Roundup

Storm Damage

Damage from Tuesday morning's storm was minimal, according to Ronny Rowland, manager of the Prentiss County Electric Power Association.

"We only had one high voltage line out, on Marietta Street," Rowland said. "It was just a small, single-phase line serving eight or 10 houses on one transformer."

"We did have several trees and antennas blown over on service wires that we had to help take off. But they didn't actually have the customer out of power."

"Our men have really been busy," he said. "They started about 6:30 this morning and they worked pretty steadily until about 1:00 o'clock."

The Prentiss County Sheriff's Department and the Booneville Police Department both reported a large number of trees and limbs down, but no major damage.

Baldwyn Parade

Baldwyn's annual Christmas parade is scheduled for tonight, Thursday, Nov. 29, at 6:30.

Cash awards will be given to first, second and third place floats.

This year's theme is "A Southern Christmas."

Letters To Santa

The Banner-Independent once again plans to publish children's letters to Santa in the annual Christmas edition of the newspaper.

Any child who would like to have his or her letter published so Santa can read it in The Banner-Independent, should send the letter to Letters to Santa, The Banner-Independent, P.O. Box 269, Booneville, Miss. 38829, or bring it by the newspaper office on Main Street, across from Booneville City Hall.

Elementary school teachers in Booneville and Prentiss County are also welcome to submit for publication letters which their students have written to Santa Claus.

Only those letters received on or before Friday, Dec. 14, will be published.

More Jobless

Prentiss County's jobless rate edged up to 13.4 percent at mid-October. According to Charles Smith, Manager of the Mississippi State Employment Service, this compared to 13.3 percent in September and 10.1 percent in October, 1983.

He also said the labor force for the county rose by 140 from the previous estimate and by 570 from one year ago. The number of individuals employed was estimated to be 10,920, compared to 10,810 in September and 10,820 in October, one year ago.

Manufacturing employment in the county, estimated to be 2,760, remained stable over the month but experienced a loss of 270 from one year ago. This yearly loss was attributed primarily to the Leather and Leather Products group. Nonmanufacturing employment stood at 4,120, slightly above the previous estimate and 160 above that of one year ago.

County's 3 Superintendents Queried

Reactions To Consolidation Criteria

By ED WOODWARD
Managing Editor

Prentiss County's three school superintendents agree that the district reorganization and school consolidation criteria released last week by the Education Finance Commission will result in consolidation of area schools.

They are unsure how consolidation might affect Baldwin, but say that one district will almost certainly include the present Prentiss County and Booneville Municipal Separate School Districts.

Possibly, all or a portion of the present Baldwin Municipal Separate School District might be included. Or Baldwin could be part of a separate district including some school presently in Prentiss, Lee and Union County districts.

According to the resident school

population density guidelines in Criterion Number 4, Prentiss County will have only one school district.

The criteria state: "In all areas which have a resident school population density in excess of six resident pupils per square mile, school districts shall have at least 3,000 resident pupils, or shall encompass the total area of the county or counties in which the area lies."

The present Prentiss County School District has 2,640 pupils enrolled, plus 240 pupils released to the Booneville and Baldwin Municipal Separate School Districts, according to county school superintendent J.W. Greene.

Greene said approximately 200 of the released pupils attend Booneville schools, with the rest attending Baldwin.

Booneville school superintendent Robert D. Griffin said there are

approximately 1,100 pupils enrolled in the city's district.

With Prentiss County resident students attending school in the Baldwin District, 500, according to Baldwin Municipal Separate District superintendent Steve Clark, this would make the total county student population approximately 4,000.

With 369 square miles in Prentiss County, the resident school population density would be 10.8 students per square mile, well over the population criterion for one county-wide school district.

But, Greene said, a county-wide district still does not mean there would be only one high school for the county.

"I really think what this will do is put Prentiss County, Booneville and Baldwin in one district. But there may be more than one school," he said.

"They have not gotten into the schools per district issue, according to Dr. Lovell (EFC director Dr. Frank Lovell). They have only talked about districts thus far," Greene said.

"I think it's evident that the legislature gave Frank Lovell a blank check on how to set up consolidation. And it may be the best thing for education from the standpoint of the students. But I fail to see the validity of appointing superintendents," Greene said.

Criterion Number 1 calls for "fiscally independent school districts" (not wholly dependent on funding from county supervisors or city boards) with appointed district superintendents.

Under current law only municipal separate and special municipal separate districts have both fiscal independence and appointed superintendents, while county

districts have elected superintendents and share a portion of the county supervisors' budget.

Booneville school superintendent Griffin agrees that Prentiss County will have one school district. "And my guess would be that the people of Prentiss County would prefer two high schools," he said.

"I don't know what is going to happen to Baldwin. I haven't figured that out. But they're not safe from it. In my opinion, they're going to be changed. But just which way it's going to go, I don't know," Griffin said.

Though the Baldwin district straddles the Lee-Prentiss County Line, Criterion Number 2 states, "County and municipal boundary lines are not necessarily logical school district boundary lines."

Griffin said he feels that State

Weather Damaged

Rain and winds early Tuesday morning took their toll on some area residents. In Jumpertown, a fork broke off a pine tree and landed on the trunk of a car owned by Mauvline Tullis (photo above). Mrs. Tullis said she and a neighbor were standing on the front porch about 6:30 a.m. trying to decide whether or not

to move the car when the tree fell on it. A combination of the elements also caused an awning to collapse over the front entrance of Sadie's Variety Store in Booneville (left photo). Sadie Gault hoped to have the store open for business as usual by Wednesday. (Photos by Ken Christian and Suzann Sims)

After 45 Years

Baldwyn Implement Dealer Closing

By ED WOODWARD
Managing Editor

A Baldwin business that first opened its doors in 1939 will be closing them permanently "around the end of the year."

The Baldwin Implement Co., the franchised John Deere farm equipment dealer in Prentiss

County for 45 years, is going out of business, according to its co-owners James M. Jones and T. Charles Gower.

Jones and Gower, partners in the dealership for 23 years, said the decision was made, "because of the present agricultural economy, the outlook for the immediate future of agriculture and for personal

reasons."

The two men said, "since we have been unable to locate a buyer, we reached a decision to liquidate the business."

Baldwyn Implement Co. was organized in 1939 by Mack Jones, Jude Garner and Vance Garner.

Following World War 2, in 1946,

Jones' son, James Mack became a partner with his father.

In 1950, T. Charles Gower also became a partner, and following the death of Mack Jones in 1961, James Mack Jones and Gower became sole owners.

"Our decision to close was made with sadness and deep regret," Gower said.

"We wish to express our sincere thanks and gratitude to the people of this area who have supported the business during the past 45 years," he said.

"Contrary to the rumors, we are not closing because we are broke. We are closing to keep from going broke," Jones said.

1984 Christmas Queen, Parade Route Announced

Mrs. W.M. Murphy, 1984 Booneville Christmas Parade Marshal, announced Monday that Claire Lamb, a senior at Booneville High School, has been chosen as the city's 1984 Christmas Queen.

The Christmas Court will include, Miss Lamb, who was the Booneville Lions Club candidate; 1st Alternate Monica Canup, candidate of the Junior Auxiliary; and Cammie Sweeney, the Business and Professional Women's Club's candidate.

Mrs. Murphy also revealed final plans for Booneville's 1984 Christmas Parade, which will begin at 6 p.m., Monday, Dec. 3.

This year's parade route will include Highway 45, she said.

Beginning at the corner of North College Street and Cunningham Boulevard, the parade will proceed south on College Street to Market Street.

It will then turn west on Market Street to Main Street, south one block to Church Street, then west to Highway 45.

Parade units will then travel north on Highway 45 to The Bypass,

CLAIRE LAMB

then east and south on College to Cunningham Boulevard again.

Mrs. Murphy said all units should be at their appointed staging areas by 5 p.m., one hour prior to starting time. Floats will line up in the parking lot at the former Brown Shoe Building, by divisions.

Float divisions will be: A - Church; B - Youth; C - Schools; D - Civic; E - Commercial; and F - Miscellaneous.

"Groups walking and entries other than floats will be contacted and assigned a location for lining up," she said.

Bands are to report to the east end of Cunningham Boulevard, on North College Street, in front of the Tiger Den Restaurant, she said.

"As of today (Tuesday, Nov. 27), we have 30 floats, eight bands, several clown units and, of course,

35th Annual Goodfellows Program Is Saturday Night

The 35th annual Goodfellows Program will be held Saturday, Dec. 1, at 7 p.m. to raise money to provide Christmas baskets for needy families in Prentiss County.

This year's program will be held at the West Side Community Center in the Booneville City Park, according to Mayor Charles Crabb.

As in years past, Booneville radio station WBIP will broadcast the fund raiser.

The Goodfellows have set their goal this year at \$4,000, up \$500 from last year's goal.

This money will be used to provide approximately 400 baskets of fruits, nuts, candy and other items to needy families, Crabb said.

Prospective recipients will be screened by the Community Action Agency.

This year's entertainment will feature an all gospel singing format. Persons or groups interested in entertaining during the program should call the Rev. Larry Hill at 728-3508 or 728-4956.

In between the entertainment segments of the program, Mayor Crabb, R.J. "Piggy" Bonds, and the Rev. Larry Hill will be asking for donations to the Goodfellows Fund.

Donations may also be made at any of the local banks prior or preceding the Goodfellows Program.

Mayor Crabb is urging everyone to come out and join in the fund raiser at the Community Center. Everyone in the city and county should be involved, he said. "Whatever they give will be appreciated by the recipients," he said.

QUESTION: ASK YOUR PREACHER? This week we want to invite you to ask your preacher some questions?

If a preacher is what he ought to be he will be glad to have people ask him questions about what he believes (1 Pet. 3:15). Any preacher who ask honest people to listen to him preach is obligated to do his best to help them to see what the Bible teaches on any religious subject.

