## Roundup

### Three Arrested

Law authorities arrested three people early Wednesday morning and charged them with burglarizing three local churches late Tuesday night. Police arrested John Fischel, 18, of Booneville, and two juveniles, ages 14 and 15, also of Booneville. They are charged with three counts of grand larceny and breaking and entering.

The break-ins occurred at Fairview Baptist Church, East Booneville Pentecostal Church and the Booneville Church of God.

Electric guitars, cassette tape recorders, and an amplifier were stolen from Fairview and Booneville Church of God. Those items were recovered. An undetermined amount of cash was stolen from East Booneville Pentecostal Church. The money had not been recovered as of early Wednesday.

The trio were arrested inside Johnson Home Builders around 1 a.m. Wednesday. Police Officer Hubert Kitchens saw their car parked at the building. Someone had given a description of the car when it was allegedly parked outside one of the churches and officers had been alerted.

The Prentiss County Sheriff's Department assisted the police officers in making the arrests.

### Moore

### Sentenced

Michael Anthony Moore, 24, who pleaded guilty to a charge of manslaughter in the death of his father, Earnest C. Moore, 45, of Rienzi, has been sentenced to serve 17 years in prison.

Moore was sentenced Monday in Alcorn County Circuit Court. Circuit Court Judge Frank A. Russell presided.

Moore had pleaded not guilty to murder but changed the plea to guilty on the lesser charge of manslaughter.

The elder Moore was found floating in the Tuscumbia Canal, less than a mile from his home east of Rienzi, Jan. 3. He had been shot once in the chest with a small caliber weapon.

### Lights

### Installed

Flashing lights have been installed at the railroad crossing on Church Street.

The flashing lights were scheduled to be in operation Tuesday, according to Mayor Charles Crabb.

Cost of the lights was \$84,000, with the city paying \$8,411, he said.

### Election

### Tuesday

Returning officers are asked to pick up their precinct voting boxes Monday, Nov. 5, between 2-5 p.m. at the circuit clerk's office in the courthouse, according to Prentiss County Circuit Clerk Travis Cox.

Polls will be open from 7 a.m. until 6 p.m. Tuesday, Nov. 6, for people to cast their ballots in the general election.

### Budget

### Summary

A summary of the City of Booneville adopted budget for fiscal year 1984-85, showing the intended uses of general revenue sharing funds, is available at the City Hall during the hours of 8 a.m. to 5 p.m., Monday through Friday.

## One Local Race On Ballot Tuesday

By ANGELA SMITH  
Staff Reporter

When Prentiss Countians go to the polls Tuesday, Nov. 6, to cast their ballots in the general election there will be only one local race to vote on — that of fifth district school board member.

James Gargus and Mackie D. Holder are seeking the position of fifth district school board member. Holder is the incumbent.

All five election commissioner candidates are seeking election

unopposed. They are Jimmy Murphy, first district; Woodrow English, second district; Mrs. Sale Martin, third district; Cayce DePoyster, fourth district; and Larry W. Lambert, fifth district.

There will be two ballots at the North Booneville voting precinct, according to Circuit Clerk Travis Cox. One of the ballots will be for those voters eligible to vote for fifth district school board member.

Candidates for president and vice-president are: Walter F. Mondale and Geraldine Ferraro,

Democratic nominees; Ronald Reagan and George Bush, Republican nominees; David Bergland and Jim Lewis, Libertarian nominees; and Independent candidates, Larry Holmes and Gloria LaRiva, Lyndon H. LaRouche Jr. and Billy M. Davis, Mel Mason and Matilde Zimmermann, Bob Richards and Maureen Salaman, and Dennis Serrette, who is seeking election as both president and vice-president. Prentiss Countians will also vote for a U.S. Senator and a U.S. House

of Representative.

In the race for U.S. Senator, former Democratic governor William Winter is challenging Republican incumbent Senator Thad Cochran.

In the U.S. House of Representatives (first district) race, Democratic incumbent Jamie L. Whitten is being challenged by Independent candidate John Hargett.

Democratic party incumbent candidate James L. Robertson is running unopposed for Supreme

Court Judge in the Third (Northern) District, Position No. 1 and Lenore L. Prather is unopposed for Position No. 2.

The ballot also includes voting on an amendment to the state Constitution, senate concurrent resolution No. 548.

This amendment calls for the repeal of Section 109, which regulates conflicts of interests of legislators and public employees.

Polls will be open from 7 a.m. until 6 p.m.

## Ethics Amendment Controversial Issue

By ED WOODWARD  
Managing Editor

There is a proposed amendment to the Mississippi Constitution on next Tuesday's ballot. The issue is labeled Senate Concurrent Resolution No. 548. It has become one of the most controversial issues to be placed before Mississippi voters in years.

What SCR548 repeals Sections 107, 109 and 210 of the present Constitution and replaces them with a rewritten Section 109.

The present Section 107 requires open bidding for the purchase of such supplies as "stationery, printing, paper, and fuel" by the state legislature and prohibits any member of the legislature or an officer of any department of that body from being "in any way interested in such contract."

The section also requires that the governor and state treasurer approve all such contracts.

The present Section 210 prohibits any "public officer or member of the legislature" from being in-

### An Analysis

involved "directly or indirectly" in contracts with any government body on the state, district, city or county level or any board that person is serving on "during the term for which he shall have been chosen, or within one year after the expiration of such term."

And the present Section 210 deals with schools. It states that no public officer on any level of government, nor any teacher or trustee of any public school can be involved in contracts for the sale of books or any other items "to be used in any public school in this state."

Basically, what Sections 107 and 109 were meant to do was prohibit any elected or appointed public official from having business dealings with any branch of government within the state during his or her term of office, and for one year after that term.

The purpose of Section 210 was to prohibit any public school employee in the state from dealing for profit with his or her own school or any other school in the state.

In other words, Sections 107, 109 and 210 were placed in the constitution to prohibit public officials from using their positions to make money privately. They prohibited what has come to be known as a

conflict of interest.

If SCR 548 is passed, those three sections will be replaced by a new Section 109 which will prohibit any public official or public employee from contracting "with the governmental entity of which he or she is a member."

The new Section 109 also says no public official or employee "shall misuse his or her official position to obtain any pecuniary benefit for himself or herself or for any person or business with which he or she is associated."

What this new Section 109 actually means is that, if it is passed, any public official or public employee may do business with any branch of government other than the branch for which they work as long as they do not "misuse" their official position to make extra money for themselves, a relative, a friend or a business they own or work for.

The new Section 109 has widened coverage because it places "public

### The Pros

Those in favor of the adoption of SCR548 include Ronald E. Crowe, executive director of the Mississippi Ethics Commission; Sen. Howard Dyer and Rep. Charles Capps Jr., chairmen of their respective Constitution Committees; and local legislators Sen. John White and Rep. Billy McCoy. The Ethics Commission has voted to support the proposal, saying it "does provide a constitutional base upon which the Legislature can build a good 'Standards of Conduct' system."

The commission admitted that SCR 548 "did not include some measures" they considered important. But they said they have been assured by "individual

legislators" that they will "continue to refine the statutes."

"The specific provisions of SCR548 are fundamental measures that apply across the board to all public officials," the Ethics Commission said in an Oct. 24 memo. "Additional measures, wanted by different groups and publicized recently, all seem to be provisions that, if written, would apply to specific types or groups of public officials. Therefore, such measures would be better suited in the statutes rather than the constitution."

The Ethics Commission is the governmental body charged with

### The Cons

Several prominent public officials, including State Attorney General Edwin Pittman, State Treasurer Bill Cole and Biloxi Mayor Gerald Blessey have expressed vocal opposition to SCR548.

Attorney General Pittman said passage of the amendment will "put Mississippi squarely into the 'good ole boy' type of state government."

"Under the provisions of this amendment, a legislator could use the influence which comes naturally with his position to advance his personal business with protection of law," Pittman said.

"He could sell insurance policies to state agencies which must depend on the good will of legislators for their appropriations;

he could sell automobiles, equipment, supplies, legal services...in short, he could apply a form a fiscal pressure to sell his products and services."

State Treasurer Cole said, "The proposal responds to the need for clarification and less technical restriction with wider loopholes."

"This is not the direction we should go if we want to insure ethical conduct in government," Cole said.

"If there are problems with spouses of legislators who are educators in the public school systems, then an appropriate amendment of the Constitution

### Six More Plead Guilty

By ANGELA SMITH  
Staff Reporter

Six more people pleaded guilty to criminal charges last week during the October term of Prentiss County Circuit Court.

Wayne Michael and Vance Michael, both pleaded guilty to attempted arson. Their sentencing was deferred until the February term of court.

Jimmy Hamm pleaded guilty to robbery and was sentenced to serve 15 years. The charge was reduced from armed robbery. He was also sentenced to serve 10 years for burglary and larceny and five years for grand larceny. Those sentences are to run concurrently.

Henry Tyes pleaded guilty to aggravated assault and received a suspended 10 year sentence and three years supervised probation. He was also ordered to make restitution of \$225.50 to the victim plus court costs.

James Arlie Davis pleaded guilty to having less than 10 ozs. of marijuana. He was ordered to pay a \$250 fine plus court costs.

Danny Hamm, who pleaded guilty to strong arm robbery, was sentenced to 12 years.

A revocation hearing was held for Raymond Price, originally convicted of grand larceny in 1983. Because of breaking his probation, he was sentenced to serve four years in prison.

# Blue Bell Official Says Booneville Plant Will Not Be Closed Completely

By ED WOODWARD  
Managing Editor

Though some employees will be laid off for the next 90 days, the Booneville Blue Bell plant will remain operational, according to Blue Bell Boyswear Division personnel manager Kim Lassiter.

Lassiter said earlier reports that the company would be completely closing area plants during the announced temporary layoff of 700 employees were not totally correct.

He said several parts of the Tishomingo plant will be working into December and some employees

at the Booneville plant will be working past Nov. 1.

"We're not closing these plants," Lassiter said, adding that officials hope that other company divisions can transfer work to the plants.

The affected plants, which employ a total of 700--223 in Booneville are part of the Wrangler Boyswear Division. Boys and adolescent jeans and dress slacks are manufactured there.

Jeans have been, and still are Blue Bell's major product, but the company is currently moving toward the current trend of

"fashion clothing," Lassiter said. Blue Bell Wrangler is the second largest manufacturer of jeans in the world with plants in 12 states, Canada and overseas. Lassiter said Blue Bell products made abroad use American material and are sold at export only.

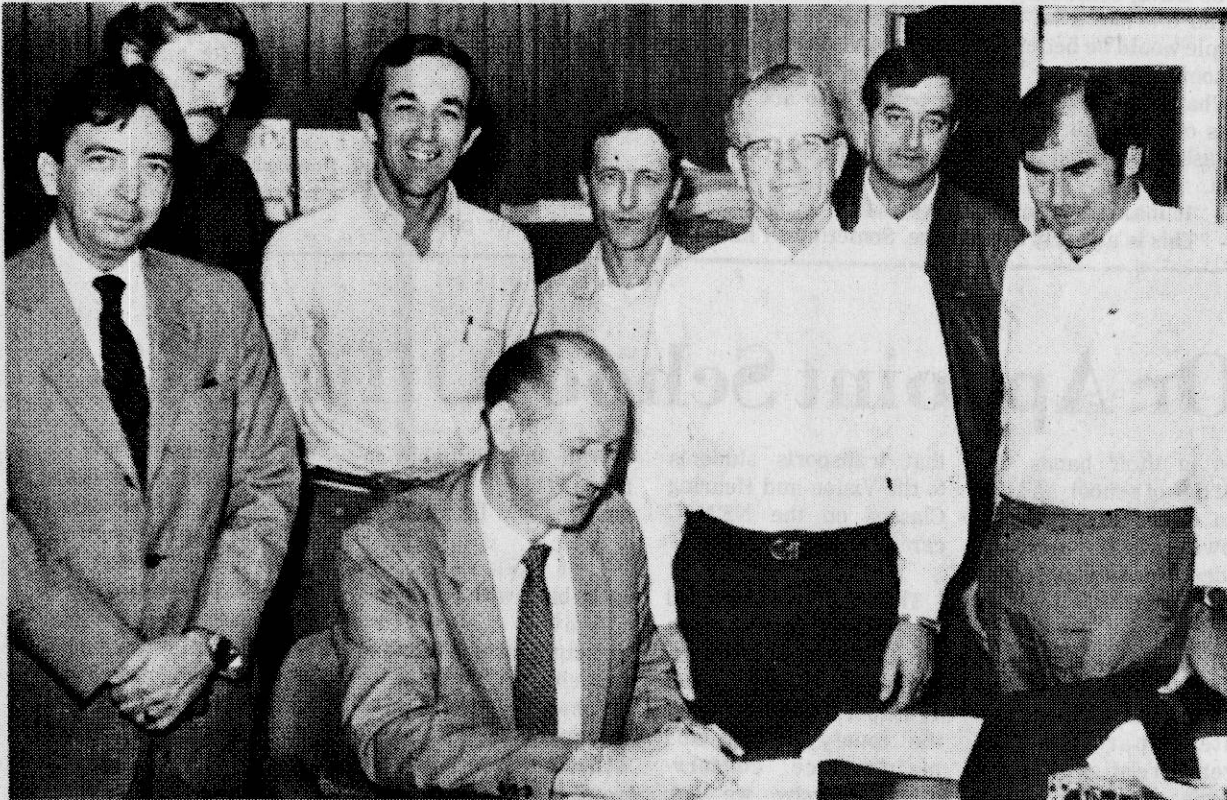

He said retailers' uncertainty about interest rates and consumer spending has caused many of them to maintain smaller inventories recently, forcing clothing manufacturers like Blue Bell to reduce production.

