Roundup

Four Candidates In Constable Race

Four candidates have qualified to enter the special election Tuesday, Nov. 2, for a new constable for the 5th district of Prentiss County.

The candidates are J.R. Gray and Cleston McGaughey, both of Route 6, Booneville, Tommy W. Smith of Route 5, Booneville and Billy D. Strickland of 1208 N. Lake St.

Fifth district voters will cast their ballots at Martin Hill, Odom Hill, New Hope and North Booneville.

The 5th district constable's post was vacated by the resignation of GERALD Pace.

Change Your Clock This Weekend

Don't forget Daylight Savings Time ends this weekend. Before you go to bed Saturday night, set your clock back one hour so your trick-or-treaters will be on schedule Sunday.

Booneville Schools Let Out Tuesday

Students attending Booneville City Schools will have a day of vacation Tuesday, Nov. 2. There will be no school that day because the buildings will be used as voting precincts during the general election.

However, the teachers will be in in-service training the entire day.

Prentiss County school students will attend classes Tuesday.

Barbour To Attend Fish Fry Saturday

Republican Senatorial candidate Haley Barbour will be in Booneville Saturday night for a fish fry at the city park at 5 p.m. Barbour is running against incumbent Democratic candidate John Stennis for the Senate seat in Washington.

Prior to the fish fry, Barbour will attend the Mississippi State-Alabama football game in Jackson.

Local gospel singing group Exodus will also perform at the fish fry in Booneville Saturday night.

Local Supervisors Support S.C.R. 519

The Prentiss County Board of Supervisors this week voiced their support of Senate Concurrent Resolution 519, a proposed amendment to the state's constitution which would provide for the classification of property for ad valorem tax purposes.

An amendment changing the way property is classified and assessed in Mississippi is necessary because of a Hinds County Chancery Court ruling, a ruling which was also upheld by the Mississippi Supreme Court.

Due to that ruling, county supervisors can no longer assess property in their individual counties. All property must be assessed statewide.

According to the Board of Supervisors, without the classification provided in S.C.R. 519 utility companies will enjoy a drastic decrease in their percentage of the tax burden while property owners will have to bear an increasingly larger burden. (See additional story on this page for further details.)

The classification amendment will not reduce the level of funding for any tax supported entity but will simply allow the legislature to determine the percent of tax burden paid by homeowners, other property owners, automobile owners and public utilities, the supervisors said.

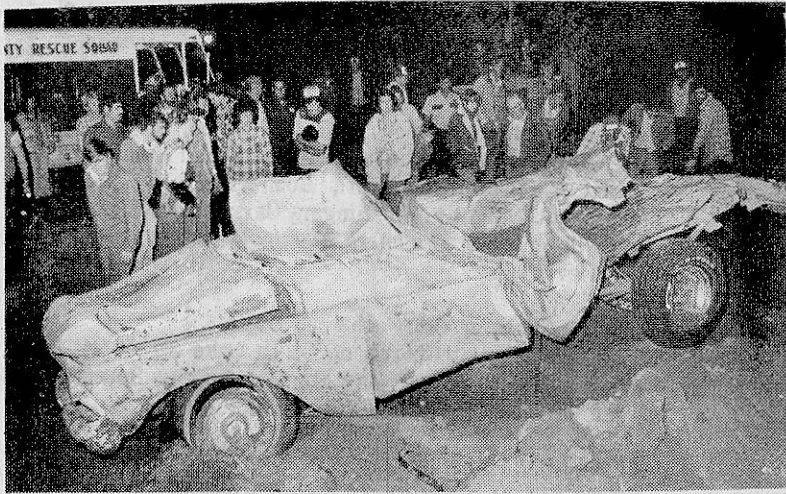

The Prentiss County Board of Supervisors are encouraging all county residents to vote for Senate Concurrent Resolution 519 in Tuesday's general election.

Sheriff Urges 'Mark Hubcaps'

Because of the numerous thefts of wire spoke hubcaps recently, Prentiss County Sheriff John McCauley urges people to number or mark their hubcaps so they can be identified if they are stolen.

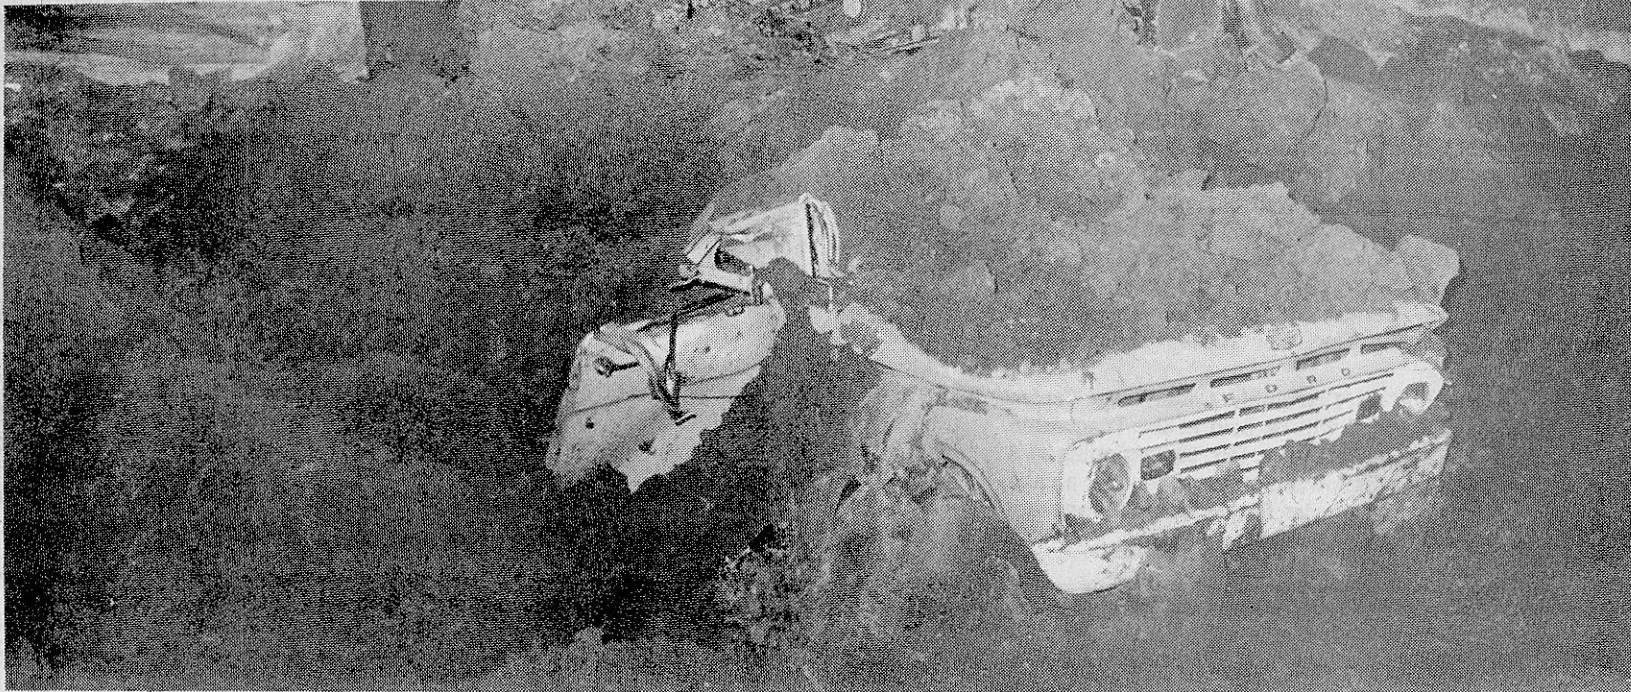

"People need to put a number or mark in an open place and one in a secret place on the hubcaps," the sheriff said. "If they can describe the mark to us it's as good as having a Vehicle Identification Number on a car."

When the sheriff's department recovers hubcaps, it is often hard to determine ownership unless there is an identifying mark on them.

BURIED

Randy Heathcock uses a bulldozer to remove tons of sand and rock from a pickup which was buried when one wall of a sand pit collapsed near Altitude late Monday afternoon. Marcus Rorie, 33, and his 3-year-old daughter, Jennifer, were killed in the avalanche. Rorie's wife, Catherine, and her sister, Karen Vanderford, sustained injuries in the accident. Father And Daughter Die In Cave-In

A 33-year-old man and his 3-year old daughter were killed late Monday afternoon when the wall of a sand pit collapsed on top of them in the Altitude community, burying them under a mound of sand and stone.

Marcus Lee Rorie of Route 1, Burnsville, was pronounced dead at the scene by Prentiss County

Coroner James Horn. His daughter, Jennifer Dawn Rorie, was dead on arrival at the Baptist Memorial Hospital in Booneville, according to Prentiss County Deputy Hubert Kitchens.

Also injured in the incident were Rorie's wife, Catherine, 29, and her sister, Karen Vanderford, 30, of

Route 3, Rienzi.

Mrs. Vanderford was released from the Baptist Memorial Hospital in Booneville Tuesday, while Mrs. Rorie remained in serious condition in the North Mississippi Medical Center in Tupelo.

Kitchens said the four had backed a Ford pickup up to the wall of the pit and were

loading it with sand between 3:30 and 4 p.m. Monday when the overhang collapsed, burying all four of them.

Rorie and Mrs. Vanderford were reportedly standing on the tailgate of the truck when the wall gave way. They jumped over the side of the truck just as the debris hit them.

Although seriously injured, Mrs. Rorie managed to dig her way out of the rubble and walked approximately a mile looking for help before she encountered Michael Bain on a tractor.

According to Deputy Kitchens, Bain got Nathan Davis and the two went back to the pit. When they arrived

Russell and Roy Frost were already there, attempting to dig the other three victims out of the sand.

Large chunks of sandstone and rock made the going difficult. It reportedly took 15 people to move one of the rocks on top of Rorie.

Murder Trial Postponed Again

The murder trial of Harold Lloyd Brinkley, 52, of Booneville, which was scheduled to begin yesterday in Prentiss County Circuit Court, has been continued to the February term of court because of the absence of a prosecution witness, according to Assistant District Attorney Richard Bowen.

However, other court officials indicated the Brinkley case might be retired to the files or even dismissed. Bowen, who was involved with a murder case in Monroe County this week, said Wednesday morning that if the Brinkley case had been retired to the files or dismissed that he was unaware of it.

As of Wednesday morning there was nothing on file in the circuit clerk's office that stated why the trial was not being held.

Brinkley's trial was postponed in February because one of his attorneys, John Farese of Ashland, had a conflict of trial dates. Farese was involved with a case in Lee County Circuit

Court the same week as the Brinkley trial was scheduled.

During the June term of court, Brinkley's trial was postponed until this month because another murder trial was underway.

Brinkley was indicted in October 1981 on a murder

Voters Have Decisions To Make

When Prentiss County voters go to the polls Tuesday, Nov. 2, they will have several decisions to make concerning state politics. Qualified voters in the third and fourth districts will also select school board members and voters in the fifth district will vote for a new constable.

Those voters in the third and fourth districts who do

not live in the Booneville Municipal Separate School District will vote for county school board members for their districts.

"Under Section 37-5-3 of the Mississippi Code, any person living in a separate school district or a municipality school district is not eligible to vote in the county school board election," Cayce DePoyster,

Prentiss County Election Commission Chairman, said this week.

"We, the Election Commission, request that people take note as to where they live, so they can advise the election holder which ballot they will need," he said.

Those eligible to vote in the county school board election in the third district will choose between Bobby

C. Johnson and Harold "Pete" Woodruff. Those in the fourth district will choose between Gene Gray and Joe Vernon Johnson.

Candidates in the fifth district constable race are J.R. Gray, Cleston McGaughey, Tommy W. Smith and Billy D. Strickland.

Property Classification--A Major Issue

By KEN CHRISTIAN
Editor

(There will be a total of four proposed amendments to the state's constitution on next Tuesday's ballot.)

Last week the Banner-Independent addressed Senate Concurrent Resolution 509, the proposed state lay board of education. The remaining amendments will be examined this week.)

Senate Concurrent Resolution 519 amends Section 112 of the Mississippi Constitution of 1890 to provide for the classification of property for ad valorem tax purposes.

It requires that all property which is not exempt from ad valorem taxation be taxed at its assessed value and in proportion to its true value according to its

classification in one of four classes.

The Legislature is authorized to exempt some types of property from taxation and is required to provide by general laws the method by which the true value of taxable property will be determined as well as the assessment ratio of each class of property.

THE FOUR classes of

taxable property for purposes of assessment for ad valorem taxes are:

-- Class I: Real property, except for real property included in Class IV. This includes homes, farm land, and the real property -- buildings, land, etc. -- of commercial and industrial concerns.

S.C.R. 519 requires that Class I property -- real property -- be appraised

according to its current use.

-- Class II: Personal property, except for motor vehicles and personal property included in Class IV. Personal property is that property which is not affixed, such as furniture, machinery, and equipment and inventory.

-- Class III: Motor vehicles -- all motor vehicles, whether privately owned or

owned by a business or organization.

-- Class IV: Public utility property -- any property which is assessed by the State Tax Commission and is owned by public service corporations.

There are two exceptions in Class IV: railroads and airlines. They are not included in Class IV because a

BIBLE QUESTION BOX

QUESTION: Mr. Hogland, does the Bible teach that a good man can go to heaven without joining a church?

