P.O. Site Purchased

The U.S. Postal Service has purchased a site for the new Booneville Post Office, according to Booneville Postmaster Jack Wright.

The Postal Service purchased the property on May 9 from Carmen C. Walden of Booneville.

The site contains about 1 1/4 acres (53,709 sq. ft.) and is located on the west side of Highway 45 adjacent to Kentucky Fried Chicken.

The price for the land was \$110,500, Wright said.

"The Postal Service will now hire an architect to design the building. It could take six months for an architect to be hired and get his work finished," Wright said. "So I don't know when the actual construction will start."

The new post office will have approximately 7,554 sq. ft. of interior floor space and have space for about 1,000 post office boxes, he said.

Absentee Voting

Prentiss County Circuit Clerk Travis Cox has announced that his office will be open from 8 a.m. to noon on two Saturday mornings, May 26 and June 2, for persons needing to vote absentee in the June 5 Democratic Primary Election.

Cox said the deadline for submitting absentee ballots in the election is June 2.

On the primary ballot are four posts. They are U.S. Senator, U.S. House of Representatives and two judgeships on the State Supreme Court.

Fewer Jobless

Mississippi's unemployment rate dropped to 9.4 percent in April, a decrease of eight-tenths of a percentage point compared to March's revised jobless rate of 10.2 percent.

Last Year's April unemployment rate was 13.9 percent.

The 9.4 percent unemployment rate for the state was higher than the 7.6 national rate for April.

Mississippi Employment Security Commission figures showed 96,800 unemployed and 936,000 employed out of a civilian labor force of 1,032,800. The initial unemployment insurance claims totaled 15,805 in April.

Thirty-eight of the state's 82 counties had unemployment rates of 10.0 percent or higher in April. Of that number, two counties had unemployment rates above 20.0 percent.

Sixty-four counties showed a decrease in their unemployment rates from March to April, while sixteen counties reported increases. The unemployment rate in two counties (Green and Lincoln) was unchanged.

Offices Closed

The Booneville Post Office and the Booneville City Hall will be closed Monday, May 28, in observance of Memorial Day.

The Prentiss County Courthouse will be open Monday.

Watch For Troopers

Motorists traveling Mississippi roads and highways during the three-day Memorial Day weekend can expect to see state troopers in large numbers.

The Memorial Day weekend begins at 6 p.m., Friday, May 25, and ends midnight, Monday, May 28.

Man Fatally Shot By Tippah Deputy

By ANGELA SMITH
Staff Reporter

A Tippah County deputy sheriff shot and killed a Booneville man early Monday morning as the man ran from a wooded area about three miles west of Jumpertown where a stolen pickup truck had been disassembled.

The shooting occurred when Billy Dewayne Eaton, 25, of Booneville, and another man fled from Tippah County deputies after the deputies told them to halt, according to Walter Tucker, chief investigator with the Mississippi Highway Patrol.

Some people riding three wheelers Sunday in the wooded area, located about one mile south

of Highway 4, found the disassembled pickup and reported it to the Tippah County Sheriff's Department, Tucker said.

The 1981 Chevrolet pickup was stolen in Baldwin Sunday, Tucker said.

"Two deputies were assigned to a stake-out where the disassembled pickup was located.

"Around 12:30 a.m. Monday Eaton and another subject drove up to the partially disassembled truck and began loading the engine into another pickup. The deputies, Roger Bowen and James M. Moore, identified themselves and told the men to halt that they were under arrest. The men started running and Deputy Bowen fired one warning shot from his 12-gauge

shotgun at their feet," Tucker said.

"It appears that buckshot hit the ground and ricocheted, killing Eaton," he said.

Eaton died at the site and the other suspect has not been apprehended, Tucker said.

An autopsy conducted Tuesday at Magnolia Hospital in Corinth indicated that the two buckshot pellets removed from Eaton's body had ricocheted off a metallic object before killing him.

The hood of the stolen pickup reportedly had dents that may have been made by the pellets before they ricocheted, Tucker said.

Deputy Bowen has been placed on administrative leave, with pay, pending the outcome of the investigation of the incident, Tucker

said. Bowen is a native of Prentiss County.

"At this point it seems that the deputy was legal and right in what he did," Tucker said Tuesday.

Eaton had previously been convicted of grand larceny in Prentiss County in a case involving a stolen pickup, Tucker said. He was sentenced to Parchman in November 1981 and released in June 1983.

Law authorities are still searching for the subject who was with Eaton at the time of the shooting. "Several suspects have been questioned but no arrests have been made," a spokesman for the Tippah County Sheriff's Department said Wednesday morning.

Services for Eaton were held Wednesday, May 23, at 2 p.m. at McMillan Funeral Home Chapel with Bro. Bobby Carter officiating. Burial was in Antioch No. 2 Cemetery.

He is survived by his wife, Mrs. Karen Huguley Eaton; a son, Zack Eaton of Illinois; his parents, Mrs. Clara Faye Eaton of Booneville and James Herman Eaton of Rienzi; six brothers, Travis Eaton of Corinth, James Herman Eaton Jr., Doyle Eaton, both of Rienzi; Orbra Eaton, Jackie Eaton, both of Booneville, and Samuel Eugene Eaton of Savannah, Tenn.; and his grandmother, Minnie Morgan Mooney of Booneville.

Home Destroyed

A 4 a.m. fire Saturday destroyed the two-story yellow frame house at 116 Jefferson St. The house was already engulfed in flames when firemen arrived, according to Fire Chief Frank Fleming. The fire started upstairs in

the southeast corner of a room. Cause of the fire was unknown, Fleming said. The house was owned by Lisa Stennett, he said. No one was home at the time of the fire. (Photo by Ken Christian)

Auditor Reports Childers To Allain

By ED WOODWARD
Managing Editor

State Auditor Ray Mabus has apparently notified Gov. Bill Allain that Prentiss County Tax Collector-Assessor Danny Childers is in default of his office.

Mabus had earlier sent Childers a demand letter outlining \$6,083 in penalties the auditor claimed the tax collector had not collected on automobile tags between July 1982 and August 1983.

According to Mabus, Childers originally agreed to "repay" the

amount, then subsequently refused and is in default.

Mississippi law requires that the governor must appoint an examiner to follow-up the auditor's examination of a defaulted official's records. But the governor's office is referring all queries on the matter to the attorney general's office.

On May 22, The Banner-Independent was told by assistant attorney general Pete Cajoleas that the auditor's office "still has not yet turned over that audit demand to our office."

"There is a statutory procedure,"

he said. "The State Department of Audit makes a demand. Then the persons at the bonding company have 30 days to pay it off. Then Mr. Mabus can turn it over to our office for litigation and collection."

"But he still has that demand. He has not turned it over to our office," Cajoleas said.

Acting assistant state auditor Jere Nash told The Banner-Independent, also on May 22, that his office is conducting an audit to date on Childers records before proceeding further.

"We have filed one demand letter

on Mr. Childers. And, as of this conversation, he has refused to pay that," Nash said.

He said Childers refusal to pay was "verbal, in a conversation he had with Ray Mabus a couple of weeks ago."

Nash confirmed that the auditor's office has not yet turned any papers over to the attorney general's office. "The reason we haven't is because we have our auditors up there (at Childers' office)."

"That demand was for the period July of '82 through August of '83 and we have our auditors up there

bringing this demand current... from September '83 to the current period," Nash said.

"We are going to hold off referring anything to the attorney general until we file the rest of these demands," he said.

Nash confirmed that the final demand would for be an amount much larger than the \$6,083 asked for in the current demand.

According to Childers, Mabus is making something out of nothing. "What this is is a misunderstanding

Senator Reviews Legislative Session

By ED WOODWARD
Managing Editor

"It was better, and worse than I expected it to be," said Sen. John White when asked his impressions after participating in his first legislative session.

"It was better in that the quality of the people with whom I associated was just fantastic," he said. "Most of the senators were just top-notch, first class people. They don't try to mislead you like I thought they would."

"Everybody is for himself...Everybody has to pull his own wagon. My first priority was for Prentiss, Itawamba and Tishomingo Counties," Sen. White said. "But, of course, I'm for Mississippi next."

"And that's the way they are.

They have to pull their own wagons, too. But they will not lie to you to get you to vote for something that will be good for them and bad for you."

"The senators tell one another the truth. They have to," he said. "Considering there are something like 3,000 bills introduced, you just don't have time to sit down and read all of them. So you have to depend on one another to tell the truth about those legislations."

And, Sen. White said, the Senate, like the House, had a group of would-be reformers. "They (the House) had their 'Fearless 26,' and we had our 'Fearless 19.' You didn't read as much about us, probably because we were actually more effective."

"In the Senate we rolled over the leadership -- quote...end quote -- on a couple of bills, separation of

powers being one, and the tax package being the other," he said.

"Our 19 actually passed a bill which would have increased Homestead Exemption for Class One and Class Two property to 40 percent, alleviating part of the burden from re-evaluation."

Sen. White said the bill never made it out of Conference. "But I have an idea that problem will be addressed again...Of course, this problem was not begun by our legislature or the last one. It was court ordered," he said.

Asked about the numerous accusations of "time-wasting" by the State Legislature, Sen. White said he was "in total agreement" with the critics. "We sat down there for four weeks and did very little."

"There were committee hearings. But it could have moved a

lot faster with the proper leadership," he said.

"Of course, one reason is that, in the first place, the lieutenant governor doesn't take office until after the legislature does. Then the governor takes office even later. And it's hard to do anything until you've got somebody to lead."

"But we sat down there for a month and did nothing but waste taxpayers' money. And I'm aware of it. But I don't know what I, or anybody else in the new class could have done about it. Until they bring bills out of the committees, they can't be debated on the floor," Sen. White said.

"I don't intend to try to justify our inaction. I think the problem needs to be addressed," he said.

Asked what he felt were the most important accomplishments of the

1984 Legislative Session, Sen. White cited two items, one of local importance, and one affecting the state.

"As far as Prentiss County is concerned, the most important thing was the Hospital Bond Bill which was handled by Rep. (Tim) Ford, Rep. (Billy) McCoy and myself," he said.

"What it amounts to is that Baptist Hospital is building this new hospital here and they were going to have to float bonds and borrow the money, then pay for it out of revenue created by the hospital itself. And they would have had to pay a 14 or 15 percent interest rate."

"The supervisors, being a county entity, can borrow that money for about six percent. And they can

Summer Makeup Program At Vo-Tech

A summer youth program designed to provide make-up skills for disadvantaged youths will be offered at the Prentiss County Vocational Technical School, beginning in June.

This free classroom training is being planned by the Prentiss County School System with the cooperation of the Booneville Municipal Separate School District.

According to Laura Cartwright at the Vo-Tech school, programs will be offered to provide academic credit, occupational orientation, and employability skills training. Classes will begin Monday, June 4, at 7:30 a.m. at the Vo-Tech. Participants will be reimbursed \$1 per program hour.

Among the classes to be offered are two courses that are most often failed, English and Mathematics.

"It is the belief of school administrators and teachers, as well as parents, that the high school process should take four school years," Mrs. Cartwright said. "For some students, it takes longer... because of lack of ability, low achiever capabilities, and often times economically disadvantaged backgrounds."

"These students need these courses (English and Mathematics)

BIBLE QUESTION BOX

QUESTION: Mr. Hogland, what does the expression, "Times of restoration of all things" mean in Acts 2?

ANSWER: Peter said in Acts 2:19 "And he shall send Jesus Christ, which before was preached unto you: Whom the heavens must receive until the times of restitution of all things." The key to understanding this verse is in the word "restoration." To restore suggests a returning of what one once had, or his forefathers had. Man once had access to the tree of life in the garden of Eden but he lost that due to sin. The text teaches us that the heavens must retain Christ until the restoration of all things have been completed. The passage does not affirm that the heavens will retain Christ until the restoration begins. It follows that we are living in the days of restoration now and will continue to do so until the Lord returns. This passage does not refer to a millennium on earth, because Christ is in heaven during this time which would be fatal to premillennialism. The Bible does not teach that Christ is coming to set up a kingdom on earth but rather he is coming to render vengeance on them who know not God and also to receive the faithful to himself (see John 14:6 and 1 Thes. 4:17). While this engathering of souls take place through the preaching of the gospel, Christ abides in heaven until the finality of this preaching at which time he will come to receive his own.

