Re-Trial Set In November For Formerly Convicted Man

The manslaughter trial of a Prentiss County man, who received a change of venue after the state Supreme Court reversed his 1979 murder conviction, is scheduled for trial Nov. 4 in Aberdeen.

James Lowrey (Larry) Edge, 36, was convicted in a jury trial in the October 1979 term of Prentiss County Circuit Court of the shotgun slaying of another Prentiss Countyman, John Wayne

Murphy, 39, at Elder's Lake on the night of Oct. 24, 1978.

In February of this year the state Supreme Court reversed the murder conviction of Edge and remanded him for a new trial on the charge of manslaughter.

The Mississippi Supreme Court said that Circuit Judge Fred Wicker, who presided at Edge's trial, allowed four reversible errors that resulted in a

murder conviction and a life sentence for Edge.

Judge Wicker granted a change in venue in June after Edge's attorney argued widespread publicity during Edge's trial would prevent a fair second trial.

The shooting occurred in 1978 at Elder's Lake, south of Booneville, where Edge and his wife, Geneva, had met with Murphy and another woman, Eva Eppersen.

According to testimony during the first trial in 1979, Mrs. Edge had been having an affair with Murphy and was attempting to break the affair off.

The Edges testified that Murphy objected to her breaking off the affair and attacked her with a knife.

Mrs. Edge said that Murphy kept saying that if he couldn't have her, nobody else could and that he was going to kill her and then

himself.

The husband and wife testified that in the attack, Edge was cut on the hand during the struggle. Edge left his wife struggling while he got a 12 gauge shotgun, they testified.

When Edge returned to the scene of the struggle, Murphy was still attacking Mrs. Edge and still threatening to kill her when Edge shot Murphy, they said.

Grand Jury Returns 18 Indictments

By ANGELA SMITH
Staff Reporter

The Prentiss County Grand Jury, after meeting three days, has returned 18 criminal indictments, Prentiss County Circuit Clerk, Travis Cox, said Tuesday.

Only one of the indictments had been made public as of late Tuesday. The remaining 17 criminal indictments are being kept secret until the persons

named are taken into custody, Cox said.

Nicky Lauderdale, 35, of Route 3, Rienzi, was charged with mutilating a motor vehicle identification number on a 1972 Chevrolet pick-up truck allegedly belonging to Johnny R. Woodard.

The circuit clerk also released a partial report from the grand jury.

The grand jury reported that the Prentiss County Courthouse needs a general,

overall cleaning, especially the restrooms. The report said the restrooms need maintenance as well as cleaning.

The grand jury recommended fire extinguishers be installed in the area of the county superintendent of education's office, since there is only one means of access to the office.

The grand jury found the offices in the building to be neat, clean and as orderly as

the limited space allows.

The grand jury said the Prentiss County jail was crowded and that this condition was due to the housing of state prisoners there awaiting transportation to the state penitentiary.

The grand jury recommended that, if possible, more ventilation be provided in the cell area. The grand jury found the building to be reasonably clean and in good order.

Members of the grand jury are Genevieve Young, foreman, Theodore Allen Corkern, Jerrie C. Browder, Mary Alene Hare, Harold H. Campbell, Donnie Goddard, Betty Lynn Voyles, Charles Cartwright.

Roy J. Jones, Henry Bearden, David Franks, Rebecca Grove, Cordelia Calvary, James Timothy Grizzard, Donna Bain, Betty Smith, Blenda Childs and Oliver S. Baggett.

Illegal Cable Hook-Ups To Be Prosecuted

Anyone caught with an illegal hook-up to the local cable television system will be prosecuted, a spokesman for the company said last week.

So many people have been illegally hooking up to cable services that Heritage Cablevision in Booneville plans to prosecute in the future if the theft of cable services continues, W. E. (Skip) Pratt, general manager of Heritage Cablevision, said last week.

Pratt said the theft of cable services has been a continual problem and that "we're conducting an intensive audit to determine who is making illegal cable hook-ups."

"We're going to take a firm stand in prosecuting people who are illegally tapping into our lines," Pratt told *The Banner Independent*. "We have the

A FREE RIDE — J. P. Davis, left and Duane Rinehart give "Big John", Prentiss County's homegrown alligator a free ride on the back of the pickup truck in a Tuesday morning stroll. The alligator belongs to Davis and is on his pond in South Prentiss County near Franktown. Davis says the alligator makes great watch dogs or watch gators. The alligator weighs close to 150 pounds and are some 5 to 6 feet in length. (Photos by Lee Gentry)

two have stayed here. "Maybe they just like Prentiss County," he said.

How does one catch one of the gators? "Very carefully," Davis said.

"We usually have to catch them with hooks and this hurts them sometimes," he said. "We usually tie some meat up out of the water so the turtles won't get to it and this brings them immediately and they take the bait. Then we take a rope and lasso their jaws and pull them to the bank."

"This is extremely hard to do but with two strong men it can be done," he said.

The gators like to wander in the area from time to time, according to the 3rd District supervisor.

"They sometimes take a vacation in a neighboring pond and I'll have to go get them," he said. "All I have to do is take a shotgun and pepper them with buckshot and they'll head back to my pond."

The idea of getting the gators resulted from an over abundance of beavers, which had dammed up Davis' pond.

"This is why we got the gators in the first place," Davis said. "A beaver is a goner when he steps in the water. You just wouldn't believe how quick those jokers are."

After Davis finishes his long work days, he says he likes to just sit back and relax with a good, cool drink and forget about his troubles.

What kind of drink? Why, "Gator"—aid of course! See ya later, Alligator.

Pets vary in shapes and sizes. Some of the most unique ones in this area belong to 3rd District supervisor, J.P. Davis.

They don't fetch papers, but if you ask them real nice, they might roll over.

Yes, J.P. Davis has alligators for pets. You heard it here first. Alligators for pets.

Currently Davis has two alligators in his pond in South Prentiss County. The gators, named Big John and Little John appear to be right at home although their habitat is in the Sunshine State of Florida.

Duane Rinehart, who works with the Mississippi Game and Fish Commission, first brought the gators to Davis several years ago as babies and now one of them weighs nearly 150 pounds and is some five feet long.

Davis says he feeds them regularly and calls them at feeding time just like a dog or any other pet.

"When they hear my truck coming they come running," Davis said. "I just say, 'Come here Big John or Little John; and you see the water splitting.'"

Davis said sometimes they try to relocate and leave their home.

"We had five or six of them a few years back," he said. "But some of them got loose and got near some of the neighbors' ponds and were killed."

Davis said they will travel miles and miles on land to relocate, but said these

Contract Let For Overlay On Marietta Road

The Prentiss County Board of Supervisors awarded a contract last month to William Russell Bonds Company Inc. of Burnsville for 2.981 miles of leveling and overlay on the Marietta-Hazeldell Road, according to William P. Stevenson, State Aid Engineer of the Mississippi Highway Department.

The contract let to the Burnsville company was in the amount of \$116,079.65. Statewide, contracts providing for the improvement of 32,922 miles of

State Aid roads were awarded during September, Stevenson said.

The total cost of the work, statewide, will be approximately \$4.2 million and will provide for grading, drainage, base, double bituminous surface treatment, bridges and approaches, overlay, striping, and other improvements, he said.

State Aid projects are awarded by county boards of supervisors, subject to concurrence by the State Aid Engineer.

Pills, Firearms Found At Local Business Office

By KEN CHRISTIAN
Editor

Acting on a tip, a state narcotics officer this past weekend discovered two illegal weapons and what was termed "a substantial quantity" of pills at a local business office.

Morris Smith, a state narcotics agent based in Tupelo, said Tuesday afternoon that he and a local deputy executed a search warrant at the Bingham Leasing Company on Highway 45 North shortly after noon Saturday.

"I confiscated a substantial quantity of pills of which we don't know how many are controlled and how many aren't," Smith said. "We also recovered a sawed-off shotgun and a

very short .30 calibre carbine Enforcer, which has got a pistol grip on it."

The state agent said Tuesday that no charges have been placed in connection with the discovery of the drugs and firearms.

"As it stands right now, we are waiting on the lab reports on the drugs," he said.

He also indicated that the federal agency controlling Alcohol, Tobacco and Firearms (ATF) may pursue an illegal weapons charge against Thermon Bingham, in whose office the weapons were reportedly discovered.

"It's still up in the air," Smith said. "There's still some investigative work to be done by us and, I'm sure

by ATF if they pursue the weapons thing."

The narcotics agent indicated that it was his understanding that the weapons charges would be pursued by the federal agency only if it is discovered that Bingham has a prior felony conviction. He said a check is currently underway to determine if such a prior conviction exists.

If there is no prior felony conviction, Smith indicated no federal charges would likely be filed. As for state charges on possession of illegal weapons, he indicated that he understands the law to say that the weapons had to be

of Hobo Station, just off Highway 4. The \$36,000 facility is located on county property and will house the equipment used by the 4th District supervisor to maintain the district's roads, as well as other equipment. It is entirely enclosed by a hurricane-type fence.

From Page One: Pills, Firearms

discovered on the suspect's person. Otherwise all that could be done would be to confiscate the weapons. "I just haven't been able to find out a lot on our state law (concerning illegal weapons), but I have been advised that it refers you back to the concealed

weapon statute," Smith said. "That would make it mighty hard for us (to get a weapons conviction), I would think."

Smith said he hopes the results of the tests on the pills will be back from the lab by Oct. 19 when the Prentiss County Grand Jury

reconvenes, but he does not know for sure that they will be back in time.

If the lab tests show some of the pills to be controlled substances, Smith said the charges placed against Bingham would probably be possession or possession

with intent to deliver, depending on the quantity.

However, he said that he is sure some of the pills taken from the premises are "caffeine look-a-likes."

"How many are controlled (if any), I just don't know," he said.

BIBLE QUESTION BOX

QUESTION: Mr. Hogland, does baptism of the Bible have "modes?"

ANSWER: Technically, baptism does not have modes. Perhaps a better word would be the "action" of Bible baptism. The word "baptize" is a verb, and is used to express a specific act. It is from the word (baptidzo) which was not translated but was anglicized from the Greek to English. When properly translated it should always be rendered by a word expressing a specific act set forth. That act is to "dip" "to plunge" "to submerge" or to "immerse." It would not be correct to translate this word with the English words "pour" or "sprinkle" because these words are from entirely different words in the Greek. They are not used in connection with baptism. Sometime people do say that immersion is a mode or manner of baptism. But it is impossible to express way, or mode, or manner of a specific verb by use of another verb. To do that we must use an adverb. I could say that I baptize "hurriedly" to express the mode or manner of my baptizing. But to say, "I baptize a man by sprinkling him" is unforgivable, and would be parallel to saying, "I walk to Booneville by riding."

