## Roundup

### Health Department

#### To Get Flu Vaccine

Flu vaccines will be available at the Prentiss County Health Department beginning Friday, Oct. 1, according to Mabel Nelson, coordinating nurse at the clinic.

The flu vaccines will be given from 8 a.m. until 4 p.m. on Monday, Wednesday and Fridays on a first come, first served basis. Cost of the vaccine will be \$3 per person, Mrs. Nelson said.

"I urge people above 60 years of age and the chronically ill to come to the Health Department for the flu vaccine as soon as possible after Oct. 1," she said.

Last year the Health Department received 500 doses of the flu vaccine. Mrs. Nelson said she does not know yet how many doses of vaccine will be available this year.

### Jumpertown Hires

#### Town Marshall

Jumpertown now has a town marshal. John Moore, 46, of Tishomingo was hired on Wednesday of last week on a trial basis as Jumpertown's town marshal, according to Mayor C.D. Windham.

A move was started earlier this year in the community to hire a law enforcement officer for Jumpertown following a fire which destroyed the Jumpertown Grocery. The fire was determined to have been deliberately set.

Moore has worked as a policeman in Burnsville and as a deputy for the Tishomingo County Sheriff's Department, Windham said.

### Stolen Auto Found

#### Burned At Altitude

A 1979 Chevrolet Caprice Classic stolen recently from Lee County was found burned on a logging road off Hwy. 364 in the Altitude community, according to Prentiss County Deputy Doug Hendrix.

The tires and wheels had been removed from the car before it was burned, Hendrix said. "We don't understand why they would steal a \$10,000 car for a \$200 set of tires and wheels," he said.

Deputies Hendrix and Jim Ross and Sheriff John McCauley received a tip on the location of the vehicle. No arrests have been made in the case.

### Hwy. Commissioner

#### Changes Parties

Northern District Highway Commissioner Bobby Richardson has switched parties again. He says he will seek re-election - on the Democratic ticket - to the post he has held for the past two terms.

Richardson was originally elected Highway Commissioner on the Democratic ticket. However, he switched to the Republican party earlier this year to seek the Republican nomination for the U.S. Senate post currently held by John Stennis.

Haley Barbour defeated Richardson in the Republican primaries and will face Stennis in the November general election.

Richardson this week announced his intentions to seek re-election as Northern District Highway Commissioner on the Democratic ticket.

"I have had a number of meetings across the Northern District, talked to many people and received hundreds of letters, petitions and phone calls from friends and supporters urging me to seek re-election for Highway Commissioner of the Northern District on the Democratic ticket," he said in making the announcement.

### Unemployment Rate

#### In State At 12.5%

Mississippi's unemployment rate rose to 12.5 percent in August, an increase of two-tenths of a percentage point compared to July's jobless rate of 12.3 percent, according to Mississippi Employment Security Commission Executive Director O.H. Simmons. Last year's August unemployment rate was 8.1 percent.

The 12.5 percent unemployment rate for the state was higher than the 9.6 percent national rate for August. MESC figures showed 131,900 unemployed and 920,400 employed out of a civilian labor force of 1,052,300. The initial unemployment insurance claims totalled 23,841 in August.

Sixty-eight of the state's 82 counties had unemployment rates of 10.0 percent or higher in August. Nine of those 68 counties had unemployment rates in excess of 20.0 percent.

The counties having the highest unemployment rates in August were Jefferson, with an unemployment rate of 24.2 percent; Walthall, with an unemployment rate of 23.2 percent; and Marshall, with an unemployment rate of 22.7 percent.

## Fiery Crash Claims 4 Students

Four students from the Northeast Mississippi Junior College in Booneville were killed and another was seriously injured in a fiery crash Monday night near Rienzi.

Officials identified the dead students as Harley Hamby "Bari" Moses III, 20, of Corinth; Gary Allen Hickman, 18, of Rienzi; Christopher Lundin, 19, of Columbus, and Carl Lee Bank, 18, of Belmont.

Rodney S. Gray, 18, of Corinth suffered a head laceration and closed chest injury in the accident and was admitted to Magnolia Hospital in Corinth where he was listed in "guarded" condition.

The crash occurred about 11:40 p.m. on State Highway 356 near Rienzi. Officials said the 1982 Buick Regal in which the youths were riding was westbound on the highway, approaching Rienzi.

Reports indicate the automobile apparently failed to make a slight right curve, left the road and traveled some 100 feet before reaching the Tusculumbia River canal.

The vehicle reportedly jumped the 70-foot wide canal and slammed into the embankment on the opposite side, where it burst into flames.

Officials speculated that Gray, the only survivor,

must have been thrown from the vehicle before it came to rest.

Personnel from the Rienzi Volunteer Fire Department fought to extinguish the fire, but rescue attempts were delayed by the blaze. Ambulance personnel and law enforcement officials had to wait until the vehicle had cooled before they were able to remove the bodies of the four students.

None of the bodies

remaining in the car were identifiable, and it took most of the day Tuesday before authorities could complete the identifications.

Gray was able to tell authorities who three of the students were, but he did not know the name of the fourth.

Three of the dead students were reported to be members of the Northeast band.

A large percentage of the students and faculty of Northeast Junior College

attended a memorial service for the four dead students at 8:15 Wednesday morning in the Mississippi Room of the Frank Haney Union at the campus.

Funeral services for Hickman will be at 11 a.m. today at Macedonia Baptist Church near Corinth. He is survived by his parents, Mr. and Mrs. Wayne Hickman, and a sister, Mrs. Quida

## City Adopts Budget Of \$1.18 Million

The Booneville Board of Mayor and Aldermen last week approved a \$1.18 million budget for fiscal year 1983, which includes an 8 percent across-the-board pay raise for city employees.

The city's millage rate has been set at 54.5 mills for 1983, up one mill from last year. Of the 54.5 mills, 26 will go for schools with the remaining 28.5 going into the city's general fund.

Last year's city budget of \$1.04 million did not provide any raises for city employees.

Because of the pay in-

creases, most departments show an increase in expenditures on this year's budget.

The 1983 budget includes \$99,368 for Supervision and Finance, up from last year's \$91,062. The Police Department will receive \$277,000, up from \$251,248 last year.

For the Fire Department \$213,770 has been set aside by the city this year, compared to \$188,149 last year.

The budget for Public Property will increase from \$63,089 last year to \$79,561 this year.

Likewise, the Street

Department's budget jumps from \$244,280 last year to \$278,768 this year. However, Civil Defense expenditures for 1983 will be \$10,760, down slightly from the \$11,462 budgeted last year.

Other miscellaneous salaries, supplies and expenses are budgeted at \$216,726, up from \$199,226.

The total budget for the city calls for expenditures amounting to \$1,117,153.

Revenue for the city is also expected to be up this year, with increases expected in receipts from

## Victim Warns Others Of Blacktopping Scheme

The Prentiss and Alcorn County Sheriff's Departments have issued warrants for the arrest of a Corinth man who has been telling people he will blacktop their driveways for a certain amount of money and after completing the job charging a much higher price.

At least six Prentiss Countians have been taken in by this man, according to Clovis McCutchen, who lives on Hwy. 45 past the Drive-In Theatre.

McCutchen said that when the man comes to people's homes, he tells them he is blacktopping one of their neighbor's driveways and he

will have some of the blacktop left over if they want their driveway blacktopped.

In most instances the man tells people the job will cost about \$100, McCutchen said. But in McCutchen's case, after the man and his helper completed the job, he told McCutchen's wife the cost would be \$1,563.

Mrs. McCutchen wrote the man a check for the amount. But after discovering that others had been "swindled" by the same man, McCutchen said he wants to warn others not to fall into the same trap.

McCutchen knows of

another instance where the man told a Prentiss County woman that it would cost \$80 to blacktop her driveway. After completing the job the man told her the cost would be \$280. McCutchen said the woman told the man she only had \$80 and then the man told her she had "better have the money" when he returned.

In other cases where the people were led to believe their driveways would be blacktopped for about \$100, one man was charged \$695 and McCutchen's brother, J.C., was charged about

## New Station Coming To Cable

Heritage Cablevision in Booneville will be adding Channel 24, an independent station from Memphis, to the 12-channel cable lineup in December, according to W.E. (Skip) Pratt, general manager of Heritage. Channel 7, originating in Jackson, Tenn., will be dropped from the system.

"The decision to drop Channel 7 was based on an overwhelming public demand," Pratt said. "We conducted an ascertainment survey of 25 percent of our customers and 94 percent of those customers preferred adding Channel 24 and deleting Channel 7," Pratt said.

Channel 7 is a redundant ABC affiliate with Channel 13, he said. Channel 24 is similar to Channel 17 in Atlanta except that it is an independent station, Pratt said.

Movies, sports, specials and situation comedies will be shown on channel 24, he said.

"Channel 24 is very, very popular in North Mississippi. I think everybody will be pleased with Channel 24 because it's a regional type independent station. People are interested in the sports carried there," he said.

## Kelly Meets Billy And It's Love!

Kelly Keeton has a surprise for her parents. She is bringing Billy home to meet them tonight. She met Billy Friday and it was a case of love at first sight.

Billy literally dropped into Kelly's life Friday when he fell down the chimney at her grandfather's house on Cherry Street. He was cold, weak and undernourished, but four days of tender loving care by Kelly got him in tip-top shape.

Since Kelly is only 7 years old, her parents, Mr. and Mrs. James Edward Keeton of Eudora Heights, will be happy to know that Billy is a squirrel.

Kelly stays with her grandfather, James L. Keeton Jr., sometimes on weekends. So when Billy dropped in Friday, she decided to keep him a secret from her parents until she could restore his health and be sure he was going to live. "He was so weak he could

hardly move," she said. "He couldn't climb at all. But we have fed him lots of peanuts and pecans, and now he is so lively he just can't be still."

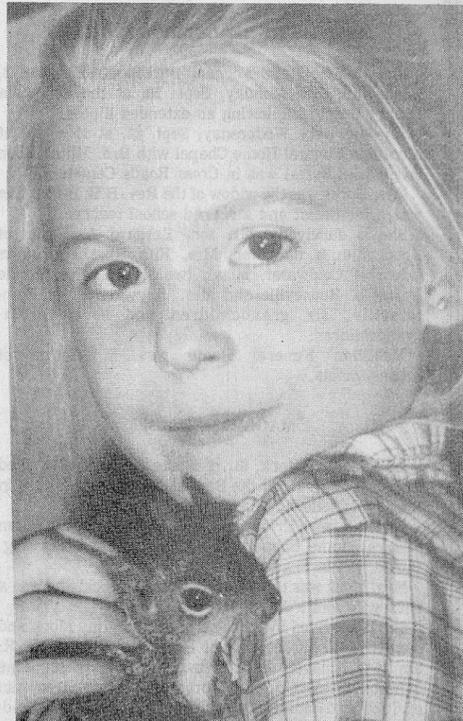

Billy climbs all over Kelly looking for a pocket filled with goodies. She says he has a tremendous appetite and will eat nuts as long as she will feed him.

Billy spends his nights in a cage at Kelly's grandfather's, but every afternoon Kelly rushes from school to

feed and play with him.

He appears comfortable and friendly crawling up Kelly's arms and around her neck, but loud noises and sudden movements cause him to hunt for a pocket in which to hide.

Some day Kelly might bring home another Billy to meet her parents. But this time, they will no doubt be relieved to learn that 7-year-old Kelly's friend is a playful baby squirrel.

# Plans Being Made For Best Homecoming Ever At Northeast

Homecoming at Northeast Junior College has come to mean much more than the word implies. It is a Celebration, second to none.

"Events for this year's Homecoming are even more exciting than in years past," Edna Drewry, secretary for alumni affairs said while outlining the schedule of activities.

Early arrivers for the Oct. 2 festivities are sure to enjoy the antique car show, a featured attraction for Northeast students, alumni

and friends, she said. The cars will be on display from 2 until 6 p.m. on the main college boulevard.

At 7 p.m. the cars will parade around the track of Keenum Stadium for the expected crowd of 4,000. The drivers and their cars will be identified as they pass the press box.

