### Where To Vote In Tuesday's Election

Tuesday, Aug. 2, is the day voters will cast their ballots for the candidates of their choice. Polls will open at 7 a.m. and close at 6 p.m. Prentiss Countians will vote at the following precincts:

**First District:** Thrasher, school; New Candler, building at old school site; Booneville, City Hall; Tuscumbia, community center.

**Second District:** Pisgah, old school building; Osborne, building by Baptist parsonage; Blackland, community center; Cross Roads, Jumpertown School; West Booneville, Middle School.

**Third District:** Wheeler, school; Baldwyn, power company at Baldwyn; Hopewell, Old Primitive Baptist Church; Ingram, Roberts' Grocery; Geeville, May Prather's Store.

**Fourth District:** East Booneville, Grammar School; Marietta, school; New Site, school; East Prentiss, New Site School; Roaring Hollow, trailer by Pharr's Store.

**Fifth District:** Martin Hill, Hills Chapel School; New Hope, Hills Chapel School; North Booneville, housing project in the Administration Building; Odom Hill, Cairo Community Center.

### Final Political Rally Saturday In The Park

The countywide political rally will be held Saturday, July 30, beginning at 1 p.m. at the Booneville City Park. This will be the last candidate speaking before the Aug. 2 primary.

Candidates for constable will speak first. Candidates for sheriff will speak last.

### Alcorn Sheriff Found Guilty Of Contempt

Alcorn County Sheriff Edwin Coleman was fined \$1,500 and three 30-day jail terms after being found guilty of three charges of contempt of court for occasionally releasing two state prisoners in his care and failing to jail a third.

The Alcorn County Sheriff would only serve the time should he fail to pay the fine within 30 days.

Attorneys for Coleman said they would appeal the rulings.

Coleman would be required to turn himself over to the Pontotoc County Sheriff if he loses the appeal and fails to pay the fines.

### Four Arrested In Robbery Of Woman

Four Prentiss Countians were arrested Monday of last week by the Prentiss County Sheriff's Department and the Booneville Police Department in connection with the theft of \$108 from a Booneville woman.

Ronnie Staggs of Booneville was charged with strong armed robbery and Jerry Lee Davis, Jimmy A. Cummings, and Patricia Eaton, all of College View Apartments, Booneville, were charged with accessory to strong armed robbery.

Frances Reese of Hatchie Street was allegedly robbed of \$108 July 6 while she was at her sister's home in Wheeler, according to Prentiss County Deputy John Moore.

Davis, Cummings and Eaton are out of jail on \$500 bond. Staggs, whose bond was set at \$5,000, remained in jail as of Wednesday morning.

### Deadline Nears On Postal Site Submissions

The U.S. Postal Service is still seeking a suitable site to build a new main post office building in Booneville, according to postmaster Jack Wright.

The "preferred area" for site consideration is bounded on the north by West Chambers Street, on the east by North College Street to North Street to North Smith Street, on the south by Stanley, Lafayette and East Church Street, and on the west by Second Street (Hwy. 45).

Site size needed is approximately 50,000 sq. ft. of land, or a lot with minimum dimensions of 200 ft. by 250 ft. Property owners are asked to submit their site offerings not later than Aug. 5 to William Deason, realty management and acquisition specialist, Field Real Estate and Buildings Office, U.S. Postal Service, P.O. Drawer 3744, Memphis, TN 38103-0744.

After a suitable site has been located and the Postal Service has accepted an offer to sell from the owner, an architect will be hired to design the building, according to a spokesman for the Southern Region office in Memphis.

The proposed new postal-owned building will have approximately 7,554 sq. ft. of interior floor space.

## Special Prosecutor Will Not Bring Charges In Win-Way Burglary Case

By KEN CHRISTIAN  
Editor

A special prosecutor hired to look into allegations against four Booneville police officers has placed the investigation back into the lap of the Prentiss County Grand Jury.

In February, New Albany city judge Talmadge D. Littlejohn was hired by the Booneville mayor and board of aldermen to look into allegations that four Booneville police officers burglarized the Win-Way store in downtown Booneville on Nov. 23, 1979.

After more than four months of investigation, Littlejohn reported to the board Tuesday that the former owner of the store, S.Q. Whitehead, has refused to sign an affidavit in the case. Consequently, Littlejohn has recommended the case be closed.

"This refusal of the owner to do this (sign an affidavit) ends the case," Littlejohn said in a written report to the city board.

"It is elementary law that a person cannot be prosecuted in a municipal court without jurisdiction," Littlejohn said. "An af-

fidavit is the instrument that breathes life into such jurisdiction. Without such, I cannot legally subpoena a witness and compel obedience thereto and I have found no other person who is willing to sign an affidavit; therefore, there is no case for me to further investigate or prosecute."

However, in his report the special prosecutor did not completely let the city government off the hook nor did he totally shut the door on the case. In fact, Littlejohn seems to hint that perhaps the Grand Jury should look into how the

investigation was handled originally.

"There are aspects of this inquiry that in my considered judgement should have been pursued more thoroughly at the time of, or immediately subsequent to, the alleged happening," he said. "However, for whatever reason, this was not done by the appropriate officials."

"Consequently, it is not for me to speculate as to the absence or tardiness of such a needed effort," he continued. "The Grand Jury of Prentiss County was then, and is now, the proper forum

for the inquiry to be pursued and concluded."

The burglary of the store is alleged to have occurred on the night of Nov. 23, 1979, when a Booneville police officer making a routine check of the downtown area discovered the door of the Win-Way store unlocked.

About two years later, two Booneville police officers are reported to have admitted to taking some items from the store that night while they were waiting on the manager to arrive to lock the door.

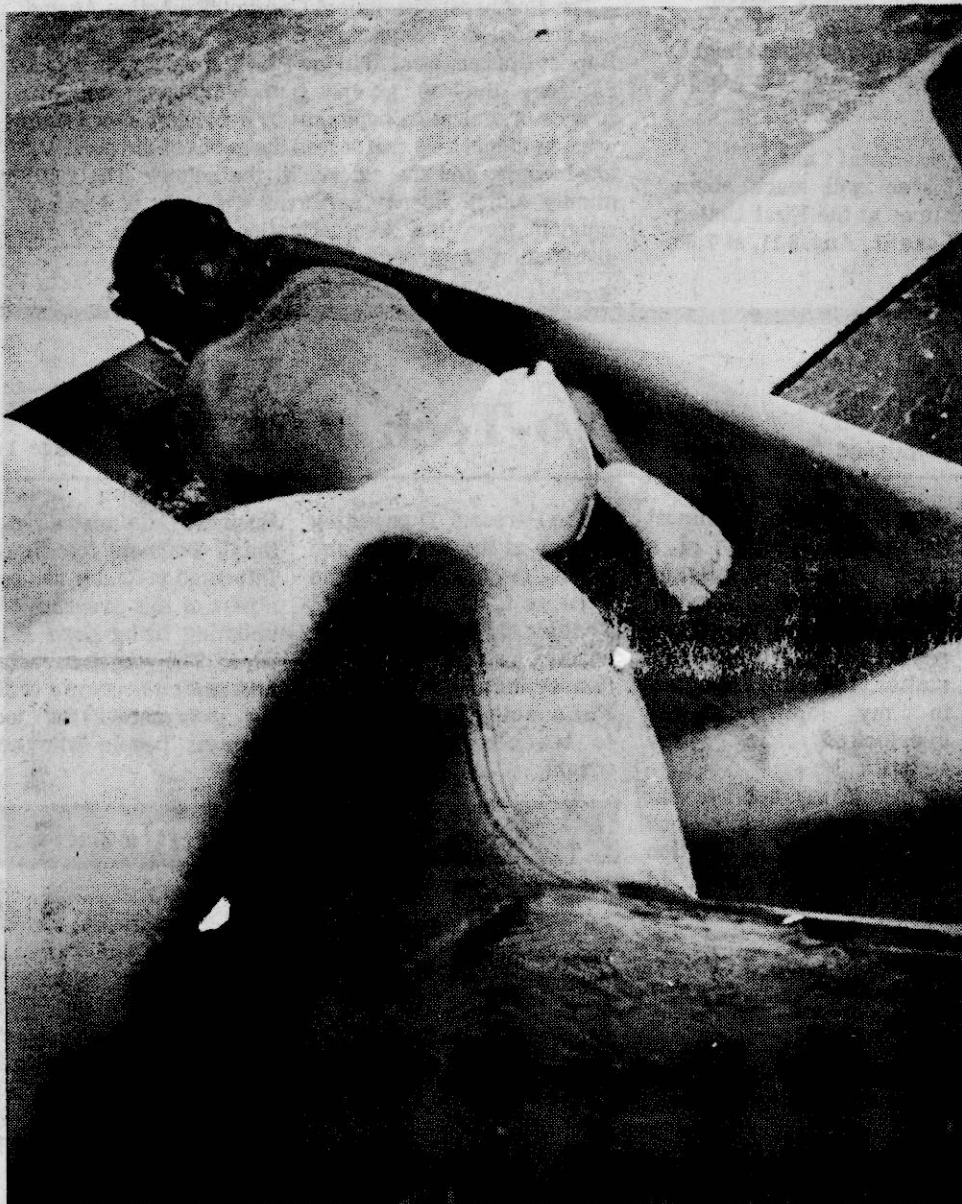

Those two officers, both white, are also reported to

have accused two black officers of also taking items from the store.

Officials reportedly have taped statements from the two white officers stating their involvement and accusing the other two officers.

Although none of the policemen involved have been identified by officials, the two black officers -- William Anderson and Bob Jones -- came forward voluntarily in February 1982 to publicly declare their innocence. At that time

With near 100-degree temperatures in the area, finding a way to keep cool is not often easy. But one young man at the Booneville West Side Park discovers that a quick 'zip' down the water slid into the park swimming pool does a nice job of beating the heat. (Photo by Suzann Sims)

## Know Your District When You Go To Vote

When Prentiss Countians go to the polls to vote in the election Tuesday, they will encounter some differences in voting as compared to previous elections.

Because of changes in the laws since four years ago, the county had to print a number of special ballots -- some with certain offices and some without.

Four years ago all Prentiss County residents could vote in the election of the county superintendent of education.

This year, because of a new law, those people who live within the boundaries of a separate school district cannot vote in the county superintendent's race.

This excludes those who live inside the Booneville and the Baldwyn City limits.

Section 37-5-71 of the Mississippi Code, amended during the 1980 legislative session, prohibits residents of a separate school district in Prentiss County from voting in the election of the county superintendent. The

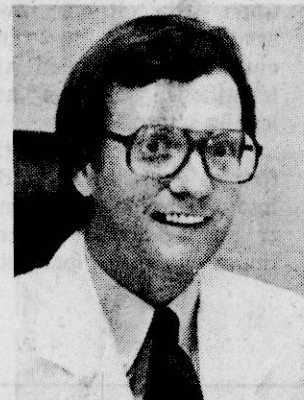

law became effective July 1, 1980.

Because of this, Circuit Clerk Travis Cox says there will be some ballots at each precinct including the superintendent of education and some not.

He said that in those precincts which include the separate school districts of Booneville and Baldwyn, voters will have to sign two books before they vote so they can keep count of the

## New Doctor To Locate Office In Booneville

DR. DAVID GREENHAW

Dr. David Greenhaw, formerly of Wheeler, has announced that he will open an office in Booneville for the practice of Internal Medicine.

Dr. Greenhaw is currently completing a three-year residency training program in Internal Medicine at Baptist Memorial Hospital in Memphis. During this period he has also been working part time in the emergency room at Baptist Memorial Hospital in

Booneville.

He plans to begin full-time practice in Booneville in March of next year. The actual opening date and location will be announced at a later date.

The new office will be open for the scheduling of appointments at least three weeks prior to his beginning his practice, he said.

Greenhaw completed medical school at the

## Prentiss Vo-Tech Receives National Recognition

The Prentiss County Vocational Technical School in Booneville recently received national recognition before the U.S. Congress.

In his annual report to Congress, Secretary of Education Terry Bell cited

examples of successful vocational education programs throughout the United States.

Mississippi and Utah were the only two states so recognized in their Sex Equity programs. Because of their innovative natures,

programs in the two states were judged as outstanding by the Office of Education's national program experts.

According to Bell's report, "Mississippi's exemplary program was at the Prentiss County Vocational School's Business and Office

Department. A pilot program was funded by the Vocational Division's Sex Equity Department, entitled 'Promoting Gender Equity in Entrepreneurship.'

"The program in the Business and Office Department integrated

entrepreneurship into a unique curriculum. The students set up a Personal Typewriting Service which gave them an opportunity to enter the business world as owners. The students did typing for graduate students, handled typing

services for a furniture manufacturer, and other businesses. "Besides the typing service, 40 women from the local community attended a seminar held by the students with the Small

### Park Place Inc.

## Realizing The Great American Dream

By KEN CHRISTIAN  
Editor

If enthusiasm is what it takes, Booneville will soon have a bustling new factory.

Park Place Inc., a new locally-owned and managed furniture manufacturing business, is expected to begin operations in the old Kellwood building on Third Street during the first week of September.

Kellwood, a garment manufacturer, discontinued operations at their Booneville plant during the last quarter of 1982.

According to the four-member Park Place management team, their new business is a dream come true. All four men have been involved in management at other firms, now they have their own.

"It's the Great American

Dream," says Vic Etheridge, one of the four.

He and the other three executives own 50 percent of the company. The remaining 50 percent was sold to 10 investors to provide financial backing for the company.

Etheridge said the new management team is "the most enthusiastic group of people I've ever been associated with."

He said the four men were "not out looking for a job" when they decided to begin the company. Each had a good-paying management position at other companies.

He also said the four were not "buddies" who decided to go into business together. Some of them had never met before.

Etheridge, Tom Green and Bob Clements got the ball rolling when they sat

down in February and began making plans for the company. Tom Forrester was later brought in as the fourth member of the management team.

In talking about starting the business, the four men decided that now "looked like an exciting time," and "if it's ever going to be the right time, now is the time."

Clements, Forrester and Etheridge are in their mid-

thirties. Green, at 29, is the youngest of the group.

Each has his own area of expertise. Forrester is in charge of sales and marketing; Green is in charge of finance; and Etheridge is in charge of purchasing and production control.

Phil Jones was added to

Anderson and Jones demanded that officials either bring changes against them or clear their names.

No charges or action of any kind has been taken against any of the four officers involved. Anderson, Jones and one of the officers who reportedly admitted to the burglary remain on active duty with the police force. The remaining officer had already resigned before the investigation into the incident was begun.

The investigation was started by a single officer within the police department in the latter part of 1981. When local and regional news media reported on the incident in February 1982, public pressure was brought to bear on city officials to get them to pursue the investigation.

Doctor

University of Mississippi in Jackson in February 1981. Since that time, while at Baptist Hospital in Memphis, he has received post graduate training in all areas of adult medicine, including Cardiology, Gastroenterology, Hematology, Pulmonology, Nephrology, Oncology, Rheumatology, Immunology, Endocrinology, Allergy, and Infectious Disease.

Dr. Greenhaw is married to the former Beverly Langley of Corinth. She is also a former resident of Wheeler and Prentiss County.

The Greenhaws have two children, Bart, 10, and

vestigation.

After more than a year of passing the buck on the investigation between the Booneville Police Department, the Prentiss County Sheriff's Office and District Attorney John Young's office, the case was finally presented to the Prentiss County Grand Jury in February of this year.

The Grand Jury reported that the evidence was insufficient to return a felony indictment. But they ordered that Young's office turn over to the city government all material pertaining to the investigation and that the city pursue possible misdemeanor charges against those involved.

It was at this point that the city hired Littlejohn as a

special prosecutor - more than 3 1/2 years after the burglary is alleged to have occurred.

"It is even too late now to secure a valid search warrant," Littlejohn reported this week to the city board. "Time has buried such an idea in the tomb of remoteness."

"A proper identification of the items allegedly taken cannot be made nor can a discernible value, an indispensable element of the crime of larceny, be placed upon the items even assuming that the same could be recovered and identified, which is now legally impossible."