Cardiology Seminar Oct. 28-29

Seven of the South's leading cardiologists will be featured in a seminar for area physicians Oct. 28-29.

The seminar, entitled Cardiology Update, will be held at Pickwick Landing State Park Inn, Pickwick, Tenn., and is being sponsored by Magnolia Hospital of Corinth and the Alcorn County Medical Club.

The seven specialists are scheduled to discuss a variety of topics within the cardiology field.

Cardiologists scheduled to participate in the seminar include: Silvio Papapietro, M.D., a Birmingham, Ala., cardiologist, who is associated with the Carraway Methodist Medical Center; Randal G. Hess, M.D., also of Birmingham, Ala., and associated with Carraway Methodist Medical Center;

Vance Plumb, M.D., an assistant professor of medicine at the University of Alabama, Birmingham;

Jay Sullivan, M.D., of Memphis, a professor of medicine at the University of Tennessee Medical Center;

Cecil Cogan, M.D., of Birmingham, a professor of medicine at the University of Alabama, Birmingham; John Prather, Ph.D. M.D., Magnolia Hospital's director of cardiology and program director for the seminar;

Mike Crowley, M.D., of Richmond, Va., an assistant professor of medicine at the Medical College of Virginia.

Three area physicians will serve as moderators for the half-day session: Michael H. Smelser, M.D., a doctor of internal medicine in Adamsville, Tenn.; Thomas Sweat, M.D., who practices family medicine in Corinth;

and Kelly S. Segars, M.D., who is engaged in family practice in Luka.

The agenda for the two-day seminar includes an evening banquet with entertainment and an optional tour of the Tennessee Valley

Authority's Yellow Creek Nuclear Power Plant.

For additional information about the seminar, contact Mrs. Jane Kaup, Continuing Medical Education Coordinator, Magnolia Hospital, Alcorn Drive, Corinth, MS 38834.

WMU Meeting Thursday

The Woman's Missionary Union of District 8 will hold its fall meeting Thursday, Oct. 22, at the Booneville First Baptist Church.

There will be two sessions. The first will begin at 10 a.m. and conclude with a lunch served by the host church and provided by the Prentiss Baptist Association.

The second session, which begins at 7 p.m., will be an abbreviation of the day session.

The program will include foreign missionary speaker, Mary Frank Kirkpatrick, a Southern Baptist Missionary serving in Monrovia, Liberia.

Also speaking at the meeting will be Waudine Story of the WMU Department of the Mississippi Baptist Convention.

Any business matters of the district will be conducted during the day session.

District 8 is composed of Alcorn, Benton, Prentiss, Tippah and Tishomingo counties. Mrs. Joe Weaver of Corinth is district director.

IN MEMORY — On July 4 of this year, the Booneville Uptown Association planted a magnolia tree in front of the Booneville City Hall in honor of the late Marion W. EYE COORDINATION

When your eyes are working the way they should they're both looking directly at an object with the same intensity and precision. But if they're not, there may be a problem in the muscles of one or both eyes.

Each eye has six muscles that control movement and position. They must be in good working condition to give you proper eye coordination. If there's a weakness or defect in any one of these muscles your eyes are not getting the help they need to see well. This can cause problems. Your vision won't be as clear as it should be. You'll probably be putting extra strain on the weak muscles

to try to bring them into line. This can cause headaches, fatigue, and sometimes double vision. It also affects your depth perception, your ability to judge the size of things seen at a distance.

To be in good health you should be able to control all of your muscle movements, including the muscles of your eyes. If you've noticed any weakness in your vision it may be time to have an eye examination.

For answers to your specific questions regarding vision, Dr. White invites you to call his Booneville office

'Talk O' The Town' Street Opinion Poll

QUESTION: October 11-17 is National Newspaper Week. How do you feel about your local paper? What do you like about The Banner-Independent and what do you dislike about it?

JOAN KOON of Route 1, Booneville: "I hadn't thought about it. I like the coverage our communities have and our schools. There is nothing I dislike that I can think of."

MRS. W. D. CLIFTON of 800 George E. Allen Dr.: "I can't think of anything I dislike about the paper. It covers all local news and it's a boost for the city and county schools and the junior college and for all the businesses in the city."

GINA STEPHENSON of Route 1, Booneville: "When the paper comes out, it's pretty thorough. I don't like it just coming out once a week. The paper should come out more often."

TRUMAN SMITH of Rienzi: "I like The Banner-Independent mainly because it has local news and I like to keep up with my friends in the area. I also like the church advertisements. I mainly like the paper because I'm a Prentiss County boy."

G. W. ARMSTRONG of Route 1, Rienzi: "It's always been a good newspaper for the community and surrounding area. It's a good little paper."

PHIL PURVIS of 102 Glendale St.: "I like the paper. It's a nice informative paper. I like the sports. The paper does a good job on sports."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

Reflections

By Ken Christian

"You can sure tell that he's running for office again!" That's what one Prentiss County official whispered in my ear last Thursday afternoon when Senator John Stennis made a surprise whirlwind tour through Prentiss County during a brief recess of the U. S. Congress. Normally advance notice is given when prominent politicians such as Stennis plan to visit the area. But I think the senator took everyone by surprise last week. The first I knew about him being in town was when I looked up from my desk and saw him walk in the front door of The Banner-Independent.

After saying hello to everyone here, the senator, accompanied by staff member J. B. Love and Jackson, stopped at the Prentiss County Courthouse where he

talked briefly with members of the board of supervisors and other county officials and employees.

The senator also visited the courtroom upstairs where he reminisced with Circuit Clerk, Travis Cox, about some of the cases the senator had worked on in that room during his younger days.

From the courthouse, the senator stopped briefly at the sheriff's office, where he exchanged amenities with Sheriff John McCauley and several deputies and office personnel.

From there, the senator was off for a brief stop at and tour of the George E. Allen Library. Then it was on to the Northeast Mississippi Junior College.

After talking briefly with Northeast President Harold T.

White, the senator greeted other college personnel and students before setting off toward New Albany.

In all, the senator spent probably less than two hours in Booneville, but he made every minute count.

The assassination of Egyptian president Anwar Sadat, which had occurred only two days previously, was foremost in the minds of many people as the senator made his rounds Thursday. The senator himself was the victim of a shooting in front of his home in Washington about nine years ago.

He said Thursday that prior to a recent meeting with President Reagan and other members of congress, the President, who has also been the victim of a shooting jokingly told Stennis, "Some day we need to get together and compare bullet holes!"

Even though the senator jokes about it, he said that everytime there is a shooting, assassination or attempted assassination it brings back painful memories of when he himself was shot. Stennis was apparently more severely injured than President Reagan was when he was shot. Stennis received extensive internal injuries and suffered through a long recovery period.

But, thankfully, he says he suffers no ill effects of the shooting now.

An Editorial

Trying To Be All Things To All People

(The following editorial originally appeared in The Banner-Independent last year during National Newspaper Week.)

Just what is the function of a community newspaper? Every single reader has his or her own opinion of what a community newspaper is supposed to do. But the fact is, even among themselves, they disagree on the very basic issues of what a small weekly paper is supposed to do.

Some believe it serves a church function. It should bring the community together and guide its citizens to good thoughts and actions.

Others think it should be a paper arm of the community — a billboard and calendar and newsletter to inform every towns person of the goings-on of every other towns person.

Some think the community paper serves as a school — it should instruct, explaining the news and telling what can be done about it.

Some think it should be a policeman for all, guarding the community and any politicians in the vicinity from pleasantly ripping out each other's throats — or having someone else rip their throats.

Some like to think a newspaper has the same purpose as the town cinema — to provide (well, at least to find) action-packed drama and larger-than-life thrills.

Still others think the paper is primarily a shopping service — a mini-mall of advertisements and classified ads that run the gamut from junk to jewelry.

And, in every town, there are those who think the newspaper is primarily a sports arena, sports announcer and sports booster

club rolled up into one.

Finally, one must never forget that wonderful — large — group who think a newspaper should be all of the above. And to a certain extent they are right.

But never mind that many weekly newspapers are in a position to afford one and one-half to two and one-half staff members to do all these things. And never mind that they aren't paid enough to afford the large doses of amphetamines that would be necessary to get even half of all that stuff done.

They should (and do try) to cover club meetings, beauty contests, ball games, wrecks, fires, board meetings and dozens of other things. And usually at night after they have worked more than a full day during the daylight hours.

But they still get pounced upon when they don't get THE picture or THE story somebody thinks they should.

You know the only problem with trying to please everyone? It can't be done.

To those who think a newspaper should take strong stands, objectivity is really being wishy-washy.

To those who think fairness is the ticket, strong stands are really displays of prejudice.

Those who like feature stories find hard news pretentious and boring. And those who like hard news find features silly and boring.

If a paper prints lots of pictures — or big pictures — it's because they're too lazy to get the news. If it doesn't, it's because the photographer is lazy — or lousy.

When a newspaper makes an error, they are careless, sloppy and not devoted to their jobs. Never mind that there are more than 800 (that's eight hundred) op-

Your window to the world

portunities to make an error in each column inch (that's one inch) of news space. And never mind that the person who made that error may have been up until 2 a.m. the night before trying to get the paper ready to go to the printer.

Way in the background you may occasionally hear a voice (usually sobbing). He knows what a paper really is. You'll hear him whisper once in a while: "It's a business."

He is the publisher. He pays the bills.

But he doesn't expect

anyone to believe him. After all, if it were a real business, it couldn't afford to be church, school, policeman and billboard, could it?

No other business in the world is expected to stick out its economic neck and jeopardize its very existence by taking sides on even the thorniest of issues. And even if it doesn't take sides, it's accused of doing so.

In trying to be all things to all people, a newspaper must exercise great care in what it does and says. It must be careful not to praise the "courage, valor,

intelligence or guts" of a fullback bucking a line while we have brothers — such as the Egyptians who have just buried their president — who know the real meaning of these words.

Community newspapers don't kid themselves. They are not in a position to influence world opinion, elect a president, or rid the country of cancerous growth in federal government. Only rarely does a community newspaper, such as the small weekly in California in 1979, win a Pulitzer prize. Such prizes are almost always reserved for the New York Times and the Washington Post.