Increasing sales of imports have also cut into the market and hurt

American clothing manufacturers, Lassiter said. He said other boyswear division plants in states besides Mississippi will be laying off and sales operations in Tupelo and Belmont will also be affected.

Booneville Mayor Charles Crabb speaking at a Booneville Lions Club meeting Thursday, Oct. 25, said he had been told by Blue Bell officials that the local plant may be transferred to the Menswear Division.

Crabb said he is confident the company has no plans to permanently close the Booneville plant.

A 1980 Mercury belonging to Linda Holden of Starkville was reported stolen at Wal-Mart Oct. 27.

Mike Spek reported the theft of a 30-30 rifle Oct. 30.

Steve Hill of Henry Street, Booneville, reported the theft of a

booster and speaker from his 1984 Chevrolet pickup while it was parked at H&W Industries Oct. 30.

A break-in was reported at Jordan Industries Oct. 30. Two vending machines were broken into. An undetermined amount of change was taken.

An attempted break-in was reported at Wall-Snugglers Oct. 30. Subjects apparently tried to open the back door at the factory, but were unsuccessful, according to police.

## Fire Report

Arson was suspected as the cause of a fire which did extensive damage to a brick home owned by Mary Wren of Route 1, Booneville.

The fire, which began in a bedroom, occurred Oct. 24.

Deputy State Fire Marshal Mike Ivy investigated the scene Thursday of last week, but cause of the fire remains undetermined, according to Fire Chief Frank Fleming.

The Thrasher Volunteer Fire Department and Booneville firemen responded to the fire.

A kitchen fire occurred at the Clifton Wilson residence on Meadowcreek Road Oct. 30.

Cause of fire was cited as grease being left on the stove, according to fire reports.

Damage was extensive.

## Schools Closed

The Booneville Municipal Separate Schools will dismiss students the entire day on November 6, 1984.

The reason for this dismissal is for some of the buildings to be utilized in the election.

The entire staff of the district will be involved in staff development activities from 8:30 a.m. to 3:30 p.m.

## Sheriff's Report

The Prentiss County Sheriff's Department reports a total of seven arrests during the period of Oct. 22-29. Charges placed by the sheriff's department during that period include:

Intent to resale controlled substance, 2; public drunkenness, 3; possession of beer, 1; DUI, 1.

Greg Tice, 20, and Suzanne Tice, 19, both of Route 1, Booneville, were arrested and charged with intent to resale a controlled substance, according to the sheriff's department. They are free on \$2,500 bond each.

A break-in was reported at New

Site School Oct. 27. Vandalism was reported but no items were reported stolen.

James Randal Pounds of Route 1, New Site, reported that 100 gallons of gas were stolen from three combines in Pharr Town Oct. 29.

J.D. Moreland reported the theft of 35 gallons of gas from a combine in Pharr Town Oct. 29. The air was also let out of the tires.

Karen Berryhill of Route 3, Rienzi, reported a break-in at her trailer Oct. 23. Some \$160 was reported stolen, along with assorted change and silver coins. The rooms had also been ransacked.

## THE ORIGIN, MISSION, AND DESTINY OF MAN

Only the Bible goes all the way back to the beginning to tell us who we are and how we came to be here. God refers to us as man, who was created in His own image (Gen. 1:26-27). Without this background information, how would we identify who we are and where we came from?

Millions are not aware that God does have a mission or purpose for a man's life. Many think that life is for the purpose of gratifying the flesh. The real mission or purpose of life is two-fold: to glorify God and serve our fellowman (Matt. 5:16, John 15:8, Matt. 20:28). Life lived without the proper mission or purpose, is a life without any real meaning and happiness. One who lives life without due concern for spiritual matters and our fellowman is described by God as foolish (Luke 12:20).

God made man a free moral agent with the ability to choose his destiny. The destiny of man is determined by the way he lives (Gal. 6:7-8). God alone possesses the right to determine one's final destiny. Those who do not know God and do not obey the gospel, will be eternally lost (2 Thess. 1:7-9, Matt. 7:21-23, Matt. 25:41). Those who faithfully serve God will live eternally with Him (Matt. 25:34, Rev. 14:13, Rev. 22:14).

The Bible tells us who we are, where we came from, our mission here, and our ultimate destiny. Millions now living have never seriously considered what God has revealed about man in His word the Bible. What do you know about your origin, mission and destiny?

## Why Christmas Shop Early?

A season as big, as deep, as rich, as generous, as fulfilling as Christmas, takes a lot of time.

Seems like one holiday pushes in on another...upset the way Jolly Old St. Nicholas moves in on us? Christmas carols become interspersed with Alma Mater and football scores?

Every so often you hear the mild complaint, that the stores start promoting Christmas buying too early.

Consider for a moment what would happen if Christmas were really pressed behind a curtain of time and nobody could see it or feel it until the reindeers were prancing across the roof tops, the church bells were ringing and Santa was headed down the chimney.

Could you wait till then to dash off to the stores and buy presents in one big, happy, shining gulp? All twenty-five of them? Would you have time to try out every toy, touch every soft thread of a cashmere sweater, stand a half hour or so deciding which tie, which candlestick, which book? Could you gather all the goodies that make this season so wonderfully warm and fragrant and delicious? Would you? And, if you did, what would those other hundreds and hundreds of people who shop in the stores be doing? And what about the clerks? How could they possibly help you make a purchase much less show you what's available, how it works, what it does, how you use it and the many other important features? When would you hide the super surprises, bake the fruit cake, crack the nuts for the cookies, get out the red candles, tie the greenery to the door, drop a line to old friends?

The stores want you to enjoy the Christmas season...that's why you see early displays and early advertising for Christmas. The stores know it takes a lot of time...to fully enjoy a season as big, as deep, as rich, as sweet, as generous, as fulfilling as Christmas.

**PAT CARNELL** of Route 4, Booneville: "Yes. I think there will be a large voter turnout. There is a lot of interest in the election. I think Reagan will win the presidential election."

**VERLON PADGETT** of Route 2, Tishomingo: "Yes, I do. I believe a big majority will vote because they seem very interested in this election. The economy has improved some."

**JEWEL CHITTON** of Route 4, Booneville: "Sure. I think it's important to get out and vote to elect who you want. I think Reagan will win the election."

**FRANK SYKES** of 706 Maynard, Tupelo: "Yes. There's a lot of interest in the election as far as I'm concerned. I like Ronald Reagan. I believe he will win."

**MILTON GRISHAM** of 507 Adams St., Booneville: "Indeed I do. Voter participation in Mississippi and indeed in the nation is low. It's puzzling and sadly so. I'm supporting Mondale, Winter and Whitten. I'm a long-time Democrat -- a party that cares for the people."

## Ponderings

By Angela Smith

Staff Reporter

I think I'm getting old. The people I work with have been telling me that for a long time. Maybe they're right. The reason I say this is because now when I see someone's yard rolled with tissue at Halloween I think what an awful thing to do to someone. It occurs to me all the trouble the people will have getting the tissue out of the trees -- especially if it happens to rain before they are able to clean up the mess. And cleaning up a yard after it has been rolled is no easy task. It's a lot of work.

What's really bad is when someone just finishes cleaning there yard after it's been rolled, only to get it rolled again a day later. What makes people roll yards at Halloween? Inquiring minds want to know.

I did a mini survey and here are some of the replies.

-- "I rolled the principal's yard just for fun. It's the Halloween thing to do."

-- "I rolled my friend's yard because he rolled mine first."

-- "It's fun."

-- "The person should consider it an honor to get their yard rolled."

-- "I rolled my teacher's yard because I knew she would be disappointed if someone didn't roll it. How was I to know eight other people had the same idea?"

That's just a sampling of my survey. But you probably get the general idea. People roll yards just to be doing something.

And it's like a lot of other things -- sometimes people would be better off if they didn't do anything in some cases.

What about reactions from people who are victims of yard rollers?

I asked them for responses and here's what they said.

-- "It makes me mad. Really mad."

-- "This is a yearly occurrence. Sometimes I hate

yearly occurrences."

-- "If I knew who rolled my yard I would make them pick up all the tissue paper. Then I would make them eat it."

**NOW FOR** a confession. During my younger days -- a long, long time ago -- I was guilty of rolling yards. I am deeply ashamed.

But I am happy to say I have reformed.

Maybe I had better make one more confession. Last Halloween my co-workers, Shirley, Suzann, and myself rolled the yard of another co-worker, Norma.

We did this evil deed during the daytime while Norma was at work.

We didn't roll her entire yard -- but she could tell we had been there.

She didn't speak to the three of us for an entire week. But, boy when she did...whew! That's the main reason I've reformed.

"Kindness always pays, but it pays most when it isn't done for pay."

## County School Report

By J.W. GREENE  
Prentiss County School Superintendent

Who has the authority or right to say the people of county units can't elect a Board and a Superintendent of Education that are qualified to evaluate and lead our educational system?

Dr. Frank Lovell stated in an article in the Northeast Mississippi Daily Journal last week that "the public may not be in the best position to make the decisions." I would like to ask the voters of Prentiss County to take note of comments of this type being made and to express their views on the assertion that they may

lose their rights as a voter in such matters.

The elected officials of the Prentiss County School District (Superintendent and Board) are aware of the fact that we play a small role in the actual education process of the 2,900 students, but we do know that quality education is exhibited in our schools.

The Prentiss County Schools are implementing a superior AIM Program this year. The teachers of the county wrote the plan, but the actual administration of the project was of vital importance, also. Each instructional person had a copy of the

plan in their hands the first day of school, and the data of the first 6-weeks shows what percent students achieved of the objectives taught in each subject.

Surrounding school districts have requested copies of our plan and the State Department has given Prentiss County superior ratings on the plan; thus, we are extremely proud of the outstanding job by the AIM Coordinator and teachers.

The bus system for the schools continues to improve. The county has 49 school bus routes, 3 vans with Child Development and one van

that transports students to the Vision and Hearing Classes on the NEMJC campus.

The county has entered into an agreement with the Mississippi Department of Energy and Transportation to assist the county in fuel and maintenance conservation whereby we can provide a safer and more adequate transportation system.

We have equipped a bus with a tachograph which will provide the following information: miles traveled, miles per gallon of gas, number of stops made and the speed at which the bus stopped and started.

With this valuable information, positive changes can be made.

Last week the schools were busy with Halloween Carnivals and fund raising. I want to thank all our citizens who were so liberal in their contributions to the various schools. These activities were successful because of the efforts of principals, teachers, parents and students who worked so hard.

I want to assure you that the funds will be spent according to the priorities set at each respective school. All receipts and debits will be turned in to the county office to be monitored by

the county board.

Ray Mabius has stated that all monies be turned in to the Superintendent's office to be dispersed, but a request has been sent to him asking that local schools maintain control of their respective funds raised and that they be monitored by local boards.

