwire

Northeast, now 8-0 on the season and first in the state, still holds the top national spot according to the Gridwire Poll in Santa Anna,

California.

Northeast head coach Bill Ward said he was pleased with the big jump to 4th in

the NJCAA poll and said the Tigers had been asked to appear in a bowl game in

Kansas but had to decline this particular offer due to the State Playoffs but added that he hoped the Tigers could indeed play in a bowl game this season.

Two other top bowls remaining are the JUCO Bowl in Garland as well as the Junior Rose Bowl in Pasadena, Calif.

# Wheeler Wins Rebel Tourney

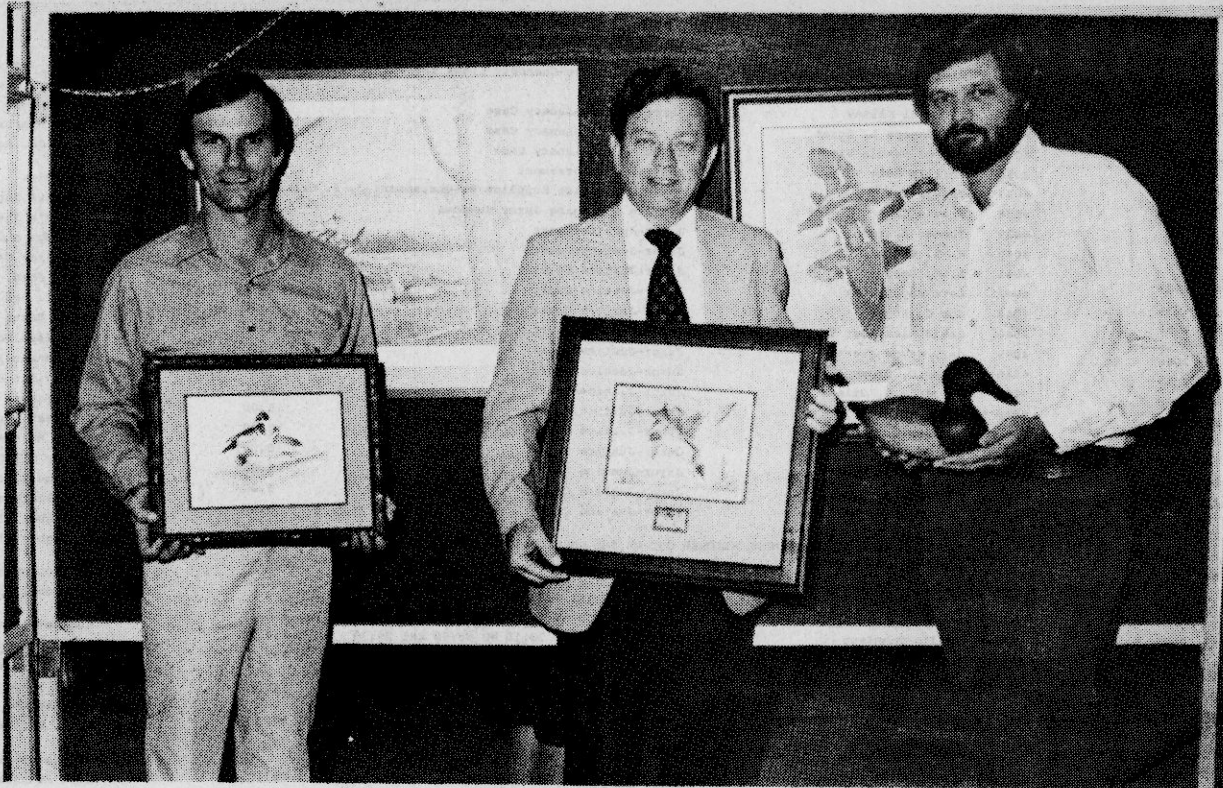

Wheeler's Eagles, the B defending state champions, placed five men double figures here last Saturday night and waltzed to a 98-78 victory over Thrasher's Rebels in the finals of the Thrasher Invitational Tournament held at the Rebel Gym.

The Eagles, under coach Sam Richey, picked up their second win of the 1980 campaign over the Rebels and remains undefeated through the first few weeks of the 1980 hoop campaign. Wheeler's Bubba Miller scored the nets for 28 points to take Eagle scoring honors on the day while Tim Keesler added 20, Kennedy

Gamble netted 18 and Jim Davis and Ricky Chandler added 14 each. James Swinney led the Thrasher attack with 26 points for his night's performance while Danny Ramsey had 13 and Darryl Hatfield 10.

### Hamilton Girls Win

Hamilton's Lionettes dropped Thrasher's Rebellettes 53-47 to take the girls championship. Pam Jones led the Hamilton attack while Thrasher's Debbie Oswalt led the Rebellette attack with 22 points while Robin Hopkins followed with 17.

# Final Plans Made For DU Banquet

Final plans are in the making for the first Annual Prentiss County Ducks Unlimited Banquet to be held November 11 at the Frank Haney Union Building at Northeast. Some 70 door prizes have been obtained from local merchants and industries ranging from \$15 to over \$250 each.

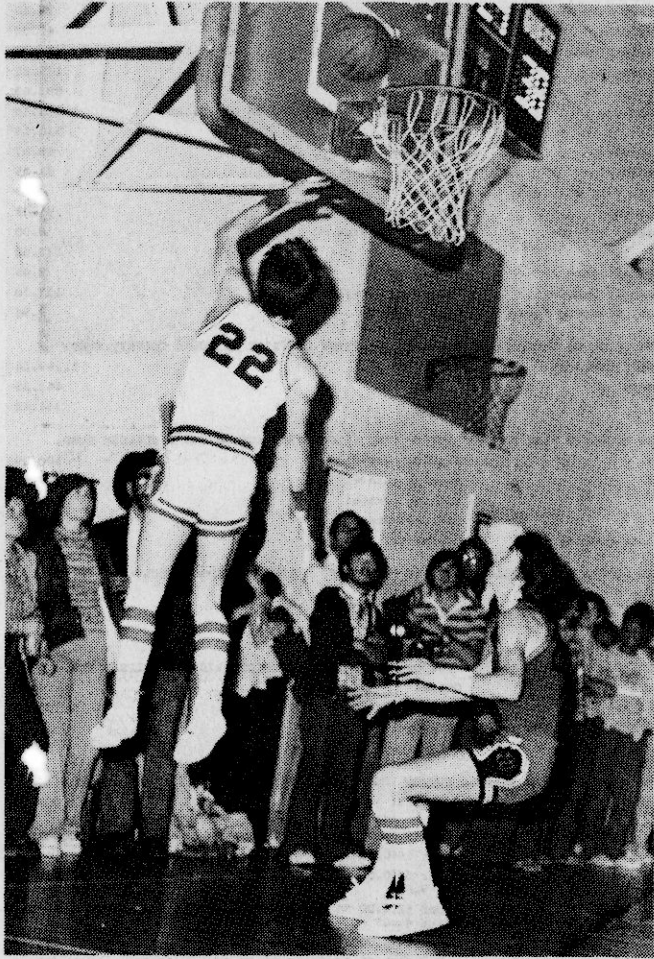

Included in the list of door prizes will be a 14' aluminum boat and trolling motor, to be given separately just to name a few.

