School Facility Report To Be Presented

A report on the Booneville Schools' Facility Advisory Study Committee will be given Monday night during the Booneville High School PTO meeting, according to BHS principal Mac Curlee.

The board of trustees of the Booneville Municipal Separate School District appointed the Facility Advisory Study Committee at the end of the 1981-82 school term. The committee was to study the facilities and grade organization of the city schools and make a written report to the board of trustees on recommendations for possible construction, renovation, location and grade organization within the city district.

Booneville Schools' Superintendent Robert Griffin will discuss the progress of the committee's study and will answer questions at the PTO meeting at 7 p.m. Monday in the BHS auditorium.

Curlee urged all parents to be present for this meeting.

NEMJC Dorms

Dedicated Today

Hoyt B. Wood of New Albany and Bob Yarber of Belmont will be honored during dedication ceremonies for two new dormitories at Northeast Junior College at 11:30 this morning, according to NEMJC president Harold T. White.

The new girls' dorm was named in honor of Wood, a former board member of the school. The men's facility was named for Yarber, who is presently the board's vice-chairman.

Dedication ceremonies will be held in the parking lot of Wood Hall.

The two dorms first opened to residents at the beginning of this semester. As a result, there is a 64 percent increase in student housing this year, White said. Some 600 students live in the on-campus facilities.

Construction of the dormitories, valued at more than \$2.5 million, was made possible through a low-interest loan from Farmers Home Administration.

In addition to Wood and Yarber, Talmadge Finch, FmHA district director; James L. Perry, FmHA state director; and other FmHA employees are expected to attend the dedication ceremonies.

Newspaper To Be

Early Next Week

The **Banner-Independent** will be published one day earlier than normal next week due to the fact that the Booneville Post Office will be closed in honor of Veterans' Day.

The **Banner-Independent** office will be open Thursday. But, since the post office will be closed, the paper would not be delivered to subscribers until Friday if it was published on the regular schedule. No mail will be delivered Thursday, according to Postmaster Jack Wright.

All newspaper deadlines will be moved up by one day. Classified advertising must be in the **Banner-Independent** office by 3 p.m. Monday in order to appear in next week's paper. Likewise, all news items must be turned in by noon Monday if they are to appear in next week's paper.

Correspondents and other contributors are also asked to get their copy to the paper no later than noon Monday.

The regular publication schedule will resume the following week.

Sales Tax Figures

Down For August

Latest Sales Tax Commission figures show sales tax collections for the city of Booneville were down slightly during August when compared to the same period a year ago.

The city of Booneville reported sales tax collections received in August and reported in September amounting to \$44,126.39 during August 1982. This is down \$123.77 from the August 1981 figure of \$44,250.16.

During the same period, Jumpertown showed a decrease of sales tax collections of \$253.90. During August 1982 Jumpertown reported collections of \$537.59, compared to \$791.49 during August 1981.

A statewide decrease in collections was also reported. In September of this year, \$8,818,632.29 was reported statewide. During September of 1981, \$9,925,836.27 was reported.

Following are August 1982 collections reported for other selected towns, with the August 1981 figures shown in parenthesis:

Ashland \$4,582.24 (\$4,699.01); Baldwin \$20,128.44 (\$20,395.13); Corinth \$107,720.32 (\$121,006.60); Fulton \$27,150.91 (\$22,462.10); Hickory Flat \$1,327.11 (\$1,446.69); Holly Springs \$37,629.73 (\$63,461.23); Houston \$32,356.95 (\$27,480.58); Iuka \$27,813.43 (\$29,661.10); New Albany \$52,747.19 (\$56,322.17); Oxford \$84,394.50 (\$81,400.15); Pontotoc \$32,510.23 (\$37,841.05); Ripley \$34,915.94 (\$37,993.57); Senatobia \$41,285.23 (\$45,469.32); Tupelo \$317,185.38 (\$322,439.21); Water Valley \$19,964.67 (\$21,596.67); and Winona \$34,662.72 (\$31,297.26).

But Reject Lay Board Amendment

Local Voters Stick With Stennis, Whitten

PRENTISS COUNTY voters gave Senator John Stennis and Congressman Jamie Whitten overwhelming votes of confidence in Tuesday's election, but refused to endorse a proposed amendment to the state constitution which would create a state lay board of education.

Stennis and Whitten both carried every box in the county in their respective races.

Unofficial totals Wednesday morning gave Democrat Stennis 4,049 total votes in the county to 1,166 for his Republican opponent

Haley Barbour.

Whitten, 72, received 3,995 to Republican challenger Fran Fawcett's 1,046.

Unofficial results statewide indicated that the 81-year-old Stennis would be re-elected to his seventh term in the Senate. Whitten apparently had no trouble winning a 22nd term in the House.

OF THE 40 boxes in Prentiss County, only seven came out in favor of Senate Concurrent Resolution 506, the lay school board amendment.

Boxes voting for the

proposal were Tuscumbia, 99-22; West Booneville (A-D), 71-63; West Booneville (E-H), 59-58; West Booneville (N-S), 58-40; West Booneville (T-Z), 43-35; Baldwin (G-O), 67-36; and Baldwin (P-Z), 51-32. Countywide totals showed 1,512 for the lay board and 2,086 against the proposal.

However, Prentiss Countians overwhelmingly endorsed S.C.R. 519, the property classification amendment. County totals showed 2,824 in favor of the amendment and 1,113 against.

Local voters also endorsed

S.C.R. 517 and House Concurrent Resolution 23.

S.C.R. 517 revises the dates on which the governor and other state officers are declared elected and begin their terms of office. Prentiss Countians voted 2,259 for the proposal to 1,095 against.

H.C.R. 23 requires the legislature to redistrict the circuit and chancery court districts within five years of the 1980 Census and each fifth year thereafter. The local results showed 2,160 for the amendment to 1,179 against.

IN THE Fifth District, Cleston McGaughey led the field of four candidates seeking a vacated constable post by only three votes.

McGaughey received 328 votes to J.R. Gray's 325. Tommy Smith received 183 votes and Billy D. Strickland 31.

There will be a run off election between McGaughey and Gray on Nov. 16.

In the Third District school board race, Harold "Pete" Woodruff defeated Bobby C. Johnson by a vote of 241 to 189.

Joe Vernon Johnson

defeated Gene Gray for the same post in the Fourth District by a vote of 432 to 349.

Circuit court judges Fred Wicker, Thomas J. Gardner III and Neal Biggers ran unopposed in Tuesday's election, as did chancery court judges Fred P. Wright, James E. Bost and George F. Adams.

At press time Wednesday the Prentiss County election commission was meeting to certify the election results. See next week's paper for complete box-by-box totals of the election.

MONDAY AFTERNOON FATALITY -- Two Baldwin residents lost their lives in this accident on U.S. 45 North just inside the Baldwin city limits Monday afternoon. Driver Milton Ray Price, 24, and passenger William Richard Harris, 32, were killed instantly when

their northbound automobile slid in front of a southbound tractor trailer rig. Charles C. Russell, 30, of Tupelo, the driver of the truck, received only minor injuries. Rescue personnel had to cut the victims' bodies from the badly mangled wreckage.

Monday Crash Kills Two Baldwin Men

Two Baldwin men were killed Monday afternoon when their car collided with a tractor-trailer rig just inside the Baldwin city limits on U.S. 45 North.

Milton Ray Price, 24, of 428 Jumper St., Baldwin, and William Richard Harris,

32, of the Baldwin-Ripley Road, were both killed instantly, officials said. Price was the driver of the car and Harris a passenger.

The driver of the truck, Charles C. Russell, 30, of 2527 Lawndale, Apt. A, Tupelo, received only minor

injuries. He was treated at the Baldwin Medical Center and released.

Baldwin officials had no details as to the cause of the accident Tuesday. Witnesses at the scene said the Price vehicle was northbound in the left lane

passing another vehicle as the tractor trailer rig approached from the south. When Price pulled back into the right-hand lane, he reportedly went too far and onto the shoulder of the road. When the car came back onto the road, it

reportedly slid sideways into the path of the oncoming truck.

It took Booneville firemen using the jaws of life about 30 minutes to remove the bodies of the two men from the wreckage.

The accident occurred

about 3 p.m. Monday. Traffic was detoured around the scene until the road could be cleared.

As of Tuesday, no charges had been filed in the accident and it was still under investigation by the Baldwin Police Department.

Win-Way Case To Go To Grand Jury

By KEN CHRISTIAN
Editor

Evidence gathered in an investigation of four Booneville police officers accused of stealing items from a local store almost three years ago will be

presented to the next Prentiss County Grand Jury, District Attorney John Young said this week.

The four officers -- one of whom is no longer employed with the Booneville Police Department -- have been accused of taking items

from the Win-Way store in Booneville after they found it unlocked one night in 1979.

One of the officers reportedly found the door open while on his regular patrol. When he reported the incident to the police dispatcher, the other three

officers reportedly joined him at the store.

The door had apparently been left unlocked when the store closed for the day.

The incident reportedly came to light when two of the officers confessed to another police officer that

they had taken items from the store while waiting for the store manager to be located.

These two officers -- both white -- accused the other two officers -- both black -- of also taking items from the store.

Although the names of the four men involved have not been released by officials, the two black officers came forward to publicly proclaim their innocence when the story broke in area

Five Receive Prison Terms During October Court

By ANGELA SMITH
Staff Reporter

Circuit Court Judge Thomas Gardner sentenced five men to prison terms Friday of last week during the final day of the October session of Prentiss County

Circuit Court.

Robbie Storey, 20, of Rienzi, was sentenced to a term of five years with two years suspended after pleading guilty to a charge of possession of a burglar's tool -- a lock popper. Another case against Storey in-

volving a charge of aggravated assault, was retired to the files.

In October 1981 a Prentiss County jury found Storey guilty of the aggravated assault charge which stemmed from an incident involving Melody Strange in

1980. However, Judge Gardner granted Storey a new trial in January ruling that Storey's attorney was indirectly representing the chief prosecuting witness at the same time in chancery court, thereby constituting a conflict of interest.

Aubrey Nichols, 58, of 203 Smith St., Booneville, was sentenced to serve ten years for burglary and larceny of a dwelling belonging to his ex-wife, Ruby Wilemon. He was also sentenced to serve ten years for arson in connection with the burning of

Wilemon's home in Thrasher. The sentences are to run concurrently.

Bobby Edward Roach was sentenced to serve three years for the theft of hubcaps belonging to Tammy

BIBLE QUESTION BOX

QUESTION: Mr. Hogland, since Paul says we are saved by grace, through faith and without works, does this not mean that man can do nothing to save himself?

WARD HOGLAND

ANSWER: Many people feel that one cannot do ONE thing to save oneself. However, the Bible does not teach this. Your text is Eph. 2:8-9. Let us note the words. First GRACE, is from the word charis, denoting "a free gift" and "unmerited favor." Titus 2:11 talks about the grace of God appearing to all men. It is true that one cannot earn salvation such as a person might earn 20 dollars a day for his work. However, you must keep in mind that Paul also said "THROUGH FAITH" and this is man's part in his redemption. The GRACE part of the text is God as he offers salvation to all men. FAITH is man's part as he reaches up and accepts that grace. Since Titus 2, tells us that GRACE has appeared to ALL men, but all men will not be saved. WHY? Because all men will not accept Christ and obey his commandments Heb. 5:8. The word FAITH is from the Greek, pistis which means firm persuasion or conviction. When Paul talks about "Not of works" he doesn't mean man is not to obey God. The context shows that the kind of works which does not save is the boastful work. Works which perfect faith will save your soul (see James 2). Faith is a generic term, and embraces everything required of God for man's salvation: including belief, repentance, confession of Christ, baptism and continued obedience.

