Gas Conversion Project Awarded By City Board

By KEN CHRISTIAN Editor

The Booneville Board of Mayor and Aldermen Tuesday night approved the bid of a Florence, Ala., company to convert most of the city's vehicles to operate on natural gas.

The contract was awarded o Nu-Fuel Systems of America who bid \$63,150 plus \$2,877 for a conversion kit. The only other bid submitted was by Phillips Energy Corporation of

Clearwater, Fla., who bid \$63,169 on the project.

Although the Florida company submitted the lower of the two bids, Mayor Charles Crabb pointed out in Tuesday night's board meeting that the company's bid did not meet the specifications as advertised

ANSWER: These books are called the APOCRYPHA which means of doubtful origin, not authoritative; of dubious authenticity. The list includes 14 books. The reason they are not in the Bible is because they do not belong in the inspired word of God. For example, the Bible claims to be inspired buit none of these books claim inspiration. As a matter of fact the author of 11 Maccabees, openly disclaims inspirattion. In his book (ALL ABOUT THE BIBLE, P. 49) Collett, says, "These books consist of a great deal of lengendarry nonsense, with some gross historical errors." It should be noted that all of these books appear in the Old Testament and not in the New. The Bible tells us we are not under the Old Testament (Col. 2:14). Furthermore, the New Testament makes 263 Quotations frm the Old Testament and 370 allusions to passages in the Old Testament but not ONE reference is made to the apocryphal books. Early Morning Mishap

TRAPPED-James Tyes was trapped for over an hour early Friday morning when the green 1972 Olds '88 he was driving was hit from the rear by a tractor trailor truck on U.S. 45 near Baldwyn. The emergency response unit of the Booneville Fire Department was called to the scene with their 'Jaws of Life' to assist in getting Tyes out of the badly damaged vehicle. Emergency personnel worked for approximately 45 minutes with the 'Jaws of Life' beforetheywere able to free the trapped man. Bystanders reportedly told firementhat Tyes' vehicle was stalled in the highway when the tractor-trailer rig hit it in the rear. Both vehicles left the road completely. The wreck occurred shortly before daylight. In the photo above, firemen attempt to pull part of the vehicle off the trapped man while medical technicians check on his condition. At left, Booneville firemen J.B. Gahagan and William Cook operate the 'Jaws of Life.' North Miss Ambulance Service medical technician Mike Tryner is shown in the background. Among the units responding to the accident were the Booneville Fire Department, the Wheeler Fire Department, ambulances from Booneville and Baldwyn, and the Mississippi Highway Safety Patrol. A spokesman for the North Mississippi Medical Center in Tupelo said Tyes suffered a crushed pelvis and a fractured left leg in the incident. In stable condition, Tyes was later transfered to the University Medical Center in Jackson, the spokesman said.

Reflections By Ken Christian

The final chapter in the county school system's challenge of the legality of the Booneville Municipal Separate School District apparently quietly came to an end last week

Following Chancellor George Adams' ruling last summer that the separate school district was formed legally, officials for the county school system said they planned to appeal the decision to the state Supreme Court. Last week, on Sept. 30, the Mississippi Supreme Court dismissed the county school district's appeal of Adams' decision "for lack of proscecution."

Apparently the attorney(s) for the county school system never filed their brief with the court. So the court dismissed the appeal

Last summer's legal battle was the climax of a lengthy struggle between the city school trustees and the county school trustees. The struggle began when the Educational Finance Commission approved the establishment of a

separate school district in Booneville.

This new school district was to have begun operation of the city schools on July 1, 1980. However, in spite of an opinion from the State Attorney General declaring it legal, the county school board refused to recognize the separate school district. When July 1 arrived, the county school board refused to turn over city school property to the new school district.

The city school board immediately filed suit in Chancery Court for an injunction barring the county school system from interfering in the operation of the city

Because a speedy decision was necessary so the school districts could prepare for the opening of the schools, the court gave the case a high priority. On Monday, July 28, 1980, Chancellor Adams handed down his decision in favor of the city school district.

Even now, over a year later, it seems odd that the

county school officials took this route-- especially when practically all the state officials involved said they believec that the school district was formed legally.

In fact, the only ones in authority who did not feel that way were apparently the Prentiss County school officials. Not only was Attorney General Bill Allain of the opinion that the separate school district was formed legally, but State Superintendent of Education Dr. Charles Holladay even began sending state funds to the separate school district before the trial, if I remember correctly.

It would be interesting to know just how much money this trial and the initiation of the appeal cost the county school district, which was reportedly already hurting for

It is rumored that the county school system paid a rather sizeable sum to one of the attorneys to file the appeal. And then apparently the appeal was dismissed because no one followed through with it.

I don't know whether this was because the county decided they were wrong in making the appeal, or whether somebody just goofed. I was unable to contact county superintendent Lex Cain Wednesday morning to find out some of the answers to these questions. He was out of

Incidently, Booneville attorney Bill Smith, who represented the city school system during last summer's trial and subsequent legal actions, did not charge the city anything for his time and legal advise-he did it for free.

Republicans Warm Up 'Racehorse'

JACKSON, Miss.-The Republicans are warming up a new racehorse to go after Sen. John Stennis' seat if their main man, Cong. Trent Lott, is not willing to

Their new entry into the Senate candidate list is Mayor Bobby Chain of Hattiesburg, apparently a surprise find among the recent Democrat converts who have come over to the GOP.

Chain evidently has already signalled his willingness to be put into the speculation to make the Republican shot at Stennis next year, after state GOP Chairman Mike Retzer became quite interested in his prospects.

Being mayor of Hattiesburg is really just a civic sideline duty for the 52ear-old Chain, who is independently wealthy and turns back his pay check to the city.

He is somewhat ideal for the Republicans who now are looking more for candidates who are tested in public office, after the debacle with political newcomer Liles Williams in the Fourth Congressional District race this past

They had won with Thad Cochran and Trent Lott in

in public office, but the current wisdom is that public perception has changed, and having experience in public office is more important now. Especially, the GOP thinks intermediate office holders offer the best prospects.

Chain had been elected mayor of Hattiesburg in 1980 in a special election when he did not have to declare himself as a Democrat or Republican, but he had been considered a Democrat from past support of Democratic gubernatorial candidates.

