Baptist Hospital Exercises Option To Rent NEMH

By KEN CHRISTIAN
Editor

The Baptist Memorial Hospital in Memphis last week exercised its option to lease the Northeast Mississippi Hospital in Booneville.

In a letter dated Wednesday, Dec. 30, 1981, Joseph Powell, president of Baptist Memorial Hospital in Memphis, told Paul Flurry, chairman of the Northeast Mississippi Hospital's board of trustees, that Baptist Hospital "is pleased to exercise the option dated Nov. 10, 1981, to lease the Northeast Mississippi Hospital facilities and to execute the lease and agreement."

At 4 p.m. Thursday, the three boards connected with the operation of the Booneville hospital - the NEMH board of trustees, the Booneville Board of Mayor and Aldermen, and the

Prentiss County Board of Supervisors -- met and unanimously approved the agreement.

The lease took effect at 12:01 p.m. Jan. 1, 1982, and is for a period of 25 years. Baptist Memorial Hospital has an option on two additional 25-year leases after the present one expires.

According to the lease agreement, Baptist Hospital will manage and continue the operation of the Booneville hospital and pay its operating expenses. As rent for the leased premises, the Memphis facility will pay the semi-annual sums necessary to satisfy the obligations for the two general obligations bonds issued by the city and the county.

In addition, Baptist will pay the Booneville hospital's obligation for the ambulance service with North Mississippi Ambulance

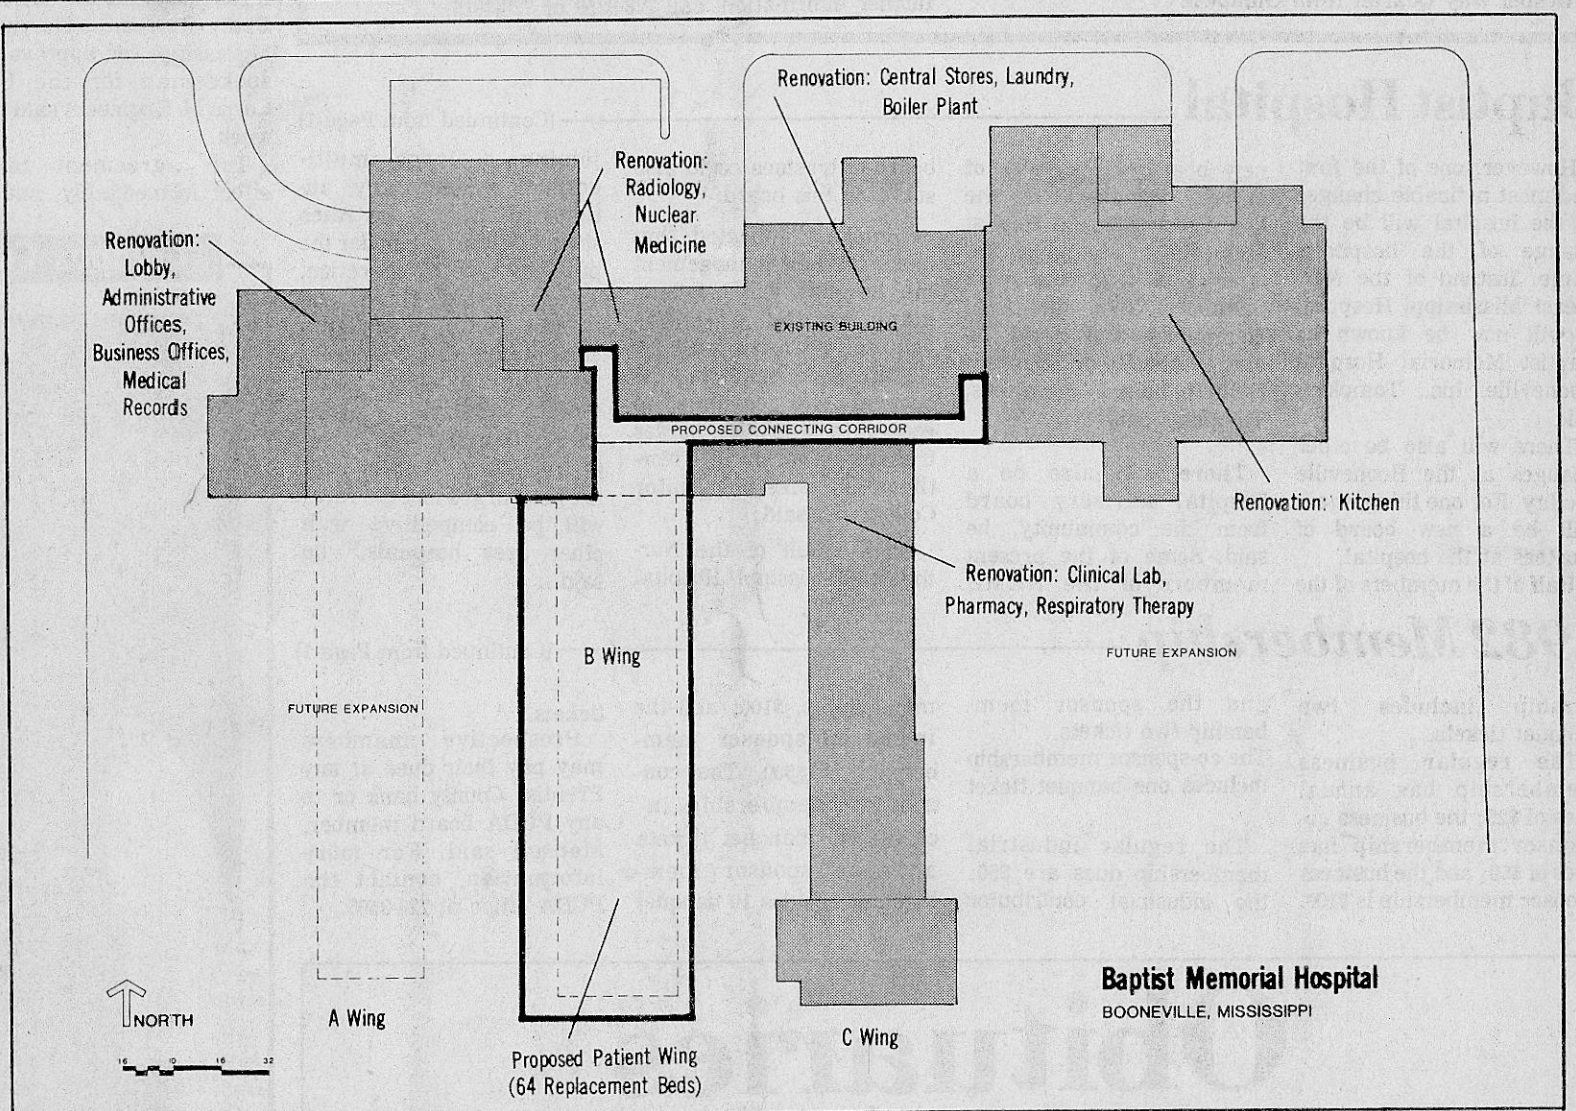

Service Inc. for the duration of that contract.

John Tompkins of Baptist Memorial's Corporate Services has been serving as administrator of the Booneville hospital since the two hospitals signed the interim management agreement in November. At that time, the Baptist Hospital took an option to lease the 136-bed Booneville facility, pending completion of further technical studies.

Former Booneville hospital administrator Carl Barker has accepted a position with Baptist Hospital in Memphis.

In conjunction with the approval of the lease agreement, Tompkins announced this week a \$5.1 million expansion and renovation project for the Booneville hospital (see related story on Page 1).

HOSPITAL CHANGES - This architectural drawing shows proposed changes at the Booneville hospital. A and B wings at the hospital will be torn down and a new, two-story wing will be built in place of B-wing. Practically all remaining departments in the hospital will also undergo renovation, with the possibility of some

departments being moved from their current locations to different areas of the hospital. Work on the project, at an estimated cost of \$5.1 million, is expected to begin in April, pending approval by various state agencies. The project is expected to take about 30 months to complete.

1982 Membership Drive Launched By PCDA

The Prentiss County Development Association's 1982 membership drive is now underway.

The drive will culminate in the 1982 Membership Banquet to be held Jan. 28 in the Frank Haney Union at Northeast Junior College. Gov. William Winter is expected to be the guest speaker.

According to PCDA executive director Doug Mansell, several changes have been made this year concerning membership.

This year, past members were mailed due notices, he said, and the membership fees have been divided into categories for those who wish to support the organization by contributions more than the regular amounts.

Also, a membership and a banquet ticket can be purchased at the same time this year, he said.

As in the past, there are three categories of membership this year in the association: individual,

business or professional, and industry. But this year these three categories are broken down into different types of memberships.

There is the regular individual membership with dues of \$15; the senior individual membership, dues \$30; and the individual sponsor membership, dues \$100. The senior individual membership includes one banquet ticket and the individual sponsor mem-

\$5.1 Million Renovation Planned At Booneville Hospital

By KEN CHRISTIAN
Editor

Less than a week after exercising its option to lease the Northeast Mississippi Hospital in Booneville, the Baptist Memorial Hospital in Memphis has announced a major \$5.1 million expansion and renovation program at the Booneville hospital.

Joseph Powell, president of Baptist Memorial Hospital, notified the NEMH board of trustees last week that the Memphis facility would exercise its option to lease the Booneville hospital (see related story, this page).

This week, John Tompkins, administrator of the Booneville hospital, announced the expansion and renovation project at the local facility.

UNDER THIS PROJECT, the present A and B wings of the hospital will be torn down. A new, two-story patient wing will be

constructed at the location currently occupied by B-wing. The space occupied by A-wing will be available for future expansions, Tompkins said.

Construction on the new patient wing is expected to begin in April, pending approval of the various state agencies. Once construction begins, hospital officials anticipate the work to take approximately 30 months to be completed.

While construction is underway, patients will be housed as usual on floor D-2. D-1, which is normally used as the maternity wing, will also be opened to handle the overflow since no local doctors are currently using the maternity ward on a regular basis.

IN ADDITION TO the construction of the new wing, practically the entire hospital will be renovated, Tompkins said.