Kindergarten surveys were sent out from the schools recently. If you have a child who will be 5 years of age on or before September 1, 1985, please call 728-9408 and a form will be sent to you.

Continued public support of our schools is encouraged and any comments will be appreciated.

## Eyes On Mississippi

By BILL MINOR  
Syndicated Columnist

**JACKSON, Miss.** -- In an unusual show of harmony the other day, legislative fiscal leaders and Gov. Bill Allain agreed that both would use the figure of \$1.510 billion as the amount of anticipated revenue for the general fund in preparing their proposed budgets.

This, however, is perhaps the last thing the two sides will agree on when the battle of the two opposing budgets begins next January in the 1985 legislative session. For the first time, as a result of removal of legislators from the State Budget Commission, there will be both an executive budget and a legislative budget presented to the Legislature.

It remains to be seen, of course, if the lawmakers will toss Allain's budget in the trashcan and only consider the legislatively-prepared budget. In either case, however, the gut issue is not how the \$1.51 billion will be spent, but whether or not the huge fiscal problems facing the 1985 session

will be addressed.

The bottom line is that \$1.51 billion is not going to nearly meet the critical backlog of needs in state government which have been accumulating the past three years.

Taken as a whole, the demands on the state general fund to put state services back on track and catchup for no pay increases for teachers, college faculty members and state employees two out of the past three years pose a staggering \$500 million to \$750 million more than the present tax structure will yield.

Nobody around the state capitol, the Legislature and Allain included, wants to think about having to raise taxes again, just after the sales tax has been permanently pegged at 6 per cent. Many lawmakers apparently believe they "solved" the state's fiscal crisis for a long time to come with the 6 per cent sales tax.

That notion is obviously like living in a fool's paradise. All the lawmakers did by making the sales tax rate permanent in the June special session was to

avoid a colossal deficit. State agencies were still kept on starvation diets and nothing was done about the unmet needs that have been piling up.

Now, state agencies and institutions are asking for \$200 million more funding next fiscal year to catch back for the bare-bones budget this year, and cuts over the two previous years. If all the agency budgets were funded as requested, it would take \$75 million more than the expected \$125 million increase in general fund revenues next year.

That doesn't even begin to take into account catchup raises for teachers, college personnel and state employees, which carry an anticipated price tag of \$156 million.

The cause of school teachers is getting strong backing from new State Superintendent of Education Richard Boyd and the constitutionally-created State Board of Education who have sounded warnings of a severe teacher shortage because lack of pay incentive has curtailed the teacher supply. To meet this year's teacher needs

in a number of districts, the State Department has been granting emergency certificates.

The Mississippi Association of Educators has set as its goal a \$3500

across the board pay hike for each of the next two years as a catchup and to become competitive with the rest of the Southeast.

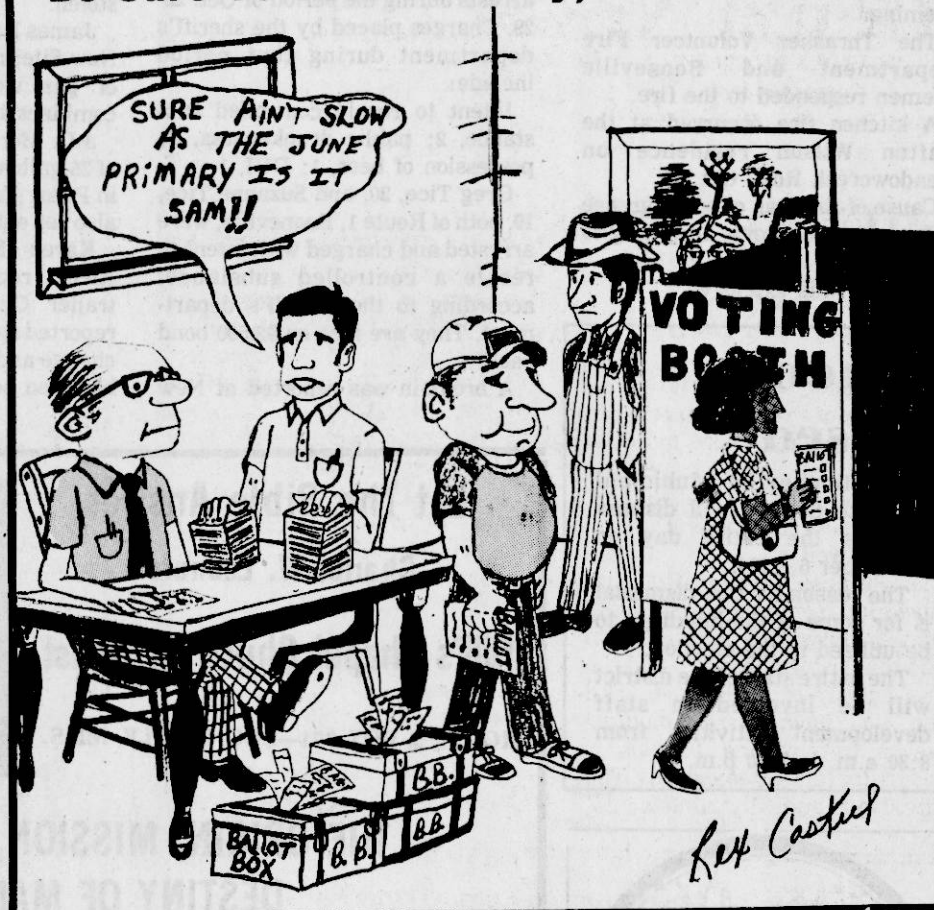

A \$3500 pay hike for teachers for one year

would carry a \$90 million price tag, all of which would have to come from additional tax revenues if the Legislature funds the

## That Yankee From Yonder

By Ed Woodward

Managing Editor

I got a very interesting letter last week. Unfortunately, we couldn't print it because it wasn't signed. In the signature block it said only, "A former Brown Shoe employee," and we do not print unsigned letters or withhold letter writers names.

The letter was in response to an announcement Prentiss County Development Association executive director Doug Mansell made at a recent PCDA board of directors' meeting. He said the Prentiss County Board of Supervisors plans to put the Brown Shoe building up for sale and they will first attempt to find another footwear manufacturer to occupy the building so that former employees would not have to retrain.

The letter writer thought such an idea ridiculous because every shoe manufacturer in the country is having the same problem with imports that forced Brown Shoe to close several plants. He or she said any footwear manufacturer who took over the building would be unlikely to offer steady work for anyone.

I showed the letter to Mansell. He explained that

the supervisors were simply honoring the request of a group of former Brown Shoe employees who had approached them.

But I agree with the letter writer. This area has long been dominated by two industries for the same reason those two industries are now abandoning the area: low wages.

I know. Brown Shoe paid pretty decent wages for this area. But, if you compare what they paid to wages paid for similar work in other parts of the country, they were getting by pretty cheaply. I know what such work pays around here because, before I started writing full time, I worked for Charm Step in Fulton.

The other industry that chose to settle in this area 40 years or more ago because it could get away with paying low wages here is clothing manufacturing. And the recent announcement by Blue Bell that it is shutting down several area plants for 90 days makes me wonder for whom that bell tolls.

In their never-ending search for cheap labor both industries are on the verge of abandoning, not only the South, but the USA altogether, and already have to some extent. Somewhere, there is always someone who will work just a little bit cheaper.

Between Brown Shoe and Blue Bell. Prentiss

County has recently lost over 600 jobs (I know. The Blue Bell layoff was described as "temporary," and it may be. But I'm not holding my breath.) Is searching for a similar industry to replace Brown Shoe progressive? I think not.

What the supervisors, the PCDA and our city officials need to do is search for more future-oriented industries like Parker-Hannifin and Southern Diversified -- industries that offer a decent wage and upgrade training for area people.

And they need to be looking for such industry now, not sometime next year after they have spent months in a vain search for another, viable, footwear manufacturer, while 400 former footwear workers collect inadequate unemployment benefits and suffer from eroded self-respect, and clothing manufacturers lay off more people.

There is no reason our unemployed cannot retrain. Parker offers such retraining at no charge to prospective employees. And so will any future-minded industry. All we have to do is find one and offer it the incentives that will make it want to locate here, as Baldwin did with SDI.

Lets move ahead; not remain in a 40-year old rut. We might have to invest something, true. But to paraphrase the commercial: "We're worth it."

## PUBLIC OFFICIALS AND LEGISLATORS OPPOSED TO THE CONSTITUTIONAL AMENDMENT

"A vote for the proposed amendment to the Constitution which will be presented on the November 6 ballot is a vote to put Mississippi squarely into the 'good ole boy' type of state government. Under the provisions of this amendment, a legislator could use the influence which naturally comes with his position to advance his personal business with protection of law. He could sell insurance policies to state agencies which must depend on the good will of legislators for their appropriations; he could sell automobiles, equipment, supplies, legal services . . . in short, he could apply a form of fiscal pressure to sell his products or services.

"We have only recently removed legislators from domination of the executive branch of government and we should not allow them now to become vendors and suppliers to the government for personal profit. I urge you to vote against the proposed amendment."

Edwin L. Pittman  
Attorney General

"The proposed constitutional amendment not only allows, but, in my opinion, encourages public officers and members of the Legislature to do business with all levels of government in the state. I fear that this amendment, if approved by the voters, will make government more responsive to a small group of individuals, businesses, and interest groups and less responsive to the general public."

Frances Savage  
State Representative  
District 59, Brandon

"I believe that a public official should avoid the appearance of impropriety as much as (s)he would steer clear of actual wrongdoing. Unfortunately, the proposed constitutional amendment poses a temptation to well-meaning public officials, especially those in the Legislature. By allowing legislators to transact business with state agencies, the possibility of a legislator receiving favorable treatment from an agency director who is concerned about his or her agency's appropriation may exist. Such treatment of a legislator may occur without him or her being aware that it has happened. Both the Legislature and the people would be better served if the amendment prohibited such a relationship."

Cy Hart Rosenblatt  
State Senator  
District 26, Jackson

"Approval of the proposed constitutional amendment would open Pandora's box. It would allow legislators to be paid fees for using their position and power over state agencies to influence state agency contracts. It would legalize what Bill Burgin was convicted for doing."

Bennie Thompson  
Member  
Board of Supervisors  
Hinds County

"As the author of the original ethics legislation adopted in the 1970's by the state legislature, I am gravely concerned that this new amendment would open the door for abuse in office.

"If there are problems with spouses of legislators who are educators in the public school systems, then an appropriate amendment of the Constitution should be written to deal with alleviating that problem without opening the flood gates for other types of contracts.

"I wish you the best of luck in the Common Cause effort to defeat this poorly drafted constitutional amendment."

Gerald Blessey  
Mayor, City of Biloxi  
Former State Legislator

"The efforts to make public office available to people from all walks of life are correct and in keeping with our democratic ideals. However, the effort to reach that goal has created the potential for wholesale profiteering from public office and the financial betrayal of the public's trust.

"Unfortunately, elections are not always won, and governmental positions are not always filled, by honorable people. With this in mind, it is important that the laws that govern the actions of our elected and appointed officials be written in a way that would prohibit them from entering into contractual situations from which they would receive financial benefits as a result of their office—financial benefits gained at the expense of the taxpayer. The proposed constitutional amendment does not meet this criterion."

Gene Taylor  
State Senator  
District 46, Bay St. Louis

"This amendment to Section 109 of the Mississippi Constitution does not go far enough, in that it will make legal things which have been and should have been unethical and illegal for elected officials to do—i.e., contract with agencies of government within their own sphere of influence. For that reason, I attempted to amend the resolution and later voted against it."

J. DeWayne Thomas

## Library Notes

By LEE DAVIS  
Librarian

George E. Allen Library

After Sunday's presentation of The History of Prentiss County, you will have available more material for tracing your family history.

Of course, it's to be hoped that you will have contributed to its writing as well.

The Prentiss County Historical Association members have worked faithfully and well for a long time to make this history possible, and the many authors of the articles with those who have shared pictures have in this volume laid up a treasure for future generations. The dedication and distribution of

Baptist Association annual meeting at Wheeler Grove Baptist church and at Biggersville First Baptist Church Monday night and Tuesday

purchased copies begins at 2 p.m. at the George E. Allen Library. The public is invited to be present.