However, once in office. Chain decided to identify with the Republican Party, and ran this past summer for a full term on the GOP slate, winning handily.

How he apparently came to Retzer's attention was when the Capital Foundation, the new state GOP fund raising group, sent Chain a \$500 contribution toward his campaign expenses. Chain sent back the \$500, and sent another \$500 to put into the Capital Foundation fund to help other candidates.

Chain is already rather well-known statewide as a longtime member of the State College Board, the public body which administers the state's eight institutions of higher

1972 without any experience learning. He served as speculation that plans for president of the board year before last, and he has until May, 1984 to go on his appointment.

> His College Board post, however, could lead to complications should he become a candidate for the Senate next year. No member of the board, long regarded as more constitutionally insulated from the political arena of any state board, has ever been involved as a statewide political candidate.

In fact, some eyebrows were raised when Chain became mayor of Hattiesburg last year and remained on the board. Apparently no legal question was ever raised.

Chain has made a great deal of money in the electrical construction and appliance business in the Hattiesburg area, and expanded his interests several ago into oil prosperities and real estate. He had been one of the owners of the failing private dormitory sold to MSCW back in 1971, using the political influence of then powerful Sen. Bill Burgin of Columbus.

APPLE FOR TEACHER

Ponderings

By Angela Smith

Seeing people cutting firewood the past few days reminded me of an incident that happened about this time last year in the old Camp Ground Cemetery. The Camp Ground Cemetery is located off old Highway

45 North in Prentiss County just south of Rienzi.

To say the cemetery is old is an understatement. A burial date of 1823 is inscribed on one of the tombstones.

The cemetery has been unkept for years. Trees and undergrowth give the cemetery such a spooky appearance that a person wouldn't have to try very hard to imagine seeing a ghost. (And in the early spring I have seen snakes, big snakes, sunning themselves on top of the sunken-in graves.)

The history I have been able to collect about the Camp Ground Cemetery is sparse. I have been told that no "meeting house" was ever built, but that families from

miles away and even from Booneville (which is about five miles away) would go there and camp during a meeting..hence the name.

I was told that a spring under the hill at the cemetery furnished water for a whiskey still.

Many graves in the cemtery are unmarked or marked with sand rocks.

Tombstones with the following names are found in the cemetery: Boone, Ellis, Key, Jones, Miller, Neeley, Patton, Parker, Rees, Smith, Williams, and Whiteside, to

Although the cemetery was overgrown in underbrush my friends and I would go there every now and then to look at the old tombstones and try to imagine what life was like in the 1800's. (And we usually didn't ever stay long since we were a big bunch of chickens in a shadowy cemetery!

Then last year someone decided to cut wood in the cemetery. Maybe the cemetery was so grown up with trees the people didn't realize they were cutting wood in a

Although one would think when they drove a truck over tombstones and broke the tombstones they would have realized where they were.

Not only did the woodcutters break tombstones, they

also piled tree limbs against some of the taller tomb-And just for good measure they threw in their drink

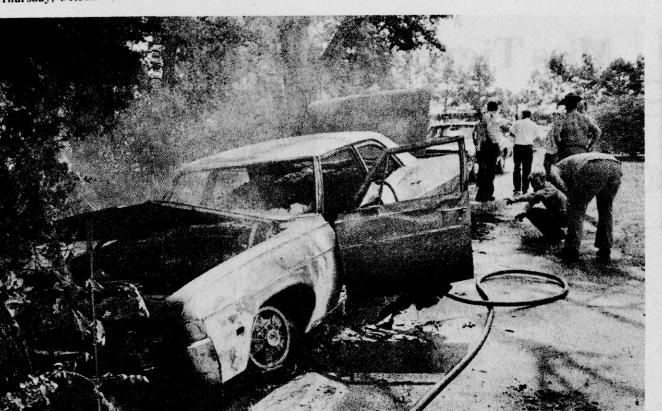

cans, too. And so tombstones, that just months earlier were whole, now lay crumbled on the ground. The sight would be

enough to make the dead turn over in their graves. Even now as I remember the scene I can't help but wish that whoever cut the wood in the cemetery had been more careful and not destroyed those old tombstones.

But it's too late for wishing.

When the vehicle came back onto the road, the lodged stone apparently caused Walden to rum off the road again, hitting a tree. The vehicle caught fire, gutting the interior of the car. Walden was taken by ambulance to the Northeast Mississippi Hospital. A hospital spokesman said Wednesday morning that he was admitted for observation, but has since been released. Walden reportedly told officers who investigated the incident that he was taking medication prescribed by a doctor. He reportedly said the doctor had recently changed his prescription.

Action Center Plans Meetings

The Prentiss County Community Action Center will hold a series of four community meetings in the Prentiss County area during Oct. 12-15, according to a spokesman for the

These meetings will be the basis for agency's proposed accomplishments during the next fiscal year, the spokesman said.

The first meeting will be at 10 a.m. on Oct. 12 at the Marietta Senior Citizens' Center. On Oct. 13, there will be a community meeting at 10 a.m. at the Northeast Mississippi Elderly Services Center in Booneville.

A community meeting will be held at 11 a.m. Oct. 15 at the Jumpertown Elderly Center. The final meeting will be at 5:30 p.m. that afternoon (Oct. 15) at the Springhill Missionary Baptist Church in the Sunflower community.

'The Prentiss County Community Action Center is interested in meeting with the people in our area to better understand the problems they face in meeting their every day needs.' the agency spokesman said about the meetings.

The Prentiss County Community Action Center is a division of the Northeast Mississippi Community Action Agency Inc., a nonprofit corporation established for the purpose of alleviating poverty conditions in Alcorn, Prentiss and Tishomingo counties.

About the sick:

A dear friend, Mrs. Ola Glover, has been a patient in North Mississippi Medical Center for eight days, thday people: Today, Oct. 2, she will have open heart surgery. She is children.

Let's all be praying for her to have successful surgery and have patience to bear the recuperative process. A call, cards, flowers and visits will help her, we hope.

Mrs. Gladys Kennedy was able to leave the Baldwyn hospital following minor surgery and is in the home of her son, Houston, in Marietta.

Virgie Harris was in Memphis on Friday, Sept. 25, for therapy. She had gained a pound and her appetite was better. Hopefully that means she is improving.