ANSWER: The answer to your question could be a "yes" or "no" depending on what you mean by "joining the church." In the Bible people did not "join" the church they were "added" to the church (see Acts 2:47). One can be saved without joining a human church but cannot be saved without being a member of the blood bought church of the Bible (see Acts 20:28). I read in Acts 10, of a good man who was told what to do to be saved. He obeyed, was saved and according to the Bible the "saved" are added to the church. Another reason one cannot be saved out of the church of the Bible is that redemption is in Christ (Eph. 1:7). One can't get into Christ without being in his BODY which is the church (Eph. 1:22,23). A penitent believer is baptized into Christ (Gal. 3:26), he is also baptized into the body (1 Cor. 12:13). This shows that being in the church is the same as being in Christ. Another reason one cannot be saved out of the church is that RECONCILIATION takes place in the BODY or CHURCH. Paul tells us this in Eph. 2:16. Since this is true one cannot be saved without reconciliation which is in the BODY. Paul also tells us that the ones outside the BODY or CHURCH are aliens (Eph. 2:12). Since one cannot be saved as an ALIEN, he must be in the church in order to be saved. Then too, the church is the family of God (1 Tim. 3:15). If one could be saved out of the church he could be saved without being in the family of God.

Bob Lawson, 45, of Route 1, Booneville, and Wade D. Hughes, 39, of Route 3, Booneville, were indicted on two counts of burglary and larceny of a dwelling. The charges were in connection with the break-ins at the residences of Cecil Koon and Aver Nell Sherrill on March 23.

Ricky Glen Underwood, 21, of Ida Street, Tupelo, and David Bud Young, were indicted on a charge of burglary and larceny in connection with a break-in at Coleman's Bar-B-Q in Baldwin on Oct. 5.

Vincent Vaughn Grizzard, 21, of Sunflower Drive, Booneville, was indicted on

a charge of burglary and larceny of an inhabited dwelling. The charge is in connection with break-ins at the residences of Will Hayley and Earlene Pam in July.

Aubrey Nichols, 56, of 203 Smith St., Booneville, Jeffrey Allen Williams, 20, of Route 4, Booneville, were indicted on a charge of jail break. They escaped from the county jail on Aug. 30 but were apprehended on foot within two hours of their escape.

Williams was also indicted on a grand larceny charge in connection with the July theft of jewelry belonging to Carol Sprinkle.

David Young, 20, of Route 3, Baldwin was indicted on three counts of aiding escape of prisoners. He also faces a charge of burglary and larceny in connection with a break-in at Coleman's Bar-B-Q in Baldwin on May 6.

Alvin Junior Nichols, 33, of Route 2, Baldwin, was indicted on charges of manslaughter and aggravated assault. James Leach, 20, died from head injuries he received when a car driven by Nichols ran over him as he walked along the shoulder of the road, the indictment states. Leach's companion, Ricky Chandler, 18, also received injuries from the accident which occurred on Airport Road on Aug. 6 at approximately

10:30 p.m.

Billy Hamlin, 33, Box 253, Booneville, was indicted on a charge of manufacturing marijuana, and accessory after the fact to burglary and larceny of a dwelling, the Terry Downs' residence.

James Allen Kizer, of Route 4, Booneville, was indicted on a charge of burglary and larceny of a dwelling, the Terry Downs' residence.

James McGee, 23, of North Lake Street, Booneville, and Donna Ann Pannell, 22, of Route 1, Booneville, were indicted on a charge of attempted uttering of forged instrument. McGee is also charged with two counts of burglary and larceny. Those charges are in connection with the Aug. 28 theft of tools from buildings owned by Danny B. Childers and Ricky Carpenter.

Earl Owens, 30, of Route 4, Booneville, was charged with grand larceny and uttering of a forged instrument. He is also charged with burglary and larceny in connection with the theft of a banjo from Davis Barber Shop in April.

Terry Lee Shannon, 30, of 1704 Forbes Lane, Tupelo, and Lee Ernest Gaston, 19, of 410 Burrese Circle, Tupelo, were indicted on a charge of burglary and larceny of a dwelling, the residence of Bobby and Rennah Carr in June.

Robert Keith Cleveland was indicted on a charge of manufacturing of marijuana.

Jerry Shook, 28, of Route 3, Booneville, was charged with simple assault on a law enforcement officer stemming from an Oct. 8 incident in which he allegedly struck Prentiss County Deputy Joe Shackelford about the head

and face.

Carl Edward Trout, 20, of 102 W. Wheeler Drive, Booneville, and Jackie Dale Holland, 20, of Route 6, Booneville, were charged with burglary and larceny in connection with a break-in at Perfect Cut Mfg. in Blackland in January. They are also charged with uttering of a forged instrument.

Jeffrey Lee "Humpey" Fryer, 38, of Route 2, Booneville, and Steve Foster, 22, of Route 2, Baldwin, were indicted on grand larceny charges in connection with the May theft of a lawn edge trimmer belonging to Ralph R. Smith. Fryer also was indicted on two grand larceny charges stemming from the theft of an AM-FM 8-track stereo belonging to Linda Pounds and the theft of a lawnmower from the East Booneville Baptist Church in May.

Steve Douglas Wyrick was indicted on a charge of possession of a controlled substance, Methamphetamine.

Richard Chittom was indicted on two counts of receiving stolen property.

One charge involved a 1981 Chevrolet pickup truck taken from American Electric Motor Co. and the other involved a 1977 GMC pickup truck taken from Wayne Sappington in Blackland in September.

Classification

federal act requires that they not be assessed at a greater rate than the average commercial and industrial property in any state.

According to the State Tax Commission, railroads and airlines will probably be assessed in Class I and Class II.

ONE IMPORTANT point of the new amendment is that, if passed, the assessment ratio of any one class of property cannot be more than double the assessment ratio of any other class of property.

Billy McCoy, State Representative for Prentiss and Alcorn counties, says he supports this amendment.

According to this resolution, he said, "the assessed value of property shall be a percentage of its true value which shall be known as it assessment ratio. The Legislature shall establish, by general laws, by a three-fifths vote of each house, the assessment ratio of each class of property defined herein, which ratio shall be uniform throughout the state."

"Right now," he said, "each county has different rates of assessments for the different classes of property. It (S.C.R. 519) makes us standard throughout the whole state. I've always been in favor of this."

Another reason McCoy supports S.C.R. 519 is: "It

will lessen the shift of burden of taxes from the homeowner and landowner to the public utilities."

However, he says that even with the amendment there will still be a considerable shift and admits that those people in Prentiss County who own fleets of automobiles and those who are closely tied to a utility may not agree with his support of the amendment.

CURRENTLY, ON a statewide basis, commercial and industrial properties are assessed at an average of 8.9 percent, with farms and homes somewhat lower than that rate. Railroads and airlines are now at 15 percent and utilities and automobiles are at 30 percent.

Because of the stipulation in S.C.R. 519 that none of the four classes of property can be assessed at more than double any of the other four, Class I property will be appraised at a higher rate than currently and utilities and automobiles at a lower rate.

What this means is that taxes for homes and farm land will go up, while taxes for utilities and automobiles will go down.

"It doesn't take a brilliant mathematician to see that. We're going to have to come up and they're going to have to come down," McCoy said. "If we leave their (utilities and automobiles) percentage of assessment the

same (at 30 percent), then we've got to bring ours (Class I property) up to 15 percent and cut the millage."

McCoy IS quick to point out that this does not necessarily mean home and farm owners will pay twice as much tax - "because we will have cut the millage. But theirs (utilities and autos) is definitely going down, straight down. And I don't know how much ours has got to come up to take the place of what they've lost."

Home and farm owners in Prentiss County will not be hurt as much by this increase as those in some other counties, McCoy said, because Prentiss County does not get as large a percentage of its taxes from utility properties as do some of the other counties.

"Monroe County must have a ferocious amount with all those gas companies down there," he said.

"Alcorn County has a

(Continued from Page 1)

massive natural gas pumping station. Anything like that puts the percentage on up there and when they have to take that shift, its going to hurt."

'Talk O' The Town'

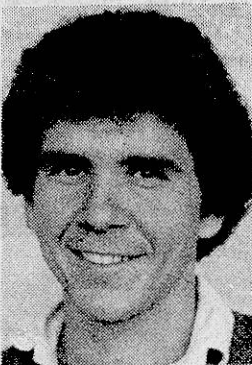

QUESTION: Are you in favor of the constitutional amendment which would create a lay board of education? This amendment would create a board consisting of nine appointed members who would appoint the state superintendent of education.

NELL WHITE of Route 2, Booneville: "I think probably the average voter doesn't understand whether a person would be qualified to be a state superintendent of education - so an appointed lay board would do better in selecting a state superintendent of education who was qualified."

BOBBY STRANGE of Rees Court, Booneville: "I think the state superintendent of education should be elected - that way it's left up to the people to have part of the choice."

KENNY WEST of Route 4, Booneville: "I think it should be left up to the people to select the state superintendent of education. It's their kids who are in school. If the state superintendent was appointed he would more or less have to abide by what the lay board wanted."

JUDY WEST of Belmont: "I think he should be elected - an official should be appointed by the voters. He should be the people's choice. Usually when people are appointed to an office it's political and they don't care enough about our people."

JOANNE TITTLE of Route 1, Booneville: "No, I'm not in favor of it. I think the people should be allowed to elect the state superintendent of education. I think it would be putting too much power in the hands of a few if he was appointed."

DONNY HILL of Nettleton: "No, I like the way it is with people voting in the state superintendent of education. If he was appointed there would be a lot of politics involved and the people wouldn't have their choice."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

A Halloween Past

It was several years ago, on this very day of Halloween week, that some friends and I "went after" the coffin we were to use at the Halloween Carnival at Thrasher.

The Halloween Carnival was a junior class project and the "spook house" committee was in charge of rounding up ghosts and goblins. One of the many terrifying sights we planned was a coffin from which Count Rebel Dracula would arise.

McMillan Funeral Home loaned us an old coffin. And we had a Dracula in our class.

At the funeral home, after loading the casket in the back of a classmate's pickup - it dawned on us. Riding around with a coffin in the back of a pickup would probably be a once in a lifetime experience.

So one of my classmates climbed into the coffin, folded his hands on his chest and preceded to play "corpse." The rest of us, except the driver, of course, climbed into the back of the pickup and seated ourselves around the casket with hankies in hand to assume mourning positions around our dearly departed.

If anyone noticed that day, they would have seen a Ford pickup in Booneville hauling an open casket with a "corpse" inside and a group of teenagers surrounding it pretending to weep. We would probably have looked very believable except that from time to time our "corpse" would sit up and wave to people.

And now, close the curtains, lock the doors and by all means if you're all alone don't read any further!

Prentiss County Ghost Stories

It was some 50 years ago when a Mr. Hughes was traveling up the Blythe's Chapel Road in his Model T. It was late at night and Hughes was anxious to get home. As he came to Blythe's Chapel Hill, his car almost stalled. This caused him to have to back up and get a running go. As he did a man opened the car door and got in beside him.

Finally Hughes made it up the hill. When he arrived home, he jumped out of the car and shouted for his father

to bring a light so he could better see his passenger.

But when the light was brought the car was empty.

Many years later when he died, Mr. Hughes still claimed that someone rode up the Blythe's Chapel Hill with him that night. For although the man didn't say a word or Hughes couldn't feel him - he saw him.

A Mr. Green was riding horseback one bright, moonlight night. . . on a road in New Site that was as familiar to him as the back of his hand.

But on this particular night, around 10 p.m. as he came to the forks of the road, he saw an unexpected sight - a baby, one of the prettiest he'd ever seen. But Green didn't stop. . . he kept going.

But after thinking about it all night, he returned the following morning to the spot where he had seen the beautiful baby. But the baby was no where to be seen. Or any tracks of any kind, either.

One night, many, many years ago, a man who lived east of Wheeler went to a neighbor's house to telephone for a doctor after his wife became seriously ill.

As he was riding along, he noticed that somehow a little boy was riding with him on the horse. The man made his horse go faster, but the little boy continued to ride with him. Finally the little boy got off and the man went ahead to his neighbor's house to call the doctor.

When the doctor arrived at the house later that night his face was as white as a sheet. The man asked the doctor what was wrong but all the doctor said was "Something happened to me tonight but I don't aim to tell you about it." Then the man asked him if a little boy rode with him. The doctor replied "Yes, on the back of my buggy. . . even though I was going as fast as I could. Finally when I got across the bottom he jumped off."

Although it was told in the community that the little boy continued to ride uninvited with people on a number of occasions - no one knew who the little boy was. But

most of the people who claimed to have seen the little boy said he resembled a youngster who had been accidentally killed by a stampeding horse.

It's been almost 40 years since the racket was heard in the forks of the Jensay and Little Brown bottom area in New Site. Those who heard the racket never forgot the sound. . . although they had never heard anything quite like it before. They said it resembled that of a woman screaming.

It began in the late 1930's and continued for about five years. The racket would move up and down the branch and sometimes circle houses - but never too close.

Some folks said it was a panther, a lion or a wild dog.

Whatever it was spooked the livestock and made all the dogs in the area bark. Women and children in the community became so concerned that the men gathered together and looked for whatever it was that was making the errie sound.

But no tracks were found of anything except familiar animals.

Sometimes it, whatever it was, would skip a few nights, sometimes a few weeks, then the sound would be back beginning at twilight and lasting almost two hours. For most of the summer people heard it. When cooler weather came it would disappear for awhile - but it always returned - at least for about five years.

During that time it never hurt anything. Even the dogs became accustomed to hearing it and no longer barked when the sound began.

The last night the sound was heard, in the early 1940's, was much like the first time it was heard. It was a bright, moonshiny night. But instead of going up the bottom as when it was first heard, the sound drifted down the bottom the last time it was heard.

Some people say the sound was something supernatural. For at Driver's Point was an Indian mound - part in Jensay and part in Little Brown Bottom. At one time the mound was about five feet tall. But because the dirt was so fertile, the mound was eventually plowed down and planted in crops. Perhaps the sound was that of an Indian searching for the Indian mound. Perhaps.