Baldwyn Officer Suspended Following Shooting

A Baldwyn police officer has been suspended from duty with pay pending an investigation into the shooting death Friday night of a 20-year-old Booneville man.

The officer, Troy Agnew, was one of two Baldwyn police officers who stopped a car on U.S. 45 carrying three Booneville men at approximately 1:45 a.m. Friday.

One of the three men,

James Shook, was shot and killed after the car was stopped.

Shook died about 4 a.m. at the North Mississippi Medical Center in Tupelo from a gunshot wound to the head. No other injuries were reported in the incident.

Officials have declined to comment on the exact details surrounding the shooting. However, the fatal bullet apparently entered the car through the left front

window (the driver's side), traveled diagonally through the automobile and struck Shook who was seated on the right side of the rear seat.

The driver of the car was Ralph Roberts, 20, of Booneville. Charles Michael, 19, of Booneville, was also a passenger in the car.

Agnew and fellow officer Larry Newman reportedly began following the Roberts' vehicle after they noticed it

weaving. It also reportedly ran several stop signs.

Suspecting the driver to be drunk, the two policemen switched on their siren and blue lights. They reportedly pursued the vehicle for about five blocks before it stopped.

Roberts was eventually charged with carrying a concealed weapon, possession of marijuana and public drunkenness.

Roberts was released on \$2,000 bond, Michael on \$800

attempted assault on a police car, possession of marijuana, reckless driving, running a stop sign and failure to stop for police officers, according to a spokesman for the Baldwyn Police Department.

Michael was charged with carrying a concealed weapon, possession of marijuana and public drunkenness.

Roberts was released on \$2,000 bond, Michael on \$800

bond.

The shooting is currently being investigated by Baldwyn Police Chief John Conlee and the Lee County Sheriff's Department.

The Baldwyn aldermen Saturday morning approved Chief Conlee's decision to suspend Agnew. Conlee suspended Agnew immediately after the shooting, in accordance with city policy.

Agnew has been a Bald-

wyn Police officer for approximately two years.

Services for Shook were held Sunday, Oct. 31, at 2 p.m. at McMillan Funeral Home Chapel with F.A. Collins and Luther Gibson officiating. Burial was in the Chandler's Chapel Cemetery.

Shook was a member of the Chandler's Chapel Church and was employed at Marietta Manufacturing Co.

He is survived by his father, Freddie Shook of Booneville; his mother, Carolyn G. Shook of Huntington, Ind.; a sister, Regena Twain Shook of Booneville; his grandparents, Mr. and Mrs. Clyde Shook and Mrs. Jewel Sheffield, all of Booneville.

McMillan Funeral Home was in charge of arrangements.

Bid Accepted For Construction Of NEMJC Pool

The Board of Trustees at Northeast Junior College met in special session Oct. 20 to reconsider bids for construction of the Gaye Roden Carr Memorial Aquatic Center.

The successful bidder was Commercial Pool Specialists of Jackson, Miss., who submitted the low bid of \$127,200, President Harold T. White announced.

Bids received at the regular board meeting in September had been placed under advisement at that time.

Construction for the eight-lane pool, which will be 75 feet in length to meet requirements for competitive swimming, is set to begin within the next two weeks, White added. The projected construction

period is 120 days.

Funding was made available for the project through gifts from the E.O. Roden family of Booneville, Roden business associates and their families and other friends of the college.

"The pool has been a part of the master plan of improvements to the Northeast campus for several years," White said. "But, because of

the extreme generosity of Mr. Roden and his family, the dream has now become a reality."

"Mr. Roden has been a long-time friend of Northeast, giving faithfully to the scholarship program to ensure the education of those students who required financial assistance. He is recognized throughout the community for his generous

contributions to all worthwhile causes," White added.

The pool will be named in honor of the Roden's daughter, the late Gaye Roden Carr of Booneville. Mrs. Carr attended Northeast in 1965 and 1966.

Offering an added dimension for Northeast students, the pool will be located north of Wood Hall,

the new women's dormitory, and south of the existing campus tennis courts.

Sun decks and high diving equipment are planned features of the facility.

The three major thrusts for the pool, according to White, include recreational use by Northeast students, faculty and staff, educational emphasis through the department of

physical education and the introduction of competitive swimming to the Northeast area.

"We hope that organized swim clubs will take advantage of our facilities when determining the location of future swim meets," White said.

Free Rat Poison To Be Distributed

Free rat and mouse poison will be available to Prentiss County residents beginning Monday, Nov. 8.

This county wide rat control program is being sponsored by the Prentiss County Board of Supervisors and the Prentiss County Health Department, said Greg Geno of the health department.

"We urge all Prentiss

Countians to participate in this," he said.

Distribution sites for the free rat poison will be at the health department, the Booneville Fire Department, the county extension office, each county supervisor's shed and at the Banner Independent.

About three bags of rat poison will be distributed per family, Geno said. "If people need more of the

poison they can return for more."

Geno cautions people to be sure to read the safety precautions on the bag of poison. The poison is composed of cornmeal, sugar and Pivalyl poison.

The poison must be ingested for several consecutive days before it becomes effective, thus providing a safety factor for a child or an

animal that may eat a single dose.

The paper bags of bait should be placed under protective cover that will permit free access by rats and mice, but areas that exclude larger animals.

Dogs and cats should be well fed during the initial phase of this program to prevent secondary poisoning by their eating the poisoned

rats and mice. Also, this bait should not be placed where dogs, cats or children may have access.

Attics, closets, pantries and especially enclosed outdoor sheds and feed rooms are ideal areas to place the rat poison.

The amount of bait required is determined by the rat infestation, as the exposed bait must be replaced as it is consumed. Each individual rat or mouse must consume a quantity of this bait for several consecutive days before it is effective. Ample quantities of bait should be

made available for two weeks or more since some rats and mice may not eat it when first exposed.

Further information may be found on each of the labeled paper bags.

A single rat can damage between \$1 and \$20 worth of food and other materials per year - and contaminates 5 to 10 times more. In Mississippi alone, rats destroyed \$40,000,000 of food this year.

Rats are responsible for the spread of a number of diseases such as rat bite fever, food poisoning, plague and typhus fever.

City Doubles Rates To Gaston, Blackland Water Associations

The Booneville Board of Mayor and Aldermen voted Tuesday night to double the price the city is charging for the water it supplies to independent water associations outside the city.

Currently the two associations being supplied water -- Blackland and Gaston -- are paying 35 cents per 1,000 gallons of water purchased from the city. The board voted to increase this to 70 cents per gallon, effective Jan. 1.

Gaston and Blackland "at least the minimum amount of what we charge our own customers outside the city."

The city currently charges 35 cents per gallon for all water supplied to the Gaston and Blackland associations. The Mayor recommended that the board charge Gaston and Blackland "at least the minimum amount of what we charge our own customers outside the city."

THE MAYOR also pointed out that the two associations will still be selling the water to their customers at a considerably higher amount than they will be paying the city for it.

For example, the Mayor said, for 4,000 gallons of water supplied a customer on the Gaston association line, the association presently pays the city of Booneville \$1.40. For this

same 4,000 gallons of water the association charges its customers \$6.50 for a total gain of \$5.10.

After Jan. 1, the association will pay the city of Booneville \$2.80 per gallon and, even if it doesn't raise its rates, will still gain \$3.70, the Mayor said.

Crabb said the city is losing money supplying water at 35 cents per 1,000 gallons (See City, Page 10)

Street Opinion

QUESTION: "Do you think Halloween will ever be the same again?"

BRAD DeVAUGHN of Route 2, Booneville: "No. Too many people are making it unsafe for kids to go trick or treating because they put poison in candy. They have taken the fun out of Halloween because you have to be careful what you eat and where you go."

KIM HOLDER of 416 S. Second St., Booneville: "No, I don't. I think it will continue to get worse. My daughter won't go trick or treating next year. We only took her to homes of people we knew this year. Halloween won't ever be the same again."

MARGIE BRIDGES of Route 1, Rienzi: "No. Halloween won't be like it used to be because there's so much going on - like putting stuff in candy and everything else."

VICKY OWENS of Route 3, Rienzi: "No, I don't believe so. So many people have poisoned candy kids have eaten that I don't believe it will ever be 'Halloween' again."

TERESA DARWIN of Corinth: "No. I think that the Tylenol murders have ruined a lot of things but mostly Halloween. It's scared a lot of people. Parents are scared to let their kids go out trick or treating because there's so many maniacs and crazies in the world."

MARTHA NICHOLS of Route 2, Booneville: "Never. People nowadays are too mean. I don't think Halloween will ever be the same."

Bumkom Hill Grocery

Ever since I saw the Bumkom Hill Grocery in Hills Chapel I have wondered how the grocery came to be called "Bumkom Hill." Afterall, it is an unusual name.

In 1963, Cecil Smith opened the grocery. Actually when he first opened it he intended to have a service station and garage. But his customers demanded more and the business evolved into a grocery.

Smith's mother, the late Eliza Pitts Smith, then about 82, didn't much like the idea of her son selling their old homeplace which was located about 1½ miles north of Hills Chapel School and moving to the current location

about three miles away.

One day someone asked Smith's mother where he was and she replied "He's gone over to Bumkom Hill." So when it came time for Smith to name the store he called it "Bumkom Hill."

"I think she had been reading the Mississippi Market Bulletin and she noticed 'Bumkom' somewhere in there," Smith says. "But mostly she was kinda slurring coming over here because she didn't want to leave her old home."

Smith's wife, Betty, thinks that perhaps her mother-in-law was thinking of "Bunker Hill" and it came out "Bumkom Hill" instead. (A lot of people do mistakenly call the store Bunker Hill Grocery). But whatever the

late Mrs. Smith meant, the name Bumkom Hill stuck and it has caused a lot of people to stop to inquire about the store's name.

Next to the store is a log cabin that was built in 1842 by Smith's great-grandfather, Benjamin Franklin Pitts. Now Mrs. Smith has a gift shop in the log cabin.

The Smiths were married in 1964. They have four children, Chris, Deana, Lane and Lee Ann. Smith is also the father of Sarah Smith Cummings.

Smith, a former teacher and farmer, had surgery in August but is doing fine, his wife says.

From their den, the Smiths can walk directly into the store. Since the store is part of their home, they put in long hours there. They open about 6:30 a.m. and close around 6:30 p.m. They used to remain open until 8 p.m., but that was before the children were born.

And most of the time on holidays the Bumkom Hill Grocery is open because "if we're home, we're open," Mrs. Smith says.

Loquacious Lady Likes Independence Day Parade

EDITOR'S NOTE: The following is an open letter to all those associated with the neighborhood parade held every July 4th in West Booneville.

Dear Will and Judy George and all those who have helped make the Boone Hill 4th of July Parade a success each year:

For the past eight years I have been very touched and pleased that you have paraded on Boone Hill. The route of the parade is on what was once upon a time the property of Bartley Barry Boone. He was my and Sallie Kate Chase's granddaddy, and I firmly believe he would be pleased and would perhaps join in the parade if he could.

I want to tell you a little about him and about Boone Hill, and then you will see why I say he would be pleased about the parade.

Before going on, I have to tell you that my 9-year-old granddaughter, Kathryn Michelle Lewis, accused me of being loquacious. While visiting me earlier this year she asked me if I could spell loquacious. I told her I had never heard the word before, didn't know its meaning and certainly couldn't spell it.

She said, "June, lo-quacious is the word, and it means talkative. June, you are talkative."

If I could have spelled precocious, I would have told her what she was being!

