KAREN PHILLIPS

J'Town Queen

Karen Phillips has been selected as Christmas Queen for the Jumpertown Christmas Parade which will be Saturday, Dec. 15, at 2 p.m.

Miss Phillips is the daughter of Ms. Betty Jo Phillips.

The parade will begin at Custom Freight on Hwy. 4, and travel to E&E Furniture.

Anyone interested in entering a float should contact Tina Moore at 728-9310, Frankie Lauderdale at 728-3551 or Dot Wagnon at 728-8777.

In case of rain, the parade will be held the following Sunday.

Jail Trusty

Escapes

A trusty at the Prentiss County jail who "walked off" Friday night of last week had not been apprehended as of early Wednesday morning, according to the sheriff's department.

Bobby Tyes, 33, of Macon St., Baldwin, was a state prisoner who was in jail for a parole violation, a sheriff's department spokesman said.

Tyes, a trusty, "just walked off" from the jail Dec. 7, the spokesman said. He was noticed missing around 9:30 p.m.

Health Unit

In County

The Northeast Mississippi Community Action Agency will sponsor a Rural Mobile Health Unit in Prentiss County Dec. 17-21, Dec. 27, 28 and 31, and Jan. 2-3.

The unit will service low-income and low-income elderly who are not receiving professional medical services. Referrals to health professionals will be made if needed, as well as referral to government assistance programs.

The unit will screen for undiagnosed hypertension, vision, and hearing problems.

The Rural Mobile Health Unit will be located at the following areas:

- Mt. Olive Baptist Church, Dec. 17, 9:30 a.m.-3:30 p.m.
- Ingram Baptist Church, Dec. 18, 9:30 a.m.-3:30 p.m.
- Reuben Chapel, Airport Community, Dec. 19, Dec. 20, 9:30 a.m.-3:30 p.m.
- Wheeler United Methodist Church, Dec. 21, Dec. 27, Dec. 28, 9:30 a.m.-3:30 p.m.
- Prentiss Circle Apts., Baldwin, Dec. 31, 9:30 a.m.-3:30 p.m.
- Latimer Park Community Center Jan. 2, Jan. 3, 9:30 a.m.-3:30 p.m.

A workshop will be given at Latimer Park Community Center by Mabel Nelson, RN, on Jan. 4, concerning energy conservation and hypothermia.

Foggy Morning

Northeast Mississippi residents awoke Tuesday morning to a dense fog which lingered around until midday when the sun finally broke through to burn off the haze. This scene was spotted on College Street near Northeast Junior College. Surrounded by the mist, these

horses seem concerned only with their early morning grazing. Fortunately, The Banner-Independent received no reports of accidents resulting from poor visibility due to the fog.

Area Meetings Focus On Education

By ED WOODWARD
Managing Editor

Two recent meetings, one on Monday, Dec. 3, at Northeast Mississippi Junior College, and one Monday, Dec. 10, at the Tupelo Civic Auditorium focused on education problems, specifically those in North Mississippi, aggravated by the Education Reform Act, House Bill Four.

The Dec. 3 meeting, called by State Rep. Billy McCoy, was attended by teachers and administrators from schools in the five-county area served by NEMJC.

McCoy said the purpose of the meeting was to find the "flaws in the act itself," and to search for solutions.

"Our desire is to allow you as individuals, and as a group to express your feelings to your legislators from this area," he said.

Legislators present, in addition to McCoy, were Representatives Harvey Moss of Corinth and Mack Lloyd Wadkins of Iuka, Sen. Irb Benjamin of Rienzi and Sen. John White of Baldwin, who arrived late because of several other conflicting commitments.

There was a murmur of disapproval from those in attendance when McCoy announced that the proceedings were being taped for review by the legislators. But a number of teachers and administrators refused to let the taping inhibit them.

William Cole, a Corinth High School mathematics teacher expressed what he said was the feeling of many teachers regarding the staff development section of the Education Reform Act, and the report of the Commission on Recertification.

"I and other teachers object to the fact that recertification, as stated in the commission's report, will be done on the local level," Cole said.

"For a matter this important, we feel that a uniform set of procedures throughout the state should be followed," he said.

Violet Cole, another Corinth City Schools teacher, attacked the Accountability Instructional

Management program that has required teachers to work extra hours with no extra pay since the passage of HB4.

"We are concerned about the tremendous paper monster that the AIM program has turned into," she said. "It's taking away our creativity, our teaching time...It's inflexible and it has become overdone."

"We would like to suggest that some state competencies be set up that could work for all school systems," she said.

Brenda Bolen, a Booneville teacher, also attacked AIM, and the additional work hours at no extra pay it has required.

"No one believes in quality

education more than I, and no one holds herself more accountable than I. However, I am only seeing the accountability of teachers questioned," she said.

"Where is the accountability of the department of education, the governor, legislators and local school districts to pay teachers an accountable salary?"

"Now, it's AIM, staff development and new accreditation standards with more and more time taken from the classroom and extended days, hours and months with no extra pay," Ms. Bolen said.

"Each district is competing to hold its accountability with regular

County To Benefit From ARC Grant

Prentiss County will be among six Northeast Mississippi counties sharing a \$320,000 grant from the Appalachian Regional Commission and the Tennessee Valley Authority.

The purpose of the grant is to enable the six counties to establish a regional computer network. Each county will receive identical basic computer equipment and the grant will also pay for training the operators.

The counties in the network will be Prentiss, Alcorn, Tishomingo, Tippah, Benton and Marshall. The computer network will be under the sponsorship of the Northeast Mississippi Planning and Development District and will assist the counties in keeping track of their real estate appraisal and tax collection records.

According to a TVA spokesman, computers can do for local governments what assembly lines

have done for industry, speed up production and "add to the bottom line."

The problem, the spokesman said, is that, while the cost of computers has been steadily dropping, the more sophisticated ones still are not "user friendly" enough for the average small town's budget.

The solution is for counties to pool their resources through regional development agencies like NMPD-

D, with the assistance of TVA in attracting federal grants to finance the installation of such networks.

TVA has already assisted in obtaining such grants for computer networks now serving 50 counties.

"The demands of maintaining and upgrading such things as voter

registration and tax rolls on local counties are getting bigger all the time. The only way we can ultimately meet these demands is with the help of computer technology," said NMPDD.

Prentiss County In Top 20 In Efficiency Ratings

By ED WOODWARD
Managing Editor

State Auditor Ray Mabus has given Prentiss County high marks for efficiency.

In a recently released county efficiency report, using a new efficiency rating system, Prentiss ranked 19th in the state, ahead of all surrounding counties but Tishomingo, which achieved a fourth place ranking.

The report was developed by Tunica County Administrator Larry Butler in conjunction with the State Auditor's Office. Butler said he developed the ranking system while Mabus' office was completing an inventory of equipment owned by each of the state's 82 counties.

The inventory identifies the various shapes, sizes and the number of pieces of equipment a county owns. Butler's system then compares the number of road graders owned with the number of miles of unpaved roads in the county to measure the efficiency of each county's road maintenance program.

Tishomingo County achieved its fourth place ranking by maintaining its 368 miles of gravel roads with only eight graders for an average of 46 miles per grader.

Prentiss County, the only other area county in Mabus' Top 20, has 12 road graders to service 413 miles of gravel roads for an average of 34.42 miles per grader.

Tippah County ranked 30th with

12 graders to serve 376 miles of roadway, 31.33 miles per grader.

Alcorn and Lee Counties both ranked near the bottom. Alcorn County is maintaining 299 miles with 13 graders for an average of 23 miles per grader, while Lee County is averaging only 19 miles per grader.

Other low-ranking counties include Adams County, 10.67 miles per grader, Grenada County, 14.44 miles, and Number 82 out of 82 counties, Forest County, which owns 14 graders to maintain 65 miles of gravel roads for an average of 4.64 miles per grader.

Tunica County ranked first with five graders maintaining 285 miles for a 57 miles per grader average.

WBIP-AM Will Increase Nighttime Power

R.J. "Piggy" Bonds, president and manager of WBIP Broadcasting Corporation, has announced that beginning Saturday, Dec. 15, WBIP-AM will increase its nighttime power to 1,000 watts.

Bonds said this came about when an agreement was signed in Mexico City permitting all class IV AM stations to increase their nighttime power from 250 watts to 1,000 watts.

The FCC and the state department have worked the arrangement out with the Canadian and Mexican governments to raise the nighttime power limits for Class IV AM stations.

Bonds said WBIP-AM will now have improved signal coverage

enabling the station to better serve its audience.

WBIP-AM has been operating with a daytime power of 1,000 watts for many years, but had to reduce power at sundown to 250 watts.

Bonds said that, even with the 1,000 watts at night, the station still will not have as much coverage as during the daytime. But he said, the power increase will greatly enhance the listening signal to people living in WBIP-AM's fringe area.

Bonds also said WBIP-AM is considering the addition of stereo sometime in the future. Sister station WBIP-FM is already broadcasting in stereo.

BIBLE QUESTION BOX

QUESTION: "Did Jesus talk to people in prison while he was dead?" (1 Pet. 3:17-22)

JOHNNY RICHARDSON

ANSWER: First in the study of any Bible question one should read the text. Peter states that Jesus by the Spirit "preached unto the spirits in prison." (v. 18, 19) When one works or what one does through an authorized agent, he is said to do himself. Examples: In John 4:1, 2, "...the Pharisees had heard that Jesus made and baptized more disciples than John, (Though Jesus himself baptized not, but his disciples,)" As Paul wrote to the Ephesians he spoke of Christ preaching to the gentiles as well as the Jews. The preaching of Jesus to the gentiles was through the apostles (Acts 10; etc.). Thus Jesus baptized through his disciples, he preached to the gentiles through the apostles, and he preached to the people through the "preacher of righteousness" (Noah) while the Ark was preparing. (2 Pet. 2:5) Peter speaks of them as "spirits in prison as this was their present condition. At one time they were living on the earth, during the days of Noah. It was during the days of Noah that the preaching was done. It was then that they were disobedient. (v. 20). The rejection of the preaching of TRUTH by God's faithful is to reject the Lord. Multitudes perished as they rejected the preaching of Noah. Don't neglect the preaching of Christ. WRITE BOX 15 -BOONEVILLE, MISS.

No Site Found Yet For Planned New National Guard Armory Building

By ED WOODWARD
Managing Editor

There has apparently been no progress in efforts to obtain a site for construction of a new National Guard armory building in Booneville.

"The last report I had was that the city board was negotiating for a property on the Bypass near Lake Street, but that there were several families involved and they were trying to get them all to agree to sell it," said Sgt. Gary Chittom, Senior Training NCO at the armory.

"Since that time I haven't heard

anything. I went to city hall the other day to try to find out, but I didn't get to see the mayor because he was out of town," he said.

When contacted by The Banner-Independent, Mayor Charles Crabb said negotiations for the property have fallen through. "And right now we haven't come up with anything else."

"I talked to the families who own the property we wanted. But we never heard another word out of them. Evidently, they're not ready to sell it," Crabb said.

"But, maybe we can find something else. I hope we can

because I'd like to see us provide them with something. But, as of right now, we don't have anything nailed down on it," he said.

Prentiss County Board of Supervisors president J.P. Davis was asked if the county might still be willing to provide the Guard with property in the Booneville-Prentiss County Industrial Park.

"We haven't looked any farther into it," Davis said. "I just told him (Chittom) if they (the city) didn't find anything, they (the National Guard) could look at what property the county owns."

Sgt. Chittom had stated earlier

that a preferred site for the new armory would be within the city limits, but in a non-residential area.

Though the industrial park, which is jointly owned by the city and county, is presently outside the city limits, there has been discussion at recent meetings of the Booneville Board of Mayor and Aldermen regarding its annexation into the city.

When informed of the city's lack of progress and Davis' comments, Sgt. Chittom said he would contact both Mayor Crabb and the board of supervisors to see what could be arranged.

Meetings

classroom teachers having to assume PE (physical education), music, art, drama, etc.

"PE teachers, full-time librarians, a school nurse, art and music teachers are needed. For the first time in my 17 years, teachers who are dedicated teachers, who have never breathed of walking out, are talking of such a drastic move," she said.

"Salaries must be increased. There was a commitment in House Bill Four, but teachers only got the accountability part with AIM staff development, new accreditation standards and no more rewards in pay or respect," Ms. Bolen said.

TEACHER SALARIES became the dominant theme at the meeting, with both teachers and administrators citing it as the number one problem to be solved before other facets of HB4 could be implemented.

"I'm a 25 year classroom veteran. I see this thing from two sides and I'm very disturbed," said Marie Spain, a teacher at Booneville High School.

"There is one issue I don't believe we have addressed," she said. "I want to know who's going to teach my grandchildren. I have seven, six preschoolers."

"I teach in the classroom and I have been talking to my students for the last several years, asking, 'What is your job opportunity going to be?'... 'What goal are you setting for your life?'"

"The last three years I have not had a single student tell me that they would like to go into education. And this alarms me," Ms. Spain said. "It alarms me as an educator. I am worried about the here and now. I'd like to have that better salary for myself. But I'm thinking because I just have five more years until that retirement date. And the thing that really alarms me is the fact that I want quality teachers out there to give those grandchildren of mine an education."

"And, if we don't raise our standards...and I mean raise them high...We are losing teachers by the wayside, day in and day out...dedicated people, because they cannot afford to feed their families on an educator's salary," Ms. Spain said.