But whatever the sound was - it came like it went. Unexplained.

(Special thanks to Horace Wilson, Clarence McCoy, Lionel Rorie and Wyatt Breedlove for sharing ghost stories. Happy Halloween!)

Letters

Says Opposition To Amendment Based On Politics

Dear Editor,

This responds to the letter appearing in your paper last week from Jimmie Smithie that oppose the amendment to establish a state lay board of education.

First, the opposition of Smithie, Jackson County Public Schools Superintendent and President of Project Alert, is not based on principle. It is pure politics.

Smithie wants to be elected the next State

Superintendent of Education in 1983. In the past he has been introduced as such at civic clubs where he has spoken.

Second, the idea of having an appointed lay board propose and make policy for one of the state's executive departments is not new in Mississippi. This is how departments such as Economic Development, Mental Health, Public Health, Public Welfare, and the State Research and

Development Center are run.

In fact, a lay board is nothing new in the field of education in Mississippi. We now have a lay board that makes policy for the state's public colleges and universities.

Third, the idea of having a lay board of education for our elementary and secondary schools is not new either. Every major state-funded study of Mississippi's public education system

since 1953 (there have been four) has recommended establishing an appointed state lay board of education with an appointed state superintendent of education.

These study groups were made up of parents, business people, educators, legislators and other public officials. These blue-ribbon groups evaluated the existing state board of education structure and found it severely lacking in adequately representing the voice of public education.

Today, Mississippi is one of only two states that does not have a lay board of

education. Fourth, the state legislature in its 1982 session specifically examined the merits of an elected versus an appointed lay board and two-thirds of both houses approved the present proposal to be placed on the ballot.

The legislature clearly thought that our state would have better qualified people serving on an appointed board rather than an elected board.

Fifth, each appointment to the proposed lay board is subject to the advice and consent of the Senate. This

helps prevent the cronyism that Smithie objects to since all proposed appointments will be subject to public scrutiny.

The Senate can block the attempted appointment of any person who does not support public education.

Voting for the lay board amendment, S.C.R. No. 506, on Nov. 2 is one of the most important steps we can take towards improving education in Mississippi.

Let's get out and support it and vote for it. William N. Reed 4502 Parisian Dr. Jackson, MS

Supervisors Endorse Amendment

Dear Editor,

We encourage Prentiss Countians to vote for Senate Concurrent Resolution 519 which is property classification and ask them to please take time to consider this important issue and participate in the general election on Nov. 2.

This issue is of extreme importance to home and property owners in both cities and rural areas.

Recent court decisions regarding equalization of property taxes will surely mean a drastic increase in the taxes we pay on our home and property.

State law will limit the increase of taxes collected by the county to 10 percent;

but this does not provide protection for the individual taxpayer.

With substantial increases in the value of homes and property, the millage levy will have to be reduced in order to comply with the 10 percent cap. This will mean a drastic reduction in the taxes paid by public utilities and shift the burden from public utilities to home and property owners.

In order to provide the taxpayer some relief in the shifting of the tax burden, the State Legislature passed Senate Concurrent Resolution 519 which will give the voters the opportunity to amend the Mississippi Constitution and

make provisions for classification of property.

The classification of property will not reduce the level of funding for public education, but will simply determine who pays the tax.

Court decisions have taken control and tied the hands of the Board of Supervisors and the Tax Assessor-Collector in determining your taxes. Only you are free to mark the ballot next Tuesday.

If anyone has any specific questions or want to discuss this issue, call 728-4610.

Sincerely,
Prentiss County Board of Supervisors

Participating teams were from Carter's Chapel, New Bethel, Oak Ridge, Marietta, Booneville and Snowdown. The team from New Bethel Church of Christ was the winner and carried home the winner's plaque. The next session will be hosted by Oak Ridge Church of Christ on Nov. 15th.

Mr. and Mrs. Mike Dunaway and children visited in Sallito on Sunday afternoon with Mr. and Mrs. Ben Dunaway and other family members. The

children all enjoyed hitching up the ponies, Princess and Brownie to the wagon and riding through the bean fields. The grown ups enjoyed it too!

Mrs. Bernice Chase had several members of her family gathered for a dinner on Saturday. Attending were Mrs. Barbara Johnson, Mrs. Sharlet Henderson and Ryan, Dr. and Mrs. David Chase and Tara, Dr. and Mrs. Vernon Chase, Lisa and Tim of Baldwyn, and Mr. and Mrs. Jimmy McLaughlin, Lora and Lora's friend Tammy of Huntsville, Ala.

Bernice always enjoys having her family together for a visit and I'm sure that they enjoy it just as much. I

know that they have lots of good food because Bernice is an excellent cook. My son Brock has learned where she keeps her homemade peanut butter cookies and usually helps himself. And he always wants a drink from the Scooby-do cup when he visits. It is a home that you always feel welcomed in. Clarence Nunley has been

POEM FOR THE WEEK

He Hears The
Faintest Whisper

When we drive along the highway

On a lovely autumn day
We can see the wondrous beauty
God has always on display—

Pretty leaves of many colors
Waving gently in the breeze
And birds so sweetly singing

As they fly up through the trees.

Flowers blooming by the wayside
Sending fragrance through the air

Cattle grazing in the pastures
Without a worry or a care.
We know that God in heaven
Is looking down upon us all
And he hears the faintest whisper
Of his children when they call.

When shades of night are falling
And the world is out of sight,
We know that he can see
And hear

E'en in the darkest night.
He alone can make the sunshine
Or cause the rain to fall,
And he shows his love and mercy

Is sufficient for us all.

Diet! Agreement that what an organism uses for nourishment has an effect on every phase of life is almost universal. What that should be is not.

Special diets to meet many different needs fill countless books. Among those on the George E. Allen shelves are: "The Salt-Free Diet Cookbook," by Emil G. Conason and Ella Metz, a doctor and a dietitian; "The

Save Your Life Diet," by David Reuben of "Everything You Always Wanted to Know -" series; "Recipes for Diabetics," by Penny Thorup and Billie Little; "Fiber & Bran Better Health Cookbook," put out by "The Saturday Evening Post;" and "The Ladies Home Journal Family Diet Book."

The late Adelle Davis was a respected authority on nutrition with such writings as "Let's Eat Right to Keep Fit" and "Let's Cook It Right."

Other books on cookery

focus on method (crock-pot, microwave, etc.) and ingredients (chicken, wine, peanut cookery).

Then there are innumerable weight loss methods: "The Beverly Hills Diet Lifetime Plan," by Judy Mazel; "The 'I Love New York' Diet," by Bess Myerson; and the Stillman and Pritikin plans to mention only a few.

The variety is almost infinite, but there should be one to suit your purpose. Browse through them for fun and profit.

Miss Horton Is Honored

Miss Gloria Horton, bride-elect of Mark Smith, was honored with a tea Saturday afternoon, July 31, in the

fellowship hall of the First Baptist Church in Booneville.

The hostesses presented brass hurricane lamps to Miss Horton.

Food served at the tea included finger sandwiches, assorted hors d'oeuvres, petits fours and raspberry punch.

Tea girls were Pamela Wheeler, Stephanie West, Renee Sweeney and Susan Yarbrough.

Miss Horton wore a light blue voyle dress with matching shoes for the

occasion. The dress was designed by her mother, Mrs. Dudley Horton. Miss Horton was presented a corsage of pink roses.

Out-of-town guests included Mrs. Adelaide Smith of Starkville, mother of the prospective groom; Mrs. Ross Vandevier and Mrs. Joyce Andrews of Tusculumbia, Ala.; Patricia Sullivan of Memphis; Alice Paulk and Linda and Renee Sweeney, all of Tupelo. Also attending was Mrs. Dudley Horton, mother of the bride-elect.

MISS RICE HONORED - Angella Rice (2nd from left), bride-elect of Greg Young, was recently honored with a neighborhood bridal shower in the home of Maybelle Smith. Pictured are (l-r) Maybelle Smith, hostess; Miss Rice; Elizabeth Rice, mother of the bride-elect; Carolyn Tatum and Betty Jo Davis, hostesses.

Dr. Duncan Addresses Pilot Club

Dr. Bill Duncan, pastor of the First Baptist Church in Booneville, was the guest speaker at the Oct. 21 meeting of the Booneville Pilot Club which met at the George E. Allen Library. Mrs. Eudor Kemp, club president, presided.

Pilot Information Area Leader, Mrs. Sara Pounds, had charge of the program. Area members include Mrs. Lee Davis, Mrs. Billie Morgan, Mrs. Anne Prichard, Mrs. Quida Jumper, Mrs. Ortha Long, Mrs. Gladys Moore, Mrs. Linda Eubanks and Mrs. Kaye Roper.

Mrs. Pounds gave the invocation. Mrs. Mary G. Nabers led the group in singing "Sail On International." The pledge to the flag was led by Mrs. Prichard.

Hostesses for the meeting were Mrs. Prichard, Mrs. Cartwright and Mrs. Eubanks. Yellow mums decorated the speaker's table.

Miss Jane Maddox, a senior at Booneville High School and the daughter of Mr. and Mrs. Bobby Maddox, was recognized as the Pilot Citizenship Girl of the month by Mrs. Mary G. Nabers, patriotism leader.

Mrs. Kaye Roper was recognized as the Pilot of the month. Mrs. Roper introduced Dr. Duncan who spoke about "How To Improve Your Serve."

He asked what does it really mean to be a servant and get involved with helping people. He referred to Mrs. Elizabeth Leonard, founder of Pilot International, who was concerned with the needy who she witnessed to in Macon, Ga., following the years of World War I.

Because of this concern and her involvement, the nucleus for Pilot International was formed.

He said that in overcrowded conditions, we tend to be less involved. There isn't as much interchange, he said. The busier we are, the less involved we usually are in other people's needs. Dr. Duncan pointed out that servants are instruments of God's love with Jesus being our servant image.

Special guests included Ann Lettieri and John and Mrs. Bobby Maddox, Mrs. Emily Fulper.

Sunday was such a beautiful day. Bro. Jimmy Wallis preached a wonderful sermon entitled "The Church Must First Repent." We had a good crowd. Lisa Gray of our church sang the lovely song "Because He Lives." We had a good service and attendance Sunday night, also.

The youth of our church enjoyed a hayride Saturday night with 31 present.

Visiting Mrs. Verda Mae Stubblefield last week while she was in the hospital were Mrs. Bobbie Sanders, Mrs. Peggy Echols, Mrs. Maxola Bonds, Mrs. Catherine Shook, Mr. and Mrs. Jackie Tolar, Brandy and Misty of Booneville, Mrs. Fay Murphy, Mrs. Rachel Hall of Meadow Creek community, Mrs. Lillie Richie of Blue Springs, Ann McCostlin, Mrs. Dessie Tolar, Mr. and Mrs. Glenn Skelton of Baldwin, Mrs. Chessie Prentice and Mary E. Tyus of the community. We are happy that Mrs. Stubblefield is home and improving.

Those visiting Mrs. Chessie Prentice last week were Mrs. Dessie Tolar of Baldwin and Mrs. Juanita York of Booneville. They visited Mrs. Zella Stevens of Casey Creek community later Wednesday afternoon.

Mrs. Chessie Prentice and Mrs. Eugene Holmes made a business trip to Tupelo on Tuesday. Mary E. Tyus visited Friday afternoon.

Mrs. Jackie Tolar was honored with a household shower Monday at 2 p.m. in the home of Mary Eddie Tyus. Those present were Sherry Tolar, Brandy and Misty, Catherine Shook, Chessie Prentice, Lucille Glover, Wynona Mabry, Joyce Ratliff, Mary Jane Harling, Ruby DeVaughn, Mary E. Tyus and Dessie Tolar. Mrs. Tolar received many gifts and thanks each one for them.

We are sorry to report that Charly Gray is a patient in the Tupelo hospital. We send our love and best wishes to him and his family.

We are happy that Mrs. Opal Sweeney is out of the hospital. She was at church Sunday morning.

Mrs. Mary Jane Harling

and Mrs. Mary Eddie Tyus visited in New Albany on Wednesday with Mr. and Mrs. Alvin Howe, Mrs. Mona Simpson, Mrs. Vanessa Cooper and Mrs. Jane Taylor.

Mr. and Mrs. David DeVaughn, Brad and Tracy of Booneville were dinner guests Sunday of his parents, Mr. and Mrs. W.H. DeVaughn.

Mr. and Mrs. Woodroe Barnett went to Memphis Monday and picked up his sister, Isabelle Barnett Owens for a visit. She returned home Friday.

Guy Russel Davis spent Friday night with Mark Cagle and Mark spent Saturday afternoon with him.

Mary Hendrix and Alice Glover visited Myrtle Sartin in Marietta Friday night.

Mrs. Pauline Miller and Mrs. Judy Hamblin and boys visited Mrs. Jo Ann Waters and family of Tupelo last week.

Saturday night Mr. and Mrs. L.C. Cagle and granddaughter, Kim Hamblin of the Casey Creek community visited their son Max Cagle and family. They all enjoyed

a fish supper.

Carla Hendrix spent Saturday night with her grandmother, Mrs. Frankie Hendrix of Wheeler.

Those visiting Mrs. Mildred Baxter for the weekend were Betty and Tina Cockrell of Baton Rouge, La., and Tammy McCarley and Joey of Verona.

Carla Hendrix was selected as first alternate in the Queen of the Forest Contest Saturday night at Booneville.

Mr. and Mrs. Randall Key and Brandon of Mobile, Ala., visited his mother, Mrs. Bettie Key over the weekend. Mrs. Key's children ate supper with her Sunday night.

Mr. and Mrs. Clifford Glover and Teresa Henery visited Mr. and Mrs. Tony Henery of Jug Fork Sunday afternoon.