But a community newspaper can have a lasting effect — good or bad — on its community. It must exercise discretion in the

way it wields the 26 sharp-edged tools of its trade called the alphabet. It must always realize that a good newspaper can make a better community. And a good community can make a better newspaper.

So what is a community newspaper?

It is usually cursed, sometimes praised, and always expected to include in its columns everything that could be of interest to any one of its readers — yet never print anything that a single reader might object to.

It is a man-made product, subject to the frailties and foibles of human hands and minds. Plus the demanding pressures of deadlines.

As hard as it tries, it can never be everything it is expected to be.

Ponderings

By Angela Smith

I like surprises. Most of the time.

Thursday of last week U.S. Senator John Stennis stopped by The Banner-Independent office during a politicking stop-over in Booneville.

Had I known the senator was coming I could have handled the situation a little differently.

For instance, I could have washed my hands. When the senator shook my hand, my hand was covered in blue and black ink. Very tacky.

After the senator breezed into the office I should have known to take the telephone off the hook. Because just seconds after Senator Stennis arrived, the phone rang and for the remaining time the senator was here I was taking a very long classified ad over the phone.

Although it was not confirmed, I believe the senator

stopped by the Banner to do more than just politic. I think he wanted to look at all the pictures of girls on our sportswriter's office walls. I will repeat, this was not confirmed!

Hooray For National Newspaper Week

In honor of National Newspaper Week, I have compiled a small list of quotes from people that drive me crazy. The quotes drive me crazy, too.

"I can neither confirm nor deny that fact."

"Everything is running smoothly."

"Just between you and me."

"That's a good question."

"This is off the record."

"Well, what do YOU think?"

And last but not least, "Don't quote me."

History Repeats Itself

Every year I do the same dumb thing when I receive a flower and bulb catalog in the mail.

I look at all the pictures of gorgeous flowers and actually believe that I can grow them, too. It looks like I would learn my lesson.

But I order flower bulbs anyway. By the time the bulbs arrive, I have forgotten all about them and my ambitions to plant them for beautiful flowers in the spring.

It definitely was a moment of madness when I ordered 100 tulip bulbs. The bulbs arrived last week.

If anyone has ever attempted to plant 100 tulip bulbs they know what I'm talking about.

After I finished that little task of planting the bulbs, I went in the house and my father said, "Here's the mail that came for you today."

It was another flower and bulb catalog.

Bike-A-Thon Is Sunday

Sponsor forms are still available to anyone over 8 years of age who wants to ride in the St. Jude "Wheels-For Life" bike-a-thon to be held Sunday, according to bike-a-thon chairman, Betty Phillips.

To be eligible to register for the ride, riders need to bring their sponsor forms with them, she said. If the rider is under 18 years of age, the form must be signed by a parent.

Sponsor forms are available from the Jumptown Supermarket and WIBIP radio station.

All riders are to be at the Jumptown Town Hall by 1:30 p.m. Sunday. Ms.

Phillips reminds them to bring and turn in all advance pledges collected.

Volunteers helping with the ride are asked to be at

the Town hall by 1 p.m.

First prize for the most money collected will be a 10-speed bicycle. Second prize will be a portable multiband radio. Also, T-shirts will be given for collections of \$25 and jackets for collections of \$75.

"We're looking forward to a very successful and rewarding bike-a-thon," Ms.

Phillips said. "Not only will it be great fun, but we can be left with the thought that our efforts will be helping St. Jude Hospital in the treatment of children from all parts of the country."

"The St. Jude Bike-A-Thon is being sponsored by the Jumptown Jaycees and Jaycettes, and the Prentiss County FBLA Chapter.

SOFT CONTACT LENSES \$150.00

The FDA (Food and Drug Administration) has begun to approve and more companies to manufacture soft contact lenses. This has stimulated competition among the manufacturers and has resulted in a dramatic reduction in the cost of contact lenses to eye care professionals. This may be permanent or temporary. We have no way of knowing for sure.

At any rate, we have chosen to pass these savings on to our patients and for a limited period of time we are offering soft lenses for one hundred and fifty dollars.

This price includes: Complete professional examination
Pair spherical soft contact lenses
Fitting and instructions
Chemical care kit
12 months follow up care

Astigmatic and extended wear lenses are considerably more.

PILOTS HONORED - Booneville Mayor Charles Crabb (seated) signs a proclamation declaring that the week of Oct. 19 be set aside to honor members of Pilot International. Founded in Macon, Ga., in 1921, Pilot International is celebrating 60 years of friendship and service at home and abroad. On hand for the signing of the proclamation are (standing, from left) Mrs. Billie Morgan, Mrs. Gladys Moore and Mrs. Robbie DeDaniel of the Booneville Pilot Club.

BPW Club Meets

The Booneville Business and Professional Women's Club met Sept. 17, at the home of Mr. and Mrs. Thomas Keenum.

B&PW members, Wanda Crow, Willetta Dixon, Molly Ethridge and Ann Floyd prepared and served the meal.

Plans were finalized for the upcoming

National Business and Professional Women's Week, starting Oct. 18. Each year the Booneville B&PW Club joins other B&PW clubs nationwide in saluting the women work force of America.

It has always been a tradition of the Booneville B&PW to highlight the end of National Business and Professional Women's Week

with the local Queen of the Forest Beauty Pageant.

The Queen of the Forest Beauty Pageant will be Saturday, Oct. 24, at 7 p.m. in the Seth Pounds Auditorium on the NEMJC campus. The contest is open to girls ages 3 - 21 and boys ages 3 - 6. To register as a contestant call 728-6601 or 728-6126 or 728-4031.

TO ATTEND MEETING - Making plans for the annual Region II meeting of the National Association of Junior Auxiliaries to be held in Osceola, Ark., are Booneville Junior Auxiliary board members (left to right) Nancy Cozort, Elaine Hatfield and Louise Coggin.

JA Members To Attend Meet

Ten members of the Booneville Junior Auxiliary Chapter plan to join some 187 ladies of the National Association of Junior Auxiliaries at the Region II meeting in Osceola, Ark., on Oct. 22.

The meeting is designed to give definite instructions in carrying out the projects of the chapter, to serve as a time for discussion of issues to be presented at the annual meeting, and to provide workshops for the exchanging of ideas among chapters.

The regional meeting has always been very beneficial to the Booneville chapter in acquiring new ideas and projects which will better the community, a club

spokesman said.

Among the projects currently being worked on by the Booneville chapter are: special education tutoring, hearing and visually impaired classes, Lifeline, Teacher Appreciation Day, amblyopia screening, Jr. J's, and Children's Playhouse. The club also gives assistance to six needy families.

The Booneville chapter provides the community with these services with proceeds from the annual Charity Ball, held each spring. This is the only money making project held by the Booneville Junior Auxiliary.

Members from Booneville

planning to attend the Region II meeting are Mrs. William (Elaine) Hatfield, Mrs. Ray (Nancy) Cozort, Mrs. Richard (Louise) Coggin, Mrs. Randy (Dana) Moffett, Mrs. Tracey (Shirely) Armstrong, Mrs. Ben (Gloria) Smith, Mrs. Pud (Reba) Burress, Mrs. Bobby (Deanna) Burress, Mrs. William (Martha) White and Mrs. Joe Ray (Dot) Langston.

LITTLE BROWN QUARTET-The Little Brown Quartet represented Mississippi in the Annual National Youth Conference held in Louisville, Ky., in July. The quartet competed against seven different quartets from all over the United States. The Little Brown Quartet received a number one rating. Pastor Gene Gilbert attended the conference with the girls. Shown are (l-r) Michelle Akers, Janeen Akers, pianist, Katrina Akers, Betty Smith and Paula Gilbert.

Library Notes

By LEE DAVIS
Librarian

The Allen Library desires intensely to serve its purpose, which is to provide the best possible service to our community.

From time to time ways in which it can serve you and of which you may not have been aware appear in our column, "Library Notes," as well as ways in which you can make your wishes known.

Today's "Notes" is an appeal for those who have long overdue books to return them to the library.

Materials that are very helpful to you usually have the same value to other would-be users. Some of our practice examinations, how-to books, required reading

for class work, and similarly indispensable subject matter are in constant demand.

Having one person exceed his time limit of use causes problems for a number of people.

Books, of course, can be checked out for a second, and in some cases a third, two-week period. The exception is when another patron is waiting for the material. To extend your check-out period, you may bring the book to the library or you may call 728-6553.

To extend your check-out period, you may bring the book to the library or you may call 728-6553.

The cards kept at the circulation desk our personnel

The cards kept at the circulation desk help our personnel know who has material and when it is due. They are filed by the date on which they are due. Each day's cards are arranged alphabetically by author.

These two pieces of information and the book title are helpful when you call for the time extension, making the transaction as simple as possible. It is found on the book pocket and the blue date-due card it contains inside the front cover of the book.

Fines for hardback books are five cents per day per book. Oversights in returning books can cause this amount to embarrass the user.

Fines are intended just to be a reminder and to get

the books back into use. Any books returned Friday, Oct. 16, will be received fine-free.

If a convenient time for returning books falls during hours when the library is not open, you may put the material in the depository on the parking-lot side of the building.

The George E. Allen Library is supported through public funds for

public benefit. Many people find special ways to be of service to their fellow citizens by personal gifts of materials, time, work, and money to it.

Use the library often and well. Its materials are loaned in good faith. Please keep your part of that understanding by returning borrowed books for others to use.

Miss Rae Ann Prater Weds Mr. Joseph Vernon

MICHIE, Tenn. — Miss Rae Ann Prater and Vernon Joseph Tatum were married Saturday, Aug. 15, at 2 p.m. at the Michie First Baptist Church.

The pastor, Lathon Bray, officiated at the ceremony. The bride is the daughter of Mr. and Mrs. Ronald Prater of Michie. The groom is the son of Carolyn Ann Tatum of Booneville and W.H. "Buck" Tatum Jr. of Ripley.

Grandparents of the bride are Mr. and Mrs. Oscar Shelton of Appleton City, Mo., and Mr. and Mrs. Ray Pfater of Wichita Falls, Texas. Grandparents of the groom are Mr. and Mrs. Vernon Key of Booneville and Mr. and Mrs. W.H. Tatum of Ripley.

A program of nuptial music was presented by Mrs. Cesar Vallejo of Brazil, Ill. Vocalists were Roy Shapley of Ripley and Johnny Parrack of Corinth.