New Ole Miss Chancellor

'It's Not Enough To Just Root For The Ball Teams'

Dr. Gerald Turner, newly appointed chancellor at The University of Mississippi, told members of the Booneville Rotary Club Tuesday that Mississippi's institutions of higher learning must have financial support if they are to compete with other colleges around the nation for the best teachers and the best students.

He said a number of factors other than salaries helped attract and hold high quality instructors at the university in the past, including the high quality of life in Oxford and the beauty of the Ole Miss campus.

While some out-of-state universities could offer higher wages, Turner said that at Ole Miss "the balance between the quality of life, the spirit of the place, and what other places had to offer" was often not worth moving to a larger university where instructors also had to contend with such things as fighting traffic to get to work.

However, he said things are now changing due to heavier competition for top quality instructors. Ole Miss recently lost two electrical engineers to other universities because they were offered tremendous salary increases (one's salary was doubled) and they were offered more and better equipped laboratory facilities for research.

Universities across the nation are recruiting instructors and top students in a way that was once reserved for top athletes, Turner said. And, there comes a point where the financial gains eventually outweigh the benefits of the small-community atmosphere of the Oxford campus.

"Unless area schools get into gear, we are going to lose a lot of our finest people," he said. "The state has got to start doing more for our institutions. Those of you who care about these institutions have got to help. It's not enough to just root for the ball teams."

"We need endowed chairs, endowed professorships," he said.

It is also necessary to recruit high quality students, he said. "The best students are now being recruited like a Philadelphia running back. We must start recruiting and keeping the best students in this state."

Turner pointed out that of 11 National Merit Scholarships sponsored in Mississippi by the foundation, three are going to Ole Miss, two to Mississippi State and six are going out of state.

He pointed out that Trinity college in Texas has raised \$34 million to recruit National Merit Finalists.

Turner said Ole Miss is a "scholarship poor" institution, "I'm sure State is, too."

"We've got to create more merit scholarships at the institutions in this state," he said. "Buildings are important, but they are nothing without students."

The chancellor said that students do not select their school solely on the basis of the football coach. They want to go to the school with the best faculty.

"The difficulty of holding onto faculty is going to be greater and greater," he said.

THE MEANING OF FOR ????

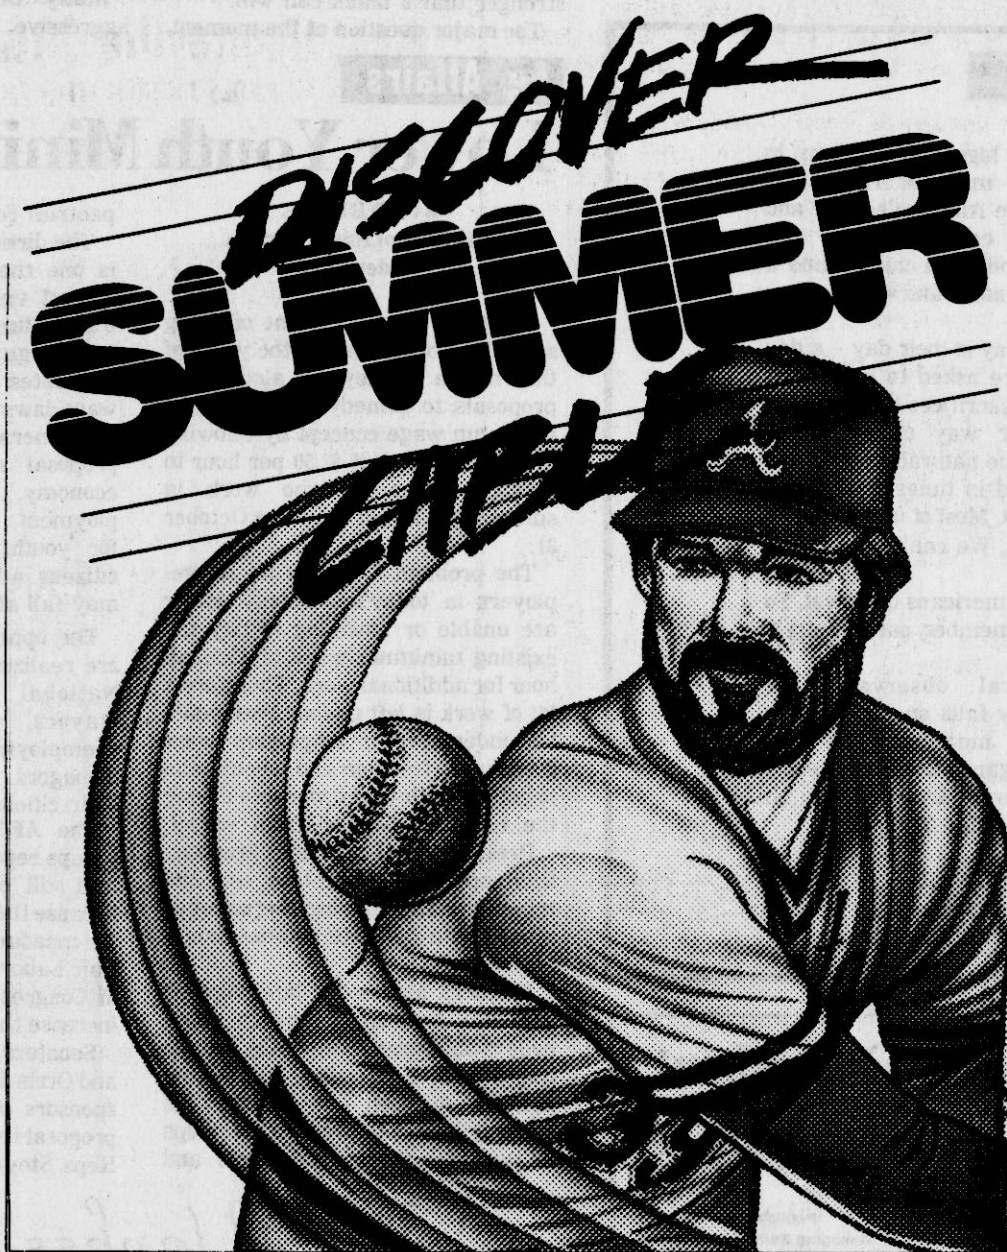

"Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins, and ye shall receive the gift of the Holy Ghost." (Acts 2:38) In this passage, Peter tells a large audience what to do in order to be saved. Perhaps the little word "for" in this passage has been discussed more than any other part of the verse.

There are two prominent definitions given for the word "for" in this passage. There are those who believe and teach that the word "for" in this passage means "because of." They are attempting to teach that one is saved and then he is baptized because he has already been forgiven. The other definition given is that the word "for" means "in order to." Those who believe and teach this are teaching that baptism is necessary for salvation. Someone has to be wrong because the word "for" in this passage cannot mean two different things. The meaning of this word is important because the destiny of souls depend upon it.

Scholars agree that the word "for" in this passage means unto or in order to receive the remission of sins. If the word "for" in (Acts 2:38) means "because of" then the word "for" in (Matt. 26:28) means the same. They are the same word and come from the same Greek word "EIS." If the word "for" means "because of" in (Matt. 26:28), then Christ died because people had already been forgiven. Most will agree that Christ died in order that man could be forgiven and not because he had already been forgiven.

Those who teach that the word "for" in (Acts 2:38) means "because of," are trying to eliminate baptism from God's plan of salvation. The scriptures point forward to salvation and not backward when baptism is commanded. (Acts 2:38, Mark 16:16, Acts 22:16, I Peter 3:21) God commands us to repent and be baptized for or in order to receive the forgiveness of sins.

For example, suppose I should say "be baptized for \$100.00." Would one be baptized because he had already received the \$100.00 or in order to receive it? Why is it that people can understand the word "for" when money is involved and not when salvation is involved. Could it be that we understand only when we want to? Why not be baptized for the remission of sins?

Attorney General's Report

By ED PITTMAN
Mississippi Attorney General

Two complaints that hospitals charged for services which were not provided to patients were made to Mississippi's new Medicaid Fraud Control Unit on its first day of operation, MFUC Director Bill Barnett said.

The unit, which officially started operating April 22, will investigate and prosecute cases of fraud by providers of Medicaid services. Complaints can come from the general public, from other state agencies or from the Medicaid Commission.

"We expect that the majority of complaints will be channeled to us from the (Medicaid) Commission because they will have more direct contact with the providers," Barnett said.

Providers of Medicaid services include hospitals, doctors, nursing homes and pharmacies primarily, with others providing some miscellaneous services.

The new unit is under the overall supervision of Michael Espy, assistant attorney general for consumer protection, with Barnett in charge of day-to-day operations.

Ninety percent of the funds for the unit come from the federal government. The attorney general's office has received \$108,000 for operations through July 1. The allocation for the fiscal year 1985 is \$379,500.

The Mississippi House passed a Senate-approved bill making Medicaid fraud a state crime and setting penalties for violators. The bill, sponsored by Rep. Ed Beulow and Sen. Robert Crook, authorized the creation of the fraud control unit.

"We anticipate during the first year of operation at least 10 arrests under the new act," Barnett said. Money which is recovered by the unit can be put back into the Medicaid fund.

With the unit's start-up, Mississippi became the 34th state to establish a Medicaid Fraud Unit.

At a time when most federal programs are being cut back, this program is an exception. "There is tremendous support in Congress," Espy said, adding that efforts to recover funds from fraudulent providers in other states had been very successful.

We are trying to make sure that the people on Medicaid in Mississippi get the services that Medicaid pays for. Any person who wants to register a complaint about possible Medicaid fraud can call Barnett at 359-3166 or write to the Medicaid Fraud Control Unit, Attorney General's Office, P.O. Box 220, Jackson, MS 39205.

Over \$107,000 was recovered for complainants during March by the Consumer Protection Division of the Attorney General's Office.

Over \$67,000 of this amount was restored to senior citizens. Many of the complaints did not involve actual criminal activity; some people were merely victims of high-pressure salesmanship and misrepresentation of products or services.

Complaints came from 42 of the state's 82 counties and involved activities ranging from faulty home repair complaints to collection practices of credit agencies.

In 40 of the complaints, money was refunded; products were replaced or repaired in 15 other cases.

Letters

Dear Editor:

I lost both legs and an arm in Vietnam, but many sacrificed far more than I in America's wars and other armed conflicts. Since our country's founding, a million and a quarter servicemen and women gave up life itself.

Memorial Day is their day - a day on which we're asked to remember the immense sacrifices that paid the price for our way of life. Such memories come naturally to those of us who served in times of war and armed conflict. Most of us saw others die in combat. We can't ever forget them.

But many Americans do forget. So help them remember our country's war dead.

The federal observance of Memorial Day falls on May 28 this year. Many municipalities and veterans' organizations, however, prefer to observe Memorial Day on the traditional May 30 date.

Thank you,

Ponderings

By Angela Smith

Staff Reporter

I've done it again.
I'm sunburned.

You'd think I'd learn after years of getting blistered. Everyone knows that getting a sunburn isn't healthy. Yet I manage to get one every year.

I've already heard lectures about my sunburn. But honest - I really didn't do this on purpose. Saturday was the most time I had spent in the sunshine this year. And I wasn't even having fun. I mean, if a person is going to wind up with a

sunburn, he should at least be having fun.

Saturday I planted seeds in the garden. Then I mowed the yard. By then it was noon and I was beginning to feel the effects of the sun.

I could have worn long sleeves and pants. I even considered it. Then I decided that if I was ever going to get some sun, I might as well take the plunge.

So I plunged into the sun and now I'm sore.

WHAT KIND of civilization is this that we live in that makes one feel guilty if he doesn't have a tan?

