Governor's Wife To Speak Tonight

MRS. ELISE WINTER

Mrs. Elise Winter, wife of Gov. William Winter, will be the featured speaker for the annual joint meeting of the Business and Professional Women's Club and the Pilot Club at 7 p.m. March 11 in the Frank Haney Union at Northeast Mississippi Junior College.

Active in a number of civic organizations, Mrs. Winter is a member and past president of the Official Mississippi Women's Club, a member of the board of directors of the Easter Seal Society, volunteer worker at University Hospital in Jackson, and a member of the Rust College board of trustees.

Mrs. Winter is an honor graduate of Northwest Junior College and the University of Mississippi.

City Board Discusses Personnel Policy

The Booneville Board of mayor and aldermen met Tuesday night in a recessed meeting to discuss revisions in the city personnel policy.

Booneville has had a city employee policy since 1979, but the board felt clarifications were needed in the policy, Gene Gifford, city attorney, said Wednesday morning.

"There are no earth shaking changes in the policy," Gifford said. "It's mainly clarifications."

An employees' handbook is scheduled to be published in the future, he said.

The board will vote on the revised personnel policy at their next meeting, Gifford said. After the revision is voted on it will be 30 days before it goes into effect.

Spelling Bee Set For Tuesday Night

The annual Prentiss County Spelling Bee will be at 7 p.m. next Tuesday in the courtroom of the Prentiss County Courthouse.

Twenty-five seventh and eighth graders from the Prentiss County School system will compete to determine who will represent the school district in the Mid-South Spelling Bee to be held April 23 in Memphis.

Students who will compete in the local contest include: Gichelle Akers, Kerry Cunningham, Jay Lowrey, Jennifer C. Prince and Lori Shockley, all of Hill's Chapel; Karen Caveness, Glen Johnson, Tammy Knight, Sonya S. Pharr and Lori Wildmon, all of Marietta; Mark Wilson English, Myra Green, Tina Luttrell, Tracy Welch and Bengy Yates, all of Jumpertown; Jennifer Leigh Anderson, Cindy Burns, Karen Edge, Kevin Hare and Gary White, all of Thrasher; and Sharon Cagel, Sonya Green, Steven Holley, Shannon Diane Kirk and Teresa Saylor, all of Wheeler.

Homestead Exemption Deadline Nears

The deadline is rapidly approaching for those Prentiss County landowners who wish to file for homestead exemption.

Prentiss County Tax Assessor-Collector Danny Childers is urging those who qualify for homestead exemption to come by his office and sign the necessary forms as soon as possible.

Landowners have only the rest of this month to sign the forms if they wish to beat the April 1 deadline, Childers said.

Congressman Whitten Said 'Most Effective'

U.S. Congressman Jamie Whitten is considered by his colleagues to be the most effective House committee chairman when it comes to getting bills through Congress, according to a survey by U.S. News and World Report.

The March 15 edition of the weekly magazine published the results of a survey which included the responses of 164 members of Congress who rated the effectiveness of their colleagues.

Whitten, now serving his 20th term in office, was regarded by the majority as the most effective House committee chairman, the magazine reported.

John Dingall (D-Mich.) and Morris Udall (D-Ariz.) followed Whitten in the ratings. In the Senate, Pete Domenici (R-N.M.) was rated as the most effective committee chairman, followed by Sen. Bob Dole (R-Kan.) and Mark Hatfield (R-Ore.).

Shooting Claims City Employee

By ANGELA SMITH
Staff Reporter

Following a shooting incident early last Sunday morning, local authorities discovered the body of a Booneville city employee lying face down in the back yard of a neighbor's house.

Dave (Smoke) Rogers Jr., 57, of Jacinto Heights, Booneville, died after he was shot twice -- once in the left side of the neck and once in the left arm -- with a small caliber weapon.

The shooting apparently occurred during a birthday party, authorities said.

Seventeen people have been questioned concerning the shooting, but thus far no arrests have been made, according to Prentiss County Chief Deputy Carl Sartin.

The Prentiss County Sheriff's Department received a call about 1 a.m. Sunday morning (March 7) that a shooting had occurred at the Jacinto Heights

residence of Mrs. Lillie Mae Friar.

When law authorities arrived Rogers was found approximately 40 feet behind the house.

County Coroner James Horn said an autopsy was performed on Rogers Monday. "There was instant death when the bullet went through the spinal tract," Horn said.

Sartin said a motive for the shooting has not been established at this time.

Most of the 17 people questioned said a window in the house had been shot out, and that they "hit the floor" when that occurred, so they didn't know what had happened after that. A birthday party was going on inside the house at the time of the shooting, Sartin said.

Sartin confirmed that a window in the house had been shot out with a 12 gauge shotgun.

Officers found a 12 gauge shotgun about 30 feet from

Rogers' body. A .25 automatic was also found in Rogers' coatpocket.

Law enforcement officials have not found the weapon that Rogers was shot with. They believe a .22 caliber weapon was used.

Rogers had been employed by the city for about 28 years. He had served in the capacity of street superintendent since last June.

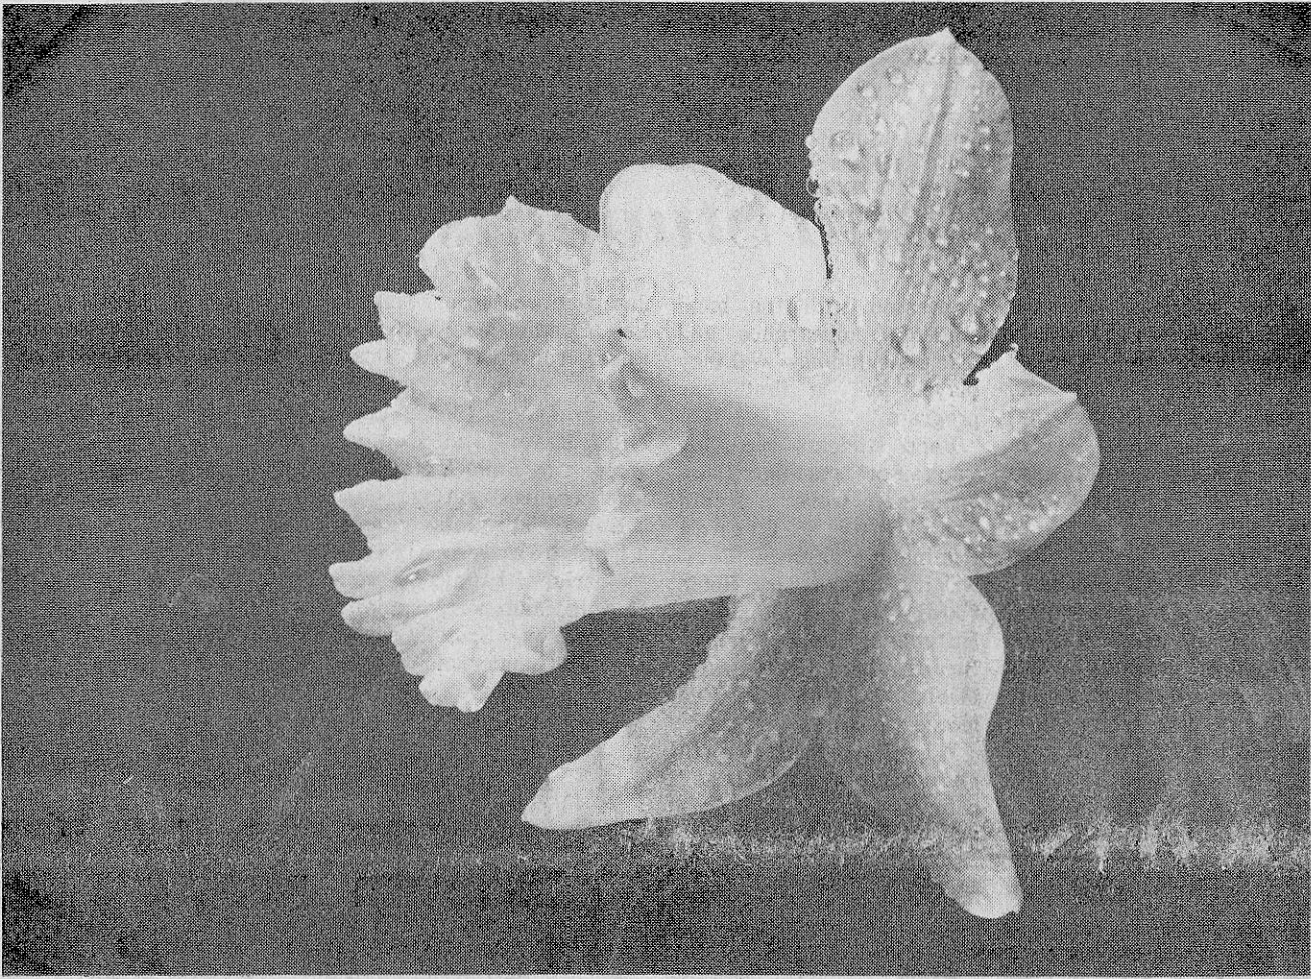

"He was a very loyal and dependable employee," said Wade Lambert, street commissioner. "Not only have we lost a capable employee, but we've lost a

friend. The whole city thought a lot of him. He was always very respectable, congenial, and thoughtful to the people that he served. We'll miss him very much."

Funeral services for Mr. Rogers will be Saturday, March 13, at 2 p.m. at the Beckley Chapel C.M.E. Church with the Rev. Johnny Poole officiating.

Mr. Rogers was a member of the Beckley Chapel C.M.E. Church.

He is survived by his mother, Mrs. Mattie Rogers of Booneville; two daughter, Velma and Neva Rogers, (See Shooting, Page 2)

A SIGN OF THE SEASON -- Rain showers and blooming jonquils this past weekend conjured up visions of the approaching spring season, a time when spring rains and warmer temperatures will cause the flowers and trees to

burst forth in an orchestrated concert of spring colors. Unfortunately, some of these "early bloomers" received a mild case of "frost"-bite earlier this week when the temperatures dipped below the freezing point.

TVA Halts Yellow Creek Construction

The TVA board of directors voted in Knoxville, Tenn., last Thursday morning to halt work on the Yellow Creek Nuclear Plant now under construction near Iuka.

TVA directors David Freeman and Richard Freeman joined together to provide the margin needed to stop work on two reactors under construction at the Hartsville Nuclear Plant in Middle Tennessee and the remaining reactor under construction at Yellow Creek. Work had been halted earlier on another reactor unit at Yellow Creek.

Board chairman Charles Dean was the only dissenting voice on the 3-member

TVA board when the vote was called. Dean said he would like to see the reactors completed to offset America's dependence on importing foreign oil.

"I certainly have pursued the idea that the country can't have too much power," he said prior to the vote. "I can't see how, looking at it from a national scope, you could build anything in this country today that would be worth any more to you than a power plant."

The remaining reactor under construction at Yellow Creek was 33 percent complete when TVA's board voted to defer the project.

The expense of completing the three nuclear reactors --

was considered to be eight times as much as the original estimate -- and the fact that energy consumption is not growing as fast as projected were cited as the main reasons for deferring construction at the plants.

The decision by TVA to halt construction on the plants will result in total layoffs of approximately 5,000 employees at the two sites -- an estimated 2,080 works at Yellow Creek and 2,867 at Hartsville.

But, TVA officials say the decision will also mean a savings of \$8.2 billion to consumers already strapped by rising electric bills.

TVA's decision last week

was to "defer" construction at Yellow Creek and Hartsville. Some employees will be kept at these facilities to maintain them so that construction can be resumed in the future, if necessary.

The gigantic project at Yellow Creek had been a boon to an economically depressed area of the country. Some 500 workers from Tishomingo County and an additional 175 from Alcorn County are expected to be among those laid off.

TVA officials have said that efforts will be made to find these workers jobs at other TVA construction sites, and that a mitigation fund would be established to help the affected com-

munities deal with the economic hardship.

The workers who will be kept at the facility near Iuka will be selected on the basis of what trades will be needed to maintain the plant, according to TVA officials. Seniority will also play a role.

It is expected to cost an estimated \$20-30 million for maintenance of the facility. More than \$1 billion has already been spent on the plant at Yellow Creek. Overall, TVA has spent approximately \$3 billion on reactors that have been deferred.

Since construction of the Yellow Creek facility began in 1978, TVA has been pump-

ing millions of dollars into Northeast Mississippi in the form of mitigation contracts and in lieu taxes. However, within the next two years, these contracts will run out and in lieu taxes may begin to decrease.

"As long as that plant is in deferred status (rather than canceled), in lieu tax payments will remain stable," TVA's Mississippi District Administrator Chuck Howell said.

TVA as a federal utility does not pay property taxes. Instead it pays in lieu taxes to each of the seven states in the valley region. The amount paid each state is based on the amount of (See TVA, Page 2)

Real Life Heros Receive Governor's Award For Heroism

That Thursday was like most any other December morning at the ranch. It was a work day. In the early morning stillness of Claiborne County, one could hear the rumblings of heavy road traffic in the distance, the occasional sounds of farm life. A light rain kept the morning cool and damp.

The ranch foreman and shop mechanic were talking with a woman who had stopped by. A school bus drove past as it did every weekday morning. When the woman left, the foreman and mechanic turned their attention to work to be done on a truck parked nearby.

An unusual noise from a creek about a quarter mile away caused the ranch manager to stop his conversation and think about the cattle on the big ranch.

