City School Board Appoints New Superintendent

When the Booneville Municipal Separate School District celebrates its first birthday on July 1, it will do so with a new superintendent of education.

The Booneville School Board announced this week that Robert Dale Griffin of West Point has accepted the

position of superintendent of the Booneville School System and will assume his duties on July 1.

Troy Henderson, the present superintendent, told the school board earlier this year that he planned to leave the system at the end of this term.

Henderson was the first superintendent of the separate school district, coming to Booneville from Hinds Junior College in Raymond.

In addition to overseeing the organization of city schools for classes last fall, Henderson saw the system through some difficult days last summer.

This included a court battle that evolved when the county school system refused to turn over to the city school board the school property within the city limits of Booneville.

Griffin, a native of Nettleton, has been associated with the West Point schools as a teacher and administrator for 19 years.

He has been superintendent of the West Point system since 1976, and prior to that he served as assistant superintendent for nine years.

He has also served as West Point High School principal and has been a principal and teacher in the Nettleton school system.

Griffin holds both a masters and an educational specialist degree in school administration from Mississippi State University.

He is a member of Phi Delta Kappa, Mississippi Association of Educators-National Education Association, American

Northeast Alumni To Meet

Former Booneville resident Dr. Robert Hamblin will be honored as Alumnus of the Year for 1981 during the annual spring alumni meeting this Saturday at the Northeast Mississippi Junior College.

A 1958 graduate of Northeast, Hamblin was selected from a field of nominees. He was selected based on his ac-

complishments as a Northeast student, as well as his professional life.

He is presently a teacher at Southeastern Missouri State University and lives in Cape Girardeau, Mo.

The alumni meeting will be held in the Frank Haney Union, according to Edna Drewry, secretary for Alumni Affairs. It will begin with registration and coffee

in the Black and Gold Lounge at 4:30 p.m., and will include a host of activities designed for the whole family, she said.

"You need not be a graduate of Northeast to be an alumni," Mrs. Drewry said. "Any student who has taken even one course at Northeast is an alumni."

THE SHOW MUST GO ON—Despite the rain, the Uptown Merchants Association was determined to have its promotional drawing as scheduled Saturday afternoon on the triangle across from the Peoples Bank. Jimmy Jones (left), Kenny Goddard (back), and Marshall Dickerson (right) look on as Sol Threadgill draws the winning tickets. Mrs. Sue Baldwin of Booneville won the 100 gallons of gasoline given away.

INDUSTRIAL ACCESS ROAD—Work on the Prentiss County Industrial Park access road is about 45 percent complete, according to city and county engineer Don Eubank. Work began on the project Monday, March 2, and was to be completed within 150 working days. However, Eubank says the work is proceeding ahead of schedule. The road is being built with funds from the city, the county, the state and the federal governments. Contractors are Raymond Stacks and Kimes Construction Company. For more pictures of the new road, turn to page B1.

After Two Weeks

Falkner Boy Still Missing

The disappearance two weeks ago of a 15-year-old Falkner youth still remains a mystery, with no substantial leads.

A spokesman for the Tiptah County Sheriff's Department told The Banner-Independent Wednesday that there have been no clues in the case since Steven Brown, son of Mr. and Mrs. Dwight Brown of Falkner, disappeared late Monday evening, March 23.

It was reported that young Brown was last seen at school around 6:30 p.m. by friends after he had returned from hunting with a friend.

A search for Brown was begun about 9 p.m. the day he disappeared. Since that time, law officers and citizens have searched the surrounding area at various times using cars, 4-wheel drive vehicles, motor bikes, horses, a forestry plane, and helicopters.

Thus far the search has turned up no evidence of the youth's whereabouts.

A Mississippi Highway Patrol investigator has joined the Tiptah County Sheriff's Department in the continuing investigation.

According to James W.

McMillin, president of The Bank of Falkner, a \$8,500 reward is being offered for information leading to the arrest and conviction of any person or persons who might be responsible for the disappearance of the youth. "It is the consensus of all who knew him that he did not leave home of his own free will," McMillin said. Anyone having information concerning the disappearance of Brown, should contact the Tiptah County Sheriff's Department at 837-9336 or The Bank of Falkner at 837-9394. At night, call 837-3275 or 837-9526.

Correction

It was incorrectly reported last week that city alderman candidate James C. (Jack) Kendrick is affiliated with Kendrick Auto Repair in Booneville.

Kendrick is affiliated with K&G Used Cars in Booneville. His brother is the owner of Kendrick Auto Repair.

The Banner-Independent regrets the error.

As Deadline Nears

New Candidates Enter Race For City Posts

With tomorrow as the deadline to qualify, there are now 11 candidates seeking the city's five aldermen-at-large posts and five candidates running for chief of police.

Fifth District Constable John O. (Bobby) Lambert filed papers in the city clerk's office Tuesday to run for the position of chief of police in Booneville.

Franklin Nolon Oswalt, an employee of Belmont Furniture Company in Booneville, filed last week to run for chief of police.

In the race for the aldermen positions, G.T. Pharr and R.G. Houston qualified at the city hall Monday.

Tomorrow, April 10, is the deadline for candidates to qualify to run for city office in the municipal election to be held May 12.

City Clerk June Hutcherson reminds residents that tomorrow is also the last day they can register and be eligible to vote in that election. Voters in the city election must be registered both at the city hall and at the Prentiss County Courthouse, she said.

Other candidates who have filed to run for chief of police are incumbent W.W. Stacy, R.C. Calton, and Johnny Lee Nichols.

Other candidates in the aldermen race are Willie D. "Dicey" Jumper, Jimmy Jones, James C. (Jack) Kendrick, Perry Henderson, and all five incumbents, Bluford Allen, Jack Arnold, Wade Lambert, Charles Steen and Norman Young.

Incumbent mayor Charles Crabb is still the only candidate to have qualified to run for the mayoral post.

BHS Marching Band

Takes Top Honors

The Booneville High School Marching Blue Devil Band brought home top honors Tuesday night, winning All-Superior in judging at the State Band Festival held at Hinds Junior College in Raymond.

The Booneville band, under the direction of Sherry Sandidge and her assistant Kevin Hutchins, won top honors in all six categories, including concert, sight

reading, marching, inspection, drum major, and student conductor.

Ten judges served on the committee, and bands from all over the state participated.

The Blue Devil Band left Monday and returned late Tuesday night.

A two-page salute to the Booneville band will appear in The Banner-Independent next week.

BIBLE QUESTION BOX

QUESTION: Mr. Hogland, Would you discuss in the paper the valley of dry bones in Ezekiel's vision?

WARD HOGLAND

ANSWER: Our text is Ezek. 37:1-14. The children of Israel were saying, "Our bones are dried up." Evidently meaning their life and force (power) as a nation was gone. The vision depicts a resurrection which symbolized the bringing of new life to the nation of Israel. By permitting the Bible to be its own interpreter God said to the prophet: "Son of man these bones are the whole house of Israel...therefore prophesy, and say unto them, thus saith the Lord Jehovah...I will put my Spirit in you, and ye shall live and I will place you in your own land; and ye shall know that I, Jehovah, have spoken it and performed it, saith Jehovah." (vv. 11, 12, 14) He was not saying that physical Israel would be raised from the dead (or their graves) but rather the ones alive would have a resurgence of national pride and hope that God through his power, would effect a return to their home land. This promise God did fulfill in the return under Ezra and Nehemiah. These fine verses teaches all of us to keep a scripture in its context.

PCDA Holds Industry Workshop

An existing industry workshop, sponsored by the Prentiss County Development Association and conducted by Research and Development Center personnel, was held Thursday, March 26, at the Northeast Mississippi Junior College. The workshop was “directed toward expanding the development association’s current support program,” said PCDA executive director Doug Mansell.

Conducted in a dialogue format, the workshop lasted approximately 2½ hours with 10 members of the association, plus Mansell, attending.

The varying interests of the participants were apparent in the discussion before the session convened, Mansell said.

“Throughout the session, the leadership representing

Prentiss County showed knowledge and enthusiasm regarding their industrial effort,” he said.

Kevin Bennett and Dianne Barnett of the R & D Center conducted the workshop. Bennett said the members of the group attending were especially well-prepared for the workshop.

Programs of assistance selected for discussion included: recognition—promoting public awareness; locating suitable employees; holding a job fair; preparing a wage and benefits report; assisting with financing problems; buildings and sites; establishing a central day car center; and assisting with government regulations.

Those attending the workshop included Wade Lambert, Booneville alderman; J.P. Davis,

Traci McCoy, Nancy Stutts, Melanie Garner, Pam Calton, Amanda McElroy, Julie Long, (standing, from left) Mark McGreger, Jeanie Cole, Dal Stell, Craig Mize, Kevin Eubank, Shain Coleman, Amy Goddard, and Eddie Jumper.

Winter Praises Lawmakers

In an address to a joint session late last week, Gov. William Winter praised state lawmakers for enacting a series of important bills which he proposed at the start of the 1981 session.

The 1981 session of the Mississippi Legislature ended Saturday.

The majority of the Winter-backed bills, including legislation dealing with transportation, were

enacted.

The transportation measures include revising highway laws to provide more money for maintenance; increasing truck weights which Winter said will boost economic development in the state; funding a railroad revitalization package with \$7 million to maintain a viable rail system; and funding a comprehensive intermodal transportation plan.

‘Once Upon A Mattress’ At NEMJC

The Departments of Music and Speech at Northeast Mississippi Junior College will present the 1981 Spring Musical “Once Upon A Mattress” Friday and Saturday evenings at 8 p.m. in the Seth Pounds Auditorium.

Based upon the fairy tale ‘The Princess and the Pea,’ the musical revolves around the antics of Princess Winnifred, who is trying to win favor with a very domineering queen for her son’s hand in marriage. The queen, who is nearly desperate at the idea of losing her son, plots to keep the princess out of the royal household by devising a test

she must pass.

The test requires Princess Winnifred to sleep atop 20 downy mattresses under which there is a tiny pea. If the girl sleeps she has failed the test and will be refused in marriage to the prince. However, if the pea disturbs her so much that she cannot sleep, everyone lives happily ever after.

According to Murphy Jones, director, this year’s musical is truly a campus-wide undertaking. The home economics department assisted with costumes, and the stage decoration and props were done by the art department.

The production also

received help from sections of the Vo-Tech Center including business trades, electronics, machine shop, and welding. In addition to this number, there are 54 students involved with the on-stage production.

The cast of main characters includes Carla Bonds, Booneville, as Lady Larken; Tommy Green, Booneville, as Prince Dauntless; Sam Grisham, Booneville, as the Wizard; Tommy Keenum, Booneville, as Sir Harry; Andrea Russell, New Albany, as Princess Winnifred; Elizabeth Thur-

mond, Ripley, as Queen Aggravain; and, Clay Younts, Memphis, as King Sextimus.

From Early Plowing

1981 Soil Loss May Be Worst Ever

Prentiss County farmers, trying to use the dry weather to their advantage, may have done more harm than good by plowing their fields early this year.

The early plowing could contribute to larger amounts of soil erosion, according to Billy G. Griffin, state conservationist with the Soil Conservation Service.

“I am deeply concerned over the present rate of soil erosion on cropland in Mississippi,” he said. “Soil losses from croplands in 1981 may exceed any previous year.”