I called a cousin, Winnie Harris, of the Burton community yesterday. She had been hospitalized in North Mississippi Medical Center last weekend for tests and a body scan. She doesn't seem much improved.

At the last report, Aunt Myrtie Harris wasn't feeling as well as formerly.

NATURAL LOOK Millions of people wear

contact lenses today. Contact lenses correct vision problems, in some cases better than glasses. But they have the advantage of giving your face "natural" look. Unless you tell them, others would never know you're wearing corrective lenses.

Contacts do require more care than glasses. And, like glasses, they should be prescribed and fitted by a professional. Because they float on the tears over the eye, extra care must be taken in keeping them clean and germ-free.

Your optometrist will show you how contact lenses should be applied and removed. This must be hygienically. Both your eyes and your contact lenses should be checked periodically by your optometrist.

contact lenses will serve your corrective vision needs even better than glasses. Contact lenses give more natural vision (especially peripheral) because they are closer to the eye (in fact, in "contact" with the cornea) while glasses must be worn about a half inch away.

Great Pumpkin Recipes For Fall

Extension Home Economist

With Fall here and the landscape changing from the fresh green of summer to the rich golden browns, oranges and reds, pumpkins are beginning to peer from around shocks of corn.

It's good time, and we in Mississippi are lucky to be able to experience the changing of the seasons. Some areas of our country are not so lucky.

Pumpkins have been a tradition of the season and can be traced back to early settlers. They are used in decorating and best of all are the delightful dishes that pumpkins provide.

Spicy pumpkin pie, breads or muffins; various puddings and custards; stuffing with meats and vegetables in the smaller ones may be some of the taste-tempting ways you'll find to use pumpkin.

For buying guidelines, your choice depends on your intended use. Size and shape have little to do with a pumpkin's flavor.

However, the smaller ones seem to have less waste and are usually more tender fleshed. They're the best ones for most cooking purposes.

The larger ones, often termed Jack-O-Lantern pumpkins are used for that purpose. The flesh also makes good pies, breads,

For nutrition's sake, pumpkin is an excellent source of Vitamin A. One hundred grams of edible portion of canned pumpkin contains only 33 calories, so

it is a must for the calorie conscious.

Top quality pumpkins willl keep for about a month iif you store them in a cool dry

The best pumpkins are well-matured and not broken or cracked and heavy for the size. They should have a rich orange color and should be clear.

Avoid those with soft spots, disease spots or other visible signs of damage or decay.

There are many ways to enjoy pumpkins and the season is short so plan to take advantage of the supply soon as they appear.

Pumpkin Bread

- 1-2/3 cups flour
- 1/4 teaspoon baking powder 1 teaspoon soda
- 1/4 teaspoon salt
- 1/2 teaspoon cinnamon
- 1/4 teaspoon cloves
- 1/3 cup chopped dates 1- 1/3 cups sugar 1/3 cup salad oil

1 cup canned pumpkin 1/2 cup water

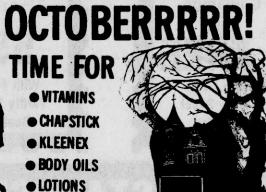

1/2 cup chopped

pecans

Sift and measure flour. Add baking powder, soda, salt and spices; sift together two times. Toss nuts and fruit lightly in flour mixture

Beat sugar and oil in mixer at slow speed. Add eggs one at a time. Add pumpkin. Add flour mixture and water alternately.

Beat until thoroughly mixed. Pour into a greased and floured loaf pan, by 10 by 5 inches. Bake in 350 degree F oven for one hour.

Earn up to \$2,000 interest tax-free, with an All-Savers Certificate at The People Place.

EFFECTIVE OCTOBER 5-30

Uncle Sam is pretty good at collecting income taxes.

But now, The People Place has a way you can beat him at his own game.

It's called an All-Savers Certificate. You can have one of these one-year certificates with a minimum deposit of \$500. And, if you have a 6-month Money Market Certificate, you can convert it without penalty to an All-Savers Certificate.

The annual yield of All-Savers Certificates from The People Place is 70% of the yield to maturity of 52-week U.S. Treasury bills at the latest monthly auction.

No matter how the All-Savers interest rate is compounded or paid by financial institutions, at The People Place you get the highest yield allowed by law.

But here's the best part.

The first \$1,000 you earn is tax-free. (For couples, make that \$2,000.)

That means that your effective annual yield is much higher than the rate shown above. Because you don't have to pay taxes on it.

Come by any office of The People Place. Let us show you exactly what an All-Savers Certificate could mean to you.

Substantial interest penalty is required for early withdrawal.

YOUR HEALTH

DR. JIM DAVIS

Too often, when an infant suffers from colic, the mother hurries to administer something to kill the pain. This is certainly understandable, but the Doctor of Chiropractic knows that often the underlying cause of this distressing condition started with a malfunctioning nervous system. The DC knows this, in turn, was usually caused by the pressure of misaligned vertebrae and discs on the nerve supplying the digestive tract. Therefore, the doctor does the logical, natural thing, by gently correcting the misalignment that is creating interference to the normal flow of the nerve force from the brain to the digestive area. Once the cause is removed, the body will naturally correct itself, and the infant is usually comfortable. Thus, no potentially dangerous drugs (with possible sideeffects) need be given.

4th Quarter TD Downs Tiger Entry-

The Northeast Tigers led in almost every department but the scoring one here Saturday night and dropped a nip and tuck 14-7 decision to season opener in the new Tiger Stadium.

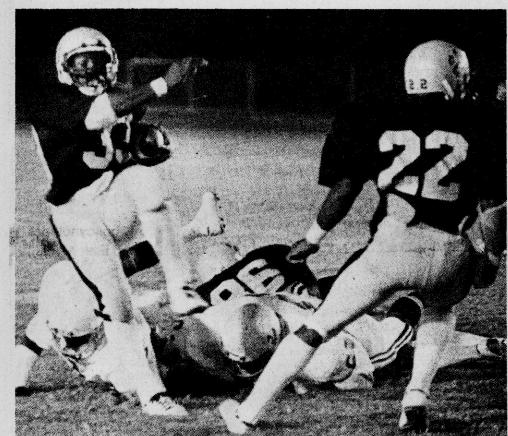

The Tigers led in many phases of the game but fell short on the scoring end allowing an Eagle touchdown in the second quarter Hinds Junior College in the and the allowing the decisive one in the final rame to drop the seven point loss.