I AM A "history nut."

The land in this area was opened for settlement after the Treaty of Pontotoc in 1832 in which the Chickasaw Indians sold it to the U.S. government and were then moved to the Indian Territories west of the Mississippi River.

There they joined the Choctaws and became one nation. When the Mississippi Legislature established 10 counties in the state in 1836, the land where Booneville is located was part of Tishomingo County.

Reuben Holman Boone's family was the first white family to settle in Rienzi. They came from Pulaski in Lincoln County, Tenn., in 1834. Bartley Barry Boone, the youngest of their seven children, was three years old at that time.

Bartley Barry Boone received his education at the University of Mississippi and was admitted to the bar in 1857. He began his law practice with the firm of

Reynolds, Boone and Reynolds in Jacinto, Miss. He was elected to the Mississippi Legislature in 1857.

IN 1853, BARTLEY, along with his brother-in-law, C.W. Williams of Rienzi, and a nephew by marriage, W.P. Curlee of Corinth, bought the land where Booneville now stands.

The U.S. government had set up an office in Pontotoc where Indian Agent Benjamin Reynolds was appointed to sell off the Indian lands. The land they bought belonged to Le-Ho-Yea, a Chickasaw Indian princess.

A few years later, in 1858, while still practicing law in Jacinto, B.B. Boone moved to "Crossroads" as it was called then. No doubt, he was the potential of this area and the possibility that the county of Tishomingo would someday be divided.

In the minutes of the 12th County Administration of "Old Tishomingo," dated 1860, it is stated that Booneville, a new town on the M&O Railroad, had been growing rapidly. Booneville was incorporated in 1861.

At the outbreak of the war between the states, Bartley enlisted and served as a Lt.

Colonel in the 22nd Mississippi Regiment. He was captured at the first Battle of Manassas (Bull Run), and was imprisoned. While in prison he contracted "swamp fever," but was nursed back to health by the Catholic Sisters.

He returned home after the war and in 1865 was elected to the State Legislature again. In 1866 he was appointed a federal judge of the 9th judicial district, which office he held until his death in 1905. He also served as a member of the Constitutional Convention of 1890.

This is probably enough history for now.

THE CITY named the street leading to Dr. and Mrs. Joseph Hurst's home, Boone Street.

This is really nice since the street is part of what was the lawn leading up to the Judge's house where many flowers were planted. But what is even nicer - Dr. Hurst's great-grandmother was a Boone!

When Bobby Burress, my friend of many years, built the houses on 7th and 8th Streets on the hill, he called the hill Boone Vista. The rows of trees that gave him

this idea were pecan trees where my granddaddy Bartley Barry had his pecan orchard. He didn't play golf or hunt or fish, but he planted trees, flowers and a garden.

Charlene Gooze Strange owns and lives in the Boone home. It was a two-story house, but Dr. Strange had the top story removed about 30 years ago.

What is now Foster's Park was the Boone woodlot. Mr. Foster came to Booneville to work in one of the banks and my aunt Lou Boone Benedict sold Mr. Foster the first lot in the woods.

The house he built is next door to R.B. Pritchard's home and is now owned by Gene and Kristin Dominick.

So that is how the park got the name Foster's Park.

I WAS BORN in those same woods in a four room house on the hill behind my friend Eunice Fugitt's home. There were sweet little strawberries down the hill. The gate to the woodlot was on the street where you turn to go to Ortha Long's dress shop. The vacant house sitting at the lowest spot in the park is where the Boone's pond was.

In the spring, Billy McMillan, an obese dark

complexed man, and his family used to come with many, many mules and horses to trade with the farmers. We called them "gypsies," and used to go to the gate and watch them.

One last story about Bartley Barry Boone. He gave over 10 acres of land where the high school now stands to the Methodist Conference to be used for a church school. After building a six-room building there and maintaining it for about six years, the Methodists turned it back.

The city bought the building and the Judge deeded the land to the town of Booneville for a city school. Mr. Payne, the first superintendent, asked the Judge to come give the dedication speech after the first building was finished. The Judge said, "I'm sorry, sir, but I must weed my shallots."

DO YOU AGREE with my granddaughter that I am loquacious? I had a hard time leaving out "things." My friend Jim Tigrett would say, "You done good, June."

Thanks again from B.B. Boone and me, for your patriotic endeavors. Yours truly, June Boone Greene

Says Legislature Should End Dual Ownership

Dear Editor,

For a number of years -- probably 100 -- we have permitted a situation to develop within our state that is very unfair to the land owners!

Large land holders, such as lumber companies, oil companies, Federal Land Bank and others, have sold their land holdings, some of which had been repossessed by them, to individuals but retained part or all of the mineral rights under that land -- primarily the oil and gas mineral rights.

Some of these mineral rights have been held by these large corporations for

50 years or longer at absolutely no expense to them.

From a selfish standpoint it is logical that these corporations would want to retain the mineral rights since they are not required to pay any taxes whatsoever on such holdings.

On the other hand, the person who owns the surface land has to pay taxes and, in some cases, the mineral rights are worth more than the surface rights. Naturally, dual ownership like this discourages exploration.

For several years the efforts of some legislators to correct this inequity have

been blocked because of legal opinions that stated you could not take property without "due process of law."

Today there is "a light at the end of the tunnel." The legislature of the state of Indiana passed a law that stated that the mineral rights would revert to the present landowner after a certain number of years, provided no drilling operation was taking place on that property.

The Indiana law has been declared legal and constitutional by the United States Supreme Court.

I have written to all the

Mississippi Legislators regarding this matter. Practically all of them from whom I have heard agree that this is a wrong that should be corrected.

They state, however, that if this action is to be successful, the general public must become aroused and show they have an interest

and they must express that interest to their local legislators.

No one needs to own these mineral rights now more than the farmer or landowner who is having such a difficult time trying to make a living for his family.

This letter is an appeal to you, the citizens of the state

of Mississippi, to contact your legislators and ask them to support the legislation on this matter that will be introduced during the 1983 session of the Legislature.

Sincerely, Fayette C. Williams, D.D.S. 1102 Fillmore St. Corinth, MS 38834

Legion Post Now Debt-Free

Dear Editor,

Levi B. Morton Post 123 of the American Legion recently delivered a check to Doug Jumper of S&J Steel Builders as a final payment on the post's building and grounds.

This marks the first time since the charter was issued

in 1923 that the post has been debt free.

We want to thank everyone who has contributed in any fashion to this long-time goal. To all the Legionnaires for their time, work and money; to the ladies' auxiliary for their tireless efforts; to Doug

Jumper, his staff, and the capable crews whose combined efforts made this a reality -- we are most grateful for your help and stand ready to assist you, whom it is our duty to serve.

Sincerely, Calvin Ross Post Commander

Thanks To Area Merchants

Dear Editor,

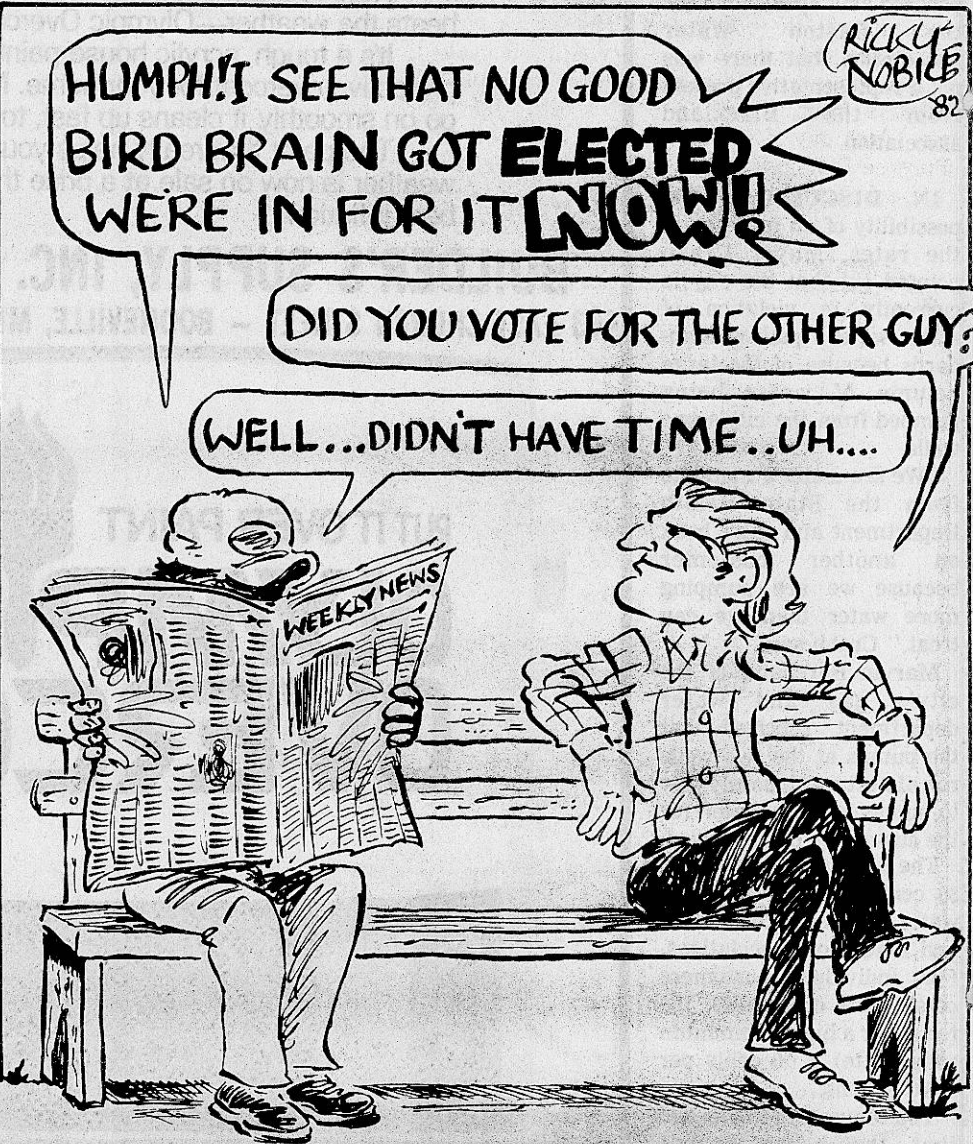

The Wheeler faculty and staff would like to express their appreciation to the merchants of Baldwin and Booneville and others who

donated for our Halloween Carnival.

We salute the parents, neighbors, and friends who helped to make it a big success.

This support is directly beneficial to the students and aids them in having a successful school year.

Thanks, Mrs. L.L. McAlpin

Homemakers' Hints

Food Freezer Is Boon To Holiday Season

By WANDA L. ROBINSON
4-H Program Assistant

You are probably aware of the basic food items that you can freeze such as meats, fruits, vegetables and juices. But you may be surprised that everyday staples such as bread, butter and milk can also be successfully frozen.

During the busy holiday season your freezer can be a real help. You can prepare foods ahead and freeze, have ingredients prepared and frozen for special dishes and make use of leftovers for future meals.

Taking advantage of your freezer's capabilities can cut down on those extra trips to the grocery store and

helps you save time, money and gas - especially helpful during the holidays. Here are some foods you may have never thought of freezing:

Eggs: Beat two eggs lightly with either 1/8 teaspoon salt or 1 1/2 teaspoons sugar and store in a foil-wrapped ice cube tray. Label the container with the number of

whole eggs and whether you've added salt (for use with main dishes) or sugar (for baking or desserts). Can be frozen for up to two months.

Butter or Margarine: Wrap in foil and freeze up to five months.

Milk: Unopened carton can be frozen up to two months.

