## Would Like To Quit

# McCauley Says He Will Not Run For Second Term

By KEN CHRISTIAN  
Editor

Prentiss County Sheriff John McCauley is frustrated—frustrated over state's laws which he says will not let him do his job properly, but mainly frustrated over the lack of funds with which to properly operate his department.

He is so frustrated that, after just 15 months in office, he already says he will not seek a second term.

"I'm through (at the end of the four-year term)," he said Thursday of last week. "I never had a job I wanted to give up more. If I knew somebody would take the job and do a good job, I would quit."

McCauley, who will be 60 years old Sunday, said he wants to make everyone aware of "what a bum job the sheriff's office is doing, and why."

"There is no way possible with the number of men and the amount of money I've got that I can do a good job as sheriff of Prentiss County," he said.

He said he is allowed four deputies, at salaries of \$800 per month; three radio operators-dispatchers at salaries of \$562 per month; and one secretary, who he says he will lose with the demise of the CETA program.

The sheriff said the deputies are only making \$100 more than what deputies were making 8 years ago. Based on the number of hours they work, he figures they make less than \$2 per hour.

He said the minimum personnel he would need to do a proper job would be six deputies, two full-time investigators, four dispatchers, and one secretary.

McCauley is currently operating under a \$152,232 budget, about \$116,000 less than what he had asked for, but \$45,607 over last year's budget. He stressed that he is not criticizing or fighting the Board of Supervisors, who establish his budget.

"They told me they divided the money the best they could and that anything extra would be taken from other departments," he said. "I believe what they told me. They said all other departments were cut and that ours was the only one to get an increase over last year."

McCauley said the Booneville Police Department operates with a budget of over \$200,000 and the Mississippi Highway Patrol gets practically anything they want.

"I'm not fighting the Highway Patrol," said McCauley, who was a Highway Patrol officer himself for almost 23

years. "I always want to feel a part of the Highway Patrol. I don't think they have anything they don't need."

"The main thing I want people to know," he said, "is how one-sided it is and how impossible it is for a sheriff to operate on such a low budget."

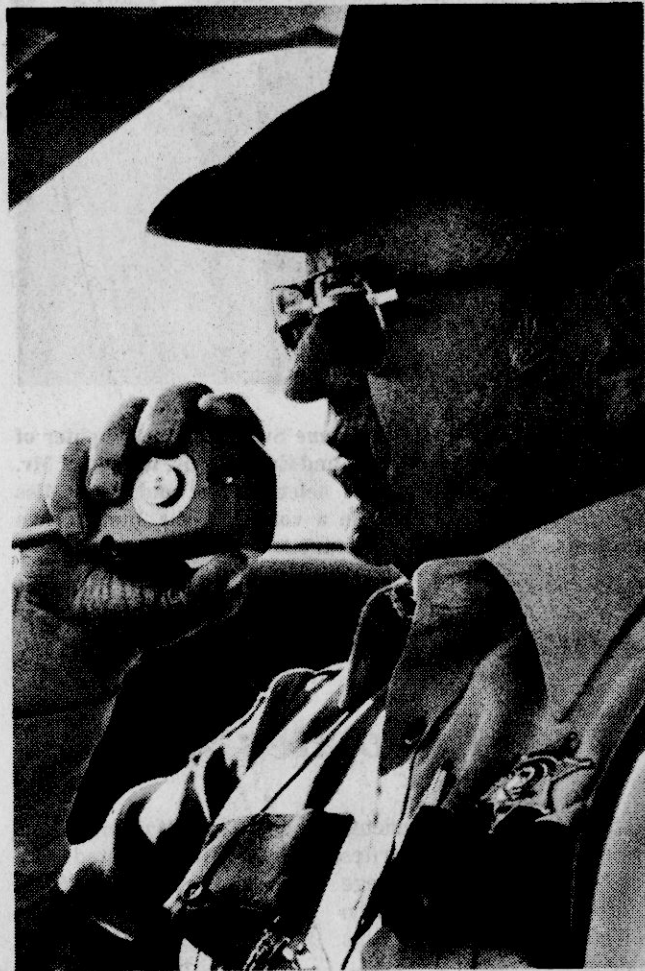

He said his department has four patrol cars in all. "I want everybody to know my department operated for two days recently with only one automobile," he said. "The rest were in the shop."

"My car has over 50,000 miles on it," he said. "All the rest have much over 100,000—one over 200,000."

He said he would not blame a deputy who refused to answer a call which would involve a high speed chase. "No, I wouldn't fire him, because I feel his life would be in danger at 100 miles per hour," McCauley said.

The chances for immediate improvement do not look good. "I've got \$2,000 in my budget to buy cars with," the sheriff said. "What we planned to do was buy a used Highway Patrol car at the sale. We went and every decent car they had went for more than what I had in my budget."

## After Long Slump

# Sales Tax Collections Up

For the first time in several months, sales tax collections for the city of Booneville have climbed above the amount collected during the same period a year ago.

According to the State Tax Commission, city sales tax collections for Booneville during February were up by more than \$1,700 from the same month a year ago. The city showed collections of \$36,983.51 in February 1981, compared to \$35,283.67 in 1980, an increase of more

than 5 percent.

In January 1981 sales tax collections for Booneville were almost the same as collections in January 1980, down by only a few dollars.

February 1981 sales tax collections for other selected towns follow, with February 1980 figures in parenthesis: Ashland \$4,248.23 (\$4,580.52); Baldwin \$13,674.08 (\$17,276.74); Corinth \$9,622.59 (\$8,410.22); Fulton \$17,113.21 (\$15,252.20); Hickory Flat \$1,611.38 (\$1,514.08); Holly Springs \$32,181.04 (\$31,615.85); Houston \$25,012.44 (\$19,533.33); Iuka \$26,900.27 (\$23,092.82); Myrtle \$508.21 (\$717.77); New Albany \$49,400.13 (\$38,618.60); Oxford \$66,820.72 (\$70,571.92); Pontotoc \$32,745.67 (\$28,508.02); Ripley \$29,306.20 (\$29,491.21); Senatobia \$38,543.41 (\$21,412.81); and Vicksburg \$534.38 (\$219,307.08).

## Of Northeast Trustees

# Keenum Named Chairman

Thomas D. Keenum, a Booneville attorney, was named chairman of the Board of Trustees at Northeast Mississippi Junior College during the board's regularly scheduled March meeting.

A graduate of Jumpertown High School, Keenum attended Northeast before entering the Jackson School of Law where he received his L.L. B. degree in 1967.

Keenum, who succeeds Jimmy Dean of Corinth as chairman, has served on the board of trustees since 1973 and has served as chairman of the Buildings and Grounds Committee for the

past two years.

He is married to the former Patsy Geno of Booneville, and they have one son, Tommy. The Keenums are members of the West Booneville Church of Christ.

In addition to the election of Keenum as the board's chairman, the group selected Bob Yarbber of Belmont as vice-chairman.

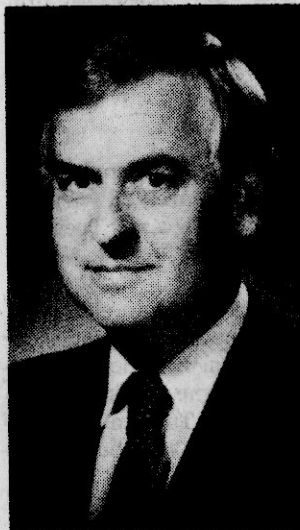

Roy Green of Booneville was named to represent Prentiss County, replacing Jimmy Ramey, whose term

expired in February.

A native of Prentiss County, Green is a graduate of Marietta High School and a 1963 alumnus of Northeast Junior College. He is presently involved in a farming interest in the Marietta Community.

Green is married to the former Linda Moreland of Booneville, and they have one daughter, Melanie.

Larry McCollum of Corinth was also named to represent Alcorn County on the Northeast board.

# Aldermen Qualify For Re-Election

The remaining three Booneville aldermen who had not previously qualified to seek re-election this summer, did so last week, bringing the total number of candidates seeking the five aldermen-at-large positions to seven.

Another candidate also qualified to seek the post of chief of police, making a total of three in that race to date.

Those qualifying last week to seek re-election to their alderman posts were Wade Lambert, Jack Arnold and Norman Young. The other two incumbents, Charles Steen and Bluford Allen, had

previously qualified.

Willie D. "Dicey" Jumper and Jimmy Jones are also seeking an alderman post.

Johnny Lee Nichols this week became the third candidate to qualify for the chief of police post. Incumbent W.W. Stacy and challenger R.C. Calton had qualified previously.

Incumbent Mayor Charles Crabb is still the only candidate to have qualified for that post.

The municipal election will be held May 12. The deadline to qualify to run in that election, and the deadline to register to vote in that election, is April 10.

# Local Industry Begins Work On Expansion

H&W Industries Inc. is expanding their operation in Booneville with a new product and a new building. Ground breaking ceremonies for the new

building were held Friday morning. It will house operations for an entirely different type of product from what the company is now producing in

Booneville.

Located in the Prentiss County Industrial Park, H&W Industries currently manufactures plastic pipe—water pipe, sewer pipe, and DWV (drain-waste-vent) pipe. The new building will house a plant to produce vinyl siding by an extrusion process.

Randy Heath, president of H&W Industries, said he hopes to be in the new 23,000 sq. ft. building by around June. The contractor, S&J Steel Builders of Booneville, was to begin work on the building Monday, weather permitting.

This latest expansion should initially add about 20 employees to the company's payroll, Heath said.

"We will move two people in, but the rest will be hired

# Supt. Lex Cain Stands Surgery Well

Prentiss County Superintendent of Education Lex Cain underwent surgery Wednesday of last week in Tupelo for the removal of a malignant tumor.

Although the doctors had to remove one lobe of his lung, they say they are greatly encouraged since no trace of the cancer was found in the lymph nodes nor in the blood.

"He is making great progress," a spokesman for

the superintendent's office said yesterday.

His doctors feel he will experience a full recovery, the spokesman said. "They don't anticipate any further problem; they think they got it all."

The doctors said that Cain should be able to come home Friday, and could possibly be able to resume the duties of his office in about three weeks.

For more than seven years many local governments have come to depend on the Comprehensive Employment Training Act (CETA) program for a large part of its work force. But after May 1 CETA funds will not be available, and those governments must find other sources of funds to pay those employees or curtail services.

According to Board of

Supervisors president J.P. Davis, Prentiss County has had as many as 30 employees paid with CETA funds in the past and currently has about 27. But all of these jobs will end by April 17, except for Becky Keeton who serves as county administrator of the programs.

The CETA program is financed with federal funds and administered through the Development and Training Department of the

governor's office.

"The program has been cut back every year," Davis said, "but it is now being discontinued completely. We have talked to everybody, trying to salvage at least a part of it, but it hasn't helped."

"We tried to get lapsed funds from other counties who are not using their slots and we have talked with the state office," he said, "but nothing has helped."

Davis said positions being lost by the county include sheriff's department, 1; welfare department, 1; tax assessor's office, 2; circuit clerk, 1; chancery clerk, 2; first district, 3; third district, 4; fourth district, 3; fifth district, 3; county landfill, 2; and fire safety, 5.

The fire safety personnel include one fireman at Jumpertown, one at Marietta, and three stationed at the Booneville Fire Department to serve

the county.

"For several years now these CETA-paid employees have been figured into our budget," Davis said. "And now that this part of our budget has been cut, we have a real problem. All we can do is search the budget for places we might cut back in order to provide more essential services."

The schedule calls for all clerks to be terminated April 3, heavy equipment

operators April 9, road laborers April 16, and safety maintenance employees April 17.

The safety maintenance contract, which is under Title IV of the CETA program, was scheduled to continue until Sept. 30, but the contract was cancelled. The other positions are under Title II-D of the program.

The loss of these funds will

cost the county \$12,500 to \$14,000 per month. William L. McKinney, fifth district supervisor, said the program cuts means he will lose 60 percent of his labor force.

"The CETA program has been a tremendous asset to the county in the past, but losing it now leaves us in a real jam," Davis said. "Everybody will have to work a double load for the same pay if we can hope to keep our heads above

water."

"I've always said loss of the CETA program would leave us in bad shape, and now it's here with no visible means to replace this lost revenue," he said.

"The county will have to find a way to pay for what we have been getting with state and federal funds," Davis said. "But there is no way we will be able to pick up the tab for everything, and the alternative will be to cut back on services."

## Local Students Named Class Favorites At NE

Six Booneville students were named class favorites at Northeast Junior College during the annual who's who elections held earlier this spring.

Favorites include Debbie Brooks, Ralph Griffin, Tommy Keenum, Jackie Leach, Rhonda Newman and Tammy Parr.

Debbie, a freshman computer science major, is the daughter of Mr. and Mrs. Leroy Brooks. A member of the Northeast Lady Tigers basketball team, she was also named to the homecoming court.

Ralph, a member of the Tiger basketball team, is a freshman electronic data processing major. He is the nephew of Mr. and Mrs. Leroy Brooks.

Tommy, a freshman music major, is the son of Mr. and Mrs. Thomas D. Keenum. The Booneville High School graduate is drum major for the Nor-

theast Tiger Marching Band and was also seated first chair alto sax in the All State Junior College Band Clinic held earlier this year.

Jackie, a sophomore starter for the Northeast Tigers, is majoring in hotel-motel restaurant management technology. He is the son of Mrs. Mae Ella Leach.

Majoring in business administration, Rhonda is currently serving as secretary on the Student Government Association. The daughter of Mr. and Mrs. James Newman, Rhonda will be featured in the school yearbook as Homecoming Queen.

Tammy, a sophomore fashion merchandising major, is the daughter of Mrs. Kay Parr and the late Joe Parr. A Tiger dancer for two years, she was named sophomore maid of the homecoming court.

of the Board.

Under the revised policy, veterans desiring loans will be permitted to file a "pre-application" request with the Board on an open or continuous basis with no further "closed" periods.

## McCauley Says

McCauley is aggravated that the Highway Patrol is so much better funded than sheriff's departments. "My deputies work at least twice the hours of the men on the Highway Patrol," he said. "They (the deputies) average better than 80 hours per week; some ran up a total of 115 hours last week. But a Highway Patrolman with 10 years experience makes twice as much as my deputies."

McCauley said there are five Highway Patrolmen who patrol Prentiss County, using three cars. Two of them also patrol in Lee County, but three patrol exclusively in Prentiss County.

"We recover 10 to 1 stolen automobiles as the Highway Patrol," the sheriff said. "I am quite sure it can be checked that we arrest as many or more drunk drivers in Prentiss County as the Highway Patrol."

The Highway Patrol's job is to keep traffic moving at a safe and reasonable speed on state roads, McCauley said. "I think they do a fine job, but when we recover 10 to 1 stolen automobiles, I think we deserve more funding."

"I think it should be left to the people to weigh this thing to see which has the higher priority—speeders on the highway or having their homes broken into while they're at work," the sheriff said.

"Either the Highway Patrol is bad overrated or the sheriff's departments are bad underrated," he said. "It seems the Legislature is not interested in the sheriff's departments at all, but most everything the Highway Patrol asks for, it gets."