"Sounded like something hit a steer," he said. "Think I'll run down there and have a look."

In his pickup, 58-year old Dick Green, an Army veteran of World War II service in the South Pacific, rapidly approached a single strand creek bridge. He saw smoke rising and then, the school bus which had just passed by, "kinda laying over on its side, on fire."

He picked up the radio mike and called his partner, 32-year old George Berryhill, a Copiah-Lincoln Junior College graduate, at the shop.

"Call the sheriff's office and get some help down here fast," Green shouted. "The bus has wrecked and is burning."

"I could see little heads popping up and down," Green recalls.

He bolted out of the pickup, and scrambled down in the creekbed, and began pulling preschool students, four and five year olds, out of the body of the bus, giving them a

shove "through the briars up the bank of the creek."

Green, who in September had surgery for gall bladder and a hernia, recalls that a grown woman tried to get out of the bus. She was heavy set. He caught her by the arm but she slipped back to the interior of the burning bus.

"I think she was dazed," he said.

He remembers that the smoke was very heavy and the flames were really going.

"I got sick in my stomach," he said.

Berryhill arrived with two fire extinguishers and tried the larger of the two. It was inoperative. With the small one in action, he knocked back the flames which were increasing in intensity and smashed open a window at the back of the bus. He reached deep inside and pulled several children out, throwing one into the creek to douse the

YOUR HEALTH

By
DR. JIM DAVIS
COLIC

Too often, when an infant suffers from colic, the mother hurries to administer something to kill the pain. This is certainly understandable, but the Doctor of Chiropractic knows that often the underlying cause of this distressing condition started with a malfunctioning nervous system. The DC knows this, in turn, was usually caused by the pressure of misaligned vertebrae and discs on the nerve supplying the digestive tract. Therefore, the doctor does the logical, natural thing, by gently correcting the misalignment that is creating interference to the normal flow of the nerve force from the brain to the digestive area. Once the cause is removed, the body will naturally correct itself, and the infant is usually comfortable. Thus, no potentially dangerous drugs (with possible side-effects) need be given.

flames of the child's clothing.
Flames flickered around the gasoline tank then, and neither men could see any more children. The smoke had turned early morning to dusk.
Green and Berryhill tended the victims, and tried to calm the children. They had just saved the lives of at least 25 people.

YESTERDAY, WEDNESDAY, March 10, Green and Berryhill were honored in Jackson by Gov. William F. Winter on behalf of all Mississippians when he bestowed on the two men the Governor's Award for Heroism.
The award is an annual presentation made by the governor to recognize the achievements of citizens of Mississippians who demonstrate conspicuous bravery and selfless heroism above and beyond the call of duty and at risk of life in preserving the safety and life of another person or other persons.

Last year's award winner was Greenwood police detective Robert Cates who was honored for exchanging place with a hostage taken in a holdup of a Greenwood bank.

The nomination of Green and Berryhill of the annual award said in part: "The bus was burning and these two men knew the fuel tank could erupt or explode injuring or killing them. Instead of moving to a point of safety they continued to evacuate the school bus.

"Had it not been for these two men's courage and determination this accident would surely have claimed more lives.

"These two men saved lives without regard for their own safety."

Green, who has been a farmer and rancher most of his life, and Berryhill did not think a whole lot about what they had done until they were selected as recipients for the award for their heroic deeds in the school bus tragedy.

"We were kind of nervous," Green said, "about going to Jackson for this award ceremony and lunch with the Governor." The two honorees were joined by their families at the Mansion following the award ceremony.
"I wish we could have saved them all," Green said, talking about the December accident.

Green lives at Route 1, Hermanvill, and Berryhill at Route 1, Smithdale.

In the Claiborne County accident on Dec. 17, 1981, five people died. Twenty-seven, including 25 pre-schoolers, survived.

BIBLE QUESTION BOX

QUESTION: Mr. Hogland, please answer this for me as soon as possible. Is there such a thing as a little sin and a big sin? If someone stole a loaf of bread would he get the same punishment as one who commits murder?

ANSWER: Before I answer the above questions, I want to answer another question. I have been asked if all of the questions in this column come from Booneville residents. The answer is no. Some come from as far away as Jackson. However, many of the questions come from Booneville residents. For example, our question today comes from Booneville. Now, in answer to the questions, May I say the Bible does not speak of little sins or big sins. Some sins hurt more people than others. For example the sin of murder would affect far more people than the sin of stealing a loaf of bread. But it is a sin to do both. 1 Jno. 3:4 says "Sin is the transgression of the law." The word transgress means to "step across". So one steps across the Law of God when he sins. In answering the second part of your question some people think there will be degrees of punishment and reward in the Bible but this is not confirmed by the book itself. They base their belief on statements such as Jas. 3:1 that teachers will receive the greater condemnation. However, this probably refers to a greater responsibility rather than greater punishment. Going to hell for stealing a loaf of bread is bad enough. We need to repent of ALL sin. If we will do this we won't have to worry about going to hell for any sin.

Students Win VICA, FBLA Honors

DISTRICT WINNERS - Six students at the Prentiss County Vo-tech School won honors in recent VICA and FBLA district contests. In the FBLA contest, Ann Stacy (left, top photo) won the Business Math II contest and Tim Smith (right, top photo) won in the Job Description

Manual contest. In the VICA contest, Ray Moore (left photo) placed third in Architectural Drafting, and (bottom right photo) Phillip Bennett placed third in Machine Shop; Keith Lambert, second in Welding; and Jimmy Whitehead, third in Electrical Trades.

Prentiss Chapter Has Six Winners

The Prentiss County Vocational Technical School had six winners in the recent VICA and FBLA district contests.

The VICA contest was held at Itawamba Junior College's Tupelo campus. Virgil Robinson and Gene Gann, VICA Sponsors, reported four winners.

Phillip Bennett placed third in Machine Shop; Keith Lambert placed second in Welding; Jimmy Whitehead placed third in Electrical Trades, and Ray Moore placed third in Architectural Drafting.

Phillip is the son of Mr. and Mrs. James Bennett, attends New Site High School, and takes welding at the Prentiss County Vocational School.

Keith is the son of Mr. and Mrs. J.W. Lambert, attends New Site High School, and is also in Welding.

Jimmy is the son of Mr. and Mrs. J.B. Whitehead, attends Wheeler High

School, and is in Electrical Trades.

Ray is the son of Mr. and Mrs. James Pruitt, attends Booneville High School, and takes Industrial Drafting.

The Northern District FBLA Conference was held at Northwest Mississippi Junior College.

Tim Smith won in the Job Description Manual Contest. He is the son of Mr. and Mrs. Gary Smith, a senior at Booneville High School, a Coop VOT student, and president of the Prentiss County FBLA Chapter.

Ann Stacy won the Business Math II Contest. Ann has previously won the Business Math I and II Contests. She is a senior at New Site High School, a Coop VOT student, and the daughter of Mr. and Mrs. Ellis Stacy.

A recipient of the DAR Award, Ann is Service Chairman of the Prentiss County FBLA Chapter.

Prospective Tree Farmers Sought

Mississippi timberland owners who would like to become certified Tree Farmers are urged to act now, says Dene Enlow, Tupelo, chairman of Mississippi Forestry Association's Tree Farm Committee.

Currently, Mississippi has 5,264 Tree Farms, more than any other state in the nation. These farms total approximately 4,054,655 forested acres. This indicates that a large number of small landowners are included in the program, says Enlow.

Owners must apply for Tree Farm status, and allow a qualified forester to inspect their lands. Minimum area is 10 acres.

A national program of American Forest Institute, the Tree Farm program in Mississippi is administered by Mississippi Forestry Association, 620 North State Street, Jackson. Tree Farm application may be mailed to MFA or to a local county Tree Farm chairman.

John Stuart is Tree Farm chairman for Prentiss County.

JOHN R. WHITE, O.D.

SMALLER, THINNER, LIGHTER

There have been fantastic advances in contact lenses in a relatively short period of time. And they're getting better (especially in the areas of comfort and length of time you can wear them) all the time.

Contact lenses made their debut in the late 1930's. A glass scleral lens was used that completely covered the exposed part of the eye. This was a great invention, but it needed refinement. The heavy glass lens was too uncomfortable to wear for very long (five hours was the record in those days).

Then, in the 1950's plastic lenses were introduced. This was a much lighter material than the glass scleral lens. People found they could wear contact

lenses for long periods of time.

Since then, contact lenses have become smaller, thinner, and lighter. Now, contact lenses are comfortable and commonplace. Millions of people wear them. They require more care than glasses. They have to be kept germ-free, and there's a technique to learn in inserting and removing them. But they can be worn with comfort and give your eyes the corrective vision they need. And nobody will know they're there but you.

For answers to your specific questions regarding vision, Dr. White invites you to call his Booneville office

'Talk O' The Town'

Street Opinion Poll

QUESTION: Do you agree with TVA's decision to halt construction at the Yellow Creek Nuclear plant in Iuka and what effect do you think this decision will have?

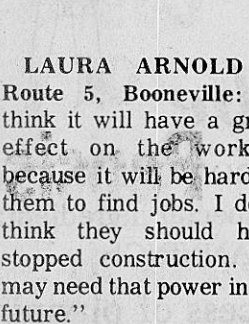

KAY MICHAEL of Route 3, Booneville: "No I don't agree with them halting it because they have already spent too much money and have gotten too far along with it. I think it will make unemployment that much worse because of all the people who will get laid off."

STEVE GOLDMAN of Route 1, Booneville: "It's plumb stupid to have it 33 percent completed and not finish it. They say we don't need the extra electricity now but we many need it in 20 or 30 years."

GEORGE W. DILLON of 308 Bryant St., Booneville: "In my estimation there was some very poor planning on someone's part. There's a lot of money tied up there that seems like it was spent for no reason at all. It seems like a waste. What are we going to get out of it? There's a whole lot hanging in the balance, such as will it be completed and when."

LAURA ARNOLD of Route 5, Booneville: "I think it will have a great effect on the workers because it will be hard on them to find jobs. I don't think they should have stopped construction. We may need that power in the future."

VELMA SPENCER of Route 2, Booneville: "No, I don't think they should have stopped construction because people need jobs."

SANDRA McVEY of Route 7, Booneville: "I think it's going to hurt people. The unemployment rate is already high and now it will even be higher. I think it would help the economy for it to go ahead and be finished."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

Reflections

By Ken Christian

Editor

As spring draws nearer, so does the end of another school year. While students begin to dream of the lazy days of summer, administrators of school systems throughout the state spend this time of year finalizing plans for the next school term.

And it is now that the two superintendents and school boards of the Booneville Municipal Separate School District and the Prentiss County School System are facing some decisions which could have a long range effect on

the quality of education for the children of Booneville and Prentiss County -- an effect that could last for many years to come.

Unfortunately for the children, on some occasions in the past, these two boards have not been able to establish a working relationship with each other. Too often personal feelings have dictated actions rather than a concern for what's best for the children.

While the superintendents of the two local school systems do play a large role in the decision-making

process, ultimately the final decisions lie in the hands of the school board members of each district. Whatever the outcome, the final credit -- or blame -- for the decisions to be made will fall squarely in the laps of these 10 individuals.

On behalf of the students -- and future students -- of Booneville and Prentiss County, we urge these board members to give serious consideration to the decisions which must be made. It is time to put aside any petty differences or bitterness that may be felt toward members of the other system. The time for bickering and fighting is past; the time for cooperation and advancement is here.

Only the future knows whether these 10 public servants will make the correct decisions as they attempt to set policies for their individual school systems. But these same 10 people will have to live with their decisions and, make no mistake, the people of Booneville and Prentiss County will hold them accountable.

State's Jobless Rate Is Expected To Get Worse

By BILL MINOR
Columnist

JACKSON, Miss. -- Any Mississippians who can recall the Great Depression can attest to the misery that prevailed over this part of the country, tied as it was to a poor agricultural economy, still feeling the pangs from the Civil War which drained much of its resources 75 years before.

The Depression so harshly lacerated the thin loins of states such as Mississippi that even when some recovery was coming in the rest of the nation in the latter 1930's, its terrible effects were still evident here.

A few men such as Hugh White, a huge man who came out of the pine timber country of South Mississippi to offer leadership, had the vision that Mississippi's economic salvation depended upon creating industrial jobs to "balance" off its teeming agricultural work force.

What White started in the 1930's began to bear fruit

after World War II and in the 1950's things began to hum in Mississippi to the tune of new factories and a more diversified economy. Then, by the mid 1960's, the state had achieved its goal of having as many workers in industry as in agriculture.

Still the state's citizens were plagued by a poor standard of pay, and the message heard then was that Mississippi must close the gap with the per capita income of the rest of the nation. The director of the new Research and Development Center coined a slogan: "75 by 75", a dream of bringing per capita income here up to 75 per cent of the national per capita income by 1975.

It was a dream that did not come true. Now Mississippi is back fighting for its economic life. Even the spectre of the Great Depression hangs hauntingly close to the horizon.

In 1974 the nation experienced the first of the "three recessions" which have come about following the rapid escalation of oil prices by the OPEC nations.

The thrust of the first downturn didn't register in Mississippi in the year 1974, because the unemployment rate held at a very low 4.6 per cent.

Once the recessionary impact hit here in 1975, however, it really made its presence felt. Unemployment soared to 8.3 per cent in 1975, going as high as 9.9 during one month of the year.

