## Chances Are Slim For Four-Laning Of U.S. 45

State officials told Booneville Rotary Club members Tuesday that highway improvement in Northeast Mississippi is severely handicapped by a shortage of funds.

Chairman of the House Highway Committee, John Pennebaker, State Highway Department Director John

Tabb, and Northern District Highway Commissioner Bobby Richardson each spoke briefly at the meeting.

The state officials were invited to Booneville by the Prentiss County Development Association to discuss four-laning of Highway 45 through the area. They were guests of Stewart Vail,

chairman of the PCDA transportation committee.

"We got some straight answers but they were not what we wanted to hear," Vail said when he introduced the guest speakers. "We are disappointed, discouraged and disgusted that there is little hope for highways in our area."

All three speakers told the club that the major problem was a shortage of funds.

"We simply need more money," Pennebaker said. "We get \$60 million a year from the federal government but most of it is tied to specific projects such as the interstates. We get \$111 million from state gasoline taxes, but most of that—approximately \$70 million—

is needed to maintain our present roads. And even with other available funds we must generate more revenue before we can do much to improve highways."

Pennebaker said that in the past state law dictated how the Highway Commission could spend road

## Special Election Set For Constable Post

A special election has been scheduled for Aug. 11 in the 5th District of Prentiss County to fill the vacated post of Constable of the 5th District, according to Larry W. Lambert, chairman of the Prentiss County Election Commissioners.

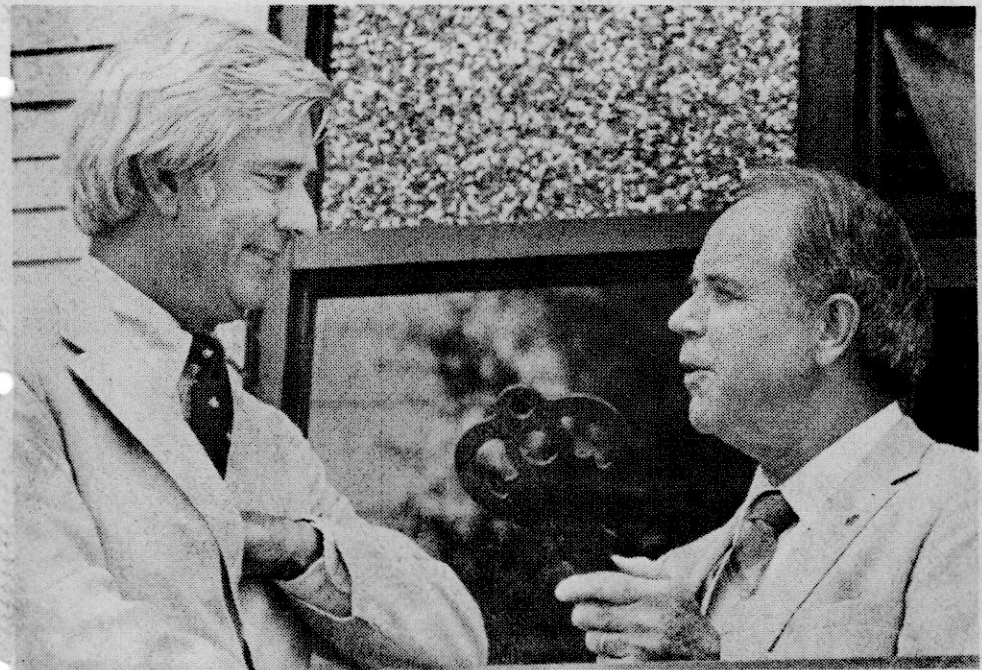

The constable post was vacated by the resignation of John O. (Bobby) Lambert, who was elected earlier this summer to the post of Chief of Police of Booneville. The new police chief took his oath of office Monday morning.

State law requires that each candidate who runs in the special election qualify

at least 10 days prior to the date of the election.

In order to run in the special election for the 5th District constable post, candidates must qualify by petition. The petition must be delivered to Circuit Clerk Travis Cox by 5 p.m. Friday, July 31, in order for the candidate to qualify.

There will be four polling places of regular established precincts, according to the Election Commissioners' chairman. Polls will be open at Martin Hill, Odom Hill, New Hope, and North Booneville on the day of the election.

**KEY TO THE CITY**—Booneville Mayor Charles Crabb presents the "key to the city" to Lt. Gov. Brad Dye during swearing-in ceremonies for the city's elected officials Monday morning in front of the City Hall. Chancery Clerk Phillip Cole administered the oath of office to the officials and Lt. Gov. Dye spoke briefly to those gathered. Afterwards, the visiting state official toured several local industries and had lunch at Northeast Junior College.

## Police Chief Asks For Personnel Changes

By KEN CHRISTIAN  
Editor

Now that a new chief of police has taken office, a possible shakeup in the structure of the Booneville Police Department has some veteran policemen concerned.

In the first city board meeting of the new term,

Booneville's new police chief, John O. (Bobby) Lambert, submitted a proposal Tuesday night to the Board of Mayor and Aldermen calling for changes in the department's personnel assignments.

Dealing almost entirely with personnel, Lambert's proposal called for the

elimination of the post of assistant chief of police. There would, however, be two officers—Willie Anderson and Gurley Williams—with the next highest rank, that of captain.

When former Chief of Police W.W. Stacy's term expired Monday, Bob Jones

was serving as assistant chief of police and there was one captain, Bill Inghram.

Under Lambert's proposal, the former assistant chief would become a patrolman, the lowest rank for an officer on the force.

Changes recommended by Lambert include demotion

of Capt. Bill Inghram to Patrolman; demotion of Sgt. Larry Finger, currently an Investigative Criminologist with the department, to Patrolman; promotion of Patrolman Jerry Barnes to Lieutenant; promotion of Lt. Gurley Williams to Cap-

### In 5-Day Period

## Second Fire Reported At Hwy. 4 Bridge

Arson is suspected by Highway Department officials as the cause of a second fire within a week at a bridge over the Little Hatchie River on Highway 4 between Booneville and Ripley.

The first fire occurred Monday of last week, causing about \$500,000 to \$750,000 in damage to about half of the 705-foot wooden and creosote structure.

An additional 20 feet of the bridge was destroyed in the second fire Friday, causing portions of the bridge to fall in. Friday's fire could push damages up to \$1 million, a Highway Department spokesman said.

Officials estimate repairs on the bridge will take eight to 10 months. Since the closed bridge blocks the main route from Booneville to Ripley, highway officials say the contract is receiving emergency status.

Travelers on Highway 4 from Ripley to Booneville are now forced to take a 25-mile detour down Mississippi 370 to Mississippi 30 and then to U.S. 45 at Frankstown.

Friday's fire was reported at 12:18 p.m. Fire departments from Ripley and Dumas fought the fire for more than an hour.

**FIRE DAMAGE**—In the top photo, workmen cave in portions of the Little Hatchie Bridge on Highway 4 to keep the fire-damaged structure from falling while someone is on or under it. The bridge caught fire Friday for the second time in a week. At right, a Tipton County fireman waters down some of the smoldering pillings. Arson is suspected in the blaze.

## New Local Bank Names Veteran As Manager

When First Citizens National Bank of Tupelo opens its proposed branch office in Booneville later this year, a veteran Booneville banker will be serving as its manager.

According to bank chairman Gene Berbette, C.J. Roper Jr. will serve as vice-president and manager of First Bank's proposed Booneville Community Bank.

Roper, who has 13 years of banking experience, has lived and worked in Booneville for the past three years.

His banking experience in Northeast Mississippi began in Guntown in 1973. Prior to that time, he gained five years of operational and loan experience with First Tennessee National Bank in Memphis.

The announcement of plans to open a First Bank branch in Booneville came in May when it was announced that The First Mississippi Bank of Commerce was in the process of selling the principal assets of its Booneville branch to the Tupelo banking firm. The First Mississippi Bank of Commerce is based in Walnut.

According to Berbette, First Bank is still in the process of gaining regulatory approval for the purchase of the First Mississippi Bank of Com-

merce in Booneville.

"If everything goes as planned, we should be in operation during September of this year," he said. "We are eager to enter the Booneville banking market under the leadership of Junior Roper."

Roper, 33, is a graduate of Tupelo High School. He attended Mississippi State University and Memphis State University. A graduate of the Mississippi School of Banking at Ole Miss, he is currently a senior at L.S.U.'s School of Banking of the South.

Roper is president of the Booneville Lion's Club and serves as Deacon and Sunday School Director of

C.J. ROPER JR.

the First Baptist Church. He and his wife, Kaye, have two children, Ron and Ryan.

BIBLE QUESTION BOX

**QUESTION:** Mr. Hogland, I have been a little confused over the benevolent work of the church, could you tell me who is to be supported out of church funds?

WARD HOGLAND

**ANSWER:** The Bible tells us WHO is to be supported in the following passages. By the way, you will notice it is the POOR SAINTS. See Acts (2:44, 45;) (4:34, 35;) (6:1-6;) (11:27-30;) Rom. (15:25, 26,31;) 1 Cor. (16:1,2;) 2 Cor. (8 and 9) and 1 Tim. (5:16;) You will also notice HOW the money is to be raised in 1 Cor. (16:1,2.) You will observe how the help is to be dispensed in Acts (6:1-6). You will also observe who is to oversee this work in Acts (11:27, 28.) In looking at the above passages you will find the church is to raise money on the first day of the week. This money is placed in what is called the church treasury. The elders will oversee the spending of that money. When a congregation has poor saints, the elders have authority to take from these funds to help the poor saints. Other indigent people are to be helped by individual Christians (Gal. 6:10). As individuals we have a responsibility to help all people who are in need. That is, to the extent of our ability.