Official registration will begin at 3:30 p.m. in the Frank Haney Union. Special reunions of the 1952, 1962, 1972 and 1982 classes will be held in the Black and Gold Lounge throughout the af-

ternoon. Mrs. Drewry emphasized that it is not necessary for a student to have participated in graduation to attend the reunions.

In addition, a reunion of all former Hotel-Motel-Restaurant Management students will be held to coincide with the program's tenth anniversary. A tour of the new facilities in Waller Hall will be offered for the returning students.

Some 200 students have participated in the two-year Hospitality Management

Program since its inception in 1972, Roy Bailey, instructor of the program said.

Following the 5 p.m. business meeting in the Alumni Room, Northeast will host a fish fry on the lawn of the Frank Haney Union. Tickets are \$6 per person and may be purchased at the registration desk. Advanced reservations may be made by contacting Mrs. Drewry in the Alumni Office at 728-7751, ext. 298.

The 1982 Homecoming Queen and her court will be presented at 7:45 p.m. in Keenum Stadium.

Kickoff between the Northeast Tigers and East Mississippi will follow at 8 p.m.

**STOLEN TOOLS RECOVERED** - Approximately \$600 worth of stolen tools were recovered Tuesday of last week by Booneville Police Chief Bobby Lambert (left) and City Judge Billy Sartin. The tools, which included buffer grinders, sanders, paint guns and wrenches, had been stolen from body shops belonging to Rickey Carpenter and Danny Childers, Lambert said. James McGee, 23, of Booneville, was arrested and charged with grand larceny. He was released on bond.

## Sheriff's Arrest Report

# Teacher Of Year Nominations Being Sought

The State Department of Education is seeking nominations for Teacher of the Year, according to State Superintendent of Education Dr. Charles Holladay. "With over 25,000 classroom teachers in Mississippi, it's very difficult to single out one person," Holladay said. "That's why we are looking for someone who represents the quality of teaching we have in the state."

The Teacher of the Year program is open to all public and private classroom teachers from pre-kindergarten through 12th grade.

Candidates names must be submitted by their local superintendent, with school districts limited to one nomination per district. Deadline for entries is October 15.

"Once again, Southern

Educators Life Insurance Company of Atlanta has joined the State Department of Education in sponsoring the local program," Holladay said. "Southern Educators has agreed to award the winner \$750 and will present \$250 to the runner-up." Following selection as Mississippi's Teacher of the Year, our representative will compete for the title of National Teacher of the Year. The national program is sponsored by the Council of Chief State School Officers, the Encyclopaedia Britannica Companies and Good Housekeeping magazine.

Anyone interested in nominating someone should contact John O. Ethridge, State Department of Education, Box 771, Jackson, MS 39205 or call 354-6938.

## BIBLE QUESTION BOX

QUESTION: Mr. Hogland, since the world has had many great spiritual leaders, what makes Jesus Christ so great?

WARD HOGLAND

ANSWER: Yes, it is true the world has had many so called spiritual leaders, but only ONE was the son of God (Jno. 3:16). Many things make him great, but it was put into the words of an author and I do not even know his name. He said, "This man was born contrary to the laws of nature, was reared in obscurity, lived in poverty, only once did he ever cross the boundaries of his own small country. He had no wealth nor worldly influence, training or education. His parents knew nothing of the niceties of social tradition. In infancy he started a king; in boyhood puzzled the wise; in manhood ruled the course of nature. He healed the multitudes without medicine and made no charge for his services. He never wrote a book, yet all the libraries of the world could not contain all the books that could be written about him. He never wrote a song and yet has provided the themes for more songs than all earthly writers combined. He never founded a college, yet all the schools of earth have not had the students that sat at his feet. He never practiced medicine, yet he has healed more broken hearts than the world has ever taken note of. He is the star of astronomy, the rock of geology, the lamb and lion of zoology, the harmonizer of all discords, and the healer of all diseases." Yes indeed, Jesus is Lord!

# Simple Foods Are The Best, Easiest To Prepare

By ANGELA SMITH  
Staff Reporter

If anyone needs a special recipe, chances are Avery Lester of Booneville has it. Collecting recipes is Mrs. Lester's hobby.

"I enjoy collecting new recipes," Mrs. Lester says. "If I see a recipe I like I latch on to it."

"That's right," her husband, Bruce, agrees. "When it comes to recipes or sewing patterns, she's got them!" he laughs.

The Lesters live on Second Street near the Town Motel. Mrs. Lester worked at Blue Bell for almost 35 years before retiring three years ago. Her husband, also retired, worked in the maintenance department at the hospital for 20 years.

They have three daughters - Barbara Young of Batesville, Josie Smith of New Site and Brenda McClung of Tishomingo. The family also includes seven grandchildren and one great-grandchild.

"We're a close family," Mrs. Lester says. "We love each other and we enjoy being together." Through the years, many family get-togethers have been held in the Lester's home.

"I'm fond of simple foods that are easy to prepare," Mrs. Lester said. "My husband and I are from the old school. We like simple, plain foods. As you go through life you'll find that almost everybody loves plain, simple cooked foods."

The recipe for "Chicken Salad Supreme" came from a friend who is a member of the Happy Ones at the Bank of Mississippi. "To me it's the best chicken salad I've ever eaten," she says.

The lasagna dish is a meal in itself when served with a salad.

When preparing Colonial Peanut Oatmeal cookies, remember one thing, Mrs. Lester says. Make a big batch because they won't last long!

Toffee Bars and Pecan Kisses are good to eat anytime of the year but as Christmas treats they can't be beat - so keep the recipe handy.

The recipe for "Chicken 'N' Dumplings" is a favorite of Mrs. Lester's husband. Her secret to mouth watering dumplings is to chill the dough before adding it to the chicken broth.

Mrs. Lester began preparing "Boiled Custard" for her husband to eat after he had a recent operation. This is a good food for people who don't have much of an appetite, she says. Although called "boiled" custard, she doesn't boil it because if boiled it might stick to the bottom of the pan causing a

scorched taste. A 12-ounce can of chilled corned beef hash is the basis for a main-dish macaroni salad.

In "Hannah's Mystery Pie" no sugar is added in the filling. The secret is in the crust of the pie - which is the mystery. Another mystery is who "Hannah" is!

**Chicken Salad Supreme**

- 1 chicken, 2 1/2-3 lbs.
- 1 cup seedless white grapes
- 1 5-oz. can water chestnuts
- 1 cup slivered almonds
- 1 T lemon juice
- 1 cup diced celery
- 1 1/2 cups mayonnaise
- 1 1/2 t curry powder
- 1 T soy sauce

Cook chicken, remove from bone and cut into bite-size pieces. Mix chicken, grapes, chestnuts, celery and slivered almonds. Mix mayonnaise, curry powder, lemon juice, and soy sauce; add to chicken and mix well. Chill. Serves 12 to 15.

**I Love Lasagna**

- 1 1/2 lbs. ground beef
- 1 32-oz. jar spaghetti sauce
- 1 cup garlic flavored barbecue sauce
- 1 lb. ricotta cheese
- 1 8-oz. cream cheese, softened
- 1 egg, beaten
- 2 T parsley, chopped
- 1/4 t salt
- 16 oz. lasagna noodles, cooked and drained
- 4 ozs. mozzarella cheese slices
- 1/4 c. grated parmesan cheese

Brown meat; drain. Stir in spaghetti and barbecue sauce. Combine ricotta cheese, cream cheese, egg, parsley and salt, mixing well until blended.

In one large baking dish, layer one third of the noodles, ricotta cheese mixture and meat sauce. Repeat layers and top with mozzarella and parmesan cheese.

Bake 35-40 minutes at 325 degrees. Let stand 10 minutes before serving.

**Chicken 'N' Dumplings**

Cook chicken until tender. Bring both to a rolling boil. Use leftover biscuit dough or canned biscuits. Roll as thin as possible. Chill dough before adding to the broth. Then add dough to boiling broth.

Add 1/2 cup sweet milk, 1 T oleo, and salt and pepper to taste.

Do not stir too much until dumplings are cooked thoroughly.

**Main-Dish Macaroni Salad**

Cook 1 7-oz. pkg. of elbow macaroni as label directs. Drain and mix with 1/2 cup of minced celery, 1/4 cup of minced onion and contents of 2 4-oz. cans of coarsley

diced pimento.

Cube a 12-oz. can of chilled corned beef hash and add it to the macaroni with 1 1/2 cups of mayonnaise. Season to taste with salt, pepper, worcestershire and liquid red pepper sauce. Chill before serving.

**Boiled Custard**

- Beat 3 eggs
- 1/2 cup sugar
- 1 T flour
- 1 t vanilla
- 3/4 t nutmeg

Beat with mixer until thoroughly mixed. Cook on low heat until hot. Do not over cook. (If the custard boils it may stick to the bottom of the pan.) Drink hot or cold.

**Colonial Peanut Oatmeal Cookies**

- 1 cup shortening
- 1 cup granulated sugar
- 1 cup brown sugar
- 1 t vanilla
- 2 eggs
- 1 1/2 cups all purpose flour
- 1 t baking soda
- 3 cups rolled oats
- 1/2 lb. (1 1/4 cups) salted peanuts (Spanish)

In large mixing bowl cream together shortening and sugar. Add vanilla and eggs; beat well. Sift together flour and soda, add to mixture; mix well. Add rolled oats and peanuts; mix well. Drop by teaspoon onto greased cookie sheet. Bake in moderate oven (375 degrees) for 10 to 12

minutes.

**Toffee Bars**

Boil these three ingredients for 2 minutes: 1 stick oleo, 1 stick butter and 1/2 cup sugar.

Keebler honey grahams Slivered almonds Separate crackers. Put side by side on foil covered cookie sheet. Spoon hot mixture over crackers. Sprinkle almonds on top. Bake at 325 degrees about 10 or 12 minutes. Cool. Peel off foil. Makes 2 medium sized cookie sheets full.

**Pecan Kisses**

- 1 egg white
- 1/2 t vanilla
- 3/4 cup brown sugar

## 'Talk O' The Town' Street Opinion

QUESTION: Do you think abortions should be legal?

**MARILYN COLE** of 501 N. College St., Booneville: "No, unless it's a case of rape or is hazardous to the mother's health. Legalized abortion would encourage premarital sex for unmarried women."

**LARRY FINGER** of Route 2, Booneville: "No - for religious, moral and practical reasons. The only exception should be in rare cases such as rape, incest and medical emergencies. Birth control is a much more acceptable alternative."

**VICKIE Pate** of Route 7, Booneville: "No, I sure don't. I believe everybody has a right to life and it's not up to us to make that decision."

**JOYCE WARD** of Route 4, Booneville: "It's according to the situation. If they have too many kids or not enough money or they're too young they might not know how to handle kids and would abuse them - then it should be legal."

**SCOTTIE SAPPINGTON** of 304 S. Lake St., Booneville: "It depends on the situation. In normal circumstances I think they should take responsibility of raising the child. I feel like once the baby is conceived it's the same as murder to take it away."

**BILLY TIGRETT** of Route 1, Baldwyn: "I don't think it should be legal unless the mother has several children and having another child would endanger her life. As far as a person getting an abortion, I don't think it's a good idea. In my opinion it's taking a life."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

## Reflections

By Ken Christian

Editor

FROM MODEST BEGINNINGS as an 8-page broadsheet some 84 years ago in a remote corner of Northeast Mississippi to affiliation with the New York Times - that's a long journey.

But, it's true. The Banner-Independent is being bought by the New York Times Company. The official announcement was made jointly last week by officials of the Times company and officials of Worrell Newspapers, Inc., the current owners of the paper.

The Banner-Independent has had a colorful past, having been around in one form or another for 84 years. In fact, for many years 'it' was two newspapers - the Banner and the Independent.

Of the two, the Banner came first. But, established in 1898 by Thomas L. Bettersworth, it was by no means Prentiss County's first newspaper. (That honor goes to the Prentiss Recorder, which was owned by J.M. Norment.)

