\$1.04 Million City Budget Adopted For FY 1981-82

It took across the board cuts in spending to do it, but the Booneville mayor and board of aldermen have approved a balanced budget for fiscal year 1981-82.

The general budget approved by the city fathers totals \$1.04 million, down some \$280,000 from the 1980-1 figure of \$1.32 million.

Included in the 1981-82 budget is \$617,061 in salaries for city employees. This is down some \$87,439 from the \$704,500 allocated for salaries in last year's budget.

The decrease in the amount of money allocated for salaries is due primarily to employee lay-offs which will go into effect in October and due to the fact that there will be no raises for employees during the coming year.

All city departments are receiving cuts in this year's budget.

"I feel better about the

budget since we've made the reductions," City Clerk June Hutcheson said. "I feel like this budget is something we can live with this year. A lot of thought went into this budget."

The city's millage rate for the coming year has been set at 53½ mills. This includes 25 mills for the city school system and 28½ mills for city purposes, Mrs. Hutcheson said.

Last year's millage rate was 50 mills.

The city's proposed budget includes \$251,248 for the police department. This is a decrease of \$48,752 from last year's budget which allocated \$300,000 for the police department.

The fire department will receive \$188,149 in the coming year, a decrease of \$41,851 from last year.

This year's budget also includes \$63,089 for public property, a decrease of \$12,011 from last year's

figure of \$75,000.

The street department has been allocated \$244,280 for the new year, a decrease of \$60,720 from last year's budget of \$305,000.

This year's budget allocates \$11,462 for civil defense, down \$38 from last year's figure of \$11,500.

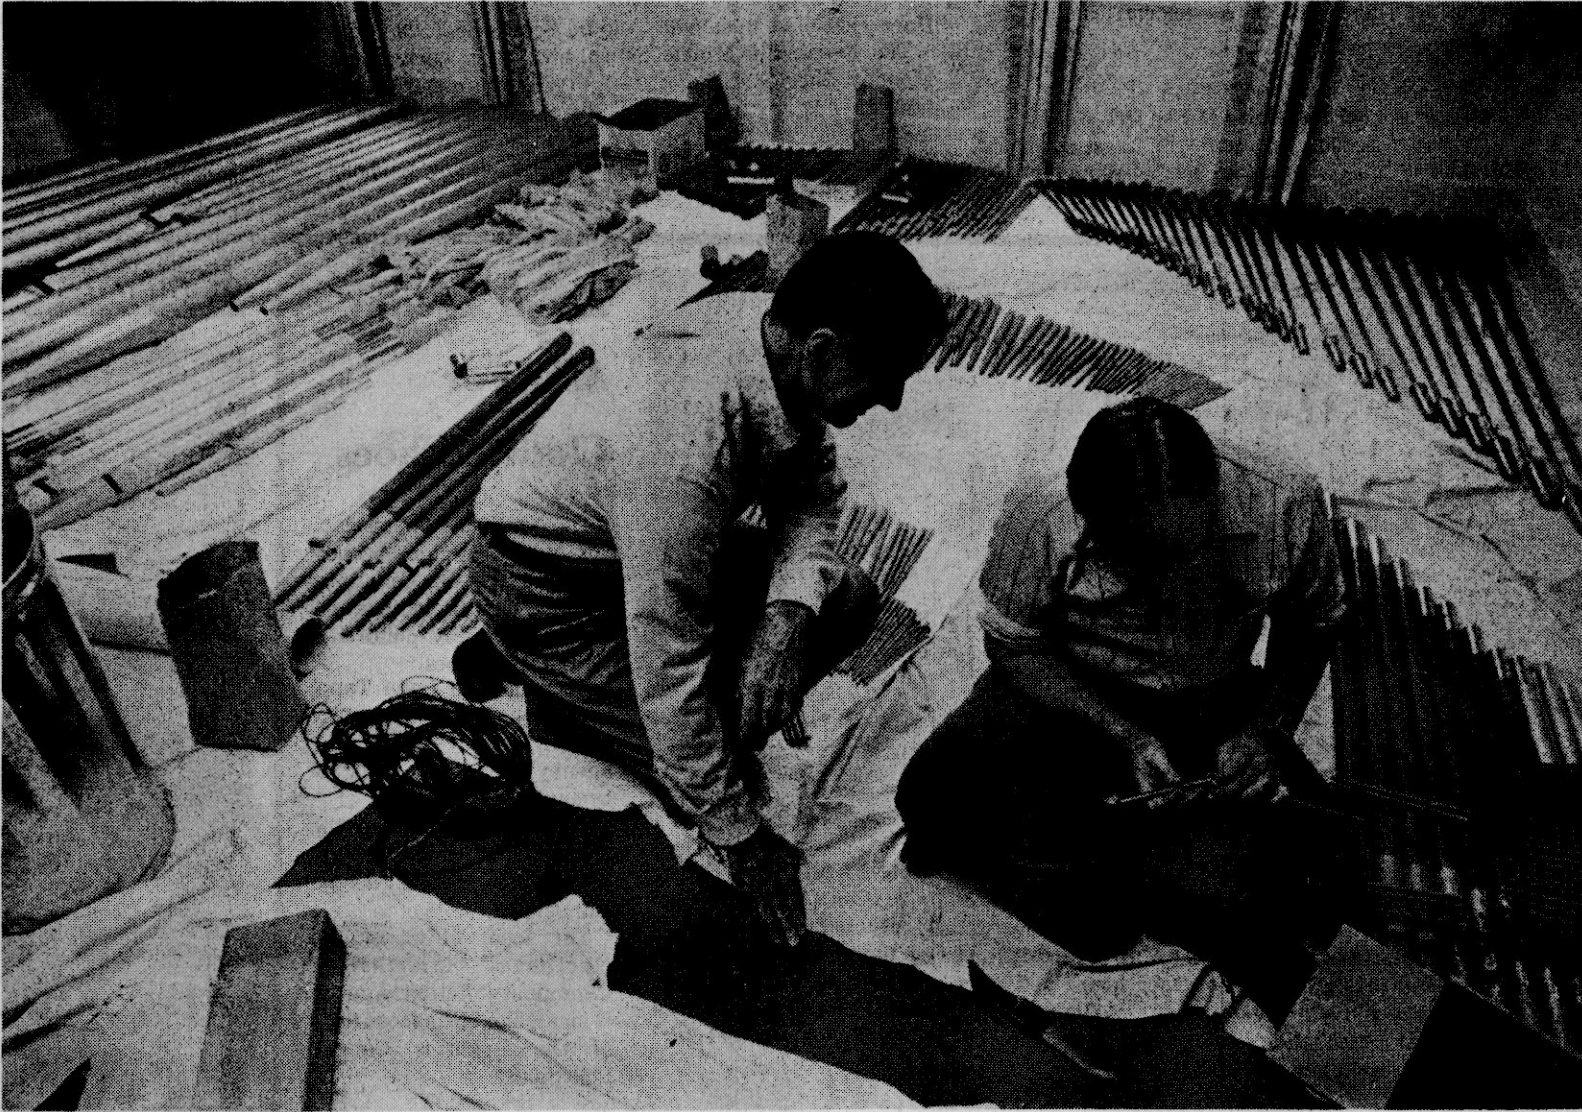

The monies allocated in the budget are derived from several sources.

The city expects to receive \$250,000 from ad valorem taxes, which includes real property and automobiles, and \$550,000 from sales tax collections. These figures are the same as last year's.

The city also expects to take in \$75,000 from police fines, \$35,000 from the Prentiss County Electric Power Association, \$30,000 in miscellaneous reimbursements, and \$21,000 in miscellaneous income.

The city also expects to receive \$86,800 in revenue sharing funds.

To Make A Joyful Noise

SURROUNDED—Dan Warmbrod (left in top photo), organist at the First Methodist Church in Booneville, and Dan Nealon, of R.G. Capra Inc. of Memphis, are surrounded by some of the approximately 1,000 pipes of the church's 34-year-old pipe organ. Thanks to donations from church members, additional pipes are being added to the organ to expand its range. In the photo at right, Stan Sherman of the Memphis music company adjusts some of the wooden pipes located in the organ chamber behind the choir loft.

New Pipes For County's Only Pipe Organ

By KEN CHRISTIAN
Editor

"You don't realize how much you'll miss it until it's not there."

That's what one church member said Sunday about the First United Methodist Church's pipe organ. The organ was out of commission Sunday because it has literally been taken apart.

Dan Nealon and Stan Sherman, of R.G. Capra Inc.

of Memphis, are presently working on the organ, adding additional pipes and replacing the tuning slides on the old pipes.

The First Methodist Church's organ, which is the only pipe organ in Prentiss County, was first installed in 1947, shortly after World War II.

Because of the shortage of metals at that time, the tuning slides were made from metal that had been

intended for use as clock faces. Clock faces are actually imprinted on the inside of the tuning slides.

Church organist Dan Warmbrod said because of the clock-face paint on the slides, it is sometimes difficult to move the slides to properly tune the organ. Since the organ is normally tuned twice each year, the sticking tuning slides have become a problem.

IT MAY COME as a surprise to those who have seen only the dozen or so pipes of the organ mounted in the church sanctuary, but there has been a total of approximately 700 pipes in the organ.

Those not in view in the sanctuary are located in a two-tier organ chamber located directly behind the choir loft.

Thanks to a donation from Mrs. Marjorie Waters in

memory of her mother, Mrs. Mary C. Oakley, 268 new pipes are being added in the organ chamber and 28 new exposed pipes are to be added in the sanctuary. When the work is completed, there will be a total of approximately 1,000 pipes in the organ.

Other church members have donated various amounts to pay for ad-

Youth Dies In Louisiana

A 16-year-old Booneville man was killed and another local man was injured when the tractor-trailer rig in which they were riding hit a ridge in south Louisiana last week.

Tommy Carroll Wages, 16, of Route 3, Booneville, died Wednesday morning, Sept. 16, as a result of the single-vehicle accident near Crowley, La. William Adams, 27, also of

Booneville, was injured in the accident.

State troopers said last week that they were investigating the accident to determine which of the men was driving the rig when it swerved out of control in the west-bound lane of U.S. Interstate 10.

The vehicle tipped off the shoulder of the road, skidded about 315 feet through a ditch, climbed an em-

bankment, and came to rest jammed underneath a highway overpass, officers reported. The superstructure of the bridge was damaged in the accident, they said.

Services for Wages were held at 11 a.m. Saturday, Sept. 19, at the McMillan Funeral Home Chapel with Austin Shook officiating.

At Health Department

Flu Vaccine Available

Patients receiving flu vaccinations this year from the Prentiss County Health Department will be required to pay \$3, Mabel Nelson, coordinative nurse at the Health Department, said Monday.

The fee is being charged

because there are no federal or state funds available to provide free flu vaccine.

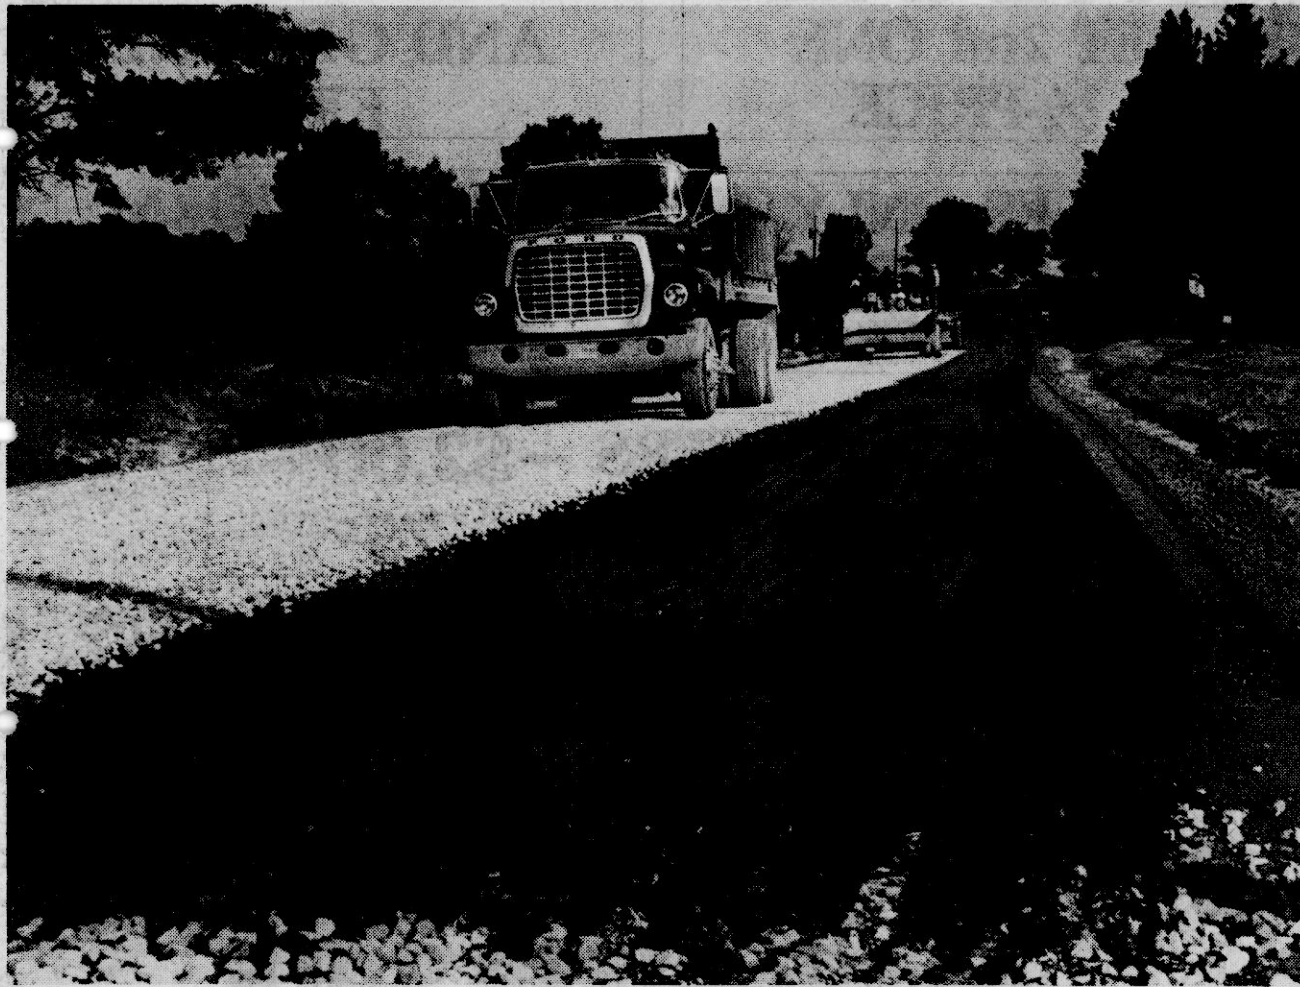

"This cost of \$3 is for everyone," Mrs. Nelson said. The fee represents only the costs in providing the vaccinations.