"However, all of the foregoing conjecture fades into oblivion in the absence of an affidavit," he continues. "A municipal court

does not possess the almost limitless authority of a grand jury to investigate. When the Grand Jury of Prentiss County made its report concerning this matter, this basic premise, in my opinion, was overlooked in this situation."

"...It is my opinion that there is nothing left upon which a valid prosecution could be predicated in municipal court and it is my recommendation that the case be closed," Littlejohn concluded.

The next Prentiss County Grand Jury is scheduled to convene in October. It is not known if the Win-Way case will be pursued further or if the grand jury will request an investigation into how the original investigation was handled.

Sheriff's Report

The Prentiss County Sheriff's Department reports a total of 12 arrests during the period of July 17-25. Charges placed by the sheriff's department during that period include:

- Auto theft, 1; strong armed robbery, 1; accessory to strong armed robbery, 3; stealing gasoline, 1; public drunkenness, 3; threatening a life, 1; Disturbing the peace, 1; possession of beer, 2; reckless driving, 1; DUI, 4; possession of marijuana, 1; speeding, 2; suspended driver's license, 1.

Bobby Billings of Route 2, Sallito, reported the theft of a backhoe July 25. The theft occurred near Osborne

Creek Road. A 1978 Chrysler Cordova was reported stolen from the Larry George residence on Route 6, Booneville, July 22. The vehicle was recovered Sunday by the Prentiss County Sheriff's Department. The vehicle had been burned. Nothing was stolen from it.

Thomas F. Sherrill of Route 3, Rienzi, was arrested by the Bayou Labatre Police Department in Alabama July 20 for the theft of a Chevrolet Impala from the residence of Jewel O. Stevens on July 12. The car was also recovered. Sherrill remained in the Prentiss County jail as of Tuesday.

BIBLE BOX QUESTION

QUESTION: Mr. Hogland, in Rom. 8:1, the Bible says, "There is no condemnation to the ones in Christ." If this be so how can a child of God be lost?

WARD HOGLAND

ANSWER: This verse like many in the Bible has not been read in its entirety. The answer to your question is found in the latter part of the verse. It says, "There is therefore no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit." You see, one is not lost or condemned as long as he walks after the Spirit. However, if he chooses to walk after the flesh he will be lost. Actually, this verse tells us that one will never fall from grace as long as he walks after the Spirit. The real question about falling from grace is not whether God or the devil is able to do certain things, but rather whether God has given us volition or the power of choice. Some people evidently believe that man isn't given a choice, but the scriptures say he has a choice. For example, we know that a believer has salvation but the question is can a "believer" become an "unbeliever?" When we answer this question according to the Bible we will not have a problem with apostasy.

## Prentiss Low On List For Northern District Highway Construction

Itawamba, Marshall and Lee counties stand to receive the most in Northern District highway construction funds during the next three years, according to figures published by the State Highway Department.

These three counties are slated to receive about 64 percent of a total of almost \$140 million allocated for the district.

Over the three-year period, the Northern District is allocated \$139,709,000 for road construction. Itawamba, Marshall and Lee counties are to get \$89,535,000 of this. That leaves only \$50,174,000 to be divided among the remaining 29 counties.

Prentiss County, slated for \$2,970,000 over the next three years, is number 11 on the list in the amount of money allocated for road construction.

Itawamba County gets the biggest share of the pie, with

\$53,130,000 allocated for the three years. Marshall is second with \$24,875,000, and Lee County is third with \$11,530,000.

In FY 1984, Prentiss County is allocated \$970,000 for road construction. The next year, FY 1985, Prentiss County gets no money at all, but in FY 1986, Prentiss is scheduled to get \$2 million.

Five counties in the Northern District receive no funds at all during the three-year program. Lafayette, Leflore, Quitman, Tallahatchie, and Tunica are slated for no construction during fiscal years 1984-86.

In total funds for the three-year program, the Northern District comes out on the short end over the other two districts in the state.

The Central District is slated for \$148,431,000; the Southern District \$144,043,000; and the Northern District, \$4139,709,000.

## Electric Power Rates Should Return To 1982 Level

The expiration of a temporary April-September rate reduction means electric power bills may return to October 1982 levels on Oct. 2 of this year.

TVA Manager of Power Hugh Parris recently told the TVA board that with the end of the temporary rate reduction, the present revenue credit expiring and with a new revenue credit for 1984, consumer bills next October would be at the same level as they were from October 1982 through February 1983.

This means an increase in the bills some customers are currently paying.

"With the expiration of the (5.8 percent) temporary rate reduction, there will be some increase in consumers' bills... back to

approximately the same levels consumers were paying in October 1982," Parris said.

Following Parris' report, the TVA board took the rate matter under advisement and plans to vote on fiscal 1984 rates after a final recommendation from Parris on Aug. 24. The 1984 rates will take effect Oct. 1.

"No action is required for TVA's rates to revert to the levels established last October, before the April-to-September rate reduction went into effect," Parris said.

In addition to the expiration of the temporary rate reduction, a \$140-million revenue credit from 1982 operations will also expire Sept. 30, the last day of the current fiscal year.

According to TVA of-

ficials, this revenue credit has held the TVA wholesale power rate 3.4 percent below the actual rate level approved by the TVA board last October for 1983.

Without the revenue credit in effect, the wholesale rate would increase an additional 3.4 percent in October.

However, Parris advises that an improved financial outlook for the current fiscal year is expected to enable TVA to declare a new revenue credit of \$150-million to apply against 1984 revenues, effectively replacing the revenue credit due to expire.

"We are talking about applying excess revenue from the current fiscal year as a new revenue credit during fiscal 1984," Parris said.

## Uncompensated Care Hurts Hospitals

The uncompensated care problem for hospitals in Mississippi is getting worse.

According to figures published in the 1982 American Hospital Association Annual Survey, the amount of uncompensated care administered by Mississippi hospitals has increased by a frightening margin.

The AHA survey shows

that the amount of uncompensated care for the survey period was almost \$179 million for the hospitals reporting. Based on the survey, the estimate for all Mississippi hospitals is almost \$259 million.

This compares to the \$159 million figure for the 1981 survey year.

By definition, uncompensated care refers to the amount of health care rendered by hospitals for which payment is not forthcoming from either the persons receiving the care or their insurers.

The Mississippi Hospital Association has produced a brochure called "The Problem of Uncompensated Care."

## Voters

ballots. Another change this year involves the election of Prentiss County's Justice Court Judges.

Four years ago Prentiss Countians elected five justice court judges - one for each district in the county.

This year, because of another new law, Prentiss County will elect only two Justice Court Judges - one from the northern section of the county and another from the southern district.

Once elected both Justice Court Judges will have full jurisdiction over the entire county. However, voters in the northern half of Prentiss County will not be able to vote for the judge from the southern half and vice versa.

The northern judicial district is composed of the complete second and fifth supervisor's districts, plus the northern half of the first supervisor's district. The southern judicial district includes all the third and

fourth supervisor's districts, plus the southern half of the first supervisor's district.

The dividing line for the first district will be the Highway 30 Bypass and Chambers Street.

Those people in the Booneville precinct who live north of the bypass will vote for the Justice Court Judge in the northern judicial

district, while those who live south of the bypass will vote in the southern judicial district.

This race will also require separate ballots at some of the polls. The circuit clerk said it will greatly speed up voting on election day if residents in the first district will note prior to the election whether they live in the northern or the southern

judicial district. They can then tell the election holders which ballot they should receive.

Voters should also be prepared to tell the election holders whether or not they live inside a separate school district so they can be given the proper ballot in the election for the county superintendent of education.

QUESTION: Do you vote for a candidate because you like him or because you think he will do a good job?

**LINDA BROWN** of Route 6, Booneville: "I would vote for the one I thought was sincere and wanted the office so he would do a good job. I'd want to vote for somebody that knows how to do a good job and who is qualified."

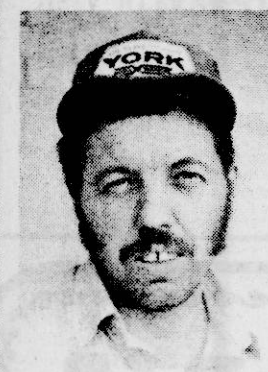

**WYATT WEATHERFORD** of Oakmere Circle: "I vote for a candidate because I think he will do the best job. Whether he is a Republican, a Democrat, or an Independent doesn't matter to me. If people wouldn't pay as much attention to personality contests and pay more attention to the candidate's qualifications, our country would be in a lot better shape."

**SHIRLEY JOHNSON** of Route 4, Booneville: "I vote for them because I think they will do a good job. All these others we have had in office -- to me they haven't done their job. Hopefully we will get some in this time that will."

**CAROLYN THOMPSON** of Westwood Drive: "I vote for candidates because they will do a good job. Some are running again. We need to go by their past record so if they didn't do a good job we can vote in someone else who we think will do a better job."

**JAMES PRENTISS JR.** of Massey Street: "I vote for him because I think he will do a good job. I feel if a man thinks he is going to do a good job he deserves to be in office. If not we don't need him. I think a lot of people more or less vote for candidates just because they like them and that's a mistake. If he does his job he should be elected -- not just because he's popular."

**FRANKLIN OSWALT** of Route 7, Booneville: "I vote for him because I think he will do a good job. The candidates I'm voting for have experience behind them and good qualifications."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

## Ponderings

By Angela Smith

Staff Reporter

I was told by a candidate this week that he didn't care whether I voted or not in Tuesday's election.

This just goes to prove that one of my readers may be right when she commented that the candidates wanted to run me out of town on a rail because of my previous columns concerning the election.

So keeping that thought in mind as we anticipate casting our ballots Tuesday, let's think about some of the things I recall about the candidate speakings.

**Thrasher:** A hot, sweaty audience watching hot, sweaty candidates and vice versa. Weatherwise it was the hottest speaking held. Candidate-audience participation wise, it was the coldest speaking held.

**Jumpertown:** The only speaking where I listened to every word of each candidate's speech. The candidates for sheriff spoke last and when they did they had the audience's utmost attention. It was so quiet when they spoke, that when someone dropped a pin I heard it.

**Wheeler:** It was here that we learned most of the candidates had some type of "Wheeler Connection."

They were either born in Wheeler, lived in Wheeler, had attended Wheeler School, or knew the brother-in-law of a second cousin's great aunt from Wheeler.

**Marietta:** As many times before, I was glad I wasn't a candidate. Climbing up and down the hillside at Marietta Springs Park wore me out -- and I only made the trek up the hill once. If I had been a candidate I would have passed out from walking up those hillsides so much while politicking.

I'm not sure if more people attended the speaking at Marietta, but it looked like the largest crowd. However, it might have looked that way because people were scattered all over the hillsides at the park.

**Hills Chapel:** Chairs were provided underneath the shade trees at the school making for a nice atmosphere for a candidate speaking. It was another hot Saturday afternoon but there was still a good crowd on hand to hear the speeches. By the time that speaking rolled around I had heard the speeches so often I could practically recite them. (However, candidates take note -- do

not ask me to give your speech Saturday at the rally at the Booneville City Park!)

Saturdays will certainly feel different after the election -- no candidate speakings to attend.

I'll miss the speakings. I liked watching the people and their reactions or lack of reactions to the candidates and their speeches.

And speaking of reactions, if anyone wanted to see some "real" reactions, they should have been at The Banner-Independent office last Thursday -- the deadline for placing political ads in the Banner's special political section in today's paper.

It's a semi-madhouse here anyway -- but it was really wild when so many candidates came in at once to place their ads.

(When one candidate was told the price of his ad he said "I don't know if I can afford to get in the second primary!")

There is a reminder in the political section that says "If you don't vote, don't complain about the elected officials."

So vote Tuesday and complain about the elected officials all you want to.

Now if I were a candidate, I would end my column by simply saying "Thank you Booneville, thank you Prentiss County for reading this column."

#### Court Square Ponderings

"Be thankful for bad luck. Without it you would have only yourself to blame."

### Eyes On Mississippi

## Candidates Face Strong Challenges

By BILL MINOR  
Syndicated Columnist

**JACKSON, Miss.** -- A number of old hands in the Legislature are being challenged at the polls next week, in most instances by younger progressives being pushed by organizations seeking to make the Legislature more responsive to educational reform.

Several upsets could be in the making, if the mood for change on the legislative front proves to be as widespread as some political observers believe.

In any case, quite a few lawmakers unaccustomed to challenge on the homefront are at least finding out their constituencies may have different ideas.

The legislative race most closely watched is the one in House District 53, composed of a part of Warren county, along with Issaquena and

Sharkey counties. Here is where House Speaker C.B. "Buddie" Newman, after 36 years in the Legislature, is facing stiff competition.

Newman's opponent is 36-year-old Phyllis Farragut, a Vicksburg CPA-businesswoman and mother of two, making her maiden voyage as a political candidate against the 61-year-old Newman.

Farragut, who is contending that Newman is out of touch with the times and with his constituency, is waging a highly aggressive campaign that indicates she will get a strong vote in the City of Vicksburg, which has one-half of the districts votes.

Unofficially, she has the backing of the Vicksburg NAACP, although Newman is making an all-out effort to get black votes, a complete reversal of his attitude in the 1960's when he was one of

Ross Barnett's leading segregation advisors.

As an example of his newfound sympathy for black causes, the other day when NAACP national director Benjamin Hooks spoke in Vicksburg, Newman was on hand and came forward to match Hooks' donation of \$20 to the NAACP chapter's treasury.

So, incidentally, did Sen. Ellis Bodron, of Vicksburg, considered by most as the second most powerful figure in the Mississippi Legislature, next to Newman, because of his tight-fisted control of the Senate Finance Committee.

Bodron also faces opposition, but not as tough as Newman's. Both Newman and Bodron, however, have been forced to go into rather heavy media campaigns, defending their records at great length and reciting

what they have done for the area.

Both Mrs. Farragut and Ken Harper, Bodron's opponent, are being backed by Mississippi First Inc., a political action group formed by a number of young attorneys and young professionals from around the state following the defeat of Gov. William Winter's kindergarten and educational reforms in the 1982 legislative session.

Significantly, the Mississippi Association of Educators, which had been expected to target Newman and Bodron, has shied away from endorsing their opponents.

Rep. Joe Blount of Union, a former Ole Miss football star and one of Newman's top lieutenants in the House, is reportedly in real trouble for re-election in his Newton County district because of his support for House Bill 4, the kindergarten and school reform bill enacted last December.

Blount is being opposed by an old antagonist, Raymond Comans, whom he had unseated eight years ago. Besides kindergartens, school consolidation is being made a big issue in the campaign, despite the fact consolidation is a long way off under House Bill 4.

In Lauderdale County, staunch segregationist Rep. Tommy Horne of Meridian, a consistent foe of public education, is facing a tough

battle for re-election from Rick Fortenberry, a young attorney in Meridian who formerly was a highly regarded legislative staffer for the State Senate. Horne, ironically is backed by the AFL-CIO.

Another Newman lieutenant, Rep. Will Green Pointexter of Inverness, could become an upset victim at the hands of G. Clark Johnson, and Indianola alderman, say knowledgeable local political observers.

In Jackson, two of Newman's staunch supporters, Rep. Emmett Owens and Rep. "Farmer Jim" Neal, both face stiff opposition for re-election because of their opposition to the education program. But the irony twist is that the MAE has given Neal its endorsement, and the AFL-CIO has endorsed Owens.

What is described as a "real shoot-out" in the Delta is a campaign to unseat controversial Sen. Robert Crook of Ruleville, who had led the opposition to the Winter Administration's prison reform package aimed at reducing the growth of the incarcerated population, and who nearly blocked decentralization of prison facilities.

Crook, a veteran of 20 years in the Legislature, during which time he has maintained a fulltime home and raised his family in Jackson, has the hardest

campaign of his career. He is opposed by Turner Arant, member of a well-known Delta farming family and Elijah Wilson, head of the Coahoma County NAACP.