Guests of Mrs. Essie Merryman last week were Mrs. Isabelle Owens of Memphis, Mr. and Mrs. Jeff Hastings of Wheeler, Mrs. Mildred Barnett of the community and Debbie Underwood of Baldwin.

Sunflower News

By ROCHELLE JENKINS
Correspondent

The news this week is limited. But I hope I say something that will help or encourage someone along the way.

One lady asked me why didn't I put some scriptures or something about the Lord in one of my articles. But since I am a community writer I try mostly to mention community happenings.

But I thought this week that I would write about "love" — one of the most misunderstood words in the world. But first let me share some communitiy hap-

penings because that is what this article is all about.

Mrs. Patricia Gardner is home from the hospital and is reported to be doing much better.

Connie Warren and Miss Janice Ann Wicks were supposed to come home from the hospital on Monday. We hope they are doing fine, but let's continue to remember them in our prayers.

Mrs. Zella Rogers had a light accident at Wal-Mart. She wasn't hurt but her car was damaged.

Mr. and Mrs. Anthony Dean were at church Sunday. Since they are living in

Holly Springs now they're not able to come as often as they would if they lived closer.

Mr. and Mrs. Russell Tye were guests at our Sunday morning service. We were so glad they came and hope they will come again real soon.

Miss Mary Lee Miller's hubcaps were stolen Wednesday night as she was in Bible class. A group called the "Pilgrim Jubilee" sings a song entitled "It Ain't Safe Anywhere, No More," and I have to agree with them. For someone to come to the church grounds and steal something — the only thing I can say is "Lord Save Them."

This is Halloween Week. We remind everyone to watch out for our little children. Our children enjoy going door to door saying "Trick or Treat" but so many of the older people make harm out of it and hurt them. But we don't have to do those things. There are too many things to do beside hurting someone.

Let's have a safe Halloween. We can do it. Let's us as parents carry our children out and have them back home early. If you don't have time to take them -- let some responsible teenagers carry them and bring them back early. Join me and let's pray for a safe Halloween.

I had the opportunity to visit a friend's home and it was breathtakingly beautiful with all the antiques. I heard her make a statement and I just can't forget it — she told her husband that if he didn't love her that if she had a thousand dollars in her

pocket it wouldn't mean anything.

I stopped and looked around at their possessions and I knew they were financially fit and I began thinking — money can't buy happiness.

I realize it takes money to survive but I'm talking about real, total happiness. A house may have carpet from the front door to the back or everything your heart desires, but unless the house has love that abides in it, it isn't a home.

So many times I think about my mother and how she loved us. A mother has a great responsibility and often we get wrapped up in our jobs and other things until we neglect our real responsibility — our homes, children and husbands.

We don't seem to have time to take time with them because we have to run her and there. Giving them money, food, and clothing is not enough. They need our attention and our concern.

So many times when we look at the alcoholic or the dope addict we sometimes look down on them. But I guarantee you they were neglected and did not receive enough love and they are seeking to find it — although they may not know what they are searching for.

This one word is on the critical list and is in intensive care but every home has got to see the need for it and find out the missing ingredient and then put it to use. It definitely will make life better.

We certainly want to welcome Maurice Betts, the former Miss Tina Pierce, home for a visit. We are glad to see them.

Jan Chism and Dustin and DeLanna Mayos spent Friday night and Saturday in Corinth with Mrs. Ken Hunter and Melissa.

Mr. and Mrs. Gene Frederick, Becky and Benny and his guest, Cathy Wright of Wheeler attended a birthday dinner Sunday for Junior Gable of the Tusculum community in the Gable home.

Larry Joe Cosby of Thrasher and Will Moore have returned from a successful hunt in Buffalo, Wyo. They had planned to visit Yellowstone National Park but they were surprised to find the road closed due to three feet of snow.

A few days later Thomas Parham and Mr. and Mrs. Junior Worley joined the hunting party for ten exciting days.

Since this is an annual hunt the group has made many friends and they spent a lot of time visiting.

While there the group enjoyed sight-seeing and spent one day at Big Horn.

The Mississippians honored their Wyoming friends the night before they left with a catfish cookout with all the trimmings. They discovered Mississippi catfish to be delicious. Will Moore presented their host with a half gallon of molasses with instructions on how to enjoy them. The hunters returned home with plenty of deer and antelope.

Bun Grisham of Wheeler was a Saturday visitor of Mr. and Mrs. Smith Oakley. Our community was saddened Friday due to the sudden death of Mrs. Zana Floyd. Deepest sympathy is extended to the family.

The Rev. Paul Daniel spent a few days in Meridian visiting his parents. We extend best wishes for a speedy recovery to his father.

Dr. Ellis Tucker and Mrs. Lance Hale, Kim and Scott of Oxford were Saturday visitors of Mrs. Ethel Tucker.

Mr. and Mrs. Fred Clement, Michelle and Miles spent Sunday afternoon with Mrs. Jess Clement of Sallitilo. Mrs. Jess Clement's seven grandchildren and two great-grandchildren surprised her with a party.

We regret the name of Mrs. Jim Kelly was omitted last week as a hostess for the shower of Terrence Geno, son of Mr. and Mrs. Greg Geno.

Mr. and Mrs. Lidell Bryant of DeRider, La., and Mr. and Mrs. Lynn Lott, Rebecca and Carlton of Maryville, La., were recent guests of Mr. and Mrs. Wade Koon.

Mrs. Pauline Geno, Mrs. Eva Garner and Mrs. Archie Saylor were among the Bank of Mississippi Bus Tour last Tuesday that toured the Tennessee Tom and had lunch in Dennis.

Jimmy Smiley of Toronto, Canada is a houseguest of Mr. and Mrs. D. Hoyle Eaton.

Mr. and Mrs. Smith Oakley visited Sunday afternoon with Mr. and Mrs.

Murry Spain of Wheeler.

Saturday night guests of the L.L. McAlpins were Jill McAlpin of Memphis, Misses Lisa and Charlotte Essary of Kossuth, and Mr. and Mrs. Benny Pippin and Holly of Booneville.

Members of Christ United Methodist Church enjoyed their annual picnic Sunday at the Tishomingo State Park.

Friends of Michael Mann were sorry to learn that he has not responded well since having surgery in the Shriners Crippled Childrens Hospital in Chicago. Your prayers are requested for his recovery.

Mr. and Mrs. Gene Frederick and Becky were visiting Friday night with Mr. and Mrs. Marvin Ozbirn and family of Pisgah.

Mr. and Mrs. Gerald Worley, Joel and Joey and Mrs. Edith Hendrix of Lookout Mountain, Ala., were weekend guests of Mr. and Mrs. Junior Worley and family. Mrs. Hendrix remained for the week.

Nelson Smith of Memphis visited last Friday and Saturday with Mr. and Mrs. Wade Koon.

Mrs. Pauline Geno and Mrs. Achie Saylor were visiting Sunday afternoon with Mr. and Mrs. Nolan Michael of Pisgah.

Friends of Mrs. Nora Dees are glad she has improved and home from the Ripley hospital.

Mr. and Mrs. George Coats and family were Sunday afternoon visitors of Mr. and Mrs. Hank Chapman and family of Pine Grove.

Get well wishes are ex-

tended to Mrs. Louise Alexander of the Tupelo hospital and Robert Carroll Browning of Jackson.

Danny Joe McAlpin, Dalton Garner and Dalton Guy were among those who attended the Auburn-Mississippi State football game Saturday afternoon in Starkville.

Sunday afternoon guests of Mrs. Eva Garner were Mr. and Mrs. William Morgan of Memphis.

Mrs. Archie Saylor, Mrs. Pauline Geno, Mrs. Cathy Pippin and Danny Joe McAlpin attended a district

meeting of the Order of the Eastern Star in Baldwin Friday night. The Worthy Grand Matron and the Worthy Grand Patron were honored. Almost a hundred people enjoyed the lovely affair.

Sue Smith and Bobby Harrison of Verona spent Sunday afternoon with Mr. and Mrs. Wade Koon.

INSIGHT INTO EYESIGHT

from the office of:
JOHN R. WHITE, O.D.

EXTENDED-WEAR LENSES

Our modern life-style is often hectic and fast-paced. Frequently, we don't have time for the things we MUST do much less those things we WANT to do. Contact lenses which require daily insertion and removal also require daily care. "Extended wear" contacts, on the other hand, are designed to be worn continuously for up to two weeks — depending on the individual and his or her prescribed schedule.

There are also many more people today who are traveling, camping, and spending their leisure time in ways which make daily care of conventional con-

tacts particularly impractical. Extended-wear contacts may be the answer for them. But it is important to stress that not all soft contact lenses can be used in this way. Only a soft contact which has met the criteria of the U.S. Food and Drug Administration can be worn for prolonged periods. Also, prescribing these contacts depends on such factors as the health of your eyes, your tear chemistry, and the way you work and relax.

For answers to your specific questions regarding vision, Dr. White invites you to call his Booneville office.

A Senator for the 80's

"The person we send to Washington this year as Senator will serve a six year term--a term ending in 1989. That is why I say we are electing a Senator for the 80's.

During this decade, Mississippi has a chance to finally get off the bottom of the economic ladder and enjoy a new day of opportunity.

However, to achieve this, we must have strong leadership working for us. During the next six years, I want to work with you as your Senator to ensure this bright future for ourselves and for our children.

With your help, I can be that Senator for the 80's."

Church services here Sunday were great. Bro. Franks brought an interesting message that was enjoyed by all present. The singing here Saturday night was good. Those who did not come missed a blessing.

Mr. and Mrs. Thomas Samples, and Mrs. Nancy Sheffield and children of South Prentiss attended church here Sunday. We welcome them back. Mrs. Alvin Stanton and granddaughter of Wheeler were visitors Sunday of Mrs. Ida Powell. Mr. and Mrs. J.L. Hall and Kevin and Penny Lindsey

shopped in Tupelo Friday. Mrs. Charlene Hall and Sissy of Baldwin were guests Friday of Mr. and Mrs. Dudley Lindsey. Mrs. Ilene Nunley and Mrs. Joe Eaves and Jodie Lynn have returned home after spending several weeks at Meridian. Lisa Roberts of Booneville spent Saturday night with

her grandmother, Mrs. Delma Lesley. Slim Thompson, James Lee and Mrs. Bessie Harp and Bonnie of Altitude were visitors Sunday of Mr. and Mrs. Joe Stone. Mrs. Dora Cravens and Mrs. Buddy Knight visited with Miss Bessie Ricks Friday at Hopewell. Roy Treece of Corinth was a guest Sunday of Mr. and Mrs. Joe Stone and children. Friends and relatives of Lisa Roberts gathered at the home of Mrs. Delma Lesley Sunday to celebrate Lisa's 11th birthday. Cake, cookies, coke and ice cream were served. Lisa received nice and useful gifts. All had a wonderful time. We wish Lisa many more happy birthdays.

Dudley Lindsey spent Sunday with H.T. Wilson at Baptist Memorial Hospital in Booneville.

Rienzi News

By VIOLA PRESLEY
Correspondent

Miss Brenda Johnson spent a delightful weekend with a group of Camera Club friends on a scenic trip to the Smoke Mountains.

Mr. and Mrs. C.W. Ramsey of Baldwin enjoyed a Sunday visit with Bro. and Mrs. James H. Moore. Relatives and friends have been calling on Mr. and Mrs. Buddy Johnsey this week as they welcome Leslie Anne home from the Medical Center in Tupelo. People have come from Booneville, Jumpertown, Glen and Corinth, adding their good wishes to those from our area.

The family of Andrea Bishop continue to be with her at St. Jude's Hospital in Memphis. Everyone anxiously awaits encouraging reports.

Mrs. Erma McKinney of Booneville was a guest this week of Mr. and Mrs. Melvin Johnsey Jr.

Mrs. Frances Bullard spent a part of this week with Mrs. Susie Nash of Hickory Flat.

The family of Mr. and Mrs. Wayne Bullard have returned from Liberty, Miss., where they visited with her sister, Mrs. Reed. Mr. and Mrs. Gene Plunk and Michael Johnson have moved into their newly

completed home. Mr. and Mrs. Glen Lawson are being honored Sunday afternoon, Oct. 24 with a miscellaneous shower. The Lawson's recently lost their home in a fire. The event is being given by Mrs. Lawson's Sunday School class and will be in the Fellowship Hall of the Rienzi Baptist Church. Many of our Rienzi people were in Biggersville Friday night for the Biggersville-Mooreville football game, which was homecoming for Biggersville.

The Rienzi Lions Club, with the leadership of Director James H. Moore, is sponsoring a sale of Halloween candy which is being successful.

Mrs. Bobby Connor is at home following a weeks stay in the Tupelo Medical Center. Very sincere get well wishes go to Peggy.

We have read with much regret in recent issues of the Banner reports of Miss Jessie Presley who has been in the hospital due to illness.

Mrs. Jolene Perry has been spending time with her father, Mr. E.M. Key of Booneville, who has not been well.

Mike Kuykendall of Rienzi, Route 3, was in Oxford last weekend visiting with friends and attending the Ole Miss homecoming football game.

Cancer Society Board Meets

The Prentiss County Unit of the American Cancer Society held the first board meeting for the 1982-83 year on Oct. 4 at the Booneville Presbyterian Church.

The following people will be serving as officers for the new year: Mrs. Linda Johnson, president; Mrs. Mary Dobbins, vice-president; Mrs. Jerrie Jackson, treasurer; Mrs. Evelyn Breedlove, secretary; Mrs. Cris Clement, crusade chairman; Mrs. Joy Saylors, resident chairman; Mrs. Boyd Riddle, county

chairman; Mrs. Ruth Galloway, public education and memorial chairman; and Mrs. Voncile Pounds, service chairman.