JOHNNY RICHARDSON

ASK YOUR PREACHER: 1. "How many churches did the Lord promise to build?" See Matt. 16:18; Eph. 1:22, 23; Eph. 4:4. If he says more than one ask him where you can read about them. 2. "Where you can find the name of your church in the Bible?" If it is there he will surely know where to find it. 3. "Where in the Bible were preachers ever called by the titles of REVEREND, DOCTOR, RABBI, AND FATHER?" 4. "Where does the Bible say sinners are saved by faith only? See James 2:24; Luke 13:3; Matt. 7:21. 5. "Where does the Bible say it makes no difference what a person believes just so he is honest and sincere?" See 2 Thes. 2:11-12; 2 Tim. 2:5. Jesus said, "And if the blind lead the blind, both shall fall into the ditch." (Matt. 15:14) Be sure of the doctrine whether it be of God or man. Your soul is too precious to lose.

TITLES OF DISTINCTION

Titles of distinction such as rabbi, teacher, father, pastor, reverend, doctor, etc., are used by many when referring to preachers. Such titles are used to show respect, through force of habit, through ignorance, and because some preachers have encouraged it.

Many preachers proudly wear titles of distinction because it gives them a feeling of importance and inflates their ego. The wearing of such titles has exalted the so-called clergy and degraded the common man. Preachers are also men and should not be exalted above other men. (Acts 10:25-26)

Titles of distinction have no place in New Testament Christianity. Jesus taught against their use and said, "all ye are brethren." (Matt. 23:7-12) The New Testament refers to preachers as ministers, evangelists, and preachers, but not as pastors or reverend. Peter referred to the great apostle Paul as "our beloved brother Paul. (II Peter 3:15)

If we will follow the teachings of Christ, we will never call any man by a religious title such as rabbi, father, master, pastor or reverend. We will direct our honor to God and to Christ and consider all true servants of Christ as brethren. Why not respect the authority of the scriptures and call things by Bible names?

Prentiss County Development Association Membership Drive

According to Marshall Dickerson, treasurer for the Prentiss County Development Association, the organization is currently seeking to enlarge its membership.

"One of the reasons we miss development opportunities that our neighboring counties do capitalize on is that we lack the community financial support needed to actively pursue our interests," Dickerson said.

He said development organizations in neighboring counties have much better funding than the PCDA, which must work with only \$1.20 for each resident of the county.

Per capita funding for both the Community Development Foundation in Lee County and the Corinth-Alcorn Area Chamber of Commerce is \$2.75, Dickerson said.

"In addition, Alcorn County businessmen have recently pledged over \$300,000 to help attract industries," he said.

Officials of the CAACC recently reported that they had raised \$315,000 to be used for hiring a full-time, professional industry recruiter. The money would be used to cover the recruiter's salary and expenses for the next three years.

"We need the financial support of Prentiss Countians to actively compete with such organizations

and get our share of industry and employment here," Dickerson said.

"The industrial development of Prentiss County has never been more important than today," said PCDA president John D. Haynes.

"Since November, 1982, over 600,000 square feet of new and expanded industrial work area has been added, creating 800 permanent jobs in Prentiss County. However, during this same period one major industry has permanently closed, while another is temporarily shut down," Haynes said.

"Without a county development association county-wide industry development can stagnate, and without your personal support there can be no strong Prentiss County Development Association.

"Besides industrial expansion, the PCDA works continuously for growth in the areas of agriculture, recreation and business development," Haynes said.

Both Dickerson and Haynes urged present PCDA members to renew their membership and encourage others who are not members to join the PCDA.

"Support of the PCDA means increased success in attracting new

industry and building our total payroll in Prentiss County," Dickerson said.

"It means increased assistance to local industries and businesses with loan approval and in dealing with federal or state agencies. And it means increased community development activities in agriculture and recreation to make Prentiss County a better place to live," he said.

He said membership dues cover the period from October 1984 to September 1985. Dues for an individual membership are \$25. Business membership dues are \$50, and industrial membership dues are \$100.

Dickerson said the annual PCDA Banquet is scheduled for Jan. 31, 1985, with country humorist Bobby McLamb tentatively set as the featured speaker.

He said further details will be announced later.

Street Opinion

QUESTION: Are you satisfied with the job the local law enforcement agencies are doing?

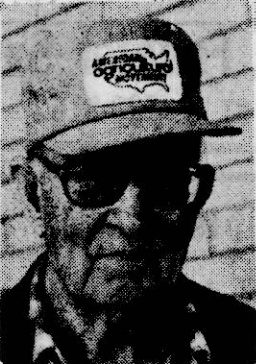

LEROY STOREY of Route 3 Rienzi: "I figure they're doing the best they can. But there's so much going on we would have to hire 90 percent of the people to stop what's going on."

BARBARA MEYER of Route 2, Rienzi: "Yes, I am. I think they're trying a lot harder than used to be. I think a lot more officers are interested in trying to protect the people."

MILLARD PIERCE of Route 4, Booneville: "I don't know if they're doing anything or not. They might be doing whatever they can - I guess they are. They can't do it all by themselves. They can catch them but I can't find out what else they're doing after that."

GLEND A OZBIRN of Route 2, Rienzi: "I'm pleased with them. I just wish they could do more. It doesn't seem like I've heard of as many break-ins lately in our area."

PATTI COLE of Route 2, Booneville: "Yes, I am, especially since the drug round-up made by Sheriff W.V. Horn. That made me proud. It made me feel that someone really cares about the problem."

CARMON OWENS of Route 2, Booneville: "No. The police department is not doing their job. They need to get rid of everybody they've got and get a new crew in."

Staff Reporter

It's announcement time, folks. Please be seated. I think it's time to purchase Christmas stamps. Believe it or not no one at the post office urged me to make this announcement.

(In fact, they probably wish I'd be quiet).

The reason I think it's time to purchase Christmas stamps is because it's time to start addressing Christmas cards and mailing them to your friends and neighbors and possibly a beloved staff reporter.

And as everyone knows, Christmas cards look more Christmasy if the envelope has a Christmas stamp on it.

However, you really shouldn't listen to me because I'm not an official expert about Christmas stamps.

For the last two years I have purchased too many Christmas stamps.

This means that I was still using Christmas stamps on any Easter cards that I sent. In fact, I was still using Christmas stamps after the Fourth

of July. It was very embarrassing. Yet I felt it was my American duty to continue using the stamps since I had them.

When I was still using Christmas stamps this summer I would try to mail the letters as quietly as possible. Like at midnight or even in broad daylight - just as long as I didn't have my return address on the envelope.

I think if I searched, I might still have one or two of last year's Santa Claus Christmas stamps. But I'll still buy some new ones...just so I'll have plenty for next summer.

CHRISTMAS decorations are already going up. Christmas lights in the city were put up Wednesday morning.

Several homes in the area which traditionally go "all out" for Christmas have their decorations out - such as the O.D. Stites home on Jacinto Road and the Johnny Cummings residence on Hatchie Street.

And there are even some Christmas trees up! I saw several Saturday night.

For those who want homemade Christmas decorations there are still several Christmas

bazaars to attend. Crossroads Methodist Church in Jumpertown will have a bazaar Saturday, Dec. 1, beginning at 8:30 a.m. in the fellowship hall. The Extension Homemakers Clubs are sponsoring a Holiday House Tuesday, Dec. 4, beginning at 10 a.m. at the Community Center and the First Freewill Baptist Church will have a holiday bazaar Saturday, Dec. 8, beginning at 9 a.m. at the church.

LETTERS. It's time to write letters to Santa Claus.

If you have children, grandchildren or little friends - encourage them to write a letter to Santa so we can publish it in The Banner-Independent's annual Christmas edition which Santa is sure to read before he begins his Christmas Eve trip.

The letters can be sent to The Banner-Independent or brought by the newspaper office which is located across from the Booneville City Hall.

The letters to Santa must be received on or before Friday, Dec. 14, in order to be published.

County School Report

Staff Development Part Of Education Reform

By J.W. GREENE
Prentiss County
School Superintendent

On numerous occasions I have mentioned the various components of the Education Reform Act of 1982 which mandates sweeping changes. Staff Development is one of those major components. Staff Development will be the mechanism by which school districts are to evaluate all components of their educational systems in terms of contributions made to the improvement of the planned program of instruction; school per-

sonnel will learn new behaviors and skills; and also the district must establish specific long range goals for improving performance, in documenting the means by which these goals are achieved, and in monitoring and reporting on the progress made toward achieving established goals.

The Prentiss County School District is compiling data and information and writing the comprehensive plan which will go into effect during school year 1985-86. Representatives of the district will be in Tupelo 3

days this week attending an intensive training session relating to the components to Staff Development.

Job Descriptions for each employee of the district are now being finalized. On-the-job performance evaluations are to be conducted soon on each employee. Information derived from these evaluations, needs assessment results, faculty meeting suggestions and Board meeting suggestions will be utilized to set goals and objectives and to plan training activities and evaluation. All personnel

employed are to be involved in staff development activities.

A District Staff Development Committee has been appointed to assist in the preparation of the plan. The Plan must be completed, approved by the board and submitted to Jackson by April 1, 1985.

A Teacher's Handbook will be distributed to all instructional personnel in May, 1985. The Handbook will explain the program, the activity schedule for 1985-86 school term, the reward system, and program implementation strategies.

District-level and building-level administrators and the district board of trustees will demonstrate continuous backing and active support of the staff development program by providing release time, participating in training sessions, conducting staff development meetings, monitoring staff performance and behavioral change, and rewarding improved performance.

All building level in-service activities will be conducted by district personnel. Mandated activities will be con-

ducted during normal working hours (an eight-hour day) in the current academic calendar.

As with other programs in the school district, we request suggestions and ideas relevant to the staff development program. We believe staff development is like learning, a life-long process, which contributes to the well-being of the individual, local school district and society, through planned programs for all employees.

If you need further information or have a question call 728-9408.

Blacks Now At Crossroads In State Politics

By BILL MINOR
Syndicated Columnist

JACKSON, Miss. -- Politically, blacks in Mississippi at this juncture face two courses - either to accept a supporting role in shoring up the ailing black-white Democratic coalition or isolating themselves from the bi-racial political decision making process.

Failing in the first instance, blacks could provide the final blow in bringing about the death of the Democratic Party

and the rise of the Republican Party as the dominant party in both state and national elections.