The bride was given in marriage by her father. She wore a gown of sheer organza over taffeta. The flowing hemline formed a chapel-length train.

The bride wore a picture hat with white silk rose and beaded lace trim with chapel-length veil of illusion and carried a bouquet of white rosebuds, baby's breath, greenery and lace with white streamers.

Mrs. Oneal Moore of Michie, sister of the bride, served as Matron of Honor. She and the flower girl, Stephanie Vallejo of Brazil, Ind., wore gowns of blue. Mrs. Moore carried a nosegay of blue daisies, white mums and baby's breath tied with blue streamers.

Both Mrs. Moore and Miss Vallejo wore coronets of

Mrs. Vernon Joseph Tatum

baby's breath in their hair. Christian Vallejo of Brazil, Ind., served as ring bearer.

Serving as best man was Bill Tatum of Ripley, brother of the groom.

The wedding was directed by Mrs. Ronald Snider of Princeton, Ind.

The Reception
Immediately following the ceremony, a reception was given by the bride's parents.

Serving at the bride's table were Lisa Kinchen of Selmer, Tessa McAfee of Michie, and Tammy Russell of Pontotoc.

Serving at the groom's

table was Lecia Stegall of Pontotoc. Assisting the servers were Mrs. J.O. Pratt of Acton, Tenn., Mrs. Lathon Bray and Mrs. Randal Brown, both of Michie.

Jonna Templeton of Memphis presided at the guest registry. Don Shapley was program attendant.

Rice bags were distributed by Clinton and Bryson Snider of Princeton, Ind.

The couple are making their home in Ripley. Mrs. Tatum is a sophomore at Blue Mountain College and Tatum is employed by the West Tennessee Stockyards in Selmer.

Home Economist's Notes

Chestnuts Will Keep Well When Frozen

By CLAIRE T. ROSS
Extension Home Economist

SINCE YOU ASKED

Q: How do you store and use chestnuts?

A: Chestnuts are perishable at room temperature but will keep several months in the refrigerator in loosely covered containers or in ventilated plastic bags.

Shelled, blanched chestnuts (whole or chopped) may be frozen for storage. Pack them in tightly closed freezer containers and freeze im-

mediately at 0 degrees F or lower. Use in cooking without defrosting.

TO SHELL: Peel leathery shell from chestnut. Spread nutmeats and let them stand a few hours to dry before storing.

Removing thick skins gives chestnuts a delicate flavor and improves appearance. This may be done by placing nuts in boiling water (blanching) or by roasting.

TO BLANCH: Place shelled chestnuts in boiling water and let stand for 2 minutes. Remove a few at a

time, cool slightly, then peel with a paring knife.

TO ROAST CHESTNUTS IN THE SHELL: Slash through the shells on the flat side of the nuts. Place chestnuts, cut sides up, on a baking sheet. Roast at 400 degrees F (hot oven) until tender — about 20 minutes. Insert fork through cuts in shell to test tenderness.

NOTE: Dr. Burnham recommends letting chestnuts to be roasted in the shell dry spread on a flat surface for about a week if they have just fallen from the tree and have a high

moisture content. He said this improves the taste considerably.

NEW LOW CALORIE SWEETENER

The Food and Drug Administration has ap-

proved the use of aspartame for sale as a tabletop sweetener (in both tablets and powder-containing packages) and for use by manufacturers in cold breakfast cereals, chewing gum, and other food products.

Aspartame is the first chemical sweetener FDA has approved since it banned cyclamates in 1970. It provides the sweetness of sugar with one-tenth of a calorie per teaspoon; a teaspoon of sugar has 18 calories.

Local DKG Club Initiates New Members

Mrs. Marinette Wojcik of Booneville was initiated into the Upsilon Chapter of Delta Kappa Gamma, an international honorary teachers society, on Oct. 3 in a ceremony at Northeast Mississippi Junior College.

Mrs. Wojcik is a first grade teacher at Thrasher Elementary School.

Other new members received into the society at that time were Mrs. Anna Quinn of New Albany, Mrs. Sherrell Settlemyres of Ripley, and Mrs. Lana Harrelson of Iuka.

The ceremony was conducted by chapter president, Mrs. Marie Spain, with the assistance of other members and officers, who stressed the purposes of the society.

Delta Kappa Gamma strives to unite women educators of the world, to honor women who have given distinctive service in any field of education, to advance the professional interest and position of women in education, to endorse and support desirable legislation, to endow scholarships to aid women educators, to stimulate personal and professional growth of members, and to inform members of current economic, social, political, and educational issues, Mrs. Spain said.

The Upsilon Chapter has members from the six counties of Alcorn, Prentiss, Tippah, Tishomingo, Benton and Union.

DELTA KAPPA GAMMA INITIATION—Participating in the recent initiation ceremonies of the Upsilon Chapter of Delta Kappa Gamma are Mrs. Katie Lee Gault (seated), Initiation Committee member, and (standing, from left) Mrs. Marinette Wojcik, new member; Miss Nancy Brewer, recording secretary; Mrs. Anna Quinn, New member; Mrs.

Lynn Daniel; Mrs. Sherrell Settlemyres, new member; Mrs. Cleo Ivy, corresponding secretary; Mrs. Lana Harrelson, new member; Mrs. Jo Cox; Mrs. Marie Spain, chapter president; and Mrs. Jeannine Stone, second vice-president.

Mrs. Jones Celebrates Her 87th Birthday

Mrs. Elzie Jones celebrated her 87th birthday, Sunday, Sept. 27. A dinner was held in the fellowship hall of Jones Chapel Church in honor of her birthday.

Her granddaughter, Vivki Loveless of Padon, baked a birthday cake for the occasion.

Mrs. Jones has a daughter, Mrs. Atha Seller of Corinth, eight sons, Herman Jones, Earl Jones, Cephas Jones, the Rev. Elton Jones, the Rev. Dencil

Jones, Dalton Jones, and Joseph Jones all of Booneville and Jasper Jones of Eva, Ala.

Mrs. Jones has 25 grandchildren and 25 great-grandchildren. The immediate family members total 129.

In addition to family and friends helping Mrs. Jones celebrate her 87th birthday were her pastor, the Rev. Travis Smith and family and the Rev. and Mrs. Paul Long of Tupelo.

Student Council Workshop Oct. 19

Junior and senior high school student council members from throughout North Mississippi may attend the annual Student Council Workshop Oct. 19 and 20 at The University of Mississippi.

The workshop will be held Oct. 19 for junior high school students and Oct. 20 for senior high school students. Registration both days will be held from 8:30-9:30 a.m. in lobby of the Ole Miss Union.

Barry Hickman, junior counselor for the National Leadership Training Centers in Alvarado, Texas, will be the consultant for this year's workshop.

The Mississippi Student Council Workshop is designed to increase the effectiveness of student councils by providing leadership training and permitting exchange of ideas between councils.

The program is sponsored by the Ole Miss School of Education's Department of Curriculum and Instruction and the Division of Continuing Education, in cooperation with the Mississippi State Association of Student Councils.

"WE APPRECIATE YOUR BUSINESS"

Sunflower News

by ROCHELLE JENKINS
Correspondent

I would like to welcome all our readers back to the Sunflower News, and maybe even gain a few new ones.

As I was riding along to Sunday School Sunday morning, I looked at the trees, at how the leaves have begun to fall and change color. Then I thought of how the days get shorter and the nights get longer.

It's amazing how the season automatically brings a change in the weather and climate, all performed by the hand and work of God. Everything obeys God automatically - but man, who is supposed to be the wisest of all the things created.

The greatest news of all things is the Jesus died on the cross for our sins.

Congratulations to Mr. and Mrs. Howard Gaston on the news they received in the doctor's office about the new arrival that is yet to come. Would you like a boy or a girl, Howard? Or maybe

twins or triplets! Nevertheless, congratulations.

I feel we should look at the progress of the community instead of just the bad points. Looking on the corner of Sunflower Street, we see a great change. Beckley Chapel parsonage is beautiful.

I haven't had the opportunity of going inside yet, but the outside is beautiful.

We would also like to take the time out to welcome their new pastor, the Rev. Poole, to our community. We hope he will find it most enjoyable to live here. We have some very good people within our community.

Next, congratulations are in order for Miss Kathy Triplett for being chosen, football maid at Booneville High School. Whenever our young people are honored, we as adults, fellow classmates and school mates, should encourage each other to continue to do well.

We pray God's blessing upon all the sick and shut-in for a speedy recovery - or

just the will of God be done in their lives.

I attended a P.T.O. meeting Tuesday night. I wish I could encourage or even knew a method to help encourage our people to attend their P.T.O. so that they might know what's going on within the school their children attend.

Some parents feel they haven't the time and some feel that others wouldn't listen to them. But I feel the most important thing is that my child attends that school and that parents have certain rights within the laws that permit them to have a say-so.

I feel that elementary school is the basis for whatever the child will ever know and a parent should be more concerned then than ever.

There are certain problems that a child may have that need to be seen about early so that the problem may be helped. If you wait too long, the child is too old to really help the problem that child has.

If the parents are not concerned, then there's really not much the teacher can do. Parents have a great influence over the children. If the parent and the teacher work together, the problem may be solved. If the teacher and the parent are not together, then the child gets the worst end of it.

These are our children. If we are not concerned, then nobody else can or will love and be as concerned for our children as we should be. Let's work as a team - united together - because our children are the adults of tomorrow. They'll never get through life successfully without Jesus and education.

I want the best for my son. Don't you, as a parent, want the same for yours? Let's attend. It's only one hour. Is that too much to ask for the future of your child? Let's be concerned.

Thought for the week: "Heaven or Hell is only a heart beat away. Where will you spend it? The choice is yours." 'Til next week.

TWO WEEKS 'TILL HALLOWEEN - Students at the Booneville Elementary School are counting the days until Halloween. The annual Halloween Carnival at the elementary school will be held Saturday, Oct. 31, beginning at 5 p.m. Booneville Elementary School students shown are

PTO Officers Elected

The 1981-82 officers of the Booneville Elementary School Parents-Teachers Organization (PTO) were elected at a meeting at 7 p.m. Tuesday, Oct. 6, in the auditorium of the elementary school.

Elected as officers were Bill Murphy, president; John Morrow, vice-president; Lynn Vuncannon, secretary; Junior Roper, treasurer; and Gale Johnson, reporter.

Also at that meeting, the PTO elected to hold the

annual Halloween Carnival on Saturday, Oct. 31. It is to begin at 5 p.m. and last for approximately three hours, with activities to be provided for "kids of all ages."