Allan MacDaniel, a Tupelo teacher and member of the board of

directors of the Mississippi Association of Educators, compared the situation between teachers and the legislature to the government's treatment of Indians during the Trail of Tears era.

"This is the year when, if the legislature doesn't do something, the people in Jackson better start practicing circling their wagons," MacDaniel said.

SEN. BENJAMIN RESPONDED by admitting that the legislature may have made some mistakes in their methods of implementing education reform.

"The attempt that was made in House Bill Four was to take the legislature out of the education business and give it to the State Department of Education," he said.

"But, as we view some of the proposals that have come down, it looks like we took it out of the hands of education and put it in the hands of people who've never been in the classroom."

"And we've created some problems there," he said.

In regard to a need for a teacher pay raise, Sen. Benjamin then said, "My suggestion to you would be this: I'm not really a radical person, but I think there comes a point in time when a stand has to be made."

"I think, if we in the legislature come forward to the teachers with anything less than a \$2,000 per year raise, the proper procedure might be to politely inform the superintendent not to run the buses tomorrow and very calmly take to the streets."

"I think the education crossroads for teachers is here, today. I don't think it's down the road. I think it's been down the road because we let it be," Sen. Benjamin said.

ONE WEEK LATER, Monday, Dec. 10, at the Tupelo Civic Auditorium, a group of legislators and school officials met to discuss the lack of 16th Section land in North Mississippi's 24 counties and possible solutions to the problem.

Rep. McCoy and Rep. Mike Mills of Aberdeen, organizers of the meeting, called on legislators in the audience to support their efforts to get legislators from other parts of the state to help pass a \$5 million general fund appropriation for schools in the area.

Both Secretary of State Dick Molpus and State Auditor Ray Mabus were present to lend support to the effort.

Sixteenth Section Lands, though federally mandated to support schools nationwide, are nonexistent in the area of Mississippi formed by the Chicawsee Cession in the 1832 Treaty of Pontotoc.

According to the terms of the treaty, all the lands in the cession were sold, including 16th section lands. The federal congress then set aside 170,000 acres of land in the Mississippi Delta in lieu of the lost 16th section lands. But the Mississippi legislature subsequently sold the lieu lands and invested the \$1 million in railroads, accepting payment in Confederate dollars.

The 1890 Constitution then in-

cluded a section providing that six percent annually of \$1 million (\$62,191) be appropriated to be divided among the schools in the 24 counties. But, over the years, the disparity between this amount, and that collected by counties with 16th section land has grown.

According to Molpus, it would now require between \$7.2 million and \$7.4 million annually to equalize the situation.

Mabus warned that nearly all school districts in the 24 counties of the Chicawsee Cession are now "financially unsound" and many are using illegal "creative accounting practices."

He said, if he were to order these practices to cease, many districts would be unable to continue to operate.

Northeast To Repeat Ski-Flee Trip

Because of last year's rousing success, Northeast Junior College is again sponsoring a spring break ski trip to Winter Park, Col., calling it the Gadabout Ski-Flee II.

Organized under the direction of seasoned travelers Dr. Anne Gaddis Cross and Dr. Ray Cozort, the trip is scheduled for March 10-16.

Skiers will leave Memphis March 10 for Winter Park, a favorite resort of skiing enthusiasts, nestled high in the Arapaho National Forest. Winter Park has 14 chair lifts and 52 trails and is known for some of the finest skiing terrain in the Rockies.

The rate of \$599 per person includes round-trip, non-stop air fare from Memphis on Republic Airlines and six nights' accommodations at the luxurious Silverado II condos in Winter Park, based on six persons in two-bedroom condominiums. The price also covers round-trip

motor coach transfers between Denver Airport and Winter Park, equipment rental and slope lift tickets for five days plus an optional first day lesson for beginners.

Those interested need only send in a \$100 deposit. With that as a downpayment, half payments of \$249.50 may be made in mid-January and mid-February to complete the balance.

"We're hoping to have all our deposits in by the end of December," Cross said. "We had such a wonderful time last year, we just couldn't pass up a chance to go back."

Besides the promise of a wonderful time, travelers can also earn one hour of college credit in health and physical education on the trip.

For more information, contact Cross or Cozort at 728-7751, extensions 348 or 361.

QUESTIONS ABOUT CHRISTMAS (CONTINUED FROM LAST WEEK)

SHOULD WE HAVE A SPECIAL SERVICE TO REMEMBER THE BIRTH OF CHRIST? There is no example of the early church having a special service to remember the birth of Christ. An example of the early church plus teaching would constitute authority. We live by faith. (2 Cor. 5:7) What we cannot do by faith is sin. (Rom. 14:23). Faith comes only by the word of God. (Rom. 10:17). Isn't it strange that Christmas does not appear in the Bible? Christmas observed as a special religious day is either observed by divine or human authority. Since there is no divine authority for it, we must conclude it is of human authority. The Bible warns us about the traditions of men. (Gal. 4:10-11, Matt. 15:9, Rev. 22:18-19).

HOW SHOULD THE CHRISTIAN CELEBRATE CHRISTMAS? Since there is no Bible authority for celebrating Christmas with a special religious service, the Christian should look upon Christmas as he would any civil or national holiday. To the Christian, it is only a national holiday with no religious significance attached. The Christian feels the need of being sober and righteous every day of the year and not just seasonally. (Titus 2:11-12).

WHAT IS WRONG WITH CHRISTIAN ATTITUDES EXPRESSED AT THIS TIME OF THE YEAR? There is nothing wrong with the expression of Christian attitudes any time. However, when Christian attitudes are expressed only once a year, is it a cover up for the failures of the past? A child of God should possess a Christian attitude daily, not seasonally. (Luke 9:23, I Cor. 15:58).

HOW DOES A CHRISTIAN REMEMBER CHRIST? The Christian remembers Christ on His day, in His way. As the Christian continually does the will of God, he is remembering Christ in the right way. We are taught to observe the Lord's Supper in memory of the death of Christ, but what we are taught to do to remember His birth? (I Cor. 11:23-26).

WHY ARE RELIGIOUS LEADERS PUSHING CHRISTMAS SINCE IT IS NOT TAUGHT IN THE BIBLE? They are accepting the traditions of their leaders and creed books without doing their own home work. In short, they don't know what the Bible teaches or don't care. Where in the Bible do we read of the early church having a special service in memory of the birth of Christ? Where in the Bible is the church instructed to have a special service in memory of His birth? Those who preach should be honest enough to tell people the truth and show them where it is found in God's Word. How can one preach something without producing the evidence for people to read for themselves.

Talk 'O The Town

Street Opinion

QUESTION: Would you like to see Christmas lights on Highway 45 in addition to the Christmas lights in downtown Booneville?

ERVIN COX of Route 2, Booneville: "Certainly. I think that would be a good idea. It might give people an idea about our city and make them stop and take a look at our city and see what we have to offer."

BETTY LIVINGSTON of Route 5, Booneville: "It would be fine. I think it would be pretty."

VICTOR BISHOP of Route 1, Rienzi: "It would help those people who advertise and it would make it look more like Christmas."

MAYLENE LAUDERDALE BATES of St. Louis, Mo.: "Yes. I'm here from St. Louis visiting but I still think it would be beautiful on Hwy. 45."

MAXINE PARSON of St. Louis, Mo.: "I sure would. It would be pretty."

MISSY TAYLOR of Route 4, Iuka: "Yes. I think it would be pretty. It would give more Christmas spirit."

Ponderings

By Angela Smith

Now I know how Santa's elves and reindeer feel. Tired.

After typing children's letters to Santa Claus I think I'm somewhat of an expert when it comes to knowing what children in Prentiss County want for Christmas.

But I'm not the only expert here. Shirley and Janet had to type and proof children's letters to Santa, too.

The letters to Santa will appear in next week's Christmas edition of *The Banner Independent*.

(This year we typed the letters just the way the children wrote them - so you'll see some surprises).

Like last year, one of the most frequently requested Christmas items was Cabbage Patch Kids and Cabbage Patch clothes.

Other popular items for girls were Barbie dolls, My Little Dream Pony, and Lite Brite dolls. Some toys I wasn't familiar with were also

requested such as go-bots and snake mountains. Frequently boys asked for KITT cars, Dukes of Hazzard cars, and G.I. Joe figures.

Jam boxes and seemingly anything to do with Michael Jackson were other popular items.

One little boy in the first grade at Baldwin Elementary School wrote "I have been very good. Please bring me 6 front teeth."

Another little boy asked for a hamburger in addition to his toys and still another little boy asked for some green bubble gum.

I hope these children have more luck writing to Santa Claus than I did.

When I used to write Santa, I would get something like this in reply. "Quit writing me kid. I don't have time to read letters from someone who puts plastic green snakes in their teacher's desk." (I was a student at Ole Miss at the time).

So look for lots of letters to Santa next week.

Oh, Christmas Tree

For those of you who may have been wondering if we have our tree decorated at the office yet - the answer is yes.

Shirley and I went to get a tree last Thursday. We

purchased it at one of the local grocery stores. We encountered terrible problems.

After we got the tree back to the office we couldn't get the tree in the stand. Rex got the honor of hacking two of the tree's lower limbs off. Then we were able to fit the tree in the stand.

The tree looked good, too, until I tried to straighten it just a little bit more. Then the tree leaned to one side.

Shirley made me take the tree out again and put in the stand - but I never could get it to stand straight. Hence - our Christmas tree is leaning. (We call it the leaning tree of Pizza).

Norma claimed the tree would fall if we didn't straighten it out. But we decorated it anyway.

I attempted to put the lights on the tree. I got them all on, but they were a mess. So we took them off and Shirley and Greg put them on again - with me sitting down and giving them instructions.

I found that was the best way to decorate a tree - let someone else do it.

Court Square Ponderings

"It would be wonderful if, when we lose our temper, we couldn't ever find it again."

County School Report

Evaluations Required By Increased Accountability

By J.W. GREENE
Prentiss County
School Superintendent

Performance evaluation of all personnel must be a part of the Prentiss County School District's comprehensive staff development plan this year.

Increased emphasis on accountability has made it imperative that school systems develop effective staff evaluation programs which will bring about significant improvement in the teaching and learning process.

During the month of January all personnel will be evaluated by the

principal and in some cases the assistant principal may be involved. The principal or evaluator will observe the evaluatee in actual instructional practice.

The sixteen teacher competencies will be used this year as a bases for the rating scale. The teacher will be informed of the evaluation plans in advance of the formal procedure. The evaluation will conclude with a post-conference at which time a plan will be devised to fulfill any needs designated.

The goal of the evaluation is to help personnel to improve

their performance and thereby advance the goals and objectives of the District Plan. Staff evaluation will be largely contingent on the processes of self-examination and self-renewal; while this does not diminish the role of the evaluator, only the evaluatee can create many of the changes essential for personal growth and change.

The evaluator will furnish guidance in terms of what is needed for improvement or enrichment by the individual and the district will provide inservice, supervisory conferences,

and other forms of assistance. It will be largely contingent; however, on the evaluatee to make full use of the services available and to initiate a program of improvement or enrichment.

Staff evaluation infers that improvement of a competence is always possible, and that conversely, a need for improvement does not necessarily imply incompetence. The major objective of evaluation will be to gather specific information about individual teachers' strengths and weaknesses

for the purpose of improving individual performance; and to collect a broad sample of information for planning inservice.

Performance evaluation is the key to educational accountability and it can establish accountability in the district. Evaluation validates results and identifies weaknesses that need to be corrected. It may also provide rewards for accomplishment above the ordinary.

Performance appraisal should encourage teachers to become students of teaching and

learning and to watch and learn from their peers.

Finally, if we are to strengthen public confidence in our schools, performance evaluation must become a high priority. There is no other responsibility that schools have that is more important than to employ highly capable teachers and administrators and to evaluate them so that services do not deteriorate.

Performance evaluation is not yet an exact science. It may never be. Nevertheless, it is the most critical area in improving our schools!

Eyes On Mississippi

Reagan's Promises To Mississippi Not Fulfilled

By BILL MINOR
Syndicated Columnist

JACKSON, Miss. -- When President Reagan campaigned in Gulfport before his re-election, he virtually promised Mississippians a rose garden in his second administration.

But what is coming out of the Reagan administration in the way of proposals to cut the federal deficit contains a lot more thorns than roses for a "have-not" state like Mississippi.

The thrust of the Reagan administration deficit - reducing plan is to shift more of the burden for services and programs back to the states. That's what the first Reagan administration tried to do and that is one reason why Mississippi has been in an awful budgetary bind of its own the past three years.

Mississippi, for a number of years since federal revenue sharing and other grants to states began, has been heavily dependent upon federal funds to provide 35 percent of state services. The heavy dose of Reaganomics has cost Mississippi \$1 billion in federal funds in com-

parison to what was coming into the state in 1980.

That \$1 billion less money is translated into loss of sales taxes which the turnover of federal funds would produce, plus the loss of services at the state and local level, because of the inability of the state to make up the money it was previously getting from Washington.

The new round of "tax simplification" which has been brought forth by Secretary of Treasury Donald Regan, apparently with the backing of the president, contains several features which would have dire effects on Mississippi's ability to fund state government and provide economic growth that is the best hope for this state to get off the bottom of the ladder.

Mississippi is once again confronted with the necessity of raising taxes in order to meet urgent needs for teacher pay increases, and to catch up for underfunding of state agencies the past three years. Most fiscal observers believe the state will have to look to the state income tax as the only available source of raising significant new revenue.