Due to low rainfall during December and January, there was an unusually large amount of cropland plowed across the state, Griffin said. This early plowing has extended the period of time bare fields will be subjected to accelerated soil erosion.

This is also the time of year the potentials for soil loss are greatest, he said.

Another factor cited by Griffin as affecting soil erosion this year is the unprecedented conversion of hilly, erosive lands, formerly in permanent vegetation or cover, to croplands.

Almost all such lands needs application of soil and water conservation practices to reduce erosion, Griffin said, but only a fraction is now receiving conservation treatment.

“According to an inventory of soil losses on croplands conducted by the Soil Conservation Service, Mississippi croplands now erode at the average rate of 10.9 tons per acre per year,” Griffin said. “This is the

third highest erosion rate in the nation.”

“We in the Soil Conservation Service are keenly aware of the farmers’ reasons for operating the way they do, but because of the dependence of future generations upon our soil resources, we cannot afford to lose our vital soil at this rate,” he said. “Future reductions of soil loss are also essential if we are to improve the quality of water in Mississippi.”

Griffin says there are several ways to combat soil erosion problems.

First, establish and maintain land in a use that will make it practical to apply conservation treatment. Secondly, apply conservation treatment, such as, terraces, reduced tillage systems, contouring, conservation of crop residues, and vegetated field borders, to the land.

“The combined effect of these measures will reduce

soil losses so that soil resources will remain productive now and for the future,” Griffin said.

Soil Conservation Service personnel are located in each soil and water conservation district or county to work with all farmers in solving soil erosion problems in Mississippi. The Prentiss County District Conservationist’s office is located at 107 College St., Booneville, phone number 728-3544.

Editorial:

A Salute To Industry

What one group of employers provide jobs for approximately 2,900 people in Prentiss County?

What local group of employers pay over \$25 million annually in salaries to their employees?

The answer to both questions is "Industry."

Thirty percent of the total personal income generated in Prentiss County comes from industrial employment.

Statewide, more than 235,000 people in the state's work force have jobs thanks to industry. Those jobs produced an annual payroll in excess of \$3.1 billion in 1979.

In addition to salaries, our industries make many other contributions to our community.

They provide money and

goods to local charities, thus benefiting the entire citizenship.

They pay taxes to all levels of government.

And they provide a basis for stability in the community.

After hours, they help us to relax by sponsoring such things as softball teams for the adults and Little League teams for the children.

It has been said that an industry employing just 200 people means an additional \$1 million in annual income for the county, an additional \$800,000 in retail sales, and could result in an additional \$35,000 in sales taxes and over \$50,000 in all other taxes inside the county.

In this day of federal cutbacks in funding for cities and counties, our industries may be all that

keeps us from going under.

Gov. Winter has designated April as "A Salute To Industry" month for the state—a special day to say "thank you" to the more than 2,500 manufacturers who provide jobs and incomes to families throughout the state.

And, in a similar spirit, local officials have proclaimed the same for Booneville and Prentiss County.

We find it appropriate that a special month has been set aside to recognize our industries—especially the companies located here in Prentiss County.

We urge everyone to join in expressing appreciation by saying a long overdue "thank you" this month for our industries.

Just think, where would we be without them?

Reflections

By Ken Christian

The students cheered; they laughed; they applauded.

No, they weren't being entertained at a school function...they had just been told that President Reagan and three other persons had been shot.

The story (from United Press International) appeared last week in the Memphis Commercial Appeal.

According to the principal at the Tulsa, Okla., high school, only about 15 out of 500 students cheered at the news... "but those 15 did."

Living here in Booneville, we may be shocked at such a thing, but it is easy for us to say to ourselves, "That was in Oklahoma; we're not like that here."

Don't be so sure. I was a sophomore at Booneville High School when President John F. Kennedy was shot. As I remember it, I was in a fifth period study hall when a student came in and spread the rumor that the President had been shot.

We didn't really believe her until prin-

cipal H.N. Tutor made the announcement over the school intercom and dismissed classes for the rest of the day.

Walking home as usual, I passed a group of students. I couldn't help but overhear them joking and laughing. One of them said, "It's about time somebody got him."

And that didn't happen in Tulsa, Okla.; it happened here in Booneville, Miss.

Talking with students last week, I was not told of any incidents of cheering or applauding, but I did hear of scattered incidents similar to the one I experienced in 1963 when Kennedy was shot.

What is the motivation behind such thinking?

I feel there are two major factors: parents and television.

Quite often students hear their parents—and others—blaming the President for all their troubles. Thus, when this symbol of the family's hardships is eliminated or an attempt is made to eliminate that symbol, the students—and others—applaud it.

As for television, how many times each

night is a character in a program on TV killed or seriously hurt? It is very commonplace. And this can't help but make such actions become more acceptable to young minds who see it day in and day out.

This brings us back to the parents. It is up to the parents to monitor what their children—especially very young children—are watching.

What can be done to change the attitudes of those who applaud the shooting of the President? Unfortunately, probably very little.

But, to keep such attitudes from developing in younger children, parents should watch what they say around their children and monitor what the children watch on TV.

It is an American tradition to blame the government, and thus the President, for our troubles. However, just how is a young mind affected when it hears these things?

And, what type of attitudes will a young child develop if he believes everything he sees on TV is acceptable behavior?

Letters

'Saturday Night Specials'

Dear Editor:

Our President lies wounded, felled by a bullet fired from a "Saturday Night Special." This favorite weapon of the assassin was easily obtained at a Dallas pawnshop.

In all but one of the 11 assassinations and attempted assassinations of Presidents or Presidential candidates, the assassin used a handgun.

Presidents Lincoln, Garfield, and McKinley were slain. Candidate Robert Kennedy was killed. Gov. George Wallace is crippled. In September 1975 alone, President Ford's life was threatened twice by assassins wielding han-

dguns. Now President Reagan has been shot.

Must we bury another President before the Congress acts to pass an effective national handgun control law?

Togther we can make the

Congress act now to control handguns.

Sincerely,
N.T. "Pete" Shields,

JACKSON, Miss.—Old Coach didn't get his \$9,000 salary raise, but you can't say he didn't try.

Anybody around the Mississippi Legislature, of course, knows Old Coach to be former State Rep. A.C. "Butch" Lambert, now the chairman of the State Tax Commission, the state's chief revenue officer.

Up until a year ago, Lambert was the jovial chairman of the House and Means Committee, well liked by most members of

both the House and Senate as a consummate Good Ole Boy who could weave tales of his experiences as a former Southeastern Conference football and basketball official.

So when the State Tax Commission was given broader powers at the request of Gov. William Winter, the Motor Vehicle Comptroller's functions put under the commission and the chairman made something of a tax czar, the leadership in the legislature was pleased Winter picked Butch Lambert to run the

big new show starting last July.

But the salary of the chairman was left pegged at \$32,000, somewhat below the expectations of Lambert, who gave up his job in industrial relations with a national manufacturer located in Tupelo to take the tax commission post.

There were quiet assurances, however, from some of his cronies in the legislature that the salary matter would be taken care of this year, and that \$45,000, the amount set for the new director of the Board of

Economic Development, would be the goal.

Things didn't go well this session, however, when Lambert's raise, cut back to \$41,000, got mixed in with some healthy raises for state elected officials and a number of other department heads. Since school teachers and state employees down in the ranks were being kept on short rations, it wasn't a popular time to hand out raises up to 60 percent for

some high state officials.

When the salary bill—which also contained the mechanics for installing the new "variable compensation" plan for state employees, got back to the House and Senate from conference with only two days left to act on it, Lambert's salary and all the others had been stripped out of it.

Senate Report

By Bill May

Senator District 5

Itawamba, Prentiss and Tishomingo

The 1981 session of the Mississippi Legislature is now history, the legislature having completed its work on Saturday, April 4.

This, in my opinion, has been an average session in so far as the amount and type of legislation passed; however, I believe it has been above average in work, frustration, confusion and confrontations.

No doubt, some of the frustration has been caused by tight money, uncertainty about federal funds, inflation and the changing economic conditions in the state and nation. Most legislators believe that harder times in this regard are yet to come.

Overlook

Approximately 2600 bills were introduced this session, which included about 400 appropriation bills and about 200 local and private bills. The legislature finally passed and sent to the governor 180 general bills, 286 appropriation bills, and 109 local and private bills.

Appropriations

The projected revenue for FY 1982, beginning on July 1, 1981, is slightly over \$1.25 billion. The legislature appropriated about \$1.241 billion, leaving a projected balance on July 1, 1982 of about \$8.8 million.

Based on these projections, the state will have a

balanced budget with all agencies and functions of government reasonably well funded. The largest appropriations are: Common Schools, \$480 million; Higher Education, \$241 million; Medicaid, \$76 million; Department of Corrections, \$31 million; Governor's Office, \$1 million; Mental Health, \$80 million; Legislature, \$5 million; Board of Health, \$15 million; Agriculture, \$45 million; National Guard, \$12 million; and Welfare \$33 million.

Taxation

The 1979 session of the legislature gave a number of substantial tax reductions, some of which are still going into effect. In spite of the fact that these tax reductions have reduced the amount of increased revenue going into the state treasury, the legislature has refused any tax increases in both the 1980 and the current 1981 session of the legislature.

The legislature avoided any fuel tax increase this session by diverting \$42 million from the general fund to the highway department, with increased diversions over the next two years.

Without a substantial upturn in the economy, it seems certain that the State General Fund will be in serious trouble in 1982 and

there will be a tight money situation for the next several years.

General Bills

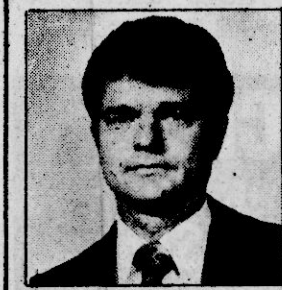

Some of the more important bills to finally pass the legislature this session were: (1) highway funding bill; (2) creation of new Textbook Procurement Commission; (3) extension of the Department of Corrections for three years; (4) new garnishment law; (5) lower blood alcohol content for driving under influence (DUI); (6) revision of Justice Court system; (7) authorization of issuance of \$200 million in bonds for housing loans; and (8) truck weights.

Reappraisal

Even though no legislation was actually passed in the current session of the legislature regarding reappraisal, the subject was seriously discussed.

As we have reported to you earlier in the session, the one big question left to be decided on this subject is the percent of appraised value at which property will be actually assessed.

I have worked closely with a number of Senators and Representatives in trying to pass legislation which would limit these tax ratios (percentages), especially on farms, homes, timberland and commercial property. This will be a subject of high priority in the 1982 session.

Legislative Report

By Billy McCoy

Representative District III
Prentiss And Alcorn Counties

The 1981 session of the Mississippi Legislature ended before noon last Saturday after a continuous two-week run, including Saturday and Sunday, the 28th and 29th of March. Gov. Winter presented a message to a joint session of the Legislature on April 3.

I suppose the overall success of the 1981 session is in the eye of the beholder. There are those who feel this session was mostly successful in only the routine "housekeeping" bills or those necessary to carry on the essential functions of government.

All essential services were funded and the Legislature adjourned, as usual, with a balanced budget. The state's budget for he next fiscal year will approach the \$3 billion mark.