Several topics of interest will be held at the First Annual Banquet including a very unique duck calling contest along with several booths concerning DU and a host of activities including dinner and many many door

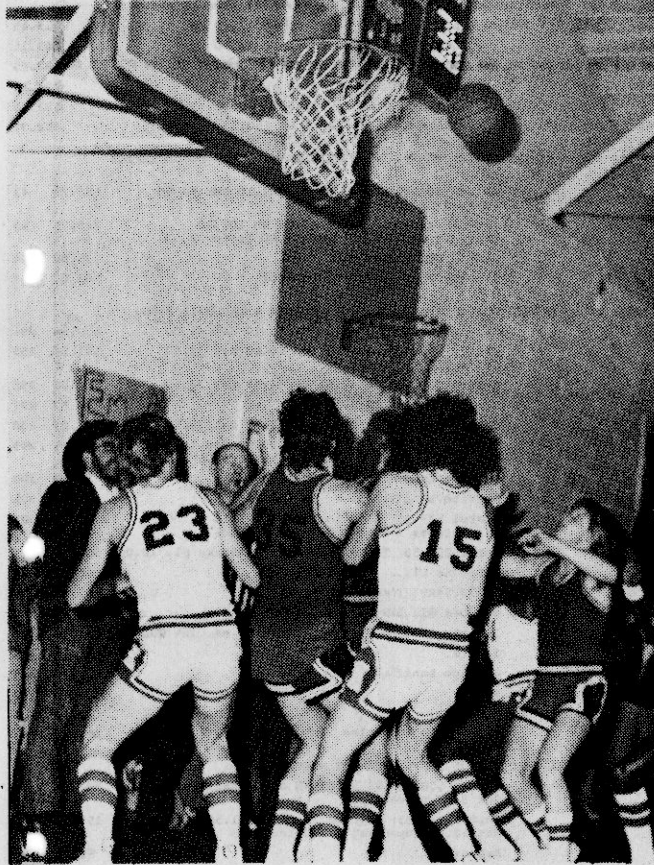

prizes at the gala affair. Billy Joe Cross, post director of the Miss Game and Fish Commission and the regional supervisor for Ducks Unlimited, will be the guest speaker.

For ticket information and additional information contact The Peoples Bank and Trust Company, The Bank of Mississippi and The Prentiss County Development Association.

Doug Mansell, president of the Prentiss County Chapter, said plans are progressing better than expected and added that the first annual event poses to be one of the best around. He said anyone who wants an enjoyable and fun filled evening should seek plans to attend the dinner and banquet.

LAYUP—Thrasher's Darryl Hatfield (22) goes up for a layup here as another 22, Wheeler's Tim Keesler defends on the play. Hatfield scores the layup here but Wheeler won the game 98-78.

UP FOR GRABS—These Rebel and Eagles basketballers battle underneath the board here in last Saturday's battle at Thrasher. Shown battling for the ball are, Wheeler's Terry Ballard (35) Wheeler's Jim Davis (10) and Thrasher's James Swinney (23) and Rony Moore (15).

# Thrasher-Wheeler At It Again...

By LEE GENTRY  
Sports Editor

There's rivalry all across the State of Mississippi in every phase of the sports program. Whether it's football, basketball, baseball, tennis, or what have you, there's not a more intense rivalry than the Thrasher-Wheeler basketball rivalry that occurs when the Eagles and Rebels lock horns.

Coach Sam Richey, leader of the Wheeler brigade and coach Jacky Rowsey, Thrasher mentor, have put together one of the best matchups between any two County teams across the State.

The old cliché, "Anything can happen," is an under statement when these two get together. Pick a gym between here and who knows where for the game and you'll see them hanging from the rafters no matter where it's played.

Last year, Thrasher's Rebels had the upperhand in six of their seven matchups and the way it appears this year that the shoe will be on the other foot and the Eagles will have the odds to their favor.

Last year's games couldn't have been more exciting if you'd have drawn them out with a pencil. Game after game, bucket after bucket, and play after play, the series became even closer as the season progressed.

Several of the games determined Tournament champions including both the District and North Half B Championships.

Both coach Richey and Coach Rowsey did super jobs last season, with Richey as the senior member of the two and again this year both the Eagles and Rebels will be two of the top contenders in the State this time around.

People last year who piled into gym after gym by the carloads to see these two teams battle each other had different quotes to say about the game.

One of the best ones I heard last year came during one of their matchups at Northeast Junior college. "I'd rather see this game that any pro game on T.V." I used to guess which one would win the game now it's just fun to watch the battle and see what happens."

As stated earlier the odds went to Thrasher last season winning six of the seven. This year The Eagles, who will be one of the top ranked teams in the State with a host of returnees, have won the first two outings by rather large scores.

Who wins the game is always uncertain but one thing is for sure, they'll be plenty of action for everyone to see.

PAINTINGS ON DISPLAY—From left, Stan Pounds, Thurston Davis and Doug Mansell display these beautiful Ducks Unlimited paintings that will be auctioned off at First Annual DU Banquet set for Nov. 11th at NE's Frank Haney Union Building. Pounds, a DU member, and Davis, Sr. VP of The Peoples Bank and Trust Company show two of the paintings while Mansell, local DU chairman, shows a wood carved decoy that is breathtaking and will also be auctioned off. The paintings are on display at The Peoples Bank and Trust Company. (Photo by Lee Gentry.)

# SEC Sports Briefs

Despite gaining only 120 yards passing on Vanderbilt Saturday, Ole Miss holds a game average of 189.6 to lead the SEC. LSU's defensive average of 100.9 ypg is still first after a week off. The Rebels have the most TD passes, nine, while Tennessee opponents have managed just one. Auburn hits the best rate on passes, 59.3 percent, and LSU forces the worst rate on opponents, 39.6 percent. Georgia has made 18 interceptions and Alabama has suffered one.

# Fieldgoal Fred's Forecasts

(Don't leave them out this week, Lee. This is the week of the perfect picks.)

Northeast 21, Northwest 17. A little over-confidence might cause them to get behind early, but then they will display the championship material they are made of, suck up the guts, and do it like the real champions they are.

Okolona 10, Booneville 7. There have been some heartbreaking losses in a disappointing season for the Devils, and this is apt to be another one. Something seems to happen to cause them to lose the ones they should win.

Alabama 28, State 14. The Bulldogs still have a good season going, but the Tide just has the numbers to wear them down.