McCauley is also miffed at a recent decision by the Highway Patrol not to let its officers work roadblocks with sheriff's officers. "It hurts my feelings that I was a part of the Highway Patrol for 22 years and 8 months and then I am elected sheriff and the Highway Patrol is told not to work roadblocks with sheriff's departments," he said. "That can't help but hurt your feelings."

Another problem his department faces, McCauley said, is the lack of training for officers. "There is no one at the Academy to train officers for sheriff's duty," he said. "Our biggest problems are family disturbances and there is no way to train for that because no two are alike."

The sheriff blames many of the country's problems on drugs and alcohol. "The country will sit on its heels and watch itself go under because of the dope situation," he said. "Most family situations are caused by drugs and-or alcohol. With the proper budget, we could control the county situation, but we can't clean up the drugs until the laws are changed."

What does McCauley think is the answer to his problem? "I would appreciate it if the legislators would just take a look at the situation," he said.

"We need to get the Legislature to give the Board of Supervisors the authority to add on what mills are necessary to properly budget the sheriff's department," McCauley said. "I would like to see a tax put on something people don't have to have, such as alcohol or cigarettes."

McCauley says he does not expect to see much improvement in the operation of the sheriff's office during his term. But, he says he would be happy if he could get things the way they should be for the next person who holds the office.

"I would feel good, feeling I were instrumental in bringing the sheriff's department up to what it could be," he said, "whether I could enjoy it or not."

## Local Industry

(Continued from Page 1)

locally," he said.

H&W Industries currently is running three shifts and employs about 65 people, he said.

The addition of the new building will be the second expansion for the local

company since it began operations in Booneville in September 1978. The first came last summer when the plant was enlarged by about half the size of the original building.

H&W Industries has also recently purchased the building formerly occupied by the All Weld and Fabricating Company, which is no longer in operation in Booneville. The new building will be constructed directly behind that building.

Booneville Mayor Charles Crabb said Friday that H&W Industries has also been approved for an additional 10 acres in the Prentiss County Industrial Park for possible future expansion.

## BIBLE QUESTION BOX

QUESTION: Mr. Hogland I am a little confused about the use of body, soul and spirit as they are used in the Bible, would you care to comment?

WARD HOGLAND

ANSWER: I can understand and relate to your confusion. This is a rather difficult area, yet when one studies the entire Bible it is rather clear. First, permit me to say that the word SOUL (Hebrew: nephesh; Greek: psuche) and SPIRIT (Hebrew: ruah; Greek: pneuma) sometime mean the same thing. However, one must understand that this is not always true. In the Bible many times the word SOUL means a person, who by being alive has both body and spirit united. For example, from the family of Jacob, seventy-five souls went down into Egypt. The SOUL that sinneth shall surely die (Ezek 18:20). 3,000 souls were saved on the day of Pentecost (Acts 2:41). Every SOUL is to be subject to the powers that be (Romans 13:1). Sometime we refer to a person as a "Poor soul." Remember also that the word SOUL sometimes refers to people in the disembodied state. (See Rev. 20:4; Acts 2:27, etc.) Here, as many places in the Bible, the CONTEXT must tell you the meaning of the word.

## Education From The Sky

**PROGRAMMING CHANGE**—Dwarfed by the towering satellite receiving station of the Booneville cable system, Mrs. Opal Melvin, site coordinator at Northeast Junior College, and Emmett Carr, of the Booneville Video Company, look over the schedule of coming programs on the Appalachian Community Service Network. The cable company has shifted the ACSN programming from Channel 6, which it had shared with the ESPN Sports Network, to Channel 11. The local Mississippi ETV station which has occupied Channel 11 is being shifted to Channel 12, which has been vacant on the cable system.. (Photo by Ken Christian)

### On Booneville System

## ASCN Programming Gets Its Own Channel

Through the cooperation of the Booneville Cable System, viewers of the Appalachian Community Service Network programming will now have their own channel. Since the ACSN (formerly AESP) began broadcasting through cable television in the fall of 1979, the Northeast Mississippi Junior College Site has shared channel 6 on the Booneville Cable System with the ESPN Sports Network. With the installation of a new modulator, ACSN programming will now be shown exclusively on

channel 11, from 6 a.m. to 6 p.m., according to Mrs. Opal Melvin, site coordinator. In October 1979, when ACSN began its broadcasting on cable TV through Satcom I, the Booneville Video System became the first and is still the only cable system in Mississippi to offer the ACSN programming to its subscribers. The residents of Booneville are the only residents in Mississippi who can register for homeviewing of courses which offer graduate, undergraduate, continuing

education units (CEU's) or re-certification credit. Workshops and seminars on various subjects have also been of special interest to many ACSN viewers. "Because we serve a five-county area, we still maintain a classroom setting on a tape-delay basis to accommodate other special interest groups from our service area," Mrs. Melvin said. "To date some 1,500 individuals from all facets of our population have registered for at least one of the courses of workshops."

## Marietta Receives Equipment Grant

The city of Marietta has received approval of a \$1,412 grant from the Mississippi Forestry Commission to be used in the purchase of equipment for the Marietta Fire Department. The grant, secured with the help of the Prentiss County Development Association, is in the amount of \$1,412 and must be matched with an equal amount of local funds. With the money, the city plans to purchase one

booster hose reel, two 20-lb. fire extinguishers, four pairs of hip boots, four hats, two breathing units, four sets of gloves, one roof-mount spotlight and four

deck lights. The purchase order for the equipment is expected to go out sometime this week, a spokesman for the mayor's office said.

### Soybean Day Set April 2

An educational program on soybean production will be held April 2, beginning at 9 a.m. at the community center in Booneville. The time for this meeting was reported incorrectly last week. All Prentiss County people who grow soybeans are invited to the meeting to gain information that will help with production practices, says county agent W.H. Haden. Any other interested persons are also invited to attend. The meeting will adjourn at 11:30 a.m.

### For Prentiss County

## May Is Community Fund Month

The Prentiss County Community Fund's annual board of directors meeting to elect officers for 1981-82 will be held at 5 p.m. Monday, March 30, at the Peoples Bank and Trust Company in Booneville. May has been designated as Prentiss County Community Fund month. The community fund raises money for the support of 12 community agencies by

calling on merchants and individuals in Booneville and Prentiss County only one time each year. Agencies supported by the Prentiss County Community Fund are the American Red Cross, the Mental Health Fund, Boy Scouts, Girl Scouts, Cerebral Palsy, Cystic Fibrosis, Prentiss County Rescue Squad, RCDC, 4-H Club, USO, Prentiss County Good-

fellows, and the Prentiss County Cancer Fund. Betty Williams, executive secretary of the Prentiss County Community Fund, pointed out that the American Cancer Society also conducts a fund raising campaign about this time each year. However, she said that people who donate to the local community fund are not making two contributions to that agency. "The national

organization will not permit any funds through the community fund because they feel they can get more money through their own campaign," she said. "None of the money raised by the community fund goes to the national cancer society," she said. "It stays here to help Prentiss County cancer victims." Ralph Smith is the current president of the Prentiss County Community Fund.

## PCDA Pleased With Labor Survey

The labor survey conducted over the past two weeks in Prentiss County by the Prentiss County Development Association has resulted in about 700 names of persons interested in seeking employment with a nationally known, but as yet unidentified, company which is considering the possibility of locating a plant in Booneville. PCDA executive director Doug Mansell said he is well pleased with the survey. The results of the survey is expected to be a major factor in the decision of the company as to whether or

not the plant is located here. Company officials have indicated that they have narrowed their choices down to Booneville and one other city, and Mansell feels they may be leaning toward Booneville at the present time. If the company does decide to build here, officials said it would initially hire between 70-80 local employees, mostly male, and would build a 50,000 sq. ft. plant in the Prentiss County Industrial Park. "All we can do now is wait for their decision," Mansell said.

## Police Recover Stolen Trailer

The Booneville Police Department, working with investigators of the Mississippi Bureau of Criminal Investigation, has recovered a \$20,000 platform trailer which was reportedly stolen last year in Illinois. Booneville Policeman Joey Cobb said the Ravens 40 ft. aluminum trailer was stolen from Kalumet Park, Ill., on August 11, 1980. It was owned by Furlow's Garage of Cumberland, Md. Cobb said the trailer was recovered Saturday morning after a lengthy investigation. "It was one of many things under investigation on thefts

coming out of Illinois," he said. When the trailer was recovered, it was being pulled by a truck, Cobb said. No charges have been filed pending further investigation. The Booneville Police Department and the Mississippi Bureau of Criminal Investigation have also recovered a Ford 3000 tractor reported stolen last summer from Hal Storey of Booneville. The tractor was recovered near the Tennessee state line in Alcorn County, Cobb said.

## Awards Banquet Set For March 3

The "Third Annual Meeting of District Cooperators and Conservation Awards Banquet" will be held Tuesday, March 31, at 7 p.m. at the Booneville West Side Community Center, according to Dalton Garner, chairman of the Prentiss County Conservation District's board of commissioners. Featured speaker at the annual meeting will be French Early, cattleman and conservation district cooperator from Monroe County and Billy C. Griffin, State Conservationist, Soil

Conservation Service, Jackson. Special recognition will be given to individuals throughout the county who have done an outstanding job of practicing and promoting soil and water conservation. Garner reminds all district cooperators to make their reservations for the meeting and banquet meal by notifying the district office prior to 5 p.m. Friday, March 27. The office is co-located with the Soil Conservation Service at 107 College Street, Booneville, phone 728-3544.

Legislative Report

By Billy McCoy  
Representative District III  
Prentiss And Alcorn Counties

During a time when all Americans are being asked by their government officials to conserve and economize and during a time when many agencies and departments have undergone severe budget restraints, it is sometimes interesting to note the priorities legislators place on available dollars.

To be very honest, many times these priorities are based on the "law of fittest survival" or what is best for "me and mine." Instead of seeking to use every tax dollar on essential services that benefit all citizens in all areas, legislators are many times caught up in the scramble to fund pet projects or institutions in their own area.

Last week the House of Representatives considered Senate Bill 3012 which is the appropriation bill for the Board of Economic Development. I was a bit upset to find that the House Appropriations Committee had amended the bill to increase funds going to the

International Ballet Competition to be held in Jackson.

An amount of \$325,000 was set aside for this purpose. In a year when the President has stated even the federal government cannot continue to fund such causes, it seems a bit strange that the state, with its meager resources, would spend them in such a manner.

I voted for an amendment that would have removed this from the bill. Because this amendment failed and because I could see few of the over \$4 million this bill appropriated coming to northeast Mississippi, I voted against the entire bill.

Another bill which each year creates much interest and controversy is the one that appropriates money for the State Building Commission. This bill determines which state properties and institutions will receive funds for capital improvements. These are funds to build new buildings and to renovate or repair old ones.

This bill, which provided for expenditures of over \$32 million, did not provide any specific funds to be used in northeast Mississippi. Again this year I took a very active part in an effort to amend this bill to secure needed renovation and repair funds for our 16 public junior colleges.

The occasions are few when Appropriation Committee recommendations are overturned. This was one of those occasions. We were able to put one and a half million dollars in the bill for the junior colleges. Of course Northeast Mississippi Junior College will receive its share of these funds.

There are major differences between the House and Senate on the Highway bill. Another bill in conference of interest to all educators is the minimum program bill which includes: revisions for the teacher pay scale. Hopefully, the conferences can reach agreement on this bill this week.

Spring Is For The Birds

Spring has officially arrived, the but-tercups are blooming and birds are everywhere—including in the office of The Banner-Independent.

Somehow each spring, birds of different varieties manage to work their way into our office. Usually, this happens over night and we are sometimes greeted with a blackbird, bluebird or even a redbird in our lobby when we come to work in the morning.

But, that is not always the case. Just last Thursday, I was sitting at my desk talking to publisher Paul Miller, who was standing in the doorway leading from my office to the lobby. Suddenly, I saw something black go streaking behind his head, following by a loud thud.

Lying on the floor was a very surprised, semi-conscious blackbird who had just discovered the hard way that you can't fly through a plate glass door—at least not while it is closed!

We helped the unfortunate bird out: onto the front lawn, where he sat for a few minutes, shaking his head every few minutes. He finally recovered his senses enough to shakily fly away.

Again Monday of this week we had a feathered visitor. We didn't see him, but a customer who came into the office Monday afternoon told us about him.

The customer said he stopped at the newspaper office Monday morning before we had opened for business. After he discovered that the door was locked, he noticed a bird pacing back and forth on the inside windowsill in my office.

The gentleman said he walked up to the window and the bird came right up to the glass and peered at him.

Several birds have had unfortunate experiences with our front windows.

From the point of view of the birds, I feel it must be very disturbing mentally, not to mention painful physically, to be calmly flying along, minding your own business,

when you suddenly fly head on into a clean (well—maybe somewhat dirty) glass window!

Most of our unfortunate feathered friends who have had the experience of our front window have recovered and flown away after a few minutes rest. But, can you imagine the psychological effect such as experience could have?

If you were the bird, do you think you could ever feel comfortable flying again? You would never know when once again you might meet some of that "solid" air!

If birds had mental health counselors, I wonder what one would say to the victim of such an experience—"It's the result of progress; something you will just have to live with?"

I don't know how the birds themselves manage to get their brains unscrambled after such an event, but I do know one thing—more than one of them has left and "editorial comment" on my window sill before flying off into the blue!

Eyes On Mississippi

Saving Tenn-Tom May Require Trade-Off

By BILL MINOR  
Columnist

JACKSON, Miss.—Last July at the Republican National Convention in Detroit, some of the top advisors to presidential candidate Ronald Reagan came before the Mississippi delegation to explain what a Reagan administration would do about cutting out existing federal programs.

One of those Reagan braintrusts was Sen. Alan Simpson of Wyoming, who made quite a hit with the Mississippians. Afterwards, Mississippi's Republican Senator, Thad Cochran, who presented Simpson, was asked by a reporter if Simpson wasn't a leading figure in a Senate movement to kill the Tennessee-Tombigbee Waterway project.

"Whew, I'm glad nobody asked about Tenn-Tom," Cochran sighed. It was true,

he admitted, that Simpson only a couple of weeks earlier proposed a wholesale slash in funds for the unfinished waterway across Northeast Mississippi.

After a bitter fight last September, Simpson and the other western senators who supported his move, lost, but barely.

Since then some important changes have taken place. Simpson and his Republican co-horts are now in a majority in the United States Senate, and Ronald Reagan, whom he was speaking for last July, is now in the White House.

All of this spells Big Trouble for the Tennessee-Tombigbee Waterway, something which became quite evident the past week when Simpson and the western bloc in the Senate teamed up in the Senate Environment and Public Works Committee and put

through a resolution to terminate the project. Although the committee does not control actual spending, its action portends what is to come.

The big ditch to link the Tennessee and Tombigbee Rivers across Northeast Mississippi has been whistling past the graveyard for several years, ever since President Carter put it on his water projects "hit List" back in 1977. It took a whole lot of string pulling by Sen. James O. Eastland and Sen. John C. Stennis to get Carter to take it off the list back then.

In 1980, foes of Tenn-Tom, who succeeded in popularizing the notion that the project as the biggest boondoggle in the federal porkbarrel, very nearly scrapped the waterway, losing only 216 to 196 in the Senate and 52 to 37 in the Senate.