Alcorn and Tippah Counties are neighbors who have also compiled genealogical histories and the Allen Library has these for your use.

It's a very satisfying experience to see people who have come some distance or who are back at home after a long absence find information that means so much to them.

Sometimes it happens only after long searching in many materials at many places. Their pleasure makes it worth their effort and their fascination with this pursuit is contagious. Let it happen to you!

night were Bro. Wiley Gann, Ron Coats, Jerry Palmer, Harold Palmer, Mrs. Lona Stacey, Mrs. Zelma Palmer, Mrs. Frances Bullard, Irb Benjamin, Mrs. Jane Johnson, Mrs. Faye Eldridge, Viola Presley and Mrs. Juanita Massengill.

Josh Lawson of Corinth has been spending a part of this week with his grandmother, Mrs. Louise Johnsey.

Mrs. Truman Smith of Florence, Ala., together with her grandson, David Little Jr., of Cape Girardeau, Mo., and David's fiancée, Laura, were guests of relatives and friends in town Saturday.

Many of our people were in Biggersville Saturday night for the "Rainbow of Beauties" festival. Among the girls from our community were Mitzi Gann, Karen Brown, Dana Moore, Tracey Palmer and Michele Southern.

Mrs. Louis Meinardi was at Little Brown Creek in Prentiss County Sunday for homecoming.

Mrs. Jesse C. Horne Sr. was a guest Sunday in the home of Ms. Alma Trantham in Booneville where she also visited with Mrs. Lillie Trantham of North Carolina who is visiting with relatives in this area.

Purpose Of Cancer Society Is Explained

The American Cancer Society is a voluntary organization dedicated to the control and eradication of cancer.

An important goal of the fight against cancer is to ease the impact of cancer on people. This is why the American Cancer Society conducts Service and Rehabilitation Programs to assist cancer patients and their families.

The programs provide practical help and emotional support to those who are affected by cancer. Such help and support are always given with the approval of the physician and without interfering in the physician-patient relationship.

A wide variety of services are offered depending on the needs of the patient, available funds, and local facilities.

The Prentiss County Chapter of the American Cancer Society offers its services through information, transportation, and specified medications in limited amounts.

Members of the Service and Rehabilitation Committee in Prentiss County are Carolyn Downs, 728-5360; Monta Jean Arnold, 728-5331 (ext. 218); and Becky Comer, 365-5233 or 365-2615.

Those having questions about services available are asked to call one of these local volunteers for more information.

**TEACHER OF YEAR** - Miss Mary Hobson (center) was presented a Teacher of the Year award at the First United Methodist Church in Booneville. She began teaching in 1954 when arriving in Booneville to teach Natural Sciences at Northeast Junior College. She moved here from Kansas City, Mo. She presently served as Church Librarian and has retired from teaching Elementary V-VI to set in motion the requirements of a new library. Also pictured is Mrs. Nelwyn Murphy (left), church school superintendent, who presented a gift to Miss Hobson; and C.L. Potts, pastor, who presented her the award. Special guests at the banquet were the Rev. and Mrs. Wayne Westers of Coffeeville, who led in worship through the use of clown ministry. The October Annual Teacher Appreciation Banquet gives recognition and appreciation to all Church School personnel.

Visitors can also register for free prizes at the store.

The business rents TV's, recorders, stereos, and other appliances, such as washers and dryers and furniture.

## 'J.R.' Will Host Smokeout Again

The American Cancer Society's annual observance of the Great American Smokeout, Thursday, Nov. 15, focuses public attention on cigarette smokers from coast to coast. It's their day! The Smokeout is an up-beat, good natured effort to encourage smokers to give up cigarettes for 24 hours, if only to prove to themselves that they can. Everyone enjoys watching and rooting them on while they try.

Larry Hagman, TV's "J.R.," National Chairman for the 1984 Great American Smokeout, returns for his fourth consecutive year. Last year's "Adopt A Smoker" theme was stressed by Hagman in radio and television spots in which he urged ex-smokers and non-smokers to adopt their smoker friends and provide them with lots of sympathy and understanding.

According to the American Cancer Society, in 1983, just under 36 percent of American smokers attempted to give up cigarettes on Smokeout Day. According to a survey conducted by the Gallup organization, over 8 percent succeeded for a full 24 hours. One to eleven days later over 4 percent reported still not smoking.

On Smokeout eve, Nov. 14, Mississippi ETV will air at 9 p.m. a national television special called "Breathing Easy." The one-hour variety show is geared to teens and their families. Teaching Guides are available for teachers who would like for their classes to participate in this program through the American Cancer Society, Mississippi Division, 345 North Mart Plaza, Jackson, Miss. 39201.

## Eyes

budget requests of state agencies.

Any increase for public school teachers automatically means faculties at institutions of higher learning and state employees also must get raises since they also had no increases this year.

The figure being heard for state workers and college faculty people is about 7 per cent raise, which would cost \$33 million for each category, or a total of \$66 million. Then, there is the matter of how the Legislature is going to deal with the State Highway Department, which has been getting a cut of sales tax funds that expires this year. The three-member State Highway Commission is demanding \$72 million out of general fund revenues be made available, or the highway program will grind to a virtual halt.

None of the \$1.510 billion

in anticipated general fund revenues is earmarked for highways by either the Legislative Budget Committee or the governor's Fiscal Management Board. So, the whole battle over putting general fund revenues in the highway program will have to be re-fought in the upcoming session.

Virtually no state money has been put into capital outlay at state institutions since the Federal Revenue Sharing Funds ran out three years ago, and now the state faces a monstrous backlog of \$430 million in building needs, \$375 million of that at the universities.

Unless the 1985 session launches a capital outlay program of significant size, then the infrastructure of state institutions will be in jeopardy.

## Gospel Concert At Blue Mountain

Andrus, Blackwood and Company, an award-winning seven-piece contemporary Christian band, will be appearing in concert at Blue Mountain College in Saturday, Nov. 3, at 7 p.m.

Founded in 1977 by Sherman Andrus and Terry Blackwood, they are recognized for combining the strengths of old southern gospel harmonizing, high energy black gospel and pop to create a sound that is uniquely their own.

With five top-selling albums to their credit, including the current *Step Out The Night*, they have been nominated by the National Academy of Recording Arts and Science for a Grammy, while the Gospel Music Association has honored them with several nominations for Album and Group of the Year awards.

Three Andrus, Blackwood & Company singles, 1983's "Step Out Of The Night," 1981's "Soldiers Of The Light" and 1979's "Jesus, You're So Wonderful," have reached No. 1 on national airplay charts.

Lead vocal duties as well as harmonies, the group's trademark, are shared by Sherman and Terry. In concert, they are backed by the five member "Band & Company" band on drums, keyboard, synthesizer, bass and guitar.

Tickets for the concert are \$7.50 each and may be purchased at Blue Mountain College.

The Andrus, Blackwood & Company concert is sponsored by the Blue Mountain College Admissions Office.

# VOT Employer Of The Week

Dawn Wilhite & Dr. Walter Simpson

The Vocational Business Education Department at the Prentiss County Vocational Technical School this week spotlights Dr. Walter Simpson and his student-employee, Dawn Wilhite from Booneville High School and the Cooperative Vocational Office Training Program.

Dr. Simpson is a native of Greenville, S.C., and obtained his pre-optometry education at Furman University there. He graduated from the Southern College of Optometry in Memphis.

Prior to coming to Booneville, he practiced optometry for three years in Walhalla, S.C. He was associated with the late Dr. John E. Price for 20 years until Dr. Price retired in 1972.

Dr. Simpson was a full time member of the clinical faculty at Southern College of Optometry for one year, before returning to Booneville to his original practice.

Dr. Simpson has been active in the Boy Scouts organization for over 20 years; he is past president of the Mississippi Optometry Association and served on the Mississippi Board of Optometry for 10 years. He is in the Lions Club, and he and his wife, the former Aloyce Pickett, are members of the First United Methodist Church.

Dawn Wilhite is the daughter of Mrs. Shirley Prentiss and Mr. James Wilhite. She is a senior at Booneville High School. She has been a member of the Anchor Club, National Honor Society, Pep Club, Math and Science Club, a Varsity Cheerleader, named to Who's Who Among American High School Students and to the National Honor Roll Yearbook. She attended the Rotary Leadership School last year for seniors in the area. She is a member of the Prentiss County FBLA Chapter.

BHS Band, tell me this: How do you feel? "We feel good; oh, we feel so good, uh!"

Yes, you should feel good! Congratulations for making all superiors at the Tupelo Marching Festival last Saturday.

If you missed seeing the band perform, you have a second chance coming. This Saturday they will be attending a band contest right here in Booneville. The Northeast Band Festival will be held at the Keenum Stadium and will include many great bands from this area.

The BHS Band wants to do well again but must have support. Everyone should come out and support your band and help them march on to achieve all 1's.

Thank you, fans, for supporting our Blue Devils Friday night as we rolled over Shannon 21-6. Many new faces appeared, faces which we hope to see again this week at our last home game of the season.

We need the stadium packed, especially with high school students. If the players can get bumped and bruised, the least we can do is come out and cheer them to victory against New Albany.

The PSAT was given to a majority of the juniors and some selected sophomores last week. It offers college scholarships to students who obtain high academic standings on the test. The ACT was given at Northeast October 27 to the seniors for college admission.

The Space and Drama clubs met last week. The Space Club is tentatively planning to take a trip to Six Flags over St. Louis this spring. The Drama Club had a guest speaker, Mrs. Bill Preston.

BHS Festival Night will be held on Nov. 16 at BHS. Clubs and classes will be sponsoring different activities including a jailhouse, bake sale, fortune telling, marriage booth, pie throw, dunking booth, silent auction, spaghetti supper, dart throwing, fishing booth and many other exciting activities.

On Tuesday, November 6, students will be dismissed all day of teacher in-service.

## Trooper Tells Class About DUI Law

With new emphasis being placed on the passage of legislation raising the legal drinking age to 21, law enforcement agencies are putting forth a concerted effort to educate the public about drinking, and especially, drunk driving.

Mississippi State Trooper Mansell Pruitt of Baldwin recently visited NEMJC's Deisel Mechanics class at the request of instructor Gayle Davis. Presenting a slide show and demonstration of the breath analyzer, Pruitt cited drunk driving as the "biggest killer of today's teenagers."

"We lose so many young people in our state because of drunk driving," Pruitt said. "And many times, the kids themselves are not the ones drinking. It's someone else who hits them."

The slide presentation included the actual arrest of a drunk driver by a trooper. The arrest, Pruitt explained, took place in Prentiss County.

"It's really embarrassing to be searched and handcuffed in wide

open view on a main highway," Pruitt said. "You'd be surprised how fast the word spreads on who the drunk driver was."

Explaining how costly the arrest of a drunk driver can be, Pruitt said more than \$200 in fines and eight hours in jail are minimum for the first offender. He said often licenses are revoked, leading to offenders losing their jobs and other problems at home.

To demonstrate the breath analyzer, Pruitt had several students gargle with mouthwash that contained alcohol. By blowing into the machine, students were registered as legally "DUI."

By demonstrating how sensitive the breath analyzer is and the harsh penalties arrested DUI offenders face, Pruitt, who is the district's public information officer, said he hoped the presentation would act not only as a deterrent but as an educational tool to help individuals deal with others who might have drunk driving problems.

## Northeast Dinner Theatre Is Tuesday

"The Man Who Came To Dinner," Moss Hart and George S. Kaufman's three-act play that won four awards and was the basis for a long-running television serial, will be featured in Northeast Junior College's dinner theater.

The performance for the general public is scheduled for Nov. 6 in the Mississippi Room of the Frank Haney Union.

The play takes place in a small town where a well known radio personality slips on ice and injures himself. Taking advantage of his misfortune, he commandeers the Stanley's home and turns the town into his own private catering service.

Cast members are Sam Blythe as Whitesides, Tammy Bullock as Ms. Dexter, Susan Earnest in the role of June, Nelson Hamm as John, Lorrie Henry as Sarah and Harry Holliday as Dr. Bradley.

Tracy Hardin plays the part of Ms. McCutcheon, Jay Johnson is Mr. Stanley, Ray Newburn is Richard, June Plaxco is Maggie and Blake Robertson is Banjo.