The plan for eliminating deductions for state and local taxes in the federal income tax code which has been proposed by Secretary Regan flies directly in the face of the state's efforts to solve its budget problems.

In order to sell an income tax increase in the Mississippi Legislature, the one saving grace is that business and industry can charge off the increase on their federal taxes.

If that safety valve for the state were closed, it would make passing an income tax bill in the Legislature much more difficult and incur greater opposition from the powerful business lobby.

The state of Mississippi has never allowed corporations to deduct their federal income taxes against their state tax. If the big companies were not able to deduct state taxes on their federal returns then it is likely the business lobby would demand a tax break from the state as part of what it considered a "favorable business climate."

While the Reagan administration tax simplification idea doesn't yet embrace the elimination of tax-exemptions for state

industrial or general obligation bonds, the feeling here is that will be the eventual recommendation to the president.

Because industrial tax-exemption bonds have been the heart of Mississippi's program to lure industrial jobs into the state, should the tax exemption from such bonds be removed by the federal government, observers here see it as having a disastrous impact on Mississippi's economic future.

There is another fear among state fiscal leaders that the whole scheme of

the Reagan administration is to eventually reach for a federal sales tax or valued added tax in the likely event the income tax reform, or the flat tax plan, is blocked by a potent business lobby in Washington.

Should the federal government ever invade the sales tax field, it would virtually pre-empt Mississippi, which now depends upon the sales tax for half of its general fund revenues, from going back to that source in the event of another revenue crisis.

Leaders here are also quite concerned about some of the proposed \$42 billion in domestic spending cuts which Reagan is planning to propose to Congress in January.

One is the proposed elimination of community development grants, which now are the mainstay of cities and towns in Mississippi to provide capital improvements essential to attract industry and to improve the housing and sanitary conditions in many poverty-plagued communities.

That Yankee From Yonder

By Ed Woodward

Managing Editor

I'm worried.

I have been concerned ever since I started reading about State Sen. Jack Gordon's plans to get school consolidation postponed.

Now, some of you, even those who think the Education Reform Act is the greatest thing since grits, are probably still against school consolidation. And you may think you have good reasons.

But do your reasons outweigh your children's need for an education comparable to that offered in most other states? For instance, is sports competition among five schools, rather than two, important enough to deprive your child of a possible scholarship?

That's something to think about. And, once you've given it some thought, you can think about what is worrying me: If consolidation, which was mandated by House Bill 4, is postponed past the fall 1986 date called for by HB4, what other provisions of

HB4 could the legislature tamper with while they're at it?

Now, Billy McCoy assures me that there is nothing to worry about. And I want to believe him. But the Mississippi Legislature's past record on the education issue makes that difficult. There are still an awful lot of Good Ole Boy types there.

There are also, though God knows why, opponents of kindergartens. There are teachers who oppose teacher certification - presumably those who probably couldn't pass the test - and school administrators who oppose school certification.

The latter is probably understandable, too. Take any school district like Booneville that has not been able to pass a bond issue for renovation of a present building or construction of a new one, and you'll probably find a school that couldn't get certification.

There is also a faction, some of whom are apparently even in the legislature, that never went past the sixth grade, and figures, if they can get along, why should we spend more tax money for something that isn't necessary, like schools.

And, since HB4 will require more tax money to implement it, they are naturally "agin it."

Admittedly, taken separately, each of these factions is a minority, not apt to be taken seriously by any intelligent legislator who truly has the welfare of his constituents in mind.

But, if you put them all together in Jackson during a legislative session, clamoring for the attention of our elected officials, they could get some damage done.

If we let Sen. Gordon chip away at one facet of education reform, that will only set a precedent for some other self-serving legislator to take a crack at another facet.

And, by the time the 1985 Legislative Session is over, House Bill 4 will resemble a chunk of Swiss cheese.

And our children will be all the poorer for it.

Last Thursday, after some heated discussion, the Booneville Lions Club passed a resolution telling the legislature to "leave House Bill 4 alone."

Though there were some members who admitted they did not agree with all of HB4's provisions, the resolution still passed unanimously.

If enough such organizations, and individuals locally and around the state would do the same, those of us who want good education for our children would be heard in Jackson, too.

UDC Members Discuss Brigade

Mrs. Eudora Kemp and Mr. Patsy Johnson were the hostesses for the November meeting of the D.T. Beall Chapter, United Daughters of the Confederacy. The meeting was held in the hospitality room of the Frank Haney Union building on the campus of Northeast Junior College. Colorful symbols of the fall season ornamented the tables where the members were served a dessert course with coffee. Dr. Mary Rickard presented a study on "Hoods" Texas Brigade. She told the group that it was one of the greatest fighting units ever organized on the North American Continent. It fought for Robert E. Lee in the Army of Northern Virginia in the War Between the States. The Brigade was composed primarily of Texans. Some of the companies that formed the Texas requirements were nicknamed. Some well known ones were Navarro Rifles, Crockett

Southerners, Tom Green Rifles, Lion Hunters, and the Texas Invincibles. Many of the Texans in the companies of Hood's Brigade had its share of unusual nicknames such as Arggele Campbell, Glen Dremingoode, Dock, Zeke, Smith Bottoms and Buttons Evans as well as many others. During their time of service in this cause for the War Between the States there developed a comradeship that had been forged in battle and also in camp during the struggle so in 1872 66 members of the famed brigade met in Houston and organized Hood's Texas Brigade Association. It was formed after the War Between the States. It met in regular annual reunions for 62 years through 1933 with the exception of 1898 and 1918. Lt. Col. Winkler served as the first president but General J.B. Robertson filled the office the greatest number of times.

ETV Christmas Specials

Two Christmas specials highlight Mississippi ETV's programming on the evening of Wednesday, Dec. 19. "A Christmas Memory," written and narrated by the late Truman Capote, can be seen at 8, and a performance of "The Messiah" will be telecast beginning at 9. "A Christmas Memory" recalls Capote's childhood in an autobiographical story of a special

relationship at Christmastime. Geraldine Page and Donnie Melvin star in this tale of friends who, despite their wide difference in age, share in traditional preparations for Christmas. "The Messiah" at 9 is Handel's complete work performed by the Boston Symphony Orchestra, the Tanglewood Festival Chorus and soloists. Colin Davis conducts.

Quinn-Bullard Wedding Is Sunday

Miss Sherri Ann Quinn, daughter of Mr. and Mrs. Kenneth Quinn of New Albany, and Duane Bullard, son of Mr. and Mrs. Herman Bullard of Iuka, will be married at 3 p.m. Sunday, Dec. 16, at Hillcrest Baptist Church in New Albany. All friends and relatives are invited to attend both the wedding and the reception to follow immediately in the church fellowship hall.

NEW CLUB MEMBERS - The Booneville Junior Woman's Club welcomed four new members at its November meeting. New members include (l-r) Pam Putnam; Carol Dickerson; Club President, Kathy Green; Carla Falkner; and Beverly Greenhaw.

'Tomorrow' On ETV Monday Night

Robert Duvall stars in William Faulkner's "Tomorrow" on American Playhouse at 9 p.m., Monday, Dec. 17, on Mississippi ETV.

Duvall stars as Jackson Fentry, a

poor solitary cotton farmer in Mississippi with a tenacious and enduring capacity for love, still Duvall's favorite performance.

Fentry leaves his father's barren farm to become the watchman at a sawmill in a nearby county. While patrolling the grounds of the mill one cold December day, he finds the collapsed Sarah Eubanks (Olga Bellin) lying unconscious on the ground.

He takes her back to his shack where he nurses her back to wavering health, discovering that she has been deserted by her husband and abandoned by her family.

"Tomorrow" tells the story of the innocent and muted love that grows slowly between these two lowly and inarticulate people of the earth.

It was filmed in 1972 in Jacinto.

guests of Mr. and Mrs. Roy Crawford.

Winter Is The Time To Be Alert For Carbon Monoxide Poisoning

Carbon monoxide poisoning is usually associated with automobiles, but it can occur just as easily in your own house if you are not careful, according to the Mississippi State Medical Association.

Each year in Mississippi carbon monoxide poisoning causes tragic, accidental deaths.

Carbon monoxide is a colorless, odorless, tasteless gas produced every time a carbon-containing material burns.

The reason this gas is so dangerous is that it combines with blood 200 times more easily than oxygen. If you breathe air containing a normal amount of oxygen and even a moderate amount of carbon monoxide, your blood will be starved for oxygen.

When your blood cannot supply the oxygen to the brain, permanent brain damage and even death can result.

Dangerous amounts of carbon monoxide can accumulate when a cool, slow fire burns in a limited air space. Since you cannot see, smell or taste it, the gas is hard to detect except by its symptoms.

They include: drowsiness, headache, tightness across the forehead, confusion, nausea and muscular weakness. Carbon monoxide poisoning can confuse you to the point where you cannot reach fresh air and prevent serious injury.

The Mississippi State Medical Association makes these suggestions to help you prevent

carbon monoxide poisoning in your home:

- Have all heating systems checked annually for operating efficiency. Make sure all vents, pipes, flues, and chimneys are tight.

- Make sure your heating plant is not starved for air.

- Provide additional fresh air for charcoal grills used indoors. Better still, always use charcoal grills outdoors.

- Don't close your fireplace damper until you are certain the fire is completely out.

- Be sure your garage is sealed from the house. And never let your car's engine run in a closed garage.

- Be sure that all heating devices designed for venting are properly vented to the outside.

County Agent's Notes

By CLIFFORD J. HAMPTON
County Agent

The mild winter we've had recently has tempted many Prentiss County cattlemen to open the gates to wintergrazing and not bother to limit grazing.

However, the most efficient use of expensive wintergrazing is to allow brood cows to graze a limited period of time each day.

Cost per animal unit is one of the main considerations when wintering brood cows on grazing. For full-time grazing a mature cow with a calf needs about one acre. High

quality winter pastures contain 20 percent or higher protein and as much as 70 percent total digestible nutrients.

Well-fertilized winter pastures produce high quality forage that satisfactorily meets a cow's energy and protein needs.

In fact, cows grazing full-time receive nearly twice their protein needs and 60 percent to 80 percent more energy than is required.

Limit grazing provides a management tool that can help assure the most efficient use of wintergrazing crops at the lowest cost per cow unit.

A cow with a young calf can be wintered in one fall or about four hours of grazing each day. This should be supplemented by a partial feeding of fair quality hay or silage. No additional protein supplements are recommended.

Cows grazing pastures that have been highly nitrated should not be fed supplements containing a high percentage of urea as a protein source to reduce the dangers of nitrate poisoning.

As grazing gets short and weather becomes less favorable for growth, many cattlemen should graze cattle on alternate days. A good quality

hay or silage should be available for cattle on the days grazing is not offered.

Remember a good level of nutrition is necessary for cows to rebreed and calves to grow properly. Calves need full-time access to grazing through creep gates.

Proper grazing practices on winter pastures can reduce your overall wintering costs and help provide your herd with adequate nutrition.

For more information or tips on wintering your cattle, contact the Extension office.

ASCS News

By C.E. CALVERT
County Executive Director

Eligible wheat farmers will receive approximately \$1.1 billion and barley producers about \$50 million in deficiency payments on their 1984 crop, according to Everett Rank, administrator of the U.S. Department of Agriculture's Agricultural Stabilization and Conservation Service.

Rank said deficiency payments are required under the 1984 wheat and barley programs because average market prices received by farmers during the first five months (June through October) of the marketing year were below established target price levels if \$4.38 per bushel for wheat and \$2.60 per bushel for barley. For oats, the average farm price for the first five months was above the \$1.60 per bushel target price so producers are not eligible for deficiency payments.

The deficiency payment rate is based on the difference between the established target price and the higher of either (1) the national weighted average market price for June through October or (2) the established loan rate.

National weighted average market prices for the first five months of the marketing year are \$3.38 per bushel for wheat, \$2.34 for barley, and \$1.70 for oats. Eligible wheat producers will be paid a deficiency payment rate of \$1.00 per bushel for their 1984 crop, based on the difference between the \$4.38 target price and the \$3.38 farm price. The eligible barley producers' deficiency payment rate will be \$.26 per bushel based on the

difference between the \$2.60 target price and the \$2.34 farm price.

Rank said payments will be issued through local ASCS offices as soon as possible after Dec. 10.

FARMERS WHO plan to participate in the 1985 acreage reduction programs are reminded that cropland taken out of production and devoted to the acreage conservation reserve (ACR) must be eligible land which meets certain requirements.

To be eligible, the land must have been devoted to row crops or small grains in two of the past three years. Farmers need to be sure that the land has actually been planted within the specified time frame.

When farmers sign up for the acreage reduction programs, they agree to protect their idled cropland from soil and water erosion by planting certain grasses, legumes, small grains or other cover on the land. They are required to maintain these acres through normal control measures for insects, weeds and rodents. The program contract also prohibits harvesting ACR land. Grazing is prohibited during the five principal growing months of May 1, thru Sept. 30, 1985.

WHEN FARMERS sign up for the 1985 acreage reduction programs, they are eligible to receive 50 percent of the land diversion payments in those programs where land diversion payments are provided, and 50 percent of projected deficiency payments.

The advance farm program payments provide producers with additional compensation for taking land out of production, in addition to

the acreage reduction requirements. Deficiency payments are made to program participants when average market prices fall below the established target price for the crop.

A 10 percent acreage reduction requirement is in effect for 1985 feed grains and extra long staple cotton. The wheat and upland cotton programs contain a 20 percent acreage reduction and 10 percent paid land diversion requirement.

