Special Election Set For 5th District

A special election will be held Nov. 2 to elect a new constable for the 5th District of Prentiss County, according to Election Commission chairman Cayce DePoyster.

The constable's post was vacated by the resignation of Gerald Pace.

Fifth District voters will cast their ballots at Martin Hill, Odom Hill, New Hope and North Booneville on the date of the election.

Anyone interested in seeking election to the post must qualify by petition.

Since state law requires each candidate to quailify at least 10 days prior to the election, petitions must be presented to the Circuit Clerk's office no later than 5 p.m. Oct. 22 in order to qualify.

Booneville Man Sentenced To Prison

A Booneville man was sentenced to serve 18 years in the Mississippi State Penitentiary Thursday of last week as a result of his manslaughter conviction stemming from the October 1981 fatal shooting of a Guntown lounge owner.

A jury found Stanley Larry Davis guilty of the charge Sept. 3 after a four-day trial in Lee County Circuit Court.

Davis, 32, of Route 2, Booneville, was tried on a murder charge in connection with the shooting death of Seay's Lounge proprieter Wayne Watson.

The maximum penalty allowed for a manslaughter conviction is 20 years. Davis was sentenced by Circuit Court Judge Neal Biggers Jr.

Agency Seeks To Help Electricity-Dependent

Do you know of anyone in Prentiss County whose life would be in jepardy if their electricity should be cut off? If so, the Northeast Mississippi Community Action Agency would like to hear from you.

Especially during times of high unemployment and economic hard times, it is sometimes necessary for power companies to discontinue service to customers because they fail to pay their bills.

The Community Action Agency and the Prentiss County Electric Power Association want to make sure that electrical service is not discontinued to anyone who depends on electricity to operate special life-support equipment, such as respirators, for example.

According to Lana Tapp of the local office, the Community Action Agency is compiling a list of residents whose lives might be threatened if their electricity should be disrupted.

If you know of any such person, contact the Northeast Mississippi Community Action Agency at 728-8141 or write them at P.O. Box 183, Booneville, MS 38829.

Hunters Asked To Avoid Phone Lines

Hunting season is open again, and with it can come a unique problem for South Central Bell customers. That problem is the result of hunters shooting area telephone lines and cables.

Damaged lines hurt everyone, customers are without service, the company has expensive and time consuming repairs and sometimes the party responsible for the damage gets the bill, said Tom Bailey, district manager, South Central Bell.

"It's impossible to estimate the loss of business and inconvenience to our customers as a result of these accidents," Bailey said. We feel we can eliminate this problem if we make hunters aware of it."

"So, please take careful aim before shooting. . . making sure there are no cables or telephone lines in your sights and keep the phones working."

Christi McCoy (right) and Susan Long (left) are two members of the youth group at the First Baptist Church in Booneville who participated in an 'anything goes' party in the church's parking lot Sunday afternoon. Organized by youth director Kay Davis, the object of the party was to bring 'anything you've ever wanted to throw at anyone' and, on a given signal, pelt the other participants while staying as clean as possible yourself. Those participating brought rotten tomatoes, eggs, mustard, pickle juice, flour, and a number of concoctions of dubious origins. After the free-for-all ended, the Booneville Fire Department arrived to hose down the participants and wash the debris from the parking lot. (Photo by Ken Christian)

Supervisors Pass Redistricting Plans

The Prentiss County Board of Supervisors this week approved a redistricting plan which will divide the county's population more evenly between the five supervisor's districts.

Another plan was also approved this week to divide the county into two justice court districts, a northern district and a southern district.

Under this plan, a section of the 1st District in the northwestern portion of the county will be transfered to District 2.

Likewise, a portion of the 5th District located within the city limits of Booneville will be transfered to the 4th district.

Because of the change in the boundaries in these districts, the 2nd District will pick up 235 people from the 1st District (based on 1980 census figures). The 4th District will pick up 126 people from the 5th District.

Under the new plan, the 1st District will have a population of 4,903, the 2nd District, 4,748; the 3rd District, 4,944; the 4th district, 4,688; and the 5th District 4,742.

Under the old boundaries, the 1st District has a population of 5,138; the 2nd District, 4,513; the 3rd District, 4,944; the 4th District, 4,562; and the 5th District 4,868.

In drawing the new boundaries, the supervisors attempted to arrive at an ideal population of 4,805 for each district.

The supervisors this week also approved a plan dividing the county into two justice court districts, a northern district and a southern district.

The southern district will be composed of the entire area bounded by the 3rd and 4th districts, plus the southern half of the 1st District. The northern distict is made up of the 2nd and 5th districts plus the northern half of the 1st District.

According to 1980 census figures, the two districts are within 32 people of being

New York Times To Purchase The Banner

The **Banner-Independent** will soon be under new ownership.

Negotiations to transfer ownership of the **Banner-Independent** to the New York Times Company of New York City have reached the final stages.

The Times Company last Thursday agreed in principal to acquire the **Banner-Independent** plus two other weekly newspapers and eight daily newspapers owned by Thomas E. Worrell Jr. and J.D. Swartz of Charlottesville, Va.

Worrell is chairman and Swartz is president of Worrell Newspapers Inc. which publishes a number of newspapers in Virginia, Colorado, Illinois and Indiana.

The announcement of the arrangement between the two publishing organizations was made today by Worrell and Arthur Ochs Sulzberger, chairman and chief executive officer of The Times Company.

In addition to the Booneville newspaper, the weekly papers involved in the transaction are the **Claiborne Progress** in New Tazewell, Tenn., and the **York County Coast Star** in Kennebunk, Maine.

The daily newspapers included are the **Daily Corinthian** in Corinth, the **Times-Daily** in Florence, Ala., the **World** in Opelousas, La., the **News-Topic** in Lenoir, N.C., the **Middlesboro News** in Middlesboro, Kty., the **Enterprise** in Harlan, Kty., the **Messenger** in Madisonville, Kty., and the **State Gazette**, in Dyersburg, Tenn.

"By adding these fine papers to our regional newspaper group in the Southeast, we are intensifying our commitment to quality small-city journalism," Sulzberger said.

"The Times Company's interest in building and maintaining the quality of its papers was an important factor in our decision to sell to them," Worrell said.

The three weeklies to be acquired by the Times Company have a combined circulation of 24,000. The eight dailies reach some 92,000 subscribers.

Five Local Men Charged With Rape Of Student

An 18-year-old Northeast Junior College co-ed from Ripley filed rape charges on Wednesday of last week against five young Prentiss County men following an incident alleged to have occurred in the Frank Haney Union Building the afternoon of Sept. 8.

Arrested Wednesday night of last week and charged with rape were James Moment, 20, and Anton A. Shinault, 20, both of Route 1, Booneville, Jerome Leech, 18, and Willie J. McGee, 19, both of North Lake Street, Booneville, and a 16-year-old juvenile from Booneville, according to Booneville Police Chief Bobby Lambert.

The juvenile, who will appear before juvenile authorities, was released to the custody of his mother, Lambert said.

All of the men have been released on $10,000 bond each. A preliminary hearing was waived when bond was set. The men have been bound over to the action of the Prentiss County Grand Jury which meets Oct. 25, Lambert said.

Only one of the men, Moment, was a student at the college. He also worked in the college cafeteria, officials said.

According to authorities, the co-ed was downstairs between the cafeteria and a stairwell when she was forced to an upstairs storage room where the alleged rape occurred about 2 p.m.

She told authorities she was released at approximately 4 p.m. Northeast security officials took her to the Booneville hospital where she was treated and released, Lambert said.

"It's a regrettable incident," said NE President Harold T. White. "We've done all that we can. We already have excellent security. If this was a daily occurrence then I would say that we would need to reevaluate security and other things that we're doing. But we've been in business for 35 years and this is the first time that this has happened."

"We still don't know all the details," he said. "All the facts won't be brought out until a day in court. I think we ought to wait for that."

Denied Rate Increase

Phone Company To Appeal Commission's Decision

By KEN CHRISTIAN
Editor

THE SOUTH Central Bell telephone company announced last week that it will appeal an order by the Mississippi Public Service Commission which denied all of the $98.2 million rate increase requested this spring by the phone company.

The state's three Public Service Commissioners voted unanimously to deny any portion of the rate increase to the phone company at this time.

"Even though appeals are costly and often lengthy, we have been left with no choice other than to file an appeal," South Central Bell vice-president J.N. McGowen said after the ruling was made by the Commissioners.

The rate increase requested by the phone company was put into effect under bond on May 7. South Central Bell assistant manager Martha May of Tupelo said Monday that the rates will remain in effect until the appeals process is completed.

After all appeals have been exhausted, if the phone company is still denied the rate increase, all revenues produced by the rate increase since it was im-

May said.

