## Roundup

### Fires At Fish Market Are Ruled As Arson

Arson has been cited as the cause of two fires occurring within two days of each other at Timbes Fish Market on North College Street in Booneville.

The first fire occurred on Sunday, Aug. 7, at around 4:30 a.m. The second fire occurred Tuesday, Aug. 9, at around 12:37 a.m.

An accelerant was used to start both fires, according to Fire Chief Frank Fleming. Both fires started in the northwest corner of a storage area in the building, he said.

An insurance adjuster said damage from the first fire was \$5,000, Fleming said. A damage estimate from the second fire was not available.

A fire also occurred Tuesday, Aug. 9, around 3 p.m. at Timbes' Cheese Warehouse, located adjacent to the fish market. However, it is believed there is not any connection with this fire and the other two fires, Fleming said.

A forklift was being worked on inside the building. Too much gasoline was put in the gas tank, causing the gasoline to spill over. A fire started when the engine cranked, he said.

The warehouse received extensive damage from that fire, he said.

Both buildings are owned by Keith Michael of Booneville.

State Deputy Fire Marshal Mike Ivey was scheduled to be in Booneville yesterday to investigate the second fire at Timbes Fish Market. Ivey was in Booneville Monday collecting samples from the first fire to send to the state crime lab.

No arrests have been made in the case thus far.

### Incumbent Legislator Challenged To Debate

Mike Chase, candidate for district 3 state representative, has written a letter to the incumbent representative, Billy McCoy, challenging him to a series of public debates.

Chase says that during the campaign several questions were raised concerning votes McCoy cast in the Legislature.

"I do not believe that these questions have been answered satisfactorily," Chase said. "I think that the public has a right to know the reasons that motivate a legislator to cast a certain vote."

McCoy has declined to participate in the series of debates.

"I have made my statements to the public. We have already had political speakings, and used the newspaper and radio to make statements," McCoy said.

"I feel the issues have been well aired," he said.

### City's Garbage Pickup Schedule To Change

In an effort to reduce the expenses of garbage collections in the city, the sanitation department has revised its pickup routes, effective next Monday.

According to city alderman Wade Lambert, the following changes will be made in the garbage pickup schedule:

-- Starting at West College and Fifth Street, all of West College garbage will be picked up on Mondays.

-- On Washington Street between U.S. 45 North and Third Street, garbage will be picked up on Mondays.

-- Starting at the Krewe Kastle on East Church Street and going east on both sides, the garbage will be picked up on Thursdays.

-- All downtown garbage will be picked up nightly. "Please put this garbage in bags and set it out on the street," Lambert asks those downtown.

As a result of the revised pickup schedules and routes, alderman Lambert said the city will be able to reduce expenses and to eliminate the use of one of its two sanitation trucks.

He said he expects the savings to amount to as much as \$20,000 per year. This will allow the city to continue to provide the same quality of service to city residents without having to increase sanitation charges, he said.

### Street Repairs Are Underway In City

Street commissioner Wade Lambert asks that the residents of Booneville "bear with us" while repairs are being made to some of the city's streets.

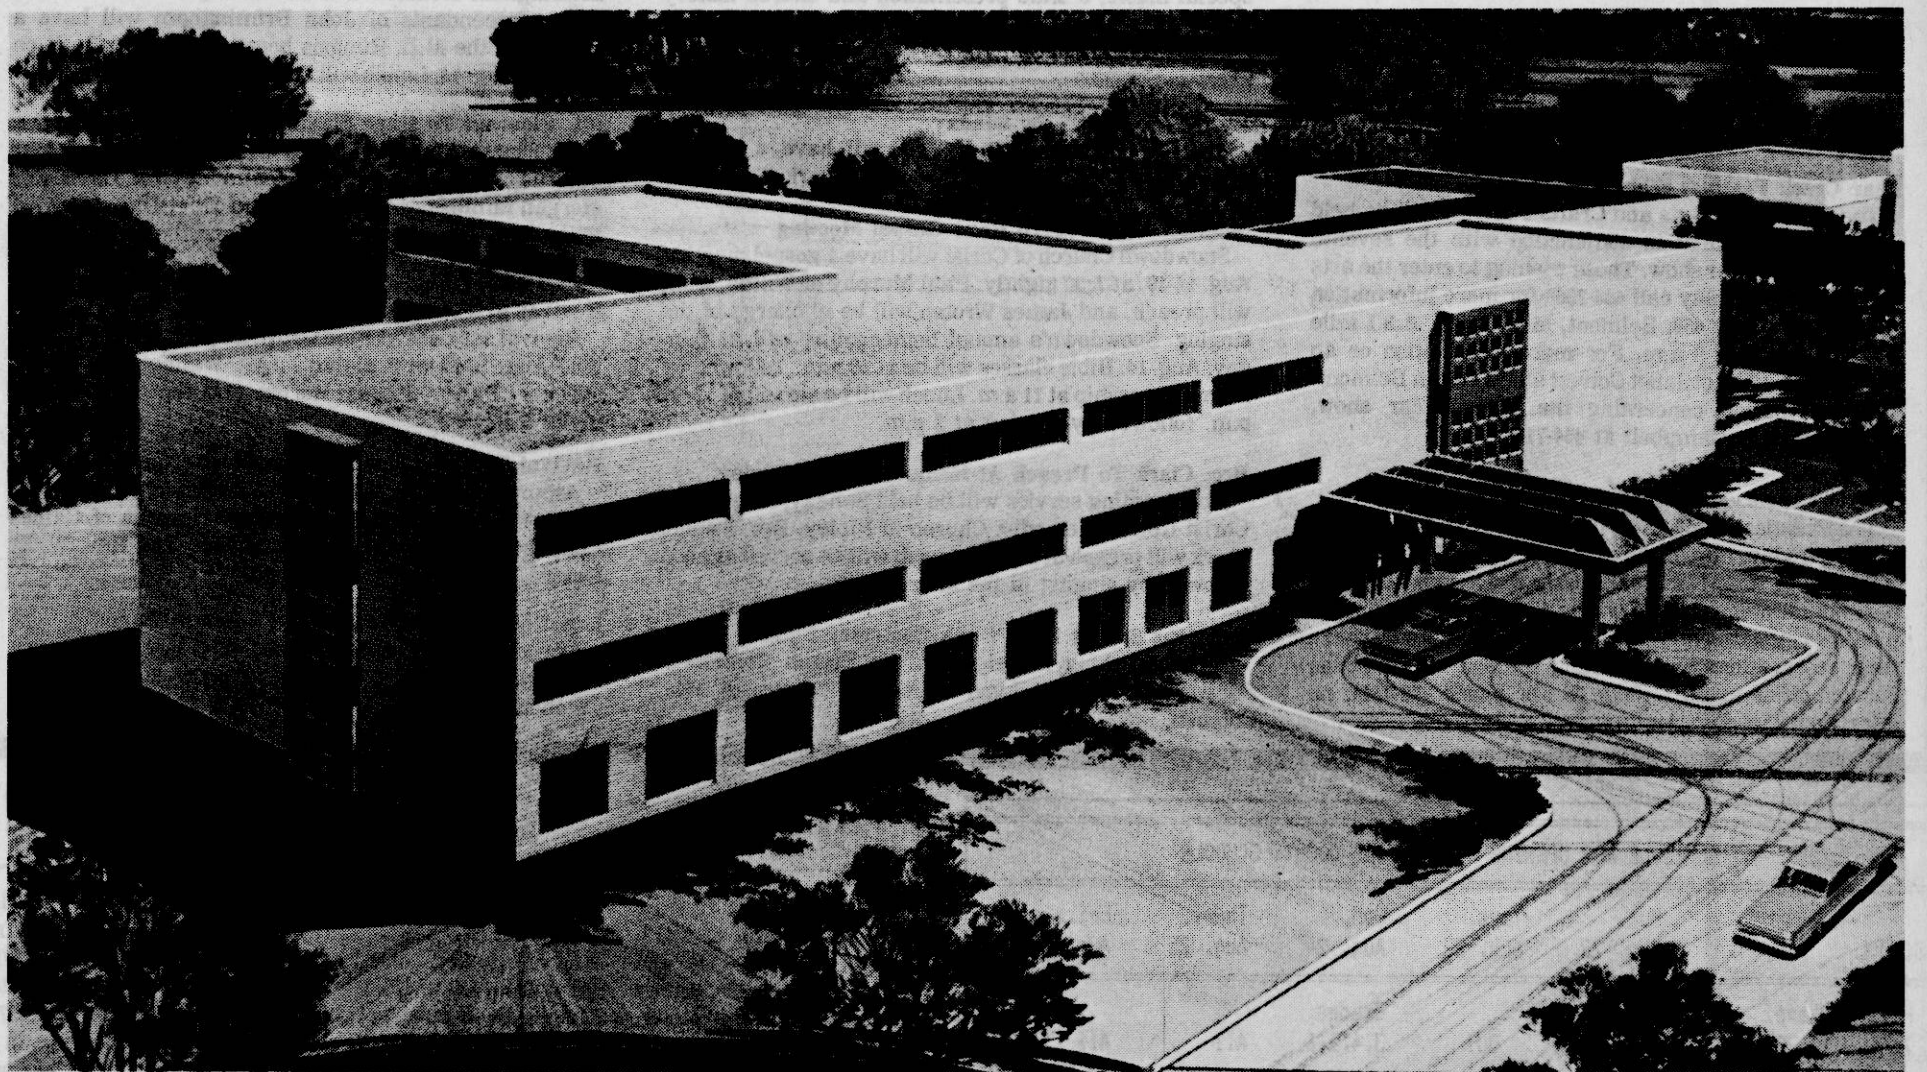

He said 12 to 15 miles of the city's streets are currently being leveled and sealed. This should give them several extra years of usefulness before they will need to be completely resurfaced, he said.

Lambert said the work should be finished within the next two weeks.

### Banner-Independent Asks For Old Pictures

The Banner-Independent is once again asking readers to submit their old photos of Booneville and Prentiss County. This is in preparation for the publishing of the annual Remember When section, which contains photos of bygone days of Booneville and Prentiss County.

If you have a photo you would like to have included in this section, please see Page A4 of today's newspaper for details.

### New Hospital

The artist's drawing above shows how Baptist Memorial Hospital in Booneville is expected to look once an extensive construction-renovation project is completed. A number of local officials, as well as officials from Baptist Memorial Hospital in Memphis, were on hand Sunday afternoon (right) for the official groundbreaking ceremonies for the project. Once construction work is completed, the hospital will be facing south instead of facing U.S. 45 as it presently does.

