Three Sentenced

Three people received sentences during the vacation term of Prentiss County Circuit Court which was held Sept. 24-28.

Robert Shumpert and Shirley Lynn Ragin Stubbs were both given five year prison sentences which were suspended. They were placed on three years supervised probation and each ordered to pay \$325 in restitution and court costs.

Shumpert and Stubbs were charged with burglary and larceny of a building in connection with the March 1984 break-in at Robert's Grocery.

Farron Gilley was given a suspended seven-year prison term and ordered to pay court costs. The judge also ordered that Gilley "be banished from the State, never to return." He is currently serving a sentence in the state penitentiary.

Gilley was charged with grand larceny in connection with the break-in at Johnson Clinic in November 1982.

Burglary

In Baldwyn

According to Baldwyn Police Chief Johnny Conlee, Turner's Supermarket was burglarized sometime Sunday night, Sept. 30.

Conlee said the thief or thieves gained entrance through a hole in the wall of the compressor room. "Some concrete blocks were already missing and they crawled through the hole, then broke through the bathroom ceiling," he said.

"Then, they took a knife and cut through the paneling of the office wall, broke through the metal panel on the inside and unlocked the office door," Conlee said.

Though \$105 in cash was taken, a bag of money in a drawer in the office was left, Conlee said. He said the store's owners are not yet sure if anything else is missing.

"We're still investigating, and we have some suspects in mind," Conlee said.

No Wheels

On Trail

The new walking trail at the West Side City Park is completed but already people are misusing it, according to R.G. Houston, park commissioner.

The trail, which is about two miles, is to be used only for walking and jogging, Houston stressed. But, he said, some people have been using three-wheelers, bicycles and motorcycles on the trail. And some people have even been driving their cars on the trail, he added.

Houston also said that funds are still needed for the football field at the park.

"We hope to get the lights for the field in the next couple of weeks. And we still need money for the stadium."

Giving

Vaccinations

The Prentiss County Health Department will be giving flu vaccines Monday, Tuesday and Friday from 8 a.m. until 4:30 p.m.

'85 City Budget \$42,000 Less Than '84

By ED WOODWARD
Managing Editor

The new city budget, which was adopted by the Booneville Board of Mayor and Aldermen at a recess meeting Friday, Sept. 8, includes a 10 percent pay raise for city employees, according to Mayor Charles Crabb.

But, Crabb said, the budget is lower by approximately \$42,000 because of savings realized by contracting garbage pickup to a private contractor, personnel layoffs and "other belt-tightening measures."

The \$1,111,017 1984-85 city budget

is actually \$42,074 lower than last year's \$1,153,091 budget, while the assessed millage of 58.5 mills is up 2 mills from the 1983-84 millage of 56.5.

The 1985 budget includes \$130,173 for Supervision and Finance, up \$5,654 from last year's \$124,519.

The Police Department will receive \$348,719, an increase of \$15,087 over 1984's \$323,632.

The Fire Department's allocation is up \$5,217 from \$256,137 to \$261,354. The budget for Public Property was increased \$13,232 over last year's \$85,954 to \$99,186.

The majority of the budget decrease was attributable to the

Street Department's loss of garbage service and the city's elimination of Civil Defense from the budget.

The Street Department's budget decreased by \$42,622 from \$291,707 to \$149,485 and elimination of Civil Defense removed another \$5,942 from the budget for a total decrease of \$48,564.

The 1984 budget had cut Civil Defense expenditures almost in half, from 10,760 in 1983 to \$5,942 in 1984.

Other miscellaneous salaries, supplies and expenses are budgeted at \$123,100, up \$58,900 from 1984's figure of \$65,200. \$216,726 had been

budgeted for miscellaneous items in the 1983 budget.

On the revenue side of the ledger, the budget projects \$75,000 in police fines, no increase over last year. But last year's projected \$50,000 in garbage fees is missing.

The city's major projected source of revenue is sales tax. An estimate of \$700,000 is a \$125,000 over last year.

But the city expects to collect \$23,483 less in ad valorem taxes, with an estimate of \$226,517, compared to the \$25,000 projected in both the 1984 and 1983 budgets.

Other sources of revenue include: privilege license fees, \$11,000; permits and fees, \$10,000; interest, \$7,000; municipal aid, \$15,000; cemetery lots, \$3,000; PCEPA, \$32,000; Heritage Cablevision, \$7,500; \$12,000 in lieu of taxes; and \$12,000 from Prentiss County for fire protection.

According to City Clerk June Hutcheson the millage has been increased by two mills, even though the budget is less than last year, for two reasons.

"The schools requested an additional mill," she said. "And the other mill is for some bond issues."

Five Arrested For Area Break-Ins

Law authorities have arrested five people they believe may be responsible for 30-40 break-ins in a five county area, according to the Prentiss County Sheriff's Department.

Arrested were Steve Holley, 20, of South Lake Street, Booneville, and his wife, Kim Holley, and Dennis Hooper, 21, and his wife, Latonya Hooper, also of Booneville, and a 16-year-old male from Alabama.

They have been charged with breaking and entering and grand larceny, according to Prentiss County Deputy Dan Wilson.

The five are believed to be responsible for four break-ins in Prentiss County which were reported Sept. 28, Deputy Jeff Jackson said.

The break-ins occurred at the

residence of Marie Horn of Route 6, Booneville -- a TV was reported stolen; the residence of Donald Starling of Route 6, Booneville -- a camera and stereo were reported stolen; the residence of Jerry Crawford of Baldwyn-Ripley Road -- a chainsaw, stereo, jewelry and guns were reported stolen; and the residence of Elmer James of Route 6, Booneville -- cowboys boots were reported stolen.

Part of the merchandise was recovered, Jackson said Tuesday.

The five were arrested Sept. 27. They were initially stopped in the city by Police Officer James Pennington because the car they were in had an expired tag, Jackson said.

The Holleys and Hoopers remained in jail as of Tuesday. The juvenile had been released.

Friday Deadline For Voter Registration

Though Saturday, Oct. 6 is the official deadline for voter registrations, Friday will be the last day to register for anyone in Prentiss county who plans to vote in the Nov. 6 general election.

According to Prentiss County Circuit Clerk Travis Cox's office, there are no plans for opening Saturday, Oct. 6.

"We will be open regular hours, from 8 a.m. to 5 p.m. Thursday and Friday for registration," Cox said.

Dual registration arrangements are now in effect in Booneville and Baldwyn and residents of those cities can now register with their respective city clerks and be eligible to vote in all elections, city,

county, state and national, Cox said.

"Arrangements are not yet complete with the city clerks in Jumpertown and Marietta, so residents of those communities will still have to register here at the court house," Cox said.

Both Booneville City Clerk June Hutcheson and Baldwyn City Clerk James McWhorter said they have seen little effect here at the dual registration arrangements.

"We've had a few register, but not many," Mrs. Hutchinson said. "I'm not seeing much difference."

She said she thought there would

Season's Harvest

Clovis McCutchen of Booneville planted two acres of watermelons this year which yielded around 1,800 watermelons. He grew four varieties, Mountain Hoosier, Yellow Tender Sweet, Black Diamond and Cobb Jim. McCutchen did most of the work in the

watermelon patch himself -- but he also gives credit to his wife, Vera, and grandsons, Chris and Bryan, for helping. McCutchen, 80, hoed his two acre watermelon patch by hand. "It wasn't a bit of trouble," he said. Some of the largest melons weighed 50-60 pounds.

Traffic Control Change On East Church

By ED WOODWARD
Managing Editor

At their October regular meeting Tuesday, Oct. 2, the Booneville Board of Mayor and Aldermen decided to change traffic control methods on East Church Street at Bryant and Smith Streets and took under advisement a request from Police Chief John Lambert that changes be made in city jail visiting hours.

To open the meeting, Chief Lambert asked the aldermen if "we have to let prisoners have visitors

both morning and evening, seven days a week?" Lambert said the visiting hours schedule was "running us ragged," because it required the presence of two patrolmen at the jail.

"We have to have someone there because they'd run like a turkey if they got a chance," he said.

Lambert said part of the problem was an increased prisoner population at the city jail due to overcrowding at the county jail. "We're holding more prisoners than ever before," he said.

Visiting hours at the jail are

presently 10 to 11 a.m. and 6 to 7 p.m. every day, with juvenile prisoners' parents allowed to visit at any time.

Mayor Crabb pointed out that the city's policy limited visitors to spouse and child only.

Lambert admitted that he had not been enforcing the limitation. "Sometimes we'll have 10 people back there to see one prisoner," he said.

He said he would begin enforcing the limitation and Mayor Crabb said he would look into limiting hours to see if it could be done. "If

it's not contrary to the prisoners' rights, I believe we can change it," he said.

Alderman Charles Steen told the board some kind of traffic control was needed at the corner of Church and Smith streets because of the volume of traffic turning left at Smith to reach North Lake Street.

Alderman Wade Lambert suggested the traffic light at Church and Bryant streets be moved to Smith. "That would not back up traffic as much as it does at Bryant, being so close to the one at Lake," Lambert said.

"If you left the light at Bryant and put in another at Smith, it would slow up traffic even more," said Alderman R.G. Houston.

Mayor Crabb suggested putting a "stop and go" (four-way stop) at Smith. Houston suggested making both Smith and Bryant four-way stops.

"That's what I'm talking about," Crabb said. He suggested that the controller box at Bryant could then be used to replace a defective one now at Lake and Church streets.

ARC Grant Will Fund Jobless Training

A \$37,901 grant from the Appalachian Regional Commission will be used to help fund a retraining course in basic electronics, according to Northeast Junior College President Harold T. White.

"The purpose of it (the grant) is to provide funds to establish an entry-level electronics craftsman's program," White said.

He explained that "entry-level" means the course will teach "very

basic electronics...a beginners' course."

"This is for displaced workers who are located in Appalachia, Mississippi," he said, explaining that former Brown Shoe Co. employees would be among those eligible for the course.

White said the course would be located at the NEMJC Extension Center in Corinth.

"This ARC money represents 50

percent of the actual cost of the project," he said. "The other 50 percent we plan to get from the Governor's Office for Job Training Partnership Act."

President White said the course would be fully funded by the two government agencies and will be offered at no cost to eligible persons.

"What it (the course) would do is give them the foundation to either

enter the electronics program here on the Northeast campus, if they elected to; or it would prepare them to go into the job market with a company that would further train them in the electronics field on the job," he said.

White said no date has yet been set for the program. "We just learned that the grant has been approved. But I would say, that, hopefully, we can begin within 30 to

60 days," he said.

He said anyone interested in taking advantage of the course, or wishing further information, should contact Hale Aust, NEMJC director for vocational-technical education, at 728-7751, as soon as possible.

"They can go ahead and inquire and get their name on the list for the course. And, as we learn more about it, we'll share that information with them," White said.

Booneville Students Receives First Hughes Scholarship At Ole Miss

Nathan Baldwin of Booneville has been selected as one of the first recipients of the Mr. and Mrs. Daniel Clyde Hughes Scholarships at the University of Mississippi.

The scholarships provide \$1,000 per semester to each undergraduate student for four years or more, as long as the recipient

meets certain academic standards. Recipients must be Mississippi residents and have demonstrated academic achievement, leadership ability and financial need.