Todd Sanders takes on the role of Beverly Carlton, Tammy Sims is Miss Preen, Cindy Sizemore is

Lorraine, Susan Smith is Mrs. Stanley, Ray Sprouse plays Professor Metz, Winky Trussell is Harriet and Charlie Weeks plays Bert.

Extras are Shane Gray, David Guy, Kathy Helton, Drew Hutchinson and Tammie Morgan.

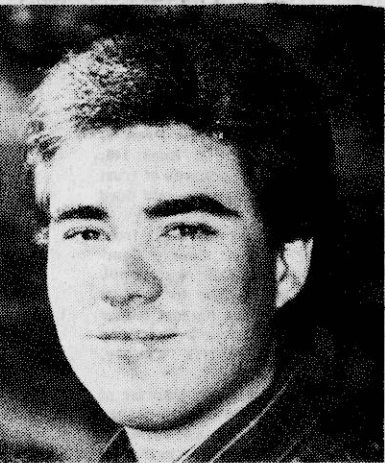

William "Murf" Jones is director of the production. The NEMJC Speech Department Chairman said this play is "one of the best things Hart and Kaufman ever did together."

Jones' assistants are Guy, Hamm, Helton and Melinda Owens. Patti Gates and Liesl Rhoades take care of makeup and Karl Duke, Greg Tyner and Donnie Waller make up the stage crew.

A buffet-style meal will include roast beef, ham, country steak and chicken, assorted vegetables, a relish try and dessert.

Admission for the meal and production is \$10.50 per person and tickets may be purchased in the NEMJC Business Office. Dinner will be served at 6:30 p.m. and curtain call is set for 7:30 p.m.

Analysis

employees", or non-elected or appointed bureaucrats under its jurisdiction. But it loosens the former prohibitions of Sections 107, 109 and 210, and, for example, allows a city alderman who owns an

office supply store to sell office supplies to the county, the state or another city, while prohibiting him from selling them to the city in which he is an official.

As with any issue brought before the electorate, voters should inform themselves of both the positive and negative aspects of that issue before going to the polls.

Pros

enforcing the present Sections 107, 109 and 210 and, if it is passed, the new Section 109.

Sen. White has urged approval of SCR548, explaining that it was "prompted by an advisory opinion from the Mississippi Ethics Commission which said that there is a conflict between the Mississippi Constitution and the Mississippi Code (state laws) regarding what interests public officials or their spouses may be involved in legally and continue to serve in office."

Sen. White said, "The Ethics Commission interpretation forbids even an indirect financial interest in business contracts between a public official and his level of government."

"For example, a county supervisor whose wife or sister is a nurse would not be able to serve if the Board of Supervisors funds the county hospital."

"Or a city alderman would not be able to serve if his wife or child is a teacher if the city partially funds the local school district."

"If strictly enforced, a great many public servants at the city, county and state level, including members of hospital commissions and school boards, would be forced to leave office and only the very wealthy would be left to serve," Sen. White said.

The senator said, if the amendment is not passed, the state would have to go to a system of "full-time legislators drawing full-time salaries."

"Unless the Constitution is altered, only the economic elite could survive (in public office)," he said.

"I might be wrong," said Rep. McCoy. "It's entirely possible that a majority of the Legislature can be wrong. And I guess you can read anything into anything."

"But the point is, if you interpret the Constitution as it has now been interpreted by the Ethics Commission, you interact on almost everybody."

"For instance, is it all right for a legislators wife to teach school? What about Homestead Exemption, a tax break for every taxpayer in the state? Every legislator benefits from that. Should they all abstain from voting on it?" asked McCoy.

"How much money affects you? Do you become a crook at \$1,000, \$2,000...at what point?"

"We live in such an intertwined society today...It's a lot easier for the (U.S.) Congress because they make \$65,000 a year. But state legislators earn \$8,100 a year. I bring home \$5,400 a year. That's a matter of record. And we do get \$44 a day expense money while we're in

session.

"You've got to have a way to feed your family. You can't just resign from society when you become a public official," McCoy said.

"The same is true for a school board member. Mr. (Booneville City School Superintendent R.D.) Griffin's wife teaches school. And for many years school board members' wives have taught school, superintendents' wives have taught school."

"My wife teaches school. As a matter of fact every legislator in this part of the country's wife teaches school. But, now, we have an interpretation that says, basically, they can't do that," McCoy said.

"A member of the board of aldermen...They furnish money to the city school system...Their wives couldn't teach there. We live in such an intertwined society that it's awful hard."

"Somewhere, you've just got to constantly look over your back and have an attorney with you to see if you're doing anything you shouldn't be if you're a business or professional person."

"Of course, this is a matter of opinion. Some good people...very fine people oppose it (SCR548). And some very fine people are for it," Rep. McCoy said.

Cons

should be written to deal with alleviating that problem without opening the flood gates for other types of contracts," said Biloxi Mayor Blessey, a former state

legislator who was involved in drafting the original ethics legislation in the 1970s.

Blessey describes SCR548 as a "poorly drafted constitutional amendment."

Common Cause of Mississippi, an organization describing itself as "a nonpartisan citizens' lobbying organization," has launched an advertising campaign and deluged the media with literature condemning SCR548.

"Taken at face value, the amendment appears commendable and worthy of support," said Paul M. Neville, vice president of the organization.

"However, its legal effect would be to radically alter permissible conduct for public officials, especially state legislators, and their dealings with state government," he said.

Neville insists that there is nothing wrong with the ethics provisions of the Constitution as they now stand. "The mere existence of a private interest contrary to the general interest is to be avoided at all costs," he said.

Neville questions whether legislators might "be more inclined to appropriate funds for expenditures if they have a legal opportunity to participate in the profits engendered by those appropriations."

He and others suggest that recent incidents of corruption for

which public officials have been convicted would be made legal under the new amendment.

In a letter to The Banner-Independent published in the Oct. 25 issue, Milton H. Grisham of Booneville, a former legislator, also stated his opposition to SCR548.

"Repeated efforts have been made by some members of the legislature during the past four years to weaken Mississippi's Ethics law but these efforts were thwarted by (the present) Section 109 of the Constitution," Grisham said.

"Instead of strengthening Mississippi's Ethics law the Constitutional amendment you are asked to support weakens our Ethics law. It will open the door to legalized corruption," he said.

"When you vote against this amendment, you are voting to keep Section 109 of the State Constitution. You are voting to prohibit a state legislator from making a profit from any contract produced by our tax dollars," Grisham said.

Tupelo attorney Gene Barton, in a letter sent to area newspaper editors, summed up the objections of those opposed to the amendment, saying, "The Legislature, through this amendment, has proposed ethical standards much less strict (Barton's emphasis) than the present 'Ethics' provision of the State Constitution."

LEGAL NOTICE

TRUSTEE'S SALE NOTICE

Pursuant to the provisions of a certain deed of trust executed by Jim Washburn on the 9th day of July, 1984, to secure certain indebtedness therein mentioned to The Peoples Bank and Trust Company, Tupelo, Mississippi, which deed of trust is duly recorded in the Chancery Clerk's Office of Prentiss County, Mississippi, in Book 148... Page 227-230, of the records of trust deeds, I will, as trustee in said deed of trust, on the 16th day of November, 1984, at the West front door of the Prentiss County Courthouse in Booneville, Mississippi, within legal hours, offer for sale, at public outcry, to the highest bidder for cash the following described property in Prentiss County, Mississippi, to-wit:

Part of the Northeast Quarter of Section 17, Township 4 South, Range 7 East, described as follows: Beginning at the Northwest corner of said Quarter and run East thence East along a fence line 886 feet for the point of beginning; run thence East along said fence line 307 feet to a stake; run thence South 150 feet to a stake; run thence West along a county road 307 feet to a stake; run thence North 150 feet to the point of beginning.

The above described land will be sold subject to a first Deed of Trust held by Depositors Savings and Loan Association in Jackson, Mississippi. I will convey only such title as is vested in me as Trustee. This the 11th day of October 1984.

**MRS. NELSON HONORED** - The Prentiss County Board of Supervisors presented Mrs. Mabel Nelson (center) with a certificate and plaque of appreciation Oct. 29. Mrs. Nelson recently retired from working at the Prentiss County Health Department where she had been a nurse for 40 years. The supervisors recognized Mrs. Nelson's service as having "reached into the far corners of Prentiss County, and touched the lives of

many thousands of citizens, both young and old alike. Individuals possessing the heart, mind and soul of Mrs. Nelson have been rare in our society and are deserving of special recognition." Also pictured are (l-r) Tommy Cadle, attorney for the board of supervisors; William L. McKinney, fifth district supervisor; H.B. Lindsey, fourth district supervisor; and J.P. Davis, third district supervisor and President of the Board of Supervisors.

## Need Should Dictate Number Of Credit Cards Held

By BONITA BRIDGES  
Area Consumer Management  
Specialist  
Mississippi Cooperative  
Extension Service

A typical American carries seven credit cards in a purse or billfold. That many cards raises a question about need. Is the card collection a convenience, an extension of credit or a combination of both? Needs such as travel, entertainment, household and family purchases all should be considered.

The two main types of credit cards are travel and entertainment and all purpose bank cards. Department stores, gas cards and chain store cards also are available.

Some things to consider in making up a credit card portfolio are the following:

- Eligibility. The issuer determines this criteria. Minimum annual income requirements range from \$10,000 to \$18,000 on regular cards. Minimum income requirements are higher for the more prestigious cards. However, some issuers in Mississippi use an analysis of "income versus

obligation" as a criteria rather than a minimum income.

- Spending limits. Does the credit card have a fixed or unfixed amount for spending? Can the spending amount be increased if the consumer can prove to be credit worthy or can it be decreased if the consumer discovers a lack of discipline in controlling spending? Prestigious cards offer a higher line of credit.

- Annual fees. Some of the annual fees for travel and entertainment cards average \$35-\$50. Gold and preferred type cards require larger fees. There isn't a fee for all purpose bank cards issued by Mississippi institutions. However, the holder may be required to pay an annual fee of \$12 to \$18 for bank cards issued by banks out of state.

- Extended payment. Will the issuer allow a partial payment extension or is the total amount due within a certain period of billing date?

- Interest. What is the APR (annual percentage rate)? In Mississippi, bank card issuers charge 21 percent interest. Interest on travel and entertainment cards varies from 18 to 21 percent.

- Billing. When is the billing date and what is the grace period in which a person can pay without paying interest? Does the consumer get a statement listing purchases or copies of purchase slips?

Keeping credit cards to a minimum helps some consumers control impulsive buying. The risk is less if lost or stolen when only two or three cards are involved. The card holder is only liable for \$50 per card for charges made before notifying the company of loss or theft.

Person using a credit card for cash advances pay a finance charge immediately.

How many credit cards should a person have in a portfolio? Only the number required to meet needs.

## Social Security & SSI Benefits To Increase

Social Security and Supplemental Security Income beneficiaries will receive an increase of 3.5 percent in the benefits check Social Security beneficiaries receive Jan. 3, 1985, and Supplemental Security Income recipients receive Dec. 31, 1984. This is the second consecutive year that benefits have been raised by 3.5 percent, said Hugh Tigrett, District Manager, Social Security, Tupelo.

This increase is made possible under the current law which states that Social Security and Supplemental Security Income checks increase automatically each year if the Consumer Price Index rises 3 percent or more over the third quarter of the previous year.

The law further provides that if this index does not rise as much as 3 percent, there would be no automatic increase.

In July, when President Reagan was advised that the low rate of inflation over the last year might not trigger the automatic raise, he asked Congress to pass legislation allowing for a raise, even though one might not be due under the present law. Congress complied.

In furnishing this information, Tigrett also said the maximum amount of annual earnings subject

## State Retail Merchants Name New Vice-President

The President of the Mississippi Retail Merchants Association, Bill Bryant, has named Spence Dye as the new Executive Vice President of the Association.

Dye is currently Assistant Vice President of Public Affairs for South Central Bell in Mississippi. He has been active in numerous civic responsibilities including having served as President of United Way and on the Board of Directors for the Jackson Chamber

of Commerce, Buy in Mississippi, Mental Health in Mississippi, Jackson Rotary Club, and is currently on the Advisory Board of BIPEC and St. Dominic Hospital, and is a member of the Mississippi Economic Council.