Portions of C-wing will be renovated. This probably includes moving the clinical lab, the pharmacy and respiratory therapy

to this wing, Tompkins said. The physical therapy department is already housed on C-wing.

The project also calls for the renovation of the lobby, administrative offices, business offices, medical records, radiology, nuclear medicine, central stores, the laundry, the boiler plant, and the kitchen.

Tompkins said other changes have already begun internally which may not be as noticeable outwardly. For example, new X-ray screens and cassettes have been ordered and should arrive during the first part of January.

Baptist Hospital also plans an active recruitment program to set additional physicians for the Booneville hospital.

"The current medical staff has expressed a need to recruit additional physicians," Tompkins said this week. "A plan will be put together to accomplish this goal."

At City Board Meeting

Four Booneville Policemen Promoted

At their regular board meeting Tuesday night, the Booneville Board of Mayor and Aldermen voted for four promotions to be made in the police department.

Patrolmen Joe Whitehead, Glen Honeycutt, and Jerry Barnes were promoted to sergeants and Sgt. Willie Anderson was promoted to captain.

When the promotions become effective Feb. 1, it will mean there will be three sergeants, two lieutenants,

three captains, five patrolmen, and four dispatchers in the police department.

In other business, the board voted to advertise to rezone the area from Young Street to the end of the city limits on the Highway 30 bypass as commercial property. The board voted to put up signs designating this and they will meet again in 30 days to see if any protests have been made concerning the rezoning.

City Clerk June Hutcheson said rezoning would not effect new homes in that area and in fact, if the people ever decided to sell their homes it would probably bring them more money since they lived in a commercial property zone.

She noted if there are a considerable number of protests concerning the rezoning, the board would take this under consideration and possibly not rezone.

The board also voted to rent three rooms in the brick building located behind city hall to the Starving Artists of Mississippi.

SAM will use the rooms to display their artwork and have their art classes in.

The board was told that since the police cars were converted to run on natural gas the cars have not been obtaining the desired gas mileage. Although vehicles in the gas department are

getting 9 miles to the gallon, police cars are only getting about 3 miles per gallon, Mayor Crabb said.

The board voted to withhold final payment to Nu-Fuel Systems until the police cars function on better mileage.

The board was also informed that Elijah Wingo, who was appointed to the Planning Commission last month, declined to accept the position.

Theft Ring:

Additional Stolen Goods Recovered

The Prentiss County Sheriff's Department has recovered stolen merchandise from Quitman, Ark., that is believed to have been stolen by suspected members of a burglary ring who were arrested last week.

Friday of last week officers recovered 9 guns, a TV, a sewing machine, and a chain saw and on Monday officers recovered a bear-skin rug, a guitar, 2 TV's, and a stereo-set from Arkansas. Most of the items were found to be stolen from

Prentiss and Alcorn Counties, said Prentiss County Deputy Carl Sartin.

Earlier last week Prentiss County authorities had arrested five men who are suspected members of a burglary ring that has been operating in the area for the

past two months.

The men were arrested after law authorities raided a house in the Big V community Dec. 28, and recovered several thousand dollars worth of stolen merchandise. The items were stolen from a six

county area.

The five men charged with burglary and grand larceny were Lloyd Lambert, Bobby Ray Deviney, Kenneth Earl Trimble, Thomas Lynn Trimble, and Daryl Edward

Baptist Hospital

However, one of the first and most noticeable changes at the hospital will be the change of the hospital's name. Instead of the Northeast Mississippi Hospital, it will now be known as Baptist Memorial Hospital Booneville, Inc., Tompkins said.

There will also be other changes at the Booneville facility. For one thing, there will be a new board of trustees at the hospital.

Half of the members of the new board will consist of current members of the board of trustees of Baptist Memorial in Memphis. The other half will consist of members from the local community and could include some of current NEMH board members, Tompkins said.

There will also be a hospital advisory board from the community, he said. Some of the present members of the NEMH board of trustees could also serve on this board.

Tompkins indicated that under the new management the hospital will continue many of the programs originally initiated by NEMH. For example, the hospital will continue to cooperate with the nurses training program at Northeast Mississippi Junior College, he said.

As a result of the Northeast Mississippi Hospital joining a large multi-hospital system, any anticipated increase in rates should be less than under the previous type of operation, Tompkins said. This is due to the large purchasing capabilities and resources that are available in a multi-system, he said.

"The rates of the metropolitan centers will not be charged and the rates will be competitive with other area hospitals," he said.

Will Halt Some Construction

Tenn-Tom Agreement Reached

Attorneys for the plaintiffs and the defense have signed a written consent agreement providing a temporary suspension of some activities on the Tennessee-Tombigbee Waterway as a result of an on-going lawsuit against the project.

The agreement has been furnished to the U.S. District Court for Northern Mississippi for approval, a spokesman for the U.S. Corps of Engineers said last week.

The agreement takes effect immediately, but no jobs are expected to be lost in the near future as a result of the agreement.

Sam Green, of the U.S. Engineers' district office in Mobile, Ala., said about 300 workers may eventually be affected by the agreement, but added that it would be up to the contractors to determine whether they will lay off any employees.

The agreement to halt construction on the portions of the project will remain in effect until 60 days after the filing by the Corps of Engineers of a supplemental

enviornmental impact statement with the court. The court has directed that this statement be filed no later than June 1, 1982.

The 11-page agreement grew out of a ruling issued by the U.S. Fifth Circuit Court of appeals in July. That ruling upheld the plaintiffs on certain limited issues in the suit. The suit was originally filed in 1976 by the L&N Railroad and enviornmental groups.

In July the Appellate Court remanded the issues back to the District Court with orders to require the Corps of Engineers to file a supplemental enviornmental impact statement on changes made to the waterway design since 1971.

In September the district court directed attorneys for both sides to attempt to reach agreement on any activities which might be suspended, delayed or rescheduled while the supplemental statement was being prepared.

Under the terms of the agreement, construction will continue on most elements of the waterway

and only the following portions will be affected:

--The Corps will not proceed with an Aberdeen reservoir clearing contract nor award new contracts for relocation of the TVA facilities and Tombigbee Electric Power facilities in the Lock C stretch of the waterway.

--In addition, work would be rescheduled on portions of three dredging contracts in the Columbus pool and delayed for some embankment work on Locks D and E. Work will continue on the portions of these contracts not designated for rescheduling or delay.

--On or before March 15, 1982, the Corps of Engineers will file with the plaintiffs a detailed report on the project land which was not reflected or identified in a 1971 environmental impact statement, and which has since been added to the requirements for the project.

--The Corps will also furnish the plaintiffs with information on contract schedules and monitoring of on-going construction in the affected areas.

A preliminary hearing for the men has not been scheduled yet, Sartin said. The men remain in custody of the Prentiss County jail.

No further arrests have been made in the case, but another arrest is likely, Sartin said.

Thus far, law authorities have recovered 49 stolen guns that officers believe to have been stolen by the suspects.

When law officers raided the house in the Big V community Monday of last week, they confiscated five carloads of stolen merchandise that included over 30 guns, several TV's, three large garbage bags of frozen food, marijuana, costume jewelry, guitars, and clothing.

Sartin said most of the recovered merchandise has been claimed by the owners.

Students should report to the business office in Stringer Hall before going to their dorm rooms, a college spokesman said.

BIBLE QUESTION BOX

QUESTION: Mr. Hogland what did Paul mean when he said, "He bore in his body the marks

ANSWER: Your text is Gal. 6:17, which says, "Henceforth let no man trouble me; for I bear branded on my body the marks of Jesus." The Greek word translated "marks" in this text is STIGMATA. W.E. Vine in his word studies says this refers to a tattooed mark or a mark burned in, a brand. A literal rendering of the word would be "I bear in my body the brands of Jesus." We are all familiar with the word "stigma" as it is used today. In the old days it was customary for a slaveholder to brand his slaves with a mark of ownership. Paul no doubt had some physical marks on his body from serving the Lord. He had been beaten with rods and received 39 stripes from the Jews five different times and was also stoned once. However, I believe Paul was referring to more than this when he talked about the "marks" of Jesus. Paul had been branded as a servant of the Lord. In Gal. 2:20 he said, "I have been crucified with Christ; and it is no longer I that live but Christ liveth in me." We must present our bodies as a living sacrifice (Rom. 12:1,2). Christians are the branded servants of the Lord. Paul is saying "Do not unduly bother me for I belong to Jesus." He had been branded by the Lord for his service. We need to understand to whom we really belong.

State Earns \$19 Million In Interest

State Treasurer Bill Cole has issued a report announcing a return of nearly 19 million to the general fund in interest from investments by his office for the first six months of fiscal year 1982.

"Between July 1 and December 31 we have received from investments

\$18,890,805 in income. This is a significant increase over the same period last year when the income was \$13,962,301," Cole said.

"The adoption of legislation increasing the rate we can obtain on public funds by one half percent last session and the greater use of repurchase

agreements to insure maximum investment of funds on an overnight basis has been the major contributor to this increase."

The State Treasurer stated that "these figures are encouraging." In 1981 the total for the year amounted to \$30 million, and we are only some \$11 million short of that record with six months left in the fiscal year."

"Although it is certainly possible to surpass the estimate for this year it is premature to make that

conclusion. The decrease in interest rates on investments recently and the state cash flow crunch decreasing available funds for investment will work to affect the income over the next six months."

"We are hopeful that we can surpass the estimate which would help the current budget situation and it is our desire and commitment to strive to maximize the investment of public funds to insure the best return possible."

Lions Club Opposes Consolidation

The Booneville Lion's Club voted last week to oppose an effort that is being organized to incorporate the Yellow Creek Port Authority and the Yellow Creek Watershed into the Tombigbee River Valley Water Management District.

The club passed a resolution to that effect following discussions of the subject by Alcorn county contractor Truitt Stockton and Booneville attorney Donald Franks.

Stockton and Franks indicated to the Booneville Lions that the Tennessee River Valley Water Management District is basically controlled by interests in Tupelo.

They also pointed out that there is a port under development on the Tennessee-Tombigbee Waterway at Fulton, only 18 miles east of Tupelo. A new four-lane limited access ARC corridor highway is now under construction from Tupelo to Fulton, they added.