The Prentiss County

Health Department begin giving flu shots Friday of last week, she said.

Mrs. Nelson said the flu shots will be available on Monday from 8 a.m. - 11 a.m. and 12 p.m. - 5 p.m.

PAVING OLD HIGHWAY 45—Residents on Old Highway 45, which runs behind Troy Moore's Store north of Booneville, decided that if the county could not afford to pave their road, then they would do it themselves. Each

resident on the road chipped in from \$300 to \$800 on the expense of having the work done. The total cost of paving the gravel road was estimated at \$19,000.

Northeast Coed Killed In Wreck

An 18-year-old Northeast Mississippi Junior College coed was killed and two other area residents were injured in a two-car accident that occurred on U.S. 45 south of Booneville Wednesday night of last week.

Highway Patrolman Wallace Davis said

Claudette Edwards of Tiptonville, who was a passenger in a car driven by Tammy Lockhart, 18, of Ripley, was dead on arrival at Northeast Mississippi Hospital after the accident.

Davis said Lockhart lost control of her car for an undetermined reason, and

wound up crossways in the highway as she tried to gain control.

A car being driven by Jack Wilburn, 28, of Booneville then hit Lockhart's car broadside. Wilburn and his wife were en route to a hospital when the accident occurred, Davis said.

Lockhart was treated for head lacerations and bruises at Northeast Mississippi Hospital and Wilburn was treated for cuts and bruises at North Mississippi Medical Center. Mrs. Wilburn was admitted to the hospital, where she gave birth to a girl, Patrolman Davis said.

In brief...

Bank Receives Final Approval

The Peoples Bank and Trust Company has received final regulatory approval from the Federal Deposit Insurance Corporation (FDIC) to open a branch office in Jumpertown, John Smith, executive vice-president of the banking firm, said yesterday.

Architects have indicated they will have preliminary plans of the branch office ready this week, Smith said. Construction bids will probably be taken by the end of next month.

The branch office, which is hoped to be opened by the end of this year, will initially employ two people and will be a paying and receiving branch office.

The branch office will be built across from the Jumpertown Town Hall.

Mail To Be Delivered Later

Beginning Oct. 3, mail will be delivered to the Booneville Post Office about 30 minutes later, meaning local residents will receive their mail about 30-45 minutes

later than usual, Booneville Postmaster Jack Wright said yesterday.

The mail delivery schedule was changed by the Memphis Transportation Office, postal officials said. Mail delivered to Booneville has been arriving between 6:15 a.m. and 6:30 a.m.

The proposed schedule change will mean mail will be delivered from Tupelo to the Booneville Post Office around 7:10 a.m., Wright said.

"We'll try to make up for this as much as we can," Wright said. "We hope we will be able to deliver the mail only 30 minutes later and 45 minutes later at the most."

Wright noted that the proposed schedule change will mean later mail delivery at all surrounding post offices.

Correction

Due to a typographical error, the amount of money set aside for the hospital by the Prentiss County Board of Supervisors in the county's 1981-82 budget was given incorrectly in last week's paper.

The correct amount allocated by the supervisors for the hospital is \$88,000, not \$880,000 as listed last week.

The Banner-Independent regrets the error.

BIBLE QUESTION BOX

WARD HOGLAND

QUESTION: Mr. Hogland, Please explain the difference in hades and gehenna. Are not the souls in hades eternally lost?

ANSWER: When a person dies, his soul goes into hades, while his body sleeps in the earth (Eccl. 12:7, 1 Cor. 15:20-25). When our Lord died you will note that his soul went into hades but his body was laid in a tomb. However, he was resurrected in three days. Acts 2:31 says, "His soul was not left in hades neither his flesh did see corruption." Hades evidently has two compartments in which the wicked and righteous are separated (Lk. 16:19-31). The receptacle for the wicked is called torments and the one for the righteous is called Abraham's bosom. The basic definition for "hades" is the common receptacle of disembodied spirits. The term "Gehenna" is the eternal receptacle of the lost and a place of punishment (Matt. 8:8). "Hades" and "gehenna" are greek words translated in the King James version by one word "hell." They are not to be confused. In the Revised version, the terms are correctly distinguished. The word hades is anglicized "hades" while gehenna is translated "hell."

Test Results Favorable

Officials of the Booneville Municipal Separate School District say they are pleased with the accountability results from the 1980-81 school year, the first year of operation of the separate school district.

During April 1981, students in grades 4, 6 and 8 in the Booneville School District participated in the Mississippi Educational Assessment Program.

This program is a comprehensive effort to gather, interpret and report on what level of education the students are attaining.

To do this, all fourth, sixth and eighth grade students were administered the California Achievement Test and the Short Form Test of Academic Aptitude.

With the exception of only two categories, the results of

these tests show that, on the average, last year's students in grades 4, 6 and 8 of the Booneville School System were "over-achievers." In other words, the students' achievement levels are higher than the national average.

Students in Grade 8 averaged scoring higher than the norm in every category.

Students in Grade 4 averaged scoring higher in all subject areas, except math concepts and problems. In this category, the Booneville fourth graders scored on a level comparable to the norm.

Students in Grade 6 also averaged scoring above the norm in all subject areas, with the single exception of reading comprehension.

There these students also scored on a par with the norm.

According to city school officials, the major purpose of an evaluation program such as this is to determine the extent of each student's development, relative to his or her potential, within the framework of the school's educational objectives.

The testing program also provides teachers and administrators with clues to the strengths and weaknesses of many aspects of curriculum and instruction.

"The Booneville School District is fortunate to have programs and teachers to meet the needs of students with abilities ranging from the highest to the lowest," a spokesman said.

East Prentiss Students Named To Society

Four students from the East Prentiss Baptist Church are to be included in the membership of the Society of Distinguished High School Students for 1981.

The Society accepts only students nominated by their sponsors, a spokesman, for the organization said. To be nominated, students must excel in academics, extracurricular or civic activities.

Mike Beasley, Lisa Hoard, Benny Brasel and Lori Denson are the East Prentiss students who were awarded the honor.

The students' sponsor, the Rev. Ken Bishop, received a National Appreciation Award from the society for "being dedicated to the encouragement and assistance of students."

CPR TRAINING—Barry Yearber (center), assistant director of Respiratory Therapy at Northeast Mississippi Hospital in Booneville, and Shelia Woodruff (right), graduate respiratory technician, demonstrate cardio pulmonary resuscitation (CPR) on a life-like manikin while Jim McAnally, director of Respiratory Therapy at the hospital, looks on. Yearber and Woodruff will be instructors for CPR courses to be taught initially for hospital personnel.

Scott Floyd Named National Merit Semi-Finalist

Scott Floyd, son of Mr. and Mrs. Robert Milton Floyd of Booneville, was recently named a National Merit semi-finalist.

Floyd, a Booneville High School senior, is involved in the 4-H program and plans to major in engineering or pharmacy in college.

Eleven Northeast Mississippi high school seniors were among 135 Mississippians and 15,000 students nationwide who were named National Merit semi-finalists.

The list included one Booneville High School student, one Corinth Student, six Tupelo High School students, two Oxford High School students, one Ingomar Attendance Center student.

Semi-finalists were selected on the basis of achievement on the Preliminary Scholastic Aptitude Test taken last year.

The students will compete for about 5,000 merit college scholarships that will be offered in 1982.

City Receives Bids On Vehicle Conversion

In a recessed meeting on Friday of last week, the mayor and board of aldermen received bids to convert all city vehicles to be powered by natural gas.

Bids were received from Nu-Fuel Systems of America of Florence, Ala., who bid \$63,150 plus \$2,877 for a conversion kit, and Phillips Energy Corporation

of Clearwater, Fla., who bid \$63,169 on the project.

Both bids were taken under advisement by the board. Both companies are expected to demonstrate their fuel conversion systems Friday, City Clerk

June Hutcheson said.

Mayor Charles Crabb said earlier that compared to gasoline, the city expects to save about \$1,000 per month over the monthly payments to cover the expense of converting the vehicles.

A study by the city showed it should save about \$3,336 per month on fuel expense once the vehicles have been converted.

In other action Friday afternoon, the board voted to borrow \$80,000 for the purchase of two new school buses for the city school district.

City School Superintendent Robert Griffin said, "This district is in desperate need of new buses."

Mayor Crabb told the board that the Prentiss County Board of Supervisors has asked an increase of \$500 in the charge for burying the city's garbage. The board voted to pay the same rate of \$1,500 a month.

Arrest Report

Prentiss County Sheriff's Department

The Prentiss County Sheriff's Department reports a total of 29 arrests during the period of Sept. 14-20. Charges placed during that period include:

'Talk O' The Town'

Street Opinion Poll

QUESTION: Do you think President Reagan was right in appointing the first woman to the U.S. Supreme Court and do you think she will do a good job?

SARAH MARTIC of Osborn Creek Road: "No, I don't think Reagan is right in anything. I don't think a female should hold a high office like that. A woman can't hold up under stress like a man can."

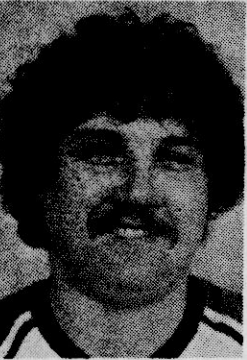

JIMMY MCNAIR of Route 2, Rienzi: "I think she will do a good job. I think she's smart and has the right experience and background for the job."

MARILYN MOONEY of Route 2, Booneville: "I think a woman is just as capable of doing anything as a man."

WANDA PIKE of Route 2, Booneville: "No. I think the men know more what to do. It seems to me that men know how to go about doing things better."

HAROLD CROCKER of 6111 North College St.: "I think she will do a good job. Women are just as capable as men are in thinking terms. I think she will do a real good job."

MARY SUE SMITH of Route 6, Booneville: "I think it was time a woman was appointed. I think she will do a good job. She'll probably do as good as anybody else would."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

Eyes On Mississippi

Trouble Rumbles In State ABC Ranks

By BILL MINOR
Columnist

JACKSON, Miss.—Mississippi has gotten past 15 years of being in the liquor business surprisingly with only a ripple of corruption, mostly because the ABC division of the State Tax Commission which administers the hard-won legal liquor law passed back in 1966 has been staffed with untouchables.

But legal liquor still exists in this religiously fundamental state only by a thin political majority, and, consequently, those who remember the chaotic days of prohibition get nervous every time there are rumblings about trouble within the state ABC ranks. Right now seems to be one of those times.

Last week, Bob Livingston, an oldtimer around state government who last year finally got the job he always wanted as director of the ABC, was quietly booted out after an ongoing flap over being circumvented by two members of the State Tax Commission who are holdovers from the Cliff Finch administration.

What triggered the showdown, according to insiders, was when Livingston balked at an order from Commissioners Latrelle Ashley and Robert Baggett to have the ABC warehouse stock ceramic football decanters representing the University of Southern Mississippi Golden Eagles. The decanters are peddled by a liquor rep favored by Ashley and Baggett, sources said.

But Tax Commission Chairman A.C. "Butch" Lambert, who could have stopped Livingston from being forced out, apparently declined to come to his support, even though Livingston was Lambert's choice for the post to begin with.

Evidently Livingston management ability had also been brought into question because of his well-known temperamental outbursts around his staff.