Land diversion payments have been established at \$2.70 per bushel for wheat, 30 cents per pound for upland cotton, and \$3.50 per hundredweight for rice. Projected deficiency payments are 47 cents per bushel for corn, 46 cents for sorghum, 44 cents for barley, \$1.08 for wheat, 19.80 cents per pound for upland cotton, and \$3.80 per hundredweight for rice.

Farmers who accept advance federal farm program payments and later fail to comply with program provisions will be required to refund the amount of the advance with interest, plus liquidated damages.

Applications for the 1985 farm programs may be filled through March 1, 1985.

RESULTS OF the Dec. 3, election of ASCS community committee persons for 1985 have been announced. Out of a total of 2160 farmers who were eligible to vote, 377 votes were cast.

Farmers elected to the committees were: Community A - Jumpertown and Pishah - Max Lauderdale, Chairman; Bud Green, Vice Chairman; Tommy Garner,

Member; J.C. Holley, 1st Alternate; Thomas Deaton, 2nd Alternate. Community B - Blackland and Baldwin - Jack Greenhill, Chairman; Charlie Rowland, Vice Chairman; Billy O. Spain, Member; Athel J. Smith, 1st Alternate; and Mack Williams, 2nd Alternate.

Community C - Baldwin and Marietta - Joe Wayne Garner, Chairman; James Barron, Vice Chairman; Mike Huddleston, Member; Edward Stacy, 1st Alternate; and David Hill, 2nd Alternate.

Community D - Thrasher and Cairo - J. Carey Pike, Chairman; Leon Tidwell, Vice Chairman; Jesso O. Sims, Member; Billy Joe Moss, 1st Alternate; and Harding Burcham, 2nd Alternate. Community E - New Site and Burton - Bill Breedlove, Chairman; L.C. Taylor, Vice Chairman; Ralph G. Smith, Member; Waymon Slack, 1st Alternate; and Ken Martin, 2nd Alternate.

The county ASCS convention will be held on Dec. 13, at 9:30 a.m. in the county ASCS office, where community committee persons will elect by ballot farmers to fill vacancies on the county ASCS committee. Convention delegates will also elect a county committee chairperson, vice chairperson, regular member and two alternates to the committee for the coming year.

Local Cows Receive Awards

Prichard Hereford Farm, Booneville, is the owner of a polled hereford cow which has been

awarded Benchmark Dam status, and a cow which has been named Gold Benchmark Dam by the American Polled Hereford Association.

The association, headquartered in Kansas City, Mo., recognized 684 elite cows for the Benchmark Dam Award which goes to the breed's most efficient and consistent producers.

This number reflects a 32 percent increase over the number qualifying as Benchmark Dams in 1983.

Gold Benchmark Dam designation went to those cows which qualified for the Benchmark Dam Award and have raised a minimum of seven calves. This year 49 cows achieved Gold Benchmark Dam Status.

To qualify for the award, each cow must have had at least three calves, with weaning weights for all her calves recorded in the APHA's

Guide Lines Program.

Her calves' weaning ratios must also rank her in the top 25 percent of her owner's herd; she must have

had her first calf prior to turning 25 months old, and have had an average calving interval no longer than 365 days.

Deadlines For 1984 Timberline Crop Insurance Claims Announced

According to Ralph Gillespie, a representative for the Federal Crop Insurance Corporation, the 1984 crop year insurance period ends for the following crops grown in Prentiss County and insured by the Federal Crop Insurance Corporation or by a private company reinsured by FCIC: Corn and Grain Sorghum, Dec. 10, 1984, Soybeans, Dec. 20, 1984, Cotton, Dec. 31, 1984.

"Any notice of loss must be given no later than 30 days after total destruction of the unit, completion of harvest, or the applicable date

the crop year insurance period ends, whichever occurs earlier," Gillespie said.

The producer who anticipates a claim should notify his or her crop insurance agent immediately.

Under the terms of the policy, any acreage on which harvest will not be completed must be left intact until an inspection is made. "Any claim for indemnity may be rejected if these loss reporting requirements are not met," Gillespie said.

By ROBERT THORNTON
County Forester

Last week you'll recall we told you how you could probably save some costs of reforestation on areas where you plan to harvest your pine timber in the coming months? (Delay harvesting until cones start opening).

Well, there also is another alternative to expensive planting of seedlings. It's aerial seeding.

This simply involves sowing about 1/4 lb. of Loblolly pine seed per acre on a cut-over site from a helicopter. It's much faster and cheaper than planting, and the work

qualifies for the same cost-share assistance and tax benefits as planting of seedlings.

The resulting stand will resemble a natural stand in that the trees will be irregularly spaced instead of growing in straight rows, as do planted trees. Also, the growth may be somewhat slower during the first few years, but your land will be back in production, growing a valuable crop of pine trees and you will have saved yourself some money that could be better spent on protective firelanes, cull tree deadening, etc.

If you need help in deciding what

your own situation calls for with regard to getting harvested land regenerated please give me a call before you cut your timber. I'd be glad to look it over at no charge. I might even be able to help you get your sale set-up if the area isn't too large.

Don't delay, call today - O.K. Thanks.

FmHA Assisted 4493 State Farmers

The Farmers Home Administration assisted 4,493 of farmers and ranchers in Mississippi through farm loans during the 1984 fiscal year, State FmHA Director, Don Barrett, reported today.

The loans, totaling \$212,351,080, were made under programs to assist with farm ownership and operation, natural disaster, economic emergencies and soil and water projects, Barrett said.

For the 12 months ending Sept. 30, 1984, the breakdown of loans in the

state is as follows:

Operating loans, 2,488 loans totaling \$94,757,230

Ownership loans, 243 loans totaling \$15,834,890

Disaster emergency loans, 1,604 loans totaling \$84,551,320

Economic emergency loans, 115 loans totaling \$16,117,170

Soil and water loans, 43 loans totaling \$1,090,470

Nationally, preliminary figures show FmHA provided 110,425 farm loans totaling \$4.4 billion during the fiscal year, Barrett said.

As Christmas gets closer so do children's anticipation and excitement. Let children help decorate for the holidays by making a gumdrop wreath. A gumdrop wreath is an easy project that they can do in one afternoon.

Sort four (nine-ounce) packages of soft gumdrops by color. This will help the children to remember to use all the colors all around the wreath.

Wrap a wire to make a loop for hanging and push in the back of a 12-inch Styrofoam wreath. Break round wooden toothpicks in half and push into the wreath. Press a gumdrop on the toothpick. Add more gumdrops. Place the gum-

drops close enough together so they touch. Cover the wreath with gumdrops.

For a festive touch wrap wire around a fabric or ribbon bow and push into the wreath.

Children will need some supervision when breaking the toothpick and wrapping the wire.

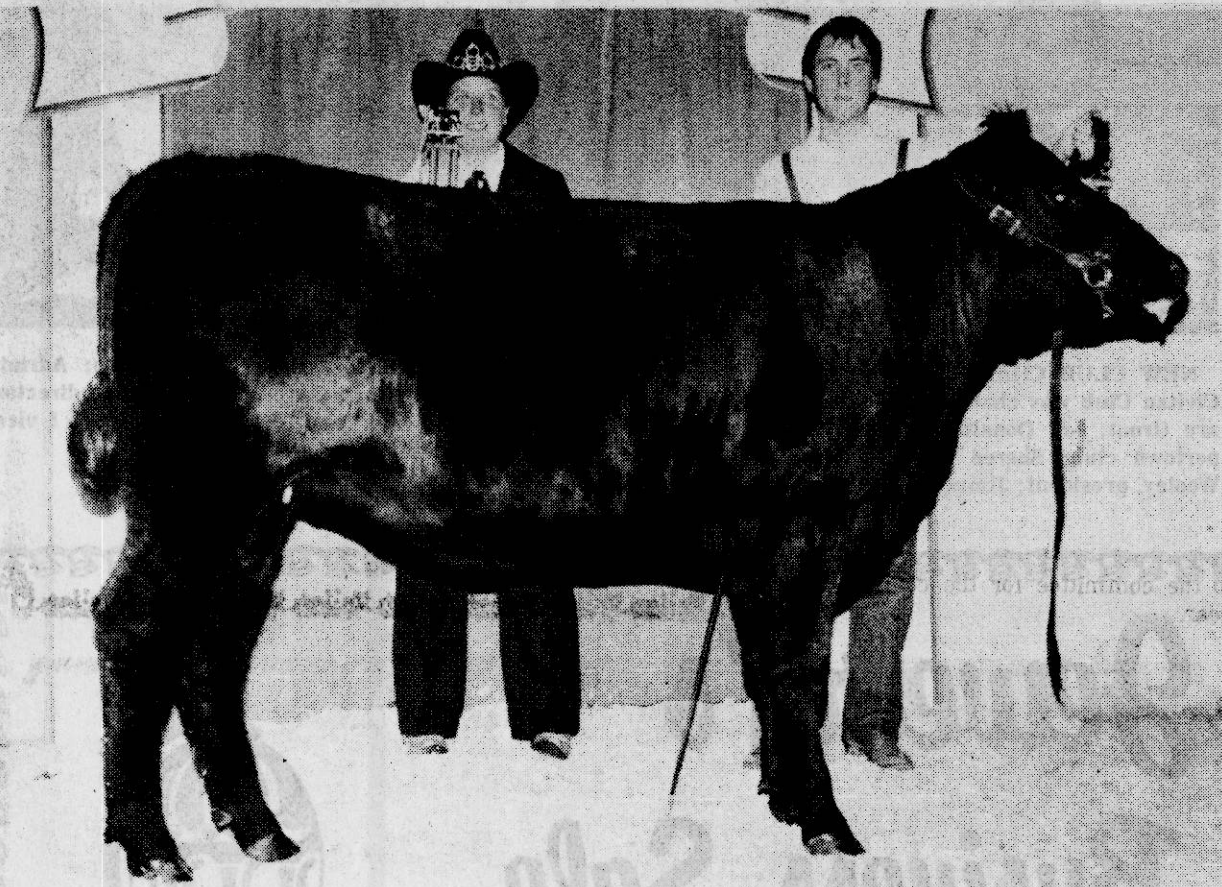

Hang the wreath low enough for the children to reach. Do not be surprised to find bits of it missing during the holidays.

Youth enrolled in the 4-H home environment project learn how to decorate 4-H or other craft ideas, contact the county Extension office.

BANK TELLERS SEMINAR - Attending a recent one-day seminar for bank tellers at The University of Mississippi were (from left) Maurice N. Inman, director of the University's Division of Continuing Education, and Peoples Bank and Trust employees

Peggy Grissom of Guntown and Dot Worley and Marilyn Windham of Booneville. The seminar was sponsored by the Mississippi Bankers Association and coordinated by the Division of Continuing Education.

Public Safety Head Wants Tougher Traffic Laws

Special attention is being focused on the threat and potential danger that drunken and drugged drivers are to law-abiding drivers and pedestrians in Mississippi.

"If drunken and drugged drivers had a communicable illness we would more than likely have an epidemic in Mississippi," Public Safety Commissioner James L. Roberts Jr. said.

"It's time that the small portion of the 1.7 million licensed drivers in this state who abuse drugs and alcohol realize exactly what they are risking."

"What we need in Mississippi is a vehicular homicide statute that deals with deaths on the highways separate from the statute under the Implied Consent Law which deals only with drivers under the influence of alcohol or other substances," Roberts said.

"A 21 percent increase in DUI citations issued by the Mississippi

Highway Patrol and other law enforcement agencies has been recorded thus far in 1984," he said. "There were 26,122 DUI citations issued January through November in 1983 compared to 33,021 issued from January through November of 1984."

"Some of the people in this category are facing manslaughter and negligent homicide charges because they were involved in accidents while under the influence of drugs or alcohol."

"Another segment of drivers are now former drivers because their licenses have been suspended for one, two or three years or for an indefinite time depending on the number of DUI charges accumulated in a five year period," Roberts said.

"For the first time in their lives, some drivers have spent time in jail because of a DUI charge. Others have participated in one of the

Mississippi Alcohol Safety Education Program (MASEP) schools throughout the state," he said.

Special attention is being called to this group of drivers in conjunction with Governor Bill Allain proclaiming the week of December 9-15 as "Drunk and Drugged Driving Awareness Week" in Mississippi.

"We strongly support Governor Allain's effort to make the public aware of this ever-increasing and life threatening problem," Roberts said.

"As commissioner of public safety I can assure the motoring public that drugged or drunken drivers in Mississippi will not have an easy time."

"This agency is dedicated to protecting life and property and that includes protection from irresponsible drivers," he said.

New Child Support Laws Will Affect Mississippi

The new child support and Enforcement Law will have a significant impact on the state of Mississippi. New legislation will be required before Mississippi can implement the new law, and failure to obtain the necessary legislation could result in approximately three million dollars in federal aid being jeopardized in the Aid to Dependent Children Program.

The new laws required to comply with the federal amendments include:

- automatic wage withholding of overdue child support payments;
- expedited quasi-judicial or administrative processes for obtaining and enforcing support orders;
- federal income tax refund offset to include non-ADC families;
- state income tax refund offset for both ADC and non-ADC families;
- procedures to impose liens on real or personal property when appropriate;

-- security, bond, or other guarantee posted from parents with a pattern of overdue support;

- report to credit bureaus who request information on absent parents who owe \$1000 or more; and
- child support orders to include a provision for medical support when private health insurance is available to the non-custodial parent at a reasonable cost.