YOUNG BETTERTSWORTH CAME to Booneville in 1876 and began working with Judge J.A. Povall, who was principal of the Booneville schools from 1876 to 1878. After leaving the school system, Povall purchased (in 1878) the Booneville Pleader. The Pleader, Booneville's second newspaper, had been established some time earlier by Robert Summers.

For the next six years, Povall served as editor of the Pleader and Bettersworth worked as his assistant. The two then parted company and Bettersworth established his own newspaper, the Prentiss County Plainedealer, of which Bettersworth was both owner and editor.

Meanwhile, Judge Povall continued as owner and editor of the Pleader until his death in 1898. At that time, Bettersworth bought the entire interest of the Booneville Pleader. He then stopped production of both the Pleader and the Plainedealer to establish the Booneville Banner, the forerunner of the Banner-Independent. (See note below.)

FROM THE BEGINNING, the weekly Banner was an eight-page newspaper, although after the depression it became a smaller paper for a short time.

During his lifetime, Bettersworth was considered an active and reforming editor. With the help of his wife and daughter, Christine, he waged a vigorous campaign against open sewers, resulting in the placing of septic tanks in connection with the home water works system. He also campaigned heavily to get telephone service established in the area.

On March 7, 1936, the Booneville Banner became the property of Mr. and Mrs. J.A. Vincent, Bettersworth's

daughter and son-in-law. Mrs. Vincent served as editor of the paper and her husband as assistant editor until his death in 1943.

From 1943 until 1955 Mrs. Vincent continued as owner and editor of the Banner. In 1955 she sold the newspaper to Ed Johnson, who was then publisher of the Baldwyn News, and Gerald Hodges.

THE OTHER HALF of the Banner-Independent's namesake, the Independent, was organized Nov. 15, 1923, by W.A. Huff and J.C. Knight. In 1925, the first owners of the paper sold to Sam W. Tapscott of the Bell Telephone Company. At that time, a Booneville physician, Dr. W.H. Anderson, became closely associated with the paper.

In 1928, a stock company, the Booneville Printing Company, was formed to save the Independent from financial difficulties. Under the ownership of the stock company, Dr. Anderson became editor of the paper, and his wife, Mildred, became manager. Over the course of several years, Dr. Anderson and his wife bought out the other stockholders to become sole owners of the Independent.

During Dr. Anderson's quarter century as editor, the Independent became one of the top ranking weeklies in the state. Under his guidance, the newspaper promoted better farming, more industry, better schools, better food, cheap electricity, and better roads.

The Independent also worked toward establishing the Northeast Junior College in Booneville and was a factor in the decision to build the first Hill-Burton hospital in the nation in Booneville.

IN 1949 E.O. RODEN, a native of Itawamba County purchased the Independent from Dr. Anderson. A graduate of the Milo Bennett School of Journalism in Toledo, Ohio, Roden had worked at several metropolitan newspapers, including the Washington, D.C., Star, the Memphis Commercial Appeal, and the Atlanta Journal.

After Roden purchased the Independent, the newspaper won several first place awards in various categories of the state press association contest.

In 1950 Roden established local radio station WBIP, making Booneville at that time one of the smallest cities in the nation to have the services of a full-time radio station.

In March 1954 Galen R. Rarick purchased the Independent from Roden. Rarick had been on the staff of the Congressional Quarterly News Features in Washington, D.C. and held his B.A. degree from Denver

University and his M.A. from Stanford.

ABOUT TWO YEARS after purchasing the Independent, Rarick sold the newspaper to Gene Sellers, originally of Chipley, Fla. Sellers operated the paper for less than a year.

In October 1957, Ed Johnson, who had in the meantime become the sole owner of the Banner, purchased the Independent from Sellers. The two newspapers were merged to create the Banner-Independent.

The Banner-Independent remained under Johnson's leadership until his death in November 1969. For the next two years, Johnson's wife, Helen, and his two sons, Winn and Dave, took over the operation of the paper.

In August 1971 the Johnsons sold the Banner-Independent to the Worrell newspaper group of Charlottesville, Va. That company has retained ownership until now.

Vernon Smith became the first publisher of the Banner-Independent under Worrell ownership. He was followed about a year later by Thomas E. Counce, who served as publisher from 1972 until May 1976. Gary M. Greene was publisher of the Banner-Independent from May 1976 until April 1978, at which time current publisher Paul Miller was named to that position.

For a period of 16 months, from April 1976 to August 1977, Booneville once again became a two-newspaper town. During that period, the Prentiss County Home News, owned by local stockholders, was published by Gerald McLain, a former editor of the Banner-Independent. In August 1977, the Banner-Independent purchased the assets of the financially faltering Home News.

UNDER THE OWNERSHIP of Worrell Newspapers the Banner-Independent became one of approximately 33 newspapers owned by the company (the number changed over the years as the company acquired new assets). However, editorial control of the newspaper remained on the local level and the paper did not lose its identity with the community. Things are expected to continue that way under the ownership of the Times.

The Banner-Independent is one of 11 newspapers Worrell is selling to the New York Times. The Times Company presently owns 18 newspapers, 14 of which are in Florida, and just last month announced an agreement to purchase the Sarasota, Fla., Herald-Tribune. With a circulation of more than 97,000 readers, the Sarasota paper will be the second largest paper owned by the company, the largest being the New York Times itself.

(Note: The information for much of the history of the Banner-Independent given above has come from written reports published over the years in this newspaper and elsewhere. Sometimes these reports do not totally agree with each other. For example, one states that Bettersworth sold the Plainedealer to James Neal Boone and left Booneville, returning in 1898 to establish the Banner. This does not coincide exactly with the version given above. However, both reports agree that the Banner was established in 1898.)

## Eyes On Mississippi

# Surtax May Replace Severance Tax

By BILL MINOR  
Syndicated Columnist

JACKSON, Miss. - How well Gov. William Winter is doing with his education "dog and pony show" toward winning over legislators to vote for increased taxes on oil and gas production in order to finance his kindergarten program is a matter of increasing doubt here.

So far, the feeling in capital circles is his series of public forums on education have largely been like carrying coals to Newcastle. Practically all the folks who have been showing up were already sold on the need for kindergartens and other improvements in the quality of public education Winter has been advocating the past two years.

What really counts is how many of the 174 persons who occupy the seats in the Mississippi Senate and House are being converted, or reinforced, in the belief higher taxes on natural resources produced in the state are the way to go if the Winter plan is going to be launched.

Winter is supposed to be keeping a list of legislators

he has committed to supporting his oil and gas severance tax hike but nobody around the state capitol has seen it. Some legislators have speculated that he has won precious few converts.

In fact, the belief of legislative observers is that Winter is no closer to passing an oil and gas severance increase on the order of what he is proposing (from 6 to 9 percent on the wellhead price) now than he was early this year when an 8 percent bill failed in the House and was not even considered in the Senate.

The fact that the recession has hit the oil and gas industry in the state just like it has hit everything else, reflected in the figures that the oil and gas severance tax collections are way off, and that drilling activity is down almost 50 percent, makes the case for a tax hike on oil and gas production weaker, many believe.

It's not the opposition to a severance tax increase from the organized oil and gas industry lobby that presents the most formidable hurdle to Winter's tax hike, say those familiar with the

situation. The key opposition is coming from the business people and royalty owners back in the towns and counties where there is oil and gas production or prospects for development.

These folks think that raising the severance tax is going to hurt their business and the economy locally and they are the ones putting the heaviest pressure on their lawmakers not to vote for it. Winter has been going straight ahead with his severance tax hike from the present 6 percent to 9 percent in a more of less take-it-or-leave-it fashion, despite advice from some fiscal authorities in his administration that he should become more flexible about how to finance his education ideas.

Some have been trying to convince him that his best chance is not to make the oil and gas industry bear the sole burden for kindergartens, compulsory attendance counselors and the rest of the school package.

Significantly, in the past couple of weeks there has been talk of reviving the surtax idea that was used way back in 1955 to help finance the school

equalization program that was considered a major breakthrough in the state's public school improvement.

A 14 percent surtax was applied back then to the existing rates of eight different taxes, among them, incidentally, the oil severance tax and the gas severance tax. The biggest tax included in the list then was the state income tax.

An automatic repealer was put on the surtax measure back then, and with more prosperous times in sight, the surtax was allowed to die after one year.

Among those thinking

about a surtax again is House Speaker C.B. Buddie Newman, who apparently now feels some obligation to help Winter pass and finance his education program because of the flak he (Newman) has been getting for being the main culprit in its failure at the 1982 session.

Newman would be sitting in a key position should a surtax measure embracing a group of taxes in the same bill be reference only, without bringing forward the entire law for each tax category. Back in 1955, his mentor, Speaker Walter Sillers broke precedent and ruled such a reference law

germane. Evidently Newman would now rule the same way.

Winter has already begun thinking about a surtax as a fall back from his oil and gas severance tax hike, this column has learned. Evidently he is becoming aware that his administration is in danger of going down without leaving any legacy of educational reform unless new tax revenues come from somewhere.

So, don't be surprised very shortly if the word "surtax" suddenly becomes the subject of primary interest in state government.

### Finger Addresses Local Pilot Club On Safety

Larry Finger was the guest speaker at the Booneville Pilot Club's meeting on Thursday, Sept. 16, at 7 p.m. at the Town Motel Restaurant. Mrs. Eudora Kemp, president, presided.

The safety area leader, Mrs. Susan Cartwright, had charge of the program. Area members include Miss Sherry Bowen, Mrs. Neola Cleveland, Mrs. Nancy Cozart, Mrs. Linda Eubank, Mrs. Darlene Fulper, Mrs. Quay Michael, Mrs. Billie Morgan, Mrs. Nelwyn Murphy, Mrs. Anne Prichard, Mrs. Mary Robinson, Mrs. Marjorie Waters and Miss Earline Woods.

Mrs. Murphy gave the invocation and Mrs. Cleveland led the members in the pledge to the flag.

The tables were decorated with arrangements of fresh

roses. Mrs. Morgan was in charge of these arrangements.

Miss Susan Wimberly, a senior at Booneville High School and the daughter of Mr. and Mrs. James Wimberly, was recognized as the Pilot Good Citizenship Girl of the Month by Mrs. Mary G. Nabors, patriotism area leader.

Mrs. Robbie McDaniel, project division coordinator, introduced Mrs. Gladys Moore as the Pilot of the Month. Mrs. Moore is currently serving as the club's 1st vice-president.

Mrs. Cartwright introduced the guest speaker, Finger, a private investigator, is a native of Prentiss County. He has a B.S. degree in law enforcement, a master's degree in criminal justice and has done post graduate work at the University of

Mississippi.

He has served as a special instructor to the University Police Department, taught law enforcement at Itawamba Junior College and has worked with the Department of Corrections.

Finger spoke to the Pilots about safety. He said that one out of two persons will be a victim of some type of crime within the next two years. Only eight percent of these criminals will be apprehended, he said. Only two percent will ever go to trial and less than one percent will go to the length of the criminal justice system. He said the victim will spend maybe 18 months traveling back and forth to testify.

Finger said security is

No invitations are being sent, but all friends and relatives are invited to attend.

### Daughters Of Confederacy Meet

The D.T. Beall Chapter, United Daughters of the Confederacy were welcomed by Mrs. L.E. Perry and Mrs. O.C. Robinson to the Perry home on Washington Street for the September meeting of this organization.

An ice course was served prior to the business session which followed the program. Some 17 members were present.

Mrs. George Via presided and dispersed with both old and new business.

Mrs. Allie Miller Isbell led the chapter in the pledge of allegiance to the U.S. flag and salute to the Confederate flag.

Mrs. Mary Robinson presented a program on the Battle of Cedar Run. The

battle started on Aug. 9, 1862 between the North and South forks of Cedar Run at the base of Slaughter's Mountain. It marked the first offensive action of the Confederate Army in which they were victorious.

Generals representing the North and South in this battle were Stonewall Jackson, J.E. B. Stuart, General McClellan and Pope, A.P. Hill and General J.A. Early who was in the lead in some of the conflicts. It was a long, strenuous, battle and at one time Jackson lay down on a coat spread on the grass to sleep, too exhausted even to eat.