Some earlier moves, however, had been made to undermine Livingston's authority as director, including removal of the enforcement arm of the ABC from his direction, and the hiring of a retired Army colonel from Georgia as his top assistant.

The ABC's law enforcement was turned over to Wood Stringer, the former chief of the Highway Patrol, who was brought in by Lambert to take over the Motor Vehicle Comptroller job assigned to the Tax Commission by the legislature last year.

This move came after the July 1 retirement of Lennis "Mack" Mashburn and Gwin Cole, two highly respected officers who had been in charge of the liquor law enforcement of the ABC since it was founded back in 1966.

Although Mashburn has been planning to retire the past three years, Cole decided to take early retirement, reportedly because of his disillusionment over the increasing amount of political interference from inside the commission.

Mashburn and Cole have been the most consistent stabilizing force in the ABC over its 15 years of existence, remaining on the job while directors and members of the commission have come and gone.

Because they were incorruptible in an area which is highly susceptible to corruption, Mashburn and Cole are generally credited with giving the ABC its strongest base of integrity.

They apparently were getting less and less support for their insistence on strict enforcement of the ABC law which mandates the agency to enforce prohibition in counties which remain legally "dry."

Moreso since Ashley and Baggett have been on the three-member commission, insiders say, ABC enforcement officers have been encouraged to leave liquor law enforcement to local officers in "dry" counties.

Desite his pledge when he was appointed by Gov. William Winter last year to take over the expanded duties of chief revenue officer and chairman of the Tax Commission to promote within the ranks, Lambert surprised ABC staffers several months ago by bringing in retired Army Col. Redmond Forrester from Georgia to be deputy director of the ABC.

The state law creating the ABC specifically requires that all employees of the agency must have been residents of the state for the previous five years.

Speculation now is that Forrester is being groomed to take the director's job as Livingston's permanent replacement, although Wood Stringer is being put in charge on a temporary basis.

A rather touchy issue for Lambert is due to come up before the Tax Commission very shortly when the resort status license for a motel in a rural area outside Tupelo is to come up for renewal, facing opposition from church leaders in the area.

Lambert as a Lee County legislator had apparently used his influence back in 1974 in a letter to the Tax Commission to get the highly-prized resort license for the motel.

Another resort license of a highly questionable nature was issued by the commission last year to a place in the remote rural community of Hurley in Jackson County despite opposition from the ABC enforcement staff.

Sources say the Hurley license resulted from influence used by State Sen. W.C. "Son" Rhondes of Van Cleave, who had a key part in removing provisions in the 1980 bill reorganizing the Tax Commission which would have legislated Baggett and Ashley out of their jobs on the commission.

Some observers are saying that Gov. Winter, who is dedicated to keeping high standards of integrity in his administration, should be concerned over the direction the highly sensitive control of alcoholic beverages is taking in the recent happenings in the ABC.

A Dollar's Worth Of Service
For Every Dollar Spent

Mississippians now have an opportunity to rid their counties of an expensive, wasteful, and inefficient habit—the beat system of managing county roads.

A provision in a highway measure passed during the last Legislative session requires counties to operate under the county unit system of road administration after 1984 in order to get state aid road funds, unless a county's board of supervisors votes to exempt itself from the requirement.

The provision requires supervisors to make that decision on or before July 1, 1983, and in each succeeding four years. Some boards of supervisors have already cast their votes to continue the wasteful, inefficient beat system.

These decisions on county unit could have strong bearings on elections, especially in those counties where voters recognize the efficiency and desirability of the unit system.

Mississippians need to take a close look at whether or not they can continue to fund five separate road systems in each county, with each system having its own road crew, set of expensive equipment, and method of maintaining county roads.

A multitude of studies conducted by and for the state Legislature—along with studies by the Mississippi Economic Council and other organizations—have all pointed out that the county unit system of road administration is the most efficient, cost effective method of maintaining county roads.

Voters in each county are now faced with the question of whether or not they want a dollar's worth of service for every tax dollar they spend, or if they want to continue the wasteful, inefficient beat system of road management now in existence.

Ponderings

By Angela Smith

The people living behind Troy Moore's Store on Old Highway 45 had a meeting several weeks ago and decided they were tired of all the dust and dirt coming from the gravel road they lived on.

Since there wasn't enough money in the First District road fund to pave their gravel road, the 25-30 people living on the road decided to take matters into their own hands and pave their road themselves.

So they all chipped in \$300-\$800 each and hours of hard work to improve the road.

The county furnished the use of a backhoe and roadgrader. But, according to one resident living on Old Hwy. 45, "We did 99.5 percent of the work ourselves."

And that work of moving fences, cleaning out ditches, and collecting money, plus a lot of other work, took about a month.

Although there wasn't enough money to pave the entire road, most of the road is paved and definitely something for residents to be proud of.

About a mile and six-tenths of the road was paved and will cost an estimated \$19,000. (It was first thought the road could be paved for \$12,000.) Thus far, the road is not completely paid for and residents are told they will have to "dig down in their pockets" to pay off the debt.

No doubt they will, too. The people are obviously proud of their road and with good reason. As Linda Jones who lives on Old Hwy. 45 said, "Who wouldn't be proud of a road like this? I love it!"

My Opinion Of Street Opinions

This marks the fifth week for The Banner-Independent's 'Talk O' The Town' column.

I enjoy having the opportunity of meeting Prentiss Countians I would not normally meet and asking their opinions of various issues.

The majority of people I have talked to have been willing to spare a few minutes to share their views with me. I appreciate this.

And I appreciate the friendliness of the folks I've met as I've conducted these 'street opinions.'

Of course, every now and then I meet a person who talks a little less than kind to me.

But overall, the majority of people seem to enjoy talking with me as much as I enjoy talking with them. And that more than makes up for those "unprintable" opinions.

Muscadine Punch

My uncle, Jerry Kelly of Blackland, is in the process of making "Muscadine Punch" or so he says. Does anyone have a recipe for muscadine punch? I am wondering if there is really such a concoction as muscadine punch or if this is just his sly name for muscadine wine.

I mention this, because when I saw him Sunday he referred to my column as "Reflections."

Oak Ridge News

By BERYL COATS

People who are interested in news from this community may have noticed that a fortnight has passed since a report from here appeared in the county paper.

The first half of September held several special days for members of the V.L. Coats family. The following had birthdays: Mary Alice on Sept. 4, Lynn on Sept. 5 and Senita on Sept. 6.

Philip and Mary Alice celebrated their wedding anniversary on Sept. 6.

David Lee had a birthday on Sept. 16.

Belated greetings to a nephew, M.L. Sandy Jr. of Corinth, whose birthday is Sept. 5.

A gospel meeting is conducted here annually beginning the first Sunday in September. This year it was characterized by timely lessons by Paul Murphy of Mobile, Ala., and Calvin Barber by fine congregational singing led each night by different young directors, and by the presence of visitors at each service.

Visitors came from Tishomingo, Snowdown, Carter's Chapel, Hills Chapel, Booneville, Jumbertown, Chapman, Zion's Rest, Marietta, Antioch, Saltillo, Hillcrest, Mayfield, Baldwin, and the Blackland community.

Words of praise and encouragement need to be given to Reba Ann Owens for she deserves them. She sees to the needs of her family of six, is a factory worker; a good neighbor and a Sunday School teacher. Now she's driving the church bus, enabling more people to attend services. No wonder her daughters call her "Super Mom." Reba, we appreciate you!

George and Senita Coats spent a couple of days in the Booneville hospital. They had a virus and sinus infection.

A neighbor, Ted Cristo, has been a patient in the Baldwin hospital. He has pneumonia, but hopes to come today (Sept. 21) or soon.

V.E. Lindley has had surgery at the North Mississippi Medical Center in Tupelo.

Virgie Harris is not showing improvement; neither is Aunt Myrtie Harris.

We send good wishes for better health to all those

mentioned and to any others who are ill.

Philip Coats, an employee of South Central Bell, is enjoying being at home after two weeks of schooling in Nashville, Tenn. He completed a course in basic installation and maintenance of Dimension 400 PBX.

A stork shower for Mrs. Lisa Stoop Yates was given last Saturday night in the home of Mrs. Cecil Koon Jr. Twenty-four ladies were present, each bringing nice gifts for the baby-to-be. Co-hostesses were Louise Koon, Barbara Kelly and Cindy Carter.

Sympathy is extended to the relatives of Carl Green who died Sept. 11, especially to his sister, Irene Estes, and family who worship at Oak Ridge.

Sympathy also goes to Mrs. Sam McAnally, her children and other relatives of Mr. McAnally, who died Sept. 13.

Deep sympathy goes to the relatives of Mrs. Nettie Ryan, who died Sept. 12. Our heart goes to a grandson, Terry Leon Ryan (our nephew) of Memphis. He is the only child of Troy Leon Ryan, who served as bombardier in World War II and was killed when his plane was shot down over Germany.

A request: Please call me at 728-3323 and give me items of interest to be published.

Rebecca Lynn Cleveland

Miss Cleveland To Wed Mr. Cartwright

KENOSHA, Wis.—Mr. and Mrs. Lewis Cleveland of Kenosha, Wis., announce the engagement and forthcoming marriage of their daughter, Rebecca Lynn, to Tommy Lee Cartwright, son of Mr. and Mrs. Hershel Cartwright of Jumbertown.

The bride-elect is the granddaughter of the late Mrs. Elmer Kilpatrick and the late Lonnie Cleveland, and the late Mr. and Mrs. George W. Birmingham, all of Booneville.

Miss Cleveland is a 1980

graduate of New Site High School.

The prospective groom is a 1975 graduate of Pine Grove High School. He is employed by Piper Industry in New Albany.

The couple will exchange vows at 7 p.m. Sept. 25 at Martin Hill Free Will Baptist Church. A reception will follow in the church fellowship hall.

No invitations are being sent, but all friends and relatives are invited to attend.

McCoy Reunion Held On Sept. 6

The descendants of William Henry McCoy, Sarah McCloud Howell and Alma Lou Gattin held their annual reunion at the Sportsman's Club Lodge on the first Sunday in September.

A large number of friends and relatives attended, including the descendants of six generations coming from seven sons and six daughters.

"It was a joyous occasion of handshaking and reminiscing in the good old McCoy spirit of love and appreciation for one another," said Elmer E. McCoy, one member of the clan.

After thanks were given by Cap McCoy, a meal was served. Much of it was cooked according to the old-time, traditional "Grandma" McCoy recipes.

A brief scriptural message was delivered by Bro. Pete McCoy. He spoke of the happiness of the reunion, but reminded the family of a much more important reunion that is to come in the future—"the reunion on the resurrection morning."

Bro. McCoy stressed the importance of each one being prepared to take part in that reunion.

The occasion ended with a prayer by Elmer E. McCoy.

Jacinto Chapter NARFE Organized

The Jacinto Chapter of the National Association of Retired Federal Employees (NARFE) was organized in Corinth on Sept. 17, according to Hugh J. Horton, President pro tem of the new chapter.

"The name (Jacinto) is particularly appropriate," Horton said, "since the chapter will serve the counties of Alcorn, Prentiss, Tippah and Tishomingo, all of which at one time comprised one large county with Jacinto as the county seat."

chapter," he said, "will be to promote the general welfare of civil service retirees and to cooperate with other organizations in furthering the interests of senior citizens."

All retired civil service employees and their spouses, and all surviving spouses of deceased employees, are urged to join the chapter, Horton said.

The next meeting will be Friday, Oct. 16, at 2 p.m. at the Corinth Public Library meeting room.

At First Methodist Church

Debbie Russell Weds Kevin McInnis

The wedding of Miss Deborah Jean Russell and Richard Kevin McInnis was solemnized at 6:30 Saturday evening, August 15, at the First United Methodist Church in Booneville. The Rev. Charles Potts officiated the double ring ceremony.

The bride is the daughter of Mrs. Harold Russell and the late Mr. Russell. The bridegroom is the son of Mrs. Jack H. McInnis of Jicksburg and the late Mr. McInnis.

The nuptial prelude was presented by Mrs. Mary Gault Nabors, organist, who accompanied Doug Holland, soloist, who sang "One Heart, One Hand" and "There is Love" preceding the ceremony. At the conclusion of the ceremony he sang "The Wedding Prayer." Mrs. Nabors played the traditional wedding marches.

Wally Duke and John Mark McKenzie, both of

Jackson, served as acolytes. The wedding was directed by Mrs. L.W. Peeler.

Vows were exchanged before an altar centered with an arched brass candleabra holding white tapers and festooned with garlands.

The Bride

The bride was given in marriage by her uncle, Darrell Russell of Oxford. She wore an original gown of white alecon lace designed with a Queen Anne neckline and lace fitted sleeves. Her mantilla of lace fell to her shoulders. She carried a portrait bouquet of sweetheart roses and stephanotis centered with a white orchid.

Miss Lynne Russell, attended her sister as maid of honor. Bridesmaids were Mrs. Kenneth Goodwin, Mrs. Jim Pounds and Miss Norma Kay Young of Jackson, Miss Ingrid Burnham of Brandon and

Mrs. Jackie Estes of Mooreville.