It's just not right that people try to make me feel bad because I'm so fair complexioned. I can think of several people who have lighter complexions than me. A snowman for one.

What's the big deal about a tan anyway?

And if it wasn't for me, people with tans wouldn't enjoy their tans nearly so much.

Because when I'm around, people with tans like to come up to me and compare their tans with mine, which is nonexistent, and that makes them feel like bigshots. Tan bigshots.

Please excuse me now while I go rub some lotion on my sunburn.

And please, if you see me, don't say, "You've got a sunburn!" I've already figured that out.

And I'll get very upset (and possibly violent) if someone slaps me on the back.

Eyes On Mississippi

Coming Election An Opportunity For Blacks

By BILL MINOR
Syndicated Columnist

JACKSON, Miss. - The Second Congressional District race shapes up as both an opportunity for blacks in Mississippi to make an historic political breakthrough, but also a decisive test of political cohesion within the black community.

For the first time since 1892, Mississippi should send a black to sit in the Congress of the United States in the Second District, based on the effort that has been made by the federal courts to create a "black" district in the Delta.

But nothing is ever certain in politics, and the race for the newly constructed Second District seat can be lost if blacks do not utilize the advantages that have been handed to them.

Two years ago, blacks let the seat slip from their grasp when State Rep. Robert Clark of Ebenezer fell 2000 votes short to his white Republican opponent, Webb Franklin of Greenwood. Clark figured to win if he got as much as 12 per cent of the white vote. He got it, but the expected black vote failed to come through, partly due to poor organization in Clark's camp.

Now the district is even blacker than it was in 1982 - some 58.5 per cent in population, and 54 per cent voting age - and so the odds are even stronger that a black can win.

The major question at the moment

is whether or not Robert Clark is going to be the one who will get the shot at taking on Franklin for the Congressional seat.

Since Clark had vowed to be back in 1984, and had never really quit running, the assumption in political circles was that the Democratic nomination was his for the asking. That is not the way things have turned out.

The 54-year-old Clark has drawn two black opponents in the June 5 Democratic primary, plus a white from the radical right who has failed to make a dent in previous political outings.

When Clark entered the Democratic race in 1982, he was the consensus candidate of various factions, having been selected in an unofficial caucus of black leaders.

Now no such consensus is behind the amiable black legislator. In fact, it is more likely that the situation has changed to the extent that Clark is being targeted by a new black political force which has arisen around the presidential candidacy of the Rev. Jesse Jackson.

Two weeks ago, when Hinds County Supervisor Bennie Thompson unseated long time black leader Aaron Henry for Democratic National Committeeman, those behind the movement admitted others in the old guard of black leadership could also be in trouble.

Many of the younger, more aggressive new black political ac-

tivists from the Jesse Jackson organization who helped Thompson oust Henry are opposing Clark in the Second District race because the Ebenezer legislator has never identified publicly with Jackson.

Thompson two weeks before his move to win the National Democratic Committee post had endorsed Shelby Mayor Robert Gray, 42, who is considered Clark's closest contender in the Congressional race. Because of his new position in the party, Thompson now will not be able to become active in Gray's behalf during the primaries.

While he lacks the campaign financing that Clark has been able to attract, Gray is given a good chance of forcing Clark into a runoff. Clark, however, with the backing of both the AFL-CIO and the Mississippi Association of Educators, still rules the favorite to take the nomination even if it goes to a second primary.

There has reportedly been some rambling among the organized labor forces as well as the school teachers that Clark did not spend enough time working with issues in which they are interested during the 1984 session of the Legislature. Clark serves as chairman of the House Education Committee.

Clark's absenteeism, and failure to vote on a number of matters at the recently-ended legislative session is expected to be made the main thrust of Gray's campaign attack during the remaining weeks of the cam-

paign. Gray has already openly criticized Clark for his ties with House Speaker C.B. Buddie Newman, and helping Newman retain power in the Legislature.

Said one Second District leader, "Bob has done nothing to put distance between himself and Newman and that does not set well with a lot of folks who are aware of the Speaker's insensitivity to our problems."

Clark's other black opponent, Claiborne County Tax Assessor Evan Doss, 34, carries a lot of political baggage with him from local controversies in which he has been deeply involved, but he is expected to run fairly well in the lower end of the district, which is now strung out down the Mississippi River.

Richard Barrett, the lone white candidate in the field is known for his association with right-wing extremist and segregationist causes. His candidacy is not expected to attract very broad backing.

The black community has had little experience in this type of political race where loyalties are divided among several candidates and the front-runner is subjected to criticism by fellow blacks.

What remains to be seen is if cleavages from the campaign will hold over after the Democratic primaries and hurt the nominee in November when he faces Republican Franklin. That factor could determine the eventual winner.

Lower Youth Minimum Wage Good For Farmers

By ED BLAKE
Mississippi Farm Bureau Federation

Congress is at the point of doing something beneficial for the youth of this nation if they go along with proposals to remedy a flaw in the minimum wage concept by allowing minimum wages of \$2.50 per hour to persons under 22 who work in summer jobs from May 1 to October 31.

The problem is that a lot of employers in today's economy either are unable or unwilling to pay the existing minimum wage of \$3.35 an hour for additional work. Therefore a lot of work is left undone that would be undertaken if employers were given more freedom and incentive to negotiate with young workers during the summer vacation from school.

President Reagan has proposed this specific reduction in the minimum wage during the summer season as a move to combat unemployment.

Farmers across the land support the idea because it makes more dollars and sense, even if it is just for the summer months when this nation's number one industry is going full blast to produce the crops to replenish the supermarkets and

pantries for another year.

The direction of negotiating prices is one that farmers through their largest voluntary organization, the Farm Bureau, favor. In fact, this farm organization's policy on labor advocates repeal of the minimum wage laws in their entirety.

Farmers do not consider their proposal a hindrance to the U.S. economy, but see in it new employment opportunities, especially for youth, handicapped or senior citizens whose strengths and skills may fall short of optimum.

The opportunities in the proposal are realized by such groups as the National Association of Black Mayors, who face an average unemployment rate among black teenagers of nearly 40 percent in their cities.

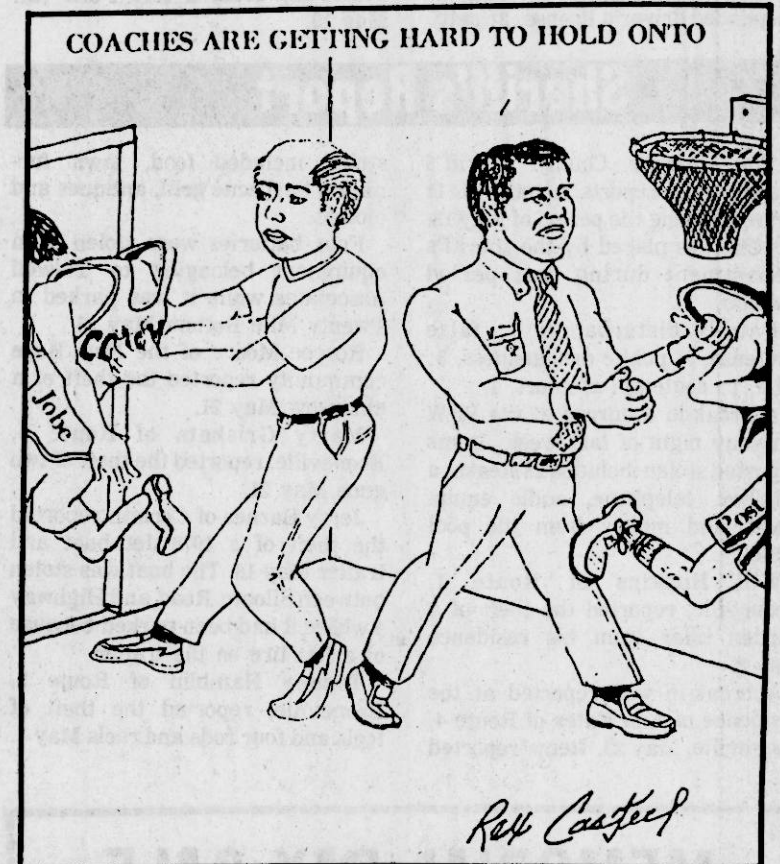

The AFL-CIO and other liberal groups reportedly are in that camp. And still others join the resistance because they are reluctant to support the measure through fear that if the Fair Labor Standards Act is debated in Congress, a move might arise to increase the overall minimum wage.

Senators Charles Percy of Illinois and Orrin Hatch of Utah are the chief sponsors of the sub-minimum wage proposal in the upper chamber, while Reps. Steve Bartlett of Texas and Ron

Packard of California are pressing for passage in the House of Representatives.

The farm group feels that it is time

to stop studying the youth unemployment problem and give the principle of a youth differential in wages as a practical test.

That Yankee From Yonder

By Ed Woodward

Managing Editor

By the time you read this The Woodwards will be a normal family again (OK, Angela. I know what you're thinking. But three out of four ain't bad.). School is out in Fulton and we are all together now in Booneville.

During our nine months as a weekend family, we discovered several things about maintaining two separate households:

It is very expensive for several reasons. I found that I ate out much more often while I was living alone; which I am sure made several restaurant owners happy.

Sometimes it was because I hadn't gotten around to restocking the refrigerator. But more often it was simply because I didn't want to fool with the hassle of cooking.

Many things have to be duplicated. Until we closed up the Fulton house and Sara and the kids moved in with her sister, we had duplicate utility bills. Before, and after that move, we had duplicate grocery bills.

And the gasoline bills were higher because, every weekend, one of us had to make that 90 mile round trip between Booneville and Fulton.

The reunion will have approximately the same effect on our finances as a \$100 a week raise in pay, because living apart has been costing us at least that much extra.

But keeping separate households, and only seeing each other on weekends was also beneficial to our relationship.

We tended to appreciate each other much more. There was not the tendency many married (and unmarried) couples have to take each other for granted. It's an overworked phrase; but a common problem sometimes translated into "incompatibility" in divorce courts.

We also fought less often. Of course, we still had fights. Show me a

couple who claims they never fight. And I'll show you, either a couple of liars, or a very unhappy couple seething with mutual resentments.

Two people who spend any amount of time together are bound to occasionally disagree, unless they simply pay no attention to each other...not that uncommon a phenomenon, and not a new one.

But we did fight less often because our time together was too precious to waste, and because personal quirks that might be irritating due to constant subjection, became humorous when only viewed two days a week.

But, now, as I said, things are back to normal...if there is actually such a state.

One thing I recently realized, though: there is now one less thing for married couples to fight about. Sometime, when I wasn't paying attention, toothpaste manufacturers began putting their product in plastic tubes that retain their shape even when one member of the family squeezes the tube in the middle.

So, if we're going to fight, we'll have to find some less important reasons.

Miss Moore Becomes Mrs. Lea In March Wedding Ceremony In Cleveland

Bobbie Fay Moore and Coney Wayne Lea were married in a mid-March ceremony at the Immanuel Baptist Church in Cleveland. Parents of the couple are Mr. and Mrs. Bobby Moore of Cleveland and Mr. and Mrs. Roscoe Lea of Brookhaven. The bride is the granddaughter of Mrs. Carl Moore of Marietta. The Rev. William Jenkins officiated at the ceremony. Wedding music was provided by Mrs. John Brown and Mrs. Danny Lindsey, both of Cleveland. Soloists were Mrs. Michael Thompson of Cleveland and Miss Tracy Moak of Brookhaven.

Given in marriage by her father, the bride wore a white gown of silk organza and chantilly lace featuring a portrait neckline accented with a matching lace ruffle. She wore a pearl necklace and earrings, the gift of her maternal grandmother, and carried a cascade bouquet of white silk roses, white silk phalaenopsis orchids and stephanotis.

Attending her sister as maid of honor was Lisa Ann Moore. Bridal attendants were Sara Garrett of Cleveland, the bride's cousin; Terri Brunetti of Cleveland; and Vanessa Smith of Brookhaven.