# Local Concert Series Starts Sept. 8

Season tickets are now available for a cultural concert series being co-sponsored by the Prentiss County Development Association (PCDA) and the Northeast Mississippi Junior College, according to Doug Mansell, PCDA executive director.

Tickets for the performance package of three concerts are \$10 per person.

The three performances by members of the Tupelo Symphony Orchestra Association will be presented in auditoriums on the Northeast campus. The first performance,

scheduled for 8 p.m. Tuesday, Sept. 8, will be a piano recital in Hines Hall Auditorium by Dr. Natalie DelRosa of the University of Mississippi Music Department.

Plans are for Dr. DelRosa to also conduct two master classes for local piano

students on the afternoon of the performance.

The first master class is scheduled at 3 p.m. for beginning piano students. At 4 p.m. there will be a master class for advanced piano students.

"The master class is designed to give motivation and encouragement to piano students," Charles Walden, president of PCDA, said.

The second performance in the series will be a woodwind concert on Tuesday, Oct. 27, at 8 p.m. in the Hines Auditorium.

On Sunday, Dec. 13, at 3 p.m. in Seth Pounds Auditorium, the series will conclude with the Tupelo Symphony's 40-member orchestra and chorus presenting the Christmas portions of "The Messiah."

The initial work in getting the concert series to come to Booneville was done by the PCDA

Tommy Walden, chairman of the cultural committee, has worked closely with Cliff Jones, general manager of the Tupelo Symphony, in planning a program of artists who would not otherwise have come into this area.

## Accident Prevention Clinic Held

South Central Bell recently completed a week long Accident Prevention Clinic for its telephone management people. Extensive hands on demonstrations were presented in an effort to eliminate the causes of accidents to telephone employees.

"It was a most impressive and in depth work shop on the many tools and work situations encountered daily by telephone people who must perform their work efficiently and safely each and every day," said Tom Bailey, district manager for South Central Bell.

"One problem that the public can help us with is not to place signs on telephone poles. This creates a work hazard for our employees who must climb these poles," Bailey said.

"A small tack or staple can cause our employees' climbing hooks to 'cut out' and cause a fall that could result in serious injury," he said. "We urge everyone to help us by not placing signs on these poles. Long after the signs are gone, the staples, tacks or nails remain and they are difficult for our employees to see when climbing."

Senate Report

New Bill Gives Teachers \$875 Raise In Pay

By SEN. BILL MAY  
5th District

Mississippi school teachers next year will receive an \$875 across-the-board salary increase, plus higher supplements for experience and education, under the compromise bill passed by the legislature, H.B. No. 991.

The conference committee deleted language in the Senate version of the measure which would have placed public school teachers under the state health insurance program.

The final conference report for House Bill 991 provides the following funds:

(1) An \$875 across-the-board increase for all minimum program teachers.

(2) \$15, \$10 and \$5 increases in the increments added for Class A, AA and AAA teachers, respectively.

(3) An additional \$175 per teacher unit for regular supportive services to defray non-minimum increases, boosting the total supportive service allotment to \$2,775 per teacher unit.

The new maximum salary for Class A teachers is \$12,943. For Class AA teachers, it is \$17,325, and for Class AAA teachers, it is \$19,800.

Under the compromise bill, raises to individual teachers will range from 7 percent to 11.7 percent. The average salary under the bill would be \$13,395.

Consumer Report

Used Car Purchase Can Be Costly Experience

Attorney General Bill Allain says that consumers should execute extreme caution when considering purchasing a used car that they know relatively little about.

Allain says that buying a used car can be a very satisfying experience, but that it can also turn out to be frustrating, costly, and even life threatening.

Here are some tips that offer the prospective buyer the best available protection. They can save you hundreds of dollars and make you a much better car shopper.

—Always insist on taking the car out for a road test. If the owner says “no,” then don’t consider buying it.

—Plan to drive the car for ½ hour. Try to drive in the city, on a highway and on a rough road to see how it handles in different situations.

—Take the car to a trusted mechanic or a diagnostic station before making the final decision.

—Watch out for a cheap paint job to hide body rust; hoses sprayed with black paint to look new; steam-cleaned engine with freshly painted valve covers and air cleaner; painted tires; an erratically worn front tire exchanged for the spare tire to mask a front-end problem.

—Accelerate to see if white smoke or bluish smoke shoots out the exhaust pipe—it may indicate the engine needs a costly overhaul.

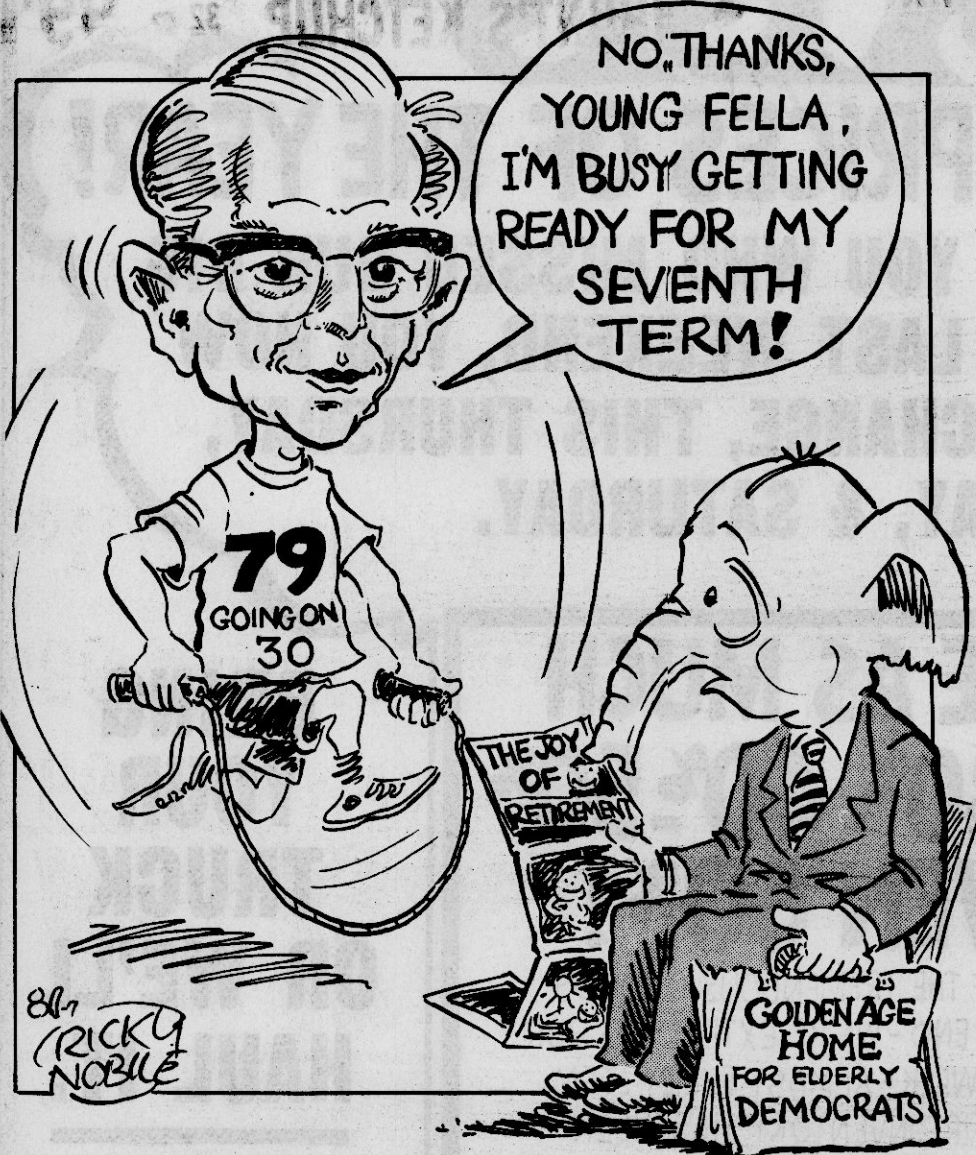

—Push down on the corner of the car. Does it rock considerably after you stop? If so, you may need to replace the shock absorbers.

Make sure a jack is included and check to see that the lights all work, the battery is not cracked, the oil is clean, and the carpeting is not badly worn.

—Try to get at least a 30-day full repair warranty.

—Remember never be rushed into a deal. Allow yourself 24 hours before buying a car.

Economists Disagree On Effects Of Income Tax Cuts

By MACKUBIN T. OWENS  
(c) 1981 Public Research, Syndicated

It is no secret that President Reagan and his closest economic advisors consider the proposed 3-year 25 percent or 30 percent tax cut to be the key to the Administration's economic recovery plan. The stated purpose of the tax cut is to stimulate production, savings and investment which will raise the real standard of living in the U.S.

According to the Administration, these are realistic goals which result from increasing the incentives of workers, investors, and entrepreneurs by increasing after tax income.

Opponents of the President portray the tax cut as a dangerous and untried theory with no chance of success. Indeed critics contend that the Administration's projections are far too optimistic and that the tax cut will lead to high deficits and further inflation.

The President's opponents find support among the "conventional economists" of the Congressional Budget

Office (CBO) and elsewhere, who, consulting their models, claim that the tax cut will be a disastrous failure. According to these critics, there is not a shred of evidence to sustain a single claim of the Administration.

The models employed by the President's critics are "macroeconomic." Macroeconomics is concerned with aggregates such as "income," "consumption," "investment," "average taxes," etc. These aggregates do not take into account the impact of fiscal action on the behavior and incentives of individuals and firms with regard to effort, savings and investment.

A macroeconomic model shows that regardless of how high real tax rates rise, government revenue will always increase.