The following new board members were elected to serve with the previous board members for the coming year: Mrs. J.P. Davis, Mrs. Cris Clement, Stan Pounds, Mrs. Helen Rubenstein, Mac Curlee, Mrs. Ernestine Cunningham, and Jackie Fields.

Names Of Girl Scouts Omitted

Underneath a picture of Girl Scout Troop 334 in last week's paper, the names of some of the girls were inadvertently omitted. The outline should have read:

Girl Scouts participating in painting the playground tires at Hills Chapel School as one of their community service projects are (seated, l-r) Debbie Smith, Jennifer Dunaway, Danielle

McCombs, Kacy Hudleston, Mary Hoffman; (standing, l-r) Mimi Cleveland, LeAnn Hodges, Molly Smith, Tracy Riddle, Rita Davis, Julie Kennedy, Serena Pippin, Kristy Jacobs, Rhonda Hughes, Shonda Woodruff and Melissa Elliott.

The Banner-Independent regrets the error.

Blue Devils Score Early And Hold On For Victory

By CLIFF LONG
Sports Writer

"Very, very poor," was the only comment available from Booneville Blue Devil head coach Charles Gullett after the Blue Devils' homecoming match-up against the Nettleton Tigers Friday night.

Booneville won the game where it counted, by outscoring the Tigers 7-0. Statistically, however, Nettleton recorded the better showing.

Booneville gained 196 total

yards on the night, as the Tigers recorded 242.

The Blue Devil leading rusher, Tony Brooks, gained 71 yards on nine carries, while Greg Steen and Greg Oakley accounted for 34 and 25 yards respectively. Fullback Mark McCreary also gained 17 yards on the night.

Nettleton's two leading rushers accounted for 87 and 72 yards apiece.

Booneville quarterback Bernard Anderson completed 33 percent of his

passes, finishing the game two of six with 43 yards. The Tigers completed 50 percent

of their passes on the evening.

The only score in the ball

BOONEVILLE-NETTLETON STATISTICS

Total Offense	196				242

game came when quarterback Bernard Anderson connected on a 29-yard touchdown pass that fell into the hands of Blue Devil leading receiver and scorer, Larry Mackin.

Booneville held a 7-0 lead after Rod Coggin's extra

point.

Just before the end of the first half, Nettleton attempted a 32-yard field goal that fell short of the goal post to allow Booneville to maintain their seven point advantage.

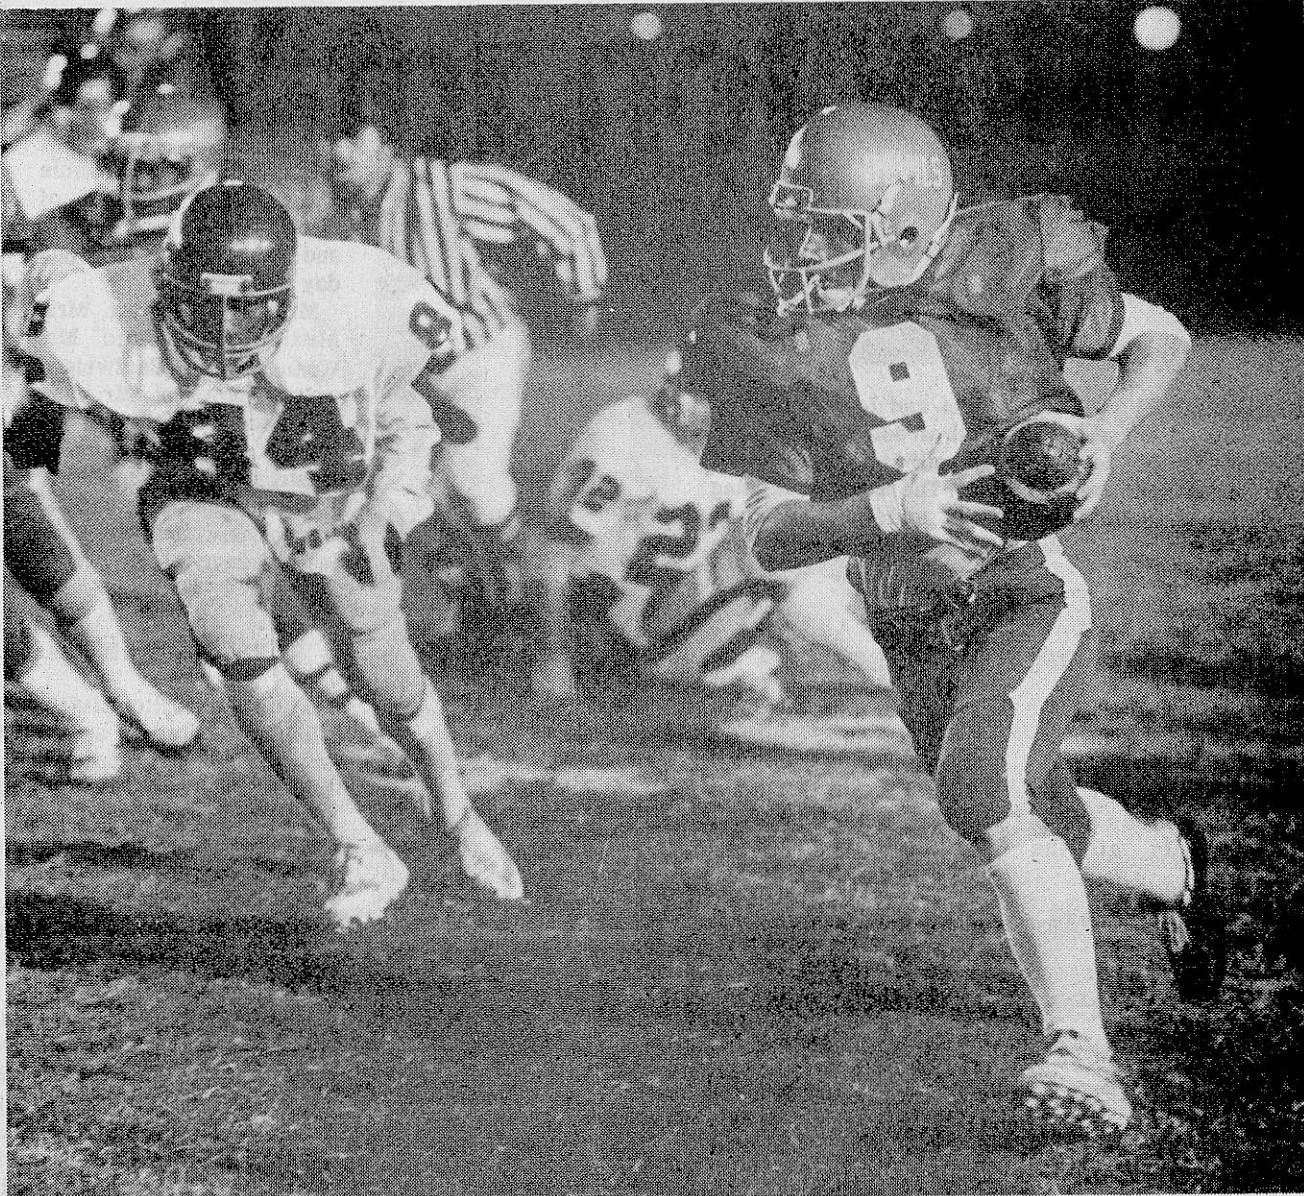

The Blue Devils now hold

sole possession of second place in District 1-A after the Ripley Tiger's loss to New Albany. A New Albany win over Houston tomorrow night would wrap up the District championship for the Bulldogs.

Booneville holds an im-

pressive 6-1-1 mark for the year, even after their near upset at the hands of Nettleton.

The Blue Devils play the Pontotoc Warriors tomorrow night at Pontotoc's home field. Kick-off time is 7:30.

Baldwyn Bearcats Shoot For District 1 Title Friday Night

Baldwyn's Bearcats have a chance to gain a share of the District 1-BB title if they can handle the Okolona Cheifains tomorrow night at Latimer Park in Baldwyn.

The Bearcats have

compiled a 3-1 district record to date, the best in 1-BB. Okolona stands in second place with Hatley, holding a 2-1 record.

The Bearcats hold the lead despite a disappointing

overall record. At 3-5, Baldwyn started slowly this year, losing four in a row, before bouncing back.

Head Coach Hubert Tucker and his Bearcats should have a tough time getting past the Cheifains,

whose defense has only allowed 82 points on the year, but with a strong running attack and a solid quarterback, the Bearcats should be able to take home a district championship.

Cheerleader Captain Says

It's Hard Work, But Lots Of Fun

By CLIFF LONG
Sports Writer

"It's a lot of fun, but it takes a lot out of you." This is the definition of cheerleading, as seen through the eyes of Booneville High School cheerleading captain, Susan Wimberly.

Susan was chosen captain of the 1982 squad, which consists of 10 members.

Booneville High School holds tryouts at the end of each basketball season, around the first of May.

From that point on, the girls start to prepare for the coming year. Practice begins in the heat of June and continues consistently until cheerleading camp at the end of the summer.

The squad from Booneville travels annually to the University of

Mississippi to a camp held by the Universal Cheerleaders Association.

"All we had to eat was potted meat and crackers the whole week," junior cheerleader Marca Drewry kidded. The cheerleaders explained that the camp required everyone to rise at 6 every morning and learn and work at various skills until bedtime at 9 that evening.

"It was tough, but very important, because we learned a lot about each other, and we learned to love each other as well," was co-captain Lisa Roger's comment of the camp.

After four months of preparation and the football season begins, the girls all agree that they wouldn't give it up for anything.

"The reason we're out there is to keep up the spirit of our team and fans," said sophomore Tracy McCoy.

Junior Debbie Garvin said that the best part of cheerleading, was to be able to experience with the team "all they go through in winning and losing," which has been a very emotional part of this year's season.

Much work goes into this sport of cheerleading. This Blue Devil squad practices every day after school. They are presently faced with the problem of the upcoming switch from football to basketball. This problem forces the squad to practice cheers from both sports.

Injuries can also be a problem. At a recent pep rally junior cheerleader Jane Brown fell from the top of a three-level pyramid. The fall caused her to be out of action for two games, as the injury had a damaging affect on her spinal column.

The entire squad records one back injury, three ankle injuries, and one neck injury to date.

Sophomore Jennifer Jones summed it up by saying, "You've got to be dedicated."

The 1982 Blue Devil squad is definitely dedicated. Booneville head football coach Charles Gullett stressed his appreciation of the squad.

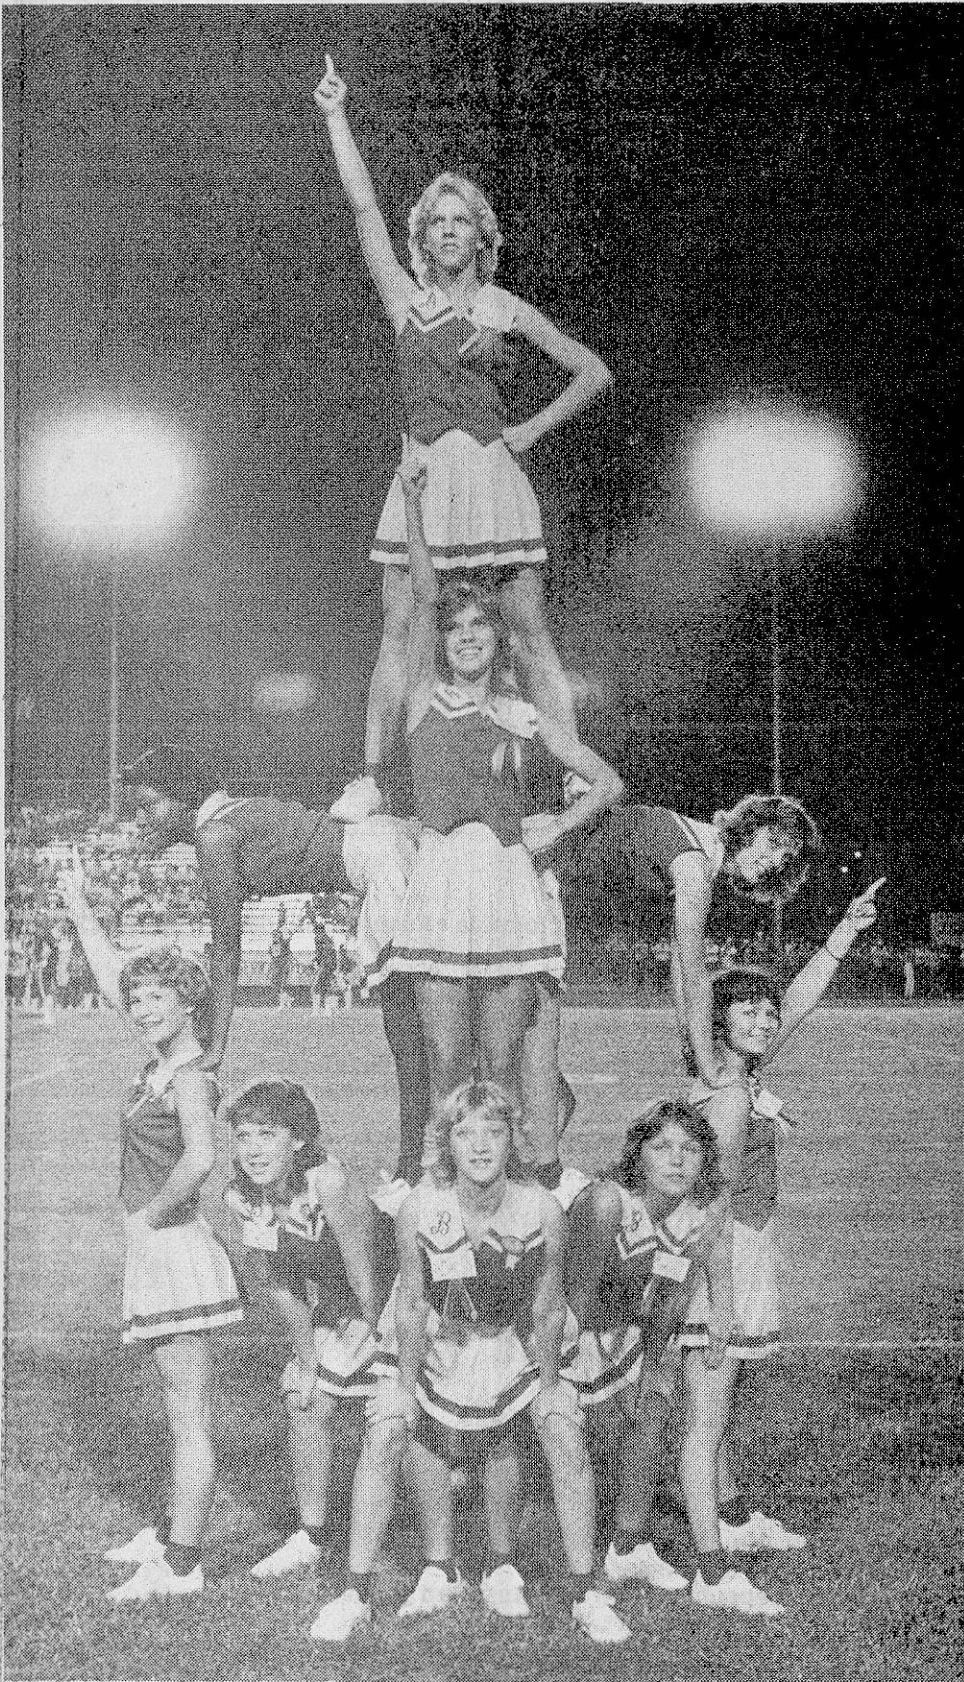

"They've worked harder than any we've ever had, and they're the best we've ever had, in my opinion."