Stockton indicated that, if TRVWMD gets control of the Yellow Creek Watershed and the Yellow Creek Port Authority, the Yellow Creek Port near Iuka may take a back seat to development of the port at Fulton.

TRUITT STOCKTON

The people of Prentiss, Alcorn and Tishomingo counties do have as much to gain from spending money on the Fulton port as they do on spending it on the Yellow Creek port, Stockton said. And the people of Tupelo, Fulton and the surrounding areas do have as much to gain from supporting Yellow Creek Port, he added.

The resolution passed by the Lions Club recognized the need for both ports, "but it is the sense of this resolution that the entire area will be best served by an entirely separate ownership and operation of the two ports."

The Booneville Lions Club thus declared that "a careful analysis of the

proposal of consolidation ... will reveal that the public interest will be best served by allowing Yellow Creek Port Authority to remain a separate and antonomous entity for the continued development and operation of Yellow Creek Port."

The Lions Club further resolved that, "if any consolidation is made, it should be that of the Yellow Creek Port Authority and Yellow Creek Watershed," but not with the Tennessee River Valley Water Management District.

'Talk O' The Town'

Street Opinion Poll

QUESTION: There are currently moves underway to halt construction on the Yellow Creek Nuclear Power Plant and the Tennessee-Tombigbee Waterway. Do you think either of these two projects should be halted?

SCOTT BANE of Route 3, Booneville: "No. I don't think work should be halted. It would put me and a lot more people out of a job."

R.V. RYAN of Route 2, Baldwyn: "No, I certainly do not. I think it's really worth something to us. I'm a farmer and it would give us a chance to save some on shipping our grain. Wouldn't it be foolish to stop that thing as much money that's been spent and as many holes that have been dug? I just think it's awful."

ANNIE LEE BOLT of 101 Section, Booneville: "Since they've started it, I don't think it should be halted. There's too many people interested in it and there's too many people out of jobs. It would provide jobs for a lot of people."

MIKE McKINNEY of Route 3, Booneville: "No. That's where I work. I disagree all the way with halting it. I figure when it's completed it will help this area."

RANDY SMITH of 104 Eudora Heights, Booneville: "My personal opinion is I wouldn't want to see them halt it and I wouldn't want to see people lose their jobs. I feel like they should try to keep jobs going instead of closing anything down."

HUBERT DODDS of Route 6, Booneville: "No, I don't think they should be. I think the government has spent too much money on them to halt it. I was laid off from Yellow Creek about three months ago. I believe they should put the ones in this community back to work up there."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!!)

Reflections

By Ken Christian

A NEW YEAR, A NEW NAME

After all the ballyhoo, it's finally here -- another new year. And as usual, it will take a while to learn to write "1982" on checks and other documents.

But this new year also brings another twist. . . and it, too, is going to take a little getting accustomed to.

Now that Baptist Memorial Hospital in Memphis has exercised its option to lease the Northeast Mississippi Hospital in Booneville, they have also decided to change the name of the hospital.

I was born in the old Booneville hospital (which was located where the present city hall stands today) just two weeks before the Northeast Mississippi Hospital first opened in 1948 and I have been accustomed to using the hospital's old name all of my life. It will be some time before I feel comfortable calling it "Baptist Memorial Hospital" instead of "Northeast Mississippi Hospital."

But, if the good things I expect to materialize from the community's association with the Memphis hospital do come about, it will be well worth the petty inconvenience of learning to call the Booneville hospital by its new name.

HERE WE GO AGAIN, FOLKS

The first session of the 1982 Mississippi legislature was Tuesday in Jackson. And, frankly, I am not encouraged.

Only hours after a federal judge in Little Rock struck down Arkansas' creation-science law, saying it was a blatant attempt to force religious teaching in the public schools, what did the Mississippi Senate do? They passed a bill very similar to the Arkansas law, requiring scientific creationism to be taught wherever evolution is taught in public schools.

Mississippi is on or near the bottom rung of the ladder in too many areas for the state legislature to spend its time trying to enact into law a bill which has already been declared unconstitutional by a federal court.

Williams Preparing For Campaign

By BILL MINOR
Columnist

JACKSON, Miss.—If there was any doubt that Liles Williams was uncertain about making another stab at whipping Wayne Dowdy for the Fourth Congressional District seat, or whether or not Williams could attract the big money he had last time, an event held here a week or so before Christmas seems to put conjecture on both counts to rest.

One of the biggest collections of financial heavyweights ever

assembled here in the Mississippi capital for an obvious political occasion came together for a cocktail party at the Capital City Petroleum Club honoring Williams, the Jackson businessman who lost to Dowdy by a whisker in an upset last summer. That put the Fourth back into Democratic hands for the first time since 1972.

There were 10 listed sponsors of the cocktail party, among them some of the biggest oil and gas industry people in town, in-

cluding the somewhat controversial Billy Mounger, the longtime GOP bankroller and spokesman for the party hardliners. Some said afterwards that Mounger was really among the second-stringers in terms of wealth at the party.

For instance, one of those whoshowed up, although not listed as a sponsor, was Dudley Hughes, the Jackson-based oil and gas independent producer whose worldwide interests reputedly make him the current richest man in

Mississippi.

But there were some others on hand whose obvious backing of Williams is something of an eye-opener. Among the sponsors of the event was Warren Hood, the wood industry magnet, who is also regarded as the most influential adviser Gov. William Winter has among his close personal friends. Not only was Hood very much in evidence, but also his chief assistant, Bill Jones, who is Winter's appointee on the State College Board.

This could lead to a very sensitive political situation come this fall when Winter, the state's leading Democrat, will be looked to by the party to go all-out for Dowdy in order to save the Fourth District seat for the Democrats. Some will no doubt be wary of Winter's role if Hood is one of the major financial backers and supporters of Dowdy's GOP opponent.

In any case, the lineup of so-called "fat cats" at the Williams event dispels speculation that the heavy

backers he had last summer were going to abandon him in 1983 to find a more electable candidate.

The reading that also came from the pre-Christmas party was that any other Republican hopefuls would be foolish to tackle Williams in a GOP primary with that array of financial backers, together with the fact he already has \$80,000 in the bank left over from the campaign chest he had last summer.

1981 Bad Year For Farmers

By DERYL SAYLORS

Well, 1981 is history and 1982 seems to be rushing toward us about as fast as prices went down last year.

We started 1981 under an embargo which pretty well completed what the two previous embargoes had started—that is that we lost another chunk of our export business and prices for all commodities came way down.

The bottom line is that

1981 was one of the poorest years in history for farmers.

Just about everyone understands the bottom line when it concerns other types of business or industry, but sometimes they look a little funny at a farmer when he expresses a hope and even a need for a profit on his bottom line. After all, some say, he chose to farm and therefore should have no complaint about the prices he received for his products.

Now wait a minute, I only

said some people see it that way. Many in the non-farming sector realize that farmers are the same people who shop with them, discuss politics and attend church with them. I believe this part of our population realizes that farmers, like any other businessmen, must make a profit or go out of business. It is unfortunate, therefore, that even though 1981 was a pretty good year, yieldwise, for most farmers, they very low prices received for our commodities will eliminate the word profit from most of our vocabularies.

Speaking of prices, this leads me to introduce you to the "Farmer's Law." We have all heard of Murphy's Law "An time anything adverse, no matter how small or insignificant, happens in the agriculture picture, prices always go down."

Now common sense tells us that the reverse would also be true; that if something supposedly good

Sheriff Appreciates Assistance

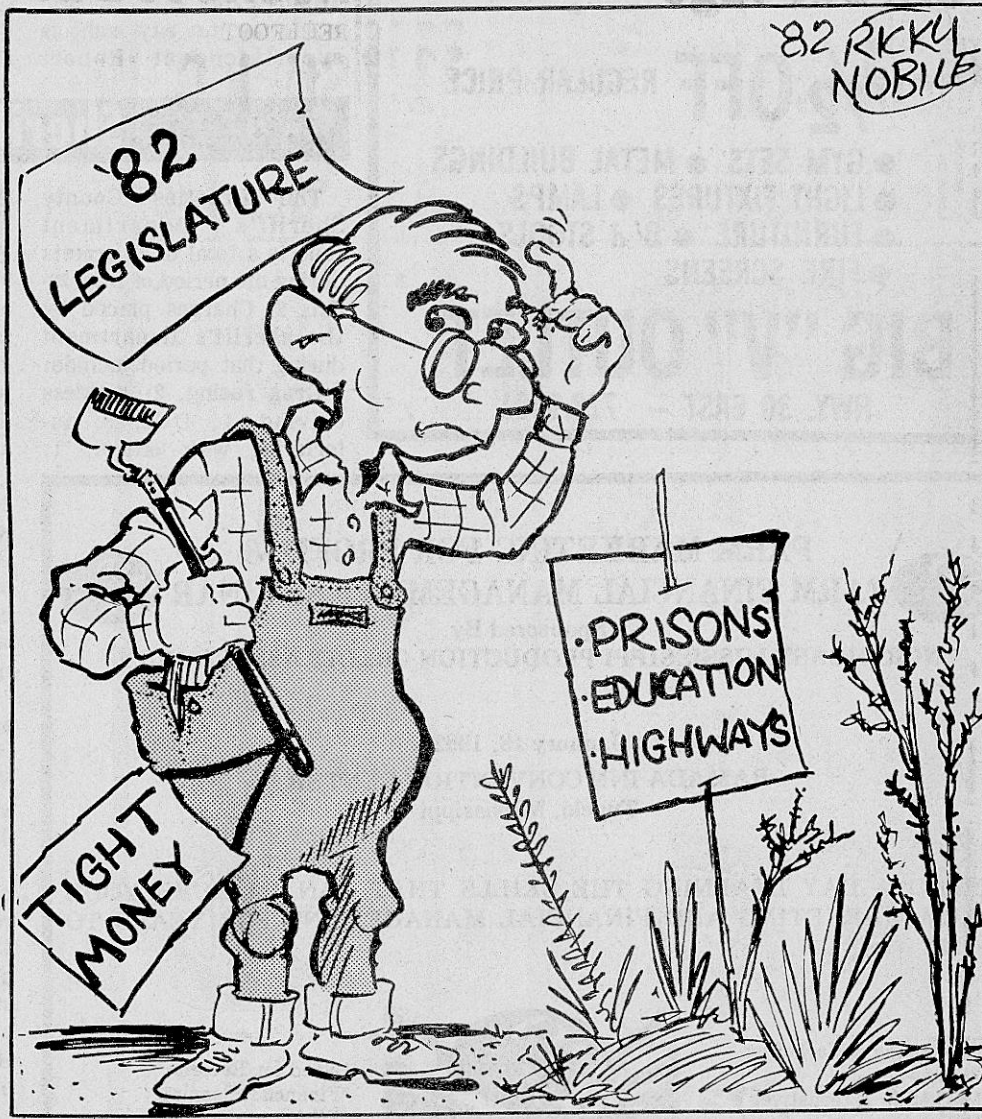

Dear Editor,

I would like to say thanks to everyone who was responsible for the recovery of the stolen property in Prentiss County last week. A joint effort works wonders most of the time.