## Groundbreaking Held For Booneville Hospital

Approximately 150 to 200 people turned out Sunday afternoon to witness groundbreaking ceremonies for a construction and renovation project at Baptist Memorial Hospital in Booneville.

The ceremony marks the beginning of a 2½-3 year project which will eventually result in an almost completely new hospital for Booneville and Prentiss County.

Hospital administrator John Tompkins said Monday that bids for the construction work have been received by the hospital and are presently being reviewed.

The decision on the awarding of the contract is expected to be made shortly, with work on the project to begin no later than the end of this month, he said.

The entire project is expected to cost between \$5

and \$5½ million, he said.

Baptist Memorial Hospital in Memphis leased the Booneville hospital in 1981 for a 25-year period and is picking up the tab for the construction and renovation at the facility.

The project at the hospital involves tearing down A and B wings, adding a new section on to what is now the front of the building, and renovating most of the remaining

sections of the hospital.

Along with the construction and renovation, the hospital will add new equipment in some departments of the hospital. Some of this equipment has already been purchased and is being used now, even before the construction work has begun.

Once completed, the hospital will have a total of 121 beds, 15 less than the current 136. It will also be

re-oriented with the main entrance on the south side of the building instead of the west side as it is now.

Administrator Tompkins served as host during the groundbreaking ceremonies Sunday afternoon. Dr. Sam Galloway spoke a few words on behalf of the hospital's medical staff; Mayor Charles Crabb represented the city; and J.P. Davis represented the county.

A number of officials

from Baptist Memorial Hospital in Memphis were on hand, including Joseph Powell, president of the Memphis hospital.

Powell explained that Baptist Memorial operates hospitals in nine communities, "ranging from a 10-bed facility in Hardy, Ark., to the 2,000-bed flag ship in Memphis," and thanked the local citizens for letting the hospital come into Booneville and Prentiss County.

### Preliminary Hearing

## Man Admits To Shooting Brother

By ANGELA SMITH  
Staff Reporter

A Prentiss County man has been charged with murder following the shooting death of his brother, according to Prentiss County Deputy John Moore.

Walter Lee Lewis, 46, of Route 1, New Site, was arrested Thursday, Aug. 4, around 5:30 p.m. after his brother, Jerry Wayne

Lewis, 36, of Route 1, New Site, was shot in the right side of his chest with a single shot .22 rifle, Moore said.

During a preliminary hearing Wednesday morning at the Prentiss County Courthouse, Lewis admitted to shooting his brother.

The incident occurred last Thursday at approximately 4:30 p.m. in the living room of Walter Lewis' residence, located two miles north of

Pharr Flats, the deputy said.

Lewis told officers that his brothers, Jerry and Bob, had been fighting and he tried to separate them. He said Jerry then "jumped" on him (Walter), and that is when the shooting occurred.

Lewis told officers that he and his brothers had been drinking prior to the shooting, Moore said.

Only one shot was fired, he

said.

The bullet entered the right side of Jerry Lewis' chest and pierced both lungs, according to Prentiss County Coroner James Horn. An autopsy was not performed, Horn said.

The brother accused of the shooting was admitted to Baptist Memorial Hospital in Booneville the day after the shooting because of nerve problems, Moore said.

He was released from the hospital Monday.

The rifle and bullet, along with blood samples, were taken to the state crime lab in Batesville Tuesday morning by Deputy Charles Duncan.

During a preliminary hearing Wednesday morning, Lewis was bound over to the action of the grand jury after admitting to shooting his brother.

During the hearing County Prosecutor John Hatcher told Lewis that he did not have to make a statement concerning his guilt or innocence. However, Lewis, who was not represented by an attorney at the hearing, still admitted to the shooting.

Bond for Lewis was set at \$50,000. Justice Court

## Insurance Commissioner Will Seek Changes In State Laws

By KEN CHRISTIAN  
Editor

Arson is a big problem in Prentiss County. It has become such a problem throughout Northeast Mississippi that at least one insurance company has considered no longer offering fire insurance to customers in the area.

State Insurance Commissioner George Dale said Tuesday that a State Farm official told him arson is so prevalent in Prentiss, Alcorn, Tishomingo,

Marshall and parts of Tippah counties that State Farm would not write another fire insurance policy in those counties if they were not committed to their agents there.

Dale's comments came while speaking to the Booneville Rotary Club at their regular weekly meeting at Northeast Junior College.

Dale, who was unopposed in last Tuesday's Democratic primary

election, also talked about the escalating costs of health insurance and of proposals he plans to make to the 1984 legislature.

The commissioner said health insurance is so high because of the increasing costs of hospitals and doctors. He said hospital costs alone rose 19 percent in 1981 over 1980 and 22 percent in 1982.

Dale said that 65 percent of all patients in hospitals are on some federal subsidy program -- such as

Medicare. These programs are now being cut back by the government. This results in hospitals having to increase their rates to other patients to make up the difference.

Ninety-four percent of all hospital bills are paid by third party agencies, Dale said, such as insurance companies and government programs.

Ten percent of all hospital bills last year were written

## Official Election Tally Shows Slight Changes

The official results of the Aug. 2 primary show some changes from the figures printed in last week's Banner-Independent, but not enough to affect the outcome of any county races.

Differences between the original results and the final totals are usually due to mistakes made in the hectic pace of adding up the totals of the boxes on the night of the election. The totals are checked and corrected before being certified by the county election commission.

The biggest change came in the race for State Auditor of Public Accounts. The original count showed Murray Cain leading that race in Prentiss County with 4,317 votes to 3,522 for Ray Mabius and 2,596 for F. Mason Shelby Jr.

## Correction

Max L. Harris of Route 7, Booneville, was incorrectly identified in last week's street opinion in The Banner-Independent.

Jeremy Lindsey of the Bingham Leasing Little League team was also in-

correctly identified in the Little League section in last week's paper.

In that same section, the printer flipped the photo of the Brown Shoe Company team, resulting in the picture being reversed from left to right.

## Election

(Continued from Page 1)

The corrected figures gives Cain a total of 3,413, almost 1,000 less than the original figure. Mabus ended up leading the county, with Cain 109 votes behind.

This was the only race in which the final results produced a change in who led the voting in the race.

State gubernatorial hopeful Evelyn Gandy lost a few votes in the official results, dropping from 4,605 in the original tally to 4,504 in the final showing. Bill Allain remained a distant second at 3,100.

Final Prentiss County results show Troy Majure Jr. dropped from 1,532 to 1,482 in the Commissioner of Agriculture race. In the race for Public Service Commissioner, D.W. Snyder dropped from 4,834 to 4,749.

John H. Voss dropped from 242 to 188 in the race for Secretary of State.

John Young also dropped from 6,054 to 5,980 in the District Attorney's race.

Billy McCoy dropped one vote from the original total of 4,045 to 4,044 in his bid for re-election to the House of

## Representatives.

In the sheriff's race, Larry Arnold gained one vote, going from 424 to 425. Roy N. Elder gained three votes for a final total of 387. James Glover gained eight votes for a total of 143, and Hubert Kitchens gained five votes for a total of 684.

Three sheriff's candidates lost a few votes in the final total. Bobby Burress Jr. dropped from 503 to 498, Jimmy Wayne Edge from 58 to 56, and Macky Gann from 703 to 683.

In the race for county superintendent of education, J.W. Greene moved up from 2,647 to 2,653.

Danny Childers gained 60 votes in his bid for re-election as tax assessor-collector, going from 6,604 to 6,664. In the same race, James K. Sparks gained nine votes for a total of 2,261.

In the race for justice court judge of the northern

district, Dan E. Wilson gained 50 votes, going from 1,158 to 1,208, while Willie Anderson gained one vote to give him a total of 1,497.

For the same race in the southern district, Charles L. Childers dropped from 173 to 167, while James W. Wilson Jr. went from 351 to 364.

In the second district supervisor's race, Jimmy Moore dropped from 1,920 to 1,860, while his opponent, J.C. Young, dropped from 640 to 603.

In the fourth district, supervisor H.B. Lindsey and his opponent, Jimmy Ramey, each dropped one vote. Lindsey's final total was 1,365, with Ramey at 1,019.

In the first district constable's race, John W. Tullis Jr. gained 10 votes for a total of 329, while in the fifth district constable's race Samuel Bridges lost one vote for a final total of 817.

three brothers, Walter Lewis, Bob Lewis and Jimmy Lewis, all of New Site.

## BIBLE QUESTION BOX

QUESTION: Mr. Hogland, when the Bible says a man's work will be burned, but he will be saved does this mean we will suffer loss for sins but will not go to hell?

WARD HOGLAND

ANSWER: No, the scripture is not talking about one's own salvation but rather the ones he converts to the Lord. The passage is (1 Cor. 3:15) Paul says, "If a man's work shall be burned, he shall suffer loss; but he himself shall be saved; yet so as by fire." Paul in this text represented himself as a builder. His material consisted of his converts. Paul is saying that the people he had converted might be lost but that would not mean that the preacher would be lost. The idea of "suffering loss" simply means that any honest preacher is saddened by his converts falling from grace but he can't help that. Since God gives each person the power of choice one can go back to the world if he so desires. Actually, this verse teaches that people can fall from grace. Paul along with all other preachers of his day did not desire this but it would not affect their salvation. The illustration in the context compares a preacher's converts to buildings which may suffer loss by fire.

## For New Furniture Plant

# Production To Start Sept. 6

The vice-president of finance of a new furniture manufacturing company starting up in Booneville says that Northeast Mississippi is gaining a national reputation for producing quality furniture. Tommy Green of Park Place Inc. told the Prentiss County Development Association's board of directors that reputation this is a result of the large number of quality furniture companies that have located in the area over the past five years.

As a result, he said that he and the other members of

the Park Place management team are "excited about being in this area."

Green met with the PCDA directors at their regular monthly meeting Monday night to bring them up to date on the status of the new company which will be located in the former Kellwood Building at 401 North Third Street.

Park Place was organized as the realization of a dream of some businessmen who wanted to start their own furniture factory, Green told the board members.

Green, a native of Nettleton, first came to

Booneville four years ago to work at Schweiger Industries, another local furniture manufacturer. While there, he and another Schweiger employee, Bob Clement, started talking over coffee and dreaming about starting their own company.