After the awarding of these first scholarships, at least one additional scholarship will be awarded each year until, beginning in fall 1988 and

each year thereafter, there will be a minimum of four students attending Ole Miss on a Mr. and Mrs. Daniel Clyde Hughes Scholarship.

The scholarships were endowed last year by alumnus Dan C. Hughes, Jr. of Jackson to honor his parents, who live in Macoh, in perpetuity while assisting deserving young men and women in attending Ole Miss.

Baldwin is a junior transfer student, who earned an associate of arts degree in May from Northeast Mississippi Junior College. At Northeast he was on the President's List, a recipient of the CRC Press Award for the outstanding freshman chemistry student, and a member of Phi Theta Kappa scholastic honorary and the

Society of Student Scientists.

The valedictorian of the 1982 graduating class from Booneville High School, he was a Governor's Scholar, Star Student and winner of the Advanced Math Award, the Chemistry Award, the National Math Exam Award and the Math and Science Tournament Awards during his senior year, when he was also editor of the annual.

He was the winner of the "Best In Show" award at his regional Science Fair for three consecutive years, beginning in the ninth grade. In high school he also won the Biology I and II, English II and III, Geometry, World History, Algebra II and Physics Awards. As a junior he was elected Most Intellectual and Most Likely to Succeed.

Community Needs Survey Underway In Baldwyn

A community needs survey will be conducted soon by the Baldwyn Hospital focusing on health care needs for the elderly. Local senior citizens, community agency personnel and civic groups will be asked to participate in this survey.

The Baldwyn Hospital will conduct this study to determine needs of local senior citizens and how the hospital can better meet these needs. New or expanded services for the elderly may be a result of this survey.

The Baldwyn Hospital's interest in providing services for the elderly is related to the hospital's Swing Bed Program, which has been in operation since March, 1983. The Swing Bed Program enables the Baldwyn Hospital to use regular acute care patient rooms to provide

temporary, extended care services for those patients in need of short term rehabilitation and-or skilled nursing care.

The term "swing bed" is taken from the act of "swinging" regular patient rooms into temporary, extended care rooms depending upon the needs of the patients.

The Swing Bed concept is one of the first steps of diversification for small rural hospitals. This concept allows such hospitals to make better use of their facilities, as well as to provide a broader range of services.

For more information on the community needs survey or on the Swing Bed Program, contact Charlotte West at the Baldwyn Hospital, 365-5211.

BIBLE QUESTION BOX

QUESTION: "If the foundations be destroyed what can the righteous do?" Ps. 11:3

ANSWER: The foundation of our society is the home. God planned the home and has given instructions to govern this divine institution. Men have not been content to abide by God's instructions and the very foundation is being threatened.

JOHNNY RICHARDSON

THE INCREASING DIVORCE RATE shows a lack of understanding and appreciation for God's provisions for the marriage relationship. Fornication and adultery are rampant in many places. THE SACREDNESS OF LIFE is no longer viewed with care. "Everyday an average of 4,257 babies are aborted in the United States. That's 177 per hour; 3 per minute; one every 20 seconds. In Washington D.C. abortions outnumber live births by 3 to 1." The time has come for righteous anger. In all the wars the United States has fought since the Revolutionary War, including the Civil War, World Wars I and II, the Korean War and the Vietnam War, the number of Americans killed totals 775,000. Last year, in one year's time, we killed twice that number of Americans in the name of "freedom of choice for women." We have doubled Hitler's death count. He murdered 6 million Jews. We have murdered 12 million babies. May God help us to correct our ways and to again treasure the FOUNDATIONS and secure them. WRITE BOX 15 —BOONEVILLE, MISS.

Marietta To Get Walking Track

The City of Marietta is one of 16 North Mississippi Communities to receive a \$5,000 health fitness seed grant from North Mississippi Medical Center of Tupelo and the Wells Fargo Bank of California. As part of the National Fitness Campaign, North Mississippi Medical Center will work closely with each community in promoting healthy lifestyles through the gamefield concept.

Each participating community may choose one of the four types of gamefields: a fitness course, a jogging course, a walking course, or a wheelchair course. Jimmie C. Pharr, mayor of Marietta, has announced that a Walking Course for Seniors will be installed at a selected site within the community. The gamefield fitness systems are designed by the Stanford

University Heart Disease Prevention Center and the Arizona Heart Institute and are structured to guide participants of all ages and fitness needs in developing individual healthy lifestyles. More than 3,000 gamefields have been opened throughout the United States with 400 being opened during 1984 in conjunction with the Summer Olympics.

100% Pass Rate For NE Nursing Grads

For the second time Northeast Mississippi Junior College Associate Degree Nursing graduates have earned a 100 percent passing rate on the National Council Licensure Examination for registered nurses. The report was released by departmental chairperson Linda Whitenton, following notification by the Mississippi Board of Nursing. A two-day comprehensive examination, the state boards were administered in July to a total of 708 graduates from 22 associate degree and bachelor of science nursing programs throughout the state. Of that number, 28 were Northeast graduates, writing the exam for the first time. Obviously pleased at the results, Whitenton cited several reasons for her students' success pattern over the past two years. "A large number of these graduates are adult students," she said. "Most of them work a regular 40 hour a week job. They recognize that the curriculum is demanding and they are ready to accept the responsibilities." Another plus, according to Whitenton, is the faculty at Northeast. "I'm not just referring to the teaching methods of the 14-member nursing faculty, but to the philosophy of the Northeast Junior College family. We are a close faculty. Our program has the support of the administration, other faculty members and staff." "The two-year curriculum is evenly divided with 50 percent of the required courses consisting of general education classes and the other 50 percent nursing," she said. Improved health care standards

have also had a dramatic impact on nursing education in general. Striving to meet and maintain the highest standards, the Northeast nursing program is accredited by the Board of Institutions of Higher Learning and the National League for Nursing. "We have seen remarkable improvements in nursing education in the state of Mississippi during the last five years because of the higher standards for health care which are being recommended by the deans' and directors' council," Whitenton said. "These recommendations have been adopted by the Board of Institutions of Higher Learning so that today all nursing programs operate under the same standards as senior colleges. "With this knowledge, the prospective nursing student can feel confident that he or she is getting the best education in nursing at Northeast," Whitenton added. "All of our nursing graduates who actively sought employment have been hired in area hospitals in Northeast Mississippi," Whitenton said. Unlike years past, the nursing

shortage is not as acute, thus allowing area hospitals to be more selective in their hiring and ultimately making the job market more competitive. "I do believe the job market will become more competitive. Future graduates will be recruited on the basis of their competency. Employers will be looking at league scores." In light of this, Whitenton foresees the demand putting more responsibility on colleges and universities to give their students the best instruction. "Specialization in nursing will be the vogue of the future," she said. "Basic nursing curriculum will probably remain the same, with changes being made to include what is going on in the real world. Computer classes will be a must for future nursing students." For the student who has a genuine interest in a service profession such as nursing, Whitenton offers the following advice. "To be successful requires a great deal of commitment and study. A strong background in science and computation skills is helpful. However, for the student who might be

ETV Offers B-Westerns

It used to be Saturday afternoons for B-Western movies, but with Mississippi ETV, it will be Saturday evenings at 10, beginning Oct. 6, when "Six-Gun Heroes" is telecast. Ole-time cowboy star Sunset Carson will host each feature program, which will include comments about the movie, a complete Western feature and a brief preview of the next show's offering. Bill Anderson's nostalgic "Ride Off in the Sunset" serves as the series' theme song. Riding in the saddle during the course of the series will be Lash LaRue, Buck Jones, Tim McCoy, John Wayne, the Range Busters, Eddie Dean, Johnny Mack Brown, Dorothy Page, Roy Rogers, Gene Autry, Ken Maynard, Bob Steele, Tex Ritter and the three Mesquiteers. The first movie on Oct. 6 is "Sunset Carson Rides Again" (1949).

WILL FAITH ONLY SAVE?

Many religious groups believe and teach that one is saved by faith only. The following is found in some of the leading creed books: "We are accounted righteous before God only for the merit of our Lord and Savior Jesus Christ, by faith, and not for our own works or deservings. Wherefore, that we are justified by faith only is a most wholesome doctrine, and very full of comfort." Is the doctrine of faith only found in the Bible or only in creed books?

The Bible teaches in many places that salvation is through faith, but no where does it say that it is by faith only. The expression "faith only" appears once in the Bible and there it teaches that one is not saved by "faith only." (James 2:24) If faith only saves, then the devils will be saved, for they believed and trembled. (James 2:19)

Salvation may be attributed to many things, but not one thing to the exclusion of all others. For example, the Bible teaches that one is saved by God, Christ, Holy Spirit, the Word, faith, grace, works, others, himself, etc. To say that man is saved by one of these to the exclusion of all others is to make the Bible a book of contradictions and confusion. Man is the author of confusion and not God. (1 Cor. 14:33)

The Bible does not teach that one is saved by "faith only," or by "works only." For one to be saved, he must have faith which manifests itself by works. (Gal. 5:6) Faith without works is an imperfect faith, because faith is perfected by works. (James 2:22) Faith saves when it is a faith that works by love. Faith only did not save the devils and will not save man.

County School Report

A Perspective On School Consolidation

By J.W. GREENE
Prentiss County
Superintendent
of Schools

The Education Reform Act states, H.B. No. 4, Page 24, Article 11:

"It shall be the duty of the State Educational Finance Commission to conduct a survey of the educational needs of each county in the state from the standpoint of the efficiency of operating schools and school districts and to develop a plan relating to school districts and school attendance center consolidation and reorganization. The State Educational Finance Commission shall submit such report to the State Board of Education not later than July 1, 1985. From and after July 1, 1986, the State Board of Education, acting through the Commission on School Accreditation, shall require school districts to comply with said plan as a criterion for meeting accreditation standards."

Our schools are vitally important to the self-image of our "local" communities, but we are to become the ground for controversy between the "Locals" and the new accreditation standards as set forth in the Education Reform Act. The implications are that our small schools are to be the proponents of centralized and standardized learning. The prime objective to keep in mind is that consolidation should address educational quality, not educational control.

During the months ahead, the issues of control and quality will be intertwined. The State Department has conducted public hearings and is now in the process of compiling their recommendations to present to the Legislature.

A number of questions ran rampant through my mind:

With all the lay board members from municipal districts only, what are their views on rural school districts?

With the mandated accreditation standards, what can we do to avoid losing accreditation, thus forcing consolidation?

How much imbalance will exist between the State Department of Education ideas and local school district ideas toward consolidation?

The pressure toward centralization is to remain with us, as does the capacity of the national system of higher education to allocate status and to shape the culture.

Lasting and significant reform of our rural schools can be achieved but only if political, corporate and educational leaders put aside their self-interests in favor of the interest of children.

In encourage the citizens to examine carefully the Education Reform Act and to then embrace new directions and support for a quality educational community.

I will appreciate any suggestions, comments or ideas relating to school consolidation.

Ponderings

By Angela Smith
Staff Reporter

For a moment let's think about one of my favorite things...food.

Occasionally people ask me, "Angela, can you cook?"

That's like asking a bird dog if he can fly.

When I prepare a meal it might consist of a grilled cheese sandwich or perhaps a tomato sandwich. And if I'm in an especially good mood, I might even include potato chips.