They wore floor-length gowns of burgundy. Their bouquets were of pink daisies surrounded with burgundy netting and tied with pink ribbon.

Serving as flower girl was Miss Tara McInnis, the daughter of Mr. and Mrs. John McInnis of Portland and niece of the bridegroom.

John McInnis of Portland, Ore., served his brother as bestman. Groomsmen were Robert Terry, Wally Duke, Stephen Kruger, and John Mark McKenzie of Jackson and Jimmy Jordan of Kosciusko.

Serving as ring bearer was Steven Russell, son of Mr. and Mrs. Darrell Russell of Oxford and cousin of the bride.

Mrs. Russell, mother of the bride, wore a pale lilac chiffon gown. Mrs. McInnis, mother of the groom, wore a formal gown of grey chiffon. Both mothers wore corsages

of white orchids.

Mrs. L.W. Cartwright of Ripley, grandmother of the bride, wore a navy blue dress. Mrs. A.S. Russell of Thaxton wore a gray dress. Both wore corsages of glamelias.

The Reception

Following the ceremony a reception was held on the patio in the home of the bride's mother in Wickwood.

Mrs. James Bethay greeted the guests as they entered the home.

Mrs. Sarrell Russell of Oxford and Mrs. Deanna Burress presided at the bride's table. Mrs. Ellen Miller and Mrs. Peggy Echols presided at the groom's table.

Christy Massie of Oxford presided at the champagne punch fountain. Mrs. Faye Clement and Mrs. Fern Wade served hors d'oeuvres.

Distributing rice bags

were Jennifer Johnson, Emily Cartwright and Melissa Harber. Tea girls were Amanda Aust, Stephanie West, Jane Russell, Laura Russell and Ginger Wade.

McCauley Speaks To Pilots

Prentiss County Sheriff John McCauley told members of the Pilot Club last week that the Golden Rule should be applied to every phase of traffic. He added that courtesy has a "chain reaction."

Sheriff McCauley was the guest speaker at the September program meeting of the Pilot Club, held at 7 p.m. Thursday, Sept. 17, at the Town Motel Restaurant.

Prior to the sheriff's presentation, Mrs. Cheryl Perry, Safety Area leader, showed a Pilot International film on Traffic Safety. The film, made possible by a grant from the All State Insurance Foundation, emphasized emergency driving tactics.

In concluding his remarks, Sheriff McCauley said, "People are obligated to act in such ways as to set examples for youth groups."

His talk was followed by a question and answer period.

The program was planned and executed by the Safety Area of the club. In addition to Mrs. Perry, other area members include Mrs. Jackie Barker, Mrs. Debbie Taylor, Mrs. Annie Lee Kemp, Mrs. Carla Biggs, Mrs. Hilda Campbell, Mrs. Nelwyn Murphy, Mrs. Quay Michael, Mrs. Nancy Cozort, Mrs. Anne Prichard and Mrs. Eudora Kemp.

Also at the Thursday night meeting, Miss Mitzi Johnson, a senior at Booneville

What to do about tax-free interest?

Buy a Bank of Mississippi All-Savers Certificate!

You've heard about the All-Savers Certificate—the one that lets you earn up to \$1,000 tax-free interest (\$2,000 on joint returns). And, you probably feel you should sign up when the All-Savers Certificate becomes available October 1.

There are good reasons why you should—

1. The interest is tax-free within the limits set.
2. You can convert a current 6-month Money Market certificate to an All-Savers Certificate without penalty.
3. You can now purchase tax-free investments which are insured by the Federal Deposit Insurance Corporation.
4. You can earn substantial interest on as small an investment as \$500 for one year.

Here's why you should see your Personal Banker today to discuss the All-Savers Certificate.

Look. Listen. Buy.

To make a wise decision, you need the facts. Here are the basics of the Bank of Mississippi All-Savers Certificate. That's a one-year certificate of deposit that pays a maximum of 70% of the current rate for one-year U.S. Treasury Bills. That it is available for a minimum deposit of \$500 or more, with interest payable when the certificate matures. And, on October 1 and 2, the rate will be 12.61% per annum. This is a fixed rate that will remain in effect for the term of the certificate.

While the certificates will be available from October 1, 1981 until December 31, 1982, the \$1,000/\$2,000 interest exemption is the "lifetime" amount that you can earn on All-Savers Certificates tax-free.

We think that the All-Savers Certificate could be just the right investment for you. Your Personal Banker will help you look into the matter very carefully to make sure.

Consider the facts we've outlined for you. If you are in the 30% taxable income bracket (approximately \$30,000 taxable income this year) or higher, the All-Savers Certificate should be right for you.

Too, let your Personal Banker work with you to insure that you invest just the right amount in these new certificates. Your tax-free earnings are limited to the \$1,000/\$2,000 exemption and any more is taxable as income while not necessarily earning you the maximum rate available from our bank.

And remember, for early withdrawal you forfeit the tax-free status, and there is the usual substantial penalty.

There are many positive reasons you should investigate this all-new, All-Savers Certificate. And, if you decide to buy right now, that's great. Or, if you decide it's not quite right for you, that's fine too.

Let your Personal Banker give you the many details you need to know to help you make this decision. And, your Personal Banker will explain how most of the money invested in All-Savers Certificates with Bank of Mississippi will be used in North Mississippi to help build homes and finance agriculture.

Making things right for you is what it's all about at Bank of Mississippi.

Here's a handy reference to show you the effective yield of the All-Savers Certificate for folks in various tax brackets. Your Personal Banker has this information in great detail.

Based on the 12.61% per annum rate which will be effective October 1 and 2, this chart will help you figure your effective yield.

On a joint tax return your taxable income* is approximately	Your marginal tax rate is approximately	Your Effective Yield would be
\$20,000	25%	16.81%
\$30,000	33%	18.82%
\$40,000	39%	20.67%
\$50,000	44%	22.52%

*Remember your taxable income is the amount you pay taxes on after all exemptions, deductions and tax credits have been subtracted.

Booneville Happenings

By JESSIE PRESLEY
Correspondent

Mr. and Mrs. Dewel Smith of Osborn Creek Rd were in Russellville, Ala., last Friday to attend the funeral of Edd Morgan. He is the uncle of Mrs. Smith. We extend our deepest sympathy to her.

Mr. and Mrs. Aaron Henderson are visiting their families Mr. and Mrs. Albert Edge, Ruby and Brenda Henderson—for a few days vacation.

Mrs. Gertrude Floyd is a patient in our local hospital. We wish her a speedy recovery and assurance of our prayers. Send cards to room No. 162.

Visiting with Mr. and Mrs. Herchel Thomason last Saturday were Mr. and Mrs. R. nie Thomason, Lora and Jamie of Olive Branch, Miss.

The East Booneville Baptist Church was in a revival meeting last week (Sept. 13-17). It was well attended and the spirit was great. The Rev. Jack Custer was the evangelist and Billy Kennedy was the revival musician. The Rev. Wayne A. Foropoulos is the pastor.

Mrs. R.C. Crabb spent last Wednesday night with Bro. and Mrs. Mike Johnson and Chip. While there she attended church with them at Antioch II.

We are glad to know Mrs. Abert Edge is out of the Baldwin hospital and feeling some better.

James Earl Scott is now home from the North Mississippi Medical Center in Tupelo after having back surgery last Tuesday. He is doing well. We wish him a complete recovery.

Visiting in the home of Mr. and Mrs. Cecil Franks Sunday afternoon were Mr. and Mrs. Lawton Bostic of Red Bay, Ala. Mrs. Bostic is the sister of Mrs. Franks. Mrs. Clarence Oswald was delighted to have her daughter's family, Mr. and Mrs. R.V. Allen, for a week's visit recently. They live in Kenosha, Wis.

On Sunday, Sept. 20, the descendants of the John Wright Bonds met at the community center for their reunion. Those present were: Mr. and Mrs. J.T. Bonds, Jerry and Linda, Mr. and Mrs. Frank Taylor and Kay, Mr. and Mrs. Joe Barnett, Mr. and Mrs. Louis Murphy and Richard, all of Memphis; Mr. and Mrs. Wayne Bonds, Gregory and Carey, of Forest City, Ark.; Mrs. Jennie V. Brewster, Mrs. Katie V. Ross and grandson, Mrs. Annie Dick, Mr. and Mrs. Noel Johnson, Mr. and Mrs. Earl Overton, Mr. and Mrs. Billy Hivley, Mr. and Mrs. Anthony Surratt and Sarah, Carol

and Paul Moore, Mr. and Mrs. Joe Bonds, Sheila and Jeff, Mr. and Mrs. John Bonds, Emmett Bonds, Mr. and Mrs. Elbert Null, John and Jana, Tommy and Brian Joy Bonds, Mr. and Mrs. J.R. Switcher, Mr. and Mrs. Robert Browner, Mr. and Mrs. George Lockett and family, Mr. and Mrs. Jim Wilkerson, Robin and Ben, Mr. and Mrs. Wesley Carter, Jason and Stacey, Mrs. Elizabeth Carter, Mrs. Estell Rinehart and Martha, Mrs. Kathrin Oxner, Edward, Sherron, Carrie and Beverly Benjamin, all of Corinth; Mr. and Mrs. Billy Browner, Mr. and Mrs. J.W. Morton, Marie Swinney and Darlene, Mr. and Mrs. Crampton Switcher, all of Rienzi;

Mrs. Marcella Glenn, Mr. and Mrs. Allen Presley, Mrs. Joe Taylor, Bobby Pharr, Mr. and Mrs. Tim Glenn, all of Marietta; Mr. and Mrs. Billy Bonds, Mr. and Mrs. R.C. Bonds, Mr. and Mrs. Paul Bonds, Randy and Jessica, Mr. and Mrs. Jimmy Bonds and Monica Mr. and Mrs. G.E. Morgan, Tammy and Tony, Mrs. Ann Bishop and John, Mr. and Mrs. Marty Bishop, Sally and Stacey, Mr. and Mrs. Tim Bishop and T.J., Mr. and Mrs. James Davis, Mr. and Mrs. Alvin Glenn, Chris and Craig, Mr. and Mrs. Gerald

Rowland, Eunice and Jerald Jr., Mr. and Mrs. Ronny Wenzel, Glenn, Anthony and Alison, all of Booneville.

Good food and fellowship was enjoyed by all. Plans were made for another reunion, same time, same place, in 1982.

Members of Calvary Baptist Church enjoyed a church-wide social Saturday night, from 5 til 8. They gathered on the new pavilion on the church yard to enjoy homemade ice-cream and cake. Before refreshments, there were games to be played—washer pitching (Melvin Robinson and Ruby Lee Moore were champions of this game), horseshoe pitching and volley ball. This was enjoyed by all ages.

Another activity is the weekly meeting of the youth of the church on Wednesday nights. This past Wednesday night, they met at the Davis attended the funeral of John F. Street Sunday afternoon in Tupelo.

Mr. and Mrs. Dayton Wann of Auburn, Ind., have been visiting the Herchel Thomasons. These two couples met when they were each Grand Representatives to the other one's state of the Eastern Star.

Friends of Mrs. Mary Parker might like to know that she has been seriously

ill for several months now. But at this time she is feeling some better. Her address is Mrs. Mary Parker, Route 1, Box 1184, Pascagoula, Ms. 39567.

Mary is a former Prentiss Mountain and the mother of Mrs. Dorothy Mayo of Pascagoula. They receive the Banner-Independent each week. We send Mary our love and assurance of our prayers.

Crestwood Baptist Church has just had a good revival at their church. Bro. Jerry Mitchel is the pastor.

Recent visitors of Mr. and Mrs. Pete Downs were Ms. Bobby Fleming and Earl Richier fo Romeoville, Ill.

Thought for the week:
Speak Gently
Speak gently: It is better for
To rule by love than fear;
Speak gently: Let no harsh words mar
The good we might do here.

Speak gently to the little child
Its love be sure to gain,
Teach it in accents soft and mild
It may not long remain.
Speak gently to the aged one,
Grieve not the careworn heart;
The sands of life are

INSIGHT INTO EYESIGHT

from the office of:
JOHN R. WHITE, O. D.
GLAUCOMA WITH 20/20 VISION?

Glaucoma is a leading cause of blindness in the U.S. Most often it strikes people after the age of 35 or 40 and with the aging of the population the prevalence of the disease is going up rapidly. It is estimated that between 1 and 2 million Americans have some degree of glaucoma. This disorder accounts for approximately 11 percent of all blindness in the U.S. Glaucoma is often called the "sneak thief of sight" because in its early stages there are few noticeable symptoms. Many people have early glaucoma without knowing it. By the time they seek professional help irreversible damage to the eye may have already occurred. So deceptive are the early

symptoms that a person with glaucoma may be able to "pass" an eye chart screening with 20/20 vision. An oversimplified explanation of glaucoma is an increased pressure of the fluid within the eyeball. If the pressure is not reduced it destroys delicate structures within the eye. A complete eye examination by your optometrist will include a test of the fluid pressure. If the disease is detected early the glaucoma can be controlled and blindness prevented. For answers to your specific questions regarding vision, Dr. White invites you to call his Booneville office 728-3446

Yea! You read it right! It's me again. You should have come out and exercised your vote if you didn't want to put up with me for another whole year!