They wore gowns of lightning blue matte taffeta and carried bouquets of roses, carnations and spring flowers.

Leslie Ann Carter, daughter of Mr. and Mrs. Mike Carter of Marietta and cousin of the bride, served as flowergirl.

Mr. Lea served his son as best man.

Groomsmen were Kline Lea of Brookhaven, the groom's brother; Bruce Lea of Hammond, La., the groom's cousin; and Royce Shiel of Brookhaven.

Ushers were Carl Guy Moore of Greenville, the bride's brother; Stan Mixon of Brandon; Kenneth Leggett, and Steve Smith, both of Brookhaven.

For her daughter's wedding, Mrs. Moore wore a floor-length pink gown.

The mother of the groom wore a floor-length burgundy gown. Both mothers wore a white silk orchid corsage.

Immediately following the ceremony, a reception was held at the church.

Lisa Graham of Scott presided at the registry table.

Serving at the reception were Vicki Griffith and Lea Brown, both of Cleveland; Patti Garrett of Cleveland, the bride's cousin; Mindy Horn of Cleveland, the bride's cousin; Lisa Loper, Lisa Graves, both of Laurel; and Amy Roberson of Jackson.

Tea girls were Andrea Dallas, Wendy Dallas and Michelle Esch. Rice bags were handed out by Destin and Corey Fitzgerald of Cleveland.

Following a wedding trip to Orlando, Fla., the couple are residing in Brookhaven where the bride is a dental hygienist and the groom is associated with First Bank of Brookhaven.

Pre-Nuptial Parties

A miscellaneous shower was given by Mrs. Charles Graham at her home in Scott with co-hostesses Lisa Graham, Mrs. Ed Rand and Mrs. Roy Russell.

A kitchen shower was given by Mrs. Donald Fitzgerald at her home in Cleveland.

The Immanuel Baptist Church was the setting for a miscellaneous shower hosted by Mrs. Jim Boggs, Mrs. Mike Burchfield, Mrs. Ed Foshee, Mrs. Michael Thompson, Mrs. Jerry Ivey, Mrs. Milton Robinson, Mrs. Ray Keeton and Mrs. Randy Stewart.

A lingerie shower was held at the home of Mrs. Charles Horn with co-hostesses Mrs. John Horn and Mrs. Floyd Sanders.

Hostesses for a miscellaneous shower held at the East Haven Baptist Church in Brookhaven were

Mr. & Mrs. Coney Wayne Lea

Mrs. Rachel Stennett, Mrs. Kay Lea, Mrs. Ivolene Coker, Mrs. Mary Moak and Mrs. Frances Speights.

A miscellaneous shower was given for the couple at First Bank of Brookhaven.

A bridesmaid's luncheon was held at the Top of the Cellar Tea Room at the Winery Rushing, Merigold, hosted by Mrs. Marshall Roberson, Mrs. Richie Blocker, Mrs. Keith Jones, Mrs. Jimmy Roberson and Miss Amy Roberson.

A rehearsal dinner was held in a private dining room at the Catfish

Landing Restaurant. Special guests were Mrs. Guy Garrett and Mrs. Carl Moore, grandmothers of the bride.

A luncheon was held on the day of the wedding in the home of Mr. and Mrs. Richard Garrett, uncle and aunt of the bride, for all of the bridal party and out-of-town guests.

Extension Club Told Of Allowances For Families

The East View Extension Homemaker's Club held their regular monthly meeting Tuesday morning, May 8, at the County Extension Office.

The meeting was called to order by club president Peggy Cleveland.

The devotional was given by Mrs. Mary Sue Jones.

Roll call was answered by members telling "What my community needs most."

The focus topic for May was given by Mrs. Mary Davis.

The topic, "Allowances for Adults and Youths," recommended keeping allowances for each family member to prevent overspending. It was recommended that allowances be kept in line with

income and life style and mentioned some suggestions for managing allowances.

The program, "Sew Easy," presented by Mrs. Cleveland and Mrs. Jones, introduced new methods of basic garment construction and problem solving tips.

Mrs. Patty Robinon, Extension Home Economist, demonstrated tying scarfs.

Two members, Mrs. Jones and Mrs. Mamie Curry, represented the East View Club on the Azalea Tour on April 30. They gave a report of the tour to the club.

The next meeting will be Tuesday, June 12, in the home of Mrs. Becky Lindsey of Booneville.

Kathy Bain of Jacksonville Beach, Fla., visited with her parents at Burnsville and her grandmother, Mrs. Virtle Mann at Booneville recently while on her spring holidays from Mayport Junior High School in Jacksonville County where she teaches language arts.

Danielle Prichard, daughter of Mr. and Mrs. Harold Prichard, coached the team which won fourth place at the National Math Competition in Washington, D.C., on May 19. This was a junior high competition called "Math Counts," sponsored mainly by the National Society of Professional Engineers. Miss Prichard's team, consisting of four boys from Alabama, competed for this honor against 45 other state teams and a team from the District of Columbia.

Last Saturday Mrs. Ilene Nixon went to Paden for a visit with Mrs. Johnie Nixon and Mr. and Mrs. Robert L. Belue. They had come up from Clarksdale to spend the weekend with relatives in Paden.

Booneville Physician Renews Membership In Academy

Dr. Clifton C. Cartwright of Booneville has completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors.

The Academy formerly was called the American Academy of General Practice.

The requirements call for the members to complete a minimum

of 150 hours of accredited continuing medical study every three years. Members become eligible for re-election at the end of the third year following their election to membership.

The Academy, the country's second largest national medical association, was the first national medical group to require members to keep up with medical progress through continuing education.

1984-85 PILOT OFFICERS - Recently installed as officers for the Pilot Club of Booneville for 1984-85 are (l-r) Mrs. Carolyn Jackson, Mrs. Robbie McDaniel, Mrs. Anne Prichard, directors; Dr. Neola Cleveland, president; Mrs. Vicki Walendzik, first vice-president; Mrs. Ouida Jumper, second vice-president; and Mrs. Clarene Goddard, treasurer.

Booneville Pilot Club Installs Officers For 1984-85 Term

The May program meeting of the Pilot Club of Booneville was held Thursday, May 17, at 7 p.m. in the private dining room of Antillon's Restaurant in Baldwin with Mrs. Anne Prichard, president, presiding.

The program, featuring the installation of the 1984-85 officers, was under the direction of the membership area with Mrs. Billie Morgan as leader.

Other area members included Mrs. Hilda Campbell, Mrs. Eudora Kemp, Mrs. Gladys Moore, Mrs. Mabel Nelson, Mrs. Sara Pounds, and Mrs. Louise Peeler.

The invocation was given by Mrs. Eudora Kemp and Mrs. Morgan led the pledge of allegiance.

Mrs. Pounds, charter member and past president of the club, was the installing officer. She chose as her theme the 1984-85 Pilot International theme, Enthusiasm - the Key to Success.

Balloons of Pilot colors, green and gold, imprinted with letters spelling out the theme, were used in the ceremony.

The following officers were installed: Dr. Neola Cleveland, president; Mrs. Vicki Walendzik, first vice-president; Mrs. Ouida Jumper, second vice-president; Mrs. Avenell Cunningham, recording secretary; Mrs. Gladys Moore, corresponding secretary; Mrs. Clarene Goddard, treasurer; Mrs. Carolyn Jackson, Mrs. Robbie McDaniel and Mrs. Anne Prichard, directors.

As each new officer accepted the challenge of her office, Mrs. Pounds presented her with a green key, which was placed on a large gold key ring. The keys and the key ring were then given to Dr. Cleveland as symbols to unlock the door of success in 1984-85.

Mrs. Morgan pinned a corsage of yellow rosebuds on the newly installed officers.

Mrs. Pounds presented to Mrs. Prichard a past president's pin that had formerly belonged to Mrs. Prichard's aunt, the late Miss Mary Reynolds, a past president of the Pilot Club of Columbus, Ga., and a past governor of the Georgia District of Pilot International.

The ceremony was concluded by Mrs. Peeler giving the Pilot Code of Ethics.

Miss Traci Floyd, a senior at Booneville High School and the daughter of Mr. and Mrs. Milton Floyd, was introduced as the Good Citizenship Girl of the Month by Mrs. Eileen Fulper, a member of the Patriotism area. Mrs. Floyd was a special guest of the club.

Mrs. Ouida Jumper, past chaplain of the La.-Miss. District of Pilot International and second vice-president of the local club, was

recognized as the Pilot of the Month by Mrs. Annie Lee Kemp.

Hospital Volunteers Honored With Tea

The Baptist Memorial Hospital in Booneville honored the members of the Hospital Volunteer Auxiliary with a tea on May 10.

The tea-table was filled with a variety of finger goods prepared by the Dietary department.

Punch was served by Mrs. Frances Green to 28 members of the Auxiliary.

Mrs. Green also presented certificates of service and appreciation, along with pins which the number of hours each had given in service for the year.

Mrs. Jewel Groves had the largest number of hours, and Mrs. Juanita Chambers had the next

highest.

John Tompkins, hospital administrator, expressed his appreciation for the many hours of service and commended the Auxiliary for its faithfulness.

The Volunteer Auxiliary is a free service organization. For six hours each day except weekends, the information desk and gift shop are cared for by Auxiliary members.

During the summer they are helped by Teen-Volunteers.

Anyone wanting to know more about this service should call the hospital Monday through Friday, 9 a.m. to 3 p.m., extension 283.

Retired Teachers Commended At May Meeting

The Prentiss County Retired Teachers Association met in the George E. Allen Library Thursday, May 17, in regular session.

The meeting was called to order by the President, Mrs. Paul Dobbins with the pledge of allegiance to the U.S. flag.

Brown McCutchen led the group singing.

The Rev. Robert McCoy, pastor of the United Methodist Church of the Jumptown charge, gave the devotional.

Barney Bryant, state supervisor of public affairs, gave an address and evaluated the efforts of the retired teachers association in Prentiss County.

He commended the group for the

work it is doing and assured it that their efforts are being rewarded. He challenged the group to increase its membership with both retirees and pre-retirees.

Roll call was made and minutes were read and approved. An award from the National Retirement Association was presented and an achievement award from the state of Mississippi was received.

Reports were given from participants in the workshop at Tupelo, April 23.

The next meeting will be held at the George E. Allen Library Thursday, July 19, at 10 a.m. Those attending should bring a covered dish lunch.

Monday, May 10, the second annual art show was held at the Bank of Mississippi.

Natalie Smith, a freshman at BHS, won the best over-all project for this year. Her entries were a pencil drawing and an oil painting. Natalie is a hard-working and talented student along with many other participants in the art show. Congratulations to her and all the students for their display of beautiful pottery, air brushings and other works of art.

Having just one week of school left, students are looking forward to a summer of swimming, vacationing, and working. The good times may be headed our way, but our studying is not completely over.

During the last week of school the students will be taking their final exams. These tests will cover all the material that the students have discussed this last semester. For a few, these tests are a last means of passing or failing. For others, a lot of studying could mean an even higher average on their report cards.

Tuesday, May 29, report cards will be mailed to students.