Adopting the second course would only expedite the realignment of political parties in Mississippi into a one-party Republican state which may already be underway as a result of the recent polarizing presidential election.

The cold reality which blacks must consider is that they represent only 30 percent of the racial

voting strength in the state, and that figure will never get any higher because of the declining black population ratio.

Actually the black voter turnout has never reached its full potential. In the Nov. 6 election, blacks cast only about 26 percent of the total vote.

This means, of course, that in any realignment of political voting patterns strictly along racial lines, whites would hold about 75 percent of the voting strength in future elections. Obviously blacks

then would have no real influence in electing candidates of their own choice, and a very unhealthy political situation would result.

Understandably, bitterness exists in the black community over the failure of State Rep. Robert Clark to get more white votes in his un-

successful 2nd Congressional District race. Clark claimed that if white Democrats had supported him he would have won easily.

What must be realized is that Mississippi whites who vote in Democratic primaries are not necessarily Democrats, or don't consider them-

selves a member of the Democratic Party. They only vote in Democratic primaries because this has been the system which controlled the mechanism of government.

While Clark could charge that his skin color

Letters

Editor:

Last year during the legislative session in Jackson, a resolution was introduced and passed in the House of Representatives to submit a referendum to legalize a state lottery in Mississippi. This was done without giving the opposition to the lottery a chance to be heard. Wiser minds prevailed in the Senate and it was defeated.

It is sure to be reintroduced to this session of the legislature. Scientific Games, Inc. of Norcross, Ga., which is a part of Bally Manufacturing, an international casino operator and manufac-

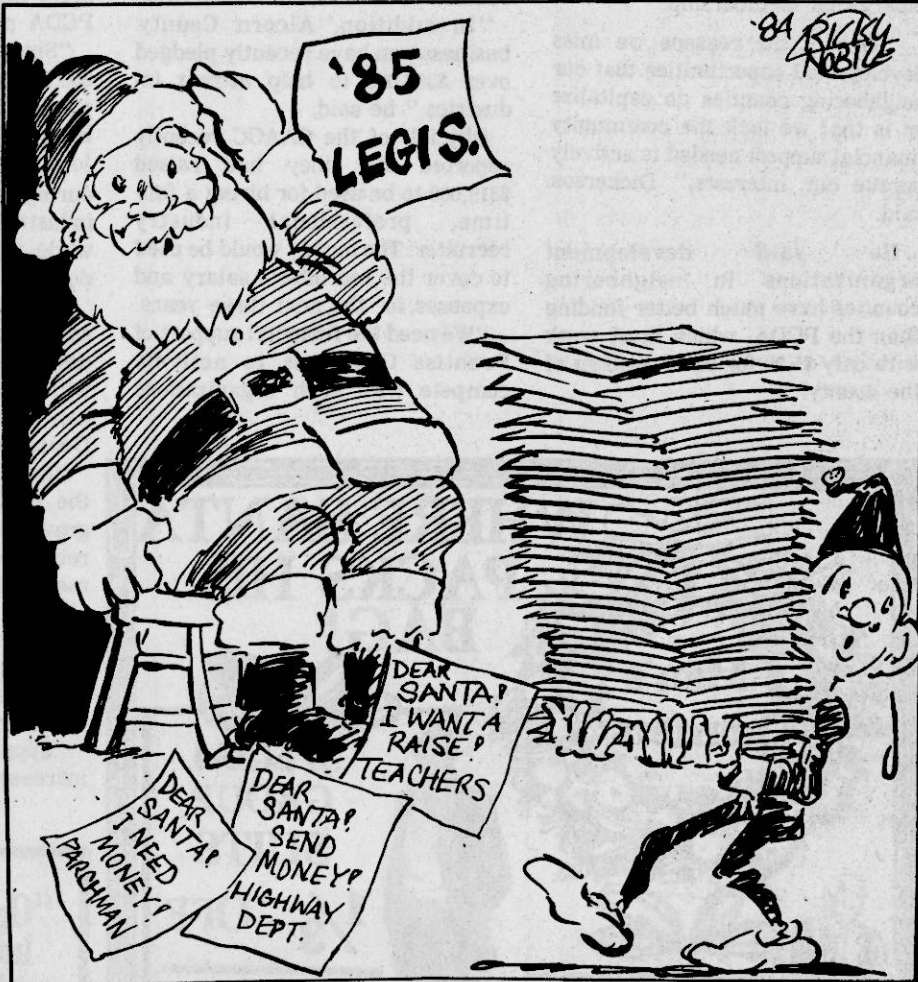

turer of slot machines, is the main force behind state lotteries. It is reported that this company spent 1.08 million dollars in California to gather signatures to put a lottery on the California ballot. They make their money by selling machines and tickets to the states who operate lotteries.

Scientific Games, Inc. testified recently in Jackson that each resident in Mississippi would spend \$63.58 to buy lottery tickets. Where is the money coming from? First, Mississippians do not have that kind of money to throw away. Second, if they did spend that much, it would have

to come from the person's savings or the money they would spend in the grocery stores, the clothing stores, the service stations, etc. It is the most regressive tax that could possibly be passed because it costs so much more to collect and benefits so few people.

One would have a better chance of getting struck by lightning than winning a lottery. The legislature could spend their time in much better ways than considering this lottery bill. Mississippians could find much better ways of spending their money than throwing it away on lottery tickets.

Sincerely,
Joe Cobb

The state legislature won't be in session until January, but debate has already started on one issue our state-level elected officials plan to consider: Sunday Blue Laws.

Apparently, something will be done because legislators are already taking sides on the issue. Sen. Con Maloney of Jackson, head of the Senate subcommittee studying blue laws, favors revising them, and Rep. Jerry Horton of Ecru, head of the counterpart House subcommittee, favors abolishing them and leaving things up to local governments.

For once, nobody appears to be in favor of ignoring the issue, normally a favorite tactic of many state legislators.

I understand this is not the first time the subject has come up. But it may be the first time the legislators do more than talk about it.

But, let's forget that Sunday Blue Laws are antiquated legislation designed for a bygone era when

people stayed home and rested on Sunday afternoon because (1) they didn't have adequate transportation to go farther than five miles, and (2) that transportation was so slow that, by the time they got there, it was time to turn around and go home.

And let's forget that, in the present era, Sunday may be the only time the whole family is together to go anywhere for shopping or entertainment, both of which are a form of rest for many people nowadays.

And let's forget that, since only small towns enforce Sunday Blue Laws anymore, everybody simply goes to the nearest large town on Sunday to spend the money they never get a chance to spend at home where all the stores are only open during the same hours they are working.

The crux of the matter is that the Blue Laws say that only "the essentials of life" can be sold on Sunday, and it's pretty hard to define, anymore, just what is an "essential of life."

Since most women almost never seem to own a pair of pantyhose that don't have runs, and that item is part of their church wardrobe, I'm sure the average woman considers pantyhose a necessity of life.

But not so, say the Blue Laws. Pantyhose can't be sold on Sunday, even in the convenience store down

the corner where you could get them before time for Sunday School.

In many families, both adults work six days a week and the only day available to wash is Sunday. And, since it's against the law to appear nude in public, clothing is obviously a "necessity of life," as well as the items necessary for maintaining it.

But can you legally buy clothing, soap powder, or even clothespins on Sunday. And can you legally keep a laundromat open on Sunday? Nay, say the Blue Laws.

If I were ever stranded on a desert island, what I would want most would be a supply of books to read. Without them I would go crazy. So, to me, books are a necessity of life. But they aren't according to the Blue Laws.

Ironically, tobacco is saleable on Sunday, and there was a time when I would have considered it a necessity of life. But, now, we all know better.

So, to me, the big question is not whether to revise or abolish the Sunday Blue Laws. Whether Sunday closings are the decision of the state legislature or local government, the question is, who is going to have the job of deciding what is, or is not a necessity of life, when no two people in the world consider the same things necessary?

Mr. & Mrs. Billy C. Tabler

Miss Cole Weds Mr. Tabler In August Double-Ring Ceremony

Shirley Sue Cole and Billy Clarence Tabler were married Aug. 11, at the First Freewill Baptist Church.

Elder Herman Clark officiated at the double ring ceremony.

Parents of the couple are Mrs. Mable Cole of Booneville and Mr. and Mrs. Forbes Tabler of Mantachie.

The bride was given in marriage by her uncles, Jerry Hill of Corinth and Carl Hill of Booneville.

The bride wore a white organza gown highlighted with chantilly lace. Tiny pearls accented the scalloped neckline and fitted bodice. The skirt, with lace appliques, and the tiered veil of illusion, swept into a cathedral train.

Oneta Cole, sister of the bride,

served as maid of honor. Bridesmaids were Star Ray, Rita Owens, Lisa Gibson, and Dee Horn. The attendants wore peach taffeta gowns.

Forbes Tabler, father of the groom, served as best man. Groomsmen were Hannon Ray, Jerry Houston, Donald Franks, and Nathan Horn. Ushers were Keith Mills and Tim Cole.

Ring bearer was Bronson Tabler. Flower girl was Bridget Pittman.

A reception followed in the church fellowship hall.

After a wedding trip to Hawaii, the couple are residing in Booneville, where she is employed at Baptist Memorial Hospital and he is Manager-Trainer at Donald Franks Pinewood Stables.

Junior Auxiliary Offers Scholarships

The National Association of Junior Auxiliaries is currently accepting applications for scholarships for graduate study in special areas such as mental health, mental retardation, speech therapy, exceptional children, and remedial reading.

Scholarship grants from \$100 to \$3000 are awarded each year to men and women who are especially interested in training to work with children. The National Association of Junior Auxiliaries Scholarship Program was initiated in 1962 and since that time scholarships totaling thousands of dollars have been granted.