In fact on the offensive department, Northeast compiled 223 total yards compared to 22 yards for Hinds.

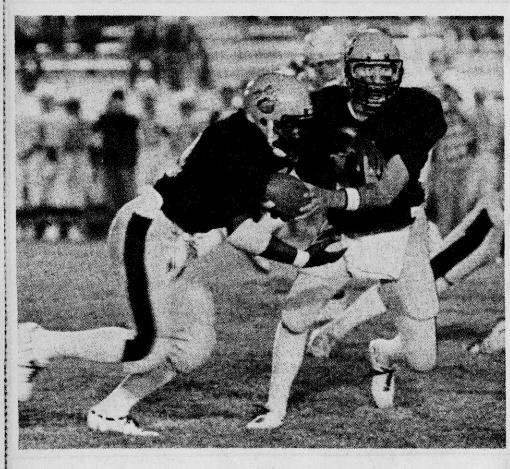

The key stat of the game came on the domination of field yardage. Hinds piled up

The Anderson squad, Rickey Nanney got into under the direction of coach Leroy Brooks, will play Baldwyn next Tuesday in a

some 15 first downs compared to nine for the Tigers and some came on key third down situations.

Northeast head football coach Bill Ward had said before the game that Hinds was the best team for their record than anyone in the State. "We knew they were a good football team," Ward said. "They could do a lot of things well with the football and they were well coached."

The only score of the night for the Tigers came in the third period to tie the game at that point when runningback Preston Maddox scampered loose on a 42 yard spirnt. Kenny

Mathis' extra point knotted the score at 7 all. Hinds wouldn't settle for a tie however and came

roaring back with a drive in the fourth quarter to put the game away.

"We played well enough to win," Ward said. "We again made some mistakes that we shouldn't have and they later turned out to be costly mistakes indeed."

One of the key stats of last Saturday's game came when the Hinds squad held chief runningback Phillip McDonald to just 43 yards on 12 carries.

Maddox was the leading ground gainer on the Tiger squad with 47 yards on 10 carries followed by McDonald's 43; then came John May, with 35 yards on eight carries; and then Willie Spears with 23 yards on only three carries.

In the pass department Buddy Hall was 5-10 for 45 yards while Monte Hamilton was the leading receiver with 2 catches for 20 yards.

The Tigers will return home this Saturday for Homecoming when they host East Mississippi Junior College in an 8:00 kickoff.

Lion's Roar

Drops Statesmen

CLEVELAND, Miss.-Delta State University olayed a good football game for nearly one full half last Saturday night, but a couple of big plays by the University of North Alabama broke the game wide open for the Lions.

"We moved the ball very well and executed to near perfection for most of the first two quarters," said DSU head coach Johnny Plummer. "The punt return for a touchdown and the long pass completion just before the first half ended really hurt us.'

Now the Statesmen must regroup this week for Saturday's Homecoming opponent, Liberty Baptist of Lynchburg, Va.

'We will have a lot of work to do this week trying to correct the mistakes we made in our 41-7 Gulf South Conference loss to North Alabama last week," Plummer said. "I know this team can bounce back from disappointment. It already has done that this year."

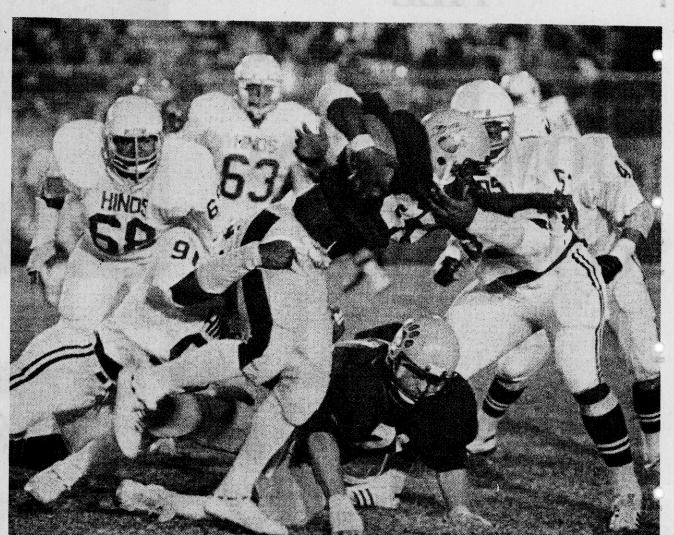

Delta State came out of last week's game in better physical condition than a week ago. Tailback Wilbur Myers who rushed for 75 yards and scored his team's only touchdown, and defensive tackle Bill Pegram both suffered hip pointers but should be able to play Saturday.

Quarterback Steve Lyles and fullback Robert Orange each suffered cuts about the month but are all right.

Orange's injury allowed Plummer and offensive back coach Jerry Pickle to get a good look at backup fullback Randy Cochran, who rushed for 40 yards on eight carries, including a bruisng 16-yard run in the first period.

Plummer pointed out that turnovers once again proved costly to his team as North Alabama turned three of the foibles into scores.

"We cannot continue to make serious mistakes and expect to win football games," Plummer said.

Top Chart

For the second week in a row, Manfred Saylors and Leighton Miller both tied for lead on the prognosticating chart with nine correct predictions out of 12 games.

The two missed the NE-Hinds game, the State-Missouri Game, and the Ohio State- Florida State Game.

Dan Childers followed closely behind with 8-12 correct predictions followed by Doug Jumper with 7-12 and Dan Arthur with 6-12 correct games.

Both Saylors and Miller

pace the chart for the year with 44-60 for a 73 percent average while Doug Jumper is close behind with 42-60 for a 73 percent average. Childers is next with 29-48 for a 60 percent average while Arthur follows with 35-

The local team will compete throughout the year in both the high school and college ranks picking 12 games each week.

Grand Opening Of New Office Starts Monday

Grand opening festivities for the new First Citizens National Bank in Booneville will be held Oct. 12-23, according to local bank manager Junior Roper and First Bank president, Lewis Whitfield.