The Crook district is 63 percent black and while Wilson is expected to get a good black vote, local observers see a runoff between Crook and Arant, which could be determined on "just which one they like better."

Foes of Crook outside the district include those who regard him a major obstructionist to solving the state's prison overcrowding and using his longtime Foes and Salaries Committee chairmanship as a weapon over the heads of state agencies.

Crook, however, is claiming that utility interests are pouring in money and other help for Arant because of his (Crook's) efforts to toughen the utility regulatory act. Arant has the backing of IMPAC, a business oriented political action group based in Jackson.

Another hot Senate race is down in the Marion-Lamar-Walthall-Pike District 40, where Sen. Emerson Stringer of Columbia, the leader of the "country caucus" and staunch pro-creationist has a tough race with Dwight Wesley, a rural voluntary fire department and civic leader from Marion County.

## Improved Roads Needed In Northeast Area, Too

Dear Editor:

Our highways in Northeast Mississippi are a crying shame.

When one travels in other parts of the state, it is hard not to become bitter upon seeing miles of four lanes, the cloverleaf interchanges, and, in some places, cloverleaves over cloverleaves.

Travelers from other sections invariably ask why we put up with such antiquated highways.

We are told there is not enough money to four lane the highways in our area, but what about the millions that have been spent at other places that have less traffic count?

Highway 45 from the Tennessee line through Corinth, Booneville, Baldwyn and Tupelo is no only on the Corridor Route, but has more traffic than anywhere else on Highway

45. What has this gotten us?

I understand that Governor Alexander of Tennessee is advocating four laning Highway 45 from Fulton, Ky., to the Mississippi line and I have no doubt this will be accomplished.

Why do such major highways need four lanes up to the Mississippi line but do not need to be four laned after they get to Mississippi?

After a thorough investigation, I am convinced that Zack Stewart will treat us fairly and do all in his power to help solve our highway problems. He has an excellent chance of winning this election.

Four years ago he polled 5,666 votes in Prentiss County to Bobby Richardson's 4,289. Tishomingo County gave Stewart 4,294

votes to Richardson's 2,586, and Alcorn County gave him 8,676 votes to Richardson's 3,675.

Richardson's biggest vote came from Leflore County and the Delta, but friends tell me that many people there have become disillusioned with him.

If we in Northeast Mississippi, the most neglected part of the district, will stick together and get out a strong vote for Stewart, we can make a change.

We have a wonderful opportunity to express our dissatisfaction with the way we have been treated by voting for Zack Stewart and better highways.

Sincerely,

Fayette C. Williams, D.D.S.

## EYE OPENERS

By  
Dr. Walter C. Simpson

### FIRST AID FOR EYE INJURIES

In case of accident, properly applied "first aid" has been known to save lives as well as to reduce, medical complications. Injuries to the eyes can be made less severe by first aid, too. Here are some examples:

**CUTS:** DON'T wash the eye with water. DO bandage it and visit a doctor.

**CHEMICAL BURNS:** Alkalis or acids can cause extremely serious burns. The eye should be flushed with water immediately and constantly for at least 15 minutes with the eye kept open. As soon as possible, get the patient to an eye doctor.

**BLOWS:** Cold compresses should be applied continuously for about 15 minutes and, thereafter, if pain and swelling persist, each hour. "Black eye" can signal internal damage and should be examined by an eye specialist.

Mrs. Sara Pounds, vice-president, called the meeting to order and extended a welcome in the absence of President Anne Prichard.

Mrs. Prichard, Mrs. Louise Peeler and Mr. and Mrs. C.W. Yarber were in Honolulu, Hawaii, attending the Pilot International Convention.

Mrs. Hilda Campbell gave the invocation before the meal provided by the

patriotic area members. Mrs. Sylvia Salts led the group saying the Pledge of Allegiance to the flag of the United States of America.

Dr. Neola Cleveland recognized the Pilot of the Month, Mrs. Mary Robinson. In the biographical sketch she stated that Mrs. Robinson was one of those people who constantly helps others, many times not being so noted for having done so.

Mrs. Carolyn Jackson, area leader, gave an impromptu program about patriotism. She referred to Carl Sandburg's "Scum of

the Earth" in which he started with a feeling of ridicule for those people who had come to this country. He then ended the poem with gratitude for all they had accomplished in helping make this great country of ours.

She defined patriotism as a great love of one's own country and of loyalty to it. She closed her presentation with remarks about the Statue of Liberty and its dedication in 1886.

She quoted, "Give me your tired, your poor, your huddled masses yearning to breathe free, the wretched

refugee of your teeming shore. Send these, the homeless, tempest-tossed to me. I lift my lamp beside the golden door!" which was part of the inscription in Emma Lazarus' "The Great Colossus" affixed on a tablet in the pedestal in 1903.

Area members, Mrs. Hilda Campbell, Mrs. Eileen Fulper, Mrs. Clarence Goddard, Dr. Neola Cleveland, Mrs. Robbie McDaniel, Mrs. Mary Gault Nabers, and Mrs. Sylvia Salts provided door prizes which were distributed.

Mrs. Nelwyn Murphy led the group in singing patriotic songs which Mrs.

Nabers played on the piano. The meeting was adjourned with repeating the club's motto.

**VOTE FOR CULLEN HUGH LAMBERT**

JUSTICE COURT JUDGE

South District PRENTISS COUNTY

To the voters of the Southern District of Prentiss County:

I am Cullen Hugh Lambert, candidate for Justice Court Judge, reminding you that our constitution was written to protect the people's rights and freedoms in this country. Our laws were written to protect the innocent and to punish the guilty. This was and is according to the word of God. Our Justice Court Judge is under oath to see that justice is done in our court, but they have pushed our book of laws to the side and they have disregarded our constitution and the word of God. Making them violators of their own oath and men that God has no place for, can we then be justified in voting for one of these again, or would we be defying the word of God? I however, have proved many times, that I won't violate my oath during the two wars that I served my country in. And I have proved that I will fight for what is right. I want to serve you once again as Justice Court Judge. I ask you to join me in my effort to restore justice in our Justice Court by voting Cullen Hugh Lambert for Justice Court Judge on August the 2nd.

I didn't deny you when duty called. Please don't deny me this opportunity.

Thank you, Cullen Hugh Lambert. Pd. Pol. Adv.

## Moore Family Holds Annual Reunion

By Junie W. Goolsby

For three decades the third Sunday in July has been a special holiday for the descendants of the late Perry Tyson and Ida Elizabeth Moore.

On this date the family members and friends meet at the West Side Community Center in Booneville for a day of reunion.

This year the granddaughters and grandsons of

the late Mr. and Mrs. Moore were in charge of the program. Kerry L. Saylor was Master of Ceremonies.

The dining center was decorated with white table cloths and bouquets of crepe myrtle on each table. Some 95 family members and guests were registered. Eleshia Geno Jumper received the door prize.

In his usual humorous, yet appreciative manner, our M.C. for the day called the

house to order.

Then followed a devotional message by Elizabeth M. Curlee. Her message was very timely and meaningful with the theme being "The Great Reunion Day."

A bountiful luncheon was then enjoyed, followed by a few minutes of "Do You Remember When?" by the older generation. This brought many laughs from the crowd.

Mrs. Raiford Carter

(Peggy Jo) had coached some 12-14 of her small nieces, nephews, cousins and her own two children in singing two songs which delighted everyone.

Barney T. Wallis read a history of the Moore family. A touching note was added when Rachel W. Eaton read a letter written by Mr. Moore in 1932 to his wife and children.

Out-of-town relatives who came included the Roger Morris family from Memphis which included Holland Moore Morris, Randy Morris, Randy Jr., Irene, Marc and Rodger Morris. Randy brought some interesting pictures of the late Jacob Berry and Anna Caver Moore, the grandparents and great-grandparents of the Moore family.

Others attending from out-of-town were John M. and Elizabeth and Frank Curlee from Aberdeen; Bill, Anita and Angela Deaton, Amory; Kerry, Elizabeth, Scharia and Laura Saylor, Amory; Raiford, Peggy, Fran and Will Carter, Tupelo; B.T. and Trudy Wallis and daughter, Sturgis; Karen Wallis Moffitt and daughter, Melissa, Chattonooga; DeAnna Saylor, Chicago; and Stephanie Saylor, St. Louis, Mo.

We are thankful for the memories after sharing this day and hope to meet in July 1984.

## Library Notes

By LEE DAVIS  
Librarian

George E. Allen Library

A gift to the Allen Library that will be useful to our teenage patrons is a set of biographies. It is unusual in that there is a volume for each person in the series and diverse interests are covered; for example -

Louis Armstrong, Albert Einstein, Ernest Hemingway, Eleanor Roosevelt, and Dag Hammarskjöld. For readers of this age group also is a set on foreign countries, with emphasis on outstanding historical developments in each one.

New copies of some of the

children's books being used on the Mississippi ETV "Reading Rainbow" television series are now available and the library also still has some schedules on hand for you.

Another pamphlet that you might find helpful if your genealogy interests you has been prepared by the Prentiss County Historical Association. Now in the process of writing a history of our county, this group of volunteers has, written an explanation of the purpose of the Prentiss County-History, telling you how to reserve a space in it for your own family story. It is to have a minimum of 520 pages and will be a beautiful collector's item. Guidelines and sample histories are included.

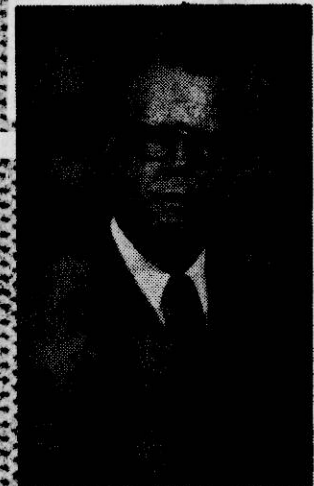

## Reception Sunday For Bro. And Mrs. Moore

## Mrs. Hill Observes Her 90th Birthday

Mrs. Mabel Hill celebrated her 90th birthday on July 27. She was honored with a reception on Sunday, July 24, from 3-5 p.m. in the First United Methodist Church fellowship hall by her son, Dr. David Hill of Southport, Conn., and members of Group II United Methodist Women and other friends.

Arrangements of hydrangeas, roses and daisies, arranged by Mrs. W.V. Kemp, graced the entrance hall and refreshment tables. Other gift arrangements of roses, chrysanthemums and carnations added to the beauty of the occasion.

As the guests arrived they were greeted by Mrs. Hill and Dr. Hill.

Presiding at the guest register were Mrs. Mary Rees Hambrick and Mrs.

Myrl Walden. Mrs. Curlee Ross, Mrs. Willard Jones and Mrs. J.A. Wilkinson served at the refreshment tables one of which held a birthday cake topped with roses and a fluted "90."

The festive atmosphere was enhanced by the music of Doug Holland at the piano.

Others assisting were Mrs. Ouida Jumper, Mrs. W.H. Anderson, Mrs. Zelma Scruggs, Mrs. Henry Mize, Mrs. Emmons Turner and Mrs. Earline Betts.

Relatives and friends from out-of-town attending were Miss Zelma McCord, Mrs. Ripple Cates Underwood, Mrs. Halisette Godwin, Dr. and Mrs. Stanley Hill of Corinth, Dr. and Mrs. William Stroup and Mrs. Erin Stroup of Tupelo, Mrs. Bessie Settle Doty and George Settle of Rienzi.

I am the son of Vivian (Williams) Greene and the late Herman Greene of Marietta.

I am a native of Prentiss County and a tax payer of Prentiss County. I am married to the former Evonell (Sparks) Greene. We have five children, two of whom are still in school. I am a member of the Marietta Church of Christ and a Sunday School teacher.

I have a B.S. Degree, a Master's Degree in Secondary School Administration, and a Master's Degree in Elementary School Supervision.

I have three years experience as basketball coach and teacher and 15 years in school administration.

I am a Korean veteran. I believe this will qualify J.W. Greene for a candidate for County Superintndent of Education.

I want the voice of the people heard in running our schools. I believe in safe transportation to and from school. I believe in fair and equal employment, based on qualification. I will demonstrate aggressive leadership in seeing that the basic skills in reading, writing and arithmetic are taught to our children.

I will demonstrate aggressive leadership so our Principals and Teachers will be more devoted to their job in teaching our children the need of a good education. If we as administrators and teachers are showing children that we do care and are doing our best to see that this is done, the student will become more involved in school activities and more interested in learning. These are some of my ideas that will improve our Prentiss County Educational System. I know there are many of you whom I have not seen and I know a lot of you personally and if I don't see you before election day, please consider me for your County Superintendent of Education.

**MIKE CHASE**

Representative, District 3

I, along with many citizens, am disturbed by the unhealthy and alarming trend now taking place in state government. The trend is to substitute the appointment of public officials for allowing citizens to express their choices with the ballot. Today there are fewer offices you can vote on than there were four years ago. There is a danger that there will be even fewer four years from now. Already the office of State Superintendent of Education has been made appointive. What important office will next be made appointive? The County Superintendent of Education? The Sheriff? The appointment of our public officials is a political means of taking the ballot from the hands of the people.

Mike Chase has repeatedly stated that the time has come to stop this trend. It is time to stop this movement that erodes the citizens' right to choose their own public officials. Make no mistake - the machinery is being put into place to increase the appointment of your public officials. In 1982 alone, legislation was introduced to make appointive the offices of County Superintendent of Education, Attorney General, Secretary of State, State Treasurer, and State Auditor.

Mike Chase is openly and fundamentally opposed to the substitution of appointments for the citizen's ballot. The ballot is the citizen's last remaining political weapon - a weapon that must be preserved at all costs.

We cannot afford to give up our political rights to a few power brokers in Jackson. We cannot allow the few in Jackson to control our lives and our future. I will oppose this political trespassing with every ounce of my energy.

## Zack Stewart Has A Plan

### MORE AND BETTER ROADS

"I propose a roadbuilding plan to complete what we set out to do many years ago and which has been sidetracked during recent years. I propose to get on with building a transportation system which will enable North Mississippi to compete with other southern states in attracting new business and industries and to enable people to safely travel about our state."

### FINANCING

"I have a program which I propose to promote to our new Governor and Legislature where we finance our highway construction without adding any new taxes not already being levied on our people.

This would be done by utilizing the five-cent a gallon federal tax which went on our gas on April 1, 1983 and which is now expected to bring \$120 million into our highway program each year.

By continuing this tax after it is scheduled to be repealed we can adequately finance needed construction, maintenance and repairs and pay as we go.

### POLITICS

"For too long your highway department has been embroiled in politics. First, your commissioner has sought other jobs and been more interested in his politics in another district than in building roads in our district.

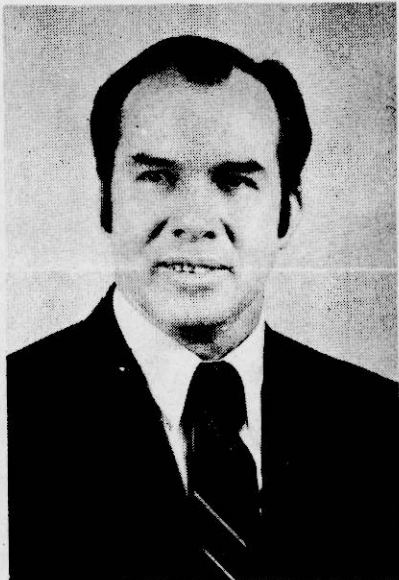

Longtime, dedicated highway department employees say there is little interest in highway business and that jobs are often at the sake of politics. I'll immediately put into effect a program of cooperation and establish an atmosphere where we can serve the taxpayers as they deserve.

### CLEANER HIGHWAYS

I have long advocated a program where we use persons convicted of minor offenses for public service work. Instead of slapping an offender on the wrists and sending them back on the streets, I propose to use them, at the discretion of the courts, for clean-up details where they can work on Saturdays or holidays, pick up trash, beer cans and junk. We'll have prettier highways and better people. I'm not talking about hardened criminals . . . I'm talking about those who have committed a relatively minor offense and who can be rehabilitated.