LSU 21, Ole Miss 20. It's the day after Halloween in Heartbreak Holler, but it looks like another disappointment for the Rebels.

Southern 33, Lamar 6. And if the Golden Eagles are not down after last week's loss, the spread could be much bigger.

Florida 20, Auburn 19. Close, but the Tigers will wind up more Gator bait for the sunshine boys.

Oklahoma 14, North Carolina 10. A big game and both of them want it bad. If the Sooners can hold on to the ball they should prevail.

SMU 14, Texas A&M 7. The Mustangs have learned how to play with the big boys and should have very little trouble with A&M.

Notre Dame 20, Na

Notre Dame 20, Navy 10. The Middies can play with the biggies, too, but Notre Dame has too much power.

Nebraska 14, Missouri 10. Looks like it's left up to the Huskers to carry the big Eight's colors to the Orange Bowl.

Georgia 24, South Carolina 10. Premier runner vs premier runner, and Hershell Walker will prevail for Georgia.

NOTICE OF SHERIFF'S  
SALE OF INTEREST  
IN REAL PROPERTY  
UNDER EXECUTION

WHEREAS, Carolyn Livingston, obtained a judgment in the Chancery Court of Prentiss County, Mississippi in Cause No.11,207 against Joe Livingston in the sum of Five Thousand Dollars (\$5,000) for the Complainant, Carolyn Livingston. Said Judgment has been enrolled in the Judgment Roll of the Circuit Clerk's Office; and

WHEREAS, the said Judgment and costs being unpaid and no payment having been made thereon, Travis Cox, Clerk of the said Court,

issued an execution on said Judgment, which execution is dated October 27, 1980, and has been placed in my hands for services.

NOW, THEREFORE, BY VIRTUE OF SAID EXECUTION to me directed by the said Clerk on the Judgment aforesaid, I will, on the 28th day of November, 1980, being the last Friday of said Month, at the West front door of the Prentiss County, Mississippi Courthouse in the City of Booneville, Prentiss County, Mississippi, within legal hours of sale, offer for sale and sell to the highest and best bidder for cash, all title, right and interest of the said Joe Livingston in and to the real estate described as follows:

Lot five (5) of Eudora Heights Subdivision of the City of Booneville, Mississippi as shown by plat recorded in Deed Book 75 at page

274. Said property is owned jointly by Joseph W. Livingston and Carolyn Livingston.

The undivided interest of the said Joe Livingston in and to the above described real estate was levied on by me as the property of the said Joe Livingston and will be sold to satisfy the said Judgment and costs.

The title to the undivided interest of the said Joe Livingston to the above described property is believed to be good, but I will sell and convey only such title as is vested in me by these proceedings.

WITNESS my signature on this the 27 day of Oct, 1980.

### Cards Of Thanks

Words can't express how much we appreciate the kindness shown to us during the illness and death of our loved one, Herman Burns.

To those who sent cards, food, flowers and those who called a special thanks. Also, a special thanks to the doctors and nurses, who made his stay more comfortable.

To McMillian Funeral Home for their assistance and to Bro. Burt Harper and Bro. James Wroten for their comforting words. May God bless all of you.

#### NOTICE OF SALE

Pursuant to the provisions of a decree entered by the Chancery Court of Prentiss County, Mississippi on October 15, 1980, in Cause No. 12,592, styled "FIRST MISSISSIPPI BANK OF COMMERCE, PLAINTIFF VS. CARMON C. WALDEN, DEFENDANT," I, Phillip Cole, Special Commissioner, will offer for sale and will sell, subject to confirmation as hereinafter specified, at public auction to the highest and best bidder for cash at 11:00 a.m. on November 13, 1980 at the West front door of the Prentiss County Courthouse in the City of Booneville, Prentiss County, Mississippi, the following described property, to-wit:

Situated in the County of Prentiss, State of Mississippi, to-wit: Block 47 of the Williams Survey of the City of Booneville, Mississippi, except that part conveyed by Elton Crouch to C.O. Eaton, by deeds dated February 2, 1933 and February 6, 1954, and of record in Deed Book 64 at Page 428 and in Deed Book 47 at Page 221.

ALSO, LESS AND EXCEPT that property sold to Mrs. Annie Mae Burcham on October 25, 1956, of record in Deed Book 71 at Page 28 in Deed Book 80 at Page 103.

ALSO, LESS AND EXCEPT that tract sold to L.B. Mann on June 9, 1956, of record in Deed Book 70 at Page 188, and also that certain tract sold to L.L. Waddle and Marshal Windham on March 30, 1963 and of record in Deed Book 79 at Page 579 in the Chancery Clerk's Office of Prentiss County, Mississippi.

The said tract shall be sold to the highest and best bidder for cash. The successful bidder shall be required to pay to the undersigned as Special Commissioner at the conclusion of the public sale a sum equal to 10 percent of the bidder's high bid, with the balance of the purchase price to be paid in full after the sale has been confirmed as hereinafter specified; and when the Special Commissioner renders the deed conveying the tract to the successful bidder, which 10 percent shall be returned to the bidder if the sale is not confirmed.

The sale of the above-described tract shall be subject to confirmation by the Chancery Court of Prentiss County, Mississippi at 10:00 a.m. on Friday, November 21, 1980 in the Courtroom of the County Courthouse of Prentiss County, Mississippi in the City of Booneville, Mississippi.

The title to the above-described property is believed to be good, but the undersigned as Special Commissioner, will sell and convey only such title as he possesses.

WITNESS my signature on this, the 15th day of October, 1980.

By BLINDA DUNAWAY  
Correspondent

Mike's parents, Mr. and Mrs. Ben Dunaway of Saltillo, joined us for dinner on Sunday. After dinner the weather was sunny and nice so we all loaded up in the car and started out for a drive.

First we visited, the Bay Springs area where the Tombigbee waterway is still under construction. Then we stopped by Tishomingo State Park.

The park is really pretty this time of year. The many colors of leaves, brightened up the dull gray of the huge natural rocks. The nature trails were almost covered by the fallen leaves. The lonely sounds of autumn, the rustle of the leaves, the plunking of acorns falling from the trees were all around.

The swinging bride was the highlight of the trip for the children.

Then we went on to Iuka where the Yellow Creek Nuclear Plant is being built.

All we could see were lots of warehouse buildings and offices. The actual construction site was fenced off from the public view.

Our last stop was the top of the world, or at least the highest point in our area, Woodall Mountain. On top of the mountain, the view of the many, many, colored trees was breathtaking.

I am now totally convinced that fall is the most colorful season of all.

Mrs. Betty Pennington has returned to Virginia after spending two weeks with her mother, Lucille Phillips. Prior to Betty's visit, Lucille spent two weeks with Harry and Betty at their residence in Alexander, Va.

During the visit, they toured 10 states and Washington, D.C. Harry has been transferred to work in Washington for a period of three months. I know that they are anxious to get back to their home in Texas.