I haven't proved this, but I think if I had time to cook I would be a great cook.

While I don't have a lot of time to spend cooking delicious meals, I do have plenty of time to eat. So if any of my dear readers would like to bake me a batch of chocolate chip cookies, I would take time from my busy schedule to eat a few cookies.

RECIPES. I love to collect recipes and cookbooks.

And this is one of my favorite times of year because now we have started working on *The Banner Independent's* Holiday Cookbook.

This year's Holiday Cookbook will be *The Banner Independent's* eighth annual edition.

The cookbook will be published in November -- just in time for the holidays.

For the cookbook to be a success, we need help from our readers. So we are again asking people to send in their favorite recipes.

People can send in as many recipes as they want. They should include their name, address and phone number on each recipe.

Last year there were 277 recipes in the holiday cookbook. We are hoping for even more recipes this year.

AND NOW for the really important part.

When you send in recipes, please double check them to be sure that ingredients aren't accidentally omitted.

If any of the ingredients are omitted, I always get the blame for it. And it really upsets me when someone comes in my office and dumps a cake on my desk that didn't turn out right. (Actually, no one has ever done this, but I'm fairly certain it would upset me if they did).

The deadline to send in recipes for the Holiday Cookbook is Nov. 9. We hope we'll be receiving recipes from you soon.

Three Studies Now Underway On Tax Reform

By **BILL MINOR**
Syndicated Columnist

JACKSON, Miss -- Tax reform is like the weather in Mississippi. Everybody talks about it, but nobody ever does anything about it.

Now we have not one, not two, but three studies underway on what should be done about the state's tax structure to more equally distribute the burden and find ways to raise more revenue.

For a year and a half, Gov. Bill Allain (starting back before he was elected governor) had said he didn't want to raise any taxes until he could have a study done to find out who is now paying the taxes and if the burden is fairly distributed.

At last, during the past week, he got around to creating such a study committee by executive order. Allain, to the surprise of everyone, appointed 32 persons to serve on it, most of whom appear to come out of the board of directors of the Mississippi Manufacturers Association, or the Mississippi Economic Council.

There is nothing wrong with the two above-mentioned statewide organizations, except that everyone knows they represent the business point of view on public questions, and not the small wage-earner or those in the lower income bracket on whom state taxes place a heavy burden.

It is obvious on the face that the state tax structure already contains an imbalance in favor of business. Mississippi, unlike almost every other state, gets two-thirds of its income tax revenue from individuals and only one-third from corporations.

Conceding his new private sector tax study group may not adequately represent the "little man" in Mississippi, Allain quite defensively said he was elected to be the small wage-earner's representative.

With all the self-avowed "friends" the little man has right now, he doesn't need any enemies. Mississippi has always been among the highest states in relation to consumer taxes, with some 80 percent of state revenue coming from consumer transactions.

The average Mississippian also pays a higher percentage of his personal income in sales tax than does the citizen of almost any other state in the nation.

A genuine study of the imbalance in the tax burden in this state is certainly long overdue -- not just a STUDY, but a meaningful attempt to do something about it -- but there is really no assurance that what is being done now will accomplish such a goal.

It is rather ridiculous that each branch of the Legislature is conducting its own separate tax study, with no unity of purpose or direction, and each will come up with its own set of recommendations. The background of this is simply a case of the House not wanting to conduct a joint study of taxes with the Senate, which had proposed a joint committee, including lay persons.

Once again, it was the House acting like Big Sam, in *Gone With the Wind*. "Who said 'quittin' time'?" I'll say when its 'quittin' time. Quittin' time."

So what we will have in prospect are three sets of proposals on what should be done about the tax structure -- one by the House, one by the Senate, and one by the governor's committee of lay persons. The governor doesn't even say that what his committee proposes will be embodied into his legislative program for the 1985 session of the Legislature.

Since Allain planned to create his tax study group ("don't call it a blue ribbon committee") by executive order, there is no reason why he did not do that the day he was inaugurated, then got on with the business which he had said was of pressing importance.

As a practical matter, no tax strategems are going to be successful which do not involve key legislators in the planning. Allain could have

Balanced Budget Amendment Drive A Circus

By **ED BLAKE**
Mississippi Farm Bureau Federation

The greatest juggling act of all time is being played out these days inside the domed nation's capitol, where politicians are pulling off the big stunt outside the perimeter of a bonafide Big Top -- where spectators are not cheering.

Rather, most Americans who watch with bated breath over the goings-on, might instead erupt in catcalls and condemnation if they really knew what the act was costing this nation in taxes and depressed income.

Recent weeks have seen a drive for a constitutional amendment requiring a balanced federal budget suffer several setbacks which have significantly dimmed if not killed prospects for progress toward a balanced federal budget for this year.

Backers of an amendment to pry the issue out of the hands of the House Judiciary Committee failed as they came up 28 signatures short of the 218 needed on a discharge petition that could have forced floor consideration.

Thus, the congressional route is effectively roadblocked this year unless Congress unexpectedly stays in session past its scheduled October 4 adjournment or convenes an unlikely lame-duck session.

The Senate Judiciary Committee dawdled nearly all year before approving a balanced budget amendment by a 11 to 4 vote on September 13. The House dodged the issue entirely.

As the drive for fiscal restraint floundered, the American Farm Bureau Federation reacted with a statement by AFBF president Bob Delano which pointed out that the farm organization is disappointed in the failure of Congress to act favorably on the matter since the American people have repeatedly said that they wanted the amendment and the fiscal discipline it would require.

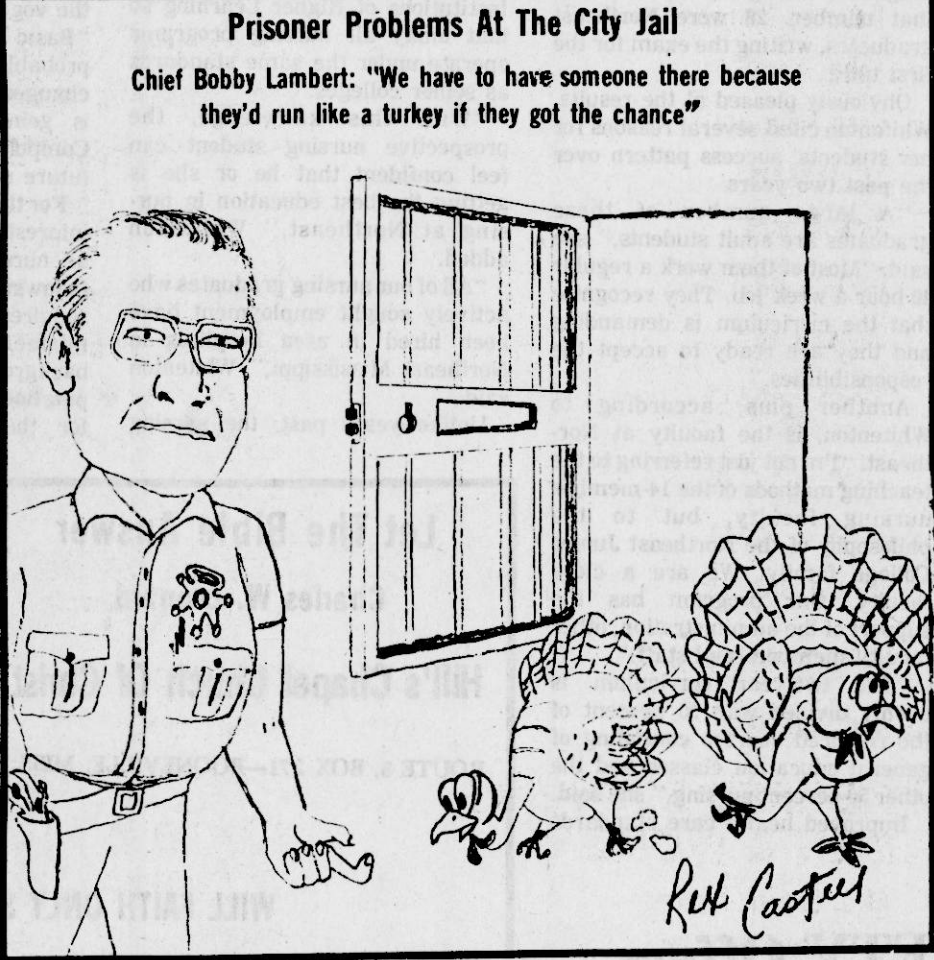

Meanwhile a swing toward a constitutional convention approach too has temporarily stalled -- two states short of the 34 needed to issued a constitutional convention call. So, Congress continued its juggling act with a federal budget that is so out of shape it won't support itself without spinning and wobbling chaotically.

One critical bulge in the budget's mid-section is caused by a growth in federal outlays between 1950 and 1984 of 400 percent while the gross national product grew only by 230 percent.

But the biggest and worst out of shape condition was caused in 1973 when Congress granted automatic annual increases in Social Security payments to insulate recipients from inflation. Social Security obligations thus rose from \$2 billion in 1950 to \$78 billion in 1984 -- a 3800 percent increase which was more than 16 times the GNP increase.

Another lump in the

That Yankee From Yonder

By Ed Woodward
Managing Editor

I don't watch a lot of network television. With only a few exceptions, I consider most network programming to be an insult to the average person's intelligence.

I also think most writers who work for TV are ripping off the producers. By the time you eliminate all the car, boat or helicopter chase sequences from most one-hour productions, there can't be more than five pages of script left. And for the kind of plotting and dialogue represented, that should not take the average writer half-an-hour at the typewriter, less at a computer.

I said there were exceptions. I like to watch *Hill Street Blues*, *Cheers* and *Family Ties*. All three are intelligent programs, but still entertaining.

After just two samples I'm certain *The Cosby Show* will become a permanent addition to the list, and the new old-fashioned mystery show, *Murder, She Wrote*, shows promise.

And, if I want to just relax and be entertained, I will also watch *Mike Hammer*, *Remington Steele* or *Knight Rider*. But what sets these three off from the average shoot-em-up, chase 'em and destroy a police car a minute TV private eye show is that they don't take themselves seriously.

If you watch these three shows regularly, and really pay attention, you quickly realize that they are done tongue-in-cheek and are really satirizing the action-adventure genre.

But the shows I mentioned only account for about six hours of TV watching a week. And it's doubtful if I average more than 20 hours a week, if that much. But, if I do, the other 15 are spent watching Cinemax or ETV.

When I got the extra services the cable company was offering I chose Cinemax over HBO because Cinemax shows more old, classic films than HBO, and I am an old movie buff. The new films eventually make the rounds of all the satellite services; but not so with the oldies but goodies.

So, I added the "tier" because it offered WGN -- next to New York's WOR, one of the best channels for old movies -- and the Nickleodeon-ARTS combination.

Sara watches Lifetime a lot in the daytime. And the kids she keeps watch Nickleodeon. Nobody in our family watches TNN. But I wanted ARTS as a supplement to ETV because its programming includes more jazz, classical and drama programming than ETV offers, including taped Broadway and Off-Broadway performances.

We still get our money's worth from the tier because of Nickleodeon, WGN and Lifetime. But I still can't help feeling ripped off because we can no longer get ARTS. Somebody at the Heritage offices evidently decided nobody was watching it and took it off the tier.