### CITIZEN INVOLVEMENT

Your Highway Commissioner is not above the people. He needs to remain in touch. I'll hold public meetings in your hometowns. I'll be on the job and ready to meet with anyone about highway business. I'll listen to your needs and be on the job to serve you. I need your help. We're winning this election for the people and better highways.

For Pisgah Cook

By ANGELA SMITH  
Staff Reporter

It's that time of the summer - cucumbers are ripe and abundantly so.

To keep from getting in a pickle with all those fresh, green cucumbers on hand - make pickles!

That's exactly what Ruby Michael of Pisgah does. Her husband of 57 years, Nolen, has an acre garden, so she has plenty of cucumbers for making pickles.

Her favorite pickle recipe is the one for "Grace Church Pickles." In fact, it's the only pickle recipe she uses.

"There's no use to make any other kind of pickles," Miss Ruby says. "This is the only kind the family eats." "These pickles are crisp and especially tasty. They're neither sweet nor sour and yet those are the two elements in making them," she says.

The main thing to remember when making pickles is to start with a good quality cucumber, she said.

And if you don't have a churn to put the pickles in, put them in a plastic bucket - that's what Miss Ruby does.

Her pickles are delicious, too. So much so in fact, that she only has one jar of pickles left from the several batches she made last summer.

She shares the pickles she makes with friends and her children. Forrest Michael of Booneville, Elizabeth Curlee of Aberdeen, Gwen Cleghorn of Atlanta, and Iris Easterling of Hattiesburg.

Miss Ruby's father was the late B.T. Moore who served as supervisor in the 2nd district of Prentiss County for 20 years.

Mrs. Michael once taught school at Jumpertown and Pisgah. Her pupils called her "Miss Ruby" and that is still how she is known to most people - including her husband.

Miss Ruby likes to make pickles because it's a simple procedure. "It's one of the easiest things to do because you don't get hot making pickles like canning anything else."

And besides, crunchy pickles are a delicious addition to practically any meal.

The sessions are sponsored each summer by the Student Counseling Center at Ole Miss.

Buys County Bonds

The Allstate Insurance Group has invested more than \$390,000 in bonds in Prentiss County, according to Charles J. Amis, the company's regional vice-president for Mississippi.

Prentiss County investments are part of more than \$17,890,000 in bonds held by Allstate in 15 counties in Mississippi.

The company's investments in Prentiss

Other Allstate investments in the state have helped build housing, school facilities and sewage systems.

Shanda and Shea Jones, twin daughters of Coach and Mrs. Wayne Jones of Booneville, celebrated their

first birthday June 24. Grandparents are Mr. and Mrs. Samuel L. Jones of Kosciusko, and Mr. and Mrs. Harlon Jamerson of Fulton.

Grace Church Pickles

3 gallons whole cucumbers  
1/2 gallon cheap vinegar  
1 lump alum (size of egg)  
2 quarts white vinegar  
7 lbs. sugar  
1 pint Tarragoa vinegar  
1/2 cup olive oil  
4 cloves garlic  
1 tablespoon whole cloves  
1 tablespoon whole black pepper (if desired)  
Salt to float egg

Put three gallons cucumbers in brine one week. Wash and let stand in cold water overnight. Cut, put back in churn.

Boil 1/2 gallon water, 1/2 gallon cheap vinegar with alum. Pour over cucumbers while hot. Let stand two nights. Pour off. Put garlic and spices in churn. Boil 2 quarts of white vinegar and 7 lbs. sugar. Pour over cucumbers. Let stand one week.

Dill Pickles

Solution for pickles: 1 quart water, 1 pint vinegar, 1/4 cup canning salt. Boil these ingredients.

Into sterilized jars, place one sprig dill, 1 clove garlic and hot pepper if desired. Fill jar to top with cucumbers.

Pour hot solution to half of top. Seal jars. Ready to eat after six weeks.

14 Day Sweet Pickles

10 lbs. cucumbers  
Soak 14 days in salt (enough salt to float an egg)

Take out. Soak overnight in half box of alum. Rinse. Cover with vinegar six hours. Drain off vinegar and throw away.

Put a layer of cucumbers in stone jar and cover with sugar. Repeat til 10 lbs. of sugar and box of spice is used. This does not need to be sealed. Just leave in stone jar. Will keep for a year or more.

Sweet Pickle Slices

4 quarts unpeeled cucumber slices, 1/2 inch thick  
7 and one-third cups vinegar  
3 tablespoons salt  
1 tablespoon mustard seeds  
6 cups sugar  
2 1/4 teaspoons celery seeds  
1 tablespoon whole allspice

In covered kettle simmer cucumber slices in 4 c. vinegar with salt, mustard seeds, and 1/4 c. sugar for about 15 minutes, or until slices turn slightly yellow. Do not overcook. Drain; discard cooking liquid. Spoon slices into hot, sterilized jars.

Bring to a boil 3 and one third cups vinegar, 5 1/4 cups sugar, celery seeds and whole allspice. Pour over pickles. Seal at once. Process in boiling water bath (212 degrees F.) 1 minutes. Makes 5 pints

Cucumber Pickles

6 large cucumbers, thinly sliced  
6 large onions, sliced  
1/2 c. salt  
1 lb. brown sugar  
1 qt. vinegar  
1/2 tsp. turmeric  
1/2 tsp. white mustard seeds  
1 tsp. celery seeds

Combine cucumbers and onions; sprinkle with salt. Let stand overnight.

Drain; rinse with cold water. Drain. Combine sugar, vinegar and spices; add vegetables; cook 15 to 30 minutes.

Pack in hot, sterilized jars; seal at once. Process in boiling water bath (212 degrees F.) 5 minutes. Makes 5 pints.

Icicle Pickles

4 quarts (3 inch) cucumbers  
2 c. salt  
1 gal. boiling water  
1 1/2 tblsp. powdered alum  
2 1/2 qts. vinegar  
5 lbs. sugar  
2 tblsp. whole allspice  
Cut cucumbers in quarters, length-wise. Dissolve salt in boiling water; pour over cucumbers in crock; weight down with plate; let stand one week.

Drain; add 1 gal. fresh boiling water; let stand 24 hours; drain. Add alum to 1 gal. fresh boiling water; pour over pickles; let stand 24 hours; drain.

To make syrup, combine vinegar, sugar and allspice;

CUCUMBER TIME - When the cucumbers get ripe that means it's time to make pickles. And making pickles is somewhat of a family affair for Ruby and Nolen Michael of the Pisgah community. Mr. Michael raises the cucumbers in his garden and sometimes even helps Miss Ruby "chip" the cucumbers in preparation for the pickle making process.

heat to boiling and boil 20 minutes. Pour over cucumbers in crock. Let stand three days.

Pack pickles in hot, sterilized jars; reheat syrup to boiling; boil 10 minutes; pour over pickles. Seal at once. Process in boiling water bath (212 degrees F.) 5 minutes. Makes 5 pints.

Bread And Butter Pickles

4 qts. sliced cucumbers (40 to 50)  
1/2 c. salt  
ice cubes  
2 qts. sliced onions  
1 qt. vinegar  
4 c. sugar  
1 tblsp. celery seeds  
2 tblsp. mustard seeds  
1 tblsp. ginger  
1 tsp. turmeric (optional)  
1/2 tsp. white pepper (optional)

Gently stir salt into thinly sliced cucumbers. Cover with ice cubes; let stand 2 or 3 hours or until cucumbers are crisp and cold. Add more ice if it melts. Drain; add onions.

Combine remaining ingredients; bring quickly to

a boil and boil 10 minutes. Add cucumber and onion slices and bring to boiling point. Pack at once in hot jars. Process in boiling water bath (212 degrees F.) 30 minutes.

Remove jars from canner and complete seals unless closures are self-sealing type. Makes 8 pints.

Christmas Pickles

10 ripe cucumbers, peeled and diced  
1/2 c. salt  
3 large red sweet peppers, seeded and cut in strips  
3 large sweet green peppers, seeded and cut in strips

4 c. diced celery  
2 medium onions, diced  
5 c. sugar  
1 qt. vinegar  
2 tsp. mustard seeds  
1 c. water

Sprinkle cucumbers with salt; let stand overnight. Drain well.

Add remaining vegetables, sugar, vinegar, mustard seeds and water. Heat to boiling; reduce heat; cook slowly until cucumbers look transparent. (Do not overcook.) Ladle into hot, sterilized jars; seal at once. Process in boiling water bath (212 degrees F.) 5 minutes. Makes 8 1/2 pints.

# ASCS Report

By C.E. CALVERT  
County Executive  
Director

A flood May 18 and 19 caused severe damage in Prentiss County. Farms suffering severe damage may be eligible for assistance under the Emergency Conservation Program "ECP" administered by the County Agricultural Stabilization and Conservation Service "ASCS" if the damage:

Will be so costly to rehabilitate that federal assistance is or will be required to return the land to productive agricultural use; unusual and is not the type that would recur frequently; materially affects the productive capacity of the farmland; if not treated will impair or endanger the land.

A farmer qualifying for ECP assistance may receive cost sharing not to exceed 64 percent of the total eligible cost of performing the following types of measures:

Removing debris from farmland; grading, shaping or leveling severely damaged farmland; or restoring conservation structures and other similar installations.

Farmers who feel the damage is sufficiently severe and their capabilities are such that assistance is necessary to correct the problem should contact the ASCS office and request assistance by not later than Aug. 26, the deadline for filing requests.

Practices should not be started until an on site inspection of the damaged area has been made by the County Committee or its representative. The County Committee will review this inspection when considering the request for cost share assistance.

**Feed Grain Program**

Ideas and recommendations from farmers and other interested persons can help determine the direction of the 1984 feed grain program.

ASCS invites comments on whether next year's program should contain a voluntary acreage reduction percentage, payment-in-kind, set-aside or land diversion provisions. The written remarks should include the recommended extent of these requirements.

Farmers may also comment on whether to allow haying and grazing of conservation use acreage, if an acreage reduction, set-aside or payment-in-kind is necessary.

The feed grain comments must be received in the Washington ASCS office by Aug. 23. Letters should be addressed to Howard C. Williams, Room 3741-S, P.O. Box 2415, Washington, D.C., 20013.

**Grain Loan**

Farm-stored grain under loan, including grain designated for the payment-in-kind program, must not be removed without permission.

Grain under regular or reserve loan is mortgaged and if it is removed before repayment of the loan or receipt of release authorization, it is considered unauthorized removal and subject to penalty.

The penalty consists of immediate repayment of the loan, plus interest, plus early redemption, if applicable, denial or further loans and possible investigation by the Office of the Inspector General.

Some farmers will use their farm-stored loans to satisfy payment-in-kind requirements. If farmers move the grain without permission they will be assessed liquidated damages according to the terms of the PIK contract as well as the regular penalty for unauthorized removal of farm-stored grain.

The ASCS price support loan program provides farmers with operating cash while they bargain or hold their grain for future sales. Variable interest rates are charged and farmers may repay the money before the nine-month maturity date.

Program regulations require that farmers notify ASCS if they intend to sell the grain, or if the grain is out of condition and needs to be moved. If the grain is to be used for feed, the loan must be repaid before it is removed from the storage bin.

Farmers are fully responsible for any loss in the quantity, or quality of farm-stored grain under loan.

# 4-H Offers Judging Opportunities

Success in any field depends to a great degree on the ability to make the right decision at the right time. The opportunities offered in 4-H Judging Activities, whether in Livestock, Dairy, Poultry, Horse or Land Judging, are important for a number of reasons. First, young people are taught to make decisions based on sound reasons. Judging forces people to make choices by continued practice, young people find that judging trains the mind to use sound reasoning.

Judging also teaches people to study beef cattle, horses, soil profiles, etc., so that they become familiar with each animal or soil profile placed in a class. By looking at strong points and weak points of individual animals, we form a habit of seeing these same characteristics in other problems. There is no substitute for a mind trained to see all sides of a problem.

An able judge is always objective. The mind should be free of prejudice. The facts are the only important things to be considered. An honest appraisal of the basic differences between animals and a decision based on sound reasons is the heart of all judging experiences.

The Value of Judging Activities : trains 4-H'ers to evaluate traits of economic importance and, consequently, make sound logical decisions; trains 4-H'ers to learn to accurately describe and compare animals, land sites, etc., Requires them to establish and defend their conclusions; promotes team spirit and stimulates interest in livestock, horses, dairy cattle, poultry and land capabilities; builds personal confidence; improves the power of observation and helps develop memory; helps 4-H'ers learn to present themselves and their ideas; and helps 4-H'ers learn to speak in a convincing manner.

4-H Judging Activities are a natural for volunteers. Pick a subject, train a team and get in on the action.

It was a great service.

# Park Place

(Continued from Page 1)

the roster, as was Bob Conway, to help with sales. Henry Butler, a 25-year veteran of the furniture manufacturing industry, was hired as plant superintendent.

The enthusiasm of the management team is apparent.

"I can't wait for the weekend to be over so I can get back to work on Monday," Etheridge said. And, in picking one word to describe the new company, Green used "exciting!" Etheridge went so far as to predict that Park Place "will become the most important employer in Prentiss County in the next five years."

Initial projects calls for the employment of approximately 50 people when the plant operation begins in September. By the end of the year, Park Place plans to employ about 75 people, and by the end of 1984, between 100-125.

The company projects a business of \$7 million in 1984, increasing to \$25 million over the next five years. Before they begin production in September they expect to have their product line sold out through November.

Etheridge said he and the other members of the team are not in the business just for the money.

"I'm tired of people saying Booneville hasn't got this or hasn't got that," he said. "I'm doing this for Booneville and for me, killing two birds with one stone."

"Our goal," Etheridge said, "is to build the company up to the capacity of this plant, and then add on some more. It will be good for everybody."

The existence of a local "good, trained labor force makes it exciting for us," Green said.

"We think we have the right people, the right product and the right financing. We think the time is right... and we know Booneville is right," Etheridge said.

"We feel we can give something back to the community," Etheridge said.

Green, a native of Nettleton, echoed that thought. "We believe in Booneville. This is a community project," he said.

Etheridge said the company does not want to work against other furniture manufacturing firms in the area, rather it wants to work with them.

"We hope Northeast Mississippi will become a major force in the furniture manufacturing industry," he said.

Also, not only does the new company want to provide new jobs for the community, but management says it wants to give the employees a voice in the business.

"People in Prentiss County are fine people when you keep them informed and involved," Etheridge said. Clements echoed those sentiments, adding, "We will have open lines of communication and will keep the employees informed. We want our people to feel proud to be working here."

Presently the company has about 400 job applicants on file. About 40-50 of those will be hired when the plant begins production in September. However, Etheridge urges those who are not hired in the first round not to get discouraged. "We will be phasing in additional workers" as time goes by, he said.

Those who have already applied for positions at the firm need not reapply since these applications are kept on file, the management team said.

In summing up the management team's feelings about the new project, Etheridge said, "We've been excited about this for a long time. We're going to make it."

Mrs. Edna Pharr spent Sunday afternoon with her mother Mrs. Matt Parks in Fulton.

GLOVER  
Sheriff Candidate

Raymond Glover

I met with forty three business men of our county last week and discussed the upcoming election and the many problems we face in both city and county. Each of these men expressed a sincere concern about the drug traffic and stealing in our area. Each of these men assured me of their support in organizing one of the greatest campaigns against drug abuse and stealing this county has ever known.

I'm sure you know as well as I, that we are not victims of simple minded people who steal for bread, rather we are the victims of intelligent wickedness. Most of the stealing in Prentiss County is a master plan, organized by professional crooks. While those arrested for actually doing the stealing and selling drugs are average common people trying to make a dollar, we must not be deceived, for at the head of the operation are intelligent sharp-minded people.

We must put people in the offices of law enforcement who are trained to out think and out smart the criminal if we ever hope to bring crime under control. Actually, Prentiss County needs a crime investigator. A man educated and trained in the field of criminal investigation. I know how to get such a man.