First Bank took over operations of the Booneville branch of the First Mississippi Bank of Commerce on Oct. 1.

Plans for the purchase of the local bank were first announced in May of this year. The transaction was subject to the approval of several regulatory agencies, as well as the stock holders of the First Mississippi Bank of Commerce, before actual operations could begin.

In conjunction with the grand opening of the bank, a ribbon cutting ceremony will be held at 10 a.m. Tuesday, Oct. 13. Bank officials said this week that a number of free prizes will be given away during the grand opening Oct. 12-23. Anyone can register for the prizes at the bank, they said.

Guy Mitchell Jr., chairman of the board at First Bank, recently announced the selection of members of Prentiss County's First Bank Community Bank Board.

Merril T. Cartwright, Cayce DePoyster, Dr. Paul Ellzey, Dalton Garner,

Carroll Ivy, Mrs. W.M. Murphy, Quindel Pierce, (Tice) Sorrell, Emmons Turner, Stewart Vail, and Charles Walden began their official service on Oct. 1, he said.

USDA Extends Maturity Date On 1980-

Crop Soybean Loans Soybean farmers whose 1980-crop government soybean loans are scheduled to mature Sept. 30 and subsequent months may-at their discretion-extend on Sept. 29.

This action will provide producers additional time to U.S..

Farmers who wish to extend their loans should contact the county office of USDA's Agricultural Stabilization and Conserwation Service where the original loan was made.

> ASCS Has List Of Eligible Voters For Election

A list of the names of all persons eligible to vote in their loans for up to four the upcoming annual ASC months. This announcement committee member election was made by Secretary of is awailable for inspection in Agriculture, John R. Block the Prentiss County ASCS

ASCS, an agency of the Department of market their soybeans and Agriiculture, is responsible will relieve some pressure for farm program adon currently depressed ministration, and on the locail level, ASCS operates

under a farmer-elected committee system.

Anyone who meets the following requirements is eligible to vote in ASC committee elections: Any individual of legal voting age with an interest in a farm as owner, operator, tenant, or sharecropper and who is eligible to participate in any ASCS program.

Persons not of legal voting age who supervise and conduct farming operations on an entire farm are also eligible to vote in ASC elections. No person can be denied the right to vote. because of race, sex, color, religion, or national origin.

A person may cast a ballot in the community in which he or she is an eligible ASC

voter, but he or she cannot vote in more than one community in the county. Anyone having questions about ASC committee member elections should contact the Prentiss County ASCS Office.

CCC Interest Rates To Remain At 14.5 Percent

Interest rates for 1981 crop loans and storage facility and dryer loans made through the U.S. Department of Agriculture's Commodity Credit Corporation will remain at 14.5 percent. This decision was made by Secretary of Agriculture, John R. Block on Sept. 29. The 14.5 percent rate has been in

effect since April 1, when USDA announced it was instituting a "floating" interest rate, subject to adjustment on 1981-crop and facility loans.

The variable interest rate on outstanding loans-which enables CCC to adjust rates in line with borrowing costs to the U.S. Treasury-will continue in effect. However, since interest rates at this time appear to be trending downward, an extension of the 14.5 percent rate will allow time to evaluate interest costs to CCC.

Persons interested in detailed information concerning commodity or farm storage facility loans should contact he local ASCS Office.

Also at Tuesday night's meeting, the board approved the advertising of industrial bonds "not to exceed \$1.5 million" for the T Prentiss Manufacturing Company.

James Bethay of Prentiss 31 Manufacturing appeared u before the board last month 12 to request that the city issue the bonds to help the company finance the building of a warehouse and offices in the Prentiss County Industrial Park.

Bethay told the board members at that time that his company would stand behind the bonds and that 1 they would not cost the residents of the city anything.

At Tuesday's meeting, board members were also informed that Lawrence Stell has submitted his resignation from the Housing Authority and that James Hannon has said that he plans to resign from the City Planning Commission.

Another position on the Booneville Housing Authority was vacated by the recent death of "Dicie" Jumper.

Mayor Crabb told the aldermen they needed to be considering these appointments so they can be filled as soon as possible.

# Bikes, popcorn, hamburgers, ice cream and better bankers.

We're First Bank, Booneville's proud new bankers. We want to get to know you because that's the way we like to do business. On a first-name basis.

#### 21 Free Gifts.

We hope you'll stop by between now and October 23 to say hello and to register for our 21 free bankwarming gifts. You don't have to bank with us to participate. Just put your name in the hat. We're open Monday through Thursday 9:00-4:30 and until 5:30 on Fridays. You could win one of three deluxe barbeque grills, seven electric ice cream freezers, ten popcorn poppers and a bicycle-built-for-two.

It's our way of saying we're proud that Prentiss County is growing and that we are,

Already we have more checking and savings plans than you can shake a stick at. Why? Because of you and all the folks in this area. Your needs are different, so we create plans to take care of your different needs.

#### Free Checking.

Take, for instance, our SUPER SAVER plan which gives you free checking when you keep at least \$1500 in any First Bank savings account. We created this one because some folks told us they didn't like paying for checking when they had all that money in savings. And we thought they had a point.

At First Bank, you can also get FREE CHECKING if you're an ordained minister, a full-time student, or a senior citizen over

65. Or if you can maintain a minimum monthly balance of at least \$500 in your account.

And, of course, we have REGULAR CHECKING. The service fee for this one is \$5 per month. Except any month your minimum balance is \$500 or more. Then that month it's free, too.

#### Earn 54% on Checking.

If you normally keep larger sums in checking, then, of course, you'd like to earn interest. That's why we created the FIRST NOW account. When your minimum monthly balance is at least \$1500, your checking is free and you earn 5½% compounded daily. Between \$1000 and \$1500, you don't earn interest but your checking is free. And below \$1000, the monthly service charge is \$7.

#### The Big Bundle.

If you like a lot for your money, you'll like our FIRST TEAM account. It's a banking package that includes free checking, free personal checks, free traveler's checks, \$15,000 accidental death insurance, discount coupons from area merchants and reduced rates on consumer installment loans. Plus any month your minimum balance is at least \$1500, you earn 5¼% interest. At First Bank, you get all this for \$6 a month, only a dollar more than you'd pay for regular checking.