Let me mention the Tishomingo County Sheriff's Department, the Booneville Police Department, and a special thanks to all my employees.

A TOUGH ROW AN' A SHORT HOE

Ponderings

By Angela Smith

Words can have so many different meanings. Because of this it's possible for people to say one thing when they mean something entirely different.

For instance, when someone says, "Have a nice day," they are probably thinking, "Thank goodness you're finally leaving."

I have compiled a list of some of these trite sayings and my interpretations of the sayings.

"Would I lie to you?" This means the preceding sentence has been a whopper.

"My how time flies when you're having fun." This actually means, "I'm bored out of my skull."

"No problem." This means, "You better believe there is a problem and it's a BIG one!"

"You know." When someone says this it means "I hope you know because I don't."

"I tried to call you but you must have been out." You immediately know something is fishy here if you have been by the phone all day and it hasn't rang. Interpreted this means, "I don't want to talk to you and I wish you hadn't called ME."

"It could have been worse." When a person says this he

means it could only have been worse if the situation had happened to him.

"Hello Pardner" (or some substitute noun). Means the person can't think of your name.

"There is nothing to worry about." Interpreted this sentence means there is so much to worry about that you should probably even change your name.

"Ya'll come." This is a true Southern expression which means, "I'd really like to see you again and ten years from now will be soon enough."

"Call me if you need me." A person says this when he knows his telephone number is unlisted or he is on a party line.

The Missing Link

The Missing Link was one of the presents I received at Christmas. The Missing Link was undoubtedly designed for people like myself who were unable to conquer Rubik's Cube.

Take my word for it (translated...I don't know what I'm talking about) the Missing Link is easy to solve. In fact, it was so easy to solve that I didn't even have to buy the solution for it!

A Pet Stick

I am now the proud (?) owner of a pet stick. This was a Christmas present from one of my uncles.

A booklet that came with the pet stick (which looks similar to those sticks in ice-cream) says a pet stick beats a pet rock all to pieces.

The booklet also contained this background information about my pet stick. "This stick has been bred, grafted, grown and cultured by the foremost authorities in the field and forest of pet stickology. Every Stick, before being sent out for adoption by its new owner, has to pass careful health, psychological and intelligence tests. The parent sticks (way back in the family tree) have special traits which were carried through generations. This stick has superior humility, I.Q. and compatability."

The booklet also says, "If your pet stick needs feeding, it will let you know." (Thus far, my pet stick has not requested food.)

The booklet also points out another advantage of having a pet stick...sticks sleep soundly all night.

The booklet contains a section on discipline, too. If the pet stick ever misbehaves, the pet stick owner is advised to look at the pet stick in a stern way and say "Bad Stick" and shake his fist.

The booklet concludes by listing some of the favorite television programs that pet sticks seem to enjoy. Some of the programs are "Monday Night Stickball," "Marcus Stickly, M.D.," "Stick Trek," "Sticky and Hutch," "I Love Sticky," "Sesame Stick," "Little Stick on the Prairie," and "The Stickstones."

Home Economist's Report

Plan Your Work And Work Your Plan

By CLAIRE T. ROSS
Home Economist
MANAGE YOUR HOME-DON'T LET IT MANAGE YOU
Make Your Time Count. When you have less time to spend in cleaning, a time plan can help you get the most done in the time allotted.

Make lists of the cleaning jobs that must be done.

Organize the lists into daily, weekly or occasional jobs.

Establish priorities - rate the jobs 1, 2, or 3, according

to how important they are.

Set time limits and learn how to complete work within the time allowed. You'll be amazed at all that can be accomplished in just ten or twenty minute periods of time if they are properly planned.

Schedule one major cleaning job each week - cleaning the oven, scrubbing the tile around the bathtub or shower, cleaning kitchen cabinets, etc.

Keep the plan flexible so you can change it if something unexpected

comes up.

Lighten The Work Load - Regardless of how well you plan, you will probably find your busy schedule doesn't allow enough time for everything.

If that is the case, consider how to lighten the work load: Re-evaluate your standards, "deep clean" only one room each week, put other family members to work, keep a lookout for new tools and products that shorten cleaning time.

De-clutter the area: Since about one-half of cleaning

time goes into picking up and putting away "things," getting rid of clutter will go a long way to lighten the work load and speed up cleaning.

Put up easily accessible hooks and shelves for hats, coats, schoolbooks and other items that usually end up on the floor or a chair.

Have clutter containers where clutter collects. For example, place a large toybox in the play area, provide a basket for newspapers and magazines,

make brightly colored, labeled boxes for the bills, junk mail, school papers, etc., that usually end up in a heap on a table or kitchen counter.

Use the best and easiest cleaning techniques. Keep cleaning supplies all together in one place. Keep more than one set of cleaning supplies.

Keep cleaning tools in good working condition. Alternate jobs you don't like with those you do like to keep your spirit up.

We hope everyone enjoyed the New Year's Day events. The first day of the new year was very beautiful and warm. But on Saturday we had a great change - rain, rain, rain was just continually coming down. There were many flash floods and tornadoes around the state, but thanks to God, He did not allow us to get blown away.

Spring Hill, Wolf Creek and the Holiness Church had watch night services on New Year's Eve. What greater thing can be done than to pray the old year out and the new year in.

Members of Wolf Creek Church went to Conway, Ark., on the fourth Sunday to be with the Rev. Red Gamble. They really enjoyed themselves, although they had bus trouble. They were given a warm welcome while they were there.

Happy Anniversary to Mr. and Mrs. Robert Moment.

Mr. and Mrs. Andrew Betts gave their families, the Betts and the Shinaults, a surprise visit which made their holiday a more enjoyable one.

We hope everyone enjoyed the Sunday School Sunday. Everyone's New Year's resolution should be to attend Sunday School somewhere. You don't know what you're missing.

She threw a firecracker out the window of a car and the wind blew it back inside where it landed on a bundle of firecrackers on the seat, causing a fire which killed one girl and seriously burned another. Firecrackers are dangerous, so let's be careful.

Many of our college students came home over the holidays and we hope they have a safe journey back to school.

Bro. Johnson Is Honored

Antioch Baptist Church surprised their pastor, Bro. Mike Johnson, with a Pastor's Appreciation Day recently.

On behalf of the church, the church training director, Johnny Johnson, presented

Bro. Johnson with an appreciation plaque. The choir sang the special music, "Because He Lives." The church's ensemble, The Antioch Messengers, also presented several selections.

Mrs. Kathy Lee was in charge of the program entitled "This Is Your Life, Bro. Mike." Several friends and family members were present to share in this special day.

The highlight of the service was presented by Don Rinehart, Sunday School Director. On behalf of the church, he presented Bro. Johnson with the financial means to take a trip to the Holy Land. The entire day was climaxed with lunch served in the church fellowship hall.

We had a good crowd at church Sunday in spite of the rain. Bro. Wallis preached an inspiring sermon which was enjoyed by all.

Thursday night, Bro. and Mrs. Wallis had a New Year's Eve party, in their home. Those present were Mrs. Max Cagle and Sharon and Rae Chriswell, Mr. and Mrs. E.C. Crabb, Mr. and Mrs. Bud Edge, Mr. and Mrs. Billy Gray, Mr. and Mrs. W.D. Pruitt, Mrs. Mary Hendrix, Mrs. Peggy Tolor and Randy, Mr. and Mrs. Howard Holmes, and Mr. and Mrs. Holland Jumper of Dry Creek.

Those visiting Mr. and Mrs. Lamar Radliff over the holidays were Miss Judy Radliff of Batesville, Mr. and Mrs. Paul Radliff, Mrs. Annie Humphres of Belmont, Mrs. Francis

Hargon of Baldwin, Dr. Leon Radliff and son, Steve, of Belmont, Howard Williams of Pleasant Ridge in Union County, Mrs. Joyce Chism, Mrs. Paula Carter of Kowenville, Mr. and Mrs. Gene Ward of Marietta, Terry Chism and Mr. and Mrs. Pete Holmes of Pratts.

Mrs. Jane Taylor visited Mary Eddie Tyus. They visited Mr. and Mrs. Eston Stevens of Booneville on Tuesday and Mr. and Mrs. D.N. Francis of Amory Tuesday night.

Melissa Henery of Jugfork spent the weekend with Mr. and Mrs. Clifford Glover and Teresa Henery.

Thoses visiting Mrs. Verda Mae Stubblefield last week were Mrs. Rachel Hall of Booneville, Mrs. Jane Taylor of New Albany, Mary Jane Harling, Sharon Cagle, Chessie Prentice, and Mary Eddie Tyus. Mrs. Stubblefield is feeling much

better.

Tony Henery of Jugfork visited his mother, Mr. and Mrs. Clifford Glover, and Teresa Sunday afternoon.

Those visiting Mrs. Chessie Prentice New Year's Day were Mr. and Mrs. James Morgan of Memphis, Mr. and Mrs. Billy Morgan and Bronzie, and Mrs. Minnie Mooney, all of Booneville, Mrs. Beverley Underwood of Pratts, and Bobby Tolor of Baldwin.

We are sorry to report Mrs. Essie Merryman fell and broke her hip. She's in the Tupelo hospital. Charley Gray is in Baldwin hospital. We wish them both a very speedy recovery.