I was the first candidate to mention a work plan for prisoners. It caught on with many of you. All such plans do not happen over night. It takes a change in legislature. As you well know, those changes are brought about only by men who know how to win the support and cooperation of officials who can make the change. Getting things done, by gaining the respect of the right people, is usually easy when otherwise impossible.

In my first news letter I told you some things that I have not mentioned since, but this being the last news letter before August 2nd I think I should tell you again. I have seven years experience in law enforcement. I was selected by the governor to serve in a special police unit in Cuba during Castro's invasion. I am a former school teacher of Starkville High School. I hold four degrees in formal education, having earned my doctorate in 1980.

I am the son of Mr. and Mrs. Ellis Glover of Wheeler. I am married to the former Miss Helen Shouse, daughter of Mrs. Ruby Shouse and the late Mr. Homer Shouse of Marietta. We have two children and four grandchildren.

If you will elect me your Sheriff I'll do all that is within me to make you proud you did.

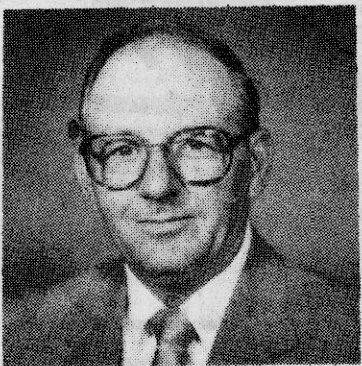

Remember, I am the second Glover on the ballot. Raymond Glover is the preacher who wants to be your Sheriff.

The DESIRE is mine, but the DECISION is yours.

J. C. YOUNG  
ANNOUNCES  
FOR  
SUPERVISOR  
2nd DISTRICT  
PRENTISS COUNTY

I am 47 years of age, son of Esma Windham Young and the late Casey Young. I am married to the former Sue Wardlow, daughter of Eula Mae Wardlow and the late Cliff Wardlow.

We have three children - Ronnie, Kathy and Greg. I am a Baptist and an active member of the Jumpertown Baptist Mission. I have served as alderman and vice mayor of Jumpertown for the past two years.

I have 25 years experience working with and for the people of Prentiss County. For the past 18 years I have owned and operated a successful plumbing and electrical contracting business. For the past 13 years I have owned and operated a backhoe and other heavy equipment.

As your supervisor I will work for:

- Better education for our children.
- More industry for our county with better paying jobs.
- Improvements in our district roads and maintaining them.
- More efficient ways of utilizing our tax dollars in local government.
- Keeping our taxes as low as possible, but still do the job you deserve and want done.

I HAVE THE DESIRE, THE EXPERIENCE AND QUALIFICATIONS TO BE YOUR SUPERVISOR.

Your Vote On August 2, For J. C. Young Will Be Greatly Appreciated.

## Soil Conservation News

By ED CALVERT  
Soil Conservationist  
USDA-Soil Conservation Service  
Booneville Field Office

Farmers in Prentiss County saved over 36,000 tons of soil this spring through the use of no-till farming. Farmers saved an average of 20 tons of soil per acre on 1800 acres planted to no-till soybeans, corn, and sorghum.

No-till farming is still relatively new in Prentiss County. The first no-till planting in the county was done back in 1973 when 25 acres of no-till soybeans was planted by Willie Hatfield. No-till has proven to be such a success and has really grown over the past three years.

Approximately 1,800 acres of no-till crops were planted in the county this spring by 20 farmers. This figure is expected to double next year, especially since the county now has a no-till drill that farmers can rent at a cost of \$2 an acre. The drill will also be available this fall for the planting of wheat behind beans and seeding of grasses and legumes in pastures.

Now is the time to be planning for a no-till cropping system (double cropped wheat and soybeans) for the 1983-84 cropping season. Proper fertility is essential and soil tests should be taken late this summer or fall prior to soybean harvest. Unless a rush order is requested, expect at least two weeks for test results to return.

The Extension soil testing address is: P.O. Box 5405, Mississippi State, Mississippi 39762. For those considering no-till beans after wheat in 1984, it would be advantageous to incorporate the soybean fertility needs while incorporating wheat fertilizer, but only where seedbeds are prepared for wheat.

For economic success with a double cropping system, proper selection of wheat varieties is a must. An early maturing variety is almost a necessity. A week saved on the planting of

soybeans can make the difference in a profit or a loss. Some of the early maturing wheat varieties that have good disease resistance and produce well in north Mississippi are: Coker 762, Southern Bell and Double Crop.

Now is also a good time to check with your local ASCS office on the availability of cost share programs for your no-till system. The SL-15 practice is available at present. With this practice the government will pay 65 percent of all chemical, planting and spraying cost up to \$26 per acre.

No-till has grown tremendously in Prentiss County over the last three years and looks to have a promising future. For those interested in what advantages no-till has to offer, a tour and educational study of the practice in Prentiss County is being planned for Aug. 18. Further information on this tour, double cropping no-till beans, or the setting up of a no-till system on your farm

can be obtained by coming by the Soil Conservation office at 107 College St. or by calling us at 728-3544.

I am Dalton E. "Gene" Prentice. I am 57 years old and I have lived most of my life in Prentiss County. I am married to Ruby Prentice, the daughter of Curtis and Norma Adams. I have four children and six grandchildren. I am a veteran of World War II and I was a barber in Baldwin for 29½ years. I am a member of the First Baptist Church in Baldwin and I am a member of the Prentiss County Shrine Club at Booneville.

I was elected as the Justice Court Judge in the third district of Prentiss County 3½ years ago. I am grateful to the people of the third district for giving me the opportunity to serve them.

I am now asking the people of the Southern District of Prentiss County to let me serve the next four years as Justice Court Judge. I will do the very best I can to be a fair Judge to everyone, as I have in the past 3½ years. I will be your Judge on call 24 hours each day to serve you. I know it will be impossible to see each and every one of you, so I sincerely solicit your vote and influence.

HELP ELECT  
**R. MICHAEL BOLEN**  
JUSTICE COURT  
JUDGE  
South District  
PRENTISS COUNTY

## PROFESSIONALISM FOR A CHANGE

The Justice Court System will be completely different next year. Rather than having five Justice Court Judges, Prentiss County will have only two Justice Court Judges. There will be one Judge elected from the Southern District, and one Judge elected from the Northern District. The Southern District is composed of the 3rd, 4th, and Southern half of the 1st Supervisory Districts.

The new Judges will have more authority and county-wide jurisdiction. They will hear cases which originate in both the Northern and Southern Districts. There will be a Justice Court Clerk with an office at the Courthouse with Deputy Clerks, if necessary, all of whom will be working under the direction and supervision of the Justice Court Judges. When a case is filed, either Civil or Criminal, the case will be filed with the Justice Court Clerk who will assign the case to one of the Judges on

a rotating basis. This new system will be very much like our Circuit and Chancery Court systems.

Justice Court Judges yield greater authority than most people realize. A Justice Court Judge has the authority to sentence a person to serve up to one year in the County Jail; levy a fine up to \$1,000.00; issue Search Warrants; make complete disposition of misdemeanor cases and Civil cases involving up to \$1,000.00; hold preliminary hearings in felony cases and set the amount of Appearance Bonds for felons in addition to other responsibilities.

The changes made in the office of Justice Court Judge make it imperative that we elect someone who has a judicial background and understands how our Court system works. Mike Bolen, an attorney, is qualified to serve in this office. Mike Bolen is a native of Prentiss County and a 1970 graduate of Baldwin High School. Bolen is the son of the late

Mrs. Merle Bolen and the grandson of Johnny Copeland. Bolen attended The Northeast Mississippi Junior College for two years and transferred to the University of Mississippi, where he received a Bachelors of Public Administration degree in Law Enforcement. Bolen was awarded his law degree from Mississippi College School of Law in 1978. Bolen is a member of the law firm of Gifford, Moore & Bolen and serves as Prosecuting Attorney for the City of Booneville.

Since the Justice Court has been changed so drastically, a professional, qualified individual who can understand the law and the new office should be elected as Justice Court Judge. Mike Bolen is such a person.

On August 2nd, vote for qualification and professionalism. Vote for R. Michael Bolen as Justice Court Judge, Southern District.

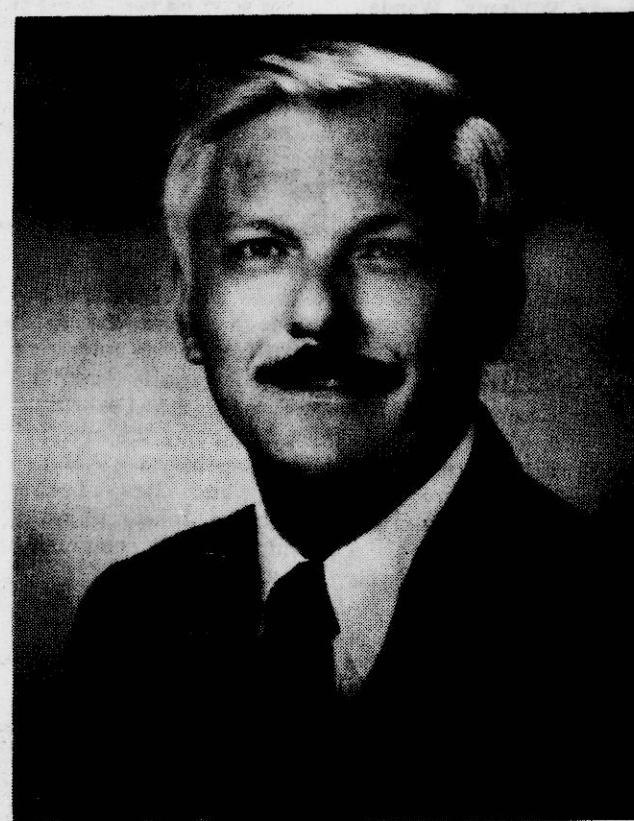

Submitted and approved by R. Michael Bolen - Pd. Pol. Adv.

## Representative District Number 3

## HE HAS THE EXPERIENCE TO GET THE JOB DONE

**A Message to the Citizens of Prentiss County and Alcorn County:**

Our present state Representative, Mr. McCoy voted for the Education Reform Act passed in the 1982 Special Session of the Legislature. (This special session cost the taxpayers \$306,254.00). The Kindergarten Act would certainly be a most excellent program for Mississippi if we could afford it. No one is sure how much this program will cost. Our Legislators decided to wait until after the election to fund this Act. Estimates on the cost of the Education Reform Act run from several hundred millions into the billion dollar range. In voting for this bill, Mr. McCoy, supported an act that mandates the consolidation and reorganization of school districts and attendance centers.

In plain language, Mr. McCoy has voted for a bill that can close New Site, Marietta, Wheeler, Jumpertown, Hills Chapel, Thrasher and Rienzi, along with any other school in Northeast Mississippi. This bill also allows all decisions on our schools to be made in Jackson, not in Prentiss and Alcorn Counties.

Glen Goodwin is a firm believer in upgrading and constantly improving education in our state, however, if we can afford such an expensive extra program then why do our classroom teachers suffer the distinction of being the lowest paid in the South? Why do students in our existing twelve grades suffer with facilities and supplies that are sub-standard? We need Representatives that understand how much of a hardship taxes are on the citizens of Mississippi.

Glen Goodwin knows a Representative is duty bound to stop useless programs and payrolls that do no good for anyone. Our Representative cannot be part of the solution if he is part of the problem. Glen Goodwin will fight to see that honesty and representation is returned to the people of Prentiss and Alcorn County and when the legislature is not in session you will not find Glen Goodwin working at a useless tax supported job especially created for him because he is a Legislator.

When you send Glen Goodwin to Jackson you will have a man you can depend on. Our district needs a man who can horse trade in Jackson, a man that is not afraid to stand up to the powers that be in Jackson.

When they cut up the pie I intend to see that Prentiss and Alcorn Counties get their fair share.

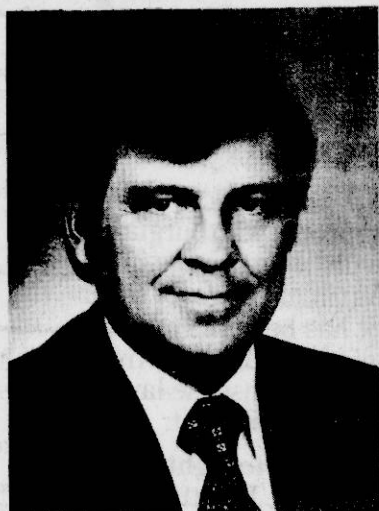

**On August 2, 1983 elect Glen Goodwin, your State Representative.**

"Fool's names and fool's faces always appear in public places." I learned that saying years ago concerning using public places as signature cards, mainly bathroom walls.

Nice law abiding citizens respect their home and the property of others. Heaven forbid that we should go down the roads or streets of our community littering papers along the roadside every few feet. "Nice" people just don't do that, especially if someone is looking. Isn't there a fine for those caught littering?

But what about politicians? Are they exempt from this law? It would seem that they even sign their name on the litter they leave behind.

Personally, I think it's a shame, the mess that has been made in my community. Road signs have been covered, trees, posts, not to even mention the eye sore that the roadside has become.

I would just like to say that I personally expect each and everyone of you who have been through my community making this mess, to come back after the election and clean it up.

I had almost decided to vote for one man simply for the reason that I had not seen his face plastered all over the place. At least he had my respect for that. But it was short-lived.

As I was driving up the road the other day I noticed a new sign bearing the name of guess who. I may not vote for any of them this year!! Isn't there anyone out there who believes in keeping America beautiful?

Nolan Newborn is doing well following his recent

surgery last Thursday. He is still confined at the local hospital, but hopes to be home again soon.

Members of Carter's Chapel Church of Christ were delighted to have Milton Mathis and family back for worship services on Sunday. It was good to see Milton out after quite a while. We are praying for his continued improvement.

Michael Newborn, of Alabama spent a few days last week with his grandparents, Mr. and Mrs. Ides Rutherford and Charlene Newborn. His mother Glenda Newborn and Scotty joined them for the weekend.

Jennifer Dunaway enjoyed staying overnight on Friday with Jordia Moor-

man.

Those interested are invited to attend the Cole family reunion on July 30 at the community center. Everyone is asked to bring a dish and enjoy the evening meal together at 7 P.M.

Mr. and Mrs. Leslie Wright of Joliet, Ill., are visiting in our community for a few days.

Friends are glad to hear that Delar Cole is home after spending a few days in the hospital.

Happy Birthday to those having birthdays this week July 24-30. These are Sue Newcomb, Lana George, Larry George, Lucy King, Gary Cole, Pamela Hearn, Reba Stegall, Ronnie Timbes, Nettie Pannell, Mary Ward and Billy Hare.

## JAMES N. GODWIN

FOR

JUSTICE COURT JUDGE

NORTHERN DISTRICT

For Justice Court Judge the people need someone that is honest with a legal mind, experience, and knowledge—someone with common sense with and with both feet on the ground. I suggest that James N. Godwin has all these qualifications or you would not have elected me County Attorney five times.

For 20 years as your County a Attorney I specialized in Justice Court Law, since it was my job to tell our five justice court judges, the sheriff, and our other law enforcement officers what the law was or look it up for them. Now do you need somebody who needs somebody else to tell them what the law is or find it for them?

A mark of wisdom is not only what we do, but what we do not do. Common sense teaches us . . .

If we had a tax problem, we would consult an accountant.

If we had a medical problem, we would consult a doctor.

The office of Justice Court Judge consists of legal problems. I suggest that we use the same wisdom and elect a lawyer to this office, one who has been dealing with legal problems for the past thirty years.

ELECT JAMES N. GODWIN, and he'll get the job done.

THANK YOU

# Why Niles McNeel.

Circuit Judge, District Attorney,  
Trial Lawyer, Federal Law Clerk.

No other candidate for  
attorney general can match his depth  
of experience in the law.