A close look at what happened in the six years afterwards indicates that except for a brief time in 1979, Mississippi never fully recovered from the "first" recession. When the "second" recession came in 1980, Mississippi reached that year what may be its most ominous economic benchmark.

Ever since May of 1980, Mississippi's unemployment rate has run consistently ahead of the national jobless rate. Not much some months, but always a fraction or two ahead.

Now comes the year 1982, and the report on unemployment in Mississippi in the first month of the year

came in at 10.6 per cent, the highest rate ever recorded since the Mississippi Employment Service began collecting statistics. In numbers, this meant 111,800 Mississippians were out of work in January, 17,400 more than were jobless in December.

The February unemployment figures for the state won't be out for another few days, but authorities who deal with economic statistics expect them to be worse.

During the Great Depression, accurate figures were hard to come by, but the accepted rate of unemployment in those times is put at 25 per cent of American workers. If 25 per cent unemployment is the benchmark for a depression, then a third of Mississippi's counties are already closing in on that figure. Four counties -- Jefferson, Winston, Tate and Sharkey --

had already topped 20 per cent unemployment in January and a dozen more were right behind.

The "Economic Review" published by the Federal Reserve Bank of Atlanta which is just out paints a rather gloomy picture for Mississippi's economy in 1982. It points out that apparel, the state's largest manufacturing sector with 239 plants in the state is on a declining trend, and government employment, which accounted for a whopping 22 per cent of jobs in the state in 1981 is bound to drop because of the Reagan Administration cutbacks and government retrenchment generally.

An encouraging population growth in the 1980 census, said the Federal Reserve Bank review, now does not promise to be enough to offset "anticipated weakness in the state's key lumber, wood

products and manufacturing industries."

The lumber and wood products industry, Mississippi's third biggest employer, has been in a depressed state for the past three years because of the sharp decline in housing starts and sales. Leaders in that industry see no relief until there is a drastic turnaround in interest rates to attract would-be homebuyers.

Any shock to the Mississippi economy from here on could be fraught with disaster. One such shock may have occurred the other day when the Tennessee Valley Authority voted to stop construction on the Yellow Creek nuclear generating plant in Northeast Mississippi, an area where one county (Alcorn) has already experienced a 27.9 per cent unemployment rate, and others are dangerously high.

Ponderings

By Angela Smith

Staff Reporter

Some things are hard to figure out, even if you stop and think about them awhile. I'm still 'pondering' TVA's decision to stop work at Yellow Creek near Iuka.

The TVA board voted 2-1 a week ago to stop work on two atomic reactors at the Hartsville Nuclear Plant in middle Tennessee and a reactor at the Yellow Creek facility.

The reason given for the work halt was the power the reactors would produce in the 1990s would not be needed, plus there would be a saving of \$8.2 billion. About \$2.1 billion was invested in the plants.

Unit 1 at Yellow Creek is about 33 percent complete and more than \$1 billion has been spent there.

It is estimated that overall, TVA has spent at least \$3 billion on building reactors which have been mothballed.

Almost 2,000 workers will lose their jobs at Yellow Creek. Some workers will stay on to maintain the facility. It will cost around \$20-\$30 million for maintenance and security at Yellow Creek.

The equipment will have to be kept in a position where the construction can resume again if TVA finds it necessary.

In keeping the site suitable for starting construction again the roads and grounds will have to be serviced regularly. The steam vessels at the plant will have to be

cared for to prevent erosion.

Most of the people I have talked with this week say they disagree with TVA's decision to halt work at the nuclear plant.

However, one man told me that he did agree with the decision. His thought was, "Why build another nuclear reactor if we aren't going to need the electricity?" He said, "Look at how much money will be saved!"

Now I don't pretend to be an expert on nuclear plants, but it seems pretty foolish to me to spend about \$1 billion on one project alone and then decide that particular project isn't needed after all.

A Seedy Thought

I ordered so many vegetable seeds this year that my postmaster commented I must intend to eat the seeds instead of planting them!

Miss Debra Bates And Mr. Gallaher Engaged

Mr. and Mrs. Hurshel Bates announce the engagement and forthcoming marriage of their daughter, Debra, to Darvis Gallaher, son of Mr. and Mrs. Lawrence Gallaher of Rienzi.

The bride-elect is a 1971 honor graduate of Booneville High School. She is currently attending Northeast Mississippi Junior College where she is majoring in business administration.

The prospective groom obtained his B.S. and Master degrees from the University of Mississippi. He is employed as counselor at Corinth High School. He is continuing work toward the doctoral degree in counseling psychology at the University of Mississippi.

Vows will be exchanged Saturday, April 3, at 2 p.m. at the First United Methodist Chapel in Corinth.

Miss Debra Bates

No formal invitations are being sent, but all friends and relatives are invited to attend.

Betty Roper And Harold Webb Are Wed

Betty Gargus Roper and Harold Lee Webb were married Feb. 27, at 2 p.m. in the Benton Methodist Church. Dr. Roger McGrew officiated at the ceremony. Parents of the couple are

Mr. and Mrs. Hershel Gargus of Booneville, and Mr. and Mrs. Howard Webb Sr. of Yazoo City.

The bride wore a Miss Eliette ivory mid-length dress of satin overlayed with

chiffon. The blouson bodice featured a high-neck ruffled collar and was accented with pleats and pearl buttons down the front.

The sleeves consisted of chiffon ending in matching ruffles. The waist was set off with a chiffon sash tying on the side.

Beverly Gaddis of Meridian served as maid of honor. She wore a mid-length lavender dress accented with lace across the top of the bodice and spaghetti straps. The dress was accompanied by a matching waist-length jacket.

Mike Bagwell of Jackson served as best man.

A reception was held in the home of Diane Jenkins following the ceremony.

The couple reside in Tupelo where the groom is employed by Combined Insurance.

Mr. And Mrs. Harold Lee Webb

Miss Corbin Weds Mr. Buckley

The wedding of Miss Ila Regina Corbin and Michael Webber Buckley was solemnized Dec. 19, at 2 p.m. at the Oak Ridge Church of Christ in Baldwin. John T. Smithson of Starkville officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Houston Corbin of Jumpertown, and the groom is the son of Mrs. James Webber Buckley and the late Mr. Buckley of New Hebron, Miss.

Wedding guests were greeted at the registry by Misses Vicky and Sherry Owens, nieces of the bride. Guests were then ushered into the auditorium by Myron Coats of Booneville and Ron Aldridge of Jackson.

The church was decorated with red poinsettias, clusters of holly and red berries and white candles.

An acappella chorus provided nuptial music during the ceremony. Members of the chorus were Mr. and Mrs. Larry Kennedy, Mr. and Mrs. Larry Coats, Mrs. Ronnie Johnson, and Randy Polk.

The bride was given in marriage by her uncle, Loyd Estes of West Memphis, Ark. She wore a white organza wedding gown trimmed with chantilly lace. The gown featured a high neckline and lace collar that was accented with tiny seed pearls.

The long chapel train was attached at the back of the dress below a white satin bow. The bride wore a matching illusion veil trimmed with wide lace and small pearls. Her only jewelry was a pair of pearl earrings that was a gift from the groom.

The bride carried a cascading bouquet of silk red roses interspersed with holly springs. The bouquet was attached to a Bible belonging to the groom's mother that had been a gift brought from the Holy Land by his Grandmother Buckley.

Mrs. Danny Jumper of Booneville attended the bride as Matron of Honor. Bridesmaids were Mrs. Ronny Wilson, Miss Kathy Corbin, Mrs. Jacky Perrigo, all of Booneville, and Mrs.

Ron Aldridge, sister of the groom, of Jackson.

They wore formal cranberry-colored gowns featuring a white lace inset and trimmed with narrow white lace at the collar and wrists. Their bouquets were made of a white silk poinsettias surrounded with holly leaves and white ribbons.

Miss Jenny Marie Estes, daughter of Mr. and Mrs. Wayne Estes of Booneville, served as flower girl.

Honorary bridesmaids seated at the front were Miss Richardson of Faulkner, Miss Judy James of Starkville, and Miss Cherry Coats of Booneville.

Misses Tammy and Tracey Owens, nieces of the bride, served as rice girls.

Buddy Shumaker of Corinth served as best man. Groomsmen were Jim Smith of Huntsville, Ala., Steve Grubbs of Cape Girardeau, Mo., Tom Mundie of Ladson, S.C., and Evan McGee of Starkville. Brad Johnson, son of Mr. and Mrs. Ronnie Johnson of Booneville, served as ring bearer.

The bride's mother wore a turquoise blue gown of soft quiana. The groom's mother wore a gown of sea-foam green chiffon. His grandmother, Mrs. Lonas Buckley of New Hebron wore a Rosette chiffon gown. The mothers and grandmothers wore white silk corsages.

A reception was given honoring the couple at the church building. Serving the bride's cake were Mrs. Arnold Owens, sister of the bride, and Mrs. Myron Coats. Other hostesses were Mrs. Junior Koon, Miss Jane Richardson, Miss Judy James, Mrs. Delma Frame and Mrs. Phillip Coats.

After a short wedding trip to Memphis, the couple returned to their home in Seattle, Wash., where the bride serves as secretary and the groom is a campus ministry intern with the Northwest Church of Christ.

Pre-Nuptials

A bed and bath shower was given for Miss Corbin in the home of Miss Ronda Kelley in Seattle, Wash. Hostesses were Miss Kelley, Mrs. David Weger, and Mrs. Jim Boyce.

Mr. And Mrs. Michael Buckley

A tea was given in the home of Miss Marla Imus in Seattle. Miss Susan Wagner was co-hostess.

A miscellaneous bridal shower was given in the home of Mrs. Danny Jumper in Booneville. Co-hostesses were Mrs. Jacky Perrigo, Mrs. Ronny Wilson, Miss Kathy Corbin, and Mrs. Joe Eaton.

A kitchen shower was given in honor of the bride and groom at the Oak Ridge

Church of Christ. Hostesses were Mrs. Myron Coats, Mrs. Junior Koon, and Mrs. Gaye Weeks.

The groom's family hosted a rehearsal dinner at the Ramada Inn in Tupelo and Dec. 18. They also hosted a reception on Dec. 27, in New Hebron, in the home of the groom's mother. Assisting with the serving of refreshments were Mrs. Harold Buckley and Gertrude Hoscheit.

Wilson-Whisenant Engagement Announced

Mr. and Mrs. Noel H. Wilson of Booneville announce the engagement and forthcoming marriage of their daughter Cathy Lyn, to Ronald Erwin Whisenant son of Mr. and Mrs. Buddy Whisenant of Booneville.

The bride-elect is the granddaughter of the late Mr. and Mrs. John H. Wilson of Tishomingo and Mrs. Mary Reid Dobbs and the late E.C. Reid of Tishomingo.

The prospective groom is the grandson of Mr. and Mrs. Dave Walker of Luxora, Ark., and Mrs. R.D. Whisenant and the late R.D. Whisenant of Booneville.

Miss Wilson is a junior at Booneville High School. She is employed with the Banner-Independent and McDonald's of Booneville. Whisenant is a 1981 graduate of Booneville High School and attends Northeast Junior College. He is employed with United Furniture.

The wedding will be solemnized Saturday, April 10, at 6 p.m. at Fairview Baptist Church in Booneville. No invitations

Miss Cathy Lyn Wilson

are being sent, but all friends and relatives of the couple are invited to attend

the wedding and the reception at the Baptist Student Union building.

Iuka Club Organized By Local Pilots

The Pilot Club of Iuka has been organized through the efforts of the Extension Area of the Pilot Club of Booneville, under the leadership of Mrs. Nelwyn Murphy, local Extension Area Leader, and Mrs. Louise W. Peeler, Club Builder for the Louisiana-Mississippi District of Pilot International.

The Charter Night banquet will be held for the new club Saturday evening, April 3, at the J.P. Coleman

Park restaurant. Mrs. Jean Byers, governor of the Louisiana-Mississippi District of Pilot International, will present the charter on behalf of Pilot Club International.

Other Booneville Pilots who assisted with the organization of the Iuka club include Mrs. Robbie McDaniel, president of the Booneville club, Mr. Eudora Kemp, president-elect, Mrs. Ortha Long, Mrs. Mary Gault Nabers, Mrs. Avenell

Cunningham, Mrs. Quay Michael, Mrs. Ilene Fulper, Mrs. Gladys Moore and Mrs. Ouida Jumper and Dr. Neola Cleveland.

This is the third Pilot club to be organized by the Booneville club. Clubs previously organized were Mantachie and Ripely. Each year, the Booneville club received an award at the Pilot International convention for having organized the club with the largest membership for that year.

BPW SPEAKER - Mrs. John Smith (center), director of the Patricia Stevens School in Tupelo, was the featured speaker at a recent meeting of the Booneville Business and Professional Women's Club. Also pictured are Dot Worley (left) club president, and Barbara McCoy.

Plants Damaged By Cold Weather Need Care

By CLAIRE T. ROSS
Extension Home Economist

COLD DAMAGED LANDSCAPE PLANTS

The recent cold weather in January damaged many landscape plants in Mississippi. Gardeners are courage their survival.

So the two questions at hand are (1) are the plants

concerned that some plants may even die. In addition, they are curious about what care and maintenance should be given to these damaged plants to en-gaging to die?, and (2) what timely care should be given to encourage recovery?