The assumptions of the Administration are "microeconomic." These assumptions suggest that individual suppliers of resources and labor respond in a negative way to higher tax rates which reduce real income. High tax rates induce individuals to reduce work in favor of leisure, and to spend on consumption rather than

on savings.

In this view, the effect of high tax rates is to reduce productivity, to discourage entrepreneurship and to reduce capital accumulation through investment, which is the ultimate source of higher productivity and of a growing real standard of living.

In fact in this century there have been two tax cuts of the type proposed by President Reagan, in 1922-25 and in 1964-65. In these instances, tax rates were slashed particularly at the highest income levels.

In both cases, government revenues increased. Most important for those concerned with the equitable distribution of the tax burden, the reduction in the tax rates for the richest taxpayers resulted in their paying a greater share of the tax bill while reducing the share paid by the lowest income classes.

Thus, if historical evidence is any guide, a reduction in tax rates will generate greater government revenues, with a larger portion being paid by those "most able to afford it."

There are two requirements, however, which are ab-

solutely necessary for the success of the tax cut. First the Administration must not succumb to the "politics of envy," to the demagoguery of those posturing as "friend of the working man." Tax-cutters must deny the call to "soak the rich."

It is important that the upper-bracket marginal rate reductions not be pared down. These are the key bracket. It is here that increased investment in response to lower marginal rates will finance cuts in the lower brackets and provide the great potential for higher government revenues.

Secondly, the Federal Reserve must tightly control the supply of money, which is the one true source of inflation. It is the expectation of inflation that keeps interest rates high.

Once inflationary expectations are reduced by tight money, the inflation premium portion of the rate of interest will fall and the last obstacle to sustained real economic growth will have been removed.

Owens is a lecturer in economics at the University of Dallas in Irving, Texas.)

Reflections

By Ken Christian

I guess some doctors just don't have any respect for their patients. At least it seems that way from the way some run their offices.

Case in point: Last Thursday afternoon I had an appointment with an ophthalmologist in Tupelo. The appointment was made at least two weeks ahead of time, and the doctor's receptionist picked the date and time— I only specified it had to be on a Thursday or a Friday.

The appointment was for 1:30 p.m. I arrived at 1:15 to find a waiting room full of patients. When I presented my appointment card to the receptionist, she said, "I'm sorry, but you may have to wait for a while. We're running behind schedule."

It turned out that there were five patients ahead of me. I told the receptionist that I had another appointment in Booneville at 3 p.m. and I couldn't miss it.

She told me that I could expect a wait of one-and-a-half to two hours. I politely told her thanks, but I couldn't wait that long. And I left.

VERY POSSIBLY, I could have called the newspaper office and gotten someone else to take the picture that I had scheduled for 3 p.m., but it was the principle of the thing. When I make an appointment, I try my best to keep it.

Of course, I know there are times when something unexpected comes up. I have missed appointments and I have been late for others because of such unexpected circumstances. But, I do my best to keep my word when I tell someone I will be somewhere at a particular time.

If I feel there is any possibility I may have a scheduling problem, I try to make that clear when the appointment is made.

However, making patients wait for an hour or more past a scheduled appointment time is almost standard operating procedure with some doctors.

If this is the way the office is going to be run, why does the doctor even bother with making appointments in the first place? Why not do as some other doctors do and take patients on a first-come-first-served basis? At least then patients would know when they leave for the doctor's office that they will be in for a wait and will not schedule anything else for that day.

I ALSO WONDER what kind of care a patient receives when he is part of the daily

herd paraded through a doctor's office.

For example, when I get a haircut, I know that if the barber has a lot of people waiting, usually I don't get nearly as good a haircut as I do when He is not so rushed. Perhaps it's the same with doctors.

Wouldn't it be better if the doctor scheduled plenty of time for each patient?

THE DOCTOR MAY well argue that he schedules the patients so close together so that he can see more patients and see them with less delay between the making of the appointment and the actual day of the visit.

Well, when it is just for a routine examination—as mine was last Thursday—I, for one, wouldn't mind in the least making the appointment a month, two months or even three months in advance. IF I knew I wouldn't have to wait a couple of hours in the doctor's office on the day of the appointment.

HAVING TO SIT around and wait on a doctor to keep his appointments may be all right for those without jobs. But for those of us who have to work for a living, it's not so easy to take a whole day off to keep an appointment which only lasts 15-30 minutes.

Most doctors are very busy people and do a very good job. But those who habitually keep their patients waiting for hours past their appointed times should really take a look at their methods of scheduling. Isn't there a better way?

By BILL MINOR  
Columnist

Jackson, Miss.—Now that Sen. John Stennis has formally confirmed what this column had reported several weeks ago—that the soon-to-be octogenarian has decided to make yet another race for the Senate—the big question is: can he be re-elected?

Or, as some optimistic Stennis followers are asking, can he get by without opposition as a final tribute to Mississippi's elder statesman?

Dealing with the second question, the answer appears to be a resounding "No." Whether or not some other Democrat decides to challenge the aging senator in a primary may be very conjectural, but as far as the Mississippi Republican Party giving Stennis a free ride, that is not going to happen.

As one high ranking Republican said last week, "Senator Stennis has served his state well, and it is time for him to come home." The GOP, he added, is determined to see that he does come home.

The Republicans have already begun polling on Stennis to see where he stands in the public perception and to measure how to begin planning for a campaign against him next year.

The Republicans regard Stennis as beatable. In fact, their polls, made by the GOP congressional committee show an interesting thing: that Stennis would be quite vulnerable in his own party's primary against any major opponent. The polls also show that while Stennis does not have a heavy negative public image, he does not have a strong positive factor now.

A number of observers on the Democratic side apparently think Stennis would likely be defeated if he does go through with his present plans of running. Yet the comment of most of them is: what other Democrat would you rather see running for his seat?

The most often heard critical comment about Stennis from those who are fond of him is that he has lost touch with the average Mississippian and would have a very tough time campaigning. As other politicians have been finding out, you can't talk to a handful of county courthouse politicians and sew up the vote in that county anymore.

Campaigning has gone very much to the tube, and there is where most observers feel Stennis would be at a distinct disadvantage.

Stennis was at the peak of his popularity in Mississippi 10 years ago, after he had become the state's most distinguished statesman as chairman of the prestigious Senate Armed Services Committee. Of course, when he was almost fatally wounded by street robber in Washington in 1973, he had

overwhelming love and devotion from the citizenry of the state.

But since he has lost much of his committee power with the Republican takeover of the Senate, plus his advanced age, many Mississippians no longer regard him with the deference he enjoyed just a few years back.

Ironically, Stennis had to serve many years in the Senate to become politically invulnerable, because during most of those years he was under the shadow of Jim Eastland, then the darling of Mississippi segregationists.

Cong. Trent Lott, the Pascagoula solon who is still a relatively young man although he has served practically a decade in the Congress, has first claim as the GOP standard-bearer against Stennis, or any other Democrat in the 1982 race for the Stennis seat.

The only thing standing in Lott's way is whether or not he will risk his chances of moving in a few years earlier to become Speaker of the House from his present slot as Republican whip. As one leading Republican observed, "He's having breakfast three times a week with the President now, so he might just stay there."

Even if Lott doesn't go, the Republicans have Leon Bramlett, the Clarksdale planter-businessman, who made an impressive showing in the 1979

Home Economist's Notes

By CLAIRE T. ROSS  
Extension Home Economist

What could be cooler or easier to serve on a hot summer day than a cold slice of delicious juicy watermelon?

When you buy a watermelon at the grocery store, roadside stand, or at the Farmers Central Market in Jackson, choose it carefully. Even then you can't be sure of the inside until it's cut.

However, your chances of getting the best melon are

SHELLEY CARTWRIGHT

Shelley Lorraine Cartwright, daughter of Mr. and Mrs. Gary Cartwright, celebrated her first birthday July 4.

Her grandparents are Mr. and Mrs. Travis Cartwright and Mr. and Mrs. Alvin Copeland.

Great-grandparents are Mr. and Mrs. Clint Mayo, Claude Cartwright and Mrs. J.C. Copeland.

MISTY SMITH

Misty Michelle Smith, daughter of Mr. and Mrs. Richard Smith of Booneville, celebrates her first birthday today, July 9.

Her grandparents are Mr. and Mrs. Harold Currey of Gladstone, Mo., and Mr. and Mrs. Earl Smith of Fairmont, W.V.

Her great-grandparents are Mr. and Mrs. William Bryant of Gladstone, Mo., and Mr. and Mrs. Hobert Ingram of Grafton, W.V.

better if you follow a few simple guidelines.

First, take a good look at the watermelon before you buy. Some people like to cut a wedge or plug a melon, but wedging or plugging a melon means that the melon is not going to last much longer if you decide not to buy it.

Most people like to thump a melon for sound. It is generally assumed a deeper thud is an indication that the melon is ripe, while a sharp ringing sound indicates that the melon is more solid and therefore immature or green.

This method is not always sure, because, although the deeper thud usually indicates ripeness as compared to greenness, the melon may be dead ripe or

overripe. After thumping to satisfy your ego, check the following for quality: (1) Good quality melons are firm and symmetrical. (2)

Good melons are fresh and attractive in appearance. (3) There is a bloom over the surface of the rind giving it a velvety appearance. (4) The

lower side of the melon is usually yellowish in color compared to a white or pale green color on an immature melon.

To Freeze Watermelon

With the help of the modern freezer, it's possible to enjoy watermelon during the winter.

Miss Grover Weds Mr. Johnson

Leslie Susan Groves and Randle Wayne Johnson were

married at 7 p.m. March 20 in the Liberty United Methodist Church. The Rev. Johany Sherrill officiated.

The bride is the daughter of Mr. and Mrs. Stanley W. Groves of Booneville. The groom is the son of Mr. and

Mrs. Delmar Johnson, also of Booneville.