Gullett added that without them, Booneville High School would not have the spirit that it does this year.

Sophomore Jeanie Cole said, "We are like a family. We have to be. If we didn't have this unity, we wouldn't have anything."

Junior Carmella Gardner believes that the squad has "really got it together."

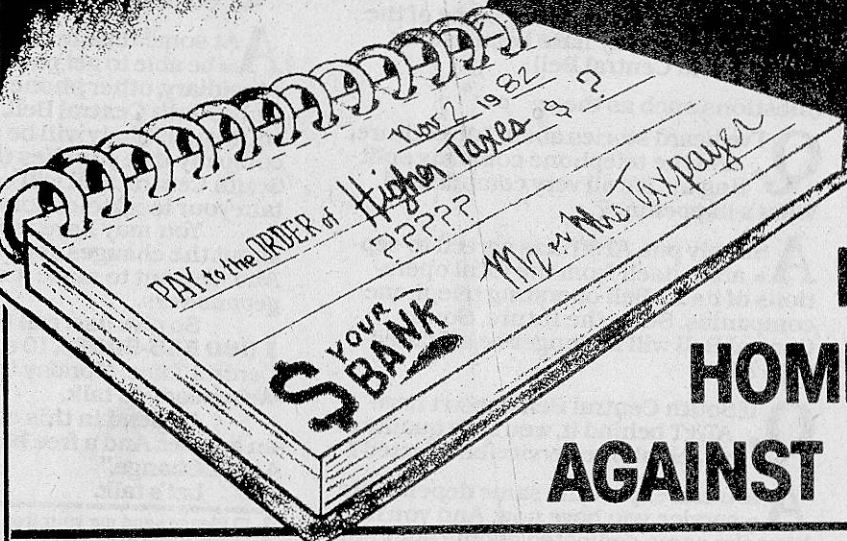

Cheerleaders work very hard week after week to prepare and to perform at ball games and other school events. The next time you see good backing and good spirit at a ball game, thank a cheerleader. She deserves it!

'WE'RE NUMBER ONE' - Chiefly responsible for the abundance of spirit at Booneville High School this year are BHS cheerleaders (bottom, from left) Marca Drewry, Jennifer Jones, Debbie Garvin, Lisa Rogers, Susan Wimberly, (middle, l-r) Carmella Gardner, Jane Brown, Dawn Wilhite, (top) Tracy McCoy, and Jeanie Cole (who is spotting the other cheerleaders from the back and not visible in the picture).

In Basketball Action

Three Teams Tie For Thrasher Tourney Honors

When a tournament has only four teams competing and ends in a three-way tie for first place, you know the teams were evenly matched and the action was hot and heavy.

That's the way it went in the boys' action at the Thrasher Invitational Basketball Tournament last week.

With two wins and one loss each, Wheeler, Thrasher and Jumpertown tied for first in the boys' round robin which featured all four county teams. Despite some close matchups, New Site ended the tournament with three losses.

Girls action also included all four county teams, plus

teams from Kossuth, Belmont and Alcorn Central. Kossuth took top honors in the girls' bracket.

Thrasher coach Jackie Rowsey said after the tournament that this should be a good year for basketball in Prentiss County because the teams are so evenly matched.

"On any given night any Prentiss County team could beat any other Prentiss County team," he said Monday.

All of the matchups in the tournament were close contests, going right down to the final seconds of the games, he said.

TUESDAY
The tournament began on

Tuesday night of last week with Alcorn Central's girls defeating Belmont's girls, 51-41. Christie Bain scored 22 for Alcorn Central with Marsha Young adding 12. Jerri Armstrong had 12 points for Belmont.

In the second game, Thrasher boys dropped New Site boys, 60-51. Scoring in double figures for Thrasher were Keith Trimble, 15, Paul McCutchen, 12, Calvin Davis, 10, and Danny Ramsey, 10. Mark Barnes had 18 for New Site and Richard Shook added 10.

WEDNESDAY
Wednesday night's action began with the Thrasher girls defeating Jumpertown's girls, 41-31.

Jessica Goddard scored 14 points for Thrasher; there were no double figures in the individual scoring for Jumpertown.

Wheeler girls defeated the New Site girls, 46-34, in the second game of the night. Wheeler's Sharon Reagan scored 17 points and Lisa Griffin hit for 13. Cris Frost had 17 for New Site.

THURSDAY
Kossuth defeated Alcorn Central, 61-30, in Thursday's first game. Donna Wallis had 21 points for Kossuth, followed by Kay Bullard with 12. Christie Bain had 11 for Alcorn Central.

In boys' play, Jumpertown defeated Wheeler in a "barn burner," 87-86. Perry Perrin

scored 26 points for Jumpertown, with Kevin Simmons putting in 22, Ricky Burress, 16, and Bentley Green, 10. Lee Tate of Wheeler scored 33 points, with Tony Tate adding 12 and Willie Miller putting in 10.

FRIDAY
The Wheeler girls defeated the Thrasher girls, 48-34, in semifinals play on Friday night. Scoring in double figures for Wheeler were Tangie Miller, 17 points, Sharon Reagan, 10, and Angela Davis, 11. Jessica Goddard had 11 points for Thrasher.

Kevin Simmons scored 29 points for Jumpertown, with Perry Perrin adding 27 and Ricky Burress, 11. Mark Barnes put in 25 points for New Site, with Richard Shook adding 16.

In the night's final game, Wheeler defeated Thrasher 85-79. For Wheeler, Lee Tate had 26 points, William Lowery had 23, and Terry Hollins had 14. For Thrasher, Calvin Davis scored 20, Danny Ramsey, 19, Keith Trimble, 10, and Roy White, 14.

SATURDAY
In Saturday night's finals, Kossuth girls defeated Wheeler girls, 59-41. Donna Wallis scored 19 points and

Kay Bullard 20 for Kossuth. Tangie Miller scored 21 points for Wheeler.

Wheeler defeated New Site, 69-54, in the night's first boys' game. Terry Hollins scored 23 points for Wheeler, with Lee Tate adding 17 and Willie Miller 11. Mark Barnes scored 22 points and Greg King 11 for New Site.

In the final game, Thrasher boys downed Jumpertown boys 80-67. Calvin Davis put in 27 points for Thrasher, Danny Ramsey added 14 and Paul McCutchen, 12. For Jumpertown, Kevin Simmons scored 25 points, Perry Perrin, 13, and Ricky Burress, 11.

Nation's No. 2 Team Trounces Tigers

Following the conclusion of Saturday night's football game, the Northeast Mississippi Junior College Tigers undoubtedly wished they had stayed at home.

Northwest Junior College lived up to its rating of number two in the nation, giving Northeast a resounding licking Saturday night in Senatobia, defeating the Tigers 41-0.

Turnovers hurt the Tigers. Northeast turned the ball over to Northwest five times, four times on fumbles and once on an intercepted pass.

The Tigers also took the ball away from Northwest three times -- all three on

pass interceptions -- but were unable to capitalize on those turnovers.

Northeast ended the game with 152 yards total offense (in 48 total offensive plays), compared to 527 for Northwest (in 61 offensive plays).

Northwest consistently moved the ball on the ground against the Tigers. In a total of 61 rushing plays, Northwest gained 445 yards and lost only 15, for a net gain of 430 yards rushing, an average of more than seven yards gained per rushing play.

Northeast attempted 25 rushes, gained 87 yards and lost 7 for a net gain of 80 yards. This was an average

of about 3.5 yards per rush. Final statistics showed Northeast with seven first downs, three by passing, three by rushing and one as the result of a penalty. Northwest had 21 first downs, one by passing and 20 by rushing.

THE FIRST score came early in the game.

With 13:05 remaining in the first quarter, Northwest's Steve Rayburn scored on a 2-yard run. Keith Stribling added the extra point, making it 7-0.

Later in the first quarter, Northwest missed a 41-yard

field goal, but made up for it a few plays later when Jerry Keiser scored on a 1-yard dive with 4:26 remaining. Stribling's extra point made the score 14-0.

About halfway through the second quarter, Anthony Jackson's 35-yard scoring run added to Northwest's lead. Stribling's extra point made the score 21-0, where it stood at the end of the half.

With 11:34 remaining in the third quarter, Mark Robinson scored for Northwest on a 19-yard run. The extra point attempt failed, leaving the score at 27-0. Northwest scored twice

more during the fourth quarter.

With 10:05 remaining in the game, Jackson scored again, this time on a 4-yard run. Stribling's extra point made the score 34-0.

With only 12 seconds to go, Peter Lane scored on a 22-yard pass to Jamie Dunlap. Stribling's extra point was once again good and the final score was 41-0.

Northwest's win gives them an 8-0 record for the year. Northeast currently

has two wins and six losses.

THE NORTHEAST Tigers will play their last home game of the season tonight in Keenum Stadium against Southwest Junior College.

Originally scheduled to begin at 7:30, Northeast athletic director Bill Ward announced this week that game time has been moved up 30 minutes to 7 p.m.

The Tigers will end their season on the road against Mississippi Delta on Thursday, Nov. 4.

Kickoff Time Changed For Tonight's Game

There has been a change in the kickoff time of the final home game of the 1982 football season, according to Bill Ward, director of athletics at Northeast Junior College.

The game against Southwest Junior College, originally set for 7:30 p.m., will begin at 7 p.m. in Keenum Stadium, he said. The change was made to accommodate players and fans of both institutions, Ward said.

Saylors Still Leader, But

Miller And Jumper Closing Gap

Manfred Saylors remains the top picker on the Banner-Independent's Prognosticator Chart, but Leighton Miller is only two games behind and Doug Jumper, at 5 games behind is narrowing the gap.

Jumper lead the picking this past week, correctly

choosing 12 of 14 games for 85.7 percent. Miller and Saylors tied with each picking 11 of 14, or 78.6 percent.

To date, Saylors has picked 86 out of 111 games, or 77.5 percent. Miller, with 84 of 111, has 75.7 percent,

and Jumper, with 81 of 111, has a 73 percent average.

Last week's guest pickers gave the regular pickers a run for their money. With 11 of 14, or 78.6 percent, **Banner-Independent** publisher Paul Miller tied with Miller and Saylors for 2nd place for the week, while

Booneville Alderman Charles Steen was one game behind, picking 10 of 14 for 71.4 percent.

This week's guest pickers are Charles Calvert of the ASCS office and Marshall Dickerson of Dickerson Furniture.

LOST

CONGRATULATIONS - to the owner of the brown dog that lives in the vicinity of the trailer park on Highway 45 South - you are now the owner of litter of seven fine puppies. They are all doing fine but had rather be at home. If the father belongs to you, he is also here and is very proud. The breed of the dogs is uncertain, but it's obvious they come from a fine home in a good neighborhood. There is no charge for the fine care they have received, but our daughter would like the pick of the litter. Call 728-6214 days, or 728-8231 after 6.

CARDS OF THANKS

CARD OF THANKS

The family of Ethel Bullard wishes to express their sincere appreciation for the many acts of kindness and love which were displayed during their time of sorrow. We want to thank McMillan Funeral Home for their kindness. Also Bro. Potts and Bro. McCutchen. The daughters would like to acknowledge the support and faith and kindness of many during Mrs. Ethel Bullard's long illness. The daughters and family of Ethel Bullard

CARD OF THANKS

The family of James Harold Thomas II wishes to express their deepest appreciation to all friends and family.

Special thanks to the Ambulance Service; Mississippi Highway Patrol; Booneville City Police; Baldwin City Police; and Tupelo City Police in their assistance to North Mississippi Medical Center in Tupelo and the LeBonheur Hospital in Memphis.

We would like to thank Brother James Wells and Brother Jerry Mitchell for their comforting words in our time of sorrow. To the Brotherhood of Crestwood Church and the songs that were sung at the funeral, it was all appreciated.