Ms. May indicated that the entire appeals process could take as long as two or three years.

McGowen said many things are at stake in the phone company's decision to appeal the Commission's order.

"We need to maintain good telephone service for plemented will have to be refunded to the customers.

THE FIRST STEP in the appeals process will be a hearing before the Hinds County Chancery Court. If the finding of that court is unfavorable for the phone company, South Central Bell will carry the appeal to the state supreme court, Ms. existing customers, to plan for future growth and expansion, and to mainatain an adequate and competent work force," he said.

"We are in a growing sunbelt state and cannot afford to accept an order that would affect the programs necessary to keep up with the growth and demand we know will be there," he said. "We are not a stop-and-go business and we cannot make our decisions as if we were."

"We feel the decision rendered by the Commission was totally unjustified and ignored the evidence presented in the case which indicated that the phone company was entitled to substantial additional revenues," McGowen said.

D.W. SNYDER, Northern District Public Service Commissioner, said last week that the phone company "fell short in their facts and evidence to justify a rate increase at this time."

According to Snyder, South Central Bell stated three reasons for the rate

increase: inflation, investors' incentives and uncertainties. Snyder said that with inflation and interest rates decreasing, "no one would view a rate increase to be granted on uncertainies."

Synder said it was clear that South Central Bell had not read the current changes in inflation and the lowering of interest rates.

Although the ability of the consumer to pay is not included in the utility statute, Commissioner Snyder said "it certainly must be considered by South Central Bell and very definitely by this Commission."

Snyder also placed some of the blame for the rate increase on the federal government.

The federal government's ruling to separate AT&T and Bell created a number of unknown factors, Snyder said. "If the federal government had not tried to fix something that was not broken, the telephone customers would have enjoyed lower telephone bills," he added.

The Northern District Commissioner also assured the consumers of the state that the decision by the Commission not to grant the rate increase would not impair the telephone service in the state. He said that after reviewing the facts and evidence, he feels that since South Central Bell earned a net income of $112,629,000 in 1981 that they are on safe financial ground to provide good service to the state.

Employment Benefits Are Extended

An estimated 7,000 unemployed Mississippians could receive up to 10 additional weeks of unemployment benefits under a temporary, federally-funded program which begins this week. The program, called Federal Supplemental Compensation (FSC), was authorized by the Tax Equity and Fiscal Responsibility Act of 1982.

According to Liston L. Thomasson, director of the Mississippi Employment Security Commission's Unemployment Compensation Division, the supplemental benefits are in addition to an unemployed worker's regular state benefits (usually up to 26 weeks) and also in addition to benefits available under the extended benefits program (usually up to 13 weeks).

The amount of a jobless worker's FSC weekly benefit will be the same as that of his earlier unemployment insurance check.

Thomasson said that emphasis will be placed on exposing jobless workers to job opportunities through the Mississippi State Employment Service and on ensuring that FSC recipients are actively seeking work.

Unemployed workers who feel that they meet the eligibility requirements mentioned above should contact their local unemployment compensation claims center for complete information on Federal Supplemental Compensation.

Crop Acreage Announced

According to ASCS county executive director C.E. Calvert, Prentiss County farmers planted 2,478.9 acres of cotton, 2,200 acres of corn, 1,970 acres of grain sorghum and 93.1 acres of peanuts for harvest in 1982.

Statewide, farmers planted 974,278 acres of cotton, 1,069,887 acres of wheat, 250,087 acres of rice, 101,875 acres of corn, 113,982 acres of grain and 4,308 acres of peanuts.

These acreages are based on reports furnished to ASCS by producers, and are used to determine price support eligibility and eligibility for other program benefits.

Tree Seedlings Still Available

The Mississippi Forestry Commission has a number of tree seedlings available for area landowners. Due to supply shortage, however, no seed will be sold for the 1982-83 planting season.

There is no limit, within reason, on the number of bald Cypress, Green Ash, Cottonwood and Loblolly, Slash and Longleaf pine seedlings a landowner can purchase. Yellow Popular seedlings are limited to 2,000 per landowner.

For county delivery, Loblolly and Slash pines are selling for $17 per 1,000; Longleaf, $19 per 1,000; Hardwoods and Cypress, $66 per 1,000; and Cottonwood cuttings, $76 per 1,000.

Hardwoods and Bald Cypress are also available in bundles of 500 for $33, bundles of 250 for $16.50, and bundles of 100 for $6.60.

Cottonwood cuttings also come in bundles of 500 for $38, 250 for $19, and 100 for $7.50.

To order seedlings at these prices, visit the Mississippi Forestry Commission office located in the back left side of the First Citizens National Bank in Booneville, or call 728-6835.

BIBLE QUESTION BOX

WARD HOGLAND

QUESTION: Mr. Hogland, The Bible says that David was a man after God's own heart but it also says he sinned, how could this be?

ANSWER: It is true that Acts 13:22, refers to David being a man after God's own heart but 2 Sam. 24:10 speaks of the sin of David. The truth of the matter is that when David was humble and faithful he was a man after God's own heart but when he sinned God had it written into the record for all succeeding generations to see. One does not have to be sinless to be a man after God's own heart. It refers to an attitude. A more unselfish man than David never lived on earth. He had a wonderful attitude. When he sinned this man repented with bitter tears. He struggled upward through tears, repentance and prayers to begin anew. He claimed full responsibility for his sins, when many would have blamed others. He also had a much better attitude than some of his predecessors, especially Saul. So the expression "A man after God's own heart," is not absolute but used as a comparison.

Education Forums Now Underway Throughout State

Gov. William Winter initiated a series of nine regional education forums last week in an effort to move Mississippi ahead in educational standards and per capita income.

Winter tied increased income for Mississippians to education, saying, "if per capita income rises and the number of welfare recipients declines, it will be because we increase the level of education – there is no question about it."

"People can't be educated unless they go to school," he added, labeling it a scandal that "Mississippi has a 42 percent drop-out rate compared to the national average of 10 percent."

To improve education Winter outlined the proposals he plans to present to a special session of the legislature in November. Those proposals include a cumpulsory school attendance law "to reduce substantially our excessive drop-out rate," establishment of a program of early childhood education, increased teacher salaries, improved curriculum to enable students to compete for high-tech jobs, and refinement of the teacher certification process.

Some 2,500 Northeast Mississippians attended the first forum in Oxford and gave their enthusiastic and overwhelming endorsement to the governor's proposals. Similiar support was generated at forums in Vicksburg, Columbus, and Greenwille.

Upcoming public forums will be held in Jackson at Siwell Junior High on Sept. 21; in Laurel at R.H. Watkins High on Sept. 23; in McComb at Denham Junior High on Oct. 5; in Meridian at Meridian High on Oct. 12; and in Pascagoula at Mississippi Gulf Coast Junior College's Jackson County Campus at Gautier on Oct. 19. Each begins at 7 p.m.

Prentiss County Vo-Tech To Offer TV Repair Course

Beginning this school term a new course of study is being offered at the Prentiss County Vocational Technical School – radio and television repair.

Archie Lee Miller, a native of Booneville, is instructor for the course. There are 26 students enrolled in the new program which is a one year and-or two year course.

"We're real excited about the program," said Merril Cartwright, director of the vo-tech. "We think this program is going to serve a useful purpose because there's quite a bit of need for such a program."

With the increase in the amount of home entertainment equipment, the need is increasing for competent repair personnel, Cartwright said.

The radio and television repair program is a study of the theory, functions, and repairs of radios, televisions, phonographs, and sterographic equipment.

Included in the course is the study of voltage, waves, speakers, uses of electronic instruments, receivers, tubes, transistors, signal tracing, and antenna erection.

Besides classroom instructions, students are taught practical applications utilizing a well-equipped radio and television classroom.

Upon successful completetion of the two-year program, students will be awarded a certificate.

NEMJC Board Receives Bids For Aquatic Center

At their regular monthly meeting Tuesday the Northeast Mississippi Junior College Board of Trustees voted to take under advisement bids received on the construction of the Gaye Roden Carr Aquatic Center.

The project was bidded on in two parts, NE President Harold T. White said. On the first part of the project three bids were received and on the second part five bids were received.

The final decision on the bids will probably be announced at the board's next meeting in October, White said.

In other business the board approved the hiring of two new faculty members. Betty Cummings of Tupelo was hired as an instructor in respiratory therapy and Kenneth Burgess of Ocean Springs was hired as an instructor in the electronic technology department.

The board approved supplementary personnel to teach at the evening college and for the day overload. The supplementary personnel are members of the present faculty, White said.

Bids were ratified on air conditioning and refrigeration supplies and cosmetology supplies. The board also accepted bids on welding supplies.