Given in marriage by her father, the bride wore a traditional gown of silk organza with bishop sleeves decorated with chantilly lace.

The yoke of illusion was defined with lace appliques and embroidered in pearls.

The flowing skirt extended into a chapel train.

The bride's waltz-length veil of silk illusion was bordered in lace to match her gown and fell from a lace caplet.

Pam Henry of Natchez served as maid of honor. She wore a formal gown of blue silk organza trimmed with

matching lace. Phillip Johnson of Booneville attended as best man.

Following the ceremony, a

reception was held at the church.

The newlyweds are making their home in Booneville.

-Remove seeds  
-Cut flesh into small slice, balls or cubes and pack into containers

-Cover with a cold 30 percent syrup (2 cups sugar and 4 cups water) for each pint package of melon

-Allow ample head space in containers for freezing expansion

-For wide-top opening allow about 1/2 inch per pint

-For narrow-top opening allow about 3/4 inch per pint  
-Seal and freeze

When you serve it next winter, do not allow frozen melon to thaw. Complete thawing turns the flesh flabby. Serve while it is still

filled with ice crystals.

Watermelon Preserves

1 lb. watermelon rind cubes  
2 quarts water  
2 tablespoons lime (calcium oxide)  
2 cups sugar

1 quart water  
1/2 lemon

Trim off outer green skin and pink flesh, using only greenish-white parts of rind. Cut rind into 1-inch cubes, and weigh. Soak cubes for 3-1/2 hours in lime-water (2 quarts water and 2 tablespoons lime).

Drain and place cubes in clear water 1 hour. Again, drain off water and boil 1-1/2 hours in fresh water, then drain. Make a syrup of 2 cups sugar and 1 quart water. Add rind and boil 1 hour.

As syrup thickens, add 1/2 lemon, thinly sliced for each pound of fruit. When the syrup begins to thicken and the melon is clear, the preserves are ready.

Pack preserves into hot sterilized jars, add enough syrup to cover and seal. Process in boiling water bath 5 minutes.

Burcham Earns Scholarship

Michael Ray Burcham of Booneville has been awarded a University Scholarship at The University of Mississippi.

The University awards approximately 100 University Scholarships each academic year to entering freshmen and transfer students who are residents of Mississippi.

Applicants are judged on the basis of scholarship, leadership and need.

Funds for the University Scholarships are made available through gifts from alumni and friends of Ole Miss and from traffic fines on campus.

The scholarship is automatically renewable on a semester-to-semester basis for eight consecutive semesters or until undergraduate graduation if the recipient maintains a 2.5 grade point average during

the first year and a 2.8 GPA thereafter. The recipient must be a full time student.

University Scholarships are among the more than 150 different types of scholarships awarded each year to students at Ole Miss.

Burcham, son of Mr. and Mrs. Jessie R. Burcham, graduated from Northeast Mississippi Junior College in Booneville. He was a

member of the Northeast Tiger Band, Who's Who Among American Junior College Students and a representative to the Governor's Colloquium of the Sciences.

Burcham plans to major in chemistry at Ole Miss.

# Grant To Aid In Examination Of Associate Nursing Program

As the result of a \$2,000 grant which has been awarded to Associate Degree Nursing in Mississippi, the Northeast Mississippi Junior College associate degree nursing program will sponsor activities to celebrate contributions throughout the school term.

The grant is one of five grants in the largest amount made available through the National League for Nursing from the W.W. Kellogg Foundation of Battle Creek, Mich. A total of \$175,370 was awarded for use in states throughout the United States.

The grant will be used to examine recurrent issues and problems affecting the future of associate degree nursing and to recommend plans of action for their resolution.

A forum is to be held in the state to examine two topics. These are the "Utilization of Associate Degree Graduates: Scope of Practice" and the "Realization of the Service Setting and Retrenchment Management-Marketing Dilemmas."

Participants in the forums will include legislators, educators, the public, and representatives of nursing groups and other health care professions.

Recommendations arising from the session will be compiled into a report. It will serve as a mechanism for stimulating policy changes and action to strengthen associate degree nursing nationwide.

The project to celebrate associate degree nursing, of which the state forum is a part, was designed by the Liaison Committee of the American Association of Community and Junior Colleges and the National League for Nursing's Council of Associate Degree Programs.

Similar forums are being carried out nationwide. Project activities will culminate the week of Nov. 15-21 as associate degree nursing education in the United States celebrates its 30th year.

## Beware Of 'Foreign' Photographers

Attorney General Bill Allain suggests that consumers proceed with caution when investing in photographs from out-of-state photographers who demand a large deposit in advance.

Allain says it is all right to pay a small deposit, but that most consumers run into trouble when they pay the full amount in advance to unfamiliar companies.

"Often photographers will

come into town, make pictures and return with very good proofs," the Attorney General says. "Remember proofs are not finished products."

"Some salesmen will show you a finished photo on the best grade of photo printing paper made, yet when you receive your pictures, they are printed on a very low grade photo paper," he says. "This is the time to insist on a refund."

Photographs can be very

expensive. To be on the safe side, Allain warns:

--Never pay a large deposit before receiving your pictures.

--Don't be misled by proofs printed on the best grade printing paper.

--Always demand your refund on the spot if you are not satisfied with the pictures.

--Deal with permanent reliable photo shops for the best product and fewer problems.

## Understand Lease Before Signing

Attorney General Bill Allain suggests that when looking for an apartment to rent, you should consider several important points before signing a lease or contract.

Allain states that by taking the following precautions, future complications may be eliminated.

--Read the lease very carefully and be sure you understand all of it before

signing.

--If there are any variations or exceptions agreed to by the owner or manager, make sure they are written into the lease before you sign it.

--Be sure you get a copy of the lease at the time with the owner's or manager's signature.

--Before signing the lease, find out what repairs in the apartment you will be responsible for and those the management will be

responsible for.

--Remember that you will be responsible for damage that is beyond normal wear and tear.

--There may be some questions you need to ask in regard to children, pets, visitors, parking, etc. Sometimes there is an additional fee for pets or children. Be sure you know the management's position on these questions before signing rather than after, as it may be too late then.

## Northeast CB Club News

By THRASHER STAR  
Correspondent

The 4th of July weekend is over. Many of those who were not on vacation had picnics. As for our family, we worked some, but had a cookout with all the trimmings, plus homemade ice-cream.

Our day was saddened with the passing of club member and great friend "Mr. Songster," Roy Weeks. He was an outstanding member of our club, a great worker in every task that we did.

He will be greatly missed by all of us. We send our heartfelt sympathy to all of his family.

The "White Girl," "Hauler," and "Cotton" were called to Memphis for the passing of "White Girl's" brother-in-law, Rex Puckett. The "Tweety Bird," "Upholstry Man," and "Big Q," drove to

Memphis Sunday to be with the family.

The "White Girl" and her family would like to say thank you for your visits and the flow-ers that were sent. At a time like this, friends are really appreciated.

Mrs. White is still improving. Our prayers are for a speedy recovery.

"Letter Man," I can't believe you were just walking across the yard and fell and broke your rib. I told you "Lady L" was going to get you one of these days! I am sure that it is very painful. Hopes it heals soon.

Happy birthday to "Lady Q," on Sunday, the 5th, and to "Little Angle," on Monday.

Happy Anniversary to the "Rooftoppers" on Sunday, the 5th, also. She had a great gift, I know. How about a ride in your car?

There will be an officers' meeting Thursday night at "White Girl's" at 7:30. I hope each of the officers can

attend.

We are looking forward to seeing a lot of you Saturday night at 7 at Larry's Upholstry Shop for the rabbit hunt. We hope it will be fun for everyone who

participates. Of course, some of you may get lost, so be sure you have a tank of gas at the beginning.

I hope each of you have a good week. Go to the church of your choice, but go.

### NOTICE OF SALE

BY SPECIAL COMMISSIONER  
Notice is hereby given that pursuant to the provisions of and as directed in a Decree of the Chancery Court of Prentiss County, Mississippi, rendered June 12, 1981, in cause number 12,890, styled "In Re: Estate of Raulie Jones", on the general docket of said Court, as Special Commissioner in said cause, I will offer for sale and sell at public auction to the highest and best bidder for cash, between the hours of 11:00 a.m. and 4:00 p.m. on Friday, July 10, 1981, in front of the West front door of the Prentiss County Courthouse in the City of Booneville, Prentiss County, Mississippi, the real property described as follows:

Part of the Southwest Quarter of Section 18, Township 4, Range 8, described as follows: Beginning at the Northeast corner of said quarter and run West 120 rods; thence South 80 rods; thence East 120 rods; thence North 80 rods to the point of beginning. Containing 40 acres.

LESS AND EXCEPT: That certain tract heretofore conveyed to J. Frank Trollinger and wife, Connie Trollinger on February 19, 1955, of record in Deed Book 69, Page 4, Chancery Clerk's Office, Prentiss County, Mississippi. On July 8, 1957, a Deed of Correction was executed from W.L. Jones and wife, Raulie Jones, and J. Frank Trollinger and wife, Connie Trollinger, to Wylie R. Clatworthy which was filed for record in Warranty Deed Book 71, Page 429, Prentiss County, Mississippi.

LESS AND EXCEPT: That certain tract of land conveyed by W.L. Jones and wife, Raulie Jones, to M.W. Smith on May 22, 1958, and filed for record in Warranty Deed Book 72, Page 406, Prentiss County, Mississippi.

The said land will be sold as a whole and not in parcels as provided in the Decree of Sale aforesaid. The successful bidder will be required to deposit with me at the time of said sale a sum of money equal to ten (10 percent) percent of the amount of the bid, as security for the faithful performance of the bid on the part of the successful bidder, the said sum of money to be applied on the purchase price in the event of confirmation of sale.