Onions: Chop and wrap in plastic freezer bags. Freeze up to three months. Onions may lose a little crunch texture but are fine for cooking.

Tomatoes: Puree and freeze in air-tight container. Freeze up to three months.

Cookies: Pack in air-tight

Local Students Named To National Honor Society

Four students from Booneville were among 16 initiates accepted into full membership of the Iota Zeta Chapter of Phi Theta Kappa, a national honor society, during recent initiation ceremonies at Northeast Junior College.

New members include

Gary Lee Brock, computer science; Darrell Wayne Grimes, pre nursing; Michael Gene Hughes, forestry technology; and Janet Hurst McGregor, English education.

Invitation to membership is extended only to those

students who earn a minimum grade point average of 3.5 on 12 academic hours.

Phi Theta Kappa's purpose is to promote scholarship, develop character and cultivate fellowship among junior college students.

POEM OF THE WEEK:

God Ever Cares

God ever cares! Not only in life's summer
When skies are bright and days are long and glad
He cares as much when life is draped in winter,
And heart doth feel bereft, and lone, and sad.
God ever cares! His heart is ever tender!
His love doth never fail nor show decay.
The loves of earth, though strong and deep, may perish;
But His shall never, never pass away.
God ever cares! And thus when life is lonely,
When blessings one time prized are growing dim,
The heart may find a sweet and sunny shelter-
A refuge and a resting place in Him.
God ever cares! And Time can never change Him.
His nature is to care, and love, and bless.
And dearest, darkest, emptiest days afford Him
But means to make more sweet His own caress.

First all, let us thank everyone for helping make this a very safe Halloween.

Spring Hill had a Halloween Carnival on Friday and Beckley Chapel had one Saturday night. Our children really enjoyed them. As many things that are happening, maybe it's the best thing to have Halloween carnivals. It's a good fund raising event for the churches and schools plus everyone is right together having fun.

All last week department stores in different areas across the nation were finding candy on the shelf that had been tampered with. This makes it hard for merchants as well as the buyer. I thank the Lord that I haven't heard of any candy tampered with in our town.

We had a great Sunday School lesson on Sunday about God speaking through a Gentile. It was brought out in the lesson that when God says "no" there's no use in asking him again. And whenever God blesses us no man can curse us or when he curses us no man can bless us.

Martha Allen would like to wish Beulah Anderson, Annette Jones, Tobie Shinault, and Jason Allen very special happy birthdays. Late happy birthday wishes go to Olivia Grizzard and Brenda Moment. Happy anniversary to Mr. and Mrs. Charlie R. Tye and Mr. and Mrs. Nathan Rogers.

We would like to thank Sis. Sara Gaston and Burning Bush C.O.G.I.C. for being with us in the service Sunday.

I really appreciate all the compliments I received on last's week's article. On the first Sunday the

Rev. Jerry Christian and both of his churches from the Smithville Circuit will be at Beckley Chapel. I lost my announcement so I can't recall the time.

Here is a poem that I hope all my readers enjoy.

Heaven's Grocery Store

I was walking down life's highway a long time ago
One day I saw a sign that read "Heaven's Grocery Store."

As I got a little closer the gate swung open wide
And when I came to myself I was standing inside.

I saw a host of angels, they were standing everywhere.
One handed me a basket and said "My child shop with care."

Everything a christian needed was in that grocery store.

And all you couldn't carry, you could come back for more.

First I got patience, love was in the same row

Further down was understanding
You need that everywhere you go

I got a box or two of wisdom
A bag or two of faith

I just couldn't miss the Holy Ghost
for it was all over the place.

I stopped to get some strength and courage to help me run this race

By then my basket was getting full
But I remembered I needed some grace

I didn't forget Salvation, for salvation is free.
So, I tried to get enough of that to save both you and me.

When I started up to the counter to pay my grocery bill

For I thought I had enough

of everything to do my Master's will

As I went up the aisle, I saw prayer and I just had to put that in

For I knew when I stepped outside

I would run right into sin
Peace and Joy were plentiful, they were on the lust shelf

Song and praises were hanging near so I just helped myself

Then I said to the Angel, now how much do I owe?

He just smiled and said, just take them everywhere you go

Again I smiled at him and said

How much do I owe?
He smiled and said "My Child"

Jesus paid your bill a long time ago.

APPRECIATION BANQUET - Myrl Walden and Herman Wood were recently honored for their years of service to the First United Methodist Church in Booneville. Among those participating in a Teacher Appreciation Banquet were (from left) Mrs. W.M. Murphy; the Rev. Danny Rowland, the guest speaker; Walden; Wood; and the Rev. Charles Potts, pastor of the church. (Photo by Larry Finger)

Wood And Walden Presented Awards At Church Banquet

At a recent "Teacher Appreciation Banquet" at the First United Methodist Church in Booneville, Myrl Walden and Herman Wood were presented special recognition awards for serving a total of 61 years in lead positions. Walden has taught Sunday School for over 40 years and Wood has served as superintendent for 21 years. The Rev. Danny Rowland, a Prentiss Countian, was guest speaker for the event. Rowland is presently a staff member with the Conference Council in Grenada. Entertainment was provided at the banquet by Doug Holland and a special boys' quartet from the First United Methodist Church -- plus a surprise composition written and sung by Mrs. W.M. Murphy to honor the retiring superintendent. Entitled "Herman, Herman," it stole the show. A total of 65 people -- including the superintendent, department coordinators, teachers, substitute teachers, and spouses of each -- were honored for faithful duty and served a steak dinner by chef Billy Bennett and company.

Mrs. Quinn Addresses UDC

The D.T. Beall Chapter, United Daughters of the Confederacy held the October meeting in the Frank Haney Student Union building at Northeast Junior College. Mrs. J.F. Milton and Mrs. Bernard Patrick greeted the members and guests as they arrived. Mrs. W.W. Cunningham was also a co-hostess. Mrs. George Via presided at the meeting due to the absence of the president Mrs. A.L. Tidwell. The meeting opened with the ritual being used followed by Mrs. Allie Miller Isbell leading the chapter in the pledge and salute to the Confederate flag. Mrs. Mary Robinson, program chairman, presented Mrs. Kenneth Quinn, a member of the local junior college faculty, who gave a program about "Poets and Poetry of the Confederacy." First she spoke about Walt Whitman and his works and read the following poems composed by him and gave timely comments on each one. The first poem was "When Lilacs in the Door Yard Bloomed," followed by "The Wound Dressed." She concluded Whitmore's verse with "A Sight in Daybreak Gray and Dim" which clearly depicted a scene on the battlefield. Mrs. Quinn paid special tribute to Henry Wadsworth Longfellow and mentioned the highlights of two of his well known poems -- "I Heard the Bells on Christmas Day" and "The Arsenal at Springfield" which mentions the terrors of war. Also mentioned as poets were Dr. Francis Ticknor and John R. Thompson. She concluded her remarks by speaking about Henry Timrod who was known as the poet of the Confederacy. She read "Ode" which was sung on the occasion of decorating the graves of the Confederate dead at Magnolia Cemetery, Charleston, S.C., 1866. During the social hour the hostesses served dessert and coffee.

Halloween Party

The Young Adult Sunday School class of Carolina Methodist Church held its annual Halloween Party Oct. 31 at the home of Billy and Reba Burress. Each person came as his or her favorite character of spook. Those attending were Larry and Brenda McCauley, Gerald and Dimple Young, Gerry and Kathy Green, George and Edith Kendrick, Terri Kendrick, Jerry and Jo Young, Charles and Lorraine Gullett, Gerry and Peggy Chittom, the Rev. Robert McCoy and Reba, Johnny and Susan Lambert, Sis. Koon, Betty Jane Young, Kathy Lester, Jimmy and Shirley Barron, Bobby and Jo Ann Cox, Nelson and Mary Koon, Bud Lindsey and Angelia Parker, Terry and Traci Cartwright.

Since this is our first column, a brief description of the Baldwin Saddle Club is in order.

The club's members hail not only from Baldwin, but also from Booneville, Jumpertown, Burton, Mantachie and Nettleton. It is a member of the Northeast Mississippi Horse Show Association and sponsors a monthly show at its arena in Latimer Park in Baldwin.

The show offers a class for any horseman's fancy, including speed events, English, western and gaited pleasure, and driving classes which feature wagons drawn by horses, mules and ponies.

At the association meeting Oct. 23, several club members were presented high point trophies for the 1982 season. These included Coe Carruth, Leadline; Chris Crum, English Pleasure; Jim Maxey, Pole Bending; Ronny Hardy and Coley Lowrey, Men's Gaited; and Paul Carruth, Western Pleasure. Roy Ashcraft of Booneville was elected president of the association.

At the October business meeting, the club voted to send a \$100 donation to the liver transplant fund for a Walnut, Miss., child.

Club members voted unanimously for the 1982 officers to continue as 1983 officers. These individuals have devoted much of their time to the advancement of the club and their contributions are greatly appreciated.

The president of the club is Tommy Crabb; vice-president, Jerry Mink; secretary, Debra Corbitt; and treasurer, Montez Mink. Debbie Ashcraft and Kay Frederick were elected reporters for the Booneville area, and Kay Frederick was appointed program chairman.

Other reporters for the

various areas are Frankie Crabb and Margaret Dikes, Baldwin; Helen Johnson and Linda Carruth, Fulton-Mantachie; and Ann Nicholson and Jan Boone, Nettleton.

The 1983 directors are Paul Carruth and Jerry Cooper.

The club would also like to welcome new members: the Roy Cummings family, the Ron Kirk family, the William Dilworth family, Teresa Barrett, Lee McCullough, Jerry Cooper, and Roy Bearden.

The 1983 season will find the horse show at a new location just across the street from the old arena.

The Baldwin Saddle Club is an active, progressive club and membership is offered to anyone, whether he is an actual horse owner or someone who just loves horses.

Farmers Expect Financial Crisis To Get Worse

expenses for the first time in history. It predicts the negative balance will be repeated next year.

land changing hands this winter, as farmers are obliged to sell to pay off loans. The effect of the crunch, in addition to driving some farmers out of business, is to drive land prices down even further as more land is available than a sluggish market can support.

like to do.

FORAGES

We are in that transition time of year in going from warm season to cool season forages. For many who have no cool season forages, the time for feeding hay is approaching.

Field Gleanings:

As row crops are harvested, many farmers who have cattle will turn them in the fields and let them eat row crop residues. For some this may be a good practice since cattle can utilize a large amount of roughage material.

Also, many fields have areas containing frosted grass that can be eaten by cattle. Keep in mind that most row crop residues are usually high in fiber and low in protein and energy.

Therefore, cattle may need to be supplemented with minerals and other higher quality feed. As row crop residues and frosted grass age in the field, the quality drops fairly rapidly.

Cattle always eat a lot of frosted grass if available in late fall and early winter. Even in fields containing lush winter annuals cattle apparently crave some rough fiber materials.

Caution - Frosted Sorghum:

At frost time, there are always questions concerning prussic acid (hydrocyanic acid) poisoning with sorghums. This can be a problem when frost ruptures the plant cells releasing the prussic acid. When eaten and broken down in the animal's rumen, cyanide combines with the hemoglobin in the blood stream. This prevents the animal's cells from receiving oxygen from the blood, and suffocation occurs.

Prussic acid potential varies among species, with grain sorghum containing the most, followed by johnsongrass, sorghum-sundangrass hybrids and sudangrass. Special caution should be taken with frosted, partially killed, stunted regrowth where considerable nitrogen fertilizer was used. Plants may be used safely if fermented as silage, cured as hay, or as grazing after the plants are dry.