We were saddened to hear of "Lame Duck" and "Granny's" daughter's home burning on Thursday morning last week. They are Jimmy, Susan, and Michael Moore. Anyone wishing to give anything to them may contact "White Girl" or "Lame Duck" or "Granny."

Members of the club presented them with gifts Tuesday night. They all said, "Thank you and God Bless each of you for your gifts."

Did you all see that picture that was circulating around? The "Buffalo's" have always been known to prefer dancing to eating but in the broom closet? Hm! Guess that's why "Lady Buffalo" is sporting a beautiful new diamond ring which was a birthday present.

"Brass Monkey" and "Buffalo I" were sworn into the club as new officers Tuesday night. We had a good year last year, but let's get behind our officers 100 percent and make this one even greater.

It sure was good to see "Lady Sidekick," and "Mad Horner" back with us again. "Granny" was also back with us. We were proud to hear "Lame Duck" is slowly improving after a stay in Big M recently.

The Northeast Mississippi C.B. Club is now taking orders for cords of wood to be cut and sold. For more information contact "White Girl," at 728-6095.

We have a new application to be considering this month: "Double G" and "Lady G." These folks have been an awful lot of help to our club in times past and we would be honored if they could join our group.

Our sympathy goes out to "Thrasher Star" in the death of her cousin, Mary Switcher in Corinth.

Also sympathy goes to the "Biscuit Maker," whose brother, Allen Downs, who

resided in Philadelphia, Pa., died. He was also "Twitty Bird's" uncle. Several members of the family attended the funeral.

September seems to be a busy month. Happy birthday to "Blue Surf," on the 21st. "Butterbean Lady," on the 22nd, "Ole Blue" on the 24th, "Fury III," on the 25th, and "Muskrat" on the 26th. Hope each of you have a nice day

and enjoy many more. I haven't gotten back into the swing of things yet, but if you'll let me know what's going on, we'll sure get it in the write up.

Our Oct. 3 social will again feature a band, so everyone keep this in mind and come and have a good time. It will be pot luck, so bring a little extra for our guests. You'll come.

Until next week: keep well, and attend the church of your choice.

JASON LIVINGSTON

Jason Wayne Livingston, son of Jerry and Betty Livingston, celebrated his first birthday Sept. 11.

His grandparents are Mr. and Mrs. Y.L. Livingston of Booneville and Mr. and Mrs. Junior White of Rienzi. Great-grandparents are Mr. and Mrs. Frank Bridges and Mrs. Lois White and the late J.F. White.

Jason had a birthday party at his home. Cake, ice cream, and punch were shared with friends and relatives.

JEREMY RAY BARNES

Jeremy Ray Barnes, son of Rena Barnes of Booneville, celebrated his second birthday Sept. 12.

Jeremy is the grandson of Mr. and Mrs. Alvin Nunley of Booneville.

JENNIFER SMITH

Jennifer Dawn Smith, daughter of Marty and Freda Smith, will celebrate her second birthday today, Sept. 24.

Her grandparents are Harold and Eva Vaughn and Elbert and Mary Sue Smith. Great-grandparents are Mr. and Mrs. Y.L. Livingston and Mrs. Lola Wilson, all of Booneville and Mrs. Alphia Maulden of Red Bay, Ala.

Hyperactivity

An experimental program of drugging overactive children with dangerous sedatives has been carried out in some of our nation's schools. Many of these nervous, hyperactive children suffer this condition as the result of "hidden" spinal injuries that cause interference within the nervous system, producing tension and excessive excitability. Consult your Doctor of Chiropractic. Your child may be helped without the use of dangerous drugs, some of which may even be addictive.

Mr. and Mrs. Doug Johnson were at the Shiloh Baptist Church Saturday night for the Paula Wilbanks-Darl Parvin wedding. Mrs. Edith Madison returned home Wednesday from a week's stay in the Magnolia Hospital in Corinth.

Bro. and Mrs. Neal Moore of Booneville were visitors at the Rienzi Baptist Church for the evening service Sunday night. Following the service the membership honored Bro. and Mrs. Wiley Gann, Andy and Mitzi Gann with a fellowship hour. This was the fourth anniversary of the Gann's pastorate of the church.

A beautifully decorated cake was served along with sandwiches, chips and dip, coffee and soft drinks.

Mr. and Mrs. Truman Smith were in Florence, Ala., Saturday and Sunday to visit with Mrs. Sherra Weeks, Cindy and Craig Weeks.

Miss Dona Moore was the honoree Sunday afternoon where her parents, Mr. and Mrs. Jerry Moore, entertained grandparents, Uncles, Aunts and cousins on the occasion of Dona's birthday.

Miss Carol Moore and Miss Tracey Hardin of Corinth spent the weekend with Mr. and Mrs. Milton Bishop and the Rev. and Mrs. James H. Moore.

In Corinth Friday night for the Tammie Sanders-Keith Frazier wedding from this area were Mr. and Mrs. Clarence Essary, Mrs. Grady Kuykendall and Mike Kuykendall of Rienzi, Route 3; Miss Trecia Vandiver of Corinth, guest of Mike Kuykendall; Mr. and Mrs. Vance Bragg, Mrs. Roy Brown and Karen and Sharon Brown, Mr. and Mrs. Jerry Hamlin, Robby and Ryan Hamlin of Biggersville and Viola Presley of Rienzi.

Mrs. Noble Williams is expected to return home today (Friday the 18th) from the Medical Clinic in Tupelo. Mrs. Williams had surgery

for the removal of her tonsils. Many good wishes go her way.

Mrs. Mattie Doty has been doing her share of spreading sunshine this week as she has visited with several friends, including Mrs. Doug Dees, as she observed her 101st birthday; Mrs. Mae Rinehart, who is confined to her home much of the time, Mrs. Willie Powell, who was just returning from a stay in the hospital; and with Viola Presley. Along with her lovely visits of comfort and cheer, Mrs. Doty also presented personal gifts and some of her very delicious home-baked apple pies.

Linda and Kenny Monroe are moving into a lovely new mobile home next door to Mr. and Mrs. Milton Bishop.

The Baptist Women's Circle of the Rienzi Baptist Church held its September meeting with Mrs. Polly Morgan Monday night. The meeting was directed by Mrs. Jolene Perry with Mrs. Elizabeth Johnsey in charge of the State missions week of Prayer. Others present were

Mrs. Carolyn Bishop, Mrs. Mildred Perry, Mrs. Katie Gann, Mrs. Bruce Furtick, Mrs. Sandra Williams, Miss Viola Presley, Mrs. Mabel Smith, Mrs. Lois Reed and Mrs. Lina Cude.

The hostess served slices of a beautiful pound cake, baked by her granddaughter, Susan Morgan. A selection of sandwiches, chips, dip and coca cola completed the refreshment plate.

Congratulations go to Mr. and Mrs. Joe Caldwell of Kossuth on the addition of a little new daughter, Natalie Faye, born on Sept. 10 at the Northeast Mississippi Medical Center in Tupelo. Mrs. Caldwell is the former Miss Donna Putt of Corinth and has many friends in this area who share in their happiness.

Guests this week of Viola Presley have been Mr. and Mrs. Donnie Frazier, Rhonda, Kendale and Gregory Frazier of Corinth; Mrs. Carolyn Bishop and Mrs. Gaye Brown, and Mrs. Faye Eldridge.

Entered in the Prentiss County Livestock and Dairy Shows were Delbert Morgan, Melissa Taylor, Royce Taylor, Keith Cox, Eric Miles, Mark Johnson, Eric Morrow, Dalton Guy Garner, Jerry Kendrick, Brent Mauney, and David Johnson.

We would like to offer them congratulations for their hard work in preparation for the county Livestock and Dairy Shows and the different fairs which they have entered.

All 4-H'ers can have livestock projects. One project that 4-H'ers can have and not live on a farm is a pet.

Selecting A 4-H Pet

What is a pet? Strictly speaking, a pet is any living thing that takes up residence in your home and depends on you for its survival.

Almost any kind of creature can be considered a pet. Just as you are free to choose your friends, you are equally free to choose a pet.

Dogs and cats are the most popular pets. If you do not have room for a large pet, don't feel left out. Hamsters, mice, fish, gerbils, Guinea pigs, frogs, turtles and chameleons are very popular and inexpensive pets.

The list can go on, but remember wild animals should not be captured and kept as pets. They are difficult to tame and seldom become tame enough for a suitable pet.

Before you start looking for a pet, consider what kind is best for you and your family. Select a pet that can adapt to the size of your home and the people in it. Find out what kinds of pets are popular among your

friends.

It is easier to train a young pet than an old one.

If you live in an apartment, small pets are most suitable. Also, you should consider the cost and time required to keep a pet.

You can buy pets from breeders, dealers, pet shops or private owners. To be sure that your pet is healthy, have it examined by your local veterinarian.

Have the veterinarian tell

you what vaccinations your pet will need and when the vaccinations should be given.

You are completely responsible for your pet. If your pet misbehaves or causes damage, you may blame the pet, but everyone else will blame you.

Because you are completely responsible for your pet, it is important to train him to be well behaved.

BRENT MAUNEY, son of Mr. and Mrs. Eddie Mauney of Jumpertown won Junior Showmanship and Champion and Reserve Champion in the Junior Market Hog Class at the Prentiss County 4-H Livestock and Dairy Show Sept. 12. Also shown is Gale Chrestman, judge for the livestock show.

Soil Conversation News

By DAVID SUMMERS
Soil Conservationist
Soil Conservation
Service, USDA

Prentiss County cattlemen can extend and improve their grazing season by overseeding grazed down sods of bahiagrass, common bermudagrass or coastal bermudagrass with ryegrass and clovers. If your sod has not been grazed down, you can still overseed ryegrass and clover if you remove the excess forage in a haycutting.

Ryegrass and clover can be seeded on the surface, but germination will be slow and probably not give any grazing before February. One of the best methods is to use a springtime pasture renovator on the contour or a disk on the contour to steak the sod.

Needed fertilizer and lime should be applied at this time. Follow a soil test recommendation or apply at least 60 pounds of phosphate per acre and 60 pounds of potash per acre plus Boron.

Most soils will also need one ton of lime per acre.

After disturbing the soil with a disk or pasture renovator, sow 40 to 50 pounds of ryegrass seed per acre, two pounds of white clover seed per acre and eight pounds of red clover seed per acre. Be sure to inoculate the clover seed with the proper inoculant.

After sowing the seed, harrow at a 45 degree angle to the disk grooves and then cultipack. Do not overseed before late September or

early October since there will be too much competition from the summer sod prior to this date.

If you are short on grass or hay, or want to improve your forage program consider overseeding part of your pasture to ryegrass and clovers. Your cattle will perform better and your soils will last longer.

For more information on overseeding ryegrass and clover, contact the Soil Conservation Service in Booneville or call 728-3544.

Winter Cover Crops

Quite a few different crops can be used as winter cover crops. Grasses, small grains, clover and vetches are planted throughout the state. One advantage of winter cover is to reduce soil erosion, another is to supply organic matter and the third, with legumes is to provide nitrogen.

Growth is important with all cover crops. The more growth that plants make the more protection there is provided, the more organic matter produced and with legumes the more nitrogen there is produced. Where soil protection is a primary purpose early growth is important. The faster the ground is covered the more

protection there will be from soil erosion.

Generally grasses and small grains will provide earlier coverage and more tonnage than clovers or vetches, but clovers and vetches provide nitrogen. Most clovers and vetches of this area will reseed themselves if allowed to produce a seed crop.

The date of planting of the crop to follow winter cover must also be taken into consideration. Less total growth would be produced by corn planting time (March-April) than by sorghum (April-May) or soybean (May-June) planting time.

In order for cover crops to give adequate soil protection during the winter months, planting of grasses and small grains must be made in October and November. Clovers and vetches should

be planted after mid-September through October, otherwise, little growth will be made before the weather is sufficiently cold to limit growth.

Seeding rates of grasses and small grains will depend on whether the crop is to be grazed or not. Cover crops to be grazed require a much higher seeding rate than if there will be no grazing.

Small grains for grain or cover only can be seeded at 60 to 120 pounds per acre, depending on the method of planting. If they are to be grazed they should be seeded at the rate of 120 pounds per acre.

Planting with a grain drill on a prepared bed will require only 60 pounds of seed, whereas, broadcasting and disking in will require 90 pounds of seed per acre. Flying on soybeans before leaf drop requires 120

pounds of seed per acre.

Legume seeding rates also vary depending on the kind planted. The vetches require 20 to 30 pounds per acre. The larger seeded clovers, such as crimson, 20 to 25 pounds per acre and the small seeded clovers such as white 2 to 3 pounds per acre.

Winter cover crops may be followed by no-till planting and no tillage during the growing season or minimum tillage during the growing season. In such instances the crop is killed with a chemical such as Paraquat at or before planting. The other alternative is the conventional turning under the cover crop. The rotting green material could damage the seed. Insect pests may also be a problem when planting too early behind a cover crop.

ASCS Notes

County Executive Director

Certification Results Noted

Final certification results in Prentiss County as of Sept. 21 showed that 3,108.5 cotton acres and 4,273.2 wheat acres were planted for harvest in 1981.