The battle ended the last of August. Jackson was able to say "God blessed our arms with victory."

We were saddened to hear of the death of Mrs. Mary Prather who passed away at the Oak View Rest Home in Baldwin last Saturday. Burial was in the Lebanon Cemetery on Sunday.

Mr. and Mrs. Joe Kingsley spent last weekend in Memphis.

Mr. and Mrs. Dewey Martin were in Memphis Friday and Saturday for the Malone and Hyde sales meeting. While there they attended the State-Memphis State game on Saturday night.

Elton Crouch had eye surgery at Magnolia Hospital in Corinth Wednesday of last week. He is now recuperating in the home of Robert C. Crouch in Jackson, Tenn. We wish him a speedy recovery.

Thought for the Week:  
Waited

Yesterday I noticed how I spent my time,  
I waited for the telephone to give me back my dime,  
I waited on the postman to

bring me all my mail,  
I waited on the weatherman to forecast rain or hail,  
I waited on the traffic light to turn from red to green,  
I waited in the grocery line 'til I could almost scream,  
I waited . . . waited . . . waited . . . for almost everything.

Just before I let out that scream, some thoughts occurred to me.  
Oh, how patient the Lord must be  
To have waited thus on me!

Waited for me on his open line of prayer  
To thank him for letters from friends that care,  
Waited for me to thank him for sunshine, or whatever the weather might be,  
Waited for me to thank him for all wondrous things to see,  
Waited for me to thank him for bread to taste

Waited . . . waited . . . waited . . . without any haste  
But most of all waited . . . waited for me  
To thank him for his greatest deed,  
Bearing my cross at Calvary—  
For this is all I need!

We are sorry to report that Mississippi Shorty was rushed to Big M to Baptist Hospital due to sickness. Sunday night Letterman said she was a little better.

Telephone Man and Telephone Lady both had to go to the doctor for sinus problems. Lady Skunk's mother was rushed to the Tupelo hospital early Friday morning. At last report she was feeling so better.

Brass Monkey has had the flu this week. Lady Double R came home from the hospital but has to have some more tests. We hope all our sick folks are soon lots better.

Did anyone happen to see Bull at the Tupelo fair with two or three girls in tow? I saw him riding in a red and white car and heard that it

went to the fair.

Happy birthday to Blue Surf on Sept. 21, Butterbean Lady on Sept. 22, Ole Blue and Big Ed on the 24th, Fury III on the 25th and to Muskrat on Sept. 26. Hope each one of you have a nice day and enjoy many more.

Cotton and Little Rascal were both home from college for the weekend. Guess it's hard to get used to being away from home.

News is short. So until next week, stay well, be happy and attend the church of your choice.

We have been in the midst of a great tent revival by the airport. On Sunday night it was cold but when man wants to give up that's when the Lord intervenes. One soul gave his life to the Lord. That's what makes the journey worthwhile.

Sunday evening was spent at Beckley Chapel. Many various groups were invited. All the choirs, Mt. Olive, Spring Hill and Reugen Chapel all sang songs that carried a deep message.

The M.C., Mrs. Vessie, made each feel so encouraged and welcome as she responded to everything that was done.

The theme was "Faith and Courage" Colossians 2:6-7. The message entitled "Waiting on Jesus" was given by the Rev. McDuffy Agnew.

Mrs. Junior Elizabeth McKinney was carried to the Booneville hospital after

falling recently. Although she had to have a few stitches, she is at home and doing very well.

Happy birthday wishes go to Robert Mack Miller Jr., Roderick Miller, Grover Shinault Jr., Elmer Young, Mrs. Sara Ann Gaston and Stella M. Gaston. Special wishes and prayers are extended to all these.

We have just learned that Andrew Field is home from the North Mississippi Medical Center in Tupelo where he is recovering from surgery and doing fine. We express our deepest apology to him for not knowing about his illness but we do thank God he is doing so much better.

Gussie Hans and The Miller Sisters will have their 9th singing anniversary Sunday, Oct. 17, at 2:30 p.m. at Oak Hill M.B. Church. The public is invited.

As I began to think about the many things that are happening within our communities, a thought

entered my mind that some mother's child will go to prison; someone's child is waiting for a trial; someone's child is misunderstood and accused of something he didn't do; someone's child is accused of something he really did do - my mind began to whisper a prayer asking the Lord to lead them through and console their hearts.

Because as I raise my son I don't know what he'll be or exactly how he'll turn out but I don't want to talk and run someone else's child down. If I pray for their children now maybe somebody will help me pray for mine later. To all parents - trust in the Lord.

I heard a most inspiring poem on Sunday read by Mrs. Bettye Anderson. I want to share it with my readers. In essence it says if you want to be successful at anything stay from "gossip town."

Don't Go By Gossip Town

Have you ever heard of Gossip Town

On the shores of Falsehood Bay

Where old Dame Rumor with rustling

Is going the livelong day? It isn't far to Gossip Town For people who want to go The idleness trail will take you down

In just an hour or so. The Thoughtless Road is a popular route

And most folks start that way. But its steep down grade; if you don't watch out You'll land in Falsehood Bay!

You glide through the alley of Vicious Town And into the tunnel of Hate Then crossing the Add-to Bridge

You walk right into the city gate.

The principal city is called "They Say"

And "I've Heard" is the public well.

Breezes that blow from Falsehood Bay

Are laden with "Don't you tell."

In the midst of the town is Telltale Park,

You're never quite safe while there

For it's owner is Madam Suspicious Remark

Who lives on the street "Don't Care."

Just back of the park is Slander Row;

Twos there that Good name died,

Pierced by a shaft from Jealousy's bow

In the hands of Envious Pride.

From Gossip Town has peace long fled

But trouble and grief and woe

And sorrow You'll find instead

If ever you chance to go.

May I quote a favorite statement of Dwight D. Eisenhower?

"Because our schools help shape the mind and character of our youth, the strength or weakness of our educational system today will go far to determine the strength or weakness of our national wisdom and our national morality tomorrow. That is why it is essential to our nation that we have good schools. And their quality depends on all of us."

## Library Notes

By LEE DAVIS  
Librarian  
George E. Allen Library

The "Mississippi Magazine" was given to the George E. Allen Library in memory of Marion W. Smith by a patron.

An interruption in its bimonthly publication has resulted in a new format.

Those who appreciate beautifully colored photography and take pride in the unique features of Mississippi culture will especially enjoy it.

The latest issue has yet another attraction. Don Cunningham of Booneville has written one of its feature articles about Don Lee Keith, also a Boonevillian.

The three-word title its publishers chose consists of "Booneville" and two other attention getters.

Don draws graphic pictures with words. His

readers perceive his subjects' personalities in and through them. Two of his other articles that appeared earlier are on Mississippians who by their own efforts are achievers.

This article covers many facets of Don Lee Keith's career but one of the most interesting tells how he shattered an eight-year silence between Tennessee Williams and the press.

At this time he was on the writing staff of the New Orleans "Times-Picayune." His journalistic experiences with others in the public eye will surprise you with their frankness and perception.

Don Lee Keith was twice nominated for Pulitzer Prizes and Grammy Awards.

The Allen Library welcomes all pre-school children to story time each first and third Tuesday at 10 a.m.

# How To Save Money On Beef

By WANDA L. ROBINSON  
4-H Program Assistant

Beef is a favorite food anytime. With careful shopping and special attention to preparation methods you can make your beef dollars go further.

Buying beef in large quantities usually allows you to save money on the actual price per pound of meat. Your choices for the freezer are a whole carcass of beef, a side or quarter of beef, whole primal cuts or retail cuts. The decision as to which one is the best buy

is determined after considering several points:

Amount of available freezer space, amount of beef that you can use within a reasonable amount of time, the type of cuts your family enjoys and the amount of money available to spend.

The carcass, side or quarter of beef are sold by their "hanging weight", or total weight including fat and bones. The amount of edible meat will be about 75 percent of the hanging weight, with the other 25 percent lost in cutting and trimming.

The carcass or side will yield a variety of all cuts, whereas the quarter will be limited to only certain cuts. The hindquarter includes the short loin, sirloin, round and flank sections and will yield more steaks and roasts. It will also cost more per pound than the forequarter.

The forequarter, while containing the delectable rib section, has more of the less tender cuts coming from the chuck, shank and brisket sections.

The yield of edible meat is actually greater in the

forequarter. If freezer space is limited and-or you prefer cuts from a particular section, then whole primal cuts (also known as wholesale cuts) may be the best buy for you. Choose a whole round, rib, loin or chuck and have it cut to your specifications.

This way you get exactly what you want at a price that is usually more economical than retail cuts.

Beef is very special eating all year around. Shop carefully and use your freezer to get the most for your beef dollar.

## Supervisors To Meet At Northeast

Northeast Mississippi Junior College will host the Mississippi Association of Supervisors district meeting Thursday, Sept. 30. Registration is set for 3:30 p.m. in Frank Haney Union.

Members of the Boards of Supervisors, Chancery Clerks, Board attorneys, legislators and other county officials of Alcorn, Prentiss, Tippah, Tishomingo and Union Counties are invited to attend the annual fall meeting.

Committed to the im-

provement of county government in Mississippi, the Association, through the exchange of ideas in meetings such as this, works to develop a practical and uniform system of government throughout the state.

Items on the educational program agenda include presentations by the State Aid Engineer and the Mississippi Cooperative Extension Service for Governmental Technology on road programs and land use values, respectively.

County Agent's Report

# Unseen Pest Reduces Yields

By W.H. HADEN  
County Agent

A tiny critter so small you can't even see it could be reducing your soybean yields. The critter is the soybean cyst nematode, and what it lacks in size it makes up for in number and ability to reduce yields.

The nematode is a microscopic roundworm that feeds on the roots of soybean plants. This reduces the plant's ability to absorb water and nutrients. In high populations, nematodes have been known to reduce soybeans yields in individual fields by up to 75 percent.

Two years ago, soybean producers in 14 southern states lost about \$200 million to the cyst nematode.

Compared to surrounding states, Mississippi's losses were much lower because of producers' acceptance of the Mississippi Cooperative Extension Service nematode control program.

But the soybean cyst nematode is a problem. In 1980, losses were about \$3.5 million in the state. The soybean cyst nematode has been found in 72 counties in the state, including Prentiss County.

If you notice round patches of stunted and yellow soybeans in the field, suspect nematode problems. Affected plants may wilt even with adequate soil moisture, and the roots of damaged plants often are dark and discolored.

If you do suspect nematode problems, have your soil tested to be sure. The way the soil samples are collected is very important.

Contact the county Extension office for details on testing for nematodes.

**QUALITY COTTON PAYS**

Discounts on cotton quality could cost our cotton producers in lost dollars this fall unless we take safeguards to improve quality before and during the harvest season.

And with cotton prices low as they are, farmers don't need anything else that might reduce the value of their crops.

Doing a good job of controlling late season weeds and in removing cotton leaves by defoliating can give our cotton growers a higher percentage of high quality cotton, provided we have good harvesting weather.

These practices along with harvesting with quality in mind will give us the good

grades and preserve the outstanding fiber qualities we're accustomed to in our cotton crops.

**FARMWEEK**

Are farmers as bad off as most of us have been led to believe? All the available data strongly suggest they are.

Farmweek explores the farmer's dilemma on Oct. 4 on the Mississippi Educational Television Network. Agricultural experts from the Mississippi Cooperative Extension Service, Farm Bureau Federation and Farmers' Home Administration will analyze the farm economy.

The farm experts will compare the costs farmers must pay to produce crops to the market prices received for the crops in analyzing the farmer's plight.

### Employer Of Week

The Business and Office Department at the Prentiss County Vocational School this week spotlights Marilyn Cole and the Banner-Independent, and student-employee, Sherri Ashcraft from Booneville High School and a part of Booneville and Prentiss County's Cooperative Vocational Office Training program.