The two agreed from the beginning that the most important element was to come up with the right management team, Green told the PCDA board.

After working at Schweiger for two years, Green moved on to another company, but he and Clement

remained in contact.

Green said Park Place was almost begun two years ago. "We had some key elements of the management team," he said. "We talked it over and looked at our needs."

However, the decision to begin the company was postponed due to the state of the economy at that time.

Green said talks about forming the company started up again last summer when there were indications that the economy was beginning to improve.

"The National Hardware Lumber Association was predicting an upturn," Green said. "They're a big supplier for the furniture industry."

Work then began to finalize the management team to get the company going.

"If you haven't got sales, you're not going to do anything," Green said. So Tom Forrester was recruited from Brookwood, a furniture manufacturing company in Pontotoc, to handle that department. With him came Phil Jones to handle purchasing.

Booneville resident Vic Etheridge had also come aboard to round out the five-man management team.

Green said other personnel recruited for the startup of Park Place were Bob Conway, who Green said was the number two salesman at Brookwood; Jimmy Torrence, a former Schweiger employee who had moved on to Townhouse Penthouse in Missouri; Henry Butler, a Schweiger employee with 25-30 years experience in the industry; and Will McClain to design and build frames.

Altogether, Green estimates the startup team has a total of 70-75 years experience in the upholstered furniture business.

"The reception to us in the industry has been very good," he said.

To illustrate that fact, he pointed out that a new fabric recently came on the market - a fabric that everyone wants, but that is very hard to get. "Tom (Forrester) with his reputation has gotten it for us," Green said.

Although some sales have already been made over the phone, Green said the first day for the company's salesmen to be in the field was this past Monday. They took around with them photos of the company's first pre-production line of furniture.

Sept. 6 is the date the company plans to begin operation. Green said the first to begin work will be a cutting crew of about 35-50 people. Other departments will start up on a staggered basis, he said.

By the end of 1984, the company will be employing up to 150 people, he said.

Green expressed his appreciation to PCDA executive director Doug Mansell and to the board of directors, the city government, the county government, and the Homer Mann of the State Department of Economic Development for their help in getting the company started.

## Whitten Is Presented Award

Congressman Jamie Whitten (D-Miss) was recently presented the 1983 American Security Council-Coalition for Peace Through Strength Leadership Award in recognition of his support for a national strategy of Peace Through Strength.

The honor was bestowed upon Congressman Whitten by the American Security Council at an awards

reception at the U.S. Capitol sponsored by the U.S. Congressional Advisory Board.

The Leadership Award was presented to those members of Congress who have a 70 percent or better average according to the ASC National Security Voting Index in the 97th Congress. Whitten voted 100 percent on the Index.

The Coalition for Peace Through Strength is a bipartisan alliance of pro-defense leaders and organizations across the country. The American Security Council serves as the program secretariat of the Coalition for Peace Through Strength.

off as bad debts, he added. These losses must be made up by charging higher rates to paying customers.

The insurance commissioner also told the Rotarians that an effort is underway to study how many people in the state cannot purchase health insurance; i.e., are uninsurable.

He said if the study shows there are enough people who cannot get health insurance, he plans to ask the legislature to step in and provide some help to these people.

The Comprehensive Health Plan which Dale says he would propose to the 1984 legislature would require those companies who write more than \$100,000 of insurance per year to invest in an insurance pool to sell insurance to those who would normally not be able to purchase insurance because of some health problem or other reasons.

Rates would be somewhat higher for those who purchase insurance from this pool, but insurance would be available for anyone who wants it.

Dale said this health plan is similar to the assigned risk plan some states already have for auto insurance. Florida also has a similar health insurance plan, he said.

After praising the 1983 legislature for the passage of the new drunk driving law, Dale added that he would propose to the next session that the state require

all drivers to have some form of liability insurance.

Approximately 44 percent of the current drivers in the state do not have any insurance, he said.

The commissioner said he will recommend to the 1984 legislature a comprehensive package of changes in the state's insurance laws. Many of these laws were written many years ago and are now outdated, he said.

Dale was at the Tuesday meeting as the guest of Rotarian Howard Davidson. Because Davidson was out of town, Dale was introduced by James Bethay.

## ELECT MIKE CHASE REPRESENTATIVE DISTRICT 3

My heart-felt thanks goes out to the many faithful supporters who stood by me in the first primary. Now I am in the second primary and working long hours to justify your confidence. To all those who had other choices in the first primary I make this special appeal for your help and support.

★★★

I believe I possess the qualifications demanded of a legislator. I make no boast of my qualifications nor the manner in which I have achieved them. However, I believe it would be helpful and appropriate to submit the following brief summary of my scholastic record:

- President of senior class and honor graduate of Booneville High School
- National Merit Finalist
- Awarded Carrier Scholarship to University of Mississippi
- Phi Kappa Phi
- Taylor Medal in Liberal Arts
- Graduated summa cum laude
- Received Du Pont Fellowship to University of Virginia.

★★★

The most important qualification for a legislator besides honesty and dependability is the candidate's political philosophy. Does he believe in local citizens control of public affairs? Does he believe in the citizen's right to choose his own public officials? Does he believe that citizens should be protected by law from the unethical conduct of public officials? Is the candidate his own man? Is the candidate willing to discuss problems affecting citizens? Is the candidate interested in serving the needs of the people or his own?

Mike Chase is his own man. He believes in the citizen's right to choose his public officials. Mike Chase believes in a strong Ethics Law to curb deceitful and dishonest office holders. Mike Chase will listen to your problems. Mike Chase is a caring man. A gentle spirit of unselfish concern for his fellowmen prompts Mike Chase to seek to serve them.

★★★

Make no mistake. In the first primary Mississippi voters sent a message. The message was loud and clear - we are ready for a change. Powerful senators and representatives went down in defeat. Some were legislators holding chairmanships and vice-chairmanships of some of the most powerful committees in either House. Before the second primary, more than 30% of the current membership of the Senate and almost 28% of the House will not return to the legislature. Mississippi citizens want a change. They want it now. The voters are saying "We have waited long enough - we must get things done!"

District 3 people travel narrow-gauged highway 45 while other sections of the state have four lane and even six lane highways. There must be a reason why we have been ignored in highway improvement. Mike Chase makes a promise to the people of this District. If elected I will move the four-laning of highway 45 from the back burner to the front burner.

★★★

I support the Education Reform Act but I strongly oppose placing the heavy tax burden of this act on the people least able to bear it - the consumers. I will fight to require the gas and oil companies to assume their fair share of the cost of this Education Act.

I also oppose, and will try to repeal, the provision of the Act which gave the Education Finance Commission absolute control over school consolidation.

★★★

I have been honest with the voters of District 3. I have been forthright. I have willingly answered all questions put to me. I have not withheld information which you have a right to know. Throughout this campaign I have told you that I would not be indebted to any one person, to any particular group or organization - this is the truth. If I am elected your Representative I will owe my allegiance solely to all the fine citizens of this District, whatever their color, their creed or their economic standing.

I welcome your support. I need your help.

**ELECT MIKE CHASE - HE WILL MAKE YOU PROUD THAT YOU DID!**

### Talk 'O The Town

#### Street Opinion

QUESTION: If you had it to do all over again, would you vote for the same people you did in the Aug. 2 primary?

ELLIS J. SMITH of Route 5, Booneville: "I believe I'd sort of change my mind a little bit. I began to think a little bit about it. In a way I kind of regret it and in a way I don't. It just seems if I had it to do all over again I'd change my mind."

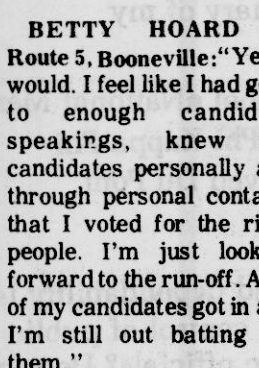

MARGIE JONES of Route 4, Booneville: "Yes. I feel like the candidates I voted for are qualified. I'll get to vote for some of them again in the run-off election."

BOYD RIDDLE of New Site: "Oh sure, no regrets there. I feel like I voted for the correct people and I'll get to vote for some again in the run-off election."

PEGGY FLOYD of Route 1, Burnsville: "Yes. Because I voted for the best men - I don't have any regrets."

BETTY HOARD of Route 5, Booneville: "Yes, I would. I feel like I had gone to enough candidate speakings, knew the candidates personally and through personal contacts that I voted for the right people. I'm just looking forward to the run-off. A lot of my candidates got in and I'm still out battling for them."

CLARENCE BUTLER of Walker Avenue, Booneville: "Yes, I would. I just felt like they were the best for the position. Some weren't elected I voted for, but I'd do it again because I felt like they were the best for the position."

(Editor's note: "Talk O' The Town" is not intended as a scientific poll of public opinion. Rather, it is simply intended to give Prentiss Countians an opportunity to voice their opinions on particular issues and topics. Maybe we'll ask you next!)

### Eyes On Mississippi

## Old Guard Fares Poorly In Election

By BILL MINOR  
Syndicated Columnist

JACKSON, Miss. - It will be difficult to picture the Mississippi Senate without Ellis Bodron and his caustic humor and steel-trap mind, nearly always dominating floor activity with his powerful Senate Finance chairmanship.

But as one old hand around the Senate observed after Bodron's shocking defeat, "he ain't indispensable."

Bodron's departure undoubtedly leaves a big hole in the amount of talent available in the Senate, which has been short on talent now for the past few years. It also brings down the last remaining member of the "B and B Boys," - Bodron and Bill Burgin - which for a long time ran roughshod over the Senate.

Bodron from his Finance spot and Burgin from his Appropriations chairmanship were an awesome

legislative team because each had his own personal legislative agenda which very closely related to his private professional career.

Burgin was brought down by the law when it could be proven he had converted his legislative influence to his personal pecuniary interests. Bodron was brought down by the democratic process which dictates that arrogance in office will eventually cause your comeuppance at the hands of the electorate.

The defeat of Bodron is, of course, the most celebrated reversal among legislative incumbents, but overall, the slaughter at the polls on Aug. 2 was the most devastating to ranks of the Old Guard in both the Senate and the House in years, and more veterans will fall on Aug. 23.

It seems that incumbents who had spent only one or two terms in the Legislature fared better generally than did the old hands.