Federal officials from the Office of Child Support Enforcement, Region IV, Atlanta, were in Mississippi to discuss the recently passed Child Support Enforcement Law on Nov. 7.

Those agency representatives meeting with Charles H. Post and Ken Jackson from the Office of Child Support Enforcement -- Region IV, were Beverly Hogan, Director, Federal-State Programs; Ed Buelow, Chairman, Public Health and Welfare Committee, (Mississippi House of Representatives); Sarah DeLoach, Special Assistant, Attorney General's

Office; legislative draftsmen from the Senate and House Judiciary Committees; Dr. Donald Roark, Commissioner, Department of Public Welfare; and Department of Public Welfare personnel in the Child Support Unit.

According to Charles Post, Congress passed the new legislation to strengthen the nation's child support enforcement system. This new law will require states to use strong and proven techniques for collecting overdue child support payments. The service will be offered to families whether they need public assistance or not.

Dr. Roark said, "to be effective, the Child Support Program will require a close working partnership between the executive, legislative and judicial branches of state government. The purpose of this meeting was to familiarize state officials with the new federal amendments, and to discuss what needs to be done in Mississippi to comply."

VOT Employer Of The Week

Susan Melton, Mrs. Marlene Sartin & Chris Beard

The Vocational Business Education Department at the Prentiss County Vocational Technical School this week spotlights Mrs. Marlene Sartin and Wal-Mart, and their student-employees, Chris Beard and Susan Melton from Booneville High School and the Cooperative Vocational Office Training Program.

Mrs. Sartin is Assistant Manager at the Wal-Mart Store in Booneville. She graduated from Booneville High School. She is married to Billy Sartin, they have two children, Debbie and Brad, and they attend the Booneville Church of Christ. Chris is a junior at Booneville

High School and is the son of Mr. and Mrs. J.T. Beard. He is a member of the Church of Christ, the National Honor Society, the Drama Club, and the Prentiss County FBLA Chapter.

Susan is a senior at Booneville High School, and the daughter of Mr. and Mrs. Wayne Melton. She is a member of the Calvary Baptist Church.

She is active in the National Honor Society, Anchor Club, Math and Science Club, and was in the BHS Band for three years. She was named to Who's Who in Music, and is a member of the Prentiss County FBLA Chapter.

BHS Insights

By KIMI DROWN
BHS Journalism Student

The pretty side of BHS will be shown tonight, Thursday, Dec. 13, at the annual BHS Beauty Review, which will be held at the Seth Pounds Auditorium at 7.

A BJHS division and a BHS division will be presented, along with live entertainment from Daybreak and other special performances. Admission will be \$2.

The BHS Band's motto "Be Superior Every Day in Every Way" has paid off many times this year, including parade performances. The BHS Band, marching through a long Tupelo parade, came out with

first place! The band, along with eighth grade band members, also did a terrific job in the very chilly Booneville parade.

The Devils and Devilettes pushed to the semi-finals of the Baldwin tournament, improving with each spot. Friday, Dec. 15, Booneville will be playing Saltillo at home. Although good crowds attend the ballgames, the spirit just isn't there. Some people do cheer their hearts out. Why not join them and help bring more victories?

Be there 6:30 Friday night, beginning with the Devilettes in action and followed by the Devils.

'The Mississippi Brass' Visits Area Schools

The University of Mississippi's faculty brass quartet -- The Mississippi Brass -- will be visiting six Northeast Mississippi schools Dec. 13-14.

Members of the group are Dr. Andrew Fox, associate professor of music; graduate instructor Mark Butler; Keith Ellis, assistant director of the University Band; and Dr. Don Lewis, associate professor of music.

The Mississippi Brass will be

performing and giving master class clinics at Alcorn Central, Booneville, Corinth, Kossuth and Ripley high schools and Northeast Mississippi Junior College.

The group will be performing representative brass literature at each school, according to Dr. Lewis.

The Mississippi Brass tour is partially sponsored by the Mississippi Arts Commission.

NEMJC Accepting LPN Applicants

Applicants are now being accepted to the Practical Nursing Education Program at Northeast Junior College for the spring

semester, according to the office of admissions. Registration is Jan. 7 and 8, with classes set to begin Jan. 9.

The twelve-month course is designed to prepare a qualified student to become a licensed practical nurse. The program of study includes 600 hours of classroom work and 1200 hours of clinical experience.

Upon successful completion of the prescribed course of study, the student is awarded a certificate and is recommended for the State Board of Nursing licensure examination to become a licensed practical nurse.

For additional information, contact the Office of Admissions or Quitman Wigginton, assistant director of vocational technical education, by calling 728-7751.

Six From Prentiss MSU Grad Candidates

Six Prentiss County students, five from Booneville and one from Baldwin, are candidates for degrees from Mississippi State University at the conclusion of the fall semester.

They are Eddie Walden Caveness, Jonathon Harris Counce, Dale Anthony Grove, Rhonda Manley Horton and Michael Sedric Triplett, all of Booneville, and Timothy Wade DeVaughn of

Baldwyn.

Caveness and Triplett are majoring in business and industry, DeVaughn and Grove are education majors, Counce is studying engineering and Ms. Horton is an arts and sciences major.

All six are working to earn bachelors degrees, which will be awarded at May 17, 1985 commencement exercises

LEGAL NOTICE

SUBSTITUTE TRUSTEE'S SALE NOTICE

WHEREAS, on December 20, 1979, Charles Glenn Armstrong and Mary Ruth Armstrong executed and delivered a deed of trust to Thomas D. Keenum, Sr., as trustee, for the use and benefit of The Peoples Bank and Trust Company, Booneville, Mississippi, which deed of trust is recorded in Book 124, at page 238, records of Prentiss County, Mississippi, in the office of the Chancery Clerk of said county; and

WHEREAS, The Peoples Bank and Trust Company subsequently assigned said deed of trust to the Small Business Administration, an agency of the United States of America, by assignment dated December 11, 1981, with said assignment being recorded in the office of the Chancery Clerk of Prentiss County, Mississippi, in Book 148, at page 73; and

WHEREAS, under the terms of the said deed of trust, the holder of the indebtedness was authorized and empowered to nominate and appoint a successor trustee, and pursuant to the power and authority aforesaid, Small Business Administration, the current holder and owner, did nominate and appoint Dennis W. Voge, Tupelo, Mississippi, as trustee in the place and stead of Thomas D. Keenum, Sr., to execute the trust contained in the aforesaid trust instrument with each and every right and power vested in the trustee as named and the same without limitation, which said substitution of trustee instrument was dated October 22, 1984, and recorded in Substitution of Trustee Book 1, at page 14, of the real estate trust deed records in the office of the Chancery Clerk of Prentiss County, Mississippi; and

WHEREAS, default has been made in the indebtedness secured by said deed of trust which default continues, and the Small Business Administration, the legal holder of the note secured by said deed of trust, having requested the undersigned to sell the property described hereinafter for the purposes of satisfying the indebtedness and costs of sale.

NOW, THEREFORE, notice is hereby given that I, the undersigned substitute trustee, will on the 8th day of January, 1985, at the west front door of the Prentiss County Courthouse, Booneville, Mississippi, within the legal hours, offer for sale at public outcry, to the highest bidder for cash, the following described property in Prentiss County, Mississippi, to-wit:

The Northwest part of the Southeast Quarter of Section 19, Township 4, Range 9, bounded as follows: Beginning at the Northwest corner of said Quarter running East 120 rods; thence South 30 rods; thence Southwest to a point 40 rods South of the point of beginning on the West boundary of said Quarter; thence North 40 rods on the said West boundary line to the point of beginning. Containing 30 acres, more or less.

ALSO: The South part of the Northeast Quarter of Section 19, Township 4, Range 9, described as follows: Commencing at the Southeast corner running North 25 rods; thence West 45 rods; thence North 12 rods; thence West 28 rods; thence South 12 rods; thence West 87 rods to the West line of said Quarter section; thence South 35 rods to the Southwest corner of said Quarter; thence East with South boundary of said Quarter 160 rods, more or less, to point of beginning; EXCEPT: 7 acres, more or less, deeded to C.E. Woodruff and recorded in Deed Book 51, Page 483, and 2 acres sold to Arlie C. Woodruff and recorded in Deed Book 61, Page 404. Containing 27 acres, more or less.

The above premises are no part of the grantors homestead.

LESS AND EXCEPT: 1 acre, more or less, deeded to Harold W. Armstrong.

Such title will be conveyed as is vested in me as substitute trustee of the aforesaid.

THIS, the 21st day of November, 1984.

SANDWICHED -- Baldwin's Jim Palmer (33) somehow manages to get off a shot before two Booneville defenders, Rodney McVey (33) and Jim Caver (12), sandwich him in a defensive effort. Palmer and his Bearcat teammates got the best of the situation, however, as they downed the Devils 70-54 in the Baldwin Tournament. (Photo by Scott McKinney)

End Season 13-1

Bearcats Lose In AA Championship

BY GREG SHOOK
SPORTS WRITER

"The main problem was that Bassfield played an error-free game," said Coach Hubert Tucker after the Bassfield Yellow Jackets pounded Baldwin 38-0 Friday night in the State Class AA championship game at Madison-Ridgeland.

Tucker admitted that Baldwin made many mistakes to contribute to their loss. But he said this was compounded by an error-free Bassfield performance.

Yellow Jacket quarterback Jerry Myers threw two touchdown passes and ran for two more to give Bassfield the victory.

"We took a pretty good beating, as you can see," Coach Tucker said. "One of the main reasons is that we just played poorly against them. There is no two ways about it.

"You can't take anything away from our kids because they had a great season and I believe that Bassfield has the only perfect record in the state of Mississippi.

"The only way we could have beaten them was to have played an error free game and played way above our heads. And I don't think we could have done that, because Bassfield was ready to win that game before we even came out on the field."

Coach Tucker denied that

Baldwyn quarterback Greg Tucker's injury in the second quarter, sidelining him for the rest of the game, affected the outcome.

"We were down 7-0 when Greg got hurt, and I don't think that had any effect on the outcome of the game. But, of course, it hurts to lose one of your starters in the championship game.

"Even though we lost the game we feel good about our season and that is enough for us. And I want to congratulate Bassfield on their championship," Coach Tucker said.

According to Coach Tucker, Baldwin will be losing 10 seniors this year. "Six of those started for us this season and played excellent ball for us this season, and down through the years," he said.

"We will have about 12 to 14 starters coming back. What I mean by that is they started during the course of the year in some way," Tucker said.

"Right now we are going to rest. Then we are going to start our off-season program on Jan. 7. We played four extra weeks of football this season and I think you have to give your kids some rest--if not physically at least mentally. I don't think you can go 12 months a year with football," Tucker said.

The Baldwin Bearcats finished 13-1 for the season.

FROM THE COACH'S DESK

By COACH BILL WARD

The Northeast Men and Lady Tigers traveled to Northwest Junior College in Senatobia last Thursday night and played two good teams. Our Ladies lost their first game of the year 68-52.

This made our record 4-1. Our Men Tigers played a good game and won over the Rangers 78-76.

Monday, Dec. 3rd, our men and women won two games from East Mississippi. The ladies won 91-70, and the men won 76-44.

The game at Northwest and the East Mississippi game were conference games.

We played Northwest Alabama Junior College last Thursday night and came out with two victories, our Lady Tigers winning 100 to 64 and our men winning 83-69.

As of press time this makes our women 6-1 for the year and our men 7-2. Not bad going into the Christmas Holidays.

We still have two non-conference games on our schedule: Mary Holmes and Martin College, tonight. This will give both our teams a well deserved Christmas break.

They will report back for practice Jan. 6 to begin getting ready for two games that week, Jackson State away Jan 10, and Coahoma at Northeast, Sat. Jan. 12 at 1 p.m. instead of 6 p.m.

Put this on your calendar.

We are really making plans for our Holiday Tournament next week at Bonner Arnold Coliseum. We are expecting some large crowds. The teams that will be playing are all boys teams except on Saturday night when we

have added a girl's game -- Belmont and North Pontotoc.

If you remember both these girl's teams played for the State Championship last year in Jackson, Belmont winning.

At this point, Belmont is undefeated I know, and North Pontotoc I think has lost one game. Boy! This should be a good one.

Remember this game will be played Saturday night during the finals, Dec. 22.

Boys teams in the tournament are Baldwin, Thrasher, New Site, Jumpertown, Kossuth, Corinth, Alcorn Central, Ripley, Biggersville, Belmont, Tishomingo, Burnsville and Iuka.

This tournament has really grown from last year and our plans are to make it even bigger.

Remember tonight if you want to see a good high school game, come on up to Northeast and watch Alcorn Central and New Albany. Game time is 6:30 p.m.

I really hope you are enjoying my article each week. The only reason I do it is to try and keep you informed about what is going on at Northeast.

As you know our coliseum is really used and sometimes we fail to maybe keep you informed as well as we need to. But I really hope this will help. So here's the way it looks from now through Jan. 12.

Tonight, Dec. 13, Northeast men and women travel to Martin College. Dec. 13, Alcorn Central and New Albany play at Northeast. Dec. 18 through Dec. 22 Northeast Holiday Tournament. Jan. 8 through Jan. 12, Prentiss County Tournament. Jan. 10, Jackson State, away. Jan. 12, Coahoma at Northeast at 1 p.m.

Hope you and yours have a big Christmas!