Marilyn is a typesetter at the Banner-Independent. She is a native of Memphis, Tenn., and graduated from Sheffield High School.

Marilyn moved to Booneville after marrying Don Cole, a machinist on the Tennessee-Tombigbee Waterway. She previously worked in the Data Processing Department at the LeBonheur Children's Hospital in Memphis.

Sherri is the daughter of Mr. and Mrs. Roy Ashcraft and is a senior at Booneville High School. She works as a typesetter at the Banner-Independent, and also works at the Ashcraft General Store at Burton. Her hobbies are basketball, reading, softball, and drawing. She is using her talent in drawing at her job at the Banner.

Sherri is a member of the Future Homemakers of America Club, the Math and Science Club, and on the annual staff at B.H.S. She is

Marilyn Cole and Sherri Ashcraft

a second year Cooperative Vocational student and is a member of the Prentiss County FBLA Chapter.

## State Highway Patrol Is

### Accepting Applications

The search is on for qualified Mississippians who want to become members of the Highway Patrol.

According to Chief Donald Butler applications are being sought from anyone between 23 and 32 years old, who has a high school education or its equivalent.

Butler said graduates of a four-year college or university could be employed as troopers when they become 21-years-old.

"Applicants for the Highway Patrol are required to pass rigid physical and mental tests," Butler said. "They must also meet high moral standards by passing a thorough background check."

A Highway Patrol cadet training program is due to

begin in March 1983. Butler said applications should be submitted now because it takes several months to process them. The deadline for applying for the March 1983, school is Oct. 4.

Highway Patrol training classes are between three and four months long. Cadets are trained in all areas of law enforcement and are commissioned state troopers upon graduation.

"While cadets are training, the state pays them \$580.67 per month," Butler said "Upon graduation, a state trooper's salary is at least \$1,111.07 per month."

Butler said the Highway patrol also has an excellent retirement and medical insurance program, a liberal sick leave and

vacation policy and other benefits.

"We are looking for men and women who can uphold our tradition as well-trained, professional law enforcement officers," Butler said. "We are looking for qualified men and women of all races."

Anyone interested in a career as a Mississippi State Trooper should write or visit the personnel officer in Jackson or contact Highway Patrol stations located in Jackson, Greenwood, Batesville, New Albany, Starkville, Meridian, Hattiesburg, Gulfport or Brookhaven.

Letters of inquiry may be sent to Personnel Officer, P.O. Box 958, Jackson, MS 39205.

**WHAT 4-H MEANS TO ME**

Four-H members are often asked to make oral or written statements about what 4-H means to them. A state 4-H Awareness Team member from Lauderdale County has written a typical statement.

Four-H to me has been the best organization I have ever been involved in. In the years that I have been in 4-H, it has been both a fun and learning experience.

To me there is nothing that I have enjoyed more than

the fun I've had in 4-H. The fun I've had at club and county meetings, trips, contests, and other 4-H activities with many friends I have made through 4-H will remain with me throughout life.

I also think one can learn many new things through 4-H. For I believe it has helped expand my knowledge of

many things in my project, as well as other areas. Most of all, 4-H has helped me to decide on what kind of a career I would like to go into.

Last of all, I would like to say even though it takes a positive attitude and a little work, 4-H is well worth it and is something you will cherish the rest of your life.

**How Prisms "Bend" Light Rays**

The dictionary defines a prism as "a transparent body bounded in part by two plane faces that are not parallel and used to deviate or disperse a beam of light." In the language of vision specialists, a prism is a "lens element which does not change the focusing of light, but rather changes its direction."

If that sounds complicated, here's a clarification:

Even though your eyes do not point at the same object simultaneously, there's a prism component in your prescription lens that can

CHANGE THE DIRECTION OF THE LIGHT entering your eyes so that a similar image goes to each eye. Because of the effect of the prism's changing of direction of the light, your eyes can see AS IF they were pointing in the same direction.

Next time you visit your eye specialist, ask him to show you how prisms "bend" light - and help you to see more comfortably.

## Devils, Ripley Fight To Scoreless Tie

By CLIFF LONG  
Sports Writer

DEFENSE WAS the story last Friday night in Keenum Stadium as the Booneville Blue Devils were matched against the Ripley Tigers.

Both offenses were unable to score against the opposing defense as the important District 1 match-up ended in a 0-0 tie.

Total offense for both teams showed Booneville with a slight edge as they ran and passed for a total of 184 yards. Ripley gained 172 yards offensively in the ball game.

Booneville's defense received standing ovations four different times as they left the field Friday night. The Blue Devil defense held Ripley for all four downs on various occasions in the ball game, and twice when the Tigers got inside the 10-yard line.

Defensive lineman Jody Presley led the force in solo tackles as he wrapped up any and all runners who challenged his territory.

OFFENSIVELY, quarterbacking was a problem for Booneville. Starting

quarterback Bernard Anderson left the game in the first quarter after taking a tremendous hit from a member of the Ripley defense.

Anderson received a bad bruise on his passing arm and saw little action for the rest of the first half. Backup quarterback Michael Blalock took over the quarterbacking duties while the Booneville training staff worked with Anderson on the sidelines.

Anderson returned to the game in the second half, but, due to his injury, was unable to perform at full capacity. He should return tomorrow night against Houston in good shape, though.

Senior flanker Ray Holloway made two receptions for long yardage against Ripley. Both could have been key plays, but the Blue Devils couldn't make use of these opportunities as they fumbled five times, losing the ball four times.

As the game drew to a close with Booneville failing to score on a last driving attempt, most fans expected the game to go into a sudden death overtime. But due to a new district rule, tie games will not be played off during the regular season.

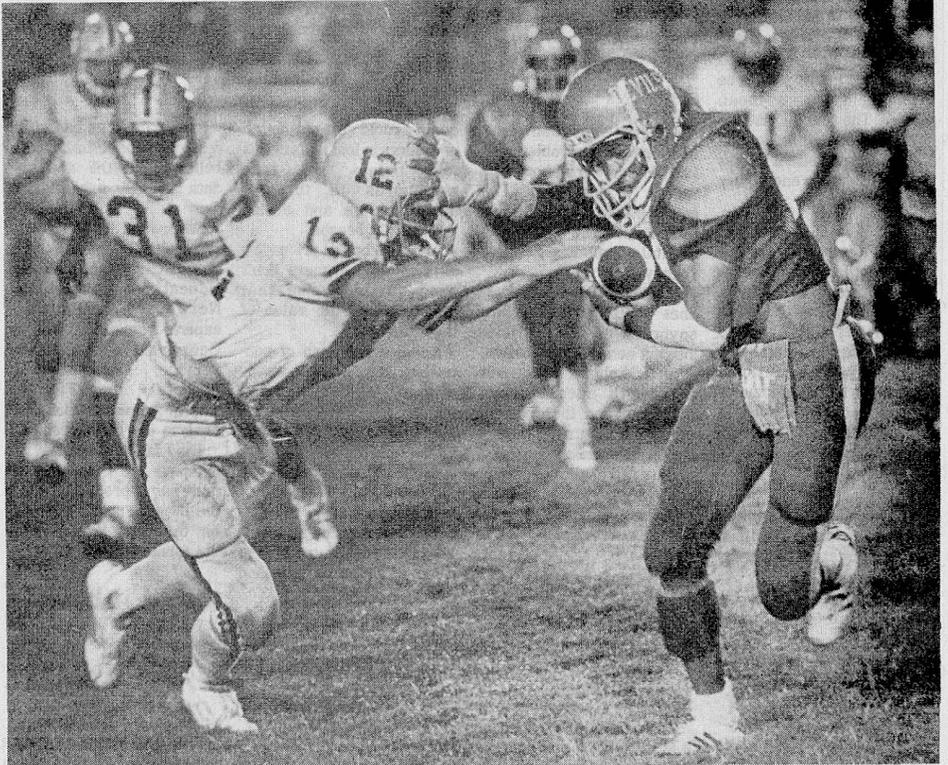

BOONEVILLE'S passing continues to be a definite asset as Devil quarterbacks completed 3 of 6 attempted

passes for 121 yards against Ripley. This statistic, when added to the previous games' stats, shows Booneville completing 66 percent of their passes thrown for the entire year.

Back-up quarterback Blalock has not attempted a pass thus far, so Bernard Anderson is credited with this entire figure. In all, he is 12 of 18 with a total of 325 yards.

Rushing for the Blue Devils has accounted for 437 yards with senior running back Tony Brooks leading all rushers with a total of 163 yards. Greg Oakley and Greg Steen are next in line with 87 and 81 yards, respectively.

Ray Holloway leads the Blue Devil's by percentage as he has averaged 10.1 yards per carry this year. Larry Mackin leads the team in scoring with 24 points on four touchdown receptions.

ON THE MOVE -- Booneville High School's leading rusher, Tony Brooks, fights off Ripley's Keith Jackson in the Friday night matchup between the two District 1 teams.

After a mighty defensive battle, the game ended a scoreless tie. (Photo by Ken Christian)

### Taking A 'Long' Shot

## Defense Shines For Devils

By CLIFF LONG  
Sports Writer

This week I have heard of many mixed emotions about last Friday night's tie ball game that evenly matched the Booneville Blue Devils and the Ripley Tigers. I, in fact, have mixed emotions about some points in the ball game.

First of all, were the teams really EVENLY matched? Not really, because if Ripley had had a healthy kicker, they would have won the ball game. It takes an awfully weak kicking game for a field goal to be impossible inside the 10-yard line. This was the case for Ripley.

Also, many people say that if Bernard Anderson were not injured, the Blue Devils could have moved the ball on offense and possibly won the ball game. Well, after he was injured, and it had been established that he could not move the ball down the field for the Blue Devils, then why did the coaching staff continue to play him?

Back-up quarterback Michael Blalock was

only allowed to run common "up-the-middle" type offensive plays for the short time he was allowed in the game. Blalock has shown a good passing arm in practice, but was not allowed to throw a pass. He certainly could have done no worse than an injured Anderson, who admitted on the sidelines that he was in too much pain to play just before he was put back in the game.

Anderson was hit in the first half just as he released a pass. He was hit on the upper arm behind his elbow and was in pain throughout the ball game. But, he should be back in full force this week.

Booneville's offensive mistakes would seem like a tragedy if it had not been for the defensive triumphs recorded by the Blue Devils. When the game ended, head Coach Doc Gullett expressed his appreciation to defensive coordinator Riley Presley for a job well done.

In fact, the Blue Devils only made one real mistake all night. Actually, it was an accident, but still, it hurt the Blue Devils

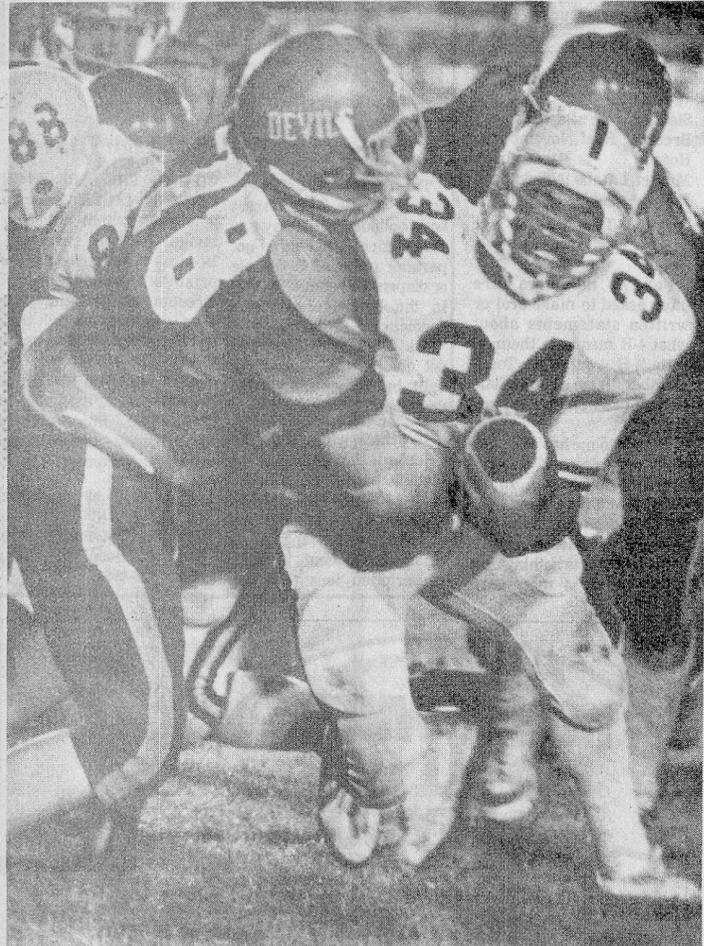

tremendously. All-district senior linebacker Mark Rinehart tore the ligaments in his knee. He was carried off the field to the dismay of the fans and his four-year teammates.