#### High-Interest Saving.

See what we mean when we say lots of plans. And that's only checking. For sav-

ings, there's even more. Lots of ways your money can earn, with interest rates as high as the big double-digit money market percentages.

When you come to First Bank, we like to sit down and over a cup of coffee analyze your banking needs and your likes and dislikes. Then match the plan to you.

While supplies last, we're giving a First Team T-shirt to everyone who opens a new checking or savings account.

#### Junior Roper's In Charge.

You may already know Junior Roper. He lives in Booneville and he's manager of First Bank here. He and his staff will be happy to help you select the right account as well as assist you with loan applications, credit cards, safe deposit boxes and all your other banking.

Right now, we're loaded with free gifts. From now on we'll be loaded with the services and conveniences you expect from a bank. We hope you'll give us a shot at your business.

## County Agent's Notes.

By W.H. HADEN County Agent

Stop Soybean Cyst

soybean . cyst nematode is one of our state's most potentially damaging soybean pests. Last year soybean producers in 14 southern states lost about \$200 million to this microscopic pest.

Compared to surrounding states, Mississippi's \$3.5 million loss to nematodes was much smaller because of acceptance of the Mississippi Cooperative Extension Service's nematode control program. The nematode is present in 72 counties in the state,

including Prentiss County. How can you detect nematode problems in the field? Anytime you see random, circular areas of stunted and yellow soybeans, suspect nematodle infestations. Affected plantts may wilt even with plenty of soil moisture, and severelly

diseased plants may die. The roots of these plantts are dark and discolored. By examining them carefully, you can see the white to yellow female nematodes and brown cysts attached. The lemon-shaped cysts aire smaller than a pinhead.

It's hard to tell nematode damage in soybeans from other damage like lightning,

fertility, poor drainage or soil insects. To be sure, you need to collect soil samples from fields where you suspect infestations and have them tested for positive identification.

No control method will eliminate the nematode. But certain control practices reduce the population to allow production with little or no damage. Crop rotation, resistant varieties and use of nematicides are exam-

Practices like deep chiseling and subsoiling may help by allowing maximum root penetration.

For information and herbicides, drought, low materials needed to take a soils sample for nematodes. contact the county Extension office.

**Reduce Harvest Losses** 

A lot of our soybean crop is short in height and low in yield this year. It would be a good idea to emphasize harvest efficiency.

Too often, we have harvesting losses of 8 to 10 percent when they could be reduced to 2 to 3 percent.

About 90 percent of the total loss is associated with the cutting unit out front. Running too fast with too much reel action often are problems. Slow down, and put more beans in the

This past year was a great one for wheat yields in Prentiss County with yields of 50 to 60 bushels per acre not uncommon. If only the price could have been as good as the yields.

But, that is all water under the bridge. What about wheat for this year?

Most farmers that I have talked with say they will continue to plant wheat, especailly on sloping cropland because wheat will

greatly out yield soybeams you plant wheat following on this type land while at the same time protect their soil from erosion.

According to most farmers, wheat also helps wiith their cash flow problems lby providing some income during the spring.

For those who will be planting wheat this year there are three primary planting methods to follow: planting on a prepared seedbed, "roughing-in," or aerial seeding.

If you are single cropping wheat, plant 80 pounds of wheat seed per acre on a well prepared seedbed. If soybeans by the "roughingin" method, sow 90 pounds of wheat seed per acre and disk lightly. This should be done by early November.

If you plan to aerial seed

wheat into standing soybeans, seed 120 pounds of seed per acre. Aerial seeding should be done when about 10 percent of the soybean leaves have dropped.

Be sure to select fields for aerial seeding that have a good soybean cover since direct sunlight can kill germinating wheat seed.

A well balanced soil

fertility program is very important for good wheat yields. Wneat following well fertilized soybeans will probably not need any fertilizer until spirng.

However, single cropped wheat and wheat following unfertilized soybeans will usually need 30 pounds of nitrogen, 40 pounds of phosphate and 40 pounds of potash per acre in the fall. Lime should be applied to maintain a pH of 6.0 to 7.0.

If you would like to have more information on wheat and soybeans, come by the Soil Conservation Service office in Booneville or call us

### Capt. Childers Participates In Exercise

Capt. Charles D. Childers, son of Charles L. Childers of Route 1, Baldwyn, has participated in "Reforger '81," a series of training exercises conducted by the North Atlantic Treaty Organization (NATO) forces in Europe.

Division, Fort Carson, Collo., joined with members of lhis unit to provide support for the United States and allied forces taking part in this annual exercise.

The 13th of is seriles, Reforger '81 tested mobiliity, plans, capabilities and Childers, a public affairs support agreements betofficer with the 4th Infantry ween military and civilian

transportation agencies of both the United States and its NATO partners.

The exercise, according to Department of Defense officials, provided soldiers and airmen the best possible peacetime training for performance of duty under simulated combat con-

Nearly 17,000 people along

with 27,000 tons of equipment were sent to Europe from the United States in support of Reforger '81.

Childers' wife, Karen, is the daughter of Mr. and Mrs. D.L. Copen of 218 Sharon Drive, Favetteville, Ga.

He received a master's degree from the University of Mississippi.

## Booneville Happenings

By JESSIE PRESLEY Correspondent

Mrs. James West, Joyce Keeton and family enjoyed a short visit from Jack, Barbara, and Susi West of Huntsville, Ala. They had visited with Barbara's parents, the Rev. and Mrs. W.V. of the Brewer Community. We are proud to report both are doing real well at this time.

Mr. and Mrs. John Yarber of Muscle Shoals, Ala., and Mrs. Vera Burcham of Baldwyn spent several days last week with Mrs. Gladys Hurt.

Mrs. Charles Dobbins and son, Charles, of Mon-Ala., and tgomery. daughter, Mrs. Pat Gaguine of Juneau, Alaska, are guests of Mrs. Creed Dobbins and family and other relatives and friends.

We are gald to report that Mrs. Clyde Glover is doing well after undergoing heart surgery last Friday. She will soon be going home is the latest news from the North Mississippi Medical Center in Tupelo.