I feel ripped off because it was the inclusion of ARTS on the tier that first prompted me to buy it, and now it's gone. And I don't recall anybody at Heritage mailing out a survey to see who was watching what on the tier before they made their arbitrary decision.

If I was the only one on the system watching ARTS, that's fine. I don't blame them for taking it off. But I find it difficult to believe there wasn't somebody else out there who isn't afraid of a little occasional culture, who was, at least, watching it once in a while...Wasn't there?

Miss Reece & Mr. Grisham Plan November Vows

Mr. and Mrs. Franklin Reece of Booneville announce the forthcoming marriage of their daughter, Debra Ann, to Joseph Grisham, son of Mr. and Mrs. Bonard Grisham of Booneville. Miss Reece is a 1983 graduate of New Site High School. She is presently employed at Prentiss Manufacturing. Grisham attended Booneville

High School and is presently employed at Colleague Inc. The couple will exchange vows Nov. 29, at 7 p.m. at the Martin Hill Freewill Baptist Church. Bro. David Grisham will officiate at the ceremony.

No invitations are being sent, but all friends and relatives are invited to attend.

6 Booneville Men On Outstanding List

The Board of Advisors for the Outstanding Young Men of America awards program have announced the inclusion of six Booneville residents in the 1984 edition of Outstanding Young Men of America. Listed in this year's publication are Randy Lane Hunkapiller, Jerry Lee Christian, Ricky Gene Ford, Kenneth Lee Bethay, Leon Lanier Thompson and Marcus G. Lindsey. According to Doug Blankenship, chairman of the awards board, the six men were selected from nominations received from senators, congressmen, governors, mayors, state legislators and university and college presidents and deans, as well as various civic groups, including the United States Jaycees, which also endorses the program. "In every community, there are young men working diligently to

make their cities, as well as their country, better places in which to live," Blankenship said. "These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements," he said. Blankenship said the criteria for selection include a man's voluntary service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation. "Our board of advisors and the editors of our awards publication salute all chosen as Outstanding Young Men of America. We take great pride in bringing their accomplishments to the attention of the American Public," Blankenship said.

Northeast Schedules Travel-Study Tour

The Northeast Mississippi Junior College Departments of English and history will sponsor the annual travel-study tour to Europe May 16-June 4. The 20-day trip, which includes visits to London, France, Germany, Switzerland, Holland, Belgium, Austria, Italy and Greece, is open to anyone. Participants also have the option of receiving three hours of college credit for either World Literature I (English 2423), World Literature II (English 2433),

Western Civilization I (History 1113) or Western Civilization II (History 1123). In addition to visiting major cities in each country, there will be a cruise on the Ionian Sea and a cruise on the Rhine River. Pilot Club Program Features Safety Film

The Safety Area of the Pilot Club of Booneville, with Miss Rebecca Millsaps as leader, had charge of the September program.

The meeting was held in the Hospitality Room of the Frank Haney Student Union at Northeast Junior College Thursday, Sept. 20, at 6:30 p.m.

In keeping with Pilot Club International's observance of September as Safety Month, the film, "Death in the Fast Lane," was shown.

The production of the film was made possible by Pilot Club International and the All State Foundation.

The film explores the epidemic of teenage drinking and highway fatalities. The threat which the lethal drinking-driving combination poses to every driver and passenger on the road was made evident along with the fact that deaths caused by highway accidents in the United States are second only to deaths caused by cancer.

Pilot Club International selected this as an area needing to gain support for securing legislation against the use of alcohol by teenagers. The group asks people to join together to secure the enforcement of such legislation and

the cooperation of the courts.

At the conclusion of the film, Miss Millsaps stated, "Safety is the responsibility of each person."

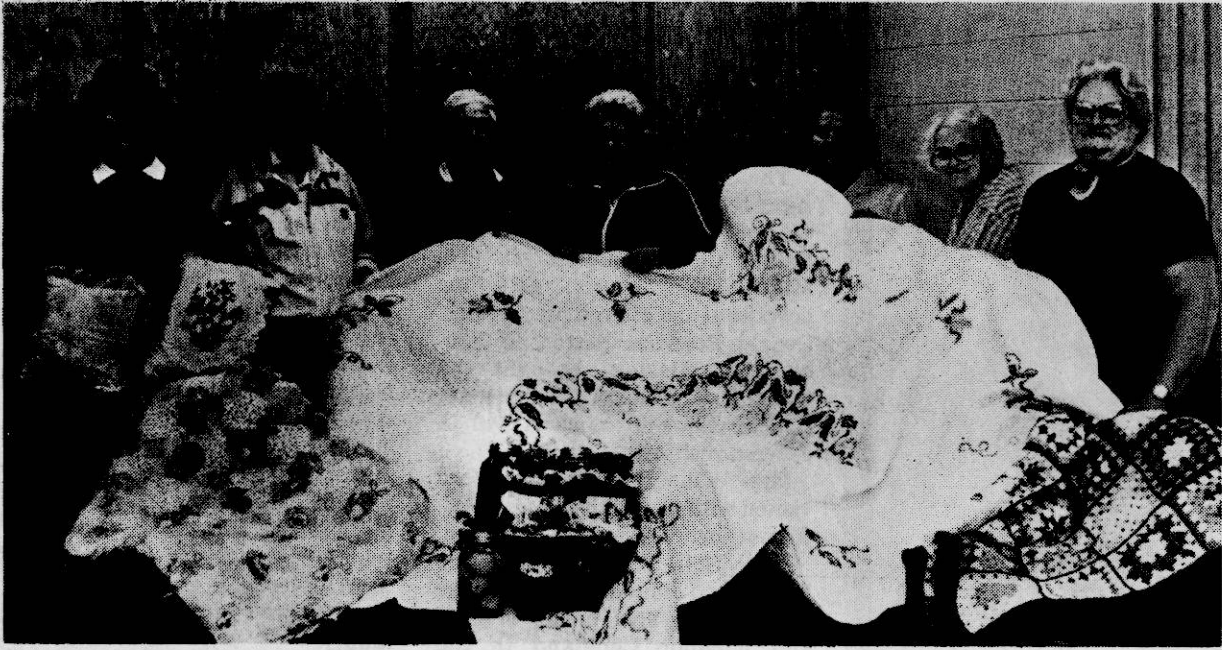

Area members assisting Miss Millsaps in the presentation of the program were Mrs. Susan Cartwright, Mrs. Linda Eubank, Mrs. Eileen Fulper, Mrs. Clarence Goddard and Mrs. Quay Michael.

This area has promoted two Pilot Safety projects this month -- the distribution of bumper stickers which read "The Pilot Club of Booneville Reminds You Safety Belts Save Lives," and the sponsoring of safety slogans over the local radio station.

Miss Rose Ann Green, a senior at Booneville High School, and the daughter of Mrs. Carolyn Jackson and Bud Green, was introduced as the Good Citizenship Girl of the Month by Mrs. Robbie McDaniel, a member of the Patriotism area. Miss Green is president of the school's Anchor Club.

Miss Linda Davis, a new Pilot Club member, was named Pilot of the month by Mrs. Sara Pounds.

Special guests of the club included Miss Angela James of Northeast Junior College and Mrs. Carla Falkner of Booneville.

RELIEF SOCIETY TO SPONSOR BAZAAR - The Relief Society at the Church of Jesus Christ of Latter Day Saints will have their annual bazaar Saturday, Oct. 13, from 7 a.m. until 6 p.m. at the church on 204 George E. Northeast Homecoming Events To Include Antique Car Show

The Northeast Junior College boulevard will take on the look of a lost era Saturday, Oct. 27, when the parking spaces will be filled with antique and special interest cars dating as far back as the early 1920's.

The car show, which is expected to draw entrants as well as observers from Alabama, Tennessee and Mississippi, is being held in conjunction with this year's Homecoming activities.

Co-sponsored by the Magnolia Car Club of Corinth and Northeast Junior College, the show is free to the general public.

Entrants will register their cars from 9 a.m. to 12 noon in the Frank Haney Union, with the display continuing until 4 p.m. Each entrant will receive a dash plaque and will

be vying for one of three special awards: the President's Choice, the Queen's Choice and the Alumni's Choice.

Trophies will also be presented to the participant with the oldest car on display and for the car travelling the farthest.

To enhance the day's activities, a full afternoon of entertainment is being planned for the enjoyment of car owners, viewers, alumni, faculty and friends.

Awards will be presented at the beginning of the outdoor fish fry which is scheduled to begin at 4 p.m.

Car owners who wish to participate will have an opportunity to further show off their treasures in a parade around Keenum Stadium

prior to the football game.

For additional information, contact the Alumni Office at Northeast by calling 728-7751, ext. 298 or Junior Morgan of the Magnolia Car Club at 287-2110.

Volunteers Needed By VITA

Volunteers are needed to help others with their tax returns as part of VITA, the Volunteer Income Tax Assistance program sponsored by the Internal Revenue Service, according to Sylvia Wren, District Director in Jackson.

In the VITA program, volunteers are recruited to provide free assistance to taxpayers who cannot afford professional tax help. VITA volunteers, frequently college students, law students, or members of professional business or community organizations, receive a special training course in basic income tax return preparation, Ms. Wren said.

VITA instructors and training materials are provided free by the IRS. Training will be conducted at several locations in Mississippi in December or January.

Persons interested in volunteering should contact IRS well in advance so that arrangements can be made for them to attend the training class most conveniently located to them.

County Agent's Notes

By CLIFFORD J. HAMPTON
County Agent

Leaves will be changing colors with the cooler fall weather and chain saw buzzing will fill the air in Prentiss County.

The fall season is always beautiful and often dangerous for those who use chainsaws to cut firewood.

It is important to read and understand the operator's manual before using a chain saw.

Wear heavier, tight fitting clothes when working in the woods with the saw. Safety shoes, a bump cap and

eye protection are also recommended when felling, or cases of handling heavy wood, falling limbs or flying chips in saw use. Ear plugs are a help when you operate for a long time.

Avoid saw fires by fueling the saw away from other fires or cigarettes. Never fuel a hot saw and wipe spilled fuel dry before cranking the saw.

Carry the saw with the motor stopped, blade to the rear and the muffler away from the body. This will help avoid cuts and burns while transporting the saw.

To start the saw, place it on the

ground. Get a good footing and hold the saw down on the ground with one hand and pull the crank with the other.

A well maintained and tuned saw starts easily and safely. Don't start or operate the saw when in a tree or on a ladder.

A saw in good condition is easier and safer to operate. Keep the chain sharp, tight and well oiled and the saw free of oil, gasoline and sawdust.

Practice operating your saw properly. Stay on guard for kick-back and cutting accidents by keeping the tip out of the wood and

away from small limbs so it cannot grab. Hold the saw firmly with both hands and don't saw over shoulder height.

Store the chain saw where children and inexperienced operators cannot experiment with it. Disconnect the spark plug wire.

Use metal containers with spouts for fueling and storage of fuel. Storage in jugs and bottles pose a fire hazard and a poison hazard to children. Good saw operation does not come naturally. Use these practices and you will soon handle a chain saw both effectively and safely.

ASCS News

By C.E. CALVERT
County Executive Director

Wheat producers in Prentiss County recently received notification of their 1985 base acreage and crop yields, and had 15 days from the receipt of the notice to appeal the decision made by the Agricultural Stabilization and Conservation Service.