Already, chairmanships of 10 committees in the Senate - Agriculture, Constitutions, Corrections, Finance, Forestry, Highways, Military Affairs, Oil & Gas, Health and Welfare and Universities have been made vacant by defeats or decisions by incumbents not to seek re-election.

On the House side, new chairmen are already assured for eight committees - Apportionment and Elections, Banks, Interstate Cooperation, Judiciary A, Municipalities, Health and Welfare, Public Buildings, Public Utilities and several more are in jeopardy.

Major speculation in the Senate surrounds the replacement for Bodron at the head of the Finance Committee, one of the most powerful and prestigious jobs - and one of the toughest - in the Legislature.

Nobody has the ready

knowledge of state fiscal affairs that Bodron possessed, but at the same time, his replacement won't have some of the blind lawmaker from Vicksburg has fixed in stone that certain taxes are untouchable.

Some have speculated that Sen. Con Maloney of Jackson, now vice-chairman of the Finance Committee would be the logical choice. That, however, is not the way it is expected to go when the political exigencies start to work.

Maloney is a Republican, and the chances are that Democratic Lt. Gov. Brad Dye will be back at the helm of the Senate next January, thus making the committee assignments.

Already, a strong corps of older Democratic senators has made it clear to Dye that they won't stand for such a powerful post to be handed to a Republican, although they have nothing par-

ticularly against Maloney. Should Dye wind up giving Maloney the job next January, such a move would be fraught with speculation that Dye had made a deal with some powerful Republicans to support him for governor in 1987.

The campaign is already underway for president pro tempore of the Senate to succeed retiring Sen. W.B. Alexander of Cleveland. Two candidates have already been making contacts - Sen. Emerson Stringer of Columbus, and Sen. J.K. "Buddy" Gresham of Greenville.

But a third candidate is expected to enter the field in the next few days - Sen. Tommy N. Brooks of Carthage, whose service in the Senate goes back to 1960, now making him the most senior senator with the departure of Bodron.

Brooks is seen by several senators urging him to run for the pro tem post as a compromise to head off

Stringer's move to give organizational form to the "country caucus" that had opposed several progressive programs of Gov. William Winter, and to strengthen Stringer's push for his views on scientific creationism.

The Columbia senator had been instrumental in a creationist maneuver which would have blocked the State Textbook Purchasing Board from supplying textbooks to school children next year, necessitating a special session of the Legislature in June to take corrective action.

Some members of the Senate are backing Sen. Martin Smith of Poplarville to succeed Bodron in the Finance chairmanship, contingent upon Smith winning his runoff race on Aug. 23. Smith formerly was one of the key members of the Finance Committee, until he took over the Judiciary Committee four years ago.

## American And European Legal Systems Differ

By ED BLAKE  
Mississippi  
Farm Bureau  
Federation

The U.S. Toxic Substances Control Act's 46-page length compared to a French law which reportedly does about the same thing in only two pages of length has been used as an example of fundamentally different approaches to legal matters by Americans and Europeans.

In a recent article in EUROPE magazine, George Lesser, of the U.S. Bureau of National Affairs, suggested that Americans may have become too wordy and contentious in the legislative processes.

One reason for this, he pointed out, is that U.S. legislation is written by one independent branch of government for interpretation by a second independent branch, and for implementation by still another independent

branch.

By contrast, most European laws are written by the same people who are going to have to carry them out. Further, Europeans are not disposed to challenge governmental authority every step of the way as we do here in the land of the free and the brave.

Lesser, editor of International Environment Reporter, points out that in America legislation is the product of an ongoing adversary proceeding through Congress, administrative agencies, and the court system.

Thus the strict rules governing proceedings, public hearings, and formal comments all favor a maximum opportunity for advocacy, and virtually no opportunity for negotiation to simplify matters.

Consequently, that observer concludes, American laws constantly are revised, and court decisions con-

stantly are appealed under pressure from all of these advocates.

Hence, nothing is permanent except the adversary relationship which tries to do and we hasten to fight it in the courts, in the streets, or through simple disobedience.

Europeans on the other hand, have thousands of years of history of absolute and often unbridled tyranny covered with but a thin veneer of democracy, if that. People there have had

And he implies that the United States is not accustomed to asserting much self discipline. Here, rather it is yet a revolutionary concept that one's freedom to swing one's fist ends where another's nose begins, as suggested by Oliver Wendell Holmes.

Another reason offered by Lesser for U.S. citizens'

prone to hassle is that we have no tradition of obeying government, much less fearing it. Contrarily, we tend to have an inborn skepticism toward most anything the government tries to do and we hasten to fight it in the courts, in the streets, or through simple disobedience.

Europeans on the other hand, have thousands of years of history of absolute and often unbridled tyranny covered with but a thin veneer of democracy, if that. People there have had

good reasons not to question their governments, much less challenge them in courts.

The analyst also points out that American civil servants do not have much prestige, even though many actually are highly talented, dedicated and able servants of the country and its people.

But in Europe government representatives enjoy tremendous prestige and are well paid. Their more coveted tenure of service is much longer - dealing with the same people protract-

tedly as issues come and go. Often the jobs are passed from generation to generation.

The author of the thought-provoking article makes no effort to champion one government's approach to legislation over the others' - but he does isolate some basic differences from an international viewpoint.

In this country we value our multitude of freedoms very highly, even when we may be wrong. In Europe that has not often been an accessible option.

## Why Not Tell Us About The Local Elections, Too?

Dear Editor:

I wonder how many people in Prentiss, Itawamba, Tippah and all other counties in WTVA's viewing area are pleased by WTVA's coverage of the election returns Tuesday night, Aug. 2.

It seems to me that only

the counties in the Columbus, Aberdeen, West Point and Starkville areas had an election.

We got all the details on every race in these areas and the coverage was better than Lee County.

Seems the only news from any area north, east or west of Lee County is news that

makes the county look bad - murder, robbery, burglary, etc.

If you are dissatisfied with the performance of WTVA, let them know or, better still, let the FCC know.

## Legal Rights For Students

(Prepared by the Mississippi State Bar, some legal rights may vary from locality to locality. Always consult an attorney when in doubt about your rights.)

Q: Can public schools force students to recite prayers?

A: No. Students have the right to follow any religion or none at all. A school cannot interfere with this right by establishing or conducting religious exercises or by implementing policies that favor one religion over another or religion over nonreligion. This is based on a 1962 Supreme Court ruling that a public school, as part of state government, must follow the First Amendment to the Constitution which states in part, "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof."

Q: Do students have the right to see their school records?

A: Yes. In 1974, Congress passed the Family Educational Rights and Privacy Act, providing that students over the age of 18 or parents-guardians of those who are not yet 18 can review and inspect education records at schools that receive funds from the federal government. Furthermore, the parent or student must be given an opportunity to request amendment and to challenge in a hearing the content of any records that they believe is misleading or inaccurate. If the student or parents makes a reasonable request for an interpretation or explanation of the records, the school must provide it.

Q: Do students always enjoy freedom of expression and speech at school?

A: No. Students who want to practice freedom of speech and expression are prohibited from doing so if they will disrupt the normal operation of school. Furthermore, school officials do not have to wait until their disruptive activity begins before taking action. They can stop students from carrying out a plan that sounds like it will be disruptive. As long as students do not disrupt classwork or invade the rights of others, they have the right to express themselves orally or symbolically, however unpopular or critical of school or government policy they may be.

## Soil Erosion Is Costing State Farmers \$80 Per Acre

From The  
Mississippi Cooperative  
Extension Service

If a man were to walk up to a Mississippi farmer, jab a pistol into his ribs, and demand \$80 for each and every acre he owned, chances are the farmer would object.

Yet, that's exactly what is happening to farmers because of erosion. Each year the average acre of farm land loses \$80 worth of topsoil to erosion.

Erosion is the washing away of that precious top layer of soil that grows all our food and fiber. The process is especially noticeable after a rain. Mud means erosion and rivers full of mud represent tons of valuable topsoil lost forever.

Mississippi is the third greatest victim of erosion in the United States, trailing only Tennessee and Missouri. Of the state's 82 counties, 51 lose between 10 and 33 tons of top soil per acre each year. In other

counties the losses range from two to 10 tons per acre.

Dramatic wash-outs and gullies yell out, but small areas of erosion go quietly unnoticed all across the state. Experts estimate the annual loss to erosion in Mississippi at nearly 1 million tons.

## Retired Persons Are Honored

The American Association of Retired Persons, the nation's largest retiree organization, is now celebrating its 25th anniversary with a number of national and local activities, according to Mrs. Paul Dobbins, president of the Prentiss County Retired Teachers Association.

In honor of the anniversary, Booneville Mayor Charles Crabb issued a special proclamation last week honoring the American Association of Retired Persons and its founder, Dr. Ethel Percy Andrus.

together with its local president, Mrs. Dobbins, for the outstanding work and encouragement this association gives to older Americans.

The local unit is one of more than 3,200 AARP chapters in the nation which sponsor a wide range of community public service programs; work to influence the enactment of local, state and national legislation of benefit to older Americans; and acquaint Association members and other older citizens with the programs

and services offered by the national organization, Mrs. Dobbins said.

One of the programs offered by the Prentiss County unit is the Blood Pressure Clinic which was begun in October 1979. Other projects are also planned by the local unit.

The Prentiss County unit now meets quarterly in the George E. Allen Library on Sept. 15 and Dec. 15 at 10 a.m.

Founded in 1958, AARP now has nearly 15,000,000 members and continues to

grow at a rate of more than 1,000 new members daily. There are more than 73,000 members in Mississippi.

The Association encourages older Americans to remain in community and public affairs, provides them with legislative representation at all levels of government, and sponsors a number of services to help them stretch retirement incomes, Mrs. Dobbins said. It also publishes magazines and other materials of special interest to older readers.

## Good Skin Starts With Good Diet

By WANDA ROBINSON  
4-H Program Assistant  
SUMMER SKIN CARE

Good skin starts from the inside with a well balanced diet and includes plenty of water and exercise. There is no medical evidence that chocolates, fried foods, potato chips, soft drinks, or pizza cause break-outs. In fact, any food eaten in moderation won't affect the skin. However, the diet should be kept in healthy line for overall good health and looks.

Acne is the most common teenage skin disorder, affecting nine out of every 10 teenagers. Acne is caused by internal chemical changes that occur when the skin is

adjusting to an increased amount of hormone output. Blackheads and whiteheads, another common problem, are caused when oil from beneath the skin travels up to the surface and forms a plug or blocks pore openings. To help clear up blackheads and control acne, a good daily skin routine is necessary.