The board approved a request to advertise for bids for office supplies and janitorial supplies at the Manpower Training Center.

Approval was given by the board for a one-source purchase of voucher checks for the business office from the Burrough's Co.

The board also granted the request of the Mississippi Emergency Management Agency to utilize the NE facilities in the event of a nuclear attack, White said.

Sheriff's Ranch Serves Abused Children

The Mississippi Sheriffs' Boys and Girls Ranch in Columbus is home for 33 boys who range in ages 9-18. The boys live at the ranch because they were either unwanted or abused children.

Although there is not a child from Prentiss County living on the ranch in Columbus, Prentiss County Sheriff John McCauley strongly believes in the boys ranch.

"At the ranch the kids are often better off than kids in 97 percent of the homes in Prentiss County. When you see the kids at the ranch you can see how happy they are," McCauley said.

The Mississippi Sheriffs' Boys and Girls Ranches were established in 1976 by the Mississippi Sheriffs' Association, which includes the 82 sheriffs from all the counties in the state.

All funds to build, operate, and maintain the childcare program come through voluntary contributions. No tax monies of any kind are received.

Thus far at Columbus there is no facility for girls but one day they hope to have a girls ranch.

The objective of the ranch is to establish or create for children a home life and environment they have never had an opportunity to enjoy and experience.

No dormitories or cafeterias are utilized for the children. Each child sleeps, eats, and identifies with a particular Ranch home and houseparents. This becomes his family. Placement in this environment is of a permanent nature and children are thus received into care with the intention that this will become their home until they are old enough to assume responsibility for their own care as young adults.

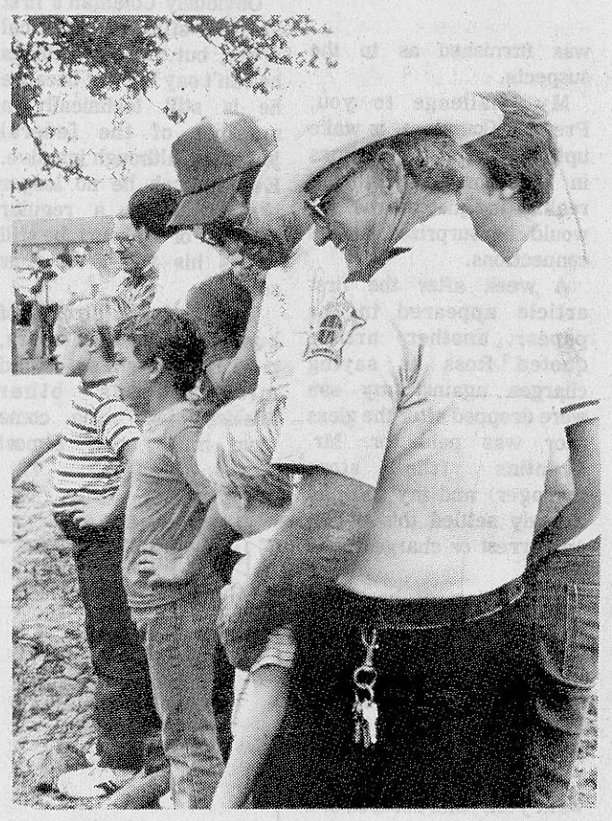

There are three homes for the boys on the 320 acre boys ranch in Columbus.

Friday of last week a $60,000 swimming pool was constructed at the ranch. All the equipment and supplies were contributed to the boys and girls ranch program by various manufacturers and firms from Mississippi, as well as from other areas of the United States.

Excavation of the pool site began Sept. 9, and the pool was scheduled to be completed the following day.

Honorary Memberships of $15, renewable annually, to the Mississippi Sheriffs' Association provide the single most important source of charitable funds for the Ranching program.

Further information about the ranch can be obtained by writing the Mississippi Sheriffs' Boys and Girls Ranches, Inc., P.O. Box 369, Columbus, Miss. 39701.

SHERIFF VISITTS BOYS RANCH – Prentiss County Sheriff John McCauley was in Columbus Friday of last week for dedication services for the new $60,000 swimming pool constructed at the Mississippi Sheriffs' Boys and Girls Ranch in Lowndes County. McCauley and several of the boys who live on the Ranch are pictured at the pool site watching construction of the pool.

Street Opinion

QUESTION: Do you agree with the Public Service Commission's denial of South Central Bell Telephone Company's $98.2 million rate increase?

WANDA STEELE of Route 4, Booneville; "I agree with them. The rates are already too high now. The rates are ridiculous."

KAREN HOLDER of Summer Lane, Booneville; "The $98.2 million rate increase was too much of an increase to ask for. Perhaps some of their reasons for the rate increase were justified. Rate increases are neccessary for everything, but I think their reasons for that amount weren't justified."

BOBBY WINDHAM of 117 Second St., Booneville; "I sure do. I think the telephone company gets enough as it is. Telephone bills are already high enough."

MICHAEL WILSON of Route 5, Booneville; "Yes, I agree it should have been denied. The rates are too high already. I can't afford a phone now. It looks like the higher the rates get the more people have to drop their phones and the ones with phones have to make it up by paying higher bills."

BILLIE TYE of Route 1, Rienzi; "Yes. The rates are high enough as it is."

MRS. JEAN CONLEY of 408 S. Second St., Booneville; "I agree with it. I think the rates are too high now. I don't understand why they're raising it and raising it. I'd like to have an explanation for it. We have to have phones and it seems like the telephone company is taking advantage of us."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

Ponderings

At Last. . .A Letter!

In last week's street opinion, the question was asked "Do you think local stores should be allowed to remain open on Sunday?" Following is an unsigned letter I received from a store employee in reply to the question.

"I'm writing in reference to today's 'Talk O' The Town' section. It was very interesting to me to find out that five out of six people thought it would be fine for our local stores to be open on Sundays. Since they evidently have never faced the thought of actually having to work Sundays, I would like to voice my opinion also.

"I work at a local store from 9 a.m. until 5 p.m. for five days a week. We do not get Saturdays off to enjoy day-long activities with our families.

"Instead, we get a day off throughout the week when most of our families are at work or school. We have to depend on the daylight hours between services at church on Sunday or indeed just Sundays to enjoy special activities with our immediate families and relatives or friends.

"Even if we opened at 1 p.m. and closed at 4 or 5 p.m. on Sunday afternoons, I hope these people who thought this would be fine understand that as an employee of that store we would have to stay after working hours to straighten and clean the store for the next day's business. (This usually takes an hour.)

"I don't mean to sound crude and as if I'm wallowing in self-pity and I realize as of now it really isn't a big issue. However, I decided to 'get off my complacency' and write in." The letter is signed "Please Not Sundays."

As **Banner-Independent** readers know, we don't usually print unsigned letters. However, everyone was so shocked when I received a letter that an exception was made in this case.

Weather Predictions (Sort Of)

When wooly worms began to crawl across the road it means two things. (1) The days of summer are quickly slipping into fall and (2) Wooly worms crawling across the road will probably end up squashed.

Since wooly worms are often associated with weather prognosticating, I have consulted one of my weather prognosticator friends about the winter of '82. For obvious reasons, my weather predictor requested anonymity. (Which I could grant easier than I could spell.)

Are the shucks on corn thicker than usual? "Some of the shucks from the east part of the cornfield were thicker than the rest. This could mean the east part of Prentiss County might receive a few more inches of snow than the rest of the county. Or it could mean more fertilizer was used on the east side of the cornfield."

Are the squirrels storing more food than in past fall seasons? "Definitely. And when you see squirrels shopping at the Farmer's Market it's a sure sign of a severe winter."

How does the thickness of squirrels' coats predict winter weather? "That's a good question. Thus far, the squirrels have not donned their coats yet. But if you remember, rabbit coats were popular last year. And last year we had icy weather conditions. So if you see a squirrel wearing a rabbit coat, watch out for those icy roads this winter!"

Do the foggy mornings in August indicate how many snowfalls we will have? "Not really. Foggy mornings are more of an indication of what it would be like to see inside the minds of the TVA board of directors."

And lastly, why does the wooly worm cross the road? "To keep the chicken company."

Is Ole J.P. Running For Governor?

By BILL MINOR
Syndicated Columnist

JACKSON, Miss. -- J.P. Coleman has been receiving more genuine solicitations to make another race for governor next year than any politician I have known the last three decades, and he has enjoyed every minute of it.

A lot of people evidently believe there is a good chance he will accede to their urging, and place his name on the ballot once more. At least, the fervor of the rumor that "ole J.P. is running" seems to be getting fresh impetus, particularly in Northeast Mississippi.

I do not want to be a killjoy to those who have their hopes up that Coleman will come forward again to lead the state at the ripe age of 70, but I am convinced it is not going to happen.