Only the fact that Cong. Jamie Whitten, the cagey old Mississippi Democrat, is chairman of the House Appropriations Committee apparently saved Tenn-Tom in the House last time, and Whitten had to do a lot of strong-arming then to do it.

On the Senate side, old John Stennis and his young GOP colleague, Thad Cochran, walked the aisles, making an intensive one-on-one with the campaign help of their colleagues in Alabama, Tennessee, and

Kentucky, the other states on the waterway, to pull the waterway through.

This time, Tenn-Tom could very well become a major pawn in the battle over Reaganomics on Capitol Hill. Because so many programs with strong constituencies in Congress are slated for meat-cleaver cuts in the Reagan budget, backers of Tenn-Tom fear the big public works project underway in Mississippi could become a prime target as an alternative way of saving money.

Actually, the Reagan budget puts Tenn-Tom down for \$201 million to continue construction next fiscal year, which would keep the project going fairly well on schedule. But that's a long way from getting it through Congress, as evidenced by the vote in the Senate Environmental and Public Works Committee that saw some key Reaganites joining with some Democrats to scrap the project.

The Tennessee-Tombigbee Waterway is the only really big public works project ever undertaken by the federal government in Mississippi, and it was so long in coming that the cost, projected back in the late 1960's at around \$200 million, has now escalated to \$1.9 billion. Critics say it will cost a whole lot more to finish it, and the economic benefits from it will be less

than the cost to build it.

Tenn-Tom was authorized by the Congress way back in 1946, but for the next 20 years or so, Mississippi's congressional delegation was so busy using up what influence it had to stop civil rights legislation that the state was cut out when the congressional pork-barrel was distributed for public works projects. The huge project finally was started in 1972.

Now the spectre of being left with a 27 mile long dry ditch—an "ugly scar all the way across Northeast Mississippi," as Gov. William Winter put it last week—has become a grim possibility for this state, that needs all the economic help it can get.

Two selling points are going to be stressed by the Tenn-Tom forces to try and convince Congress. One is that the project is now 55 per cent complete, with \$1.1 billion already spent or under contract, and the other, that the waterway will be a cheap method of transportation and the best route to haul a tremendous amount of coal out of Kentucky.

But to save Tenn-Tom, Mississippi's delegation in Congress may have to go along with some other budget cuts that will greatly upset others in Mississippi. It looks like a very tough year in D.C.

Senate Report

By Bill May  
Senator District 5  
Itawamba, Prentiss and Tishomingo

This past week the members of the Finance Subcommittee of the Ways and Means Committee of the Mississippi House of Representatives had an in-depth and detailed briefing on the housing finance bill from the director of the State Board Advisory Division of the Office of the Governor.

This bill, if enacted, would authorize the issuance by the Mississippi Housing Finance Corporation of up to \$200 million in revenue bonds for both new and existing housing under the new federal Mortgage Subsidy Bond Act of 1980.

The State of Mississippi had an exceptionally good experience with the \$150 million bond issue authorized in the 1980 session under previous federal law.

Having been briefed on the matter, we members of the Finance Subcommittee had very serious reservations as to whether or not the housing finance bill, under circumstances as they now

exist, is in fact in the best interests of the home-building industry and prospective home owners.

First, the federal regulations to implement the 1980 federal act are not yet complete, therefore there is no way to know exactly what the legislature would be passing when they voted on the measure.

We had talked with the federal people involved in writing the regulations and they cannot assure our people of the final results. It would be no more than assuming on our part to pass legislation in which we do not have the final federal regulations that will control the state law.

Secondly, the economy at best is in an uncertain condition. At present, bonds would sell at approximately 11 percent and would be made available to home buyers at 12½ percent. Last year the bonds sold at 9.7 percent and were made available to home buyers at 10.625 percent.

The present rate of a

conventional mortgage loan is 14 percent. The prime interest rate is down 4 percent from two months ago. If that trend continues, the mortgage bond interest rate to home buyers would be unmarketable.

Being aware of the distress in the housing industry but taking all factors into consideration, we have concluded that the best thing to do at this time is wait until the federal program is better identified and there is more stability in the financial market.

If and when these factors are resolved, it would appear that this program is feasible and in the best interests of the housing industry and the prospective homeowners.

A special session to accomplish congressional redistricting has already been recommended to occur later this year. This session, if called, could easily include legislation relating to an additional issue of housing revenue bonds.

Legislative Letter

By Tim Ford  
Representative District 18  
Lee and Prentiss Counties

The 1981 Session of the Legislature is winding down for final adjournment on April 5, 1981.

The next two weeks will be devoted primarily to work in conference committees, which are special six-member committees appointed to work out differences in House and Senate amendments to various bills.

By next week we will have about 125 appropriation bills in conference committees. The main purpose in the case of these appropriation bills will be to cut and trim these bills to come within the expected revenue. It appears at this time that about \$26 million will have to be taken out of these bills to bring the total appropriations within the revenue and give the state a balanced budget.

Other important bills still pending are:

HIGHWAYS. The Senate amended H.B. No. 1383, which was the highway

funding bill, with a strike-all amendment.

This amendment in effect replaces this bill with three bills passed earlier by the Senate, the most important of which was a bill to divert \$42 million from the State General Fund to the Special Highway Fund, with an increased diversion over the next five years to \$80 to \$90 million. This bill has now gone to conference.

JUSTICE COURTS. The House has passed a bill to reconstruct the justice court system in this state. This bill provides basically for the following:

(1) Makes justice court jurisdiction county wide rather than restricted to the beat where the justice resides;

(2) Provides for justices to continue to be elected from the beats;

(3) Provides for justices to be paid on a fee basis until October 1, 1982, and then be paid on a salary according to population of the county;

(4) Provides for a court clerk who would assign all cases on a rotating basis;

(5) Reduces the number of judges elected in 1984 to not more than two per county, except in larger counties; and

(6) Increases jurisdiction from \$500 to \$1000.

The Senate will no doubt amend this bill to make some technical changes; however, I feel sure a workable bill will be passed in the next two weeks.

HOUSING BILL. The bill passed by the Senate providing for the issuance of \$200 million in bonds for lower interest housing loans appears to have been killed this week in House subcommittee.

TRUCK WEIGHTS. This bill was finally passed this week when the Senate concurred in House amendments and sent the bill to the Governor. Gov. Winter has until Saturday, March 21, to sign or veto this bill.

**GUEST SPEAKER**—Janice Wallace (center) of Mantachie, second lieutenant governor of the Louisiana-Mississippi District of Pilot International, was guest speaker at the annual joint meeting of the Pilot Club and Business and Professional Women's Club Thursday at Northeast Junior College. Shown with Mrs. Wallace are Nelwyn Murphy (left), Pilot Club president, and Barbara Shackelford, BPW Club president.

## Pilot And BPW Clubs Hold Annual Joint Meeting

The annual joint dinner meeting of the Booneville Business and Professional Women's Club and the Pilot Club of Booneville was held at 7 p.m. Thursday, March 19, in the Alumni Room of the Frank Haney Student Union building at the Northeast Mississippi Junior College with the Pilot Club serving as the host club.

Mrs. Nelwyn Murphy, president of the Pilot Club presided and approximately 60 members and guests attended.

The executive board had charge of the program, and the dinner table decorations depicting "Spring in the South" featured colorful arrangements of azaleas, daisies, and hyacinths accented with honey-comb tissue umbrellas in pastel shades.

In keeping with the Southern theme, Mrs. Susan Cartwright and Mrs. Cindy Green, Pilots, sang a duet of a medley of Southern

melodies. They were accompanied by Doug Holland at the piano.

The invocation was given Mrs. Sarah Pounds, and the Pledge of Allegiance was led by Mrs. Ann Prichard. Both are past presidents of the Pilot Club.

Mrs. Murphy welcomed the guests and Mrs. Barbara Shackelford, president of the Business and Professional Women's Club responded.

Two outstanding high school seniors, Miss Terina Hatfield of Wheeler and Miss Connie Sue Kennum of Booneville, were recognized for outstanding accomplishments.

Miss Hatfield, the daughter of Terry and Mrs. Yvonne Hatfield, was introduced by Mrs. Blanch Carter, past president of the Business and Professional Women's Club, as the B and PW Student of the month.

Mrs. Lousie W. Peeler, immediate past governor of the Louisiana-Mississippi District of Pilot Inter-

national, recognized Miss Kennum the daughter of Mr. and Mrs. Conlee Keenum, as the Pilot Good Citizenship Girl of the month.

The guest speaker, Mrs. Janice Watson of Mantachie and Second Lt. Governor of the La.-Miss District of Pilot International, was introduced by Mrs. Robie McDaniel, vice-president of the Pilot Club.

Mrs. Watson began her talk by saying that as women "we not only want to help our fellow man, but we want to improve ourselves." She then took as her topic ten words, "If it is to be, it is up to me."

She emphasized the wise use of the letters "SOS," saying they stand for Study, Opportunity and Service. Mrs. Watson urged the maintaining of a positive attitude and climaxed her remarks by saying "Yesterday is buried, tomorrow is unborn, and today is the time to act."

Mrs. Murphy announced that Mrs. Mary Gault Nabors has been named the pilot of the Month. Mrs. Nabors, a talented pianist, played dinner music throughout the evening.

Favors for the guests were individual cards brought from Jerusalem by Mrs. Murphy. They featured flowers from the Holy Land.

Special guests included Mrs. Yvonne Hatfield and Mrs. Conlee Keenum, mothers of the two honored high school seniors, and Miss Karen Cole of Memphis, granddaughter of Mrs. Mabel Nelson.

Sunday guests of Mrs. R.H. Kelly and Miss Ann Kelly were Mrs. Barbara Baldwin of Tulsa, Okla., and Miss Joan Massey of Booneville.

Congratulations to the men's team of Christ United Methodist Church for winning second place in the church league at the Gaston Baptist Gym Friday night.

Donna McCoy and Kevin of Booneville were Sunday visitors of Mr. and Mrs. Dayton Mayo and DeLanna.

Mr. and Mrs. Kerry Saylor, Scharla and Laura of Amory were weekend guests of Mr. and Mrs. Archie Saylor.

Congratulations to Donna Copeland for being selected "Miss Sunshine" in the 14-17 age group.

Recent guests of Mrs. R.H. Kelly and Miss Ann Kelly were Betty Roberts and Sam of Tupelo, Mr. and Mrs. Hallie Graham, Mrs. Bernie Palmer, and Mrs. Mary D. Shelton and Mary Alice of Geeville, an Angelia Smith of Thrasher.

The youth of Christ United Methodist Church will attend a Spring Retreat at Camp Lake Stephens on Friday through Sunday. The Rev. Gerald Chaffin and other adults will accompany the group.

Mr. and Mrs. Bill Deaton and Angela left Sunday morning for their home in Sherman, Texas. The Deatons spent an enjoyable week with relatives and friends.

Amon Trantham has left the local hospital for a nursing home in Corinth. Friends are anxious for him to improve and return home.

Tim Rowland of the University of Northern Alabama, Florence, and Jim Worley of Mississippi State University were home for the weekend.

Mr. and Mrs. Jimmy Tollison were guests of Mr. and Mrs. Otis Cox for a delicious fish dinner in Corinth Saturday evening.

Best wishes for a speedy

recovery are extended to Mrs. Vester Coats who is a patient in the Decatur, Ala., hospital, Mrs. Edna Garner and Lex Cain of the Tupelo hospital.

Weekend guests of Mr. and Mrs. Author Barnes and Jack were Mr. and Mrs. Jerry Wayne Barnes and family of West Memphis, Ark.

Miss Margaret LeCroy attended a birthday dinner at the Sheraton in Tupelo Thursday evening. Mr. and Mrs. Ed Gholston of Starkville honored Miss Lula B.

Gholston.

Mr. and Mrs. John Billy Thomas, Jeff and Jim of Jackson visited Saturday with the L.L. McAlpins.

Mr. and Mrs. Roy Hare of Hill's Chapel, Mr. and Mrs. Keith Kelly and family of Wheeler Grove, and Mr. and Mrs. Bob Kelly and Mathew of Booneville were eating Saturday night with Mr. and Mrs. Robert Kelly.

How do you spend your time? The poem by Phyllis C. Michael certainly makes a point.

It only takes a minute

To say a word of cheer;  
It only takes a minute  
To dry a fallen tear;  
It only takes a minute  
To lend a helping hand;  
It only takes a minute  
To try and understand;  
It only takes a minute  
To make and keep a friend;  
It only takes a minute  
Some broken heart to mend;  
It only takes a minute  
To brighten someone's day;  
Then use this very minute  
Before it slips away.

## Local Scouts In Tupelo Show

Four units of Boy Scouts from Prentiss County plan to participate in the Yocona Area Council Scout Show this weekend in Tupelo.

Jimmy Russnogle, area Scout executive, said the Scout Show, which will be held from 1 to 5 p.m. Saturday at the Tupelo Fair

grounds, will be attended by boys from Pack 76 and Troop 76, sponsored by the First Pentecostal Church; from Troop 37, sponsored by the First United Methodist Church; and from Troop 79, sponsored by Brown Shoe Company.

The Scout show is an opportunity for the scouts to

display some of the skills they learn in Scouting, Russnogle said. Scouts from 12 counties in northeast Mississippi will be participating, he said.

For those interested in attending, he said, tickets can be purchased from any local Boy Scout or at the gate.

## Learn the Art of Interior Decorating

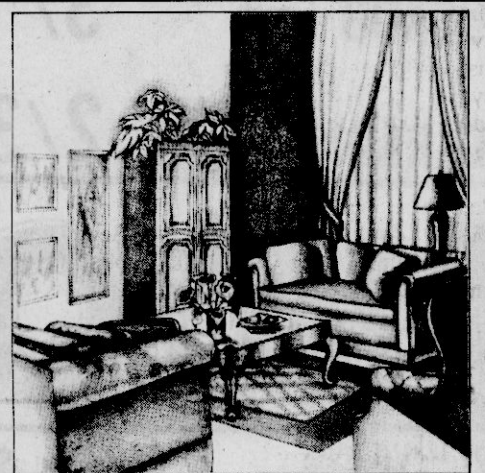

Enroll Now  
in Dickerson's Exciting New  
Decorating Course

Now, you can do it yourself! In our six week course, you'll learn the basics of professional decorating. You find out how to choose and coordinate colors, how to arrange furniture, how to mix styles for the Eclectic Look, how to select floor coverings and fabrics, or how to make the best use of the things you already have.

You'll learn how to choose the right accessories, how to make a floor plan, or a room plan. At the end of the course you'll know how to manage your decorating budget, and how to avoid making costly mistakes.

You'll have professional and personal attention. As part of the course, you'll be taken on a visual tour of hundreds of beautifully decorated idea rooms by a specially produced audio-visual program. Your instructor will use the program materials to help you solve your personal decorating problems.

Low cost. The complete cost of our course in interior decorating is just \$35. The student workbook is included. Since classes will be filled on a first come, first served basis, you should make your reservation as early as possible. Call now!

## Local UM Student Named To KDP

Mrs. Sammie Lee Pounds, home economics teacher at New Site High School, was one of eight educators initiated into the Zeta Eta Chapter of Kappa Delta Pi at Ole Miss on Feb. 27.

Kappa Delta Pi is an honor society in education that encourages high professional, intellectual and personal standards, and recognizes outstanding contributions to education.