Each morning the face should be washed with a mild soap or cleanser. Do not use deodorant soaps. Use a soap or cleanser designed specifically for the face. Pat oily areas gently using the palms of the hand. Rinse with lots of lukewarm water.

Pat dry with a clean towel. Apply a light moisturizer only where skin is dry.

During the day blot oily areas with clean tissues. At

the end of the day before bedtime, wash the face again using the morning routine. Always remove every trace of make-up.

If break-outs do occur, treat with appropriate type of product. For severe cases of acne consult a dermatologist.

In the summer months protect the skin by using a sunscreen designed for the face. A sunscreen keeps the ultraviolet rays of the sun from damaging the skin. Also, the high humidity during the hot summer months can make skin feel greasy so it may be necessary to clean the skin more than twice a day.

The sooner a daily skin care routine is started, the

better off the skin will be. Good care, exercise and a well-balanced diet result in healthy skin.

### 1983 CORN PLANTINGS

Mississippi corn growers have indicated they have planted 100,000 acres this year, (40,000 acres less than in 1982), according to the U.S. Department of Agriculture's crop acreage report. In 1981, corn plantings in the state totaled 180,000 acres.

National average farm prices for the crop are expected to range between \$2.65 and \$2.90 per bushel, compared with \$2.65 a bushel a year ago.

The report indicates farmers intend to harvest for grain 80,000 acres of corn this year compared to 90,000 acres last year and 115,000 acres in 1981.

Local farmers enrolled 1289.0 corn base acres in the acreage reduction and payment-in-kind programs, and designated 680.4 acres for conservation uses. These farmers will be eligible to receive price support loans, land diversion payments, deficiency payments, target price protection and payment-in-kind. They also will be eligible to participate in the grain reserve program.

Prentiss County farmers are scheduled to receive 21,585 bushels of corn as payment-in-kind for reducing their 1983 corn plantings by a larger amount than called for under the voluntary acreage reduction and land diversion program. Available on Oct. 1, 1983, the corn PIK will come from government-owned stocks and the farmer-owned reserve.

The price support loan rate for 1983 corn is \$2.65 per bushel and the reserve loan rate is \$2.65 a bushel. The nine-month price support loan helps farmers pay operating and production costs and allows them time to assess the market or to hold grain for feeding later on. The grain reserve provides three-year loans to farmers in addition to

### storage payments.

Nationally, farmers intend to plant 60.1 million acres of corn, 27 percent less than the 1982 planted acres and the lowest planted acreage since records began. USDA attributes the large decrease to the heavy sign-up in the acreage reduction programs.

### Loan Settlement Availability Dates

The U.S. Department of Agriculture issued procedures to assure normal marketing practices are not disrupted for farmers who participate in USDA's payment-in-kind program. Previously, USDA could require that some farmers either pledge their 1983 production as collateral for a price support loan and then immediately redeem the loan collateral and sell it to USDA's Commodity Credit Corporation for PIK purposes, or redeem earlier crop year loan collateral and sell it to CCC to fulfill the needs of the PIK program. In either case, the action would have been required before Jan. 1.

According to CCC Executive Vice President Everett Rank, many farmers normally repay a 1982 or earlier crop year loan this

year. Rank said for these reasons, CCC will allow producers who would have been required to obtain or liquidate a loan for PIK availability date of Jan. 16. Rank said this action covers only farmers who have PIK availability dates that begin Aug. 1 or earlier and who request the extension. CCC storage payments on PIK commodities will end about five months after the PIK availability date for farmers who request the extension, he said.

Producers should request extensions at their county offices of USDA's Agricultural Stabilization and Conservation Service before the end of the PIK availability period, Rank said.

### Cotton Loans Offered

Upland cotton producers who do not have enough cotton under loan to satisfy their payment-in-kind requirements are being offered special "harvest for PIK" loans.

This option is available for those producers who are required to harvest 1983 cotton for PIK, but do not want a regular loan. The farmer may either receive the cotton PIK immediately

## Well-Placed Seed Trees Promote Natural Reseeding

By ROBERT THORNTON  
County Forester

Forest landowners in this area have all heard the advantages and disadvantages of planting young seedlings, but some have never heard of using the seed tree method for establishing a stand of trees.

This method has been around for quite some time. Simply stated it's a system that provides for natural reestablishment of a stand of trees by the leaving of well distributed seed trees in a harvested area.

The Forestry Commission is often called upon for advice about what to do with property that has been cleared of timber, and now has only a few scattered

briars.

Usually, the landowner has not put the tract back into production because of the high cost of preparing and planting the area. But many landowners are unaware that with only a small amount of planning, enough of the original trees can be left to completely replant a harvested stand.

Most landowners only know of the management systems they see practiced by industry and government foresters. This usually involves harvesting all of the trees in a stand and then starting from scratch planting seedlings by hand or machine. These methods are the fastest and guarantee a certain number of seedlings per acre, but there is a much less costly alternative.

Planning for the use of the less costly seed tree system begins well before the landowner harvests his timber. First, the best seed producing trees within the stand are selected. Their selection is based primarily upon their past history of cone production and how well suited they are to withstand future winds. This plays a critical role, since they will have no protection from the elements once the other trees are removed. In selecting a wind-firm tree, look for those which have grown in the open on deep soils with stocky, tapering trunks.

There should be at least 9-10 seed trees left per acre, depending upon the diameter and type of pine involved. Trees less than 12 inches of diameter are usually too immature to produce a large enough cone

crop to be effective.

Generally, enough soil is disturbed during harvesting to properly prepare the acreage for a seed fall. If not, the area should be burned just before seed fall begins in early October. This step exposes mineral soil for the seed fall.

When enough seedlings to make a full stand have become established, the seed trees have accomplished their purpose. They can then be removed, leaving the new stand to develop.

The seed tree method is only one of several available alternatives for establishing a stand of trees. It eliminates a lot of expensive labor and machinery costs in tree planting.

Would your property be suitable for this method of regeneration? Call us and we'll come take a look.

## TO THE CITIZENS OF PRENTISS COUNTY

I wish to thank you for the vote of confidence expressed to me in the August 2nd Primary. I am happy to know that there are many citizens of Prentiss County concerned about the condition of our school system, and felt that I could and would do something about it.

I appreciate the many calls I have received expressing concern for me and my family, and your willingness to help improve the Prentiss County School System. I am also willing to help. My desire is greater than ever that our School System meet the educational needs of our boys and girls now and in the future.

On August 23rd we will elect a Superintendent of Education for the Prentiss County School System. Regardless of who is elected, I hope that everyone will back him and his staff, and all those who have a responsibility for the Prentiss County School System. "The schools will be what the majority of the people want - no better or no worse."

### ORDER

WHEREAS, The Board of Supervisors of Prentiss County, Mississippi, meeting in regular session on the 5th day of July, 1983, and again in recessed session on the 25th day of July, 1983, finds as follows:

WHEREAS, this Board has by previous action levied millage for the support of the Prentiss County Community Service and for the support of the Tennessee Regional Planning Commission, but now finds that the Prentiss County Community Service has no need for such funds and that Prentiss County is no longer a member of the Tennessee Regional Planning Commission, thus:

Pursuant to Section 27-105-347, the Mississippi Code of 1972 as Annotated and Recompiled, the County desires to transfer these funds to the areas where the need is greatest. That said statute requires that notice be published in the County paper for three (3) consecutive weeks and that after a period of thirty (30) days if no petition is filed signed by twenty (20) percent of the qualified voters of the County, then said transfer shall be effective.

Motion was made and seconded that the above referenced transfers from Prentiss County Community Service Fund and Tennessee Regional Planning Commission Fund be made and that the intentions of this Board to transfer be published for three (3) consecutive weeks in the Banner-Independent and that after a period of thirty (30) days from the first publication that the transfer be effective.

A vote was taken with all 5 Districts present and motion carried unanimously.

ORDERED on this the 25th day of July, 1983.

### NOTICE

The Mayor and Board of Aldermen of the City of Booneville, Mississippi, took up for consideration the matter of issuing general obligation bonds of said municipality in the maximum principal amount of \$150,000 to raise money for the purpose of constructing, improving and paving streets, sidewalks and public parking facilities, within and for the City of Booneville, Mississippi. After a discussion of the subject, Alderman Lambert offered and moved the adoption of the following resolution: RESOLUTION DECLARING THE INTENTION OF THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF BOONEVILLE, MISSISSIPPI, TO ISSUE GENERAL OBLIGATION BONDS OF SAID MUNICIPALITY IN THE MAXIMUM PRINCIPAL AMOUNT OF ONE HUNDRED FIFTY THOUSAND DOLLARS (\$150,000) TO RAISE MONEY FOR THE PURPOSE OF CONSTRUCTING, IMPROVING AND PAVING STREETS, SIDEWALKS AND PUBLIC PARKING FACILITIES WITHIN AND FOR THE CITY OF BOONEVILLE, MISSISSIPPI, AND DIRECTING PUBLICATION OF NOTICE OF SUCH INTENTION.

WHEREAS, the Mayor and Board of Aldermen of the City of Booneville, in the State of Mississippi (hereinafter referred to as the "Municipality"), does hereby fine, determine, adjudicate, and declare as follows:

1. It is necessary and in the public interest to issue general obligation bonds of the Municipality in the maximum principal amount of One Hundred and Fifty Thousand Dollars (\$150,000) to raise money for the purpose of constructing, improving and paving streets, sidewalks and public parking facilities, within and for the City of Booneville, Mississippi.

2. The assessed value of all taxable property within the Municipality, according to the last completed assessment for taxation, is Thirteen Million Four Hundred Fifty-four Thousand Five Hundred and Eighty-four Dollars (\$13,454,384); the Municipality has outstanding bonded indebtedness subject to the ten percent (10 percent) debt limit prescribed by Section 21-33-303, Mississippi Code of 1972, in the amount of Four Hundred Ninety-five Thousand Dollars (\$495,000); and outstanding bonded and floating indebtedness subject to the fifteen percent (15 percent) debt limit prescribed by Section 21-33-303, Mississippi Code of 1972, amount includes the sum set forth above subject to the 10 percent debt limit, in the amount of Four Hundred Ninety-five Thousand Dollars (\$495,000); the issuance of the bonds hereinafter proposed to be issued, when added to the outstanding bonded indebtedness of the Municipality, will not result in bonded indebtedness, exclusive of indebtedness not subject to the aforesaid ten percent (10 percent) debt limit, of more than ten percent (10 percent) of the assessed value of taxable property within the Municipality, and will not result in indebtedness, both bonded and floating, exclusive of indebtedness not subject to the aforesaid fifteen percent (15 percent) debt limit, in excess of fifteen percent (15 percent) of the assessed value of taxable property within the Municipality and will not exceed any constitutional or statutory limitation upon indebtedness which may be incurred by the Municipality.