Happy Anniversary to Mr. and Mrs. Harry Pennington whose wedding anniversary

will be on Nov. 1.

Happy Birthday wishes for the week of Oct. 26-Nov. 1. go to Harold Taylor, Jerry Harris, Linda Enis, Larry Phillips, Angel Phillips, Eunice Rowland, Clint Carroll and Brad Nicholson.

Kelly Gentry has been reported as having been in the local hospital. Also Chester Lambert is in the hospital. Our best wishes for a speedy recovery for these and all the others who have been ailing.

Larry Lambert is home and doing well after having surgery at the hospital in Tupelo.

Mr. and Mrs. Larry Lambert, Marty and Jennifer joined with other family members, Mr. and Mrs. Jerry Henderson and Jerry Ray, and Dale Kendrick, for a birthday dinner honoring, Mrs. Sue Henderson. It was held on Sunday at Mrs. Lambert's mother's home, Mrs. Avis Fleming.

Darrell Beard of Memphis was a recent overnight

visitor of his parents, Mr. and Mrs. Clyde Beard.

Mr. and Mrs. Mike Dunaway and children recently joined with other family members for a Fish Fry at the home of Mr. and Mrs. Ben Dunaway in Saltillo. Special guests were Foy Dunaway and Debbie of Atlanta, Ga.

Sympathy is extended to the family of Henry Green on the passing of his grandmother, Mrs. Eunice Johnson. Mrs. Johnson died on Monday. Burial was Wednesday at New Hope Cemetery.

Our best wishes are extended to Milton Davis who has been ill. Also Martha White has been feeling a bit under the weather. Hope she is feeling better.

Mrs. Marie Burns, Mrs. Blinda Dunaway, Jennifer and Brock and Mrs. Coy Stutts attended an Avon Sales meeting in Corinth on Monday night.

Saturday visitors of Mr. and Mrs. Jerry Gann and Lori were Mrs. Dorothy Rhoads and Tammy of New Site.

Mr. and Mrs. Ted Burns, Mr. and Mrs. Mike Dunaway and children, Mr. and Mrs. Leroy Foster and Myrtle Cole enjoyed a Fish supper out in Corinth on Saturday night.

Friday night visitors of Mr. and Mrs. Henry Green, Bill, Bradley and Garland were Mr. and Mrs. Gaston Green and Norine Yearper and children.

**PRENTISS COUNTIANS INITIATED**—Prentiss County students selected for membership in Phi Theta Kappa, a national honor society at Northeast Junior College, are (l-r) David Lenzini, Booneville; Michael Triplett, Booneville; Giles McDaniel, Booneville; Janice Holder, Booneville; Rhonda Dunn, Baldwyn; Linda McDuffie, Booneville; and, Cheryl Storey, Booneville. The society, whose purpose is to promote scholarship, to develop character, and to cultivate

fellowship among junior college students, limits its membership to those regularly enrolled students within the upper ten percent of the student body scholastically who maintain a "B" average and who exemplify good moral character and recognizes qualities of citizenship. These students were among 14 who were initiated into the local chapter during the annual fall initiation ceremonies held recently in the Frank Haney Union.

## Halloween Should Be A Family Affair

Halloween shouldn't be for children only; it should be a family affair, says the Insurance Information Institute. Especially the trick-or-treating.

"Parents can help guarantee the safety of their children while trick-or-treating by going with them," says Nancy Golonka, director of consumer affairs for the Institute.

"Motorists present

perhaps the greatest danger since they may not be as careful as they should be of the witches, ghosts and goblins scurrying down dimly-lit streets."

Mrs. Golonka advises parents to place reflective tapes on their youngsters' costumes and trick-or-treat bags.

She stresses that motorists should drive extra slowly through residential

neighborhoods and honk their horns a few times when driving down side streets to let the kids—and their parents—know they're coming.

The Institute also offers these safety tips:

—Make sure costumes are not loose-fitting garments that could cause the child to trip.

—Use make-up instead of masks which obstruct the child's vision.

—Keep lighted jack-o'-lanterns or candles away from children or flammable materials.

—Plan Halloween parties at home or at a neighborhood facility whenever possible.

—Inspect all treats before allowing children to eat them.

**CULTURAL ARTS WEEK PERFORMERS**—Among the students who will be performing during the fifth annual Cultural Arts Week at Northeast Junior College, Nov. 2-8, are (l-r) Melissa McGee, Booneville; Peter Cowell, Iuka; and, Regina Daniels, Baldwyn. The event is designed to present programs of cultural interest in art, music, dance, and drama, using both professional and local talent.

## Festival Of Arts Announced

Members of the fine arts committee at Northeast Mississippi Junior College, this week, announced final plans for its fifth annual "Festival of the Arts," Nov. 2-8.

"In keeping with our effort to promote cultural interest in art, music, dance and drama, we are especially pleased with the activities we have planned for this year's festival," William T. Rutledge, chairman of the week-long event commented. "We feel fortunate in that we are able to obtain performing artists of such caliber for our students and the general public."

Mrs. Lida Rogers, a member of the National Council on the Arts will be present Sunday afternoon, when the week's activities begin with an art exhibition by Charles Mack Clark, a professional artist and chairman of the art department at Mobile College. Clark, while working in oil, watercolor and decorative porcelain, delivers a highly personal language visually pleasing and elegantly refined. Using eccentric figures and exotic environs, the artist gently persuades the viewer to escape into a refreshing world of panache that leaves artistic mediocrity far behind.

Also, on Sunday afternoon, Dr. John Paul and Charles Phillips, instructors at Jackson State University, will present a piano concert in Hines Hall Auditorium at 4 p.m. Included in the program are selections from Beethoven, Schubert, Ravel and Poulenc.

Dr. Paul, a native of Corbridge, Northumberland, England, was awarded the Licentiate diplomas in piano and organ performance and teaching, before graduating from the Royal Schools of Music in London. He received his doctorate from the University of Colorado. In addition to his teaching responsibilities, Dr. Paul is

choirmaster and organist at St. Andrew's Episcopal Cathedral in Jackson.

Phillips, whose teaching experience spans 20 years and ranges from the level of pre-college students through the master degree level, has performed with outstanding orchestras throughout the South and additionally has performed in recital in such diverse places as Arizona, Connecticut, California, Puerto Rico and the Virgin Islands.

A reception for the performing artists and Mrs. Rogers will be held immediately following the concert in the lobby of Hines Hall.

On Monday, Tuesday and Thursday evenings, the Department of Speech will present Paul Loomis' melodrama "Pure As The Driven Snow" in dinner theater performances in the Mississippi Room of the Frank Haney Union. Dinner will be served at 6 p.m. with curtain time at 8 p.m.

Written in the spirit of the old-time melodramas and combining all of the sure-fire situations from the best of them, "Pure As the Driven Snow" is destined to be placed among the outstanding successes for years to come.