Individuals are invited to become members of the society by vote of the chapter. High records and

an exhibited professional attitude are prerequisites.

Mrs. Pounds received a master of arts degree in home economics last August from the University of Mississippi, maintaining a grade point average of 4.0 throughout her graduate program.

She also has membership in Kappa Omicron Phi, a national honor society in home economics, as well as the American Home Economics Association and Mississippi Professional Educators.

On 98th Birthday

## Mrs. Sanders Gets Card From Reagan

Mrs. Dora Sanders of the Aletha Lodge Nursing Home got a very special card for her 98th birthday. It came from President Ronald Reagan and his wife Nancy in Washington, D.C.

Mrs. Sanders was 98 Saturday, March 21. A party was held for her at the Brewer Street home of her grandson and his wife, Mr. and Mrs. W.L. Sanders Jr. Guests included her 92-year-old sister, Mrs. Ollie Ables, and her son, Brooks, of Dennis, Miss.

Mrs. Sanders' children who attended were Mr. and Mrs. Marvin McDowell of Brandon, Fla.; Mr. and Mrs. Leslie Miller of Booneville; Mr. and Mrs. Tommie Sanders of Tupelo; and Mr. and Mrs. Cleo

Sanders and Mr. and Mrs. Hubert Sanders of New Site. Mr. and Mrs. W.L. Sanders Sr. of Tampa, Fla., were unable to attend but phoned.

Mrs. Sanders' grandson and his wife, Mr. and Mrs. Terry McDowell, and great-grandson Paul came from Brandon, Fla., and her granddaughter and her husband, Mr. and Mrs. Kenneth Smith, came from Memphis for the birthday party.

Several friends also stopped by to visit her. Mrs. Sue Glenn prepared the birthday cake and everyone helped with the dinner.

Mrs. Sanders received many gifts, and cards, but she was especially proud of the one from the President and Mrs. Reagan.

## 'Near Famous' To Attend Annual Charity Ball

The fourth annual Charity Ball, sponsored by the Booneville Junior Auxiliary, will be held March 27 at the American Legion building.

The highlight of the program will be the presentation of Prentiss County's Outstanding Citizen Award.

The theme of the evening's entertainment is "Hollywood Burlesque, Flicks and Flops." Twenty local high school and college young women will be featured in the program.

The evening also promises some "near" famous celebrities as presenters of the awards in the tradition of the Oscar.

Tara, a five-piece band from Atlanta, Ga., will provide music for the evening's dancing.

The doors will open at 7:30. Invitations must be presented for admittance.

All proceeds from the event will be used for Junior Auxiliary projects to benefit children.

No invitations are being sent locally but all friends and relatives are invited to attend.

## Home Economist's Notes

By CLAIRE T. ROSS  
Extension Home Economist

It's chicken cooking time and April 1 is the deadline for entering the chicken cooking contest.

Chicken continues to be an American favorite for any meal any day of the week, but still a feature for Sunday dinner and always prized for the grill. Broiler-fryers rate high in popularity as a protein choice with appealing economy and menu versatility.

Start now thinking of possible chicken recipes you might enter in this year's cook-off.

This is the 8th annual Mississippi Chicken Cooking Contest. So, if you have a really unique chicken recipe, send it in before April 1. Eight district winners will be chosen by officials of the National Broiler Council. These eight Mississippians will compete in the state contest to be held Friday, May 15, in Jackson.

The state winner will have the opportunity to compete in the National Chicken Cooking Contest to be held in Ocean City, Mo., on July 29, where the grand prize will be \$10,000. Transportation to

and from the Mississippi Cook-off, lodging and meals during the cook-off will be provided for each of the eight finalists.

Anyone can enter. And, if you have several good recipes, you can enter all of them.

Call me at 728-5631 if you need more information.

**TASTY CHICKEN THIGHS**  
6 broiler-fryer chicken thighs  
1/2 cup Italian dressing  
2 cups corn flakes, crushed  
2 tablespoons Parmesan cheese  
1/2 teaspoon salt  
1/4 teaspoon pepper

In a large shallow bowl,

place chicken; pour Italian dressing over chicken and marinate, turning frequently, for about 1 hour at room temperature. In a small shallow bowl, mix together corn flake crumbs, Parmesan cheese, salt and pepper.

After chicken has marinated, remove one piece at a time, and place in crumb mixture and turn to coat evenly. Place chicken on a lightly oiled shallow baking pan.

Bake, uncovered, at 400 degree F. for about 1 hour or until fork can be inserted in chicken with ease. Makes 3 servings. (Mississippi's Winner in 1980-Mrs. Vorena T. Clark-Webb, Mississippi)

## Rienzi News

By VIOLA PRESLEY  
Correspondent

Harrell Doty of Memphis, Mrs. Hubert Doty and Mrs. Gene Harris were in Bells, Tenn., Monday to attend funeral services for a close family friend. Mrs. N.D. Storey of Columbus, Miss. Mrs. Storey passed away Saturday. She was making her home in Columbus with her son, the Rev. Henry Storey.

The funeral was Monday afternoon at the Walnut Hills Baptist Church with burial in the church cemetery. Sympathy goes to all the family and friends.

A very delightful bridal shower was given Sunday afternoon in the fellowship hall of the Rienzi Baptist Church, honoring Sheila Roten, bride-elect of Buddy Johnsey. Hostesses for this happy time of sharing gifts and enjoying the hours of fellowship and friendship were Mrs. Milton Bishop, Mrs. Wiley Gann, Mrs. Charles Palmer, Mrs. Edward Switcher, Mrs. David Potts, Mrs. Cecil Weatherbee and Miss Viola Presley.

More than 60 guests were present and the many useful and beautiful gifts were opened and displayed for the admiration of all.

Guests were welcomed at the door by Miss Presley. In charge of the gifts were Mrs. Potts and Mrs. Weatherbee who graciously kept them moving from the honoree to the tables for the gifts.

The refreshment table was covered in a pink ruffled cloth, reaching to the floor.

### It's A Boy

Larry and Tammy McKinney of Rienzi announce the birth of a son, Robert Matthew, born Feb. 20 and weighing 8 lbs. 5 oz.

Grandparents are Mr. and Mrs. Billy Wilburn of Rienzi and Mr. and Mrs. Cleston McKinney of Booneville.

Great-grandparents are Mr. and Mrs. R.E. Massengill of Booneville, Mrs. Marie Taylor of Corinth, and Mr. and Mrs. Arnold Pettit of Houston, Miss.

An arrangement of pink and burgundy silk flowers centered the table. Mrs. Switcher, Mrs. Gann and Mrs. Palmer served dainty squares of white cake with pink and burgundy flowers. Mrs. Bishop served a pink beauty fruit punch from a crystal bowl. Crystal compotes held mints and toasted nuts.

The wedding colors of pink and burgundy were further featured in napkins. The hostesses presented Miss Roten with a pink carnation corsage tied with burgundy ribbon.

Special guests included Mrs. Wilburn Roten of Corinth, mother of the bride-elect; Mrs. Melvin Johnsey Jr., mother of the prospective groom; Mrs. Melvin Johnsey Sr., grandmother of the prospective groom and his aunt, Mrs. Polly Lauderdale of Booneville. Out-of-town

guests included relatives and friends from Booneville, Hinkle, Kossuth, Bigger-ville and Corinth.

Mrs. Edith Madison and Mrs. Marie Smith spent last week in Memphis with relatives of Mrs. Smith.

Mrs. David Potts, Mrs. Charles Brimingham and Mrs. Carey Troy Rinehart were in Tupelo Sunday where they attended a hair style show at the Ramada Inn.

Friends of Mrs. Marie Baker are delighted to know she is recovering nicely from a recent illness. Her family is happy to have her coming home from St. Frances Hospital in Memphis.

Mr. and Mrs. Henry Palmer have returned home from a visit in Scottsboro, Ala., with Mrs. R.L. Pounders and Mrs. Bobby Harold Cooksey and their families.

Mrs. K.E. Smith of Corinth visited this week with Mr. and Mrs. Melvin Johnsey Sr.

Mrs. Erma McKinney of Booneville was a Sunday guest of Mr. and Mrs. Melvin Johnsey, Jr. and attended evening services at the Rienzi Baptist Church.

The Rev. and Mrs. Glen Edmonds and children have returned to Millport, Ala., following a visit with Mr. and Mrs. V.J. Johnsey.

Mr. and Mrs. Truman Smith came home Saturday from the Baptist Hospital in Memphis where Mr. Smith had been a patient for several weeks. Their many friends were truly grateful to welcome them home.

Guests of Mr. and Mrs. Frank Eldridge and Mrs. Della Massengill over the weekend were Mrs. Gary Eldridge and Todd Eldridge of Meridian; Mr. and Mrs. John McDonough of Fulton

and Mrs. Maxine Martin.

The happiest congratulations are being given to Mr. and Mrs. Bobby Christian upon the arrival of a fine baby boy Wednesday at the Medical Center in Tupelo. He has been named Fred Allen and all of our townspeople join Bobby and Wanda as he is welcomed into their home and into our community and church.

Mrs. Bill (Ernie) Prather and daughter Ann of Huntsville, Ala., spent the spring holidays with Mrs. Jack Arnold and other relatives. Mrs. Keith Wroten of New Albany was the guest of Mrs. Eva Lou Nabers last Wednesday. Mrs. Zera Haden and Aleda of Memphis were visitors in the home of Mr. and Mrs. Bilbo Moore and Mary during the weekend. Among those in our local hospital are Mrs. Asberry Windham, Mrs. Lucile Arnold, Mrs. Nina Pounds, Mrs. Annie Gains, Mrs. Jody B. Copeland and Mrs. May Bell Cooper. Mrs. Cooper had surgery on Monday. We send best wishes to each and assurance of our prayers. Visitors in the home of Mr. and Mrs. Houston Nabers and Mrs. Eva Lou Nabers Sunday were Mr. and Mrs. R.B. Corbett of the Pratt's

Community, Baldwin. Mr. and Mrs. Murry Spain of Wheeler were delighted to have all their children home last weekend. They are Mr. and Mrs. Charles Sidney Spain of Jackson, Tenn.; Mr. and Mrs. Dudley Spain of Hernando, Miss., and Mrs. L.M. Brown of Columbus, Ga. While they were here they celebrated Murry's 87th birthday. Congratulations to him and we wish him many more. Mr. and Mrs. A.O. Pennington of Germantown, Tenn., were weekend guests of Mr. and Mrs. Melvin Robinson and Mr. and Mrs. Edd Arnold and Tony. Mrs. Marie Miller of Memphis visited with Mrs. Pauline Robinson during the weekend. The "Friends" Sunday School Class of Calvary Church met Tuesday night for their quarterly meeting of fellowship and business. The meeting was held in the

fellowship hall with 19 members present. Supper was served by the social committee, Estoria Petty, Opal Ratliff, Charlene Chaffin and Beth Melton. Linda Hill was in charge of the devotional period. Games were directed by Helen Bostick, Liz Roper and Linda Hill. A short business session concluded the meeting. Helen Bostick is the teacher. Mrs. Ruby Tarrt died Thursday at the Houston Community Hospital after a brief illness. Services were at 2 p.m. Monday at the Lann Memorial Funeral Home. Ruby was a niece of the late Claude Grays and was a nurse's aide while in Booneville. Missionaries Dewey and Ramona Mercer have returned to the states from Japan and will be speaking each night March 26-29 at the Wheeler Baptist Church. Pastor Glen Brown invites others in the association to attend these special services. Mr. and Mrs. John Simmons of Memphis spent Friday night and Saturday with Mayor and Mrs. Charles Crabb. Bill Stennett of Memphis visited his grandmother, Mrs. Pauline Stennett, during the spring holidays. The Senior Citizens of East Side Circle Center enjoyed a treat last Friday when Bro. C.D. Edge came and spoke to the group. Bro. Edge's friendly ways and compassion for people really made a hit with the people. Bro. Edge is the pastor of Grace United Methodist Church. We welcome him back any time. The group

was delighted to have Mrs. Edge present also. Mr. and Mrs. Pete Carlock of Memphis were Saturday visitors of Mr. and Mrs. Escar Lewellen. Mrs. Helon Windham and Mr. and Mrs. James E. Windham went to the Baptist Hospital in Memphis Sunday to see Mrs. Windham's brother-in-law, G.T. Gracy, who is seriously ill. They also visited with Truman Smith, who is a patient in the hospital there. Little Katie Cole, daughter of Mr. and Mrs. Larry Cole of Ripley, entered the North Mississippi Medical Center in Tupelo Sunday to have minor surgery. Katie is the granddaughter of Mr. and Mrs. Heachel Presley. March 31 is the time for a Revival Training Clinic at Pleasant Grove Baptist Church. Roy Collum, state evangelism director, will be speaking also several local pastors. The Rev. and Mrs. Neil Moore enjoyed a visit from their grandchildren last week. I love the writings of Henry Wadsworth Longfellow. Do you remember this one? "The Rainy Day" The day is cold, and dark and dreary;

It rains, and the wind is never weary; The vine still clings to the moldering wall, But at every gust the dead leaves fall, And the day is dark and dreary. My life is cold, and dark and dreary; It rains, and the rain is never weary; My thoughts still cling to the moldering past.

But the hopes of youth fall thick in the blast, And the days are dark and dreary. Be still, my heart, and cease repining; Behind the clouds is the sun still shining; Thy fate is the common fate of all, Into each life some rain must fall, Some days must be dark and dreary.

**NOTICE OF BOND SALE**  
\$2,500,000  
**HOUSING FACILITY**  
**REVENUE BONDS**  
OF THE  
**NORTHEAST MISSISSIPPI**  
**JUNIOR COLLEGE**  
PRENTISS COUNTY, MISSISSIPPI  
Sealed proposals will be received by the Secretary of the Board of Trustees for Northeast Mississippi Junior College, located in Prentiss County, Mississippi (hereinafter referred to as the "College"), in its regular meeting place in the offices of the Northeast Mississippi Junior College, located in Prentiss County, Mississippi, until the hour of 1:30 p.m., on the 14th day of April 1981, at which time said bids will be publicly opened for the purchase, at not less than five, of an issue of Two Million Five Hundred Thousand Dollars (\$2,500,000) principal amount Housing Facility Revenue Bonds of the College (the "Bonds").

The Bonds will be dated as of the date of delivery, will be of the denomination of not less than Five Thousand Dollars (\$5,000) each, will be numbered serially, will be issued in fully registered form, and will bear interest at the rate or rates specified in the accepted bid, payable the next two (2) years on the anniversary date of the bonds. Thereafter, thirty-eight (38) payments of principal and interest for each bond will be due each year on the anniversary date of the bond, and continuing through the fortieth year after the date of the bonds, and the bonds will mature, with option of prior payment, on the anniversary date of the bonds, 2021.

Redemption of the bonds, in whole or in part, may be made at any time, and redemptions in part (prepayments of principal) shall be deducted from the last maturing principal to become due.