THURSDAY, MAY 18, students were presented awards by their teachers for having the highest scholastic average in each individual class. Award winners were:

Annett Koon, good citizenship; Robert McKinney, star student; Mrs. Virginia Skinner, star teacher; Robert McKinney, governor's scholar and \$1,000 scholarship; Scott McKinney, NEMJC journalism scholarship;

Michelle Young, Blue Devil award; Rod Coggin, Blue Devil award; Annett Koon, Candi Lambert, Spotlight Editors; Mrs. Comer, Spotlight dedication;

Beth Caver, English (STEP); Kim Johnson, English 8th grade award; Lee Waddle, English I award; Melanie Garner, English II award; Julie Long, English III award; Robert McKinney, English IV award; Sandy Michael, general business award; Annett Koon, typing;

Jennifer South, accounting; Lisa Garrett, shorthand; Andrea Walden, 8th grade science; Jerry Heathcock, general science; Lee Waddle, biology I; Eddie Jumper, biology II, chemistry; Robert McKinney, physics; Beth Caver, 8th grade history;

Susan Yarbrough, Mississippi History; Lori Bolen, Mississippi Civics; Jackie Grizzard, world history; Amy Goddard, American history; Robert McKinney, American government;

Beth Caver, 8th grade math; Doris Adams, general math; Tommy Wren, business math; Lori Bolen and Jeff McKinney, algebra I; Angie Robinson, algebra II; Amanda McElroy, geometry; Robert McKinney, advanced math; Kelly Scott (first place) Robert McKinney (second place), Brian White, Mark Walden (third place), high school math exam;

Candi Lambert, foods-nutrition award; Melissa Applegate, Vicki Yearber, child development award; Melanie Garner, clothing; Denise Wells, consumer skills; Lisa Garrett, independent living; Paula Dacus, living skills; Melanie Floyd, family living; Annett Koon, diversified occupation; Kelley Scott, Art I; and Lee Waddle, Art II.

WINS ENCYCLOPEDIAS - Yolanda Smith (2nd from right), daughter of Mr. and Mrs. William Smith of College Street, Booneville, and a fourth grader, recently qualified to receive a 1984 edition set of World Book Encyclopedias in the company's "Company with a Heart 1 1/2 million Give-Away Program" to advance education in the nation. Pictured with her are Booneville Elementary School Principal David Bolen and Nelda Dalton, division manager and Donna Kuykendall, senior area manager, both of Corinth.

Library Notes

By LEE DAVIS
Librarian
George E. Allen Library

"Let's explore - Summer 84." The state library commission has selected this theme for our Summer Reading Program this year.

The George E. Allen Library is planning some interesting sessions of exploration into topics young people have been inquiring about at the library lately. Some of them will require special guests for explaining and demonstrating. You are invited and you'll enjoy it.

The time - each Thursday morning in June from 10:30-11:30. There will be a program, refreshments, and help with selecting books to read at home. We'll keep a

list of the books you read and give you a certificate if you read as many as you yourself plan.

Of course, we always end the last session with a costume party! Two age-groups, readers 7-12 years old and younger explorers 3-6, will meet at the same time but in different parts of the library with different leaders.

Each year the Woman's Club of Booneville sponsors the Summer Reading Program and helps with plans. The Mississippi Library Commission conducts an annual workshop for the program leaders with many choices available in ideas and materials.

We put a lot into it so that you'll get a lot from it. See you there!

Ole Miss Adds New Journalism Program

Top professional journalists from across the state will join the Ole Miss Department of Journalism faculty in directing the first "Newspaper Staff Program for Young People" at the University of Mississippi June 10-15.

A select group of high school journalists (freshmen-juniors) will develop and refine skills in all phases of newspaper publication, using the latest technology.

In addition to meeting Mississippi's top journalists, participants will gain hands-on experience using the latest electronic equipment - the Video Display Terminal (VDT). Selected work by each participant will be published in the University's Daily Mississippi - and under his own by-line.

Activities in the Ole Miss Union and the new Turner Health, Physical Education and Recreation Complex will be open to staffers, in addition to films, rap sessions and watermelon cuttings.

The \$100 registration fee covers all instruction, materials and activities, plus supervised, air-conditioned dorm living, full-menu meals at the University Cafeteria, and accident insurance while on campus.

The Newspaper Staff program is being made possible in part through a grant from the Gannett Foundation. Those interested in participating should request letters of recommendation from school sponsors and principals.

Further information about the program is available by writing or calling the Division of Continuing Education, The University of Mississippi, University, Miss. 38677; telephone (601) 232-7282.

By LADY BLUE SURF

Brass Monkey, Fig Leaf, Silver Dollar Queen, Yellow Dog and their daughter and her husband toured Nashville last Tuesday. They were disappointed that Opryland was not open.

Sympathy goes out to Round Lady and family during the death of her sister, Mrs. Nancy Harris.

Mrs. Jo Mark and Mrs. Helen White were guests at our business meeting Tuesday night. Mrs. Mark spoke about girl scouts and the project they have underway. Blue Surf and I hated to miss them, but Little Blue Wave's graduation from Wheeler Headstart occurred at the same time.

Lady Termite and Blue Wave have been on the sick list.

Happy birthday to Termite on May 24; D. Q. and Telephone Man on May 28; and to Lady Wrecker on May 29.

Our social will be held on Saturday, June 2, at 7 p.m. at West Side Community Center. It will be pot luck.

Dr. Red Bird and Nurse Red Bird wish to invite all their C.B. friends to a get acquainted party at their barn on Saturday, June 9, beginning at 3 p.m. Each person is asked to bring a covered dish. The Selectives Band will entertain.

Spunkin wishes to thank all her C.B. friends who have made it possible for her to install a base station and antenna in her home.

We hope that all of you have a nice and safe holiday on Memorial Day.

Until next week, stay well, be happy and attend the church of your choice.

Retiring Vo-Tech Teacher Honored

Mrs. Willie Frances Rutherford was honored on Saturday with a luncheon at the home of Mrs. Laura Cartwright at Chris-Cliff Farm on Osborne Creek Road.

Mrs. Rutherford is retiring after being at the Prentiss County Vocational Technical School since its opening in 1974.

She and Mrs. Cartwright are the only teachers who have a Team Teaching Approach in the Vocational Business Education area in the state, and they have worked very closely in this venture.

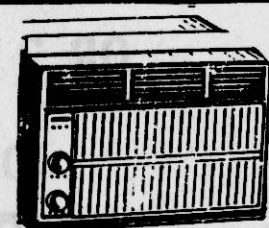

Business teachers in the Vocational Technical Schools in North Mississippi were present at the luncheon. They were Mrs. Betty Watson from DeSoto County Vocational Center; Mrs. Doris Garrett from Alcorn County Vocational Center; Mrs. Faye Massey from Oxford-Lafayette Business and Industrial Complex; Mrs. Gloria Cooper and Mrs. Norma Brownlee from New Albany Vocational Center;

Mrs. Jane Hogins from Pontotoc Ridge Vocational Center; Mrs. Dee Allison from Amory Vocational Center; Mrs. Faye Kuykendall from Tippah County Vocational Center; Mrs. Omega Blanton from Houston Vocational Center, and Mrs. Sara Hunt Martin, Adult Business Instructor at the Prentiss County Vocational Technical School. Mrs. Sarah Naugher, former Intensive Business Training Teacher at Pontotoc Ridge was also present.

Being honored also was Mrs. Dorothy Rieves, Coop. Vocational Office Training Teacher at Tupelo Vocational Center, who is also retiring.

A luncheon menu of baked ham, green bean casserole, potato salad, turkey and rice casserole, bing cherry salad, and green vegetable salad was served from a buffet to the group. A strawberry cake was made by Mrs. Omega Blanton and served to the group with coffee.

County Agent's Notes

By CLIFFORD J. HAMPTON
County Agent

The planting of soybeans should be on the way or you should be considering and preparing to plant. You should try and complete planting by early June for the best chance for maximizing yields. All varieties in Group V, VI and VII should perform best planted about mid-May but Groups VI and VII tend to be less sensitive to earlier or later plantings. Be sure and plant varieties resistant to cyst nematodes and stem canker.

If you plant on high pH soils you should consider such varieties as Deltapine 345, 246, 506, Bragg, Braxton, Coker 237, Centennial, Jeff, Asgrow 5474, and Tracy-M.

High pH soil should not be planted to Forrest, Bedford, DPL 105, Coker 156, Asgrow 5939, Wilstar 550 and Terra-Vig 550.

Planting Depth - Soybean Seed should be planted about 1½ inch deep in soils that tend to crust and about two inches in other soil.

Seeding Rates - You should adjust planters to give about ten, eight, five, or four seed per row foot in 40, 30, 20 or 10-inch rows if germination is 80 percent.

Grain Sorghum - You can plant sorghum from April 14 to July 15. Early planting does best. Over planting is one of the major problems in Prentiss County. Seeding rates should be 5-6 pounds-acre, on 30-inch rows 3-4 seed per foot; 36-inch rows 4-5 seed per foot;

40-inch rows 5-6 seed per foot. Seeding rates on drought, thin eroded soil should be decreased by 30 pounds-acre. Irrigated soils should be increased 20 percent more seed. Final plant populations of 70,000 to 90,000 plants per acre.

Planting Depth - ¾ to 1-inch in clay soil, 1 to 1½-inch in medium soils, 1½ to 2-inch in other soils.

Fertilization - Source of nitrogen makes no difference, anhydrous ammonia, urea, ammonium nitrate, or other sources are acceptable. Apply all nitrogen preplant or a split application with about one-third preplant and the remainder about 25 days after planting or when sorghum is in the four-to five-leaf stage. Time of application of nitrogen is critical.

Don't be late! Soil pH is also critical. If pH is below 5.5, lime is needed. If pH is around 5.2 or lower, sorghum should not be planted.

Soybean Scout Training - There will be a soybean scout training workshop on June 1 at the Lee County Extension Building in Tupelo. Farmers are encouraged to attend if they need information on "how to" scout fields, identify pests, and collect a better soil sample.

The information given here is for educational purposes only. References to commercial products or trade names is made with the understanding that no discrimination is intended of other products which may also be suitable.

ASCS Report

By C.E. CALVERT
County Executive Director

The 7 million acres of additional wheat base acreage signed up during the special enrollment period April 16-May 4 brings to 57 million the number of acres entered in the 1984 wheat acreage reduction program, according to figures released today by the U.S. Department of Agriculture.

The initial acreage reduction program sign up period of Jan. 16 through March 16 was reopened for wheat producers to allow them to consider program revisions contained in the Agricultural Programs Adjustment Act of 1984, signed by President Reagan April 10.

Data released today by USDA also show final sign up figures for the 1984 acreage reduction programs for feed grains, rice, upland cotton and extra long staple cotton. For all these commodities, including wheat, farmers signed contracts to place 131.4 million acres of their total base acreage in the 1984 acreage reduction programs.

price protection. Wheat growers also will receive payment-in-kind for their PIK acreage and cash payments for land diversion.

Farmers who signed up to participate in the the acreage reduction programs agreed to reduce their base acreage plantings by at least 25 percent for upland cotton and rice and 10 percent for corn, sorghum, oats, barley and extra long staple cotton.

Wheat growers agreed to reduce base acreage plantings by 30 percent (20 percent acreage reduction combined with a 10 percent cash land diversion) and had the option of reducing plantings by an additional 10 to 20 percent under a PIK provision.

Mississippi wheat farmers signed up 28.57 percent of their base in the 1984 ARP and 18.41 percent of their base in the PIK. 36.85 percent of the total wheat base on Mississippi farms was enrolled in the 1984 program. Mississippi farmers enrolled 7.09 percent of their 1984 base in the corn program. 6.55 percent of the grain sorghum base in the 1984 program and 76.97 percent of the cotton base.

tain the productivity of the land by controlling noxious weeds. Any questions concerning maintenance of the conservation use acreage should be directed to the county ASCS office.

The final planting date for spring seeded grasses and legumes approved under the Agricultural Conservation Program is June 15, 1984. Producers are encouraged to report practices completed in order that payments may be made timely.

If for some reason the practice will not be performed, producers are asked to cancel so that funds will be made available to other interested land owners that desire cost sharing to perform conservation practices. We ask that you call or visit the county office if the practice will not be performed.

Reporting 1984 Spring Planted Crops

The final reporting date for spring seeded crops is July 15, 1984. This includes cotton, corn, grain sorghum, soybeans, vegetable crops, etc. Producers are encouraged to report their acreage as soon as crop planting is completed to avoid the last minute rush that usually occurs as the final reporting date approaches.

Conservation use acreage that has not already been reported should be designated when the acreage report is filed. Producers are reminded that conservation use acreage cannot be grazed during the period of May 1 through October 31, 1984. This acreage cannot be clean tilled without written permission of the county committee. Producers are obligated to main-

Flooding Effects To Be
Discussed On 'Farmweek'

Flooding in Mississippi and its effects on the state's agriculture industry are the focus of a Farmweek report to air at 7:30 p.m., Monday, May 28, on Mississippi ETV.