Thanks goes out to those who bought flowers and food and those who gave money to us. And to McMillan Funeral Home for their kindness.

The family of James Harold Thomas II

BANKERS MEET - Thurston Davis (left) of the Peoples Bank in Booneville welcomes guest speaker R.L. Qualls to last week's meeting of the Northeast Mississippi Chapter of the Bank Administration Institute held at Northeast Junior College. Qualls, who is executive vice president of the Worthen Bank of Little Rock, Ark., discussed strategic planning and the 10 priorities for the future in banking. Shown at right is Gary Walker of the Bank of Mississippi in Tupelo, who is president of the association.

CB Club News

By LADY BLUE SURF

Our sympathy goes out to the family of John Boren, age 33, who died of a heart attack. He was the cousin of Fig Leaf.

Brass Monkey hurt his back this week. Telephone Lady has had a sinus headache and Little Blue Wave, Blue Surf and myself have bad colds this week. We hope everyone is soon feeling lots better.

Congratulations to Honeycomb who will be unit Nu. 61. We hope you will enjoy our club as much as all the rest of us.

Chipmunk, what did you

make Telephone Man miss out on during that trip to the mountains?

Telephone Man wishes to thank each of you that helped cut wood. Everyone that can help is asked to meet at 8 a.m. on Saturday at Big Q Ponderosa to cut wood. Anyone not knowing the way should meet at the Upholstery Shop at 7:45 a.m.

Our regular social will be held on Nov. 6, at 7:30 p.m. at the West Side Community Center. Those attending are asked to bring a picnic basket. Come enjoy the fun!

Happy birthday to P.Q. and Pee Wee on Oct. 28. Hope each of you have a nice

day and enjoy many more. Double R, Lady Double R and Big D are busy getting ready to move into their new home.

The Trojan C.B. Club annual jamboree will be held on Nov. 6-7, at the fairgrounds on Hwy. 69 S. Columbus. The dance Saturday night will be from 9 p.m. until 1 a.m. Admission will be \$5 per person. There will be a dance contest. Coffee break will be Sunday from 10 a.m. until 4 p.m. There will be free coffee and cake.

Until next week, stay well, be happy and attend the church of your choice.

New Officers Elected

Citizens Club Meets

The Junior American Citizens Club at Thrasher School had its regular meeting Oct. 19 and elected officers for this school year.

Jason McCreary was elected president, Leo Green was elected vice-president, and Missy King was elected secretary. Following the pledge of allegiance to the Flag of the United States of America and a story of the writing of "The Star-Spangled Banner," the

group sang "My Country Tis of Thee."

A short skit was presented by Uncle Sam portrayed by Jamie Michael and Betsy Ross portrayed by Linda Young. After announcements, the meeting was adjourned by the repeating of the JAC Prayer.

The Junior American Citizens is sponsored by the Natchez Trace Chapter, Daughters of the American

Revolution. Dr. Neola Cleveland, Pilot Club Patriotic Area is director assisted by Mrs. Billy Ward, fifth grade teacher.

"It is hoped that by bringing JAC influence to children, that they are being insured soundly trained citizens for tomorrow, who will preserve our Republic and the ideals on which it was founded," a DAR spokesman said.

County Agent's Report

Yield Prospects Good

By W.H. HADEN
County Agent
County Leader

HARVEST FOR QUALITY

Prospects for top yields are good this year on most Prentiss County farms. The weather generally has cooperated and growing conditions have been favorable most of the summer.

But the normal enthusiasm is lacking on many farms as producers get into harvest. Even with better-than-average production, chances for profits are dim because of low crop prices.

These low prices may tempt farmers to take shortcuts in harvesting and storing crops. With practically no chances of economic reward, it's easy to see why farmers may not want to make the extra efforts needed to ensure high crop quality.

But the fact that crop prices are so low is the very reason farmers shouldn't shortcut quality. Simply, they need to squeeze every dollar possible from the crops in the field. Economic survival demands it.

Working at delivering a high quality product may help the enthusiasm flow a little easier and it could be the deciding factor in convincing leaders to take a risk one more year, even if current crop prices are not profitable.

Pride also is a factor in taking the extra steps to do the job right. Regardless of how hard the economy smacks them, farmers have always taken great pride in their ability to produce the best crops in the world. That's why we are the best fed and clothed nation on earth.

Pride is shown in the quality of crops a farmer takes to market. In a year of poor prices, quality may be an all-important factor.

GROW CROPS THAT SAVE

More than ever, today's farmers must plan their production programs carefully to reduce costs where possible and to produce crops more efficiently.

That's easier said than done. It seems that as the prices for the crops farmers produce go down, the cost of producing the crops continues to increase.

One way farmers can cut costs is to plant crops that give back more than they take to grow. A good example is legumes, which many cattle producers are using effectively in their forage production.

Legumes produce their own nitrogen, which means they can save farmers considerably on nitrogen fertilizer costs. Some types of clovers, for example, produce 100 to 200 pounds of nitrogen per acre. The clover or crops growing with the clover use the nitrogen without the farmer having to buy it.

Clovers also are desirable because they provide excellent quality grazing for cattle and extend the grazing period when they are grown in combination with other kinds of grasses.

Take a close look at clovers and other legumes this fall as you plan your production program. This office has more details.

YIELDS - THE FINAL TEST

The ultimate test of any crop variety is yield. If some crop varieties did not yield as expected this fall, make a note and see if you can find out why.

Compare your yields with the research tests. Poor performance on your farm could signal disease problems. Or it could be a matter of low soil fertility or improper soil pH.

If you do find definite disease problems during the season, plan to use crop varieties that are resistant to the problems next year.

Many problems found in the field during this time of year go back to soil fertility

or soil pH. For instance, a lack of certain nutrients frequently causes greater disease problems in soybeans.

A quick and expert soil fertility test is available at no charge to farmers through the Prentiss County Extension office. There will never be a better time than now to plan fertility needs for next year.

They can't learn if they can't see!

And many students can't see properly! That's because they came running home one day and said, "Mommy! I've got 20-20 eyes!"

"Wow... perfect vision!" the mother answered.

Wrong! 20-20 is NOT perfect vision! That's right, it simply means you can see things clearly 20 feet away.

Yes, a child could take a school screening exam and have 20-20 vision. But the child could still be farsighted, or have eye disease, astigmatism, focusing problems or other difficulties.

The result? Poor grades because they can't see properly, or perhaps a hesitancy to take part in sports because they can't see well enough to catch a football.

Make sure your child's future is crystal clear. See your local optometrist for a professional eye examination... today!

Stennis

Dear Friend,

On November 2nd Mississippi voters will select a United States Senator for the next term. It is important that the man who fills this important role be truly representative of the people, capable of fighting for their concerns, and knowledgeable about how to get the job done.

You know my record, and you know my desire to continue to serve the people of Mississippi during the crucial years ahead. The competition for jobs for our state will be tough. I want to be there in the Senate, fighting your battles and making sure that Mississippi gets her share.

This is no time to retreat. We must continue to move forward on the progress we have already made.

Remember, the only way to make your voice heard on November 2nd is to go to the polls and vote, rain or shine. I'm counting on your help. I promise to do my best to prove myself worthy of your continued confidence.

Warmly your friend,

John C. Stennis

Cotton Program Calls For Reduced Production

By C.E. CALVERT
County Executive Director
To help reduce cotton supplies and strengthen prices, farmers who participate in the 1983 upland cotton program will plant at least 20 percent fewer acres and will be paid to voluntarily divert up to an additional 5 percent of their acres.

Programs sign up began on Oct. 1 and will be conducted through March 31. Farmers may request 50 percent of the projected 1983 deficiency and diversion payments at the time they sign up. The estimated deficiency payment rate will be 12.8 cents per pound. When farmers sign up, they can request to receive an advance payment of 6.4 cents per pound. The advance diversion payment rate will be 12.5 cents per pound times the farm yield times the acres diverted.

To be eligible for program benefits, participating farmers are required to limit their 1983 cotton planted acreage to no more than 80 percent of the farm's upland cotton base, and devote to conservation uses an acreage of eligible cropland equal to 25 percent (20 percent reduction - 80 percent permitted to be planted) of the planted acreage. In addition, producers may choose to further reduce their planted acreage by up to 5 percent of their base and receive diversion payments.

The number of acres eligible for payment will depend on the level of diversion selected by the farmer up to the maximum of 5 percent of the base and on the number of acres planted within the permitted acres. Diversion payment acres cannot exceed 6.67 percent of the 1983 cotton planted acreage. The diverted acreage also must be devoted to conservation uses.

Participating farmers will receive federal target price protection of 76 cents per pound and a national average loan rate of 55 cents per pound. Program participation is voluntary, but farmers must take part to be eligible for program benefits.

We are also accepting applications for the 1983 feed grain and wheat programs.

ASCS SCHEDULES PROGRAM PAYMENTS FOR FARMERS
Prentiss County farmers will receive all of their wheat and barley deficiency payments and 70 percent of their corn, upland cotton, grain sorghum and rice payments in December. Cotton and rice producers will receive the balance of

their deficiency payments in February. Corn and grain sorghum farmers will get their final check in April. The payments will go to farmers who participated in the 1982 acreage reduction programs.

We are currently conducting sign up for the 1983 feed grain, wheat and upland cotton programs. Farmers who participate will be eligible to receive target price protection, price support loans, deficiency and diversion payments. When farmers come to the office to sign up, they may request an advance payment equal to half of their 1983 estimated deficiency and diversion payments.

The estimated deficiency payment rates are 21 cents per bushel for corn, 20 cents

for sorghum, 15 cents for barley, 65 cents per bushel for wheat and 12.8 cents a pound for upland cotton. Land diversion payment rates have been established at \$1.50 per bushel for corn and sorghum, \$1.00 for barley, 75 cents for oats, \$2.70 per bushel for wheat and 25 cents per pound for upland cotton.

Farmers who accept advance payments and later decide not to participate in the program will be required to refund the amount of the payment plus interest.

The 1983 programs contain acreage reduction requirements and paid land diversion provisions. A combined 10 percent acreage reduction and a 10 percent paid land diversion is in effect for feed grains. The wheat program also

provides for a combination 15 percent acreage reduction and 5 percent paid land diversion. A 20 percent paid diversion provision.

COMMODITY LOANS AVAILABLE THROUGH ASCS

Farmers of Prentiss county are reminded of the availability of the price support loans on cotton, soybeans, rice and other commodities. These loans are made available by the Commodity Credit Corporation (CCC) and are administered by the Agricultural Stabilization and Conservation Service (ASCS).

Any farmer having questions about the loan program, such as eligibility, should contact the Prentiss County ASCS office in Booneville.

Major commodities grown in the county and loan rates are as follows: Cotton - 57.90 cents per pound (41-34); Soybeans - \$5.02 per bushel; Grain Sorghum - \$4.31 per cwt.; Wheat - \$3.65 per bushel.

In NE Production

Linda Howell of Booneville and Chris Adair and Rickey Brown, both of Baldwyn, have claimed roles in the upcoming fall production, "The Imaginary Invalid," at Northeast Mississippi Junior College.

Linda will portray Beline, the wife of Ardin, while Chris will play the part of Thomas Defois. Rickey has been cast in the role of Monsieur Parjon, a doctor.

The dinner theater performances of Jean Baptiste Poquelin's 1600's hit will be at 6:30 p.m. Nov. 1 and 2 in the Mississippi Room of

Frank Haney Union. The play is the speech department's contribution to the annual cultural arts activities sponsored by Northeast.

A freshman business administration major, Linda is the daughter of Mr. and Mrs. Paul Howell of Booneville.

Chris, the son of Mr. and Mrs. Dean Adair of Baldwyn, is a freshman music education major.

Rickey is also majoring in music education and is the son of Mrs. Nattlean Grice of Baldwyn.

On Halloween

Plan For Your Child's Safety

Halloween usually brings a certain amount of vandalism. Nowadays, however, it isn't their property parents are worried about, it's their children, according to Susie Overstreet, health education specialist with the Mississippi Cooperative Extension Service.

To insure your child's safety you must approach Halloween with almost as much planning as a formal wedding, she says.

Before the big evening arrives boundaries and curfews should be established. In the fervor of the occasion children are tempted to venture into unfamiliar neighborhoods, and lose track of the time.

"The best way to handle the boundary and curfew requirements is to go with the children yourself. Many people agree that a child old enough to trick-or-treat unescorted is too old to be trick-or-treating in the first place," Miss Overstreet said.

Having discussed and established the territory and the hours, your next consideration is the costume. Do not buy a mask. Most toy stores carry non-toxic paints that can be used to paint a mask on the child's face. Masks obscure the child's vision and can lead to accidents.

Your fabric store should carry various types of reflective material. Sew strips of it to your child's costume.

Be sure that the costume itself is tight fitting. Loose and flowing costumes will cause the child to trip and can get caught on fences and gates.

Be sure to look for the

flameproof label on costumes that are purchased ready-made. If you make the costume yourself you can flameproof it by soaking it in a solution of seven ounces borax, three ounces boric acid and three quarts warm water.

Although it may lessen the effect of the total costume, comfortable everyday shoes should be worn. If a knife or sword is part of the costume, a cardboard replica is the closest safe substitute. Wooden weapons can be as deadly as the real thing when a child trips and falls.

Do not allow the child to carry a candle or torch. Do be sure the child carries a flashlight or battery powered lantern. Lawn chairs, sprinkler heads and other hazards should be avoided by staying on walkways and lighted paths whenever possible.

When the evening is over you must inspect all the candy to see that it has not been tampered with. All homemade or unwrapped items that were received from persons you do not know should be discarded. Such items even from persons you do know should be inspected before the child is allowed to eat them.