No bonds shall bear more than one (1) rate of interest; each bond shall bear interest from its date to its stated maturity date at the interest rate specified in the bid; all bonds of the same maturity shall bear the same rate of interest from date to maturity. The lowest interest rate specified for any bonds shall not be less than seventy per cent (70 percent) of the highest interest rate specified for any other bonds. The Bonds shall not bear a greater overall maximum interest rate to maturity than seven percent (7 percent) per annum, payable annually and the interest rate of any one (1) maturity shall not exceed seven percent (7 percent) per annum. Each interest rate specified in a bid must be a multiple of one-eighth of one percent (1/8 of 1 percent) or a multiple of one-tenth of one percent (1/10 of 1 percent).

The Bonds will be executed and delivered pursuant to the authority and provisions of Sections 37-29-107 through 37-29-117, Mississippi Code of 1972, and will constitute a lien upon and be payable solely from the revenues derived and to be derived from such fees, rentals and other charges to be paid by students, faculty members, officers or employees, using or being served by any dormitories, dwellings or apartments, or other projects or facilities operated at the College, and not currently pledged.

As between acceptable bids complying with this Notice of Bond Sale, the Bonds will be sold to the highest responsible bidder whose bid offers to purchase all of the Bonds at such rate or rates of interest as will produce the lowest net interest cost to the College, and comparison of the lowest net interest cost will be made by taking the aggregate amount of interest to accrue on the Bonds from the date of sale, to their respective maturities, at the rate or rates named, and deducting therefrom the amount of the premium, if any, specified in the bid.

Proposals to purchase the Bonds should be addressed to the Board of Trustees, Northeast Mississippi Junior College, Booneville, Mississippi 38829 should be plainly marked "Proposal for Housing Facility Revenue Bonds" and should be filed with the Secretary of the Board of Trustees on or prior to the date and hour hereinabove named.

Each bid, must be accompanied by a cashier's check, certified check or exchange, issued or certified by a bank located in the State of Mississippi, payable to the Northeast Mississippi Junior College in the amount of Fifty Thousand Dollars (\$50,000) as a guaranty that the bidder will carry out his contract and purchase the Bonds if his bid be accepted. If the successful bidder fails to purchase the Bonds pursuant to his bid and contract, the amount of such good faith check will be retained by the College and covered into the proper fund as liquidated damages for such failure. Bids submitted on behalf of the United States Government or any agency thereof need not be accompanied by a guaranty check.

The purchaser shall pay interest accrued on the face amount of the bonds, at the rate borne thereby, from the date of the bonds to the date of payment of the purchase price.

The College reserves the right to reject any and all bids submitted.

The Bonds are offered subject to the unqualified approval of the legality thereof by the law firm of Watkins, Ludlam & Stennis of Jackson, Mississippi. The College will pay for the printing of the Bonds, the validation of the Bonds and the legal fees in connection with said issue. Delivery of the Bonds will be made of the purchaser within sixty (60) days after the date of the sale of the Bonds, at a place to be designated by the purchaser without cost to the purchaser.

It is the opinion of bond counsel that the interest on the Bonds will be exempt from federal and State of Mississippi income taxes under existing statutes as presently interpreted and construed.

By order of the Secretary of the Board of Trustees of Northeast Mississippi Junior College, located in Prentiss County, Mississippi, this the 17th day of March 1981.

# Sunflower News

By BETTYE BRANDON  
Correspondent

On Sunday afternoon a large group of members from Spring Hill M.B. Church, together with the pastor, the Rev. Shumpart, joined in worship with the members of Pleasant Grove M.B. Church at New Albany in a special installation service in which the Rev. Lewis Ragins was the principal subject.

Mrs. Sally Gardner gave a beautiful and meaningful response to a very warm and generous welcome from Mrs. Mary E. Beasley. Our pastor, the Rev. Shumpart, delivered a very inspiring and spirit-filled sermon on love and the relationship that should exist between pastor and members. A wonderful fellowship was enjoyed by all immediately following the services.

To Mr. and Mrs. Charles Steen: As a parent, our heartfelt and deepest sympathy is extended to you during this time of great heartache, grief, and sorrow. Knowing that grief is a very personal thing, we realize that nothing that we can say or do will remove the hurt or fill the void that

has been left by the loss of your loved one, but we know too that from childhood you have been well acquainted with someone who can take away the pain, and heal the hurt and give you strength to meet the hard days ahead. It is to him that we, together with all who love you and share your grief, turn to him in prayer for your comfort, strength and well being at this time. May He bless you always.

A film on Cub Scouting and Boy Scouting will be shown at the East Side Community Center on March 30 at 5:30 p.m. All interested parents with sons ages 7 through 18, are urged to attend this meeting.

The number of our sick in the local hospital more than doubled this week and we are praying, together with family members, for their complete recovery. We offer to you also our assistance in any way possible and urge you to call on us at any time.

Those in the hospital are Mrs. Myrtle Gaither, Virtus Gardner, Jody Miller, Troy McGaha, Quitman Gardner, the Rev. Wes Miller, William Welch and Mrs. Nancy Sorrell of the Rienzi Community.

We are late in

acknowledging the fact that Mrs. Ruth Shamburger has been absent from work for several days, suffering from a severe burn. Even so, we are happy to learn that she is much better and we sincerely hope that she continues to improve. Mrs. Shamburger is a very dedicated LPN on staff at the local hospital on 11-7 shift. She is a very special person and we count ourselves lucky to have her for a friend.

It is with the greatest of admiration and a sense of pride, too, that we add our congratulations to the long list of those already extended to Mrs. Mavis Taylor who is now enjoying the role of a newly liscened RN. She, too, is on staff at the local hospital on 11-7, and she is very capably filling her position.

But she is more than just an RN who has passed boards and received her license, she is a housewife

and mother who has raised her family, had the courage and energy to return to school for nurses training, and, very courageously and with great hope and determination, taken state boards and second time and came out the winner. Our prayer are for your continued success.

Remember the seminar to be held at Spring Hill on Saturday morning at 10 a.m. Also a program to be held

Sunday afternoon at Spring Hill sponsored by the Usher Board beginning at 2:30 p.m. Plan to attend these two events if at all possible.

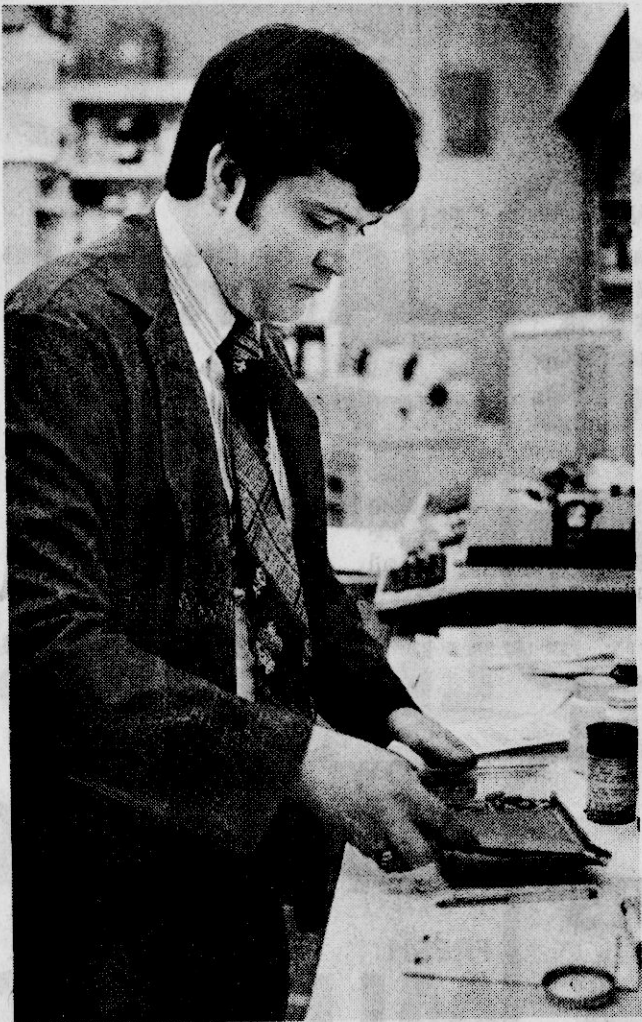

Thought for today: Mankind is made up of inconsistencies, and no man acts invariably up to his predominant character. The wisest man sometimes acts weakly, and the weakest man sometimes wisely.-- Lord Chesterfield.

UP, UP AND AWAY—Students in grades 1-6 at Hill's Chapel Attendance Center released a total of almost 400 helium-filled balloons Monday as part of the Weekly Reader's Writing Pals program. Schools across the nation are participating in the program in which the students at-

tach their names and addresses to the balloons and then release them. A \$500 prize will be awarded to the school of the student whose balloon travels the farthest distance. The fifth grade classes at Hill's Chapel sponsored the program there and are shown above as they release their balloons.

CRUSADE CHAIRMAN—Stan Riddle, a Booneville pharmacist, is serving as this year's crusade chairman for the Prentiss County Cancer Society's annual drive. "Cancer is our country's most feared killer," he said, "and we hope the people of Prentiss County will help us combat this disease."

## Library Notes

By LEE DAVIS  
Librarian

National Library Week this year has been set for April 5-11. Slogans are two sides of the same coin: "America, the library has your number," and "Have a question? Call your library!"

Besides the obvious reason for calling your library, there are services

offered by telephone that you may not be using. Books may have their loan time extended by telephone. Calls

for particular books alert us to the need to acquire more copies or to establish an orderly lists of people who are waiting for them.

Among books recently received for which we have requests are "Answer as a Man," by Taylor Caldwell;

"The American Heiress," by Dorothy Eden; and the new Woody Guthrie biography, by Joe Klein.

The Time-Life book on basic wiring has been added to the self-help aids.

The Allen Library appreciates your making your needs known. That includes National Library Week activities, which are

being scheduled now and will be published next week.

We would like to make a half-hour of stories for children a weekly occurrence in addition to other special programs for children.

Let us know your preference of a regular time for this.

The George E. Allen number is 728-6553.

## Forestry Notes

By JOHN STUART  
County Forester

Many forestland owners pay too much income tax, says a newly revised publication now available from the Mississippi Forestry Commission.

Compiled and published by the U.S. Forest Service, in cooperation with southern state foresters and southern

extension foresters, the folder provides information on which timber income is taxable; on deductible expenses associated with timber sales or annual operating costs; on casualty loss deductions; the importance of record keeping; on tax-free cost-share payments; and on reforestation tax incentives.

The folder is "Many Forest Landowners Pay Too Much Income Tax: Do You?" It may be obtained from any County or District Office of the Forestry Commission, or by writing the State Forester, 908 Robert E. Lee Building, Jackson, MS 39201. It is also available from the U.S. Forest Service, 1720

Peachtree Road, NW, Atlanta, GA 30367.

"The time to think about your income tax is before—not after—you sell your timber," the publication says. Most forestland owners can treat net income from the sale of standing timber as long-term capital gains, and requirements for doing so are outlined in the easy-to-read publication.

Expenses which may be deducted from a timber sale include tree-marking expense, scaling costs, cruising costs, consulting fees and temporary improvements connected with the sale (such as road construction), according to the pamphlet.

Also, certain costs can be capitalized and recovered as timber is harvested, such as purchase price of timber, site preparation and tree planting.

Operating expenses incurred each year can be deducted, such as certain tools; equipment maintenance costs; salaries, wages or professional fees; interest on mortgage payments; depreciation allowances for equipment;

and certain taxes connected with the timber.

Casualty losses can be claimed, but proof must be presented of the casualty's nature, of losses, or ownership, of timber costs and expenditures and of recoverable insurance. Casualty is defined as "the complete or partial destruction of property resulting from an identifiable event of a sudden, unexpected or unusual nature." Casualty causes may include ice storms, hurricanes, forest fires, sleet storms, hail and floods.

"Capital gains and tax deductions point up the value of record keeping to the timber owner. Bookkeeping needn't be complicated. All that's needed is an orderly listing of original costs and expenditures as they are made, backed up by appropriate receipts," the publication says.

Landowners who have failed to claim any benefits or deductions explained in the folder during the past three years still have time, in many cases, to file an amended tax form and seek reimbursement.

**Seed and Varieties.** Make final arrangements now for planting seed. Some companies are offering pretreatment of seed with fungicides and molybdenum. Remember that these seed must be planted. They cannot be sold later at the elevator or oil mill for crushing.

Select varieties with proven performance best adapted to your location. Study Mississippi Experiment Station reports of yields and reaction to major diseases and nematodes.

If homegrown seed will be planted, have them tested for germination and vigor and have them cleaned. It is a serious mistake to plant seed of unknown quality which may increase weed problems.

**Weed Control.** If incorporated herbicides are applied this month, do a thorough job of incorporation. Avoid spraying on windy days, and avoid wet soils.

Basalin, Prowl, Tolban and Treflan are all suggested for grasses and a few broadleaves like

pigweed. Incorporate immediately after application, if possible, to insure maximum effectiveness.

Application several weeks before planting will reduce the amount of vegetation on the land and permit planting on a stale seedbed with no additional tillage. This has advantages of fuel and moisture conservation, but it may require the use of burndown herbicide at planting.

# ASCS Report

By C.E. CALVERT  
County Executive Director

## FIP Improved 1.9 Million Woodland Acres

The Forestry Incentives Program has reforested or improved over 1.9 million acres of woodlands. From these acres, the nation will ultimately derive over 5 billion cubic feet of timber and timber products.

FIP, now entering its seventh year, encourages private non-industrial landowners to raise marketable timber on their land and shares the cost of forestry practices with them. To assure that forests are managed professionally and efficiently, the U.S. Forest Service provides technical help through state foresters.

This helps relieve landowners' fears about timber raising because it takes from 20 to 40 years to derive returns from money invested in forestry.

Tree planting and tree stand improvement are two major practices under the program.

Tree planting is intended to increase the production of timber and improve the environment. Tree stand improvement is aimed at increasing tree growth on sites suitable for production of sawtimber and veneer logs.

Nationally, ASCS has provided over \$70 million in cost-share funds to landowners under the forestry program. To be eligible, farmers must own at least 10 but not more than 1,000 acres of forest land.

Additional program details may be obtained from the county ASCS office.

## Winter Wheat Crop Could Set Record, USDA Says

The U.S. Department of Agriculture's first winter wheat forecast indicates the 1981 crop could total 1.98 billion bushels, 86 million above last season's record.

Department officials say there are always uncertainties until the crop is harvested but past experience shows that chances are two out of three that this estimate will not differ from

final production by more than 160 million bushels.

The report shows that farmers seeded the largest acreage ever to winter wheat last fall—63.9 million acres. This tops the old high of 61.2 million in 1949 and exceeds last year by 6.5 million acres.

"With record wheat production a strong possibility for 1981, expanded demand will be required if current market prices are to be maintained," the report stated. Although some increase in domestic use is likely, the key element will be foreign demand.

Large wheat supplies continue to dominate the market. Jan. 1 stocks totaled 1.9 billion bushels, 10 percent larger than a year ago and one of the highest January figures since the early 1960's. Wheat stocks stored commercially were 20 percent larger than in 1980.

A similar increase was noted in producers' control and ownership of these supplies. The large storage capacity on farms is being used heavily, especially for holding grain in the farmer-owned reserve program.

By late January, wheat stocks, isolated from the market included about 200 million bushels owned by the Commodity Credit Corporation and over 270 million held in the three-year reserve program.