Sometime this fall, when he considers it the proper time, the redoubtable man from Ackerman will let it be known officially that he will NOT seek the Mississippi governor's office in 1983, a move which will bring sighs of relief to a half dozen or so aspiring candidates but gloom to a lot of other Mississippians.

Recently I spent five hours visiting with Coleman in the scenes he loves best; his one-story, colonial-style office building that sits in the heart of downtown Ackerman near the railroad tracks, with his Fifth U.S. Court of Appeals sign out front; and riding over his cotton and soybean farm at Fentress, a couple of miles out of town.

Mostly, we talked about old political times and events and who said what, when. It was richly laced with Coleman anecdotes enlivened by his keen sense of history, which seems boundless.

This was James Plemon Coleman, the big-framed, toothy "Choctaw County plowboy" who had come to Jackson in the 1950's and shaken up the political establishment that was run by the plantation politicians from the Delta, the "Bourbons" as they had been called in the early days of the century. Coleman had found another name for them, the "Delta barons," when he lost his historical fight for a new state constitution in 1957.

Obviously Coleman's first love is still the political arena, but there are things he can't say in print because he is still technically a member of the federal judiciary, although inactive. Even though he no longer has to sit as a regular member of the court, he still draws his $75,000 a year salary.

To the steady stream of businessmen, farmers, politicians and miscellaneous other Mississippians who come from miles away almost every day asking him to run for governor next year, Coleman flashes his big grin, throws his greying head back and talks exuberantly about the state, and never comes out and says "No."

But in his heart, the decision has already been reached. Even if his own personal considerations, such as his health (much better now since he gave up the stresses of the court), the awful trauma of retreading himself to the campaign rigors after a quarter century, and the realization he could never be able to convince blacks to support him, weren't enough to bring him to that decision, another undergirding reason exists.

Coleman has evidently made an irrevocable committment to his wife, Margaret, that he will not run for office again. This is somewhat of a new dimension for Coleman, who for the years he was quite active in the political arena never allowed his Indiana-born wife to have very much visibility. Now, Mrs. Coleman, a quiet, but intelligent woman, is not enjoying good health, and she apparently is an important part of Coleman's life.

At least one political consideration is involved in Coleman's deferral of any public announcement as to the 1983 gubernatorial race. His rationale is that the delay of an announcement can be helpful to his old friend, Sen. John Stennis, in the latter's bid for an unprecedented seventh term in the Senate. Stennis sponsored Coleman for the Fifth Circuit appointment back in 1965, two years after Coleman's ill-fated governor bid.

While Coleman is unquestionably one of the sagest political figures around, those near him say he is somewhat dismayed that his old political and personal ally, William Winter, has not sought his advice and counsel in the problems Winter is confronting now as governor. Some longtime political observers still believe Coleman could have changed state political history if he had backed Winter for Speaker of the Mississippi House in 1956 and broken the Delta domination of the powerful post.

No doubt Coleman will continue to occupy the role as elder statesman of Mississippi, but a candidate for office, he is not.

Awake, Prentiss Countians

(Editor's note: On Monday night, Aug. 16, several windows were broken out at the new Peoples Bank branch under construction in Jumpertown.

That same night, a window was also broken out in the Cardinal Cafe, located just across a parking lot from the bank branch, and several items were stolen from the cafe.

Billy Baygents, 19, of Route 3, Rienzi, was arrested the next day and charged with breaking and entering of the Cardinal Cafe.

The charges against Baygents were later dropped. The following is a letter submitted to the Banner-Independent from Baygents' father.)

Dear Editor:

To the parents of teenagers:

Has your child ever been a victim of the Prentiss County Sheriff's Department? If not, I would challenge you to do some investigating.

In the Aug. 19, 1982, issue of this paper there was an article stating a report from the Sheriff's Department which accused my son of a crime which took place while he was home.

Just maybe there is more to the story. Windows had been broken at the new bank in Jumpertown and our Sheriff's Department had to make a "showing" and who is the victim -- my son.

You can check the records and find that all charges have been dropped. But at the same time, Deputy Jimmy Ross issued information that was incomplete, but which hurts a person whose life is still to be lived.

There are some strange performances by our Sheriff's Department. Of course, my home has been burglarized twice, but no arrests were ever made even though information was furnished as to the suspects.

My challenge to you, Prentiss Countians, is wake up! There are more crimes in the county than you realize and just maybe you would be surprized at the connections.

A week after the first article appeared in the paper, another article quoted Ross as saying charges against my son were dropped after the glass door was paid for. Mr. Prentiss (the store manager) and my son had already settled this before any arrest or charges were made.

The statement has been made several times: "Oh, they (the Sheriff's Department) had to do something because of the pressure." If that something was wrong, what's been accomplished?

As a parent think, "Do you want your child accused of a crime he or she didn't commit?"

Mr. and Mrs. James Barnett of Memphis visited relatives in Booneville and Baldwyn over the weekend.

Visiting Jessie Presley in the hospital at Belle Vista in Tupelo this past week were; Bro. Roy Bostick, Mrs. Billy English, Mrs. Charles Cole, Mrs. Larry Dillard, Mr. and Mrs. Charles Crabb, Mrs. Dollye Hodges, of Booneville, Bro. Mike Johnson of the Antioch Community, Alcorn County, Mrs. Gilbert Neaves of Saltillo, Mrs. Sam Wilson of New Albany and Mrs. Quinn Johnson of Jackson, Tenn. Jessie was dismissed from the hospital on Saturday and is in New Albany with her sister Mrs. Wilson, 306 Monroe Avenue.

Bro. Roy Bostick was at the Baptist Hospital in Jackson, Miss. this past week visiting his sister.

Our sincere sympathy is extended to the family of Billy Tigrett.

Mr. and Mrs. Earl Scott spent the weekend in Memphis with her brother and his family, Mr. and Mrs. Bobby Rogers.

Miriam Smith is now home and improving after having surgery at Booneville hospital.

Mrs. Mamie South's nephew, Douglas Bolding of Warner Robins, Ga., recently spent a week with her. Mrs. South is now home from the Booneville hospital. For those who don't know it, Mrs. South has quite a green thumb when it comes to growing vegetables. She said her Texas Longhorn okra has grown about 8 feet tall and some of it had 37 pods on it. Some of the pods measured 13 inches long. She is saving okra seed and said she would be glad to share the seeds.

Dona Ward was up for a visit Tuesday with her old working friends at the **Banner-Independent**. She received a lovely gift from them as a going away present since she moved to Tupelo. After her visit at the **Banner** she had supper with Norma and Forrest Michael at their home in Foster Park.

THOUGHT FOR THE WEEK:

Sharing

Some share their lives with all they meet
Along life's thoroughfare,
A smile . . . a nod . . . a silence sweet,
These are the joys they share.
Some close their eyes along the road
While others hold their ears,
And there are quick and thoughless words
That transform smiles to tears.
Our hearts tick off the nights and days
Like clocks upon a shelf,
And lonely is the one who wastes
God's time upon himself.

We've Sung Our Song

CORINTH, Miss. (ICU) — "Happy Birthday to us!" That's the song we've sung for the past week, and we really do appreciate all of you who've come in and helped us celebrate our 4th birthday. We've been doing the whole bit with crepe paper streamers, refreshments and presents! One thing was different though ... you got the presents ... in several forms. Two gifts were $10 off price of designer jeans and pants. One was 30 percent off all brass items; another, 20 percent off our beautiful decorator lamps. We also gave a pedestal coffee cup with any purchase ... and then, the **real surprise**, our mystery gifts! Each package was wrapped and tied with ribbon as a present should be. A tag was attached to tell you the value of the gift and the petite price (Example: $8.00 value for $1.00). Prices ranged from 25 cents to $4.25. Your surprise was inside. Our surprise was how much you loved shaking the packages and picking out the ones you wanted.

$45 Value For $10

A favorite gift was (and is still available) Estee Lauder's "Face of Today" make-up tray with mirror ... a $45 value for only $10 with any other Lauder purchase of $6.50 or more. It contains nine items combining color & fragrance. This "special" is also at **The Clothes Pen** (as long as supply lasts.)

Superb Suiting

Now is the time to select your new Fall suit. Nothing is more suited to today's life-styles than **the suit.** We have the tailored suit for career (add a ruffled or lacy blouse, and it goes out to dinner.) We have the soft suit with short jacket. We have the fashion suit with special sleeve and shoulder details. In fact, our suits have the genius for suiting themselves to the occasion very properly and comfortably.

Tops Are Image-Changers

Most suits combine beautifully with a variety of blouses, shirts and sweaters. Please don't wear the same top **every time** you wear your suit. You can change the whole image of your suit according to the top you put with it plus, perhaps, a belt or tie or jewelry. For instance: a cotton shirt or blouse usually means career or sporty; a sweater can be either sporty or dressy; silky or sheer blouses are more dressy.