Recipients of NAJA scholarships may attend the college or university of their choice. The obligations of a recipient of a NAJA scholarship are: To inform himself of the basic purpose of Junior Auxiliary, particularly the purpose of helping children; to maintain a high level of scholarship and behavior; to accept, when possible, speaking engagements beneficial to the NAJA Graduate Scholarship Program; to submit periodic

progress reports; to accept employment in his chosen profession in a Junior Auxiliary state (Arkansas, Mississippi, Louisiana, Tennessee) for at least one year following completion of studies. This obligation must be fulfilled the first year possible, within three years. Failure to fulfill these obligations would result in the scholarship being revoked, with the full amount of the grant being repaid within three years.

Official application forms are available from the Booneville Junior Auxiliary. Applicants may contact Mrs. Ken Goodwin, Booneville Junior Auxiliary Scholarship Chairman, at 301 Marietta St., Booneville, Miss. 38829. Deadline for applying through the local chapter is Jan. 21.

Miss Hill And Mr. Huguley Reveal Wedding Plans

First Methodist Church in Baldwin will be the setting for the Dec. 22, wedding of Miss Lynda Luanne Hill, daughter of Mr. and Mrs. Herlon Hill of Baldwin, to Second Lt. Robert Lewis Huguley Jr. of Panama City, Fla.

The bride-elect is the granddaughter of Mrs. Harold Marshall and the late Mr. Marshall, and Mrs. Minnie Hill Thompson and the late William Lee Hill, all of Baldwin.

Lt. Huguley is the son of Mr. and Mrs. Robert L. Huguley of Clifton, Va. He is the grandson of Mrs. Jesse Moore and the late Mr. Moore and Mr. and Mrs. James Liggan, all of

Fairfax, Va.

Miss Hill is a graduate of Baldwin High School, Northeast Junior College, and is presently a senior nursing student at Mississippi University for Women at Columbus. She will receive her degree in May.

The prospective groom graduated from J.W. Robinson High School, The United States Air Force Academy, and is currently in flight training at Tyndall Air Force Base, Florida.

All friends and relatives are invited to the 6 p.m. ceremony.

Miss Cleveland Feted With Bridal Shower

Miss Candy Cleveland, bride-elect of Tom Forbes of Starkville, was honored with an announcement tea on Saturday afternoon, Nov. 17, in the home of Mr. and Mrs. Thomas Keenum.

Co-hostesses with Mrs. Keenum were Mrs. Joseph Hurst, Mrs. Paul Ellzey, Mrs. J.D. Phifer, Mrs. W.B. White, Mrs. Emmons Turner Jr. and Mrs. S.C. Galloway.

Rosebud corsages were presented to the bride-elect, her mother, Mrs. Webster Cleveland Jr., Mrs. Richard Forbes, mother of the prospective groom, and Mrs. Webster Cleveland Sr., grand-

mother of the bride-elect.

Mrs. Keenum greeted guests, and Mrs. Hurst presented them to the honoree. Mrs. Ellzey presided over the register. Guests were then invited by Mrs. Turner and Mrs. White to partake of a variety of party foods. Arrangements of roses and other flowers were from the Baldwin Gardens and the Keenum Gardens.

Mrs. Phifer and Mrs. Galloway served punch.

The hostesses presented the honoree with a silver casserole and pie server.

Consolidation

Sen. Jack Gordon, chairman of the Senate Education Committee, will probably have support in his attempts to postpone the 1986 deadline for consolidation.

"In my opinion he will, because of one stipulation having to do with equity of finances," Griffin said.

Griffin referred to Criterion Number 3, which calls for a minimum disparity in taxable wealth per pupil among the districts. It states, "Where two or more school districts are located wholly or primarily within the same

county, no district shall have a property assessment which is more than 20 percent greater per enrolled pupil than any other district in the county."

"That 20 percent cannot be more than 20 percent in a district's assessed valuation per child. That affects most all of your municipality versus the county situations. And there's going to be some howling over that," Griffin said.

"This thing is going to be kicked around quite a bit in the next

several months. And, there is a stipulation that will allow a district or a locality to come up with its own plan as an alternative and present it to the EFC," he said.

Though both Griffin and Greene said such an alternative plan will be worked out, possibly with the help of Baldwin superintendent Steve Clark, they admitted there had been no discussion on it yet.

"In my opinion, it's going to be a very hot topic over the next several months," Griffin said. Baldwin superintendent Clark

said the EFC criteria have left him very uncertain about his school system's future.

"I have about 525 students from Prentiss County and 525 from Lee. We're split almost down the middle," Clark said.

"They (the EFC) are crossing county lines, and we're just between East Union, Sallito, Guntown and Baldwin are all down in this neck of the woods.

"Or you could take Wheeler, Marietta, Baldwin, Guntown and East Union. Or we could end up as part of a Prentiss County district, a Lee County district or even split down the middle," Clark said.

"I don't know whether they would take a school district like ours and send part of them one way and part of them another. They could; but they'll probably keep them in the same system. We'll just have to wait and see about that," he said.

Clark seems to be more concerned with funding for House Bill 4 programs than with the effects of consolidation, though.

"This Education Reform Act is the one of the greatest things that's happened in education here. But it isn't worth anything if it isn't funded," he said. "It's just a piece of paper...a check. And, if you don't have any money in the bank, don't write it because it isn't worth anything if it isn't funded.

"One thing is teachers' salaries. We have a shortage of teachers because we're way below the southern average. And a person can go into computer science or something like that without majoring in math.

"Kindergartens are another thing. I go along with it 100 percent. But I built two classrooms here two years ago and it cost me \$50,000. Now, who's going to fund this if they put kindergartens in. It's going to take at least four rooms. Where's this money coming from...state or local. That's the big question.

"And consolidation is the same thing," Clark said. "Let's suppose we go out here and build a new school for three to five or six million dollars. Is the local district going to pick this up, the EFC...who?"

Clark said he would be willing to meet with Greene and Griffin to discuss an alternative plan to submit to the EFC. But, he said, he would also probably want to meet with Lee County superintendent Leroy Belk and Tupelo superintendent Julian Prince for the same purpose.

"I'm sure our boards would want to get together, too," he said.

Clark admitted he feels the timing may be bad on the consolidation issue. "I definitely feel there are some changes that need to be made. But I don't think we can jump into them in one year. I don't think the state can finance it," he said.

Eyes

was the reason he received only 8 to 10 percent of the white vote, on the other hand, William Winter, a white with a long record of public service, could only get 10 percent of the white vote in the 2nd District.

Clark's loss in the black-majority 2nd District for the second time raises the question of whether or not any black

candidate can unseat Republican Webb Franklin, since the district makeup remains unchanged now by court order until 1992.

In hindsight, many blacks as well as loyal white Democrats concede that Clark, despite his long state legislative background, was not the most impressive candidate blacks could have

fielded. But the problem is that Mississippi blacks don't have an urbane, articulate political figure such as Georgia's Julian Bond whose charisma can attract both black and white votes.

Blacks are now going to have to consider whether they will continue to put up a member of their own race every two years against Franklin with little hope of winning, or seek to enlist a moderate white Democrat with political standing who may have a better chance of recapturing the seat for the Democrats.

Apparently Warren County, the heaviest voting white majority county in the district is the key county, because it alone scuttled any chance of Clark winning. Some strategists are already saying that a white candidate who could split the white vote in Warren County while retaining the strong black vote offers the best hope of a Democratic success.

It is evident that the Jesse Jackson campaign for the Democratic

presidential nomination, while creating a lot of enthusiasm and political motivation in the black community, has had a very divisive impact on the Democratic Party in Mississippi as well as nationally.

The Jackson phenomenon is what brought out blacks in unprecedented numbers to the state's Democratic caucuses last March, and resulted in blacks taking total control of county executive committees in some 25 counties, contrary to party guidelines.

Many of the new black Democratic leaders spawned by the Jackson campaign are the ones who now pose the biggest threat to regrouping the black-white coalition.

They would prefer to indulge in recriminations against whites and splinter blacks into an independent political posture in retaliation.

The Mississippi Republican Party will laugh all the way to the polling booths, if that happens.

County Agent's Notes

By CLIFFORD J. HAMPTON
County Agent

Producers who grow and store their own forages should have these feeds tested to maximize the nutritional value.

The first key to a sound nutrition program is putting up the best quality forage possible. The second key is determining the actual quality of the forage and supplementing properly.

Beef and dairy producers can reduce reproductive failures and increase profits through forage testing.

Supplementing a poor quality forage properly can be very expensive, but failure to do so will result in reduced conception rates, lowered weaning weights and fewer

calves weaned.

A good feeding program can determine the survival rate in a cow-calf operation or the amount of milk produced by a dairy herd.

A producer who feeds based on average forage nutrient values could be wasting money on unnecessary supplements and probably overfeeding some cows if his forages are above average.

On the other hand, if the forage is below average, cows are underfed and money is lost due to reduced production.

A cow's nutritional needs should be met as closely as possible in order to maximize yields and enhance profits.

A good feeding program is based on a high-quality forage that will increase the daily feed intake,

stimulate milk production and keep cows healthier. It will also reduce feed costs because less grain and protein supplements must be purchased.

The Mississippi Cooperative Extension Service provides a forage testing service free of charge. A producer can have five samples tested or a total of \$100 worth of free forage tests between April 1 and March 31 annually.

Last year only 897 samples were tested. Many of these samples were from the same operation. Since there are about 38,000 farm operations in Mississippi with cattle, there is a strong potential for more forage tests.

Prentiss County farmers should take advantage of this service in order to better manage their herd's

nutrition.

Call or visit the Extension office for more information on the benefits of forage testing. Recommendations for a balanced feed program also are available.

Farmweek

On the Dec. 10, edition of Farmweek, America's favorite flower, the poinsettia, will be featured.

The popular holiday flower is a large industry in the state since there could be as many as 200,000 plants produced in the state.

The feature will focus on care for the plant that will prolong its beauty and offer an alternative for summer poinsettias. Watch Farmweek Dec. 10, at 7:30 p.m. on Mississippi ETV for this story and all the latest in agribusiness news.

ASCS News

By C.E. CALVERT
County Executive Director

Secretary of Agriculture John Block said that the types of grain available to livestock producers under the Emergency Feed Assistance Program are being expanded to include Commodity Credit Corporation-owned lower grade grain sorghum, oats, barley and wheat, in addition to the lower grade corn already available.