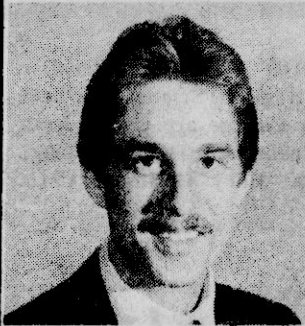

## March 31 Last Day For Small Grain Loans

Prentiss County farmers are reminded that March 31 is the final day to obtain price support loans on their 1980 wheat, oats and barley. Loans on corn, sorghum, cotton and soybeans will be available until May 31.

Many farmers use the ASCS commodity loan program to obtain interim operating capital or to hold their grain for future delivery. As of March 23,

## HEALTH TIPS Common Sense

By Dr. Michael J. Ream

We learn in grade school physiology that the body is made up of a bony framework enclosing organs, and controlled by the nervous system.

Peculiarly, many forget this fundamental fact, and as time goes on, and when sickness is present in our own

bodies, we may think of the affected area as a lone structure in the body, rather than connected with the nervous system.

For example, in a case of heart trouble, the heart fails to function normally; consequently, symptoms of pain, shortness of breath, dizziness etcetera, result. It is only common sense to locate the cause rather than to try to care for the heart as a separate part of the body.

When one stops to think that the heart has a hookup or nerve connection in two ways, one set of nerves act as an accelerator to speed up function and the other as an inhibitor to slow down function, it becomes clear why the "machine" must all be in order to receive perfect results. How much better it is to restore the nerve supply for normal function. This example is true of every organ that we have in the body.

It should be remembered that when any organ fails to receive its normal nerve supply from the brain through the nervous system it will cease to function normally.

This, then is the basis for sickness or disease. Correct the cause through Chiropractic adjustments and health is the natural result.

(One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. Michael J. Ream whose office is located at 208 1st Street Booneville, Miss. Tel. 728-8456.)

## County Agent's Notes

By W.H. HADEN  
County Agent

### Lawns Need Fertilizer, But...

Your lawn needs fertilizer, but if you're still using the old standard 13-13-13 mixture, your grass may not be getting the nutrient ratio it needs.

The 13-13-13 mixture has equal amounts of nitrogen, phosphorus and potassium. The problem is that grasses don't necessarily use these nutrients in equal amounts. Researchers know that grasses grow best with 1:2 ratio of phosphorus to potassium.

This means that if you use 13-13-13 fertilizer, the grass may get too much phosphorus. This might interfere with the plants' ability to absorb other nutrients. Too much phosphorus also can affect winter hardiness.

The best practice is to apply only nitrogen until you have a soil test made to determine the levels of phosphorus and potassium. A soil test is the only sure way to know these levels.

Once you know the correct fertilizer rate needed, wait until the grass greens up before making the first application. Earlier ap-

plications benefit winter weeds.

Apologizes are extended to Mrs. Dianne Floyd, who I referred to as Mrs. Reba Floyd a couple of weeks ago in my coverage of Tacky Day at Hill's Chapel School. Maybe next time I will get it right. This is not the first time that I have gotten names mixed up and most surely will not be the last. There are so many people that I know by the face, but somehow the names just don't stay with me. Guess it's a sign of getting older. Twenty-six may not seem old to a lot of you folks, but it's the oldest that I have ever been.

I appreciate hearing that so many of you look forward to our column each week and your disappointment when it fails to appear. Sometimes it just so hard to get it all together. I appreciate the extra effort that you make to let me know your news, and would like to hear from more of you.

Brock and I visited with our area Headstart Center at Hill's Chapel. Brock enjoyed watching Sesame Street with the class. He is so looking forward to starting school, but he has another three year's wait. We appreciate the teachers, Mrs. Ilene Smith and Mrs.

Virginia Moorman, letting us sit in for a while.

Mrs. Bea Castleberry was busy registering children for next year's session. The parents and children were encouraged to visit the rooms and get acquainted with the teachers and surroundings. Registration will continue through the month of March for 4 and 5 year olds in the area.

Birthday wishes for the week of March 22-28 go out for Kenneth Nicholson, Terry Stockton, Debbie Gann, Oscar Lambert, Jerry Gann, and Dayton Hopkins.

Happy Anniversary wishes for Mr. and Mrs. Milton Mathis on March 28.

Dennis Johnson and Wayne King were involved in an automobile accident last week. Dennis was a passenger in the car when they hit a bridge near Frankstown. Wayne King was treated for cuts and dismissed from the hospital. Dennis remains in Tupelo hospital at this time with a broken arm and leg and a pulled vertebrae in his neck.

The many friends of the Johnson family in the community are all wishing the best for Dennis. May he soon be up and out again soon.

David Riddle was admitted to the local hospital on Friday. A while back:

David cut his foot with a chain saw. The wound has become infected and required that he be hospitalized to clear it up. We hope he is up and about soon.

Lenora Slack of the New Hope area stayed a couple of days with Myrtie Cole. Lenora and Myrtie joined with Mr. and Mrs. Ted Burns and Mr. and Mrs. Mike Dunaway and family for a steak supper Saturday night.

Mrs. Margie Simmons was involved in an automobile accident last week. She received a broken collarbone and some broken ribs and is hospitalized at the local hospital. Best wishes for a speedy recovery are sent to her.

Mrs. Fay Sparks was a recent guest of Mrs. Alma Jackson for a few days. Mrs. Travis Riddle visited with them on Friday night.

Weekend visitors of Delar Cole and family were Pearl Taylor, and Wayne and Nancy Fay of Duck Hill.

I'm glad to hear that Jimmy Hutchens has been released from the Baldwin hospital where he was confined due to a back injury.

Walter Newcomb was to have surgery earlier this week at the Tupelo hospital. We hope that he is doing well.

Katie Mercier, mother of Leroy Foster, was admitted to the hospital in Iuka on Thursday, May she be home again soon.

Mrs. Flora Wilson of the Burton area has also been reported in the hospital in Iuka due to a heart con-

dition. She has been taken out of intensive care and moved into a private room. Flora is the sister of Virlon Smith a former resident of our community.

Mr. and Mrs. Mike Dunaway, Brock and Jennifer visited with relatives in Saltillo on Sunday afternoon and had the evening meal in the home of Mr. and Mrs. Frank Dunaway, Lisa and Shana.

Saturday visitors of Mrs. Joyce Duncan and family were Mr. and Mrs. Dale Beard and children.

Mrs. Joyce Duncan and children, Sonya, Misty and Tiffany, and Mrs. Mary Alice Beard recently made a trip to Memphis for a couple of days. There they visited with Mr. and Mrs. Randy Jackson, Brandon and Kayla and Mr. and Mrs. Darrell Beard and Heather.

Mrs. Alice Wroten was reported on the sick list. We hope that she is feeling better.

Mr. and Mrs. Lloyd Beard were Sunday dinner guests of Mr. and Mrs. Clyde Beard.

Special greetings to Jeannette Newborn way up in Maryland. I'm glad to hear that she enjoys reading our weekly column.

Myrtie Cole stayed a few days in the home of Mr. and Mrs. Lee Cole last week. Mr. and Mrs. Ted Burns visited with them on Friday night. The Coles are looking forward to having their son, Frankie, and family home from Alaska for a visit. They are expected in July. Everyone is looking forward to seeing them again.

Mrs. Lee McCall and Mrs. Ollie Windham spent the week with Mr. and Mrs. Charlie Geno.

Friends of the Jumpertown Community sympathize with Mr. and Mrs. Arvid Cox and Mrs. Era Cox, parents and grandparents, in the death of Eddie Cox recently in Marion, Ala.

Those attending funeral services for Eddie Cox in Marion, Ala., Tuesday, from Booneville were Mr. and Mrs. Otis Cox, Mr. and Mrs. J.H. Cox, Jr., Troy Cox, Miles Cox, Mrs. Julia Cox, Janis Rudy Cox, and Mr. and Mrs. Travis Cox. Those from Jackson, Miss., attending were Haden Cox, Anita and Terry Cox and Mrs. Debra Lauderdale and Leeja Lauderdale.

Mr. and Mrs. Roy Lancaster are patients in the local hospital. We are glad to report them improving and hope they will soon be at home.

We are glad to report Mrs. Bessie Eaton and Mrs. Ara Jumper came home from the Tupelo hospital and they are both doing very well.

Those visiting this week with Mrs. Era Cox were Mrs. Sybil Keenum, Mrs. Bethel Michael and Mrs. Juanita Chambers.

Mrs. Milton English spent this week in Southaven, Miss., with Mr. and Mrs. David Moore and other relatives.

Mrs. Gladys Moore visited

in Booneville with Mrs. Lois Caviness and Amber and Mrs. Luverta Chaffin.

Mrs. Mary Knight, Amy and Todd were Friday afternoon visitors of Mr. and Mrs. G.A. English, Mrs. Lois Brumley and Mrs. Mauveline Hughes.

Kristi English and Marcie Whitely spent last Friday with Mrs. Mattie Glen Brumley and Mrs. Betty Livingston in the New Site Community.

Little David Stacy, who was a patient in the Tupelo hospital with pneumonia, is convalescing at home. We are glad to report him much better.

Mrs. Birdie Loveless is still a patient in the local hospital, but is improving some we are glad to report.

Mr. and Mrs. Edd Brumley of the Geeville Community were visitors of Mr. and Mrs. Woodrow English Monday.

Mr. and Mrs. Gernice Davis, Dewey Wildman, and Mrs. Jean Barnes visited in Memphis Friday with Cecil Wildman who had surgery in the Methodist South hospital recently.

## 4-H Projects— The Core of 4-H

### Land Judging

Our county contest was held Tuesday, March 17, at the Hatfield Farms near the Thrasher community. Four schools were represented with 75 4-H'ers and FFA students.

The junior winners of the contest were Paula Lee, Danny Moore, and Angie Green of Hills Chapel.

The senior winners of the Land Judging contest were Anthony Miller of the Prentiss County Vo-Tech Center; Dwight Chaffin of New Site, and Greg Stults of Thrasher High School.

The district Land Judging contest was held at New Albany Thursday, March 19. Participants of the contest were Angie Green, Danny Moore and Debbie Boren of Hills Chapel School. The junior Land Judging team placed seventh in the district contest in the Northeast District.

Youth enrolled in 4-H choose from a variety of appealing projects keyed to their own interested and needs. They also participate in group and community activities.

The members' individual projects are the core of 4-H work. Through these projects, 4-H members get practical training in real-life situations.

These projects provide the learn-by-doing activities critical to the 4-H goals of teaching subject matter and life skills. Although the subject matter is different from project to project, many of the life skills emphasized are essentially the same.

Examples of life skills that can be learned in several different projects are: economics, careers, safety, decision-making, feelings of self-worth, leadership, citizenship, how to relate to adults, com-

munications skills, socially accepted behavior, value for living and responsibility.

There are several different projects in each of the following categories: Animals and Poultry; Plant Science and Crops; Energy, Machines and Equipment Engineering; Ecology, Natural Resources; Economics, Jobs and Careers; Citizenship, Community Development, Service, Government;

Leisure Education and Cultural Arts; Health, Personal Development. Individual and Family Resources (Home Economics); Communication Arts and Sciences; and other self-determination projects.

The home, the local club and the community make up the arena in which 4-H members develop their knowledge, skills and attitudes.

## MAINTAINING YOUR MENTAL HEALTH

# And Forsaking All Others

FROM  
TIMBER HILLS  
MENTAL HEALTH SERVICES

The part of the marriage service that deals with "forsaking all others" is popularly regarded as referring to "all other boyfriends" or "all other women."

Family counselors have found that the "others" whom the young husband and wife has trouble in "forsaking" are most often the parents.

There's the young wife who cannot decide what color curtains she wants or what to serve for dessert without a lengthy conference (over the telephone or in person) with her mother. There is the husband who insists that the couple have dinner at least twice a week with his family, and also assumes that, of course, all holidays will be spent with his parents.

This can happen even if both husband and wife have seemed quite independent before their marriage. The very fact of marriage and the necessity for establishing a new life can make either feel a sudden sense of panic, a desire to cling to the familiar old life in which they felt comfortable.

This may be the reason why some honeymooners surprise themselves and their spouses by feeling the need to call their parents every other day, or to write to them very frequently, or even to send gifts.

Family counselors know that this can happen, and it usually does not represent a problem, if the couple can discuss their feelings with each other and to realize that they now represent a new family unit, more important than the old one they left to get married.

However, if the pattern continues, trouble can arise. The husband simply does not understand why that seemingly independent mature young lady he married has to be such a baby about her mother. The bride begins to feel that her husband considers his parents feelings and ideas more important than hers. Both begin to feel torn in several different directions.

If this develops into a problem, counseling can really help the couple work its way out of the tangled relationships. A counselor can help the bride or groom understand why they feel suddenly so dependent, why they find it difficult to let go of old relationships long enough to establish new ones.

In cases like these it is particularly important to seek professional help early...before the husband's mother becomes an ogre in the mind of the bride, or the wife's parents become selfish demanding monsters in the mind of the groom. Once this has happened it is much more difficult for both sets of parents and the newly married couple to get along with each other.

For information about services available at Timber Hills Mental Health Center phone 728-3174 or visit the offices on Highway 30 By-Pass in Booneville. After hours and on weekends phone 1-286-9209 toll free for emergency counseling services.

# Retail Display Course At NEMJC

Northeast Junior College's Vocational Technical Division will conduct registration for a mini-course in "Retail Display: Planning and Techniques," Monday, April 6, at 6 p.m. in Waller Hall. Registration fee is \$16 per person.

The class will meet Monday's and Thursday's from 6:30 to 8:30 p.m., through April 23.

Designed to be of special interest to the small business, the class will be taught by Ms. Theresa Shinault, display director at McRae's in Tupelo. Class emphasis, according to Ms. Shinault, will be given to making attractive window and interior displays with the use of a little

imagination and a few inexpensive props.

"Many merchants are losing would-be customers simply because their store windows do not entice passers-by into the store to browse," she added.

Through class demonstration and hands-on experience, participants will be able to immediately put to work what they have learned.

Another added feature is that all expenses including travel and registration are tax deductible to any business merchant.

For additional information or to pre-register, contact Mrs. Donna Vaughn on the Northeast campus by calling 728-7751, or toll free 1-728-7759, ext. 220.

# Art Exhibit, Lecture At NEMJC March 31

The drawings and paintings of Laquita Williams Thomson of Birmingham, Ala., and formerly of Corinth will be on exhibit in Hines Hall at the Northeast Junior College through March 31.

Sponsored by the school's art department, the exhibit will climax with a reception and lecture beginning at 9 a.m., March 31. Both events are open to the public.

Mrs. Thomson holds a Bachelor of Fine Arts degree from Mississippi University for Women and a Master of Arts in Education from the University of Alabama in Birmingham.

Drawing and painting since childhood, Mrs. Thomson says her philosophy for her own work is that it should be explicit enough to be enjoyed by the common person, yet avant-

garde enough to be obviously contemporary.

She describes herself as a two-dimensional artist, that of painter and printmaker. Mrs. Thomson, who works with both traditional and non-traditional media, has also done quite a lot of three-dimensional work.

Viewing hours for the exhibit are weekdays, 8 a.m. to 4 p.m.