Investment Possibilities

Just about any suit-jacket may be coordinated with pants or a dress or another skirt if the fabrics and colors are compatible (this **does not** mean they must be the same.) In fact, you should definitely experiment with the jacket possibilities, as a good suit is an investment on which you can build several great wardrobes.

New Magazine "Mentions" Us

By the way, do you know that **Corinth** is mentioned in the Publishers' Message of the premiere issue of "Mississippi" magazine?... also Booneville and Tishomingo County plus other Mississippi towns south of us are in some of the articles. There's a recipe printed from "How We Cook in Corinth", too.

Free "Thank-You" Gift

Whether you attended our birthday party or not, we want to give you a **free cup** with any purchase; so do come in soon ... we're waiting for you at The Hammond House in Corinth.

PLANNING PICNIC – Plans are shaping up for the 4th annual picnic for the handicapped and their families that will be held Saturday, Sept. 25, from 1-4 p.m. at the Community Center. This year's picnic is being sponsored by the Organization for Handicapped Mississippians along with local clubs. Pictured are (l-r) Kaye Roper of the Junior Women's Club; Gerald Bennett and Sherry Bowen, both of OHM; Avenell Cunningham, leader of the area PIF program for the Pilot Club; and Thurston Davis of the Booneville Rotary Club.

OHM Picnic Scheduled Sept. 25

The Organization for Handicapped Mississippians is sponsoring their 4th annual picnic for the handicapped and their families at the Booneville Community Center on Saturday, Sept. 25, from 1-4 p.m.

There will be food, special entertainment, games and fun for the entire family. The Shriner Clowns from Pontotoc will also be there.

"If anyone knows about a handicapped person, please tell them about this picnic," said Sherry Bowen, secretary-treasurer of OHM.

"Handicapped doesn't mean a person has to be in a wheelchair. The person might have poor eyesight, speech, hearing, or physical or mental handicaps," she said.

This picnic is being co-sponsored by many of the local clubs. For more information concerning the picnic contact Sherry Bowen at 728-3820 or Gerald Bennett at 728-6560.

Library Notes

By LEE DAVIS
Librarian
George E. Allen Library

Three interesting and very different exhibits can be seen now at the George E. Allen Library. One is made up of plant fossils with a rather complete fern specimen, a rarity.

A pocket-knife collection with a wide variety of sizes, uses and decoration among the hundred or so in its own case is drawing favorable attention from the young and the not-so-young.

The tall, standing case contains a dozen beautiful plates of foreign porcelain manufacturers. There is a handmade plate showing a temple which came from Greece, some Royal Doultons of exquisite workmanship, and two from German artists, a Bavarian and a Schuman of Arzburg.

Included are three Blue Delfts, two of them portraits. From Japan in Gem China are two handpainted with scenes and openwork.

Popular with our readers are books on health and home health care, especially diet and exercise. A new addition is a series of mental and emotional tests in the popular vein, "Test Your Own Mental Health," by William Gladstone.

"Who's Who in the Bible" by Comoy and Ronald, furnishes a wealth of information in its 3,000 entries, scholarly but involving no scholarly dispute. Its illustration are drawn from a wide range of famous art.

Mrs. Mary Michael Eaton was the widow of Dewey Eaton. She was known to her family (and many friends) as Ma-Ma -- She was a loyal supporter to all our community and school activities. She will be greatly missed in Jumpertown and remembered for her truthfulness and wit.

This poem was written in her memory by Mae Dean Lambert at the request of her granddaughter, Kathy Eaton Lee --

A Tribute to Ma-Ma
There's no way we can recall
Life after its gone–
That's why we enjoy memories
As the grief lingers on–
Everyone has trials in life to face
God helped us cope with
Ma-Ma's death in sustaining grace–
Her life was 12 years longer
Than the promised 3 scores and 10–
And 7 years longer than her
Companion's had been–
Their home was a white house
On a hill–
With 6 children, 20 grand, 33 great
It was often filled–
You never dropped by without
Enjoying a treat–
Teacakes? Biscuit-meat?
There was always something to eat.
Big meals were prepared as
Only she could do–
The long bench was still there
For grandkids, too–
Once I told Mrs. Mary: "I'll give you
Two dollars to make me some white
Candy – I like it so well–"
She said: "O.K., just wait till I
Get my pecans shelled."
Only a few days past, she sent my
Candy to school–
I sent her two dollars, she returned
It saucily saying, "No, I made it just
For YOU."
This was her way of showing for
Friends she did care–
Many of her special pickles and jelly
Jars were filled to share–
The garden was her daily chore
The labor and work was a
Burden she gladly bore–
The past year's sickness had left
Her irrational and sick–
She maintained her independence,
Even though, she walked with a stick–
Her eyesight grew bad (so many
Things she could no longer do)
Yet she tried to continue and
Pretended to see like me and you–
She loved to be at home during
The day – doing her regular routine–
When night came – she'd go with
Her children and never complain–
Ballgames were fun – the crowds she
enjoyed–
She'd let you know right quick–
"Children needed correcting – I'd
Use a hickory stick!"
Ma-Ma expressed herself firmly –
Her opinions were profound–
It didn't matter if she stepped
On every toe around!
She was a very plain person–
Because she chose to be–
The vision of her bonnet and
Apron apparel–
Will remain a dear novelty–
Her life was lived devoted to
Her fam-i-ly–
We, as friends, join them rejoicing,
Because she is now in
Heaven's Jubilee.

Many people had their first look at a tornado as it passed through the Hill's Chapel community on Sunday evening. We are thankful no one was hurt and no extensive damage was reported. We are thankful for the rain we recieved. It was long overdue. I think long, slow rains effects most everyone in the same way. It was a lazy sleepy afternoon. Most everyone has reported having a good long nap.

Also Mr. and Mrs. Donald McKinney were home from Starkville over the weekend visiting with their parents Mr. and Mrs. J.D. McKinney and Mr. and Mrs. L.L. Waddle and Lee.

Bernice Chase joined with other members of the Chase family for a reunion at the Booneville Community Center on Sunday. The group gathering were descendants of the late Columbus Chase.

Homemakers' Report

By WANDA L. ROBINSON
4-H Program Assistant

Rice, though classified as a cereal grain, offers a versatility unsurpassed by any other food. It can provide the basis for any meal and be used with equal success in any dish -- soup, salad, main dish, entree accompaniment, or dessert.

Rice is quick and easy to prepare and is easily recognized as an ideal extender for more expensive dishes or for adding real economy to the daily menu.

Rice is bland, but its blandness also makes rice the ideal accompaniment for exotic dishes. It enhances the subtle flavors of fish, chicken, or other mildly flavored dishes. It is delicious in traditional or old fashioned dishes as well as modern or gourmet recipes.

These features have made rice a "regular" for breakfast, lunch or dinner, but still other important nutritional aspects point up the importance of rice as one of today's modern convenience foods.

The chemical structure of rice makes it a nutritious food that is digested, absorbed and used effectively by the body.

Rice is an excellent source of carbohydrates. One serving (½ cup plain cooked rice) supplies about 82 calories.

The protein content of rice, while limited, is superior in amino acid structure to that provided by other grains.

The presence of all eight essential amino acids in proper proportion enables the protein to be effectively utilized. Rice also has a "protein-sparing" action enabling the body to make optimum use of protein.

Wolf Creek had a very inspiring revival last week. Each night the minister brought a message that touched someone's heart.

The Holiness Church went to Rust College on Saturday to appear in the third annual Gospel and Blues Festival. It was a big experience for everyone and enjoyed by all.

Congratulations to our Booneville High School Blue Devils.

Happy birthday to Andrew Shinault Jr. from his mom.

Happy birthday to Pat Patten, Tracy Miller, Brad Swinney, Lee Miller. A very special happy birthday to Degratious Jenkins from his mother.

Sunday School was very inspiring on Sunday. All who missed it really missed a treat. The lesson told how God made a promise to Abraham and how the promise was fulfilled over a period of years. This lets us know that God's word is faithful and that God does what he says he will.

We welcome Larry Teresha and his family back to Booneville.

We highly encourage all of our young people to go to Sunday School on Sunday. This is where we learn about the word of God.

In closing, here is a poem entitled "Lord Help Me Today."

Lord help me today
To give a cherry smile,
Lord help me today,
To go the second mile
Lord help me today
Not to seek worldly fame
Lord help me today
To praise Thy Holy Name
Lord help me today
To be a shining light
Lord help me today,
To know the wrong from right
Lord help me today,
In each and every way
Lord help me today
To seek you when I pray.
Till nest week. . .