According to Dye, the Mississippi retail community is made up of approximately twenty-thousand businesses that are eligible for membership in the Mississippi

Retail Merchants Association.

Dye said, "If we can develop our membership to a reasonable potential, there is no limit on what can be done to develop the commercial distribution facilities for our state. It is an opportunity and a challenge that I accept with a great deal of enthusiasm and optimism."

Dye will assume the job as Executive Vice President on Jan. 1, 1985.

## Dentist Attends Atlanta Meeting

The American Academy of Implant Dentistry held its 33rd annual scientific meeting Oct. 14 in Atlanta, Ga.

Attending from Booneville was Dr. Charles D. Johnson, director of the Dental Hygiene Department at Northeast Junior College.

According to Dr. Johnson, implant dentistry concerns the use of the existing jawbone to anchor

replacement dentures.

"An added dimension to this science is the perfection of synthetic bone, which can now be used to augment deficient bone structure and replace lost bone for some periodontal patients, as well as prosthetic implant cases," he said.

Dr. Johnson said the American Dental Association recognized such

a procedure in a 1979 statement in which they declared that they no longer considered it "experimental."

Following the meeting, Dr. Johnson was joined in Atlanta by his wife and daughter. Together they attended the 125th anniversary session of the ADA at the Georgia Congress Center.

## 'Mindpower' Competition

The Board of Trustees of State Institutions of Higher Learning has announced plans for the Board of Trustees' 1985 Mindpower Scholarship Competition. A \$1,000 scholarship to be used at one of the Mississippi's eight public universities will be awarded to the winner of the writing competition.

The second place winner will receive a \$500 scholarship, and a \$250 scholarship will go to the third place winner. All prizes will be forwarded to the public university of the winner's choice.

The writing competition is open to graduating seniors enrolled in public or private Mississippi high schools for the 1984-85 academic session and who plan to attend a public university in Mississippi.

An entry should consist of a 750-1000 word prose essay on the subject "Why I Plan to Attend a University in Mississippi." All entries must be typewritten. The writer's name, school, home address, and telephone number should appear on the cover page.

Entries will be judged according to the following criteria: creative use of the theme "Why I Plan to Attend a University in Mississippi,"

clarity, coherence, control of language and grammar, originality, reasoning, and the use of relevant evidence. The decision of the judges is final and all entries become the property of the Board of Trustees.

Mail entries to: The Board of Trustees of State Institutions of Higher Learning, Post Office Box 2336, Jackson, Mississippi 39225-2336.

The deadline for entries is March 4, 1985. The names of the winners will be announced during the April, 1985, meeting of the Board of Trustees.

**THERON POUNDS HONORED** - Theron S. Pounds (left), who has worked at the Booneville Post Office 36 years, retired Sept. 28. Booneville Postmaster Jack Wright (right) presented Pounds a certificate of merit Oct. 30. Pounds served as mail carrier for Route 3 for 33 years, during which time he drove about 900,000 miles. "The thing I miss the most since retiring is the good fellowship I had with the postal employees and the good friends I've made on Route 3. I've enjoyed every bit of it,"

**CUB SCOUT OLYMPICS OVERALL WINNERS**-Overall winners in the five events of the Cub Scout Olympics held at the Northeast Junior College practice field Saturday, Oct. 27, were (left to right) Brad Enlow, Pack 26, 10-year-old division; Brian Beckham, Pack 122, nine-year-old division; and Earl Leonard, Pack 26, eight-year-old division. Enlow was 3rd in his age group in the softball throw, 2nd in pushups, 2nd in situps and 1st in the standing long jump. Beckham placed 2nd in his age group in the softball throw, 3rd in pushups, and first in situps, the standing long jump and the 50-yard dash. Leonard paced the eight-year-olds with a 1st in the softball throw, 3rd in pushups, 1st in situps and 1st in the 50-yard dash.

## Bartlett & Goddard Share Offensive Honors

# Devils Run Over Red Raiders 21-6

By SCOTT MCKINNEY  
Sports Writer

Booneville running backs Buddy Bartlett and Jimbo Goddard, who were named co-offensive players of the game, combined for over 250 of the Devils' 262 yards rushing, and scored all three Booneville touchdowns, to power the Blue Devils past the Shannon Red Raiders 21-6 in Shannon last Friday night.

Bartlett rushed for 68 yards on 13 carries and scored two touchdowns to give Booneville their third win of the year and their second in a row.

Booneville coach Wayne Jones said the performance of the two runners really came at an important time. "Our running game hasn't been everything we would like for it to be in the last few weeks," Jones said. "Those guys

did a great job running the football and the line really blocked well.

"I thought our offense got on track tonight and the whole team just played with a lot of spirit and desire," he said.

It looked as if the Devils would gain their first score early in the game when the Red Raiders fumbled the opening kickoff to the Devils on their own 31-yard line.

Goddard got 11 yards up the middle on Booneville's first play from scrimmage. But that would be all they could manage on the Raider defense.

Three plays later on fourth down from the 17-yard line, Booneville lined up for an apparent field goal, but a fake was called and the play got nowhere.

Jones said later that the Devils didn't worry about the broken play, even though it ended without any points being registered.

"We weren't really too concerned about not getting the first down on that play. We knew we could move the ball on them and we felt like we would have other opportunities later," he said.

Things started to look bad for Booneville as Shannon took over possession of the football and marched 81 yards in 13 plays to score the game's first points. Kenny Ray Edwards scored the Red Raider tally on a five yard run. The try for the extra point was wide, but Shannon had an early 6-0 lead.

It did not take long for the Blue Devils to get on track after the Shannon score. On the Devils' next possession, Goddard went 83 yards for an apparent touchdown, but a clip back at the 45-yard line nullified the jaunt.

Seven plays later Bartlett found paydirt for Booneville from four yards out to put the Devils on the

board. Rod Coggin's PAT gave the Devils a 7-6 lead.

Bartlett got his second score in the second period as he went 36 yards for the touchdown. Bartlett's score capped a 12 play, 67 yard drive. Coggin again booted the extra point.

Goddard added the final Devil touchdown in the third quarter, scoring on a 75 yard effort in which he ran over four would-be tacklers and outran the Shannon defensive backs to paydirt. Coggin's third PAT gave the Devils their 21-6 win over the Raiders.

Booneville will face what will probably prove to be their toughest challenge of the year tomorrow night in Keenum Stadium as they host the New Albany Bulldogs. Jones said his team must be ready if they expect to win the game.

"This will be the most physical game we've played all year," he said. "Our kids have just got to get ready to play and go after them."

A lot of controversy has surrounded the game because the Bulldogs are on probation, courtesy of the Mississippi High School Athletic Association and the Booneville Blue Devils. Before the season started, it was reported to the Booneville coaching staff that the Bulldogs were practicing in full pads before the date the athletic association allows.

Booneville then inquired about the situation with the association, which, in turn, investigated the matter and discovered the allegations were true.

Athletic association director, Dr. Woodrow Marsh, placed the Bulldogs on probation, a move which could have forced the Bulldogs to forfeit the district title if they had won the district race.

But Jones feels that the probation situation won't have much affect on his players. "We can't think about that at all," he said. "We have to get ready to play football. I'm sure they will use the situation as a motivating factor, but we just have to get ready to play football."

Kickoff for the district 1, class AAA battle is set for 7:30 at Keenum Stadium.

# Mississippi Delta Trojans Rain On Northeast's Homecoming Parade

By MARC LINDSEY  
NEMJC Public Information Office

The Tigers of Northeast Junior College dropped to 0-9 on the season with a 42-7 loss to Mississippi Delta last Saturday after homecoming festivities on the Northeast campus.

Delta, now tied with East Mississippi for the North Division lead, moved up to 5-1 in the division.

From the opening kickoff, Delta established dominance defensively and offensively. Tiger quarterback Lamar Keith was hounded by the Trojan defense on every snap. Even back-up signal caller Randy Burton was ineffective against the Delta defense.

Scoring started with the first Trojan possession when fullback Jerry Clay took the ball in from the three. Rodney Fulgham booted the extra point, giving Delta a lead they

would never lose.

The Trojans scored again in the first quarter on a two-yard run by running back Nakita Johnson and another successful PAT by Fulgham.

Delta's next score came in the second period on a 12-yard run by fullback Ronnie Terrell. The extra point attempt was no good, leaving the Trojans with a 20-0 halftime advantage.

After another score by Delta's Terrell, this time on a 61-yard scamper, and a two-point conversion by tight end Chris Burford, the Tigers answered with a 21-yard touchdown pass from Keith to Ray Holloway. Mike Dooley added the PAT to top off the Tigers only score of the evening.

Delta scored another 14 points in the fourth quarter on a 60-yard run by Terrell and a one-yard keeper by

Carl Hannah.

The Tigers wrap up the season at home tonight when they host the nationally-ranked Jones Junior College at Keenum Stadium. Kickoff is set for 7:00.

# Last Second Bulldog Touchdown Gives Thrasher Rebels Third Loss Of Season

By GREG SHOOK  
Sports Writer

The Tishomingo Bulldogs handed the Thrasher Rebels their third loss of the season last Friday night in Tishomingo.

Eric Powell scored what became a controversial touchdown from two yards out, while the clock ran out, to aid the Bulldogs in their 13-7 victory over the Rebels.

The controversy started late in the fourth quarter when many of the fans and players complained to the officials that the score keeper was not turning on the clock while the Rebels had control of the football. But the main grievance came when officials stopped the clock with 0:08 left in the game. Tishomingo had control of the ball at that time on the two yard line. The officials started the clock as the Bulldogs were preparing for a final offensive play.

Then on a hand to the left side of the field with one second left Eric Powell marched into the end-zone as the horn was sounded.

Tishomingo got on the board in the first 30 seconds of play when Eric Powell took the ball on the first play from scrimmage and raced 63 yards for the score. Chris Clay added the PAT for the Bulldogs.

Thrasher matched the Bulldogs' score late in the first quarter with a 73 yard drive of their own. Dwight Shinnalt marched the ball down to the two yard line on a 13 yard carry. Quarterback Robert Shumpert then took it across the line for the Rebel touchdown.

The PAT by Jeff Deaton was good, putting the score at a 7-7 dead-lock.

The football changed hands many times before Deaton attempted a field goal from 32 yards out with only seconds left in the first half.

The field goal was no good leaving the game at a 7-7 tie.

In the third quarter Thrasher controlled the ball for an average of three plays per drive, while the Bulldogs controlled it an average of five plays per drive, showing a tough defensive stand for both teams.

The Thrasher's defense accomplished a total of three quarterback sacks—two by Alan Fuggitt and one by Paul McCutchen.

But offensively the Rebels gained only 37 yards in the third quarter, while the Bulldogs gained only 29.

In the fourth and final quarter the Rebels allowed the Bulldogs 83 yards with one drive taking up 80 yards. The Rebels also allowed the Bulldogs a total of 16 plays.

Thrasher controlled the ball 14 plays, one of which was a field goal attempt by Deaton that went wide to the left and hit the up-right.

This gave the Bulldogs their last drive in which they scored.

Thrasher combined for a total of 176 yards with 168 going to two players, Shinnalt with 91 yards rushing and Robert Shumpert with 77 yards.

On the defensive side of the ball Sean Jordan led the "Rebel Yell" defensive attack with eight solo tackles and five assists. Jordan also came up with one interception.

Paul McCutchen followed Jordan with six solo tackles and two assists plus his quarterback sack.

Delema Shumpert aided the Rebels with five solo tackles and two assists, while Alan Fuggitt combined for a total of four solo tackles, two assists and two quarterback sacks.

The Rebels, now 5-2 on the season will be facing the undefeated Iuka Cheiftains tonight at 7:30 p.m. at Latimer Park.

# Bearcats Make It Eight Wins In A Row

By GREG SHOOK  
Sports Writer

The Baldwin Bearcats made it eight in a row last Friday night as they defeated the Hatley Tigers 32-6 in Latimer Park.

The Bearcats are now ranked fourth in the Associated Press statewide small-school poll.

As usual, Greg Tucker reigned, but a new face appeared with Tucker this time. This week it was Willie Howell instead of Stan Scott making the big plays for the

Bearcats.