Prentiss County farmers had also certified 2,341 acres of corn and 2,367.5 acres of grain sorghum by the deadline. The certification deadline for wheat was April 15, and for other crops the

final certification date was July 15.

Prentiss County this year showed increased planting over last year for cotton and wheat. Planting of corn and grain sorghum were down from last year.

Those farmers who are in compliance with 1981 program provisions will be eligible for disaster and/or deficiency payments if conditions develop which result in such payments being made. Price support loans are also available to eligible producers.

Persons desiring detailed

information on programs applicable to the above crops should contact the local ASCS office.

Farmers Urged To Check Grain For Insects

Farmers who have grain crops stored on the farm are urged to check the grain carefully and regularly for insect damage. Wheat is especially vulnerable to weevil damage.

Reports from farmers indicate that weevils are being found in stored wheat

in many areas.

Farm-stored wheat or other crops which have been pledged for loan should be checked regularly. Loan provisions require that producers who pledge a commodity for loan are responsible for maintaining the condition of the commodity.

Producers who need information on how to check stored commodities for insect infestation or how to treat the grain for insects should contact the local ASCS director or the county agent.

Ripley Rolls On: Blue Devils Fall 46-20

By LEE GENTRY
Sports Editor

A man who wears a familiar number 10 Ripley quarterback Skip Benson led a powerful Tiger charge here last Friday night to aid the State Ranked Ripley Tigers to a 46-20 romp over Booneville's Blue Devils in a Class A rival skirmish.

Benson, who according to several football observers, is one of the top signal callers in the state directed one drive after another for Ripley and chipped in for the cause with three touchdown passes and many on picture perfect passes.

The powerful Tigers, picked as one of the top teams in the Class A division, wasted little time in putting first points on the board.

Tailback Rickey Johnson drew first blood for Ripley when he took a Benson handoff and raced seven yards for the first score of the night.

Booneville's Greg Oakley put the Devils even for just a little while when he raced some 60 yards on a punt return.

This was the last time the Devils saw daylight.

Ripley came roaring back just minutes later when quarterback Skip Benson got his act into gear and hit chip Ashford with a seven yard spiral to put the Tigers ahead for good.

Ken McDonald then added more Tiger points when he scored from a yard out and then before the first half ended Benson fired another pass this time to Darryl Rogers to up the margin at the half.

Ripley took over where they left off in the third period when Benson found Lonnie Smith all alone for another six pointer and McDonald scored his second tally to put the game away.

Booneville hit paydirt two more times to make the game respectable. One came on a 15 yard pass from Oakley to surehanded Larry Mackin and another came when freshman Ben Leach scored on a three yard run.

One of the key points to any ballgame is injuries.

The Devils suffered two vital key injuries Friday night in quarterback Mark McCreary with an ankle injury and tackle Jody Presley who suffered bruised ribs.

Presley left the game on a stretcher and was taken to the Ripley hospital where he was later released and came back with the team.

The Devils have yet another key test this Friday night at Baldwyn's Latimer Park when they host Houston's Hilltoppers in yet another Class A battle.

Houston has been picked as one of the most improved teams in the area from a year ago and indeed will give the men with the horns a battle.

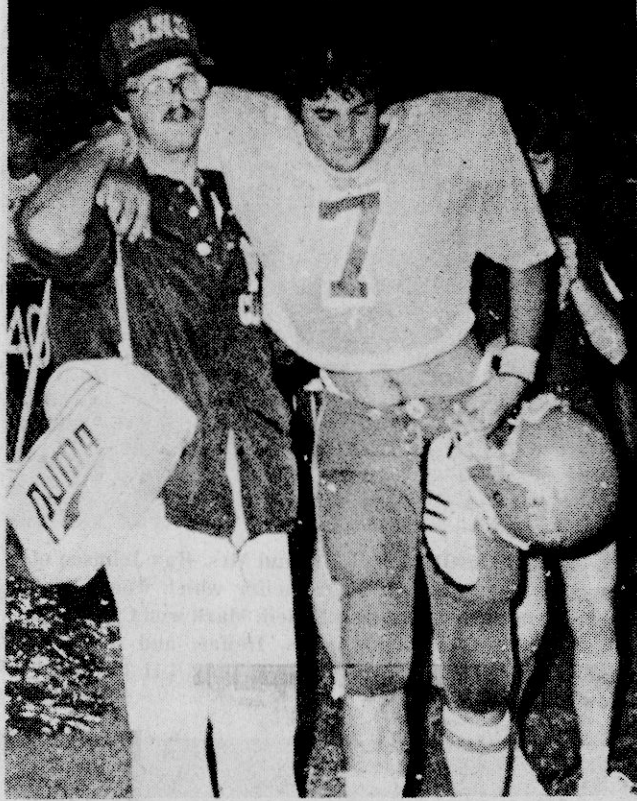

Following the Ripley game Friday night Booneville head coach Doc Gullett was still pleased with his team and had this to say about his young ballclub.

"We're going to get better with every game. This is a good ballclub and you can't have a team like this down long."

Booneville faces one of the top schedules and is now faced with four top opponents in the next month. This week is Houston at Baldwyn followed by Saltillo and Kossuth or on the road and then New Albany at home.

HARRINGTON SCRAMBLE—Booneville quarterback Jeff Harrington (12) sweeps around the Ripley defense here on a scramble during last Friday night's slugfest. Ripley took a 46-20 victory. (Photos by Cliff Long.)

State Game To Be Televised

The NCAA in conjunction with the ABC television network announced this week that the Mississippi State-Florida Game will be televised this Saturday during one of the regional telecast.

The kickoff for the Jackson clash has been move up to 11:20 a.m.

The Bulldogs are now 2-0 on the 81 campaign while Florida is 2-1.

Also announced the Jackson State- Mississippi Valley State game will be televised also beginning at 4 p.m. placing three state teams on television.

SCAMPER—Booneville's Greg Oakley has a host of blockers here on this sweep. Trimming the way are, Ben Leach (44) Gary Garner (52) and Rickey Leach (32).

SALUTES—A hearty salute from the Northeast Band is shown here during last week's first home outing at Northeast Tiger Stadium. The band, along with the 1981 Tigers will open in the newly renovated Tiger Stadium next Saturday, Oct. 3rd.

NE Tigers Fall To Bobcats In Saturday Shootout

ELLISVILLE, MS—Jones Bobcats, behind the quarterbacking of Simmy Cooley waltzed to a 47-21 victory over Northeast Mississippi Junior College Tigers here Saturday night in JUCO road action.

The Tigers could do little against the powerful Bobcats who bare last years defending champions and beat the Tigers in last year's opening rounds of the State Playoff.

Jones completely dominated the game and jumped out to a 33-7 halftime lead and never looked back from there.

Jones dominated the stat sheet piling up some 554 total yards compared to 299 yards for the Tigers.

One Tiger did have an outstanding night however. Tailback Willie Spears who, on only eight carries piled up 125 yards rushing.

55 of those came on a

touchdown run.

One thing for certain, the game wasn't short of heroics. Flashy plays occurred throughout the contest including a 90 yard pass interception by Northeast's Robert Caldwell and for Jones a 100 yard kickoff return by Eljia Bell.

Northeast's only score in the first half came on Caldwell's run while in the second half Northeast

added two more six pointers.

One of those came when quarterback Buddy Hall cranked up his passing arm and fired a 47 yard bomb to tightend Monty Hamilton. Kenny Mathis added one of his three extra points.

The final Northeast tally came when Spears scored his 55 yard sprint.

The Tigers will face yet another tough junior college opponent tonight (Thursday) when they travel to Goodman Mississippi to face Holmes Junior College.

Holmes has the senior circuit of all the state

The Bulldogs are one of the favorites this season in the pre-season picks and will indeed be a tough task for the pawmen.

Northeast Tiger head coach Bill Ward said before tonight's game that Holmes would be a tough act to follow after last week's lost to Jones.

Working Wonders

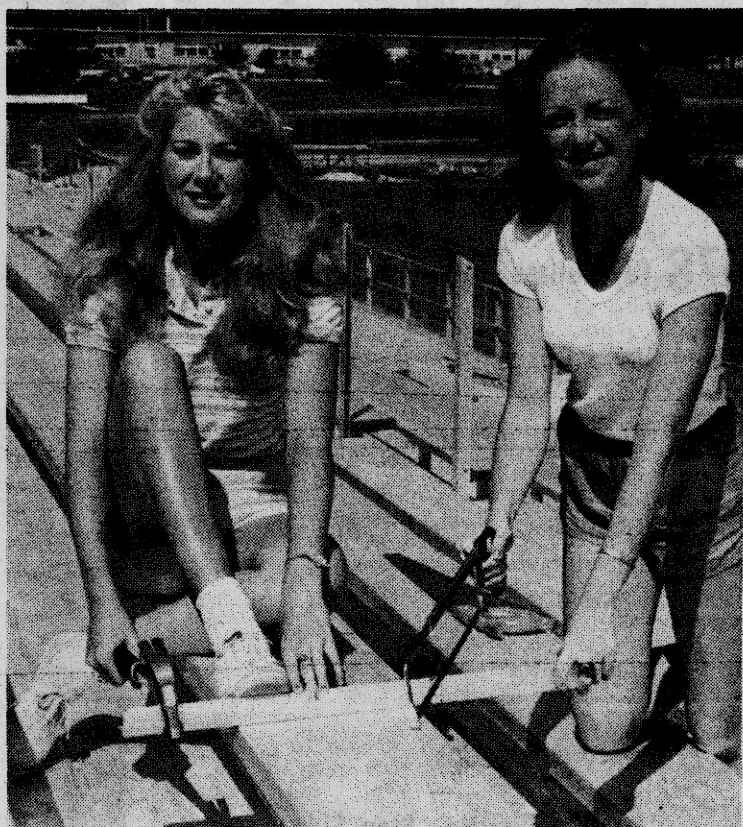

CUTE CARPENTERS—These Northeast Tiger dancers shown clockwise from center, Debbie Newton, Corinth; Connie McCombs, Tupelo; Rhonda Avent, Corinth; and Lisa Williams, Booneville, are so anxious to get in the stadium that they put their carpenter skills to work and chipped in with the S&J Building crew to help. The completion date is Oct. 3.

OUCH—Even the best at their profession make a few mistakes. Debbie, at right, while driving a nail, hits Rhonda's fingers and brings on the pain.

EYES HAVE IT—Measuring up is one of the most important functions here. "Is this a two by four?" Well nobody's perfect...

DRESSING IT UP—Connie, left, and Lisa add their own special touch here where they dress up the occasions. "Maybe if we add some drapes here and there?".....

Saylors Paces Local Prog Chart

Manfred Saylors paced the predicting chart this week with near perfection of the 12 game slate.

Saylors had 11 of the 12 picked correctly for 92 percent average.

Leighton Miller was next in line with 10-12 for an 83 percent average while down the line in almost stair-steps came Doug Jumper with nine of 12, Dan Arthur with 8-12 and Dan Childers with 7-12 to round out the panel.

Jumper still leads the overall chart with an 80

percent accuracy picking 29-36 followed closely behind by Leighton Miller and former champion Manfred Saylors both with 27-36 for a 75 percent average and then comes Dan Arthur with 25-36 for 69 percent and Dan Childers with 17-24 for a 70 percent mark.

The local troop will continue through the regular season and the winner will receive an engraved plaque for their efforts. (Sorry we're not allowed to give new cars.)

Fishing Day Set

"A Day for Years to Come" - the 10th anniversary of National Hunting and Fishing Day - will be marked by sportsmen across the country on Saturday, September 26, 1981.

Since its origin a decade ago, National Hunting and Fishing Day has earned the support of three presidents as well as governors and public officials in all 50 states. Scores of conservation organization

thousands of sportsmen's clubs nationwide have taken part in the day's activities. Mississippi will celebrate with all day festivities scheduled at the Mississippi Department of Wildlife Conservation Hunter Education Training Field, according to a spokesman from the Miss. Department of Wildlife Conservation.

"Activities for public participation will include muzzleloading rifle and

shotgun shooting, archery demonstration and shooting, youth participation in casting and angling and skeet shooting," said Buddy Kerr, acting Hunter Education Administrator of the Hunter Education Department. "Bows and arrows are available for public use, and all guns and weapons will be furnished. You may also bring your own bow and arrows if you wish."

Expert instructors will be on hand to work with participants in the area of their interest. No fees will be charged for any activity. The Mississippi Army National Guard will provide a helicopter and a medivac unit for checking blood pressure at the event.

"Activities will get underway at 9:00 A.M.," said Kerr, "and will continue as long as there are interested participants. Everyone is invited to attend."

Local Action This Week

Action resumes this week on the high school football circuit with a host of games in and around the area.

Football programs are now in their fourth week of action in preparation for the newly added State Tournament that will get underway in mid-November.

Players will compete in District action with winners advancing in their respected classifications.

In action involving our local high school teams, Booneville will battle Class A opponent Houston Friday night at 7:30 while Baldwin will travel to Ripley to face the Tigers, also in a 7:30 kickoff.