On Tuesday, the Festival of Arts will present Ruth and Raymond Liebau, in a concert of nostalgia, featuring music of the thirties, forties and show tunes. Ruth has appeared with the Jackson Symphony as soprano soloist in the "Verdi Requiem," and also with the Tupelo Symphony. Raymond has performed in concert in the Southeastern and Mid-western United States. Included in his compositions are the scores to three musicals.

The Liebaus will be performing in Hines Hall Auditorium at 11:20 a.m.

Dr. John Crews, a published poet and instructor of English at the University of Mississippi, will present a reading of

selected poems from his own works Thursday, in Hines Hall Auditorium at 11:20 a.m. Professor Crews has given readings of his poetry on the University of Mississippi campus and before groups in Alabama, Georgia, South Carolina, North Carolina and Michigan.

Also, on Thursday, the Department of Art will present the film "Why Man Creates" in Hines Hall Auditorium from 1 until 2 p.m. Based on the Metropolitan Museum of Art's Centennial Exhibition, Masterpieces of Fifty Centuries, this inquiry-oriented program has been especially designed to help students understand why the history of art is the history of civilization. Great works of art and selected passages from literature and music are superbly integrated in this survey of the past. The film will be shown again Friday in Hines Hall Auditorium at 10:30 a.m.

During Fine Arts Week, Northeast students will perform Monday, Wednesday and Friday at noon in the Mississippi Room of the Frank Haney Union. Lisa Tolar, a member of the Tiger Dance Squad, will present a dance recital on Monday. Vocalists, Regina Daniels and Melissa McGee, and guitarist, Peter Cowell, will provide a program of contemporary tunes on Wednesday, and the Northeast Jazz Band, under the direction of Naz Rhodes, assistant band director, will present the entertainment for Friday's audience.

With the exception of the dinner theater performances, all programs will be free to the general public. Persons seeking additional information concerning any of the programs should contact the Office of Public Information by calling 728-7751 or toll free 1-728-7759, ext. 300. Tickets to the dinner theater may be purchased through the Northeast Business Office.

## Recession

# Recovery Not Convincing For Mississippi's Economy...

Mississippi's economy is not showing convincing signs of recovery from the recession, according to a recent statistical analysis of monthly economic indicators by the state Research and Development Center in Jackson.

Although adjusted retail sales figures registered slight gains in July, August, and September, other economic health indicators examined in the state were not encouraging, according to the R&D report. The indicators have been adjusted for seasonal and irregular factors.

"The adjusted retail sales figures for the June through September period give some optimism regarding the state's economic recovery," says Huntley Biggs, manager of the Center's Economic Analysis Division. "Generally, increases in sales precede recovery since they are an expression of consumer confidence in job and income prospects. However, the indicators based on employment figures do not yet indicate a turning point."

Total nonagricultural wage and salaried employment peaked in January, 1980, and has fallen steadily through August at a monthly rate of 0.7 percent, Biggs says.

Between July, 1979 and August, 1980, manufacturing employment has

experienced steady monthly declines averaging 0.9 percent. About one-fourth of the decline can be attributed to the reduction of the Ingalls Shipbuilding Division in Pascagoula, which since May, 1979, has laid off about 7,000 employees, the analysis notes.

Construction employment, too, has fallen steadily at an average monthly rate of 2 percent from December, 1979 through August, 1980, a steeper decline than any other employment sectors examined.

"Because of its linkage with other sectors, such as building materials and consumer durables, a weak construction sector will have a definite dampening effect on general economic recovery in the state," Biggs said.

Employment in the services sector—usually not so dramatically affected by the national business cycle as the manufacturing sector—has fallen steadily in the state from March through August, 1980, at a rate of 0.6 percent per month.

A rising trend of initial unemployment insurance claims, another gauge used to measure economic activity, is noted in the analysis. During the economic phase beginning in May, 1979, initial claims have increased steadily at a monthly rate of 4.7 percent.

"It's conceivable that

other economic barometers, if available, might give a different picture," Biggs says. "But basically, the employment indicators do not show that a turning point has been reached or that a recovery is underway."

## ... Outlook Is Bleak

The economic outlook for 1980 is bleak for Mississippi, according to the most recent econometric forecast released by the state Research and Development Center in Jackson.

The state can expect a decline in the gross state product again this year, following a lackluster performance in 1979. And real personal income—after adjusting for inflation—will fall by 1.9 percent in 1980, over twice the rate experienced during the 1975 recessionary year.

"Generally speaking, we can look for a steeper but less prolonged recession than in 1974-75," says Huntley Biggs, manager of the Economic Analysis Division of the R&D Center. There were two successive years of economic decline for the state during the last recession, but only 1980 is expected to turn in negative results this time, the report says.

The expected decline of 2.7 percent in real per capita income in Mississippi in 1980 will be greater than declines in either 1974 or 1975, the forecast says. In 1981 real personal income is forecast to register a 1.8 percent growth.

That increase, compared to the 7.6 percent rise that took place in 1976, indicates a rather slow recovery in the state.

A decline in the manufacturing sector's real output during 1980 is anticipated, according to the

forecast. In both durable and nondurable goods, manufacturing employment is expected to fall, 11.7 percent and 1.1 percent, respectively.

The state's manufacturing sector will show some positive gains in both output and employment by 1981, but recovery will not be dramatic, the report says. Not until 1982 will definite signs of strength be evident.

As in the last recession, contract construction will be especially hard hit, the forecast says.

"The combination of high interest rates, rising unemployment, and diminished spending have caused weakness this year in both the residential housing and commercial building markets," according to Biggs.

Retail sales are expected to grow about 8.8 percent in 1980. After adjusting for price increase, this implies a decline of about 1.7 percent in real sales. March through June sales this year increased at an average monthly rate of only 2.9 percent, compared to 5.5 percent last year.

Econometric forecasts for the state's economy have been published by the R&D Center each year since the introduction of the Mississippi econometric model in September, 1973. The Mississippi model originally was constructed as an aid in tax revenue forecasting.

## Throughout The State

# 'Child Find' Program Now In Operation

The State Department of Education and Mississippi schools are once again operating the Child Find campaign this year.

"Begun in 1975, these campaigns are aimed at locating, identifying and evaluating handicapped children," said Dr. Charles Holladay, state superintendent of education. "Child Find efforts are directed toward in-school children who need help, as well as out-of-school children."

"Once a child is located and identified," he said, "school personnel may request one of the ten Mississippi Regional Learning Resource Centers to assist with the evaluation and planning of educational programs for referred children."

"Last year, the centers performed a total of 22,778 evaluations on 6,373 children in 14 different areas," said Dr. Walter Moore, who heads the Division of Instruction's Special Education Section.

"Any child referred because of a suspected handicapping condition has a right to be evaluated. For a child in the age range 6 through 20, if the evaluation establishes eligibility for

special education services, that child has a right to special education and related services," he said.