Wrapper items should be checked to see that they have not been unwrapped and rewrapped. The old saying about canned goods applies to halloween candy too; if in doubt, throw it out.

If you find anything that appears to have been tampered with, call the police or sheriff immediately. In the event that the candy has been contaminated, the police need to be able to notify others whose children may have visited the same house.

By DAVID SUMMERS

Booneville Field Office

No-till farming is on the increase in Prentiss County. Some of the major reasons for the increased interest in no-till is the fact that no-till reduces soil erosion much more effectively than other erosion control practices at much less expense. No-till farming also reduces labor needs, fuel cost, and machinery cost.

However, no-till farming is relatively new in Prentiss County and as such requires new or different management practices. In order for no-till farming to be successful, special emphasis must be placed on land selection, weed control, and soil fertility. If any of the above factors are neglected, no-till will probably be a failure.

For no-till farming, select fields that are relatively free of hard to kill perennial weeds such as johnsongrass, common bermudagrass and bahiagrass. These weeds are extremely difficult to control under no-till conditions.

A well rounded weed control program is an absolute must for no-till to be successful. The first step in developing a good weed control program is to know what kind of weeds have been a problem in the past.

then select the proper herbicides to control these weeds. Weed control programs that work usually includes a knock-down herbicide, two or more pre-emergence herbicides and two or more post-emergence herbicides. Remember to check soil texture and organic matter before applying herbicides.

A well balanced soil fertility program is also an absolute must for no-till farming. In most cases, no-till farming is done behind a winter wheat crop. If you are planting wheat this fall and plan to no-till next spring, apply the needed amount of lime, phosphate and potash and incorporate this fall. A well balanced soil fertility program is needed in order for the no-till crop to grow off fast and provide ground cover as soon as possible.

If you are planting wheat this fall with the intentions of no-tilling next spring, remember to select land that is free from hard to kill perennial weeds such as johnsongrass, common bermudagrass, and bahiagrass, develop a good weed control program directed toward your weed problems and apply all needed lime, phosphate, and potash this fall.

For more information on no-till farming contact the Soil Conservation Service in Booneville or call 728-3544.

Safety Rules For Children On Halloween

The American Automobile Association, to promote its yearly safety theme of "Be Seen On Halloween," is offering free reflectorized tape for costumes and safety tips to parents and kids in Mississippi through Oct. 29.

The tips and tape can be picked up at the AAA office in Jackson. For those not able to go to the office, the material can be mailed if requested by phone or mail.

AAA reminds motorists that extra driving caution will also help ensure that this year's trick-or-treaters will be able to enjoy their collection of goods. Youngsters will be out after sunset — many of them dressed in dark costumes. And most of their thoughts will be on fun, not safety.

Drivers should be on the lookout for trick-or-treaters darting across streets. If you'll be driving Halloween evening, it would be wise to turn on vehicle headlights earlier than usual so you can see and be seen.

With the worries of tampered with candy and youngsters' safety, many communities have set aside an evening for neighborhood Halloween party, rather than letting youngsters make the usual rounds. For small children, this might be an especially good idea, the AAA suggests. Bobbing for apples and winning prizes for costumes can be just as much fun - and safer - for today's trick-or-treaters.

But for concerned parents of the traditional trick-or-treater, AAA offers these guidelines for their safety:

-- Dress children in costumes calling for white, or outline clothing in reflective tape.

- Have children carry a flashlight

-- Make sure masks don't hinder visibility and costumes are short enough to avoid tripping.

-- Don't allow youngsters to trick-or-treat alone. Toddlers should be accompanied by an older brother or sister, or go along yourself.

-- Urge youngsters to complete their rounds before dark. Set down a definite time for your children to be home.

For youngsters' safety, sweep walks of slippery leaves to avoid falls.

Tell maskers not to enter homes of strangers or eat unwrapped candy or fruit. Caution them against accepting rides from strangers. Suggest that they walk, not run, and to look both ways before crossing a street.

Finally, when trick-or-treaters arrive home, inspect Halloween goodies and dispose of any unwrapped articles. The best treats to offer neighborhood children are store-bought, wrapped candy or gum. With today's suspicions, home-made popcorn balls will probably be thrown out by other concerned parents.

Tell us about your heroes, ages 10 to 18.

We want to give our outstanding young people an award for their achievements and a cash savings account.

First Bank Young Citizen's Award.

It's our first annual First Bank Young Citizen's Award, and it's our way of saying thanks to the local young people who, again and again, go that extra mile.

Young people ages 10 to 18 who live in any First Bank county are eligible. And you can nominate them. All you do is pick up a nomination form, and tell us why, in your own words, you think the young person is especially outstanding. Why you respect him or her so much.

The boy or girl next door.

Maybe your nominee will be a young neighbor who spends his afternoons caring for and loving his elderly grandmother. Maybe he or she is the team captain or club officer who inspires others to give their all. Or maybe the

youngster who excels in school and helps with family finances. Or maybe a dedicated volunteer at the local hospital.

With so many fine young people in our communities, the possibilities are almost endless. Feel free to nominate more than one.

Awards. Cash. Banquet.

Awards will be given in four categories—Leadership, Responsibility, Achievement-Plus and Service. And there may be as many as three awards in each category.

First place winners in each category receive a gold award and a \$300 savings account. Second place winners receive a silver award and a \$200 savings account. Third place winners receive a bronze award and a \$100 savings account. And other deserving young people receive certificates of achievement.

Plus all winners, their parents or guardians, and the persons who nominated them will be guests at a special

awards banquet.

Award winners will be selected by a panel of local citizens made up of teachers, ministers, homemakers and mothers, and business and professional men and women.

Nominate now.

Nomination forms with complete details are available now at all First Bank offices, or call us at 728-9468 to receive your forms in the mail. The deadline for this year's nomination is December 15, 1982.

Please put your thinking cap on now, and make a list of all the deserving young people you know. They work so hard every day to lead, to achieve and to give. Saying thanks is the least we can do.

SBA Offers Free Advice To Small Business Operators

Just pick up the telephone and dial, toll free, "SBA Answer Desk" at 800-368-5855. That's the number of a new small business information and referral service being offered by the U.S. Small Business Administration (SBA).

Experts from SBA's Office of Advocacy will staff "Answer Desk" telephones from 7:30 a.m. to 5 p.m. Monday through Friday and will be prepared to handle questions from small business persons needing help or guidance with problems connected with their firm and government. During other hours, calls will be handled by a recording device and answered the next business day.

"SBA Answer Desk" is being started as an important and needed service to primarily help small business men and women deal with the complexities of government," according to Mike Shelton, acting district director.

"Full-time information specialists will take calls on this toll-free line. If they cannot answer a question directly, they will be ready to refer the caller to the appropriate government office in Washington or around the country. Our information specialists will be supported by a wide variety of resource materials."

In Washington, SBA Administrator James C. Sanders said the "SBA Answer Desk" is another example of the Reagan Administration's interest in, and support of, small business.

"SBA Answer Desk" not only will help small business persons but will enable us at SBA to become more familiar and aware of the problems and interests of the small business community," he said.

Frank S. Swain, SBA's chief counsel for advocacy, said, "Our 'Answer Desk' reflects the Agency's responsibility to be a strong advocate for small business. It will help all of us

at SBA to be more responsive to small business needs."

Mike Shelton, Acting District Director, said, "It is not the intention at the outset of 'SBA Answer Desk' to become involved in case work or personal inter-governmental advocacy. We first want to study the kinds of questions and problems we encounter with 'Answer

Desk' calls.

"We will provide help and referral services to all who call. Although we probably will not be able to immediately resolve all problems, our staff will provide callers with information and referral service. In the long run, SBA will gain by analyzing suggestions and complaints and direct research and

policy efforts to solve these problems."

SBA official said they anticipate "Answer Desk" calls to include queries about federal contracts and government loans, government paperwork and small business training and counseling available through SBA and other agencies.

ETV To Air 'Mississippi Roads'

Mississippi ETV has been on the road this summer - not on vacation - but hard at work on a new series scheduled to premiere at 7:30 p.m., Tuesday, Oct. 26. Each program will be rebroadcast at 2:30 p.m. Sundays.

When the producers describe "Mississippi Roads" as featuring "people, places and events," their assessment may sound like a cliché, but the finished product is intended to be anything but.

ETV starts off the half hour with a visit to the Neshoba County Fair near

Philadelphia where viewers see an overview of the state's biggest "house party" and meet some of the guests, including Ellen Spendrup from Philadelphia who has attended more Neshoba County Fairs than any other person - except for one, her aunt Fannie Smith from Philadelphia.

The 33rd Annual Choctaw Fair, also near Philadelphia, is next on the show's itinerary. Originally held as a "celebration of the corn," the Choctaw Fair is now mainly a three- or four-day fun event. Stickball games, and Indian princess pageant, arts and crafts

demonstrations and exhibits and a carnival draw crowds not only from the local Choctaw community but from the larger statewide community as well.

Next stop is Bryan's store in Freeny in Leake County. Owners William and Rose Bryan take viewers through their general store, which is stocked with groceries and dry goods. But the real attraction at the store is the "lounge," where friends can drop by and sit around the large stove in the center of the room and visit.

From Freeny, viewers go to Hattiesburg to Rudy's Old Hat, an antique store. Rudy

Boutwell is a rather colorful character and greeted the "Mississippi Roads" crew in a Robert E. Lee river boat coat, top hat and playing a tune on his harmonical. He guides viewers on a tour of his shop, which has just about everything - from vintage junk to finecut glass crystal.

For the final stop of the evening, the "Mississippi Roads" crew boards the Mississippi Queen at Natchez for a cruise to Vicksburg. This segment gives viewers a visual tour of the paddlewheel boat with some of its crew.

Tests Underway On New Postemergence

The first compound in an entirely new generation of over-the-top postemergence grass herbicides, which could have the most impact upon weed control since the invention of the plow, is being tested this season by Marietta farmer Billy Joe Barnes.

According to BASF Wyandotte Corporation, Barnes is one of only 9,000 soybean growers nationwide gaining firsthand commercial experience this season with new Post postemergence grass herbicide on test plots under an Experimental Use Permit (EUP) program. The new herbicide from BASF Wyandotte Corporation has been in testing since 1978.

Other experimental over-the-top grass herbicides are being developed by Ciba-Geigy, Dow Chemical, ICI Americas Inc., and Nissan Chemical Company. But Post is the first of the

broad-spectrum grass herbicides to undergo EUP testing approved by the Environmental Protection Agency.

"I've been very satisfied with Post," Barnes said. "It provided excellent grass control with no crop injury."

Barnes applied Post over-the-top of soybeans on his Prentiss County trial plot in July. He treats his soybeans to control problems with crabgrass. These new postemergence herbicides will provide soybean growers with an important option for obtaining consistent broad-spectrum grass control.

"I'm looking forward to the greater availability of Post next season," Barnes said.

He won't have to wait long if Dr. Hans Loose of BASF is correct. Dr. Loose expects Post to receive full federal registrations early in 1983 for soybeans and cotton.

In addition, Dr. Loose pointed out, the new postemergence grass herbicide has the potential to be registered ultimately on more than 50 broadleaf crops ranging from alfalfa to sugarbeets. He said Post has shown activity against more than 30 different grass species.

Dr. Loose believes agriculture is on the threshold of an entirely new era where growers will have an option to control grasses and broadleaf weeds exclusively with over-the-top postemergence chemicals. He said postemergence chemicals offering consistent broad-spectrum control of broad leaf weeds with excellent crop tolerance have been on the market since the introduction of Basagran postemergence herbicide in 1975.

"But thousands of soybean growers have been waiting a long time for postemergence

grass herbicides capable of controlling virtually all grasses without crop injury," Dr. Loose noted. "We're about to fill this gap in crop management."

Dr. Loose maintains postemergence grass herbicides will accelerate the trend toward increased conservation tillage by eliminating the need to incorporate herbicides. He said tillage required by incorporating soil applied herbicides can contribute to soil erosion and loss of soil moisture.

The BASF spokesman said postemergence herbicides offer other appealing advantages over either preplant or pre-emergence herbicides. Those advantages include greater crop rotation flexibility, compatibility with all irrigation practices and no influence on herbicide performance due to soil pH or texture.

THOUGHT FOR THE WEEK

By Charles L. Potts

Dear Lord... We Hear Your Love Coming Through

Luke 15:20 (b)

"... his father ... saw ... had compassion, and ran, and fell on his neck, and kissed him."

An oldie still rings in the ears of us country music fans. . . was it Hank Snow or Hank Williams. . . "I'm walking the floor over you." The message is clear for the girl you love. . or also in a spiritual sense. . . any person you are concerned about. Can't you just see that old daddy walking the floor worrying about that boy in the far country. The reason that mamma and daddy walk the floor today is the same. They love that boy or girl more than anyone else in the world. It's also true of the Prophet Hosea. . . who took Gomer as his wife. She was unfaithful. . . and he walked the floor. Other refrains tell an equal truth when someone is "out yonder". . . and love is so strong. "Can't sleep a wink that is true. . ." One can see the old dad in the prodigal son story as he looks out the window way in the night. If a

stranger per chance passes by he questions him. . . "have you seen my boy there?" Mamma and daddy do the same. Hosea, the Prophet, no doubt did. . . for he loved his unfaithful wife. Notice this last refrain in that oldie. . . "I'm hoping and I'm prayin as my heart breaks right in two". . . Many prayers go up for those who are "out there" physically and spiritually. We all love someone. . . somewhere. . . and we have often "walked the floor. . . and stayed up. . . and prayed." God does too! God does too! Think of how much you love. . . wife, child, brother, sister. . . mamma or daddy. God we hear your love coming through. . . help us to come home to your wonderful love and salvation. . . before it's too late.