The broadleaf evergreens were the most severely damaged. These include

pyrantha, azalea, ligustrum, boxwood, photinia, pit-tosporum, and sweet olive. The foliage on most of these plants were severely damaged. As a result, the leaves have fallen off the plant leaving bare branches which gives the appearance of a dead bush.

However, most of these plants will not be dead. They will put out new growth as spring arrives. Tender new growths from last year may be killed and should be removed after spring greenup. It is important for gardeners to realize that landscape shrubs in Mississippi have been under stress during the last two years due to the summer drouth of 1980, the winter drouth of 1980-81, and the summer drouth of 1981. This resulted in extensive root damage and ultimately a weakened plant. So many plants were in extremely poor condition when the cold weather hit in January 1982. Such weakened plants may not recover as a result of the combination of drouth stress and the cold weather.

What To Do Right Now
(1) Wait and see how much of the plant greens up or sprouts in early spring. At that time, you can clearly see the dead twigs which need to be removed. Pruning them too early might result in removing too much live wood which might be needed to strengthen the plant during the growing season.

Booneville Schools Menu

Monday, March 15:
Cheeseburger with pickle and onion, French fries, with catsup, fruit cup and milk.
Tuesday, March 16:
Pizza, lettuce and tomato salad, whole kernel corn, baked beans and milk.
Wednesday, March 17:
Cream of tomato soup, grilled cheese sandwich, 1/2 orange, oatmeal and peanutbutter cookies, and milk.
Thursday, March 18:
Country fried steak with gravy, whipped potatoes, buttered broccoli, roll and milk.
Friday, March 19:
Fish portion, macaroni and cheese, green peas, strawberry shortcake with topping, and milk.

(2) Save your leaves and pine straw during your spring cleanup. This makes excellent mulch which will be needed to protect the landscape plants during the hot dry months. Remember most already have suffering root systems because of the drouth of '80 and '81.

(3) Avoid over-fertilizing shrubs which are under stress. A limited root system and a weakened plant can use only so much fertilizer! Follow recommended rates very carefully. Over-fertilization will do more harm than good.

(4) Learn a good lesson from this experience and be prepared to give your plants the proper winter protection they need during the early fall months. Gardeners should mulch with leaves or pine straw to maintain a 8"-10" layer of mulch during the winter months. Proper fertilization during the fall months will also promote

winter hardiness.

A light application of potash (muriate of potash) at a rate of one teaspoon per small plant and one tablespoon per large plant (about 5 feet) will act as a good anti-freeze.

Avoid using high nitrogen fertilizers during the fall (ammonium nitrate, urea, or 13-13-13). A high nitrogen fertilizer promotes late season growth which does not mature before cold weather. High nitrogen also increases the danger of foliage burn.

(5) Ask your local Extension Agent for a copy of information sheet 204, entitled "Pruning Landscape Plants." This describes the techniques of proper pruning for a wide variety of landscape plants.

Many gardeners have asked about damaged liriopie or monkeygrass. Damaged foliage should be cut using a sharp knife as

soon as possible and before new shoot growth. New shoot growth begins in early March.

The foliage can be cut leaving as little as 6"-8" remaining on the mother plant. Be sure to discard all cut foliage. Remove decaying debris around the clump of the mother plant. Remember use a sharp knife to avoid shredding the foliage. Shredded foliage will turn brown and be very unsightly. In addition, the foliage which is cut with a dull knife will be more susceptible to disease.

Westmoreland-Stennett Vows Are Exchanged

MARTIN, Tenn. -- Kristen Ann Westmoreland and Thomas Ricky Stennett were married Jan. 16, in the sanctuary of the First United Methodist Church in Martin, Tenn.

Parents of the couple are Mr. and Mrs. James H. Westmoreland of Martin, Tenn., and Mr. and Mrs. William Arthur Stennett of Booneville.

The guests were registered in the foyer of the church by Mrs. Terresa Westmoreland, sister-in-law of the bride.

The chancel area of the church sanctuary was decorated with a rainbow arch of tall white bridal tapers in a polished brass candelabra which framed the altar table. A formal bouquet of burgandy carnations, rose pink gladiolas, white cushion mums and baby's breath with winter greenery was on either side of the arch.

A program of organ music was presented by Mrs. Marilucille Counce. "The Wedding Prayer" and "O Lord Most Holy" were played by Mrs. Carla Field on the violin and accompanied by Mrs. Counce on the organ.

The bride was escorted to the altar by her father and given in marriage by her parents. She wore a white gown of silk organza and satin. The crystal pleated Queen Anne neckline was surrounded by silk venese lace encrusted with pearls. A full A-line skirt of organza had a venese and crystal trim ending in a bridal band of satin and venese lace forming a chapel train.

The bride carried an European cascade bouquet of white silk tea roses, soft pink tinted camellias and white forget-me-nots which were secured to a white moire taffeta covered Bible that had been carried in her

mother's wedding bouquet. Tomi McCutchen of Martin, Tenn., served as maid of honor. Bridesmaids were Cathy Philliphart, and Keri McDaniel, both of Oxford, and Landy Fuqua of Martin, Tenn.

William Stennett Jr., brother of the groom, was best man. Groomsmen were Matthew Vassar of Memphis, James Westmoreland Jr., and Robert Westmoreland, brothers of the bride, both of Martin, Tenn.

A reception was held in the church immediately following the ceremony.

Serving at the reception were Jane Hadden, Julie Hadden, and Sherry Miles, all of Martin, Tenn., and Meda Box of Memphis.

Following the wedding the couple spent several days with their families before leaving for Germany. They are residing in Heilbronn, Germany, where the groom is stationed with the U.S. Army.

Girl Scouts Observe Anniversary

Friday, March 12, will mark the 70th anniversary of Girl Scouting in the United States. On March 12, 1912, Juliette Gordon Low founded Girl Scouting in Savannah, Ga.

In honor of the occasion, Booneville Mayor Charles Crabb has signed a proclamation declaring March 7-13 as Girl Scout Week in Booneville.

This week marks the official start of a 10-month anniversary celebration for Girl Scouts all across the nation. During this 10-month period, Girl Scouts will be giving a gift to the nation in

the form of projects to help keep one of the country's greatest resources - water - clean and safe for use.

In a dramatic conclusion to Girl Scouting's 70th birthday celebration, data and information on all the water projects completed by Councils across the country will be compiled and formally presented to the nation at a major public event.

Throughout its 70 years, Girl Scouting has been a movement that gives girls from all segments of American life a chance to develop their potential, to

make friends, and to become a vital part of their community. Based on ethical values, it opens up a world of opportunity for youth, working in partnership with adult volunteers.

The Girl Scouting program offers girls a broad range of activities which address both their current interests and their future roles as women.

Through activities that stimulate self-discovery, they are introduced to excitement in the worlds of science, the arts, the outdoors, and people.

Bridge Classes Start March 18

A ten-week class in Intermediate Bridge will begin Thursday, March 18, at 6:30 p.m. in Patterson Hall on the Northeast Junior College Campus.

Offered through the school's Division of Continuing Education, the class, which is limited to 14 people and will meet one night per week. Registration fee is

\$35. Under the instruction of bridge enthusiast Mildred Sawyer of Corinth, the class will be conducted with the participants present level of achievement in mind. Special attention will also be given to individual weaknesses.

One of several leisure learning classes offered

through Northeast, the concept of the class is to be informative as well as entertaining to the participants.

For additional information or to register, interested persons are asked to contact James Williams, on the Northeast Campus by calling 728-7751, ext. 286.

There comes a time when all children have to grow up. It's called development. We watch their progress and give a little push whenever possible for the first couple of years.

I could hardly wait for my children's first words or first steps. Jennifer was 12 months old when she took that first step, but Brock got started at 8 months and has been going full blast ever since.

I had always heard that boys were much more to handle than girls during early childhood and I'm here to testify that it's definitely true. I wondered how I would ever live through his stage of wandering off aimlessly, completely unaware of the dangers out there in his big beautiful world.

He soon learned that when the telephone rang he had a few seconds and that's all he needed to be out the door and out of sight. I had several near heart attacks before I located him.

I prayed daily for the time when he could stay put in one place or at least answer when I called. But now that he is 4 years old I feel sad sometimes because he is now my "big Baby" and my "little man."

His baby talk is now complete sentences. He can write his name, count to 10 without misplacing too many number and recognizes several letters of the alphabet.

His interest in television has gone beyond cartoons and Sesame Street and now includes "Different Strokes" and "Love Sidney." His new girlfriend is Patty of the latter show. "Mommie" has changed to "Mom", but "spaghetti O's" are still "ghetti holes."

His dad has this thing of asking him "Will you stay little for me ? Sister didn't, so would you?" The answer was always "But I can't get my knife." This referring to a small pocket knife his grandmother has promised to give to him when he is big enough.

But the other day he came up with a bargain plea. His new response was "Will you buy me a whole bunch of knives, now?" If that's not smart, I don't know what is! But what else can you expect from the greatest child ever born? Or maybe it's just that he's the apple of his mom's eye and rotten to the core.

Wishes for a happy birthday this week are extended to Mark Taylor, Bay Lambert, Bunice Phillips, Laurine Lambert, Sandra White and Deanna Hill.

The children of headstart and grades 1-6 of Hill's Chapel attendance Center enjoyed the puppet show "Peter Pan" at Seth Pounds Auditorium on Friday.

Mr. and Mrs. Harold Cooper and boys of Burnsville were Friday night supper guests of Mr. and Mrs. Coolidge Young. Coolidge received an arm injury and was taken to the hospital in luka for x-rays. He was treated and released. We're glad that it was not serious.

Pat Fugitt, Pauline King and Jewel White visited for several days in Moss Point with Mr. and Mrs. Lonnie Smith.

Lester Hare is home from the hospital and doing better. Lucille Phillips visited with Lester and Dovie on Thursday afternoon.

Sunday visitors of Mrs. Jesse Henson and Blanche were Mrs. Inez Bush, Mrs. Kay Johnson, Amy and Joshua of Cairo.

Clyde Henson was an overnight visitor on Tuesday with his daughter and family Mr. and Mrs. Rickey Johnson of Cairo.

Several around the area have been ill due to colds and virsuses. Vivian Holder missed a couple of days work last week. But she is feeling better now. Marilyn Hutchens was absent from church services on Sunday due to illness. Also Hershel Chase was reported to be on the list sick.

Mrs. Callie Chase hasn't been feeling well lately. She went to the doctor on Thursday. We hope that Callie and all the other folks

on the sick list are soon feeling better.

Mrs. Cora King and all her ten children were gathered together at the home of Mr. and Mrs. Sonny King on Sunday afternoon for a family picture.

Present were Mrs. Cora King, Mr. and Mrs. Sonny King, Jimmy King, Max and Chris, Zena Phillips, Marie Parker, Margie Chase, Benny King, Benji Sebrena and Missey, Mr. and Mrs. Carmon King, Mr. and Mrs. Yearber McCoy and Mr. and Mrs. Doyle King, Greg and Gary.

Mr. and Mrs. Yearber McCoy of Lombard, Illinois were down for a visit with family here. They were joined by Mr. and Mrs. Doyle King and Greg, Mr. and Mrs. Sonny King and Neil, Mrs. Linda Enis, Cissy, Carla and Scotty and Mrs. Cora King for lunch on Sunday in the home of Mr. and Mrs. Carmon King.

Cissy Enis spent the weekend with Mr. and Mrs. Sonny King and family. Her father, Jimmy Enis of Wheeler, has been hospitalized a few days. We hope he is feeling better soon.

The New Site High School Chorus under the direction of Londie Kent attended the District I Choral Festival on Friday in Alberbeen. Chorus members from our community include Melissa Newcomb, Mary Holloway and Pam Hughes.

All those who have been teachers and students over the years at Hill's Chapel School are invited to attend a homecoming. It will be held at the school on April 3rd between the hours of 10 a.m. and 3 p.m. Everyone is invited to bring a covered dish.

This should be an exciting event because in some families there are known to be four living generations who have been students at Hills Chapel throughout the past years. So those who are interested are encouraged to be making plans to attend. More information can be obtained from Cecil Smith or Virgil Nicholson.

Tax Seminar Announced

On Monday, April 5, the First Bank and the public accounting firm of Nail, McKinney, Tate & Robinson will co-sponsor a seminar on estate and gift taxes in Tupelo.

The seminar will feature Mike Bush, an attorney with Mitchell, McNutt, Bush, Lagrone, and Sams, P.A., and John Robinson, CFA, with Nail, McKinney, Tate &

Robinson. The meeting will begin at 7 p.m. in the Helen Foster Auditorium of the Lee County Library.

In announcing the seminar, First Bank CEO Gene Berbette said, "Estate planning is a complex subject and the Economic Recovery Tax Act of 1981 dramatically changed the fundamental ground rules:

Mike Bush and John Robinson will present the basic concept of the new tax law to enable participants to better work with their personal financial advisors."

Persons interested in attending the seminar should contact Betty Lynn Coleman (842-7072) or Joy Killebrew (842-6475).

THOUGHT FOR THE WEEK

The Word Of God Speaks To You . . .

By C. D. Edge

This is what God says about you - -
If we say that we have no sin, we deceive ourselves and the truth is not in us - - I John 1:8.
This is what God did for you - -
For Christ also hath once suffered for sins, the just for the unjust, that He might bring us to God - - I Peter 3:18.