There are plans for a variety of games and activities, as well as lots of food.

In conjunction with the Halloween Carnival, the PTO decided to sell "Halloween Insurance" as a further money-making project.

Policy holders of this "Halloween Insurance" will be able to contact members of the PTO from 1 to 5 p.m. Sunday, Nov. 1, at the Booneville Elementary School. Crews will be available to clean-up after any visits by "ghosts" and "goblins."

Hal Wilcox was named as chairman of the Insurance Committee. To purchase a policy, contact him or any of the PTO officers. Policies will be sold by the

Elementary School students.

The Booneville PTO is encouraging parents of children attending the Booneville Elementary School to participate in future PTO meetings. Dues are \$1 per member and can be paid at any meeting or to Junior Roper at any time.

Funds raised by the PTO will be used to finance projects for the betterment of the Booneville Elementary School.

FMHA Grants Given

According to Talmadge L. Finch, FmHA district director, during the first 10 months of Fiscal Year 1981 District 6 received \$44 million in loans and grants from the U.S. Department of Agriculture Farmers Home Administration (FmHA) to support farms, home improvement and community development in rural areas.

The agency's farm loan services, which supplement private credit available in rural areas, added \$29.5

million to District 6 resources for operation of farms during a year of emergency and commercial credit shortage for many farmers, Finch said.

FmHA home loan programs accounted for \$9 million to build or improve 296 homes in town and countryside areas. This total includes \$1.8 million for two RRR projects to serve family and elderly renters.

Loans and supplementary grants to improve rural

community water, sewer, health, fire protections and other public facilities totaled \$5.5 million for 22 projects in District 6.

Finch said FmHA's improvement as a multipurpose rural financial agency, servicing rural localities thorough county and district offices, has resulted in \$711 million more farm credit and community development in rural Mississippi during this 10 month period.

The Mayor and Board of Aldermen of the City of Booneville, Mississippi, took up for consideration an Order of the Mississippi Board of Economic Development entitled "ORDER OF THE MISSISSIPPI BOARD OF ECONOMIC DEVELOPMENT DIRECTING THE ISSUANCE TO THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF BOONEVILLE, MISSISSIPPI, ACTING FOR AND ON BEHALF OF THE CITY OF BOONEVILLE, MISSISSIPPI, OR CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY INVOLVING THE ISSUANCE OF INDUSTRIAL DEVELOPMENT REVENUE BONDS," adopted by the Board of Economic Development on September 17, 1981.

It was thereupon ordered that the aforesaid Order be spread at length upon the minutes of the Mayor and Board of Aldermen said Order being in words and figures as follows:

The Mayor and Board of Aldermen took up the matter of issuance of the Industrial Development Revenue Bonds of the City of Booneville, Mississippi, in the principal amount not to exceed One Million Five Hundred Thousand Dollars (\$1,500,000). After a discussion of the subject, Alderman Siten offered and moved the adoption of the following resolution: RESOLUTION DECLARING THE INTENTION OF THE CITY OF BOONEVILLE, MISSISSIPPI, TO ENTER UPON AN INDUSTRIAL DEVELOPMENT PROJECT AND TO ISSUE INDUSTRIAL DEVELOPMENT REVENUE BONDS OF SAID CITY IN THE PRINCIPAL AMOUNT NOT TO EXCEED ONE MILLION FIVE HUNDRED THOUSAND DOLLARS (\$1,500,000) FOR SUCH PURPOSE, AND DIRECTING THE PUBLICATION OF NOTICE OF SUCH INTENTION.

WHEREAS, the Mayor and Board of Aldermen of the City of Booneville, Mississippi (the "Governing Body"), acting for and on behalf of the City of Booneville, Mississippi (the "Issuer"), does hereby find, determine and adjudicate as follows:

1. The Issuer is a municipality as defined in Chapter 147, General Laws of Mississippi, Regular Session 1960, as amended, appearing as Title 57, Chapter 3 of the Mississippi Code of 1972 (the "Act").

2. On September 1, 1981, this Governing Body, as authorized by the Act, adopted a resolution making application to the Mississippi Board of Economic Development (the "Board") for a Certificate of Public Convenience and Necessity (the "Certificate") authorizing the Issuer to acquire, own and lease a Project as hereinafter defined and to issue its industrial development revenue bonds to finance said Project.

3. On September 17, 1981, the Board ordered and directed the approval of the aforesaid application and issued its Certificate No. 488R to the Governing Body, which Certificate authorized and empowered this Governing Body, acting for and on behalf of the Issuer, subject to the conditions therein set out, to adopt and publish a resolution declaring its intention to issue industrial development revenue bonds of the Issuer as authorized by the Act in the principal amount not to exceed One Million Five Hundred Thousand Dollars (\$1,500,000) to provide funds to acquire said Project and thereafter to lease said Project to Prentiss Manufacturing Company or its designee (the "Company") for the purposes hereinafter set out; and

4. In order to promote industrial development and to provide additional gainful employment for its citizens, the Issuer should declare its intention to issue industrial development revenue bonds of the Issuer in the principal amount herein provided.

NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY, ACTING FOR AND ON BEHALF OF THE ISSUER, AS FOLLOWS:

SECTION 1. That this Governing Body, acting for and on behalf of the Issuer, does hereby declare its intention to issue industrial development revenue bonds of the Issuer in the principal amount not to exceed One Million Five Hundred Thousand Dollars (\$1,500,000) (the "Bonds") to provide funds for the purpose of defraying the cost of acquiring an expansion to an existing industrial enterprise which expansion consists of land, buildings, improvements, machinery and equipment (all of which expansion together constitutes the "Project") for the storing, warehousing and distribution of garments or other permissible products under the Act, and for regional offices or facilities in connection with the management, supervision or service of its manufacturing, processing, assembling, storing, warehousing and distribution operations, and thereafter to lease the project to the Company; provided that the Bonds shall be payable both as to principal and interest solely from the revenue to be derived from the leasing of the Project, and neither the Bonds nor the interest thereon shall ever constitute an indebtedness of the Issuer within the meaning of any constitutional provision or statutory limitation of the State of Mississippi, nor ever constitute or give rise to a pecuniary liability of the Issuer or a charge against its general credit or taxing powers.

SECTION 2. That the issuance of the Bonds in the amount and for the purpose aforesaid shall be authorized at a meeting of the Governing Body to be held at their usual meeting place in the City of Booneville, Mississippi, at the hour of 7:00 o'clock P.M., on November 3, 1981, or at some meeting held subsequent thereto, unless on or before the aforesaid date and hour twenty percent (20 percent) of the qualified electors of the Issuer shall file a written protest against the issuance of the Bonds, in which event the Bonds shall not be issued unless authorized at an election on the question of the issuance thereof to be called and held as provided by law. If no such protest be filed, then the Bonds may be issued without an election on the question of the issuance thereof at any time within a period of two (2) years after the date hereinabove specified.

SECTION 3. That this resolution shall be published once a week for at least four consecutive weeks in the Banner Independent, a newspaper published in Prentiss County, Mississippi, and qualified under the provisions of Section 13-3-31 of the Mississippi Code of 1972. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed in this resolution for the issuance of said Bonds and the last publication shall be made not more than seven (7) days prior to the date aforesaid.

SECTION 4. That the Clerk of the Issuer is hereby directed to procure from the publishers of the aforesaid newspaper the customary proof of the publication of this resolution and to have the same before this Governing Body at their meeting to be held on the date and at the hour set forth in Section 2 of this resolution.

Following the reading of the foregoing resolution, Alderman Young seconded the motion for its adoption. The Mayor put the question to a roll call vote, and the result was as follows:

Alderman Steen voted: Aye

Allen, vocational agriculture teacher at Alcorn Central High School; Hilda Hill, director of the North Mississippi Environmental Education Consortium; Victor

Hearn, William J. (Billy) McCoy, state representative; James McAnally, Tonja Anderson, Wayne Holley, Ronald Nash, Jerry Moore, all FFA officers from Alcorn Central, and Merrill T. Cartwright, director of the Prentiss County Vo-Tech.

FBLA Training School Held

Over 200 high school business students from North Mississippi last week attended the first FBLA Leadership Training School to be held in North Mississippi.

Sponsored by the Prentiss County FBLA Chapter, the school was held at the Prentiss County Vocational Technical School on Thursday. Local FFA, FHA and VICA officers were in attendance. FBLA and FFA advisers were also present.

Co-chairmen for the FBLA Leadership Day were Glenn Storey, chapter co-vice-president, and Karen Wimberley, chapter co-president.

Twenty-seven chapters were invited to attend and learn about leadership.

The day-long Leadership Training School consisted of

two workshops -- one in the morning and the other in the afternoon. There were two sessions at each workshop. During the break between sessions, Prentiss County FBLA members had homemade cookies and cokes, which were furnished by the Coca-Cola Bottling Company of Corinth.

Miss Phyllis Kirk from the West Union FBLA Chapter brought greetings from the Mississippi FBLA Chapter. She is the state FBLA secretary.

Merrill T. Cartwright, director of the Prentiss County Vo-Tech School and a former national FFA officer, talked to the students about "Developing Those Qualities of Leadership Which an FBLA Member Should Possess."

He gave them 25 rules for developing leadership. He stressed that "to be a good

leader, you also have to be a good follower."

Johnny Allen, Vocational Agriculture teacher at Alcorn Central High School and a former state FFA president, was in charge of the last part of the first session: Parliamentary Procedure, demonstration and explanation.

Allen brought with him six FFA members -- Tonja Anderson, Victor Hearn, Wayne Holley, James McAnally, Jerry Moore and Ronald Nash -- to help him with the demonstration of Parliamentary Law.

State Representative William J. (Billy) McCoy, staff member at the Prentiss County Vo-Tech School and a former FFA officer, spoke on the subject, "The Making of a Leader." He told the students that they had made the first step in being a

leader by being at the Leadership Training School.

Mrs. Hilda Hill, director of the North Mississippi Environmental Consortium, spoke on "Up the Organization (How to Get Ahead)." Her suggestions on how to get ahead included "understanding ourselves" and "getting along with other people."

The speakers were introduced by co-presidents, Tim Smith and Karen Wimberley, and co-vice-presidents, Kathy Arnold and Glenn Storey.

Special guests were Angela Smith from The Banner-Independent; Donald Johnson, assistant county superintendent of education; and Bob Griffin, superintendent of the Booneville Municipal Separate School District.