Since proving crop yields often requires a considerable amount of time, we encourage farmers who elect to appeal our decision, to begin this procedure so that it may be completed prior to program sign-up. The sign-up period for the 1985 wheat program begins Oct. 15, and ends March 1, 1985.

To request a proven yield for a particular crop, farmers are required to collect data for all farms on which the crop was grown, and to keep all production evidence separate for each year and each farm. Proven yield information must include a minimum of two year production evidence.

We will measure the production, or farmers may submit commercial or warehouse receipts, sales or elevator receipts, warehouse ledger or summary sheets, settlement sheets or CCC warehouse-stored loan documents. If the quantity has been determined by farm measurement, farm-stored loan documents may be used.

Farmers may furnish scale tickets or weight slips, instead of the quantity determined by measurement only if the scale tickets or weight slips show farm identification, the commodity, date weighed, and the weigher's signature or initials, and the firm's name. Weight slips and scale tickets can be used only in conjunction with our measurements or commercial disposition records. They are not sufficient evidence alone.

Farmers are required to make a reasonable attempt to separate production from different farms by having the crops measured before commingling or by furnishing the final settlement amount with the landlord. If production is not recorded before commingling between years, ASCS will not credit any of the production to the farm.

PRENTISS COUNTY farmers

who accurately reported their 1984 crop acreages to the Agricultural Stabilization and Conservation Service will likely receive wheat deficiency payments totaling about \$41,000.

The 1984 farm program participants become eligible for deficiency payments if national average market prices for wheat during the first five months of the marketing year will fall below the government-established target price of \$4.38 per bushel. Nationally, farm prices received by farmers during the first three months of the marketing year have averaged near the \$3.03 per bushel loan rate.

Farmers who have filed applications for payment will likely receive a deficiency payment of between \$0.95 and \$1.03 per bushel on their 1984 wheat crop. The agency will begin issuing wheat payments to 22 local farmers after Dec. 1, 1984.

Deficiency payments are computed by multiplying the program yield for the farm by the acreage planted for harvest times the payment rate. The per-bushel payment rate is the difference between the target price and the higher of either the loan rate for the commodity or the average price received by farmers. Local farmers harvested about 5,876 acres of wheat this year.

THE PRENTISS County Agricultural Stabilization and Conservation committee reviewed and set community boundaries for the ASCS community committee elections to be held between Nov. 23 and Dec. 3. This is one of the first steps in administering the annual ASC farm committee elections.

Prentiss County has five (5) ASC communities. ASC communities are local administrative areas which help provide farmers with effective farm program administration. These areas are reviewed yearly to determine whether locally changed boundaries would benefit farmers.

A list of ASC communities, a boundary map, and the number of farms within each community are available to the public at the ASCS office. The ASC communities in Prentiss County are as follows: A - Jumptown and Pisgah, B -

Blackland and Baldwyn, C - Wheeler and Marietta, D - Thrasher and Cairo and E - New Site and Burton.

Other events concerning the upcoming election will be announced as they occur. Participation in ASC elections is open to all eligible farmers regardless of race, religion, sex, color, or national origin.

A LIST of the names of all known eligible persons to receive ballots in the upcoming annual ASC committee election is available in the county ASCS office. Farmers began nominating candidates for the ASC election on Oct. 4.

ASCS, an agency of the U.S. Department of Agriculture, is responsible for farm program administration. On the local level, ASCS operates under a farmer-elected committee system. This year's elections will be by mail ballot between November 23 and December 3. Voters may also get ballots at the County ASCS office.

Anyone who meets the following

requirements is eligible to vote in these farmer committee elections: any individual of legal voting age with an interest in a farm as owner, operator, tenant, or sharecropper who is eligible to participate in any ASCS program.

Several general provisions relate to ASCS voter eligibility. A wife who operates a farm with her husband can vote if her name is on the deed of conveyance. Any person under legal voting age can vote if he or she runs a farm, and a legal guardian who runs a farm for a child can vote for the child. No person can be denied the right to vote because of race, sex, age, color, religion, or national origin.

A person may cast a ballot in any county in which he or she is an eligible ASC voter, but he or she cannot vote in more than one community in the county. If an eligible voter has separate farm interests in more than one community in the same county, special care will be taken to see that only one ballot is issued to that voter.

Teenaged Beef Breeder Featured On 'Farmweek'

A Tallahatchie County teen-ager who is raising a prize heard of Santa Gertrudis beef cattle will be profiled on Farmweek at 7:30 p.m., Monday, Oct. 8, on Mississippi ETV.

Fifteen-year-old Josh Shaw, a 4-H member, will talk about his work in raising the cattle on the program. Shaw has already won several trophies and awards for his work.

Regular features of Farmweek are the market reports and analyses, the most current farm prices, specific advice for producers and a calendar of upcoming events of interest to Mississippi farm families.

Farmweek is co-produced by Mississippi ETV and the Mississippi Cooperative Extension Service.

"I think we have a crackerjack community!"

"Booneville is made up of progressive, hard-working people who are willing to give up their time to make our community an even better place to live." So says David Emmons Turner, Jr., Booneville resident for 36 years.

"When I first moved to Booneville in 1948, the town was still coming out of a depression. But since that time I have seen the George E. Allen Library—a one-half million dollar facility, built and paid for here in the county. They were putting down the foundation of the Northeast Mississippi Junior College back in the late 40's and I've seen its student body grow to a record high of 2400, with 600 students living on campus. Booneville has built a new city hall. We have two city parks, and any number of churches. Believe me, these are hard-working people who care about their community."

As co-founder and former executive vice-president of Prentiss Manufacturing Company, now retired, Emmons Turner keeps his finger on the pulse of the area's work force. Although Prentiss County is largely agricultural, more and more industry is moving in. According to Turner, there are approximately