Mr. and Mrs. Robert Morris spent New Year's day with their daughter, Mr. and Mrs. Earl Underwood, Mary, Sherry and Jason of Guntown. Mrs. Morris and Mrs. Underwood shopped in

Tupelo Friday morning.

Little Jason Baxter has returned home to Baton Rouge after spending the holidays with his grandmother, Mrs. Mildred Baxter. Mrs. Baxter and Mrs. Frankie Hendrix visited their brother and family, Mr. and Mrs. Clearance Perry, and Mrs. Jessie Gist of Fulton.

Mrs. Frankie Hendrix spent Friday afternoon with Mrs. Mildred Baxter. Her daughter, Mrs. Elaine Palmer of Memphis, also spent the weekend.

Mr. and Mrs. W.H. DeVaughn and all of Mrs. DeVaughn's family met Friday at her brothers, Mr. and Mrs. Vardaman Boren's in Marietta Saturday night. Guests of the DeVaughns were Mr. and Mrs. David DeVaughn and family, and Mr. and Mrs. Robbins, all of Booneville. Sunday afternoon Mr. and Mrs. Horace DeVaughn of Marietta visited.

Have you made New Year's Resolutions? If so, try your best to keep them. I have made some: try to be kinder, more friendly and of more service to people and to read the Bible through in 1982.

Bro. Barber's lesson today, Jan. 3 was on resolutions or purposing in our hearts and gave some areas in which we should resolve, from a Biblical stand point.

In Psalms 17:3, David resolved that he would not sin with his tongue. Our tongues ought to be used for the glory of God and not for tale-bearing, gossip, or for malice.

The attendance was down today due to sickness and the inclement weather.

Those reported sick today, Jan. 3, were Mrs. Arthur Barnes, Zana Floyd, Cecil Koon, Jr., Sue Hutcheson, and Delma and Jeff Frame.

Get-well wishes go out to all these and any others who may be sick.

Mrs. Gladys Kennedy was visiting in Marietta today and worshipped there. Her son, Houston, and family were happy to have her with them.

"Reach out and touch some one" says South Central Bell and I've been doing just that. I called to the Dock Brumley's, to Charlene Church, Jimmie Fay Davis, to Mrs. Naomi Kelly, Mrs. Nora Rinehart, to Bertice Daws and to Mrs. Marie Lindley.

Mrs. Lindley has improved a good deal; let's hope she continues to feel better.

Noran and Rachel Harris

visited Aunt Myrtie Harris in the local hospital room 206. Aunt Myrtie seemed better for a day or two but her condition has worsened.

Let's be praying for this special Aunt and for others, too.

Mr. and Mrs. Clyde Nickols of Booneville and their daughter, Melissa, were dinner guests of Bud and Donna Coats during the holidays.

Here's a thought for the week: "The art of living is beginning where you are" -- Martin Vanbee.

Gary Coats has returned to Fort Lee, Va., after a brief stay with home folks.

Guest of Mrs. Gladys Gardner on Saturday night, Jan. 2, was Mrs. Pauline Jones, Ruthie Inman, Mr. and Mrs. William Garrett, Mr. and Mrs. Blondie Scott, Mr. and Mrs. Roy Scott, Mr.

and Mrs. Ken Scott and Little Brandy Chislohn.

They all enjoyed a possum supper. There was a baked Turkey for those who did not like possum and sweet potatoes. After supper they all gathered in the living room for entertainment. Several brought their instruments. Little Brandy Chislohn entertained with her singing.

Pauline and Bobby Jones enjoyed Sunday dinner with Mr. and Mrs. Myron Coats and Mike. Betty prepared a birthday dinner in honor of her brother, Bobby.

Mr. and Mrs. Myron Coats and Mike enjoyed New Years Eve supper with Mr. and Mrs. Denny Windham and Justine. Also present for supper were Mr. and Mrs. Shirley Graves. Mr. and Mrs. Kirley Windham came out later for all the fireworks.

Mr. and Mrs. Myron Coats and Mike enjoyed New Years supper with Mrs. Pauline Jones.

Guests of Mr. and Mrs. Myron Coats on Christmas Eve were Mrs. Beatrice Lawrence, Mrs. Mae Holiday, Mrs. Zana Floyd, Ruthie Inman and Pauline and Bobby Jones.

Pauline Jones had guests for Christmas Day Dinner: Mr. and Mrs. Myron Coats and Mike, Bobby Jones, Gladys Gardner, Bea Lawrence, Ruthie Inman, Mae Holiday, David Coats and Mr. and Mrs. Ken Scott.

David Coats was the overnight guest of Mike Coats on Christmas night.

Miss Rayburn

Named To

Dean's List

Melanie Renee Rayburn of Booneville has been named to the Dean's List at Mississippi College for the first semester of the 1981-82 school session, according to Dr. Charles Martin, vice-president for academic affairs at the college.

A student must maintain a 3.5 or better grade point average based on a 4.0 system and take a full course load of 12 semester hours in order to be named to the Dean's List.

Selection is based upon grades received in academic work only.

Of the 322 students named to the Dean's List, Miss Rayburn was one of 115 to maintain a straight "A" average.

Conservation Program Guide Announced

By Tony Thompson
District Conservationist
Soil Conservation Service

The Soil and Water Resources Conservation Act of 1977 (RCA) requires that the Secretary of Agriculture develop a national soil and water conservation program to guide USDA's future conservation activities that will help the owners and operators of the nation's

non-federal lands. Provisions for USDA's "Preferred Program" are now complete and have been released for public comment prior to being sent forward to Congress for their action. It is based on an appraisal of existing resource conditions and trends, as well as projected needs for the future. Details of the appraisal are contained in the 1981

RCA Program Report and Environmental Impact Statement. Copies of the report are available for public inspection at the local SCS and ASCS offices in Booneville. All Prentiss County landowners could potentially be affected by the Preferred Program and are invited along with other interested persons to make a response to its provisions.

A pre-addressed, postpaid response form can be obtained at the local SCS office and completed or you may send a written response stating your opinions to State Conservationist, Soil Conservation Service (SCS), Suite 1321 Federal Building, 100 West Capitol Street, Jackson, MS 39269. Responses must be postmarked no later than Jan. 15, 1982.

The Preferred Program calls for several major changes from the current USDA conservation programs.

It provides for:

(1) Local and State conservation coordinating boards to identify critical problem areas, set priorities, and develop programs for local and state actions to solve the problems. These boards would be based on and in addition to existing organizations - conservation district boards, ASC committees, Extension Advisory Boards, and other groups.

(2) A national board to consider the state programs, make recommendations on allocation of matching funds, and establish conservation target areas.

(3) Matching grants to states for financial and technical assistance and developing state programs. Funds for these block grants would come from regular conservation program appropriations and go to selected states with available matching money.

(4) Base Plus Special Emphasis. A "base level" of USDA presence would be determined for each state according to needs for: Gathering and interpreting resource data; development of resource plans; maintenance of existing conservation practices and projects; and basic USDA conservation practices and projects.

Targeting of USDA funds and personnel above the base level would correspond to the severity of the conservation problem. No other funds are to be appropriated for these targeted areas, therefore, less USDA technical and financial assistance will be available to non-targeted areas.

This is your opportunity to contribute to the formulation of the USDA's future conservation activities. Please study this program carefully and give a response. Your input is needed.

H&R BLOCK IN BOONEVILLE - Ribbon cutting ceremonies for H&R Block were held Monday morning. H&R Block handles income tax preparation. On hand for the ribbon cutting ceremony were (from left to right) Tim Davis, H&R Block District Manager; Belinda Hester; Mayor Charles Crabb; and Mary Hester, owner of the local H&R Block office. Cheese Distribution Plan Set

By C.E. CALVERT
County Executive Director

USDA ANNOUNCES PLAN FOR CHEESE DISTRIBUTION PROGRAM

Secretary of Agriculture John R. Block has announced plans to implement President Reagan's authorization of the release of 30 million pounds of cheese to states for distribution to non-profit organizations for households in need.

The U.S. Department of Agriculture's Food and Nutrition Service regional offices will respond to state requests for commodities through state distribution agents who customarily handle commodities for schools and institutions.

"The Food and Nutrition Service distribution network for commodity programs will be used to the maximum extent possible," Block said. The Agricultural

Stabilization and Conservation Service will ship the cheese in trucks or railroad car lots to central locations serving as delivery points.

Charitable, non-profit organizations, including food banks, will make cheese available at the local level. Churches and other non-profit groups customarily operate food banks.

Agencies will be eligible to participate in the cheese distribution program, if they have adequate storage facilities and record-keeping ability as determined by the states.

The Food and Nutrition Service has also implemented distribution of cheese and other bonus dairy commodities, non-fat dry milk and butter, to the

Title 3 Elderly program and child care facilities as called for in the farm bill signed by

President Reagan today.

GRAIN CONDITION AND STORAGE STRUCTURES IMPORTANT, ASCS SAYS

To prevent economic loss and protect stored grain from insect damage, farmers participating in the commodity loan and reserve programs are required to make year-round inspections of crops destined for future markets.

The farm-stored grain needs to be inspected not only in warm weather, but also during the winter.

Insects in stored grain go almost dormant for the winter. Grain near the outer surfaces of the bin cools before that located in the center, and as the grain cools, insects will move toward the center of the bin where the grain is still warm. The larger the bin, the longer it takes the grain to cool.

Stored grain also contains moisture that may shift from one location to another, mainly because of tem-

perature differences that develop within the structure when surface and perimeter areas of the grain cool.

Moisture from warm grain moves to cooler parts of the structure, causing damp areas within the grain that favor insect activity and mold development.

When determining eligibility for the grain reserve program or commodity loans, ASCS considers the condition of the storage structure and the commodity stored within the structure.

Farmers are responsible for any loss in quality or quantity caused by insect infestation or rodent damage. If there is evidence of insect infestation, the grain should be fumigated as soon as possible. Liquid fumigants are most commonly used and should be applied on a calm day.

Farmers are encouraged to continue using proper storage and handling methods to preserve farm-stored grain year-round.