The said sale will be made subject to confirmation by the Honorable George F. Adams, Chancellor of said Court, who will hear the report of sale and application for confirmation thereof at his chambers in New Albany, Mississippi at 10:00 a.m. on Friday, July 17, 1981.

The said sale has been ordered by said Court for a partition and division of the proceeds of sale among the parties in interest.

The title of said property is believed to be good, but I will sell and convey only such title as I hold as Special Commissioner.

SIGNED, PUBLISHED AND POSTED this 15th day of June, 1981.

# Summer Reading Program Entertains And Teaches Area Youngsters

By LEE DAVIS  
Librarian

Each year a committee of the Mississippi Library Commission coordinates a suggested Summer Reading Program for the state's public libraries. They furnish manuals and materials on a selected theme, including posters, bookmarks, reading registers and certificates.

This year's theme was "Animal Tracks." For five Wednesdays between June 3 and July 1, the Allen Library was happily filled with boys and girls involved in this program from 9 until 10 a.m.

The Northeast Regional Library this year employed Miss Janet Sue Hinton, a teacher in the Corinth School System, to oversee activities for the 7-14 year-olds.

Sixty-five young people of this age enjoyed participating in a variety of reading and animal related activities. A pet show was one of these. A costume party featuring animals made the last meeting imaginative and fun.

Mrs. Stephen Perry led the story hour for the first three sessions with the preschool children 3-6 years old, and Mrs. C.M. Pippin conducted the last two sessions.

Both of these volunteer workers gave the youngsters the benefit of their experience as teachers in this area to create a delightful hour of fun, stories, and guided reading. The library will continue a storytelling session each Wednesday at 10 for them.

For these five sessions in June, under the auspices of the Woman's Club of Booneville, who served refreshments to all the young people each session, 37 boys and girls were enrolled.

This made a total enrollment of 102. The number of juvenile books checked out on these Wednesdays was 826 and the total number for the five weeks was 1,528. Boys and girls who cared to do so, set a number of books that they planned to read during that time and received certificates if they accomplished their goals.

SUMMER FUN—Taking part in the Summer Fun program at the George E. Allen Library are (top photo, kneeling, l-r) Tammy Williams, Cindy Bigsby, Robbie Bigsby, Robin Wlkerson, Yolanda Yarber, (2nd row) Patricia Cartwright, Kenneth Sullivan, Allyn Yarber, Cleon Anderson, Andy Yarber, Rosemary Carr, Vicki Shearon, (back) Deanna Duckworth, Shelia Cartwright, Priscilla Channelle, Michelle Channelle, Teddy McVey and Glen McVey. In the bottom photo, the younger children listen to Mrs. Benny Pippin during the pre-school story hour.

A list of books read during the program was kept for everyone who wished to have it. Some who have not yet picked theirs up can get them from the library.

The Library Committee of the Woman's Club consisted of Mrs. W.T. Barnett Jr., Mrs. Charles Brown, Mrs. Richard Coggin, Mrs.

Hamilton Mathis, Mrs. Emmons Turner Jr., Mrs. Stewart Vail and Mrs. W.B. White.

Others who volunteered their work in recording books, judging contests, and helping as needed were Mrs. Bob Clement, Mrs. Hoyle Eaton, Mrs. Eugene Gifford and Ms. Nita Shugars.

funds, and the last priority was for maintenance.

"But House Bill 1383 changes that by allowing the Commission to change those priorities," he said. "The bill also does away with the one-third division for each district and allows the commission to spend the funds where it is needed most in the state as a whole."

Richardson said the Commission needs input

from private citizens to determine what the priorities should be.

"I am greatly concerned about Highway 45," Richardson said, "but it must compete for available funds with all other highways in the state."

"We will hold several meetings in the area to get the public's feeling on these priorities. These meetings will be recorded and will go into the records."

Richardson said a meeting has been scheduled in Booneville at 7 p.m. Monday, July 20, in Hargett Hall at Northeast Junior College.

"Come to the meeting," he said. "Tell us why a highway should get a number one priority. There is no more corridor system, no matter what we need, and everything tells me the greatest need is in North Mississippi."

State Highway Depart-

ment Director John Tabb quoted statistics to show the limited funds available and the expense of constructing new highways.

"For instance, in 1980, it cost \$2.9 million per mile to build a four-lane rural freeway, \$1.1 million to build a new two-lane highway, and more than \$1.1 million to parallel an existing highway. So you can see that with the funds available, and the high cost of maintenance

for our present roads, new construction will be at a premium."

At the close of the meeting, Vail encouraged everyone to attend the July 20 meeting and bring 10 people with them.

"We have the greatest need in our area, and we want to convince the Highway Commission that here in North Mississippi is where they should spend the money," he said.

## Police Chief Asks. . .

(Continued from Page 1)

tain; demotion of Sgt. Bill Burnett to Patrolman; promotion of Sgt. Willie Anderson to Captain; and making Patrolman Steve Bell a radio operator-dispatcher.

Lambert also asked that Patrolman Joey Cobb be named as an investigator for the police department. Saying he had worked with him while he was employed at the Prentiss County Sheriff's Department, Lambert said Cobb is "a young man, but a smart kid. I'll work with him and we'll do our best."

The new police chief's proposal to the board also called for the shifting of some other department personnel, but he told the board that "as to the present

of them are already in these positions."

Some Booneville policemen, anticipating Lambert's proposal, had told The Banner-Independent prior to Tuesday night's meeting that they would not be satisfied with the new arrangement and indicated that they might seek legal advice if the city board approves the proposal.

The board took no immediate action on Lambert's proposal Tuesday night, but told the new chief they would take it under advisement.

IN OTHER ACTION at the Tuesday night meeting, the city board re-elected Alderman Charles Steen as vice-mayor.

The board's newest member, R.G. Houston, was assigned the duties of Park and Recreation Commissioner, and the other board members retained their assignments.

Charles Steen is Police Commissioner; Wade Lambert is Street Commissioner; Norman Young is Fire Commissioner; and Bluford Allen is Gas and Water Commissioner.

The aldermen also re-appointed Mrs. June Hutcheson as city clerk and John Ferrell as city judge. Booneville attorney Eugene Gifford was retained as the board's attorney.

Charles Garrett was appointed for another term on the city's Planning Commission, but the board

tabled an appointment to the Northeast Mississippi Hospital's board of trustees. The term of hospital board member D.H. Prichard expired recently and the city board will have to appoint a replacement.

THE CITY BOARD also discussed making repairs to two bridges in the city—one on Third Street near the City Park and one on College Street north of the junior college.

Mayor Charles Crabb and Street Commissioner Wade Lambert said a load limit sign will be placed on the College Street bridge and they are asking local industries and shippers to keep trucks off College Street from Old Highway 48

down to the Highway 30 By-Pass.

Alderman Lambert said the bridge is dangerous, and city engineer David Moore agreed, saying some of the beams under the bridge are leaning.

The city has applied for Federal Home Administration funds to use in the rebuilding of the College Street bridge, the mayor said.

And there are \$159,000 in Federal Aid Urban funds that the city hopes to use not only for the bridge on Third Street, but also to resurface the rest of Third Street up to George E. Allen Drive.

The section of Third Street just south of the bridge in question has already been upgraded.

Mrs. Ann Kelley and her father, Jim Kelley, of Middletown, Ohio, were recently guests of Bro. and Mrs. Dewey Wallis. They enjoyed lunch in the home and had a good time just being together.

We are glad to report that Mrs. Ernie Prather of Huntsville, Ala., is improving. Ernie had surgery a few weeks back at a Huntsville Hospital.

Mrs. Ola Box of Memphis died June 30. She was buried at Hickory Flat Friday afternoon. She is an aunt of H.V. Shackelford. We extend our deepest sympathy to the family.

Mrs. Zera Haden and Aleda of Memphis were guests of relatives during the 4th of July holiday.

We are glad to report that Mrs. Autie Lauderdale of Molton, Ala., is steadily improving from her illness at this time.

T.P. Chittom is now home from the North Mississippi Medical Center in Tupelo after a stay. We are glad he is improving.

Mrs. Dick Todd of Memphis was a weekend visitor in the home of Sherry Bowen and other relatives.

Bro. and Mrs. Mike Johnson and Chip were overnight guests of Mr. and Mrs. John Simmons of Memphis Saturday night. Mayor and Mrs. Charles Crabb joined them on the 4th of July for a day of togetherness.

Bro. David Grisham is a patient at the Northeast Mississippi Hospital. We send David our love and assurance of our prayer. He is the son of Mr. and Mrs. Bonard Grisham.

Mr. and Mrs. Myrl Walden spent the last three weeks with their children in Biloxi.

We are glad to know that Mrs. Myrtle Story is improving after having surgery at Corinth recently.

The following people enjoyed a day at Libertyland in Memphis last week: Mrs. Franklin Windham, Greg and Brian; Mrs. Joyce Green, Kelly and Ashley, Jody Presley, Hollis and Myra Green, Wendy and Gloria Green and Kevin and Mark Hoglar of Mobile; Mr. and Mrs. Kenneth Chaffin, Terry and Sherry, Mrs. Rose Spencer and Debbie; J.D. and Betty Sue McKinney, Jeremiah Whitley, Jim Walther and Michael.

Mrs. Rose Cobb is expected home Tuesday after having surgery at the Baptist Hospital last week. Rose is doing well. We send her best wishes for an early recovery.

Mrs. Vernon Shackelson is in Jackson, Miss., visiting with her sister's family, Mr. and Mrs. Dale Presley, for a few days.

We extend our deepest sympathy to the family of

Roy Weeks who was buried last week.