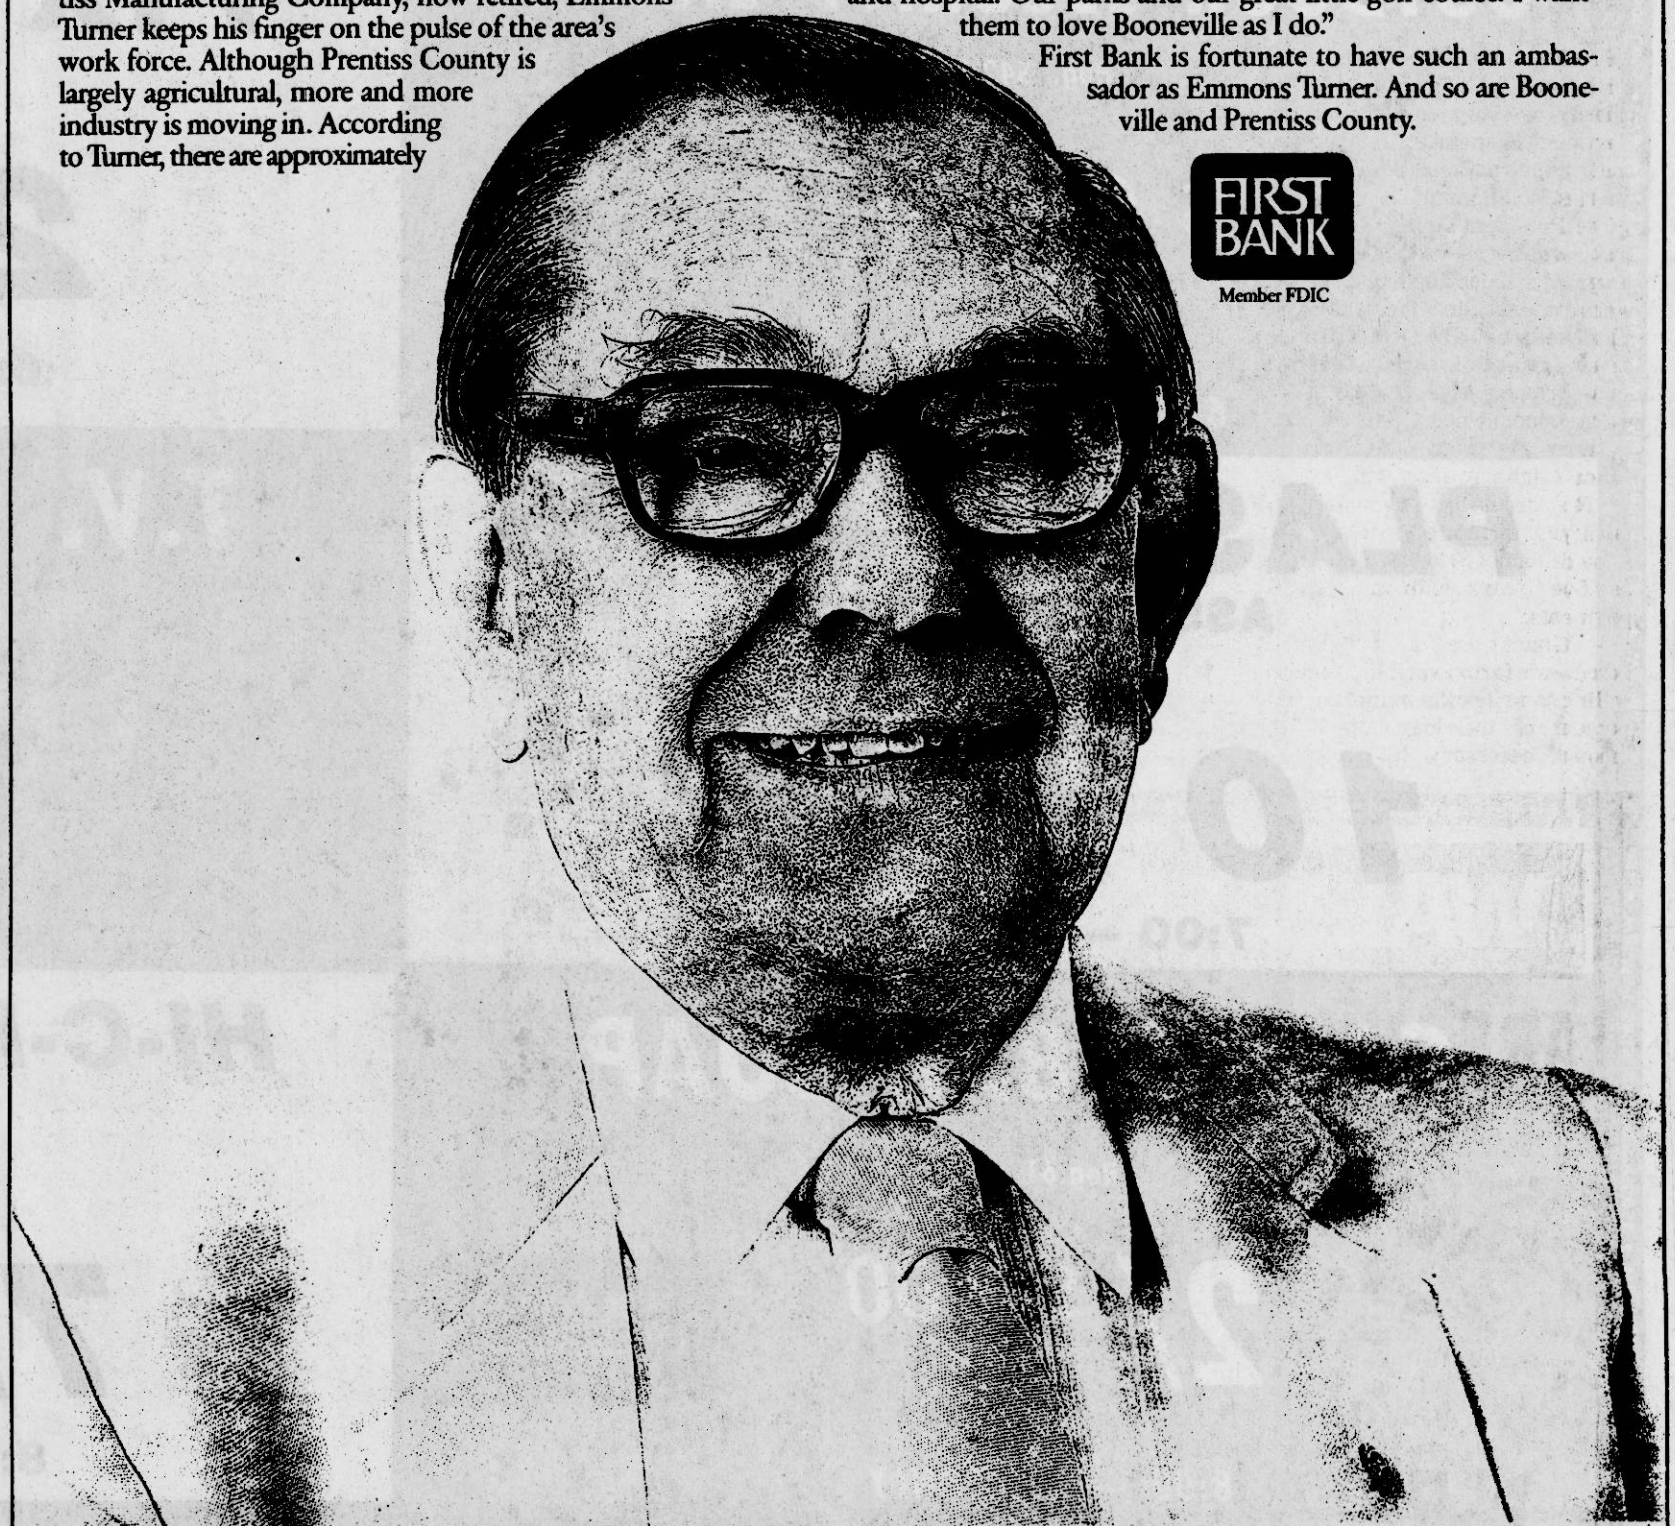

3500 industrial jobs. And he adds, "With the last Booneville population count in 1980 showing a little over 6000 residents, people should be able to find jobs."

"Prentiss Manufacturing started with 12 employees in 1947 and now has more than 600 working there. One thing I'm proudest of is the almost continuous work flow since we first opened. There have been very few times that we had to lay off anyone for lack of work. Now, the company has just completed a new \$1½ million corporate office and distribution center, and it is beautiful."

Since Turner has retired, he sees his responsibility as a board member of First Bank in a special light. "Now I have time to visit the newcomers to Booneville, welcome them to the town, and of course encourage them to do business with First Bank. I enjoy introducing them to our high spots: our junior college, our library and hospital. Our parks and our great little golf course. I want them to love Booneville as I do."

First Bank is fortunate to have such an ambassador as Emmons Turner. And so are Booneville and Prentiss County.

Fire Equipment Funds Available

The Mississippi Forestry Commission expects to have approximately \$50,000 in federal funds available for fiscal year 1985 for small matching grants to rural communities to assist them in obtaining needed firefighting equipment, according to State Forester Robert S. Moss.

The grants will be issued under the Rural Community Fire Protection Program. This will be the 10th year Mississippi has received funds for such grants, which are limited to a maximum of \$2,000 per community.

"Communities or fire departments interested in securing one of the RCFP grants would be well-

advised to take prompt action," said Curt Fulgham, fire control forester for the Commission.

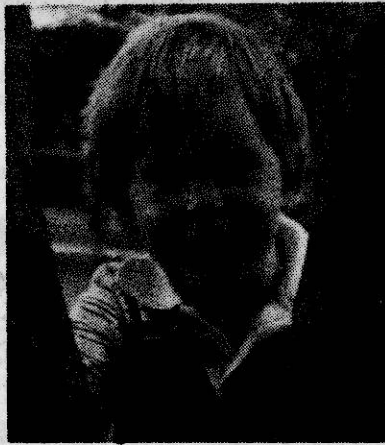

Rural communities of under 10,000 population are eligible for the funds. In the event the expected federal funds are not received by the Forestry Commission, all applicants will be notified as soon as possible.

Application forms may be secured from Curt Fulgham, Fire Control Forester, 908 Robert E. Lee Building, Jackson, Miss. 39201, or from Commission District Offices at Tupelo. Completed applications must be returned to Fulgham by 5 p.m., Nov. 30, 1984.

A Big THANK YOU to the People of MISSISSIPPI!

This October marks Wal-Mart's Twenty-Second Anniversary. The Wal-Mart Tradition has gone into everything we do...in every new store we've opened...and every community project we've been involved in. That Wal-Mart Tradition is "Sharing and Caring". It's been with us from the start...it's the cornerstone of "THE WAL-MART WAY". It's the way we reciprocate for the loyalty and support...for all you've given us! AGAIN—WE THANK YOU.

Wal-Mart and its 2,300 associates in Mississippi are proud to be a part of this progressive and growing state!

- ★ 28 Convenient store locations in Mississippi.
- ★ Each year, Wal-Mart awards a \$1000 scholarship to a deserving High School graduate in each of the 23 communities in Mississippi. This is an ongoing Wal-Mart program based on academic achievement and judged by local community leaders. In 1983, \$23,000 was awarded in Mississippi, and over \$454,000 throughout our trade area.
- ★ Wal-Mart is committed to a partnership with AMERICAN suppliers and products. In recognition of that, we would also like to salute our local suppliers and their associates who have been our partners and helped the people, the state and Wal-Mart to grow, by adding jobs and tax revenues for the state of Mississippi.
- ★ There are 65 Wal-Mart suppliers located in the state of Mississippi and their top quality products sell in over 700 Wal-Mart stores exceeding \$75,000,000 in purchases.

AGAIN WE SALUTE ALL OUR MANUFACTURERS AND SUPPLIERS INCLUDING THE FINE MEDIA AND SERVICE ORGANIZATIONS WE WORK WITH STATEWIDE.

MSU Homecoming Schedule Announced

With the theme "A Mississippi State of Mind," Mississippi State University will celebrate 1984 Homecoming Friday and Saturday, Oct. 12-13.

Added to the usual Friday events of pep rally, bonfire and fireworks display will be a special outdoor carillon concert at the Chapel of Memories courtyard. Music professor Gerry Collins will perform both classical and popular favorites on the 183 tower bells from 5:15-5:45 p.m.

The weekend will officially kick off at 4:30 p.m. with Army ROTC's traditional retreat - flag lowering - ceremony on the Drill Field.

A student-sponsored parade will step off at 6 p.m. at the Simrall Electrical Engineering Building parking lot, winding through campus to Five Points Intersection and the 6:30 pep rally and bonfire. Immediately following the pep rally, a fireworks display will light the sky.

After the fireworks, Atlanta-based rock bands "Generation" and "Illusion" will entertain at a free

concert at Five Points. Soft drinks and popcorn will be available.

For fans who can't get enough of MSU baseball, Coach Ron Polk's team will divide up for a 7:30 p.m. intrasquad game at Dudy Noble Field. Admission is \$2.

The Saturday schedule gets an early start with the 8:30 a.m. Bulldog 10,000-meter Run and the Two-Mile Fun Run. Both races will begin at the Humphrey Coliseum

parking lot.

At 9:30 a.m., Mitchell Memorial Library will hold an open house in its John C. Stennis Suite, followed by ceremonies recognizing the Stennis Scholars in Political Science and high school winners of the Stennis Essay Contest.

A reception honoring Mississippi's senior United States senator and 1923 State graduate will take place at 10:30.

Complete information on 1984 Homecoming can be obtained by telephoning the alumni office at (601) 325-2434.

(Continued from Page 4)

federal budget resulted from public health spending which increased about 900 percent between 1965 and 1984 as the GNP increased only about 50 percent.

Interest to prevent the federal deficit from topping the budget entirely off the wire has increased from less than \$10 billion between 1950 and 1962 to \$20 billion in 1976, \$30 billion in 1980, \$40 billion in 1982, \$45 billion this year, and a threatened doubling to \$90 billion by 1990.

To smooth out some of the uncontrolled budgetary flab, the American Farm Bureau since 1978 has called for Congress to reform entitlement laws which now mandate automatic federal spending increases.

More significantly however, a balanced budget, tax limitation amendment, and presidential veto provision are called for to shift deficit lumps back to Congress where they were born.

Ag Affairs

(Continued from Page 4)

solved that problem and seized the initiative by appointing the fiscal leaders in both houses to his committee created by executive order. The legislative leaders could hardly have refused to serve.

The most effective tax program ever put through the Legislature came about in somewhat that fashion back in 1955 when Gov. Hugh White created a joint fiscal committee of Senate and House leaders, as well as himself, to produce a revenue plan to fund the massive school organization program.

Tragically, everything has become more divisive around the Legislature and the chief executive officer in recent years, and consensus is increasingly more difficult to achieve. And we wonder why the people have less faith in their governmental institutions!

Mississippi's state tax structure is an antiquated system built upon five increases in the sales tax stacked on top of each other since 1932 and no new tax source other than legalized liquor in almost a half century.

Hopefully, there is going to be a serious effort to reshape it, not just more political rhetoric.

Parker Training At Northeast

Northeast Junior College, through funds from the State Department of Vocational Education, recently completed two industrial training classes on shop math, blueprint reading and statistical process control for Parker's new automotive connectors division plant in Booneville.

Duane Bullard, industrial services director at Northeast, said approximately 70 potential employees took part in the sessions. Classes are taught by Richard Houck and Dwight Lemmon of Parker and lasted three hours nightly for 12 nights.

"This training is very beneficial in helping to improve production and quality in the new Booneville plant, thereby strengthening Parker's position in the marketplace," Bullard said.

Natchez Trace Programs For School Groups

"Many teachers and their classes will be taking advantage of the educational opportunities offered by the Natchez Trace Parkway this school year," said Superintendent Jim Bainbridge.

Bainbridge said the interpretive program at the visitor center near Tupelo provides the opportunity for all visiting school groups to learn first-hand about the history and natural environment along the 450-mile parkway.

Exhibits in the visitor center interpret such subjects as history, nature, land use and early settlers along the Old Trace, once an Indian path, then a wilderness road between Natchez and Nashville and from 1800-1830, a highway linking the Old Southwest to the then distant Union in the east.

Observation worksheets are available to help teachers organize and evaluate their field trips through the visitor center.

A 12-minute audiovisual program presented in the visitor center auditorium tells the story of the Old Trace and its modern counterpart, the Natchez Trace Parkway. This program is available as a 16mm motion picture on a loan basis for classroom use.