3. The Municipality is authorized by Sections 21-33-301 to 21-33-329, Mississippi Code of 1972, to issue the bonds hereafter proposed to be issued for the purpose hereinafter set forth, for which purpose there are no other available funds on hand.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND BOARD OF ALDERMEN OF THE CITY OF BOONEVILLE, MISSISSIPPI, AS FOLLOWS:

SECTION 1. The Governing Body does hereby declare its intention to issue general obligation bonds of the Municipality in the maximum principal amount of One Hundred Fifty Thousand Dollars (\$150,000) (hereinafter referred to as the "Bonds") to raise money for the purpose of constructing, improving and paving streets, sidewalks and public parking facilities, within and for the City of Booneville, Mississippi. Such bonds will be general obligations of the Municipality payable as to principal and interest out of and secured by an irrevocable pledge of the avails of a direct and continuing tax to be levied annually without limitation as to time, rate or amount upon all the taxable property within the geographical limits of the Municipality.

SECTION 2. The Governing Body proposes to direct the issuance of the Bonds in the amount, for the purpose and secured as aforesaid at a meeting of the Governing Body to be held at its regular meeting place in the City Hall of the Municipality at 2 o'clock p.m. on August 15, 1983, or at some meeting held subsequent thereto. If ten percent (10 percent) of the qualified electors of the Municipality, or fifteen hundred (1500), whichever is the lesser, shall file a written protest with the Clerk of the Municipality against the issuance of such bonds on or before the aforesaid date and hour, then the Bonds shall not be issued unless authorized at an election on the question of the issuance of such bonds to be called and held as provided by law. If no protest be filed, then such bonds may be issued without an election on the question of the issuance thereof at any time within a period of two (2) years after the date above specified.

SECTION 3. This resolution shall be published once a week for at least three (3) consecutive weeks in the Banner-Independent, a newspaper published and having a general circulation in the Municipality and qualified under the provisions of Section 12-3-31, Mississippi Code of 1972. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed herein for the issuance of said bonds, and the last publication shall be made not more than seven (7) days prior to such date.

SECTION 4. The Clerk of the Municipality is hereby directed to procure from the publisher of the aforesaid newspaper the customary proof of the publication of this resolution and have the same before this Governing Body on the date and hour specified in Section 2 hereof. Alderman Charles Steen seconded the motion to adopt the foregoing resolution, and the question being put to a roll call vote, the result was as follows:

Alderman Wade Lambert voted: Aye  
Alderman Charles Steen voted: Aye  
Alderman R.G. Houston voted: Aye  
Alderman Norman Young voted: Aye  
Alderman Bluford Allen voted: Aye

The motion having received the affirmative vote of a majority of the members present, the Mayor declared the motion carried and the resolution adopted this the 11th day of July 1983.

## CARD OF THANKS

Dear Booneville friends, We cannot find adequate words to express to everyone just how much we appreciate all the acts of kindness shown us during the hospitalization and death of our daughter Belinda.

It made our burden easier to have part of our Booneville family with us through the hardest days. The enormous outpouring of food has been hard to believe. Church friends, other friends, family, and neighbors certainly took care of us needs.

The floral tributes and the many visits by people here in town have made our burden of sorrow much easier.

The beautiful singing at the funeral service was truly comforting.

Thanks so much for your concern.

Sincerely,  
The Ronald Sartin Family.

**A YARD OF ALACOSIAS** - Mary Lee and Raymond Spencer of Hatchie Street, Booneville, have a yard filled with alacosias, a plant similar to an elephant's ear plant. The difference between an alacasia and an elephant's ear plant is that the heart-shaped alacasia leaf grows upward whereas an elephant's ear plant leaf grows downward. Mrs. Spencer says. Some of the alacasia leaves in their yard have measured 48 inches wide. They have had some of these plants about 30 years and now have about 50-75 in their yard. ### To The Voters Of The 5th District

I appreciate very much the very good vote I received on August 2nd. I am grateful for the many words and expressions of kindness and encouragement I have received during this campaign.

I thank you for the opportunities I have had for the past 3½ years to serve you as your supervisor. I encourage you to go back to the polls on August 23rd and again vote for William L. McKinney. I ask those who voted for and supported one of the other five candidates in this race for Supervisor to seriously consider my record, experience and qualifications in the second primary election and vote for continued progress in the Fifth District, vote for William L. McKinney.

We have made great progress in the Fifth District and also in Prentiss County, even under adverse economic conditions. The Progress we have made in the Fifth District is mainly due to the simple plan that I have. To do all I can with what we have to work with under whatever conditions and circumstances we have and with the amount of time I have had to work for you.

I hope my time will be extended on August 23rd, because the next four years will show you more of what I have done this term

I sincerely want to serve the Fifth District and try to make it a District second to none in Prentiss County. We can continue to do this on August 23rd by re-electing William L. McKinney to the office of Supervisor of the Fifth District.

I again state that I have run a clean, honest, straight campaign, based entirely on the truth, the facts and the figures of my record as your Supervisor and on my reputation as a life long citizen of Prentiss County. Both my record and reputation is open for your inspection. I do not have anything to hide.

I have not made promises of paved roads, jobs, political appointments or anything else you want to hear, just to try to gain your vote. Friends I want to be able to face you after this election is over. If I deceived you in anyway to get your vote, then I would not be honest to you and would not be the person most of you voted for four year ago.

I have tried to the best of my ability to be a Supervisor for all the people of the Fifth District regardless of race, religion, financial position in life or past political opposition. If re-elected I will try to continue this policy.

On August 23rd vote for truth, honesty and a desire to serve my fellow man. Vote for improvements and progress in the Fifth District. Vote and support and re-elect, William L. McKinney Supervisor District 5.

County Agent's Report

Using Cuttings Can Cut Your Landscaping Costs

By  
CLIFFORD J. HAMPTON  
County Agent

You can landscape your yard entirely with plants started from cuttings. They cost you nothing, and give the enjoyment of "growing your own." Home-grown plants often make it possible for the new home owner to landscape his yard sooner. One shrub can be the beginning of a large group of plants, if you have the patience to wait 3 or 4 years. Cuttings from many of your neighbors' shrubs can be easily rooted. Some folks

do not think that native plants from woods or fields can be grouped with bought plants. But, you can get good landscape effects by combining the two, if you use a little skill.

Most shrubs are rooted from one of two kinds of cuttings -- hardwood and softwood.

HARDWOOD CUTTINGS

November, December, January or February are the months to make hardwood cuttings. Use mature, 1-year-old wood formed

during the past growing season. Make cuttings about 12 inches long, cut on a slant just below joint at the bottom. If your garden has good loam that stays moist, you can set your hardwood cuttings directly outdoors. Set them 10 inches deep, tops up and 10 inches apart in the row. Pack soil around the cuttings.

Hardwood cuttings will root in the spring and begin to grow. Leave in garden the first summer and keep free of weeds. Plant in yard the following fall. If garden soil does not stay moist during spring and summer, place cuttings in a cool spot along north side of house or garage.

Use hardwood cuttings when rooting such shrubs as: Butterfly bush, Abelia, Deutzia, Weigela, Golden Bell, Althea, Pyracantha, Nandina, Ligustrum, Winter Honeysuckle, Hydrangea, English Dogwood, the Spirea, Chinese and Japanese hollies.

SOFTWOOD CUTTINGS

Make softwood cuttings in June, July and August. Use growing tips of branches. This wood should be firm and brittle.

Make softwood cuttings 5 inches to 7 inches long. Cut base on a slant just below a joint. Remove lower leaves, leaving only three of four at

the top. Placing cuttings 2 inches apart, 2 inches to 3 inches deep, in a box or pot of clean, coarse, damp sand which is at least 8 inches deep. Place small clay pot in center of soil for ease in watering. Use pot method for hardwood or softwood cuttings. Cover with moist newspaper for 4 days.

Keep sand moist at all times. In a few weeks, when softwood cuttings have rooted, transplant to rich garden soil.

Use softwood cutting method on such plants as Camellia, Azaleas, Pyracantha, Pittosporum. Chinese and Japanese holly may be propagated by hardwood or softwood cuttings. Camellia and Azalea softwood cuttings may be made in October and November. Softwood Chrysanthemum cuttings can be made in early spring.

LAYERING

Some shrubs can be propagated by layering.

Among these are the Spirea group, Lilas, Azaleas, Forsythia, Mock Orange, Honeysuckle, Jasmines, Coralberry and some roses, especially the Ramblers.

Layering is a simple method: pull a branch over to soil, bury and weigh down with a stone or brick.

Remove leaves from portion of plant that is buried, and scratch bark with knife. Roots will form in a few months, and "daughter" plant can be cut away from "mother" plant at the trunk.

The same group of shrubs, and other which grow in a clump as Nandina, can be propagated by splitting the clump apart in the early spring or fall. Usually, such plants are in the need of digging or separating for proper landscape effect.

SHRUBS FROM SEEDS

You can propagate some shrubs by seed, as well as by cuttings. Chinese and Japanese holly, Nandina, Camellias and Ligustrum are examples. The Magnolia, Dogwood and Redbud trees are in this class.

Gather seed in the fall when ripe, after first frost. Remove seed coat and store seed over winter outdoors in moist sand. In spring, plant seed outdoors in rich soil. Sometimes they germinate slowly.

SMALLSTEM CUTTINGS

You can easily propagate many house plants by small stem cuttings, taken at any time of the year. Cut a section of stem, with leaf. Root in a mixture of sand and peat or pure sand. Among these are Geranium, Rubber Plant, Christmas cactus, Coleus, most Begonias, African violet and various vines as ivy and philodendron. After plants "strike" root, transplant to good rich soil.

LEAF CUTTINGS

Leaf cuttings of these plants will root in water or sand: African violet, Rex begonia, Sanseveiera, Sedum, Peperomia and Kalanchoe.