FARMERS FEELING CRUNCH

Farmers already are in serious financial trouble, and the feeling among many observers is that the crunch is going to get worse before it gets better.

It's true that declining interest rates are providing some relief. The government also is helping to tide crop producers over by

But farm lenders warned last year that 1982 would be a crucial year for many of their customers who were deeply in debt. It's now apparent that, at projected crop prices, many farmers won't be able to pay off or even reduce their loans this year.

One major U.S. agricultural marketing firm estimates that cash receipts from farming this year will be less than total production

The prospect of even a small number of farmers not surviving the winter is bad news. If a certain number of farmers in a community is on the verge of bankruptcy, there must be many others who can not hope to survive the squeeze for more than another year. And 1983 isn't expected to offer much relief, if any.

These circumstances add up to the possibility of more

Archaeology has furnished us much of our knowledge of prehistoric times and we continue to be amazed at its revelations. Several recent additions to the Allen Library collection intended for the uninitiated follow varied interests in this field.

An introductory volume to human involvement is simply called "Introducing Prehistory." There is also "Marine Archaeology." The series, produced by Cassell's, has been authored by a number of recognized people in each field treated by these books. Others in our collection include "Ancient Scrolls," "Ancient Pot-

tery," and "Jewellery in Ancient Times."

Of course there are other histories of special topics, such as "Military Uniforms," by Rene North, and "The History of Radio in Mississippi," by Bob McRaney, Sr.

More interest is being shown in tracing family

EYE OPENER

By
Dr. Walter C. Simpson

DON'T LET BABY GET BORED!

When an infant is five to six weeks old, it's time to help her or him learn to follow a moving object with the eyes. Hang a brightly colored mobile toy for visual interest. Suspend it about five feet over the crib at eye level.

Awake, baby can be moved to other rooms in the house. This presents new things to look at as he or she learns to control eye movements. Even babies can get bored looking at the same surroundings hour after hour!

Such simple practices as

feeding -- or even CHANGING -- your baby from alternate sides can give different SEEING experiences.

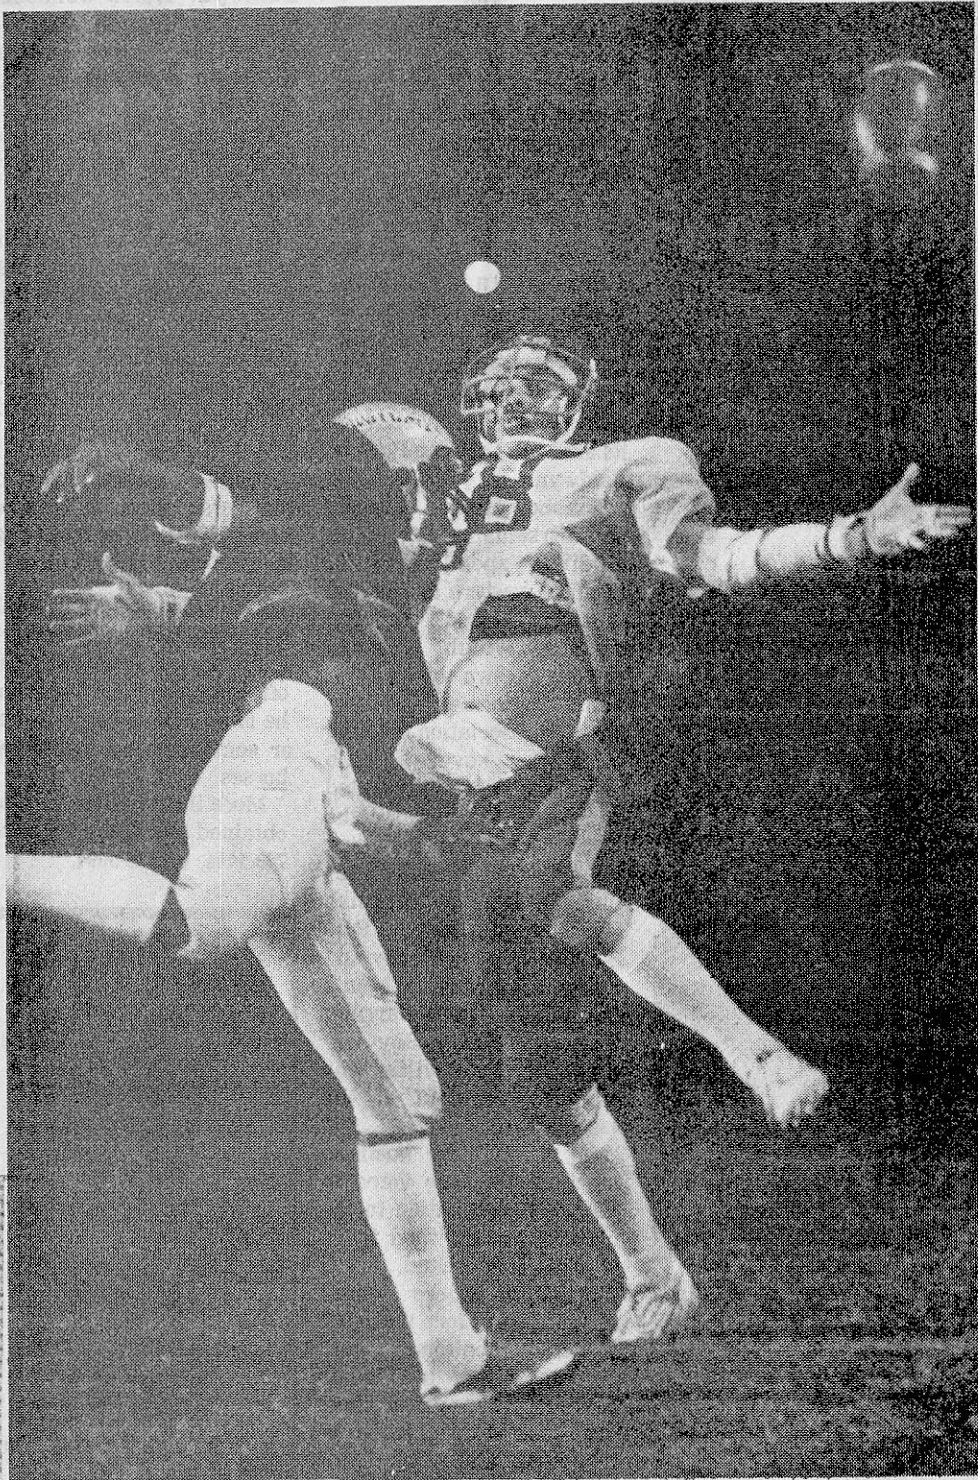

And, not long after six weeks, you can start playing "peek-a-boo" games by holding baby's hands over the eyes and then suddenly removing them.

Helping baby learn how to see can be fun for both parent and child.

Presented as a public service by Dr. Walter C. Simpson, Optometrist, 113 Main St., Booneville, Ms., phone 728-4833.

HIGH FLYING -- Booneville High School's Larry Mackin goes one-on-one against an unidentified Pontotoc player for an attempted pass reception in Friday night's game in Pontotoc. The Devils dropped their second game of the year, leaving them a record of 6-2-1. The final regular season game for the Devils will be a non-district matchup with Corinth tomorrow night on the road. Blue Devils Lose To Pontotoc

By CLIFF LONG
Sports Writer

The Booneville Blue Devils went down in defeat for the second time this season with a loss to the Pontotoc Warriors Friday night. The Blue Devils were shut out 14-0 in the game.

The big story of the night was Booneville's mark in the penalty column. The Blue Devils were convicted of 12 penalties for a devastating 150 yards!

Booneville momentum got off to a slow start as Pontotoc quarterback Wally Henry threw a 65-yard touchdown pass to receiver Roger Duke only one minute into the game.

The Warriors constituted another drive before the half. The drive was capped off when running back Bernard Eades ran in from five yards out to give the Warriors a 14-0 lead. Eades, Pontotoc's leading rusher on the night, gained a total of 105 yards.

Friday night's statistics favored Booneville in most categories. The Blue Devils gained 302 total yards on the night with 286 yards of rushing alone.

Booneville's Greg Oakley accounted for practically all of the Blue Devils' yardage in the first half. He totaled 122 yards rushing on 13 carries for the night.

Other Booneville rushers that did well on the night

were Tony Brooks with 76 yards, Mark McCreary with 56 yards, and Greg Steen with 30 yards.

The Blue Devil defense gave up 115 yards rushing and 107 yards passing in all. Pontotoc's total of 222 yards was marred by one interception and three fumbles accounted for by the Booneville defense.

Booneville threatened three times in the ball game. In the first quarter Booneville had a first and goal situation inside the Warrior 10 yard line, but a series of penalties drove them back outside of scoring range.

Rod Coggin was called on in the second half for a 40-yard field goal attempt. The kick, although partially blocked by the Warrior defense, came within only a few yards of the goal post.

Late in the fourth quarter Booneville had a scoring chance from the 1-yard line. Greg Oakley got the call but was stripped of the ball as he crossed the goal line.

The question of whether he crossed the plane of the goal line was a matter of concern to Booneville supporters, but as Pontotoc regained possession of the ball, all hope of a comeback was

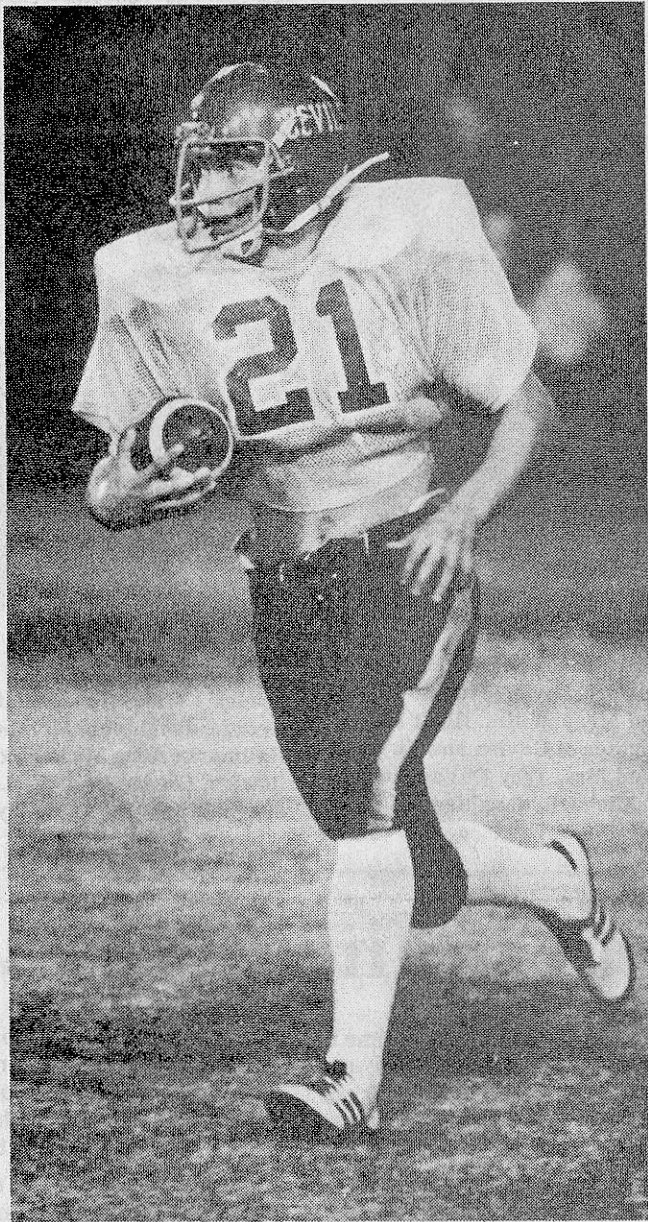

gone. The Blue Devils will wrap up the season with a non-district match-up at Corinth tomorrow night, and the question of a bowl bid is still at hand. Kick-off time for the final game of a fine season is 7:30 tomorrow night.