Oak Ridge News

By BERYL COATS
Correspondent

Perhaps a few people will be surprised to see the above caption as weeks have passed since a report was sent.

I appreciate the interest shown by the following people who called and said they were disappointed in not seeing the Oak Ridge News: Mrs. Gracie Crawford, Mrs. Naomi Kelly, Olga Brumley, Ann Kelly, Cleo Ward, Mrs. Euell Wilemon, Mrs. Mary Palmer, Mary Franks, and my brother, M.L. Sandy Sr.

There are new occupants in the preacher's home here. They are Bro. Ernest Walker and his wife. They moved here from Harlan Co. Kentucky. Bro. Walker is a good speaker, an excellent Bible teacher and is always ready to lend a helping hand. He's a minister in every sense of the word. Mrs. Walker is very friendly, smiles often and is an expert seamstress -- makes all her clothes including hats.

Mrs. Irene Estis is a patient in the Baptist Memorial Hospital, Booneville. She was first in the CCU, then in intensive care but improved enough to be given a room -- 134.

Aunt Bama Henry is in room 105 and has been seriously ill.

Cecil Koon Sr. is at home following a stay in the Belle Vista unit of N.M.M.C. Tupelo.

Get well wishes go to all these mentioned and others who may be ill.

Some twenty-seven persons from here attended the afternoon singing at Antioch near Blue Springs on Sunday, Sept. 12.

The Kenneth Wilson family of Decatur, Ala., were here last weekend visiting relatives. They drove to Oxford on Saturday to see Ole Miss play. They will be going to Jackson next Saturday to see Ole Miss and Alabama play. These Wisons are ardent fans of Ole Miss.

We were very happy to have our oldest son, Jerry visit us the second week in August. He returned to Celina, Tenn., and preached his farewell sermon to the Rock Springs Congregation. On Aug. 15 he left for California where he will serve as coach and Bible teacher in the Sanfernando Valley Christian College. The school is located near Los Angeles.

Belated birthday greetings to June Coats, Mrs. Julia Nickols, Dayton and Cleo Ward, Wayne and Elaine Coats, Clyne Harris, Bondal and Eldred Hill and the following in our family: Mary Alice, Lynn, Senita, Michelle, Tanya and Amanda. David will celebrate on Sept. 16.

I kept my appointment with Dr. Shipp on Friday, Sept. 10. The pressure had not lessened so I must keep using the three kinds of eye drops.

I hope to report each week henceforth. Then I won't be using the word "belated" so much..

In closing here is a quote from the New Albany Informer: "To save face, close mouth."

Coach Gullett Is Choked With Emotion

Taking A 'Long' Shot

Devils Favored Over Ripley

By CLIFF LONG
Sports Writer

Anyone that did not have the opportunity to witness the ending scene at Keenum Stadium last Thursday night, was deprived of a touching sight. It was a part of Booneville High School football that we haven't seen in a long time.

The Booneville Blue Devils defeated the Baldwyn Bearcats 21-14 in a game in which, once again unity was the attributed factor for the defeat. Although the Blue Devils couldn't seem to find that bond until late in the second half, when the Devils finally did discover that they were just an average team without unity, they began to get behind each other with encouragement and gratitude. When the players discovered this, they seemed to discover at the same time, what an important game they were involved in. They decided to win, and win they did.

Then as the game ended, Booneville High School continued to be distintive from the average football team. After congradulations had been received from a very sporting and admirable Baldwyn football team, all Blue Devil players, coaches, cheerleaders, parents, fans, and many students knelt to the ground near the north goal post. Everyone listened, many with tears in their eyes, as Coach Doc Gullett presided over the joyous occasion.

As Gullett spoke humbly of the victory, senior performer Mark Rinehart, who made a key interception in the game, spoke up emotionally and said, "I've waited four years for this."

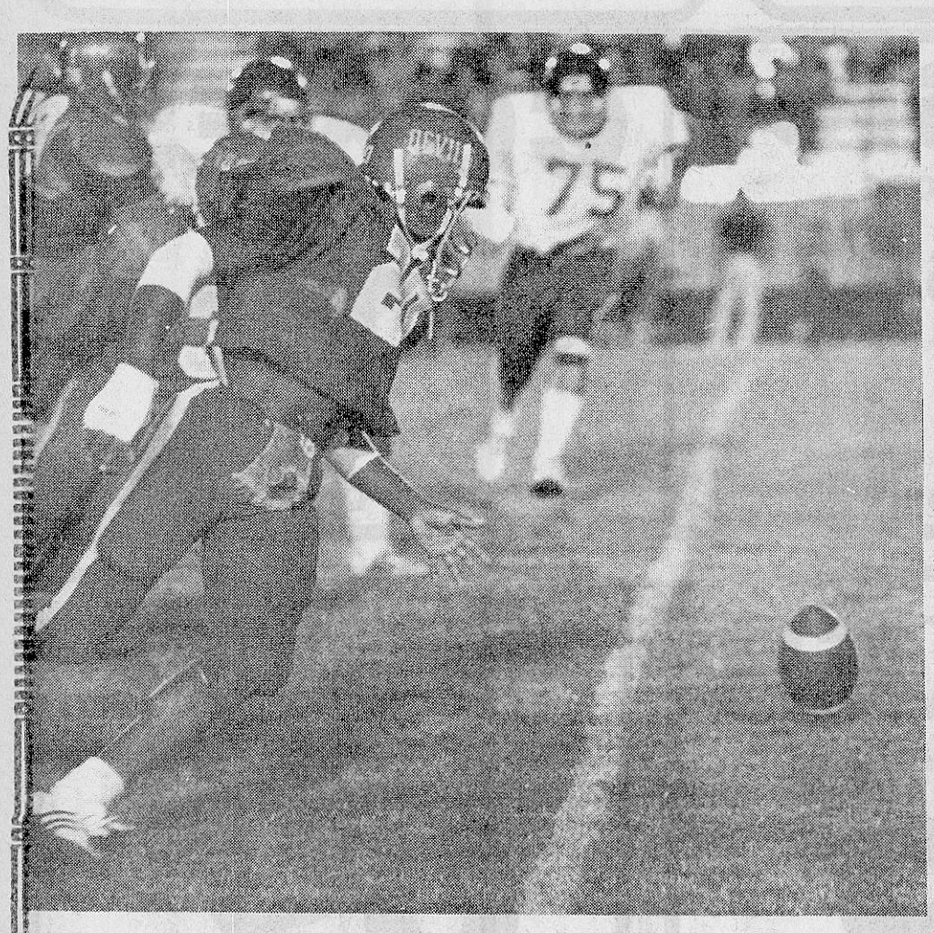

After a short moment of silence, Coach Gullett asked us all to bow with him in prayer. As he stood there, in the midst of all those people and fought back the tears just to get the words out, it crossed my mind that -- THIS JUST COULD BE THE YEAR OF THE BLUE DEVIL!

Tommorow night is the next step in a long ladder that a hopeful Booneville team must climb. The Ripley Tigers have made a rather weak showing in their previous openers, but it is certain that they will have all the Tiger eyes on Blue Devils tommorow night.

Although the kick-off team is very questionable for the Blue Devils, the defense has proved capable of holding their own, and the offense will definitely put points on the board.

For the first time in a long while, it can actually be said in somewhat of a confident manner that Booneville High School is favored over a smaller Ripley team.

This week's 'Long Shot': BOONEVILLE 17 RIPLEY 13

LOOSE BALL -- Booneville Blue Devil Tony Brooks (20) gives chase to a loose ball during action in Thursday night's game against the Baldwyn Bearcats. In the non-conference matchup, the Devils beat the 'Cats 21-14, giving them a 2-0 record thusfar for the season. The Booneville team has their first conference matchup tomorrow night against Ripley. In Real Barn Burner

Baldwyn Falls To 'Devils

By CLIFF LONG
Sports Writer

Two evenly matched teams, the Booneville High School Blue Devils and the Baldwyn High School Bearcats, competed Thursday night at Keenum Stadium in their annual barn-burner. Great Booneville quarterbacking and some great plays in the defensive backfield led the Blue Devils to a 21-14 victory over the Bearcats.

Booneville recorded their second straight victory while Baldwyn holds a 1-1 record.

There was no scoring in the first quarter of action, but each team made some exciting defensive plays.

The Bearcats won the toss and elected to receive the football. Coverage on the kick-off was good by the Blue Devils on this particular play and Baldwyn was dropped at their own 19-yard line.

The Bearcats first drive lasted for a short time before they were forced to punt the ball away.

The Blue Devils took the ball at their own 48-yard line and, although they had seemingly good field position, Booneville had to call on punter Larry Mackin.