This is what God says to you - -
Come unto me all ye that labor and are heavy laden and I will give you rest - - Matthew 11:28.
This is what God demands of you - -
Believe on the Lord Jesus Christ and thou shalt be saved, and thy house - - Acts 16:31.

HONORED—Stan Riddle (right) recently received an award from the American Cancer Society commending him for outstanding work in the fund crusade of 1980-81. Through Riddle's coordinating efforts, volunteers in Prentiss County reached more people with information about cancer and raised more money than in any previous year, according to American Cancer Representative Charles McVey (left) who presented the award. Over \$5,000 was raised during last year's drive in Prentiss County, he said.

East Pleasant Ridge News

By MARY EDDIE TYUS
Correspondent

It was another cold Sunday morning, but we had a good crowd at church. Bro. Wallis preached on "Life is What You Make It." How true, for we all have a free will of how we want to live. Sunday night services were great also.

Sharon Cagle went to Jackson Thursday with Mr. and Mrs. John Wayne Criswell and children and attended the ballgames in which Wheeler was playing. Stanley Barnett Jr. attended the state Beta Club convention last week. Stanley Sr. drove the bus. They stayed in the Royal De'Oberdill Hotel. They all had a great time.

Jimmy Shearon attended the solo and ensemble competition in Tupelo Saturday. He won a medal for solo excellence.

Jimmy and Brad DeVaughn, grandsons of Mr. and Mrs. W.H. DeVaughn, won a medal for ensemble excellence. Congratulations to you all.

Michael Gray and Denise Phillips of Baldwin spent Sunday afternoon with Mickie and Carla Hendrix. Mrs. Bettie Key had as

dinner guest Sunday Joyce Chism and Terry, Howard Williams of Pleasant Ridge (Union County), Joanne Sides and Mary, and Johnny Key. The occasion was Joyce's birthday.

Visiting Mrs. Essie Merryman last week were Mr. and Mrs. Clifton Floyd, Mrs. Vera Owens, Mrs. Quay McCord, all of Wheeler, Boyd Owens of Frankstown, Mrs. Mary Jane Harling and Mrs. Mary E. Tyus of the community.

Mr. and Mrs. Max Cagle and Mark visited Mr. and Mrs. Mike Guy and children Sunday afternoon.

Mrs. Mildred Baxter spent Friday night with her daughter, Mrs. Donna Pannell, and Dedra Hall of Tupelo. Donna and Dedra then spent Saturday night and Sunday with her mother and attended church with them.

Sonya Palmer went to the ballgame in Jackson this weekend.

Mr. and Mrs. Clay Hugh Conlee, and Mrs. Donna Mooney of Ecru visited Mrs. Mary E. Tyus Sunday afternoon. His uncle, Gordon Conlee, passed away Sunday morning. The family has the sympathy of our community.

Our pastor's mother, Mrs. Vance Wallis, is in Baldwin hospital. We hope she will soon be well.

Sharon Cagle spent Sunday afternoon with Bro. and Mrs. Jimmy Wallis and their granddaughter, Jennifer Blaylock.

Mrs. Dessie Tolor of Baldwin, Mrs. Juanita York of Booneville, visited Mrs. Chessie Prentice Sunday afternoon.

Members present to wish him a happy birthday. At the noon hour delicious foods such as turkey and dressing, baked ham, fried chicken and other tempting foods, and birthday cake, added to this special day. Relatives came from this community, Booneville, Corinth, Ripley and Memphis.

Sympathy is extended to the family of Mrs. Ethel Powell whose death occurred Thursday. Funeral services were Saturday at McPeters in Corinth with burial in the Danville Cemetery.

A number of our people will be in Corinth Saturday afternoon for the Jennie Alexander-Steve Bennett wedding at the Tate Street Baptist Church.

Mrs. Della Massengill has been a recent guest of her sister in Russellville, Ala.

Harrell Doty of Memphis is spending the weekend with Mrs. Hubert Doty and other relatives.

Wheat Program Sign-Up Continues Until April 16

By C.E. CALVERT—
County Executive Director

WHEAT PROGRAM REQUIRES 15 PERCENT ACREAGE REDUCTION

To reduce record-level wheat supplies and strengthen farm prices, Secretary of Agriculture John Block announced a voluntary 15 percent reduced acreage program for the 1982 wheat crop.

To be eligible for price support loans, target price protection and the reserve program, farmers must have certified their 1981 crop acres. They must also comply with the reduced acreage requirements and devote the land taken from production to conservation uses.

A farmer who planted 100 acres of wheat in 1981 can plant no more than 85 acres of wheat for the 1982 harvest for program eligibility. The remaining 15 acres must be devoted to conservation.

If the farmer plants less than the permitted 85 acres, he or she will be permitted to devote fewer acres to conservation. For example, if only 50 acres are planted, only 8.3 acres will have to go to conservation.

The program offers farmers a federal target price of \$4.05 per bushel and loans at \$3.55 per bushel. For placing the 1982 wheat crop immediately in the grain reserve, farmers will get \$4.00 a bushel.

Under the program, neither offsetting compliance nor cross compliance will be required. This means that farmers owning or operating more than one farm will not be required to participate on all farms in order to obtain program benefits on participating farms.

Participation in the wheat program is not required to qualify for program benefits on other crops grown on the farm.

Applications for the voluntary 1982 wheat program will be accepted by the agency until April 16. This office is open weekdays from 8 a.m. to 4:30 p.m.

FEWER FEED GRAIN ACRES WILL BOOST FARM PRICES

The 10 percent reduce acreage program for 1982 corn, sorghum, oats and barley will help strengthen farm prices by reducing supplies for the 1982-83 marketing year.

Feed grain supplies are about 13 percent above last year and corn carryover stocks could total as much as 2 billion bushels by the beginning of the next

marketing year—the largest amount since 1960.

The program is voluntary, but only those who participate will be eligible for program benefits such as target prices, Commodity Credit Corporation loans, and the grain reserve program.

Program participants who submitted acreage reports will be eligible for target prices of \$2.70 per bushel for corn, \$2.60 for sorghum and barley, and \$1.50 per bushel for oats. They will also be eligible for regular Prentiss County loans of \$2.55 a bushel for corn, \$2.42 for sorghum, \$2.08 for barley, and \$1.31 for oats.

Feed grain acres taken out of production must be eligible cropland that is protected from wind and water erosion. The land may not be mechanically harvested. However, farmers will be permitted to graze this acreage until April 30, 1982, but cannot graze from May 1 to Oct. 31, 1982.

1982 feed grains placed under loan will be eligible for immediate entry in the grain reserve at loan levels higher than for regular loans. The Prentiss County reserve loan rates per bushel are: corn, \$2.90; sorghum, \$2.75; barley, \$2.37; and oats, \$1.49.

The sign-up period for 1982 farm programs began on February 16 and will be conducted through April 16.

FARMERS GET FEDERAL PAYMENTS FOR 1981 COTTON

Deficiency payments have been made to cotton producers who reported their 1981 crop acreage and filed and application for payment. Checks totaling an estimated \$93,664.10 have been issued to 176 farmers in the county.

The 1981 farm program participants became eligible for federal payments when the national weighted average market price fell below the government-established target price of 70.87 cents per pound for cotton. Nationally, farmers received a weighted average price of 63.2 cents per pound for cotton. Therefore,

farmers who participate in this year's upland cotton program will plant 15 percent fewer acres than last year to help reduce the surplus cotton and strengthen prices.

For reducing their cropland acres, upland cotton growers will receive federal target price protection 71 cents per pound and a national average loan rate of 57.08 cents per pound.

Program participation is voluntary, but farmers must take part to be eligible for program benefits.

eligible farmers received 7.67 cents per pound.

MARCH 18 IS AGRICULTURE DAY

In recognition of the nation's outstanding agricultural achievements, March 18 has been designated as National Agriculture Day for 1982. Secretary of Agriculture John Block will serve as honorary national chairman of the event, as he did in 1981.

Agriculture Day is designed to call attention to the success of U.S. agriculture's role in providing the world's most abundant and highest quality food supply. The theme for the day is "Agriculture: It's your Heartbeat, America."

Secretary Block said, "Every American should be proud of this nation's tremendous record of agricultural contributions. It's a vital part of what makes American the great country that it is."

U.S. agriculture is the world's largest commercial industry with assets exceeding \$1 trillion. The industry employs nearly 23 million people -- 22 percent of America's total labor force.

Agriculture Day is coordinated by the Agriculture Day Foundation, a private, non-profit educational corporation with staff provided by the Agriculture Council of America Education Foundation.

COTTON PROGRAM ACRES CUT BY 15 PERCENT

Farmers who participate in this year's upland cotton program will plant 15 percent fewer acres than last year to help reduce the surplus cotton and strengthen prices.

For reducing their cropland acres, upland cotton growers will receive federal target price protection 71 cents per pound and a national average loan rate of 57.08 cents per pound.

Program participation is voluntary, but farmers must take part to be eligible for program benefits.

Rienzi News

The college and career Sunday School class of the Rienzi Baptist Church presented a White Bible Service Wednesday night honoring Jennie Alexander and Steve Bennett.

Taking part in the service were Buddy and Shelia Johnsey; Rita and Brenda Johnson; Melinda and Deborah Rutledge; Debbie Baggett and Diane Furtick.

The Bible was presented by Mrs. Irb Benjamin. Pianist for the service was Mrs. Jerry Palmer. William Perry, chairman of the deacons, assisted.

Later, members and guests were invited to the fellowship hall for refreshments and a pounding of kitchen supplies for Steve and Jennie.

Here to share in the happy occasion were Mr. and Mrs. Sammy Alexander of Corinth, and Mrs. Bennett, her daughter, Eloise, and

her granddaughter, Mandy, of New Albany.

Mr. and Mrs. David Little of Cape Girardeau, Mo., were weekend guests of Mrs. Truman Smith.

Visiting this week with Mr. and Mrs. Wayne Bullard were Mr. and Mrs. Charles Reid of Liberty, Miss. On Saturday night a delicious meal of Sauce Piquant was enjoyed in the Bullard home. Guests were Mr. and Mrs. Reid; Brian and Lisa Bullard; Mr. and Mrs. Johnny McCalla; Mr. and Mrs. Gary Ross, Jennifer and Grant Ross; Mr. and Mrs. Kenneth Marcum; Mr. and Mrs. Joel Henry and Michelle Southern; and Marty and Becky Rinehart.

Todd and Mitzi Rickman of Selmer spent the weekend here with their grandparents, Postmaster and Mrs. E.M. Furtick.

Ruben Kuykendall of Route 3, Rienzi, observed his 94th birthday on Sunday, Feb. 28 with 41 family

members present to wish him a happy birthday. At the noon hour delicious foods such as turkey and dressing, baked ham, fried chicken and other tempting foods, and birthday cake, added to this special day. Relatives came from this community, Booneville, Corinth, Ripley and Memphis.

Sympathy is extended to the family of Mrs. Ethel Powell whose death occurred Thursday. Funeral services were Saturday at McPeters in Corinth with burial in the Danville Cemetery.

Library Notes

By LEE DAVIS
Librarian

Interesting materials on a variety of subjects have been added to the collection at the Allen Library. Have you felt an unexplained lift on a day of beauty or the blahs on a gloomy one? There is a relationship according to W.S. Kals in *Your Health, Your Moods and the Weather*.

For that first apartment there's *A Place of Your Own*, by Elizabeth James and Carol Barkin.

Two new biographies of very different people are *Helen and Teacher: The Story of Helen Keller* and *Anne Sullivan Macy*, by Joseph Lash, and *Keep on Dancing, a Memoir*, by Sarah Churchill.

The *Best in Origami*, by Samuel Randlett; *How to*

Make Home Electriety from Wind, Water, and Sunshine, by John Kuecken; and *The Soccer Coaching Guide*, by A. Lynn Haight are guides to interests on subject not run of the mill.

That's true also of *Facelifts: Everything You Always Wanted to Know*, by Norma Lee Browning, and *The Best of Dear Abby*, by Abigail Van Buren.

Christina Crawford's novel, *Black Widow* and William F. Buckley, Jr's *Marco Polo, If You Can are on the best-seller fiction list*, while *Pathfinder's*, by Gail Sheehy, is number seven among the non-fiction.

A number of colorful and helpful preschool-age book are waiting for you, boys and girls.

The library has a limited number of periodical sub-

scriptions and we appreciate your furnishing us with copies you have read of *Newsweek*, *Reader's Digest* and others, especially those that are indexed so that subject matter is easy to locate. Sixty of these are used in our *Abridged Readers' Guide*.

They include *Business Week*, *Better Home and Gardens*, *Ebony*, *Family Health*, *People* and *Psychology Today*, along with others which students find very useful for term papers.

Spring is often the time when you decide to clear your shelves, and we hope that you will send them to ours.

DOUBLE CELEBRATION -- Mrs. Oma Shook of Booneville, and her granddaughter, Melissa Gailor, both share the same birthday of March 5. Shook celebrated her 82nd birthday and Melissa celebrated her 13th birthday together recently at Lee Manor Nursing Home in Tupelo. Mrs. Shook is the widow of Boliver Shook, who wrote the song, "Cabin On The Hill." Melissa is the daughter of Mr. and Mrs. J.W. Gailor of Booneville.