STATE-OLE MISS
JOKES OF THE WEEK

Football talk is really buzzing around the area right now in the high school with the addition this year of the state playoff system.

This is why a few rinkles are being put into affect concerning ties, etc.

I don't know about everyone else but I used to be partially confused when this thing started...now I'm totally confused.

There's several things I'm just completely in the dark about concerning the playoff system if there is a tie.

SPEAKING OF TIES

Two weeks ago Booneville and Baldwyn battled to a standoff at the end of regulation and they had agreed to play the tie off which I agree with.

But I just wasn't familiar with the kind of system they used and I was about as confused as one could be.

Here's how it went or at least they way I think it went. First of all the teams flipped to see which team would get the ball first. The team that won the toss would receive the ball on the opponents 10 yard line with four chances to score.

If the team scores the other gets their chance form the 10 also and so on.

The way it happened in the Booneville game was the Devils blew their chance to score and Baldwyn took advantage with a touchdwon pass to win the game.

Is this a good rule? Well to each his or her own.

It's probably as fair as anything else but I just can't see giving the team the ball on the 10 yard line to me this just isn't the way the game is suppose to be played.

Say for instance you have a weak team and a strong team playing or a good defense against a bad defense. Well the superior team would tend to have the advantage here or at least somewhat...

I just like the sudden death better but here it's not really fair because the coin toss would give the advantage to the winner. But who wants it to end in a tie...

An Ole Miss student was jumping up and down on a manhole cover, chanting: "87, 87, 87."

A State student came by and demanded to know what it was all about. The Rebel told him to try it himself. As the State student jumped up and down, the Rebel released a lever. The manhole cover gave way and the student disappeared.

The Ole Miss student then secured the cover again, and began to jump up and down on it, chanting, "88, 88, 88."

The Bulldog in the pizza parlor, when asked by the waiter if he wanted his pie cut in six or eight pieces, replied, "Six. Don't believe I can eat eight."

During football practice one day, Coach Sloan told a daydreaming tackle to go to the end of the line. After trotting to the end and then coming back to where he was, the player found the coach quite upset. "I thought I told you to go to the end of the line!" he roared.

"I did, Coach, but there's already somebody back there."

At a press conference Sloan was being asked why a key quarterback left the squad.

"He'll be a tough one to replace," prodded one newsmen. "Coach, what happened?"

"Well," said the Coach. "It was his professors, not me, who sent him home. He could do absolutely everything with a football- except autograph it."

Grid Action

Ripley, Saltillo Still Unbeaten

Several area high school teams remain unbeaten after last week's action on the gridiron.

Ripley's Tigers, along with Saltillo's Tigers appear to have two of the stronger teams in the North and both won in their 1 ague battle last Friday night.

OKOLONA 19
PONTOTOC 8

Gary Carruthers and Lamar Alridge accounted for the Okolona scoring while Bernard Eaves scored for Pontotoc. Both teams are 1-2 on the season.

RIPLEY 46
BOONEVILLE 20

HAMILTON 28
BALDWIN 6

Quarterback Skip Benson passed for three Ripley touchdowns to pace the Tiger victory while teammate Ken McDonald ran for two more.

Booneville's Greg Oakley, Larry Mackin and Ben Leach accounted for the Booneville tallies.

SALTILLO 32
NETTLETON 6

Tiger back Allen McKinney got loose for four touchdowns to ace the Saltillo victory. Saltillo led 19-0 at the intermission.

John Pierce scored the lone Nettleton six pointer on a touchdown pass from Gary Burt.

NEW ALBANY 37
KOSSUTH 21

The Bulldogs took the lead early in the first quarter and never looked back from there.

Bulldog star Terry Hatch had a good night for New Albany. He threw for a score and ran for another and chipped in the cause with a 26 yard field goal.

Barry Drewry threw for a touchdown and a two point conversion and chipped in with an extra point for the

introduces the answer to cleaner, safer water throughout your home!

REMOVES CHEMICALS & ORGANICS (Chlorine, Pesticides, Detergents, Bad Taste, etc.)

REMOVES UNDISSOLVED PARTICLES (Rust, sediment, discoloration, etc.)

INHIBITS BACTERIA GROWTH

Your most positive step towards clean drinking water throughout your home. PLUS these added benefits:

Water-related appliances last longer — clean fresh tasting ice cubes — fluffier clothes from your washer — eliminates bath tub and lavatory rust ring — plants, gardens and lawns grow better — aquariums are healthier — less coffee and juice concentrates required and they taste better — reduce spots on dishes and glasses — NO MORE DINGY WATER ANYWHERE IN YOUR HOME!

VERSATILE AND EASY TO OPERATE

Once installed, your NSA System is always on the job and virtually carefree to use. In addition to its "NORMAL OPERATION" mode however, your NSA System also allows you to:

Bypass — should you need unfiltered water for a noncritical use (washing car, hosing down driveway or house, filling pools, etc.).

Backwash — Periodically your system may need to be "back-washed," by running water through the unit in reverse. This cleans your system, increases efficiency and prolongs use.

ELIMINATE THE WORRY OF "WHAT'S IN OUR WATER... BESIDES WATER?"

Home Economist's Notes

By CLAIRE T. ROSS
Extension Home Economist

Squash today knows no season. Modern marketing brings it to us fresh, canned or frozen the year around. With this new availability, its popular classification as "summer" or "winter" is no longer accurate. Today squash is better classified by hardness of shell and maturity.

Colorful, exotic, decorative- plentiful, nutritious, economical- squash has come a long way in its 5000 year history as a food. It comes in many colors and in all sizes, shapes, and textures. Besides distinctive taste, squash supplies vitamins A and C and minerals. In addition, you get iron, thiamine, riboflavin and niacin. It's low in calories- 1/2 cup baked or steamed only has 47 calories.

How much fresh squash should you buy? One pound of soft shell will yield 2 to 3 servings. Except one cup of hard shell mashed squash or pumpkin from one pound of fresh.

Acorn (Table Queen) is the small, dark green, acorn-shaped squash with deep ridges. High quality acorn has no yellow on the shell and is dark green, almost black. The flesh is somewhat fibrous and quite delicious, cut in half and baked plain or stuffed. Butternut is bell or gourd shaped with smooth, thin, light beige to orange skin that is easy to peel. The flesh is range, fine-textured and sweet flavor and cooks more quickly than other hard shelled squash. It's excellent for pies and as a vegetable.

Buttercup squash is turban shaped with a distinctive topknot. The skin is fairly smooth, dark green in color. It has a nutty-type flavor and a smooth textured flesh--an excellent all purpose squash.

New Pipes (Continued from Page 1)

ditional work on the organ. According to Nealon, the organ pipes are made of three different materials and range from pencil-size to the huge exposed pipes in the sanctuary.

The large exposed pipes are made of zinc, he said. The smaller metal pipes in the organ chamber are made of various combinations of tin and lead, depending on size. There are also a number of pipes in the chamber made of wood.

The process of making the tin and lead combination for the smaller metal pipes has remained essentially the same for three centuries, Nealon said.

The organ is powered by an electric blower located in the church's basement. As the controls on the organ's keyboard are operated, electric relays allow air

The big hubbard is the best-known, large-sized squash (10 to 20 lbs.) with a skin that is thick and warty. Skin is dark green, orange or bluish-green, depending on the variety. The flesh is golden yellow. An all-purpose squash, Hubbard is usually sold by the piece and or weight rather than the whole squash.

Library Notes

By LEE DAVIS
Librarian

George E. Allen Library
A number of people find historical novels interesting, and the work of Jean Plaidy written to their liking. Two new additions to the Allen Library collection fit this category.

"The Plantagenet Prelude" is a sequel to "The Revolt of the Eagles," and it deals with the lives of Henry II of Britain, his queen, Eleanor of Aquitaine, and martyr, Thomas a Becket.

"Lion in Winter," recently rerun on television has

sharpened the interest in this period of English history between 1100 and 1200 A.D.

Plaids's "The Prince of Darkness" has its setting in the next period, the reign of John and the signing of the Magna Carta.

Joseph Blotner has edited a volume of William Faulkner's works and entitled it "Uncollected Stories of William Faulkner."

Just received in Hal Lindsey's "The 1980's: Countdown to Armageddon." A 1980 imprint, it will appeal to those who found Lindsey's "The Late Great

Planet Earth" interesting. It argues that current events fit the pattern of Biblical prophecy concerning the end of the world.

"In My Father's House," written by Min S. Yee, tells the story of the Layton family and the Rev. Jim Jones and the People's Temple.

Safety measures against radiation are discussed by Charles Panati in "The Silent Intruder: Surviving the Radiation Age."

"Teaching Montessori's in the Home," by Elizabeth Hainstock, provides exercises and activities designed to increase a youngster's abilities in mathematics and language.

All of these deal with problems old and new.

A new book that women may consider an aid to lightening our life style is Bob Mackie's "Dressing for Glamour." Illustrations of how the glamour queens apply these principles will widen its appeal.

Marietta Library is always getting new books. Some of the ones just received are:

"New Directions in Crochet," "Beginner's Running Guide," "The Digest Book of Horse Care," "Cameras," "The Grandeur of Monks" by Ruth McCarthy Sears, "Ellie's Inheritance" by Hila Colman, "Inspector's Holiday" by Richard Lockridge, "Night Walking" by Kathleen Snow, and "The Sands of Kalahari" by William Mulvehill.

Mr. and Mrs. Dock Brumley were visitors of Mr. and Mrs. Wid Scarbrough in Houston, Miss., last weekend.

Mr. and Mrs. Gettis Moore, Mrs. Ivie Moore and Pam Moore were supper guests of Mr. and Mrs. John Wilson recently.

Mrs. Fay Keenum, Mrs. Gladys Moore and Mrs. Edith Moore shopped in Corinth Tuesday.

Bob Grisham of Houston, Texas, visited with Mr. and Mrs. G.A. English, Mrs.

Ruth Grisham, Mr. and Mrs. Jeffrey Grisham and baby and other relatives Saturday. Mrs. Grisham returned home with Bob after a visit of several days with relatives here.

Mr. and Mrs. Jim Hardy of California visited her mother, Mrs. Ivie Moore, Mr. and Mrs. Gettis Moore and other relatives recently.

Mrs. Woodrow English and Mrs. Bilbo Moore were supper guests of Mr. and Mrs. Gerniss Davis last Saturday night and attended a singing at Mr. and Mrs. David Livingston.

Mrs. Gladys Wingo attended funeral services at Concord Friday for Mark Green. The family has the sympathy of friends.

Mrs. Cathryn McKee of Memphis and Mrs. Ila Vines of Rienzi were visitors Friday of Mrs. Thomas Lacy and Mrs. Lee McCall.

Mrs. Johnny Caviness and Amber of Booneville were visitors of Mr. and Mrs. Gettis Moore Sunday.

Mr. and Mrs. Purvis Knight of Corinth visited Melvin Geno, who is a patient in the local hospital, and Mrs. Geno. We are glad to report Melvin better at last report.

Mr. and Mrs. Purvis Knight visited Mrs. Milton English, Mr. and Mrs. Woodrow English and Annie English Friday also.

Freinds extend sympathy to Mrs. John Shelton and relatives in the death of John Shelton in Corinth this week.

Mrs. Birdie Loveless is a patient in the local hospital. Our hopes and prayers are that she will soon be much better.

Prentiss County Forester Notes

By JOHN STUART
County Forester

Trees are still suffering drought effects from last year, one of the driest on record for Mississippi, says an urban tree specialist with the Mississippi Forestry Commission.

"The dry spell of the past 18 months has taken a toll on shade trees, especially those which were already poor in vigor," said Larry Frasier, coordinator of the agency's urban forestry program.

Trees that are old or suffering from disease, insect or construction damage are particularly susceptible to drought, he said.

"This summer I have seen trees dying by the dozens from drought complications in new sub-divisions where

the trees suffered root and trunk damage or serious site disturbance from construction activities," Frasier noted.

Water tables remain below normal even now in parts of the state, end, once soil moisture becomes deficient, adequate replenishment is difficult, Frasier said. "Widely scattered afternoon showers just won't do the job."

Can anything be done to offset drought effects on the trees? For large trees, watering is a big task, but not altogether impossible, according to Frasier.

"If you catch the tree before the condition is critical and if you water it thoroughly, you can probably save it," he said. "The problem is that a large oak, for instance, may require 80 to 100 gallons of water daily for transpiration (cooling) alone, and the problem is further complicated by the fact that stress on large trees may go

unnoticed until the tree is too far gone for help."

Smaller trees are more practical to water, and weekly soaking during dry spells will prevent drought damage.

Frasier warned, however, that "lawn sprinkling for a few minutes won't do." He advises use of a hose with the water running very slowly so that it will soak thoroughly into the ground.

"If the tree is only a year or two old, 20 minutes might be long enough to leave the hose running, but from an hour to several hours would be required for larger trees," he said.

Symptoms of drought damage include wilting, loss of leaf luster, yellowing foliage, leaf scorch and branch dieback.