Gov. Winter was optimistic in his assessment of the 1981 session. He seemed particularly pleased with the passage of the Highway bill, pointing out that it provides \$9 million for maintenance and \$110 million for construction.

As I have mentioned in previous articles, I continue to have doubts as to the long range benefits northeast Mississippi will receive from this bill.

The Governor said that since the signing of the truck weight bill only two weeks ago he has received indications that new industrial plants are considering locating in Mississippi because of this law.

Additional legislation was passed concerning hazardous wastes. Mississippi appears to be lading the

nation in meaningful hazardous waste laws. These will make it easier to attract and retain industry and to do it with maximum regard for the health and lives of our citizens.

The 1981 Legislature also provided for the issuance of \$200 million more revenue bonds to provide a source of lower interest home mortgage money for middle income home-buyers.

While no provisions were provided for new educational programs such as kindergarten and compulsory attendance, the effort to secure and maintain quality teachers was continued. Teachers will receive total pay increase ranging from \$1,000 to \$1,300. This includes \$875 across the board and incremental increases and will vary depending on experience and qualifications.

On the law enforcement front, a big step forward was the bill to discourage drunken drivers by reducing the blood-alcohol percentage from .15 to .10 for purposes of determining intoxication.

Most of us are optimistic about the long-term prospects for economic growth in Mississippi, but we must realize there are financial uncertainties in the next few months. As the governor pointed out, the massive federal cutbacks, which have already begun will pose new problems that no one at this time can clearly foresee.

No doubt we will all realize a new that government cannot and should not

do "All things for all people."

Miss Goolsby And

Mr. Gilley Are Wed

MYRTLE, Miss.—Miss Donna Jean Goolsby, daughter of Mr. and Mrs. J.W. Goolsby, and Rickey Gilley, son of Mr. and Mrs. Bob Gilley of Myrtle, were married Saturday, March 28, at the home of the bride's parents in Myrtle.

The Rev. Kara Blackard performed the ceremony.

The bride is the granddaughter of Mrs. A.B. Goolsby and the late Mr. Goolsby of Blue Mountain, and Mrs. Baxter Lewis and the late Mr. Lewis of Damas.

She is a senior at Myrtle High School.

The groom is the grandson of Mr. and Mrs. O.B. Gilley of Booneville; and Mrs. David Koon and the late Mr. Koon of Myrtle.

He is employed at Bob's Auto Repair of Myrtle.

Miss Penny Ivey of Myrtle served as maid of honor. Terry Thomas of Myrtle was best man.

A reception for close friends and relatives

Mrs. Quinn Addresses

DAR Meeting

The informal approach to teaching history encourages students to gain in self esteem, but it is often difficult to measure how much the students learn.

That is what Mrs. Anna J. Quinn, an instructor with the English Department at Northeast Junior College told local DAR members at their regular April meeting.

Mrs. Quinn was the guest speaker at the April 2 meeting of the Natchez Trace Chapter of the Daughters of the American Revolution held in the Hospitality Room of the Frank Haney Union at Northeast.

She spoke of views of history she had heard in 1979 at a workshop for history and English teachers in Murfreesboro, Tenn.

Historical preservation may be approached in two ways: formally and in-

formally, she said. The formal method is accomplished through the use of museums and libraries with books and artifacts.

Informal preservation may be accomplished orally with older and knowledgeable persons sharing with anyone interested, through the use of local resource papers and persons, and through individual study and research, she said.

Mrs. Quinn said one of the reasons she has decided to incorporate the informal approach into her teaching is that it encourages students to gain in self esteem.

Mrs. O.C. Robinson, regent of the local DAR, presided at the meeting and introduced Mrs. Quinn.

Mrs. Milton Waters, chaplain, led the chapter in the DAR Ritual and Mrs.

Paul Dobbins led the Pledge of Allegiance to the Flag.

In her National Defense report, Mrs. Cooper Hoover quoted from President Ronald Reagan's inaugural address: "We are too great a nation to limit ourselves to small dreams. We have every right to dream heroic dreams."

Following the business session, the meeting was adjourned with the repeating of The American Creed.

The tables were decorated in a spring-time theme, featuring azaleas, camelias, floral napkins, and brightly colored foil wrapped candy eggs.

Hostesses for the meeting were Mrs. J.W. Abernethy, Mrs. Irb Benjamin, Mrs. Bobby E. Hodges, Mrs. Ralph Stutts, and Mrs. M.C. Parker.

Miss Henderson And Mr.

Reeves Exchange Vows

JACKSON, Miss.—Miss Pamela Delores Henderson, daughter of Mr. and Mrs. Troy H. Henderson of Booneville, and James Lee Reeves, son of Mr. and Mrs. James A. Reeves of Jackson, were married recently at the Broadmoor Baptist Church of Jackson.

The Rev. Guy Henderson, uncle of the bride, was assisted by Dr. David Grant in officiating at the double ring ceremony.

Nuptial music was presented by Mrs. Jan King, organist, and Mrs. Jean Cox and Jimmy Underwood, aunt and uncle of the bride, who performed wedding music accompanied by guitar and organ.

Given in marriage by her father, the bride wore a formal wedding gown of white silk organza over silk peau d'oisie.

Her bride's bouquet consisted of white and soft pink roses surrounding a purple-throated orchid. It contained a ribbon from her mother's wedding bouquet.

Miss Judy Henderson of Booneville, sister of the bride, served as maid of honor. Bridesmaids were Miss Leigh Henderson of Booneville, sister of the bride; Miss Jane Reeves of Jackson, sister of the groom; Miss Lisa Leonelli of Birmingham, Ala.; Miss Cissy Galloway of Booneville; and Mrs. Jamie Hinton and Mrs. Rose Anna Benton of

Jackson.

Miss Jill Underwood of Jackson, cousin of the bride, served as junior bridesmaid.

The groom's father served as best man. Groomsmen were Russell Wagner of Mobile, Ala.; Kelly Bradford of Auburn, Ala.; Hubert Spears of Memphis; Kim Johnson of Ft. Worth, Texas; and Gary Wood and Richard Lowther of Jackson.

Jay Underwood of Jackson, cousin of the bride, served as junior groomsmen.

For her daughter's wedding, Mrs. Henderson wore a gown of mauve chiffon. Mrs. Reeves, mother of the groom wore a blue angel crepe gown. Both mothers wore orchid corsages.

Mr. and Mrs. A.L. Underwood and Mrs. J.M. Henderson, grandparents of the bride, and Mrs. A.L. Reeves and Mrs. P.L. Hanserd, grandmothers of the groom, were also present for the ceremony.

Reception

Immediately following the ceremony, the parents of the bride entertained with a reception in the church's fellowship hall.

The bride's table held a four-tiered wedding cake decorated with pink flowers. It featured a small bouquet of pink flowers at the top

which served as the bride's throw away bouquet.

The groom's table held a two-layered German chocolate cake decorated with frosted green grapes.

Mr. and Mrs. Jimmy Underwood and Mr. and Mrs. Buddy Oliver served as hostesses to greet the guests.

Assisting at the reception were Mrs. Lois Henderson, Mrs. Martha Hadley, Mrs. Gayle Reeves, Mrs. Mignonne Tadlock, Miss Shari Magee, Miss Mary McCarty, Miss Patricia Hinton, Miss Mary Lynn Hadley, Miss Suzanne Hadley, Miss Beth Herring, Miss Connie Barfield, Miss Cynthia Surratt, Mrs. Susan Littell, Miss Gwen Smith, Miss Debra Farrish, and Mrs. Diane Underwood, aunt of the bride, who presided at the guest register.

After the wedding trip to Cancun, Mexico, Mr. and Mrs. Reeves will make their home in Jackson.

Parties

A number of pre-nuptial parties preceded the wedding. Among them was, on the day of the wedding, a bridesmaids' brunch in the home of Dr. and Mrs. Clyde Muse in Raymond, Miss.

The groom's parents entertained the member of the wedding party on the eve

Mrs. James Reeves

of the wedding with a dinner at Cerami's Restaurant at the Ross Barnett Reservoir.

Joining Stafford on the All-State first team squad are, Walter Mason, and Calvin Madlock, Northwest; Tommy Parnell, Holmes; and Fredrick Walker, Coahoma.

Three other Northeast Tiger performers were named to the honorable mention list. They include, Booneville's Dale Groves and Jackie Leach and Thrasher's Mark Hastings.

Home Economist's Notes

By CLAIRE T. ROSS
Extension Home Economist

With azaleas beginning to dot the area landscape, many will be inspired to capture some of this lovely color for their home premises. And, many will be very disappointed next spring to find their plants did not "weather" the summer heat and drought or winter those northern blasts.

The following is good information passed on to me by Leon Perry, Area Agent from Iuka. I consider Mr. Perry an expert in the horticulture of azaleas, camellias and rhododendrons. And, I feel you would also, if you were to visit his azalea garden in Iuka.

TEN TIPS ON AZALEAS

(1) Select quality plants with good foliage color and strong branches.

(2) Select for size, color,

growth habit and adaptability to your area. (refer to MCES publication 666, Selecting Landscape Plants)

(3) Keep root ball damp until planting. Avoid letting plants "dry out" from lack of water.

(4) Select planting location based on individual variety's cultural requirements. Generally, filtered sunlight under tall oak or pine trees is best. Avoid planting near shallow-rooted trees such as maple, elm, etc.

(5) Prepare planting bed to insure good drainage. This is a must! If your soil contains a large percentage of clay it may be advisable to plant entirely above the ground.

In heavy clay soil the root-ball needs to be almost entirely above ordinary ground surface and filled in

with soil mixture and then topped with a good 4 inches of mulch, by summer hot weather.

(6) Mix a generous amount of organic matter with soil in planting bed. This can be peat moss, rotted oak leaves, pine straw, compost, etc.

(7) Mulch with heavy layer (three to four inches) pine straw, shredded leaves, pine bark, or other organic

material.

(8) It is not necessary or advisable to fertilize at planting. Azaleas are not great lovers of chemical fertilizers.

(9) Water thoroughly to firm soil around roots. Remember! The first year is critical. Water anytime plant shows signs of wilting in the early morning.

Three most common causes of failure are: planting too deep; over fertilization; and lack of proper watering.

Hills Chapel Attendance Center will have their beauty review Friday night, April 10, at 6:30. The event will be held in the gymnasium. Everyone is invited to come out and enjoy the evening.

Friends of Mrs. Ruby Davis were glad to welcome her back to church services at Carter's Chapel on Sunday. Mrs. Davis has spent several days in the hospital, but is glad to be home again.

Reports have come that Louis Woodruff was admitted to the coronary care unit at the local hospital on Sunday. His friends in this area wish a speedy recovery for him.

Mrs. Elvia Moorman has been reported on the sick list. Hope she is feeling better now.

Mr. and Mrs. Dalle Newborn of Alabama were weekend visitors of Mr. and Mrs. Ides Rutherford.

The Clothes Country Basketball team of our area won second place last week in the Union Central Independent Tournament. The team players are Joyce Duncan, Helen Harris, Ann Thomas, Sheila Gann, Betty Palmer, Glenda Harwood and Debbie Oswald.

Lucille Pierce and grandson Greg were overnight guests of Mr. and Mrs. Bob Wiginton on Saturday night.

Mrs. Modenia McKinney has been in the local hospital. She was to have surgery earlier this week. We hope that she is soon recovered and home again.