We extend our deepest sympathy to the family of Jack McGee. Jack passed away on Friday. He will be greatly missed by loved ones and friends.

Miss Tajuana Powell of Memphis spent the weekend with Mr. and Mrs. Russell Petty. Miss Powell is the daughter of Mrs. Petty and a student at Memphis State. She is employed at Plough Inc.

Visiting with the Herchel Presleys during the weekend were Mr. and Mrs. Tony Presley of Jackson, Miss.

Mrs. Velma House is a patient at the North Mississippi Medical Center, Tupelo. She is the mother of Mrs. Agnes Jackson. We wish Mrs. House an early recovery.

"Friends" Sunday School Class of Calvary Church met Tuesday night for their quarterly get together with the fellowship hall. Members of the refreshment committee for the meeting were Mrs. W. E. Eaton, Mrs. Estoria Petty, Mrs. Maybelle Cooper and Jessie Presley. Games were directed by Mrs. Helon Bostick and the devotional was given by Mrs. Sue Dillard. There was a short business session. Mrs. Bostick is the teacher.

Mr. and Mrs. Lester Moss of Birmingham, Ala., were weekend guest of Mr. and Mrs. Joe Kingsley. On Saturday night they attended a Benefit Show for the March of Dimes at the Ramada Inn, featuring the "Cadillacs," from Birmingham. Dr. Ronnie Moss of Winfield, Ala. is a member of this band and is also the son of Mr. and Mrs. Lester Moss.

Mrs. Gladys Davis and Mrs. Shirley Rianon were delighted with the visit of Mr. and Mrs. Hortense Barron of Hattisburg recently. These people have been friends and neighbors for many years.

Saturday, Sept. 26, Mr. and Mrs. Hubert Lambert and Mr. and Mrs. Cullen Brooks entertained with a fish fry at the home of Mr. and Mrs. Lambert. Those attending were Mr. and Mrs. O. C. remained for a longer visit.

Mr. and Mrs. Steve Hill and Lacy of Corinth were weekend guest of Mr. and Mrs. T. D. Rummage.

Congratulations go to Tom Salts and Francis Williams who were married Oct. 10. We wish them a long and happy life together. The Rev. Clifford Smart officiated.

Mr. and Mrs. Herschel Thomason and Mrs. Floy Thomason were in Dyer, Tenn., Saturday and Sunday due to the death of their daughter Kareen's father-in-law.

Thought for the Week:

With love in your heart
There's no room for hate,
Isn't love wonderful,
Isn't it great;

Jesus taught us to love
And not to be envious or
hate,
If we put love first in our
lives

Everything will turn our
just great!

Love to be loved, love to be
blessed
Love to show your Savior's
care,

Love is the sweetest word
of all,
Love works wonders

Fall Is Best Time For Controlling Weeds

Fall is the best time for controlling many weed that plague farmers.

In fact, the few weeks in the late summer or early fall are about the only time that some cropland weeds can be controlled satisfactorily, says Dr. Wayne Houston, Mississippi Cooperative Extension Service weed scientist.

"The cotton and soybean producer will find that September and early October are ideal for killing perennial, viney weeds such as redvine and trumpet creeper," he says. "While these vines are growing actively and plenty of leaf surface is exposed, apply one-third gallon of dicamba (Banvel) by ground or airplane. This rate of Banvel will not eliminate the problem, but it

will reduce the problem greatly. Retreatments for one or two years probably will be needed."

Bermudagrass is another weed that can be reduced by fall treatments. In cotton, after the first picking and before the stalks are shredded, apply Dowpon M or Roundup for good control. Apply five to seven pounds of Dowpon M or 1½ gallons of Roundup before frost

while the bermudagrass is growing actively. Application can be made after the stalk cutting operation if the bermudagrass is not cut, Dr. Houston says.

Livestock producers are losing valuable grazing because of smutgrass-infested pastures. "From

mid-September to mid-October, a \$10 application of Dowpon M can essentially eliminate smutgrass," Dr. Houston says. Producers should seed regrass after about two weeks to provide winter grazing and prevent winter weeds from becoming a problem. Growth of bermudagrass and bahiagrass will be slow to recover next spring, but recovery should be complete by mid-summer.

Perennial weeds such as redvine, trumpet creeper, bermudagrass and smutgrass are a real headache to many farmers. Infestations generally are scattered. Spot treatments of these areas this fall can reduce these problems for 1982, generally at a reasonable cost, the weed scientist says.

Tiger Offense Stalls Lions Roar 29-0

Just not in the cards. This appeared to be the case here Saturday night when the Northeast Mississippi Junior College Tigers dropped their fifth game of the season with a 29-0 setback to East Mississippi Junior College in the Homecoming Game at Tiger Stadium.

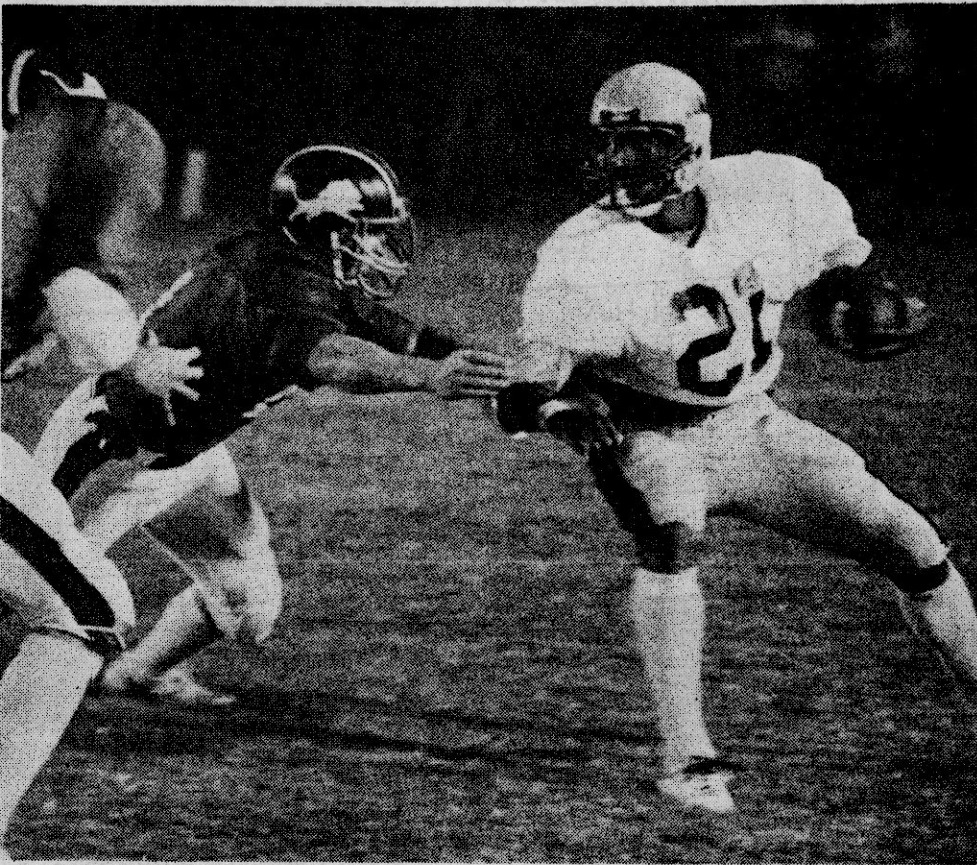

The East Mississippi squad jumped on the Tigers early in the opening frame and never looked back from there.

"Their offense made the big plays and they took advantage of our mental mistakes," remarked head coach Bill Ward after the loss. "We just weren't mentally ready to play in that game," he added.

East Mississippi didn't waste long in lighting up the

DOWN GOES BUDDY - Northeast quarterback Buddy Hall goes down by the East Mississippi defense during last Saturday's Homecoming Game at Tiger Stadium. The Tigers fell to the Lion squad 29-0.

RETURNS IT BACK - Northeast punt returner Dennis Anderson returns this punt back here against East Mississippi in last Saturday night's skirmish at Tiger Stadium.

Class A Action results

Ripley's Tigers took a step forward (a big step forward) toward the State Playoffs Friday night with a 30-0 romp over Saltillo's Tigers in a class A matchup at Ripley.

The Ripley squad, who has already beaten Houston, took the rivalry game with ease.

Everyone had a hand in the Ripley win including Rick Johnson, Lonnie Smith, Darryl Rogers, Ken McDonald and Skip Benson.

Both teams still have some tough games left on the 1981 season although Ripley appears to have the better hand of things. Ripley plays on the road this week at Kossuth while Saltillo is at home against a tough Houston Hilltopper ballclub.

OTHER GAMES OF INTEREST

HATLEY 22 BALDWIN 21 Clark Richey, and Pat Young led in the Bearcats department but fell on point short in the squeaker at Latimer Park.

With the win Hatley went to 5-1 on the season while Baldwin dropped to 2-4 on the season.

NEW ALBANY 38 - PONTOTOC 18 Terry Hatch and Dwayne Cannon led in the scoring department for New Albany in the Class A win.

Hatch scored a pair of touchdowns scored from 5 yards out to account for most of the bulldogs attack.

The Bulldogs will be at Tiger Stadium on the campus of Northeast to battle with Booneville's Blue Devils.

Anderson Falls To Kossuth

Anderson Junior High School dropped a 12-6 decision to Kossuth last Tuesday afternoon in local action played at the Booneville football field.

According to reporter Greg Morgan, Anderson's only touchdown, came on a touchdown by Ricky Nanney. The local squad played Baldwin Tuesday but results were not available at presstime.

Anderson is now 2-1 on the year.

scoreboard. Moving 79 yards on the opening possession the Lions struck paydirt on their initial drive and scored when Danny James rammed it across from the one for the first score of the game.

Tiger signal caller Buddy Hall tried to march the Tigers downfield but the stubborn Lion defense stopped threat after threat.

James added more insult to injury when he scored his second tally later in the quarter when he rammed it over from the three to up the margin to 14-0.

Two more points came just minutes later when Tiger punter Preston Maddox had his kick blocked which resulted in a safety to up the margin 16-0.

In the second half the lions took up right where they left off when Bobby Jones took the second half kickoff and raced 81 yards for a touchdown to boost the Lions to a 22-0 lead.

Northeast's best drive of the night came in the third period when they march some 60 yards and moved the ball 58 yards only to fold as Tiger placekicker Kenny Mathis's fieldgoal attempt went wide to the right.