Mackin, who had an average of 42 yards per kick Thursday night, forced the Bearcats to start their next drive deep in their own territory at the 15-yard line.

After driving down the field and aquiring a couple of first downs, the strong, experienced Blue Devil defense stopped the Bearcats just short of mid-field and received Baldwyn's punt on their own 30-yard line.

As the quarter ended, Booneville continued a fine drive led by running backs Greg Steen, Greg Oakley, and the game's leading rusher, Tony Brooks. The drive ended on a fumble at the Baldwyn 30-yard line as the Bearcats fell on a loose ball.

The Booneville defense prevailed once again forcing Baldwyn to punt the ball away again.

As the offensive unit of the Booneville Blue Devils took the field with about six minutes to go in the half, they were finally able to constitute a drive.

Offensive leader and quarterback Bernard Anderson led his team on the ground and in the air as the drive, that began on the Blue Devil 35 yard line, ended in a Larry Mackin touchdown pass from Anderson.

After a Rod Coggin extra point, the score was 7-0 in favor of the Blue Devils.

Confusion set in as Baldwyn returned the following kick-off all the way into the opposing end zone. The play was called back because of a penalty, one that was assessed against Booneville, not Baldwyn.

Booneville was charged with lining up offsides during the kick-off. Because of a new rule on the high school scene, the penalty was a "dead ball foul" which means that the infraction was done before the ball was in play.

Since this was the case, the rule states that the referee should blow his whistle at this point and assess the penalty. The whistle could not be heard because of the noise in Thursday night's action.

Coggin's second kick went short and a Baldwyn wedge man was downed with it at the Baldwyn 45. The Bearcats capped their first successful drive off with a perfectly executed pass to a receiver out of the backfield. The play carried Baldwyn to the Booneville 2-yard line.

From the 2, Baldwyn's Jimmy Tyes carried the ball into the end zone.The extra point attempt was unsuccessful, and at halftime the score was within a point at, 7-6.

In the third quarter, the defenses continued to dominate as only one scoring drive was recorded in the period. The drive, ending in a touchdown by Booneville, concluded with another scoring reception by senior tight end Larry Mackin.

The highlight of the drive, though, was an amazing scrambling effort by quarterback Bernard Anderson. Anderson broke pursuing tackles as he dropped back 15 yards behind the line of scrimmage until he finally found Mackin on the sidelines and drew a pass interference penalty.

Baldwyn answered again with their second score as Tyes once again went one yard across the goal line to bring the score to 14-12 in favor of Booneville.

The Bearcats wouldn't settle for a one-point kick and went for the two-point conversion. Baldwyn quarterback Greg Tucker ran the ball in from two yards out to tie the score with 10 minutes to go in the ball game.

With only seven minutes left, Baldwyn regained possession of the ball and began another drive. A diving interception by cornerback Mark McCreary gave the Blue Devils control once again.

Again Anderson led his team down the field and took the ball in the end zone himself for another six. After the conversion, Booneville had a 21-14 lead over the Bearcats.

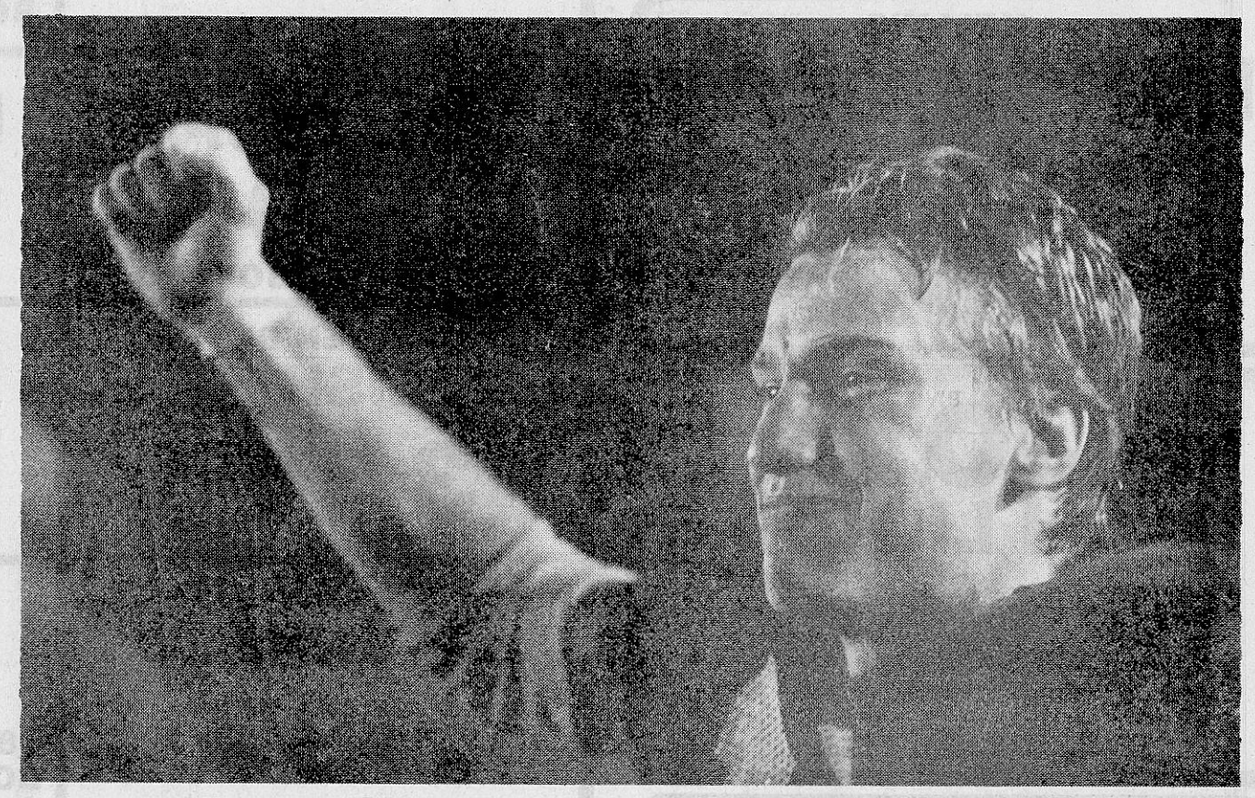

On the Bearcats last shot at catching the Blue Devils, Baldwyn was able to get all the way down inside the Blue Devil's 20-yard line with 51 seconds left in the ball game.

A game-saving interception at the 5-yard line, broken up by safety Bernard Anderson and caught by linebacker Mark Rinehart, put the game on ice and caused celebration on the Booneville side and disappointment from the Baldwyn point of view.

Baldwyn coach Hubert Tucker said, with the best sportsmanship after the game, that "Booneville has a good football team, but so do we."

He said that the Bearcats started their actual district schedule next week against defending Class BB State Champion Hamilton and that this year's Baldwyn team would be a team to contend with.

The Booneville Blue Devils play their first Class A game at home Friday night against the Ripley Tigers. Keenum Stadium should be full for this rivalry tommorow night.

After Loss To Holmes

Changes Expected In Tiger Line-up Tonight

By CLIFF LONG
Sports Writer

The Northeast Junior College Tiger football team lost their second straight game of the year Saturday night when the Bulldogs from Holmes Junior College came to Keenum Stadium.

Tiger head coach Billy Ward attributed a large part of the loss to problems in the Northeast specialty teams, namely, the kick-off, punting, and extra point teams.

The first score of the ball game came when Holme's running back Peter Brown brought a Northeast punt 57 yards into his end zone to make the score 7-0 after the conversion.

Finally, in the second quarter, after the football had changed hands numerous times, Northeast was able to constitute a successful drive when Preston Maddox, who rushed for 79 yards on 15 carries in the ball game, scored from 17 yards out to bring the Tigers within one point of the Bulldogs.

Marty Burks, sophomore kicker at Northeast, was unsuccessful on the point-after attempt. Burks, who has had a sore leg, also missed another extra point try and what Ward called "a chip shot field goal."

After an astounding performance by the Tiger band at halftime, the Northeast football team began to show more promise as Maddox once again scored, this time from 47 yards, and once again the extra point was no good as the Tigers went ahead by five with a 12-7 lead.

The lead lasted for only a moment, though Bulldog speedster Peter Brown showed up once again on the following kick-off and took the ball 85 yards to put Holmes right back on top, 14-12.

The Tigers couldn't seem to move the ball over the goal line after that point in the ball game. Ward did comment, though that both the offense and defense did well enough to win the game, and the basic problem was frankly, "no special teams."

Holmes was able to score once again on a solid drive that ended when freshman quarterback Joey Drennon scored from one yard out to go ahead 21-12, the eventual score at game's end.

The Tigers will take on East Mississippi here at Keenum Stadium tonight at 7:30. Ward said he would make several changes this week to prepare for tonight's game.