### Why Niles is the best qualified candidate.

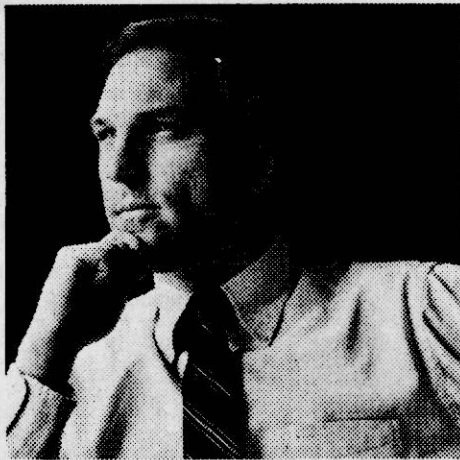

It is no exaggeration to say that when we elect our new attorney general we will be electing the most important lawyer in the state. It will be his responsibility to marshal the legal talents of his staff in defense of the rights and interests not only of Mississippi, but of all its citizens as well. It is a responsibility not to be delegated lightly, nor assigned to someone not prepared for its burdens.

Niles McNeel is the most qualified candidate for attorney general because no other candidate—not one—can match his depth of experience in the law: circuit judge, district attorney, civil and criminal trial lawyer, former law clerk for the U.S. Fifth Circuit Court of Appeals. No aspect of legal experience is foreign to Niles McNeel. And no other candidate can say that.

**Why we know Niles will be tough on crime.** He already has been. As district attorney for the second-largest district in Mississippi, he's

prosecuted the kinds of people who burglarize your homes and try to distribute drugs in your neighborhoods. As circuit judge for seven Mississippi counties, it has been his responsibility to sentence convicted felons to prison. Niles McNeel stands for no-nonsense law enforcement, and his record proves it.

**Why Niles is best qualified to fight high utility bills.** Every candidate for attorney general wants to keep utility rates down. But that's not enough. When the utility companies go to the Public Service Commission or appeal to the courts for a rate hike, they hire the smartest, toughest, most experienced lawyers money can buy to argue their case. The case for Mississippi's consumers—your side—is argued by the attorney general. The point is obvious: we need an attorney general who's as smart and tough and experienced as the high-priced lawyers the utility companies have on retainer. In this election that means Niles McNeel. Nobody else.

## Elect **JOHN WHITE** Your State Senator

### LET THE RECORD SPEAK

OUR PRESENT SENATOR, while a candidate in 1979, stated that he did not want to go to Jackson, to feather his own nest. As a senator, he then voted to raise the senators' salaries by \$5,000. *IS THAT THE KIND OF SENATOR YOU WANT?*

**VOTE FOR JOHN WHITE, STATE SENATOR, DISTRICT 5.**

OUR PRESENT SENATOR voted AGAINST adding a medically needy program to the Medicaid Law that would have provided better medical care for the old and needy of this state. *IS THAT THE KIND OF SENATOR YOU WANT?*

**VOTE FOR JOHN WHITE, STATE SENATOR, DISTRICT 5.**

OUR PRESENT SENATOR voted AGAINST the ethics law of 1982. The law passed over his opposition and is designed to promote honesty and integrity among public officials. *DO YOU WANT A SENATOR WHO OPPOSED ETHICS LEGISLATION?*

**VOTE FOR JOHN WHITE, STATE SENATOR, DISTRICT 5.**

OUR PRESENT SENATOR voted FOR the highway reform bill of 1981. This bill took the emphasis off of highway construction and placed the emphasis on highway maintenance. There are no 4-lane highways in Prentiss County to be maintained. *IS THAT THE KIND OF SENATOR YOU WANT?*

**VOTE FOR JOHN WHITE, STATE SENATOR, DISTRICT 5.**

OUR PRESENT SENATOR introduced an amendment to raise the senators' salaries by 25 per cent while the state was almost bankrupt. *IS THAT THE KIND OF SENATOR YOU WANT?*

**VOTE FOR JOHN WHITE, STATE SENATOR, DISTRICT 5.**

OUR PRESENT SENATOR obtained the passage of bills (in effect local and private bills) to raise his own mother's salary as county attorney from \$3600 per year to \$8500 per year (136 per cent). *IS THIS THE KIND OF SENATOR YOU WANT?*

**VOTE FOR JOHN WHITE, STATE SENATOR, DISTRICT 5.**

OUR PRESENT SENATOR, in 1982, voted against kindergartens when they were to be paid for from off shore oil and gas lease money. Later, in the special session, he voted for kindergartens after they were to be funded through increased sales taxes and increased state income taxes. *IS THAT THE KIND OF SENATOR YOU WANT?*

**VOTE FOR JOHN WHITE, STATE SENATOR, DISTRICT 5.**

OUR PRESENT SENATOR received \$17,273.37 in salary and expenses from May 1, 1982 to April 30, 1983 (one year). He collected \$6,693.37 in mileage and expenses. *IS THAT THE KIND OF SENATOR YOU WANT?*

## RE-ELECT **JOHN R. YOUNG** YOUR DISTRICT ATTORNEY

### EXPERIENCE:

John R. Young is the Senior District Attorney and senior prosecutor of felony cases (the serious crimes) in the District, with a conviction rate of over 90% of those indicted.

### CAPITAL MURDER:

John R. Young is the only candidate that has actually prosecuted before a Circuit Court Jury a Capital Murder case. That fact is shown by the record in the Circuit Court of Pontotoc County. I wish you would check it.

### EFFECTIVE PROSECUTION:

My opponent has stated that Prosecution in his home county is second to none. That is true. John R. Young is the District Attorney in Pontotoc County and in every felony case that has been tried before a Jury in Pontotoc County for the last eight years, the trial has been directed by John R. Young or an Assistant District Attorney in this office. That is also a matter of record. Prosecution in this seven county district is second to none.

### CHANGE:

The criminals want a change. They want someone that will ease up. They want someone they can beat in the Courtroom, someone that does not have the trial experience of John R. Young and the Assistant District Attorneys.

### YOUR DISTRICT ATTORNEY'S OFFICE

Your District Attorney's Office is already staffed with experienced and capable assistants and the best qualified investigators I can find. Here they are. Ask those who know them. Ask about John R. Young.

Child Find Program Underway

The Prentiss County School System is looking for handicapped children 21

years of age and under who are not being served. Handicapped children

include those who are mentally retarded, hard of hearing, deaf, orthopedically impaired, speech impaired, visually handicapped, seriously emotionally disturbed, or children with specific learning disabilities.

The Prentiss County School System provides for handicapped children in the following ways:

-- It guarantees all rights and protection for the children set forth by the law.  
-- It establishes the kind and number of facilities and services required to reach and maintain full service for these children.

-- It defines "appropriate" education through the development of an individual education plan.

-- It also guarantees the maintenance of full due process and safeguard procedures, uses assessment procedures which are multi-factored, multi-scored, and carried out by qualified persons, and protects the confidentiality of data.

If you know of any handicapped children who are not in school, contact James Googe, Prentiss County's Child Finder, by calling 728-4632 or writing P.O. Box 779,

Booneville, MS 38829.

When a child who is suspected of being handicapped is referred, the Child Finder will make sure that the referral is properly evaluated and, if found eligible, either placed in an existing class or placed on a waiting list with plans being made for the provision of a free appropriate public education to him in accordance with applicable state and federal laws and court decisions.

# County Agent's Notes

By  
**CLIFFORD J. HAMPTON**  
County Agent

**SOYBEAN CYST NEMATODE CAN BE A BIG PROBLEM**

What the soybean cyst nematode lacks in size, it makes up for in numbers and ability to reduce soybean yields.

The microscopic roundworm feeds on the root systems of soybean plants and reduces the plant's capacity to absorb water and nutrients. High cyst nematode populations have reduced yields in individual fields by as much as 75 percent. Compared to surrounding states, Mississippi's losses "\$3,500.00" were much lower because of acceptance of MCES's nematode control program.

**SYMPTOMS**

You should suspect SCN infestations whenever you see randomly spaced circular areas of stunted and yellow soybeans in the field. Affected plants may wilt even with adequate soil moisture, and severely infected plants may die. Heavy infection results in root distortion and smaller than normal root systems. The roots of such plants are generally dark and discolored, and the number of Rhizobium nodules is reduced. Careful removal and examination of the root system reveals the white to yellow female nematodes and brown cysts clinging to the roots.

These are somewhat smaller than the head of a pin and are lemon-shaped. Rhizobium nodules are occasionally mistaken for the white-female stage of the cyst nematode; however, these nodules are loosely attached to the roots and are larger than cysts, which are usually embedded in the root surface.

Since the symptoms of SCN damage to soybean plants are not easy to distinguish from damage resulting from other causes such as lightning, herbicides, drought, low fertility, poor nodulation, poor drainage, and soil inhabiting insects, you should collect soil samples from fields where you suspect cyst nematode infestations and have them analyzed for a positive diagnosis.

**HOST RANGE**

The host range is limited mostly to legumes. Some of the common hosts include annual and common lespedeza, common and hairy vetch, snap beans, and common garden beans. Some weed hosts are hemp sesbania (coffee weed), common mullein, and low hop clover.

**LIFE CYCLE**

The ability of the SCN to produce high populations in one growing season is one of the factors which make the nematode so damaging and difficult to control. The nematode completes its life cycle in 25 to 30 days, and each female produces 200 to 500 eggs. Some of the eggs may hatch immediately and begin a new cycle. In Mississippi the nematode may complete as many as three cycles in a growing season. Three forms are involved in the life cycle: egg, larva, and adult.

The larva must find a susceptible host plant and begin to feed before the nematode can reproduce. As the worm-like larva feeds, it becomes a white to yellow, lemon-shaped female still attached to the root. When the female dies, her body becomes a tough, lemon-shaped, brown "cyst," which protects the eggs for several years. The ability to survive pesticides, dryness, and starvation for many years is the second factor which makes this nematode difficult to control.

**CONTROL**

No method of control eliminates the nematode from the soil. Suggested control methods reduce SCN population to allow profitable production with little or no damage. Crop rotation, resistant varieties, and nematicides are methods suggested for nematode control. In addition, some cultural practices may increase yields.

Deep chiseling or sub-soiling to break hardpans to allow for maximum root penetration will generally increase yields in the presence of nematodes. In soils low in fertility, satisfying soil fertility needs reduces yield losses from nematodes where low to medium populations are present. However, chiseling, sub-soiling, and increasing soil fertility will not control the nematode. You should use control measures in addition to the cultural

## Dexter C. Cadle

Justice Court Judge

Northern District Prentiss County

I am Dexter Cadle, candidate for Justice Court Judge of the Northern District of Prentiss County. I have served two terms as judge in District 2 of this county.

I wish to take this means to thank the people for their confidence and support given me in electing me each time I have made the race for this office. I have worked hard and sincerely tried to do the job for the people.

To those of you who do not know the kind of judge I have made, I urge you to ask about me. I have been fair and have mistreated no one. I have based my decisions on the evidence in each case, regardless of who it was, where they lived, or who they were kin to.

I have attended the seminars at Ole Miss and Northeast Junior College to better acquaint myself with the new laws of the Justice Court Judge System. I have helped the people collect their bad checks and bad debts. I have always tried to be reasonable and make decisions which a judge must be able to do, because you don't get this ability out of a book.

Your next judge will have county wide jurisdiction which will enable me to serve more people than I have before. Please consider who you would rather have representing you the next four years.

If you see fit to support and elect me, I will continue to work hard and make you, the people, a Judge whom you will never have cause to regret or be ashamed that you voted for. I ask for your help on August 2.

## Weight Lifting Important To Program

By SCOTT McKINNEY  
Sports Writer

Although football practice for area high school doesn't begin until Monday, Coach Wayne Jones and his staff at Booneville High School have been conducting unofficial summer workouts, using weights.

Several members of this fall's football team at Booneville have been lifting

weights several times a week in preparation for the upcoming season. Also, Booneville High School and their booster club has recently refurbished the old weightroom to make it one of the nicest facilities in this area.

Weightlifting has become popular with most area high school coaches as they feel this is just as rewarding as actual practice in the fall.

All local schools, including Northeast Junior College, all have off-season weight programs for their athletes.

Coach Jones at Booneville strongly believes in his athletes lifting weights.

"It cuts down on injuries, makes kids stronger and a lot faster," he said.

Most athletic injuries occur at the joint areas, the knees, shoulders, and

ankles. However, each school has certain weight machines to help these areas become much stronger, thus, reducing the probability of injury.

Also, most coaches feel it is very important to start eighth and ninth graders on the program immediately.

If the youngsters start now, they can really help the

team in the future," Jones added.

All area high schools will start pre-season workouts Monday and the pre-season outlook for area teams is promising. The Banner Independent will publish a special football edition in upcoming weeks with outlooks, schedules, and features of area teams.

## Dean All-Stars Are Honored

Booneville's 13 and 14 year old Dizzy Dean All-Stars were recently honored by Mayor Charles Crabb at an award's banquet at Pizza Inn.

Mayor Crabb presented

the members of the team with awards of participation and all-star coach Leroy Brooks with a certificate of appreciation of his work in the community with the

young team.

Coach Brooks, along with coaches Bobby Pitts and James Downs, helped the team to a 2 win, 2 loss record at the district tournament in Baldwyn.

## Local Students In NE Camp

Twenty-three athletes from Prentiss County were among 85 area students who participated in the junior high boys basketball camp sponsored by Northeast Junior College June 21-24.

The sports camps are designed to teach the fundamentals of the game and to sharpen the skills of the

individual participants. Emphasis is placed on both offense and defense through one-on-one competition, hot shot competition and free-throw shooting.

Local participants were Brian Fisher, Jason Ivy, Todd Weatherbee, Craig Lauderdale, Darron Hughes, Trey Lindsey,

Rodney Taylor, David Coats, Alan Wilson, Tracy Cox, Eric Morrow, Stan Beasley, Carey Dodds, Brent Wilemon, Mark Moreland, Brent Wilson, Joey Cadle, Jason Walden, Paul Saylor, Brad Walden, Tony Birmingham, Brad Wilemon and Chris Coker.

## Peoples Bank Wins Championship

By SCOTT McKINNEY  
Sports Writer

The People's Bank Little League squad, under the direction of Manfred Saylor and Max Wilson, has won the Little League regular season championship with a record of 11 wins and one loss.

The bankers clinched first place by downing Pizza Inn as Paul Saylor and Jeremy Johnson combined for a no-hitter as Saylor struck out nine batters in three innings.

They edged Brown Shoe, last years champion, in the final standings which had all

teams close to the top.

In Tee-Ball standings, Rotary took top honors edging Marietta in the final standings.

H & W Industries took top honors in girls softball, finishing the summer with a 6 win, 1 loss season. H & W is coached by Caryn Manley and Lisa Garner.

In the final full week of the season, championships were won and upset took place. In Tee-Ball action, Marietta defeated New Orleans' Fried Chicken, 28 to 13. However, New Orleans could only manage to field

eight players.

In Little League action, Bingham's Systems defeated Pizza Inn, 9 to 4; People's Bank beat Cox's Best-Way, 6 to 4; Sonic upset Brown Shoe, 6 to 3; Kentucky Fried Chicken defeated Bingham's 9 to 5, People's Bank won the league title by beating Pizza Inn, 7 to 4; and Kentucky Fried Chicken upset Sonic, 5 to 2.

In girl's softball action, H & W defeated Sunflower, 4 to 2, as Otasco scored three touchdowns to defeat Sunflower, 21 to 16.

Colleague defeated as they later split a double-header with the Cardinal Cafe.

## Tonight's Game Is Cancelled

Booneville City Park Director Mike Cartwright has announced that tonight's Little League game between Kentucky Fried Chicken and Brown Shoe has been cancelled along with all Little League games scheduled for Monday, Aug. 1, due to the Little League tournament which will begin next week.

### Church League Action

## Independent Christians Are Champions

By SCOTT McKINNEY  
Sports Writer

Independent Christians downed Calvary Baptist Church at the city park and clinched the church softball league's regular season championship spot with a perfect record of 10 wins and no losses.