East Mississippi added one more final touchdown in the remaining stages of the game and ended with a 29 point rout over the now 1-5 Tigers who faces archrival Itawamba Saturday night at Fulton.

"Everyone knows just what kind of game this is," Ward said.

"We feel like we can play with this bunch," he added. "But we know we have to play without those mental mistakes and with more aggressive play," he added.

Last week's loss dropped the Tigers to 1-5 on the year and 1-2 in the North division play.

Ripley Ranked 10th In Prep Poll

Ripley's Tigers, after trouncing Saltillo 30 - 0 last Friday night moved into the top ten standings by the UPI Prep Poll, it was announced here Tuesday.

For the first time in quite sometime Ripley moved to the number 10 slot on the State Poll.

The Tigers, under head coach Booneville native Larry Cole received 15 first place votes in naming them to the top ten. The Tigers have a perfect 5-0 record.

South Natches (6-0) took the top spot again this week followed by Warren Central, Gulfport, Starkville, Brandon, Pearl, Provine, McComb, Mendocall and then Ripley rounding out the top ten.

Other teams that received votes are Biloxi, Collins, Columbus Lee, Greenville, Grenada, Houston Laurel, Moss Point, Murrah, Olive Branch, Petal, Picayune, Rosedale, Saltillo, Tupelo, West Jones, and Yazoo County.

PAINTINGS ON DISPLAY - Bobby Manley, Prentiss County IDU committee member and Dawn Davidson, owner of Magnolia Frame Shop, show this beautiful Ducks Unlimited Painting that will be auctioned off during the Annual DU Banquet slated for November 12th. Cards Of Thanks

Words cannot express our sincere appreciation to our neighbors, friends and relatives for all that was done during the illness and death of our beloved one, Chester Lambert. Special thanks to the Cancer Clinic also Dr. Halbrook, Dr. Montgomery, Dr. Schriber and all the nurses. We also thank the Northeast Medical Center, for each prayer, flowers calls, cards, and food we received. We also give special thanks to Brother Perk Perry for his comforting words. We thank McMillan funeral home for their kindness shown us. May God's richest blessings be with you. Mrs. Chester Lambert and Family

We would like to take this opportunity to express our appreciation for every kindness shown us during the illness and death of our husband and father. Thank you for each prayer, phone call, food, and flowers. We also give special thanks to Bro. Gibson and Bro. Cobb for the comforting words and to Salts Funeral Home for their kindness shown us. May God bless you all. The Family Of V. E. Lindley

We want to take this opportunity to express our appreciation to our friends and neighbors for every kindness shown us during the illness and death of our loved one, Junior Williams. Your concern meant so much to all of us. Special thanks to Rev. Mavous Phifer, Rev. D. W. Jones, Jr., singers, and McMillan Funeral Home. Joyce and Cindy Williams, W.C. Williams and family Mrs. Troy Green and Family

We would like to thank our friends and relatives for sharing the occasion of our 50th Anniversary with us and for all the beautiful gifts.
Mr. and Mrs. Bilbo Padgett.

21 Free Gifts.

We hope you'll stop by between now and October 23 to say hello and to register for our 21 free bankwarming gifts. You don't have to bank with us to participate. Just put your name in the hat. We're open Monday through Thursday 9:00-4:30 and until 5:30 on Fridays. You could win one of three deluxe barbeque grills, seven electric ice cream freezers, ten popcorn poppers and a bicycle-built-for-two.

It's our way of saying we're proud that Prentiss County is growing and that we are, too.

Already we have more checking and savings plans than you can shake a stick at. Why? Because of you and all the folks in this area. Your needs are different, so we create plans to take care of your different needs.

Free Checking.

Take, for instance, our SUPER SAVER plan which gives you free checking when you keep at least \$1500 in any First Bank savings account. We created this one because some folks told us they didn't like paying for checking when they had all that money in savings. And we thought they had a point.

At First Bank, you can also get FREE CHECKING if you're an ordained minister, a full-time student, or a senior citizen over

65. Or if you can maintain a minimum monthly balance of at least \$500 in your account.

And, of course, we have REGULAR CHECKING. The service fee for this one is \$5 per month. Except any month your minimum balance is \$500 or more. Then that month it's free, too.

Earn 5¼% on Checking.

If you normally keep larger sums in checking, then, of course, you'd like to earn interest. That's why we created the FIRST NOW account. When your minimum monthly balance is at least \$1500, your checking is free and you earn 5¼% compounded daily. Between \$1000 and \$1500, you don't earn interest but your checking is free. And below \$1000, the monthly service charge is \$7.

The Big Bundle.

If you like a lot for your money, you'll like our FIRST TEAM account. It's a banking package that includes free checking, free personal checks, free traveler's checks, \$15,000 accidental death insurance, discount coupons from area merchants and reduced rates on consumer installment loans. Plus any month your minimum balance is at least \$1500, you earn 5¼% interest. At First Bank, you get all this for \$6 a month, only a dollar more than you'd pay for regular checking.

High-Interest Saving.

See what we mean when we say lots of plans. And that's only checking. For sav-

ings, there's even more. Lots of ways your money can earn, with interest rates as high as the big double-digit money market percentages.

When you come to First Bank, we like to sit down and over a cup of coffee analyze your banking needs and your likes and dislikes. Then match the plan to you.

While supplies last, we're giving a First Team T-shirt to everyone who opens a new checking or savings account.

Junior Roper's In Charge.

You may already know Junior Roper. He lives in Booneville and he's manager of First Bank here. He and his staff will be happy to help you select the right account as well as assist you with loan applications, credit cards, safe deposit boxes and all your other banking.

Right now, we're loaded with free gifts. From now on we'll be loaded with the services and conveniences you expect from a bank. We hope you'll give us a shot at your business.

USDA ANNOUNCES MORE
1982 WHEAT PROGRAM
PROVISIONS

Secretary of Agriculture John R. Block recently outlined the U. S. Department of Agriculture's reduced acreage and conservation plans for the 1982 wheat crop.

He said these decisions are contingent on the U. S. Congress passing a new farm bill which authorizes actions.

Block said farmers who wish to become eligible for support loans, target protection and the farmers-owned reserve program must comply with all reduced-acreage requirements. There will be no payments for reduced plantings, Block said.

Secondly, farmers must devote to conservation uses an area equal to 17.65 percent of their 1982 wheat acreage planted for harvest (planted 1982 wheat acreage multiplied by 17.65 percent equals acreage devoted to conservation uses).

For example, Block said, a farmer with a 1981 planted acreage of 100 acres must plant no more than 85 acres

of wheat for 1982 harvest to become eligible for the program. The 15 acres reduced (17.65 percent of 85 acres) must be devoted to a conservation use.

If the farmer planted fewer than the allowed 85 of wheat acres, he or she would be permitted to devote fewer acres to a conservation use. For example, if this farmer planted only 50 acres of wheat, he or she could devote only 8.8 acres to conservation uses (17.65 percent of 50 acres).

The land taken from production and devoted to conservation uses must be eligible cropland, must be protected from wind and water erosion and may not be mechanically harvested. However, farmers will be permitted to graze this acreage except during the six principal growing months.

Farmers participating in the reduced acreage program on one farm must assure USDA that they are not exceeding the 1981 wheat base on any other farms they own or operate.

Farmers are not required to participate in the wheat program to qualify for program benefits on other crops grown on the farm, Block said.

FARMERS URGED TO
NOMINATE CANDIDATES
FOR COMMUNITY
COMMITTEE

Farmers in Prentiss County are advised that the county ASCS office is now receiving nominations for candidates for ASC community committee. Farmers are urged to use this opportunity to nominate eligible farmers as candidates in the ASC committee election.

Any three eligible voters in a community may petition that the name of an eligible farmer be placed on the election ballot for the community.

Each such petition must contain the name of only one nominee, must contain a certification that the nominee will serve if elected, and must be signed by at least three eligible voters. Petitions must be post-marked or brought to the county office not later than Nov. 2.

Most all persons engaged in farming are eligible to vote in the ASC committee elections and are eligible to hold office. However, anyone needing further information concerning eligibility to vote or hold office should contact the county ASCS office.

Good News For Employers

According to the Mississippi Employment Security Commission, there is some good news for Mississippi employers: The Targeted Jobs Tax Credit program has been extended through Dec. 31, 1982.

TJTC gives private, profit-oriented employers tax incentives to hire new

employees from certain target groups.

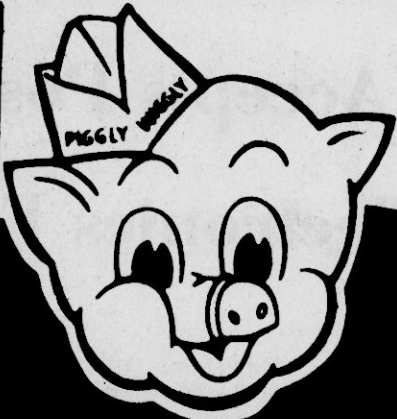

Under the program, employers can receive a tax credit equal to 50 percent of the first-year wages, up to \$6,000 and 25 percent of the second-year wages, up to \$6,000, for each certified employee.

Over the two-year period, this amounts to a tax

savings of \$4,500 for each targeted worker hired.

The Economic Recovery Tax Act which extended the program eliminated retroactive certifications as of Sept. 26, 1981. Targeted workers hired after June 29, 1981, must be certified prior to Sept. 26 in order for their employer to receive a tax credit.

NEW BANK'S GRAND OPENING — It's official. Prentiss County has a new bank. Ribbon cutting ceremonies at the grand opening of the Prentiss County branch of the First Citizens National Bank were held at 10 a.m. Tuesday. Booneville Mayor Charles Crabb cut the ribbon and welcomed the bank to Booneville while local bank manager Junior Roper, members

of the First Bank's Community Bank Board, bank employees and others looked on. The Tupelo-based bank just recently finalized the purchase of the assets of the Booneville branch of the First Mississippi Bank of Commerce which had previously occupied that location.

SUNFLOWER GRAND OPENING — Present at the new Sunflower Food Store's Grand Opening held last Thursday are, left to right, Bill Allen, Lewis Grocery Co.; Sam Melton, Peoples Bank; Bill Stewart, Lewis Gro. Co.; Doug Mansell, PCDA; Jim Hightower, VP Lewis Groc. Co.; Charles Steen, vice mayor; Bobby Burress and Christine Burress, building

4-H News

By EDWARD L. McWHIRTER
Extension 4-H Youth Agent

October is nearly half over. Four-H'ers and other youth are preparing for their spring livestock projects.