If you use the water method, place leaf cuttings in small holes in cardboard and suspend in water.

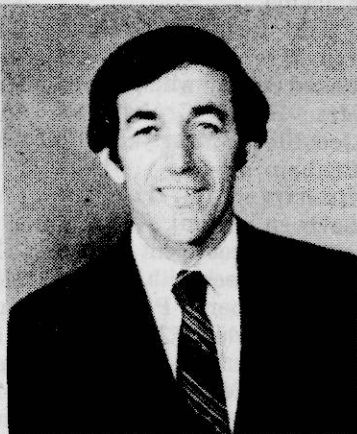

Or, make use of an old-fashioned glass flower holder. It's better for holding leaf cuttings than flowers in an arrangement.

## Berryhill Gets Assignment As Mormon Missionary

Elder William Joseph Berryhill, son of David Berryhill of Verona and Mae Carol Berryhill of Booneville, is currently serving as a missionary for the Church of Jesus Christ of Latter Day Saints.

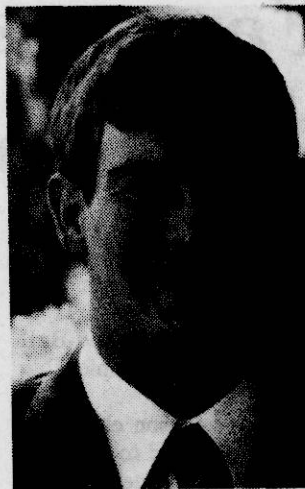

Berryhill accepted the position through Pres. Spencer W. Kimball and was assigned to the Las Vegas, Nev., area, which includes a portion of California.

Prior to becoming a Mormon missionary, Berryhill attended Brigham Young University where he was a member of the Phi Eta Sigma honor society. He

was also listed on the Dean's List for having placed in the top five percent of the students in the college.

After returning from his missionary work, Berryhill plans to return to BYU to continue his education in corporate law and economics.

Berryhill is a 1982 graduate of Jumpertown High School. He has four brothers, James, John, Jeff David and Brian. His grandparents are Mrs. Temple Berryhill of Planterville and the late Bob Berryhill, and the late Mr. and Mrs. W.R. (Dick) Brown.

### Rotary Girls Claim Tourney Championship

By SCOTT MCKINNEY  
Sports Writer

The Rotary girl's softball team ended week's play as the champion of the little girl's softball tournament. They edged out regular season champion H&W Industries and last year's champion Otasco.

Rotary beat league champion H&W in the finals 10 to 0, in which Rotary rocked up 14 hits to H&W's 7. H&W had advanced to the finals by eliminating Otasco 9 to 7.

Christy Lowery and Kandy Nanney had two hits each for H&W, while Allison Johnsey and Mitzi Hudleston had two hits each for Otasco.

Earlier in the tournament Rotary beat Sunflower 13 to 1. Kim Scott and Jill Johnson had three hits each for Rotary, while Lee Ann Stewart and Pattie Crawford earned hitting honors for Sunflower.

Otasco squeaked by H&W in an early game, 11 to 10, as Otasco coach Cliff Long seemed to be headed for his second consecutive tournament championship. Cindy Wright and Leigh

Carrol Jackson had two hits each for Otasco, while Kaye Phillips and Kandy Nanney had two hits for H&W.

In other tournament action, H&W beat Sunflower 21 to 1 behind the hitting of Christy Lowery, Holly Bonds, Kim Wren, and Andrea Bonds. Brandi Pitts had two hits for Sunflower.

Rotary snuck past Otasco 6 to 4 as Long's hopes of a championship began to fade. Darlo Dallison and Christy Green led the hitting attack for Rotary while Allison Johnsey had three hits for Otasco.

### Peoples Bank Claims Little League Title

by SCOTT MCKINNEY  
Sports Writer

The People's Bank little league team used top-knotch pitching and strong hitting to take top honors in the little league tournament. They finished the season with an unmatched record of 14 wins and 1 loss.

The bankers beat Brown Shoe in a weather delayed game, 9 to 5, to take the championship trophy. Brown Shoe, behind the strong pitching of Tyrone Koon and Scotty Davis and the smart coaching of Howard Barry, finished second in the affair.

People's Bank advanced to the championship by defeating Brown Shoe twice and Sonic once.

Brown Shoe advanced by beating Bingham's Systems and Kentucky Fried Chicken, which finished third. Coaches Manfred Saylors and Max Wilson seemed pleased with their teams performance. They said they were really proud of their kids throughout the whole season.

Kentucky Fried Chicken did an instant replay of last season as they again got off to a dismal start, but finished strong, carting off the third place trophy. However, KFC did manage to win 7 games this season, more than half of last years total.

Bingham's Systems suffered a heart-breaking, extra inning loss to Brown Shoe and Cox's Best Way to end their season.

Wally Davis, Rod Coggin, Michael Blalock, and Jody Presley all served as coaches for Bingham's which had a fine season.

#### Tee Ball Tourney

### Farmers & Merchants Beats Booneville Jaycees

Farmer's and Merchant's Bank of Marietta beat the Booneville Jaycee's last Thursday night 27 to 11 to capture the Tee-Ball Tournament Championship trophy.

Regular season champion Rotary declined to compete in the tournament as it would jeopardize their perfect record of 10 wins and no losses.

The Jaycees had advanced in the tournament by defeating Bank of Mississippi 21 to 20 as Farmer's and Merchant's Bank beat the Civitans to advance into the league finals.

Scott Slack, Allen Presley, Tom Botts, and Weylon Smith led the winners while Ron Roper, Jason Shackelford, and Jep and Jon Modara all had three hits each for the Jaycees.

### Jumpertown Awards Presentation Set

All boys, girls, coaches, sponsors and parents who participated in the summer softball, baseball and T-ball programs at the Jumpertown Park should be present at the park Monday, Aug. 15, at 7 p.m. for the presentation of awards and trophies.

Following the awards presentation there will be an old-timers softball game. "All you parents bring your gloves," urges park director Steve Goldman.

# Christ United Wins Church League Tourney

By SCOTT McKINNEY  
Sports Writer

Christ United methodist completed the church softball tournament undefeated as they carted off the championship trophy. Regular season champion Independent Christians finished at second place, losing their string of undefeated games.

In the championship game, the Christ United Methodist team used top hitting performances by Randy Calvery, Mark Moore, and Jim Worley to down Independent Christians 13 to 9. Gator Nesler had a homerun to lead the losers.

Independent Christians dropped to the loser's bracket earlier in the week when Christ United Methodist beat the undefeated team, 17 to 6. Benny Fredrick led C.U.M. with four hits as Greg Beard kept things close with a homerun for I.C.

East Prentiss, which ended the season in third place, dropped out of the tournament, also at third place, as Independent Christians beat East Prentiss 19 to 14.

Joey Trimble and Greg Beard each had five hits for the winners while David Chase connected with four hits for East Prentiss.

East Booneville Baptist Church surprised everyone as they used a winning streak of three games to finish fifth among the 14 teams.

East Booneville downed First Methodist, Calvary, and the Mormons before bowing out of the tournament, losing to East Prentiss in the quarterfinals. Jody Rone, Mike Kelley, Mark Cartwright, and Bobby Jones provided the punch for E.B.B.C. in the tournament.

Regular season runner-up, Gaston, was forced to forfeit their games due to a revival at the church and also due to their competing in the District Church Softball Tournament, in which they finished fourth. Gaston now advances to the Church Softball State Tournament in Jackson this weekend.

Tusculum Baptist Church used hitting from Ricky Heavener, Jeff Jones, John Purvis, and Harvey Shook to take fourth place honors in the local tournament. They were eventually eliminated by East Prentiss in the semi-finals.

## Boosters Club To Meet

## Gymnasts Registration Set

Northeast Junior College has two offerings coming up for would-be gymnasts.

Registration for a leisure learning class in gymnastics will be held at 3:30 p.m. Friday in the Burgess Activity Center, according to program coordinator James Williams.

Terri Roberson of the Corinth YMCA will be the instructor for the class which will meet one afternoon per week for six weeks. The class is open to both boys and girls between the ages of 4 and 16. Registration fee is \$20 per person.

For those not sure whether they want to take the full six-week course, an afternoon workshop will be held from 1 to 5 p.m. Saturday in the Burgess Activity Center.

The workshop is open to all children ages 4 and up. Registration will begin at 12:30 p.m. Cost is \$12 per person.

In the workshop, emphasis will be placed on tumbling, the uneven bars and the trampoline, according to Ms. Roberson.

For additional information or to pre-register for the leisure learning class, contact James Williams at 728-7751, ext. 286 or 296. For information on the workshop, contact Ms. Roberson at the Corinth YMCA.

## Little League Registration

Registration for Little League Football will be held at the West Side Park swimming pool from 9:30 a.m. to noon Aug. 13 & 20.

The last day of registration will be Aug. 27. A fee of \$15 must be paid at registration and a photocopy of the child's birth certificate must be presented. Player 7-9 years old will compete in the junior division, with ages 10-12 playing in the senior division.

The cutoff date is Sept. 1. Practice will begin the week of Aug. 29, with games starting the week of Sept. 20.

Registration for Little League Football cheerleaders, ages 5-12, will also be held Aug. 13 & 20 at the park, from 9:30 a.m. to noon.

A \$10 registration fee will be required for each cheerleader. Aug. 27 is the last date to register.

# Erosion Has Long Range Effect

By TONY THOMPSON  
District  
Conservationist

Soil erosion is having a destructive and long lasting effect on the resource base of Prentiss County.

Many people may not be familiar with the magnitude of Prentiss County's erosion problem, what effect it is presently having and the effect it will have in the future on the economic welfare of the county and our citizens.

Agriculture still generates over 52 percent of the county's economic output

and could be an even greater asset with improved production through better cultural and land management practices.

Our county's 75,000 acres of cropland is the major contributor to the agricultural economy and it is here that erosion is taking its greatest toll. Annual soil losses are occurring on our cropland fields at a whopping 17 tons of topsoil lost per acre. Some of our steeper fields are eroding at over 30 tons per acre and the destructive effect of this enormous loss is now being reflected in the declining

crop yields occurring in these fields.

Topsoil is the life-blood of the soil. When topsoil erodes away, so does any build-up of plant nutrients such as phosphate, potash and micro-nutrients. With the eroding soil goes organic build-up and the subsequent improved soil tilth and water holding capacity that is associated with it.