Mark came out of surgery Monday afternoon. Everyone has promising hopes that Mark could come back on the field before season's end. He has had four great years as a linebacker at Booneville and we all hope that he recovers very soon.

As Coach Gullett said at game's end, "This is not a loss -- but it's not a win either." Of course the Blue Devils would have liked to win the game, but a strike in the loss column would have been much more costly.

Many people favor Houston to be victorious tomorrow night, but last week's Blue Devil defensive show just can't let me believe that. Thinking back to the first two weeks of the season, we all thought that "they've got the offense -- if they can just get some defense."

Well, sports fans, the offense had a bad night, but in my opinion, we got'em both!

## Six SEC Teams Play Conference Games This Week

Six of the 10 Southeastern Conference football teams engage one another Saturday in conference action, with Florida vs. Mississippi State right up front.

The Gators, with outside victories over early ranked teams Miami and Southern Cal, plays host to State, which now has wins over Tulane, Arkansas State and Memphis State. The winner of Saturday's contest will challenge Alabama and Georgia for the SEC championship.

Auburn hosts hosts Tennessee and Vanderbilt

visits Alabama in other conference games. The other four SEC teams are involved in intersectional games: Georgia plays at South Carolina and Ole Miss at Arkansas while Kentucky hosts Kansas and LSU entertains Rice.

The Florida-Mississippi State game will be filmed by ESPN for telecast Sunday, Monday and Tuesday. John Sanders of Pittsburgh KDKA will do play-by-play action with Bud Wilkinson analyzing the strategy. The game will appear on ESPN Sunday at 11:30 p.m., Monday at 11

a.m., and Tuesday at 7 p.m.

Alabama overran Ole Miss 42-14 in the only SEC game to date while five teams played outside the conference, winning three. Auburn nipped Southern Mississippi 21-19, Mississippi State tagged Memphis State 41-17 and LSU socked Oregon State 45-7.

The two losses were Kentucky to Oklahoma, 8-29, and Vanderbilt to North Carolina, 10-34.

SEC teams have won 15 and lost four with schools outside the league to date,

### Baseball Produces Most Injuries

Organized sports, both at school and on community fields, continue to pose perils for youngsters. With proper supervision and observance of the rules and safety precautions, healthy fun can be kept in football, baseball, basketball, soccer and other games, which have been taking a heavy toll.

Research by the Combined Insurance Company of America indicates that some 10 million American children participate in sports programs, which in a recent two-year period resulted in more than 500,000 injuries among high school students. One study said that 335 children aged 5 to 17 are injured every year for every 1,000 who participate in sports.

The U.S. Consumer Product Safety Commission reports that among players of all ages, baseball is responsible for the largest number of cases treated in hospital emergency rooms every year -- more than 470,000 last year.

Football was second, with nearly 434,000, and basketball was third, with more than 415,000. Swimming sent 110,000 injuries treated as emergencies every year. The heaviest toll in all sports is among high school and college students.

According to Combined Insurance studies, some progress has been made in reducing the severity of football head injuries with the use of properly fitted

helmets. However, there has been a rise in the number of paralyzing neck injuries as a result of the use of the head as a "battering ram," a practice that insurance spokesmen hope can be abolished.

Many sports injuries result from a failure to use protective equipment or from using it improperly. Unsafe field or court conditions also play a role, according to Combined Insurance.

Some injuries occur when physically unqualified youngsters have not received adequate health screening or when children of unequal age, size and ability are matched against one another.

To reduce the hazards of what should be healthy play, Combined Insurance offers these suggestions:

--Coaches and parents should emphasize the healthy fun in sports rather than the need to win.

--All organized sports should be supervised by a trained adult to make sure that proper equipment is used, rules are observed and medical assistance is nearby.

--Every child should receive a health screening before qualifying for participation in team sports. Tetanus shots or boosters should be required for all. Parental permission permission to play is a "must". Facilities should be well maintained, with fields closely mown, holes filled in

and rocks and debris removed. Gymnasium floors should be smooth -- but not slippery.

--Care should be taken to insure that safety equipment fits and is used properly. Many a collar bone fracture has resulted from failure to wear shoulder pads or using them improperly. The same is true of pads that prevent knee injury.

--Every player should be carefully drilled in the rules of the game with emphasis on fair play above winning.

With most communities having athletics for pre-adolescents as well as adolescents and older young people, and nearly every school fostering sports, it has become increasingly important that the adults who organize and supervise these activities do all in their power to protect the players.

# Northeast Tigers Trounce East Central Warriors

By KEN CHRISTIAN  
Editor

THE 1982 TIGERS have tasted victory, and coach Bill Ward hopes it is a taste they like and want to savor again.

Picking up their first victory of the year, the Northeast Junior College team defeated the East Central Junior College Warriors 29-7 Saturday night in the Tiger's Keenum Stadium.

The Tigers first two outings ended in defeat at the hands of Gulf Coast and Holmes. By establishing a winning momentum for the team, Saturday night's win

could be the turning point of the season for the Tigers, Ward indicated this week. "We played pretty well, coming off two defeats," Ward said. "We needed a victory bad. I hope this will give us something to stand on."

THE TIGERS GOT the game off to a good start. After kicking off to East Central, the Northeast defense pushed the Warriors back 8 yards in the ensuing three plays, forcing a punt situation on the fourth down.

Northeast's Daryel Rogers of Ripley returned the punt from the Northeast 40-yard line to within 2 yards

of the Warrior goal line.

Then, on the first play of Northeast's first possession of the ball, Phillip McDonald of Ripley plunged the needed 2 yards into the end zone to score. Terry Hatch booted the extra point, giving Northeast a 7-0 lead with less than three minutes gone from the clock.

After the Warriors missed a field goal attempt, the Tigers wasted no time in scoring again. Freshman quarterback David DeGroat, in the Tiger starting line up for the first time, fired a 50-yard bomb to Rickey Cannon, to set up a 9-yard run by DeGroat for the score.

The extra point was no good, leaving Northeast with a 13-0 lead at the end of the first quarter.

During the second quarter, East Central held off the Tigers' offense until just before half-time, when Hatch scored again with a 24-yard field goal. The half ended with the Tigers leading 16-0.

ON THE TIGERS' first possession of the second half, a 20-yard reverse by Cannon set up a 15-yard scoring run by DeGroat. Once again the extra point try failed.

In the final quarter, a 30-yard screen pass by

DeGroat to Preston Maddox left the Tigers on East Central's 2-yard line. Ricky Johnson went across for the score on the next play, and Hatch's kick made the score 29-0.

Late in the final quarter, with Coach Ward playing as many of his players as he could, the East Central Warriors finally managed to score.

Warrior quarterback Jeff Breland threw 11 yards to David Gallaspy for the score. The extra point was good, making the final score 29-7.

"WE PLAYED practically everybody on both offense and defense," Ward said. "And, we met most of the objectives we set for the game."

However, he admitted there were a few shortcomings. For one thing, "we need to score everytime we get inside the 10 yard-line," he said. "We didn't do that." "Our defense played real well," Ward said. "Our offensive line did a tremendous job." He also admitted that he was "real impressed" with freshman quarterback David DeGroat.

Although he credited the

Tiger receivers with doing a good job of pulling the football in, Ward said DeGroat "put the ball right on target."

DeGroat did contribute significantly to the Tiger victory. In addition to connecting on 6 of 11 passes for 171 yards, he carried the ball 10 times for 62 yards and scored two touchdowns.

However, there is one area in particular in which Ward feels DeGroat needs some work. When the action is taking place near the middle of the field, DeGroat puts a lot of power behind his throws. But, he has a tendency to "lob" the football when the action is near the goal line, Ward said.

IN ADDITION TO the 'bombs' to Cannon and Maddox, DeGroat connected on a pass to Rogers who carried it for 43 yards total yards gained, one to David Goode for 11 yards and twice to Barry Drewry for a total of 19 yards.

Preston Maddox led Northeast in rushing, carrying the ball 14 times for 77 yards. DeGroat's 10 carries for 62 yards came in second, followed by Phillip McDonald, 7 carries for 34 yards; Cannon, one carry

for 22 yards; Rickey Johnson, 7 carries for 12 yards; Leach, 2 carries for 8 yards; Teddy Hinton, 3 carries for 6 yards; and Terry Taylor, one for 2 yards.

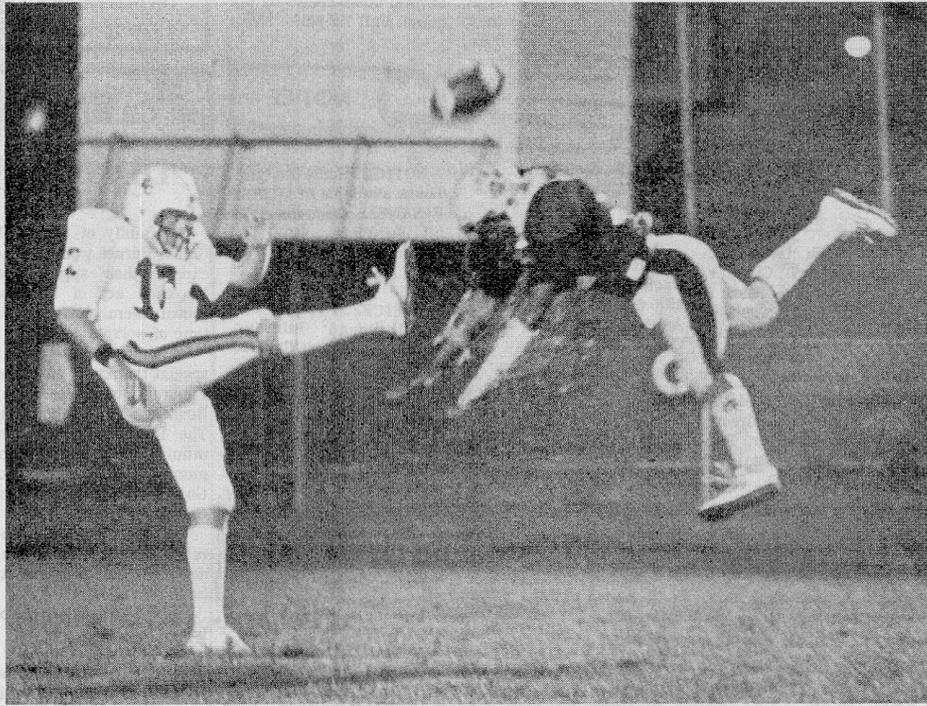

Hatch kicked off four times, averaging 45 yards. Tommy Hill kicked off three times, averaging 38 yards.

Tim Dixon punted three times, for a 44.3-yard average. Rogers returned three punts for 74 yards.

THIS SATURDAY NIGHT, Northeast plays Coahoma Junior College on the road. Coahoma, 0-3 for the year, has not scored once this season, but Ward says Saturday night's game will

be no picnic. "Their defense will be as good as anybody we play," he said Tuesday. "And their offense is not bad. They have some good backs. They just have trouble getting into the end zone."

"We will have to do the same type of job against Coahoma as we did last week if we're going to move the football," he said.

HIGH FLYING TIGER -- Northeast Junior College's James Jones takes to the air to block a punt attempt by East Central in Thursday night's game in Keenum Stadium at

Northeast. The Tigers beat the Warriors 29-7, picking up their first win of the season.