Saylors Holds On To Lead In
Local Pigskin Predictions

Manfred Saylors continues as the season's top picker on the Banner-Independent's Prognosticator Chart, remaining two games ahead of second place Leighton Miller.

However, Doug Jumper, currently in third place is slowly sneaking up from

behind.

Jumper and Charles Calvert, one of last week's guest pickers, tied for top honors last week, correctly picking 12 of the 14 games for 85.7 percent.

Miller and Saylors were tied for the week at one game behind Jumper and

Calvert, with 11 of 14 for 78.5 percent. Last week's other guest picker, Marshall Dickerson, was one game behind them, with 10 of 14 for 71.4 percent.

To date, Saylors has picked 97 out of a total of 125 games, or 77.6 percent. Miller has 95 of 125 for 76

percent. Jumper moved up one game and now has 93 of 125 for 74.4 percent.

This week's guest pickers are Booneville High School principal Mac Curlee and Booneville Schools' Superintendent Robert Griffin.

Legal Notice

NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 24 day of August 1981 Scottie J. Sappington, and wife, Barbara J. Sappington executed a deed of trust to Donald Franks, Trustee, to secure an indebtedness to Bank of Mississippi, beneficiary, which deed of trust is recorded in the office of the Chancery Clerk of Prentiss County, Mississippi, in Trust Deed Book 131, Page 739.

WHEREAS, default has been made in the payment of said indebtedness and the beneficiary has requested the Trustee to foreclose according to law.

NOW, THEREFORE, notice is hereby given that I will on the 12 day of November, 1982, between the hours of 11 A.M. and 4 P.M. o'clock, at the West door of the Court House in the City of Booneville, Prentiss County, Mississippi, sell at public outcry to the highest bidder for cash the land conveyed by said deed of trust and described therein as being in Prentiss County, Mississippi, to-wit:

Part of the Northeast Quarter of Section 15, Township 5, Range 7 East, bounded as follows: Commencing 1297 1/2 feet South of the Northwest corner of said Quarter for a starting point; run thence South 45 feet; thence East 100 feet; thence North 45 feet; thence West 100 feet to the point of beginning.

I will convey only such title as is vested in me as Trustee. This the 21st day of October 1982.

Donald Franks, Trustee

Unused County Lands Could Produce Timber

By ROBERT THORNTON
County Forester

Unproductive, poorly managed timberlands are preventing Prentiss County landowners from earning thousands of dollars of future income.

The recent influx of forest industries in Prentiss County has reduced the available growing stock. There are many acres of virtually unused land in Prentiss County. Much of this land can be put back into production.

downers are urged to take another look at what their land is producing. You will probably find areas which could be accumulating more potential income through reforestation.

There are several cost-share programs available to help the landowner accomplish proven forestry practices. Most of these programs are administered through the ASCS Office and/or the local Mississippi Forestry Commission Office.

During the week of Nov. 8-12 there will be a special

sign-up program under the Forest Incentives Program at the local ASCS Office. The only requirements are, the tract must consist of 20 acres or more and the area must be replanted this fiscal year.

The cost-share money will be used for tree planting only and will pay 50 percent of the cost up to a maximum of \$26 per acre.

This sign-up will be for this one week only. If we can be of any assistance or needing any advice, call or come by our office anytime at 103 College Street or call 728-6835.

For Fall Feasting

Eggs Make Great Dishes For All Occasions

What's fall? It's one occasion after another! And, most often those occasions are accompanied by hearty appetites. What's the easiest way to get through this hectic season? Let eggs enhance your fall occasions.

First of all, consider the morning rush. If there's no time for the usual fried, poached or scrambled family breakfast, just pop an egg per person into the blender along with a cup of milk or your family's favorite juice. Add a dash of honey, if you like, and quick as a wink, you've got breakfast on the run!

Eggs can help, too when the morning rush leaves no time to make lunches. For a quickly assembled, but nutritious, brown-bag lunch, tuck in two hard-cooked eggs accompanied by a small envelope of a favorite herb or seasoned salt.

Right after dinner the night before is a good time to put together make-ahead lunches. Why not toss together an egg salad? It will travel well packed in thermal containers. So will a deviled egg mixture. Add a plastic fork to the bag so the luncher can fill the egg whites with the yolk mixture on the spot.

Eggs make quick and easy snacks, too! For morning, after school, midnight or whenever the hungries strike, spread a small cheese slice with mayonnaise and sandwich it between halves of a hard-cooked egg. For added nutrition, add an egg to your favorite blender shake. As the weather gets cooler, make a cup of hot cocoa more hearty by stirring it into a well-beaten egg. Top with a sprinkle of cinnamon.

The fall season seems to involve get-togethers galore from homework sessions, weekly meetings of Scouts, to pajama parties, after-the-

game parties and you-name-it. The age groups may run the gamut, but eggs know no age barriers. For dieting teens, add some hard-cooked eggs to the usual dip and serve it with sliced raw veggies. Suit younger kids by stirring a dollop of peanut butter into their egg salad.

Moppets through middle-agers (and beyond) enjoy pizza. For a nutritious, quick-fix version, spread split English muffins with canned pizza sauce, add sliced hard-cooked eggs, top with shredded cheese and pop under the broiler. With such good goodies, you may find your house the most popular meeting place in town.

Then there's the last outing of the year. Whether it's a good-bye-to-summer patio party or a final campfire fling, eggs can see you through. Made into salads or sandwiches or deviled, eggs can stay home or travel, as you please. For a pot luck party, a piping hot egg casserole or strata will hit the spot if you carry it

well-insulated. A campfire scramble, fragrant with bits of bacon or salami, onion or green pepper, will make a memorable ending to the season.

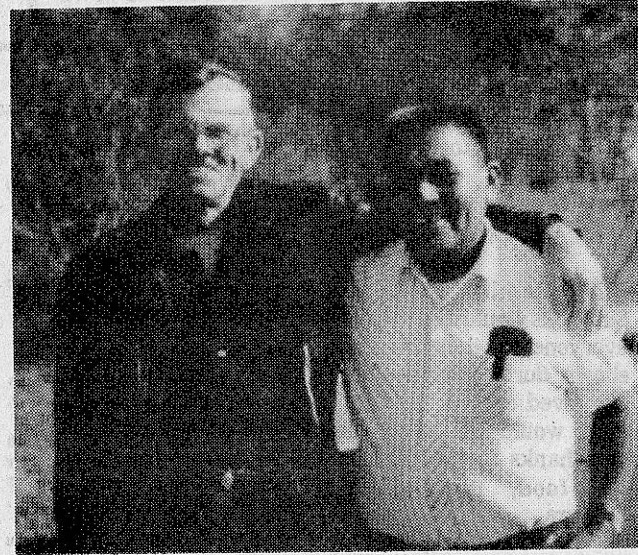

Trick-or-treat time is definitely not the time to plan a top-of-range meal unless you have help in answering the door for ghosts and goblins. Instead, serve a nice strata, casserole or quiche that can take care of itself in the oven while you hand out goodies.

If pumpkin pie is a tradition at your Thanksgiving table, try a new variety this year. Instead of the usual version, baked in its shell, make it chiffon-style in individual store-bought tart shells, freeing the oven for his honor, the bird. Pumpkin (or chocolate, orange, peppermint or what do you like best?) baked custard is another tempting make-ahead dessert.

Spontaneous gatherings are often the most fun. Take a few eggs, raid the refrigerator for leftovers

and create a delicious scramble, frittata or omelet. If the crowd is sizeable, set out a variety of fillings and turn the event into a do-it-yourself omelet party.

There will be countless other occasions when you'll need ideas for feeding friends and family, kids and grown-ups, but you can hardly go wrong if you remember eggs for fall occasions.

Rest And Fluids Still Best Treatment For Common Colds

(Presented as a public service by the Banner-Independent and the Mississippi State Medical Association.)

Fall is here and with it, the season for the sniffles and sneezing of the common cold. While they are certainly not life-threatening, these pesky upper respiratory infections can be very discomforting, and can make you feel miserable.

Colds are caused by viruses, and over 100 viral agents are responsible for 90 percent of the symptoms of fever, aching, nasal

congestion, and raw and scratchy throats.

Diseases caused by viruses are self limiting; that is, they generally run their course regardless of what medications you take. Viruses do not respond to costly antibiotics, which are used to fight bacterial diseases.

Some of the many cold remedies available without a prescription will relieve some of the familiar cold symptoms. But not a single one of these products will prevent, cure, or even shorten the course of the common cold. A cold usually lasts from one to two weeks.

The proper use of non-prescription drugs can be effective in relieving cough, sinus congestion, runny nose and some of the other symptoms associated with colds, allergies or asthma. Patients should try to take only those products which contain ingredients to relieve their particular symptom.

Doctors remind patients that sore throat can be due to serious infection which should not be treated by self-medication. Over-the-counter remedies should be used only to treat minor throat irritation, reminds

the Mississippi State Medical Association. If the throat problem persists or gets worse, a physician's advice should be sought.

Though over-the-counter products will frequently alleviate symptoms, the best treatment for the common cold is still adequate rest, plenty of liquids, especially fruit juices and water, gargling with hot salt water for sore throats, and avoiding getting too chilled or too hot.

High fever, chills, ear-ache and persistent cough indicate secondary infection and should alert the individual to see a physician.

THOUGHT FOR THE WEEK

By Charles L. Potts

Dear Lord... Ten Percent??

Sometime ago this came across my desk and I share it with our readers. It was entitled "The Church Treasurer Resigns."

The day the church treasurer resigned, the church asked the local grain elevator manager to take the position. He agreed under two conditions: That no treasurer's report would be given for the first year, and that no questions be asked about finances during that year.

At the end of the year he gave this report: The church indebtedness of \$448,000 had been paid in full; The Minister's salary had been increased 10 percent. The Conference Apportionments had been paid 200 percent. There were no outstanding bills. There was a cash

balance of \$11,252!

Immediately the shocked congregation asked, "How did you do it? Where did the money come from?" He quietly answered: "Most of you bring your grain to my elevator. Throughout the year I simply withheld ten percent on your behalf and gave it to the church in your name. You didn't even miss it."

Do you see what we could do for the Lord if we were all willing to give at least the tithe to God, who really owns it anyway?"

And so the new treasurer had made his point. "Upon the first day of the week let every one of you lay by him in store, as God has prospered him . . ." (1 Cor. 16:2)

Catfish Farming In County Can Be Profitable

By DON JONES
Soil Conservation
Technician

Many landowners in Prentiss County are finding that raising catfish is a profitable business, but only if you have a large healthy

number of fish. One of the main problems with catfish are the diseases that occur during the fall and winter months.

During the latter part of September, October and November, you need to feed you catfish a treated catfish

food with Terramycin mixed in. This needs approximately 85 grams of Terramycin per 100 pounds of food.

You will probably have to get the Co-op or one of the feed stores that handles catfish food to order this for

you.

You need to put out five pounds of food per acre foot of water and do not put the food in water deeper than six feet. Do this for ten days to two weeks. What this treated food does is build up the fish against some of the bac-

terial diseases that they may encounter during this period.

The reason for feeding the fish at this time is that most people have just about quit feeding their fish, and if they will feed their fish for this period, it may prevent them

from losing some or all of their catfish if they do get a bacterial disease during the winter months.