Chris Wroten of Corinth spent a few days with his grandparents Mr. and Mrs. Ted Burns.

Mary Young, Melissa Newcomb and Myrtie Cole went to New Bethel Church of Christ Sunday for lunch

and singing. The congregation sponsored a weekend revival last week.

I would like to send greetings to Harry and Betty Pennington in Dallas, Texas, and Leslie and Betty Jo Wright in Joliet, Ill.

Happy birthday wishes go out to Martha Hutchens and Bob Moorman on the 10th, Gary Adkins on the 12th and Allen Wayne Stacy on the 14th.

Mrs. Jesse Henson and Blanche had several family members visit in their home last week. Mr. and Mrs. Douglas Martin of Tupelo were visitors on Tuesday, and Mr. and Mrs. Ricky Johnson and Amy of Cairo were Sunday dinner guests. Then on Saturday night, Mrs. Henson's daughter Inez and husband Everett Bush joined them for supper.

Mr. and Mrs. Ralph Hare and Mr. and Mrs. Farmer Wright enjoyed a trip to Florida last week.

Mrs. Ophelia Fugitt is back in the local hospital and also Mrs. Allie McCoy, wife of Homer McCoy.

Bessie Carter is reported to have been moved from the local hospital to the hospital in Tupelo.

Quinn Nicholson is improving some, but is still in the Tupelo hospital at the time of this writing. Mr. Nicholson was in the boat accident with J.B. McAnally, who is at home now after his hospitalization.

Also, friends and relatives are glad to have Dennis Johnson home from the hospital after his wreck.

Jewel Hatfield hasn't improved as well as expected and is scheduled for a second surgery soon. She is hospitalized in Memphis. We send our best wishes to her.

Lucille Phillips enjoyed Sunday dinner with Doris McCoy.

Visiting recently with Mr. and Mrs. James Newman

and family was James' mother Mrs. Maxine Newman of Marietta.

Visiting for the services at Hills Chapel Church of Christ on Sunday were Mrs. Maxine Newman, and Mrs. Inez Bush. All visitors are welcome back whenever they can attend.

Billy Martin, son of R.W. Martin, was home from college over the weekend and for church services at Hills Chapel.

Bernice Chase spent Sunday with Mr. and Mrs. Dwain Johnson. They enjoyed a visit in the home of Mr. and Mrs. Terry Lambert and family.

Funeral services were held last weekend for Arlie Woodruff of Strickland, Miss. Services were held at McMillian's with burial at Snowdown. He is the uncle of Bobby Armstrong of our community.

I have been noticing the beautiful spring blooms around the community. The tulips, buttercups and dogwood trees bring a new glow to the area.

And especially beautiful is the thrift at Mt. Pleasant Cemetery. Mrs. Lucille Phillips is responsible for the beautiful blooms there as she cares for it. I'm sure that each passerby appreciates its beauty.

"TO THE PEOPLE OF BOONEVILLE"

PERRY HENDERSON

I, Perry Henderson, am now officially a candidate for the the Board of Alderman for the City of Booneville. Time will not allow me to see and talk with each person in the city for your full support and vote. Many of you have known me through the years and know my qualifications. I have served as manager of Roger L.P. Gas Company for the past 18 years. I will try to do an excellent job for the city as the present Board has done in the past.

I'll be as open minded as possible. I'm running for the people and to help the people in every way that I can.

To those people that do not know me, I ask for your full support and hope to encourage each of you of my good intentions and qualifications. Then, if my qualifications meet your approval, VOTE FOR ME, PERRY HENDERSON, on May 12, 1981.

Mrs. Bertha Iryin is in Theodore, Ala., on an extended visit with her son Winford Irvin and family.

Marilyn Kelton remains seriously ill in Memphis, let's remember to pray for her and family.

Thought for the week:

"Daily Prayers Dissolve All Cares."
Meet God in the morning and take Him with you through the day
And then before you go to sleep
Do not forget to pray
That He will just "take over"
All the problems you couldn't solve.
And in the peacefulness of sleep
Your cares will all dissolve,
And when you open up your eyes
To greet another day
You'll find yourself renewed in strength
And there'll open up a way
To meet what seemed impossible
For you to solve alone
And once again you'll be assured

That you're never On Your own-
For no day is unmeetable
If on rising your first

Sunflower News

By BETTYE BRANDON
Correspondent

On last Wednesday morning a very proud and happy grandmother, Mrs. Allie Shields, phone to share with us of the community, through this article, the news of the birth of twin boys, born to Mr. and Mrs. Tommy Shields, her son and daughter-in-law.

We offer them our sincere congratulations, and, to N. S. Shields, again we express our deep appreciation for your thoughtfulness and generosity in sharing this joyous news with us. We are happy to know that you are well and that God is blessing your lives right now. We pray that this will always be so.

Interest was focused on the church training union in a seminar held at Spring Hill last week. The session was conducted by the Rev. Lewis Ragins, the Rev. B.J. Cummings and the Rev. O.C. Brands. Mrs. Sally Gardner, B.T.U. president, began the opening session with a discussion on the model training union.

The Rev. O.C. Brands headed a panel discussion on prayer during the afternoon session. The event was brought to a close with an inspirational service conducted by the pastor, the Rev. Otis Shumpart who delivered a highly spiritual sermon on prayer. The junior church members contributed with special songs of inspiration and praise.

Churches representing in the seminar were, Wolf Creek, Oak Hill, Synagogue, Hope Well and Pleasant Grove M.B. Church.

On last Sunday, a two part skit, entitled, "I Promise," and "Will You Scorn My Love," was dramatized by the junior members of the usher board of Spring Hill, under the direction of Mrs.

Artisha McDonald. Their performance resulted in a very enjoyable and inspiring program and we look forward to more of the same in the future.

The cast of characters were: Susette Gardner, Carmelia Gardner, Valeria Swinney, Audrey McDonald, Kagie McGaha, Demetries Williams, Jackie Grizzard, Carrie Nunn, Leteria McDonald and Lamar Williams as background soloist. They were all just great.

Our prayers continue for the sick and the shut in this week, especially for Edd. L. Ryanin who is in a Memphis hospital; Mrs. Jewel Hatfield, who is also in a Memphis hospital, the Rev. Willie Powell, pastor of Beckley Chapel, C.M.E. Church; Troy McGaha, who is recovering from surgery; Cherry Johnson, a co-worker, all in the local hospital, and Mrs. Katherine Huddleston, also a co-worker who is in the Tupelo hospital. We hope they continue to improve and are soon home again with family members.

Because of the great strides that we feel he has made in works and spiritual growth as one of God's ambassadors, we wish to bring you up to date in the events in the life of the Rev. Lewis Ragins. On Jan. 30, 1980, he publicly professed a calling into the ministry of God and his acceptance of that call. Sunday, Feb. 10, 1980, he delivered his first public sermon and received the official minister's license.

For one year he continued to study, accept speaking engagements and performed pastoral duties on a substitute basis at various churches throughout the district, and acted as assistant to the pastor of Spring Hill when the need arose. During this time he

received a call to duty from the membership of the Pleasant Grove M.B. Church of New Albany, which he accepted.

On Sunday night Feb. 1, 1981, a special service was held at Spring Hill in which he was given the pastoral charge by the Rev. Nathan Triplett, and the certificate of ordination by the Rev. Otis Shumpart. On Sunday morning, Feb. 8, 1981, he began his duties as pastor of Pleasant Grove.

On March 22, the pastor of Spring Hill and members gathered for worship at New Albany with Pleasant Grove members in a service where the Rev. Ragins was officially installed as pastor of that particular church with services being held on the second and fourth Sundays of each month. He is also the newly elected pastor of the Mt. Pleasant M.B. Church of Kossuth. Services are held there each first and third Sundays.

We are happy for these accomplishments in his life and pray for his continued stability, that he will always be an approved workman for God, a good shepherd, rightly dividing the word and properly feeding the sheep.

The time of year has come when we look forward to home folk returning for vacation and weekend visits. Shorty McCain was our first visitor for the season. We were very happy to spend a brief visit with him on Sunday morning and wish him God speed and a safe trip on his return home later in the day.

Responsibility
(Where does it begin and end?)

The time of year has also come when youngsters are everywhere. Some that you know and many that you don't. During the spring holidays from school and

these past weeks we have been privileged to meet many of the new friends that Mickey and James have made during the school year and have been given an example of what the behavior pattern or attitude of most of them will be for the summer.

And I can assure you that, for the most part, it is not good and any attempt to correct or reprimand is met with the child's opinion of what his parents will do if he is not left alone, or you are given a most severe tongue lashing of the worst profane language imaginable, or served willful with destruction of private property—that is if you're lucky. You may get a portion of all three.

In the face of all this where does one's responsibility to another begin and end? The very principle upon which our lives and system of society is governed says that there is no limit or restriction for it is based upon the laws of God and the teachings of our Lord and Saviour Jesus Christ who became our living example in all things. And we, as his professed followers, are duty bound to

an endless responsibility, one toward another that demands our attention and reaches out into every concept of life and living.

Whenever we refuse to accept the challenge of responsibility in whatever form or manner it is presented, we are denying the very God that we profess to serve for we do not have the right to pick and choose. We have become so society orientated that we feel justified in our actions and consider our duty done when we can delegate our responsibility to committees and assist through contributions and exempt ourselves from a personal involvement. But this just amount to passing the buck, so to speak.

One of the major wrongs within our society today is that caring is going out of existence.

For caring means getting involved, and to get involved means assuming a personal responsibility. So instead, we assume an attitude of indifference and label it "Minding my own business" while we moan and cry that we are living in a sick society where violence and crime rules, forgetting that

we are also a part of that society and largely responsible for what it becomes, for our society is made up of what the homes produce.

In many of our homes today God is either unknown, pushed into the background, or completely rejected and this is the root of all our problems. We have left or we are gradually leaving the very principle upon which our system and way of life depends and that is God and his righteousness.

We need to re-acquaint ourselves with his laws and rules for living. Rules that are based upon a love that is without dissimulation where church denomination, skin color, family heritage, social prestige, financial and political powers are not all important, but love is, the kind that looked beyond our faults and saw our needs and filled them, the kind of love that was willing to leave a throne, bear a cross in anguish and pain, wear a crown of thorns and even die, all for me and for you.

He has no hands, eyes, feet or tongues but ours. Let us dare to care and correct when correction is needed, instruct when teaching becomes necessary and trust in God for direction and guidance in all that we do that it may come out right.

"Our privileges can be no greater than our obligations."

Till Next Week..

Legal
NOTICE

The Board of Supervisors
Prentiss County
Mississippi

I have reviewed the internal accounting control procedures, including the accounting records and supporting documentations, of the Purchase Clerk of Prentiss County, Mississippi, that I considered relevant to the Criteria established by House Bill Number 775, Laws of 1974, and House Bill Number 670, Laws of 1975, of the Mississippi Legislature. My review included tests of compliance with such procedures during the period from October 1, 1979 through September 30, 1980.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by responsible officials.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by individuals. Further, projection of any evaluation of internal control to future periods is subject to the risk that the procedures may become inadequate because of changes in condition and that the degree of compliance with the procedures may deteriorate.