Mrs. Gerald Hodges, Mrs. Quinn Johnson of Jackson, Tenn., and Jessie Presley spent last Wednesday in New Albany with Mr. and Mrs. Sam Wilson. Sam was a patient at that time in the Union County General Hospital but was transferred to the North Mississippi Medical Center in Tupelo Friday for surgery. This family would appreciate your prayers.

Visitors in the home of Mr. and Mrs. Omar Jones last Wednesay were Mrs. Lige Mitchell of Hamilton, Miss., Mrs. Junior Sullivan of Aberdeen and Mrs. Jimmy Boozer of Amory.

Harold Beasley is doing well after having heart surgery at the North Mississippi Medical Center in Tupelo. The Beasley family appreciates the prayers of relatives and friends.

Those going to Memphis for the surgery of Mrs. Elizabeth Henderson last week were her parents, Mr. and Mrs. Albert Edge, and Mrs. Ruby Henderson.

Sunday, Sept. 27, the children and in-laws of the late Mr. and Mrs. Tim Huddleston had an enjoyable outing when they gathered at the Bellis Botel, at Pickwick for a family gettogether and a delicious fish dinner. Those attending were Mr. and Mrs. Leonard Huddleston of Booneville, Mr. and Mrs. Truman Huddleston, and Mrs. Bertha Hutchins, all of Corinth, Mr. and Mrs. Homer Huddleston, and Mr. and Mrs. Archie Moreland, all of Wheeler, and Mrs. Howard Huddleston of Booneville.

Mr. and Mrs. Jerry Hodges and Beth spent the weekend in Ripley with relatives.

Mrs. Cleo Wright is a patient in our local hospital. We wish her an early recovery.

Mrs. Robert Lee (Betty) Bolt is a patient at the Balldwyn hospital. We wish her an eary recovery.

Hlave you done a good deed for this week? I know of someone who has.

Om Saturday, Oct. 2, Mrs. Bobby Sanders, Mrs. Peggy Echols and Maxola Bonds wemt to visit with Mrs. Verda Mae Sutbblefield. You see this was her birthday. From Verda Mae's house the group traveled to Tupelo, went shopping at one of the Malls and treated Verda Mae to lunch. The food was delicious and the fellowship great.

Later they returned to the Overdrive Apartments near Balldwyn (where Verdie Mae now lives). There she had refireshments of cake and coffee. The day was too short, but all good things must come to an end. The ladiies wished Verda Mae happy birthday again and mainy more to come and returned to their homes a bit tired, but very happy.

Out of town visitors attending the Murphy- Goddard wedding Sunday were Delbra Cole, Mr. and Mrs. John Simmons, Shirley Alderson and David Grimes, all from Memphis; Mr. and Mrs. Mark Pitner of Oxford; Phil Senatobia; Mr. and Mrs. Ralph Bishop of Russellville, Ala.; Mrs. Delbbie Godwin of Sheffield, Ala.; Mrs. Nola Reddock, Mrs. James Williams, Mr. and Mrs. Clyde Smith and Mrs. Elsie Wootton, all from Jackson, Miss.; Mrs. Ester Geino and Mrs. Shirley Lyons, both from Tupelo; and Mrs. Susan Marshall of

Those visiting with the Raymond Parkers recently have been Mrs. Lena Pope of Independence, Miss., and Mr. and Mrs. Minor Nixon of Iuka. Mrs. Pope has also visited with other relatives.

Calvary Baptist Church welcomed a team of young people-Bruce Ingram, Lisa Mazley, Anita Carr, and Gary Owens- from Blue Mountain College last Sunday. These four presented interesting programs at both morning and evening services... Sunday night at the close of the service there was a felllowship time for the youth with goodies and cokes for reffreshments.

Mrs. James West has retturned home from a two weeks' trip she enjoyed with heir family and Mr. and Mrs. Carrl Nagle of Huntsville, Al. and Mr. and Mrs. Weiland W.. Brown of Oledo, Texas. Other points of interest included Arkansas, Texas, Mexico, Arizona, Colorado and New Mexico-like Pikes Peak, Grand Canyon, Royal Gorge, Mesa Verda, National Forrest and many other interesting sights. ## Phone May Be Tool Of Unscrupulous

Citing a rise in telephone solicitation, Attorney General Bill Allain says that consumers should be careful about purchasing a product or service "sight unseen."

The Attorney General warns that what may appar to be an innocent conservation may lead to a very costly mistake.

"Often the phone is a tool of the unscrupulous who vish to trick us into making a purchase, into allowing them into your home for a sales pitch, or into contributing to a phony charity," Allain said.

Some tips from the Attorney General on avoiding these hazards are:

(1) Never agree to purchase the product on the initial call. Take the salesperson's number and call them back if you want the product or want someone to come to your home.

(2) If you are asked to make a charitable contribution, ask to be sent information concerning the

## Don't Leave Phone Receiver Off Hook

Leaving your receiver offthe-hook can cause your telephone to be temporarily disconnected, according to South Central Bell District

Bailey said when you leave your receiver off-thehook you minimize the central office switching equipment that is available to your neighbors and other customers, causing delays or in some cases preventing them from using their

"After we attempt to call your attention to the off-thehook condition by using a loud tone, we have no alternative but to temporarily disconnect the line so that others may have access to the switching equipment," Bailey said.

"Then, when the receiver is restored there can be a delay before the telephone becomes operative again," he said.

"We need all of our customers' understanding and cooperation in this matter so that everyone's service will be available to them whenever they need it," Bailey said. "After all, a working telephone is a pretty nice thing to have, but in an emergency it can be

#### THOUGHT FOR THE WEEK:

By C. D. Edge

### The Christian's Reward

The Bible tells us in I Cor. 3:8-EVERY MAN SHALL RECEIVE HIS OWN REWARD ACCORDING TO HIS OWN LABOR.

If you are a Christian then your life is to be lived for God. You are no longer your own, for you have been bought with a price. The Saviour paid for you with His blood on the Cross of Calvary. As Christians we work for the Cause of Christ because of love and for a reward. Not every child of God will receive the same reward in Heaven. But the reward of God for His own is available.