He said Burks would continue to perform kick-off duties, but that Terry Hatch of New Albany would act as field goal and extra point man, at least until Burks was fully healed.

Ward also announced some changes in offense. The new starter at quarterback will be the past weeks' back-up, David DeGroat.

DeGroat completed one of two attempted passes for seven yards gained, while starter Shane Russell completed only one out of seven attempted passes.

Ward said that besides these major changes, new faces could be seen on the offensive line and on the specialty teams.

He said East Mississippi will have a ball team very similar to that of Holme's and "if we would stop making little mental mistakes we can win."

HIGH FLYER – Northeast Junior College's Phillip McDonald (33) picks up some excess baggage as he attempts to leap a defensive player in Saturday night's game against Holmes Junior College. McDonald carried the ball 10 times Saturday for a total of 57 yards. The only Northeast player to better those statistics in the game was Preston Maddox who carried 15 times for 79 yards. County Football

Wheeler And Thrasher Kick Off Seasons

County football opened with a bang last week as the Thrasher Rebels traveled to Wheeler for each team's first junior high game.

Thrasher got the best of the Eagles as the Rebels had a convincing 62-0 lead after the final buzzer.

Thrasher's offensive backfield fared very well as two running backs surpassed the 100-yard rushing mark. Fullback Tracy Lawson and tailback Pete Wicks managed 110 and 100 yards respectivly.

Quarterback Bobert Shumpert also showed well as he completed eight passes to wide receiver Chester Anderson. Four of Anderson's receptions were for touchdowns.

Wingback Robert Clayton also had a fine performance as he rushed for two touchdowns in the ball game.

Thrasher coach W.T. Jackson said after the game that Wheeler had a good football team, "but my boys were really up for the game and they wanted to win."

Jackson also commented that the defense was "terrific." Thrasher's defense allowed Wheeler only one first down in the entire game.

Wheeler was matched against Guntown Tuesday night, but no score was available at press time. The Rebels will meet Pine Grove this afternoon at Thrasher.

SIGNS OF HIGH BLOOD PRESSURE

You're probably aware of the dangers of high blood pressure to your health, how it can sometimes lead to heart disease or stroke if not properly controlled. You may not be aware that signs of this serious condition can also become evident during an eye examination.

High blood pressure causes a narrowing of the retinal arteries. There may also be a change in proportion between the width of the arteries and that of the veins, or indentation of the veins by arteries which lie across them. Or there may be small areas of hemorrhage, swelling, accumulated fluid or atrophy in the retina, or a slight swelling of the optic nerve. There are many other signs of high blood pressure that your eye doctor can detect during an examination. With medical treatment blood pressure can be reduced along with the symptoms and the threat of more serious consequences.

Having regular eye examinations not only helps correct problems that interfer with your vision, it can also help identify other health problems that need treatment.

For answers to your specific questions regarding vision, Dr. White invites you to call his Booneville office.

While you're waiting for rates to go back up, get 8.354% by the week.

Money market rates have been going down over the past few weeks, leaving many investors in a quandary. Where will they bottom out? When will they start back up? Is it better to capture a rate before they slip lower, or stay short and wait for the trip back up?

While you're waiting to commit yourself, there's a lot of money on the sidelines.

We have the ideal place for your sideline money. The 7-Day Investment Account. That's right, an insured deposit that pays the 91-Day Treasury Bill rate, less ¼%, for a term of only seven days. And interest is compounded daily. Every Tuesday, the rate is set for the next seven days. And every Tuesday, you can either get your money, without any penalty, or we'll automatically reinvest it for seven more days at the current rate. The penalty for early withdrawal is a minimum of one-half week's interest, up to loss of all interest since the previous Tuesday. You can make additional deposits anytime. Any additions will come due the first Tuesday after the seventh day. The minimum investment is $20,000.

If your investment strategy calls for you to stay short, park your sideline money at a good rate for a week at a time. In today's market, it might even be the best place for all your money market investments.

Get money market rates by the week. It makes waiting for the interest elevator easier.

THOUGHT FOR THE WEEK

You Are Not On Your Own

In this modern day many parents allow their children to just shift for themselves. According to Family Circle Magazine, it's estimated that at least two million children between the ages of seven and thirteen take care of themselves in the house before and after school. In Kingston, Rhode Island, an astonishing 50 percent of the youngsters wear keys around their necks. They are known as latch-key children.

I want to thank God right now, that there are no latch-key children in His family. He's never absent, He never leaves His children unattended. WE ARE NEVER ALONE.

The Christian will never have to say -- "I'M JUST ON MY OWN" -- The Bible tells us that the Lord will NEVER LEAVE OR FORSAKE US and the Word says in Psalms 145:18 -- THE LORD IS NIGH UNTO ALL THAT CALL UPON HIM -- Thank God we are not on our own.

Cheese Up Lunch Box Breaks

Cheese, Imagination Can Take The Boredom Out Of Lunches

School days, back-to-work days, these are times when one's thoughts turn to lunch boxes.

Boredom is a habit that creeps into this mid-day break as time goes by, but armed with a few ideas and a dash of imagination any man or woman can make lunches that travel well.

Sandwiches, those mainstays of the lunchbox, can vary every day since there are so many different kinds from which to choose. Then, too, many foods may be combined with cheese as the recipes show. Cheesewiches use Cheddar, carrot, peanuts and raisins held together with dairy sour cream. Another combines Cheddar with summer sausage and seasonings. Applesauce adds a surprise note to shredded Swiss cheese with peanut butter.

Homemade cookies, such as chocolate nut bars, will diversify the carried lunch even more since so many kinds are available. Seasonal fruit, berries and melons introduce welcome change, also puddings, gelatins, yogurt, etc., which may be used with or without fruits.

All lunch boxes could do with a surprise ingredient: a clipping, cartoon, card, joke, a piece of favorite candy, gum, etc. One surprise plus the reaction will help you think of others to follow!

Proper Storage Reduces Insect Waste

By W.H. HADEN
County Agent

STOP INSECT WASTE

Enough stored grain is lost to insects each year to feed millions of people. It's estimated that between 5 and 10 percent of the world's stored grain is eaten up by insects.

U.S. Farmers lose an estimated $300 million to $600 million each year to stored grain pests. In some tropical countries, losses run as high as 50 percent.

We have some of the same problems with grain insects in Prentiss County. Certain types of weevils, beetles, borers and moths can be a problem unless control *measures are taken.*

The best way to prevent insect damage is to reduce the insect population before storing. Some grain varieties have characteristics that keep down insect damage in the field and storage bin.

After harvest, store grain in the proper facilities. The ideal storage place is a weather-tight, rodent-proof bin. Store only clean grain that has a moisture content of 12 percent or less. Higher moisture invites insects.

Clean the storage area completely before storing the grain. If old grain is in the bin, either remove it or treat by fumigation before adding the new grain. Don't add new grain to old untreated grain.

After cleaning, treat the inside of the bin with a recommended insecticide. Give particular attention to cracks and crevices where insects may be hiding.

HAY HARVEST GOOD

With a decrease in rain showers last week, there was a *lot of hay harvested.* Where soil moisture is adequate, there is still time for another regrowth and harvest before winter on grasses such as bahiagrass, dallisgrass and bermudagrass. If weather permits, the next regrowth may be the best hay for many producers who delayed earlier harvests or had hay rained on during harvest.

September and October are the main times winter annuals such as ryegrass, small grains and annual clovers for grazing are planted. These are high quality feed crops for cattle with a main advantage being that cattle can graze and harvest their own feed, whereas cattlemen without these crops often need to feed a lot of hay.

Producers should be lining up needed seed supplies and preparing land and make sure to seed winter annuals on time in order to get the maximum amount of grazing from these crops. Information sheets giving details on growing these crops are available at the Extension office.

WHEAT POPULAR CROP

It looks like wheat production in Prentiss County is a crop that's here to stay. We should have another fair-sized crop this year, although many of our farmers may set aside part of last year's acreage to qualify for the U.S. Department of Agriculture's target price.

On a statewide basis, our Extension Grain Specialist Dr. Charles Baskin, tells me we will probably plant about 800,000 acres of wheat this fall if current prices hold. That would compare with a little over 1 million acres last year.

Already, many of our farmers are asking questions about wheat planting, specifically about varieties and seed supplies. We should have enough seed for grain production. Some of the newer varieties may be in short supply, but enough seed of good, older varieties should be available to plant our desired acreage.

Some newer varieties will be available in limited quantities or available only for seed production. They are Coker 916, Hunter, Terral 800-20, Terral-Norris, Omega 78, Ray, Pike and Fla 301. Follow these varieties closely. They have good potential in our area in the next few years.