New Site Blasts Smithville

The New Site Royals blasted Smithville Dec. 4, in Royalland. New Site started the night of winning by taking the girls game from Smithville 61-36.

The Lady Royals held the Smithville team to a total of 10 points in the first half, as the score showed 27-10. Leading the way for the Royals were Lane Smith with 16 points and Tammy Thorton with 13. For Smithville it was Sherlene Terry with 15 points and Lisa Terry with 13.

The New Site boys jumped out to an early lead against Smithville and took an 87-56 win.

Leading the winning way for the Royals was Ronald Clark with 18 points. Kip Loden and Scotty Moore followed Clark with 15 points each. For Smithville it was Todd Washington with 19 points and Alvin Dunlap with 16.

Cougars Put Bite On Cardinals

The Blue Mountain Cougars took a two game sweep from the Jumpertown Cardinals last Friday night.

In the opener the Lady Cougars took a 77-66 over the Cardinalettes. Blue Mountain was led by Charlotte Cook with 35 points and Annette Cook with 18. Cassie Davis connected for 17 points to lead the Cardinalettes. The half time score showed Blue Mountain ahead 34-29.

In the finale the Cougars took a 64-42 win over the Cardinals. Leading the Cougars were Phillip Hearn with 38 points, and Joe Carroll with 10 points. For the Cardinals it was Craig Lauderdale with 18 points.

Devils & Devilettes Both Fall In Baldwyn Tournament Of Champions

By SCOTT MCKINNEY
Sports Writer

Both the Booneville Blue Devils and Lady Devils bowed out of the Baldwyn Tourney of Champions in the semi-final round last week after winning first round games.

Coach Lee Stewart's Devils suffered a 70-54 setback at the hands of host Baldwyn last Saturday afternoon, while the Devilettes fell to the Lady Bearcats 61-28.

Tim Jumper, a former Booneville Blue Devil, burned the nets for 29 points against his former team.

John Price added 18 and Jim Palmer chipped in with 11.

Clay Johnson, hampered by an injury from a first round game, was limited to only 15 points. Jim Caver and Rodney McVey added 14 each for Booneville.

The powerful Lady Bearcats built an early lead against Coach Carlos Smith's Devilettes and held onto it with no difficulty. Baldwyn led 46-5 at the half and coasted to easy victory.

Teena Bender pumped in 18 to lead the Lady Cats, as Linda Brooklin added 13 and Shannon Stone, 10.

Jenny Weatherford scored 14 to pace the Lady Devils. Susan Downs added 7.

Both Booneville teams advanced into the semi-finals by downing the Saltillo Tigers. The Devils beat the Tigers 58-50, while the Lady Devils downed the Lady Tigers 37-30.

Booneville jumped out to an early lead and led by 16 after one period of play.

But Saltillo refused to surrender and kept constant pressure on the Devils. Johnson scored 25 points to pace Booneville as McVey added 18. Jeff Johnson earned game high honors with 28 points for Saltillo.

After leading 16-7 at the intermission, the Lady Devils maintained their lead and earned their second victory of the year, avenging an earlier loss at the hands of the Lady Tigers.

Weatherford led the Devilettes with 13 and Downs added 10. Lisa Newby paced the Tigerettes with 16 points.

After splitting two games in the tournament, the Devils have a 4-6 record and the Lady Devils are at 2-9. Both teams will be in action tomorrow night at home against Saltillo and Saturday night when they travel to Kossuth.

Beat Bearcats In Finals

Wheeler Takes Baldwyn Tournament

BY GREG SHOOK
SPORTS WRITER

In their lowest scoring game of the season, the Wheeler War Eagles made it 18-0 last Saturday night as they blasted Baldwyn 54-36 to take the Baldwyn Tournament of Champions.

The Lady Bearcats took the ladies' division with a 51-40 win over the Shannon Lady Red Radiers.

The Eagles had played earlier in the afternoon against Hickory Flat with Wheeler taking an easy victory, 73-52. The Bearcats had also played earlier against the Booneville Blue Devils. Baldwyn prevailed in that game 70-54.

Leading the War Eagles in their game with Hickory Flat was Tony Tate with 22 points and Clay Richey with 20.

Point leaders for Hickory Flat were Robert Mullins with 21 and Tony Beard with 16.

Wheeler-led by 11 at the half, 34-23.

In the Bearcats' game with the Blue Devils Tim Jumper led the way with 29 points. John Price added 20 in the victory.

For Booneville it was Clay Johnson with 17, Jim Caver with 14 and Rodney McVey with 12.

Baldwyn took a 36-24 advantage at the half.

The War Eagles and the Bearcats were an almost perfect match in the championship game. Each player was matched to his counterpart with almost the same height and weight. One of the best match-ups came from Todd Swinney (Wheeler) and Tim Jumper (Baldwyn) under the goal. The match-up turned best for the War Eagles as Swinney allowed Jumper only four points. However sub Anthony Gamble allowed Jumper six more to give him a total of 10 for the evening.

War Eagles guard Willie "Goose" Miller, said, "We had a better running team than they did. We also have a lot better outside shooting than they do."

"I guess that is the reason for our success this season," Miller said. "We have an all-around good ball club. We can shoot, run and work the boards better than any team around here."

"The Eagles have already proven to the entire county, with the exception of Booneville, that they are

the team to beat. They have defeated every team in the county except Booneville-Booneville and Wheeler have yet to play this season," Miller said.

The War Eagles already had the Bearcats in their talons at the half, but only by a narrow 26-20 margin. But, in the second half they started the run and gun attack, which only lasted for a quick few minutes before a couple of turnovers and a few quick points pulled the Bearcats closer to within six points.

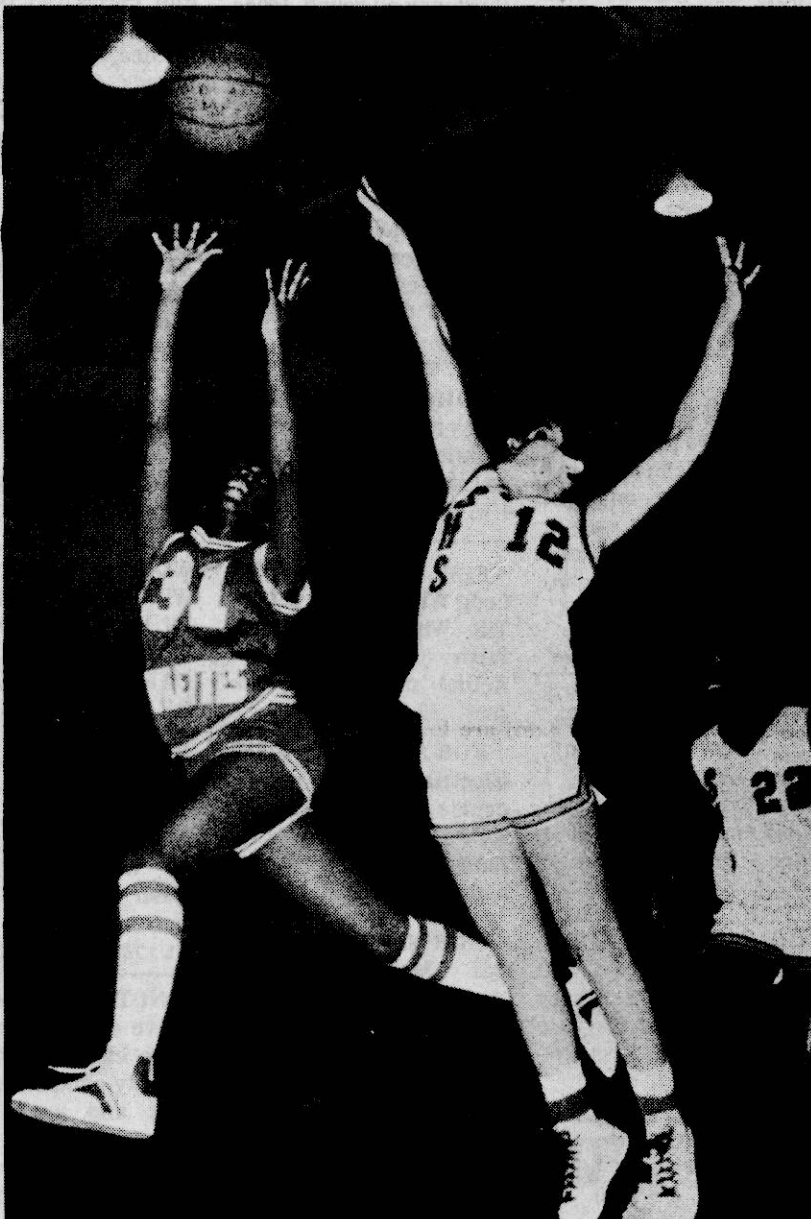

But Wheeler again pulled ahead and never looked back as they controlled the rest of the game and ended up taking the win.

Leading the War Eagles were Mike Chandler with 14 points and Miller with 10. Bearcat point leaders were John Price with 12 points and Tim Jumper with 10.

Wheeler is ranked number one in the Little-Five Schools and number 19 in the overall state rankings. The Baldwyn tournament win is expected to push them up another notch in the rankings.

In the Baldwyn - Shannon championship game Teena Bender led the Lady Bearcats with 24 points. Bender was followed by Linda Bookins with 11 and Odessa Bookins with 10.

Sue Hook led the Lady Red Raiders with 11 points.

JUMPIN' FOR JOY - Booneville High Lady Devil Janice Williams (31) puts up a shot for two against an unidentified Saltillo Lady Tiger in the Lady Devils' recent game against Saltillo in the Baldwyn Tournament. Williams and the rest of the Devilettes were jumping for joy as the Devilettes downed the Lady Tigers 37-30 in the contest. (Photo by Scott McKinney)

New Site Wins Tish Tourney

The New Site Royals took a big 74-54 win over the Iuka Chieftains to take top honors in the Tishomingo Tournament last week.

New Site advanced into the finals by taking a impressive 81-66 win over the Belmont Cardinals in the opening round of the tournament.

New Site was paced that night by Ronald Clark with 29 points and Kip Loden and Neal Moss with 15 points each.

The New Site girls were eliminated in the first round by unbeaten Belmont in a 48-43 heartbreaker. This gave the Lady Royals their second loss of the season, both coming at the hands of Belmont.

In the boys' championship on Saturday the New Site Royals took a commanding early lead as Coach Randle Downs and company had planned

FOR \$4.95 AND A TOY, YOU GET CABLE AND SHE GETS CHRISTMAS.

Who can bear the thought of a needy child without a new toy on Christmas Day?

We can't and that's why Heritage Cablevision is joining the U.S. Marine Corps Reserve or a local charitable organization in their Toys for Tots drive.

When you give us a toy, we will install cablevision or any of our custom channels for just \$4.95 (value up to \$25). For your home or as a Christmas gift certificate for someone else.

Heritage Cablevision has been designated an official Toys for Tots collection center, so just bring us a toy and we'll take care of the rest.

And, as you enjoy your new cable service, we know the warm feeling won't come just from what you're watching.

CALL 728-8111

This offer not valid in combination with any other offer. Heritage Cablevision serviceable areas only. Offer expires December 14, 1984.

LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE WHEREAS, on the 22nd day of April 1977 Willie D. Jumper and Ruby Jumper executed a deed of trust to Donald Franka, Trustee, to secure an indebtedness to Bank of Mississippi, beneficiary, which deed of trust is recorded in the office of the Chancery Clerk of Prentiss County, Mississippi, in Trust Deed Book 111, page 459.

WHEREAS, default has been made in the payment of said indebtedness and the beneficiary has requested the Trustee to foreclose according to law.

NOW, THEREFORE, notice is hereby given that I will on the 4th day of January, 1985, between the hours of 11 A.M. and 4 P.M. o'clock, at the West door of the Court House in the City of Booneville, Prentiss County, Mississippi, sell at public outcry to the highest bidder for cash the land conveyed by said deed of trust and described therein as being in Prentiss County, Mississippi, to-wit:

Part of the Southwest Quarter of Section 10, Township 5, Range 7 East, bounded as follows: Beginning at a point 48 rods East and 10 1/2 rods South of the Northwest Corner of said Quarter and run South 153 feet; thence West 49 1/2 feet; thence North 153 feet; thence East 49 1/2 feet to the point of beginning, being known as the Otis Jumper or Allen Lot.

Said land is situated, lying and being in the Southwest Quarter of Section 10, Township 5, Range 7 East, Prentiss County, Mississippi, and is the homestead of grantors.

I will convey only such title as is vested in me as Trustee. This the 13th day of December 1984.

COMMUNITY FUND CONTRIBUTION - Management and employees at Southern Diversified in Baldwin have pledged 15 percent of the Community Fund's overall budget. Some 93 percent of the employees participated and 40 percent of those who gave were fair-share givers. The company also plans to contribute additional funds collected from the sale of discarded beverage cans. Pictured are (l-r) James H. Leeper, personnel manager; Ronald J. Phillon, general manager; and Sam Milton, president of the Prentiss County Community Fund.

PISGAH ROYALTY - Pisgah Headstart Halloween King and Queen winners were Erica Bush and Justin Perrigo, and Jennifer Cummings and Jeremy Taylor. The staff at Pisgah Headstart said all donations to the carnival were greatly appreciated.

TIGER CUBS - Tiger Cubs met at the Baptist Memorial Hospital recently to donate toys for needy children at Christmas. The cubs' motto is "search, discovery and share." Pictured are (front row, l-r) Wesley Rinehart, Lin Floyd, Shawn Stephens; (middle row, l-r) John Storey, Ben Stewart, John Curlee, Michael McCreary; (back row, l-r) Malone Hurt, Anthony Loveless, John Saylor, and Jason Lambert.