Your life on this earth is so very important not only to yourself but to the cause of our Lord. Many Christians never rise to the potential that He has given us. Many neglect opportunity after opportunity to say a word for the Lord, to do a work for the Lord, to even stand up for the Lord. Our prayer ought to be that each Christian live their life in such a manner that when we stand before God, He will say, "WELL DONE FAITHFUL SER-VANT." Remember His promise in I Cor. 3:14—IF ANY MAN'S WORK ABIDE WHICH HIE HATH BUILT THEREUPON HE SHALL RECEIVE A REWARD.

## City Clerks And Assessors To Meet

Mississippi's municipal clerks, assessors and tax collectors will have an opportunity to improve their skills and knowledge by attending an educational program offered at tow locations in October.

The training program for municipal officials will be held in Jackson on Oct. 8-9 at the Holiday Inn North and in Oxford on Oct. 22-23 at the Ramada Inn.

"Like other government officials, municipal clerks, assessors and tax collectors are facing a wider variety of responsibilities, pressure said Dr. and demands," Larry Graves, assistant coordinator, Center for Governmental Technology, Mississippi Cooperative Extension Service.

"The goal of these training programs is to help those officials obtain more professional expertise and status in their profession, with the community being the ultimate benefactor,' Dr. Graves added.

"Municipal Bookkeeping" will be discussed at both sessions by Keith Winfield, CPA, Watkins, Ward and Stafford, Louisville. Morris Collins Jr., director, Stennis Institute of Government, Mississippi State University, will discuss "Citizen Participation in Municipal Government."

"Productivity in City Government" will be the topic covered by Steve Murray, community development specialist, MCES.

Sponsors of the sessions are MCES, the Mississippi Municipal Association, and the Mississippi City Clerks, Assessors and Collectors Association. The training program, composed of 105 contact hours over a threeyear period, is fully accredited by the International Institute of Municipal

The program is conducted in part under a grant from the U.S. Office of Personnel Management under the Intergovernmental Personnel Act of 1970 and obtained through the Offices of Federal-State-Local Programs, Office of the Governor.

Early pre-registration is requested. The fee for each 1- 12 day session is \$35. This includes all course expenses, but does not include motel, transportation and food costs.

To register, contact the Center for Governmental Technology, Cooperative Extension Service, Box 5406, Mississippi State, MS 39762.

#### MAINTAINING YOUR MENTAL HEALTH

### Outpatient **Treatment Helps**

TIMBER HILLSMENTAL HEALTH CENTER Eleventh in a Series of Articles on Alcohol and Alcoholism

Most people who suffer from alcoholism can be treated as outpatients either by private physicians or in community facilities. The latter incllude general or veterans Administration hospitals, psychiatric clinics, family service agencies, community mental health centers, and specialized alcoholism treatment facilities.

Recent experience has shown that outpatient care is advantageous for most alcoholic patients. The reason is that the majority of alcoholic people are still trying, although with increasing difficulty, to carry out their home, work, and social activities. They are ill and in trouble, but they still have the advantage of reasonably intact life patterns upon which to rebuild.

Alcoholics Anonymous handles a large share of the alcoholic population seeking help outside of a hospital setting. The work of Alcoholics Anonymous is not only conducted at community AA meetings, but has spread to thousands of AA groups within various treatment facilities.

Some alcoholic patients need temporary inpatient care for medical treatment to help them safely stop drinking. Hospitalization is also a good way to introduce the patient to various kinds of treatment methods until he gains enough hope and confidence to continue outpatient treatment on his own after he leaves the hospital. Outpatient counseling is available in most alcoholism treatment programs such as the one at Timber Hills Mental Health Services.

For the patient who is not ready to go back to work full time-- at home or on the job- a day hospital setting may be useful. In this case, the patient returns home nights and on weekends, and gradually decreases the amount of time he spends in the day hospital.

The night or weekend hospital setting is for the patient who can return to a job, yet needs time before he is ready to return to the place where his real problems may lie- at home with his marriage and his family.

A halfway house is a place wher a recovering alcoholic individual can live for a while as he rebuilds his new life. Residents of halfway houses usually are without families, but at this facility they have a built-in circle of acquaintances who offer needed companionship. Most residents of halfways houses use these temporary homes as a base for moving out into the world. Timber Hills operates a 15-bed residential unit for male alcohol abusers located at 1402 Fourth at Breckinridge in Corinth. Haven House is funded in part by Title XX of the State Department of Public Welfare and is available to residents of Alcorn, Prentiss, Tippah, and Tishomingo Countiles.

At all of these part-time or fulll-time inpatient services, the patient can continue participation in therapy, obtain proper food, learn how to make and keep friends, recapture or develop work abillities, look for a job, and increase community contacts.

Next week- "What If He or !She Won't Go For Treatment?'

For information about alcoholl and drug abuse services available at Timber Hills phone 728-3174 or come by the offices on the Highway 30 Bypass in Booneville between the hours of 8:00 a.m. and 4:45 p.m. After hours and on weekends phone 1-286-9209 toll-free for emergency counseling services. For alcohol and drug emergencies phone 286-6908 24 hours a day.

This information was adapted from material available from the National Institute on Alcohol Abuse and Alcoholism.

## **Retired Federal Employees Meet**

Area members of the National Association of Retired Federal Employees (NARFE) met Sept. 17 at the Northeast Regional Library in Corinth to organize a local chapter.

The meeting, under the direction of state vicepresident, W.C. Nelms, and 1st district representative, resulted in the adoption of a constitution and by-laws as well as an application for

Pro tem officers elected for the chapter were Hugh Horton, president, and Willie D. Godwin, vicepresident, both of Corinth. Mrs. William Curtis of Iuka was elected secretarytreasurer.

Since the area involved includes the counties of Alcorn, Tishomingo, Prentiss and Tippah, the chapter will be known as the Jacinto Chapter because

Jacinto was the county seat of old Tishomingo County before its division in 1870.

The objectives of the chapter will be to promote the general welfare of civil service retirees, to advise and assist them with respect to their rights and the requirements under the law, and to cooperate with other Mrs. Kathleen Jennings, organizations in furthering the interest of senior cittizens, according to the new president.

> All retired civil service employees and their spouses amd all surviving spouses of deceased civil service retirees are welcome to join the chapter, Hortn said. Chapter meetings are to be held the third Thursday of each month, except for the month of October, during which the date is changed to the third Friday (Oct. 16) at 2 p.m. at the Northeast Regional Library in Corinth