Then there is the sediment itself to contend with. As the topsoil leaves the field it also carries with it chemicals and pesticides which enter and pollute our stream systems. The sediment also fills farm drainage ditches

and adds to the farmer's expense of maintenance. Also by clogging ditches, flooding occurs more frequently - damaging bottomland fields and crops.

What can be done to reverse this loss of our most valuable natural resource? The Soil Conservation Service works hand in hand with the Prentiss County Soil and Water Conservation District and other agricultural agencies to offer assistance to landowners in planning and applying conservation measures that will reduce

soil losses to acceptable levels. Not only is technical help available but landowners can also receive cost-share assistance to install many of the practices needed to check their erosion problems.

The destructive forces of soil erosion can be stopped in Prentiss County but it will require three things: an increased awareness and concern for the problem among our citizens; adoption of cost-effective conservation practices such as minimum tillage, no-till, and contour farming; and landowners to recognize

needs, develop, and implement programs that will solve the erosion problem.

Progress is being made in all three areas but there is much left to be done before Prentiss County can boost an annual soil loss of less than three tons per acre - the maximum amount most of our sloping soils can stand still maintain their productivity.

For assistance in planning a management system that will effectively reduce soil erosion on cropland or any other land-use, contact the Soil Conservation Service at 107 College St., Booneville, or phone 728-3544.

## Homemakers' Report

Extension  
Home Economist

Pickling is an economical way to preserve the summer garden bounty. Scurry off to the garden patch and gather several baskets of fresh vegetables, clean, slice and dice. Now you're ready to put a garden of good things in a jar. Try some of the following ideas.

### Sweet Pickle Sticks

6 pints cucumbers (about 24 medium)  
Boiling water  
3 1/4 cups vinegar  
4 cups sugar  
3 tablespoons salt  
4 teaspoons celery seed  
1/4 teaspoon mustard seed  
4 teaspoons turmeric  
Select fresh cucumbers. Wash and cut into sticks. Pour boiling water over the sticks and let stand 12 to 14 hours or overnight. Drain and pack into clean jars. Combine vinegar, sugar, salt, celery seed, mustard seed, and turmeric. Boil mixture for 5 minutes. Pour boiling hot mixture over cucumbers in jars, leaving 1/2 inch headspace.

Adjust lids. Process 5 minutes in boiling waterbath canner. Yield: 6 pints.

### Quick Dill Pickles

Can be packed whole, as strips, or slices.  
4 lbs. (4-inch) pickling cucumbers (32 to 40 Cucumbers)  
one-third cup canning or pickling salt  
4 cups water  
2 1/2 cups vinegar, 5 percent acidity  
24 to 32 peppercorns  
1/2 cup dill seed or 12 to 16 heads fresh dill weed  
Wash cucumbers. Cut 1/16-inch slice off blossom ends. Slice or strip, if desired. Place in bowl and cover with 2 inches of crushed or cubed ice. Refrigerate 3 to 4 hours. Drain. Combine salt, water, and vinegar, and heat to boiling. Pack cucumbers in sterilized pint jars, leaving 1 inch headspace. Add 4 peppercorns and 1 tablespoon dill seed or 2

heads fresh dillweed to each jar.

Pour vinegar solution over cucumbers, leaving 1/2 inch headspace. Adjust lids. Process 10 minutes in boiling waterbath canner. Yield: 6 to 8 pints.

### Pickled Okra

3 pounds okra, whole  
6 hot red or green peppers  
6 garlic cloves  
1 quart vinegar  
1 one-third cups water  
1/2 cup salt  
1 tablespoon mustard seed  
Wash okra. Trim stems; do not cut into pods. Pack okra into clean, hot pint jars; add hot pepper and garlic clove to each jar. Bring remaining ingredients to a boil. Cover okra with hot liquid, filling to 1/2 inch from top. Adjust jar lids.

Process 10 minutes in boiling waterbath canner. (Start to count processing time as soon as water in canner returns to boiling.) Remove jars.

Set jars upright on a wire rack or folded towel to cool. Place them several inches apart. Yield: 6 pints.

### Bread and Butter Pickle Squash

1 gallon (4 1/4 lbs.) sliced squash  
2 green bell peppers, diced  
5 medium onions, diced  
1/2 cup salt  
5 cups vinegar  
4 1/2 cups sugar  
1 teaspoon ground mustard  
1 1/2 teaspoon turmeric  
1 teaspoon celery seed  
20 whole cloves (in spice bag)  
Select small to medium sized yellow summer squash, about 1 to 1 1/2 inches in diameter.

Cut squash into 1/4-inch slices and combine with peppers and onions. Stir in 1/2 cup salt; let stand 3 hours. Drain.

Mix vinegar with sugar and spices; heat mixture to boiling. Remove spice bag. Pack squash, peppers, and onions into pint jars. Cover with boiling vinegar solution.

Adjust lids. Process in boiling waterbath canner 10 minutes. Begin counting time as soon as all jars are

in boiling waterbath. Yield: about 7 pints.

### Pickles and Relishes Questions And Answers

Q. What causes soft or slippery pickles?

A. These generally result from microbial action, which causes spoilage. Once a pickle becomes soft it cannot be made firm. Microbial activity may be caused by too little salt or acid, cucumbers not covered with brine during fermentation and scum scattered throughout the brine during fermentation. Other causes are insufficient heat treatment, a seal that is not airtight and moldy garlic or spices. Blossoms, if not entirely removed from the cucumbers before fermentation, may contain fungi or yeasts responsible for enzymatic softening of pickles.

Q. Why do some pickles turn dark?

A. Use of ground spices, too much spice, iodized salt, overcooking, use of iron utensils and minerals in water, especially iron, may cause darkness in pickles.

Q. What causes shriveled pickles?

A. Shriveling may result from the using too strong a vinegar, sugar or salt solution at the start of the pickling process. In making very sweet or very sour pickles, it is best to start with a dilute solution and increase it gradually to the desired strength. Overcooking or overprocessing also causes shriveling.

Q. Why should pickles be processed in a boiling-waterbath canner?

A. Pickle products require heat treatment to destroy organisms that cause spoilage and to inactivate enzymes that may affect flavor, color and texture. There is always danger of spoilage organisms entering the food when it is transferred from kettle to jar. Adequate heating is best achieved by processing in a boiling-water-bath canner.

## Direct Dialing Is Now Statewide

Telephone customers throughout Mississippi can now dial all of their own long distance calls.

"With the conversion of Duck Hill on July 30, South Central Bell completed the statewide conversion to Zero-Plus dialing," said J.N. McGowen, South Central Bell vice president for Mississippi operations.

Zero-Plus service speeds the handling person-to-person, collect, charge-to-third-number, Calling Card and coin long distance calls. Instead of dialing "0" to have an operator place a call, customers will dial "0" plus the area code and telephone number they wish to reach.

The computerized Traffic Service Position System (TSPS) make Zero-Plus calling possible. A TSPS call processor connects operator groups in Jackson, Grenada, Natchez and Meridian. The system automatically

records in its memory the calling and called numbers as well as billing information such as initial and overtime charges on coin calls. TSPS connects a customer to an available operator only when assistance is needed.

If the call is person-to-person, for instance, the operator comes on the line only to ask the name of the person called and to find out whether the called party answers.

"By reducing operator time on each call, we estimate that we improve operator efficiency by as much as 40 percent using TSPS," McGowen said.

In addition to providing customers with up-to-date call handling, TSPS makes automated Calling Card service possible. Customers with Touch-Tone service can dial their own long distance Calling Card calls faster and

easier than going through an operator.

The customer will dial "0," then the area code and number he wishes to reach; after hearing a tone, the customer dials in his Calling Card number - all without ever going through an operator.

"Automated Calling Card Service also cuts down on fraud," McGowen said. "When a customer dials in a Calling Card number, the system will check to see that the number is valid before completing the call. This improves billing accuracy and helps cut costs."

"All in all," McGowen said, "this investment in Mississippi and its telephone service demonstrates South Central Bell's intention to provide the most technologically advanced equipment and service to its customers, while using its resources as wisely as possible to reduce costs."

*This Special Supplement To The Banner-Independent Won An Award In  
Last Year's Mississippi Better Newspapers Contest*

This is just one of the many pictures brought to the Banner-Independent for our Remember When special feature last fall.

This has been one of the most popular features we have ever done, and we feel that there are still hundreds of old photos tucked away. So search your attic again for those old pictures and stories of Booneville and Prentiss County such as . . .

- Old Schools
- Colleges
- Churches
- Industries
- First Fire Departments
- Early Events and Celebrations
- Pictures Of Rural Life
- Early Railroads
- Early Hotels
- Cotton Gins
- First Autos
- Airplanes
- Sawmills
- Baseball Teams
- Recreation

You're sure to have more to suggest, so bring your old pictures to the Banner-Independent now!

**Mr. Merchant:**

You will want to search your archives for old pictures of your business and its historical events. The Banner-Independent advertising staff will be calling on you. Or just call the Advertising Department at 728-6214.

Under President James McComas's administration, the Center has assisted small towns continuously since its founding five years ago and brings considerable expertise to implementation of the Main Street Project.

Mississippi towns will compete for the financial and technical assistance available through designation as a Main Street community. Public announcements concerning project applications will appear during the fall of 1983.

THOUGHT FOR THE WEEK

A Meditation From The Upper Room

By Harry Moore

When I was nine years old, my family moved into an old house. Noticing the furniture van, a passerby casually invited my parents to send us children to the nearby Methodist Sunday school. Through this experience I joined the church, taught Sunday school, and became a lay preacher. Ultimately I went to theological college and was ordained. All this happened because one person, unknown to this day, gave a friendly greeting and a casual invitation.

When Jesus said, "You shall be my witnesses," He was directing His followers to use every possible opportunity to make Him known to others. We may witness by spoken word, written word, and certainly by personal example. We witness to Christ, not merely to a

philosophy but to Jesus as a person.

What we learn of Jesus we are called to share with others. A casual approach is often more effective than relentless pressure. Loving persuasion is more effective than forceful debate. We should always be alert to opportunities for witnessing to Christ.

PRAYER: Lord, help us this day to be Your witnesses whenever opportunities open to us. Above all, make us channels of Your love to others.

THOUGHT FOR THE DAY

The Christian's best witness is a love-filled life.