How To Get Along With Kids

By EDWARD L. MCWHIRTER
Extension 4-H Youth Agent

YOUNGSTERS' CODE FOR PARENTS

Working with young people isn't always easy. Being an effective parent is even harder. There are no set rules. There are no 100 percent right answers.

This "Youngsters' Code for Parents" may help explain why kids have such positive attitudes toward 4-H and their responsibilities as 4-H'ers. It also has some ideas to make us think!

(1) Keep cool. Don't lose your temper in a crunch. Keep the lid on when things go wrong. Kids need the reassurance that comes from controlled responses.

(2) Bug us a little. Be strict and consistent in dishing out discipline. Show us who's boss. It gives us a sense of security to know that we've got strong supports under us.

(3) Don't blow your class. Keep the dignity of parenthood. Stay on the pedestal. Your children have put you there because they need someone to look up to. Don't try to dress, dance or talk

like kids. You embarrass us and you look ridiculous.

(4) Light a candle. Show us the way. Tell us that God is not dead, sleeping or on vacation. We need to believe in something bigger and stronger than ourselves.

(5) Scare the daylight out of us. If you catch us lying, cheating, stealing, swearing, boozing, being cruel, or whatever, get tough. Let us know why what we did is wrong. When we need punishment, dish it out. But let us know that you still love us, even when we let you down.

(6) Call our bluff. Make it clear that you mean what you say. Don't be wishy-washy. Don't be intimidated by our threats to drop out of school or run away from home. Stand firm. Kids don't really want everything they ask for.

(7) Be honest with us. Tell us the truth no matter what. We can smell uncertainty a mile away. Lukewarm answers make us uneasy. This means for you to be generous with praise. If you give us kids a compliment once in a while, we will be able to accept criticism more readily.

Don't Bury Your Retirement.

Everyone Needs an IRA

IRA
Individual Retirement Account

Buried? Is your retirement savings buried? If you are not receiving all the tax advantages of a new Bank of Mississippi Individual Retirement Account (IRA), it might as well be buried in an old coffee can out back.

Were you counting just on Social Security and your company's plan for retirement income? Now you can structure and control your own plan and benefit tax wise too. That's why everyone needs an IRA.

You are eligible for an IRA whether you are presently covered by a pension or profit sharing program or not. And, at Bank of Mississippi, your IRA is insured to \$100,000 by the Federal Deposit Insurance Corporation.

Now all wage earners can deposit up to \$2,000* in an IRA, \$2,250 if married, and up to \$4,000 if your spouse works. And, there are two valuable benefits. First, the money you deposit is exempt from income taxes until you retire; and second, so is the interest your IRA earns each year. You pay no taxes until you begin to withdraw the money, as early as age 59½, and you probably will enjoy a much lower tax rate then. So you have tax benefits allowing you more money now, and more when you retire.

Ask your Personal Banker about tailoring an IRA to your individual needs, whether you want to make regular deposits suited to fit your family's budget, or larger time deposits for which our IRA certificates of deposit are specially suited.

Everyone's needs are different. That's why we have Personal Bankers. So your Individual Retirement Account can be just that - individual.

See your Personal Banker today, and make sure you don't bury your retirement.

BANK OF MISSISSIPPI
Member FDIC

*100% of earned income up to \$2,000.
Substantial penalty for early withdrawal. IRS regulations impose additional penalties for withdrawal from IRA's prior to age 59½.

THOUGHT FOR THE WEEK

"Little Trees"

By Dennis J. De Haan

Adapted from "Our Daily Bread"

Therefore, I say unto you, be not anxious for your life. Matthew 6:25

LIFE'S many duties can become an unbearable burden. They sometimes get all grouped together and create within us a feeling of being completely overwhelmed. When this happens to the child of God, he must take two steps to ease the pressure. First, he must put the big responsibility for his life into the Lord's hands; and second, he must get to work on the tasks immediately before him.

A famous naturalist in California began cutting trees to construct a log house. A neighbor who knew his purpose and also his age asked him, "Isn't that too large an undertaking for one person who is no longer young?" "It would be," replied the elderly man, "if I looked beyond the chopping of the trees and sawing of logs, and pictured myself laying the foundation and erecting the walls and putting on the roof. Carrying the load all at once

would exhaust me. But it isn't much of a job to cut down this little tree, and that's all I have to do right now."

That gentleman's wisdom is in keeping with the words of Jesus in Matthew 6:34. The Lord had been speaking of the anxiety that so easily builds up in our hearts from life's many responsibilities. He was not discounting the need to concern ourselves with food, clothing, and shelter, and to plan ahead. Rather, He was saying in effect, "Keep God at the center of life. He'll take care of the overall picture. You attend to your immediate duties."

The "building of a house" may seem like an impossible task, but you can cut down the "little trees." And that's all God is asking you to do right now.

Get a \$2000 tax deduction every year and retire like a millionaire.

How your IRA Tax Shelter can grow into a small fortune (or a big one).

Start at this age and contribute the maximum each year until you're 65.	An individual contributing \$2,000 a year could have this amount by age 65.	A couple with one spouse working contributing \$2,250 a year could have this amount by age 65.	A working couple contributing \$4,000 a year could have this amount by age 65.
Age 25	\$1,718,284	\$1,933,070	\$3,436,568
Age 30	\$ 966,926	\$1,087,791	\$1,933,852
Age 35	\$ 540,585	\$ 608,158	\$1,081,170
Age 40	\$ 298,667	\$ 336,001	\$ 597,334
Age 45	\$ 161,397	\$ 181,572	\$ 322,794
Age 50	\$ 83,506	\$ 93,944	\$ 167,012
Age 55	\$ 39,309	\$ 44,222	\$ 78,618
Age 60	\$ 14,230	\$ 16,009	\$ 28,460

Amounts are based on an average of 12% simple interest annually with deposits made on January 1 of each year. This chart is not meant to be a statement of actual interest rates available or guaranteed end financial results.

All you do is stash away up to \$2,000 a year in a First Bank IRA Tax Shelter account.

You can deduct every penny of that money from your Federal income taxes. In a 50% tax bracket, that could save you \$1,000 a year on taxes; \$600 in a 30% bracket. And you'll earn high interest so by the time you retire, you'll have accumulated quite a nest egg.

In fact, if you start putting in \$2,000 a year when you're 29 and you earn an average of 12% a year interest, you'll have somewhere around a million when you retire at 65. For a working couple, it could be two million.

Almost everybody's eligible for an IRA Tax Shelter.

Thanks to recent changes in federal laws, you can now get an IRA Tax Shelter no matter what other retirement or profit-sharing plans you may have where you work. The only requirement is that you earn the money you contribute to an IRA.

If you and your spouse both work, you can put in up to \$4,000 a year from your joint income. For couples with one spouse working, it's \$2,250. And for individuals, it's \$2,000.

Even contribute monthly at First Bank.

You can put your money in a 1982 IRA Tax Shelter in one lump sum anytime between January 4, 1982, and April 15, 1983. But, of course, the sooner you put your money in, the sooner you start earning the high interest.

Or at First Bank, you can put in a little every month. If you start in January, you only need to contribute \$166 a month for the maximum tax deduction by the end of the year. For working couples, it's \$333 per month. And for couples with one spouse working, it's \$187.

To make it more convenient, we can automatically withdraw your monthly payment from your First Bank checking account.

Start now for high interest all year.

With the First Bank IRA Tax Shelter, you always earn a competitive interest rate, because the rate is tied to the rate for Money Market CD's, and it will vary quarterly. When interest rates soar—like they did this year—your rate does too. And vice versa. But

no matter what happens, you're assured of earning money market rates. And over the long haul, the tax benefits make it your best investment.

You can begin withdrawing your IRA Tax Shelter money when you're age 59½, and you must start by age 70½. Then you'll pay taxes on the amount you withdraw, but when you retire you'll probably pay taxes at a lesser rate. There is a substantial penalty for withdrawal before age 59½.

Your IRA Tax Shelter money is completely safe because it's invested in 18-month Savings Certificates and it's insured up to \$100,000 by the F.D.I.C.

If you want to cut your taxes. If you want to make sure your retirement is secure. Or if you'd just like to become a millionaire, our IRA Tax Shelter is for you. Call or visit any First Bank location.

Booneville Happenings

By JESSIE PRESLEY
Correspondent

Mrs. Lena Gilley of Mimosa Drive spent the Christmas holidays with her children in Memphis.

Mrs. Samuel DeJohn of Granada Hills, Calif., was a guest of her parents, Mr. and Mrs. Clyde Howser, during the Christmas holidays.

Mr. and Mrs. James Crabb and daughter, Sandra, of Cincinnati, Ohio, spent a few days of the Christmas holidays with Mr. and Mrs. Prentiss Crabb.

Mrs. Gladys Davis and Shirley Runion were delighted to have Mr. and Mrs. Terrell Livingston, Mr. and Mrs. Jasper Jones of Eva, Ala., and Mr. and Mrs. J.B. Davis Jr. of Germantown, Tenn., and Miss Cindy Jones from the University of Alabama (Tuscaloosa) for a visit last week.

Mrs. Nettie Cole of Memphis is spending a few days with her father, Asberry Windham, and other relatives.

Mrs. Lila Johnson of Jackson, Tenn., spent Monday and Tuesday with Jessie Presley and the Butch Caldwell family.

Mrs. R.B. Loveless was a dinner guest of the Edd Ledbetter's Christmas Day. On the weekend she visited with Mr. and Mrs. Howard Hopkins of Baldwin.

Mrs. Zera Haden and Aleda of Memphis were weekend guests of the Bilbo Moores.

Mr. and Mrs. Lester Moss of Birmingham, Ala., were overnight guests in the home of Mr. and Mrs. Joe Kingsley recently.

Mr. and Mrs. Jim Pounds of Jackson, Miss., spent the weekend with their parents.

Mr. and Mrs. Dennis Moore and family of Kennett, Mo., have been visiting her mother and family, Mr. and Mrs. Lemon Sanders.

We extend our sincere sympathy to the family of Miss Mauveline Fugitt who passed away Sunday afternoon.

Visiting with Mr. and Mrs. Charley McMillan and family and Helen McMillan during the holidays were Mr. and Mrs. Harvey Winegarner and Lynette of Fenton, Mich., and Walter and Vicky McMillan of Little Rock, Ark.