The local squad got three hits each from Joey Trimble, Rickey Green, and Greg Beard to win the title, edging out East Prentiss Baptist Church and last year's champions, Gaston.

The championship team picked up their ninth win of the year last Tuesday night

by defeating the Mormons, 9 to 3. Greg Beard, Randy Gann, and John Carter all hit homeruns to pace the winners as Mickey Wood and Shaun Tittle had two hits each for the Mormons.

East Prentiss kept a close hold on second place by defeating Church of God, 20

to 10. Johnny McKinney and David Chase had two hits each for East Prentiss while Terry Ford and Greg Hutchenson had a couple of hits in a losing effort.

Church of God fared much better in their next attempt as they beat First Baptist, 5 to 4. Terry Ford had four hits to lead Church of God

while Mike Steen and Bobby Manley had two hits each for First Baptist.

Concord Baptist pounded out 42 hits as they defeated First Methodist, 30 to 15, and East Booneville used a homerun by Mark Cartwright to defeat Crestwood, 18 to 8.

### At Jackson Meeting

## State Dove Season Is Proposed

At a meeting of the Commission on Wildlife Conservation in Jackson on Tuesday, July 19, the agency's game division proposed Sept. 3 to Oct. 2, Oct. 15 to Nov. 8, and Dec. 24 to Jan. 9 as dove hunting dates for 1983-84.

zones, according to the Department of Wildlife Conservation.

Since doves are migratory birds, they are protected by federal laws, one of which

requires hunters to have their shotguns plugged and incapable of holding more

than three shells.

The hours for dove hunting are one-half hour before sunrise until sunset. The bag limit is 12 and the possession limit is 24, with no possession limit allowed on opening day. All hunters must have a valid hunting license on their persons while hunting.

Other seasons proposed by the five-member Commission include: Rail, Oct. 22 to Dec. 30 (70 days); Woodcock, Dec. 24 to Feb. 26 (65 days); Snipe, Nov. 12 to Feb. 26 (107 days); Gallinule, Oct. 22 to Dec. 25 (65 days); and Teal, Sept. 10-18 (9 days). Hunting hours are sunrise until sunset.

If these dates are approved by the U.S. Fish and Wildlife Service in Washington, Mississippi hunters will have 70 days of dove hunting during the upcoming fall and winter hunting period.

All parts of Mississippi will be open for dove hunting during each of the three seasons. There will be no

## Six State Residents Lose Lives In Hunting Accidents

Six Mississippians lost their lives in hunting accidents during the 1982-83 hunting season, according to the Department of Wildlife Conservation.

The agency's hunter-boating education division has issued a report at-

tributing one death to hunters using a rifle and five deaths from situations involving shotguns.

The report indicated most fatalities were the result of poor hunter judgement. The causes of the deaths reported were victim moving into the line of fire;

victim was covered by shooter swinging on game; victim was out of site of shooter; or the victim was mistaken for a game animal.

One death also resulted from horseplay with a loaded firearm and one from using a defective firearm.

# Park Tourney Pairings Are Announced

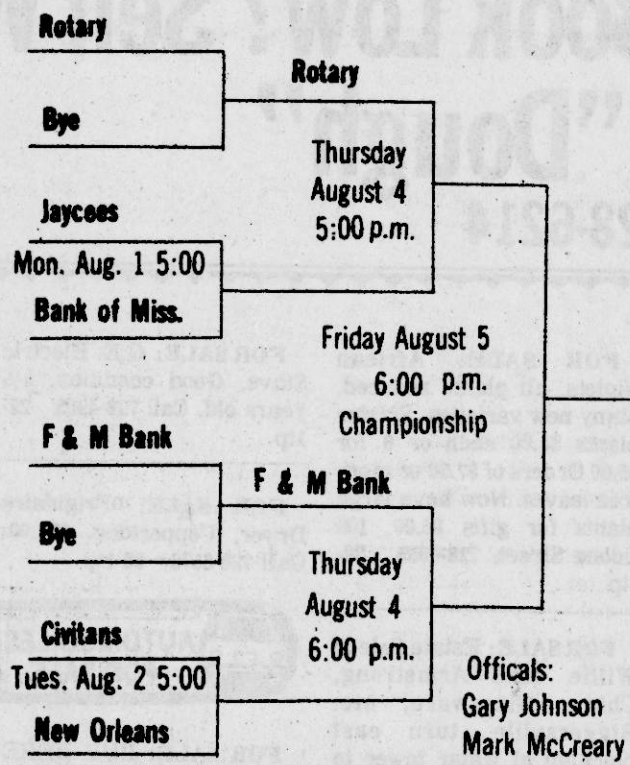

Mike Cartwright, athletic director at the City Park, has announced the lineup for the week's baseball and softball tournaments.

Men's softball action will start tonight (Thursday) with finals next Saturday. Tee-Ball, Little League, and girls' softball tournaments will all begin Monday.

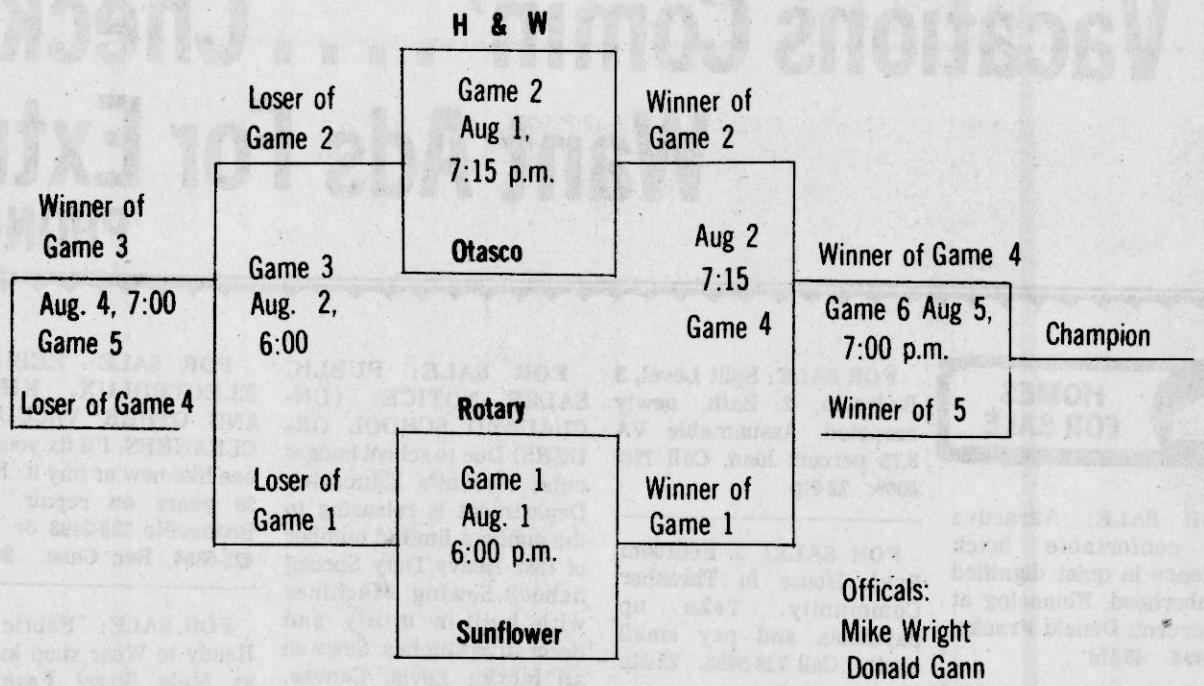

Plenty of action is in store at all matchups and Cartwright says he expects plenty of surprises and upsets during the week.

Check the brackets and support your favorite team while they compete for the championship trophy.

# Dry Creek News

By CHRIS DAVIS  
Correspondent

The descendants of the late Joe and Alice Geno Michaels will have a reunion July 31 at the Dry Creek Community Center. Those attending should bring a covered dish lunch. Lunch will be served around 1 p.m. Come enjoy an evening of fellowship with other family members.

Our deepest sympathy is extended to the family of Troy Rinehart. Mr. Rinehart died Monday evening.

The children of County Line enjoyed a skating party on Monday night.

Don't forget there will be a benefit for the Terry Jumper family Saturday night at 7 at the Dry Creek Community Center. There will be a singing and sale. The concession stand will be open.

The festival at Jumpertown last weekend was attended by a big crowd. They had lots of fun. The first place trophy in men's baseball was won by County Line. Scotty Davis caught and won the greased pig. Michele Lauderdale received \$20 for catching the greased pig.

Those on the sick list this week are Mrs. De Ann Davis, Linda Tiggrett, both in the Booneville hospital; Mrs. Kate Wallis, Mrs. Minnie Olive, and Rod

Davis. Mrs. Alice Cornelius is much better.

Debbie Lewis and Bubba spent Friday night in Iuka with Mrs. Matie Hicks and Mr. and Mrs. Donald Lindsey. Bubba will remain there this week.

The little ones of County Line won a 4th place trophy in t-ball at the Jumpertown Festival last weekend. We are real proud of our youngsters.

Mrs. Sandra Stroupe, Ivy, Jan and Lori visited Mr. and Mrs. Lester McDowell in

Faulkner. Mrs. Era McDowell of Senatobia was visiting also.

Mrs. Hazel Hager of Los Angeles, Calif., has been visiting with Mr. and Mrs. Homer Green and Grady.

Mrs. Linda Castleberry, Robert and Anna went home with her this weekend.

Mrs. Vickie Meeks, Chassity, Jennifer and Ashley of Peoples were Sunday afternoon visitors of Mr. and Mrs. Odene Bullock.

guests of Mr. and Mrs. J.R. Alexander and Donna were Mr. and Mrs. Ronnie Rowland and Jennifer, Mr. and Mrs. Wayne Hall, Ray and Michael, Mr. and Mrs. Danny Kelton, and Mrs. Debbie Christian and Dale.

Mr. and Mrs. Homer

Green and Grady visited Mrs. Katie Mulligan at Ripley hospital on Monday and Mr. and Mrs. Roy Crawford Monday afternoon.

Mrs. Larry Green and girls are visiting this week in Isola, Miss., with relatives.

For Fall Term

MSU Offering Degree In Computer Engineering

To help meet a growing demand both in Mississippi and the nation, Mississippi State University will begin offering an undergraduate degree program in computer engineering in the fall semester.

Curriculum requirements, formally approved by the Board of Trustees, Institutions of Higher Learning in June, are built around substantial engineering core subjects and required courses in electrical engineering and

computer science.

"The program is primarily directed toward the study and design of computer systems and not simply computers alone," said Dr. Brad Carter, computer science department head.

Carter said design of a computer system "must include simultaneously the creation of the desired software and the development of the necessary hardware to accomplish the end result."

The program will be jointly administered by the electrical engineering and computer science departments. The computer engineering degree will be awarded by the College of Engineering.

"Schools throughout the country are establishing similar programs and we are among the first," said Dr. Billie J. Ball, electrical engineering department head. "It is a program whose time has come."

In fact, Ball said, his

department has received a "significant" number of inquiries about the program since the College Board gave final approval.

Ball and Carter said a number of MSU students currently studying toward a double major in electrical engineering and computer science might meet the requirements and be able to receive the new degree as early as 1984.

Dr. William A. Hornfeck, associate professor of

electrical engineering, will coordinate the program.

"Computer engineering does not replace an existing program at MSU or in Mississippi," Hornfeck said. "It is intended to prepare a graduate for a career as a computer engineer with

emphasis on system design, development, and application."

"It also will provide the necessary background for students to enter graduate school in preparation for careers in research or education," he added.

Bill Would Control Phone Rates

U.S. Senator Thad Cochran (R-Miss.) is sponsoring legislation to help insure that local telephone rates "remain at reasonable levels."

Sen. Cochran said he is acting because of "grave concern that local telephone rates could increase to alarming and unreasonable levels as a result of the AT & T reorganization."

He said he fears that unless Congress acts to stabilize local telephone rates, consumers in

residential and rural communities could be burdened with "rates so high that their ability to pay for telephone service would be destroyed."

Cochran is joining with Senator Bob Packwood (R-Ore.), chairman of the Senate Commerce Committee, and others in sponsoring the new legislation.

"Reports of recent requests for local telephone rate increases are of great concern to many of us," Cochran said. "We fear that

steep rises in local rates will force many consumers to give up their telephones."

The bill would direct the Federal Communication Commission to ensure that universal basic telephone service is available at reasonable rates. This would be achieved by the FCC establishing an access charge system, requiring long distance companies to subsidize, or compensate, local telephone firms for the costs of originating long distance calls.

Sen. Cochran noted that the AT & T-Justice Department consent decree in 1982, breaking up the nation's universal telephone service system, has "created confusion and uncertainty over whether we can see universal service maintained at reasonable rates for local customers."

He said earlier predictions of rate increases of only 8 to 10 percent have been far exceeded. Recent rate increase requests total over \$5 billion nationwide.

Send your favorite team away for the weekend.

Free treat at McDonald's, too.

Stop by our new First Aid automatic tellers and get a double reward: (1.) Vote for your favorite kids' baseball or girls' softball team and help them win a free weekend in Atlanta with the Braves baseball team. And (2.) get a free treat for you at your local McDonald's. Your choice of an ice cream cone, coffee, regular french fries, hash browns or McDonaldland® Cookies.

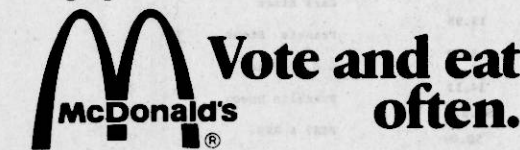

You don't have to bank with us.

We're celebrating the arrival of First Aid. Just stop by any First Aid station Monday through Saturday, 9 a.m.—4:30 p.m. The convenient locations are listed below. Our demonstrators will show you our machine and give you a ballot. Vote for your favorite team on the spot at the First Aid Station, or take your ballot to McDonald's to vote and get a free treat.

Two teams to Atlanta.

Any baseball or girls' softball team for

ages ten to 18 in the Tupelo and Columbus area is eligible. The team with the most votes from each area plus coaches and chaperones will go to Atlanta August 13 and 14. They'll travel together by chartered bus and see two Braves vs. Los Angeles Dodgers games. First Bank picks up the tab for the bus, reserved seat tickets, and a night at Holiday Inn. Plus, every player receives a special souvenir—a Braves autographed baseball.

You can vote and get a free McDonald's treat often. In fact, we're sure teams will be urging you to vote and vote again. But remember the voting and the treats end August 5, 1983.

24-hour banking.

During this special event, demonstrators are on duty only during the day. But, of course, First Aid machines are on duty

24 hours a day, every day. With your First Aid card, you can withdraw cash from your First Bank checking and savings accounts anytime. And First Aid machines are easy to use, as easy as 1-2-3.

Happy summer to you.

Kids, baseball, and a family outing to McDonald's. These are some of the simple pleasures all of us at First Bank enjoy. We hope you will, too. It's our way of saying welcome First Aid. And happy summer to you.

In Tupelo, you'll find First Aid stations at:

Medical Center Office • 934 S. Gloster West Side Office • 212 S. Thomas Street Varsity Drive Office • 803 Varsity Drive

In Columbus, you'll find First Aid stations at:

Highway 82 at Gardner Blvd. University Mall Office • 2027 Highway 45N

Main Office • 605 Second Ave. N. Member FDIC

## THOUGHT FOR THE WEEK

*A Meditation From The Upper Room*

By Mary Ann King

The sun was shining as I traveled into town with my sister and her three daughters for a shopping trip. As we journeyed along the country road, three-year-old Crystal pressed her nose on the cool, car window. Somewhere in our conversation Crystal caught our attention, turned toward us, and said, "I love mommie. I love Tracy. I love Ann." Leaning toward her sleepy, older sister, Crystal softly touched her and said, "I love Trina." Then she returned to her place at the window, looked outside, and softly but confidently added, "And I love me."

We smiled at Crystal's statement of self-love. But how often in the rush of our lives do we find it easier to love our neighbors than to love ourselves? How often do we count only the

mistakes, disappointments, severed relationships, cutting words, and pain that we have brought to those we love? How often do we need once again to let healing, childlike love return - not just to our families and neighbors but to ourselves as well?