## SEC Leads Major Conferences

The SEC is highest of any conference in this week's ratings by Kickoff, the weekly publication which rates conferences as well as teams. The SEC average is 99.7, with the Pac-10 98.9, the Big Eight 97.3, the ACC

96.2, the Big-10 96.0, and the SWC 95.3.

In the AP and UPI polls, SEC teams are flying high. This week AP has Alabama number four, after Washington, Nebraska and

Pittsburgh, with Florida No. 5 and Georgia No. 7 after SMU.

The UPI last week had Alabama fourth, Georgia fifth and Florida seventh, with Mississippi State 18th.

## Saylor's Leads In Pigskin Picks

Correctly picking 11 of 13 games last week for an 84.6 percent average, Manfred Saylor remains in first place among the three regular pickers on the Banner-Independent Prognosticators' Chart.

After the first week of local football action, Leighton Miller and Doug Jumper were tied for first place, at 78.6 percent.

Saylor's was one game behind at 71.4 percent.

In the second week, Miller and Jumper again tied, at 71.4 percent, but this time Saylor's jumped ahead by picking 12 of the 14 games correctly for 85.7 percent.

Saylor's last week again outdistanced Miller and Jumper by picking 11 of 13 games, or 84.6 percent.

Miller picked 10 correctly for 76.9 percent, while Jumper picked 8 of the 13 for 61.5 percent.

Overall, thus far this season Saylor's has correctly picked 33 out of 41 games, or 80.5 percent. Miller has 31 of 41 games for 75 percent, and Jumper has 29 of 41 for 71 percent.

Last week's guest pickers, Dr. S.C. Galloway and Dr. Paul Ellzey, fared

pretty well this past week also. Ellzey tied with Saylor's for the top slot of the week by picking 11 of the 13 games for 84.6 percent. Galloway picked 8 of the 13 for 71 percent.

This week's guest pickers are Booneville High School coach Charles 'Doc' Gullett and Northeast Junior College head coach Bill Ward.

ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF BOONEVILLE, MISSISSIPPI

WHEREAS, notice was heretofore given in the manner and for the time required by law on a proposal on a part of the Board of Mayor and Aldermen of the City of Booneville, Mississippi, to amend, change or modify the zoning ordinance of the City of Booneville, Mississippi, by amending the official zoning map which is incorporated in the zoning ordinance by reference; and

WHEREAS, such amendment proposed to re-zone certain property from Single family R-C to Multi-family R-2, and

WHEREAS, notice was published on May 13, 1982, in the Banner-Independent, setting the date of June 1, 1982, at 7:00 p.m., as the date and time at the hearing room of the Board of Mayor and Aldermen, at the place for hearing on the proposed amendment, and said protest were received thereto; and

WHEREAS, the Board had determined that sufficient change has taken place in the character of the neighborhood since the original zoning ordinance was adopted in order to grant the relief prayed for in the zoning application.

NOW, THEREFORE, IT IS HEREBY ORDAINED by the Mayor and Board of Aldermen of the City of Booneville, Mississippi, as follows:

SECTION ONE: The current zoning map which is incorporated in the zoning ordinance by reference and which is posted in the meeting room of the Board of Mayor and Aldermen of the City of Booneville, Mississippi, is hereby amended, changed and modified so that property owned by Charles Eaton lying East of College Street is hereby re-zoned from Single family R-C to Multi-family R-D.

SECTION TWO: Said property so re-zoned is more particularly described as follows, to-wit:

Part of the South Half of the Northwest Quarter of Section 10, Township 5 South, Range 7 East, described as follows: Commencing at the Northwest corner of the South Half of said Northwest Quarter in the center of Old Highway No. 45 and run thence East parallel with the South boundary of the Federal Housing Project Lot 140 feet; thence South 125 feet; thence East 115 feet; thence North 115 feet to a point in the East, right-of-way line of said Old Highway No. 45 for a true point of beginning; thence South and parallel with the East right-of-way line of said highway to an old fence, run thence in an Easterly direction with said old fence to a steel stake at a point where said old fence curves in a Northerly direction; run thence with said old fence in a Northerly direction 124 feet to a steel stake; run thence East to a point in the West right-of-way line of the GM&O Railroad; run thence North and parallel with the West, right-of-way line of said railroad to the North boundary line of the South Half of said Northwest Quarter; run thence North with the North boundary line of the South Half of said Northwest Quarter to a point 140 feet East of the Northwest corner of the South Half of said Northwest Quarter; run thence South 125 feet; run thence West 115 feet, more or less, to a point in the East right-of-way line of Old Highway No. 45 and the true point of beginning.

LESS AND EXCEPT: Part of the South Half of the Northwest Quarter of Section 10, Township 5 South, Range 7 East, described as follows: Commencing at the Northwest corner of the South Half of said Northwest Quarter in the center of Old Highway 45 and run thence South with the center of said road to the point of beginning; thence run East to the East right-of-way of said road for a point of beginning; thence run South with said East right-of-way for 255 feet to the intersection with a second ditch; thence run North 48 degrees 31 minutes East with said second ditch for 285 feet to an intersection with said first ditch; thence run West with said first ditch for 288 feet to the point of beginning. Containing 0.85 acres, more or less.

SECTION THREE: This ordinance shall be published as required by law and shall become effective thirty (30) days from this date.

The foregoing Ordinance having been reduced to writing was read and considered by sections, each of said sections being adopted by the following vote:

Aldermen voting "Yes": R.O. Houston, Bluford Allen, Charles Steen, Norman Young, and Wade Lambert.

Aldermen voting "No": None.

Aldermen absent or not voting: None.

WHEREUPON, said ordinance was put to vote upon its final passage as a whole and the same was passed as read with the following vote, to-wit:

Aldermen voting "Yes": R.O. Houston, Bluford Allen, Charles Steen, Norman Young, and Wade Lambert.

Aldermen voting "No": None.

Aldermen absent or not voting: None.

Thereupon, the Mayor declared said ordinance approved, passed and adopted.

# Special Program Fights Malnutrition

Three small circles and round-cornered triangles in stark white against a black background represent a federally-funded health program that's helping give Mississippi a brighter future.

The logo represents WIC - the Special Supplemental Food Program for Women, Infants, and Children. Now available in all 82 counties, WIC is a \$22 million totally federally funded program aimed at alleviating malnutrition and its related health problems.

"We are very fortunate in Mississippi to be able to provide health care, nutrition education, and a supplemental food package to over 69,000 participants monthly," said John Barr, director of the WIC Program, administered through the Mississippi State Department of Health.

In Prentiss County, some 636 pregnant, breastfeeding, and postpartum women, infants, and children up to age five with both economic and nutritional need are enrolled in the WIC Program. That number includes 100 women, 194

infants, and 342 children who are WIC participants in Prentiss County.

Prentiss County has participated in the WIC Program since the fall of 1980.

"Congress created WIC because studies showed that women who suffer from malnutrition during pregnancy risk permanent physical and mental damage to their unborn children," Barr said. "The program is specifically designed to serve as an adjunct to good health care during critical periods of human growth and development."

WIC participants must be certified to have both nutrition and economic needs. Prospective participants may apply for WIC

eligibility on physician or self-referral to the Prentiss County Health Department.

For an appointment or more information, readers may call 728-3518. Recertification for participation is done at six-month intervals.

The program in Mississippi is an important component of an overall health care service that includes prenatal care, family planning, immunization, nutrition, and other health-related services.

WIC helps minimize low birth weight and prematurity among newborns, thus averting high medical costs. Additionally, WIC in Mississippi has contributed

to a significant reduction in infant mortality rates.

All adult participants and parents or guardians of participating children learn good health and nutrition practices through group and individual teaching.

Special supplemental food packages for women and children include iron-fortified cereal, fruit juice, eggs, and milk products. Youngsters up to 12 months get iron-fortified formula, iron-fortified infant cereal, and infant juice. In FY 1982 the Mississippi WIC Program also added dry beans and peas to the adult package and a special formula to the infants'.

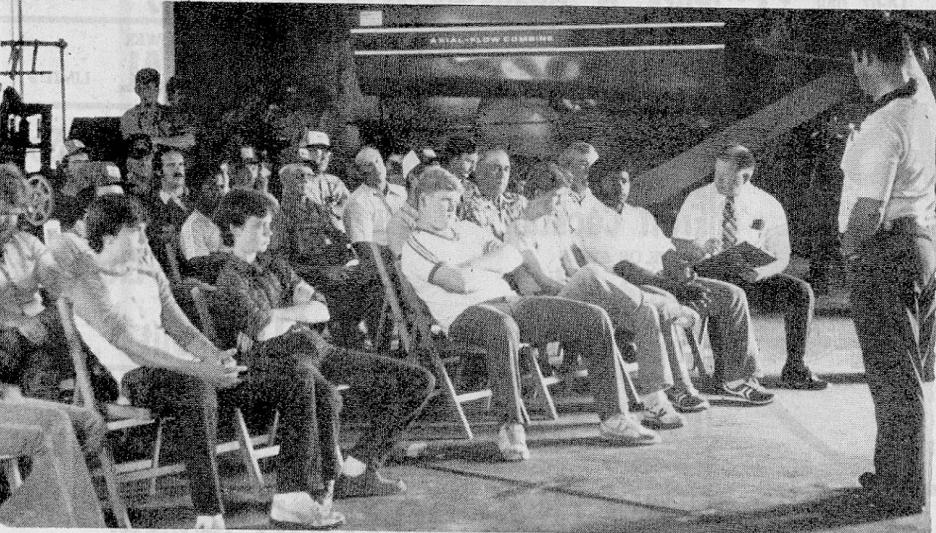

Women, infants, and children certified as WIC program participants get

identification cards which authorize their pick-up each month of individually prepared food packages at the WIC Food Distribution Center, 600 N. College St., Booneville. Through this direct distribution management method, Mississippi can provide WIC services at an average cost per participant per month of just \$26 - the lowest in the nation.

WIC is an equal opportunity program. Anyone who believes he has been discriminated against because of race, color, national origin, age, sex, handicap, religious or political belief should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

VIN NUMBERS REMOVED - Booneville Police Chief Bobby Lambert (left) and Prentiss County Deputy Hubert Kitchens (right) are shown with a 1979 Ford Bronco that was confiscated after they discovered the Vehicle Identification Numbers (VIN) had been removed. About a month ago the driver of the Bronco, Curtis Ballard, 38, of 3330 S. Archer Ave., Chicago, Ill., was stopped on Hwy. 45 by Lambert, Kitchens and Officer Tip Norris after they received a tip that the vehicle had possibly been stolen from Illinois. After officers discovered the VIN had been removed, the case was turned over to a state investigator who found the Bronco had been stolen from Illinois. Ballard was arrested by Chief Lambert Thursday of last week and charged with receiving stolen property. He is free on \$10,000 bond.

FARMERS ATTEND CLINIC - Approximately 65 farmers from Prentiss and surrounding counties attended an International Combine Clinic sponsored by Murphy's International Sept. 14. Gene Smith, area service representative for International Harvester (right), was the speaker at the clinic which was held at Murphy's International in Booneville.

police fines, gas and water department funds and garbage fees.

Police fines are anticipated to total \$90,000, compared to \$75,000 anticipated last year. Some \$70,000 in surplus funds is expected to be transferred from other departments to the city's general fund. Garbage fees are expected to bring in some \$50,000.

However, the main source of the city's revenue will be from sales tax collections. Some \$550,000 is expected to be returned to the city for its use. Advalorem Taxes are expected to provide the city with \$250,000.

The city's revenue sharing

budget for 1983 has also increased, from \$86,800 last year to \$127,095 this year. Those funds will be divided

## Forgery Is Problem

Approximately two-thirds of all Mississippi pharmacists have had at least one incidence of suspected prescription forgery and 15 percent have had ten or more incidences.

These statistics were revealed in a recent survey conducted by Dewey D. Garner and Helen Wetherbee for Mississippi Pharmacist, the magazine of the Mississippi State Pharmaceutical Association.