Mrs. W.A. (Alice) Bullard and daughter, Mrs. Joan Hutchens, attended a family reunion for the descendants of the late Mr. and Mrs. J.W. Jenkins Sunday, June 28. The meeting took place at the Enid Lake.

Miss Candace Powell of Jackson, Miss., visited with her mother, Mrs. Estoria Petty, and her aunts, Mrs. Eunice Hewlett and Mrs. Lexie Smith, during the 4th of July holidays.

Congratulations! Mrs. Julie McCalmon is the proud parent of a beautiful baby girl, Jessica Lynn. She was born Thursday night, weighing 6 lbs. and 13 ozs. She was 19 inches long. Little Miss Jessica Lynn is the granddaughter of Mr. and Mrs. Jesse Cole.

Mrs. Joy Cooper and Kim have returned to their home in San Diego, Calif., after a two-weeks visit with Mr. and Mrs. Elijah Wingo.

The Friend's Sunday School Class of Calvary Church met recently in the fellowship hall for their quarterly meeting. Hostesses for the evening were Mrs. Joe Roper, Jessie Presley and Debbie Gann. A timely devotional was given by the teacher, Mrs. Helon Bostick. Games were directed by Rose Spencer and Charlene Chaffin. During the business meeting the project was voted upon to purchase equipment for pre-schooler room. Refreshments were served to those present.

Thought For the Week:  
"The Bridge Builder"

An old man, going a lone highway,

Came at the eveing, cold and gray.  
To a chasm, vast and deep and wide,  
Through which was flowing a sullen tide.  
The old man crossed in the twilight dim;

The sullen stream had no fear for him;  
But he turned when safe on the other side  
And built a bridge to span the tide.

"Old Man," said a fellow pilgrim near;  
"You are wasting your strenght with building here;  
Your journey will end with the ending day;  
You never again must pass this way;

You have crossed the chasm, deep and wide-  
Why build you the bridge at the even tide?"

The builder lifted his old

gray head:  
"Good friend, in the path I have come," he said,  
"There followeth after me to-day  
A youth whose feet must

pass this way.  
This chasm that has been naught to me;  
To that fair-haired youth may a pitfall be.  
He, too, must cross in the

twilight dim;  
Good friend, I am building the bridge for him."

Copied from "Sunrise to Starlight."

## Miss English Wins Scholarship

Vickie E. English of Booneville has been awarded a Phi Theta Kappa Scholarship by Mississippi State University for the 1981-82 school year.

The scholarship is awarded on the basis of academic achievement and leadership activities in junior college.

At Northeast Mississippi Junior College, English was a member of several honor societies, including Phi Theta Kappa, Phi Beta Lambda, Beta Alpha, and Beta Gamma Sigma.

She is the wife of Randy

## Area Teachers Attend Workshop

Several area teachers and students recently attended a heritage workshop at Northeast Junior College. Co-sponsored by the North Mississippi Environmental

Education Consortium and TVA, the workshop allowed its participants to develop school curriculums for documentary photographs of the depression era.

These were made into posters and presented to the schools in the seven-state Tennessee Valley Region.

## County Agent's Notes

By W.H. HADEN  
County Agent

### Manage Beef

The economics of producing beef cattle demands increased efficiency. The reproductive efficiency in Mississippi beef herds is about 70 percent. Here are some practices that will help to increase this percentage.

Cattle handling facilities: Without adequate facilities, proper health and

management practices are difficult or impossible to perform.

Record system: Individual identification lets you control inventory as well as recognize economically efficient animals.

Nutrition programs: Nutrition can't be over-emphasized in reproductive performance. Follow nutrition recommendations for each class of cattle you intend to feed.

Pregnancy testing: This increases weaning rates and gives more pounds of beef per cow wintered. Removing non-pregnant cows from the herd immediately lowers feed costs and raises production efficiency.

Culling: Base your decision to cull animals on disposition as well as on physical characteristics such as soundness of teeth, eyes, udder, feet and legs.

Bull power: Evaluate bulls for breeding soundness within 30 days from the onset of breeding. Base cow ratios according to location, age of bulls and your particular operation.

Disease control: A disease control program that protects cattle from reproductive diseases plays a major role in increasing reproductive efficiency.

For more detailed information and planning, contact the county Extension office or your local veterinarian.

### Rope Wick Johnsongrass

You can apply Roundup herbicide to control johnsongrass in soybeans by using a properly designed rope wick applicator. Johnsongrass should be at least 18 inches tall and at least 8 inches taller than the soybean plants.

The amount to apply depends on the weed in-

festation. Position the wick bar two to four inches above soybeans so they won't be injured by the herbicide. You may combine the treatment with cultivation, but top speed should be three miles per hour.

Repeat application as needed to control johnsongrass that later grows above soybeans. You'll get

best results when the johnsongrass is growing actively in good soil moisture, warm temperatures and high humidity. Contact the county Extension office for application rates and other weed control recommendations for soybeans.

### Farmweek

On July 13, "Farmweek" takes a look at the status of Mississippi agriculture in

mid-season. "Farmweek" host Tyson Gair talks with Delta farmers and

businessmen about topics ranging from economics to changes in agriculture that affect farmers.

The mid-season report airs Monday, July 13, at 7:30 p.m. on the Mississippi Educational Television Network.

AREA SINGERS—Attending Children's Choir Camp at Camp Lake Stephens near Oxford last week are Susan Yarbrough (left), Amy Cole and Doug Holland (back), music director at the First United Methodist Church in Booneville.

Confirmed Thursday Night

# Downs, Jobe New BHS Coaches

By LEE GENTRY  
Sports Editor

Booneville High School principal Mac Cu.lee said here this week that both basketball coaching positions have been filled and two new coaches have been hired.

In a special board meeting last Thursday night, Randle Downs and Stephen Jobe have been hired as boys and girls head coaches for the upcoming year at Booneville High School.

Downs, a Prentiss County native, will take over the boys coaching functions while

Jobe, who comes here from Hamilton, will direct the girls team.

Downs is no stranger to the Prentiss County Sports Scene. Being a Prentiss County native, the former New Site High School performer returned to his stomping grounds in 1968 where he served as head coach til 1974.

From there he went to Burnsville for a two year stint in '74-75 and then moved to Hatley where he has been since that time.

Downs is a graduate of New Site High School, Northeast Junior College and has a masters degree in Physical Education

from Mississippi State University.

Directing the girls program next year, Jobe will serve as head coach here.

He is a graduate of Northeast Mississippi Junior College and has a masters degree in Physical Education from Mississippi State University.

The roundball mentor has served in the coaching ranks since 1968 where he started his coaching career at Aberdeen High School.

He served there for two years in 1976-78 and then at Ponchatoula Louisiana where he coached for two years advancing then to Hamilton where he has

served as boys coach for the past two seasons.

Booneville City School superintendent Robert Griffin said Monday that he was pleased with the hiring of the two mentors. "I had some good recommendations about the two and feel like they can live up to those recommendations."

Griffin said Downs would teach PE at the Booneville middle school while Jobe will teach Biological Science at Booneville High School.

The two Booneville coaches will assume their duties at the start of the next school year.

## Area Golf Action Continues

The area golf circuits continues this month with a host of area golf tournaments in the month of July.

June was a busy month on the Mississippi tour and July plans to be just as exciting for area golfers.

Three tournaments kick off this weekend's events with the Green Oaks Two Man Scramble along with The Natchez Trace Two Man Scramble and the Pontotoc Two Man Scramble.

In other action July 14-15 is the Mississippi State Junior Invitational while the Mississippi Open is scheduled for July 17-19.

Two tournaments are held July 18-19 with the Hamilton

Four Ball along with the Oaks Two Man Scramble in New Albany.

Hillandale's in Corinth Mixed Invitational is held July 20-21 followed by the Aberdeen Four Ball July 25-26 along with the Bulldog Classic at Starkville.

Rounding out the month's event will be the Corinth Junior Two Man Scramble scheduled July 30-31.

The next scheduled event in Booneville will be the Booneville Two Man Scramble scheduled August 1-3 at the local club course.

Plenty of exciting golf action set for surrounding clubs. July will be a busy month. Why not get out and enjoy the action.

## Schweiger Wins City League Baseball Title

Schweiger wins the city league Little League championship for the second straight year and

most had a perfect season. The local squad lost only one game that coming last Thursday night when they topped a 9-4 decision to Peoples Bank in local action.

David Elliott and Tim Jackson both belted homeruns to pace the Peoples Bank attack while

Jody Pitts took the win for Peoples while Tim Jones was charged with the loss.

In other action in the final week of the regular season, Sonic defeated Peoples Bank 12-3. Randy Eaton was the winning pitcher while David Elliott took the loss. Eaton also had a three for three day at the plate.

In other action Schweiger took an 11-5 win over Kellwood. Danny Dawson was the winning pitcher

while Kenny Floyd was charged with the loss.

Alan Fugitt had two homeruns for Schweiger and was four for four on the day.

Schweiger finished first in the league followed by Sonic, Kellwood, Brown Shoe and then Peoples Bank.

An All-Star team was formed between the five teams and will play competition in the 10-12 year old age group.

**CELEBRATES VICTORY**—Rotary's Paula Johnson celebrates Rotary's win over Perrigo's Fertilizer in last Thursday's action. Paula had a good day at the plate including a homerun.