FARMERS PRODUCE BIG

National Agriculture Day on March 18 will highlight the accomplishments of the American farmer. No other segment of the U.S. economy is as productive or efficient as agriculture. Consider these farm facts:

- Farmers are big, big producers. Every farm worker in the United States produces food and fiber for 78 others, 51 in the U.S. and 27 abroad.
- U.S. farmers produce 66 percent of world's soybeans, 50 percent of the corn, and 31 percent of the world's sorghum. They produce 30 percent of the poultry and 22 percent of the world's beef.
- American farmers do all this, and they make up less than three-tenths of one percent of the world's farmers and farm workers.
- In the last 20 years, U.S. farm productivity has increased more than three times as fast as the non-farm rate. Each farm worker creates jobs for more than five non-farm men and women who produce items farmers need and who process, transport, and market crops farmers

harvest.

- High farm productivity is the main reason you and I are spending less and less of our disposable income for food. We spend 16.6 percent on food, compared to 17.2 percent in 1970 and 20 percent in 1960. In spite of this, the farmer gets a little less of the consumer's food dollar today than he did 20 years ago.

PLANT CORN EARLY

No matter where you farm early planted corn has the best chance to make a profit. Soil temperature is a good way to decide when to plant. The time to seed is after the danger of the last killing frost and soil temperatures reach 50 degrees F.

A light frost will burn corn leaves, but won't kill the plant. That's because the growing point of corn is below the soil surface. The plant will continue to grow as long as the growing point doesn't freeze. A cool spring may slow the rate of growth, but it won't reduce yields.

The reasoning behind early planting is to get a jump on the weather, which is the greatest limiting factor in producing corn. March planted corn will be silking and tasseling in mid-June to early July, when

we're most likely to get a peak in summer rainfall, if we have one. Lower temperatures also encourage higher yields.

FARMWEEK

Most pre-season production tips for Mississippi farmers are scheduled on the March 15 program. This week it's the latest information for soybean producers in the last of the three-part production series. The program can be seen Monday, March 15, at 7:30 p.m. on the Mississippi Educational Television Network.

Fescue Is Good Forage

By DAVID SUMMERS
Soil Conservationist
USDA Soil
Conservation Service
Booneville Field Office.

Tall fescue is one of the most important forage grasses in Prentiss County. One of the major reasons for tall fescues' popularity among cattlemen is the fact that tall fescue provides good forage during the fall and spring when warm season grasses are dormant. With proper management, tall fescue can extend the total grazing season to about 10 months per year.

There are two major management practices that we need to give attention in order to have quality tall fescue pastures this spring, which are soil fertility and rotational grazing.

Soil fertility is one of the most important factors for tall fescue production. The pH of soils should be kept between 6.0 and 7.0 for best results. It is essential that

the pH be kept at this range if clovers are to thrive with tall fescues.

Soils having a medium level of phosphate and potash will require only 60 pounds each of phosphate and potash per acre each year. If the soil has a low level of these nutrients, apply 90 to 120 pounds each for one year. If there is less than a 40 percent stand of clover mixed with tall fescue, apply 200 pounds of ammonium nitrate per acre in March.

Rotational grazing is another management practice that will help increase both the quality and quantity of tall fescue. By following a good rotational grazing plan, cattle can graze the forage when it is at its most nutritional stage while other pastures are allowed to regrow.

For more information on tall fescue management, come by the Soil Conservation Service office in Booneville or call 728-3544.

Everyone that missed the services on Sunday night at Wolf Creek really missed a treat. We really had a good time calling on Jesus.

I really appreciate all the comments that different ones have given me regarding this article. It makes me feel good to know that something I might do or say can be a blessing to someone or help or encourage someone along the way.

The Mt. Olive Church will be having their annual Choir Day Sunday at 2:30 p.m. All choirs are asked to register upon arrival. Refreshments will be served. This is sponsored by the Rev. MacDuffy Agnew.

On March 15, at 7 p.m. Pleasant Grove will begin their spring revival. The guest speaker will be the Rev. Caleb R. Williams from Verona. The Rev. J.L. Bobo, church pastor, invites everyone to attend.

Happy Birthday wishes go to Vera Crump, Norris Grizzard, Emogene Carpenter, Marilyn Goff, Martha Shinault, Evelyn Davis, Tony Sorrell and

Albert Agnew. We hope all had a wonderful birthday.

Just about every week in this article since Christmas there's been a report of death, sickness, or finding someone killed. I don't know how you feel regarding these happenings, but to me it's a sign that we need to prepare to meet Jesus when he comes for us.

We express our deepest sympathy to the Roger's family. We don't know anything about the incident, but on Saturday night Dave Jr. Rogers was shot and killed. We ask the community to pray for his family.

If you find time, go by and offer prayers to the family. Read them a scripture or ask the Lord to be with them during this time.

As the Rev. Cummings so often says, it may be somebody else's time today, but we don't know whose time it will be tomorrow. So let us support them with our love and prayers.

Mrs. Vergie Crockett is reported doing much better although she is still a patient at the North Mississippi Medical Center in Tupelo. Till next week...

Nearly everyone has heard about "squirreling away" -- conservation for times of greatest need. And, of course, it comes from the squirrel, one of nature's smartest creatures, who methodically stores food for the winter.

So, too, at United Gas we annually have been squirreling away a different kind of vital necessity. During the warm season, when the demand is lower, we inject billions of cubic feet of natural gas into the porous limestone of storage formations. Here it is held safely until the winter demand goes up.

It's another way United Gas' foresight and investments of millions of dollars have helped keep the gas flowing during critical times. The lesson comes from nature, but our commitment to Gulf South energy puts it into practice.

Start your IRA Tax Shelter before April 30.

Earn 30% interest for thirty days.

Contribute to a First Bank IRA Tax Shelter account by April 30, 1982, and you'll earn interest at a whopping 30% annual rate for 30 days. And you'll earn high interest all year long.

Up to a \$4000 tax deduction every year.

Every penny you put in your IRA Tax Shelter, up to the maximum, is tax deductible. And you don't have to pay taxes on interest until you take out your money.

You can start your IRA Tax Shelter now with any amount. Or you can contribute to an existing First Bank IRA, and earn the 30% on the money you put in by April 30. If you have already made a contribution in 1982, your latest deposit will automatically earn this special rate. This interest will be paid during May of 1982.

The maximum a working couple can contribute from their joint income for the year is \$4000. For a couple with one spouse working, it's \$2250. And for an individual, it's \$2000.

In a 50% tax bracket, a \$2000 annual contribution could save you \$1000 a year on taxes. In a 30% bracket, it could save you \$600. For working couples, it could be twice that much.

An interest rate that keeps up with the market.

With a First Bank IRA Tax Shelter you always earn a competitive market interest rate, because the rate is tied to the rate for Money Market CD's and it varies quarterly. When interest rates soar—like they did last year—your rate does too. And vice versa. But no matter what happens, you're assured of earning money market rates.

And with this interest rate, your money grows into quite a nest egg for retirement. Maybe even a million, if you start young enough.

Use your tax refund or start monthly payments now.

You're smart to put your 1981 tax refund in a First Bank IRA Tax Shelter. With this deduction, you could get a much bigger refund next year. Or if you have money in savings or other investments, you may want to move that money to an IRA Tax Shelter, so you can get the big 30% and earn high interest all year.

Or at First Bank, you can contribute monthly. You only need to contribute \$166 a month for the \$2000 annual maximum for an individual. For working couples, it's \$333 for the maximum.

And for couples with one spouse working, it's \$187.

But on a monthly plan, it's important that you start now. So you can reach your maximum before the April 15, 1983, deadline.

To make it more convenient, we can automatically withdraw your monthly IRA Tax Shelter payment from your First Bank checking account.

Maybe a deduction for '81, too.