Clift Gist of Memphis died Thursday evening in a Memphis hospital. He is the husband of Mrs. Velma (Shook) Gist. They are formerly residents of Prentiss County.

Miss Elizabeth Windham is a patient in our local hospital. We wish her an early recovery.

Mr. and Mrs. Elijah Wingo spent a few days last week in Memphis visiting their son's family, Mr. and Mrs. Cecil Wingo, and granddaughter, Mr. and Mrs. Russell Chatham.

Mr. and Mrs. Esco Thompson have returned from a holiday visit with their children, the Ralph Jeffords and Terry and Karen Thompson in Lorain, Ohio. They reported lots of snow. Enroute home they stopped in Louisville, Ky., for a visit with Mr. and Mrs. Jim Pounds.

The children and grandchildren of Mr. and Mrs. Mose Swinney enjoyed a Christmas dinner at the Senior Citizen Center in the Pratt's Community. Those attending were Mr. and Mrs. Albert Edge, Mr. and Mrs. Lowell Roper and family, Mr. and Mrs. Aaron Henderson and Mrs. Ruby Henderson of Southaven, Mr. and Mrs. Ralmon Swinney, Mr. and Mrs. Marty Hunt and children, Mr. and Mrs. R.B. Steve Franks of Dallas, Texas, visited his parents Mr. and Mrs. Jesse D. Franks of Frankstown during Christmas.

Mrs. Milton Rhoads and daughter Marilyn Kelton were guests of Mrs. R.C. Crabb Saturday.

Mr. and Mrs. James Franks were in Winona Christmas to visit with Mr. and Mrs. Tony Franks and girls.

Mr. and Mrs. Bobby Geno and Bradley of Booneville accompanied little Michael McCollum back to the Baptist Children's Village in New Albany after a two week visit in the Geno home.

Mr. and Mrs. R.C. Geno, Tony and Craig Robinson of

Booneville and Tina Williams of Baldwin, have returned from a visit with Mr. and Mrs. Alvin Binder, Lowre, Geno, and Adam of Jackson, Miss. While there Tina and Tony enjoyed a Willie Nelson show.

Thought for the week:
How about your attitude toward others? I'm sure each of us could improve our thoughts about others.

"Attitudes"
A man, was down and someone said,
"That's where the rascal ought to be,"
But never offered him a bed,
Nor gave him water, bread or tea;
And neither did he lift his heart

And breathe a prayer in this behalf,
But plunged in him a deeper dart
By saying, "He is worthless chaff."
Another looked at this same man
And said, "He has a precious soul,
Therefore I'll help him all I can
To rise in life and seek a goal;
And so he spoke a friendly word
And wept because he'd fallen low,
Then prayed till God in Heaven heard
And made his life to shine and glow.

1. What is an IRA?

An Individual Retirement Account (IRA) at The People Place is just what the name implies: a savings account designed for retirement income —along with tax deductions that every individual wage-earner can use today.

2. Am I eligible for an IRA?

Yes. Any wage-earner under age 70½ can establish an IRA and make tax-deductible contributions to it.*

3. If my company has a qualified retirement plan, can I still have an IRA?

Yes. Any wage-earner can open and contribute to an IRA, even if you're already covered by your company's retirement program.

4. How can I open an IRA?

Just stop by any office of The People Place, and sign up with one of our IRA specialists.

5. When can I open my IRA?

Any time. But to get your tax deduction, you must contribute no later than the filing date for your personal income tax (with extensions, if any).

6. How much can I contribute to an IRA?

Every wage-earner under age 70½ can contribute annually 100% of earned income, up

to a maximum of \$2,000, into an IRA. There is no minimum contribution for IRAs.

7. How much can my spouse and I contribute?

If you and your spouse are both employed, you each can open an IRA. Each spouse can contribute 100% of earned income (again, up to \$2,000) into his or her individual account. If your spouse is unemployed, you can contribute up to \$2,250 into two individual accounts. You can divide the money however you choose, as long as no more than \$2,000 is placed in one account.

8. What are the benefits of an IRA?

First, you can set aside funds for retirement purposes —and deduct the amount you contribute from your current earned income for tax purposes. And the earnings you obtain on these funds are tax-deferred: you don't pay income taxes on them until later.

9. Can I make withdrawals from my account?

Yes. But if you're under age 59½ and not totally disabled, there is a 10% excise tax, and the amount withdrawn is reported as ordinary income for that year. (There may be early withdrawal interest penalties as well.)

10. What about withdrawals after I reach age 59½?

They aren't mandatory until you reach 70½. Then, you must withdraw a minimum amount annually based on your account balance and your life expectancy; or if you're married, the joint life expectancy of you and your spouse. In any case, withdrawals are taxed as ordinary income.

11. What happens if I contribute more than the allowable amount?

A 6% penalty tax is imposed on any excess contributions—not only for the year made, but for every year until

the money is removed from the account. (Avoid the penalty by removing the excess, with earnings, no later than the due date of that year's tax return.)

12. Can I contribute periodically, or must I make an annual deposit?

You can contribute weekly, monthly, quarterly, or however you wish. If you like, The People Place will even arrange for an automatic draft from your checking or savings account for deposit to your IRA.

The People Place is offering a new variable rate IRA with an 18-month term. If you want to make a periodic contribution, this will allow you to earn a comparable rate to those who make an annual lump-sum deposit.

The interest rate will be adjusted weekly, and will be tied to the average Federal funds rate of the previous week. This will enable all People Place IRA customers to maintain a current rate of interest.

13. What should I do if I have more questions?

That's the easiest answer of all. Just stop by any office of The People Place and ask for an IRA specialist. We'll be glad to discuss IRAs as they apply to your individual needs. For all the answers about IRAs, just ask the people who know. At The People Place.

Devilettes, Eagles Nab Tourney Titles

Booneville's Lady Blue Devils and Wheeler's Eagles claimed first place honors here Saturday night in the finals of the Annual Booneville Invitational Basketball Tournament held at the Booneville High School Gym.

The Lady Devils remained with their winning ways with a 31-28 victory while Wheeler's Eagles got the best of Booneville's Blue Devils in the nightcap with a 44-42 squeaker for the second close matchup of the night.

Booneville's Cynthia Sorrell sank two key pressure free throws with less than 30 seconds remaining to give Booneville the victory over their arch rivals. Cynthia's sister Kunshingie, one of the area's leading scorers, paced the Devilette scoring brigade with 11 points on the night followed by Cynthia Sorrell with 9. Libby Price had eight for the Lady Bearcats.

The win for the Booneville girls was their second over the Baldwin girls and Booneville's only loss of the

year came to the Lady Bearcats earlier in the season.

What can you say about the nightcap. Just another exciting Prentiss County contest.

Wheeler's Eagles led throughout the contest by as much as eight points on several occasions but the Devils, who have improved over the past few weeks, kept coming back again and again and forced a close matchup til the Eagles pulled it out in the closing seconds of the game.

Jim Davis led the Wheeler attack with 14 points followed by Bubba Miller with 13.

Booneville's Ronnie Elam led the Devil brigade with 14 points on the night.

In other action Saturday, Baldwin dropped Tishomingo's Bulldogs 58-38.

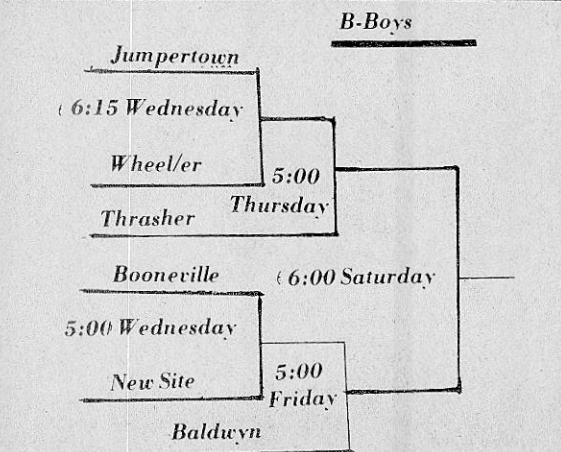

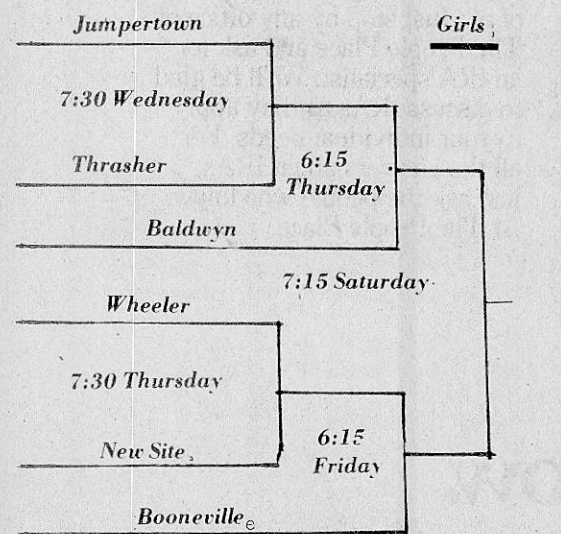

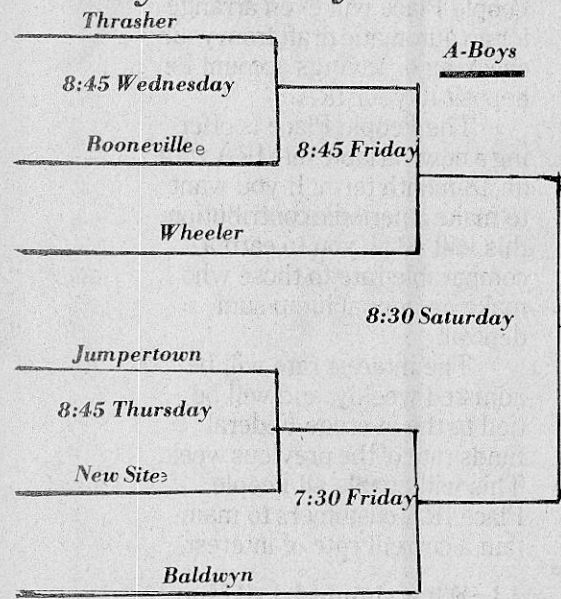

SEMI-FINAL ACTION In Friday's semi-final action, Booneville and Wheeler boys along with the Baldwin girls took wins in the tourney. The Booneville boys tagged Baldwin by two points while Wheeler

downed Tishomingo and Baldwin's girls downed Wheeler.