The Emergency Feed Assistance Program is available to livestock producers in counties designated by the U.S. Department of Agriculture as disaster areas due to drought excess moisture. To be eligible to purchase lower grade feed grain, producers must show that their livestock feed production is inadequate to maintain their foundation livestock and poultry for a 90-day feeding period, which begins the day a farmer applies for assistance.

Lower grade feed grain and wheat includes grain of U.S. No. 4, U.S. No. 5 and sample grade. Lower grade grain sorghum, oats, barley and wheat are being included

because most of the lower grade corn has now been sold to eligible livestock producers.

An estimated 94,905 bushels of oats are available in Kansas, Maine, Minnesota, North Dakota and South Dakota. Barley, estimated at 599,971 bushels, is on hand in Kansas, Minnesota, Nebraska, North Dakota, South Dakota and Wisconsin. Approximately 758,638 cwt of grain sorghum is available in Arkansas, Colorado, Illinois, Kansas, Louisiana, Missouri, Nebraska, New Mexico, South Dakota, Tennessee and Texas. Approximately 11,546,839 bushels of wheat are available in 33 states.

The grain will be sold to eligible livestock producers at 75 percent of the current basic county loan rate of the applicable commodity for the average quality of the available grain - sorghum, oats, barley and wheat - in the county where it is stored.

This is the same pricing formula as for the lower grade corn currently being sold to eligible producers. Producers are responsible for transportation costs

to move the lower grade grain to their farms. Producers should contact their County ASCS office for further information.

FARMERS participating in the 1984 peanut price support program are reminded to return their marketing cards to the local office of the Agricultural Stabilization and Conservation Service. All peanut marketing cards should be returned by December 31, 1984.

The returned card must contain the amount of peanuts retained on the farm for seed or any use. It is the responsibility of the producer to check the marketing card and be sure that all marketings from the farm have been entered by the handler before submitting the card to ASCS.

Under the program, the number of pounds of peanuts that can be marketed by producers for domestic edible uses is limited through poundage quotas. The Agriculture and Food Act of 1981 eliminated the traditional peanut acreage allotment system, allowing any person to grow peanuts any where in the country and market the peanuts for other than domestic

edible uses. Under previous programs, production was limited to farms with an allotment.

Price support loans will be available for 1984-crop warehouse-stored peanuts from harvest time through Jan. 31, 1985. Loans on farm-stored peanuts will be available through March 31, 1985.

AGRICULTURAL land owners in Prentiss County are reminded that their ballot must be mailed or delivered to the Prentiss County ASCS office by close of business Dec. 3, in order to be counted in the committee election.

Committeemen elected will serve as delegates to the county convention on Dec. 13, at 9:30 a.m. in the county ASCS office to elect one county committeemen to serve a 3 year term, two alternates to serve one year terms and the chairman and vice-chairman of the committee.

All eligible voters are urged to vote and if the ballot has been misplaced, visit the county office for another ballot.

Home Economist's Notes

By PATTY K. ROBINSON
Extension Home Economist

During the next few weeks, you may be among the many Mississippi families who have a little or a lot of venison available with which to vary your menus.

Storage and cooking methods are important to flavor and tenderness. Experienced hunters know how important it is to protect natural goodness of wild deer meat immediately after slaughter.

If a deer is bled, dressed and cooled immediately after slaughter, there's a good chance that its flavor will be desirable after it is cooked. If this is not done, later care and cooking skills are of little value to the flavor and tenderness of the meat.

Hunters need to know how they will care for their kill when they bring it home. Most hunters have access to a frozen food locker or custom meat plant where wild meat

is processed. However, policies vary as to the type of processing done within a plant and times at which wild meat is accepted.

Even hunters who can cut up a deer carcass are likely to need the services of a meat plant. Aging for three to 10 days at 38 to 40 degrees F improves the flavor of deer meat. Quick freezing services are also needed by hunters who plan to store a quantity of meat.

To store more than 15 to 20 pounds of unfrozen meat in a home freezer involves two risks: (1) spoilage of deer cuts before they freeze; and (2) quality loss of the frozen food that is already in the home freezer. Adding unfrozen food to a freezer introduces warm air which temporarily increases the inside temperature of the freezer. Until the freezer stabilizes at the colder temperature again, frozen food may thaw slightly and decrease in quality.

Adequate wrapping, so necessary

for quality retention in all frozen foods, is of even greater importance when freezing deer. To prevent any drying of meat surfaces, freezer wrapping paper should be supplemented by sealing wrapped cuts in freezer-type plastic bags. Possibly because of its low fat content, deer cuts keep excellent quality in a good home freezer for a year or longer. Ground venison should be used within six months after freezing.

After deer cuts reach the kitchen, practicing its cookery secrets helps to assure desirable flavor and tenderness. Some venison is fairly tender, but much is not. Even tender venison is dry. Moist heat cookery, such as braising (cooking with liquid in a covered pan), is a safe method for all deer, though loin cuts from young animals may broil or roast well.

THE PRENTISS County Extension Homemakers Clubs will sponsor a Holiday House Tuesday,

Dec. 4, from 10 a.m. until 6 p.m. at the Westside Community Center.

The Holiday House will feature teaching booths, a country store, the trees of Christmas, a 1984 recipe book and a tasting table from noon until 1 p.m. plus demonstrations by home economists.

Final Planting Date For Insured Crops

Nov. 29 is the final planting date for insured barley and wheat in Prentiss County, according to Ralph H. Gillespie, District Representative for the Federal Crop Insurance Corporation.

Insured barley and wheat planted by Nov. 30 must be reported by Dec. 15 in order to receive full crop insurance coverage, he said. The acreage report reflects the actual acreage planted and reported by

the farmer.

Farmers wishing to discuss subsidized, tax deductible crop insurance should contact their local crop insurance agent, he said.

PRENTISS COUNTY
ELECTRIC POWER ASSOCIATION
 P. O. Box 428
 BOONEVILLE, MISS.
 38829

TELEPHONE (601) 728-4433

Dear Members:

Through the cooperative efforts of the Tennessee Valley Authority and Prentiss County Electric Power Association our members continue to buy electricity at the lowest rates in Mississippi.

TVA has held the cost of wholesale power to PCEPA essentially the same for the last three years and PCEPA has reduced our retail rates each year for the last two years such that your electricity costs about 5% less than in 1982.

Having a co-operative electric power association owned by the members such as Prentiss County Electric Power Association allows the members to buy electricity at the lowest possible rates since there are no stockholders or owners expecting a return on their investment. This association was formed in 1935 and has served its members with power bought from Tennessee Valley Authority for 49 years.

Your power association has drawn sharp criticism during the last several months from some members that wanted to make radical changes in the association. I believe that most would agree that changes to an organization this large which affects so many people should be made in an organized way by the majority of the members. During 1985, the 50th Anniversary of PCEPA, we hope to inform you more about the operations of this association. Since your present Board of Directors changed the election of directors to a mail-out ballot system last September, I hope that each of you will take time to mark your ballot in the election next summer.

Your Directors and employees of this association are dedicated to the work which we do so you can continue to have dependable electricity at the lowest possible rates.

I encourage you to look for ways that you can use electricity more wisely such as: adding insulation, closing off unused rooms, adjusting heating and cooling temperatures, replacing worn-out appliances with more energy efficient units, lowering water heater thermostats and using passive solar designs when building a new home. Call our office for a free energy survey of your home.

Please be careful with extension cords and Christmas lights during the coming holiday season.

Sincerely,

PRENTISS COUNTY ELECTRIC POWER ASSOCIATION

 Prentiss County Electric Power Association
 Booneville, Mississippi 38829

I have examined the balance sheet of the Prentiss County Electric Power Association, Booneville, Mississippi, as of June 30, 1984 and the related statement of earnings and accumulated earnings and of change in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances. I did not audit the account balances as of June 30, 1983, however, I did review an audit report prepared by another independent Certified Public Accountant as of June 30, 1983.

In my opinion, based on my examination and relying on the report of an independent Certified Public Accountant as of June 30, 1983, the financial statements referred to above present fairly the financial position of the Prentiss County Electric Power Association, Booneville, Mississippi, at June 30, 1984, and the results of its operations and the changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In Wheeler Turkey Tournament

Lady Bearcats, Eagles Take Top Honors

By GREGG SHOOK
Sports Writer

The Baldwin Lady Bearcats and the Wheeler War Eagles took the top honors in Wheeler's 42nd Annual Turkey Tournament, Nov. 21-24.

Both teams had to battle their way into the very tough finals on Saturday night, which saw the Booneville Blue Devilettes facing the Lady Bearcats for the girls' honors, while the Charleston Tigers vied with the Wheeler War Eagles

in the boys' finals.

The Baldwin Lady Bearcats took an easy win over the Devilettes by the score of 54-32.

The Lady Bearcats jumped out to an early lead in the first quarter and never bothered to look back to see if the Devilettes were anywhere close to them.

By halftime the Lady Bearcats had more than doubled the Devilettes' scoring and held a 30-14 lead.

In the final quarter the Devilettes found enough spark to rally to within 12 points of the Lady Bearcats. But Baldwin retaliated, widening the margin to 22 points by game's end.

Teena Bender set the pace for the Lady Bearcats with 17 points. Linda Brookins followed closely with 14.

The Devilettes were led by a very aggressive Pam Crump who contributed 11 points.

A LOW-DOWN SHOW-DOWN in Wheeler-Town was the story for the

boys' finals as ex-Wheeler round-baller Bucky Smith brought his Charleston team to face his former coach Sam Richey's War Eagles for the Turkey Tournament championship.

But Smith and company were unable to control the very tough Wheeler War Eagles, who took a 101-85 victory and the tournament championship.

The action started with Wheeler controlling the tip. Willie "Goose" Miller brought the ball down the floor and passed off to Mike Chandler, who threw the ball up from deep right corner and hit the net for the first two points of the game.

After trading baskets for the entire first quarter the War Eagles led by 28-26.

As the half progressed, Wheeler managed to gain a 40-33 lead with 3:40 left in the second quarter and a 50-39 lead by halftime.