If you need more information, contact the Soil Conservation Service at 107 College Street or phone 728-3544.

HONEY,
WHAT WE NEED IS
A BOOKKEEPER—
IF WE COULD ONLY
AFFORD ONE.

Presenting an exclusive new banking service like you've never seen before. MoneyWatch. It's a great way to make the most of your family's budget—by knowing more about it. MoneyWatch can make your life simpler, and your budget more efficient. It's the bookkeeper you can afford. And it's only at The People Place.

A BOOKKEEPER
COULD HELP US
BALANCE
OUR CHECKBOOK.

With MoneyWatch, you get your regular checking account statement and canceled checks, just like before. But MoneyWatch does so much more. You get monthly reports that show your income and expenses by category—so you can see exactly where your money goes every month. And the comprehensive MoneyWatch report shows every transaction, including the checks that haven't yet cleared the bank. So your budget is up to the minute, not waiting around for payments that are in transit. MoneyWatch doesn't stop with your checking account. It helps you analyze your family's entire budget.

You get summary reports every month that compare your actual expenditures and income, in every category, with what you had budgeted—showing you the difference either in dollars or as a percentage of your total income. That's how MoneyWatch lets you keep a bookkeeper's eye on various budget areas, to see where you're ahead of schedule, or where some tightening up would help you use your income more efficiently.

WE'D BE ABLE
TO CONTROL
OUR EXPENSES.

And each month, you have the chance to adjust your budget in any category to keep up with changing times.

AND IT
WOULD MAKE
INCOME TAX TIME
A BREEZE.

One of the greatest advantages of MoneyWatch comes at income tax time. Because you get a comprehensive year-end report that puts all the information you need for tax filing in one spot, for use by you or your tax preparer. MoneyWatch even shows you your tax deductions for the whole year, at a glance! And the year-end report also shows you just how your expenses and income compared to your budgeted figures—letting you budget even more wisely for the next year!

MoneyWatch could be the most valuable financial tool your family has at its disposal. It lets you control your finances by putting the information you need to make wise budget decisions in one convenient package. And it's all yours for one low monthly fee. Find out more about MoneyWatch. Come in to any office of The People Place and ask to see some actual MoneyWatch reports—and find out how you can take advantage of the most amazing innovation in banking service in years. MoneyWatch is the bookkeeper you can afford. And it's available only at The People Place.

She Loves The Challenge Of Complicated Recipes

By ANGELA SMITH
Staff Reporter

If she wanted to, Rose Cook of Booneville could use a different cookbook every week for a year and a different set of salt and pepper shakers every day for about two years. That's because Mrs. Cook collects cookbooks and salt and pepper shakers.

She has about 75 cookbooks. "I read cookbooks like most people read novels," she says.

Her cookbooks are special because most have been given to her by friends. Her favorite is The Mississippi Cookbook.

But her collection of cookbooks is nothing compared to her salt and pepper shaker collection which totals about 600 sets. They, too, are special because so many have been given to her by friends. And naturally, there's a special story behind each one of the salt and pepper shakers.

Mrs. Cook purchased her first pair of salt and pepper shakers, a ceramic cookstoves, at Sadies for 39 cents. Thanks to friends and

her own travels, she now has salt and pepper shakers from every state.

Just when she was beginning to think that she would never get a set from Idaho, a package arrived last Christmas Eve from her friends, the Rev. and Mrs. Jim Anderson of Plains, Mont. On their way home to Montana, they had stopped in Idaho and selected a salt and pepper shaker set for her - Idaho potatoes complete with butter on top.

Mrs. Cook worked as a hairdresser for 45 years. She was trained by Loyce Farrar. The widow of Cody Cook, she had one daughter, the late Marilyn Kelton. Mrs. Cook attends East Booneville Baptist Church.

She enjoys preparing recipes that are complicated ("the more complicated the better I like it") and recipes that are often unusual.

Have you ever tried "Tomato Soup Pound Cake?" Mrs. Cook has and says it is delicious. She also makes a "Surprise Chocolate Cake." The surprise is that there isn't coconut in the cake - but

HERE'S THE COOK - Rose Cook of Booneville wears an apron that was given to her by a friend in California, Michael Moravec, who is pictured on the apron.

sauerkraut, minus the Mrs. Cook began cooking hotdogs, of course. when she was nine years old,

with the help of her grandmother, Nancy Collum. Coming from a family of 11, she had plenty of opportunities to cook.

She especially enjoys cooking for her granddaughter, Cindy Kelton and her great-nephew, Philip Grissom. Another special person she enjoys cooking for is a young friend, Michael Moravec. She met Moravec while he was working in Booneville. Originally from Wisconsin, now living in California, he had never eaten much Southern cooking. Mrs. Cook remedied that right away with her good home cooking and the two have remained friends across the miles.

Having so many recipes to choose from made it somewhat difficult for Mrs. Cook to choose just three. However, these three are ones that will definitely need to be saved for future reference.

Beef Tetrazzina makes a huge dish and freezes beautifully if the entire portion is not needed, she said. This is a recipe she often carries to church suppers.

There are many words to

describe the Tunnel of Fudge Cake but the best two words are "Yum Yum." Don't let the Orange Salad fool you. It may sound like a summer salad, but it's good anytime. There's just one problem, she says. It's so good that it's hard to find anything to serve with it!

ROSE'S RECIPES

Beef Tetrazzina

1 1/2 lbs. ground beef (chuck)
1 bell pepper chopped
1 large onion chopped
1 garlic clove mashed
salt and pepper to taste
Cook on low heat in large dutch oven until meat begins to lose color.
Add:
1 can whole kernel corn
2 tablespoons wor-
chestershire sauce
1 can mushroom stems and pieces drained
1 1/2 oz. can tomato sauce
1/2 lb. Velveeta cheese cut in chunks

Let cook on low heat till cheese melts. Cook 1 6-oz. pkg. of egg noodles. Rinse and drain. Add other ingredients. Mix in large casserole dish. Slice Velveeta cheese, cover top of casserole. Bake at 350

degrees until cheese melts. Makes 12-15 servings. (This recipe can be divided and frozen.)

Tunnel of Fudge Cake

3 sticks of oleo (at room temperature)
6 eggs
1 1/2 cups sugar
2 cups plain flour
1 12 1/2 oz. creamy Double Dutch Frosting mix
2 cups chopped walnuts

Cream oleo in large mixing bowl at high speed. Add eggs one at a time beating well. Add sugar and continue beating at high speed until light and fluffy. By hand, stir in flour, frosting mix and walnuts. Stir until well blended. Pour

batter in well greased Bundt pan. Bake at 350 degrees for 60-65 minutes. Let cool in pan two hours. Remove from pan. Dust with powdered sugar.

Orange Salad

1 1/3 cups boiling water
1 pkg. orange jello
1 pkg. strawberry jello
Mix the two pkgs. of jello in boiling water.
Add:
1 small can crushed pineapples (drained)
1 small can mandarin oranges (drained)
Add: 1 pint orange sherbet

Mix together with jello. Pour in jello mold. Chill over night.

Special Forestry Sign-Up Program Starts Nov. 8

By C.E. CALVERT
County Executive Director

SPECIAL FORESTRY INCENTIVES PROGRAM SIGN-UP

A special sign-up for open area plantings of pine seedlings will be held Nov. 8-12.

Land owners with 20 or more acres that can be planted without site work are urged to sign-up during the period of Nov. 8-12. Applications for less than 20 acres will be handled under the regular Agricultural Conservation Program.

Cost-sharing at the rate of 50 percent of cost will be paid to land owners participating in this sign-up.

The Forestry Incentive Program has as its purpose the production of timber and timber products to assure a supply for future generations.

FARMERS RECEIVE PAYMENTS TO DIVERT FEED GRAIN, WHEAT ACRES

Prentiss County farmers who participate in the 1983 acreage reduction program will receive payments for diverting 10 percent of their feed grain acres and 5 percent of their wheat acres.

When added to the 10 percent acreage reduction requirement for feed grains and the 15 percent requirement for wheat, the paid land diversion will result in a total reduction of 20 percent in these acres for 1983.

With such large feed grain and wheat supplies, the paid diversion will help bring

supply in line with demand. The diversion payments will be \$1.50 per bushel for corn and sorghum, \$1.00 for barley, 75 cents for oats, and \$2.70 per bushel for wheat.

Farmers who request advance diversion payments at the time they sign up for the 1983 program will receive a payment equal to half the established payment rates.

Advance deficiency payments will also be available to farmers upon request at sign-up. Farmers who accept the payments and do not comply with program provisions must refund the amount of the advance payment with interest. The sign-up period began on Oct. 1.

To be eligible for these benefits as well as for deficiency payments and price support loans, a farmer must agree to limit corn, sorghum, oats, barley and wheat acreage planted for harvest to no more than grain and wheat base. Farmers are also required to devote to conservation uses an acreage equal to both the acreage reduction and land diversion requirements.

To reduce carryover supplies and increase commodity prices, farmers need to sign up for the new program in large numbers.

PRICE SUPPORT LOAN ACTIVITY INCREASES

Farmers are making greater use of the price support loan program for 1981 and 1982 grain than they have in prior years, according to Clarence Tardy, an official of USDA's Agricultural Stabilization

and Conservation Service. Increased loan levels and low market prices have had some impact on the amount of participation in the program, he said.

Comparing 1982's loan activity with the previous year, Tardy said: "We have approximately 942.8 million bushels of wheat under loan compared to 622.7 million bushels for this same period in 1981. Corn loans have been more dramatic, increasing from 385 million bushels to 1.7 billion bushels - over 4 times the amount under loan in 1981. In the case of soybeans, we've also had substantial loan activity."

The primary function of the price support loan program is to offer farmers a tool for marketing their grain. "Historically, during harvest time our market prices are generally less than what they are during other times of the year, and the loan program does provide farmers with an opportunity to take advantage of any possible increase in market prices at a later time."

To qualify for price support loans, farmers need only to comply with acreage reduction program provisions.

MAJOR CHANGES SLATED FOR FEDERAL CROP INSURANCE PROGRAM

The FCIC Board of Directors recently approved a number of major changes and improvements designed to make the Federal Crop Insurance program more responsive to the needs of American farm producers.

The changes, which are being published for public review and comment prior to becoming effective, include easing the requirement for the Individual Yield Coverage Plan (IYAC); major changes to corn, cotton, and soybean contracts; strengthening the standards which must be met by federal crop insurance agents; and establishment of an extended planting program. The Board also moved to reduce the calculated reduction in an indemnity when a producer sustains a fire or hail loss after selecting a fire-hail opt out provision.

In his report to the Board, FCIC Manager Merritt Sprague stated that the image and credibility of FCIC should be improved as a result of these changes.

BUY A HOME AND SAVE \$57,705.50... OR MORE!!!

If you are a first time home buyer* you may be eligible for State Bond money (M.H.F.C. - G.E.M. loan) to finance a new or existing home. New homes can qualify if the sale price does not exceed \$72,270, or \$51,810 for existing homes. And, your 1981 income can not have exceeded \$35,000 (adjusted).