Parkway interpreters also give short talks in the visitor center to scheduled groups. Two talks are available: A demonstration of cotton carding, spinning and weaving, and a talk about the "Kaintuck" boatmen and their trip down the Mississippi River and return home via the Natchez Trace.

The adjacent Beech Springs Nature Trail is a pleasant 20-minute walk through an area once covered by a primeval forest, then cleared and farmed for many generations. The 30 interpretive stops on this self-guiding trail provide an opportunity to see and learn how nature is reclaiming the land.

The 4.6-mile hiking trail between Tupelo NEED camp and the Chickasaw Village Site provides additional opportunities for nature study.

The nearby sorghum mill site and sorghum patch is also of interest. A series of interpretive signs explains the sorghum making process, from the growing of the cane through the crushing and cooking processes, to the packaging of the finished product.

Also provided are facilities and materials for day or overnight environmental educational programs. Activity plans have been prepared for school groups from kindergarten through high school.

Teachers wishing to bring their classes to the Tupelo Visitor Center to view the interpretive exhibits and orientation program or to participate in the environmental education program should call parkway headquarters at 842-1572 for reservations.

"This can be a terrific, educational and environmental experience for students and adults alike," said Bainbridge. He said it was important for the teachers to spend pre-site and post-site time with their students preparing them and relating the demonstrations and experience to their classroom studies.

There is no charge for any of these programs and all are invited to participate in this segment of the parkway interpretive program.

VOT Employer Of The Week

The Business and Office Department at the Prentiss County Vocational Technical School this week spotlights Wade Lambert and Woodman of the World and their student employee, Sherry Borden from Booneville High School and Prentiss County Vocational Technical School's Cooperative Vocational Office Training program.

Lambert has been with Woodman of the World for 20 years, and for the past 10 years has been area manager for the Top North Six Counties in Mississippi. He has been City Alderman in charge of the Street and Sanitation Department for the past 11 years.

He is married to the former Billie Sue Mason, and they have two daughters, Sheila Gann of

Booneville and Sherry Lambert of Memphis. They attend the First Freewill Baptist Church. He is a member of the Booneville Mason Blue Lodge, and a Thirty-Second Degree Scottish Rite Mason.

Sherry is the daughter of Mr. and Mrs. Bobby Borden, and a junior at Booneville High School. She attends the East Booneville Baptist Church, and is a member of the National Honor Society, FHA, Anchor Club, Math and Science Club, and the Prentiss County FBLA Chapter.

Lambert expressed his appreciation for vocational education for Booneville and Prentiss County. He said, "I am strong believer and backer of vocational education, and I am happy to be a part of this program."

Accreditation Hearings Scheduled

The Commission on School Accreditation will hold a series of public hearings during the month of October. The hearings, to be held in seven different locations, will focus on the proposed standards for a performance-based school accreditation system.

The nearest hearing locations to this area are the Oxford High School auditorium, Oct. 15, and the Armstrong Middle School auditorium, Starkville, Oct. 18.

All meetings will begin at 7 p.m. Mandated by the Education Reform Act, the proposed system

represents the results of a 10-month study by the Accreditation Task Force.

All persons interested in making comments should also bring a written copy of their statement, which will be entered into the record.

Anyone who wishes to make a comment, but is unable to attend one of the hearings, may send a written statement to: Accreditation Public Hearings, State Department of Education, Box 771, Jackson, Miss. 39205.

To J.C., Diane and Tammy
In loving memory of Randy Armstrong on his birthday Oct. 6th

"I'll lend you for a little time, a child of mine," He said,
"For you to love while he lives, and mourn when he is dead."

It may be six or seven years, or twenty-two or three,
But will you, till I call him back, take care of him for me?

He'll bring his charms to gladden you,
and shall his stay be brief,
You'll have his lovely memories as solace for your grief.

I cannot promise he will stay, since all from earth return,
But there are lessons taught down there I want this child to learn.

I've looked the wide world over in my search for teachers true.
And from the throngs that crowd life's lanes, I have selected you.

Now will you give him all your love,
Nor think the labor vain.
Nor hate me when I come to call,
To take him back again.

I fancied that I heard them say,
Dear Lord, Thy will be done.
For all the joy Thy child shall bring,
The risk of grief we'll run.

Ranked Warriors Scalp Blue Devils By 34-13

By SCOTT MCKINNEY
Sports Writer

The Pontotoc Warriors, ranked number 16 in the state, rolled up almost 300 yards of total offense as they knocked off the homestanding Booneville Blue Devils 34-13 in Keenum Stadium last Friday night.

And, although the Warriors manhandled the Devils the entire

game, Booneville coach Wayne Jones said that he was proud of his team's effort on the field. "I thought our kids played real well considering who they were playing against," Jones said. "They (Pontotoc) are so big and strong that I don't expect anyone to stop them this year."

Big and strong is right.

Pontotoc probably has the biggest high school football team in North Mississippi as the starting eleven average well over 200 pounds. Warrior running back Wesley Walls, a converted quarterback, stands 6-5 and weighs 245 pounds. Walls proved that his size and strength was no match for Booneville.

In 33-3 Loss To Gulf Coast

Lack Of Consistency Proves Costly For Tigers Again

By SCOTT MCKINNEY
Sports Writer

A lack of consistency by Northeast and a powerful attack from the nationally ranked Gulf Coast Bulldogs proved costly for the Tigers last Saturday night as the Bulldogs downed the Tigers 33-3 in Mississippi Junior College action.

Northeast head coach David Carnell said that the Tigers didn't play with any consistency against Gulf Coast and was forced into too many mistakes. "We just had our up and down moments against them," Carnell said. "Also, we could never manage much decent field position and it seemed we were backed up against the wall all night."

Three times Northeast started drives from their own one yard line as the lack of good field position plagued the Tigers all night.

Gulf Coast scored in all four quarters and rolled up more than 400 yards of total offense as they earned their fifth win in as many starts. Northeast, however, fell to 0-5 for the year.

The Bulldogs jumped on the scoreboard first when quarterback Anthony Harris passed 70 yards to receiver Dave Russell. The extra point attempt was wide and Gulf Coast led 6-0 after one period of play.

Northeast pulled within three of the 11th ranked Bulldogs when kicker Mike Dooley connected on a 27-yard field goal. But Gulf Coast would soon expand their lead over the Tigers.

The Bulldogs scored twice in the second period as Andrew Williams ran into the endzone from 27 yards

out and Perry Liles scored on a three-yard run. Gulf Coast led 20-7 at the half.

Harris got his second touchdown pass of the night when he connected with Dan Jones on a 15-yard scoring strike in the third period. Gulf Coast picked up their final score when Tracy Campbell scooted six yards for the touchdown.

Tiger quarterback Randy Burton paced the Northeast aerial attack with 5 of 12 passes complete for 63

yards. Burton also picked up 71 yards rushing for Northeast.

The Tigers return to the friendly confines of Keenum Stadium Saturday night when they host neighborhood rival Itawamba. Both the Tigers and the Indians have been suffering through some early season blues and the outcome will be up for grabs. Kickoff for the North Division rivalry is set for 7:30.

The senior runner picked up 161 yards on the night on just 16 carries for an average of over 10 yards per carry.

"He is so big and strong that just one player would have a hard time bringing him down," Jones said. "He's going to play college football somewhere and he'll be a dominating force wherever he plays."

Walls put the Warriors on the board first when he muscled into the endzone from two yards out with 38 seconds remaining in the opening quarter. The score was the result of a 9 play, 62 yard drive as Tracy Davis booted the extra point for Pontotoc to give them a 7-0 lead.

On the ensuing kickoff, Booneville returner Buddy Bartlett, who was named offensive player of the game, fumbled the ball on the Devil ten yard line and the Warriors quickly converted the miscue. Two plays later, tailback Ronald Fleming rolled into the endzone from three yards out for the score. Davis' PAT was wide and Pontotoc led 13-0 with 11:54 left in the second period.

After Booneville failed to move the football on their next possession, the Devils punted the ball back to the Warriors. But, on Pontotoc's third play from scrimmage, the ball was fumbled by quarterback Terry High and senior defensive end Alan "Bulldog" Tollison scooped up the miscue and stumbled 42 yards for the score. Tollison, who was named the defensive player of the game, put Booneville on the scoreboard with 8:39 left before the half as Rod Coggin added the extra point.

However, Pontotoc added another score in the second quarter to push them to a 20-7 lead over the Devils at the half. Walls' second touchdown, this time a one yard plunge with 5:26 in the second period, gave Pontotoc their 13 point halftime lead.

Warrior quarterback High made up for his earlier mistake in the third quarter when he scampered 54 yards for the next Warrior touchdown. Davis' PAT with 10:26 left in the period gave Pontotoc a commanding 27-7 lead.

High was responsible for the final

Pontotoc score when he passed 12 yards to split end Stacey Chewe for a touchdown. The extra point by Davis closed the Warriors scoring with 7:35 left in the third stanza.

Booneville drove 74 yards in 9 plays and got their final score when Bartlett jaunted into the endzone from 36 yards out with 6:14 left in the game. The Blue Devils try for a two point conversion was no good and the score stood at 34-13.

Coach Jones and the Devils face another tough opponent tomorrow night when they journey into Tippah County to face the Ripley Tigers.

The Devils and the Tigers have had some memorable matchups in the past and tomorrow's game promises to be no different. Many remember the Booneville-Ripley game in 1976 when both schools were battling for the Tombigbee championship. The Tigers routed Booneville in what was a mild

upset.

However, the next year, Devil Rick Coggin, whose brother Rod is now the quarterback and kicker for the Devils, booted a 37-yard field goal to give Booneville a 3-2 victory over the Tigers.

Although the Tigers are 3-1, Jones doesn't feel that they have played the calibre of teams that the Devils have. "If you look at our schedule compared to theirs, we have played all the tough teams while they haven't played any of the stronger teams yet," he said. "They did play New Albany a good game and we must be ready to go 100 per cent if we expect to accomplish anything."

Ripley head coach Larry Cole, who is the brother-in-law of Booneville defensive coach Ripley Presley, was unable to be reached for any comments on the game.

Kickoff for the battle is set for 7:30 in Ripley.

Rebels Keep Tight Rein On Burnsville Mustangs

By GREG SHOOK
Sports Writer

The Thrasher Rebels extended their record to 3-1 last Thursday night by taking a 22-6 victory over the Burnsville Mustangs.

"We could not score until we got the ball to the outside," said Thrasher coach Willie Jackson. "We feel our defense did a good job of keeping them in the hole. But they also did a good job the first half by keeping us out of the end-zone," he said.

The Rebels only controlled the ball for four plays in the first quarter, due to a tough Burnsville defense. The Mustangs gained a total of five consecutive first downs before the Rebel defense stopped them cold at their own 12 yard line.

But the Rebels jumped on the board first when quarterback Robert Shumpert took the ball in from three yards out to climax a 46-yard drive by himself and Dwight Shinault.

The Rebels went for a two-point

conversion with quarterback Alan Fugitt connecting to Shumpert from three yards out putting the score at 8-0.

The second half began with Burnsville controlling the ball for a total of 12 plays. But Shumpert took over the control again for the Rebels, marching them from their own 45 to the Mustangs 21 yard line.

Then with first down and 10 on the Mustang 21, Shumpert carried the ball into the endzone for the second Rebels' score. The PAT by Jeff Deaton was good, putting the score at 15-0.