Planting has already been delayed by this year's heavy spring rains, but resulting floods could deal a more devastating blow to the state's farmers.

Home Economist's Notes

By PATTY K. ROBINSON

"Eating a sweet juicy strawberry is like taking a bite out of summer." How true it is. These luscious berries are a natural to serve with the caps still attached and dipped into mounds of powdered sugar or for another heavenly feast, dip a plump juicy strawberry first into sour cream or yogurt and then brown sugar.

One of the simplest and most delicious ways to serve strawberries is on a slice of pound cake, crowned with billows of whipped cream, my family's favorite.

If you've been lucky enough to harvest your own berries, you want to pick full ripe berries. They do not

ripen after being picked. Pick the berries early in the morning while they are cool, but not while they are wet from rain or dew. Keep the berries in the shade and cool from the time they are picked until you use them. Pick the berries by pinching off the stems 1/4 to 1/2 inch from the berry. Handle carefully to avoid bruising.

Never wash strawberries or remove caps until just before using. Washing removes the natural protective outer layer. The caps protect the strawberries and help preserve flavor, texture and nutrients.

The fresh strawberry season is coming to a close, but it's not too late to try a good strawberry preserve or a strawberry pie and

I'm also including a good pound cake recipe for you to top with luscious berries . . . Enjoy!

Strawberry Preserves Deluxe

1 1/2 quarts stemmed, firm, red-ripe strawberries
5 cups sugar
One-third cup lemon juice

Berries with hollow cores should not be used. Combine strawberries and sugar; let stand 3-4 hours. Bring slowly to boiling, stirring occasionally until sugar dissolves. Add lemon juice. Cook rapidly until berries are clear and sirup thick, about 10 to 12 minutes. Pour into a shallow pan. Let stand, uncovered

12 to 24 hours in a cool place. Shake pan occasionally to distribute berries through sirup. Pack into hot Ball jars, leaving 1/4-inch head space. Adjust caps. Process half-pints and pints 20 minutes at 180-185 degrees F. in hot-water bath. Yield: about 4 half-pints.

Strawberry Pie

1 cup sugar
1 cup water
1 cup sliced fresh strawberries
2 T lemon jello
2 T cornstarch

Blend cornstarch and sugar in pan. Add water, mix well. Cook until thick. Stir often. Add few drops red food coloring and jello. Stir to blend. Cool in refrigerator. Wash

and slice strawberries into other mixture. Pour into baked pie shell. Top with whipping cream.

Cream Cheese Cake

Cream together: 8 oz. cream cheese and 3 sticks margarine. Add 3 cups sugar, 3 cups flour, 6 large eggs and vanilla to taste. Pour into greased and floured tube pan. Bake at 325 degrees 1 hour or until tests done.

Southern Pine Beetles are among the most dreaded pests of southern forests. They are also deadly to ornamental pines.

The best way to guard against attacks by these insects, as well as others, is to keep your tree healthy. Wounded, sick, or weakened pines are highly susceptible to southern pine beetle.

Once an infestation is discovered, it's most likely too late to save the

affected tree or trees. About the only action to be taken - and it should be done immediately to prevent spread of the infestation - is to remove trees having the beetles.

The reason treatment to save the tree is not usually recommended is that by the time symptoms of southern pine beetle presence are evident - that is, fading needles, pitch tubes and tell-tale galleries beneath the bark - it's too late to save the victim.

To best ensure that spread is

halted, particularly in a forest stand or group of pines, you will do well to remove the trees immediately surrounding the infested pines.

In addition, you may choose to spray uninfested trees to protect them as the beetles emerge from infested trees. In a U.S. Forest Service publication, Forest Pest Management, two insecticides are listed as approved for use against southern pine beetles; Lindane and Dursbane 4E.

The publication also cautions, however, that "pesticides can be injurious to humans, domestic animals, desirable plants, fish or other wildlife if not handled or applied properly." Please read the label carefully and use the insecticides with extreme caution.

If you think you have a problem with southern pine beetle or other ornamental tree pest, contact the Mississippi Forestry Commission at 728-6835. We'll be glad to discuss the problem with you.

4-H News

By WAYNE LAND
Extension 4-H Agent

With time on their hands, youth can earn extra spending money during summer months. Until they reach the legal working age, most young people rely on baby sitting for their income.

Before beginning any job, a person needs some training and baby sitting is no exception. Youth enrolled in the 4-H child development project learn how to handle children as well as emergencies.

To be a good baby sitter, the young person must like children. The baby sitter must also be mature, responsible, calm and able to cope with emergencies.

If the baby sitter will be caring for a baby and has not done this before, he or she should practice with a doll first. Common procedures like feeding, burping, changing, dressing and bathing the baby may need to be demonstrated to the inexperienced baby sitter.

Keeping two or more children may be too much for youth with

little baby sitting background. Always start with just one child.

When caring for children toddler age and up, try to treat them like their mother treats them. Remember, children are not always difficult. Keep calm and show them who is in charge. Reading or telling a story or playing a game with a child may be all it takes to settle him down.

Always obtain a telephone number where the child's parents can be reached in case of emergency. Baby sitters should

always be prepared to handle emergencies like fire, strangers at the door, "crank" telephone calls, sickness or accident.

Baby sitting is a job you are being paid for. When completing future job applications or writing resumes, include baby sitting experience along with other work experience.

The Prentiss County Extension Office has more information on baby sitting and the 4-H child development program.

LEGAL NOTICE

ORDINANCE AMENDING THE OFFICIAL ZONING MAP OF THE CITY OF BOONEVILLE, MISSISSIPPI

WHEREAS, notice was heretofore given in the manner and for the time required by law on a proposal on the part of the Board of Mayor and Aldermen, of the City of Booneville, Mississippi, to amend, change or modify the Zoning Ordinance of the City of Booneville, Mississippi, by amending the Official Zoning Map which is incorporated in the Zoning Ordinance by reference; and

WHEREAS, such amendment proposed to re-zone certain property from Light Industrial to General Commercial; and

WHEREAS, notice was published on December 15, 1983, in the Banner-Independent, setting the date of January 5, 1984, at 7:00 p.m., at City Hall as the date and time at the hearing room of the Board of Mayor and Aldermen, as the place for hearing on the proposed amendment, and said matter came on for hearing and no protests were received thereto; and

WHEREAS, the Board has determined that sufficient change has taken place in the character of the neighborhood since the original zoning ordinance was adopted in order to grant the relief prayed for in the zoning application.

NOW, THEREFORE, IT IS HEREBY ORDERED BY the Mayor and Board of Aldermen of the City of Booneville, Mississippi, as follows:

SECTION ONE: The current zoning map which is incorporated in the zoning ordinance by reference and which is posted in the meeting room of the Board of Mayor and Aldermen of the City of Booneville, Mississippi, is hereby amended, changed and modified so that the hereinafter described property is hereby re-zoned from Light Industrial to General Commercial.

SECTION TWO: Said property so re-zoned is more particularly described as follows, to-wit:

Part of Section 10, Township 5 South, Range 7 East, described as follows: Beginning at the Northwest corner of the South Half of the Northwest Quarter of Section 10, Township 5 South, Range 7 East, and run thence East 140 feet for a point of beginning; thence run East 65 feet; thence run South 125 feet; thence run West 45 feet; thence run North 125 feet to the point of beginning.

Part of the Southwest Quarter of the Northwest Quarter of Section 10, Township 5 South, Range 7 East, described as follows: Beginning at the Northwest corner of said Southwest Quarter of the Northwest Quarter in the center of Old Highway No. 45 and run thence East parallel with the South boundary of the Federal Housing Project Lot 140 feet; thence South 125 feet; thence West 140 feet; thence North 125 feet to the point of beginning.

SECTION THREE: This ordinance shall be published as required by law and shall become effective after passage.

The foregoing Ordinance having been reduced to writing was read and considered by sections, each of said sections being adopted by the following vote:

Aldermen voting "Yea": Charles Steen, R.G. Houston, Bluford Allen, Norman Young, and Wade Lambert. Aldermen voting "Nay": None. Aldermen absent or not voting: None.

WHEREUPON, said ordinance was put to vote upon its final passage as a whole and the same was passed as read with the following vote, to-wit:

Aldermen voting "Yea": Charles Steen, R.G. Houston, Bluford Allen, Norman Young, and Wade Lambert. Aldermen voting "Nay": None. Aldermen absent or not voting: None.

Thereupon, the Mayor declared said ordinance approved, passed and adopted.

This the 15th day of May, 1984.

Senator

then loan it to the hospital at the same rate. But, they needed Local and Private Legislation to enable them to do that," Sen. White explained.

"If the supervisors sell it, it's a state tax-free municipal bond, and an investor is willing to take a lower interest rate if he doesn't have to pay any taxes on his earnings.

The Hospital Bond Bill that we got passed allows that. And I am going to predict that it will save patients at Booneville Baptist Hospital from eight to 12 dollars a day on their hospital bills," he said.

Sen. White said he feels the Separation of Powers Bill is the most important legislation passed for the state, "because now the governor truly does have some power.

"When you talk about the legislature having all this power what you're actually talking about are a few legislative leaders who had usurped power, he said.

"And they had that bill written originally so that it would actually have made the governor even weaker than he already was. And we...the 19 in the Senate...fought them down to the wire.

"And they beat us 23 to 19. But, by us having that much strength, they knew that the governor would veto the bill anyway and they knew they couldn't override the veto with 19 votes against them. And, also, some people who had voted against us would not have voted for an override," Sen. White said.

"So we got our Separation of Powers Bill passed. And I think

that's why we couldn't get a compromise on the tax package. We beat them so bad they were just bound and determined they weren't going to get beat again," he said.

"Gov. Allain says we're not going back (for a special session). But I think we will. When this half-cent sales tax goes off the first of the year we're going to be underfunded," Sen. White said.

Sen. White said there are several things he would like to accomplish during his term in office.

"I'd like to straighten out our power association (the PCEPA). And I want to help promote industrial development in our area.

"Until our people make a liveable wage we're not going to come out of the suppressed economic atmosphere we've lived in all our lives," he said.

"We're making progress. We've got two good factories opening in Baldwin and one good factory opening in Booneville.

"But, one thing I learned during my first legislative session; you don't get meaningful legislation passed by yourself," Sen. White said. "You just don't do something and take full credit for it.

"I thought, when I first went down there, if I voted for something on the Gulf Coast that would help me get something for Prentiss County. And there is a little bit of that going on.

"But, what it is so much...and this was part of the bad I mentioned...Often, what you're doing is trading off with the people who take the attitude that it's the government

against the people, rather than the government for the people," he said.

He said he wasn't necessarily referring to legislators. "It's usually the agency heads. But certain legislators will be in support of that particular agency head."

He cited an instance in which he wanted to introduce legislation to prohibit the State Personnel Board from making people retire at 60 to make room for younger personnel.

"Age 60 is two years too young to get all your Social Security to supplement your retirement pay, but it's too old to find any kind of meaningful employment," he said.

"But most people get pushed out at age 60, and I think it should be 62. And that was my strongest floor fight down there that I led."

But Sen. White said he lost the fight because other senators were afraid of angering the head of the Personnel Board. "I had numerous senators tell me afterward, 'You know, you were right, and I wanted to vote with you. But I was afraid if I did Mr. Groff wouldn't approve so-and-so for a state job.'

"That isn't right," Sen. White said. "And I was disappointed with the senators there. But, even in their weakness, they were honest enough to tell me that was a weakness, and why they succumbed to it."

But Sen. White said he feels he will be able to accomplish more at each session as he gains more knowledge and experience about how the system in Jackson operates.

in order that they may stay at the grade level with their peers," she said. "They cannot afford to take these courses in regular summer school."