Ole Miss Degree Candidates

Seven students from Prentiss County are among 519 candidates for degrees for the fall semester at Ole Miss.

Four from Booneville, Martha Lurlene Weatherford, Tina Jeanette Hoard, Melisa Carol Whitley and Donna Carol Fowler, are among the candidates.

Mrs. Weatherford is working for a doctor of education degree. Ms. Whitley and Ms. Fowler are both candidates for bachelor of arts

degrees in education. Ms. Hoard is a candidate for a bachelor of science degree in geology.

Eddie May Spencer and Charlie Austin Magers, both of Baldwin, are also degree candidates. Spencer is a candidate for master of education and Magers for bachelor of music.

Teresa Lodene Holloway, Marietta, is a candidate for a bachelor of science degree.

Mothball Poisoning A Special Home Hazard

Unpacking woolen blankets and clothing stored with mothballs is one of the usual household chores for this time of year. This annual activity can be a special hazard to children in the home, because mothballs can poison. The fact that mothballs resemble candy poses a

special danger to young children.

The Mississippi State Medical Association advises that most mothballs and crystals contain naphthalene, a white powder that's poisonous if swallowed. Even small amounts of mothball swallowed by

a young child may cause intestinal and neurological symptoms.

When you unpack winter clothing stored in mothballs, remember to carefully shake all the balls into a container. Remember also that inhaling naphthalene vapors can cause nausea, vomiting and

drowsiness and some people also have skin reactions.

If a child swallows a mothball, or becomes ill after exposure, you should immediately call a poison control center, physician, or the emergency room of a hospital.

Northeast Tigers And Lady Tigers Continue Roll

By SCOTT MCKINNEY
Sports Writer

The Northeast Junior College Tigers and Lady Tigers both rolled to easy victories over two opponents last week in junior college round-ball action.

Coach Richard Mathis' Tigers improved their record to 8-2 overall and 3-0 in the division with an 85-75 victory over Mary Holmes College last week.

Calvin "Mr. Everything" Fields paced the Tigers with 24 points. Fields was aided by Roosevelt Combs who contributed 18, Derrick Pollard with 11, and Perry Perrin with 10.

Ronald Edwards led Mary Holmes with 22 and Eugene Holmes

added 21.

The Lady Tigers, under the direction of Coach Rickey Ford, improved their record to 9-1 and 2-1 in the North Division with an 89-58 win over the Lady Eagles of Mary Holmes.

Kunshinge Sorrell paced the Tigerettes with 20 points as Theresa Brownlee added 14 and Secyme Lyon, 12.

Linda Davis and Annete Keys led the Lady Eagles with 15 points each.

Both the Tigers and Lady Tigers gained victories last week over the Northwest Alabama Generals at Bonner Arnold Coliseum.

The Tigers downed the Alabamians 83-69. The Tigerettes

coasted to a 100-64 win.

Fields again led the way for Northeast as he pumped in 26 points. Pollard added 14, Rickey Burress, 12, and Ron Elam, 10. Robert Terrell paced the Generals with 16 points.

The Lady Tigers placed six players in double digits enroute to an easy 36-point victory. Sorrell again led the way with 25, Robbie Rogers added 13, and Trina Bullock, Lyon, Jackie Perry and Ara Gardner all added 10 each.

Melissa Norredd scored 17 to lead the Lady Generals.

Both the Tigers and the Lady Tigers will be in action tonight as they face Northwest Alabama in a non-division game.

The Banner Prognosticators' Bowl Is Now Underway

The second annual Banner-Independent Prognosticator's Bowl is underway, and all of the 1984 fall prognosticator's are involved in the contest.

Prognosticators Manfred Saylor, Bill Ward, Leighton Miller

and Doug Jumper are the featured pickers, along with sports personality Pigskin Pete. Jumper won the regular season race over the defending champion Saylor.

There are 15 college bowl games and each picker has listed his pick

and the margin of victory. Saylor won last year's race over Jumper by one game. The winner and results of each game will appear in the Jan. 3 issue of The Banner-Independent.

My Bowl Prognostication Picks And A Few Other Comments

By PIGSKIN PETE
Sports Columnist

EDITOR'S NOTE: The following letter from sports personality Pigskin Pete was received by The Banner-Independent last week and we thought we would pass it along to our readers. Pete sent the letter along with his picks for the annual bowl contest.

Dear Banner Bunch and everyone in Booneville,

Well, it's been a couple of weeks since I have talked to anyone in Booneville, so I felt like this would be a good opportunity to send my regards.

I have enclosed my picks for the paper's bowl prognosticator's contest and I just know that all my picks are sure winners. (Haven't they always been?)

I hated to hear that the Baldwin Bearcats lost in their state final contest to Bassfield. But, Coach Hubert Tucker and his squad don't have anything to be ashamed of. I thought they represented Prentiss County extremely well throughout the year. I know everyone in Baldwin, Booneville and the county feels the same as I do, and I congratulate Coach Tucker and his team for their effort.

I understand that the basketball in the area is in full swing (like me in these trees down here) and the action is getting hot and heavy. Someone had told me earlier that Coach Sam Richey's Wheeler Eagles were the team to beat in the area. But, I have a feeling that the rest of the Prentiss County teams will have something to say about that fact.

I never was into basketball much. I guess it was just that I didn't have enough coordination to dribble and control a round object. My wife Broomhilda says that I just don't have coordination!

By the way, Broomhilda said to tell everyone "Hi" and wish you all a pleasant holiday. This will be our first Christmas as parents since little Gorkey was born last fall. I never knew there were so many things that kids could want from Santa.

Speaking of Santa, I visited the ol' chap last week and he and his helpers are in high gear in preparation for Christmas. And, to all the young at heart, Santa personally told me that all the kiddies in this area have been exceptionally good this year, and he plans to leave all kinds of goodies for everyone. (No, Leighton, Manfred, Doug and Coach Ward. He didn't say anything

about you guys!

It's time for me to move along now. I've enjoyed all the great times I had in Booneville while at The Banner and I look for greater times in the future.

Again, thanks to Ken, Ed and the rest of The Banner staff for such a wonderful visit. And, thanks to everyone in Booneville, Prentiss County and North Mississippi for all that you've done. A Merry Christmas and a Happy New Year to all!

Sincerely,
Pigskin Pete

Northeast Holiday Tourney Brackets

Northeast Mississippi Junior College announced Monday the brackets for the Holiday Tournament, which will be held Dec. 17-22 in Bonner Arnold Coliseum.

Monday night, Dec. 17, at 6:30 p.m. Burnsville will face Corinth in the opener. Then at 8 p.m. Alcorn Central will take on the Ripley Tigers.

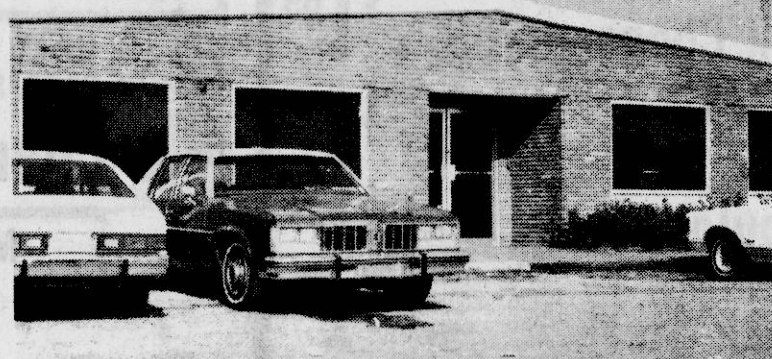

In Tuesday night's action the first game will pit the Thrasher Rebels against the Kossuth Aggies at 6:30 p.m. Jumpertown will play Tishomingo at 8 p.m.

On Wednesday night Baldwin will face the winner of the Jumpertown - Tishomingo game at 6:30 p.m. and New Site will face the Burnsville - Corinth winner at 8 p.m.

Biggersville faces the Alcorn Central - Ripley winner on Thursday at 6:30 p.m., while at 8:00 p.m. Belmont will face the Thrasher - Kossuth winner.

The semi-finals will be played on Friday night starting at 6:30 p.m., with the finals Saturday night at 8:30 p.m.

A Girls' game will also be played on Saturday night between the two top girls team in North Mississippi, Belmont and North Pontotoc. That game gets under way at 7:15 p.m.

By LADY BLUE SURF

Spunkin spent Tuesday through Saturday in Baptist Memorial Hospital. Lady Edd is doing fine after surgery. We hope everyone is soon feeling better.

Our Christmas social was held Saturday night, Dec. 8, at the West Side Community Center. The Timber Hills Group and their leaders were special guests.

Also present were Mr. and Mrs. Red Rasberry and Lois from the Rehab Center in Tupelo, Mr. and Mrs. Jimmy Pharr, Mr. and Mrs. C.T. Moore, Mr. and Mrs. H.B. Lindsey and family, and Mr. and Mrs. Lex Crowson.

The Country Rhythms Band entertained after supper. It was good to see Kingfish and Lady Kingfish, Mississippi Shorty and Mrs. Songster.

Mama Clutch, Jacky Wren and Mark McCoy also helped entertain. The door prizes were won by Butterbean Lady and Thomas Edge from Timber Hills. The quilt was won by Lady Sparrowhawk.

Blue Surf would like to thank everyone for helping decorate, cook and for being present and also Santa Claus.

Santa Claus presented all the kids from Timber Hills and the other children present with a bag of candy. Even White Girl, Lady Termite, Lady Birdhunter and Lady Buffalo got to set on Santa's knee.

Happy birthday to Money Lady on Dec. 13, Magnolia Queen and Five Cent on Dec. 15.

An officer's meeting will be held Thursday, Dec. 13, at 6:30 p.m. at East Side Center on Mimosa Street. All officers are urged to be present.

Our business meeting will be Monday night, Dec. 17. Each lady is asked to bring a woman's gift and men are asked to bring a men's gift. Children should bring a child's gift. The gifts should be under the \$5 limit. All members are asked to be present.

Library **Notes**

By LEE DAVIS
Librarian
George E. Allen Library

Much has been written about the importance of making the time parents and children spend together a real exchange of hearts and minds that gives understanding and growth to all involved.

Enriching moments together form a wonderfully satisfying relationship for a lifetime. Smart Times: A Parent's Guide to Quality Time with Preschoolers, by Kent Burt, endeavors to furnish concrete plans for improving this sharing time.

It includes areas of art, music, fantasy, listening, talking, physical exercise, spiritual development, fine motor skills, and beginning academics. Even disks for the home computer are discussed.

Each chapter begins with a brief overview of a category of play, gives a dozen or so specific activities, and the boost they may give to a child's development. Some take only five minutes and some are for more extended plans. Some are for special occasions and others for the unexpected moment. It aims at helping the child and also the parents.

A new Christmas book for the small child is Christmas by Jan Pienkowski.

Printed in large type, the story is told in the wording of the King James Version of the Bible and each page is illustrated with silhouetting and ornamental gilding that produce a colorful and impressive book.

Ole Miss **Teacher** **Trainees**

Four University of Mississippi students from Booneville are presently working as student teachers in the final phase of their teacher education at Ole Miss.

They are Donna Fowler, Melisa Whitley, Glen Cunningham and Janet McGregor.

Ms. Whitley and Ms. McGregor are both assigned to Tupelo High School. Ms. Whitley teaches a mathematics class and Ms. McGregor is teaching an English Class.

Ms. Fowler is teaching a kindergarten class at Mattie Thompson Elementary School in New Albany.

Cunningham has been assigned to South Panola High School where he teaches a social studies class.

NEMJC And Ole Miss Stress Coordination For Smooth Student Transitions

Making the student's transition from their junior college to a senior institution as smooth as possible has always been the objective of

BLACKLAND SENIOR CITIZEN'S DAY - The Blackland 4-H Club held a senior citizen's day Sept. 29, at the Blackland Community Center. There were 13 senior citizens present. Pictured are (first row, l-r) Bessie Eaton, Jeanie Robinson, Pauline Geno, Edna Mayo, Eva Garner, Roma Nell Rowland, Bernice McKinney; (second row, l-r) Willie Pearl Vanvedor, Grady Robinson, Gladys Saylors, Virginia Hill, Pauline Jones, and Cecil Koon.

Northeast Junior College counselors, faculty and administration through articulation conferences like the one recently conducted with University of Mississippi representatives, according to NEMJC President Harold T. White. University parallel instructors, deans, counselors and administrators from UM met on NEMJC's campus to discuss transfer of credits, salaries and job opportunities for graduates, advancement and admission to professional schools. J. Connie Drown, Northeast's director of counseling, said the conferences are an integral part of preparing a student for the remaining years of his or her higher educational experience. "We get together on a regular basis with the senior institutions where the majority of our graduates will continue their

educations," Drown said. "We meet with Mississippi University for Women, Mississippi State University and University of North Alabama as well as UM, trying to equate our parallel courses. If there are problems, we come to an agreement on transfer so that students may be able to use all these credits accumulated at Northeast." Attending the conference were UM representatives from such fields as accountancy, business, engineering, liberal arts, natural and biological sciences, pharmacy, pre-medical careers and the social sciences. "I think that it's efforts like this, on the part of both schools, that help back up research showing that Northeast students do as well or better in senior institutions than students beginning at these schools," Drown said.