These rights and others, including the right to an appropriate education that includes all major factors relevant to a child's educational needs, are spelled out in Public Law 94-142 and its regulations, in the Mississippi Plan for Education of Exceptional Children, and in the policies and procedures of local school districts. A parent has a right to ask for and get an impartial hearing in any case where a dispute as to a child's evaluation, or records, or educational placement cannot be settled with the local school.

"P.L. 94-142 also includes confidentiality rights," said Moore. Information regarding any referred child will be used only for the purpose of providing appropriate education for the child and will be available to the child's parents or guardian on their request.

"A person who understands the child's records will be available at the school to give parents any explanations needed so that they can understand the records," he said.

"Records may be destroyed when they are no longer needed," he said, "but this will not be done before parents are notified and are offered the records. When a student becomes of age, he or she has the same rights applicable to confidentiality that his or her parents have. However, if the child is seriously handicapped these rights may continue to belong to the parents."

Child Find activities include news releases and other public an-

nouncements, including letters and talks to various parent groups and civic organizations. Each district publicizes the name and telephone number of its Child Finder.

Additional activities, directed toward identifying children in school who may be in need of special help, will be carried out in all districts. Moore said, "These include hearing and vision screening for first and fourth graders; observation of children in classrooms;

readiness testing of first graders; aptitude and achievement testing of children in specified grades with follow-up reviews to identify any problems;

studies of all children referred by parents, agencies, or the State Department of Education; special workshops for teachers on the referral-to-placement process for children who have handicaps; and special study of children who are failing in remedial programs."

## In Equipment Damage

# Current TVA Program Saves About \$500,000 Per Year

An innovative program which reduces wear and tear on TVA construction equipment is saving the agency and its customers some \$500,000 a year in equipment damage.

This program, which provides for sampling oil from heavy equipment used in construction, was initiated at Phipps Bend Nuclear Plant in January

and has since been expanded to include equipment inspection at all major construction sites and several smaller ones.

The program requires the taking of periodic oil samples from such heavy equipment as tractors, scrapers, graders, and cranes. The samples are then analyzed at a laboratory at TVA's new

Central Maintenance Facility near Watts Bar Nuclear Plant in east Tennessee.

Already this year, more than \$30,000 was saved on three pieces of construction equipment at the Bellefonte Nuclear Plant in north Alabama and the new Pickwick Lock project near Iuka, Miss.

Indian  
Graves  
Protected

The Department of  
Archives and History,  
responding to an appeal  
from the governor of the  
Chickasaw Nation, will  
take a harder line in urging  
the enforcement of  
Mississippi law against the  
desecration of Indian graves  
in Mississippi.

"We are hoping for a  
tougher policy of en-  
forcement under a new  
interpretation of the burial  
law by the attorney  
general's office," said  
Elbert R. Hilliard, director  
of the Department of  
Archives and History. "We  
sympathize with the  
Chickasaw Nation's demand  
that desecration of graves in  
the ancient homeland of  
their ancestors by a few  
pothunters must be stop-  
ped."

Informed of pothunting  
activity in Chickasaw grave  
sites in North Mississippi,  
the Department sought an  
opinion from the Attorney  
General regarding the  
application of Mississippi's  
"burial law," which imposes  
imprisonment or fine upon  
persons convicted of opening  
a grave with the intent to  
move, sell or steal the body  
or other contents. The  
opinion from the  
Attorney General's office  
states that Section 97-29-23,  
Miss. Code Ann. 1972, "the  
burial law," makes no ex-  
ception to age, race or  
religion, "and would apply  
with equal force to historic  
or prehistoric burials."

According to Hilliard, it  
has been difficult to enforce  
the burial law, but with a  
new awareness of Indian  
rights and a new opinion  
from the office of the  
Attorney General, the  
Department of Archives and  
History hopes to enlist the  
support of private citizens as  
well as law enforcement  
officials in protecting Indian  
grave sites.

Hilliard says that  
pothunters, who remove the  
grave goods from Indian  
burials, are often unaware  
of the illegality of their  
actions, and that when their  
actions are reported to the  
Department, they will be  
informed of the law. Local  
law enforcement officers  
will be informed of the  
illegal action, and urged to  
enforce the burial law.

Governor Overton James  
of the Chickasaw Nation  
wrote the Department of  
Archives and History from  
Ada, Okla., that "it has  
come to the attention of my  
people that a few individuals  
in Mississippi have been  
relentlessly desecrating the  
graves of our ancestors.  
This must end, and it must  
end now."

The Chickasaw dead were  
trated with the greatest  
respect and dignity. Funeral  
ceremonies were sacred,  
and the Indian's possessions  
were buried with him, in  
order to make his next life  
happy and prosperous. A  
belief of the Chickasaw  
religion is that when a  
Chickasaw person is buried  
improperly, or his grave  
disturbed, his spirit cannot  
rest throughout eternity.

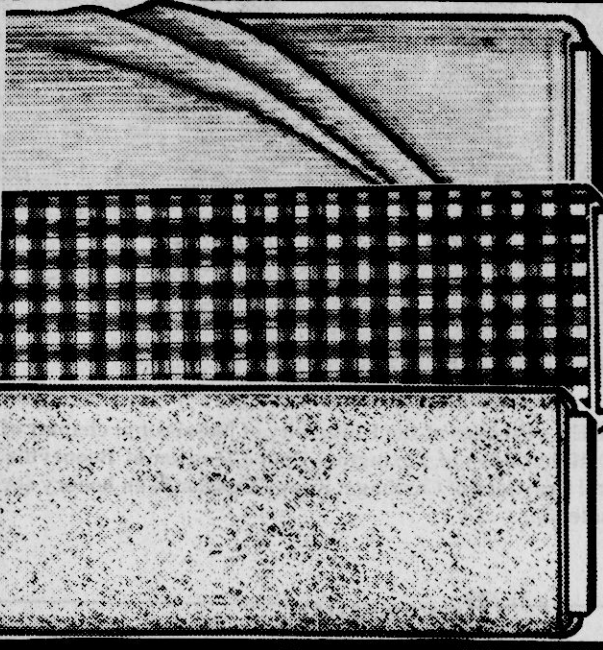

Governor James writes:  
"That people would steal  
from the graves and leave  
the spirit to wander is un-  
forgivable to a Chickasaw."

## Where Will it End?

Inflation hits hardest at those who can least afford it: the growing family, senior citizens and the wage earner. A 15% inflation rate is equal to more than a 15% decrease in the wage earners income. T.K. Moffett knows how hard it is to keep up with rising prices and rising taxes. He is committed to reversing this trend.