Tucker completed 14 of 20 passes for a total of 199 yards. The total offense for the Bearcats came to 320 yards.

Baldwin made the first strike as Tucker hit Greg Mitchell in the end-zone. The PAT was no good.

The next Bearcat score came when Tucker completed a 20 yard touchdown pass to Kevin Cole. A two point conversion failed putting the score at 12-0 Baldwin at the half.

In the third quarter the Bearcats struck again. Howell gained a total

of 121 yards, scoring from 12 yards out. Once again the two point conversion failed for the Bearcats.

Hatley got on the board next with a 17 yard run by the quarterback. The PAT was no good.

Tucker scored again for the Bearcats in the fourth quarter, this time on two yard run. Once again the two point conversion failed for the Bearcats.

The final Bearcat score came on a eight-yard run by Howell. The Bearcats PAT failed again.

The Bearcats will face the Belmont Cardinals tomorrow

night at Latimer Park. Game time is set for 7:30.

# Tell us about your heroes, ages 12 to 18.

We want to give our outstanding young people an award for their achievements and a cash savings account.

## First Bank Young Citizen Awards.

It's our third annual First Bank Young Citizen Awards, and it's our way of saying thanks to the local young people who, again and again, go that extra mile.

Young people ages 12 to 18 who live in any First Bank county are eligible. And you can nominate them. All you do is pick up a nomination form, and tell us why, in your own words, you think the young person is especially outstanding. Why you respect him or her so much.

### The boy or girl next door.

Maybe your nominee will be a young neighbor who spends his afternoons caring for and loving his elderly grandmother. Maybe he or

she is the team captain or club officer who inspires others to give their all. Or maybe the youngster who excels in school and helps with family finances. Or maybe a dedicated volunteer at the local hospital.

With so many fine young people in our communities, the possibilities are almost endless. Feel free to nominate more than one.

### Awards. Cash. Banquet.

Awards will be given in four categories—Leadership, Responsibility, Achievement-Plus and Service. And there may be as many as five awards in each category.

First place winners in each category receive a gold award and a \$400 savings account. Second place winners receive a silver award and a \$300 savings account. Third place winners receive a bronze award and a \$200 savings account. Other finalists in each category will receive a \$100 savings account. All winners

and finalists will receive certificates of achievement.

Plus all finalists, their parents or guardians, and the persons who nominated them will be guests at a special awards banquet.

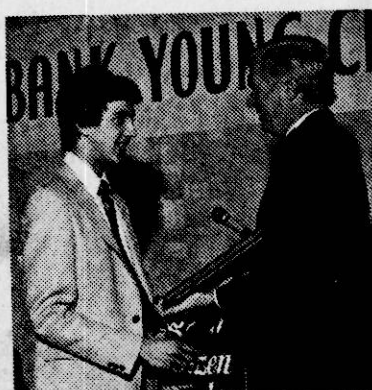

Award winners will be selected by a panel of local citizens made up of teachers, ministers, homemakers and mothers, and business and professional men and women.

### Nominate now.

Nomination forms with complete details are available now at all First Bank offices, or call us at 728-9468 to receive your forms in the mail. The deadline for this year's nomination is December 15, 1984.

Please put your thinking cap on now, and make a list of all the deserving young people you know. They work so hard every day to lead, to achieve and to give. Saying thanks is the least we can do.

## County Agent's Notes

By CLIFFORD J. HAMPTON  
County Agent

Look for new weed problems now. Sicklepod continues to spread to new fields with no new miracle herbicides becoming available soon. Wild poinsettia continues to move north. Redweed is increasing in importance. In some cases, such as sicklepod and wild poinsettia, crop rotation may be the best answer, but plan now how these problems will be controlled the next cropping season.

Pasture weed control. Smutgrass can be controlled using four pounds Dowpon M and acre on smutgrass that has not been mowed. Blackberries, dewberries

and several other perennials can be sprayed with herbicides to get control.

A mixture of two to three quarts Banvel plus four to six quarts low volatile ester 2, 4-D, plus one quart surfactant in 100 gallons water applies to wet the perennial vegetation will provide fairly good control of most species. Kudzu will be better controlled using picloram (Tordon 10K, Grazon 10K) or spray using a mixture of one gallon Banvel plus one quart surfactant in 100 gallons water. Apply 100 to 200 gallons spray an acre. It may require treatment for three years to obtain control.

Perilla mint can still kill cattle into October. Watch for areas where cattle may be confined and forced to graze the mint. Or, if perilla mint is clipped, cattle will find it attractive to eat. Either way they appear to become addicted to the weed and death occur. Perilla mint seems to thrive in low, wet shady areas.

It is not uncommon to find it along roads or under trees at the edges of pastures.

There will be a Northeast Mississippi Swing Symposium at the Hilton Inn, in Tupelo, Mississippi, Nov. 8, 1984, with registration beginning at 9 a.m.

The implications of the Tenn Tom Waterway on grain availability, recent increased grain production in the area and the impact each might have on the swine industry in Northeast Mississippi will be the interest of discussion.

The program is broad enough in design to be of interest to agribusiness firms, lending institutions and pork producers.

A \$10 preregistration fee is required which covers a noon luncheon and symposium materials.

The information given here is for educational purposes only.

For more information concerning

weed problems and control, or the county Extension office on 404 E. Church St., or call 728-5631.

## ASCS News

By C.E. CALVERT  
County Executive Director

Farmers interested in tree planting or site preparation under the Forestry Incentive Program are reminded that a sign-up will be held Nov. 5-16, 1984. The sign-up will be for all FIP practices.

The purpose of FIP is to promote production of timberland rather than being primarily a conservation program. Applications for 20 acres or more will be processed and paid for under FIP.

Applications of less than 20 acres will be processed under ACP. The cost-share rate for FIP practices will be 50 percent of cost of performing the practice. The cost-share rate for ACP is 65 percent of the cost of performing the practice.

A 20 PERCENT acreage reduction and 10 percent paid land diversion program are in effect for the 1985 upland cotton program. The 30 percent acreage reduction is necessary to prevent cotton stocks from rising to excessive levels.

Participating farmers will be eligible for federal target price protection of 81 cents per pound, land diversion payments at a rate of 30 cents per pound, and projected deficiency payments of 19.80 cents a pound. The 1985 loan rate will be determined later.

Upland cotton producers who sign up for the program may request 50

percent of their land diversion payments and 50 percent of the projected deficiency payments at that time. Farmers who accept the advance payments and later fail to comply with program requirements must refund the amount of the advance with interest plus liquidated damages.

The program participants will be required to limit their planted acreage to no more than 70 percent of their acreage base and devote an acreage of eligible cropland to approved conservation uses equal to 29.57 percent of the planted acres, plus 10 percent of the cotton base. The 1985 upland cotton acreage base will be the average of the acres planted and considered planted in 1983 and 1984.

By participating in the 1985 program, farmers will once again help control surplus stocks and strengthen prices.

The sign-up period began on October 15th. For further program details, cotton producers may contact the Prentiss County ASCS office.

PRENTISS COUNTY farmers who participated in the 1984 wheat program received \$63,514 for the paid diversion portion of their total acreage conservation reserve requirements. The land diversion payments are part of the 1984 wheat program benefits.

FARMERS ARE cautioned not to

jeopardize the farm-stored loan program by removing grain without obtaining permission. The program authorizes loans and farmers who hold their grain off the market to benefit from future price increases. The grain under loan is then stored in an approved facility on the farm or in a commercial warehouse.

Producers who are planning to move farm-stored grain under loan to make room for their 1984 grain must contact our office in advance. Those who plan to commingle their 1984 and 1983 harvests and request a loan also need to check with us first.

To help maintain the quality of grain under loan, farmers may rotate their grain as new crops are harvested. Before rotating the crops, however, they are required to obtain authorization from ASCS.

Unauthorized removal of reserve grain or grain under regular loan will result in the immediate repayment of the loan, plus interest, plus early redemption if applicable, denial of further loans and possible investigation by the Office of the Inspector General.

ONLY A few days remain to nominate farmers as candidates in the upcoming ASC community committee elections.

First duty of the newly elected community committee members will be to serve as delegates to elect new members of the county ASC committee. This is an important

duty for the farmer-chosen team of ASC community committee members.

The ASC community committee election will be conducted by mail from Nov. 23, to Dec. 3. Voters may also get ballots at the ASCS county office by turning in a total of five or more petitions, farmers in each ASC community have the opportunity to prepare the slate of nominees themselves.

Shortly after Oct. 29, all petitions will be reviewed. If 5 or more valid petitions have been received for an ASC community, the county ASCS office will prepare a slate containing the names of all eligible nominees. If less than 5 valid petitions are received for any ASC community, the incumbent county committee will add nominees needed to complete the slate.

To submit a valid petition, three or more ASC farm voters must sign a statement endorsing an eligible candidate. The statement must include certification that the nominee will serve if elected. Petitions must be dated and mailed or hand-delivered to the county ASC office no later than Oct. 29.

The opportunity to nominate, vote, and be elected to office in the upcoming ASC committee election is guaranteed to all farmers regardless of race, religion, sex, color, or national origin.

Children can learn many skills through experiences with food. They will also be more likely to try a new food if they have helped prepare it.

Experiences involving food preparation give children a feeling of independence. Cooking projects between a child and a parent or an older brother or sister can help children learn cooperation by working together. This cooperation also gives the participants an opportunity to share themselves and to respect each other.

Safety and sanitation are learned through experiences in food preparation as they scrub vegetables, wash the cooking utensils and dishes and keep their own hands clean as they handle food.

Mathematical learning can be achieved through food experiences as they measure ingredients and through timing the cooking process.

Children can learn about the sources of food and how food changes from one stage to another when it is cooked, mixed or frozen. These experiences can reinforce scientific learning.

Socialization is learned through food experiences. Children learn to share food with others, and to eat

together using table manners.

Coordination is learned by actually handling foods and utensils, measuring, setting the table with dishes and carrying food to the table.

All five senses are involved in experiences with food. Children can taste the difference in sweet, sour, salty and bitter foods. They can feel the texture of foods. They see colors in foods and how different colors go together for a more attractive food

product or meal. They can also hear how food sounds as it is eaten, such as the crunch of an apple.

If your child is interested in learning to cook, why not enroll him or her in the 4-H food and nutrition project and plan some projects in the kitchen you can work on together. You will both have fun and learn something too. Children will enjoy helping out in the kitchen if you the parent help create a good experience for them.

Home Economist's  
Notes

By PATTY K. ROBINSON  
Extension Home Economist

Sipping cider -- or apple-juice -- was, and still is, one of the nicest of the autumn traditions that we've inherited from our forefathers.

The first apple tree in this land was said to have been planted in 1629 by Governor Endicott of the Massachusetts Bay Colony. And it was probably soon after the tree produced fruit that apple cider came into use.

The cider found most frequently in our grocery stores may be labeled as "Cider," "Apple Cider," or "Sweet Cider." It is a pasteurized apple juice which is not fermented and has no alcoholic content.

You may find apple cider with cinnamon added or grape flavored apple cider or cherry flavored with real fruit extracts made from grapes and red tart cherries. These products are more expensive than "plain" apple cider.

Another kind of apple cider you may find is sometimes called Country Cider. Some stores carry it, but it is more often sold at roadside stands. This drink may be partially fermented or fermented. There are two kinds of Country Cider -- Sweet Cider and Hard Cider.

The Sweet Cider may be pure apple juice, or it may be apple juice which contains bezoate of soda to effect a slow fermentation. This still leaves a considerable amount of unchanged sugar in the liquid.

The other type of Country Cider is called Hard Cider. This is apple juice which has been allowed to ferment until all the sugar has been changed to alcohol.

In the making of cider -- or apple-juice -- the apples are first washed and trimmed. The best cider is made from several varieties of apples. Blanding the apples gives a more desirable flavor for some apples are sweet, some sour, and others bland or tart.

After the apples are ground, the pulp is placed in trays where it is wrapped in press cloths. Gradual pressure from the cider press squeezes the juice from the pulp and it is channeled into settling tanks where the sediment is removed.

Some cider is strained giving a clear amber liquid ... some is cloudy from the fine bits of apple pulp that are allowed to remain in the juice. No quality differences between the two ... it's just a matter of preference which one you'll choose.