The third quarter began with

what looked like a repeat of the first quarter - Wheeler controlling the ball, taking it down and putting points on the board in the first few seconds.

The War Eagles kept the pace of the game fast and quick, but with 2:50 left in the third quarter the Tigers had come to within seven points of the War Eagles - 64-57. With 2:01 left in the third quarter Billy Jackson of Charleston was cited with his fifth and final foul. This foul sent Chandler to the line for a one-and-one for the War Eagles. Chandler put both shots through the hoop putting Wheeler up 66-57.

When the horn went off to end the third quarter Wheeler had a 72-60 lead over the Tigers.

Coach Smith said in the locker-room, "We have a real fine bunch of boys and some great athletes, but we got beat by a real good ball club. We have not been playing but three weeks and we have three boys

starting who haven't any game experience at all.

"We have another who never played junior high ball or high school ball before this year. So, I think we will be pretty competitive later on in the year. We are in a large AAA class with Rosedale and North Panola."

Asked how it felt to face his old high school coach, Smith said, "It's like the ole' saying goes, he taught me every thing I know, but he didn't teach me every thing he knew."

"It was kind of funny, but we enjoyed it and had a real nice trip. The boys really enjoyed the hospitality they received, even though we got beat. We really appreciated Coach (Bill) Ward letting us stay at Northeast while we were here."

Wheeler coach Sam Richey said, "I think he (Smith) is doing a good job of coaching at Charleston."

First Win Of Season For Devilettes

By SCOTT MCKINNEY
Sports Writer

The Booneville High School Devilettes gained their first win of the 1984 basketball season last week in the Wheeler Turkey Tournament, while the Devils are still experiencing some early season woes.

Coach Carlos Smith's Lady Devils upset the home-standing Wheeler Lady Eagles last Thursday 56-54 to earn their initial win of the basketball season. The Devils won only one of three games last week as Coach Lee Stewart's troops continue to battle the early season blues.

It was a nip and tuck battle all the way in the Wheeler-Devilette matchup, but the Lady Devils built a five point advantage late in the game and held on for the victory. Jenny Weatherford led the Lady Devils with 24 points, while Lea Ann Hughes added 13 and Susan Downs, 12.

Teena Micheal and Pam Johnson combined for 41 of Wheeler's 54 points in a losing effort. Micheal burned the nets for 21 markers, while Johnson contributed 20.

Both Booneville teams opened last week's play in Ripley against the Tigers. Ripley won two out of three games with the Devils, Booneville winning only the B-team game.

The Lady Tigers outscored the Lady Devils 51-29 in the second game of the evening. Krista Wacaser led Ripley with 12 points. Weatherford scored nine and Downs six to lead the Devilettes. Ripley led 25-9 at the half.

Vince Gurley burned the nets for 26 points in the nightcap as host Ripley beat the Devils 67-55.

Charles Childers added 16 for Ripley as the Tigers led 27-20 at intermission.

Clay Johnson, the leading scorer in North Mississippi, paced Booneville with 25, as Jim Caver added 12 and Rodney McVey, 9.

The Devilettes came close to securing another victory in last week's battle with Saltillo. But the Lady Tigers slipped past the Lady Devils 52-49 after leading 21-20 at the half.

Lisa Payne led the Saltillo attack with 16 points. Weatherford led the Devilettes with 17 markers on the night, while Pam Crump added 10 and Downs chipped in with 8.

The nightcap saw several players from both schools ejected as tempers flared in the rivalry between two old schools. However, once the floor had been cleared and the smoke settled, the Devils had won the game, 63-57.

Johnson burned the nets for 31 points to lead Booneville, while Caver added 16 and McVey, 8. Jeff Johnson paced Saltillo with 14.

The Devils did not have such an

easy time of things in their opening round game in the Turkey Tournament. The Corinth Warriors downed them 69-66 in a game that could have gone either way, depending on which team got the breaks near the end.

Corinth placed four players in double figures, with All-Star Tony Edmon leading the way with 16 points. Johnson scored 30 for the Devils in a losing effort, as Caver added 17 and McVey, 12.

In what was at one time one of the

keenest rivalries around, the Baldwin Lady Bearcats and the Booneville Lady Devils squared off in the ladies' finals of the Turkey Tourney. However, the game lacked much from previous matchups between the two teams, and the more experienced and stronger Lady Bearcats beat the Devilettes 52-36 to capture the title.

Teena Bender, Linda Brookins and Angela Price all led the scoring for Baldwin in the victory. Crump led the Lady Devils with 13.

Stewart said his team still needs plenty of work before they will be able to do what they would like. "I can see we're weak fundamentally," he said. "We're still struggling with defensive adjustments and settling down into our offense. We need to start thinking on more of a team concept also."

Booneville will face Jumpertown in the Cardinal's homecoming tomorrow night with the girl's tipoff set for 6:30.

Wheeler Vs. Charleston In Turkey Tourney

Turkey Tourney Highlights

Following is a roundup of the games preceding the finals in Wheeler's Turkey Tournament.

In Wednesday night's first game Pine Grove dropped the Thrasher Rebelettes 61-46.

Leading the scoring for the Lady Panthers was Vivian Spires with 22 points. Marie Miller led the Rebelettes with 25 points.

In game two the Wheeler boys defeated Pine Grove 88-55.

Wheeler was led by Willie Miller with 15 points, Tony Tate and Timmy Miller with 12 each and Brad Richey with 10.

For Pine Grove, Rex Bullock had 15 points.

In Wednesday night's final game Corinth beat Booneville 69-66 in a tight one.

Leading the Warriors was Scott Mitchell with 15 points. For Clay Johnson led the Devils with 30 points. Jim Caver contributed 17 and Rodney McVey 12.

In the first game of Thursday night's action the Booneville Devilettes won their first game of the season by a score of 56-54 over the Wheeler Lady Eagles.

Leading the Devilettes were Jeannie Weatherford with 24 points, LeAnne Hughes with 13 points and Susan Downs with 12. Point leaders for the Lady War Eagles were Teena Micheal with 24, Pam Johnson with 17 and Lisa Griffin

with nine.

The Baldwin Lady Bearcats defeated the Pine Grove girls 50-37 in the second game of the night.

Leading the Lady Bearcats was Teena Bender with 29 points. Vivian Spires led Pine Grove with nine.

Baldwyn dropped Thrasher in the last game of the night, 55-42.

Setting the pace for the Bearcats was John Price with 19 points. Tim Jumper followed closely with 18 and Jim Palmer added 12. Paul McCutchen, who had 12 points, and Russel Lambert, with 10, were the only high scorers for the Rebels.

In Friday night's action the Charleston Tigers defeated the Baldwin Bearcats, 73-70, in overtime.

Vince Miller led the Tigers' attack with 34 points. Walter Williams added 25 to the tally. Jim Palmer had 30 points to lead the Bearcats. Tim Jumper added 20 and John Price added 13.

The final game on Friday night saw Wheeler take a 65-61 win over the Corinth.

Tony Tate paced the War Eagles with 16 points. Mike Chandler added 14, while Willie Miller and Clay Richey added 12 each.

Consistently tough games were played and this year's Turkey Tournament offered much excitement to the fans.

BHS Will Drop To Class AA

By SCOTT MCKINNEY
Sports Writer

Booneville High School Principal Mac Curlee told The Banner-Independent last week that the school will be dropping classifications next fall because of a drop in enrollment at the high school.

Booneville is currently a AAA school with all athletic teams participating in this classification. Next fall Booneville will start competing in the AA classification.

"We knew two years ago that we could possibly be moving down into a lower classification," Curlee said.

"And, this year, when we turned in our enrollment reports, we saw that

we would be moving down."

Curlee said that the school was close to the number required to move down two years ago, and that there wasn't a "sudden drop" in the school's total enrollment.

"Each school turns in a total enrollment and average daily attendance report at each two year interval," Curlee said. "At that point, the Mississippi High School Activities Association decides on which class the school will be competing in for the next two years."

"We haven't received any verification on the matter, but we'll be participating in the AA class for at least the next two years."

Booneville High School head football coach Wayne Jones said

last week that the adjustment to the new classification means that a new schedule will face the Devil football team next fall.

"We won't be playing all the teams we played the past few years," Jones said. "We'll be playing schools like Belmont, Biggersville, Burnsville, Hamilton, Hatley and possibly Thrasher."

"And the new class means that Baldwin is now a district opponent. And, of course, we will keep a few games on the schedule, such as some of the top rivalries and such."

Jones said that he was in the process of completing a new schedule, but no certain opponents or dates have been set. Although the school knows at this point of their change, the actual transformation will occur until next fall.

Tell us about your heroes, ages 12 to 18.

We want to give our outstanding young people an award for their achievements and a cash savings account.

First Bank Young Citizen Awards.

It's our third annual First Bank Young Citizen Awards, and it's our way of saying thanks to the local young people who, again and again, go that extra mile.

Young people ages 12 to 18 who live in any First Bank county are eligible. And you can nominate them. All you do is pick up a nomination form, and tell us why, in your own words, you think the young person is especially outstanding. Why you respect him or her so much.

The boy or girl next door.

Maybe your nominee will be a young neighbor who spends his afternoons caring for and loving his elderly grandmother. Maybe he or

she is the team captain or club officer who inspires others to give their all. Or maybe the youngster who excels in school and helps with family finances. Or maybe a dedicated volunteer at the local hospital.

With so many fine young people in our communities, the possibilities are almost endless. Feel free to nominate more than one.

Awards. Cash. Banquet.

Awards will be given in four categories—Leadership, Responsibility, Achievement-Plus and Service. And there may be as many as five awards in each category.

First place winners in each category receive a gold award and a \$400 savings account. Second place winners receive a silver award and a \$300 savings account. Third place winners receive a bronze award and a \$200 savings account. Other finalists in each category will receive a \$100 savings account. All winners

and finalists will receive certificates of achievement.

Plus all finalists, their parents or guardians, and the persons who nominated them will be guests at a special awards banquet.