I understand that procedures in conformity with the criteria referred to in the first paragraph of this report are considered by the Board of Supervisors to be adequate for its purpose in accordance with the provisions of House Bill Number 775, Laws of 1974, and House Bill 670, Laws of 1975, and that procedures not in conformity therewith indicate inadequacy for such purposes. Based on this understanding and on my review, in my opinion, the purchasing records and internal accounting control procedures of the Purchase Clerk of Prentiss County, Mississippi, during the period October 1, 1979 through September 30, 1980, were adequate for the purposes of the Board of Supervisors and were in general compliance in all material respects with the requirements of House Bill 775, Laws of 1974, and House Bill 670, Laws of 1975, except for the conditions described below which I believe are material weaknesses in relation to the criteria referred to in the first paragraph of this report.

(1) Receiving reports are not being timely filed with the Purchase Clerk.

I recommend the Board of Supervisors to advise all county officials, department heads and authorized employees that a receiving report must be prepared in triplicate and filed with the Purchase Clerk not later than the twelfth hour of the third regular business day after receipt of any equipment, heavy equipment, machinery, supplies, materials or services.

(2) During the review period some vendor's invoices covering purchase of exempt items were placed in the docket of claims without the required signed vendor's certificate. And some invoices were not signed by the employee making such purchase or acquisition.

I recommend in the future, the Clerk of the Board notify the individual supplier that his claim cannot be allowed for payment until the required signed vendor's certificate is affixed to his invoice. All county employees should be instructed to sign all invoices at the time of purchase of acquisition.

(3) In test checking the paid invoices during the audit period, I found the required copy of the purchase requisition, copy of the purchase order and the original copy of the receiving report were not attached to some of the paid invoices examined during the test period.

I recommend that the required documents be attached to an invoice before it is paid.

County Seeks To Identify Handicapped

The Prentiss County School District is participating in an ongoing statewide effort to identify, locate and evaluate children through the age of 21 who are physically, mentally, communicatively and/or emotionally handicapped, Prentiss County Superintendent of Education Lex Cain said this week.

"Early identification of children in need of special education experiences is most important to each child," he said.

This information will be used to help determine present and future program needs as progress is made toward the goal of providing a free appropriate public education to all handicapped children, he said.

Information which could identify an individual child will be maintained by the Prentiss County School District and will be provided to other agencies only in accord with the Family

Rights and Privacy Act, Cain said.

"As a parent, you are guaranteed the right to inspect any such information about your child and to challenge its ac-

curacy," he said. "Access to this information is forbidden to any unauthorized person without your informed consent."

For further information about the collection and

maintenance of this data, contact Prentiss County's Child Finder, James Googe, at 728-4632, or write him at The Educational Service Center, P.O. Box 779, Booneville, MS 38829.

CB Club News

By **THRASHER STAR**

Hope each of you are making your plans to attend our Jamoree this weekend. Remember the dance Saturday night beginning about 7. All of the activities will be held at the West Side Community Center, so make your plans to attend.

All members of the Junior Club are asked to be at the center at 9:30 Sunday morning in full uniform. Each will be assigned a job. So do your part.

We hope each of our members will be there to do your part. If you will please

get your gifts to us we can get them ready before Sunday morning.

There will be an officers meeting Thursday night. The meeting will be at the "Buffalo's." We hope all of the officers will be present.

All of the members are asked to be at the community center at 1:30 Saturday afternoon. We have much work that needs to be done before time for the dance.

Would you believe the "Dozer Boy," and "Little Mama," have been to Biloxi? That is how they celebrated their anniversary. "Dozer Boy," I hear that you even went to a

dance. I hope the Lady's dress was not ruined.

We are sorry the "Fig Leaf" had to have surgery in Tupelo last week. The "Walking Cane," was to have surgery on Monday. We hope for both of them a speedy recovery. Hope everyone else is doing well.

We would like to say happy birthday to the "Sunshine," on Wednesday. Hope each day is like your birthday—nice and happy.

Don't forget this weekend of fun at the Community Center with us. All of the proceeds go to a very worthy cause.

Go to the church of your choice, but go.

HEARING EQUIPMENT PRESENTED—Mrs. Angie Via (2nd from left), instructor of the Northeast Mississippi Regional Hearing Impaired Class, and Ronald Wingo (seated) of Iuka demonstrate the use of the phonic ear equipment recently presented to the class by the Rehabilitation Center in Tupelo. 'Phonic Ear' Will Make Life Easier For Hearing Impaired

Students of the Northeast Mississippi Regional Hearing Impaired Class may find the classroom environment a little easier to handle, thanks to a recent gift to the class.

The Rehabilitation Center in Tupelo recently presented the class with a "phonic ear" device.

Using a microphone and receiver, the phonic ear filters environmental noises, allowing the children to concentrate on the output of the instructor.

Sponsored by the Northeast Mississippi Regional Superintendents Association, the hearing impaired class is housed in Wright

Hall at the Northeast Mississippi Junior College.

There are currently nine students in the class which serves school systems in the same five-county area served by Northeast Junior College. This includes

Alcorn, Prentiss, Tippah, Tishomingo, and Union counties.

Mrs. Angie Via is instructor for the class.

'Old Coach...'

(Continued from Page 4)

Meanwhile, letters marked "Personal and Confidential" had been sent out by Lambert to selected members of key committees in the Senate and the House, inviting them to a big soiree at the "Penthouse" of the Ramada Coliseum, for which he was playing host. The party, it turned out, was the night before the bill had to be decided on the floor of the legislature.

After a good time was had by all, the next day the conference-approved measure hit the floor of the Senate. Several senators who had been to the party the night before took the floor and urged that the bill be sent back to conference, specifically mentioning that it should be revised to give Old Coach his raise.

So with the clock ticking on the bill, back to conference it went. This created somewhat of monumental embarrassment, since the leader of the House conference committee was Rep. Tommy Brooks, a fellow townsman of Lambert from Tupelo. Brooks also is a gasoline distributor, whose business is now subject to regulation by the Tax Commission headed by Lambert.

There was even one report that Brooks had a potential problem with the Tax Commission over an inadvertant mislabelling of gasoline.

Two other House members on the conference committee with Brooks were devoted followers of Lambert. But they were afraid to reopen the salary bill, especially to the \$1 million in raises Sen. Robert Crook had earlier put in for state judges, with whom he was believed by some to be currying favor.

When his friends painted the picture for Butch, he decided to throw in the towel and forego his raise.

But there are new reports circulating about Old Coach, that he may now be the new gubernatorial hope of the legislature leadership, rather than former State Rep. Charles Deaton, who is now serving as Gov. Win-

Here are some tips to help you save money on your long distance phone calls:

- Dial direct, the One-Plus* way. It's the cheapest way to call. You save if you don't use operator assistance.
- Dial One-Plus during discount periods.** You get a 60% discount off the regular weekday rate when you dial One-Plus nights from 11 p.m. to 8 a.m., all day Saturday, and Sunday till 5 p.m. And you get a 35% discount weekday and Sunday evenings from 5 p.m. till 11 p.m.
- The total charge for a long distance call is based on the rate in effect when the call begins. So, try to begin your calls *after* rates go down or *before* rates go up.
- Take advantage of toll-free "800" numbers.
- If you dial a wrong number on a long distance call, tell the operator. You'll get a billing adjustment.
- Tell the operator if you get a poor connection on a long distance call. You'll get help re-establishing the call, if necessary, and an adjustment on the charges.
- Check the Call Guide or Customer Guide section in the front of your telephone directory for more long distance rate information and money-saving tips.

Beginning April 27, business customers who want to discuss their phone service should dial these toll-free numbers:

- To place orders for new business service or to change existing business service, dial 1+960-3014
 - To discuss your business bill, dial 1+960-3010
- Please write these phone numbers down on the Quick List in your telephone directory for handy reference.

*One-Plus rates do not apply to Zero-Plus dialed calls, operator-handled calls, coin telephone calls, calls from a hotel or motel, or calls to Alaska or Hawaii.

**On One-Plus calls, discounts apply to total charges. On operator-assisted calls, discounts apply only to additional minute charges.

Someone's waiting.

Stafford, Buskirk All-State

Northeast's Maurice Stafford and Mark Buskirk were chosen among the elite on the 1981 All-State Junior College Basketball list it was announced last week.

The two Tiger performers were members of this Tiger squad, under the direction of head coach Noel Akins, which captured the North JUCO crown and finished second in the state.

The two roundballers are two of the top in the JUCO field and have received numerous honors in both the junior college and high school ranks.

Stafford, the former Biggersville standout made the first team squad while Buskirk, formally of Ingomar made the second team list.

Stafford, in his first year

in a Tiger uniform, paced the Tiger scoring chart with a 17 point average and pulled down some eight rebounds per outing.

Buskirk, a former Ingomar performer was one of the top sophomores on the 1981 circuit. He averaged some 11 points per game along with some six assists per outing.

Buskirk recently par-

ticipated in the JUCO All-Star Game held in Goodman at Holmes Junior College.

Coach Noel Akins, who will be leaving after this season at Northeast, had only the highest regards to say about these two performers.

"I feel like both are fine young men and it was a pleasure coaching them," Akins said.

Joining Stafford on the All-

State first team squad are, Walter Mason, and Calvin Madlock, Northwest; Tommy Parnell, Holmes; and Fredrick Walker, Coahoma.

Three other Northeast Tiger performers were named to the honorable mention list. They include, Booneville's Dale Groves and Jackie Leach and Thrasher's Mark Hastings.

Northeast Action This Week

Northeast spring sports action continues this week with numerous athletic events both at home and on the road.

Action starts today with both the tennis squad and the Tiger tracksters in action.

The tracksters, under head coach David Carnell, travel to Mississippi Delta while also today Northeast's men netters travel to Freedhardeman.

Saturday afternoon, Northeast's baseball squad will host IJC in a double header at the Booneville West Side Park.

On Monday, Northeast netters return to action again, this time on their home courts when they host the IJC netters while on Tuesday both the baseballers and tracksters are in action. The baseball

squad will again be home with a twinbill against Meridian while track squad will compete in the Gazette Relays at New Albany.