Apple juice, left to its own inclinations, will soon turn to apple-jack, a mildly alcoholic beverage. To prevent the "turning," four methods are commonly used ... refrigeration, freezing, pasteurization and preservation by chemicals. The label must tell which has been employed.

Refrigeration is effective for one to two weeks. Frozen cider will retain its fresh flavor for at least one year. Pasteurizing is the most common method of preserving apple juice, but care must be taken in the process since too-long heating produces a cooked taste.

Try these delicious apple cider recipes!

Apple Cider Punch

Mix one quart of cider with one cup of sugar, two whole cloves and two sticks of cinnamon. Boil together for five minutes ... then serve hot or cold.

Hot Spiced Apple Cider

1/4 cup cinnamon candies (red hots)

1/2 gallon apple juice

Place candies in perculator basket. Place apple juice in pot of perculator. Perk until candies have melted. 61 servings.

## Soil Conservation

By PHIL PURVIS  
District Conservationist

What is your opinion of a good farmer?

Many people do not realize that a "good" farmer is the one who practices soil conservation. It is much more likely that most farmers in Prentiss County believe that the "good" farmer is the one who makes the most profit.

Let's think for a moment: who is the better farmer? One who is able to generate a profit in farming, but also allows his field to erode excessively. Or the farmer who generates a profit, but is also able to handle the additional complexities of a conservation cropping system.

Is it the farmer who can only work toward short-term profits? Or is it the one who manages short-term profits while also guarding the long-term productivity of his land?

Who should be considered the better farmer; one who is only concerned about his own self-interests? Or the one who can manage not only his own interests, but also has concern for his neighbors downstream as well as future generations of his family.

Let's all get concerned about the very serious soil erosion problem on sloping cropland that we have in Prentiss County. Wouldn't it be better to be a good conservation farmer instead of a good farmer.

## CB Club News

By LADY BLUE SURF

Sympathy is extended to Lady Edd and family during the death of her sister, Evelyn Thomas, who passed away in Memphis.

Blue Surf called a special meeting Thursday night to discuss plans for rehab and Christmas party. We appreciate the good crowd who turned out.

Friday and Saturday will be our roadblock for the rehab center. Members who can work Friday afternoon will work from 3-5 p.m., and Saturday from 10 a.m. until 3 p.m. Members to work will meet at Bob's Restaurant Saturday morning at 7:30. All club members are asked to help in this worthy cause. Dress in club uniforms.

Our social will be Saturday night, Nov. 3. Due to the roadblock, we will serve only soup, stew or chili. Bring bowls, crackers, or cornbread, tea or soft drinks. Everyone come and bring your crockpot and enjoy the fellowship.

Our Christmas social will be Dec. 8, at 7 p.m. at the West Side Community Center. The Timber Hills group will be our guests. Featured band will be the Country Rhythms. Women attending are asked to bring a women's gift, and men should bring a man's gift; and children should bring a child's gift.

Sympathy goes to Nurse Red Bird and family during the death of her mother, Mrs. Minnie McVey. Sympathy also goes to Dr. Red Bird and family during the death of his sister, Mrs. Lula Taylor.

Coonhunter has been moved to Unit 6, so you will need to adjust your roll call sheet.

Happy birthday to Cotton on Nov. 4, and to J.Q. on Nov. 5.

## Meetings On New Debt Program

A farm debt restructuring program for farmers experiencing severe financial difficulty will be in operation in Mississippi within three weeks, Don Barrett, State Director for the Farmers Home Administration said.

Debt restructuring is a key part of the farm credit initiatives announced by President Regan on Sept. 18, 1984, he said.

Under the program, FmHA can set aside up to 25 percent or \$20,000, whichever is less, of an FmHA borrower's debt for five years without interest. For a non-FmHA borrower, the agency can guarantee part of a new loan if the lender will write off a minimum 10 percent of the existing debt. In both cases, the goal is to restore the borrower to a positive cash flow situation.

Barrett said FmHA's field staff in Mississippi is being trained in the operational details of the new program.

Borrowers will begin receiving letters in a few days asking them to contact the FmHA County Office about an appointment to review their loan, the first step in the restructuring process, he said.

Barrett and Henry Mangum, FmHA Farmer Program Chief for Mississippi, attended a final work session with other FmHA officials from across the country in St. Louis last week.

Among options being offered currently by banks are NOW accounts, higher-interest money market checking accounts, savings accounts with limited check-writing

NOW accounts pay interest on money that, in the old days, used to sit idle. By law, banks and savings and loan associations can pay no more than 5.25 percent interest on NOW accounts. But read the fine

For example, most banks require people to maintain a minimum balance, ranging from \$500 to \$2500. If an account falls below a minimum or target balance, people may be subject to a service charge. Therefore, any checking account

If the average daily balance is lower than the minimum balance a bank requires, perhaps old-fashioned may be best. Checking

Here's a checklist to help consumers compare services:

- What are the minimum balances, minimum deposits, per-check and other service charges? Will these be changed in the near

- Is all or only part of the money federally insured?
- Are there penalties for early withdrawal? Is bank approval necessary to close out a savings account tied to a NOW account?

A black and white photograph of a can of WD-40. The can is cylindrical with a dark body and a lighter-colored label. The label features the 'WD-40' logo in large, bold letters. Below the logo, there is a list of uses: '• Rust Remover', '• Moisture Displacer', '• Lubricates Rusted Hinges', and '• Cleans Sticky Mechanisms'. The can is positioned in the lower right corner of the advertisement.

# THOUGHT FOR THE WEEK:

## Sleep On, Silent American

Sleep on, silent American. Turn your ears away from the dissonant clamor of the mob in the street, the wail of a starving child. Sleep on, silent American. If your six and ten newscast shocks your sensibilities too much, or if tomorrow's headlines frighten you, just don't look.

Sleep on, silent American. Don't worry about the student protestors who are commandeering administration buildings and bombing banks and exalting false gods. Sleep on silent American. Do not concern yourself with the problems of the cities. Ignorance and disease and poverty are part of life itself. Even Christ Himself said, "The poor, you shall have with you always."

Sleep on, silent American. Don't pay any attention to all you read and hear about the pollution and destruction of our natural resources. It's all just a scare-tactic thought of by some politicians to push their own programs through Congress. Don't worry about the pollution of our air or the pollution of our minds. Sleep on, silent American. Don't be intimidated by your children, either. Tell your toddler to go to his room and play with his toys, but not to bother you. Your eight year old has books and games and a color TV in his room. It's not necessary for you to go into his room to hear his prayers. Let him entertain himself.

Sleep on, silent American. Tell your teen-ager to go have himself a good time. Throw him the car keys and give him a twenty-dollar bill. But don't ask him where he is going. That would be a violation of his privacy and infringement on his rights. Don't even question his judgement. Never ask for an explanation of how he spends his spare time or who he runs

around with or why he stayed out all night. Don't look to see what he's reading. Never ask him who his heroes are. Don't require him to work and earn his own money. You remember the lean times when you were a boy, and you're going to make sure that your own child never has to do without anything. Protect him from responsibility and hard work and don't force him to make decisions for himself.

Sleep on, silent American. Do not bestir yourself to the polls on election day. We hear that Politics is a rotten mess anyway, and you're better off to stay out of it. Don't tire yourself with any serious thing. Just listen to the opinions of others and emulate them. Never be seen with your hand over your heart and resist that nagging urge to put up an American flag on your front lawn. Continue to applaud nudity in the theater and pornography and filth on the newsstands. This is the new morality, haven't you heard?

Sleep on, silent American. Go to the golf course on Sunday morning. You've worked hard all week and you deserve a little time off to relax and enjoy yourself. Of course, on your way to the greens you might drop the kids off at Sunday School and give them a quarter to drop into the collection plate. Let peace and tranquility be the desire of your day. Lie back in the hammock of complacency and inhale the amnesia of indifference.

Sleep on, silent American. You have everything to lose.

"Blessed is the nation whose God is the Lord!" (Psalm 33:12)

"Righteousness exalteth a nation: But sin is a reproach to any people." (Proverbs 14:34)

The Baldwyn Bearcats are still rolling right along as they prepare to meet the Hamilton Tigers in a few weeks for the district title.  
Coach Hubert Tucker's 'Cats are again for real this year and I don't expect that the Hatley Tigers will give them too much challenge. What else can you say about Baldwyn that hasn't already been said?

The Northeast Tigers close out their season tonight at Keenum Stadium as they host the nationally-ranked Jones Jr.

College Bobcats.  
Coach David Carnell's Tigers have had their share of the blues this year and they face another challenge with the Bobcats. I really don't expect the Tigers to blow the Bobcats away, but I do think that they are going to win this football game. They don't have anything to lose and everything to gain.  
Good luck Tigers.

will down Alabama by 1; USM will down NW Louisiana by 3; Air Force will beat Army by 8; Georgia will beat Memphis State by 10; Florida will beat Auburn by 8; Purdue will down Michigan by 4; USC will beat Stanford by 9; and Boston College will beat Penn State by 3.  
Well, it's about time to go change Gork's diapers. I think that is one of the things I don't enjoy about being a papa. Other than that, it's really great to be Papa Pete instead of Pigskin Pete.  
See ya next week.

## Auburn Upsets Bullies Upset Plans With Late Score

By SCOTT MCKINNEY  
Sports Writer

Robert McGinty's last second 35-yard field goal propelled the nationally-ranked Auburn Tigers past the upstart Mississippi State Bulldogs 24-21 Saturday afternoon in Starkville.

Mississippi State had jumped out to an early 21-7 lead to give the impression they might pull the upset of the year. But Auburn fought back in the second half behind the defensive play of linebacker Gregg Carr and fullback Reggie Ware.

And, though the Bulldogs gave the Tigers more than they could handle all day, their bark ultimately proved worse than their bite.

Coach Emory Ballard said he was less than pleased with the game. "This wasn't a moral victory," just playing it close doesn't count," he said. "In the third quarter we had a couple of breakdowns and they capitalized on them."

MSU built it's first-half advantage on a pair of touchdown runs by fullback Mikel Williams and a 58-yard bomb from Smith to split end Art Mordecai.

Mississippi State continues it's SEC schedule Saturday when it hosts Alabama in Jackson.

## Vanderbilt Outguns Ole Miss For 37-20 Victory

By SCOTT MCKINNEY  
Sports Writer

The Vanderbilt Commodores, coming off of an embarrassing loss to the Georgia Bulldogs last week, rolled up 419 total offensive yards as they outmanned the Ole Miss Rebels 37-20 in Nashville Saturday.

Rebel coach Billy Brewer said his squad was literally overpowered by Vanderbilt. "We got whipped physically, and that's maybe the first time that's happened since I've been here," he said.

"All we can do is go back home and try to get ready for LSU next week," Brewer said.

Vanderbilt took an early lead when their All-SEC quarterback Kurt Paige launched a 16-yard TD pass to Carl Woods. Ricky Anderson's PAT put the Commodores out in front 7-0 in the opening period.

Ole Miss earned their first score of the afternoon on their next possession. Tailback Nathan Wonsley got the Rebel equalizer on a one yard dive and Jon Howard's extra point tied the score at 7-7.

But Vandy outscored Ole Miss 15-3 in the second period and took

a permanent lead. The Commodores first score in the second stanza came when Paige scored on a one yard keeper. Anderson again added the Vanderbilt extra point.

A bad snap on an Ole Miss punt attempt gave Vandy another score. The Rebel safety put the Commodores on top 16-7.

Vandy's final score in the quarter came when All-SEC tight end Chuck Scott hauled in a 13-yard scoring aerial from Paige. Vandy's extra point attempt failed, leaving the Commodores ahead 22-7.

But Howard's 50-yard field goal for Ole Miss as the clock ran out made the score 22-10 at the half.

Howard pulled the Johnny Rebs even closer to start the third quarter as he booted a 30-yarder for three more.

Vandy tailback Everett Crawford's 10-yard scoring run put the game away for the Commodores. Paige passed to Scott for the two-point conversion for Vandy.

Wonsley gave Ole Miss a breath of hope in the final period as he scored on a one yard plunge for the Rebels. Howard's PAT pulled Ole Miss within 10.

But, Crawford put Vandy ahead

point for Vanderbilt to end the week as they travel to Baton Rouge to face the nationally-ranked LSU Tigers.