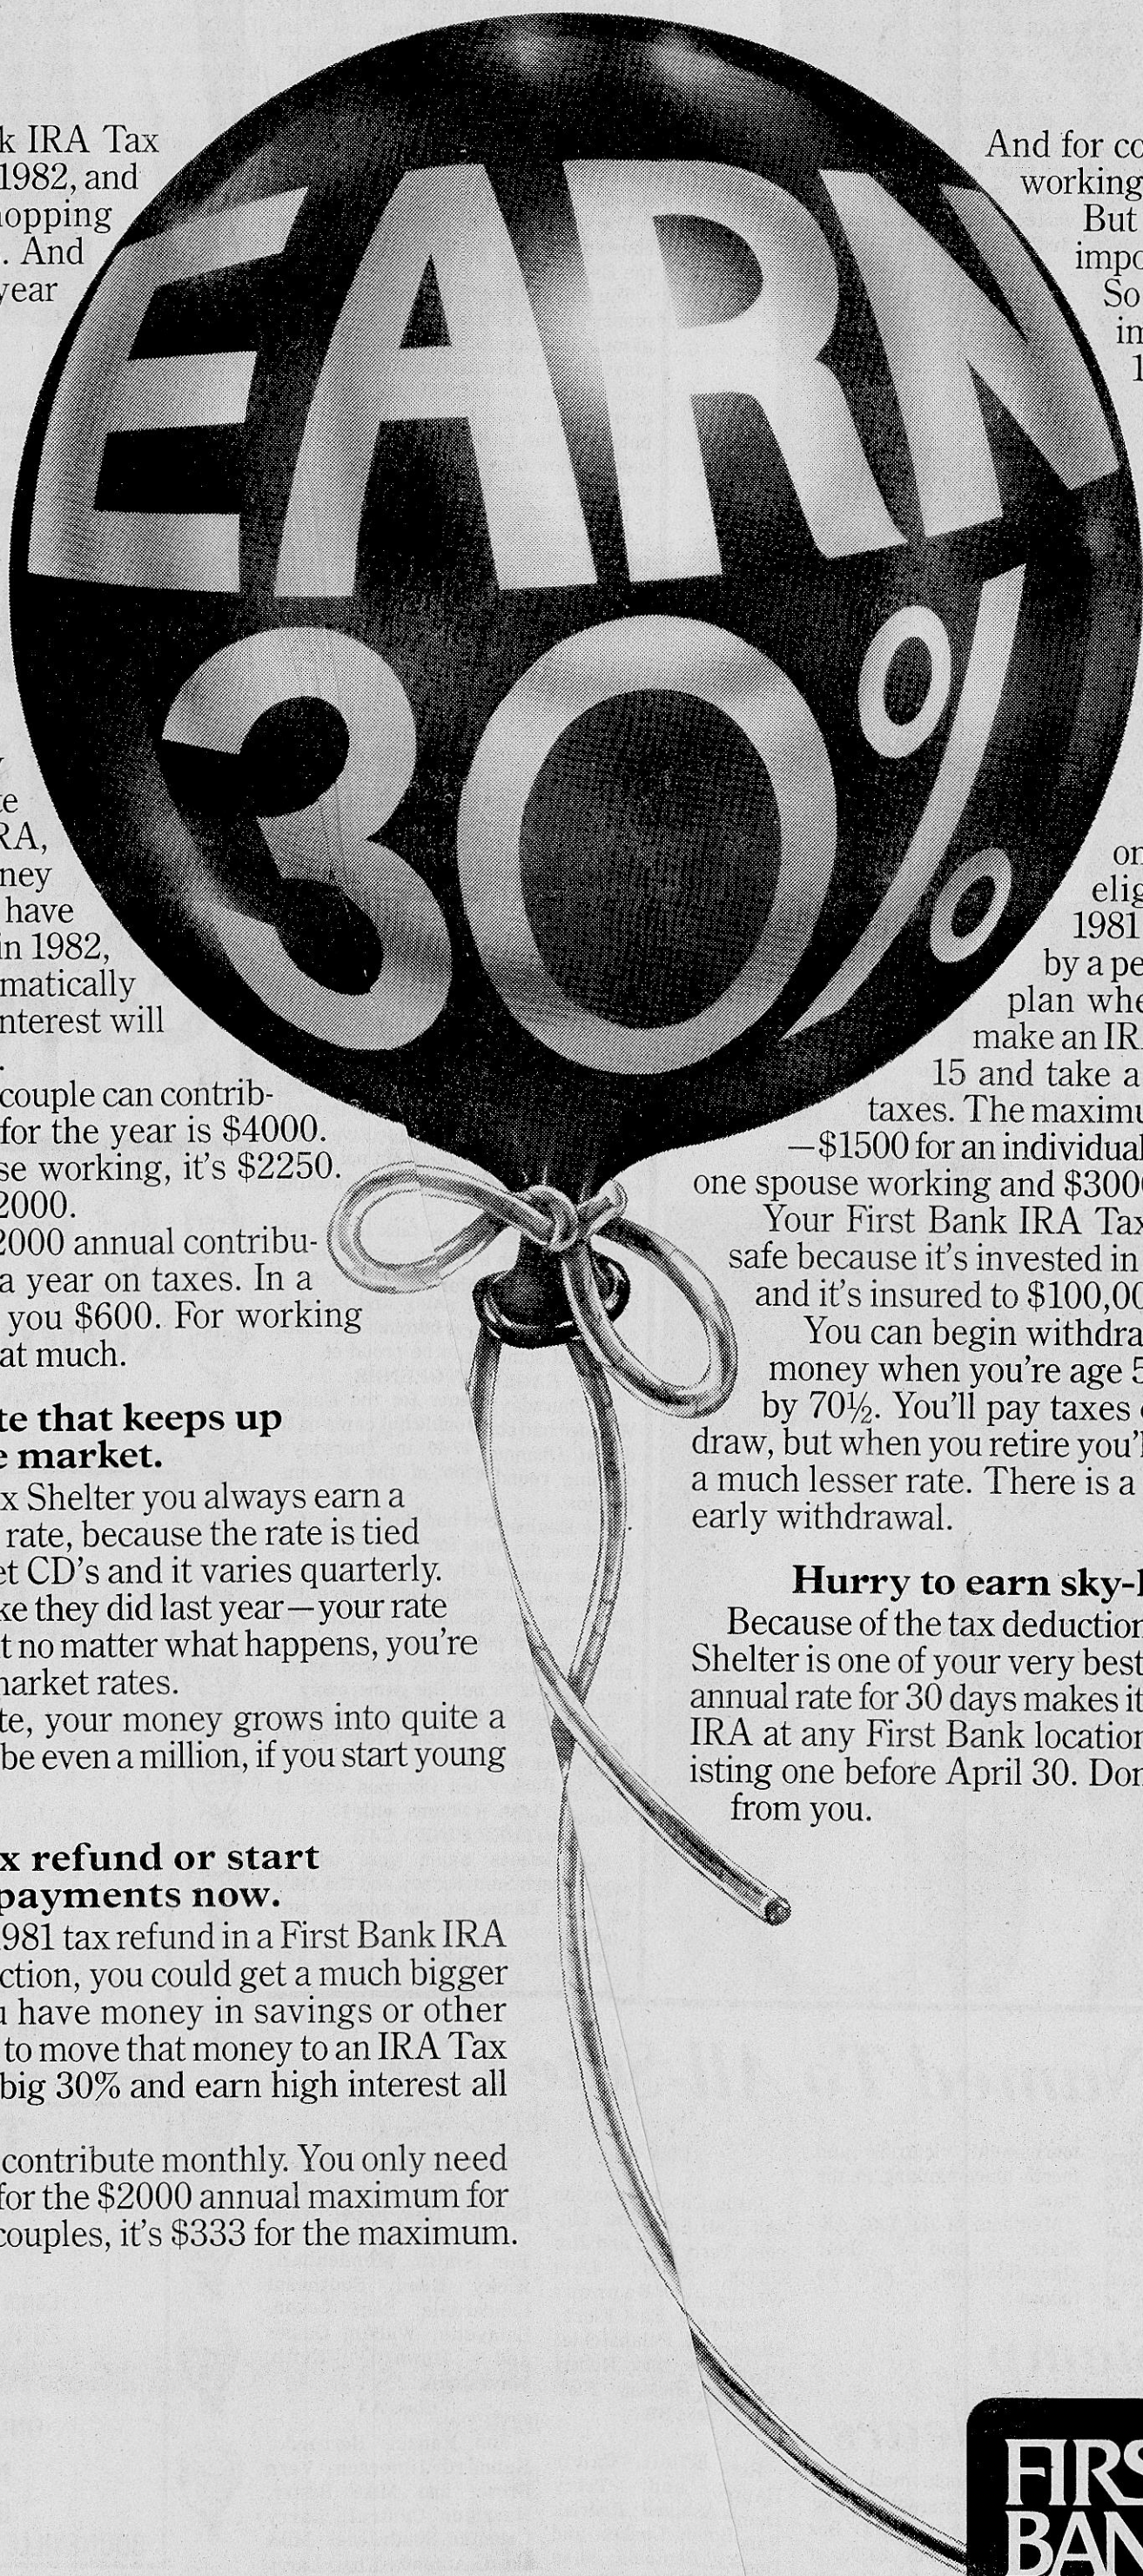

Beginning in '82, anyone who earns income is eligible for an IRA. If in 1981 you were NOT covered by a pension, or profit-sharing plan where you work, you can make an IRA contribution by April 15 and take a deduction on your '81 taxes. The maximums, however, are lower—\$1500 for an individual, \$1750 for couples with one spouse working and \$3000 for working couples.

Your First Bank IRA Tax Shelter is completely safe because it's invested in 18-month savings plan and it's insured to \$100,000 by the F.D.I.C.

You can begin withdrawing your Tax Shelter money when you're age 59½ and you must start by 70½. You'll pay taxes on the money you withdraw, but when you retire you'll probably pay taxes at a much lesser rate. There is a substantial penalty for early withdrawal.

Hurry to earn sky-high interest.

Because of the tax deduction, a First Bank IRA Tax Shelter is one of your very best investments. Our 30% annual rate for 30 days makes it even better. Open your IRA at any First Bank location or contribute to an existing one before April 30. Don't let this one get away from you.

Five Eagles Foul Out In 90-81 Loss To West Lincoln

BY LEE GENTRY
Sports Editor

JACKSON—Five Eagles fouled out and Jason Casey pumped pointes in from everywhere except the rafters to give West Lincoln's Bears a 90-81 victory over Wheeler's Eagles in the finals of the State B Championship at the Jackson Coliseum.

Casey, a 6'1" senior who is the son of the Bear coach, made bucket after bucket and scored a game high of 50 points to hand the Eagles their second straight loss in the State B finals.

Wheeler, after earlier defeating a determined Obannon ballclub 47-40 in Thursday's opening round, battled tooth and nail with the tough West Lincoln ballclub and gave them a run for their

money in the final quarter.

It took both senior performers Terry Ballard and Jim Davis who bucketed 26 points each to match the shooting performance of Casey. The two Eagles kept the Wheeler squad in the game and kept the Bears on their toes with their uncanny ability to make the all important key basket when necessary.

Ballard did it with aggressive play under the boards and Davis thrilled the crowd with a number of driving baskets that all came in key situations.

The Bears, however, were a solid group of performers and led throughout the contest. Wheeler jumped out to an early lead in the opening quarter and it looked at the point that the Eagles just might come away with their second Class B

State Trophy in the past three years.

But West Lincoln caught fire and the young Casey really put on a show. At 5:27 in the second quarter Lincoln made three straight baskets and moved up by some 13 points and things then began to go bad for the Prentiss County squad.

One could look at Wheeler coach Sam Richey and tell that it was indeed going to be a long afternoon for the Eagles. As Richey began to twist and turn, the Eagles went into a somewhat slump that lasted till some four minutes remained in the final quarter.

Wheeler caught fire then and came roaring back to the delight of many Eagle rooters that had driven the 200 mile journey to watch them perform.

Wheeler trailed by as many as 11 points in the 4th quarter but trimmed the margin to three points with a chance to cut it to a single point with only two minutes left.

Fouls, however, caught up with the Eagles. First it was senior sharp shooter Bubba Miller who fouled out first. This appeared to be the determining factor late in the contest.

To beat a team of West Lincoln's ability a team has to have all their gunners to have a shot at it. Especially when you have a fireballer like the Casey performer.

The other four Eagles then followed suite and fouled out and it was all over for the Eagles.

The fans in attendance really got their money's worth in this Saturday afternoon game. Complete with a host of flashy plays from a sharpshooter who pumped 'em in from the refreshment stand and everywhere else to two well-coached ballclubs, the packed house at Jackson indeed knew they had watched a thriller when that game was over.

West Lincoln certainly made the best out of every Wheeler error on the afternoon. With all the fouls that Wheeler got (some very disputed calls I might add), West Lincoln converted 38 of 56 freethrows for a 67 percent average that proved to be very crucial in the final frame.

Add that to the fact that Wheeler led from the floor in shooting one can plainly see that fouls are the key to winning or losing basketball games.

The star attraction of the afternoon was the Casey performance. A person would have to be asleep to fail to notice this athlete's ability to put the ball in the hoop.

The 6'1" star did it all including a few baskets that Julius Irving would love to call his own.

Coach Richey had said before Saturday's outing that he would indeed have to watch the performer but I don't think anyone would have thought he would put on that kind of show.

So the Eagles had to make the long journey back home after flying to West Lincoln for the second consecutive year.

Well came home they did but not before they climaxed another outstanding season.

To get to Jackson is task in it's self but to do it with a very impressive record of tournament victory, to do it with a fourth place state ranking and to do it classed as the North number one team is indeed something to be proud of.

EAGLES' OPENER

In Thursday's opener for the Eagles Wheeler had some trouble but came on to defeat Obannon 47-40 in Thursday's opening round action of the B competition.

The Eagles indeed had their hands full but were too strong for Obannon in the closing minutes of the game.

Wheeler blew a sizable lead late in the game but as Obannon trimmed the margin to 11 points (42-40) with two minutes left the Eagles scored seven straight points to put the game away.

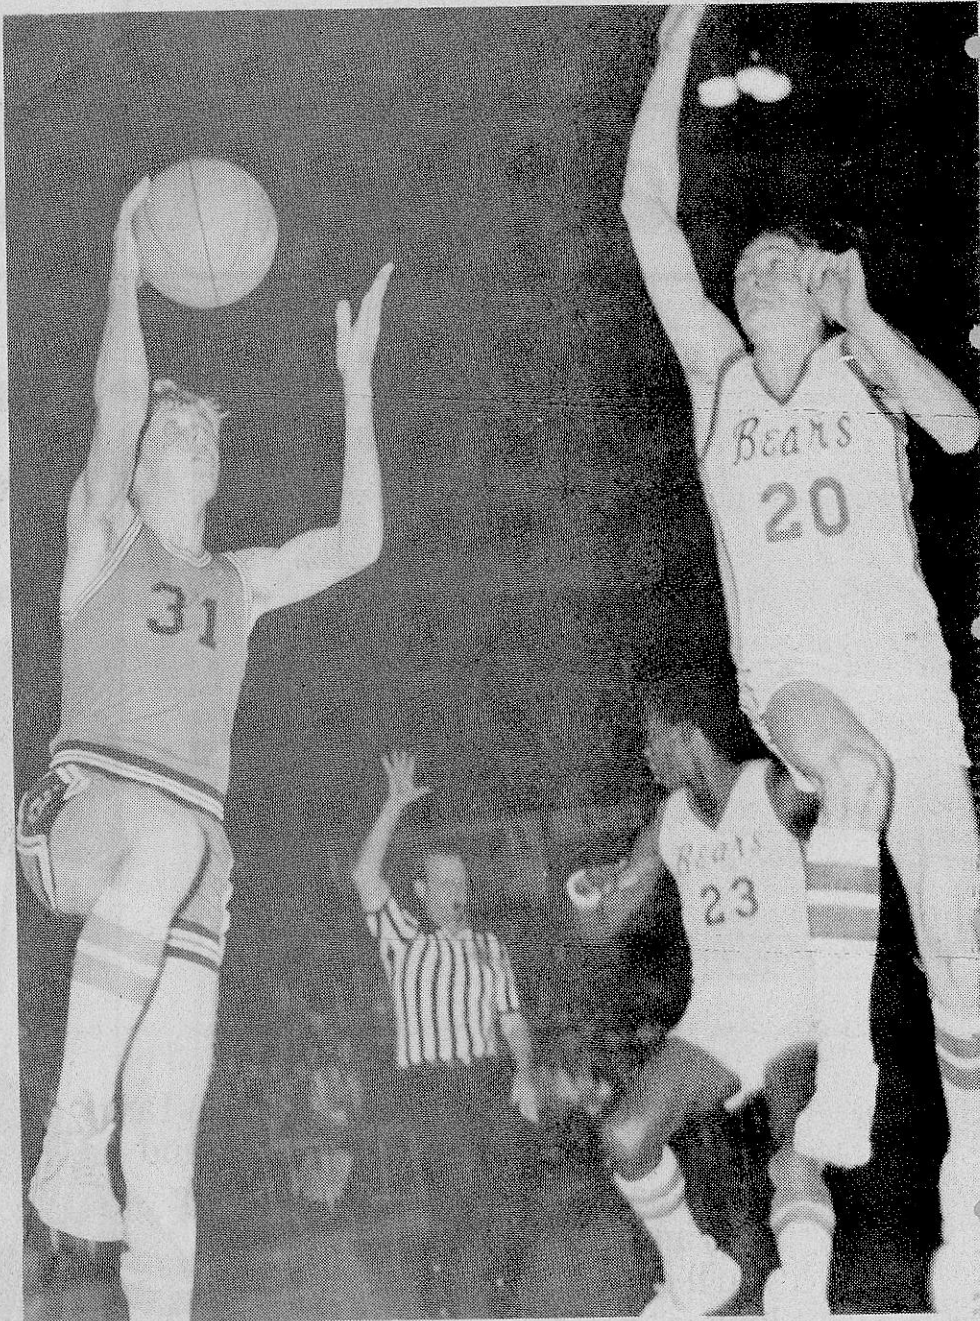

Terry Ballard led the Eagle scoring brigade with 16 points followed by Bubba Miller with 15.

Sedric Parker led Obannon with 12 followed by Levi Williams with 10.