Well-qualified, certified teachers will be available to help bring students to the level necessary to participate in English and Mathematics classes during the regular school term, Mrs. Cartwright said.

In addition to Math and English, the Vo-Tech will also offer a course in keyboarding this summer. This course was approved by the director of the Division of Instruction so that economically disadvantaged students would have less of a disadvantage in learning about computers.

Auditor

about how the penalties should be collected," he said.

"The law on it is not clear at all. They even admit at the attorney general's office that they are not sure about it," Childers said. "I have discussed it with other tax collectors all over the state and I don't think any office handles penalties consistently."

Childers said he had personally

In many technical areas, Mrs. Cartwright said, students must be capable of using and understanding microcomputers. A prerequisite to gaining that understanding and usage is the ability to use a keyboard. She also pointed out that keyboarding can be learned on typewriters without actually having hands-on experience with computers.

Under this program, students will be given one credit for the course during the Summer Youth Employment and Training Program classroom training area.

"Occupational Orientation" and "Employability Skills" will be a part of the student's training, and they will learn to take advantage of the business and office area, trade

and industrial area, and agricultural area, Mrs. Cartwright said.

Counselors will also work with area industries to provide occupational information for the students participating in the summer program.

According to Mrs. Cartwright, this program is primarily for in-school youth. However, out-of-school students who are studying for the G.E.D. test and drop-outs who are interested in keyboarding may also participate.

For more information about the summer youth program, call the Prentiss County Vo-Tech School, 728-9259, or stop by the Vo-Tech office no later than Wednesday, May 31.

He cited an instance in which he wanted to introduce legislation to prohibit the State Personnel Board from making people retire at 60 to make room for younger personnel.

"Age 60 is two years too young to get all your Social Security to supplement your retirement pay, but it's too old to find any kind of meaningful employment," he said.

"But most people get pushed out at age 60, and I think it should be 62. And that was

Northeast To Offer New Program On Micro-Computer Information Processing

With the high-tech world of computers becoming more affordable and suited to small businesses, the demand for personnel to command this practical technology in an office environment is growing rapidly.

Micro-computers, or home computers as they are sometimes called, are being employed by more and more businesses as a means of cutting down on paperwork and improving access to, and retrievability of vital information.

But no matter how much manufacturers simplify these micro-wonders, a good deal of basic knowledge is still necessary to use one to its fullest potential.

That's why the business department at Northeast Junior College has expanded its curriculum offerings to include a new program called Micro-Computer Information Processing.

The program, normally completed in two years, leads to an associate's degree and caters to students who are interested in careers where basic computer skills are necessary for clerical work, bookkeeping or accounting.

Cathy Stonebrook, an instructor in Northeast's business department, said the program will train students to work with computers that use pre-programmed software. These computers are found increasingly in small offices as well as larger office operations.

Business department director Jane Rutledge said the primary difference between the traditional computer science and data processing programs and the new micro-computer program is a greater emphasis on data processing in the new curriculum.

Even though they will learn some basic programming skills, for the

most part students will be steered away from the more advanced programming courses that are needed when working for corporations who must design their own programs.

J. Connie Drown, director of Northeast's counseling center, said the new curriculum should fill a gap for businesses throughout the state.

"We actually set up this program in response to a number of requests for students trained to use these micro-computers," Drown said. "We're just trying to keep our thumb on the pulse of the community and when we're approached with a need like this, we try our best to give our graduates a marketable education and give the employer exactly what he needs. This way, everybody wins."

Drown said studies show that starting salaries for students who come through the new program

should range from \$1,000-1,200 per month. He added that one of the reasons for such good pay is because employers understand Northeast's students will be trained to process information in both accounts payable and receivable, spread sheeting, word processing, electronic filing, data base management and several other business areas.

"We already offer a curriculum for students in the first two years of a four-year computer science program and a curriculum leading to an associate's degree in data processing," Drown said.

"But with this new program, we will fill a gap that many small businesses in the area and around the state desperately need filled."

For more information on the new micro-computer information processing program, contact Northeast's Counseling Center at 728-7751, extension 235.

Computer Camp For Ages

10-14 At Northeast

A week-long computer camp for students, aged 10 to 14, will be offered by Northeast Junior College June 25-29.

The daily agenda includes instruction in computer basics, computer programming, the use of various software packages, computer games and recreational swimming.

Limited to 25 participants, all registrations will be accepted on a first-come, first-pay basis. The

deadline for pre-registering is June 11.

The registration fee of \$75.00 per person covers all instructional costs and materials, lunch and access to the swimming pool at designated times.

For additional information or to pre-register, contact Opal B. Melvin with the Division of Continuing Education by calling 728-7751, ext. 303.

Booneville Man Receives Ole Miss Law Degree

Shane Frederick Langston, son of Mr. and Mrs. Joe R. Langston of Booneville, is one of 107 students who are candidates for law degrees to be presented May 21 during graduation exercises at The University of Mississippi.

The degrees will be presented during the 10 a.m. ceremonies in Fulton Chapel.

The Honorable Jack F. Dunbar, president of the Mississippi State Bar, will be the guest speaker.

Immediately following the ceremony, the Law Alumni Chapter of the University of Mississippi Alumni Association will host a reception for the graduates and

their guests in the mall on the first floor of the Law Center.

Admission to the State Bar will be conducted at Fulton Chapel at 2:30 p.m. by Chancellor Anthony T. Farese of the 18th Chancery Court District.

Admission to practice before the United States District Court for the Northern District of Mississippi will follow with the Honorable Norman Gillespie, clerk of the United States District Court of Mississippi, presiding.

Mr. Robert Womack, clerk of the Mississippi Supreme Court, will admit graduates to practice before the Mississippi Supreme Court.

Local Student On Belhaven Dean's List

Booneville resident, Jeffery Wright, was named to the Dean's List for the spring semester at Belhaven College.

In order to be named to the

Sylvania Superset strikes again...

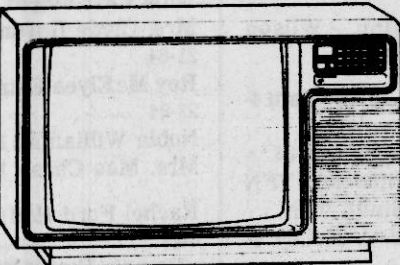

**ONCE A WINNER...
ALWAYS A WINNER!**

We don't mean to sound smug, but we've been proven best for 7 years in a row and we're proud of it. For 7 years running, this 19" Sylvania Superset has come out on top in independent consumer preference tests against leading brands. It's been rated the BEST 19" COLOR PICTURE That's right, the very best.

And its color picture has won hands down over some well-known competition. This year we beat Zenith, RCA, and even Sony. Again.

So you see, it's hard not to sound smug because we make no idle claims. We've been proven best, and you know what they say: once a winner... always a winner. Be a winner, too, with Sylvania Superset.

Baldwyn HS Hires New Coach

Baldwyn High School may finally have a new basketball coach. It was reported last week that James Jobe, head coach at East Union High School, had accepted the Baldwyn position. However, Jobe apparently changed his mind.

In an article in last week's Baldwyn News, Baldwyn City Schools' Superintendent Steve Clark announced that Baldwyn High School was again looking for a boys' and girls' basketball coach. Coach Jobe told The Banner-

Independent this week that he had not officially accepted the Baldwyn coaching position. "I never signed a contract and I never accepted the job," Jobe said. "I was told that I would not be under obligation when my name

was submitted to the board." This was the second case of a coach resigning from an area school after only a few weeks. Earlier this month, Gary Post resigned at Booneville High School after having reportedly accepted the position of head girls' coach only one week earlier.

"The (Baldwyn School) board elected James Jobe of East Union. But now we're back at block one," Clark said in The Baldwyn News story, adding that four prospects were on campus last week for interviews.

"We have some outstanding people that we are interviewing. And we hope to have this matter settled quickly," he had said, adding that summer camps and spring sports were all on hold, pending the naming of a new coach. "We're rushing, but not into someone unqualified," Clark said. "We want a coach with playoff experience."

The new coach is needed to replace Gary Miller, who has accepted a similar position with Hatley High School.

Monday morning of this week Clark announced that Baldwyn had finally hired a new coach, Dave Dill. Dill, a 17 year coaching veteran, has had past experience at Bruce, East Union, Charleston and New Hope.

Sports Roundup

Booster Club Softball Tourney

The Thrasher Booster Club will be sponsoring a men's and women's softball tournament May 24-27 at the Booneville Eastside Park.

Entry fee for the double elimination tournament has been set at \$40 per team. Each team must furnish its own balls for each game.

Bracket drawing for the tournament was Tuesday night, but any team still interested should call 728-5233 or 728-8107.

Church League Schedule

Booneville City Park Director Roger Inman announced this week that play in the city church softball league will start Tuesday night.

Some 14 teams make up the city league.

Tuesday night, East Prentiss and the Church of God will play the opening game at 6.

At 7 p.m. Calvary will battle Concord, and at 8, County Line will play Christ Methodist.

The First Baptist Blue Team will take on Independent Christians in Tuesday's nightcap.

Games will be played on Mondays, Tuesdays and Thursdays. Summer action will continue until August 9.

Plans call for a season-ending tournament after the regular season is over, Inman said.

City Pool Opening Soon

Booneville City Pools will open Friday, June 1, at 1 p.m. for the summer. The miniature golf course is now open. For more information call Freddie Loveless at the City Park.

Team Selection Saturday

Booneville City Park Athletic Director Roger Inman requests that all of last year's coaches in Tee-Ball, Little League and Girl's Softball report to the West Side City Park Saturday, May 26 at 9:00 a.m., for team selection.

Also, all children planning to participate should be present with their parents. A photostatic copy of the child's birth certificate is also required for registration.

Fishing Roundup

Fish Being Caught Despite Bad Weather And High Water

By SCOTT McKINNEY
Sports Writer

High water and strong winds have kept this past week from being an excellent fishing week. However, a lot of fish have been caught by area anglers and the fishing for all areas remains great.

The bream are starting to bed up in most of the area lakes, creating excellent fishing for this game. One group of fishermen caught nearly 150 bream at Bay Springs Lake this past weekend near the lock.

The bream are being caught on crickets at Bay Springs and they range in size from 14 ozs. to almost 2 lbs. At some of the other area lakes, bream are biting worms along with crickets.

LAKE OUTLOOK -- According to Booneville semi-professional fisherman Bernie Bramlett, Sardis Lake will again be this week's hotspot.

"World's of bass are being caught at Sardis," Bramlett said. "Most of the time they are in the shallow water, about two feet deep."

The crappie have moved to the deep water at Sardis according to Bramlett. Also, the bream are bedding up at Sardis making for great fishing at this lake.

Last week, the high water and strong winds caused the fishing to be disappointing at Bay Springs. The crappie have almost completely quit biting at Bay Springs.

However, the bream are biting extremely well. Unofficial reports show that over 1000 bream were caught this past weekend at Bay Springs alone.

QUESTIONS -- Readers are welcome to send in any question that they might have concerning fishing. All questions will be answered by one of this area's semi-pros.

One question that we received this week concerned catfish. The question was, "What is the best bait to catch catfish on?"

According to Bramlett, red worms and shad guts have been the best baits to use when fishing for catfish. "There have already been a lot of catfish caught," he said. "But, the best catfish fishing won't start until the weather gets really hot."

FISHING TIP -- Have you ever wondered why some people have all the luck in catching the big fish? How can the regular fisherman make the big catches?

All it takes is a little luck and patience according to Bramlett. However, he did offer a bit of advice to anyone planning to fish this weekend.

"The best place this weekend to fish will be at a place called Buzzards Roost at Sardis," Bramlett said. "Fish around grassy areas with either spinner baits or buzz 'crank' baits for the best results."

TOURNAMENT NEWS -- This weekend the annual St. Jude Benefit Fishing Tournament will be taking place at Sardis. Over 500 boats are expected for the event. Top name fishermen, such as Bill Dance and Charlie Spence, along with many area anglers will be on hand for the affair. Some 20 states will be represented at the tournament. The winner of the event will take home \$2500 and a new \$12,500 bass boat. Winners will be posted in next week's roundup.