The dates of ownership for the county, district and state round-up are as follows: steers, Sept. 10; Breeding animals, Nov. 15; Hogs, Dec. 1; market lambs, Nov. 1; and Dairy animals, Dec. 1.

The Prentiss County livestock show will be the middle of January and the district and round-up will be the end of January and the first of February.

A MOTIVATED 4-H'ER
4-H is a form of motivation.

Motivation is a term used to describe what energizes a person and what directs his activity (what makes us

want to do things). It is the center of all learning.

Young people are motivated by factors both inside and outside them. There is no one best way to motivate all young people, because they vary so much in their values, interests, needs, attitudes and goals.

Because motivation is so directly associated with learning and progress, it is essential that 4-H volunteers have a basic knowledge of motivation. Hopefully, this knowledge will improve our helping relationship with 4-H members and 4-H officers.

As 4-H leaders working with 4-H officers and members, we must remember first of all that we are in the people business. In most fields of endeavor, we find that 20 percent of the people are responsible for 80 percent of the worthwhile

results, and 80 percent of the people are responsible for 20 percent of the results.

Why, the field of equal opportunity, do we find such unequal results?

The pros — the motivators, the ones responsible for 80 percent — are the ones who put 80 percent of importance on People Knowledge. They are the ones who know how to transform an appointment into an interview.

I may be 10 feet from a person physically. I've got an appointment. But until I get with him mentally (until he buys me emotionally), I do not have an interview. He's not going to listen.

I can't sell him my ideas. I've got to sell myself four times before he'll buy my idea or viewpoint.

He's got to like me.

He's got to understand me.

He's got to believe me.

And he's got to trust me.

Understand me; like me; trust me. Then I can motivate you. This, I believe, is the first and most important step in motivation.

Awareness Week

Planned By OHM, Pilots

The Organization for Handicapped Mississippians (O.H.M.) of Booneville and the Booneville Pilot Club are making plans to have a Handicapped Awareness Week.

"We want to get as many people involved in this activity as we can. We are making attempts to contact the schools, various clubs and organization. We want this to be a learning experience for everyone involved," Sherry Bowen, a member of the Booneville Pilot Club said Tuesday.

Sarah Cummings, a member of O.H.M. said, "We want to acquaint the general public with the needs, concerns and status

of disabled persons in the community, and to influence the public attitudes about disabled persons."

'Prescribed' Burns Needed To Manage Pine Timber Stands

JOHN STUART
COUNTY FORESTER

Foresters setting the woods on fire?

No! Couldn't be!

Why, Smokey Bear would cut backflips and turn cartwheels and throw in his shovel and hat in a rage of disgust.

But that's exactly what he would find if he toured the Mississippi countryside in late fall and winter.

According to the Mississippi Forestry Commission, it is during this time each year that foresters and forest managers burn thousands of acres of forestland in the state.

For example, last year Forestry Commission foresters and crews alone burned almost 20,000 acres for over 400 landowners.

These, of course, are not the kinds of fires that trigger Smokey's alarm system. They are controlled fires, or as foresters call them, "prescribed burns."

Foresters with the state agency say that prescribed burning, when done properly, is about the most

economical and effective tool available today for managing pine timber stands.

One of the most common uses of prescribed fire as a management tool is to reduce the risk of wildfire. Foresters call it "fighting fire with fire."

This is accomplished by allowing a fire to creep steadily through a pine stand, slowly burning away accumulations of brush, weeds and pine straws which build up over the years and serve as the fuel for destructive wildfires.

Foresters are quick to point out, however, that weather conditions must be "just right" before this type fire is ignited. The air must be moist and cool, with a mild, steady wind blowing so the fire will burn slowly and close to the ground.

Prescribed burning of course, would be a poor substitute for wildfire prevention if at the same time it produced damaging effects on the environment.

But that isn't the case; on the contrary, a prescribed fire actually serves as an effective tool for improving the forest

environment.

For one thing, burning is very useful in pine regeneration, whether it be accomplished by artificial or natural means. Fire actually serves as an effective tool for improving the forest environment.

For one thing, burning is very useful in pine regeneration, whether it be accomplished by artificial or natural means. Fire will expose adequate mineral soil and control competing vegetation until seedlings become established.

For natural regeneration, knowledge of the anticipated seed crop and date of earliest seed fall is essential.

Prescribed burning is also an inexpensive tool for purging the understory of unwanted hardwoods in pine stands. Low value, poor quality species often crowd out or suppress pine seedlings and at the same time compete with older trees for moisture and soil nutrients necessary for growth.

The use of prescribed burning is highly recommended for wildlife habitat where pine is the primary species. The major wildlife species benefiting from the

use of controlled fire are deer, turkey, quail, and doves.

The fire increases the yield and quality of herbs, legumes and browse, and at the same time creates openings for feeding, travel and dusting.

And under some circumstances, prescribed fire can even improve recreation and aesthetics by aiding in the maintenance of park-like timberstands.

Foresters highly recommend prescribed burning as an economical and effective forest management tool. But one point they strongly emphasize is that fire is never to be used in good hardwood stands. Nor is it to be used without proper know-how or supervision.

Prescribed burning is a service made available to Mississippi timber growers by the State Forestry Commission. Landowners who are interested in the service should contact County Forester, John Stuart, by calling 728-6835 or by visiting the office downtown, located next door to Dickerson's Furniture.

"White Girl" is excited over getting to bring her mother home. They have a lady who is going to stay with her through the week.

Happy birthday to "Apple Dumpling" on Oct. 12, "Fuss Butt" on Oct. 14, and "Little Skunk" on Oct. 18. We hope each has a nice day and enjoys many more.

"Brass Monkey" is at home doing better. "Mississippi Shorty" is still not feeling too well. "Lame

Duck" is going back to the doctor; he is having a lot of pain in his hands and shoulders.

We hope they soon get better.

There will be an officer's meeting Thursday night, Oct. 15, at 7:30 at "Big Q's." Everyone please attend this meeting. There are many things to discuss.

We passed by "Charly's" house the other night and enjoyed talking to her on the two-way. She said to tell everyone "howdy" and that

she may visit before too long.

We went on to a ballgame and who were the first people we saw?—"The Skunk," "Lady Skunk" and "Teenage Skunk." They also said to tell everyone hello and that they may be able to attend the next meeting.

There will be a business meeting Tuesday night, Oct. 20, at the West Side Community Center at 7:30. We have several items of business to attend to, so please remember this im-

portant date.

Our friend, "Kingfish," and his daughter were baptized last Saturday afternoon in a lake near Rienzi. Congratulations to both of you and may God bless you.

"Upholstory Man" and "Twitty Bird" had a rough day Saturday trying to get their pontoon home. Better luck next time.

Until next week, stay well, be happy and attend the church of your choice.

YOU ARE CORDIALLY INVITED TO ATTEND OUR OPEN HOUSE OCTOBER 16th AND 17th AND TAKE A FREE SHOWDOWN DRIVE.

Keep the whole pie. Earn \$2,000 tax-free.

Starting October 5th, you can earn 12.14% interest tax-free.

Our All Savers Certificate could be your best investment. It lets you earn up to \$2,000 non-taxable interest on a joint return (\$1,000 on an individual return). It's a one year certificate of deposit that is fully insured by the Federal Deposit Insurance Corporation. With our All Savers Certificate, you get to keep all the pie at tax time.

Convert your 6-Month Certificate with no penalty.

Now you can convert your existing 6-Month Money Market Certificate into a tax-free All Savers Certificate with no interest penalty on your existing certificate. Even if it has several months until maturity. Your principal and every cent of interest you've earned to date can be converted to an All Savers tax exempt certificate.

What 12.14% Tax-Free can mean to you.

If your taxable family income is:	Your tax bracket probably is:	The interest rate you'd have to receive to net 12.14% after federal income tax is:
\$50,000 or more	50%	24.28%
\$35,000	40%	20.23%
\$25,000	30%	17.34%
\$20,000 or less	25%	16.19%

Figures above are approximate and based on 1981 tax tables. Interest of 12.14% is equal to 70% of average investment yield on one year U.S. Treasury Bills as of October 1st. This yield will be paid on All Savers Certificates purchased prior to November 9. Rate changes monthly. Next change will be November 9, 1981. The rate at time of purchase is guaranteed for 12 months.

It could be your best investment.

Our tax-free All Savers Certificate beats most other forms of investment. Especially if you're in the 30% or higher tax bracket. You'll get a higher after-tax return than you can get with other certificates. There's none of the risk associated with today's volatile stock market. Because it's fully insured by

the F.D.I.C. The yield is higher than most highly regarded Municipal Bonds. And there are none of the brokerage fees, commissions and other charges associated with money market funds.

The minimum investment in our one year tax-free All Savers Certificate is \$500. The tax exemption is lost if you cash your certificate before maturity. And there is a penalty for early withdrawal.

But you can earn up to \$2,000 tax-free in our All Savers Certificate. And you won't have to serve Uncle Sam a piece of the pie on April 15th.

First United
Methodist Church
Booneville, Miss.

Twenty seven years as a minister gives one the opportunity to meet and work with a great number of people. One becomes aware of the fact that many people really carry about an awful lot of pain. At least some of this pain may be the result of some unresolved grief. Usually people first see their doctor with a physical complaint. . . and this is as it should be. Our doctors know much . . . much more than we realize they do, and . . . quite often they readily detect the pain as being attached to some deep seated problem related to grief, etc.; however, we need to be fair with our medical people for they just do not have the time to hear all of our problems. These same people may be referred to their minister by the doctor . . . and on to other professionals if the problems are more deeply rooted. Often . . . the minister hears that a great loss has been experienced. . . and the conclusion is evident once again that there is a stronger relationship than we have ever thought between illness and

the way in which a person handles a great loss. Some of these people have stopped at one of the stages in the grief process and the outcropping is often physical pain . . . real genuine hurt. It causes one to cry out . . . "Oh Lord . . . I hurt all over." Unless someone can help them to work through the emotional problems involved . . . they will remain sick . . . and the doctor will tell us that no amount of medicine will change the situation very much. The minister's place is in helping the person to "work through" the hang-up . . . as it involves a re-examination of a person's faith. That is, to aid people in their way of looking at life . . . and their way of understanding how God really helps us to find reality once again. Jesus said, "Come unto me, all ye that labor and are heavy laden, and I will give you rest." (Matt. 11:28)