USE OF THIS PROGRAM WILL RESULT IN SIGNIFICANT SAVINGS

The table below compares a \$40,000 fixed rate conventional loan at 12 1/4 % with a \$40,000 M.H.F.C. Conv. G.E.M. loan at 12 1/4 %.** (price of home \$42,150 with 5% down payment required)

	M.H.F.C. LOAN	CONV. LOAN
Down payment (5%)	\$2,150.00	\$2,150.00
Estimated closing costs***	2,400.00	\$2,800.00
Principal & interest to maturity	95,440.50	\$152,746.40
Total paid out at maturity	\$99,990.50	\$157,696.40

DIFFERENCE - \$57,705.90

The current interest rate on a fixed rate conventional loan is more than the 12 1/4 % M.H.F.C. rate now. So even if you were to wait, and rates did drop to 12 1/4 %, you would still pay \$57,705.90 more for this priced home. On a fixed rate conventional loan of \$40,000 at 12 1/4 % there would be a constant monthly payment of \$427.16 for 30 years. On the \$40,000 M.H.F.C. Conv. G.E.M. (Growing Equity Mortgage) the entire mortgage would be paid off in less than 16 years. Small payment increases during the first 10 years of the loan apply directly to the principal of the loan.

Parents' Right Not Absolute

Termination of Parental Rights

Editor's note: The following article as prepared by the Mississippi State Bar. Some legal rights may vary from locality to locality. Always consult an attorney when in doubt about your rights.

While parents have an inherent right to control and care for their children, this right is not absolute. Under extraordinary circumstances affecting the welfare of the children, the State can intervene to terminate the rights of unfit parents.

Mississippi law identifies six situations under which parental rights may be legally terminated:

- 1) The parents may execute a written voluntary release relinquishing all rights to the child; or a court may terminated parental rights if:
- 2) A parent has deserted a child without means of identification or abandonment and made no contact with the child for a period of time (six months for a child under three, one year for older children; or
- 3) A parent has been responsible for a series of abusive incidents concerning one or more children; or
- 4) When the child has been in the care and custody of a licensed child caring agency for at least one year, the agency has made diligent effort to develop and implement a plan for return of the child to its parents, then such plan has failed due to the fault of the parent, or the parent has failed to exercise reasonable available visitation with the child; or
- 5) A parent exhibits ongoing behavior, such as alcohol or drug addiction, severe mental deficiencies or mental illness, or extreme physical incapacitation, which makes the parent unable to assume minimally, acceptable care of the child, and makes it impossible to return the child to the parent's care and custody; or
- 6) When there is an extreme and deep seeded antipathy by the child toward the parent or when there is some other substantial erosion of the relationship between the parent and the child which was caused at least in the form of the parents serious neglect, abuse, prolonged and unreasonable absence, unreasonable failure to visit or communicate or prolonged imprisonment.

The rights of the parent can never be taken away so long as the child is properly cared for, but if one or more of the above grounds exists, any person, agency or institution may file a petition for termination of parent rights in Chancery Court.

The courts are reluctant to remove children from parental control except upon the most convincing proof of necessity. The court will hear all of the evidence in regard to the petition and shall terminate all parental rights only if satisfied by clear and convincing evidence that the situation holds within at least one of the six specific categories.

Once termination of the parental rights has been decreed, all rights of the parent concerning the child are severed. The parent does not even retain a right of visitation.

The rights of the parents to the custody of the minor children is a natural right of parenthood and is supported by law and public policy.

Child caring agencies should make an effort to help the parents rehabilitate themselves before attempting to cut off all parental rights.

Other affirmative alternatives, such as legal custody and guardianship of persons other than the parent, must be pursued with parental contact or in the best interest of the child.

Parental rights should only be terminated as the last resort when all other alternatives have failed.

Horse Show Association Meets, Elects New Club Officers

Recently elected as officers for the Northeast Mississippi Horse Show Association (NEMHSA) for 1982-83 are Roy M. Ashcraft, president, (member of Baldwin Saddle Club); Jim Guin, vice president, (member of Kirkville Saddle

Club); Sharon Hayes, secretary, (member of Lee County Saddle Club); and Sandy Ford, secretary, (member of Dry Creek Saddle Club). The purpose of NEMHSA is to promote, amateur horse shows and exhibitions. The NEMHSA consists of

four saddle clubs which joined together in May 1982. The four clubs consist of Baldwin, Lee County, Dry Creek and Kirkville. Any member of these saddle clubs is automatically a member of the association and is eligible to compete for

points at all association shows next year. Any person who wishes to become a member of the association should contact one of the officers or riding clubs for more information or call Roy Ashcraft at 728-3202 or 438-7140.

East Pleasant Ridge News

By MARY EDDIE TYUS
Correspondent

It was such a beautiful Lord's day. We had a good attendance at church. Bro. Jimmy Wallis preached a sermon entitled "A Beautiful Life." Sunday night was youth night. Every 5th Sunday our youth have charge of the services and it was great. Later we had refreshments in the fellowship hall following the services. Mrs. Chessie Prentice and Mrs. Mary Eddie Tyus visited Mr. and Mrs. S.R. Hadaway and Mrs. Dovie Gilmore of Nettleton on Tuesday. Also Mrs. Prentice had a call from her granddaughter, Judy North of Kenosha, Wis. She is recovering from a collapsed lung. She is doing very nicely. We wish her good health and a quick recovery

from surgery. Other visitors were Mr. and Mrs. Pressley Gamble and son Dwayne of Verona. Mr. and Mrs. Woodroe Barnett visited Mr. and Mrs. Wade Green of Hobo Station on Friday. Also their son, Murrar Barnett and family of Tupelo ate Sunday dinner with them. Mrs. Mary E. Tyus was happily surprised on Wednesday of last week by visits from her sister, Mrs. Jane Taylor of New Albany, Norene Francis of Amory, Martha Easley of Birmingham, Ala., her neice, Sherry Smith, Bart and Beth, also of Birmingham. Later in the week visiting were Walter T. Simpson of New Albany and Herbie Wilson of the community. Boyd Owens of Frankstown visited Mrs.

Essie Merryman Sunday morning. Mrs. Mary Jane Harling of the community visited Sunday afternoon along with Debbie Underwood of Baldwin. Mark Cagle spent Friday night with Guy Russel Davis. The children of our community enjoyed the Halloween Carnival Saturday night instead of going trick or treating. We are happy to report that Mrs. Coy Gardner was able to attend church Sunday. Charley Gray is still on the sick list. Mrs. Vance Wallis, Bro. Jimmy Wallis' mother is in Baldwin hospital. We send get-well wishes to them both. Max Henery of Jug Fork, Lucille Glover's son, has

been sick. She visited him recently. The Glover's attended the singing at Guntown Saturday night. Guests last week of Mrs. Verda Mae Stubblefield were Mr. and Mrs. Jackie Tolar, Brandy and Misty of Booneville and Mary Eddie Tyus of the community. Visiting Mr. and Mrs. W.H. DeVaughn Sunday afternoon was their son, Freddie DeVaughn of Baldwin, Carla Hendrix and Denise Phillips. Mrs. Mildred Baxter spent Tuesday with her sister, Mrs. Ruth Glover of the Wheeler community. Mrs. Jettie Pruitt and Darren and Peggy Tolar and Allison spent the weekend in Memphis visiting Mrs. Tolar's daughter and family, Mr. and Mrs. Jeff Hughes and Shannon. Mrs. Pauline Miller visited her parents, Mr. and Mrs. John Samples of Marietta Thursday. Billy Merryman of Florida visited his mother, Mrs. Essie Merryman last week. Teresa Henery spent the weekend with her brother and family, Mr. and Mrs. Tony Henery of Jug Fork. Sharon Cagle won 1st prize Friday with her Halloween cake.

SIGNS OF THE TIMES - Some 11 street signs that were taken from various sections of town were recovered recently by Booneville policemen Gary Spencer (left) and Tip Norris (right) and Gurley Williams and Jerry Barnes. Three Northeast students were arrested in connection with the incident and charged with destroying city property. Arrested were Fred Fredrick of Ashland City, Tenn., Roland Haun of Cecilia, Ky., and Sandy Stephens of Newman, Ga. They are free on \$1,200 bond.

Vocational School Students Selling Fruit

The Vica, FFA, and Prentiss County FBLA Chapter at the Prentiss County Vocational School are selling oranges and grapefruits again this year. Citrus fruit that will be sold includes Navel, Tangelo and Hamblin oranges as well as pink and white grapefruit. The prices are the same as last year. If you want citrus fruit, contact students in any of

these organizations or call 728-9259. The fruit is being pre-sold and will be at the Prentiss County Vocational School to be picked up Monday, Dec. 6 or Tuesday, Dec. 7.

Elderly Need Foods High In Nutrients

(Presented as a public service by the Banner-Independent and the Mississippi State Medical Association.) Many older people reduce their intake of meat without increasing their consumption of other protein-rich foods. Calcium and iron intakes are also often too low. Milk, cheese or yogurt should be regular features of the diet because they are excellent sources of protein and calcium. Iron needs can be met by using lean meats, egg yolks, green leafy vegetables and whole-grain or enriched breads and cereals. Fruit and vegetables (green and yellow) are needed each day, particularly for their vitamin C, vitamin A and fiber content.

protein and calcium value as that of fresh fluid milk and frequently can be substituted for fresh milk in cooking and baking. The large packages of nonperishable items like sugar, flour, rice and beans are generally less expensive per pound than are the small packages and do not lose nutritive value during storage of several months. Also, low-cost cuts of meat and fish are as high in nutritive value as are the more expensive items. Thrifty buys are usually available on stew meats, pot roasts, liver, variety meats and fresh fish in season.

YOUR HEALTH
By
DR. JIM DAVIS, D.C.
HEADACHES
AREN'T NORMAL
Just about everybody gets a headache once in awhile, so why should you be unduly upset if you happen to be suffering from one? If you've been celebrating with friends and eat or imbibe too much, it certainly would not be unusual to wake up with a headache the next day. But that kind of headache usually goes away as soon as you're eating and drinking sensibly again, and getting enough sleep. But what about the other kinds of headache? Some illnesses, such as flu, include headache among the symptoms. But if you're in reasonably good health, you have a right to wonder why you suffer from headaches. A resort to aspirin and other medication may dull the pain for awhile, but if the headaches persist you should seek treatment. Among the causes of persistent headache are problems with the cervical vertebrae, the spinal bones in your neck. If they are out of alignment, this could cause headaches until you get the treatment you need.

Cobb Receives Commission

MICHALE D. COBB

Michale D. Cobb, a native of Lee County, recently reported for duty at the Naval Military Personnel Command (NMPC), Washington, D.C., after receiving his commission from the University of Mississippi's Navy Reserve Officers' Training Corps program in July 1982. Ensign Cobb is the son of Jimmy D. and Joan Cobb of Baldwin. His grandparents are Mrs. M. Cooper of Booneville and Mr. and Mrs. James Howard Gregory of Pontotoc. In January 1975, he enlisted in the Navy and served as a nuclear electrical equipment operator aboard USS DWIGHT D. EISENHOWER (CVN-69), a nuclear-powered, multi-purpose aircraft carrier. He left the Navy in 1978 to attend the University of Mississippi in Oxford and received a bachelor of arts degree in physics and astronomy in May 1982. Ensign Cobb currently serves NMPC as a special projects officer for developing and implementing the Navy's health and physical readiness program for its

553,000 members at shore stations and aboard ships around the world. In January 1983, Ensign Cobb will begin pilot training at the Naval Air Station in Pensacola, Fla.

They can't learn if they can't see!
And many students can't see properly! That's because they came running home one day and said, "Mommy! I've got 20-20 eyes!" "Wow... perfect vision!" the mother answered. Wrong! 20-20 is NOT perfect vision! That's right, it simply means you can see things clearly 20 feet away. Yes, a child could take a school screening exam and have 20-20 vision. But the child could still be farsighted, or have eye disease, astigmatism, focusing problems or other difficulties. The result? Poor grades because they can't see properly, or perhaps a hesitancy to take part in sports because they can't see well enough to catch a football. Make sure your child's future is crystal clear.