NEMJC, UM TOUCH BASES - Administrators, counselors, deans and instructors from Northeast Junior College and the University of Mississippi recently met on the NEMJC campus for an articulation conference. Some of those attending, pictured above from left, are NEMJC Director of Counseling J. Connie Drown, UM Junior College Liaison Jack Adams, NEMJC President Harold T. White, UM Dean of Pharmacy Wallace Guess and NEMJC Dean Joe Childers.

DONATIONS FOR THE CHRISTMAS PARADE - Jesse Campbell, owner of Otasco, and Lil Gaines, owner of The Villager, present the Intercivic Council with checks for donations collected from local merchants to finance this year's Christmas Parade. Campbell (left), representing Highway 45 merchants, presents his check to Parade Marshall Nelwyn Murphy, while Mrs. Gaines (right), representing downtown merchants, presents a check to Mrs. Eudora Kemp. Donations from merchants exceeded \$800 this year, according to Mrs. Murphy. (Photo by Suzann Sims)

Special Recipes Suggested For Diabetic Meals

By ANGELA SMITH
Staff Reporter

Proper diet planning is very important in the control of diabetes, according to Nell Blalock, hospital dietitian at Baptist Memorial Hospital in Booneville.

"In preparing the diabetes diet, meats should be baked, boiled, roasted or broiled - indoors or on outdoor an grill. Do not fry foods unless fat allowed in meal is used," she said.

"You can select your diet from the same foods purchased for the rest of the family -- milk, vegetables, bread, meats, fats and fruit -- fresh, frozen, dried or canned without sugar."

Mrs. Blalock said that diabetics should eat their meals about the same time every day.

"It is important to eat only the

amount given on your diet plan and remember - do not skip meals," she said.

The following recipes prepared by Mrs. Blalock are ones especially for those on a diabetes diet. These recipes might be useful for the upcoming holiday season, she said.

Onion Soup Pot Roast
3 to 5 lb. roast (such as chuck, thick round steak, round bone roast, etc.)
1 pkg. dried onion soup mix
1 - 6 oz. can mushrooms
Put roast in heavy aluminum foil. Sprinkle dried onion soup mix on top. Add mushrooms and liquid from can plus 1/2 can of water. Close tightly in foil, place in 350 degree oven and cook 3 1/2 - 4 hours.
Exchange: 2 oz. portion equals 2 meat exchanges; 3 oz. portion equals 3 meat exchanges.

Tart Baked Pork Chops
6 thick pork steaks (about 5-ozs. each or 3 to a lb.)
6 thin slices lemon
6 thin slices green pepper
6 slices onion
salt
pepper
2 cups canned tomatoes
Place chops in baking dish or pan, topping each pork chop with slices of lemon, onion, green pepper and a whole canned tomato. Cover pork chop with juice from canned tomatoes and add salt and pepper to taste.
Bake in a covered dish for 2 hours at 300 degrees F.
(This is an especially good dish to leave in the oven to bake while the homemaker is away from home. If a longer baking period is desired, the temperature may be reduced to 275 degrees F. and the time

lengthened to 2 1/2 to 3 hours).
Makes 6 servings.
Exchange: 1 pork chop equals 3 meat exchanges.

Cranberry Relish
1 cup cranberries
1/2 medium orange (remove seed but use rind)
Artificial sweetener to taste
Grind cranberries, and orange rind together. Let stand several hours. Add artificial sweetener. 1/4 cup may be used without substituting an exchange in your diet.

Curried Broiled Peach Half
2 unsweetened peach halves (cut side up)
Sprinkle with curry powder. Add a few drops of butter flavoring. Broil until hot (10-15 minutes).
Exchange: 2 peach halves equal 1 fruit exchange.

Creole Sauce
1/2 cup chopped green pepper
3/4 cup celery, sliced thin
1 medium onion, chopped
1 can (3 or 4 ozs.) sliced mushrooms
1 can tomatoes (2 cups)
1 tsp. salt
1/4 tsp. pepper
Artificial sweetener to equal 2 tablespoons sugar
Combine all ingredients and simmer 30-35 minutes, remove from heat and serve over rice, chicken, fish or vegetables. Makes 2 1/2 cups.
Exchange: 1/4 cup may be used without counting in your diet.

Zero Salad Dressing
1/2 cup tomato juice
salt and pepper to taste
2 tablespoons lemon juice
1 tablespoon onion, finely chopped
Chopped parsley or green pepper,

horseradish, or mustard may be added if desired.
Combine ingredients in jar with a tightly fitted top. Shake well before using. Artificial sweetener may be added if you want a sweeter dressing.
Exchange: May be used without counting in your diet. (A bud of garlic may be left in dressing overnight for a more highly seasoned dressing).

Potato Salad
1/2 cup cooked potatoes, diced
1 tsp. mayonnaise
1 hard cooked egg
Salt, pepper, chopped onion, celery, parsley, green pepper, as desired.
Combine ingredients and serve.
1 serving equals 1 bread exchange and 1 meat exchange and 1 fat exchange.

Today beaver are plentiful in Mississippi, primarily on the large river systems in the northern half of the state.
Many landowners seek to eliminate beaver on their land by using various methods, many of which have been unsuccessful. Some research efforts have been directed toward the development of reproductive inhibiture and practical poisoning techniques for them.
The most prudent approach to animal damage control problems is annual harvest, particularly where such harvests can be made at no public expense. Considering the recreational aspects of trapping, the income potential, and the edible meat, the beaver is an animal that lends itself to population control through trapper harvest.
This approach promotes the use

Possible Solutions To Beaver Infestation Problem Offered

of nuisance populations as a renewable resource, rather than wastefully controlling them as pests.
Trapping as an effective means of reducing beaver population has been demonstrated time and time again throughout the history and range of the beaver.
Although opinions vary among trapping regarding the best trap to use, those who have tried them tend to agree that the 330 Conibear is the best trap available for southern beaver. This trap usually kills instantly and is almost 100 percent effective in preventing escapes. Conibear traps are highly adaptable for water sets in both shallow and deep water, either partially above or beneath the surface.
Since drowning sets are unnecessary with the Conibear, a trapline can usually be set quickly and will require fewer traps. Anyone seriously considering beaver trapping should have hip boots or waders, a pair of setting tongs, a small hatchet or axe, some rolls of wire, and wire cutters. With this equipment, a trapping license, written permission from the landowner, now you are ready to go to the field.
Beaver generally swim from one area to another on the surface, so the trap should be positioned with the top of the trap two or three inches above the surface, the trigger mechanism beneath the water, and the prongs sticking upward. The traps should be wired to a secure stake, and placed in streams that are subject to high run-off, a piece of wire should be run from the trap ring to a substantial tie on either bank, preferably down stream.
This arrangement will prevent the loss of traps during high water and occasionally may prevent the loss of a trap and beaver to wild dogs.
For more information on beaver control contact the Soil Conservation Service at 107 College St., or phone 728-3544.

Community Fund Goes \$12,000 Over Goal

Parade Marshall Nelwyn Murphy said she felt Booneville's 1984 Christmas Parade, held Monday night, Dec. 3, was a complete success.
The parade, with the theme "Christmas On Boone Hill," followed a new route that, for the first time, included Highway 45 and featured 30 floats, three Booneville school bands, the newly formed Prentiss County School Band and bands from Belmont and Northeast Junior College, as well as various

walking units and Santa Claus.
Claire Lamb, Booneville's 1984 Christmas Queen, led the parade riding in a sports car, followed by a float carrying the Christmas Court, Monica Canup and Cammie Sweeney.
Float Winners were as follows:
Church Division: 1st Place - Baldwyn First Methodist Church; 2nd Place - Wheeler Baptist Church; 3rd Place - United Pentacostal Church.

In laying out last week's paper, two stories on the front page were jumbled, making them unreadable. Both stories are reprinted here in their correct format.

Youth Division: 1st Place - Prentiss County Child Development; 2nd Place - Booneville Head Start; 3rd Place - Girl Scout Troop 100.
Schools Division: 1st Place - Booneville High School Art Dept.; 2nd Place - Martin Hill Christian Academy; 3rd Place - Wheeler

Cheerleaders.
Civic Division: 1st Place - Booneville Pilot Club; 2nd Place B&PW Club; 3rd Place - Booneville Shrine Club.
Commercial Division: 1st Place - The Peoples Bank; 2nd Place - First Bank; 3rd Place - Aletha Lodge Nursing Home.

Window Divison: 1st Place - Stone's Jewelry; 2nd Place - Goddard's Jewelry; 3rd Place - Dickerson's Furniture; Honorable mention - Men's Quarters, The Clothes Rack, Shirts 'n' Stuff and The Grapevine.
Receiving trophies in the Band Division were the Booneville School Bands, Prentiss County School Band and Belmont High School Band.
"I want to thank everyone who participated in the parade, making

it one of the greatest we've ever had," Mrs. Murphy said.
"The attendance was just tremendous," she said. "It was amazing to me how many attended. Downtown, there was hardly any walking room. It was just lined up on Highway 45, and on Old Highway 45 (North College Street).
"We just had great participation all the way around. It was a big Christmas parade and I want to thank everyone who had a part in it," Mrs. Murphy said.

Christmas Parade Float, Window Winners

According to Mayor Charles Crabb, the 35th Annual Goodfellows Program, which was held Saturday night, Dec. 1, at the Westside Community Center, was a complete success.
"We had approximately \$4,200 pledged," Crabb said. The 1984 goal was \$4,000, up \$500 from last year. So the program exceeded its goal by approximately \$200, he said.
Crabb said he wanted to remind everyone who pledged a donation Saturday night to be sure to fulfill that pledge as soon as possible.

"Last year, we had some that did not ever turn their pledges in and that makes it rough when we get ready to buy our Christmas baskets and get them paid for," he said.
He said those who pledged can drop off their donations at the Booneville City Hall, or at any of the three banks.
"All they have to do is make a deposit in the Prentiss County Goodfellows Fund account at any of the banks. And they should write their name on the deposit slip so we can give them credit on our books,"

Crabb said.
"We really had a good turnout," Crabb said of the fund raising program, which was also broadcast on radio station WBIP.
The purpose of the program was to raise money to provide Christmas baskets for needy families in Prentiss County. Approximately 400 baskets of fruits, nuts, candy and other items will be given to needy families this year, Crabb said.
He said prospective recipients will be screened by Lana Tapp of

the Community Action Agency.
"I'd like to thank everyone who participated, or had any part in the program," Crabb said. "I especially want to thank The Banner-Independent for the publicity they gave us, WBIP and "Piggy" Bonds, Bro. Larry Hill and the civic clubs that helped in receiving the pledges.
"I also want to recognize the young ladies who assisted in getting the pledges, Karren Cole, Lori

Burcham and Holly Bonds," he said. "They brought the pledges from back where the ladies received the calls up to the front and gave them to us.
"They worked their...They worked all night long. They were our gofers," Crabb said.
"We had a good turnout, and we appreciate every contribution that was made. And we're just hoping that we can help all those who are in need with a basket," he said.
Crabb said, despite the fact that Blue Bell is presently closed, ad-

ding to the number of families in need, "the employees made a pretty doggone good contribution. "I thought it was great. They gave us \$800," he said.
"Also, the employees at H&W Industries gave \$150. And Prentiss Manufacturing Co. gave \$500.
"These are just three of our industries that made a pretty good contribution. And industry plays a great part in meeting the community needs, in addition to fulfilling economic needs," Crabb said.

THOUGHT FOR THE WEEK:

That Star Still Shines

By Charles L. Potts

"The people who walked in darkness have seen a great light . . ." Isa. 9:2. "When they saw the star, they rejoiced with exceeding great joy." Mat. 2:10.

We live in a world of darkness. There are wars and rumors of wars, hunger and unemployment, brokenness and despair. All of these signs of our time exist in the personal as well as the corporate level. It is precisely in the midst of the darkness of our night . . . that we see the star shining on the far horizon against the backdrop of any modern American community.

It is reassuring that even in a world like ours where there is so much darkness and despair . . . that His star still shines! It shines through all the clouds and darkness. We see its light again this Christmas and rejoice " . . . with great joy." We are moved to burst forth with singing,

Yet in Thy dark street shineth
The everlasting light;
The hopes and fears of all the years
Are met in Thee Tonight.

The theme of Hope is foremost in our minds. In the midst of storms and winds . . . there is always a flickering flame of hope which keeps burning in spite of it all. This Hope refuses to

die as it springs eternal in the human heart.

In the midst of our loneliness . . . that star still shines. There are many times when we feel totally alone and wonder at the meaning of such aloneness. There are battles to be fought alone . . . decisions . . . alone. The major crises of life are associated with a sense of loneliness. Yet through it all . . . the star reminds us of God who comes to visit us and share our loneliness.

In the midst of our selfishness . . . that eternal message of Christmas is clear. It shines against our attempts to make the self into a god . . . against our attempts to find meaning in objects that have no eternal meaning. The star leads us to ask questions about the meaning of our human existence. Also the star points to Him who is able to satisfy the deepest hungers of the human heart.

We could add to the list . . . and the star still seeks to shine over our hatreds and hostilities; over our sin and rebellion; over our gloom and depression. It is the joy of His birth, the joy of the shepherds, the joy of the angels, the joy of the Wise Men, the joy of every person . . . the joy of knowing that even in the darkest night . . . when there are no other stars . . . that His star still shines. Let us follow its light to that manger once again in Christmas '84 . . . to bow and worship Him.