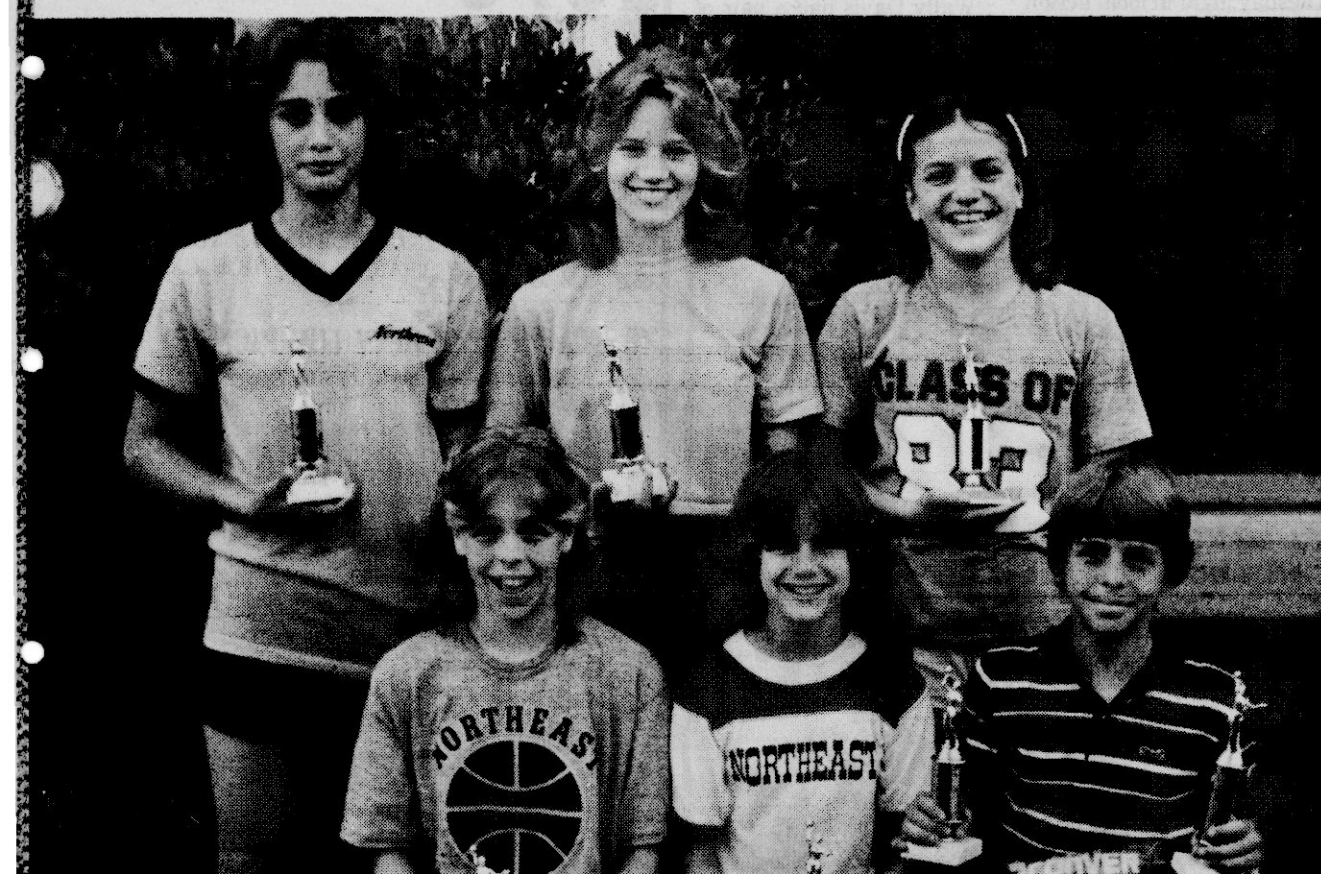

**BANG BANG PLAY**—Rotary's Pam Perry is right on the action here at firstbase against this unidentified Perrigo performer in last Thursday's action at the Jumpertown City Park.

## Johnny Johnson Wins Tourney

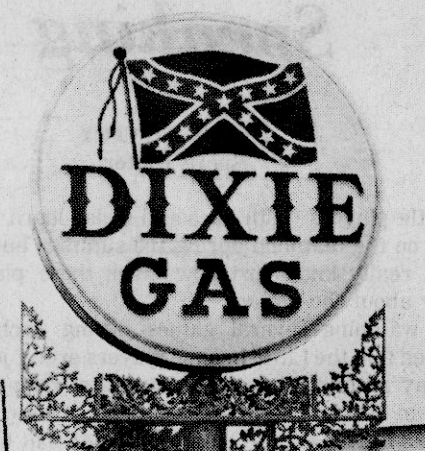

Johnny Johnson's lady softballers took first place honors last weekend in the finals of the Jumpertown Softball Tournament held at the Jumpertown City Park.

The local girls took the top spot with a 22-5 win over Pine Grove in the finals and also won two other tournament games going undefeated through their three game stand.

The troop beat Pine Grove again 13-10 and also defeated Brown shoe 13-1 for their other two wins.

In men's action Snap-On Tools took the top spot there with Rolison finishing second and Johnny Johnsons men placed third.

## Strict 'Lee' Speaking

By LEE GENTRY  
Sports Editor

Little players (both boys and girls) learn alot in their days on the diamond during the summer but most of us don't really know just how much these players really know about the game.

In watching several games during each week I've noticed that the Little League players aren't just out there to play around. They also know what their doing.

I can remember a few years back when Booneville started Little League Girls softball. At that time the girls could do little more than pick up a bat and swing it.

Well thanks to a bunch of dedicated coaches, parents and sponsors, now these girls know whats going on and some even excell well above a normal girl in their particular age group.

To give you a for instance—im a recent Little League girls game I payed particular attention to the basics of the game. These Booneville girls now know how to get the lead runner for instance (man on first get runner on force at second). Another one that caught my eye was when a girl pitcher caught a grounder with a runner on second. She calmly took one quick look to third and saw the player wasn't going and then very calmly threw to first for the force out.

Now this is something to see every day in the big league (when their playing that is) but to see this in a Little League girls game is almost amazing to me.

### New Coaches On The Scene

Well the long awaited look for coaches to fill the many vacated coaching spots are now over. All involving Prentiss County are complete and we'll have a few new faces on the mentor scenes next year especially at Booneville High School where a completely new staff will work next year.

Starting on the football side Charles (Doc) Gullett will handle head coaching chores while on the basketball side, two new coaches will handle things there. Randle Downs will direct the boys squads while Stephen Jobe will head the chores for the girls team.

Northeast Junior College will have some new faces on the basketball side as well.

Richard Mathis will direct the men's squad this year replacing former head coach Noel Akins while former Booneville coach Rickey Ford will handle the Northeast Lady Tigers this fall.

New Site has a new head coach in Eddie Davis from New Hope while Thrasher's Jacky Rowsey will assume dual rolls next year after Lonnie Murphy stepped down as girls coach. Rowsey had previously coached the boys and will now lead both squads.

### Stadium Expansion Underway

I guess by now everyone's seen the work in progress on Northeast's Tiger Stadium. The crews are working cantantly to prepare the stadium for it's new look for the fall of 1981.

New bleachers, pressbox and lights are under construction and everyone is looking forward to the New look for the Tigers next fall.

**HOLDS THE RUNNER ON**—Schweiger's Tim Jones holds this runner on here at first base in last week's action at the Booneville West Side Park. Schweiger finished first in the league standings. (Photos by Lee Gentry.)

## Rotary Wins League Crown

In local girls softball action at the West Side Park two games were held on Monday and Tuesday nights of the past week.

In Monday's action Prentiss beat Marathon 10-1 while on Tuesday night Rotary defeated Prentiss 10-4.

Rotary is the league champion.

One game remains on the current Booneville scheduled for each of the teams.

# Johnny Johnsons, Sporting Goods Pace Local Softball Chart

Johnny Johnson's Furniture and The Sporting Goods Store continue to pace the standings in the Booneville City League Softball League Games held at the Booneville West Side City Park.

Johnny Johnson holds the top men's spot with a 9-1 record (at press time) followed by Davidson Chevrolet, Rolison and Sporting Goods all with identical 7-3 records.

On the ladies circuit,

Sporting Goods continues to pace the league standings with Sell-Rite Furniture right on their heels.

In action held over the past week, dating back to June 29th, in men's action Baldwin defeated the Civitans 11-8; Johnny Johnson's Furniture stopped Schweiger 30-5; Davidson Chevrolet tripped Sporting Goods 6-5 and Rolison stopped Woodman Of The World 11-6.

In June 30th's men's action, Johnny Johnson's Furniture defeated Woodman Of The World 3-2; Sporting Goods stopped Schweiger 11-7; Davidson's Chevrolet beat The Civitans 5-1 and Rolison downed Baldwin 8-6.

On July 2nd, in women's action Johnny Johnson's Furniture tripped Woodman 13-3 while on the men's side Johnny Johnson's beat Civitans 12-0. Also in women's action Eatons Furniture downed The Hospital 12-7 and Rolison stopped Schweiger 10-5.

In Monday night's action, on the women's side Sell-Rite bombed The Hospital 28-0; while Brown Shortripped Eatons 8-7; and The Sporting Goods downed Johnny Johnsons 9-4.

In men's action Monday, Schweiger beat WOW 10-5; Davidson stopped Baldwin 6-3; Johnny Johnsons tripped the Sporting Goods 9-6 and Rolison beat The Civitans 13-2.

## Jumpertown Results

Action got underway here last week in action at the Jumpertown Little League competition at the City Park.

In Little League baseball action, Prentiss MFG beat Pizza Hut 5-4 while in Little League softball action, Prentiss MFG of Booneville beat S&J Cubs 16-1; Jumpertown's Jaycettes defeated Marathon Cheese of Booneville 12-1 and Rotary took an easy 13-0 win over Perrigo's Fertilizer.

In Monday's action at Jumpertown in Little League baseball Jumpertown's Merchants beat the Jaycees 6-4.