# Cox In UM Theatre Production

Jimmy Cox of Booneville will portray Father Mozian in The University of Mississippi theatre production of "Child's Play" to be presented April 1-4.

"Child's Play" is the chilling story of an undefined evil that suddenly strikes the student body of a Catholic boy's school.

Tickets for "Child's Play" are available through the Central Ticket Office in the Ole Miss Union, 232-7411.

GENERAL VISITS NORTHEAST—Brigadier General Cary B. Hutchinson (2nd from left), who serves as commanding general of the U.S. Army 3rd ROTC Region, visited Northeast Junior College recently while touring the ROTC units in Mississippi. Meeting with General Hutchinson are Colonel Frederick J. Burback (far left). The University of Mississippi; President Harold T. White, Northeast Junior College; and, Captain Vick Mitchell, instructor of the Northeast ROTC program. Northeast has the only active junior college ROTC program in the Ole Miss region.

# TIMBER TIPS by Lanny Autry

Absentee owners often are not able to examine their lands on a regular basis to check for insect and disease damage, storm damage, fires, or illegal timber cutting. In addition, absentee owners may be unaware of local markets for their timber and be unable to make sure the timber is harvested properly once it is sold. As forest managers, we at Mid-South Forestry provide complete professional forestry services to absentee as well as local timberland owners.

**NE ARTSTUDENT TO EXHIBIT**—Gay Armstrong, a sophomore commercial art major from Booneville, puts the finishing touches on one of the pieces she will be exhibiting in the office of Corinth physician, Dr. Robert Lorentz, March 23-27. The daughter of Mr. and Mrs. B.H. Armstrong, Gay's exhibit is comprised of oil paintings completed only this year.

**STUDENTS TO NYC**—University of Mississippi students and faculty members who traveled to New York City as part of a home economics class include (from left) Cheryl Haden of Booneville, Terri Caviness of Calhoun City, Teresa Bonds of Houston and Mary Beth Knight of Water Valley. The fashion merchandising students received 3 hours credit for their trip which included a tour of eight different businesses.

## New Chance For 'Bad Paper' Vets

If you, your spouse, or anyone you know left the U.S. armed forces with a less than honorable military discharge, the government wants you to know about a special program and an approaching April 1, 1981, deadline.

Millions of GIs left the military with other than honorable discharges because, sometimes, of intentional, premeditated misconduct, but more often than not, because of family problems, immaturity, lack of education, or some other problem which victimized them as much as it did the armed forces.

Few people think they know one of these "bad paper" veterans, or one of their widows, but most of us do; one out of every 65 Americans is one of them. They don't talk about the problem, but they certainly suffer deprivation and despair because of it: jobs are hard to get, they can't join many of the traditional veterans' groups, they generally cannot avail themselves of any veterans' benefits awarded by the government.

Most such persons do not realize that they have the opportunity to change that. The Department of Defense permits veterans and their surviving next-of-kin to submit a request that the discharge from which they suffer be reviewed and possibly changed.

It doesn't matter when the discharge was awarded. The review application process is confidential, free and no harder than filling out any other set of government forms. For people who need help, free counseling and inexpensive self-help materials are available.

In the end, 30 to 50 percent of the applicants will be rewarded with a better military discharge, which will not only clear the veteran's name, but may also make them and/or their next-of-kin eligible for the same sorts of veterans' benefits which would have been open to them had the original discharge been the good one now ordered.

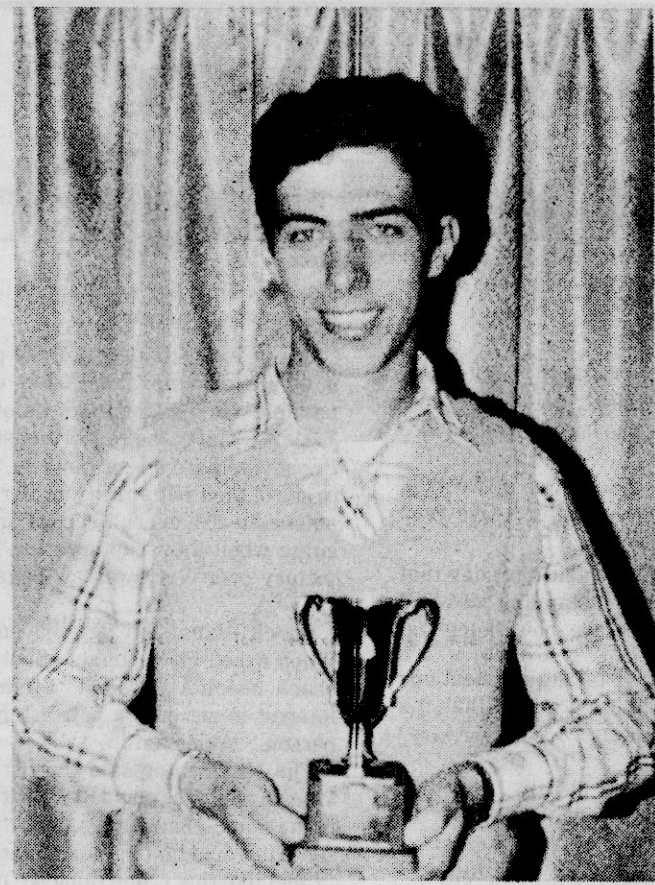

In the process, there are literally no risks to the applicant whatsoever. The government can only either award a better discharge, or leave the old one unchanged.

On April 1, however, millions of older veterans (and widows) will lose an extremely important option. Until then they have the right to have their application reviewed by the government's Discharge Review Board. After then, the Review Board will be prohibited from reviewing applications on discharges awarded prior to 1966 (or 15 years from the date of discharge).

Experts on discharge review matters unanimously agree that this is extremely significant, even though potential applicants will still retain the right to apply to another panel after that cut-off.

Potential applicants may obtain, free of charge, information on discharge reviews, copies of the needed application forms, and a list of counselors in their area by writing to DOD Discharge Review, Box 21, St. Louis, MO 63166.

They may also obtain a price list of self-help materials by sending a self-addressed, stamped envelope to Veterans Education Project, 1346 Connecticut Ave., N.W., Washington, D.C. 20036.

**CONTEST WINNER**—Donald Gene McKinney, son of Mr. and Mrs. J.D. McKinney, recently won first place in the FFA extemporaneous speaking contest at Mississippi State University. McKinney is a graduate of Booneville High School and attended Northeast Junior College. He is a junior at Mississippi State, majoring in agriculture.

# Akins, Lothenore Resign Coaching Posts

By LEE GENTRY  
Sports Editor

Northeast Mississippi Junior College basketball coaches Noal Akins, boys, and Millard Lothenore have both resigned their positions it was announced to the Banner-Independent this week.

Akins steps down as head boys coach after a two year tenure while Lothenore resigns his post after a five year span on two different occasions.

Northeast athletic director Bill Ward said Tuesday that both Akins and Lothenore had done outstanding jobs and said that replacement applications are now being accepted.

Ward said the college would start taking applications immediately for their replacements and added that the college would take applications now.

## COACH NOAL AKINS... RESIGNS BECAUSE OF PERSONAL REASONS

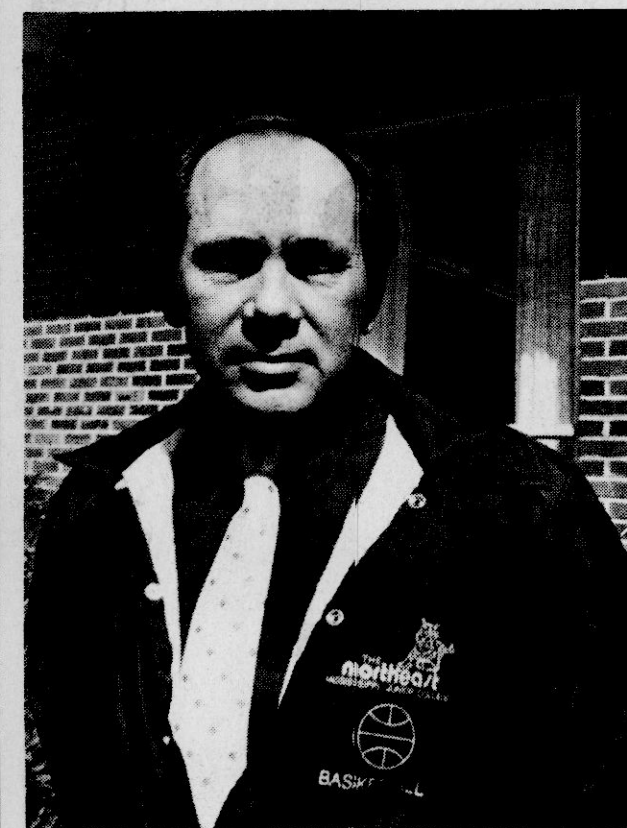

"I just felt like my child needed a fulltime father," coach Akins said. "This decision hasn't anything to do with any kind of pressure. I have only the highest regards to say about Northeast and the whole North Mississippi area," he added.

Coach Akins, whose 1981 Tigers posted one of the top records in the State finishing tops in the North, second in the State and advancing to the Region Seven, said the decision was based entirely on his decision alone.

"I just want to praise Mr. White and my co-workers here at Northeast," the Northeast mentor added. "They have all been so nice and again the players deserves a hearty pat on the back. To put it plainly Akins said, "I feel

Noal Akins

Millard Lothenore

like they've made a Junior college coach out of a ninth grade civics teacher."

Coach Akins said his future plans are indefinite as of now. He said he had talked with several folks about possible assignments but as of now just doesn't know.

Akins, who came to Northeast two years ago replacing Booneville native Ken Lindsey, indeed led his 1981 squad to one of their better seasons in recent years. His Pawmen notched a 20-9 overall record and of course the highlight came when they captured the North Half Crown with a victory over Northwest at Senatobia.

Coach Akins said he enjoyed his years at Northeast. When asked his thoughts about the functions of a JUCO coach, coach Akins said, "I think a coach should show an interest in not only a youngster's athletic but his overall person," Akins said.

The NE mentor said this is one thing he treid to do. When asked if he could look back on this past two years and make some changes he said, "I guess if I could change some it would be to go back and try to recruit a big man. "I feel like this is one thing we needed this season to have a complete ballclub."

Looking to the future for Northeast, coach Akins said his new successor would have some talent to work with and said that the new coach would probably have some players in mind to help as well.

Northeast will be good again next year," coach Akins said. "I just don't know how good but they'll be a contender." Akins said he had committed the college to four signees for next year and said he felt like the incoming coach would honor those commitments.

Coach Akins said he would also like to point out that the players in this area are all well coached in the high school ranks and each would make a great contribution to the junior college program.

The Northeast boss, a former mentor at Northwest Junior College and Marshall Academy, said his tenure would end in June and said in talking with Mr. White, he said, "We have the summer camps here this summer and if they need me to help, I'll be glad to."

Coach Akins, whose teams have compiled 32 wins against 22 losses at Northeast, said he felt like the new coach would do a great job and would fit in with Northeast excellent program.

## LOTHERE TO COACH SOFTBALL

Northeast Lady Tiger coach Millard Lothenore turned in his resignation last week and confirmed his resignation Monday.

Coach Lothenore said he is resigning his basketball duties because of a mutual agreement.

Lothenore took over the program for the second time two years ago after an earlier three year stay in 1973-76.

The Northeast girls mentor, in confirming his resignation Monday said he had agreed to coach the squad for these two years and then look at the program evaluation and decide his future.

"I've thought about the coaching situation and I honestly feel like I could serve Northeast better in this new function as softball coach and assisting with other phases of the athletic department."

"My first love is teaching," Lothenore said. "I'm still going to be active in the girls program here at Northeast," he said. "I will have more time to spend at the college with the athletic department instead of fulltime duties in the girls basketball program."

Coach Lothenore help reinstate the girls program at Northeast in 1973 and posted three successful years during his first tenure. In his first three years histeams posted 42 wins against 19 losses and placed as high as third in the state.

In the past two seasons during again young and rebuilding years, his teams have posted 19 wins against 27 losses.

Coach Lothenore said Mr. White was extremely complimentary when he resigned "We knew we were going to start the girls softball program since other colleges started this year and I just felt like this was the right decision to make," Lothenore said.

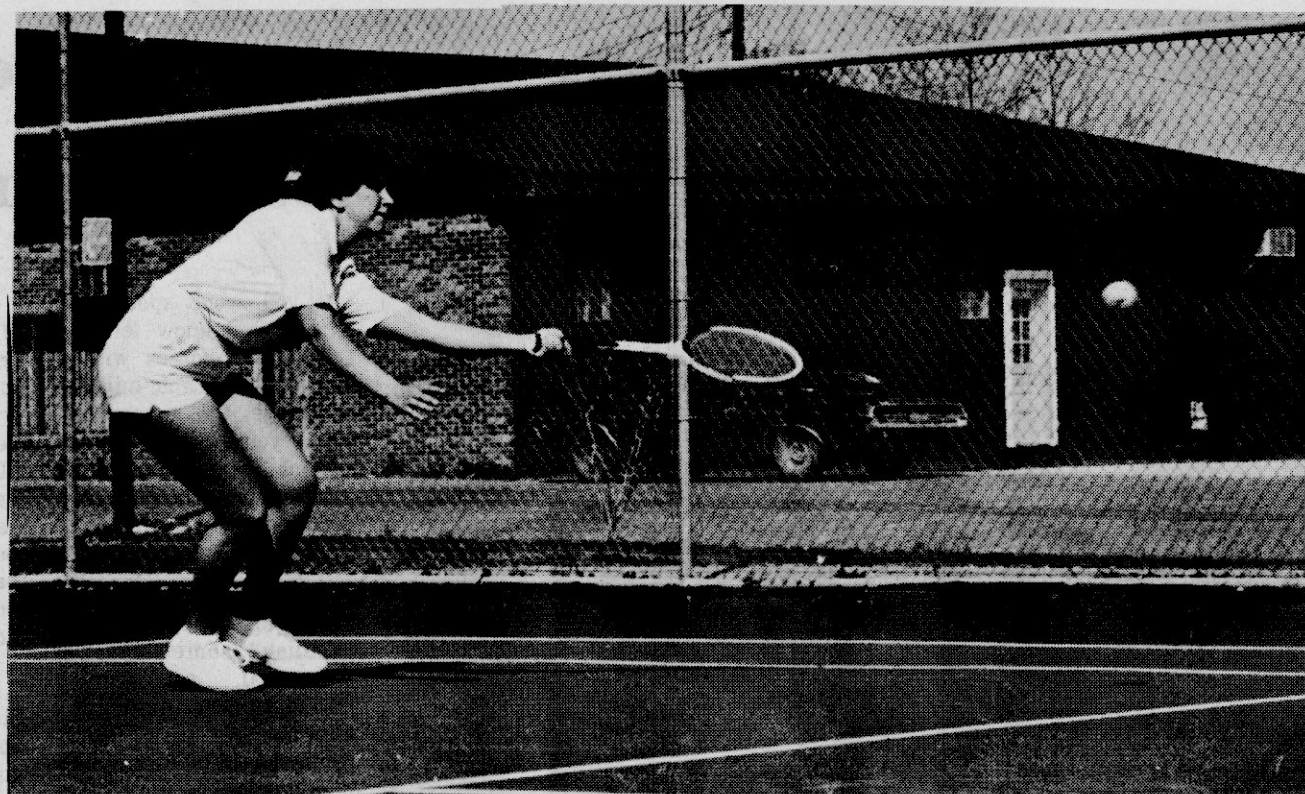

The Northeast coach said again that next year's team and future looks very promising for the coach who succeeds him. "I, in no way, resigned because of talent," Lothenore said. "I feel like there some outstanding talent in the five area and we hope Northeast can indeed gain from the experience of these fine performers."