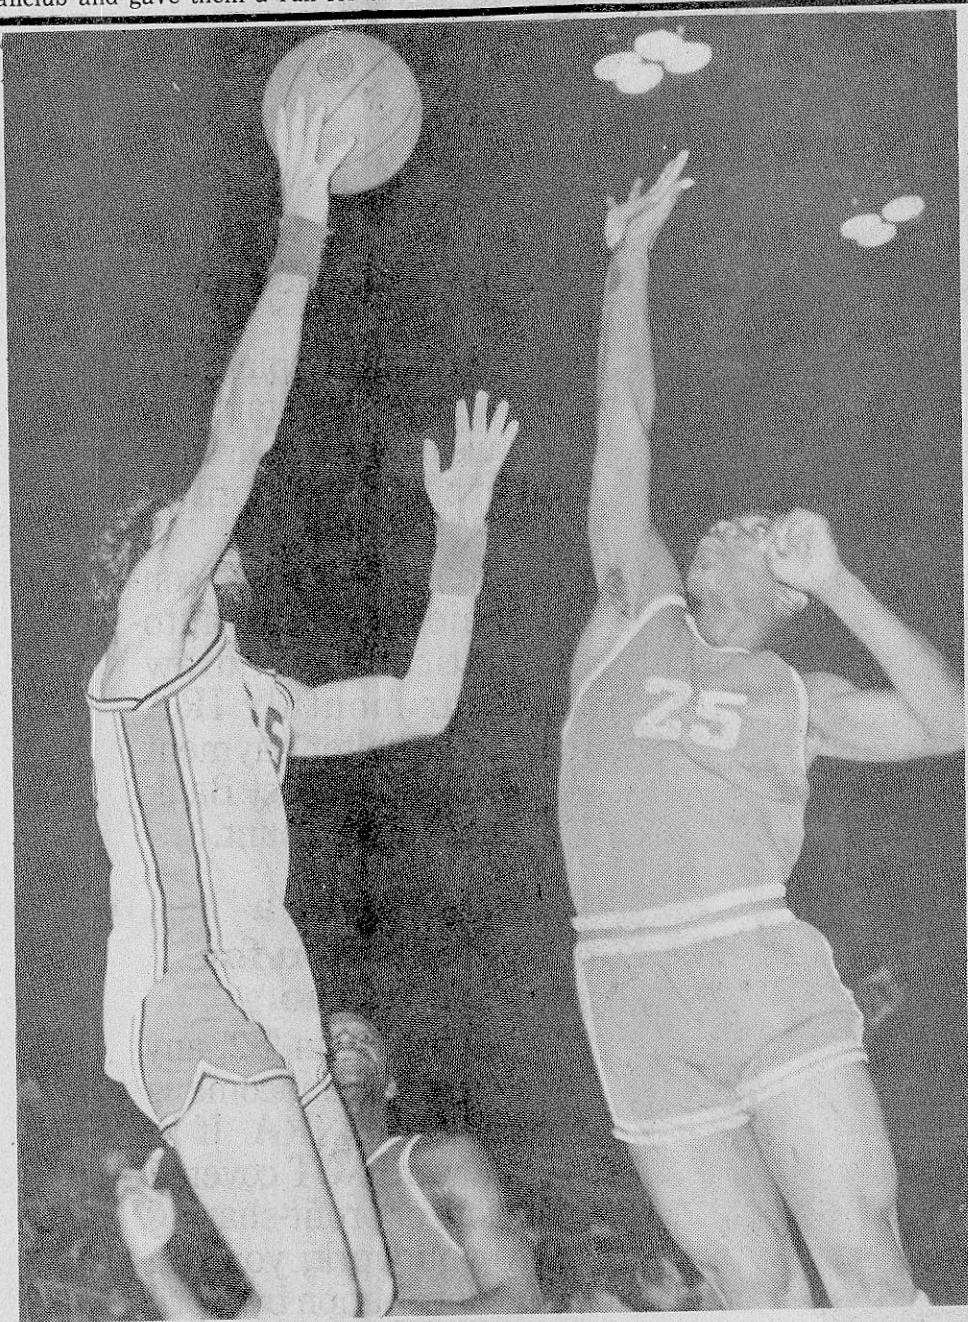

NOTHER FINE YEAR

Congratulations again goes out to Wheeler coach Sam Richey and the 1981-82 Wheeler Eagles on yet another outstanding season.

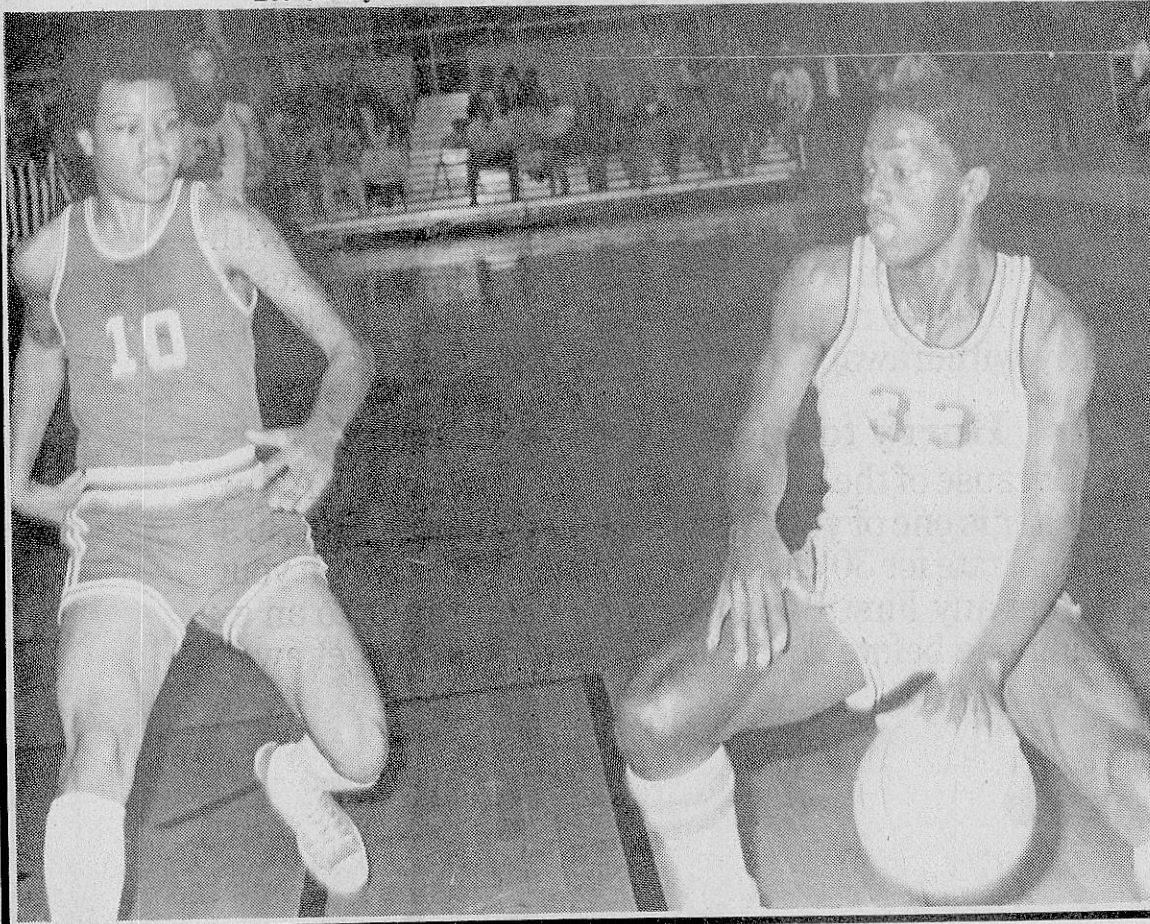

The years at Jackson in a row just "A" bad.....

Ballard, Davis Named To All-State List

Wheeler's Terry Ballard and Jim Davis were both named All-State last week after competition in the State B Basketball Tournament held at the Jackson Coliseum.

Both the duo are seniors and have finished the '81-82 season with outstanding performances. The two local fireballers led the Eagles to an outstanding record and led the squad to a host of

tournament victories and fourth place ranking in the state.

Has Highly Successful Season

Wheeler Jr. High Nabs Five County Honors

Wheeler's Junior High Eagles took first place honors here last Wednesday night the finals of the Five County Junior High Tourney held at Northeast Junior College with a 62-38 win over New Albany. The local junior high squad, under coach Mike Anderson, has been the top junior high team in the entire North Mississippi area and one of the best in the County's history.

The baby Eagles, after receiving a bye in the tourney due to their 28-1 overall record, dropped Corinth in their first outing before waxing New Albany in Wednesday's finals.

The local squad has dominated the junior high field this season winning a number of honors. Among those are tourney wins including the Baldwin Tourney, The Marietta Tourney, The Prentiss County Tourney and several of their wins came over tough competition such as wins over Tupelo Lawhorn, Tupelo Milam, Starkville, New Albany and Corinth, all much bigger programs.

Coach Anderson said it was one of the best teams he had ever been associated

with and said this year's team had more depth than any team he had coached.

Mike Chandler led the team in scoring for the year with a 13 point average followed by Willie Miller and William Lowrey who both averaged some 10 points per ballgame.

Rounding out the starting five, Clay Richey averaged six points per outing while Brad Richey netted four points per game.

Tim Fraiser netted a five point per game average followed by Todd Swinney and Lonnie McKee who both averaged three points per game.

Other members of the championship squad are David Graham, Tommy Keeton and Chond Crump.

The team (at presstime) was competing in the finals of the Little Seven Tournament and were heavy favorites in the event held at Thrasher.

The team, which indeed was a crowd pleaser, stands to be commended for their efforts this season along with coach Anderson who guided the team to one of the best records in North Mississippi.

TO PLAY AT MILLSAPS—Monte Hamilton, left, of Ripley, and Buddy Hall, right, look over the scholarship forms here after signing a two year senior college pact with Millsaps in Jackson. NE head coach Bill Ward looks on. (Photo by Lee Gentry)

Hall, Hamilton Sign With Millsaps

Two Northeast Mississippi Junior College footballers have signed two year scholarship pacts with Millsaps College of Jackson. Tiger quarterback Buddy Hall and ace receiver Monte Hamilton have agreed to terms with Millsaps to play beginning next season.

The two Tiger pawers were members of the 9-2 ballclub two years ago that won top North honors and ranked as high as fourth in the Nation.

Hall is a former Booneville High School performer while Hamilton played his high school ball at Ripley High School.

Northeast Tiger head coach and athletic director Bill Ward had only the highest regards for the two athletes. "I feel like both Buddy and Monte will contribute greatly to the overall football program at Millsaps," Ward said. "These two have been top quality athletes here at Northeast and should fit in with the senior college circuits."

Ward said these two were the first of the signees and added that other colleges had shown interest in other NE players among the limited sophomores on last year's young ballclub.

NE Opens 1982 Spring Schedule

The Northeast Mississippi Junior College opened their 1982 Spring Sports schedule last week in the first phase of the two months schedule.

NE will compete in action on the baseball diamond under head coach Billy Southward; in track under coach David Carnell; in the tennis program under coach Emma Braddock; and, in a new phase of the sports program this year, the softball program, under coach Millard Lothenore.

The first spring tennis session got underway last week with NE battling Union Friday in road action. Yesterday the NE netters played Meridian again on the road (results not available) and Saturday the Tiger baseballers start their spring schedule.

The NE softballers will battle arch rivals Itawamba's Indians this afternoon at 2:30.

Baseball action continues this Saturday when the

Tigers travel to Martin College and then returns home Monday to host Northwest Junior College.

Tennis returns to form also Monday when the Tiger netters face John C. Calhoun on the Northeast courts and then rounding out the week, the baseballers host Holmes next Wednesday while the netters host Union here.

Action will continue throughout the months of March and April with Northhalf and State action to follow.

Winners from the state will then advance to Regional competition.

Spring Action This Week

March 11 - Softball - IJC at NE

March 13 - Baseball - NE at Martin

March 15 - Baseball - NW at NE

Tennis - Calhoun at NE

March 17 - Baseball - Holmes at NE

Grand Slam Action Set For Friday

JACKSON—Grand Slam action will get underway here Friday when the 1982 Grand Slam State Basketball Championship gets underway at the Jackson Coliseum.

Four girls teams along with four boys teams will make up the competition of the State's four Classifications.

In the Grand Slam opener Central goes against Pine Grove at 2 p.m. Friday while Lafayette will play the Class BB champ Benton Friday night at 7 p.m.

In the boys brackets, composed of all South Teams, Harrison Central, Class AA champs, will play West Lincoln (class B) at 3:30 while the other pairing will be Mendanhall of Class A meeting Bentonia of Class BB at 8:30 Friday.

Winners will meet for the Overall Title Saturday.

Both Harrison Central's Rebels and Lady Rebels are the State's Overall defending champions.

This marks the first year in quite sometime that a North Mississippi boys team has failed to reach Grand Slam competition.

"My company already has a pension plan. Why do I need an IRA too?"

Because an Individual Retirement Account from The People Place gives you advantages that most other pension plans or savings accounts can't possibly match.

Advantages that mean more discretionary income now, and a literal fortune when you retire.

Your contributions to your IRA are tax-deductible. And the interest you earn is tax-free until you withdraw it at retirement—as early as age 59½. By then, you'll probably be in a lower tax bracket anyway.

You're eligible to open an IRA at The People Place even if you already have a pension plan where you work. The maximum annual deposit has been raised, too—to \$2,000 for individuals, \$2,250 for an individual and non-working spouse, and \$4,000 if both you and your spouse work.

Tax deductions give you more money to spend now. And tax deferral of interest means that if you started depositing the \$2,000 maximum at age 30, assuming an annual return of 12%, by age 65 you'd have a whopping \$1,106,452 in the bank.

And, of course, your IRA is insured by the FDIC.

Find out more about IRAs. Just ask the people who know. At the People Place.