### INSIGHT INTO EYESIGHT

from the office of:

JOHN R. WHITE, O. D.

**PARENTS ATTITUDE VITAL**

Ten-year-old Johnnie had trouble seeing the blackboard. He did poorly at little league baseball. He couldn't focus on the moving ball. An eye examination indicated that Johnnie needed corrective glasses for seeing at a distance. Johnnie came home with Mom wearing his first pair of glasses. As they entered the front door, Johnnie's father was obvious about his disappointment. This negative attitude can be devastating to the self-esteem of a youngster.

The greatest problems encountered with children who wear glasses originate from parents—not children. Children are quite willing

and sometimes even eager to wear glasses. They are quick to understand that glasses will allow them better vision and thus give them an easier time at school and at play. The idea that there is something wrong is usually picked up from their parents.

Advice: Try not to express disappointment in your child's presence if glasses are indicated. For the sake of the child, try to be positive about the visual benefits glasses will afford.

For answers to your specific questions regarding vision, Dr. White invites you to call his Booneville office **728-3446**

## Two Tournaments Set For Latimer Park

Little League representative and district director Hubert Tucker announced this week that two area Dizzy Dean Tournaments will be held at Latimer Park in Baldwin.

One was in progress at

presstime, concerning the 13-14 year old age group while the 11-12 year old squads will begin Friday. The Northhalf sophomore group got underway Monday night with six towns represented for a chance to

advance to further state competition to be held at Chesterville.

Teams represented are, East Booneville, Corinth, New Albany, West Booneville and Baldwin. The winner of this tournament will play the Southhalf winner Saturday night at Chesterville with a chance to advance to the State Tourney also at Chesterville.

In Friday's opening of the 11-12 year old tournament teams represented are, Ripley, Booneville, Baldwin and West Tupelo.

Winner of this tournament will advance straight to the State Tournament to be held at Eupora later in this month.

Tucker said he looked for some outstanding competition in the two tournaments and added that he hoped everyone would come out and support the teams.

## Club Tourney Set This Weekend

John Ferrell will defend his championship from a year ago this weekend when the annual Booneville Golf and Country Club's Member Tournament to be held at the local club course.

Ferrell won last year's tournament with a two day total of 154 to claim top flight honors a year ago. He shot a 79 and followed with a 75 for the two days to finish two strokes ahead of Mark Hatfield who shot a 156 for the two days.

A host of the local club's top golfers are expected to participate in this year's tournament which will be played throughout the weekend.

## Northeast Leads In Senior Signees

Northeast Mississippi Junior College leads the entire field of area junior college in senior college signees in their respected sports field.

According to athletic director Bill Ward, Northeast has placed 17 former Tiger players on the senior college rosters for next fall.

The closest college to even come close was Paducah with 12 signees.

Players from Northeast to sign senior college grants are, from football, Kenny Bolden, Lane College; Jordan Boyd, Arkansas State; Monroe Brown, West Virginia University; Randy Cochran, Delta State; David Cooper, Arkansas State; Robert Huff, West Virginia; Raymond Justice, West Virginia; Stanley Pratchett, Lane College; Mike Triplett, University Texas, at Arlington; Gary Tucker, Delta State; Robert Walker, Western Kentucky; Walt Walton, Livingston State; Mike Williams, Mississippi

was signed with William Karey Cllege.

Coach Ward said he was extremely pleased with this announcement. We've always known that we have some top athletic ability here at Northeast," he said. "We're proud of these youngsters and wish them added success."

### ORDER ADOPTING MOTOR VEHICLE ASSESSMENT SCHEDULE

WHEREAS, the Mayor of Booneville, Mississippi, has received from the Mississippi State Tax Commission a copy of the Motor Vehicle Assessment Schedule adopted by it for the ensuing fiscal year, and

WHEREAS, the Mayor and Board of Aldermen of said City have examined and considered the aforesaid Schedule and desire to adopt the same for said City;

IT IS THEREFORE HEREBY ORDERED by the Mayor and Board of Aldermen of the City of Booneville, Mississippi, that: The Motor Vehicle Assessment Schedule for the ensuing fiscal year adopted by the Mississippi State Tax Commission under the provisions of the Motor Vehicle Ad-Valorem Tax Act of 1958 and amendments thereto is hereby adopted as the Motor Vehicle Assessment Schedule for the City of Booneville, Mississippi for the ensuing fiscal year.

The Clerk of the City shall publish a certified copy of this Order as notice under the requirements of Section 27-51-21 of 1972 Code, that such Motor Vehicle Assessment Schedule is ready and open for inspection and examination by any interested taxpayer. Such notice shall be published in the Banner-Independent, a newspaper having a general circulation in the City of Booneville, Mississippi.

A recessed meeting of the Mayor and Board of Aldermen of the said City will be held in the City Hall of Booneville, Mississippi, at 2:00 p.m. on the 27th day of July, 1981, for general purposes and for the purpose of hearing and taking action on any complaint filed in writing, objecting to and petitioning for a specified reduction on any portion or portions of said schedule affecting the complaint directly, and the Board will remain in session until all complaints are considered.

ORDERED this the 7th day of July, 1981.

People with hearing, speech, sight, or motor disabilities can get special telephone equipment from South Central Bell to make their communications easier.

— The Portable Communications Terminal (a Telecommunications Device for the Deaf - TDD) lets hearing or speech-impaired people conduct a written conversation over a standard phone. The fully portable, easy-to-use device looks and works like a small typewriter.

— Volume Control Handsets are available in two versions: one that amplifies what is heard through the phone, another that amplifies what is spoken into the phone.

— Hearing Aid Adapters are available for customers who use phones that aren't compatible to their hearing aids. The portable adapter fits on the phone earpiece.

— Special signals, such as tones, bells, and gongs, are available for those who hear better in some frequencies than in others.

— The Signalman® Relay Switch is for those who cannot hear the phone ring. It provides alternate signals, such as flashing lights, or a breeze from a fan.

— The Artificial Larynx produces audible speech from the throat of a vocally handicapped person.

— Touch-a-matic® phones allow customers to dial phone numbers with the touch of one button.

— Speakerphones and headsets permit hands-free dialing, answering, and talking.

For more information, call the Customer Assistance Bureau at the number listed in the Call Guide or Customer Guide at the front of your telephone directory.

Rains, Heavy Storms Visit Prentiss County

"Generous rains have fallen in almost every section of the county during the past week. Booneville was visited by two very heavy storms, one on Friday night, the other on Saturday night. On Saturday night the rainfall was about 2 inches. Crops in Osborne and Kings Creek bottoms have been overflowed and damaged somewhat, but in most places crops are making satisfactory growth. Grass and weeds are growing, too. There are some complaints of the appearance of boll weevil."

Dial System Will Soon Be In Operation Here

"The Capital Construction Co. of Jackson, Miss., completed the new Southern Bell Building here on Saturday, June 30, and turned the building over to the company. Immediately the Western Electric installation crew started the installation of the dial telephone system for Booneville which is scheduled to be in operation on Oct. 7, 1956.

"According to Mr. Gene L. Goss, Southern Bell service foreman, and Mr. Bill Hardin, Corinth district manager, the equipment being installed here is valued at \$85,000 and the building at \$40,000, the changeover to the dial system involves another \$21,000. The changeover of the three private switchboards, at the tourist court, the Junior College and the hospital are included in this cost.

"According to Mr. Hardin this present building is being equipped to service the 1,745 subscribers being served by the Booneville exchange, however, additional equipment can be added to the bank of instruments to service 3,500 subscribers.

"Booneville has been assigned the letters PARK and the number 8, which will be followed by four numbers. This system of letters and numbers will enable the user to dial other cities without going through a long distance operator."

Booneville FBLA Student Places Second In Nation

"A student from the Prentiss County Vocational Technical School's chapter of the Future Business Leaders of America (FBLA) placed second in the nation at the National FBLA Conference held last week in Washington, D.C.

"Pamela Jo (Pam) Potts won the second place honor for her job description manual. This is the second year in succession that the job description manual entered by the Prentiss County FBLA Chapter has placed in the top five in the nation.

"The second place finish was the highest honor received by any school in the state of Mississippi at the conference last week."

**Watching the parade:**  
April Johnston and dog Cindy (front)  
and Amy Cole, holding Susan Skinner.

Friends, neighbors and relatives of Seventh Street Area residents joined them in the annual Independence Day Parade in the west Booneville neighborhood Saturday morning, July 4.

The neighborhood parade originated seven years ago when four local residents-- Cindy and Kristie George, Lori Bolen and Claire Lamb-- decided Booneville needed a 4th of July parade. It has been held each year since.

Some veteran participants felt the total number of those in this year's parade was slightly less than last year's record number of about 100. But, there seemed to be more youngsters and less adults this year, they said.

The parade started in front of the Will George residence on Seventh Street, made a loop through the neighborhood and ended in Foster Park where refreshments were waiting.

Booneville Police Chief W.W. Stacy and Highway Patrolman Alfred Michael led the parade.

THOUGHT FOR THE WEEK:

By C. D. Edge

Why Read The Bible?

Because it is the message from God—all scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness. II Timothy 3:16.  
Because in it you will find Peace—Great peace have they who love thy law. Psalm 119:165.  
Because in it you will find Joy—Thy word was unto me the joy and rejoicing of my heart. Psalm 119:105.

Because it is of more value than Riches—The law of thy mouth is better unto me than thousands of gold and silver. Psalm 119:72.  
Because it can make you Wise—The Holy Scriptures are able to make thee Wise unto salvation through faith which is in Christ Jesus. II Timothy 3:15.  
Because in it you will find Assurance—These things have I written unto you that believe on the name of the Son of God; that ye may know that ye have eternal life. I John 5:13.