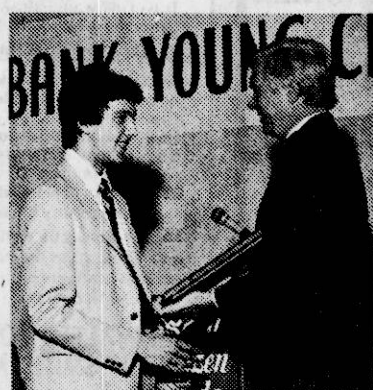

Award winners will be selected by a panel of local citizens made up of teachers, ministers, homemakers and mothers, and business and professional men and women.

Nominate now.

Nomination forms with complete details are available now at all First Bank offices, or call us at 728-9468 to receive your forms in the mail. The deadline for this year's nomination is December 15, 1984.

Please put your thinking cap on now, and make a list of all the deserving young people you know. They work so hard every day to lead, to achieve and to give. Saying thanks is the least we can do.

Retired Teachers Elect Officers

The Prentiss County Retired Teacher Association met in regular session Nov. 15, in the George E. Allen Library.

The meeting was called to order by the President, Mrs. Paul Dobbins who led in the pledge of allegiance to the flag.

Mrs. Dobbins introduced Bishop J.C. Morris of the Church of Jesus Christ of Latter-Day Saints who gave the devotion. Bishop Morris is a retired teacher who has returned to this area after spending many years in California.

Group singing was led by Brown McCutchen.

After roll call and reading and approval of the minutes, reports were made from the committees. The nominating committee proposed and the group elected the following slate of officers to serve two years beginning with the

January 1985 meeting: President, Herbert Sumners; vice-president, Mrs. Troy Inman; secretary, Mrs. Elmer McCoy; treasurer, Mrs. Omar Jones; reporter, Mrs. Brown McCutchen.

Elmer McCoy gave a legislative report of bills scheduled for 1985.

Herbert Sumners introduced Billy McCoy, state representative from Prentiss and Alcorn Counties, who was the featured speaker. His talk was about the results of the 1984 legislature as they relate to us as individuals.

Following his talk quite some time was given to questions and answers.

Bishop Morris dismissed the meeting with prayer which also included the blessing for the covered dish luncheon.

The next meeting will be Jan. 17, at 10 a.m. at the George E. Allen Library.

4-H News

By WAYNE LAND
Extension 4-H Youth Agent

The 4-H project has been the foundation of which 4-H developed. In the early days of 4-H work, emphasis was placed on the end result of the project - on good corn, best tomatoes, the best steer. Today, the reverse is true. The development of the boy and girl as they carry out their projects is more important.

Selecting a 4-H project is an important decision for the 4-H member. Many 4-H'ers grow up and make a career of a job related to projects. The choice of a project often determines whether the boy or girl will stay in 4-H work or not, since it is voluntary.

When selecting a project, a 4-H'er should talk with his parents. Together, they will need to think about:

- A project that the 4-H'er likes. The member must be interested in a project to do a good job.
- A project he can complete. Nothing is as frustrating as a task impossible to make progress in and complete at least certain parts.
- The money the project will take. This decision can be made with the parent's help. Often, outside financing is available for worthwhile projects.
- The space and equipment at home. It would be impractical for a 4-H'er on a small lot to try to grow crops or have a livestock project. Choose a project to suit the place you live and the equipment you have or can easily secure.
- The time it will take. Some projects take very little time while others require large amounts of time each day. Be sure the time required will be suitable and fit in with the 4-H'er's other activities.
- The help you will have from your parents. Most good 4-H projects have the backing and assistance of the parents. Many times, just the encouragement of the parents is all that is necessary while other times much advice and help is needed.
- Opportunities for growth in the project. Many projects are structured so the 4-H'er can carry out progressively more difficult tasks. Many projects offer chances for competition and awards including trips, scholarships and other awards.

The 4-H project should be fun, serve a purpose and be worth the effort.

Northeast
Beauty
Pageant
Tuesday

When the field was narrowed down from approximately 150 contestants last month, only 25 Northeast Junior College students were chosen to vie for the title of NEMJC's Most Beautiful for 1984.

Among the judges for the Dec. 4 pageant will be this year's Miss Mississippi, Kathy Manning, who was second alternate to Miss America and winner of the Miss America swimsuit competition.

Manning will perform during the pageant with the Redding Twins also scheduled to appear. Doug Holland will be the evening's Master of Ceremonies.

Judging for the 25 contestants will actually get under way earlier in the afternoon during interviews conducted with each of the participants. They will appear on stage in evening gowns at 7:30 p.m. for the general public.

Contestants from Alcorn County are Angie Hamblin and Tami Vandiver. Participants from Lee County are Tina Jones, Michelle Nichols, Melinda Owens and Monica Parham.

Prentiss County contestants include Kathy Barger, Kim DeVaughn, Candye Lambert, Cajgie McGaha, Tami Parker, Vicky Rowan, Amy Seagroves and Mary Ann Snell.

Tippah County's Missy Graves will compete along with Tishomingo County's Angie Armstrong, Sondra Duckett, Sonia Glidewell and Melody Ozbirn. Genia "Buffy" Dowdy and Melissa Rakestraw of Union County will also participate. Sheila Wright of Houston is scheduled to appear, as is Vicky Robinson of Middleton, Tenn., and Cissy Phillips of Selmer, Tenn. Pontotoc's Sharon Ware will also compete.

Again, the pageant will begin at 7:30 p.m. Tuesday, Dec. 4 in the Seth Pounds Auditorium. There will be no charge for admission.

Library Notes

By LEE DAVIS
George E. Allen Library

Many library visitors are enjoying the display of paintings by Jo Hollingsworth, and it will remain at the Allen Library throughout this month.

Mrs. Hollingsworth and her husband, Frank, have renovated the Trantham home in Blackland to which they moved in July of this year. Mrs. Hollingsworth is a National Teaching Representative of Priscilla Hauser and is now conducting classes in Tupelo, Amory, and Aberdeen. Her teaching experience includes 15 years in Texas colleges and her art work may be found in collections over a wide part of the South and the West. The twenty canvases at the library include wildlife paintings and nature scenes.

A local artist is another field, that of writing, is Valerie Boyd Howell of Ripley. She has given the Allen Library four of her books for children. When Tommie Disobeyed and My Dark Pony are each about events common to most children's experience and have three-color illustrations that intrigue the imagination.

The other two are especially attractive to everyone who likes the sound, the sight, and the idea to merge into a happy feeling even though they are intended for very young children. The Lazy Daisy is a small volume which changes scenes by flipping cut out pages and The Happy Little Raindrop has been set to music which the reader finds on the last page of the book. The author has written a number of other children's books, some of them a part of the Maizie Make-Believe Series which describes its purpose this way.

"Our Maizie is really a happy little girl

Who likes to visit her make believe world

By a magic carpet, or a ship or plane

For she knows she can come right back again

To the wonderful, touchable, workable one

And both of her worlds are a lot of fun!"

CB Club News

By LADY BLUE SURF

Our monthly business meeting was Monday night. Special guests were Mrs. Syble Boren and Viki and Jaried Aldridge. It was voted to help this family and also Mrs. Rose Wright.

Jay Eckhart of Booneville was the winner of the turkey.

In other news, Unit 9, Honeycome, resigned.

I am sorry to report that Ter-mite's mother, Mrs. Callie Chase, had a massive heart attack and is in intensive care at Baptist Memorial. Also Lady Birdhunter had to be admitted Wednesday night. She is in room 225. Little Miss Buffalo has had the strep throat. Butterbean Lady has had an allergy. We hope everyone is soon feeling better.

Lady Buffalo had as has guests for the holiday, her mom and dad, Mr. and Mrs. Jones from Pocahontas, Ark.

Any club member who wishes to attend the radiothon for the rehab Sunday, Dec. 2, may do so. Blue Surf and members will present the check from the roadblock to Mr. Raspberry at this time. Several ladies are making items for a table for the club.

Happy birthday to Lady Birdhunter and Double G on Nov. 30.

Our Christmas social will be held Dec. 8, at 6:30 p.m. at West Side Community Center. Our special guests will be the Timber Hills group. The Country Rhythms Band will entertain after supper.

Each member is asked to bring a well filled basket of food due to our many guests. Santa Claus will also be present.

THOUGHT FOR THE WEEK:

Turning Darkness To Light

By C. D. Edge

Some years ago a young woman was having a very hard time among her friends, and suffering much persecution for her Christian testimony. She came to the pastor after the Sunday Evening Service and told him that she was afraid that she would have to give up her job.

He said to her, "tell me, where do we put the lights?" She looked puzzled at his question, so he answered it. "We put the light in a dark place." In a moment she saw his meaning and realized that God had put her in difficult surroundings that she might shine for Jesus in the midst of the darkness. She went back determined to be more courageous than ever in her witness for Christ.

A few weeks later, after the service, she came to the pastor with a group of other girls, she said, "these all work with me and have decided for the Lord Jesus Christ tonight."

In Matthew 5:16, the Lord said - "LET YOUR LIGHT SO SHINE BEFORE MEN, THAT THEY MAY SEE YOUR GOOD WORKS, AND GLORIFY YOUR FATHER WHICH IS IN HEAVEN."

Pete Says, 'Goodbye' - Leaves On Banana Boat For Africa

By PIGSKIN PETE
Sports Columnist

Before I get started, I don't want to hear any of you laughing! I know I didn't have the best of prognosticating years, but I told you all that I was rusty, and it would take a little while for me to get settled in. The last couple of weeks I have been doing fine with my picking. But, the first of the season was really rough on my average.

Well, I've packed my bags and I'm heading back to see mom. I plan to catch a banana boat out of New Orleans and by the time ya'll read this, I should be in Nigeria with the rest of my family. But, take heed— I shall return.

Banner Publisher Ken Christian has already asked me to pick the 1984 bowl games and I plan on making my picks in sometime next week. And, I could just possibly be back next year.

How 'bout those Rebels! Everyone has probably figured out that I am partial to Ole Miss, and it seemed as if I was the only Rebel fan this time last week.

All you Dawg fans kept saying that the Bulldogs were going to beat the Rebels by two touchdowns. Where were all you guys during the first of this week?