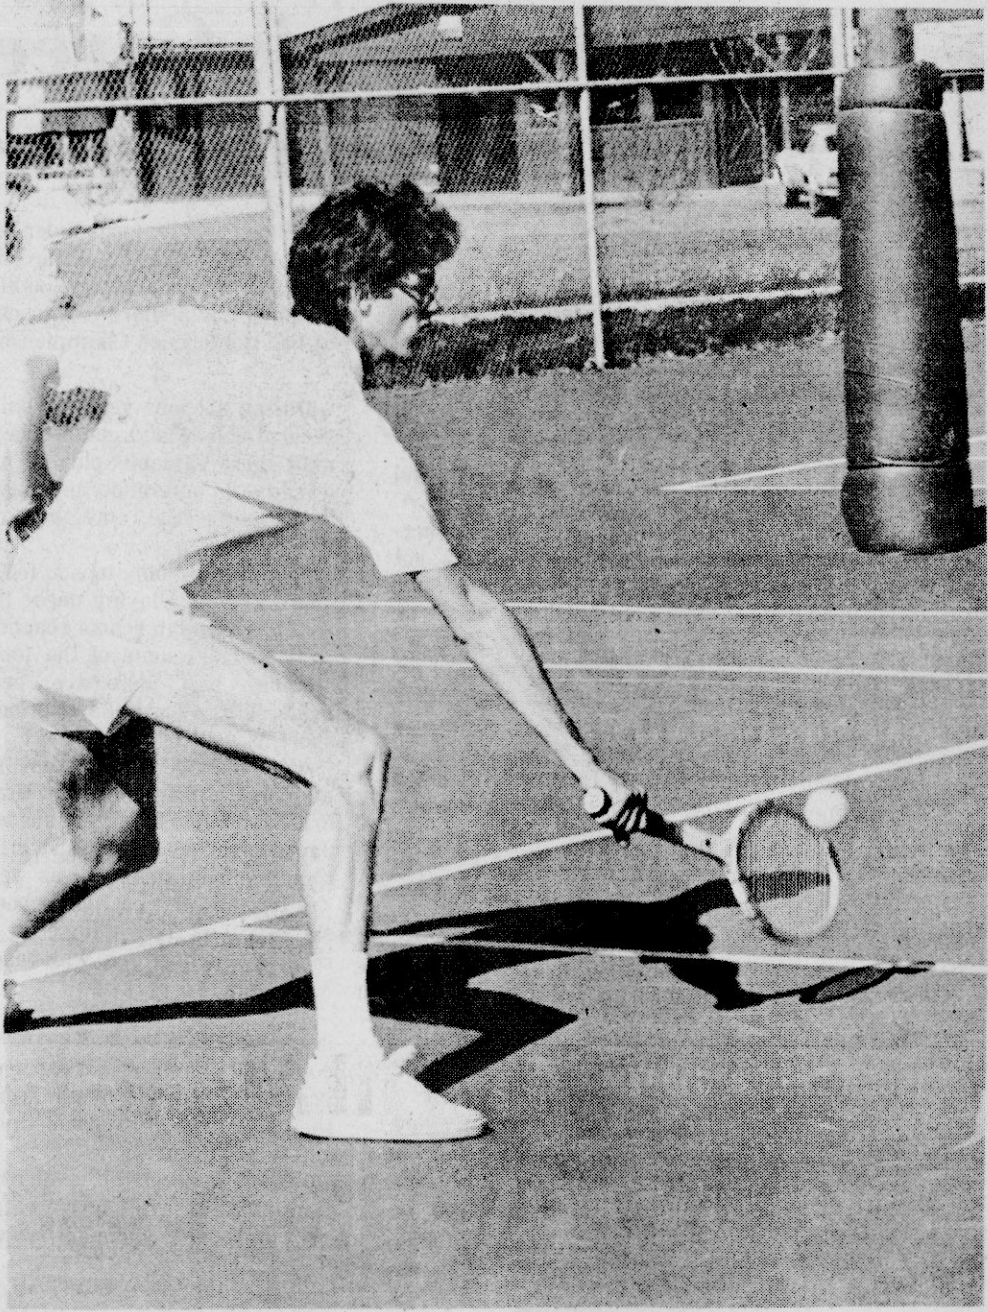

Rounding out the week's activities on Wednesday of next week the Tiger baseball squad will host Northwest for a double header at the West Side Park.

Brad White Ends Career: Pays Dues For 12 Years

By LEE GENTRY
Sports Editor

Some 12 years of athletic accomplishments ended for Booneville native Brad White, son of Mr. and Mrs. Harold White, recently when a team of Memphis doctors and Ole Miss trainer Leroy Mullins advised him to end his football career due to several recent concussions sustained on the gridiron.

The official announcement was made last week and Brad confirmed it Monday.

Ole Miss head coach Steve Sloan told the **Banner-Independent** Monday that the decision was based on, not just the concussion, but the frequency of the concussions.

"We just felt like Brad's physical condition might be threatened in the future," Coach Sloan said. "And we firmly believe here that an athlete's health comes first."

"Brad is a fine young man," coach Sloan added. "He was a starter for us for three years and is a good athlete as well as outstanding scholastic student."

"Brad was small and got knocked around a bit," coach Sloan said and he always got back on the horse again."

His recent decision to quit football ends, what turned out to be, one of the most successful tenures for a Prentiss County athlete in quite sometime. His awards and accomplishments are almost too numerous to mention.

Brad started his athletic career as early as the fifth grade in school. He played all sports in the fifth, sixth, seventh, and eighth grades before advancing to the high school ranks and then excelled at the top of the field in all phases of the Booneville sports program including basketball, football, tennis, track and baseball.

On the football side, Brad played four successful years

in a Blue Devil uniform under head coach James Drewry. During this span he achieved some of the top goals available to a local athlete highlighted in 1978 when he led Booneville to a share of the school's first and only Tombigbee Conference Championship.

During his four year football dynasty, Brad received several school and conference awards including, freshman most valuable player, most versatile, Blue Devil award, All Conference, and highlight his senior year when he was named the Tombigbee Conference's Most Valuable Player.

Brad was not only tops in football but on the basketball court as well. Playing under the direction of one of the South's top high school coaches Gerald Caveness, Brad again earned some of the top awards to be given including, best defensive performer, most assists, leadership award and also most valuable player in this sport as well.

Also in 1978, a year that Brad says was his most memorable to date for him, Brad led the coach Caveness drilled squad to their third successive State appearance in Jackson and also a top finish in the Tombigbee Conference Championship that year as well.

After finishing his high school career, one of the most successful of any athlete in North Mississippi, Brad received a scholarship with coach Steve Sloan and the Ole Miss Rebels.

Starting his freshman year, a feat that as anyone knows is no easy task in the college ranks, Brad played at defensive cornerback and also returned punts. He played this position in both his freshman and sophomore years and then was moved last year (his junior year) to the free safety position.

When asked what he has to look back on at Ole Miss, the former Rebel says, "Beating State twice still stands out in my mind but just being on the team is what I'll remember the most."

White said the decision was really made for him on his resignation. "This was my 12th concussion that I'd had and I guess they felt like I'd had enough."

Ole Miss trainer Leroy Mullins, in an interview with the **Banner** Monday, said, "Brad had repeated head injuries and we don't like to jeopardize an athlete's health and we just felt like it was the best and only thing to do."

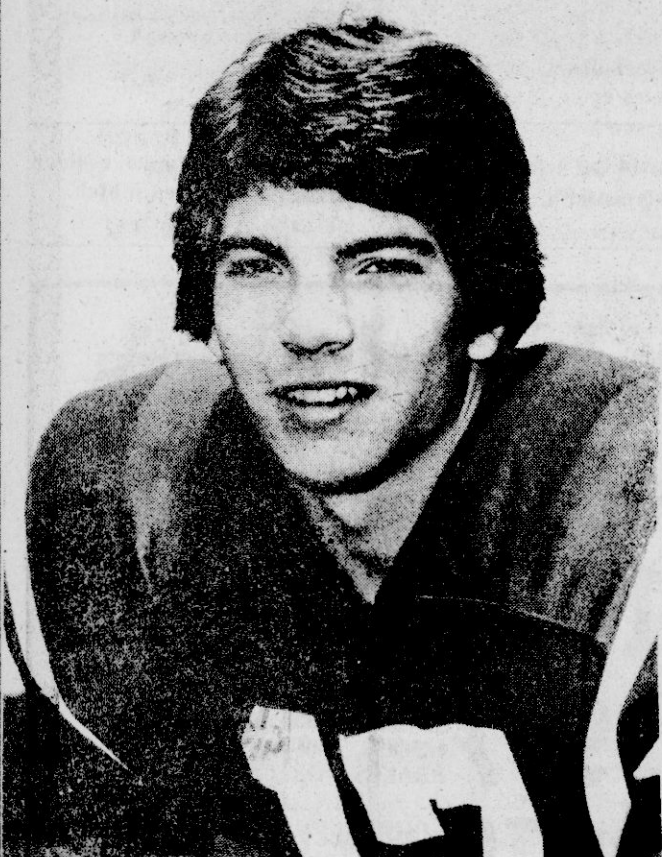

"Brad was a heck of a guy to work with," Mullins said. "He always went at full speed and did everything asked of him."

The Booneville gridster said his years at Ole Miss would indeed be remembered by him as a Rebel. When asked about his feelings toward coach Sloan, Brad said, "I just can't say enough about him. He's not a coach that yells at you. He just explains to you what he wants you to do and expects you to carry those assignments out."

Brad said that it was a big adjustment from the high school ranks to college. "It's a lot different here," he said. For instance in high school you could mess around some and still remember your assignments but in college if you don't learn your assignments, you can forget it."

Brad's future in football may be expanded this fall when, according to coach Sloan, Brad will work as assistance coach with the Rebel Freshman. Brad says he's looking forward to this.

From the fifth grade, to high school and then to Rebel Country, Brad White's career on the gridiron has ended but the Booneville performer stands alone in respectability and it will take quite a feat for anyone to better his accomplishments.

Carl Maddox To Speak At Northeast All-Sports Banquet

Mississippi State University athletic director Carl Maddox will be the guest speaker at the Annual Northeast Mississippi Junior College All-Sports Banquet to be held April 27th at the Frank Haney Union Building.

Maddox, formally of LSU, took over the State post a year ago and is one of the most respected men in his field and in the entire college football ranks.

Maddox's guest appearance will highlight the April 27th banquet where a host of Northeast athletes will receive numerous

awards of merit for their accomplishments on the 1980-81 season.

The famed "Tiger" Award will be the top prize to be given at the banquet. This award is given for performance both on and off the field and is the highest honor given to an athlete.

Other awards will be given in all phases of the athletic program including football, basketball, tennis, track and baseball.

Special awards will be given to athletes that have excelled state-wide such as All-Northern, All-State and other top awards.

All-State and All Tournament teams will receive special attention.

Northeast athletic director Bill Ward said the college was pleased to have Maddox as the banquet's guest speaker. "Anyone who is acquainted with football knows the caliber of a person like Maddox," Ward said. "We're looking forward to his address."

This year's banquet will end a very successful sports year at the school. The Tiger football squad finished with a 9-1 record, the best in the school's history and placed as high as first in the state and fourth in the nation.

Tigers Drop Double Header

East Mississippi Junior College took a twin-bill from Northeast here Tuesday in local JUCO action held at the Booneville West Side City Park.

The Lions dropped the Tigers 4-3 in the opening game and then followed with a 5-2 victory in the nightcap.

McDonald paced the Lion hitting attack with four hits on the day while Mike Dixon had three safeties for the Tigers. Ronnie Key and David Jumper also had two hits each for the Tigers.

NE Netters Stop Northwest

The Northeast Mississippi Junior College tennis squad took a 5-3 decision over Northwest Tuesday in local action at the Northeast courts.

In men's action Northeast's Jim Kwasinski and Anthony Clark stopped Gordon Cooper and David Von Bechman 6-0, 6-2 in doubles action while Roland Humphreys and Rusty White defeated Ronnie Thomas and Terry Guenn 6-3, 6-3.

On the girls winning list, Northeast's Carol Blakney dropped Northwest's Mindy Purvis 6-1, 6-4.

Northeast also won two other matches by default in girls doubles winners were Carolyn Riggs and Katie Miller and the other team of Karen Davis and Debbie Ross.

Cheerleader Tryouts Set At Northeast

Northeast Junior College cheerleader tryouts will be Saturday, April 25, beginning at 9 a.m. in the Bonner Arnold Coliseum, according to Nancy Brewer, faculty sponsor of the 10-member squad.