Burnsville then put together a 61 yard drive to put some numbers on their side of the score board. The Mustangs then went for a two-point conversion, but failed, leaving the score at 15-6 in the Rebels' favor.

The Rebels took over on their own 29 yard line after a 41 yard kick by Burnsville. After the first play from scrimmage the Rebels were given the ball on the 45 yard line because of a face-masking penalty against the Mustangs.

With 5:29 left in the third quarter the Rebels were rolling again. And four plays later, with 4:40 left, Rebels running back Shinault broke loose for a 65 yard touch-down.

On a two-point conversion attempt, Shinault took the hand-off from Shumpert and went in from three yards out. This put the score at 22-6.

The Rebels gained a total of 202 yards on the ground, while gaining only 10 in the air. Shinault was the leading rusher for the Rebels with a total of 125 yards, giving him a total of 420 yards this season.

Leading Thrasher's defense was Tracy Lawson with a total of eight solo tackles and three assists. Paul McCutchen followed closely with five solo tackles and seven assists.

Penalty yardage for the Rebels came to a total of 40 yards.

Thrasher is currently tied for second place in District 1-AA play with the Okolona Cheiftains. They will be traveling to Okolona tomorrow night.

Game time is set at 7:30.

In 24-3 Rout

Chieftains Give Bearcats Very Little Competition

By GREG SHOOK
Sports Writer

The Baldwin Bearcats are looking for a replay of last year's undefeated season after moving to 4-0 on the season by knocking-off the Okolona Cheiftains 24-3 last Friday night at Latimer Park.

Both teams were undefeated and tied for the first place spot in District 1-AA going into the ball game. However, a tough Bearcat offense prevailed.

Baldwin open the scoring on their first offensive possession as quarterback Greg Tucker led his troops on a 51-yard march. The touchdown came when Tucker connected to running back Traci Grice from three yards out. The PAT attempt by Stan Scott was

unsuccessful, leaving the score at 6-0.

Baldwin started another drive to the endzone, but had to settle for three after being stopped at the Okolona 15.

Okolona then launched what looked like a touchdown drive, carrying the ball to the Baldwin 15. But a tough Bearcat defense stopped the drive with seven seconds left on the clock.

Okolona then spilt the uprights to settle for three points and the halftime score stood at 9-3.

On the Bearcat's first drive of the third quarter Tucker threw a 47-yard pass to Scott putting the ball at the Okolona 35-yard line.

Tucker then threw to Greg Lominck for the touchdown. The

conversion was a successful three-yard pass from Tucker to Grice for two points, putting the score at 17-3.

After a short Okolona drive Baldwin linebacker Ted Trollinger picked off an Okolona pass giving the Bearcats the ball in good field position. A short drive down the field and a helpful pass interference call set up another TD. Grice carried the ball in from two yards out. Scott converted on the PAT moving the score to 24-3.

"We shut down their outside running game and that was what we had been working on," said Baldwin coach Hubert Tucker.

Baldwin will face the Mooreville Troopers on their home ground Friday. Game time is set for 7:30 p.m.

CARD OF THANKS

Words can not express our thanks for the many acts of kindness and love shown to us during the long illness and death of our loved one Myrtie Davis Caver.

A special thanks to Bro. Mills for his comforting words, the singers and pianist for the beautiful music. The pallbearers and McMillans for their efficient services.

May God bless each one of you is our prayer.

CARD OF THANKS

A special thanks to friends and relatives for the many acts of kindness during my stay in the hospital three weeks at Booneville and 37 days at Memphis. For the phone calls, cards, food, gifts, visits and most of all for the prayers. May God Bless each one. Travis Barron

Devils are starting to get their injured players healthy. And they should be 100 per cent the rest of the way.

Those injured players, and the healthy ones, will get a real test tomorrow night when Booneville travels to Ripley to battle the Tigers in the "pit".

Coach Larry Cole always fields a tough team and this year is no exception. Although the Tigers have been suffering through some early season blues with injuries and such, they will give the Blue Devils a real tough challenge.

But, expect Booneville to get back on the winning track with a strong performance in Tippah County.

Booneville 26 Ripley 22

The Thrasher Rebels are for real!

The Rebs earned a hard-fought win over the Burnsville Mustangs last Thursday night in Homecoming festivities and equalled their win mark for last year.

But, Thrasher will face their toughest battle tomorrow night when they travel to Okolona to face the Cheiftans.

Okolona was one of the early favorites to capture the district crown. And, presently, the only blemish on their record is a tough loss to Baldwyn last week. But, Coach Willie T. Jackson's Rebels have only lost to Baldwyn.

I figure on the Rebs giving Okolona a tough fight tomorrow night, but the Cheiftans have the home field advantage and should take a victory.

Okolona 30 Thrasher 25

Coach Hubert Tucker and the Baldwyn Bearcats made a strong claim on the district title last week when they beat Okolona in what

was billed as one of the best games around.

But, quarterback Gregg Tucker and receiver Stan Scott laughed at the Chieftan challenge on their way to an easy win. And it looks like the 'Cats will have another laugh on this week.

Don't count the Mooreville Troopers out, however. Mooreville has been a tough team for any school to play all season and should give Baldwyn a run for their money.

However, put your money (or bananas) on the 'Cats this week.

Baldwyn 48 Mooreville 6

In what is probably the biggest game of the year for both schools, the Northeast Tigers will host the Itawamba Indians Saturday night in Keenum Stadium.

Although both teams have been suffering all fall, when they meet head-to-head, you can throw away the records and expect one good football game.

Coach David Carnell's Tigers are improving week by week and it's about time for the Tigers to break loose from their early slump. But, LJC will give the Tigers all they want Saturday night on the field.

But when the air clears, and the dust settles, expect Northeast to hold a slim edge.

NEMJC 24 LJC 21

Billy Brewer's Ole Miss Rebels will face their toughest challenge of the year Saturday when they host the Auburn Tigers.

Although the Johnny Rebs are unbeaten in four attempts, don't expect Auburn to give Ole Miss an easy time of things. But, on the other hand, the Rebels won't roll over and play dead when the Tigers invade Oxford.

My mind tells me that Auburn

(Continued from Page 2)

will gain a hard-fought win. But I have a gut feeling that Ole Miss will surprise Auburn as well as the rest of the South.

I think I'll go with the gut.

Ole Miss 29 Auburn 23

The first battle for the state championship takes place Saturday in Jackson when Mississippi State and Southern Mississippi do battle. And it should be one of the most exciting games ever between the teams.

Emory Bellard's Bullies have been running into dead ends lately after winning their first two games. And the Golden Eagles will try to tame the Dawgs and send them back to Starkville whimpering.

But, Don Smith should power MSU to an exciting victory over the interstate rivals.

Miss. State 38 USM 28

In other selected games this week, Houston will beat Shannon by 4; Georgia will beat Alabama by 8; Florida will beat Syracuse by 2; Vanderbilt will beat Tulane by 9; Miami will down Notre Dame by 1; Penn State will beat Maryland by 21; Florida State will beat Memphis State by 10; and Air Force will beat Navy by 17.

Well, the sun is setting on my column and I must return to the beach. (Also, my banana pina colada is ready).

One word of advice to all those who are planning on going out to a football game this weekend -- wear something warm! I'll think about you all as I sunbathe in the 90 degree weather on these sunny beaches. (If anyone sees my wife Broomhilda this week, tell her I'll be home soon -- As soon as I get tired of this place!)

See ya next week.

Coach Jackson Tries To Make A Point

Gators Follow Old Script
In Victory Over Bulldogs

By SCOTT MCKINNEY
Sports Writer

History has a strange way of repeating itself when Mississippi State and Florida get together for a football game.

A pattern seems to have developed over the past three years. The Bulldogs and the Gators will trade punches like sparring partners before the

Gators finally deliver the fourth quarter knockout blow.

around a 45-yard touchdown run by Florida's Lorenzo Hampton to trail 7-6 in the second quarter.

Last Saturday afternoon the pattern was the same. Leading 13-12 entering the final period, the Gators blitzed the Bulldogs for three touchdowns, one on a 62-yard punt return by Ricky Nattiel, to register a 27-12 victory before 68,186 fans at Florida Field.

Safety Tom Nichols then recovered a fumble by fullback Joe Henderson on the Gator 25 and the Bulls were in business. Six plays later, quarterback Don Smith dove into the end zone on a one-yard sneak and the Bulldogs led 12-7.

Mississippi State falls to 2-2 on the season and 0-1 in the Southeastern Conference. Florida advances to 2-1-1 and 1-0-1.

However, Florida opened their scoring brigade in the final stanza to overtake Mississippi State and earn the win.

The Bulldogs were able to take advantage of Gator turnovers in the first half en route to a 12-7 lead. The Bulldogs sandwiched two short Artie Cosby field goals

The Bulldogs will now travel to Jackson Saturday to face the Southern Mississippi Golden Eagles in an state rivalry.

Rebel Defense Comes Through
To Clinch Win Over Tulane

By SCOTT MCKINNEY
Sports Writer

The Ole Miss faithful must be wondering how long the Rebel defensive unit can hold on.

The Ole Miss defense saved the day once again as the Rebels downed the Tulane Green Wave 19-14 during Homecoming activities in Oxford last Saturday. With the win, Ole Miss has improved their record to 3-0-1, their best start since 1970.

Saturday's effort was the third consecutive week that the Rebel defense has pulled the Ole Miss offense out of the grasp of defeat. But, coach Billy Brewer said he was impressed with the entire team effort, although the win has been described as "ugly" by some.

"I can't help it if the doubters are not impressed," Brewer said. "I am impressed, and I am the one who counts."

Saturday, Ole Miss rested many players who had been listed as either "uncertain" or "doubtful"

due to injuries, as Brewer prepared for the rugged SEC schedule that lies ahead for the Rebels.

Quarterback Kent Austin had been in bed most of the week, battling the flu, but played the entire game against the Green Wave.

Austin, who completed 16 of 26 passes for 159 yards and contributed both Rebel touchdowns, said he felt the Rebels "played good at times and lacked intensity at other times."

"We'd hit spots where we were flat and then spots where we looked good," he said. "And every time we tried play-action, they (Tulane) would put on a heavy rush."

Ole Miss jumped out to an early 3-0 lead with 55 seconds left in the first quarter on a 34-yard field goal by Jon Howard. However, the Green Wave quickly began to mount a drive of their own.

Junior quarterback David McLaughlin and split end Larry Route connected on several

passes on the drive with the two hooking up on a two-yard scoring strike to give Tulane a 7-3 lead with 3:22 left before halftime.

Howard booted another field goal, this time a 32-yarder with 20 seconds left before the half, as Ole Miss pulled within one at 7-6.

With 10:39 left in the third quarter, Austin connected on a 21 yard scoring pass to Nathan Wonsley as Ole Miss began to pull ahead.

The Rebels added an insurance score early in the final period when Austin hit Steve Joyner in the endzone for a two-yard scoring strike.

Howard added both PAT's to preserve the Ole Miss victory.

Ole Miss will host SEC powerhouse Auburn Saturday afternoon in Vaught-Hemmingway Stadium in the Rebels' first Southeastern Conference battle.

The kickoff has been moved up to 11:15 a.m. so WTSS television can broadcast the game.