PRAYER: Dear God, open our hearts to the healing power of Your love. Grant us the reassurance of Your love that allows us to forgive and love ourselves because You first loved us. Help us to know that You put no conditions on Your love for us. Amen.

THOUGHT FOR THE DAY

Love yourself as your neighbor.

## RE-ELECT WILLIAM J. (BILLY)

## McCOY STATE REPRESENTATIVE DISTRICT 3

SERVING  
PRENTISS COUNTY DISTRICTS 1-2-4-5  
ALCORN COUNTY - RIENZI PRECINCT

**“Ladies and gentlemen I ask you to consider four major reasons to return Billy McCoy to the Mississippi House of Representatives:”**

### ★ Performance in the House of Representatives:

Billy McCoy is known by his fellow Representatives as a hard working law maker – a man whose word is his bond. He has played a key role on major bills on Education, Highways, and Penal Reform.

### ★ Gaining his District a fair share of the state resources:

Billy McCoy spent many days securing additional funds for the John Bell Williams Game Management Area and the new Divide Cut Game Management Area.

Billy McCoy was a leader in the establishment and funding of a high technology training program at Northeast Mississippi Junior College.

Billy McCoy has been a leader in the effort to increase state funds for our State Aid Road Program and School Transportation System.

### ★ Committee assignments which will be retained:

Billy McCoy is a member of five important committees: Appropriation, Education, Elections, Highways, and Penitentiary.

The Appropriation Committee starts the funding process for all departments. Prentiss and Alcorn will gain from this very important committee position. Only 33 men and women serve on this committee.

The committees on Education, Elections, Highways and Penitentiary all are of great importance to the growth and safety of our district.

### ★ Personal Service to the citizens of Prentiss and Alcorn Counties:

Billy McCoy is perhaps best known for his intense desire to serve his fellowman: To help a young college student secure a scholarship. To aid the unemployed in their search for a meaningful job. To help the handicapped and disabled in their effort to overcome the difficult situations they must daily face.

Billy McCoy has successfully handled hundreds of such situations during the past four years.

## Vote For JOHN W. TULLIS, JR. Constable Of 1st District

To the people of the First District of Prentiss County my name is John W. Tullis Jr. I am 31 years of age and presently work for the Booneville police department and also serve as Alcorn County reserve deputy sheriff. I have been a native of Prentiss County and lived in the First District almost all my life.

I come to you today to ask you to make a change on August 2 to better yourself and this community you live in by voting John W. Tullis as your next constable in the First District.

A constable is a great asset to the county and to other law enforcement agencies in our county because crime is at an all time high and it takes good men who are dedicated to law enforcement and willing to work together to take a bite out of crime.

So vote for a man who loves law enforcement and helping his community, vote for experience. Vote John W. Tullis for First District Constable.

## TO THE VOTERS IN THE SOUTH HALF OF PRENTISS COUNTY

I am Billy Sartin, candidate for Justice Court Judge South Half of Prentiss County.

I am 42 years of age, born and reared in Prentiss County.

I have been self-employed for the past 23 years in the auto parts business.

I am the youngest son of Margaret and the late Earl T. (Rob) Sartin. I am the grandson of the late N.J. (Jaasper) Sartin, who served as sheriff and tax collector in Prentiss County from 1925-29.

I am married to the former Marlene Pickett. I have one son, Brad, 12 years of age, and one daughter, Debbie, 20, who is majoring in elementary education at Mississippi State University.

For the past 7 1/2 years I have been justice court judge of the 4th district of Prentiss County.

I have attended several seminars concerning the justice court judge office at the Ole Miss Law School.

I believe in justice for all and not just a few. If elected I will still work as hard as ever, to make you, the people of the South half of Prentiss County, a judge that you will be proud of.

I will be available day or night to help the citizens of Prentiss County.  
I need your vote and support on August 2, 1983.

## Powers And Duties Of The Secretary Of State

The Secretary of State is the state's secretary of official documents and records. In addition, he has been assigned other frequently unrelated, duties. His principal duties are to:

- Keep the official original copies of laws and resolutions of the Legislature and Journals of the Senate and House of Representatives.
- Serve as Secretary of the Capitol Commission, which has charge of Capitol area buildings.
- Receive applications for various boards and commissions, such as the Commercial Code, and keep records of corporate charters and issue certificates of incorporation.
- Enforce 'blue sky' laws which protect citizens from fraud by persons selling securities.
- Administer the Uniform Commercial Code.
- Administer state-owned lands and keep records of school lands, and administer the original surveys for reproduction, act as a clearinghouse for the counties when land is sold for taxes, establish boundaries and classify or reclassify 16th Section property.

## Powers And Duties Of The Public Service Commission

The Public Service Commission consists of three elected Commissioners, one elected from each of the Supreme Court districts.

- Has intrastate regulatory jurisdiction over electric, gas, telephone, telegraph, water and sewer utilities.
- Has exclusive and original jurisdiction over interstate utility and transportation rates and services.

## Powers And Duties Of The Supreme Court

There are nine Supreme Court justices, elected at different times from three Supreme Court districts. Justices have eight-year terms.

## To The People Of The 5th District

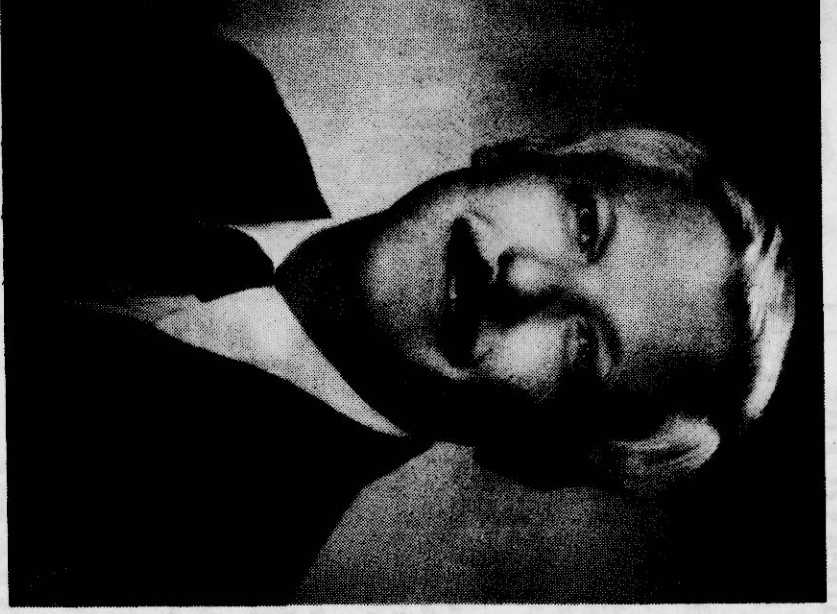

Tommy W. Smith

I would like to ask you for your help and support in the upcoming election. I am married and have two children, a girl and a boy. I am the son of the late Roy L. Smith of Iuka and the grandson of Mr. and Mrs. Will Bearden of the Burnham Hill Community. I live in the Marshall Hill Community.

If elected, I will serve all papers handed to me as soon as possible, and respond to all calls as quickly as possible. I will do the Constables duty and won't be stopping everyone on the road without a reasonable cause. A Constable should serve the whole district and not just parts of it. I have seen many of you and I hope to see all of you before election. If I have the chance, I will make our district a good constable. If I have not seen you, ask a friend whom I have seen about me.

## Powers And Duties Of The

# County Board Of Supervisors

Each county has a Board of five Supervisors, each elected from a district known commonly as a 'beat.' The Board makes policy as a group but, if it wishes, may divide administrative duties among the individual members.

- Construct and maintain roads and bridges.
- Approve and manage all financial affairs of the county.
- Levy all county taxes and the taxes of districts within the county with the exception of municipal separate school districts.
- Borrow money for the county.
- Deal with 'matters of county police.' What this expression covers is not clear; but under it, or related to it, the Board has the powers to:

- Make arrests
- Regulate and inspect food dealers.
- Cooperate with the State Livestock Sanitary Board in controlling livestock diseases and require cattle owners to dip their cattle for ticks.
- Require vaccination for smallpox.
- Employ a limited number of patrolmen to enforce the laws of the state (but he may not receive any fee in connection with a directed to him).

- Equalize the assessments made by the County Tax Assessor.
- Establish a county hospital, clinic, or health center, or join with other counties or districts in doing so.
- Establish and improve economic development districts to attract industry.
- Perform other duties authorized by local and private laws.

- Regulations on county roads (but not on state or U.S. highways).
- Fix speed limits of not under 15 miles per hour at places where traffic surveys show the usual speed limits to be unsafe.
- Make zoning ordinances for land outside municipal limits. (However such ordinances cannot affect farming or farm buildings.)
- Make provisions for paupers.
- Audit bills of the county before they are paid.
- Manage county lands with the exception of 16th Section school lands.
- No decision can be made on 16th Section lands without approval of the Board of Supervisors.
- Fill vacancies in county or district offices, subject to election if more than six months of the term remains.

## Powers And Duties Of The

Constables are elected by Supervisors' districts.

- Preserve the peace within the county.
- Aid in executing the criminal laws of the state (but he may not receive any fee in connection with a directed to him).

**“‘NO!’”**

The phone company said it wanted to double your bill. D. W. Snyder, your Public Service Commissioner, said "No."

He said "No" to more than \$250 million in utility rate increases during the last four years. D. W. Snyder said "No" to the phone company on a \$98 million rate increase now under appeal to the state supreme court. If the court rules favorably, as it recently did in a similar case against Mississippi Power & Light Company, then consumers will soon receive the biggest refund in the state's history.

Because D. W. Snyder says "No", there are some special interests who want him off the PSC.

But the voters know D. W. Snyder has worked hard to keep utility rates down. Say "Yes" for D. W. Snyder on Election Day and he'll continue to say "No" for you to the utilities.

## A.D. WILLIAMS

For Sheriff Of Prentiss County

I am A.D. Williams, candidate for sheriff of Prentiss County. I am 51 years old, served seven years in the United States Army with two honorable discharges, and am a veteran of the Korean War. I served two years as commander of the V.F.W. Post in Prentiss County and am still trustee of the 13th District.

I ran the Hickory House Restaurant for 18 months and am now working for H & W Industries in Booneville. For the past few years, the biggest problem in our county has been the rip off of our houses and businesses and very little being done about it. When elected sheriff, I will cut the sheriff's salary enough to give each deputy a \$1000 raise. I will start finger-printing each breath whenever possible and keep on file all prints we come in contact with. I will have deputies assigned to each district in our county so they can be only a phone call away. I intend to let Booneville Police handle Booneville, let Baldwyn Police handle Baldwyn and the highway patrol handle our highways so we can patrol our county roads.

With all these departments working together, we can put some common sense back in law enforcement. I will not have all our deputies and constables in one area of our county and leave the rest to whoever wants to rip our houses and cars off.

With your help and influence we can put a stop to a lot of the things that are ruining our county. Please consider A.D. Williams sheriff of Prentiss County.

To The Citizens  
In  
The First District  
Of  
Prentiss County

My name is Gurley Williams; I am a candidate for constable in the First District of Prentiss County. If elected I will enforce the law to the best of my knowledge and experience.  
I have been with the Booneville Police Department for five years. During those five years I have tried to treat everyone the way that I like to be treated; with courtesy and respect.  
If elected I will continue to serve the public in the same way.  
On August 2, your vote and influence will be greatly appreciated.

Thank you.

Gurley Williams

## TO THE VOTERS OF THE FIFTH DISTRICT

I want to announce my candidacy for supervisor of the 5th District. I am Floyd Dodds. I am 58 years of age, married to the former Emogene Tidwell, and the father of 11 children, 10 of whom are still living. Our second son died serving his country in the Vietnam War.

I have been in business working with the public for 31 years at Dodds Garage & Parts Service. I am a Mason, a Combat Veteran of World War II, a member of the American Legion, and a high school graduate who attended Northeast Mississippi Junior College. I would like to say "Thank You" to the people of the 5th District who supported me four years ago, and ask for your vote and continued support in the upcoming election on August 2.

With your vote and support I will be a full time supervisor maintaining all the roads on an equal basis, and serving each person equally. I will serve all the people in a pleasing manner.

I want to see that each of the taxpayers dollars is spent wisely on improving the county. I believe that the people of the fifth district could save money by buying land and building a shop for the district equipment, instead of building a new building each time a new supervisor is elected.

In the next four years the people of Prentiss County will be faced with higher taxes and property reappraisal. I will fight against such action. I want to keep taxes down at an affordable rate for the people of Prentiss County.

I will work to attract better paying industries into Prentiss County. We need new industries that would assist in the economic growth of the county.

If you want a hard working and honest supervisor, go to the polls on August 2, and vote for FLOYD DODDS.

Your vote and support will be greatly appreciated.

Thank You,  
Floyd Dodds

TO THE  
VOTERS  
OF  
PRENTISS  
COUNTY

I realize that running the sheriff's department is a great responsibility. Having a working knowledge of the responsibility and duties of this office, I feel I can provide you with the best protection and service possible.

You, the people of Prentiss County, work hard to pay tax dollars that provide you with law enforcement and I will see that those tax dollars work hard for you.

I have more than two years in county law enforcement and graduated from the Mississippi Law Enforcement Officer's Training Academy. The crime rate here in Prentiss County is higher now than ever and I have the training, experience and knowledge to slow it down.

Vote Hubert Kitchens For Sheriff. You Will Be Glad You Did!

## ELECT MIKE CHASE REPRESENTATIVE, DISTRICT 3

... for the people

### MIKE CHASE IS QUALIFIED:

- Bachelor's degree in political science, University of Mississippi.
- Received DuPont Fellowship for graduate study in government, University of Virginia.
- Research Assistant, Institute of Government, University of Virginia.
- Member of Prentiss County Democratic Executive Committee, 1978-80.
- Teacher, New Site High School, 1980-83.

### MIKE CHASE HAS ADDRESSED ISSUES:

- ETHICS - Mike has persistently advocated strong ethics laws for Mississippi. The present Representative, Mr. McCoy, has consistently voted against strong ethical standards and for legislation to legalize conflicts of interest and other corrupt practice.
- SELF-GOVERNMENT - Mike Chase firmly believes in the right of the people to elect their public officials. He is outraged at recent actions taking power from the people. Mike rejects the claim of the present Representative that "We'll just have to live with it." He will fight to restore and protect democratic principles.
- TAXES - Our tax structure places an unfair share of the burden on the working people and on the poor. The present Representative voted to add to this burden with increases in the wholesale sales tax, retail sales tax, and income tax. Mike Chase will work to bring fairness to our tax system.
- EDUCATION - Mike Chase is an educator. He knows the needs of our schools. Mike has a 5-point plan to improve the quality of education in Mississippi.

Mike believes that decisions about our schools should be made here at home. The present Representative voted for legislation that allows mass school consolidation to be imposed on Prentiss County by unelected bureaucrats in Jackson. Mike Chase will fight to regain and retain local control of education.

### MIKE CHASE WILL BE AN ACTIVE REPRESENTATIVE:

He has pledged to introduce the following legislation to benefit the people:

- Initiative and Referendum - a process which allows the citizens to propose and adopt laws.
- A constitutional amendment to guarantee the right of the people to elect their school board and County Superintendent of Education.
- A constitutional amendment to reduce the power of the Speaker of the House Representatives. This man is elected by only a handful of people, yet in some areas has more power than the Governor himself.
- Strong ethical standards to protect the public from profiteering by officeholders.
- Repeal of the unfair tax increases recently passed by the Legislature.
- A loan-guarantee program to help farmers threatened with foreclosure or bankruptcy.

If you want a Representative who will be a participant in the Legislature and not just an observer, If you want a Representative who is not tied to any interest group or power structure; one who is obligated only to the people he represents, If you want a man with proven ability,

**ELECT—MIKE CHASE**  
• He will make you proud that you did!