Remember, if you have any questions or tips about fishing, feel free to drop me a line, (without a hook), here at the Banner-Independent. Address your mail to the Fishing Roundup, Banner-Independent, P.O. Box 269, Booneville, MS 38829.

Until next week, good fishing!

Court Order Stops Baseball Tourney

The Hinds County Chancery Court has intervened in the Class AA state baseball tournament, delaying it until at least June.

The Hinds County court issued a restraining order Tuesday to stop the tournament until a probation dispute involving Hattiesburg High School can be resolved.

Hattiesburg was placed on probation last week when Coach Jim Pierce apparently took too long to leave the field after being ejected from a game against Wingfield last week.

If a coach is ejected from a game, he has an allotted time period in which to leave the field. Otherwise, association rules call for automatic probation for the school.

Hattiesburg finished as second place in the South to advance to the state tournament, but because of the probation would not be eligible to play in the state tournament. Wingfield would be next in line if Hattiesburg is not allowed to play.

A group of Hattiesburg parents asked the court for the order to delay the tournament. Hattiesburg High School itself is following standard procedure in appealing the Mississippi High School Athletic Association's decision to place the school on probation.

A court hearing has been set in the case for May 28.

Suggestions For Summer Vacation Fun

By GREG SHOOK
Sports Writer

Now that warm weather has finally arrived it seems to have struck the hearts of most youngsters in this area. Young people are now being let out of school for the summer vacation.

Many kids may not know of some of the summer activities available for them to participate in. But The Banner-Independent has taken the time to compile some of the more worthwhile summer activities.

Once again the Booneville City Park will be offering Little League baseball, Tee-ball and girls' softball. There will also be a softball league for the area churches, plus an independent softball league, both of which will be holding tournaments during the summer.

The Booneville Eastside Park will also be offering Little League, Tee-ball and girls' softball. They will be offering a Dizzy Dean Baseball League for older kids.

Hill's By-Pass baseball field will be offering a 13-14 baseball team an also a 15-18 baseball team. These two teams will play teams from Ripley, Ecrú, Pontotoc and Tupelo. Coach Ronny Wheeler and Wayne Hunkapillar have already started their season with a few wins.

Both the City Park and the Eastside park will offer swimming for the youngsters this year.

The Booneville City Park miniature golf course is now open, too.

Waterskiing is becoming a big sport in this part of the country. And with more new recreation areas opening there are more choices as to where they would like to ski.

Or maybe you would like to just go fishing. With the Bay Springs Lake now open you will probably find that a top spot, along with Sardis, Pickwick and other lakes.

But if you do not want to go that far you can always find a good fishing hole right here in Prentiss county.

As you can well see, Prentiss county offers a host of things for their youth to do during their summer vacation. And there is really no reason to complain that there isn't anything to do. All you have to do is look.

WARNING!

To Non-Subscribers . . .

A man who was too cheap to subscribe to his hometown newspaper sent his little boy to borrow his neighbor's copy. In his haste, the boy ran over an \$80 hive of bees and in 10 minutes he looked like a warty squash. His father ran to his assistance, and failing to notice the barbed wire fence, ran into that, cutting a hole in his anatomy as well as ruining a pair of \$30 pants. The old cow took advantage of the gap in the fence and killed herself eating green corn. Hearing a racket, the wife ran out, upset a four-gallon chum of cream into a basket of chicks, drowning the entire batch. In her haste she dropped a \$300 set of false teeth, which the family dog buried thinking it was a new type of bone. The baby, having been left alone, crawled through the spilled cream and into the parlor, ruining a \$400 carpet. During the excitement, the oldest daughter ran away with the hired man, a stray dog broke up 11 setting hens, the calves got out and chewed the tails off four fine shirts on the clothes line, and the cat had a batch of kittens. All this just to save 25 cents. And, in this case, the poor guy never did get to read that week's paper.

Deals That Sound Too Good To Be True Usually Are

You can enjoy the convenience of mail-order shopping without running the risk of being taken by swindlers if you follow these words of advice. Postmaster Jack Wright of Booneville said recently. The cardinal rule he says, is: "If a deal sounds too good to be true, it probably is."

-- Beware of exaggerated claims or unusually low prices. Don't be rushed. Avoid offers that claim to be your "last chance" to get a bargain.

-- Keep a copy of the ad-

vertisement from which you ordered. Never send cash. Use a check, money order or credit card because, if necessary, these can be traced.

-- Keep a record of the date of your order and the number of your check, if you pay by check. Retain the canceled check when it is returned to you.

-- If you have doubts about a company, check with the Postal Inspection Service, the Better Business Bureau or a local consumer protection agency to see if

there are any complaints on record against the company. It is best to do this before ordering.

"Mail-order shopping can be a real convenience for busy people and can offer discerning shoppers a chance to get goods only available through the mail," Wright said.

"The Postal Service wants to help our customers get our best. I urge mail-order shoppers to remember these few words of advice, then sit back, relax and go shopping without leaving the comfort of home."

RE-GRAND OPENING FOR SHIRTS 'N' STUFF -- Re-grand opening ceremonies for Shirts 'N' Stuff, located on First and Adams Street next to Prentiss Manufacturing, were held Thursday, May 10. The store opened in 1975 but was recently remodeled and the

facility enlarged. Pictured are (l-r) L.L. Bethay, Nelson Baldwin, Larry Bethay, manager, Sue Bethay, Mayor Charles Crabb, Karen Cook, clerk, Lois Bethay, clerk, and Richard Coggins. (Photo by Angela Smith)

Guard And City Still Searching For Land For New Armory

No suitable land has yet been acquired for a new National Guard Armory building, according to Sergeant First Class Gary Chittom, senior training NCO for the Booneville unit.

Sgt. Chittom said authorization has been received to search for a plot of land suitable for construction of a new 100-man armory. He said five acres that can be leased for 99 years is needed.

Sgt. Chittom said the search began in late February and he asked the Booneville Board of Mayor and Aldermen to help find a suitable location.

"We haven't heard anything yet from the mayor or any of the aldermen," he said. "As far as I know, they're still looking for a piece of property for us. But, to my knowledge, they haven't found anything yet that is suitable."

"We have had two or three private individuals call in to offer us a piece of property. But they weren't suitable. They were either located in residential neighborhoods, or off out of the city limits somewhere. None of them were suitable for an armory," Sgt. Chittom said.

According to Booneville Alderman Charles Steen, the city is at-

tempting to obtain a property on Chambers Drive for the new armory.

"It's where the Booneville City Dump used to be before we filled it in," Steen said. "We're trying to get that spot of ground for the Guard. But it has two or three property owners and we're trying to get them to sell it or lease it to us," he said.

Steen said the property in question is located near the intersection of Chambers Drive (the Highway 30-Highway 4 Bypass) and Young Street.

"We want to work out something definite before we offer it to the Guard," he said.

According to Sgt. Chittom, once the land is chosen, it could be five years before construction begins. "Preliminary procedures could take that long," he said.

Chittom said a new armory will cost "in the neighborhood of \$500,000," and would be double the size of the present building.

Once the new armory is built and the Guard has moved in, the present building and the land it is on will revert to Northeast Mississippi Junior College, he said.

Sgt. Chittom said the present armory building was constructed in 1947.

Corps Of Engineers Needs Volunteer Campground Hosts

The Nashville District of the U.S. Army Corps of Engineers is now accepting applications from volunteers who wish to serve as campground hosts at Corps lakes for this camping season. The volunteers will work in cooperation with park attendants and Corps rangers to insure a safe, healthful, and pleasurable experience for the camping public.

Nashville District lakes include Cheatham, Old Hickory, J. Percy Priest, Center Hill, Barkley, Cumberland, Cordell Hull, and Dale Hollow. Volunteer host positions are available with the Resource Manager's Office at any of these

sites.

The Corps of Engineers will provide an assigned campsite and full privileges of the recreation area to the volunteer host. All members of a volunteer's immediate family are welcome to accompany him or her while working under the volunteer agreement.

Applications must agree to serve at least a month and may serve for the entire recreation season. Preference will be given to those who volunteer their services for the whole term.

Dave Stidham, Corps Volunteer Coordinator, says, "This program has worked very well at some U.S.

Forest Service campgrounds. Volunteers have come from hundreds of miles away to spend a summer camping free of charge. Hosts are expected to be available a minimum of 4 hours between 8 a.m. and 10 p.m. four days a week, with emphasis on weekends and evening hours. Major duties are varied and too numerous to list here.

For more information, please contact the Resource Manager at the project office, or David Stidham, Volunteer Coordinator, U.S. Army Corps of Engineers, P.O. Box 1070, Nashville, TN 37202 (Telephone (615) 251-7161).

AREA STUDENTS RECOGNIZED IN MINORITY TALENT SEARCH -- Three NEMJC students from Booneville and Rienzi were recently included in the 1984 Talent Roster, a program that recognizes outstanding minority community college graduates. Booneville's Cassandra Gardner and Kathy Triplett and Rienzi's Cynthia Sorrell were among 1,920 students from 250

community colleges chosen for their scholastic integrity. Gardner is a psychology major with a 3.67 grade point average, Triplett is also majoring in psychology with a 2.96 G.P.A. and Sorrell is majoring in liberal arts with a 2.96 G.P.A. Pictured above, from left are NEMJC President Harold T. White, Triplett, Sorrell, Gardner and Northeast counselor Arzell Wilson.

Insurance Company Paid Record Benefits In State In 1983

Health insurance benefits paid to Mississippi residents by Mutual of Omaha reached a record \$10.3 million in 1983, according to Nelson C. Vestal, the Company's general agent in Jackson.

Health insurance benefits paid to Mississippi residents by Mutual of Omaha reached a record \$10.3 million in 1983, according to Nelson C. Vestal, the Company's general agent in Jackson.

Over \$116.3 million in health insurance benefits have been paid to Mississippi residents. Mutual of Omaha total payments now exceed \$16 billion, he said.

Vestal said a wellness cost containment rider will be added to his company's major hospital and major medical plans sold this year.

The rider will make it possible for policyowners to receive a 10 percent premium refund each year for the next three years he said.

THOUGHT FOR THE WEEK: Dear Lord, Grant Us Inner Resources...

'... And The Word Of God Abideth In You...' -- 1 John 2:14

By Charles L. Potts

He caught the elevator down to breakfast. Operator greets him with a friendly smile, "and how are you this morning?" To which he replied rather dourly, "I don't know yet... haven't seen the morning paper." Later he was seen eating with the paper spread out before him and a heavy scowl on his face. People ruin their days because they do not make up their minds about life. They let the financial page, the news media, burned toast, dull weather, chance remarks, ... and any one of a hundred things ... make up their minds for them. Psychologists tell us that the first 20 minutes of the morning are of utmost importance for the entire day. That first few minutes ... the spirit, the mood with which we greet the day will have much to do with the way the whole day goes ... and also the mood in which we come home at night. Good start ... good day! Bad start ... bad day!

If we have the "Word of God abideth in you" resources, we can compel life to conform to our preferences ... regardless of circumstances. The weather drab, news is negative, breakfast not up to par ... but this inner strength that God can give us "thru His Word" ...

is adequate to see life as being good ... regardless. How do we appropriate this inner strength? First ... approach each day with confidence and hope remembering: "This is the day that the Lord hath made; I will rejoice and be glad in it." Certainly not as one lady who each day raised the anxious question, "Oh, dear, I wonder what terrible thing is going to happen to me today?" Second, memorize some verses from the Bible ... the most confident and inspiring you can find. Learn the words of a couple of great hymns ... fix two or three great sayings in your mind. Then call upon these treasures with your first waking moments. Just try to imagine that God has been working to prepare a brand new day for you while you slept. Last ... do not wait until something happens before you decide how you are going to feel through the day. Made in the image of God ... determine to feel and respond to others on the basis of a caring concern. This has been planted in your heart by the "Word of God."