The incoming coach will have three returnees back from a year ago and coach Lothenore said at the present he was only committed to one high school performers but would recommend others to the new coach.

"I'll make some suggestions to the new coach," he said. And of course he'll have some of his own I'm sure so things are looking good for next season."

Coach Lothenore said he also felt like Northeast would get a girls coach who is highly recommended and will carry on the tradition of the Northeast program.

Northeast athletic director said some applications have already been turned in and said the college pick from the list of applicants for the replacements.

## Benefit Coaches-Seniors Game Set

The Second Annual Benefit Coaches-Senior Basketball Game has now officially been set for April 6th at 7 p.m. at the Booneville High School Gym.

Bill White, chairman for the game, said he hoped for a big crowd this year to help support the benefit for the American Cancer Society.

All Prentiss County seniors will participate in the event battling against a host of coaches in the Monday night event.

Wheeler head mentor Sam Richey will serve as player coach for the coaches team while Northeast mentor Noal Akins will coach the players.

Expected to participate on the player side are, Mike Hendrix, Mike Groves and David Miller, Booneville; Tim Kesler and Kennedy Gamble, Wheeler; Anthony Webb, David Miles and Mark Cole, New Site; and James Swinney, Darryl Hatfield, and Greg Sparks, Thrasher.

Coaches expected to play in the game are, from Wheeler, along with coach Richey are, coach Mike Anderson and coach Billy Shelton. Other coaches include, Jacky Rowsey and Lonnie Murphy, Thrasher; Guyton Wilkerson and Bill

Ward, Jumpertown; Mackie Don Smith, New Site; Jeff Finch, Marietta; and Rickey Ford, Riley Presley, Kenenth Shackelford, and Leroy Brooks, Booneville.

The benefit event will have a preliminary girls game preceding the coaches-seniors event.

Chairman White said he looked for a large crowd this year for this great benefit game. "We've tried to schedule the game so it won't conflict with anything else that particular night," White said. "We won't everyone to come out and support this very worthy cause."

### Cards Of Thanks

The Family of Mary English would like to thank you for your kindness during the illness and death of our dear loved one. Thanks to the doctor's and the staff on BW that assisted in her care. God bless you. Also thanks for the prayers, flowers, cards, phone calls, visits and the food. To know you were concerned means so much. A special thanks to Bro. Perk Perry and Bro. Hughey Wood for their comforting words. Also thanks to Jean Blassingame and the Charge Wide Choir for the beautiful songs they sang. Also thanks to Macky, Marcia and Paulette and McMillian Funeral Home.

Miss Annie English  
The Granville English Family  
The Woodrow English Family  
The Mrs. Milton English Family

### CARD OF THANKS

We would like to say thank's to each and everyone who was so loyal during the illness and death of Mr. John Lee Walker. To the Northeast Miss. Hospital, The Baldwin Unit, and the North Mississippi Medical Center, may we say thanks for your extended effort.. May God put his arms around you in every need. May we all have faith enough to accept the things we can not change and strong enough to change the things we can.

The Family of Lee Walker

### CARD OF THANKS

We wish to express our gratitude to our friends and relatives for the food, flowers, cards and sympathy which was shown to us in the loss of our loved one Mr. Roy C. Horton. We thank the Booneville Ambulance Service, the nursing staff of the Northeast Mississippi Hospital, Dr. Galloway and McMillan Funeral home for their loving care and services.

Our special thanks to Bro. C.D. Edge for the words of comfort. May God bless each one of you.

## There Are 'Good' And Bad Fires

"A lot of them are to be commended; others should have to pay heavily for the damage they cause, and still others ought to serve time in the penitentiary!"

That in a nutshell, is what State Forester Dick Allen says about people who set fire to Mississippi's woodlands.

A contradictory statement? Not really, you just have to have a clear picture of what constitutes a "good" woods fire and what is a "bad" one.

According to the Forestry Commission, several hundred thousand acres of forestland in the state were burned off via "prescription fire" last year. These were the so-called "good" burns; the ones that are carefully planned and carried out by trained personnel under exacting weather conditions for specific timber management reasons.

More specifically, prescribed fires are carried

out for systematic wildfire hazard reduction; game habitat improvement; reduction of unwanted or cull hardwood competition; seedbed preparation, or control of needle blight (in Longleaf Pine stands). Prescribed fire is not recommended in good hardwood growing areas.

Prescribed burning causes only minimal damage to the forest and its inhabitants when done properly. Benefits always far outweigh job costs, or any scattered tree mortality due to heavy scorching, or the temporary, ugly, blackened appearance of the wooded area.

Allen said that wildfires caused from blatant carelessness and those deliberately set with malicious intent were the ones that inflicted heaviest losses each year in Mississippi, and even occasionally took human lives.

"I find it very hard to understand the thinking of people who set fire to their fields and fence rows on dry, windy days with little if any precautions taken to keep the fire confined to their own property. They are not only risking a fine or jail sentence, but they are showing a bare-faced disregard for the safety and rights of their neighbors," Allen said.

Deliberate setting of fire in fields and woodlands you do not own is a felony offense in Mississippi, according to Allen. He said the list of reasons arsonists set the woods ablaze is long and diverse.

"The significant point is that no matter what their reason, arson is as serious crime and is currently the main listed cause of wildfire losses each year in Mississippi," he said. "These people ought to stop and think and realize that they are physically risking

people's lives and courting the ruin of their own lives as well as their family's by such senseless, destructive behavior."

Allen is optimistic in his predictions on the future use of fire in the fields and forests of the state.

"It's people who start most of our fires in Mississippi and I have faith that 99 percent of our people are not going to want to see increasingly valuable timberland continue to be set back or destroyed each year by the wrong uses of fire," he said.

### For Your Child's Safety

## Make Home Safe From Poisoning

Syrup of ipecac may be the single most important item in a family's first aid stock, according to Michael Hughes, director of the

University of Mississippi Medical Center's Poison Control Center. Every

household should have at least one ounce on hand for every child in the home, he says.

"If parents suspect an accidental poisoning, they should call their personal physician or us to get proper directions on using the syrup. It's available without a prescription at any drug store and can save a life if

used properly," he said.

"Eighty percent of all accidental poisonings occur in children under five," Hughes said. "Just by 'poison-proofing' the home, many of those accidents could be prevented."

A free brochure on making the home safe from poisoning is available by writing Poison Services, Department of Pharmacology and Toxicology, University of Mississippi Medical Center, 2500 North State Street, Jackson 39216.

The Poison Control Center provides round-the-clock information and assistance

in poisoning emergencies. Its services are available to both health professionals

and the general public. The phone number is (601) 354-7660.

### New Aging Policies

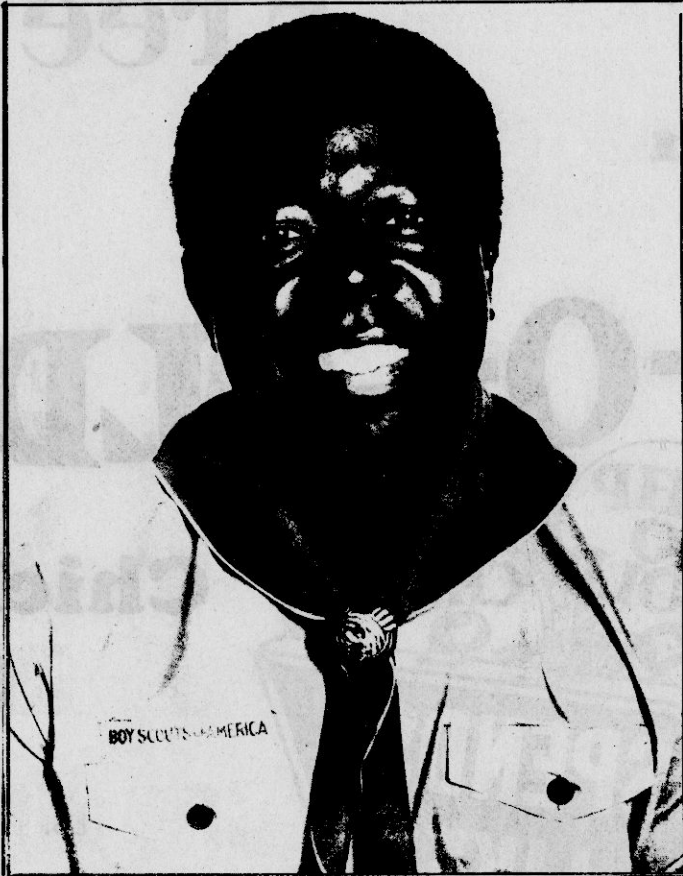

## Manual Now Available

The Policies and Procedures Manual of the Mississippi Council on Aging is now available for review and comment at the state's 110 area agencies on aging.

The manual outlines the functions of the Mississippi Council on Aging under the Older Americans Act as amended. In addition, it details state and area

agency responsibilities, nutrition services, senior center activities, the Senior Community Service Employment Program, and the Urban Mass Transportation Program.

The manual may be reviewed locally at the Northeast Mississippi Area Agency on Aging, Highways 30 and 4 Bypass, Booneville, phone 728-6248.

## Soil Conservation News

By **DON JONES**  
Soil Conservation  
Technician

A fishpond should be stocked with the right kinds and numbers of fish for the kind of water you have and the management you plan to follow. Warm-water ponds are excellent for largemouth bass, bluegill and redear sunfish, and catfish.

But probably the most popular are the channel catfish the following specifications are for stocking, feeding, and managing channel catfish in ponds that are to be maintained and fished for about two years:

Stock channel catfish in

ponds that are well protected from floodwater since catfish easily escape through spillway flows.

Stock from 1,500 to 2,000 channel catfish (at least 4 to 5 inches long) per acre in early spring.

Begin feeding a fish food to the catfish as soon as stocked, continuing through November. Stop feeding when the water is cold and feed again when the water warms up in the spring.

If fish are stocked in February or March, feed about these amounts of fish food per acre each day: February, 2 pounds; March, 5 pounds; April and May, 10 pounds; June and July, 15

pounds; August and September, 20 pounds; October and November, 25 pounds; December and January, nothing.

Begin fishing when the channel catfish are large enough to use. This usually is August or September of the first year, when they reach an average weight of 10 to 12 ounces.

You can expect a total yield per acre of 1,200 to 1,300 pounds of catfish by fishing, plus about 300 pounds of these fish when you drain the pond. You should drain the pond and start over when most of the catfish are caught or fishing becomes poor.

**"We are proud to announce a new \$100,000 Cancer Contract worthy of bearing the name you have grown to trust."**

### FACT—Superior Coverage

Pays 100% of the first \$10,000 of Covered Medical Expense, thus providing funds in the beginning when need for coverage is usually greatest.

After the initial benefits, pays 80% of Covered Medical Expense up to a total of \$100,000, thereby providing for long term treatment.

Provides benefits both inside and outside the hospital. Coverage on an outpatient basis is especially important since many cancer treatments are rendered in physicians' offices or clinics. Examples of Covered Medical Expense usually handled on an outpatient basis are: Physician office visits; radiation, cobalt, or nuclear medicine therapy; laboratory work; X-rays, and chemotherapy.

**Benefit to You**—Coverage relieves you of financial burdens when cancer strikes.

### FACT—A Recognized Company

Your Blue Cross and Blue Shield identification card is recognized by hospitals and physicians and is accepted as a guarantee of payment everywhere.

**Benefit to You**—Prevents delays in treatment while financial arrangements are negotiated.

### FACT—Relieves Financial Burden

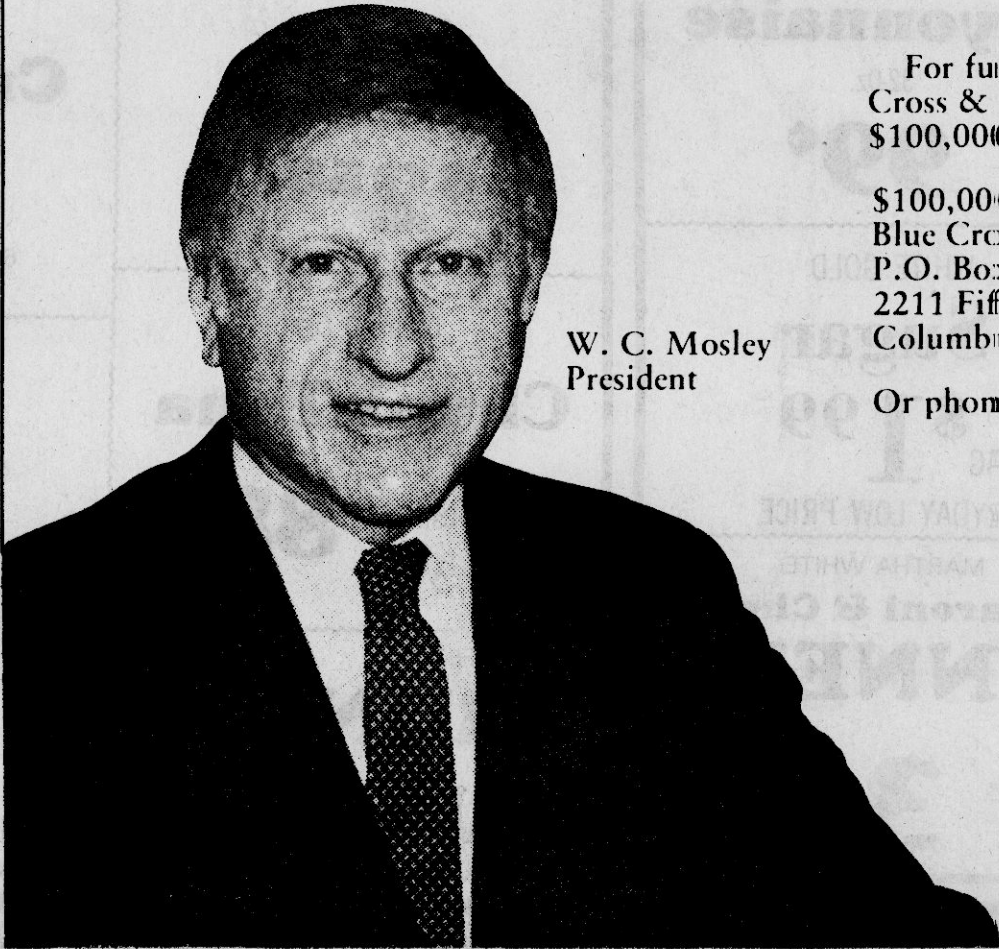

The new \$100,000 Cancer Contract provides benefits in addition to other cancer coverage you may have (with the exception of another cancer only contract written by Blue Cross & Blue Shield of Mississippi or another Blue Cross and Blue Shield Plan).

**Benefit to You**—Provides additional funds for those expenses not covered as approved medical expenses.