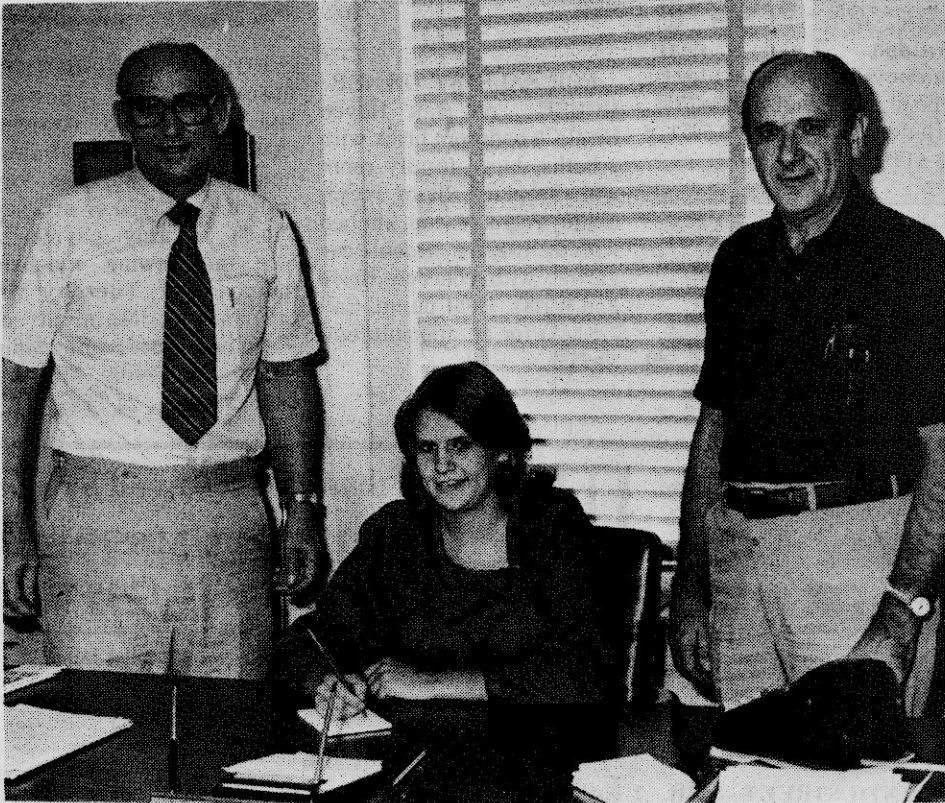

"If a tree's foliage has turned brown within a few week's time this summer, it is likely a victim of drought," Frasier said. Usually it is too late to help a tree if the foliage is already brown.

Properly done, pruning and fertilization can help a tree overcome drought damage.

"The best thing, though, is to keep trees in good health in the first place so they can withstand stress resulting from drought, diseases or insects," Frasier said.

Information on shade-tree care is available from the Mississippi Forestry Commission, 908 Robert E. Lee Building, Jackson, MS 39201, or from any of the agency's county or district offices.

The local County Forester is John Stuart. Our office is located downtown next door to Dickerson's Furniture. We can be reached by calling 728-6835.

Lex Cain, Karen Wimberley And Cayce Depoyster

Cain, Depoyster Named Employers Of The Week

The Vocational Business Education Department at the Prentiss County Vocational Technical School this week spotlights Prentiss County Superintendent of Education, Lex Cain, and Hill's Chapel Principal, Cayce Depoyster.

Their student-employee is Karen Wimberley, a student at Jumpertown High School and a part of Booneville and Prentiss County's Cooperative Vocational Office Training Program.

Supt. Cain has served as Prentiss County Superintendent of Education since January 1971, and has been in the education field for 29 years, having served as teacher, coach, and assistant school principal, as well as county superintendent of education.

He coached basketball, football, and baseball for many years. While he was basketball coach at Thrasher High School, his team won the state cham-

pionship one year, and went to the state tournament five others.

Cain received his education at Northeast Mississippi Junior College in Booneville and at Bethel College in McKenzie, Tenn., both of which awarded him a basketball scholarship.

He received his masters degree in guidance and school administration from Mississippi State University.

He is a member of the Mississippi Association of School Administrators and the Mississippi School Boards Association. He is an active member of the American Legion and has served as chairman of the Community Fund.

He is married to Ruby Cain Moore, and they have one son, Andy.

Depoyster has been in education in Prentiss County for the past 22 years. He is a native of Alcorn County, and

attended school at Glendale. He attended Mississippi State University and the University of Mississippi. He is a member of the Primitive Baptist Church, a member of the Mississippi Professional Educators Association, and is a member of the Lions Club.

He is married to the former Reba Richardson, who is also a part of the Prentiss County educational system.

Karen Wimberley is a senior at Jumpertown High School, and is the daughter of Mr. and Mrs. Billy Wimberley.

She is a member of the annual staff, FHA, Beta Club, and the Prentiss County FBLA Chapter.

She has been a cheerleader, and her hobbies are sewing, cooking, and playing softball and tennis.

NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 19th day of March 1980, Guilan Johnson and wife, Kaye Johnson executed a deed of trust to Donald Franks, Trustee, to secure an indebtedness to Bank of Mississippi, beneficiary, which deed of trust is recorded in the office of the Chancery Clerk of Prentiss County, Mississippi, in Trust Deed Book 125, page 344.

NOW, THEREFORE, notice is hereby given that I will on the 9th day of October, 1981, between the hours of 11 A.M. and 4 P.M. o'clock, at the West door of the Court House in the City of Booneville, Prentiss County, Mississippi, sell at public outcry to the highest bidder for cash the land conveyed by said deed of trust and described therein as being in Prentiss County, Mississippi, to-wit:

Part of the Northeast quarter of Section 10, Township 4, Range 4, being all the land lying West of the Kossuth and Blackland Public Road in said quarter section; containing 1 acre, more or less.

ALSO: Part of the Southeast quarter of Section 10, Township 4, Range 4, being all the land in the said quarter section lying West of the Kossuth and Blackland Public Road; containing 4 acres, more or less.

ALSO: The North half of the Southwest quarter of Section 10, Township 4, Range 4; being 80 acres, more or less.

ALSO: 20 acres, more or less, being a strip of land 20 rods wide across the South side of the Northwest quarter of Section 10, Township 4, Range 4 East.

LESS AND EXCEPT: A reservation of the 1/2 interest in all minerals by remote grantor in the two tracts last above described. I will convey only such title as is vested in me as Trustee.

This the 17th day of September 1981.

Donald Franks, Trustee

BEAT UNCLE SAM AT HIS OWN GAME, AT THE PEOPLE PLACE.

Earn up to \$2,000 interest tax-free, with an All-Savers Certificate.

Uncle Sam is pretty good at collecting income taxes.
But effective October 1st, The People Place has a way to beat him at his own game.

It's called an All-Savers Certificate. You can have one of these one-year certificates with a minimum deposit of \$500. In fact, if you have a 6-month Money Market Certificate, you can transfer it **without penalty** to an All-Savers Certificate.

The annual yield of All-Savers Certificates from The People Place is 70% of the yield to maturity of 52-week U.S. Treasury Bills at the latest monthly auction.

Right now, that's 12.61% interest. No matter how this interest rate is compounded or paid by financial institutions, at The People Place you get the highest yield allowed by law.

But here's the best part.
The first \$1,000 you earn is tax-free. (For couples, make that \$2,000.)
That means that your effective annual yield is much higher than 12.61%. **Because you don't have to pay taxes on it.**

In fact, if the two of you make \$30,000 a year, it'll be as much money in your pocket as if you were earning approximately 18% annual interest.*
And it's a lot of taxes you won't pay.

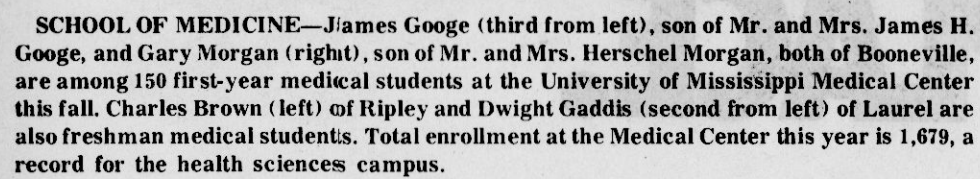

Come by any office of The People Place. Let us show you exactly what an All-Savers Certificate could mean to you.

Mississippi's production capacity for farm-raised catfish has grown more than 42 percent in the last year.

A report from the U.S. Department of Agriculture Crop and Livestock Reporting Board shows water acreage used by the industry at more than 46,000 acres, says Dr. Michael Jones, Mississippi Cooperative Extension Service marketing specialist. This includes acreage used for food fish and fingerling production.

"Mississippi has more than five times the water acreage as the next largest state which produces farm-raised catfish," he says. "Alabama, with 8,200 water acres, is next. Alabama's production capacity increased only 6 percent last year. Other catfish-producing states, in order of production capacity, are Arkansas, Texas, California, Georgia and Missouri. Mississippi, which produces about two-thirds of the nation's commercially raised catfish, is expected to produce about 120 million pounds of farm-raised

catfish in 1981, Dr. Jones says. Most will be processed by four large-scale plants located in the Delta.

"These four plants can process about 450,000 pounds of catfish in an eight-hour day," he explains. "Other small processors are located throughout the state."

Dr. Jones attributes the success of the industry in Mississippi to several factors. The type of land and the abundant, low-cost water supply in the Mississippi Delta have been major factors in the industry's growth. The state's warm temperatures provide a long growing season.

"The economic profitability of producing catfish farming has been the primary stimulus causing the large investment into and growth of the industry," he adds.

Because of its high qualities as a meat item, farm-raised catfish have sold well, particularly in the food-service or restaurant trade. It competes well against other fish because of consistency in quality, price and supplies.

"Processors can offer a year-round supply of this fish at stable prices, while prices of ocean-caught fish often fluctuate significantly," Dr. Jones says.

Another factor leading to the growth in the state's production is the large processing plants which have been successful in marketing catfish on a national basis, thus providing an outlet for local producers. The plants distribute frozen and fresh ice-packed fish on a regular basis to more than 40 states.

"The industry faces some growing pains caused by an excess supply of product at the producer level," Dr. Jones says. "But economic research at Mississippi State University, as well as reports from those in the industry, sees a bright future for farm-raised catfish and other aquaculture products."

"One market research firm expects the nation's aquaculture industry to grow 177 percent by 1985, and catfish is now the leading aquaculture product in the country," he said.

New Industry Is Needed

State government leaders are continually conducting field campaigns to persuade industry to move into Mississippi.

For Mississippi to move off the bottom of the economic ladder, this industry is a necessity. The efforts of these state government officials to recruit new industry to the state should be applauded.

But these efforts need to be supported on the local level. Communities need to make more of a commitment to economic advancement.

That commitment needs

to be made by locally elected officials, financial institutions, and the business and professional leadership in each Mississippi community.

Some suggestions from the Mississippi Economic Council for active local participation in the economic development of the state's towns and cities include:

—Communities interested in economic development must be committed to a policy of growth and be willing to provide the public facilities required for that growth.

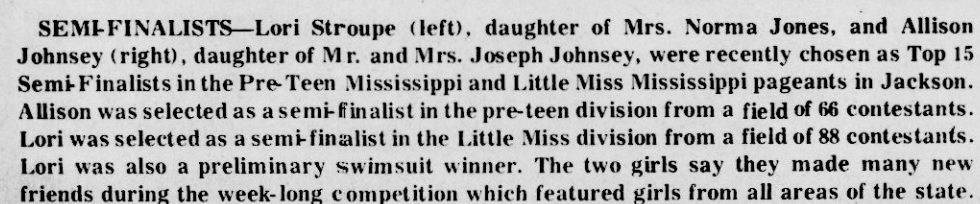

--Leadership is one of the

keys to economic advancement. Communities must have combined efforts by both the business community and public officials.

-Financial institutions in

Financial institutions in each community should actively participate in the economic development efforts.

--Communications should be maintained with manufacturers and small business owners already in the community, with attention given toward community leaders creating and maintaining a favorable business climate within the community.

THOUGHT FOR THE WEEK:

By Milton Koon

Misplaced Possessions

Luke 12:13-21

How often have you seen someone work feverishly to gain this world's possessions and destroy his health, his family, and his own soul?

Here is the truth presented by Jesus when confronted by a man who wants Jesus to make his brother divide the inheritance so that he can get his part. Jesus used this occasion to say to the multitude "life consisteth not in the abundance of the things which he possesseth."

We live in a day when many people are only concerned about making money and accumulating more. It seems that everyone wants more for themselves than their parents had and more for their children than they had. This is not a bad desire. However, when we desire this more than our concern for the spiritual welfare of ourselves or our families we

miss the mark. We miss the best that God wants to give.

If you read the passage Luke 12:13-21, you will find that Jesus gave the example of a man who was rich and made an outstanding crop. The man thought about what he should do with all the crop, "I'll pull down my barns and build bigger and then say to my soul; Take thine ease, eat, drink and be merry." But God called him a fool, and that night he died. The question now is, to whom does all this belong.

You see, treasure on this earth will pass away. The joy and pleasure received from earthly treasure will pass away. But those things done for the glory of God will live forever.

Life's greatest joy is in doing God's will and letting Him lead you, with possessions occupying a lesser place in your life.