## Restored Prosperity For Farmers!

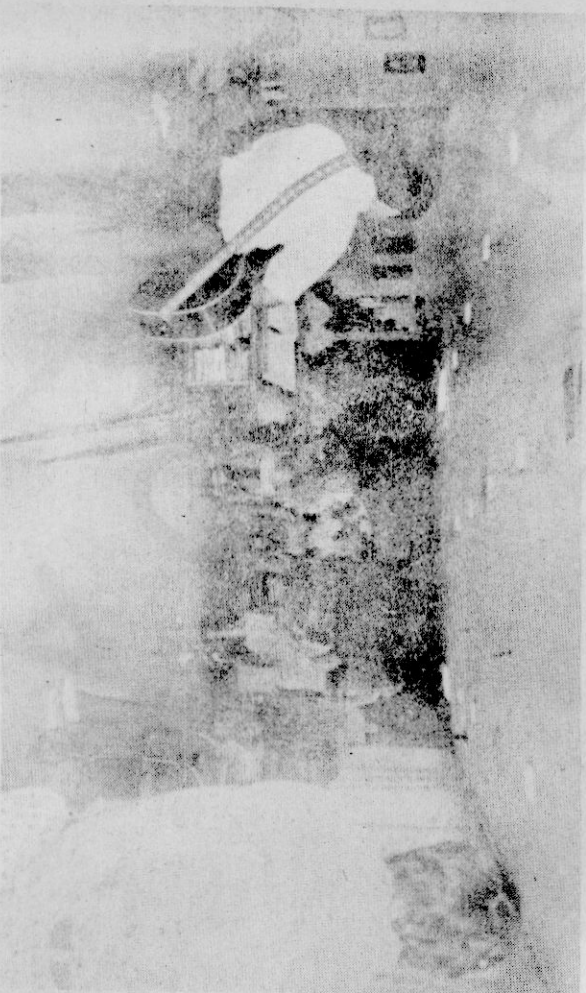

The Mississippi farmer has suffered along with the rest of the consumers; buying products raised on the farm after they are processed, packaged and resold. During this process government taxes and red

tape skyrocket prices on those same food stuffs. T.K. Moffett has deep roots in Mississippi soil and understands the plight of the American farmer.

## T.K. Is ● Baptist ● A Mason

T.K.'s love and respect for the elderly is reflected in the pleasure he receives from singing for them.

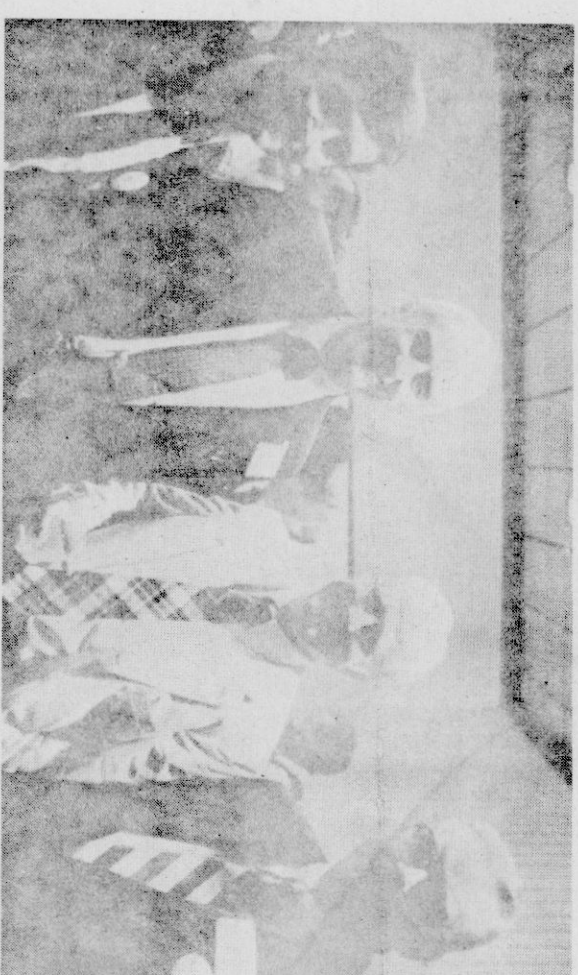

One of America's most valuable assets, our senior citizens

have been hit hardest by inflation created by reckless Government and bureaucratic programs that indirectly attack those on fixed incomes.

## T.K. Is Respected Among State Leaders

Leon Bramlett and Jan Mounger rejoice over the prospects of a new congressman for Mississippi.

Anticipation of a new congressman is high with National Committee Man Clark Reed, Maj. Gen. Bill Gresham (Ret.) and Jake Mills.

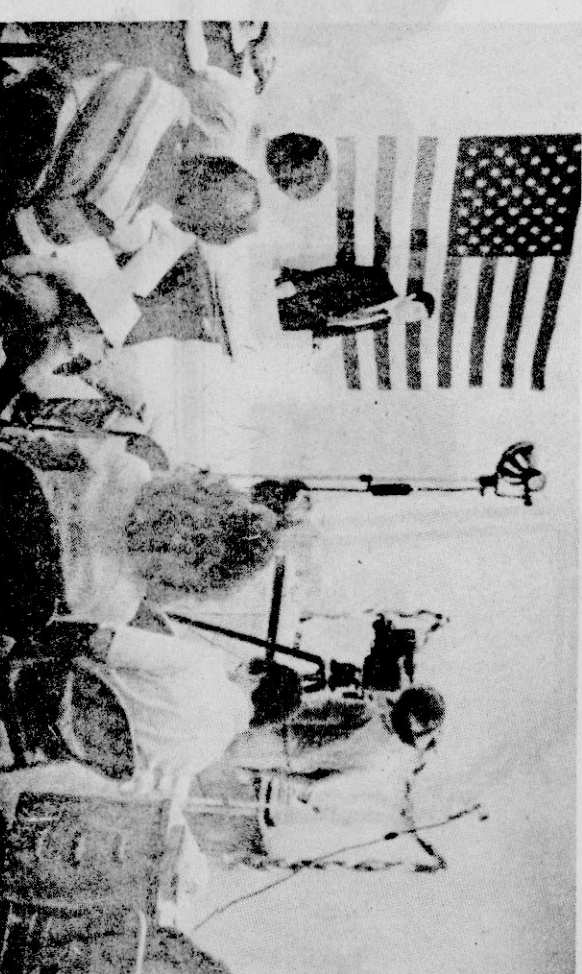

Mississippi Congressman Trent Lott looks forward to the addition of the Moffett ability in Congress.

T.K. and Mississippi Republican Party Chairman Mike Retzer discuss the campaign at a Jackson gathering.

T.K. chats with Circuit Court Judge Thomas Gardner at Moffett Campaign fundraising luncheon in Tupelo.

T.K. addresses issues affecting North Mississippians at his weekly news conference.

## A Heritage

## To Remember!

# Your New Voice In Congress, Will Be Heard

Michigan Congressman Guy Vander Jagt at the recent reception for T.K. in Washington D.C.

"...I am happy to support your candidacy for the United States House of Representatives."