In Thursday's opening round action Booneville girls bombed Tishomingo 66-23 while Booneville's Blue Devils trimmed Tishomingo's boys 52-41 and Wheeler's Eagles defeated Baldwin 57-45.

Booneville's Devilettes retained their championship from a year ago in the girls bracket while Wheeler takes over the top honors for Alcorn Central, last year's boys winner.

County Tourney Underway... Finals Set For Saturday

The 1982 Annual Jaycee Prentiss County Basketball Tournament got underway here last night (Wednesday) at Northeast's Bonner Arnold Coliseum.

The event has been brought back by popular demand and action will be held throughout the entire week with the finals slated for Saturday.

In last night's opening round action, Booneville's B's was scheduled against New Site at 5 p.m. followed by Wheeler against Jumpertown B's at 6:15. Then it was Jumpertown and Thrasher girls going at it at 7:30 followed by Thrasher and Booneville boys in the

finale at 8:45.

Tonight's action starts at 5 p.m. with Thrasher's B team battling with the Jumpertown-Wheeler winner followed by Baldwin's girls, the no. 1 seeded team, facing off against the Jumpertown-Thrasher winner. Then at 7:30 tonight it's Wheeler and New Site girls going at it followed by tonight's finale with Jumpertown and New Site boys meeting in a battle of the most improved.

In tomorrow (Friday) action Baldwin's B team meets the Booneville-New Site winner at 5 followed by Booneville's Devilettes meeting the Wheeler-New

Site girl survivor at 6:15. After that it's Baldwin's Bearcats facing the Jumpertown-New Site boys winners at 7:30 and then the number one seeded boys team Wheeler's Eagles will faceoff against Thrasher-Booneville winner at 8:45.

Going back to bygone days. Remembering the last tourney highlights in 1979 Thrasher's Rebels captured the trophy for the A boys

with a 56-45 victory over Wheeler's Eagles while in the girls bracket Booneville's Lady Blue Devils claimed the top spot with a 64-42 win over Thrasher's Rebelettes.

In B team action it was Booneville winning over New Site's B's 40-27.

Also included will be an All-Tournament selection at the conclusion of the tournament.

Tigers Ranked Second In Region Seven Standings

At presstime the Northeast Mississippi Junior College Tigers were ranked second in the Region Seven Standings according to a press release from the Region 7 executive committee.

The Northeast squad, under the direction of head coach Richard Mathis, currently post a 13-2 overall record and holds second place behind Region Seven leader Motlowe State who ranks first with an 11-1 mark.

Arch-Rival Holmes who leads the North division holds a third place spot and the showdown of showdowns will take place at Northeast

Tiger scoring leader Maurice Stafford currently holds a fifth spot in the Region scoring race averaging 18.5 points per game. Stafford is also second in the State on the scoring side behind Utica's superstar Edwin Hillard who is currently averaging some 19 points per game.

The Northeast Tigers, as a team, is averaging some 81 points per game while allowing opponents just 72 points per outing.

The upcoming second half of the season looks promising for the Tigers but the Tiger Paws will have their hands full after the Holidays with a host of key games both at home and on the road.

YOUR HEALTH

By DR. JIM DAVIS

"SOFTNESS" IS NOT COMFORT

Your posture can make quite a difference where your health is concerned. That's why you should avoid "posture traps." Soft sagging chairs. Soft, lumpy mattresses. Low feet-in-front auto seats. Chairs with no backs, or backs that make you sit too rigidly. These are just a few examples of furniture that can put your body out of whack. Result: fatigue, irritability, muscle strain, unhealthy pressure on nerve centers.

Softness is not comfort. A chair or mattress should be firm enough to properly support your spine and all the muscles and joints in your body. A chair that's too soft, for example, can crowd your abdomen, press against your chest cavity, and interfere with the healthy functioning of your body. The true test of chair comfort is being able to sit for long periods without feeling fatigue or unwelcome pressures on any part of your body.

Shinuault, Lloyd Sign Northeast Scholarship Pacts

Northeast Mississippi Junior College head football coach and athletic director Bill Ward announced Tuesday that he had officially signed two football signees thusfar for next season.

Willie Shinuault, a 220 pounder from Booneville High School has agreed to terms for a two year pact. Joining Shinuault as the second signee is Bruce Lloyd a former NE performer who went to Delta State last year and returns this season with

one year's eligibility.

Ward says he plans to sign as many as 18 signees from the five county area along with some eight out of

staters. The Northeast head mentor said he was looking

forward to getting started with the recruiting trail. "We have our eye on some good quality athletes both in the five county area and out of state," Ward said. "We

want to get started as fast as we can."

"INVISIBLE" BIFOCALS

Most bifocal glasses have a visible line separating the two kinds of eye correction. Others have no visible line, just a blending separation that only the wearer can discern. Which is the best kind for you?

Some people feel self-conscious when they first start wearing bifocals. For a long time they've only had one vision problem, such as nearsightedness or farsightedness. With middle age, however, many people need help reading because their eye-focusing mechanism is not as efficient as it once was, and therefore they need glasses that corrects both problems.

If you don't want the world to know you're wearing bifocals, you can wear the kind that look just like ordinary glasses. The dividing line between the two sets of vision correction is ground down so that it's not noticeable to other people. You will notice a slight blurred area when you switch from the upper to the lower part of your lens or vice versa. It's all a matter of personal preference.

For answers to your specific questions regarding vision, Dr. White invites you to call his Booneville office

Winter Appointments Porter Roberts

Gov. William Winter has appointed Porter Roberts of Amory to serve as Acting Director of the Mississippi Division of Appalachian Development. His appointment as acting director became effective Jan. 1.

Roberts currently serves as regional representative of the Mississippi Division of the Appalachian Regional Commission (ARC). He replaces Mississippi Appalachian Director Larry Otis of Tupelo. Otis left the Director's post on Dec. 31 to become executive director of the Tombigbee River Valley Water Management

District.

Roberts was a businessman in Amory before becoming a regional representative with ARC in 1980. He served in the U.S. Army during World War II and spent 24 years in the Army Reserve rising to the rank of Lieutenant Colonel.

Roberts, 60, has a B.S. degree from Mississippi State University.

NEW DOORS AT THE POST OFFICE - The Booneville Post Office received a new look Monday of last week when new doors were installed replacing the wooden doors that are thought to have been installed when the building was constructed in 1939. The new doors were installed for appearance and safety purposes. The hinges had rusted on the old doors and would not close properly, said Postmaster Jack Wright.

SMILE - Hoyle Roberts, (right), driver's license examiner, is shown making a picture of Sarah Tye of Rienzi for her driver's license. It only takes about three minutes for color photos to be put on driver's licenses. December

marked the first month that color photos were put on driver's licenses. Driver's license examinations are given in Booneville City Hall on Tuesday and Wednesday from 9 a.m. until 4:30 p.m.

Williams Preparing

(Continued from Page 4)

This may have also heralded the emergence of the "new" Liles Williams who will no longer be so closely tied to the Moral Majority as he was in his race last year. No booze was ever served at any event in his previous campaign, say GOP observers, in keeping with the moralistic tone his advisers wanted to set. So, the cocktail party setting is quite a switch.

Not only does Williams appear to be keeping more distance between himself and the Moral Majority, but he has evidently decided to go after the black vote, which he obviously ignored last summer. That was perhaps a costly error in strategy, since Dowdy won by only 900 votes, and his edge was largely due to black votes.

Williams several days ago was campaigning in the black community here, making a joint appearance with Charles Booker, a native Jacksonian who has been one of Ronald Reagan's most effective black leaders in California for several years. A secret weapon for Williams in black religious circles has turned out to be his wife, Ruth Ann, whose talent as a gospel singer has become something of a hit in

recent gatherings in the black community.

His opposition to the extension of the Voting Rights Act last summer will still give him trouble in appealing to blacks, Williams knows, but he may be able to soften his position by backing Sen. Thad Cochran's amendment to shift the pre-clearance authority under the act from the Justice Department in Washington to the U.S. District Judge William C. Keady of Mississippi's northern federal court district, a major figure in advancing the civil rights cause, it is regarded as a

reasonable compromise by a number of black leaders.

Meantime, Cong. Dowdy's camp reports that he has kept his fences well mended among his black supporters, and is gaining ground among older whites and rural folks in the district because of their growing disillusionment with the Reagan Administration moves on Social Security and agricultural programs. But there is evidently uneasiness with Dowdy in the business community because of his labor-black coalition, and his votes against the Reagan tax program.

1981 Bad Year

(Continued from Page 4)

happens then prices would always go up. Not true. In fact, most of the time, prices go down no matter what kind of news is reported.

I think that's why we see so many farmers going around mumbling about this crazy, mixed up world, especially the part that has to do with the price we receive for our soybeans, wheat, cotton, milk, and other farm products.

The people who study price trends in agriculture tell us they are not too optimistic about 1982. Well I

am going to disagree with them for a very simple reason: I make my living I chose to be a farmer and can't think of anything else I would rather do. I need a certain amount of optimism to keep my head on straight when I start a new crop year.

I read all the gloom and doom about higher fertilizer prices, higher fuel prices, higher chemical prices, more insects, and bad weather. I also know that we are starting 1982 with extremely low commodity

price prospects and a threat of another embargo.

After digesting about all we can of this type information, I believe it is very important that we stop and attempt to put things in proper perspective. The Man Upstairs, after all, is still in charge and a new year always means changes are coming and that opportunity will probably come sometime during the year.

One such opportunity might be some classes on marketing we are hoping to

get started real soon for farmers in Prentiss County. This is an area in which most of us are weak. These classes can give us a better shot at what profit opportunities might be out there in 1982. Details about the classes will be announced as soon as possible. So until the last bushel is combined, the last cow milked, or the last cotton boll picked, let's keep our chins up, our optimism percolating and our trust in the Lord.