Questionnaires were mailed to 720 Mississippi pharmacists and generated responses from 506 pharmacists - a response rate of 70 percent.

According to the study, forgeries are more prevalent in urban settings, (70.1 percent) as compared to rural settings (61.0 percent).

The incidence of forged prescriptions in discount pharmacies (84.3 percent) and traditional pharmacies (72.0 percent) was much higher than in apothecary pharmacies (46.7 percent) and hospital pharmacies (15.4 percent).

A strong relationship was indicated between the type of location and forgery incidence.

Forged prescriptions are more prevalent in pharmacies located in shopping centers (82.9 percent) followed by downtown pharmacies (67.1 percent).

residential pharmacies (62.1 percent, and medical center pharmacies (39.7 percent). This pattern was true for all types of pharmacies with one exception.

Traditional pharmacies located in residential areas were victimized more frequently (76.4 percent) than traditional pharmacies in downtown areas (68.8 percent).

Phyllis Moret, executive director of MSPA, said the state association is waging an information and education campaign to make pharmacists aware of ways to detect fraudulent prescriptions.

"There are several characteristics a pharmacist can look for to detect fraudulent prescriptions," Ms. Moret said. "We have

published these characteristics in our magazine and are reminding all members of our association that the only way a passer of forged prescriptions can obtain drugs in a pharmacy is by presenting a prescription to a pharmacist."

"By educating pharmacists in the state, we feel our association can make great strides in decreasing the incidence of forgeries," she said.

Any pharmacist in the state who would like to receive information concerning detection of forgeries should contact Ms. Moret at the Mississippi State Pharmaceutical Association, 200 South President Street, Suite 204, Jackson, MS 39201.

## Station

Channels 24, 3, and 5 will be microwaved to improve reliability, and reception, he said.

Also Heritage has completed the Federal Communications Commission (FCC) sweep and balance requirements for the city of Booneville. "Our trouble calls have been reduced considerably," he said.

"We've replaced certain defective equipment and we have completed the mapping project," he said.

(Continued from Page 1)

"We're now in the process of redesigning the entire system which means a realignment and replacement of certain electronics in order to further stabilize the signal," he said.

This part of the project is hoped to be completed by the first of January, he said.

Cable interruptions which will be necessary for these changes to be made will be announced at a later date, Pratt said.

## For Northeast Student

# 'Folk Art' Is Fun And Profitable

Carla Gaillard's ducks and chickens aren't like those owned by most people. Hers are made of wood.

Miss Gaillard, a sophomore majoring in home economics at Northeast Junior College, calls her hobby of making replicas of animals in wood "folk art," meaning it's handmade.

The wooden accessories are used to decorate homes. The ones on dowels are called weathervanes, Miss Gaillard said.

What has turned into a hobby for the Ripley native began about two months ago when some of her friends moved to Georgia. She wanted to give them a special going away present to use in their new home.

After seeing the same type of crafts advertised in Country Living Magazine, Miss Gaillard, who took an art course at Blue Mountain College while she was a senior in high school, decided she could design her own patterns.

After looking at the pictures in the magazine, she drew a chicken, a rooster, a duck and a rocking horse design on the wood. Those completed crafts were the going away presents she gave to her friends in

Carla Gaillard And Her Wooden Animals

Georgia. Since those first four designs she has added pigs, cows, cats, tulips, and watermelon slices to her list of designs.

Her father, Charles Gaillard, a carpenter, cuts the designs from the wood and then her mother, and sister, Beth, sand them. Next Miss Gaillard paints

them in bright, cheery colors.

When she begins working on the designs, she usually completes five or six at one time. She says it takes longer to come up with the ideas than to do the actual work.

She can even custom design her wooden figures to correspond with wall paper,

she says.

Currently her work is for sale in several local stores. The prices of the wooden cut-outs range from \$1.50 to \$15.

After finishing her studies at Northeast, Miss Gaillard hopes to attend MUW. But in the meantime she plans on designing more of the wooden cut-outs.

The entertainment never stops. See it all in the Mississippi State Fair Theater. Gate admission entitles you to see these outstanding entertainers - FREE!

THOUGHT FOR THE WEEK

By Charles L. Potts

Dear Lord... It's Too Fer And Snakie

Heb. 10:25 "Not Forsaking The Assembling Of Ourselves Together . . ."

Many reasons are concocted for not attending Church. One of the best comes from a faithful christian. . . now gone to heaven. . . when once he asked a man about church. "Too fer and too snakie" was the reply. Well, it ain't fer nor snakie around Booneville. . . so let's be done with that excuse. Another finds the pastor in town. . . meets one of his members and conveys concern that he has missed him of late. . . "Well, Rev., it's been so rainy and wet" . . . to which the pastor said. . . and immediately regretted, "Well, it's really dry at the church."

the ear of the Great King. . . will you call my name?" In the Assembly. . . we can encourage and be encouraged.

We assemble also to "Express Devotion." Anthony Lang, who portrays "Christ" in the Oberammergan Passion Play in Germany told a man one day on being asked about the weight of the cross "I cannot budge it. . . why is it so heavy just for a play?" Mr. Lang replied, "Sir, when I carry it. . . if I don't feel it, I cannot play my part." Once in a while you need to feel your devotion and express it to God and others.

Also we assemble to be "witnesses." Shakespeare said of life, "Life is a tale told by an idiot, full of sound and fury, signifying nothing." Jesus said, "Ye are the light of the world" . . . in other words total darkness would envelop us if we did not have christians in the world. He also called his followers the "Salt of the earth" . . . thus christians stand in the path of rottenness.'

So if it's "too fer and snakie" for you. . . I ask you to reconsider your path. And God bless.

Snacks For Football Fans

# Hearty Foods For The Armchair Quarterback

Armchair experts watching the weekly football classic have been known to develop strong cravings for food. It's possible they may even work up quite an appetite as the call a play, rush the quarterback, throw or catch a pass.

The home team (Mom, that is) can score a few touchdowns of her own if she sets up a hearty snack and/or spread for the would-be players, coaches and their cronies. It's an occasion for hearty, gutsy foods like cheese with character and flavor, olives, onions, tomatoes, dark rye bread, cheese spread and a bowl of

seasoned buttery popcorn and pretzels.

Cheeses good with rye bread and salami are Colby, Caraway or Brick. They make an interesting contrast in shapes, as well. Swiss is also an excellent sandwich cheese while favorite Cheddar and Blue combine well with dairy sour cream and seasonings as a spread or dip.

Buttered and seasoned popcorn with pretzels is one of those hard-to-resist combos that's good for nibbling, sure to bring in cheers from all sides.

### Cheddar-Blue Cheese Spread

2 cups (8 oz.) shredded sharp Cheddar cheese (room temperature)  
2 tablespoons crumbled Blue cheese  
½ cup dairy sour cream  
1 tablespoon chopped chives  
¼ teaspoon Worcestershire sauce

Beat together Cheddar cheese, Blue cheese and sour cream until thoroughly blended. Stir in chives and Worcestershire sauce. Cover and refrigerate to blend flavors. Let come to room temperature to serve.

Serve with thinly sliced rye bread, assorted crackers and raw vegetables. Approx. 1¼ cups.

### Herb Buttered Snacks

1/3 cup butter, melted  
1 teaspoon oregano leaves, crushed  
1 teaspoon garlic salt  
1 teaspoon seasoned salt  
3 quarts popped corn  
2 cups pretzel sticks

Combine butter and seasonings. Pour butter mixture over combined corn and pretzels; toss lightly. Spread into a shallow baking pan and heat in a 325 degree oven, 5 minutes. Approx. 3½ quarts.

## Soil Conservation Notes

# Proper Tillage Saves Energy

USDA-Soil Conservation Service Booneville Field Office

How much fuel can be saved on your farm by making the switch to conservation tillage from conventional tillage methods? A considerable amount according to some recent studies.

According to the University of Nebraska figures, the conventional

moldboard plow tillage system has the highest fuel and labor requirements. By substituting a chisel plow, there is nearly a 23 percent reduction of fuel consumption. By using a disk for seedbed preparation, over 42 percent fuel savings has been found. The study went on to show that a 70 percent fuel savings can be realized by using no-till over conventional systems.

In a similar study conducted by Michigan State University and published in the July 1980 edition of NO-TILL FARMER, fuel savings were equated to money saved. That study showed a savings of 4.21 gallons of diesel fuel per acre with no-till farming over conventional. With a 400 acre operation, that means an annual savings of 1,684 gallons of fuel, and at a "conservation" \$1 plus per gallon, it's a big savings.

Farmers in Prentiss County that are thinking about conservation tillage, should be considering fuel savings, erosion control, and labor and time savings in making plans for wheat crops this fall and other crops for 1983.

Contact Tony Thompson, District Conservationist with the Soil Conservation Service, about savings from using conservation tillage on your farm.

# 4-H Is An Exciting 'Learn By Doing' Experience

By EDWARD L. McWHIRTER Extension 4-H - Youth Agent

## NON-FARM YOUTHIN 4-H DAIRY PROJECT

Fewer young people are growing up on dairy farms today, but youth can still share in the excitement of rural life through a 4-H dairy project activity aimed at non-farm youth.

Youth learn the anatomy of a cow, and how cows become efficient milk producers. They then follow the course of milk from the farm to the table. Youth not only learn about sound nutrition, farming and dairy industry, but they also develop other skills, such as public speaking and how to organize presentations.

Members in the national 4-H dairy program, conducted by the Cooperative Extension Service, and supported by Insurance Company of North America, are also involved in many

traditional farming experiences.

They learn animal breeding and selection techniques; exhibit their animals at fairs and livestock shows; explore careers in the dairy industry; and earn extra money by raising and selling their animals.

In addition, both urban and rural youth are involved in activities to increase awareness of the dairy industry and its products.

Contact your county Extension office for more information on the dairy program, or other 4-H program.

### AND THIS IS 4-H

Four-H is an endless parade of enthusiastic young people from farms, small towns and cities exhilarated by the great challenges of tomorrow because they have already conquered the smaller challenges of today. There are more than

five million participants in 4-H, proving that young people respond to the 4-H challenge to do the difficult - "to Make the Best Better." Four-H not only asks for the best work youngsters can produce; it gives them guidance for accomplishing their goals.

The Cooperative Extension Service of the U.S. Department of Agriculture, the state land-grant universities and the county Extension Services conduct the 4-H program.

Adults and teenagers with a gift for leadership and liking for boys and girls, volunteer their time to lead local groups, showing the youngsters the "how to" and "why" of various activities.

"Friends of 4-H" give 4-H'ers a reason for achievement - a catalyst of incentives and recognition at county, state and national levels. Civic and business groups are partners in providing educational aids together with advisory,

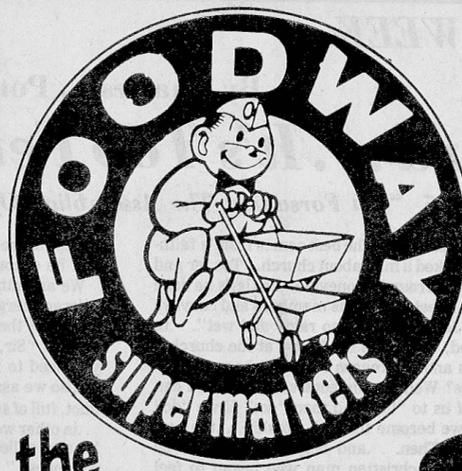

technical and public relations assistance.

Four-H is an exciting "Learn by Doing" experience in which 4-H'ers can select projects and set their own goals. When a project is completed, they have learned useful skills, the dignity of work and the satisfaction of responsibility.

By comparing their accomplishments with others, 4-H'ers develop higher standards of excellence and the self-confidence to broaden their goals and interests.

Every year, 4-H'ers throughout the country set aside one week, National 4-H Week, to reaffirm 4-H goals, encourage more youth to enroll and enlist help to make the 4-H program grow.

So, 4-H'ers are urging YOU to contact your county Extension Office. Learn how YOU can help promote the welfare of this nation's most precious resource - her young people.