I called one of the biggest State fans this week, Manfred Saylor's, and I didn't get an answer. Why.

even Doug Mansell wouldn't talk to me about the game. What's wrong fellows? Are you hungry for "crow"?

I have to admit that the Bulldogs do have a good team and the score even surprised me. Coach Bellard has done a fine job with the program and I look for bigger and better things out of the Bulldogs in the future.

However, for the next 365 days, the Rebels are champions of the "Egg Bowl". (By the way all you State fans, what was the name of your quarterback? Was it Dan Smith? Or was it Don Smart? And that other guy back there, was his name Orlandus Lundius? Or was it Oliver Lundquist? I can't even remember thir names!) Holy Toddy Rebels!

Also, my congratulations are out to Coach Hubert Tucker and the Baldwyn Bearcats. The 'Cats beat the Coffeeville Pirates in the opening round of the state playoffs and now advance on to play Mound Bayou.

Baldwyn is only one game away from making the state finals, and two games away from the state championship. And, the way I see it, no one will stop the 'Cats now.

Keep rolling, Baldwyn! And good luck from Pigskin Pete and the whole gang at The Banner! I thought I would make a few more predictions before I go. I

know how all my fans use my picks to base their own picks on. (No, Ed! They don't pick against what I have picked! That wasn't funny!)

Baldwyn will beat Mound Bayou by 9 and advance to the state finals. Auburn will beat Alabama by 11 and go to the Sugar Bowl; Florida will beat up on Florida State by 21 to make up for their not being allowed to go to a bowl; Georgia will narrowly escape the Georgia Tech Yellow Jackets by 2; and Tennessee will beat Vandy by 12.

Well, it's about time for me to leave for my boat. Before I go, I want to thank everyone for being so supportive of me and The Banner. I've traveled all over the world, and The Banner is by far the best small town newspaper I've seen.

Always check the paper for all your local news, especially for all the local sports results. Greg Shook and Scott McKinney are two of a kind (thank God!) and they'll have the results of all your favorite teams each week.

Thanks to Ken Christian and Ed Woodward for all their support and help. And, to all you prognosticators, enjoy this while you can. And, last but not least, thanks to all my faithful readers. And remember, I shall return!

68 Percent Accuracy

Doug Jumper Earns 1984

Prognostication Honors

After battling Leighton Miller all season for the top spot, Doug Jumper pulled ahead last week and this week was declared the winner in The Banner-Independent's football prognosticator's race.

Jumper picked 10 of 15 games correct last week to win the weekly race and the season's contest. He finished with 126 of 185 games correct for the year for a 68 per cent picking accuracy.

Last year's winner, Manfred Saylor's, put together a late rush to try to pass Jumper. But, he fell three games short of the leader. Saylor's picked 9 of 15 games

correct last week to end the season at 123 of 185 games correct, or a 67 per cent picking record. Miller finished third in the contest, despite leading the race for several weeks. Miller picked 120 of 185 games correct for the year after picking 7 of 15 games correct last week.

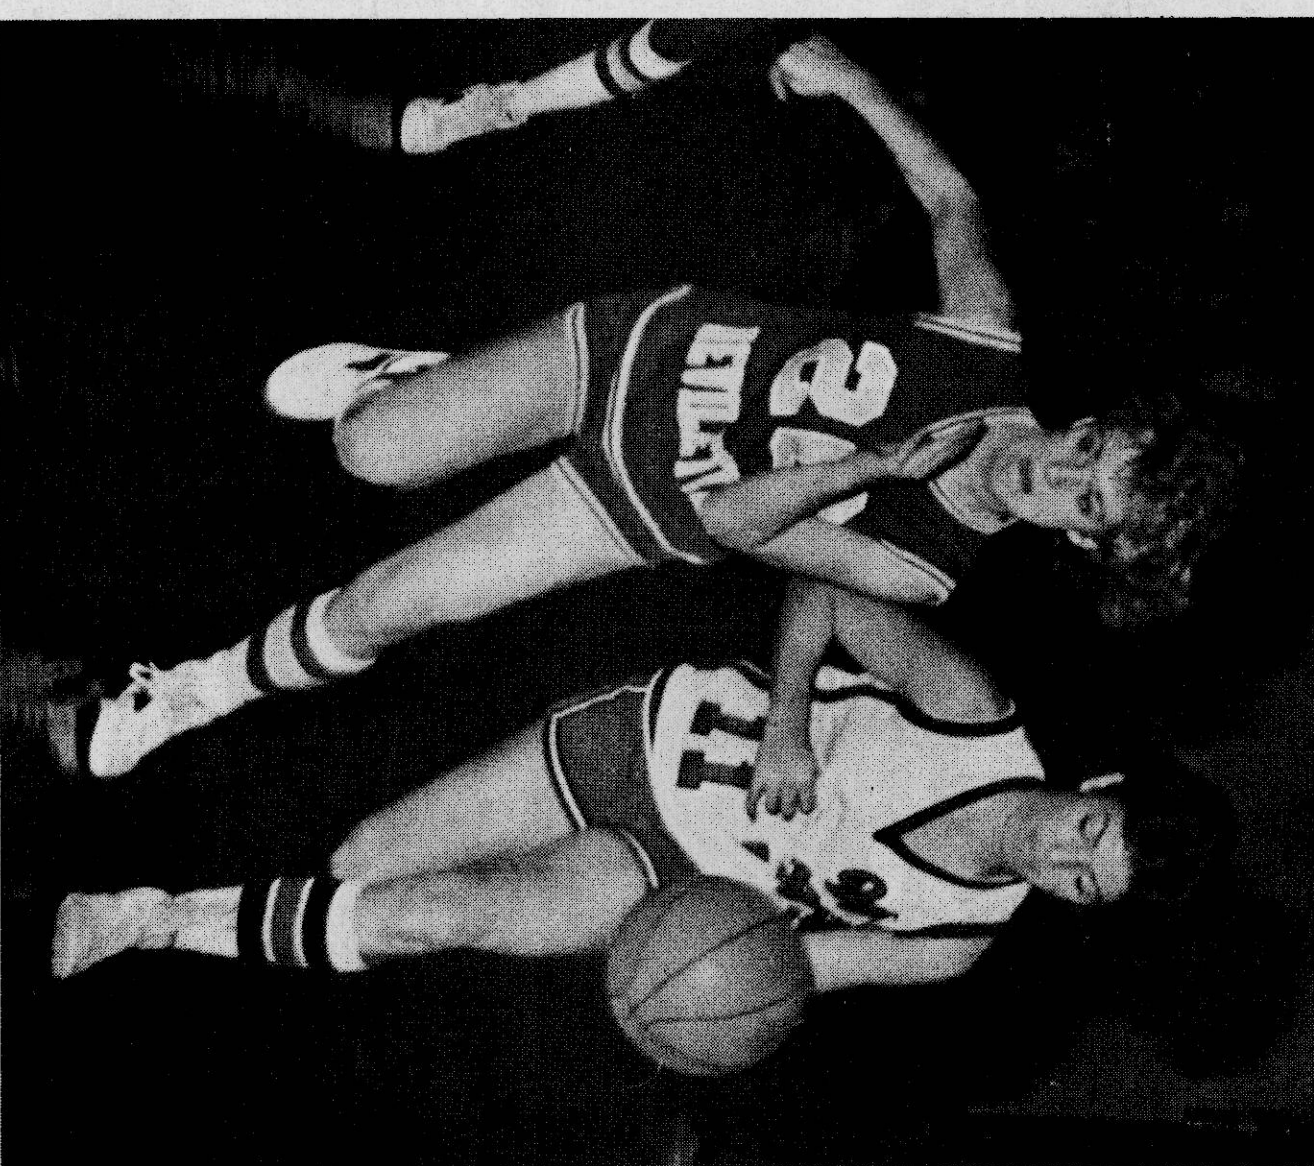

NEMJC athletic director Bill Ward finished fourth with 116 of 185 games correct for the year. Ward picked 8 of 15 games correct last week.

Last week's guest picker, restaurant manager Sandy Fisher, picked 9 of 15 games correct to finish second for the

week. The guest spot finished last this year with 105 of 185 games correct for a 57 per cent accuracy.

Pigskin Pete, sports columnist at The Banner-Independent, also had a rough season as he picked only 109 of 185 games correct. Pete picked 8 of 15 games correct last week.

There will be a special "Prognosticator's Bowl" in the upcoming weeks with all the pickers picking the bowl games. Check The Banner each week to see how your favorite prognosticator has picked the post-season games.

A Coffeeville Pirate Attempts To Block Baldwin Kicker Gregg Tucker's Punt

Rebels Whip Bulldogs To

Take This Year's 'Egg Bowl'

By SCOTT MCKINNEY
Sports Writer

Amory's Lee Davis returned a Mississippi State kickoff 97-yards for a touchdown in the third quarter in Jackson last Saturday to power the Ole Miss Rebels past the Mississippi State Bulldogs 24-3 in "the battle for the Golden Egg."

Davis' touchdown run came right after the Bulldogs had gained their only score on a 25-yard field goal by Artie Cosby, and gave the Rebels the momentum going into the final period. With 1:26 left in the third quarter it was Ole Miss 14 - Mississippi State 3, and the dazed Bulldogs were set up for the knockout.

Ole Miss scored two other touchdowns within the next nine minutes to widen their lead and gain the victory.

After the game, Ole Miss coach Billy Brewer said he was proud of his team's performance. "This team has come so close to winning seven or eight games this year," Brewer said. "But things will be a lot warmer now this winter. This

is a great beginning for 1985."

Ole Miss got on the board first early in the game when Nathan Wonsley scored on a one yard run. Jon Howard's extra point gave the

Rebs an early 7-0 lead. After Cosby's field goal, the only offense that the Bullies could manage all afternoon, Davis took off on his 97-yard jaunt.

Wonsley got his second score early in the final period when he went 20 yards for a Rebel touchdown. Howard put the final points on the board for Ole Miss on a 21-yard field goal later in the period.

Ole Miss completely dominated the game, rolling up over 400 yards of total offense to State's 200. State finished at 4-7 and Ole Miss finished 4-6-1.