All cheerleader candidates will be required to have at least one of three workshops, which are designed to prepare them for competitive tryouts, they are eligible to be selected.

The workshops will be held in the gym by assistant cheerleaders on Friday, April 15 at 6:30 p.m.; Saturday, April 18 at 9 a.m.; and, Wednesday, April 22 at 6:30 p.m.

For more information, contact Ms. Brewer in Room 223 of Anderson Hall.

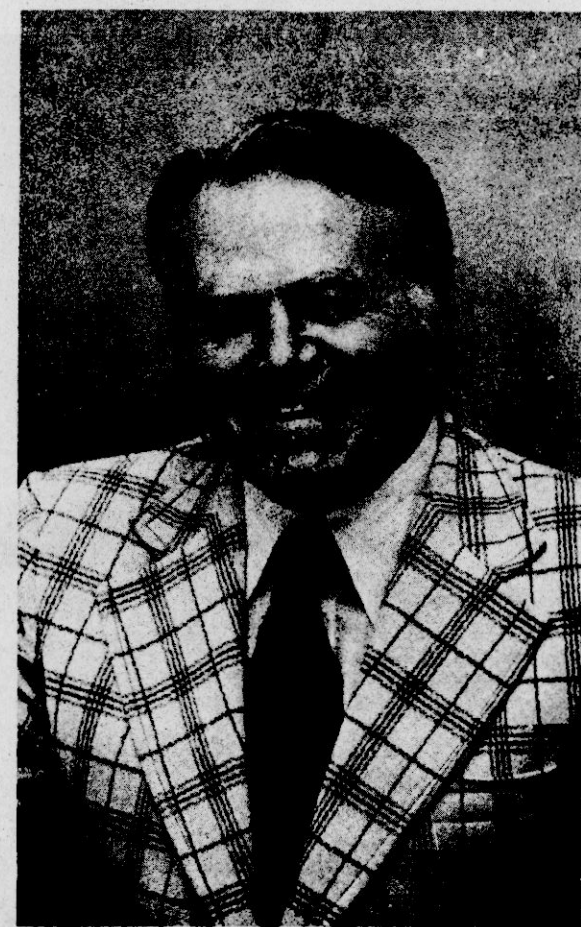

and two boys, along with a pair of alternates, and the Tiger mascot will be filled during the tryouts.

Candidates should wear shorts, tops and low-top tennis shoes for both the workshops and tryouts.

The out-of-town judges will be looking for those students who are able to promote school spirit through their own enthusiasm. Other categories to be judged are coordination, crisp motions, height of jumps, good smiles, and eye contact.

Mascot candidates should be able to gain crowd appeal through comical stunts and spirit.

For more information, contact Ms. Brewer in Room 223 of Anderson Hall.

UP, UP, AND AWAY— Even though it may not look like it can fly, it really does. This is a weedhopper, invented by John Chotia. The model here was built by Melvin Duke and is displayed in Baldwin. The weedhopper weighs 160 pounds and flies at an altitude of some 6000 feet cruising at a powerful speed of 35 miles per hour. The plane motor weighs only 34 pounds with 32 horse power and the hopper takes off and lands just like an airplane. The demonstration pilot here is Debbie Nichols of Baldwin. Large Field Expected For 3rd Annual Hill Country Run

May 2, is the date to mark on your calendar for the third Annual Hill Country Run scheduled for Booneville beginning at 9 a.m.

The annual event, known as one of the tops in it's field is co-sponsored by the Banner-Independent and Shackelford's Shoes and all proceeds will go to the American Cancer Society. The local event is steadily increasing in popularity and last year the Hill Country event drew some 100 applicants compared to 65 the first year.

Runners from across the mid south turned out for last year's race which was termed not only as successful but profitable for the Cancer Society.

The Hill Country run, under the direction of Ray Cozort as race director, will again be a 5,000 meter event (3.1 miles) and will run the same course as last year.

Again this year, a Hill Country Run t-shirt will be awarded to all entrants while trophies will be presented to all division winners.

Divisions for this year include, mens and womens 15 and under, 16-23, 24-30, 31-39 and 39 and over.

Todd Kriebel took home the top honors in last year's race clearly dominating the field of participants. Kriebel, a sprinter from the Tupelo area, burned the Booneville course last year with a 16.23 clocking well ahead of his nearest competitor.

Both Keith Shackelford of Shackelford's Shoes and Banner-Independent

publisher Paul Miller said they are hoping for yet another large following in this year's event and said that several of last year's

contestants will again participate this year. The race will begin and end in front of the Banner-Independent and the City Hall.

NOTICE OF BOND SALE

\$2,500,000 HOUSING FACILITY REVENUE BONDS

OF THE NORTHEAST MISSISSIPPI JUNIOR COLLEGE

Sealed proposals will be received by the Secretary of the Board of Trustees for Northeast Mississippi Junior College, located in Prentiss County, Mississippi (hereinafter referred to as the "College"), in its regular meeting place in the offices of the Northeast Mississippi Junior College, located in Prentiss County, Mississippi, until the hour of 1:30 o'clock P.M., on the 14th day of April 1981, at which time said bids will be publicly opened for the purchase, at not less than par, of an issue of Two Million Five Hundred Thousand Dollars (\$2,500,000) principal amount Housing Facility Revenue Bonds of the College (the "Bonds").

The Bonds will be dated as of the date of delivery, will be of the denomination of not less than Five Thousand Dollars (\$5,000) each, will be numbered serially, will be issued in fully registered form, and will bear interest at the rate or rates specified in the accepted bid, payable the next two (2) years on the anniversary date of the bonds. Thereafter, thirty-eight (38) payments of principal and interest for each bond will be due each year on the anniversary date of the bond, and continuing through the fortieth year after the date of the bonds, and the bonds will mature, with option of prior payment, on the anniversary date of the bonds, 2021.

Redemption of the bonds, in whole or in part, may be made at any time, and redemptions in part (prepayments of principal) shall be deducted from the last maturing principal to become due.

No bonds shall bear more than one (1) rate of interest; each bond shall bear interest from its date to its stated maturity date at the interest rate specified in the bid; all bonds of the same maturity shall bear the same rate of interest from date to maturity. The lowest interest rate specified for any bonds shall not be less than seventy per cent (70 percent) of the highest interest rate specified for any other bonds. The Bonds shall not bear a greater overall maximum interest rate to maturity than seven percent (7 percent) per annum, payable annually and the interest rate of any one (1) maturity shall not exceed seven percent (7 percent) per annum. Each interest rate specified in a bid must be a multiple of one-eighth of one percent (1/8 of 1 percent) or a multiple of one-tenth of one percent (1/10 of 1 percent).

The Bonds will be executed and delivered pursuant to the authority and provisions of Sections 37-29-107 through 37-29-117, Mississippi Code of 1972, and will constitute a lien upon and be payable solely from the revenues derived and to be derived from such fees, rentals and other charges to be paid by students, faculty members, officers or employees, using or being served by any dormitories, dwellings or apartments, or other projects or facilities operated at the College, and not currently pledged.

As between acceptable bids complying with this Notice of Bond Sale, the Bonds will be sold to the highest responsible bidder whose bid offers to purchase all of the Bonds at such rate or rates of interest as will produce the lowest net interest cost to the College, and comparison of the lowest net interest cost will be made by taking the aggregate amount of interest to accrue on the Bonds from the date of sale, at the rate or rates named, and deducting therefrom the amount of the premium, if any, specified in the bid.

Proposals to purchase the Bonds should be addressed to the Board of Trustees, Northeast Mississippi Junior College, Booneville, Mississippi 38829 should be plainly marked "Proposal for Housing Facility Revenue Bonds" and should be filed with the Secretary of the Board of Trustees on or prior to the date and hour hereinabove named. Each bid, must be accompanied by a cashier's check, certified check or exchange, issued or certified by a bank located in the State of Mississippi, payable to the Northeast Mississippi Junior College in the amount of Fifty Thousand Dollars (\$50,000) as a guaranty that the bidder will carry out his contract and purchase the Bonds if his bid is accepted. If the successful bidder fails to purchase the Bonds pursuant to his bid and contract, the amount of such good faith check will be retained by the College and covered into the proper fund as liquidated damages for such failure. Bids submitted on behalf of the United States Government or any agency thereof need not be accompanied by a guaranty check.

The purchaser shall pay interest accrued on the face amount of the bonds, at the rate borne thereby, from the date of the bonds to the date of payment of the purchase price. The College reserves the right to reject any and all bids submitted. The Bonds are offered subject to the unqualified approval of the legality thereof by the law firm of Watkins, Ludlum & Stennis of Jackson, Mississippi. The College will pay for the printing of the Bonds, the validation of the Bonds and the legal fees in connection with said issue. Delivery of the Bonds will be made of the purchaser within sixty (60) days after the date of the sale of the Bonds, at a place to be designated by the purchaser without cost to the purchaser.

It is the opinion of bond counsel that the interest on the Bonds will be exempt from federal and State of Mississippi income taxes under existing statutes as presently interpreted and construed. By order of the Secretary of the Board of Trustees of Northeast Mississippi Junior College, located in Prentiss County, Mississippi, this 17th day of March 1981:

Miss Chomak Wins Cheerleader Award

Johnna Chomak, daughter of Mr. and Mrs. R.N. Elder of Booneville, has been named a United States Cheerleader Award Winner for 1981, according to the United States Achievement Academy.

Johnna was nominated for this award by Mrs. Linda Caldwell, Booneville High School cheerleader sponsor.

The academy selects the winners based upon the exclusive recommendation of the cheerleader sponsor and the Official Standards for Selection set forth by the USAA, a spokesman said.

Criteria for selection includes cheerleading ability, sportsmanship, citizenship, leadership, academics, enthusiasm, poise and projection, personal grooming, attendance, attitude and cooperative spirit.

Johnna will be listed in the nationally published USAA Official Yearbook.

New Report Tells What To Feed Wild Birds

What wild birds like to eat and what many commercial bird mixes contain are not always the same, according to a recent report by Dr. Aelred D. Geis of the Patuxent Wildlife Research Center.

His study, which is part of the U.S. Fish and Wildlife Service's Urban Wildlife

Research Program, reveals some new findings on bird-food preferences--some apparently unknown to

several of the birdseed companies that provide ready-mixed foods for millions of Americans who participate in this intensely interesting pastime.

"White proso millet and black oil-type sunflower seeds are eagerly taken," he said. "Yet, such common

ingredients of commercial mixes are flax, canary, and rape (a type of mustard) seeds are rarely eaten by the birds."

These and other findings of the report are based on 179,000 observations of feeding habits of birds in the Washington-Baltimore area. Though surveys are being continued in Maine, Ohio and California, Geis expects that bird-food preferences will be quite similar through out the nation.

"Milo or sorghum, wheat, oats, cracked corn and rice," Geis said, "are common ingredients in commercial mixes, but are rarely attractive to birds if sunflower seeds or white proso millet are also present in the feeder."

Geis discovered that another common ingredient in mixes, peanut hearts, was especially attractive to starlings, thus, should not be used as bird food. The small, oil-type sunflower seeds were found to be more at-

tractive to most bird species than the larger black striped or gray striped sunflower seeds that are usually available.