Ronald Reagan

T.K.'s qualities are recognized by leaders at all levels.

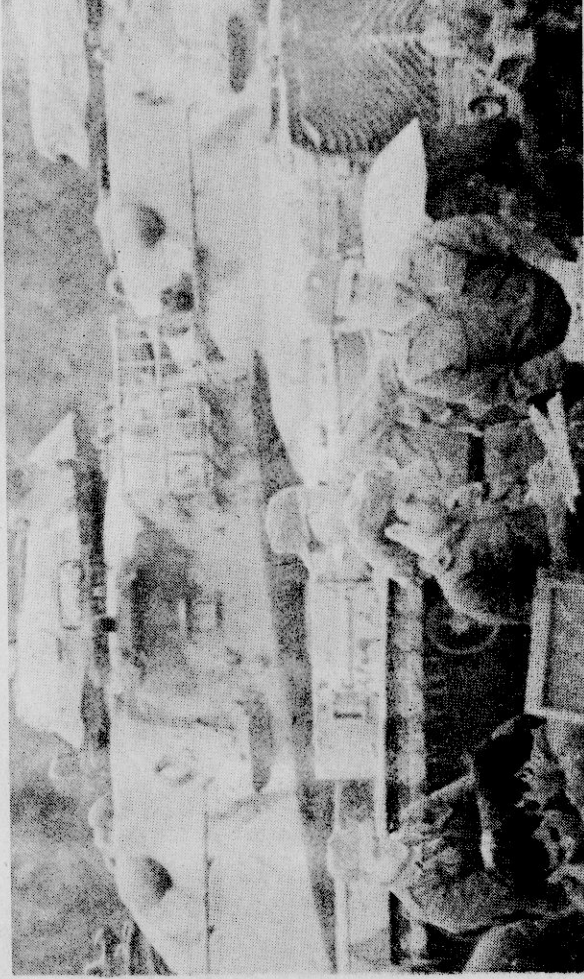

T.K. served 5 years in the Army as an airborne infantryman

"First Lt. Moffett is a confident and innovative officer who seeks responsibility and thrives on the challenge of professional leadership... This officer is an outstanding supervisor, who demands responsibility and mission accomplishment from his subordinates."

...Capt. John B. Ross, III, Co. Cdr. 19th Infantry (8-3-73)

"Prepare in time of peace to be able to win in time of war."

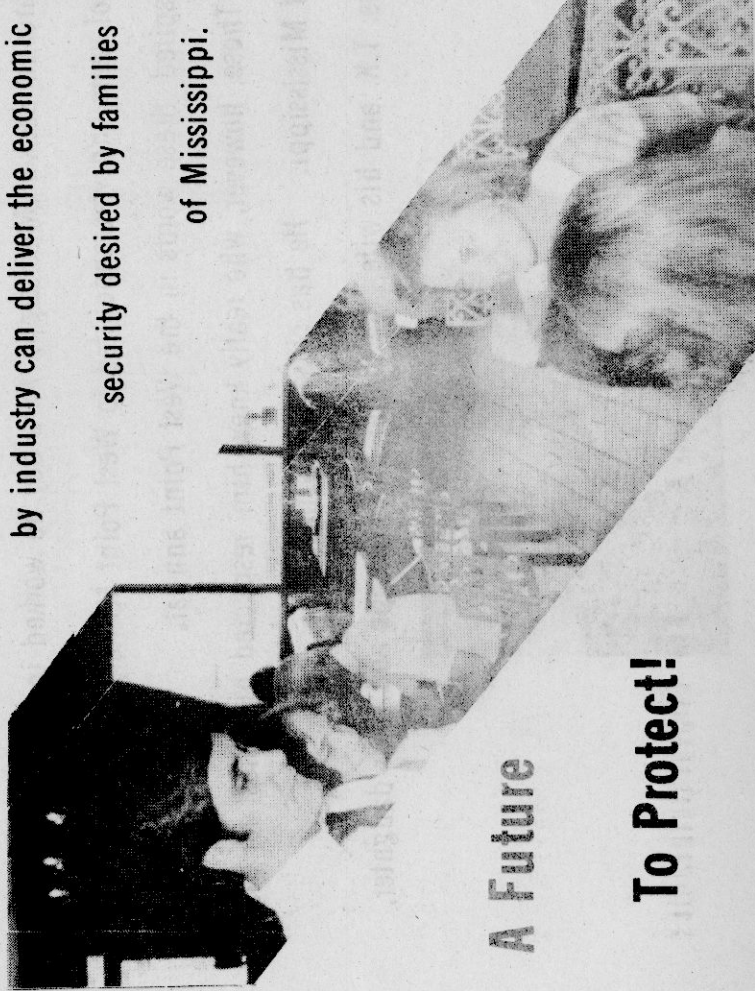

Capt. Moffett inspects National Guard unit.

T.K. Moffett believes a weak defense is an invitation to aggression - We have no right to ask America's youth to serve in

our armed forces with outdated or poorly maintained equipment. Our national defense is a matter of survival.

## T.K. Is ● Captain In The Mississippi National Guard

T.K. knows that only the development of new jobs by industry can deliver the economic security desired by families of Mississippi.

A Future To Protect!

T.K. believes in the sovereignty of the American family and the sacredness of God-created human life. He is a defender of those values in the truest sense.

# From Humble Beginnings...

T.K. Moffett was born the son of a tenant farmer in Becker, Mississippi. As a boy he worked in the cotton fields with his older brothers and sisters. He excelled during his school years and was appointed to West Point Military Academy by Congressman Tom Abernathy. His performance at West Point inspired these words in the West Point annual.

"Professionally done was stamped on every task he performed. Those, however, who really knew him respected him most for his strong belief in God." T.K. is a cut straight from the heart of Mississippi. He has close family ties and enjoys going back to visit his birthplace, which still stands. T.K. and his wife, the former Rita Millsaps and their daughter, Tara Leigh, live in Tupelo, where he is an attorney.

Lutter and Lucille Millsaps, T.K.'s in-laws, are lifetime residents of Mississippi.

Dear T.K.:

America is at a crossroads!

In November, Americans can change the direction in which the country has been heading for the last four years. Our nation cannot continue to drift, nor our prestige and leadership continue to erode.

To reverse this harmful trend, we need to elect men and women such as yourself who are deeply dedicated to strengthening our economy, tightening our national security, who are sensitive and responsive to our unemployment problems and who want to help resolve our deteriorating national situation in a sensible, practical way.

The Republican Party does have a plan; it does have a way to get our country moving again. In order to carry out that plan, we need to send men and women to Washington who believe in promoting the American dream. That is why I am happy to support your candidacy for the United States House of Representatives.

As a Member of Congress, you can help provide that strong link we need on Capitol Hill.

All of us working together, can truly make America great again—Americans proud, again.

Best wishes for a successful campaign.

Sincerely,

RONALD REAGAN