Only blue jays and turkeys showed a preference for the larger seeds. A number of other species, notably goldfinches and mourning doves, much preferred the smaller oil-type sunflower seeds.

"Since the kinds of birds that frequent people's homes vary from place to place," Geis said, "it is impossible to come up with a mixture that is universally efficient in terms of bird visits per dollar spent."

He recommends that such seeds as white proso millet and black oil-type sunflower, which are sought by birds, be purchased separately from feed or pet stores and presented as needed by the birds.

Look for other hints on feeding wild birds in next weeks column.

Lions Club To Sponsor Glaucoma Clinic

The Booneville Lion's Club will sponsor a glaucoma screening Wednesday, April 15, in the office of Dr. John R. White at 105 Highway 45 North.

The screening will be held from 1:30 to 5 p.m. and is free to the public.

Glaucoma is a disease of the eye, characterized by increased pressure within the fluid of the eye. It results in a gradual impairment of sight that can result in blindness.

"Glaucoma is considered to be a leading cause of blindness and Mississippi presently leads the nation in per capita blindness," a spokesman for the Lion's Club said. "The test for the disease is simple and painless."

All those past the age of 30 are encouraged to participate in the screening, the spokesman said.

UA Author To Conduct Programs For Students

The Northeast Mississippi Junior College Library in cooperation with the North Mississippi Environmental Education Consortium will sponsor an "informative treat" for the second and third graders of the college's region Monday, April 13.

Dr. Margaret Searcy, award winning author and teaching anthropologist at the University of Alabama, will present "Indians and You" in Hines Hall Auditorium on the Northeast campus.

The four one-hour sessions will begin at 9 a.m.; noon; 1 p.m.; and, 2 p.m. All those planning to attend should call Mrs. Hilda Hill at 728-7751 (ext. 309) to make reservations.

Following the final presentation, a reception and autograph party for Mrs. Searcy will be held in the Eula Dees Memorial Library.

All interested parties are welcome to attend.

Forecast Is For Record \$47 Billion In Farm Exports

Farm exports for fiscal 1981 are forecast at \$47 billion, 16 percent above the previous year, but \$1.5 billion below the November 1980 estimate, according to a report by the U.S. Department of Agriculture's Economics and Statistics Service and Foreign Agricultural Service.

Despite less than anticipated export performance in the first quarter of the year, exports should benefit from the current world supply situation and strong demand in overseas markets, USDA officials said.

With imports estimated at \$18 billion, agriculture should contribute an all-time high of \$29 billion to the national balance of payments. This trade buys us imported goods and generates millions of jobs, on the farm and throughout the economy.

Exports during the first quarter of fiscal 1981 totaled \$11.7 billion, 7 percent above a year earlier. However, the increase was below expectations and mainly reflected price weakness as a result of generally favorable crop developments in the Southern Hemisphere, high U.S. interest rates and sluggish demand for soybeans and products in Western Europe.

Export volume is projected at 169 million tons, 3 percent above last year's

Food Still Good Buy

Food is still a pretty good buy, wouldn't you say?

Farmweek

The cotton program airs Monday, April 13, at 7:30 p.m. on Mississippi Educational Television.

Seven countries are expected to take more than \$2 billion in U.S. farm products.—Japan, perennially our largest market, as well as Mexico, China, the Netherlands, West Germany, Korea and Canada. As long as the trade suspension of grain and oilseed sales to the Soviet Union continues, a greater portion of U.S. grain will move to nontraditional markets, the report said.

Soybean Supply Down

A 20-percent drop in last year's soybean production lowered this year's 2.18-billion-bushel supply estimate by 11 percent, according to the U.S. Department of Agriculture. Total soybean use is expected to decline 6 percent as the market adjusts to the smaller supplies and higher prices.

Carryover stocks next August may fall to about 220 million bushels, compared with 359 million bushels at the start of this season.

Agriculture officials say last year's soybean exports accounted for over 80 percent of the total world soybean trade. This year, with U.S. soybean export availabilities reduced, exports are projected to decline 9 percent to 800 million bushels.

The average prices received by farmers for soybeans dropped from \$8.18 per bushel in November to \$7.56 by mid-January but still remained \$1.00 above last season's levels. An easing of the demand prospects coupled with expectations of continued relatively high interest costs will lead to lower soybean prices than previously anticipated.

Soybean prices for the season are expected to be \$7.75 per bushel. Soybean stocks on Jan. 1 totalled 1.53 billion bushels, 14 percent below the year-earlier level. Farm stored soybeans comprised about 739 million bushels of the total.

THE THREE GENERATIONS—From their musical beginnings in Booneville, Luna Nell Morton Googe, her children and her grandchildren have moved on to Jackson, Tenn., where they now perform both as a family group and with the Jackson Symphony. Calling themselves The Three Generations, the family's musical group consists of (from left)

granddaughter Charmaine Smith, daughter Janeen Googe Smith, Luna Nell, son George Morton Googe, and grandson Morton Smith. The guitar played by George is the same one his grandmother used when she hosted the first live-talent radio show on Booneville radio station WBIP.

Former Resident Heads Jackson Musical Group

Family's Musical Tradition Is Being Carried On By Member Of First Live Talent Group To Appear On Local Radio Station.

The first live talent to appear on radio station WBIP in Booneville was "The Family Trio." It was composed of Mrs. Luna Morton of Booneville, her daughter Luna Nell Morton Googe, and 8-year-old granddaughter, Janeen Googe.

The musical tradition of that family is now being carried on in Jackson, Tenn., as "The Three Generations."

The current group consists of Luna Nell; her daughter, Janeen Googe Smith; her son, George Morton Googe; and her grandchildren, Charmaine and Morton Smith.

Luna Nell, Janeen and Charmaine play accordion

in the group. Son George plans the guitar—the same big Gibson guitar, says Nell, that her mother played when she was host for the live radio show in Booneville. Morton is the vocalist for the group.

In addition to the family group, Luna Nell, Janeen, George and Charmaine contribute their musical talents to the Jackson Symphony.

Luna Nell, who teaches music in Jackson, plays less frequently with the symphony now than she once did. But she remains active with it by selling tickets. In fact, she led in its membership drive for the past three years.

George Googe is a Jackson attorney. He and his sister, Janeen, play in the percussion section of the Jackson Symphony.

Janeen, who also teaches music, is married to Ward Smith. Charmaine and Morton are their children.

Luna Nell is also an amateur poet and often introduces her group with one of her poems. She says the following four lines describe the closeness of her family:

"You've heard there's a generation gap, But among us, you see, There is no generation gap, For we are all in the same key!"

CRUSADE PLANNERS—Prentiss County Cancer Society crusade chairman Stan Riddle (right) goes over plans for the Booneville education-fund drive with residential chairman Linda Johnson. "We hope to help the people of our community learn about our nation's number two disease related killer," Mrs. Johnson said. "We want people to know that cancer doesn't mean death and, with early detection, cancer can be beat." The money raised through the crusade will help support research, service, and education programs carried on by the American Cancer Society, Riddle said. Anyone who would like to volunteer to work in the crusade should contact Riddle or Mrs. Johnson.

Budget Cuts Will Hurt Historical Programs

Proposed budget cuts by President Ronald Reagan will eliminate federal participation in historic preservation programs in Mississippi and nationwide, according to Robert J. Bailey, deputy state historic preservation officer for Mississippi and director of the historic preservation division, Department of Archives and History.

Bailey recently attended the annual meeting of the National Conference of State Historic Preservation Officers in Washington, and he reports that the Reagan administration has already rescinded \$8 million earmarked for historic preservation from this year's national budget.

Without an active grassroots effort on the part of preservationists in this state, Bailey warns, there will be little preservation activity next year, in Mississippi and elsewhere.

Currently, recommendations are being made to stop funding of the national historic preservation program. If this is accomplished, says Bailey, major preservation action will cease, including the state's ability to nominate

properties to the National Register of Historic Places, to review federal projects to insure the protection of historic properties and to provide direct grant assistance to owners of historic properties.

The NCSHPO recognizes, Bailey says, the necessity for across-the-board cuts in funding. He points out, however that the historic preservation federal-state liaison program is perhaps the most cost-effective and least expensive program within the entire federal government.

In Mississippi, for example, \$1,613,565 in federal grants-in-aid and approximately \$4,000 in Department of Archives and History operational costs for certification of historic buildings (under the Tax Reform Act of 1976) has generated almost \$30 million in total construction costs for historic structures, most of which serve functional purposes.

"This sum is even more staggering," says Bailey. "In light of the fact that tax cut certification has been a facet of the national historic preservation program for

only five of the program's 15 years in operation."

He reiterated the benefits of the historic preservation program, which he said are both economic and cultural: (1) the program is not inflationary, (2) it stimulates economic growth, (3) it is labor intensive, (4) it conserves natural resources and energy, (5) it creates new tax dollars, and (6) it is a keystone of the neighborhood revitalization.

For these reasons, Bailey says he believes the administration's proposed cuts for historic preservation are not bad cuts, but they are "misinformed" cuts.

"We are proud to announce a new \$100,000 Cancer Contract worthy of bearing the name you have grown to trust."

FACT—Superior Coverage

Pays 100% of the first \$10,000 of Covered Medical Expense, thus providing funds in the beginning when need for coverage is usually greatest.

After the initial benefits, pays 80% of Covered Medical Expense up to a total of \$100,000, thereby providing for long term treatment.

Provides benefits both inside and outside the hospital. Coverage on an outpatient basis is especially important since many cancer treatments are rendered in physicians' offices or clinics. Examples of Covered Medical Expense usually handled on an outpatient basis are: Physician office visits; radiation, cobalt, or nuclear medicine therapy; laboratory work; X-rays, and chemotherapy.

Benefit to You—Coverage relieves you of financial burdens when cancer strikes.

FACT—A Recognized Company

Your Blue Cross and Blue Shield identification card is recognized by hospitals and physicians and is accepted as a guarantee of payment everywhere.

Benefit to You—Prevents delays in treatment while financial arrangements are negotiated.

FACT—Relieves Financial Burden

The new \$100,000 Cancer Contract provides benefits in addition to other cancer coverage you may have (with the exception of another cancer only contract written by Blue Cross & Blue Shield of Mississippi or another Blue Cross and Blue Shield Plan).

Benefit to You—Provides additional funds for those expenses not covered as approved medical expenses.

THOUGHT FOR THE WEEK:

By C. D. Edge

It's Not What You Know But Who You Know—That Counts

John 14:6—Jesus Said-I Am The Way, The Truth, And The Life:

The satisfying life depends on WHO you know!

You need someone who can tell you what life is all about.
You need someone who can help you in trouble.
You need someone who can make you right with God.
You need someone who can work things together for your good.
You need someone who can stand by you and take care of you.
You need someone who can free you from fear and from guilt.

The person you need to know is JESUS CHRIST. Other religions offer philosophies or codes of ethics. But God knows that we cannot live up to the standards of perfect living. So He sent His own Son, Jesus Christ, to live the perfect life and make the perfect sacrifice for us. The Bible tells us about Jesus. Read it carefully. Among the many wonderful truths about Jesus is the one found in Acts 4:12—NEITHER IS THERE SALVATION IN ANY OTHER: FOR THERE IS NONE OTHER NAME UNDER HEAVEN GIVEN AMONG MEN, WHERE BY WE MUST BE SAVED.
